

modulation by virus of host morphology or physiology

modulation by virus of host morphology or physiology

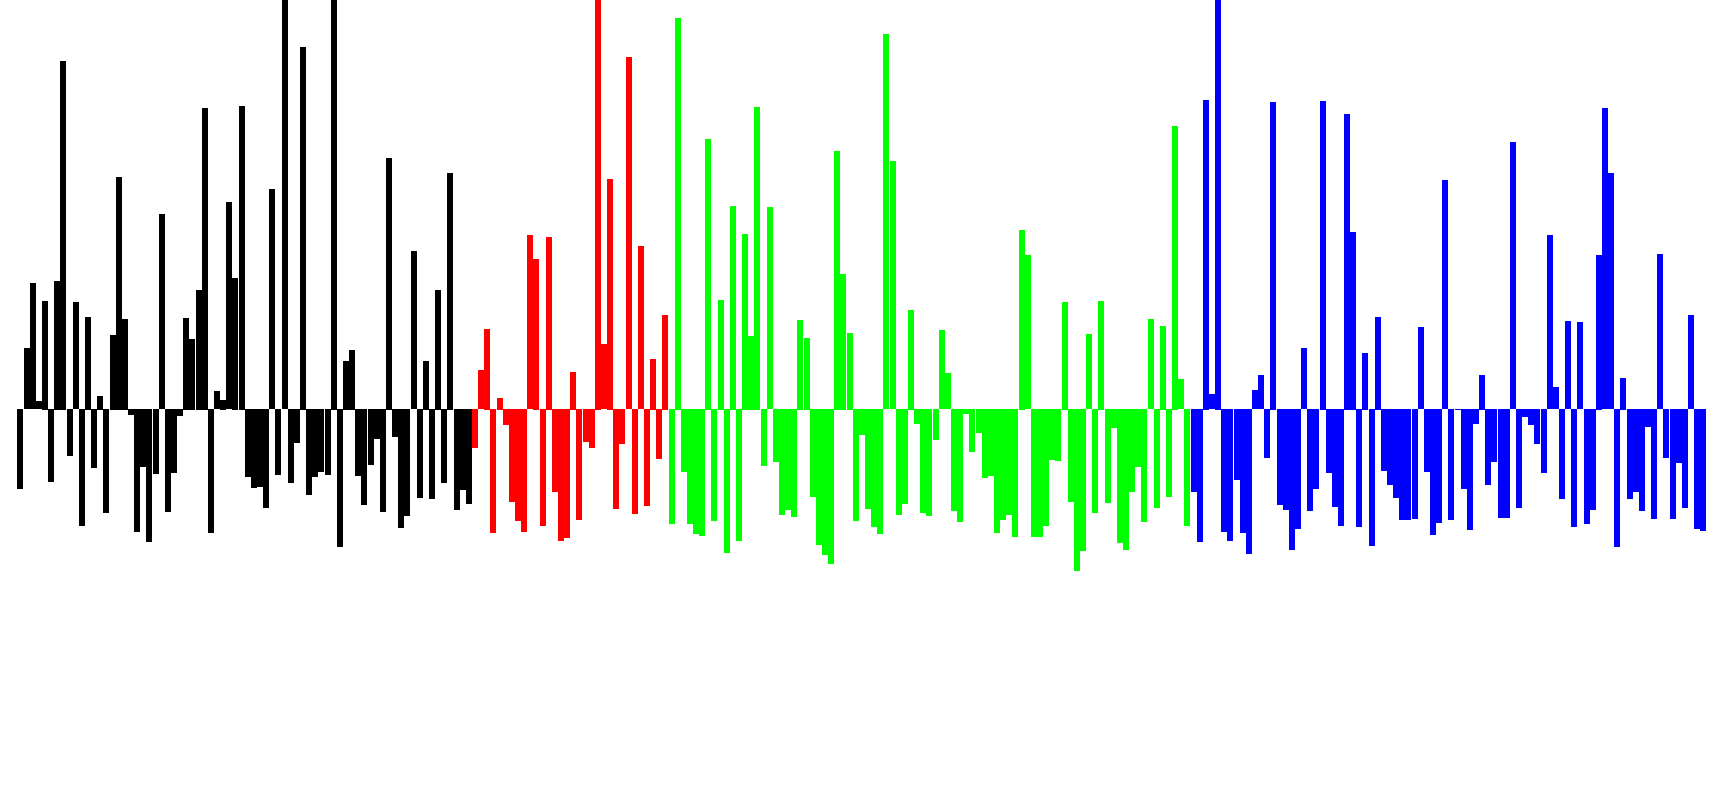

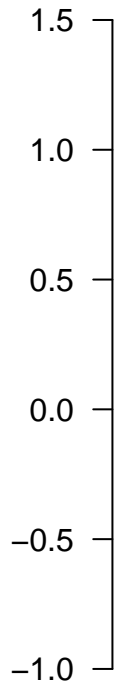

Enrichment in spots: modulation by virus of host morphology or physiology

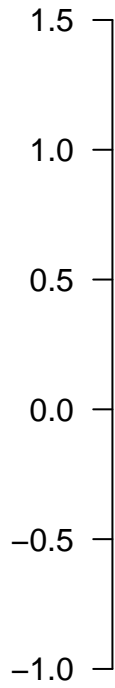

Expression of modulation by virus of host morphology or physiology in Spot A

Δe

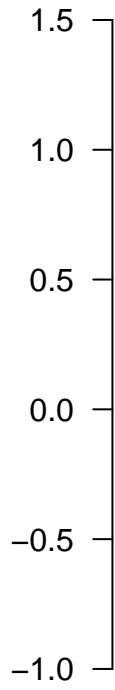

Expression of modulation by virus of host morphology or physiology in Spot B

Δe

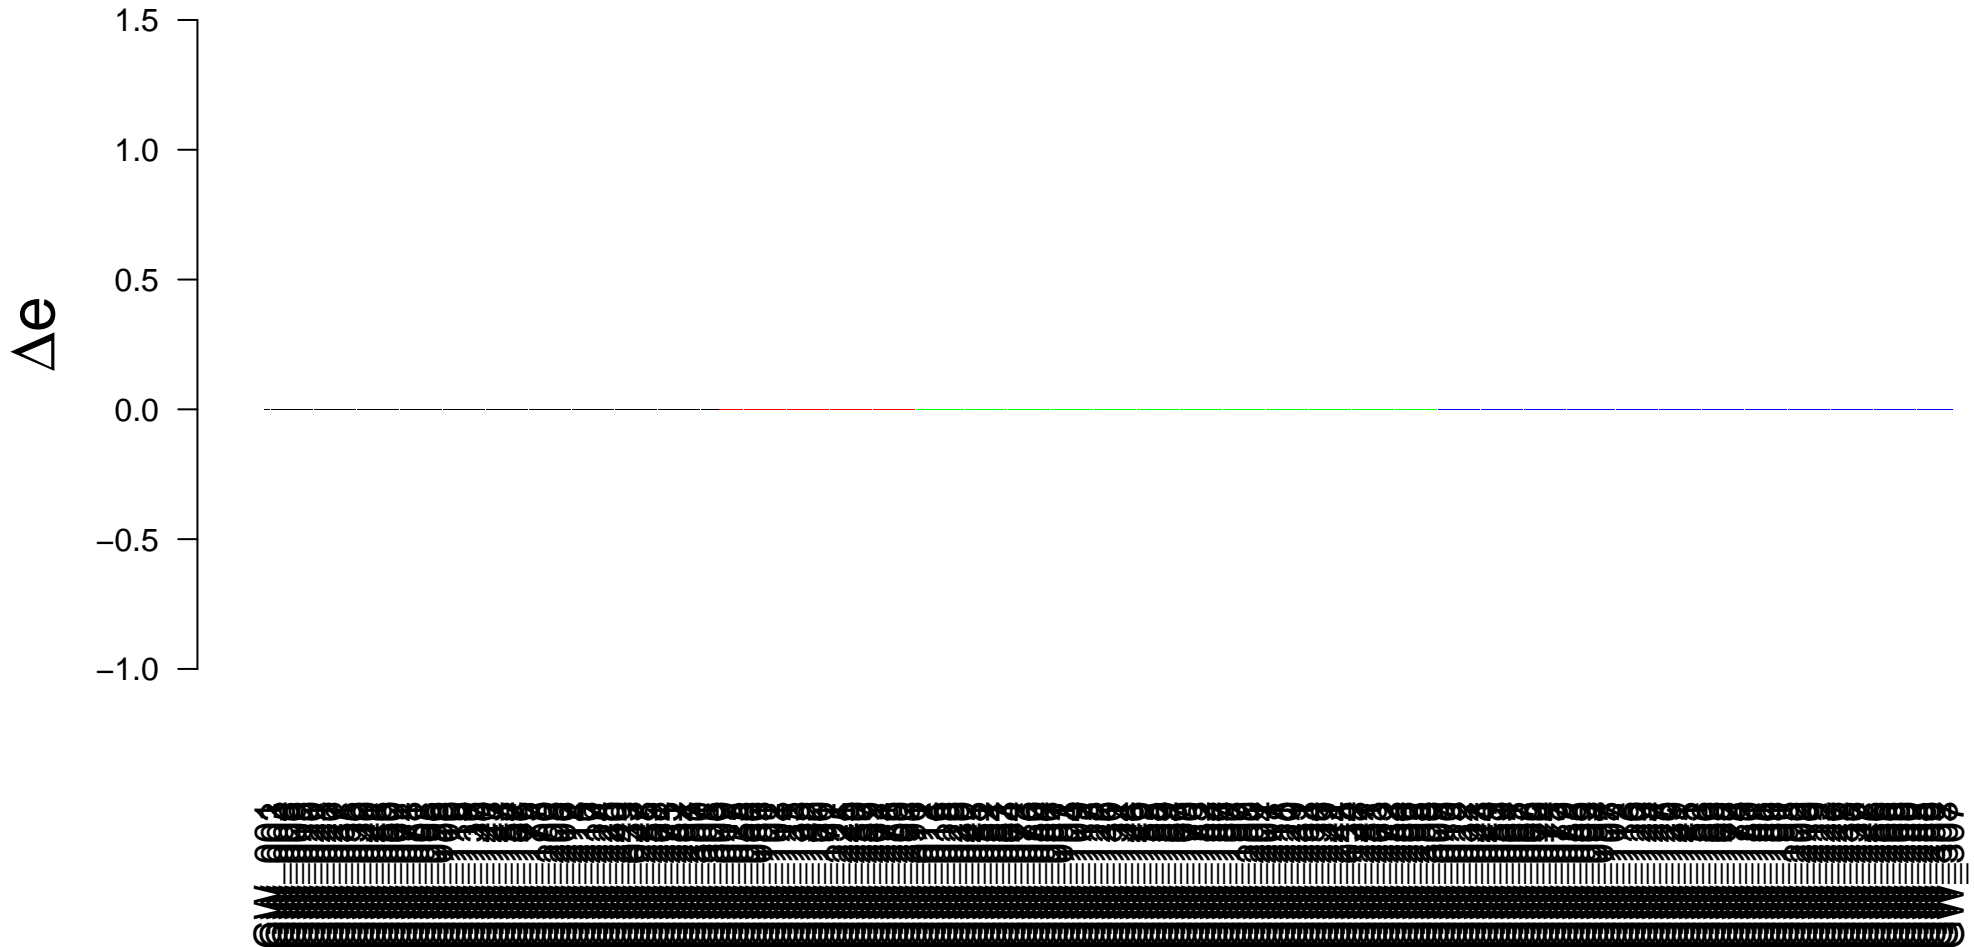

Expression of modulation by virus of host morphology or physiology in Spot C

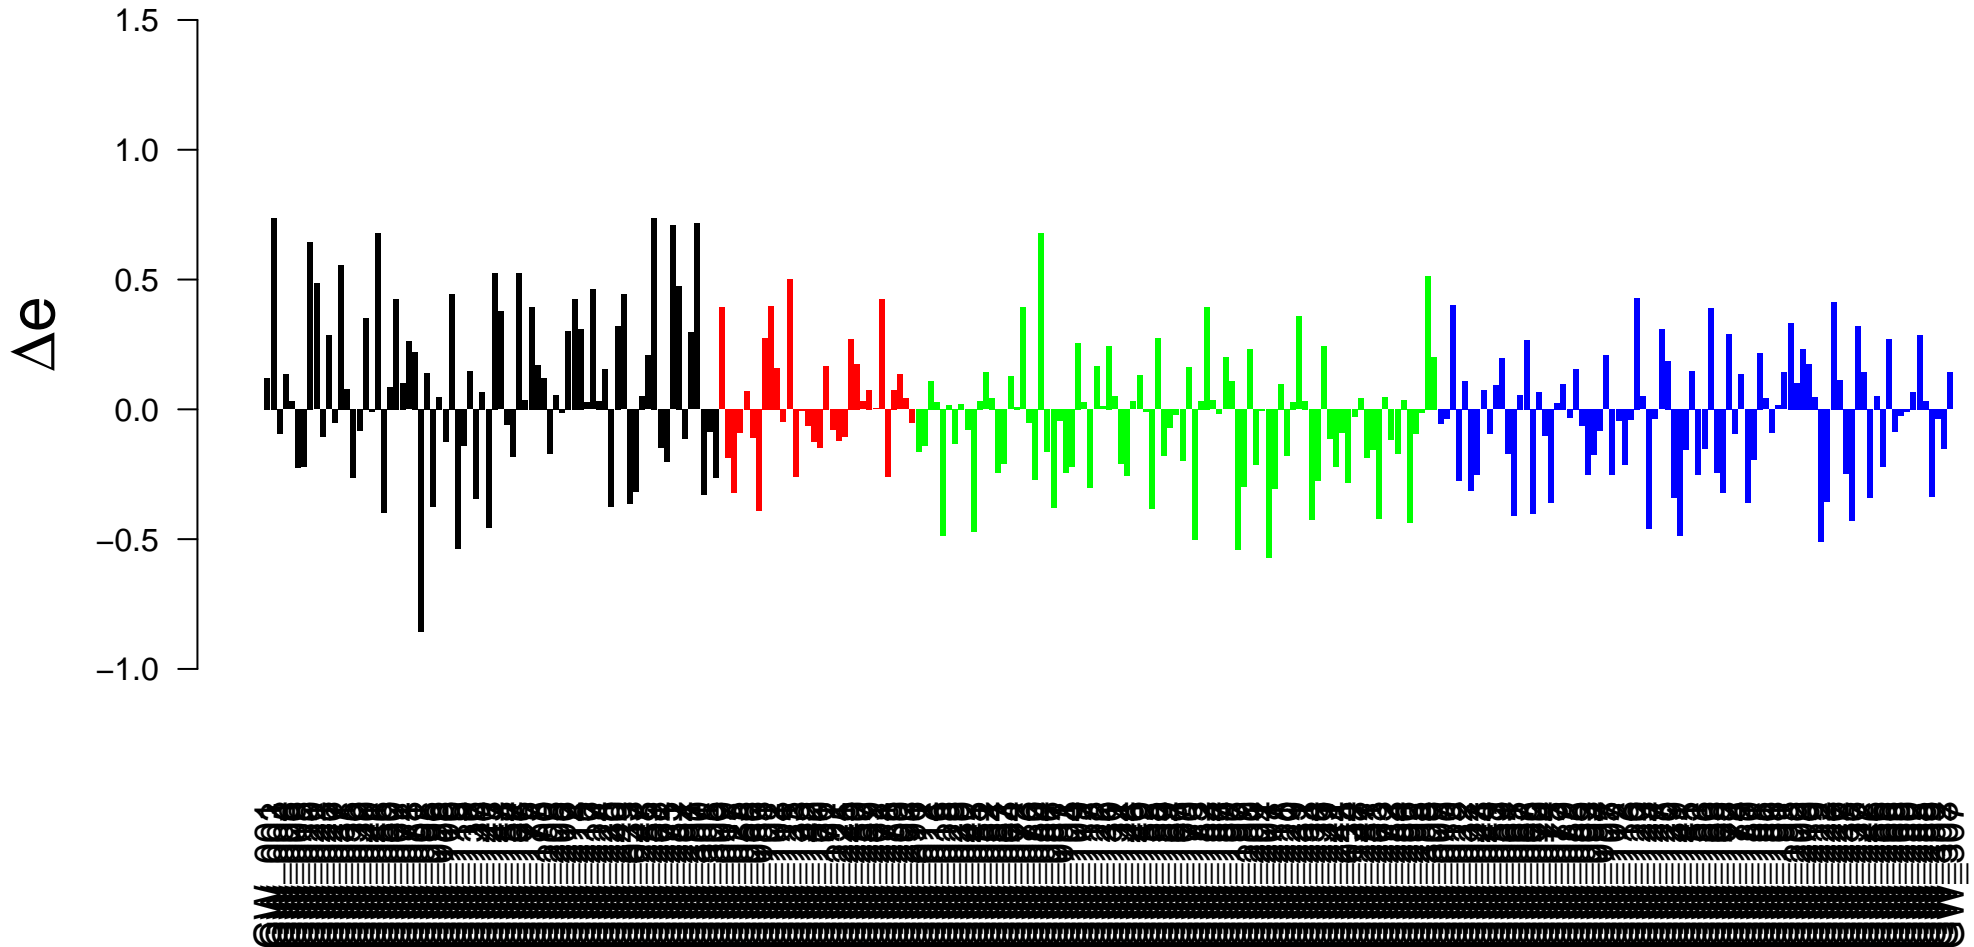

Δe

Expression of modulation by virus of host morphology or physiology in Spot D

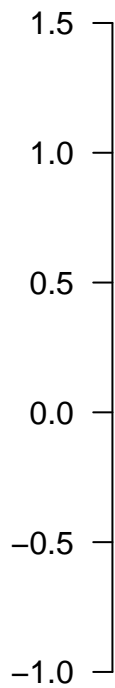

Expression of modulation by virus of host morphology or physiology in Spot E

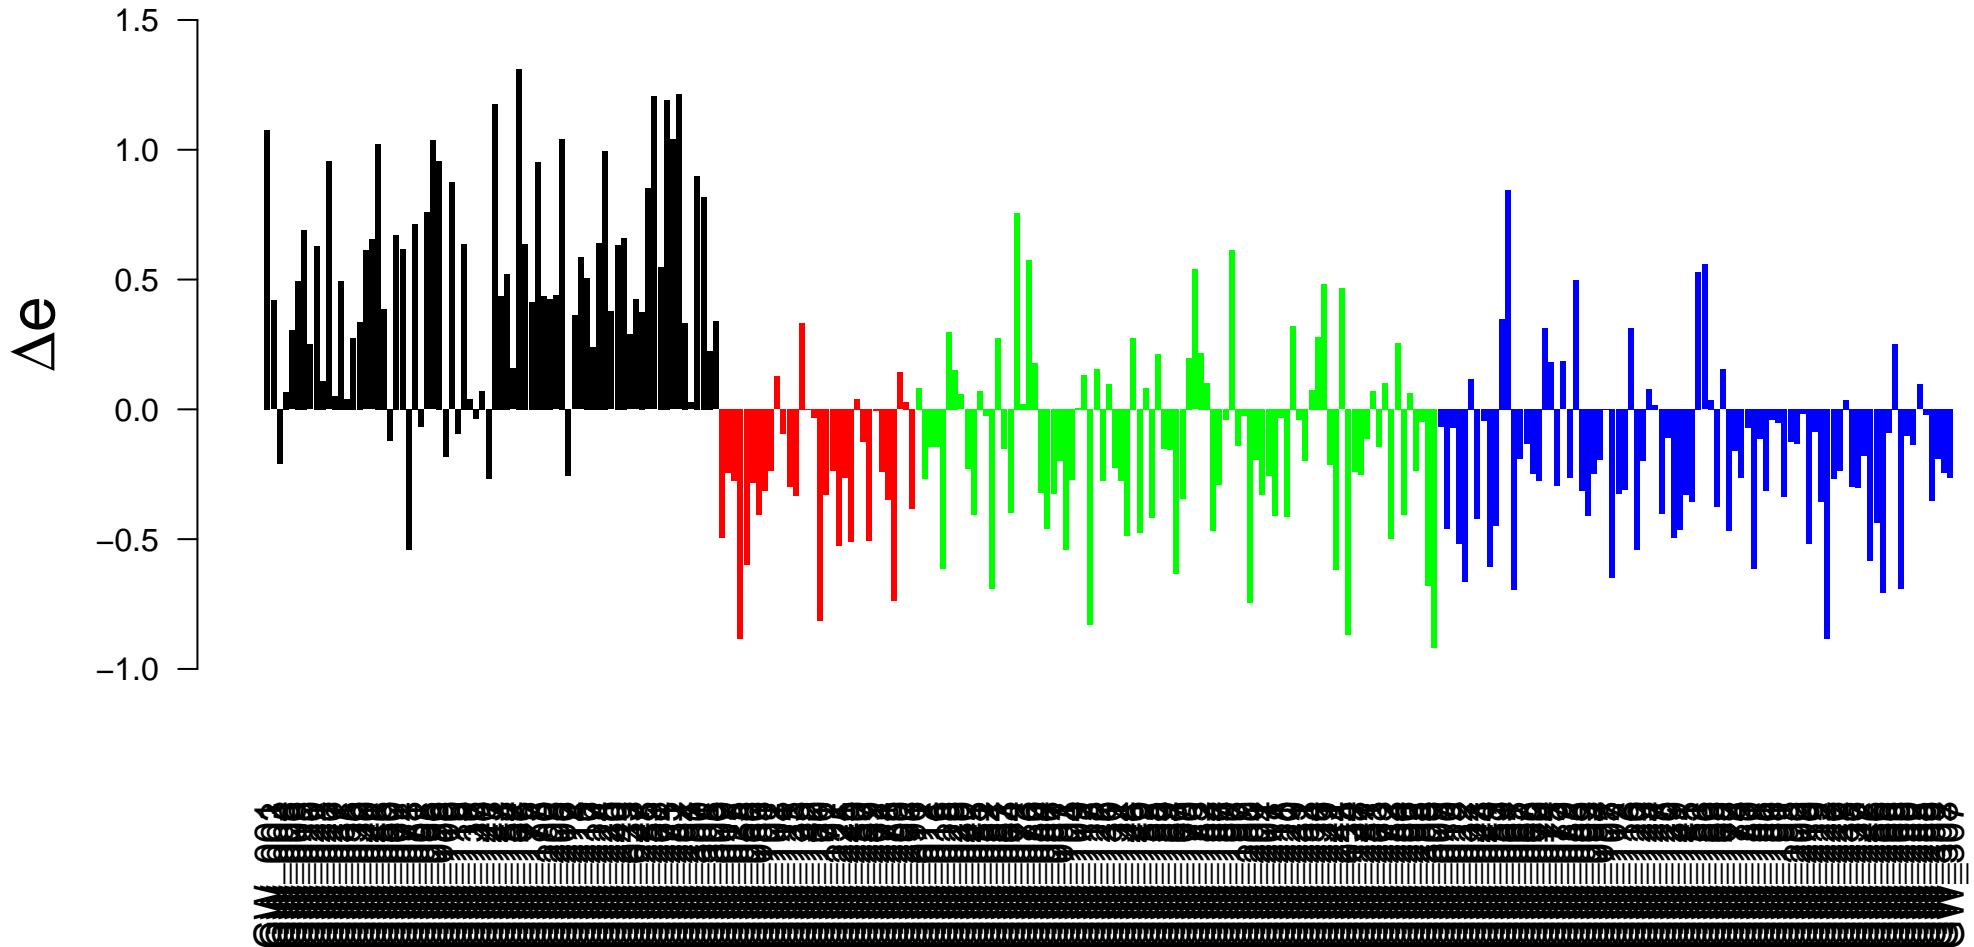

Expression of modulation by virus of host morphology or physiology in Spot F

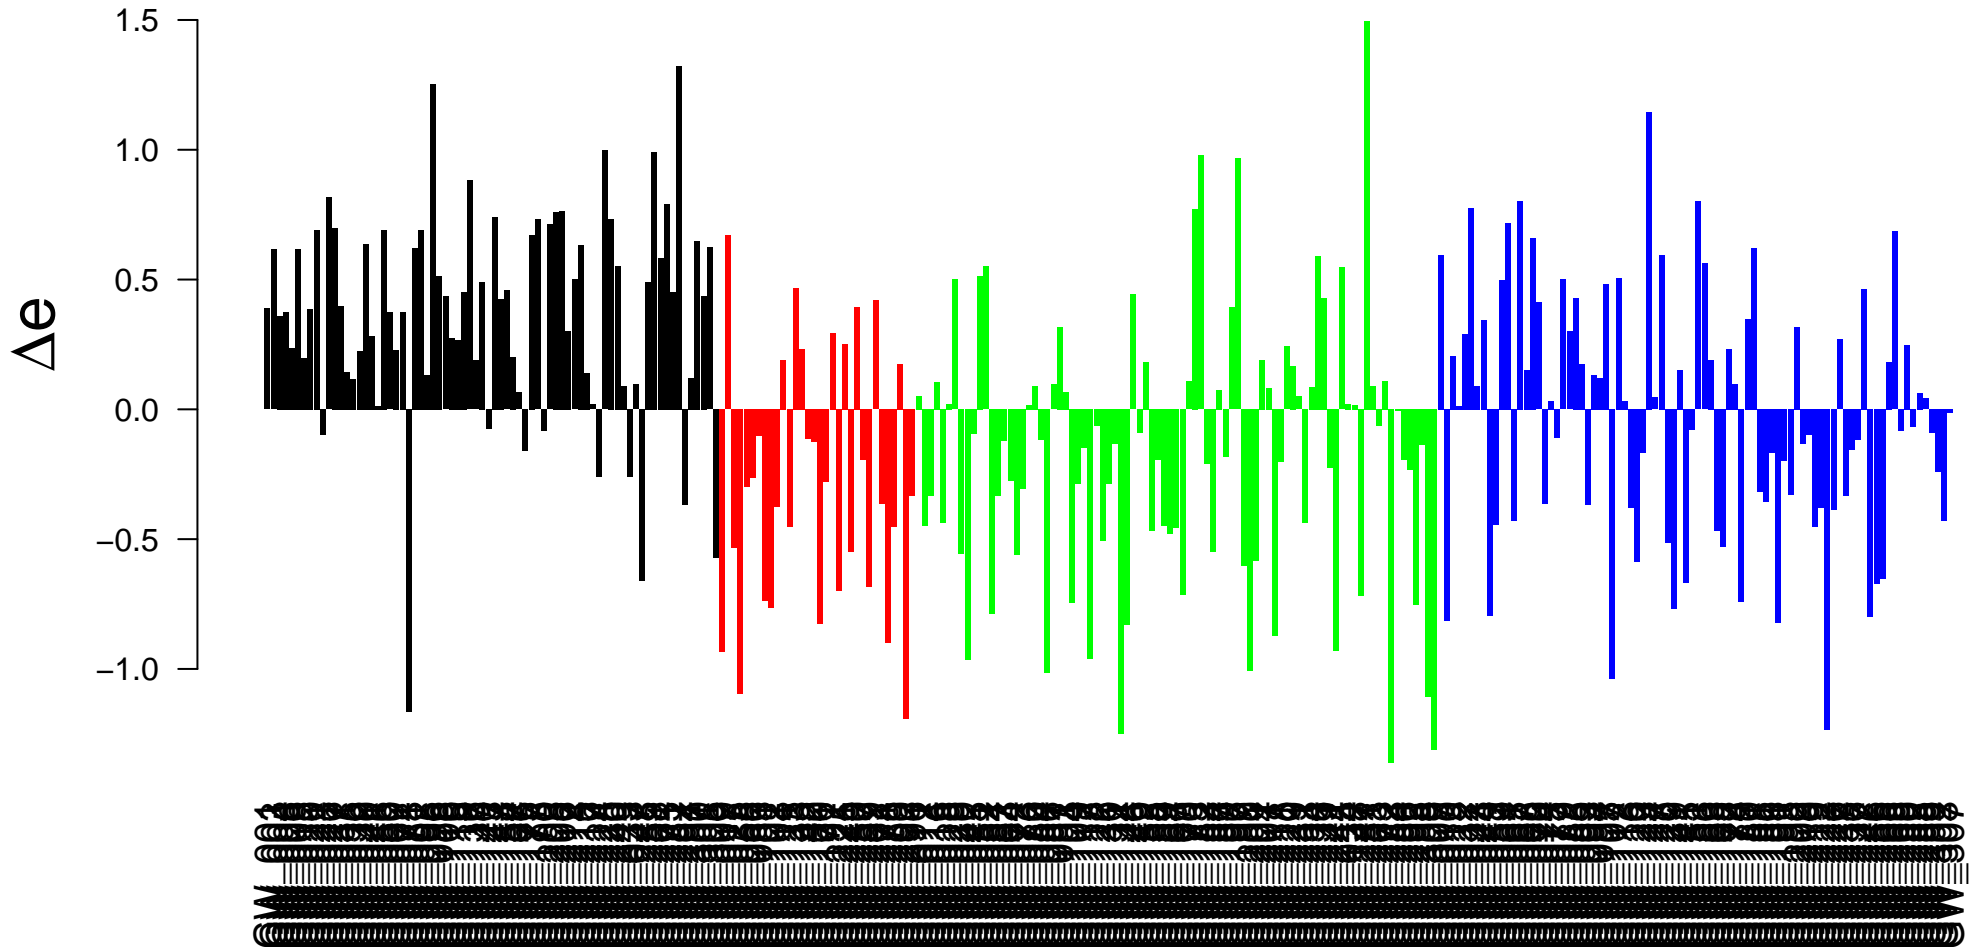

Δe

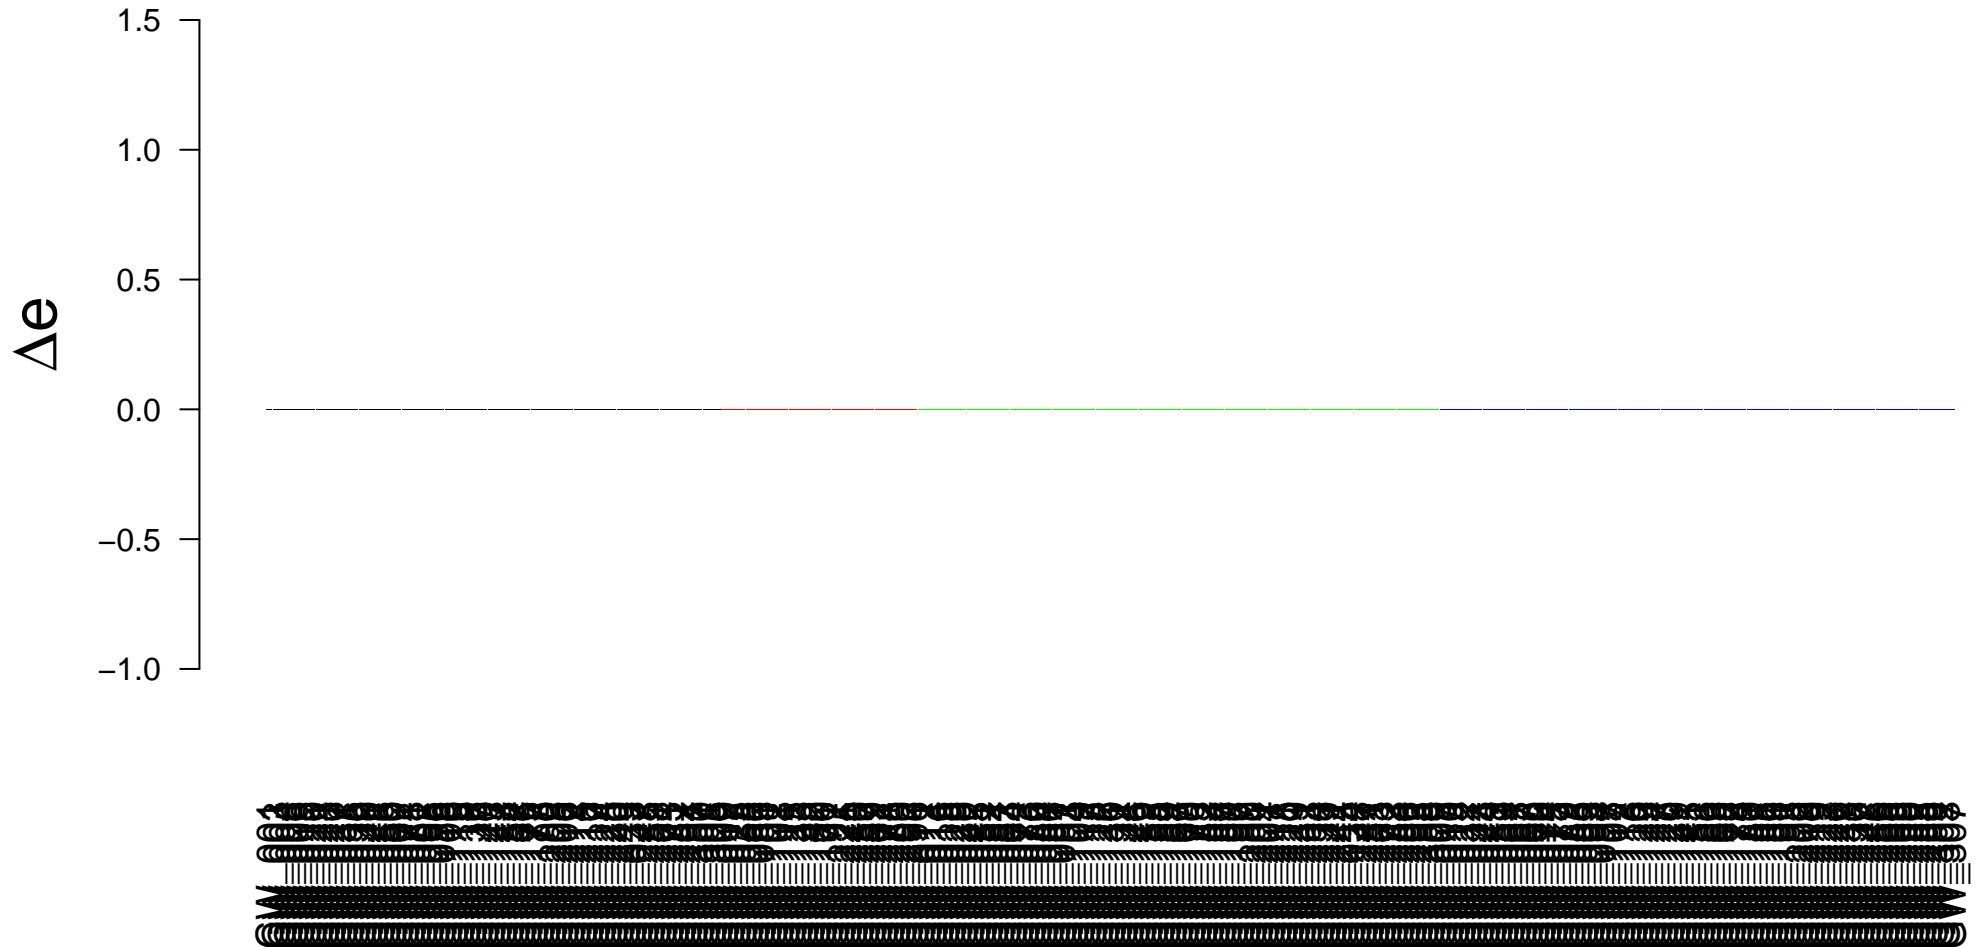

Expression of modulation by virus of host morphology or physiology in Spot G

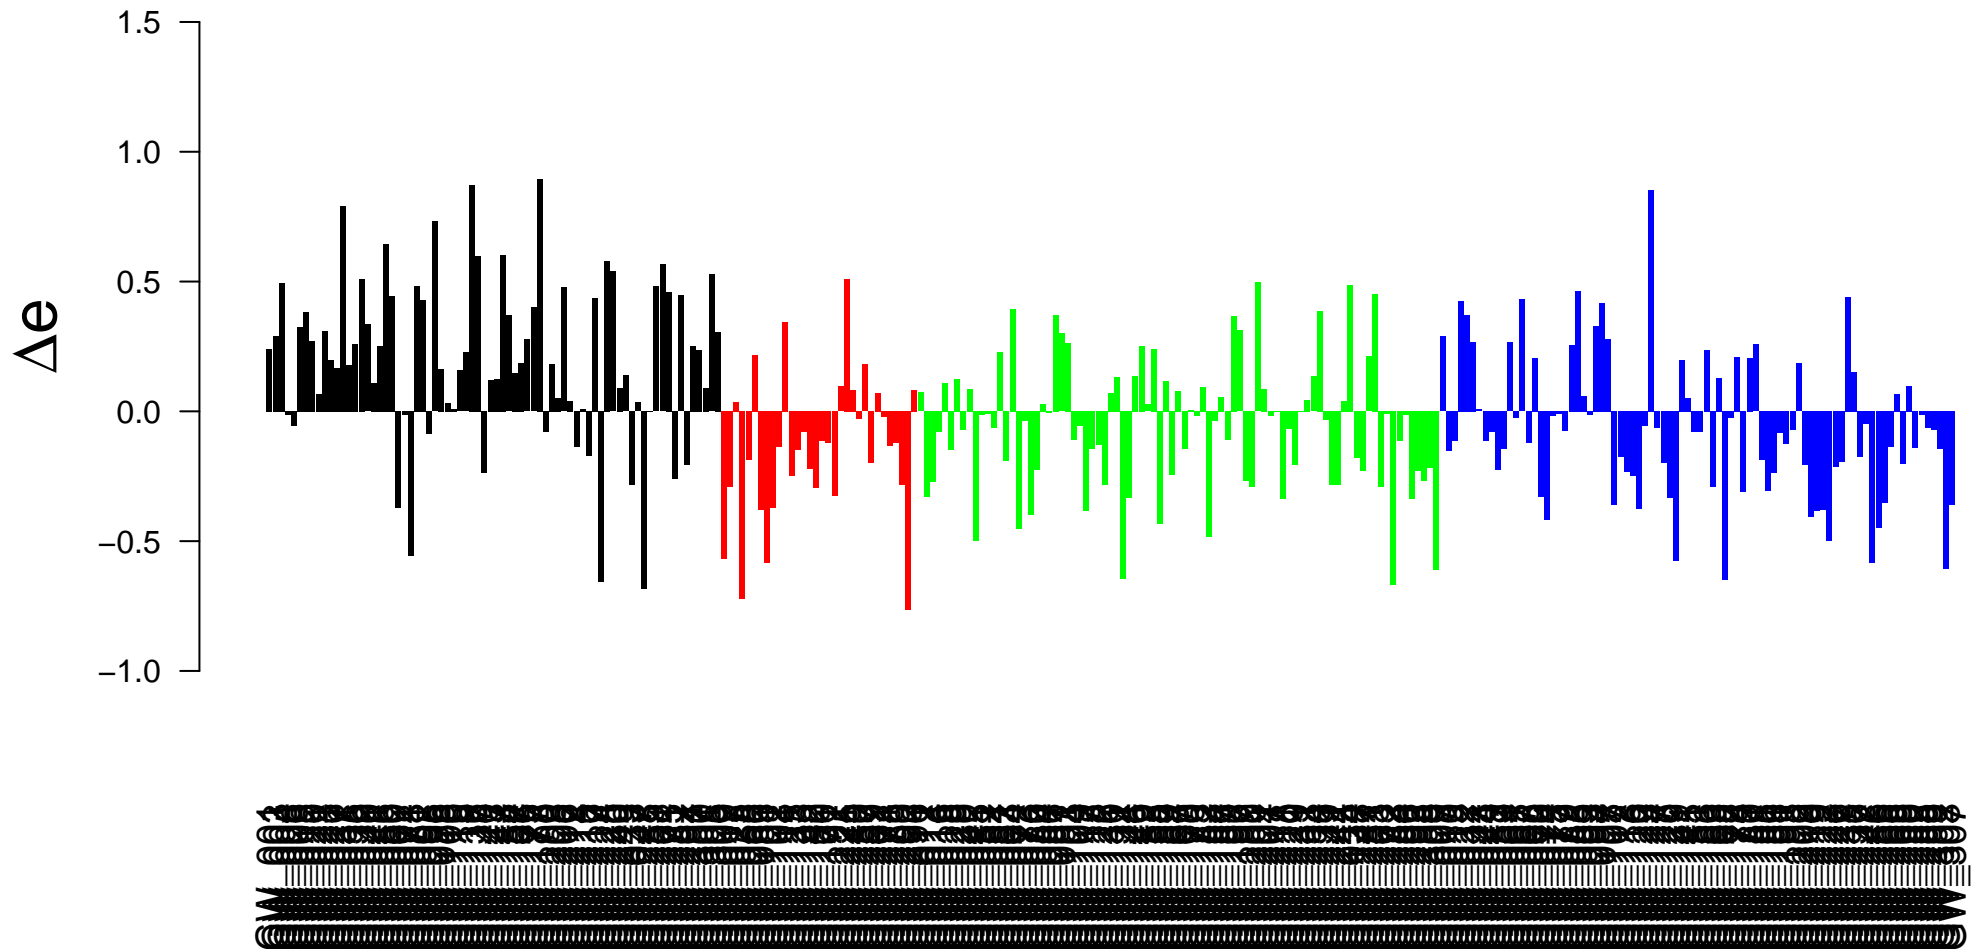

Expression of modulation by virus of host morphology or physiology in Spot H

Expression of modulation by virus of host morphology or physiology in Spot I

Expression of modulation by virus of host morphology or physiology in Spot J

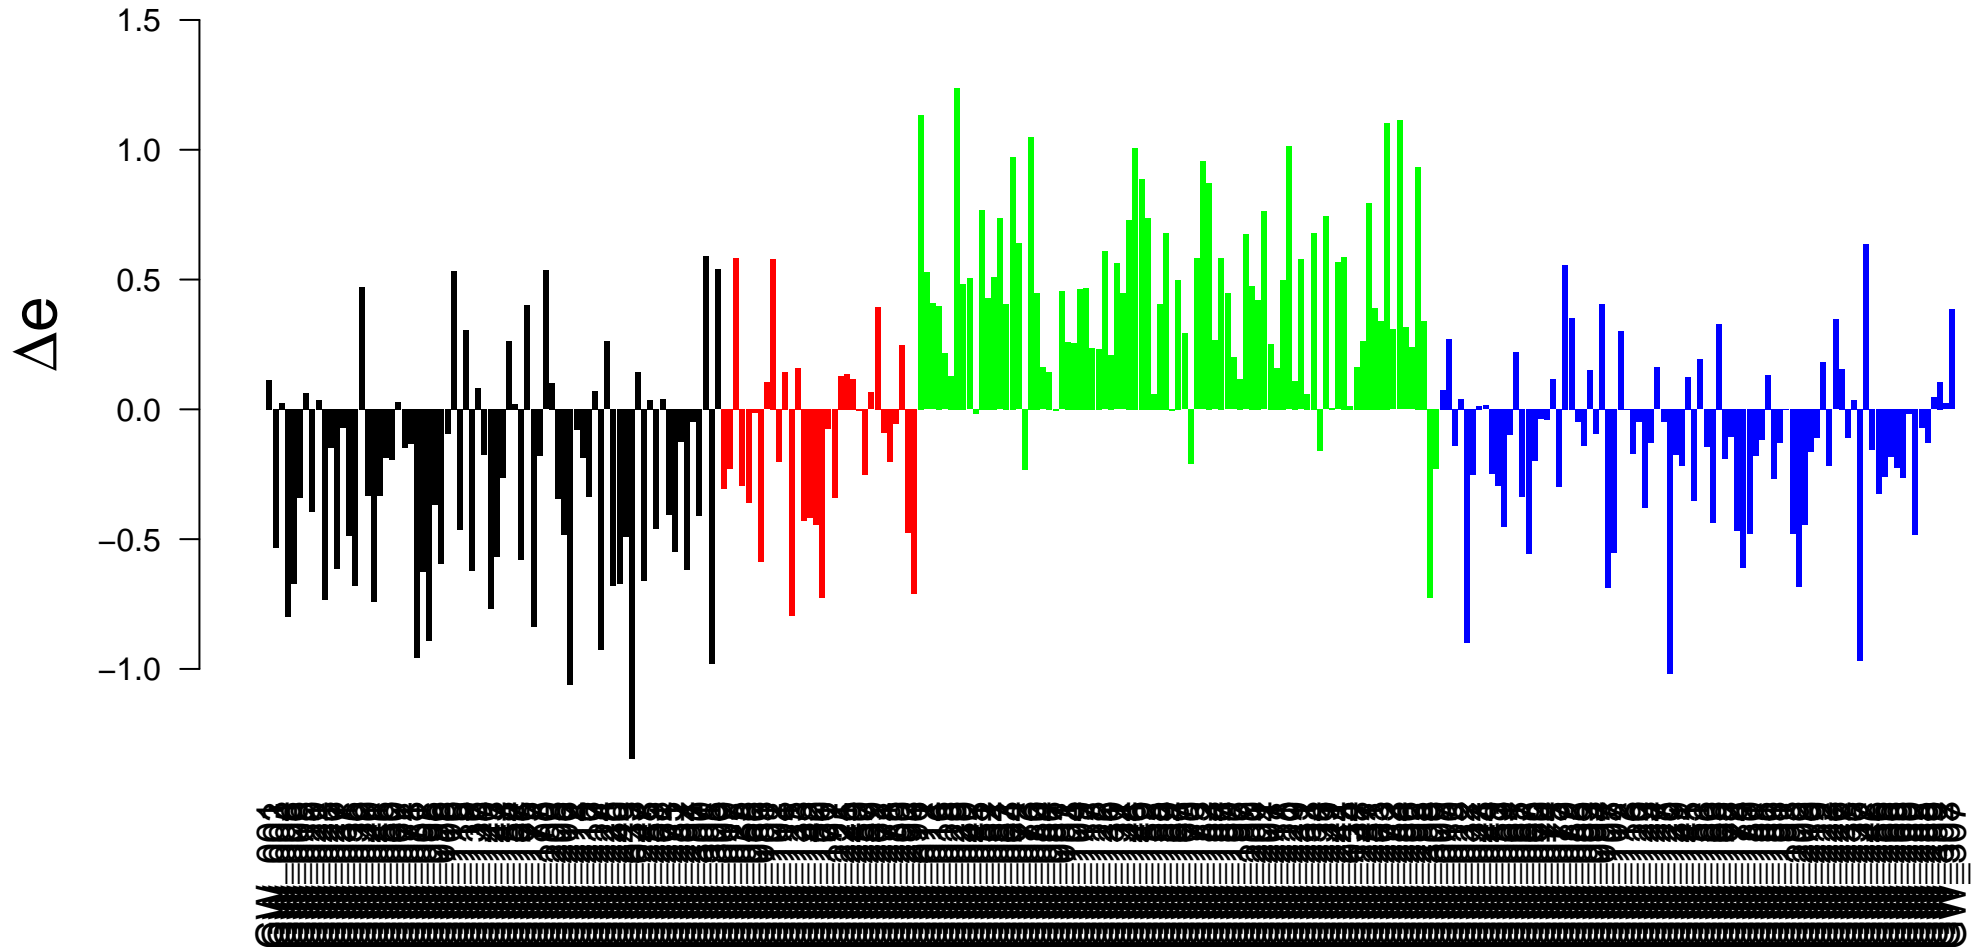

Expression of modulation by virus of host morphology or physiology in Spot K
