

natural killer cell activation

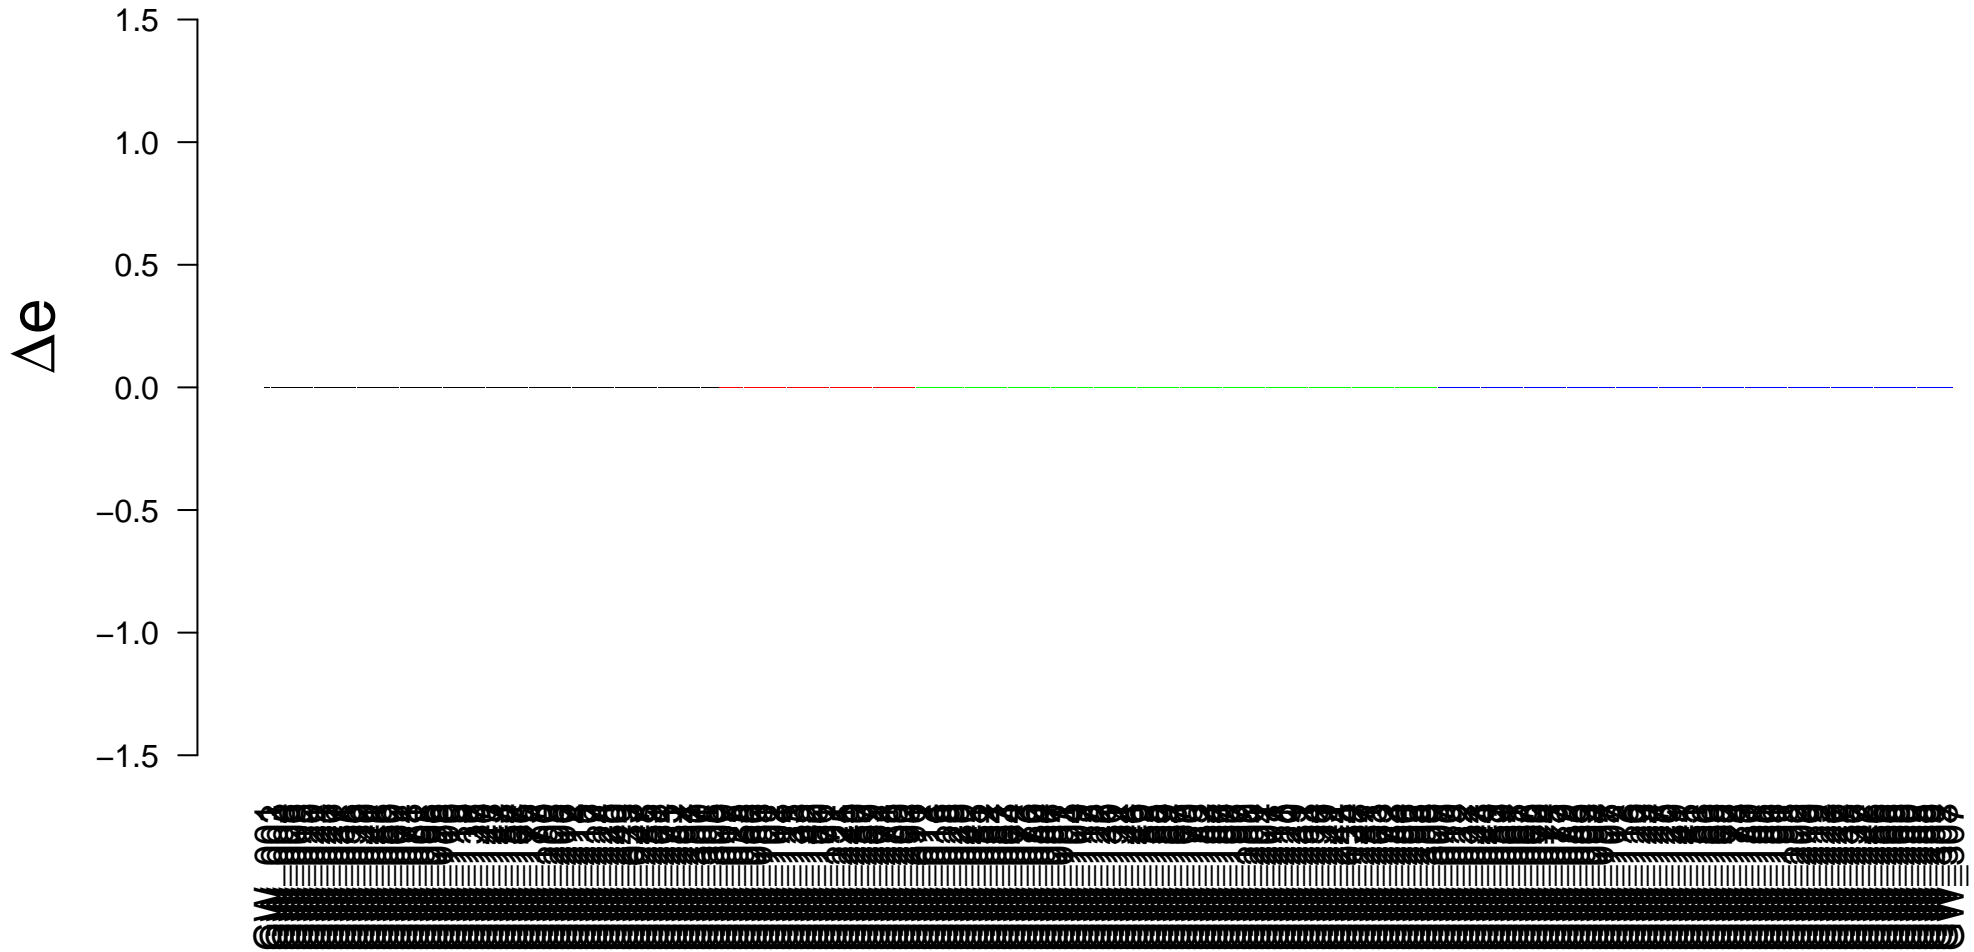

natural killer cell activation

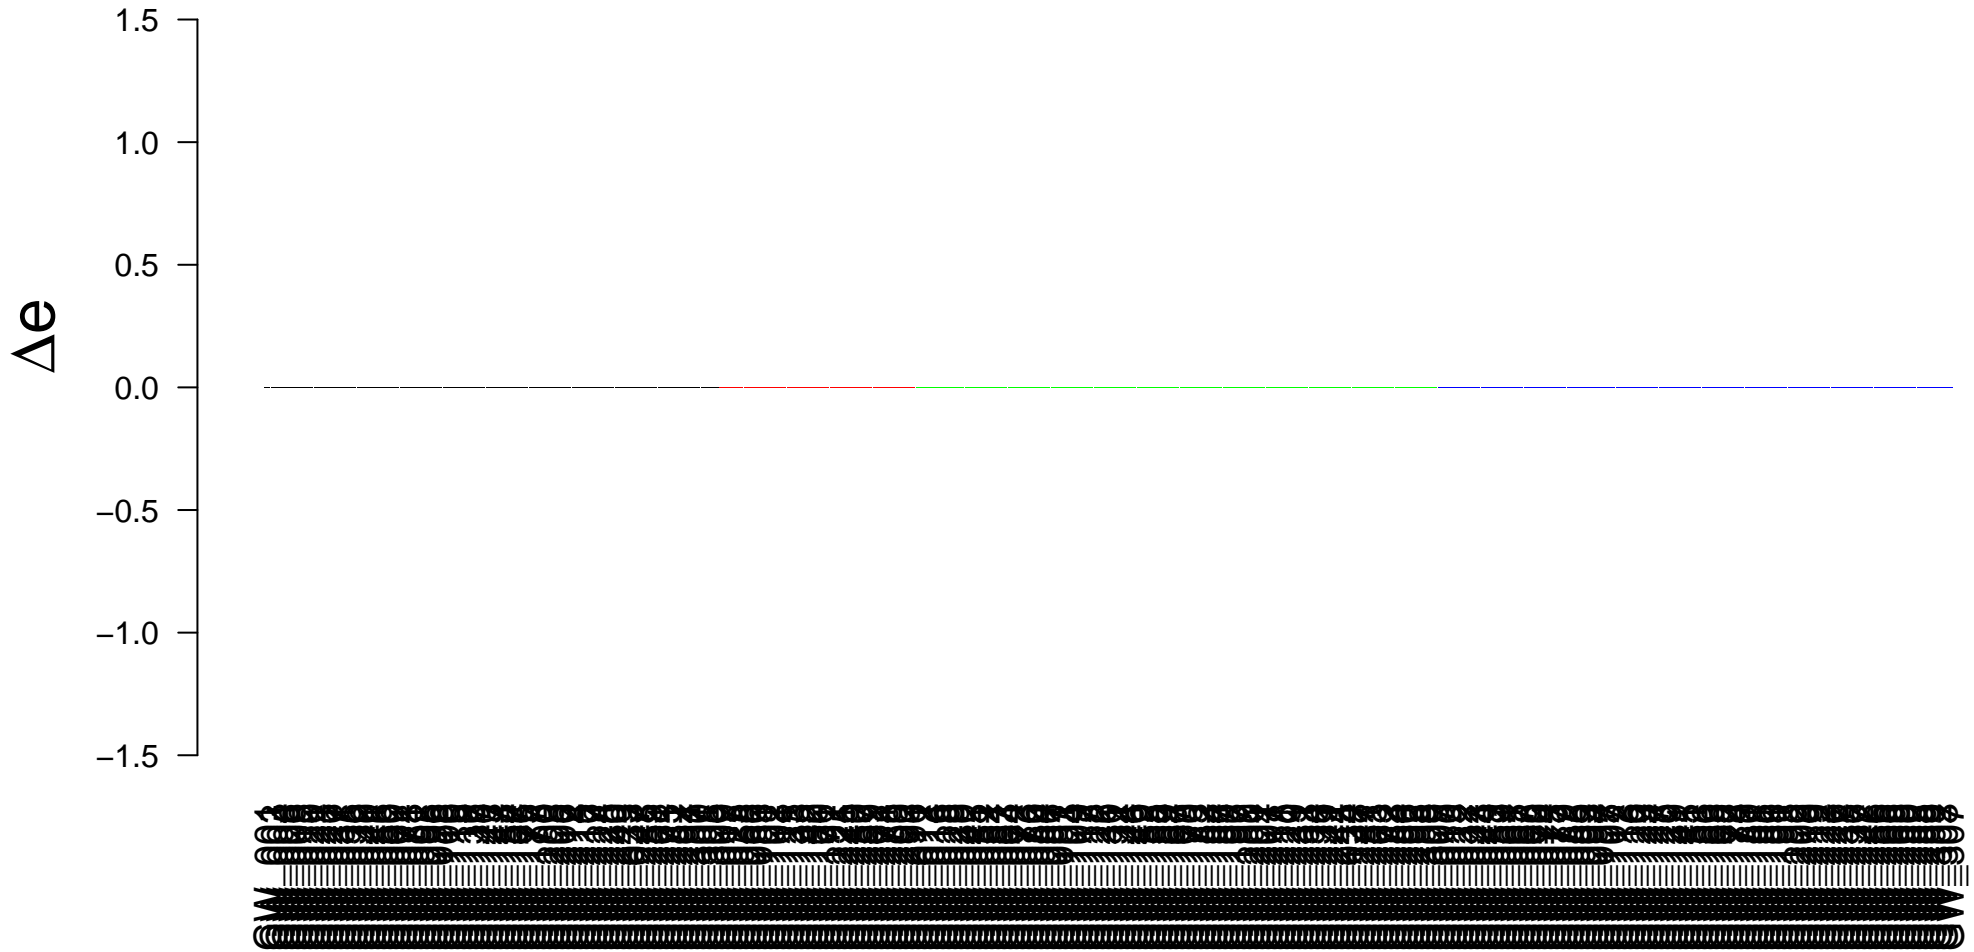

Enrichment in spots: natural killer cell activation

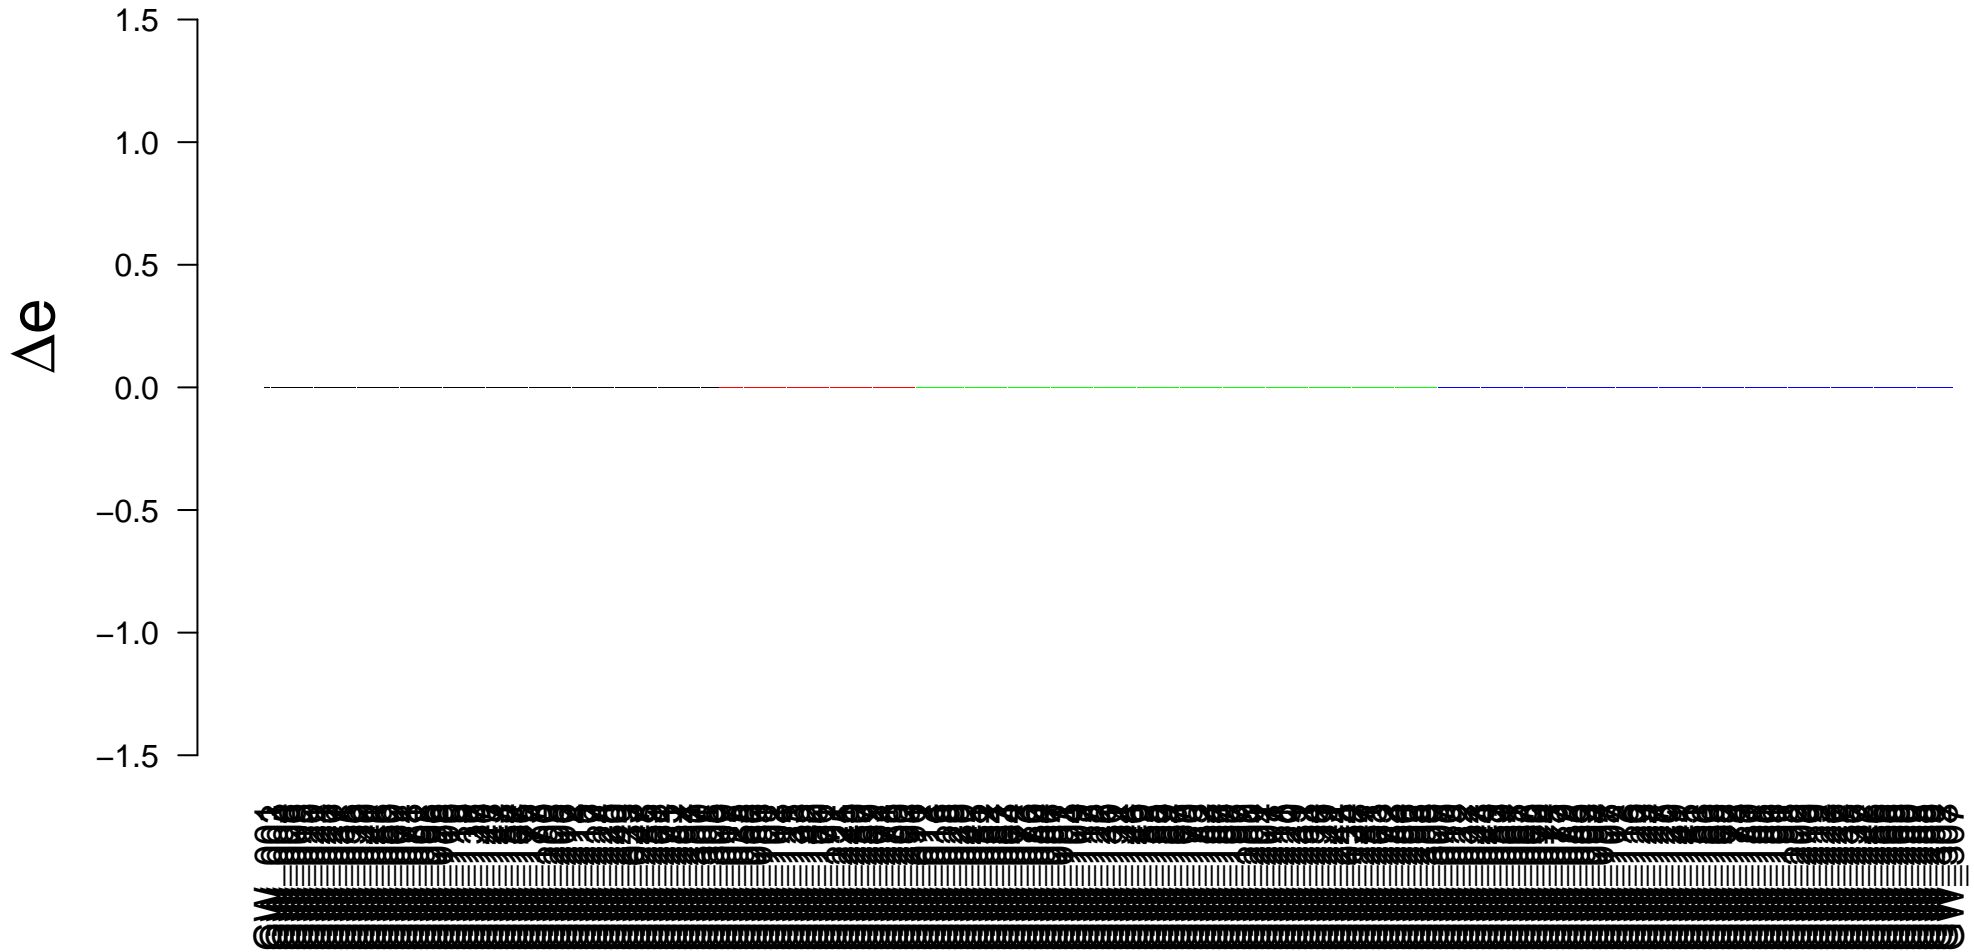

Expression of natural killer cell activation in Spot A

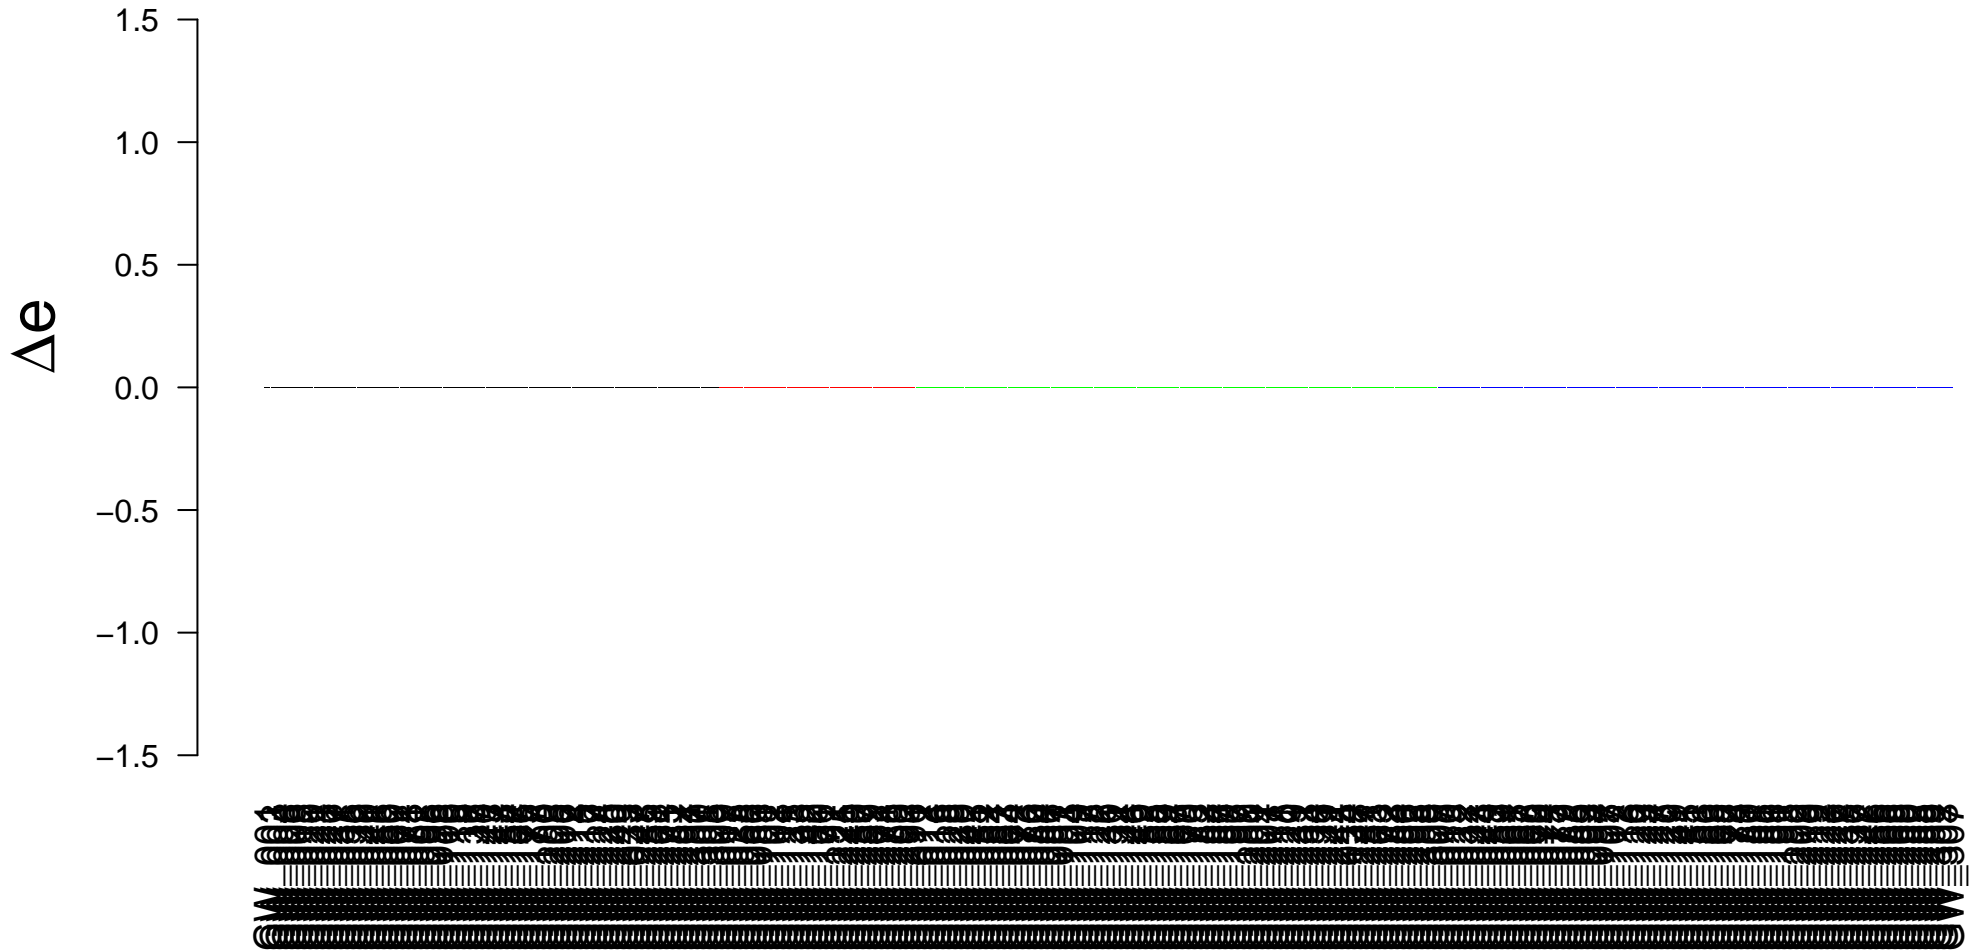

Expression of natural killer cell activation in Spot B

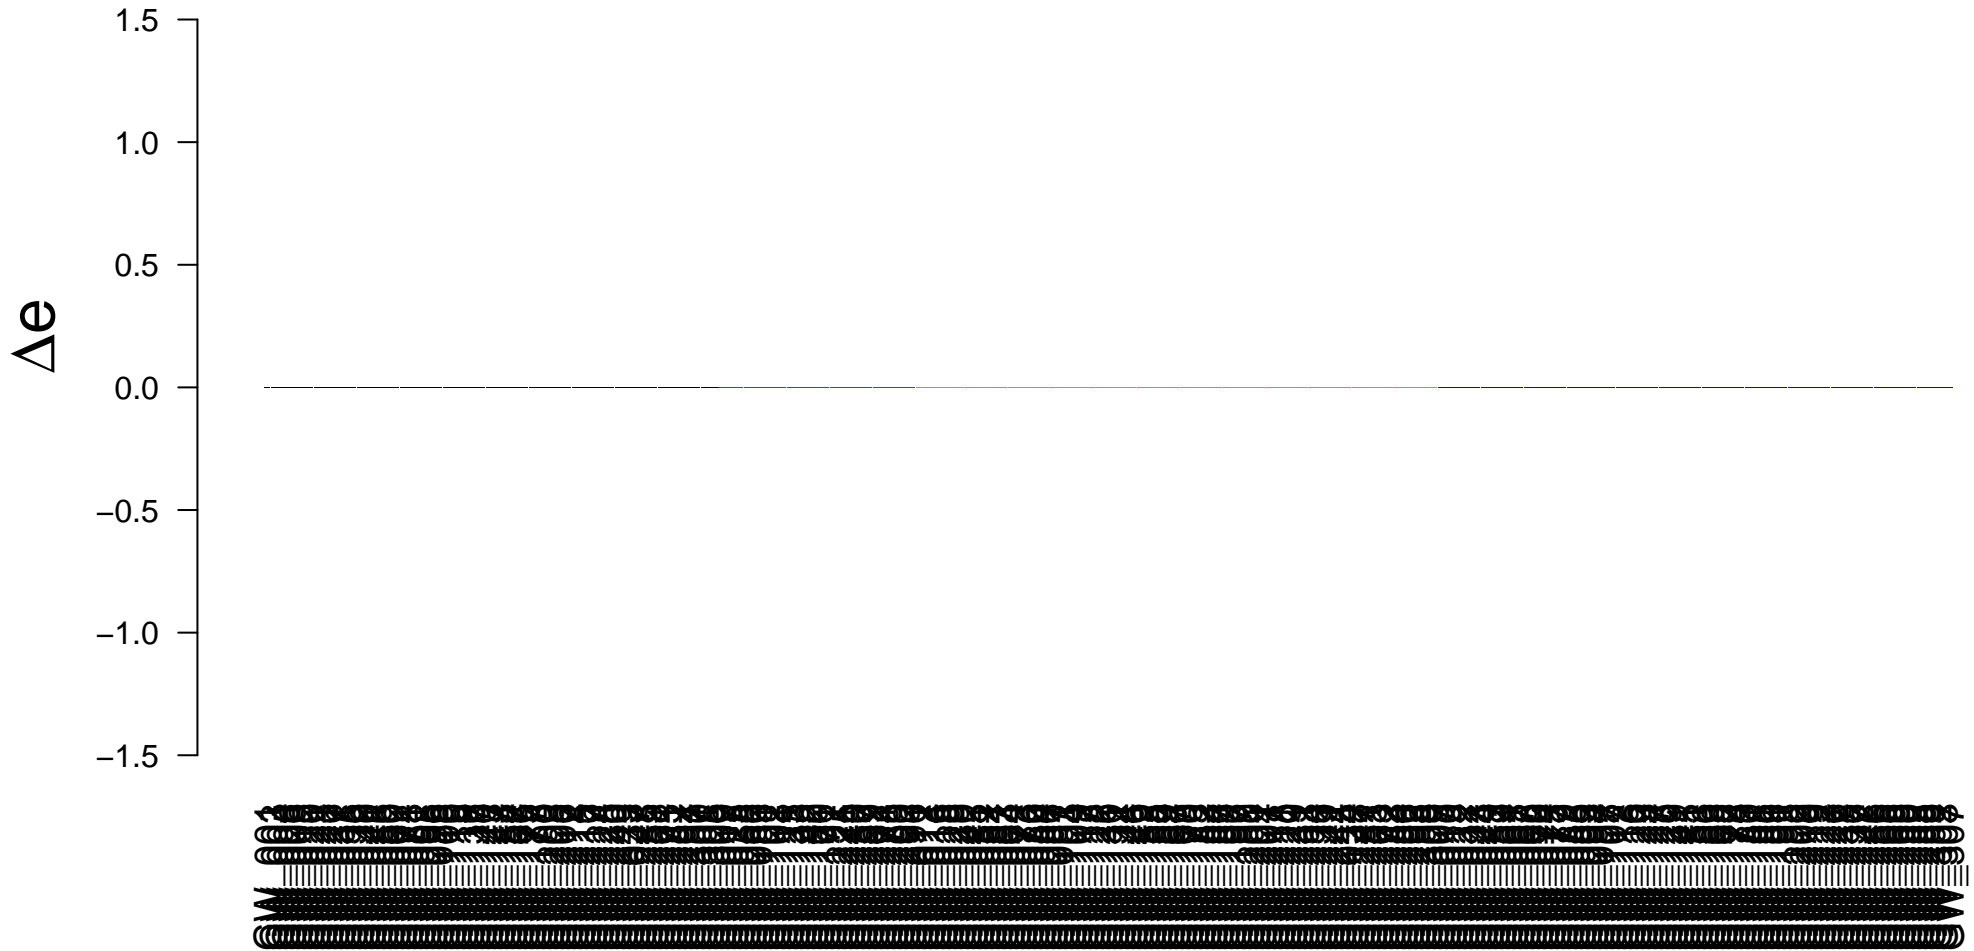

Expression of natural killer cell activation in Spot C

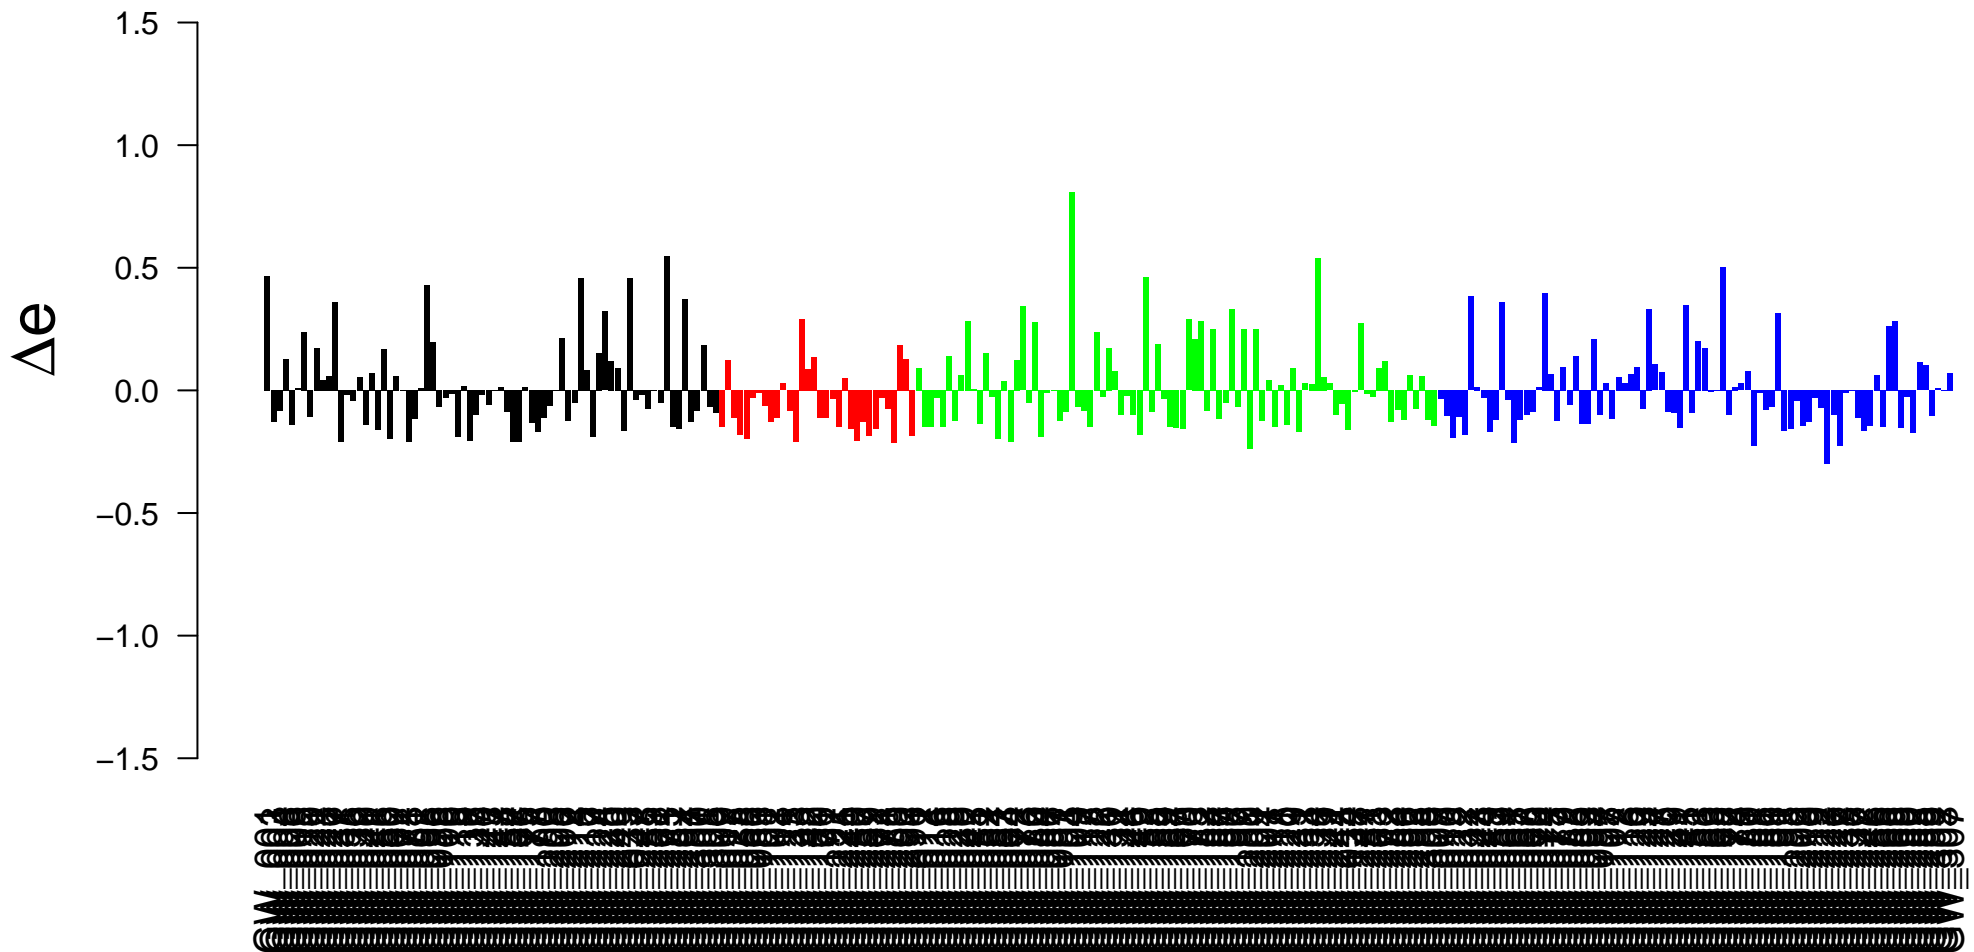

Expression of natural killer cell activation in Spot D

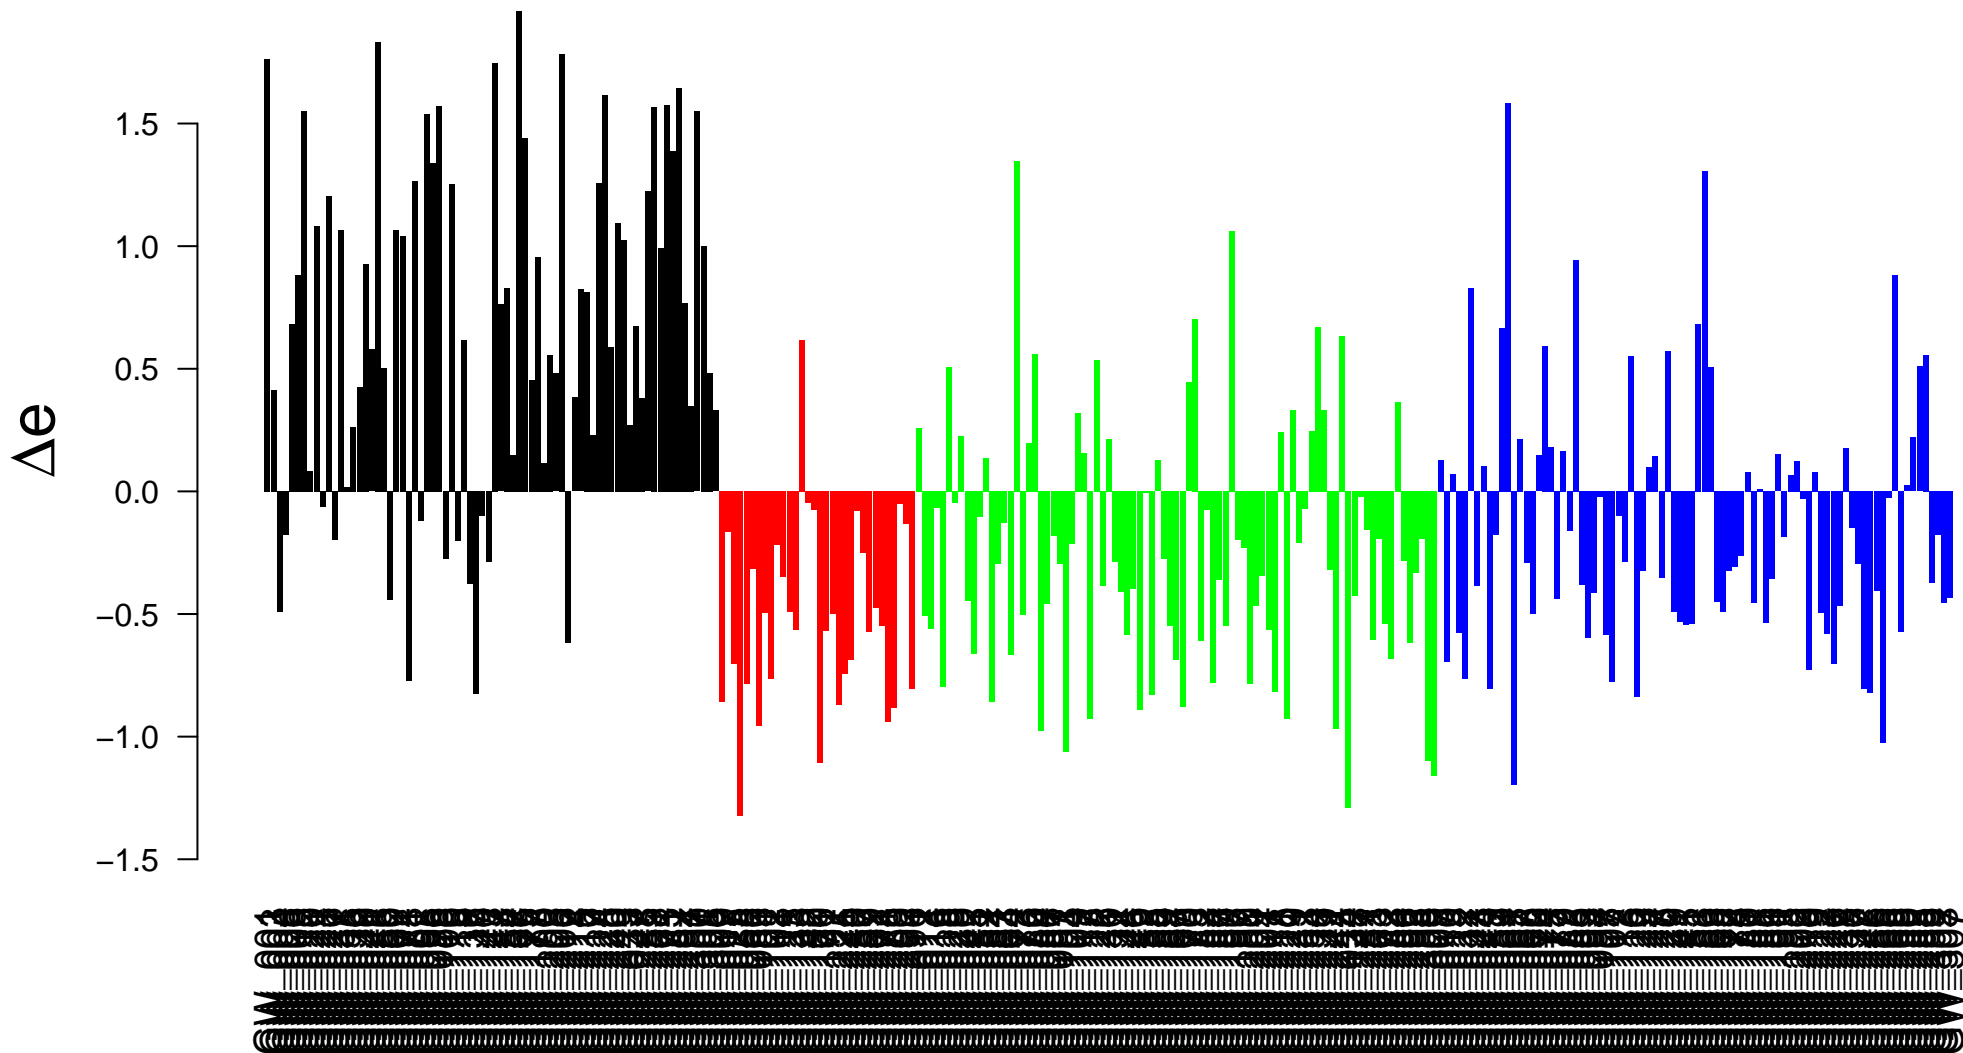

Expression of natural killer cell activation in Spot E

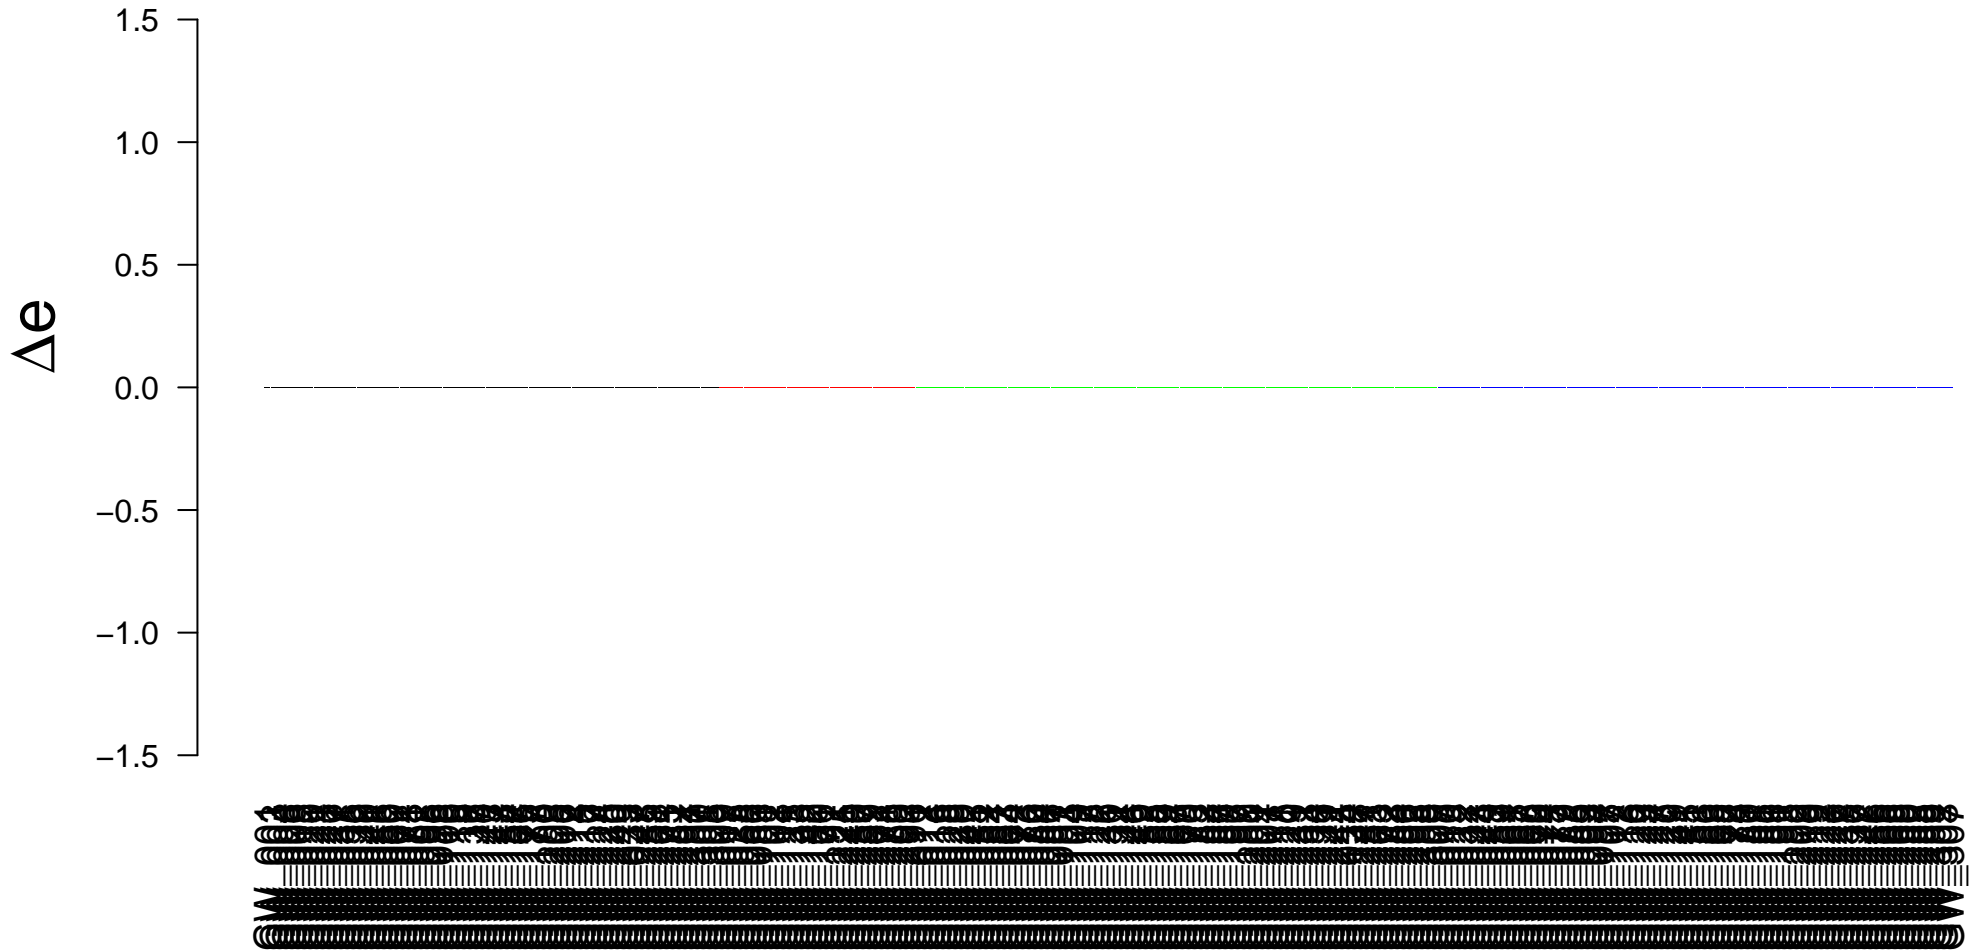

Expression of natural killer cell activation in Spot F

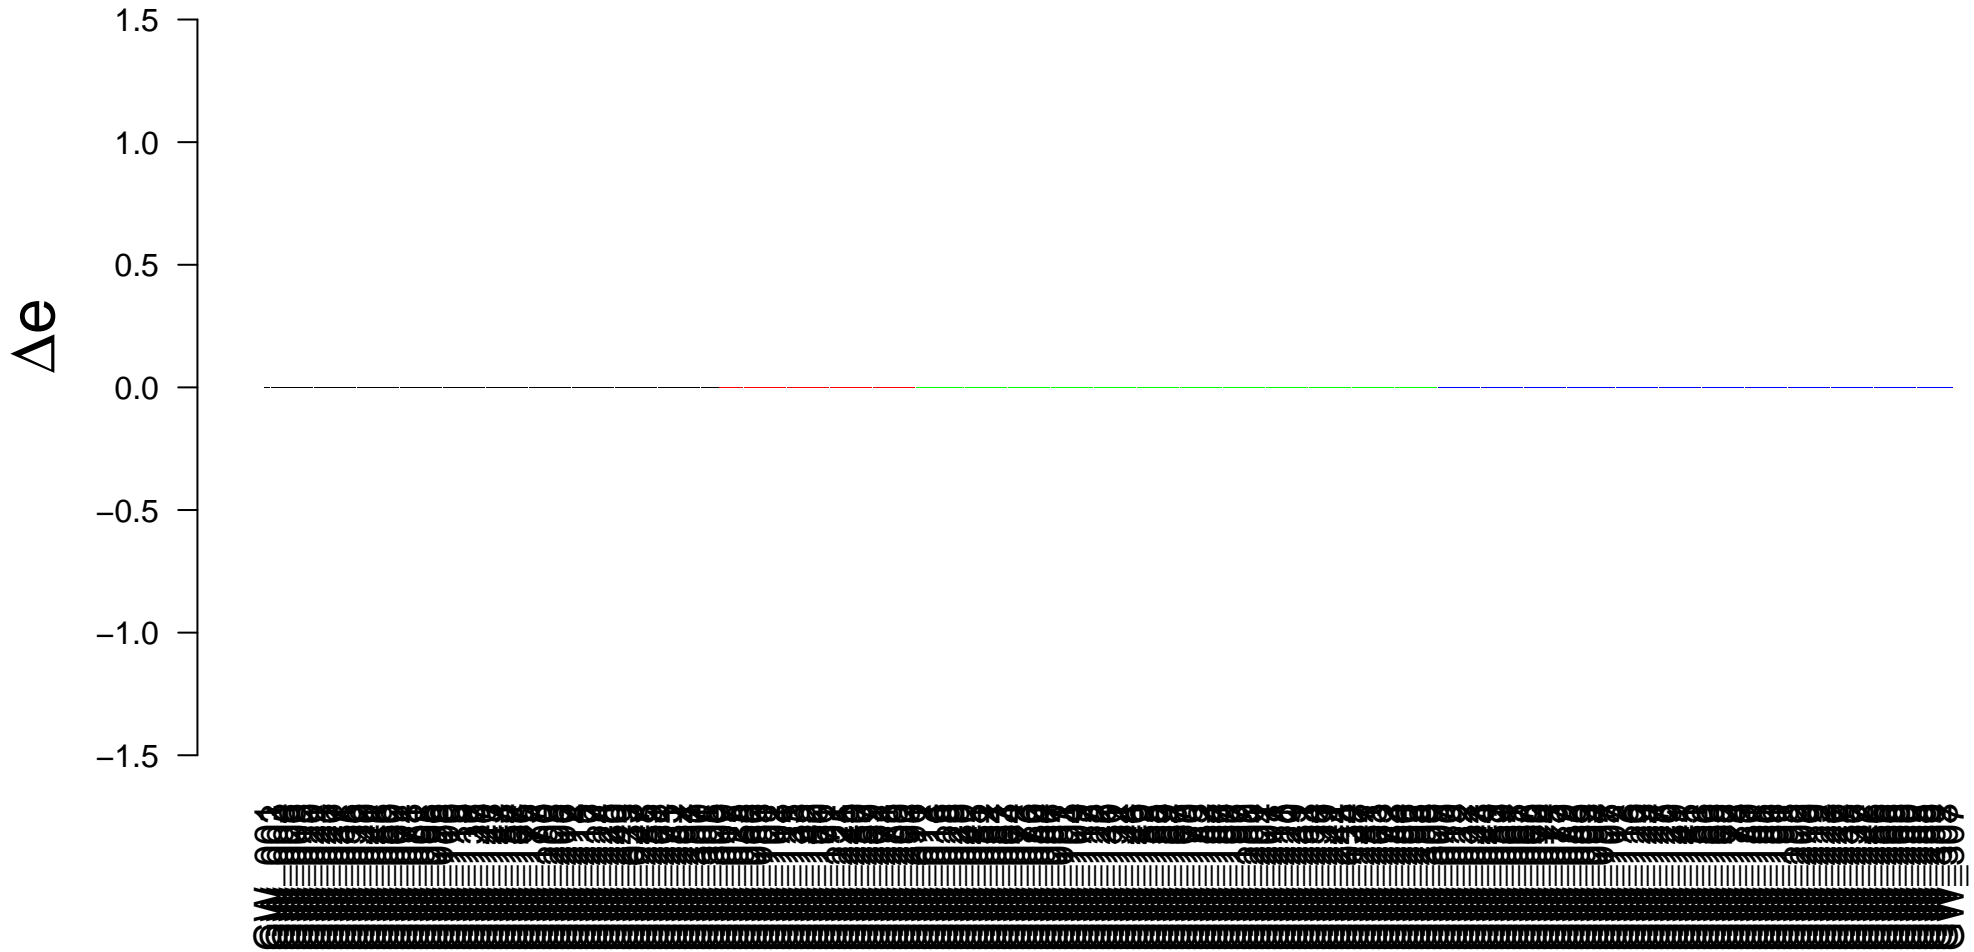

Expression of natural killer cell activation in Spot G

Expression of natural killer cell activation in Spot H

Expression of natural killer cell activation in Spot I

Expression of natural killer cell activation in Spot J
