

negative regulation of axonogenesis

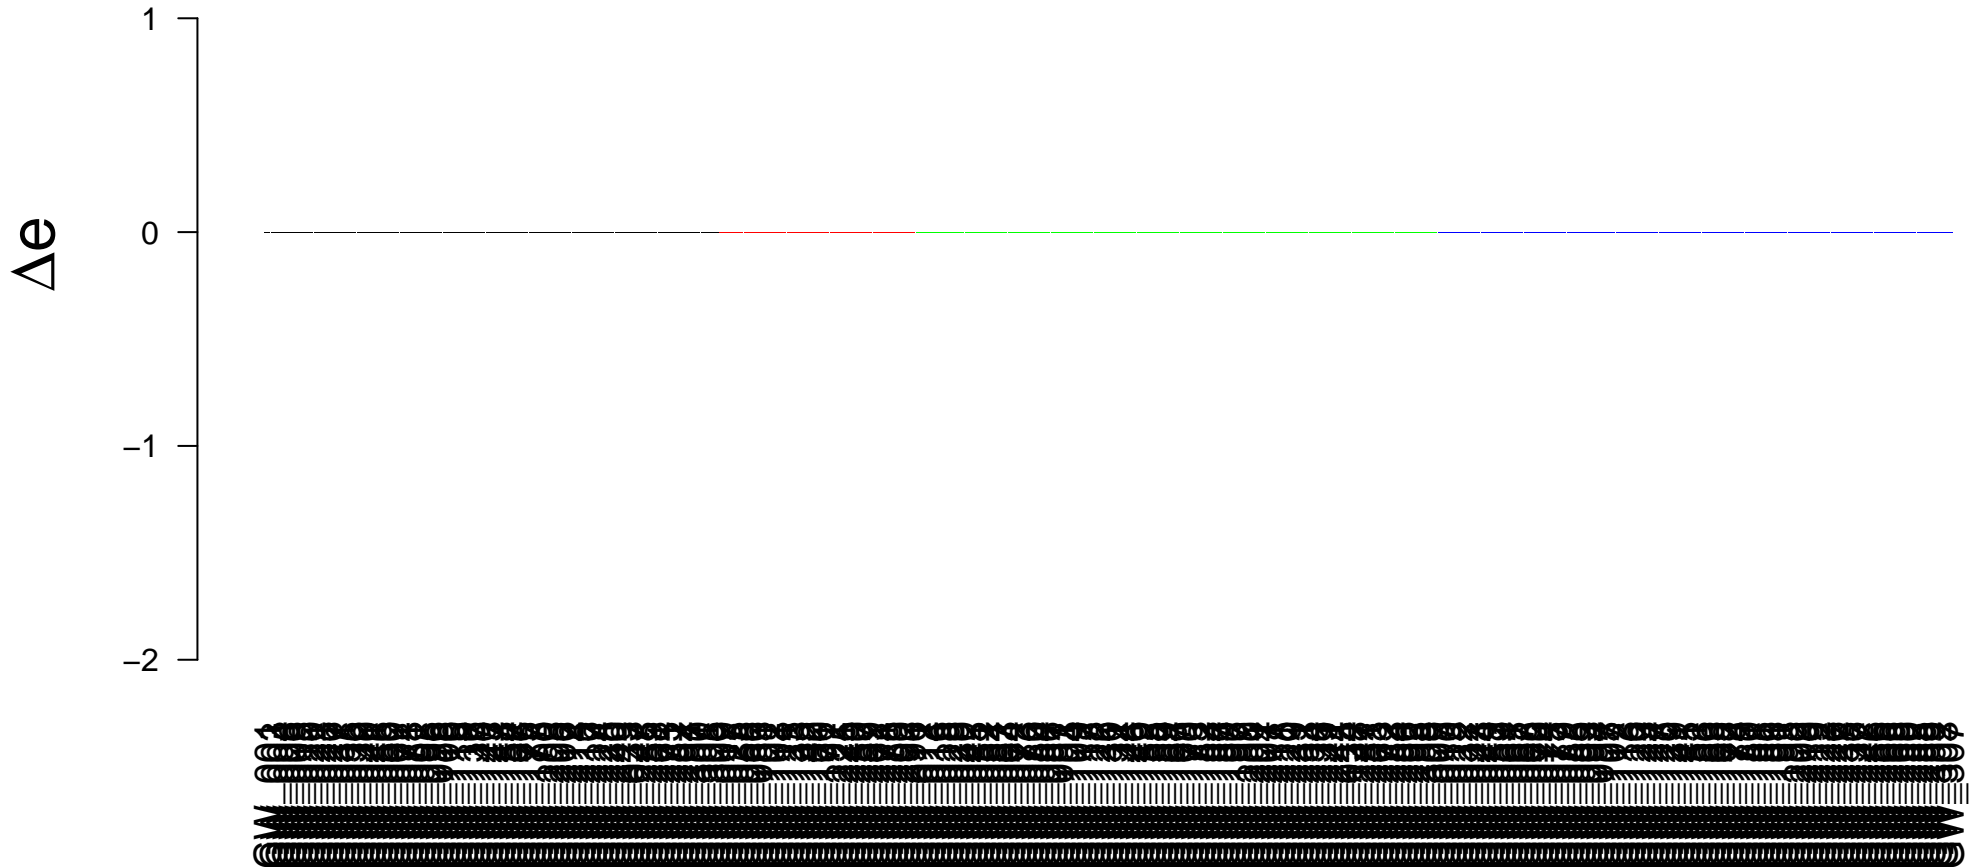

# negative regulation of axonogenesis

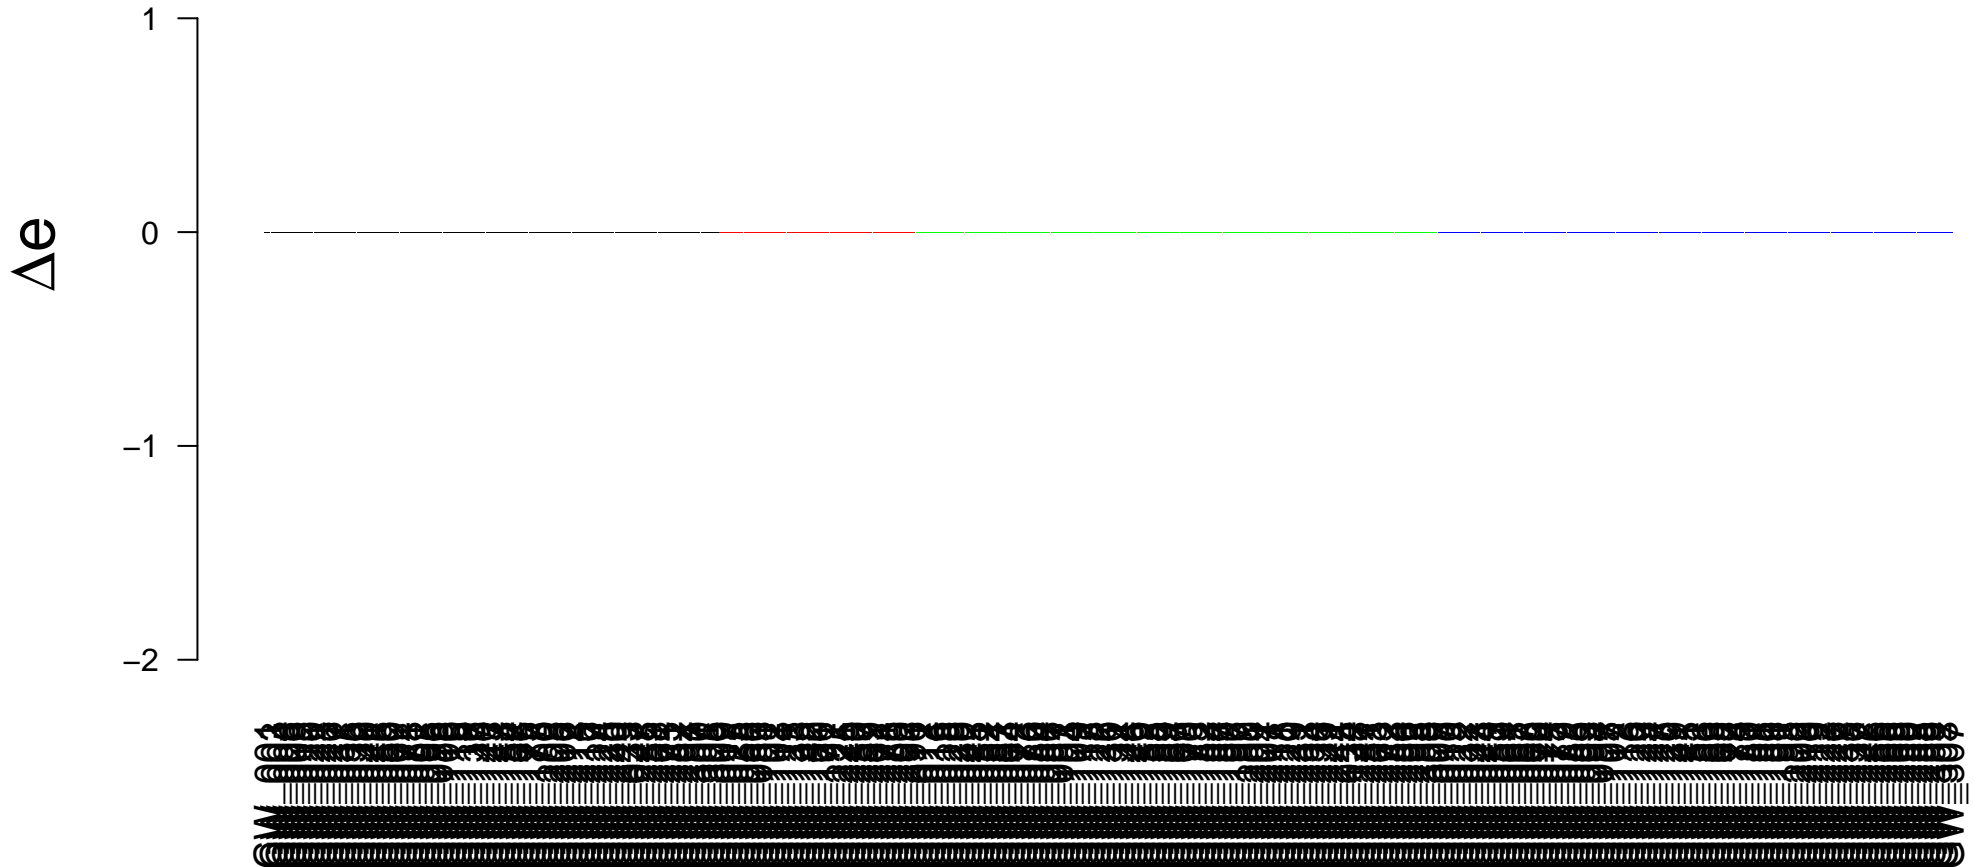

# Enrichment in spots: negative regulation of axonogenesis

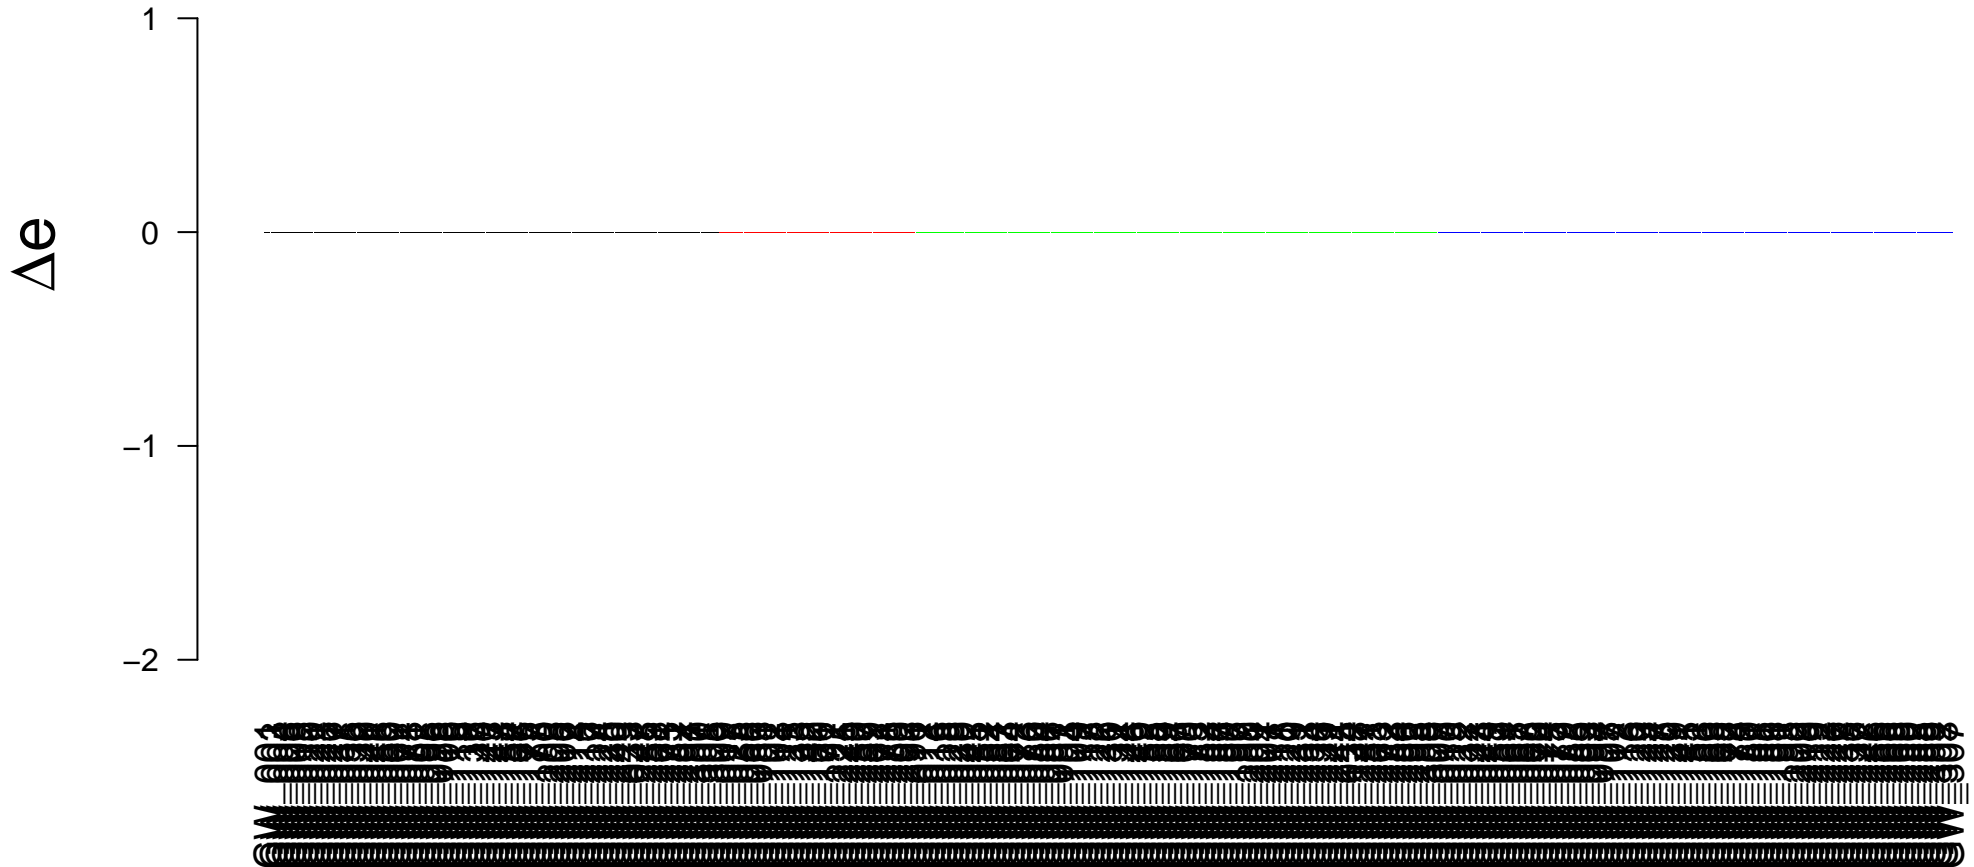

# Expression of negative regulation of axonogenesis in Spot A

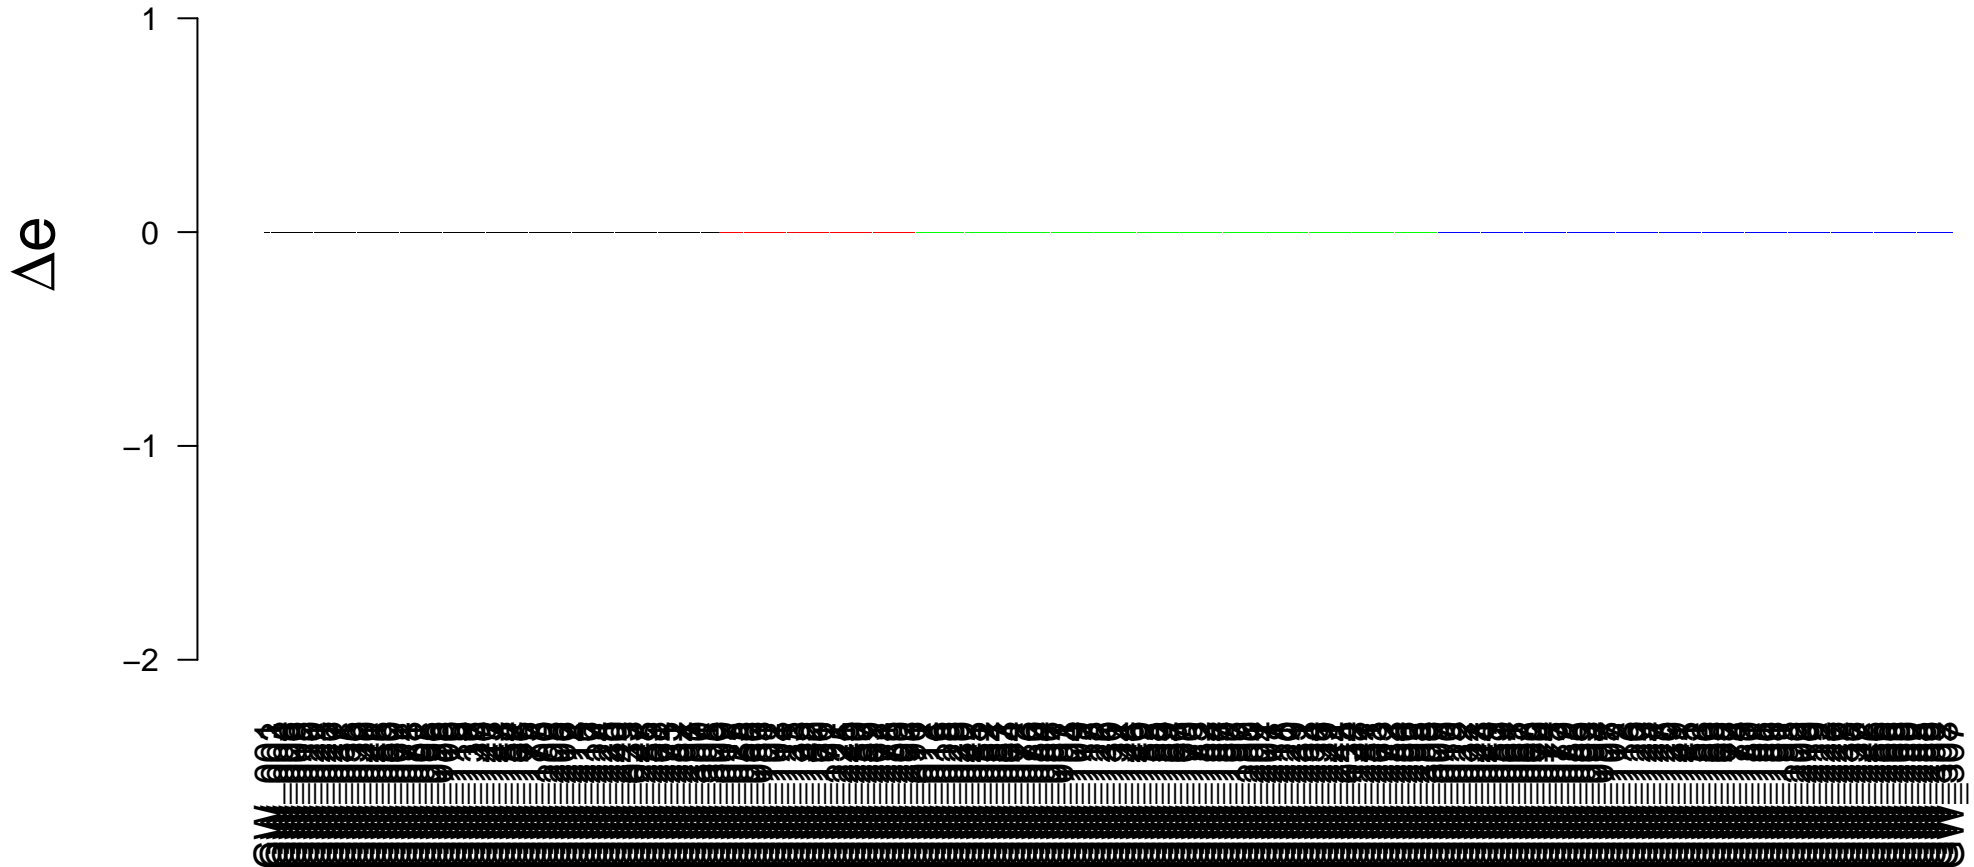

# Expression of negative regulation of axonogenesis in Spot B

# Expression of negative regulation of axonogenesis in Spot C

# Expression of negative regulation of axonogenesis in Spot D

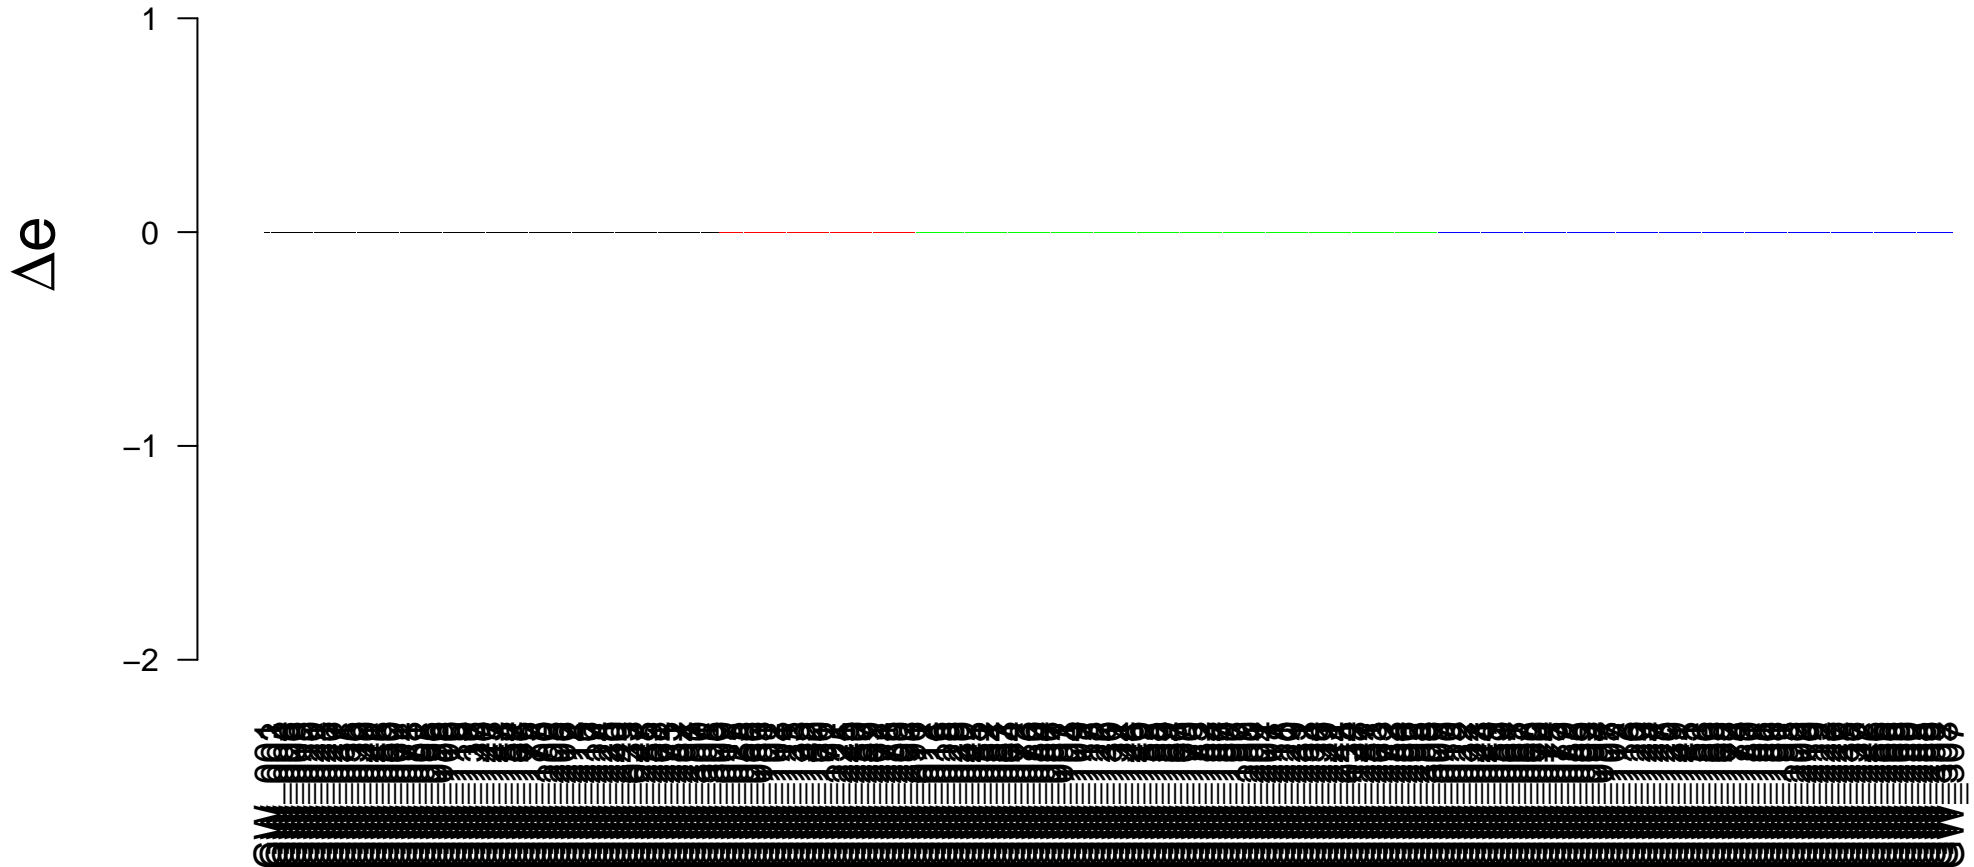

# Expression of negative regulation of axonogenesis in Spot E

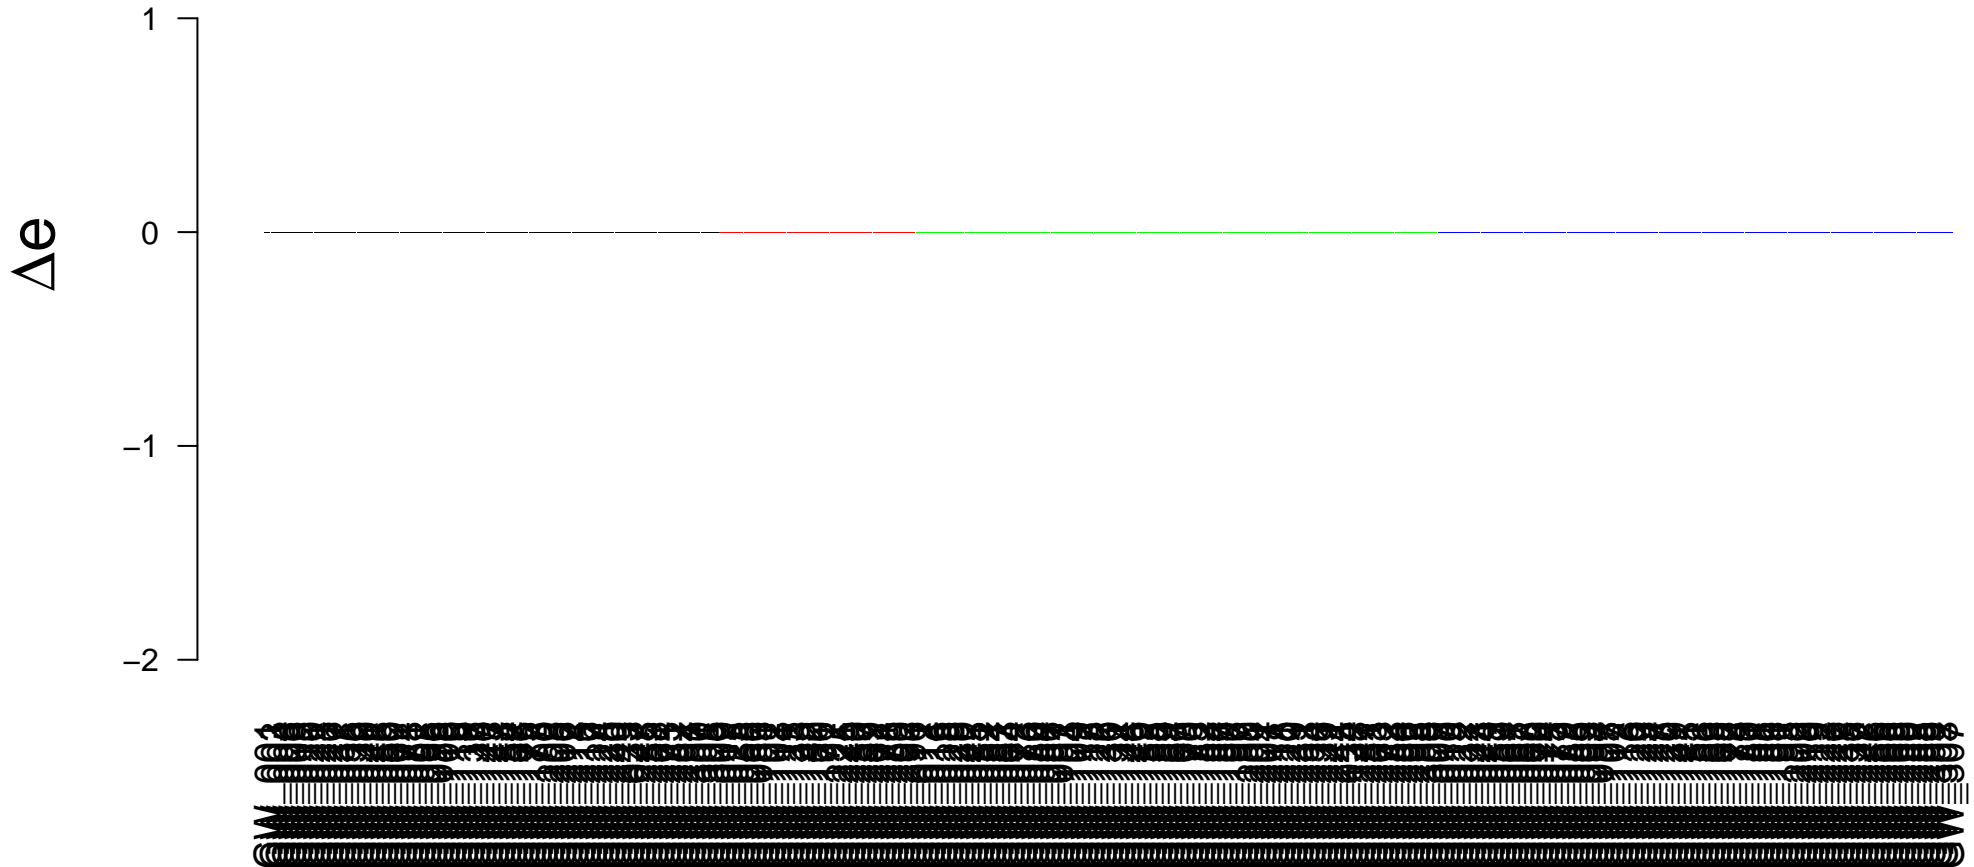

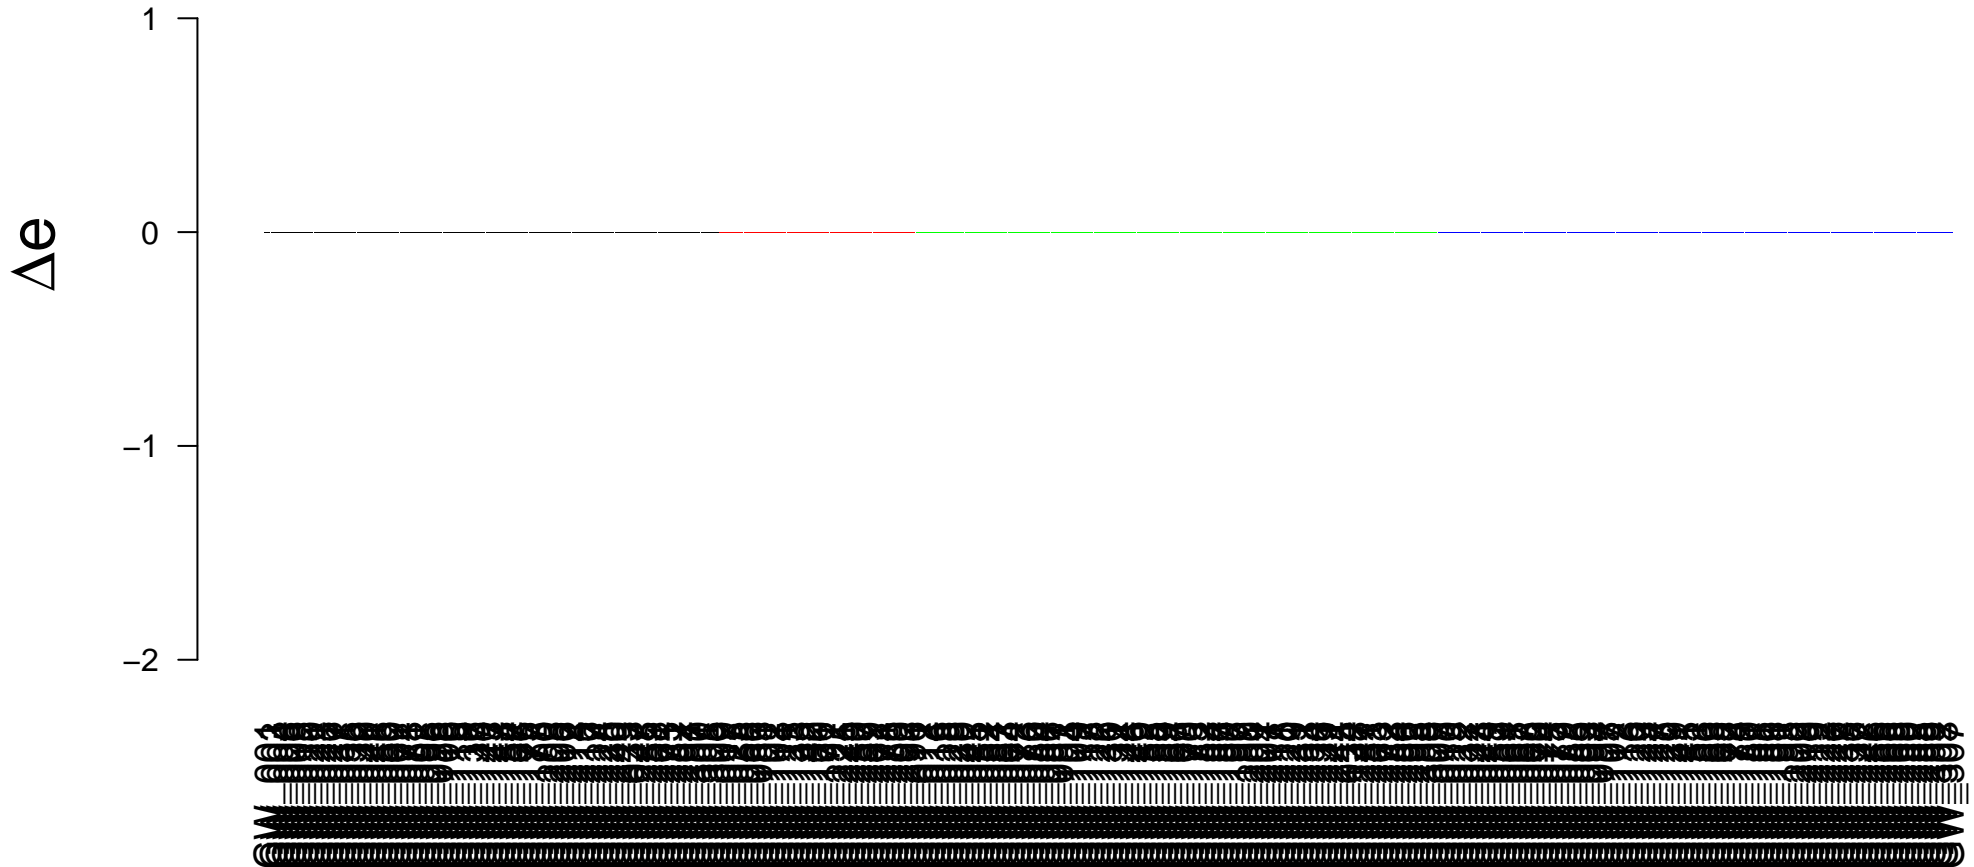

# Expression of negative regulation of axonogenesis in Spot F

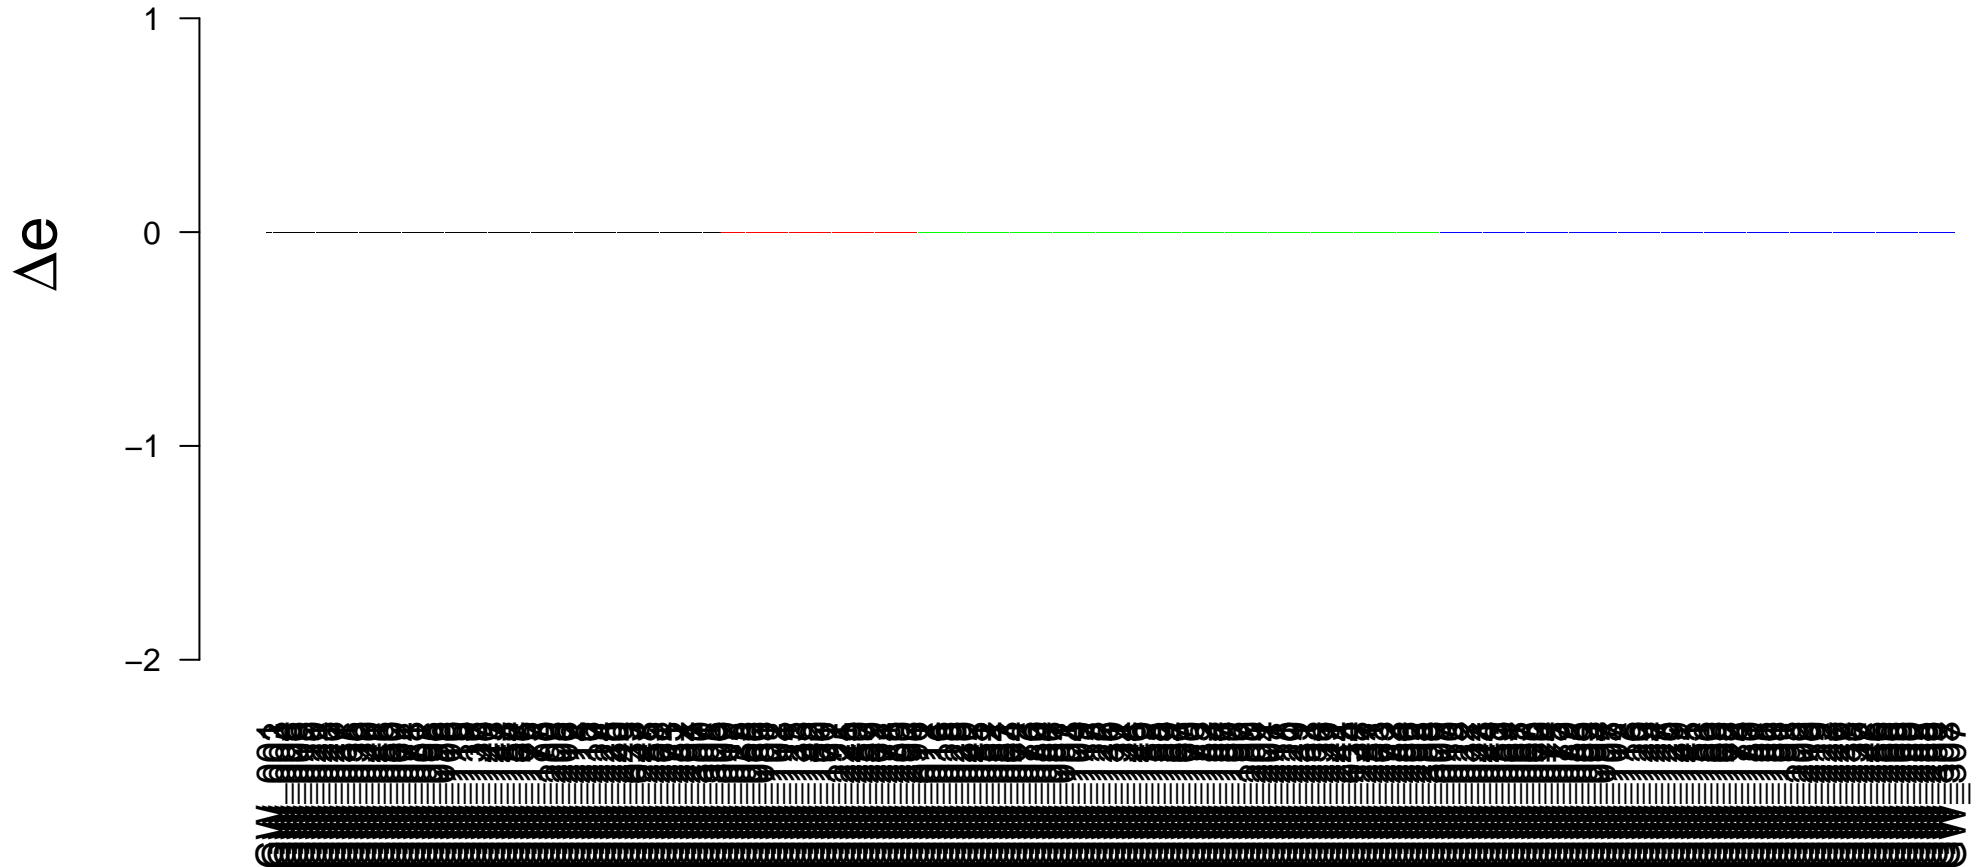

# Expression of negative regulation of axonogenesis in Spot G

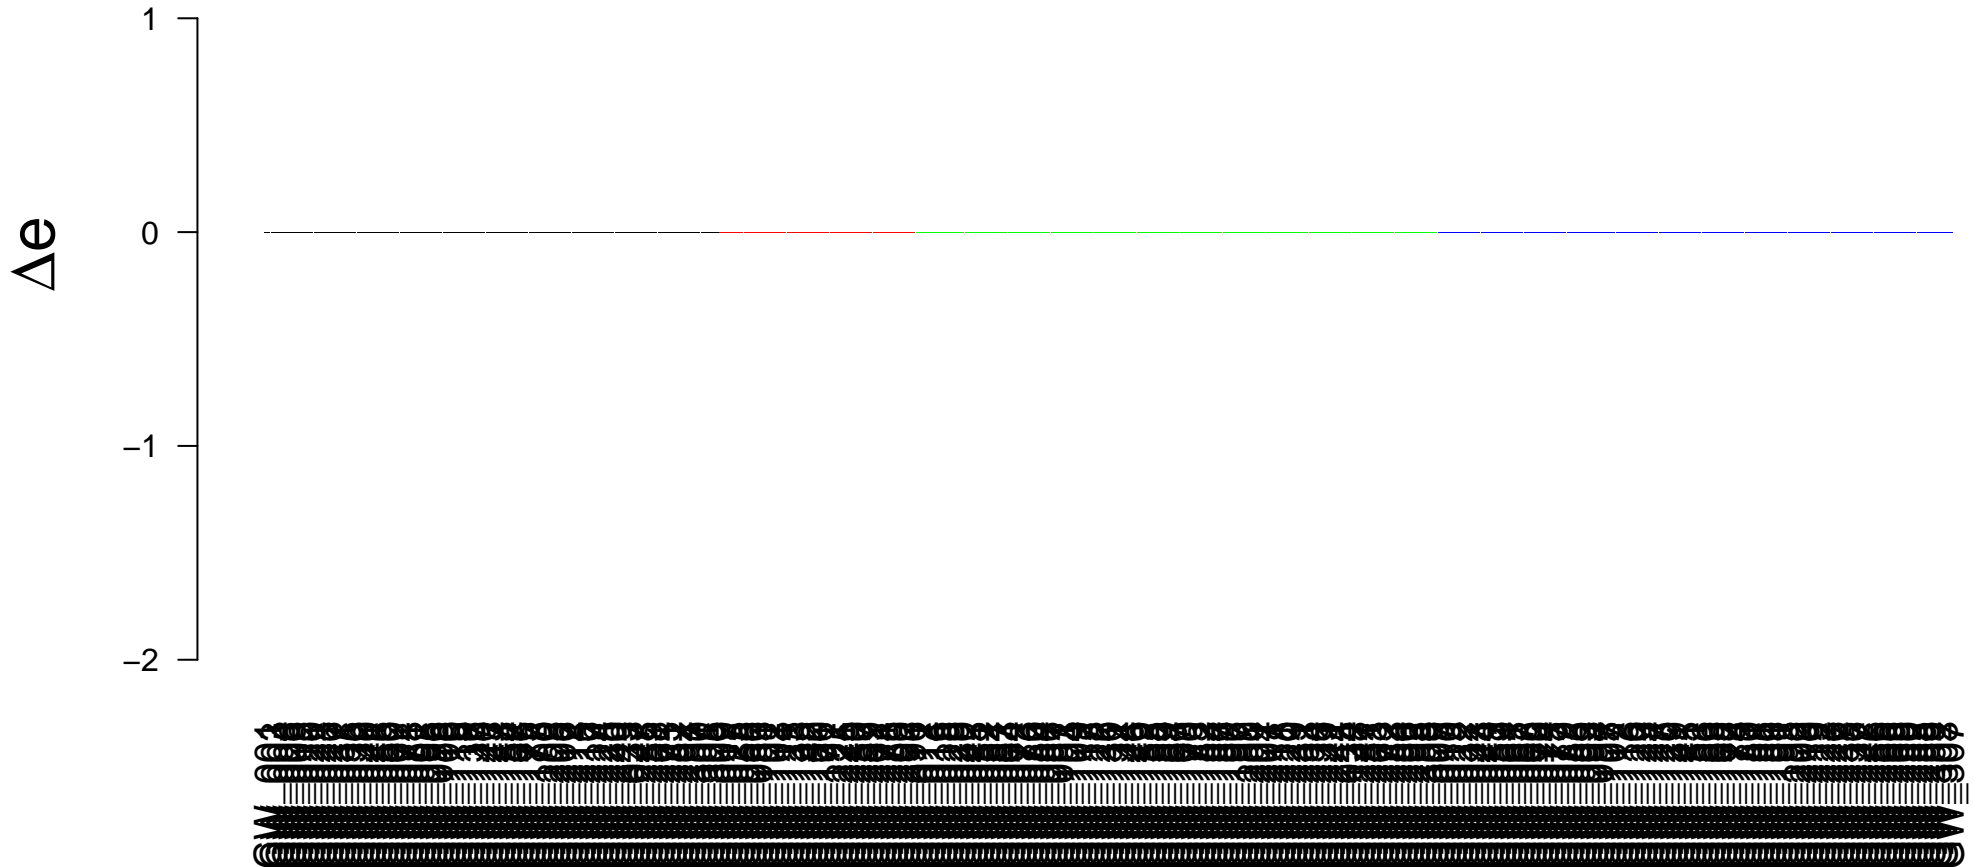

# Expression of negative regulation of axonogenesis in Spot H

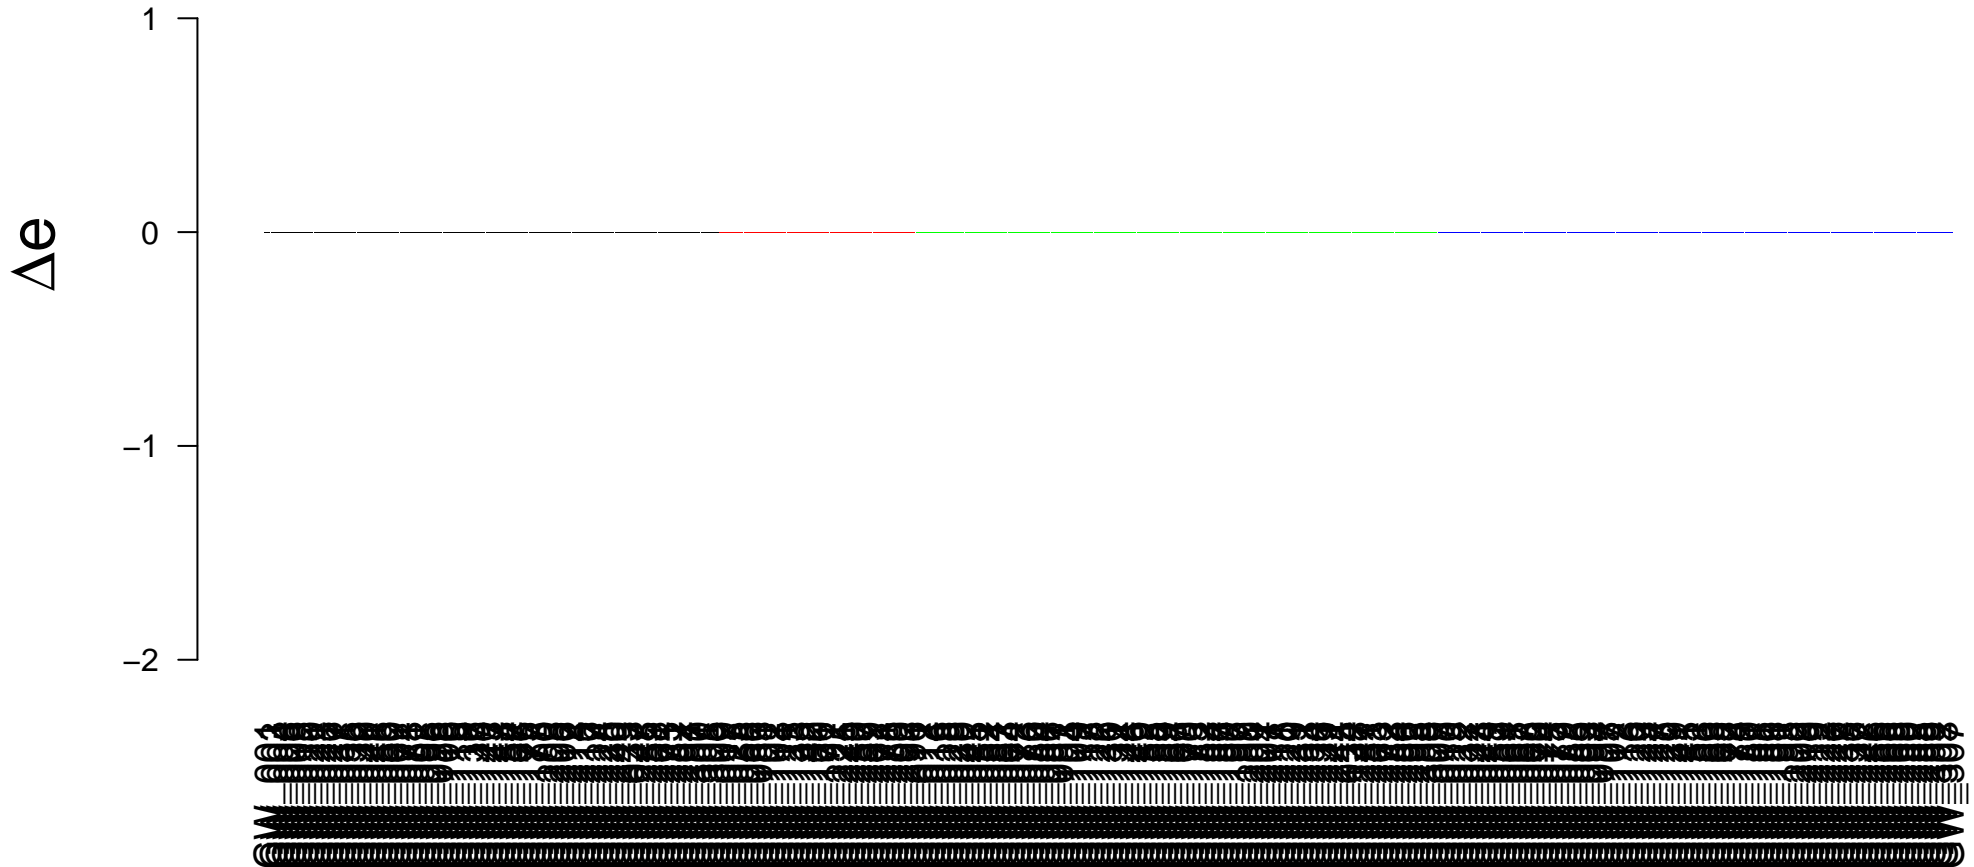

# Expression of negative regulation of axonogenesis in Spot I

# Expression of negative regulation of axonogenesis in Spot J

# Expression of negative regulation of axonogenesis in Spot K

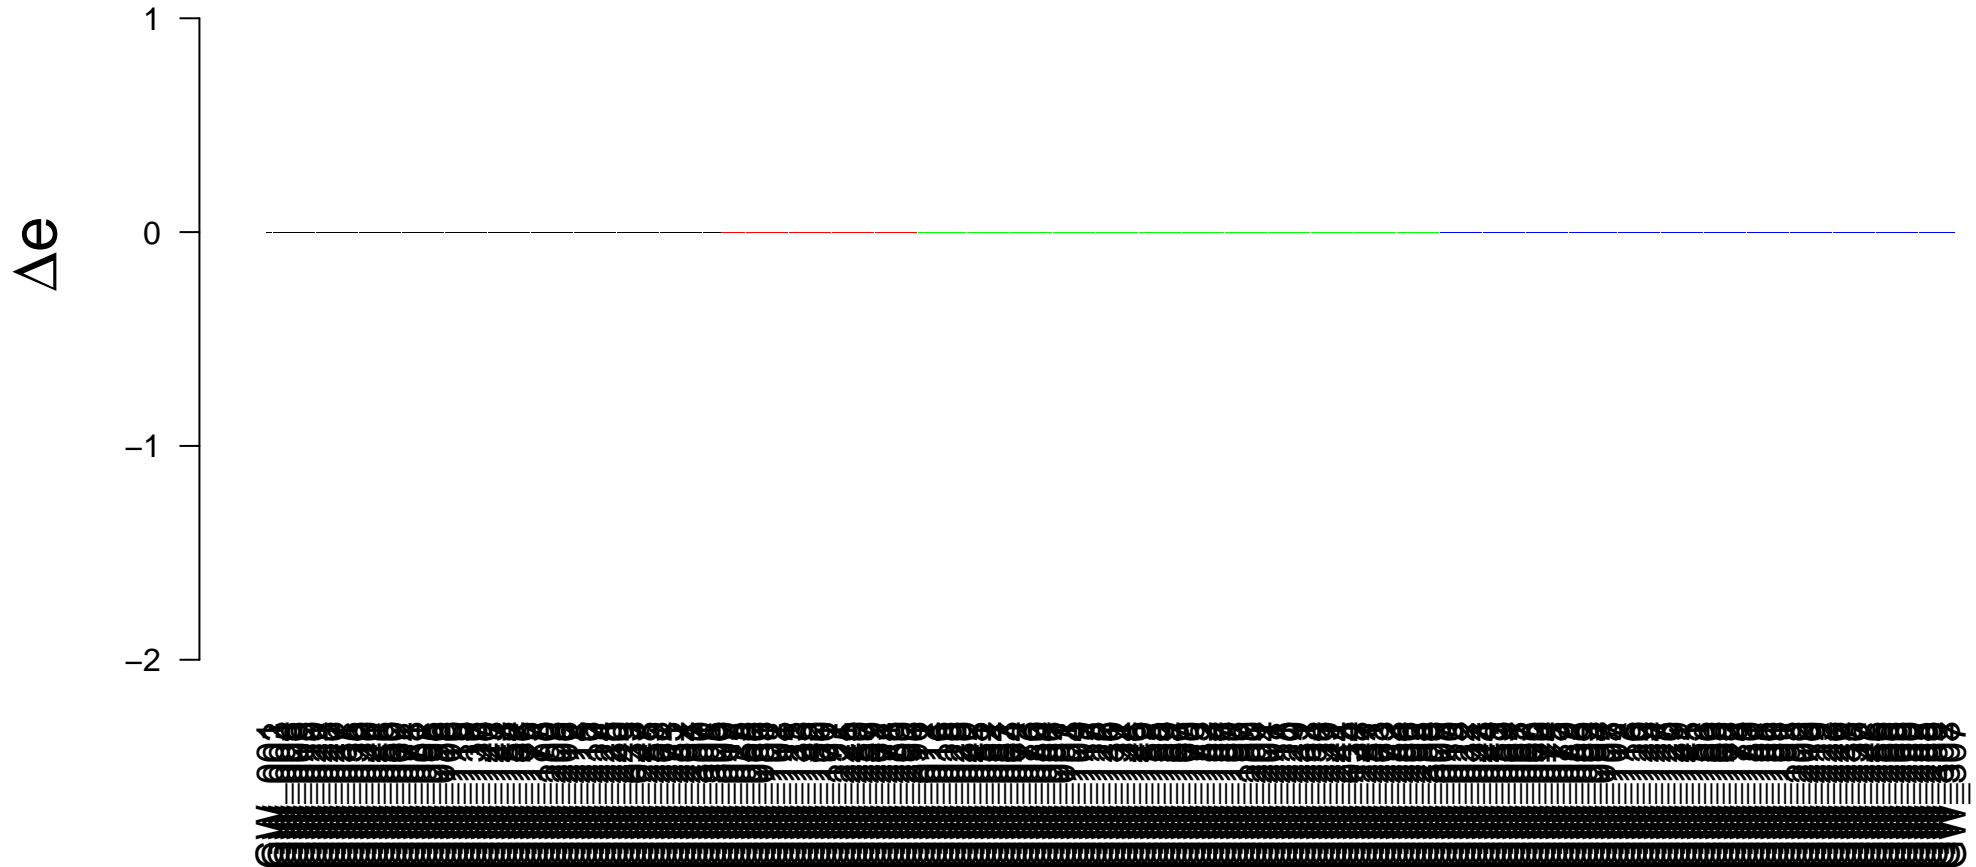

# Expression of negative regulation of axonogenesis in Spot L

$\Delta e$

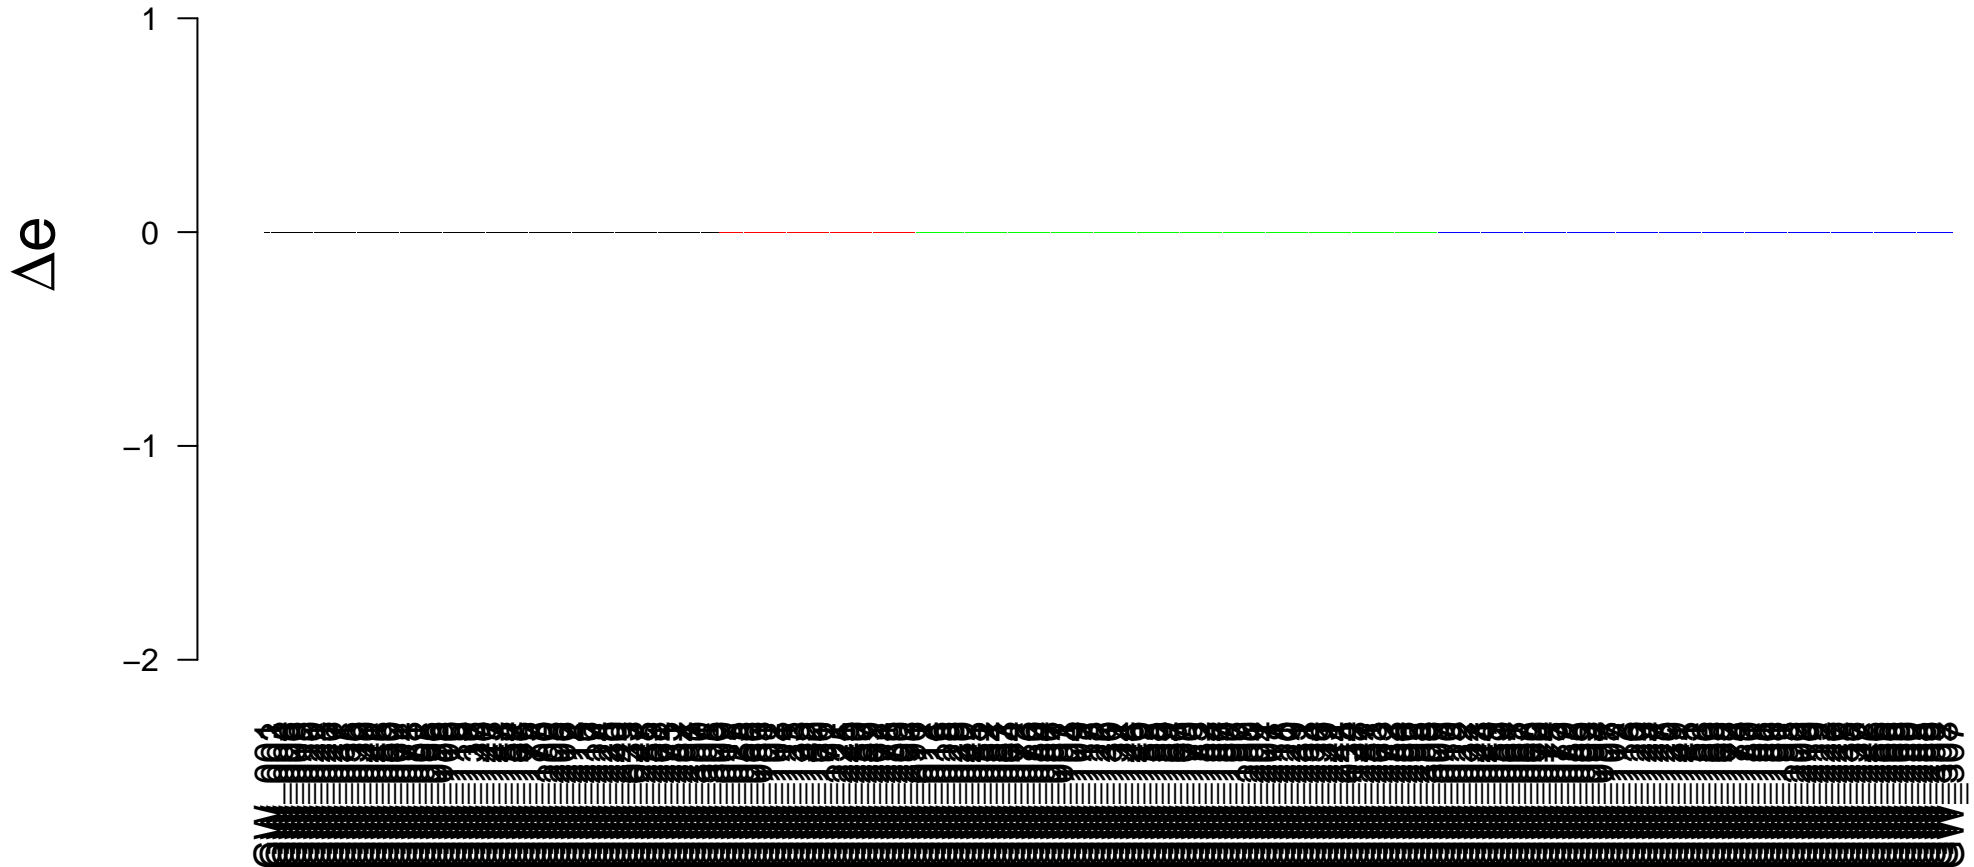

# Expression of negative regulation of axonogenesis in Spot M

# Expression of negative regulation of axonogenesis in Spot N

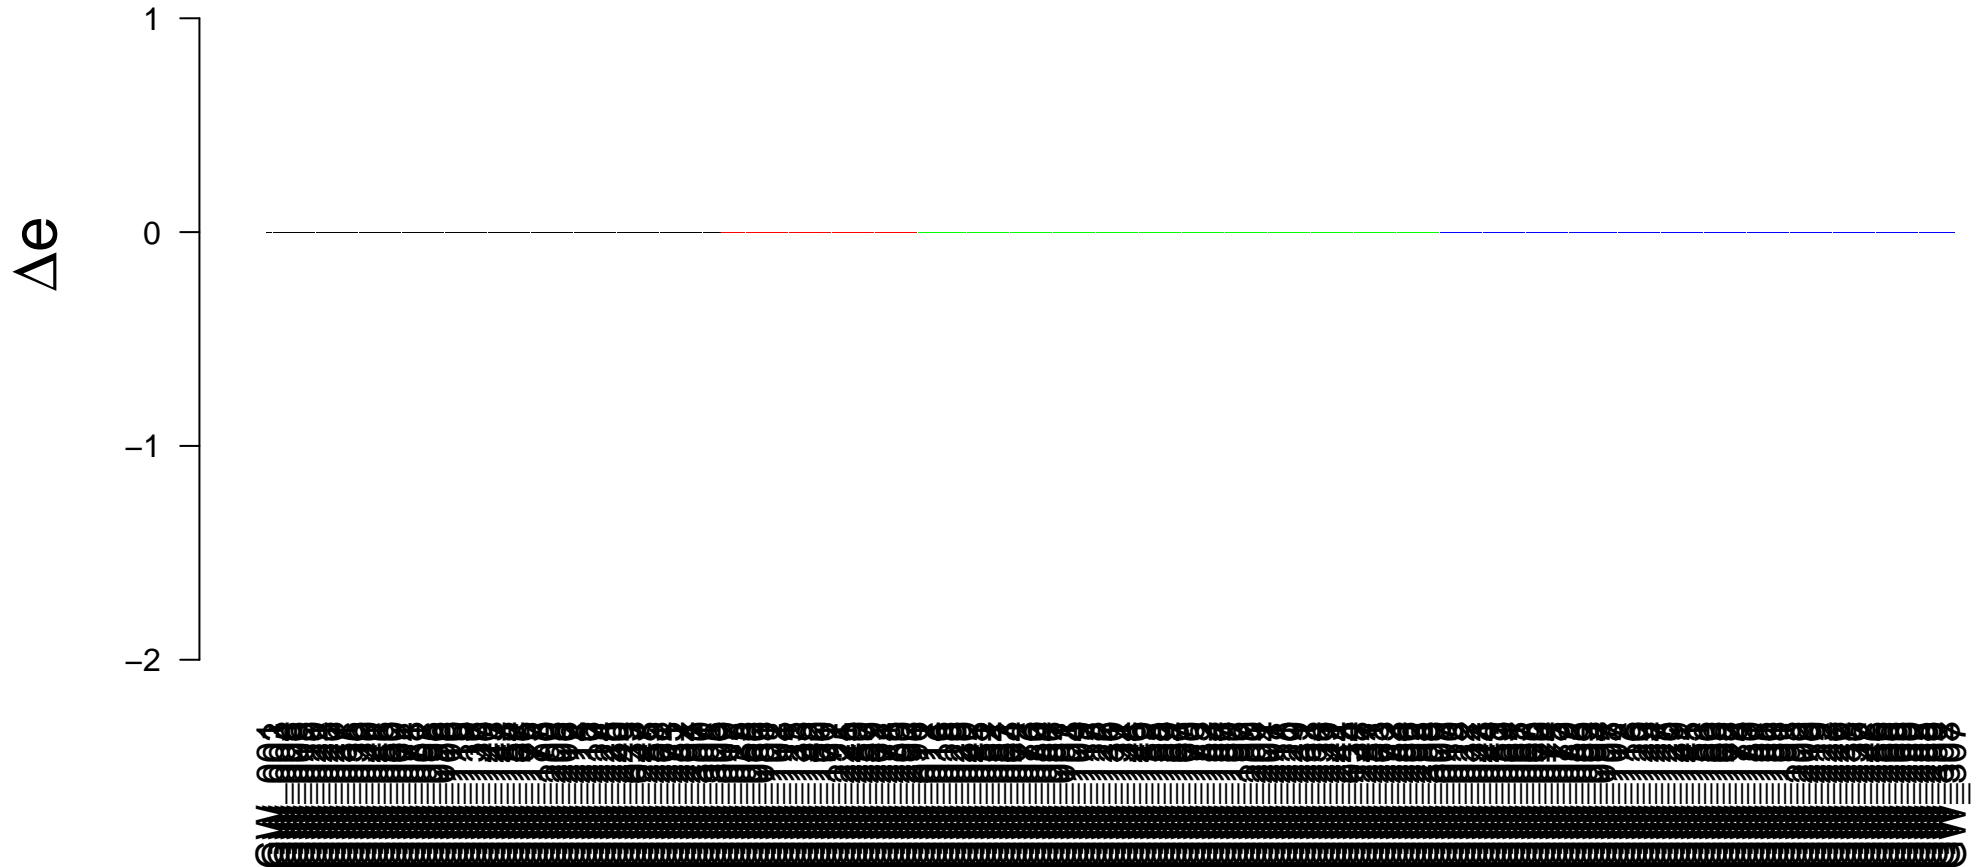

# Expression of negative regulation of axonogenesis in Spot O

# Expression of negative regulation of axonogenesis in Spot P

# Expression of negative regulation of axonogenesis in Spot Q

# Expression of negative regulation of axonogenesis in Spot R
