

negative regulation of cell differentiation

negative regulation of cell differentiation

Enrichment in spots: negative regulation of cell differentiation

Expression of negative regulation of cell differentiation in Spot A

Expression of negative regulation of cell differentiation in Spot B

Δe

Expression of negative regulation of cell differentiation in Spot C

Expression of negative regulation of cell differentiation in Spot D

Expression of negative regulation of cell differentiation in Spot E

Expression of negative regulation of cell differentiation in Spot F

Expression of negative regulation of cell differentiation in Spot G

Expression of negative regulation of cell differentiation in Spot H

Expression of negative regulation of cell differentiation in Spot I

Expression of negative regulation of cell differentiation in Spot J

Δe

Expression of negative regulation of cell differentiation in Spot K

Expression of negative regulation of cell differentiation in Spot L

Δe

Expression of negative regulation of cell differentiation in Spot M

Expression of negative regulation of cell differentiation in Spot N

Expression of negative regulation of cell differentiation in Spot O

Expression of negative regulation of cell differentiation in Spot P

Expression of negative regulation of cell differentiation in Spot Q

Δe

Expression of negative regulation of cell differentiation in Spot R
