

negative regulation of endothelial cell migration

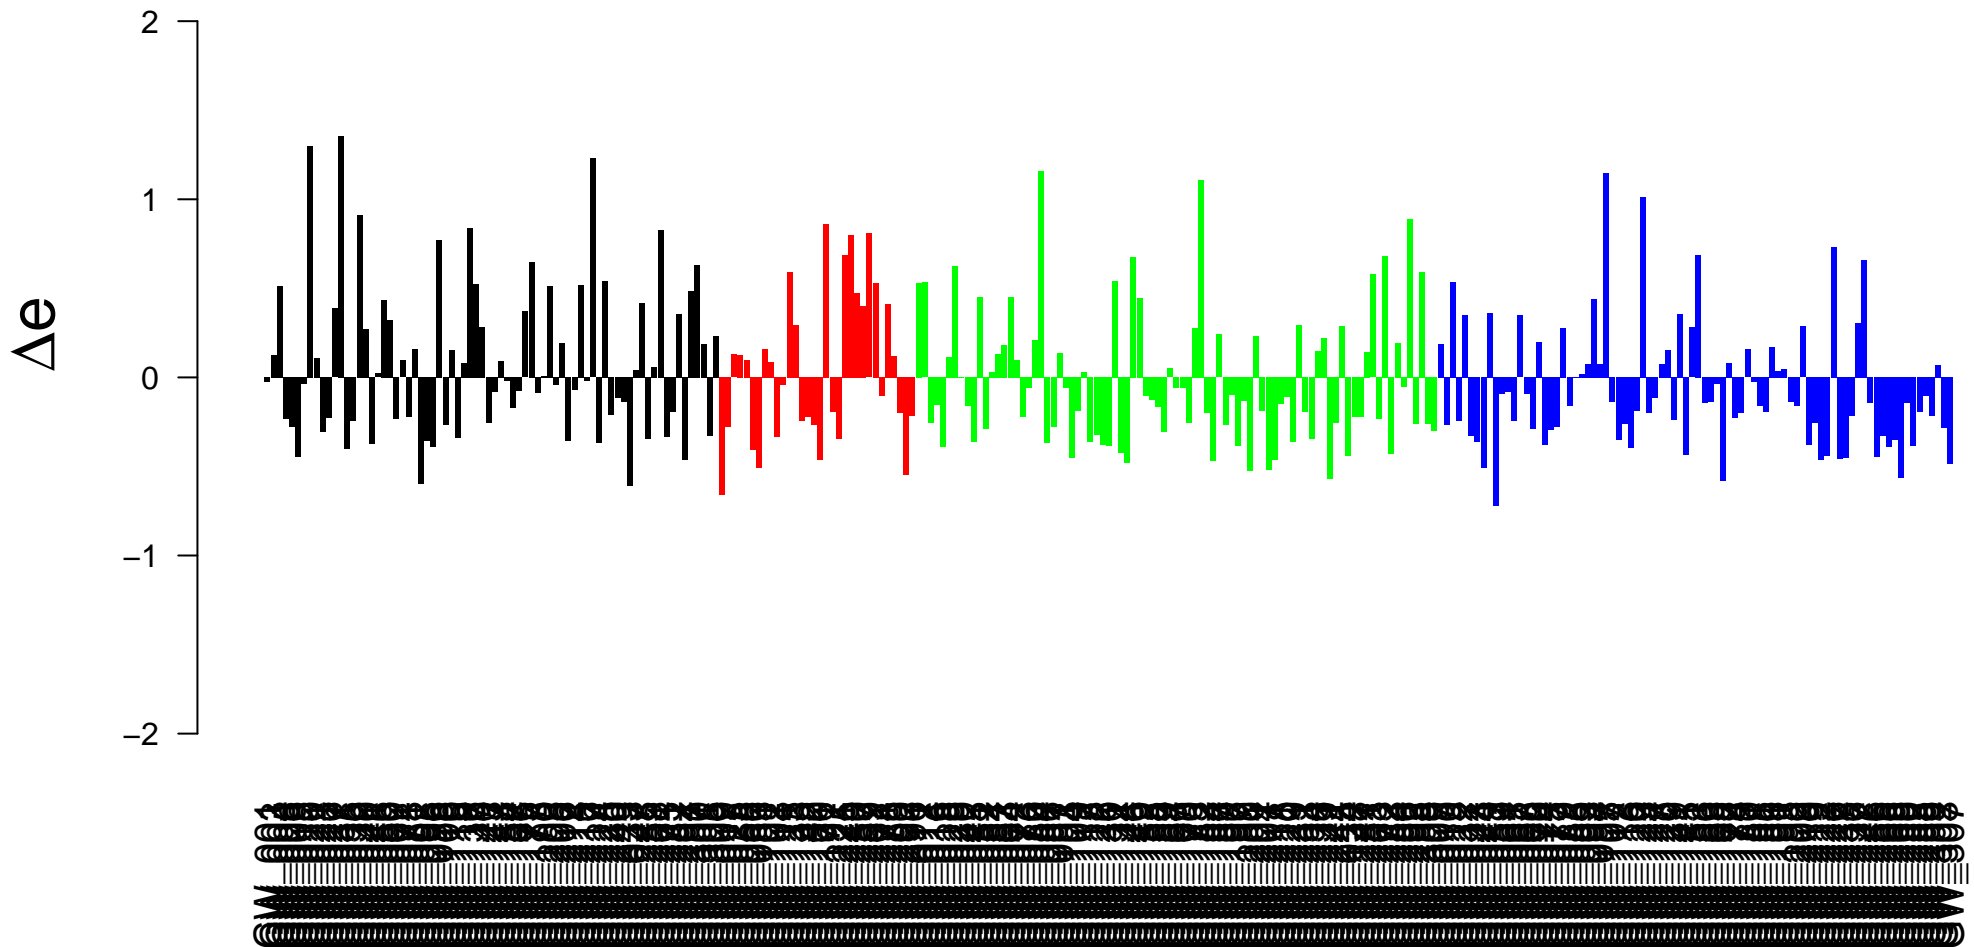

negative regulation of endothelial cell migration

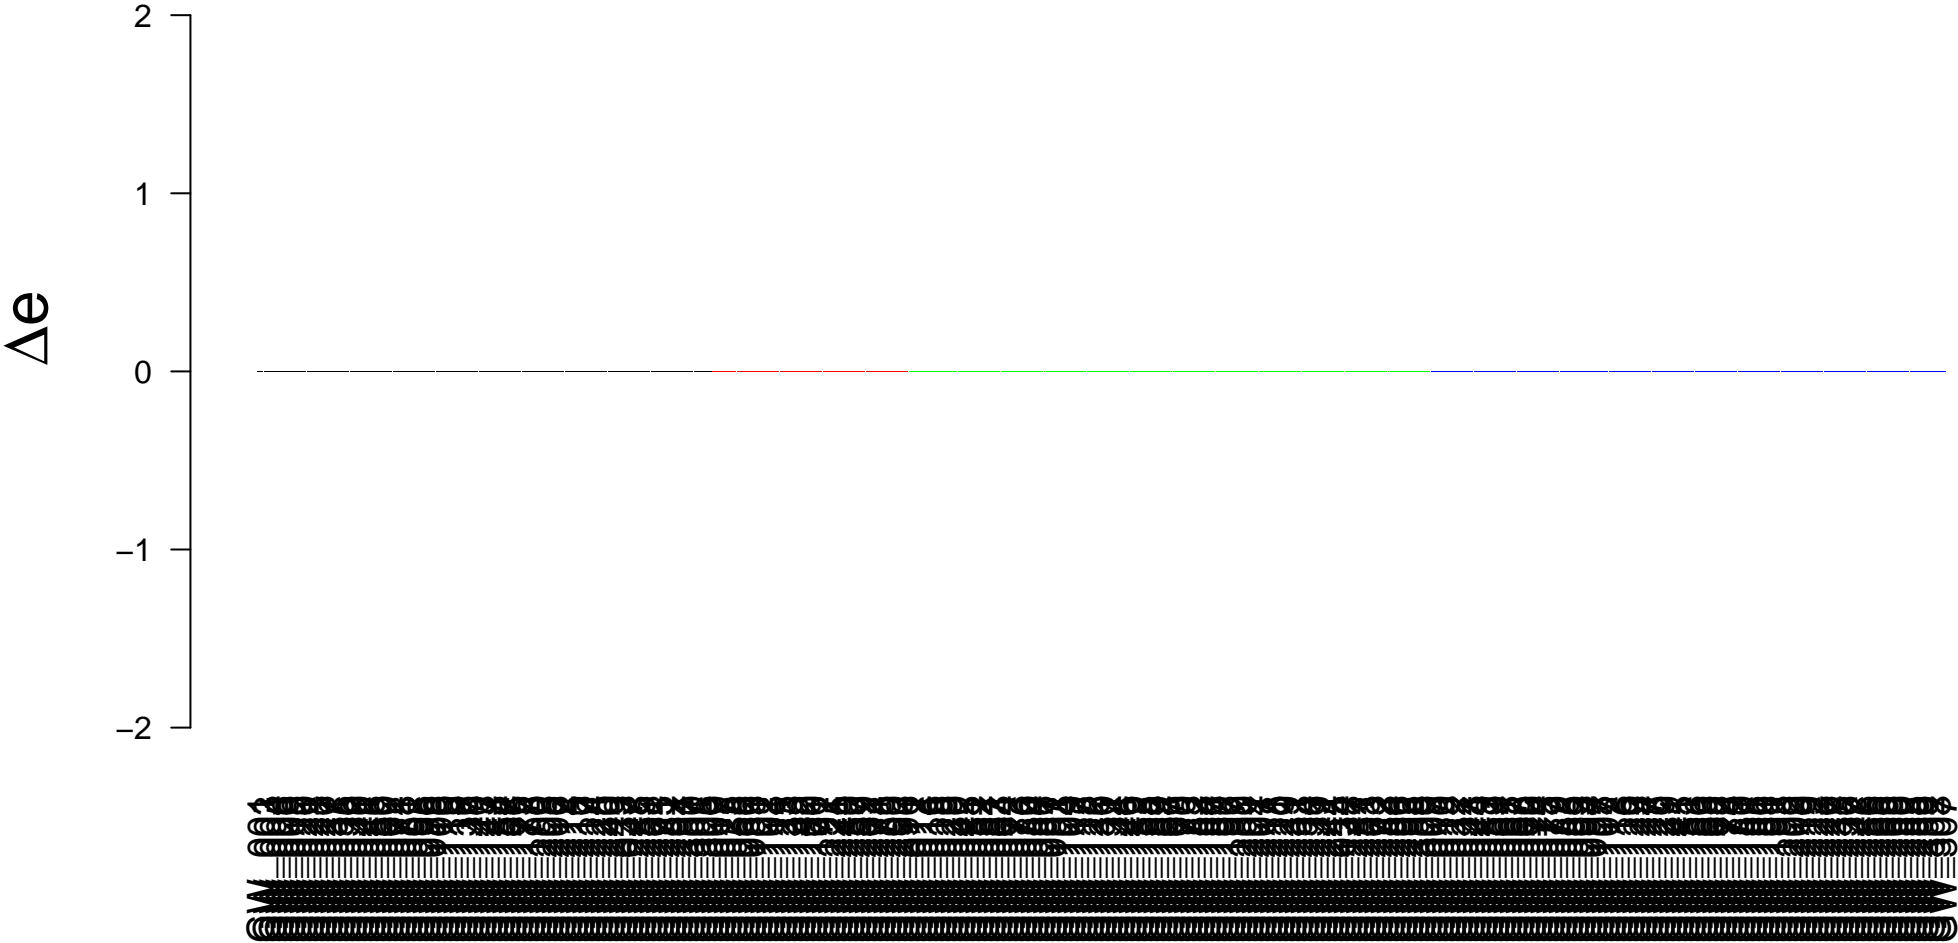

Enrichment in spots: negative regulation of endothelial cell migration

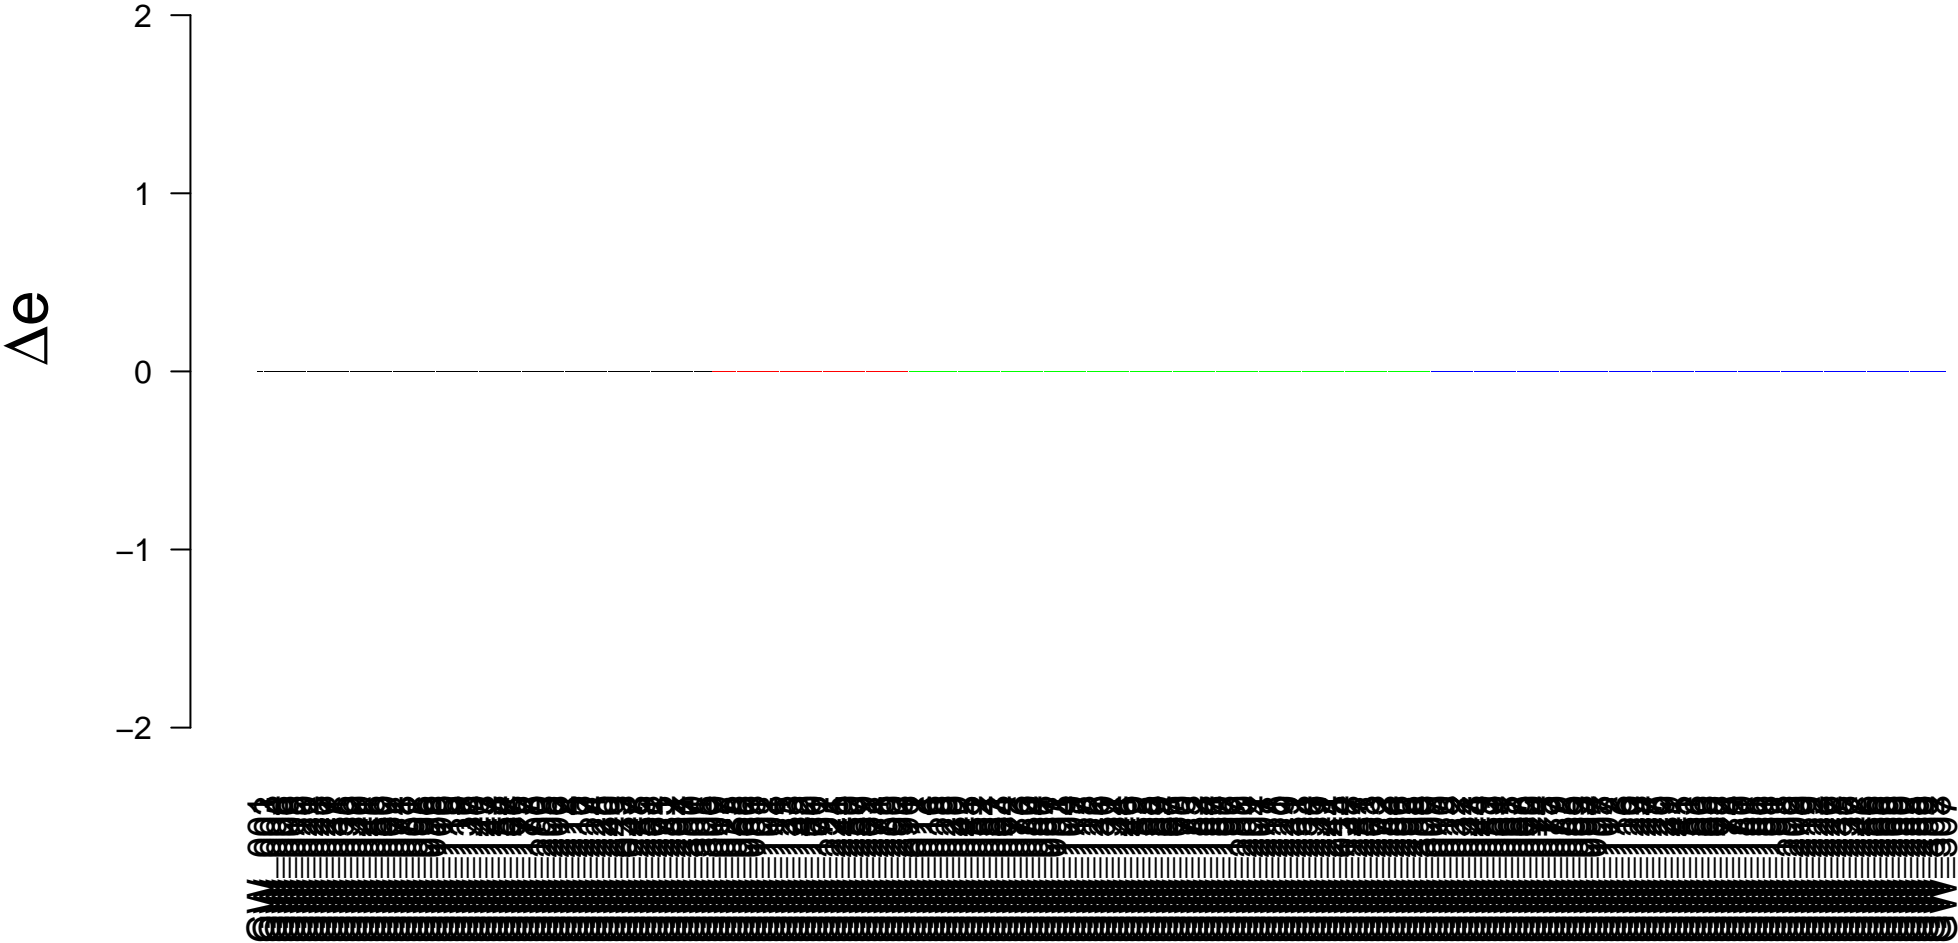

Expression of negative regulation of endothelial cell migration in Spot A

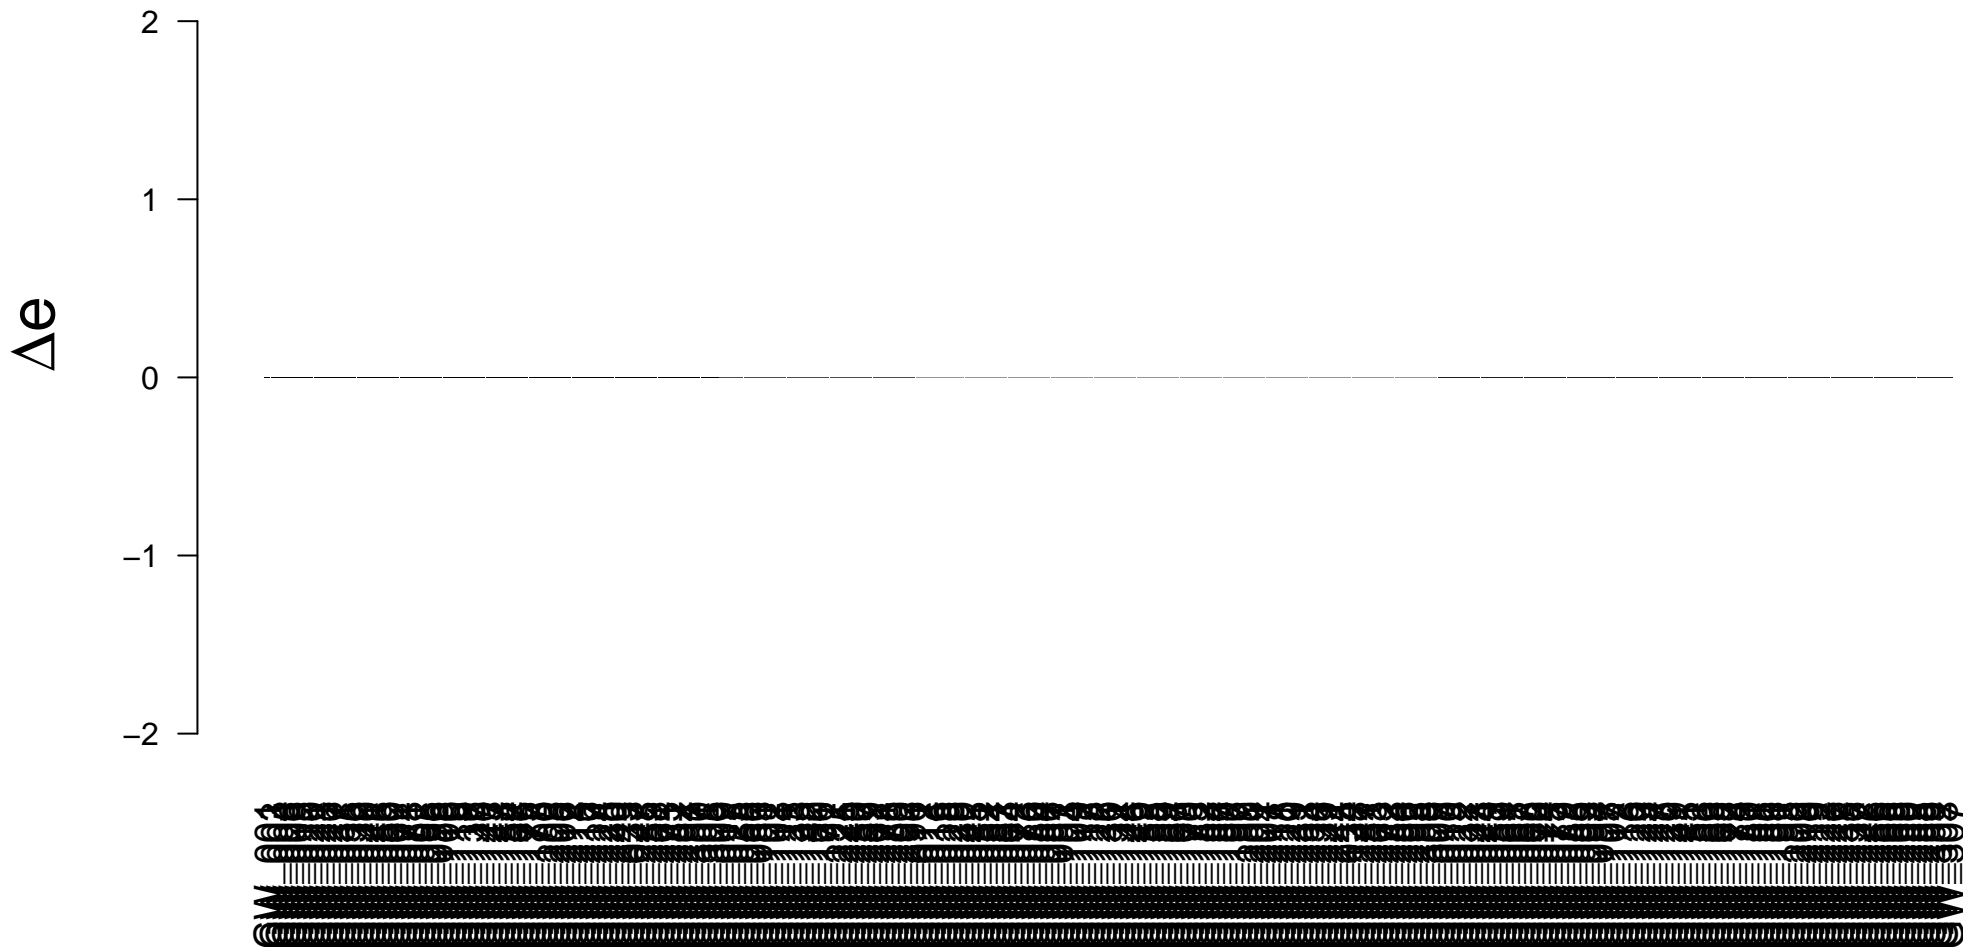

Expression of negative regulation of endothelial cell migration in Spot B

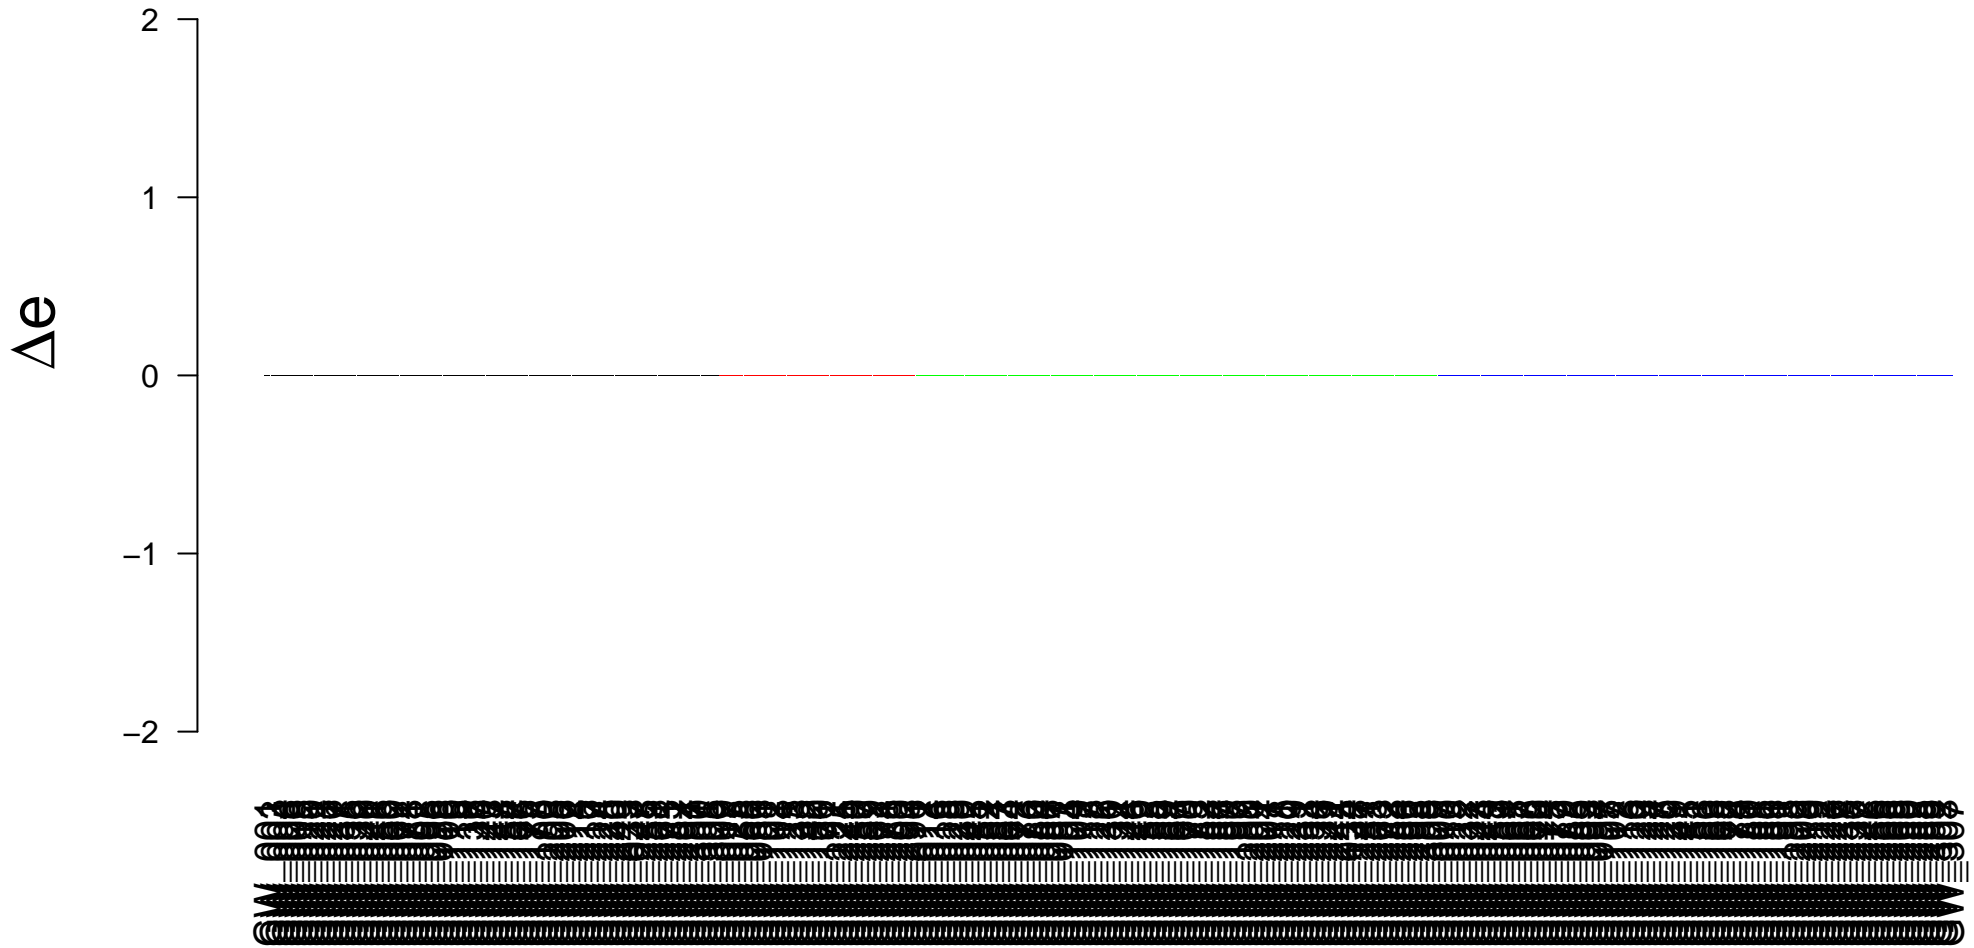

Expression of negative regulation of endothelial cell migration in Spot C

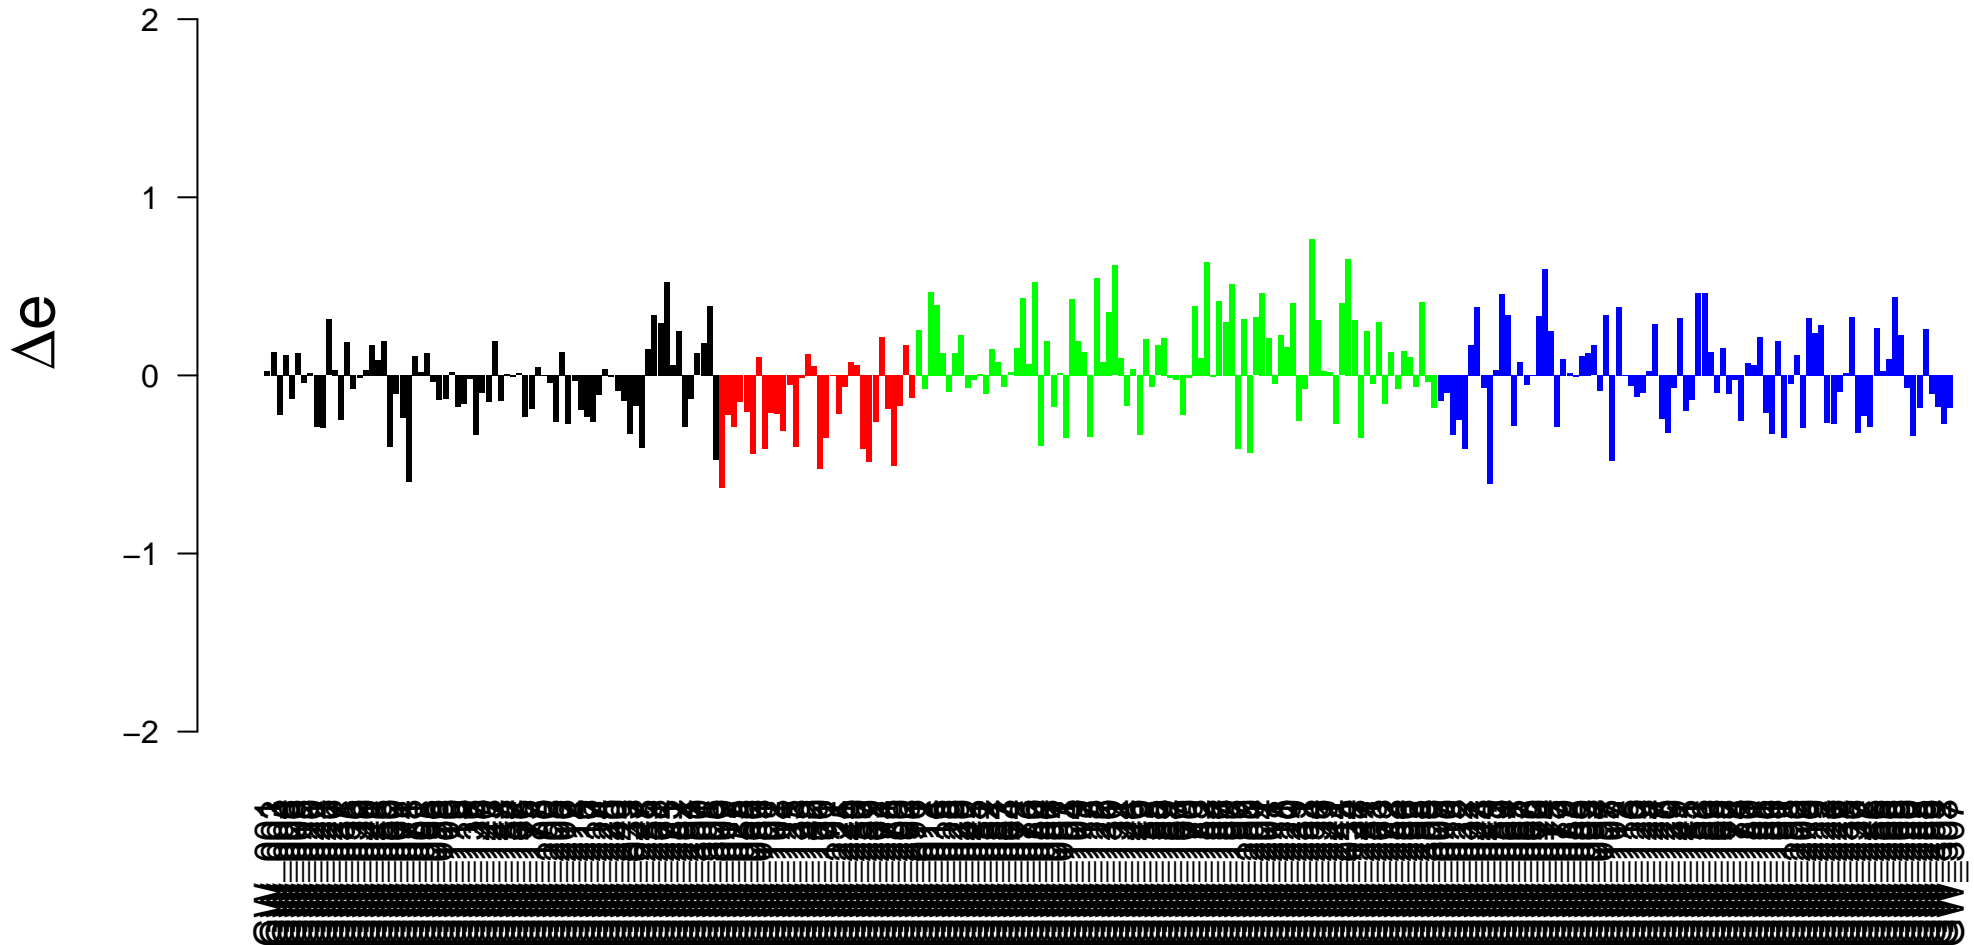

Expression of negative regulation of endothelial cell migration in Spot D

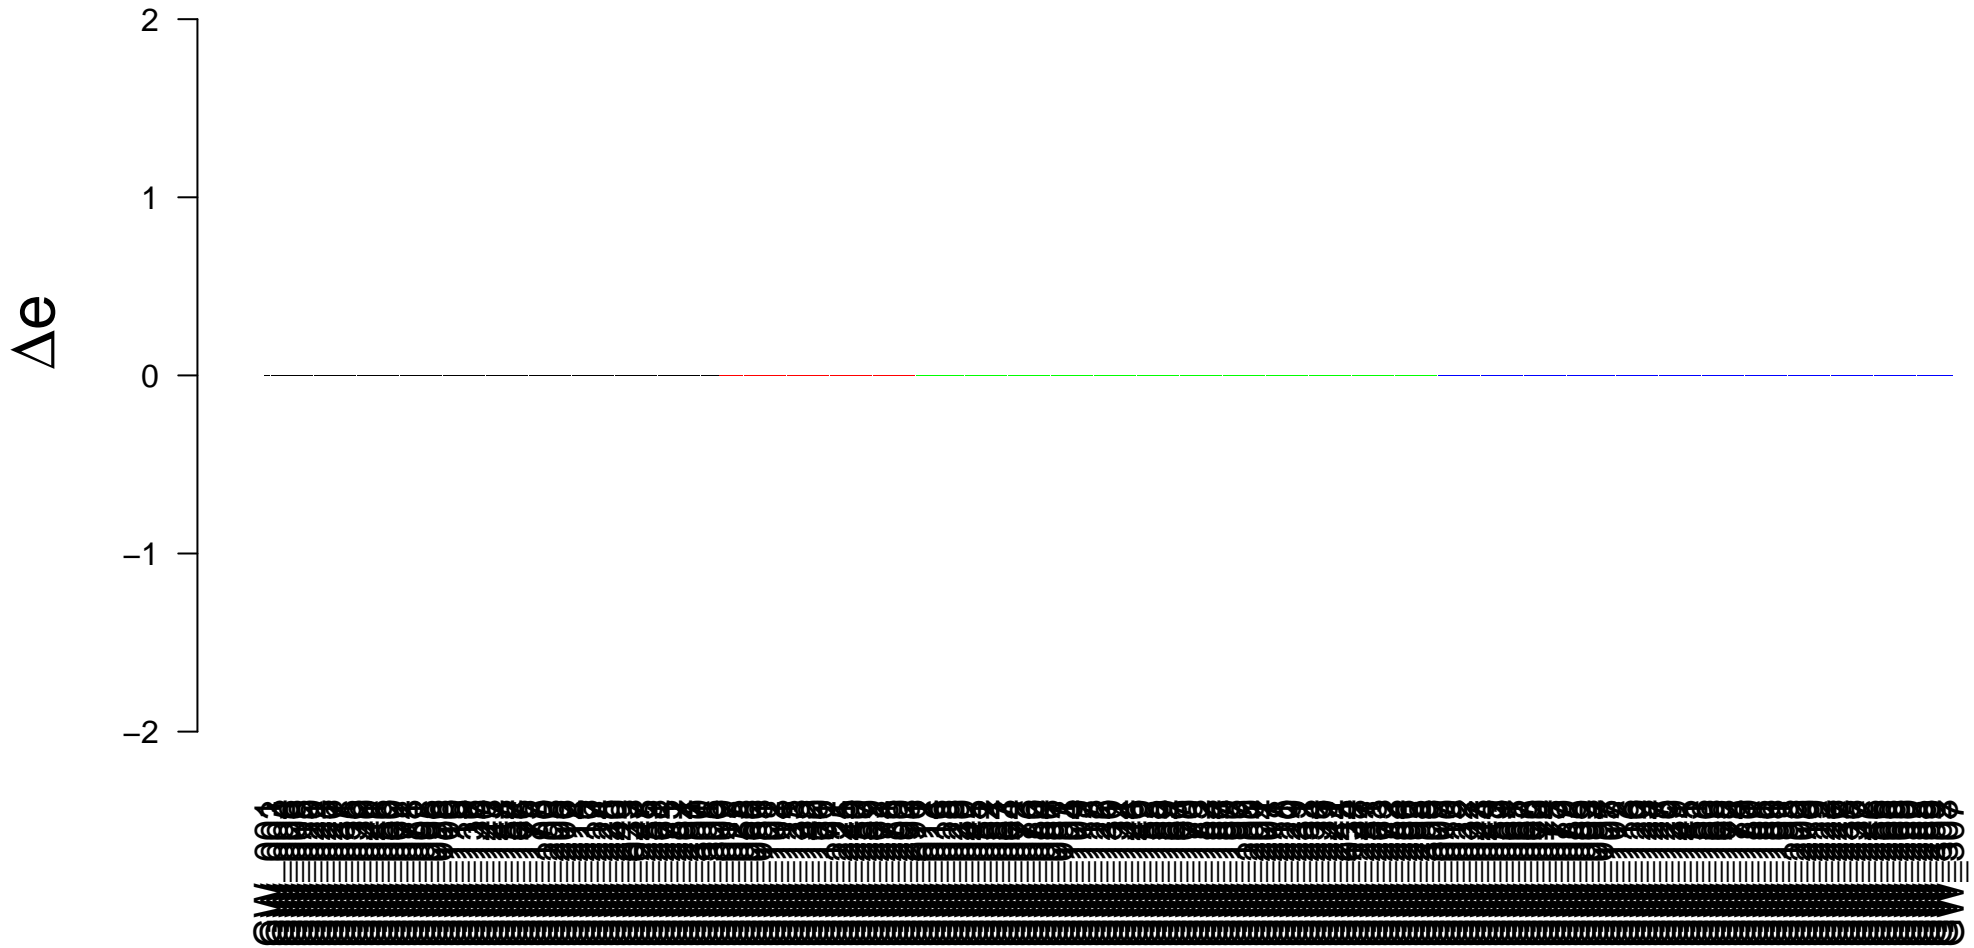

Expression of negative regulation of endothelial cell migration in Spot E

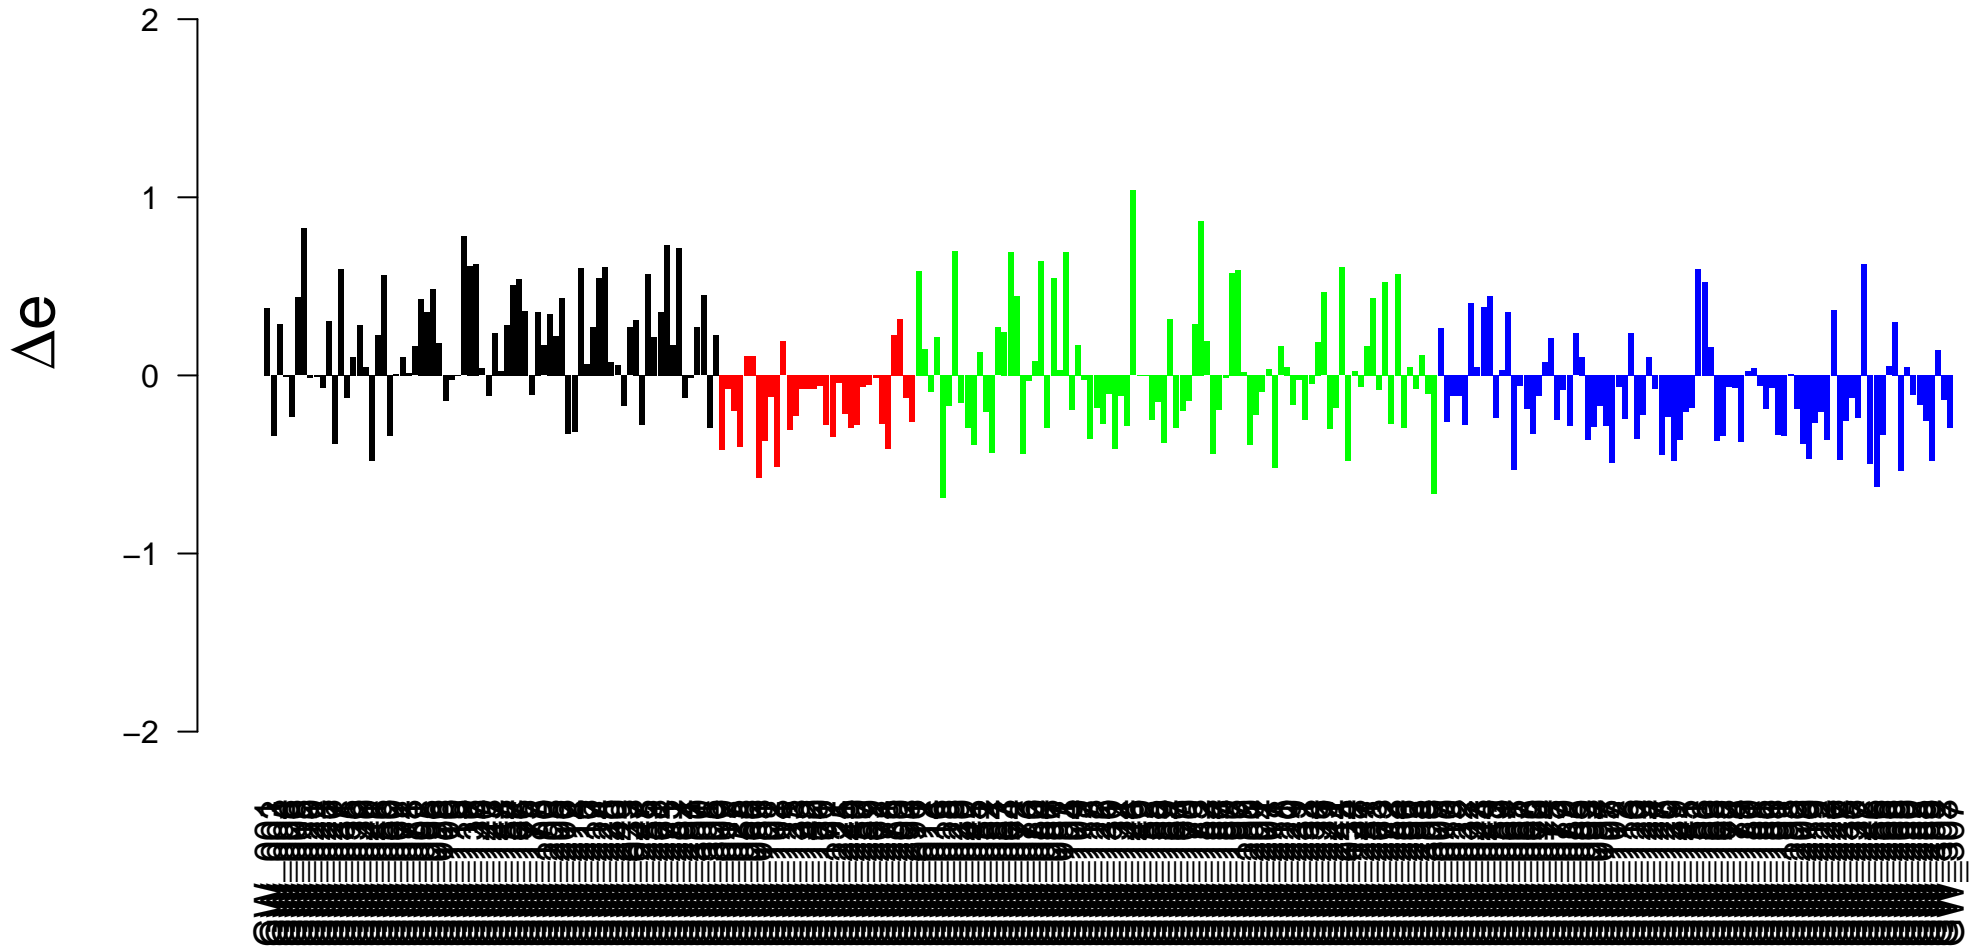

Expression of negative regulation of endothelial cell migration in Spot F

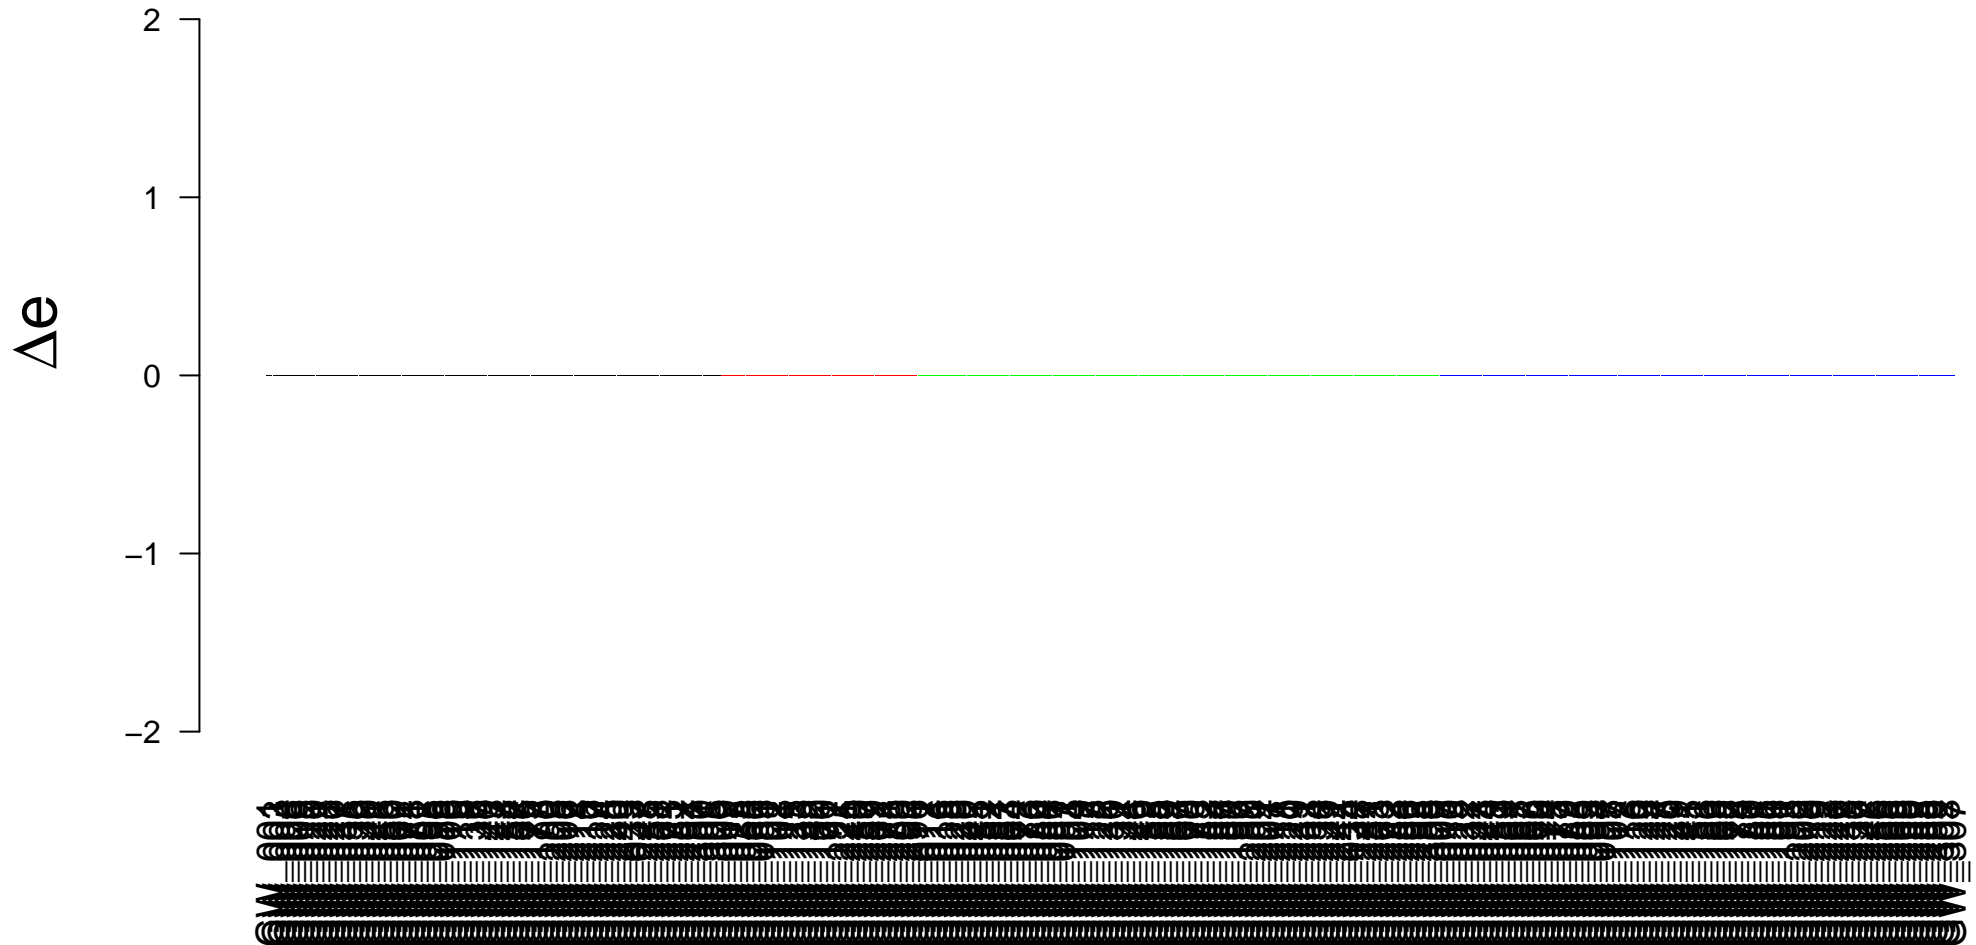

Expression of negative regulation of endothelial cell migration in Spot G

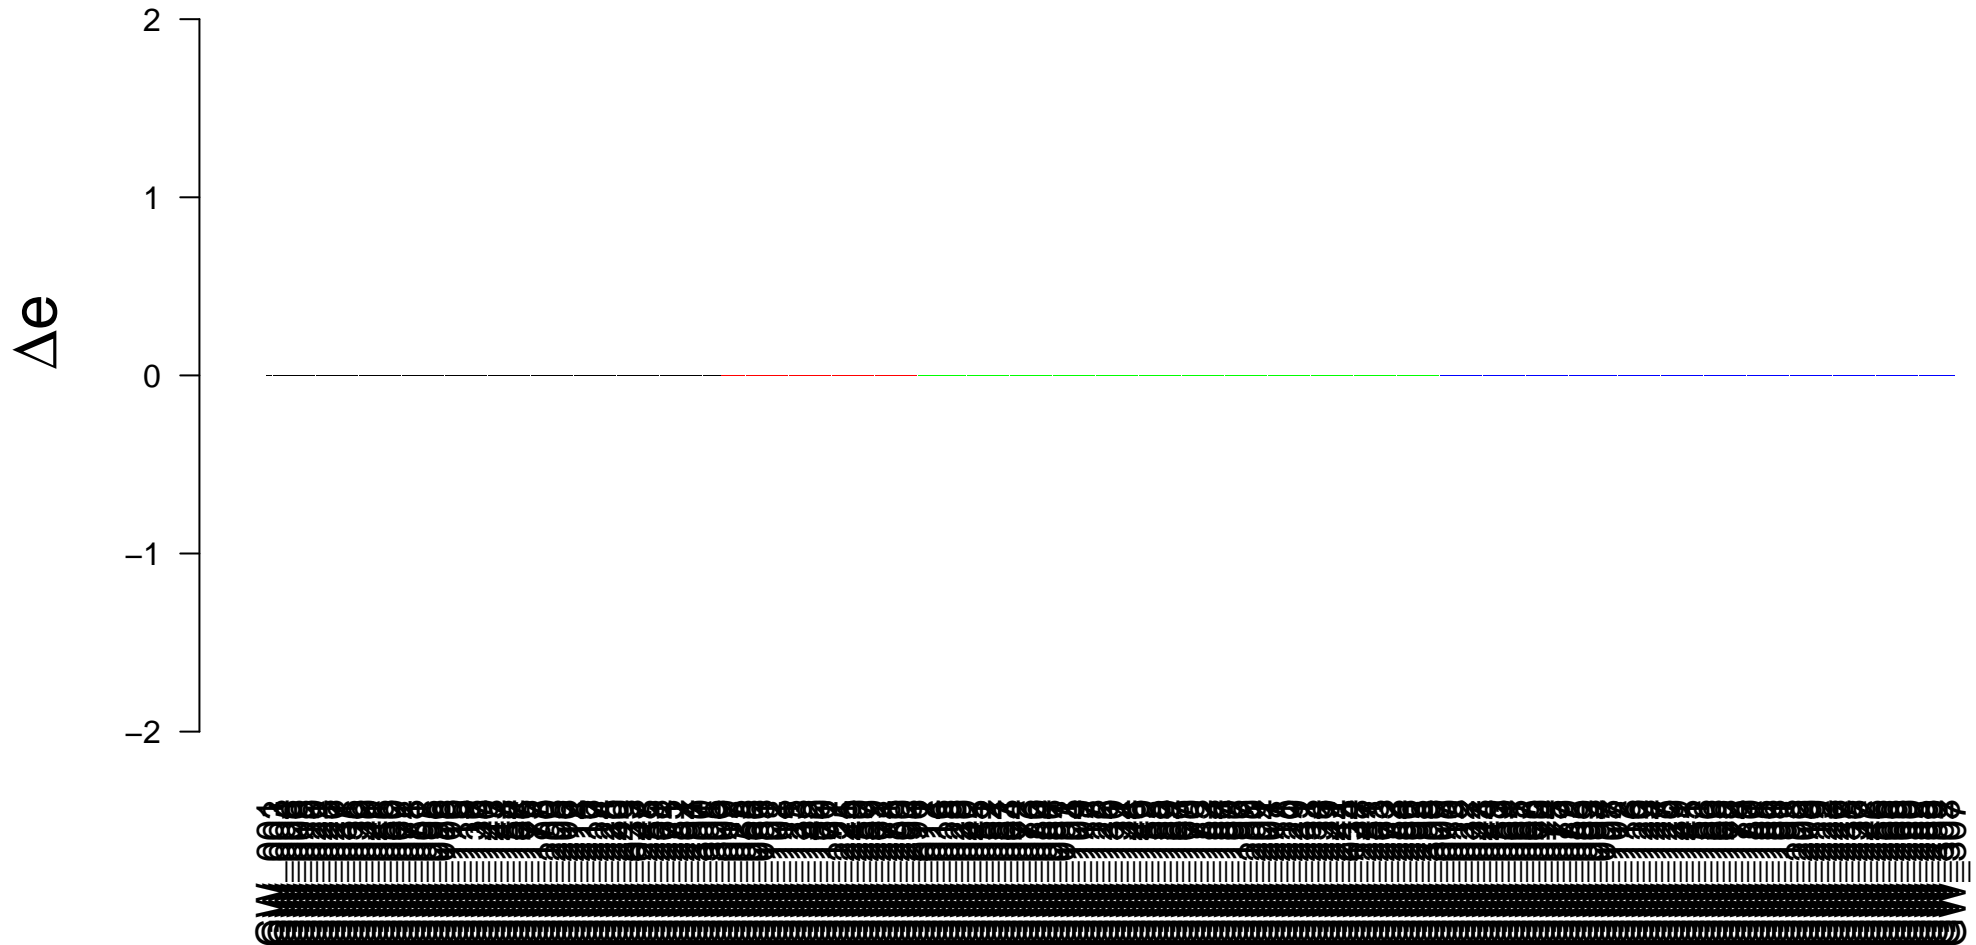

Expression of negative regulation of endothelial cell migration in Spot H

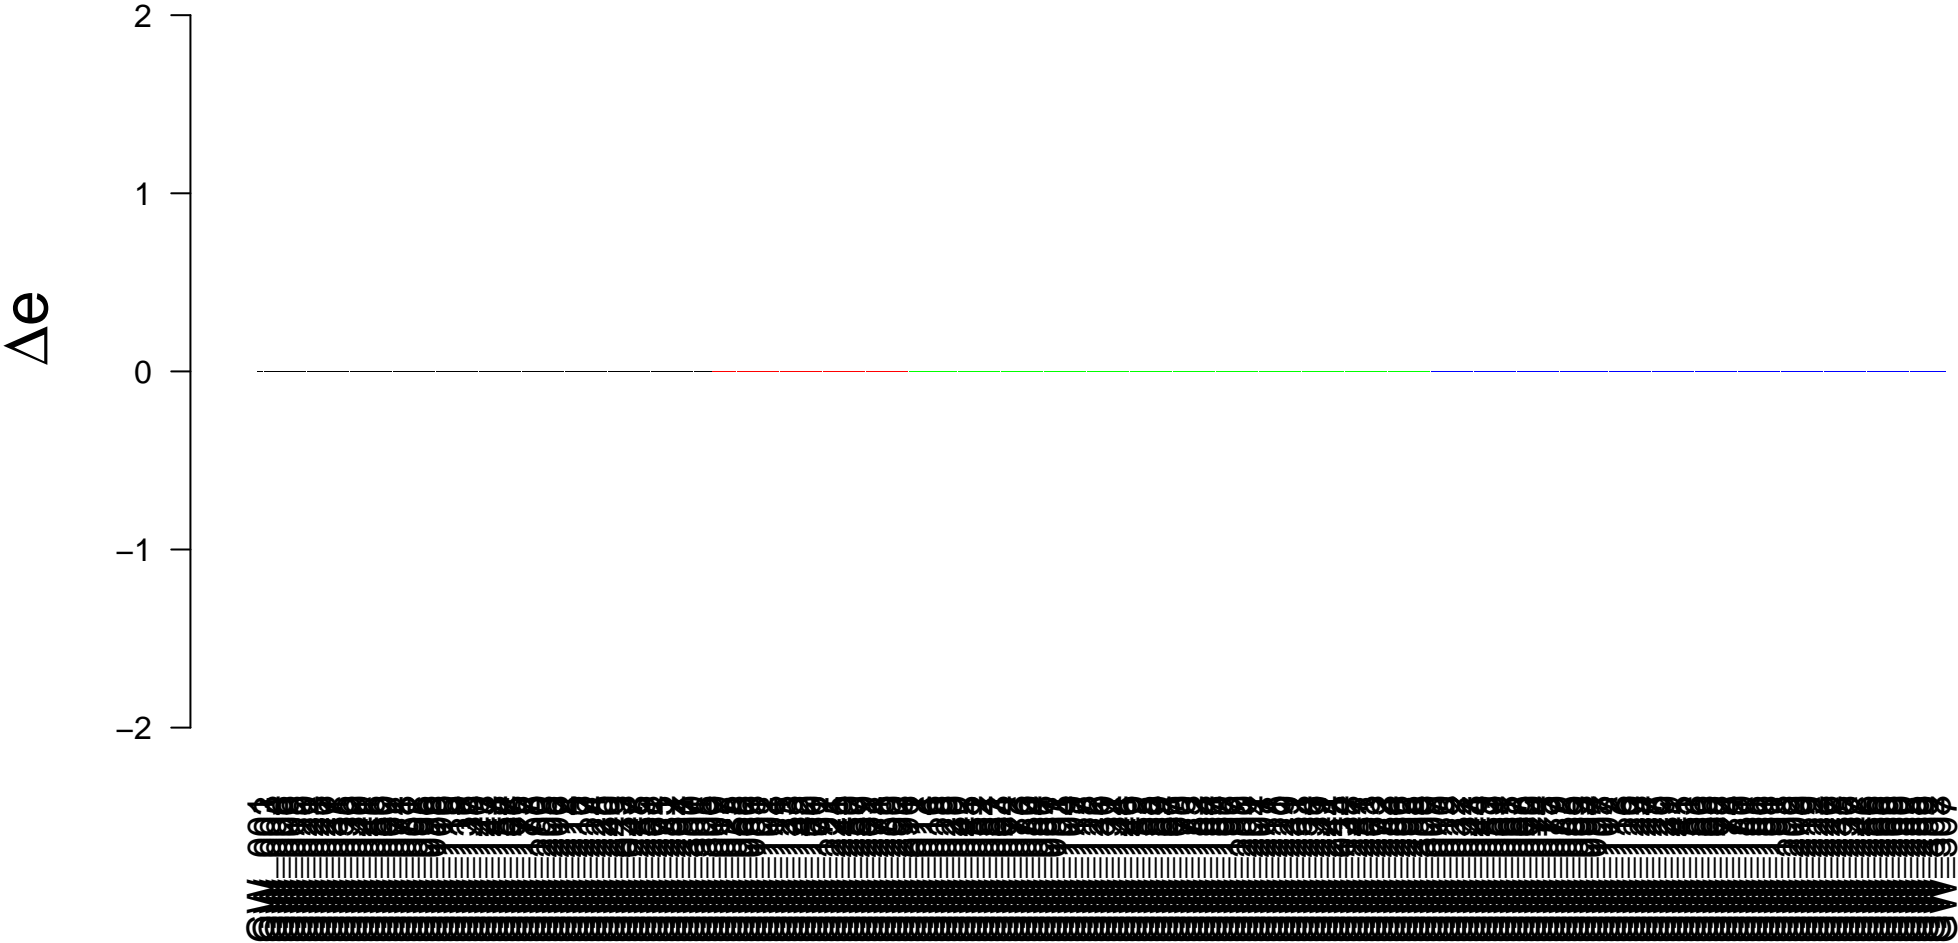

Expression of negative regulation of endothelial cell migration in Spot I

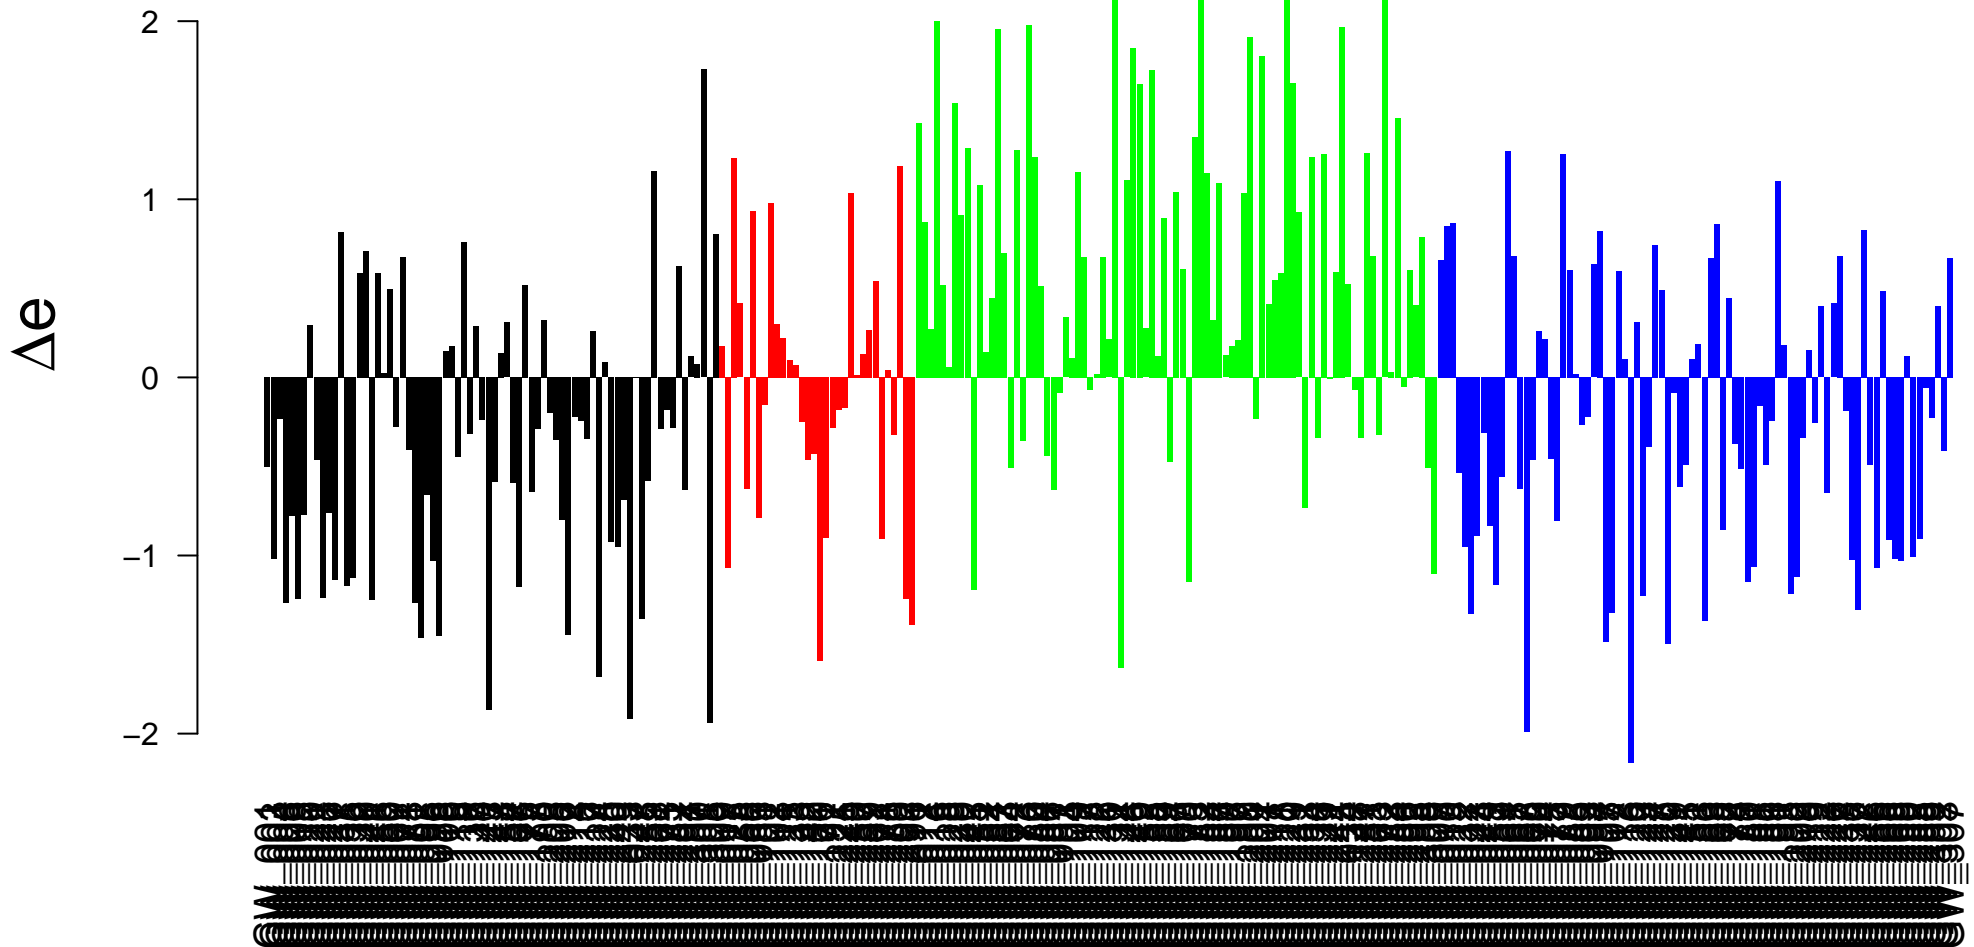

Expression of negative regulation of endothelial cell migration in Spot J

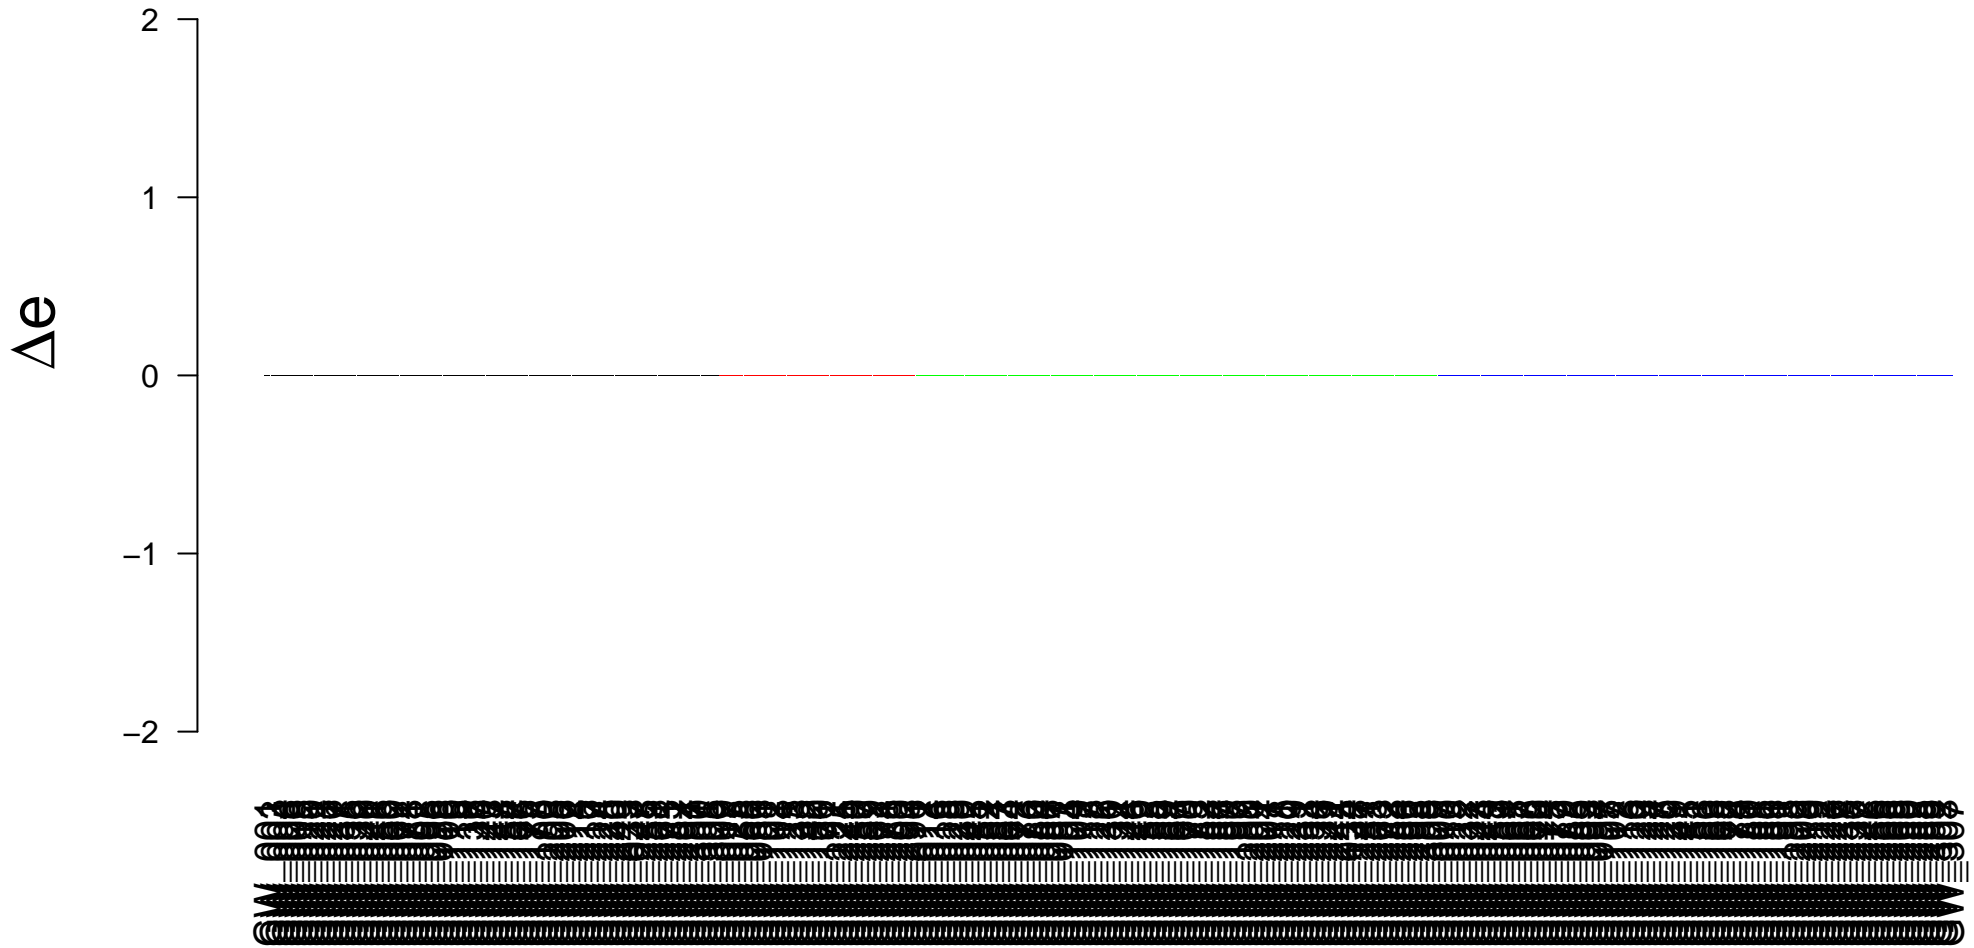

Expression of negative regulation of endothelial cell migration in Spot K

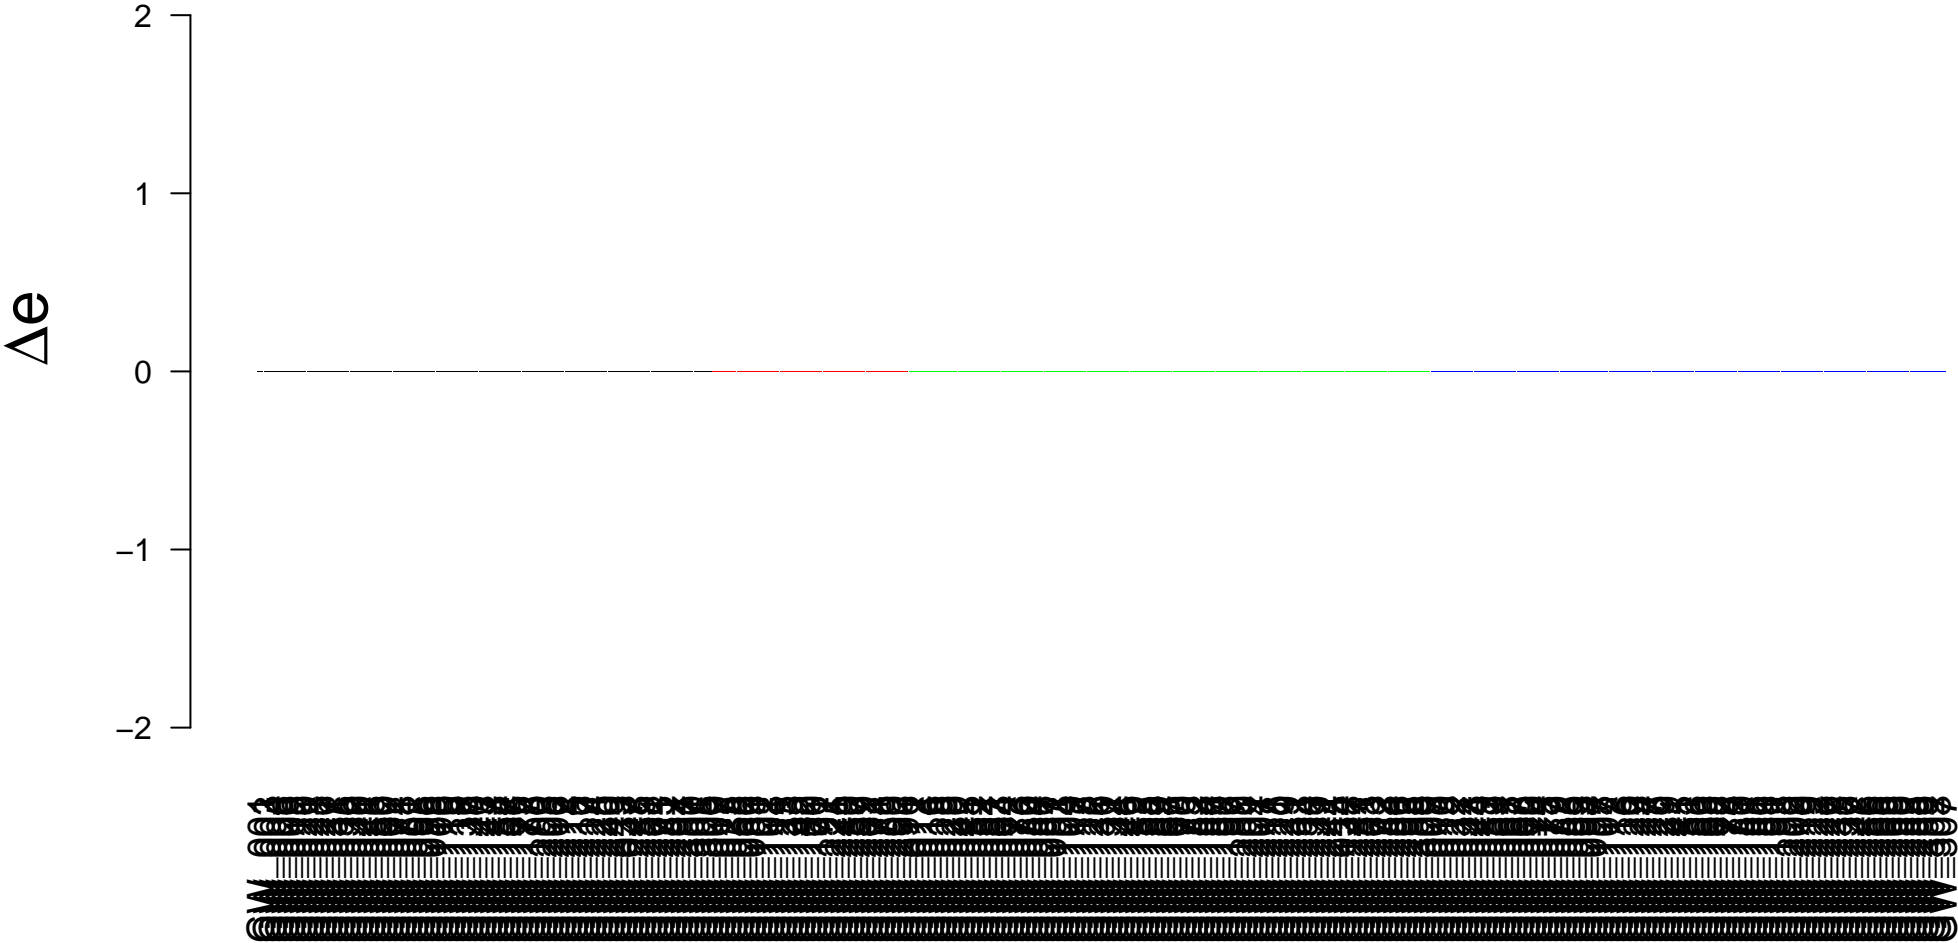

Expression of negative regulation of endothelial cell migration in Spot L

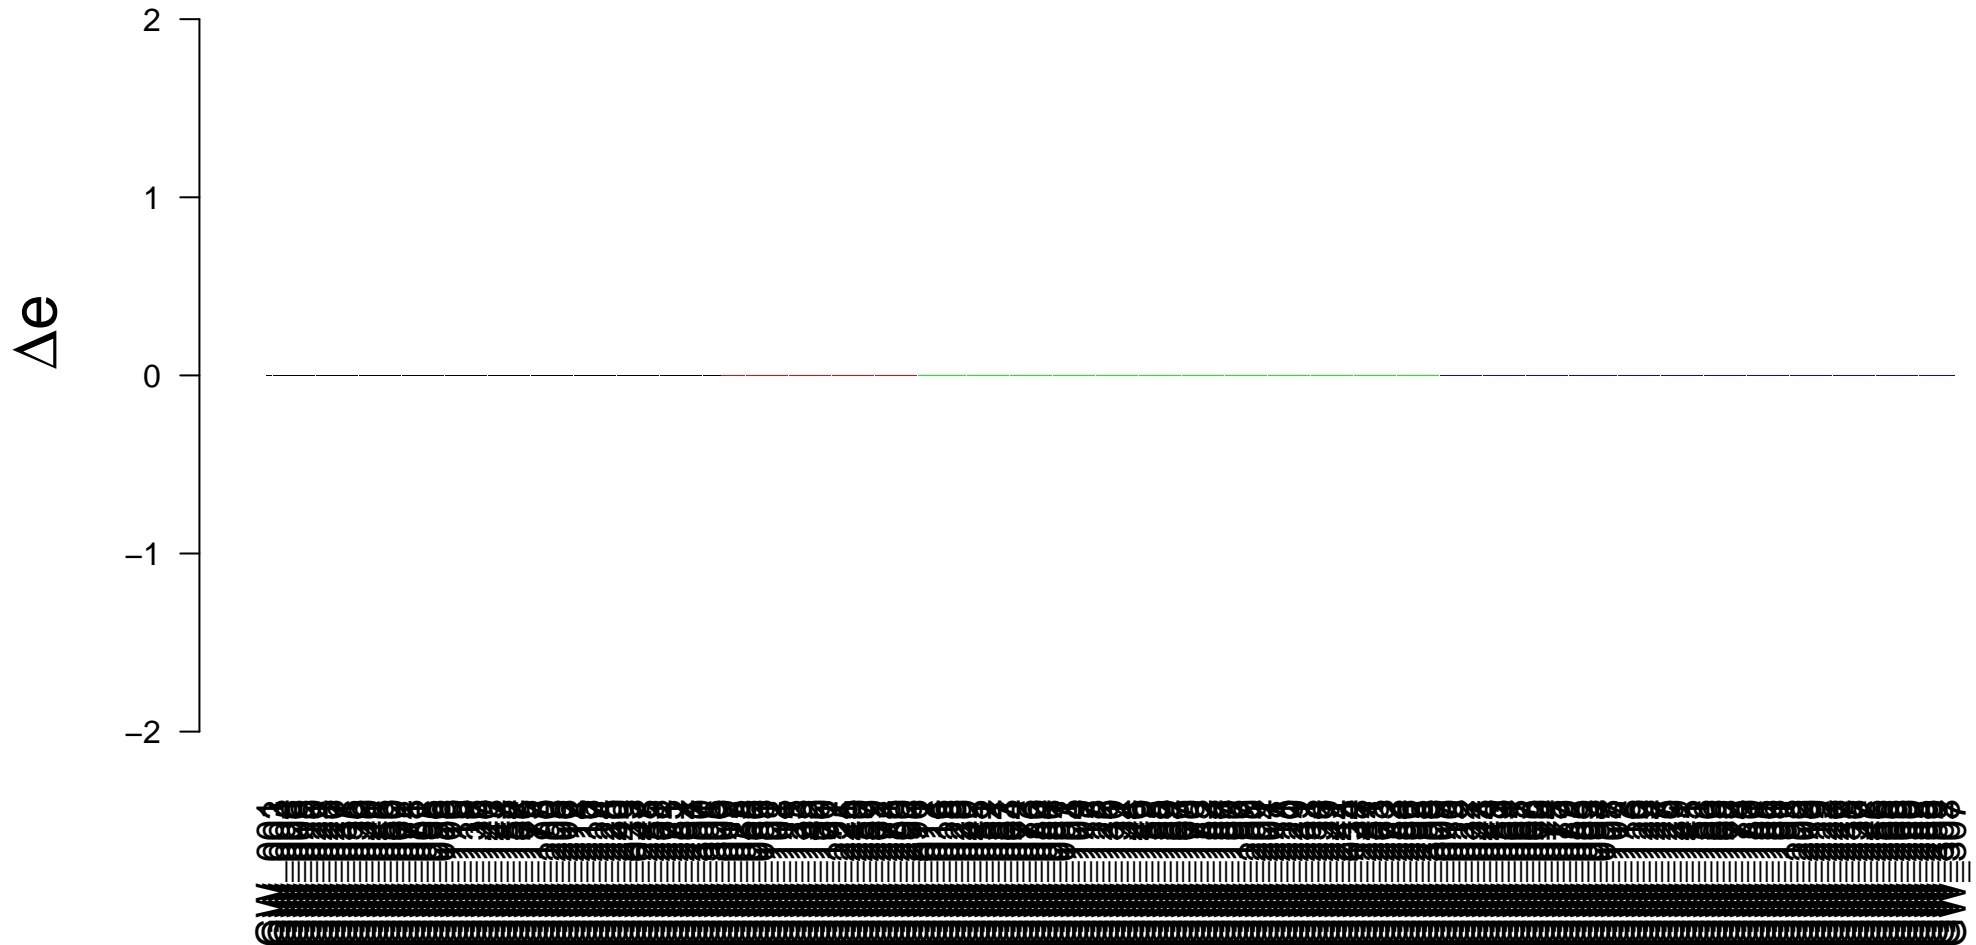

Expression of negative regulation of endothelial cell migration in Spot M

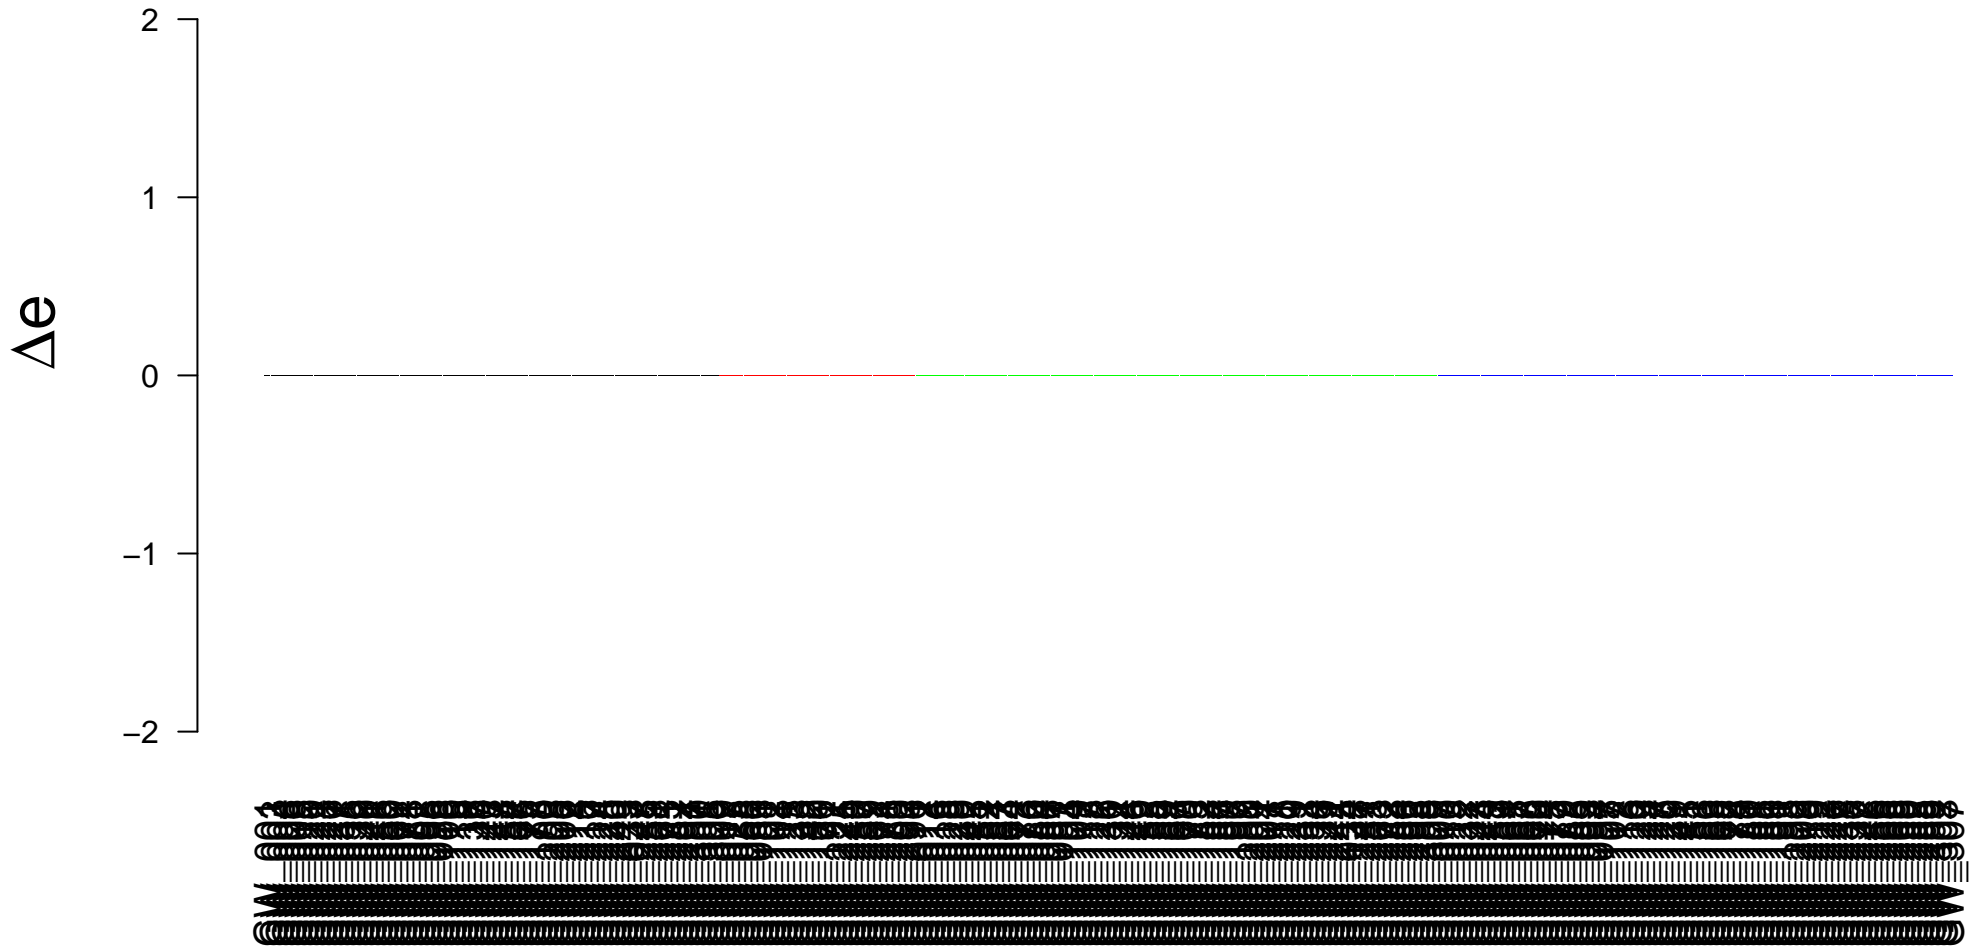

Expression of negative regulation of endothelial cell migration in Spot N

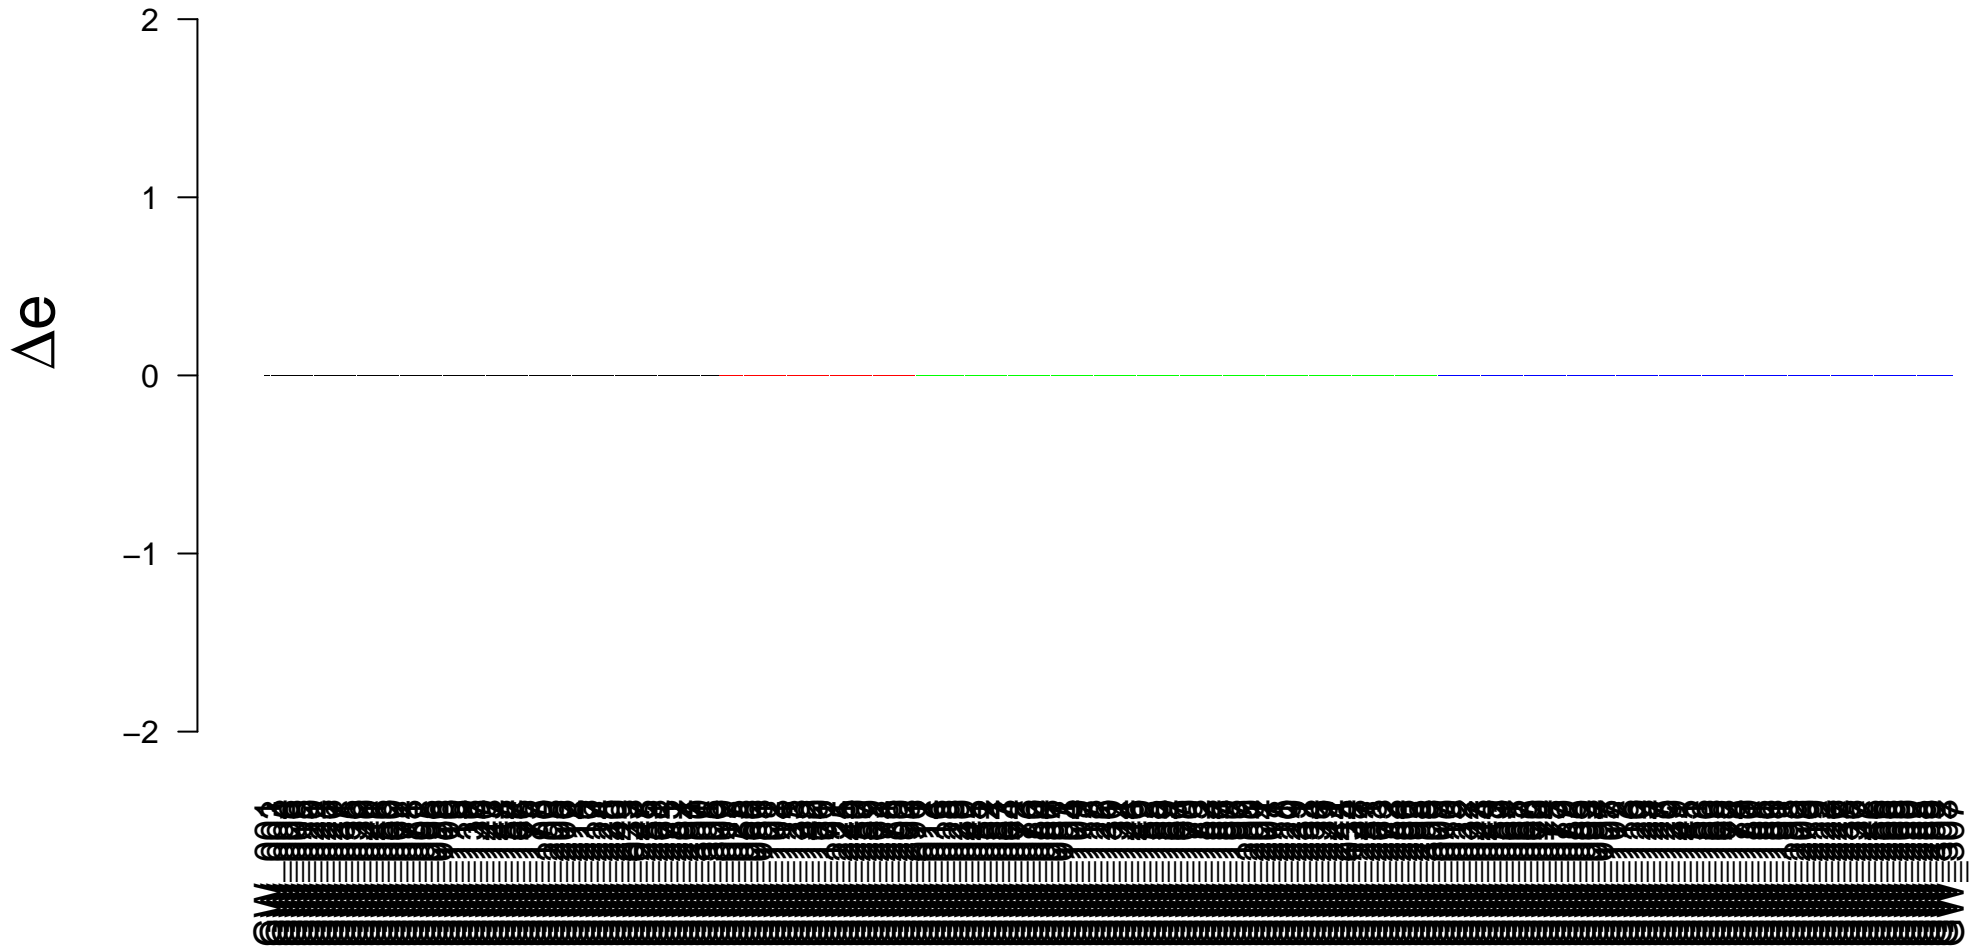

Expression of negative regulation of endothelial cell migration in Spot O

Expression of negative regulation of endothelial cell migration in Spot P

Expression of negative regulation of endothelial cell migration in Spot Q

Expression of negative regulation of endothelial cell migration in Spot R
