

negative regulation of extrinsic apoptotic signaling pathway via death domain receptors

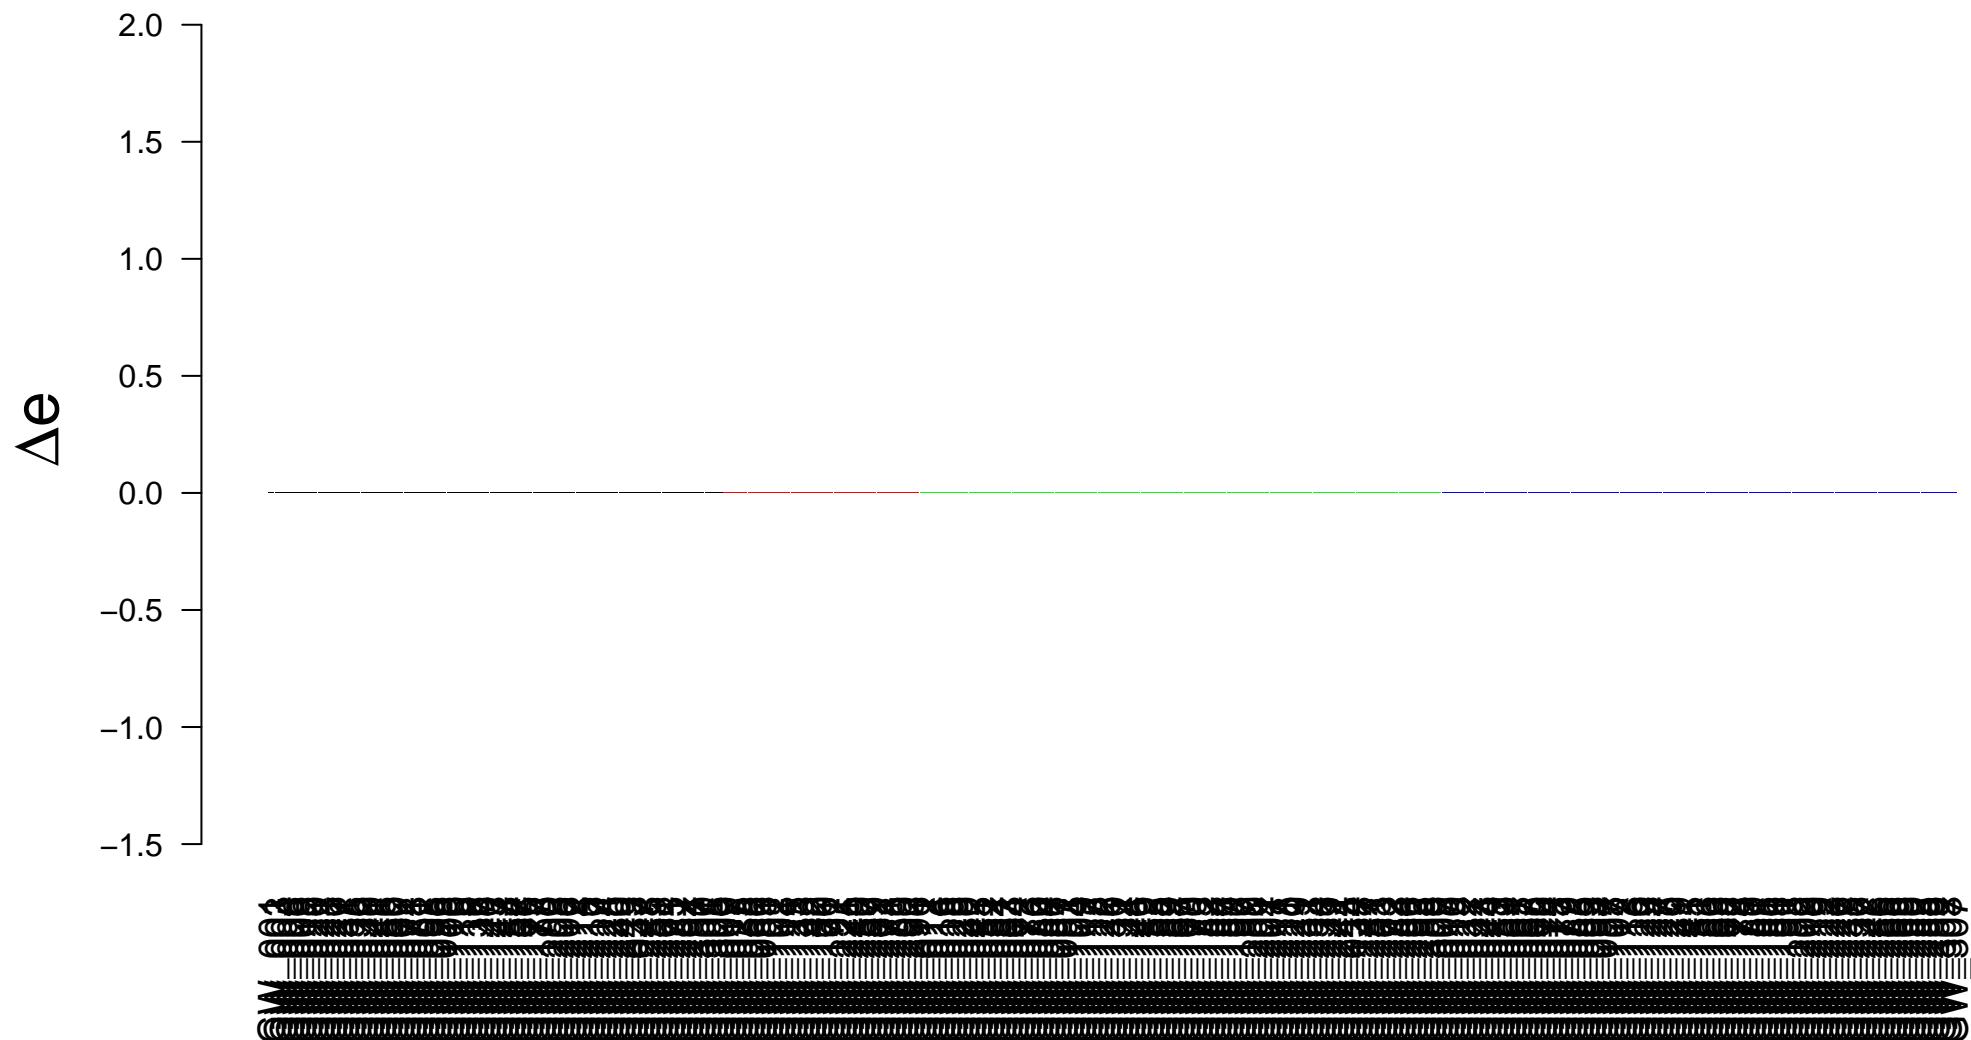

negative regulation of extrinsic apoptotic signaling pathway via death domain receptors

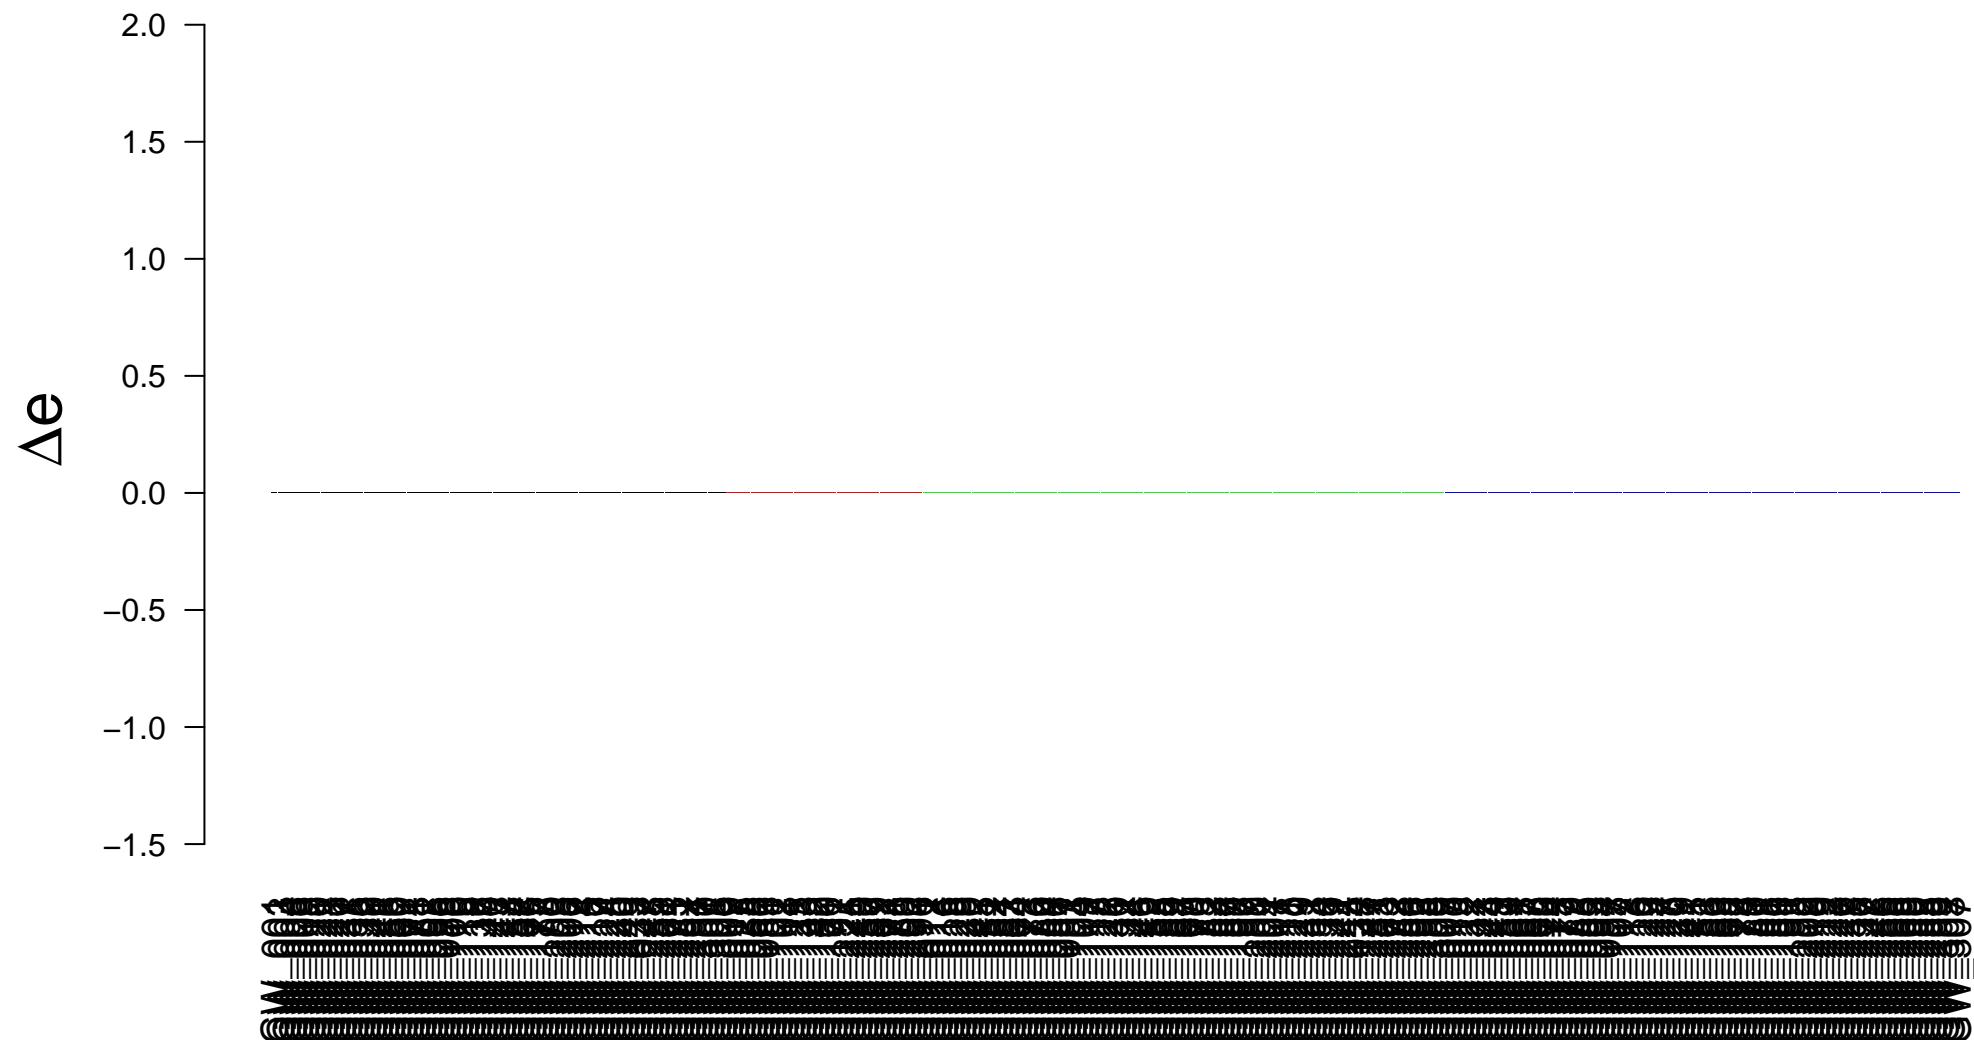

Enrichment in spots: negative regulation of extrinsic apoptotic signaling pathway via death domain receptors

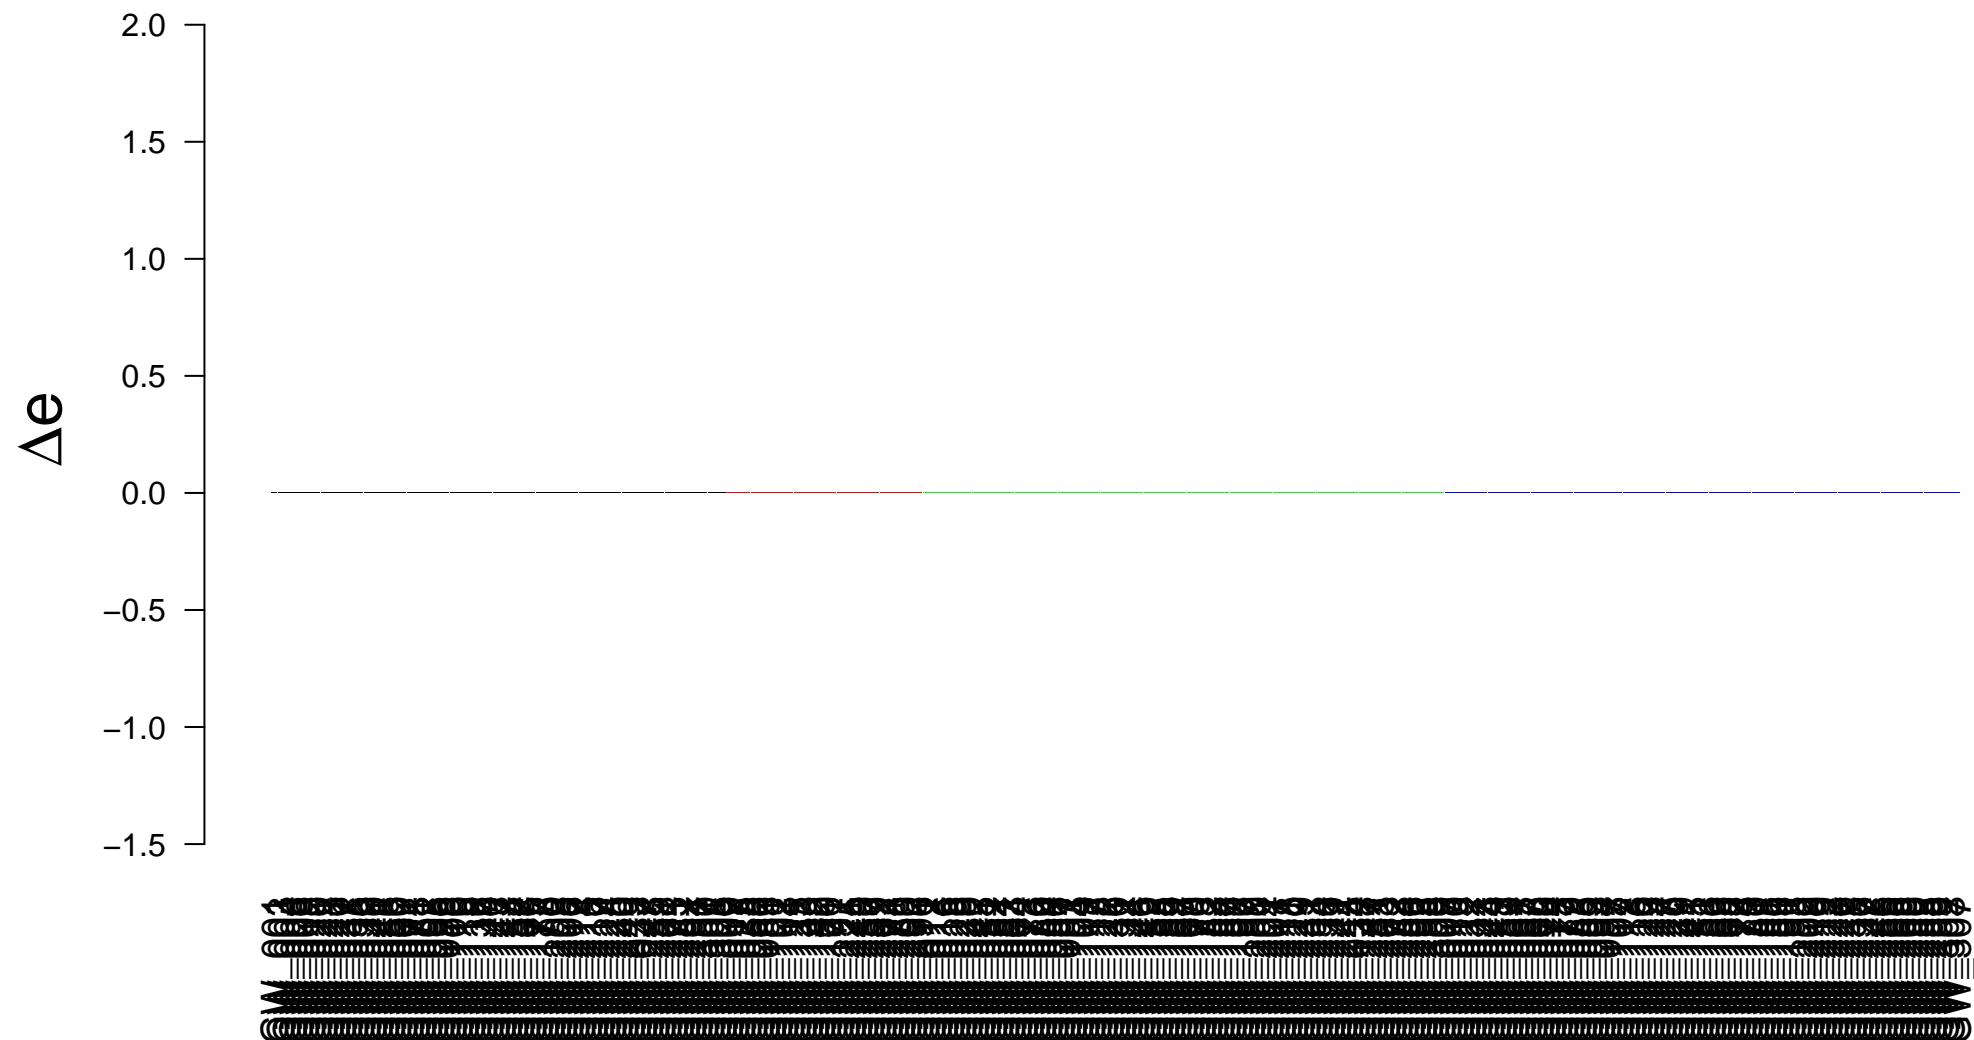

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot A

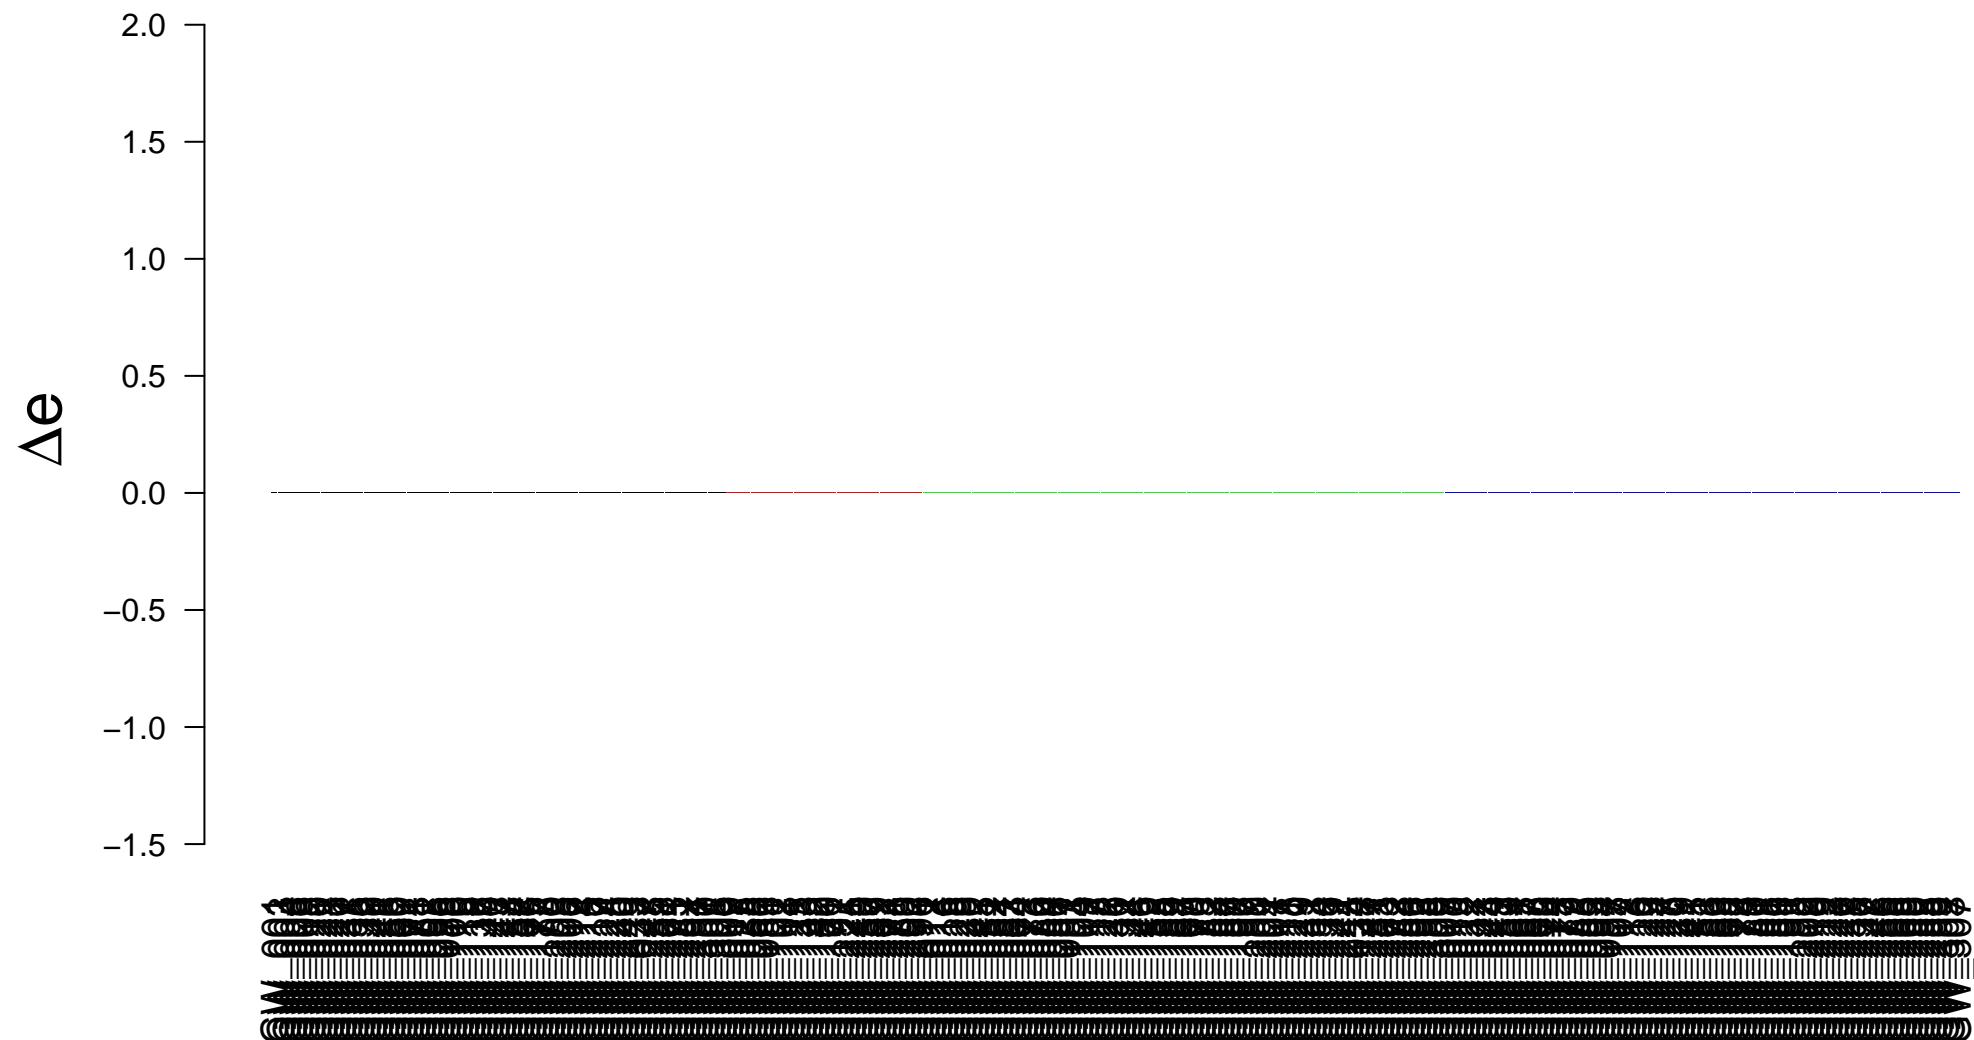

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot B

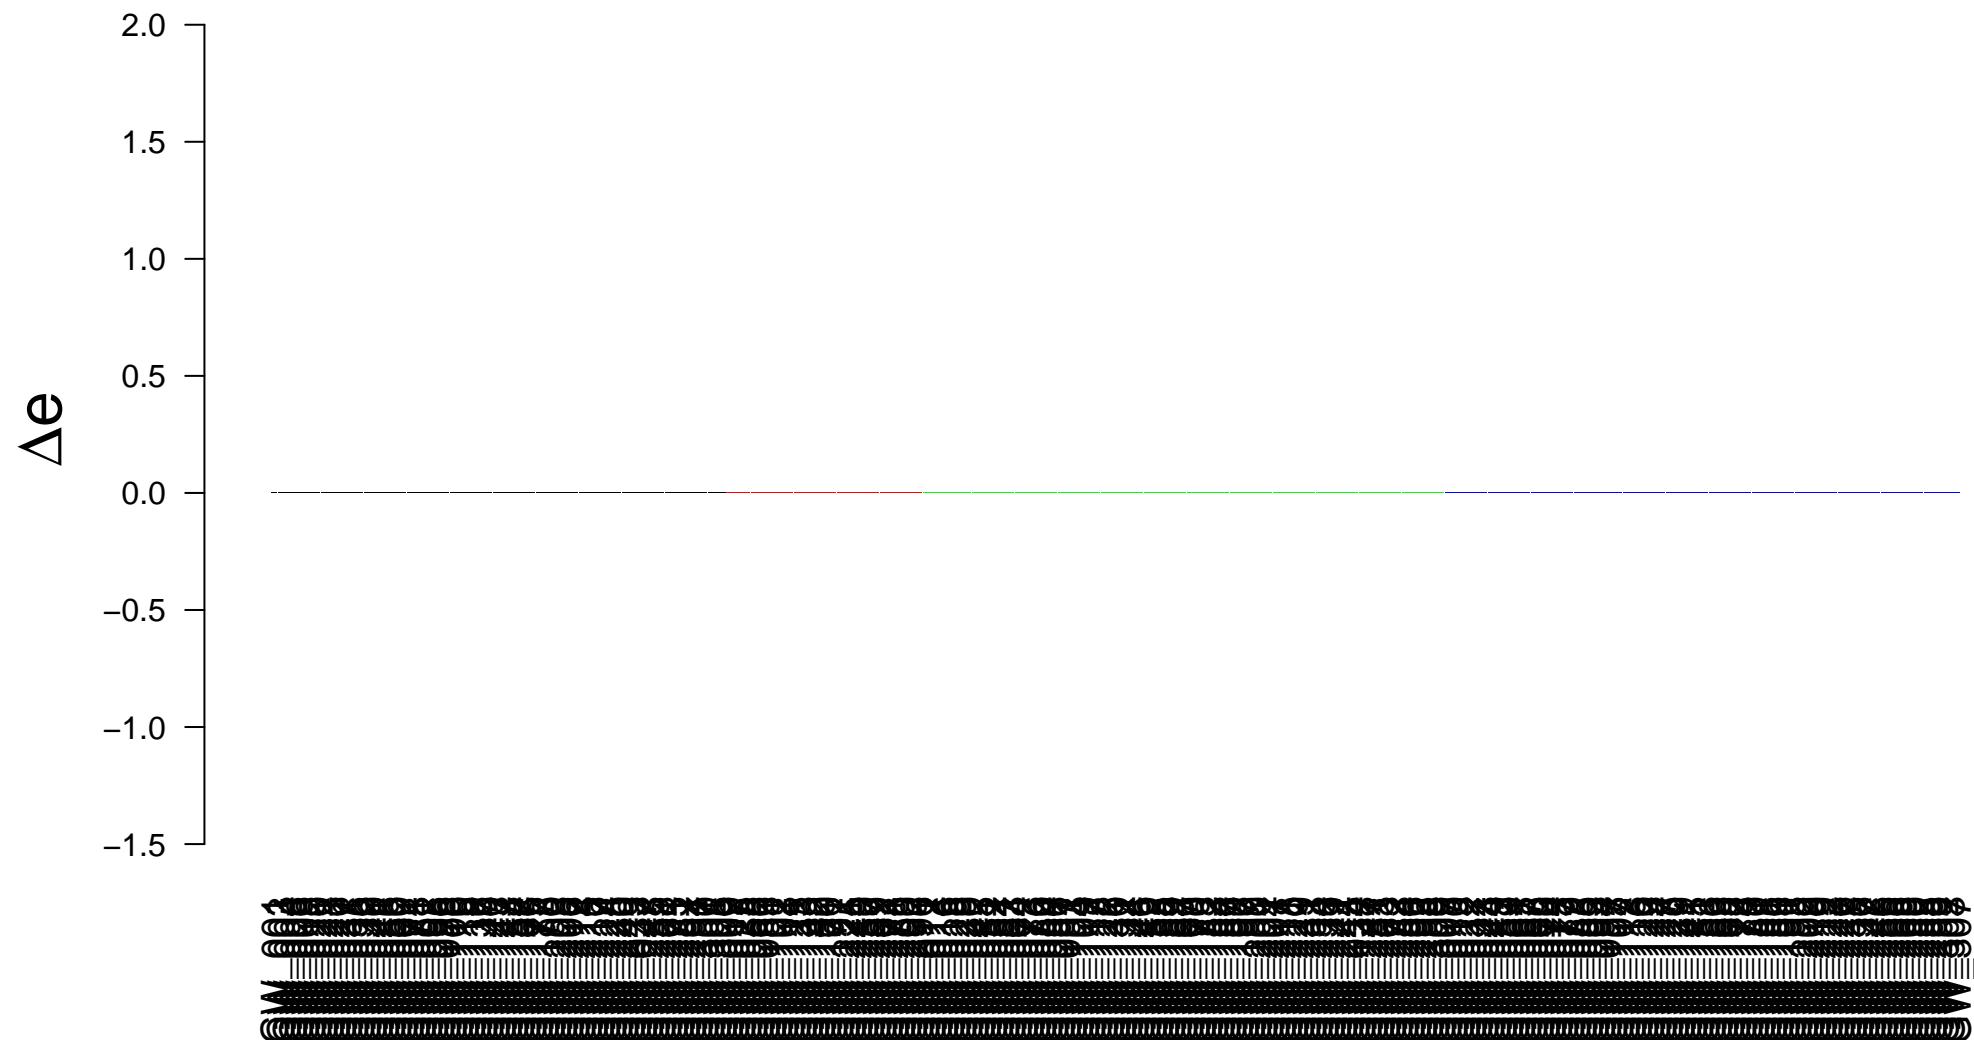

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot C

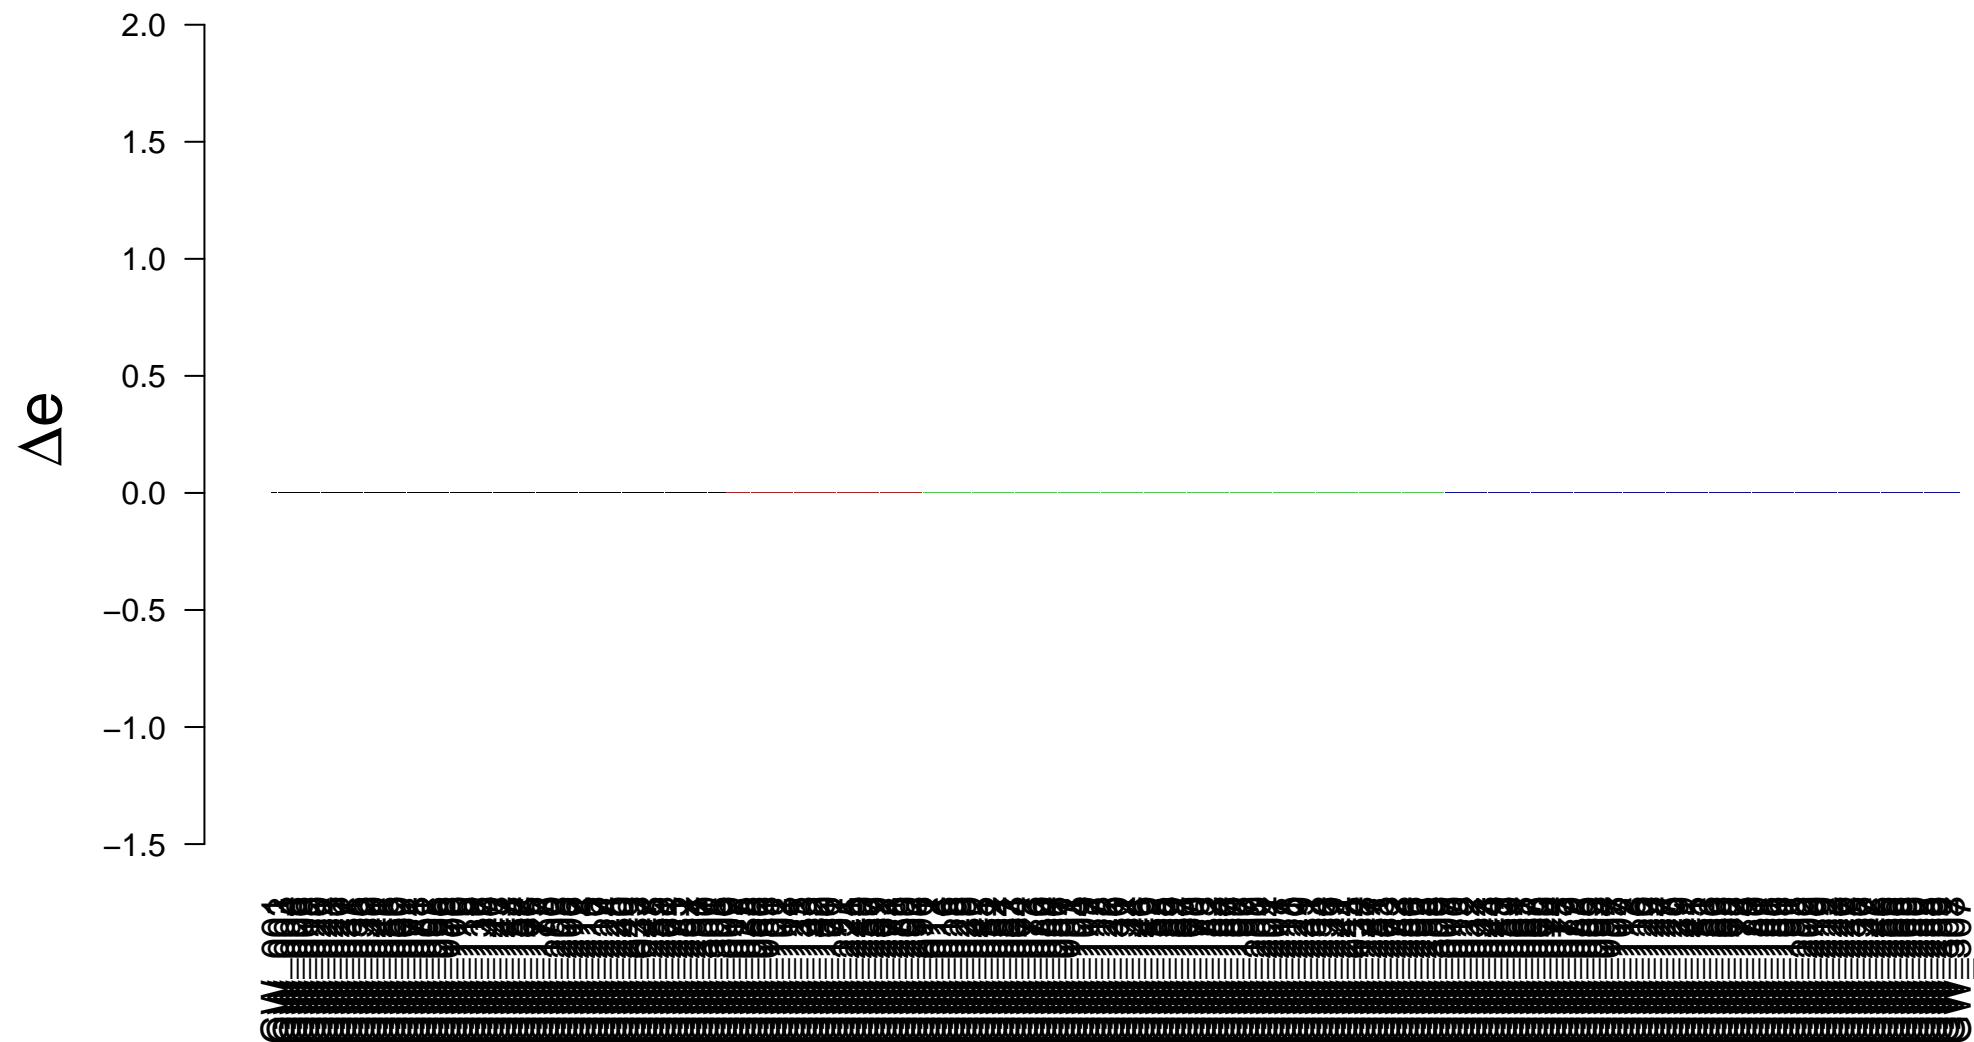

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot D

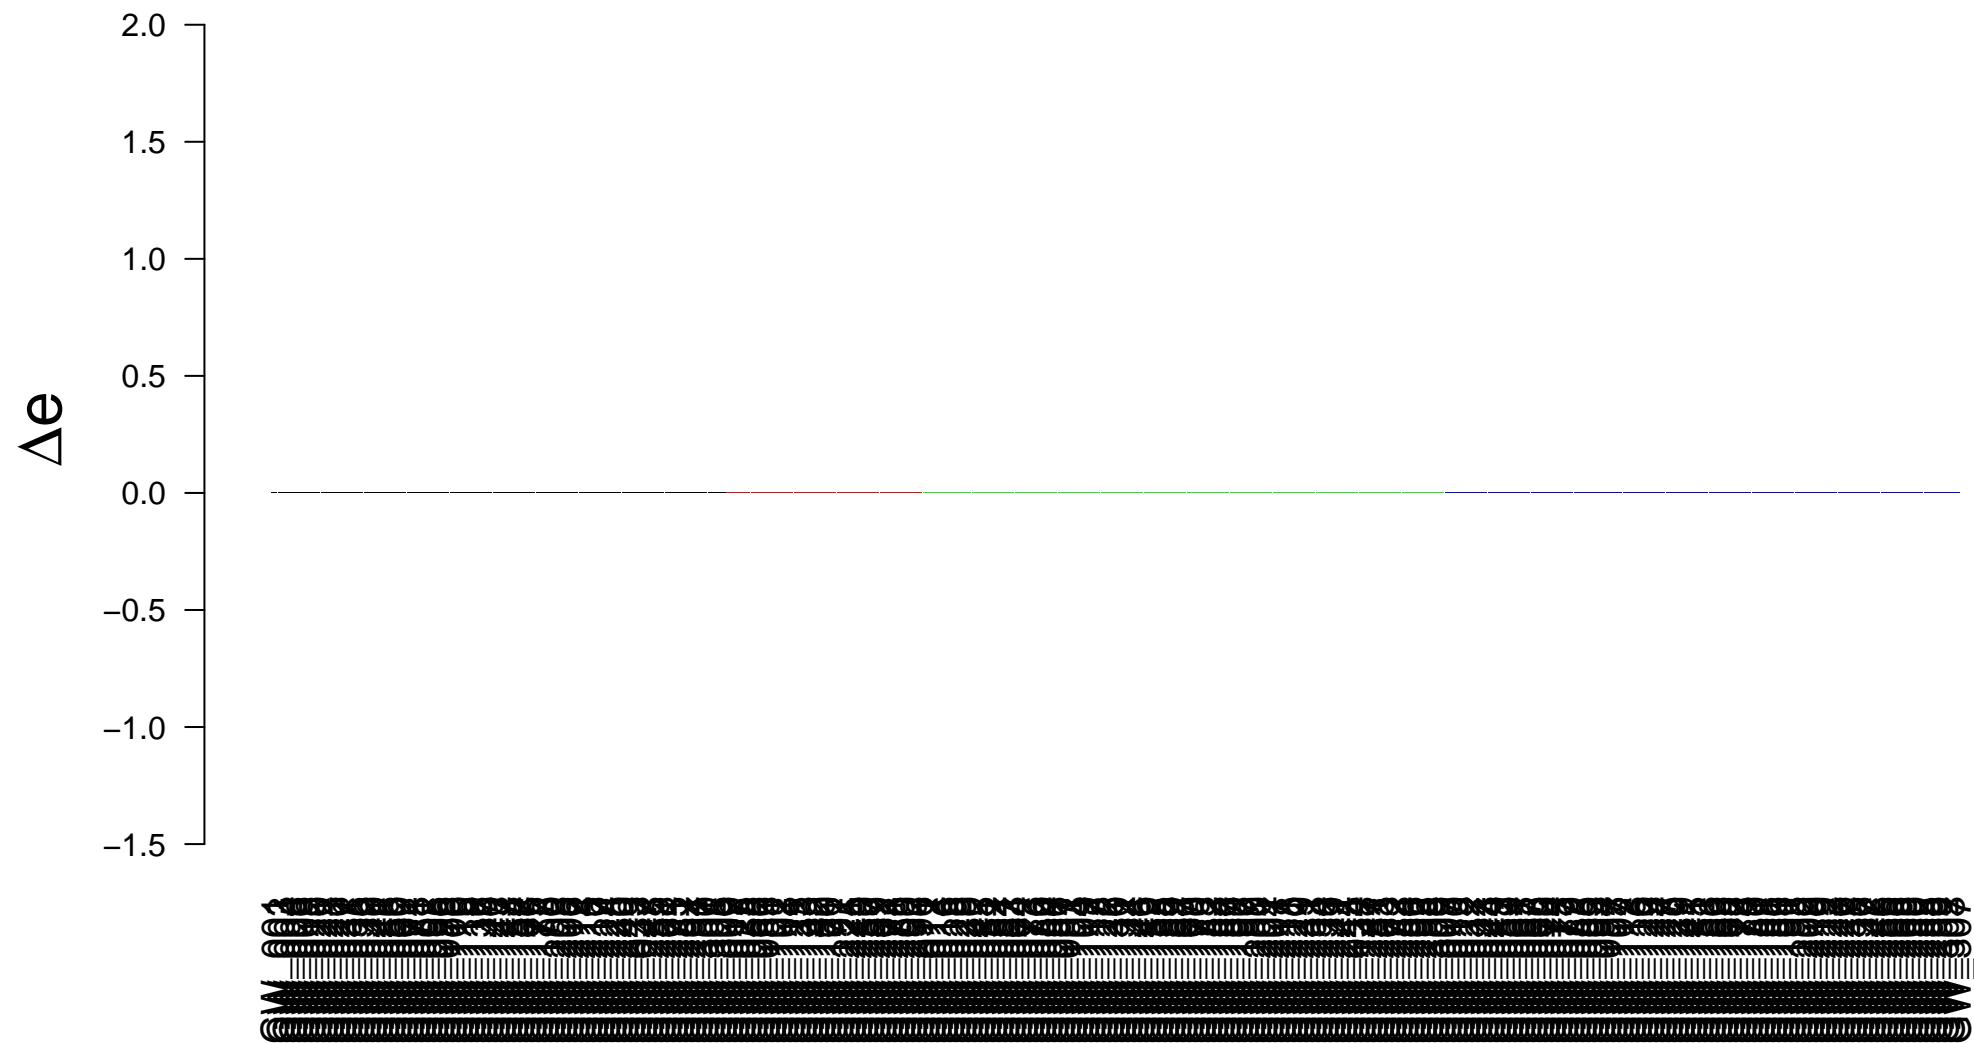

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot E

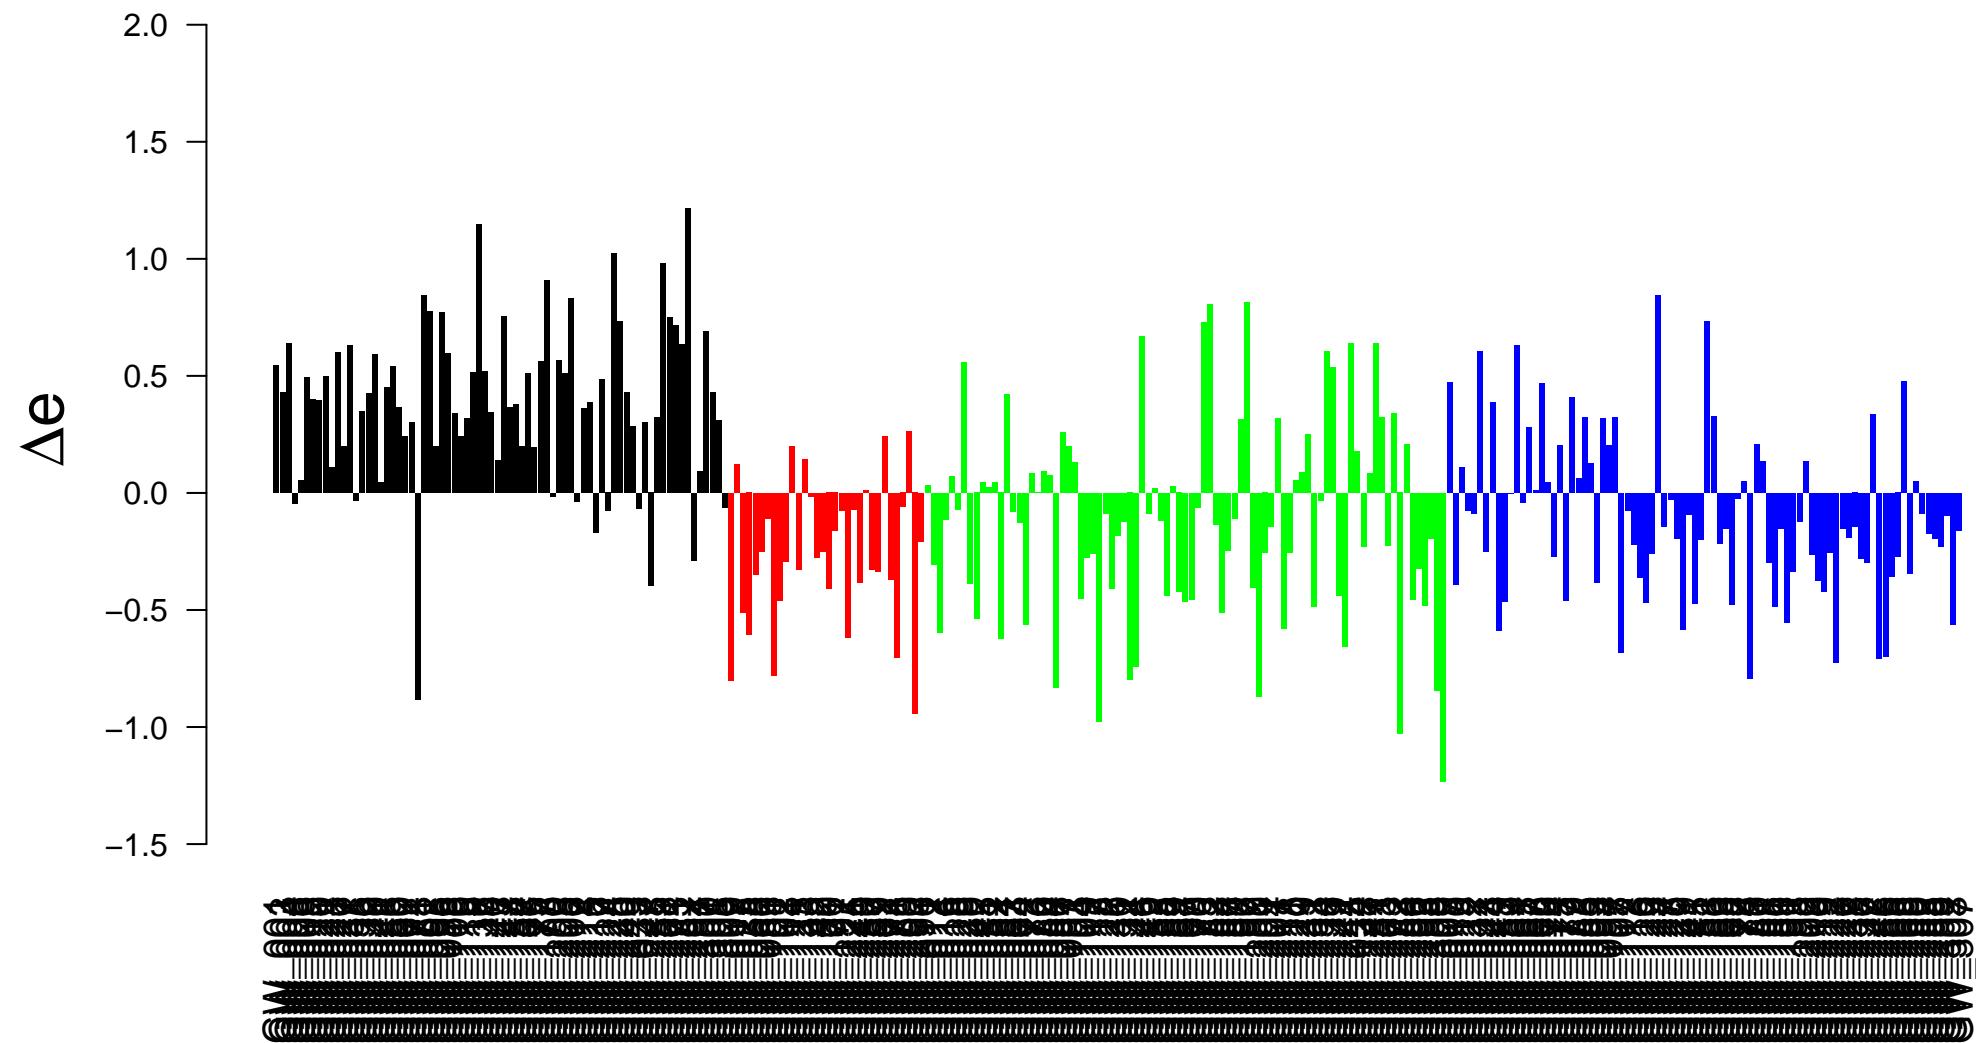

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot F

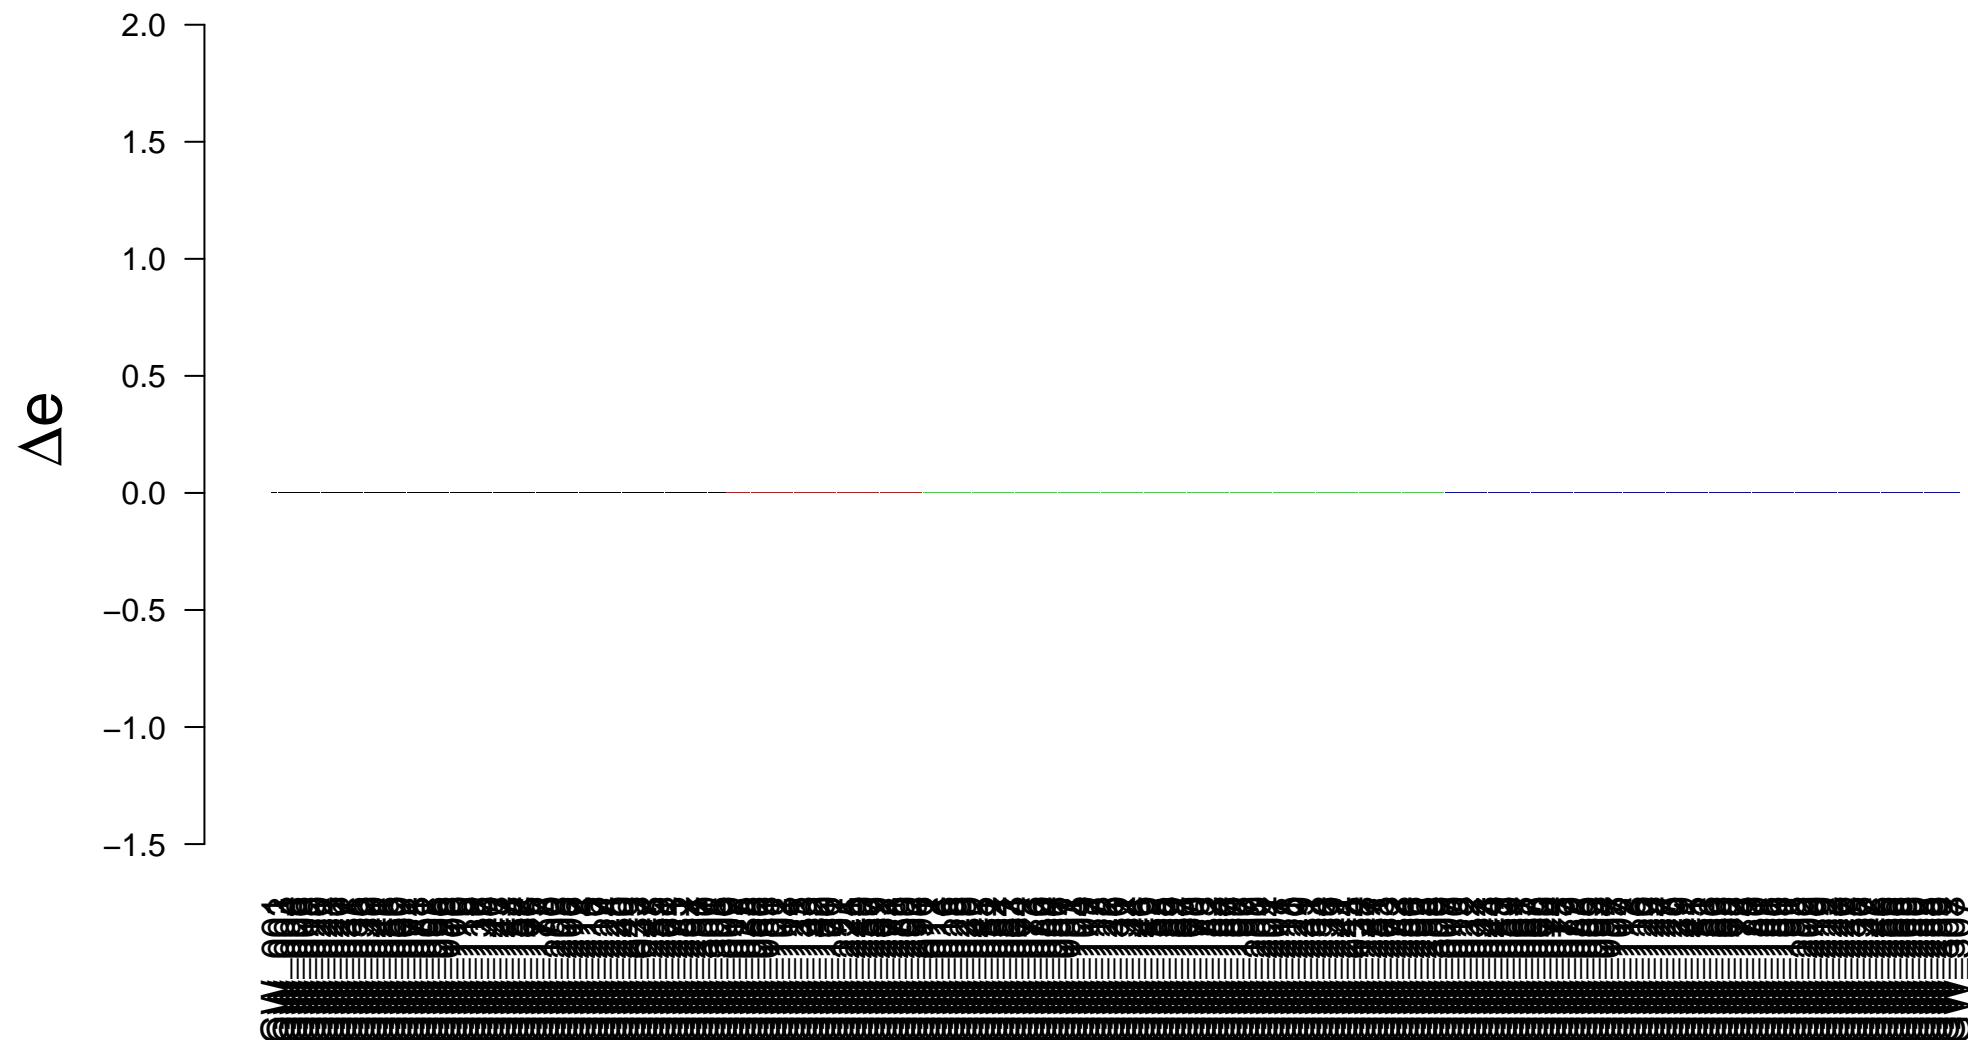

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot G

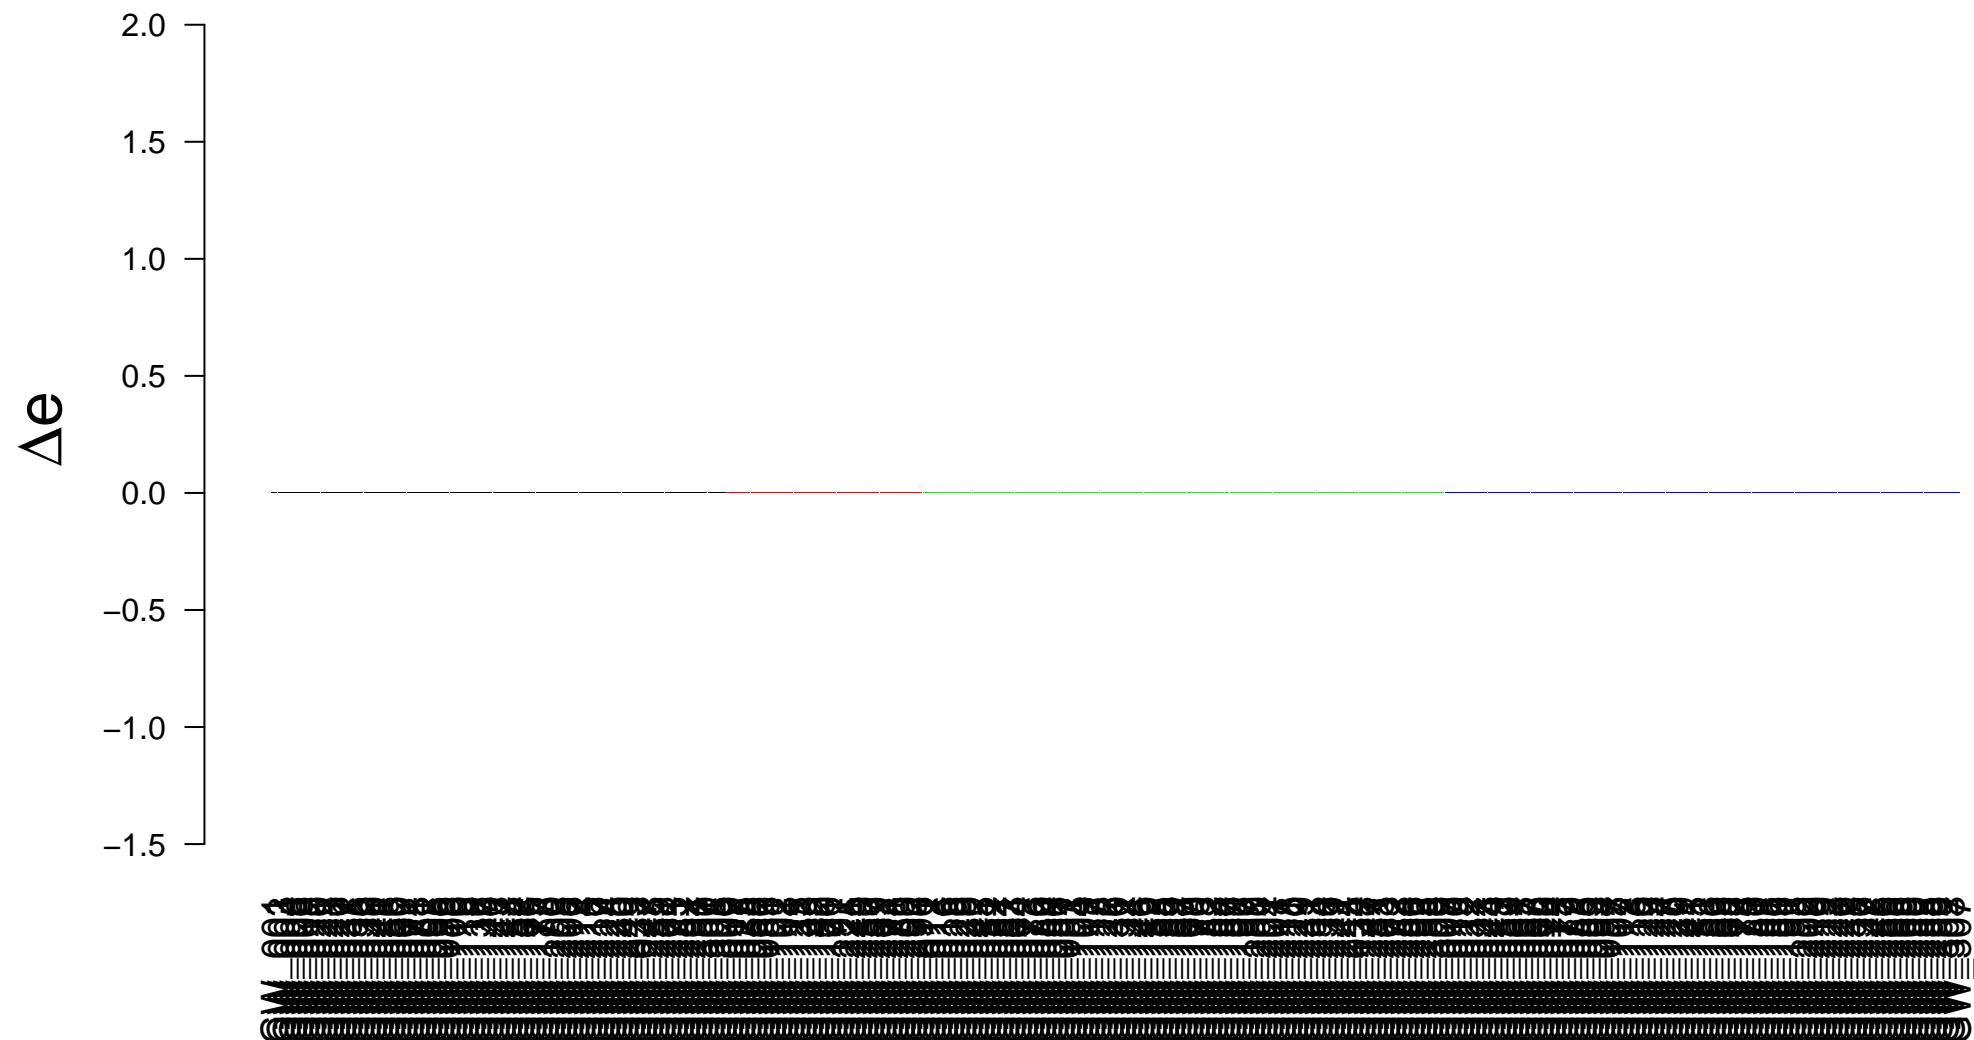

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot H

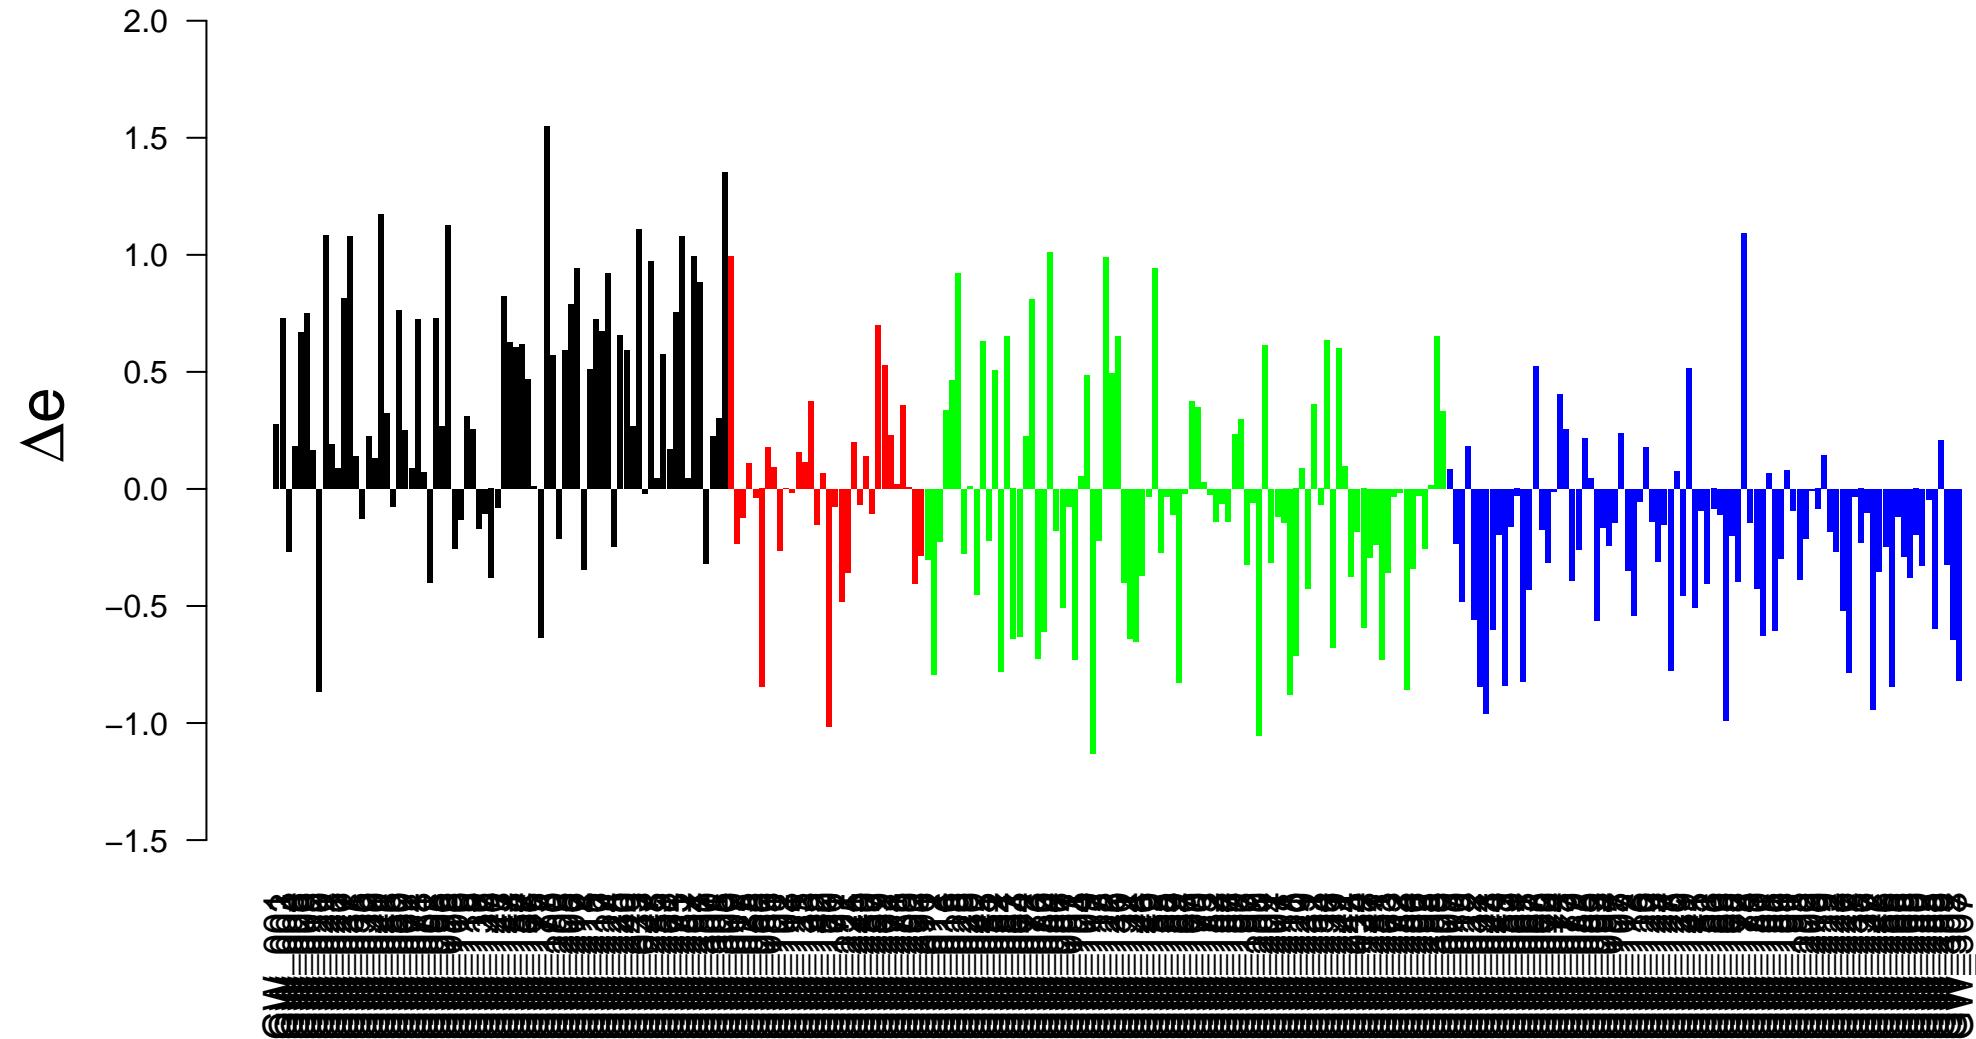

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot I

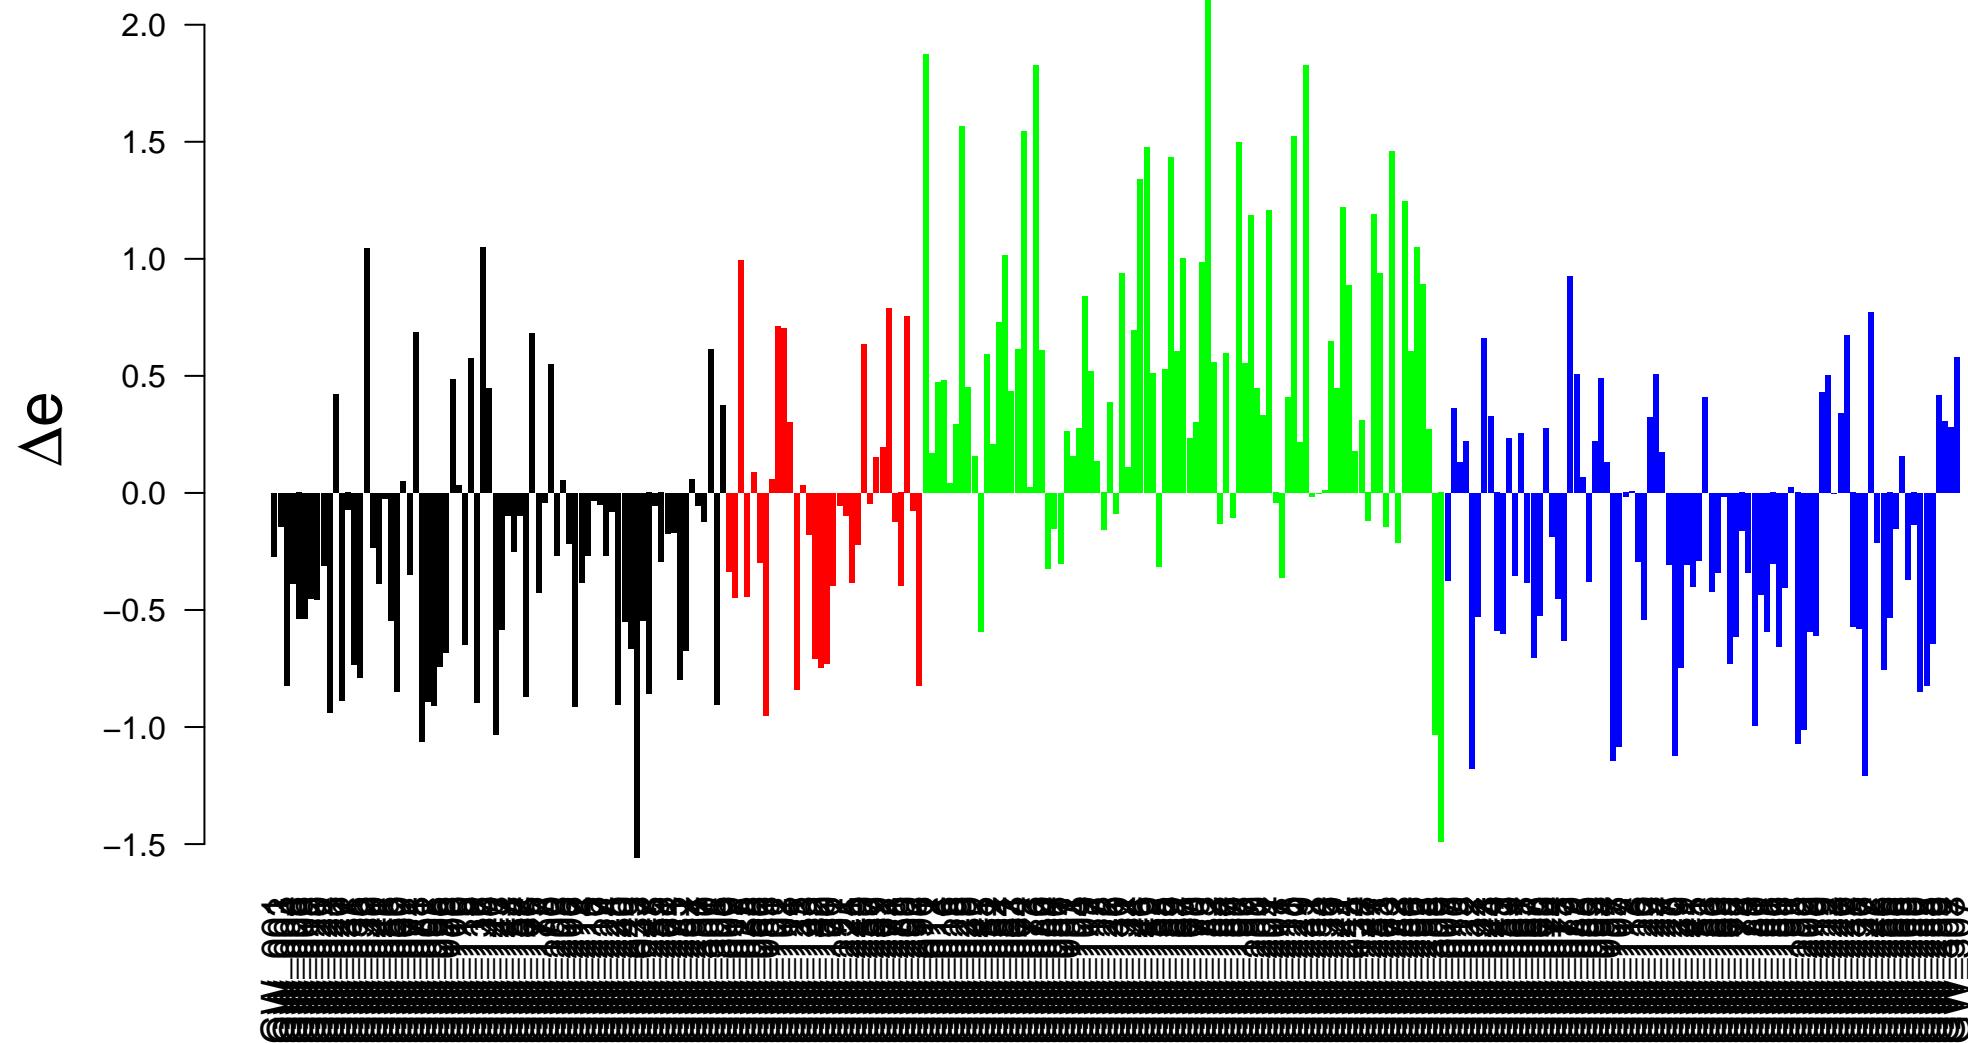

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot J

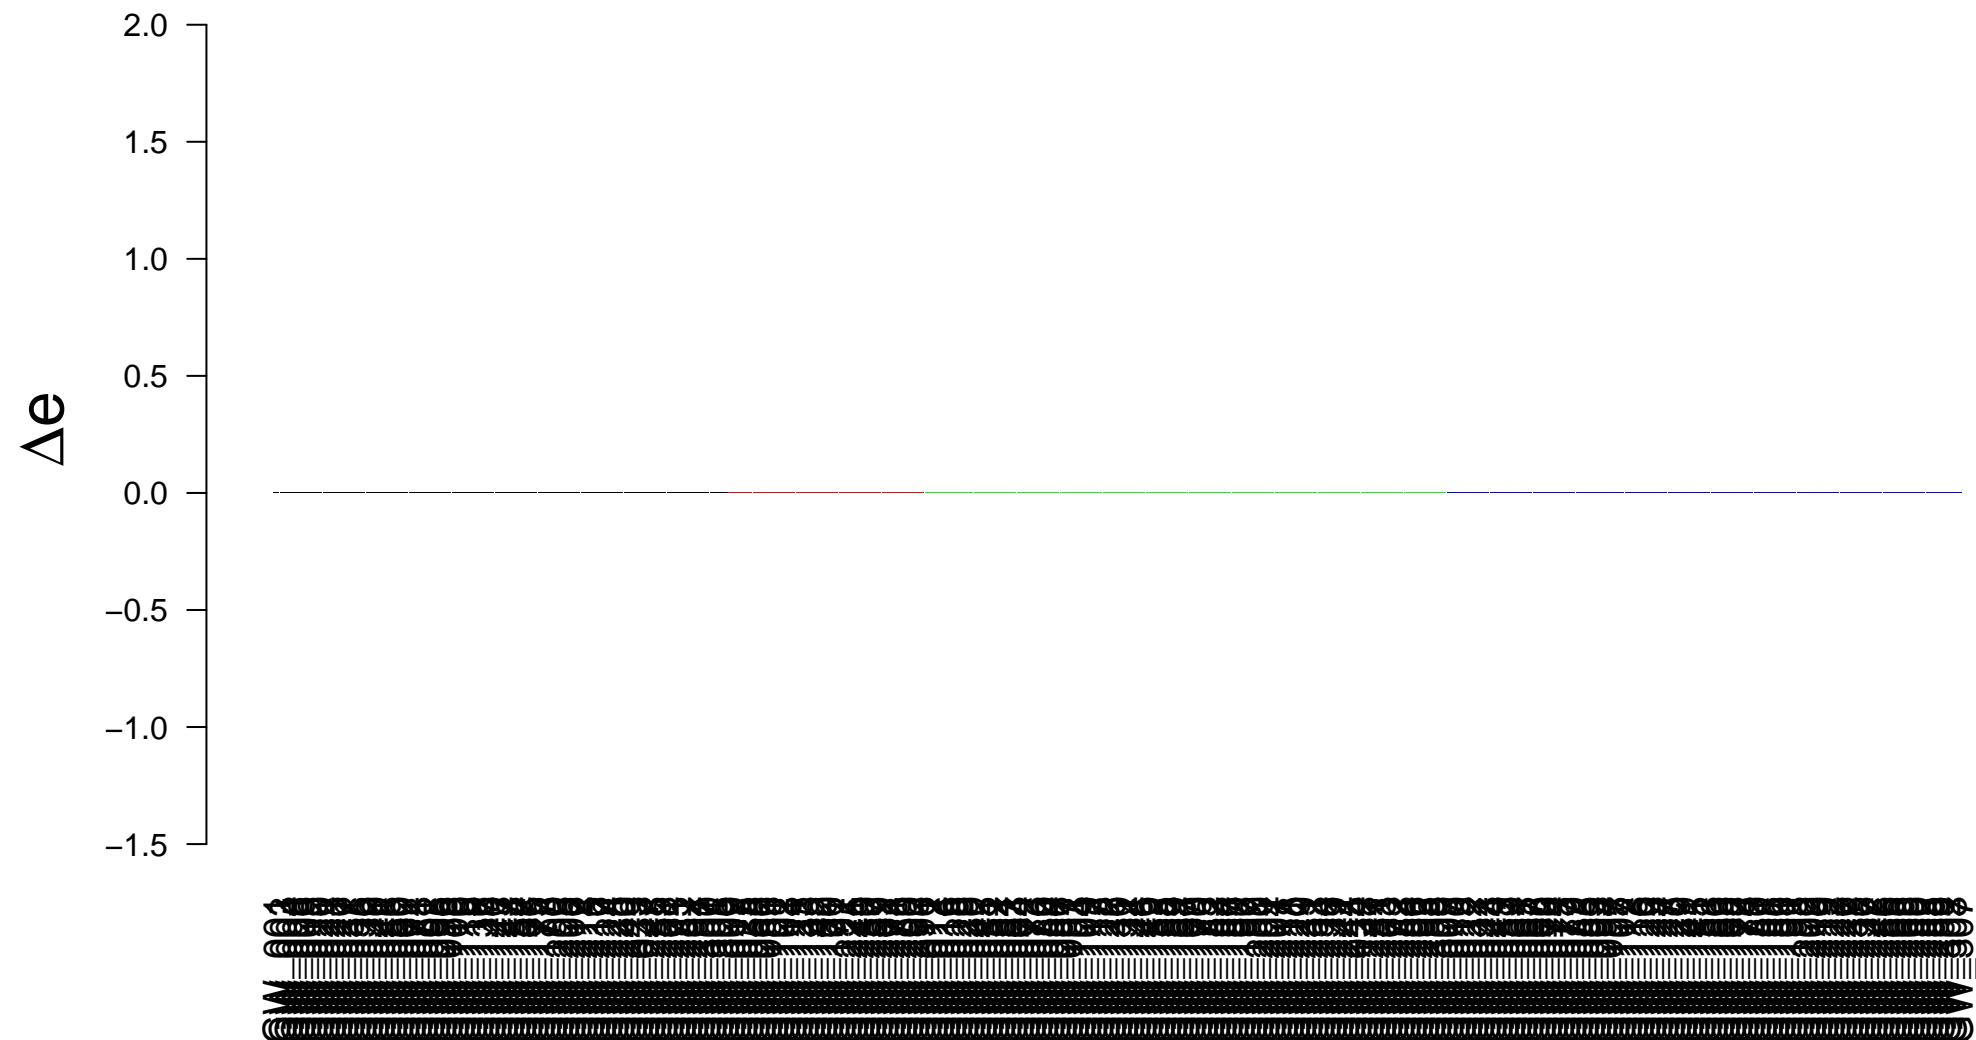

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot K

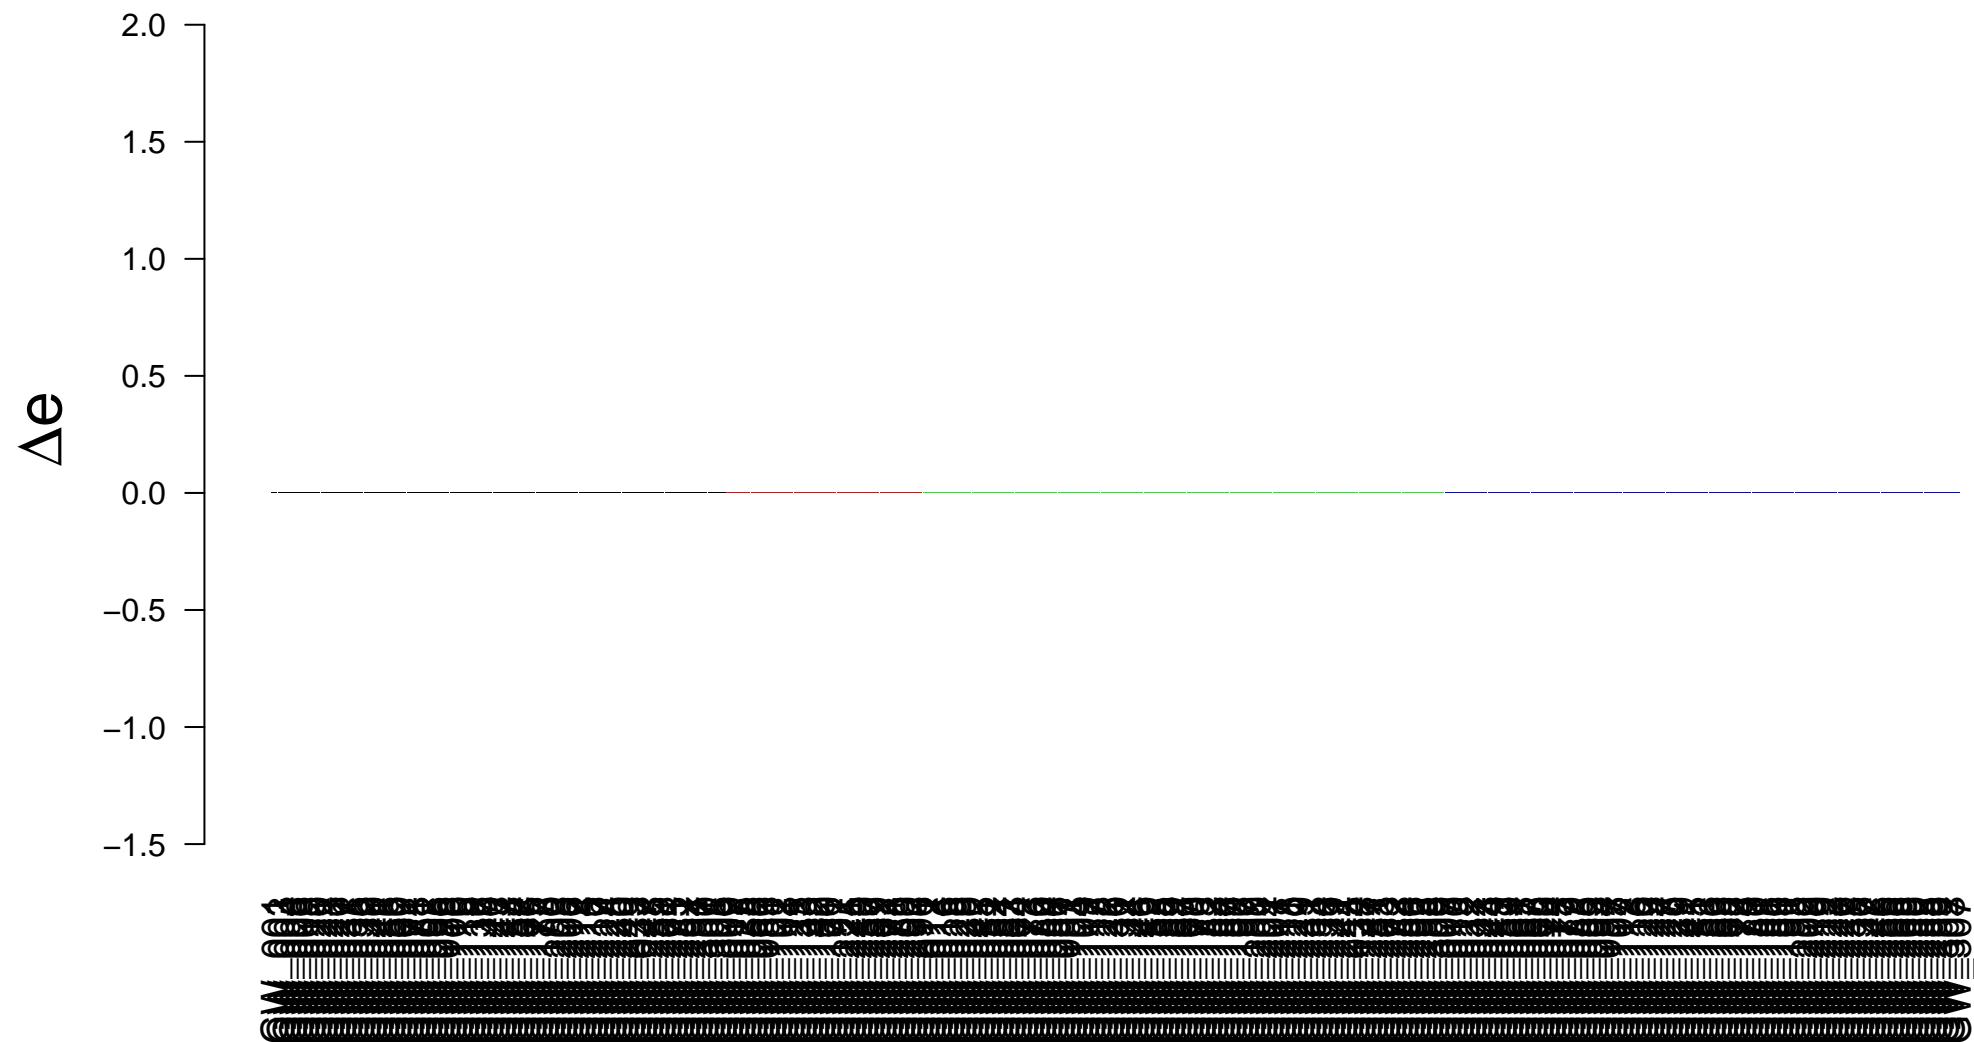

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot L

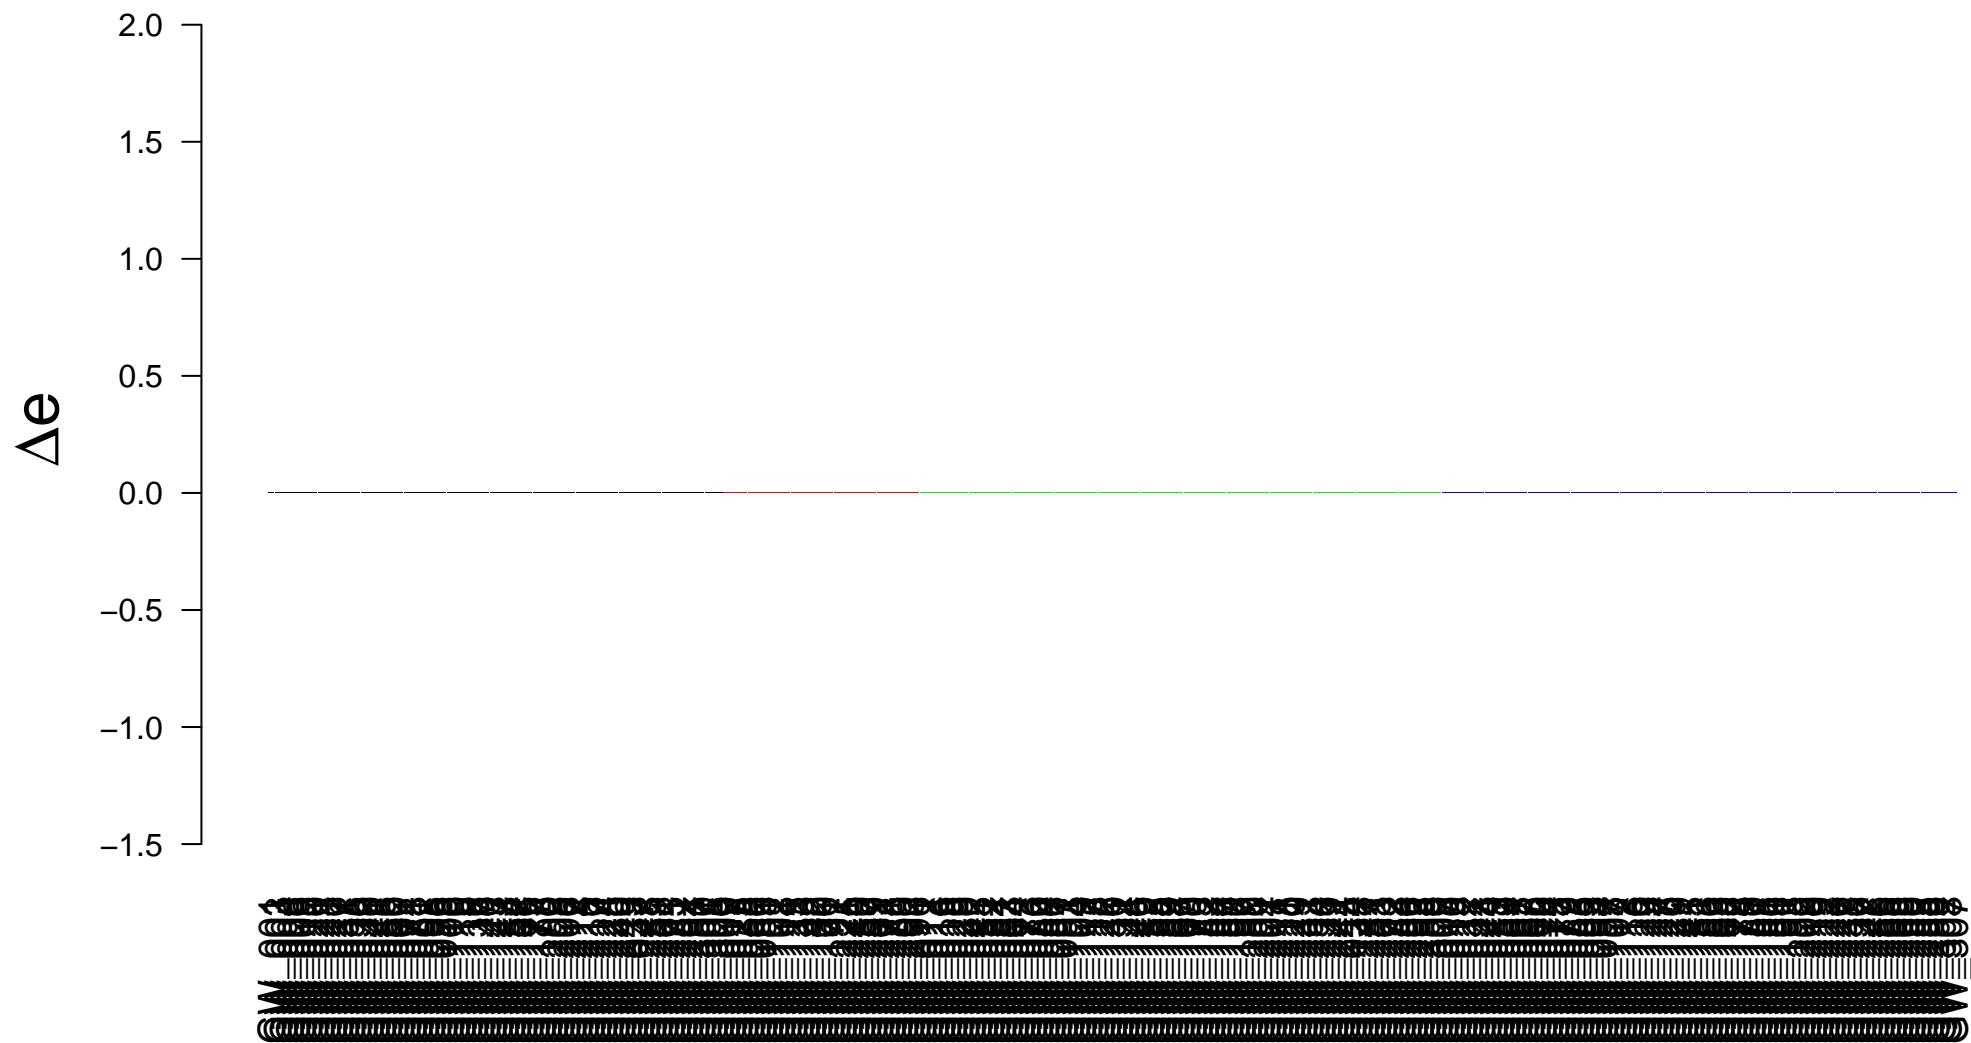

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot M

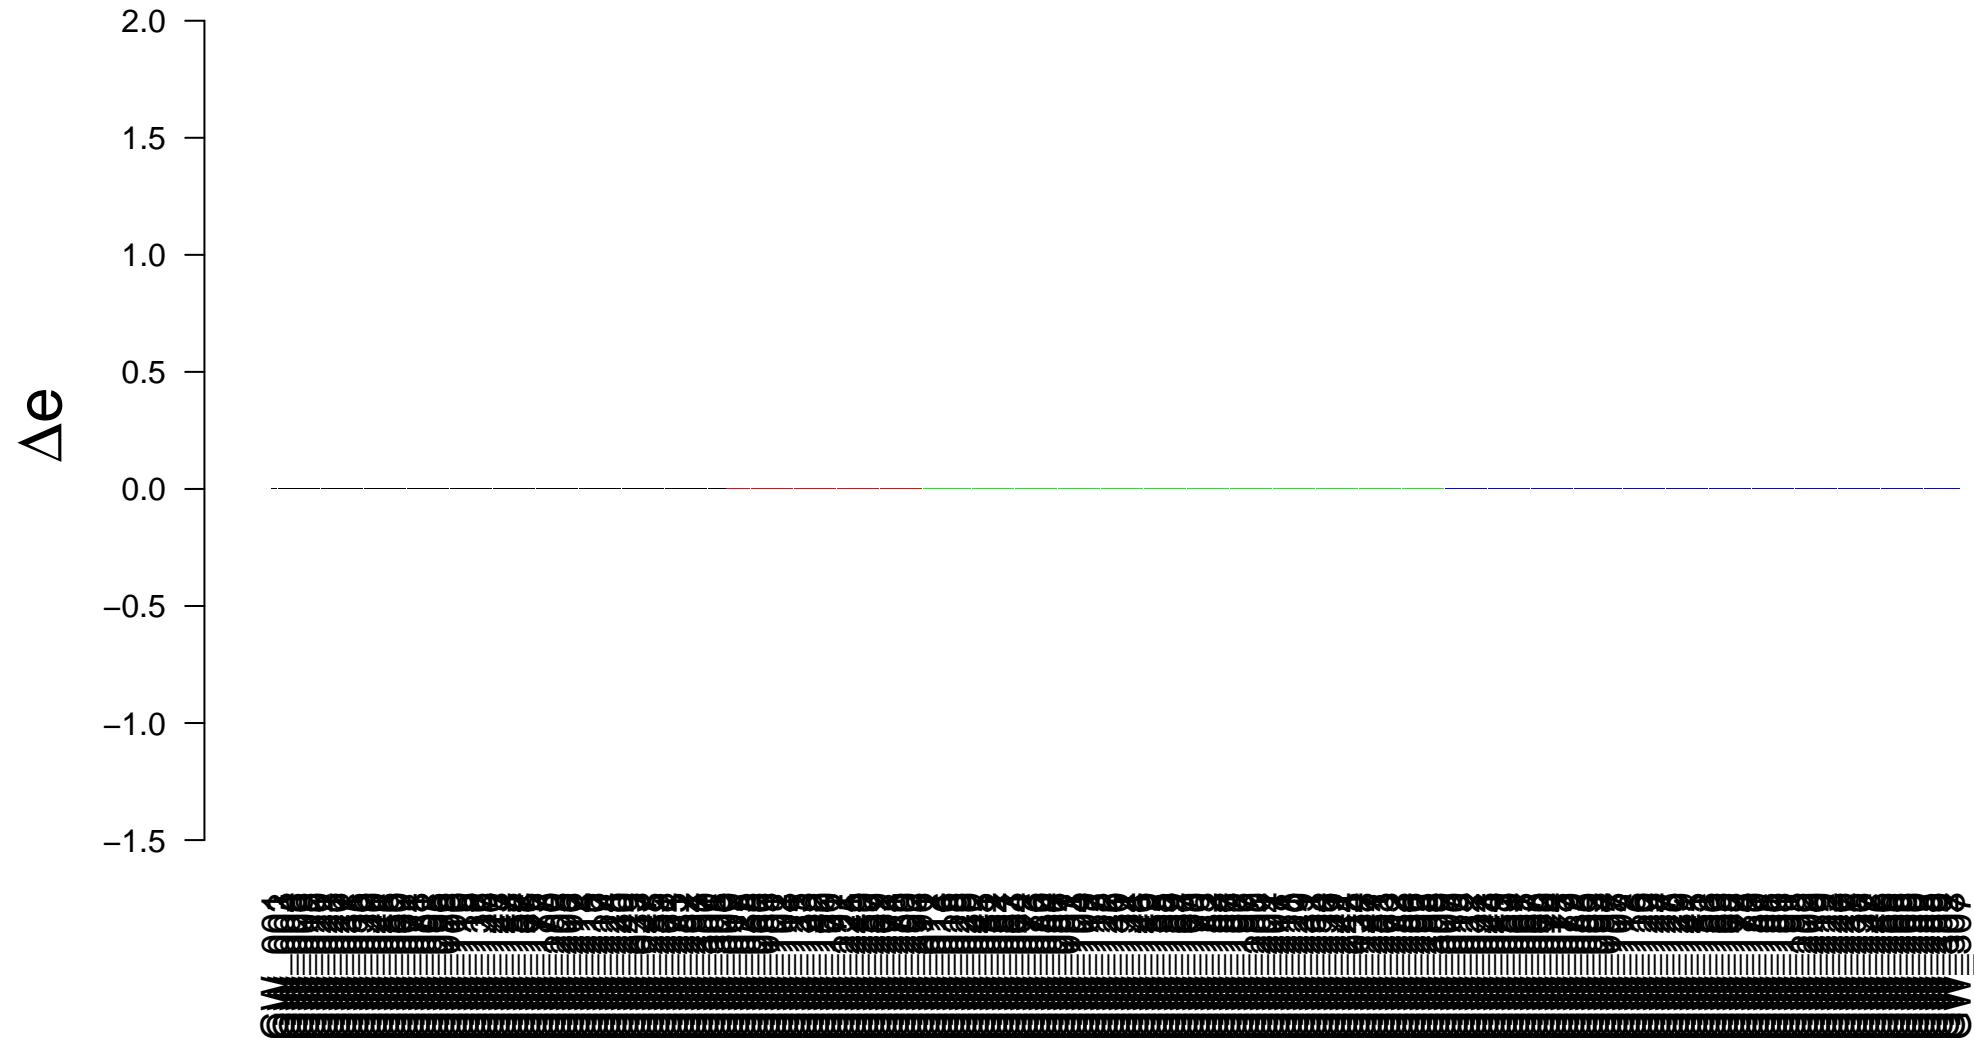

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot N

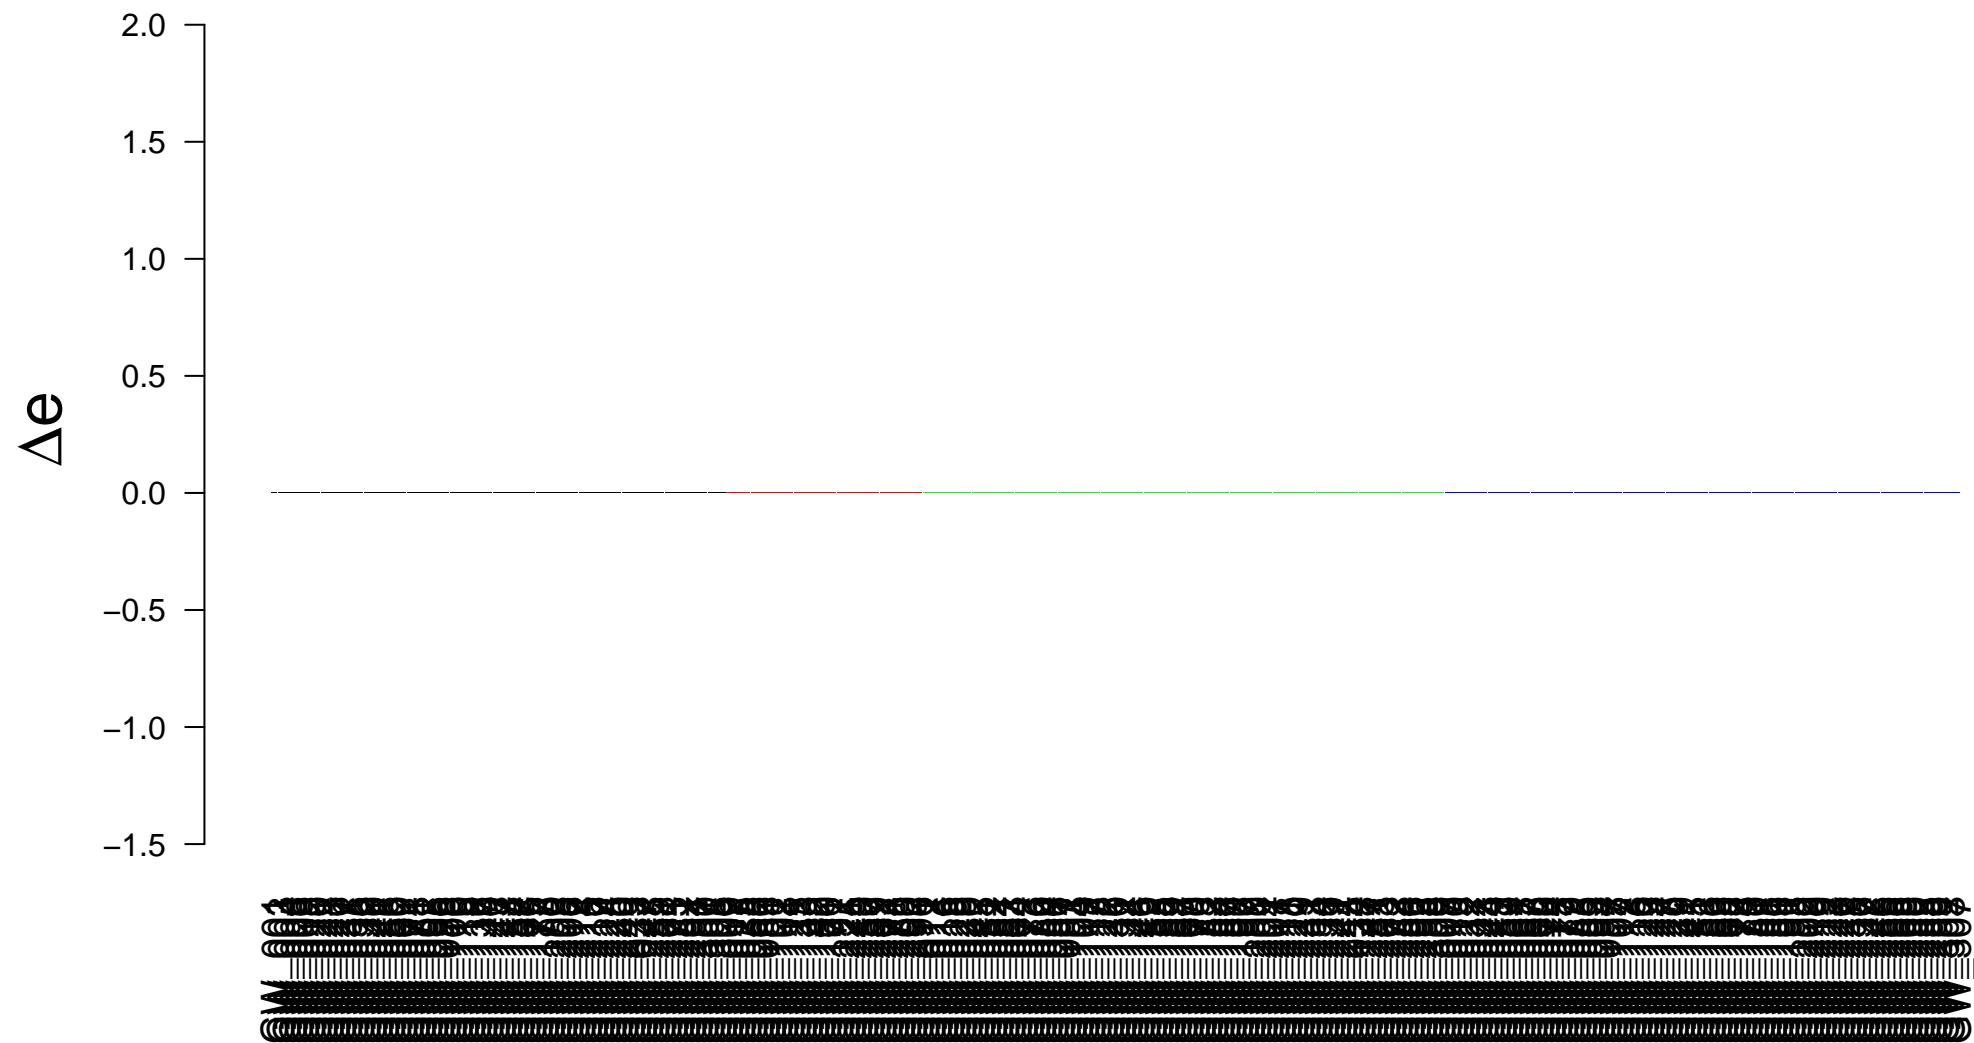

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot O

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot P

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot Q

Expression of negative regulation of extrinsic apoptotic signaling pathway via death domain receptors in Spot R
