

negative regulation of hormone secretion

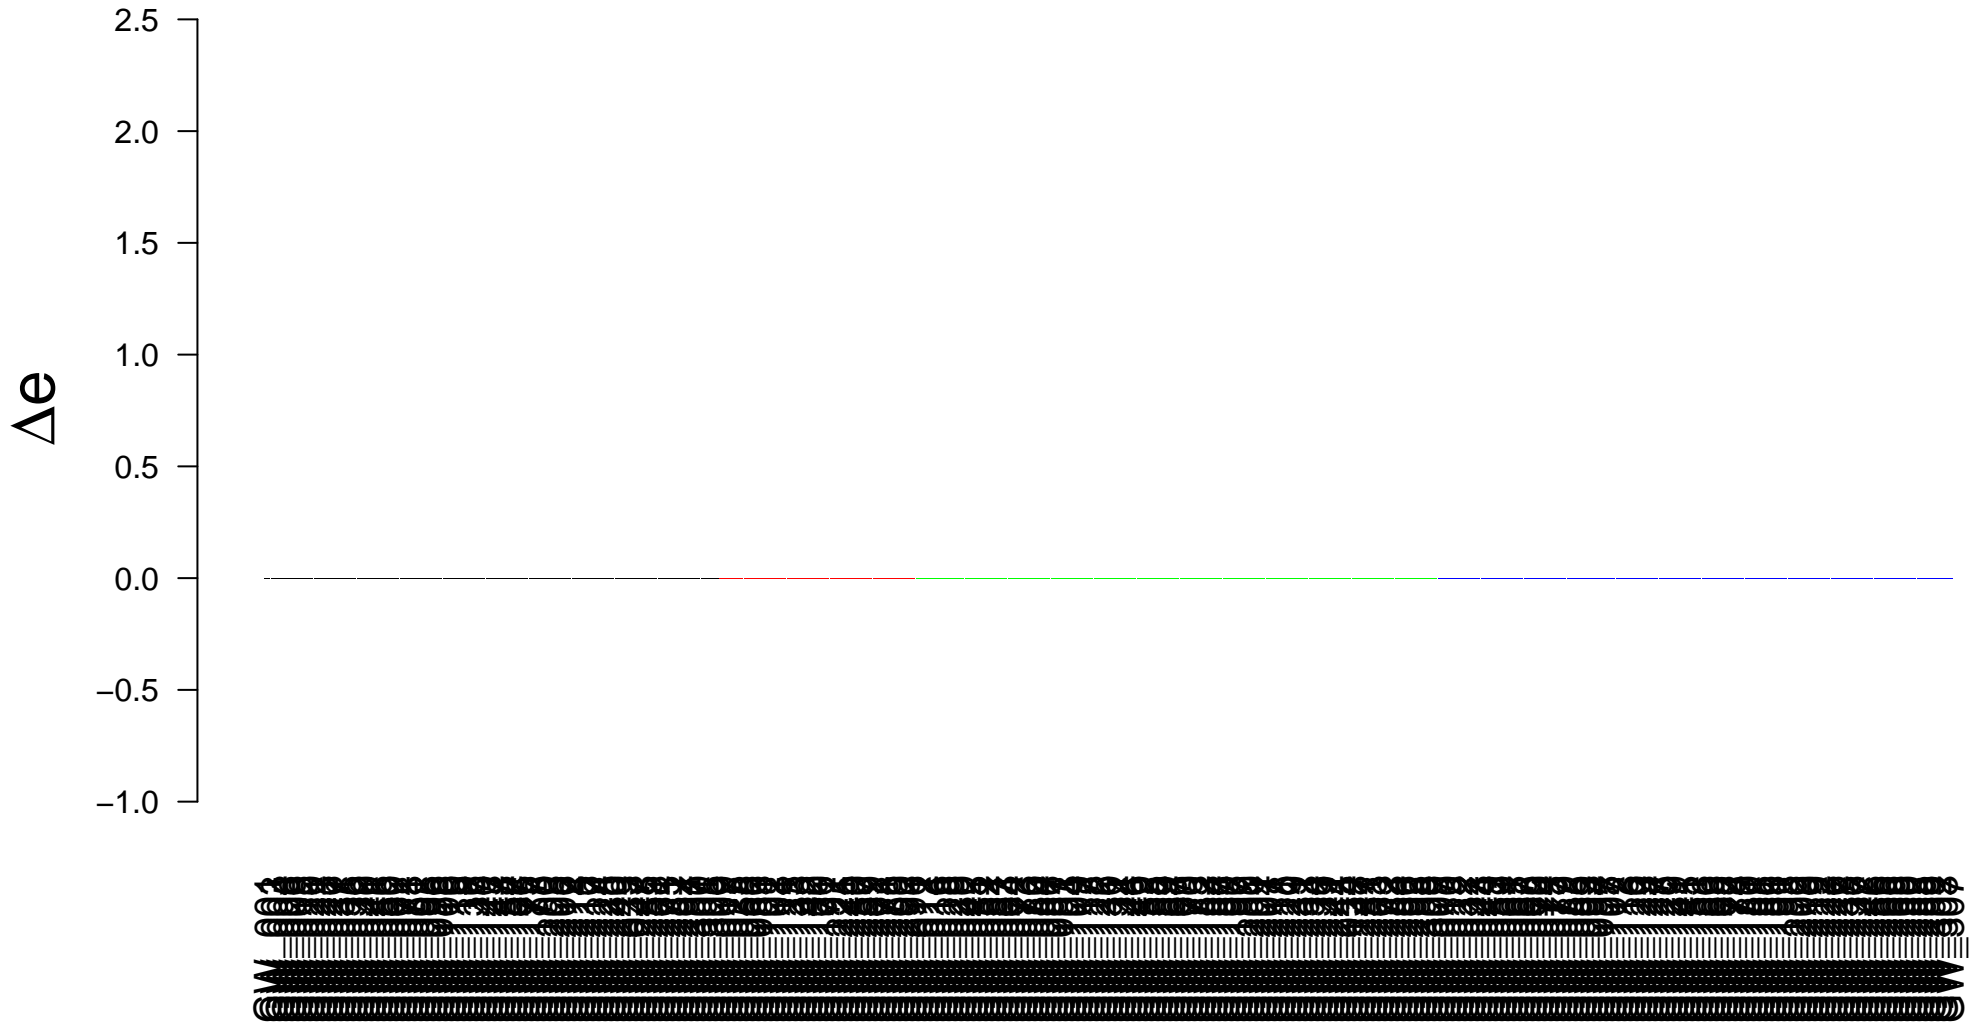

negative regulation of hormone secretion

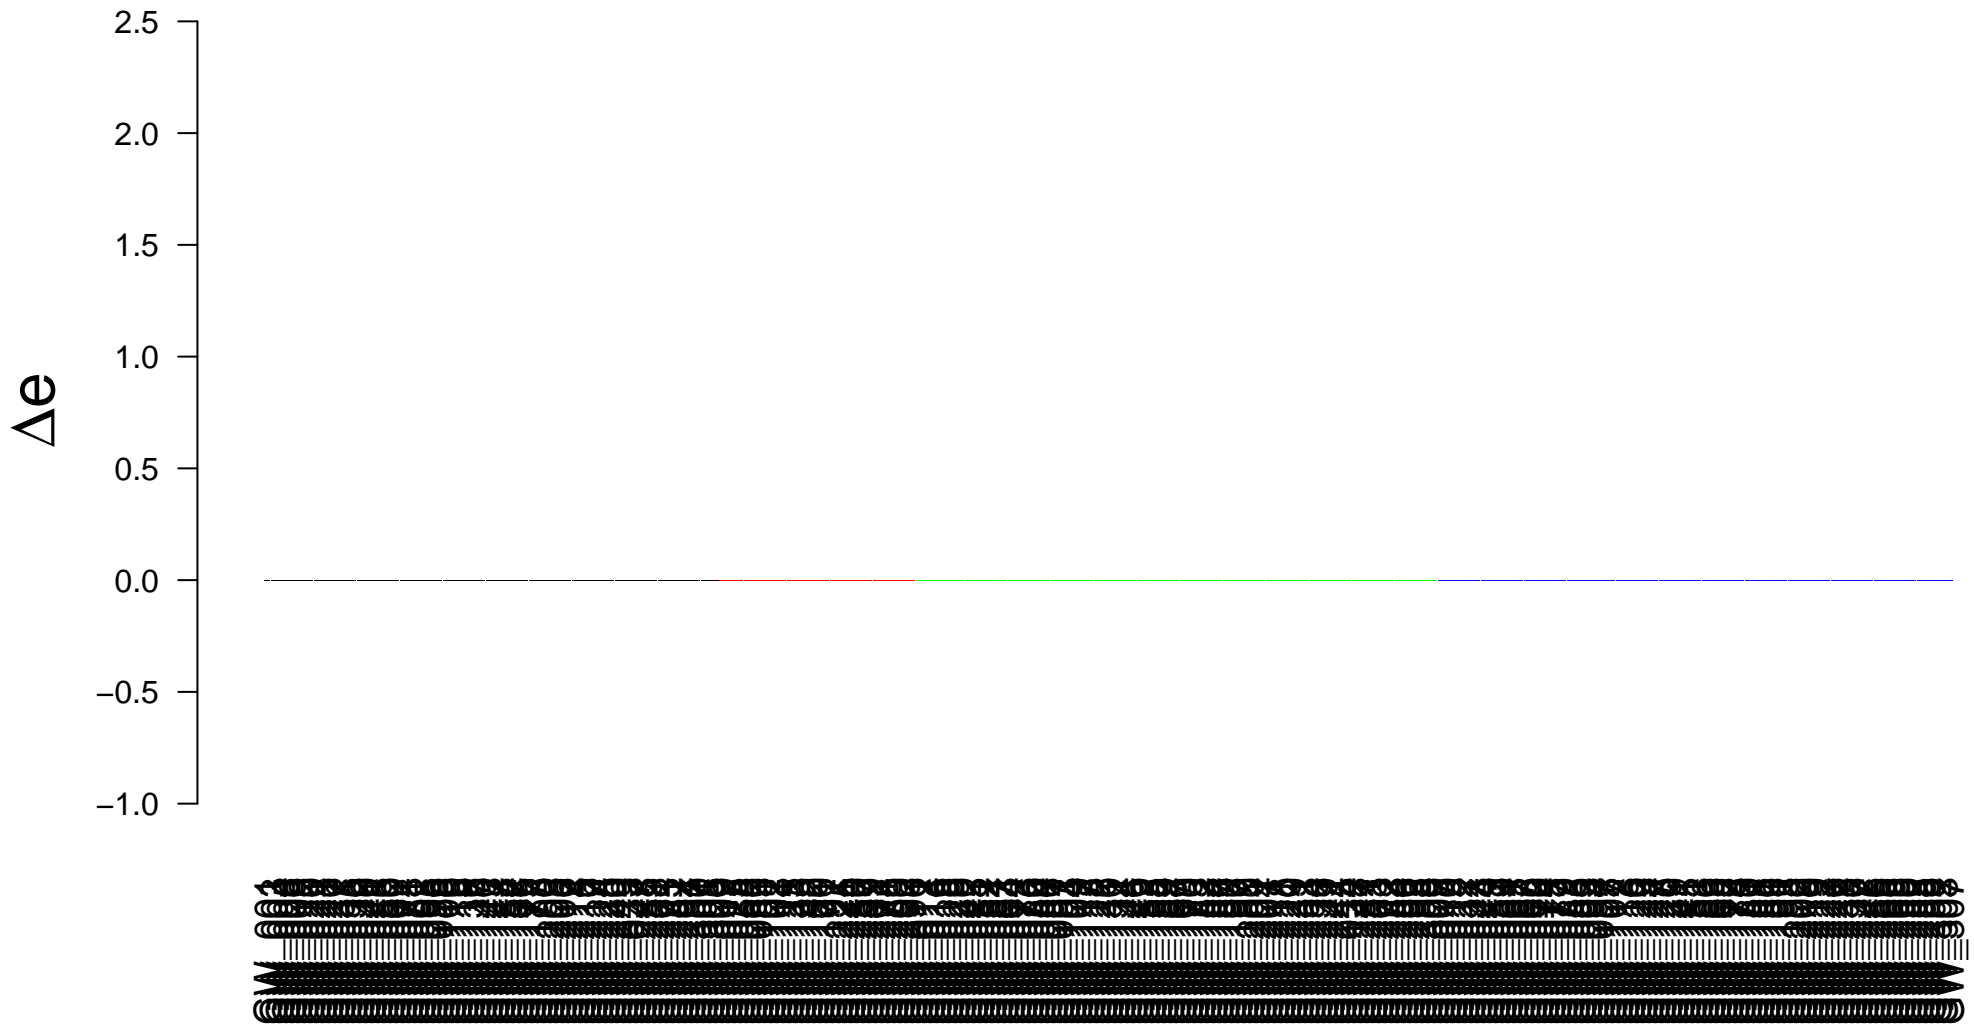

Enrichment in spots: negative regulation of hormone secretion

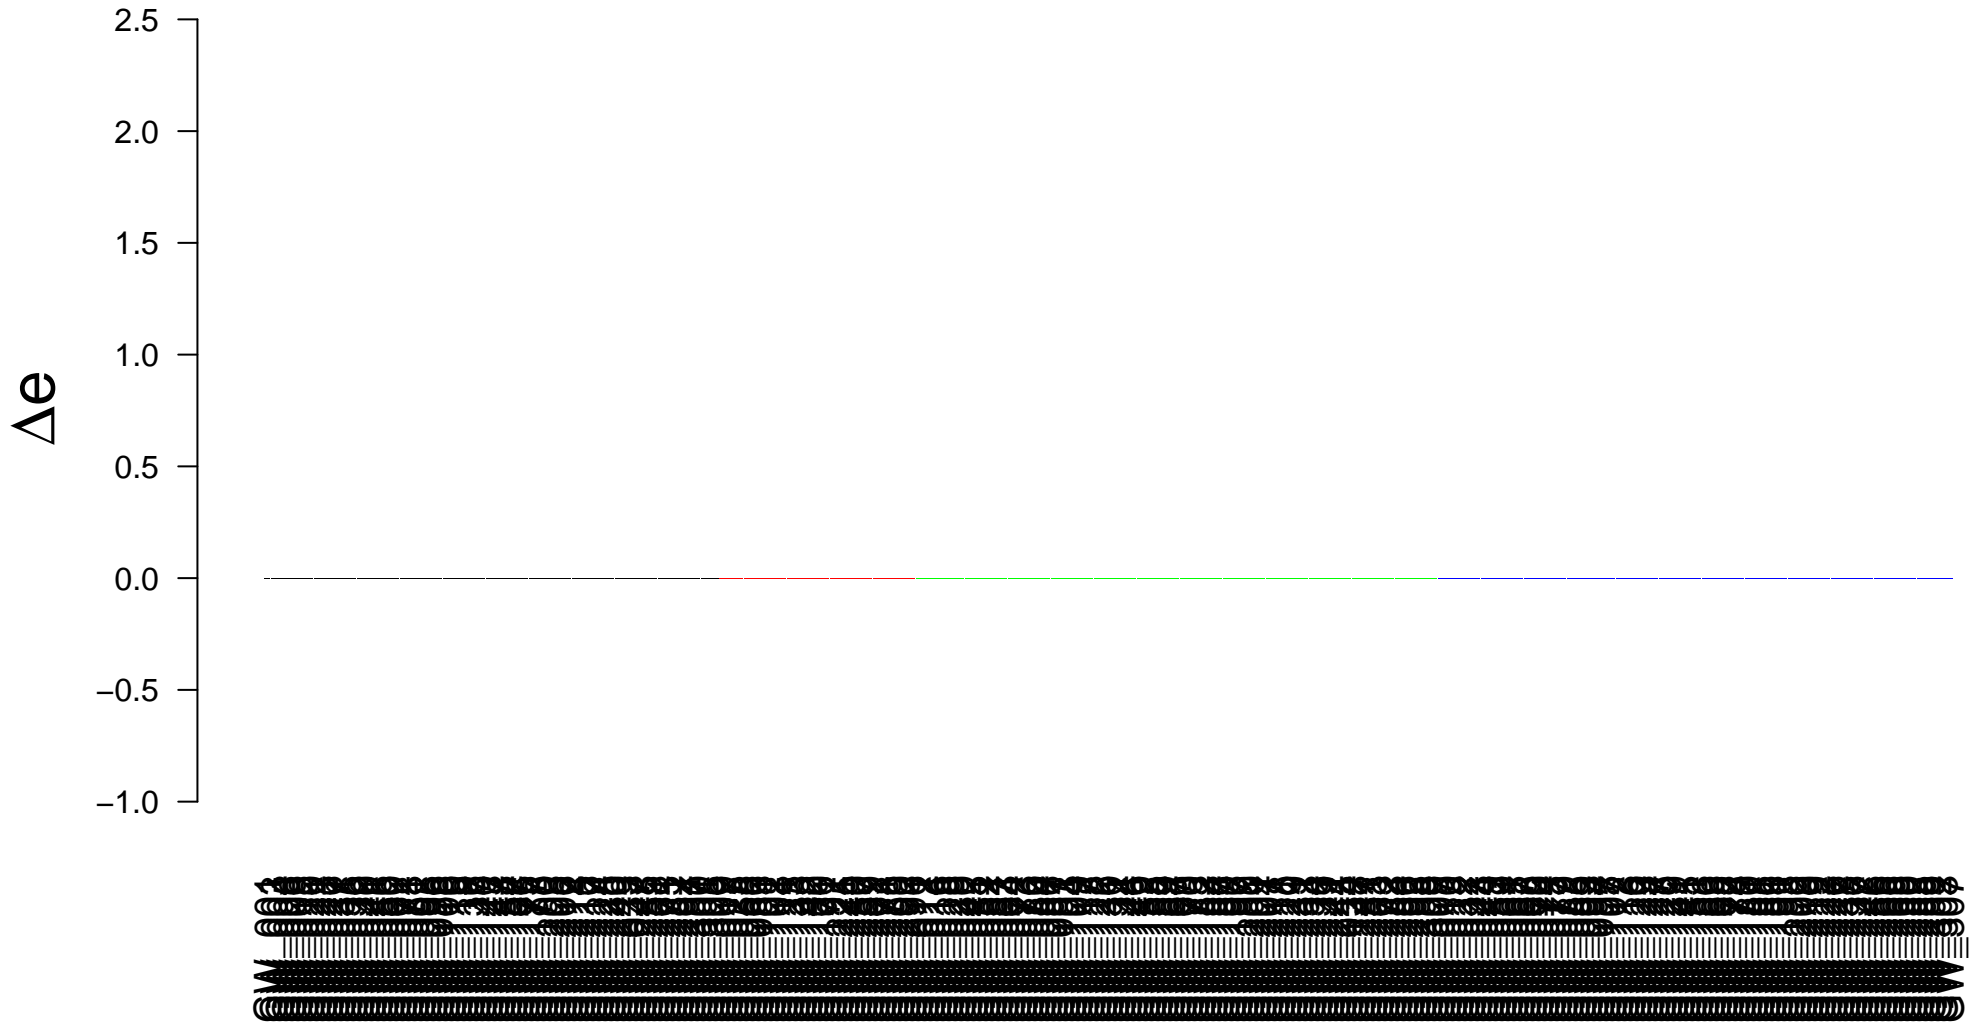

Expression of negative regulation of hormone secretion in Spot A

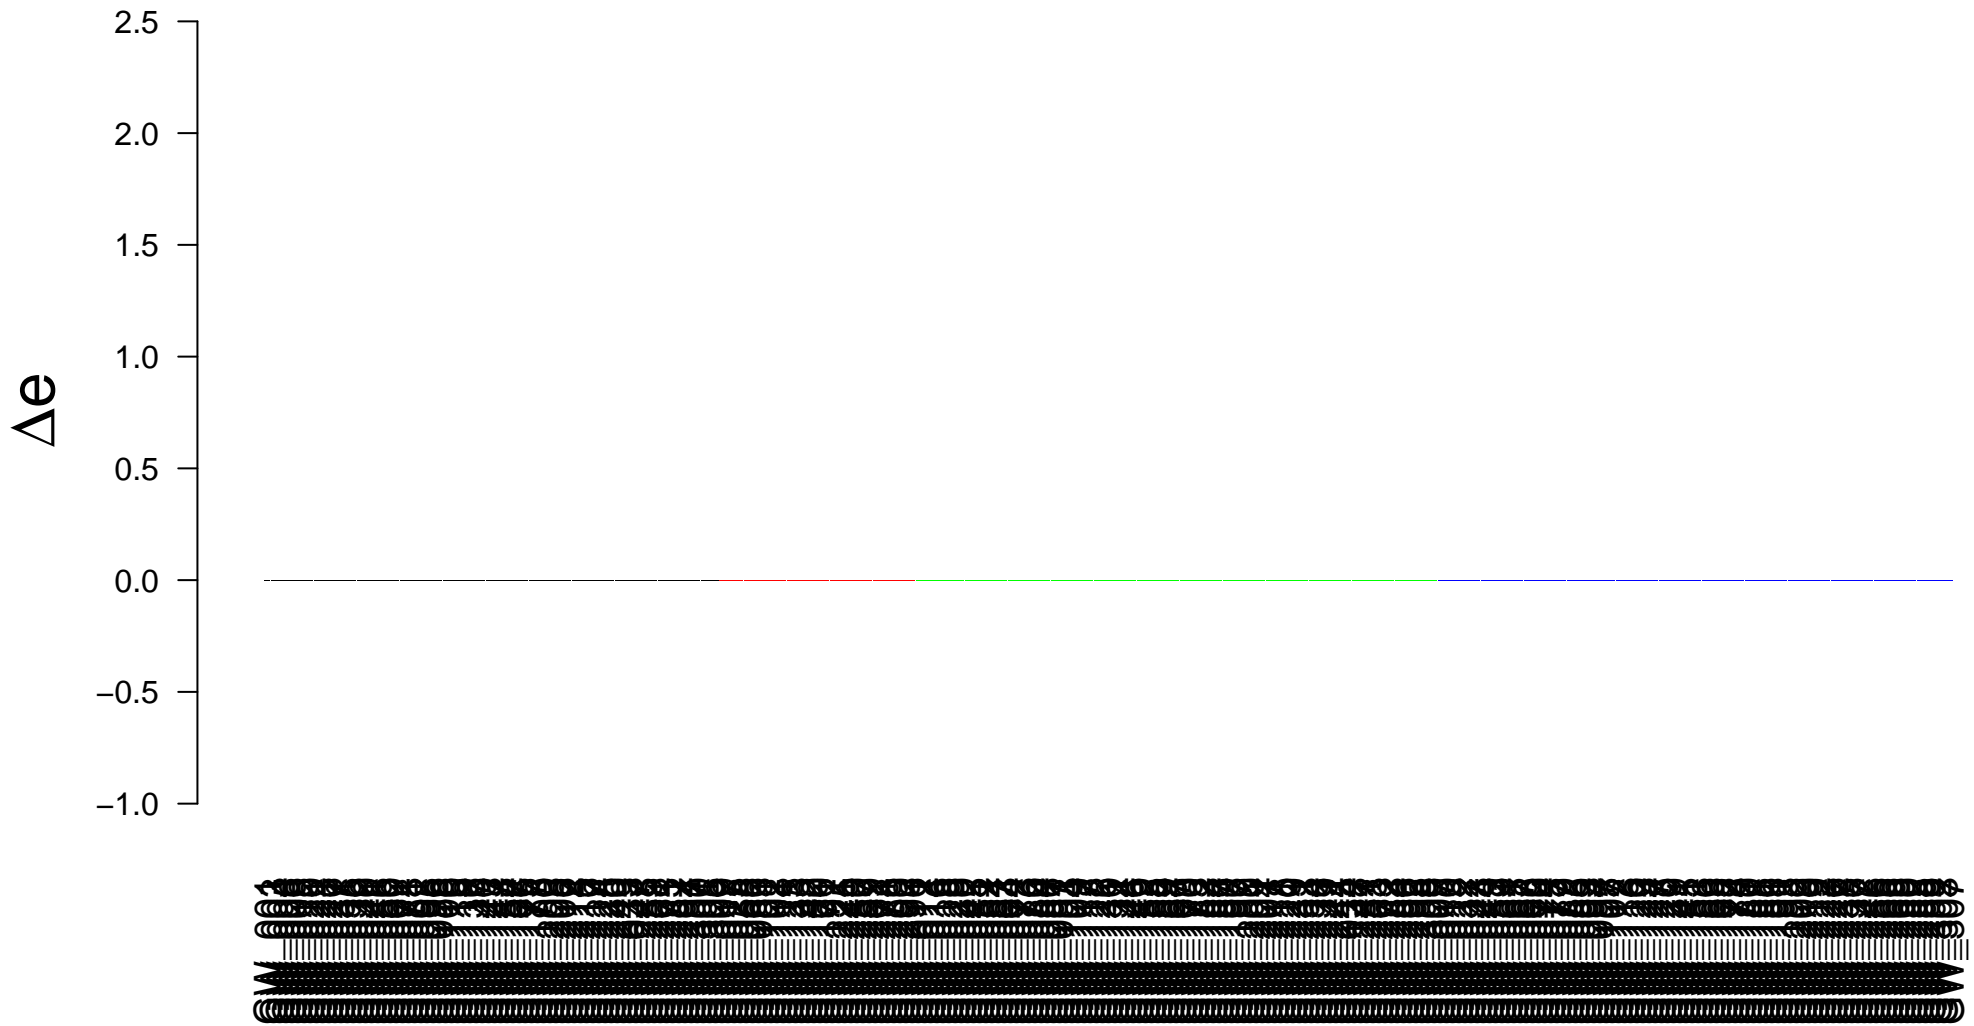

Expression of negative regulation of hormone secretion in Spot B

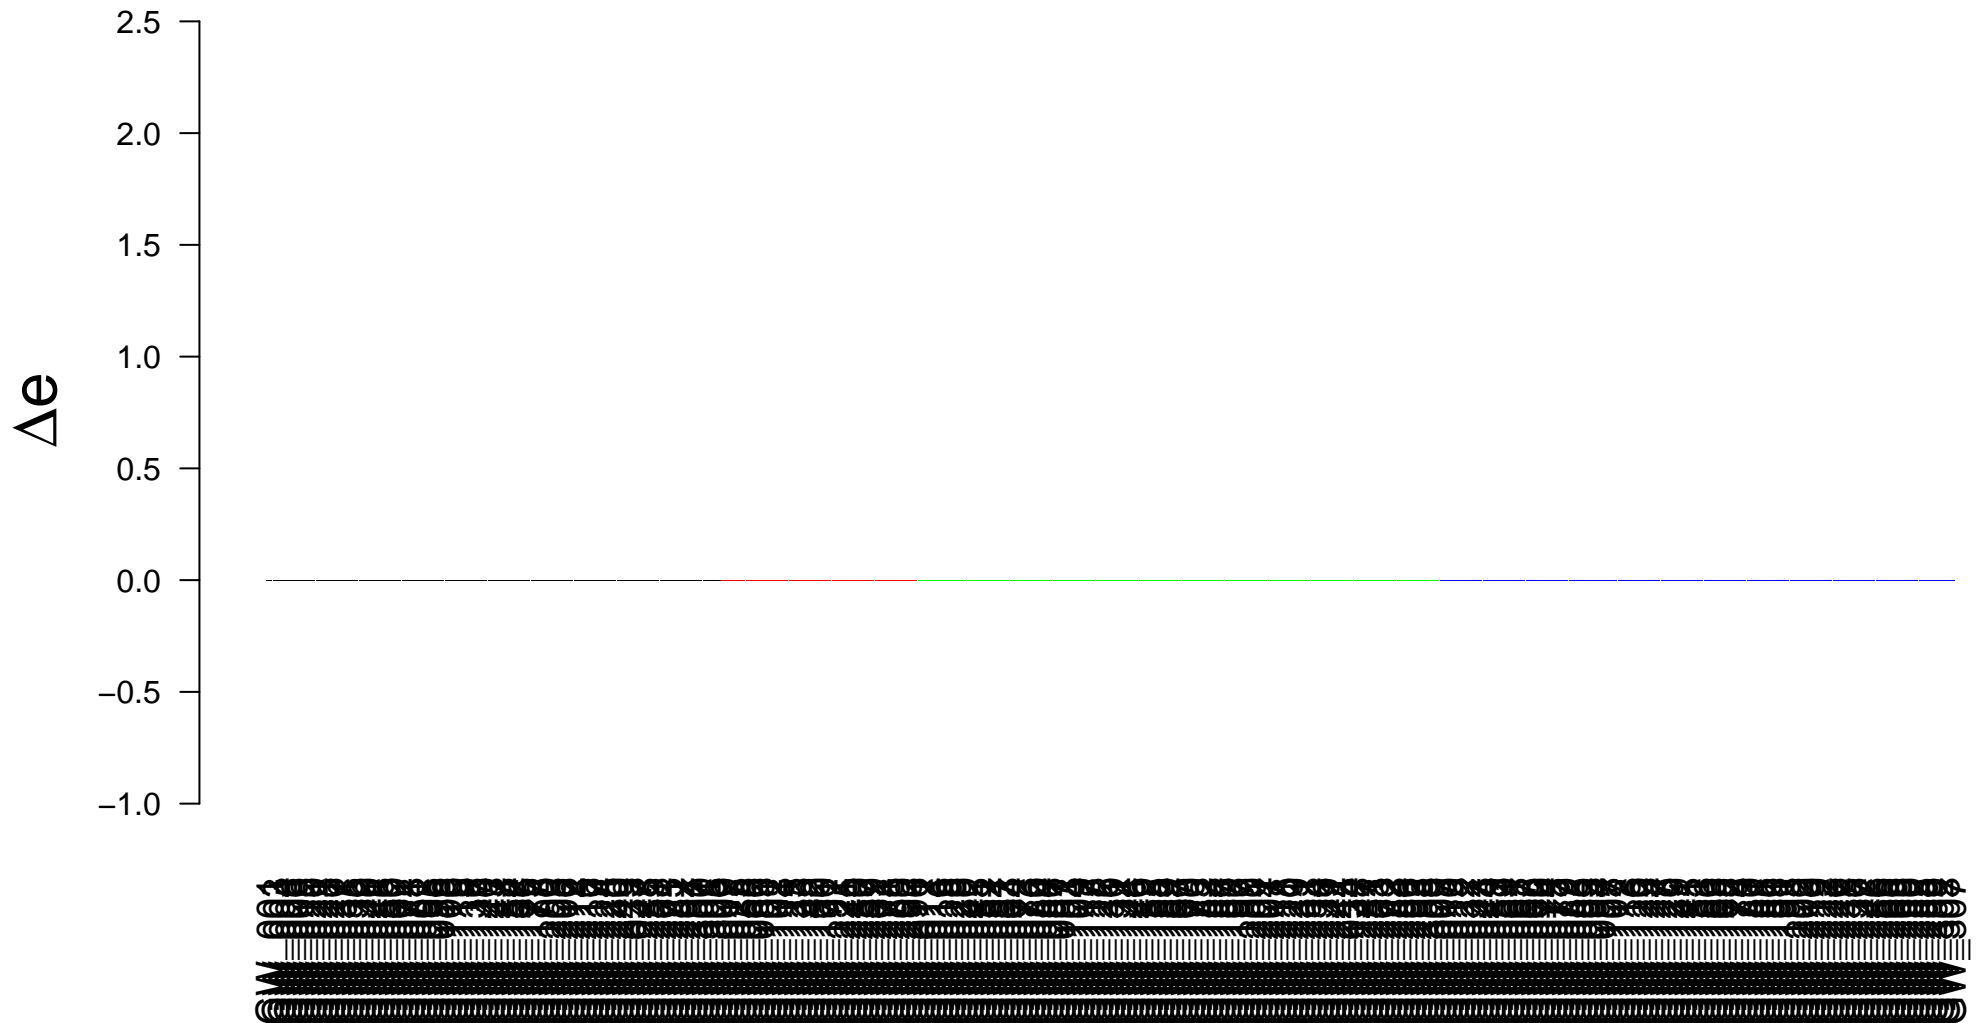

Expression of negative regulation of hormone secretion in Spot C

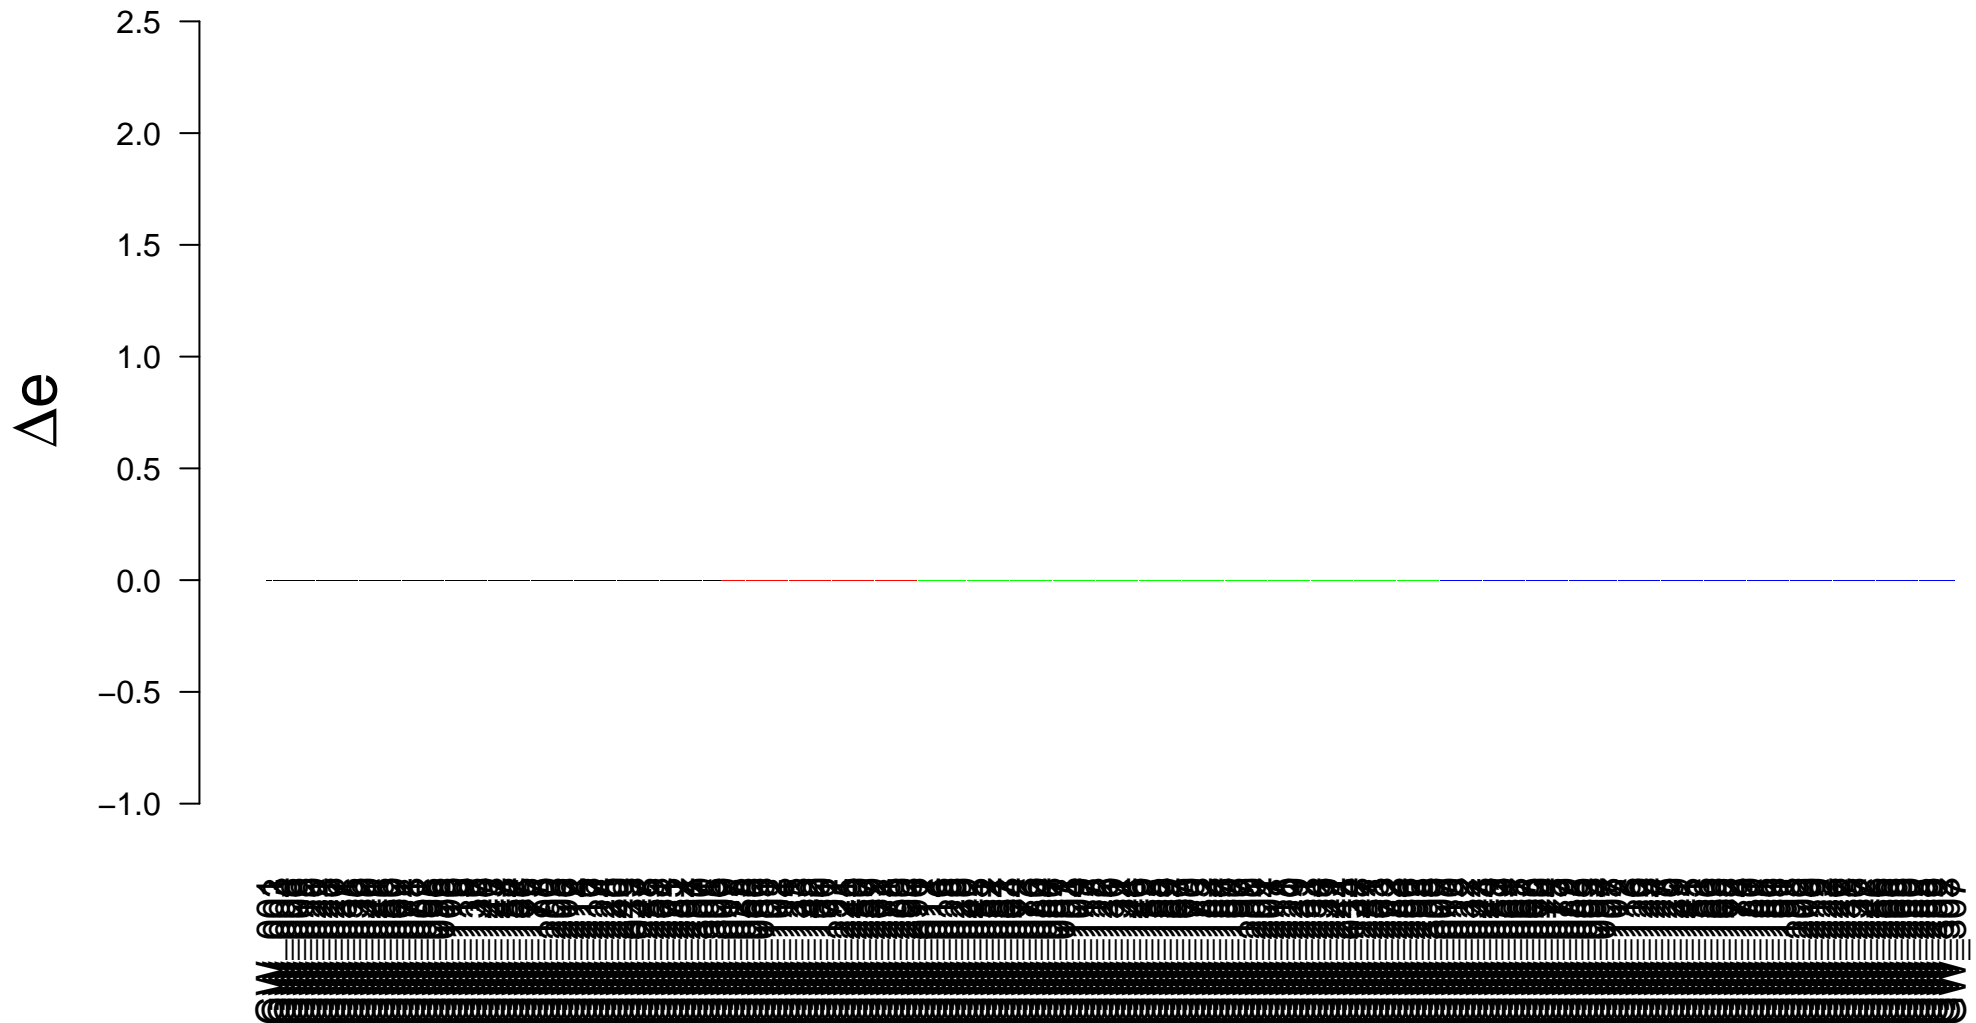

Expression of negative regulation of hormone secretion in Spot D

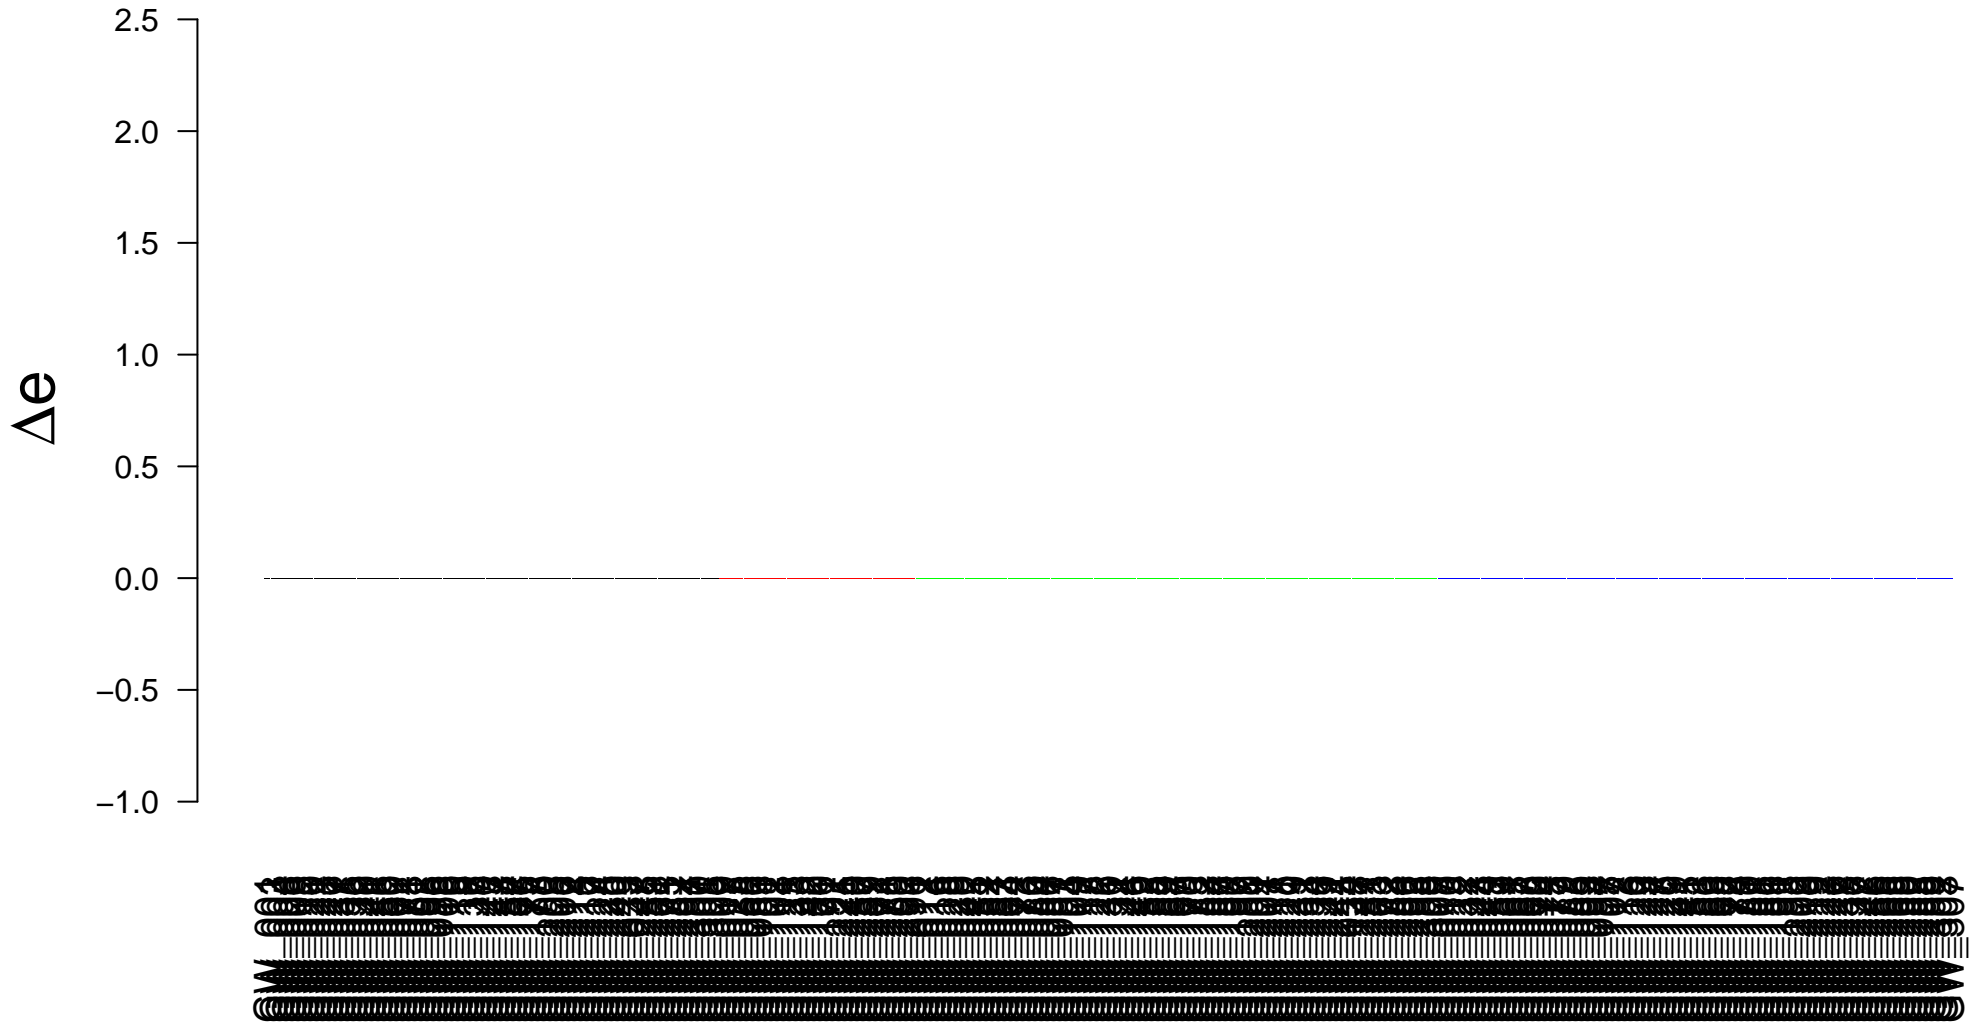

Expression of negative regulation of hormone secretion in Spot E

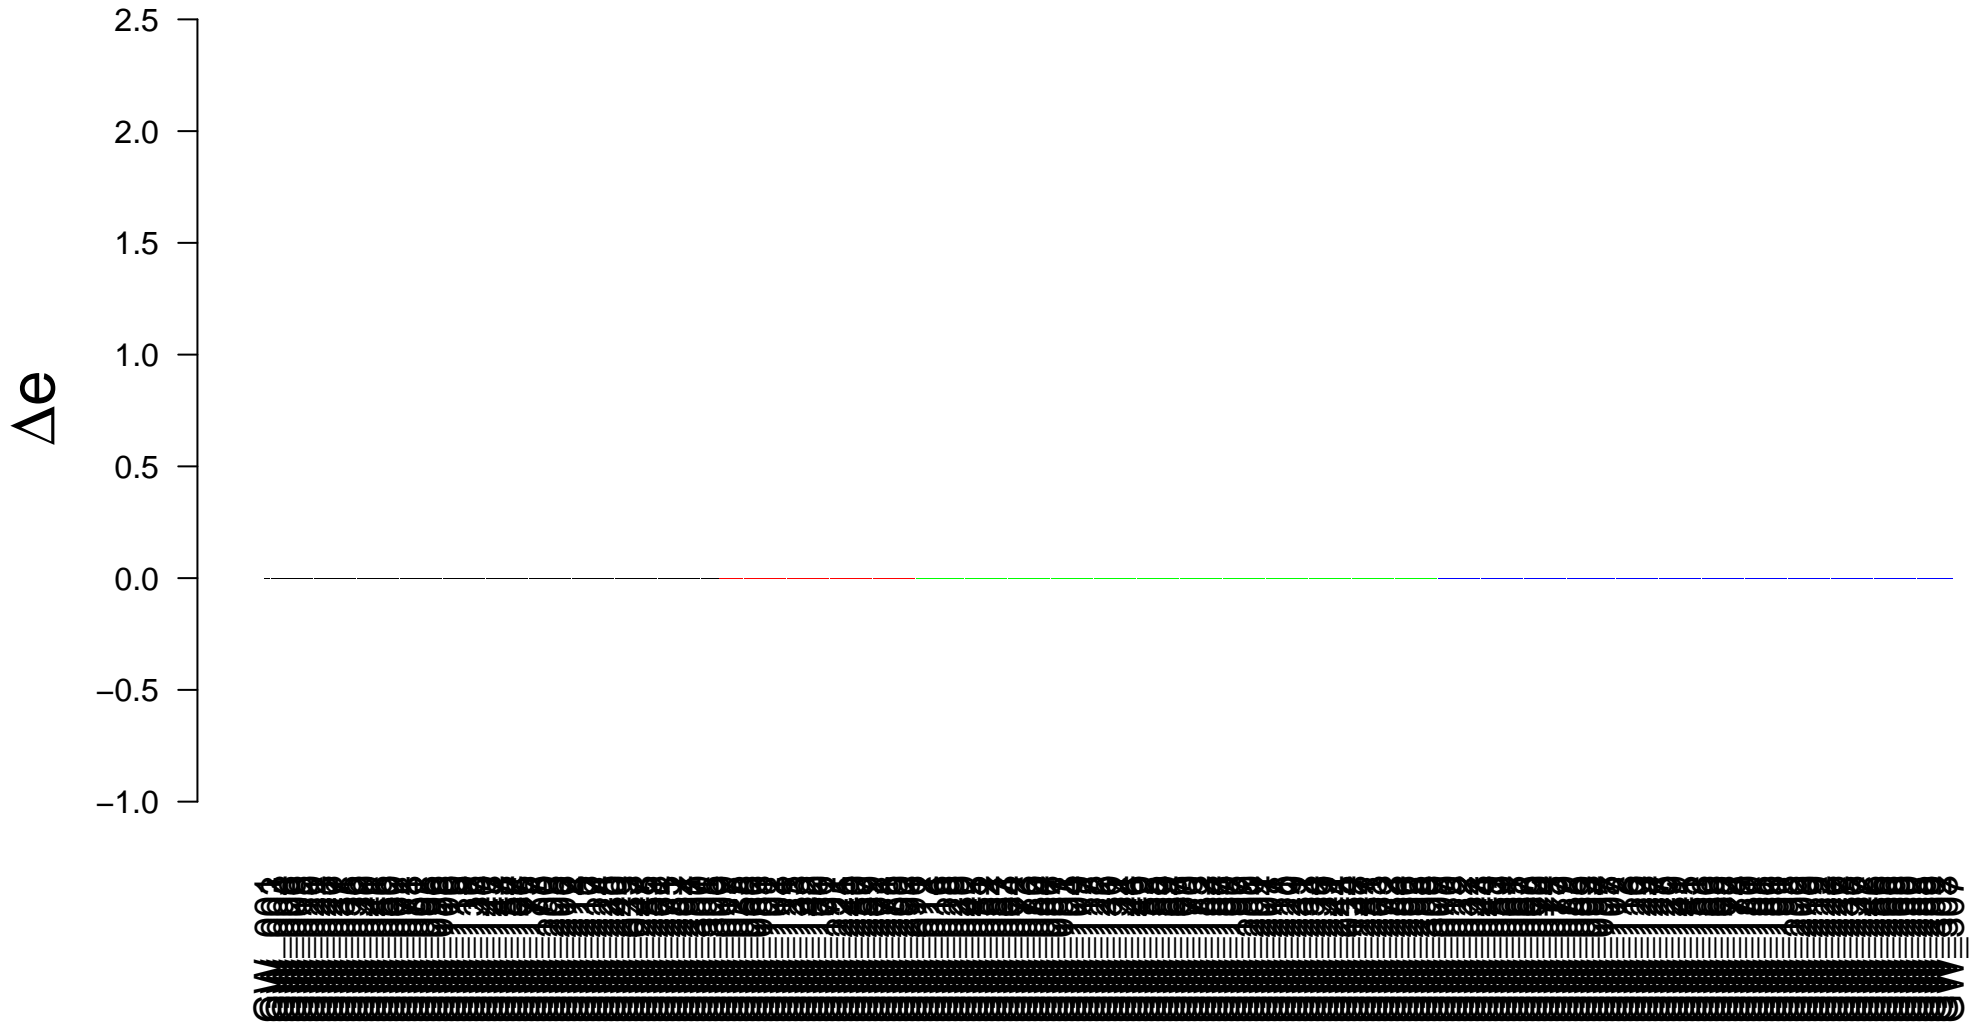

Expression of negative regulation of hormone secretion in Spot F

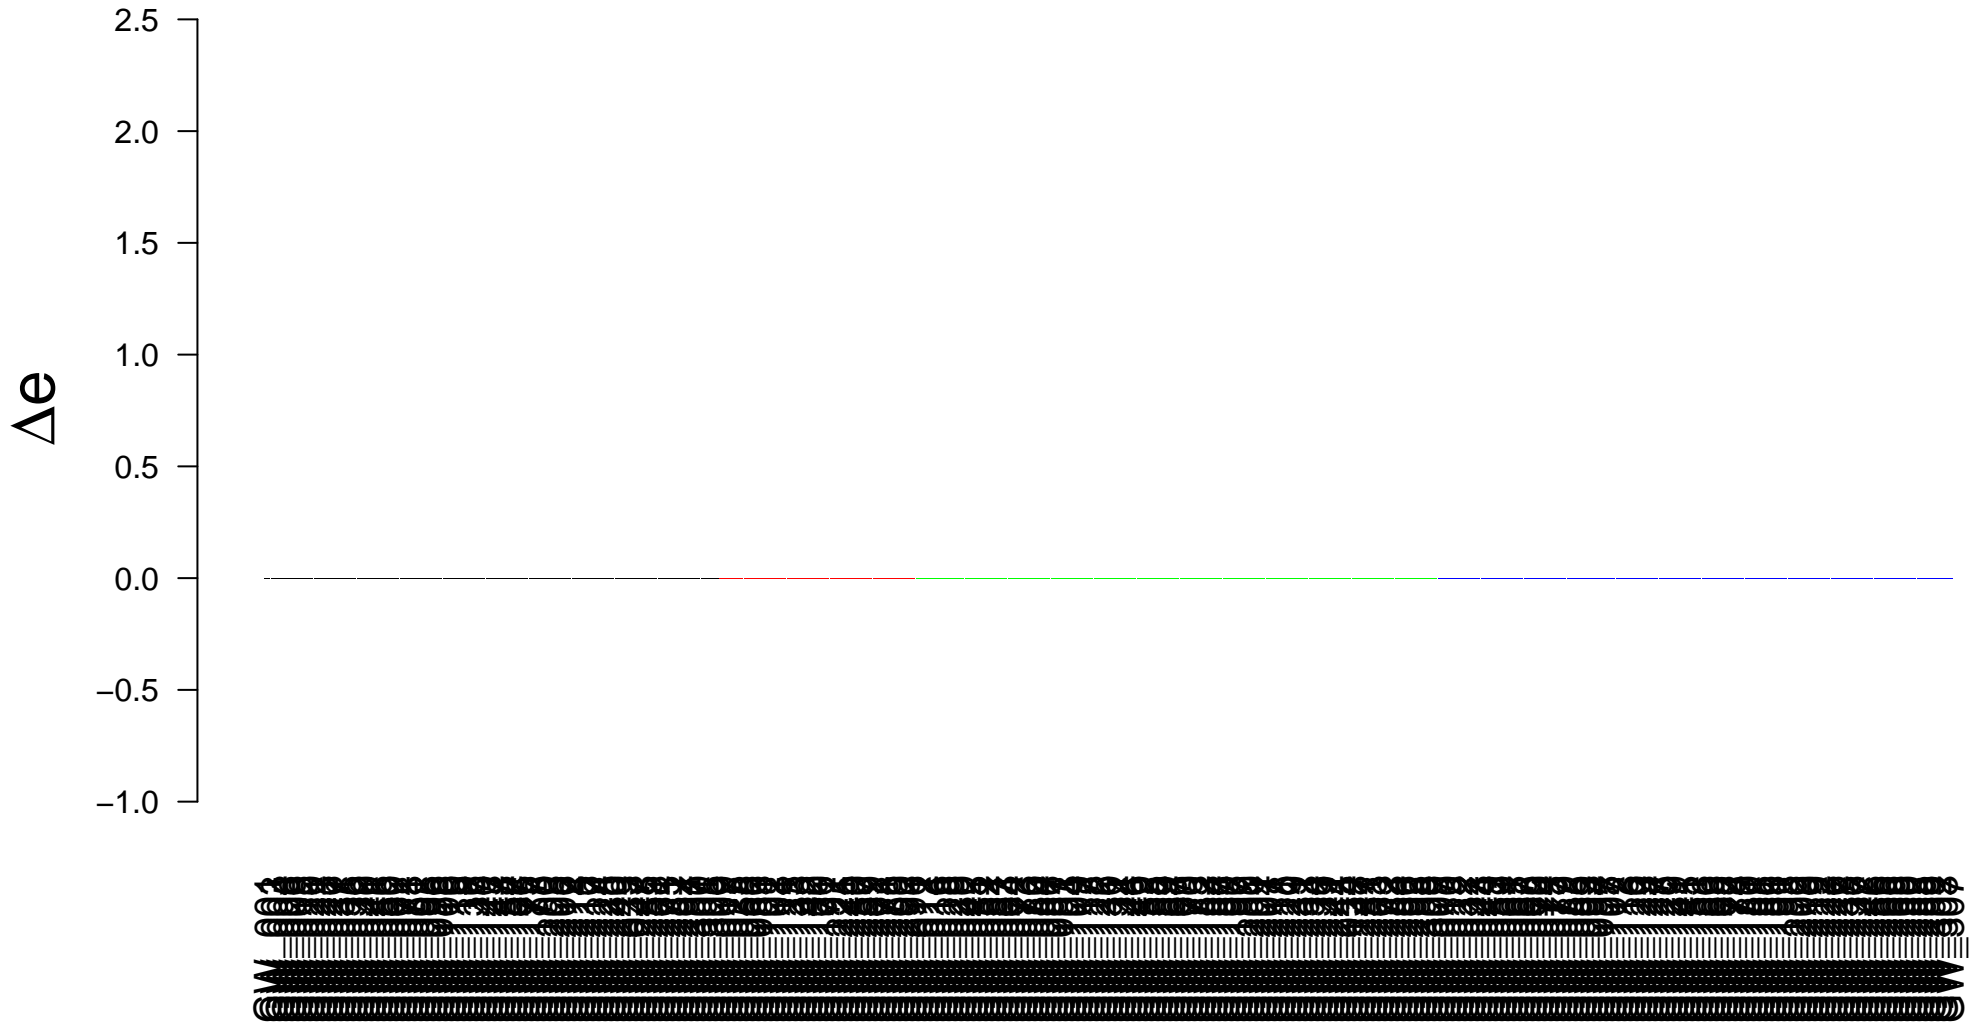

Expression of negative regulation of hormone secretion in Spot G

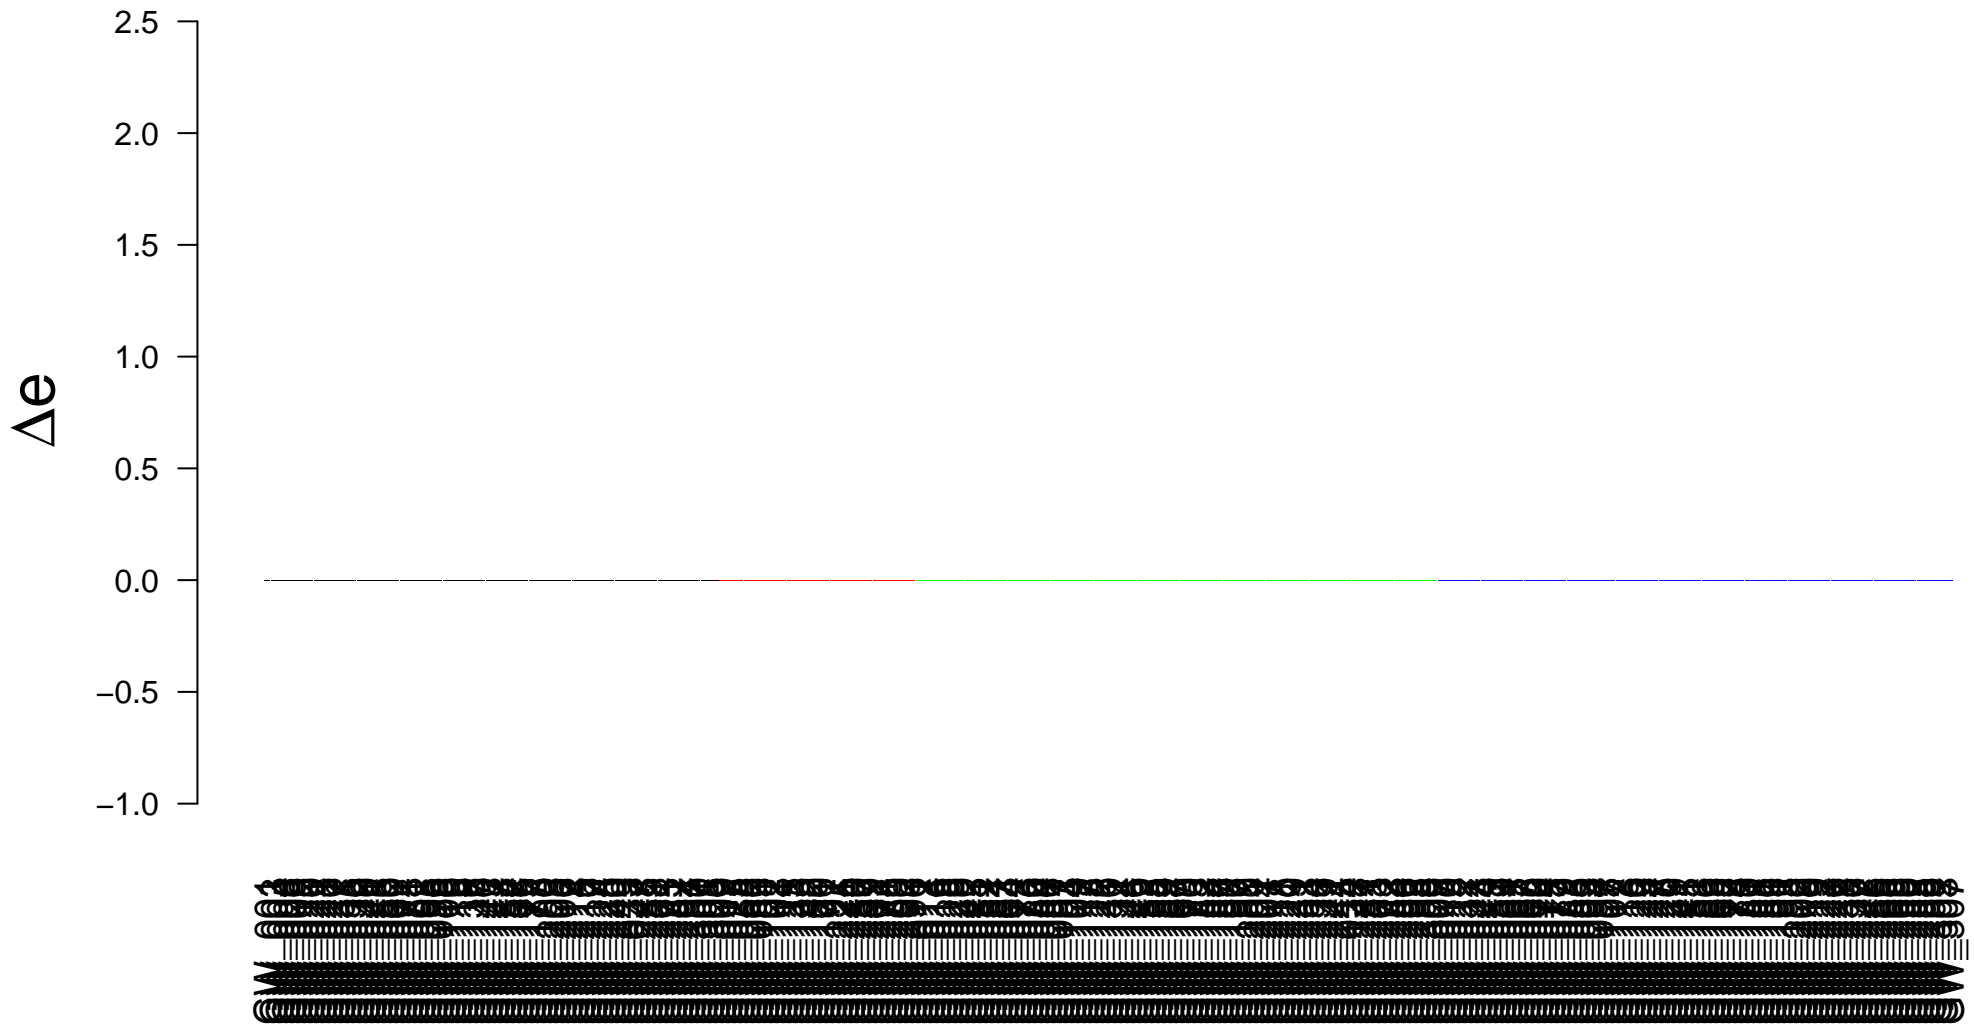

Expression of negative regulation of hormone secretion in Spot H

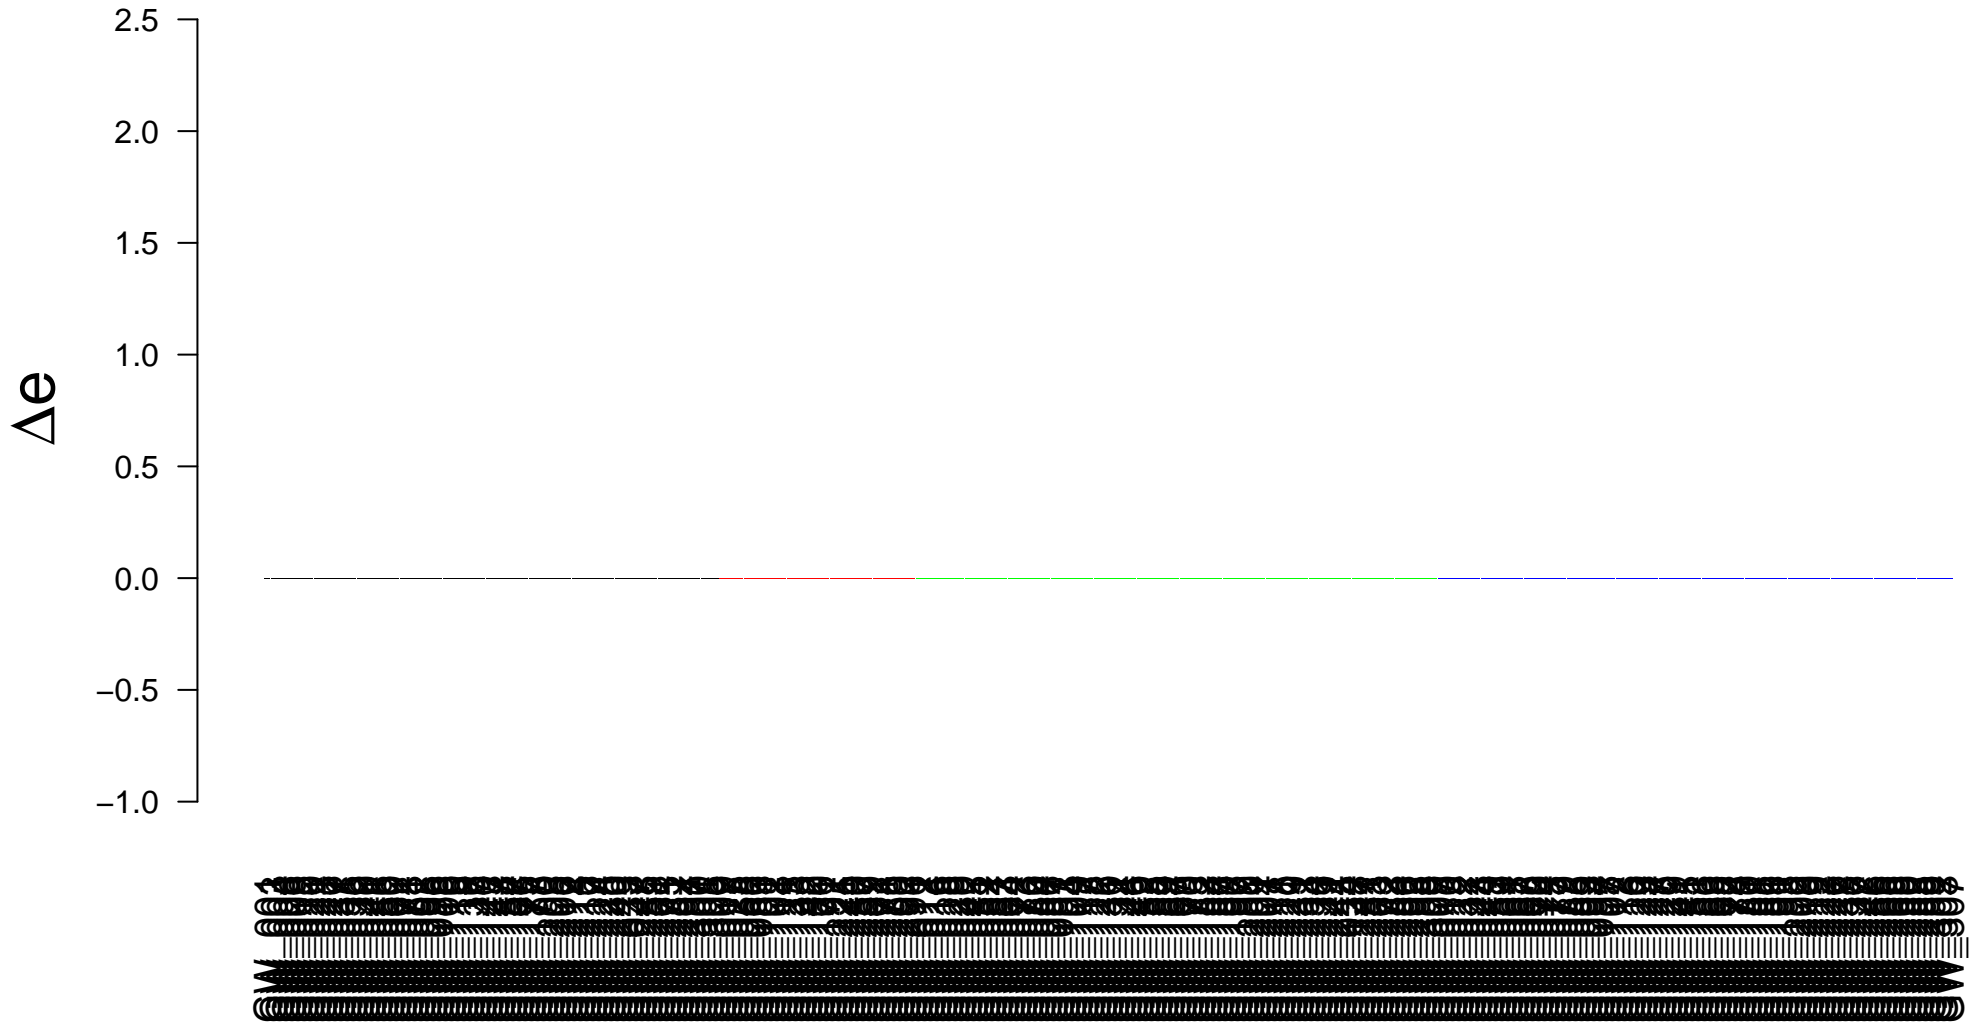

Expression of negative regulation of hormone secretion in Spot I

Expression of negative regulation of hormone secretion in Spot J

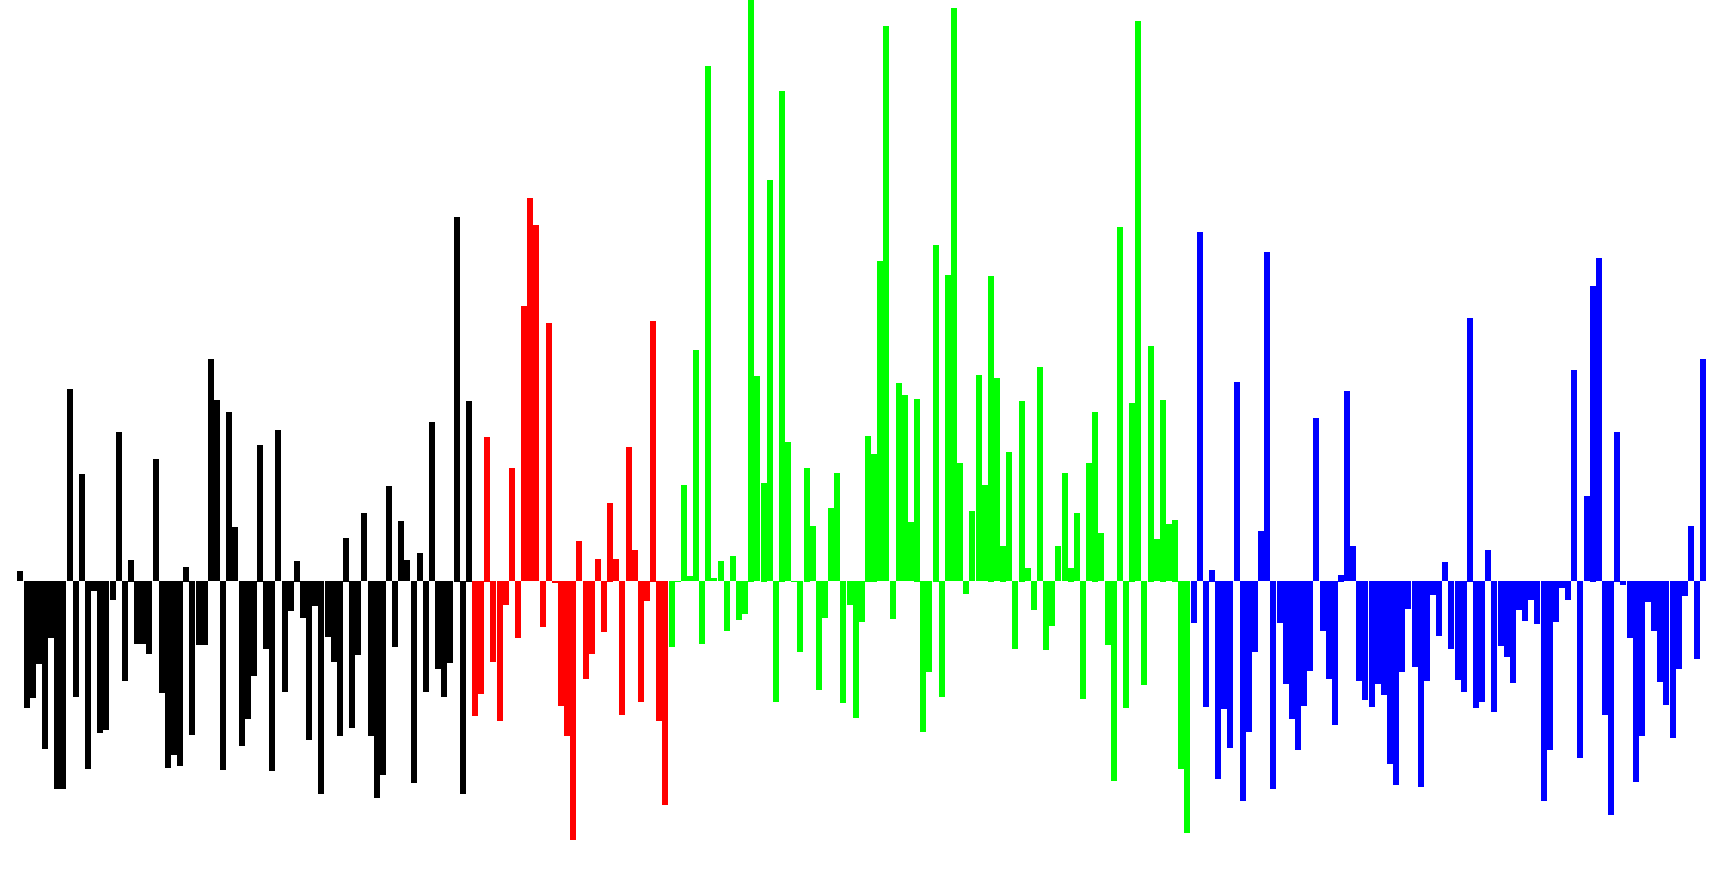

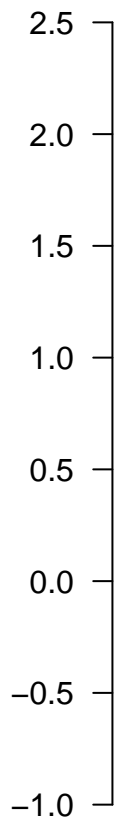

Expression of negative regulation of hormone secretion in Spot K

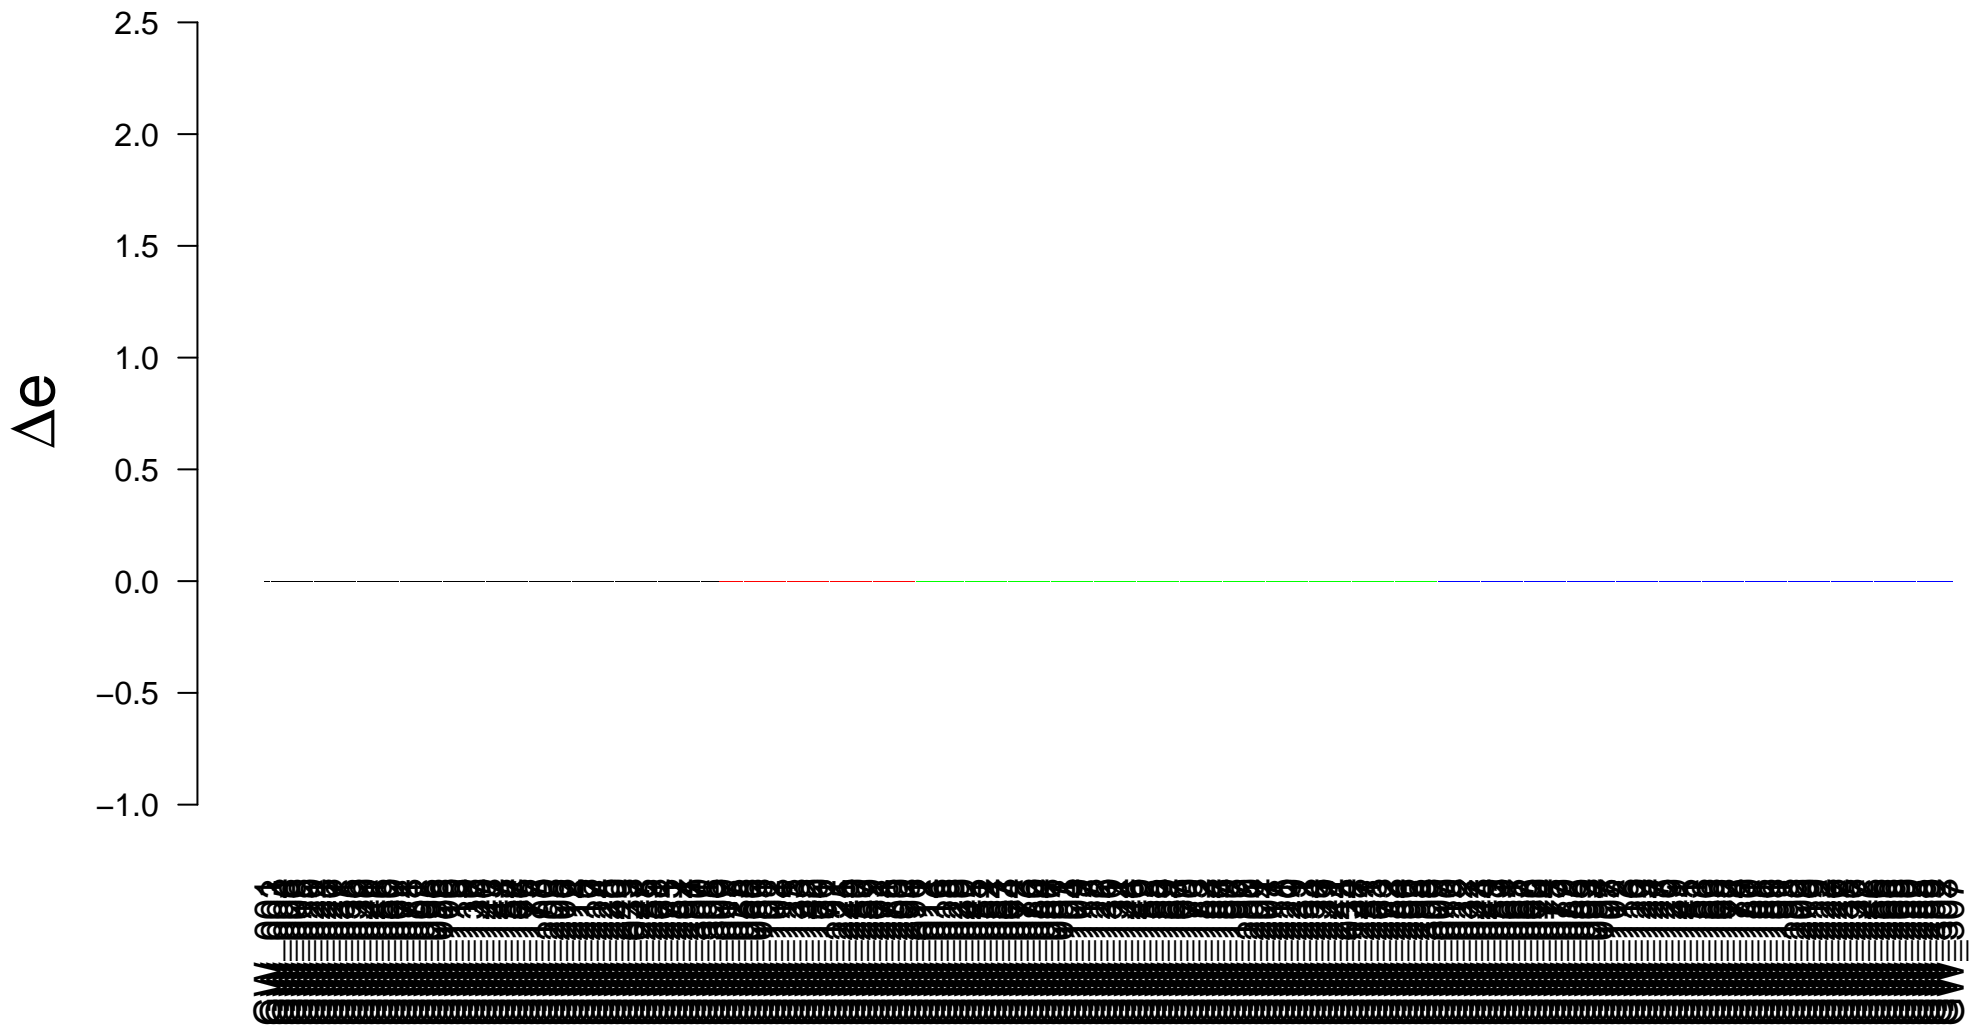

Expression of negative regulation of hormone secretion in Spot L

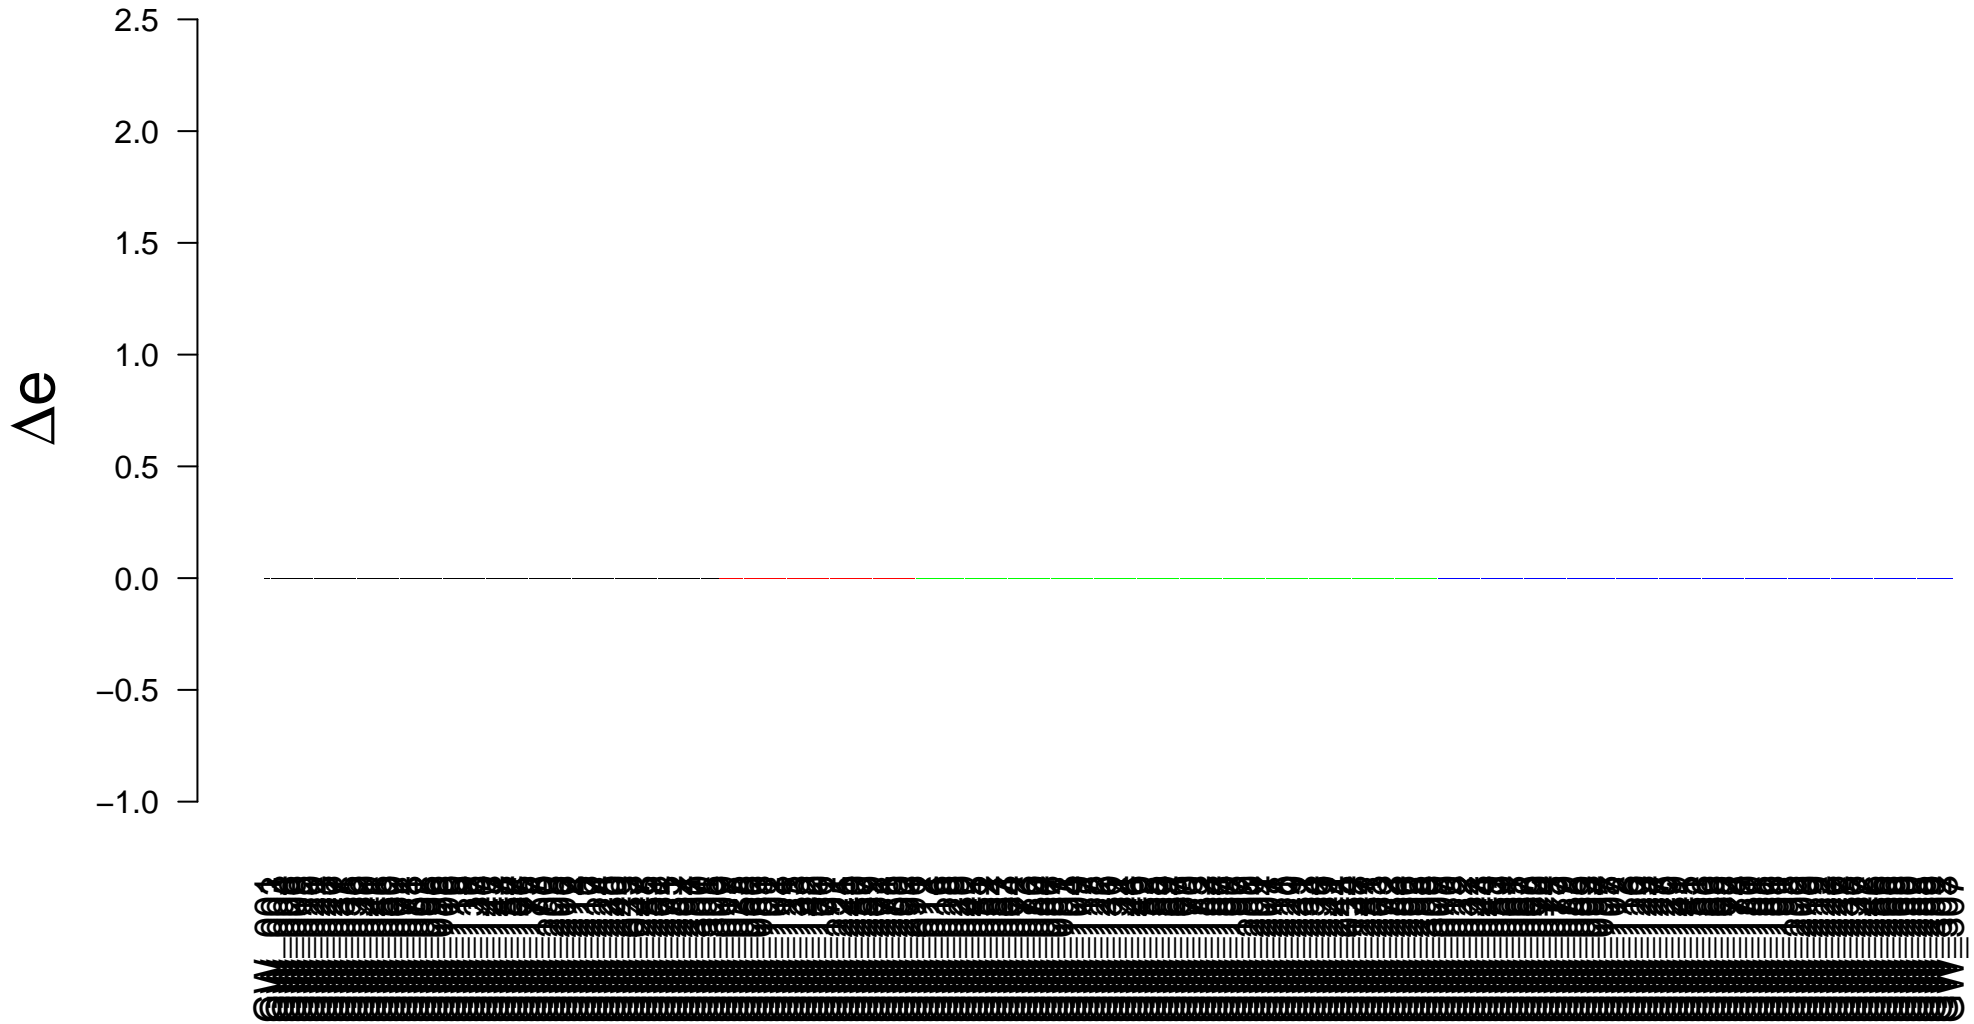

Δe

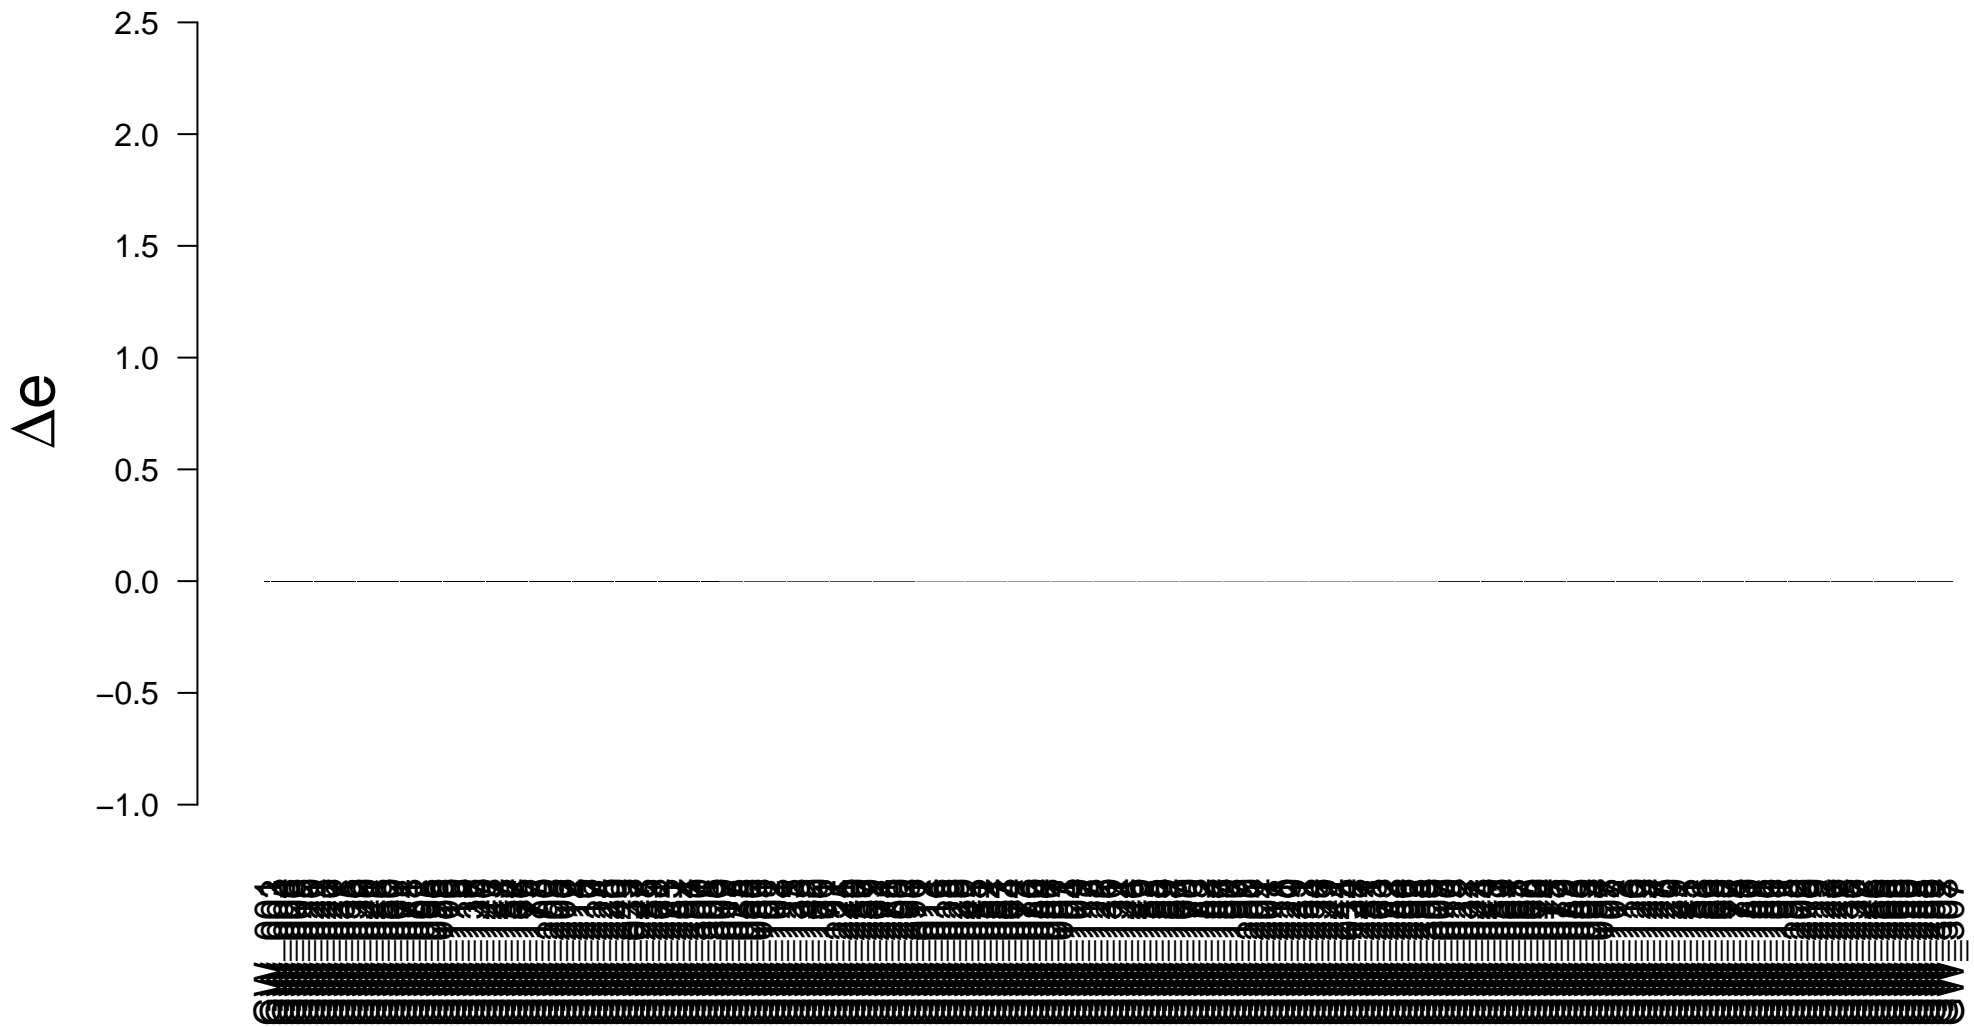

Expression of negative regulation of hormone secretion in Spot M

Expression of negative regulation of hormone secretion in Spot N

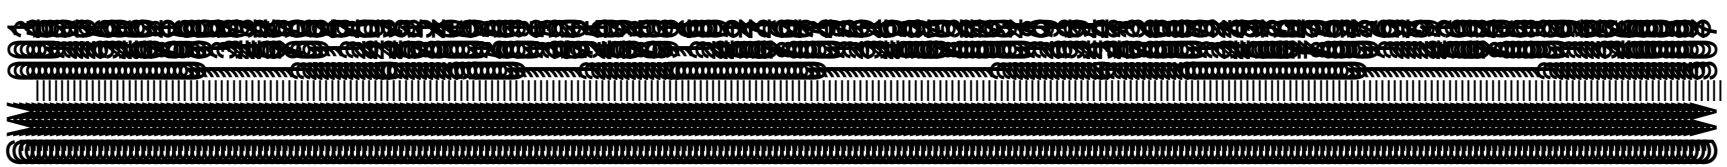

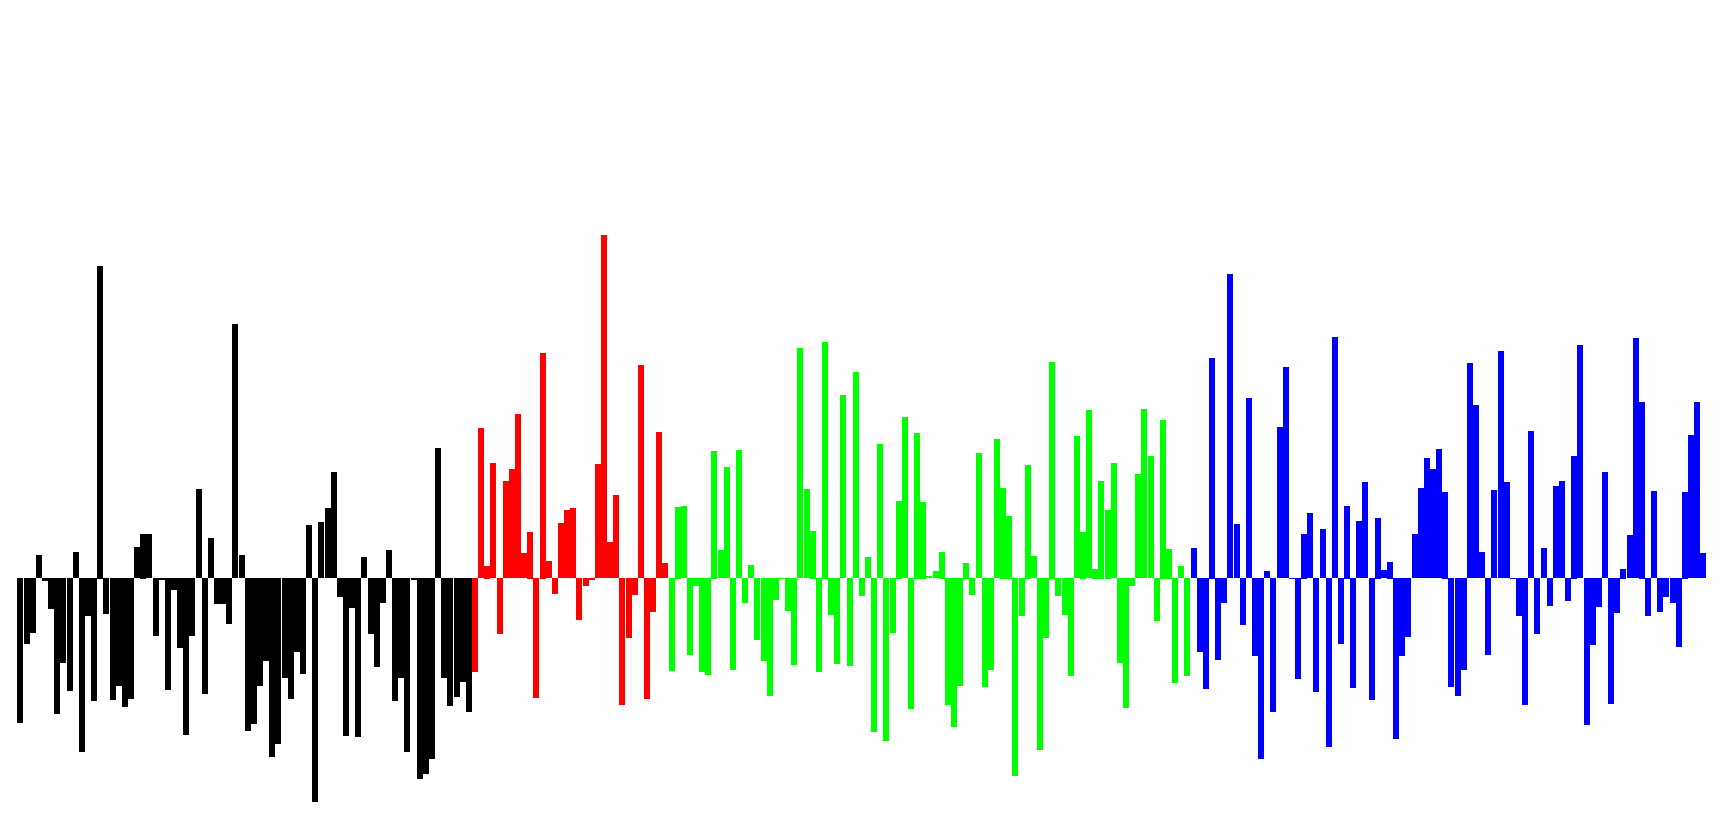

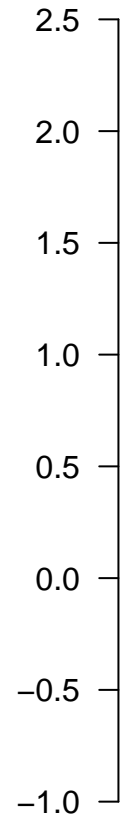

Expression of negative regulation of hormone secretion in Spot O

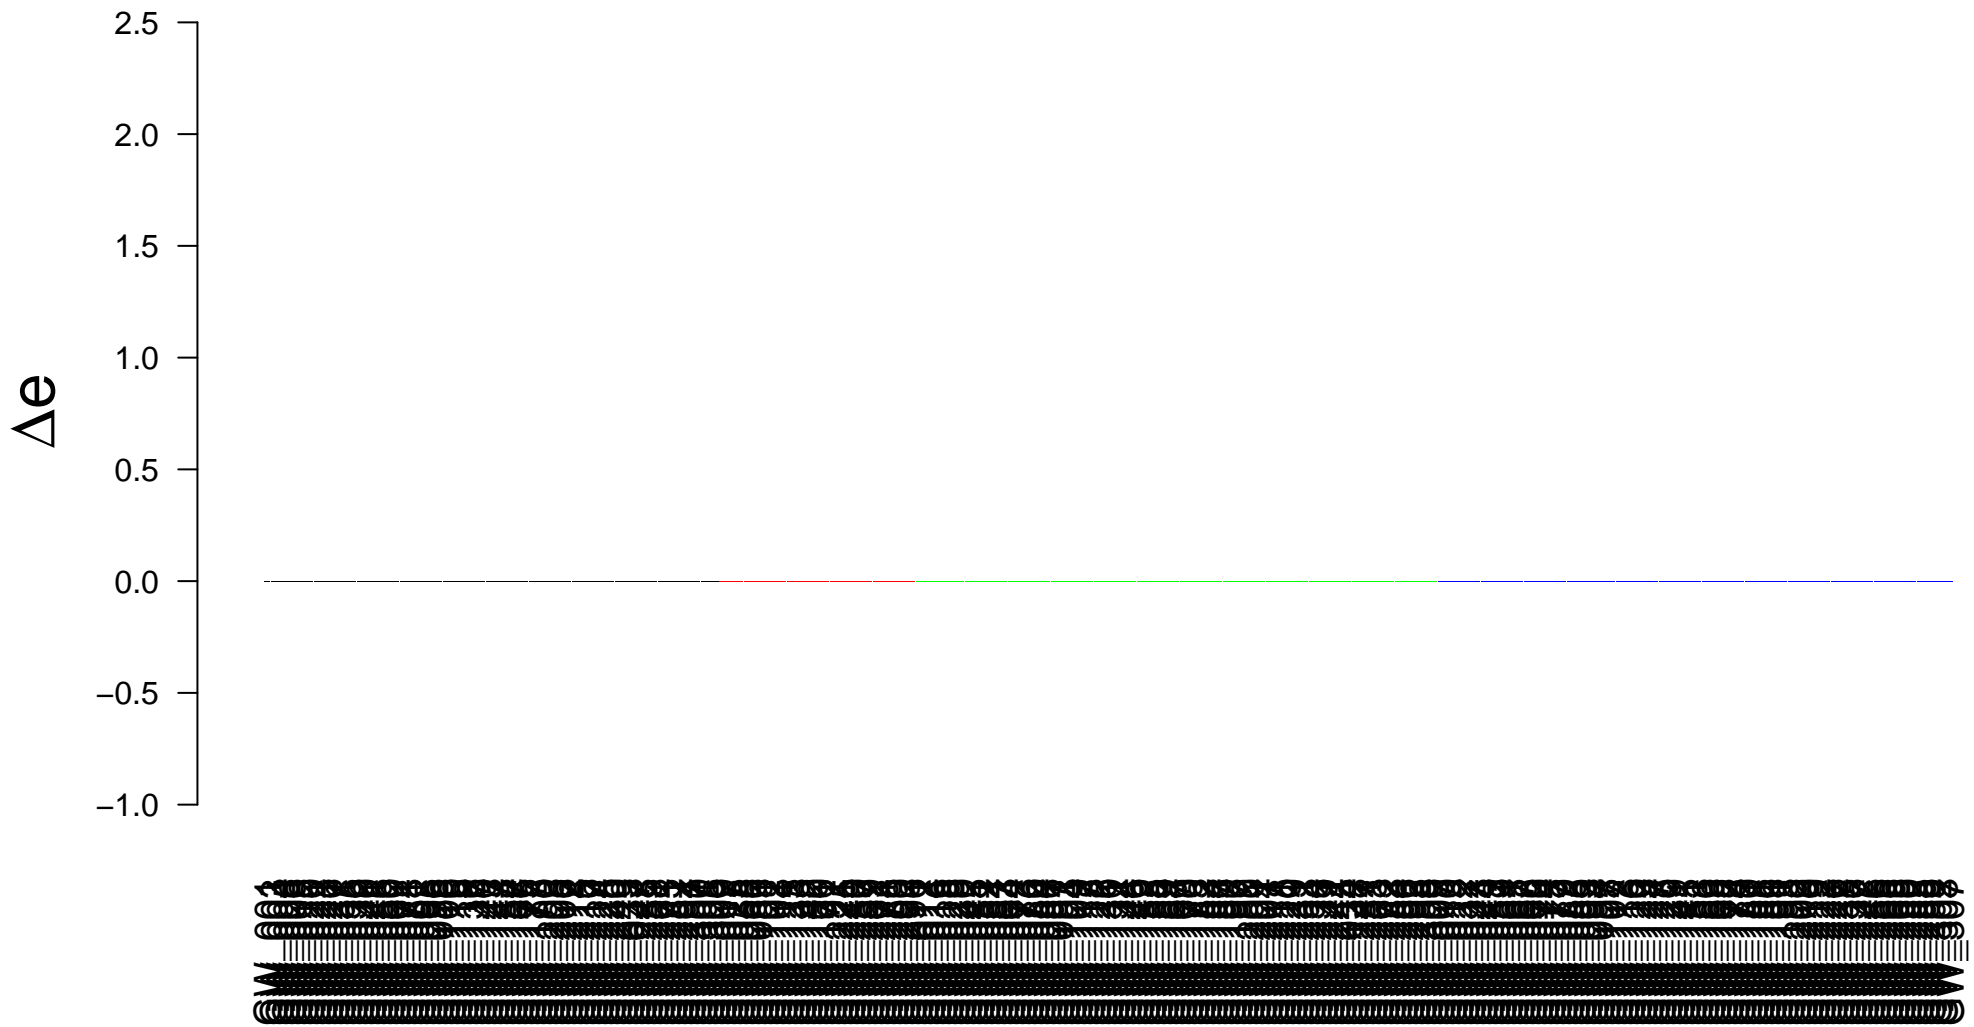

Expression of negative regulation of hormone secretion in Spot P

Δe

Expression of negative regulation of hormone secretion in Spot Q

Expression of negative regulation of hormone secretion in Spot R
