

negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress

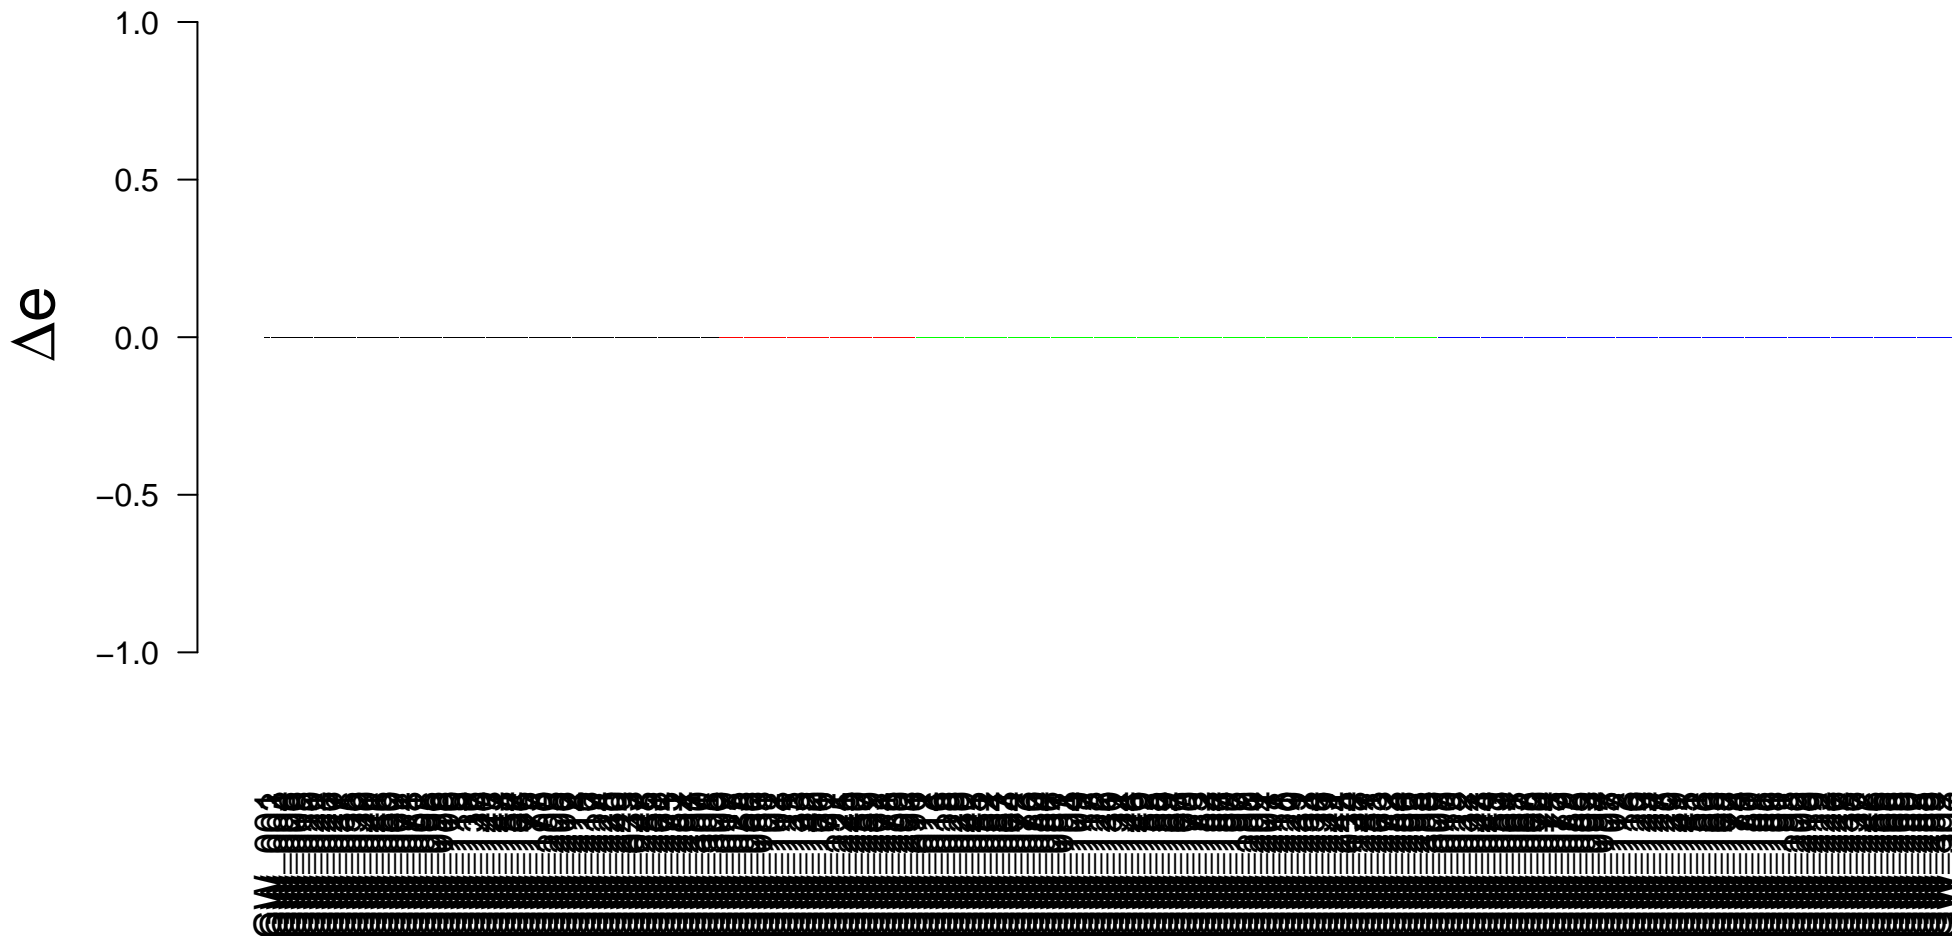

negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress

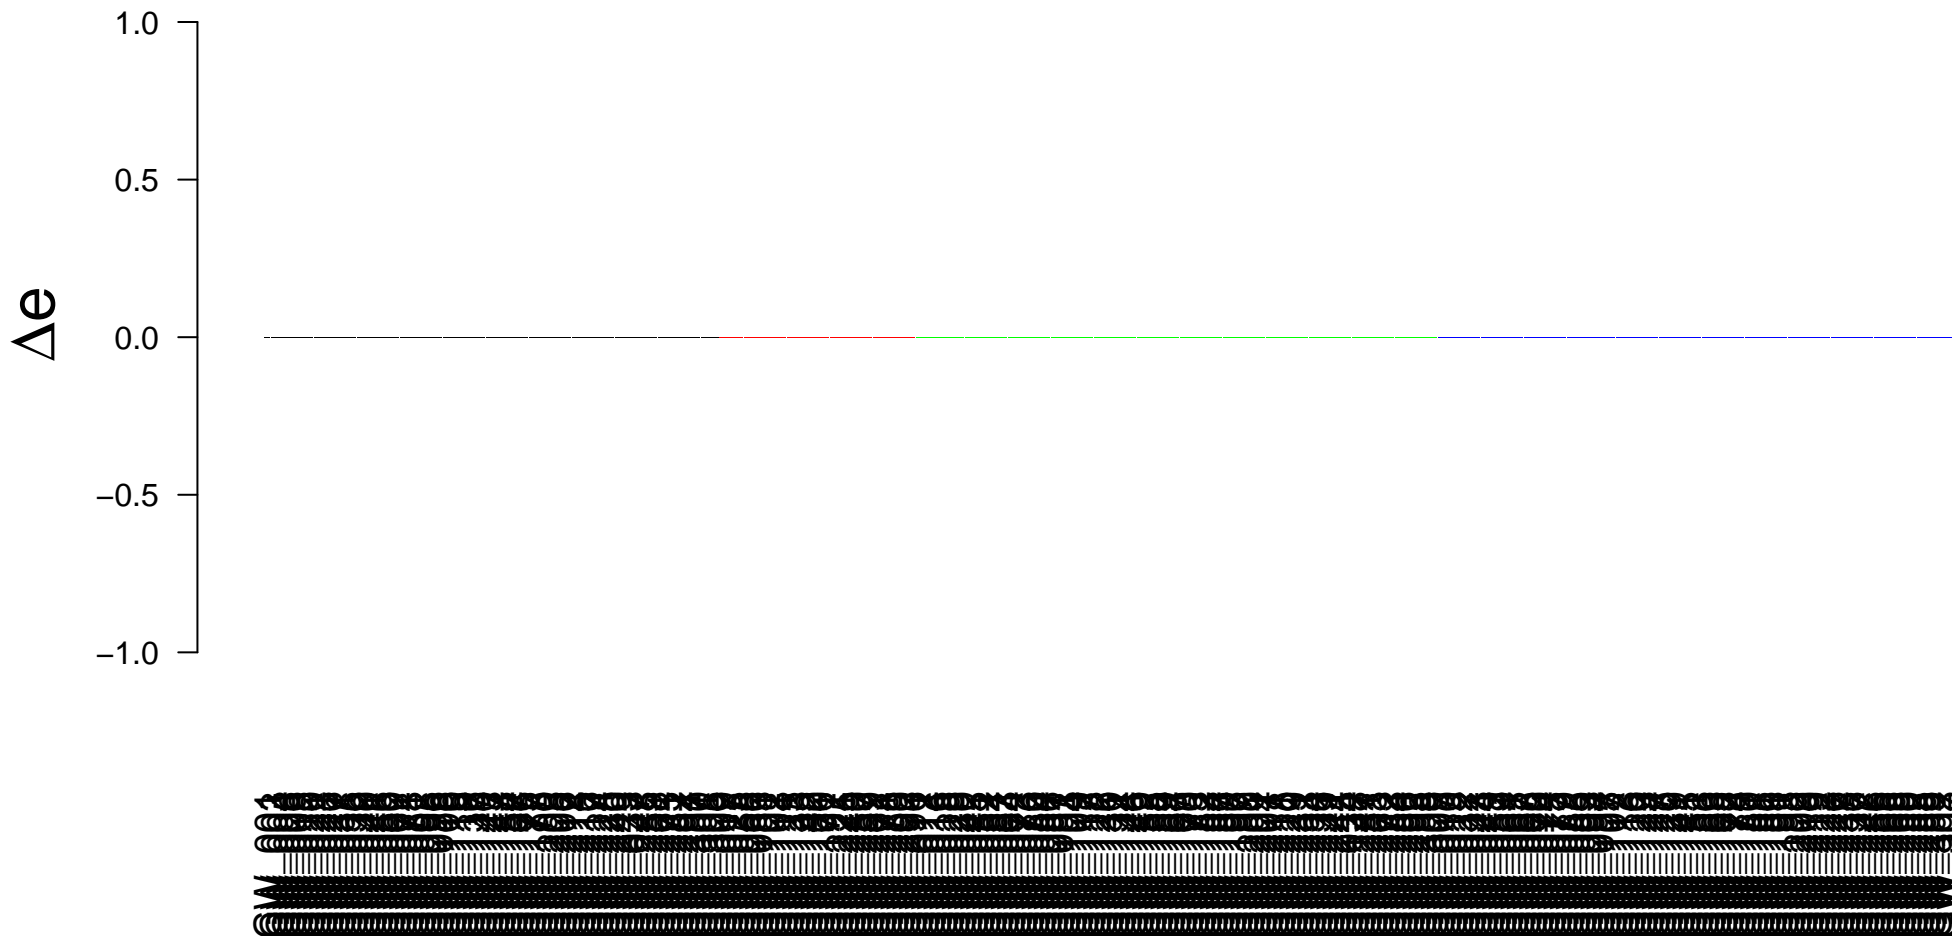

Enrichment in spots: negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress

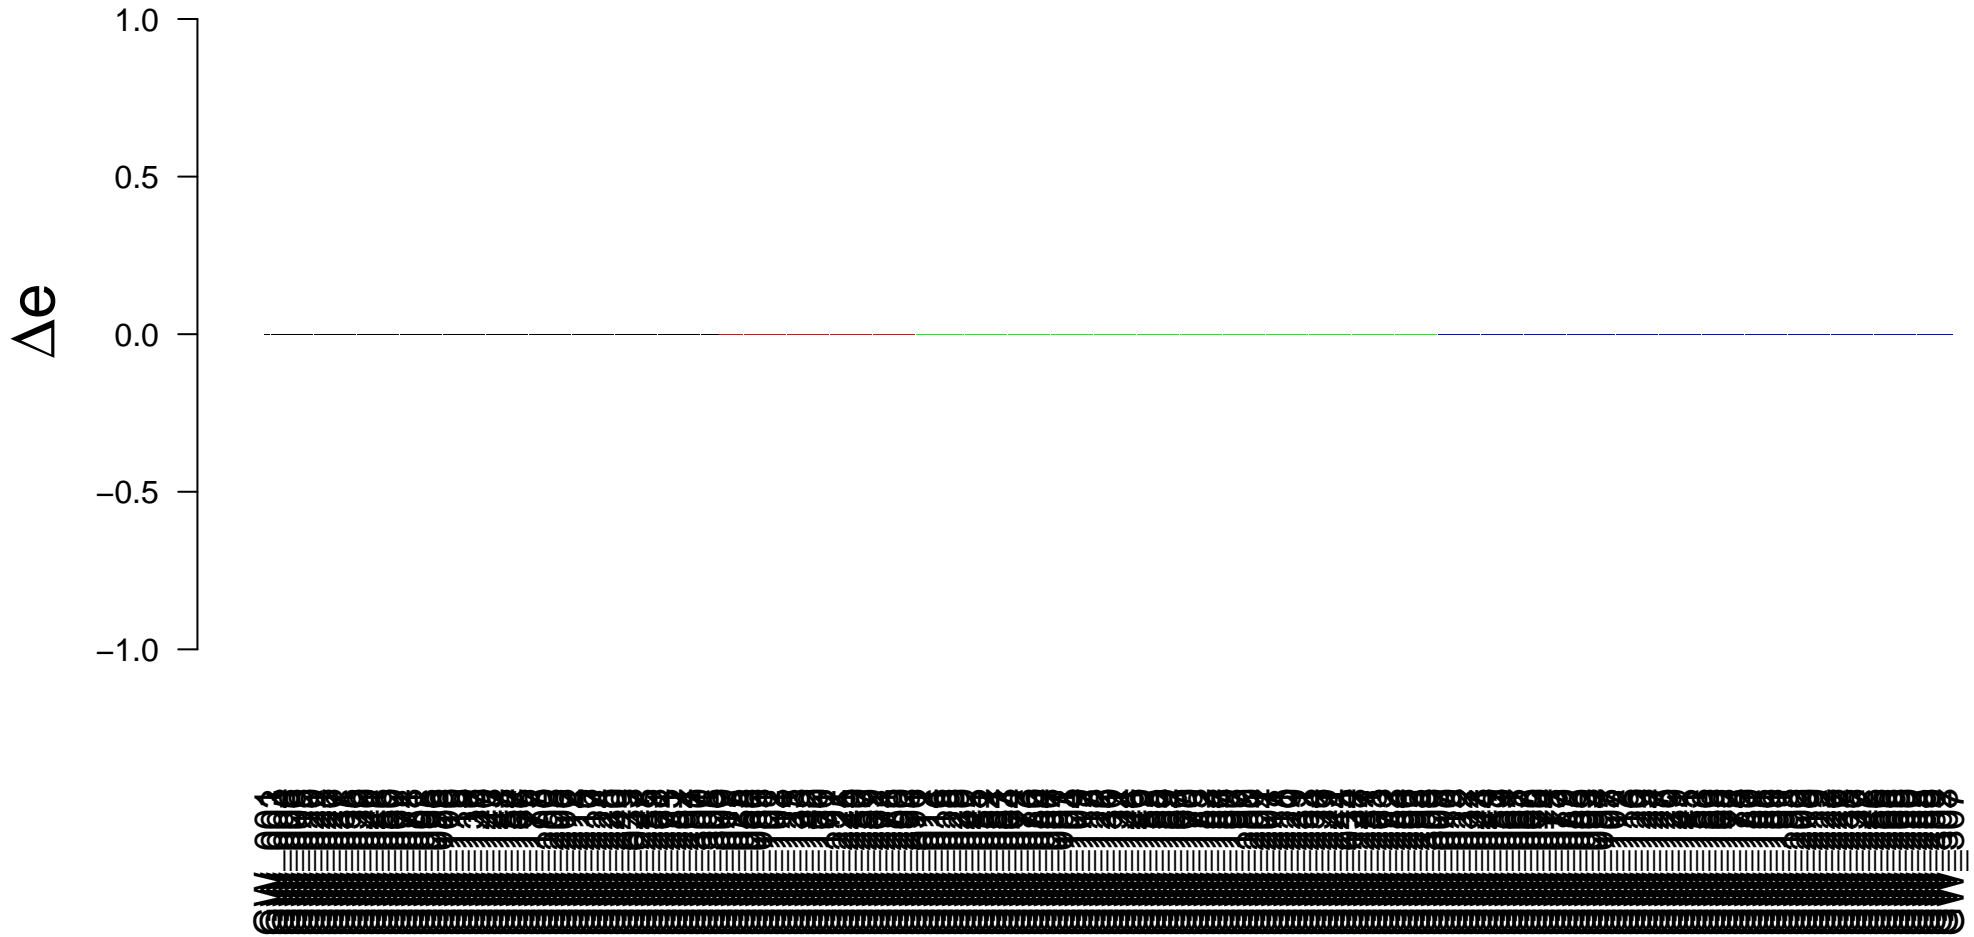

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot A

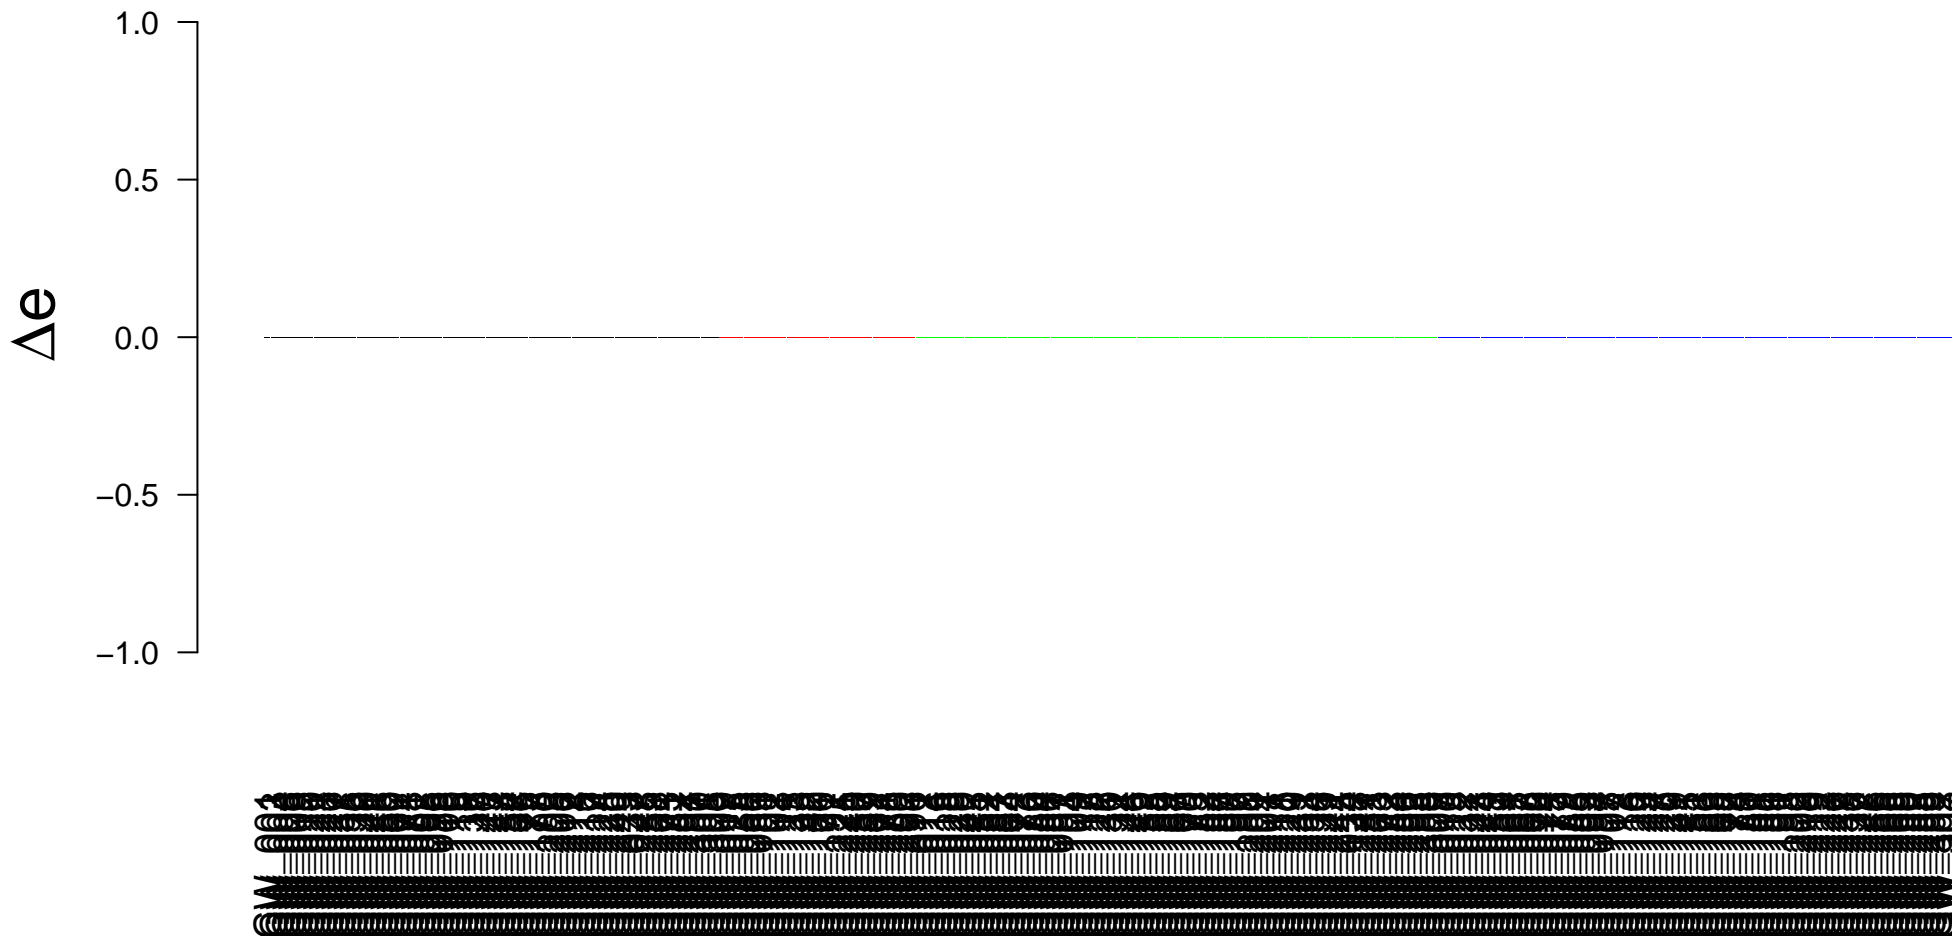

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot B

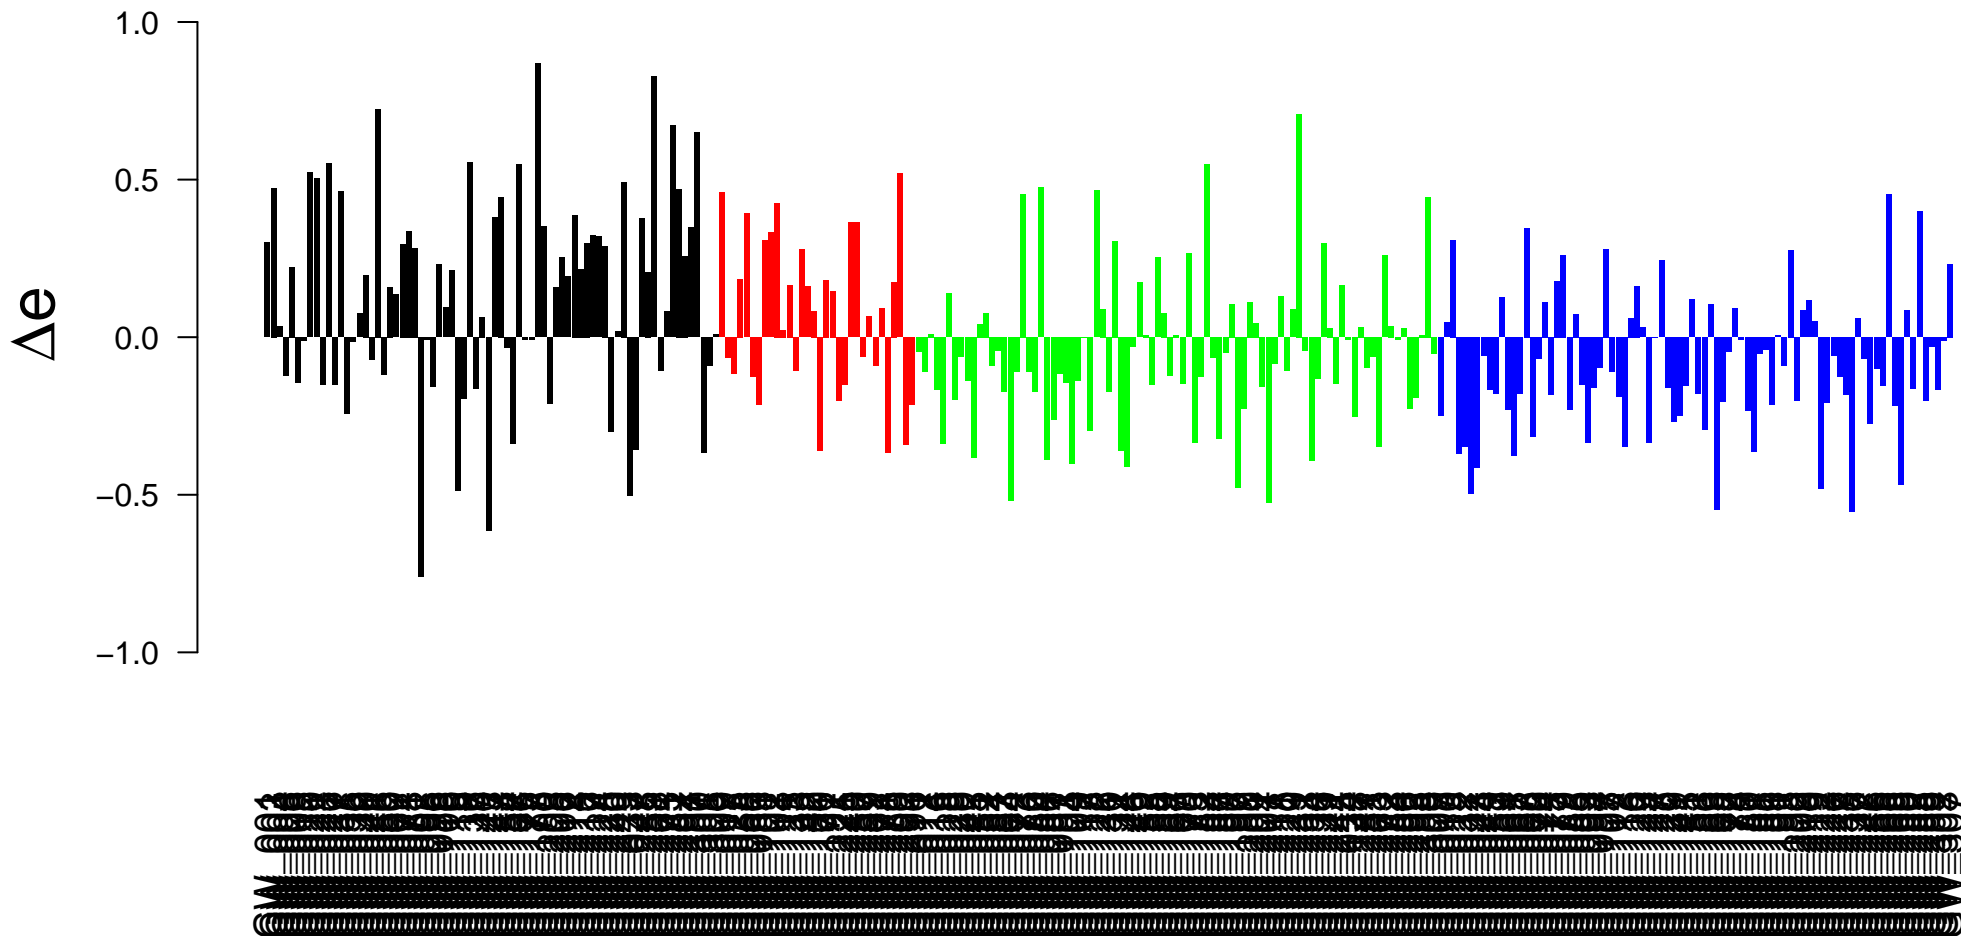

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot C

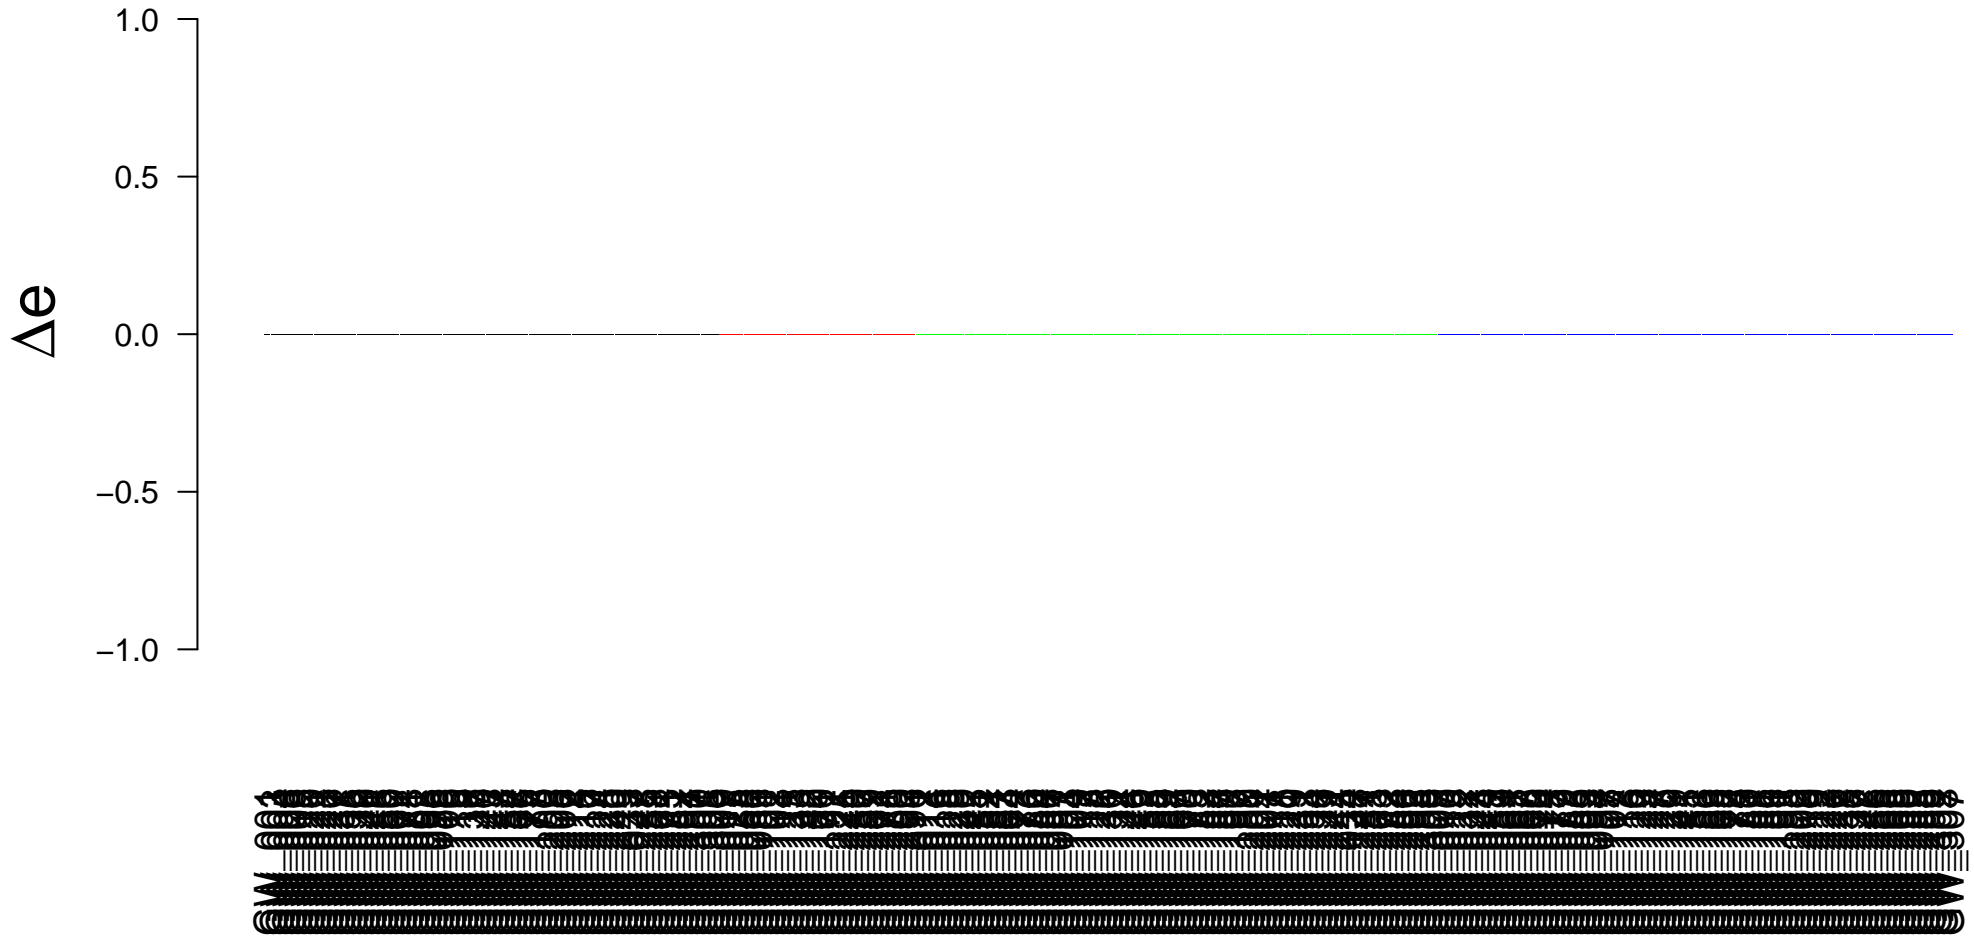

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot D

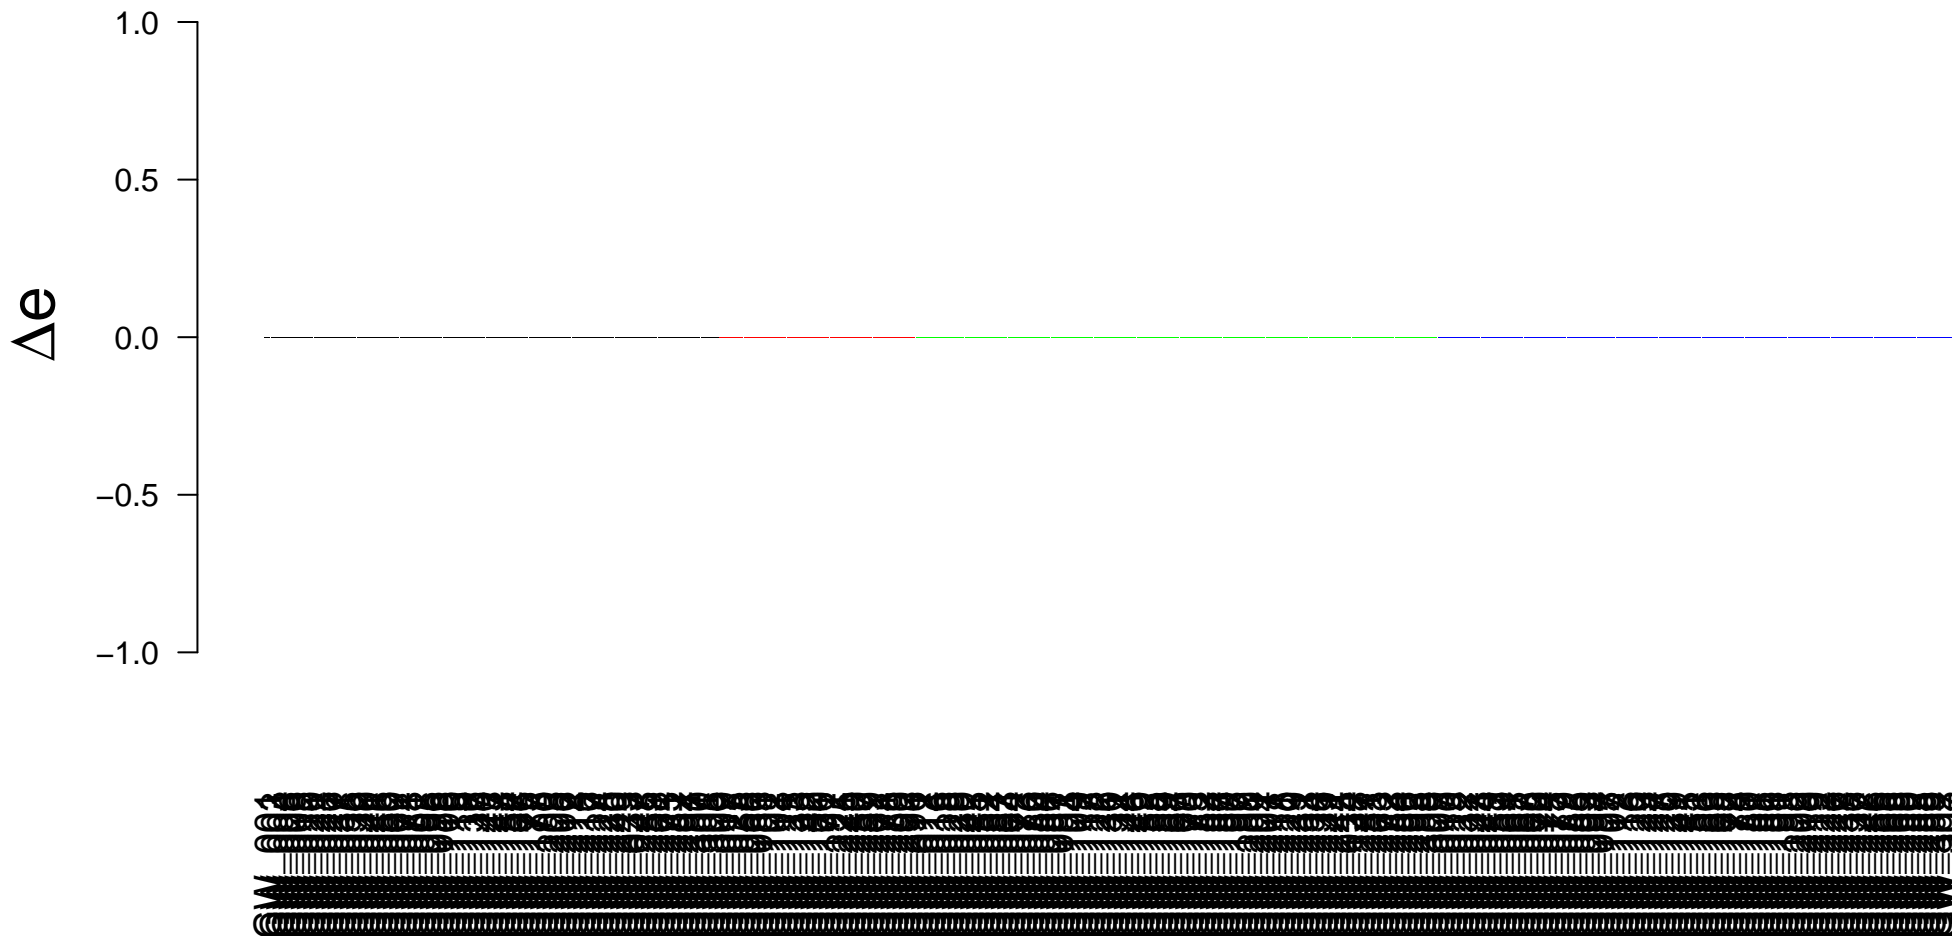

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot E

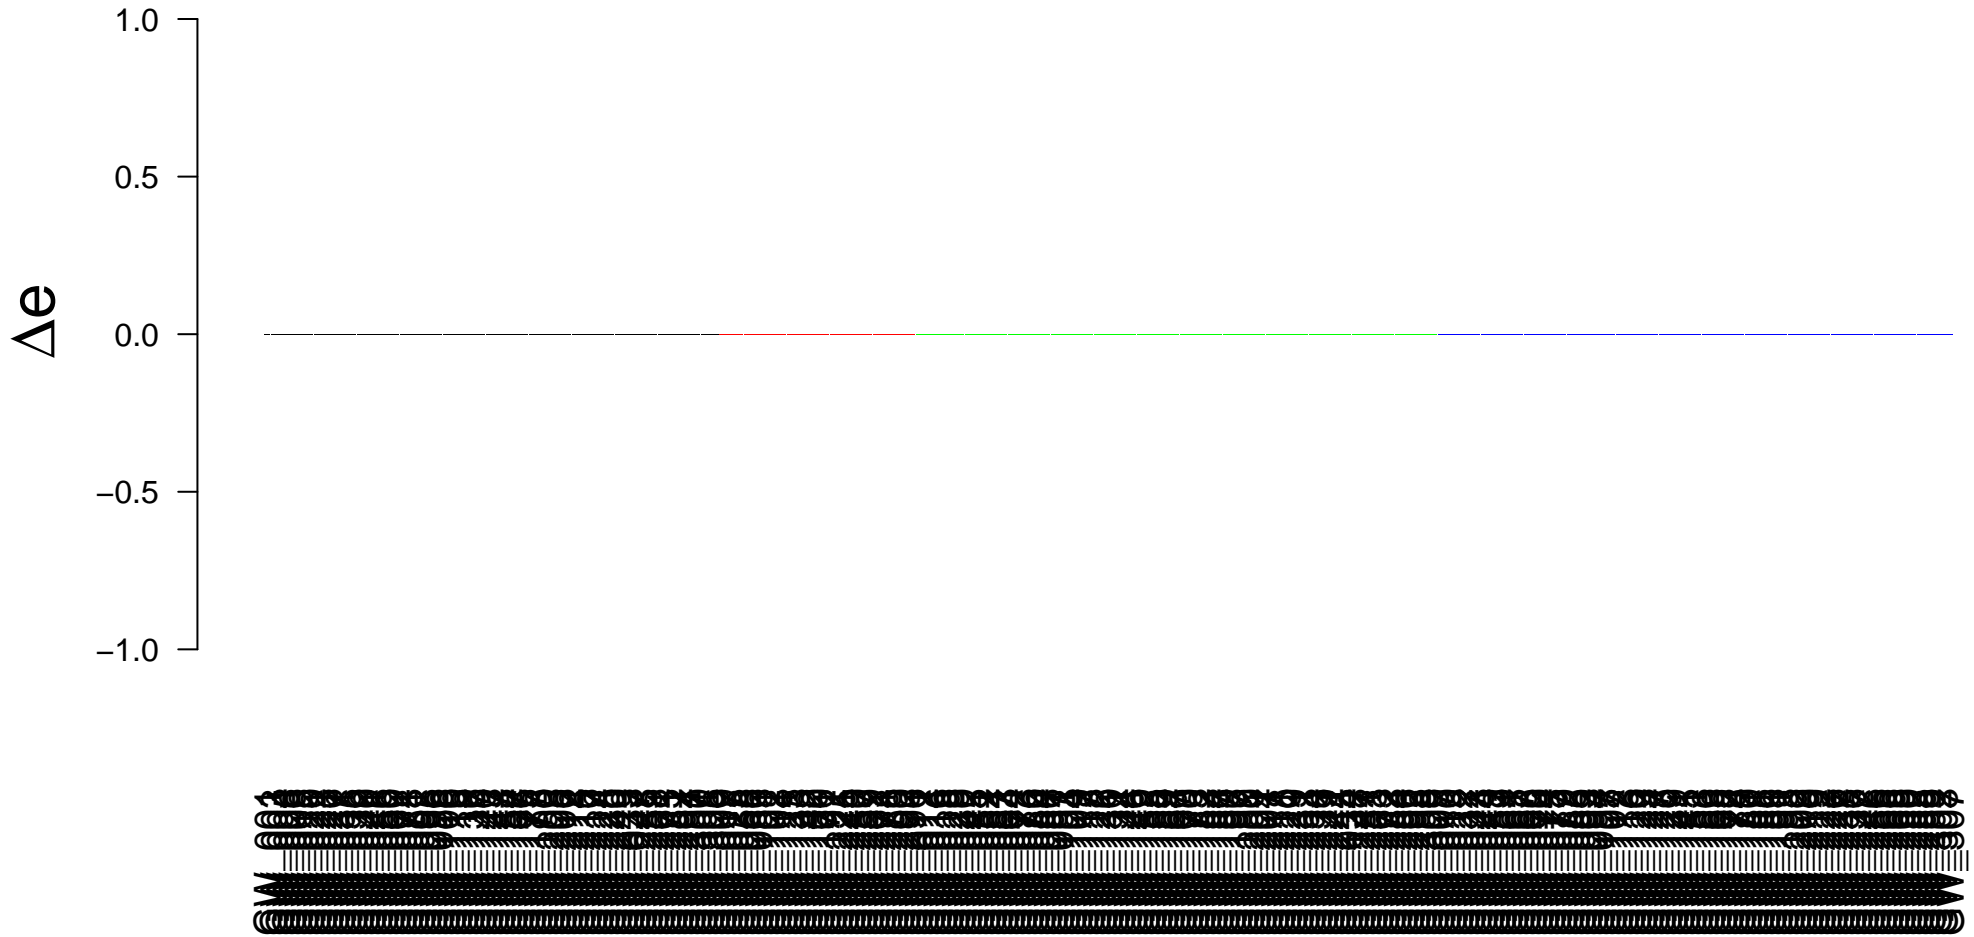

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot F

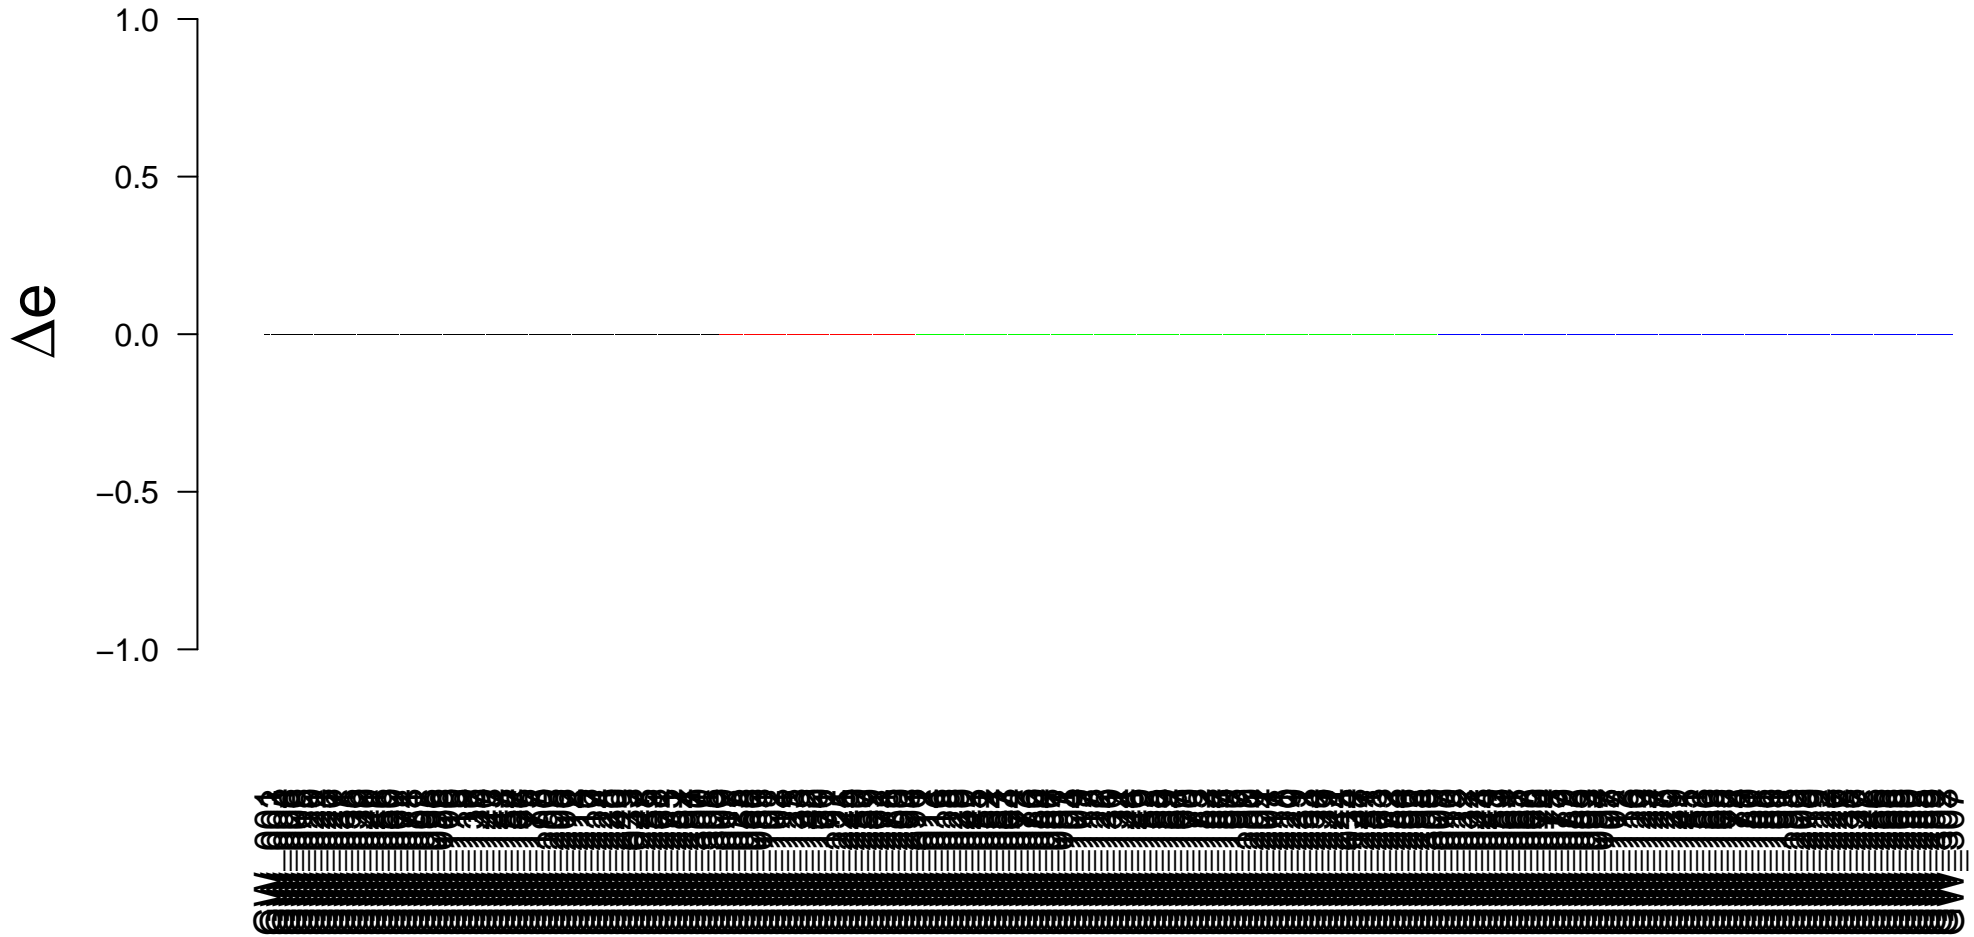

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot G

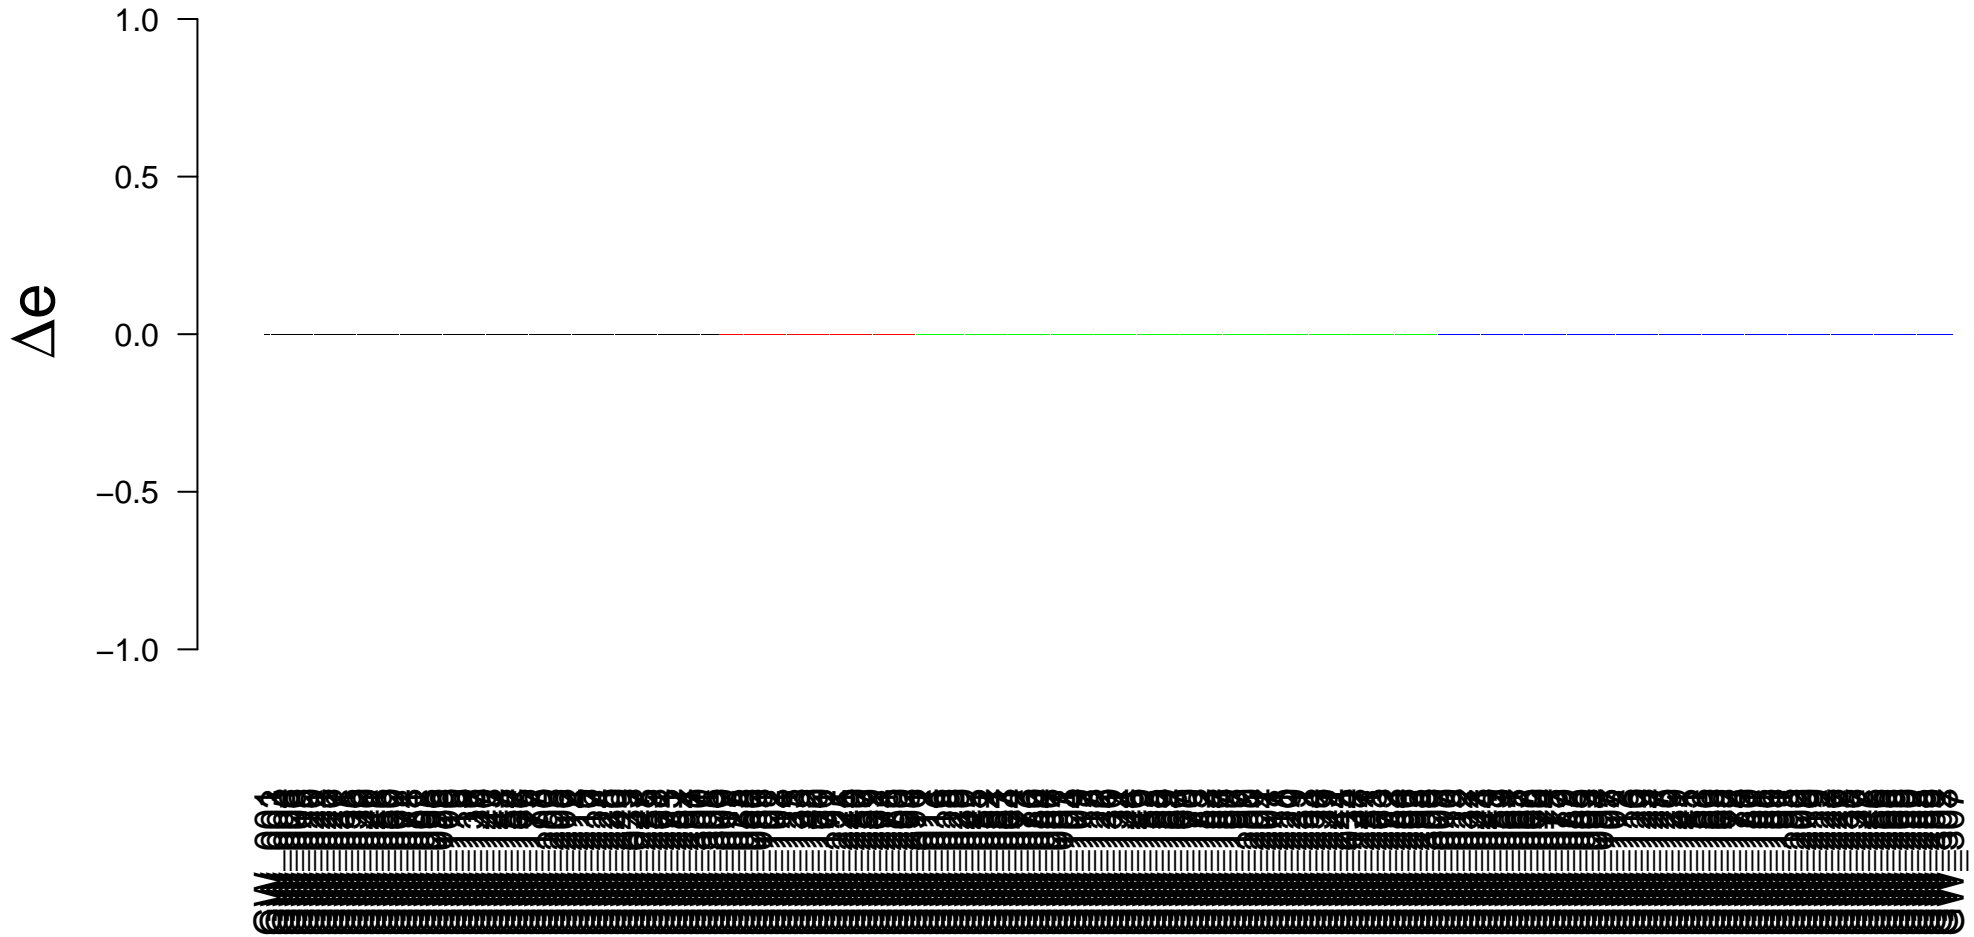

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot H

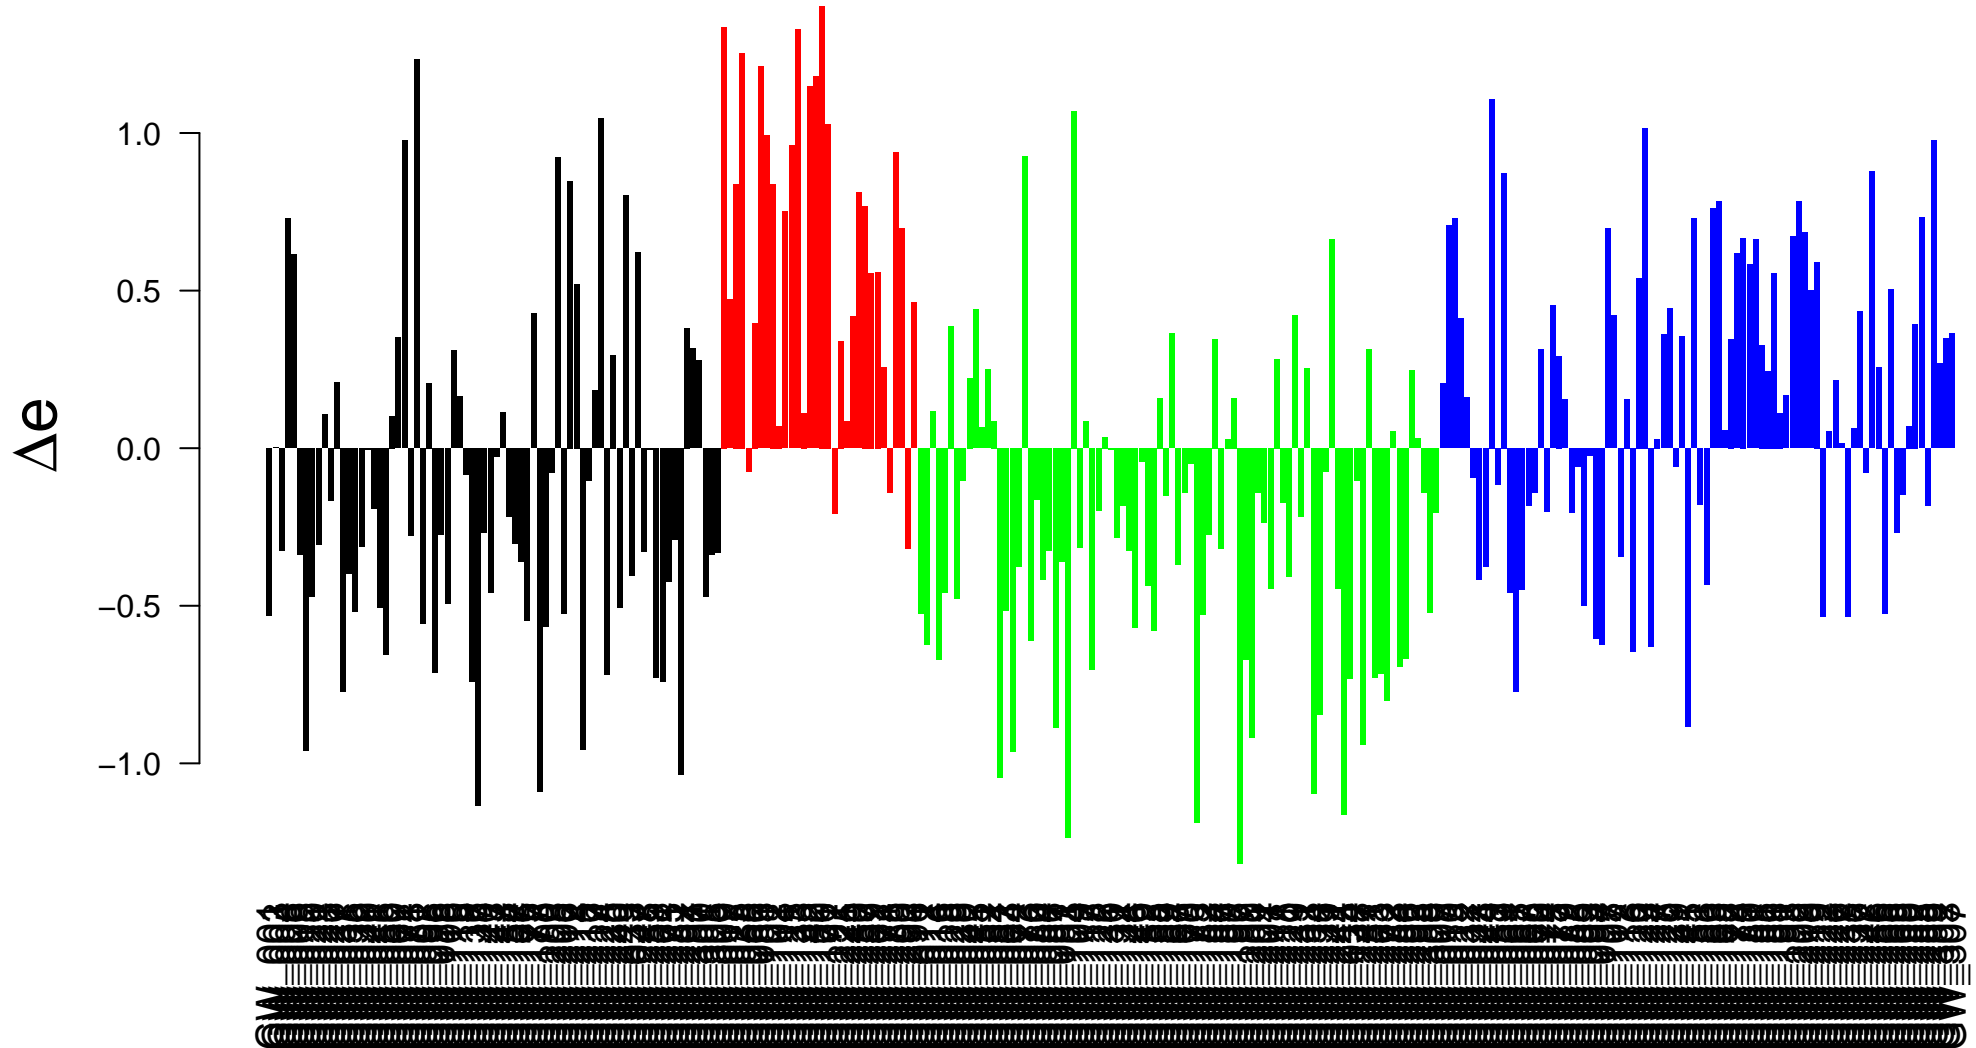

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot I

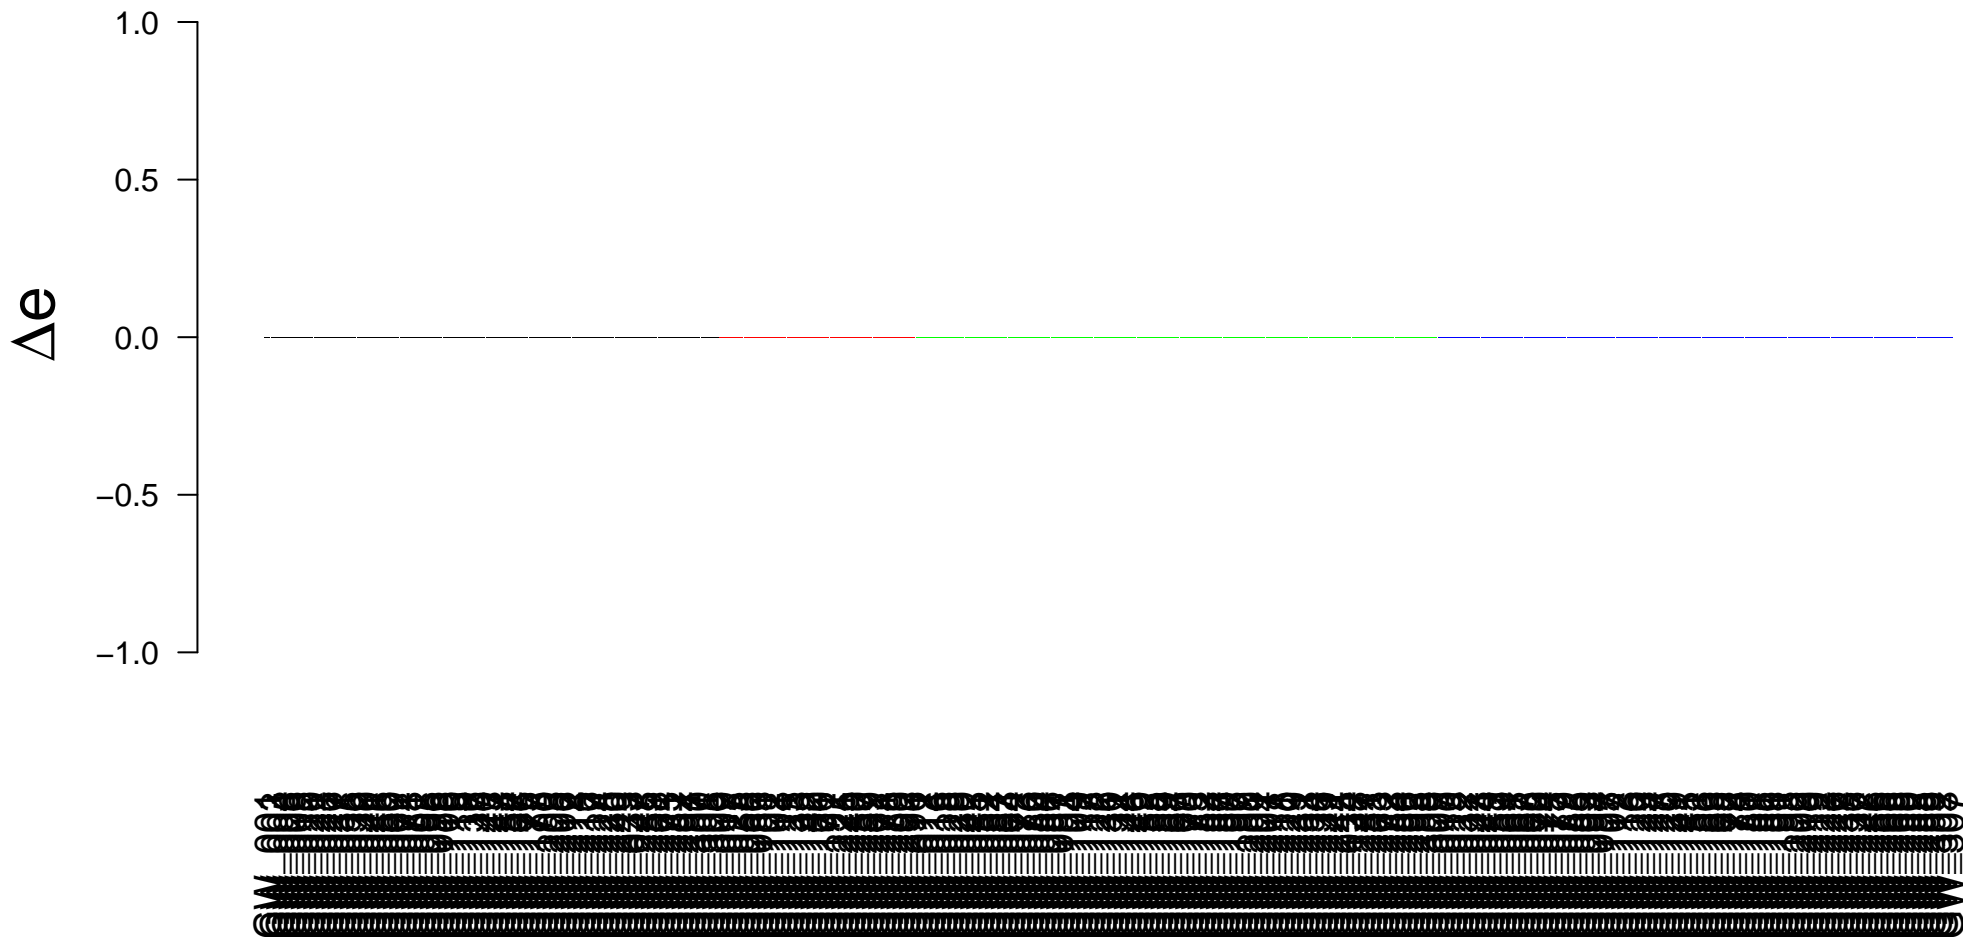

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot J

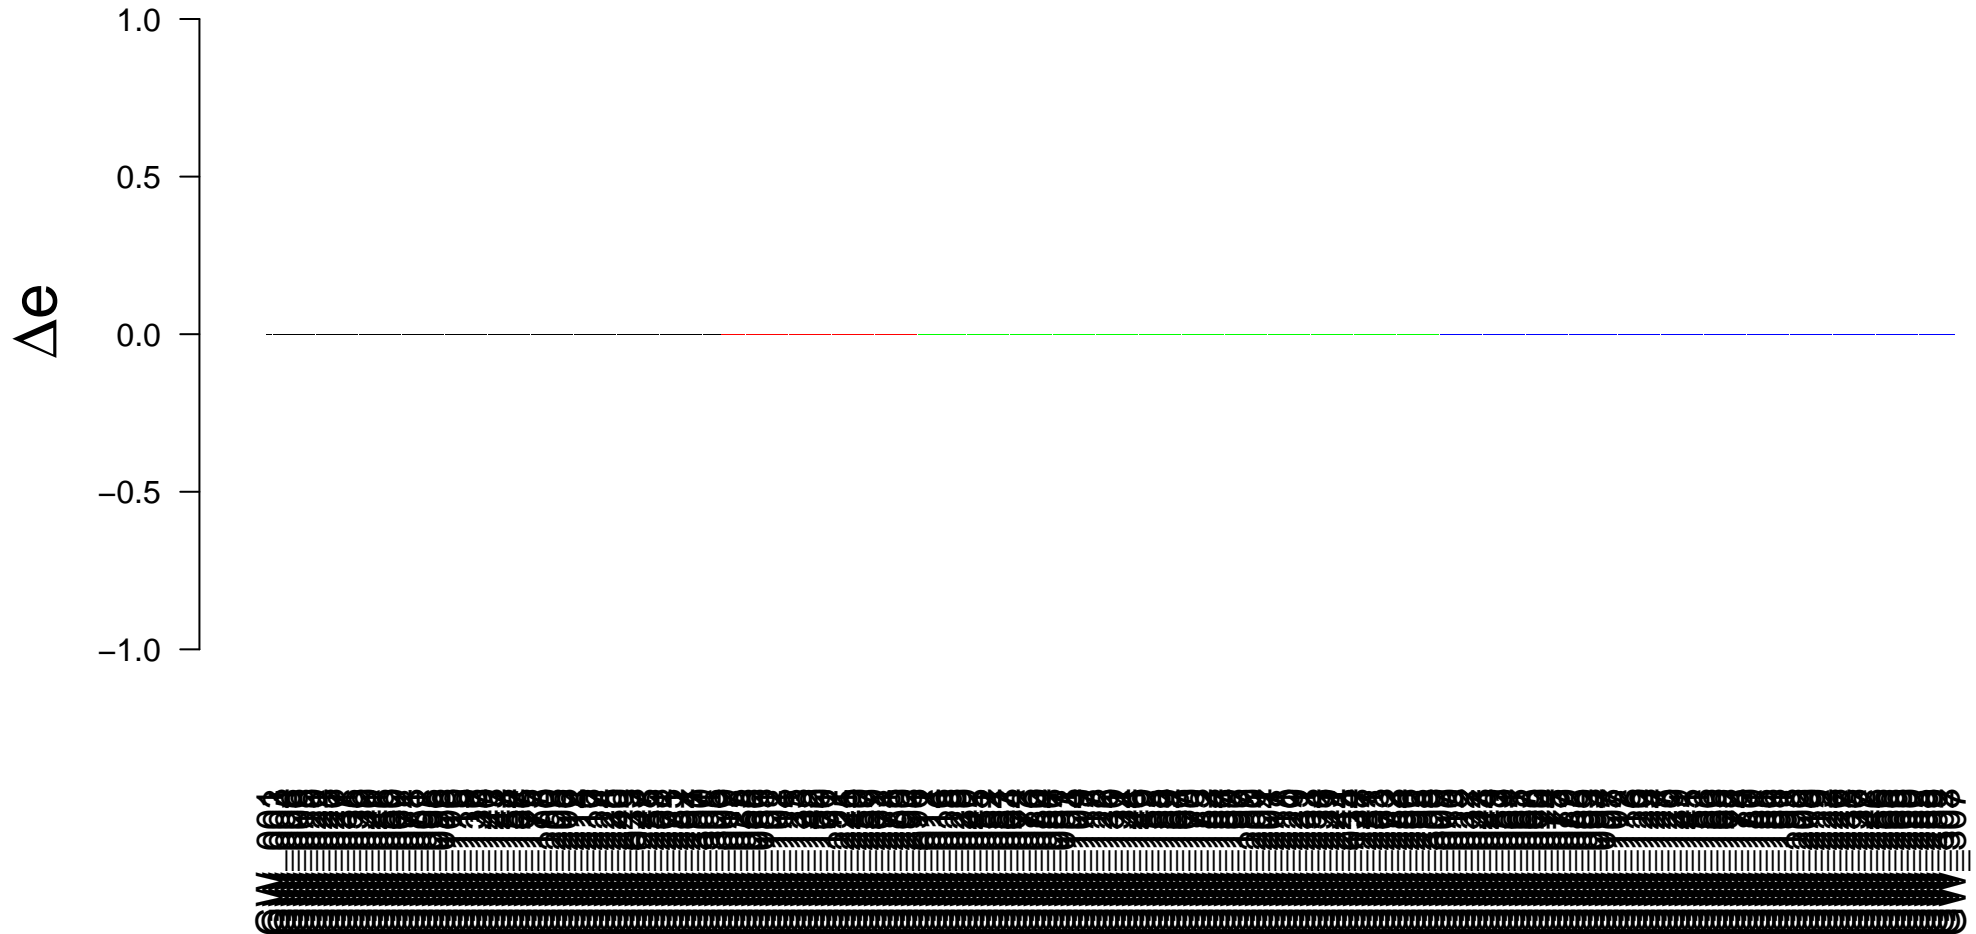

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot K

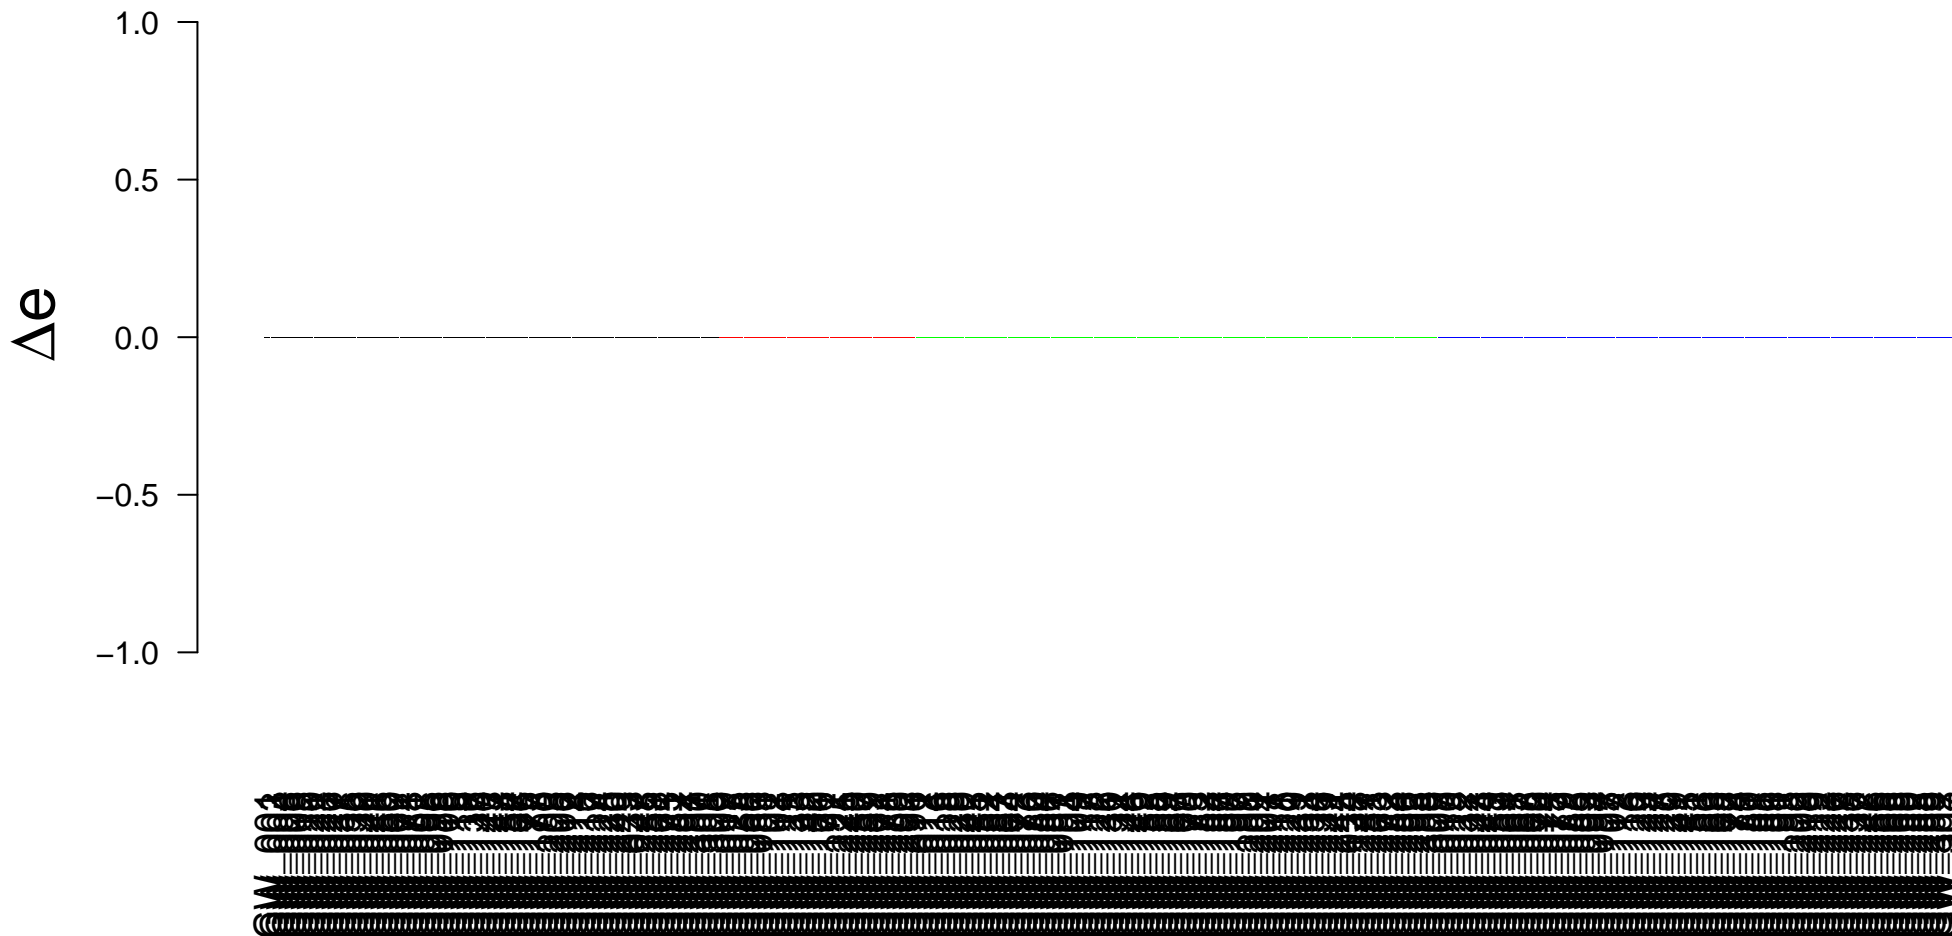

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot L

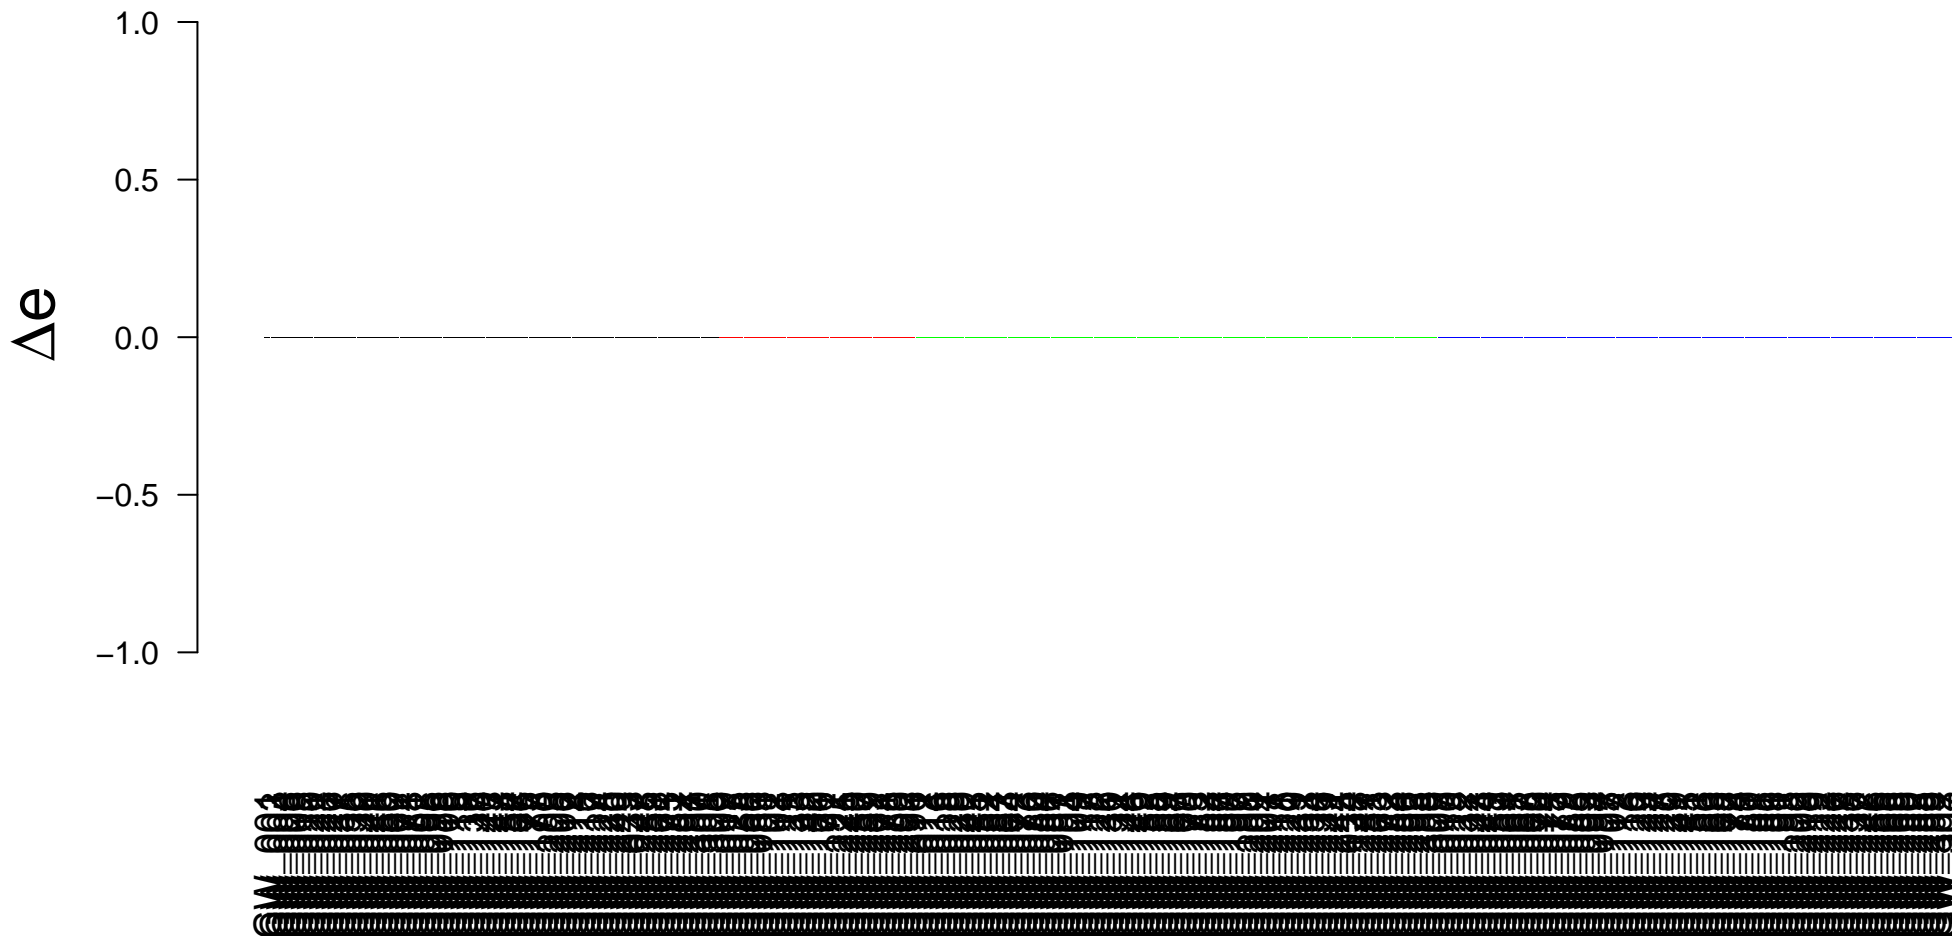

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot M

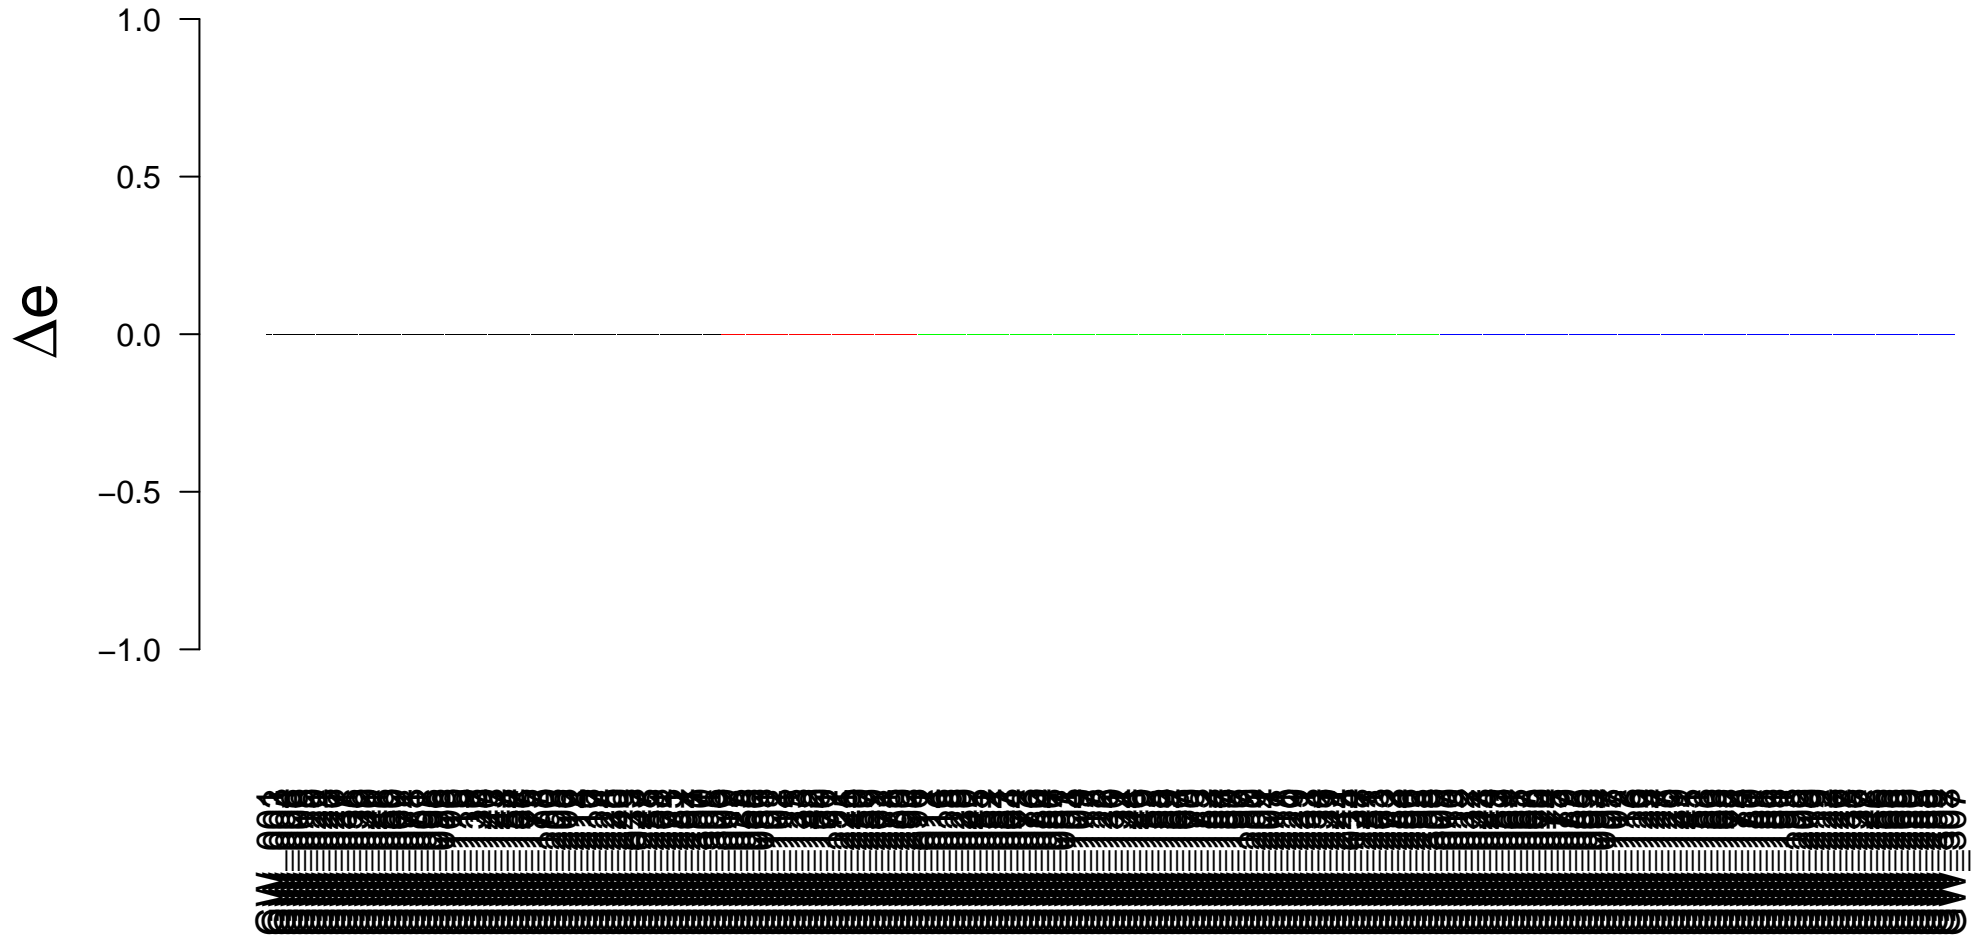

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot N

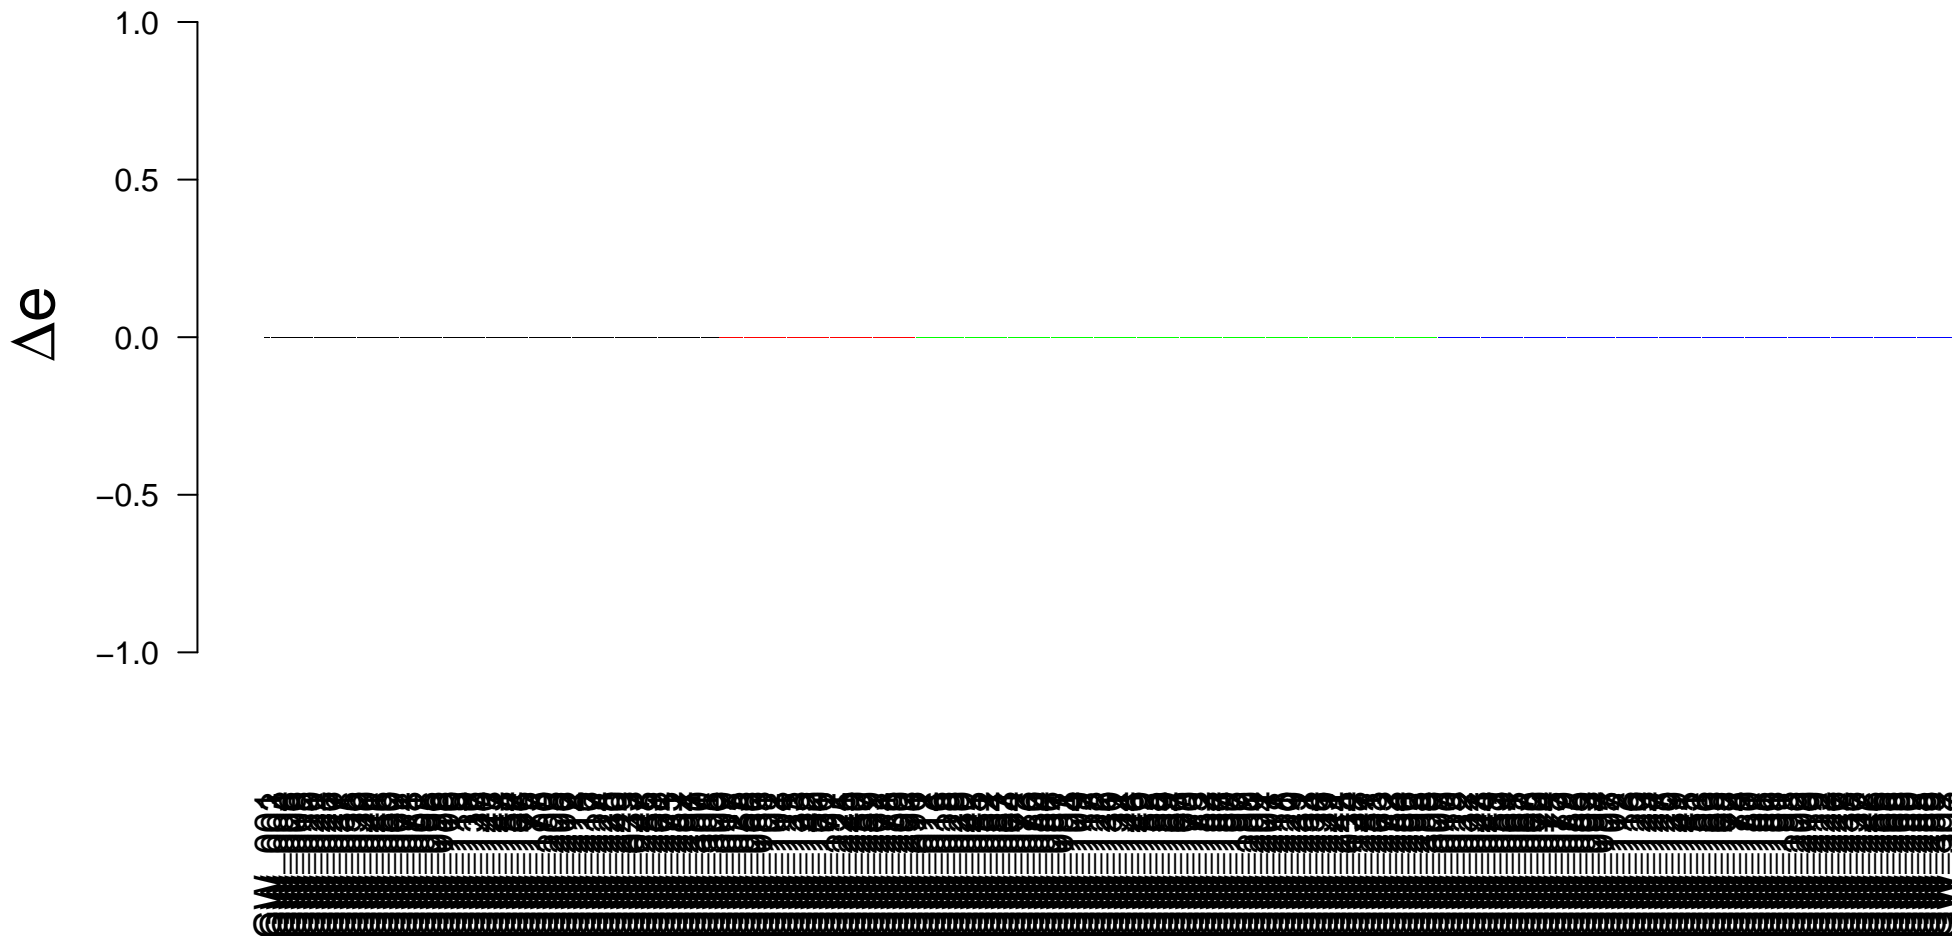

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot O

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot P

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot Q

Expression of negative regulation of intrinsic apoptotic signaling pathway in response to oxidative stress in Spot R
