

negative regulation of proteolysis

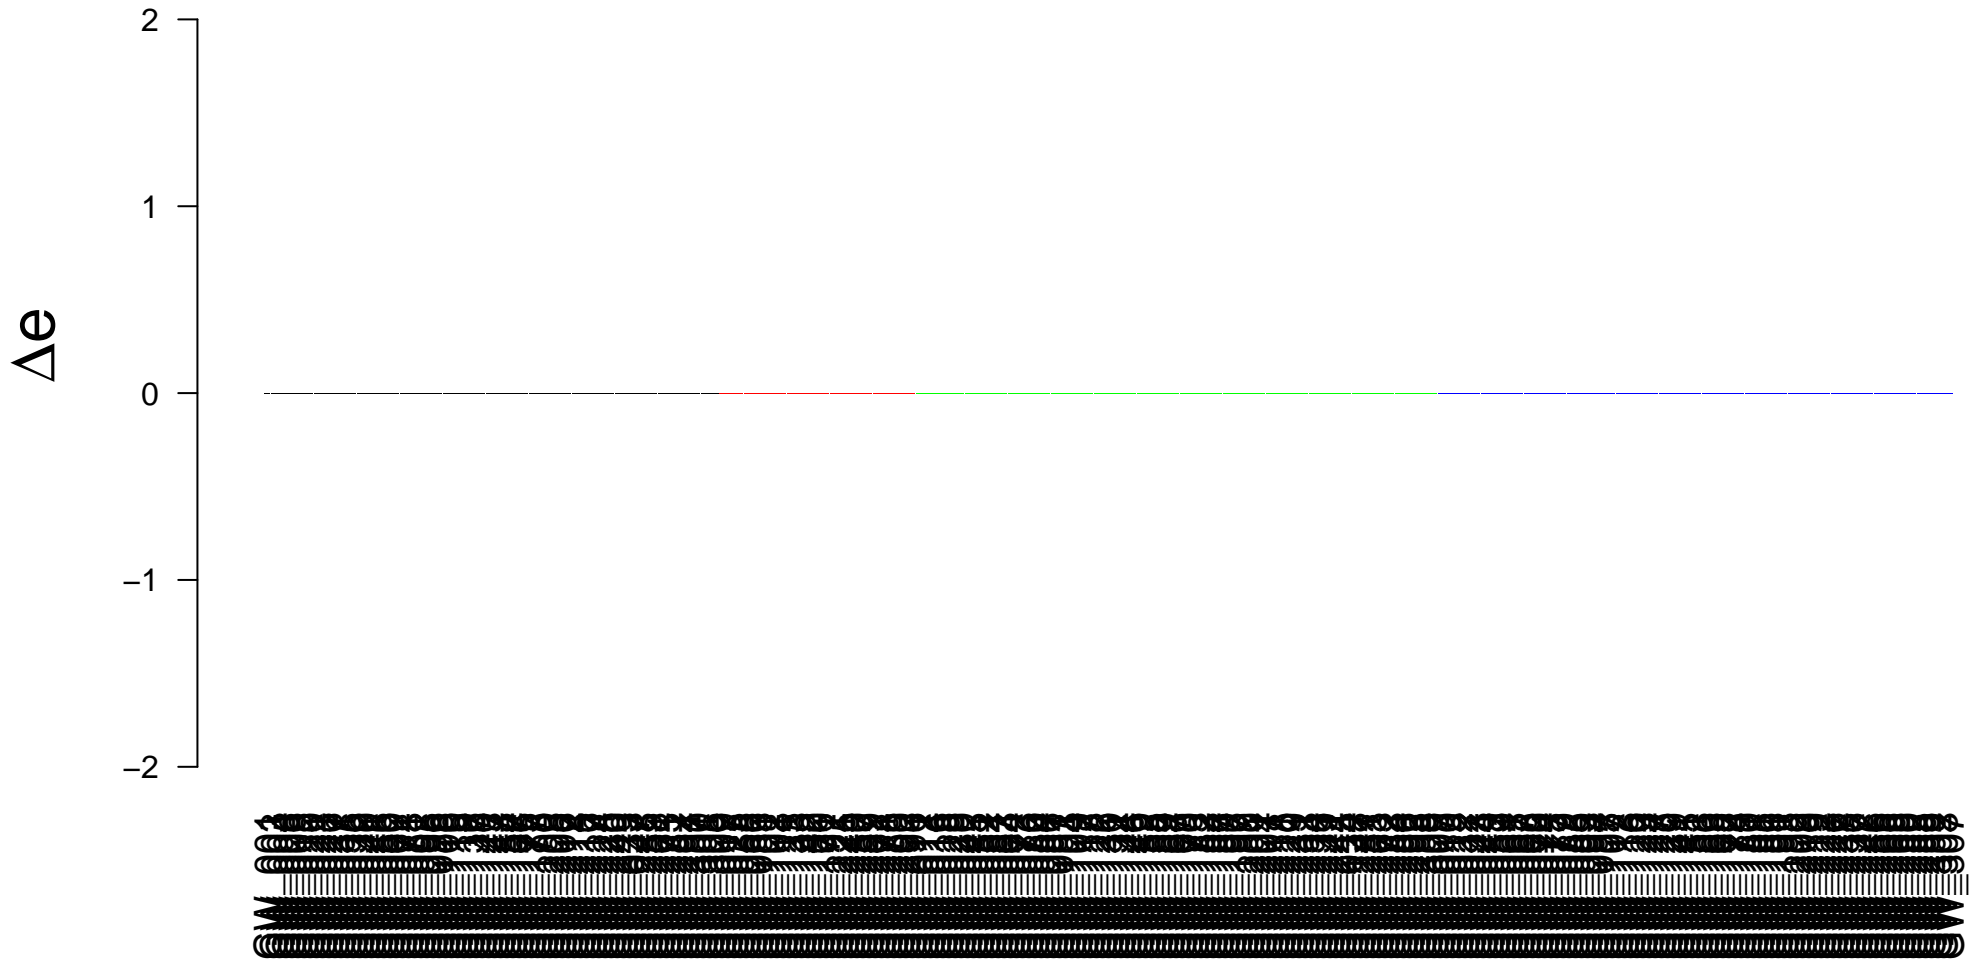

negative regulation of proteolysis

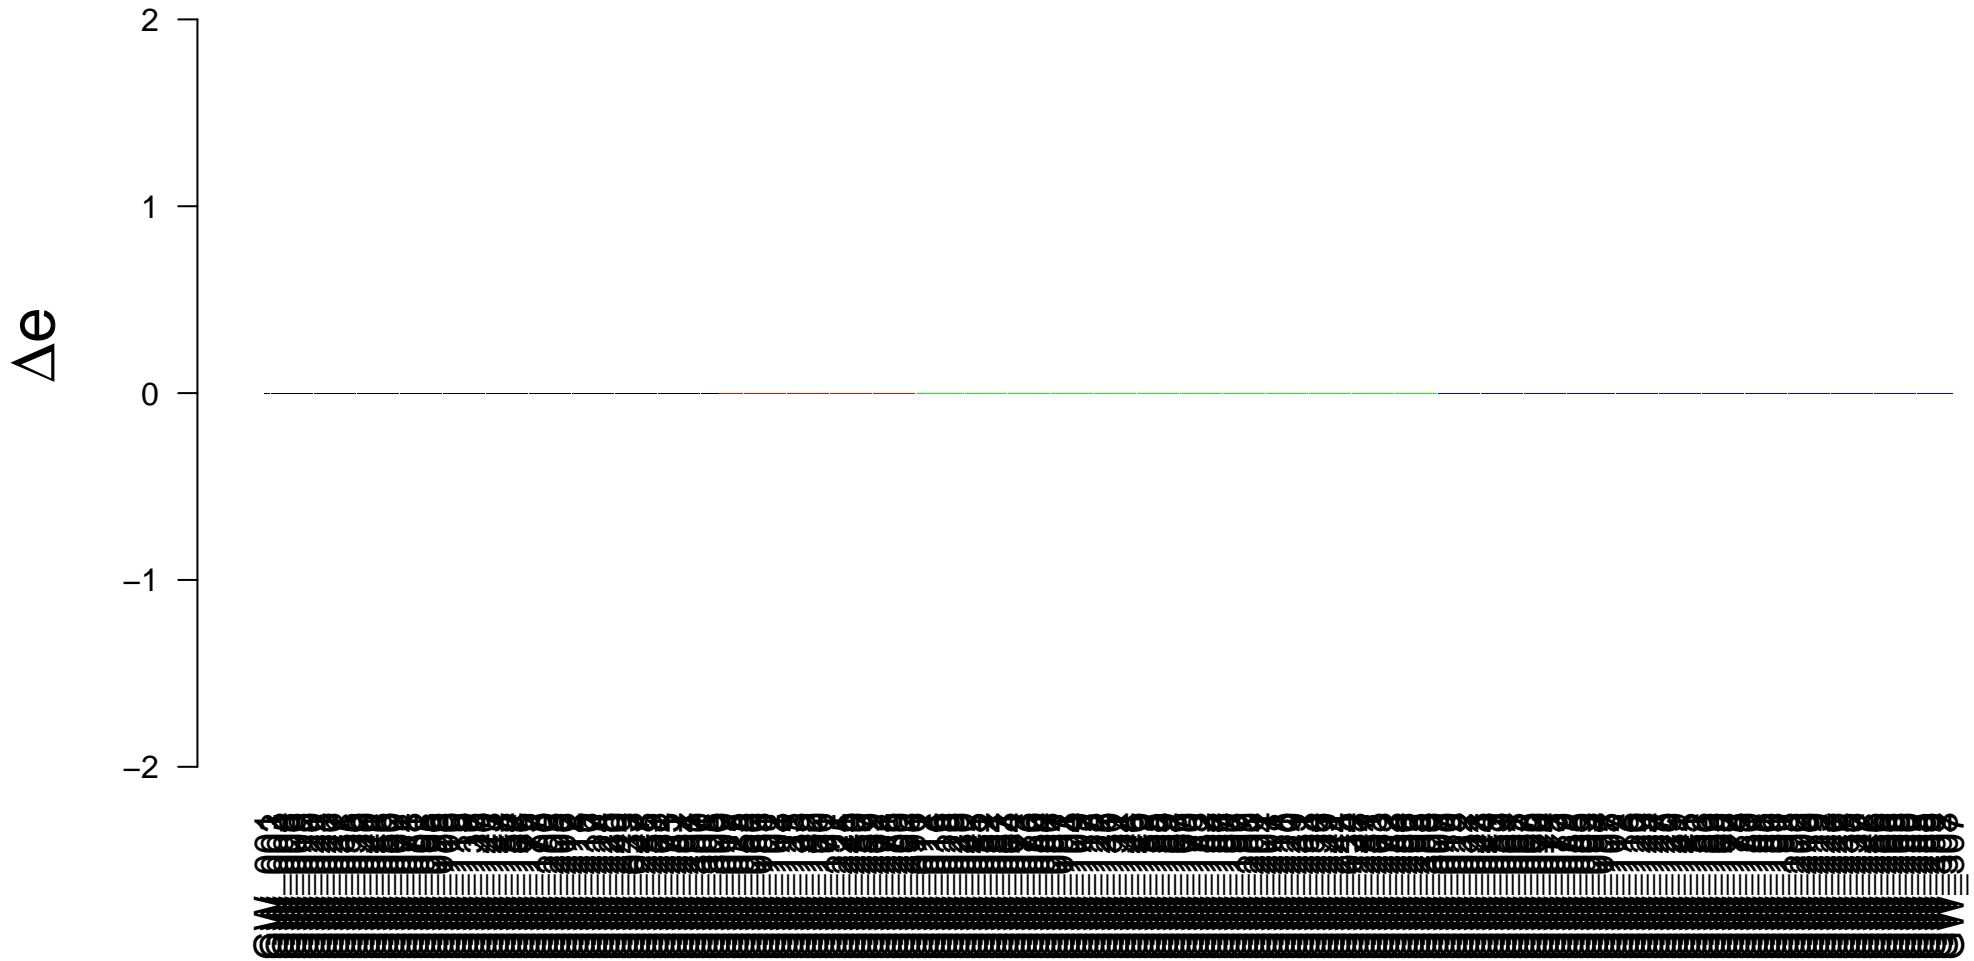

Enrichment in spots: negative regulation of proteolysis

Expression of negative regulation of proteolysis in Spot A

Expression of negative regulation of proteolysis in Spot B

Expression of negative regulation of proteolysis in Spot C

Expression of negative regulation of proteolysis in Spot D

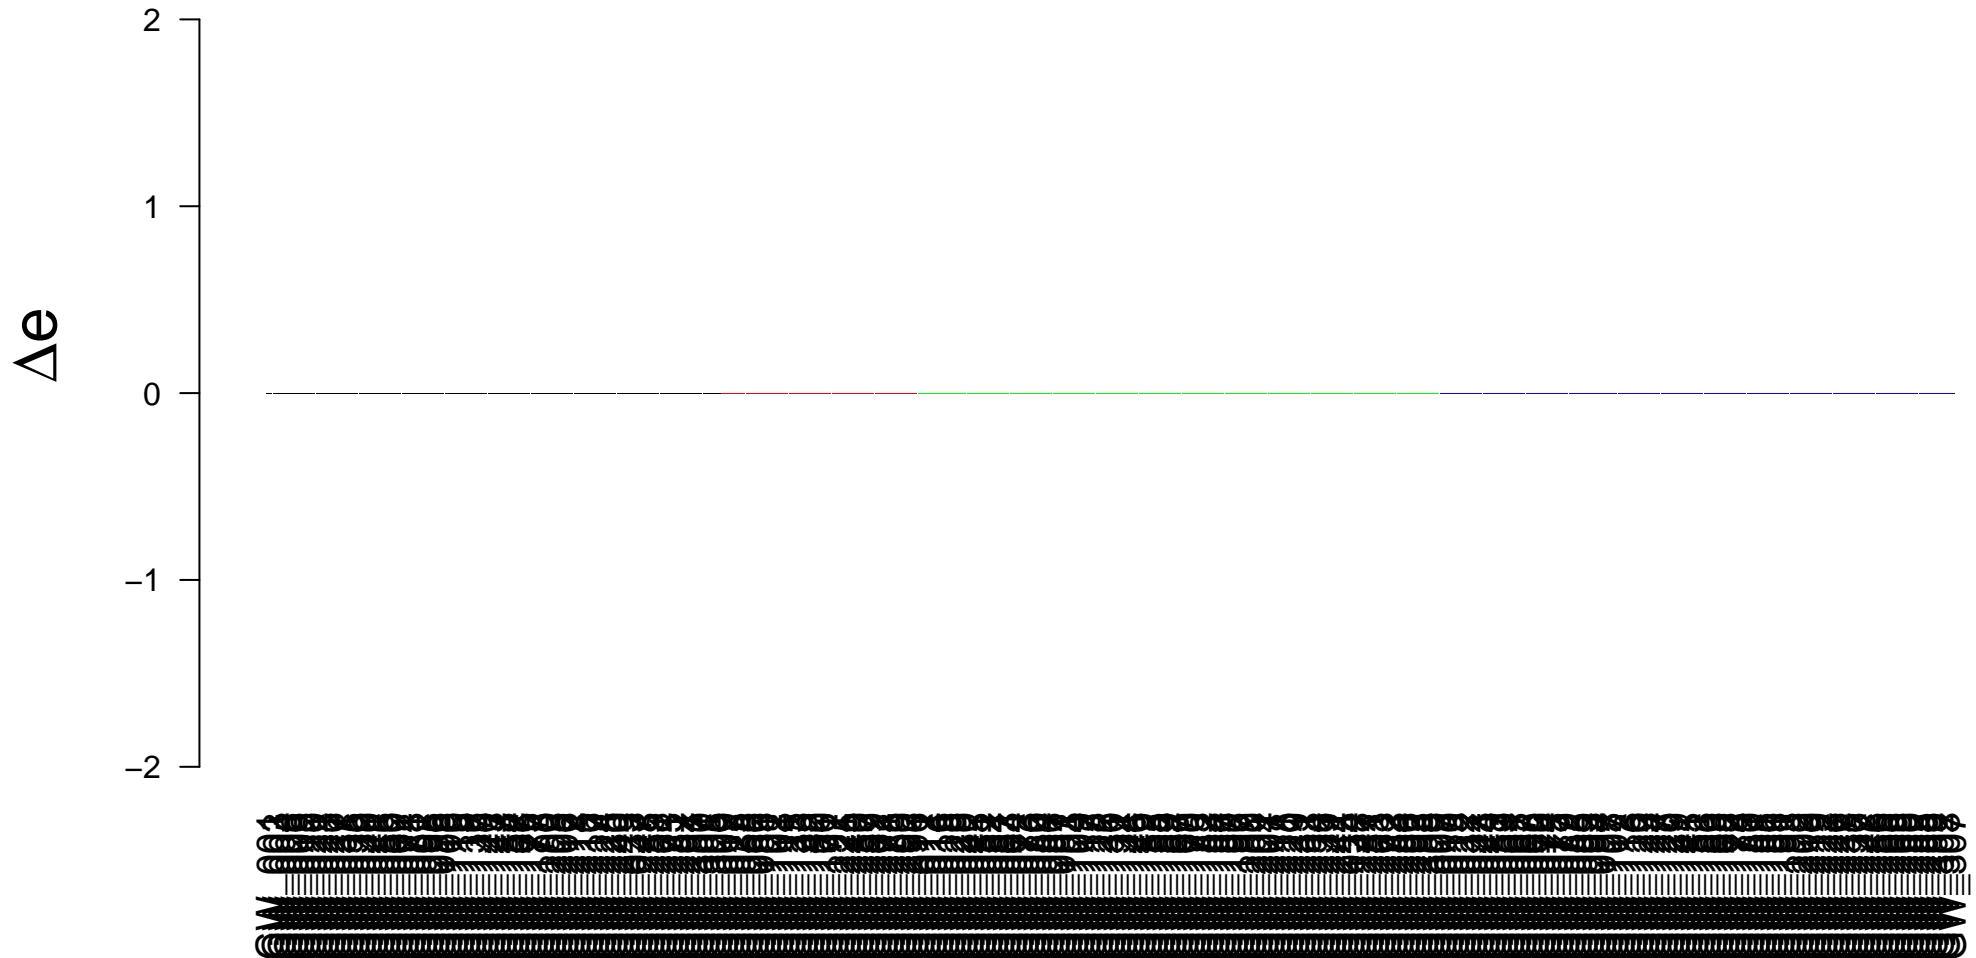

Expression of negative regulation of proteolysis in Spot E

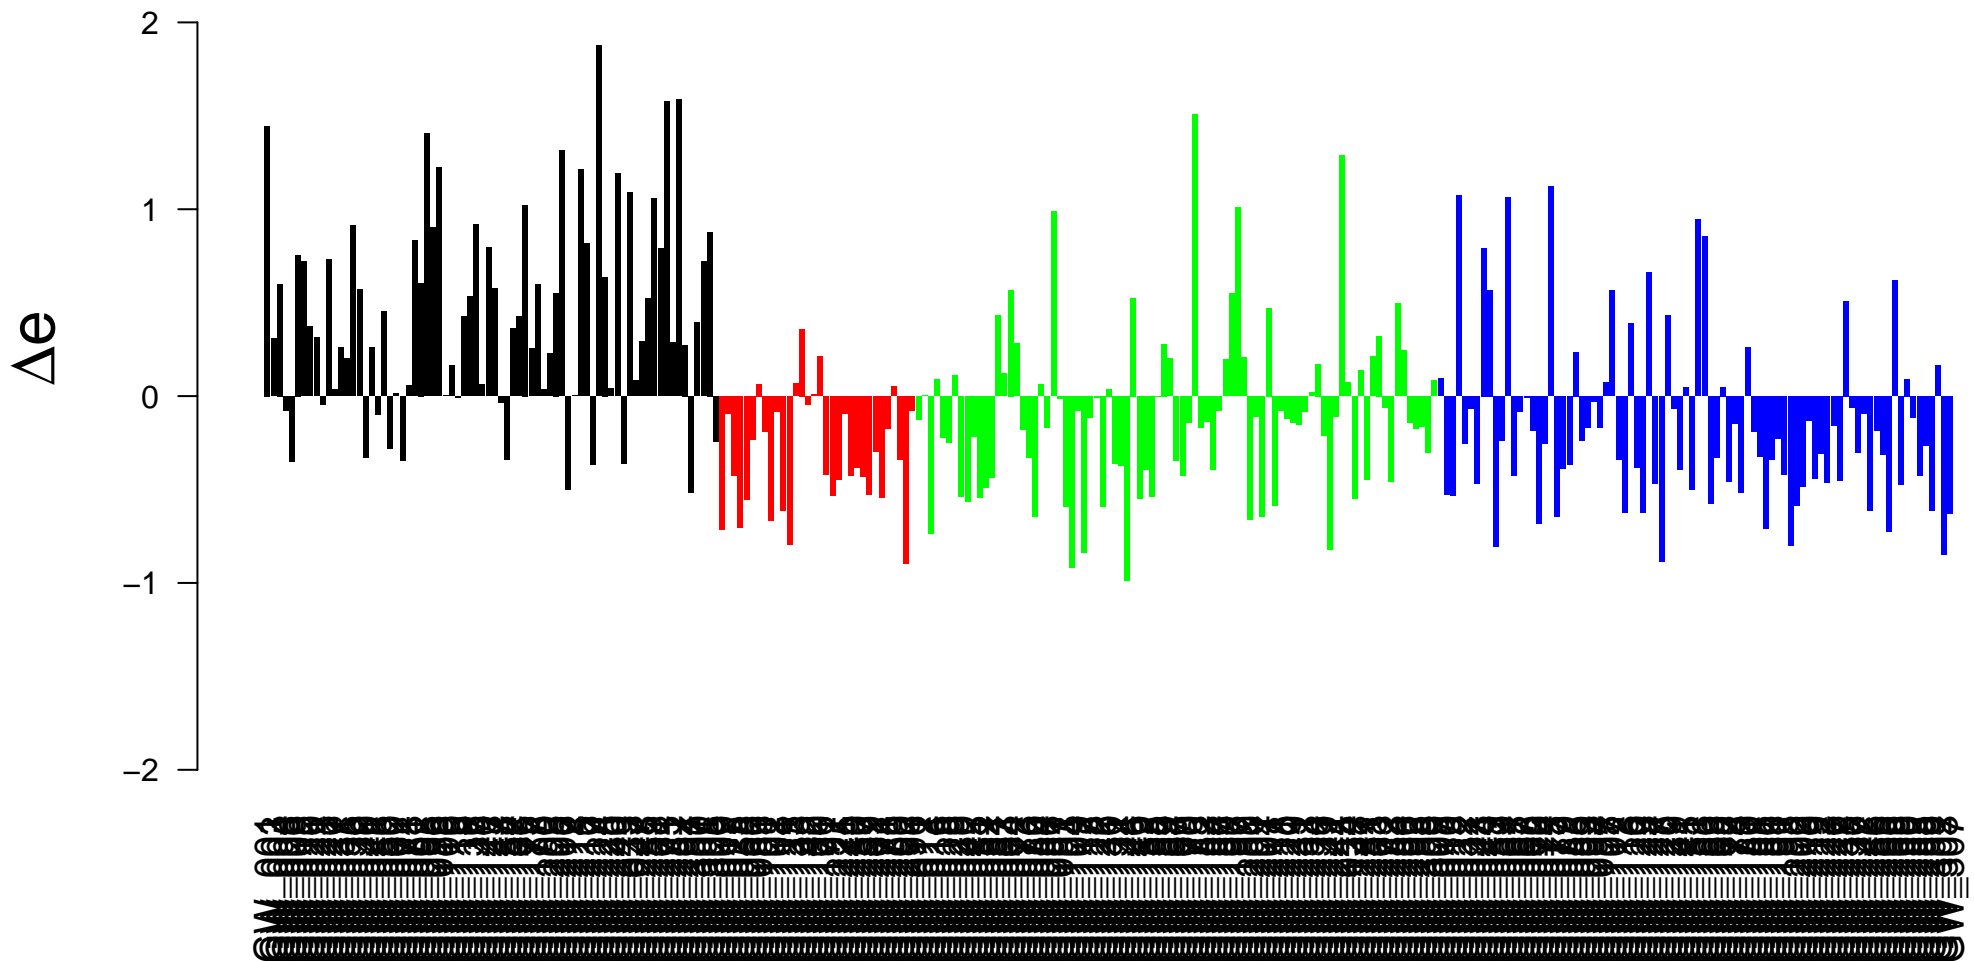

Expression of negative regulation of proteolysis in Spot F

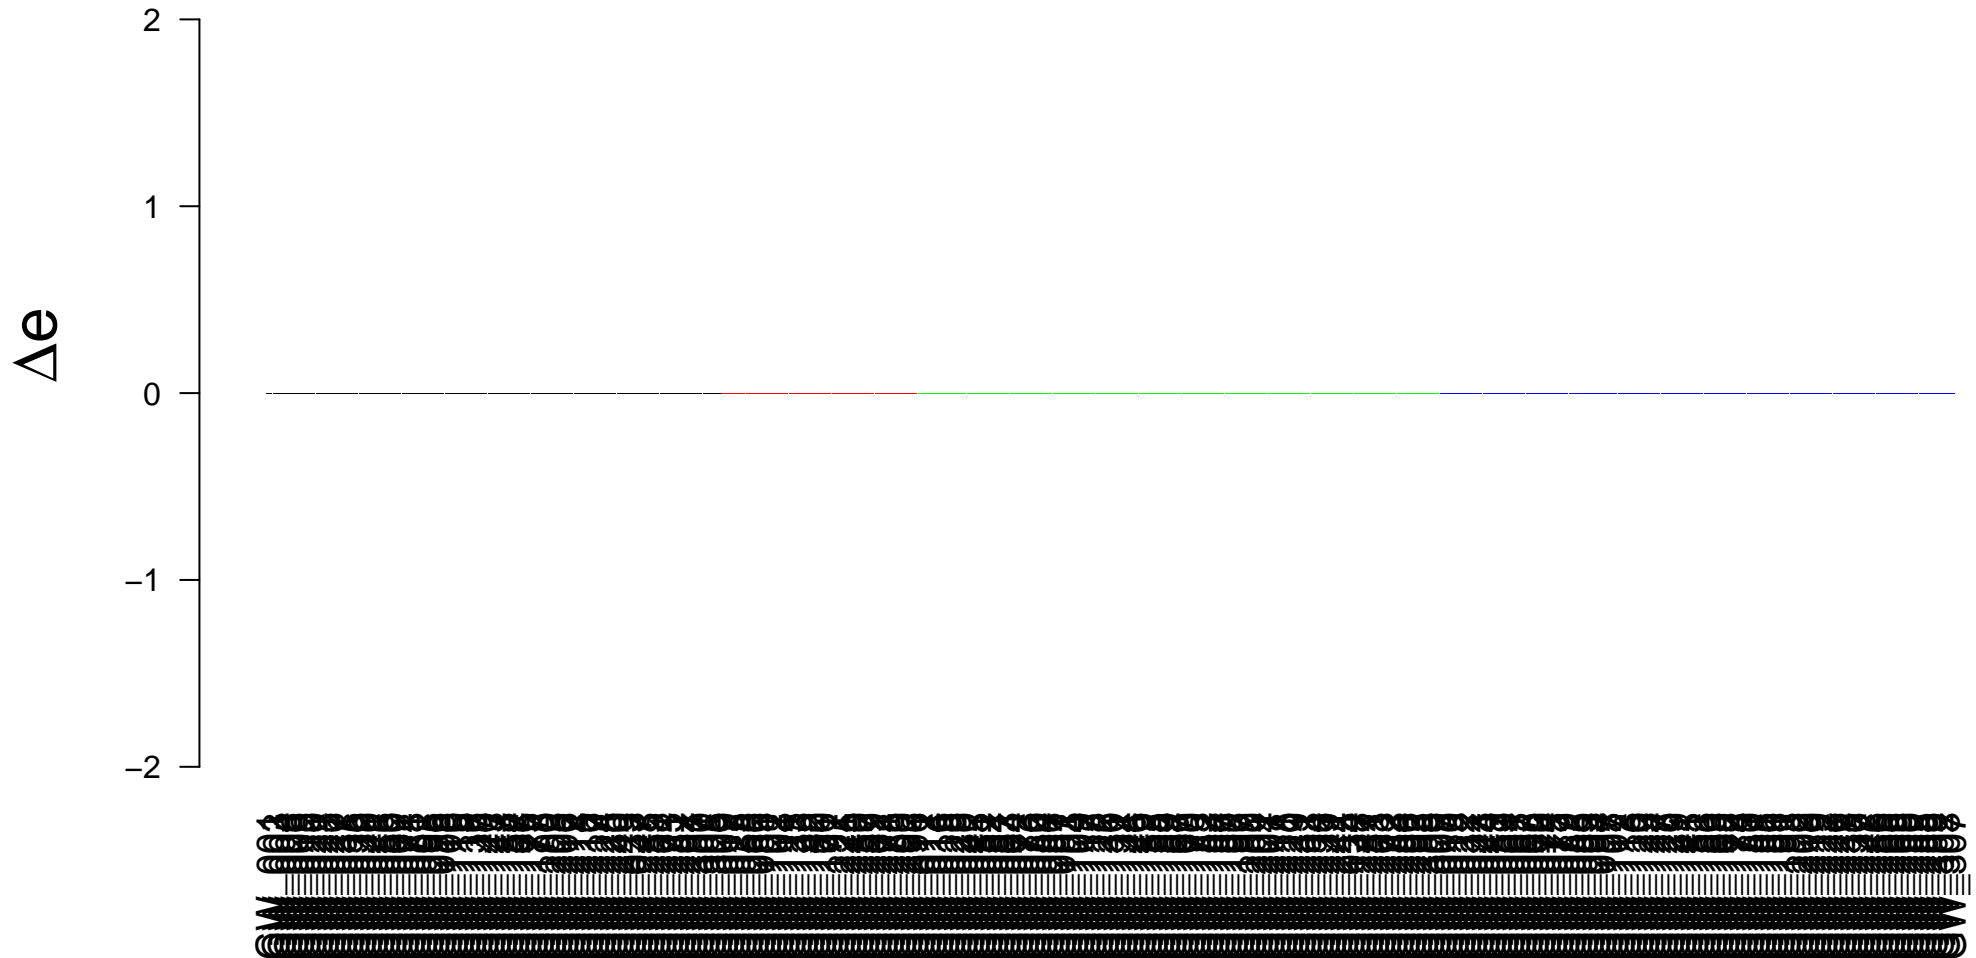

Expression of negative regulation of proteolysis in Spot G

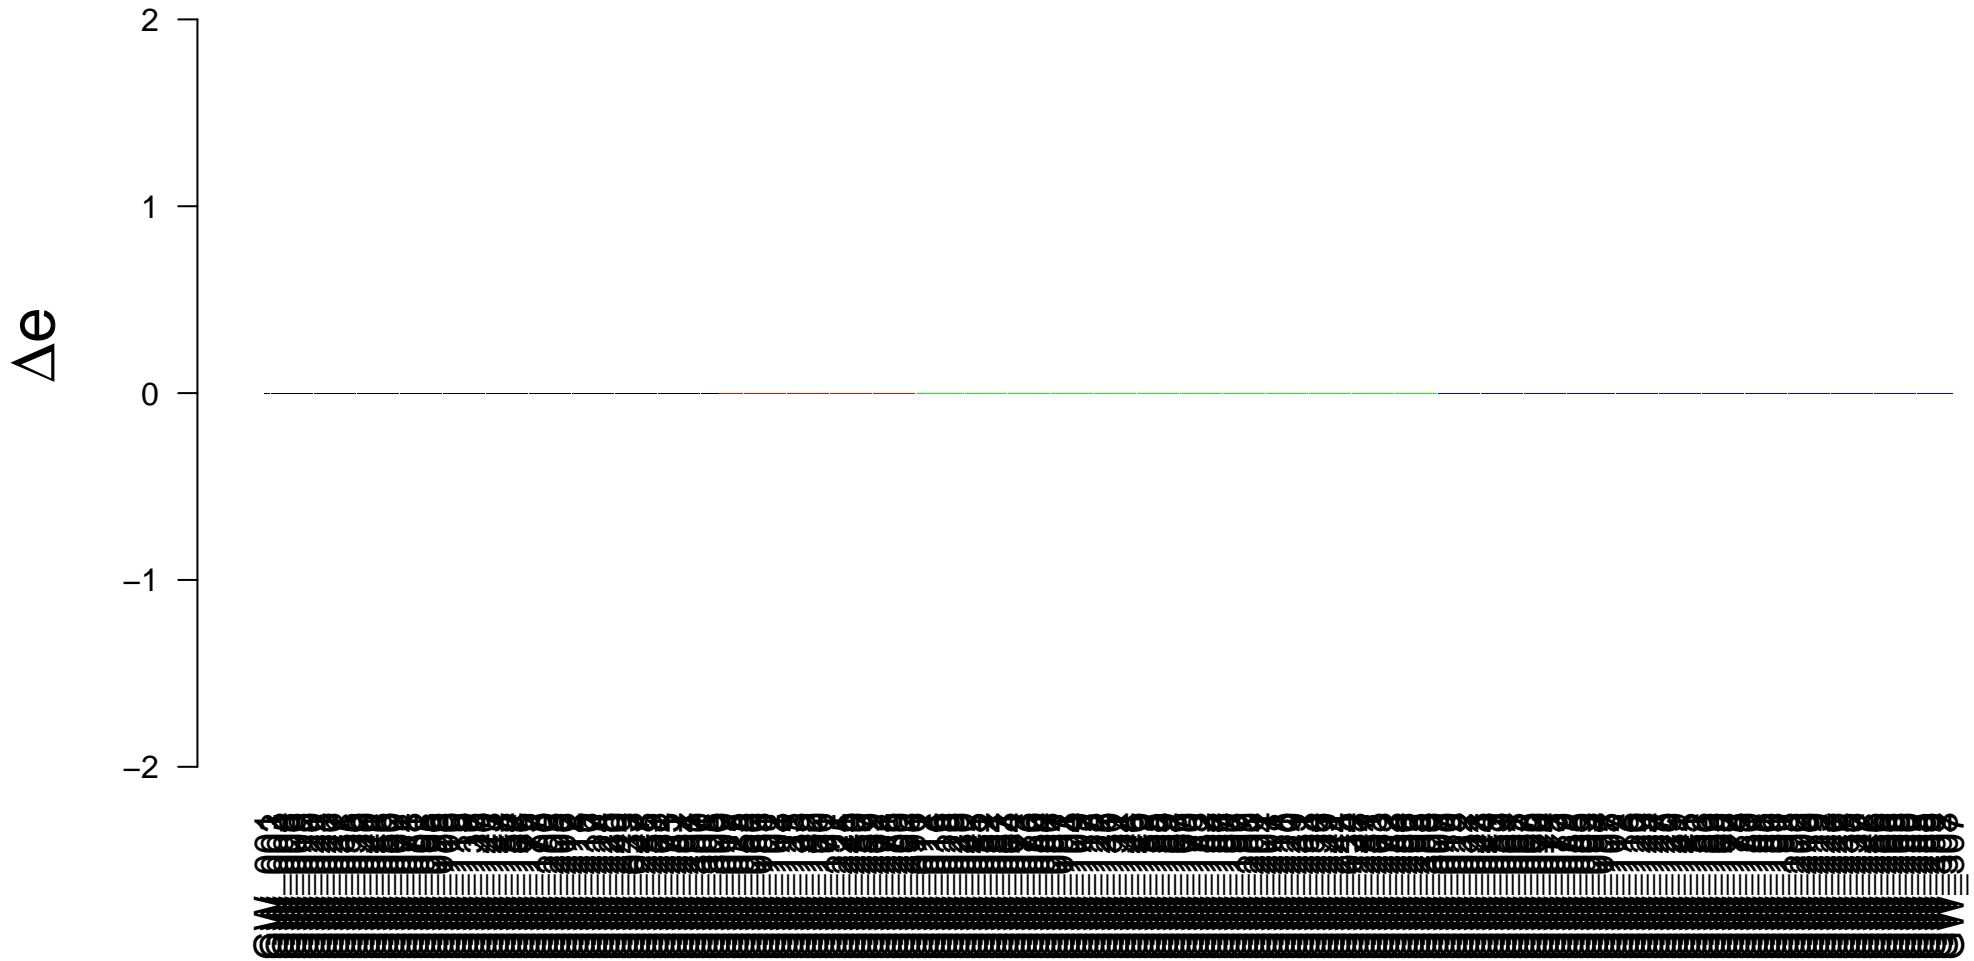

Expression of negative regulation of proteolysis in Spot H

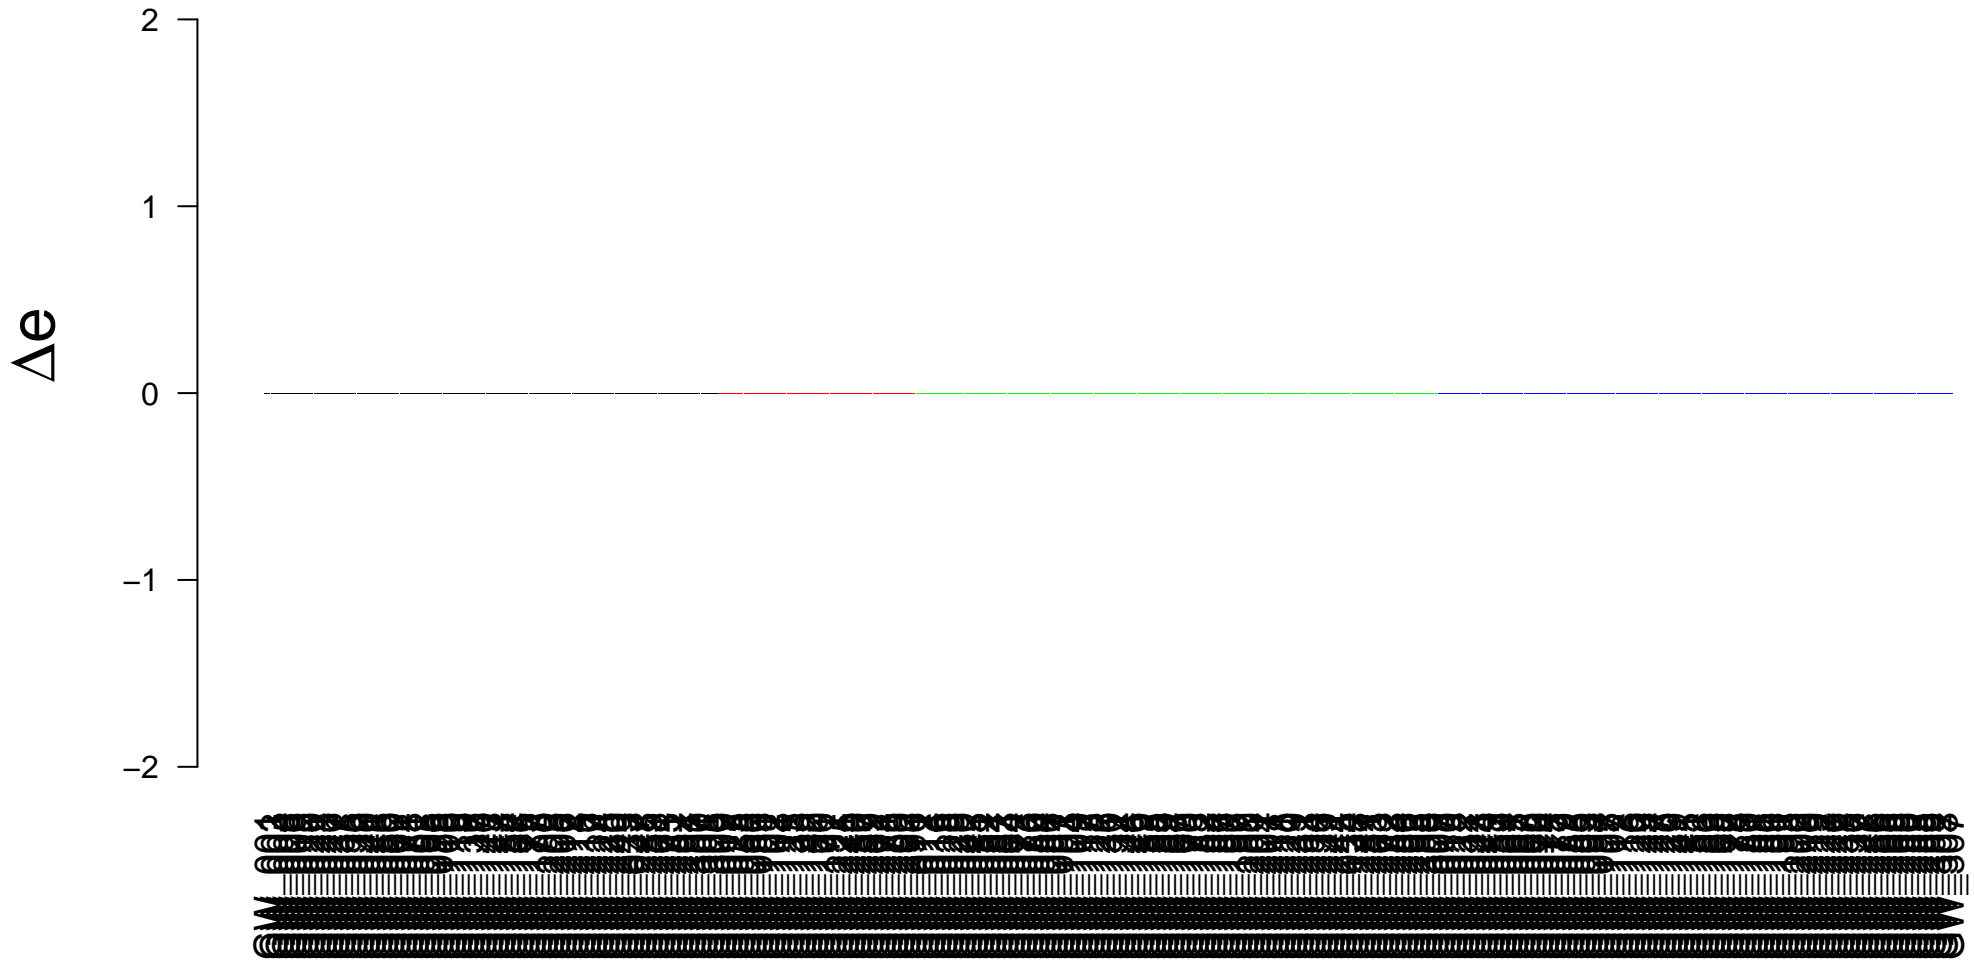

Expression of negative regulation of proteolysis in Spot I

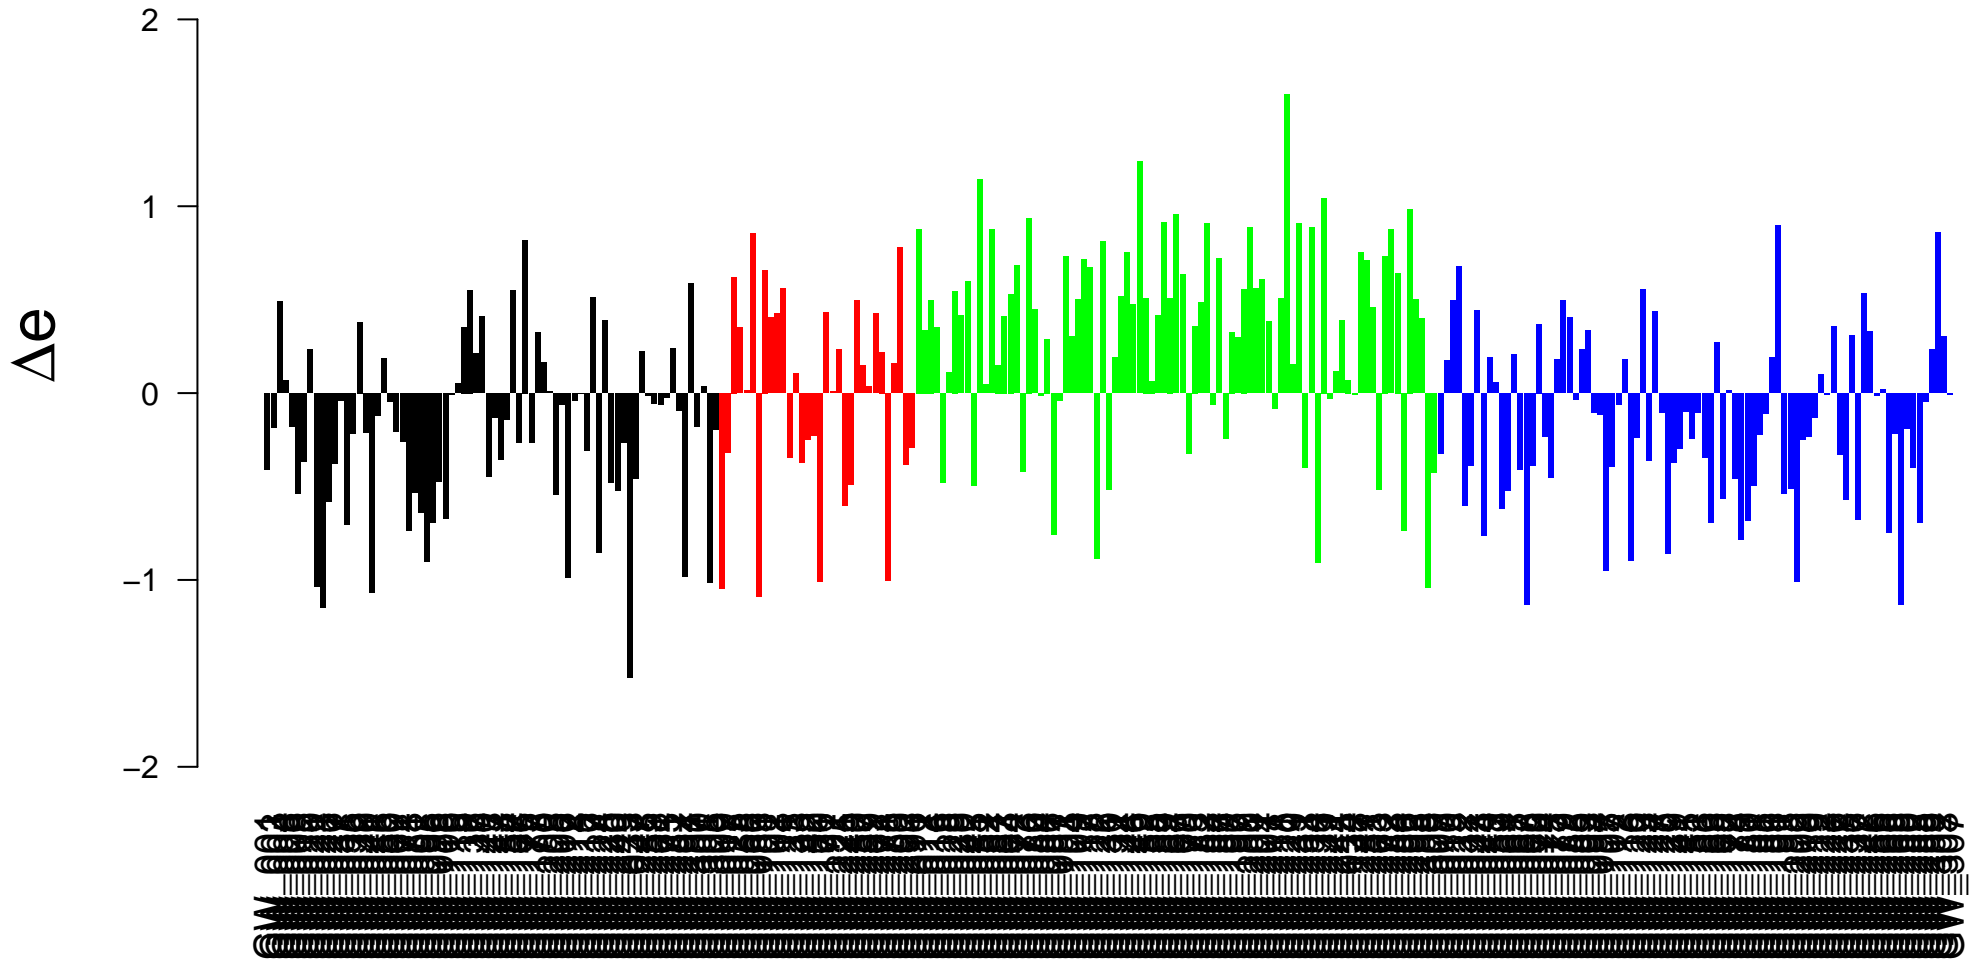

Expression of negative regulation of proteolysis in Spot J

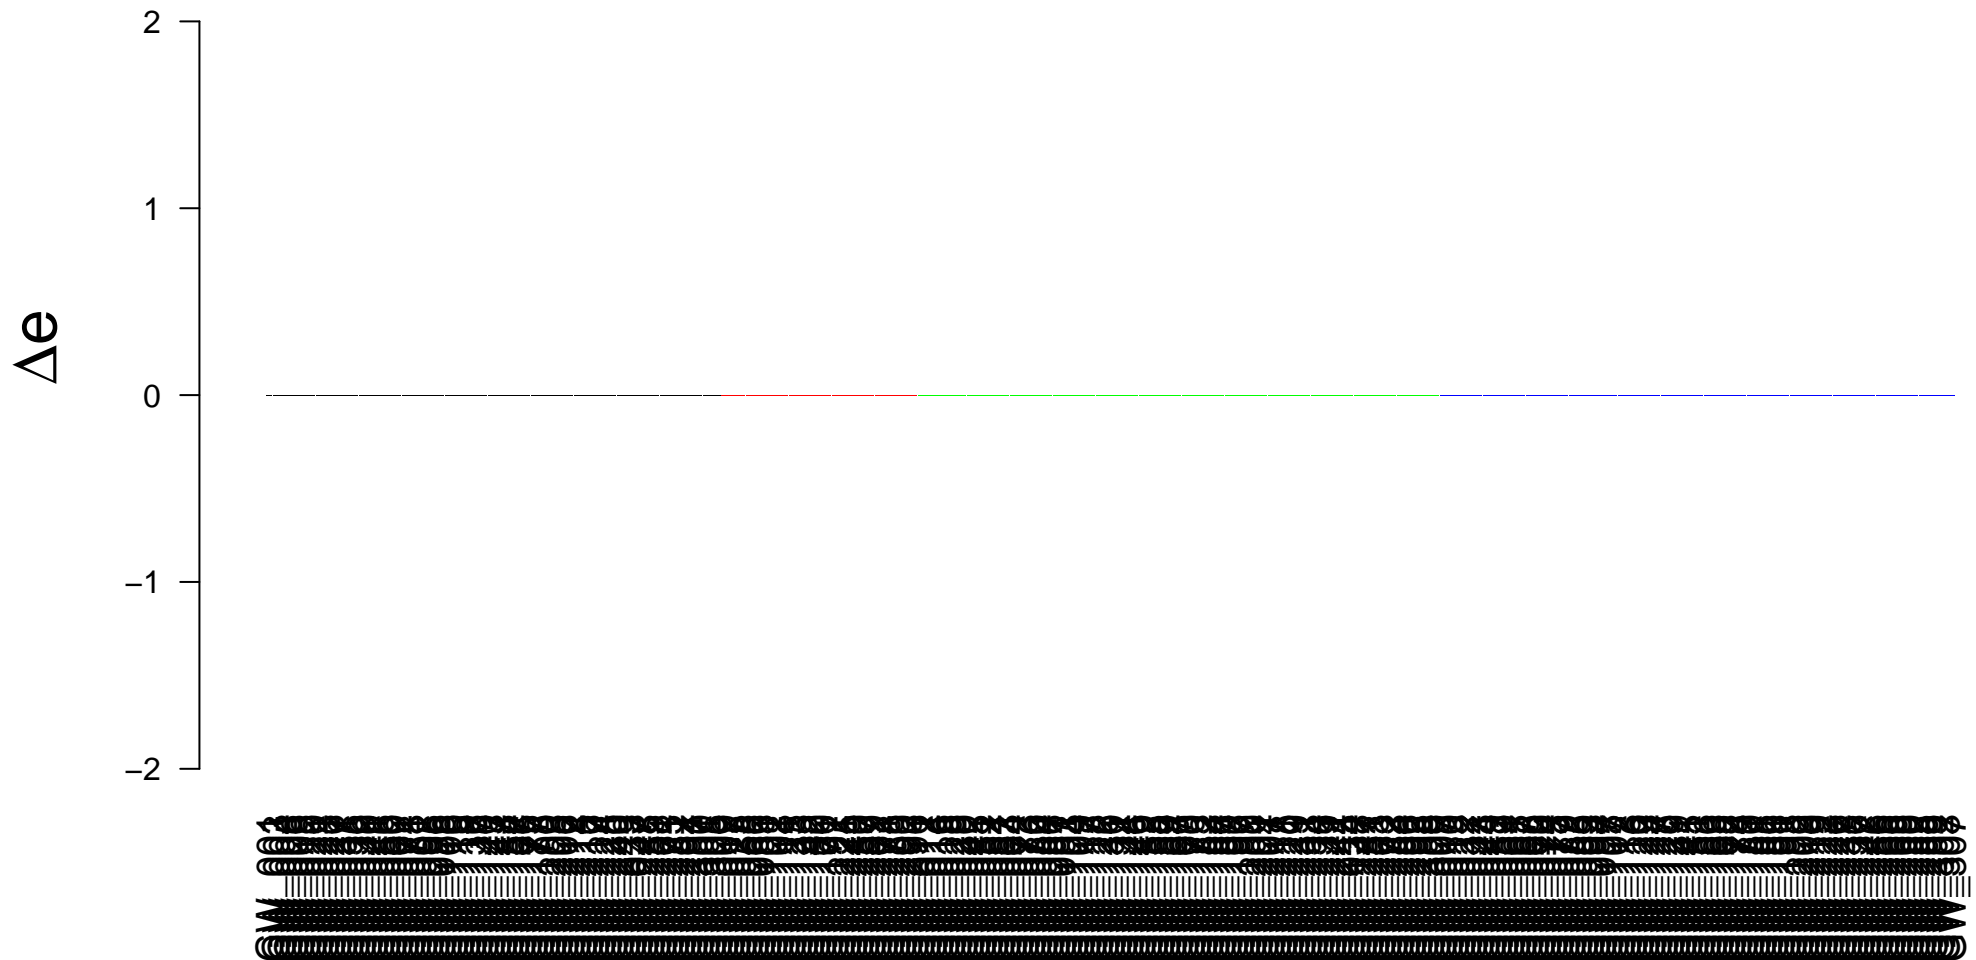

Expression of negative regulation of proteolysis in Spot K

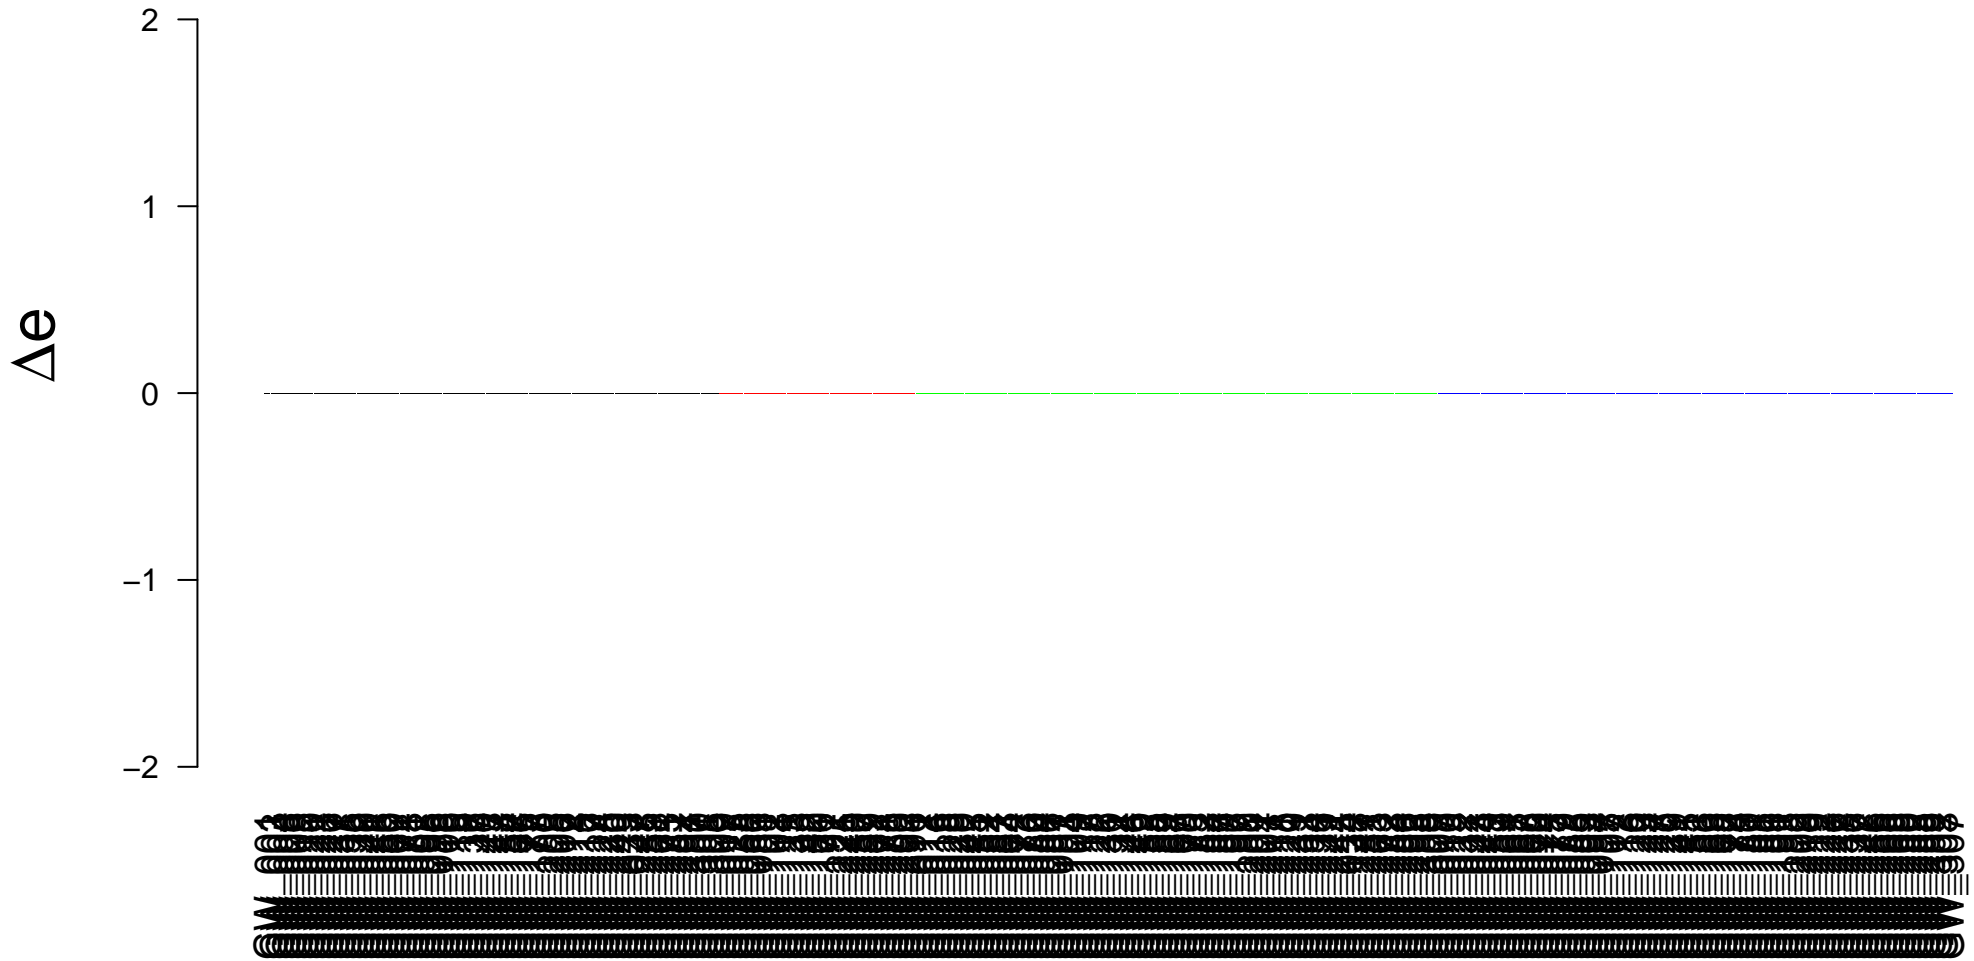

Expression of negative regulation of proteolysis in Spot L

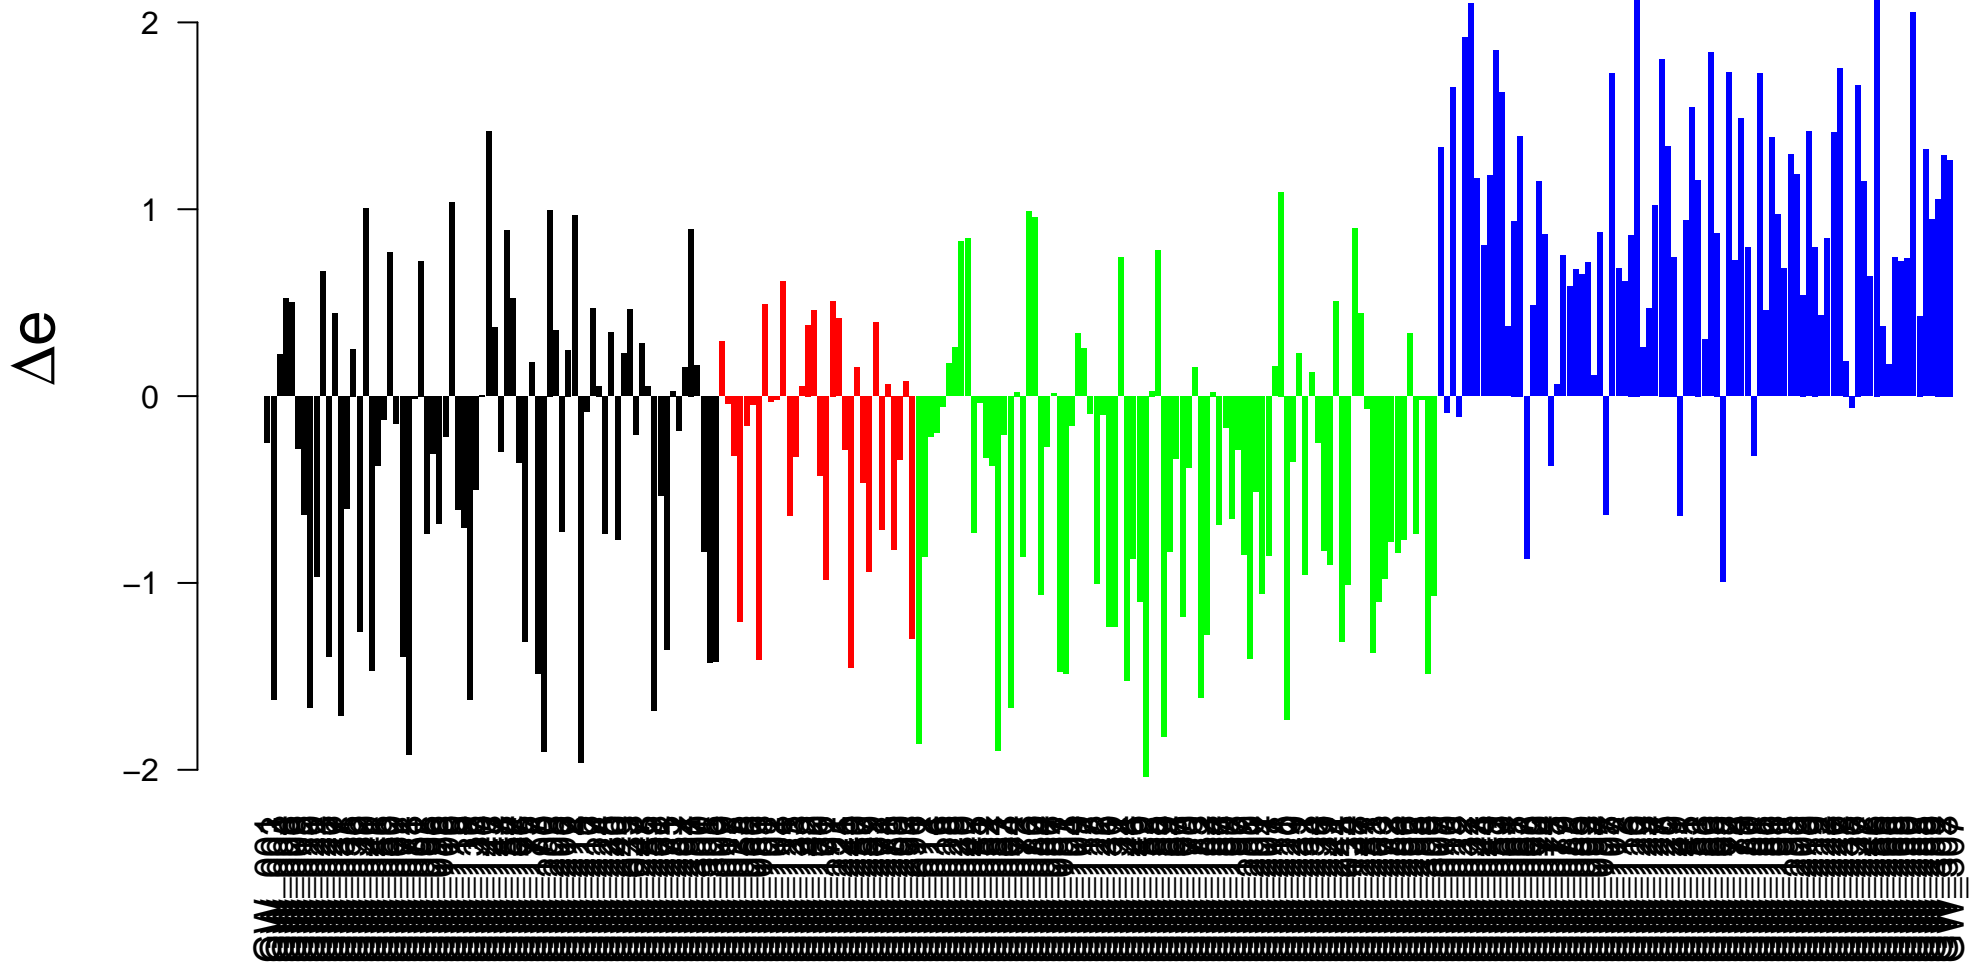

Expression of negative regulation of proteolysis in Spot M

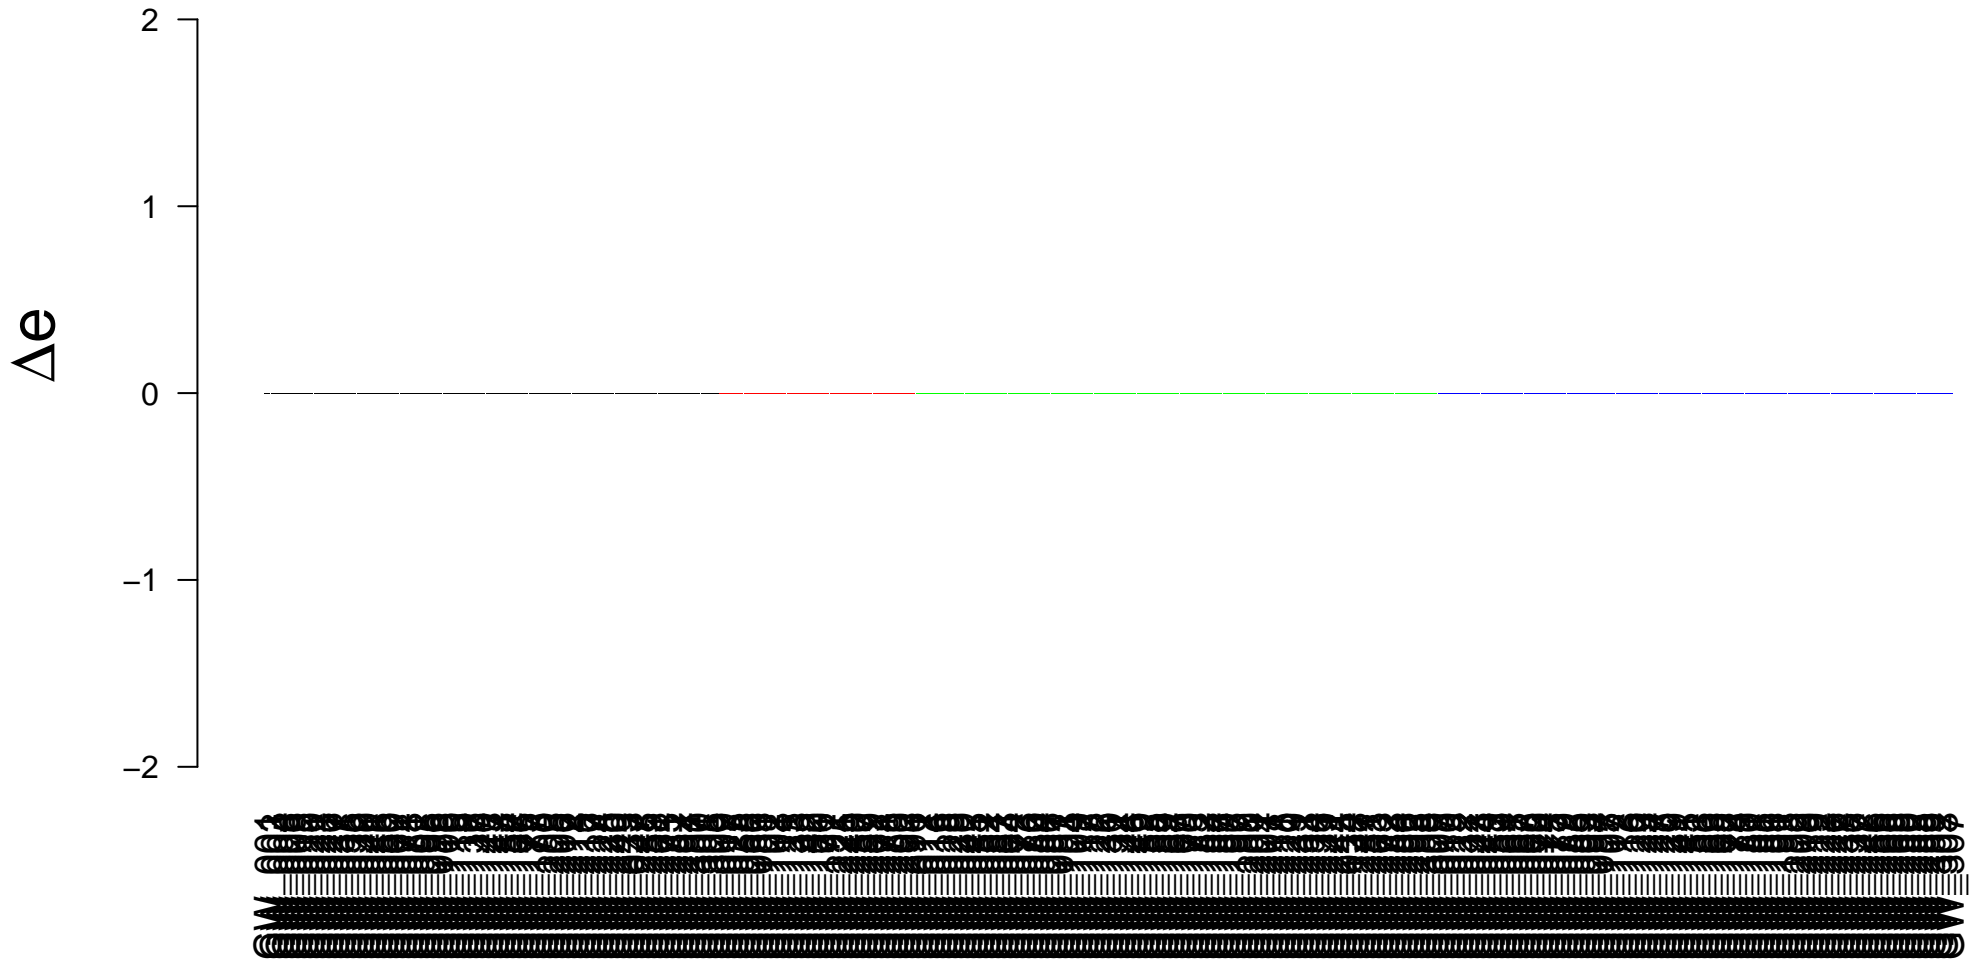

Expression of negative regulation of proteolysis in Spot N

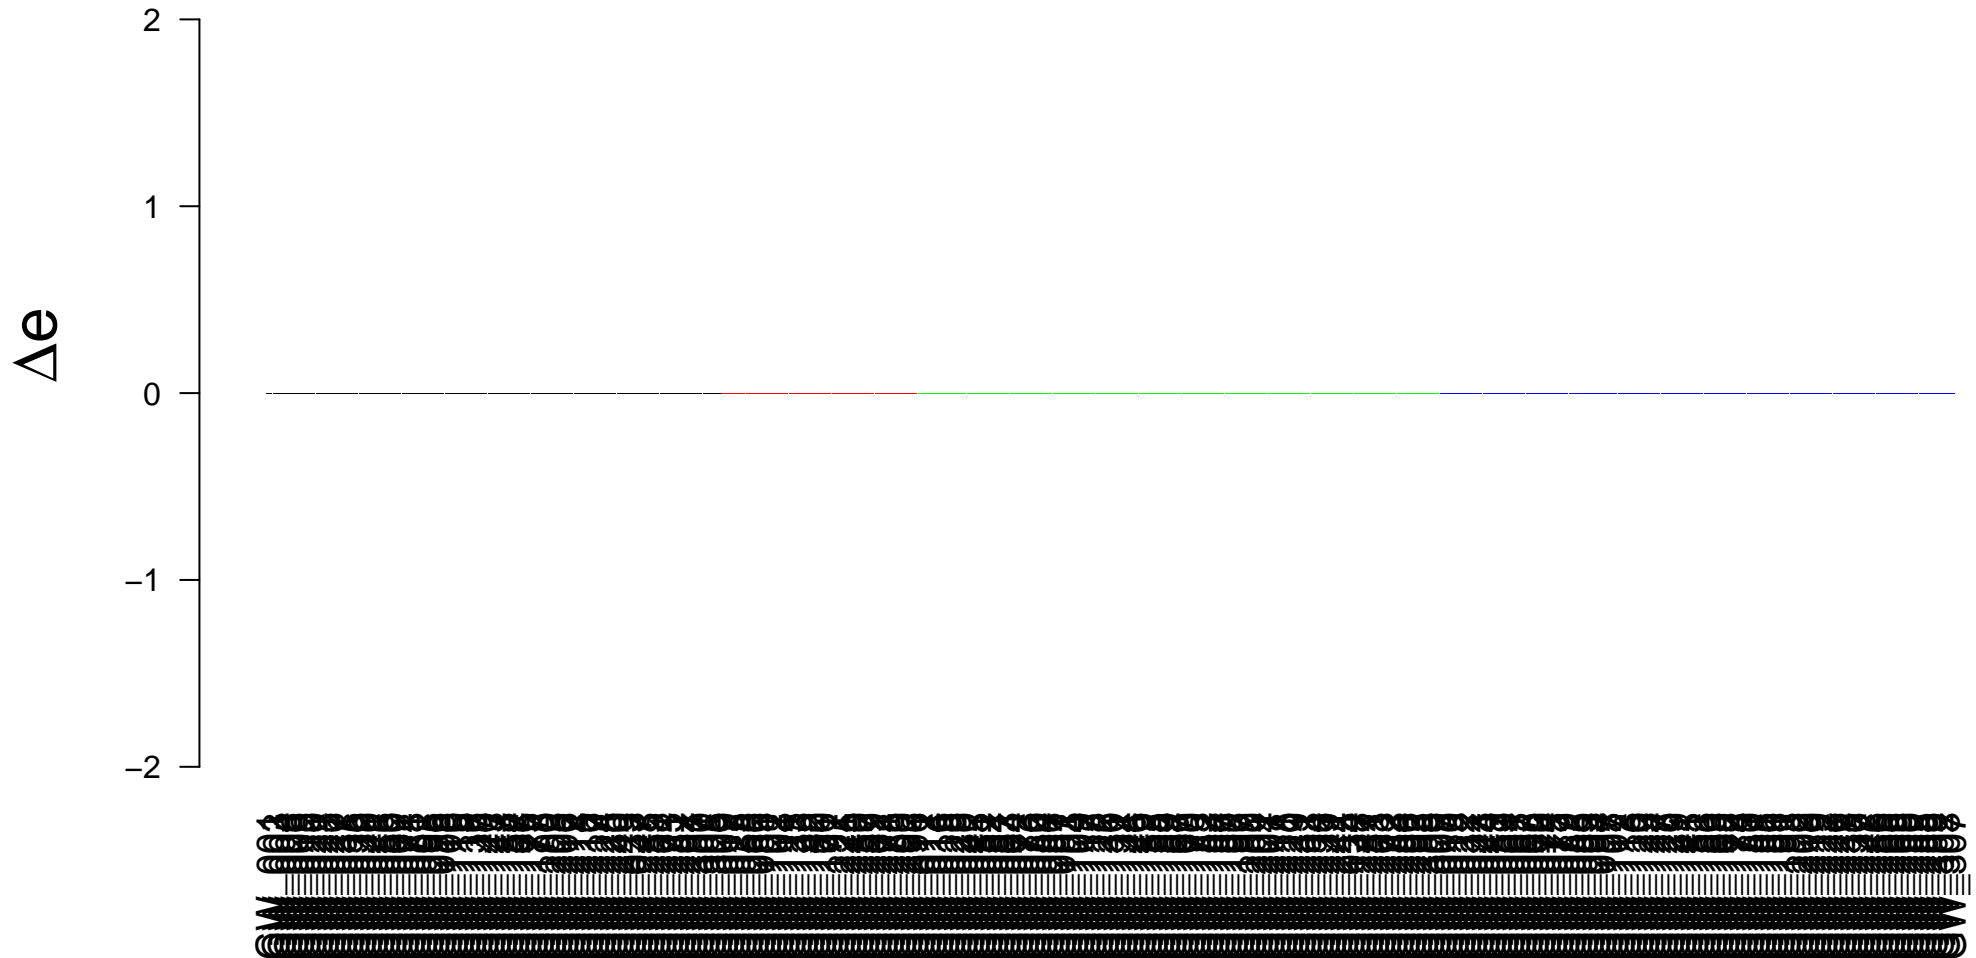

Expression of negative regulation of proteolysis in Spot O

Expression of negative regulation of proteolysis in Spot P

Expression of negative regulation of proteolysis in Spot Q

Expression of negative regulation of proteolysis in Spot R
