

negative regulation of transcription, DNA-dependent

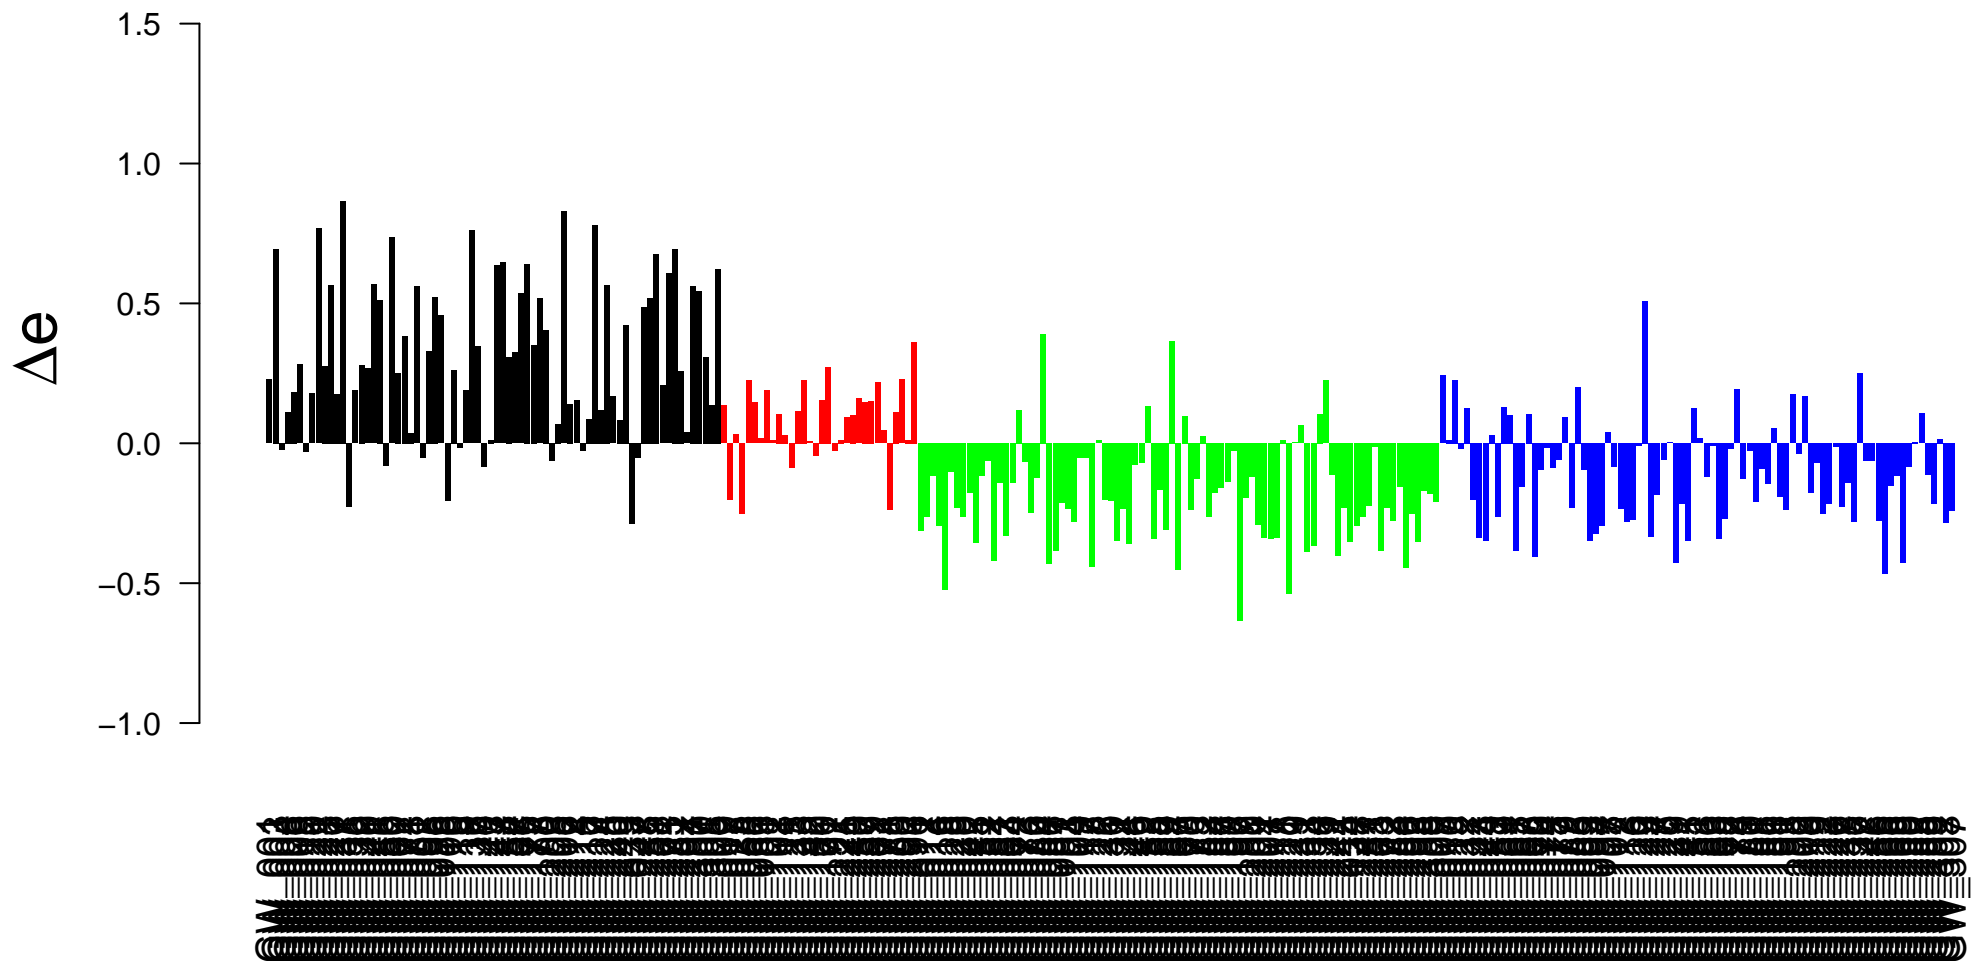

Enrichment in spots: negative regulation of transcription, DNA-dependent

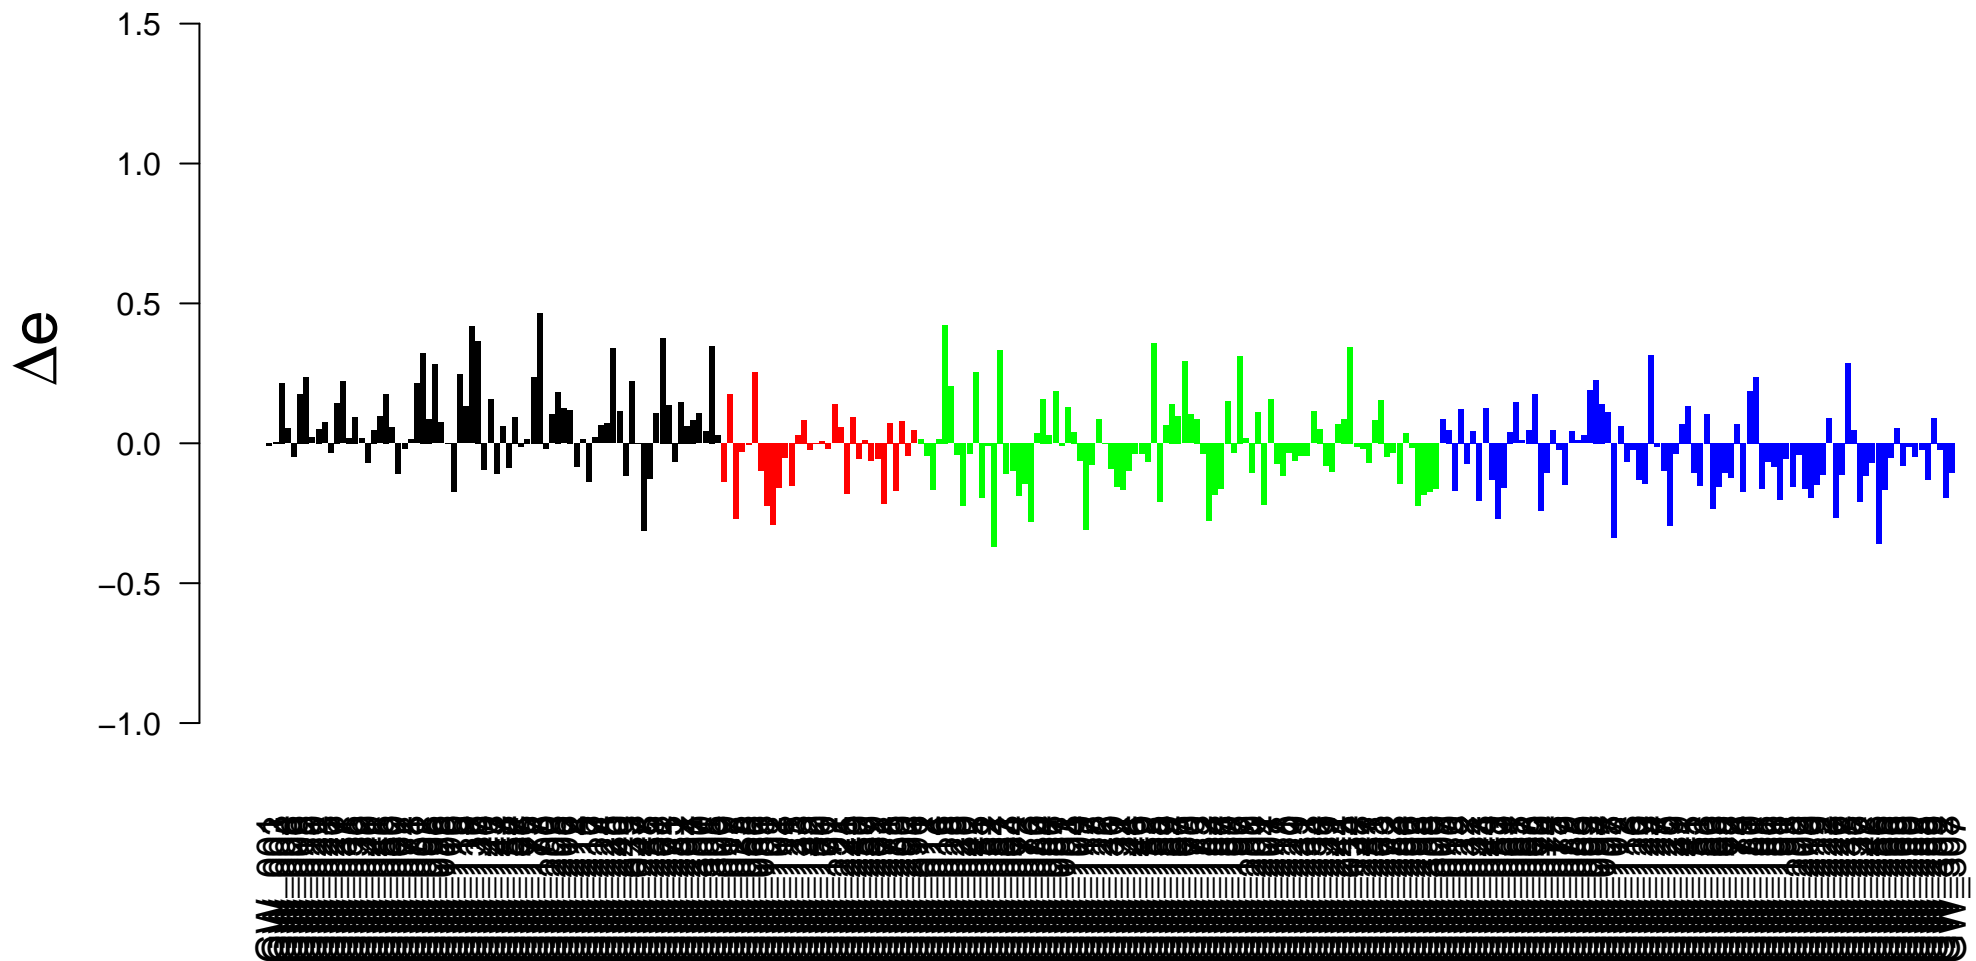

Expression of negative regulation of transcription, DNA-dependent in Spot A

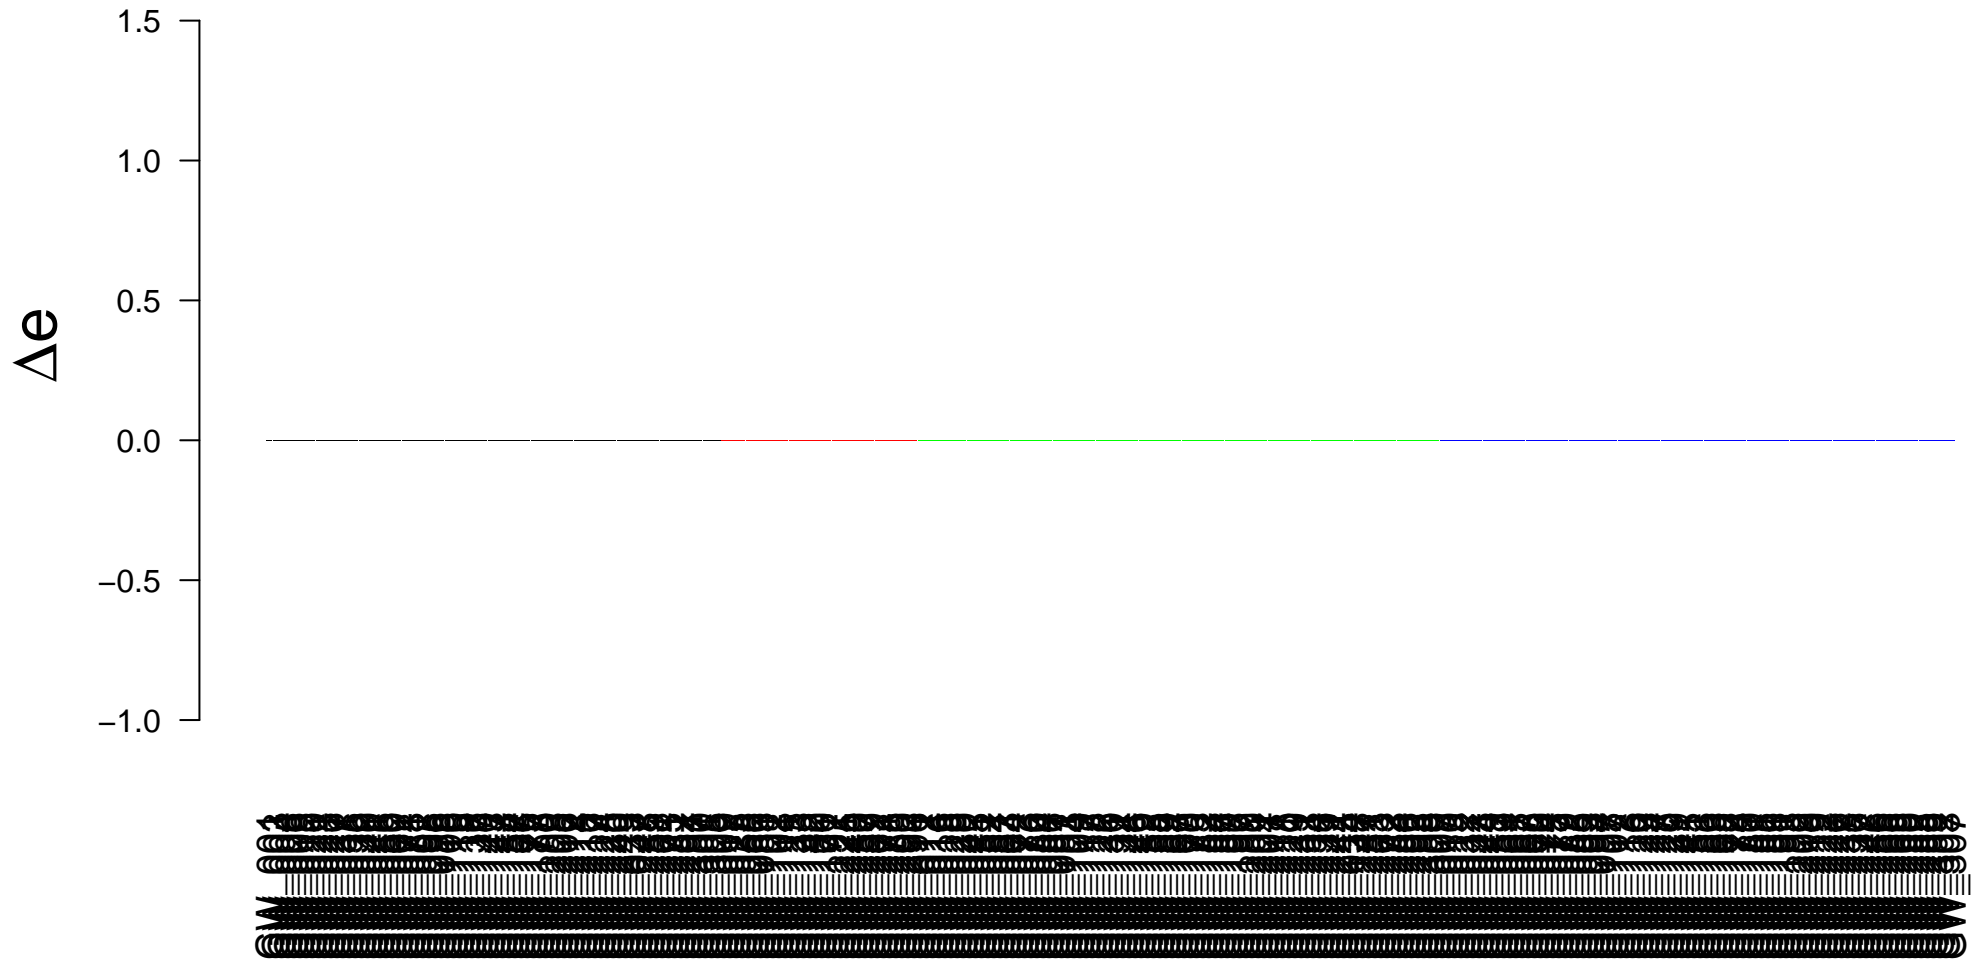

Expression of negative regulation of transcription, DNA-dependent in Spot B

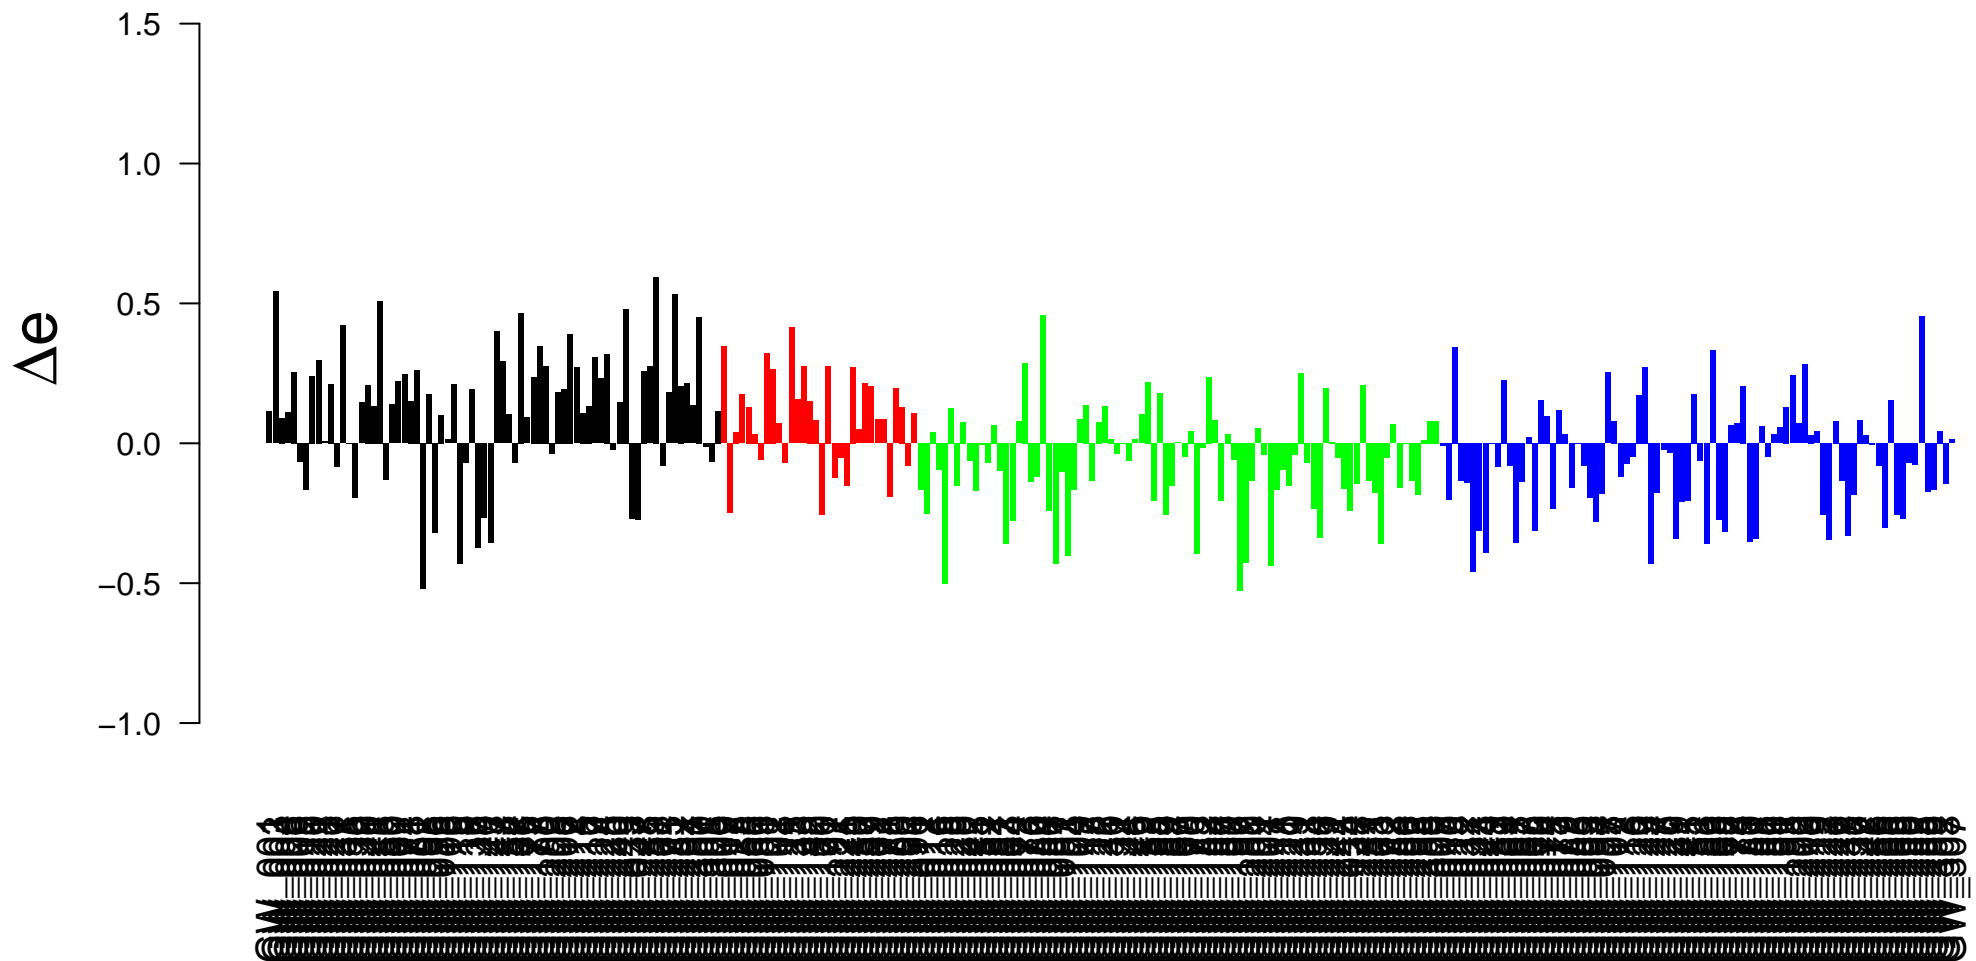

Expression of negative regulation of transcription, DNA-dependent in Spot C

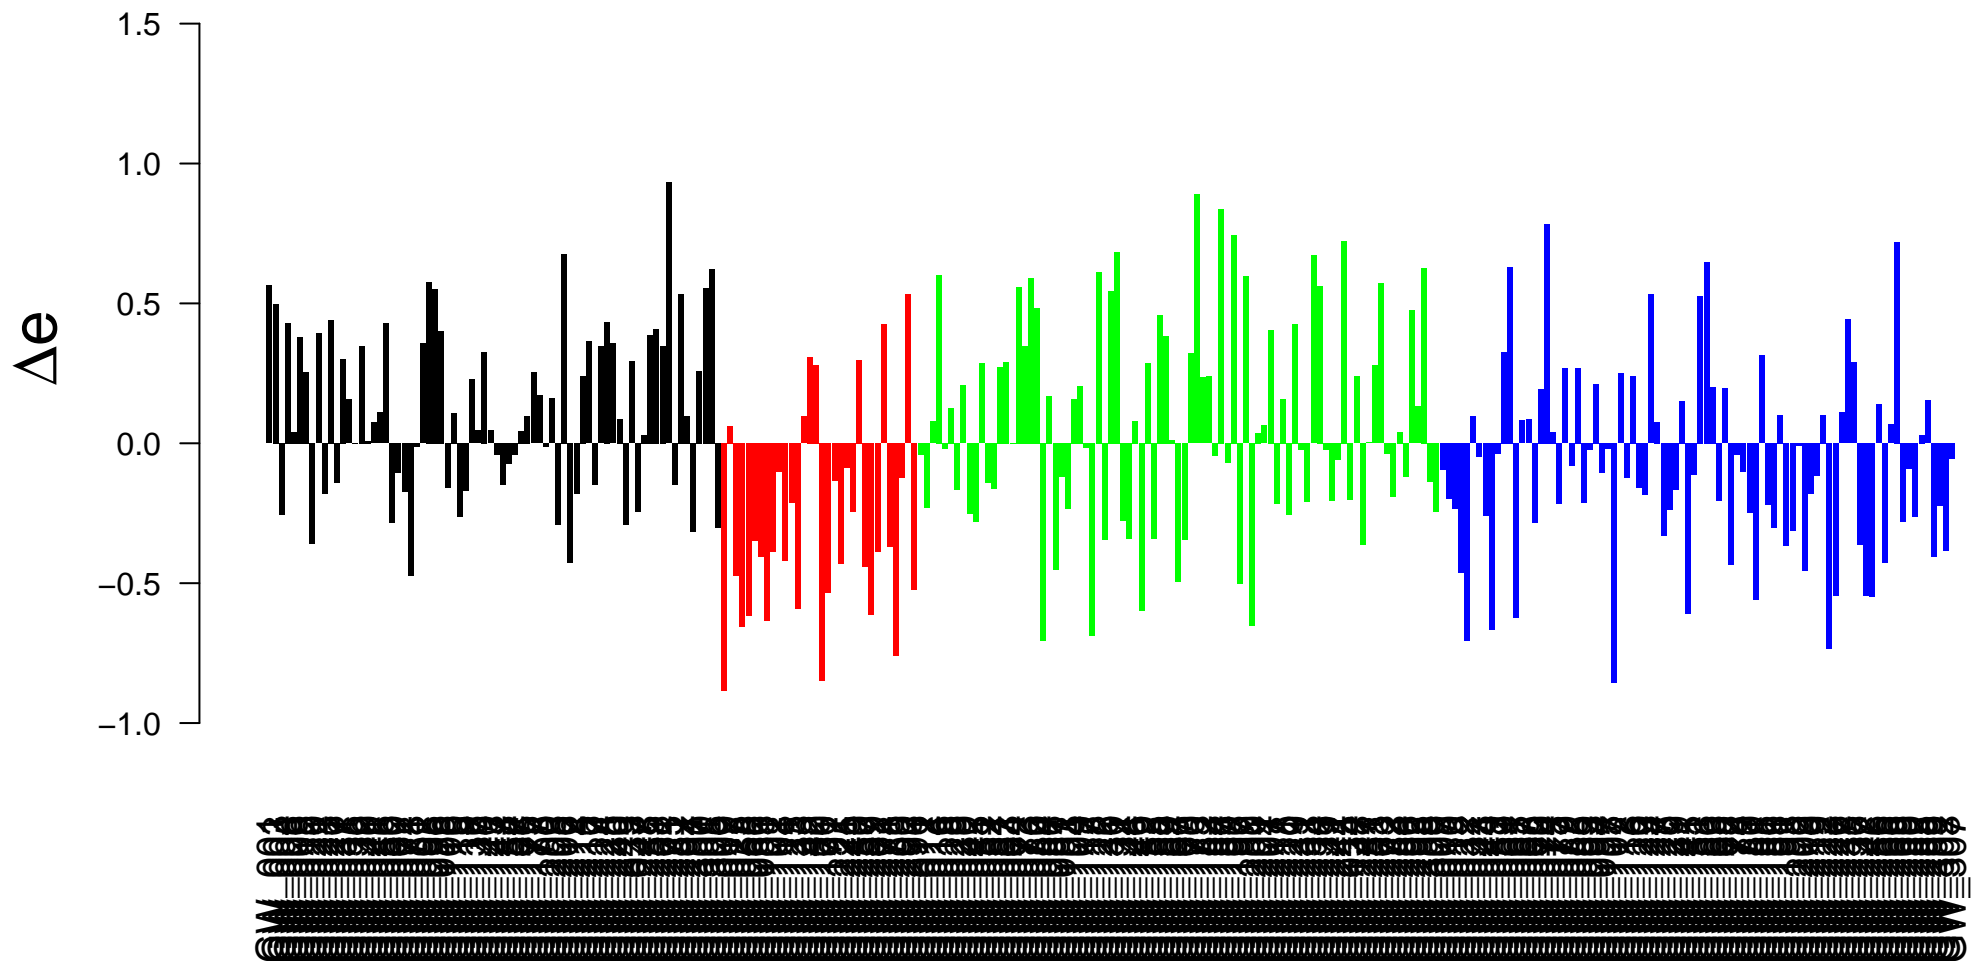

Expression of negative regulation of transcription, DNA-dependent in Spot D

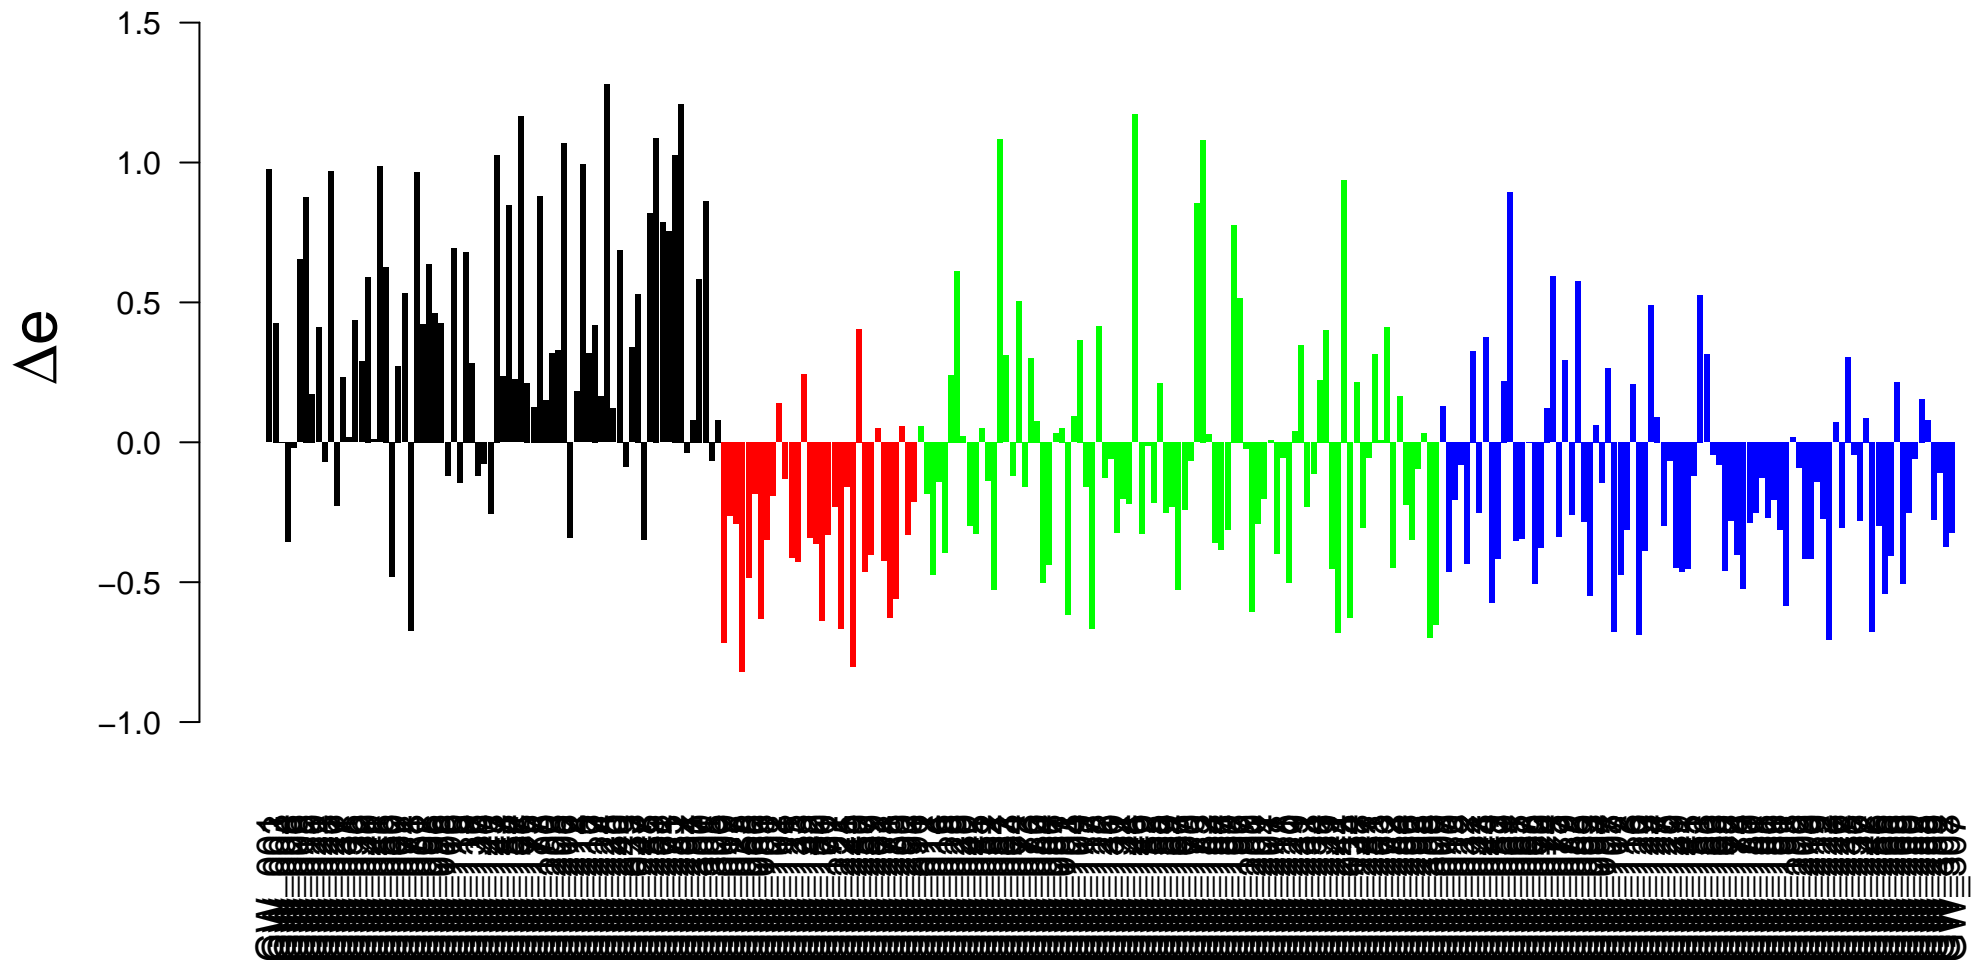

Expression of negative regulation of transcription, DNA-dependent in Spot E

Expression of negative regulation of transcription, DNA-dependent in Spot F

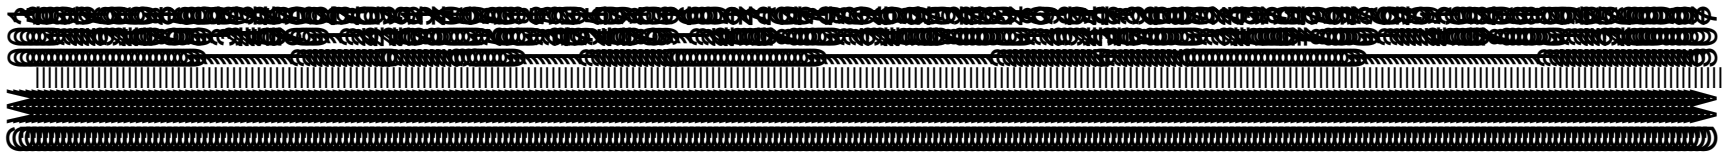

Expression of negative regulation of transcription, DNA-dependent in Spot G

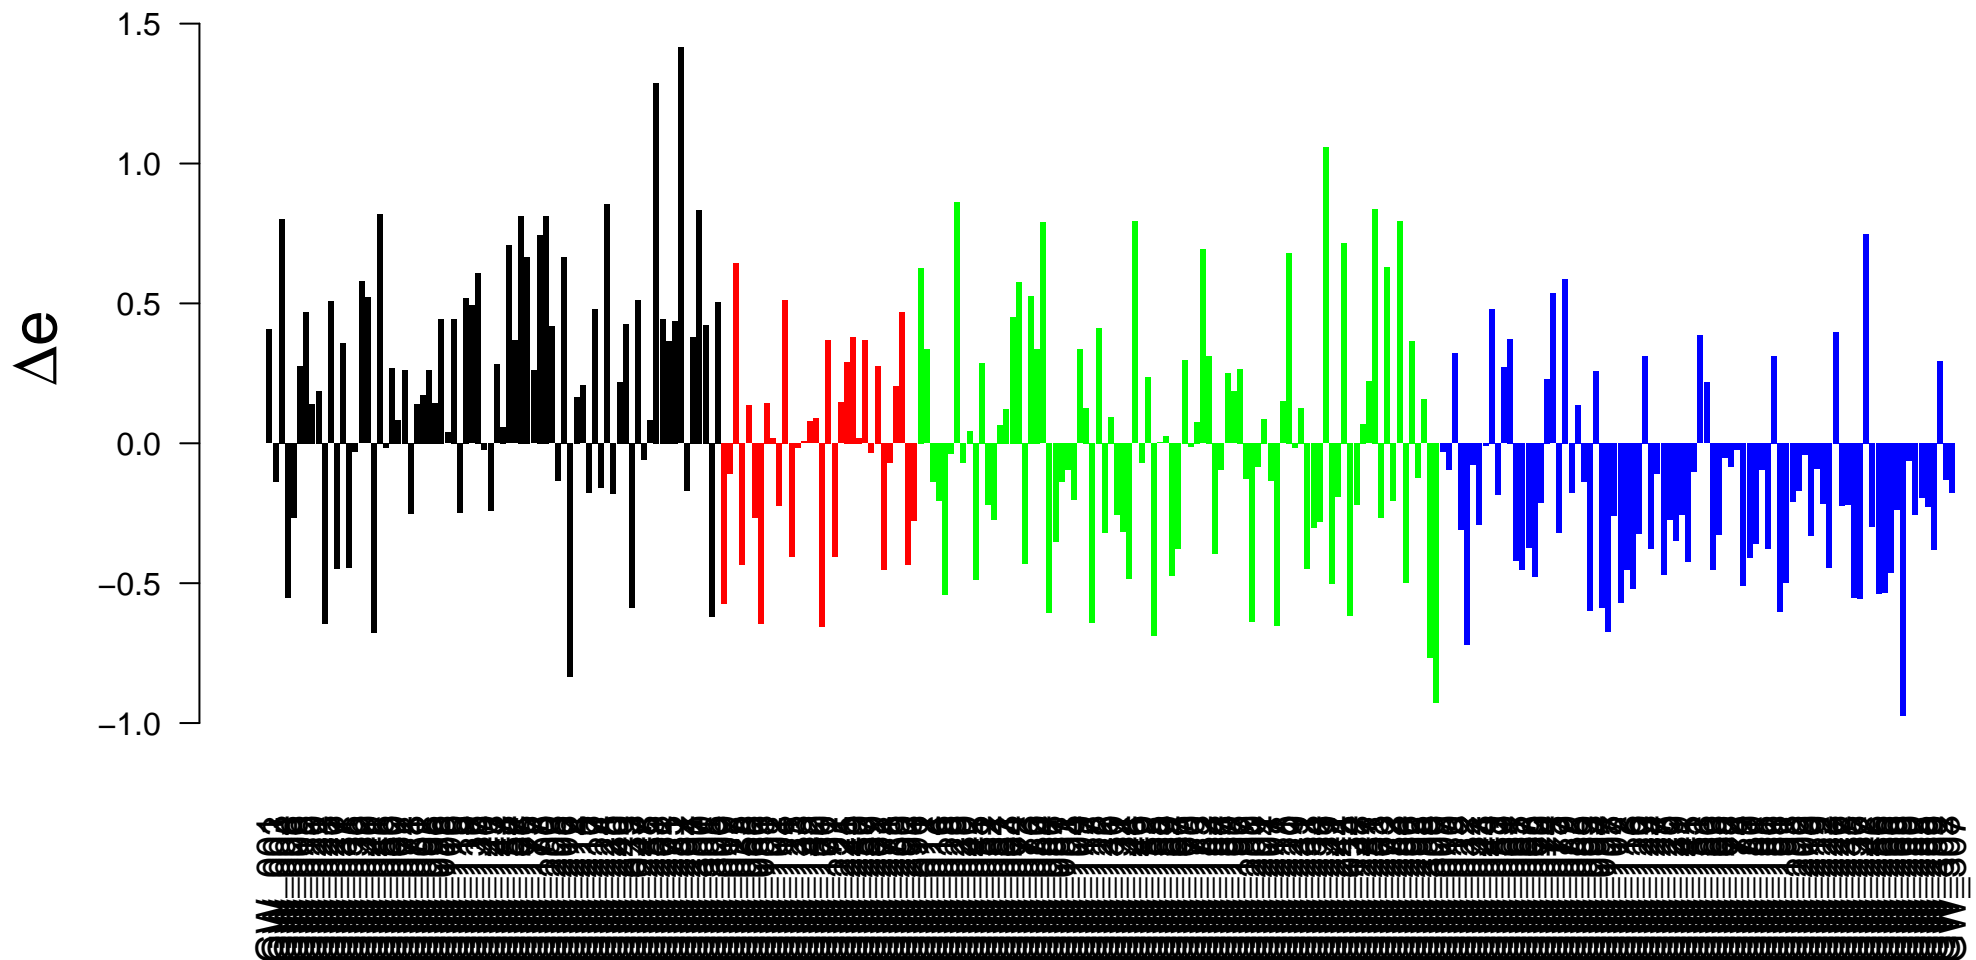

Expression of negative regulation of transcription, DNA-dependent in Spot H

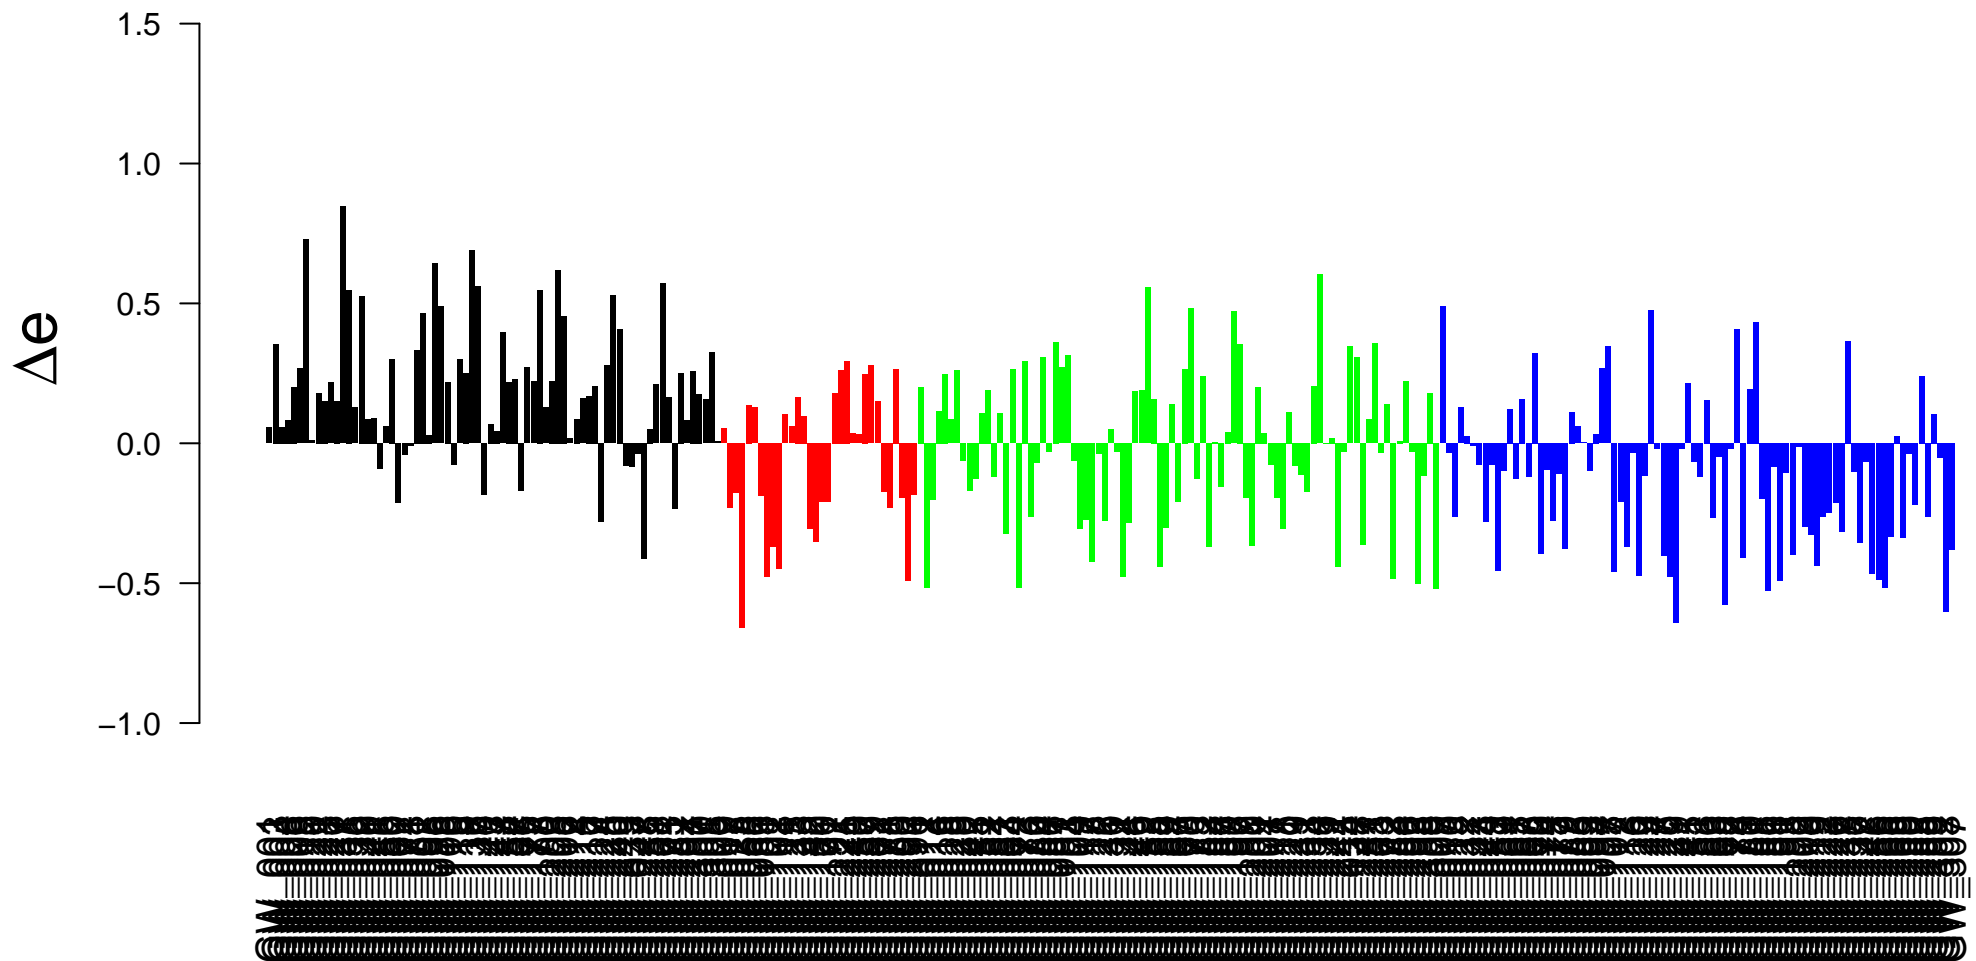

Δe

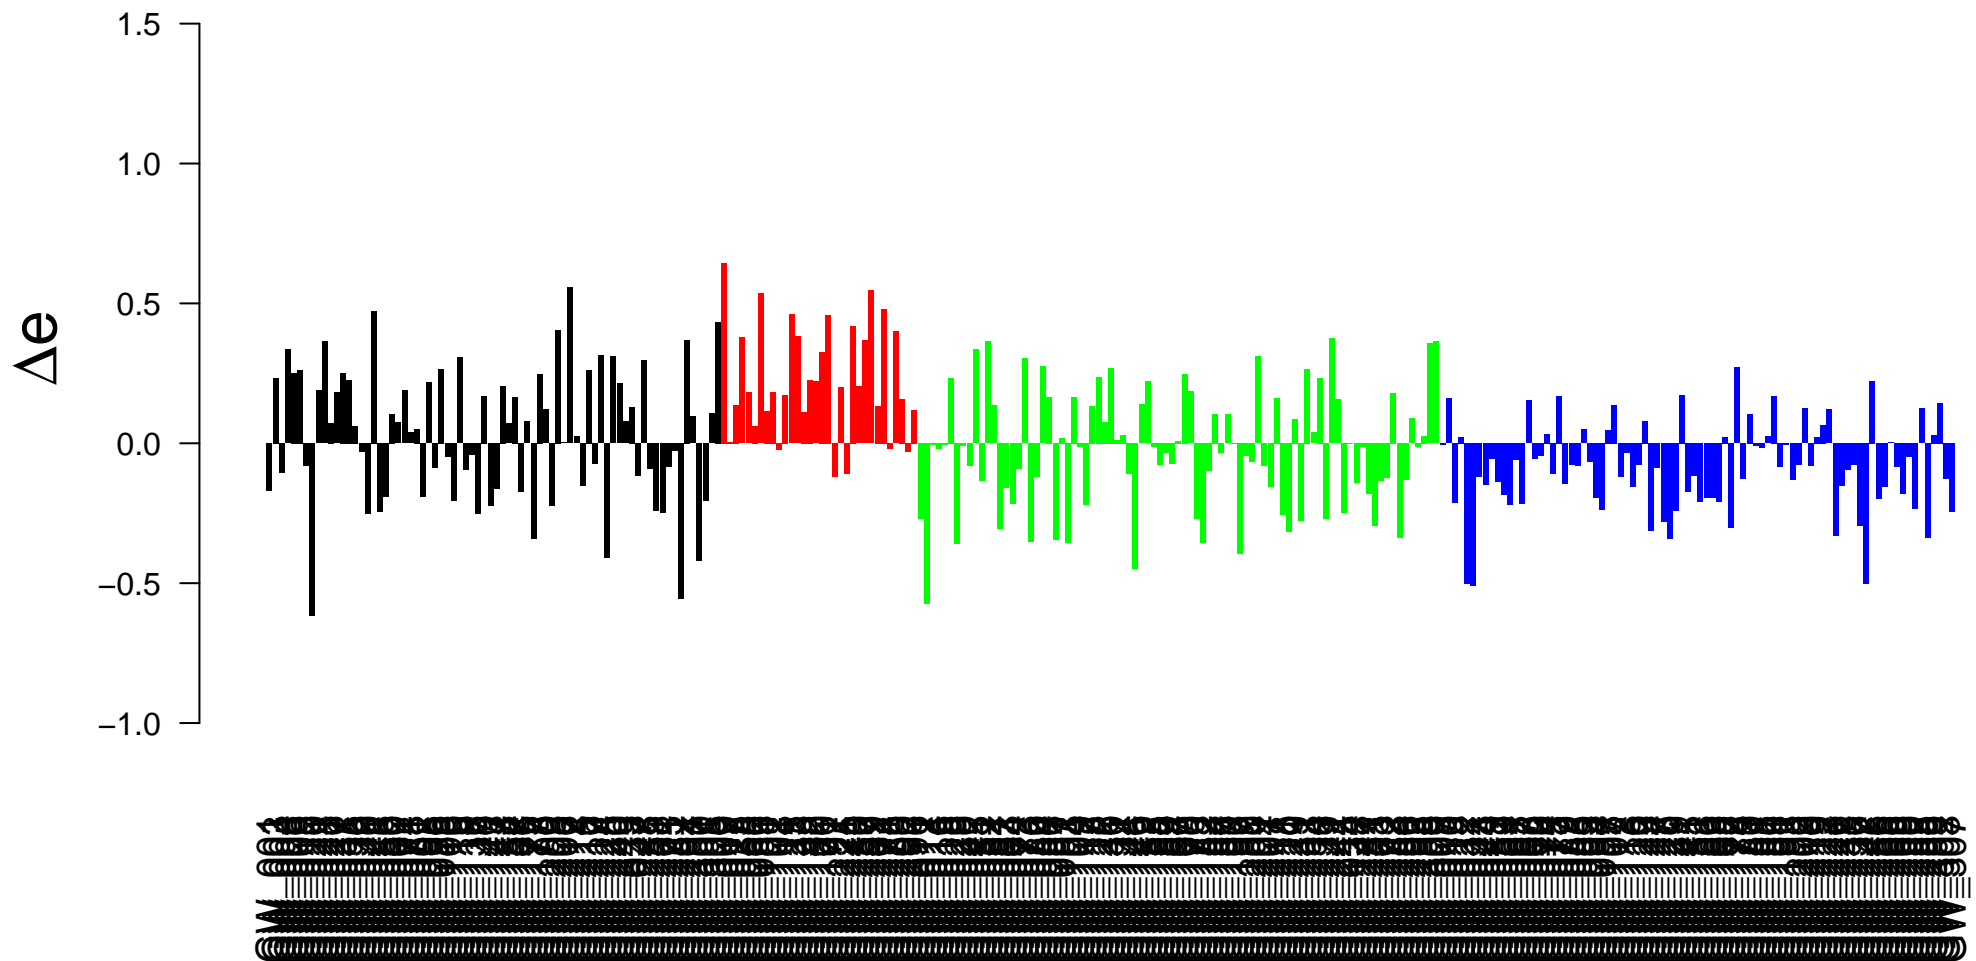

Expression of negative regulation of transcription, DNA-dependent in Spot I

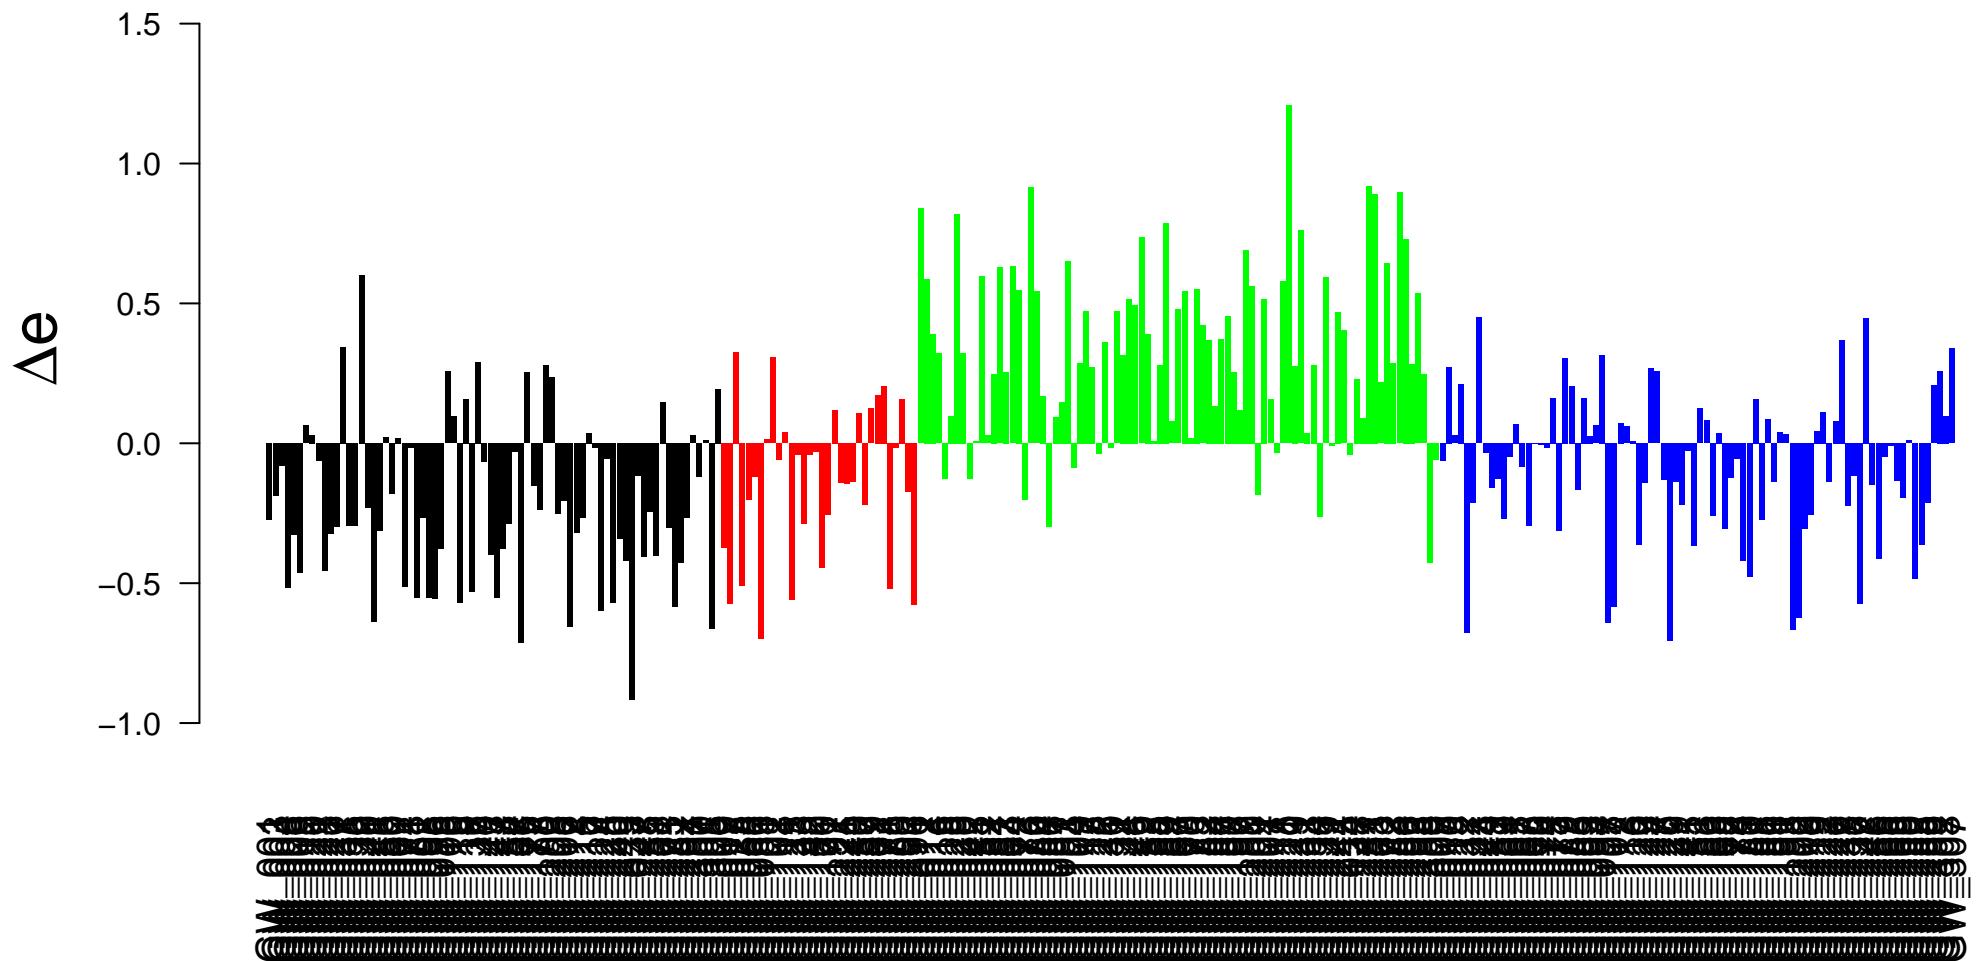

Expression of negative regulation of transcription, DNA-dependent in Spot J

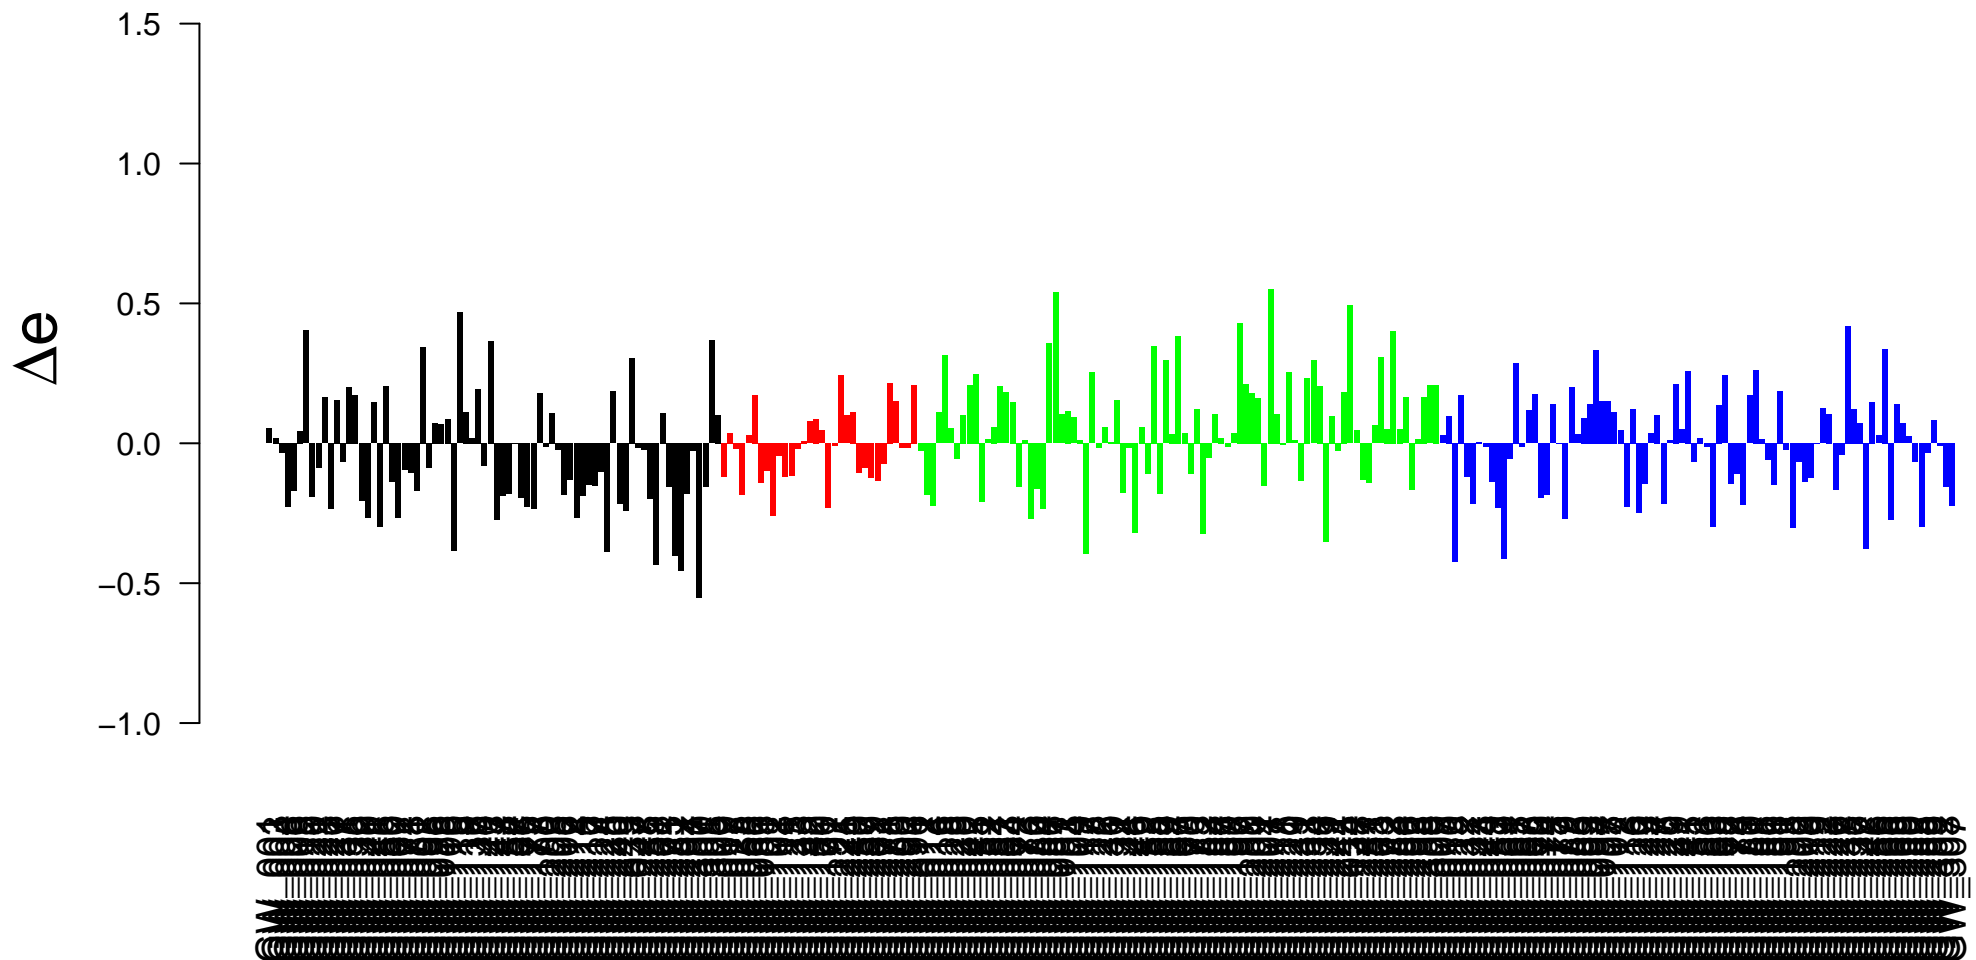

Expression of negative regulation of transcription, DNA-dependent in Spot K

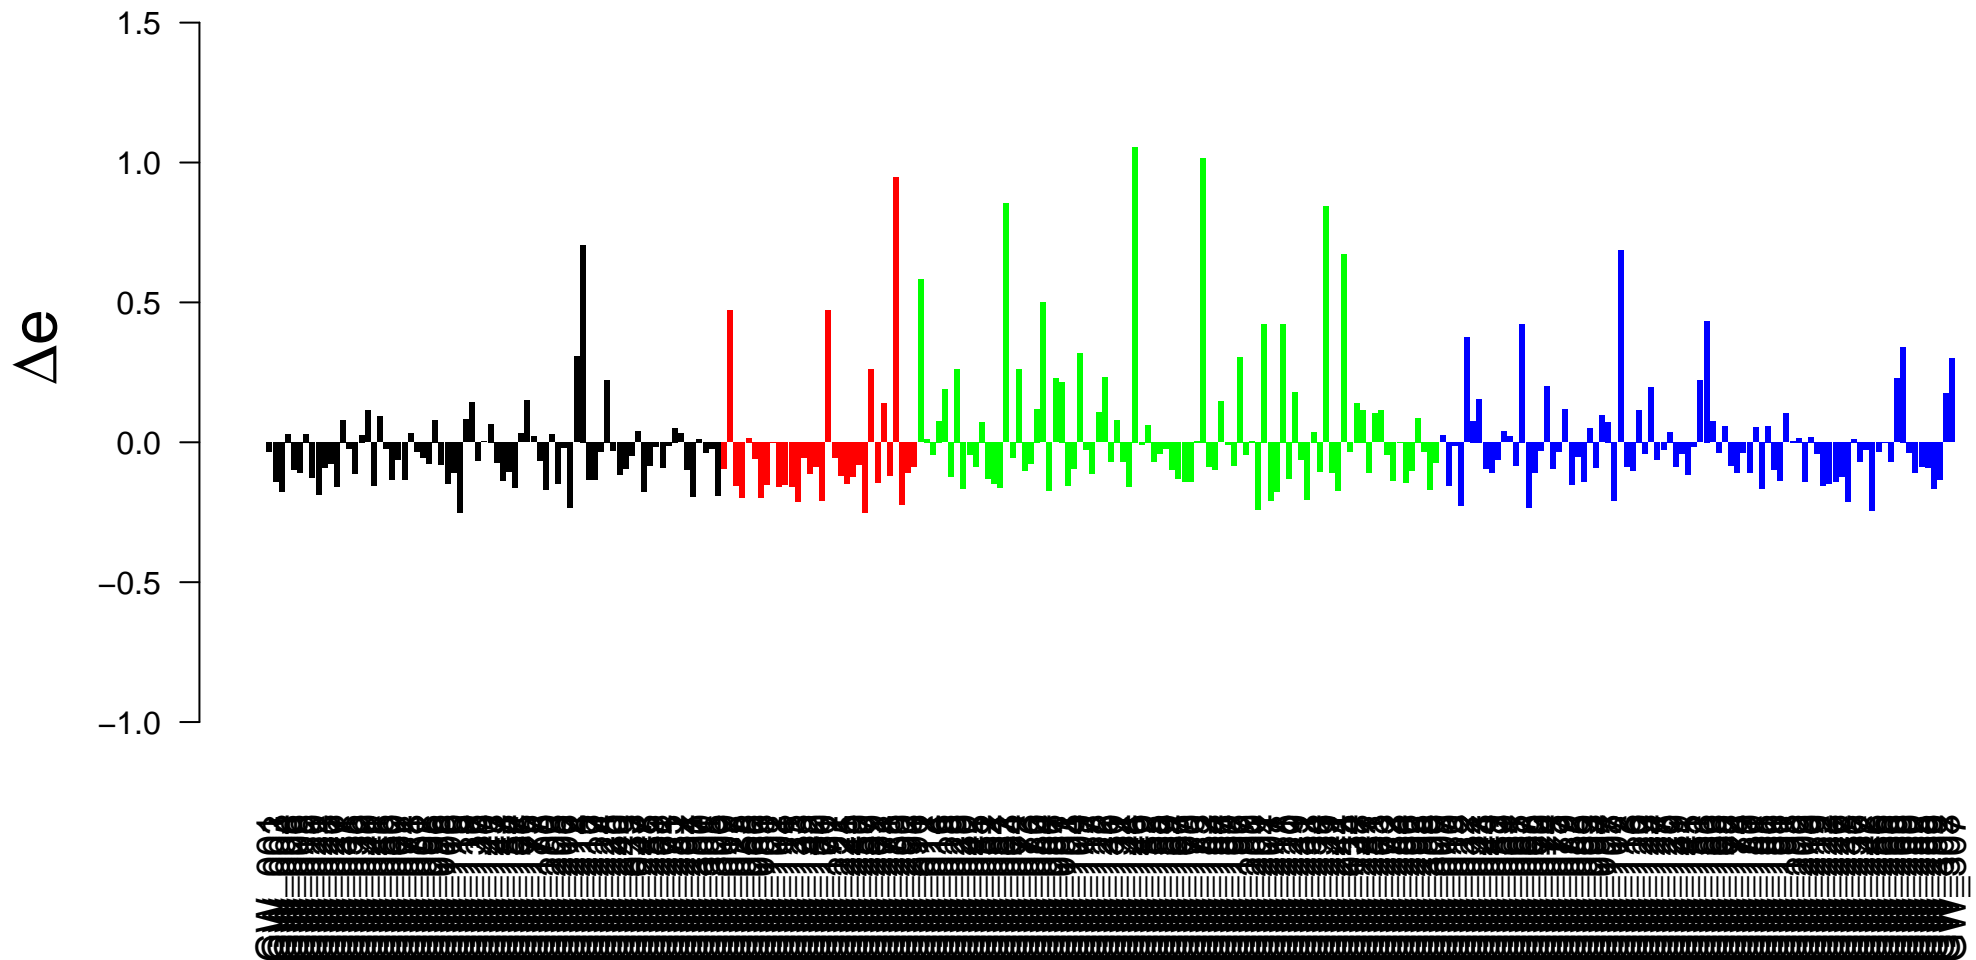

Expression of negative regulation of transcription, DNA-dependent in Spot L

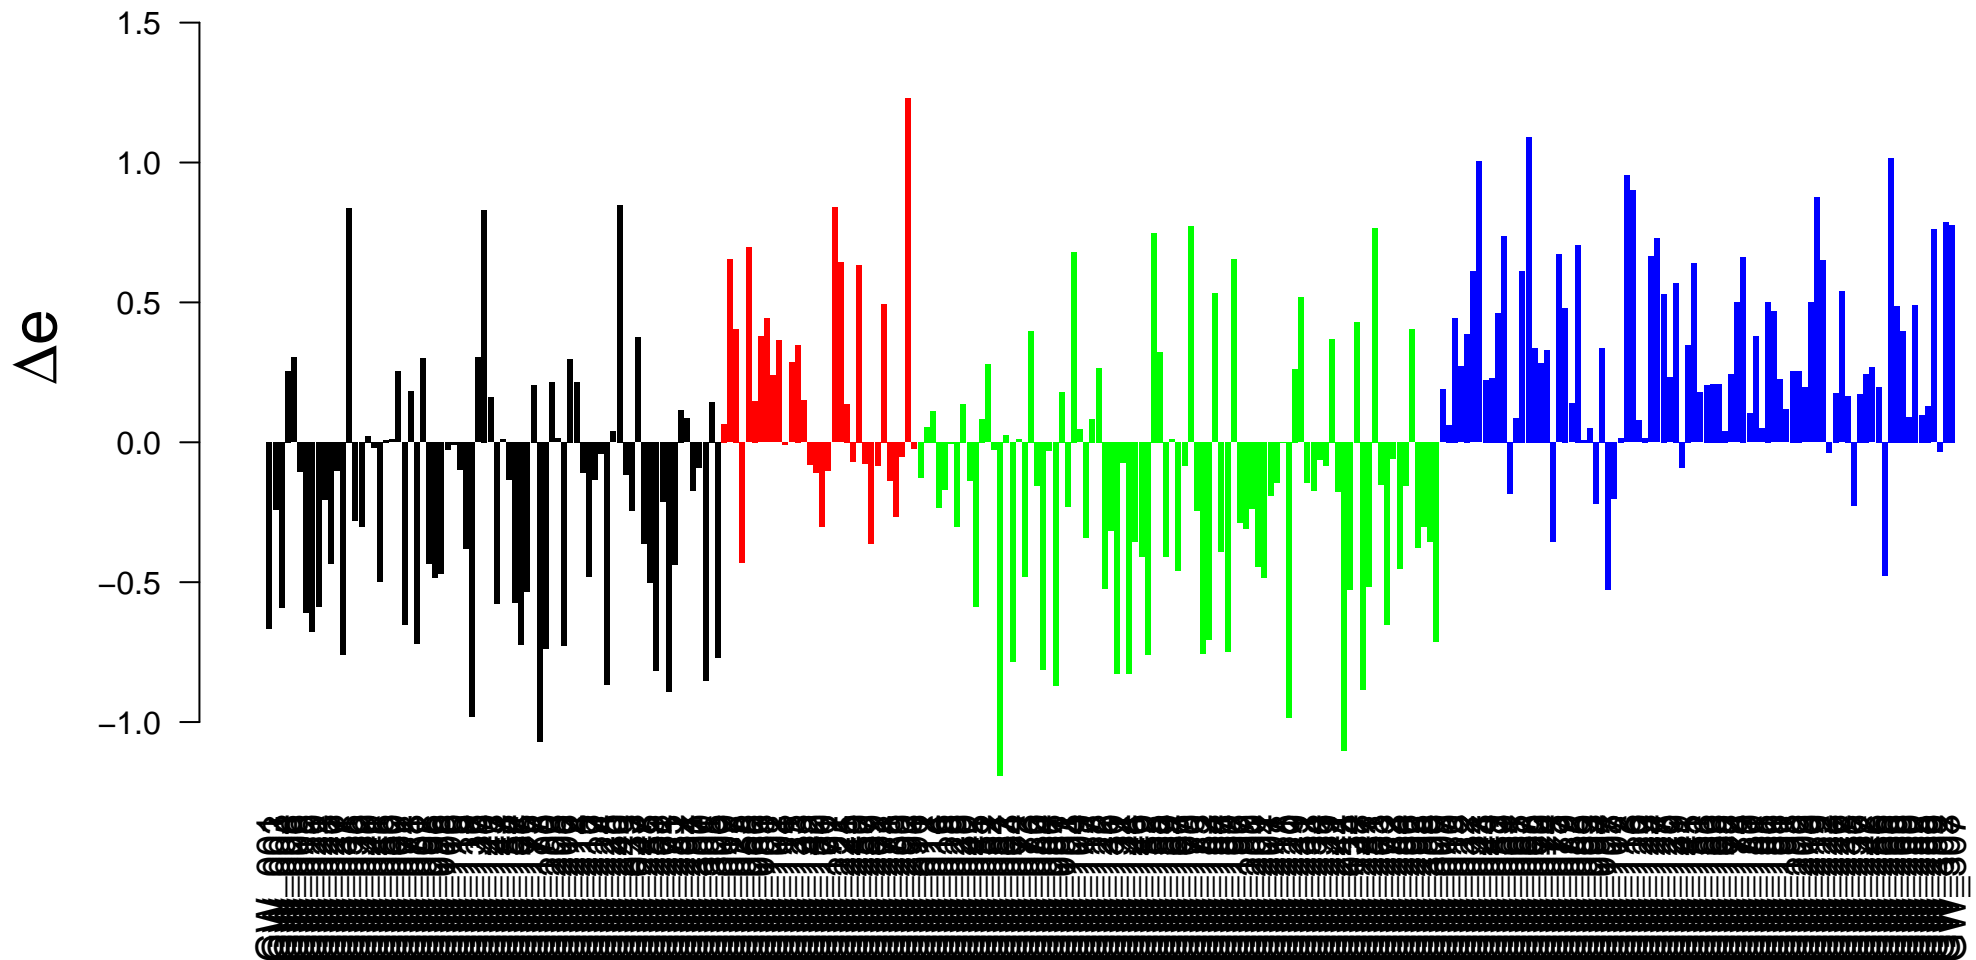

Expression of negative regulation of transcription, DNA-dependent in Spot M

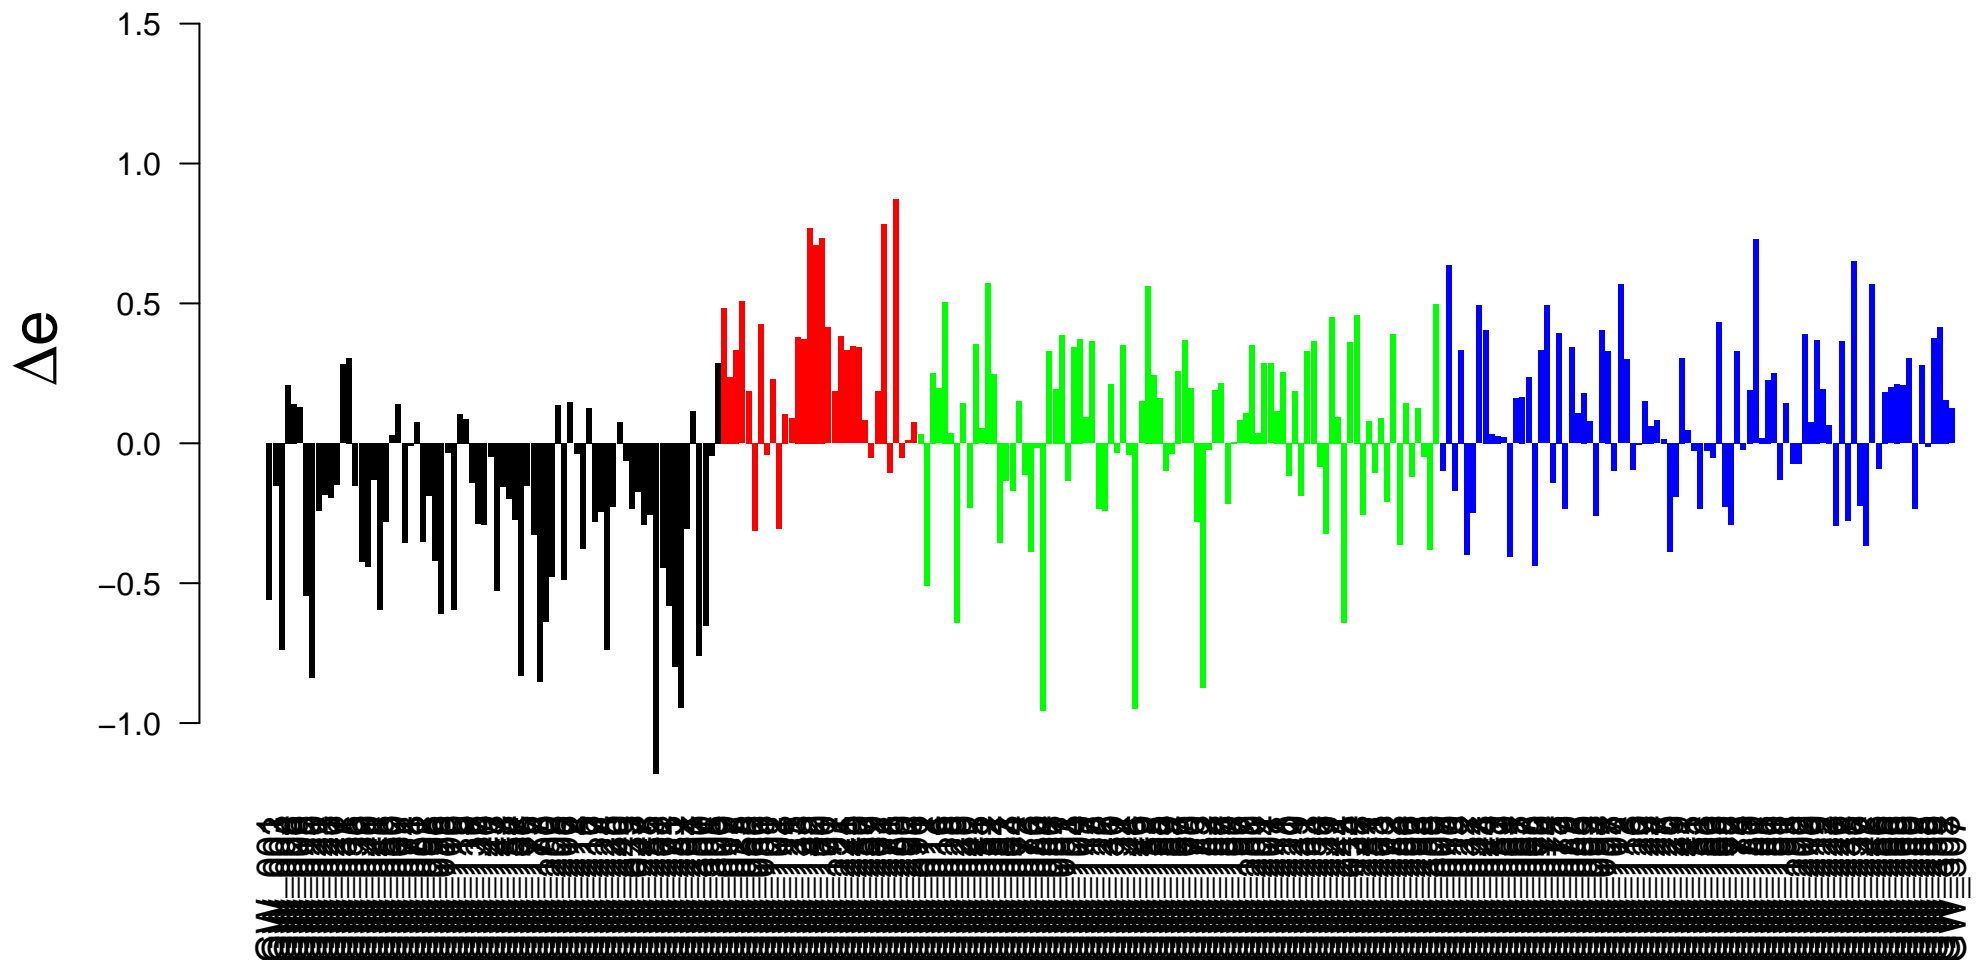

Expression of negative regulation of transcription, DNA-dependent in Spot N

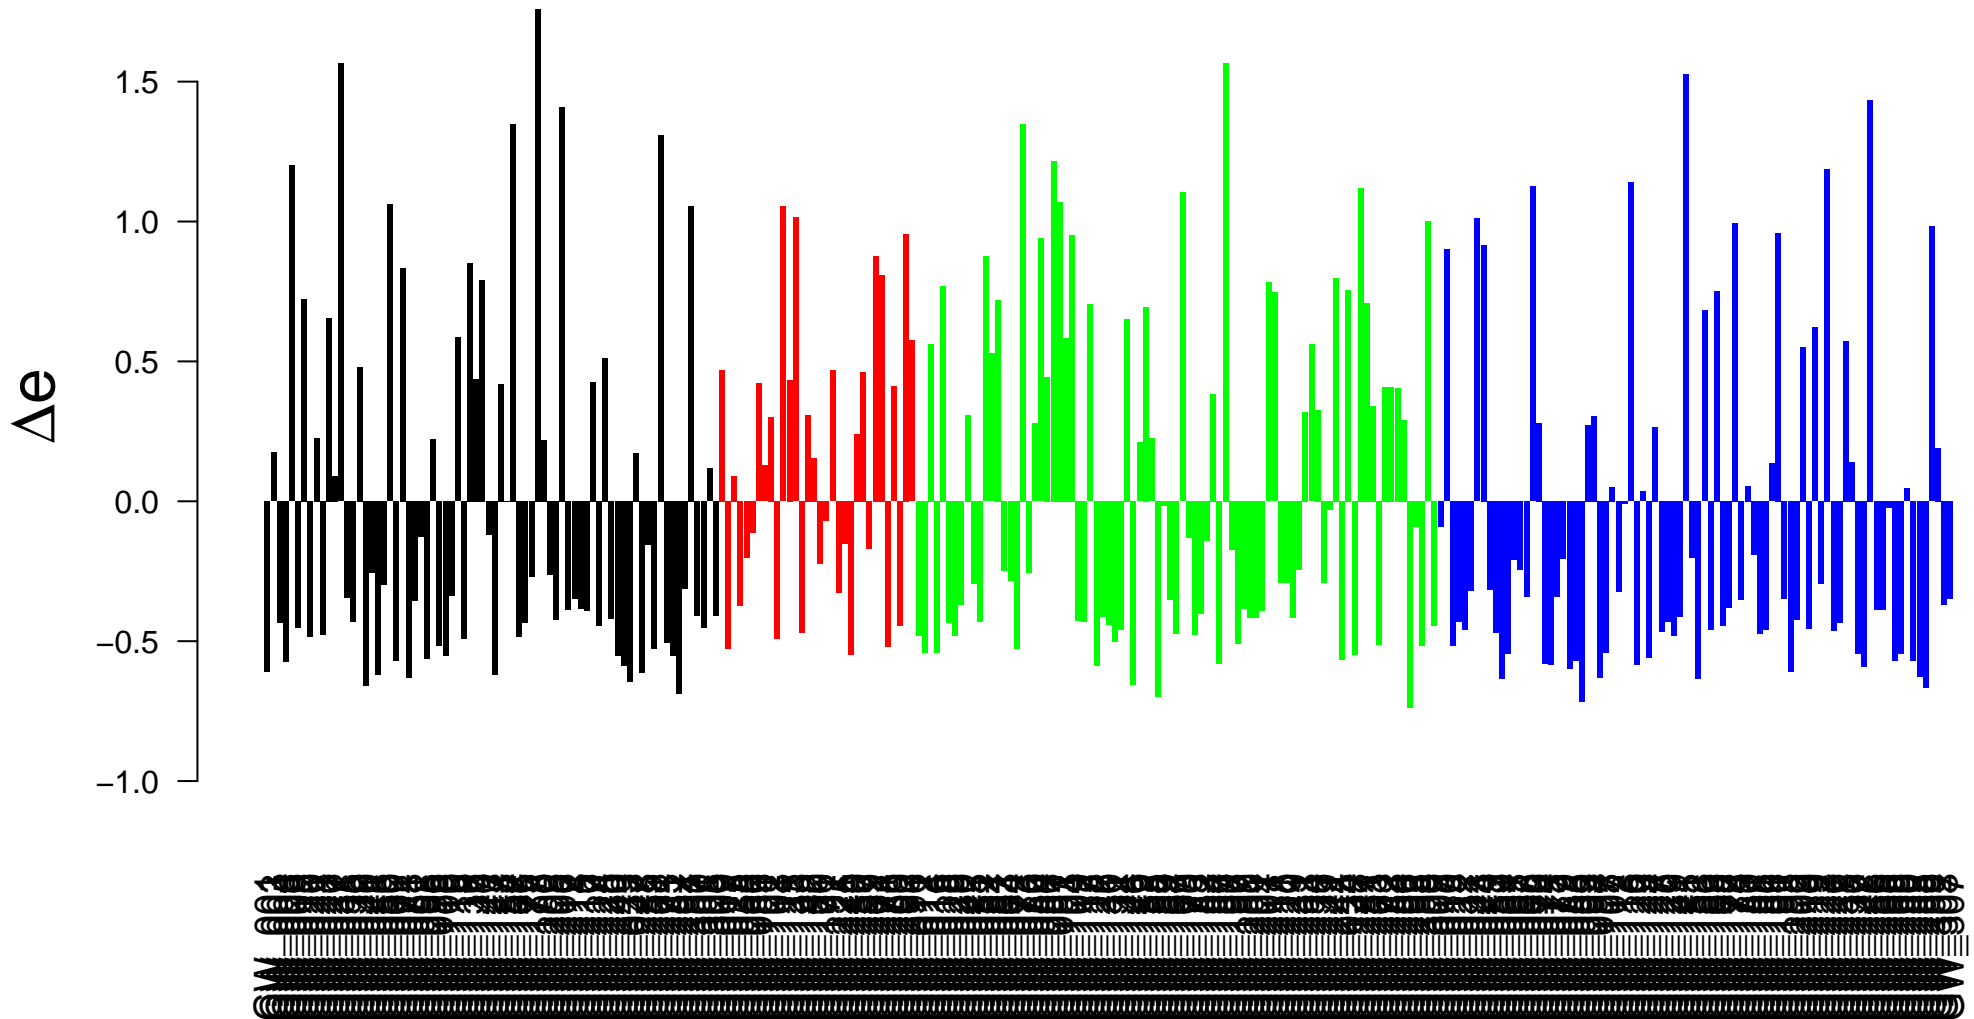

Expression of negative regulation of transcription, DNA-dependent in Spot O

Expression of negative regulation of transcription, DNA-dependent in Spot P

Expression of negative regulation of transcription, DNA-dependent in Spot Q

Expression of negative regulation of transcription, DNA-dependent in Spot R
