

neuron fate specification

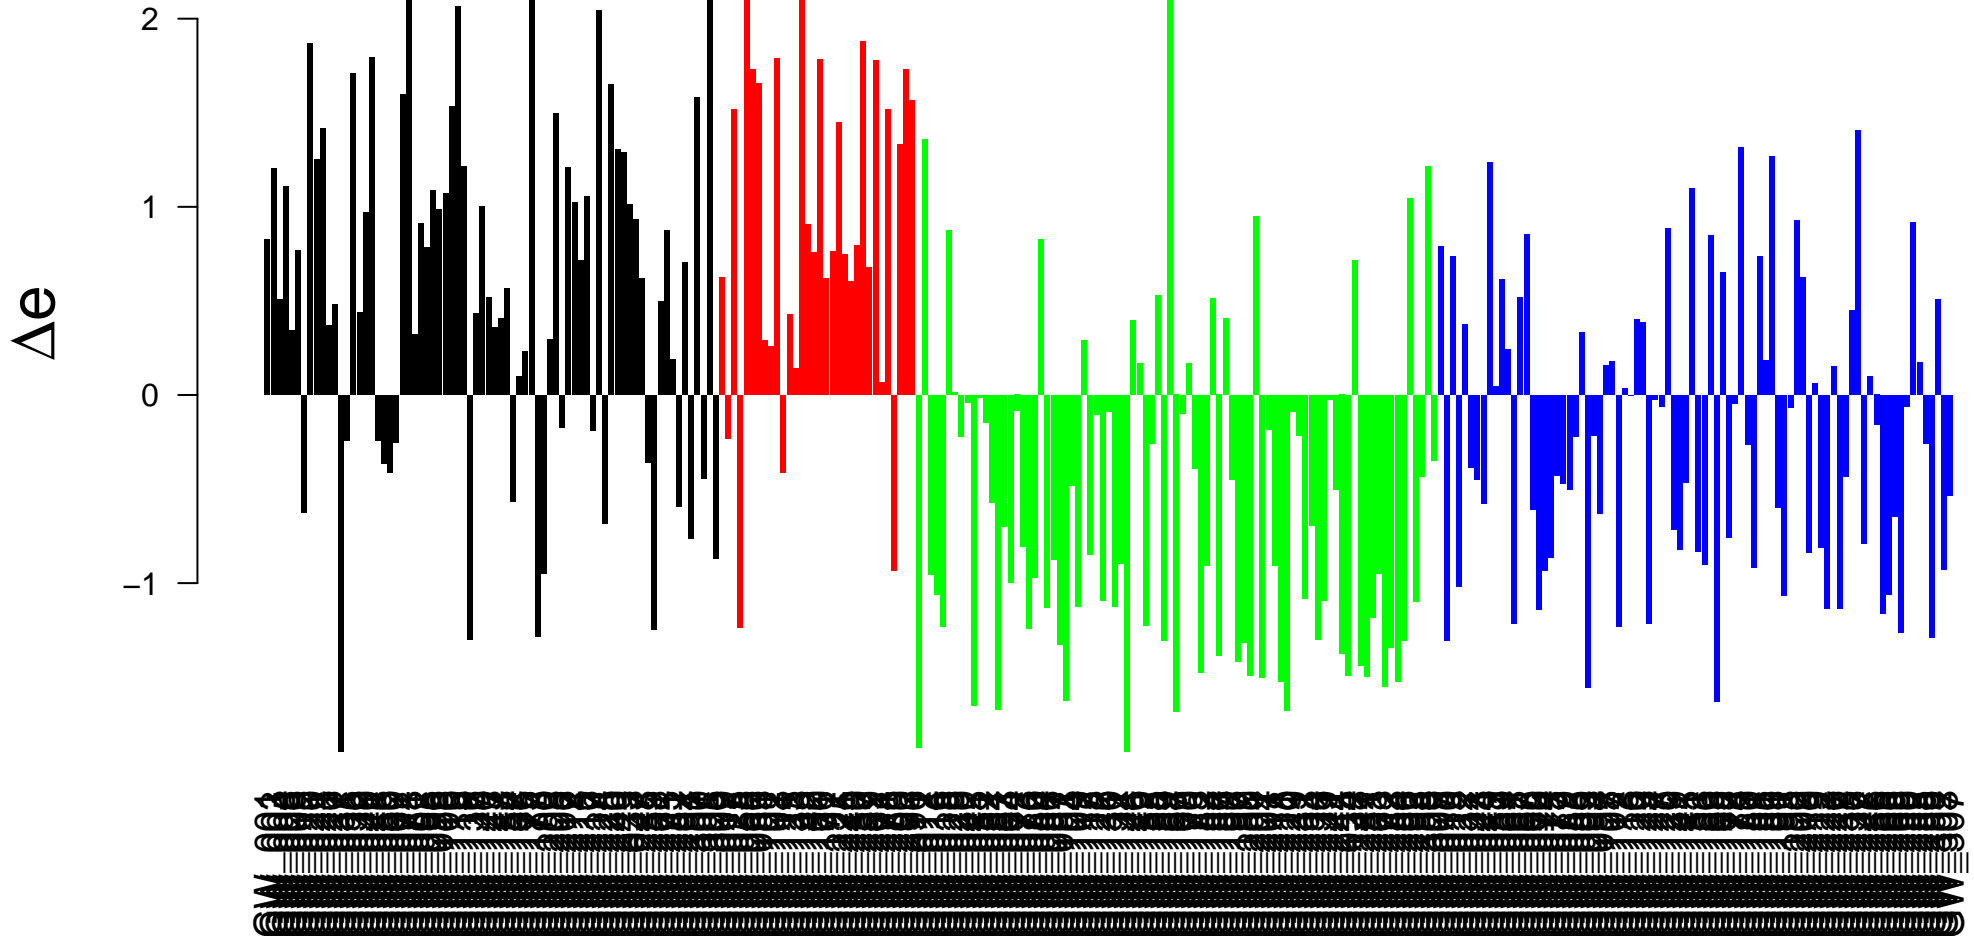

neuron fate specification

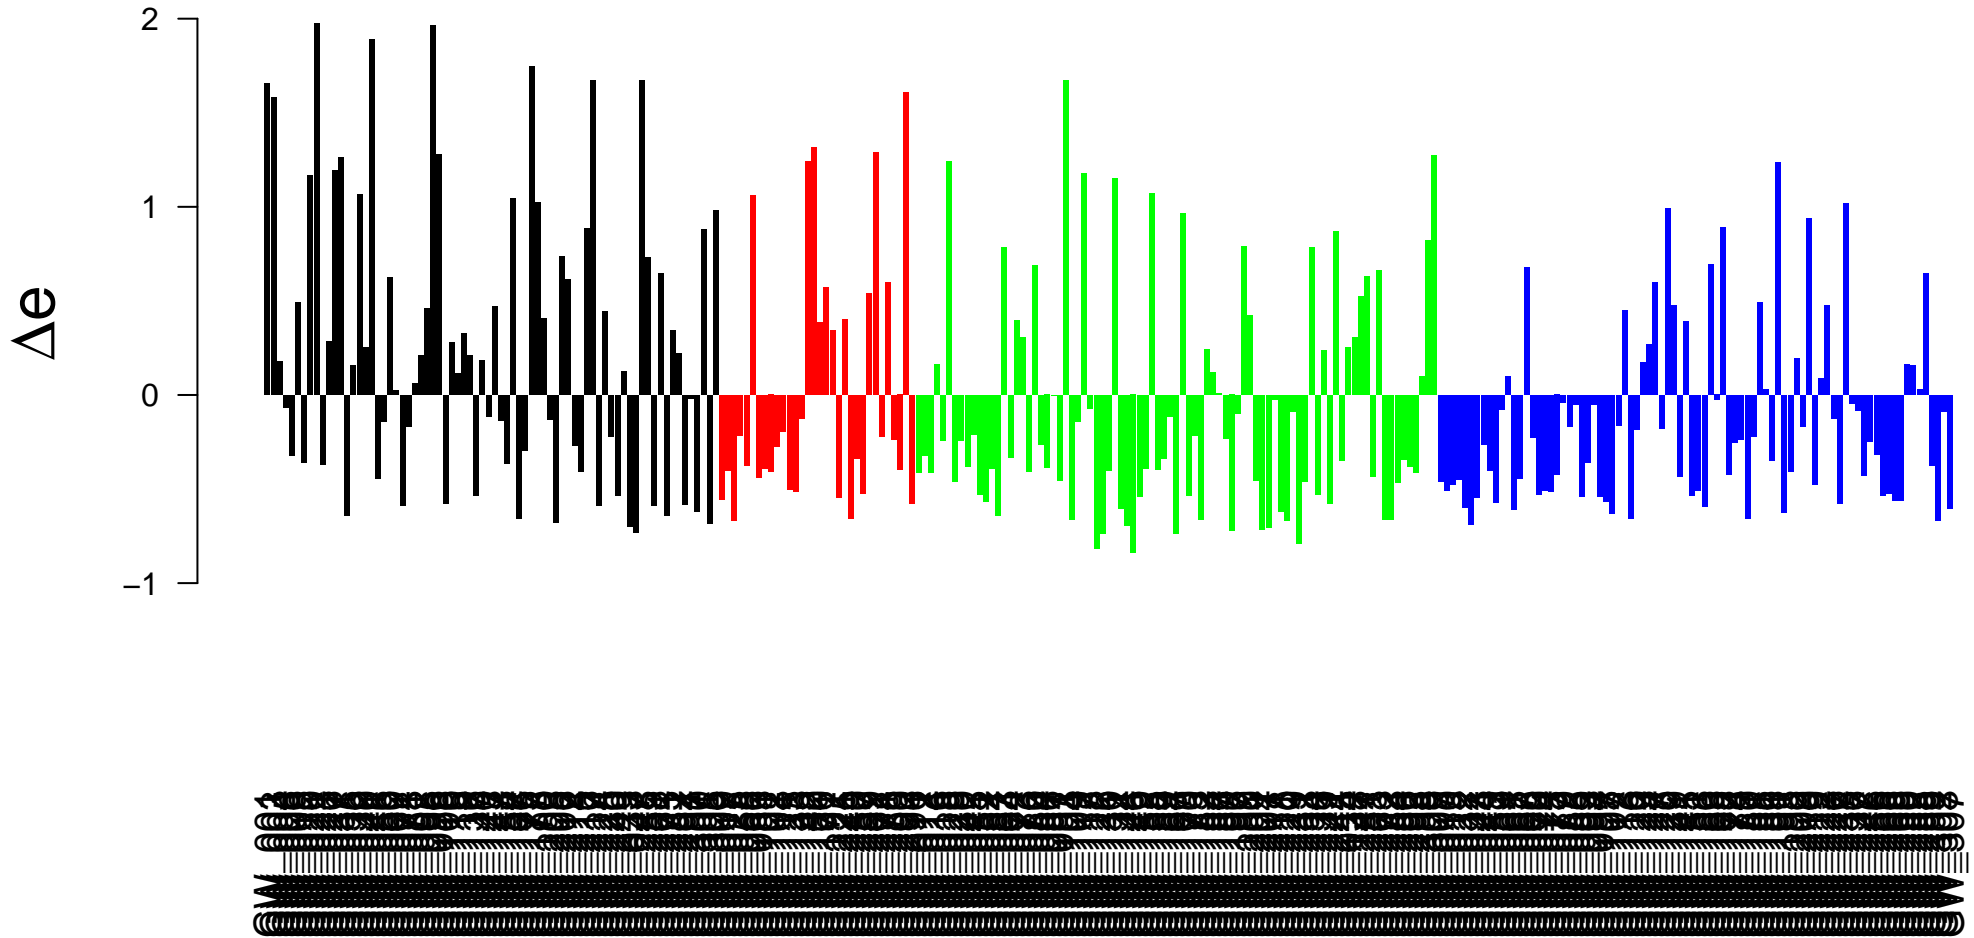

Enrichment in spots: neuron fate specification

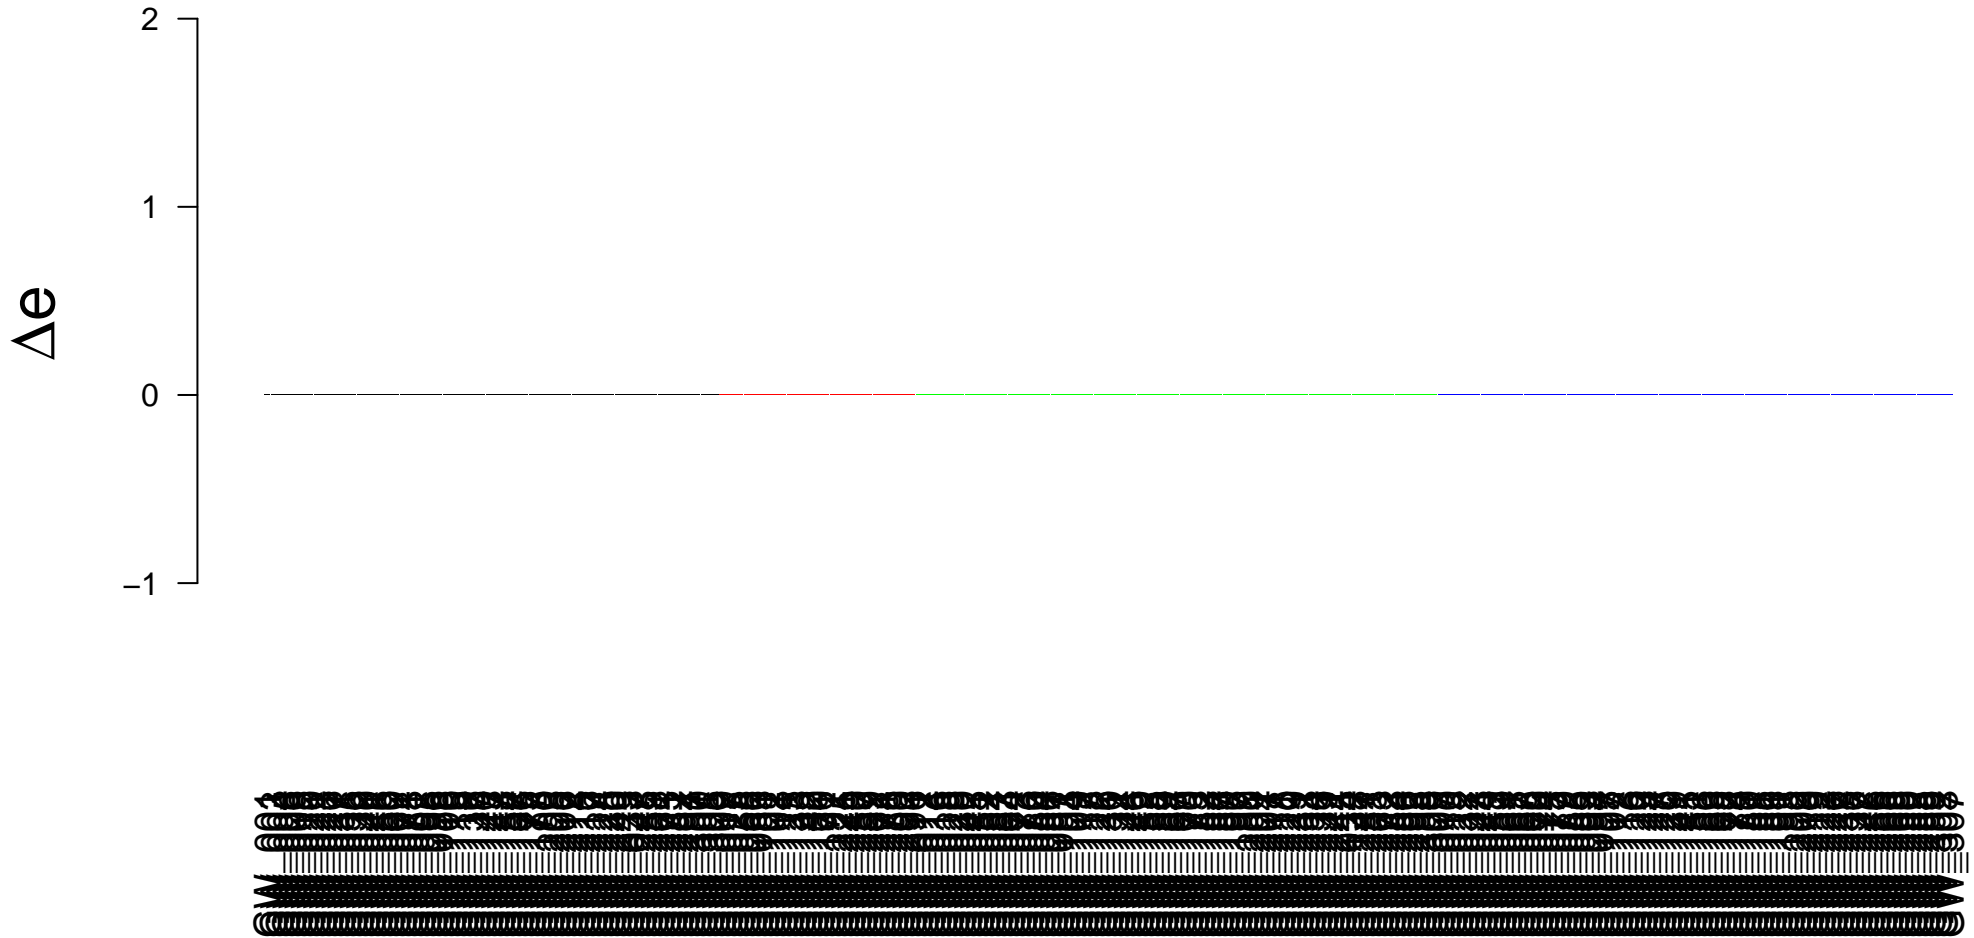

Expression of neuron fate specification in Spot A

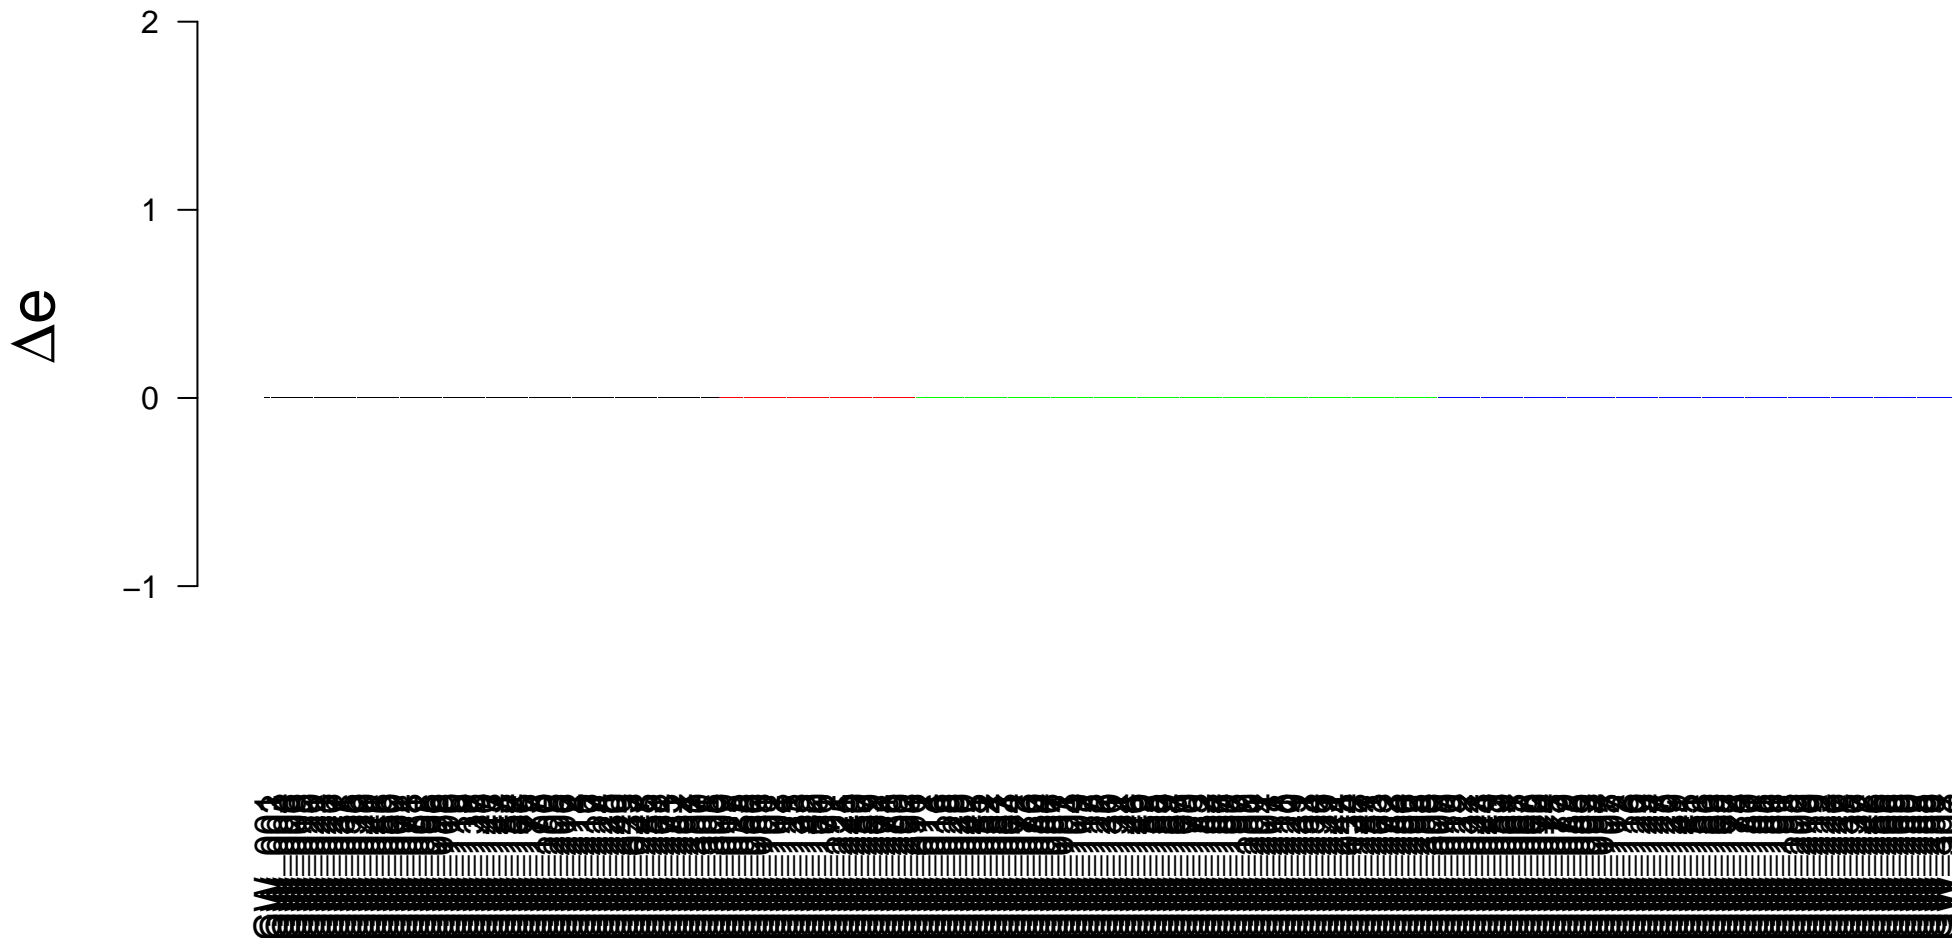

Expression of neuron fate specification in Spot B

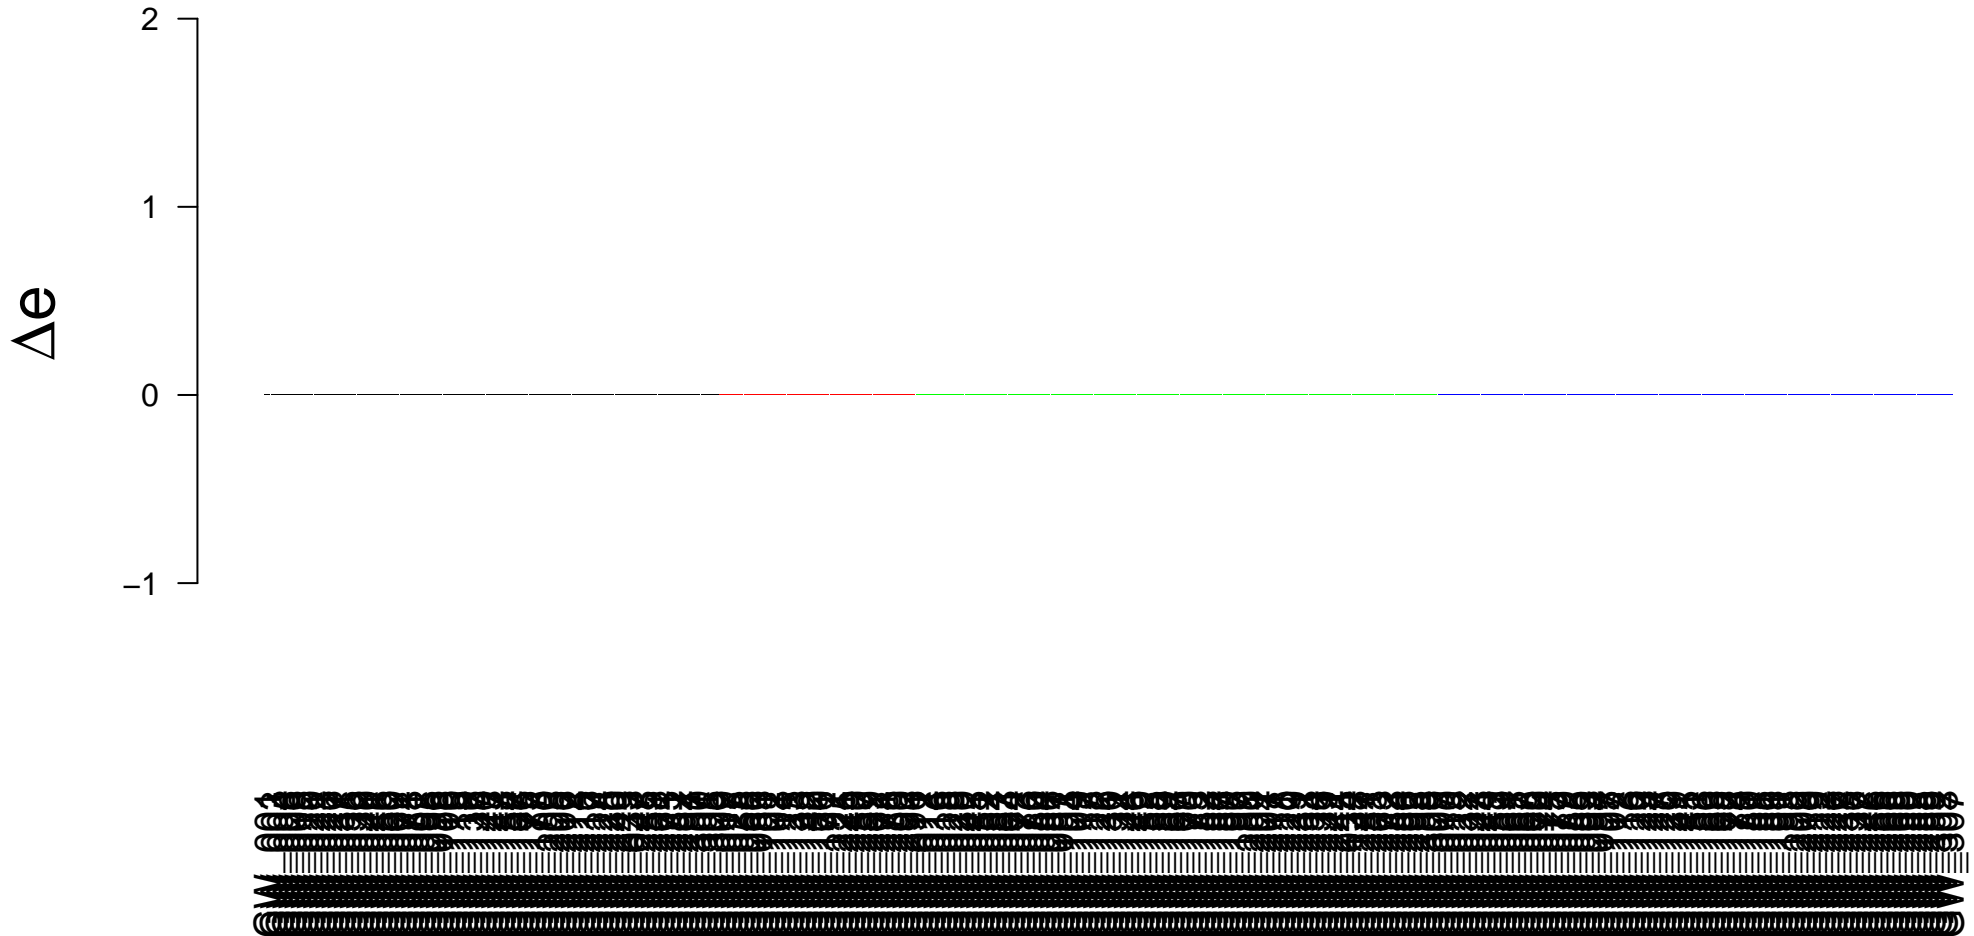

Expression of neuron fate specification in Spot C

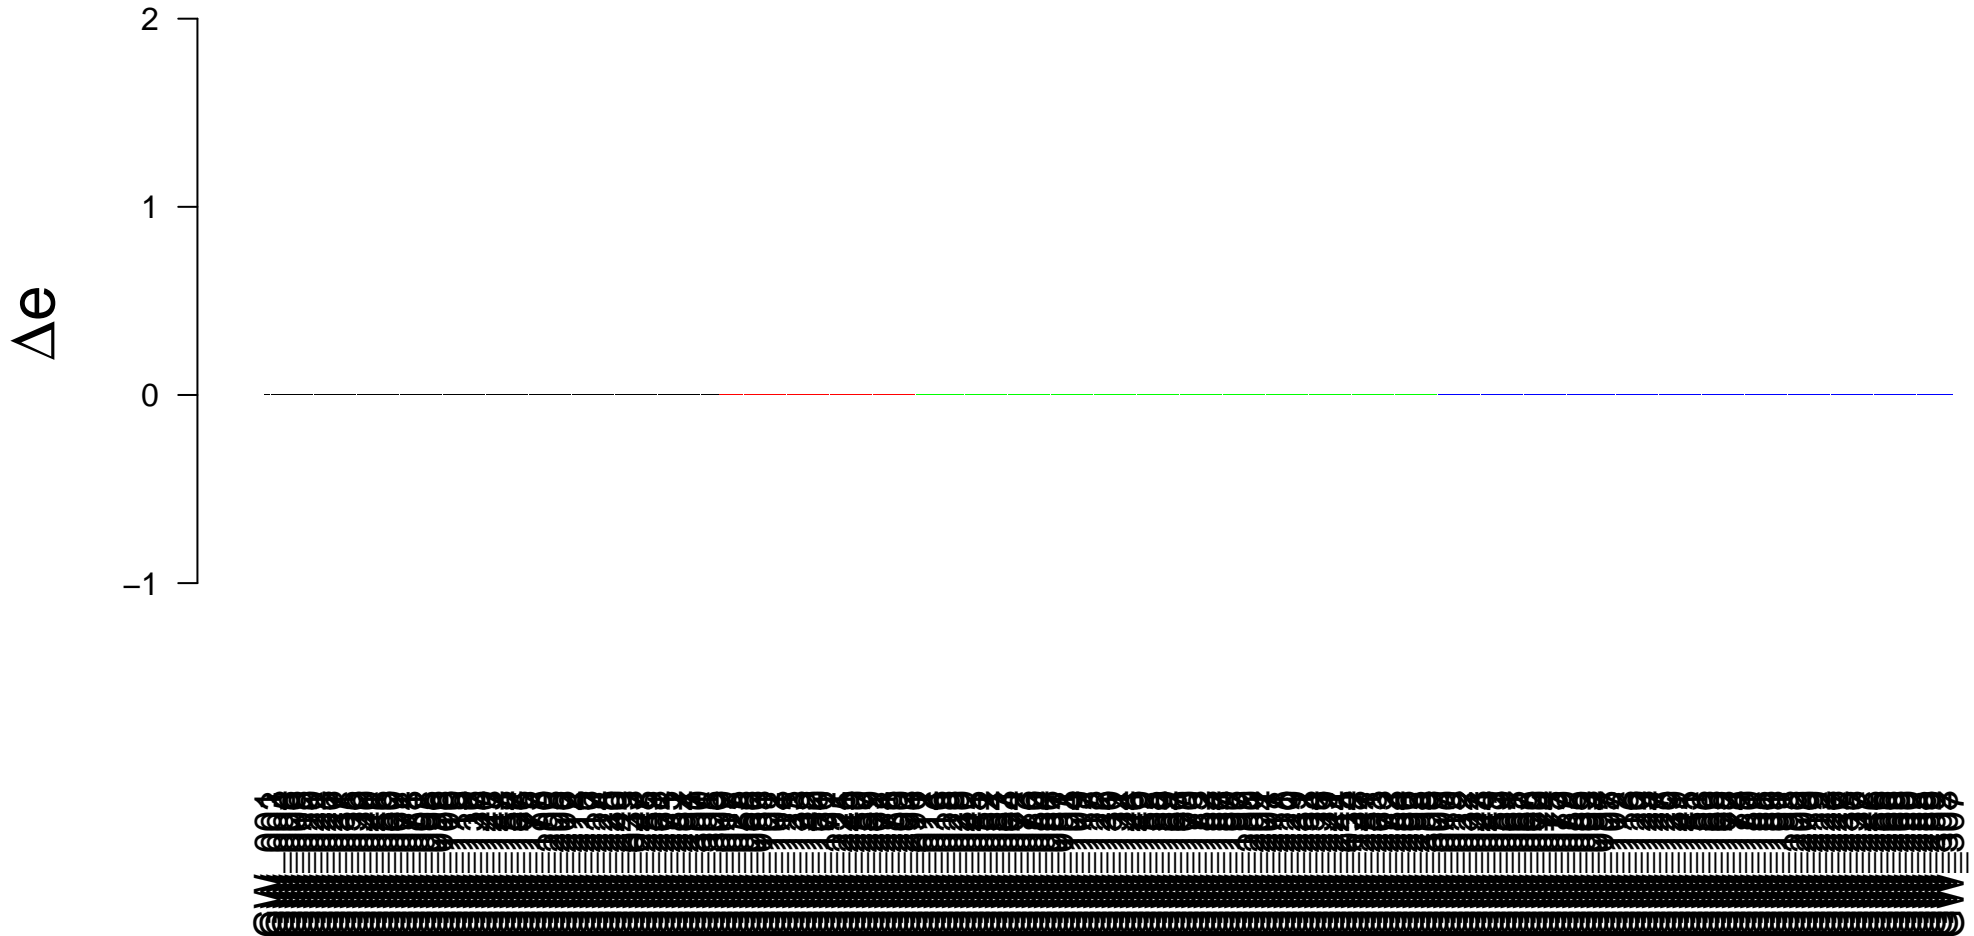

Expression of neuron fate specification in Spot D

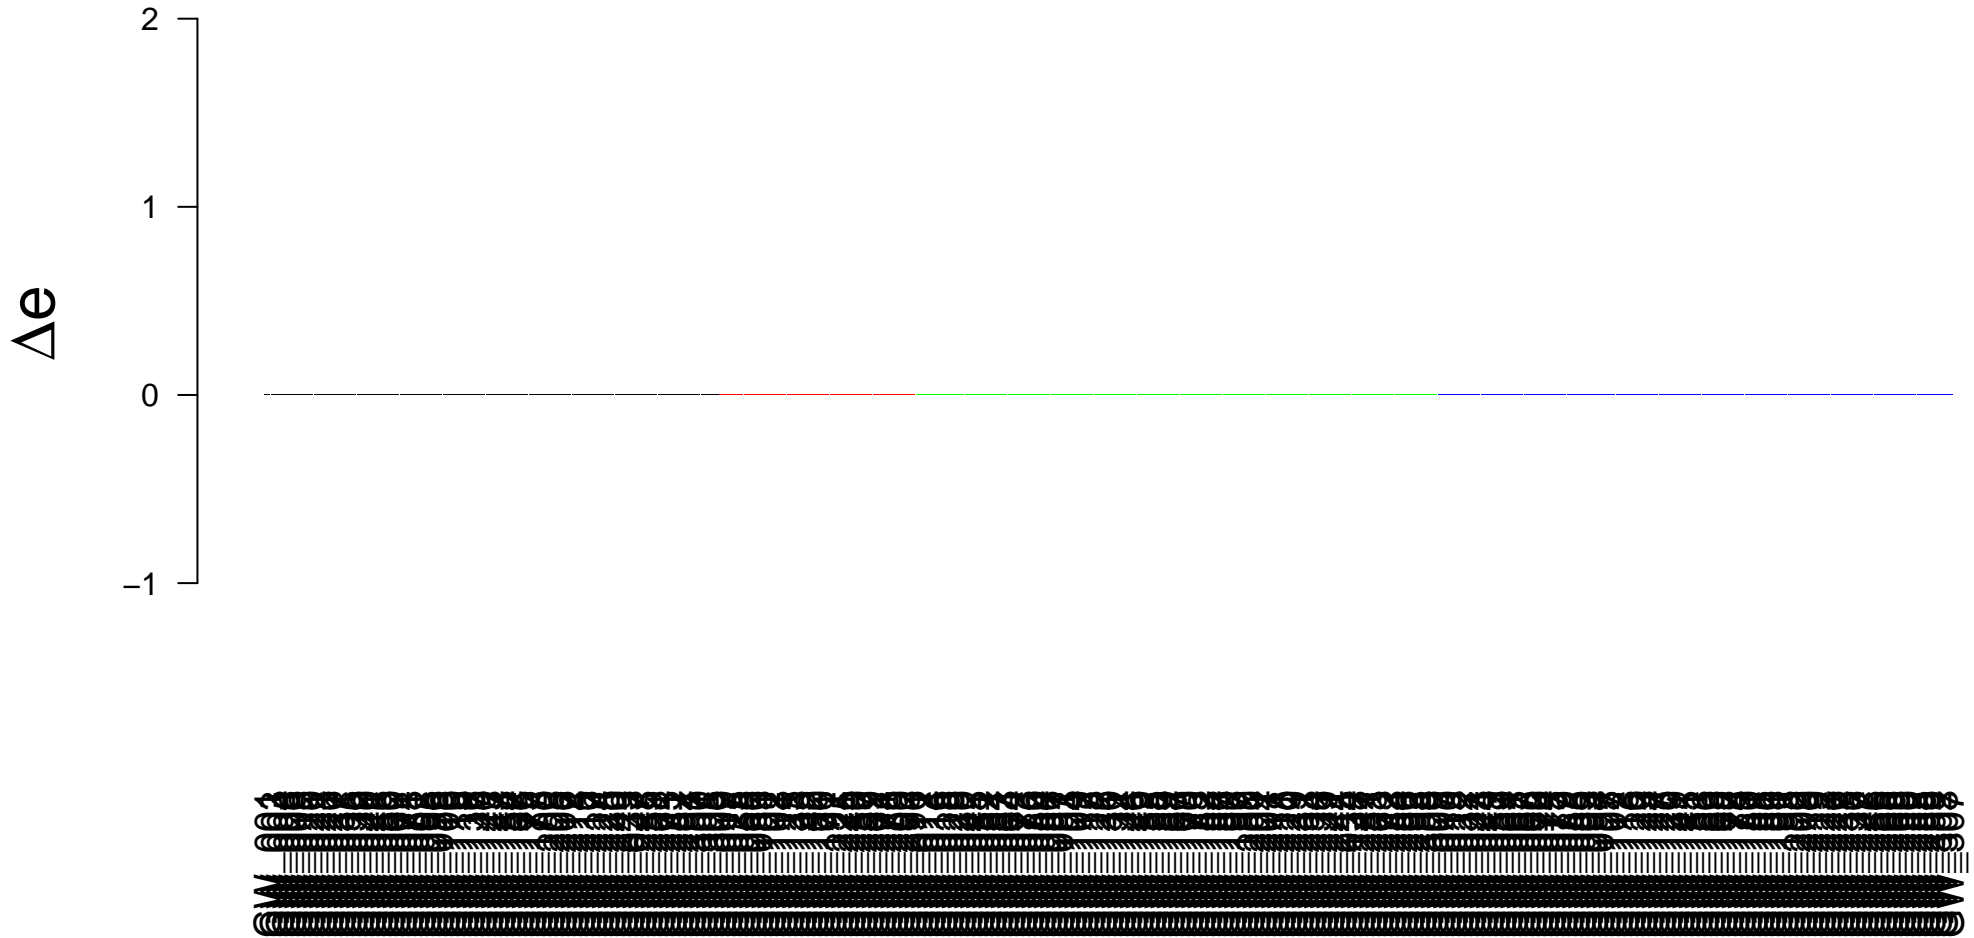

Expression of neuron fate specification in Spot E

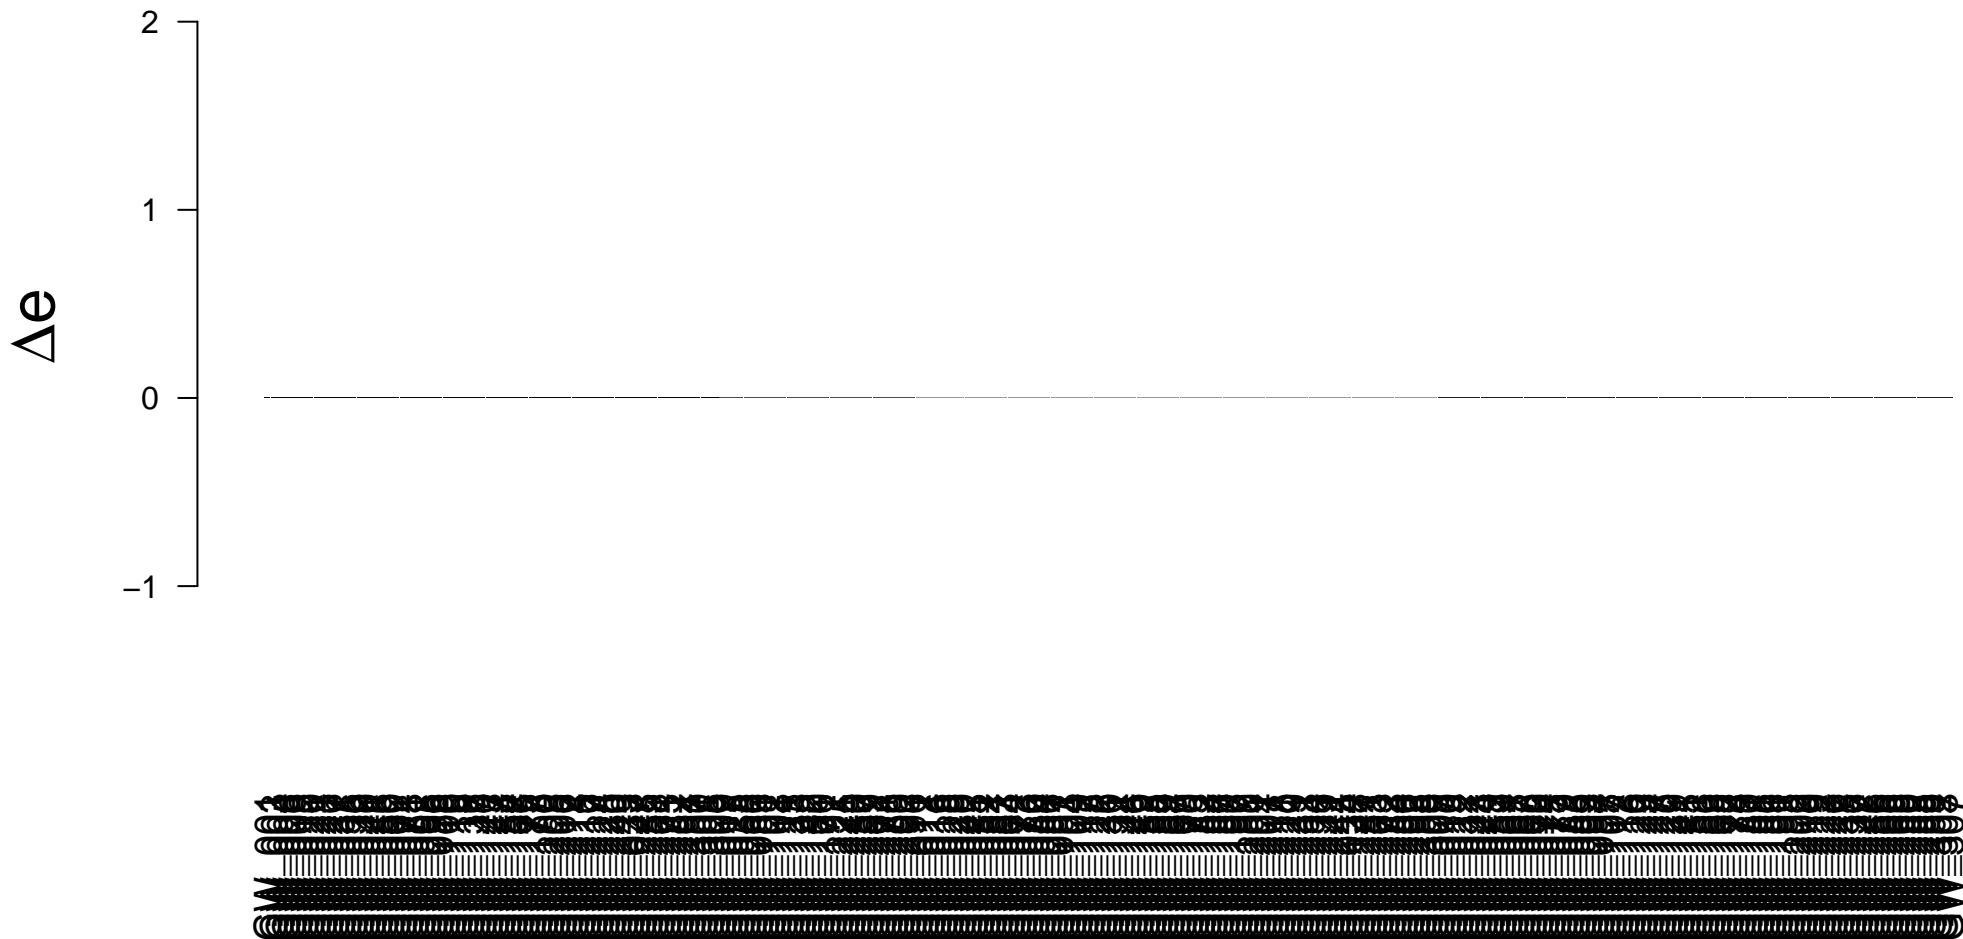

Expression of neuron fate specification in Spot F

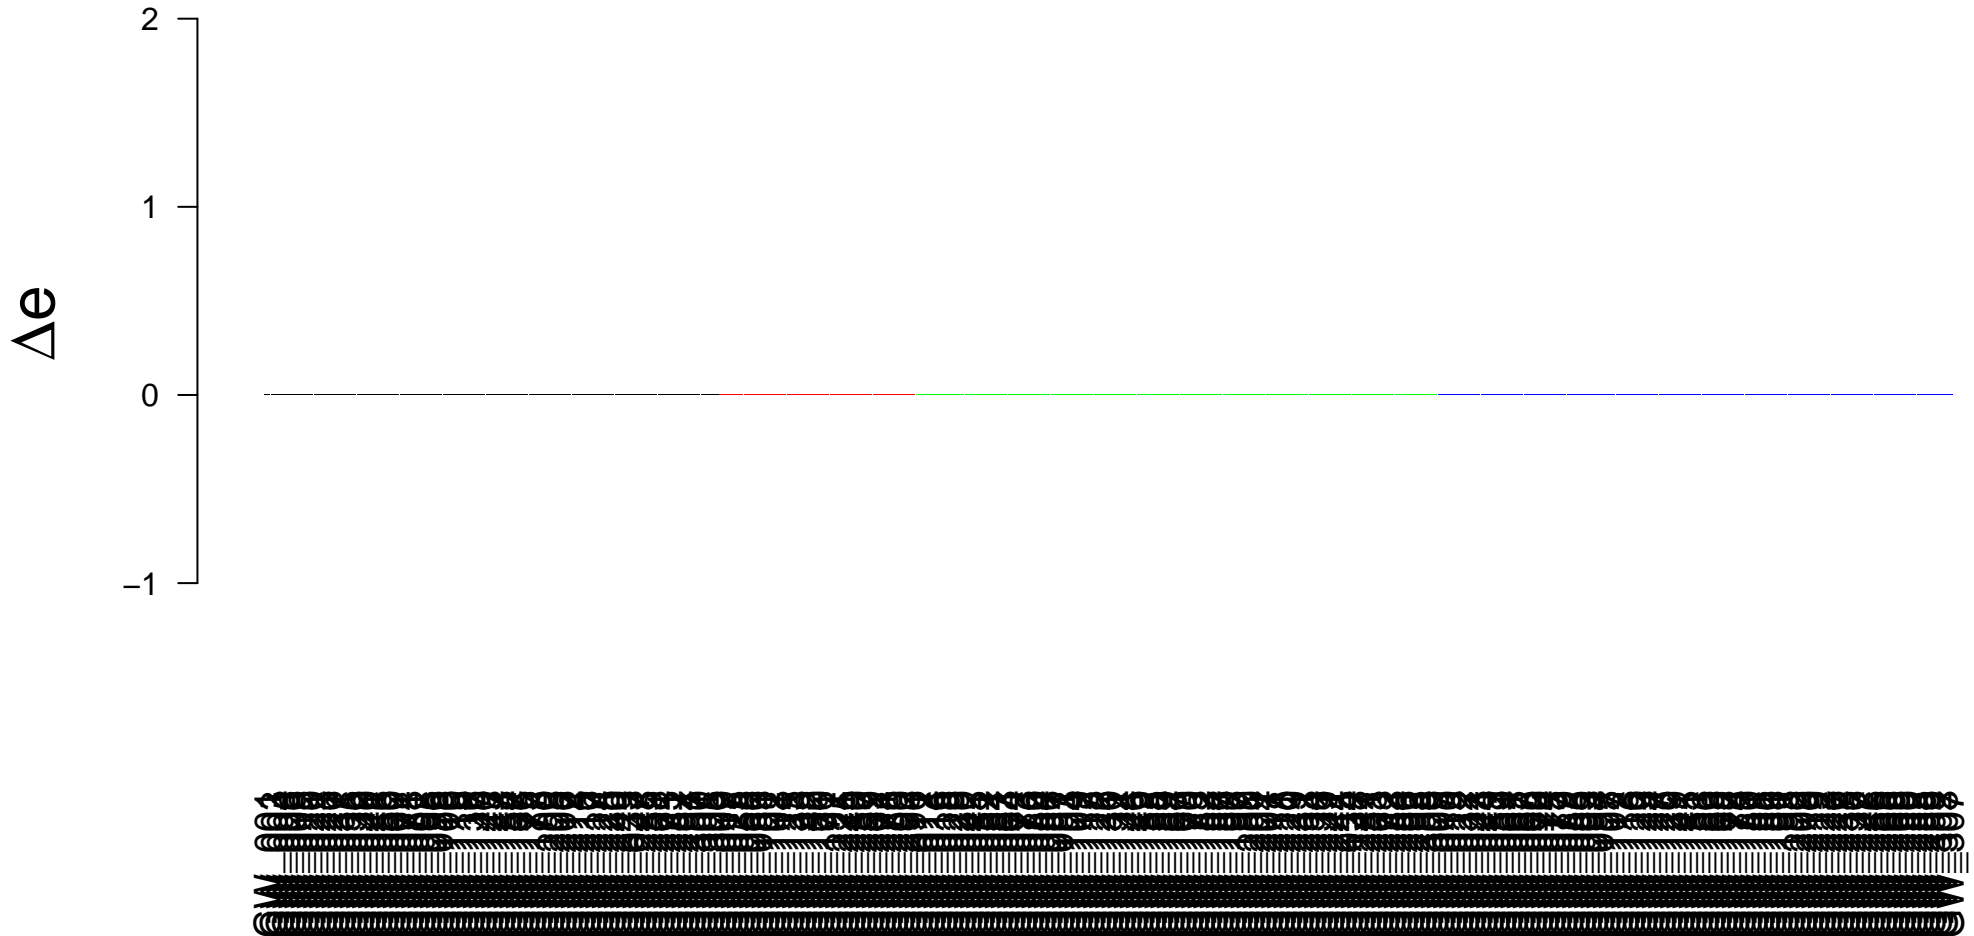

Expression of neuron fate specification in Spot G

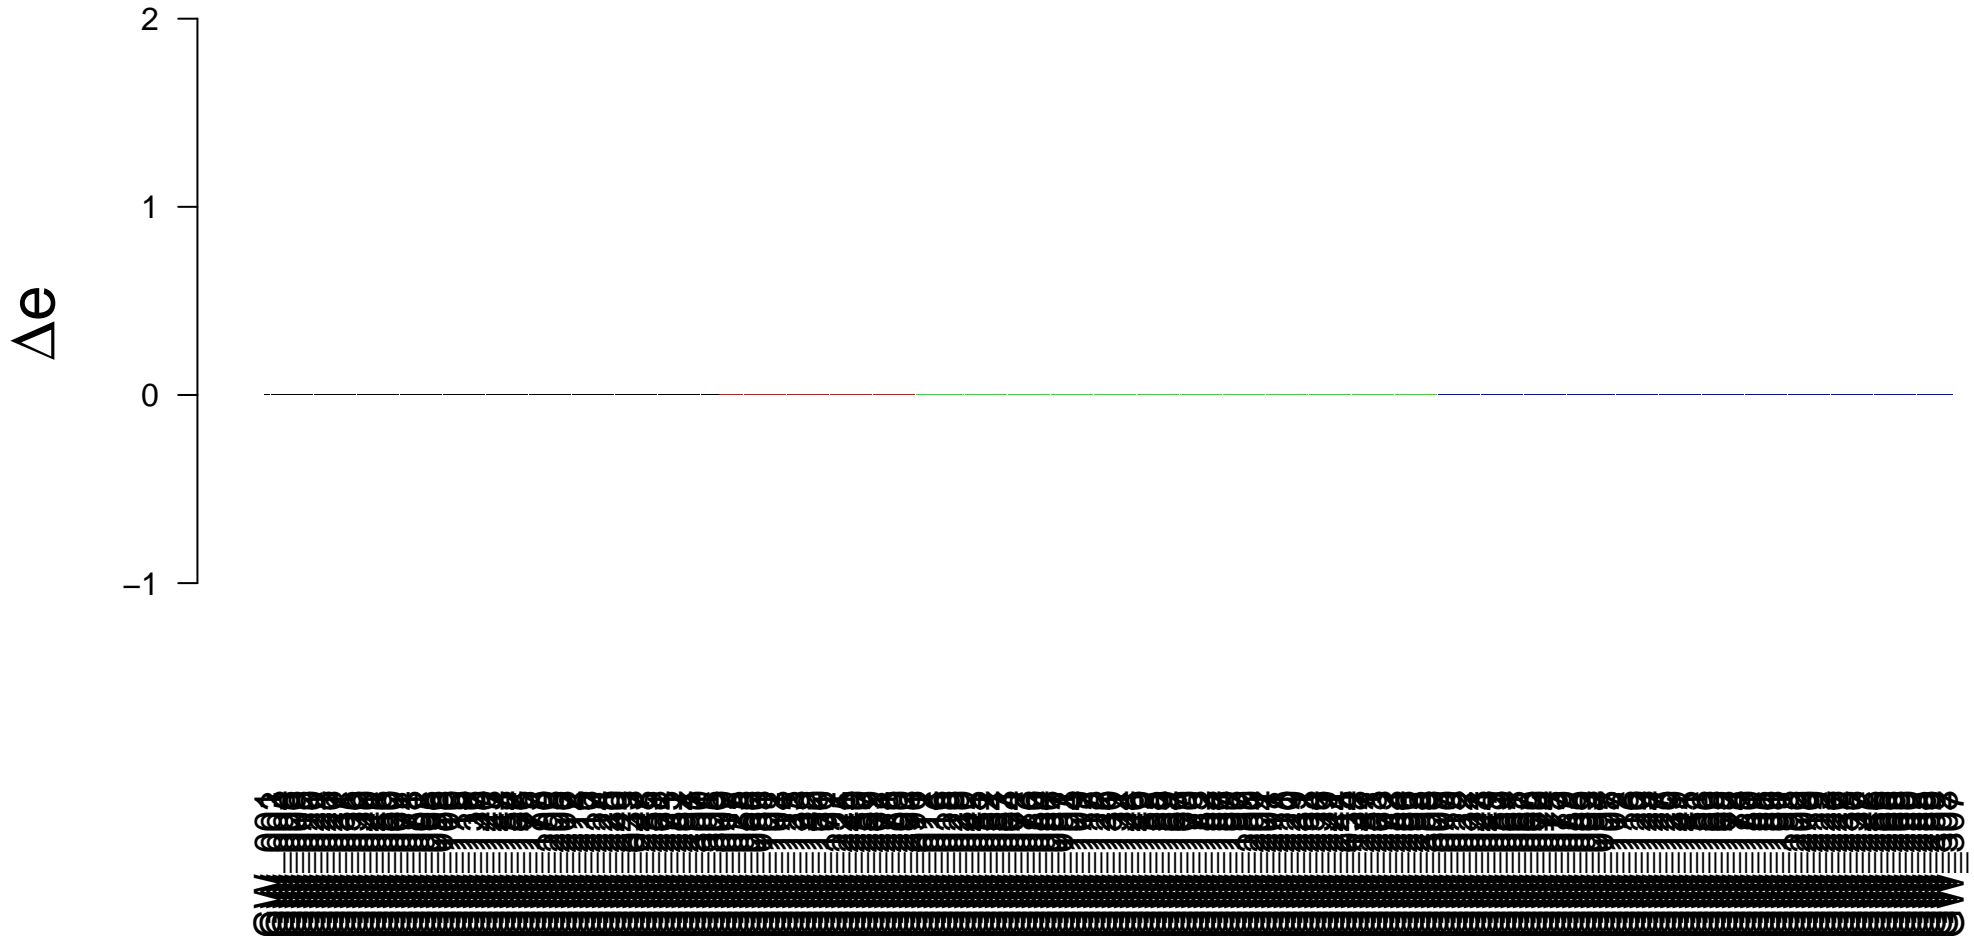

Expression of neuron fate specification in Spot H

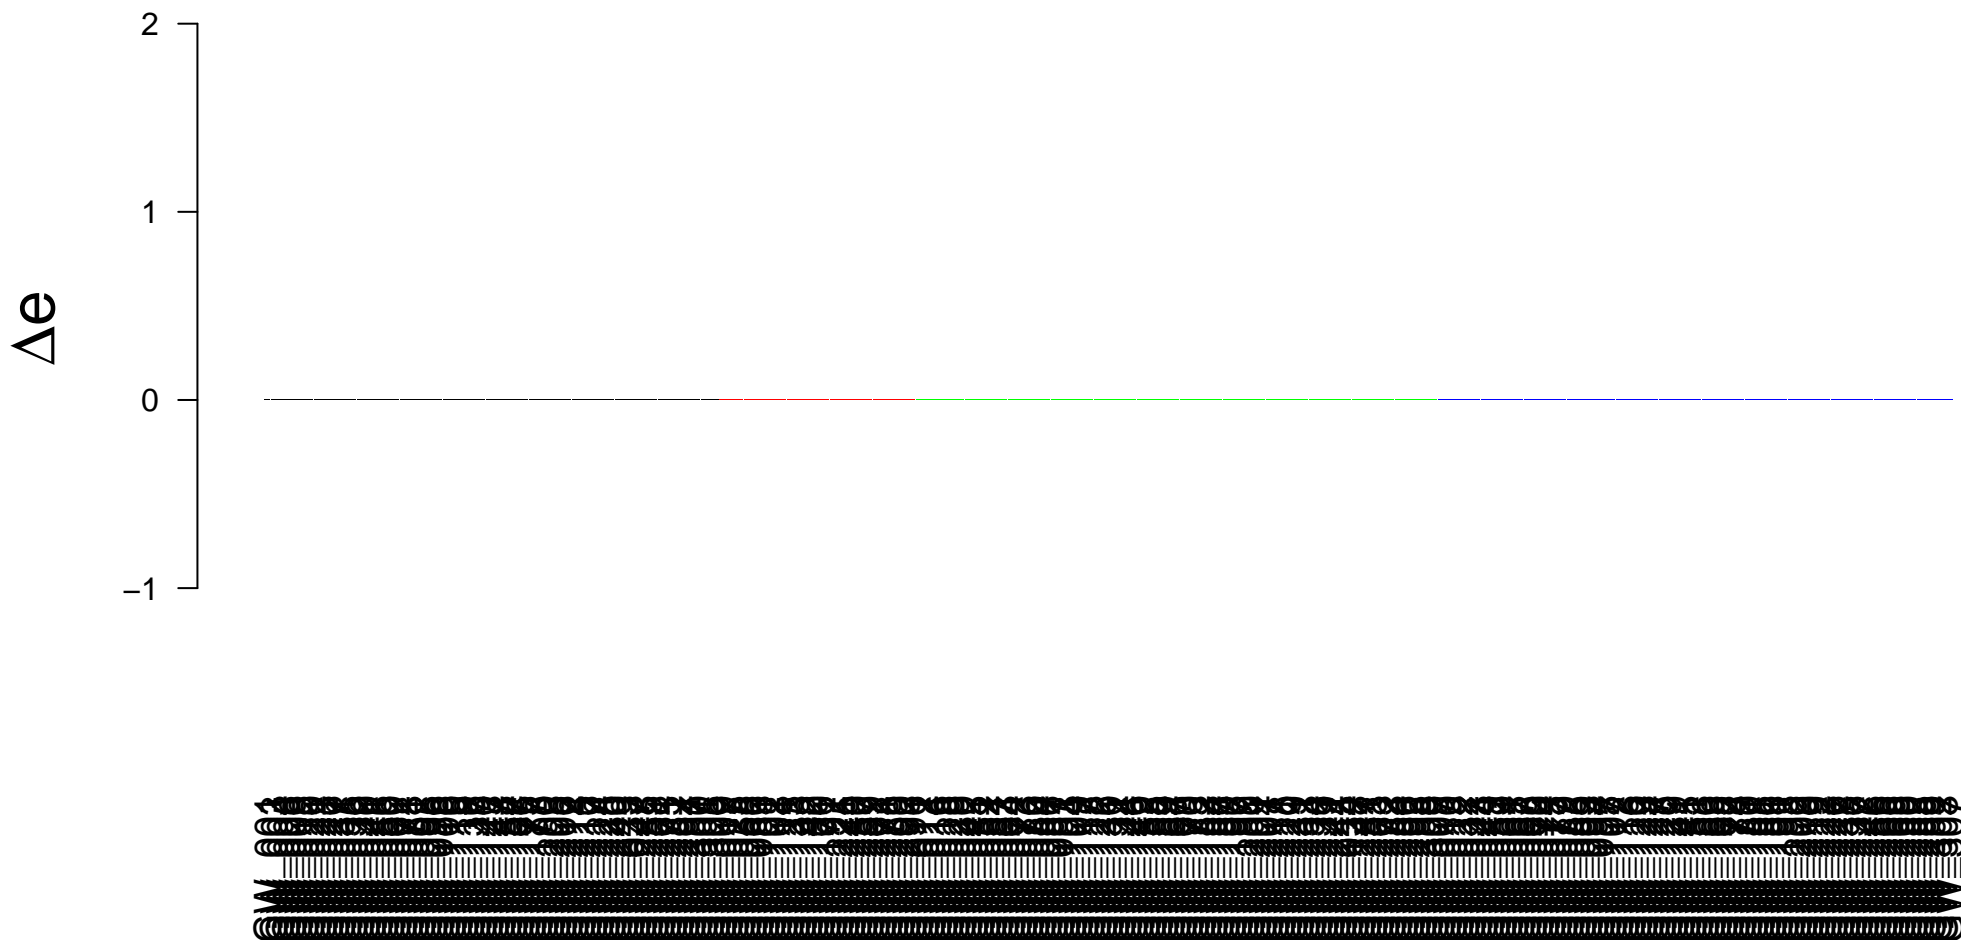

Expression of neuron fate specification in Spot I

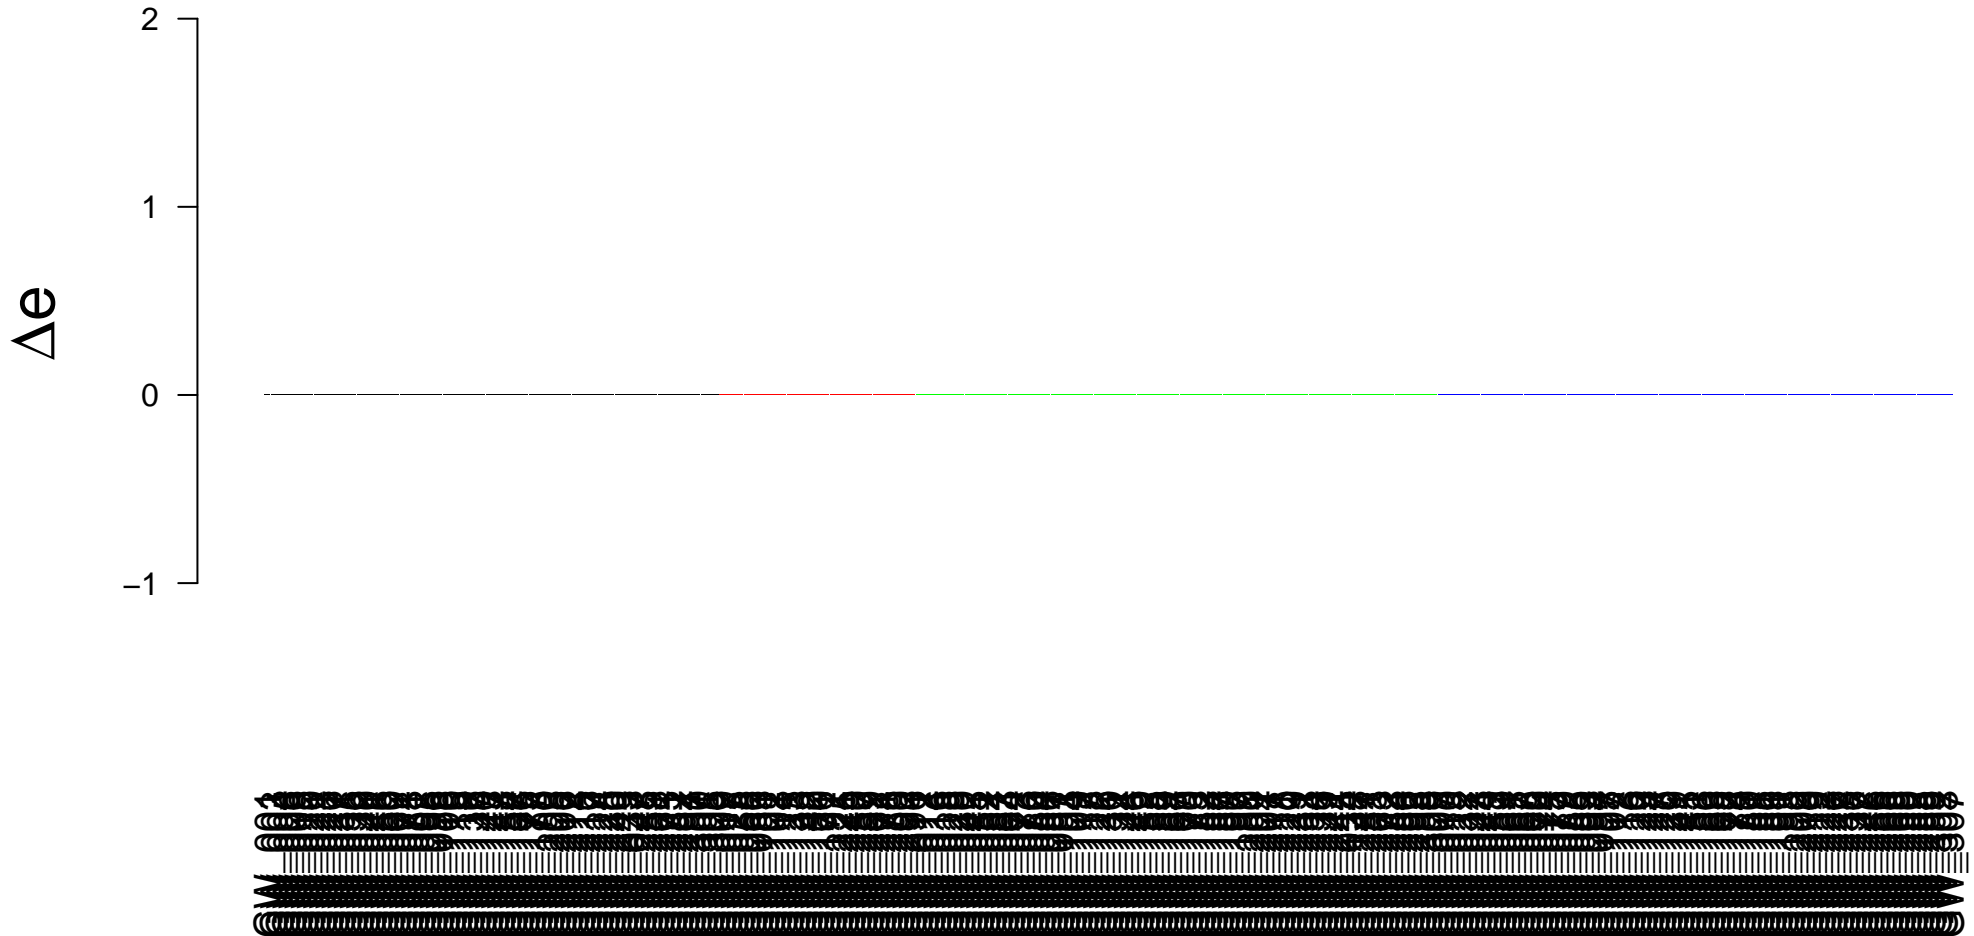

Expression of neuron fate specification in Spot J

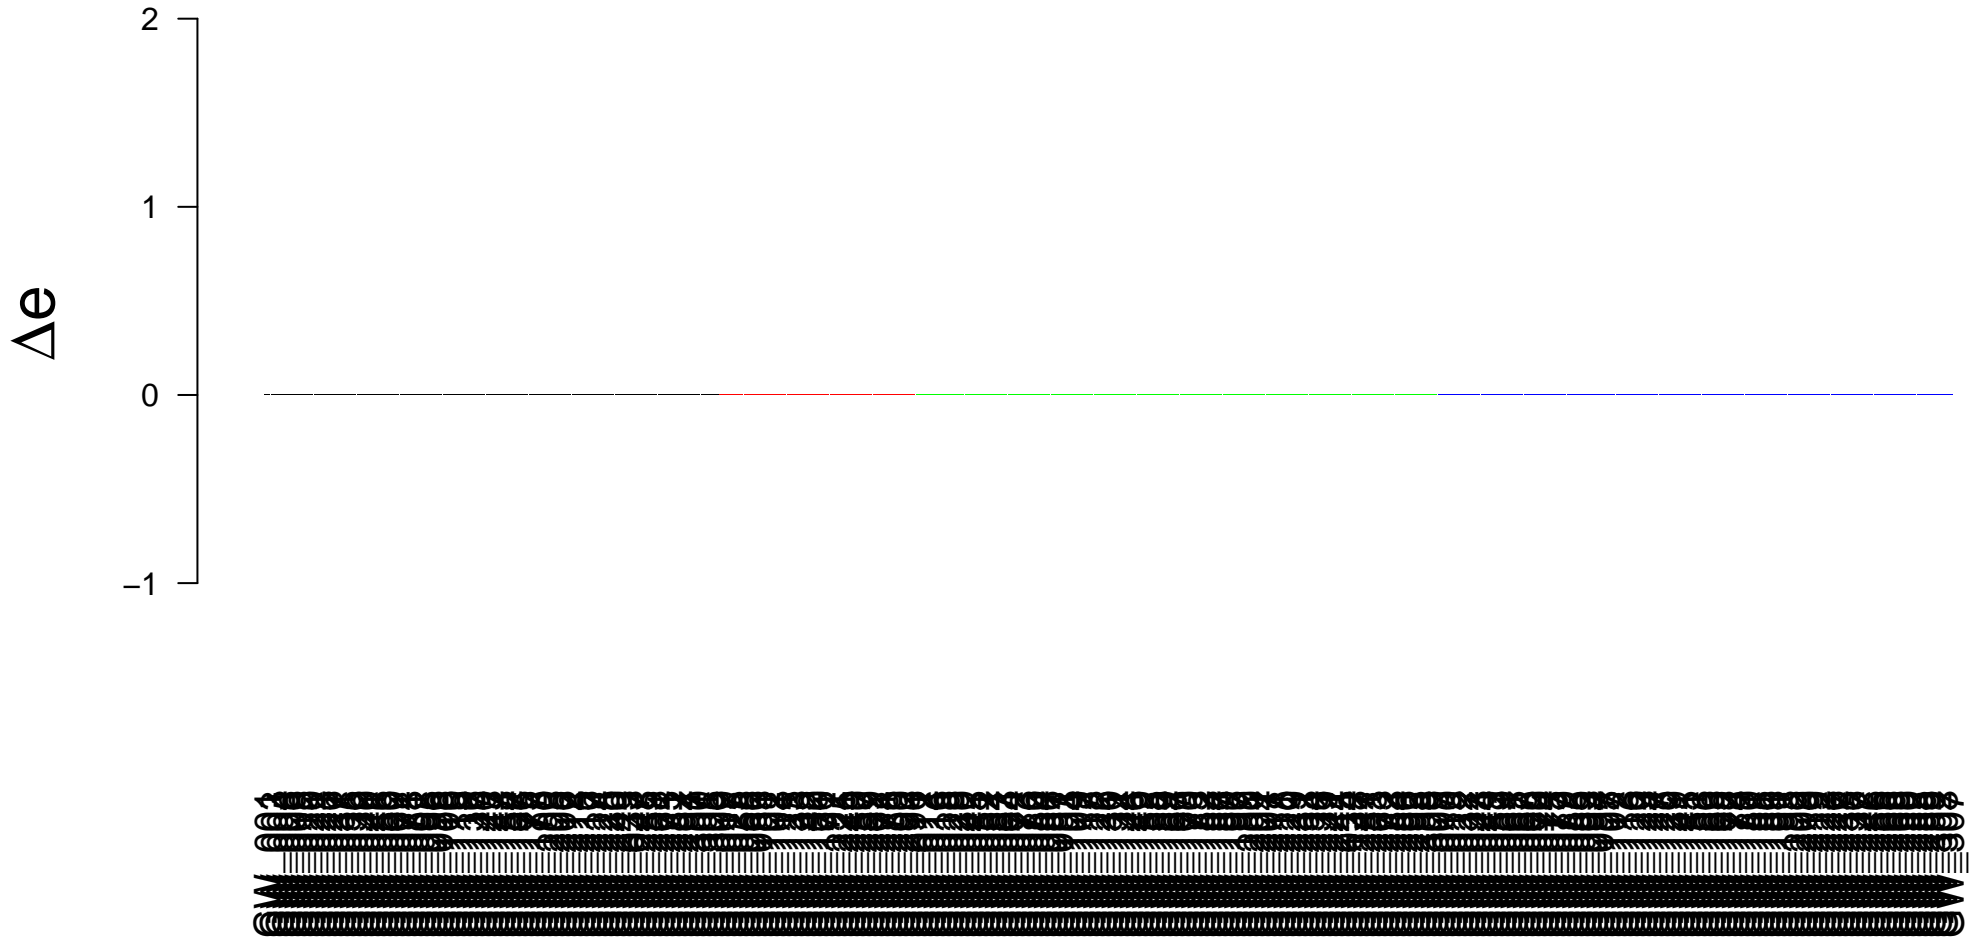

Expression of neuron fate specification in Spot K

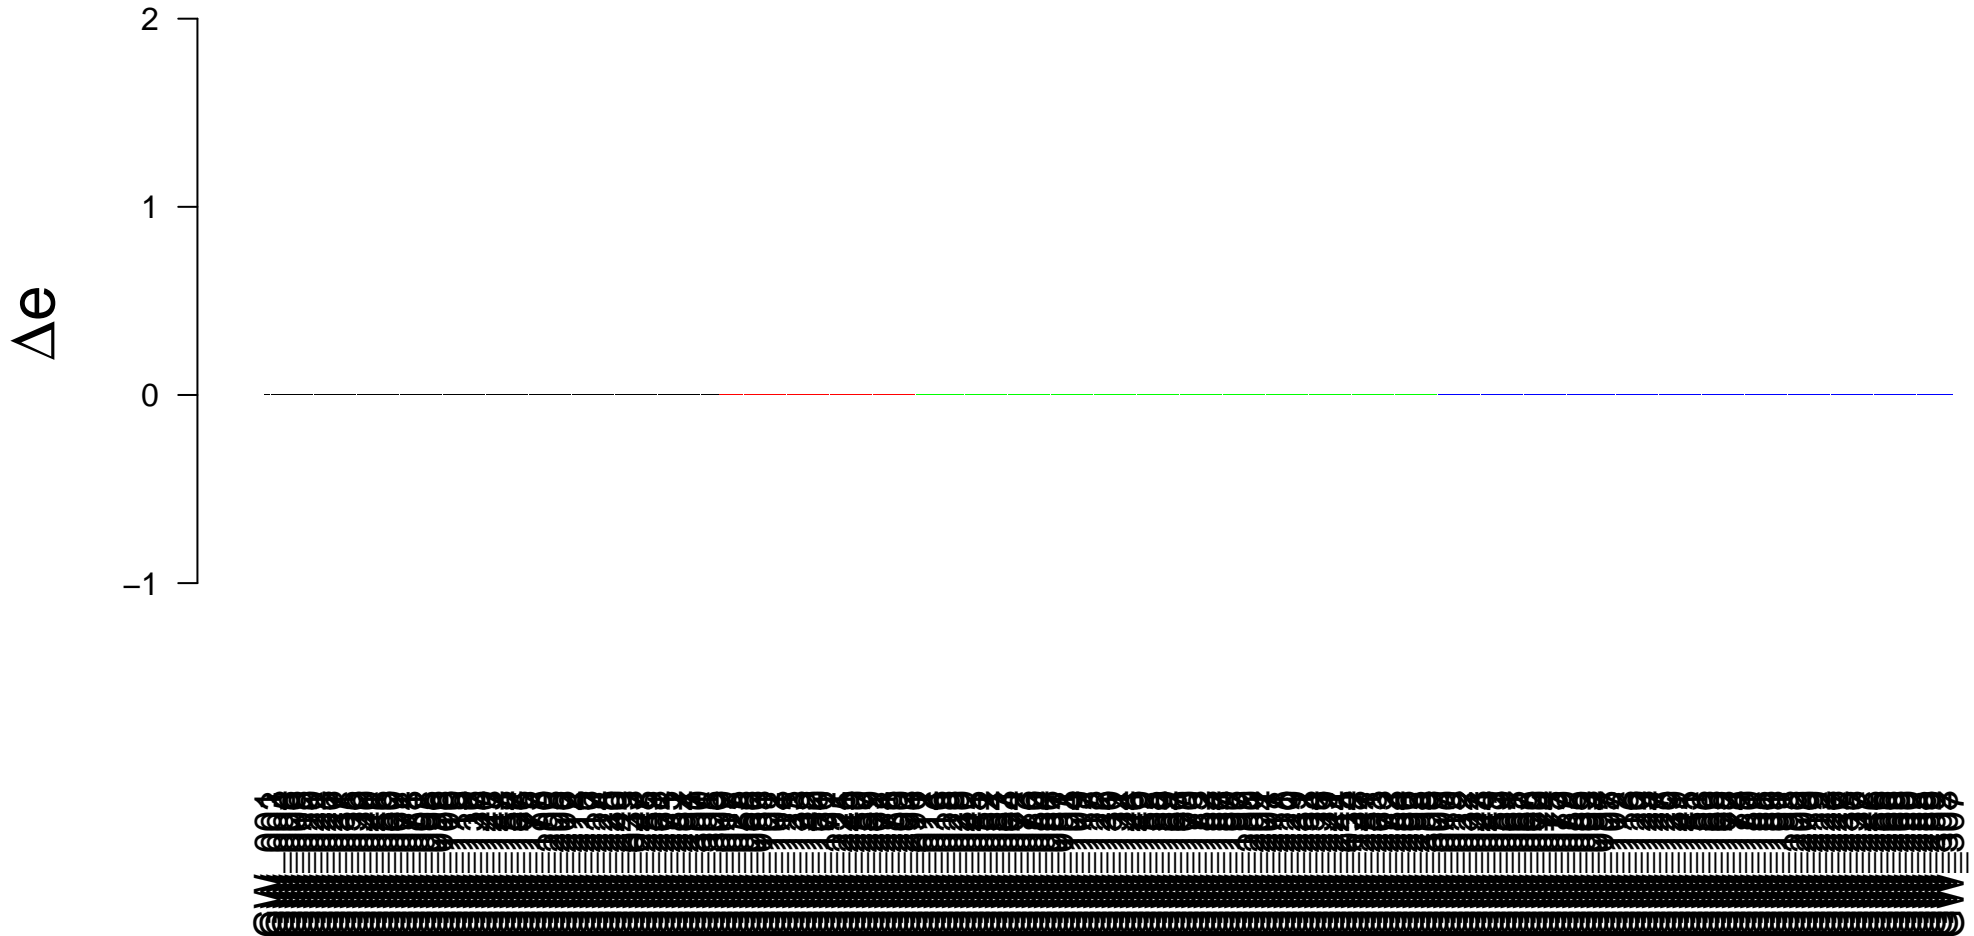

Expression of neuron fate specification in Spot L

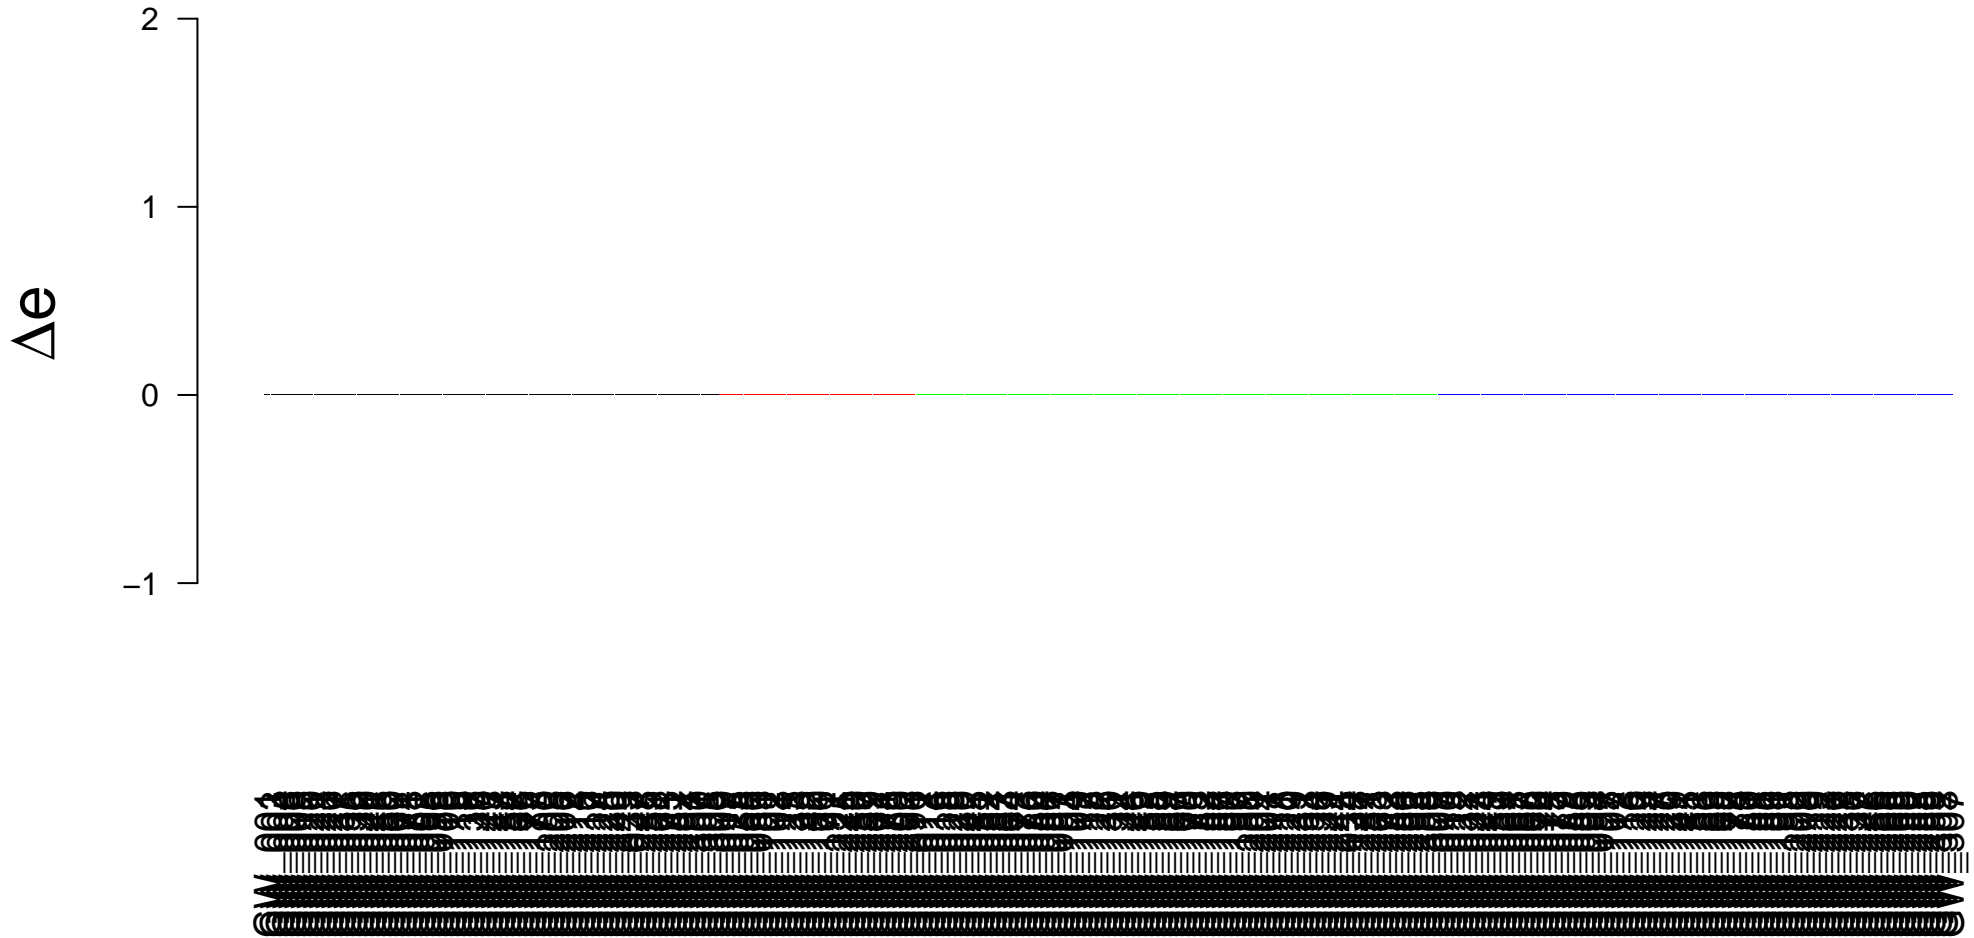

Expression of neuron fate specification in Spot M

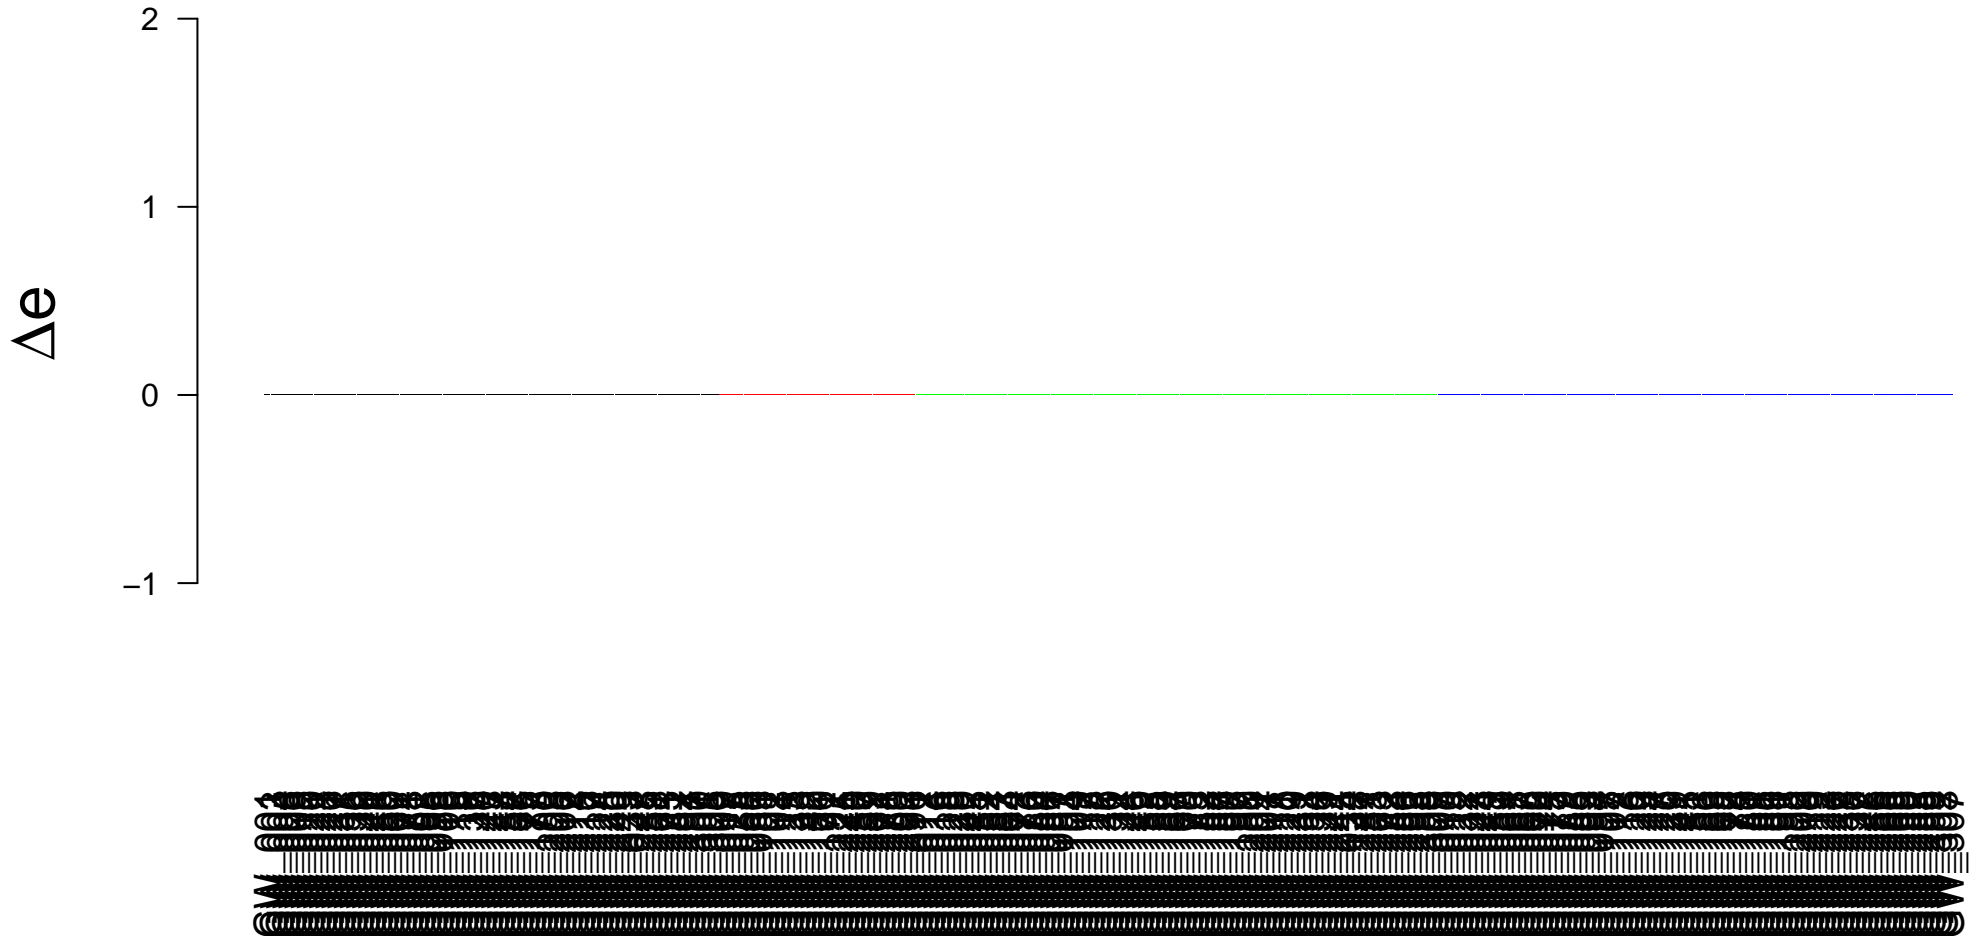

Expression of neuron fate specification in Spot N

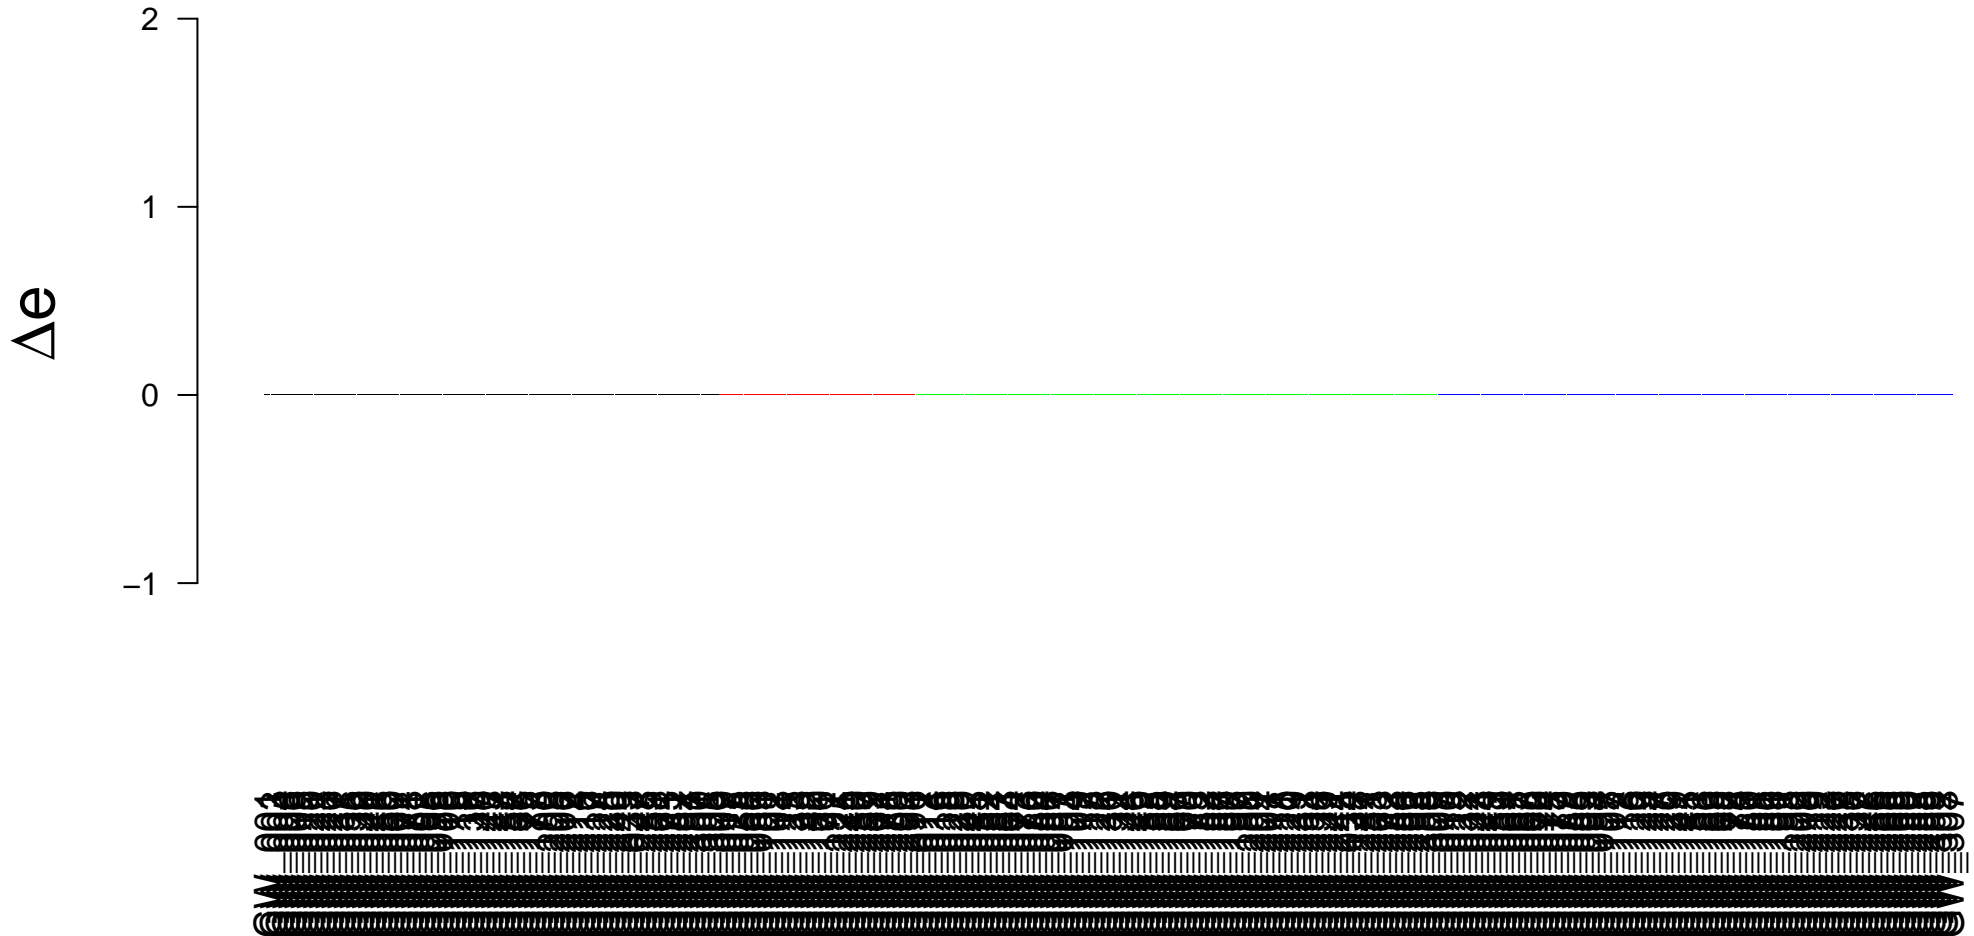

Expression of neuron fate specification in Spot O

Expression of neuron fate specification in Spot P

Expression of neuron fate specification in Spot Q

Expression of neuron fate specification in Spot R
