

non-membrane spanning protein tyrosine kinase activity

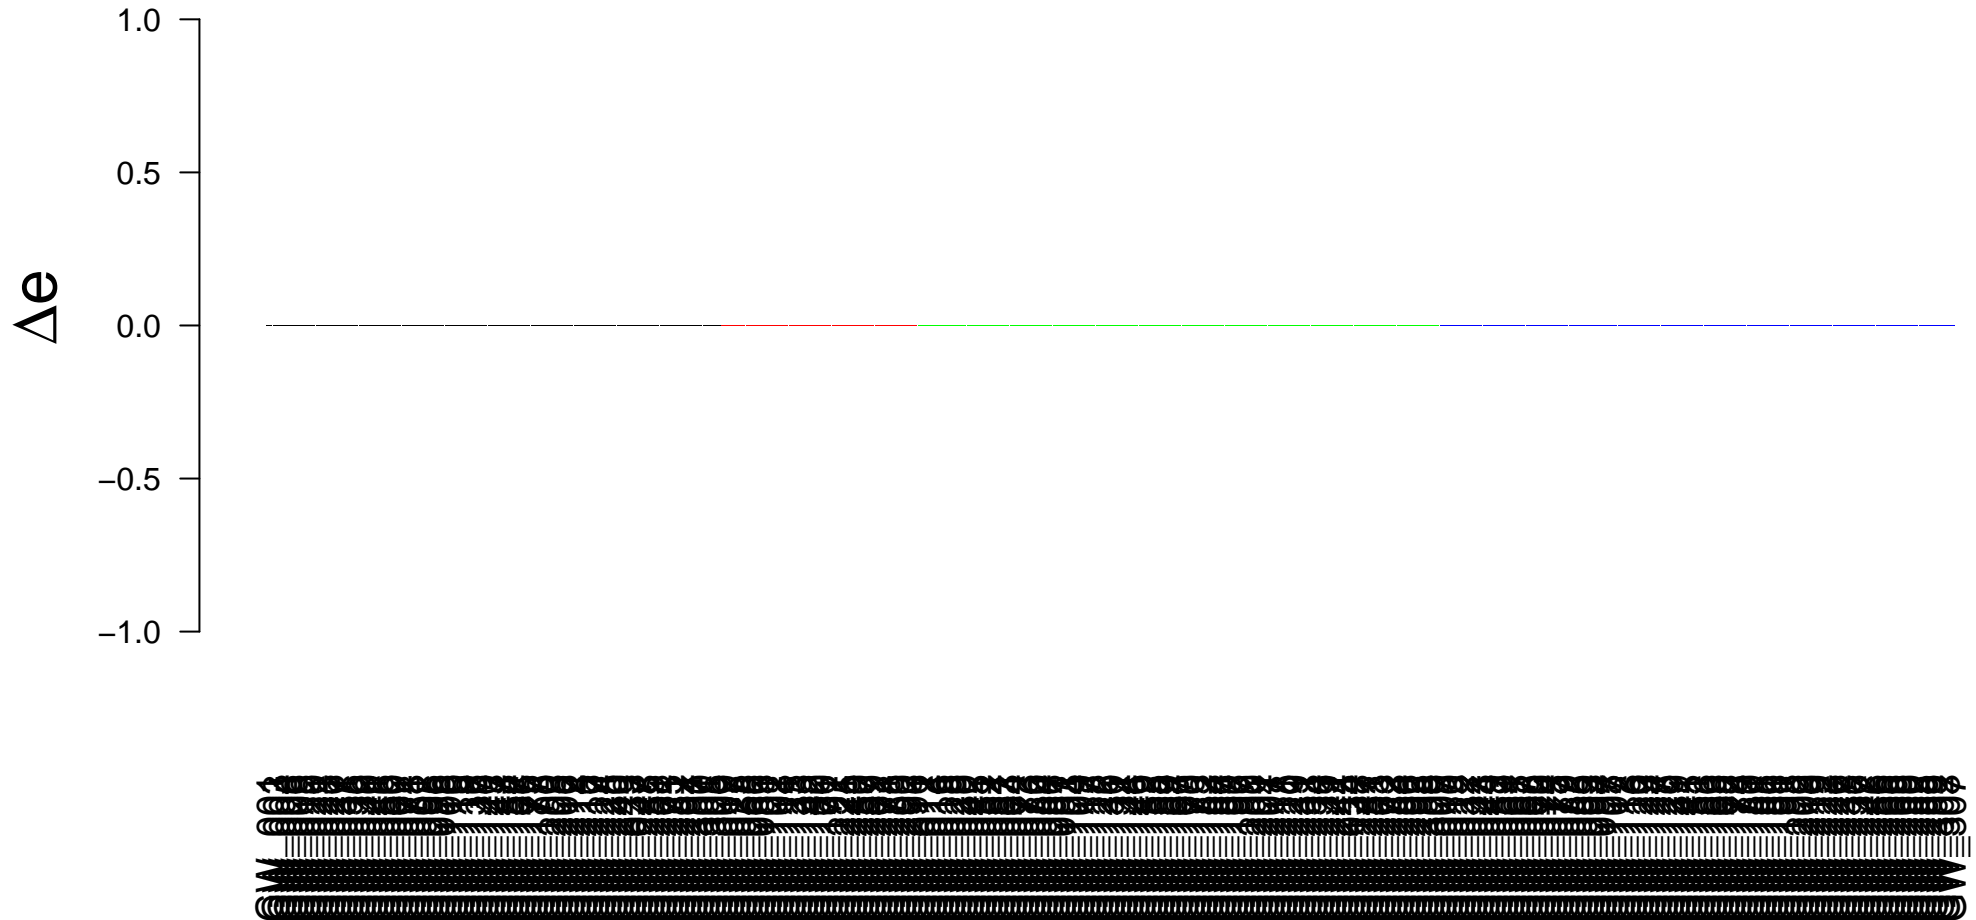

non-membrane spanning protein tyrosine kinase activity

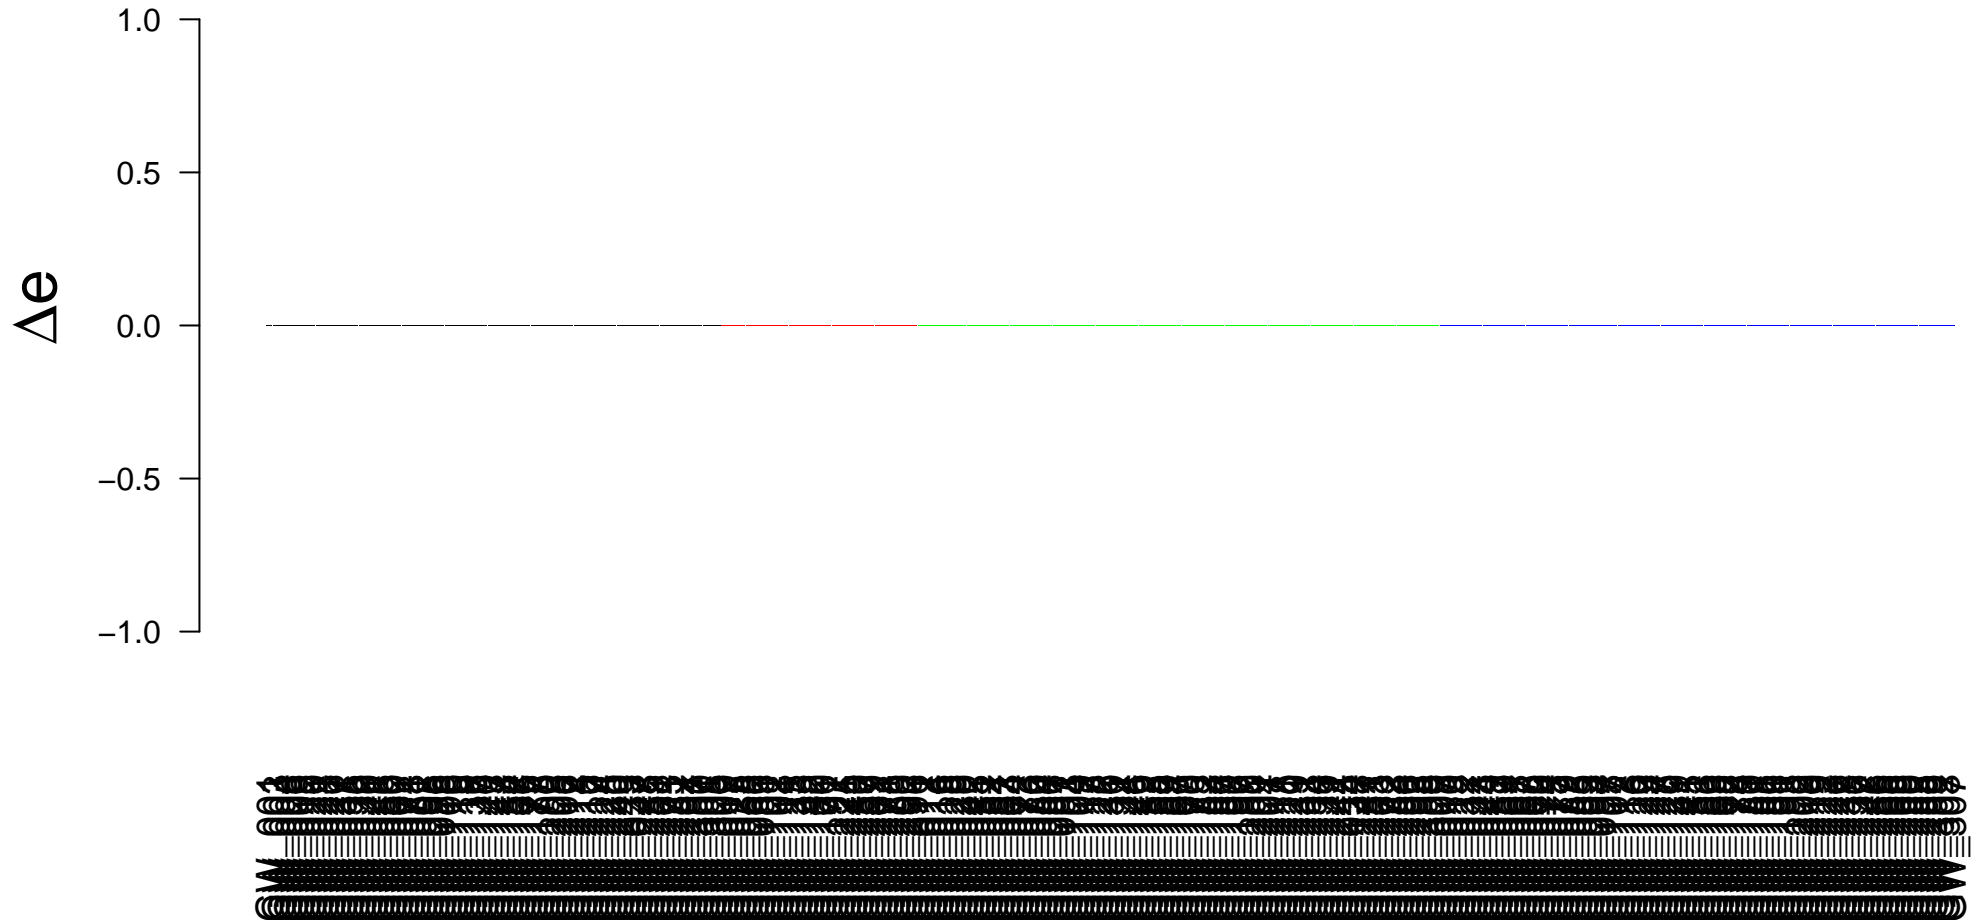

Enrichment in spots: non-membrane spanning protein tyrosine kinase activity

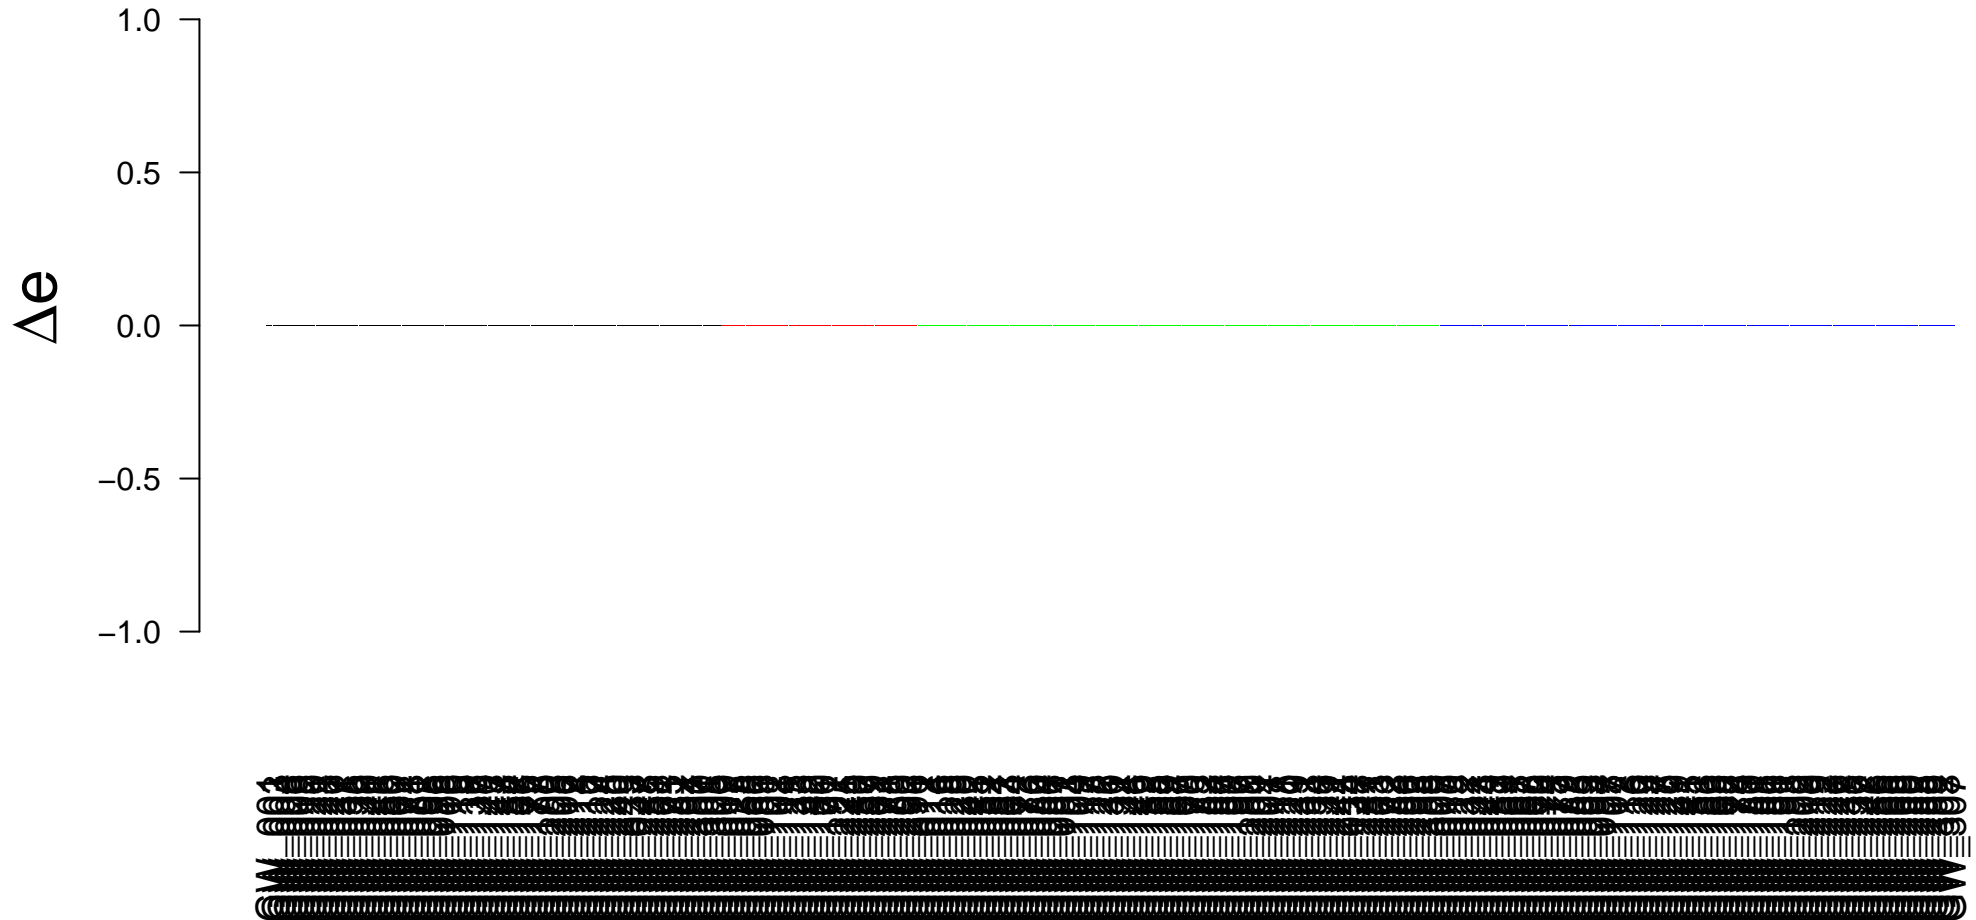

Expression of non-membrane spanning protein tyrosine kinase activity in Spot A

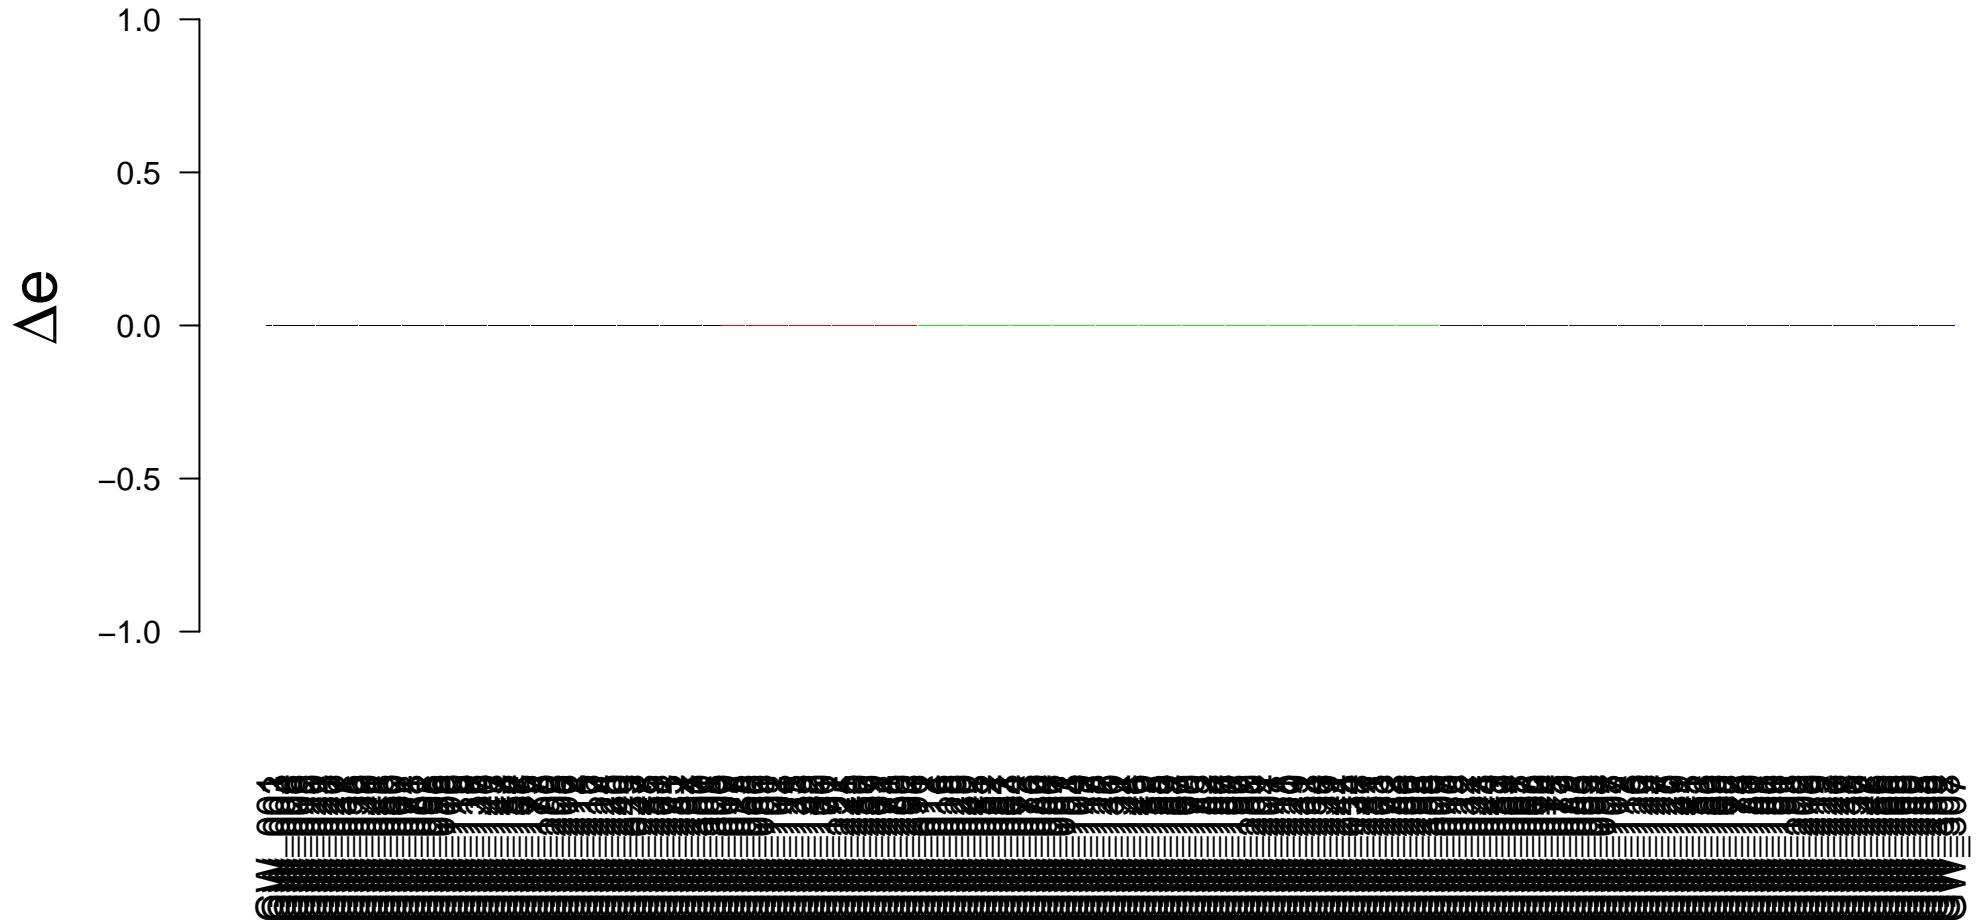

Expression of non-membrane spanning protein tyrosine kinase activity in Spot B

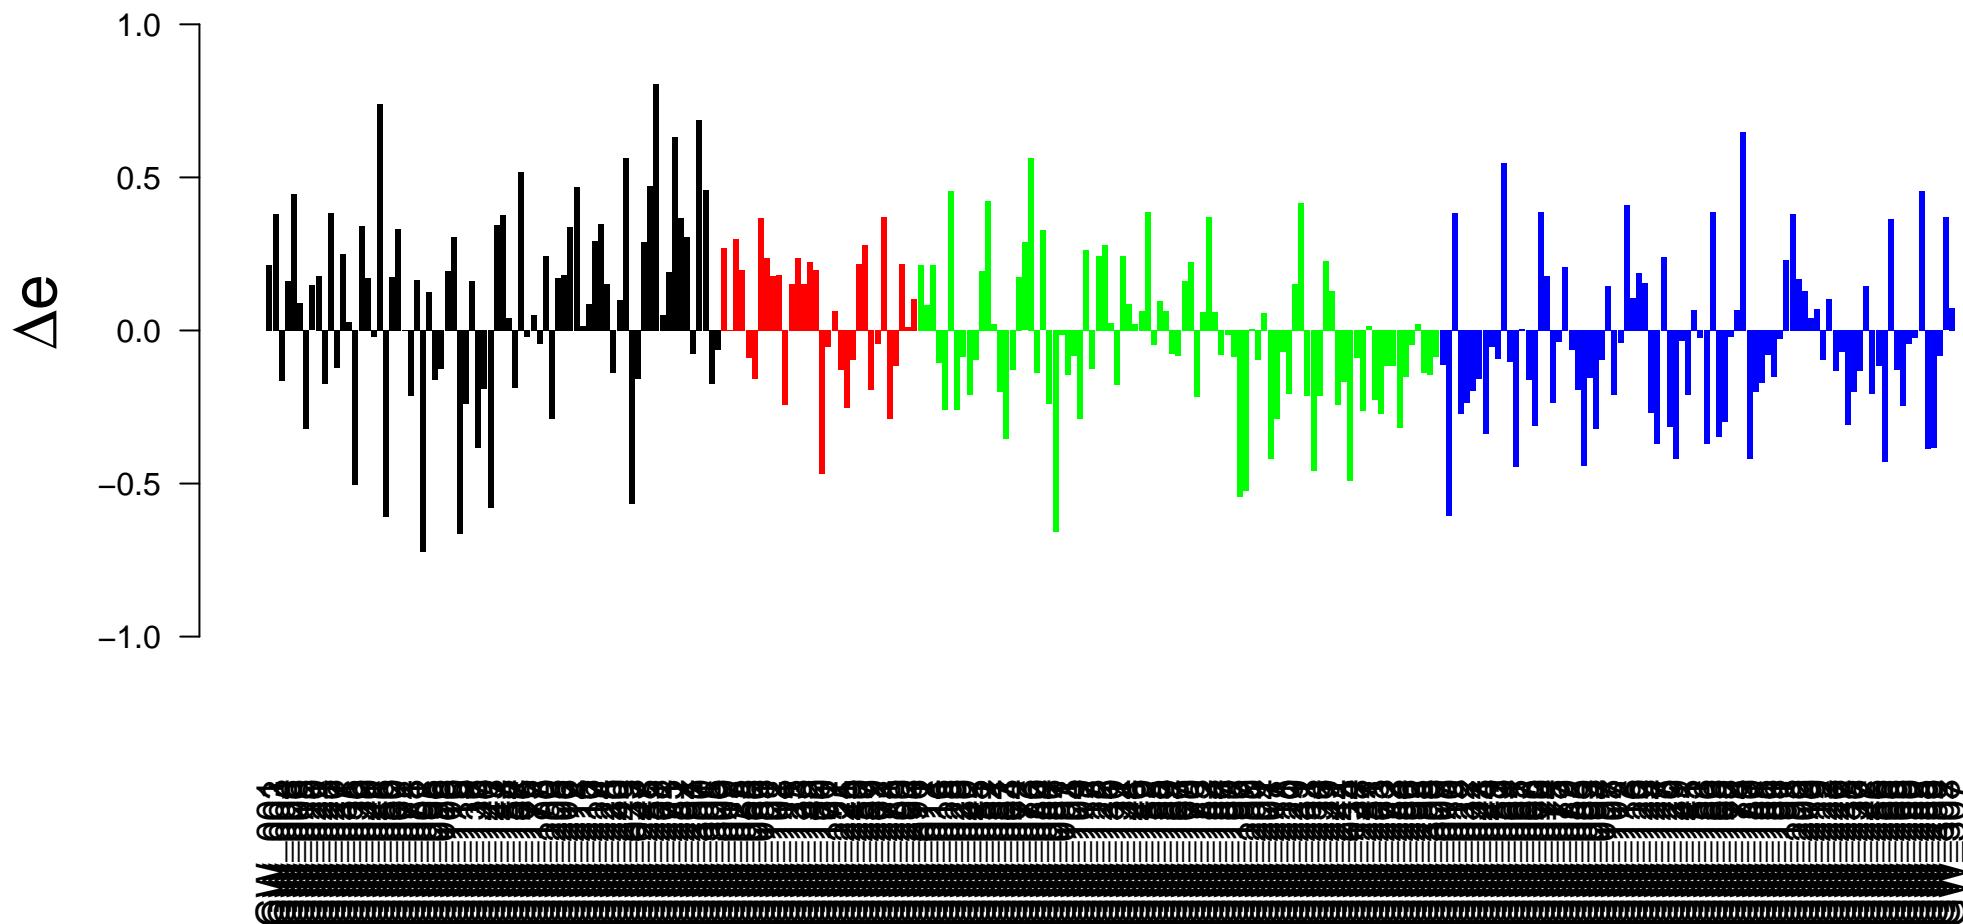

Expression of non-membrane spanning protein tyrosine kinase activity in Spot C

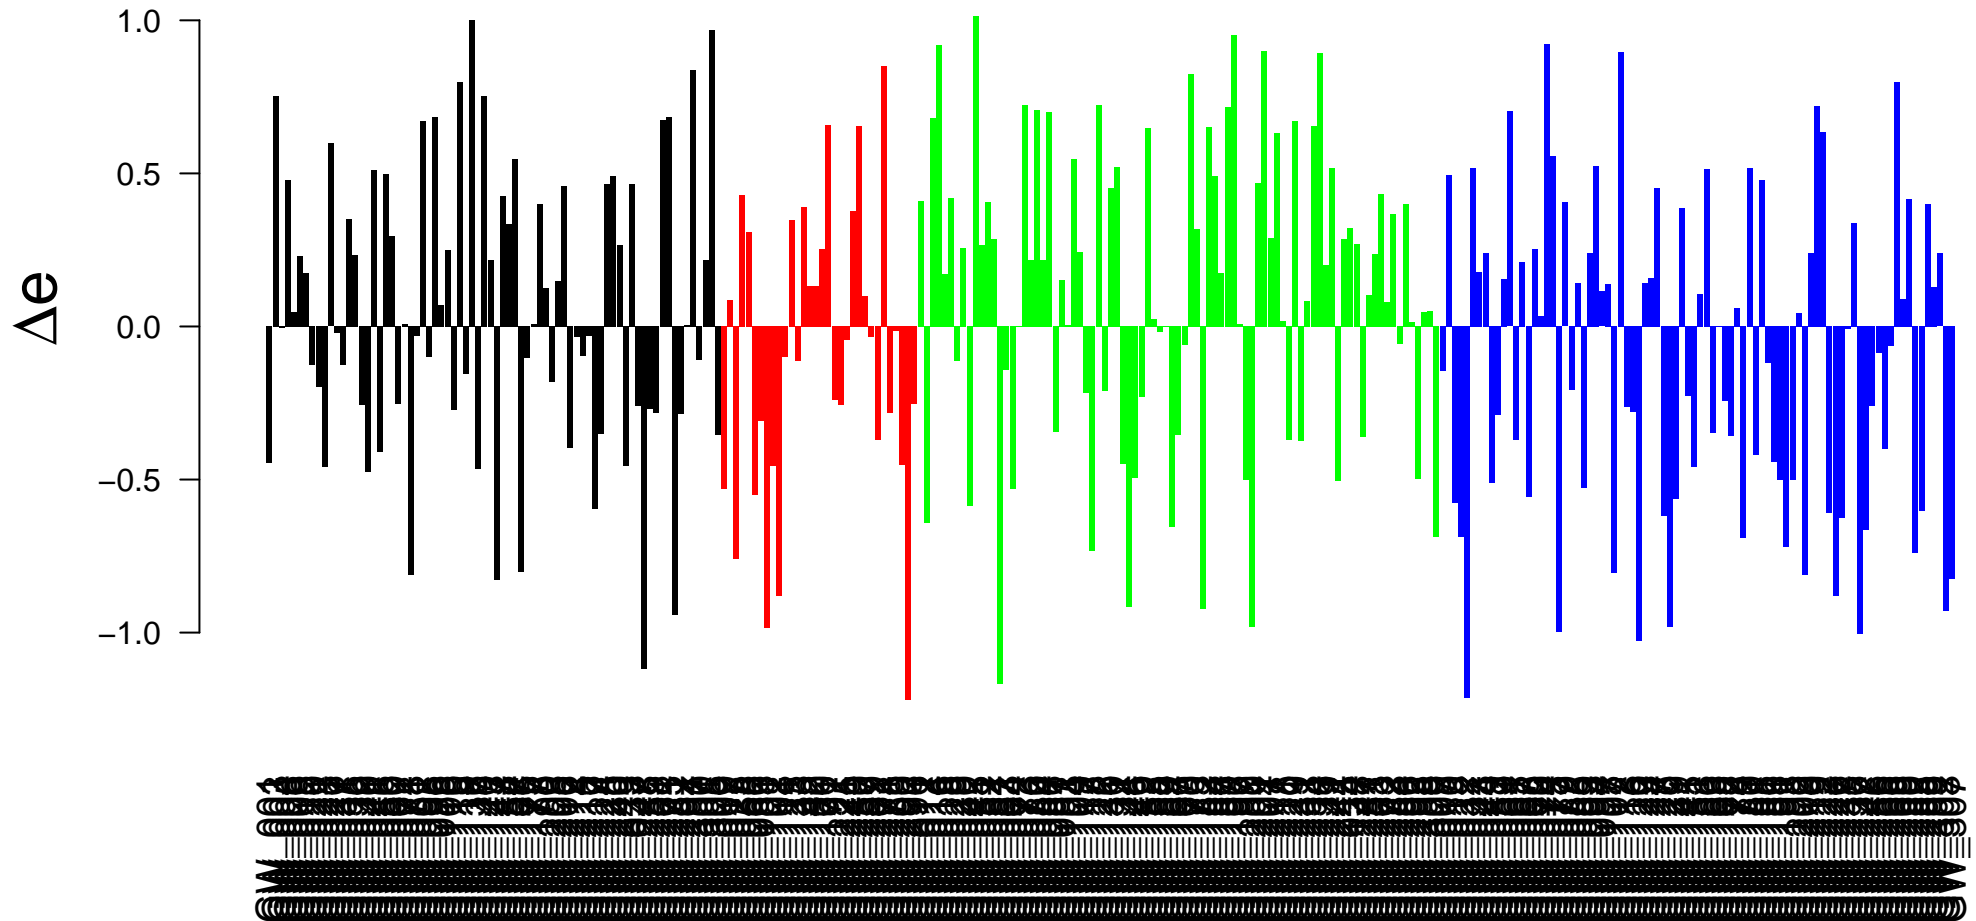

Expression of non-membrane spanning protein tyrosine kinase activity in Spot D

Expression of non-membrane spanning protein tyrosine kinase activity in Spot E

Expression of non-membrane spanning protein tyrosine kinase activity in Spot F

Expression of non-membrane spanning protein tyrosine kinase activity in Spot G

Expression of non-membrane spanning protein tyrosine kinase activity in Spot H

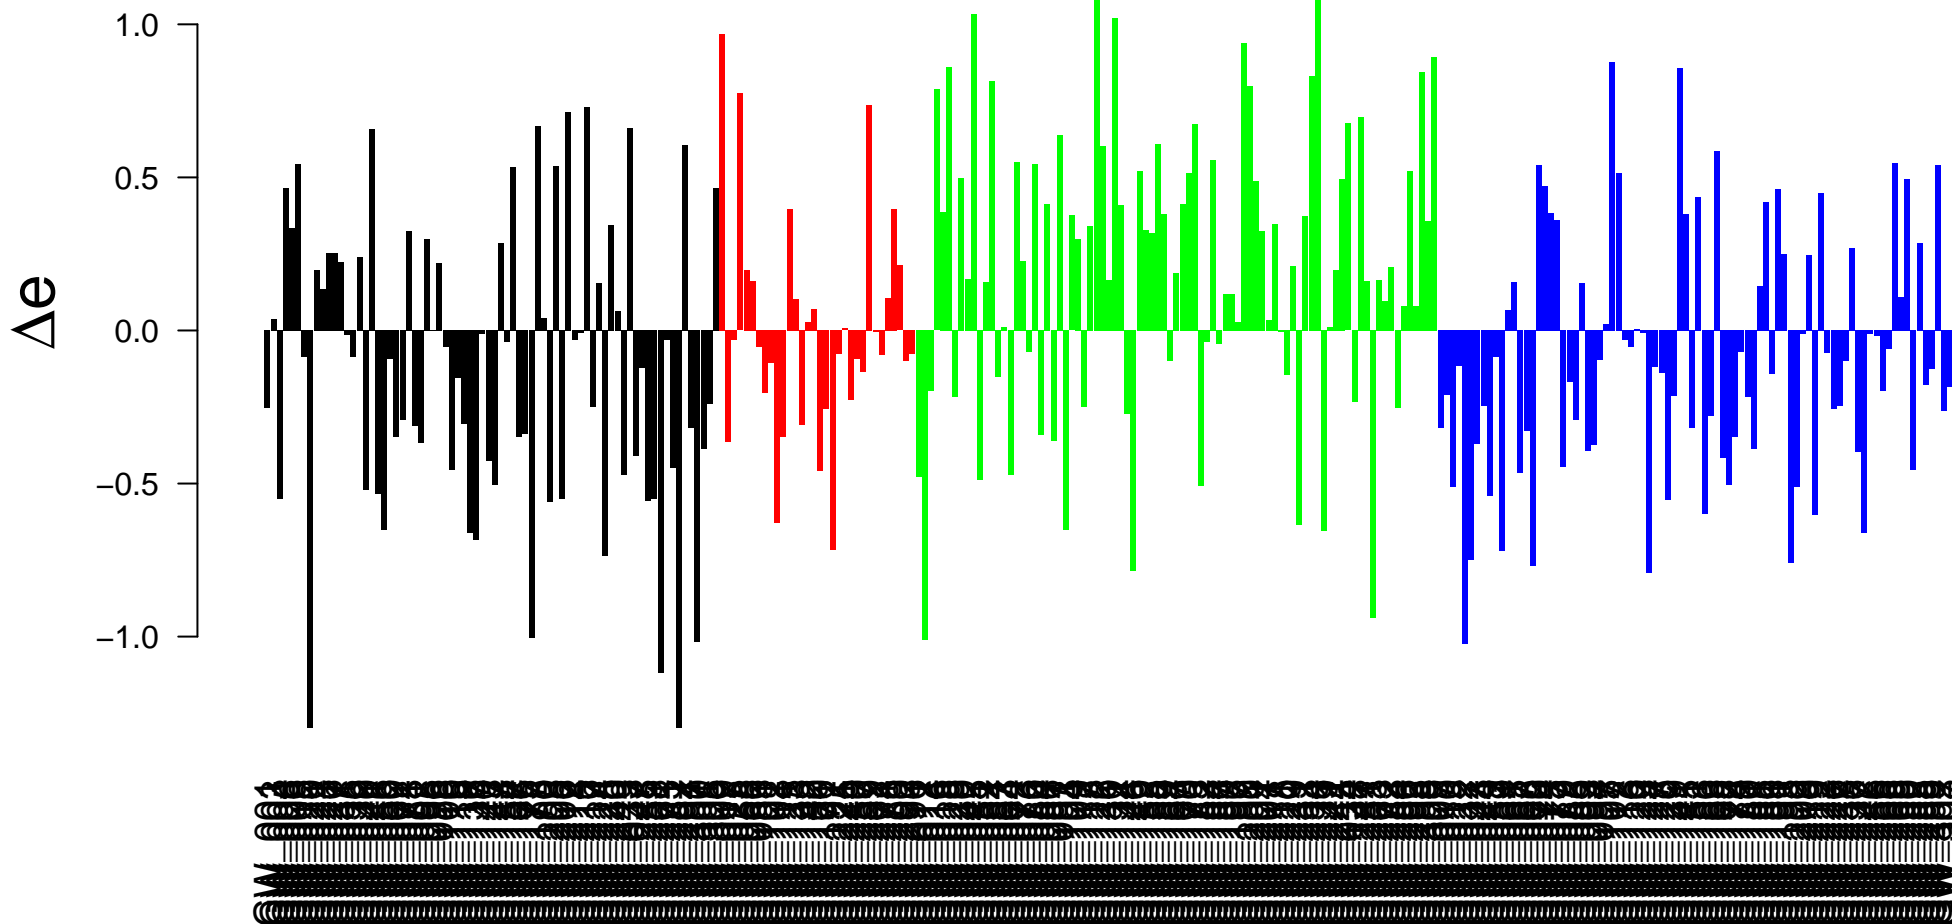

Expression of non-membrane spanning protein tyrosine kinase activity in Spot I

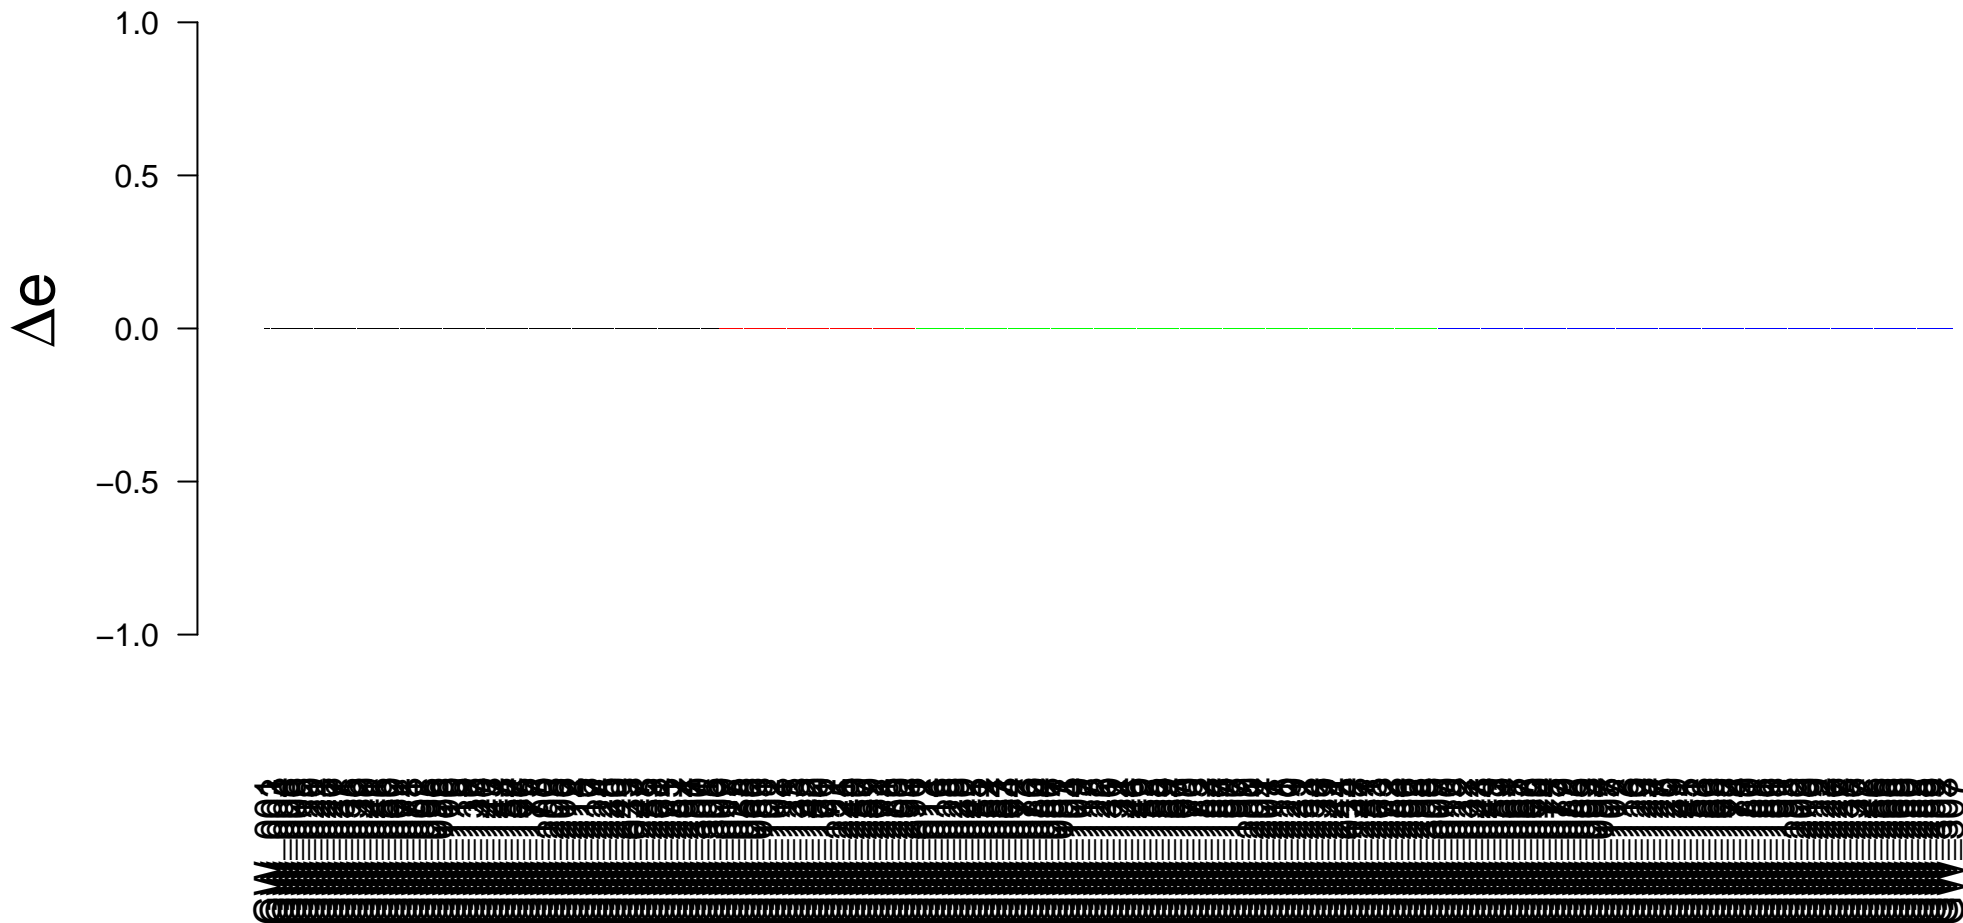

Expression of non-membrane spanning protein tyrosine kinase activity in Spot J

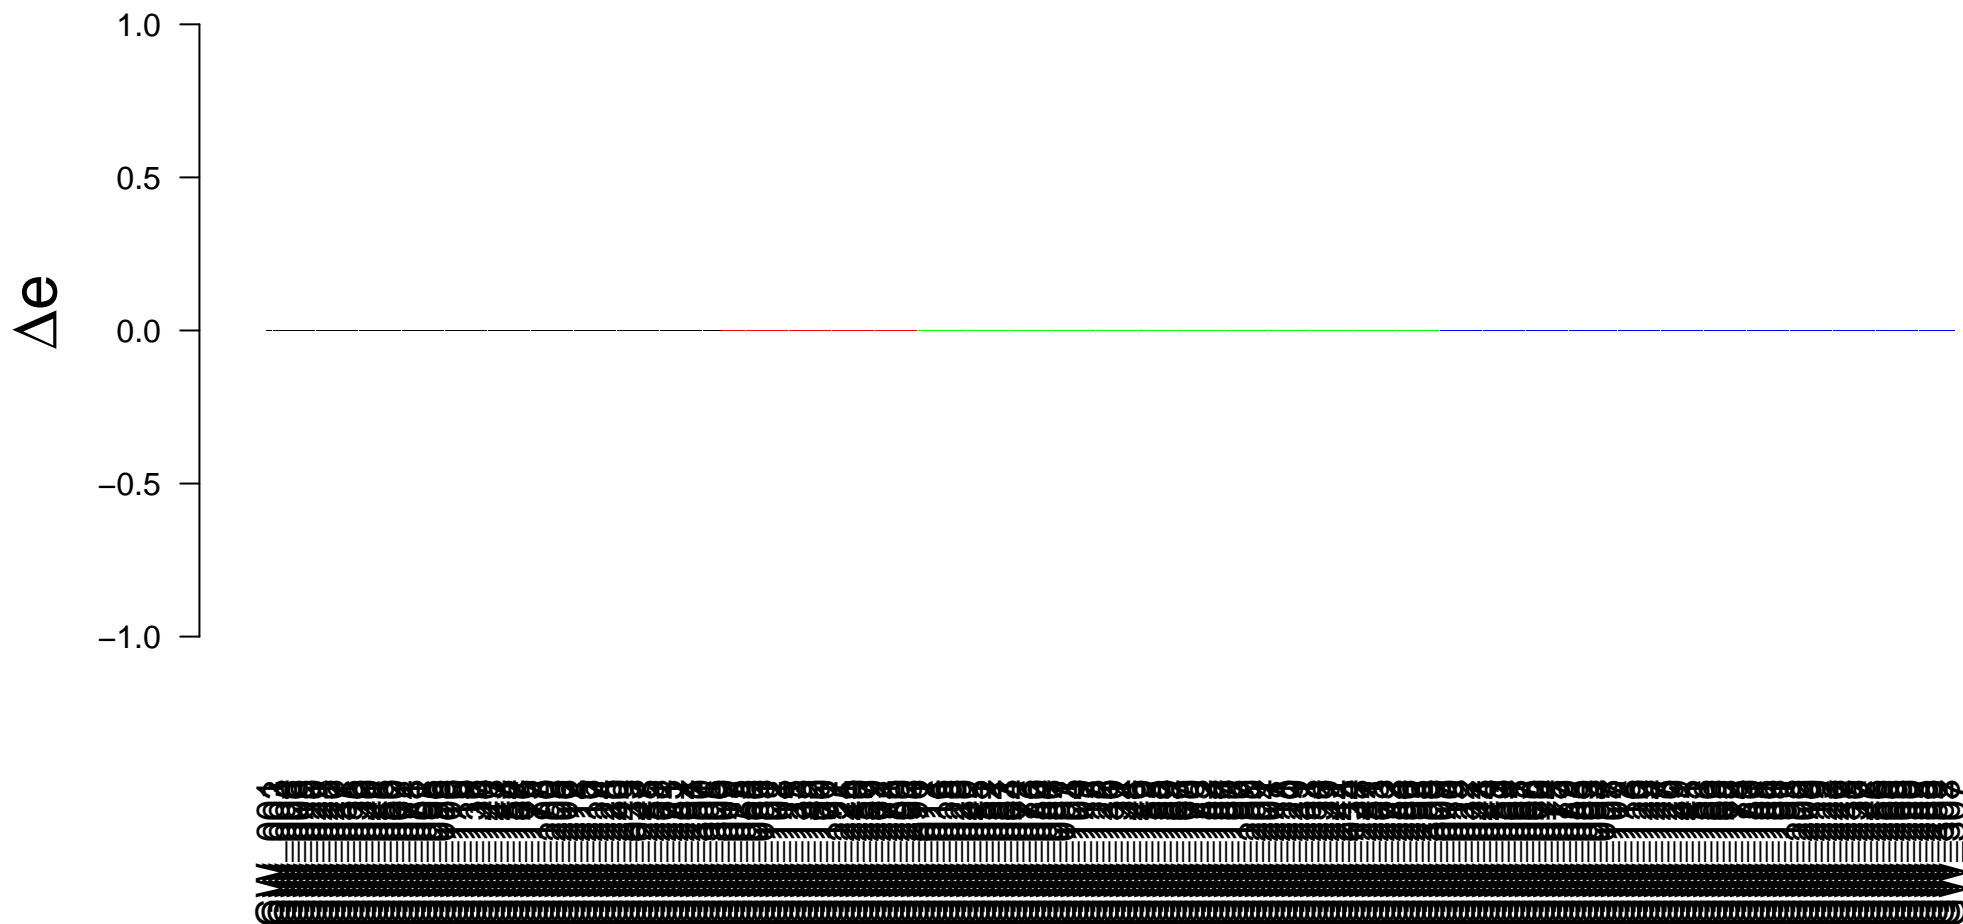

Expression of non-membrane spanning protein tyrosine kinase activity in Spot K

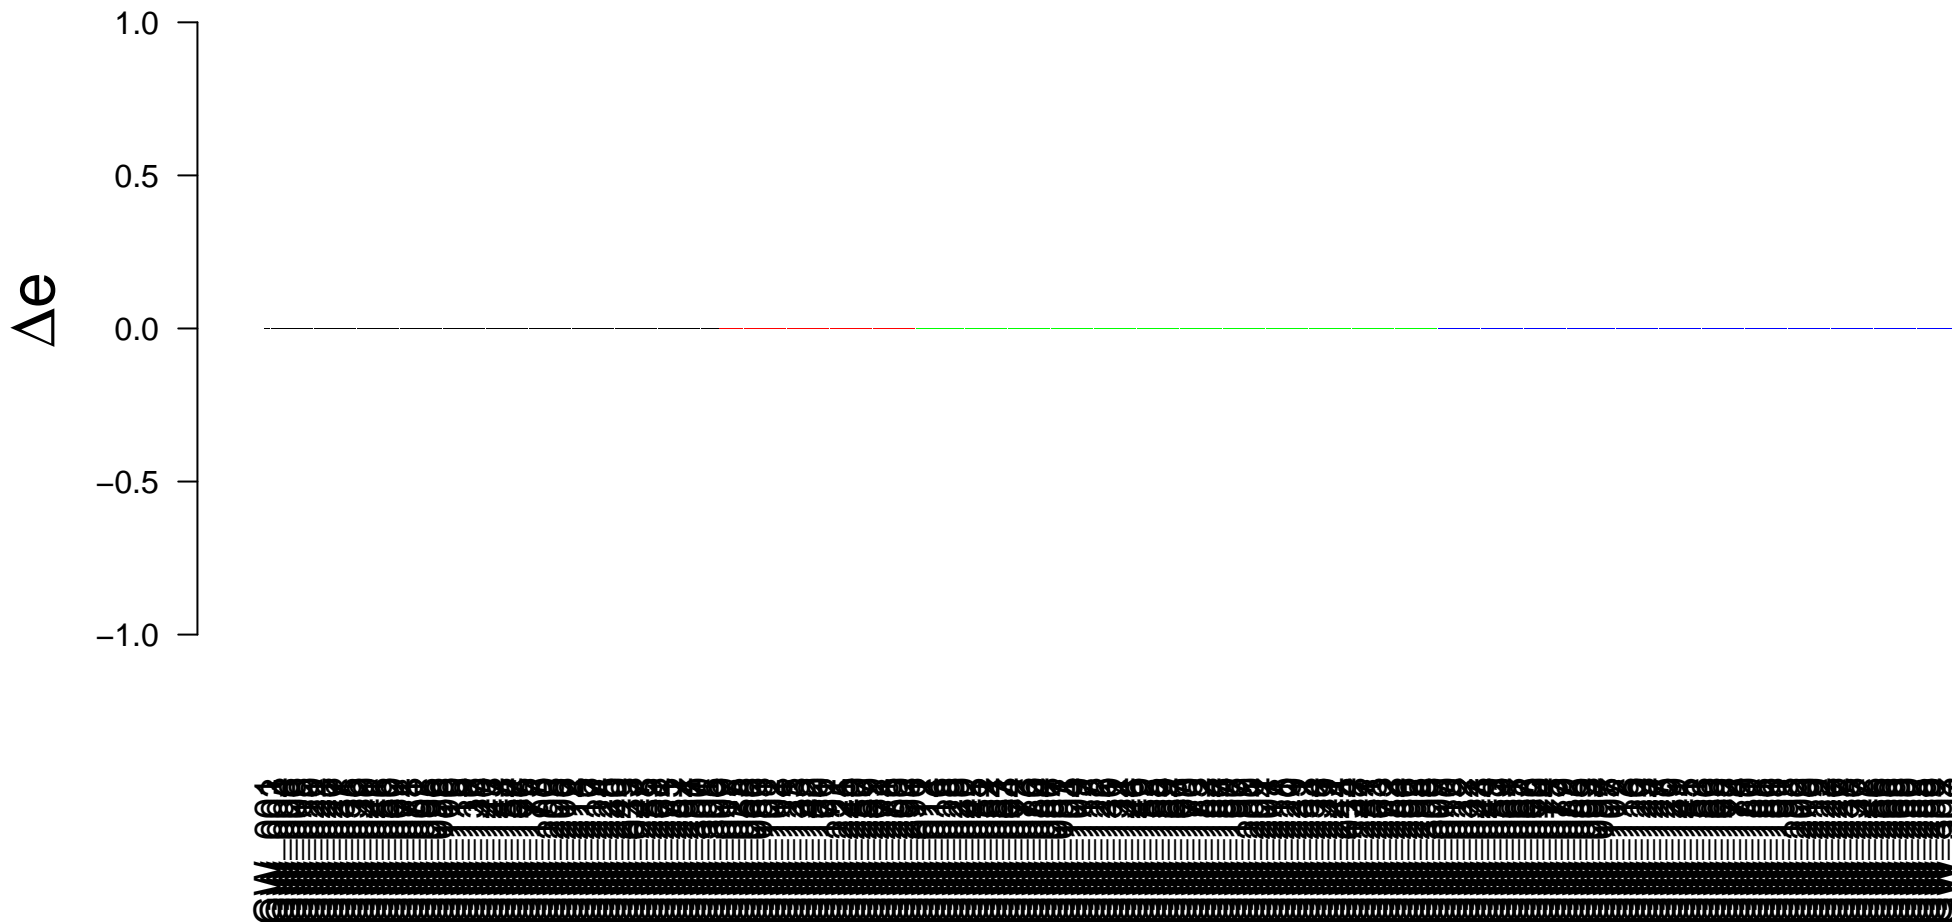

Expression of non-membrane spanning protein tyrosine kinase activity in Spot L

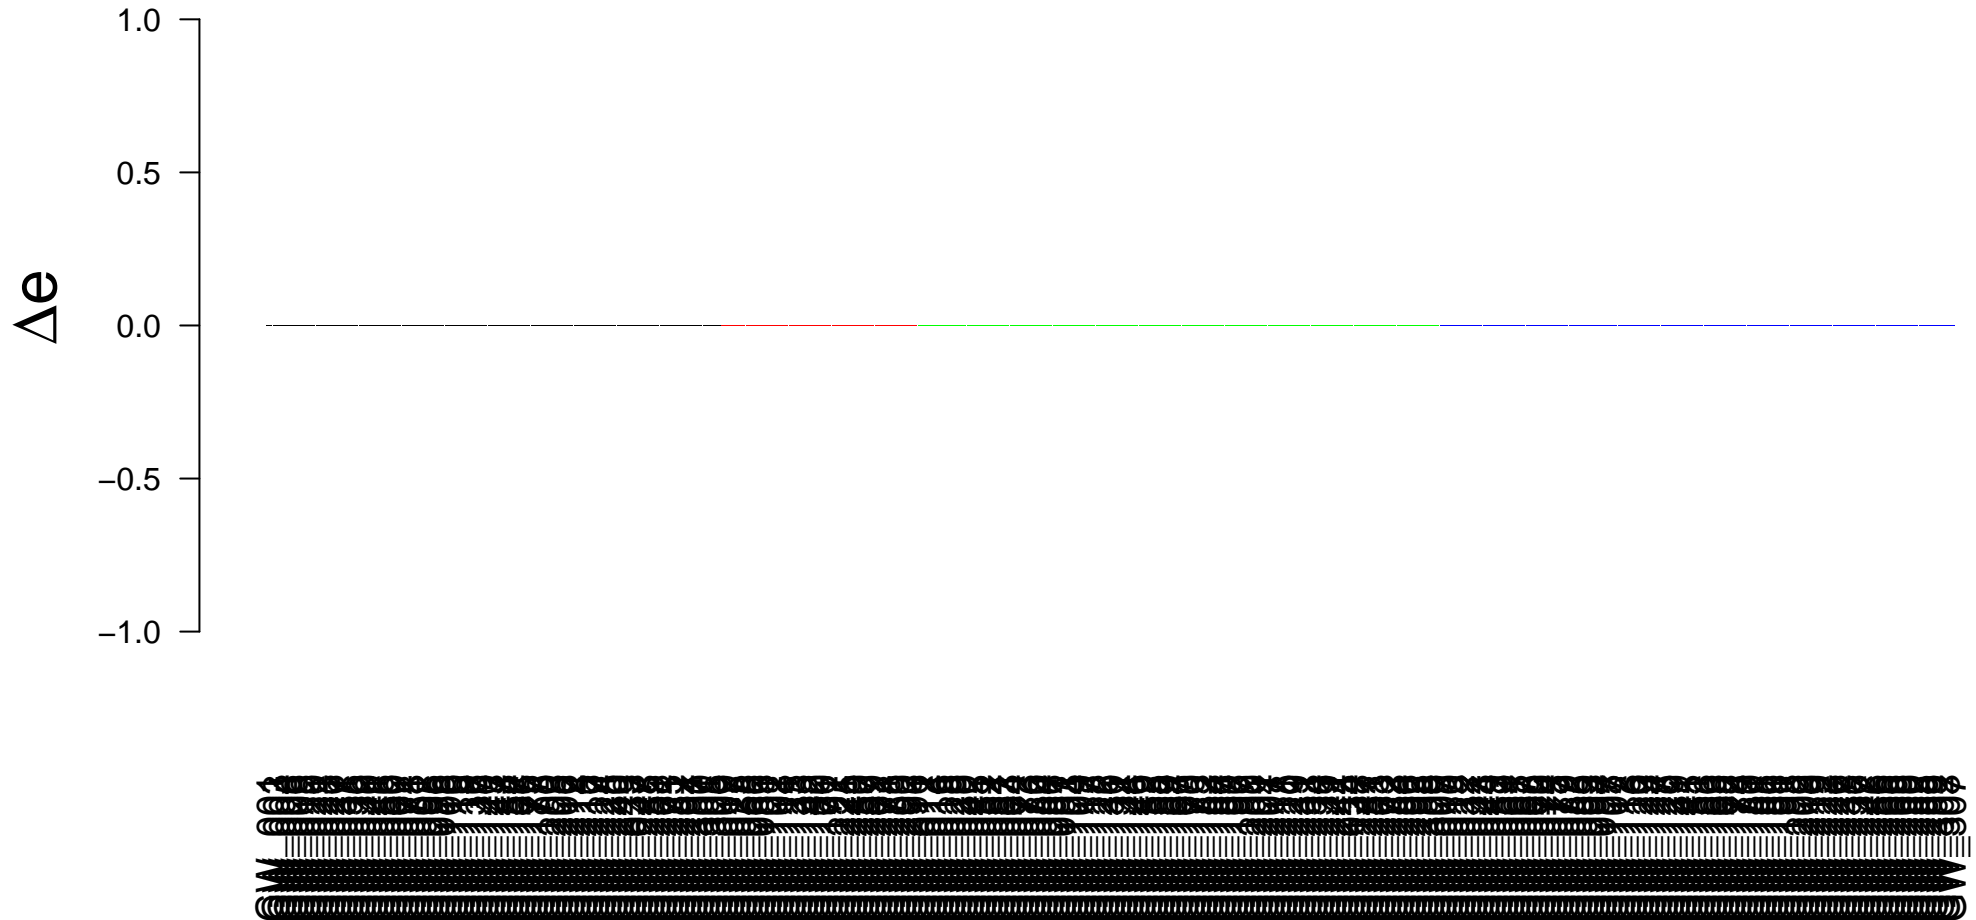

Expression of non-membrane spanning protein tyrosine kinase activity in Spot M

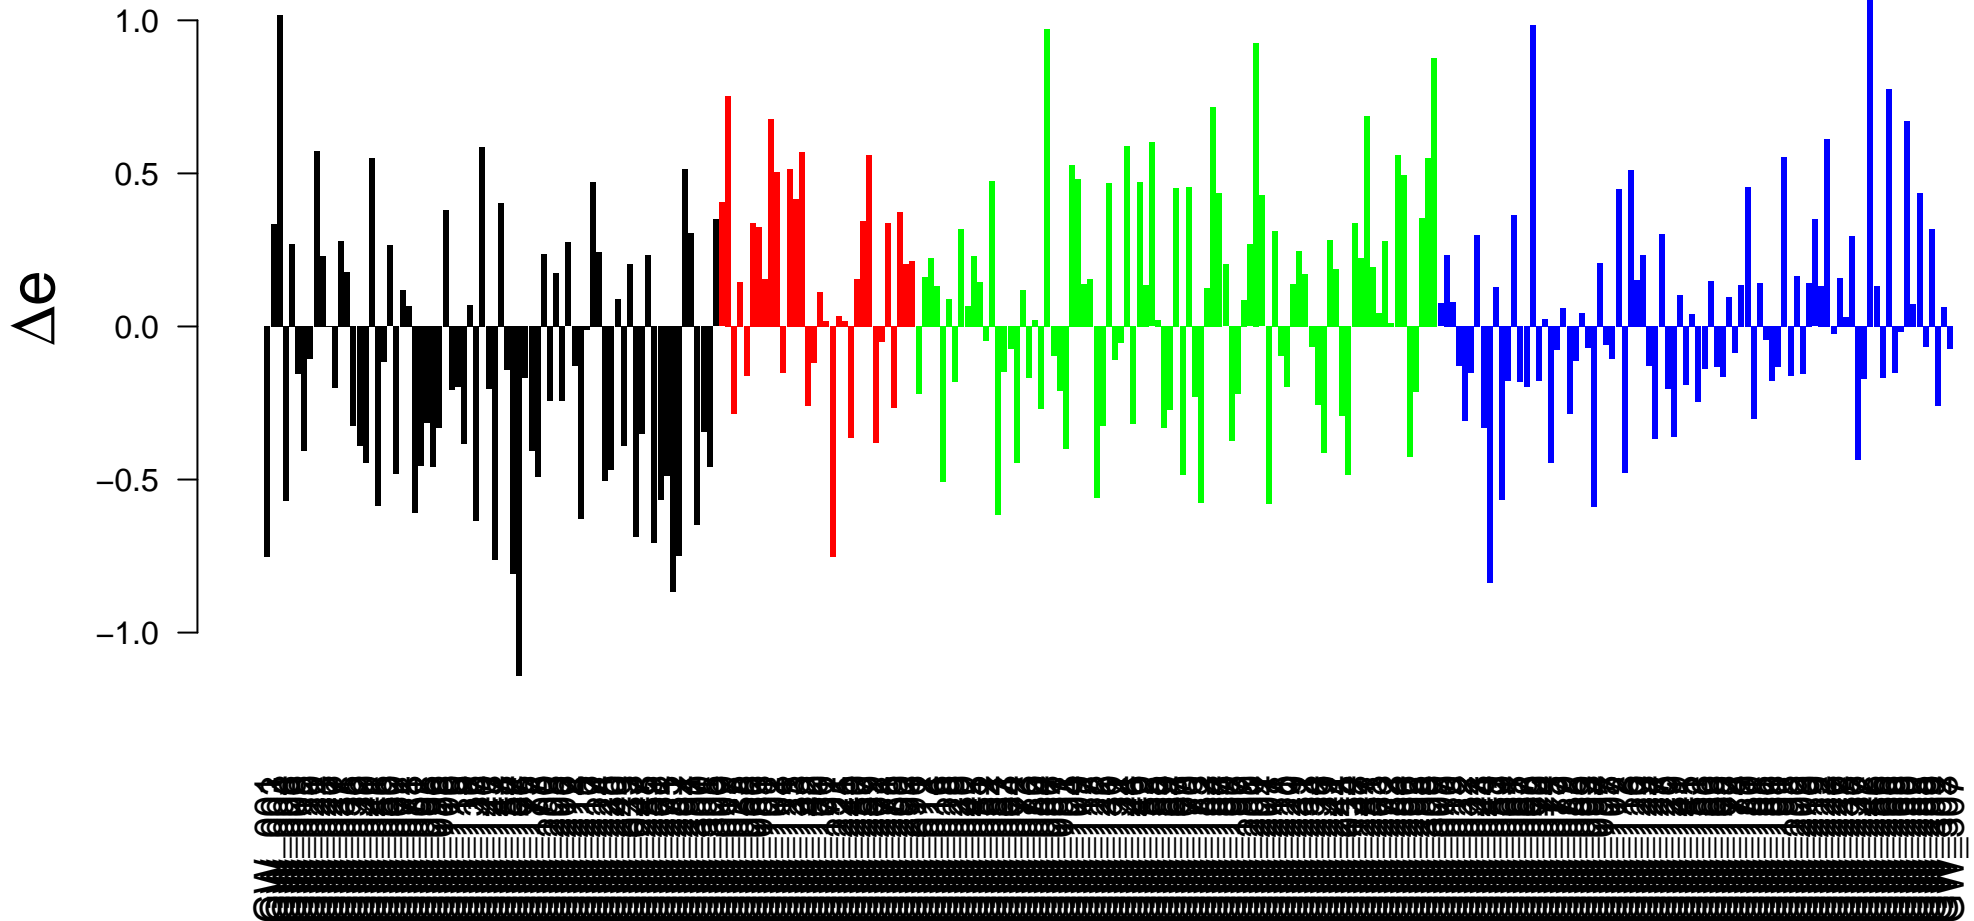

Expression of non-membrane spanning protein tyrosine kinase activity in Spot N

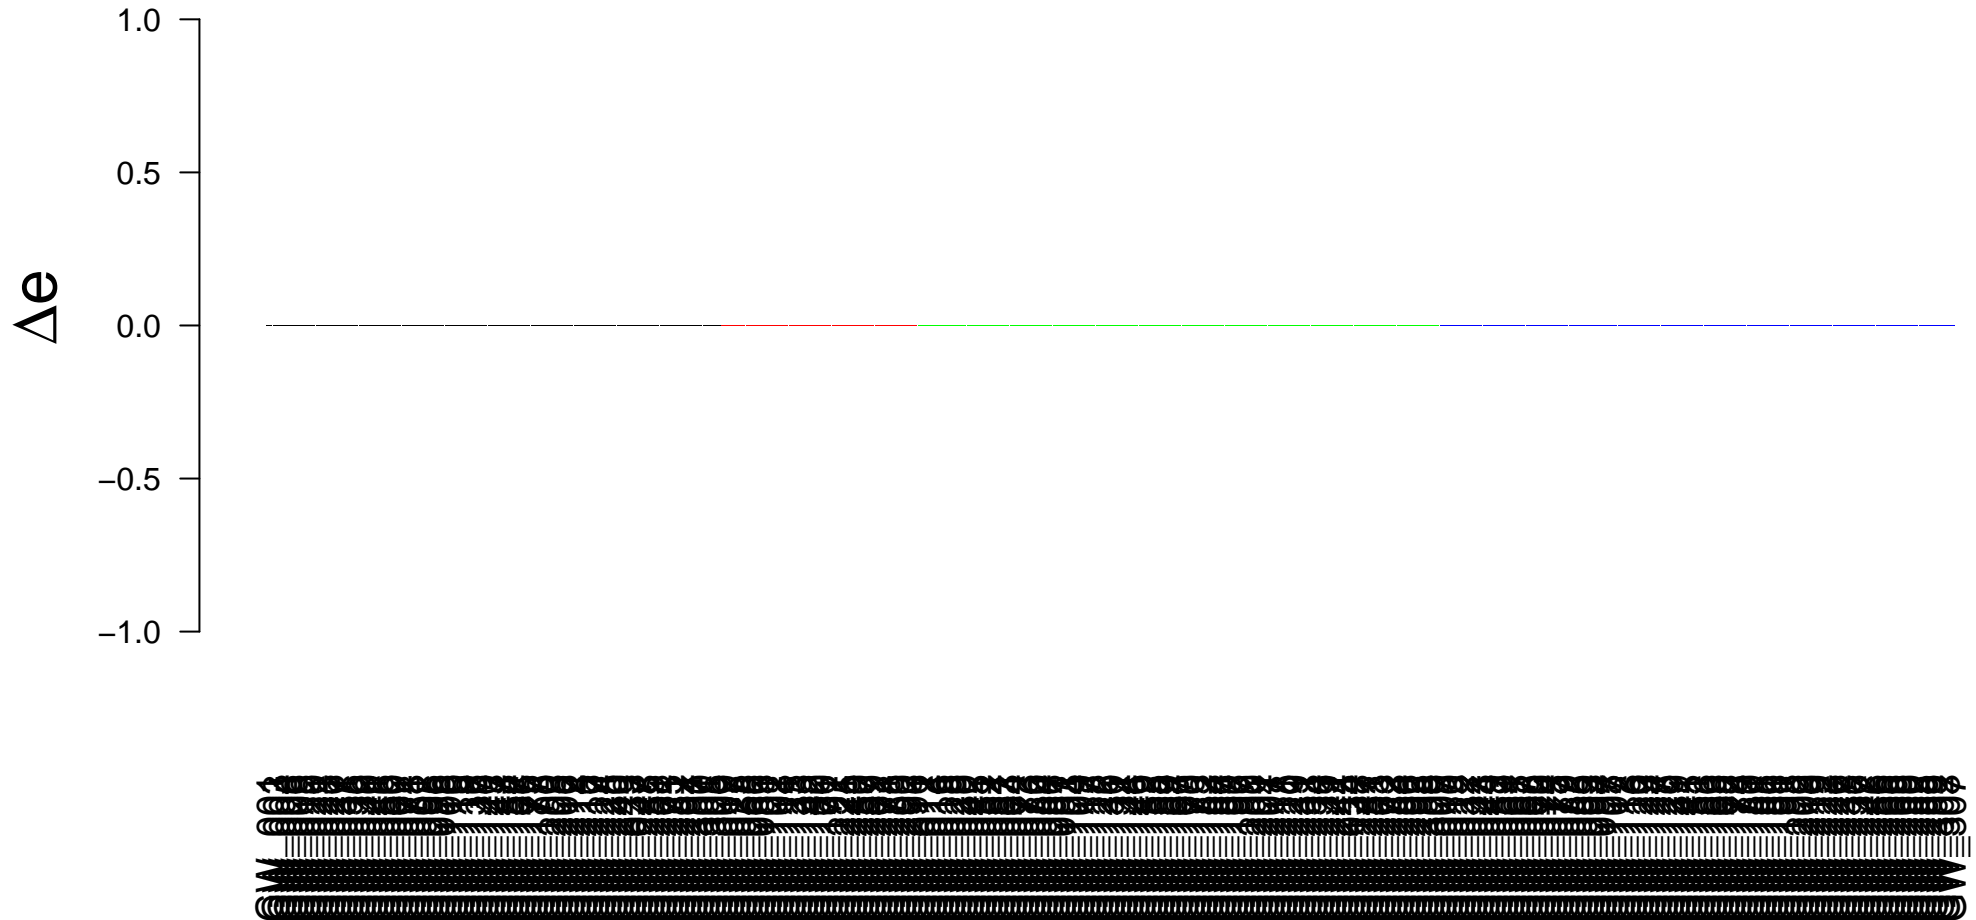

Expression of non-membrane spanning protein tyrosine kinase activity in Spot O

Expression of non-membrane spanning protein tyrosine kinase activity in Spot P

Expression of non-membrane spanning protein tyrosine kinase activity in Spot Q

Expression of non-membrane spanning protein tyrosine kinase activity in Spot R
