

nucleobase-containing small molecule interconversion

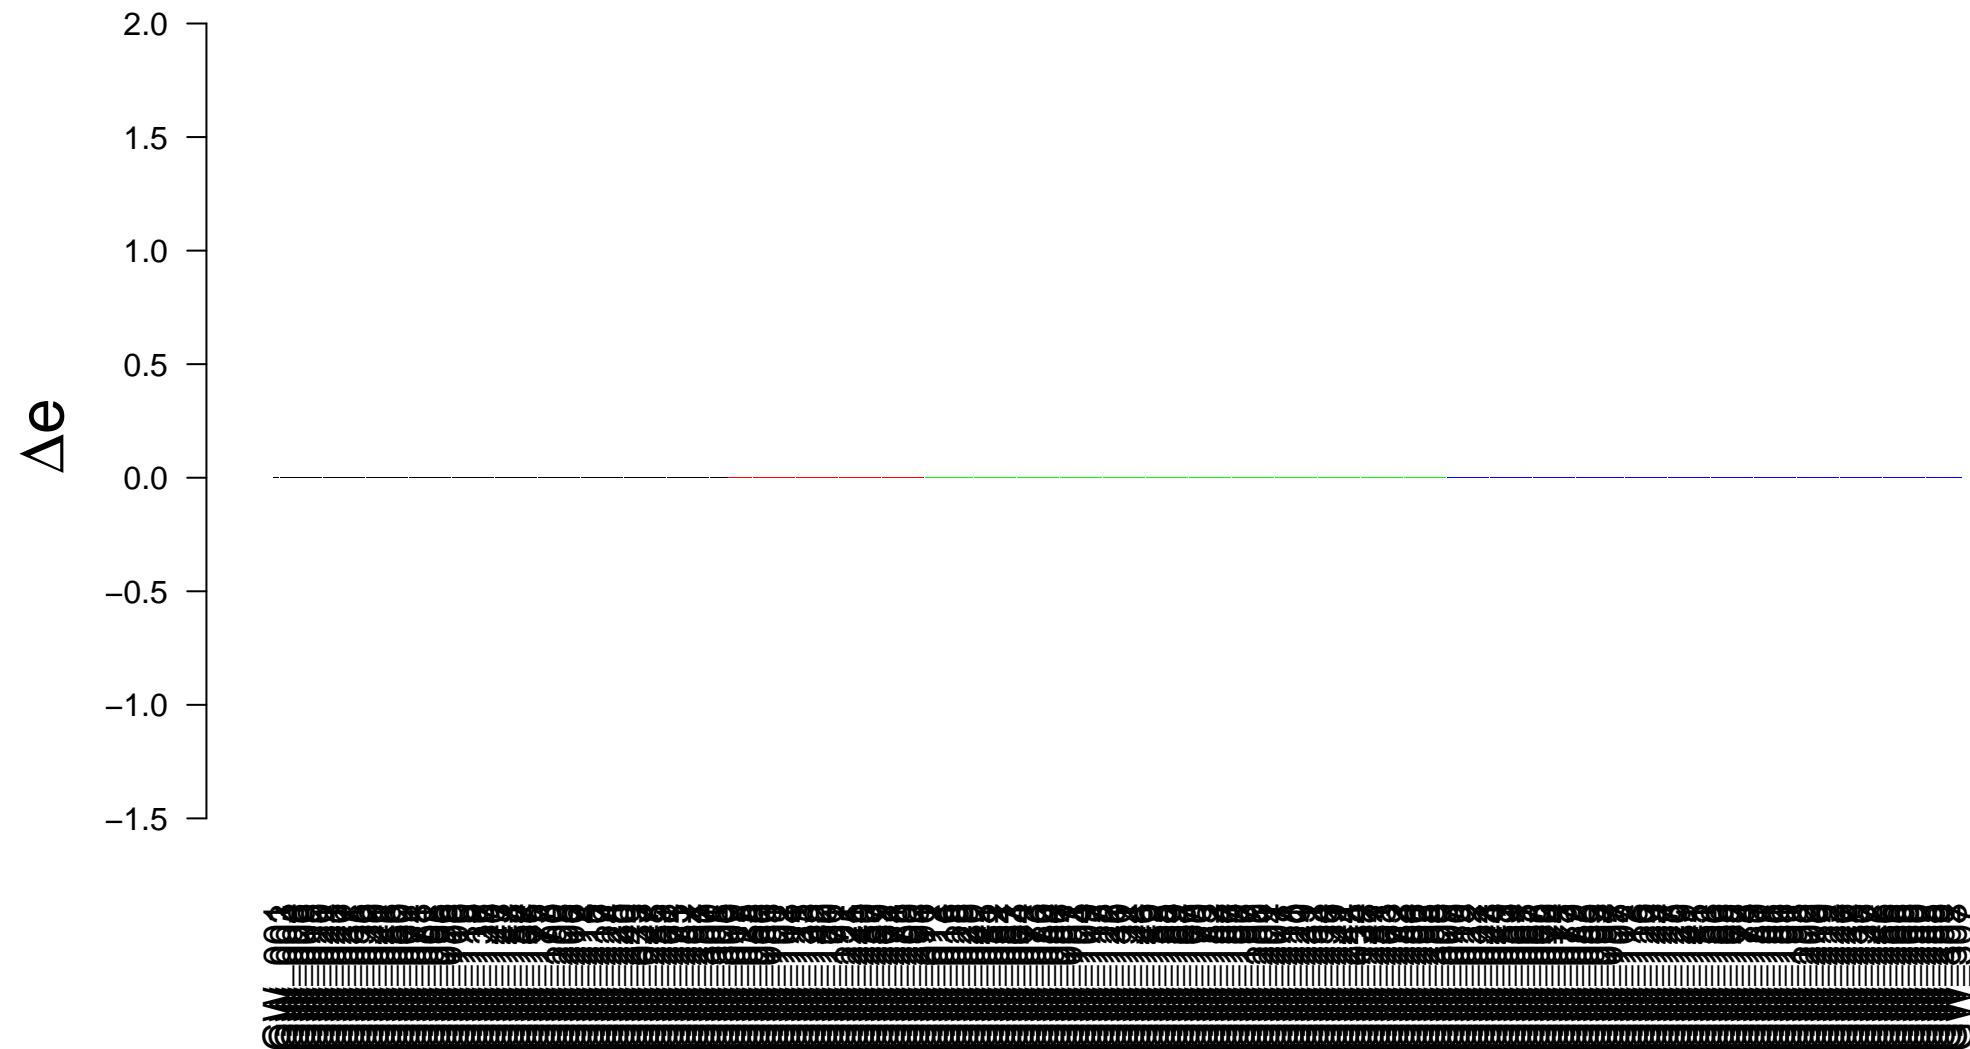

nucleobase-containing small molecule interconversion

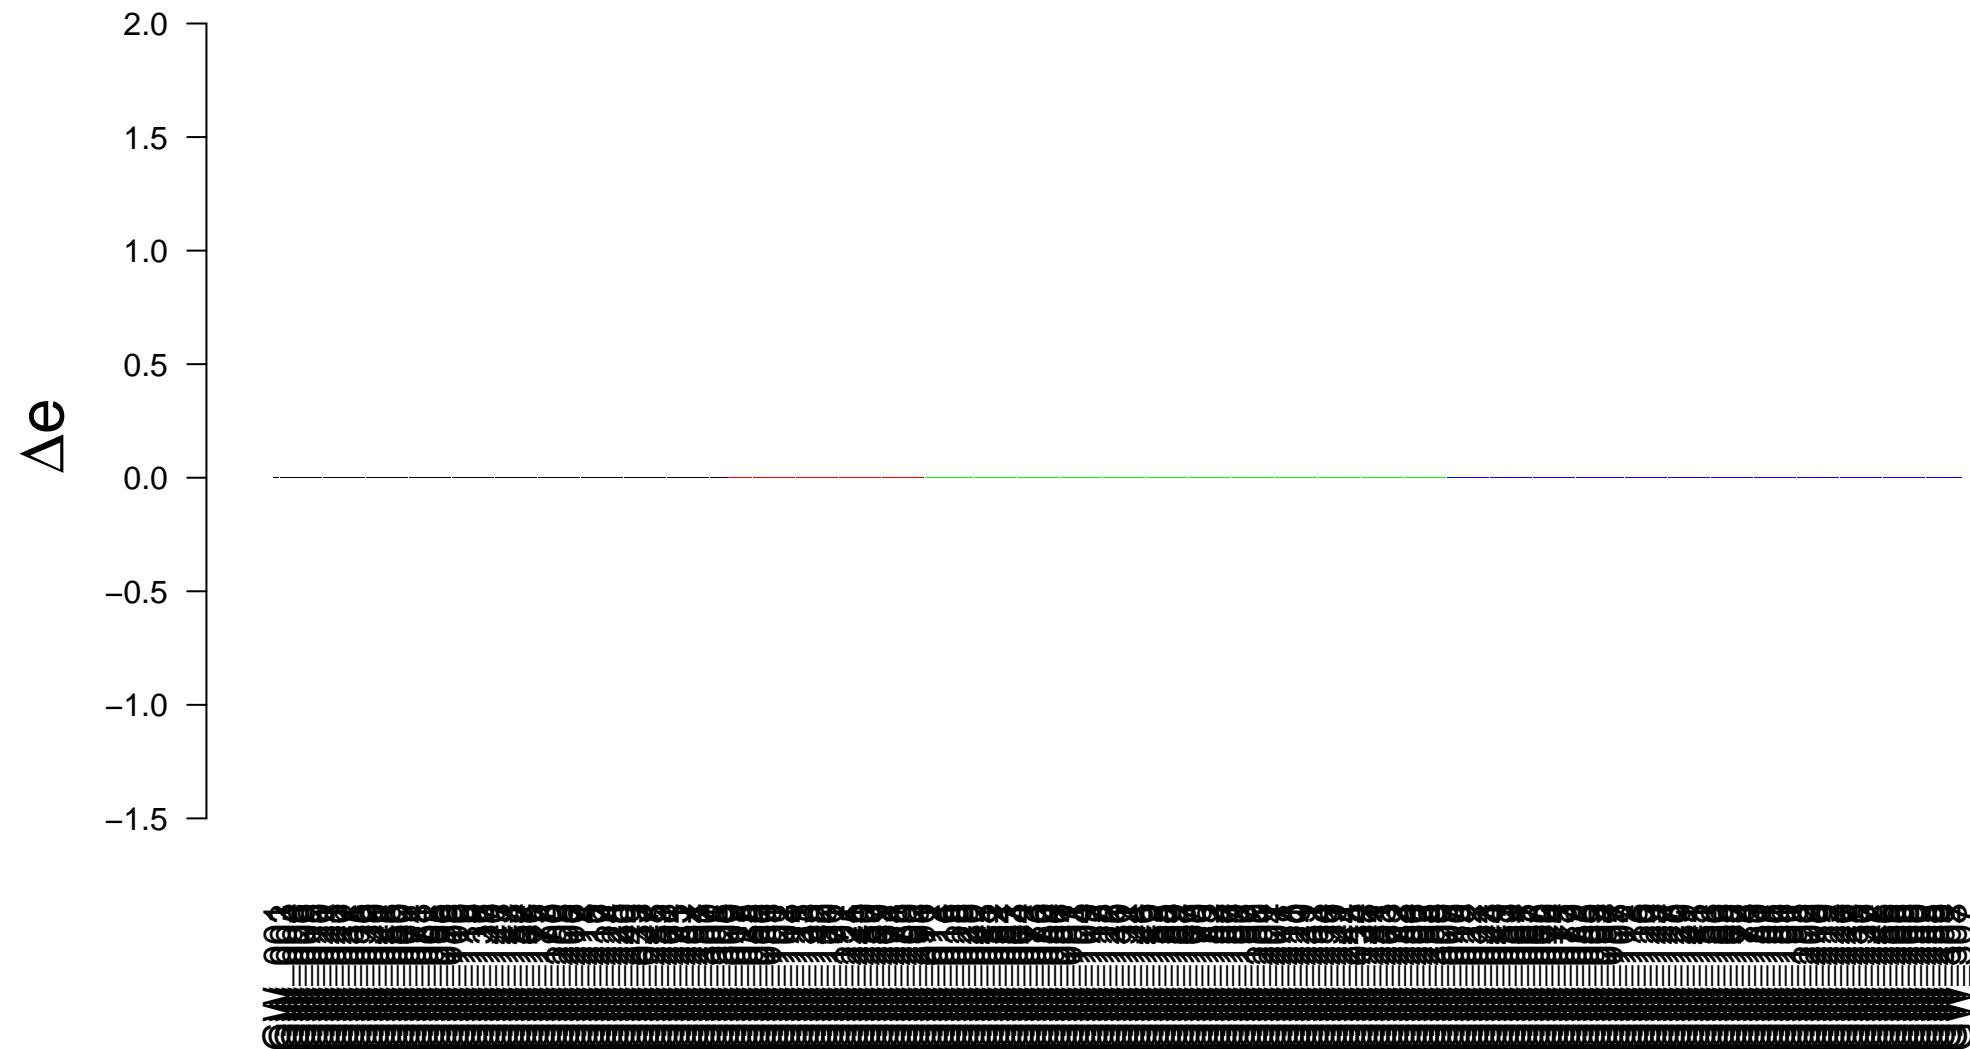

### Enrichment in spots: nucleobase-containing small molecule interconversion

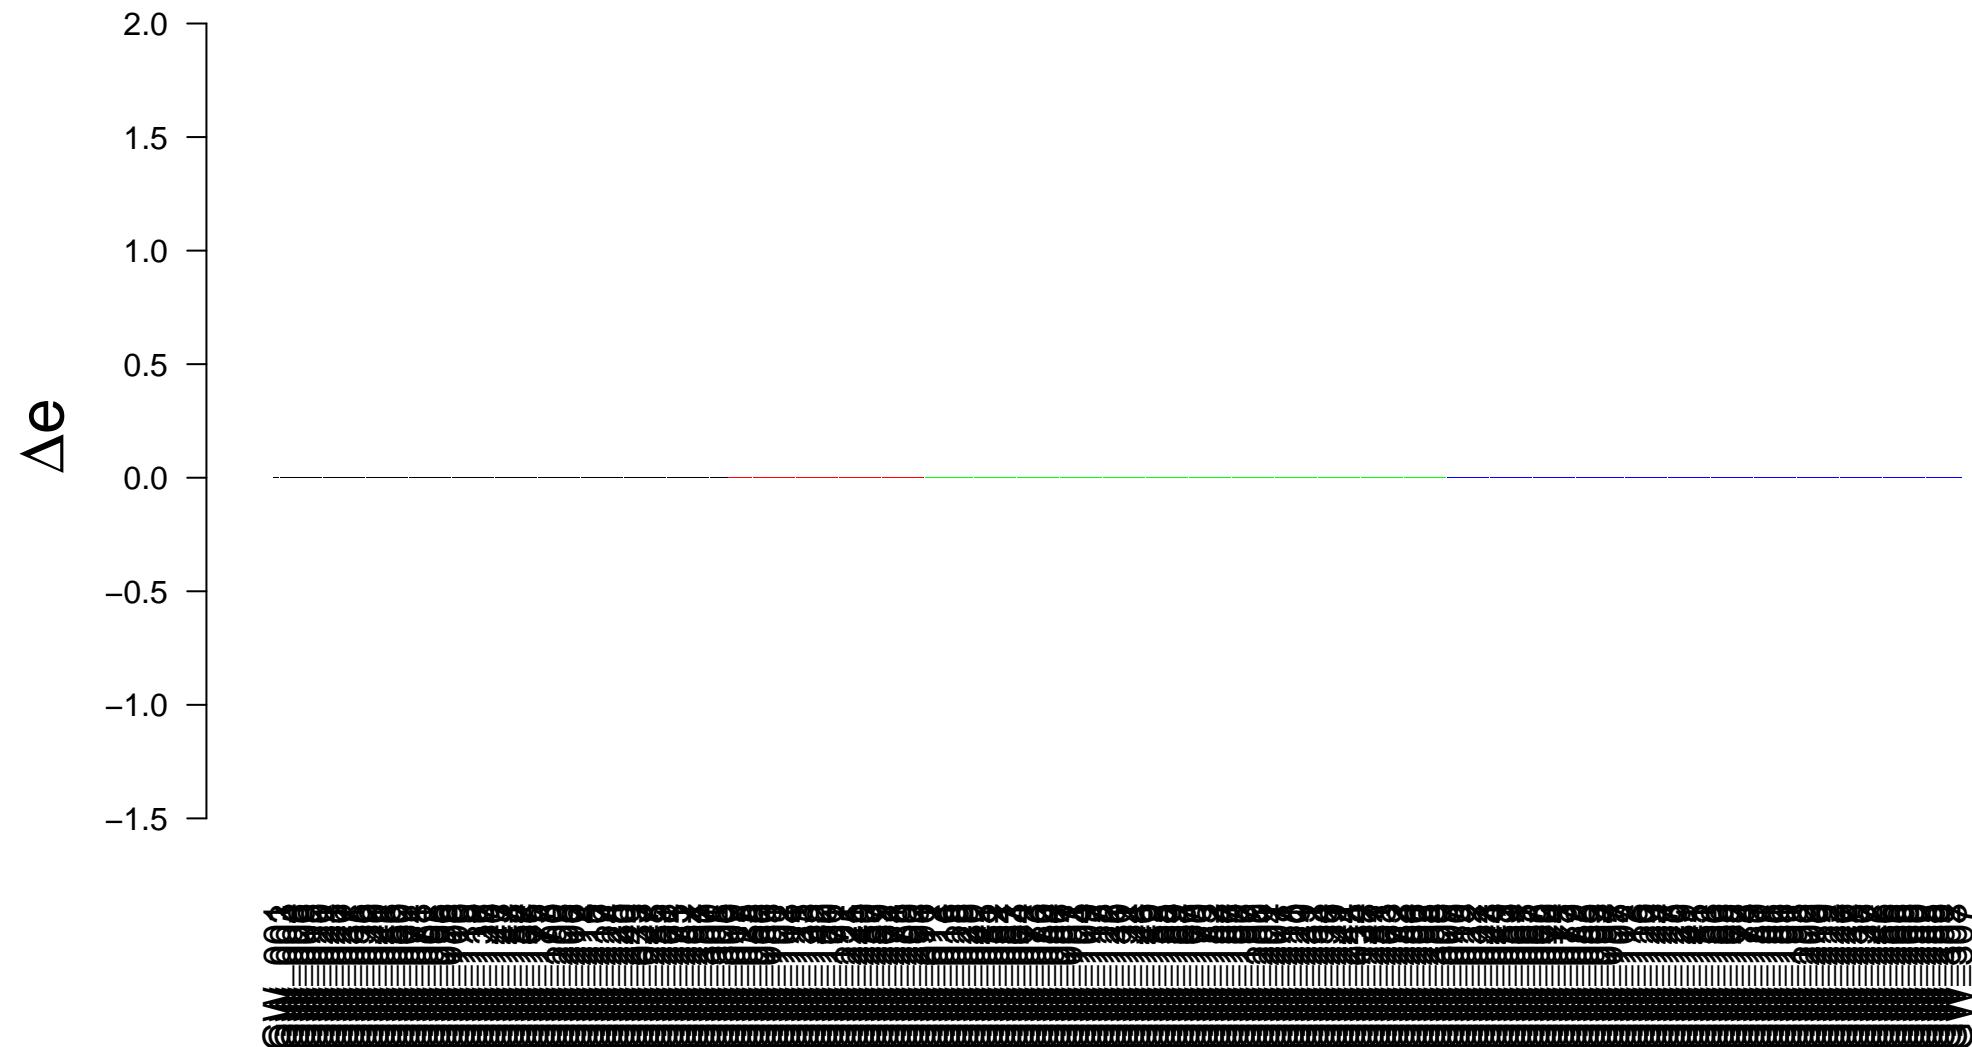

### Expression of nucleobase-containing small molecule interconversion in Spot A

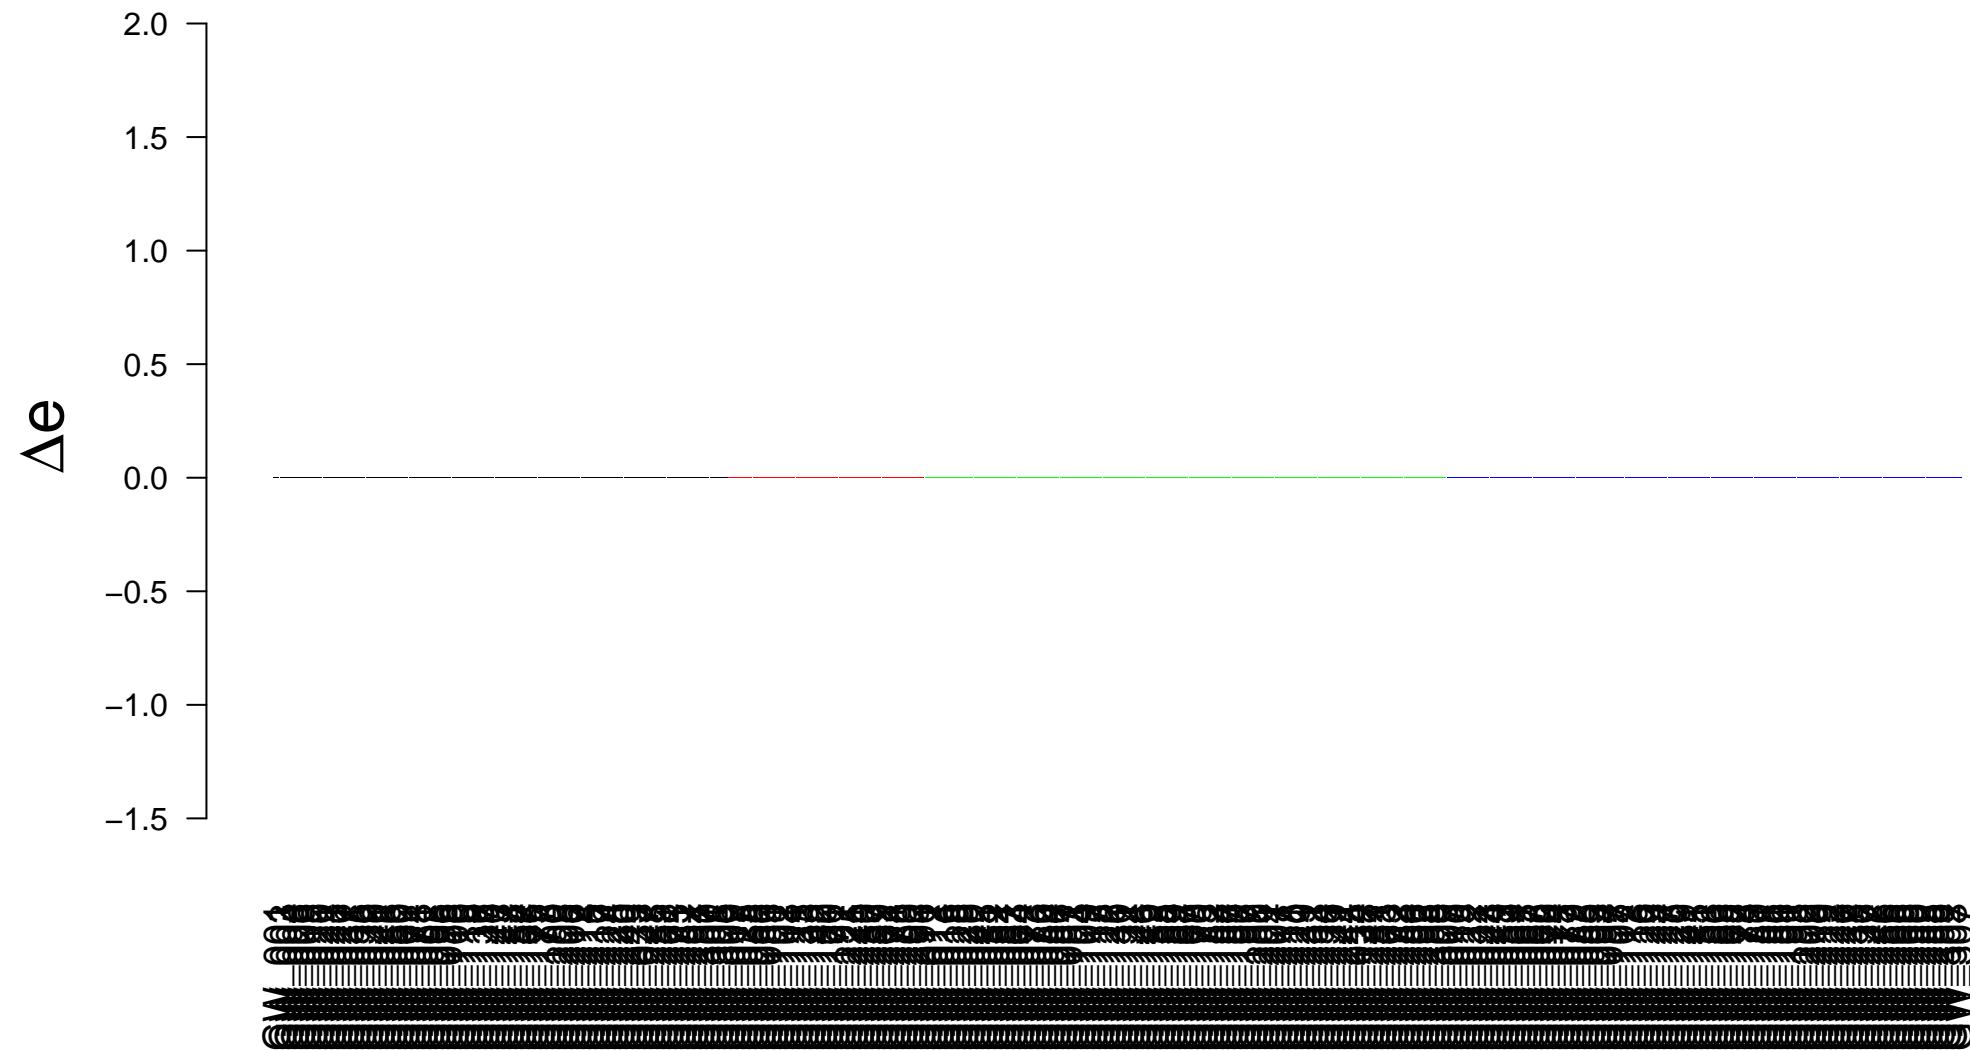

### Expression of nucleobase-containing small molecule interconversion in Spot B

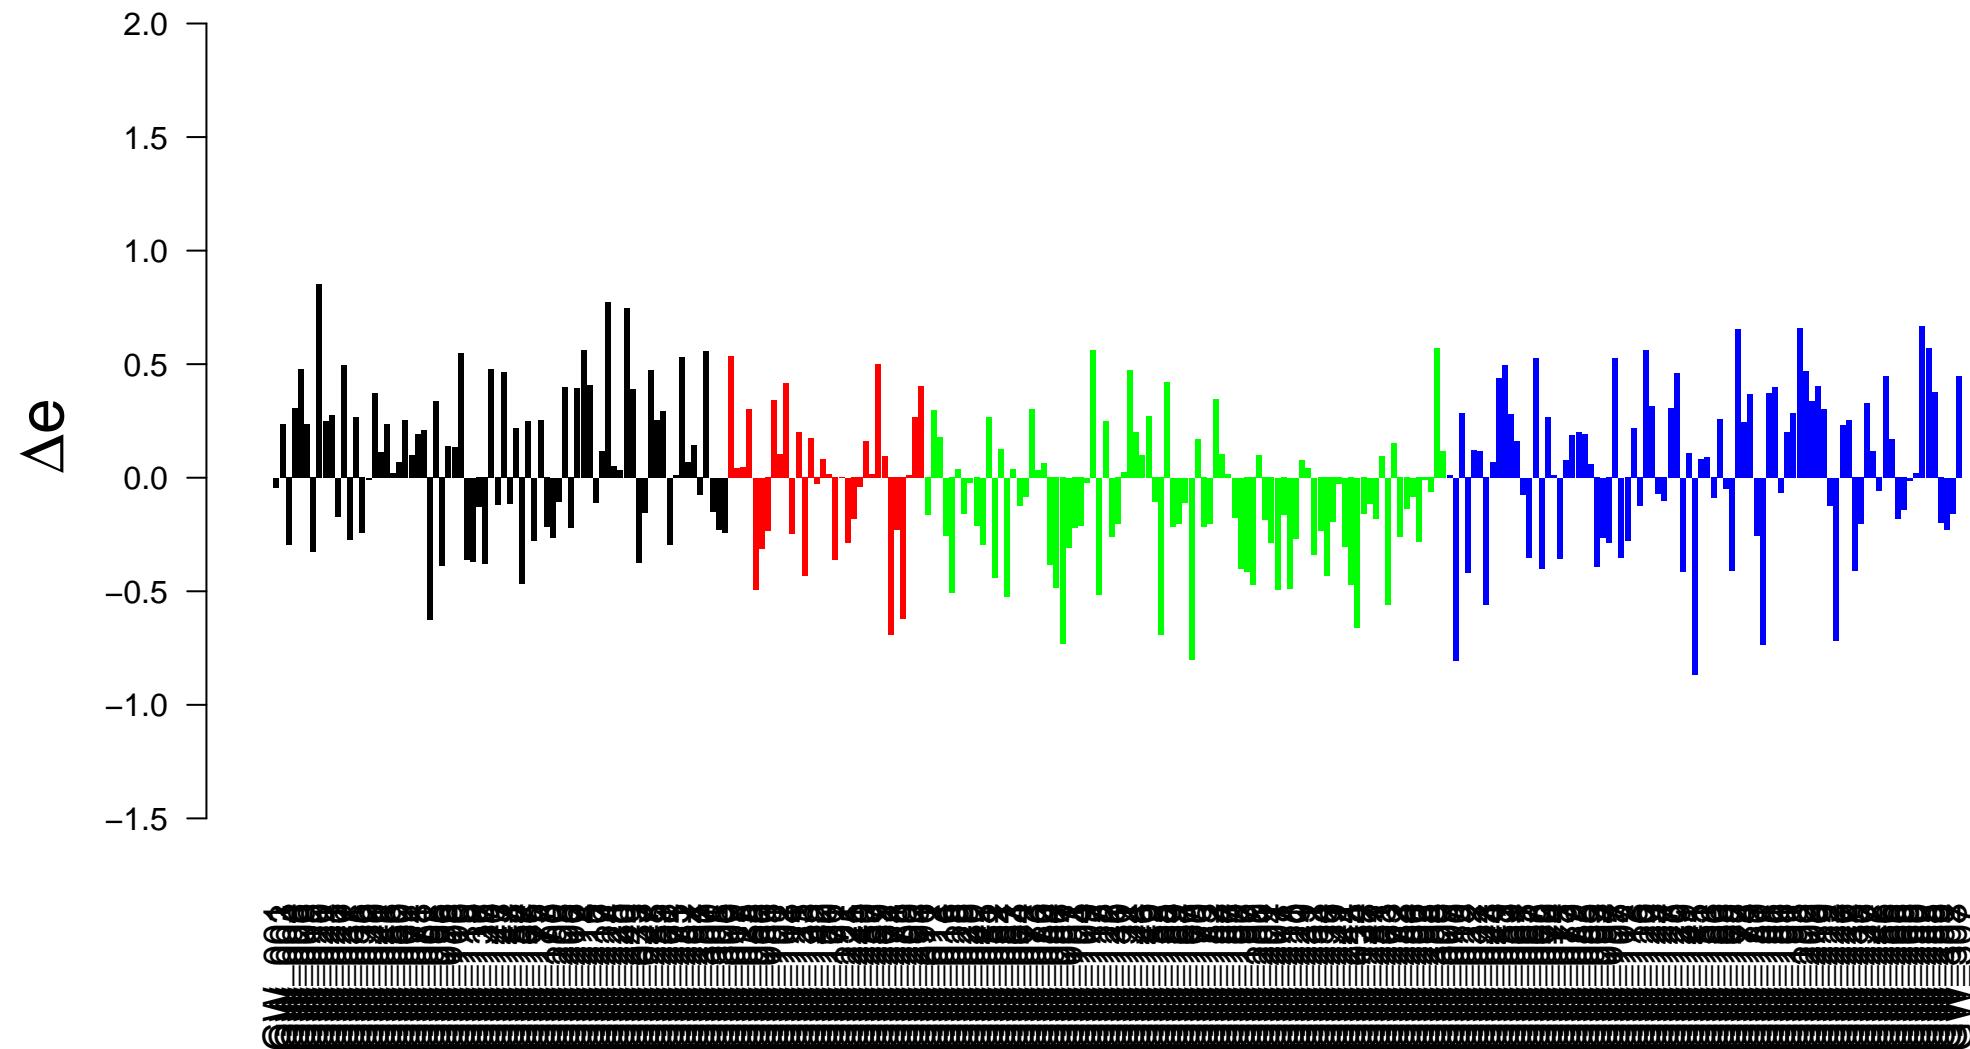

### Expression of nucleobase-containing small molecule interconversion in Spot C

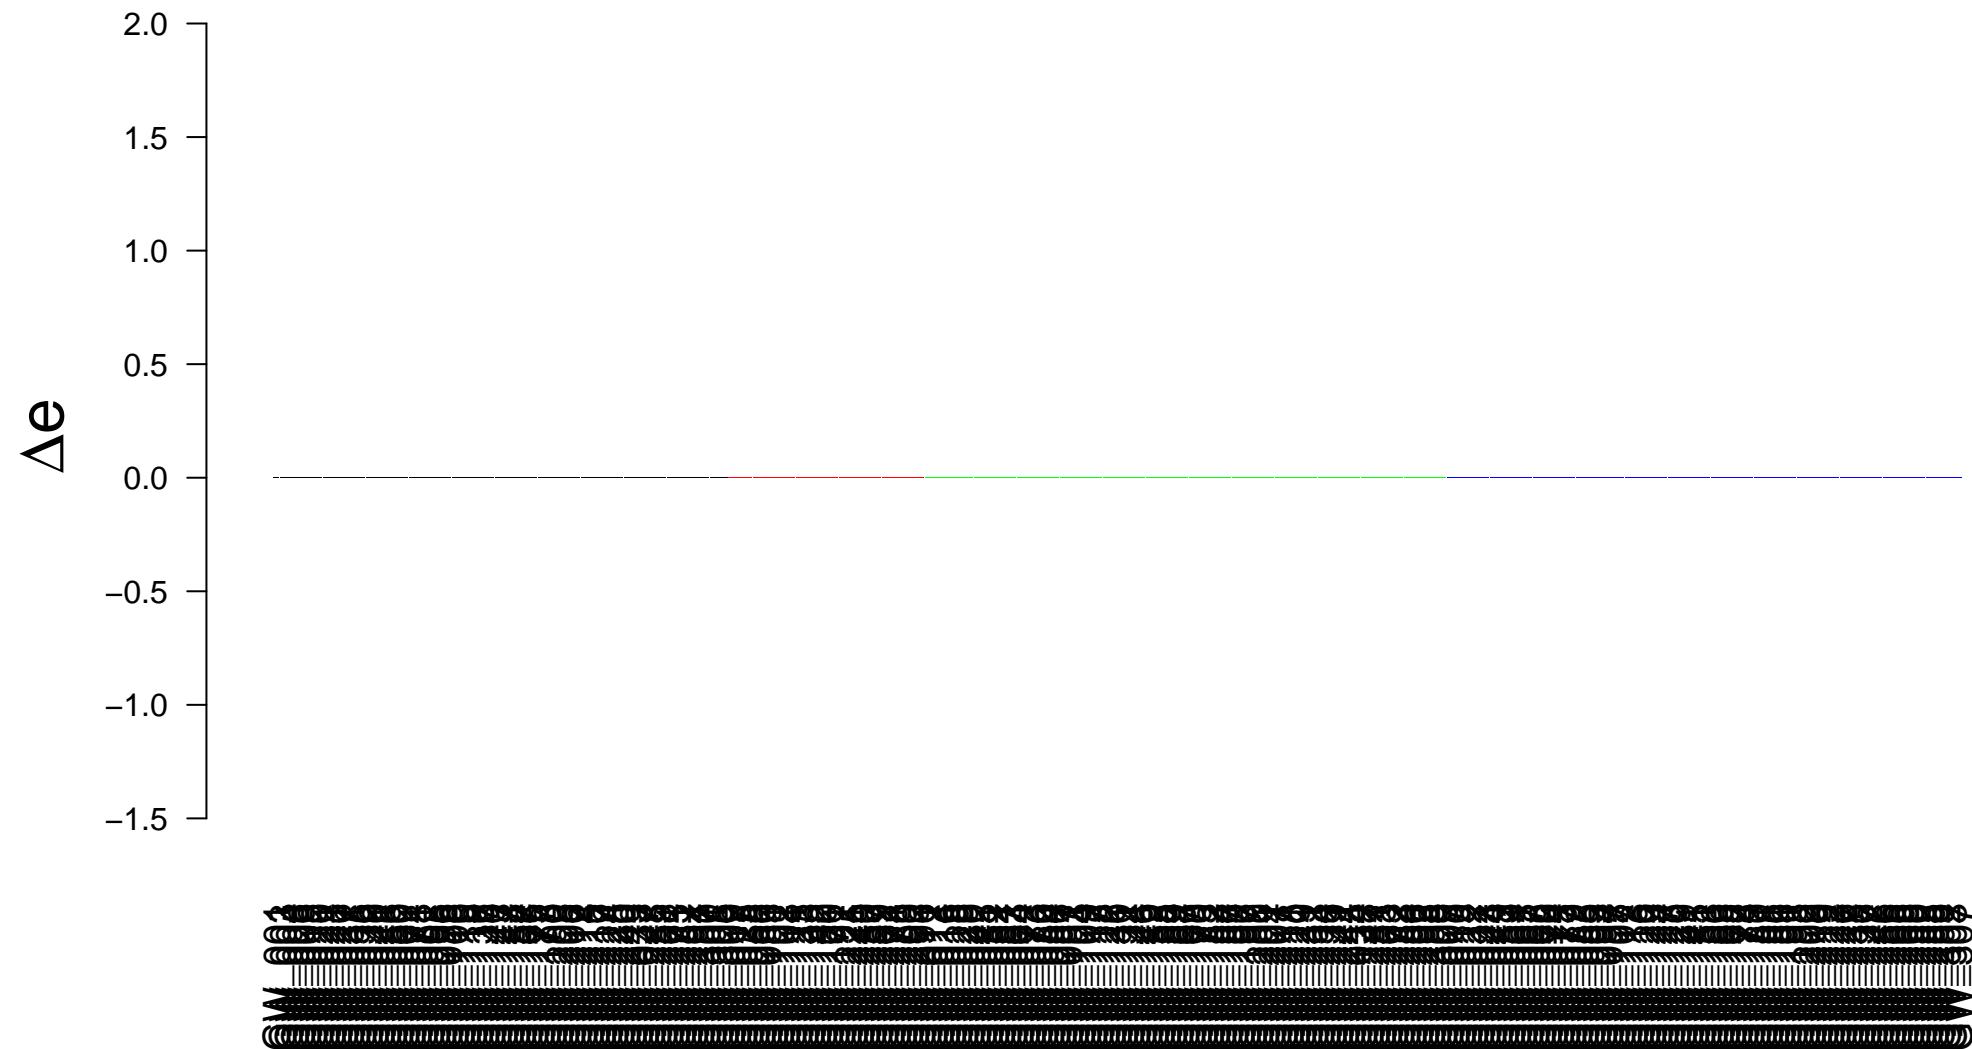

### Expression of nucleobase-containing small molecule interconversion in Spot D

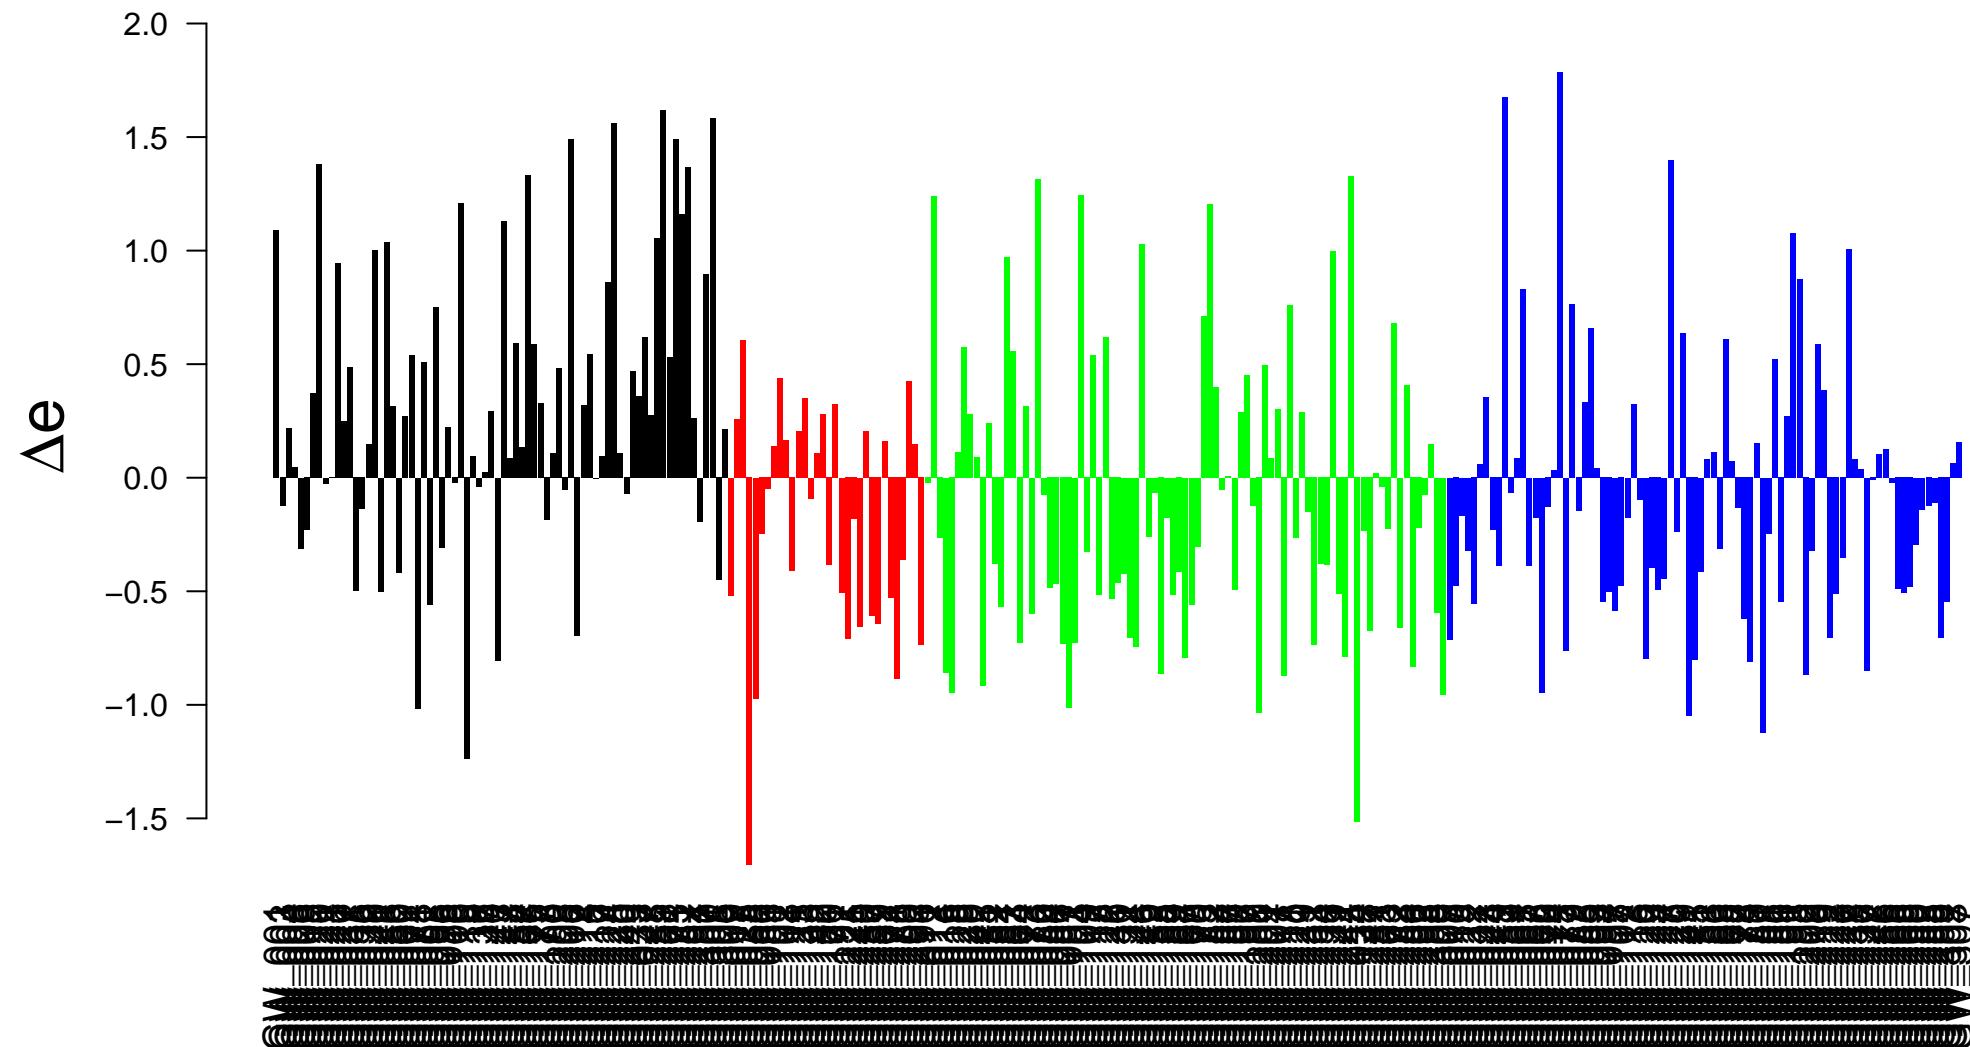

## Expression of nucleobase-containing small molecule interconversion in Spot E

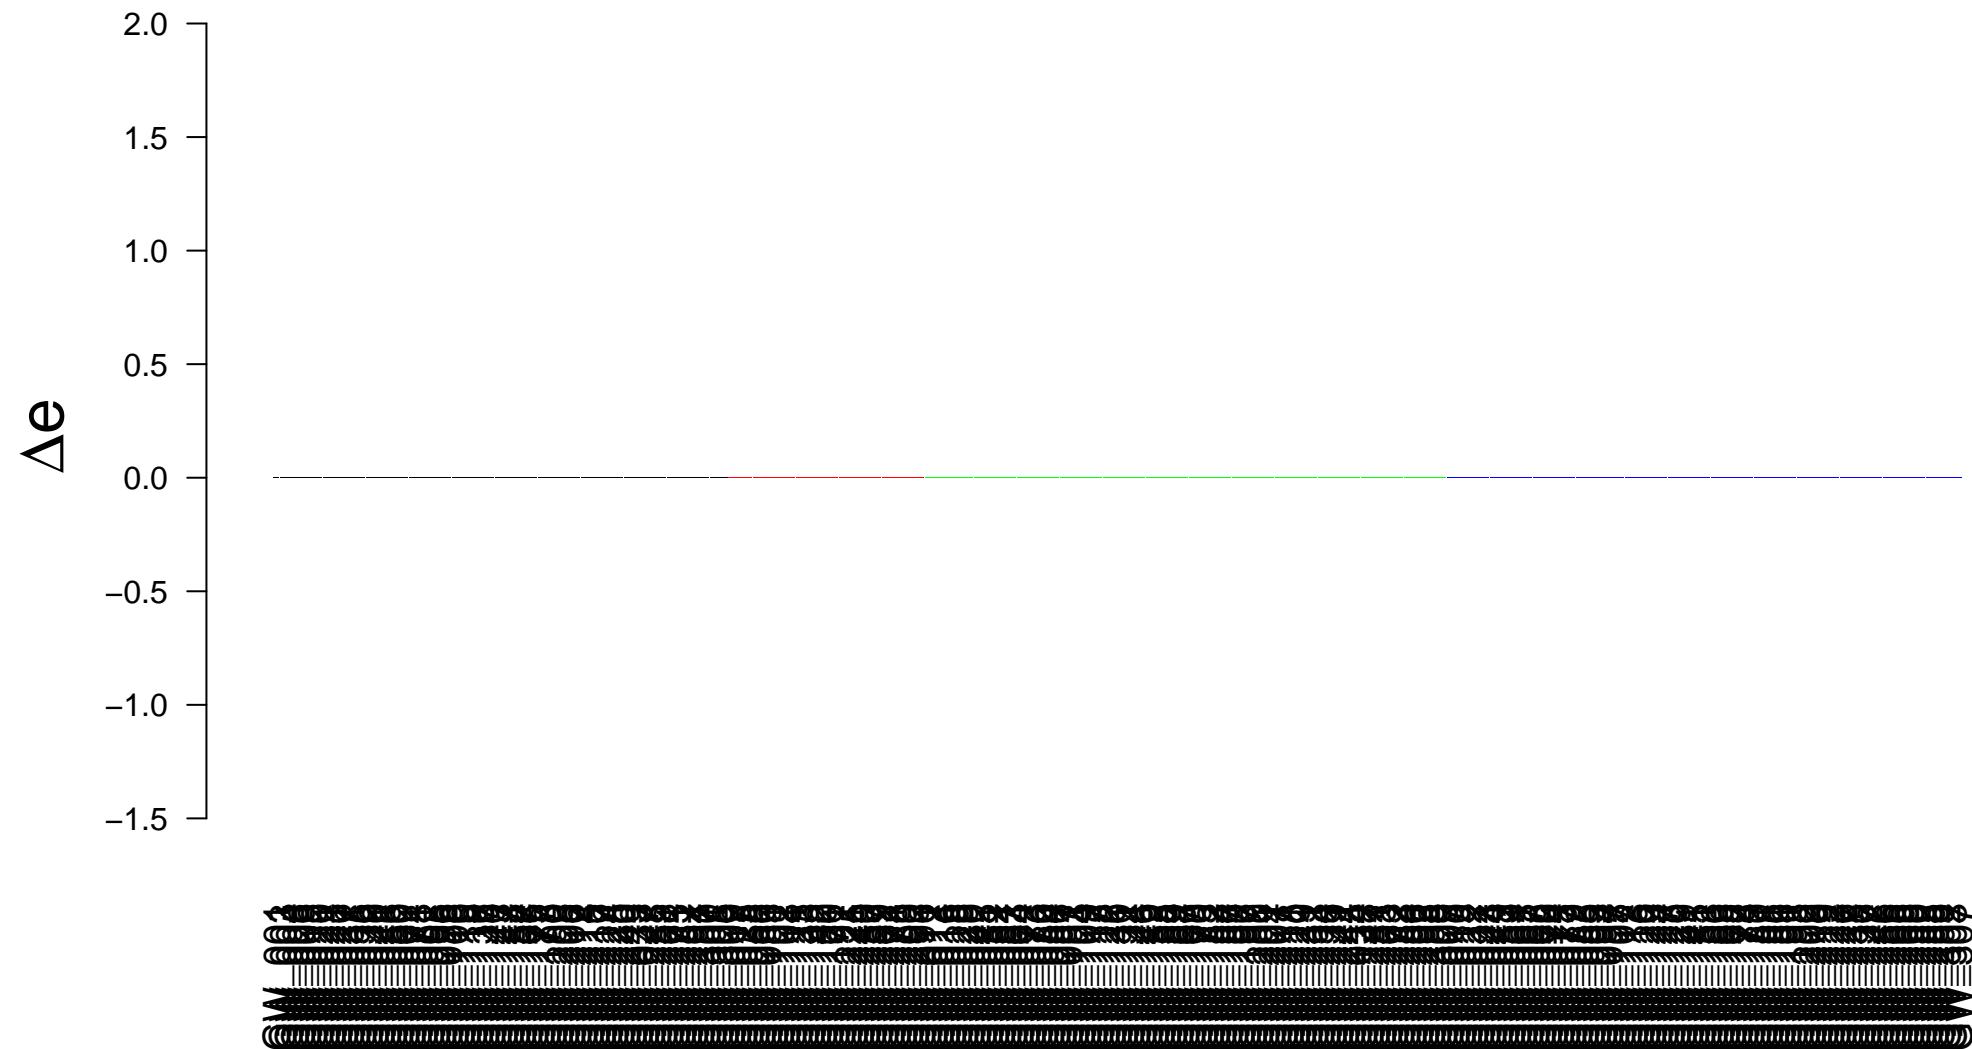

### Expression of nucleobase-containing small molecule interconversion in Spot F

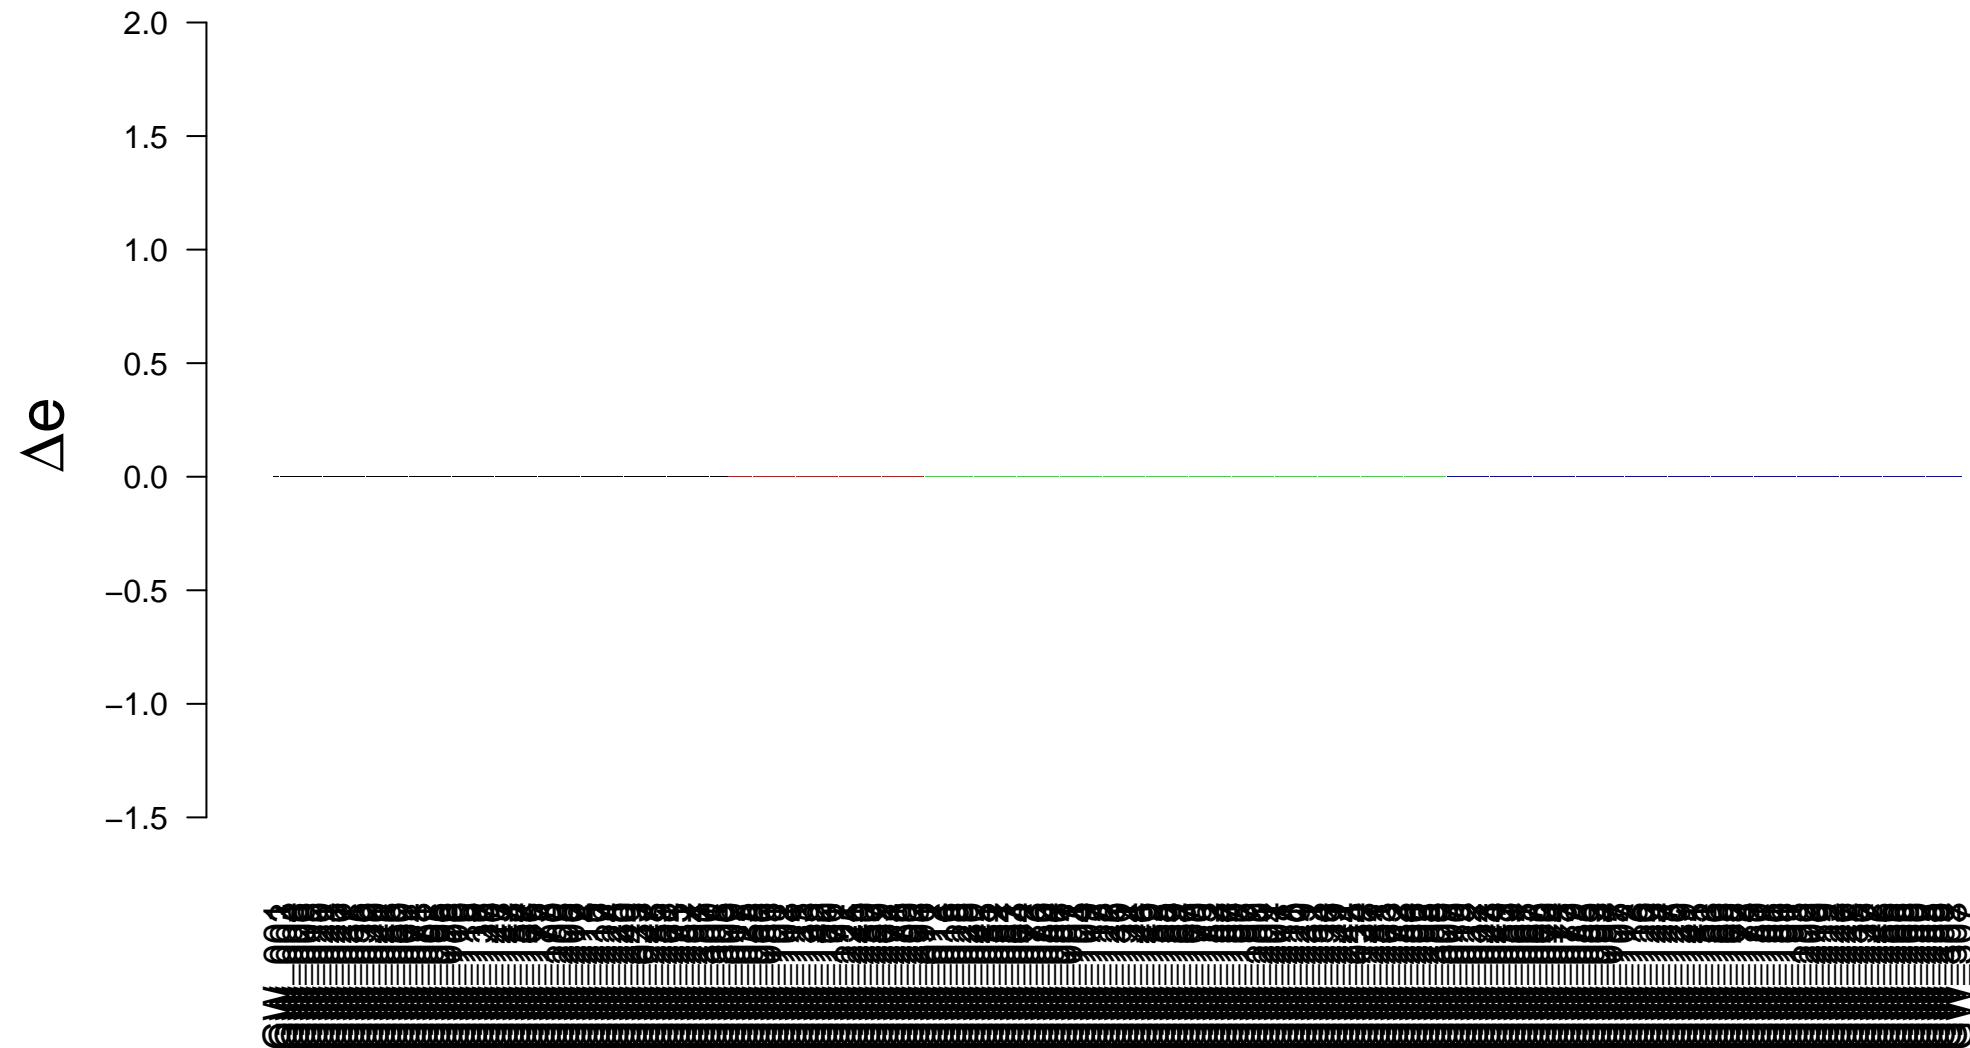

## Expression of nucleobase-containing small molecule interconversion in Spot G

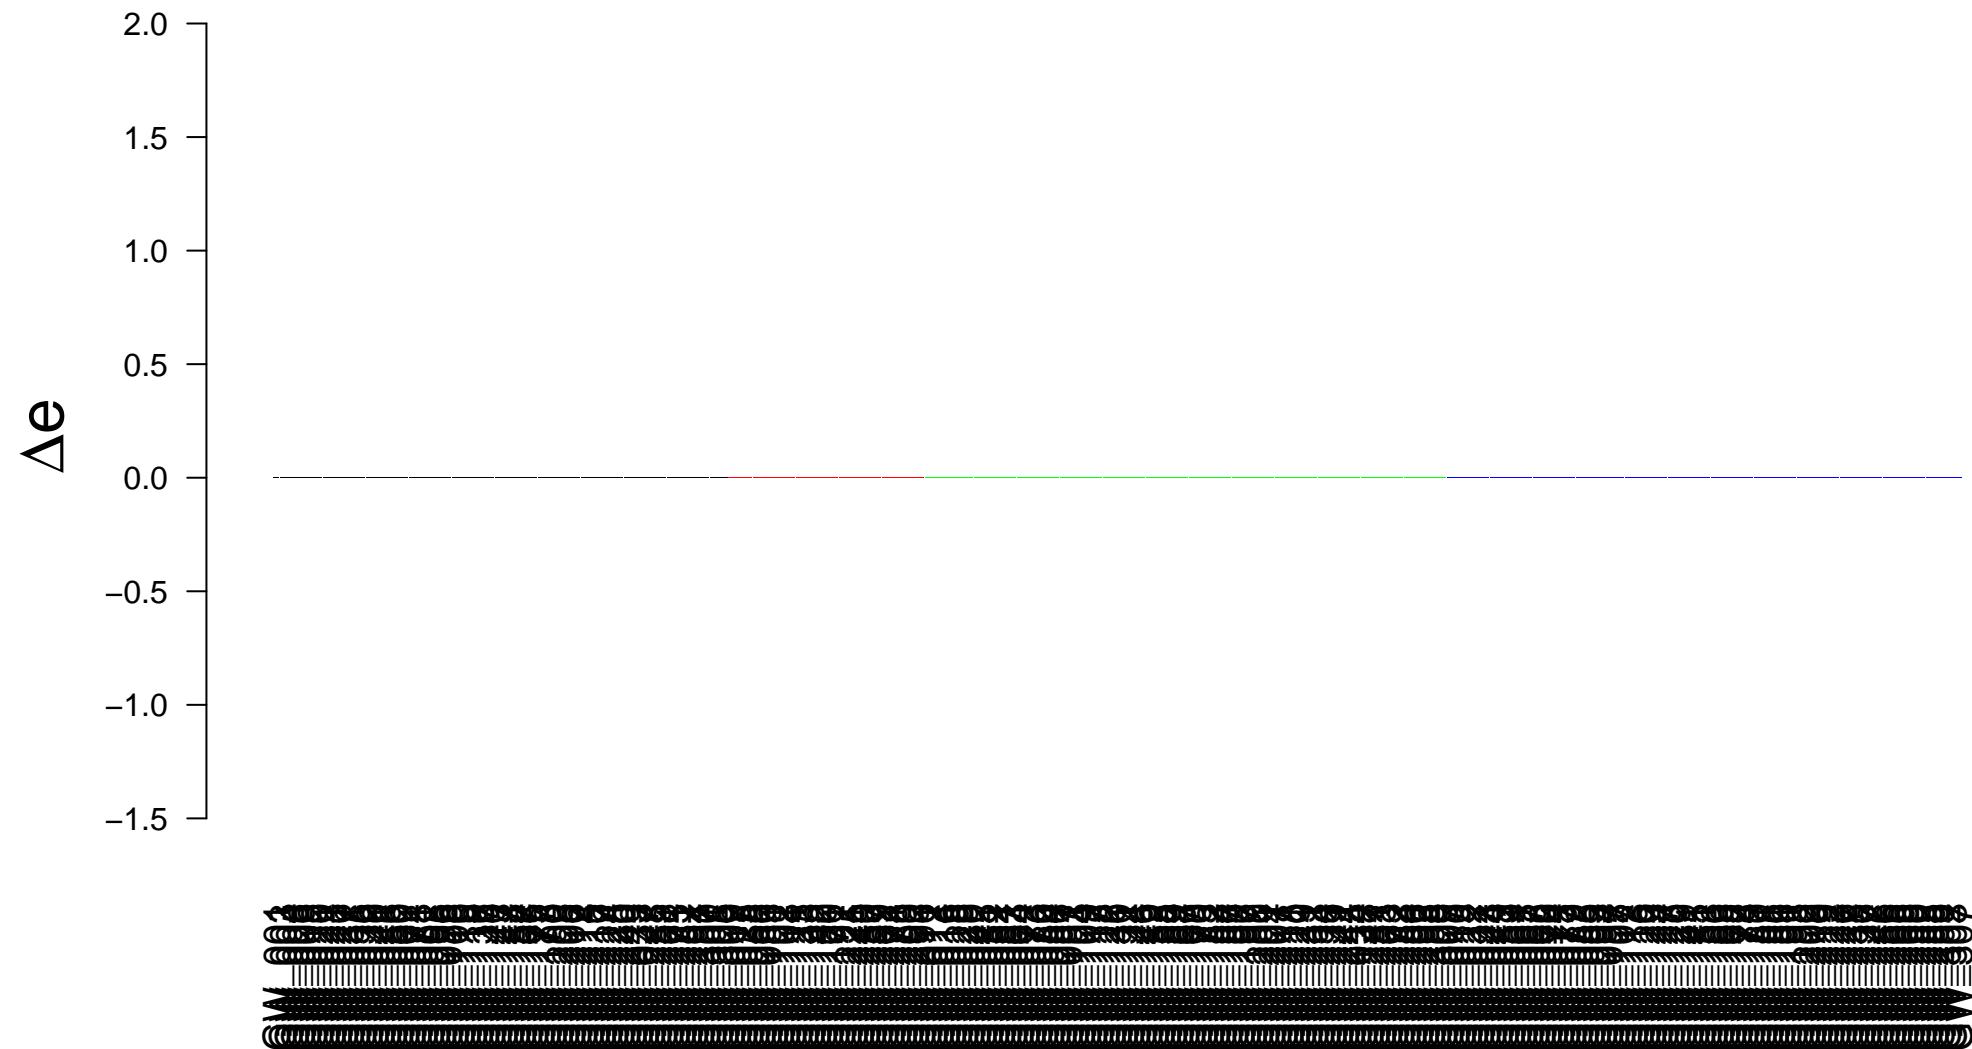

### Expression of nucleobase-containing small molecule interconversion in Spot H

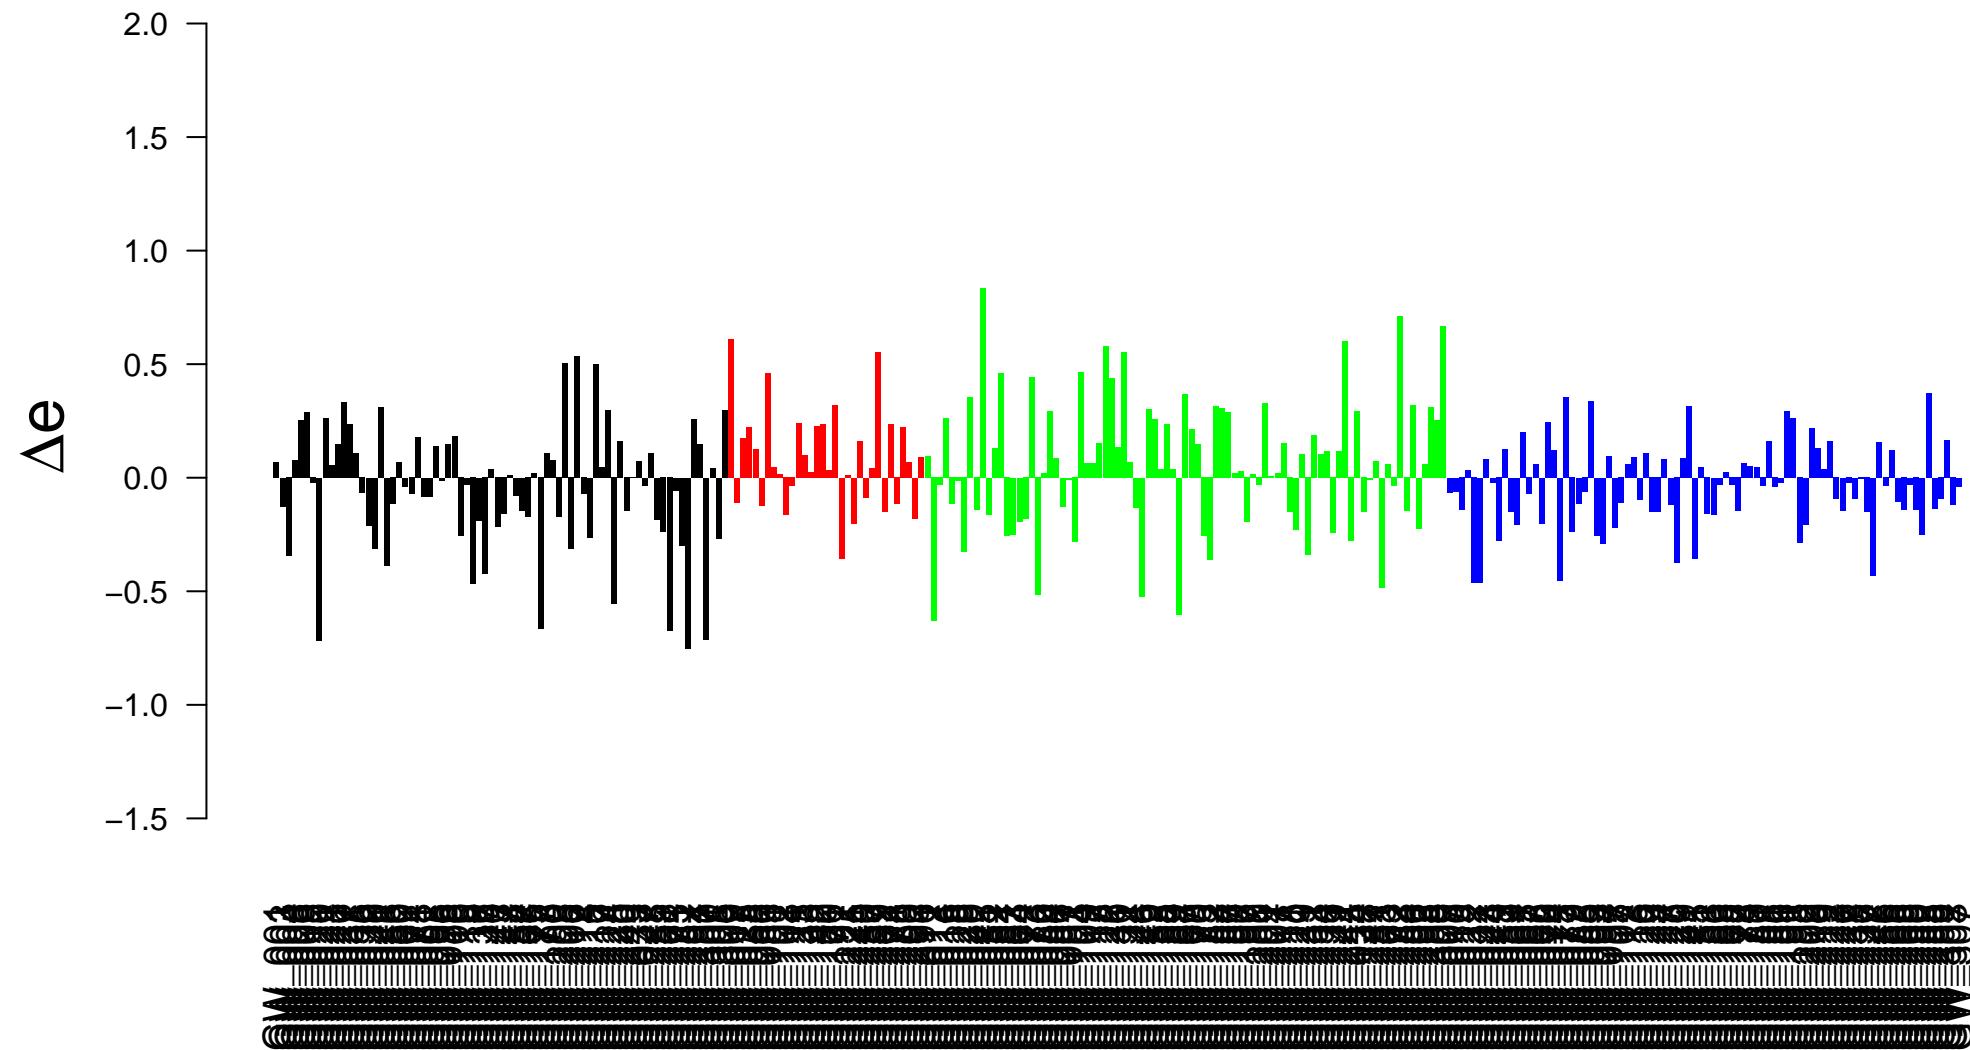

## Expression of nucleobase-containing small molecule interconversion in Spot I

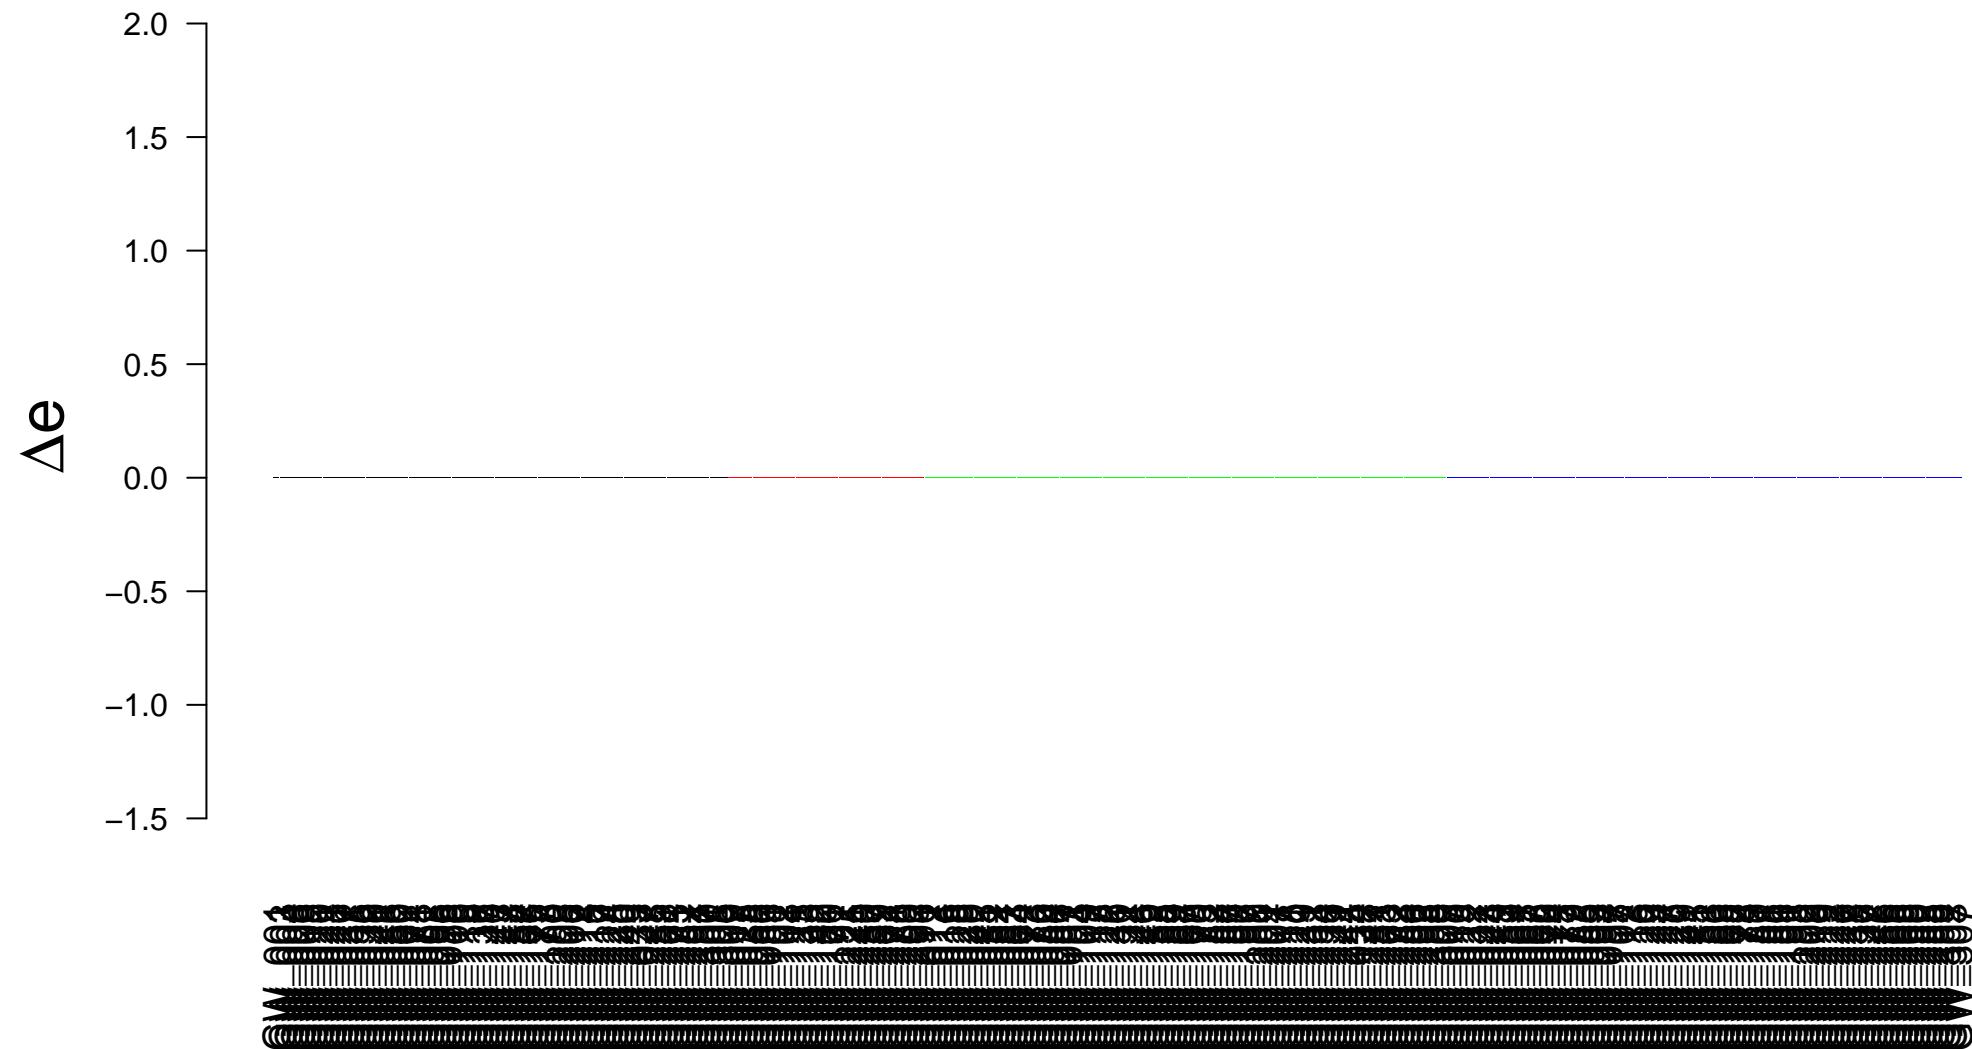

## Expression of nucleobase-containing small molecule interconversion in Spot J

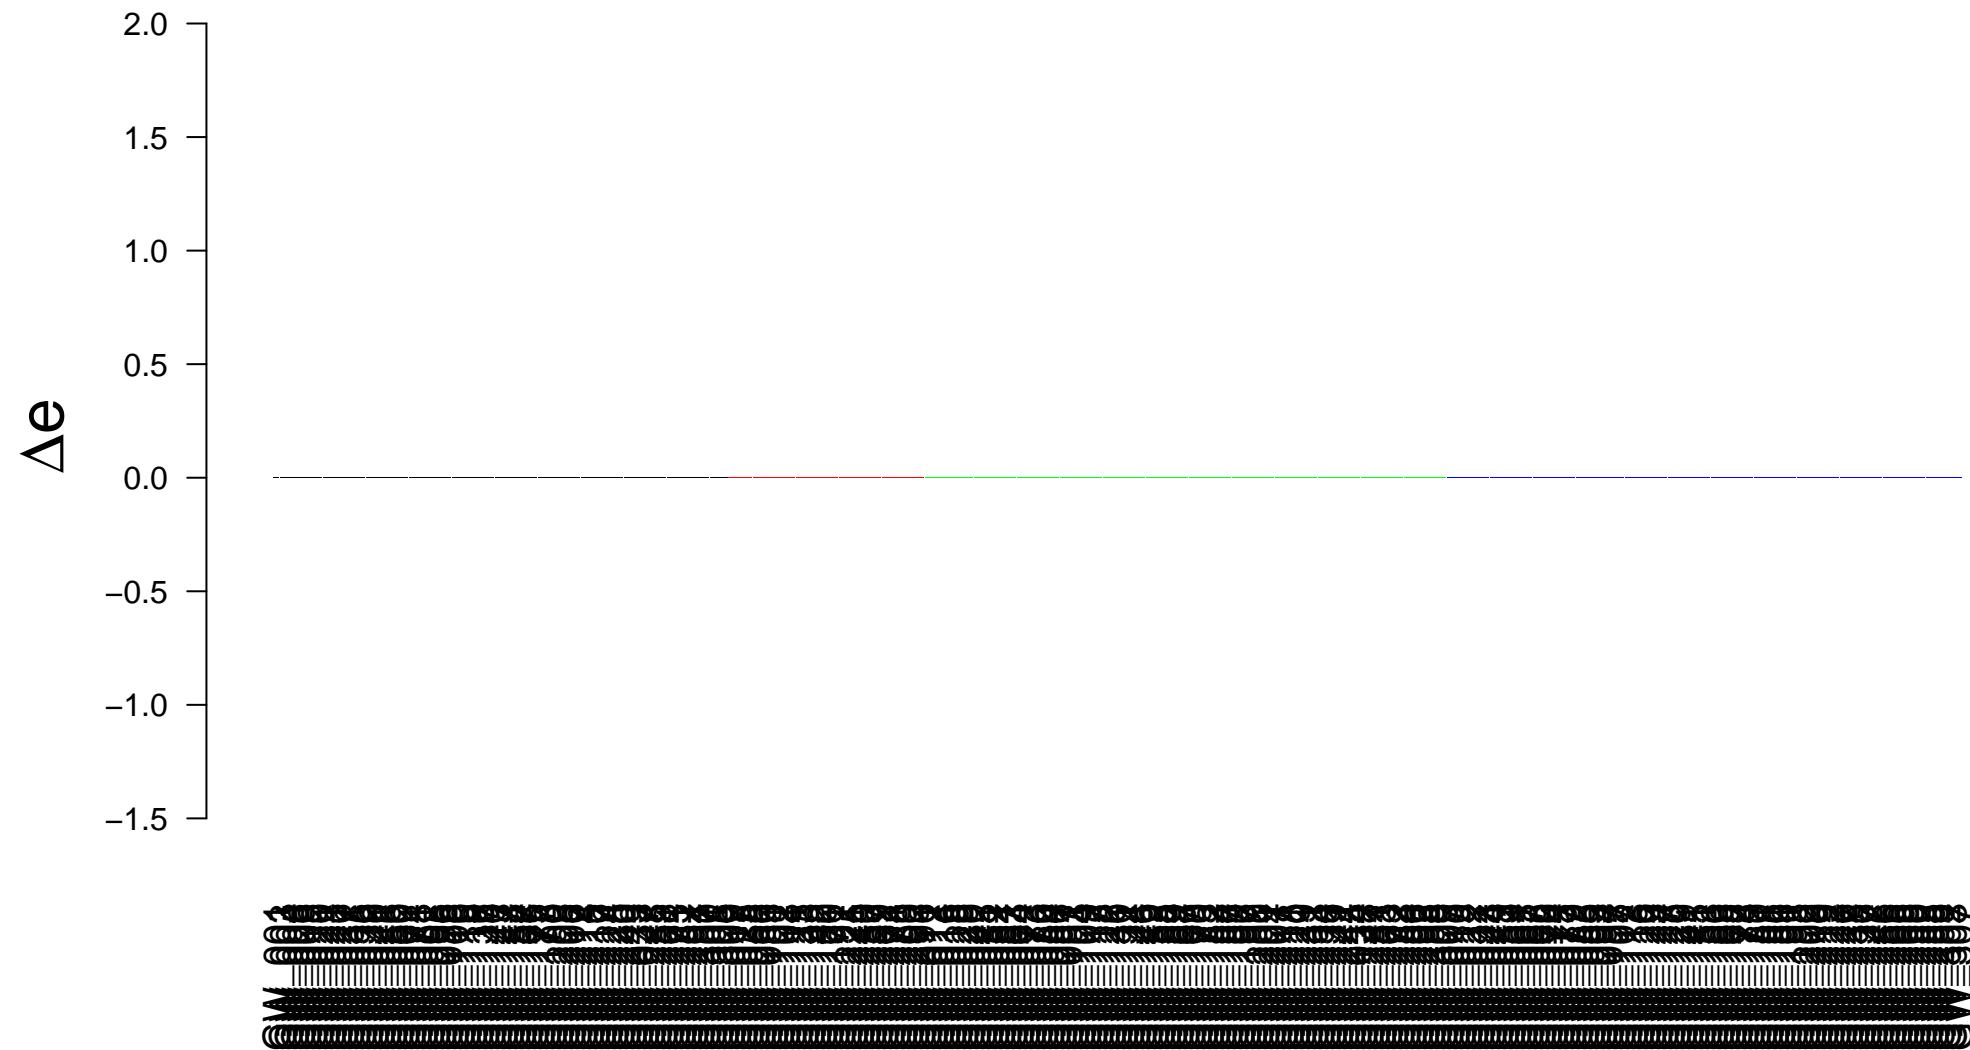

## Expression of nucleobase-containing small molecule interconversion in Spot K

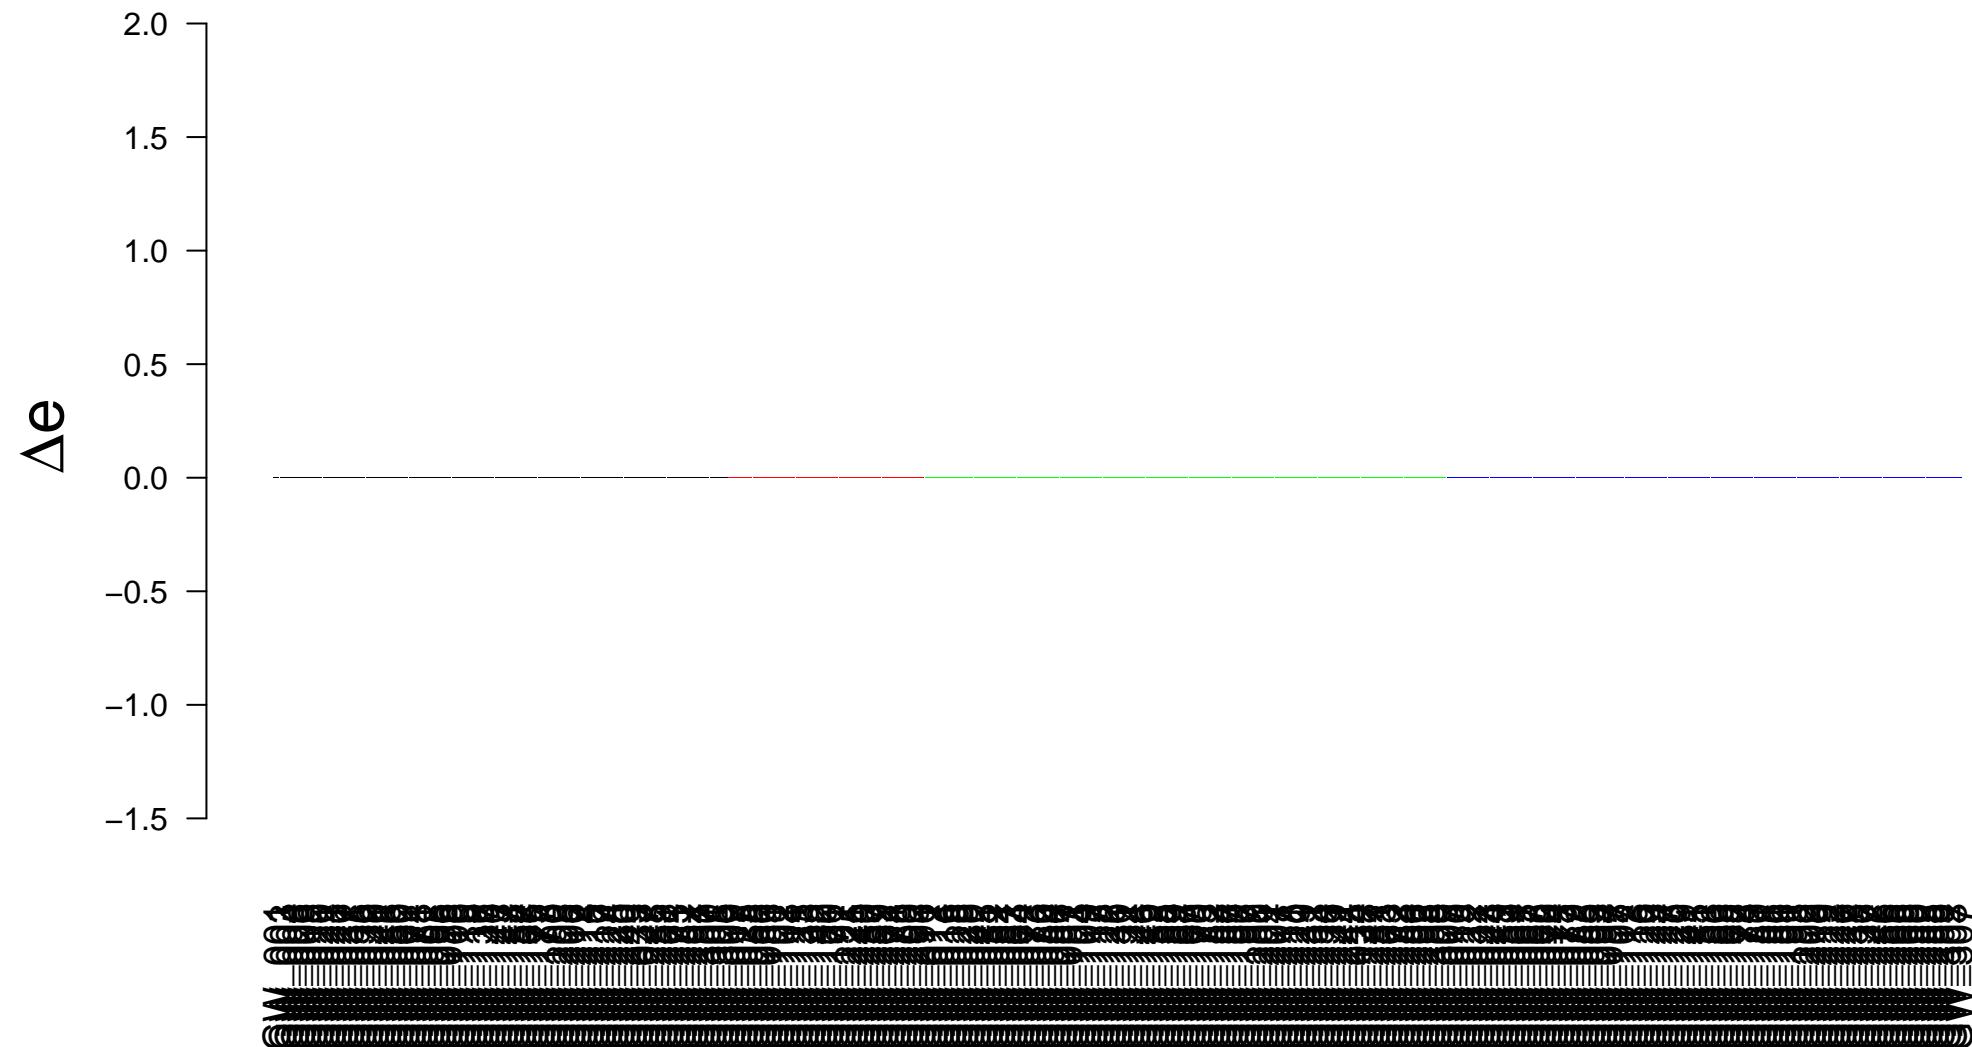

### Expression of nucleobase-containing small molecule interconversion in Spot L

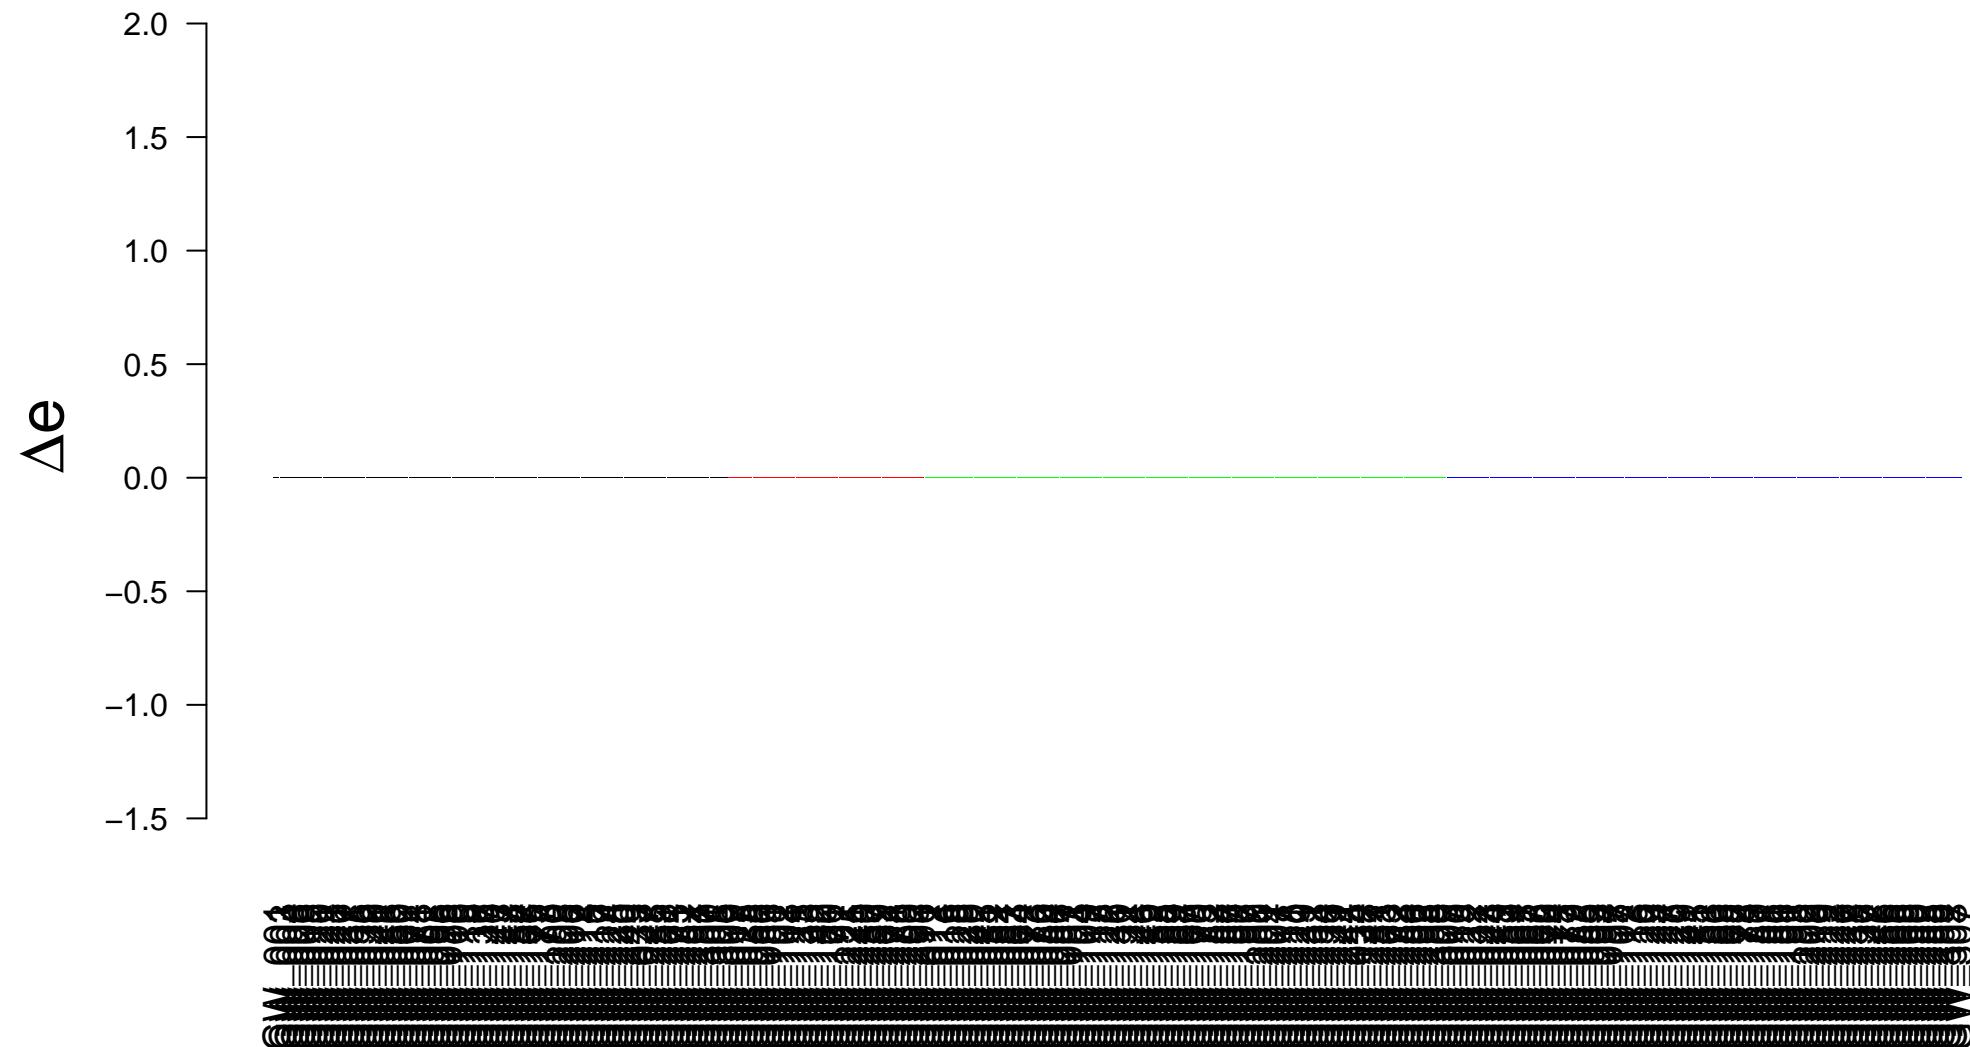

### Expression of nucleobase-containing small molecule interconversion in Spot M

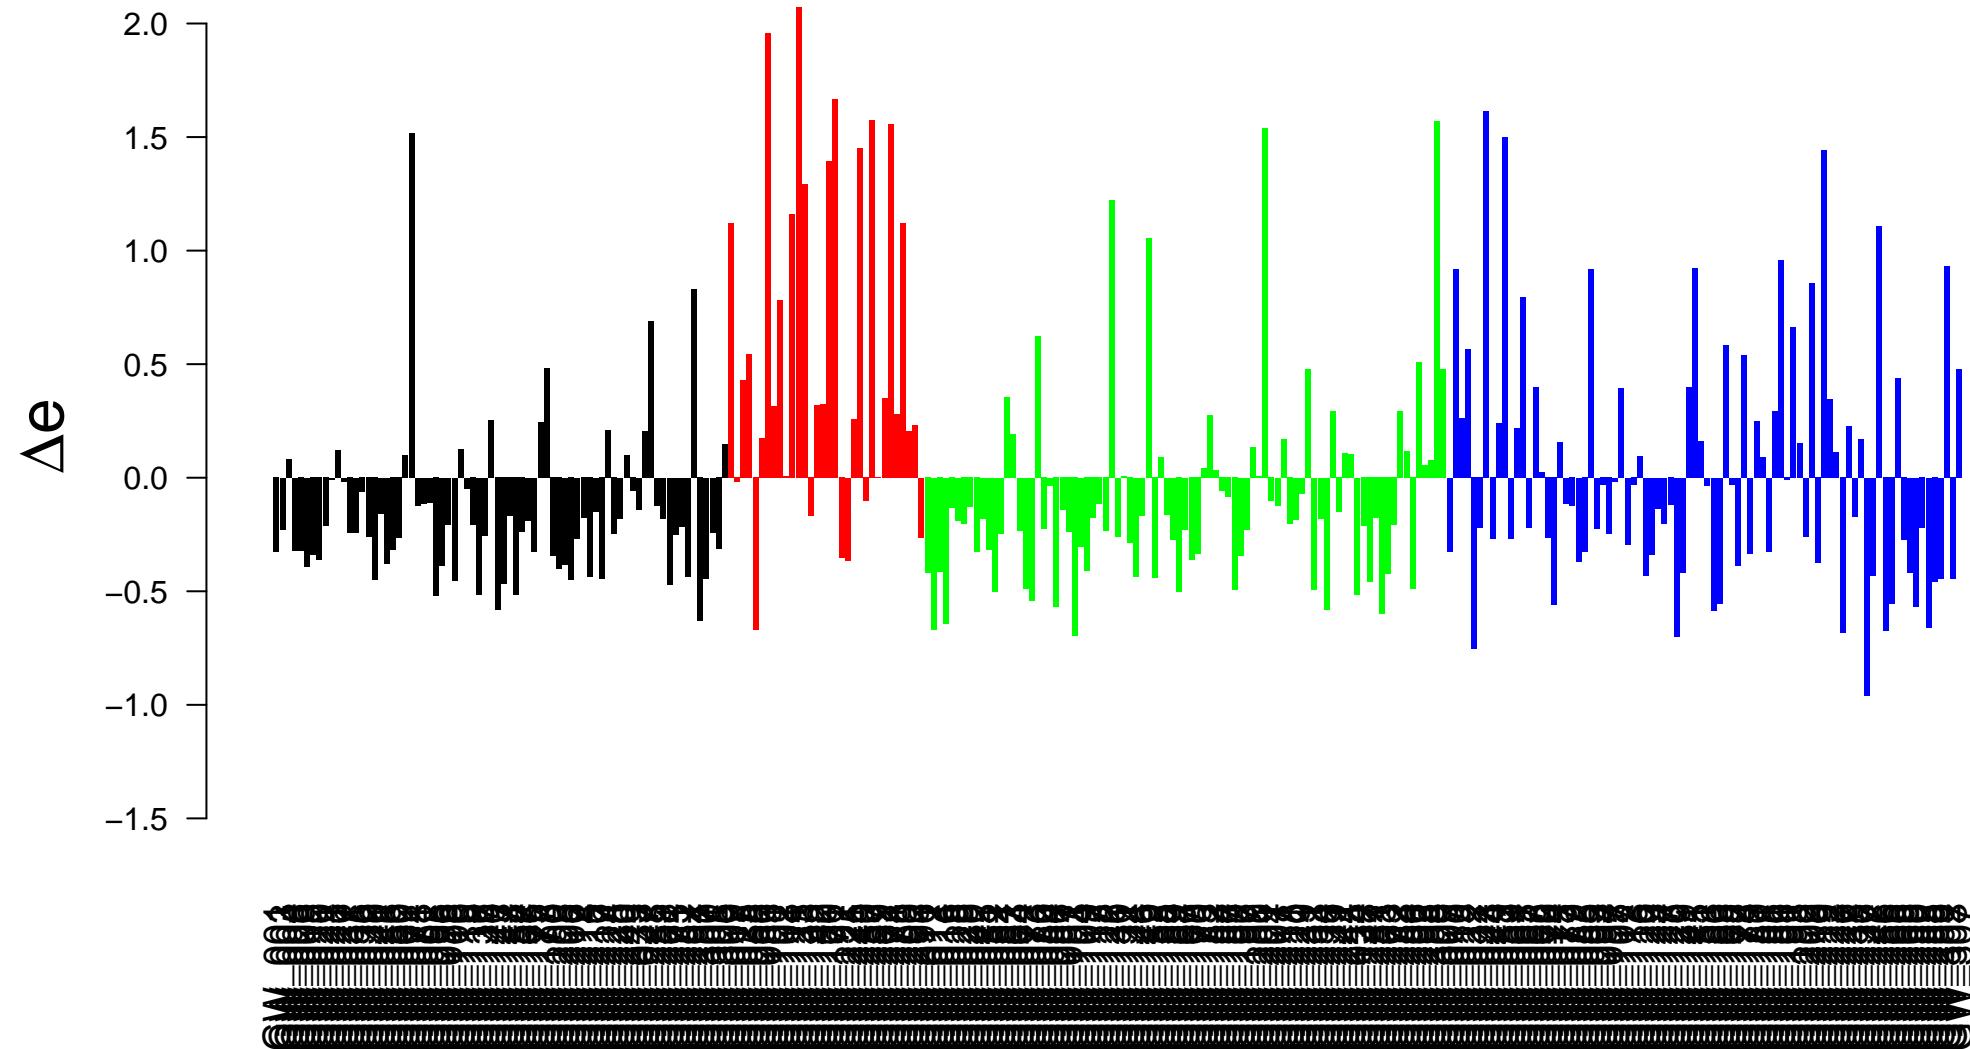

### Expression of nucleobase-containing small molecule interconversion in Spot N

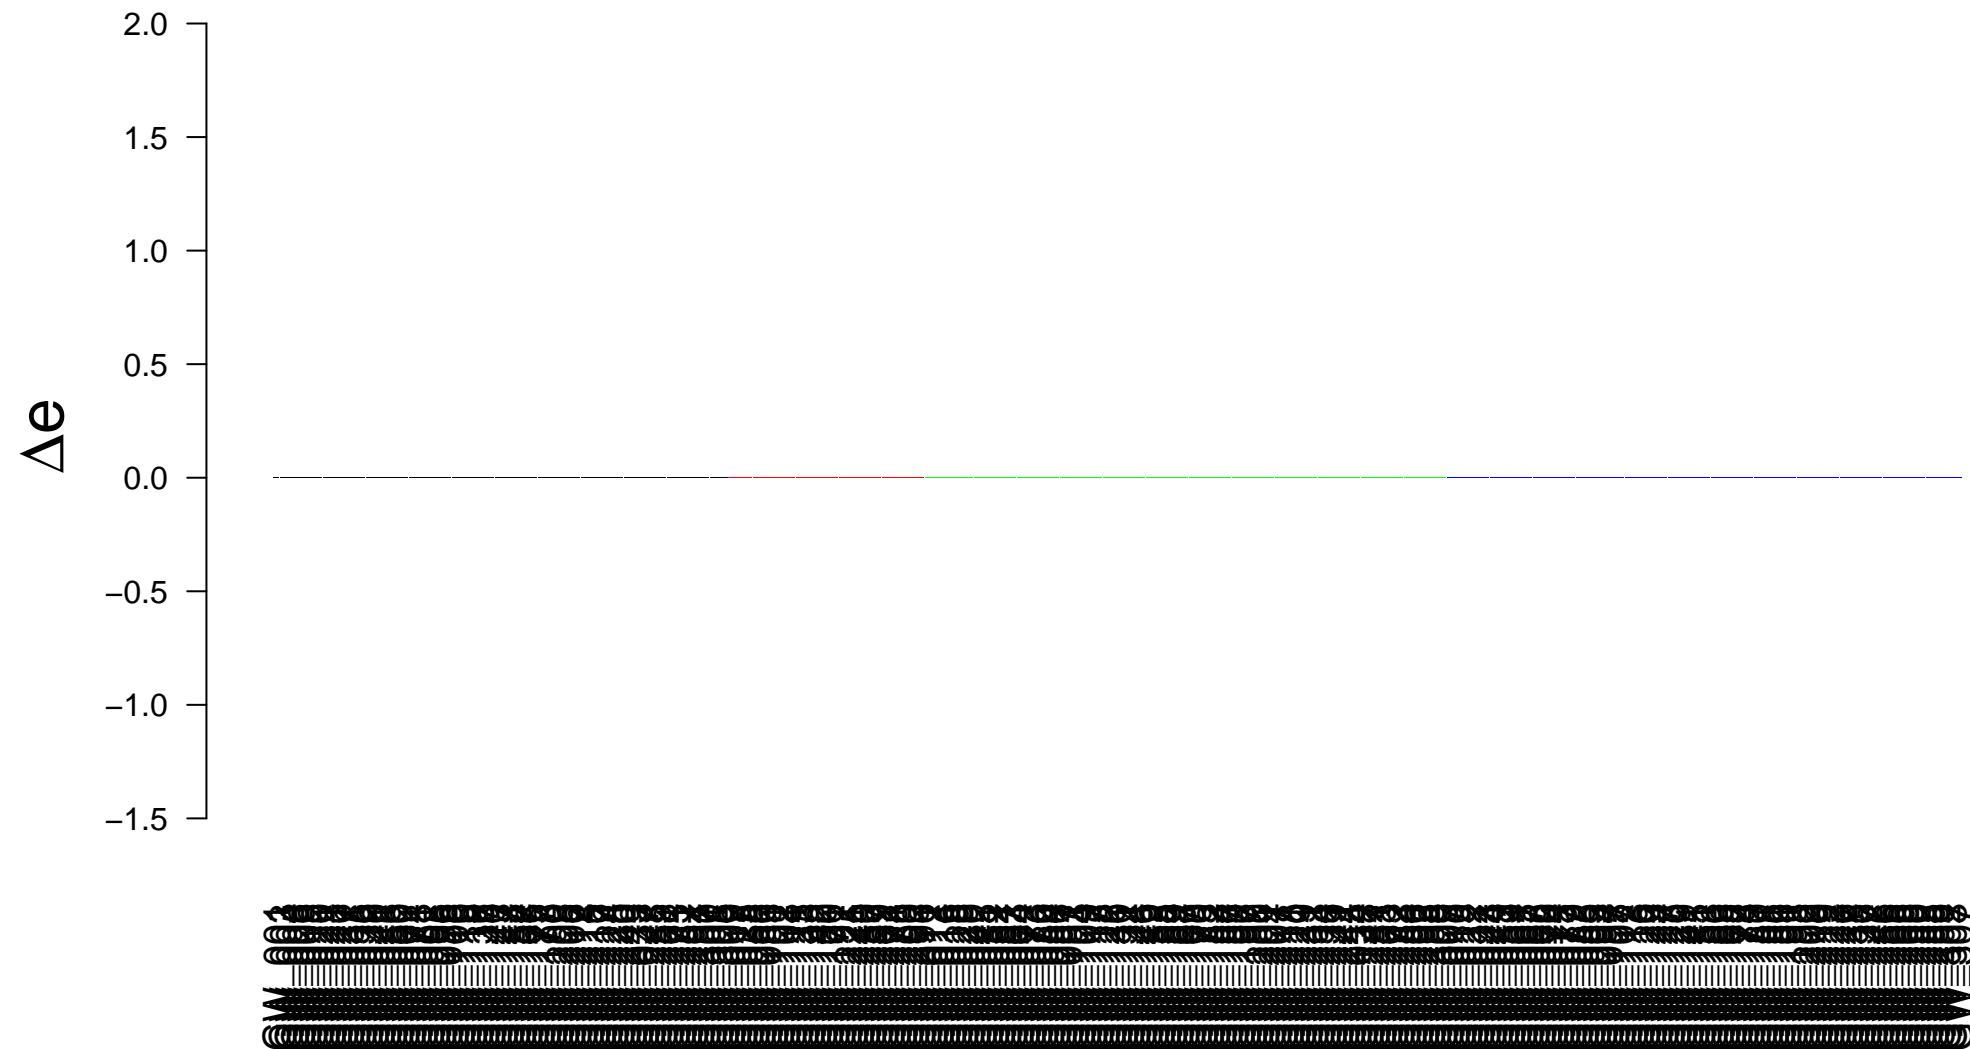

### Expression of nucleobase-containing small molecule interconversion in Spot O

## Expression of nucleobase-containing small molecule interconversion in Spot P

### Expression of nucleobase-containing small molecule interconversion in Spot Q

## Expression of nucleobase-containing small molecule interconversion in Spot R
