

olfactory receptor activity

olfactory receptor activity

Enrichment in spots: olfactory receptor activity

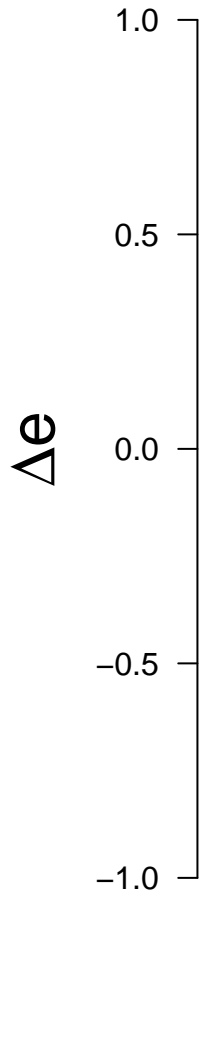

Expression of olfactory receptor activity in Spot A

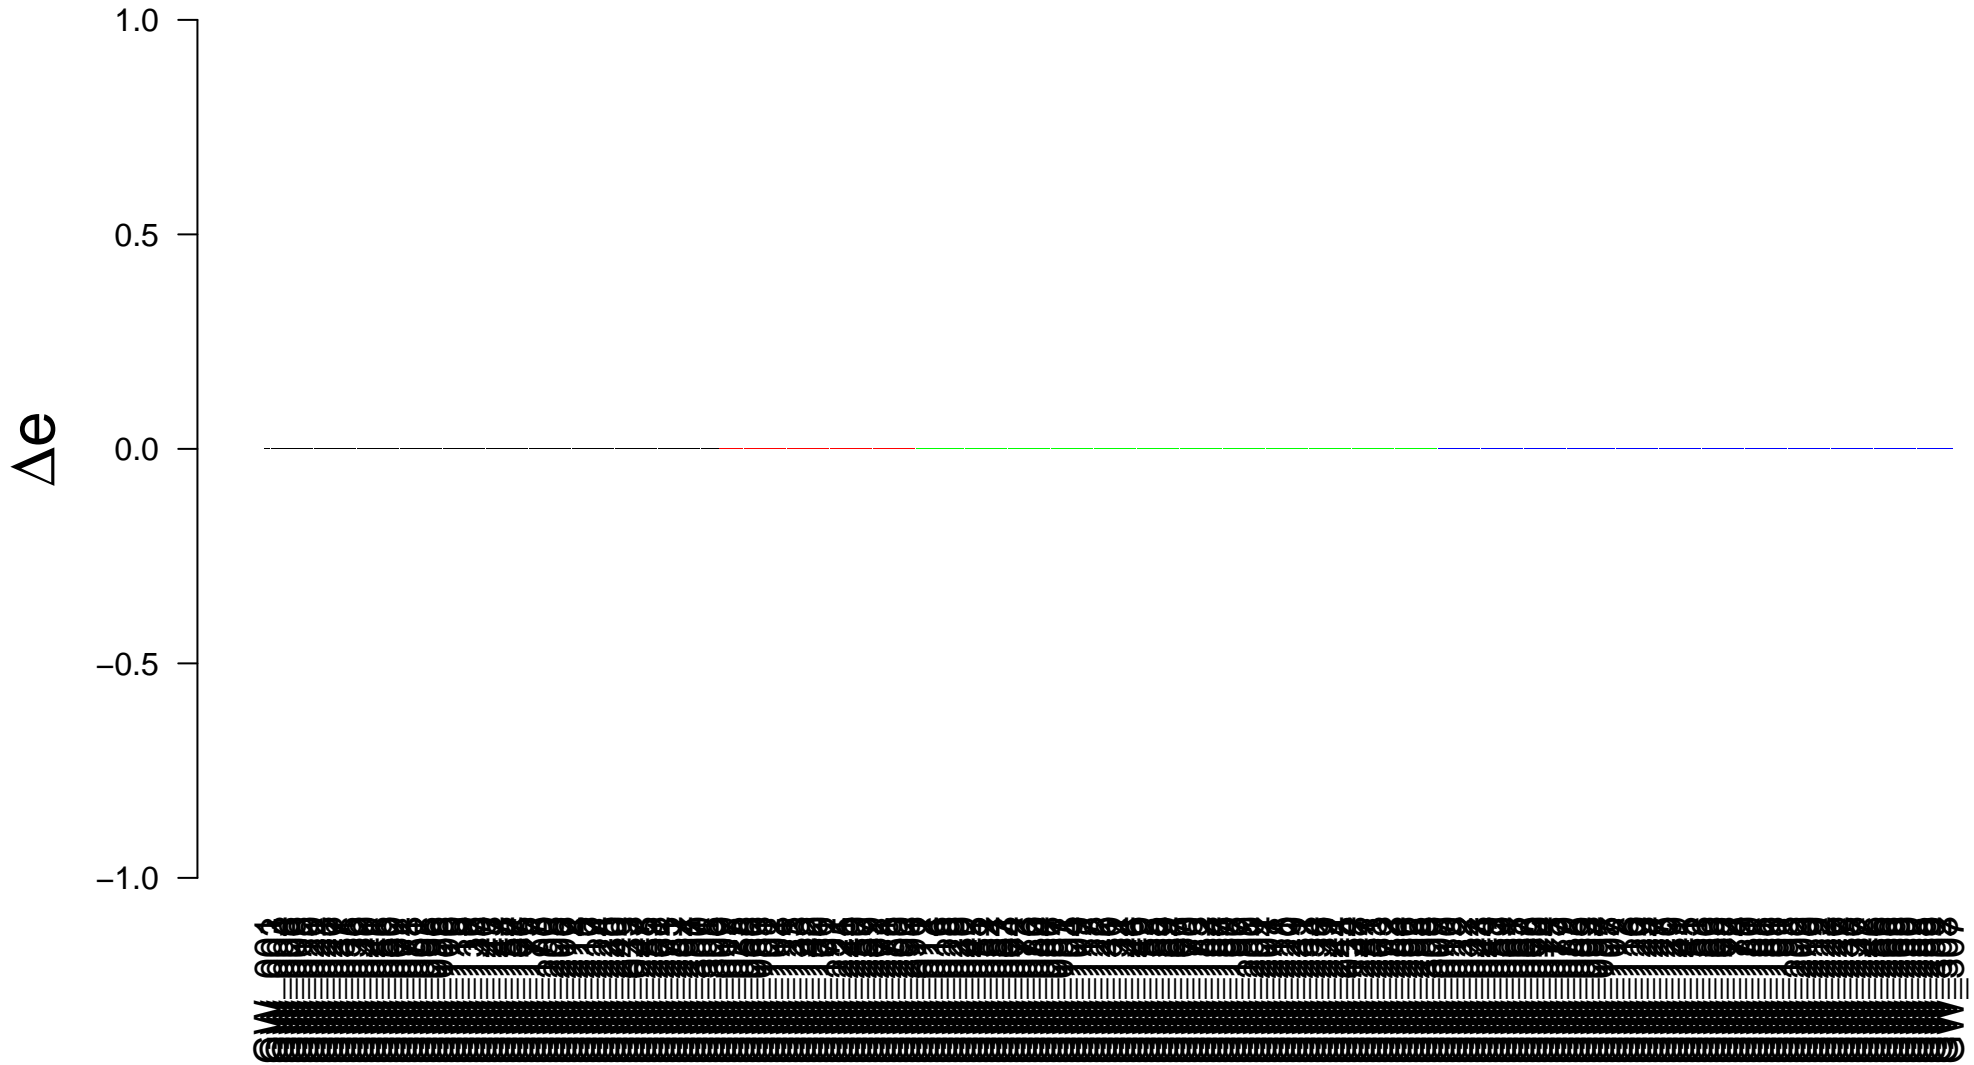

Expression of olfactory receptor activity in Spot B

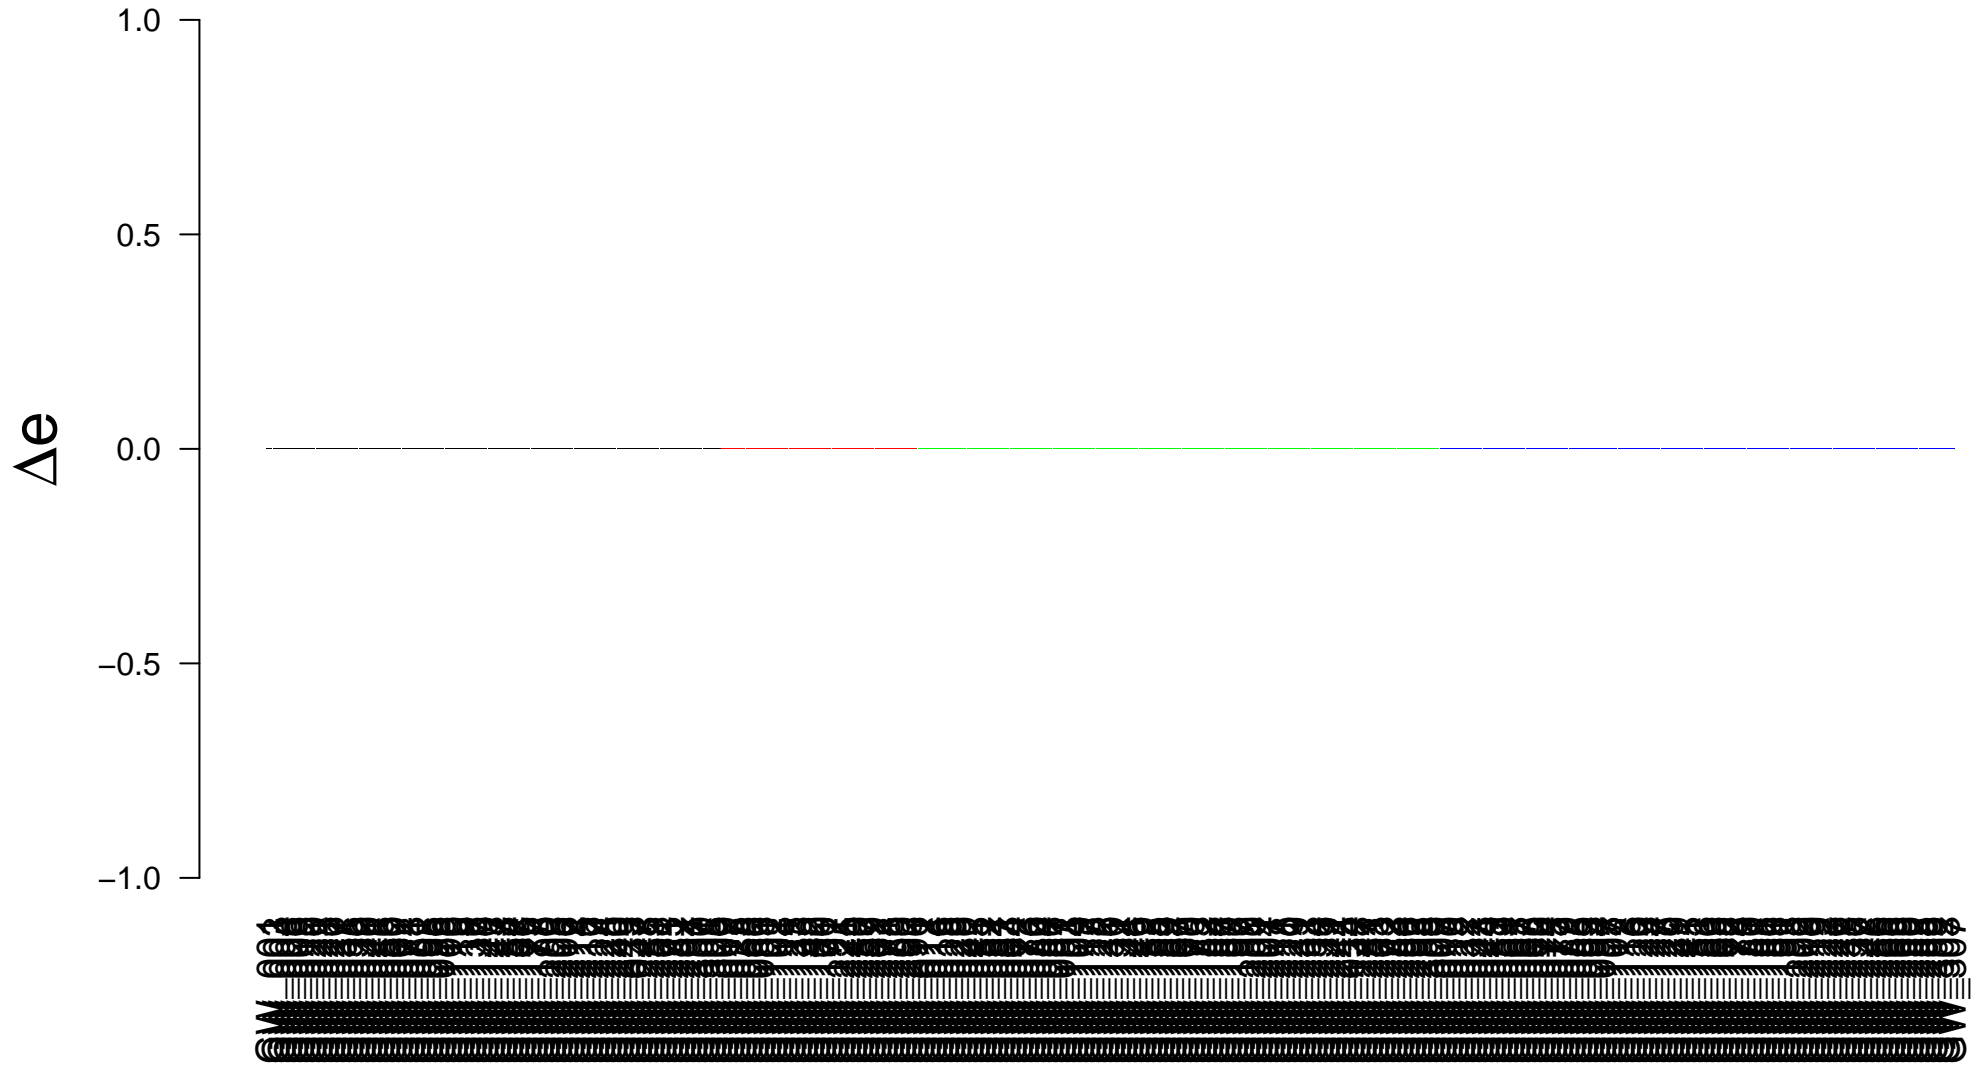

Expression of olfactory receptor activity in Spot C

Expression of olfactory receptor activity in Spot D

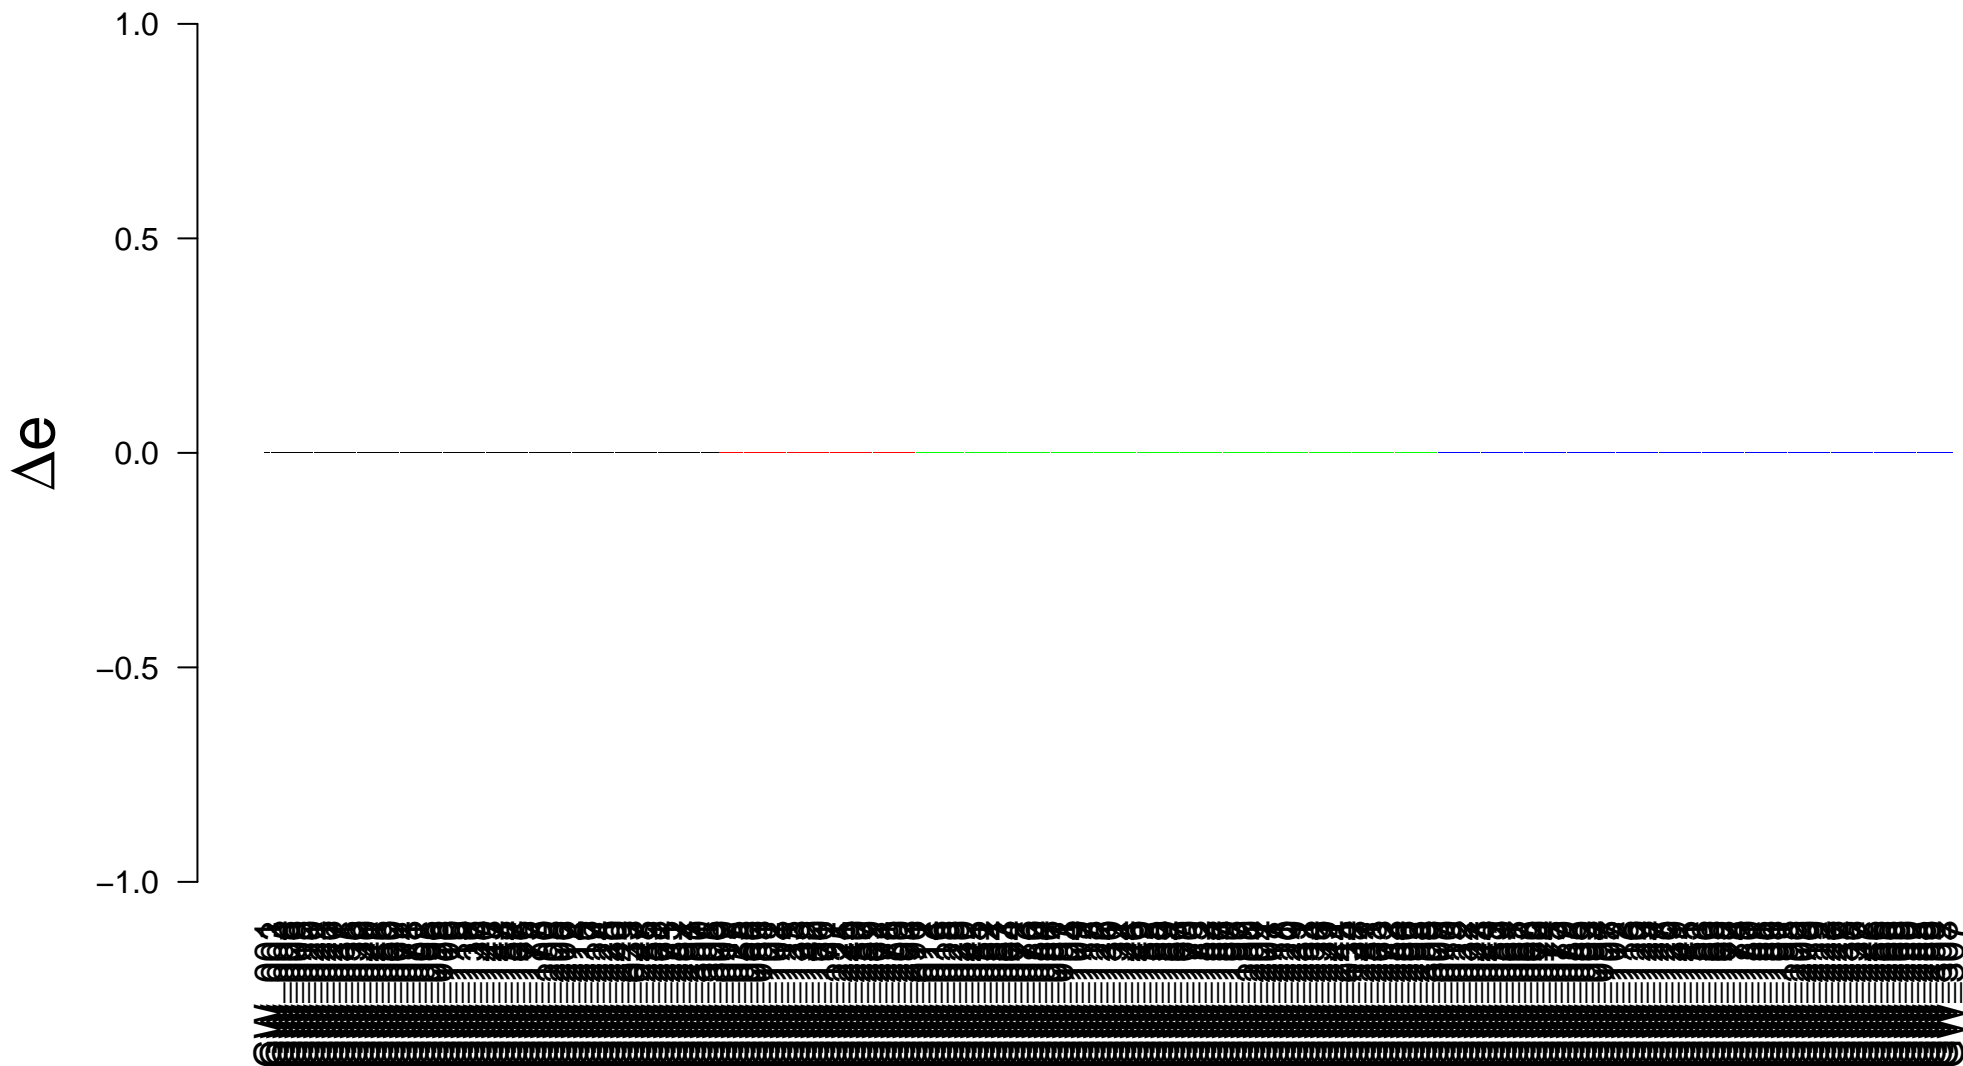

Expression of olfactory receptor activity in Spot E

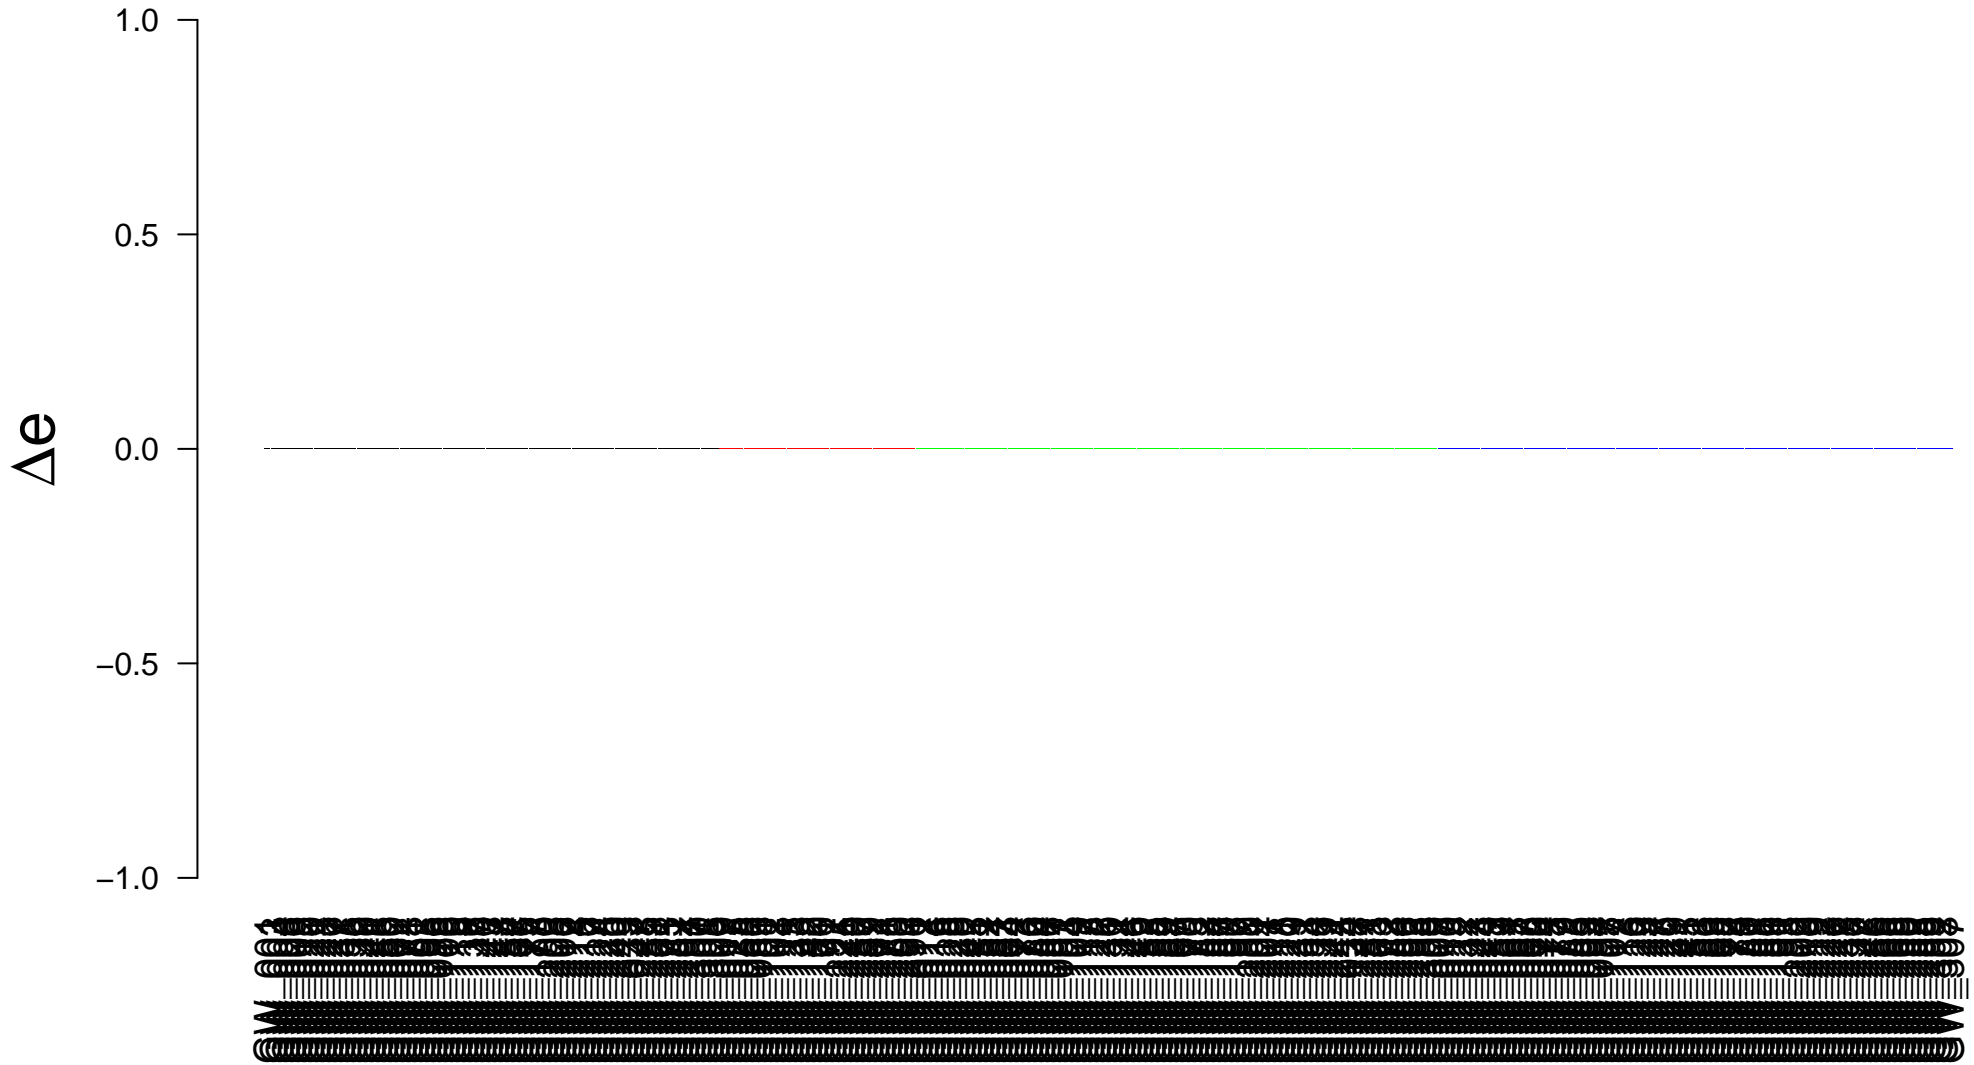

Expression of olfactory receptor activity in Spot F

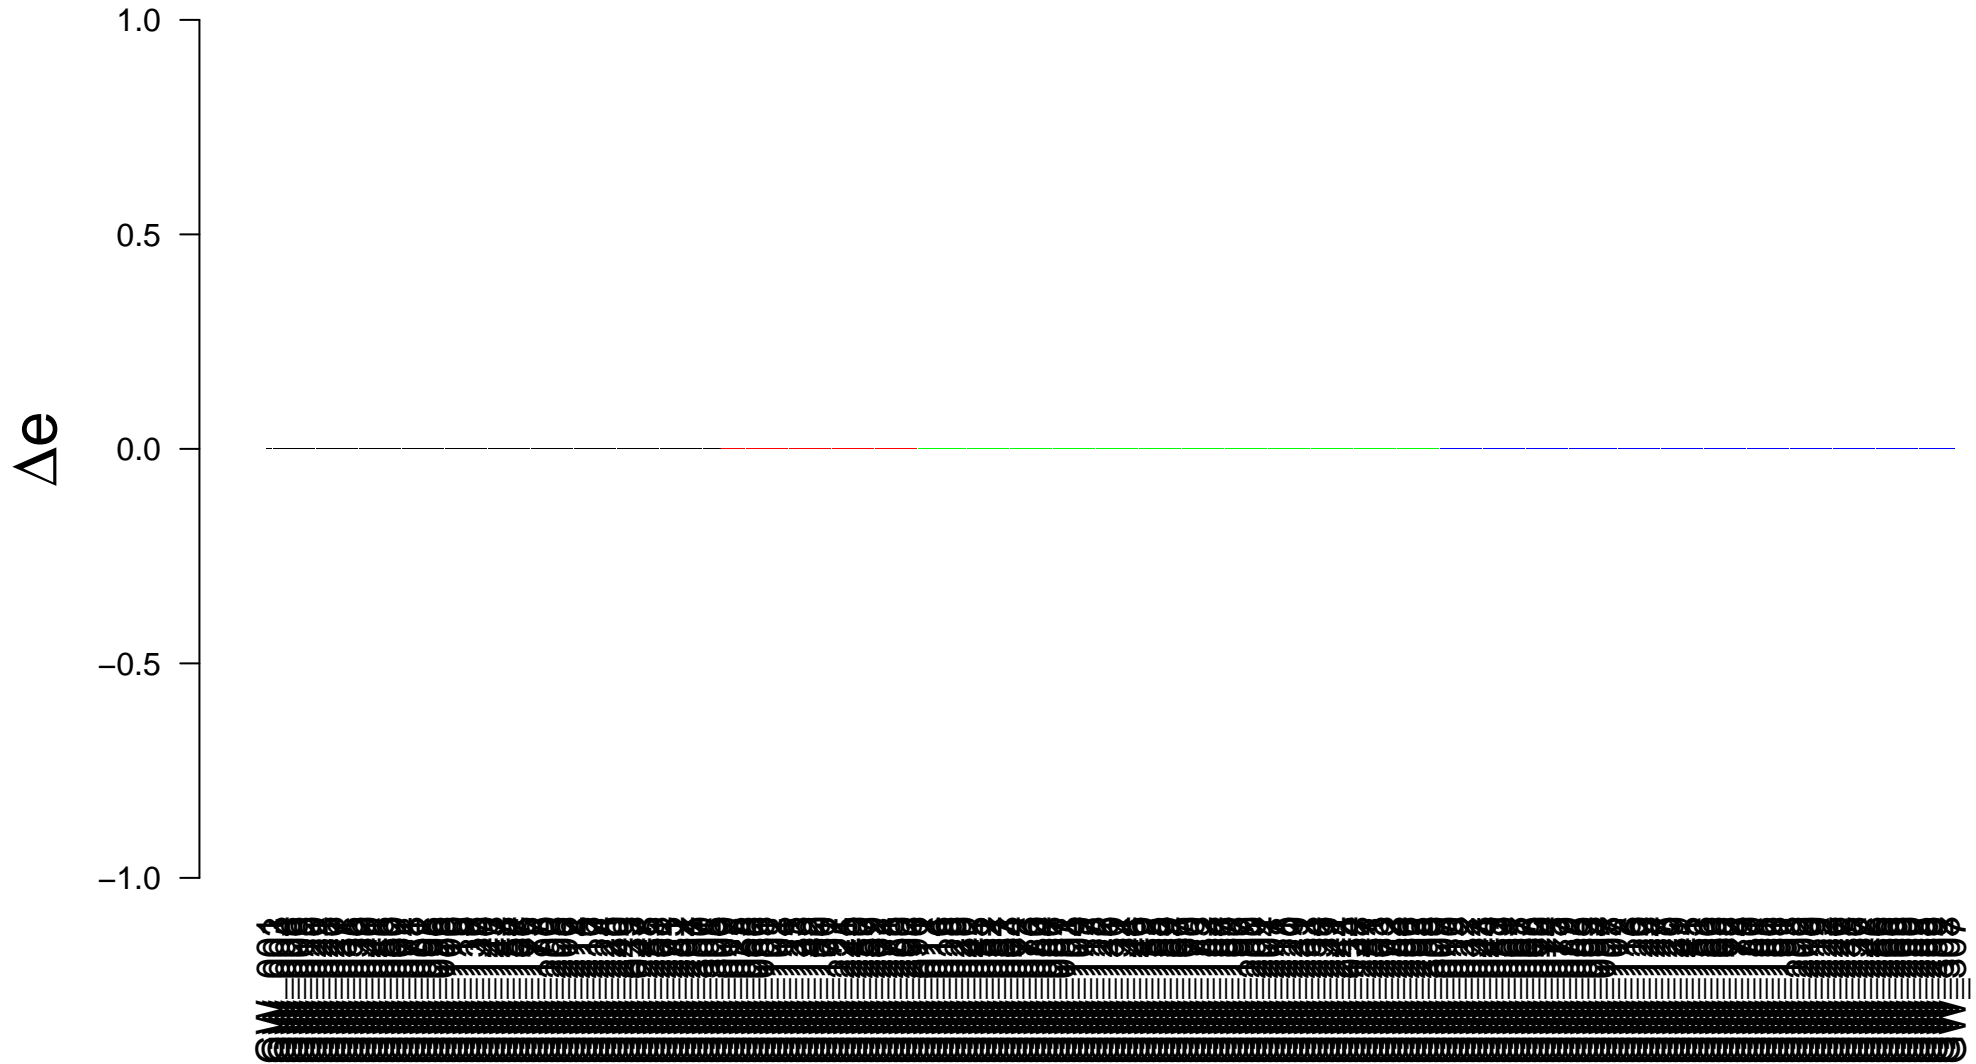

Expression of olfactory receptor activity in Spot G

Expression of olfactory receptor activity in Spot H

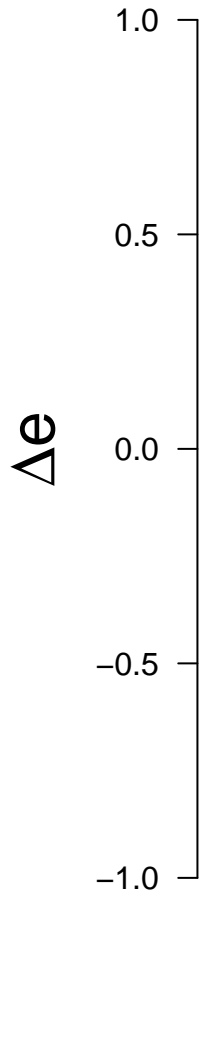

Expression of olfactory receptor activity in Spot I

Expression of olfactory receptor activity in Spot J

Expression of olfactory receptor activity in Spot K

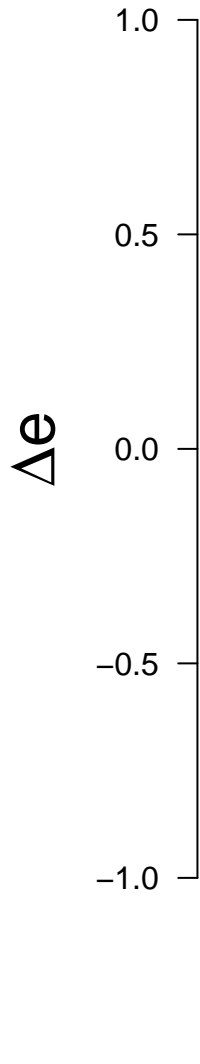

Expression of olfactory receptor activity in Spot L

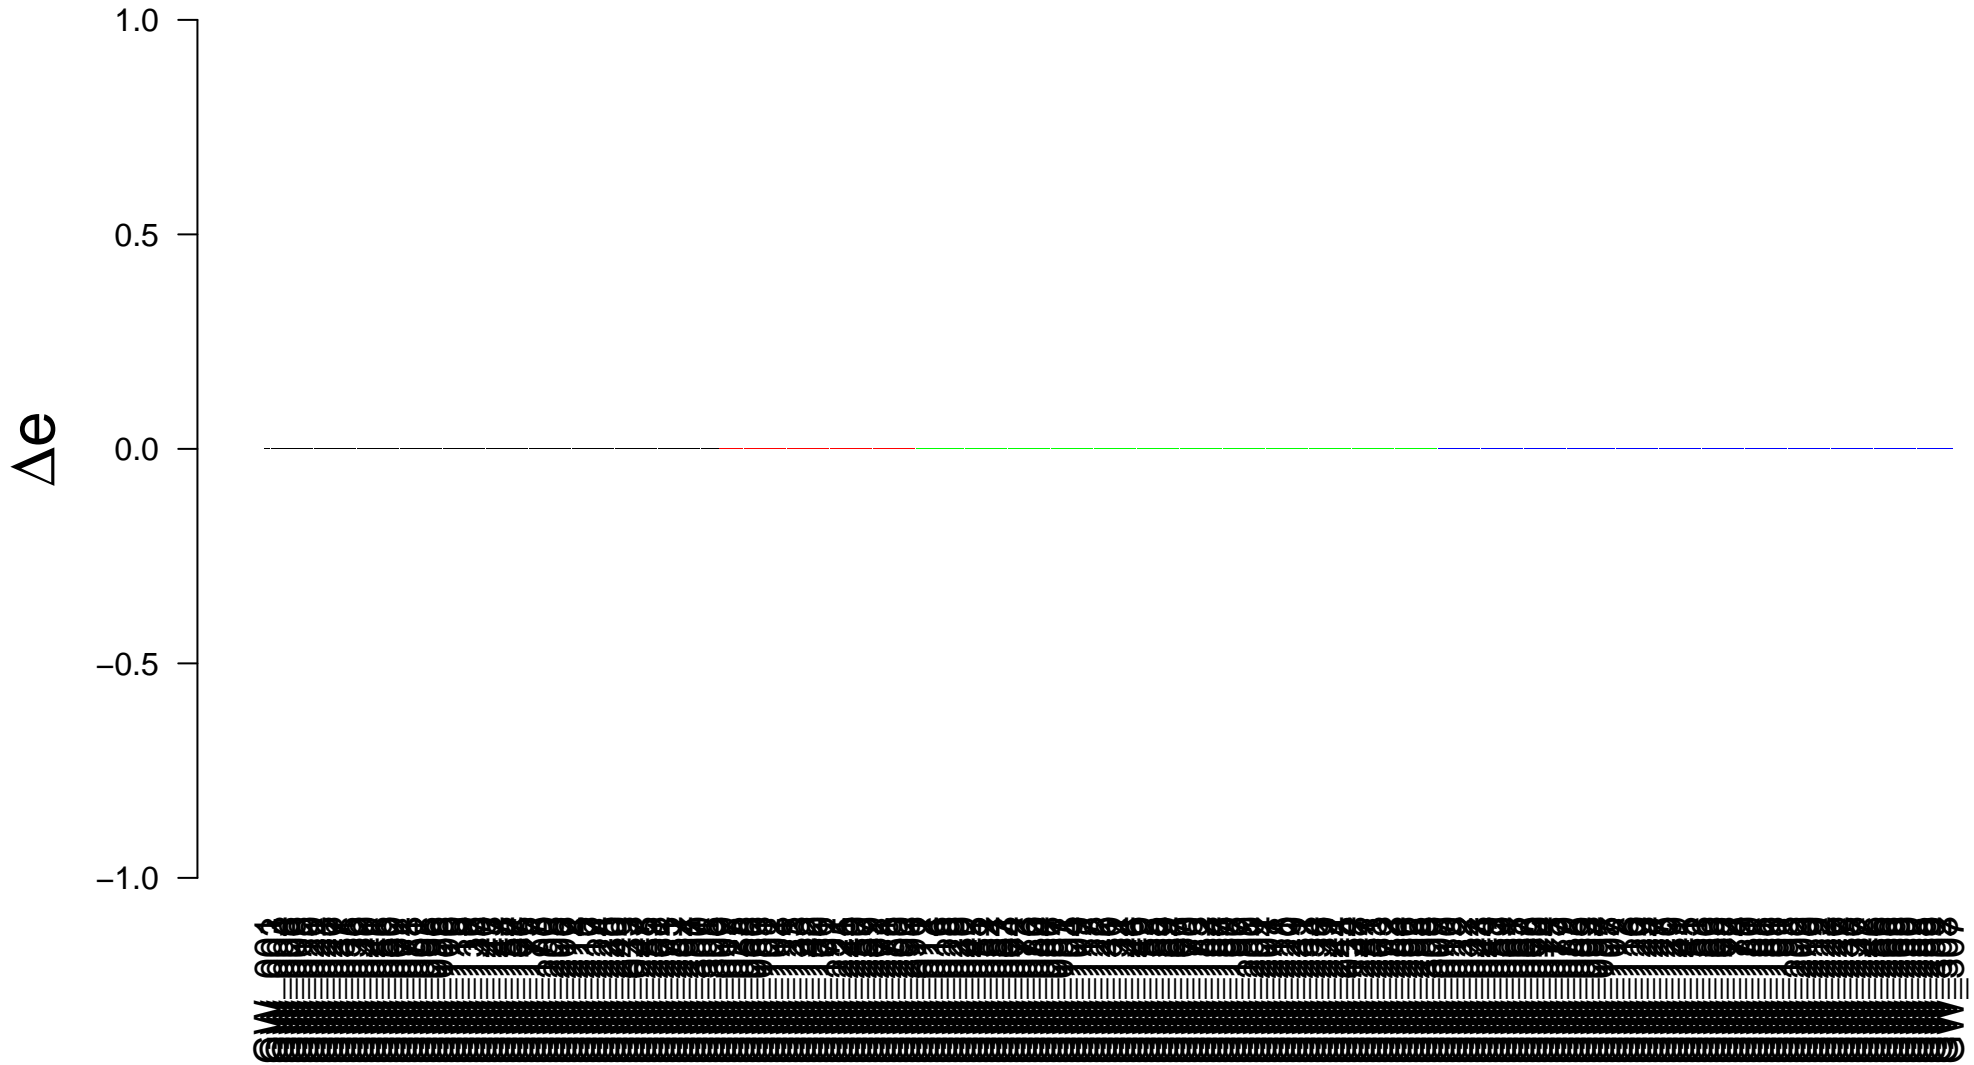

Expression of olfactory receptor activity in Spot M

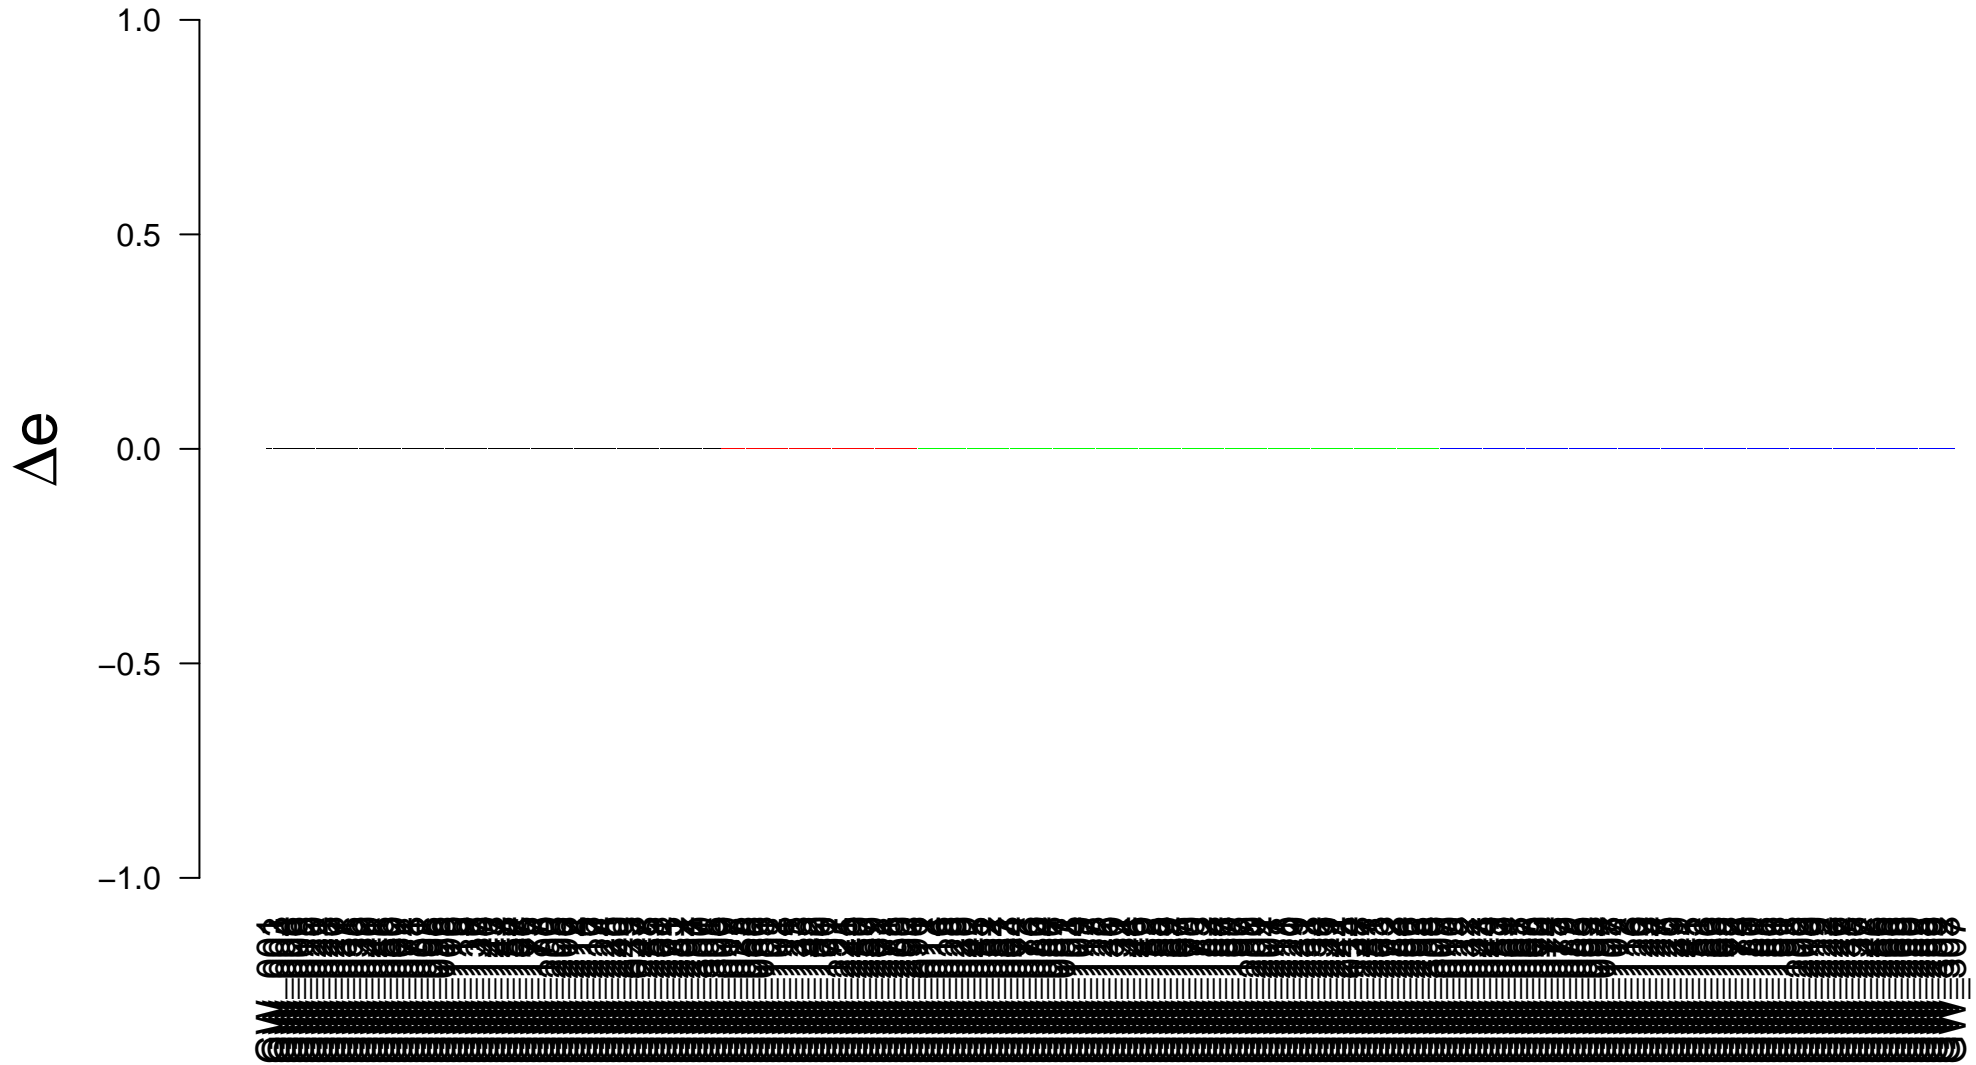

Expression of olfactory receptor activity in Spot N

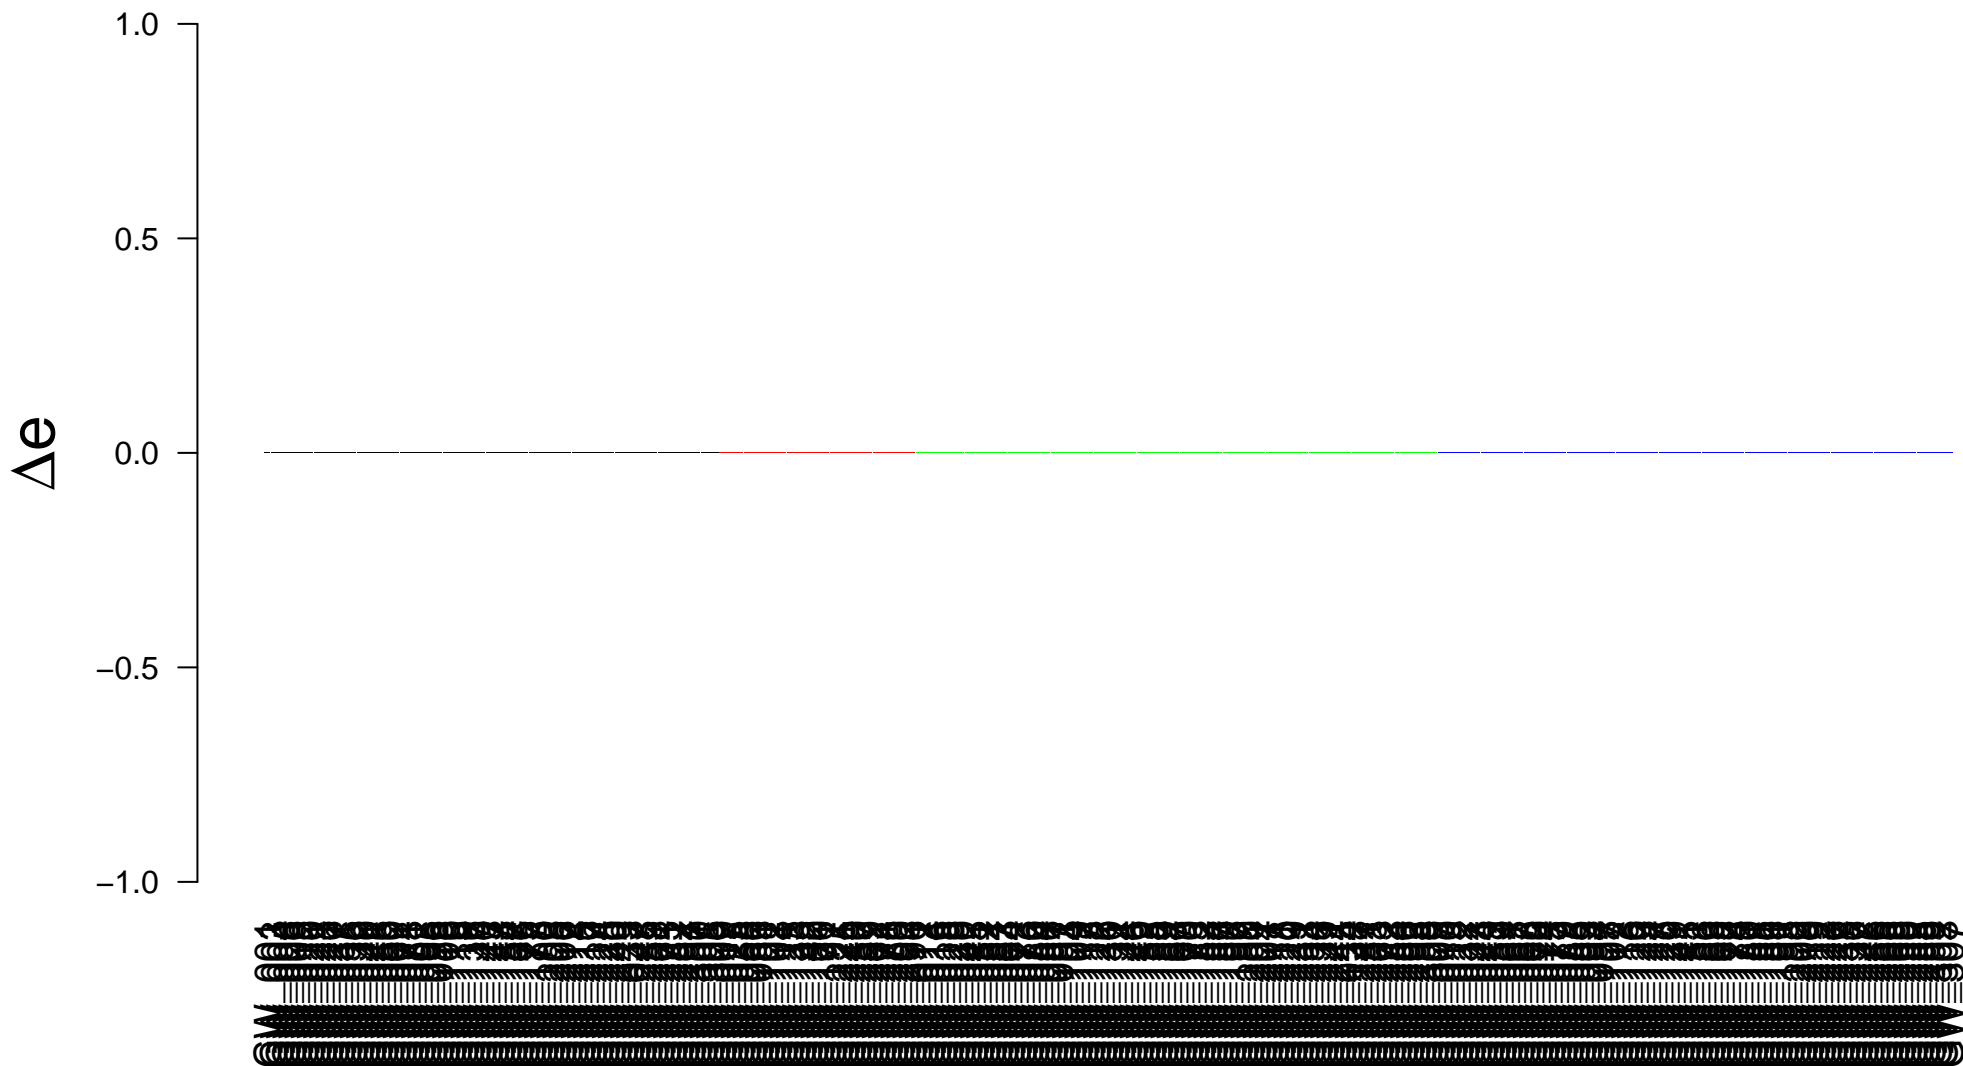

Expression of olfactory receptor activity in Spot O

Expression of olfactory receptor activity in Spot P

Expression of olfactory receptor activity in Spot Q

Expression of olfactory receptor activity in Spot R
