

oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor

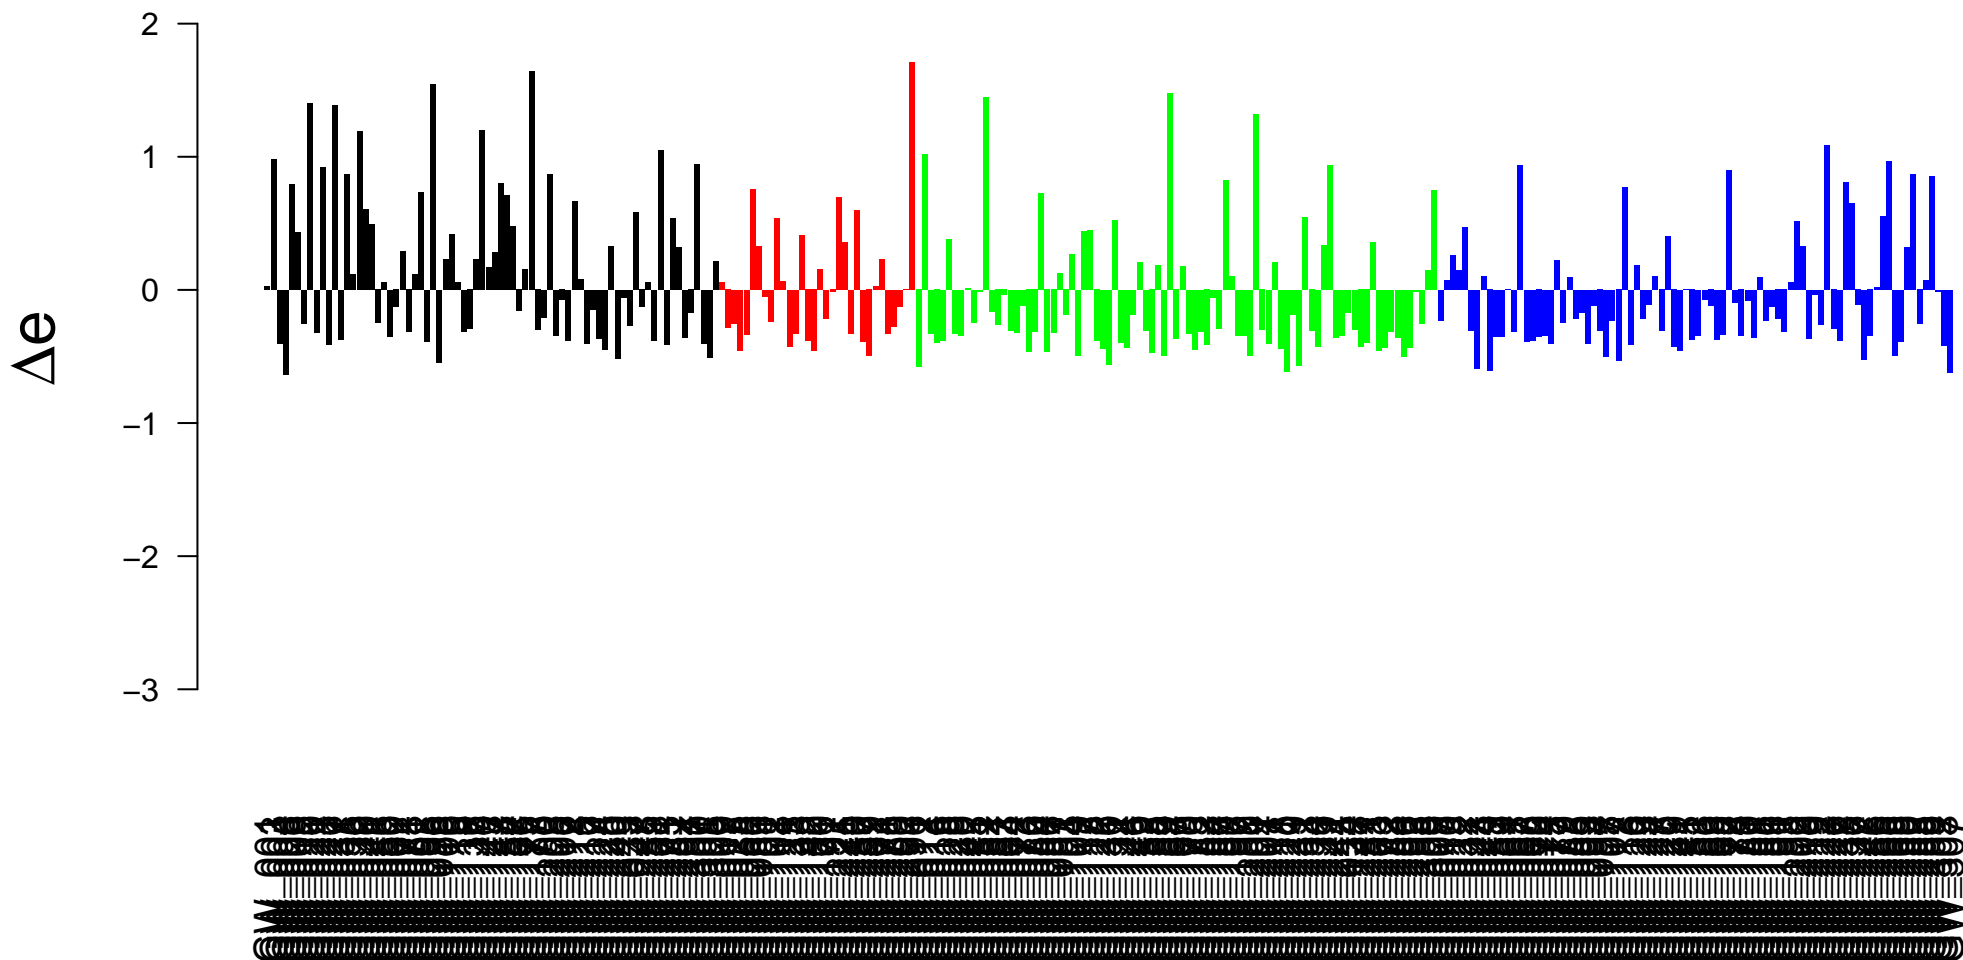

oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor

Enrichment in spots: oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot A

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot B

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot C

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot D

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot E

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot F

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot G

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot H

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot I

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot J

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot K

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot L

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot M

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot N

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot O

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot P

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot Q

Expression of oxidoreductase activity, acting on the aldehyde or oxo group of donors, NAD or NADP as acceptor in Spot R
