

# phospholipase C activity

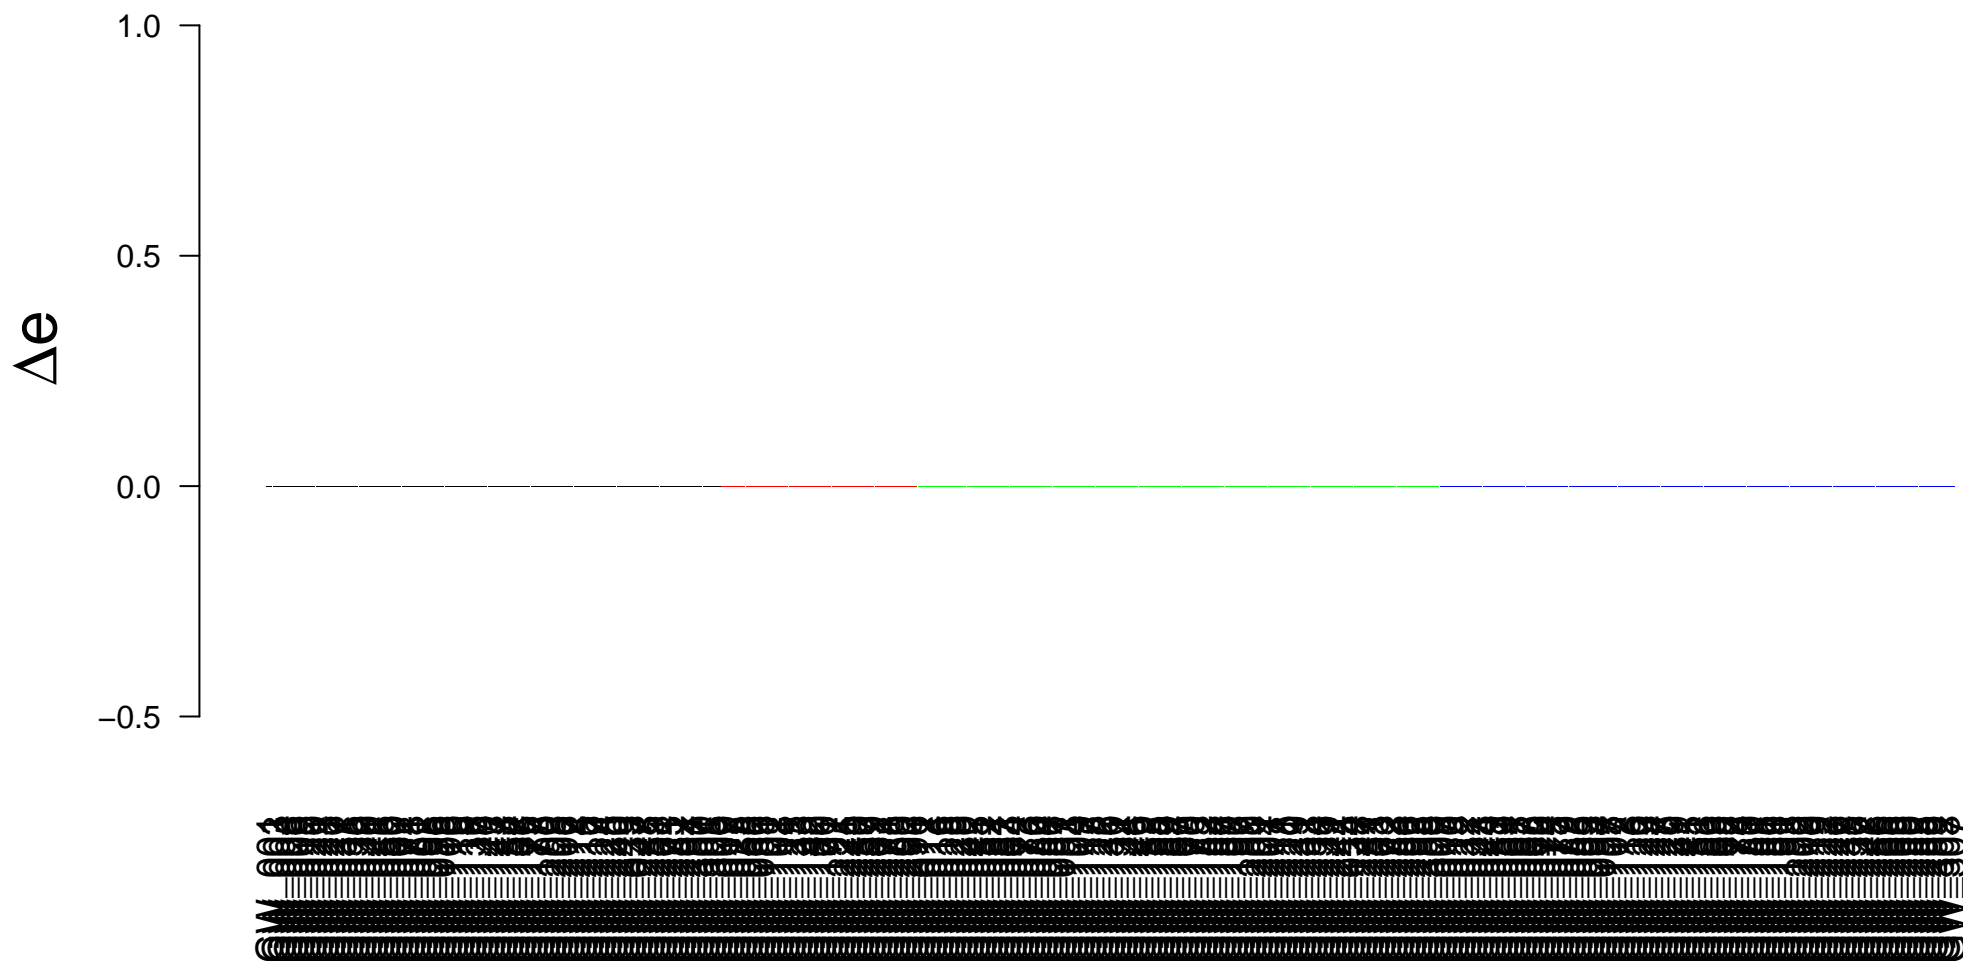

# phospholipase C activity

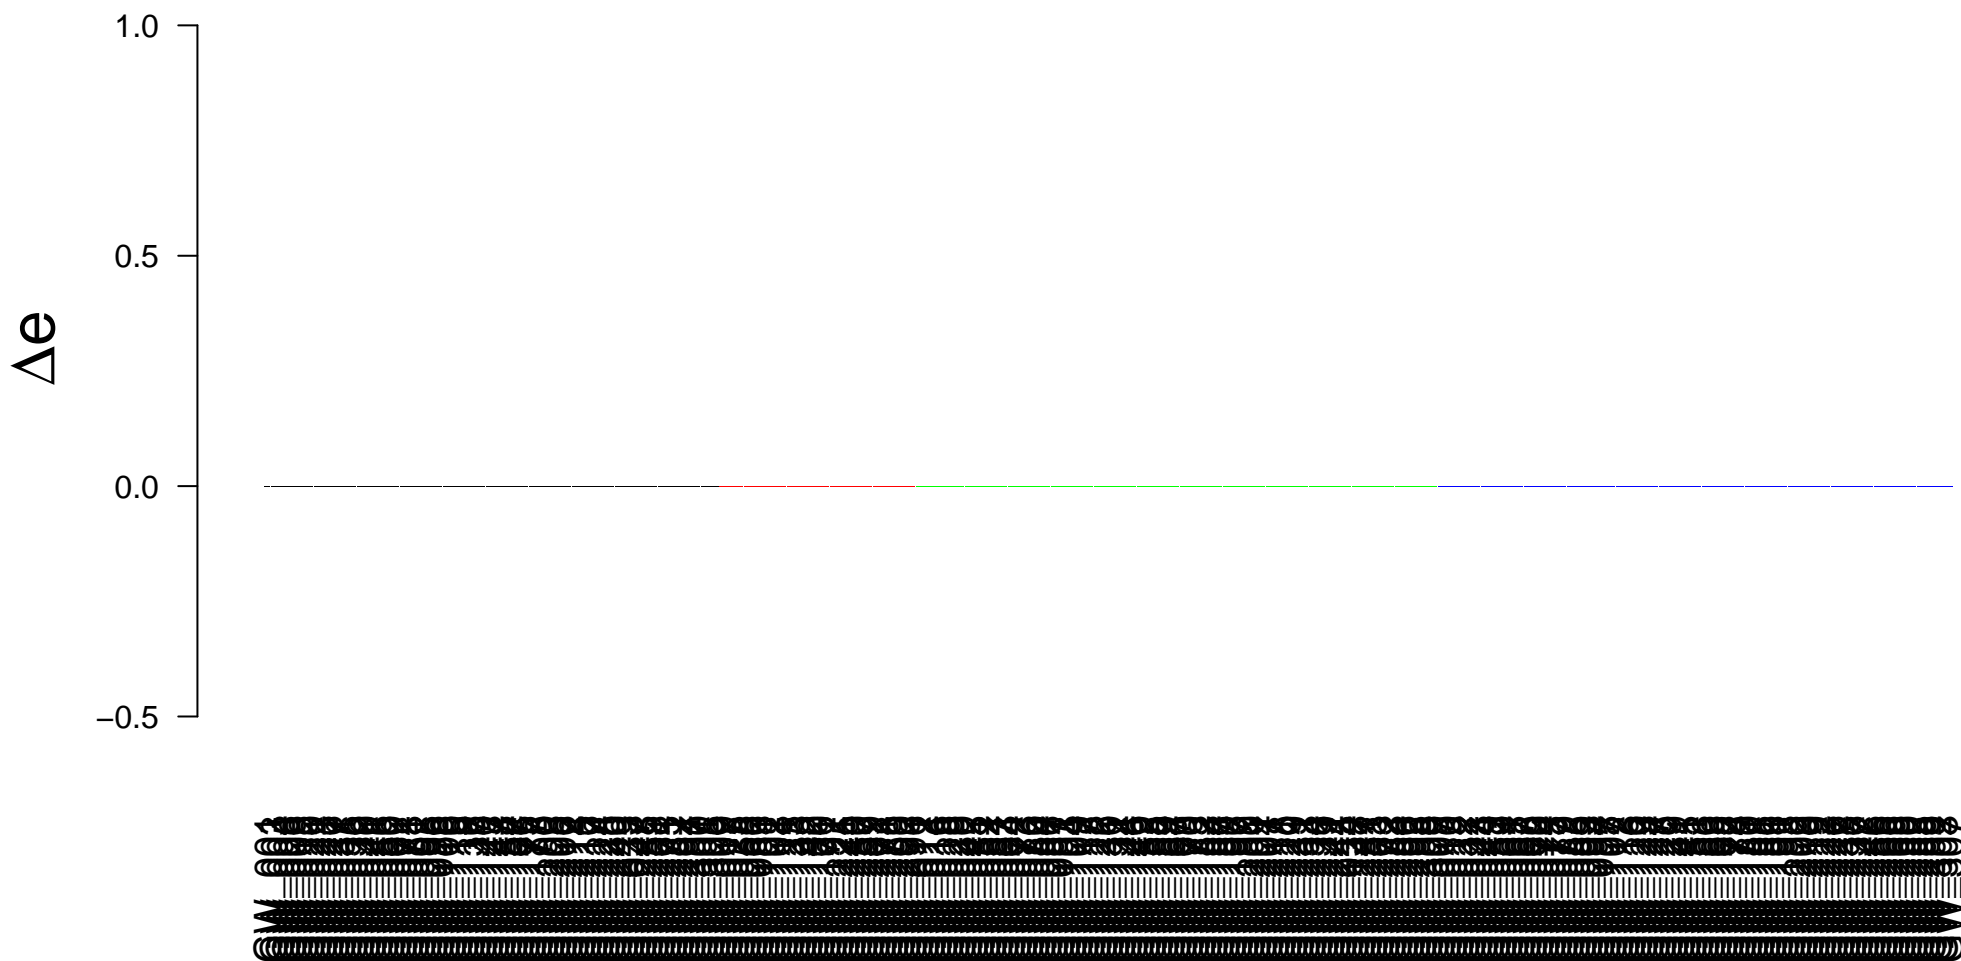

# Enrichment in spots: phospholipase C activity

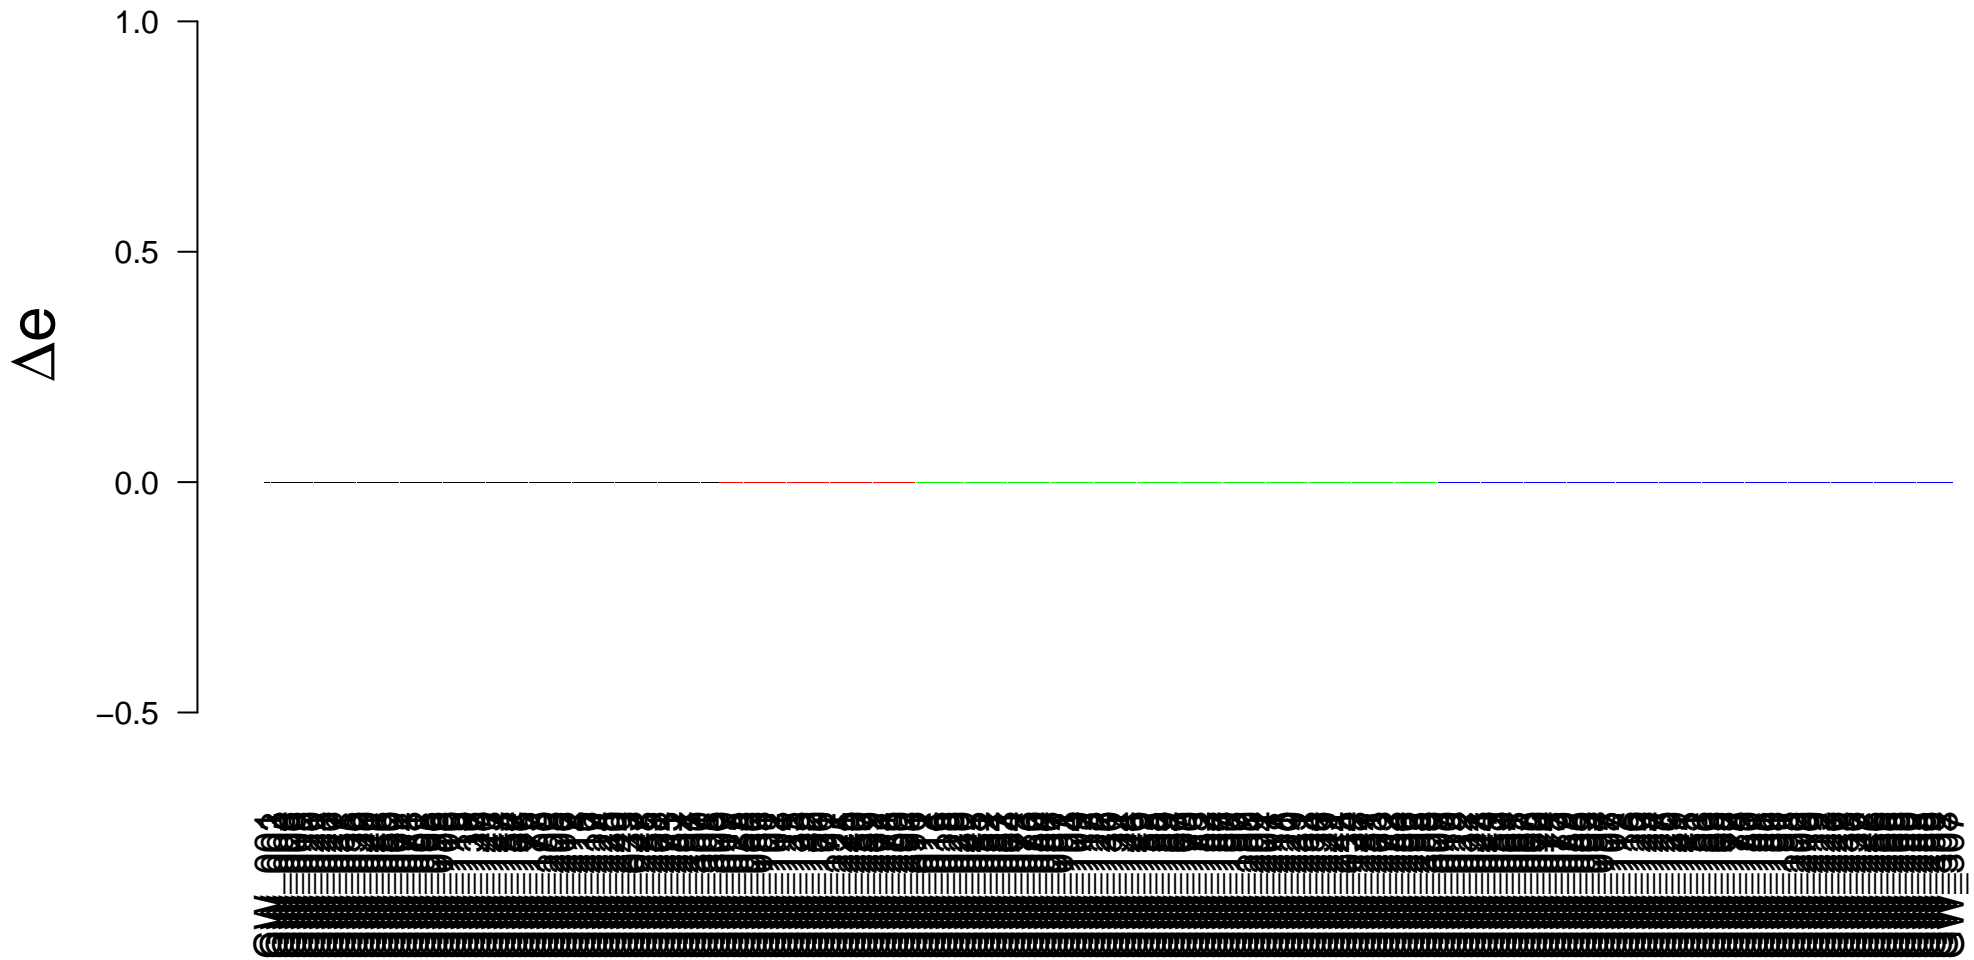

# Expression of phospholipase C activity in Spot A

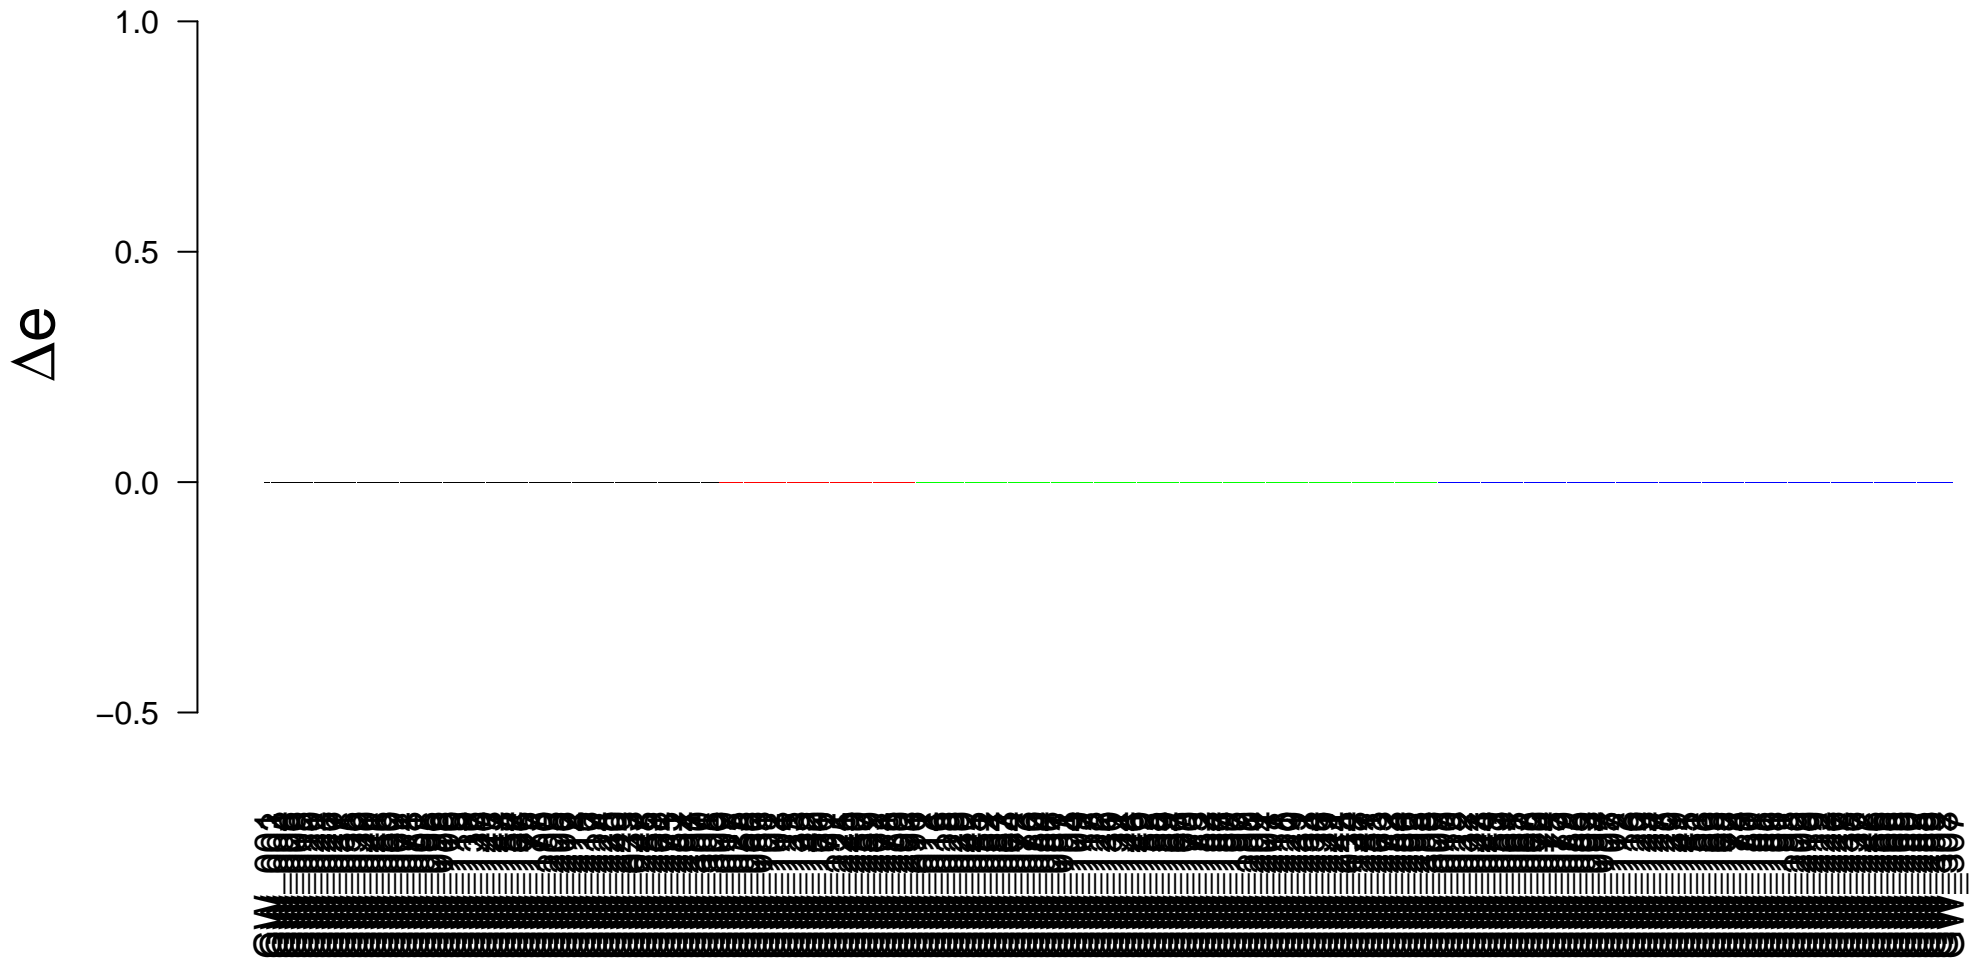

# Expression of phospholipase C activity in Spot B

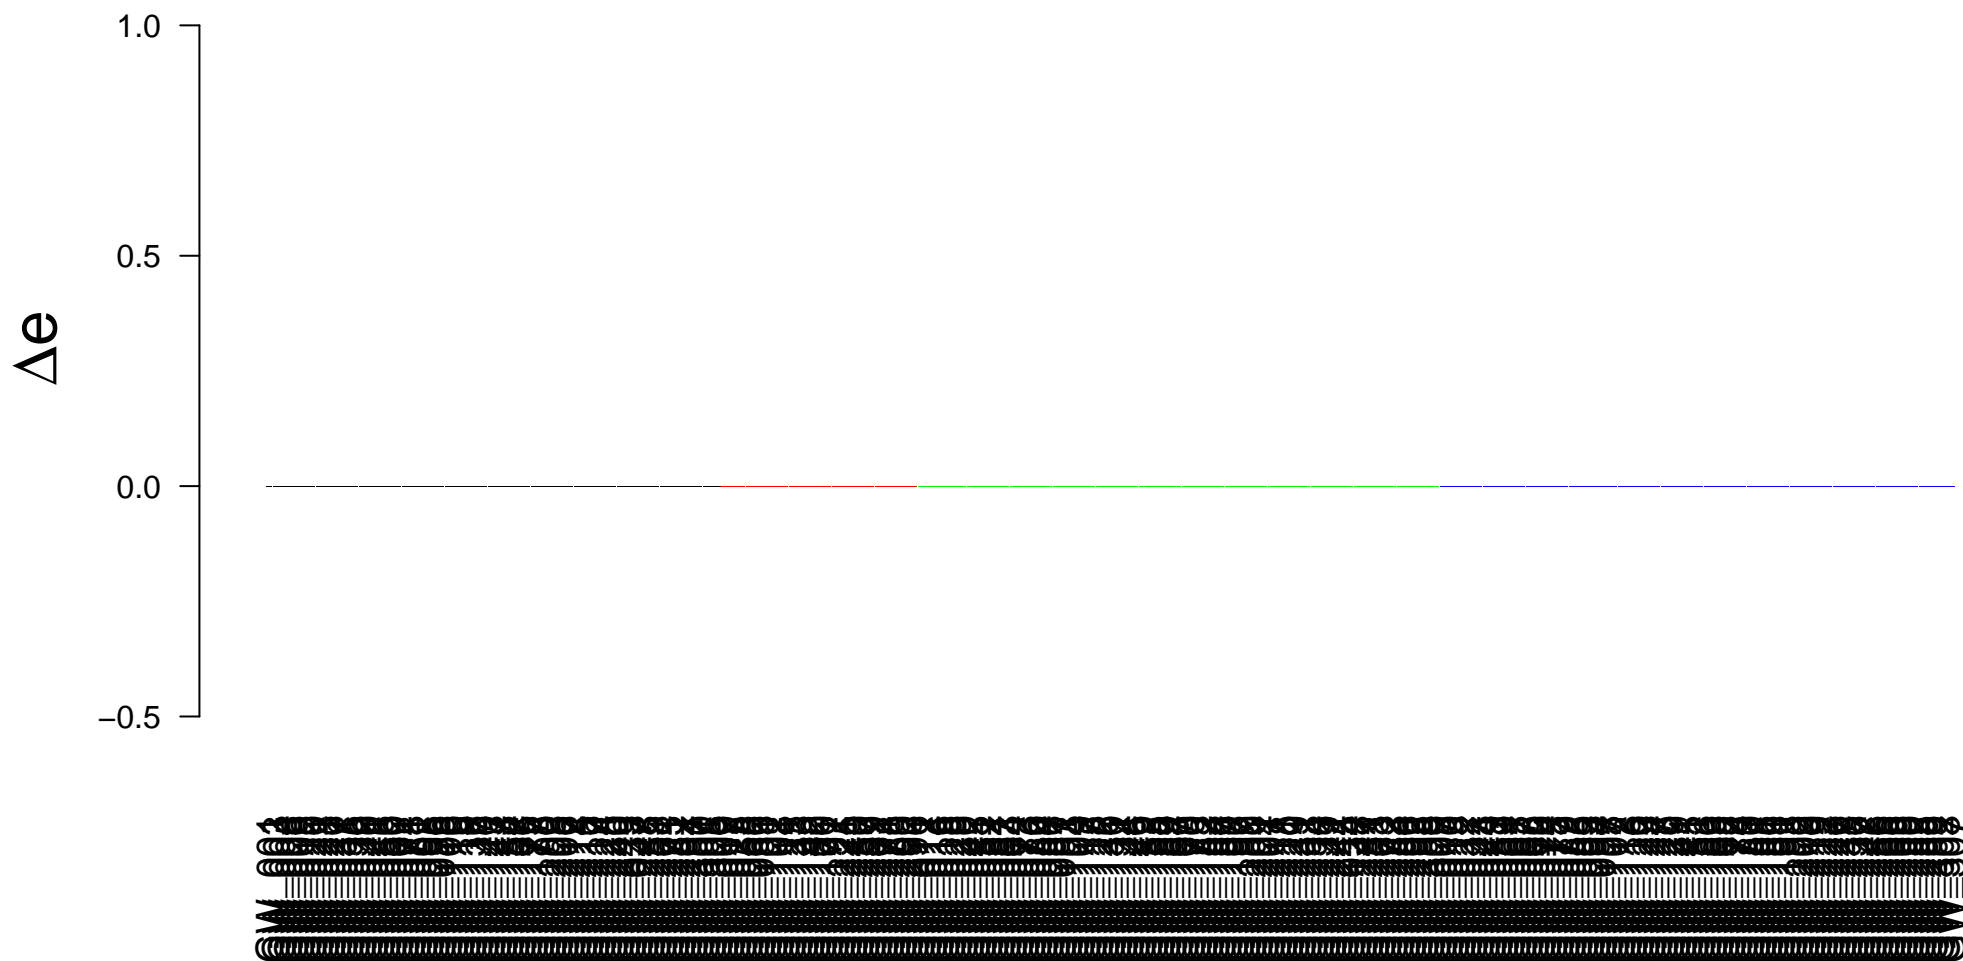

# Expression of phospholipase C activity in Spot C

# Expression of phospholipase C activity in Spot D

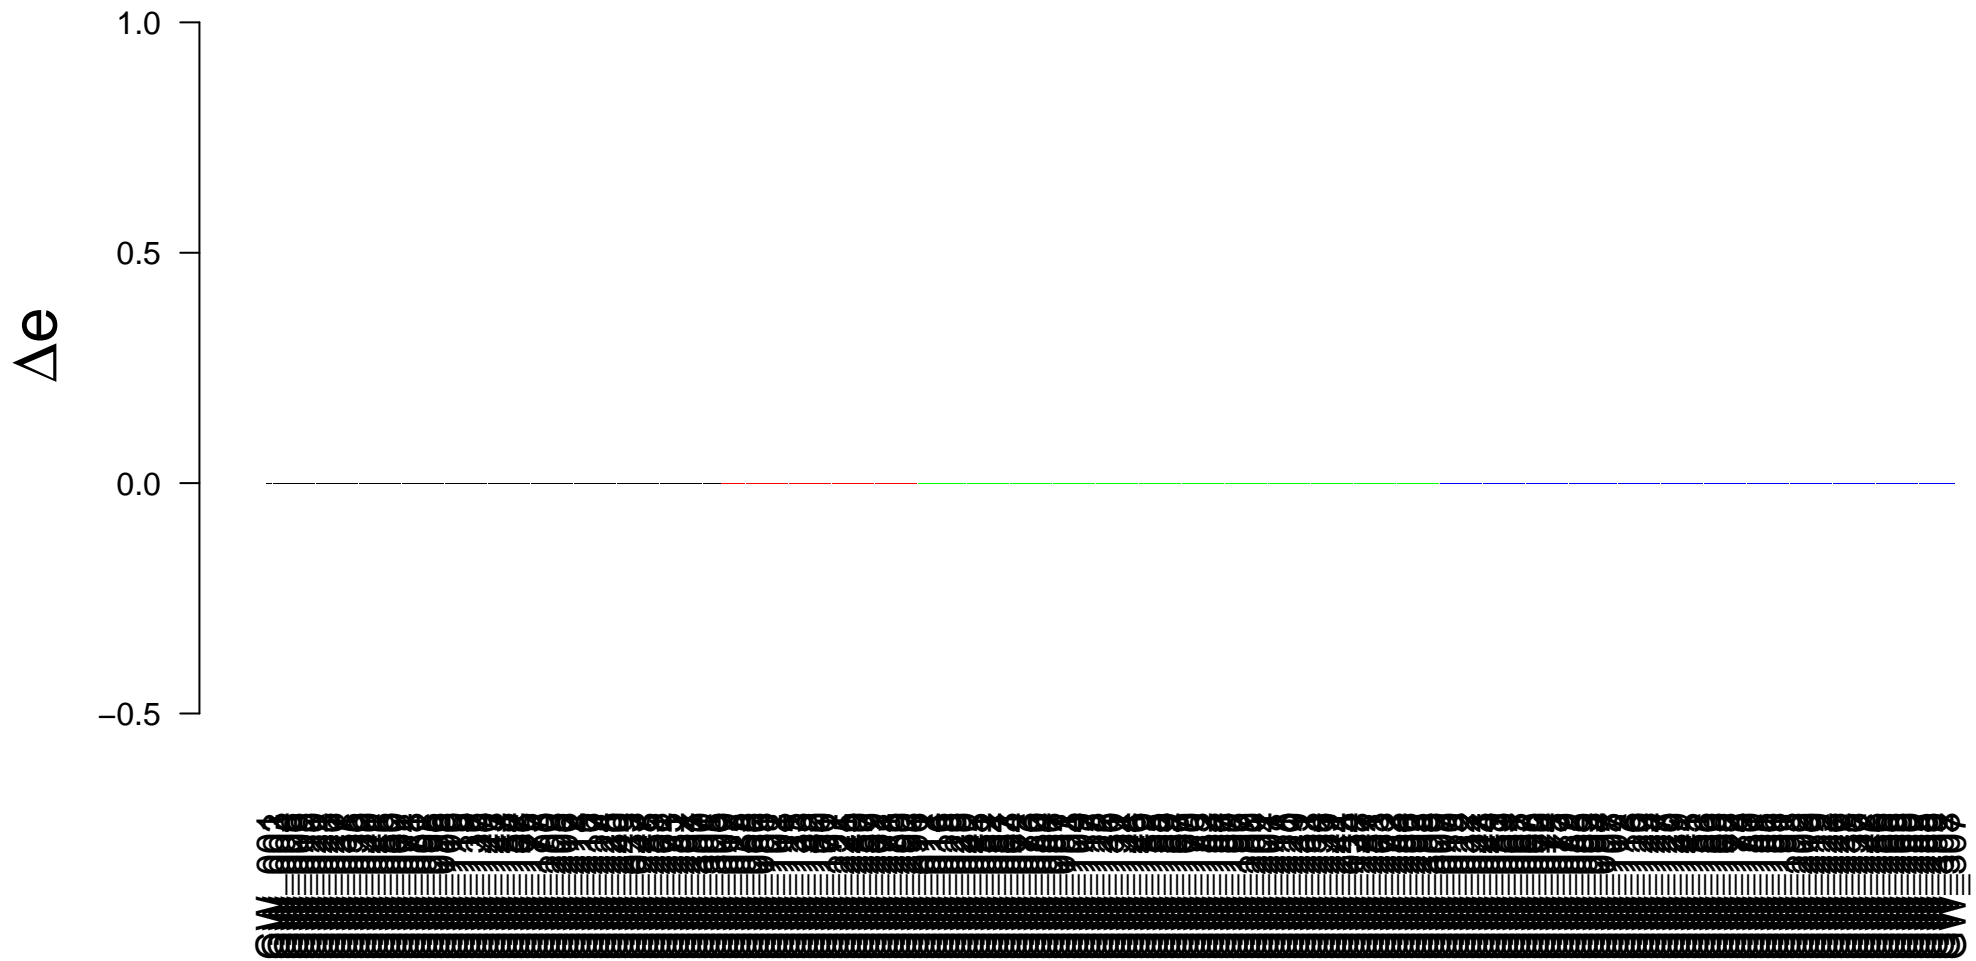

# Expression of phospholipase C activity in Spot E

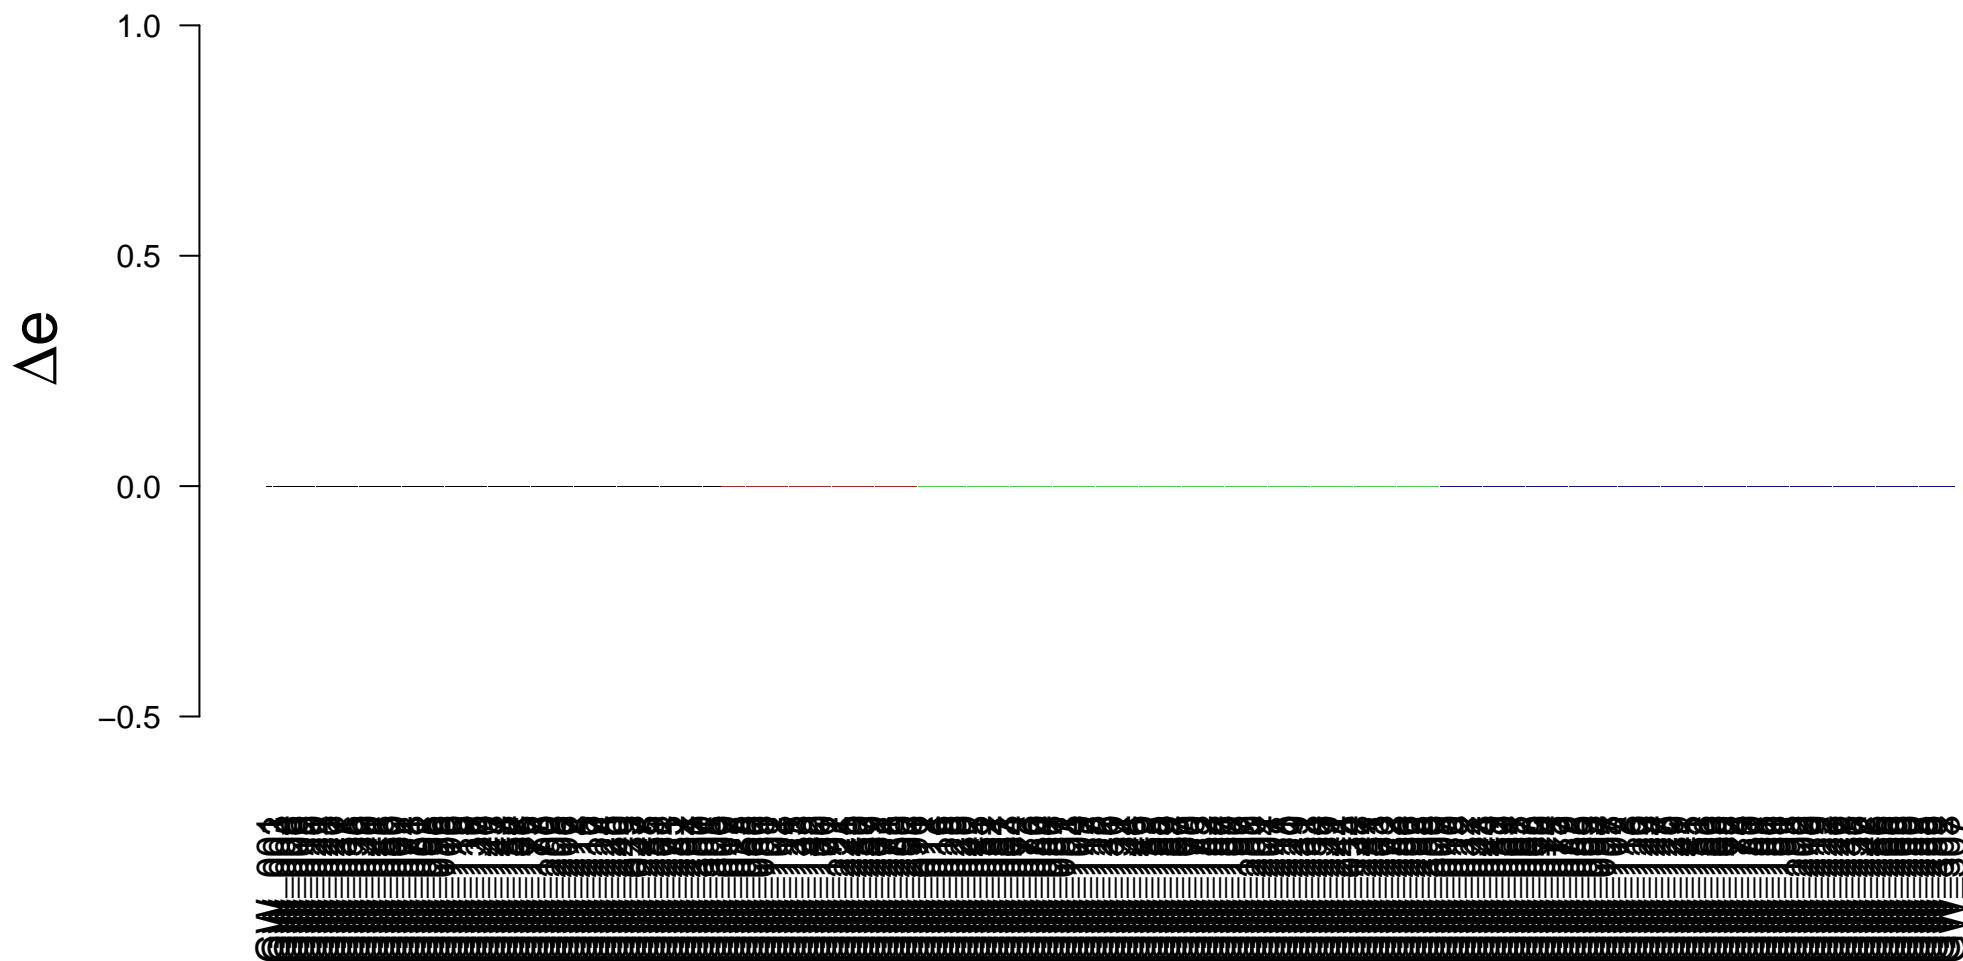

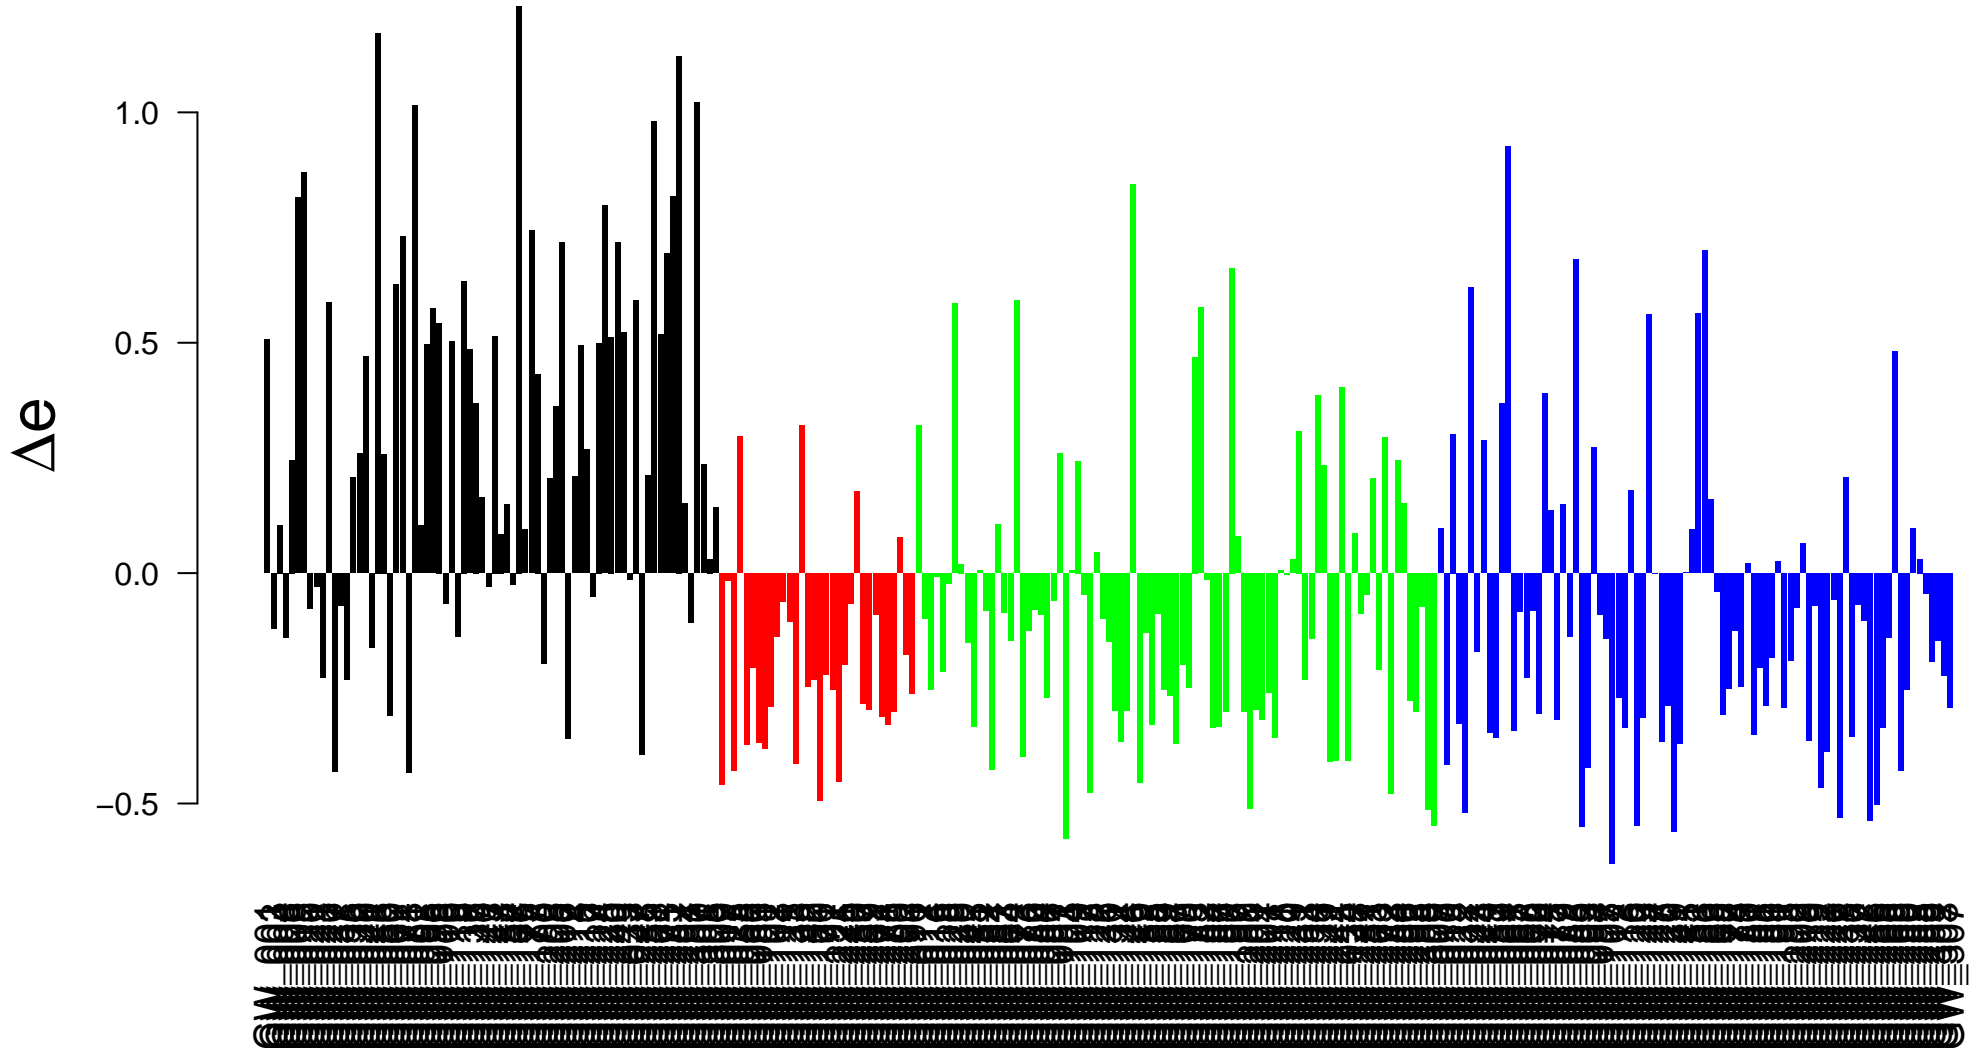

# Expression of phospholipase C activity in Spot F

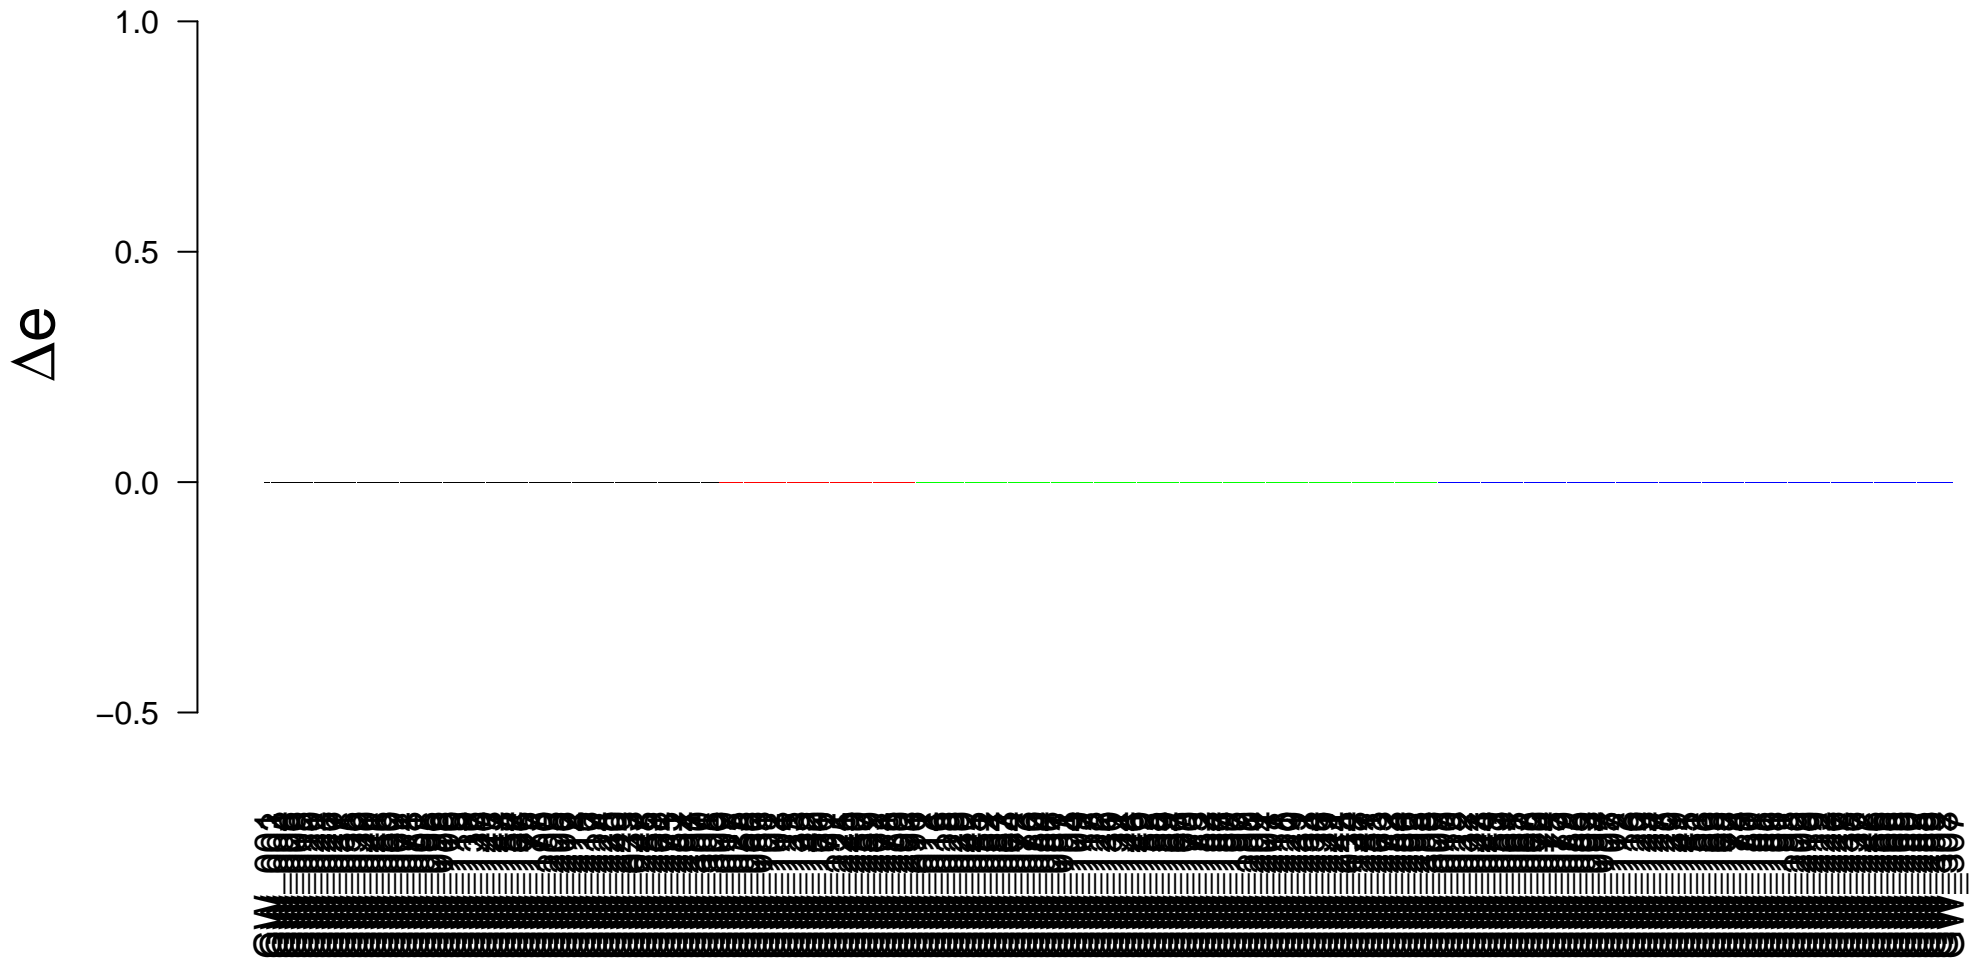

# Expression of phospholipase C activity in Spot G

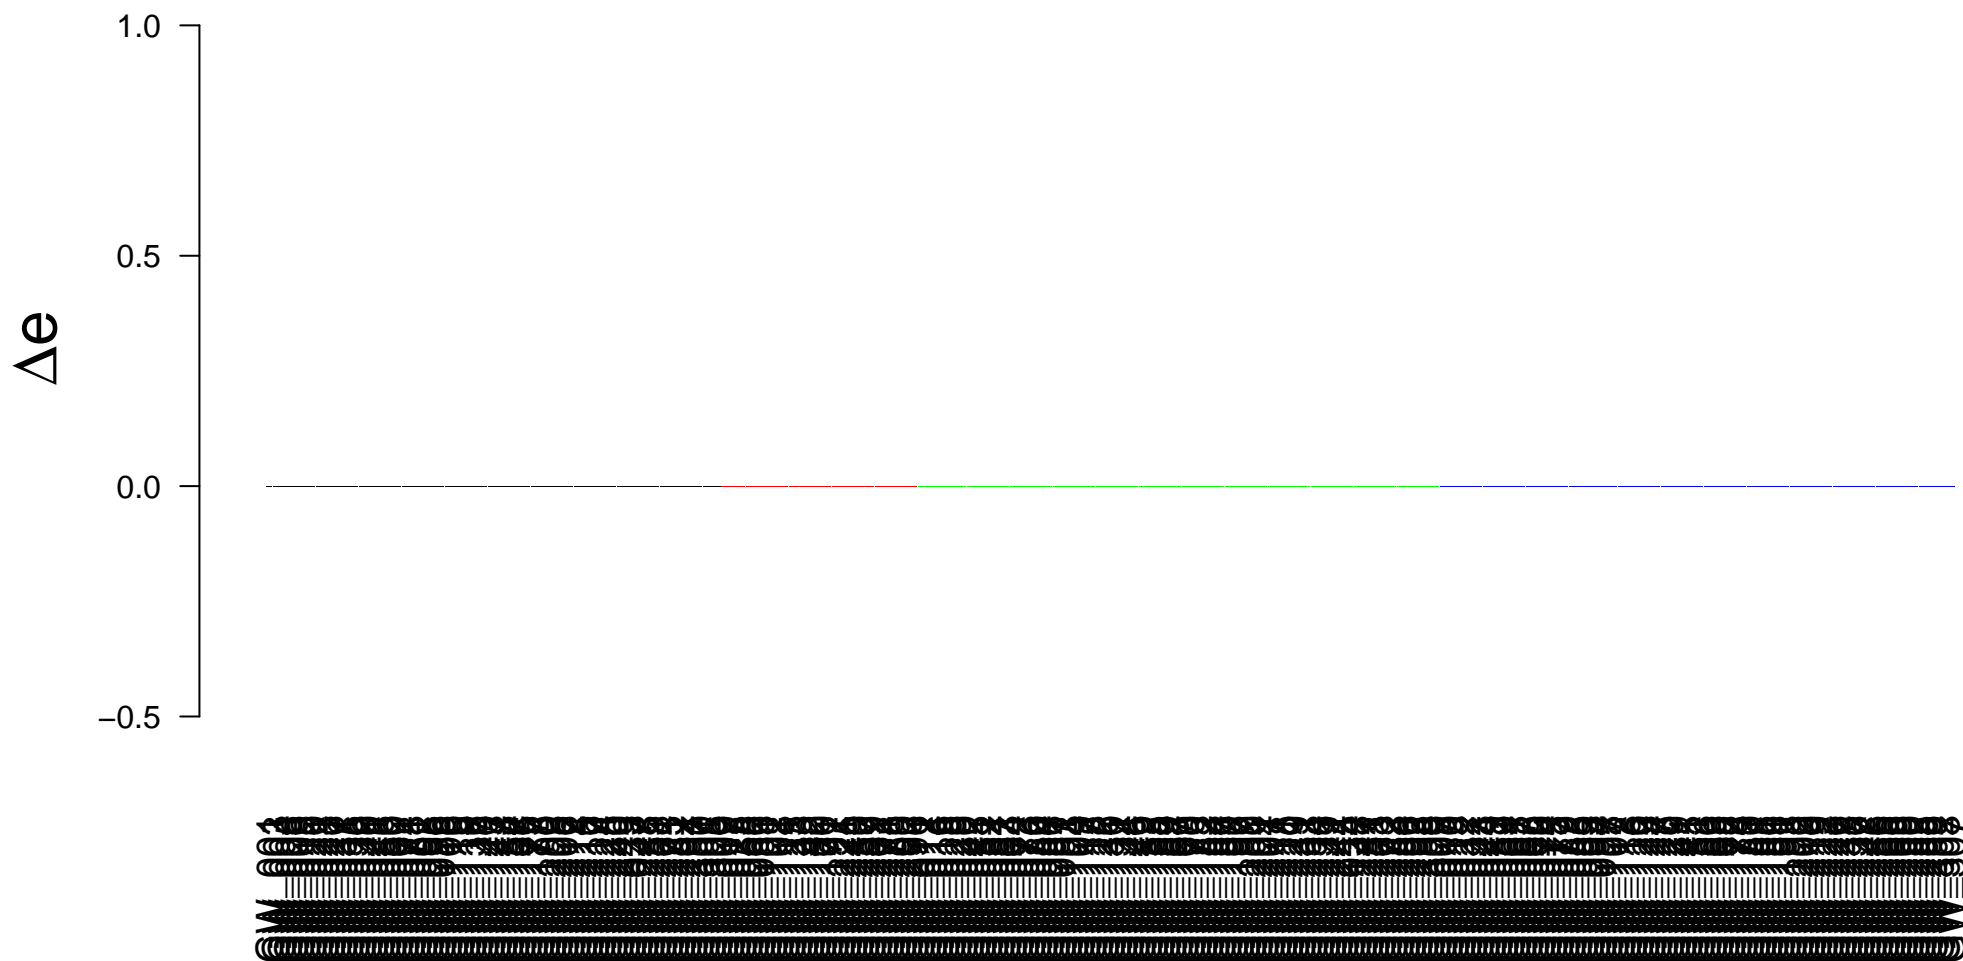

# Expression of phospholipase C activity in Spot H

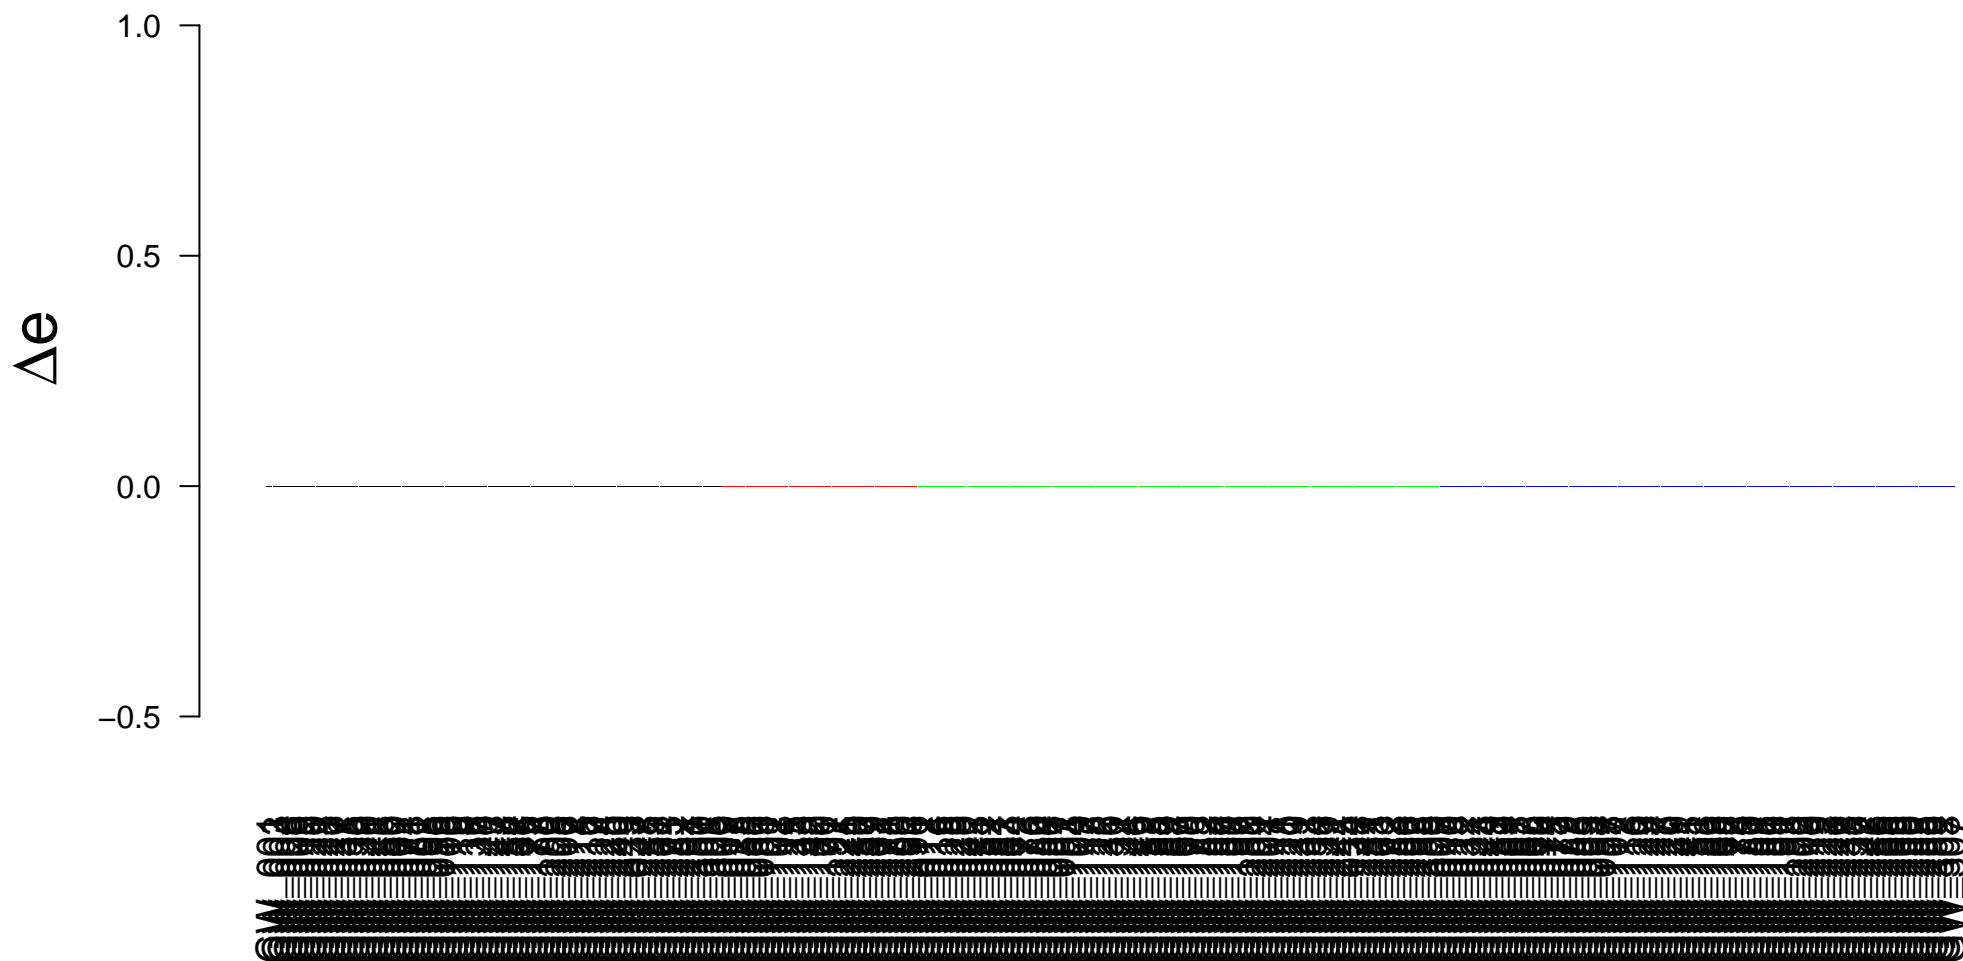

# Expression of phospholipase C activity in Spot I

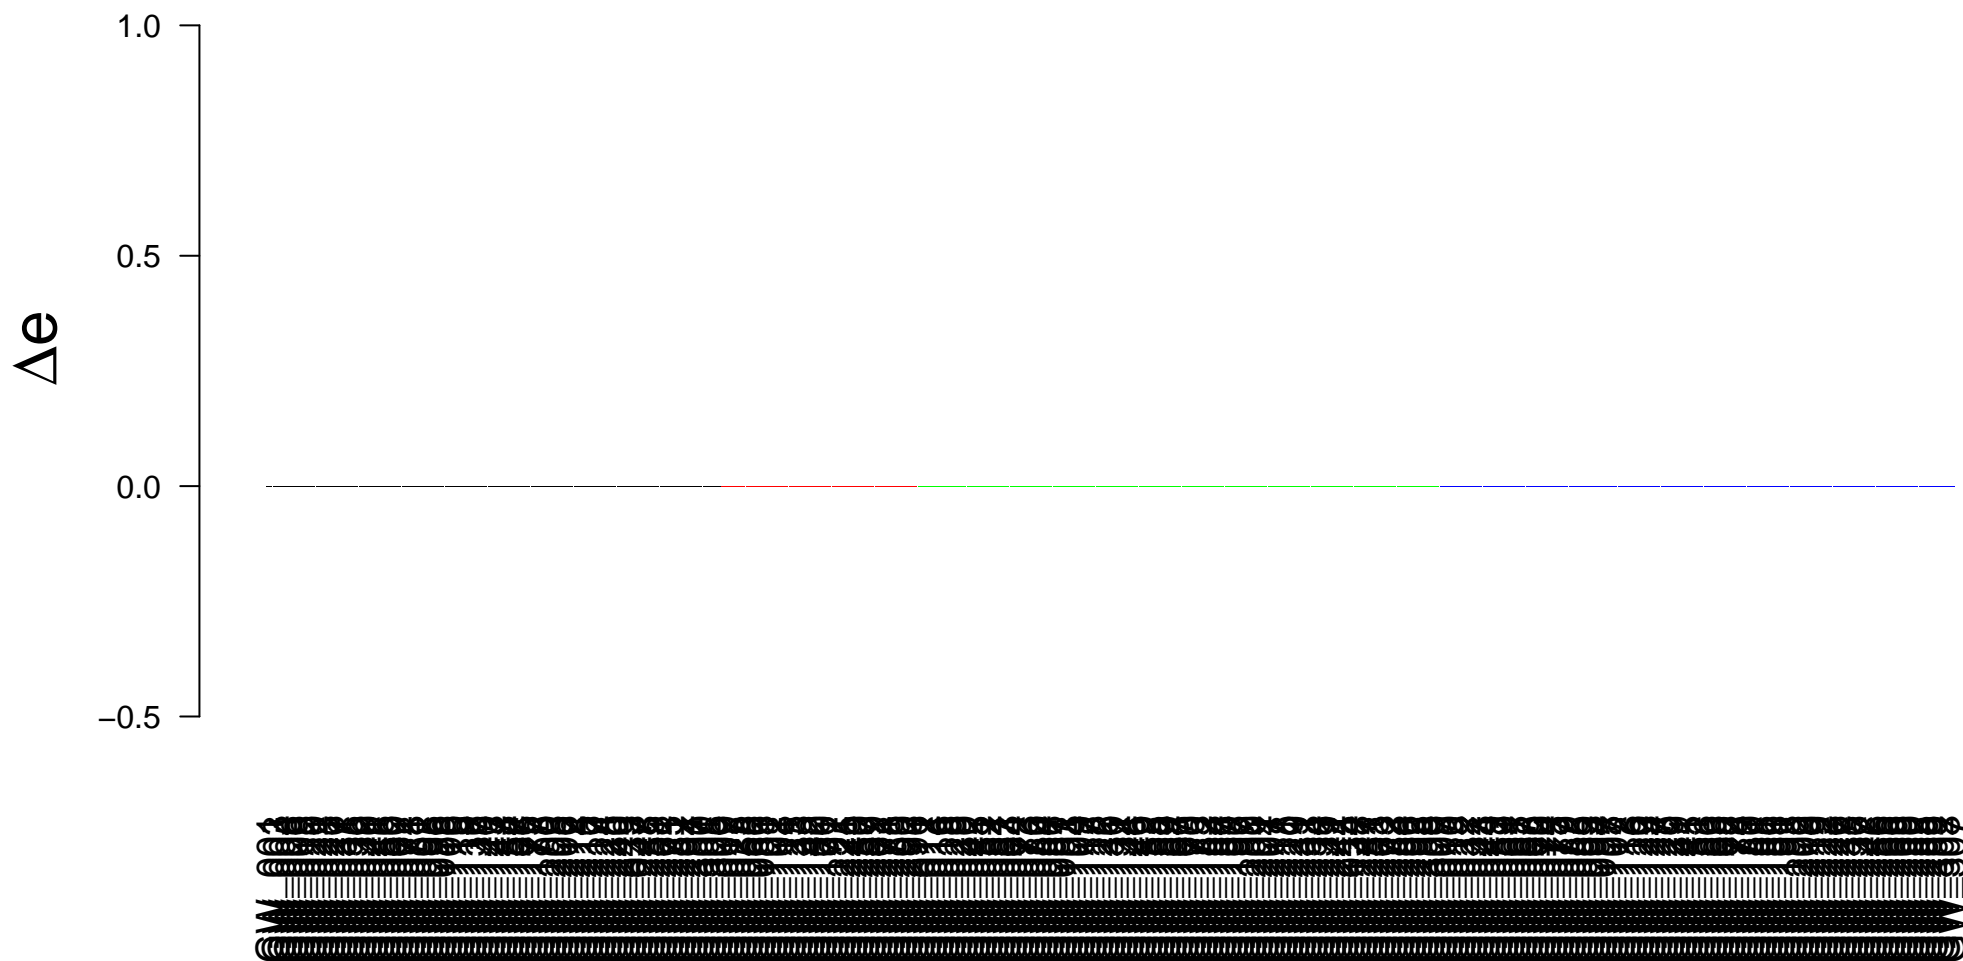

# Expression of phospholipase C activity in Spot J

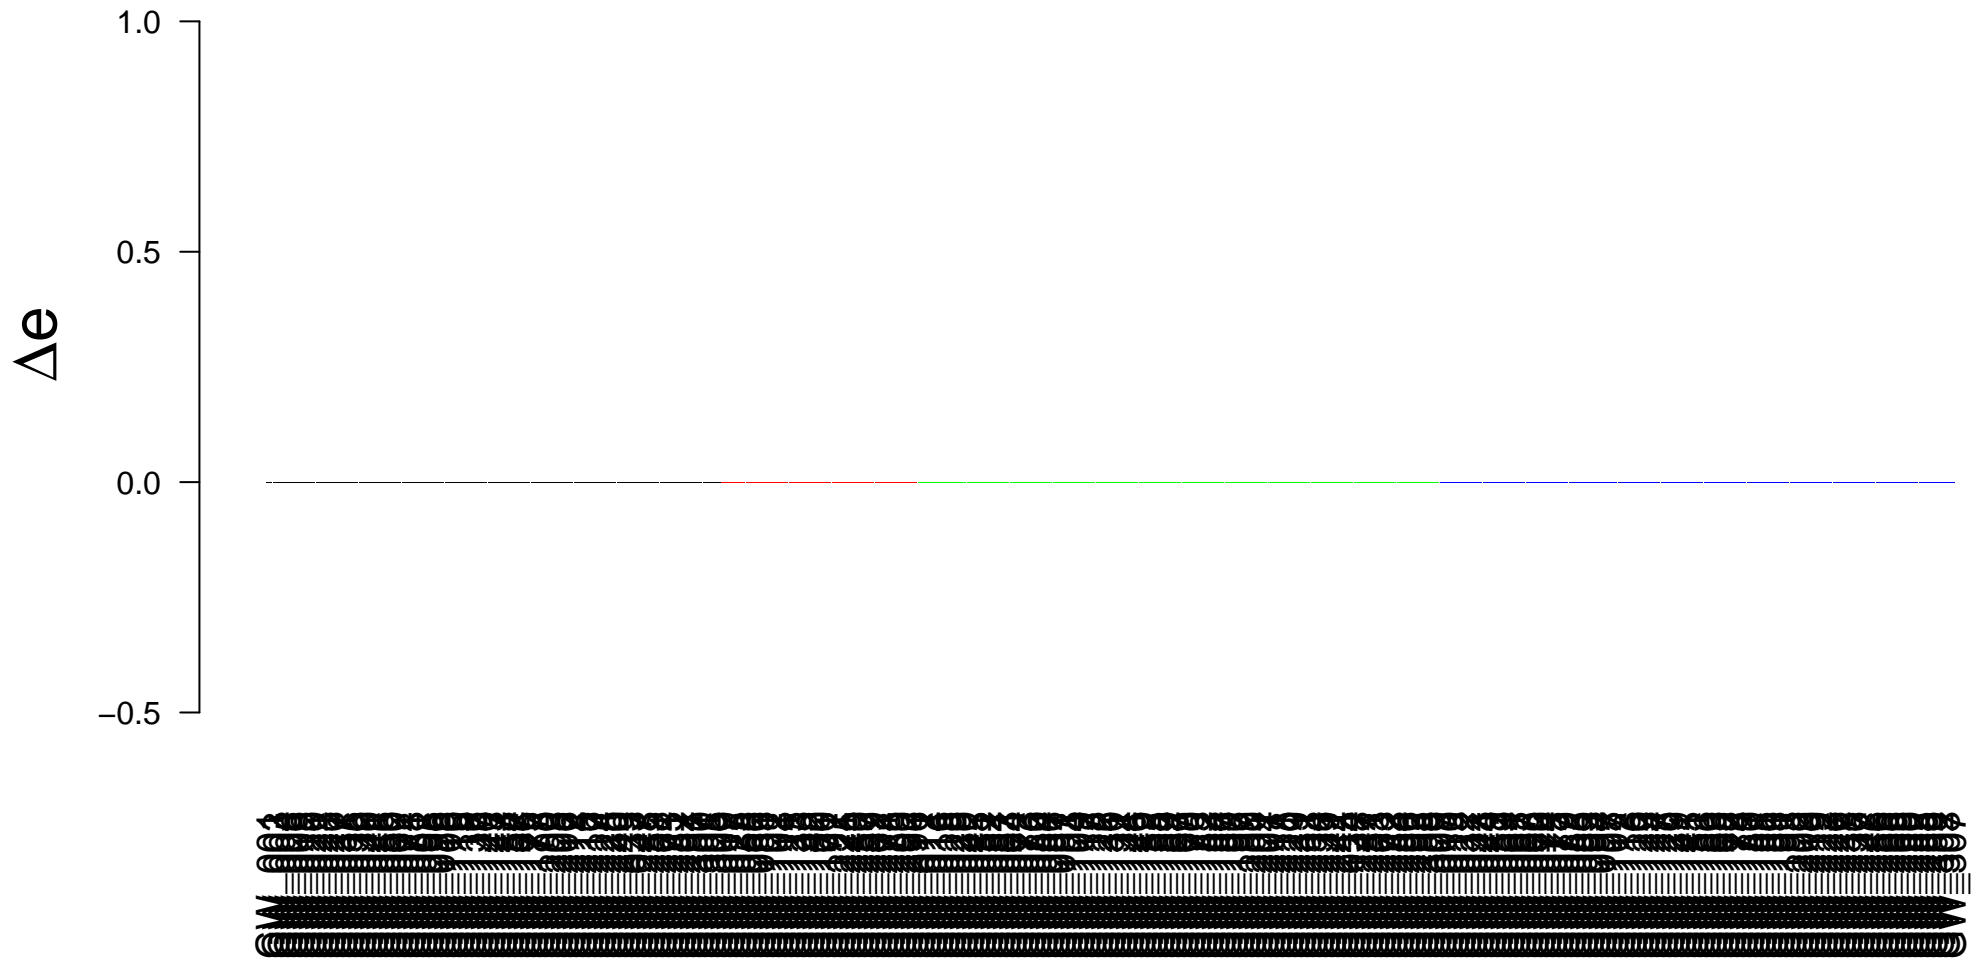

# Expression of phospholipase C activity in Spot K

# Expression of phospholipase C activity in Spot L

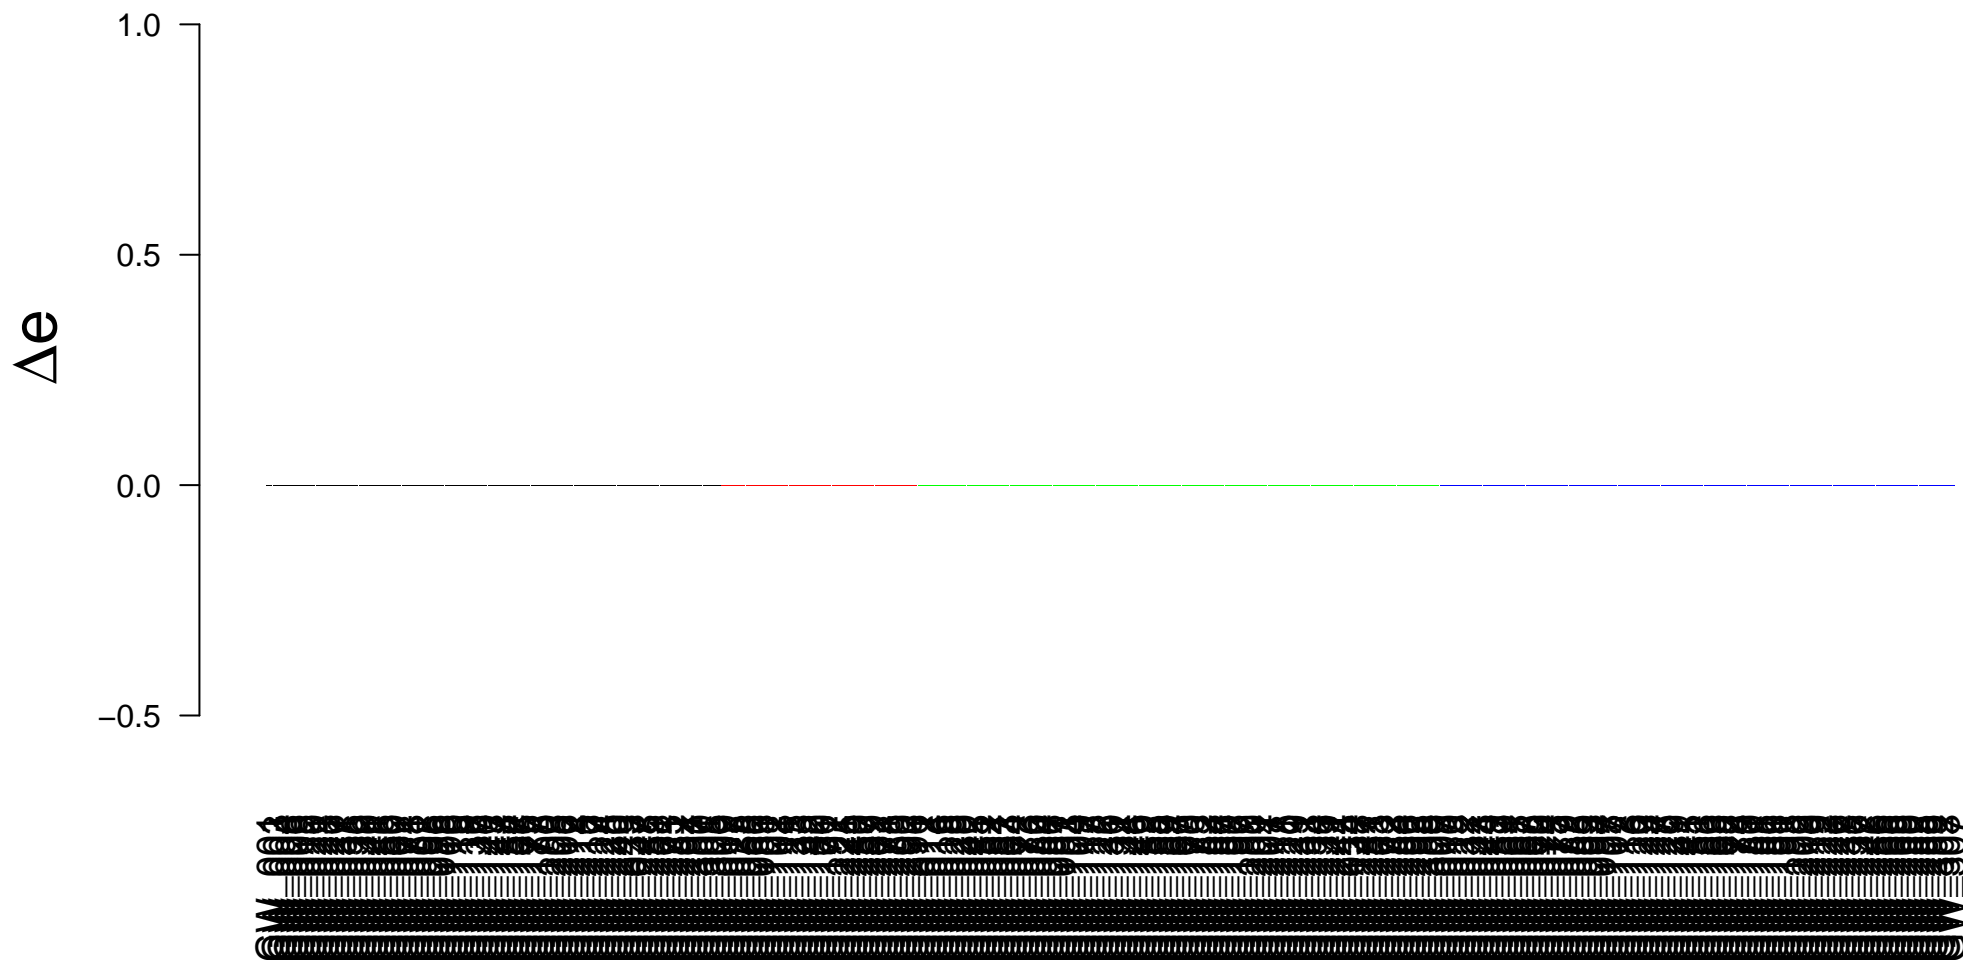

# Expression of phospholipase C activity in Spot M

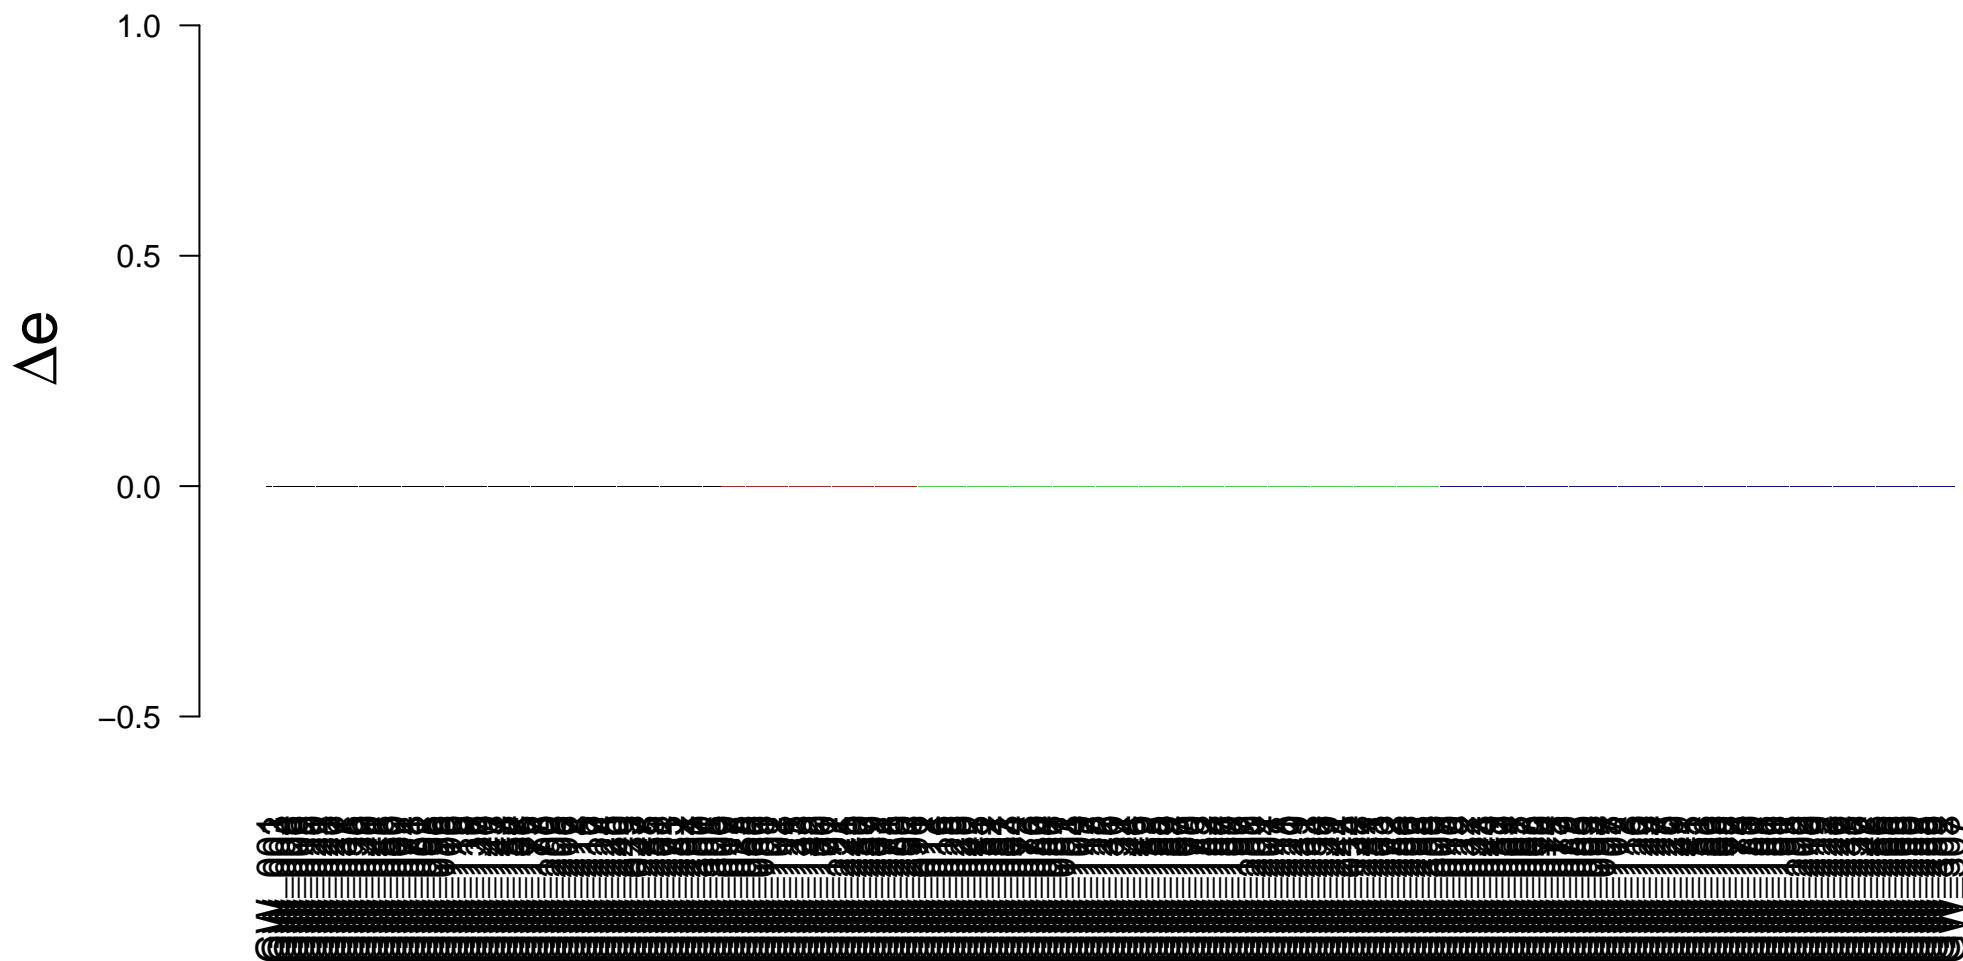

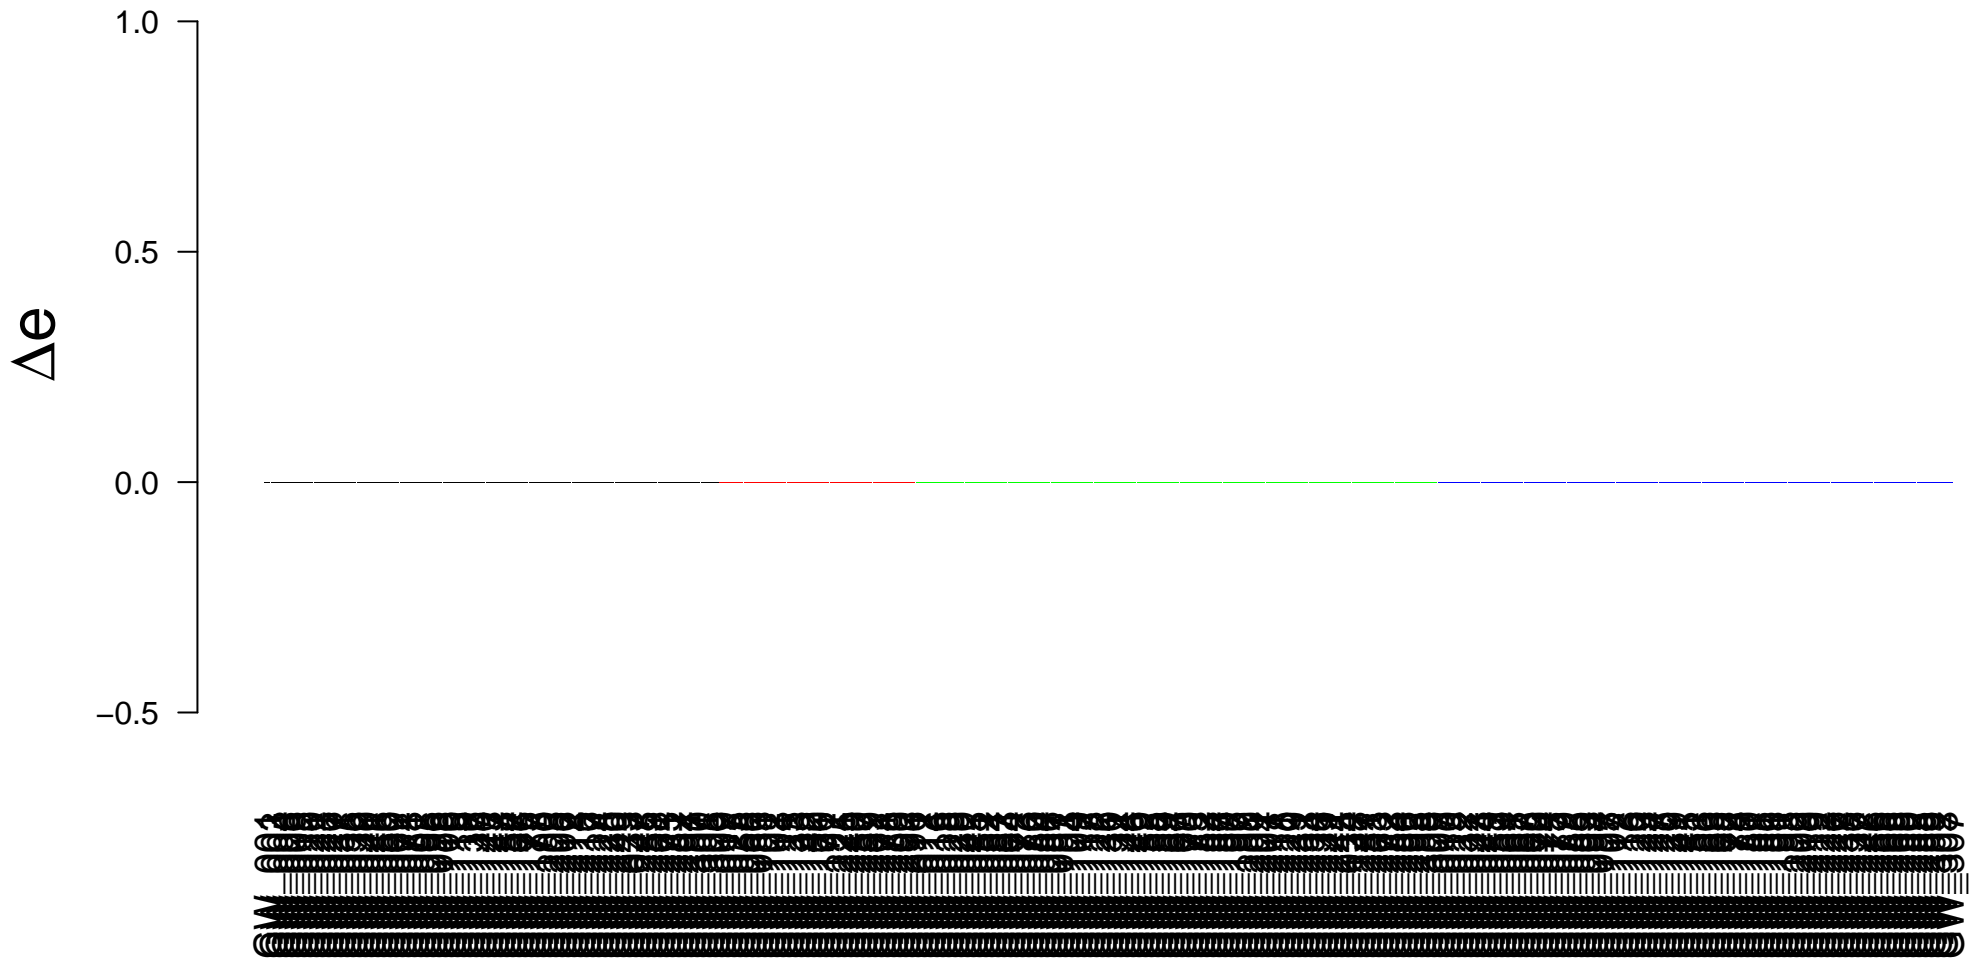

# Expression of phospholipase C activity in Spot N

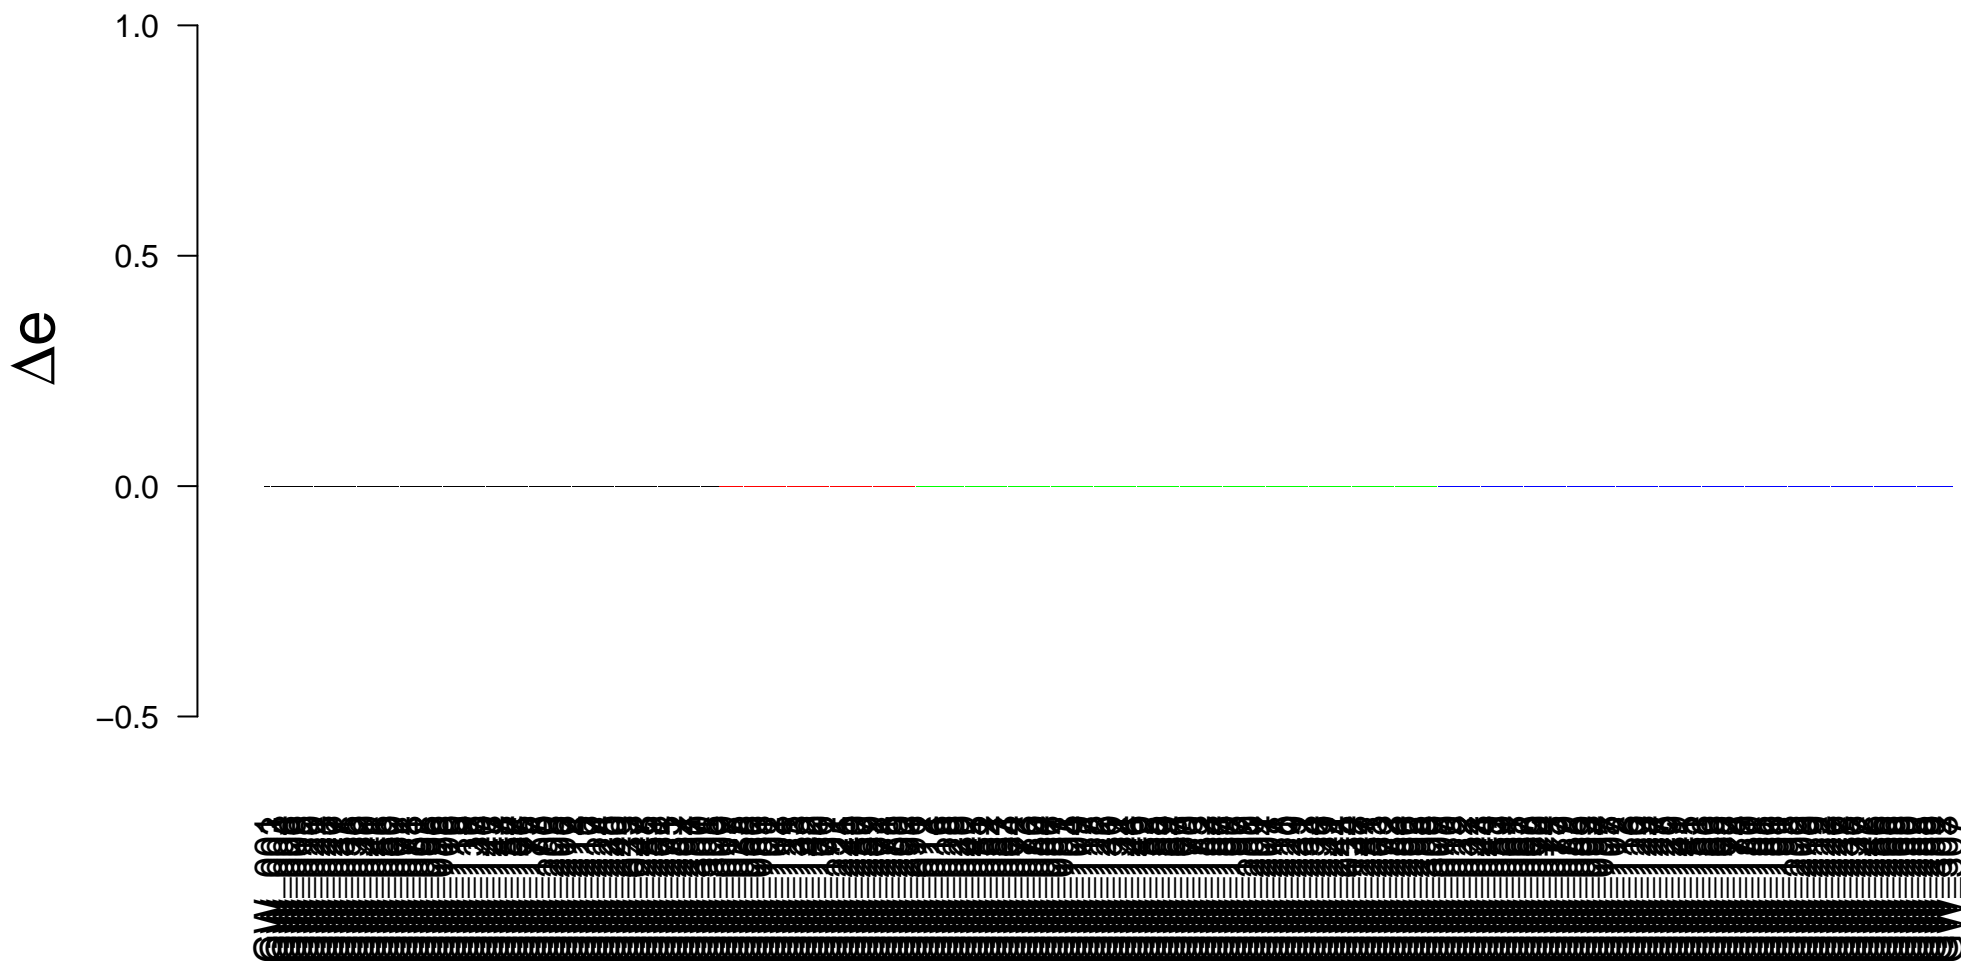

# Expression of phospholipase C activity in Spot O

# Expression of phospholipase C activity in Spot P

# Expression of phospholipase C activity in Spot Q

# Expression of phospholipase C activity in Spot R
