

platelet-derived growth factor binding

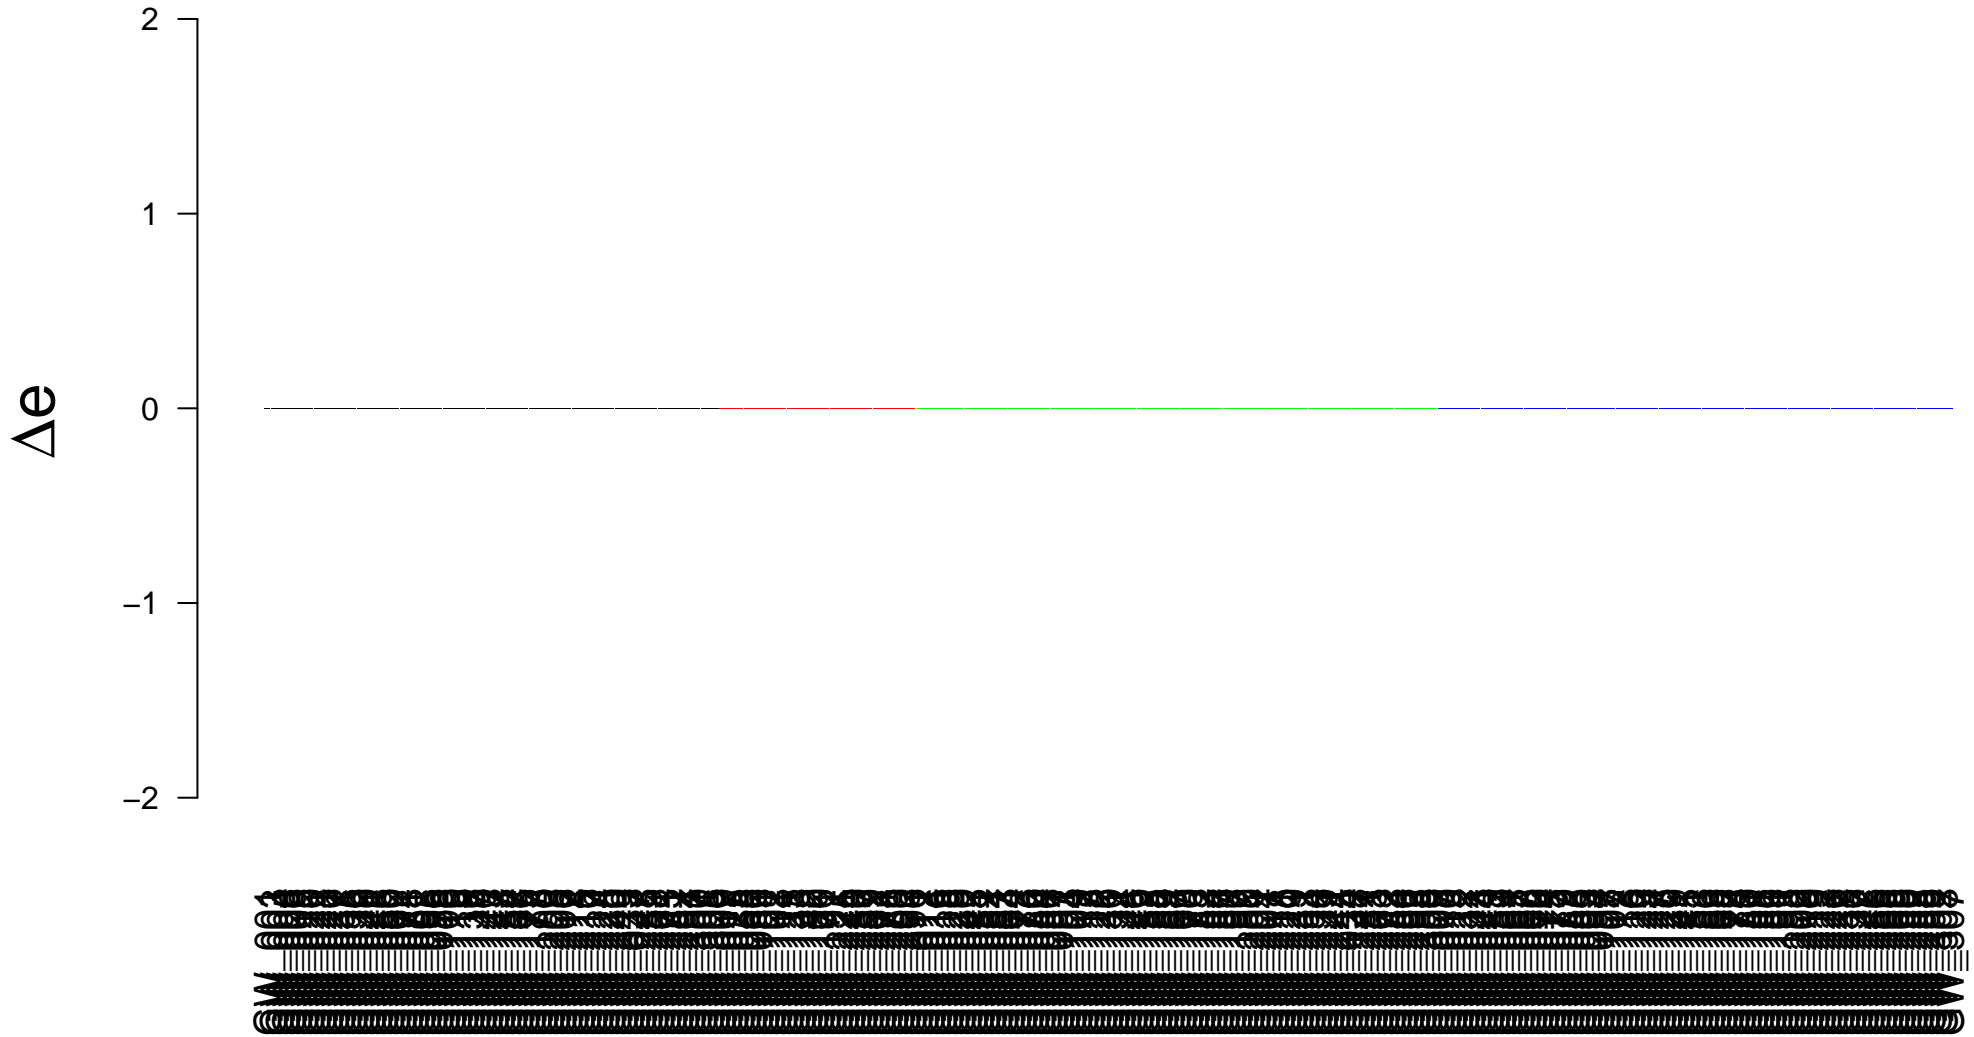

# platelet-derived growth factor binding

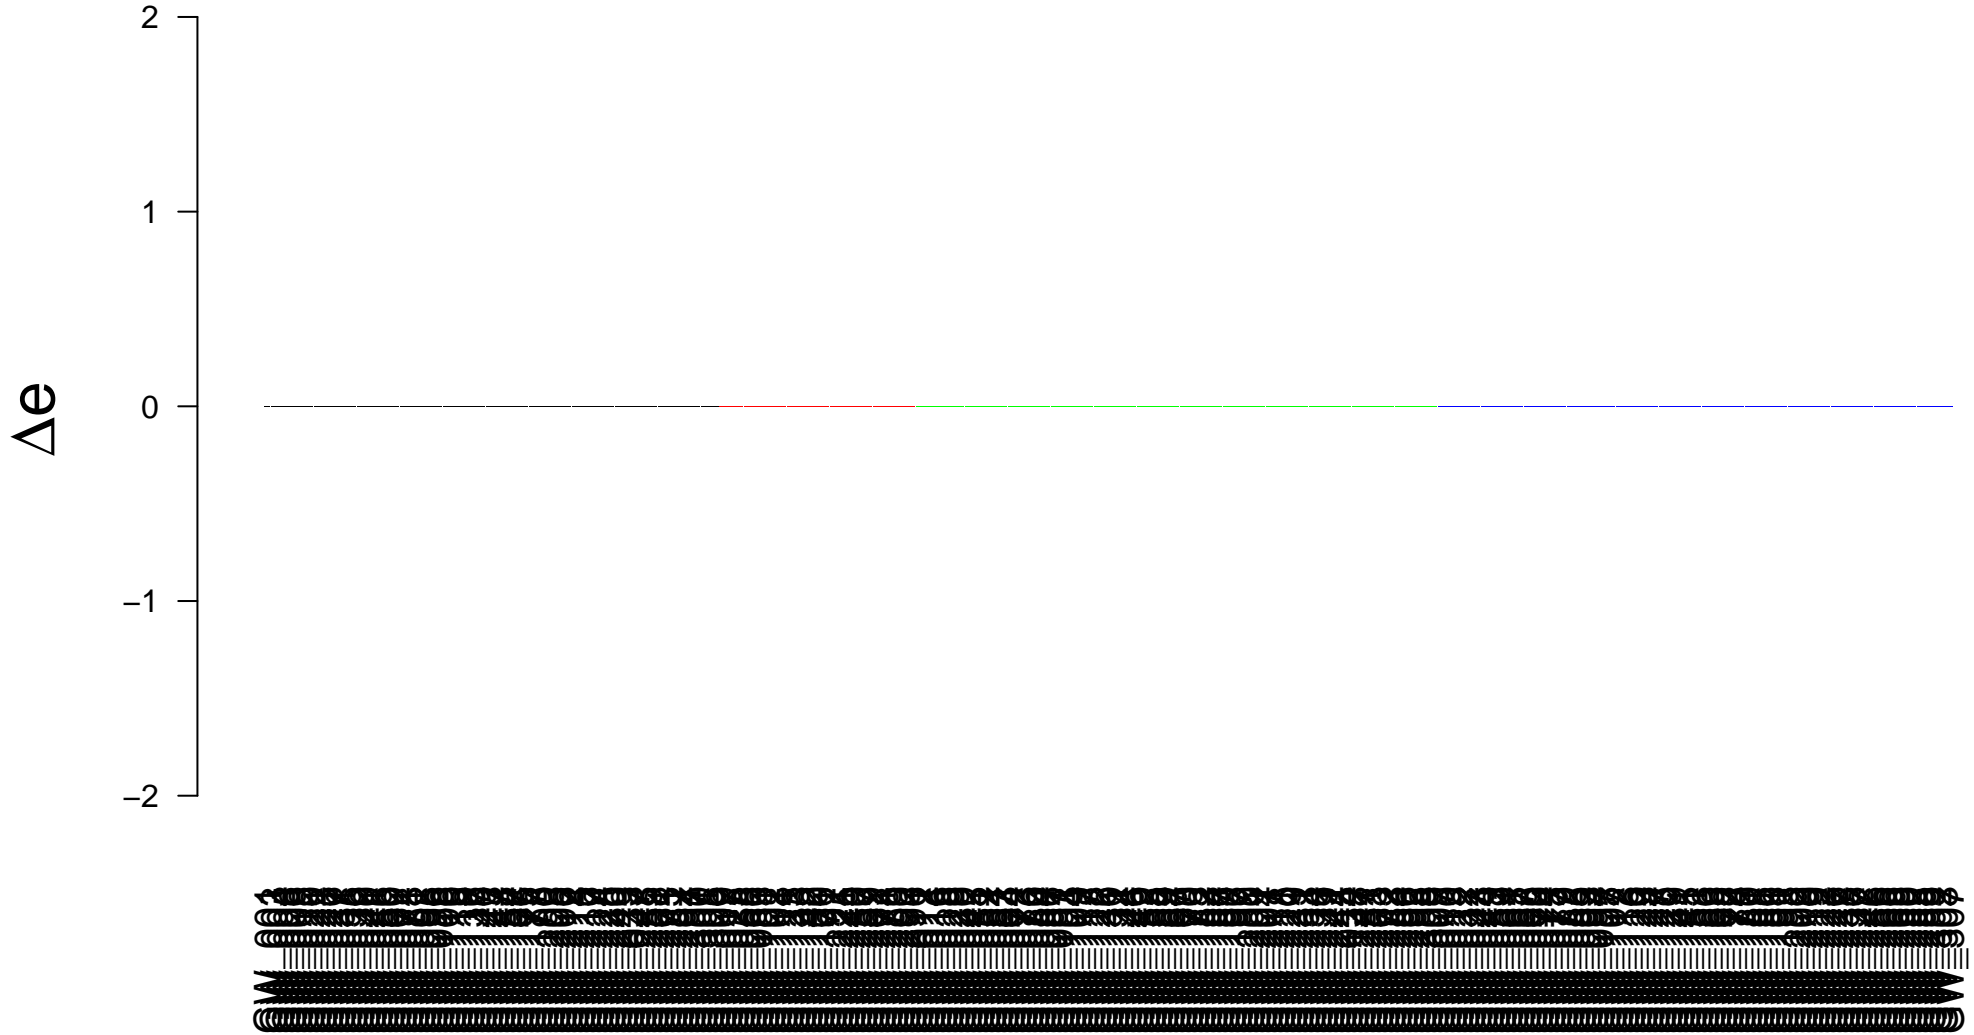

# Enrichment in spots: platelet-derived growth factor binding

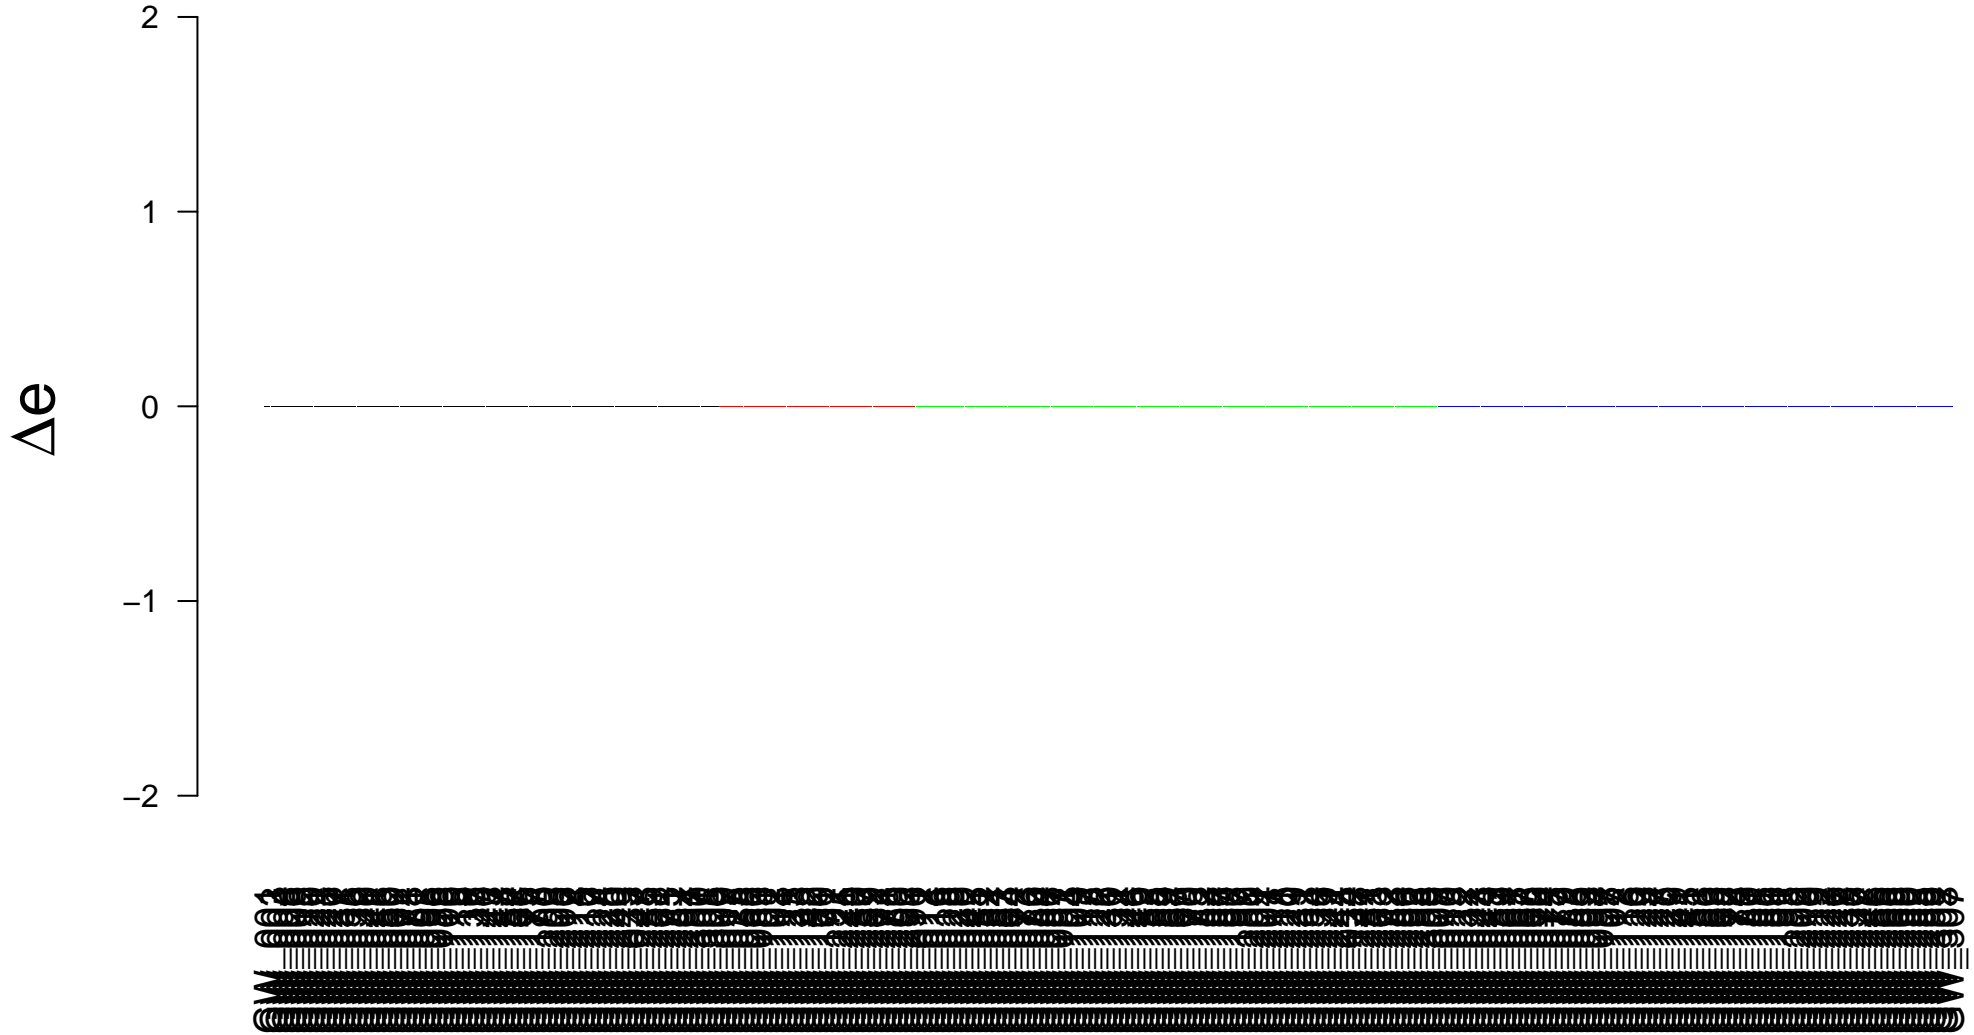

# Expression of platelet-derived growth factor binding in Spot A

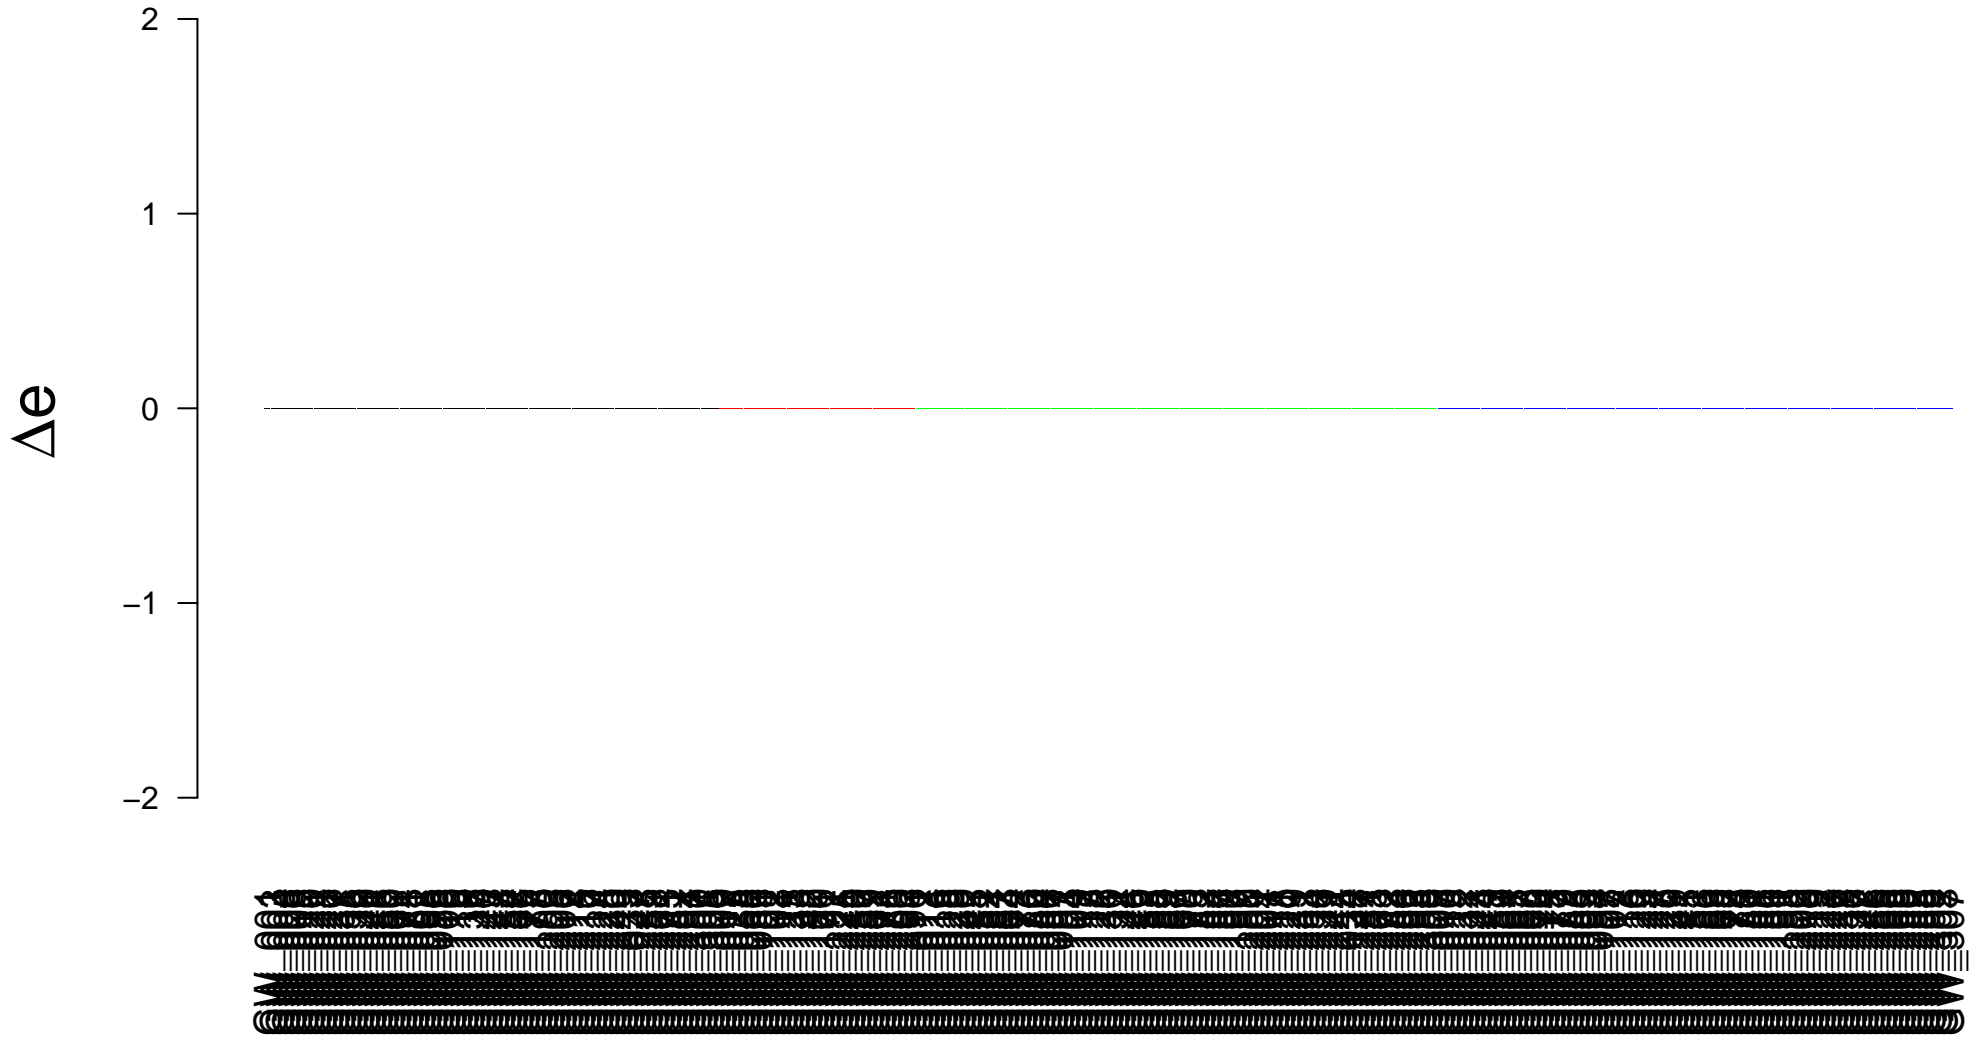

# Expression of platelet-derived growth factor binding in Spot B

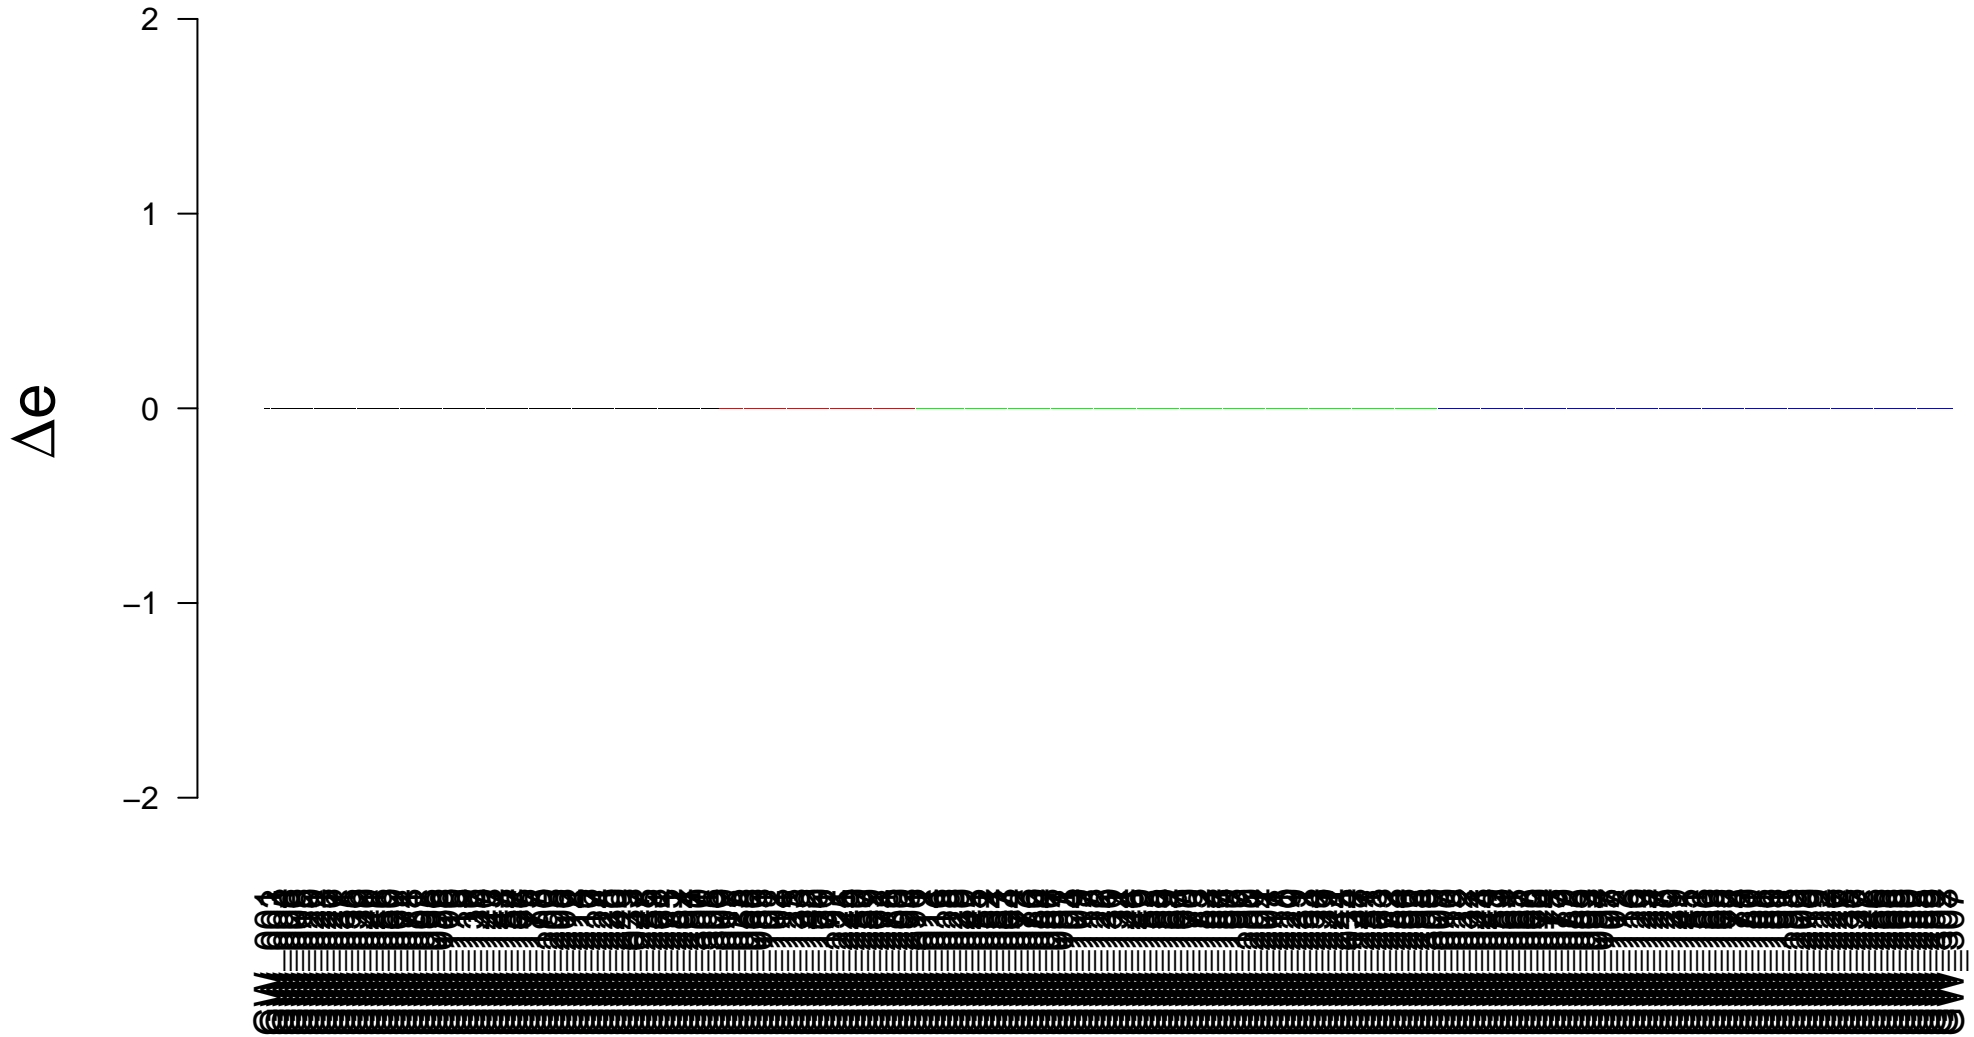

# Expression of platelet-derived growth factor binding in Spot C

# Expression of platelet-derived growth factor binding in Spot D

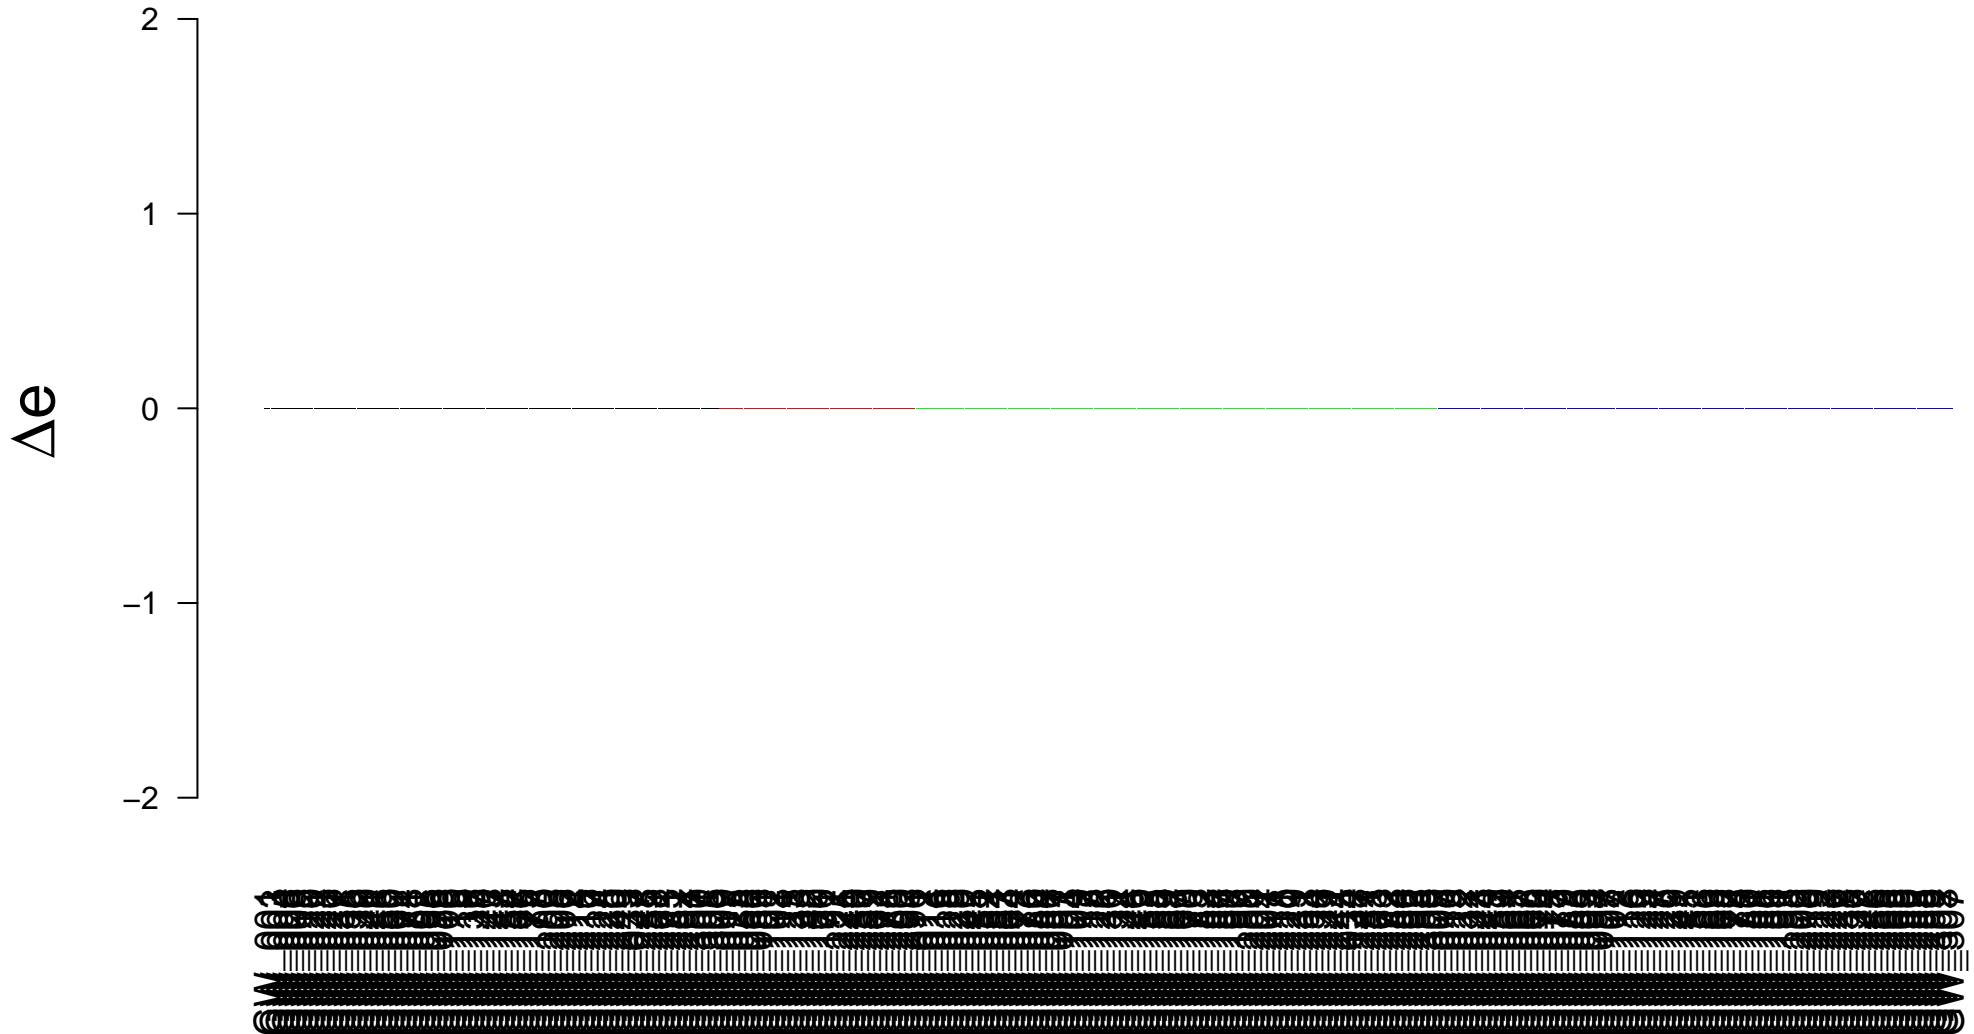

# Expression of platelet-derived growth factor binding in Spot E

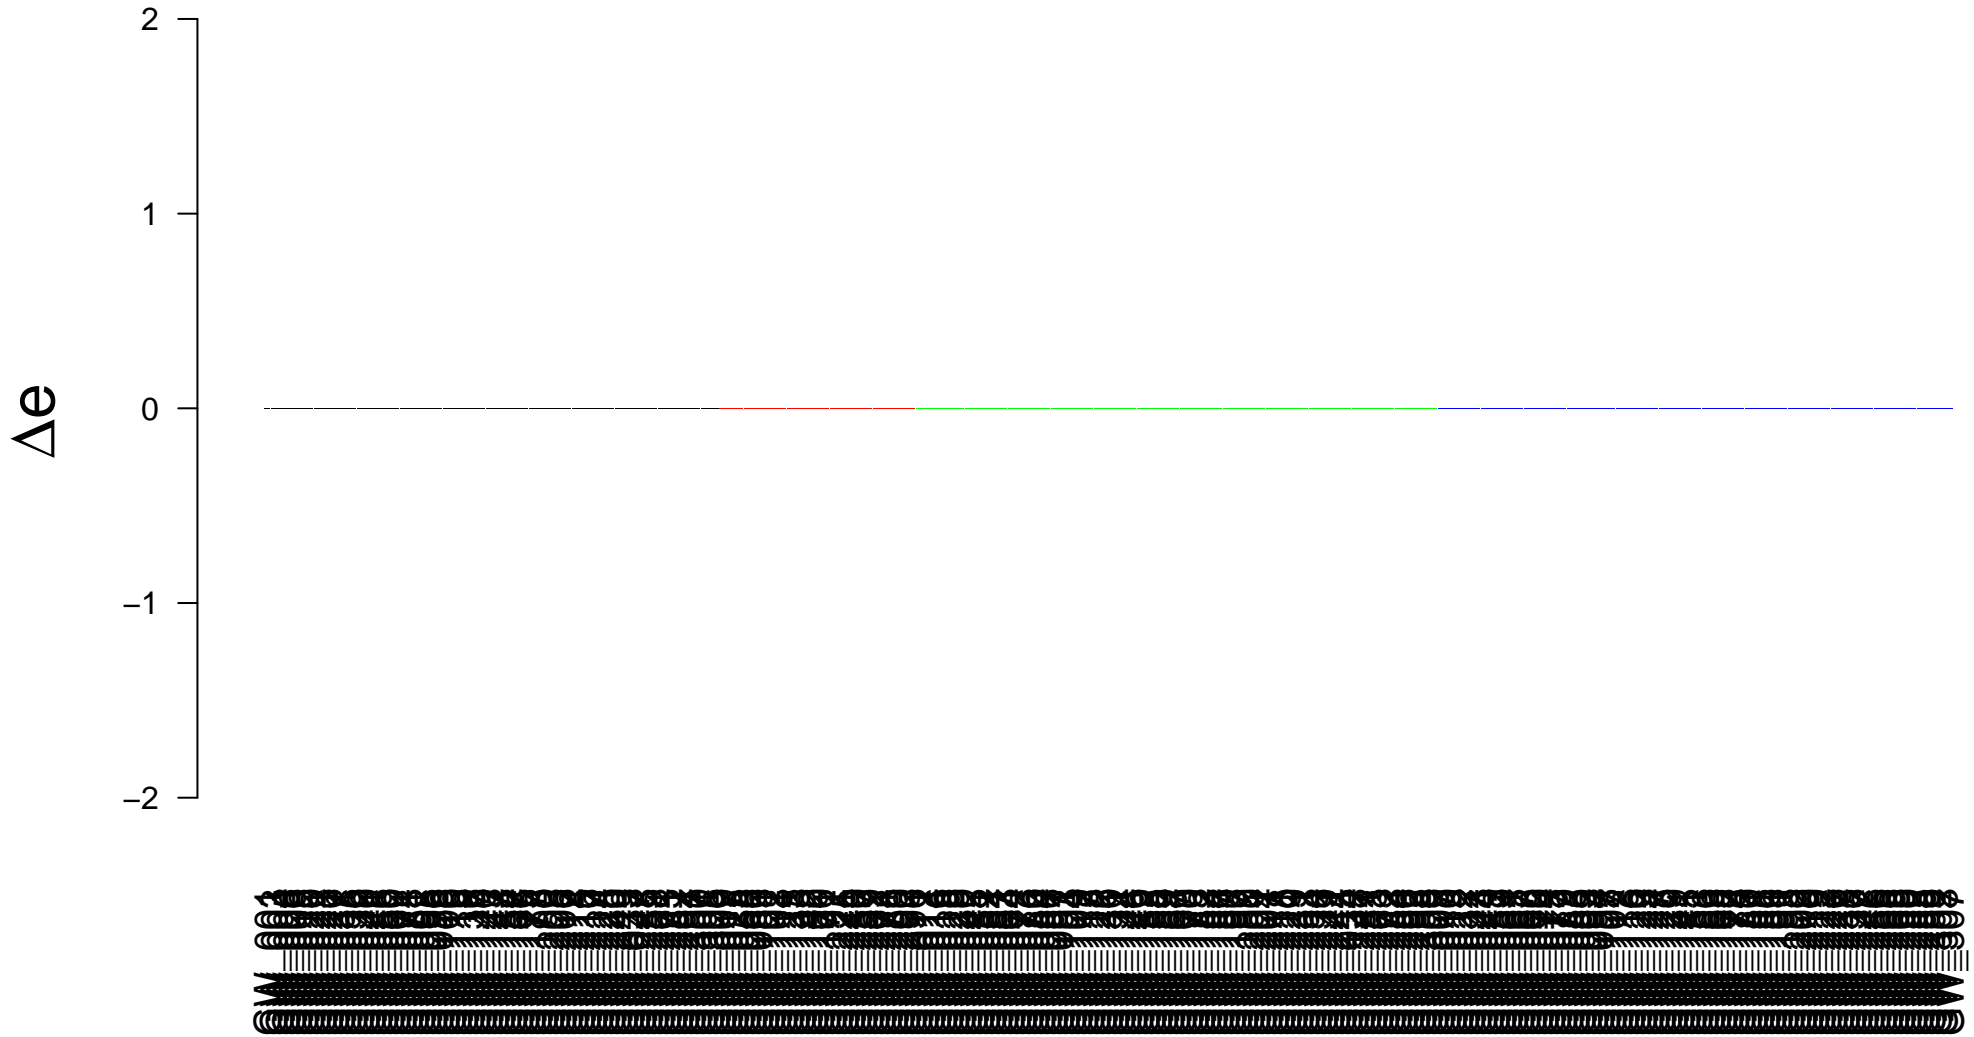

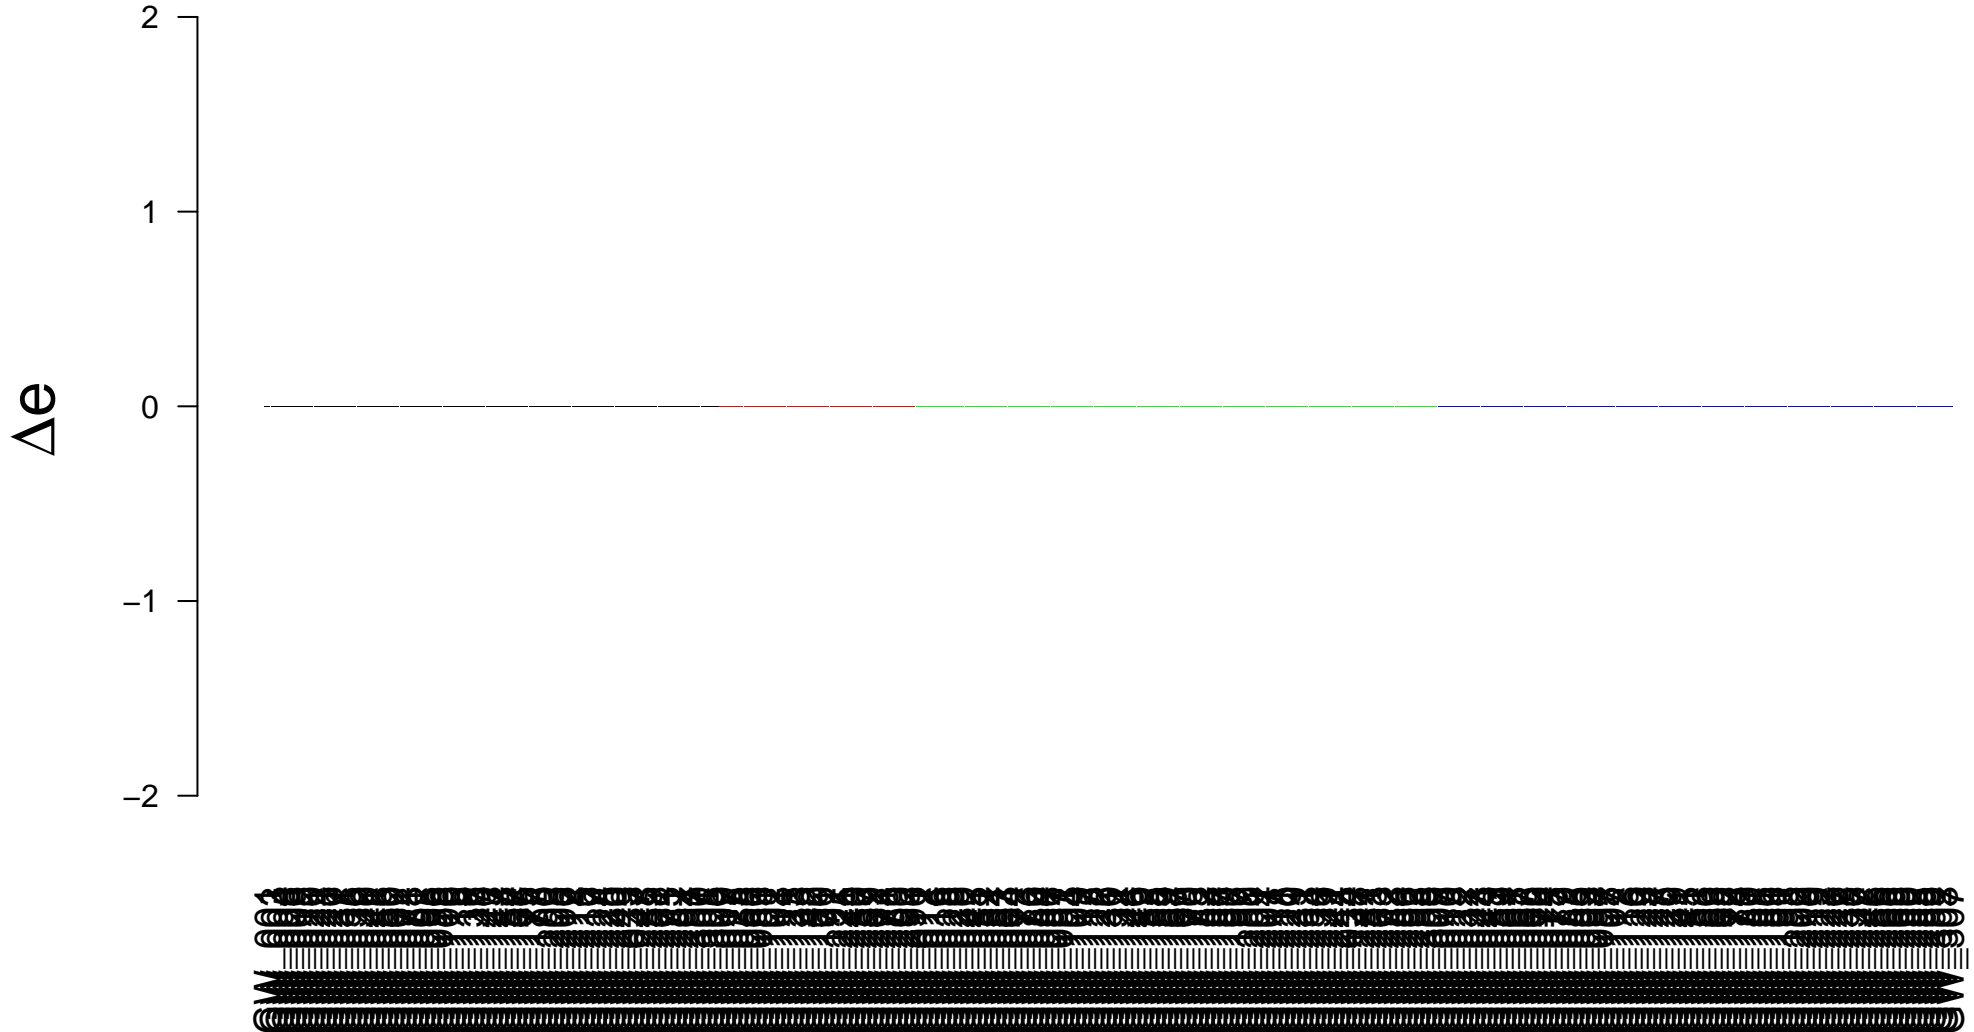

# Expression of platelet-derived growth factor binding in Spot F

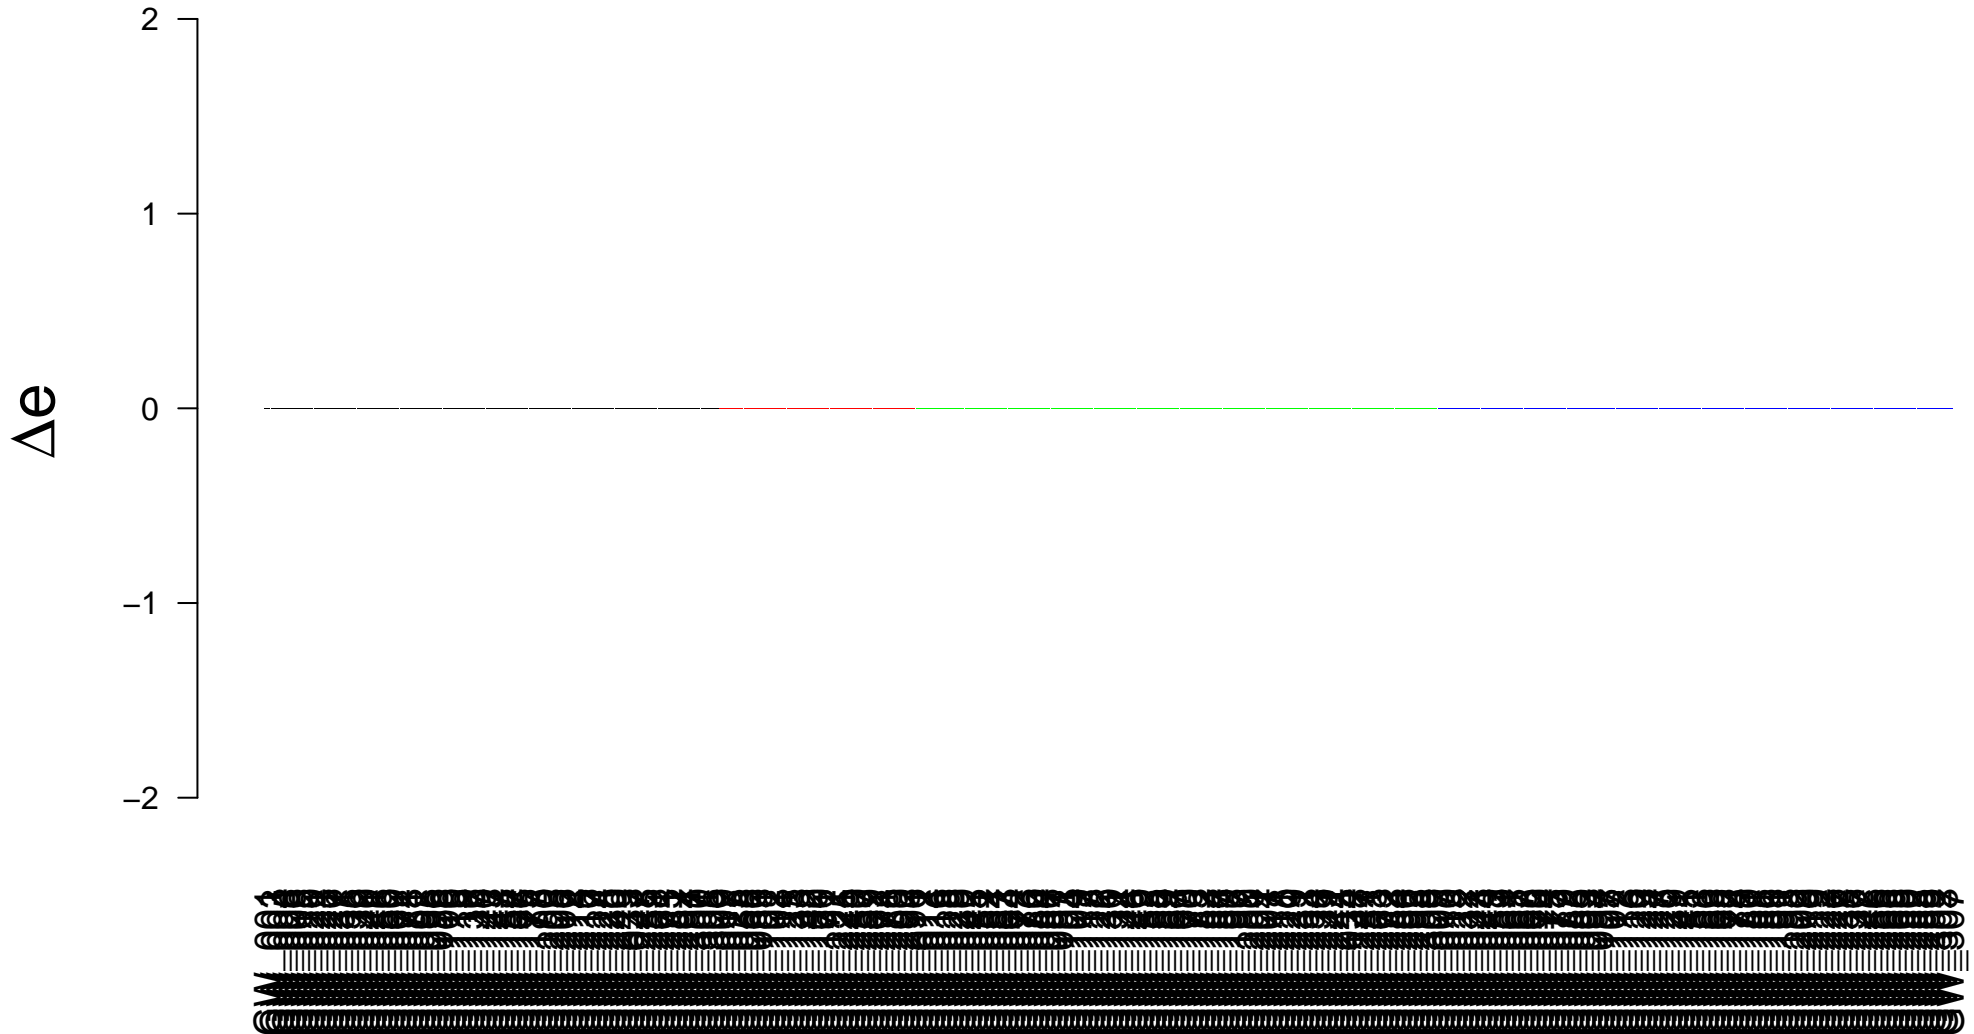

# Expression of platelet-derived growth factor binding in Spot G

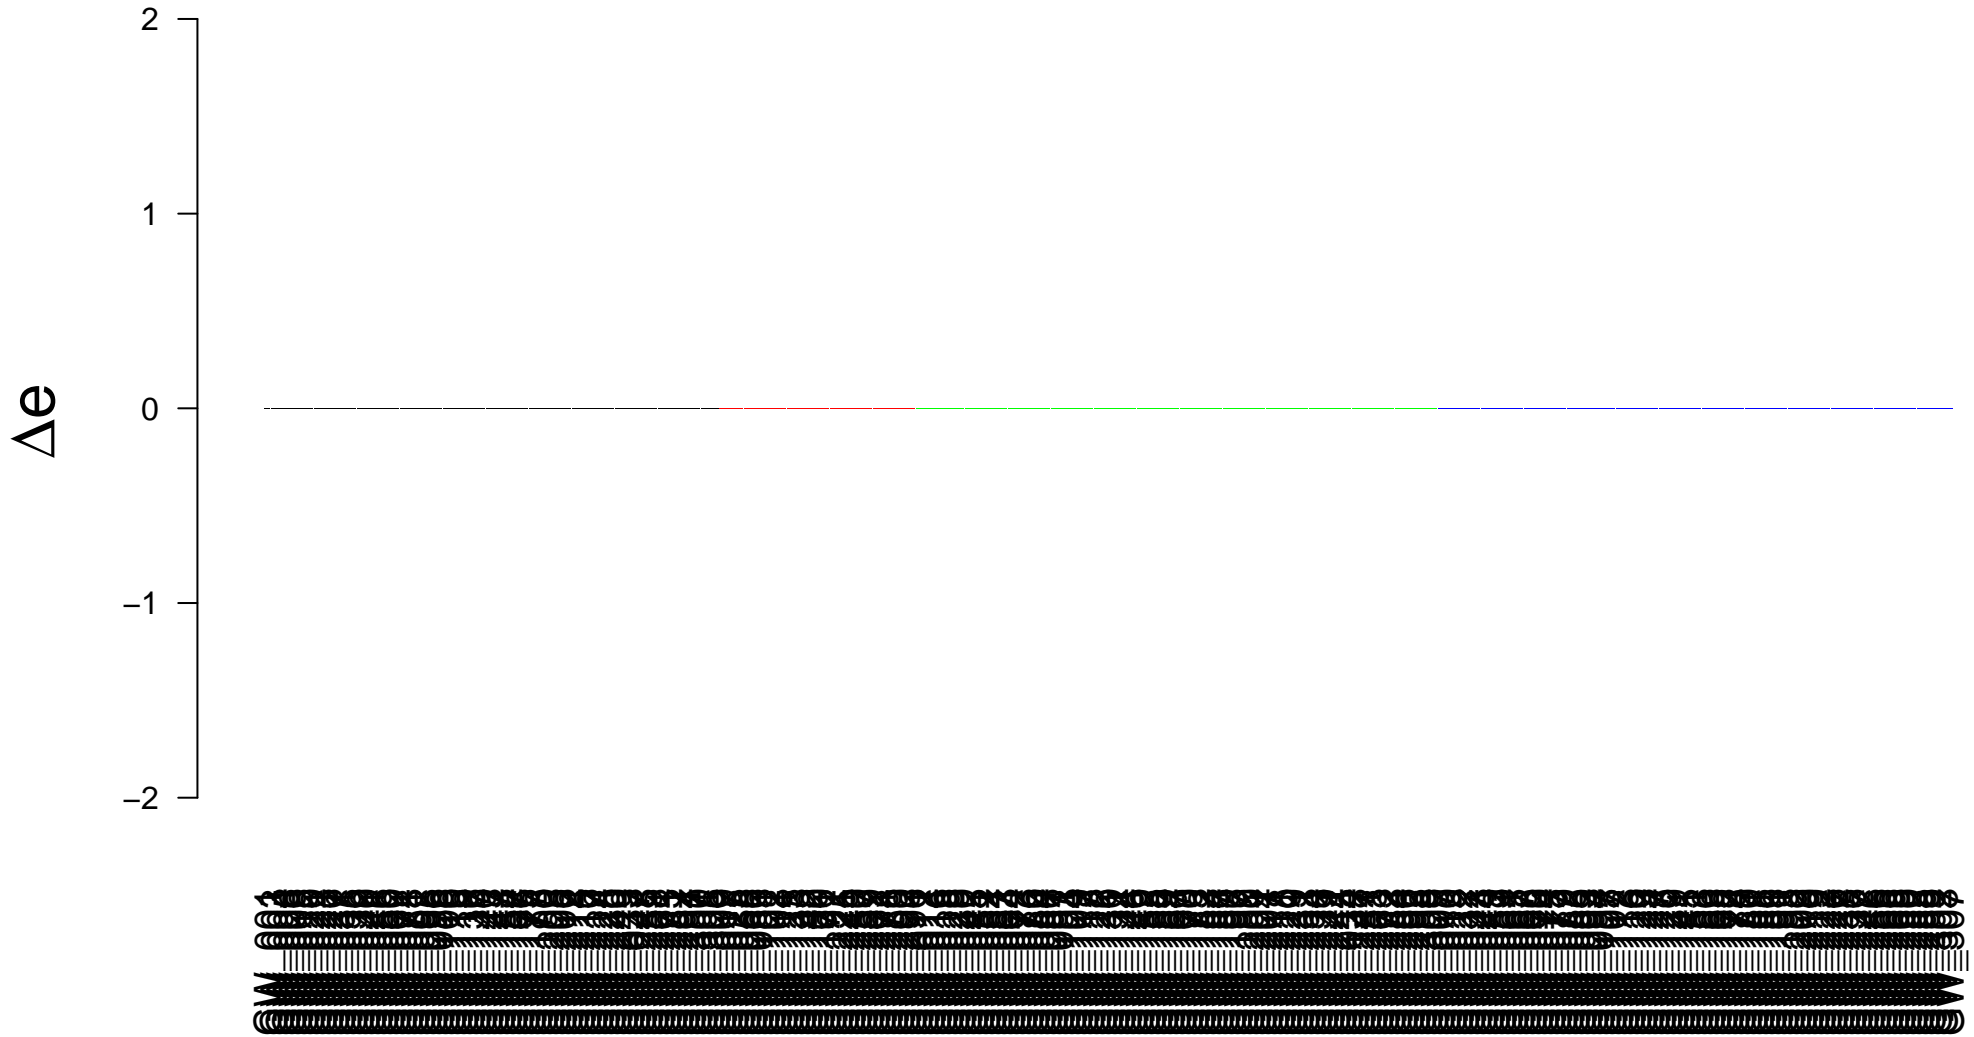

# Expression of platelet-derived growth factor binding in Spot H

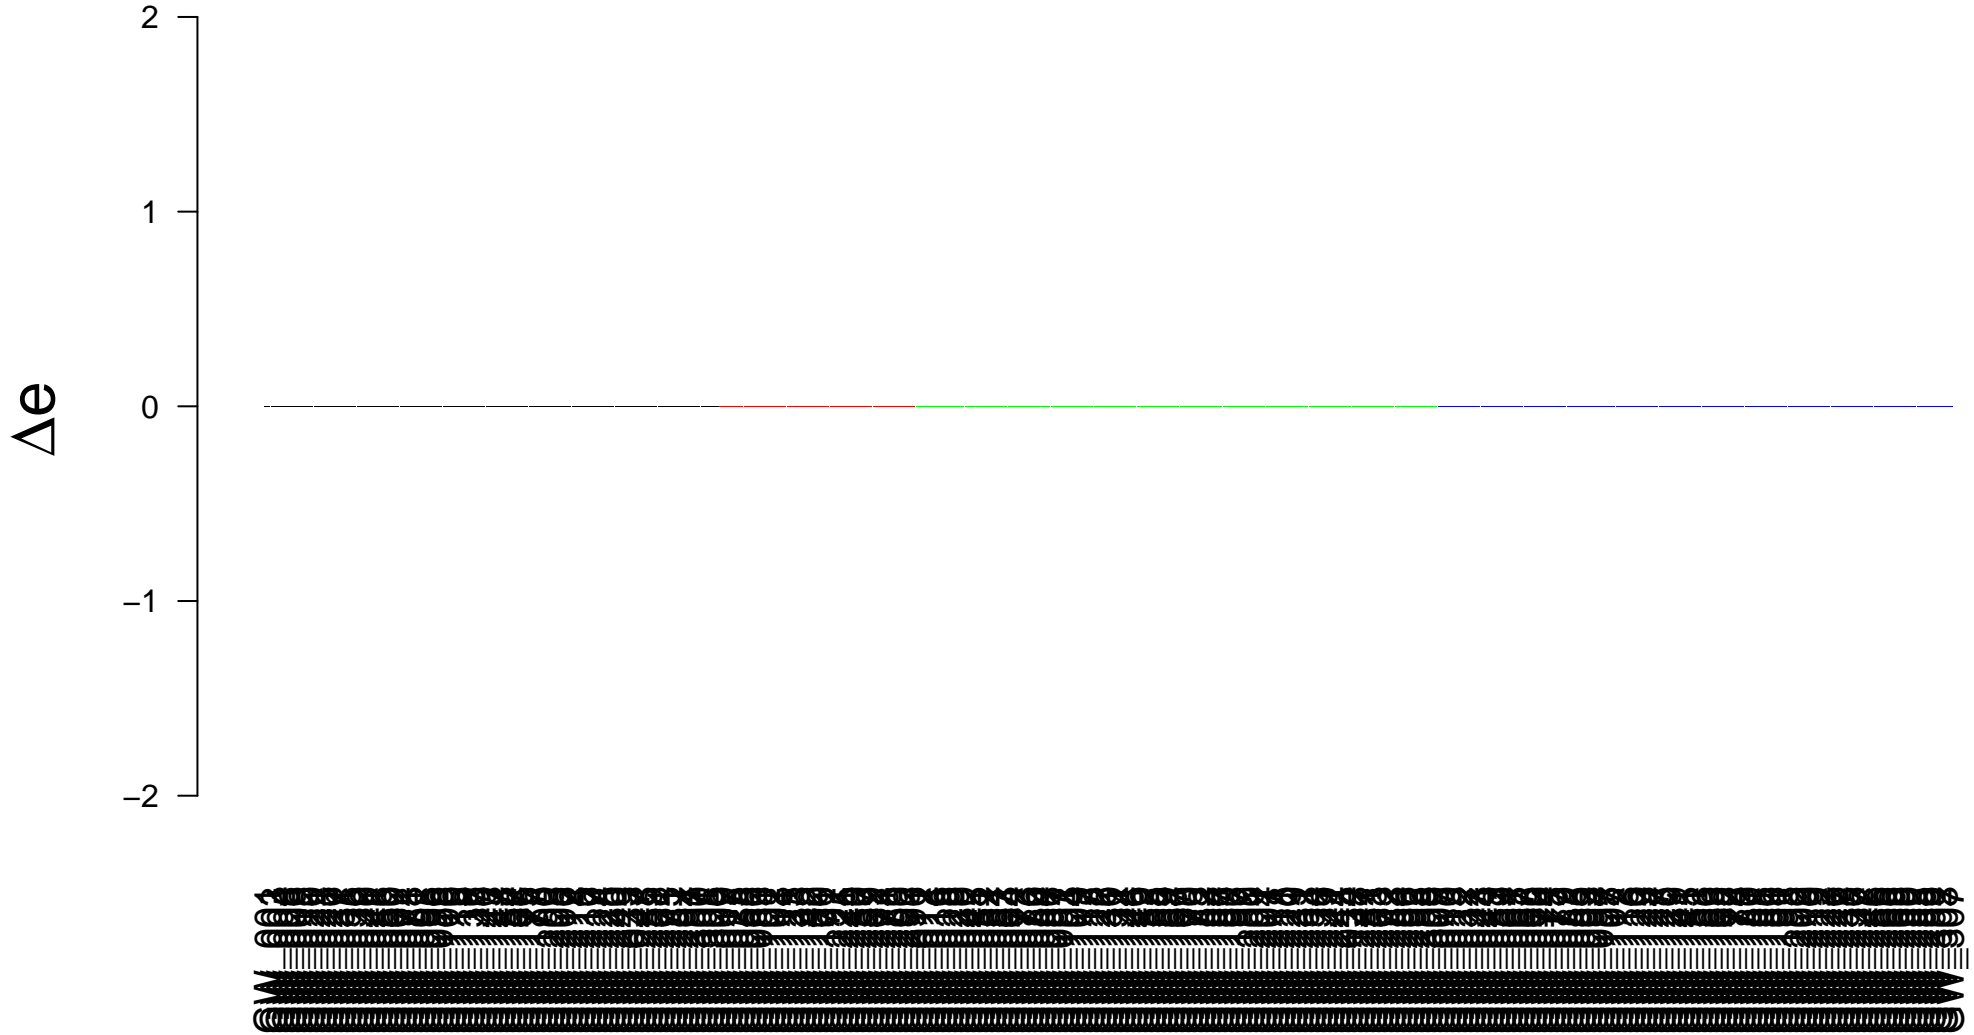

# Expression of platelet-derived growth factor binding in Spot I

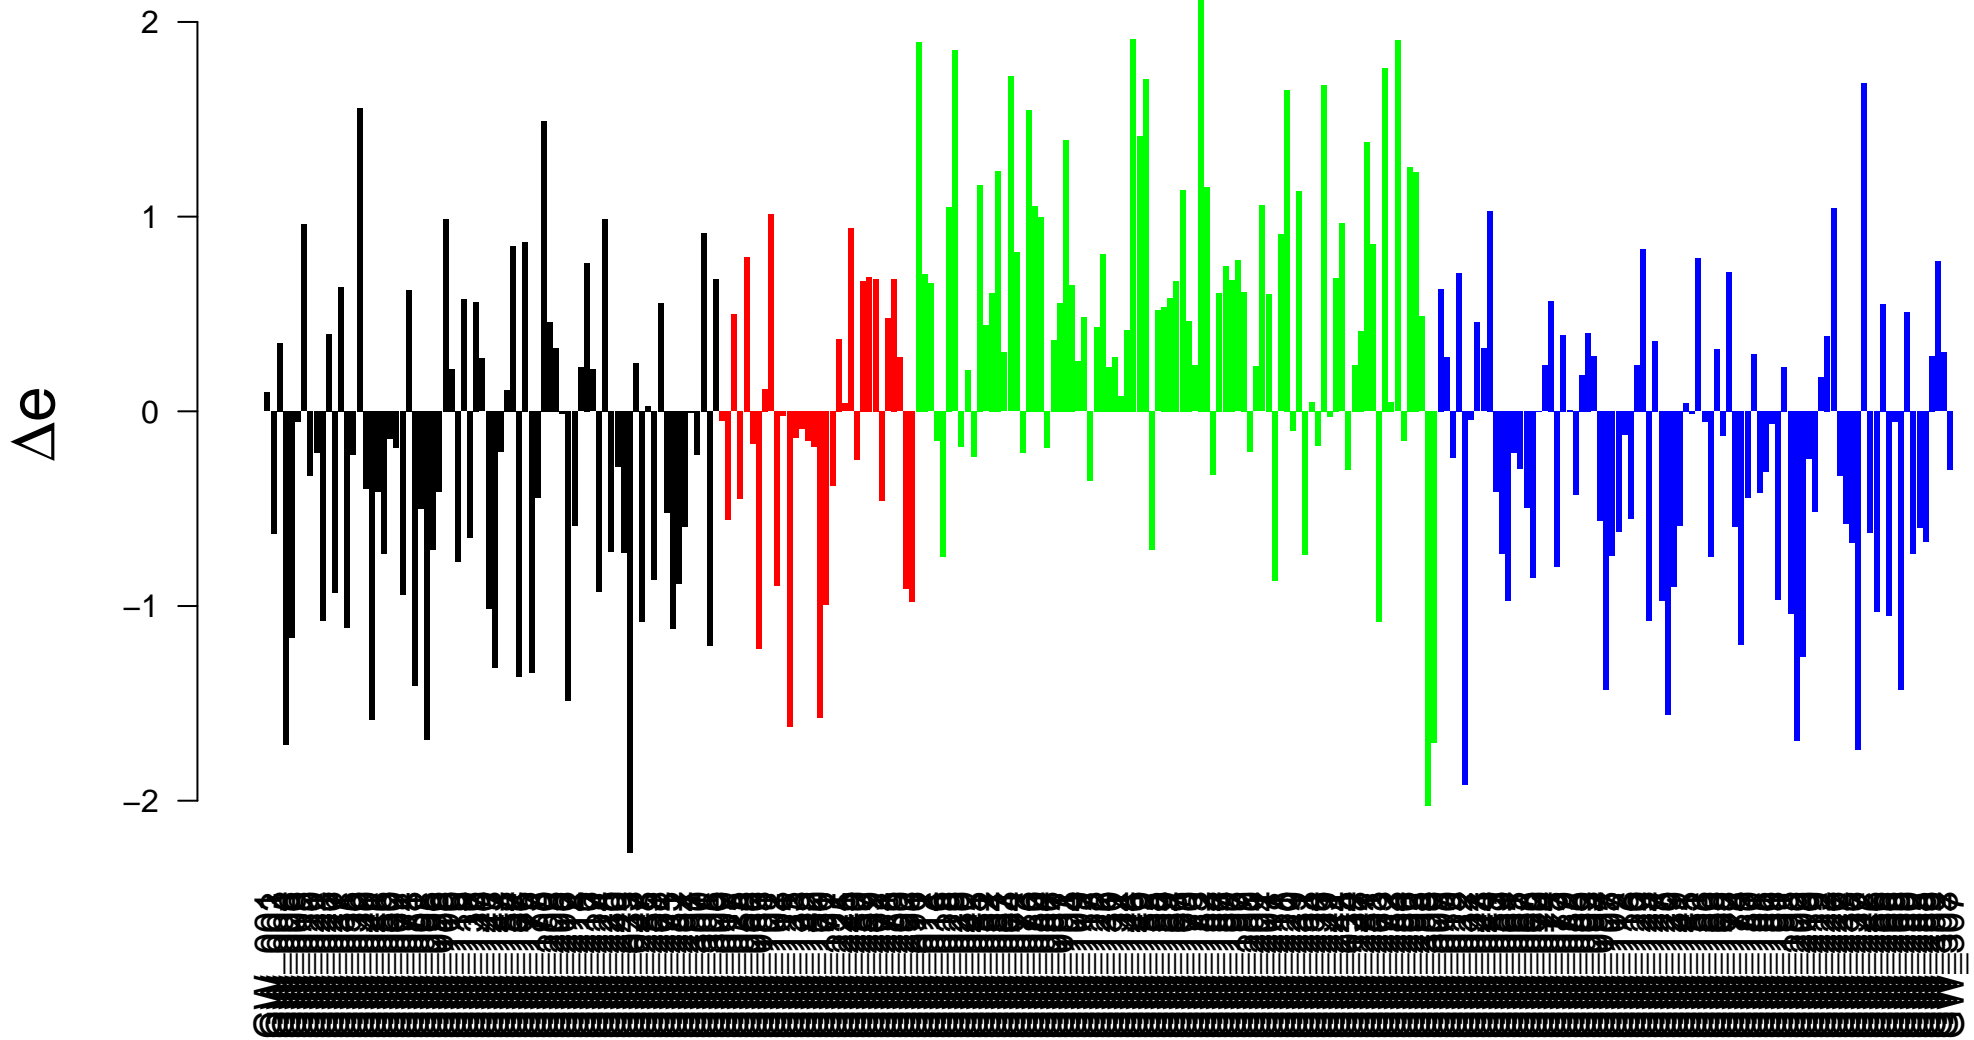

# Expression of platelet-derived growth factor binding in Spot J

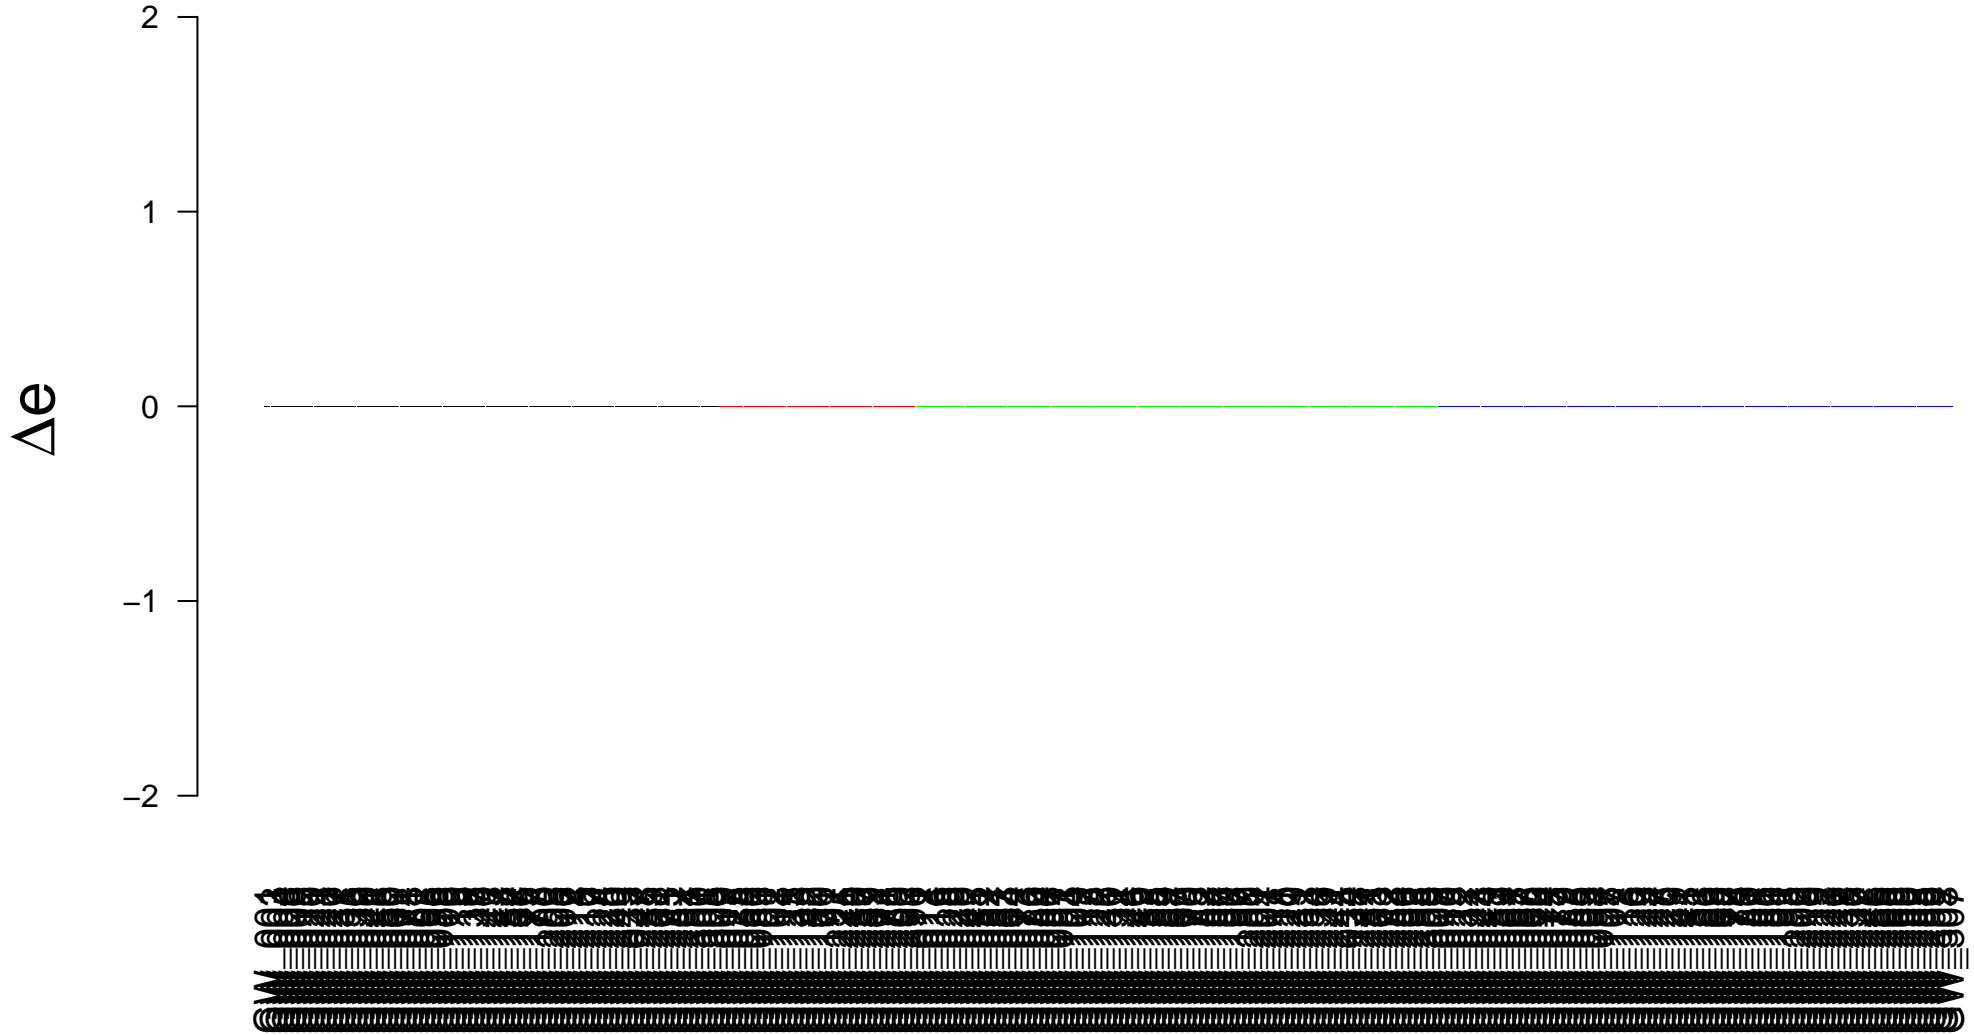

# Expression of platelet-derived growth factor binding in Spot K

# Expression of platelet-derived growth factor binding in Spot L

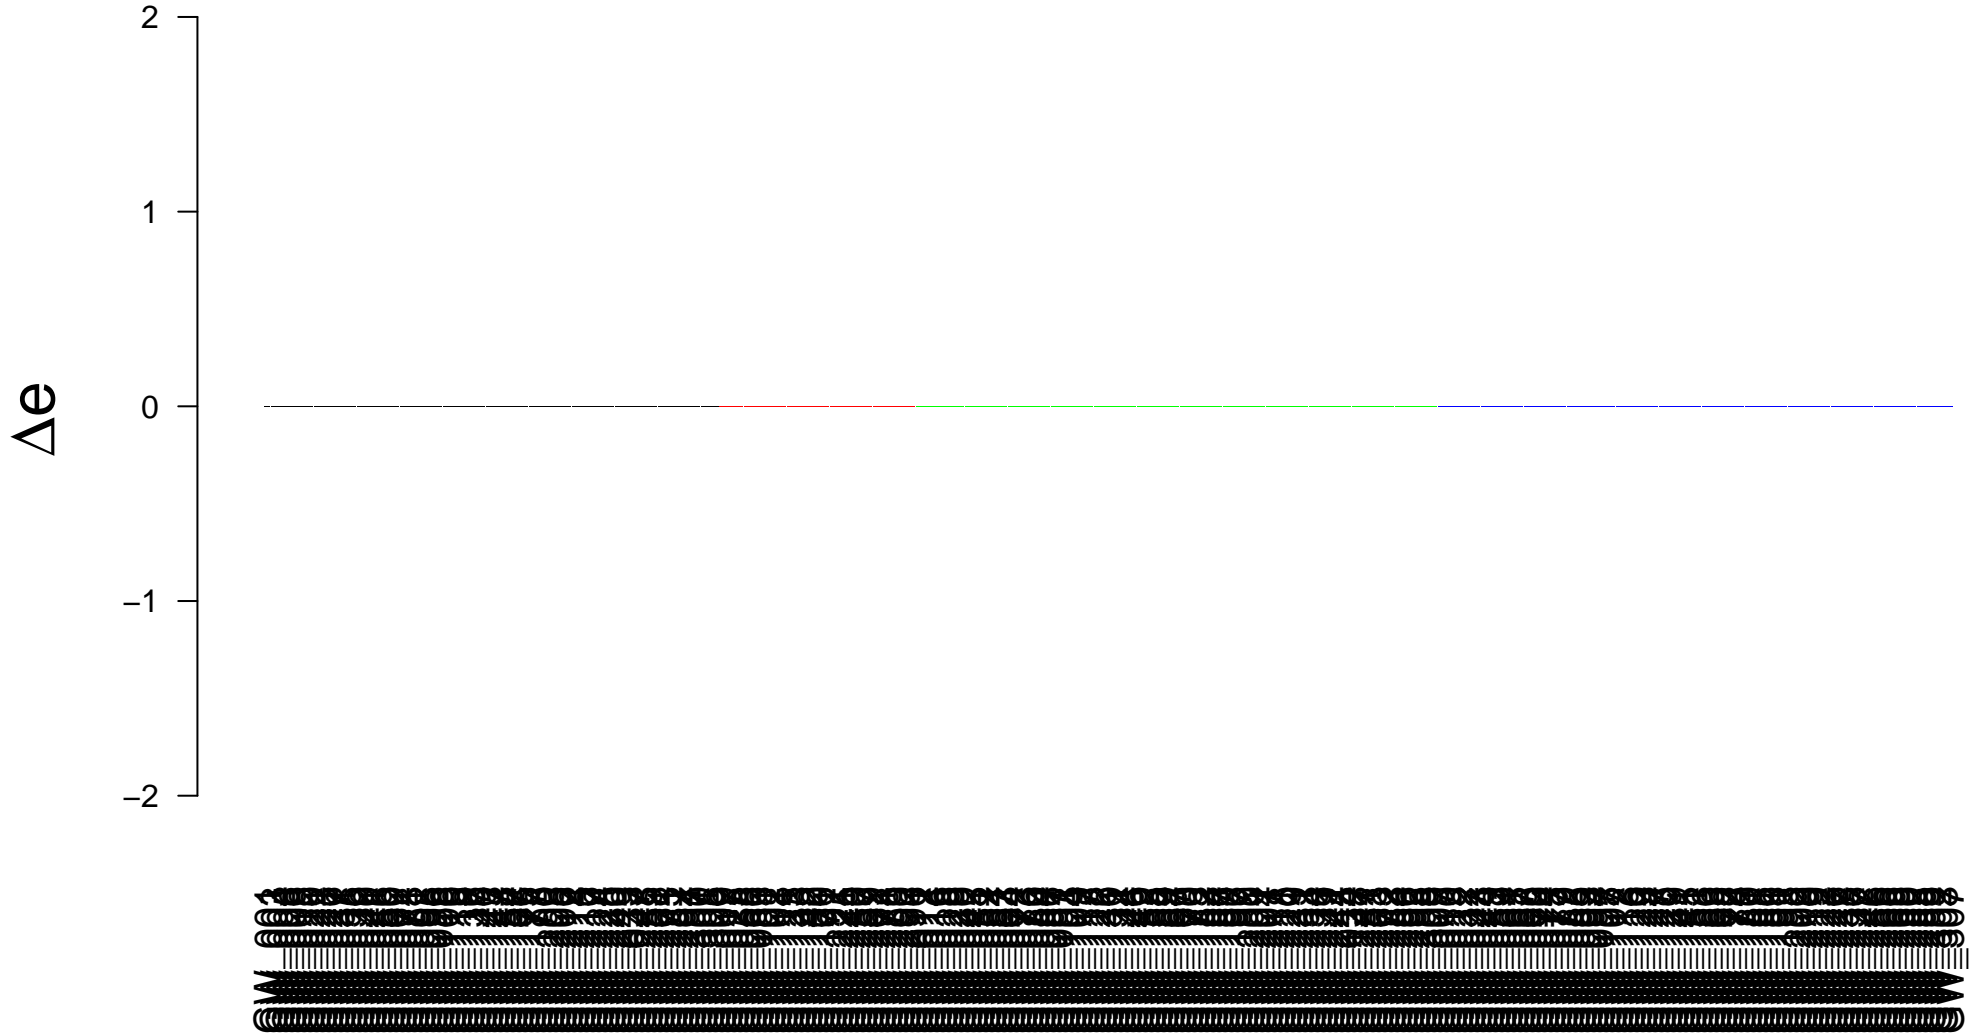

# Expression of platelet-derived growth factor binding in Spot M

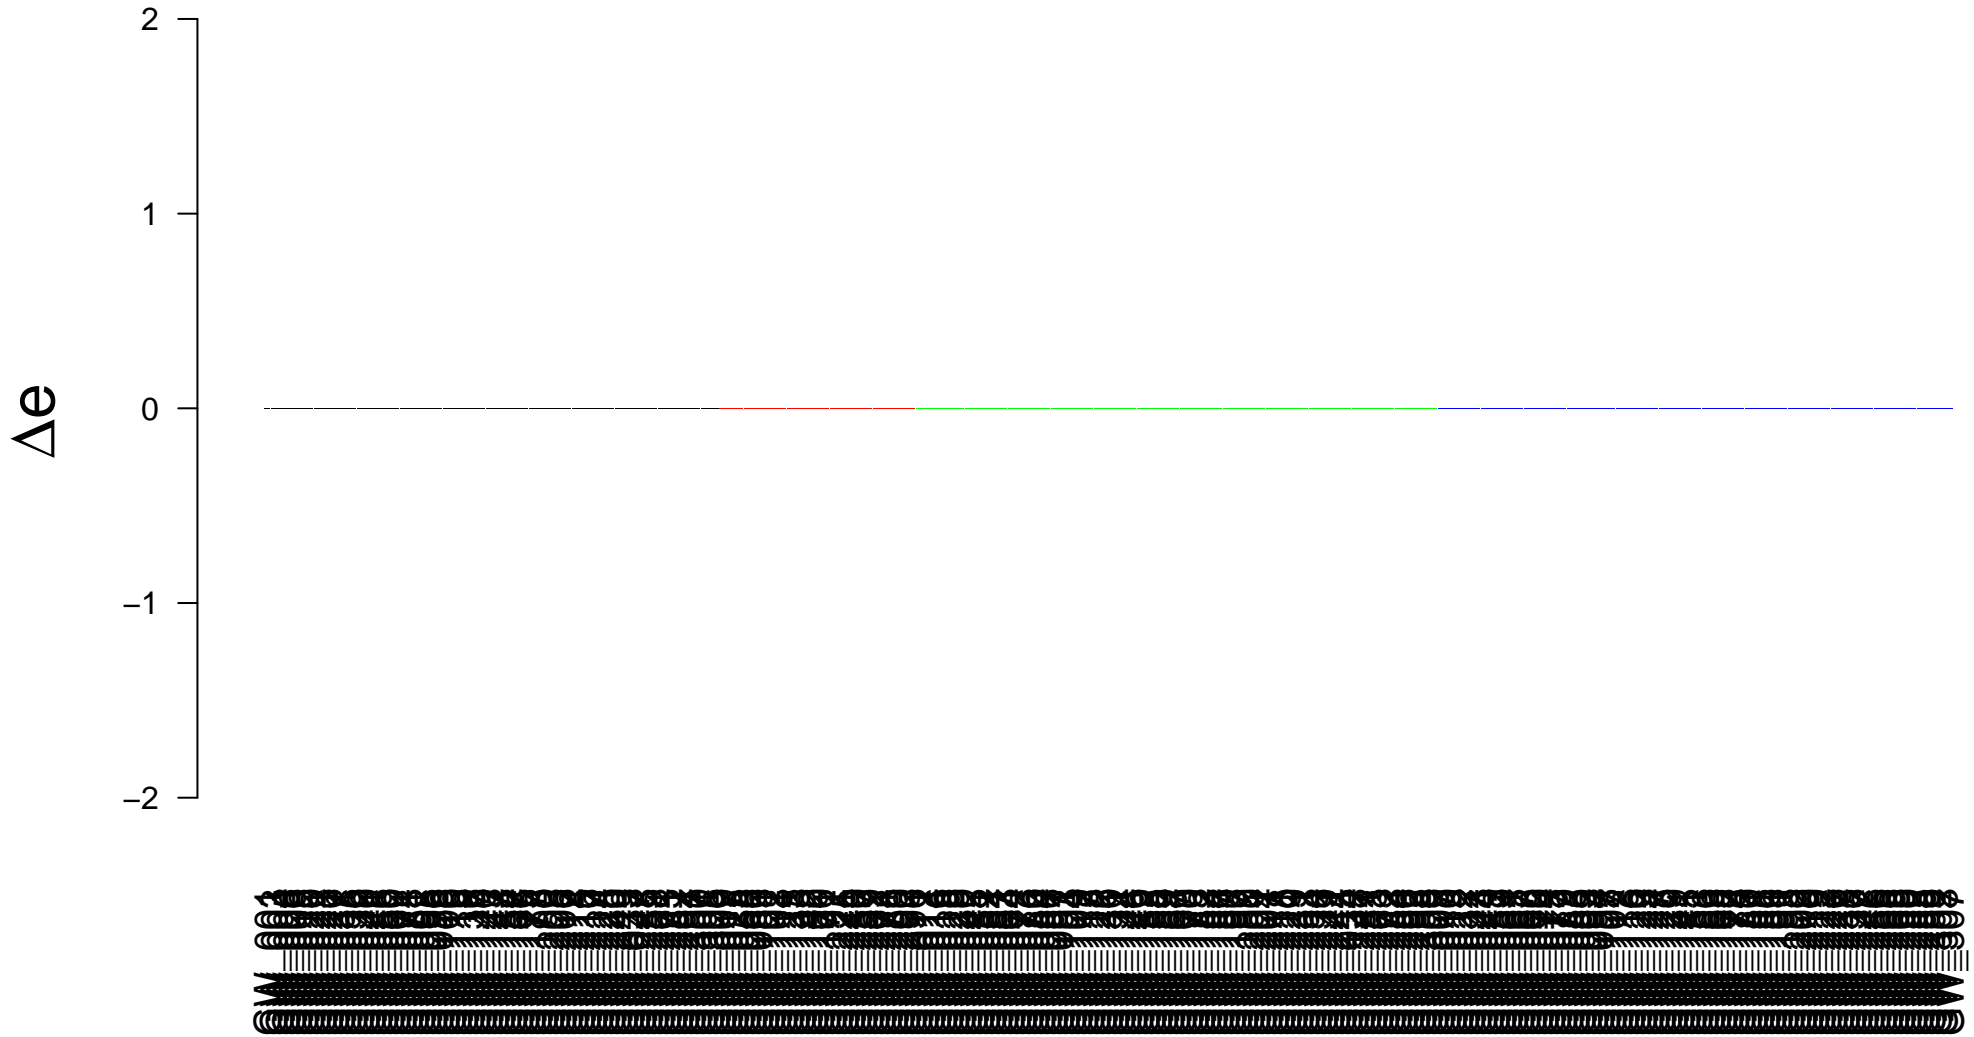

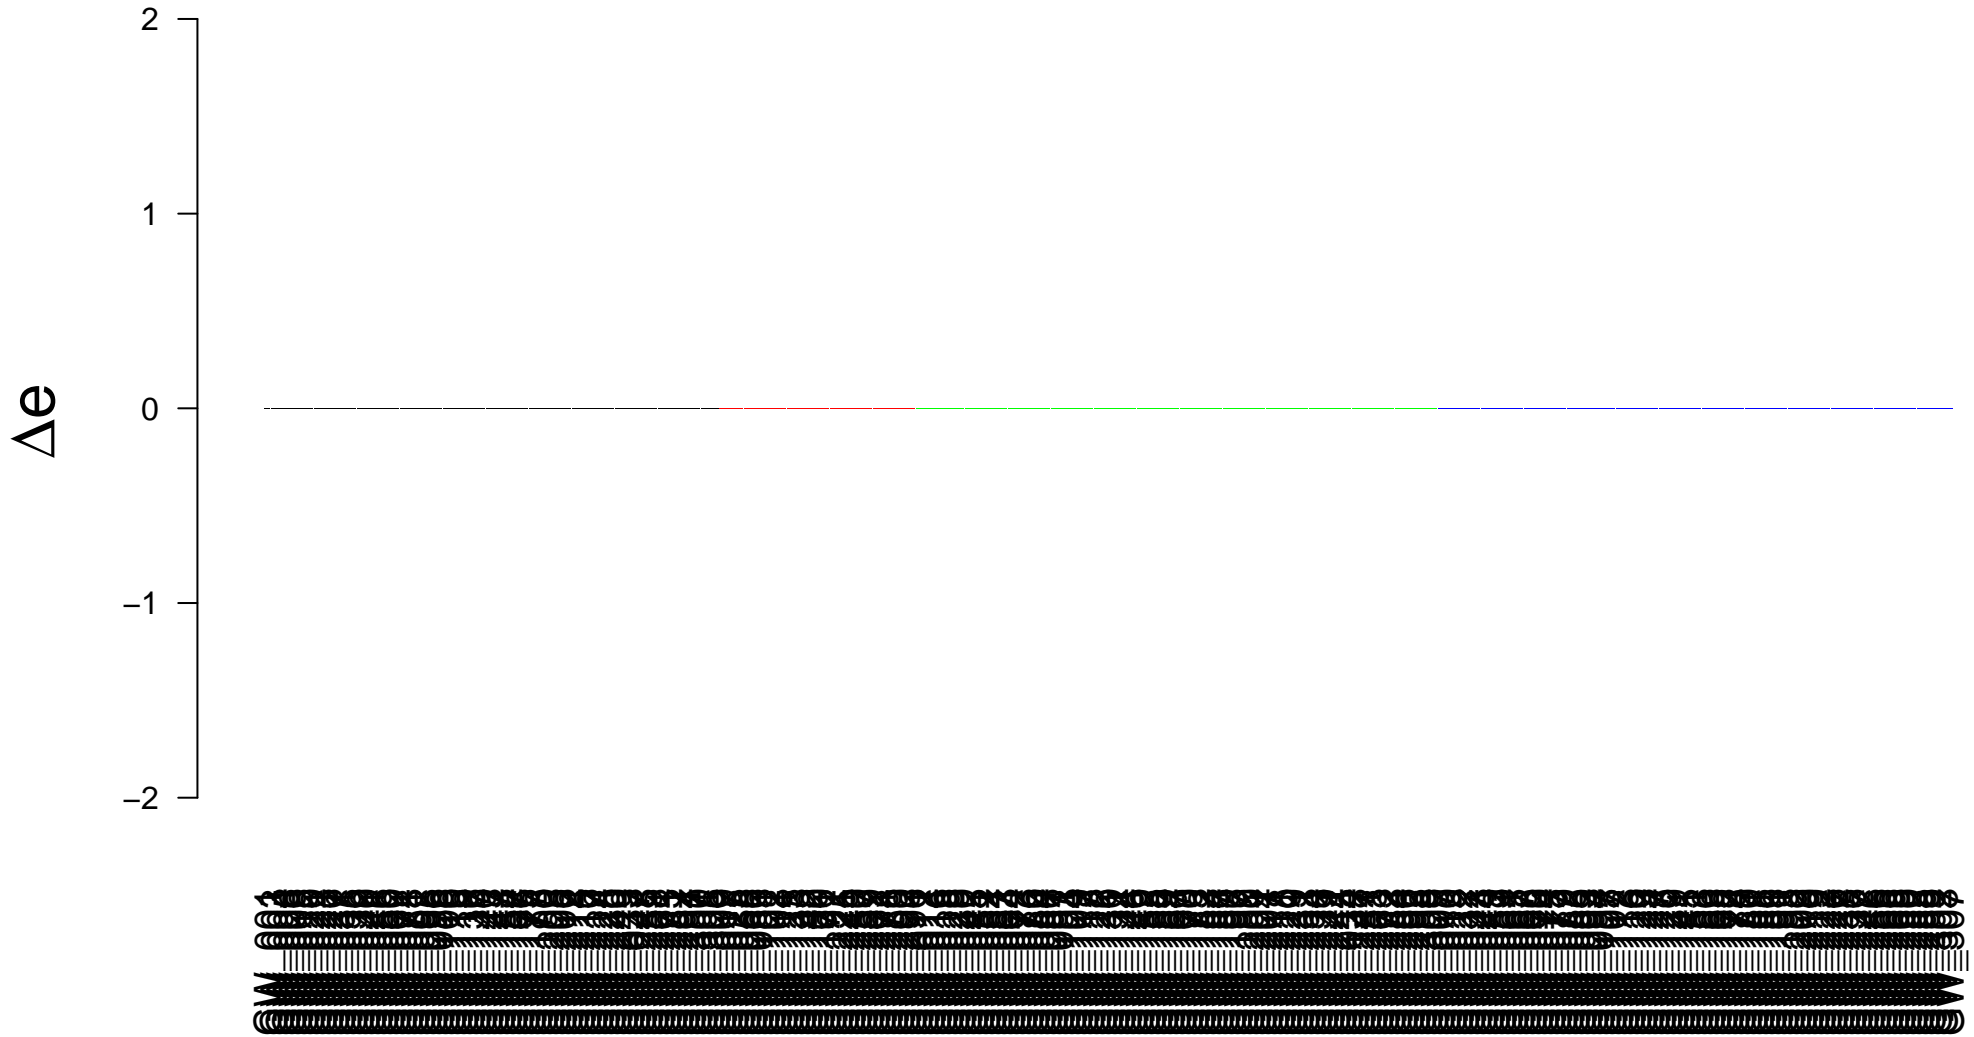

# Expression of platelet-derived growth factor binding in Spot N

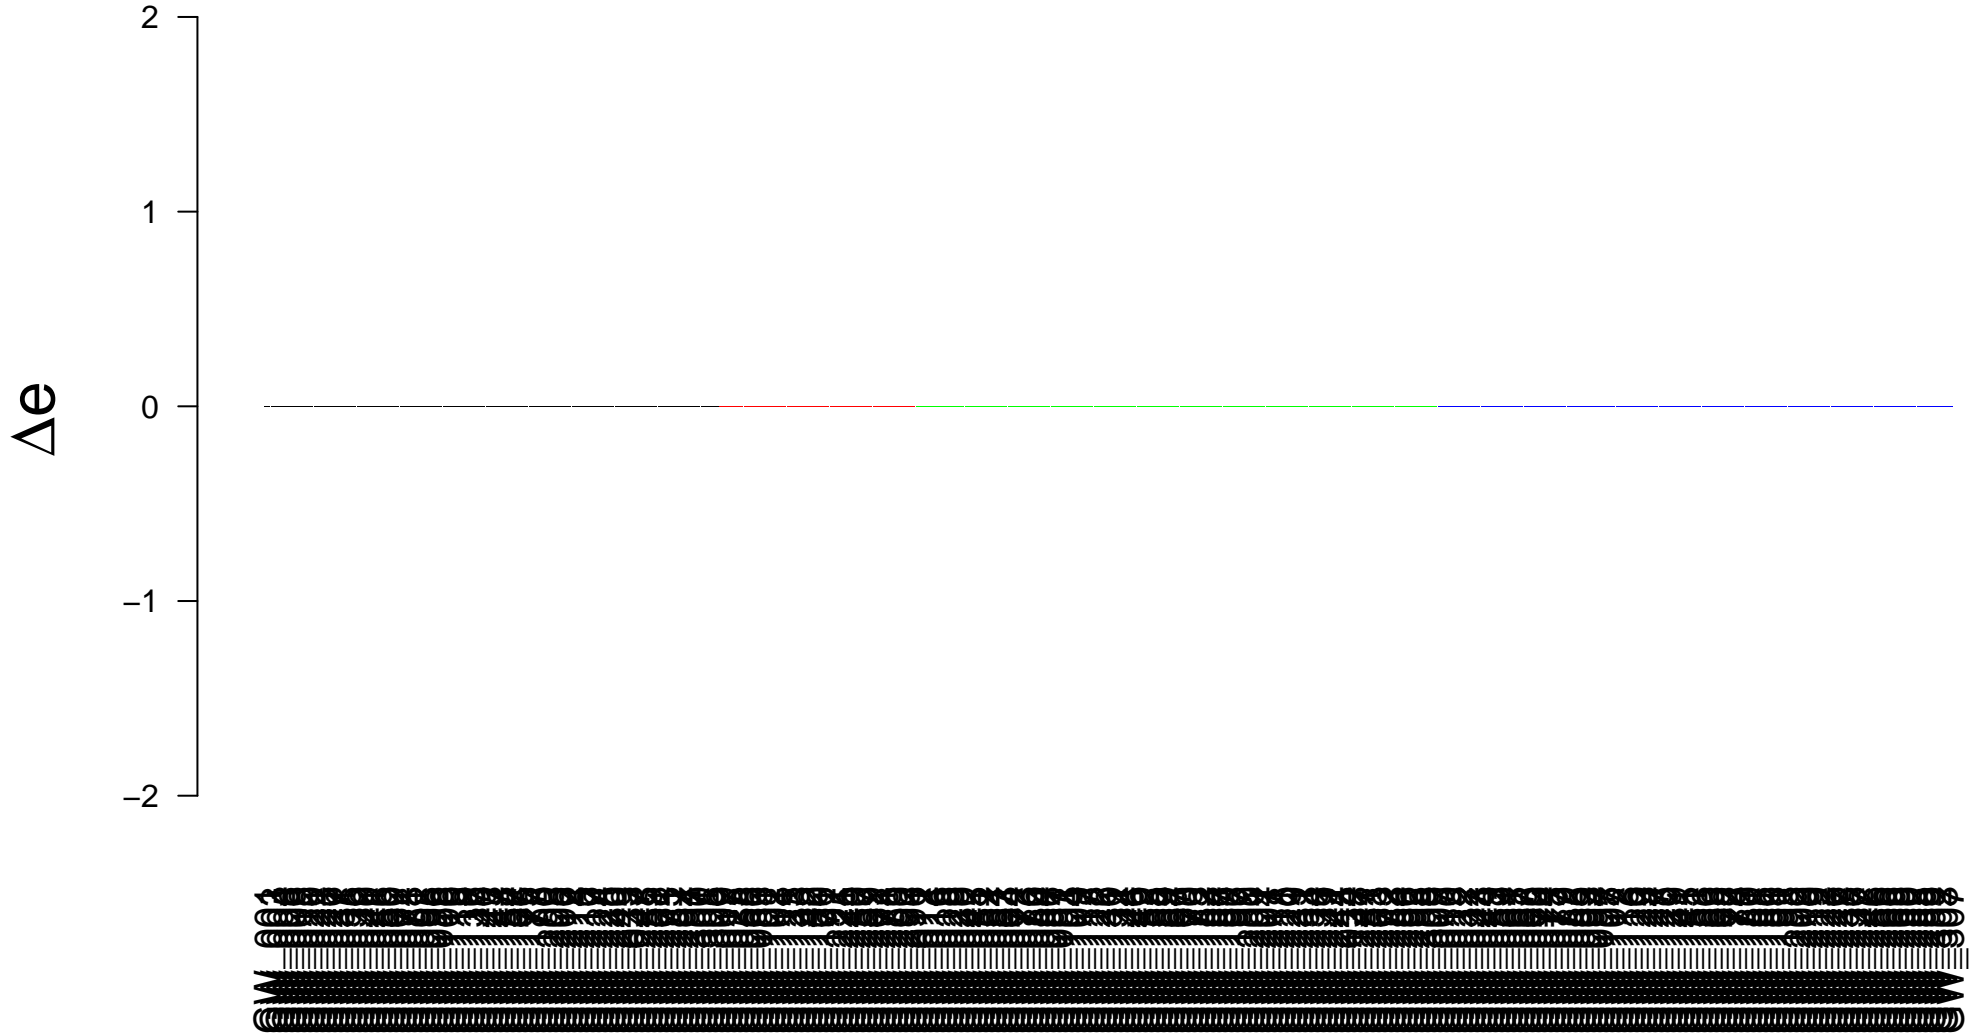

# Expression of platelet-derived growth factor binding in Spot O

# Expression of platelet-derived growth factor binding in Spot P

# Expression of platelet-derived growth factor binding in Spot Q

# Expression of platelet-derived growth factor binding in Spot R
