

poly(A)-specific ribonuclease activity

poly(A)-specific ribonuclease activity

### Enrichment in spots: poly(A)-specific ribonuclease activity

# Expression of poly(A)-specific ribonuclease activity in Spot A

$\Delta e$

# Expression of poly(A)-specific ribonuclease activity in Spot C

# Expression of poly(A)-specific ribonuclease activity in Spot D

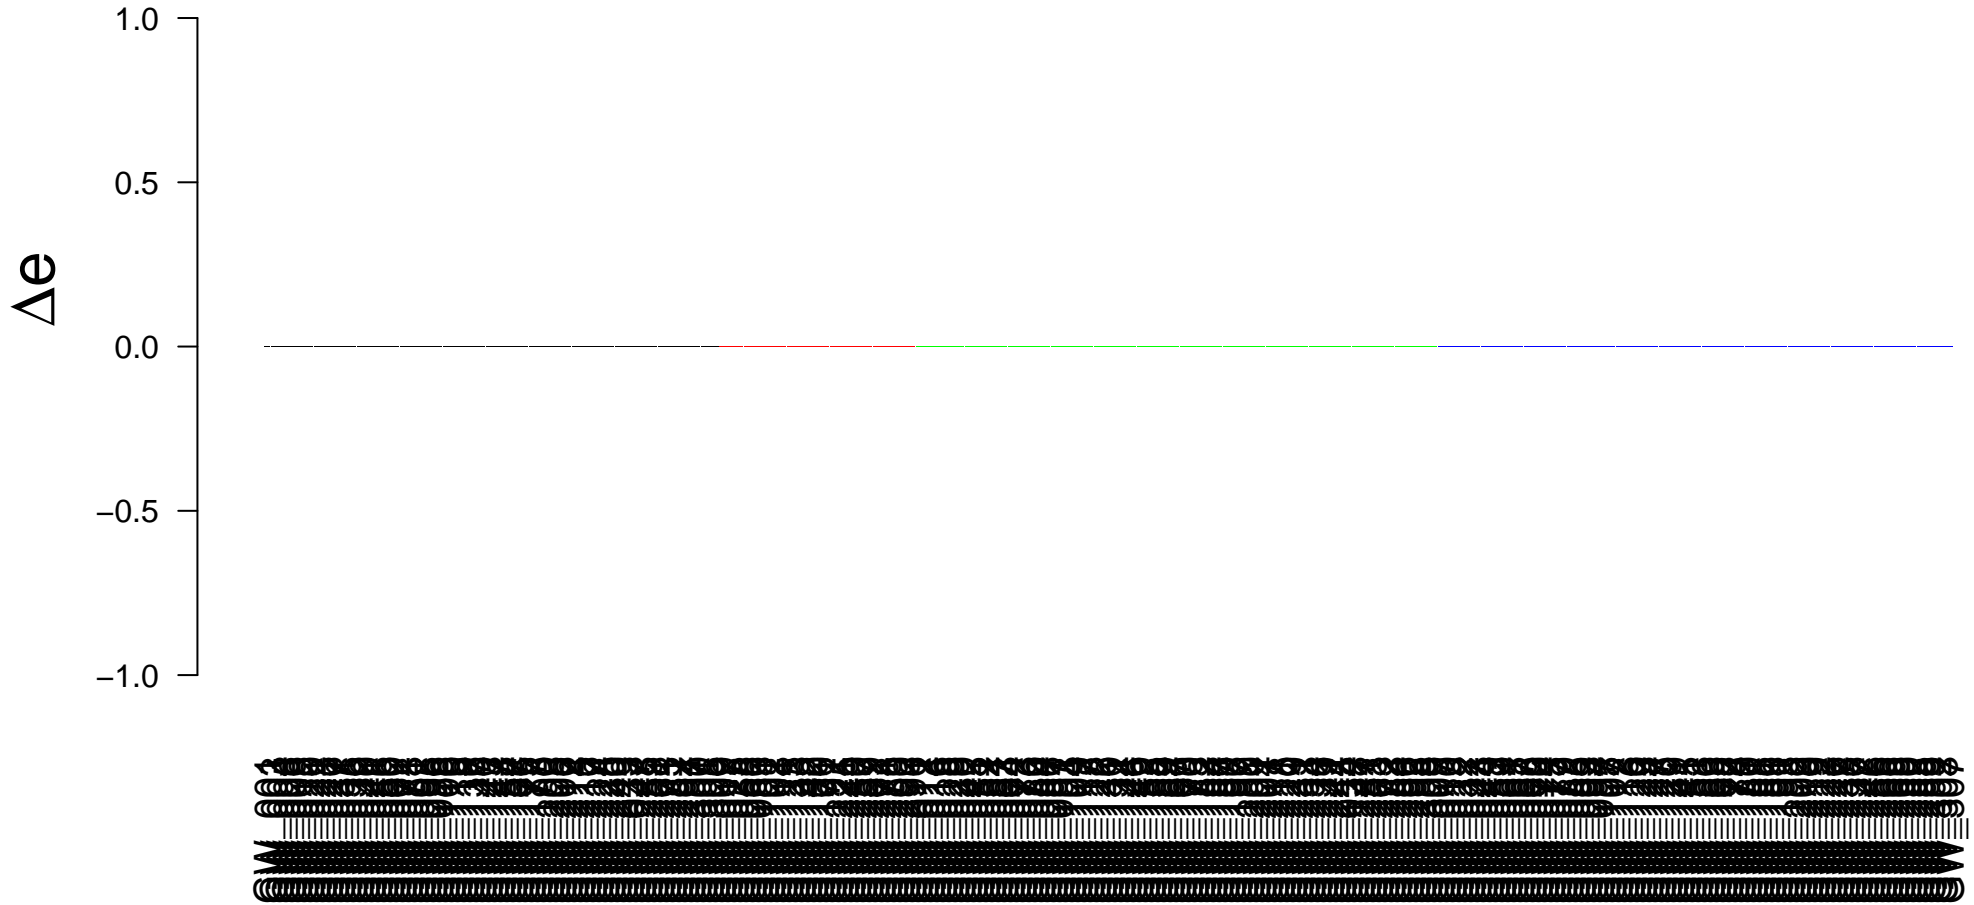

# Expression of poly(A)-specific ribonuclease activity in Spot E

# Expression of poly(A)-specific ribonuclease activity in Spot F

# Expression of poly(A)-specific ribonuclease activity in Spot G

# Expression of poly(A)-specific ribonuclease activity in Spot H

# Expression of poly(A)-specific ribonuclease activity in Spot I

# Expression of poly(A)-specific ribonuclease activity in Spot J

# Expression of poly(A)-specific ribonuclease activity in Spot K

# Expression of poly(A)-specific ribonuclease activity in Spot L

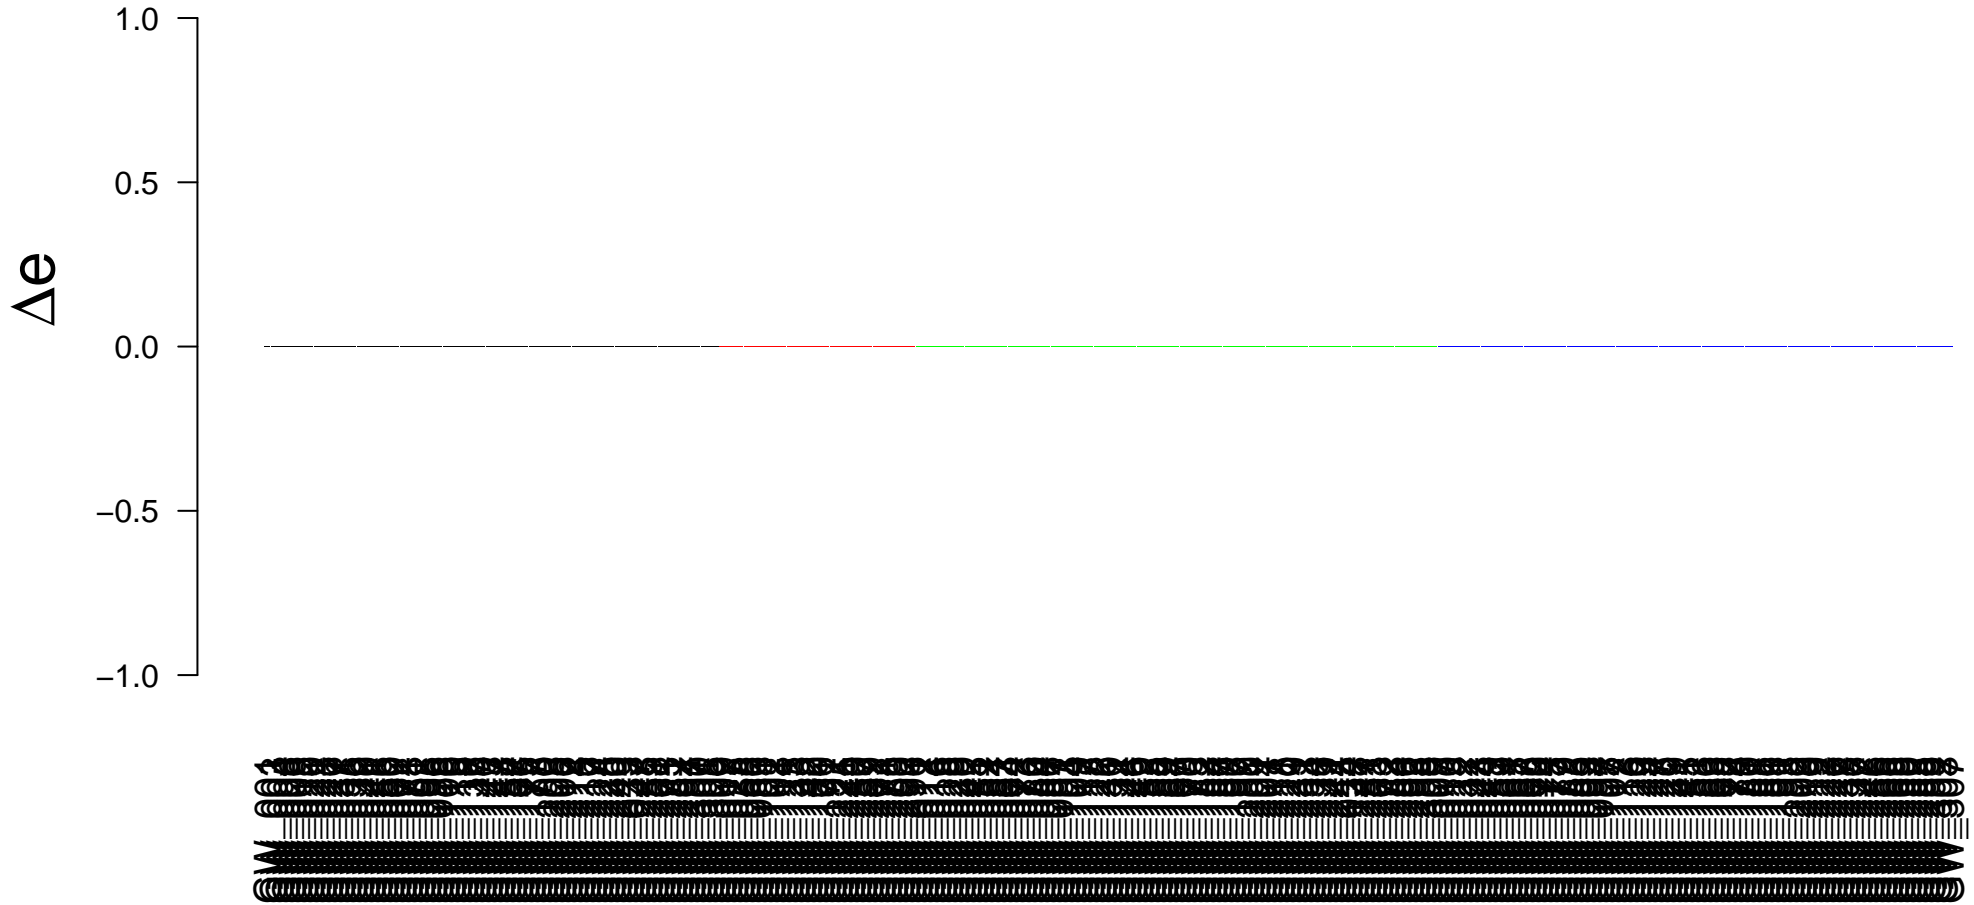

# Expression of poly(A)-specific ribonuclease activity in Spot M

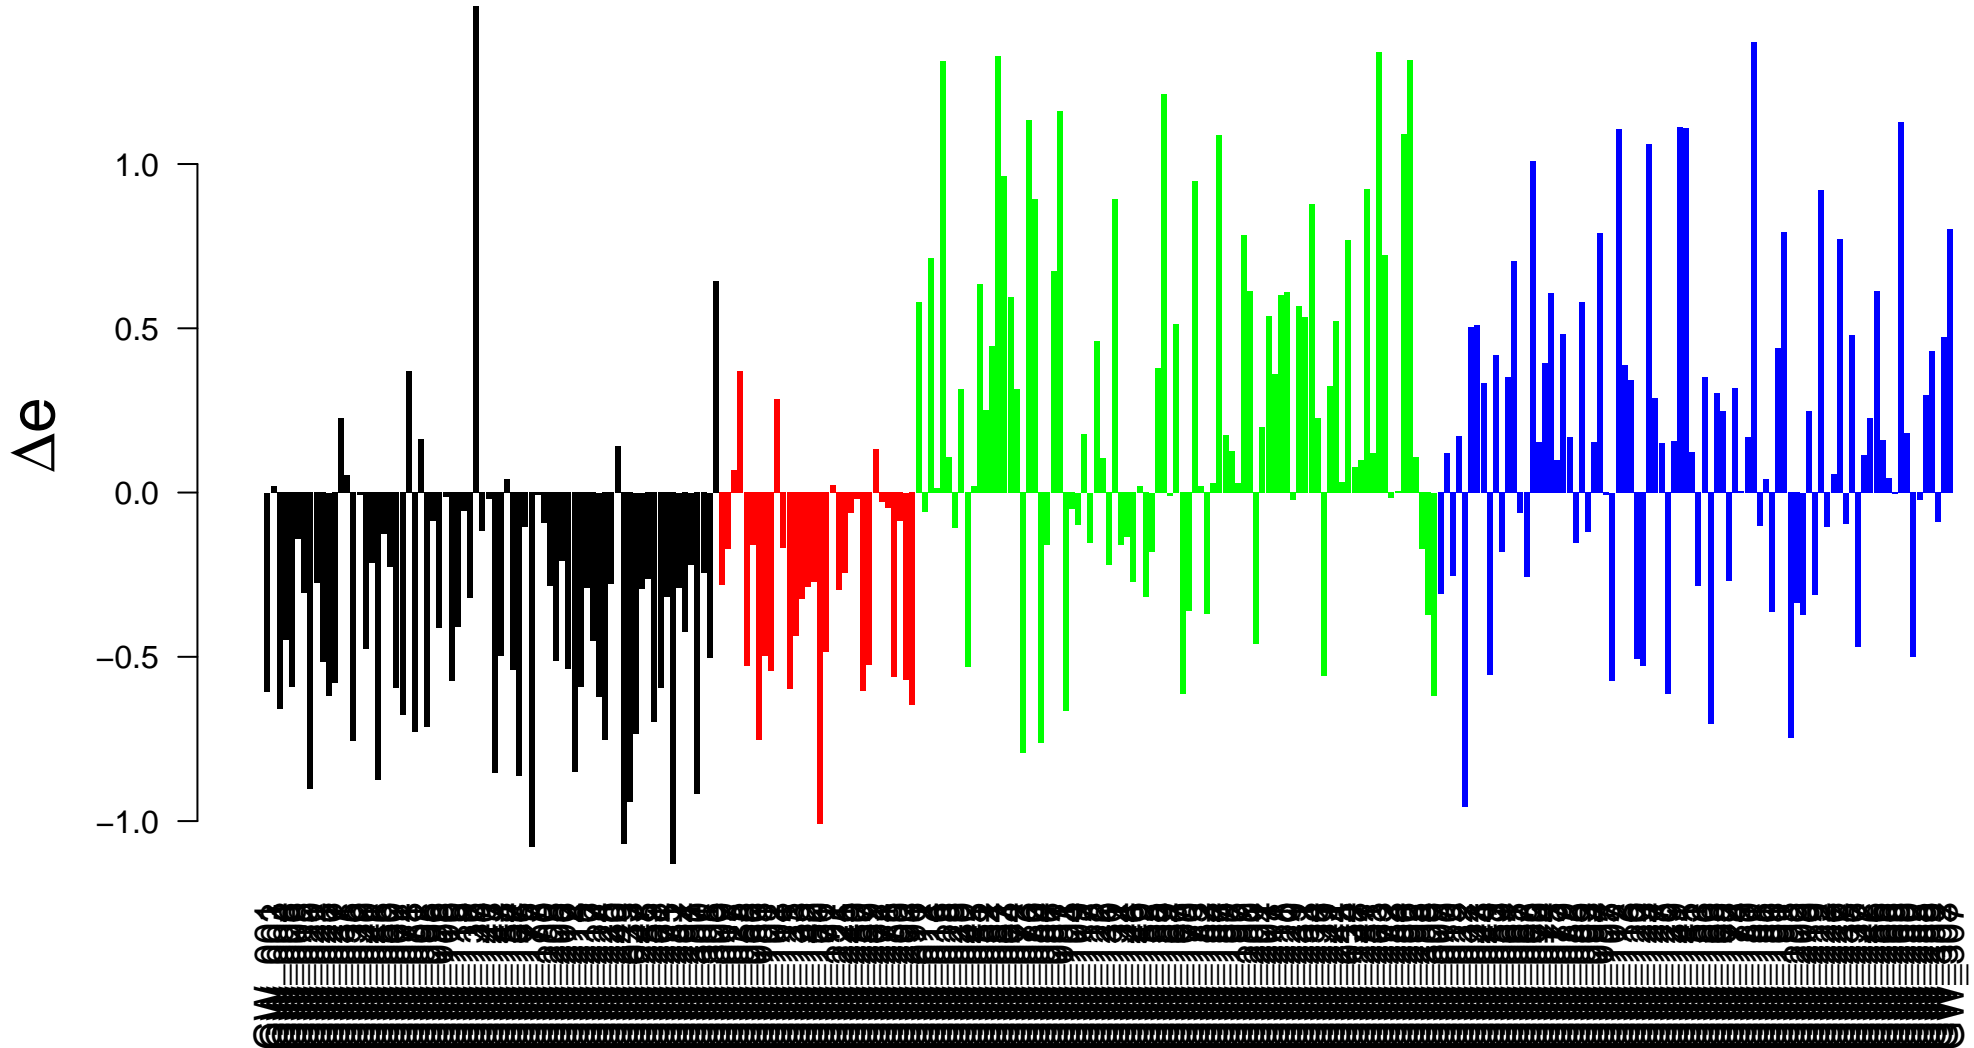

# Expression of poly(A)-specific ribonuclease activity in Spot N

# Expression of poly(A)-specific ribonuclease activity in Spot O

# Expression of poly(A)-specific ribonuclease activity in Spot P

# Expression of poly(A)-specific ribonuclease activity in Spot Q

# Expression of poly(A)-specific ribonuclease activity in Spot R
