

positive regulation of fat cell differentiation

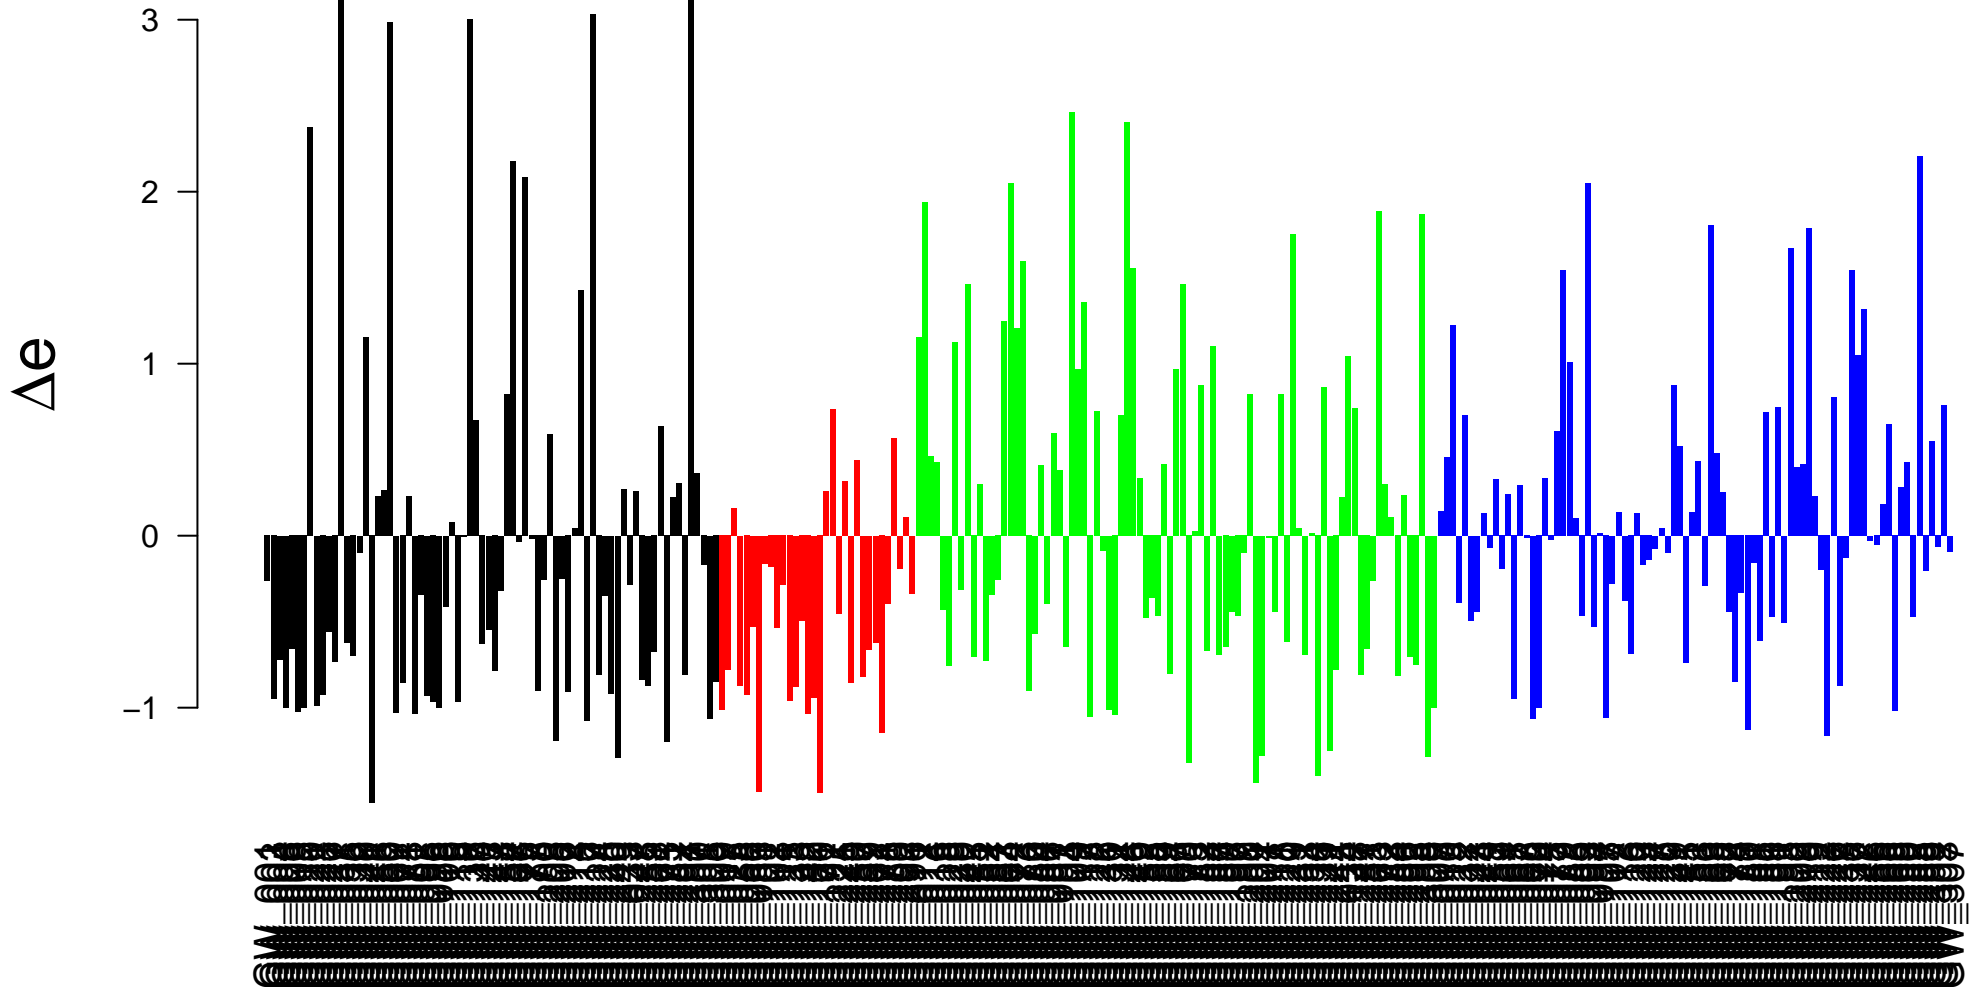

# positive regulation of fat cell differentiation

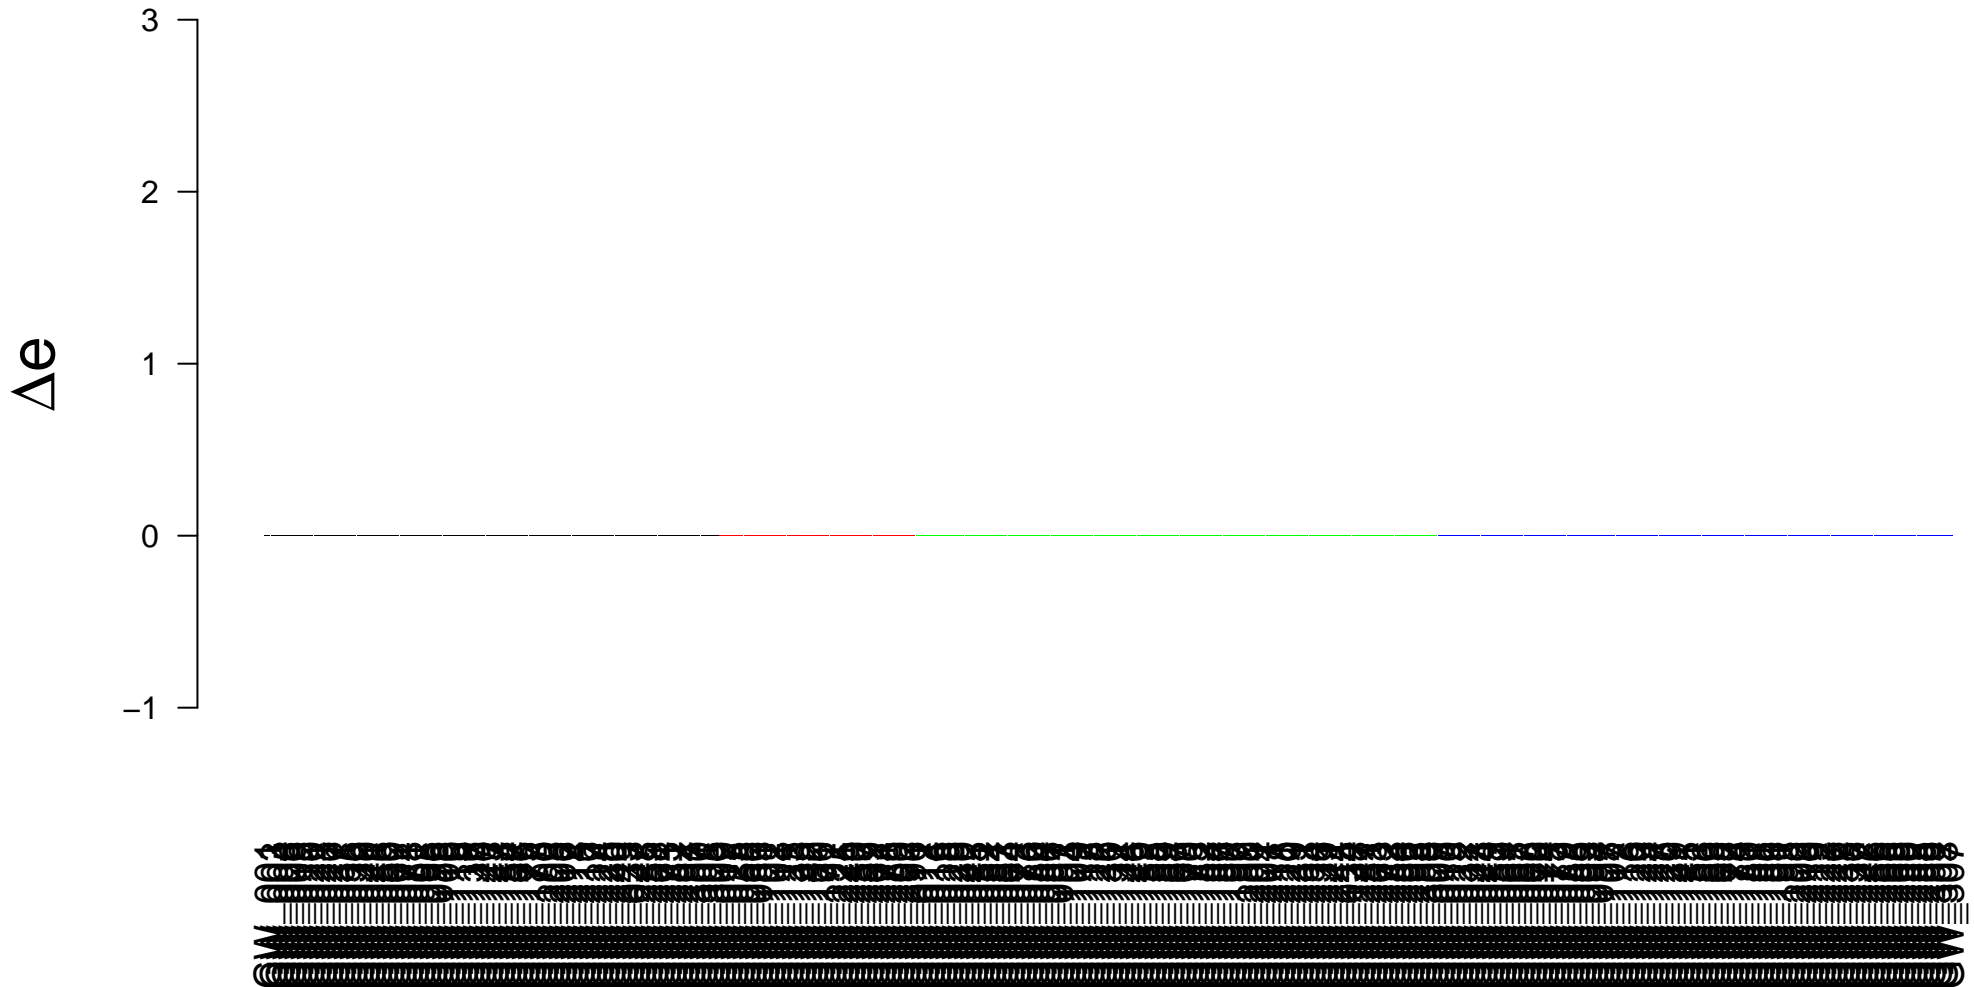

Enrichment in spots: positive regulation of fat cell differentiation

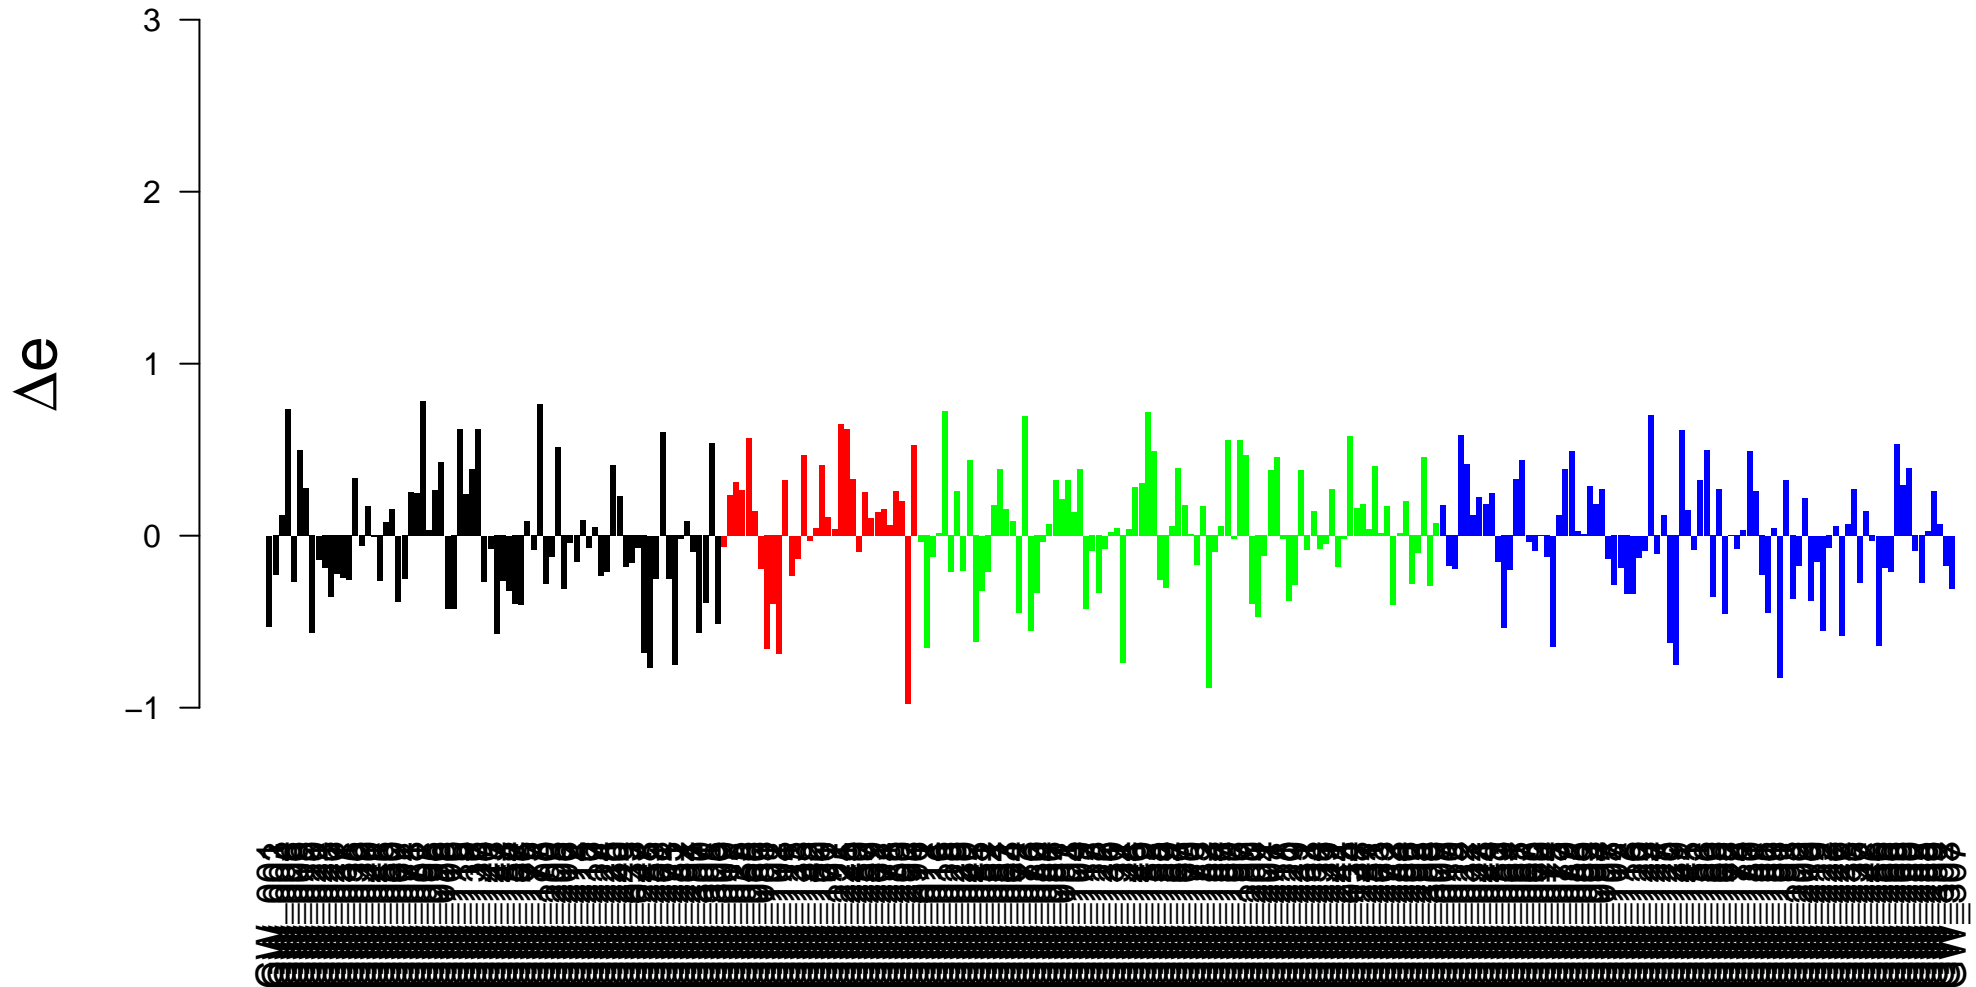

# Expression of positive regulation of fat cell differentiation in Spot A

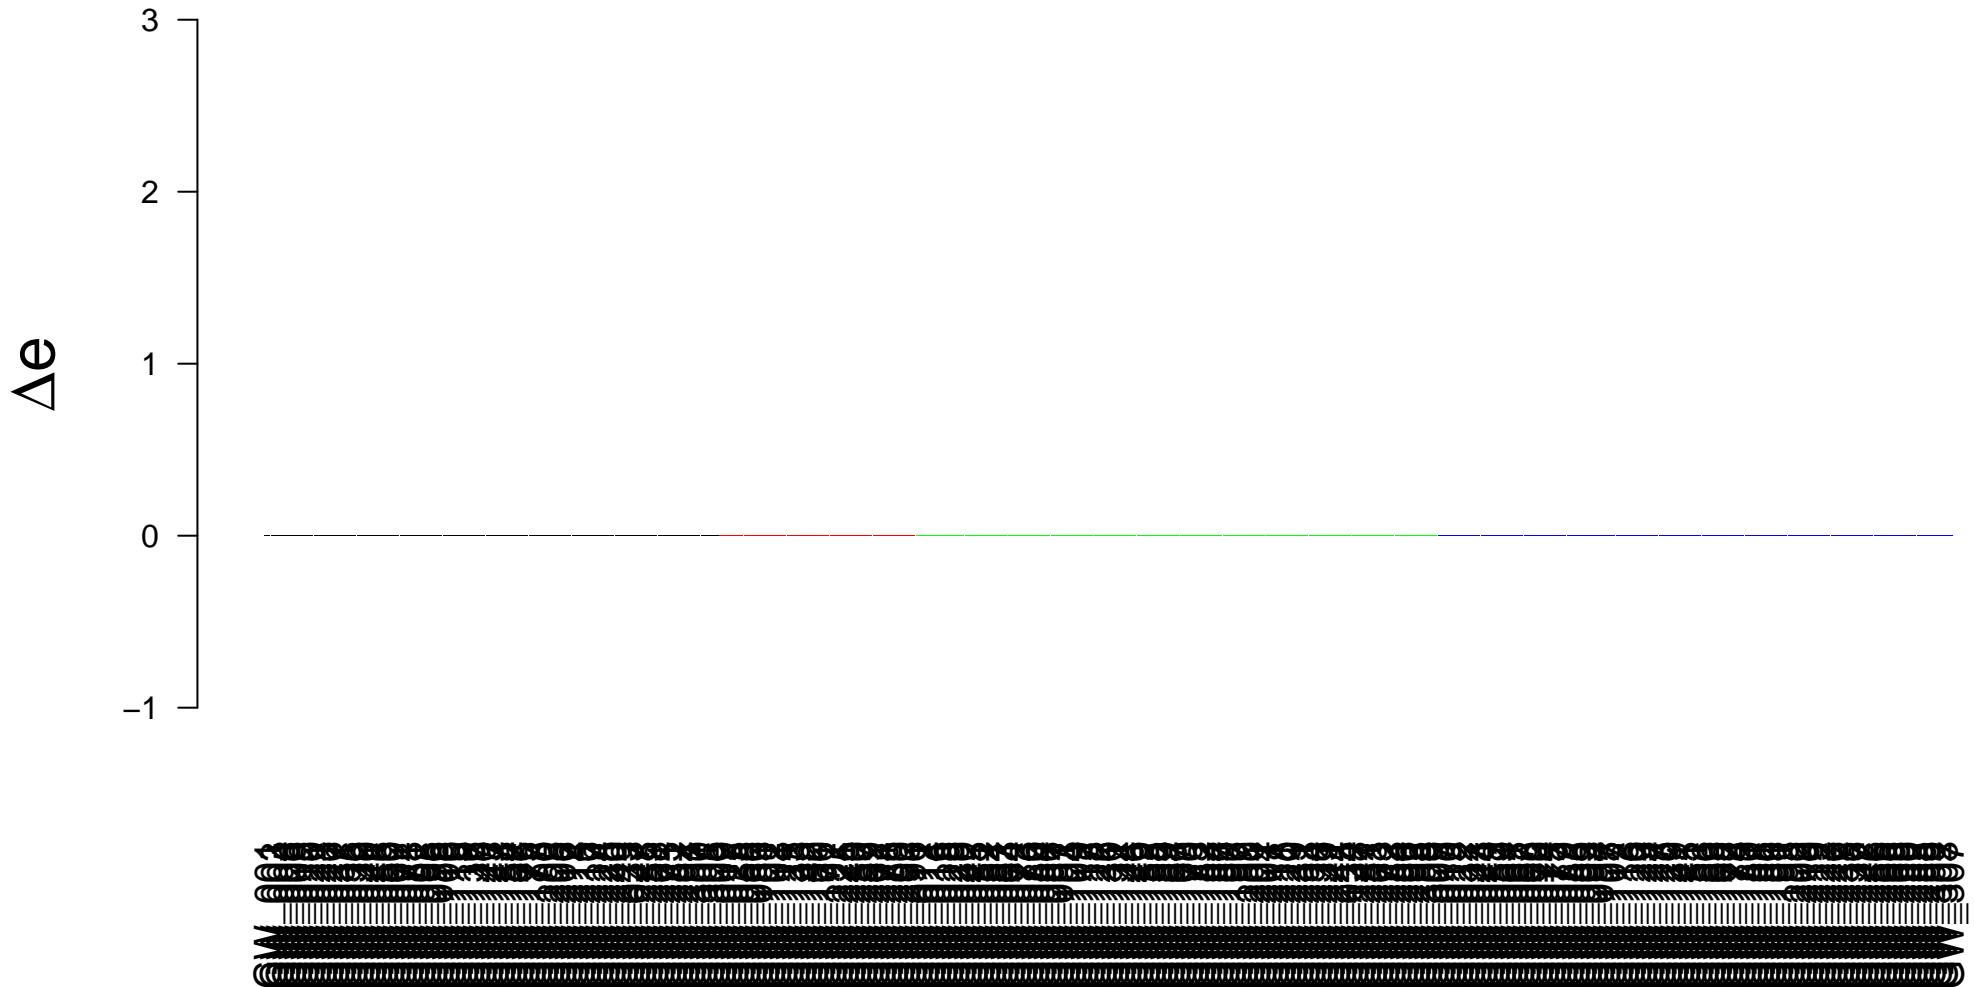

# Expression of positive regulation of fat cell differentiation in Spot B

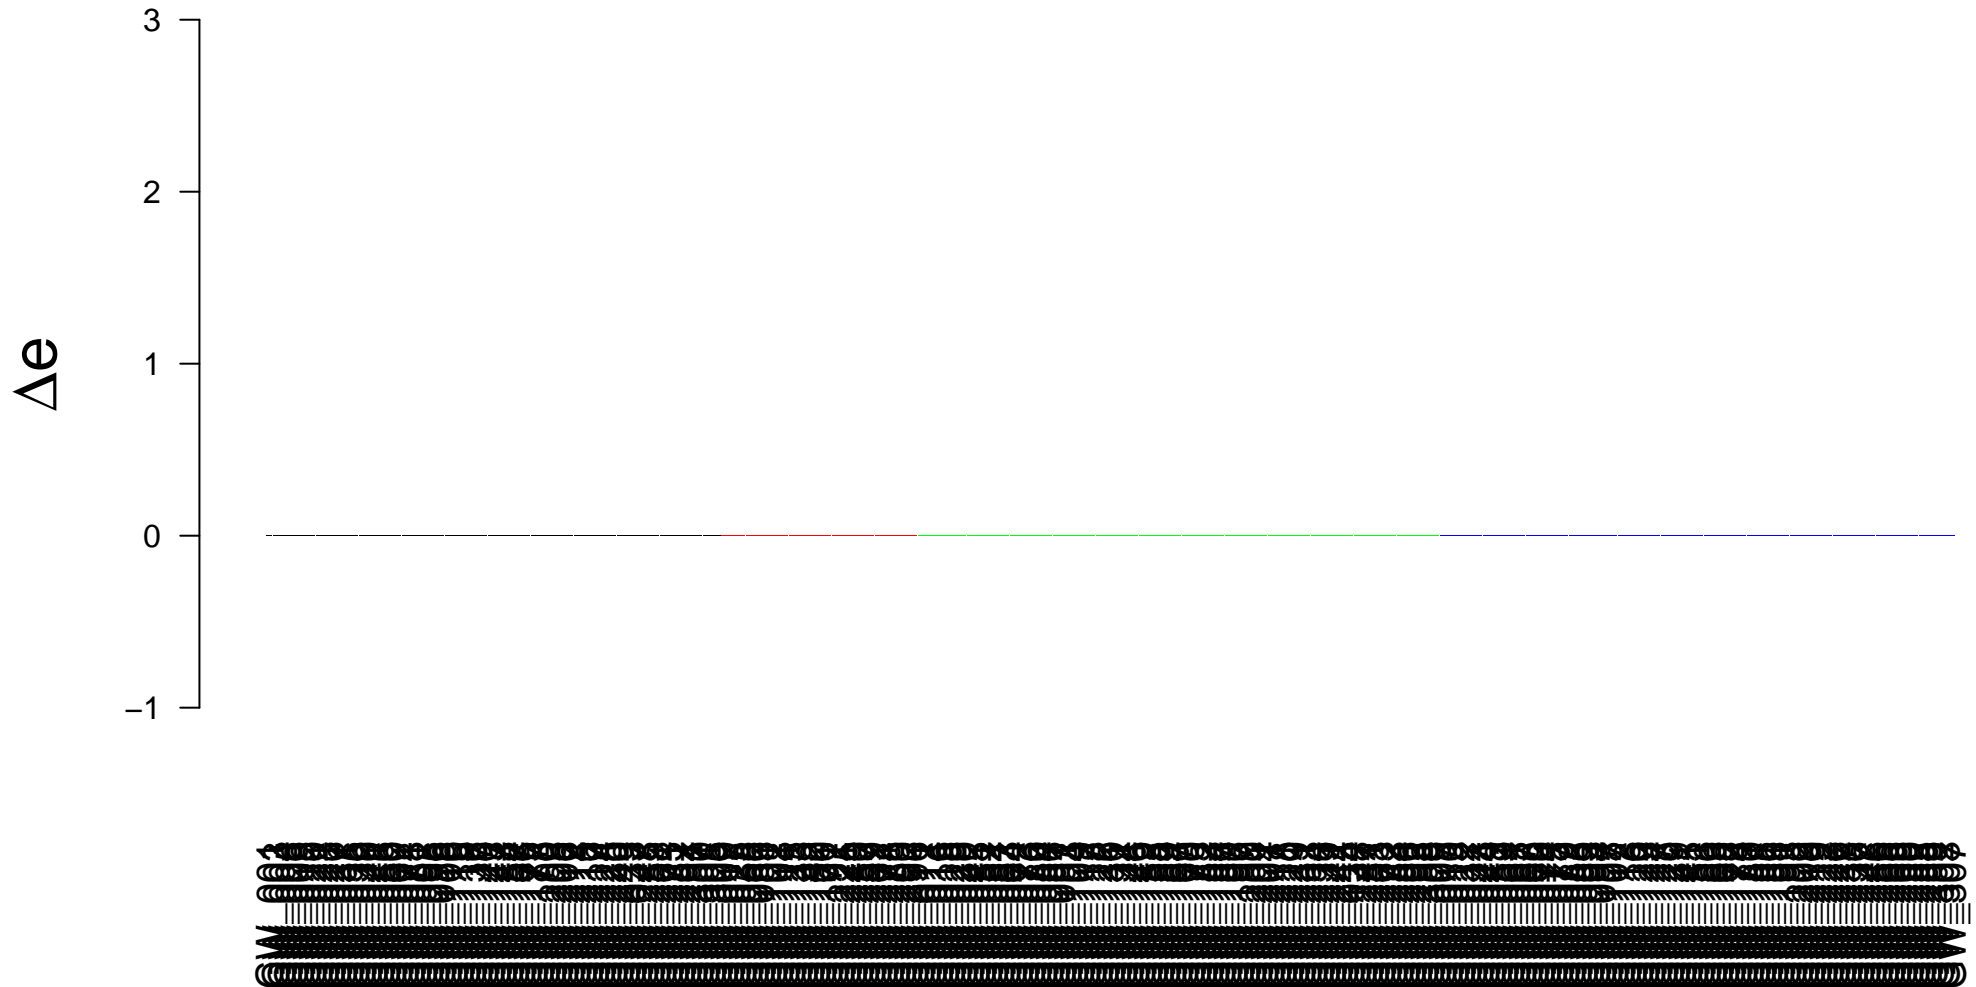

# Expression of positive regulation of fat cell differentiation in Spot C

# Expression of positive regulation of fat cell differentiation in Spot D

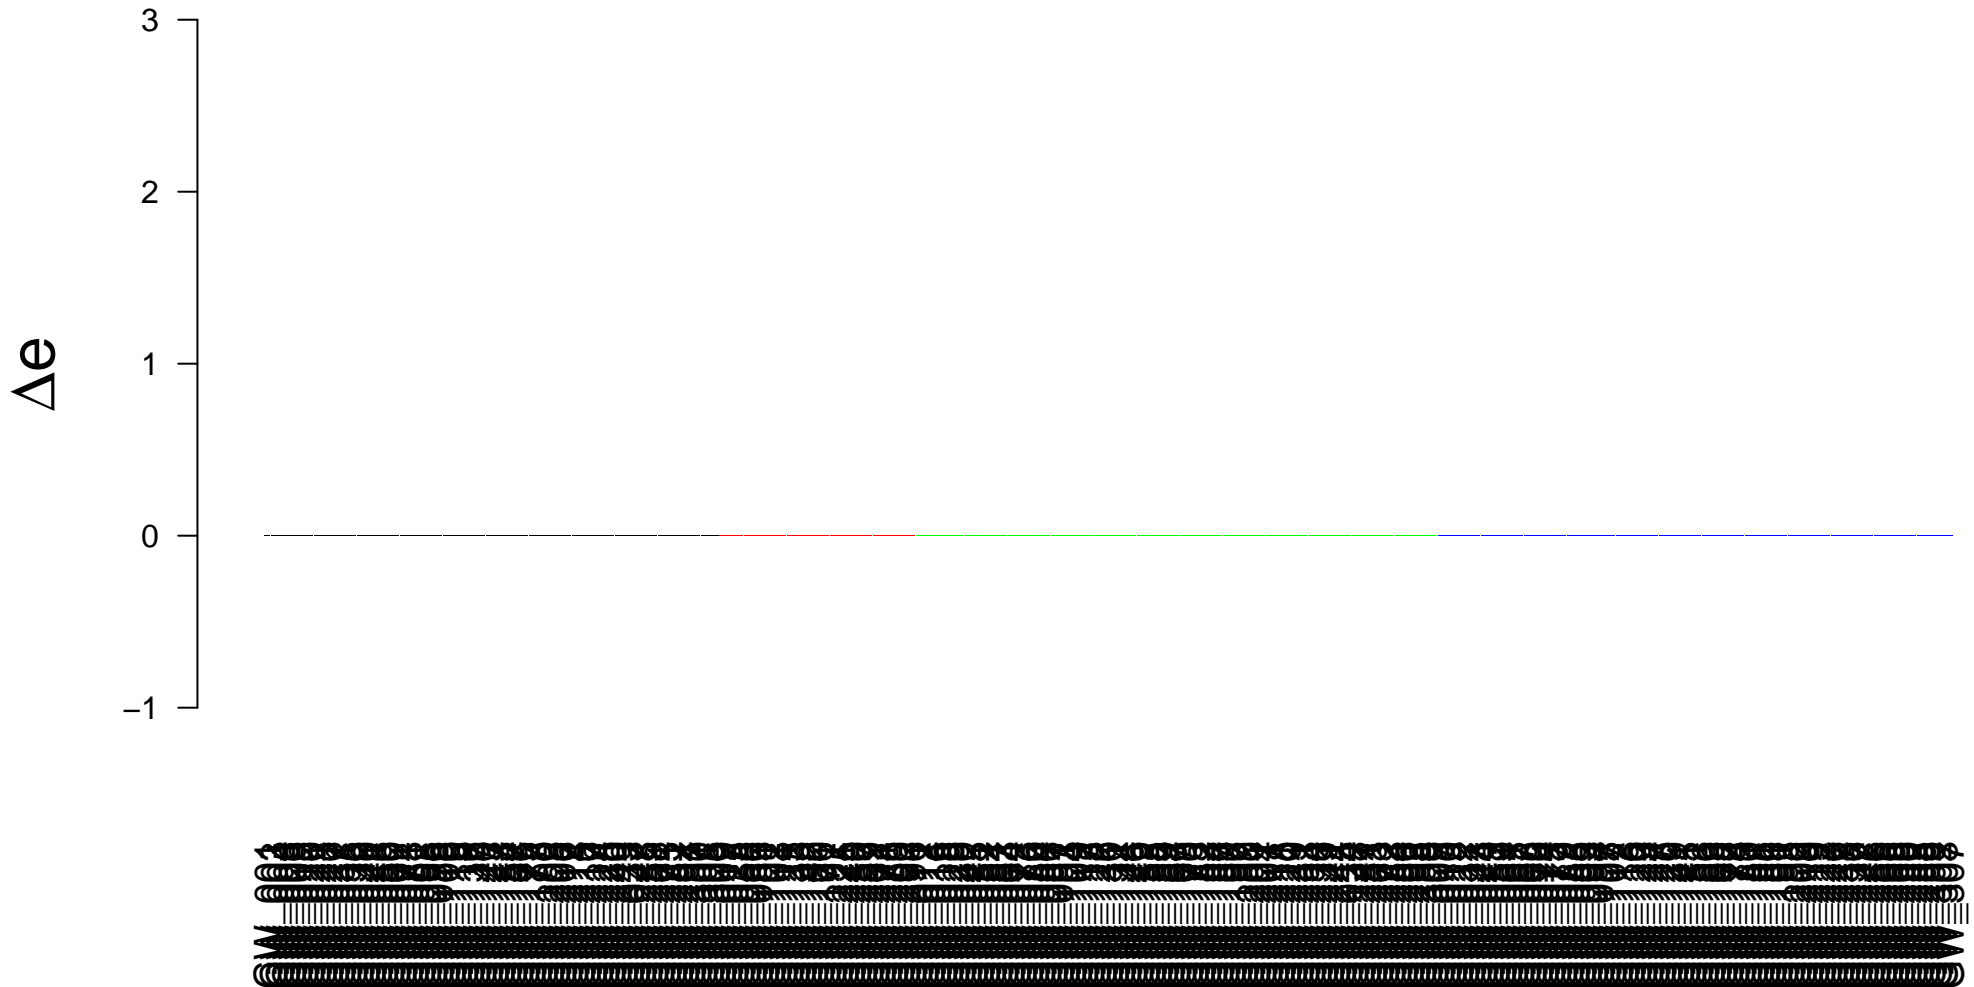

# Expression of positive regulation of fat cell differentiation in Spot E

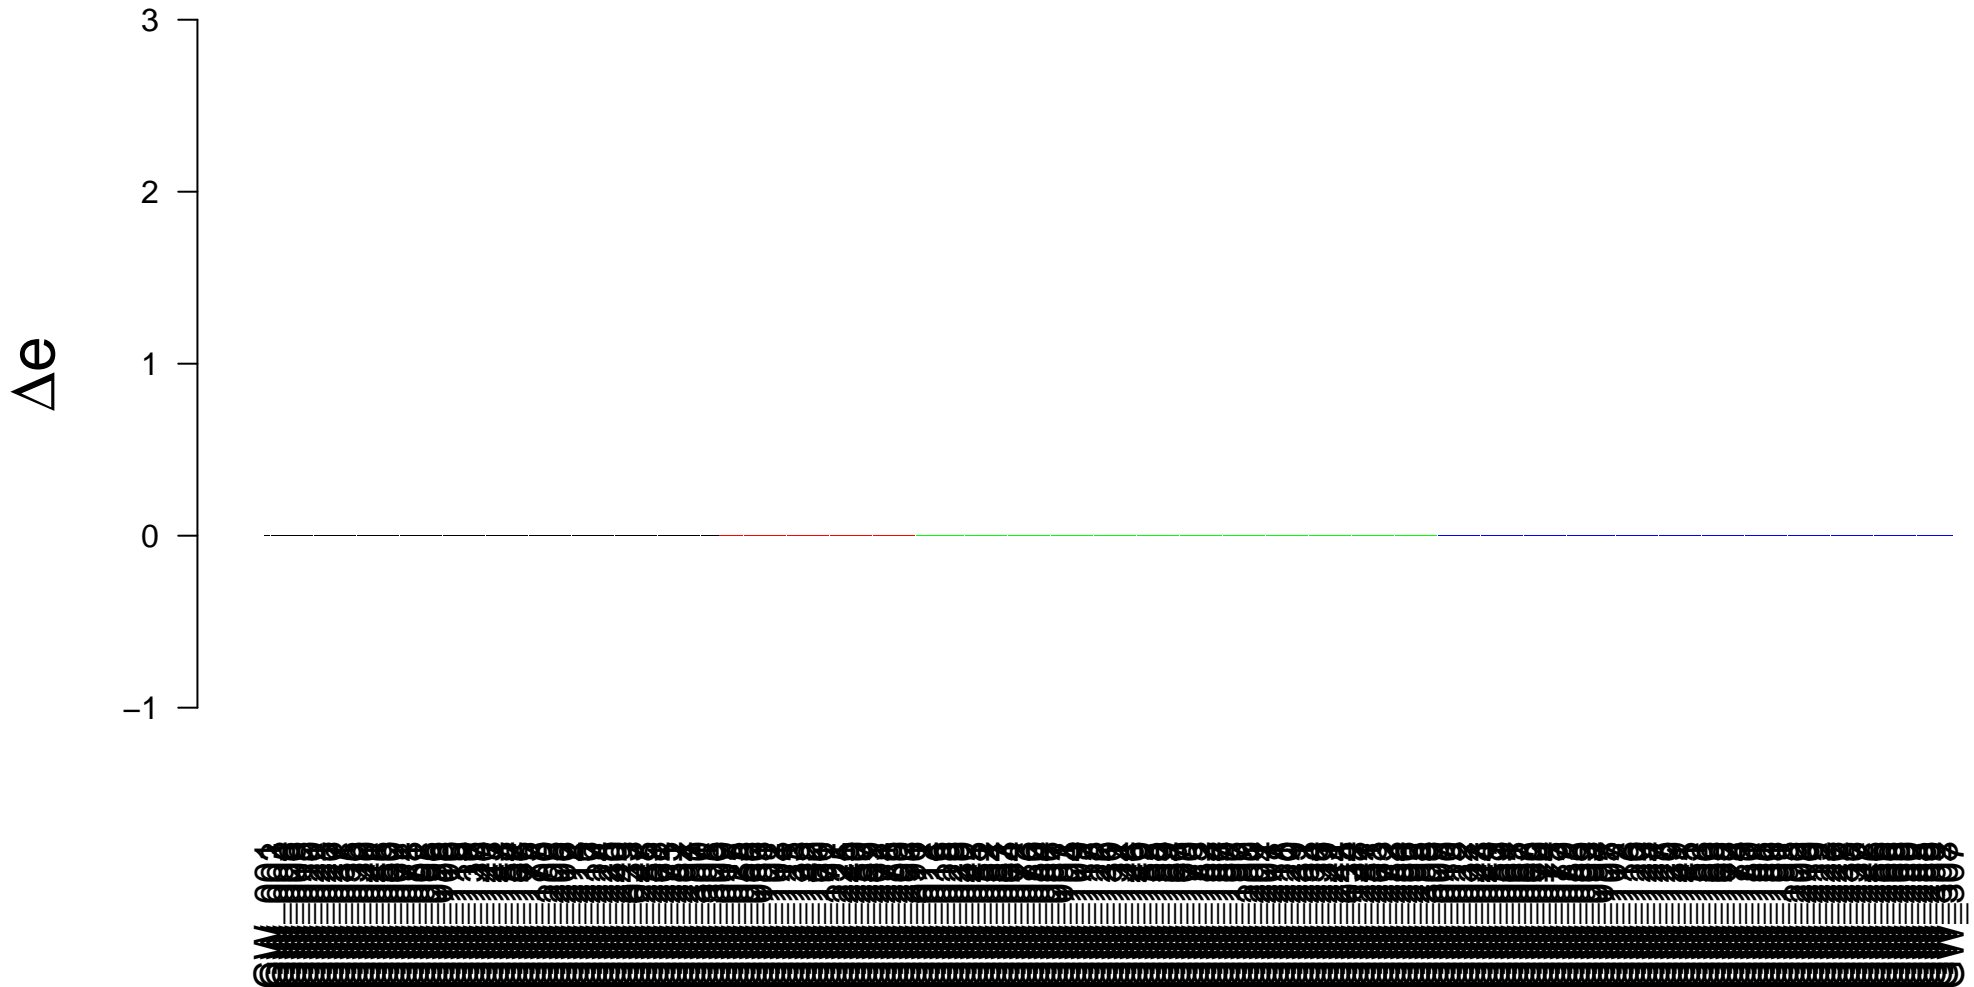

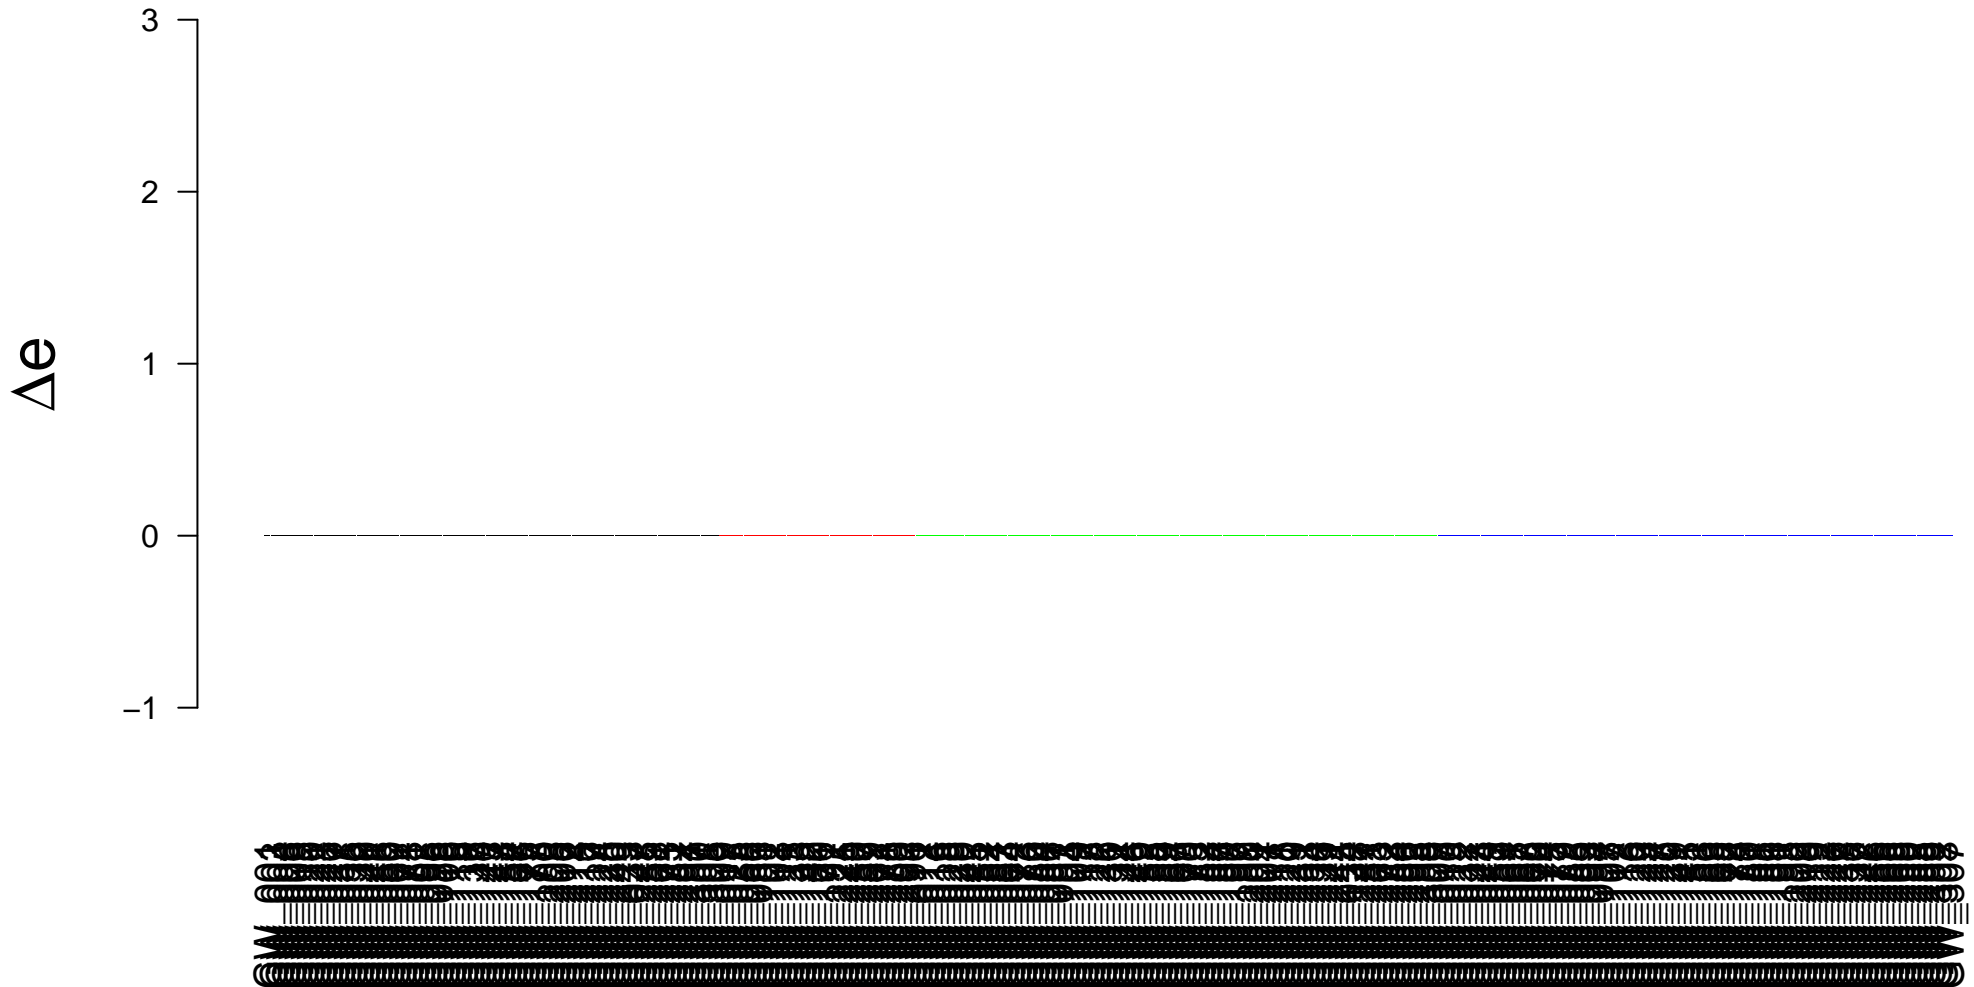

# Expression of positive regulation of fat cell differentiation in Spot F

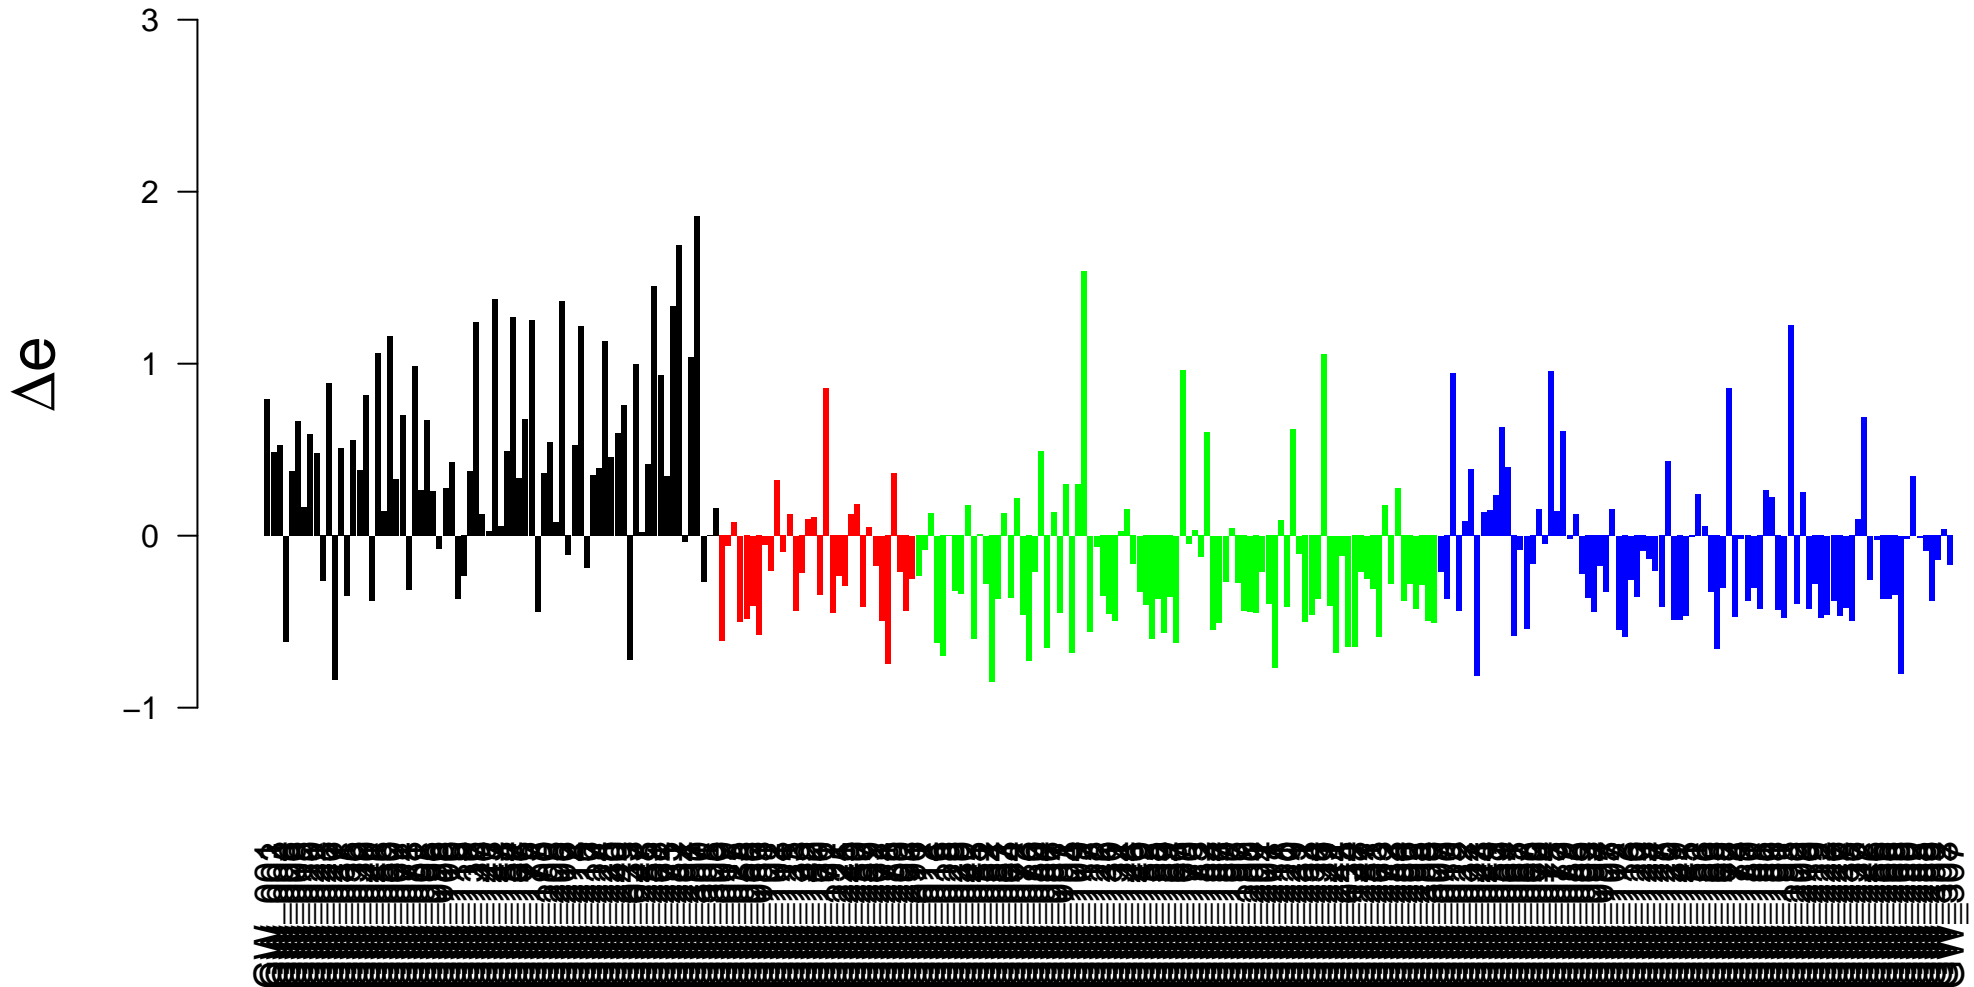

# Expression of positive regulation of fat cell differentiation in Spot G

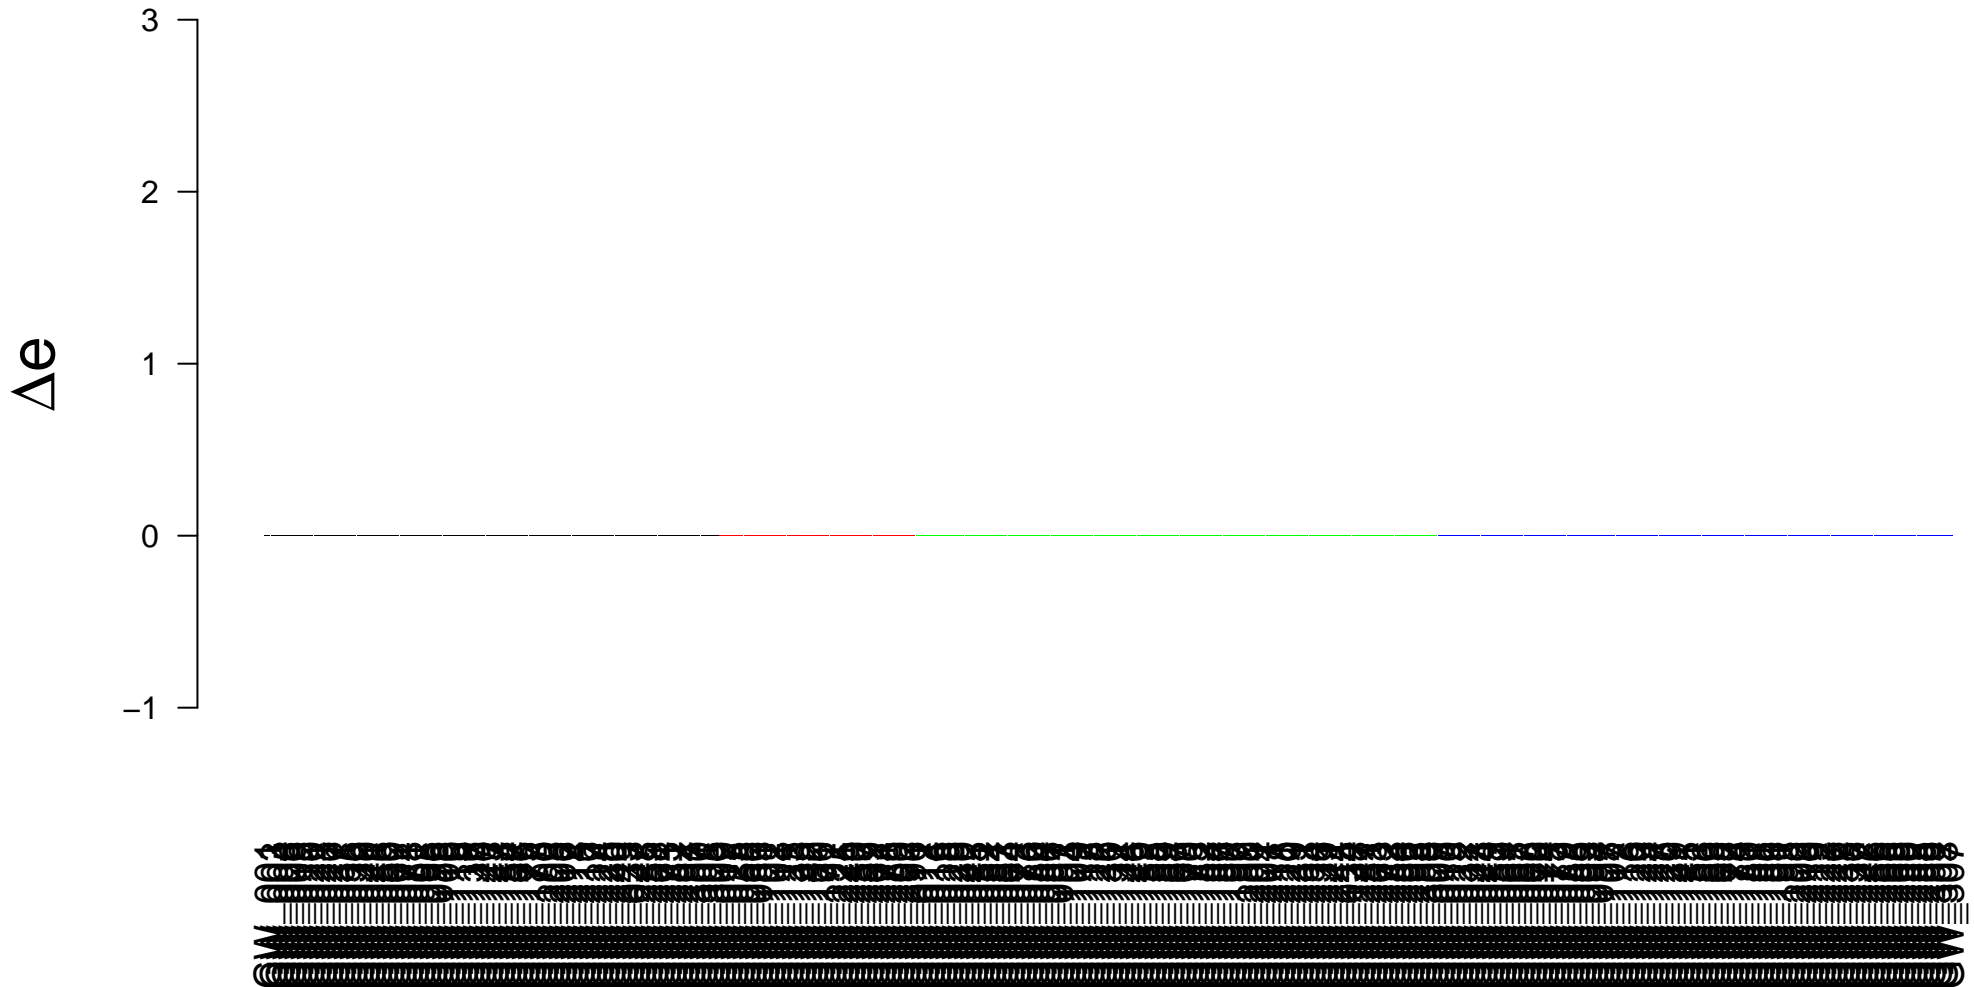

# Expression of positive regulation of fat cell differentiation in Spot H

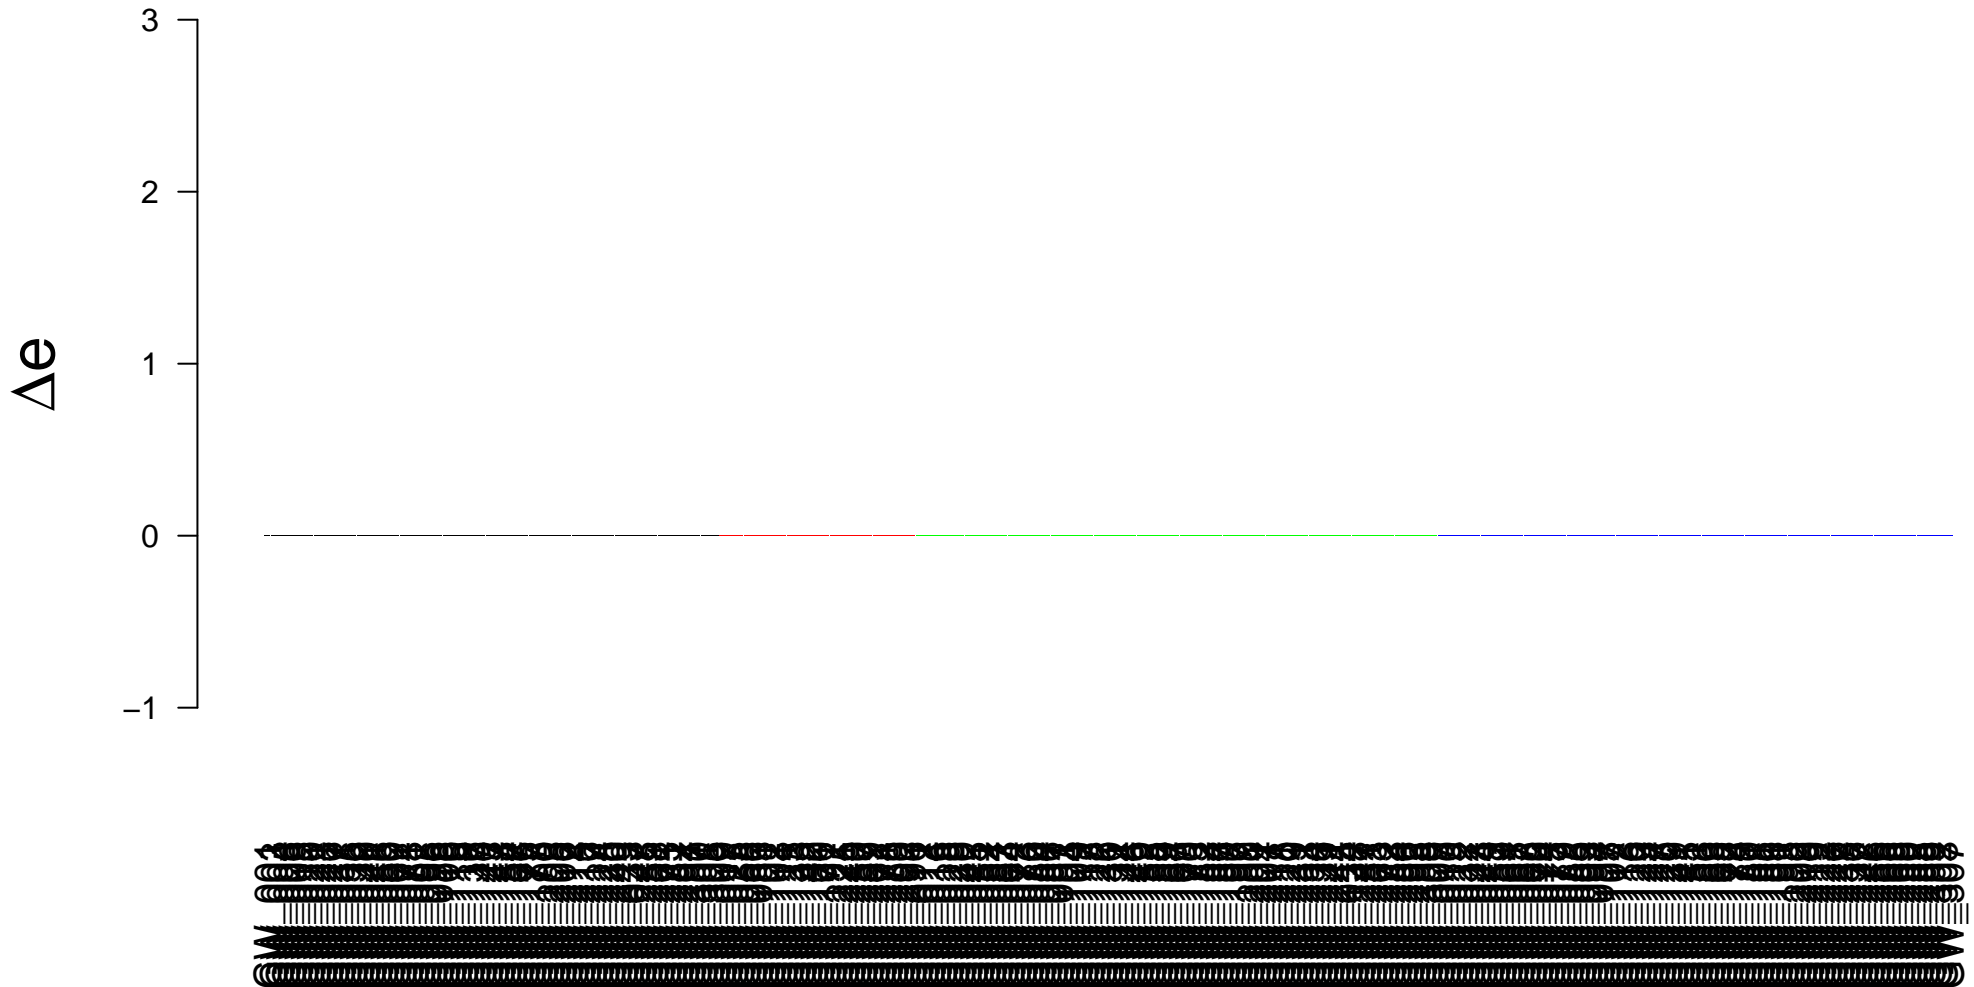

# Expression of positive regulation of fat cell differentiation in Spot I

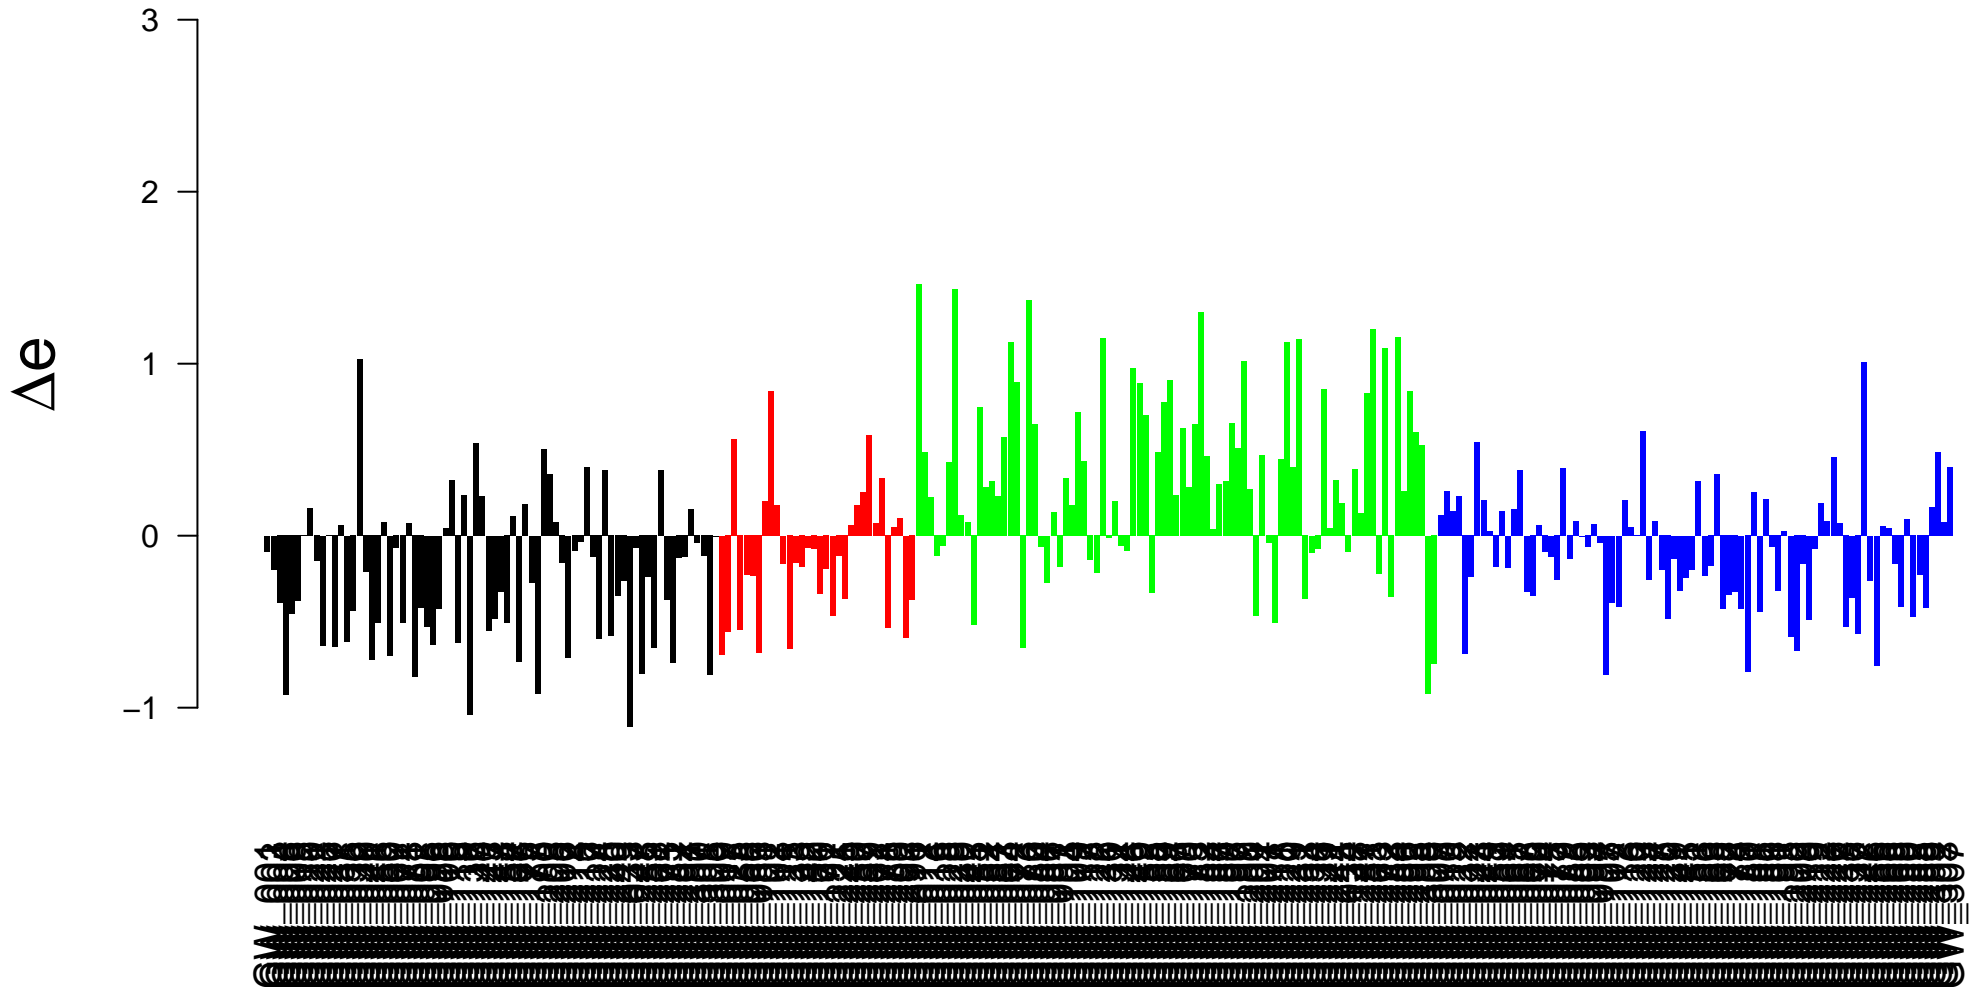

# Expression of positive regulation of fat cell differentiation in Spot J

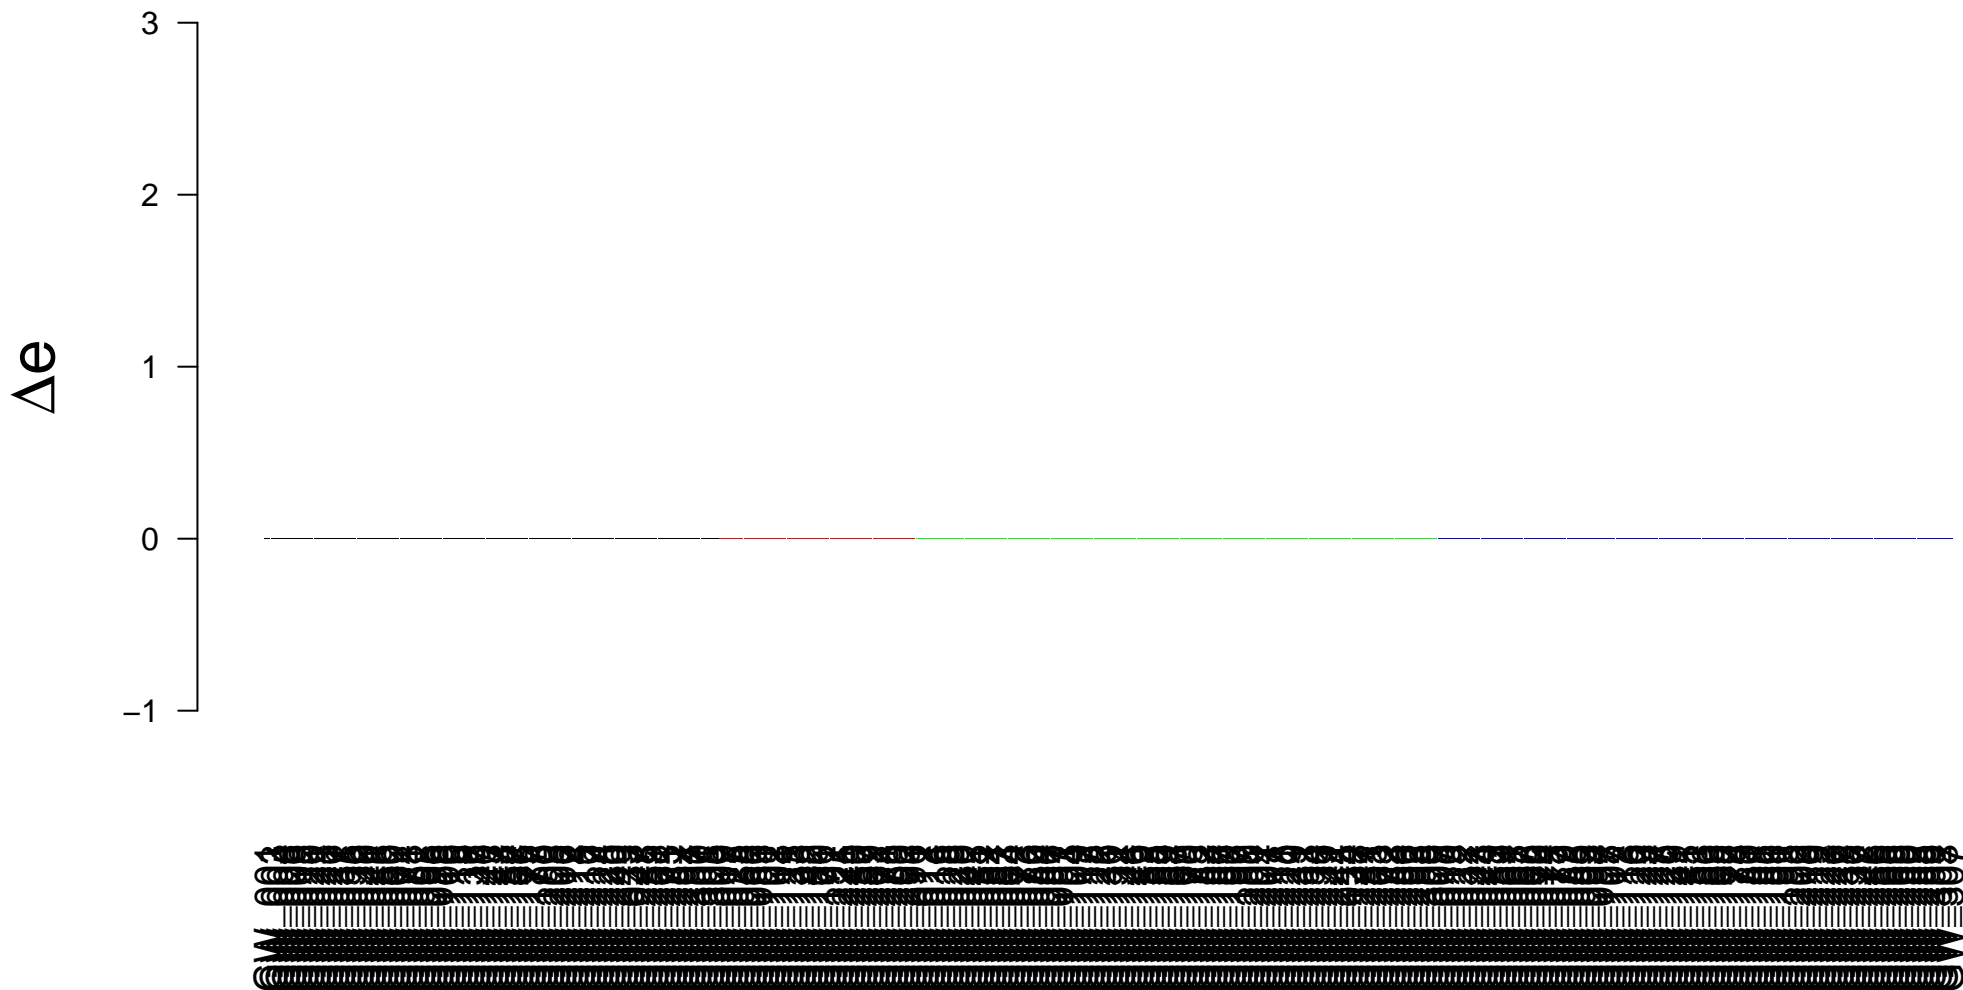

# Expression of positive regulation of fat cell differentiation in Spot K

# Expression of positive regulation of fat cell differentiation in Spot L

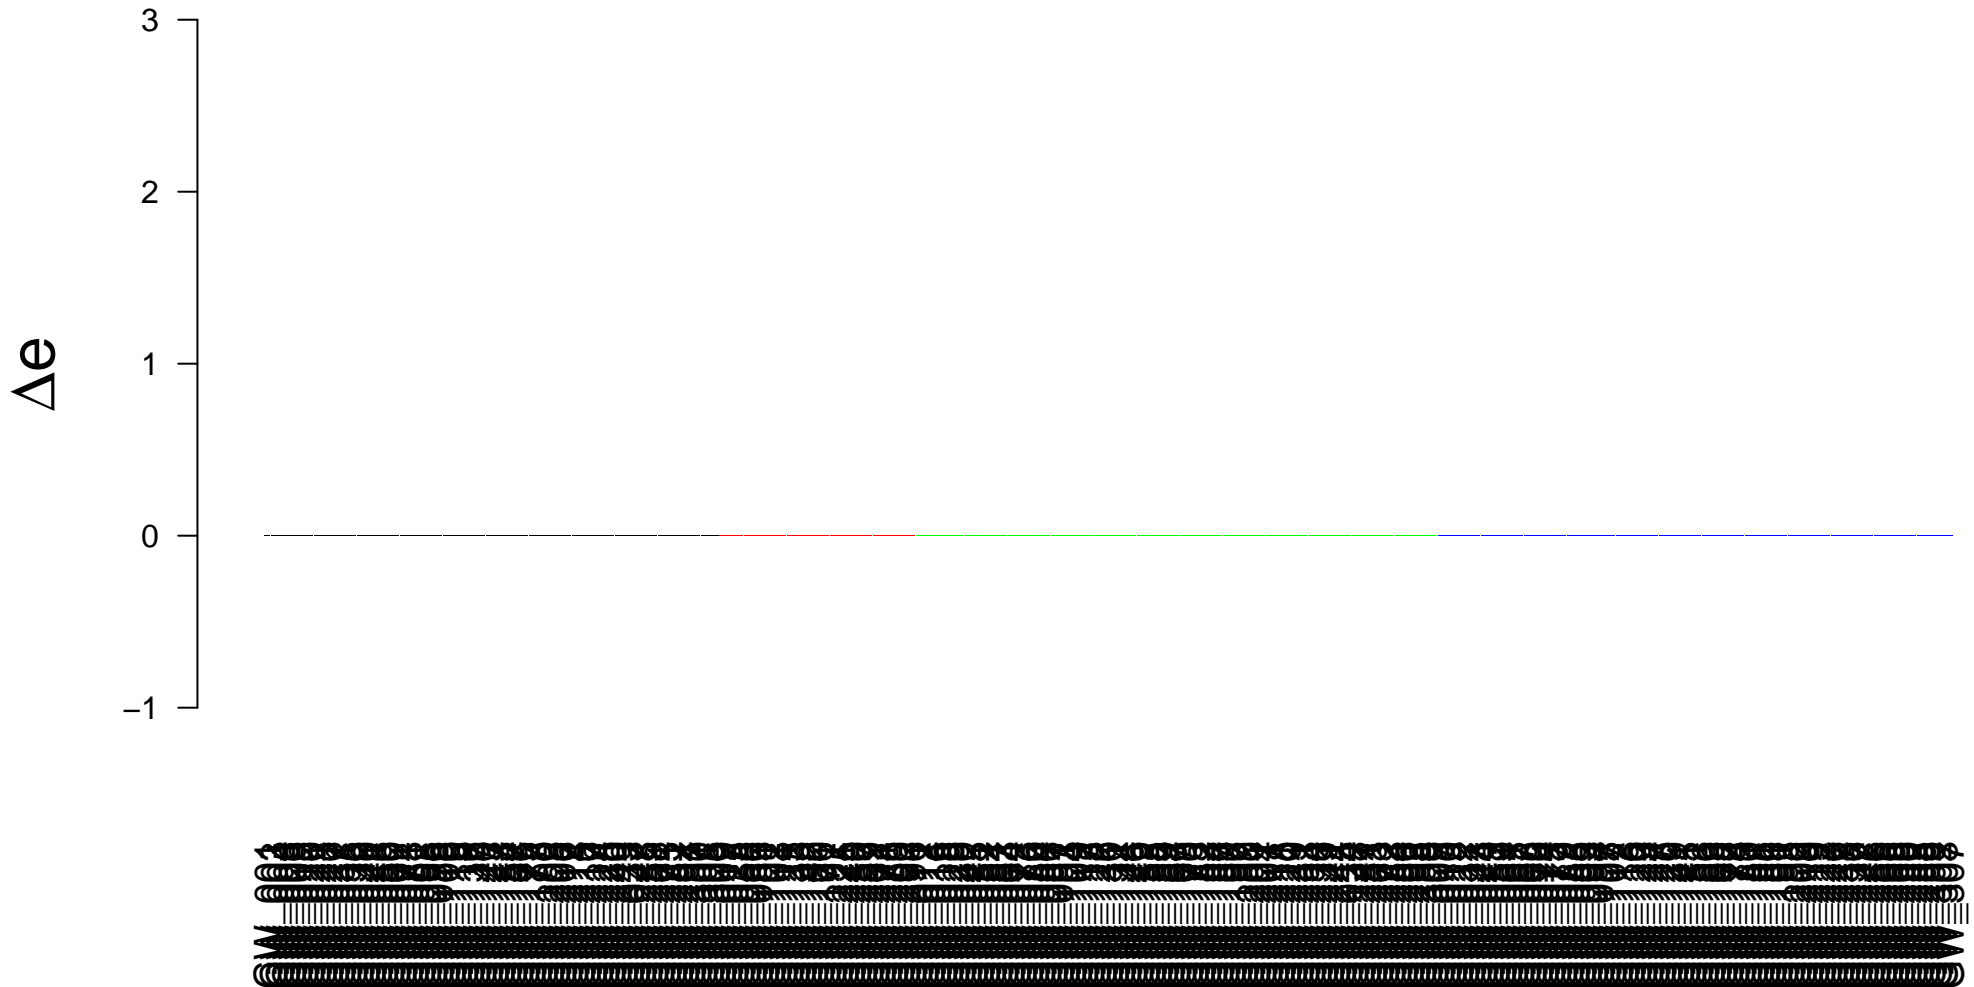

# Expression of positive regulation of fat cell differentiation in Spot M

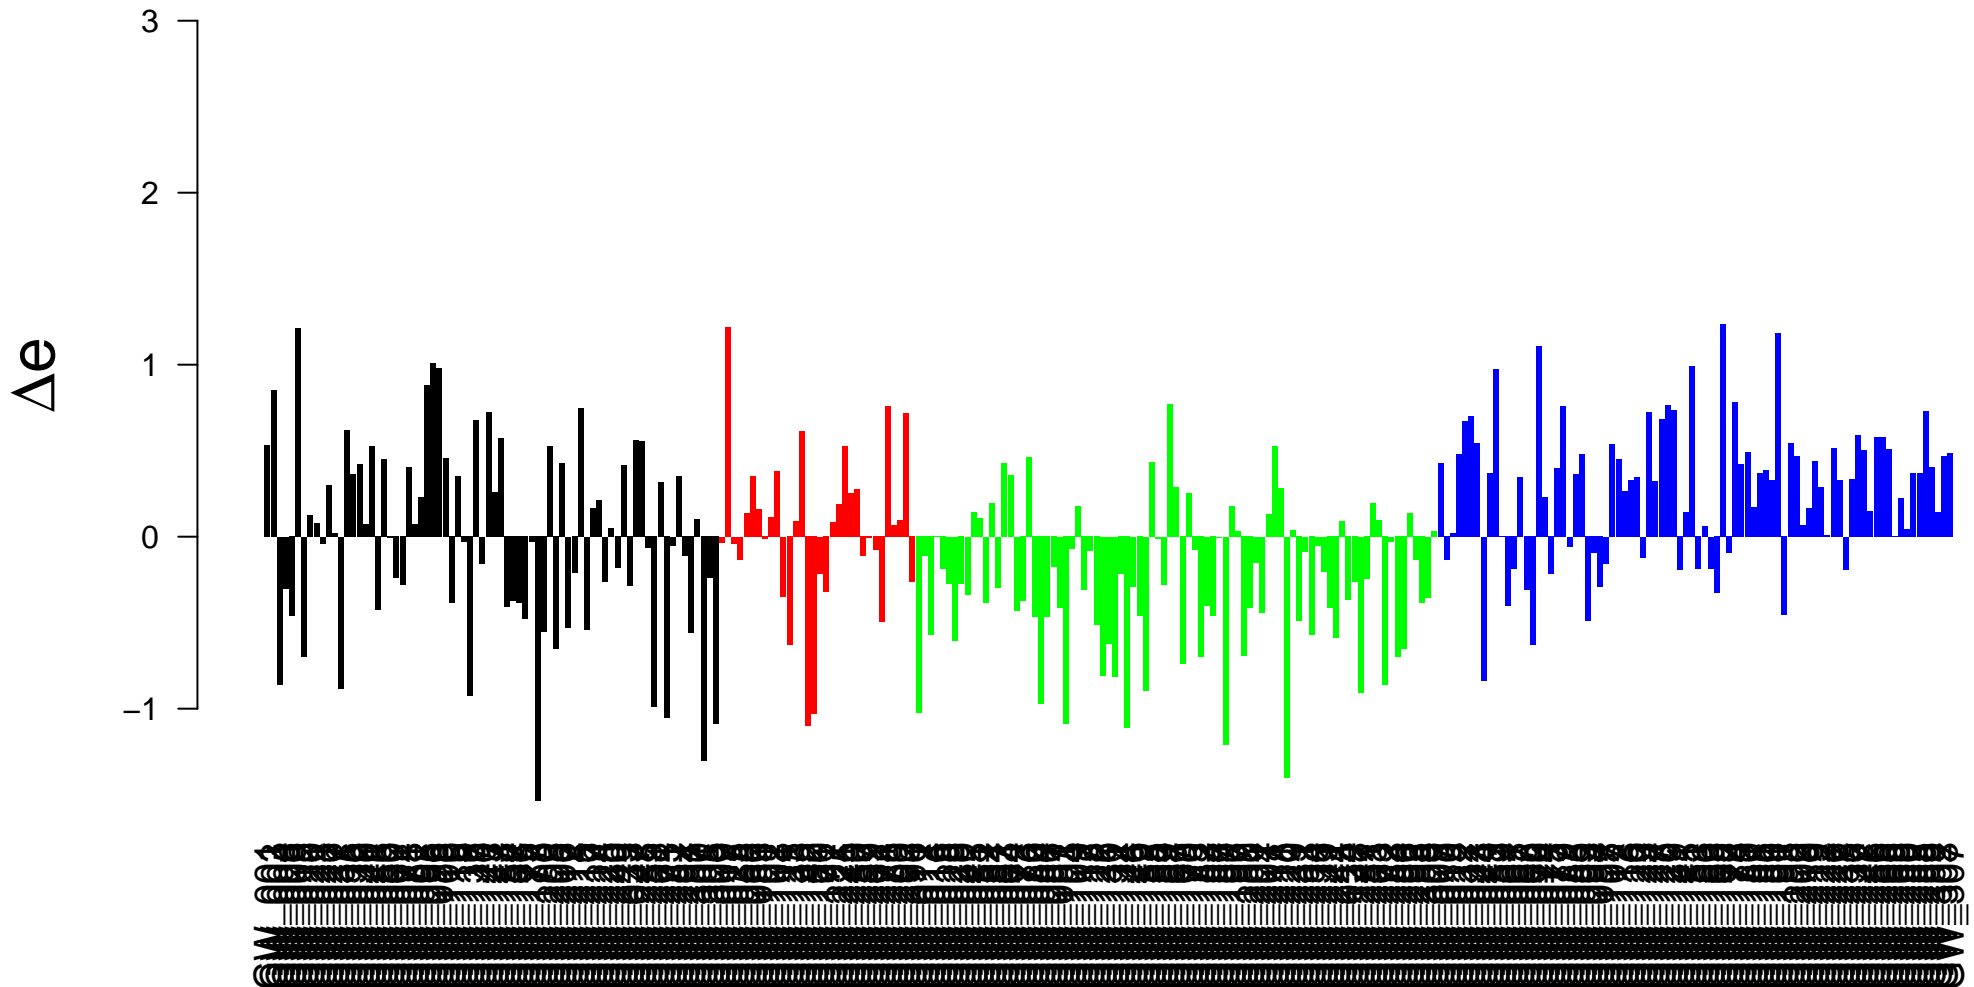

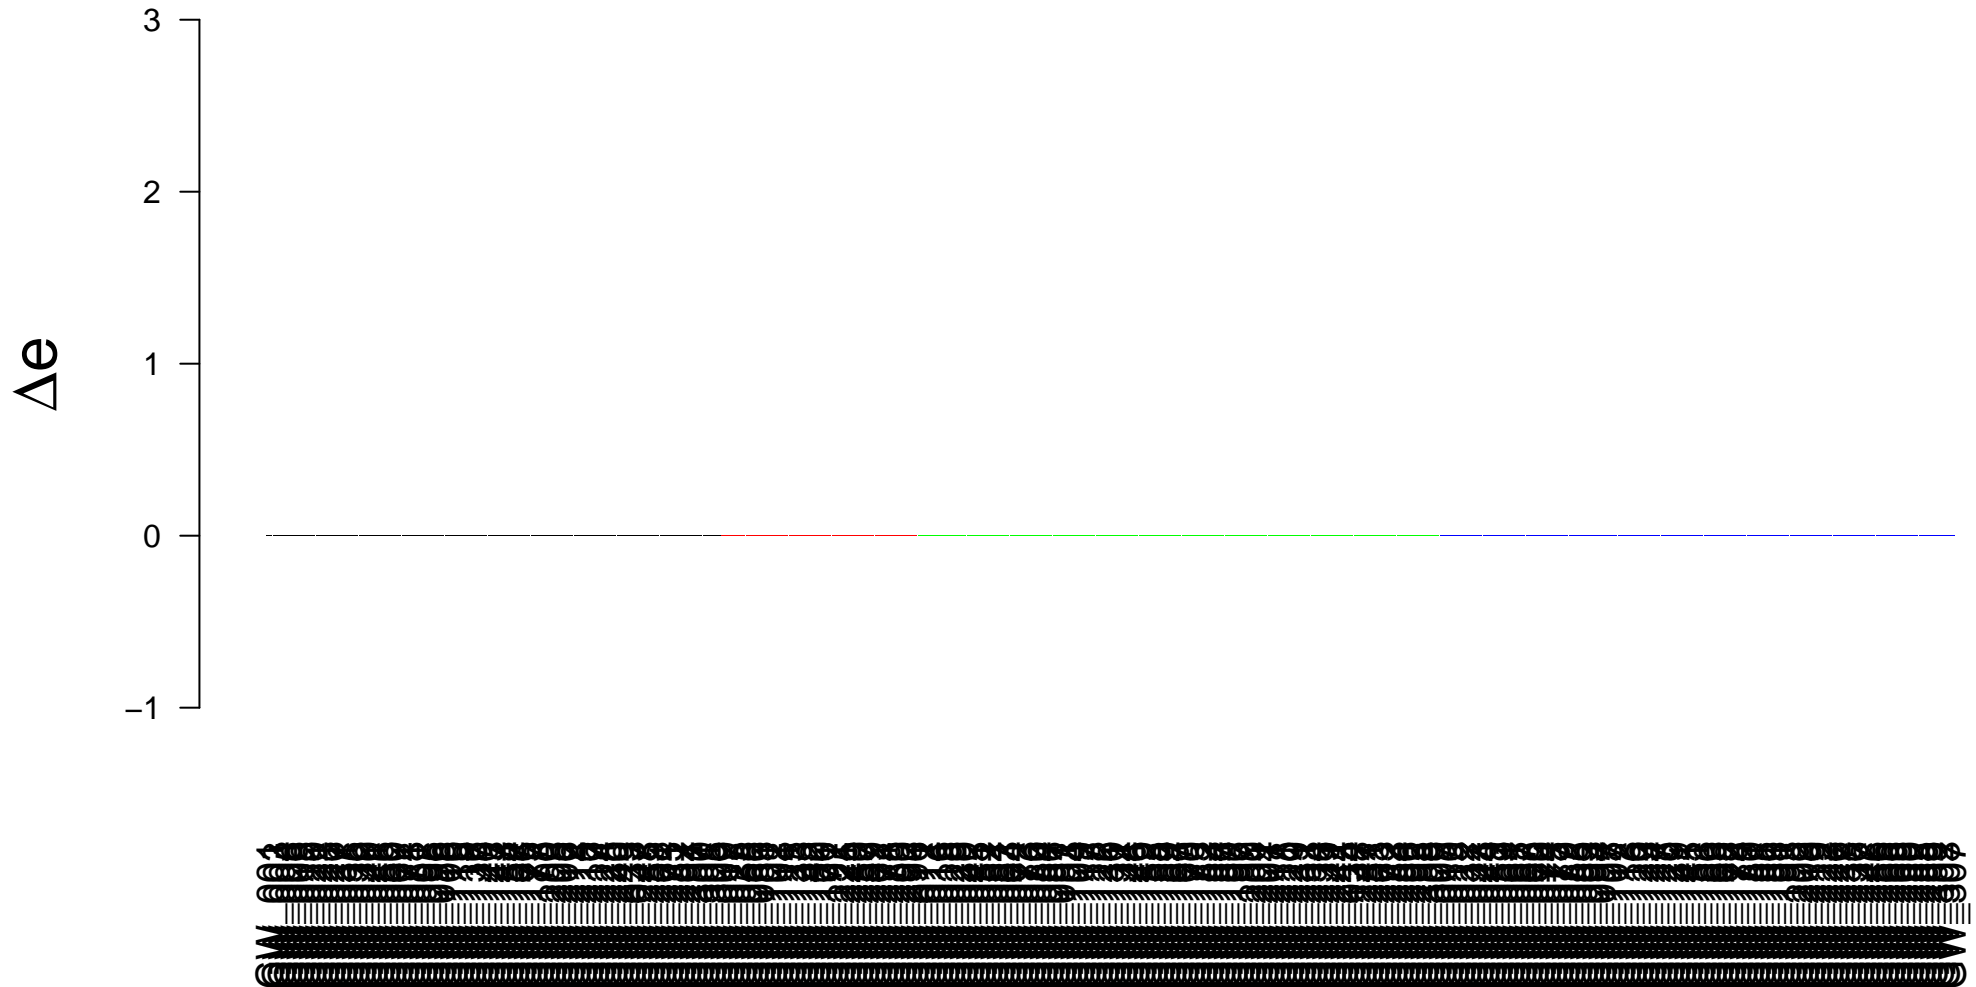

# Expression of positive regulation of fat cell differentiation in Spot N

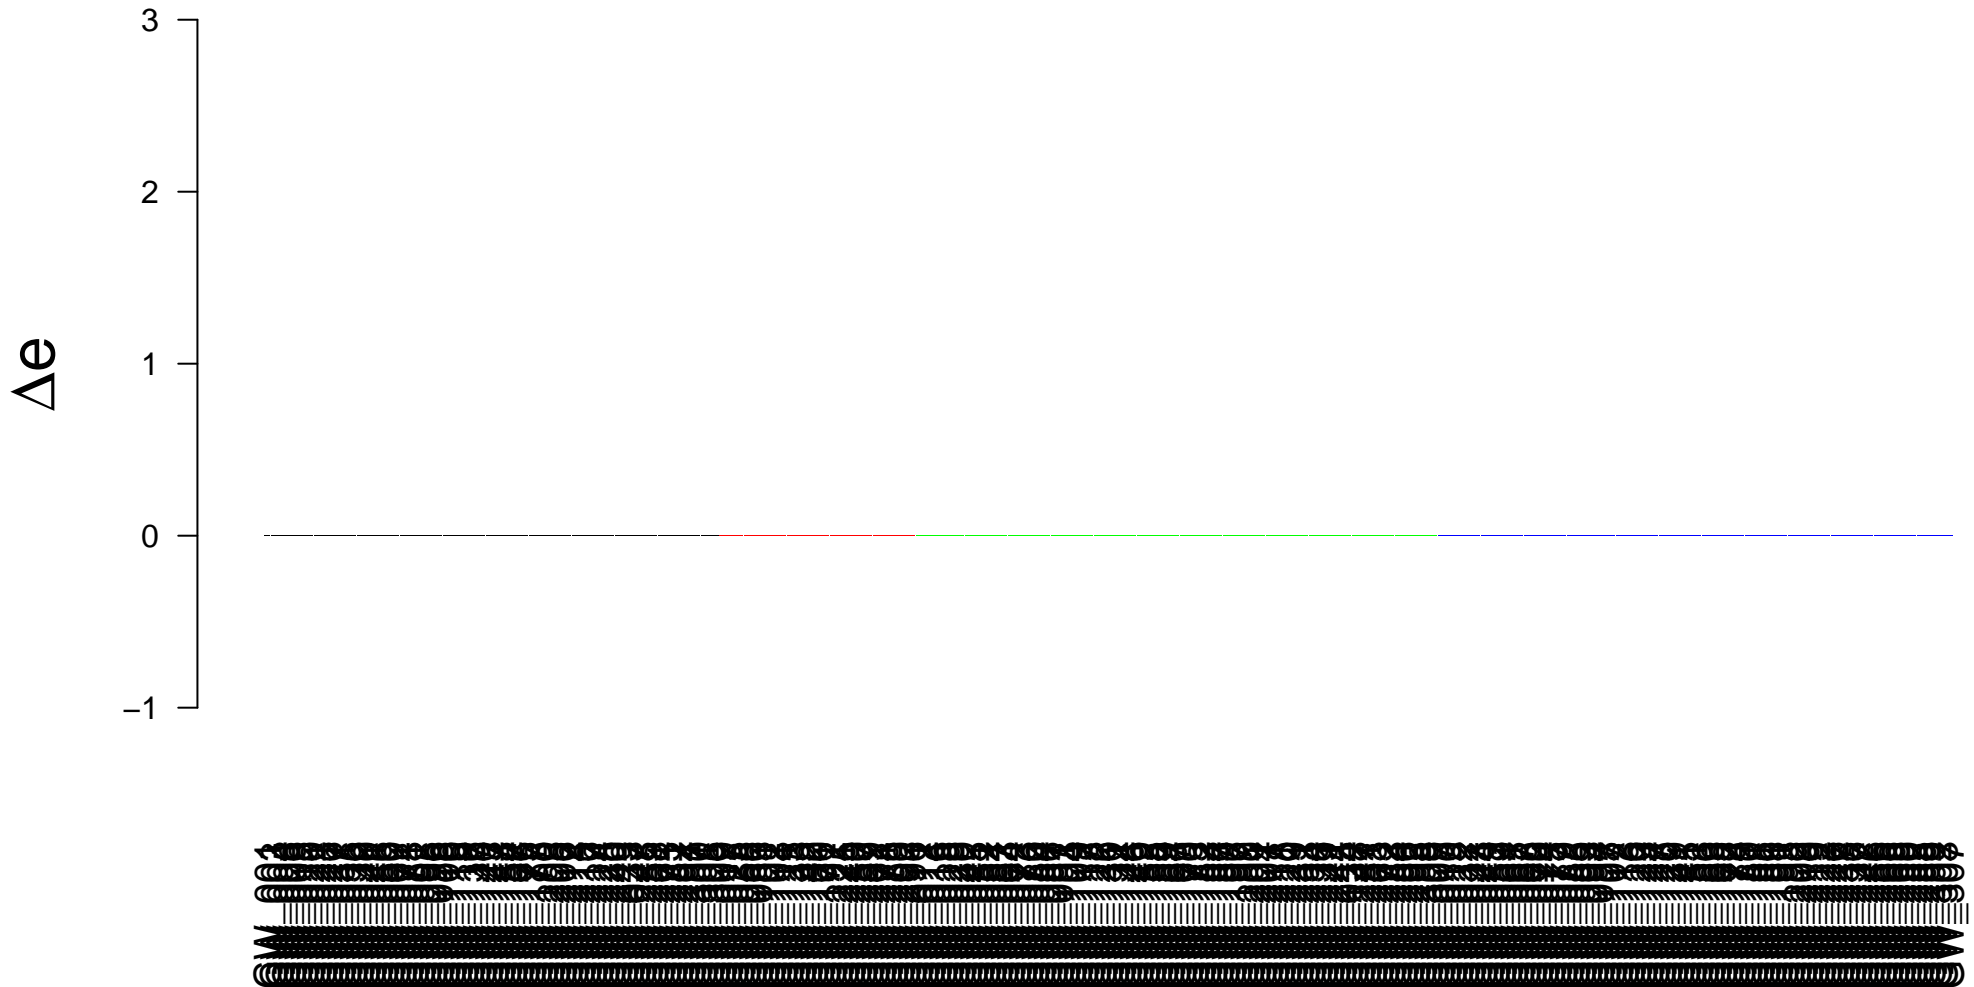

# Expression of positive regulation of fat cell differentiation in Spot O

# Expression of positive regulation of fat cell differentiation in Spot P

# Expression of positive regulation of fat cell differentiation in Spot Q

# Expression of positive regulation of fat cell differentiation in Spot R
