

positive regulation of interferon-beta production

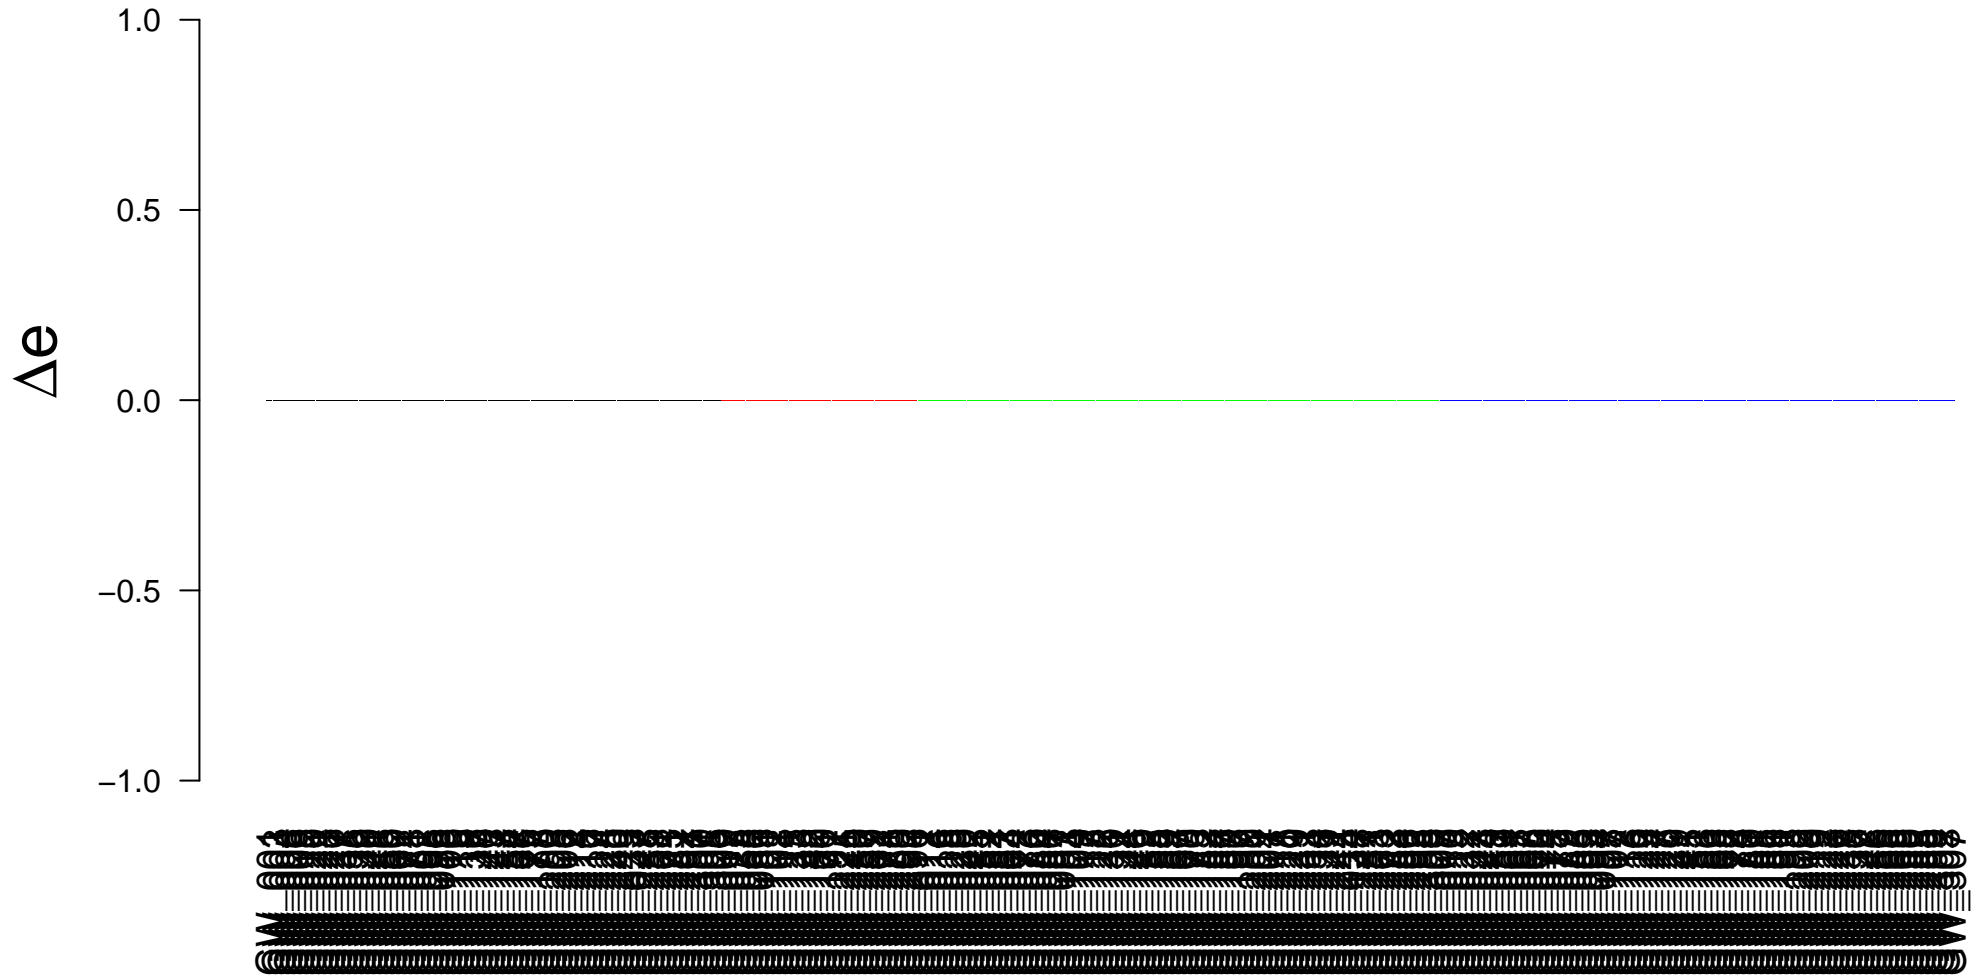

positive regulation of interferon-beta production

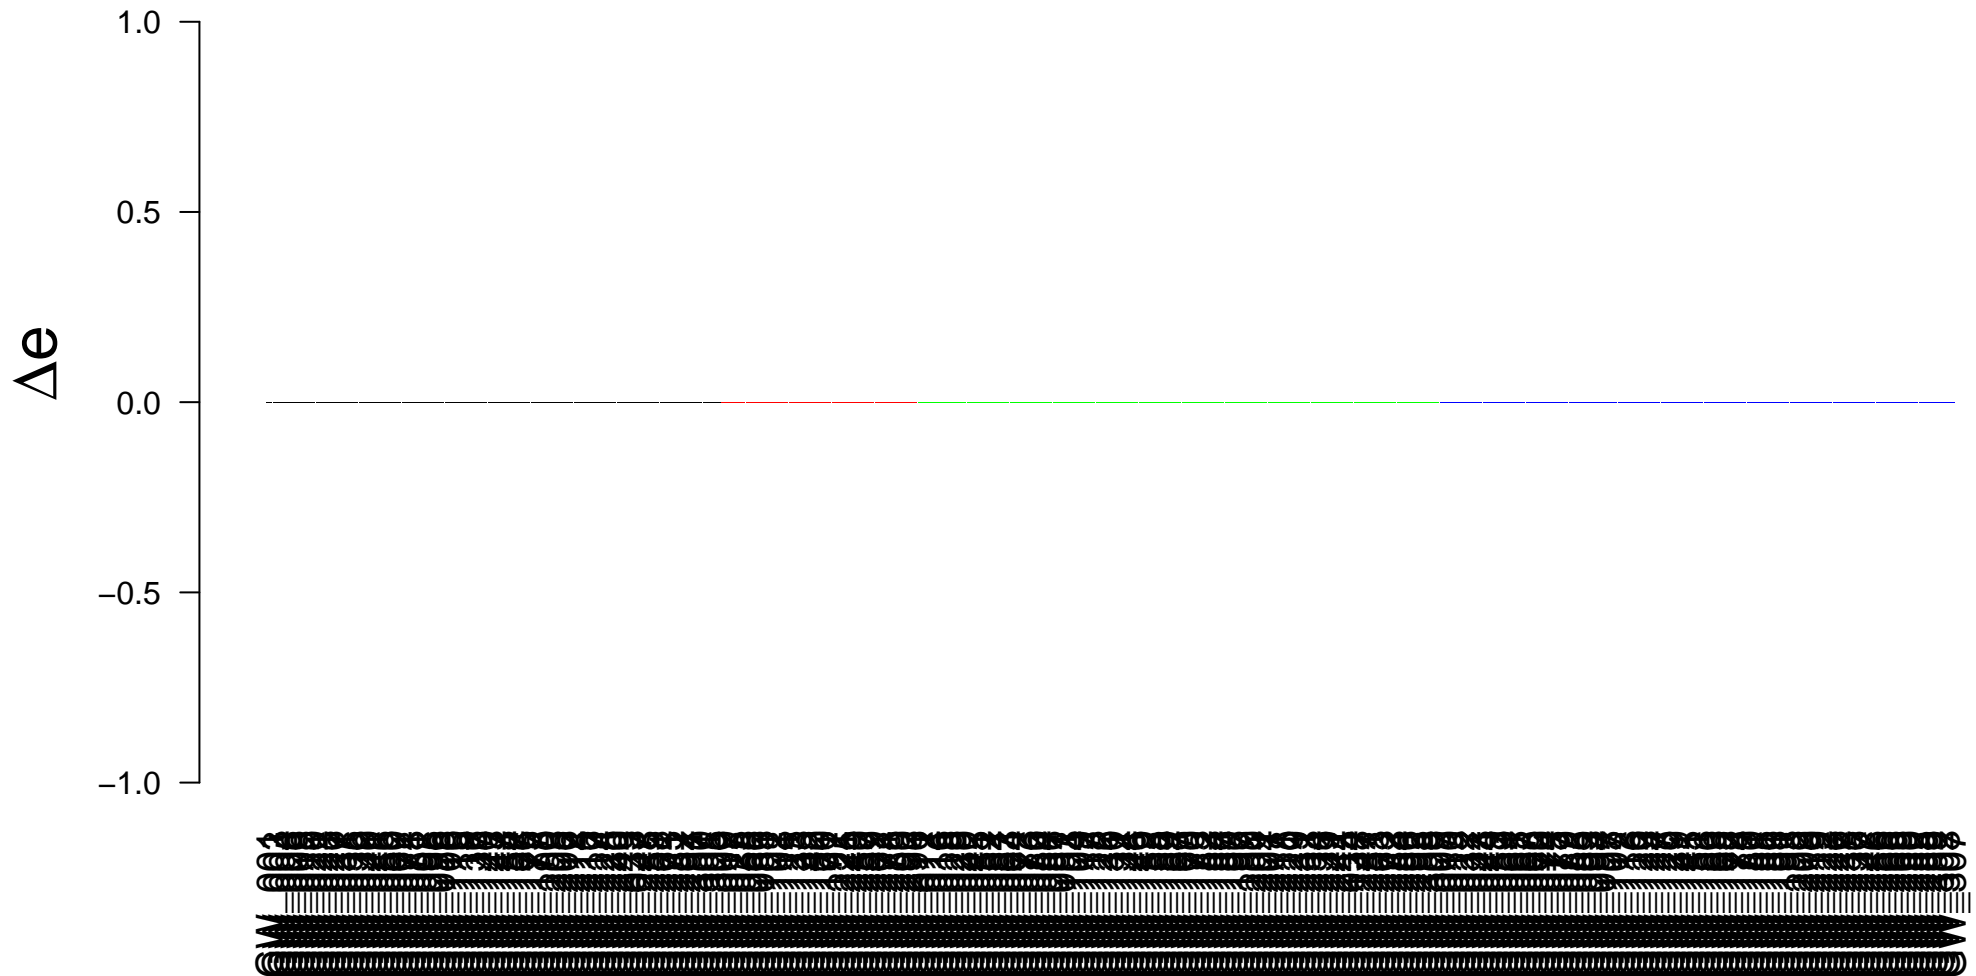

Enrichment in spots: positive regulation of interferon- β production

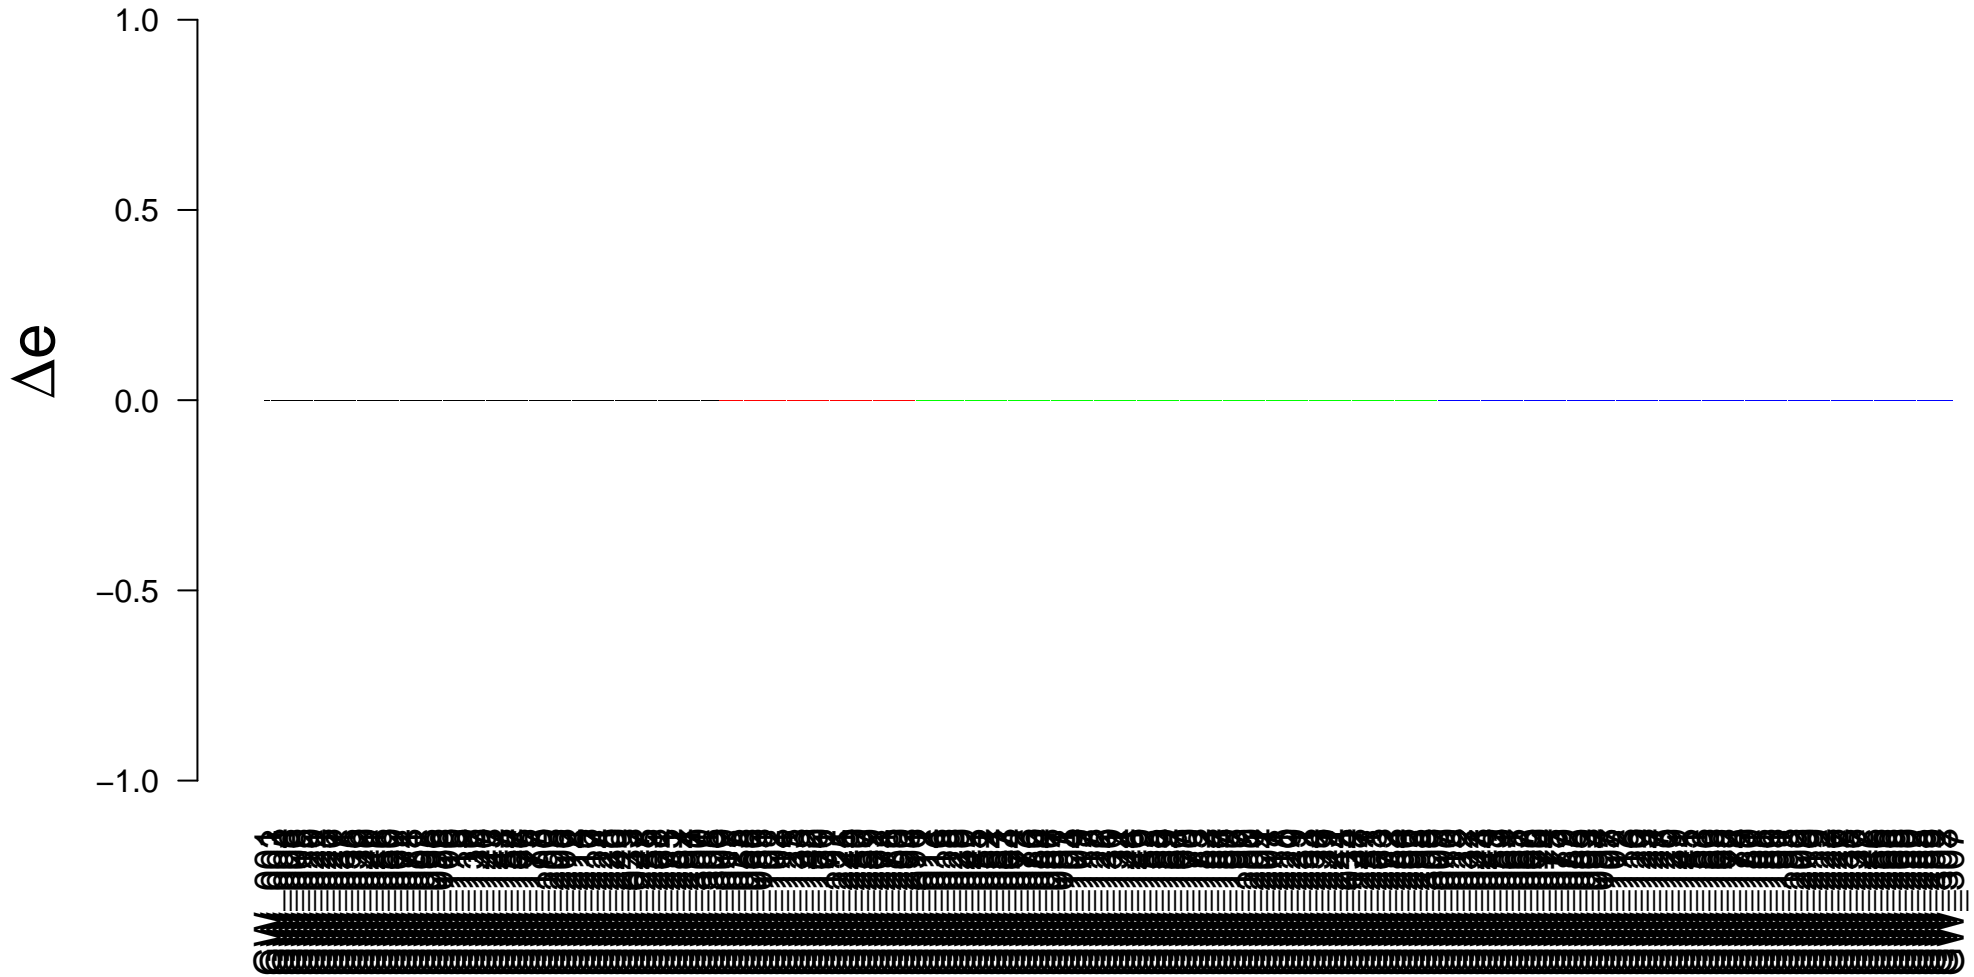

Expression of positive regulation of interferon-beta production in Spot A

Expression of positive regulation of interferon-beta production in Spot B

Expression of positive regulation of interferon-beta production in Spot C

Expression of positive regulation of interferon-beta production in Spot D

Expression of positive regulation of interferon-beta production in Spot G

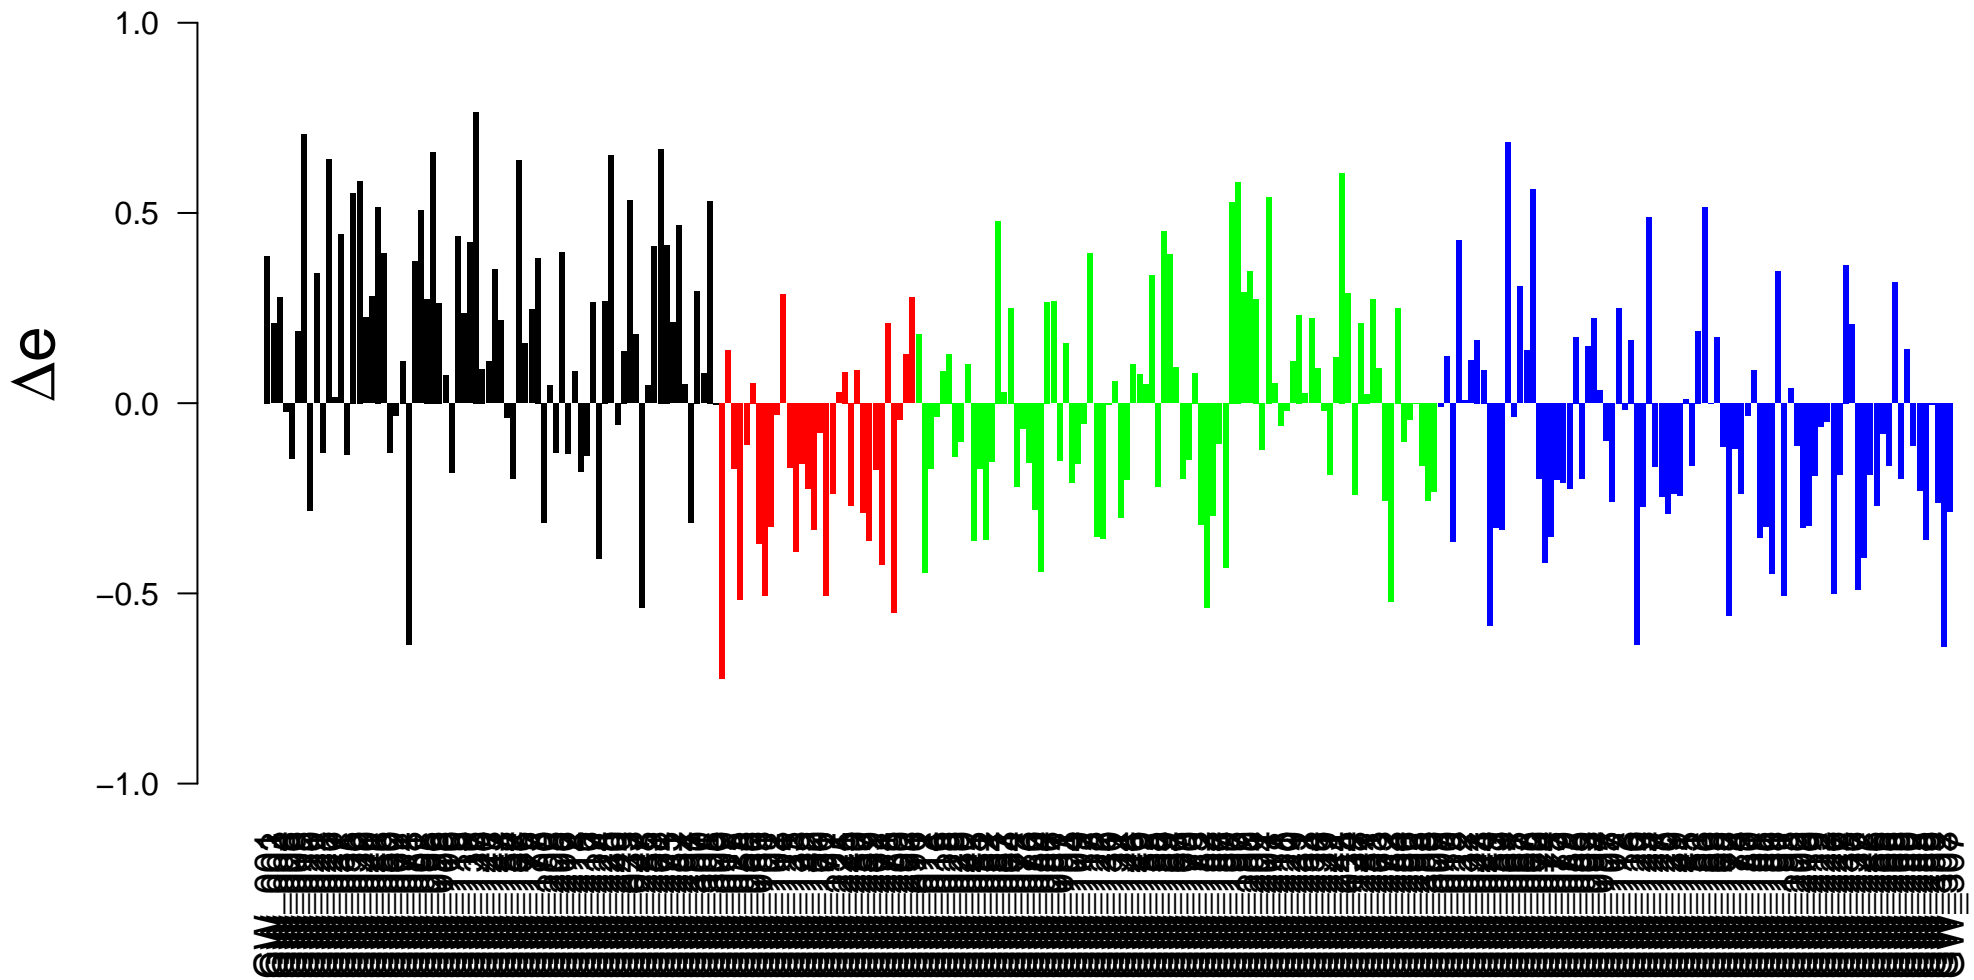

Expression of positive regulation of interferon-beta production in Spot H

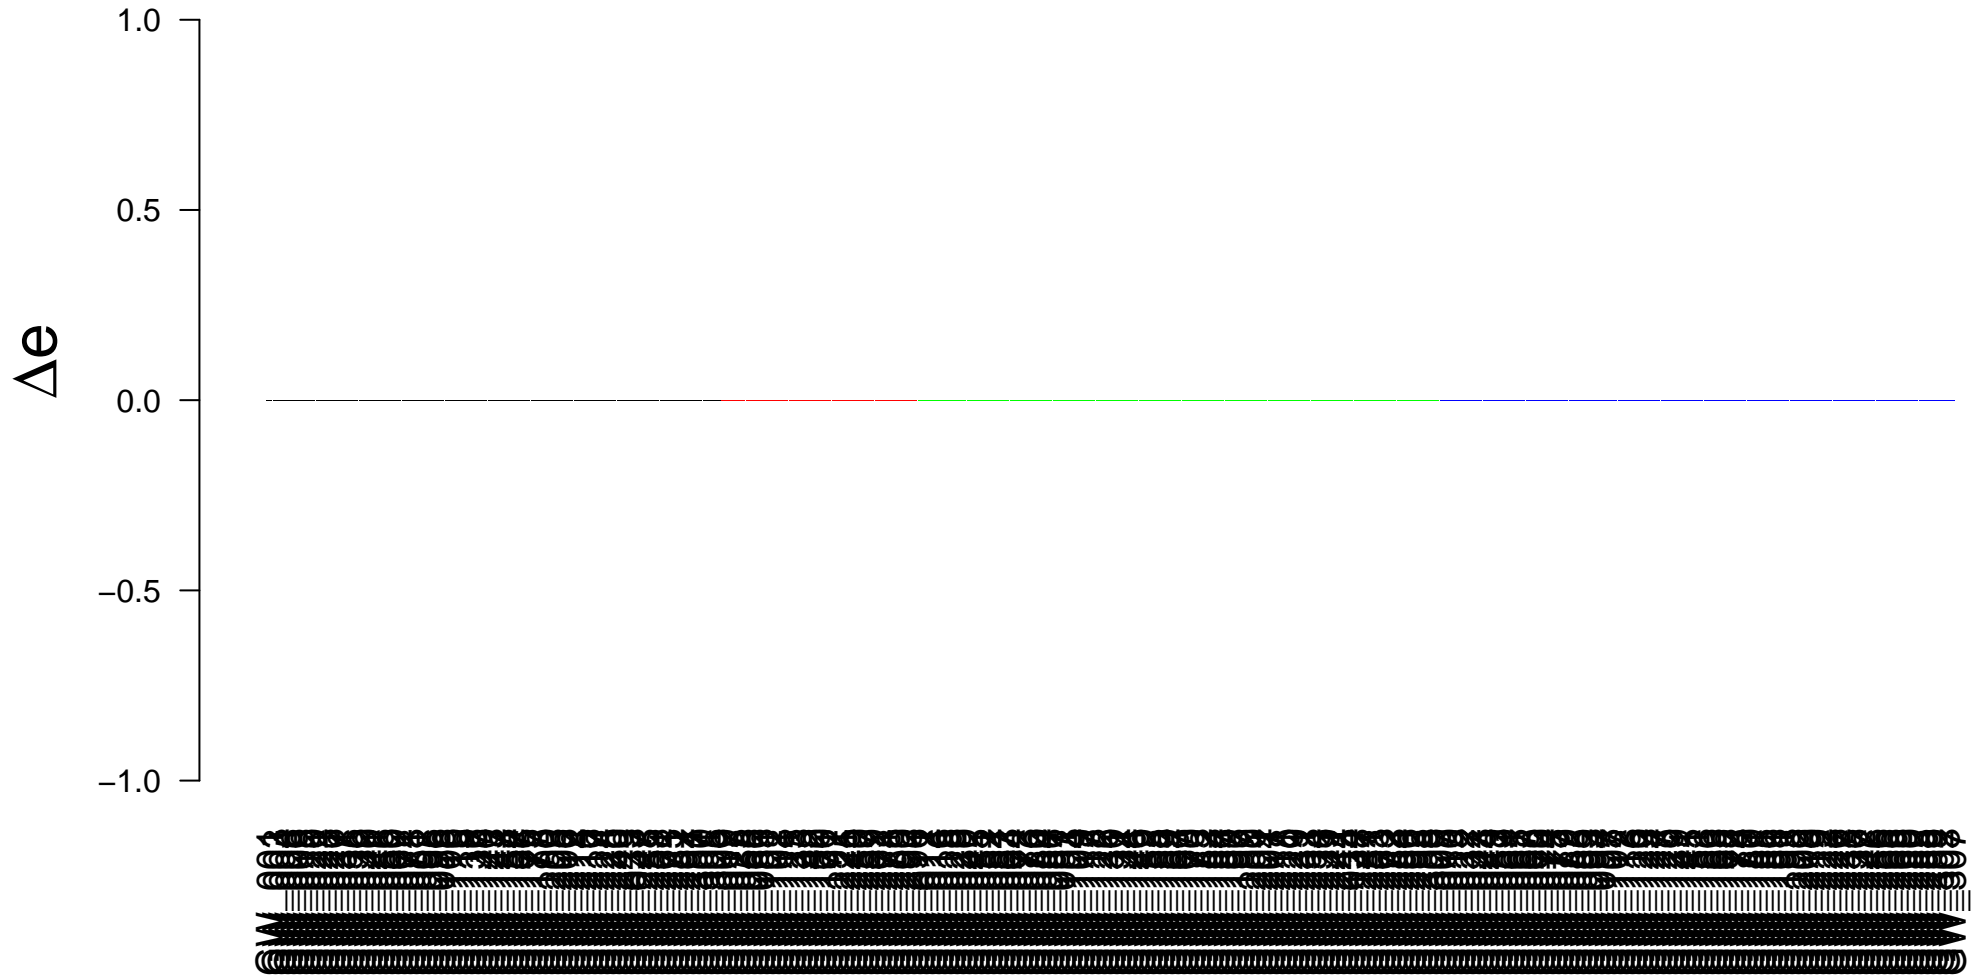

Expression of positive regulation of interferon-beta production in Spot I

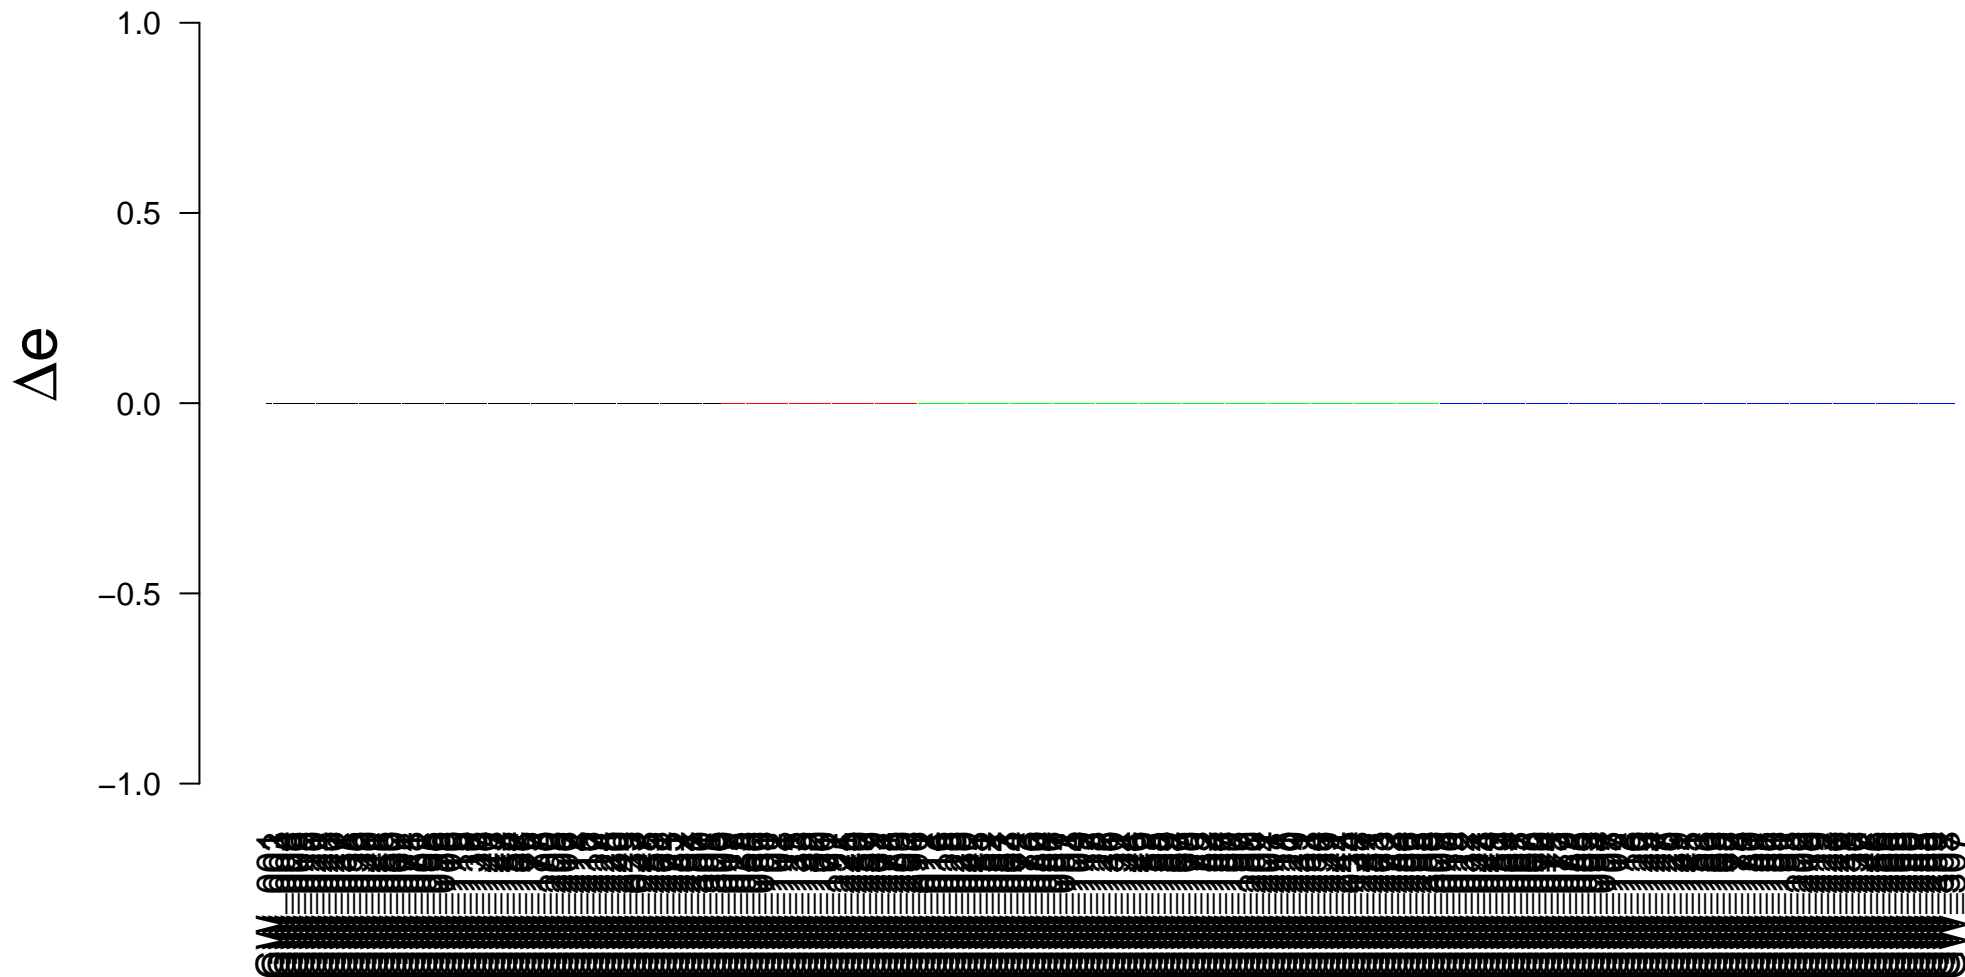

Expression of positive regulation of interferon-beta production in Spot J

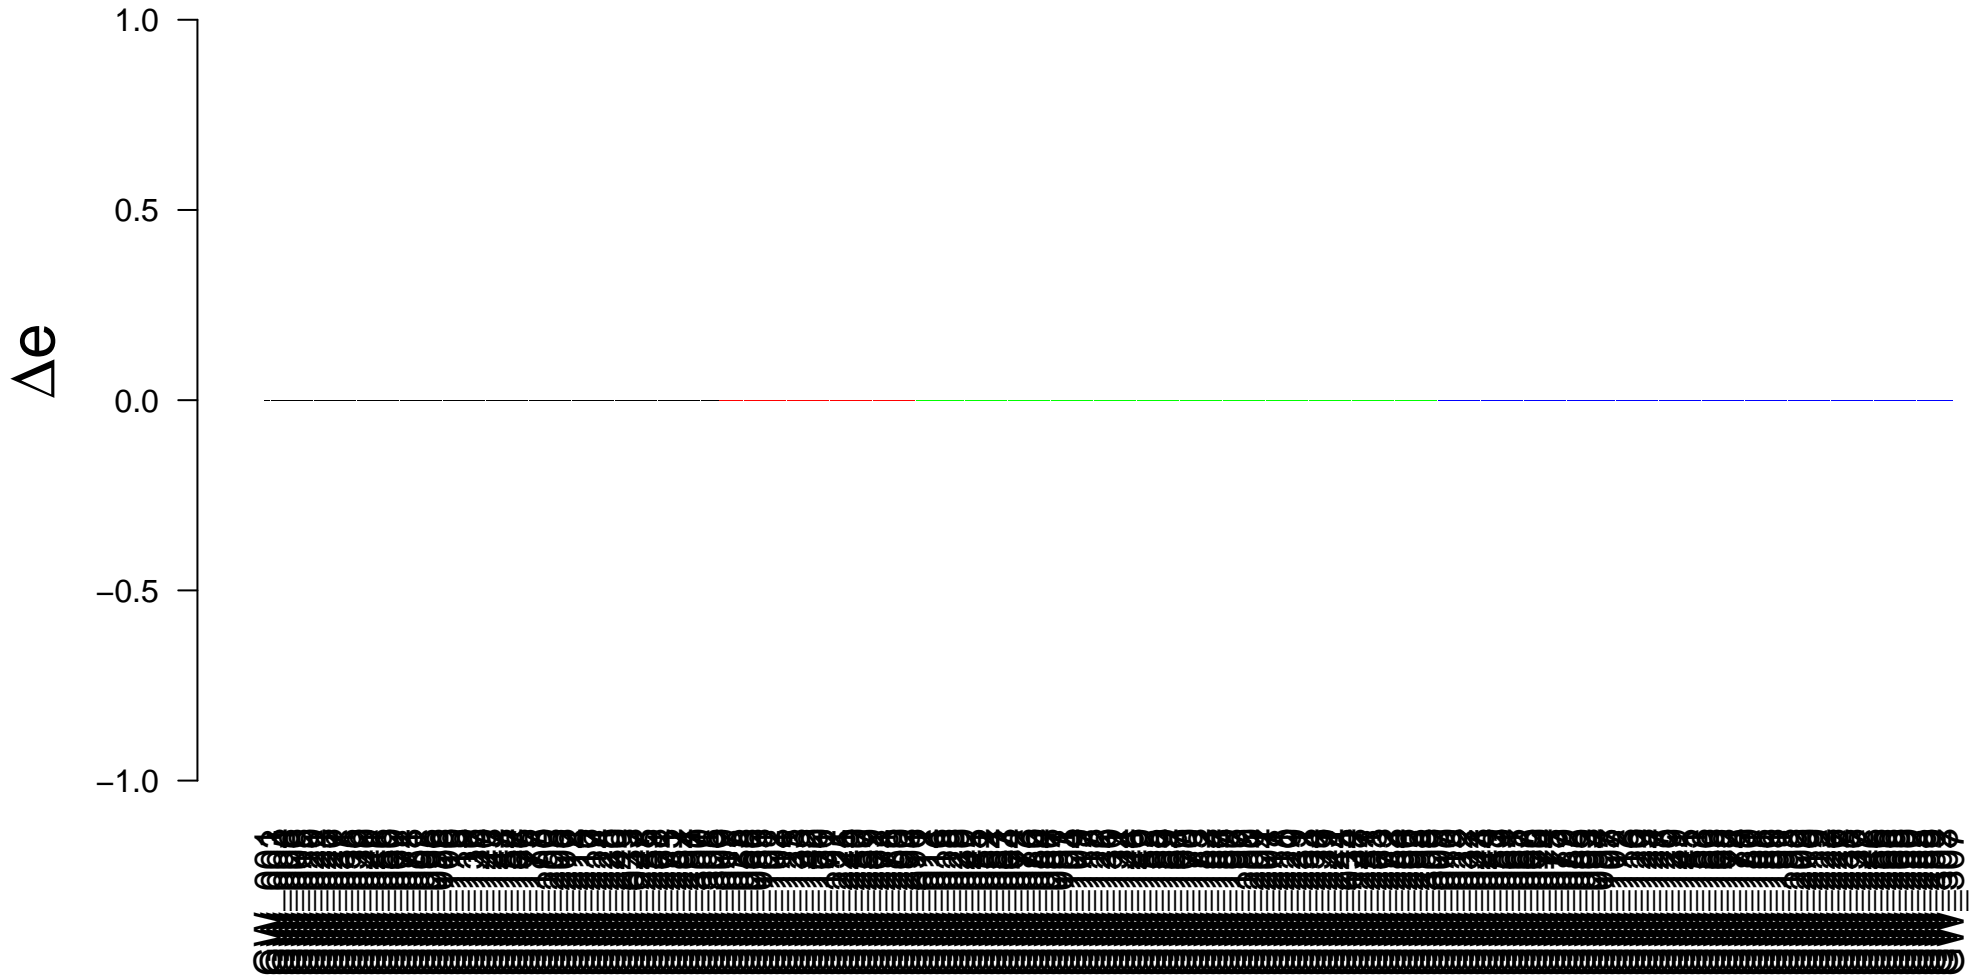

Expression of positive regulation of interferon-beta production in Spot K

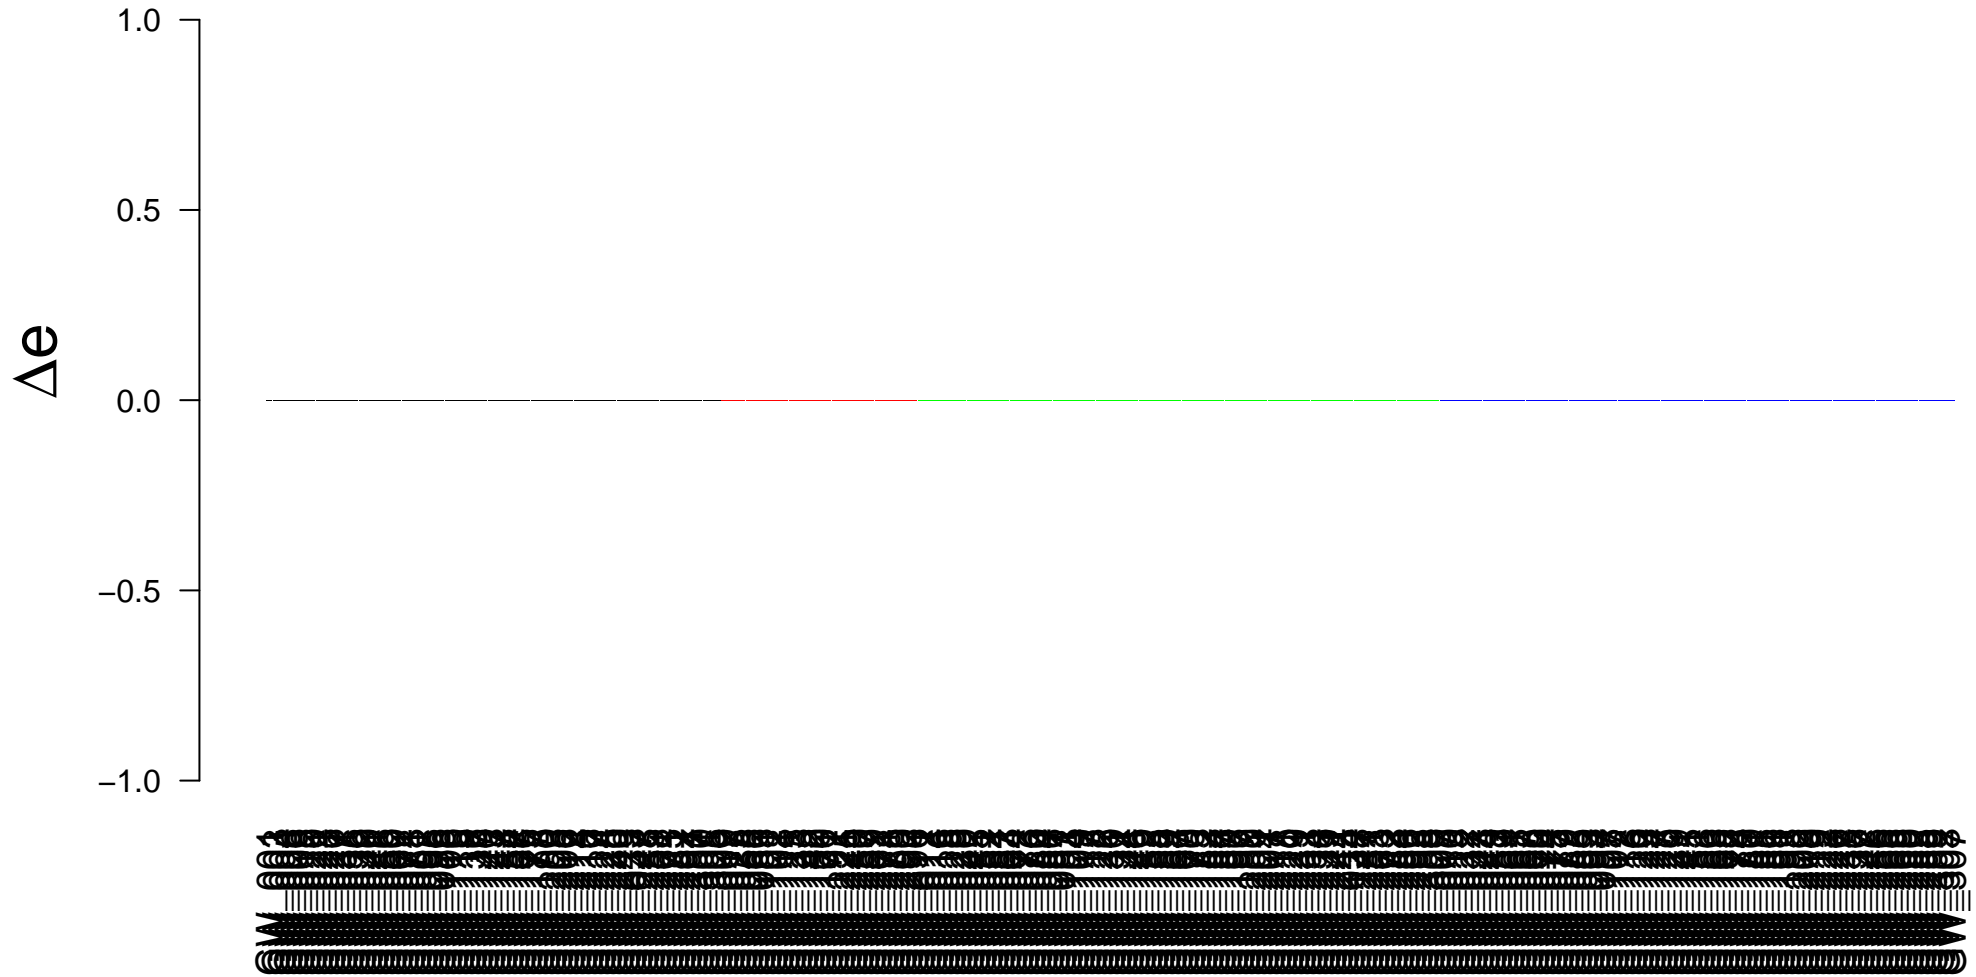

Expression of positive regulation of interferon-beta production in Spot L

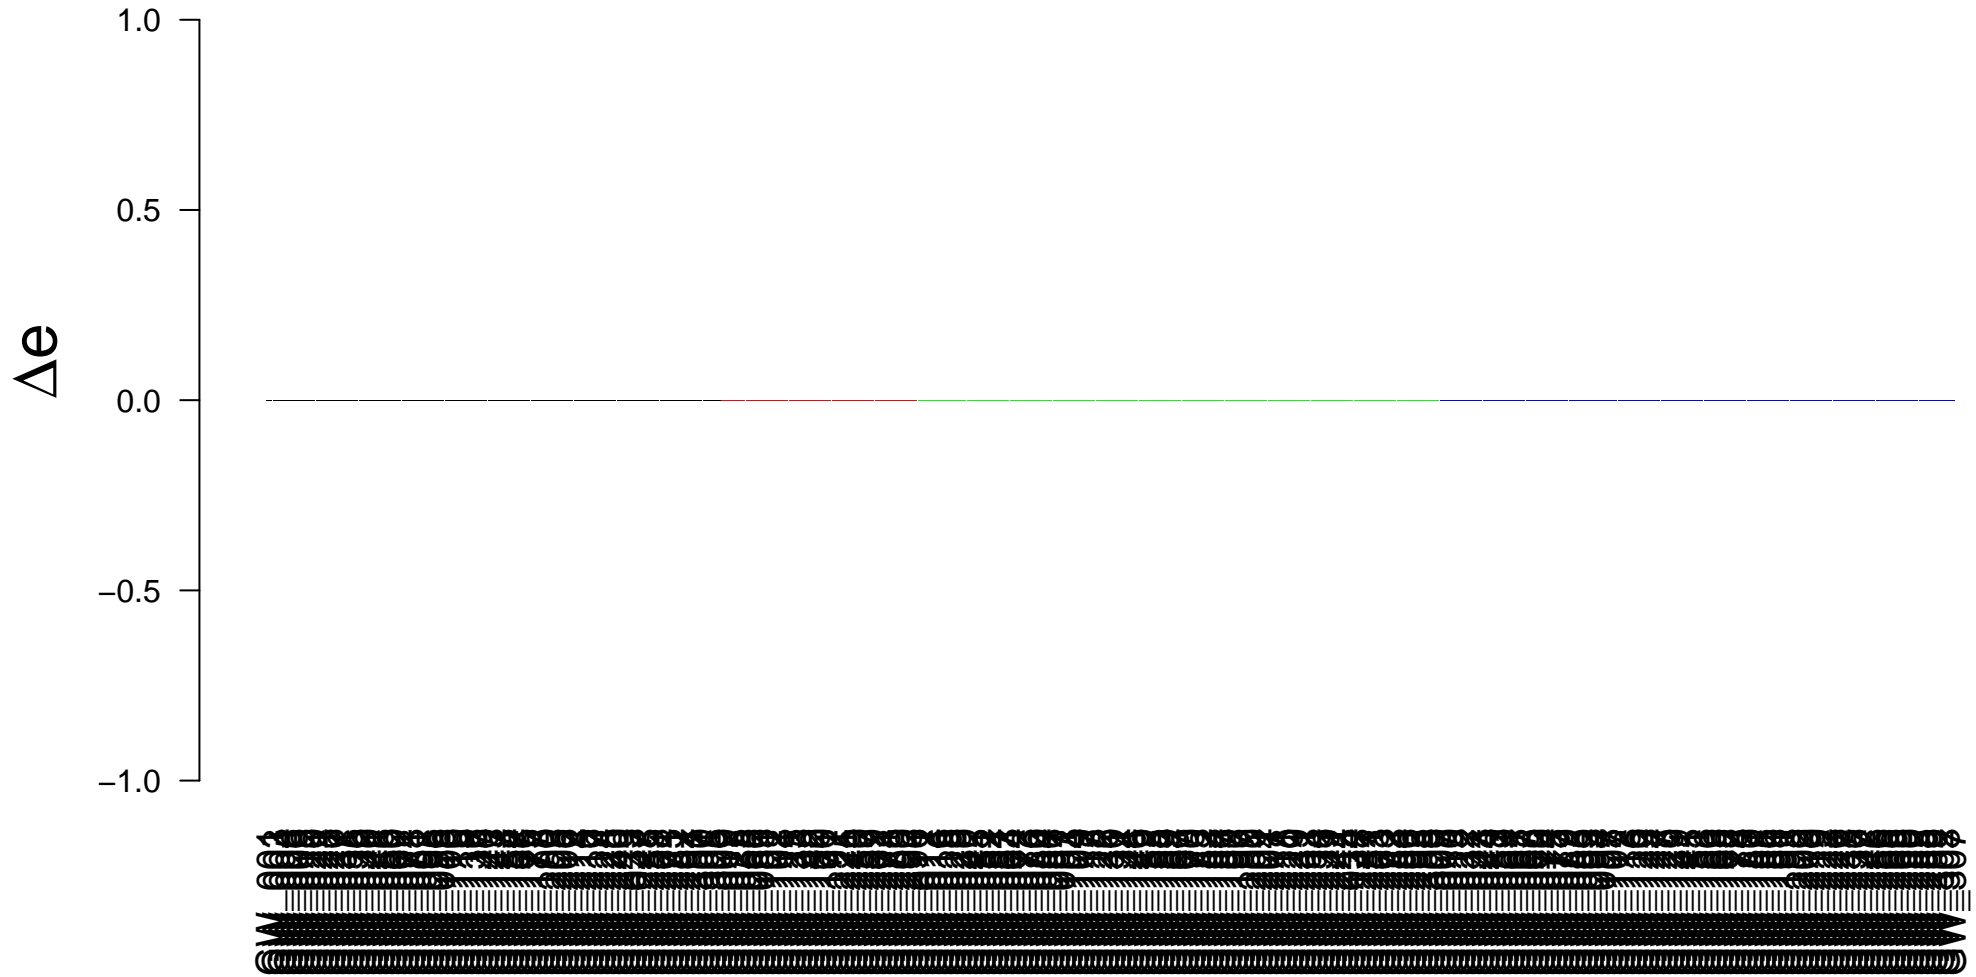

Expression of positive regulation of interferon-beta production in Spot M

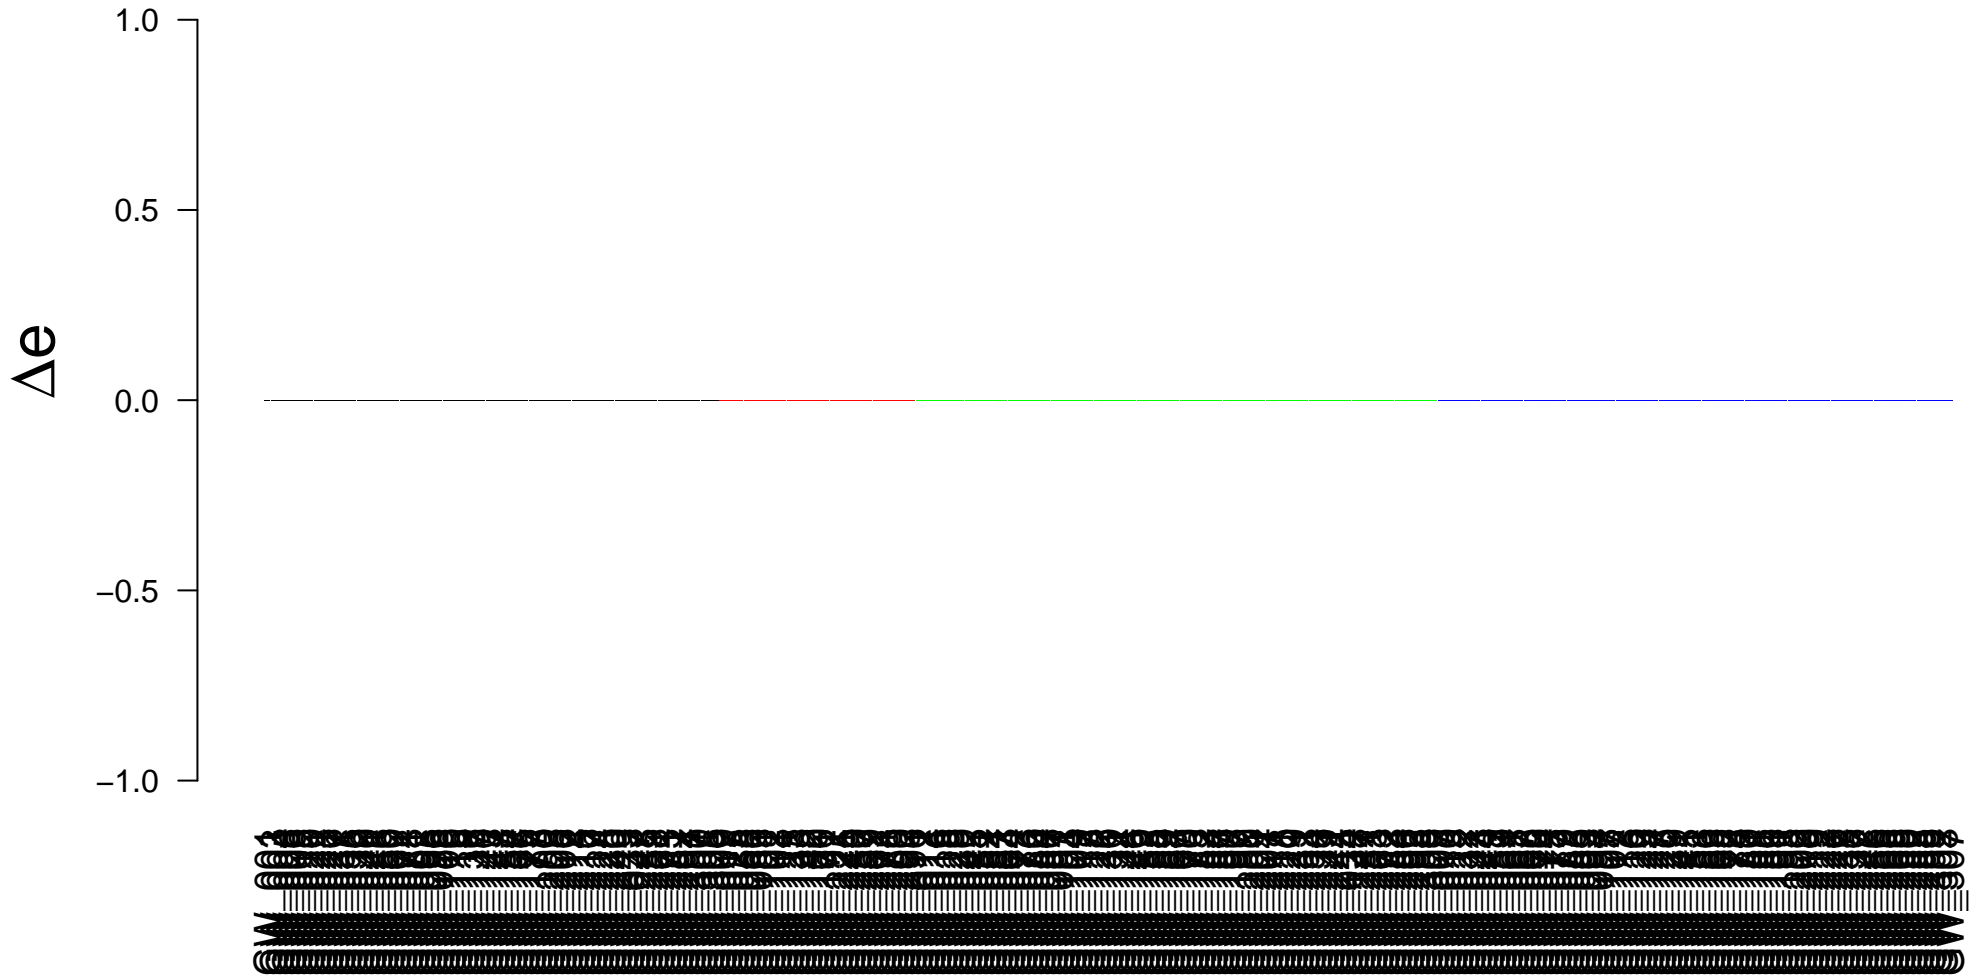

Expression of positive regulation of interferon-beta production in Spot N

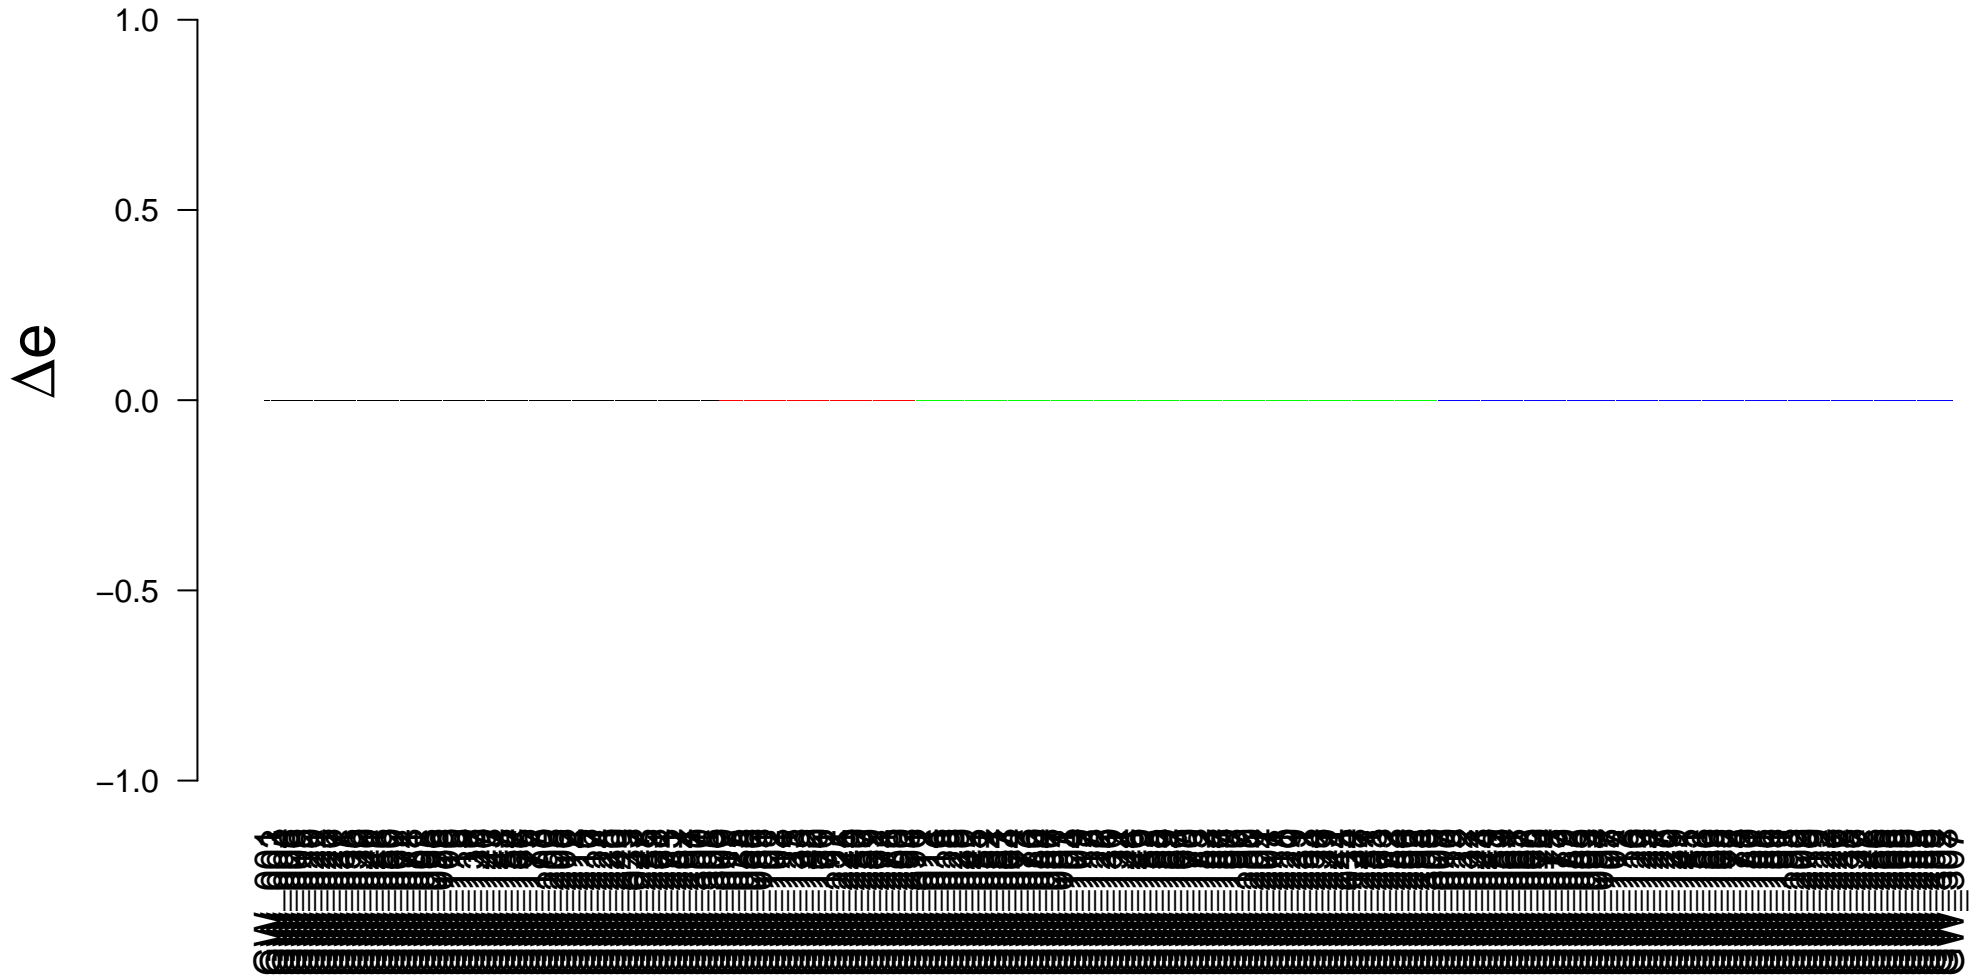

Expression of positive regulation of interferon-beta production in Spot O

Expression of positive regulation of interferon-beta production in Spot P

Expression of positive regulation of interferon-beta production in Spot Q

Expression of positive regulation of interferon-beta production in Spot R
