

positive regulation of macrophage differentiation

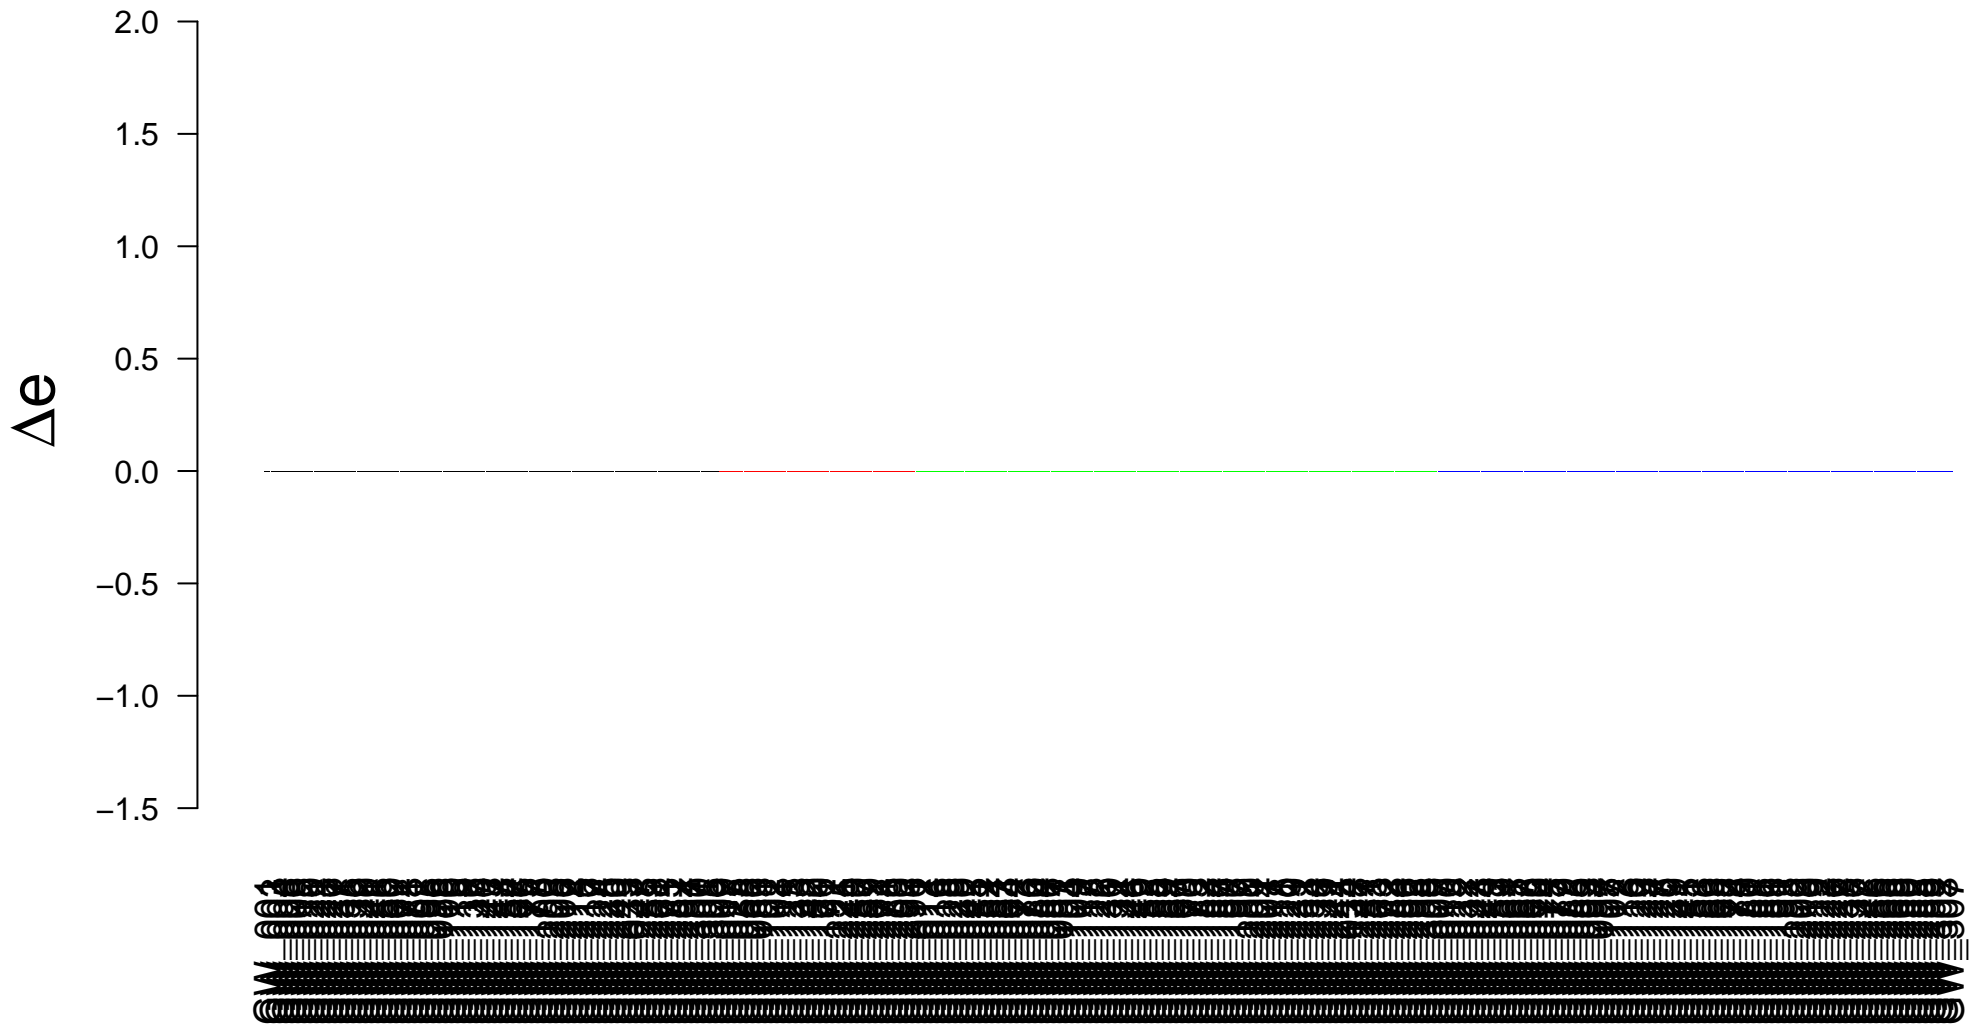

positive regulation of macrophage differentiation

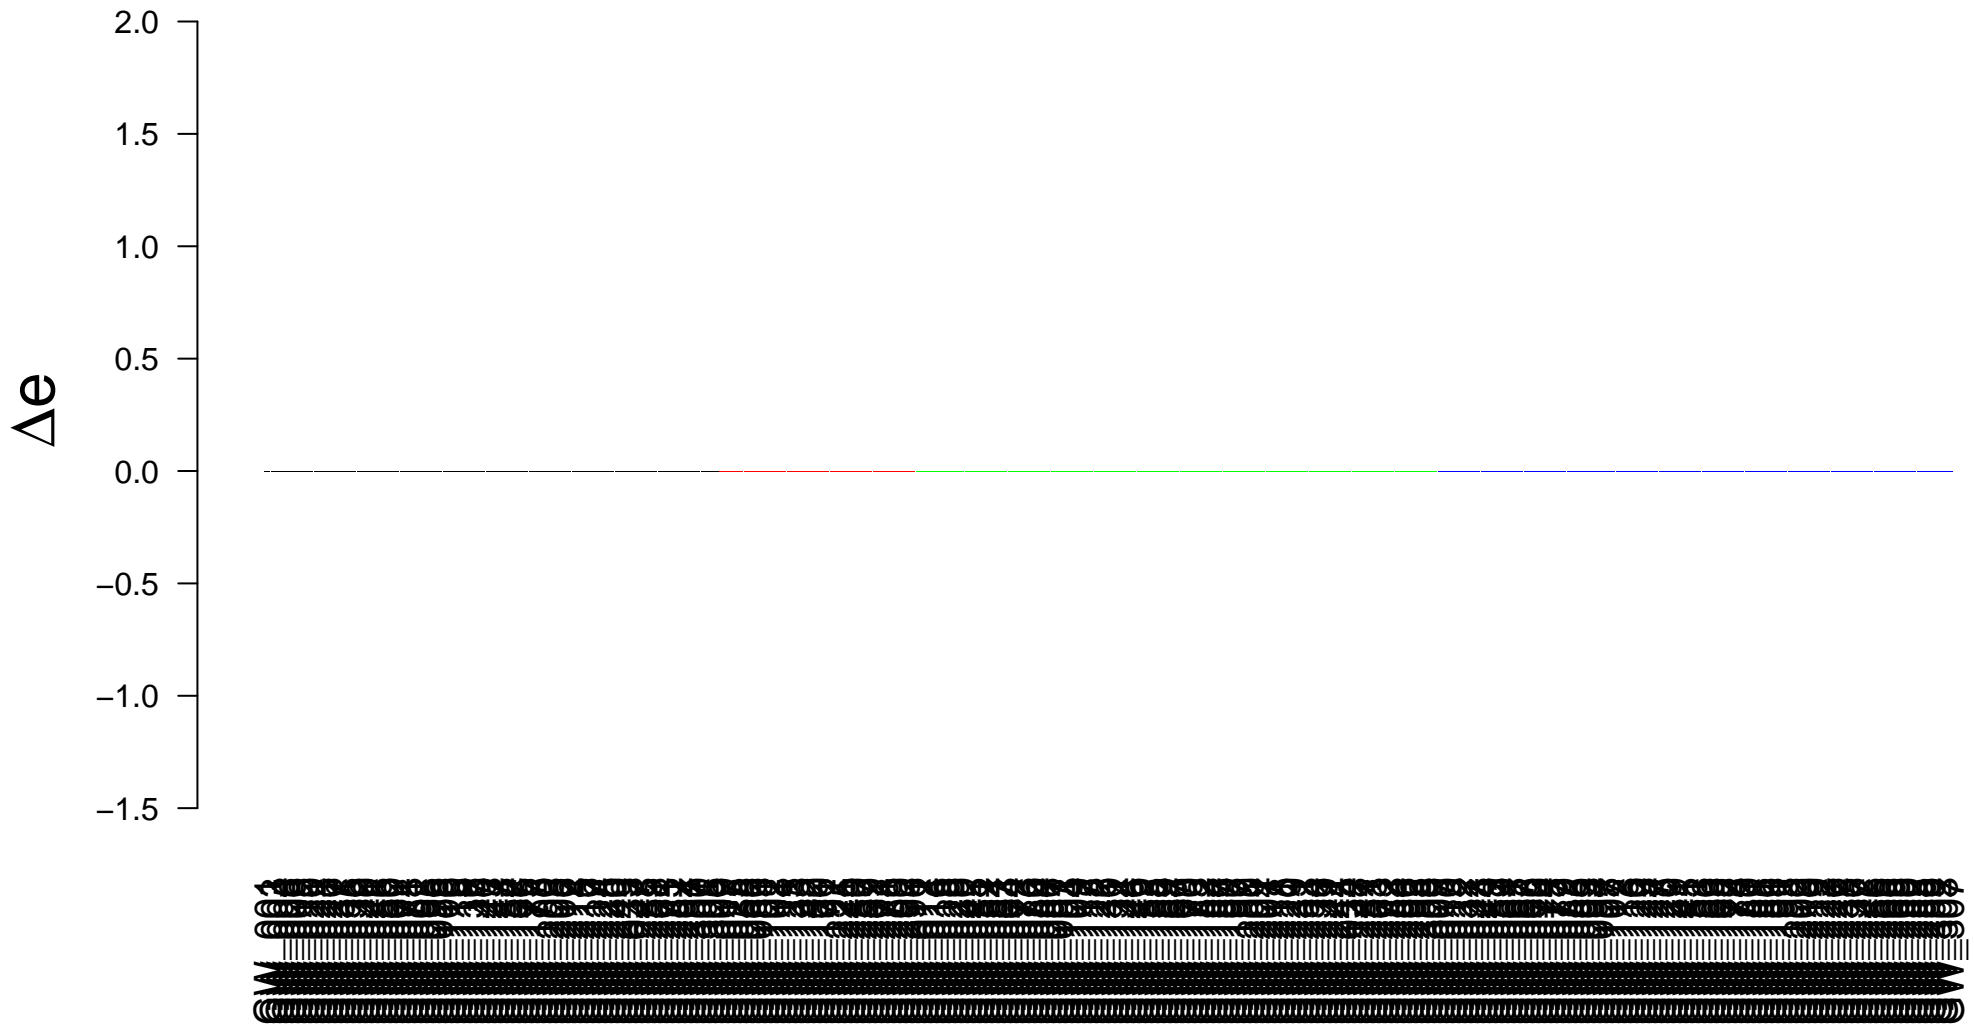

Enrichment in spots: positive regulation of macrophage differentiation

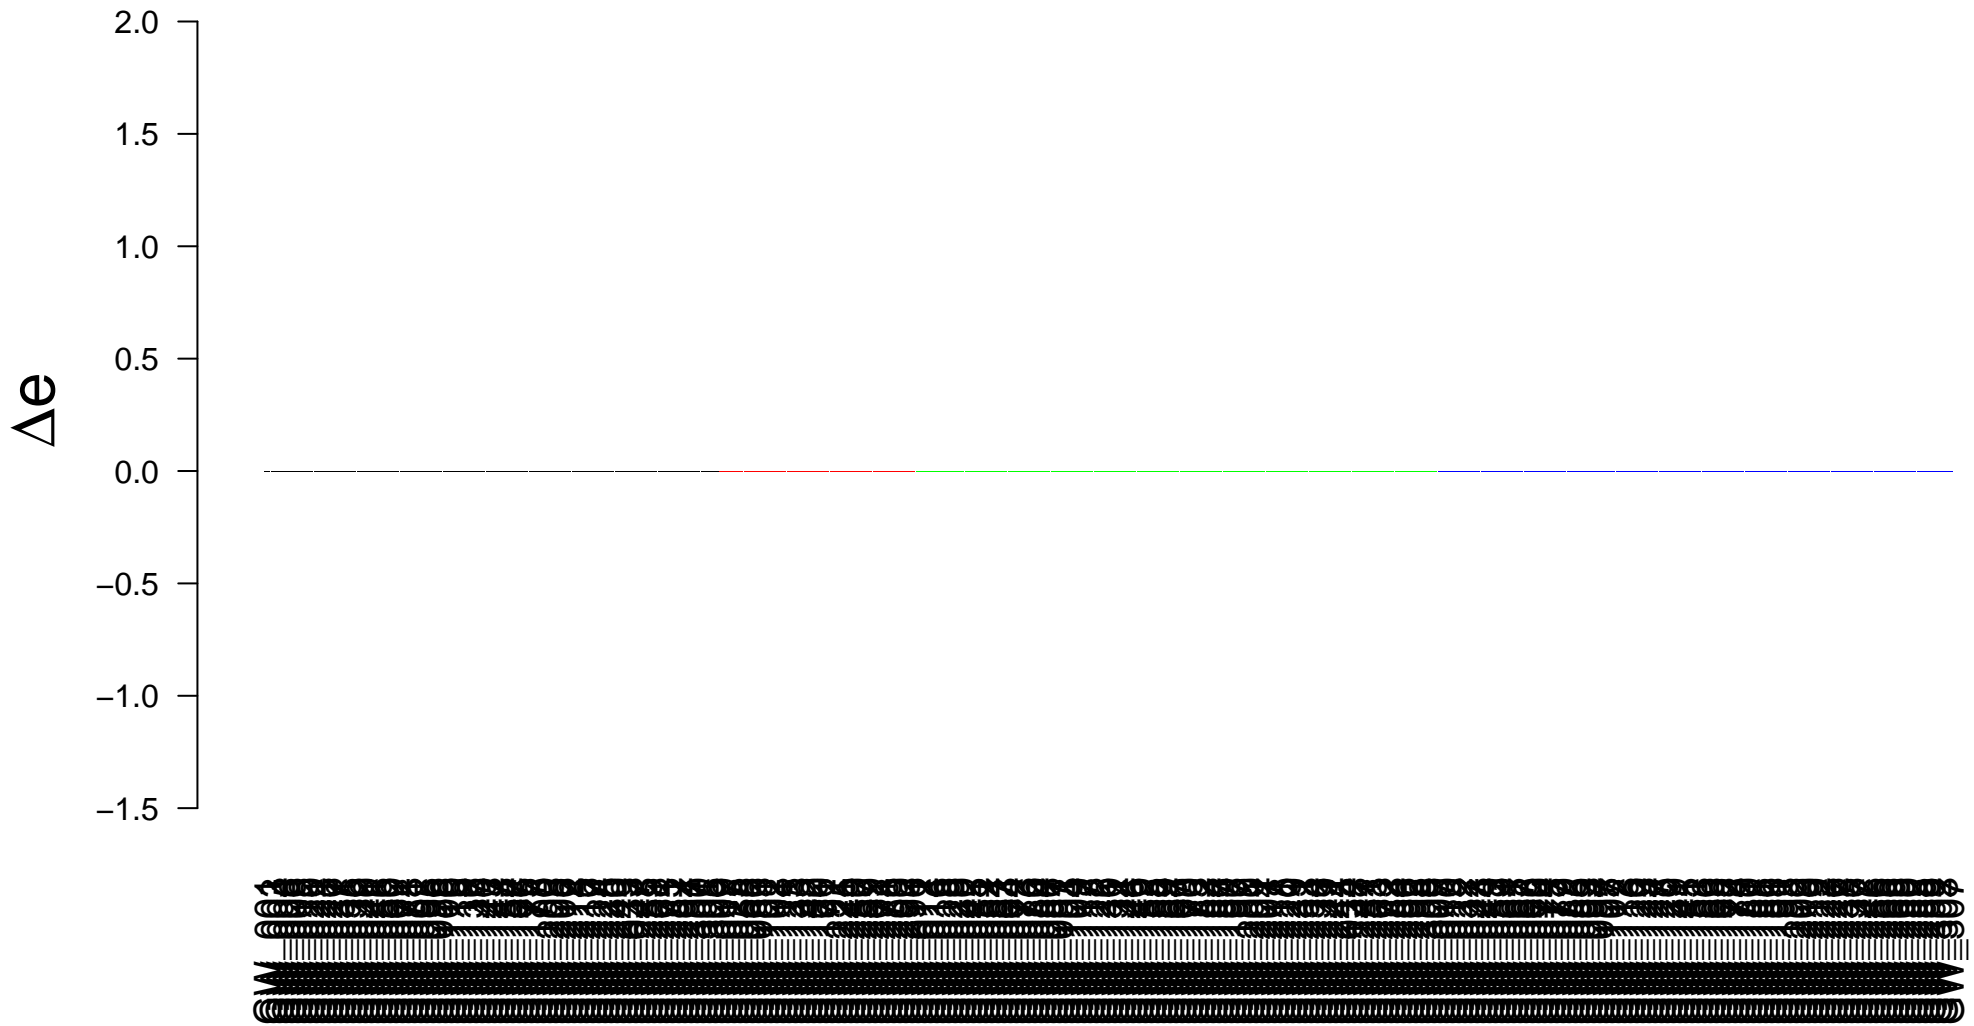

Expression of positive regulation of macrophage differentiation in Spot A

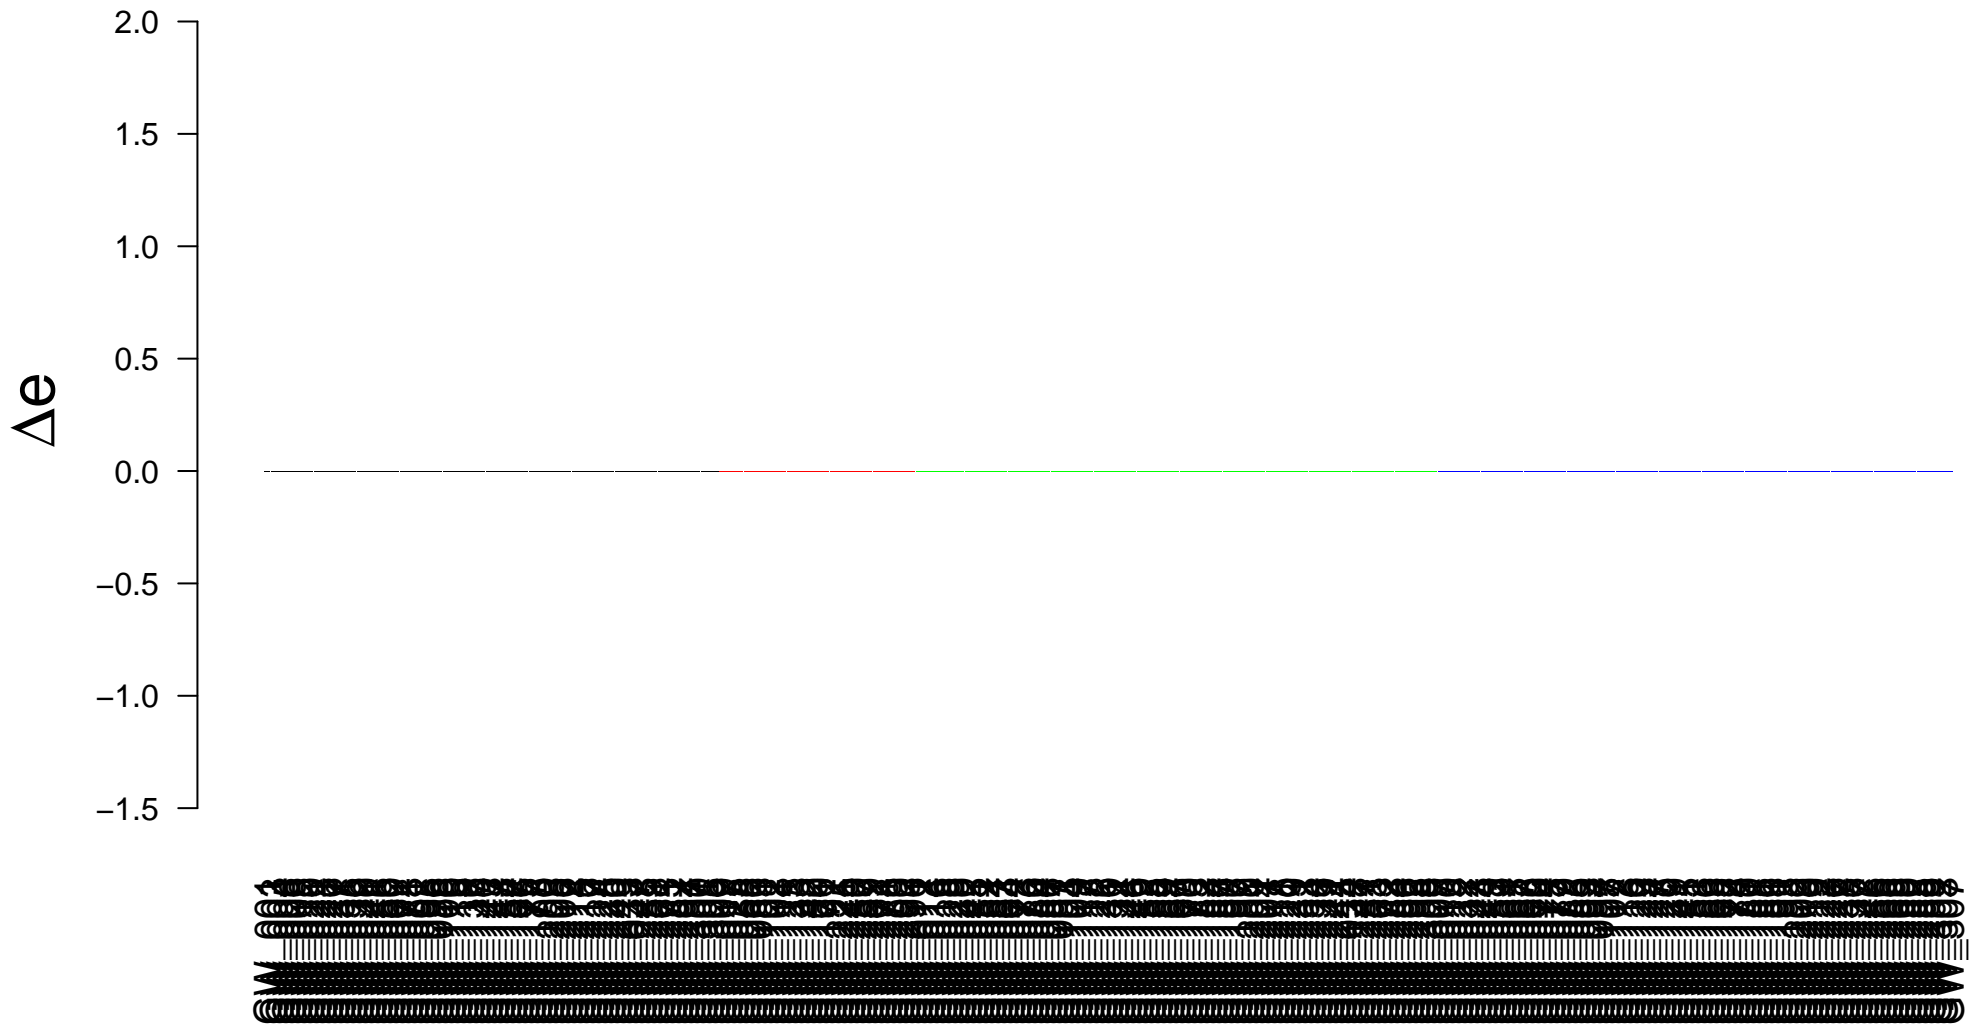

Expression of positive regulation of macrophage differentiation in Spot B

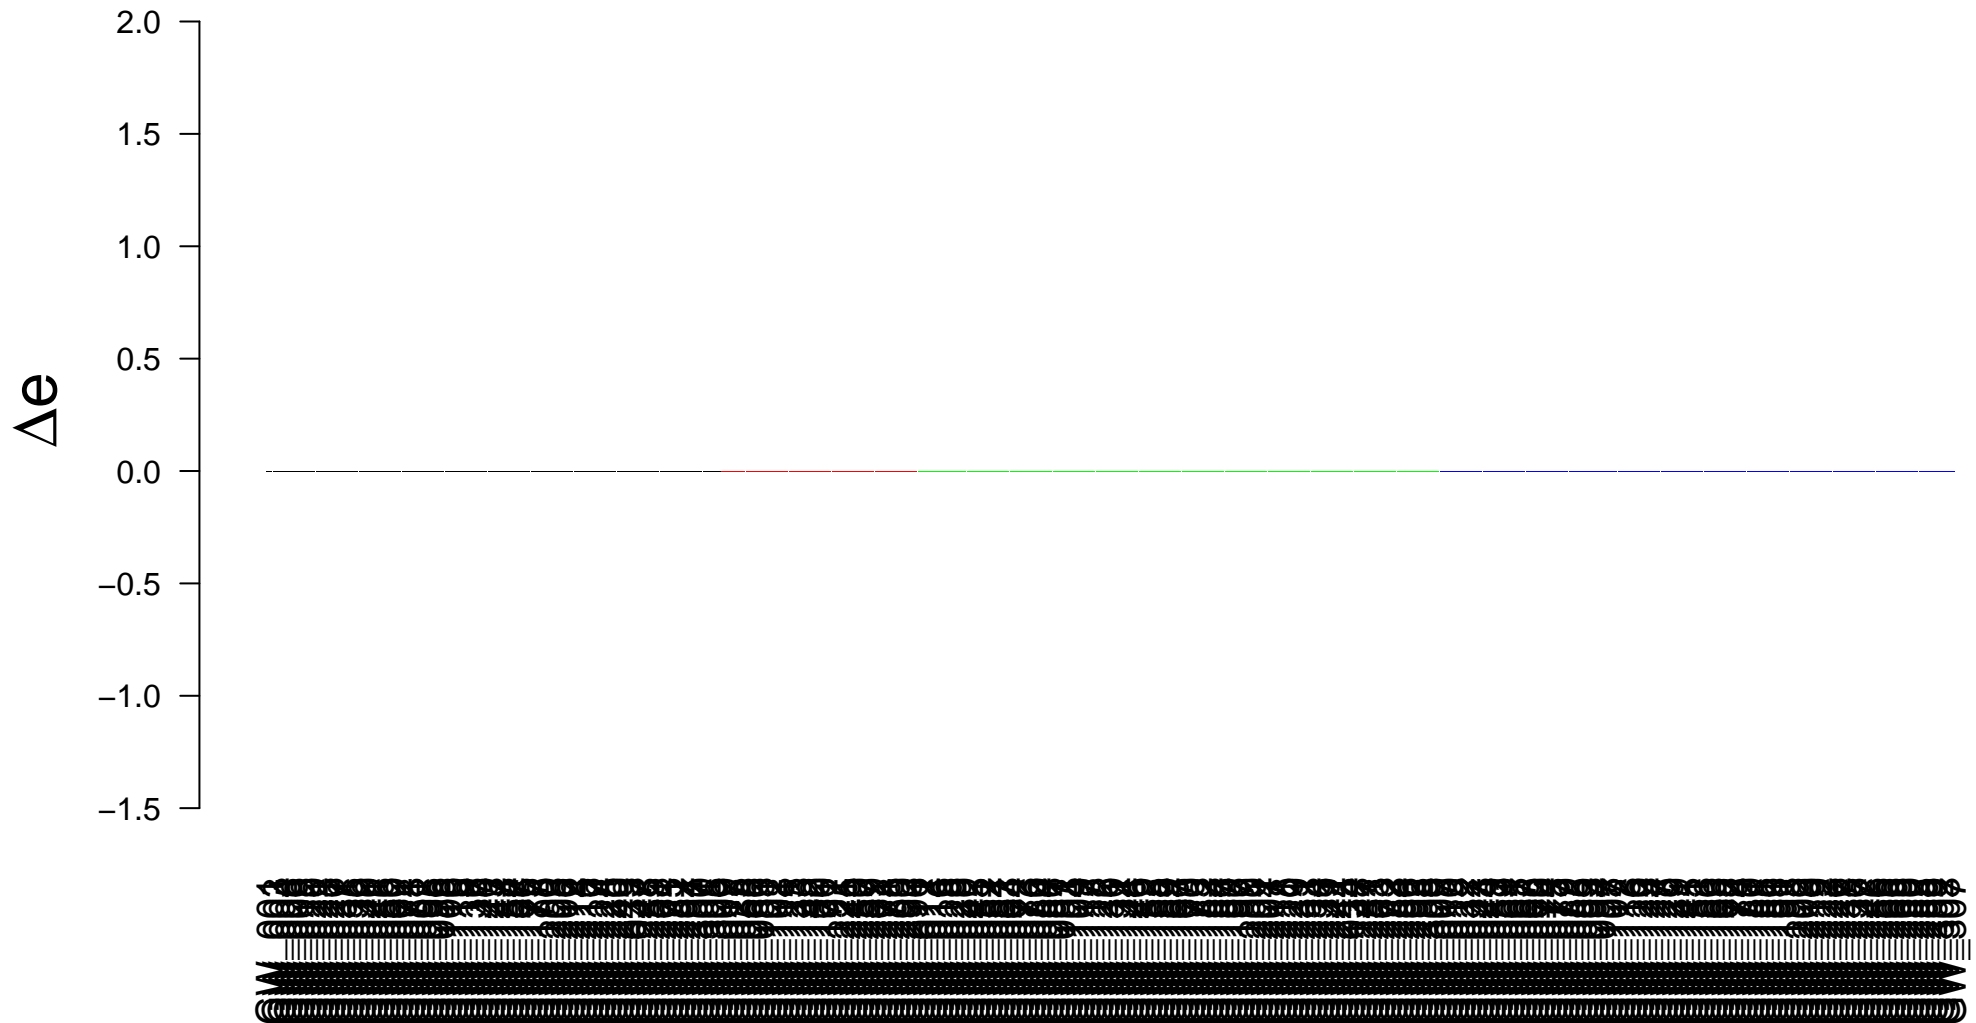

Expression of positive regulation of macrophage differentiation in Spot C

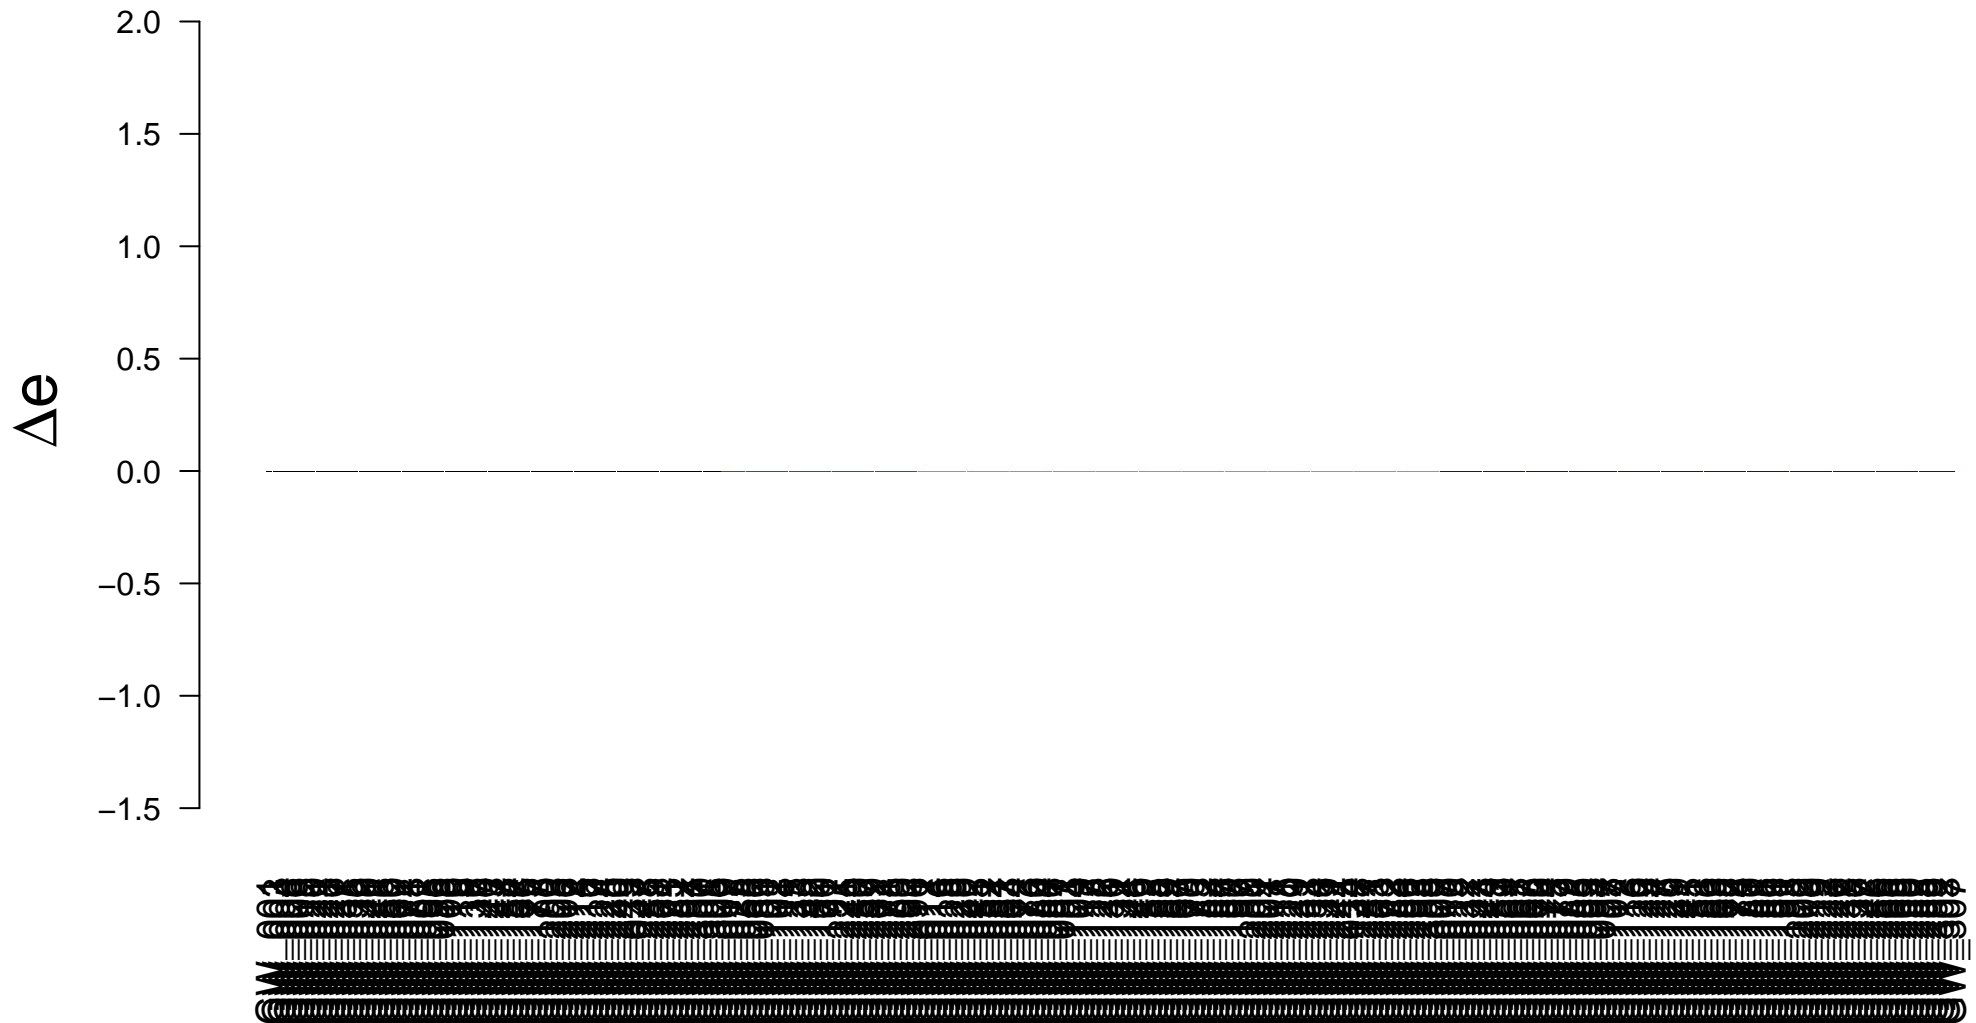

Expression of positive regulation of macrophage differentiation in Spot D

Expression of positive regulation of macrophage differentiation in Spot E

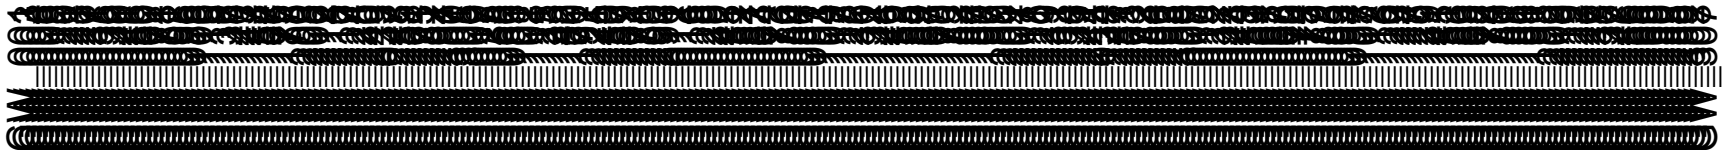

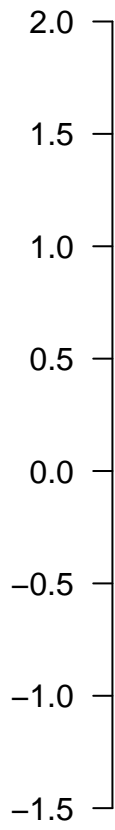

Expression of positive regulation of macrophage differentiation in Spot F

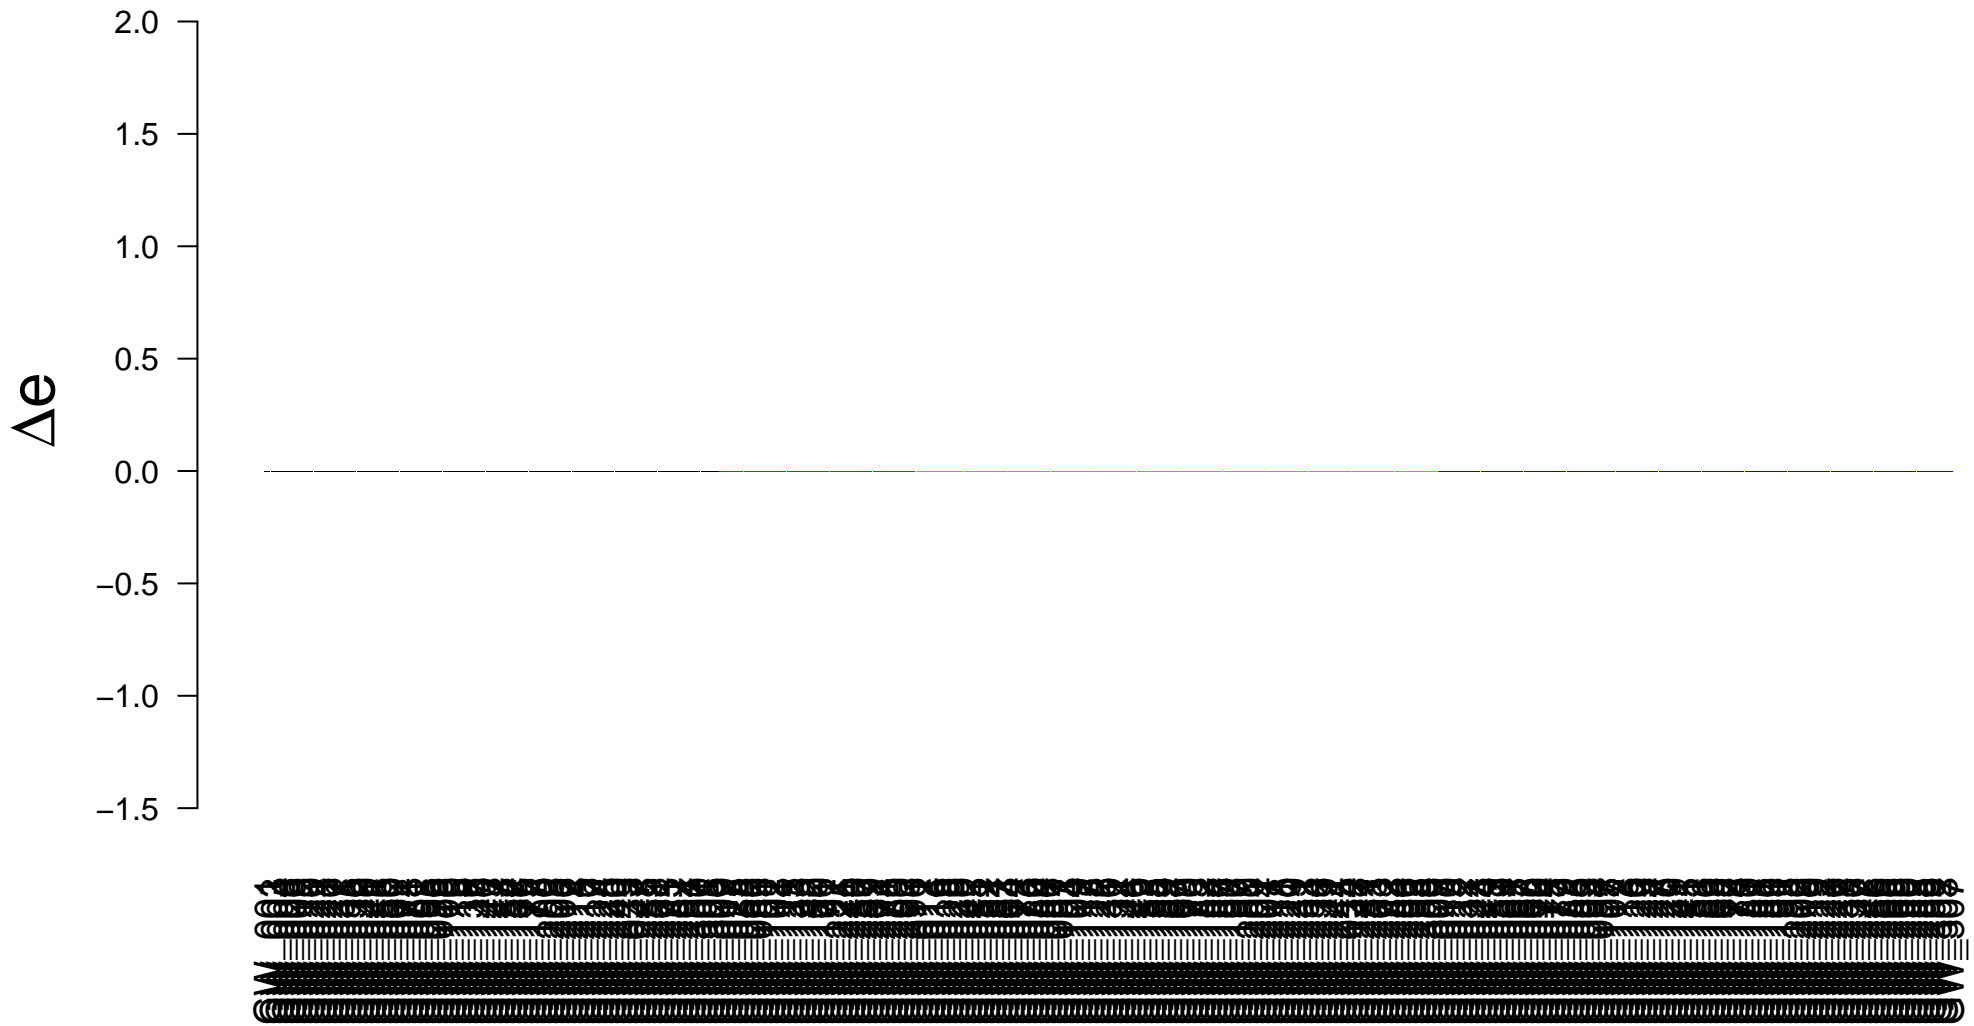

Expression of positive regulation of macrophage differentiation in Spot G

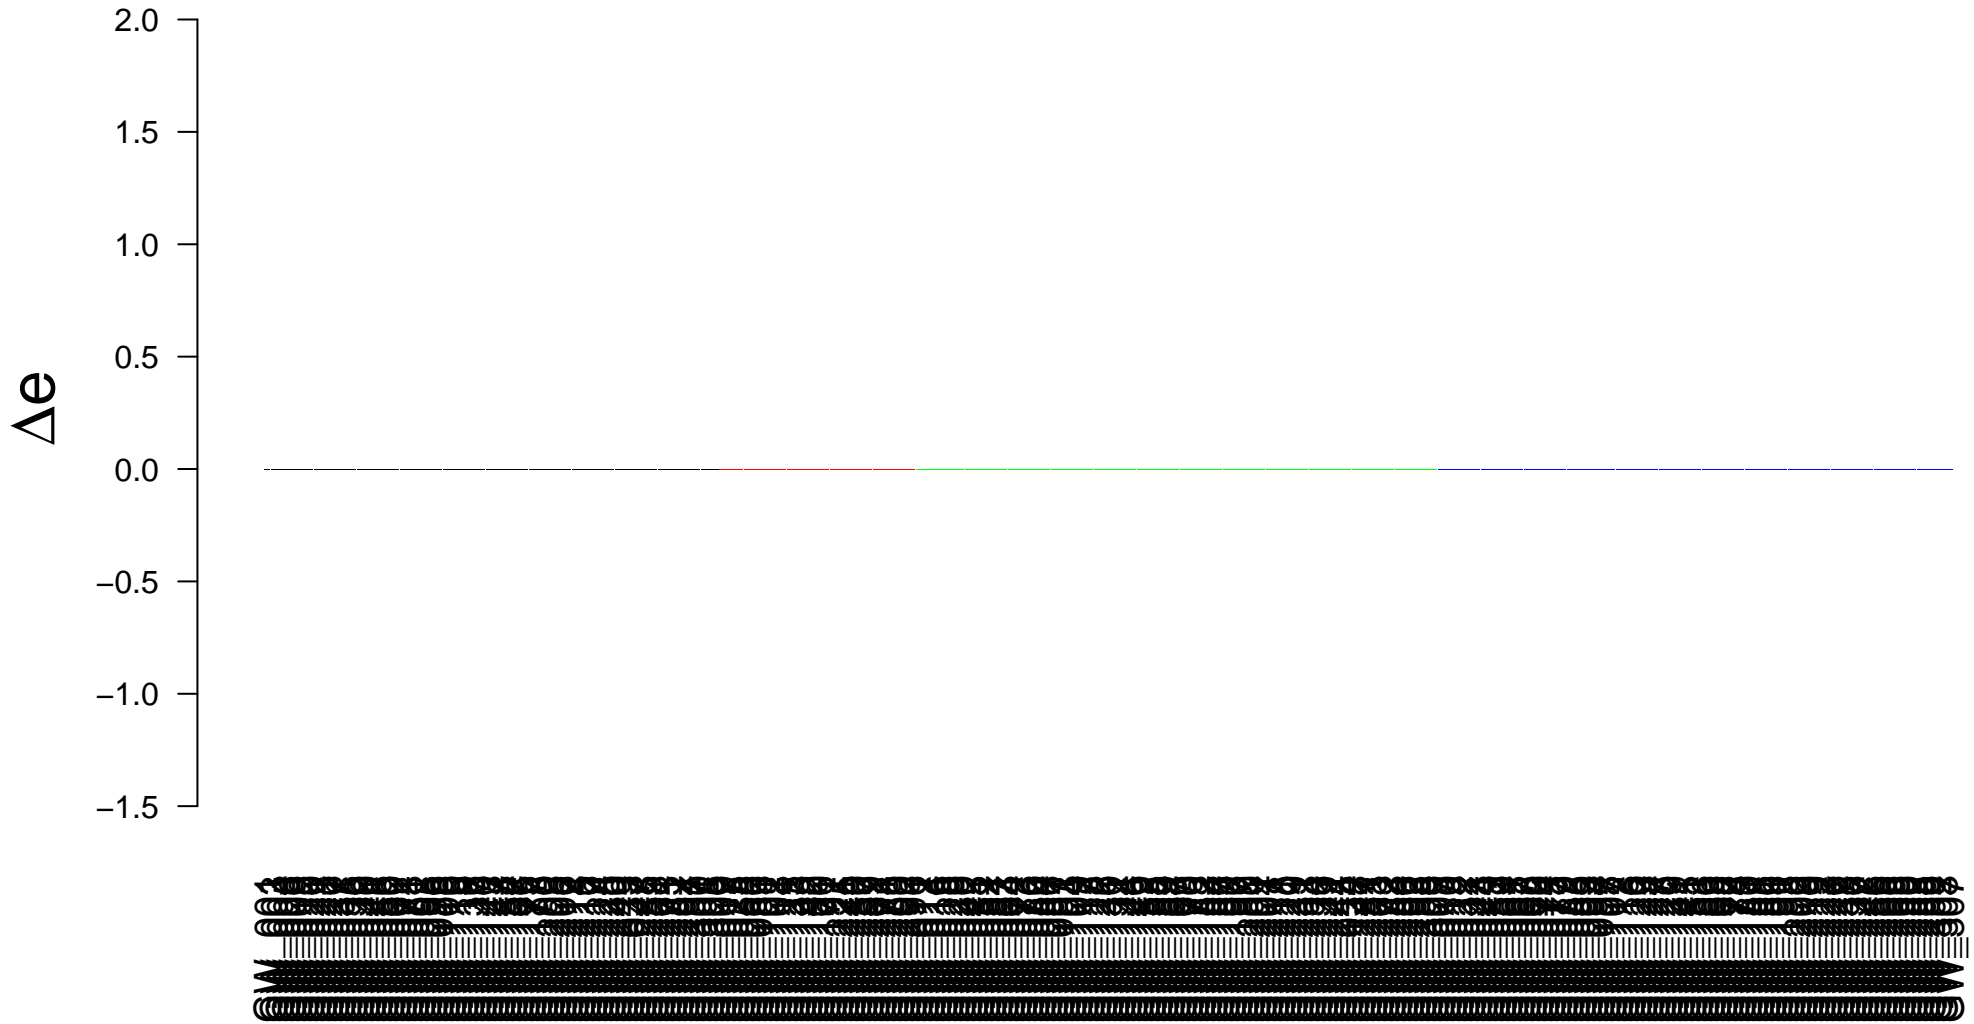

Δe

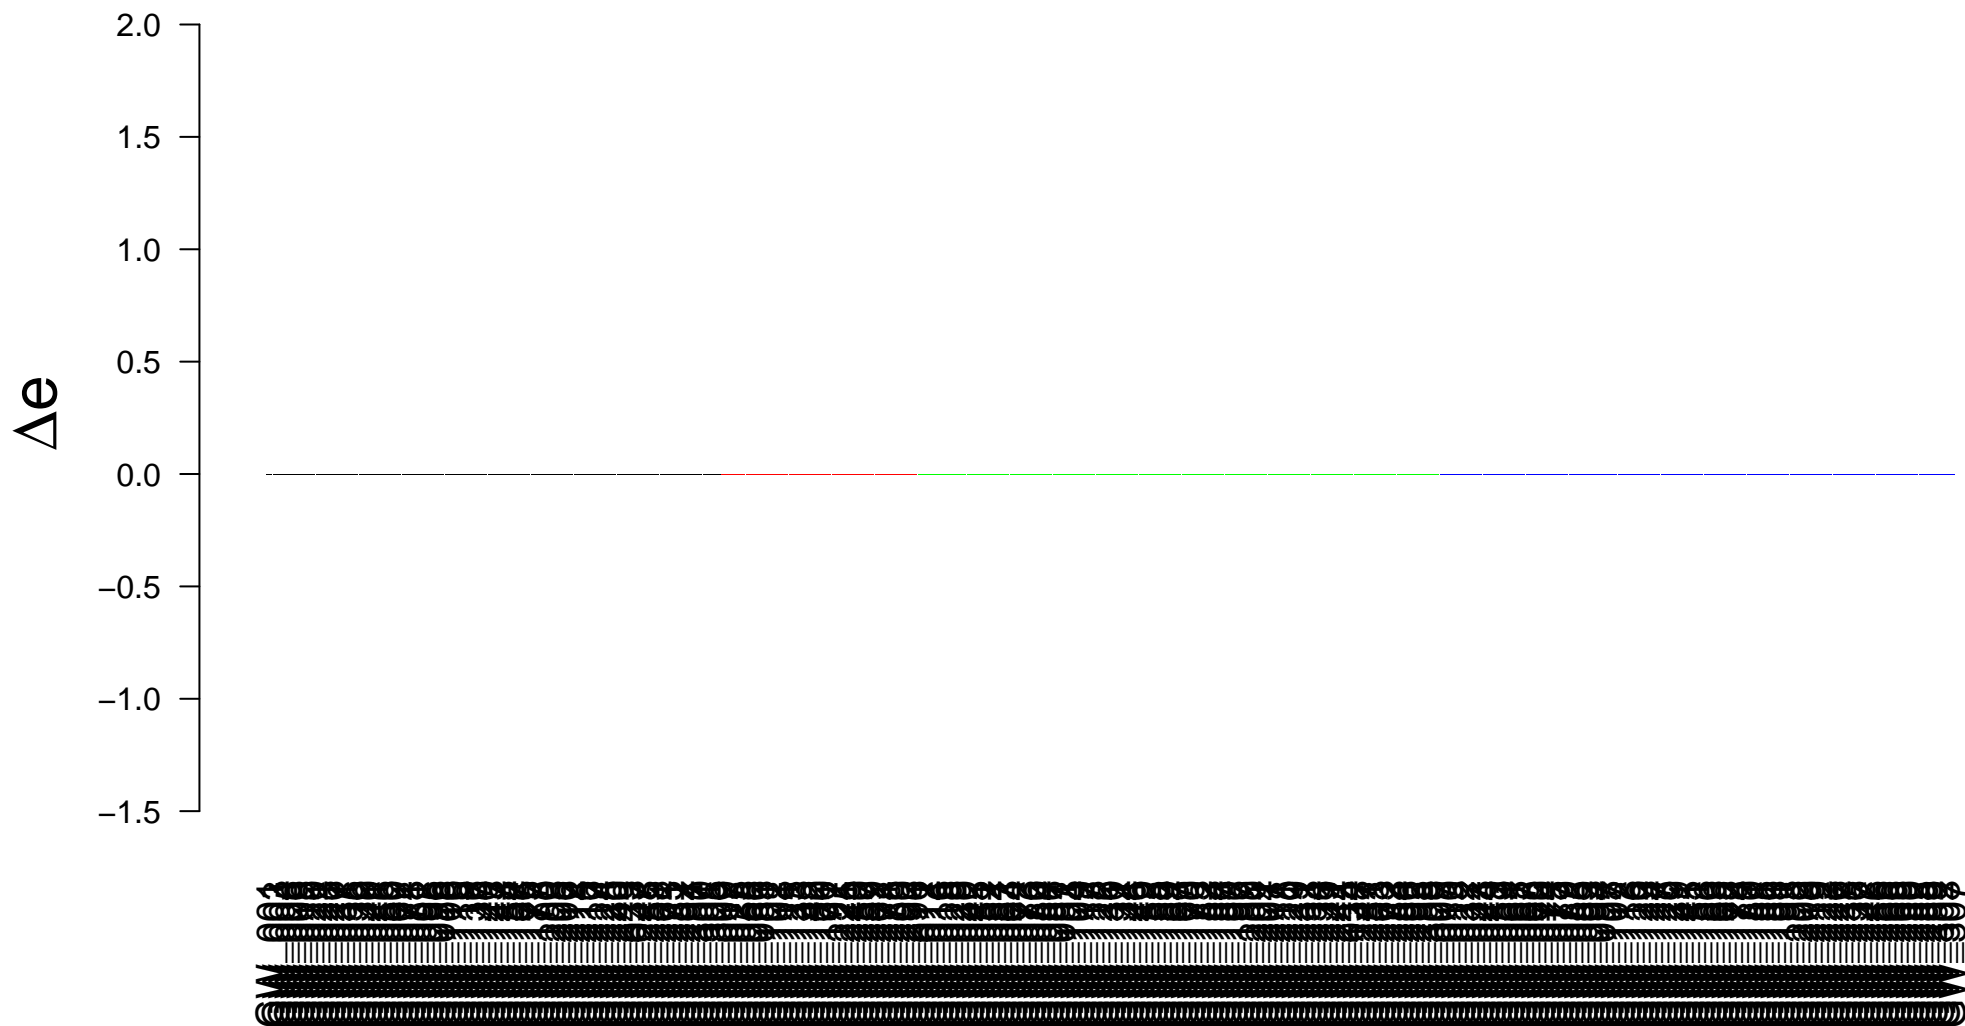

Expression of positive regulation of macrophage differentiation in Spot H

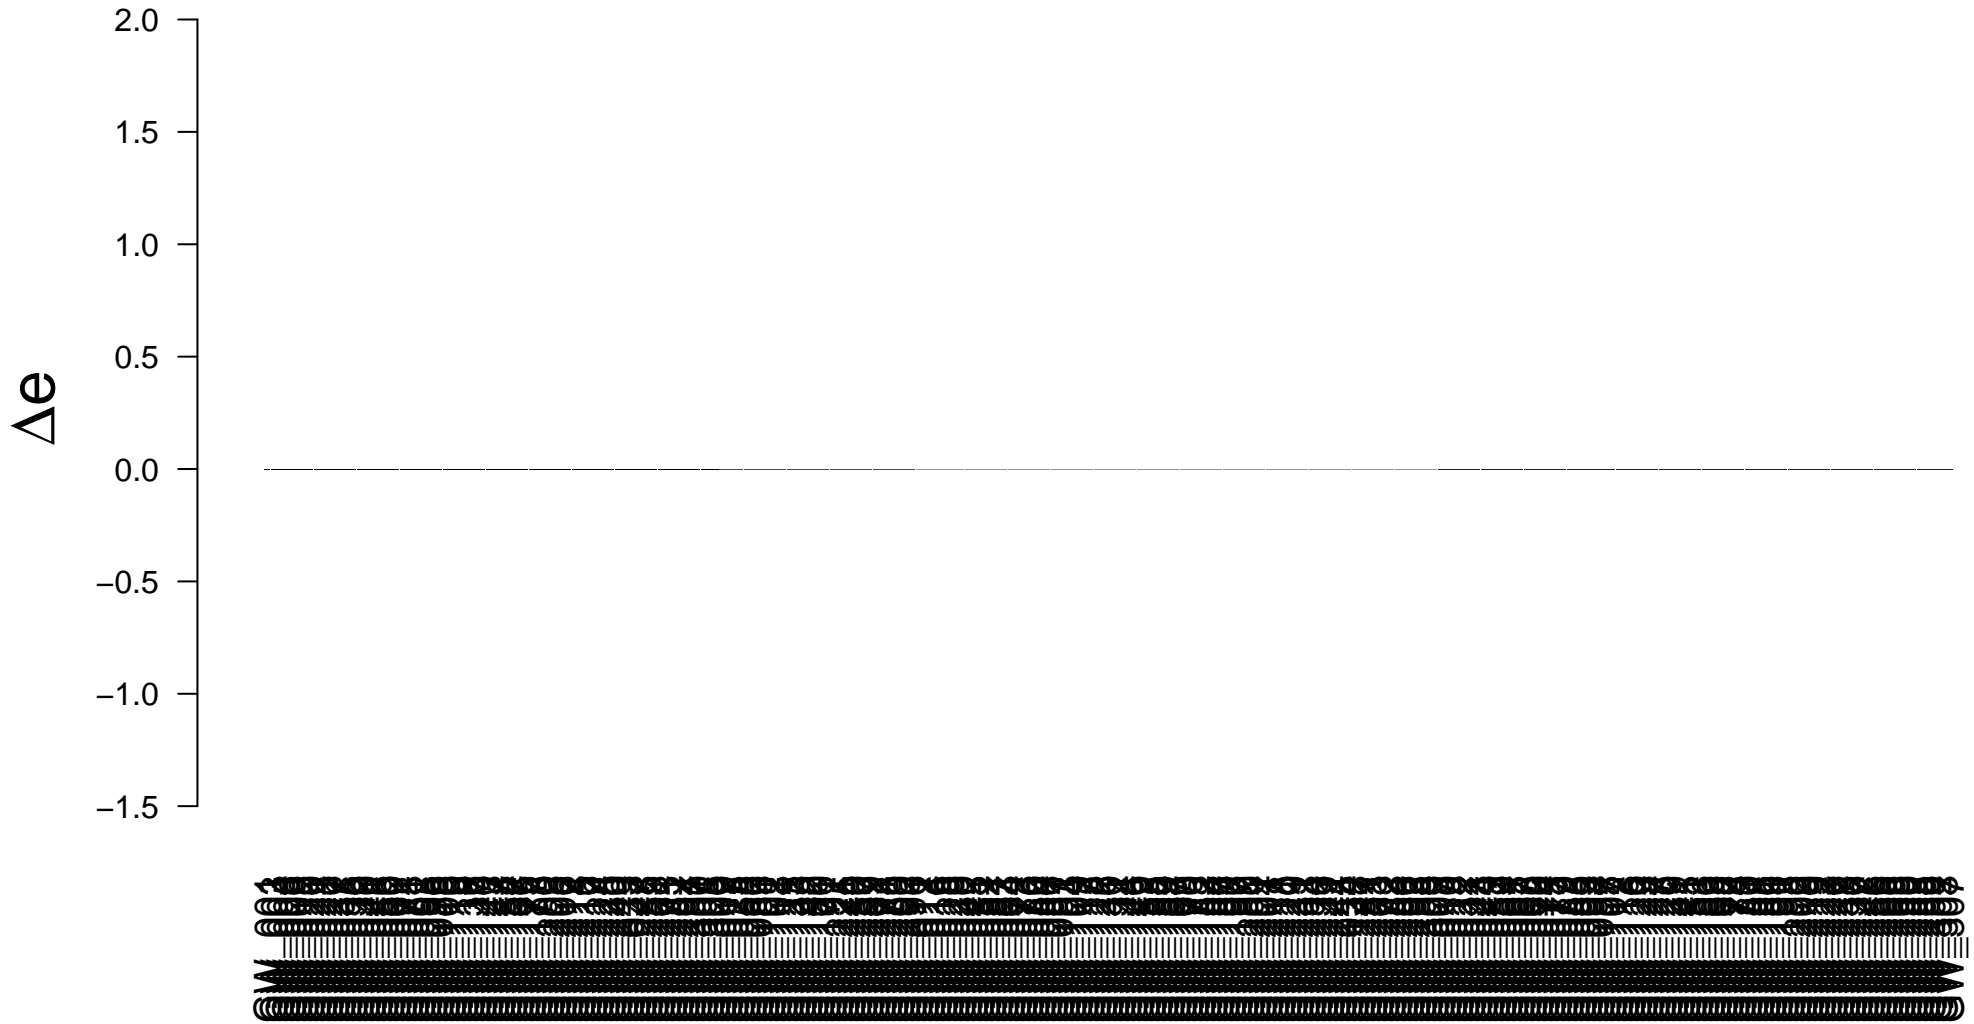

Expression of positive regulation of macrophage differentiation in Spot I

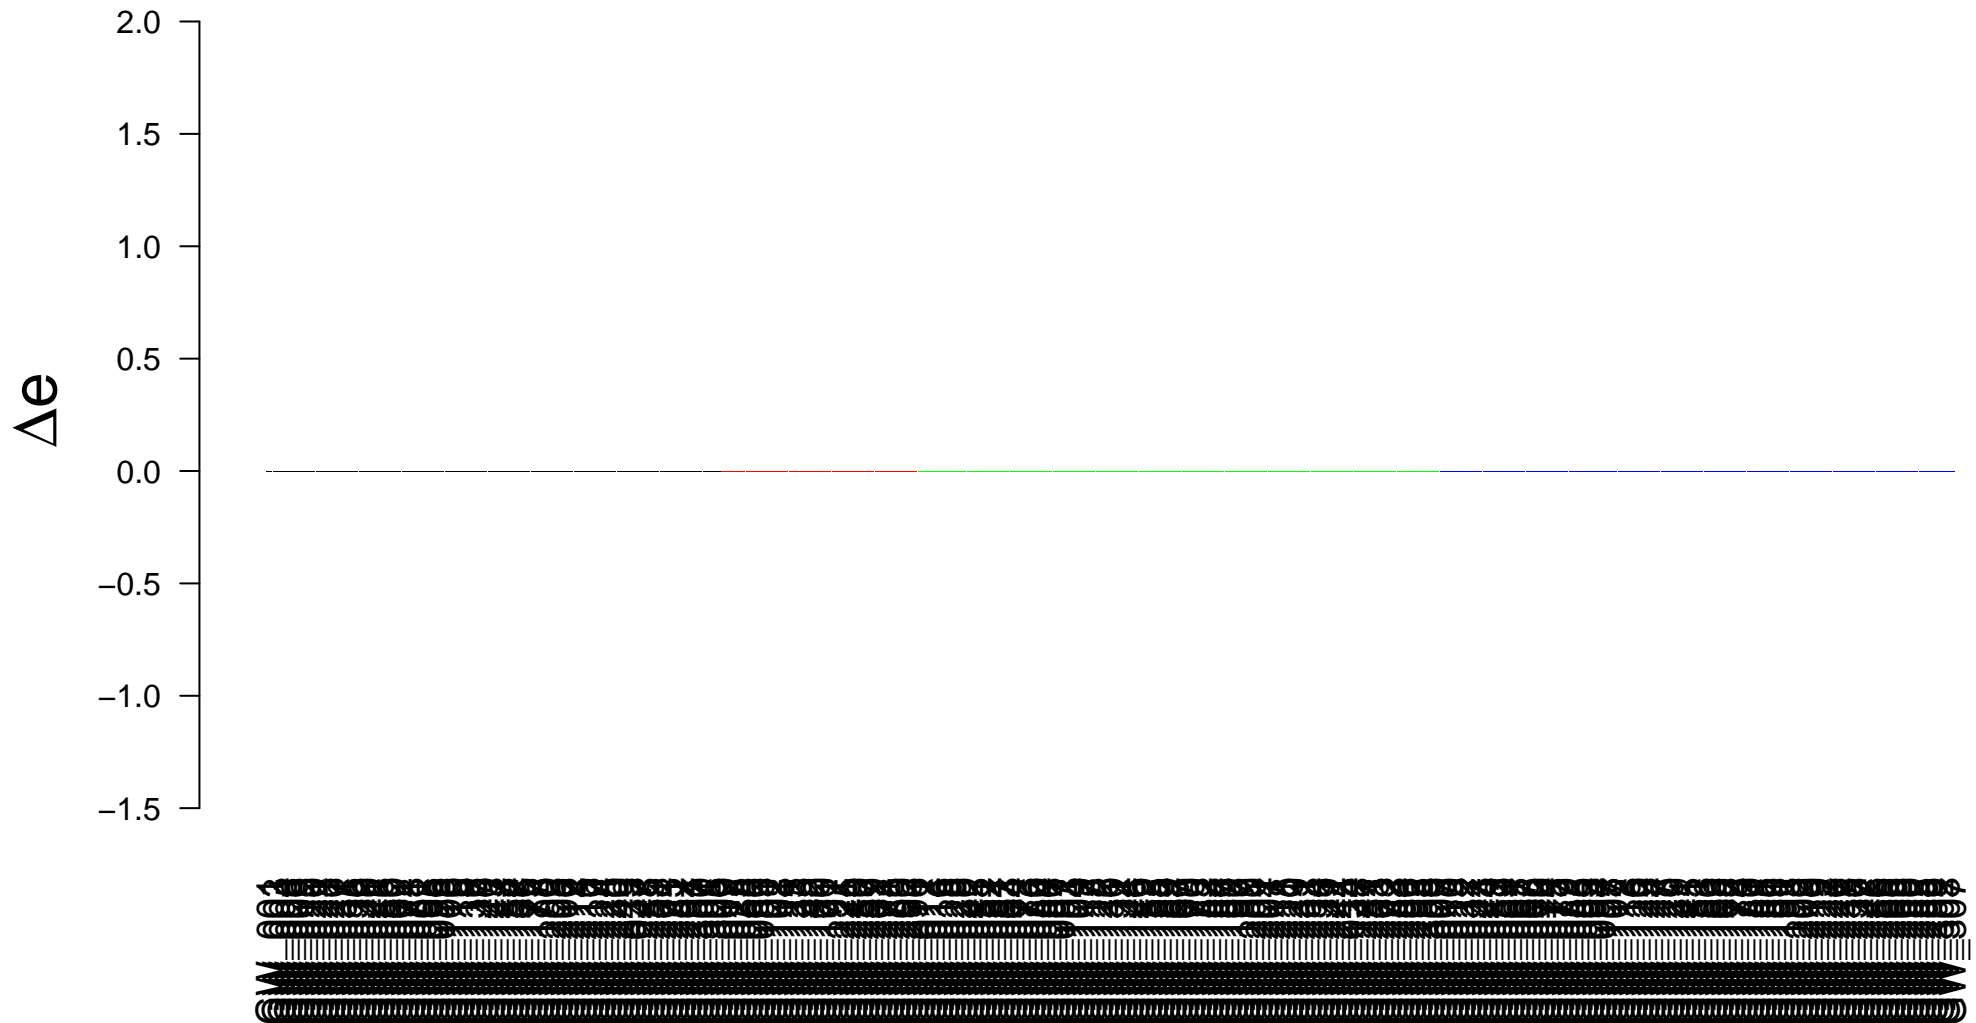

Expression of positive regulation of macrophage differentiation in Spot J

Expression of positive regulation of macrophage differentiation in Spot K

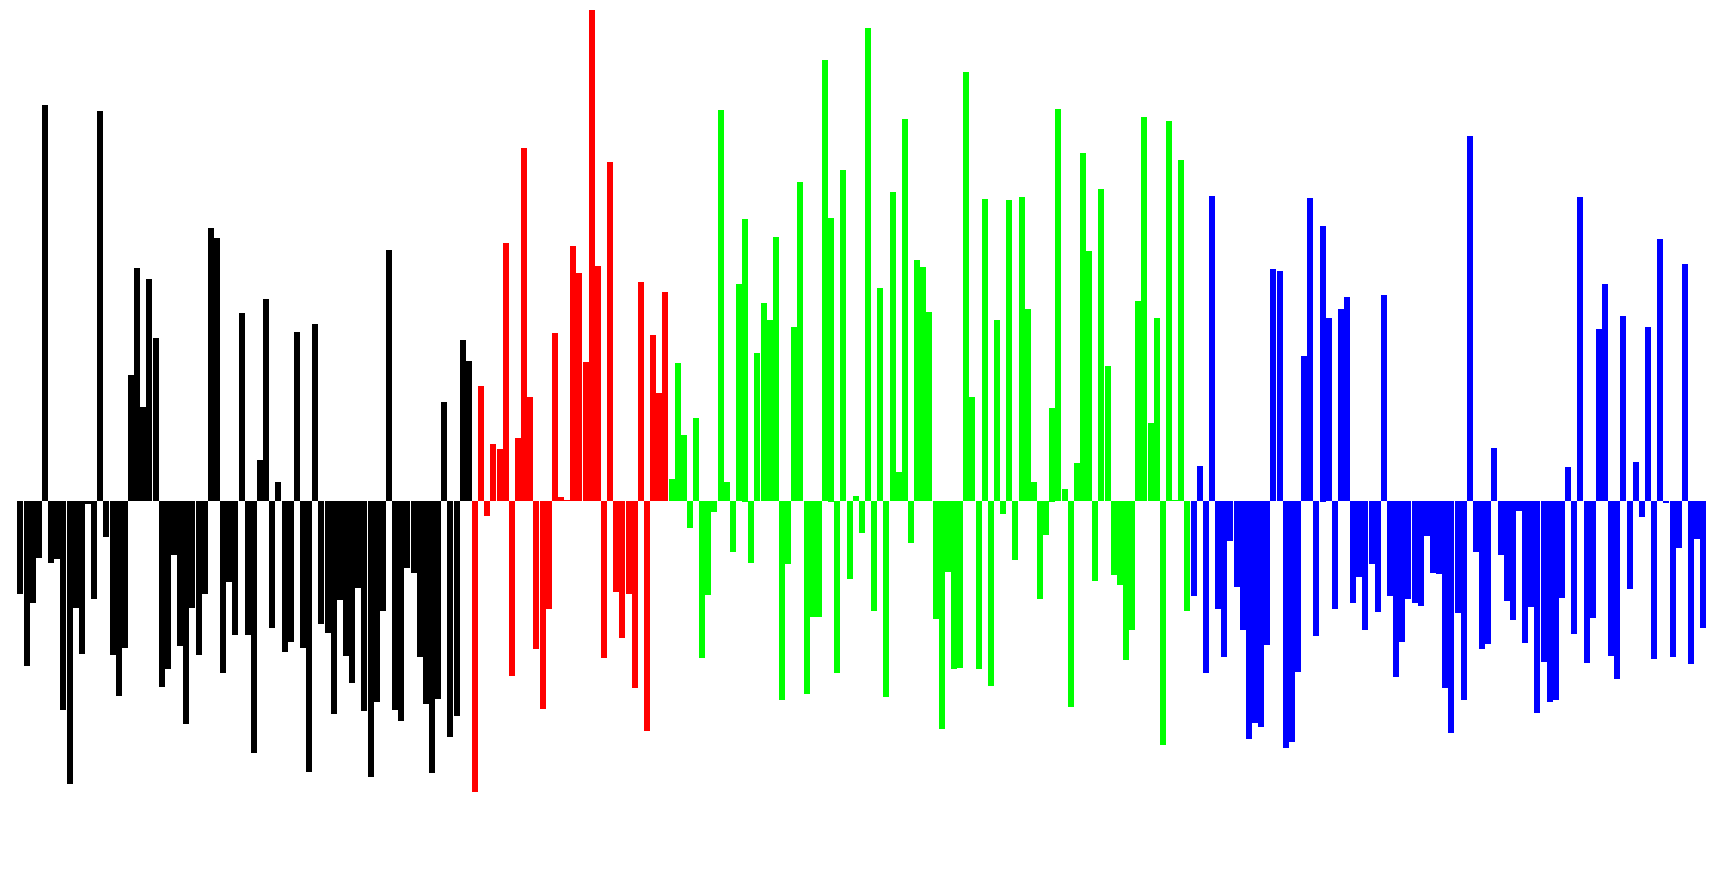

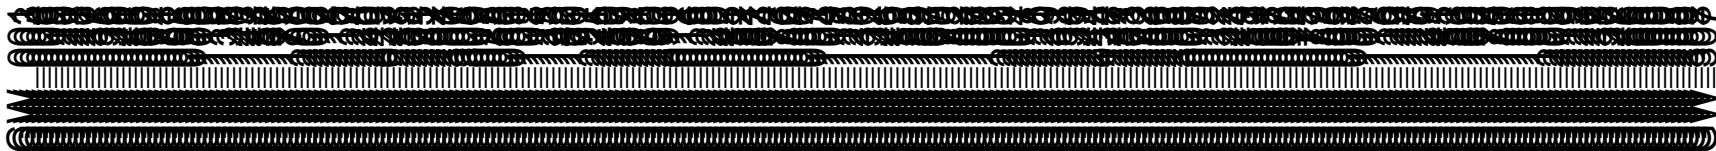

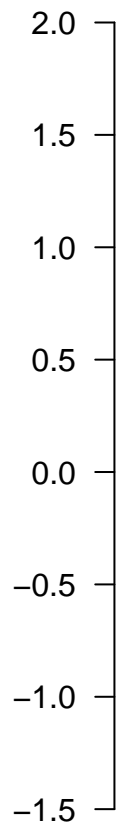

Expression of positive regulation of macrophage differentiation in Spot L

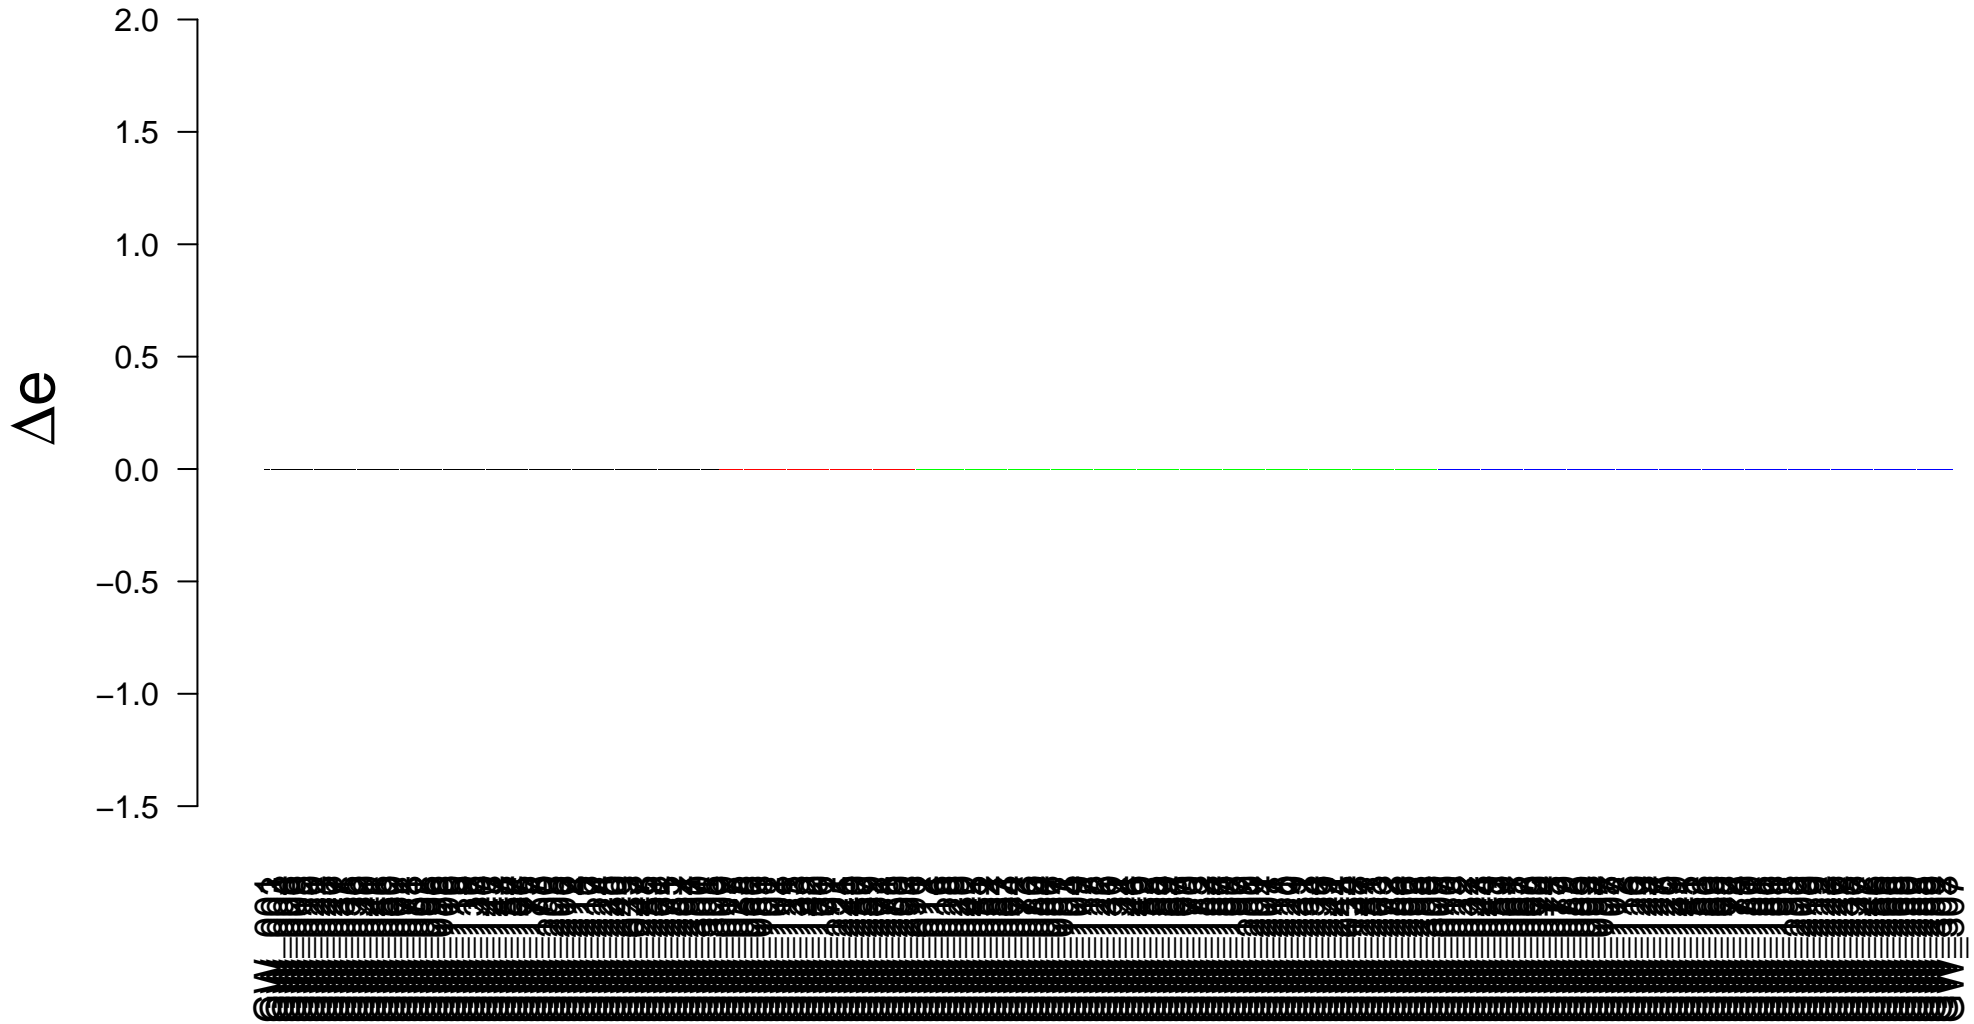

Expression of positive regulation of macrophage differentiation in Spot M

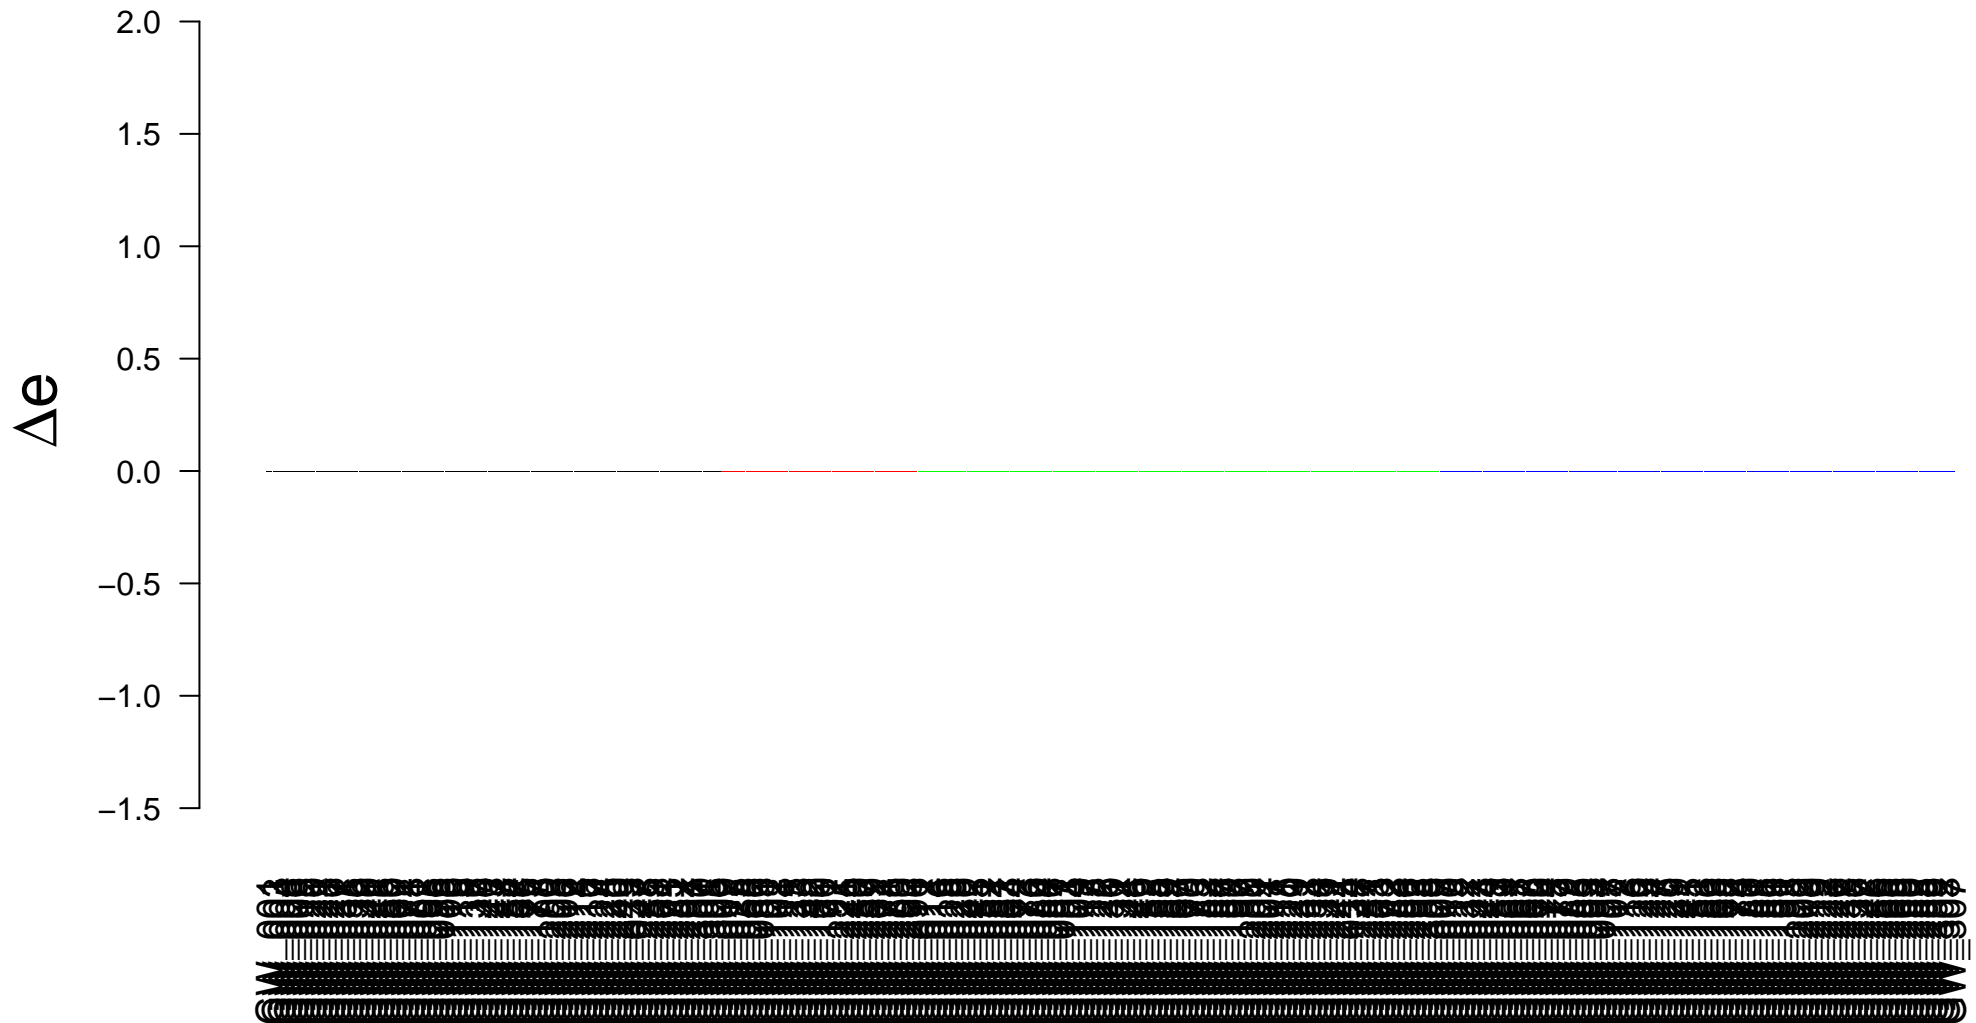

Δe

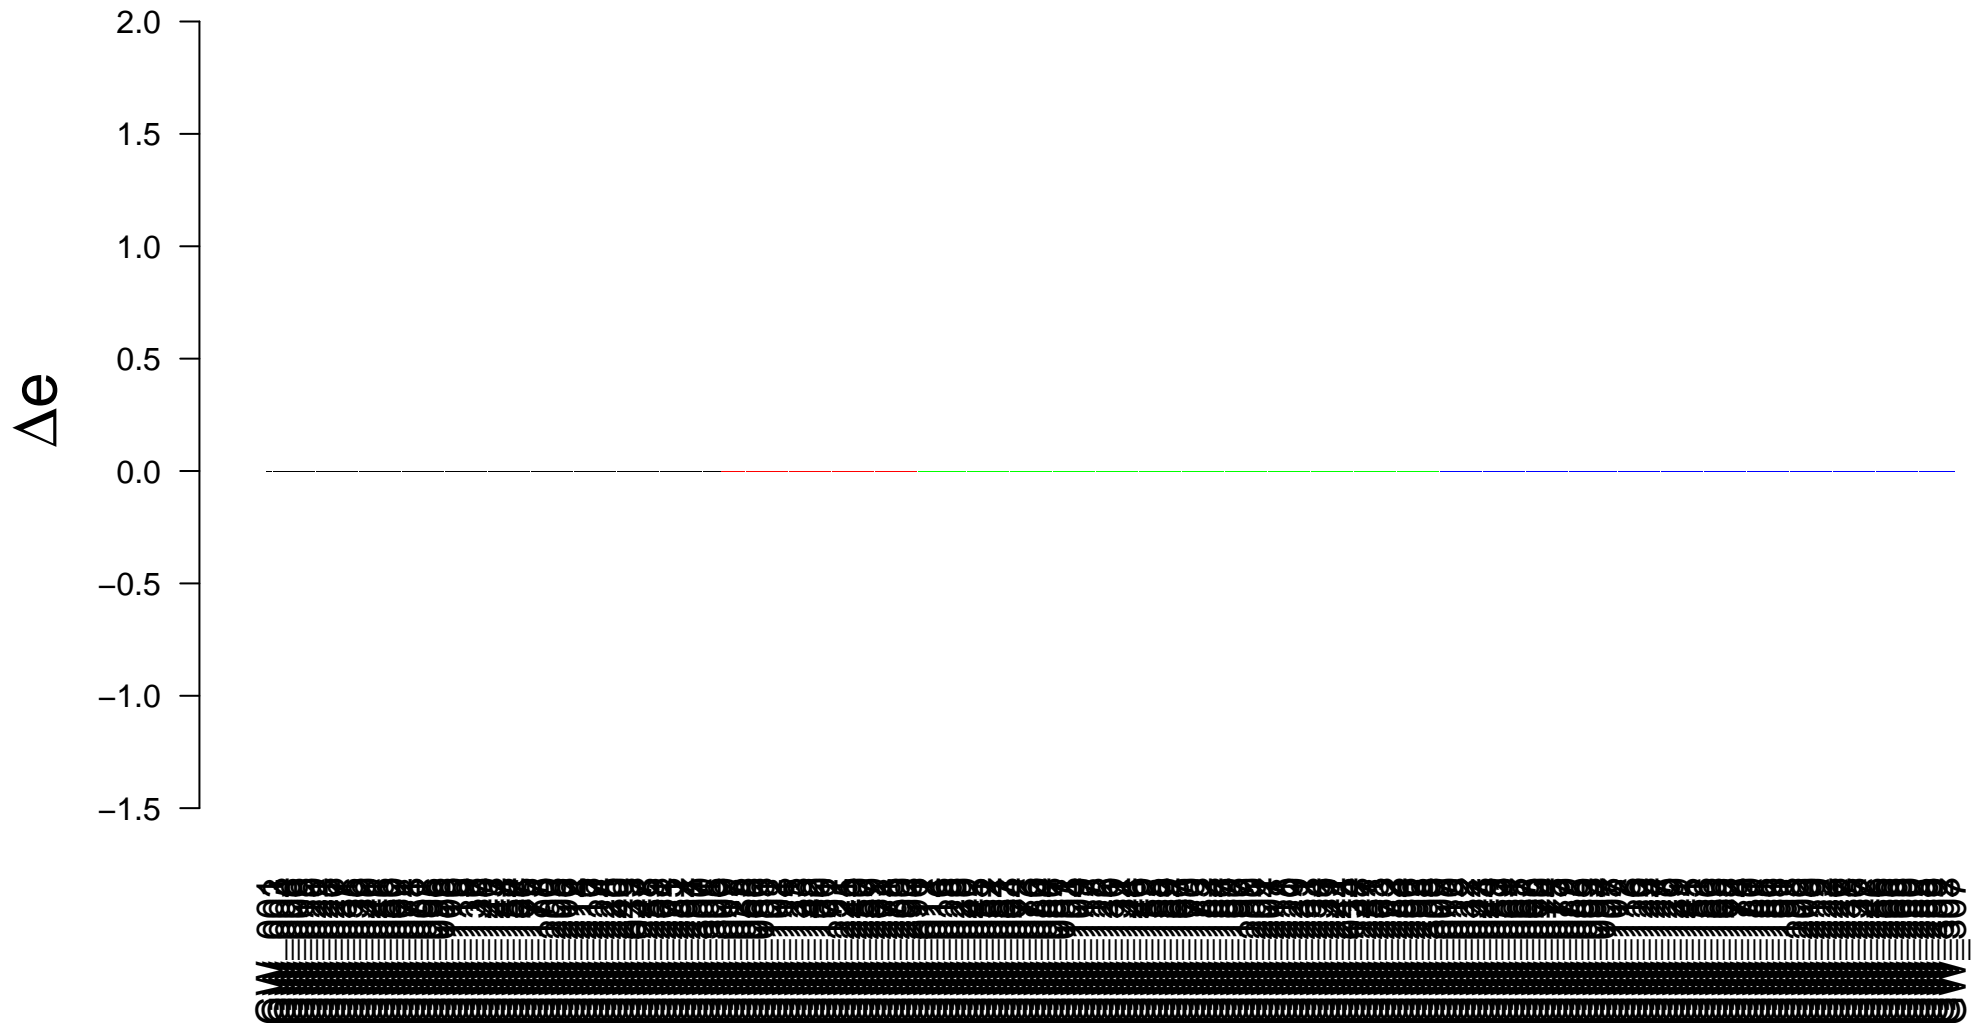

Expression of positive regulation of macrophage differentiation in Spot N

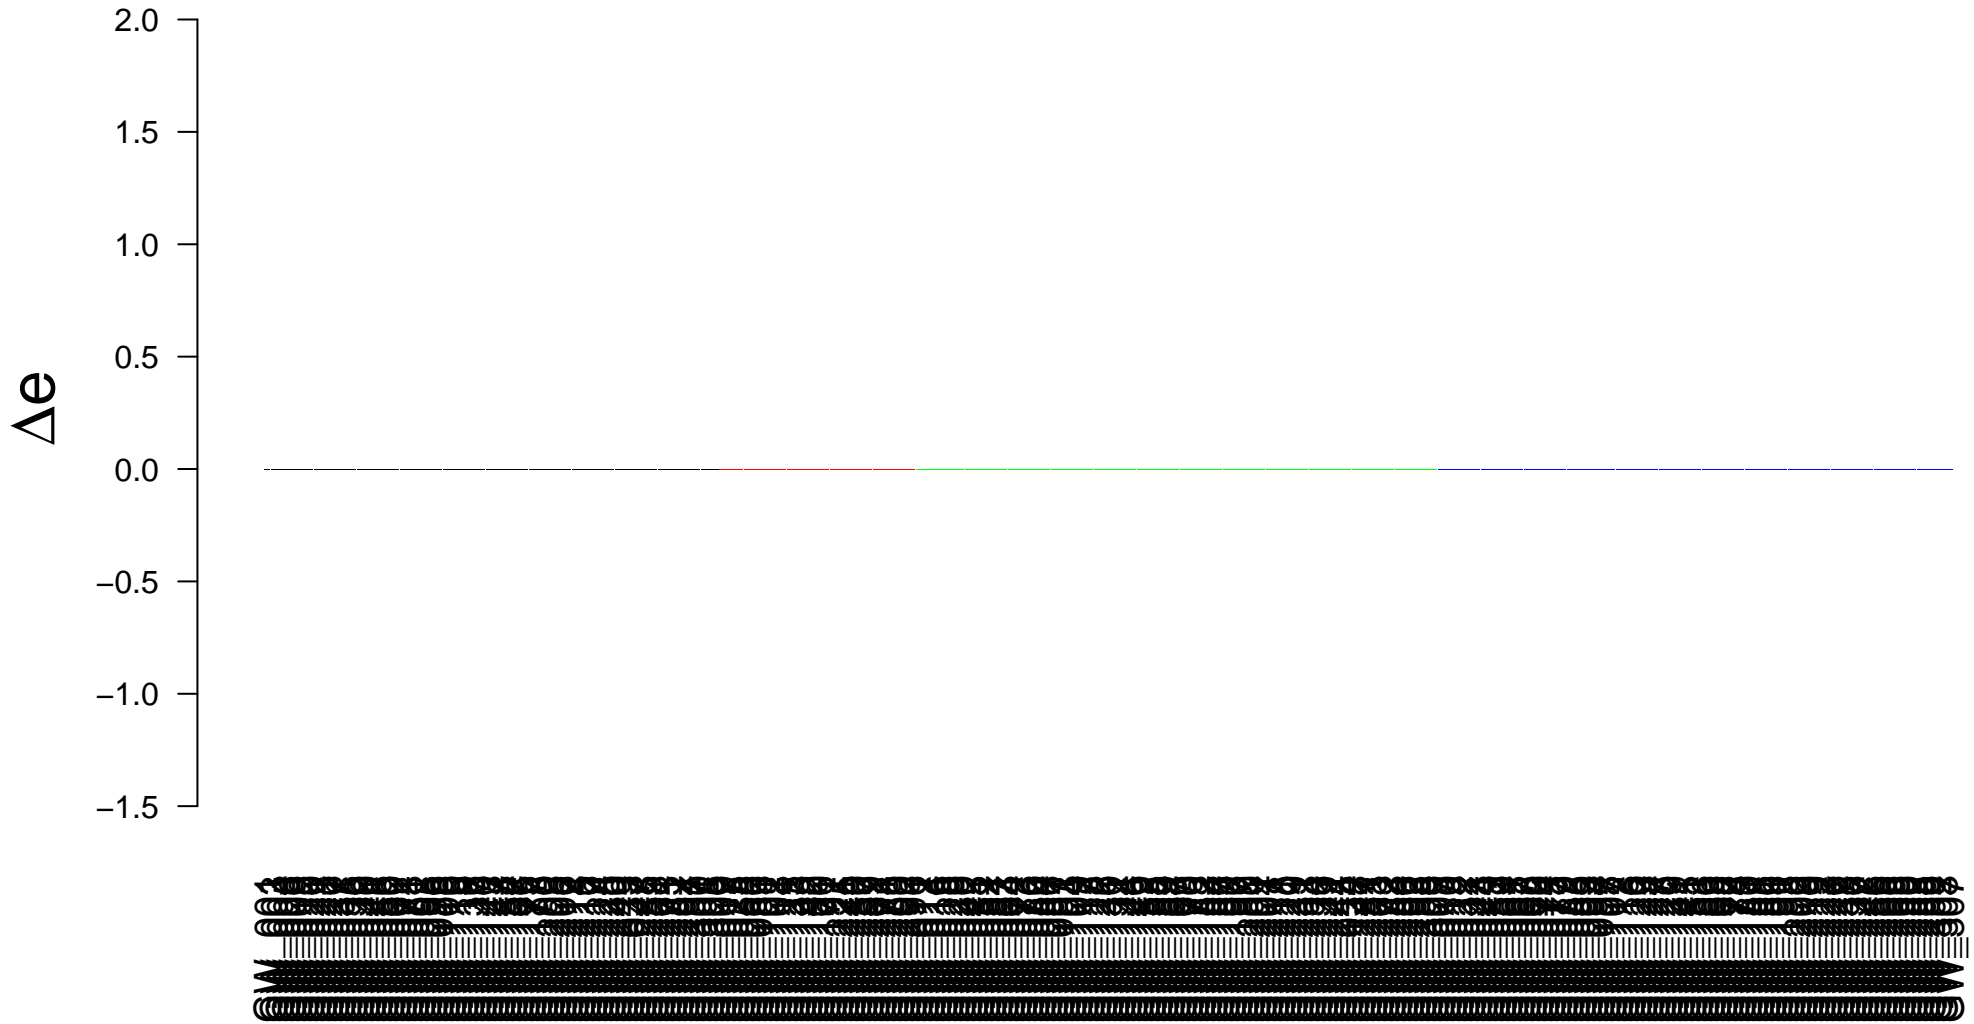

Expression of positive regulation of macrophage differentiation in Spot O

Expression of positive regulation of macrophage differentiation in Spot P

Expression of positive regulation of macrophage differentiation in Spot Q

Expression of positive regulation of macrophage differentiation in Spot R
