

positive regulation of neuron differentiation

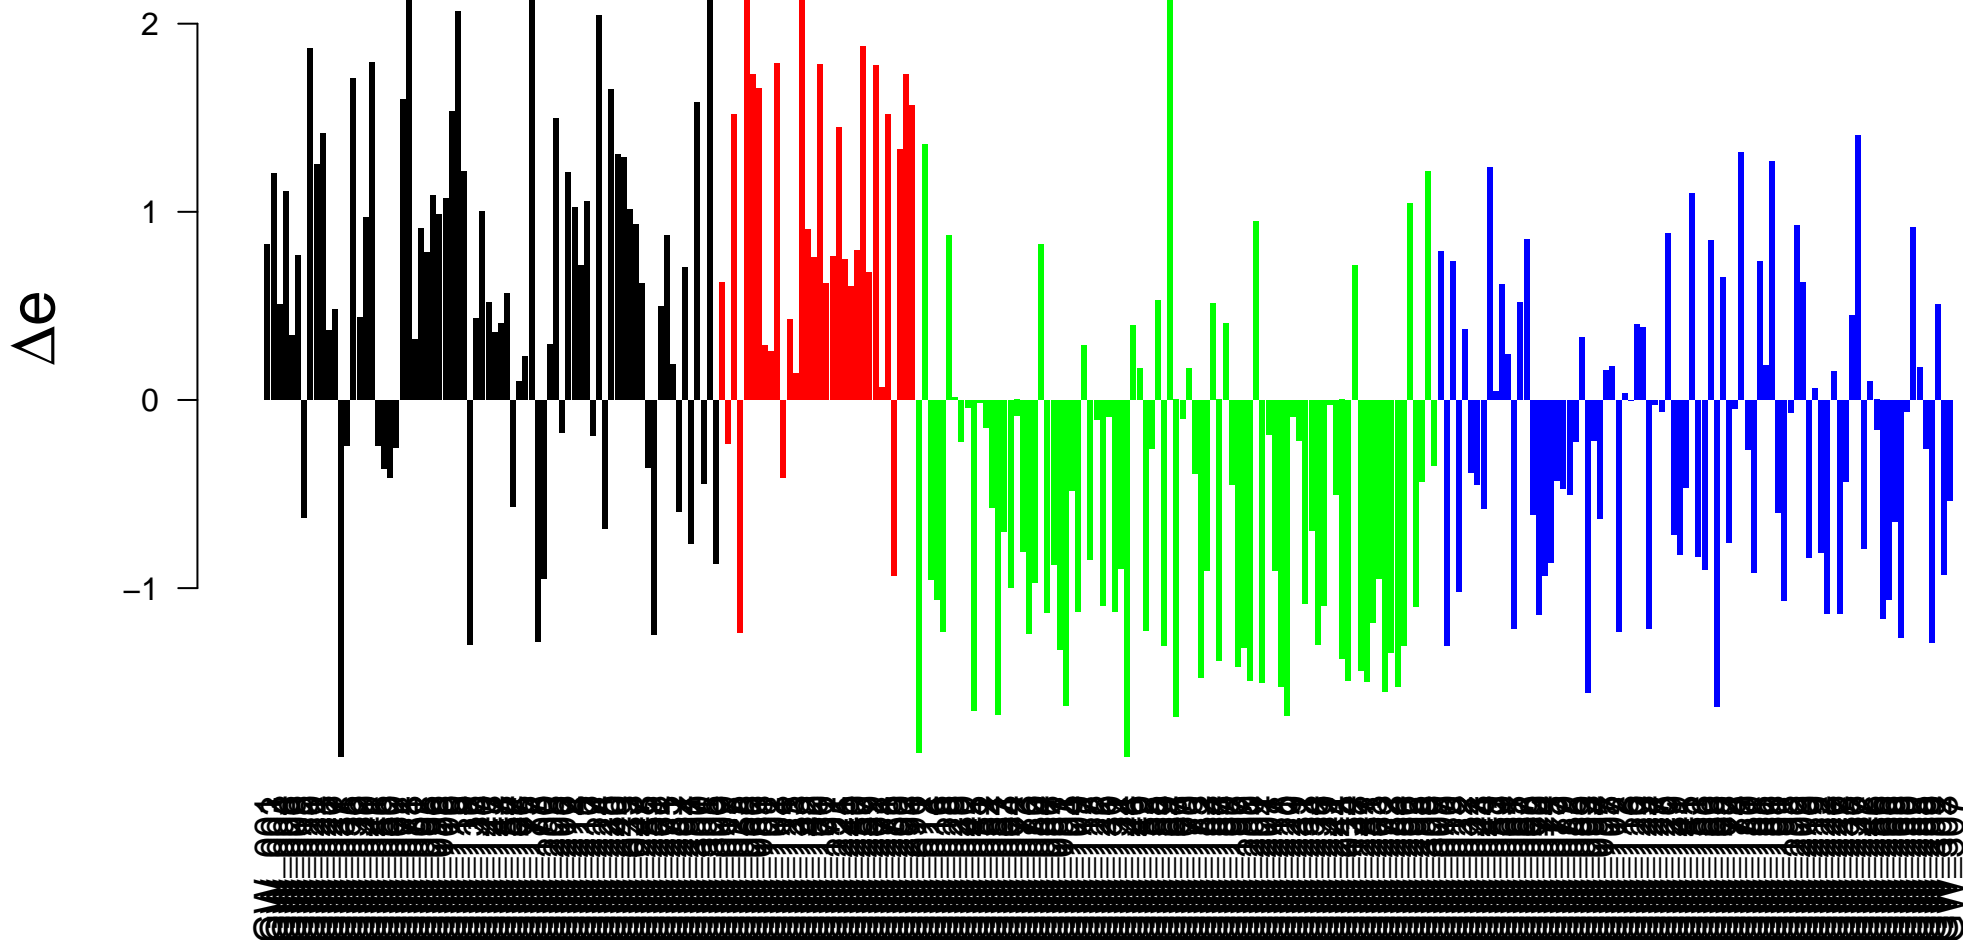

positive regulation of neuron differentiation

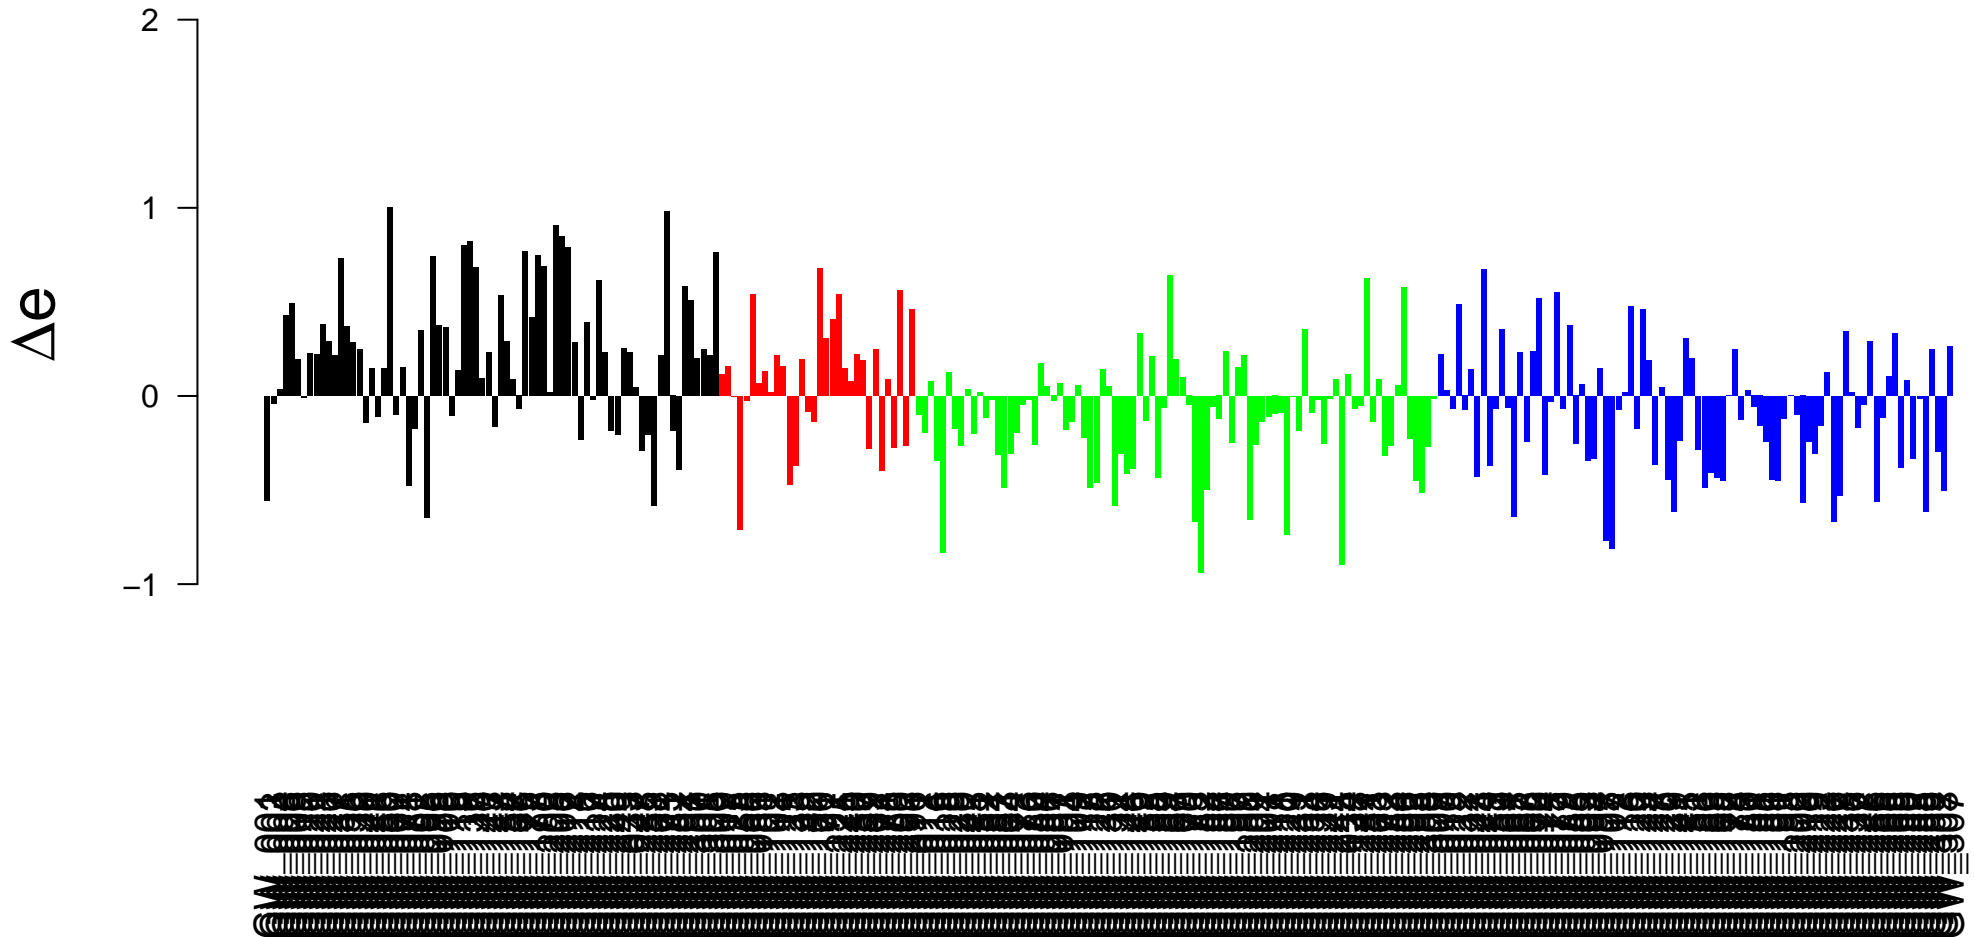

Enrichment in spots: positive regulation of neuron differentiation

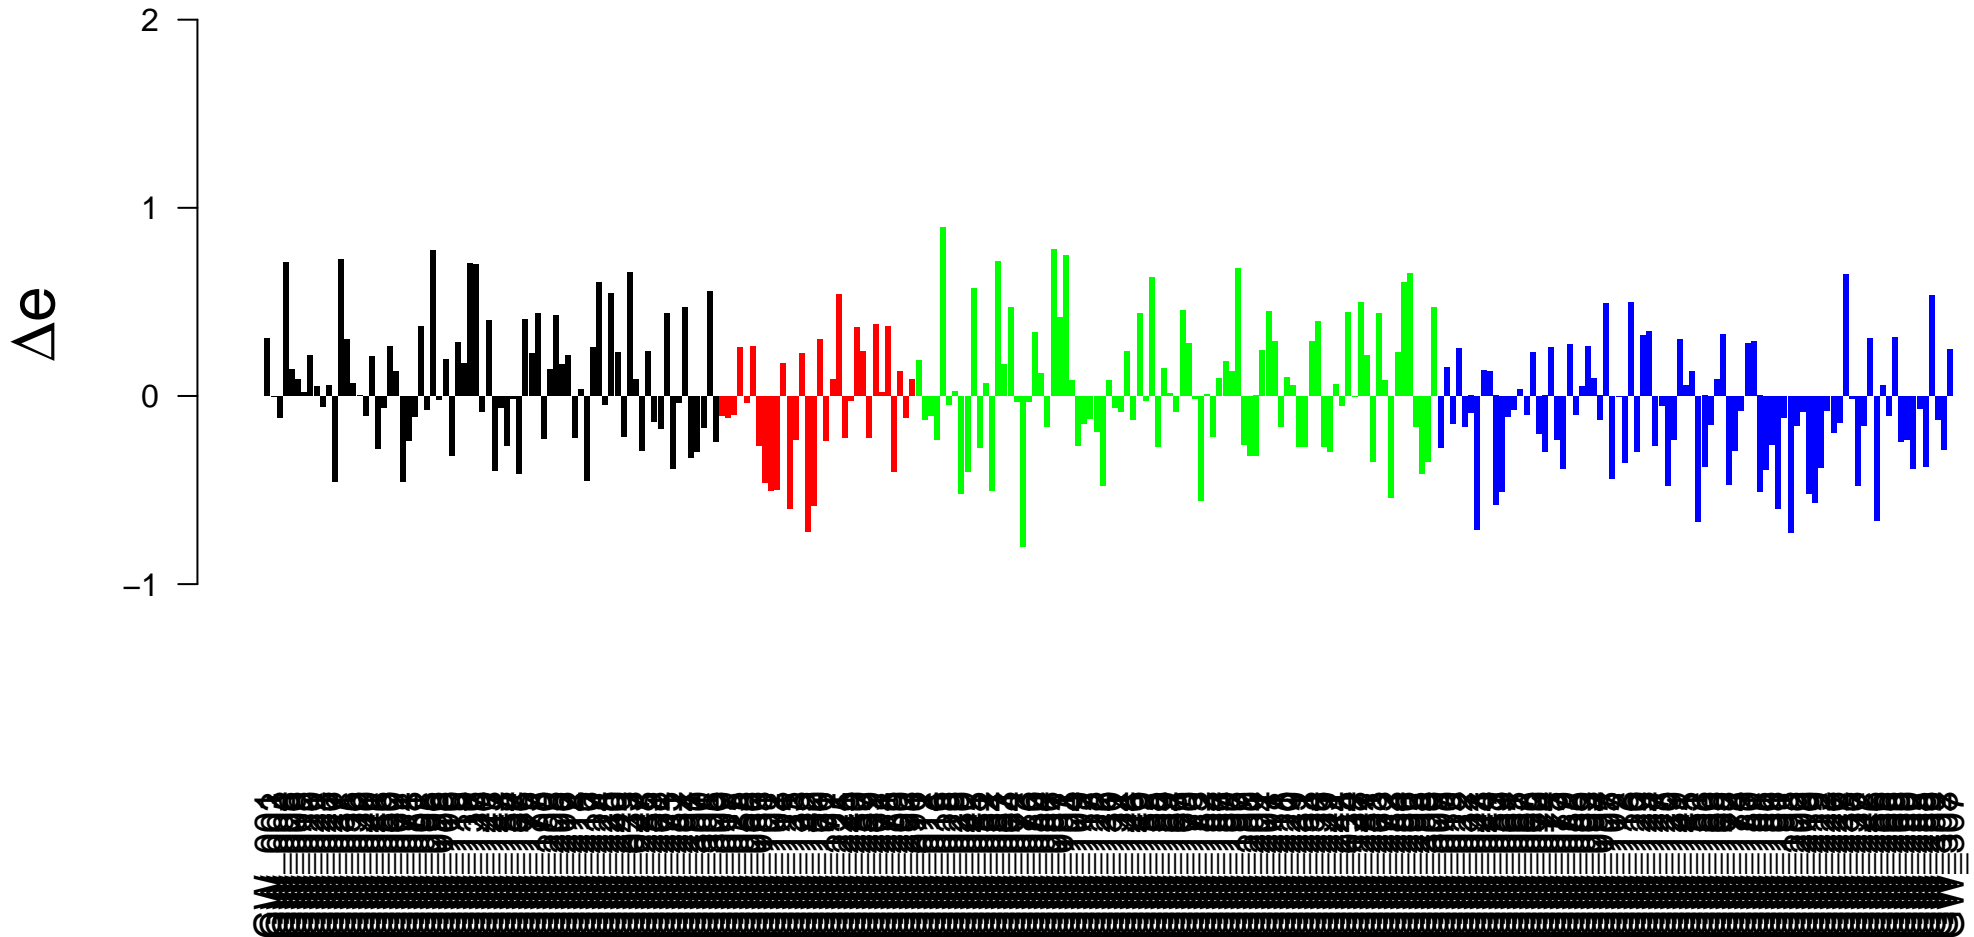

Expression of positive regulation of neuron differentiation in Spot A

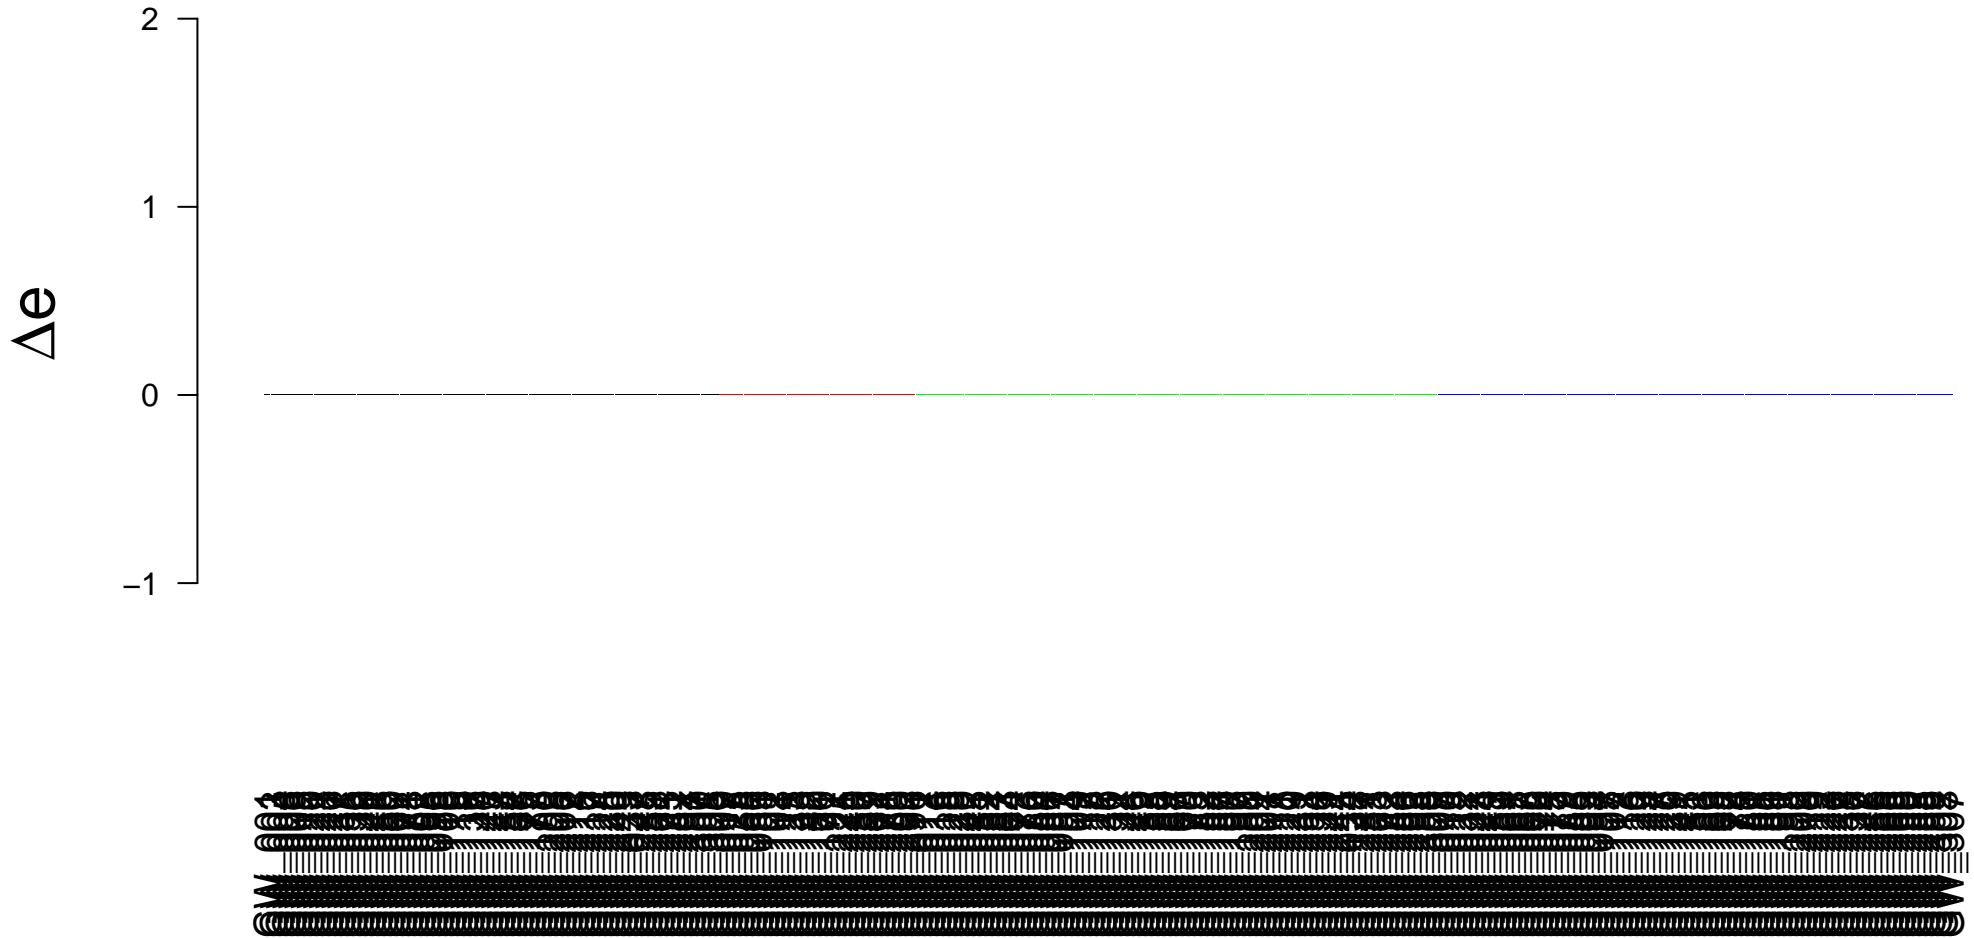

Expression of positive regulation of neuron differentiation in Spot B

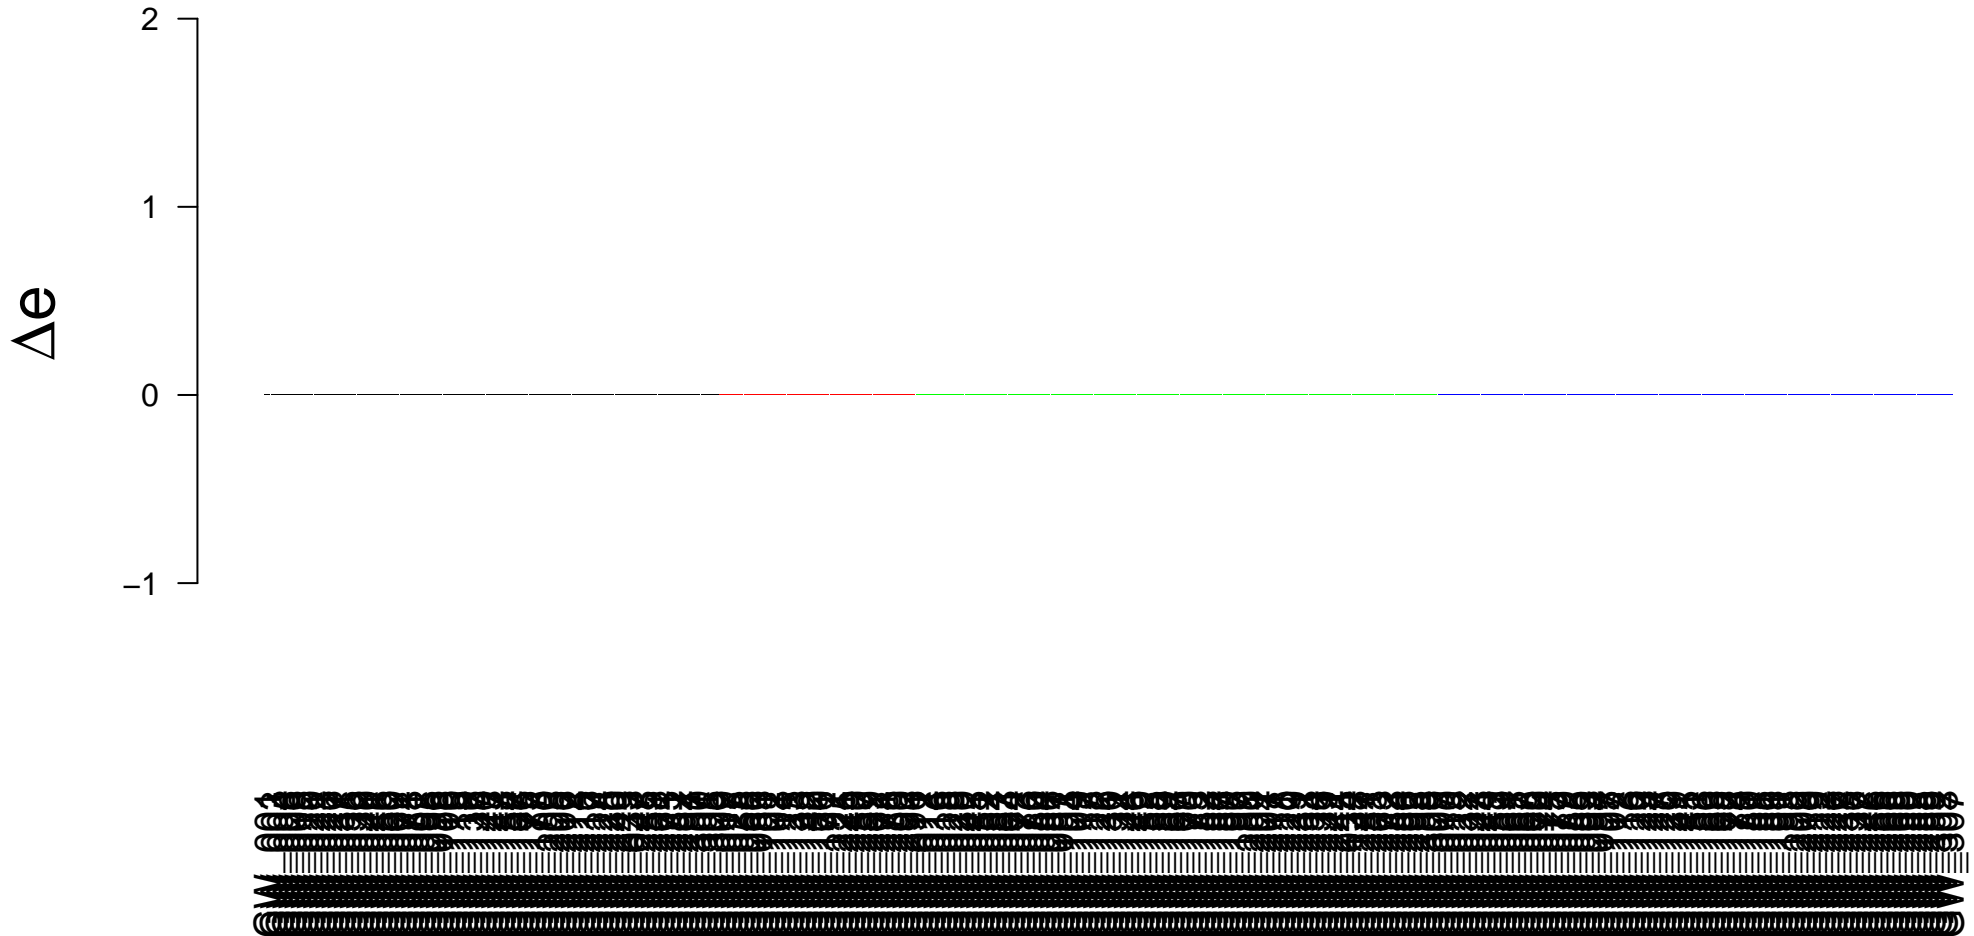

Expression of positive regulation of neuron differentiation in Spot C

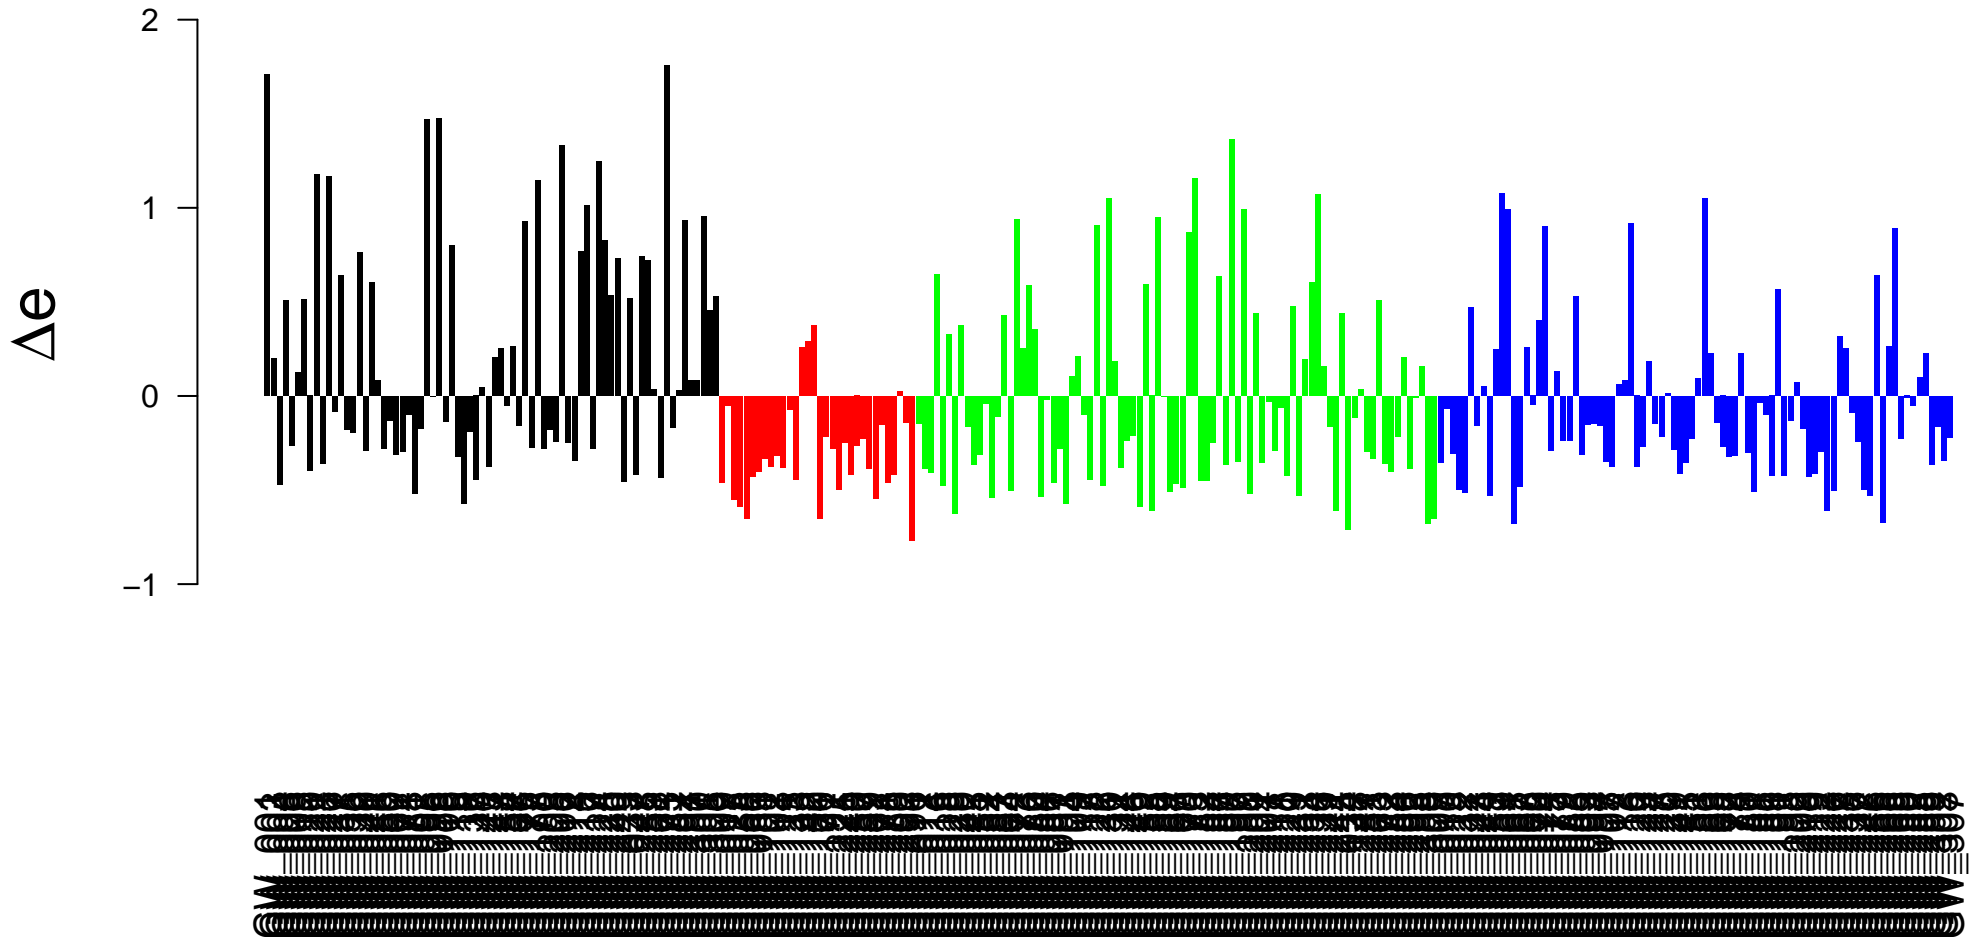

Expression of positive regulation of neuron differentiation in Spot D

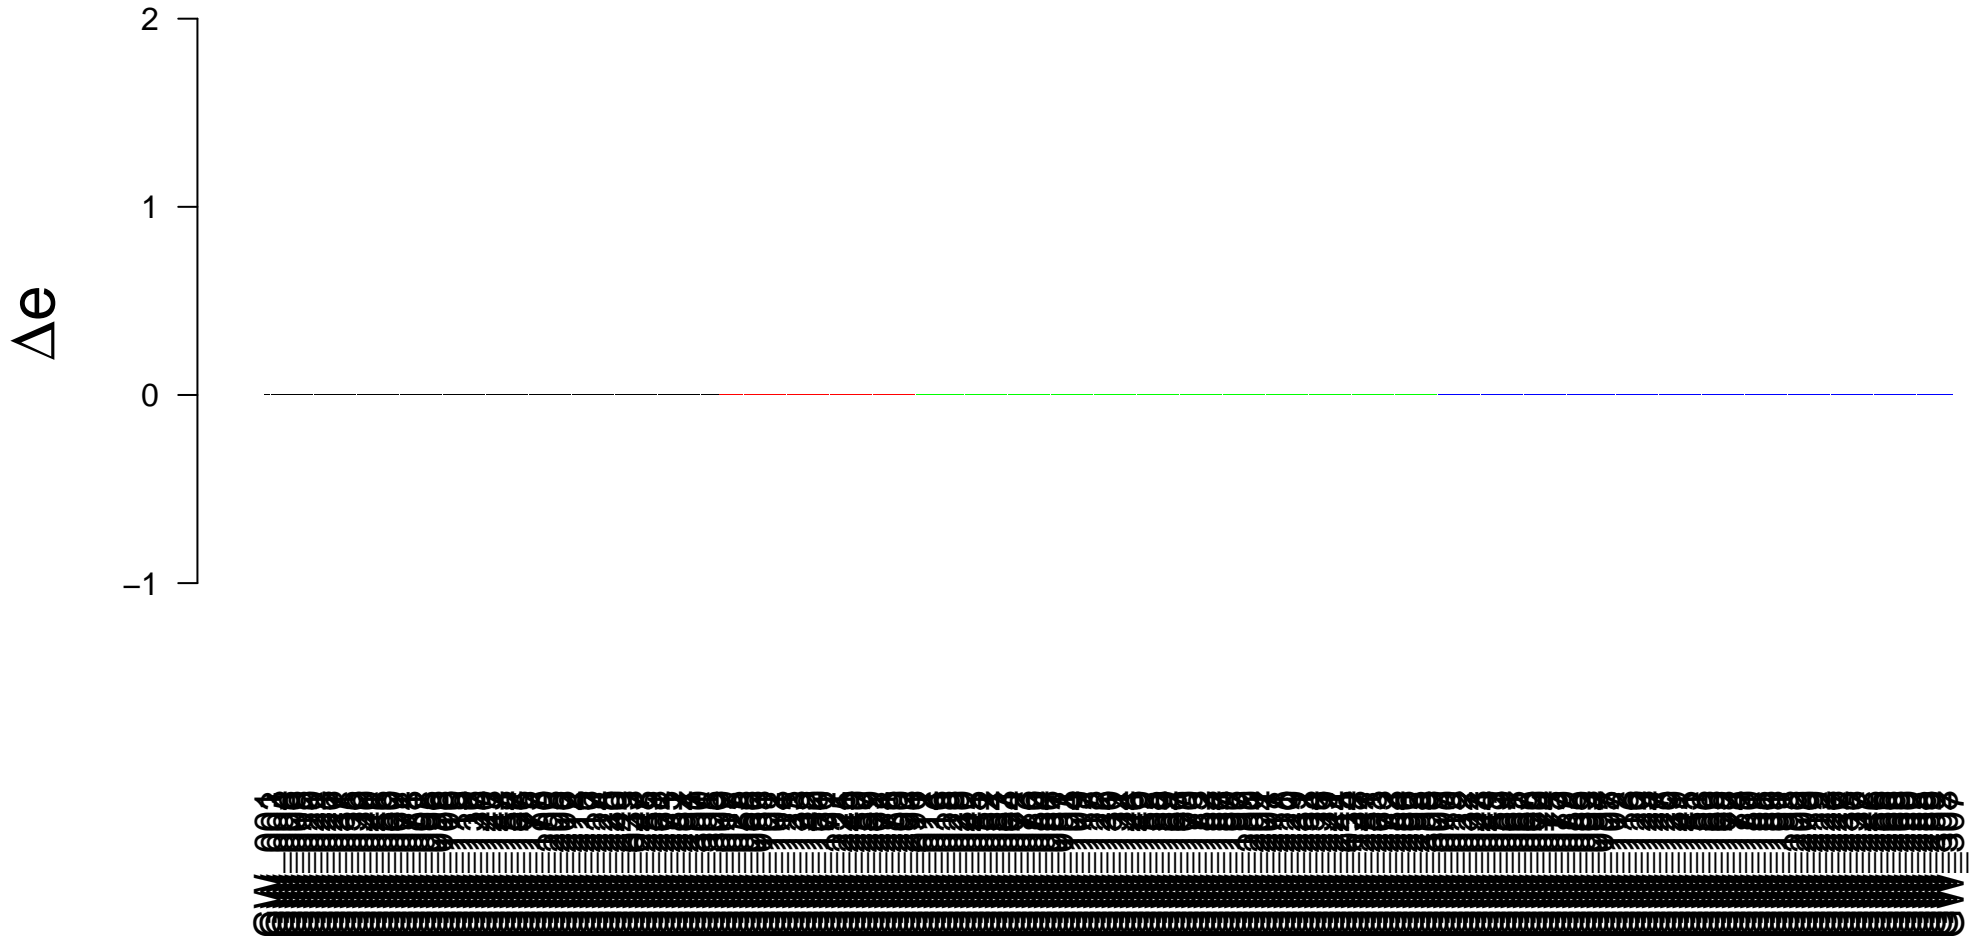

Expression of positive regulation of neuron differentiation in Spot E

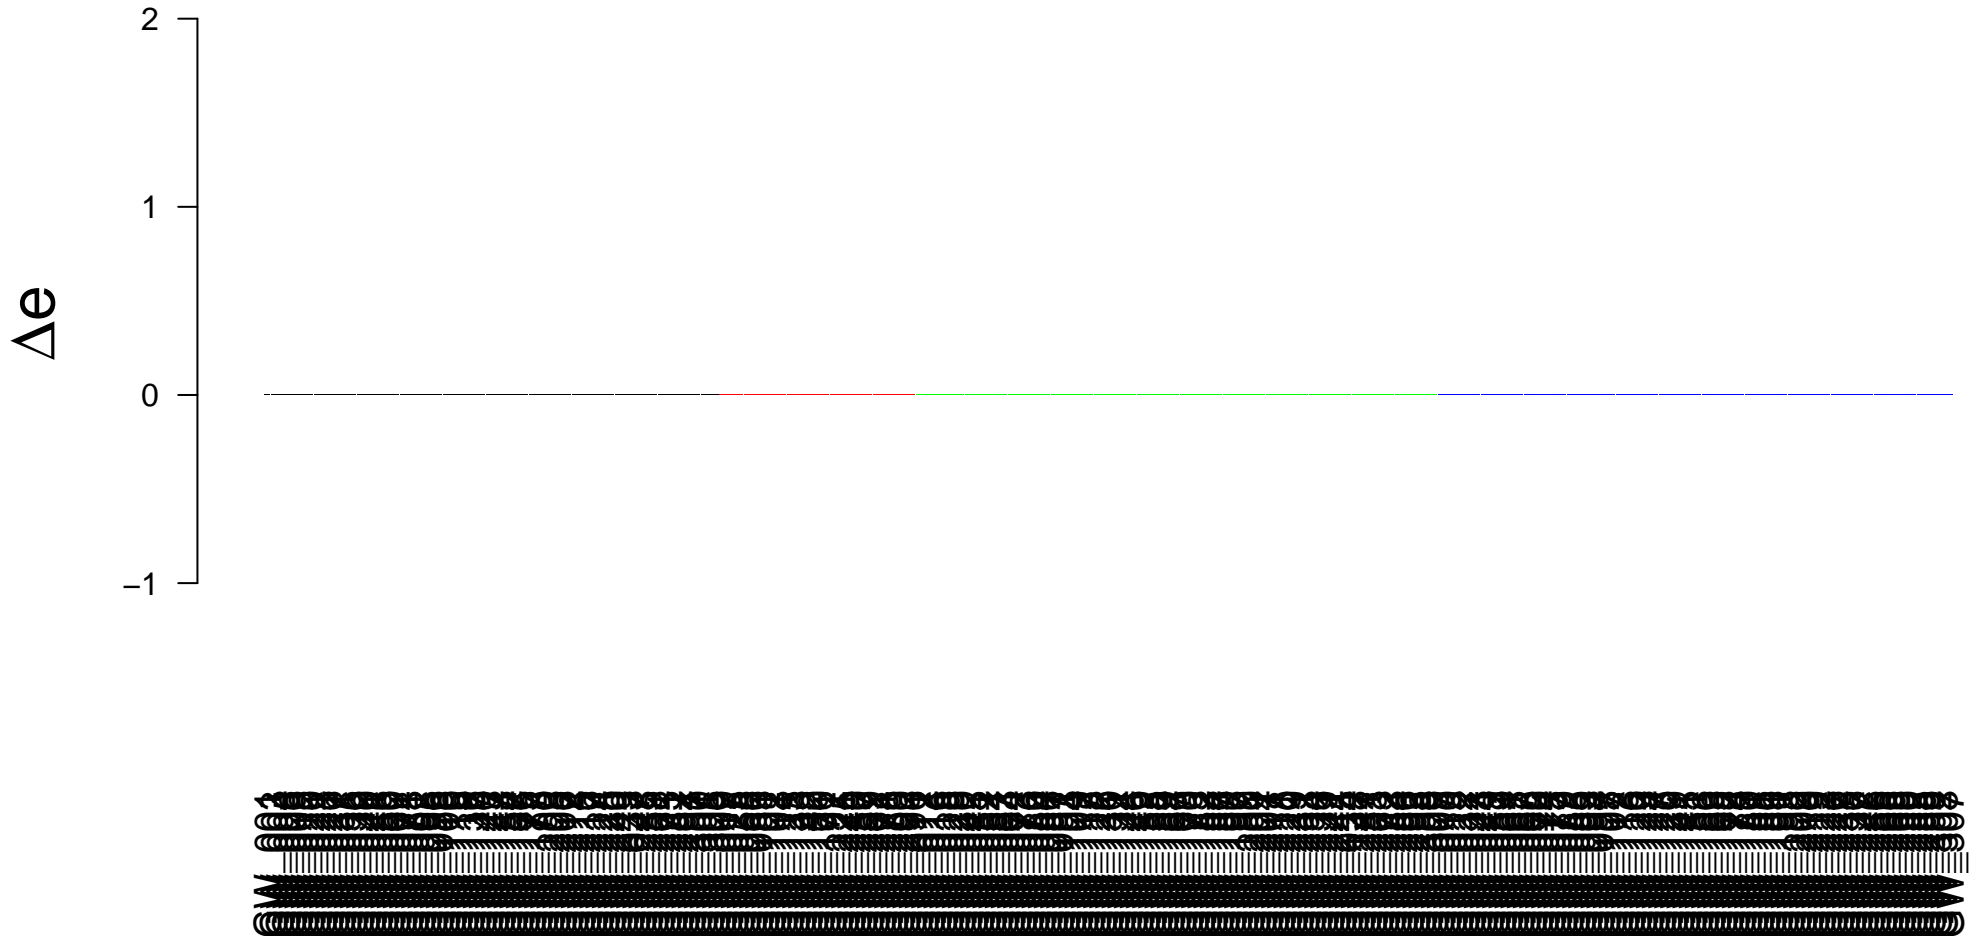

Expression of positive regulation of neuron differentiation in Spot F

Expression of positive regulation of neuron differentiation in Spot G

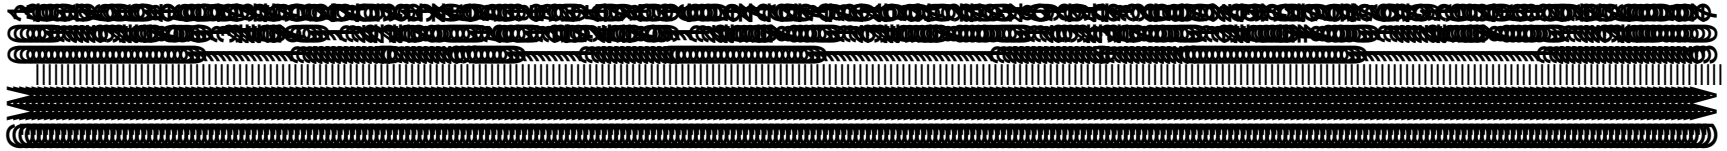

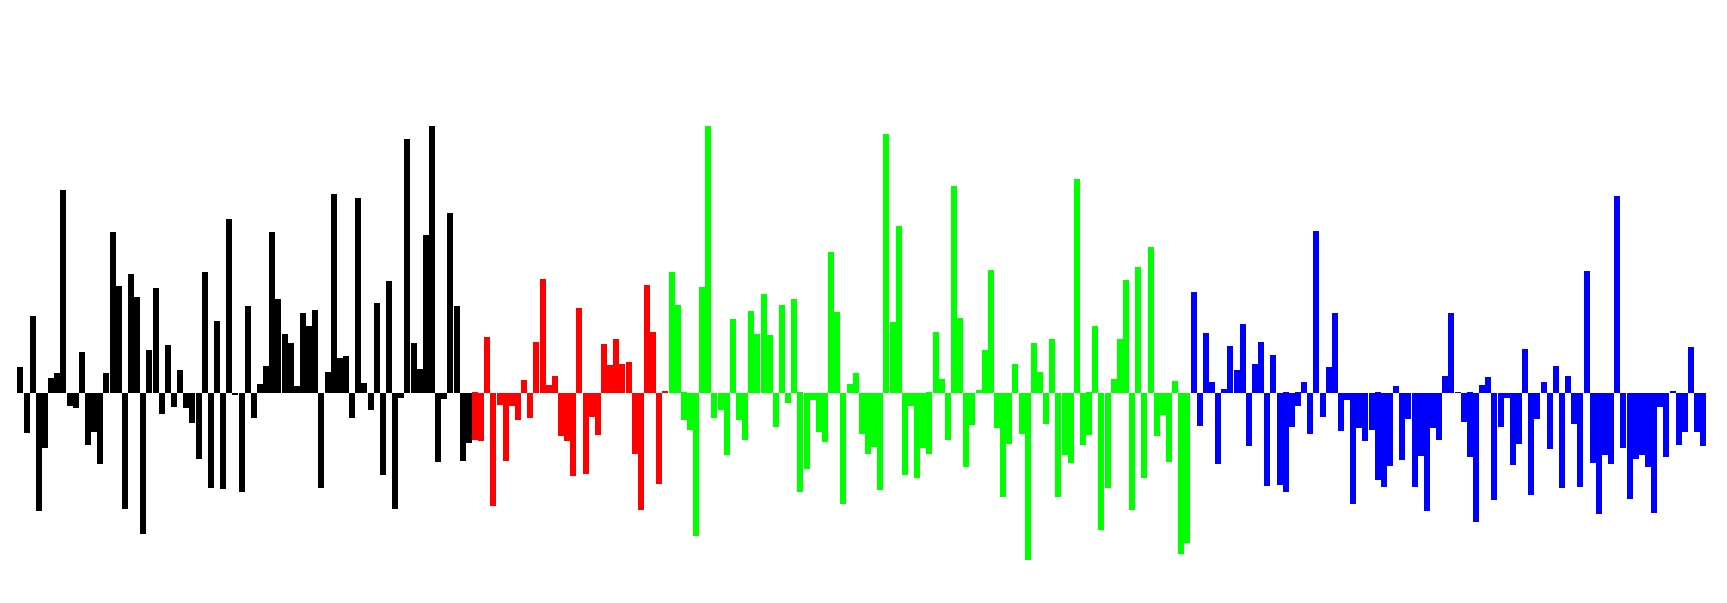

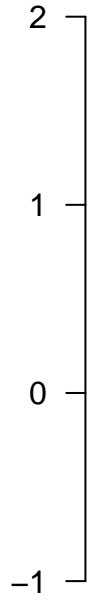

Expression of positive regulation of neuron differentiation in Spot H

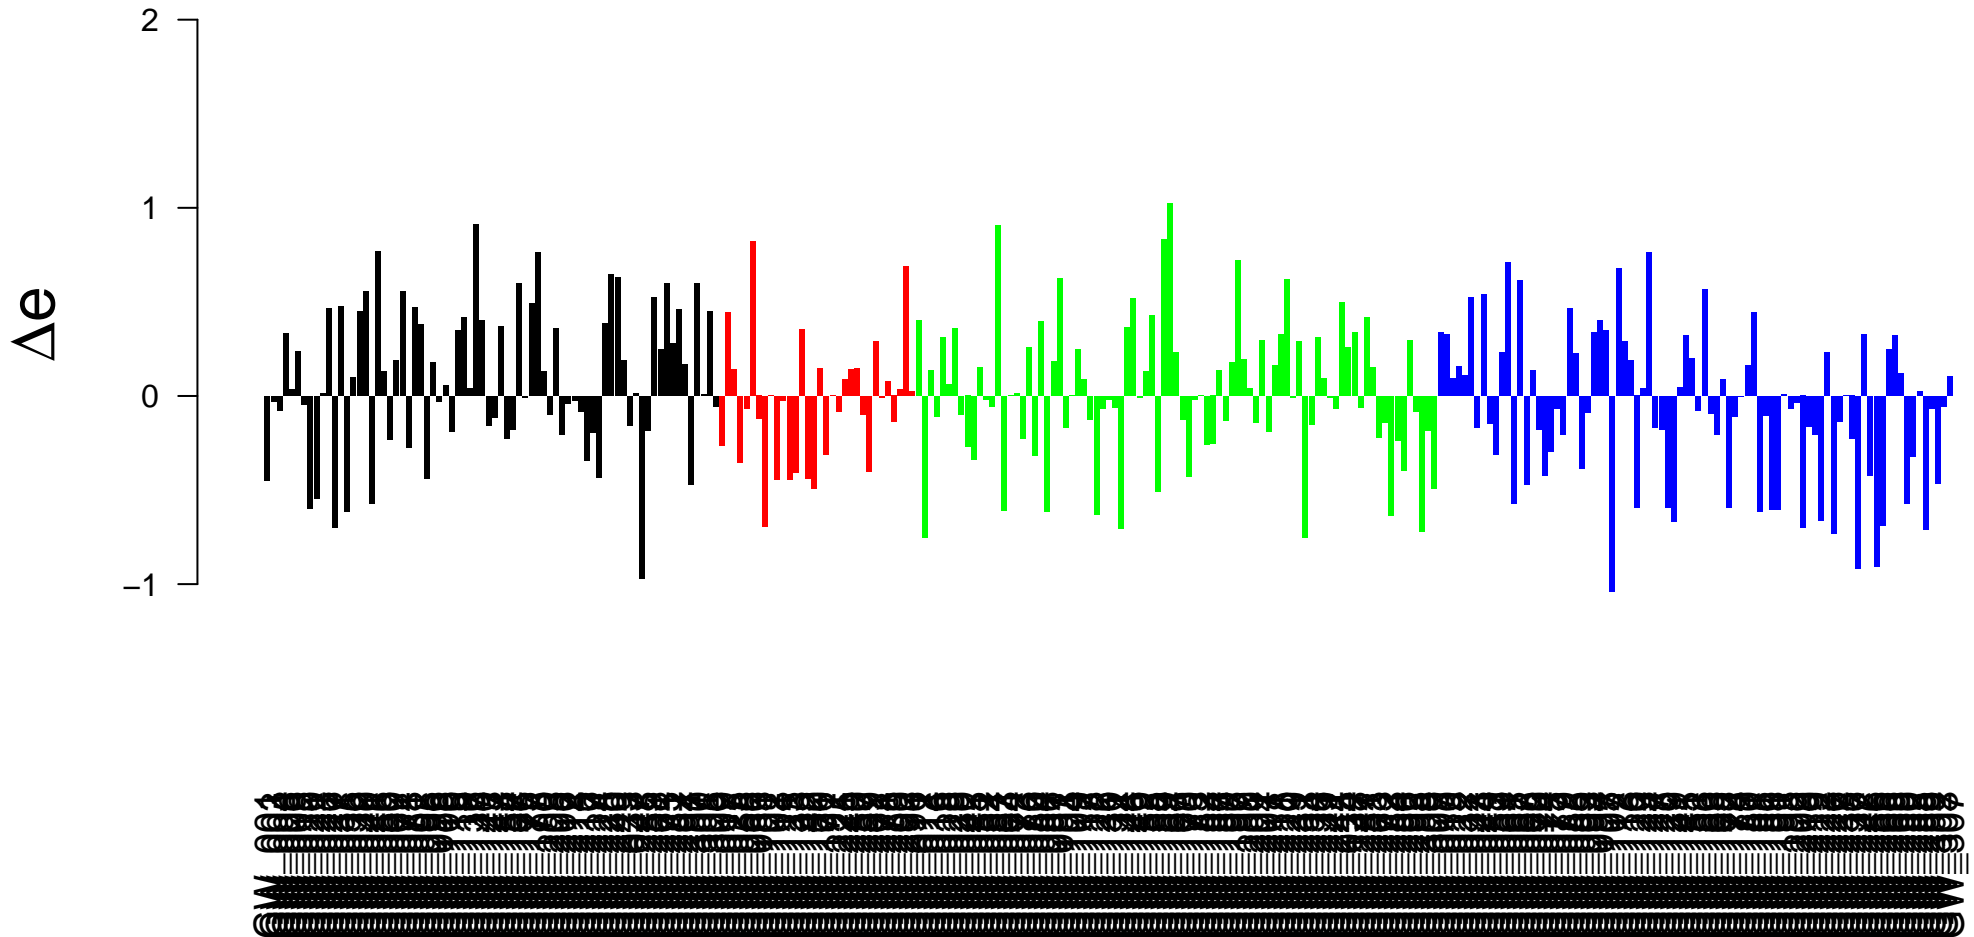

Expression of positive regulation of neuron differentiation in Spot I

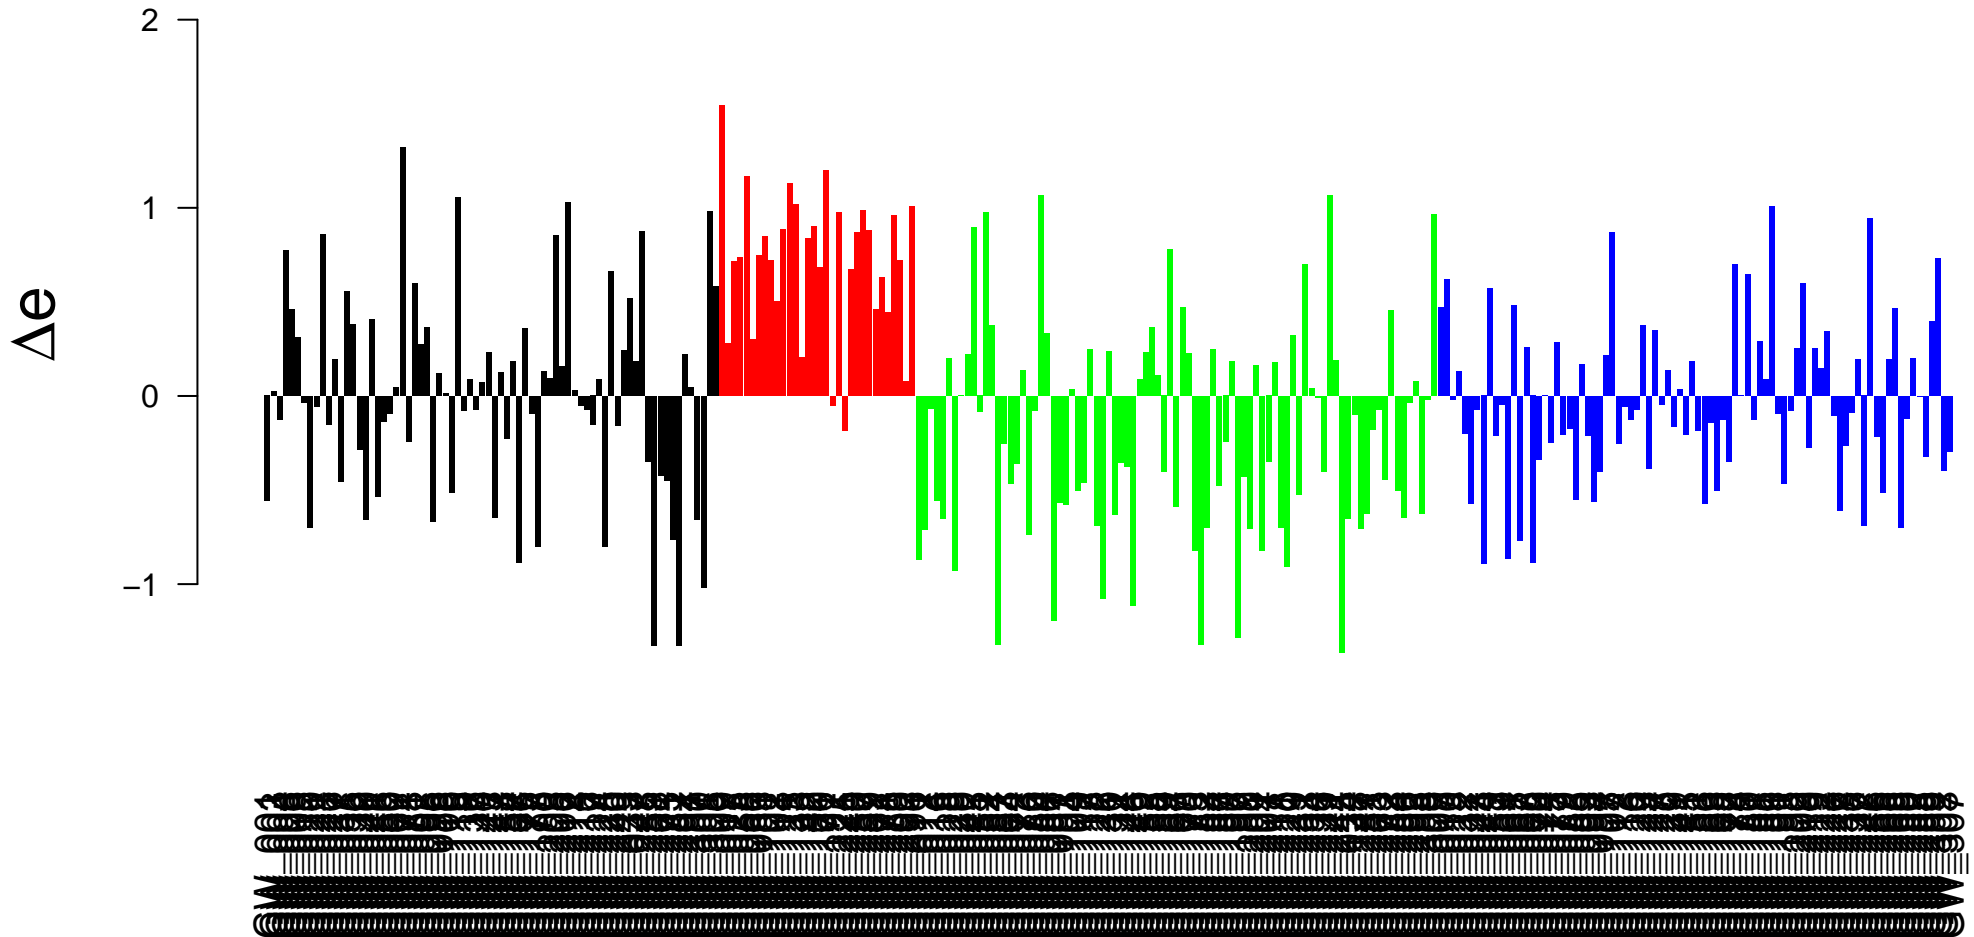

Δe

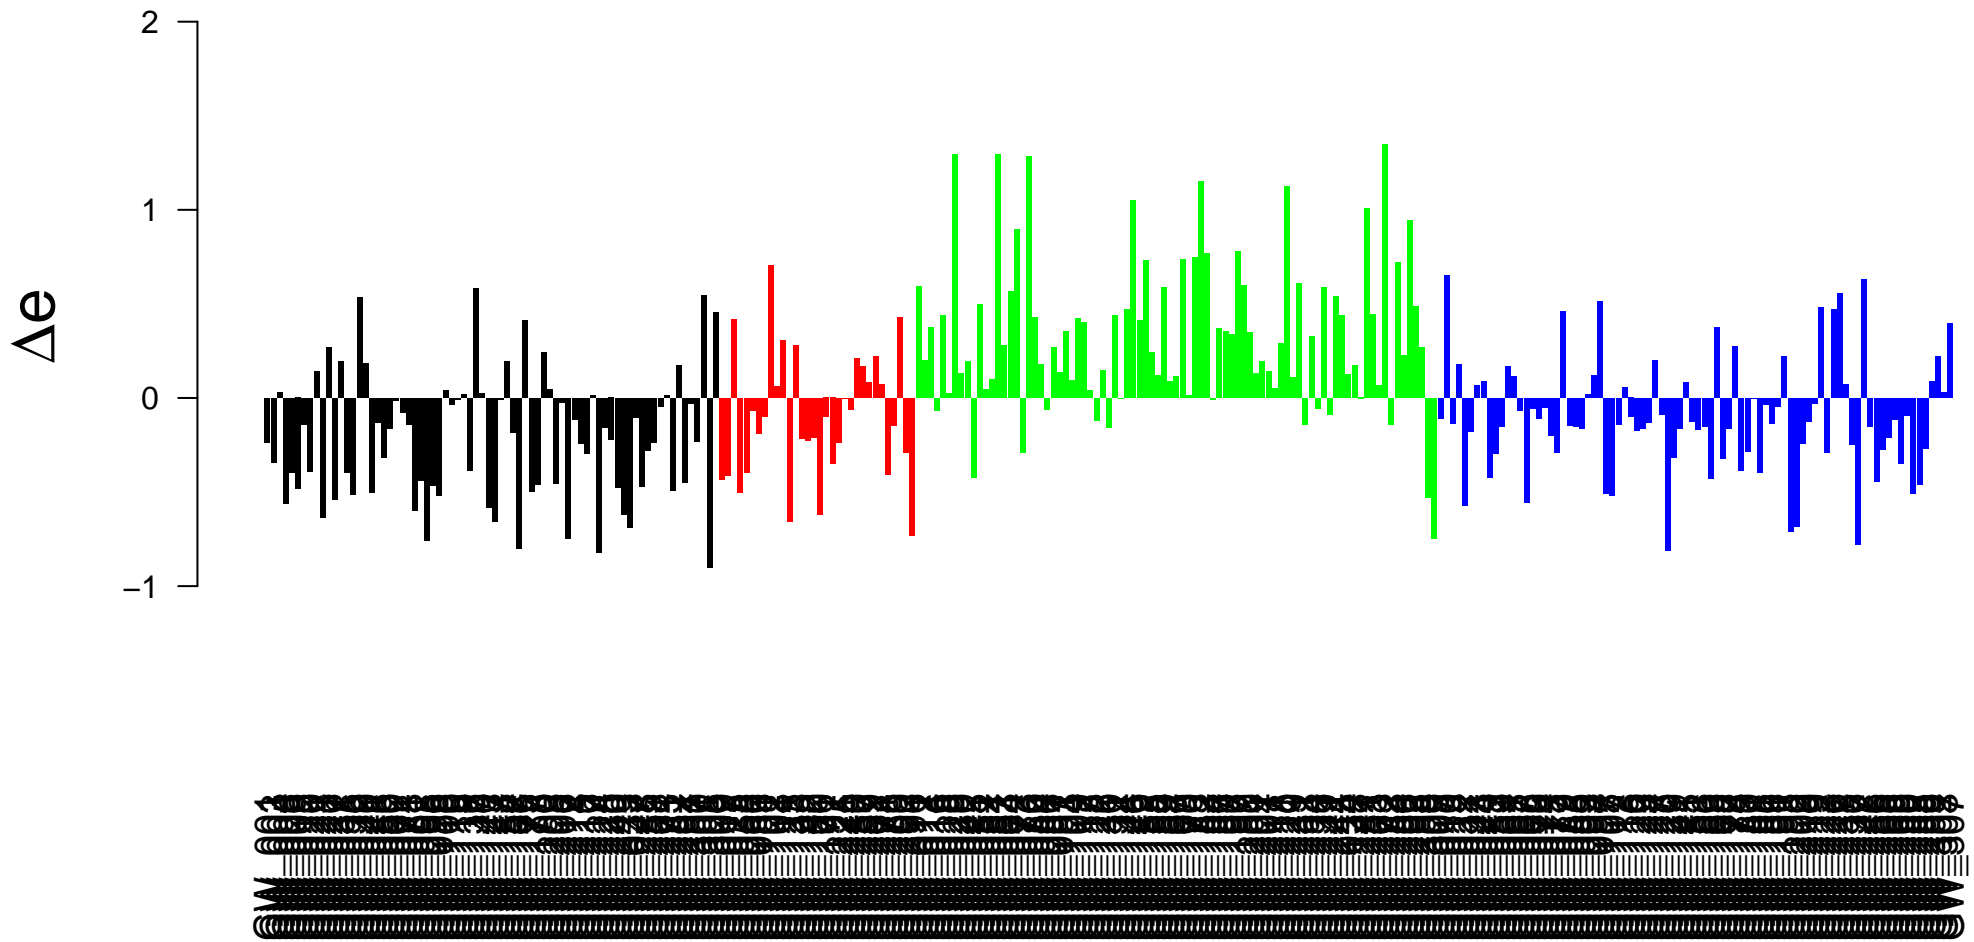

Expression of positive regulation of neuron differentiation in Spot J

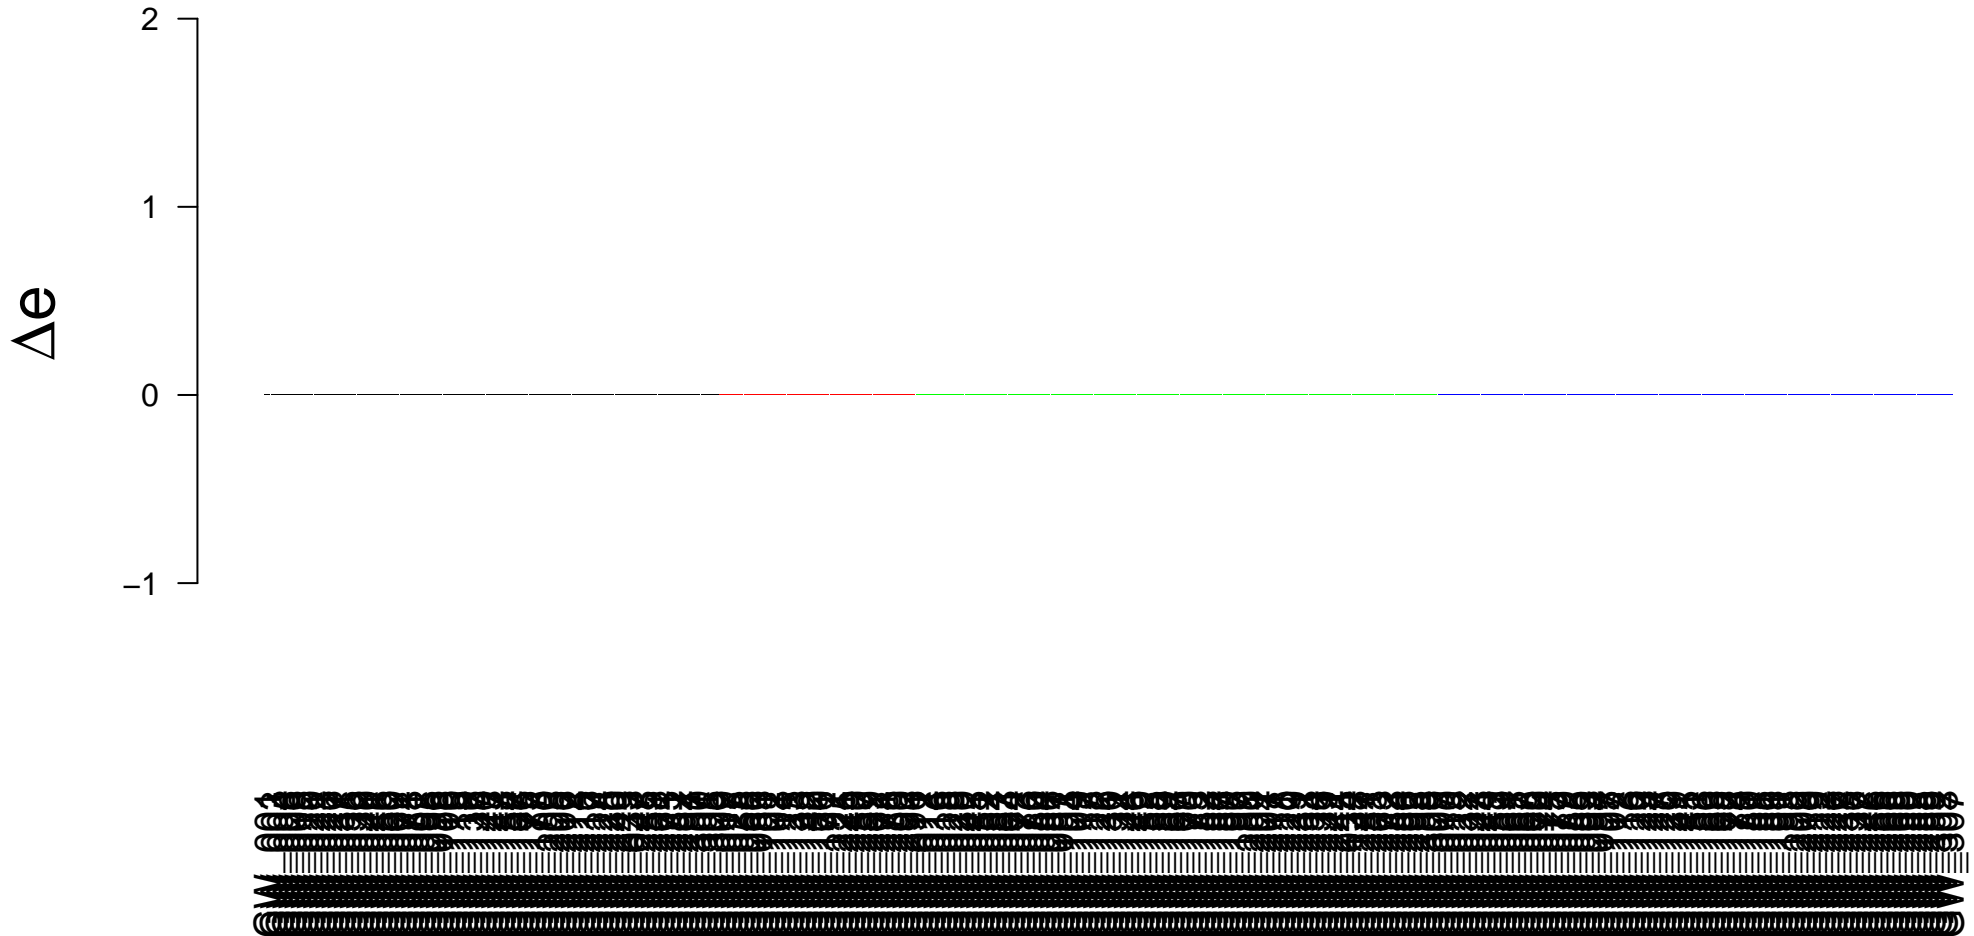

Expression of positive regulation of neuron differentiation in Spot K

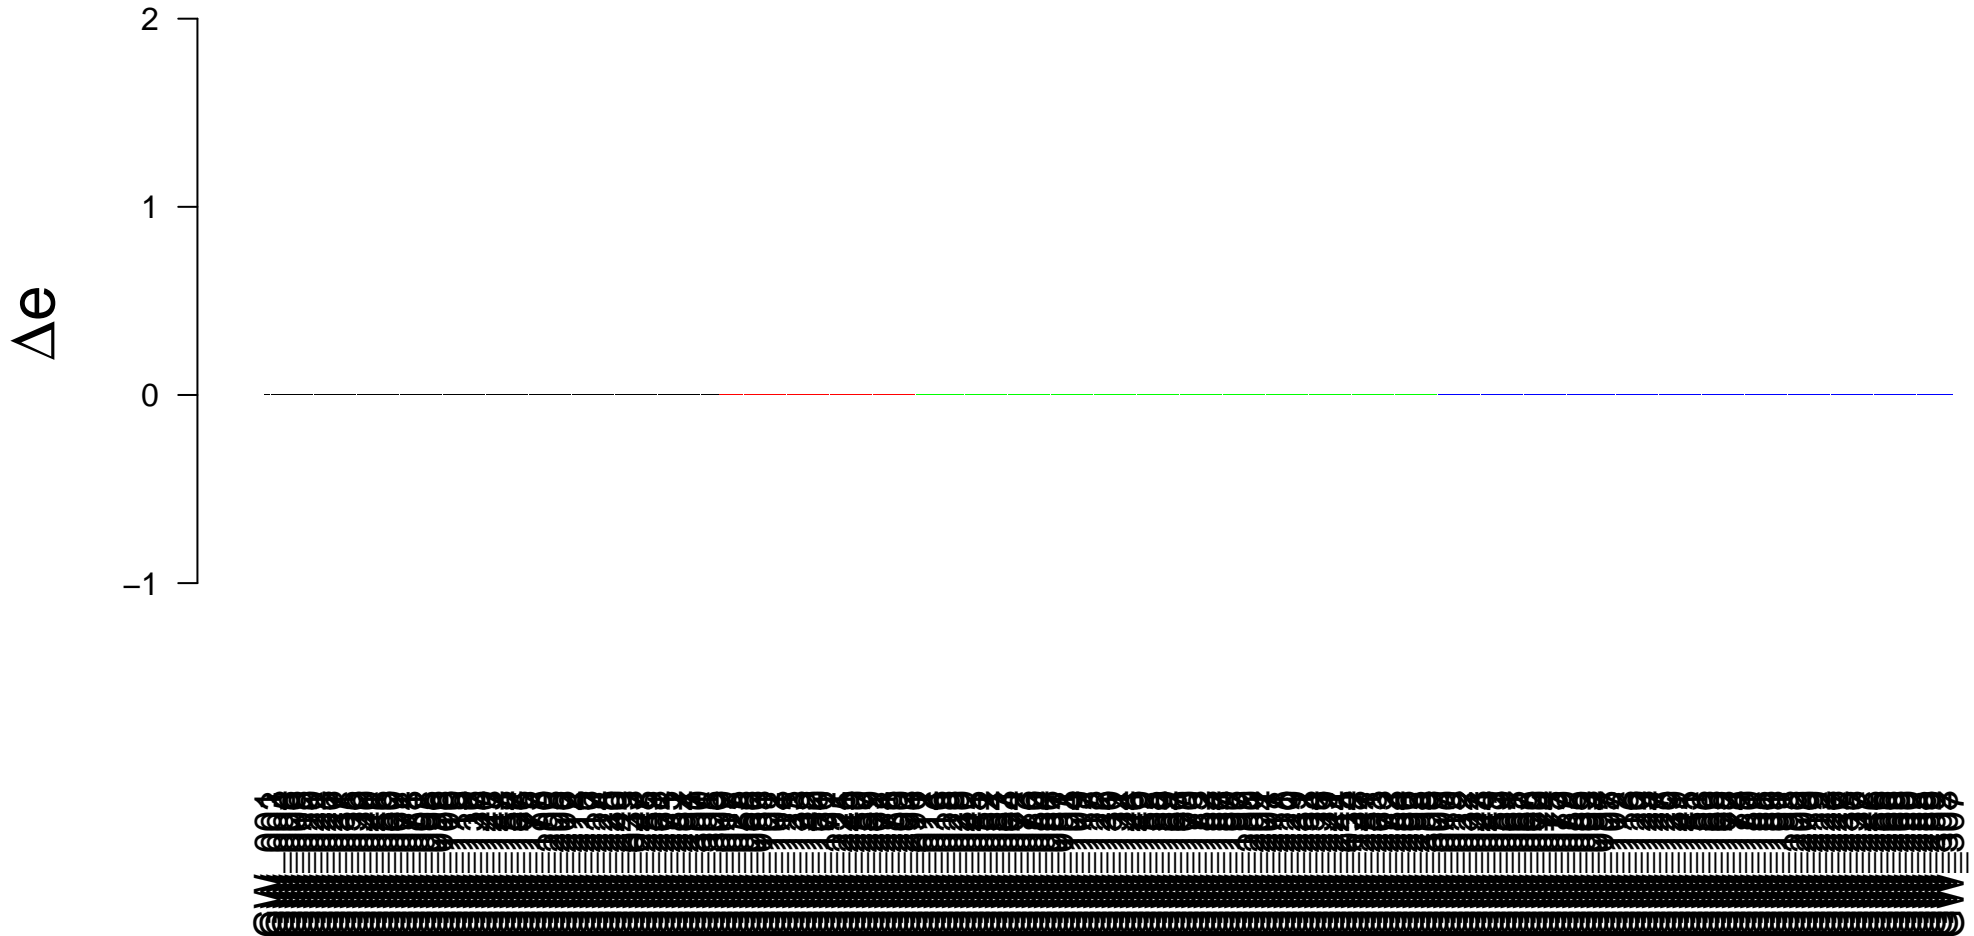

Expression of positive regulation of neuron differentiation in Spot L

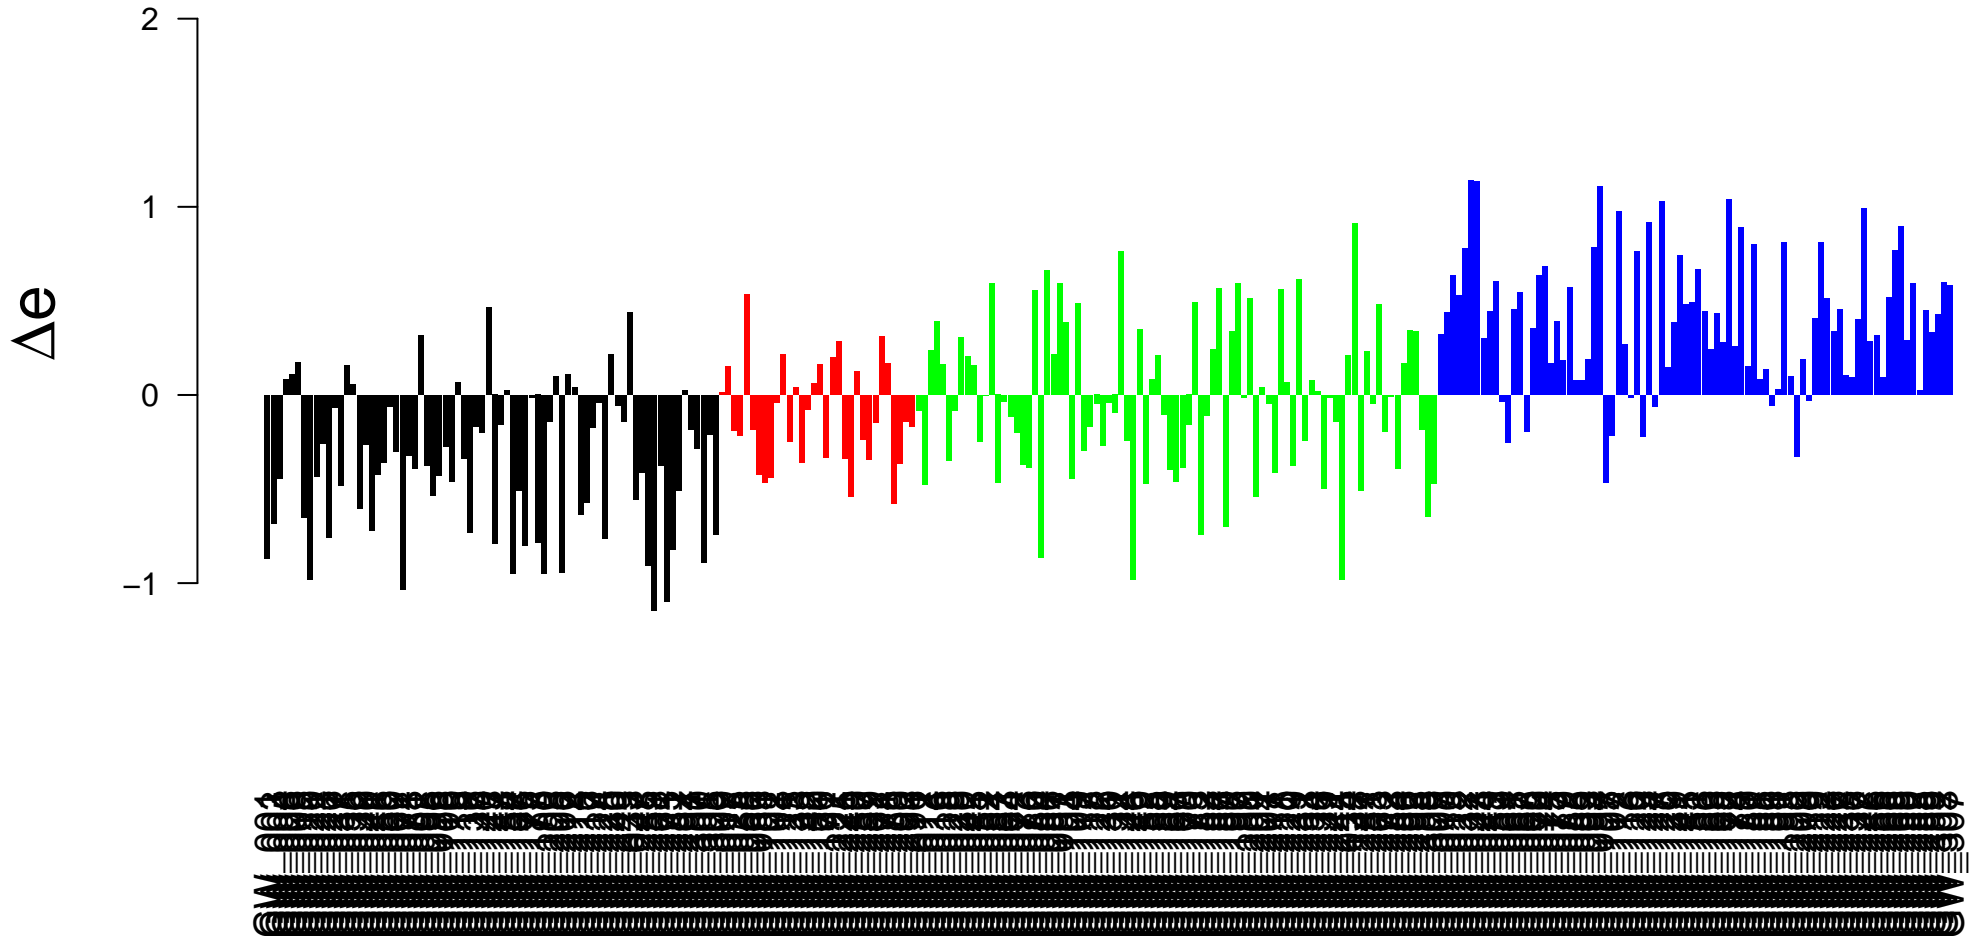

Expression of positive regulation of neuron differentiation in Spot M

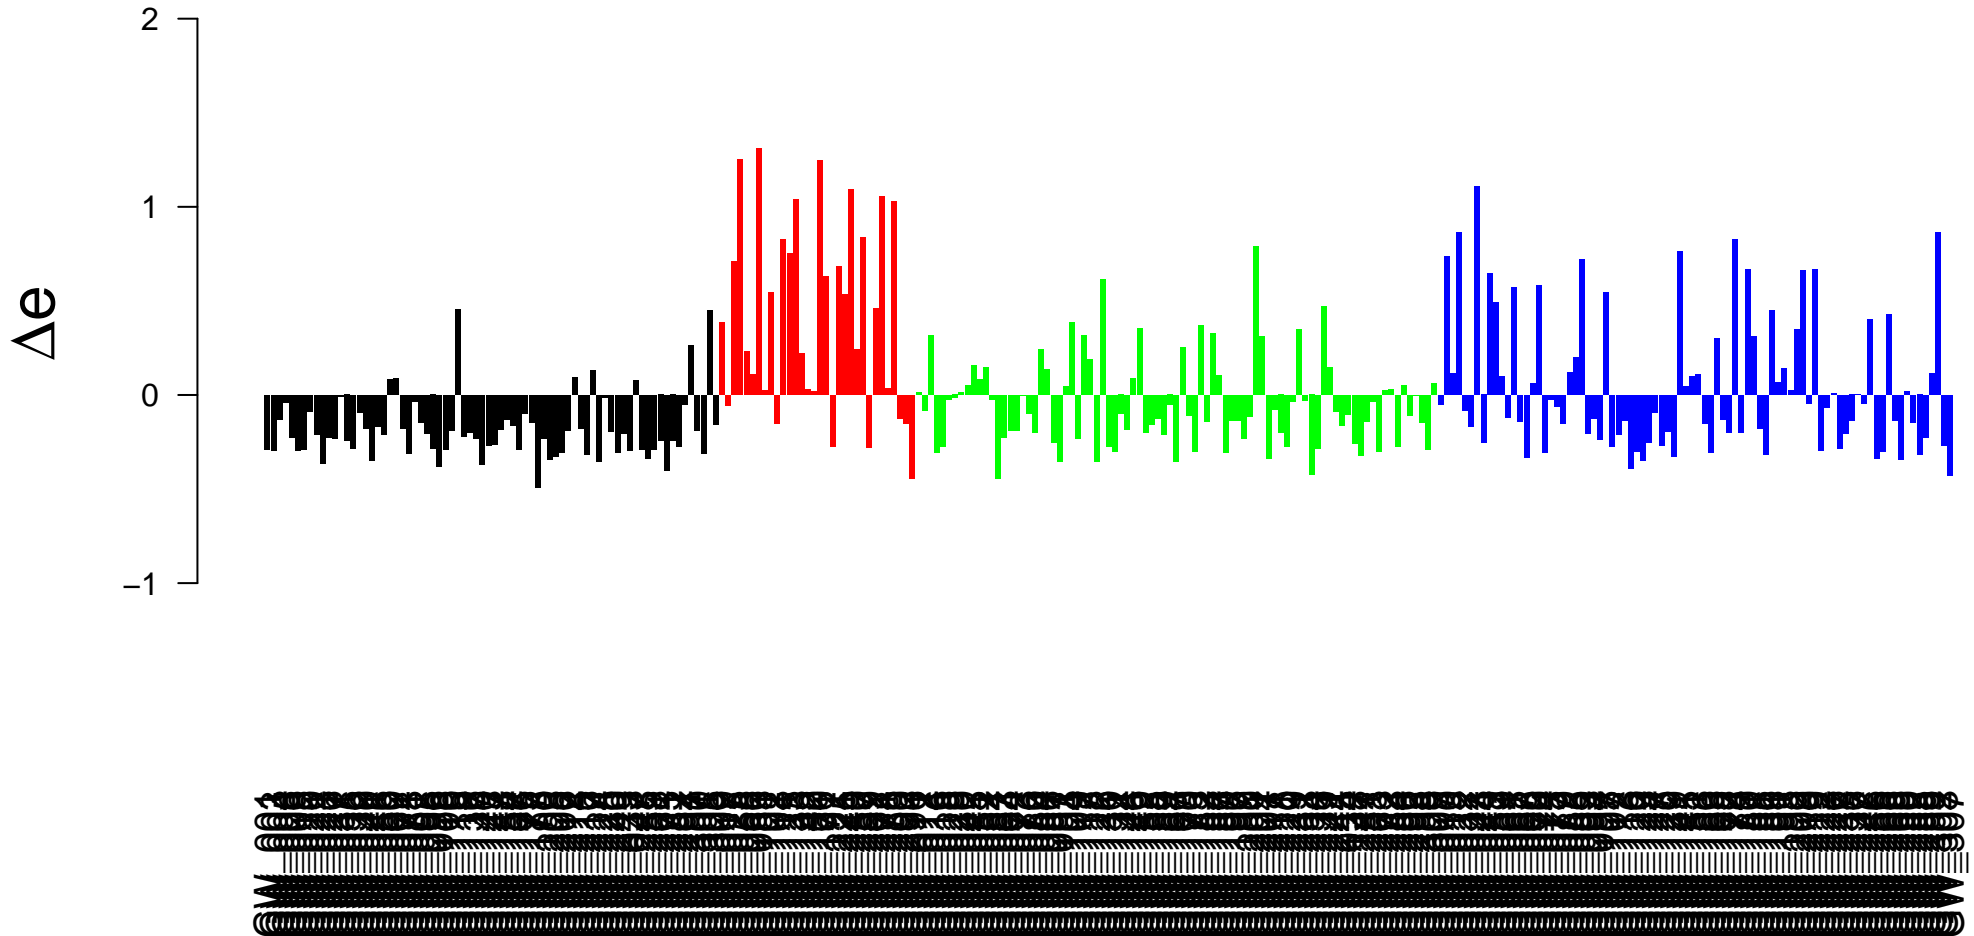

Expression of positive regulation of neuron differentiation in Spot N

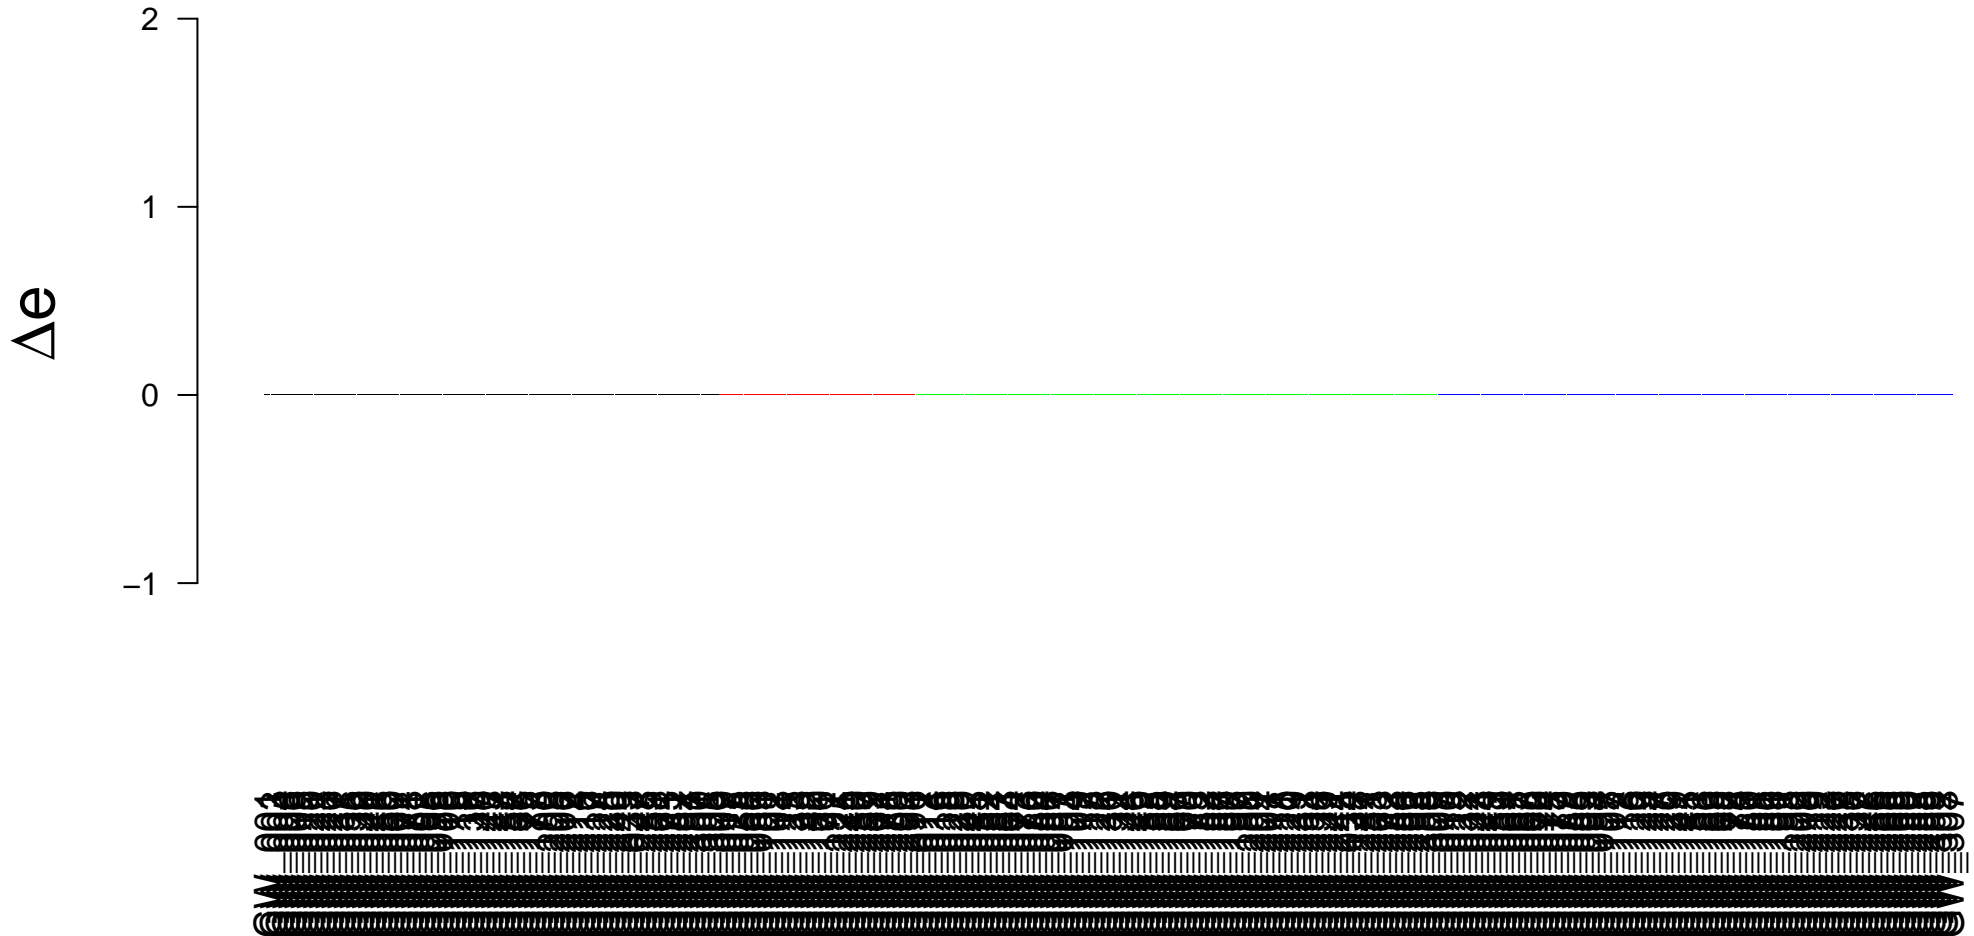

Expression of positive regulation of neuron differentiation in Spot O

Expression of positive regulation of neuron differentiation in Spot P

Expression of positive regulation of neuron differentiation in Spot Q

Expression of positive regulation of neuron differentiation in Spot R
