

positive regulation of neuron projection development

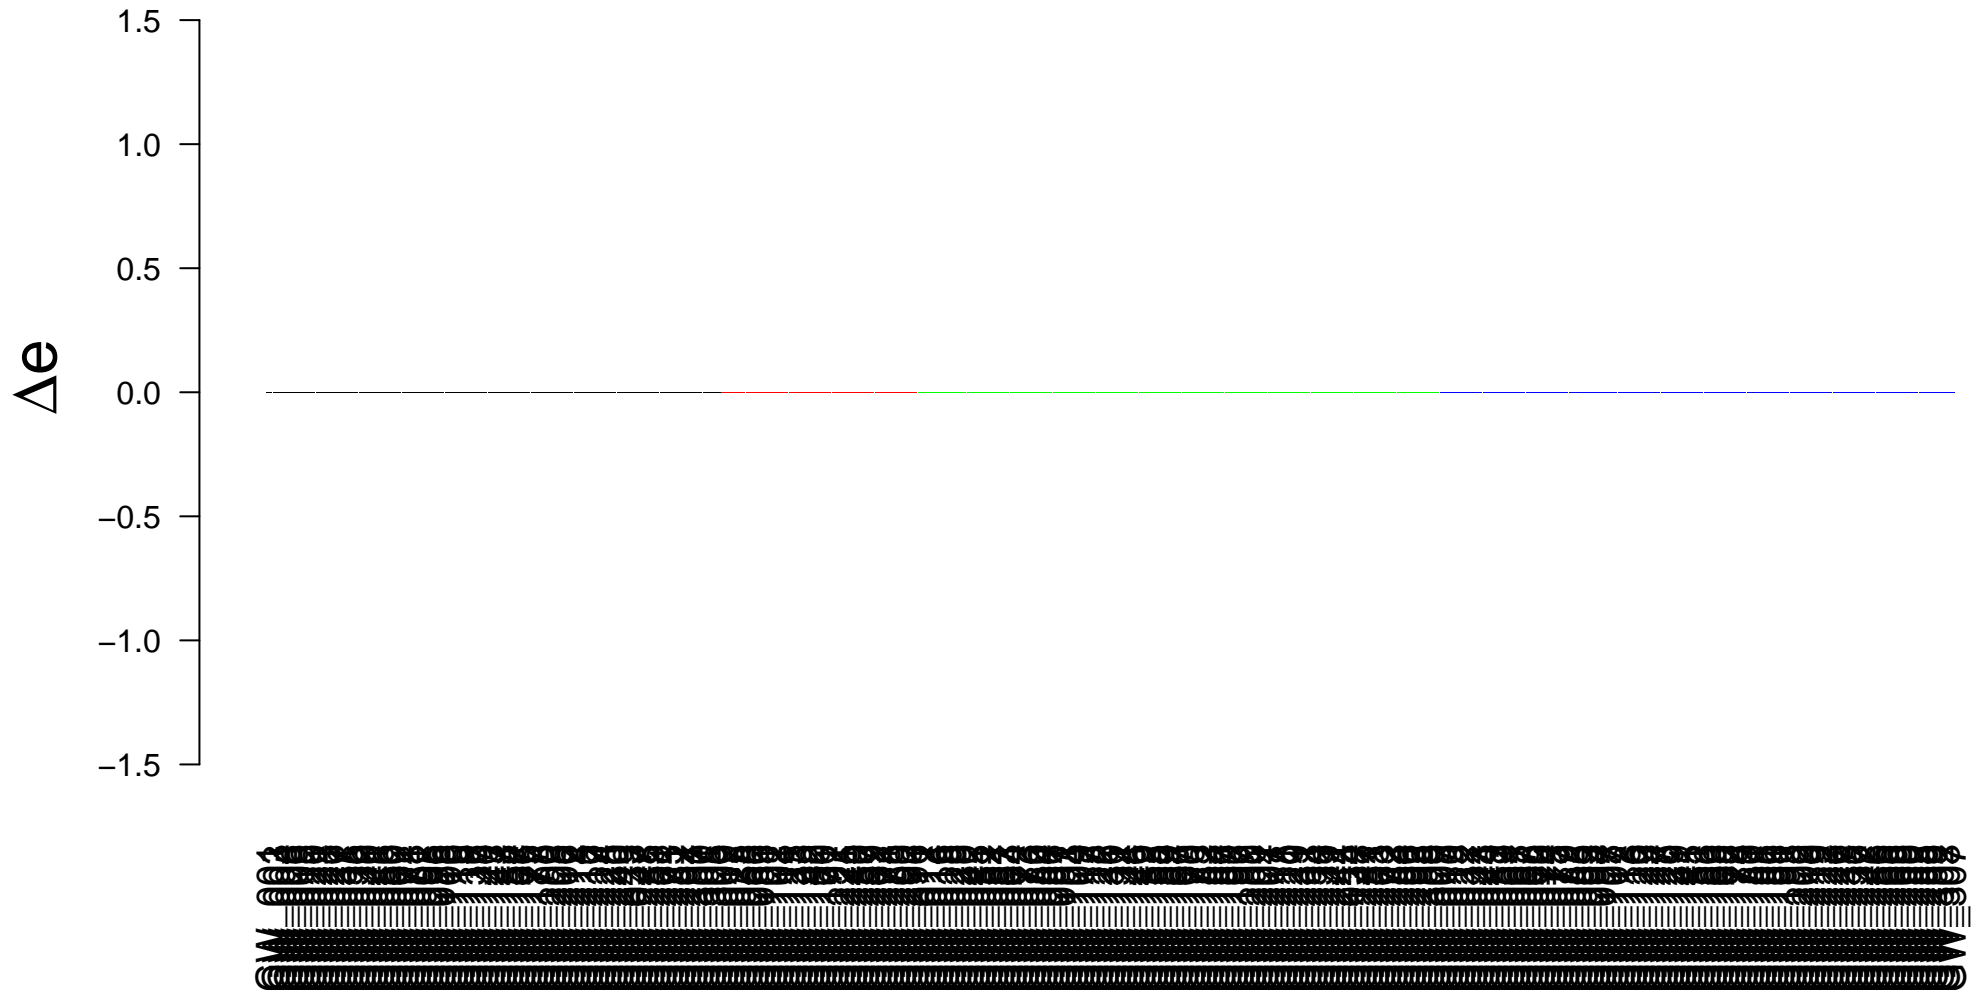

positive regulation of neuron projection development

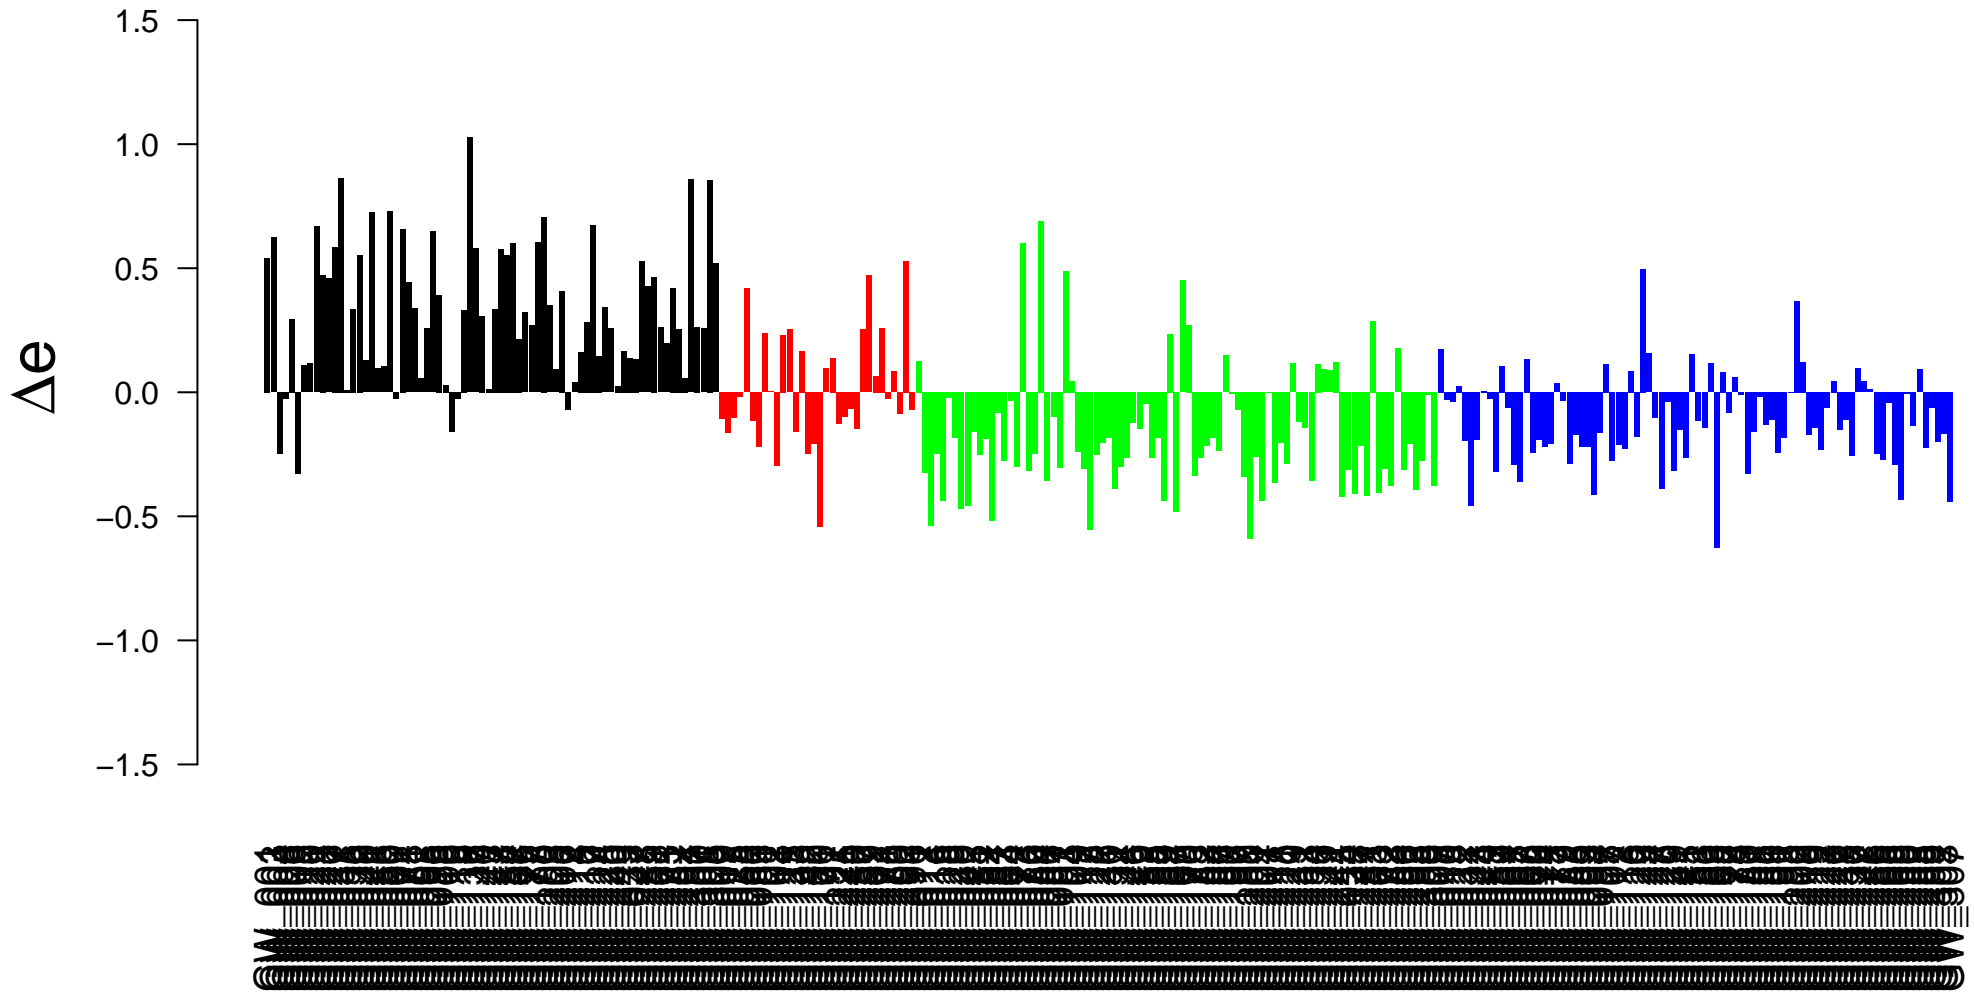

Enrichment in spots: positive regulation of neuron projection development

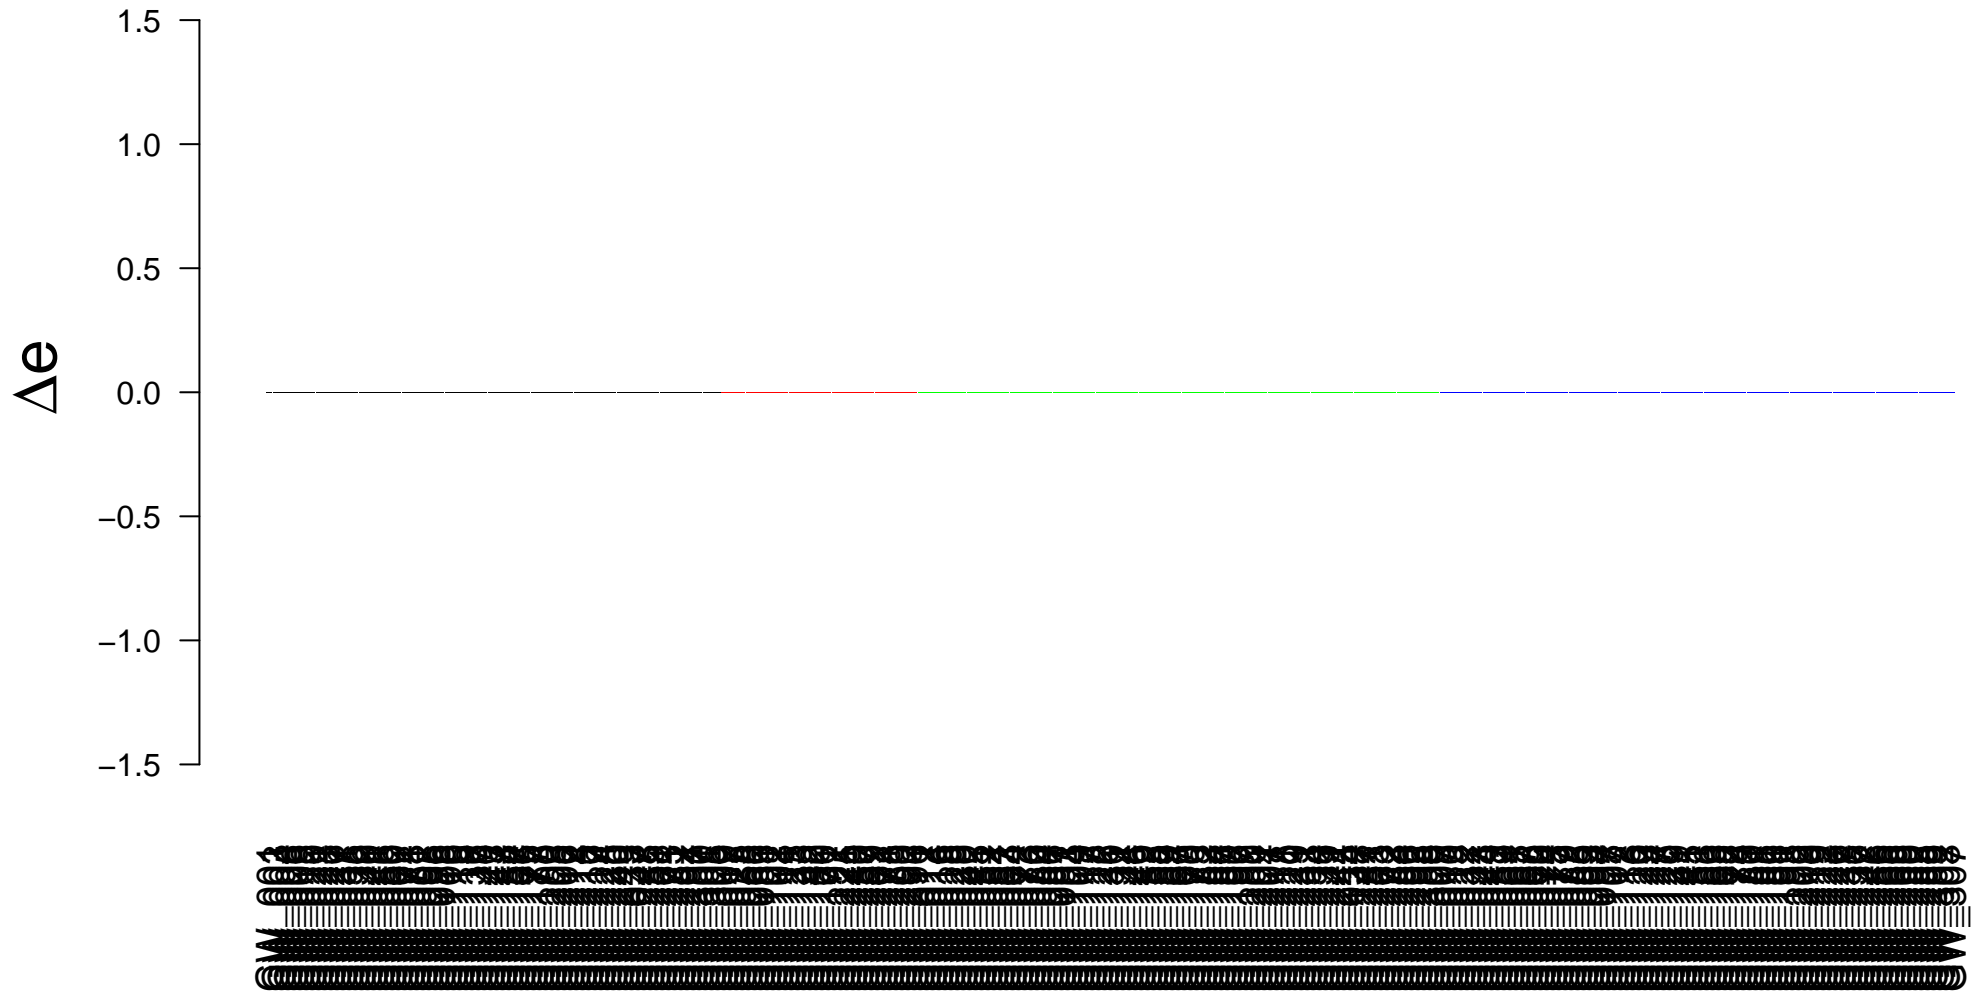

Expression of positive regulation of neuron projection development in Spot A

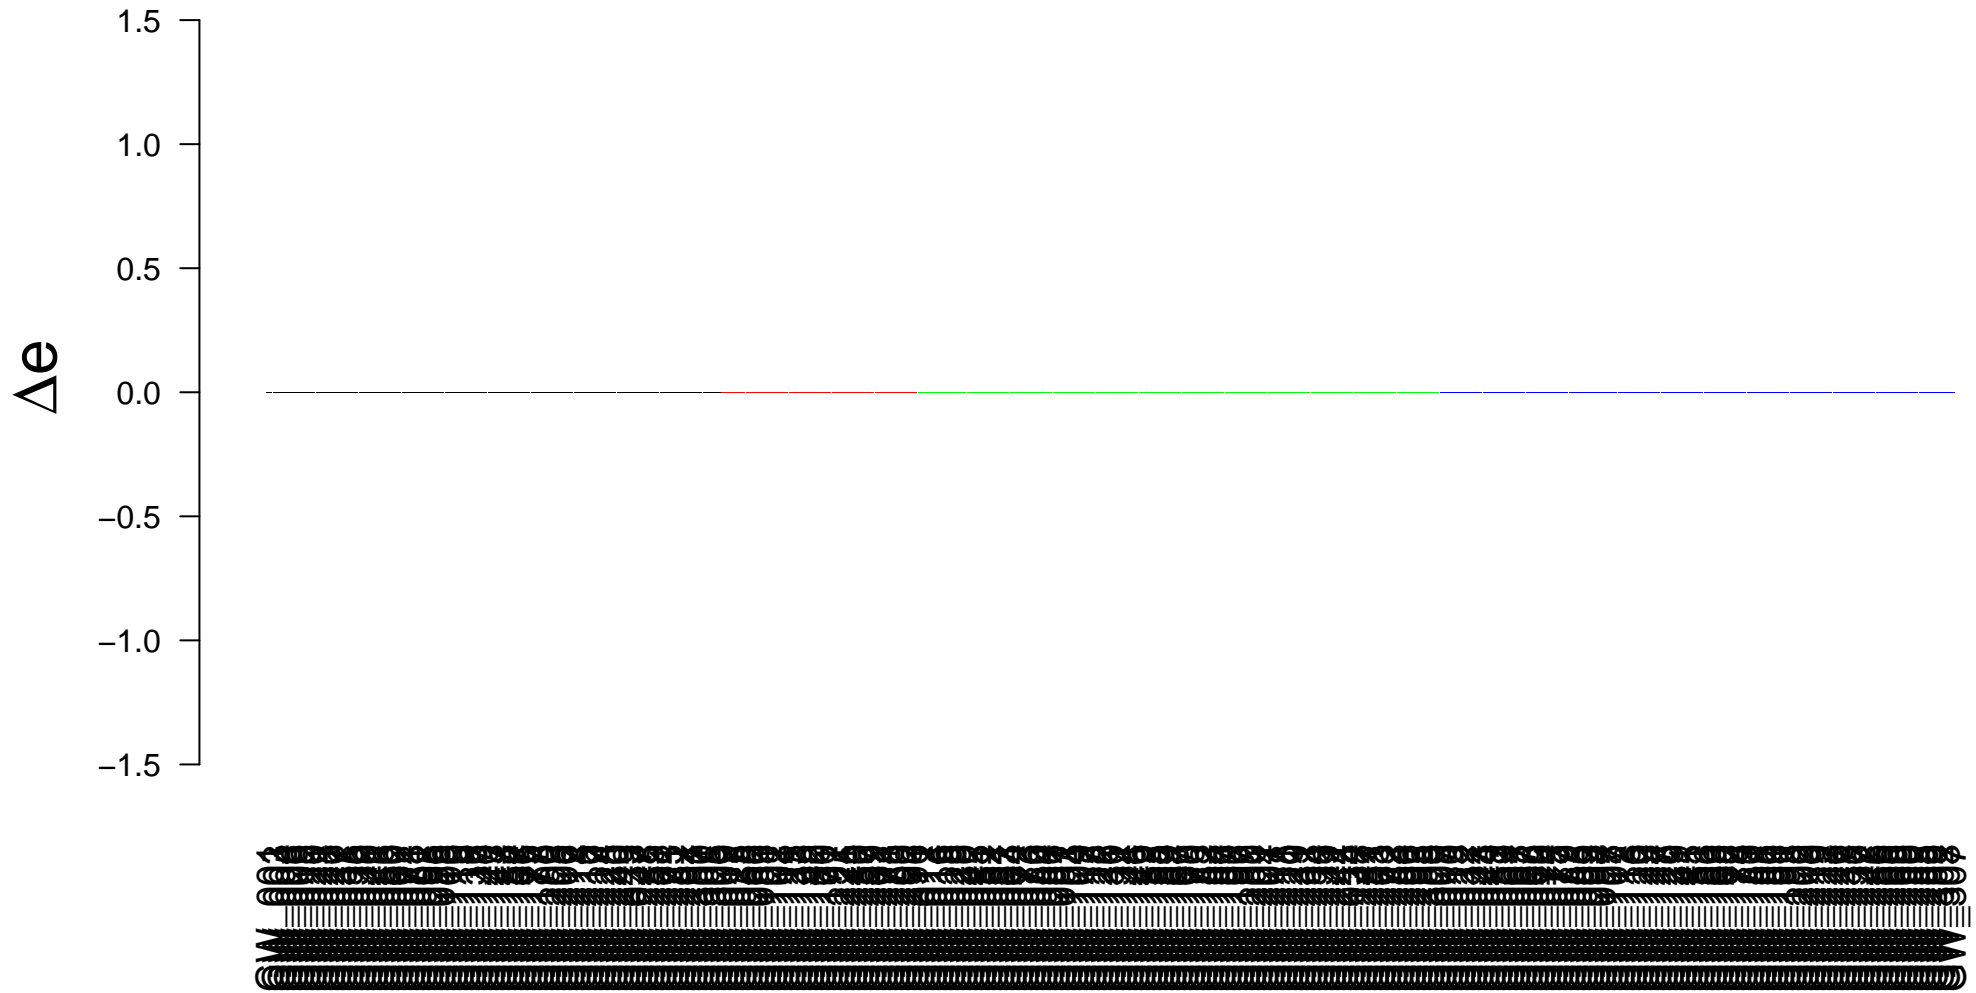

Expression of positive regulation of neuron projection development in Spot B

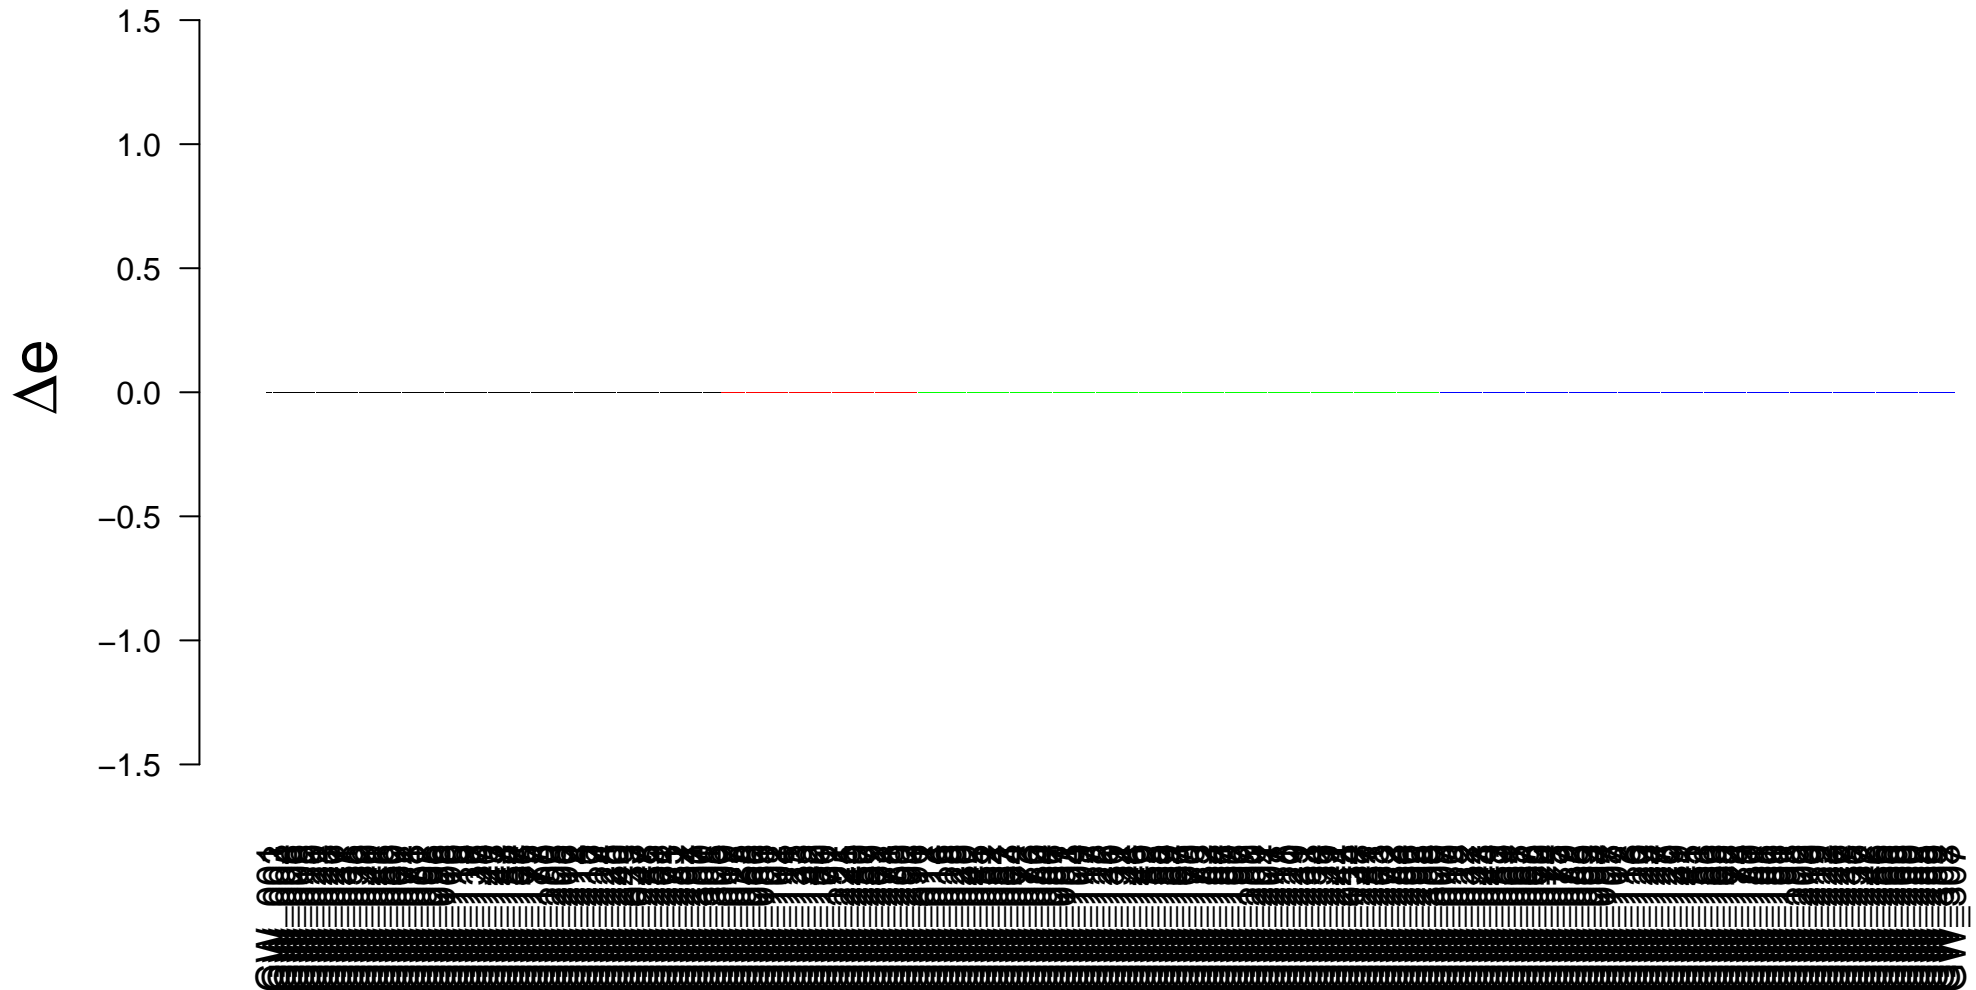

Expression of positive regulation of neuron projection development in Spot C

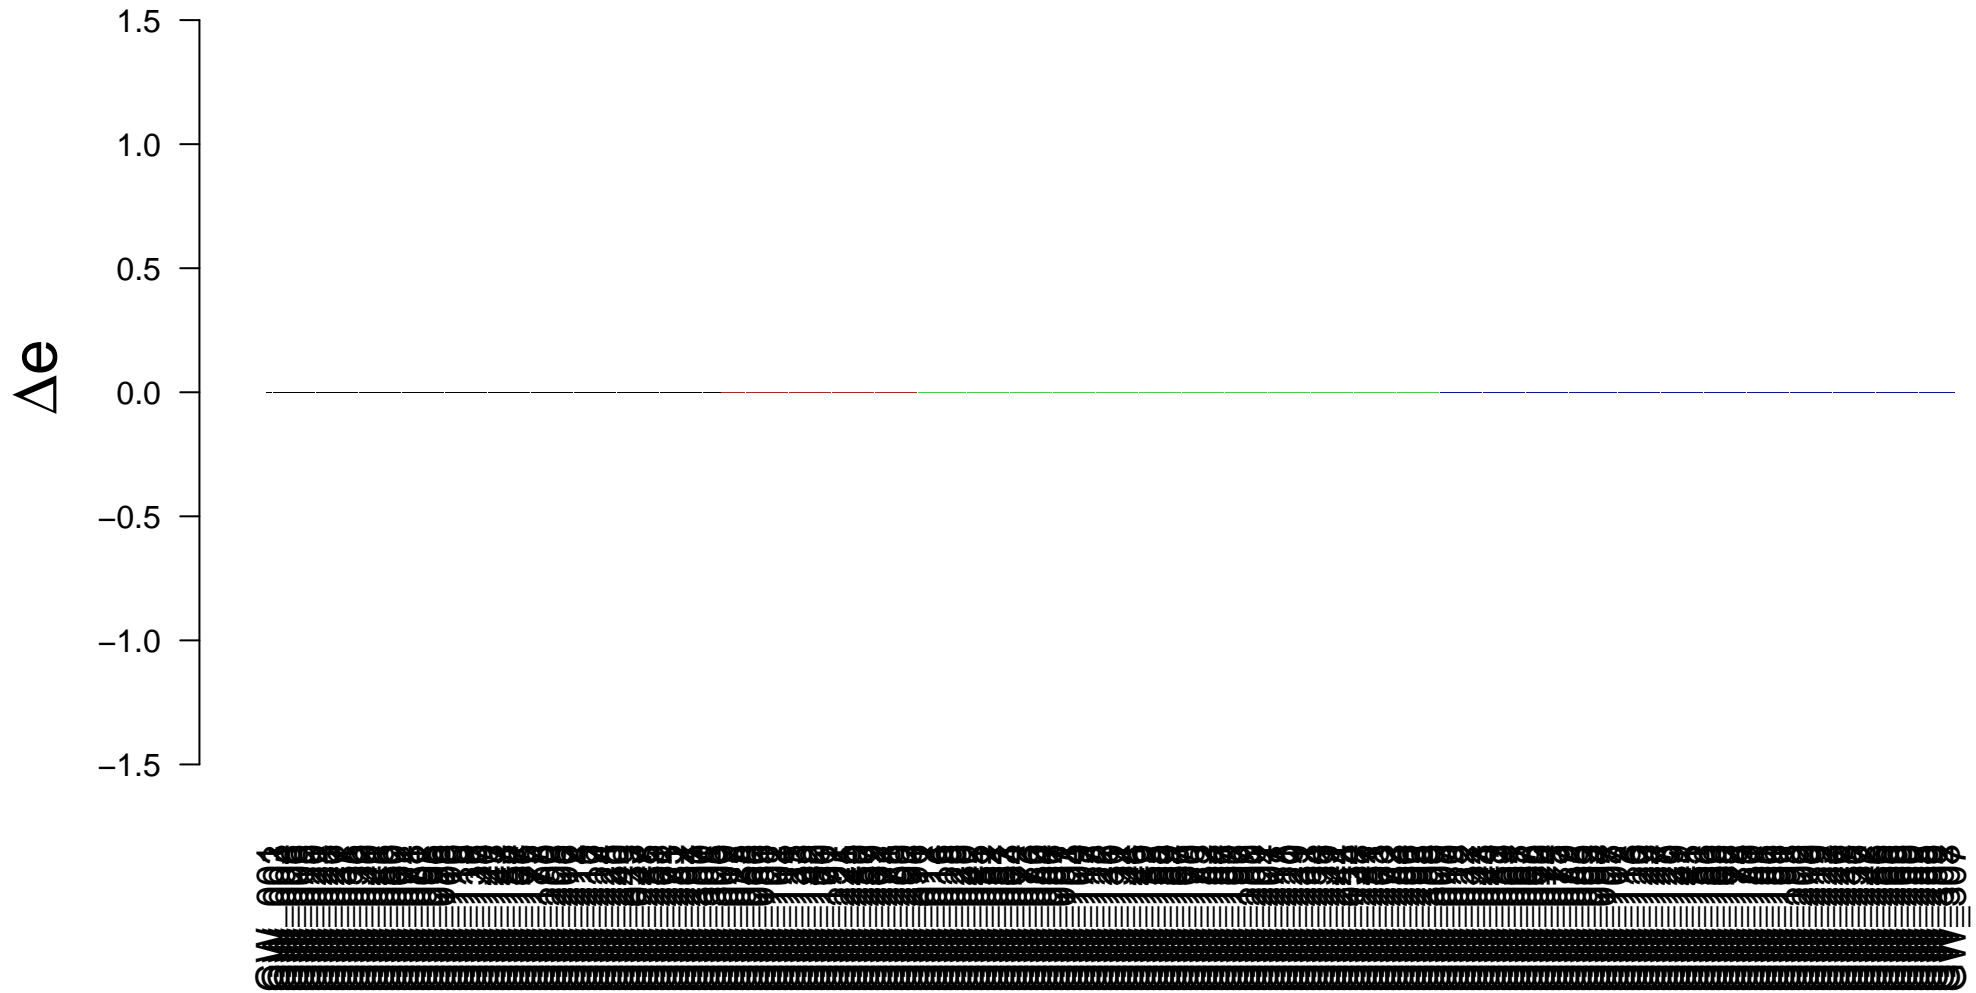

Expression of positive regulation of neuron projection development in Spot D

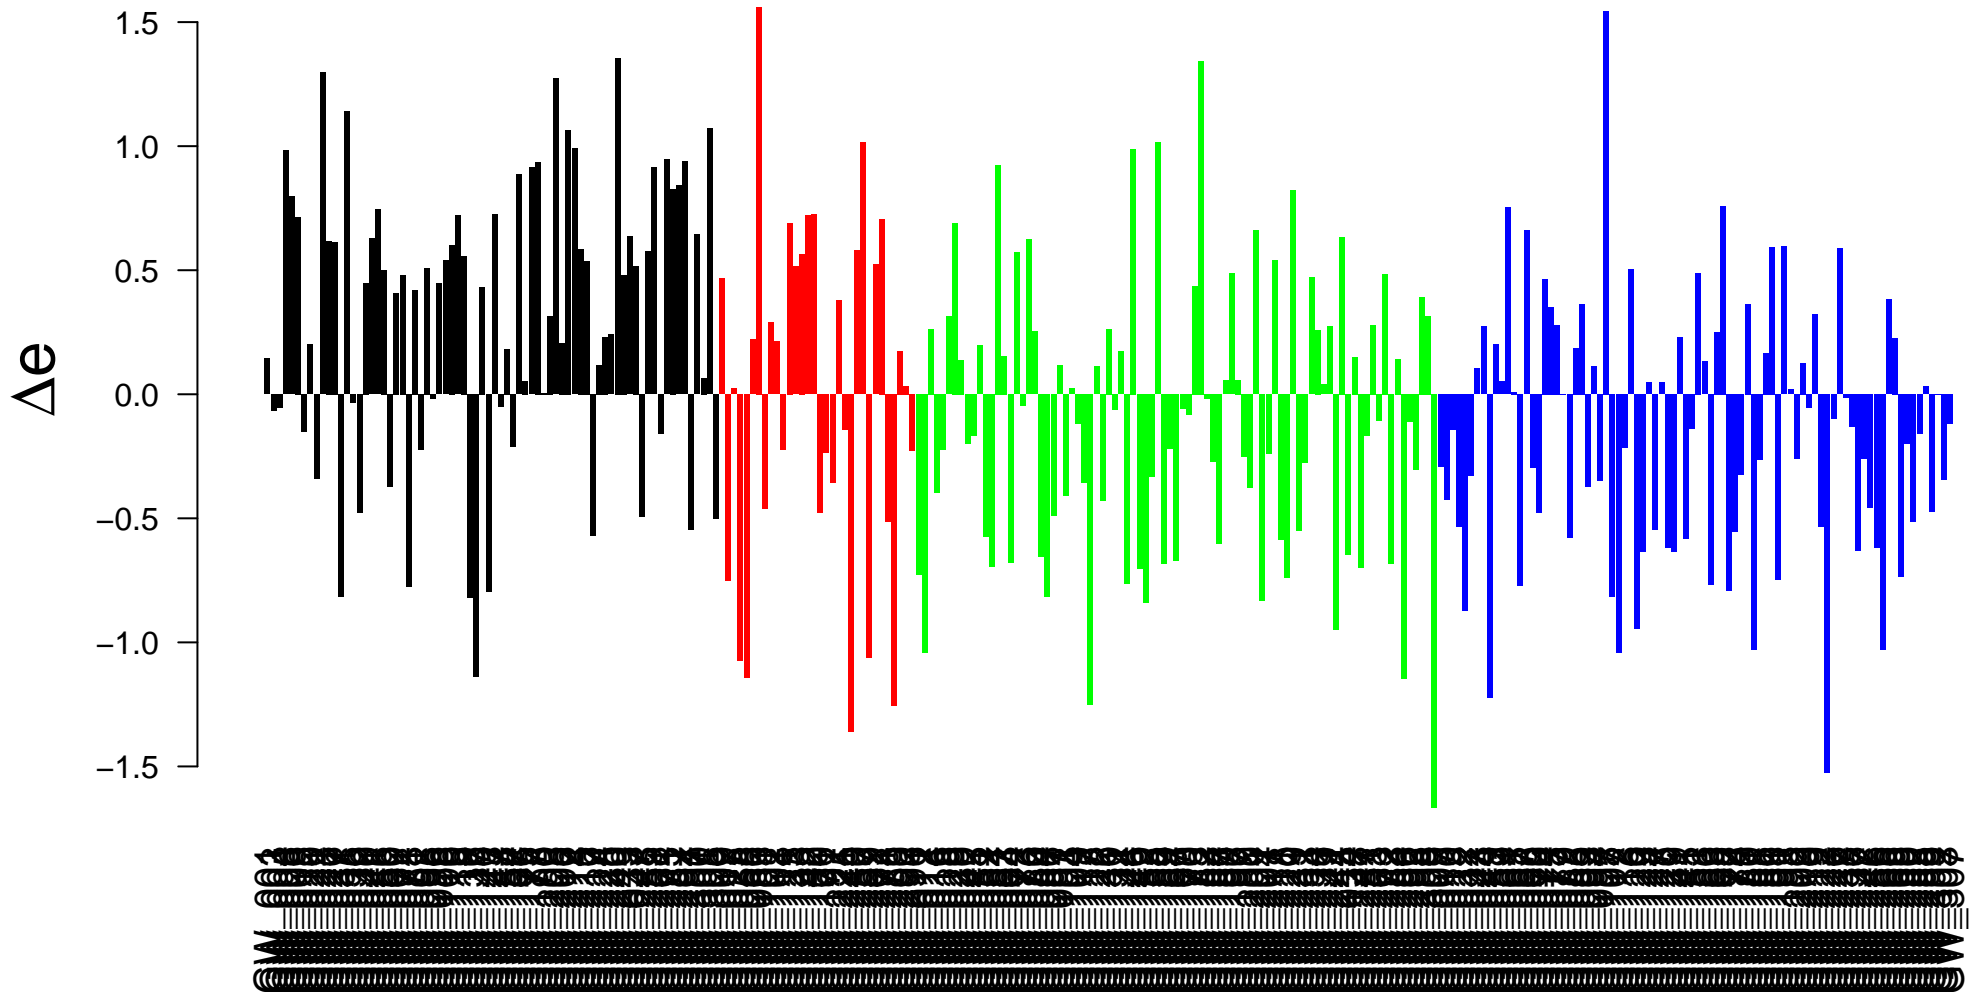

Expression of positive regulation of neuron projection development in Spot E

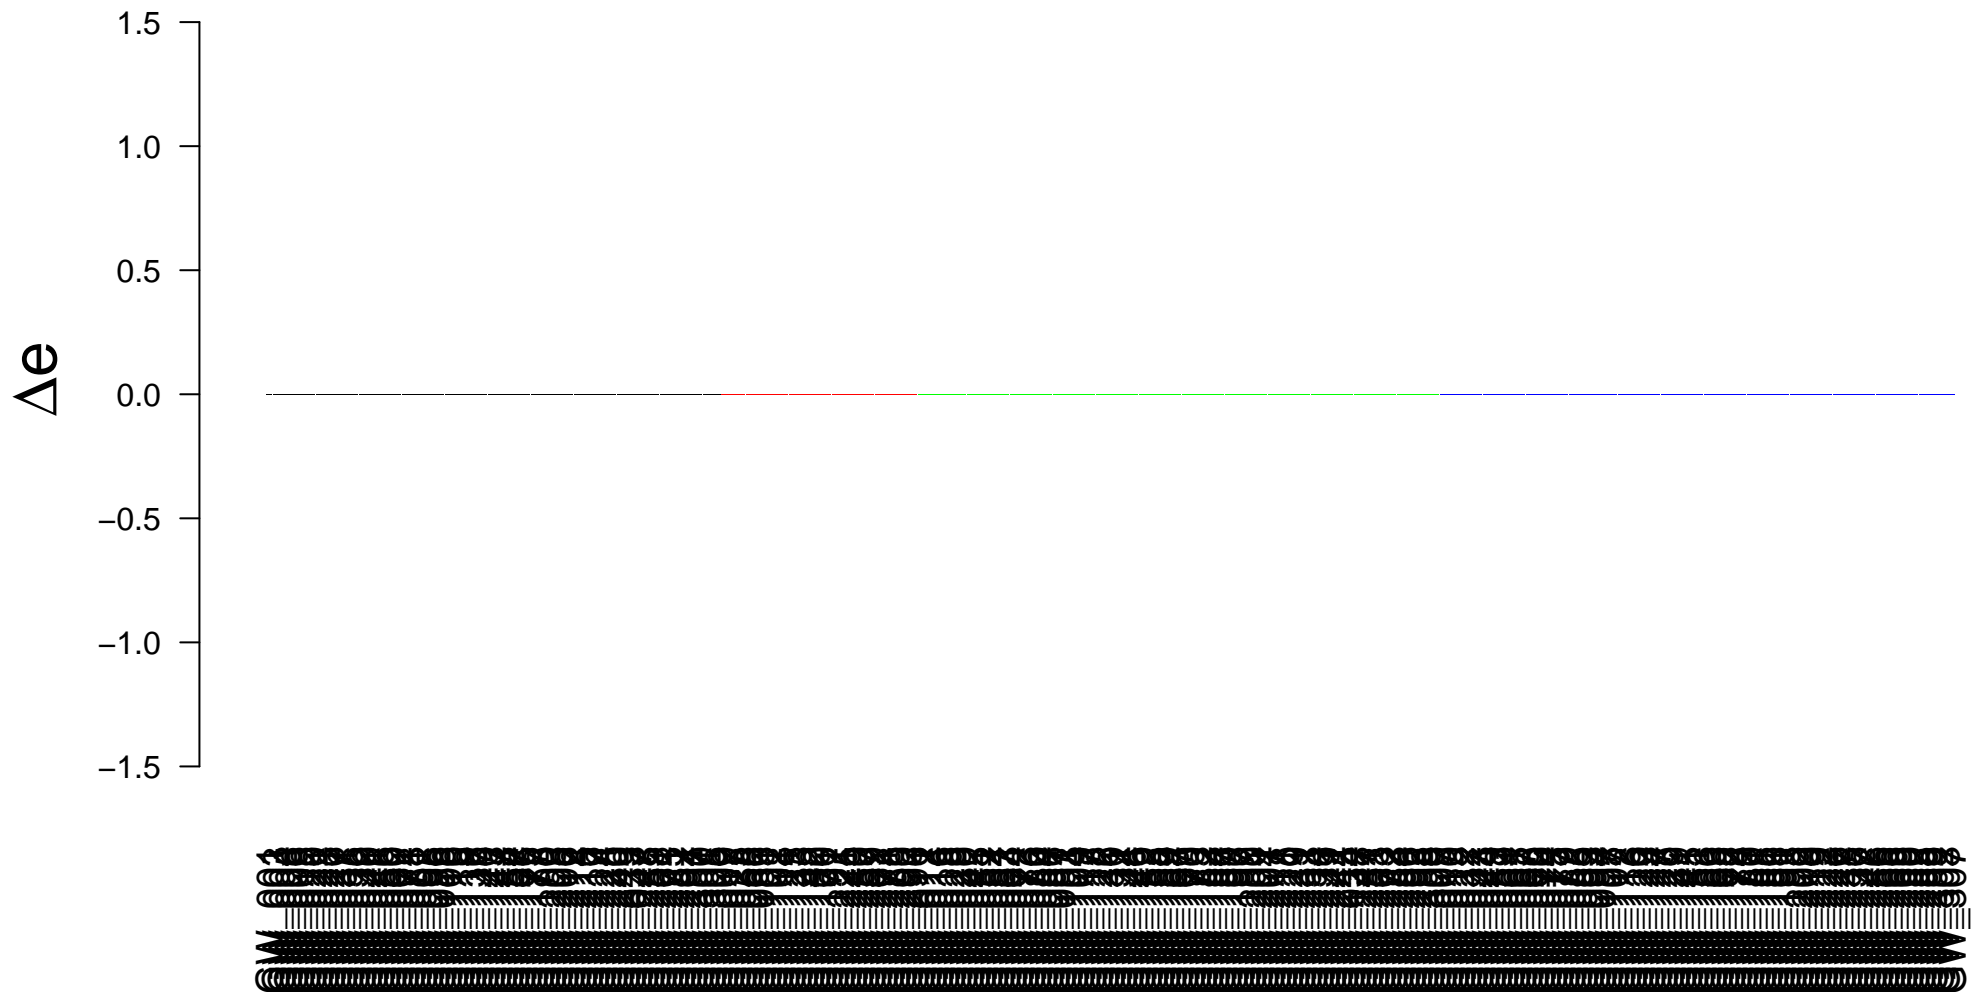

Expression of positive regulation of neuron projection development in Spot F

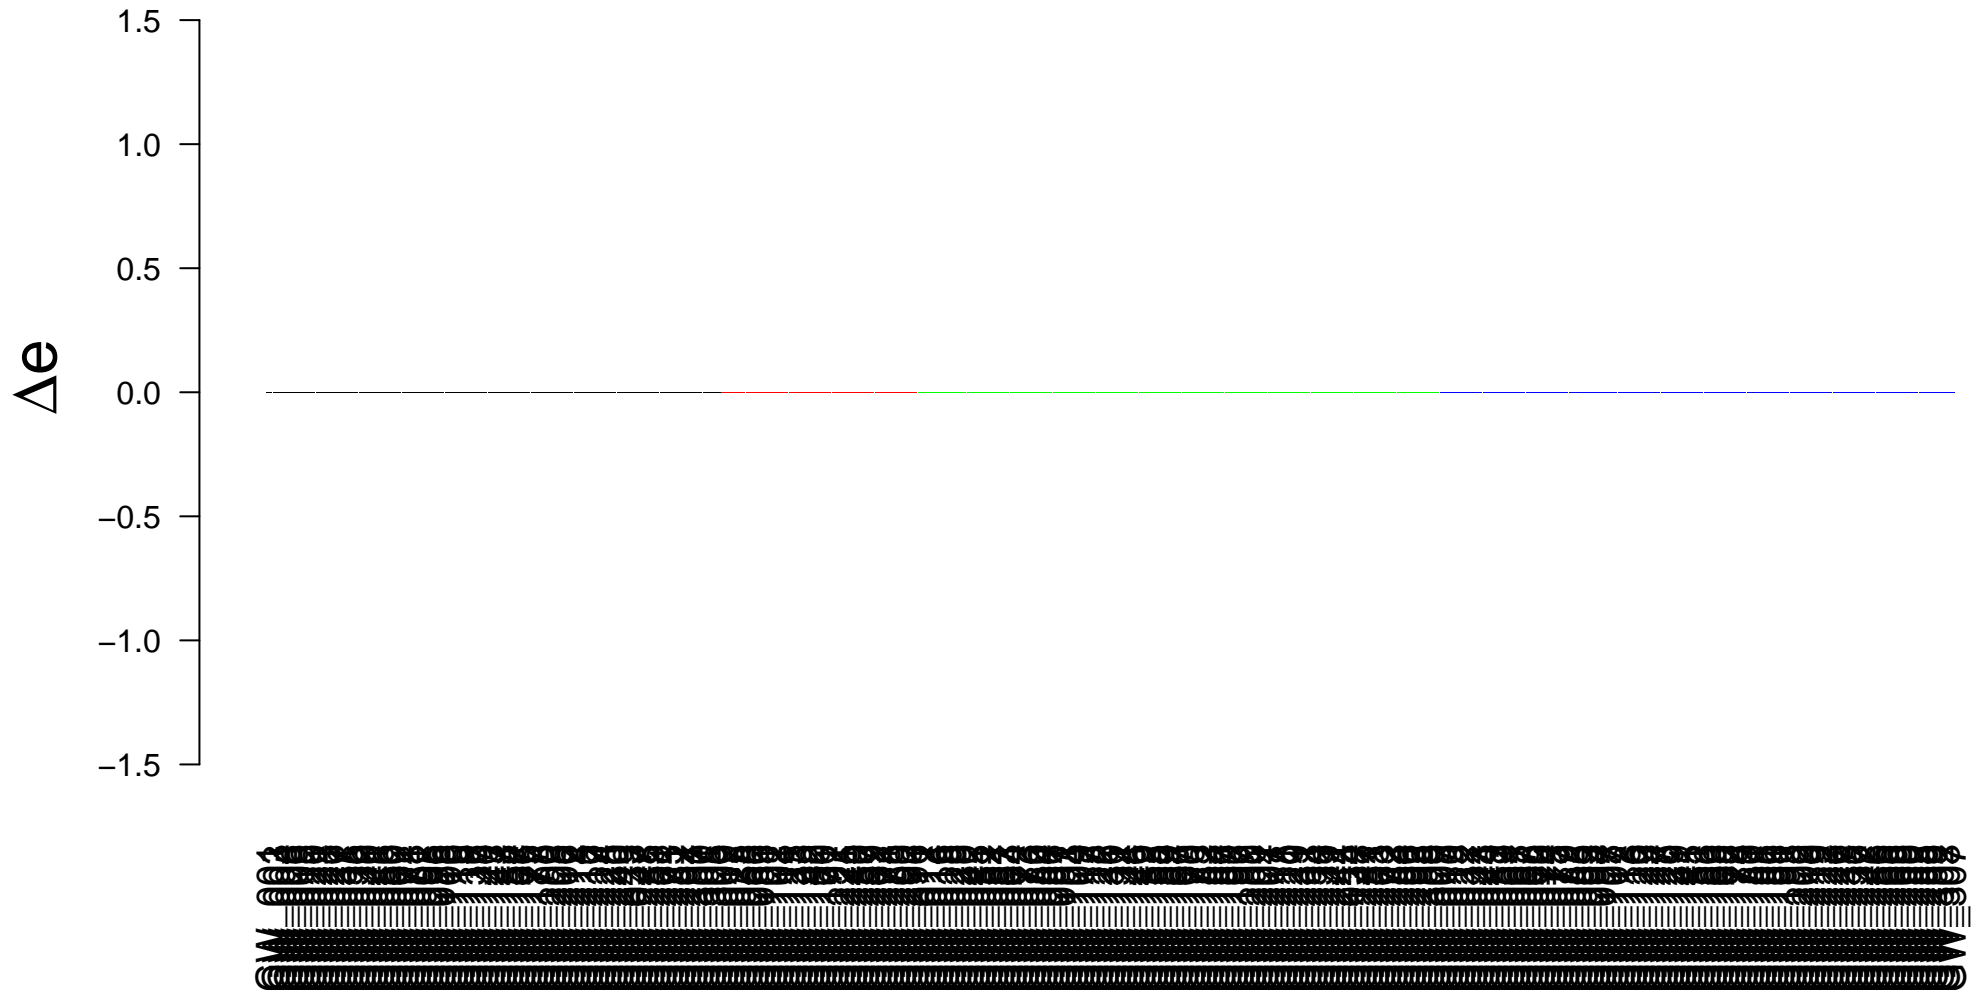

Expression of positive regulation of neuron projection development in Spot G

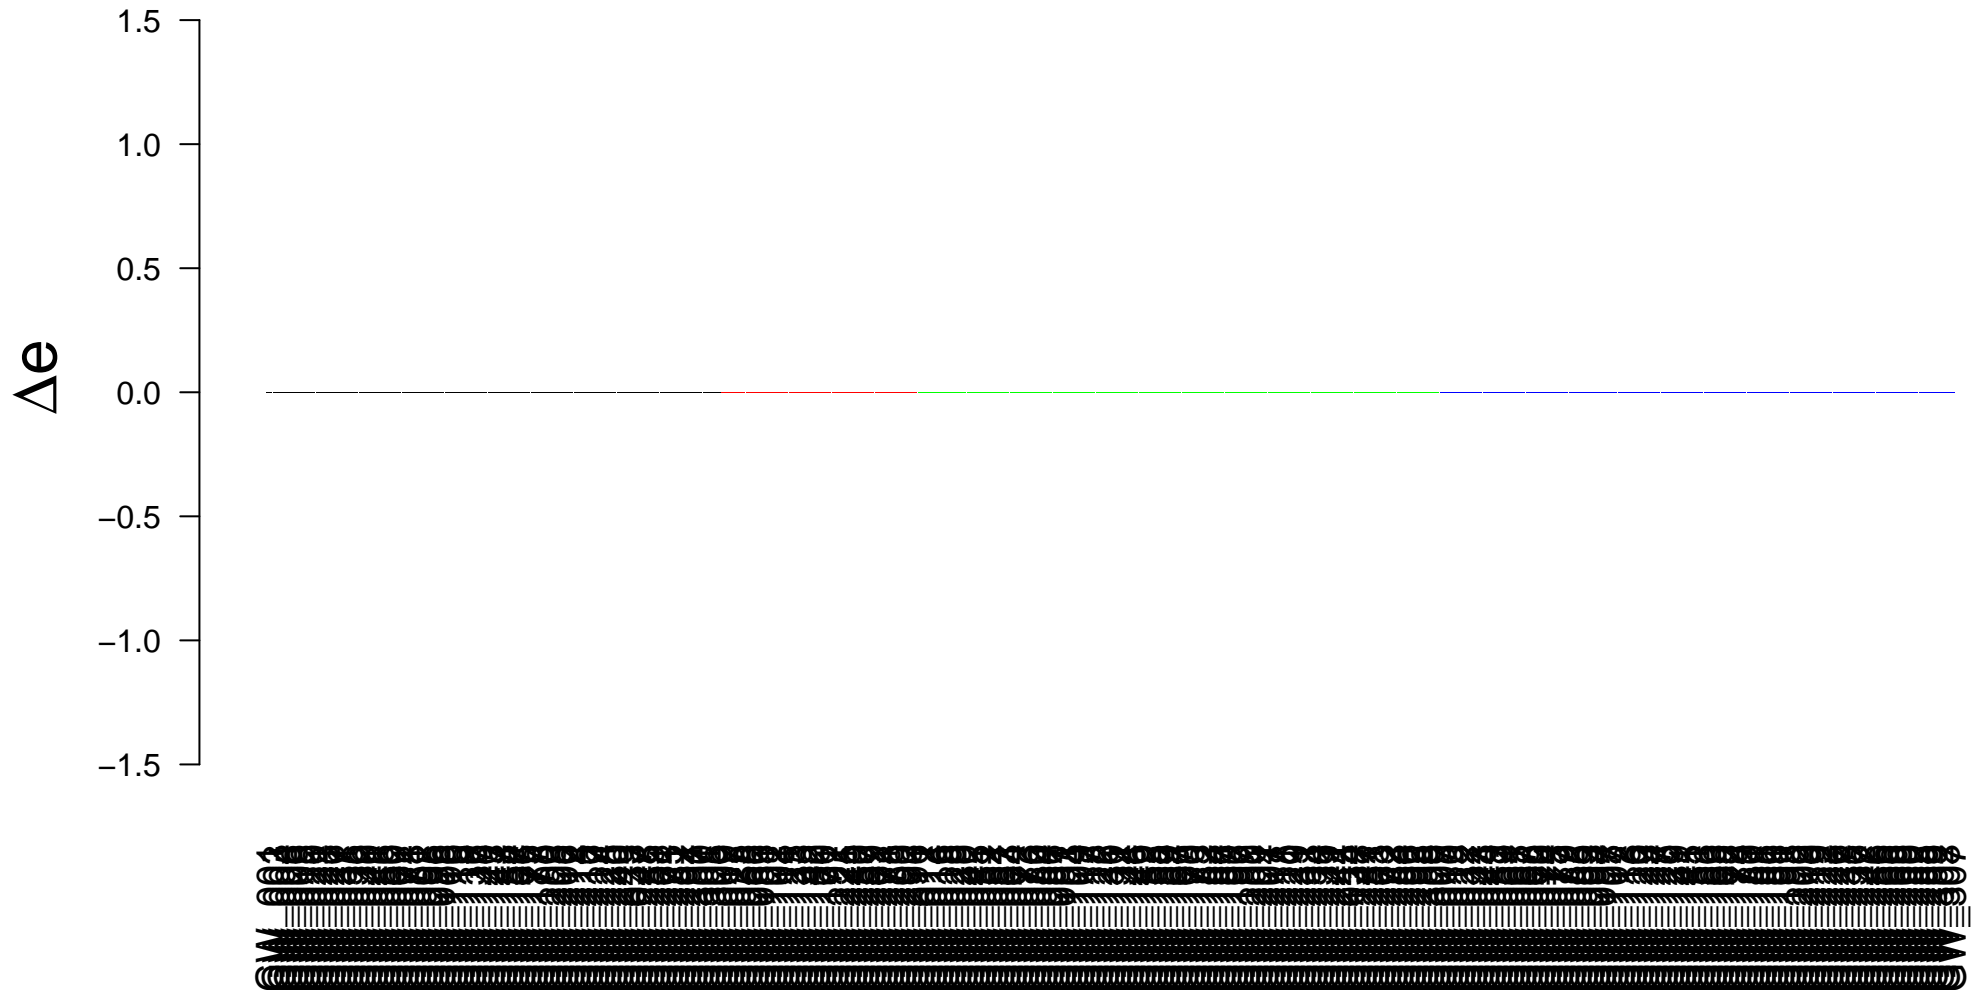

Expression of positive regulation of neuron projection development in Spot H

Expression of positive regulation of neuron projection development in Spot I

Expression of positive regulation of neuron projection development in Spot J

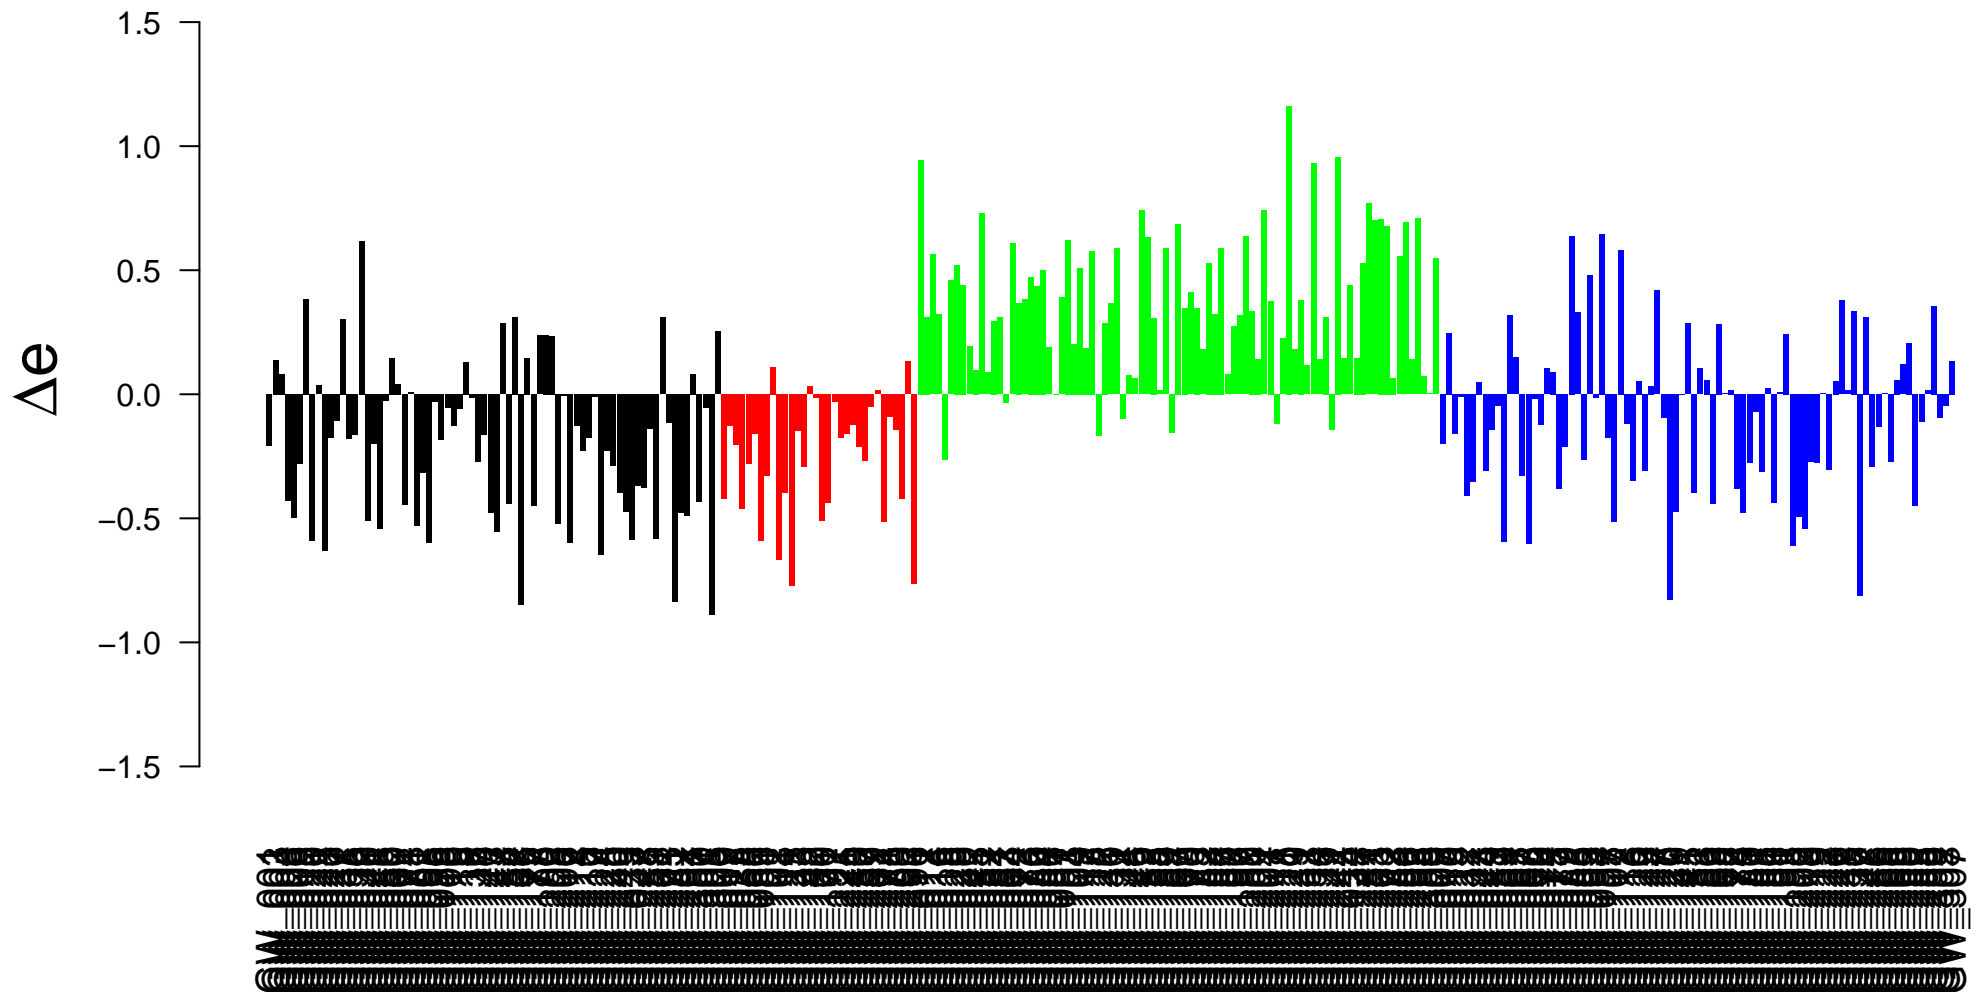

Expression of positive regulation of neuron projection development in Spot K
