

positive regulation of peptidyl-threonine phosphorylation

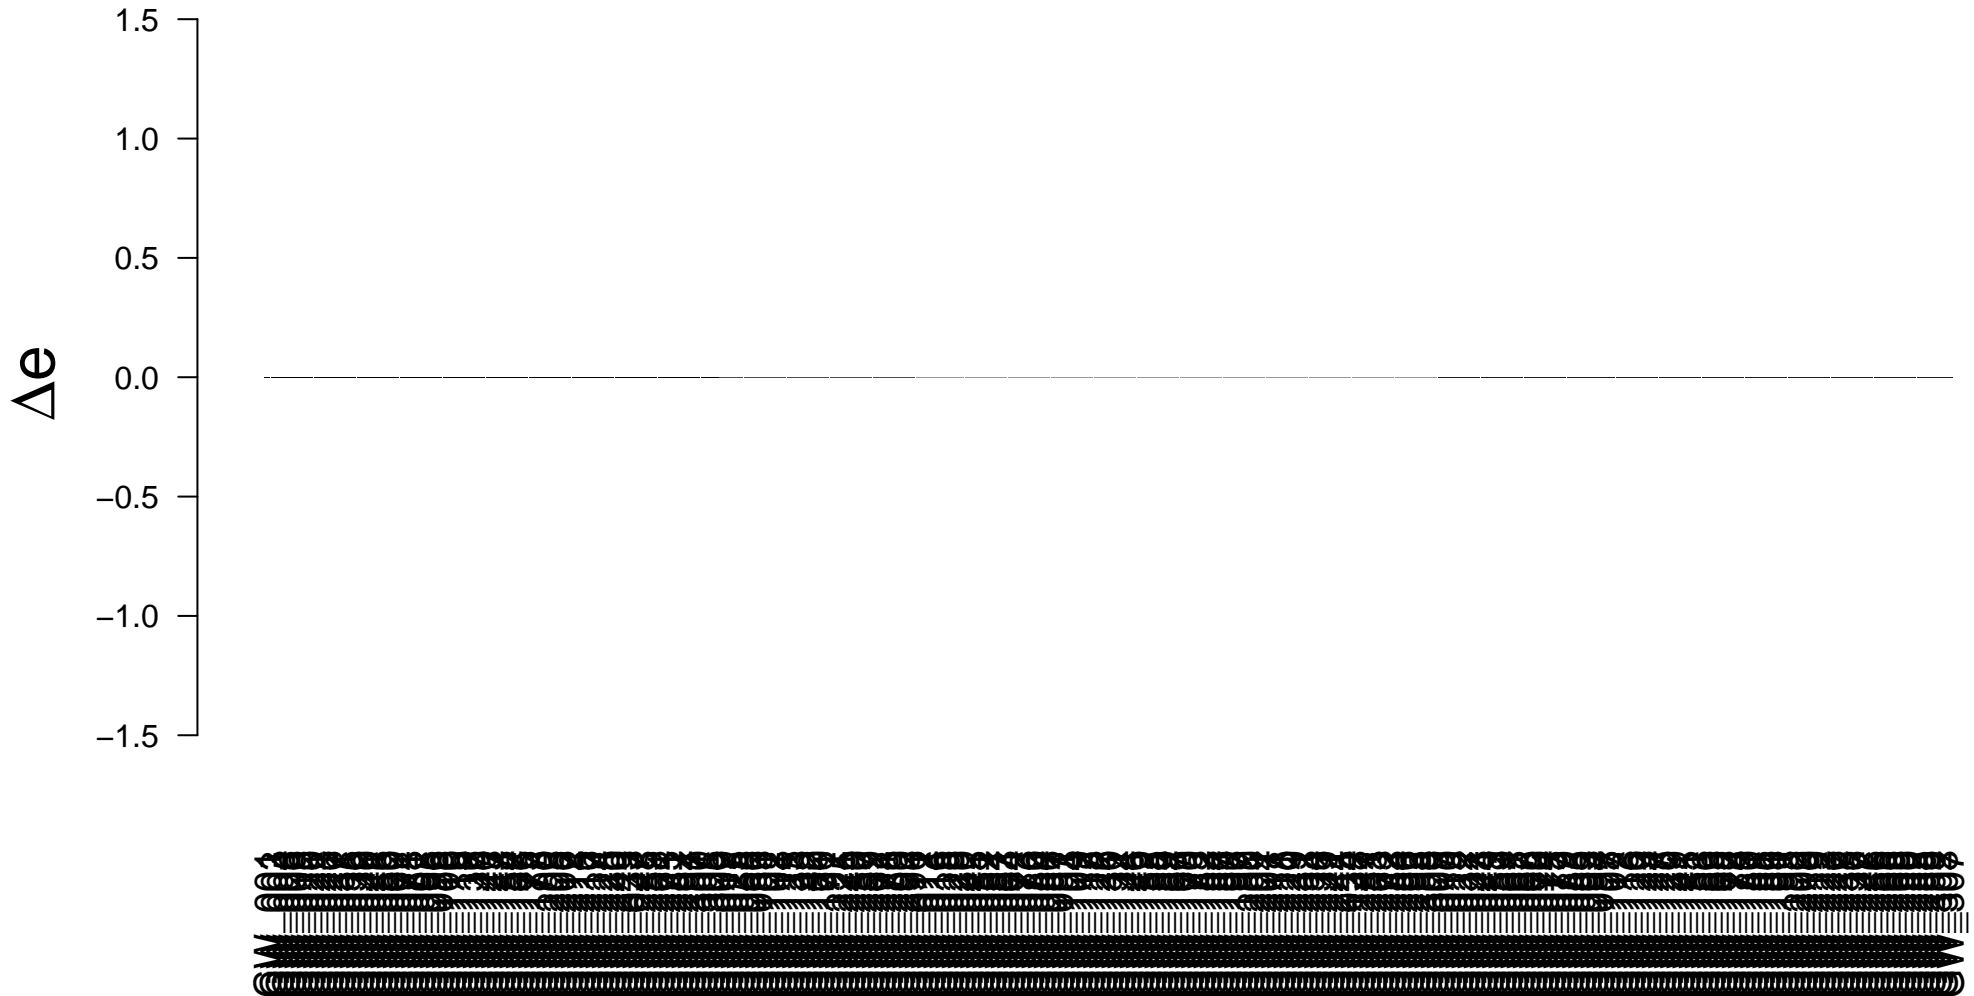

positive regulation of peptidyl-threonine phosphorylation

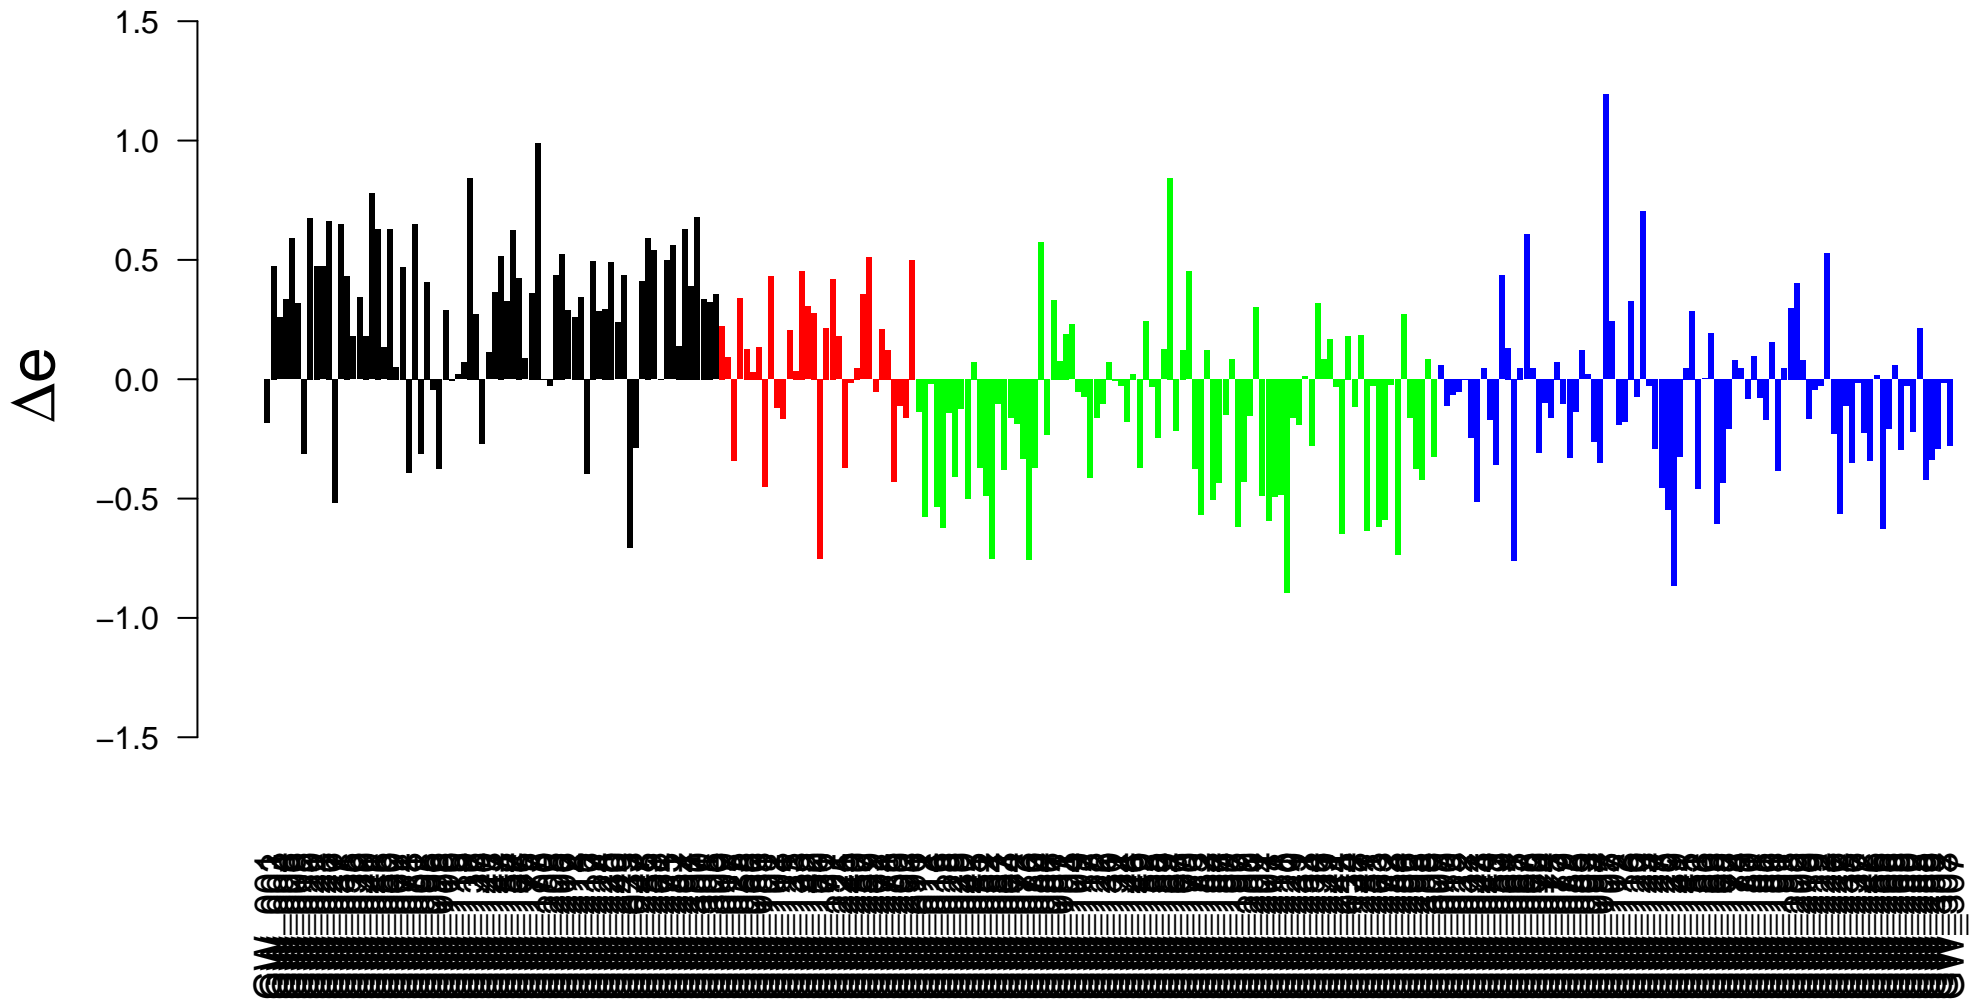

Enrichment in spots: positive regulation of peptidyl–threonine phosphorylation

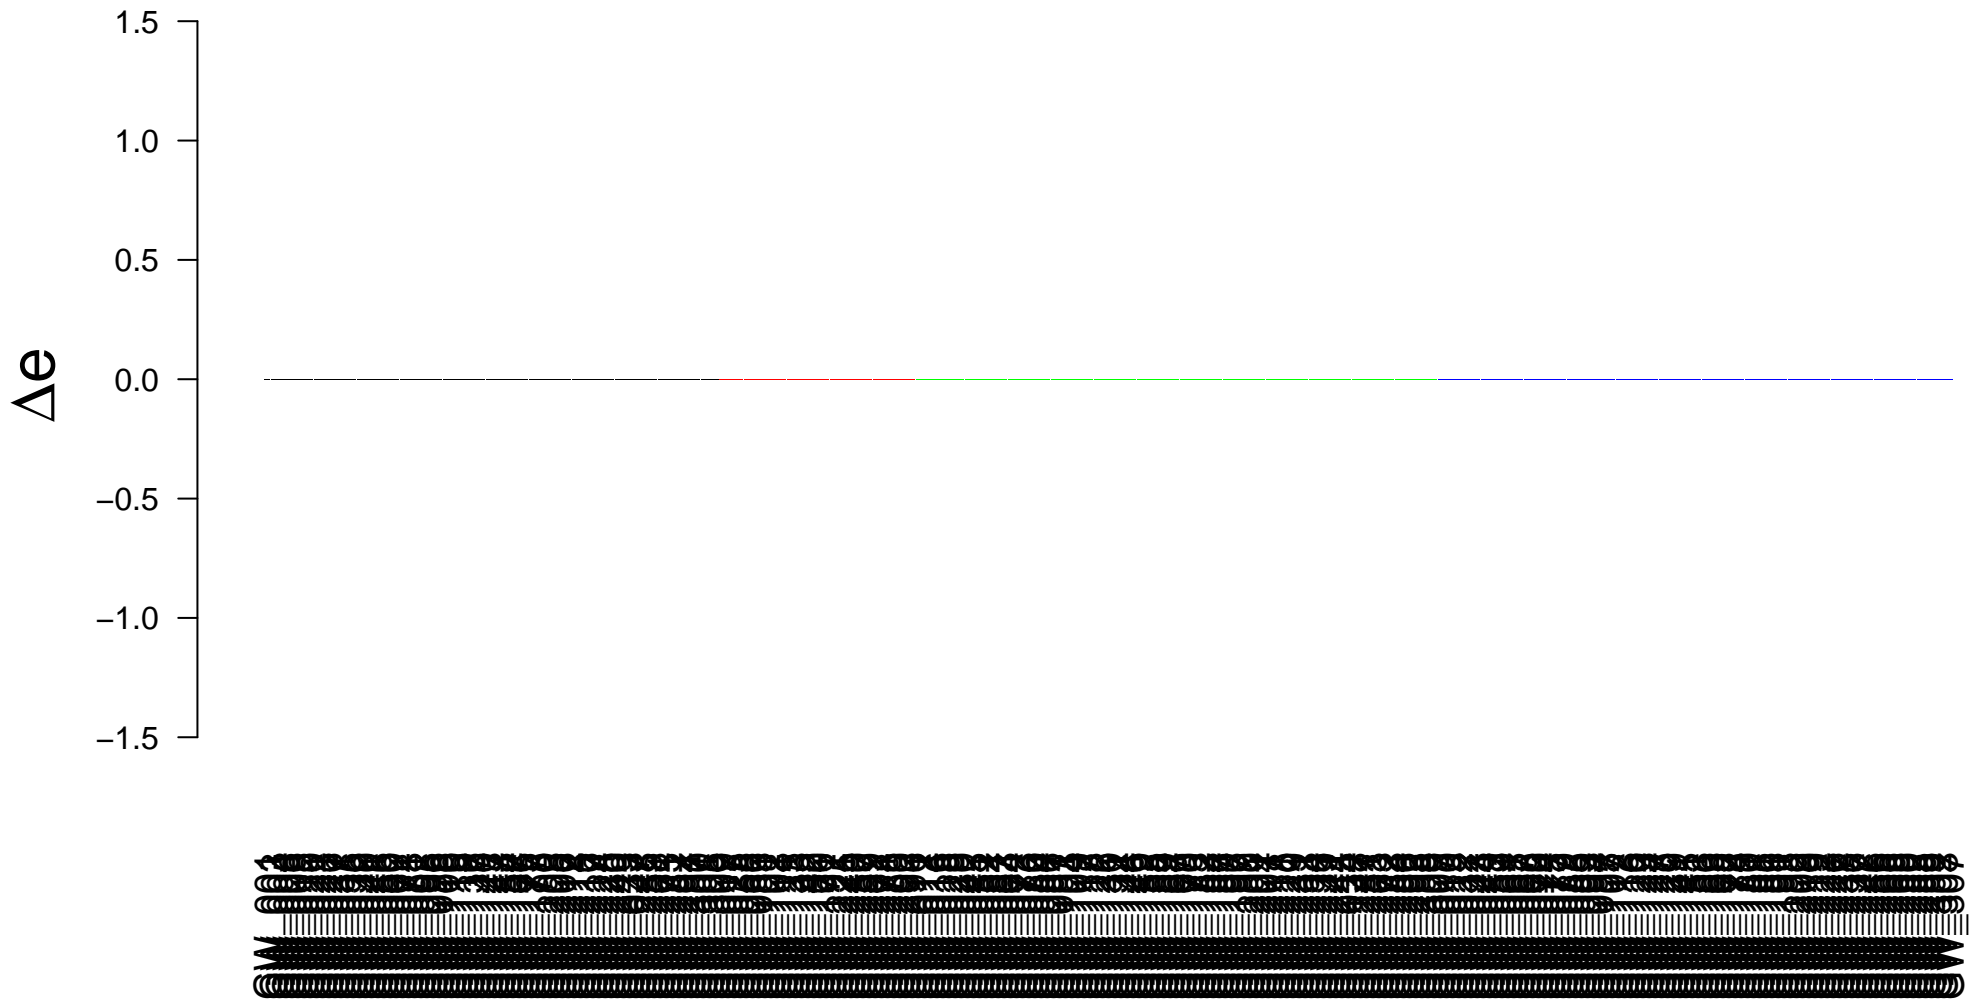

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot A

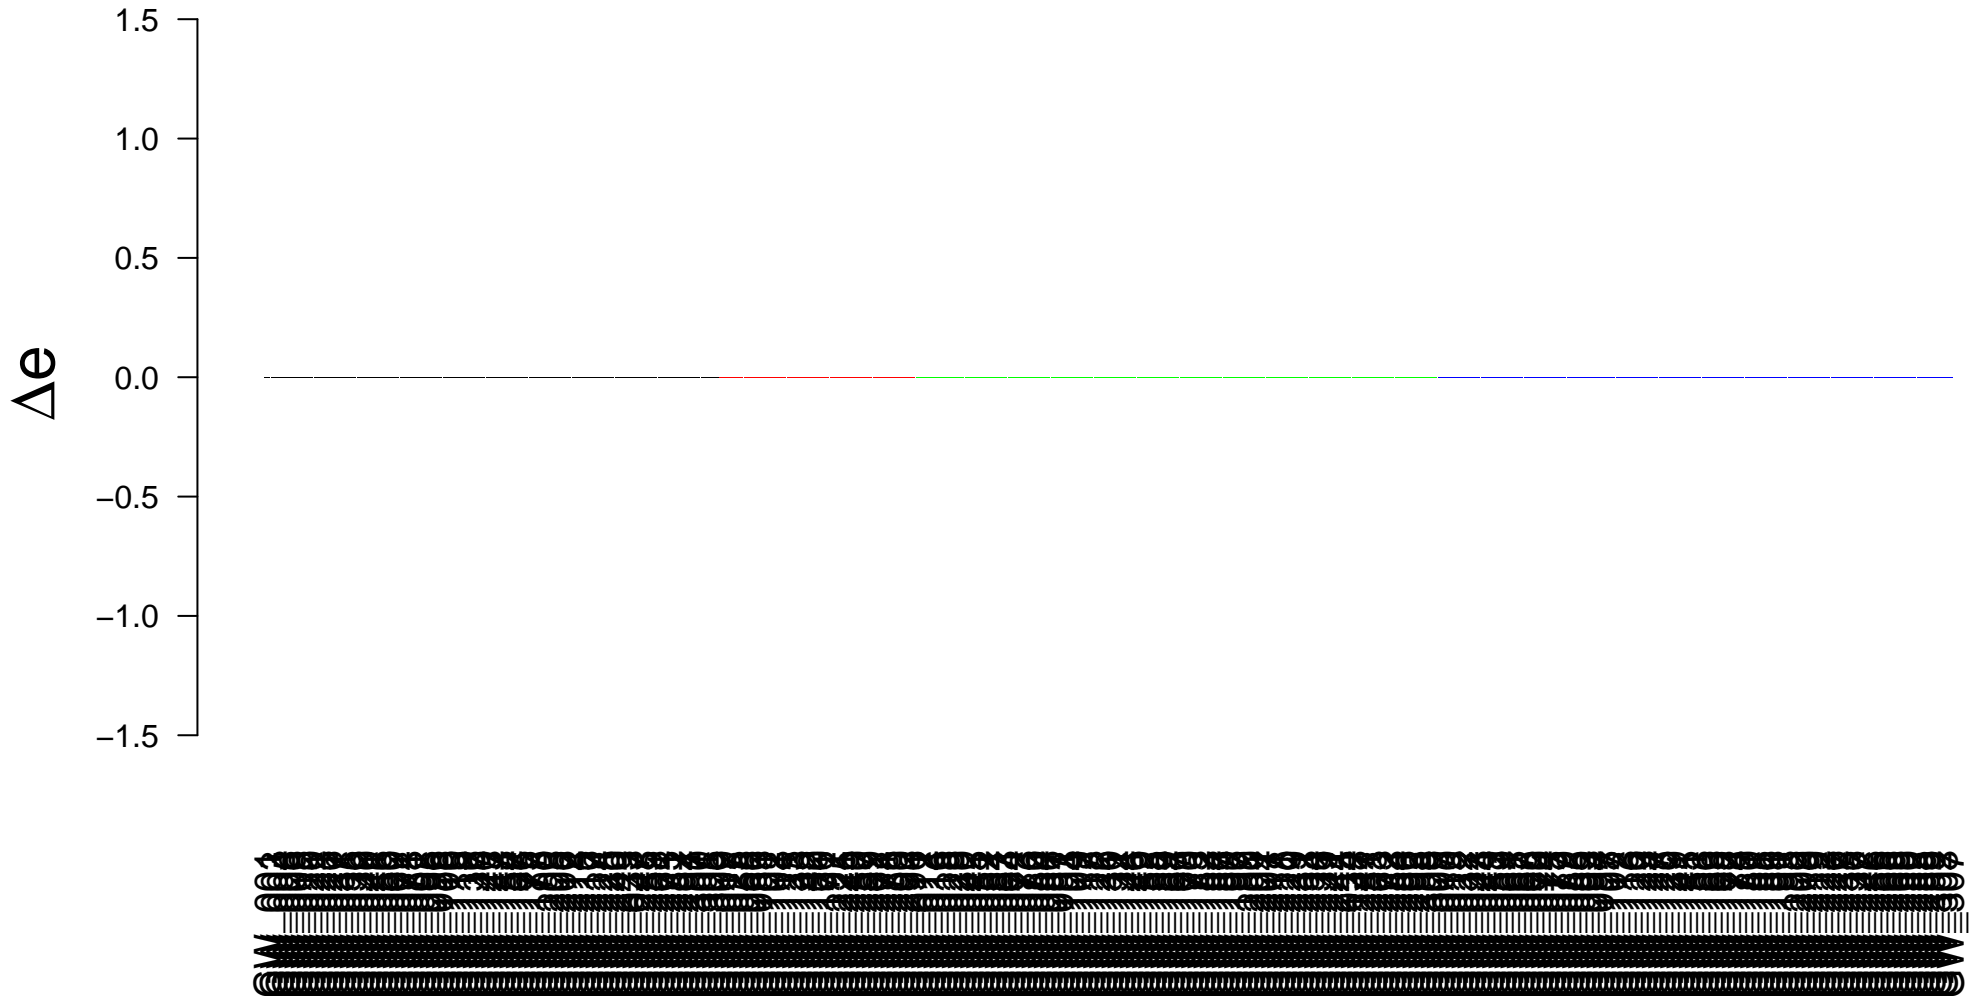

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot B

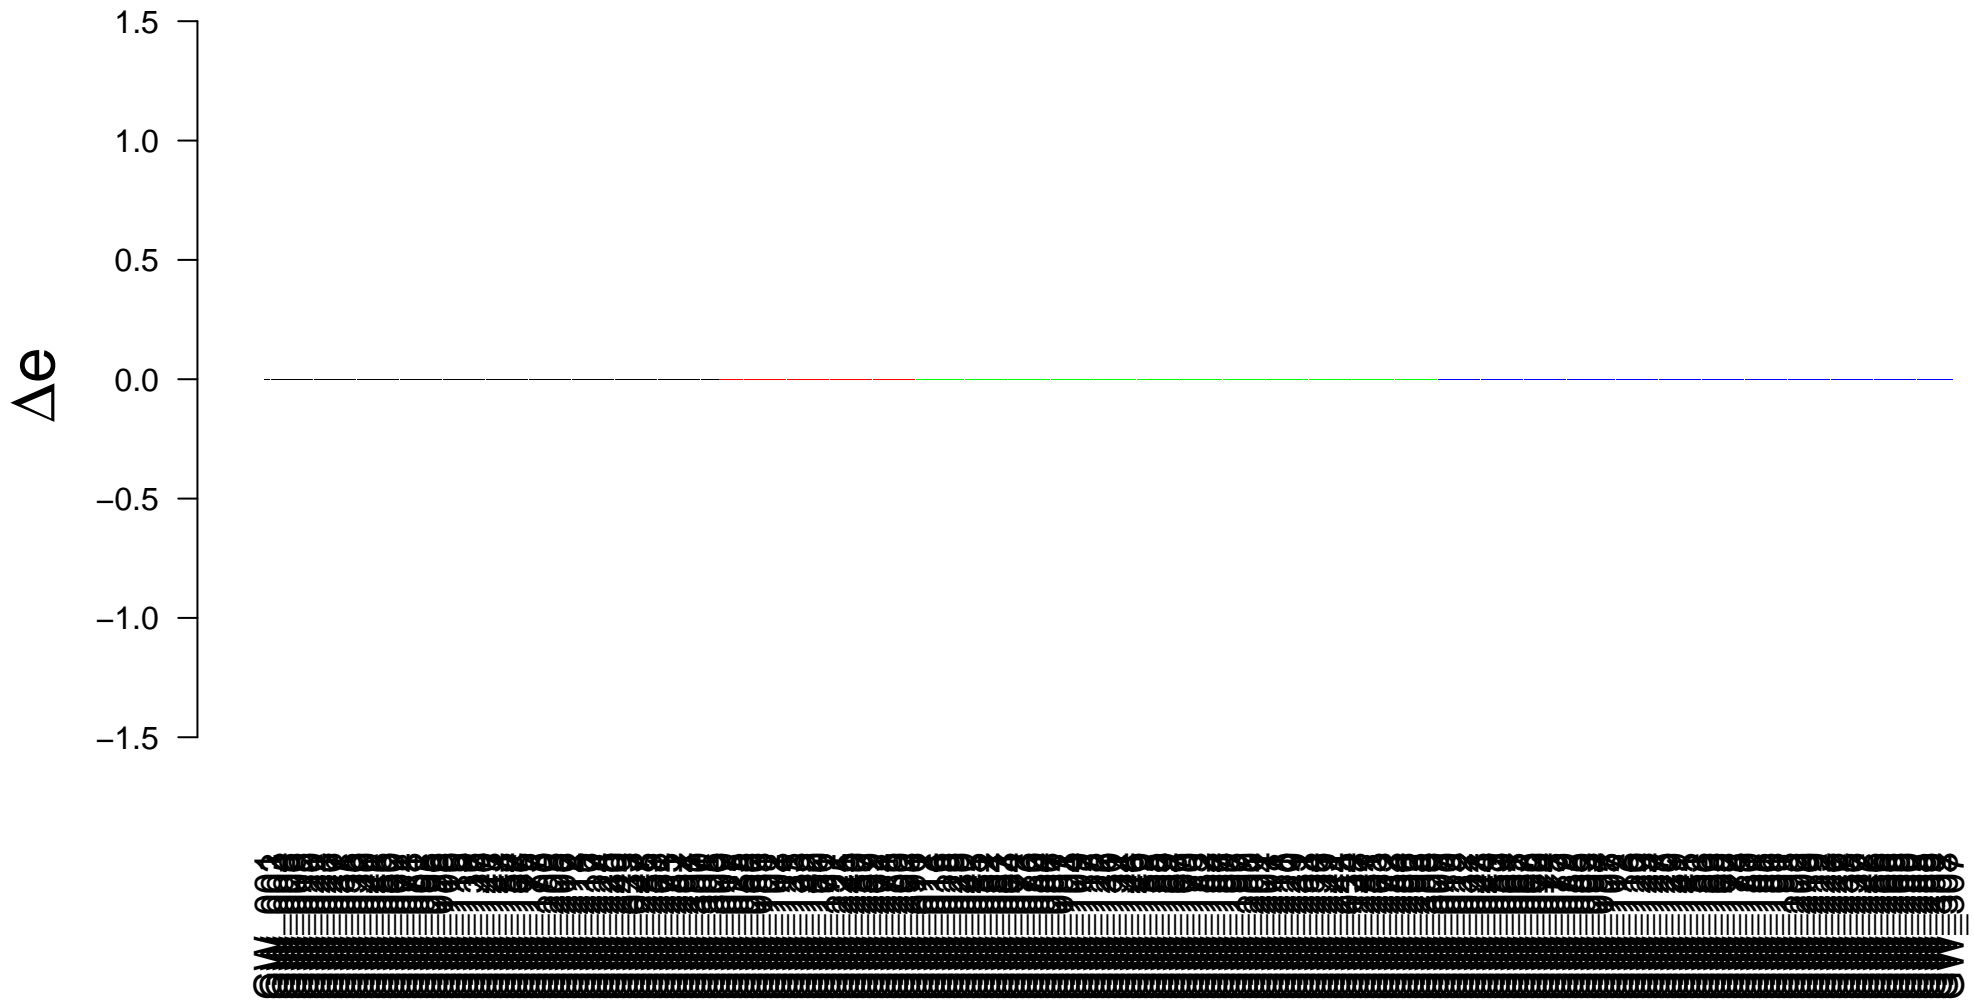

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot C

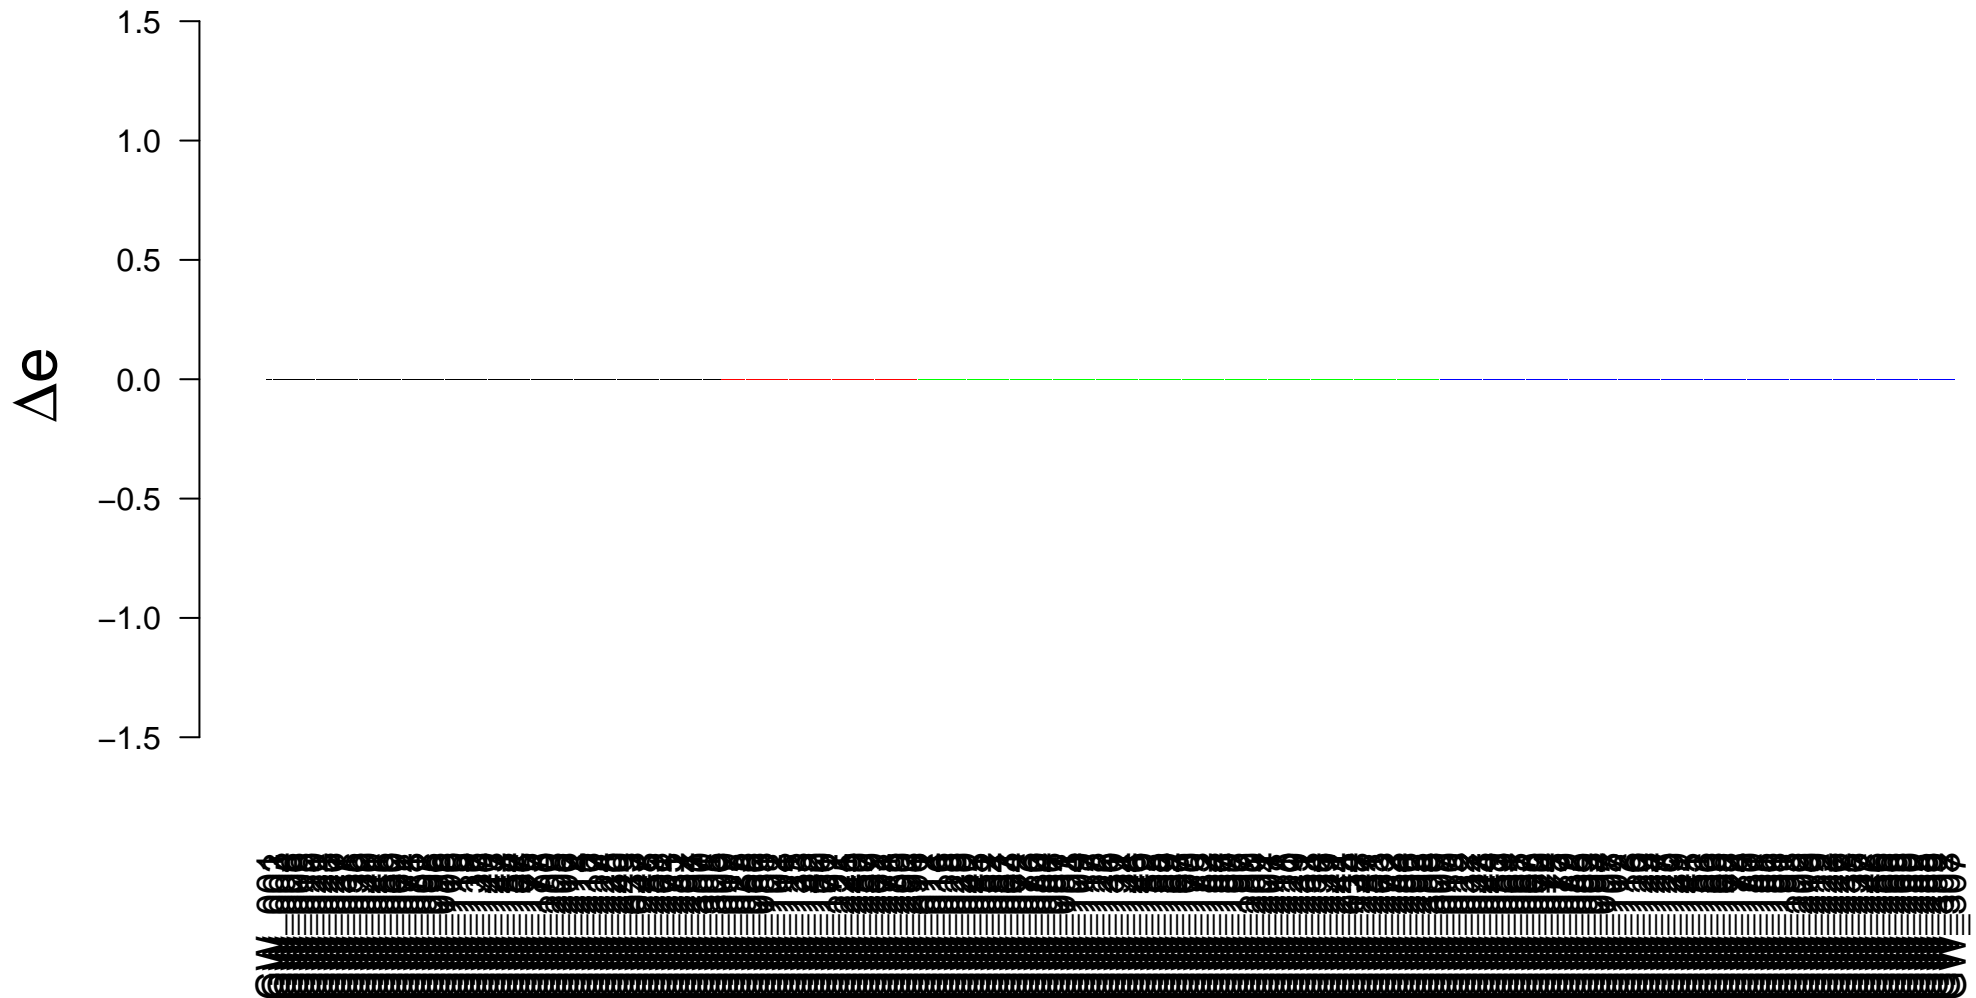

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot D

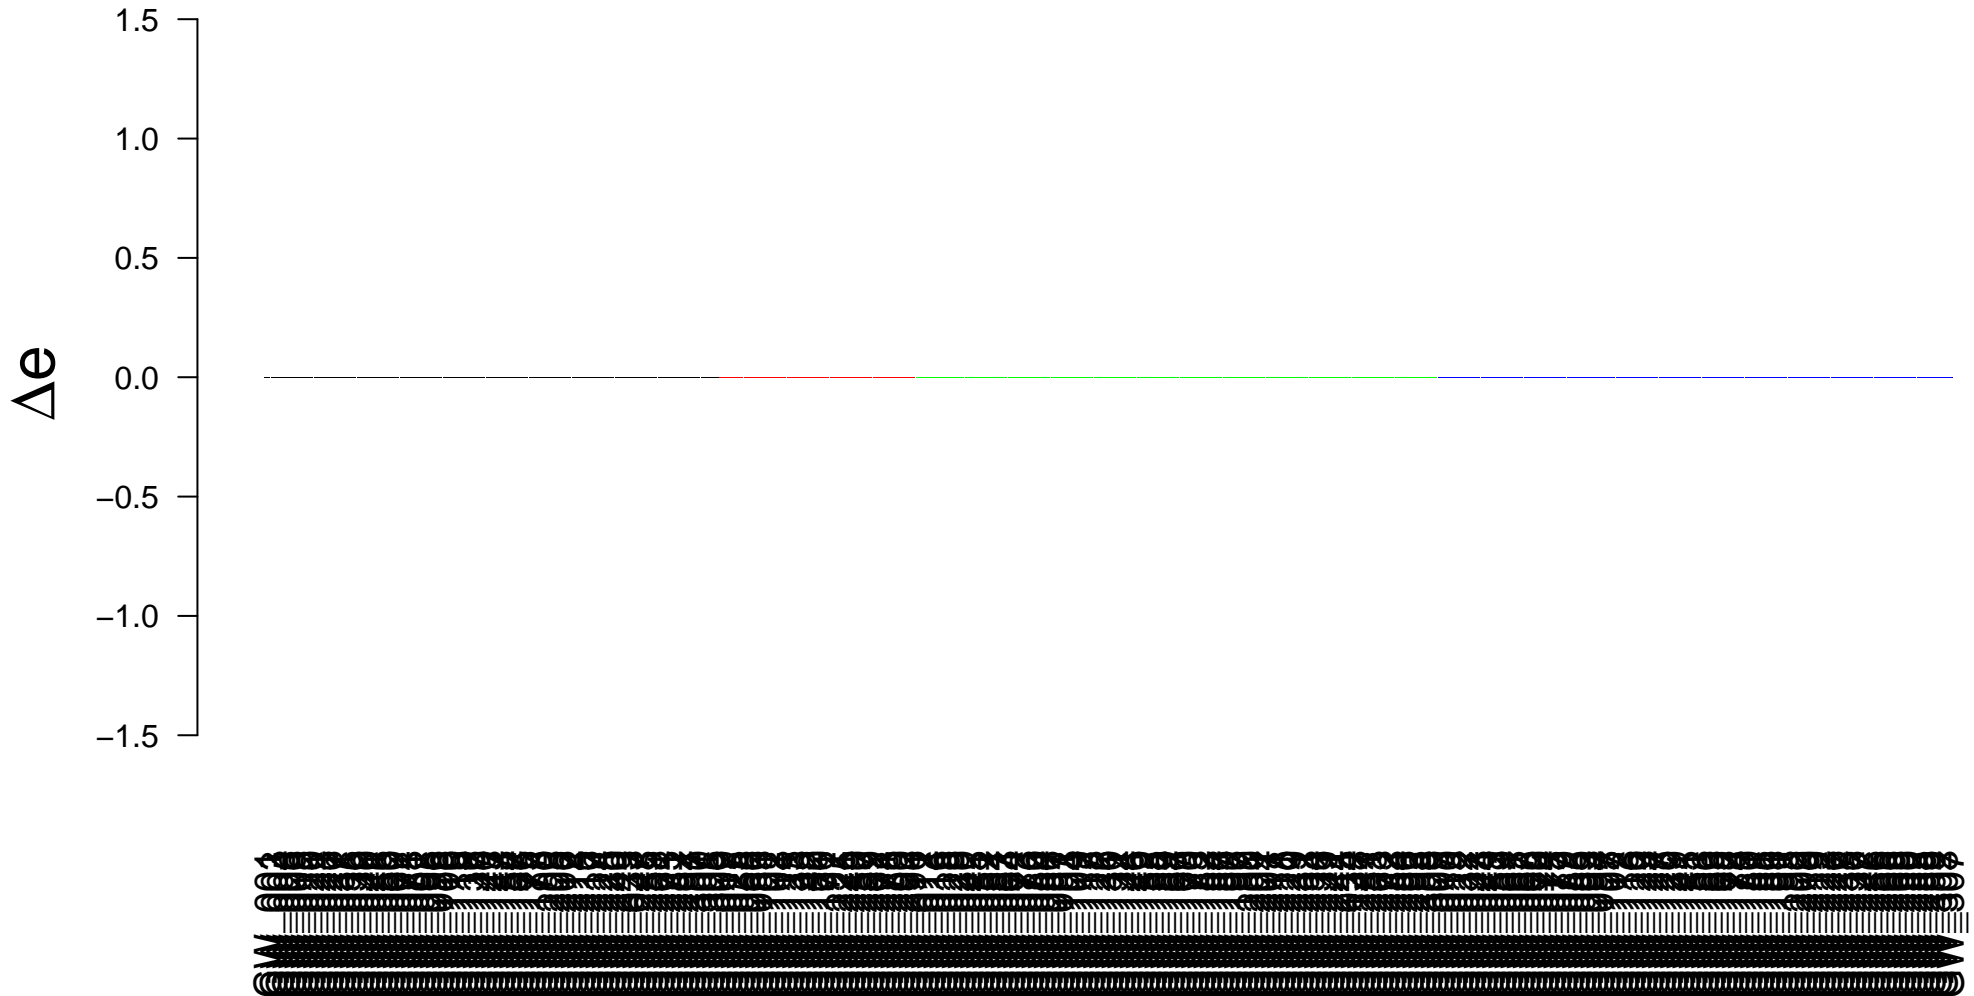

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot E

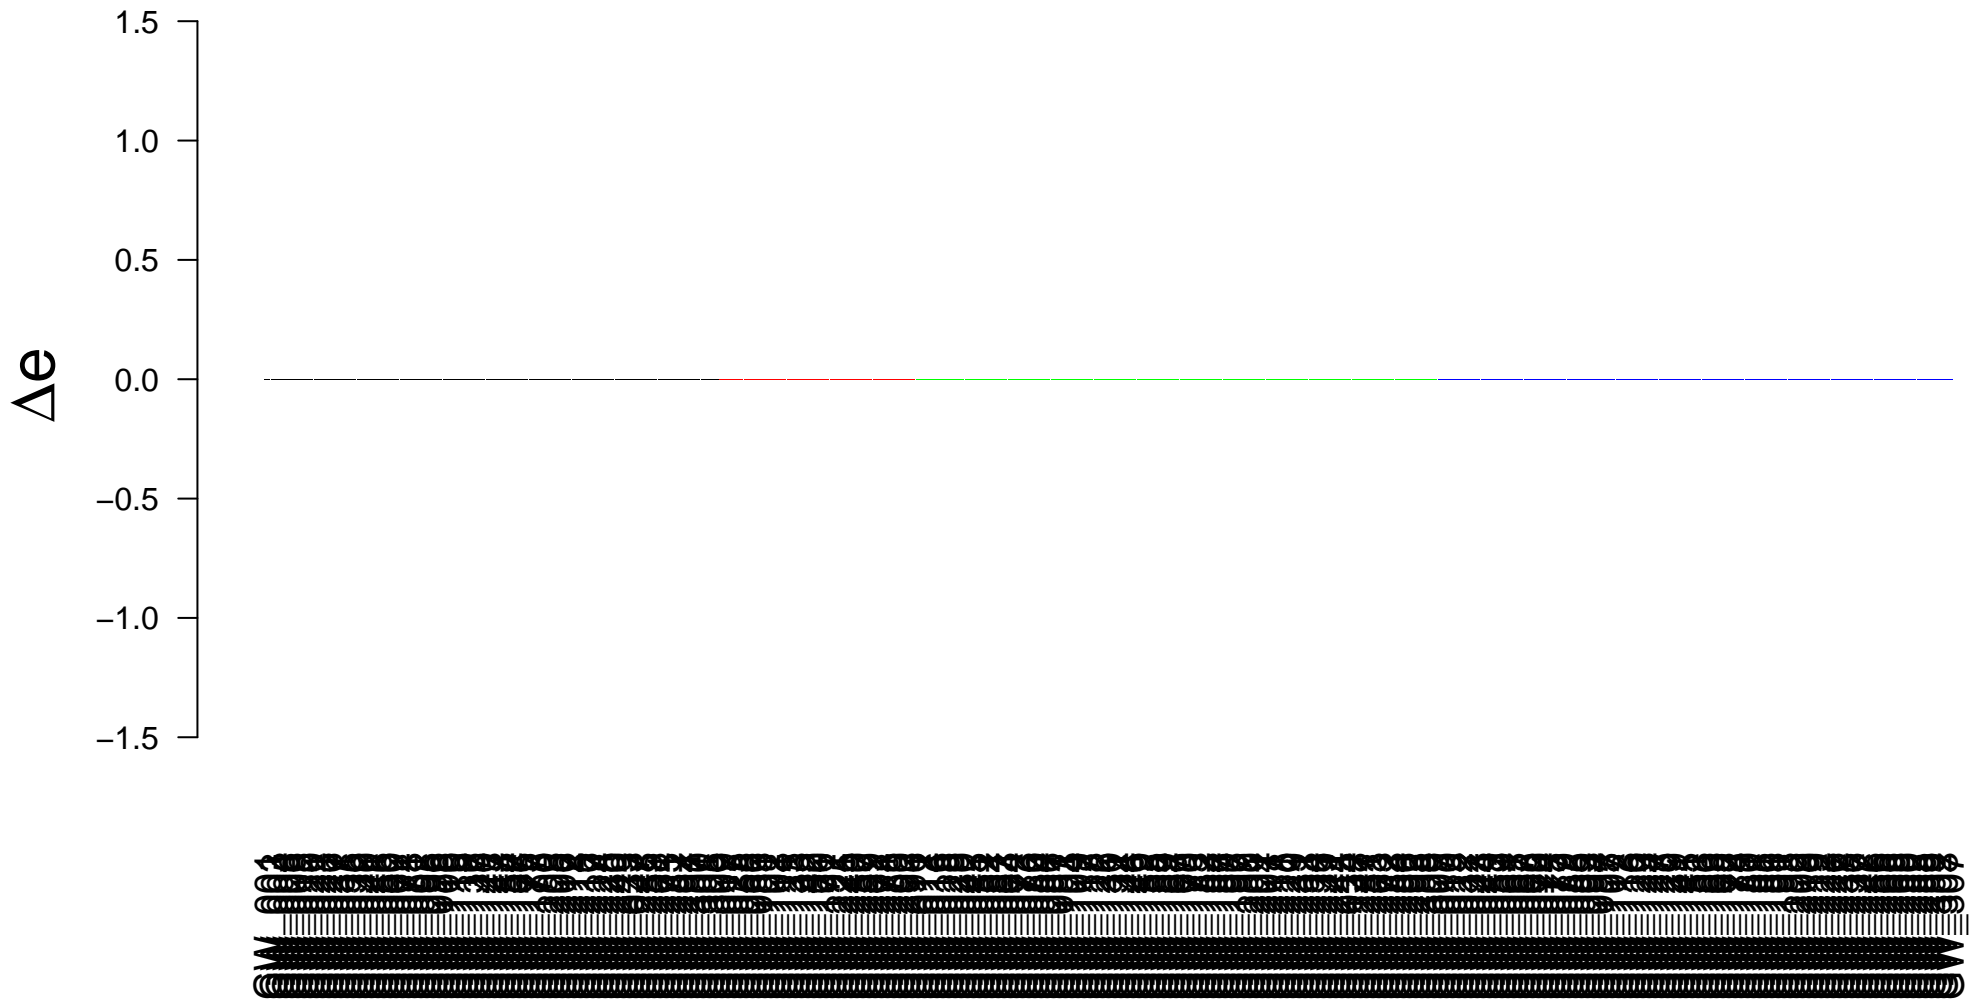

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot F

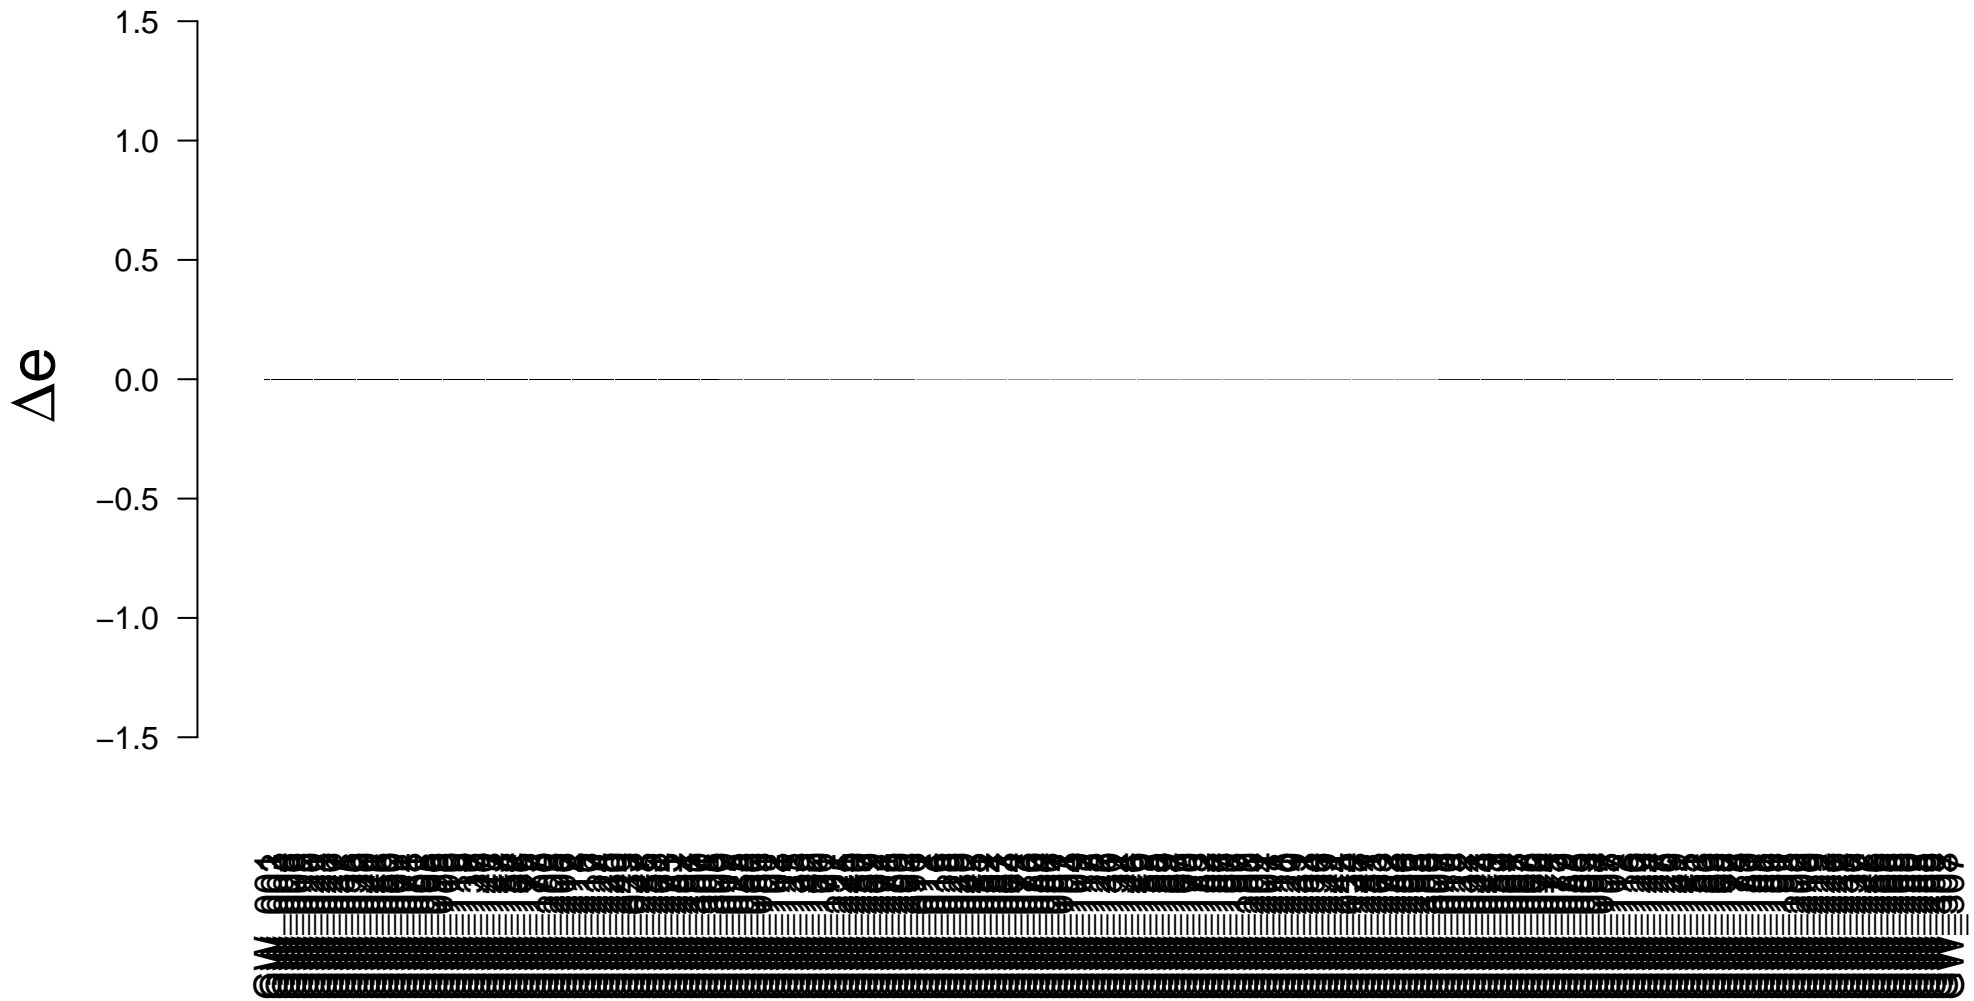

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot G

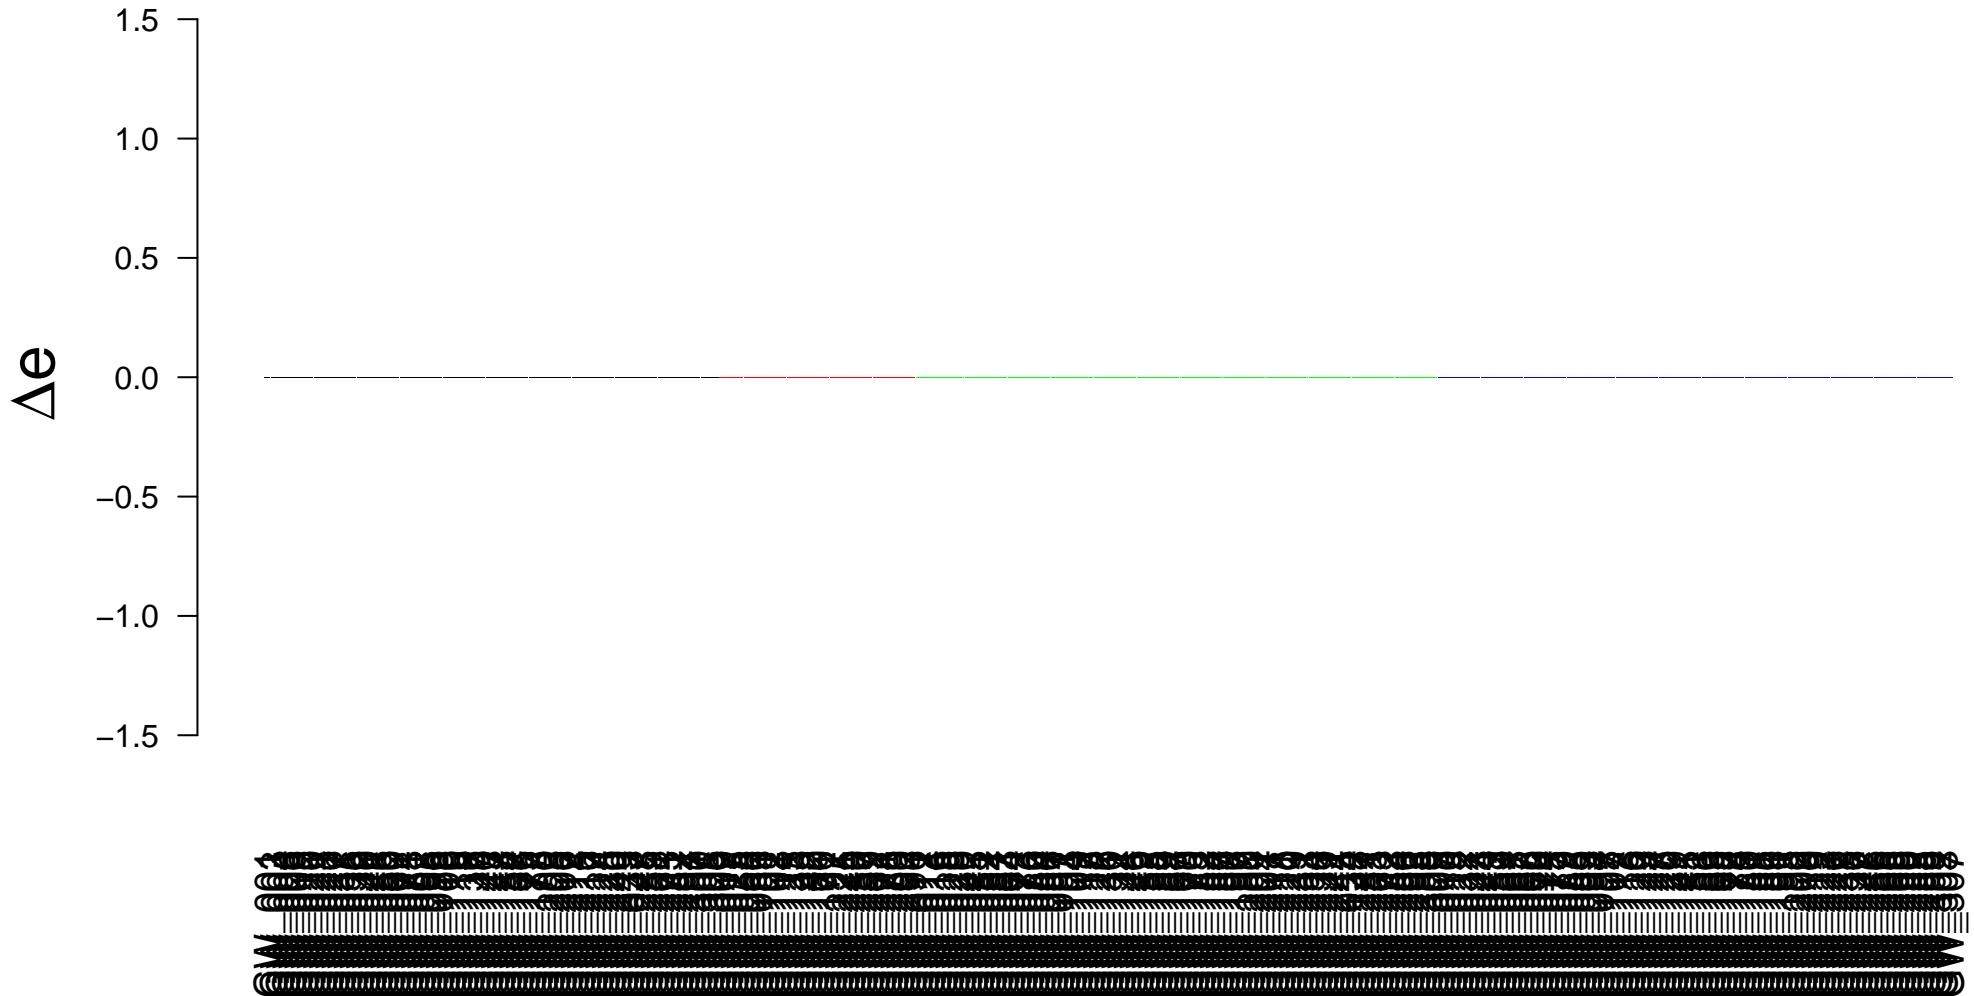

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot H

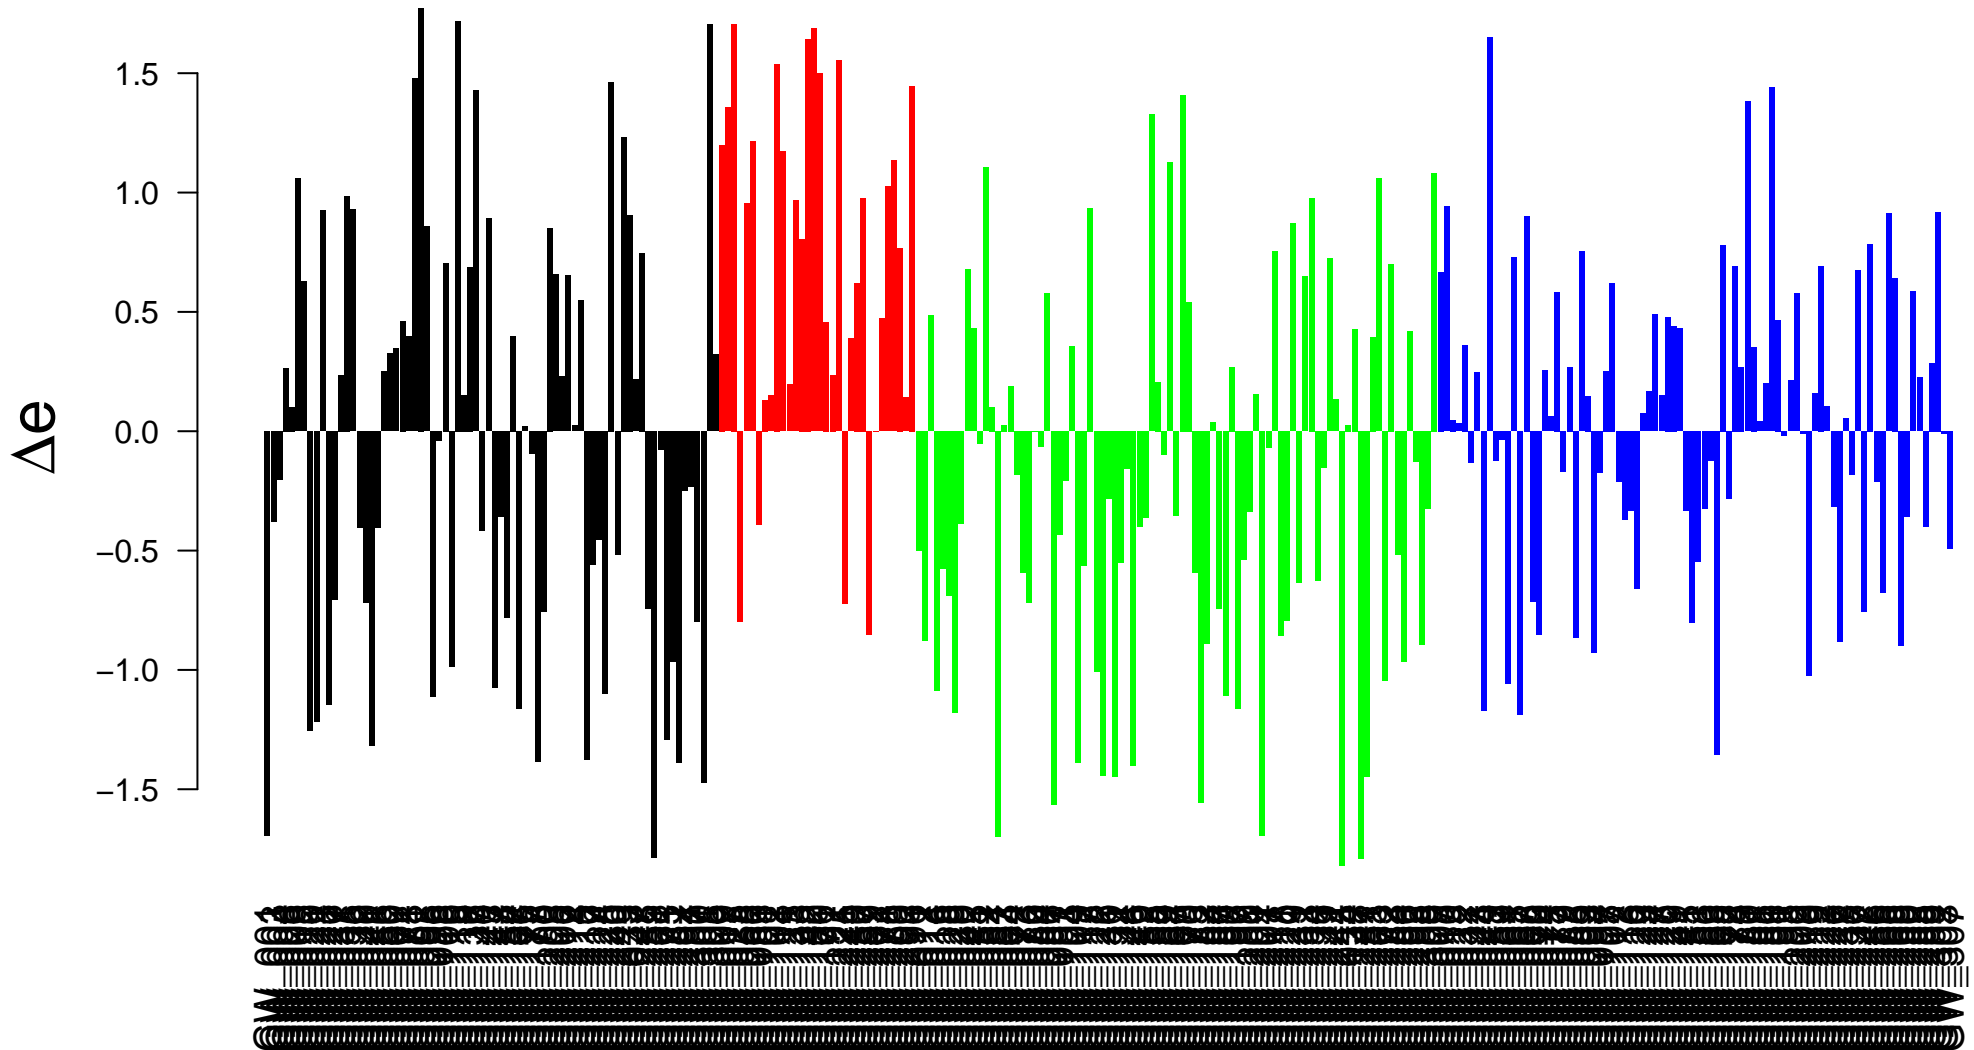

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot I

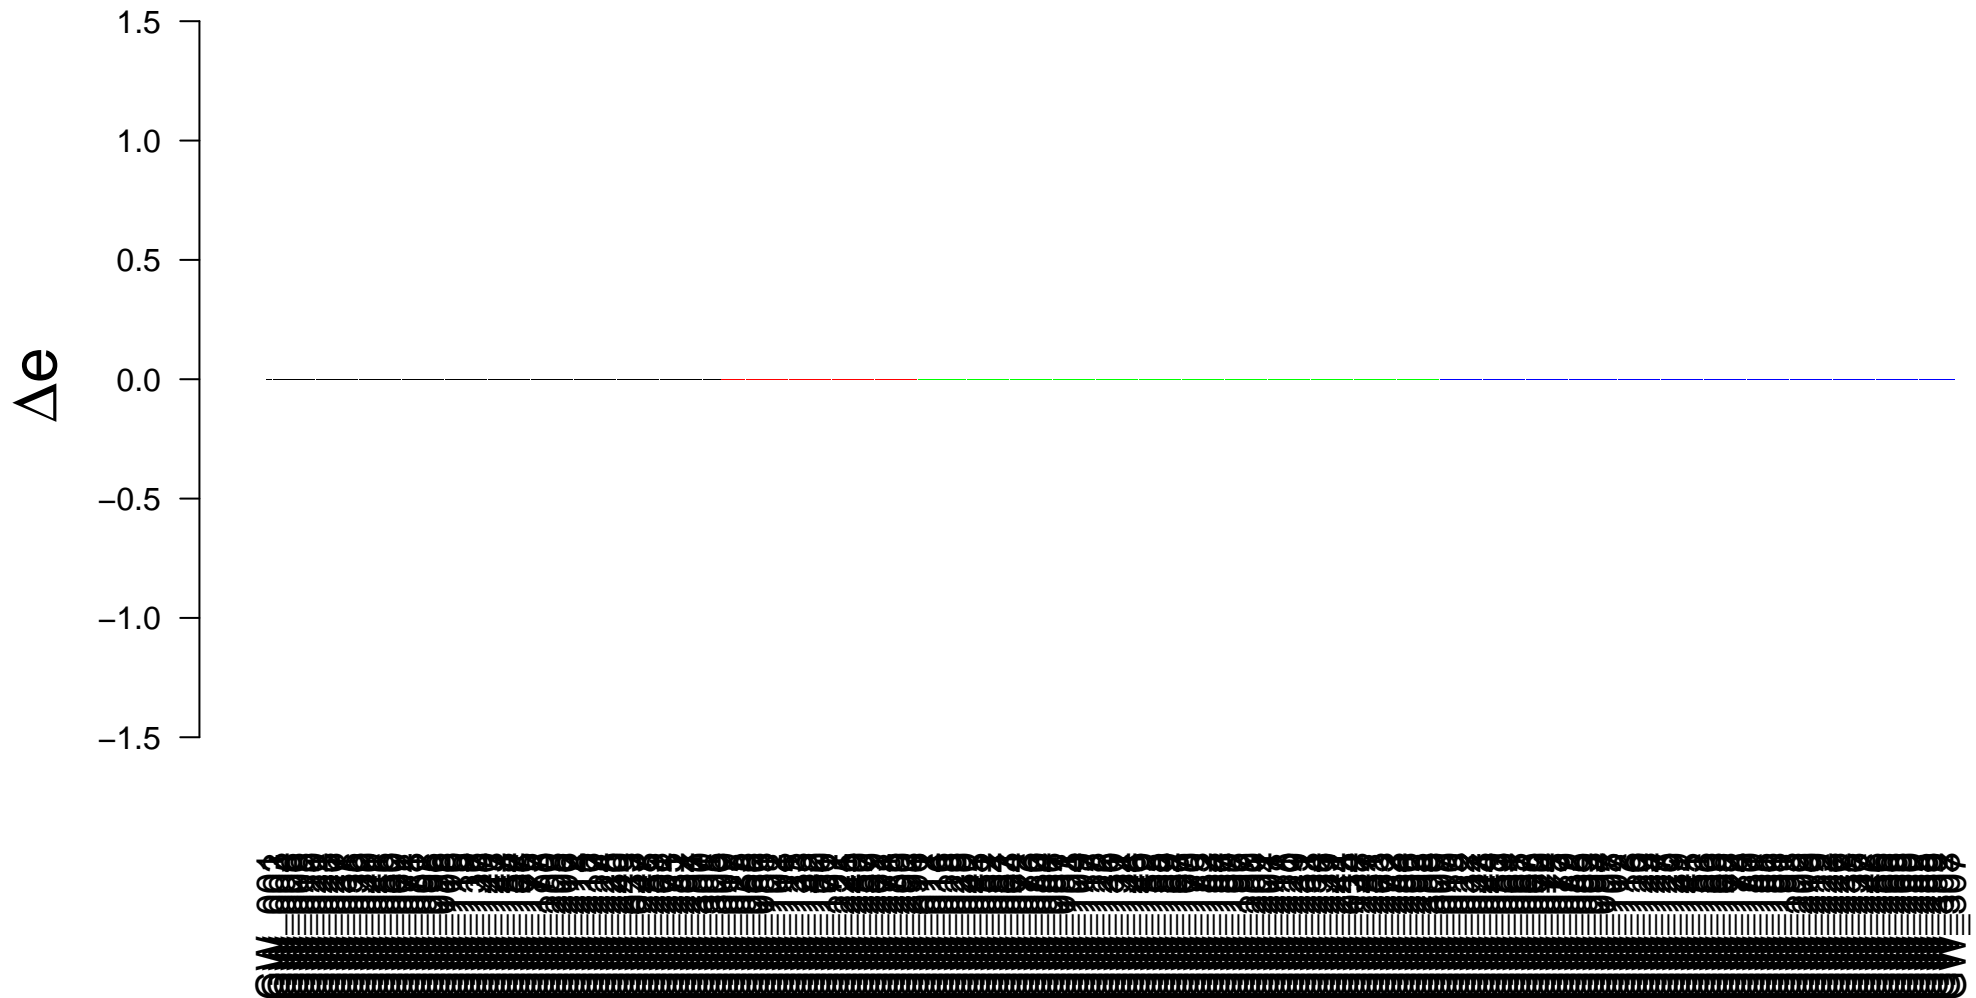

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot J

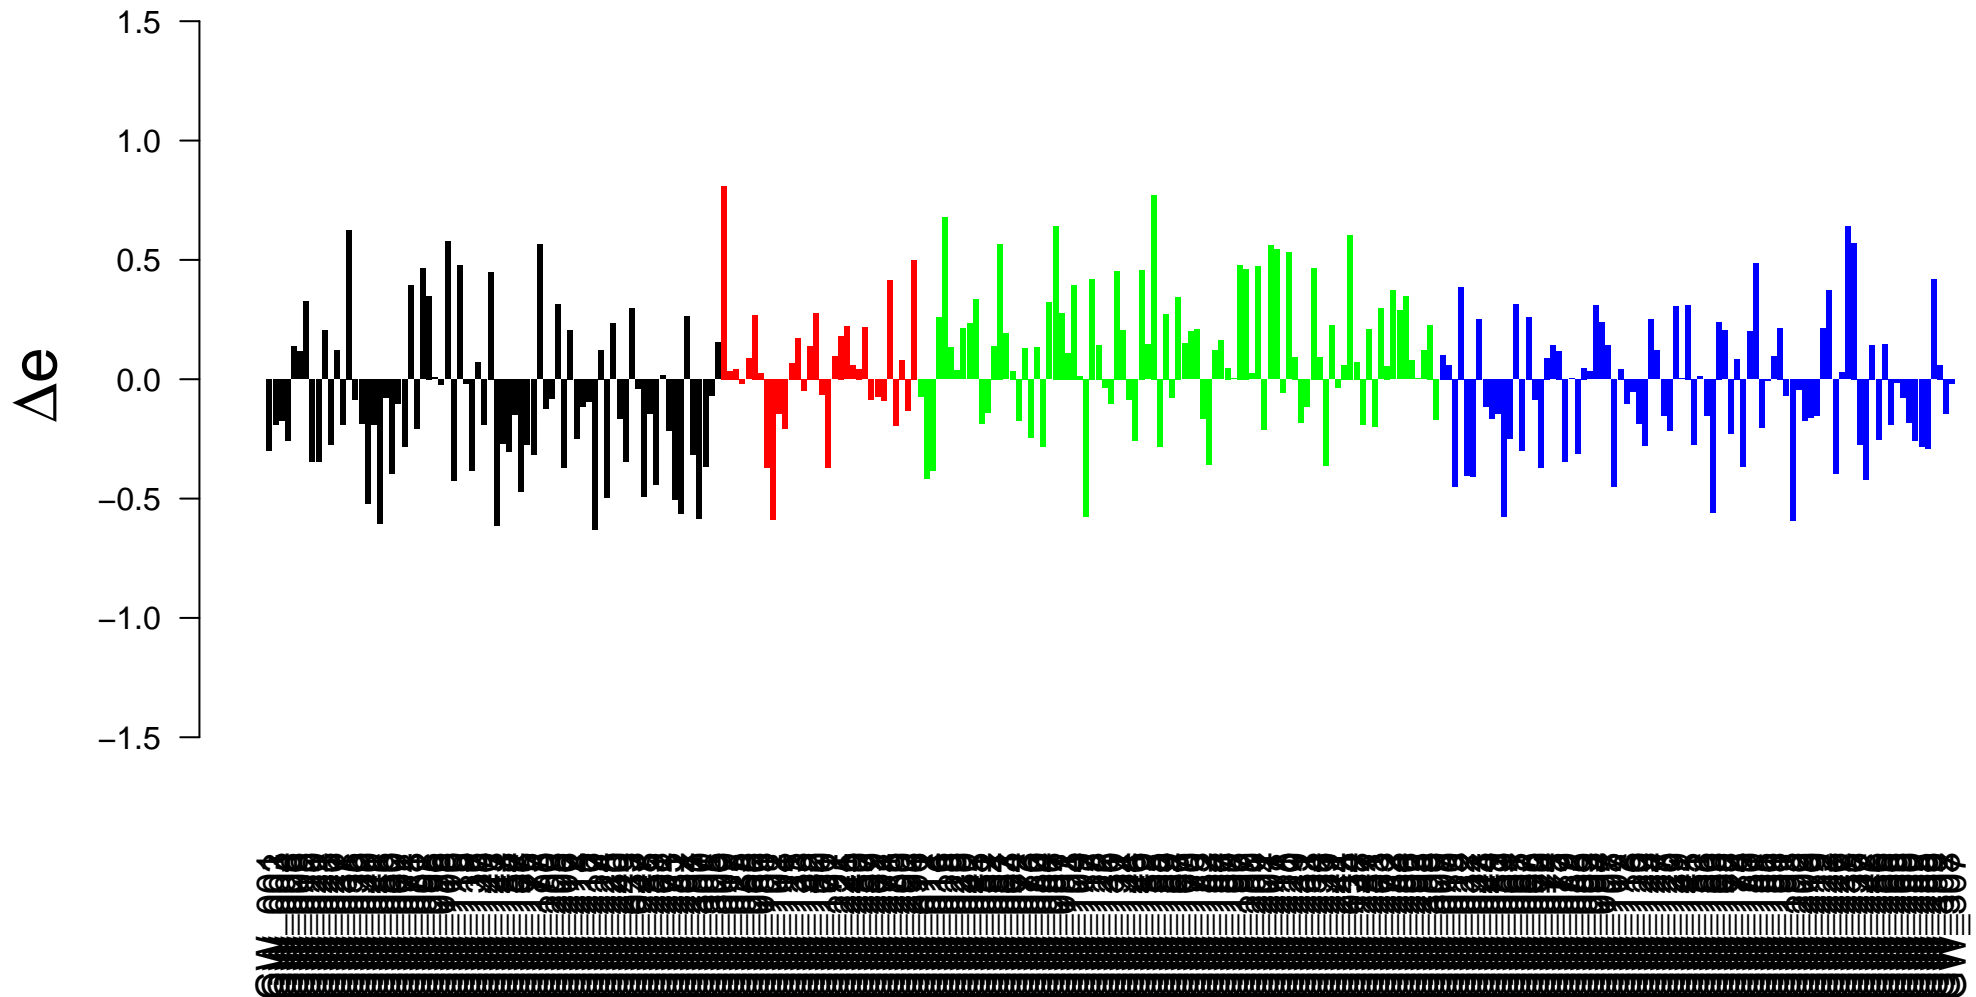

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot K

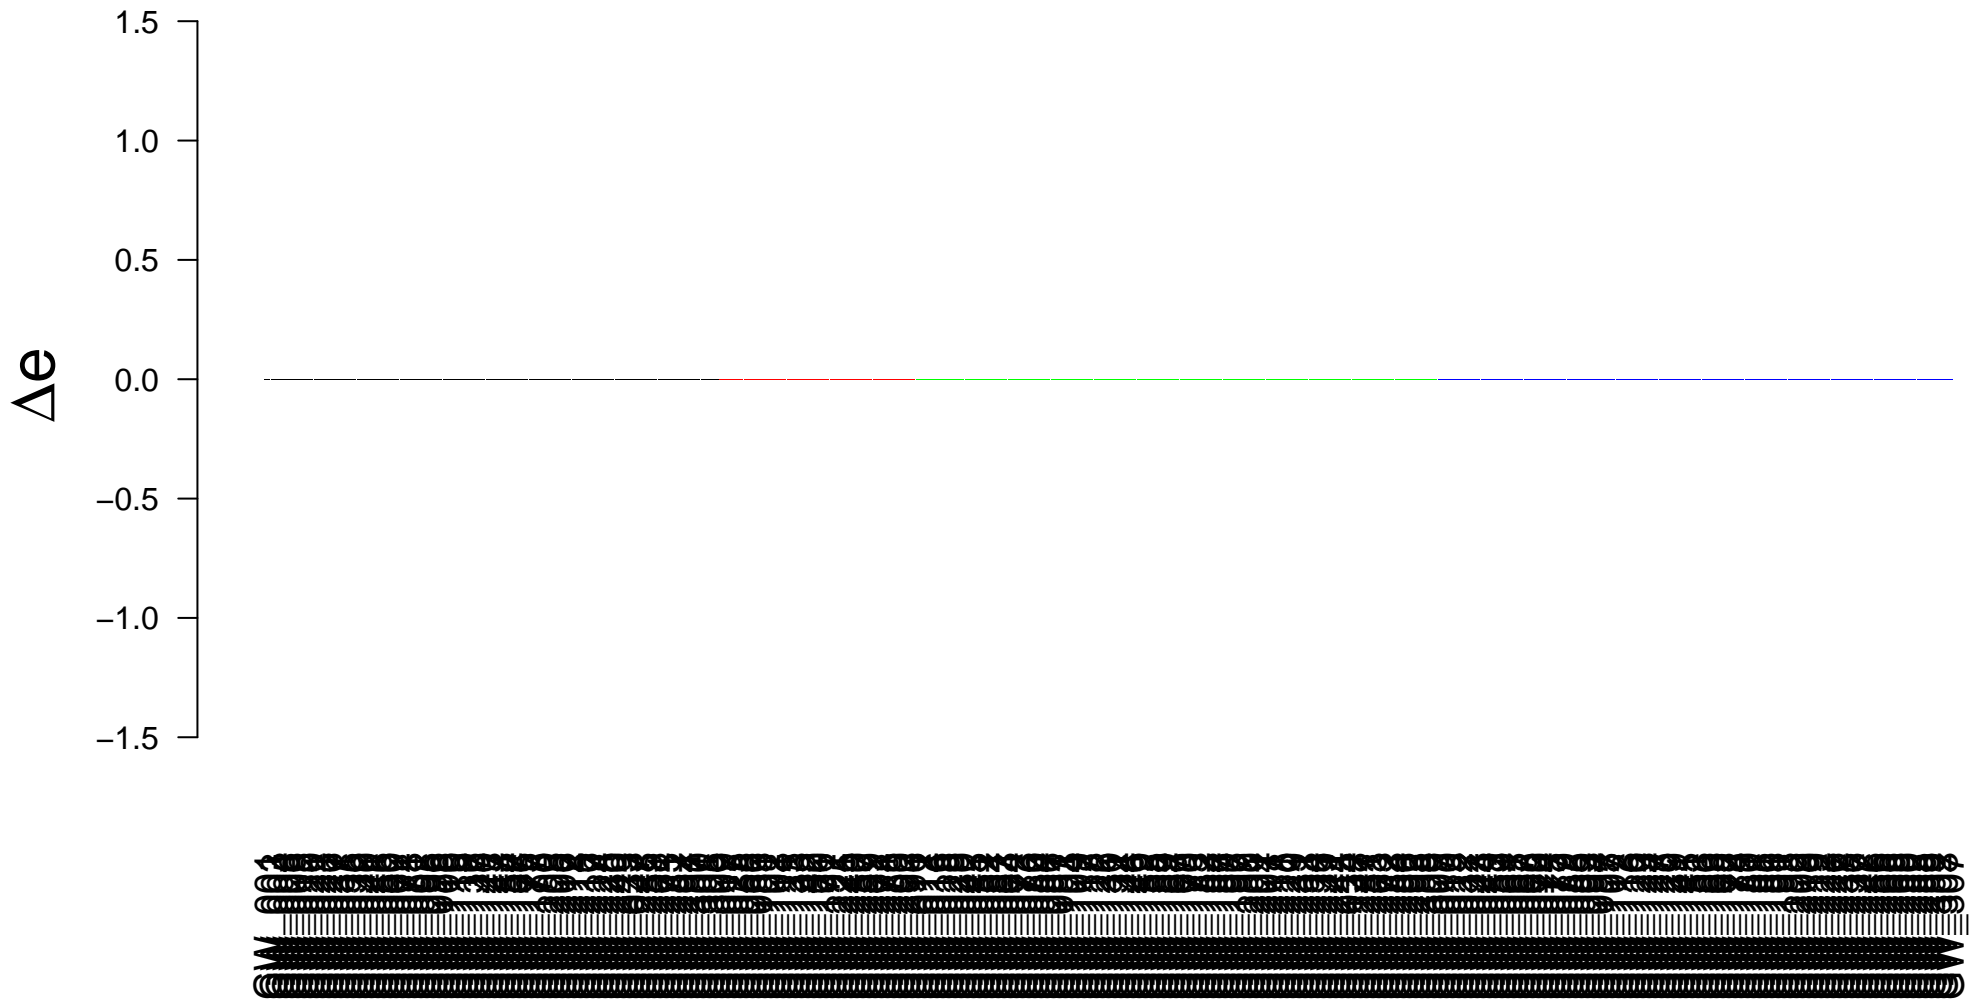

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot L

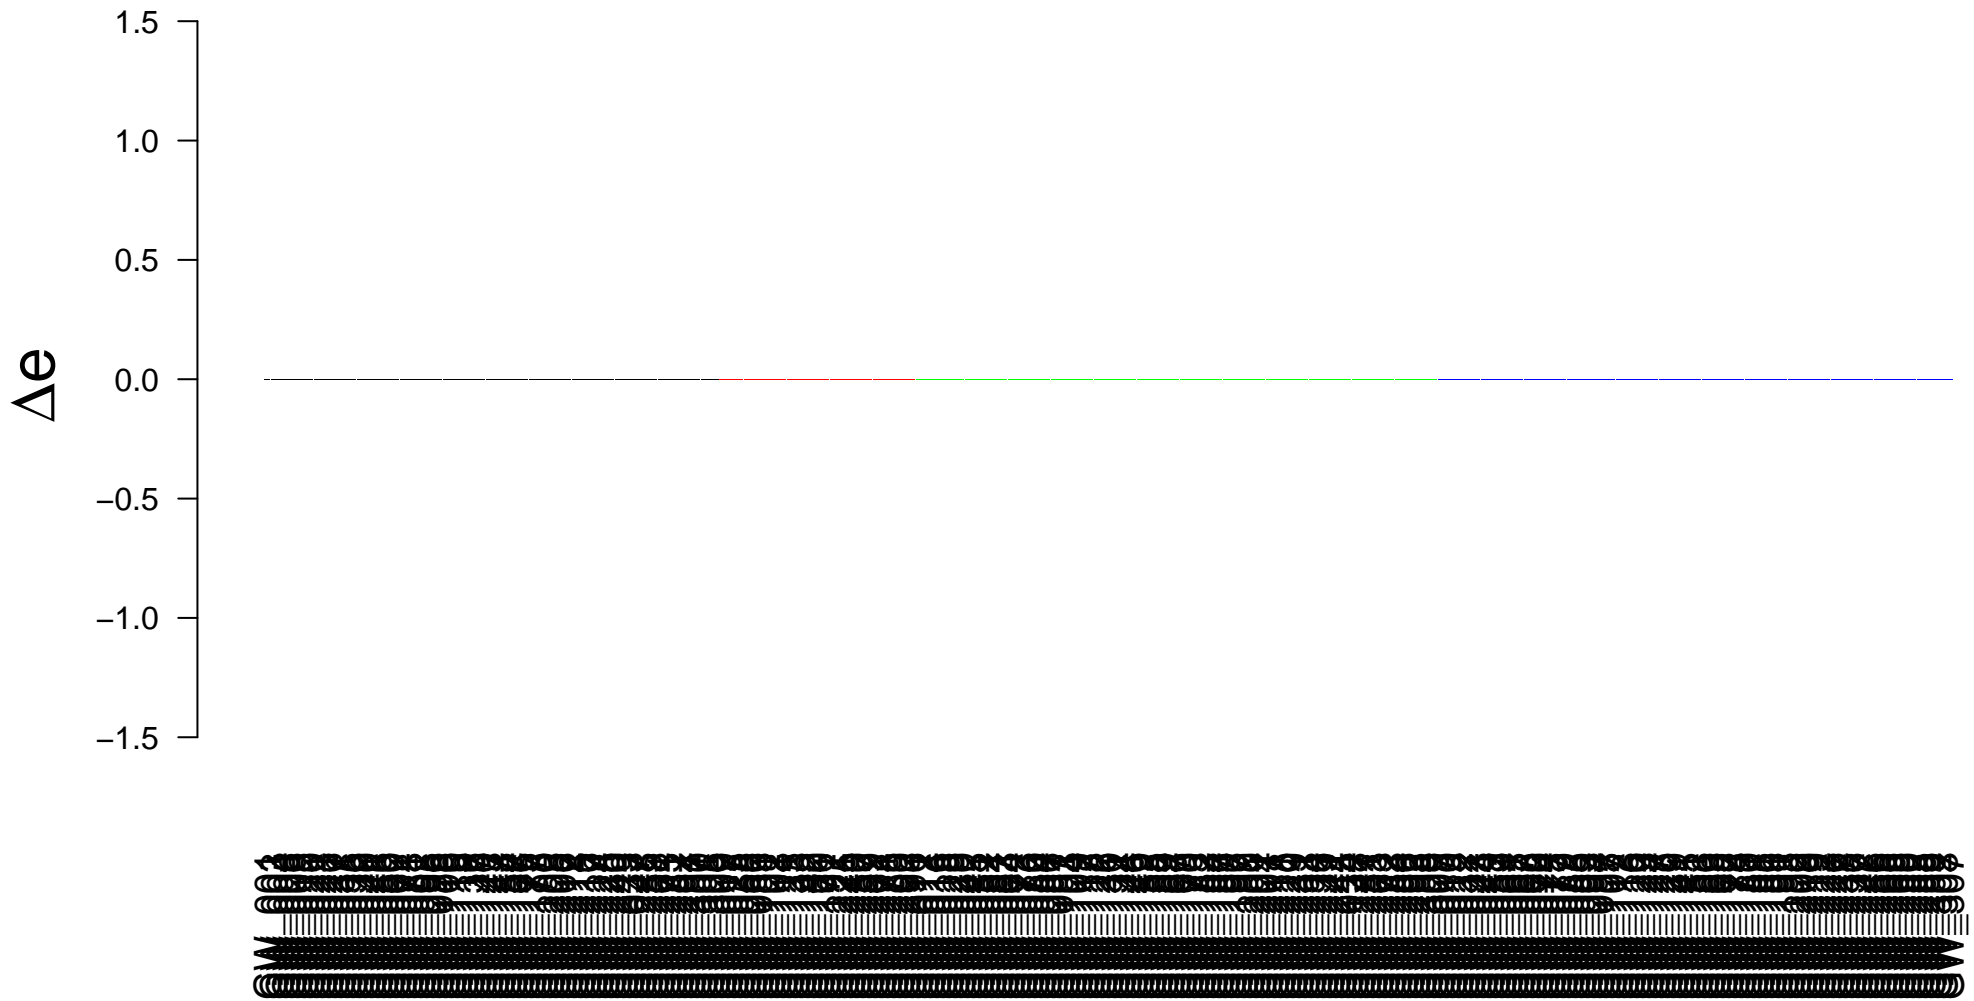

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot M

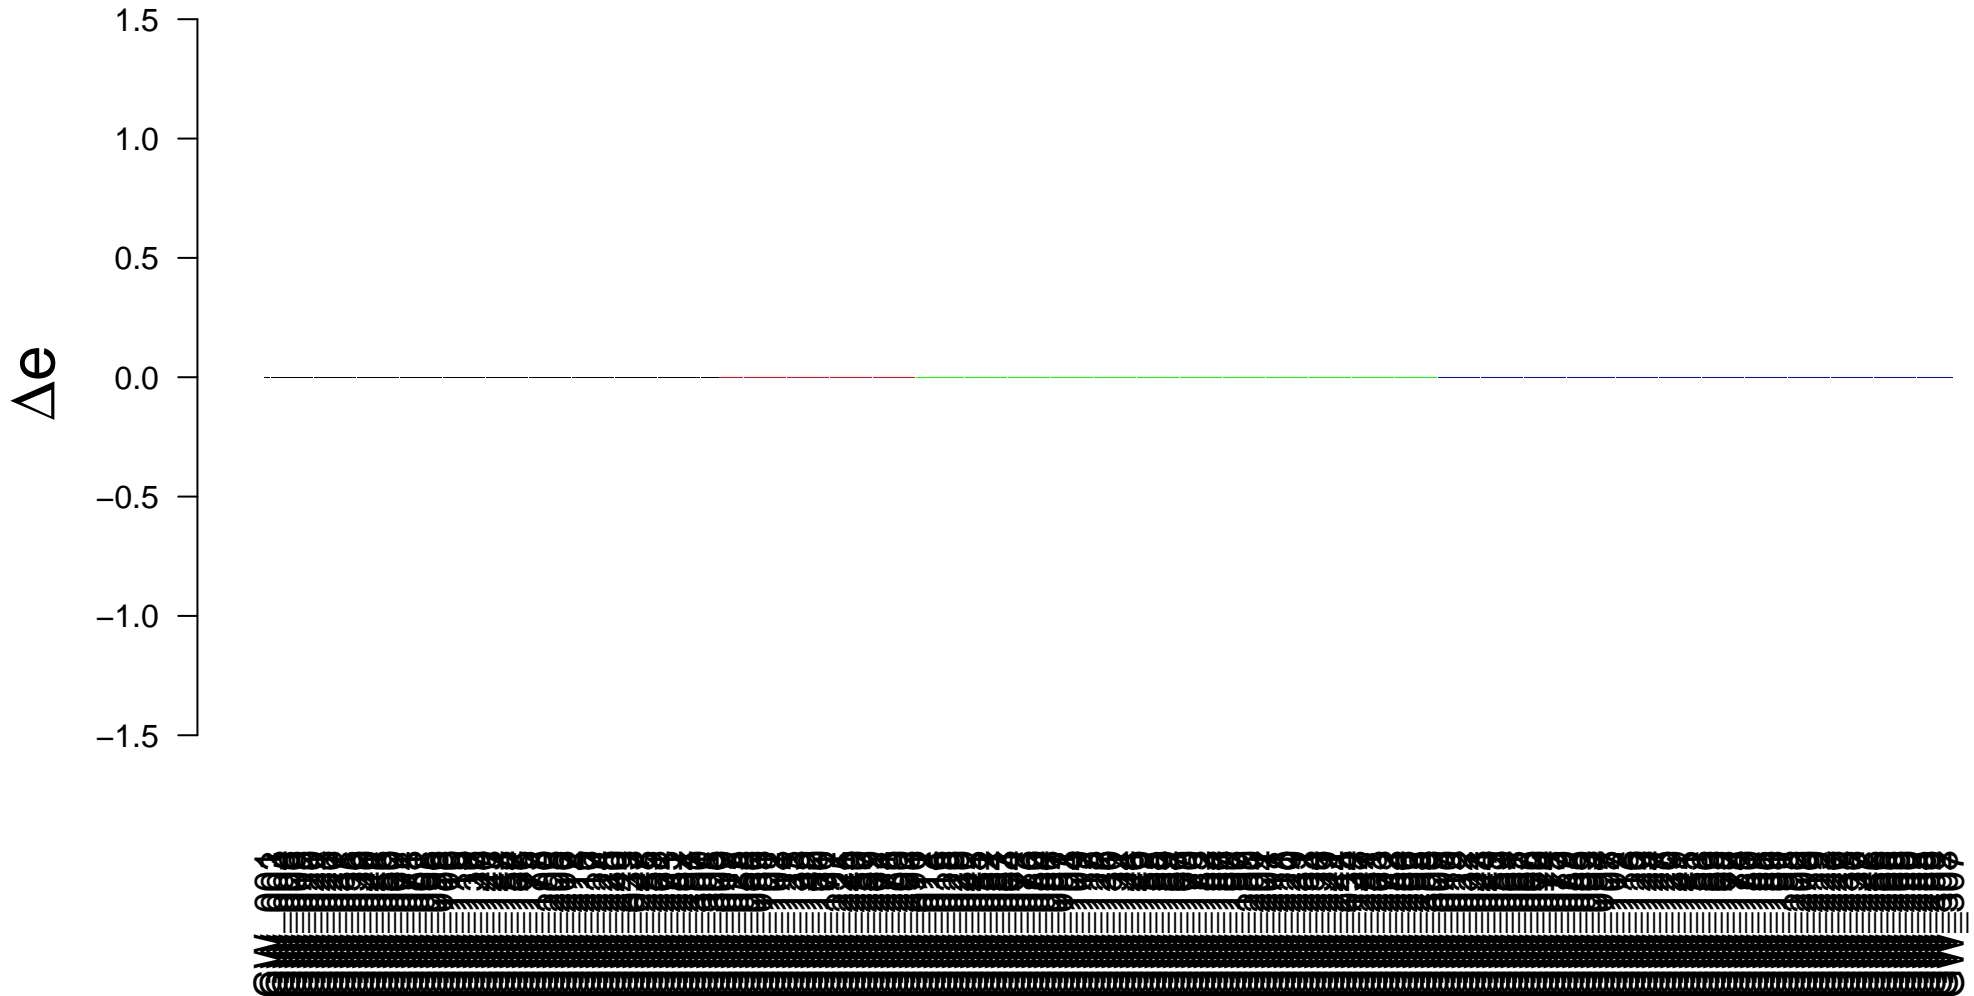

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot N

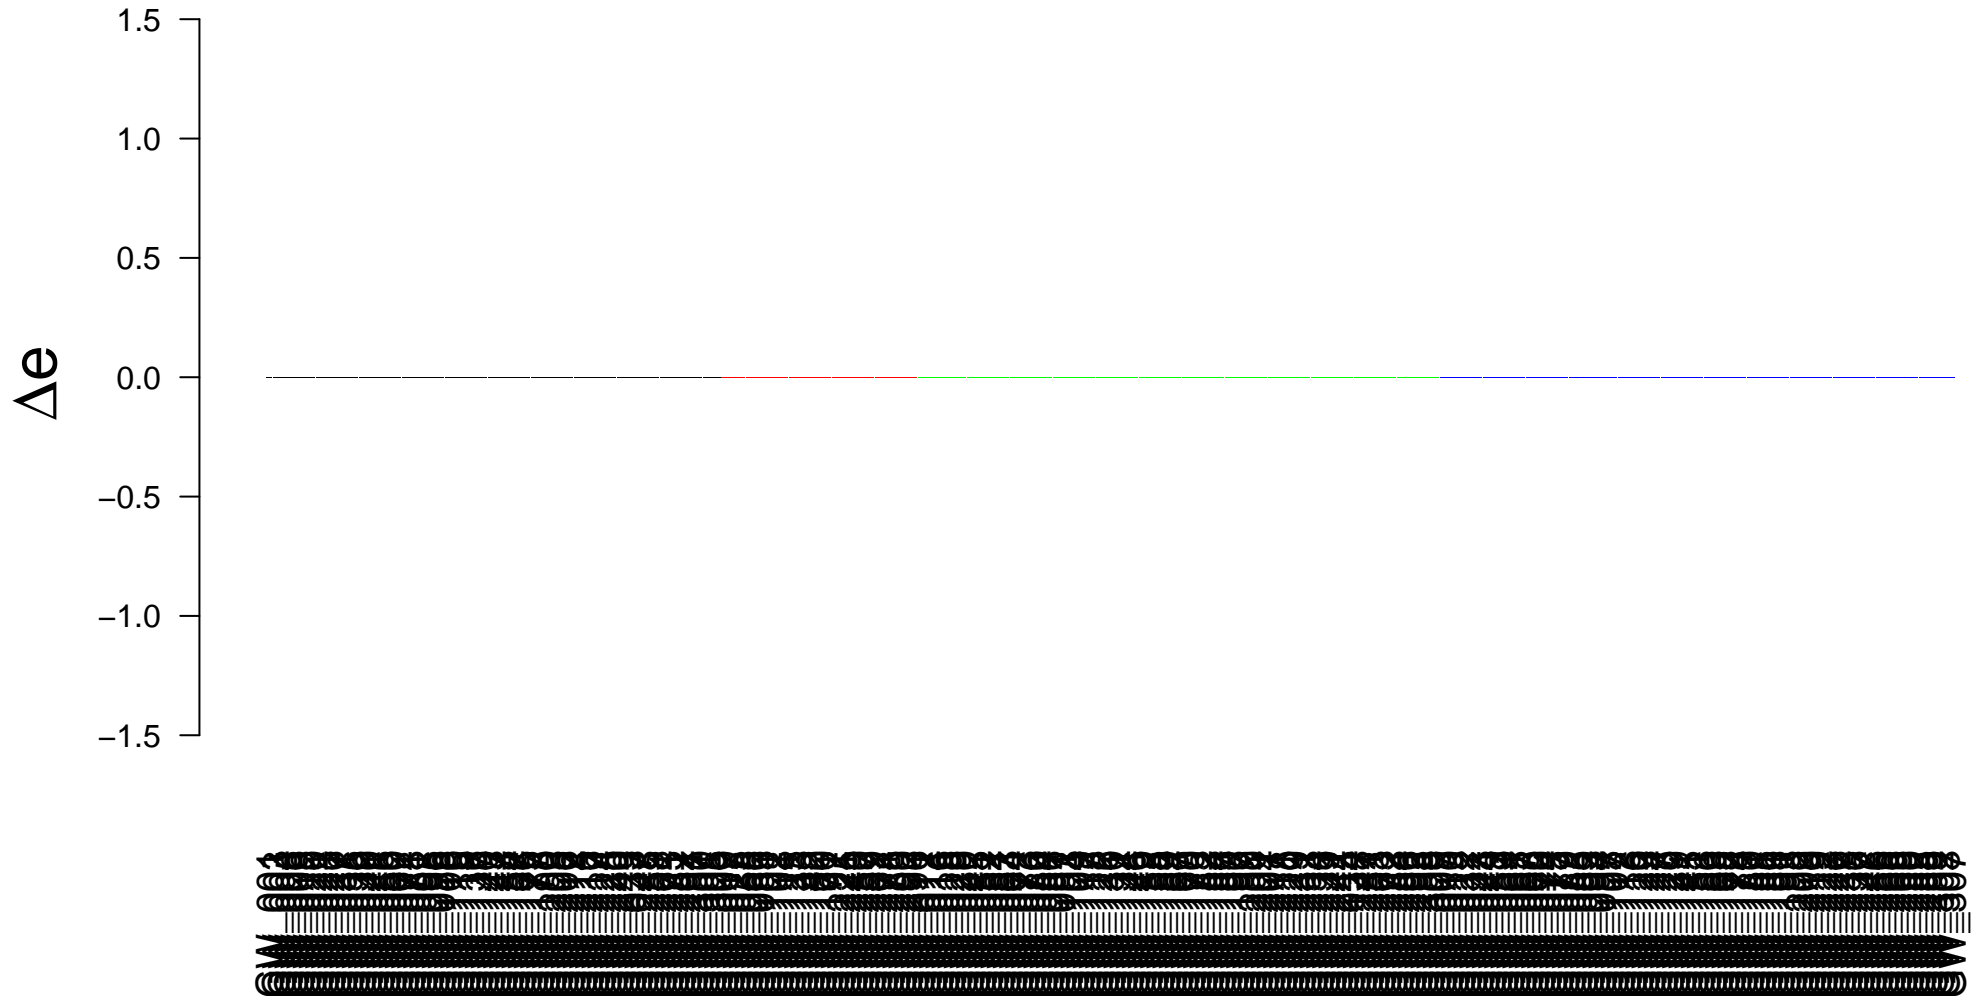

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot O

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot P

Expression of positive regulation of peptidyl-threonine phosphorylation in Spot Q

Expression of positive regulation of peptidyl–threonine phosphorylation in Spot R
