

positive regulation of release of sequestered calcium ion into cytosol

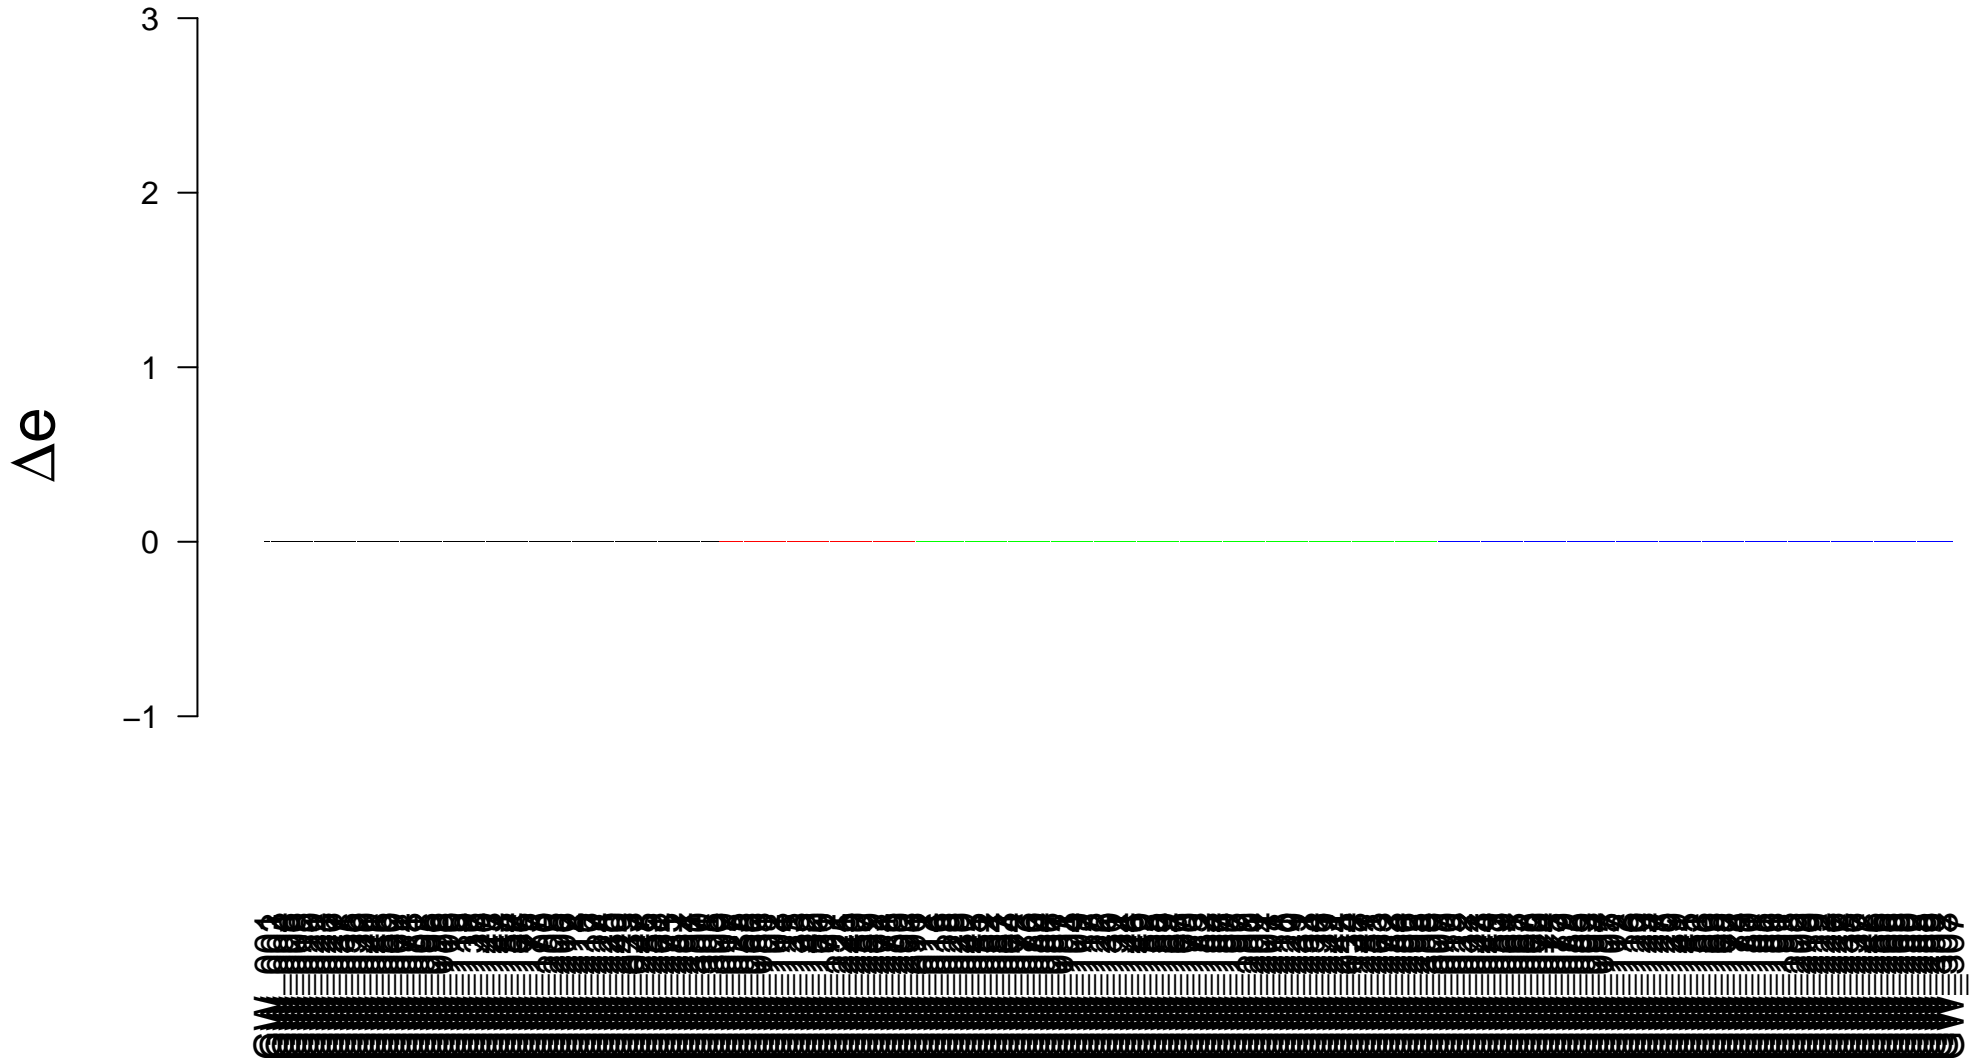

positive regulation of release of sequestered calcium ion into cytosol

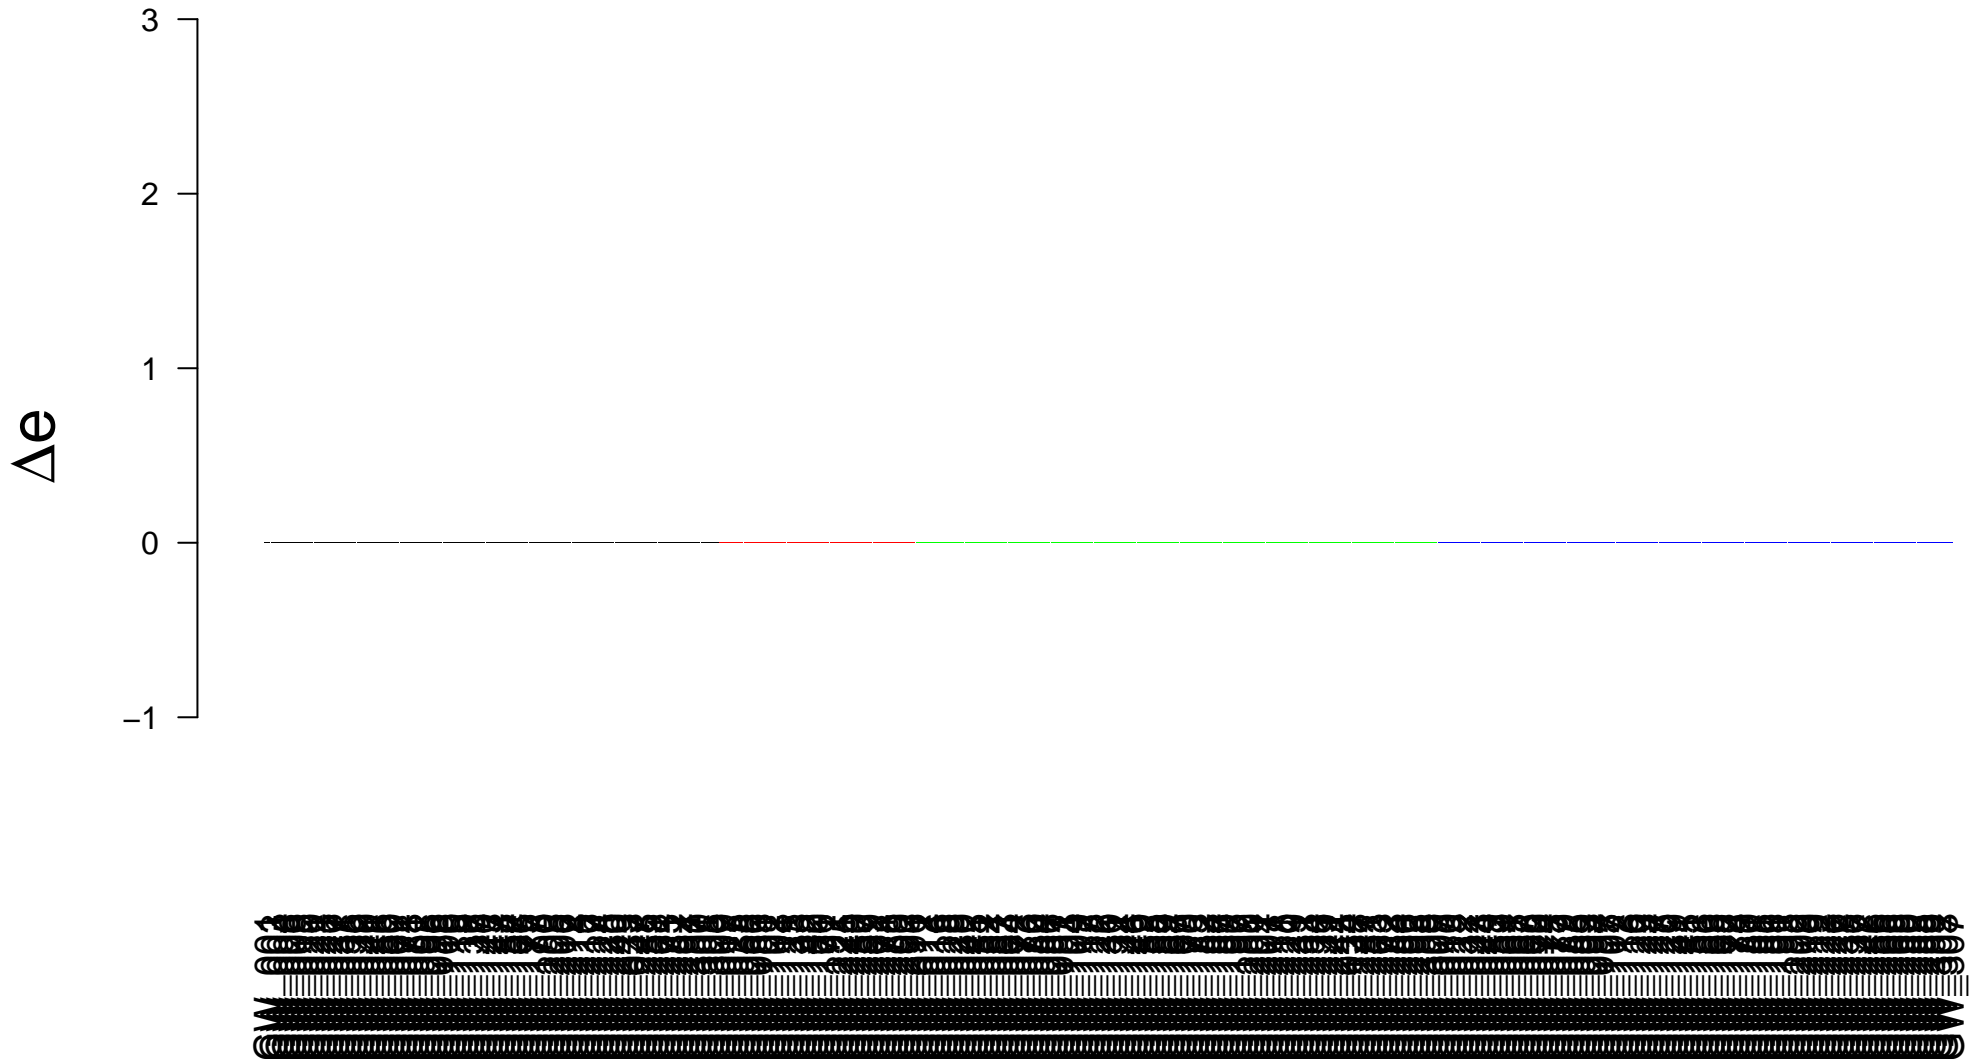

Enrichment in spots: positive regulation of release of sequestered calcium ion into cytosol

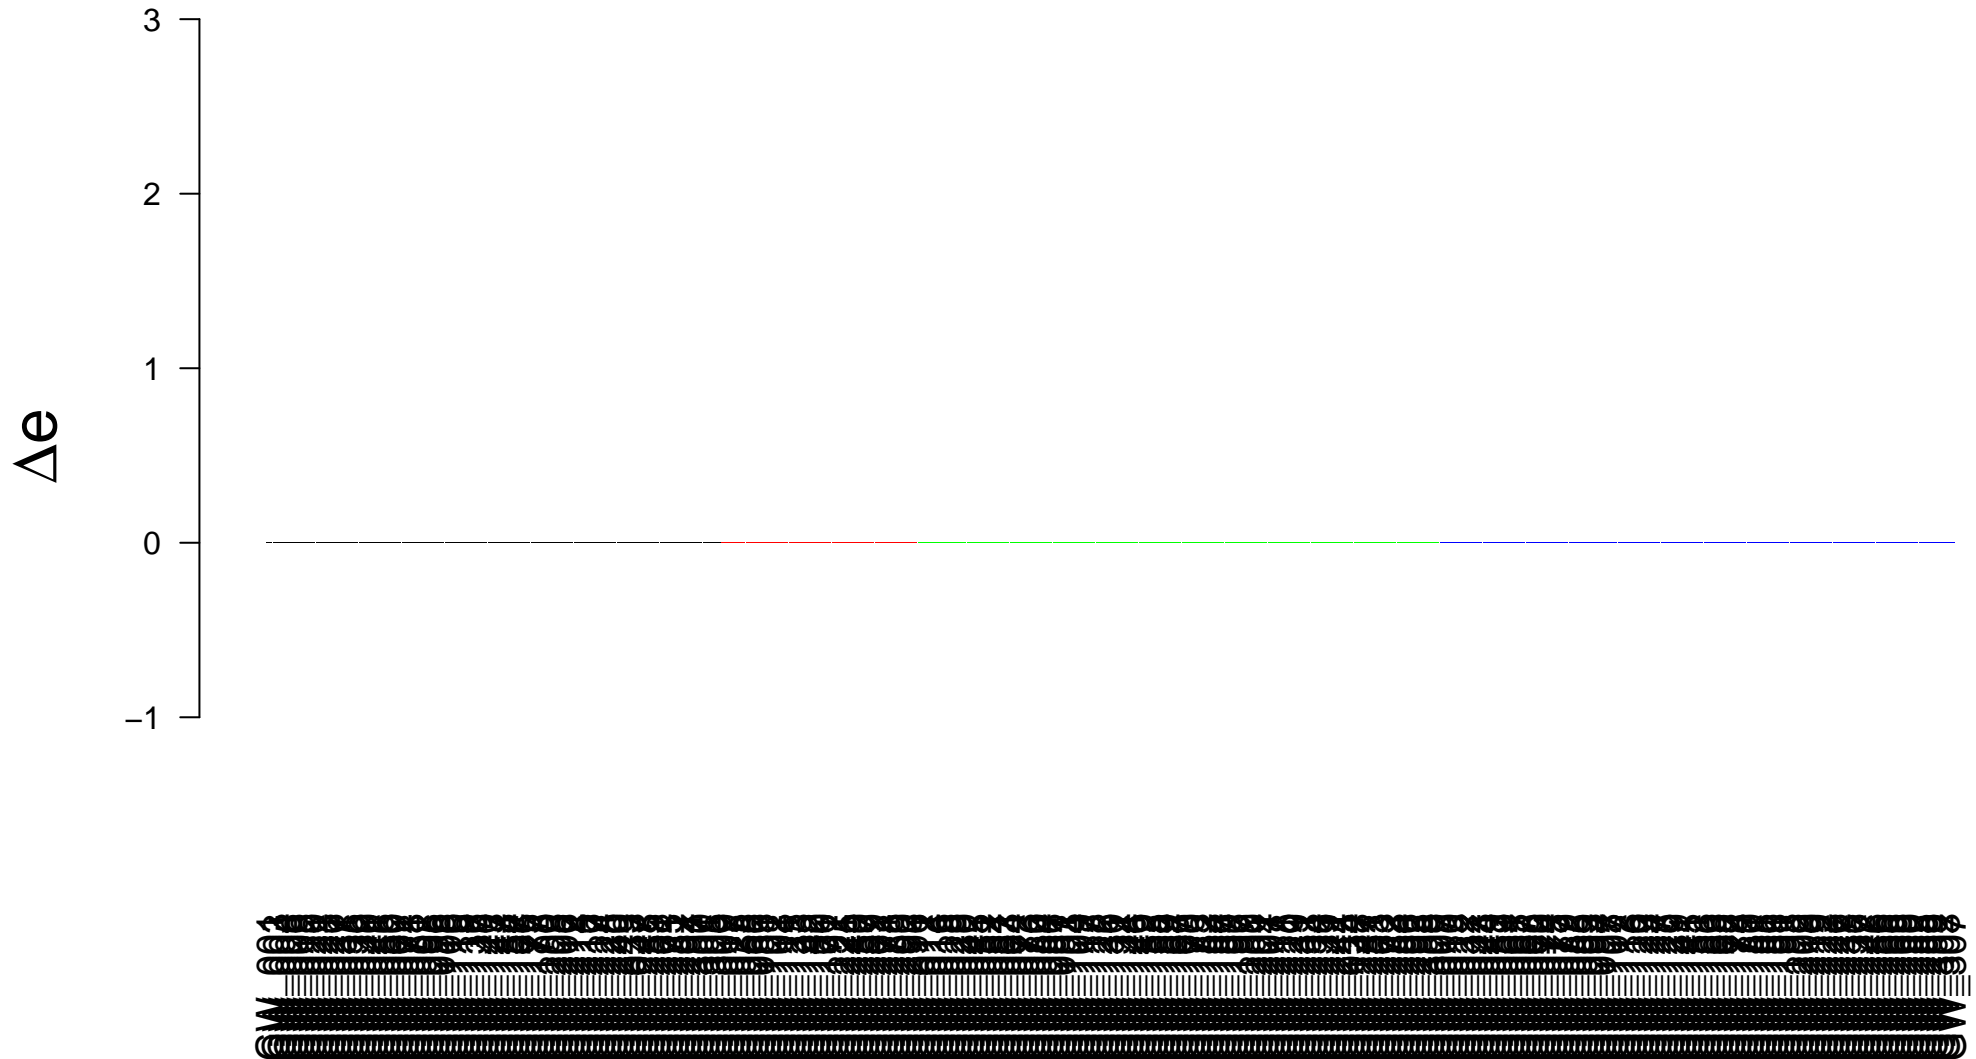

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot A

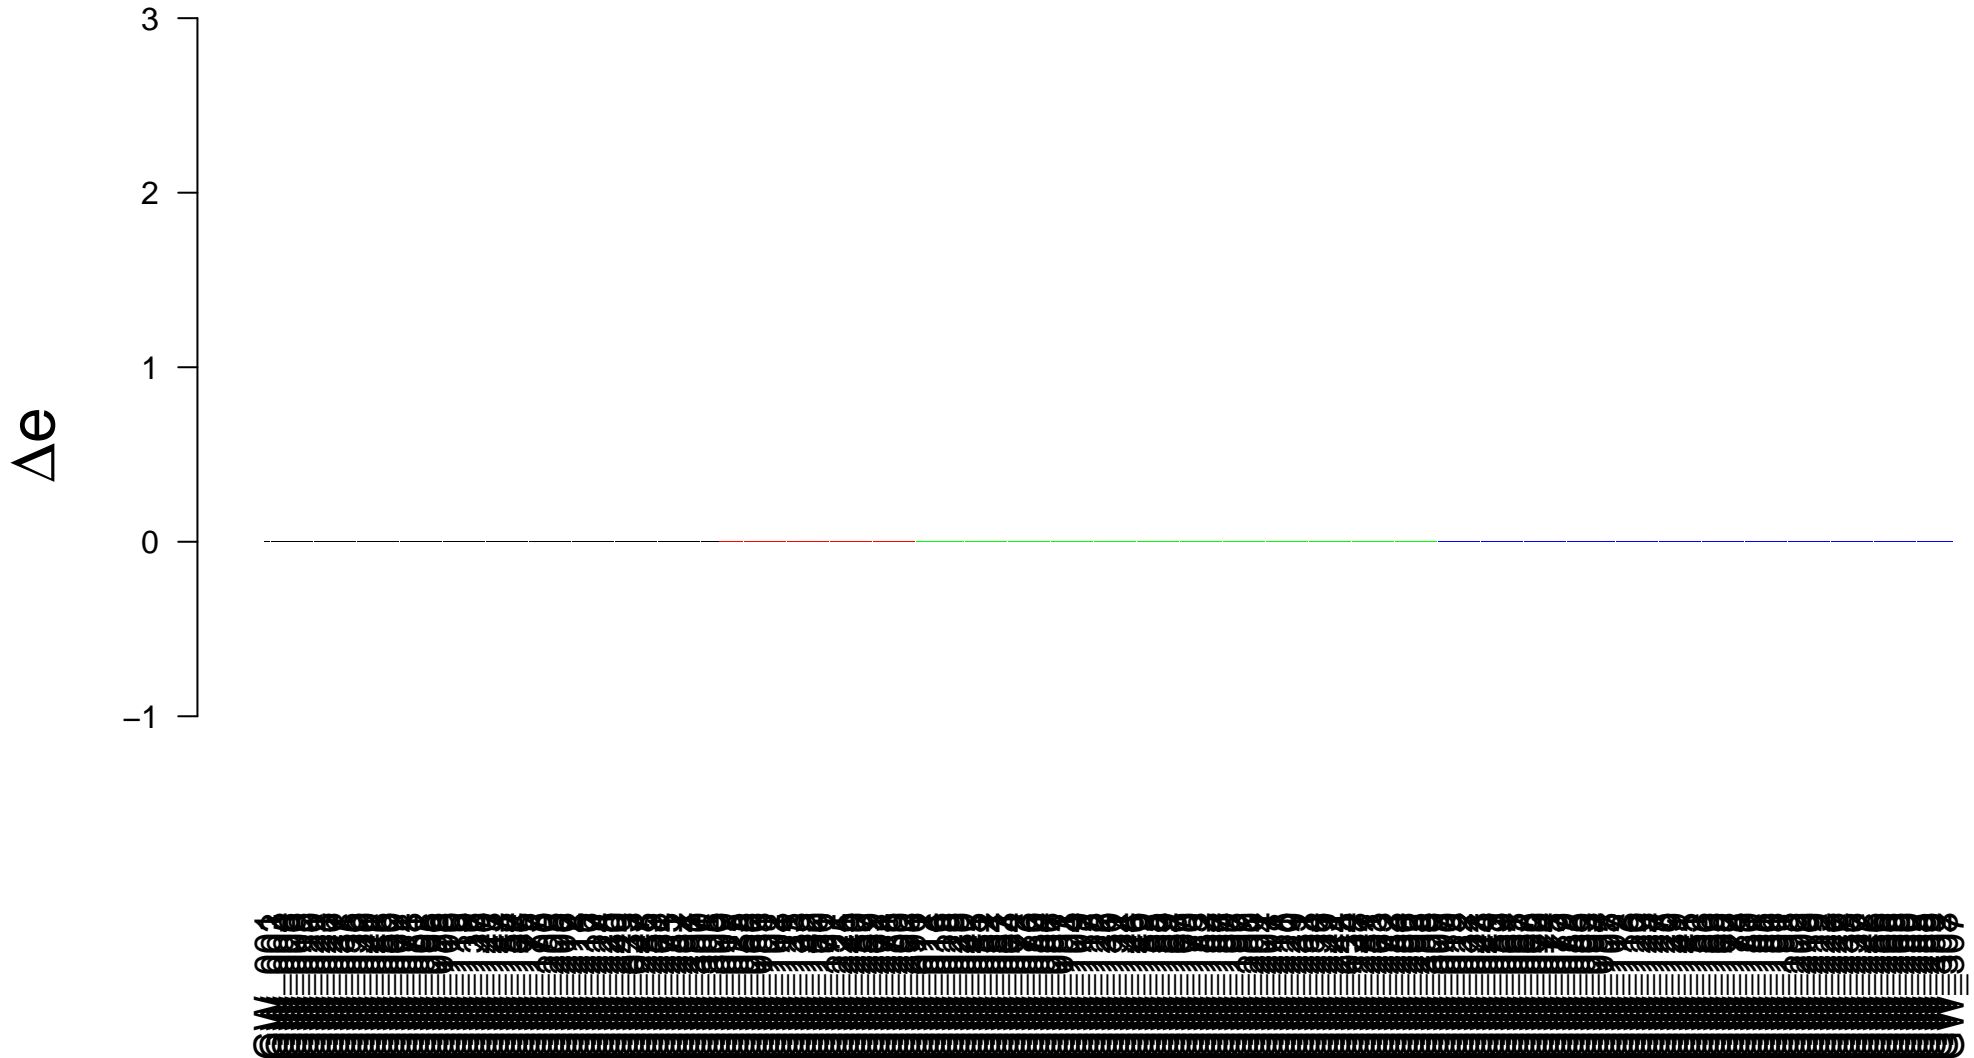

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot B

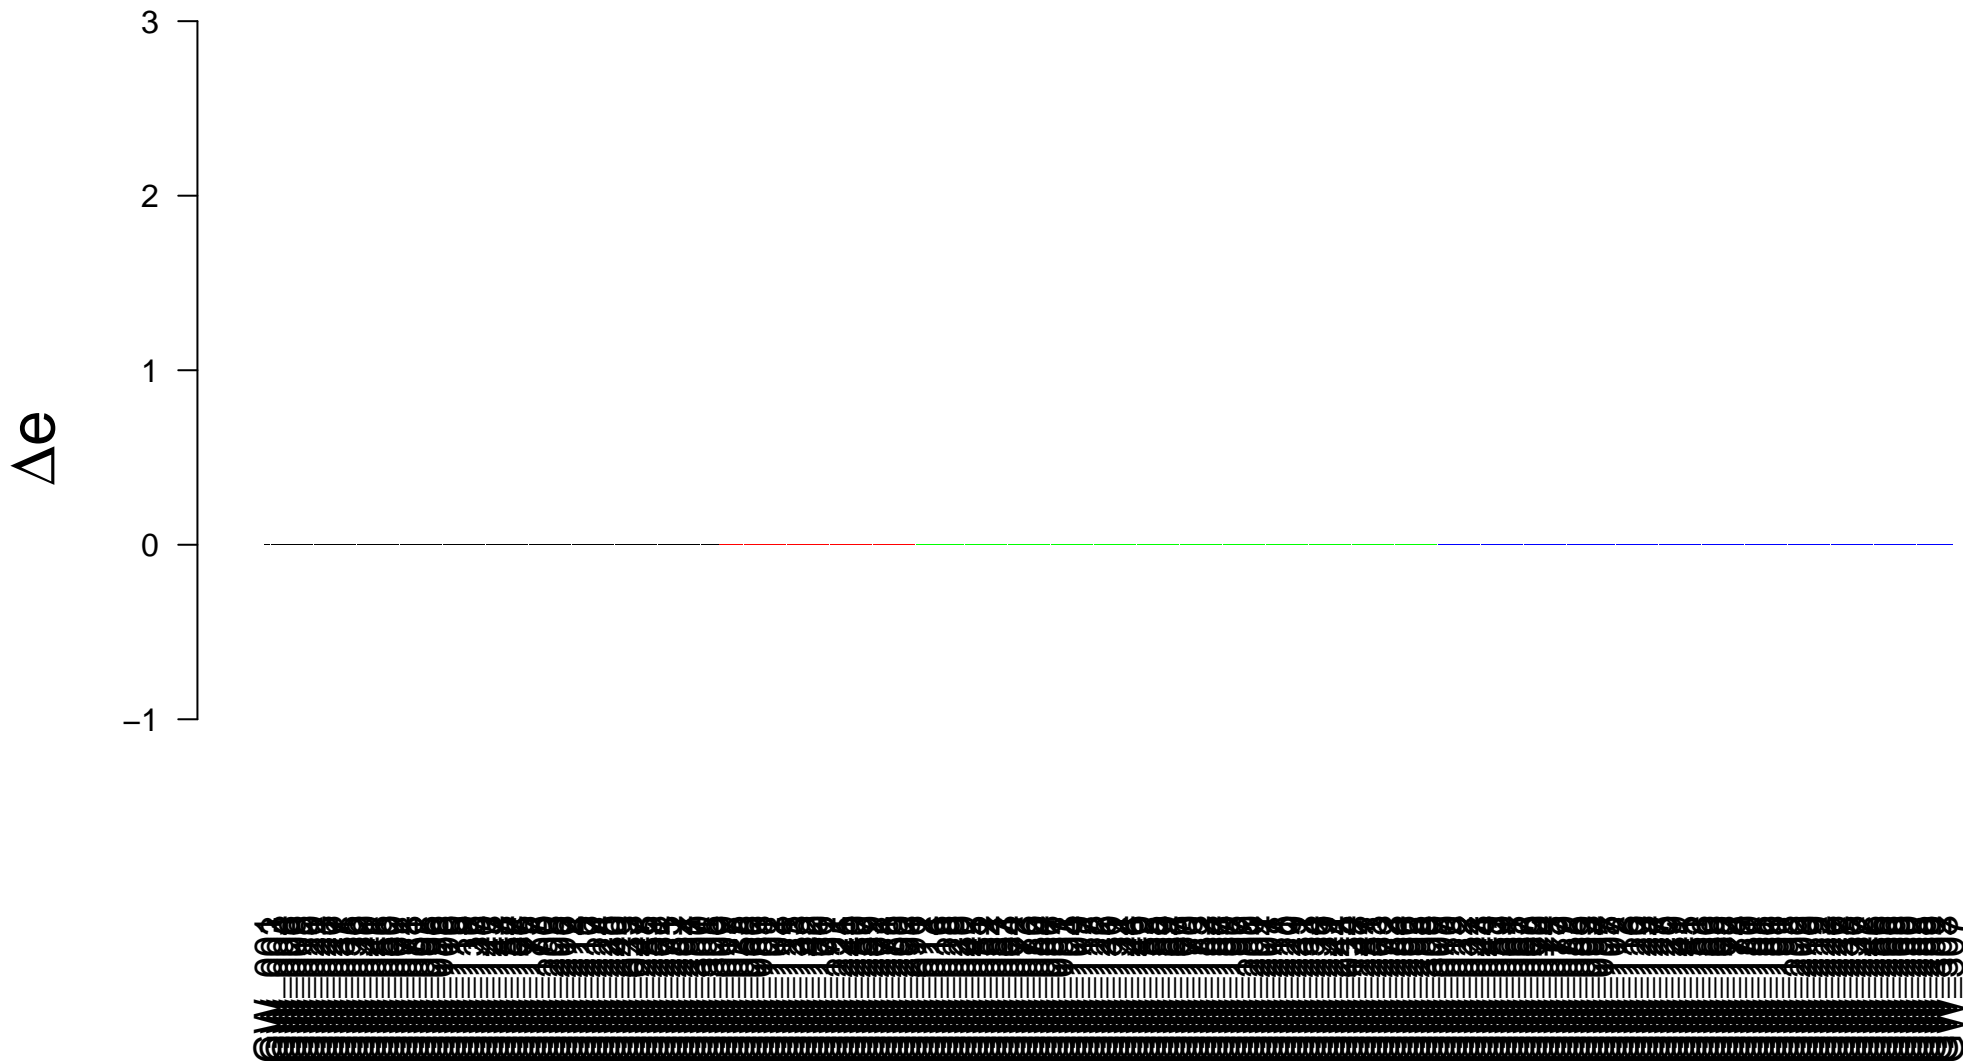

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot C

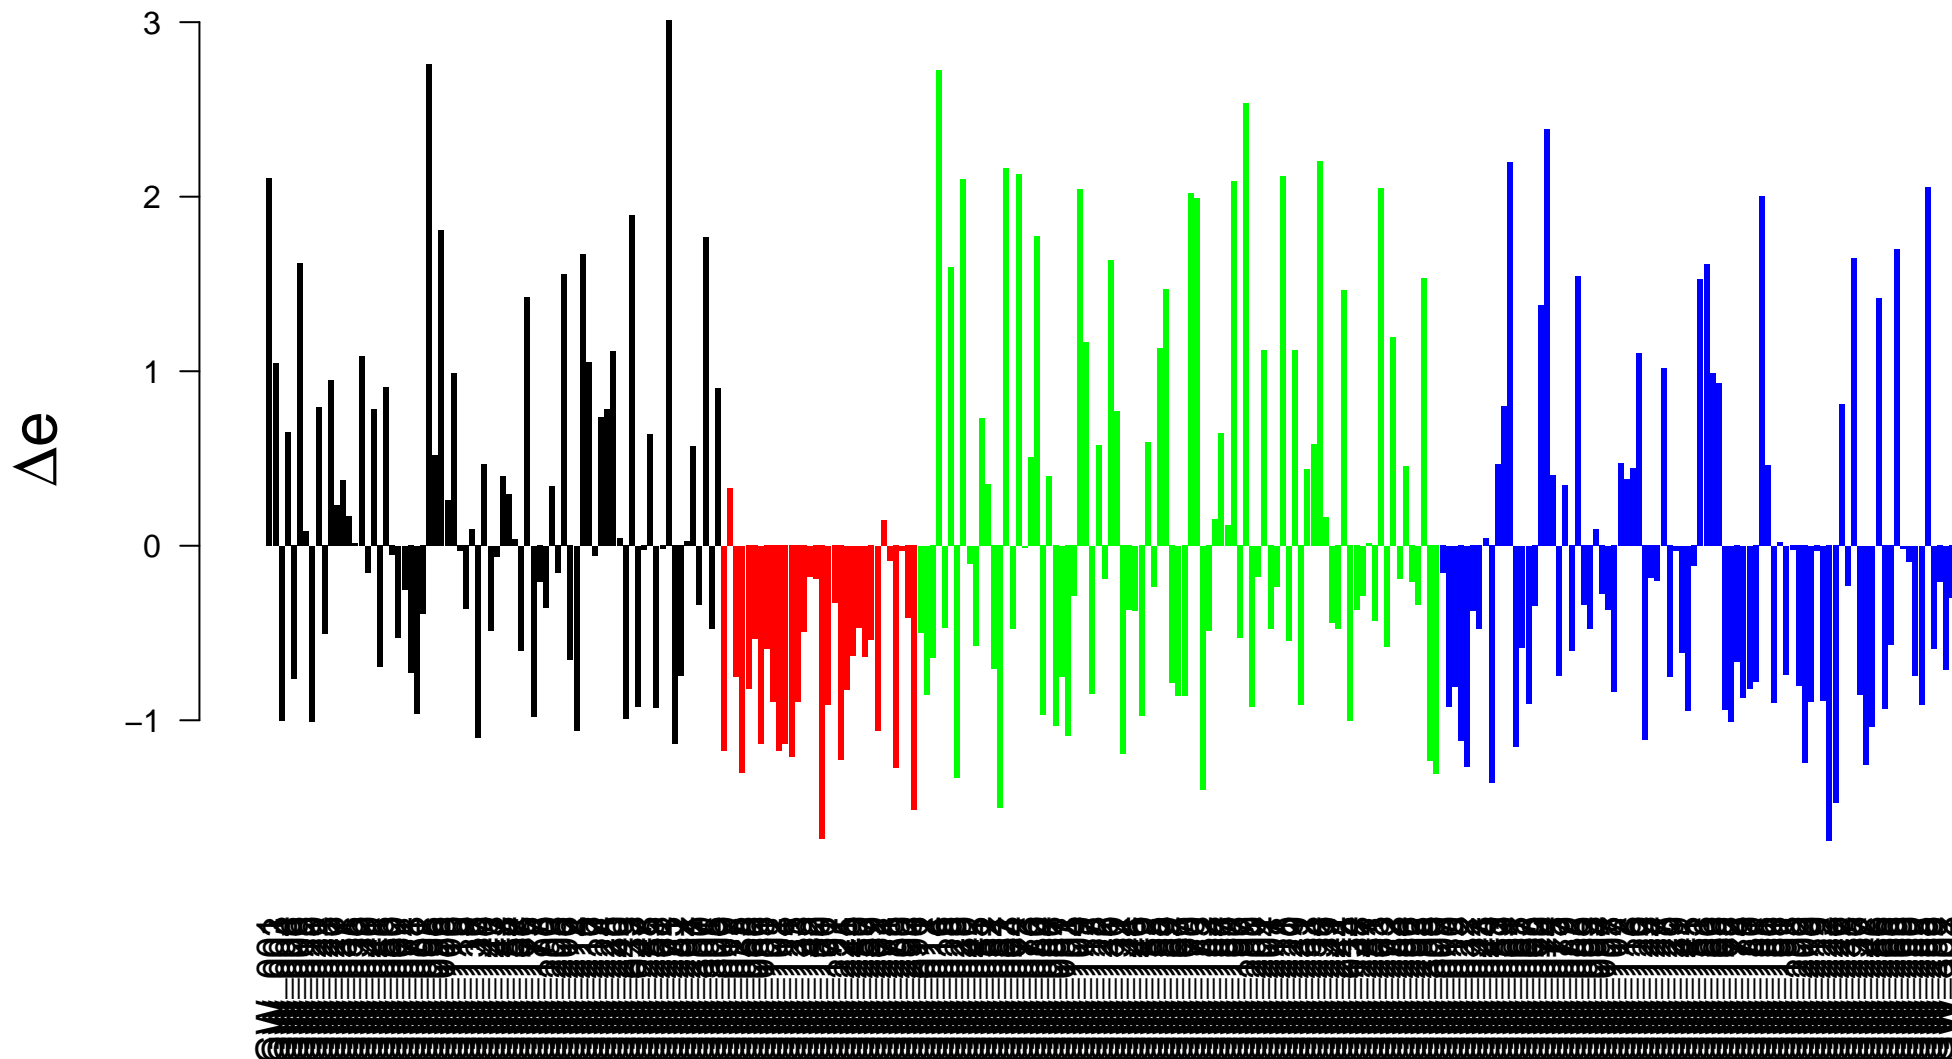

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot D

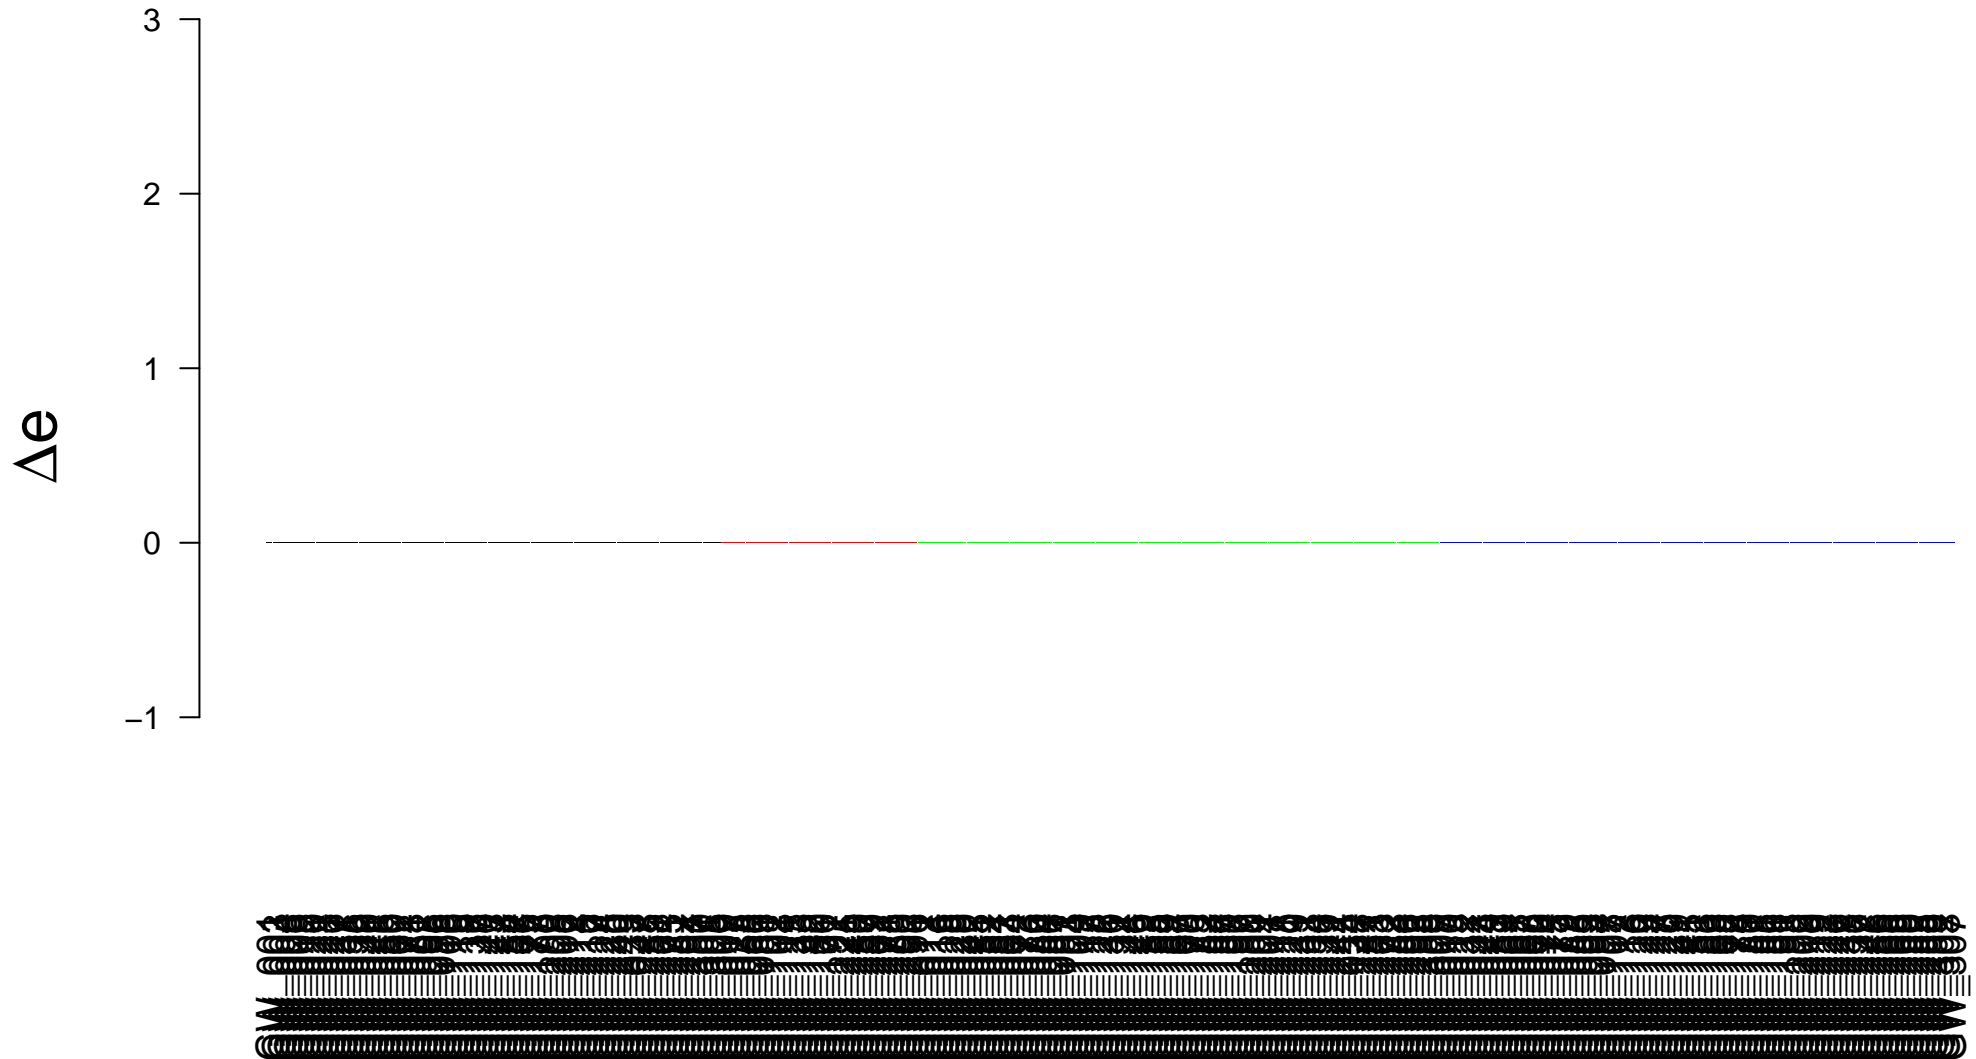

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot E

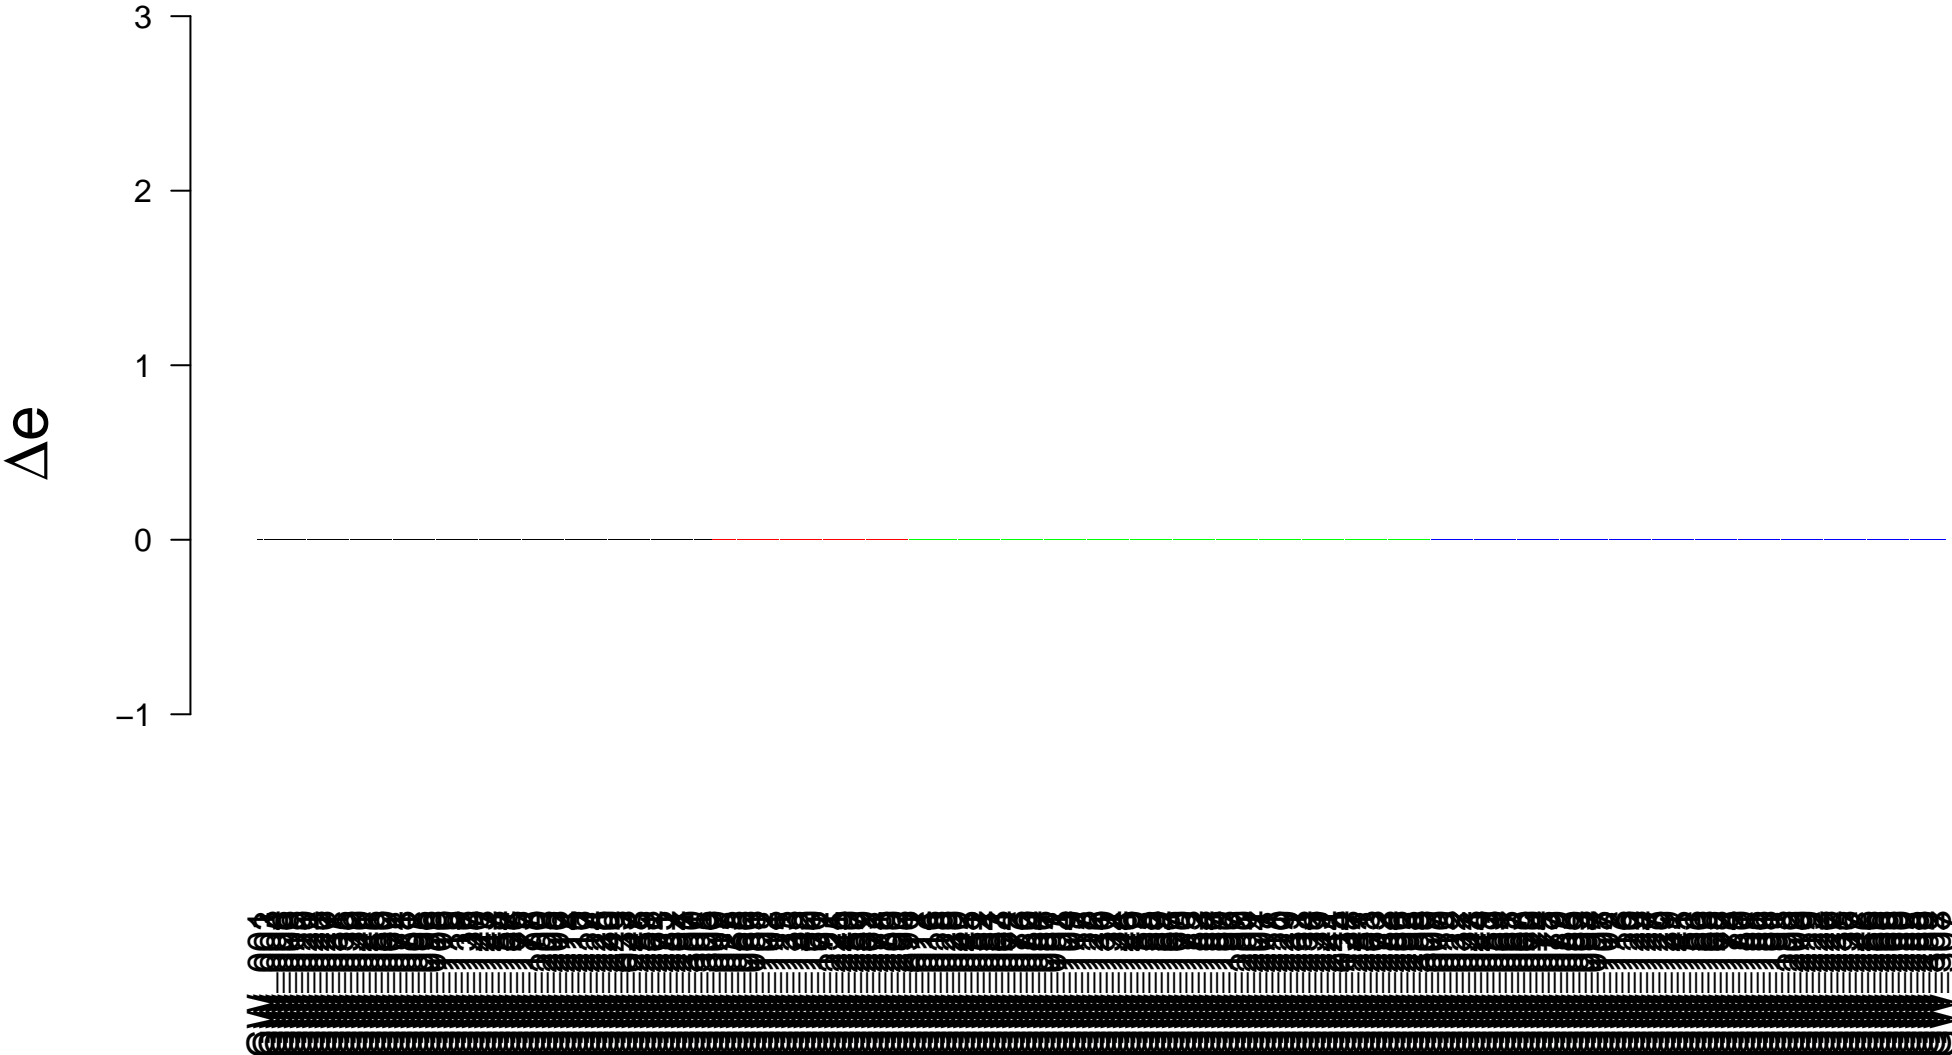

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot F

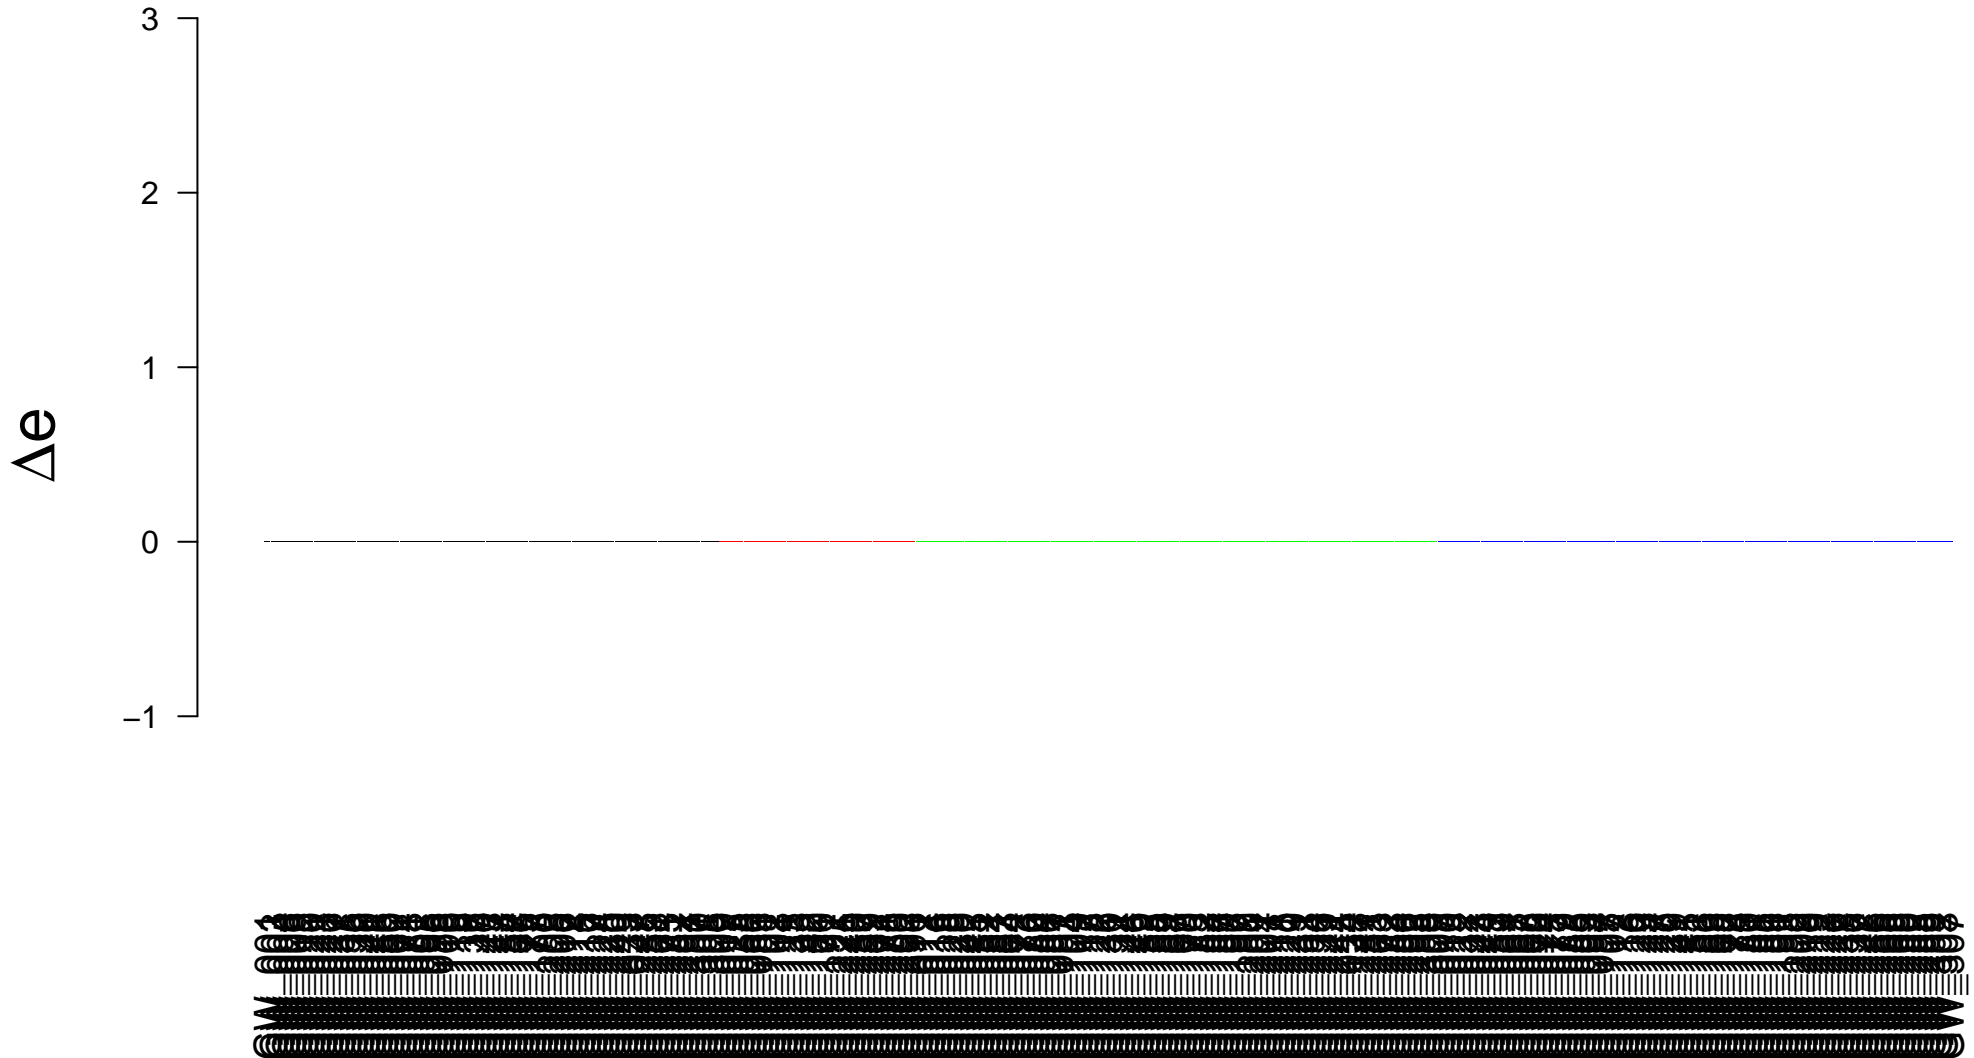

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot H

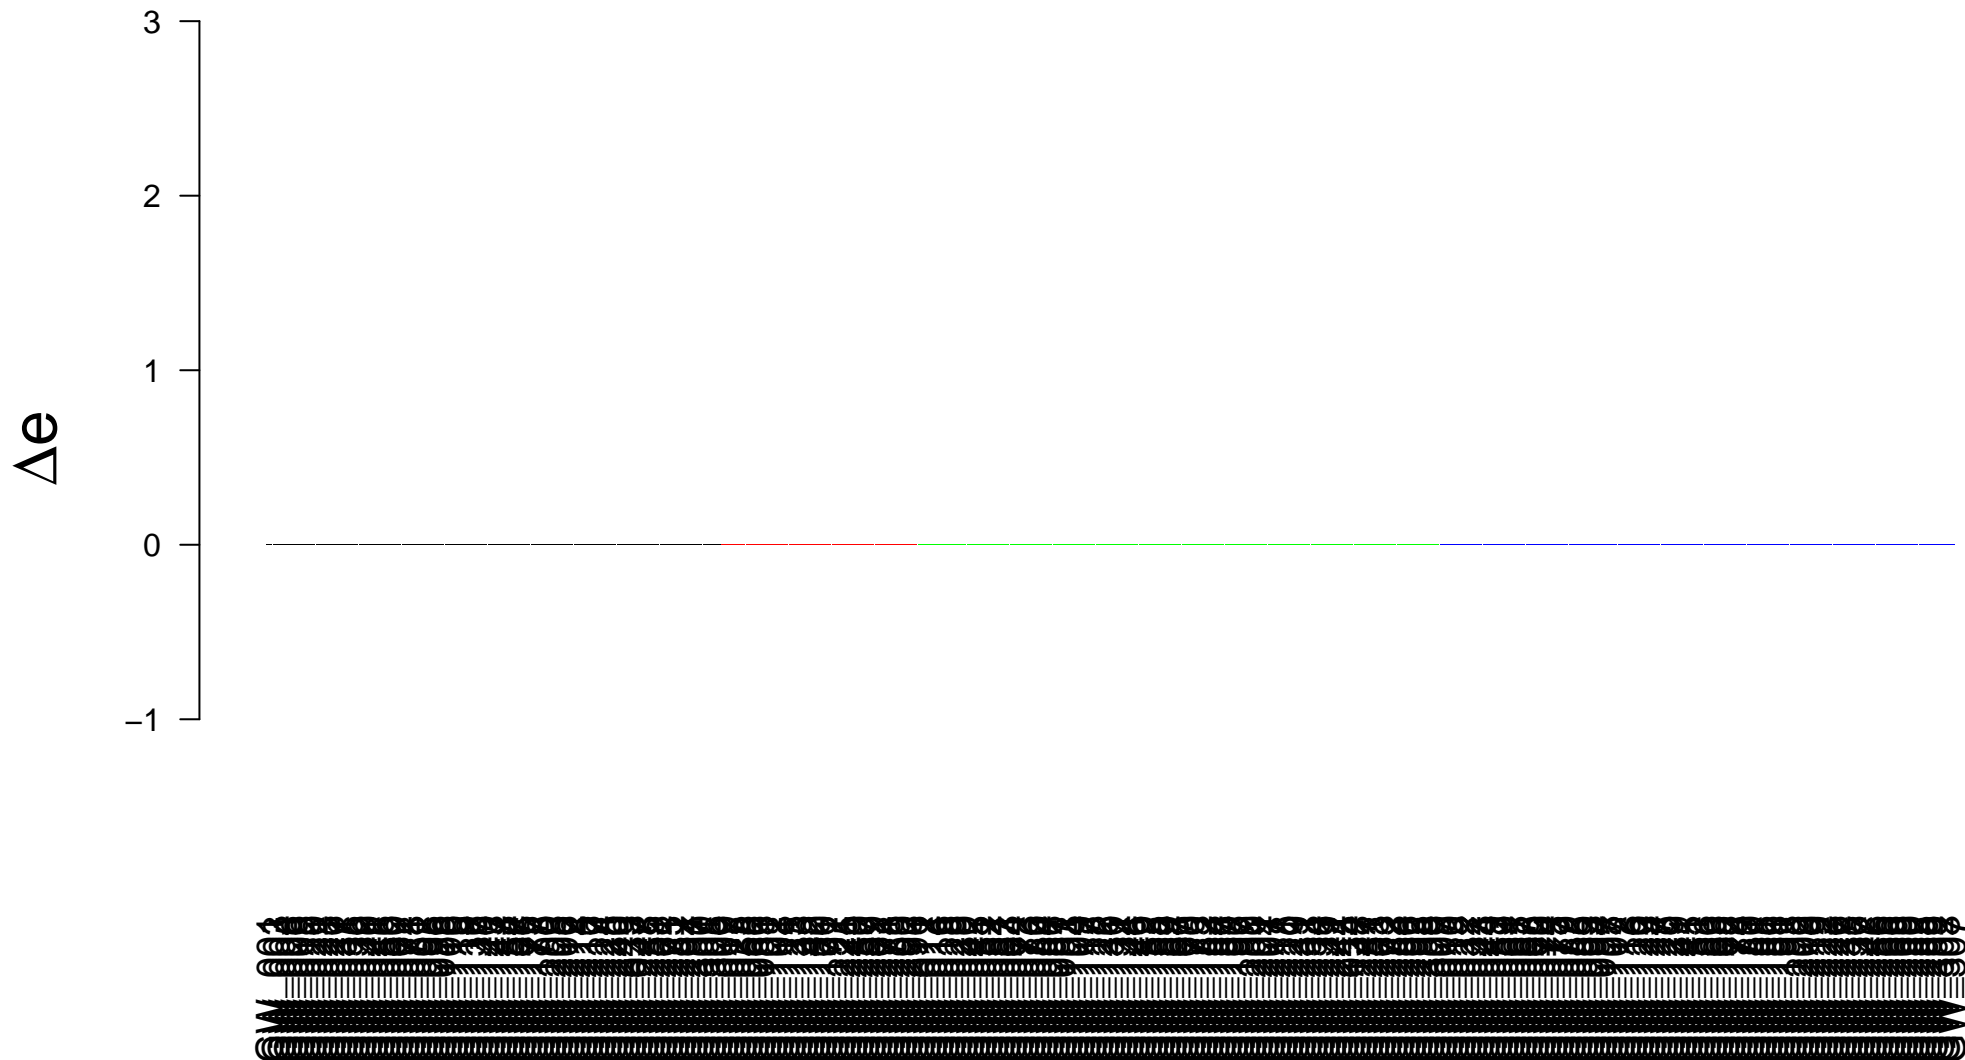

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot I

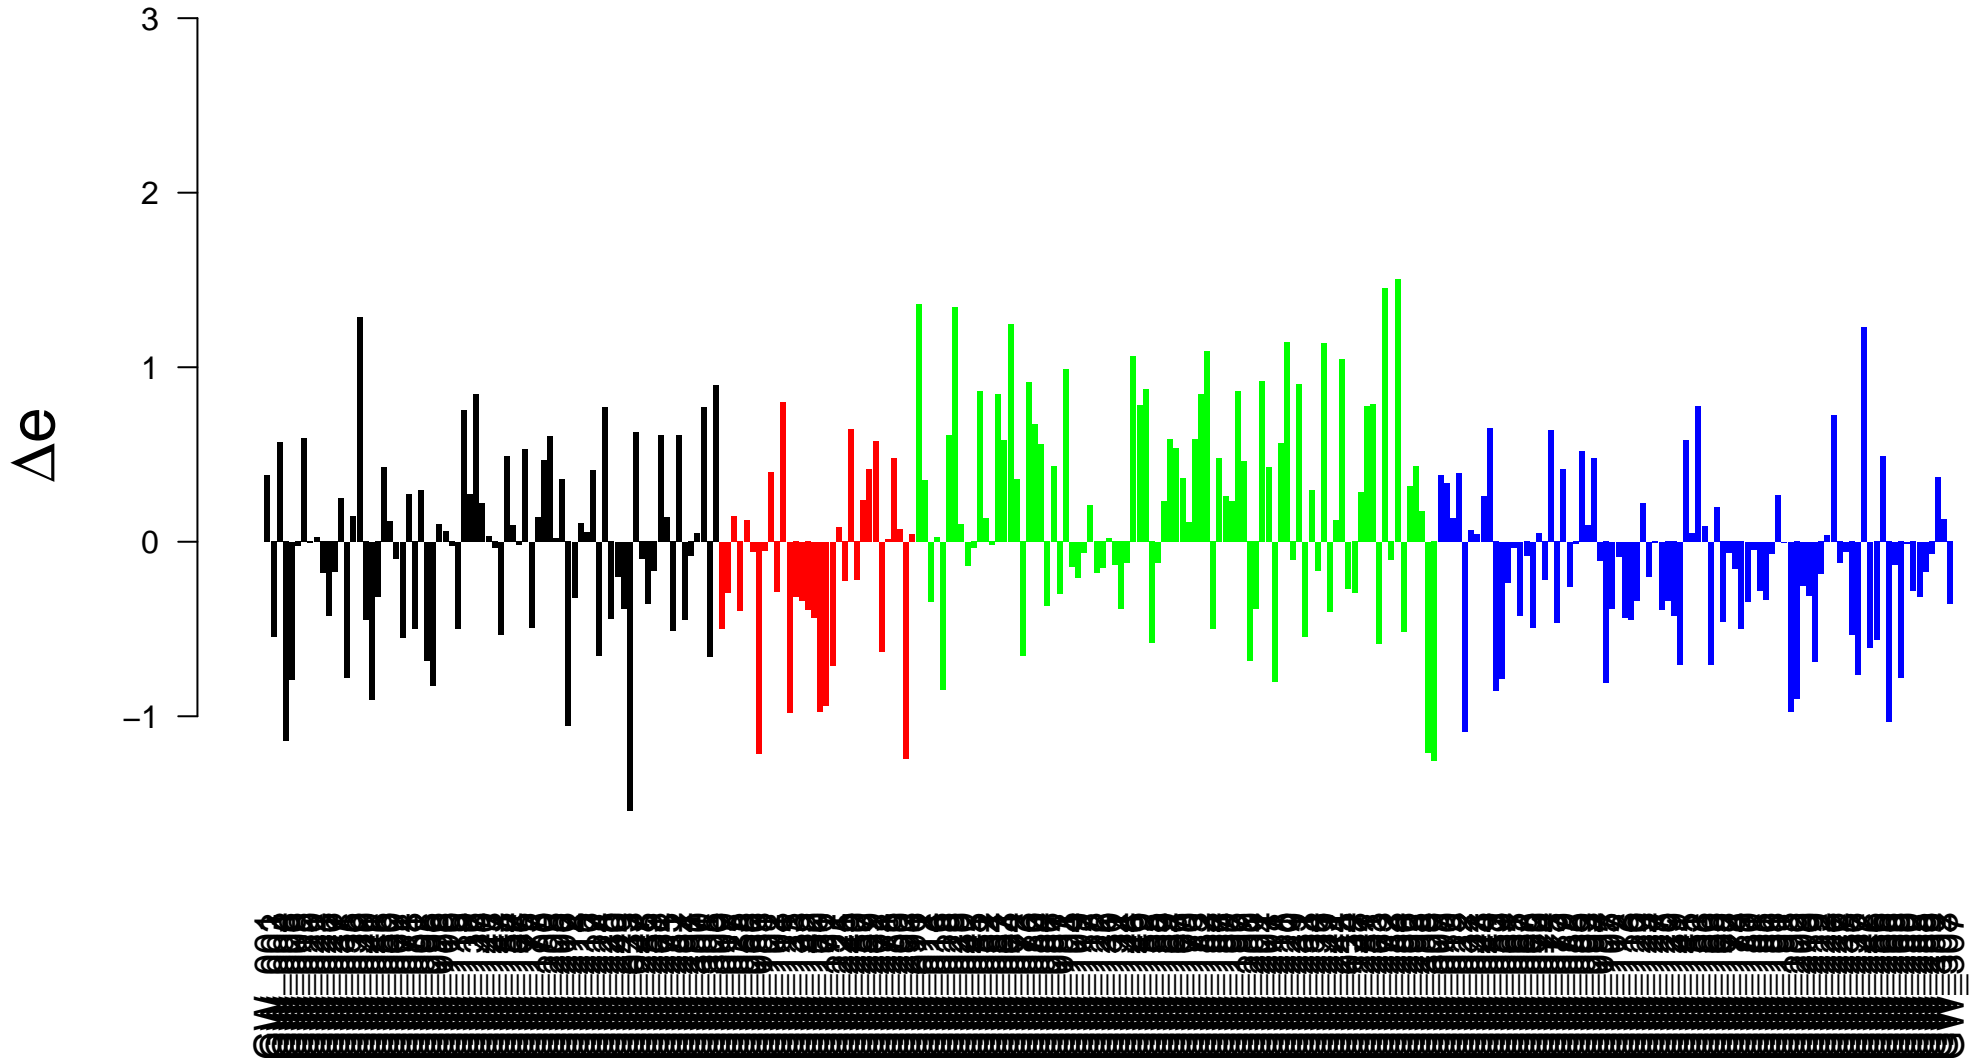

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot J

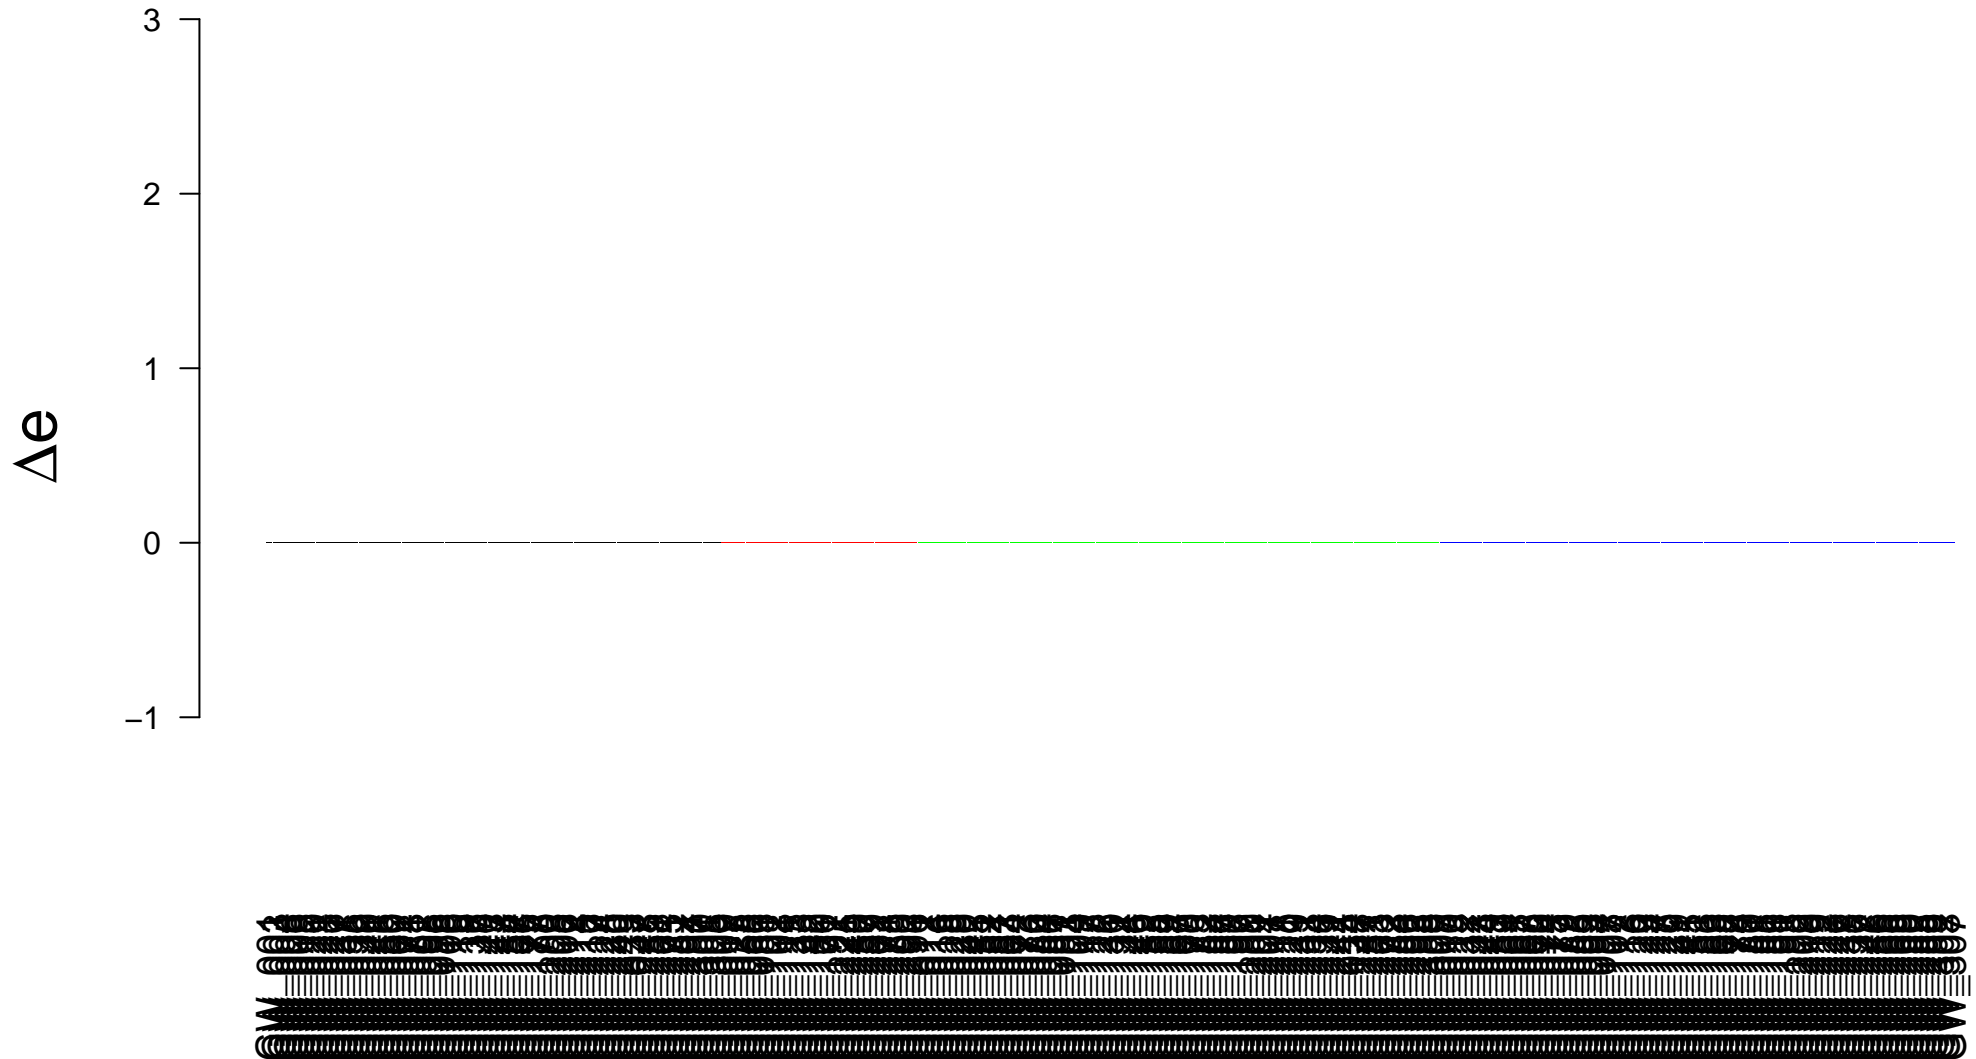

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot K

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot L

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot M

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot N

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot O

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot P

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot Q

Expression of positive regulation of release of sequestered calcium ion into cytosol in Spot R
