

positive regulation of type I interferon production

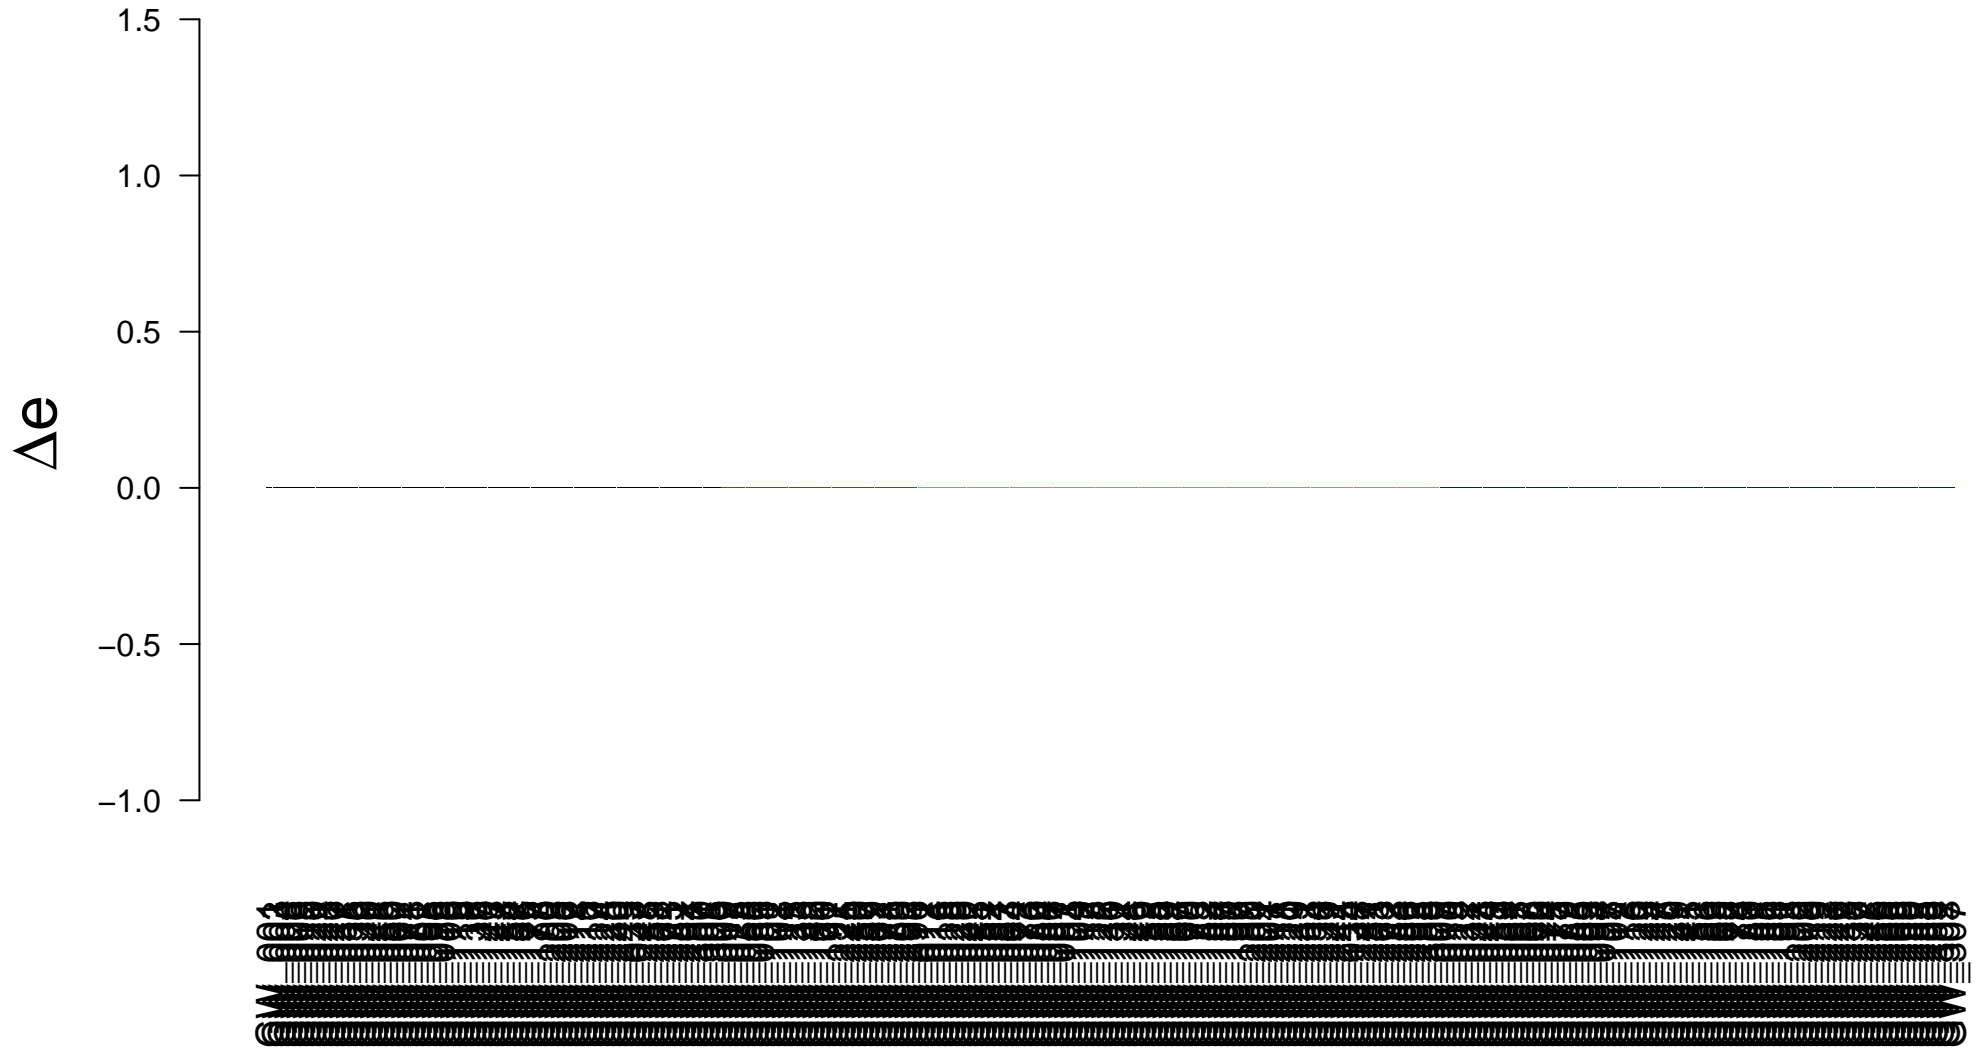

# positive regulation of type I interferon production

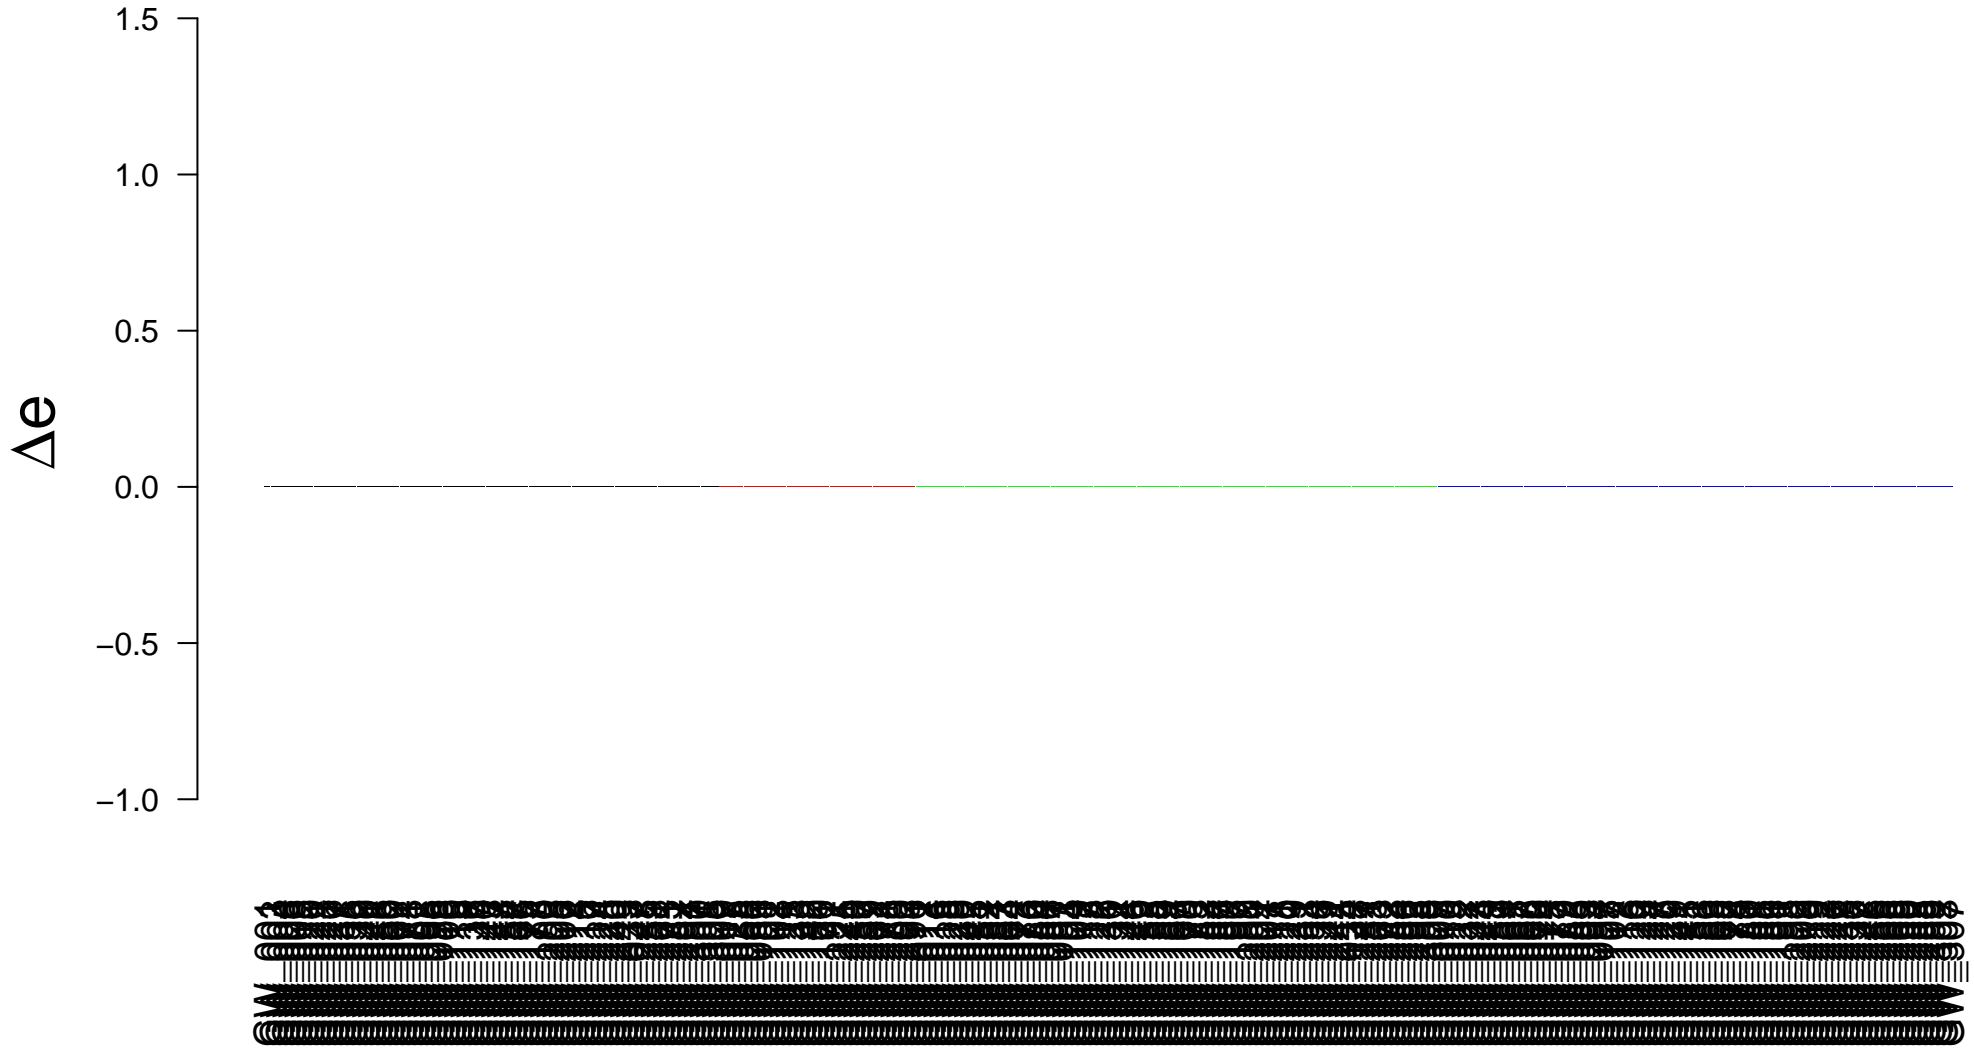

# Enrichment in spots: positive regulation of type I interferon production

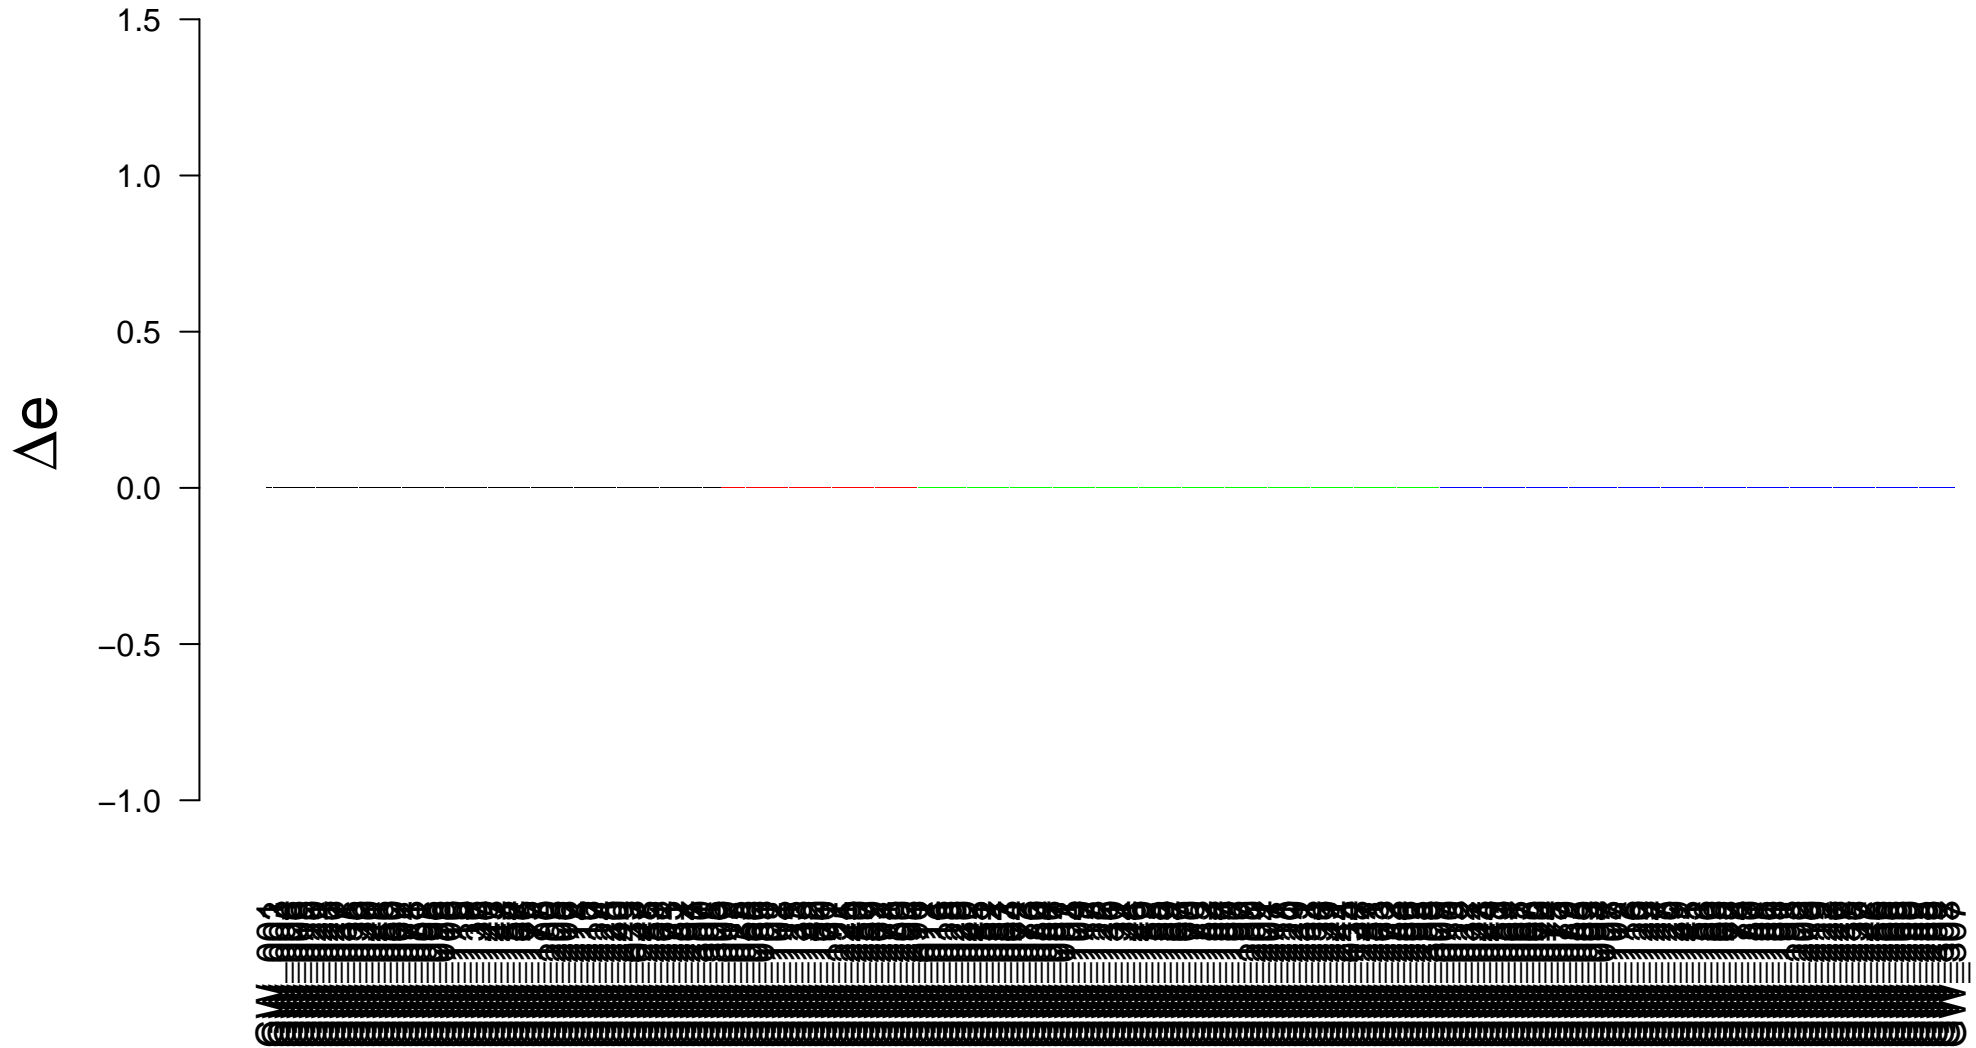

# Expression of positive regulation of type I interferon production in Spot A

# Expression of positive regulation of type I interferon production in Spot B

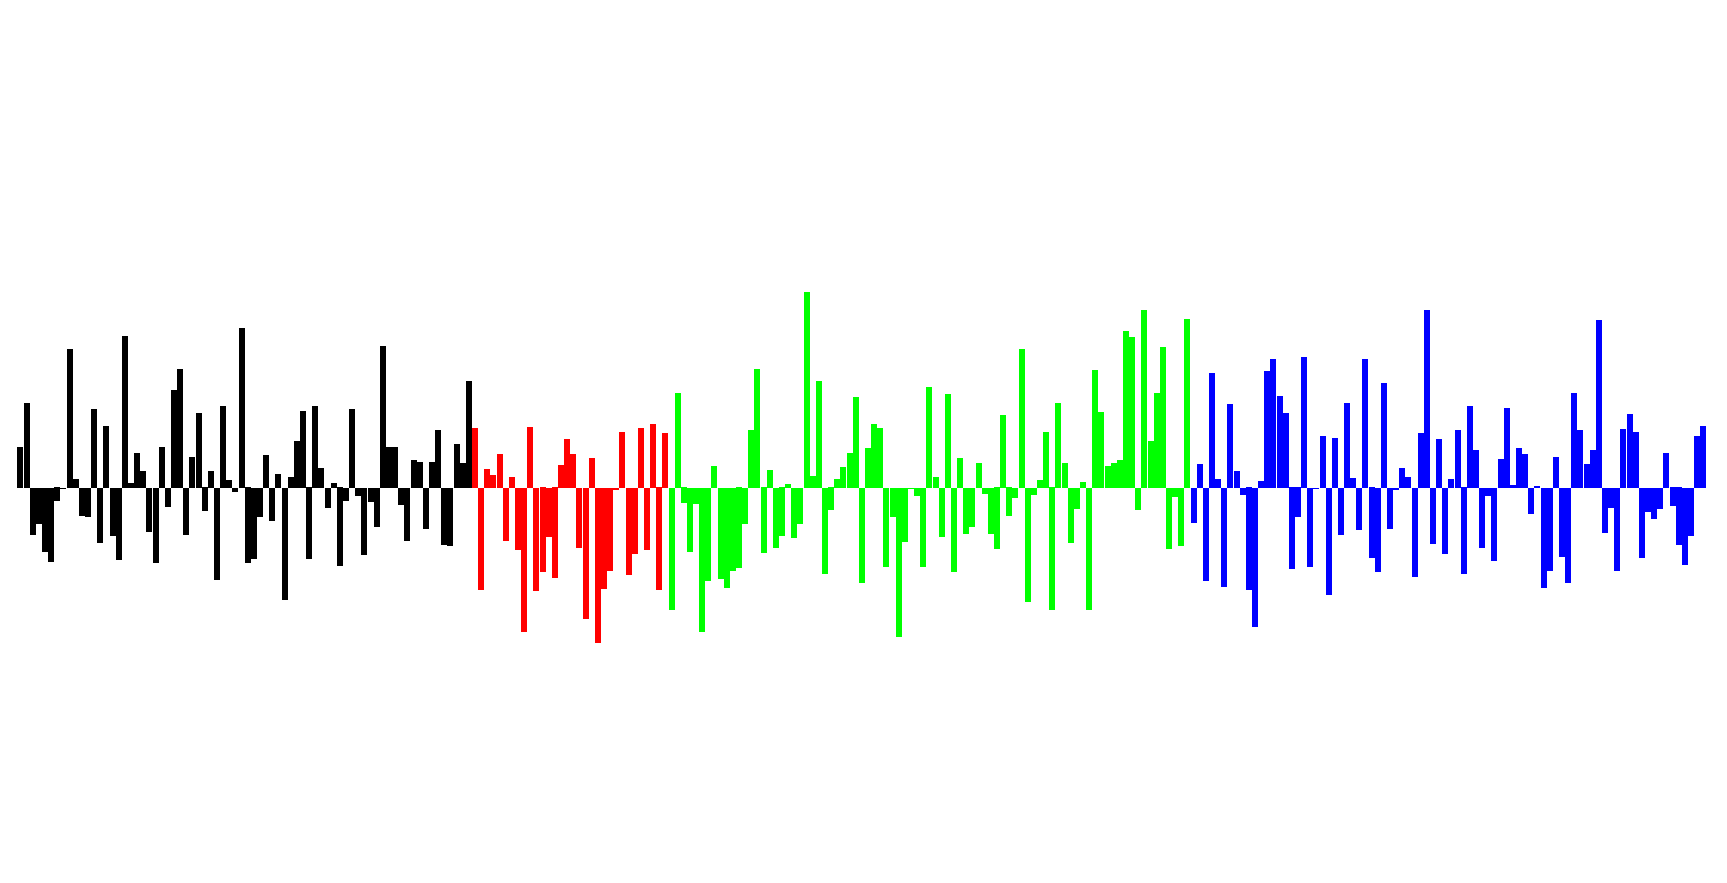

# Expression of positive regulation of type I interferon production in Spot C

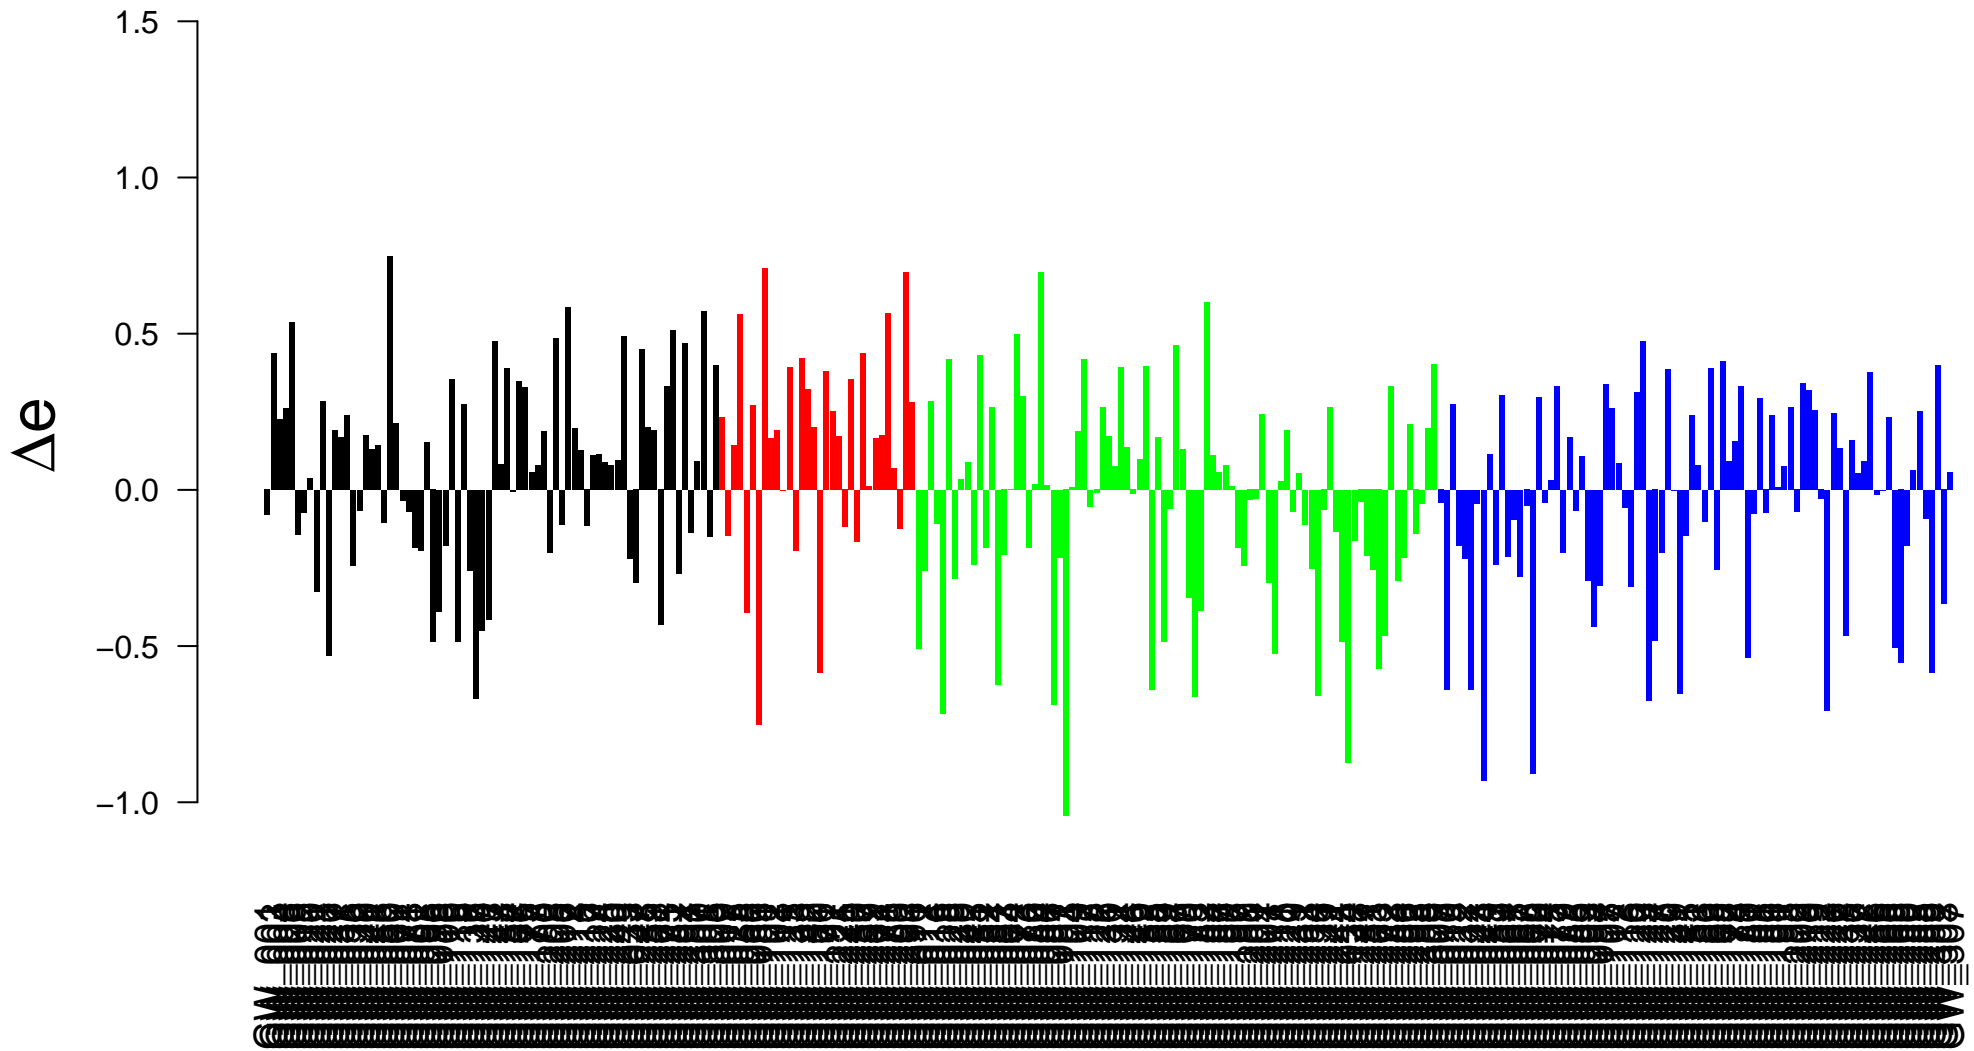

# Expression of positive regulation of type I interferon production in Spot D

$\Delta e$

# Expression of positive regulation of type I interferon production in Spot E

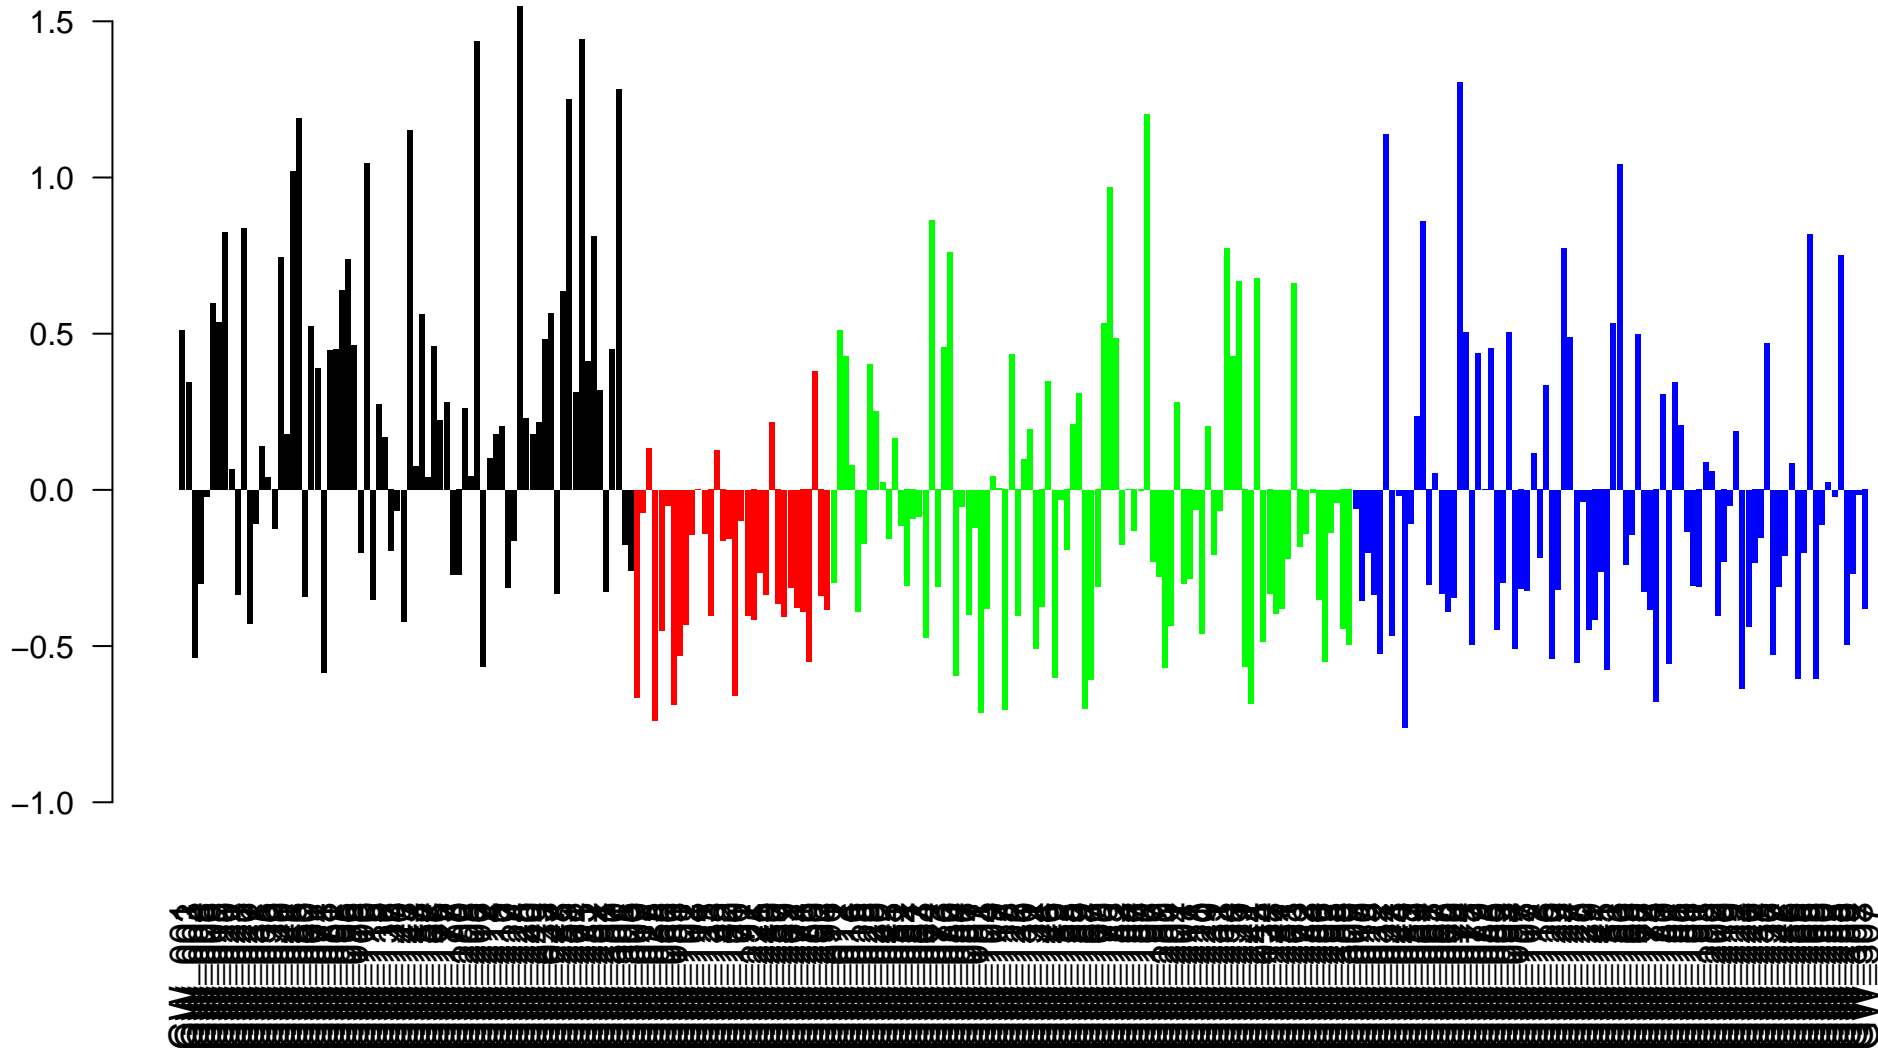

# Expression of positive regulation of type I interferon production in Spot F

$\Delta e$

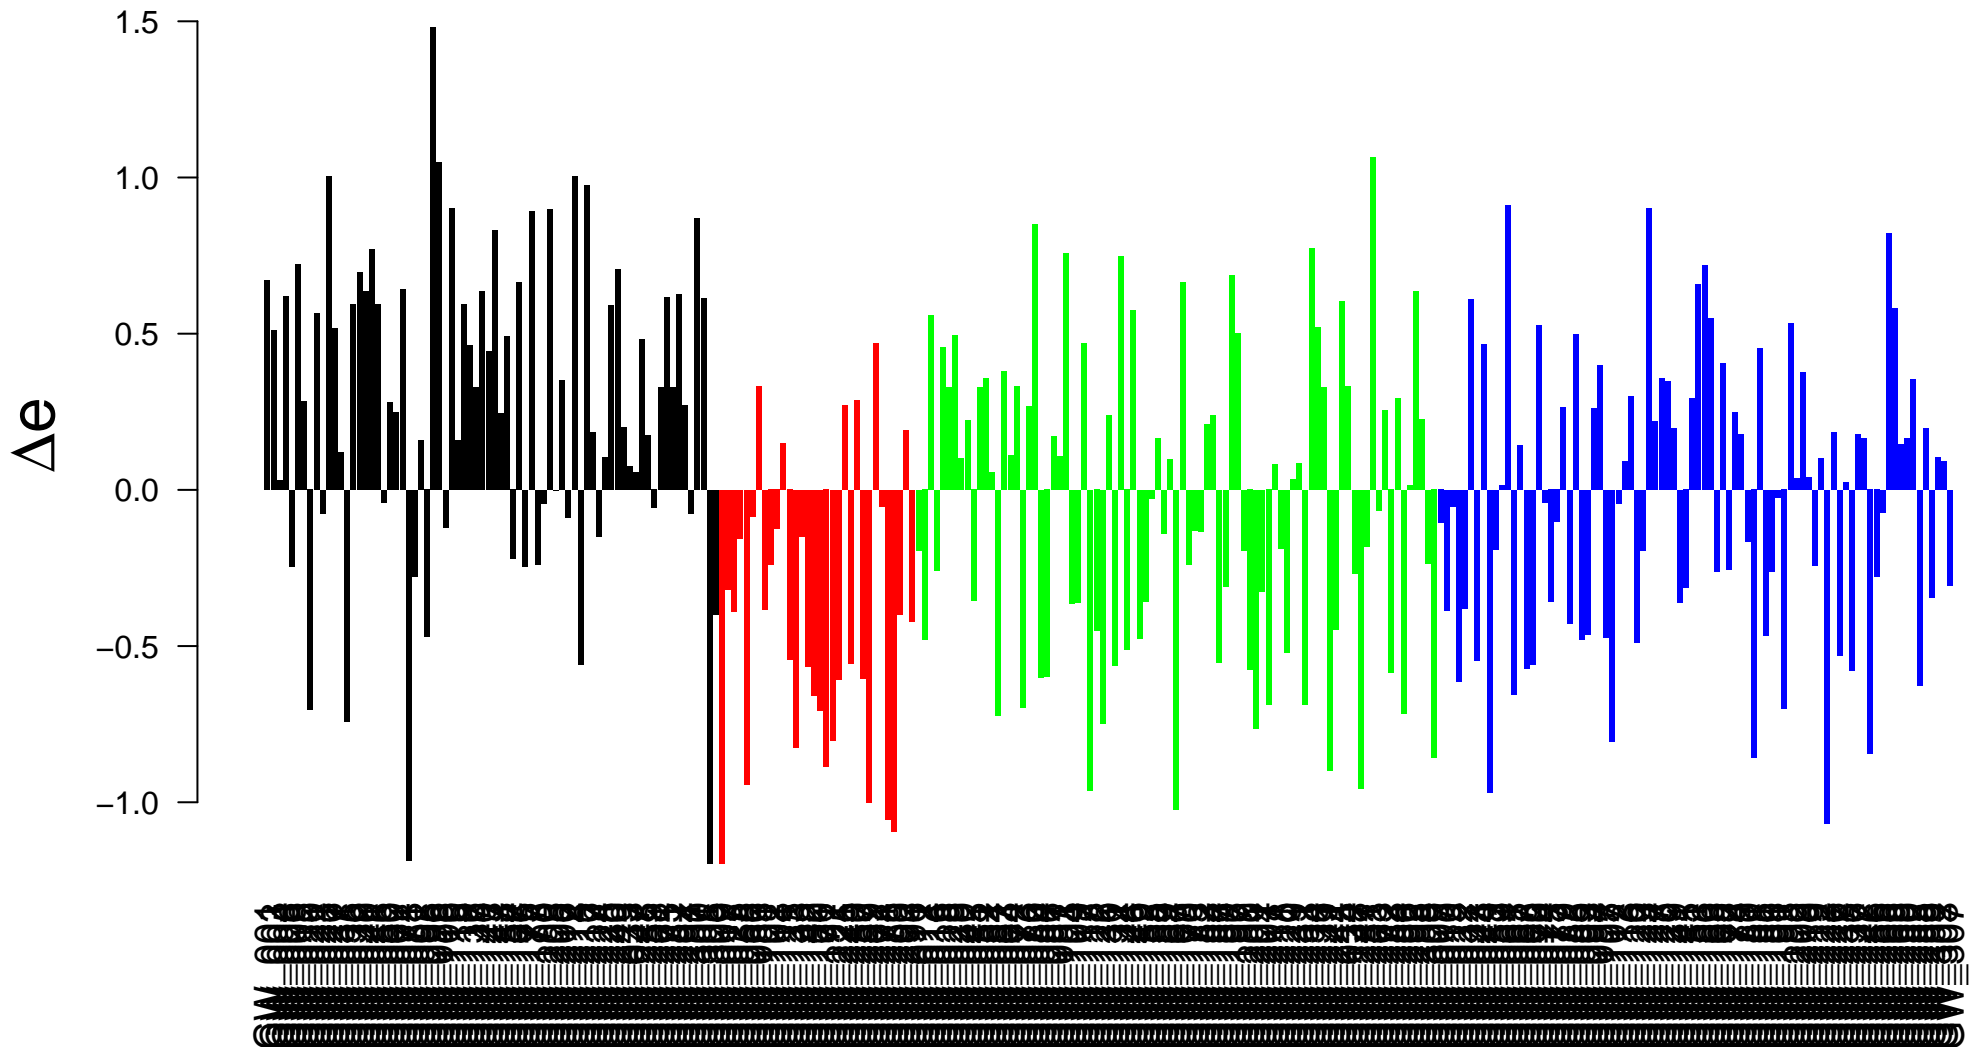

# Expression of positive regulation of type I interferon production in Spot G

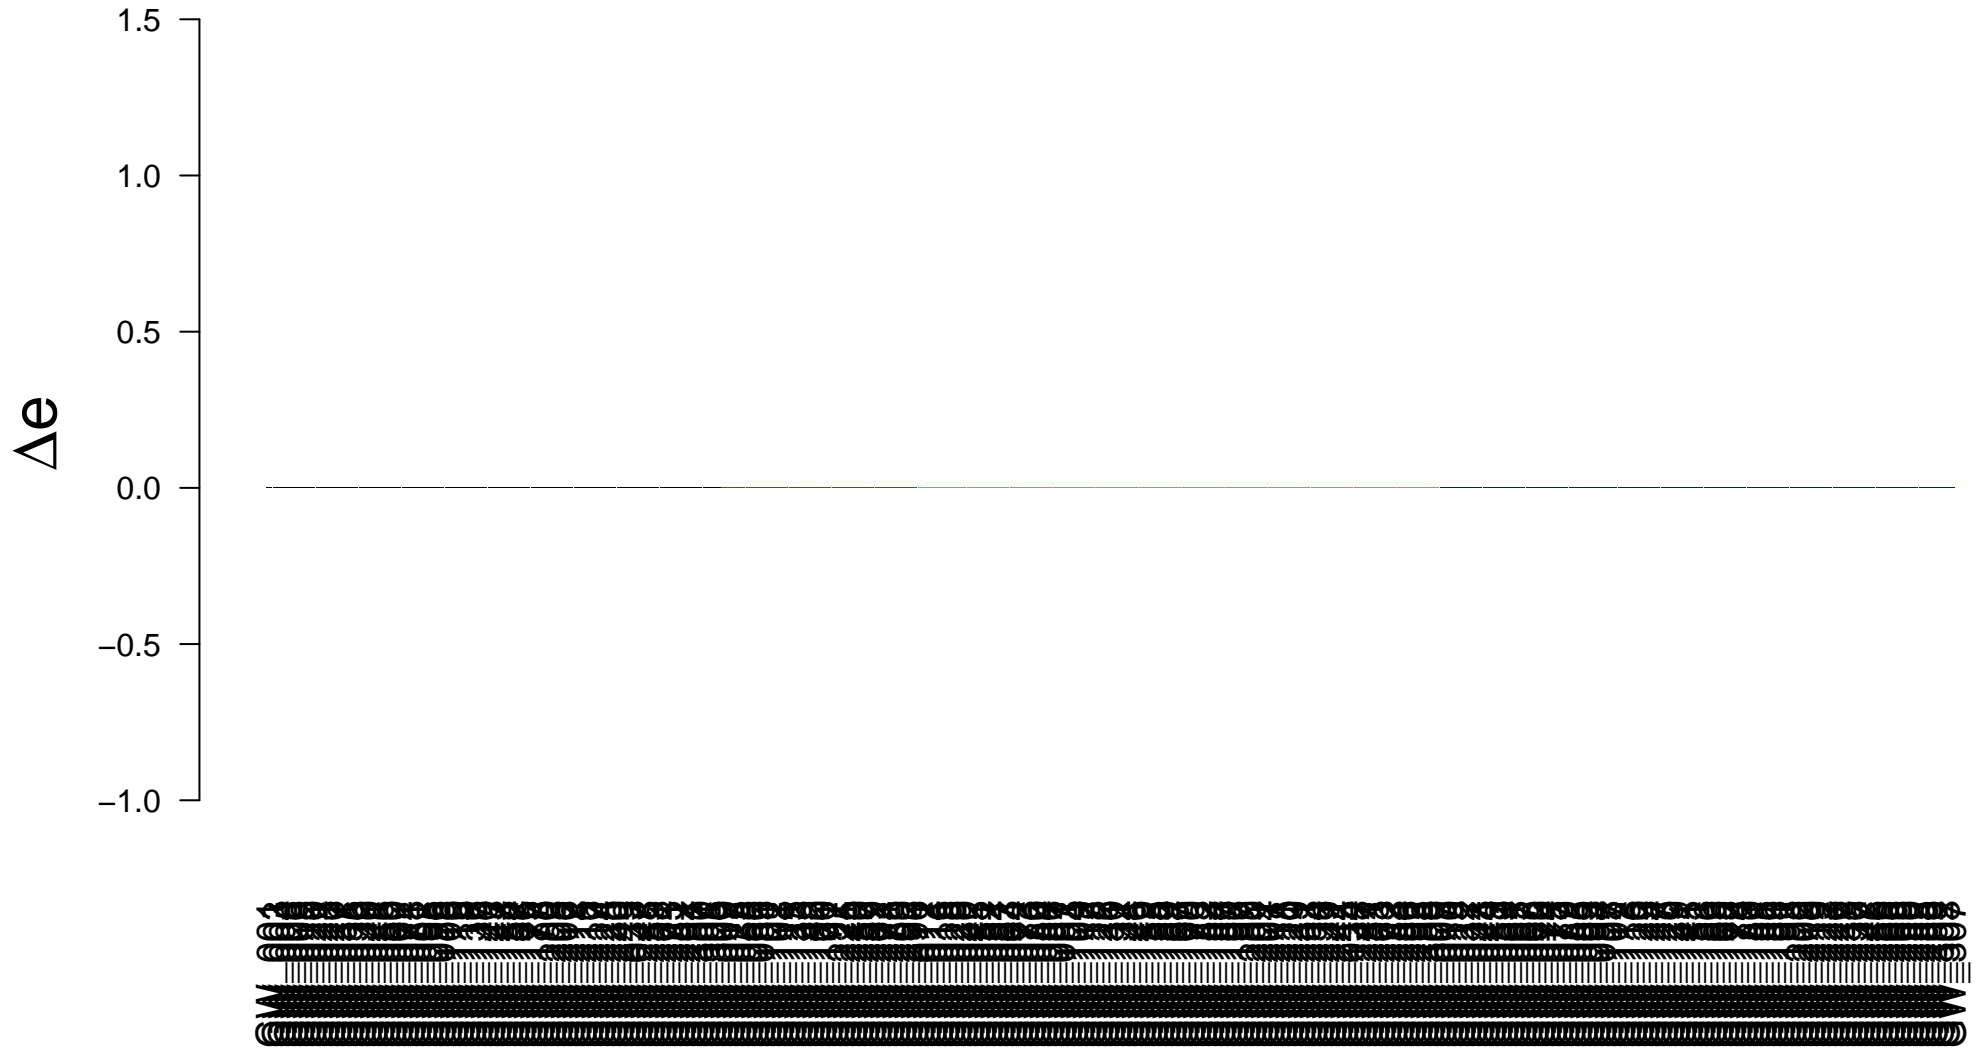

$\Delta e$

# Expression of positive regulation of type I interferon production in Spot H

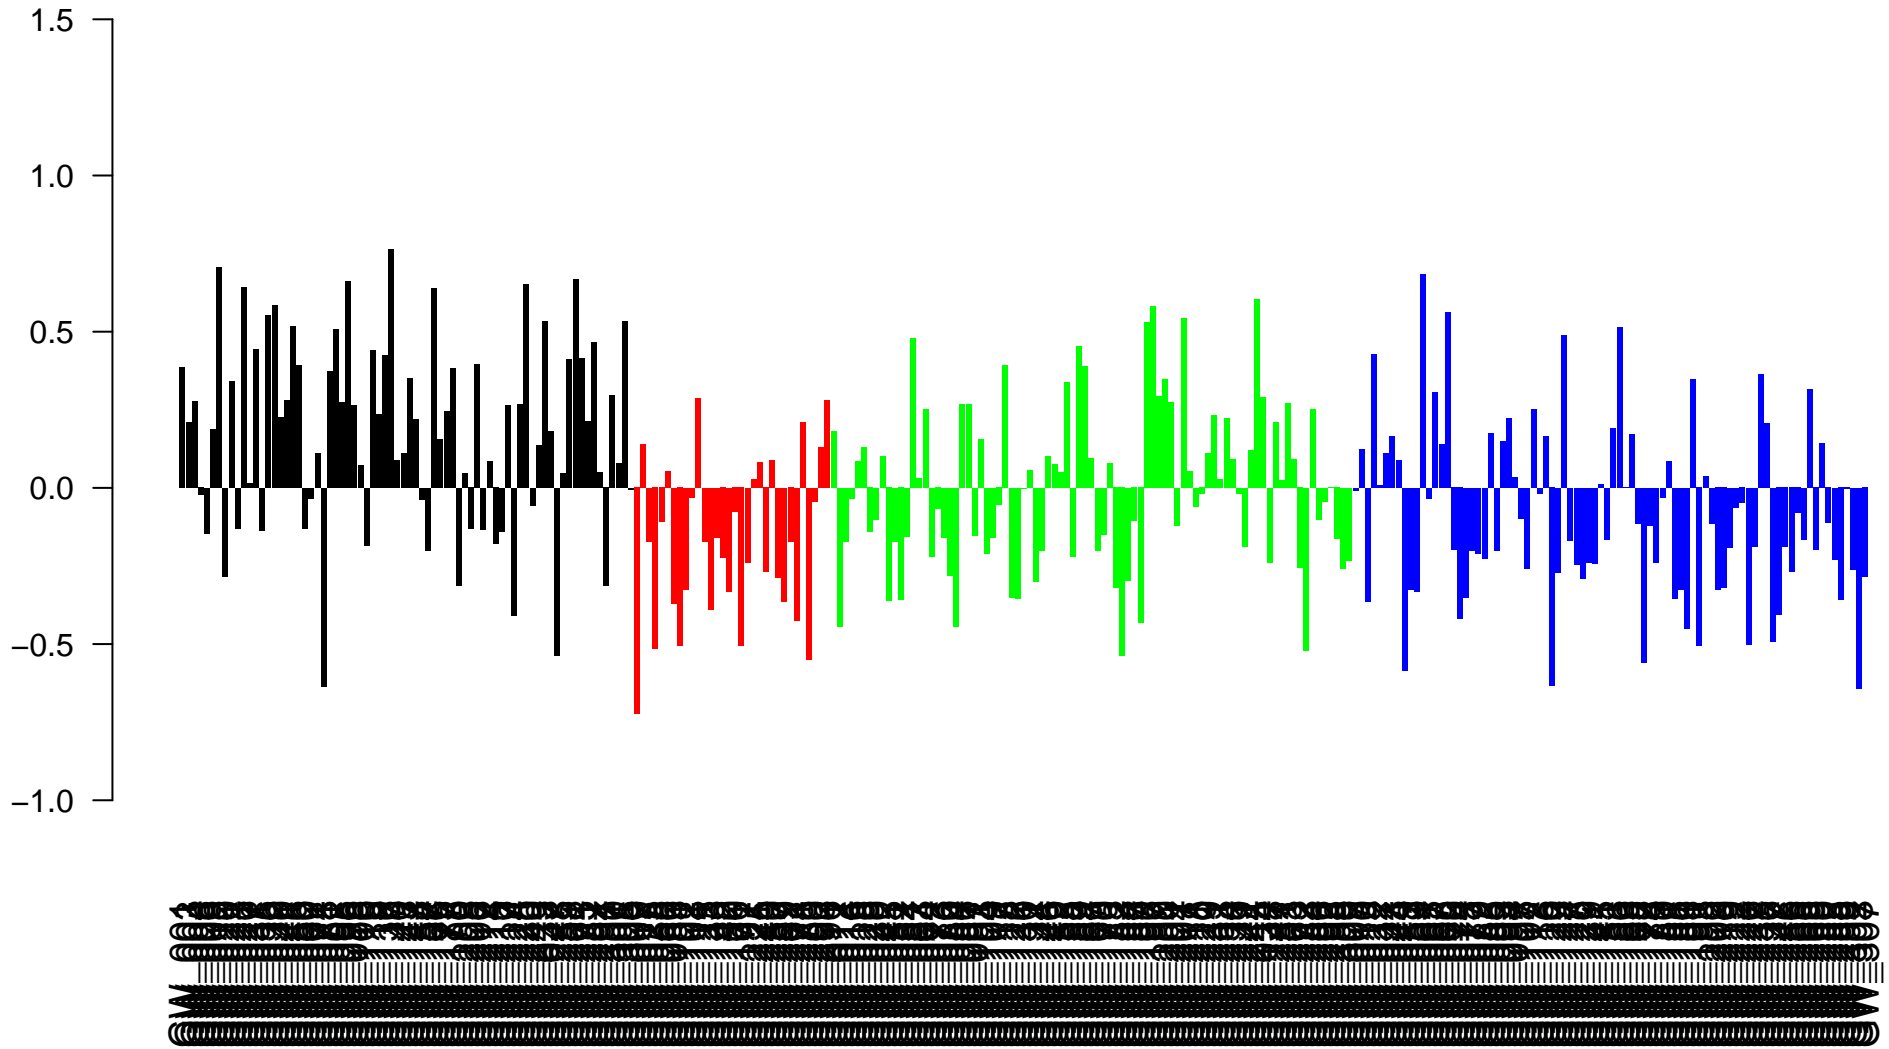

# Expression of positive regulation of type I interferon production in Spot I

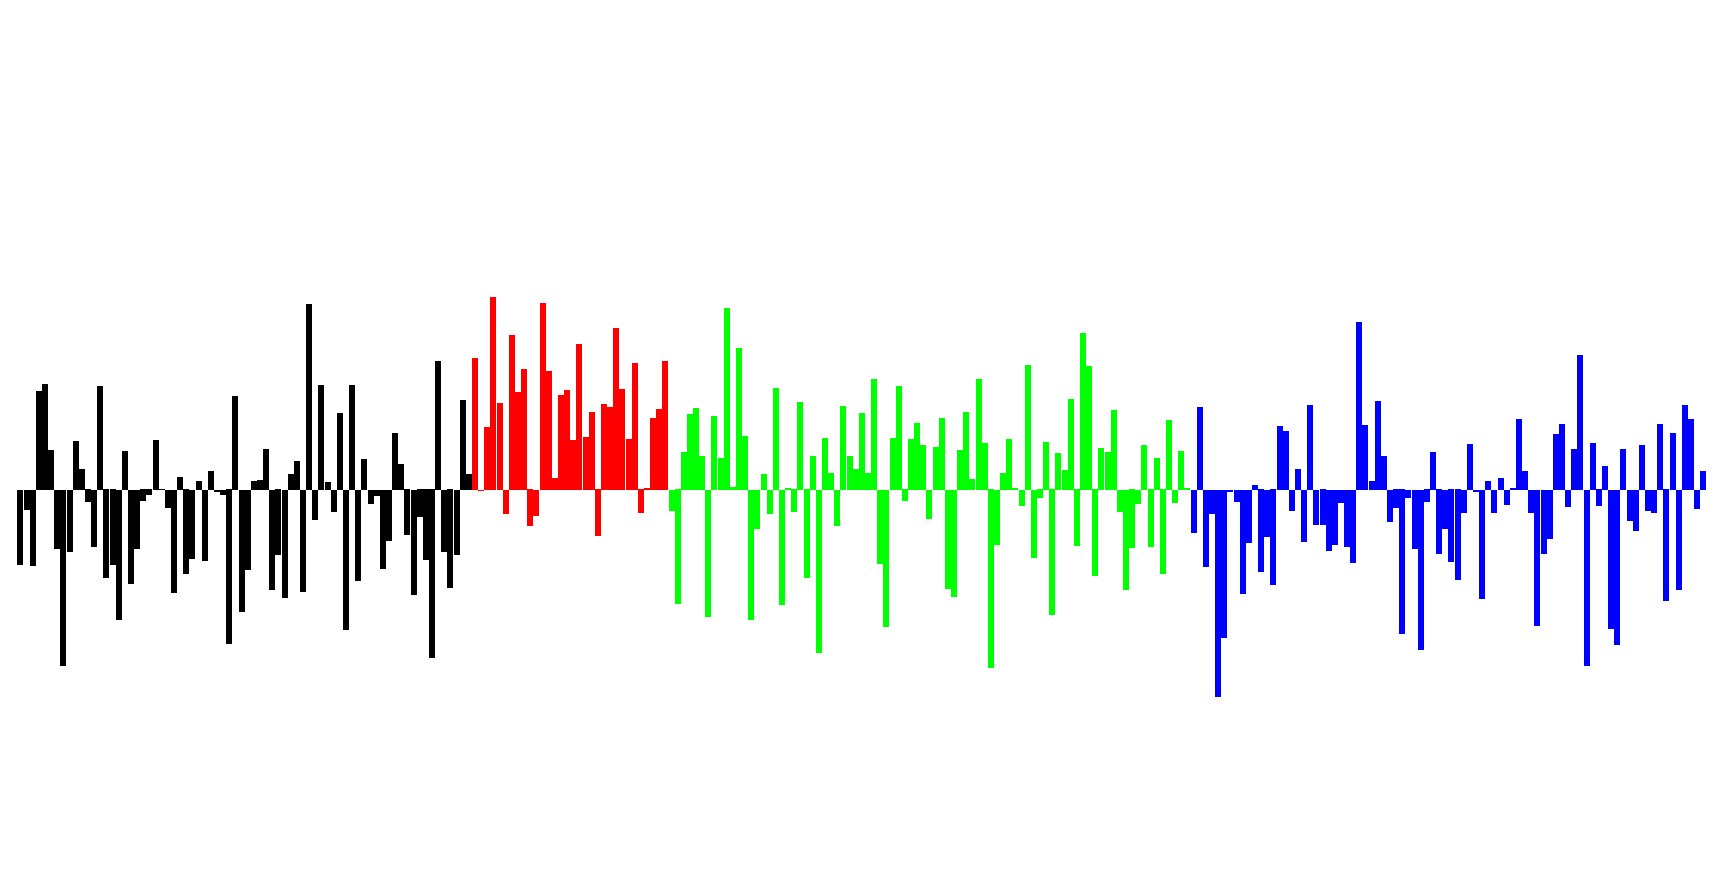

# Expression of positive regulation of type I interferon production in Spot J

$\Delta e$

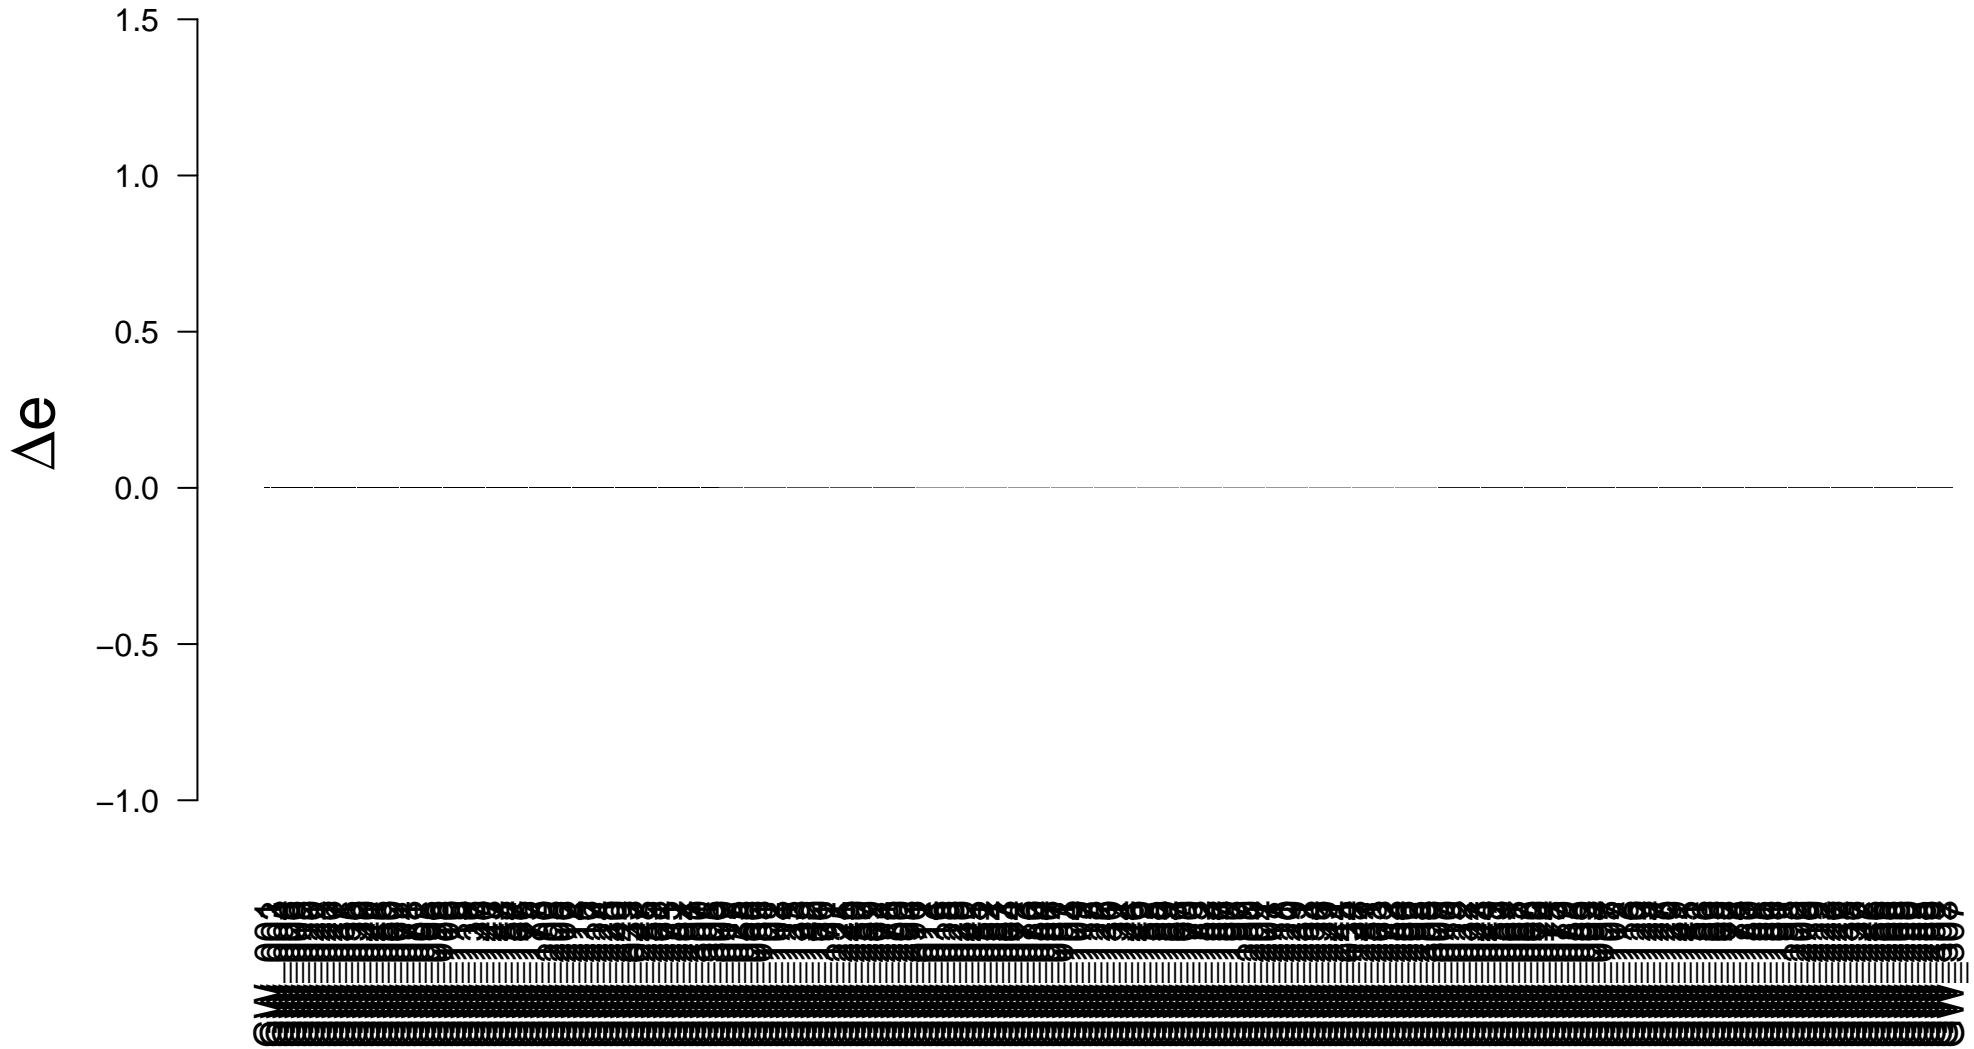

# Expression of positive regulation of type I interferon production in Spot K

$\Delta e$

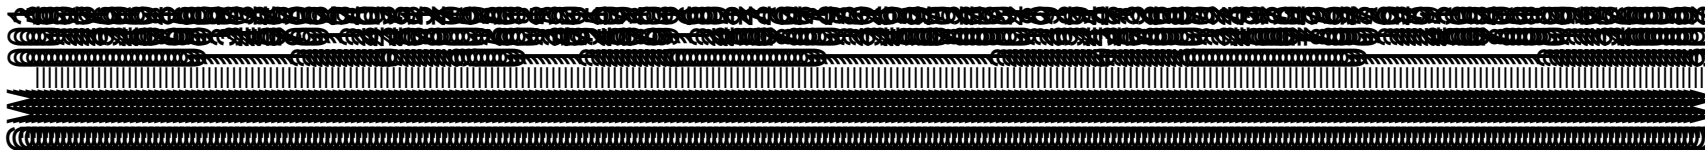

# Expression of positive regulation of type I interferon production in Spot L

# Expression of positive regulation of type I interferon production in Spot M
