

protein kinase activator activity

protein kinase activator activity

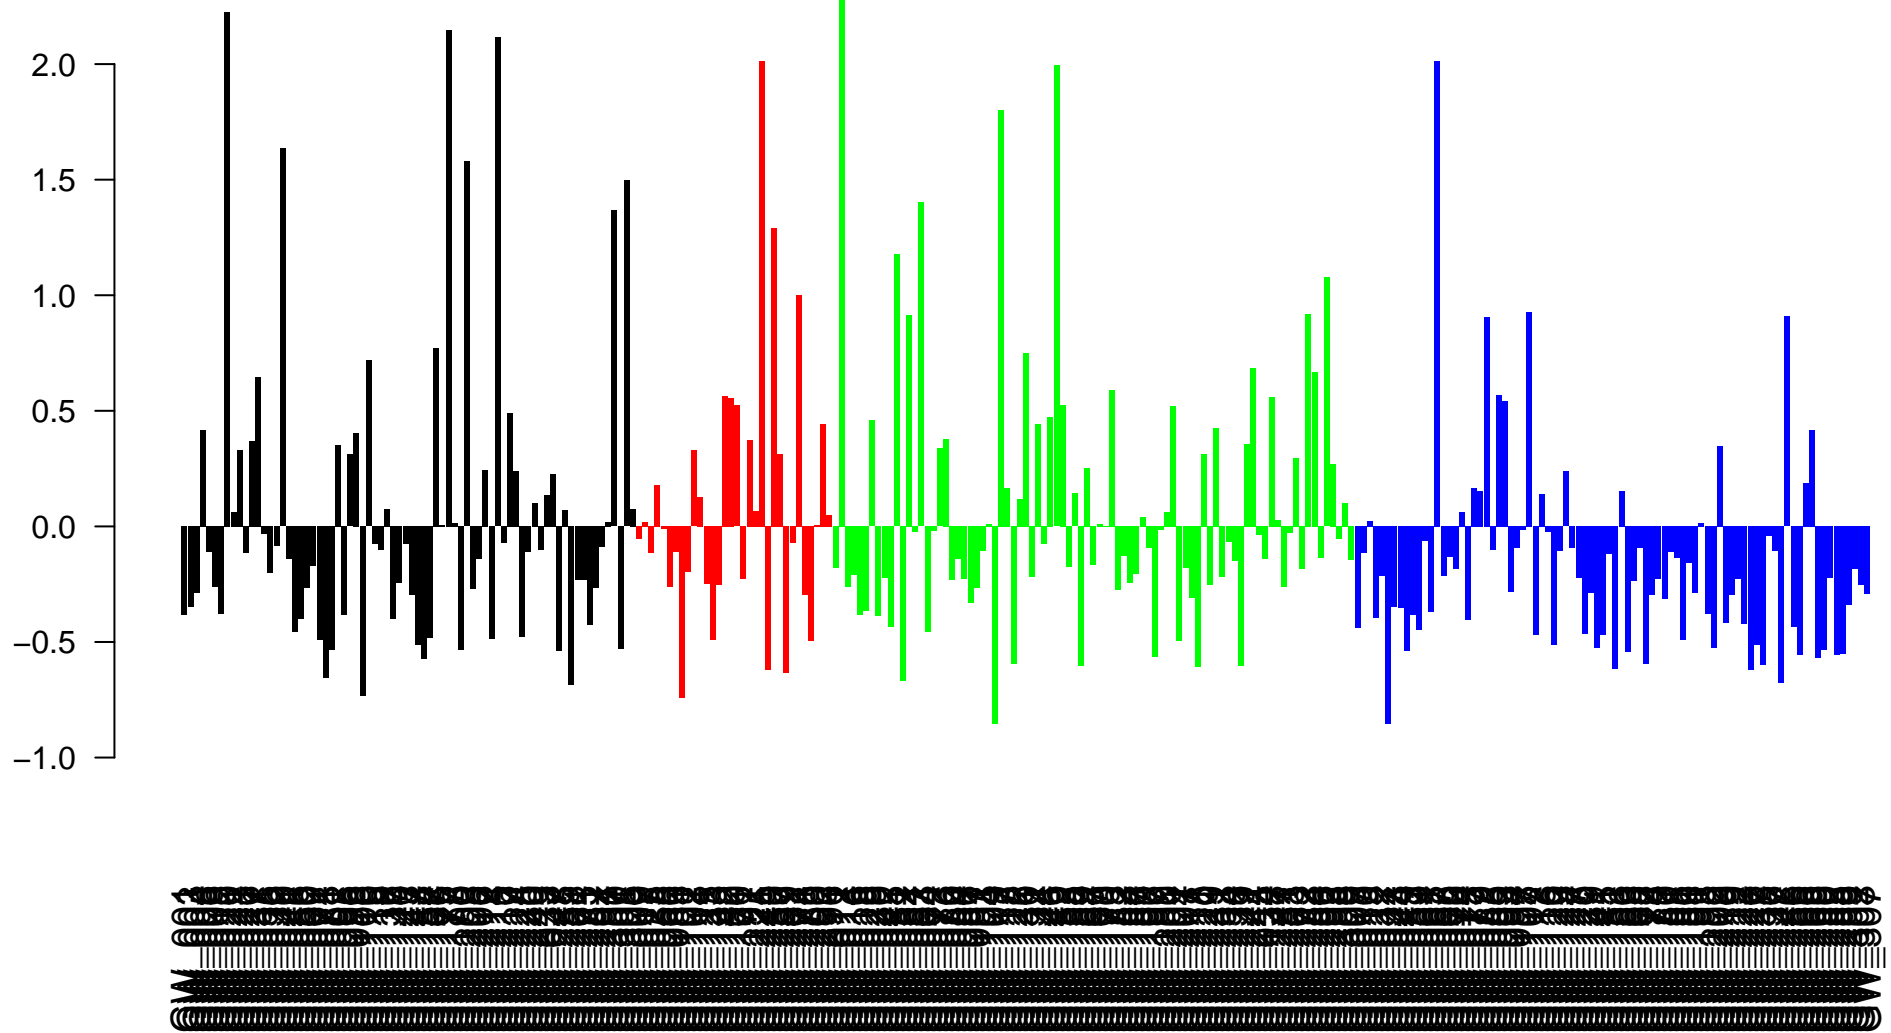

Enrichment in spots: protein kinase activator activity

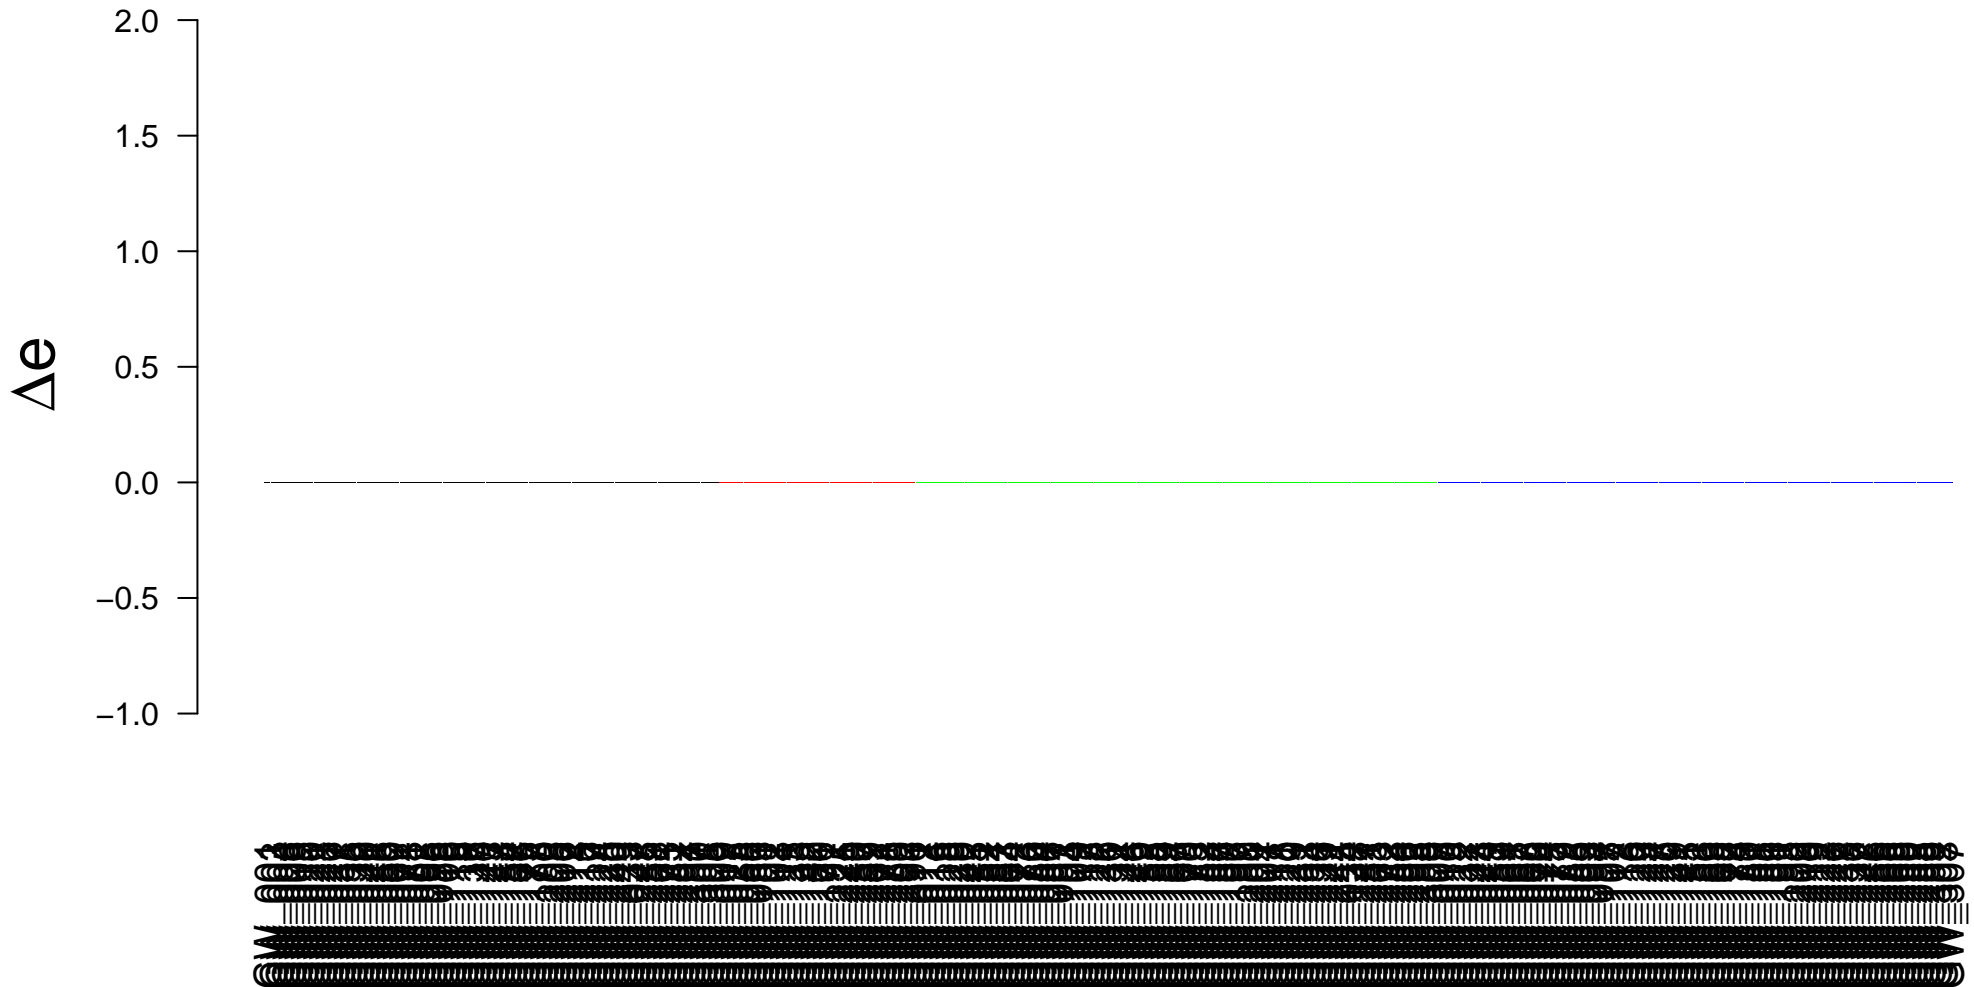

Expression of protein kinase activator activity in Spot A

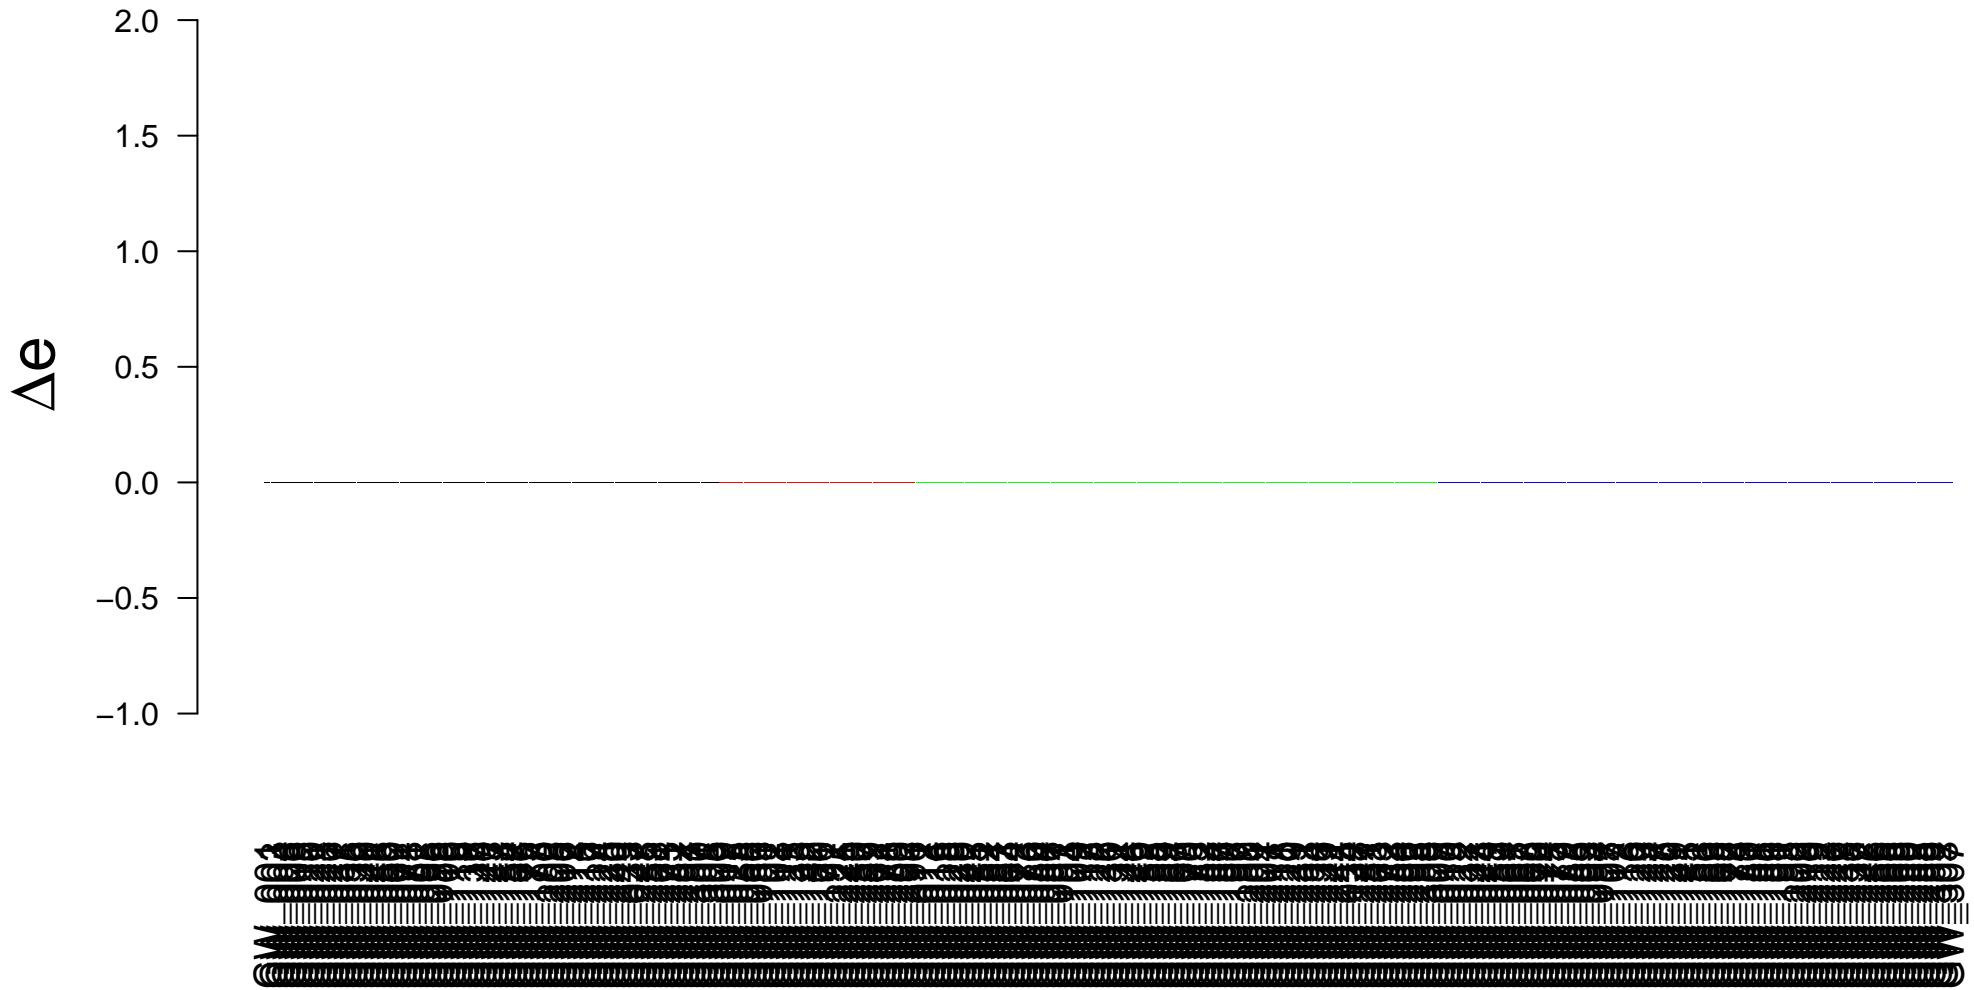

Δe

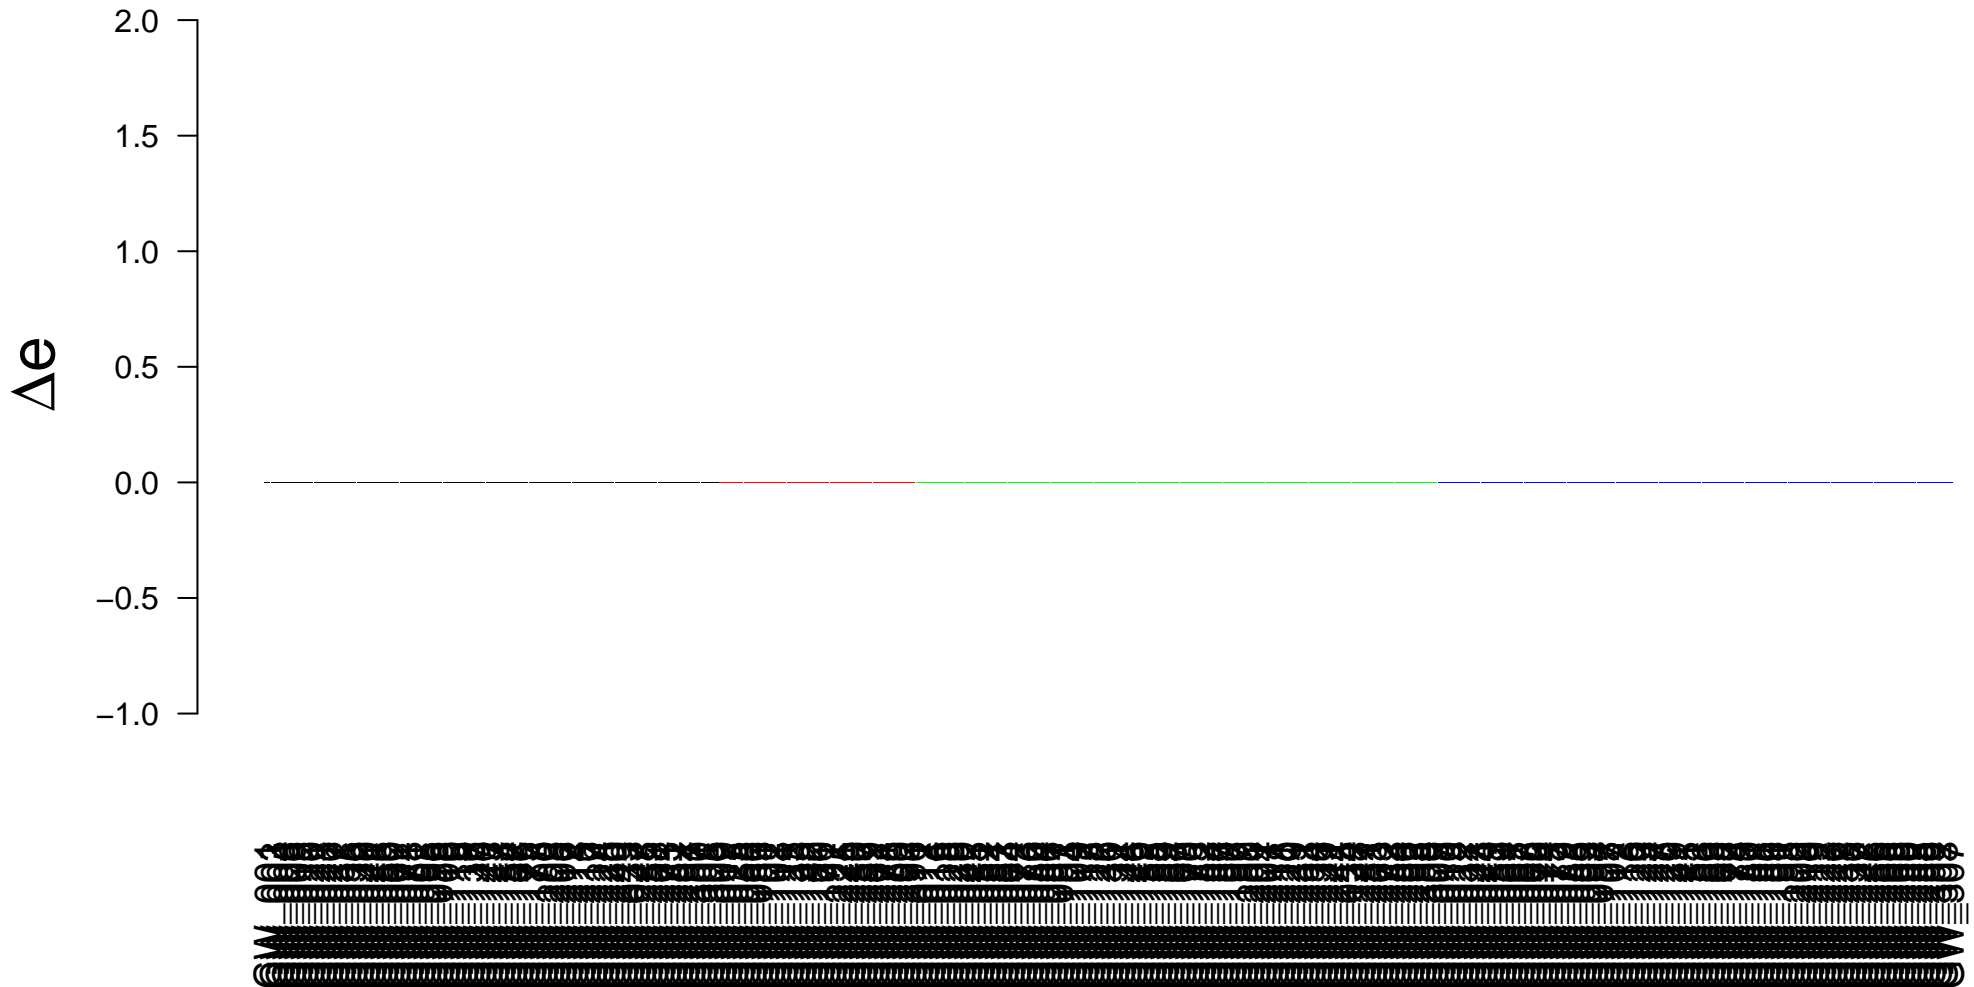

Expression of protein kinase activator activity in Spot B

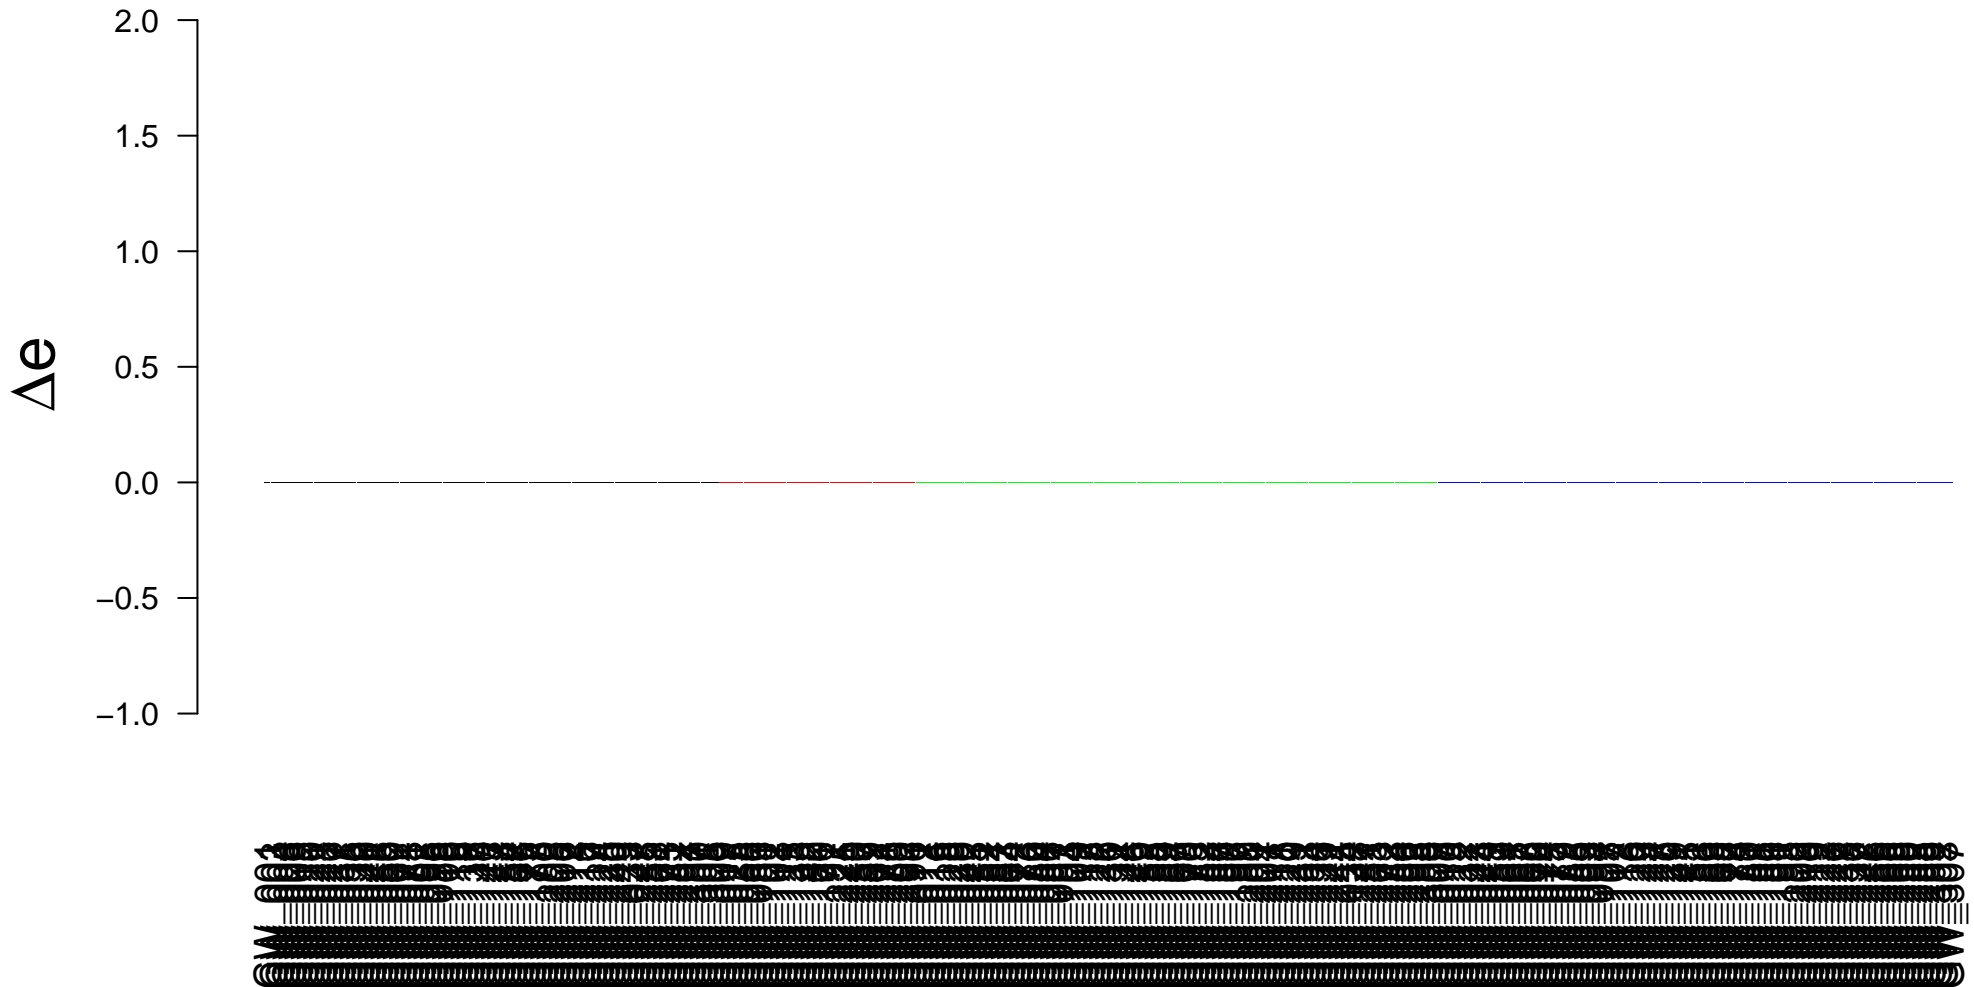

Expression of protein kinase activator activity in Spot C

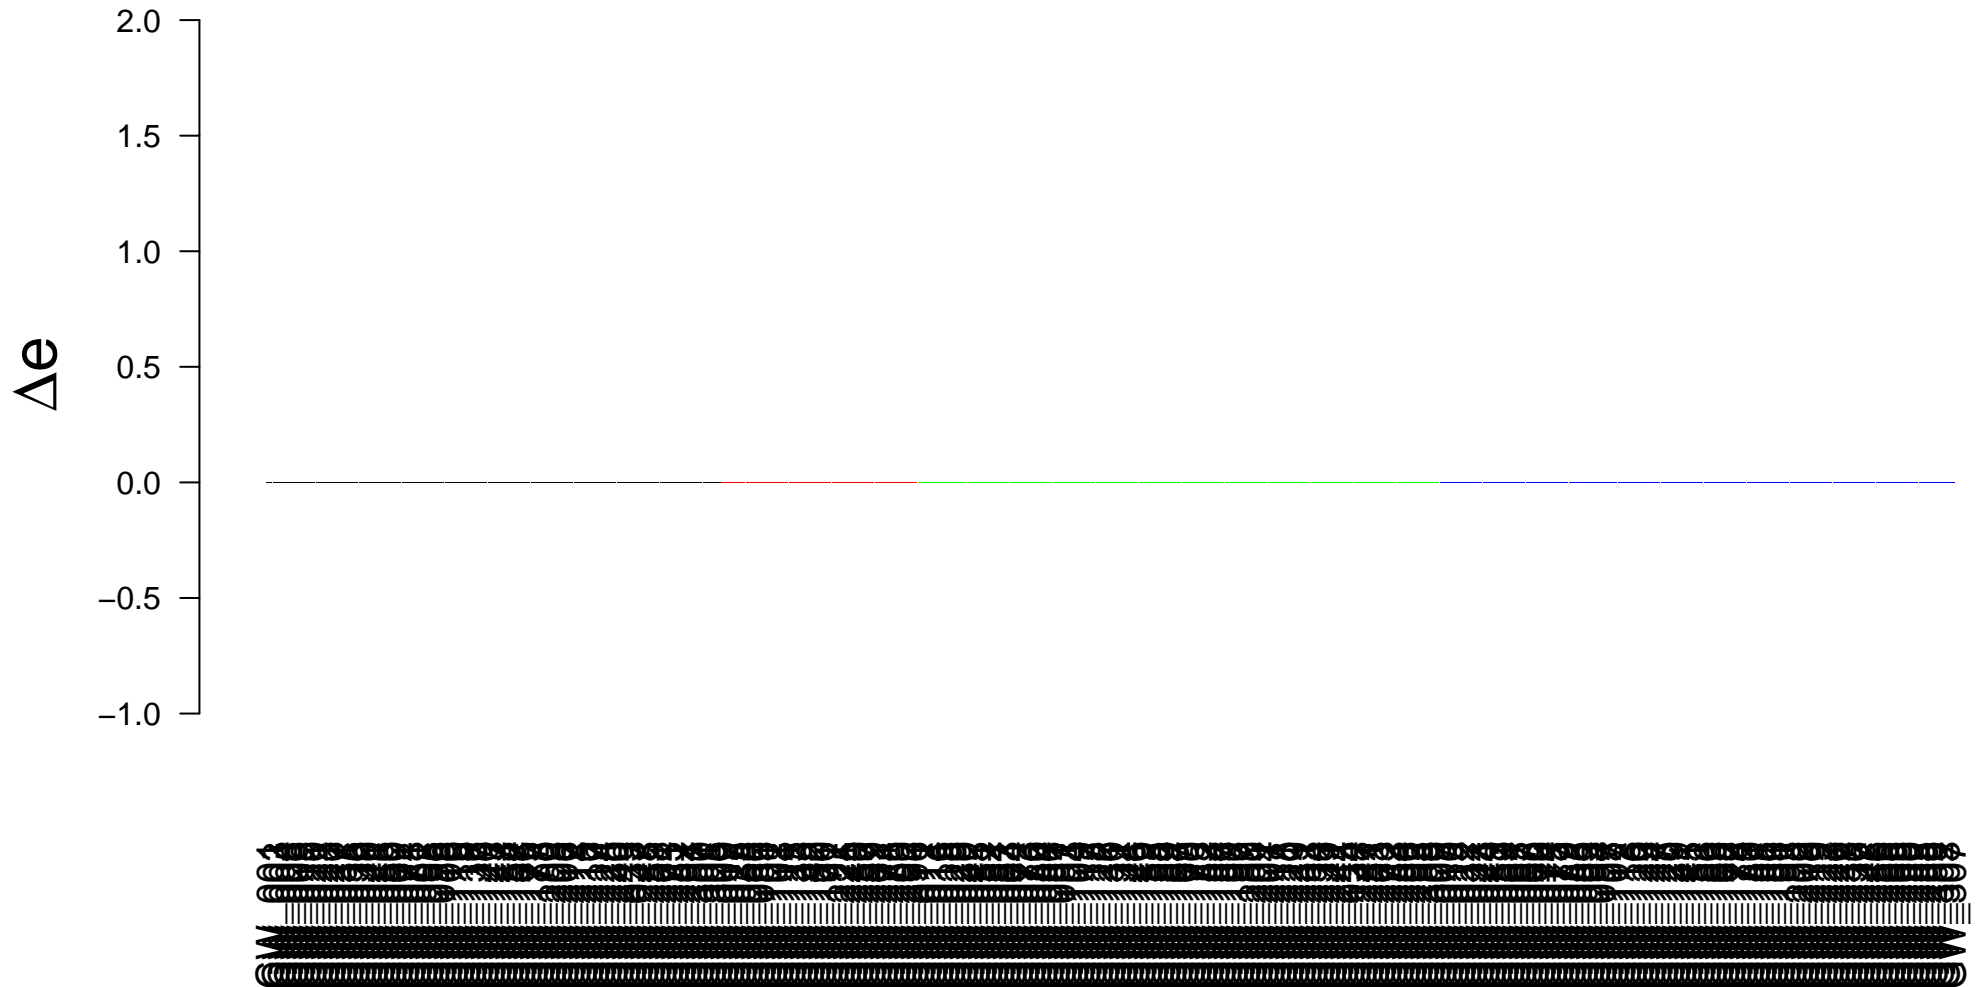

Expression of protein kinase activator activity in Spot D

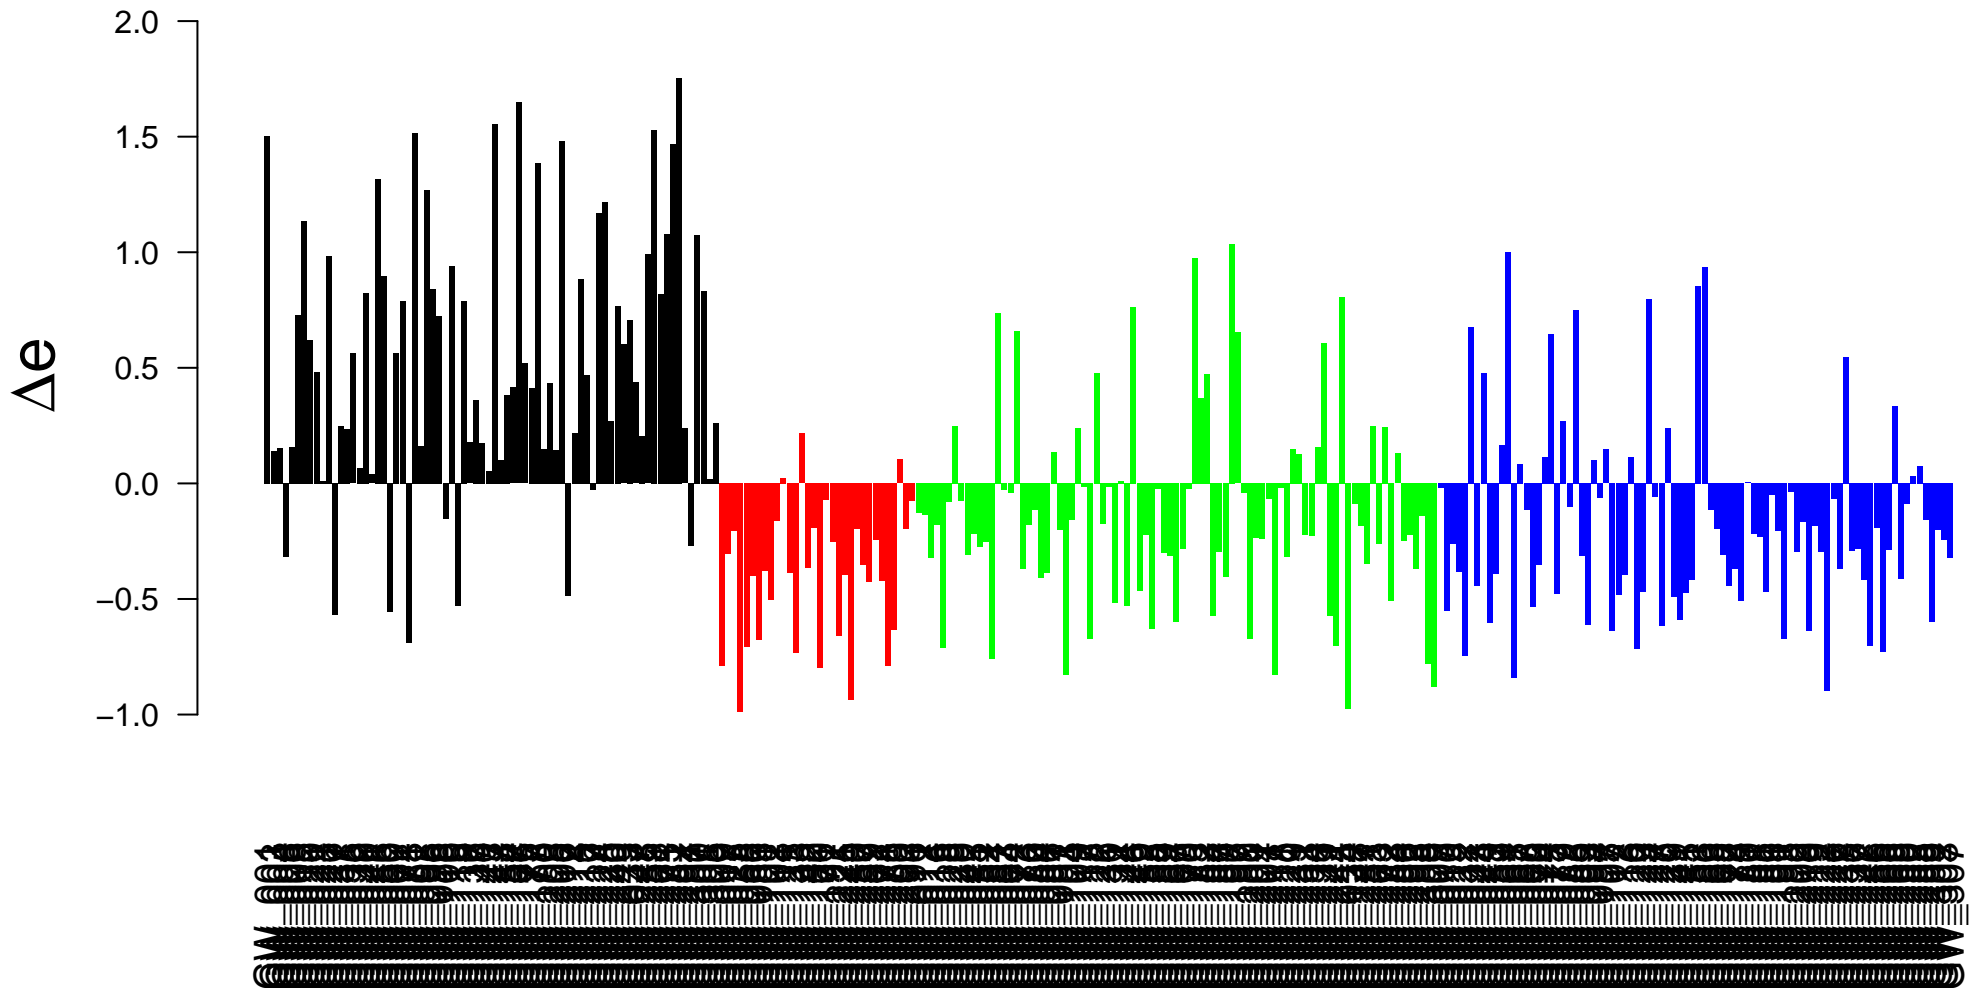

Expression of protein kinase activator activity in Spot E

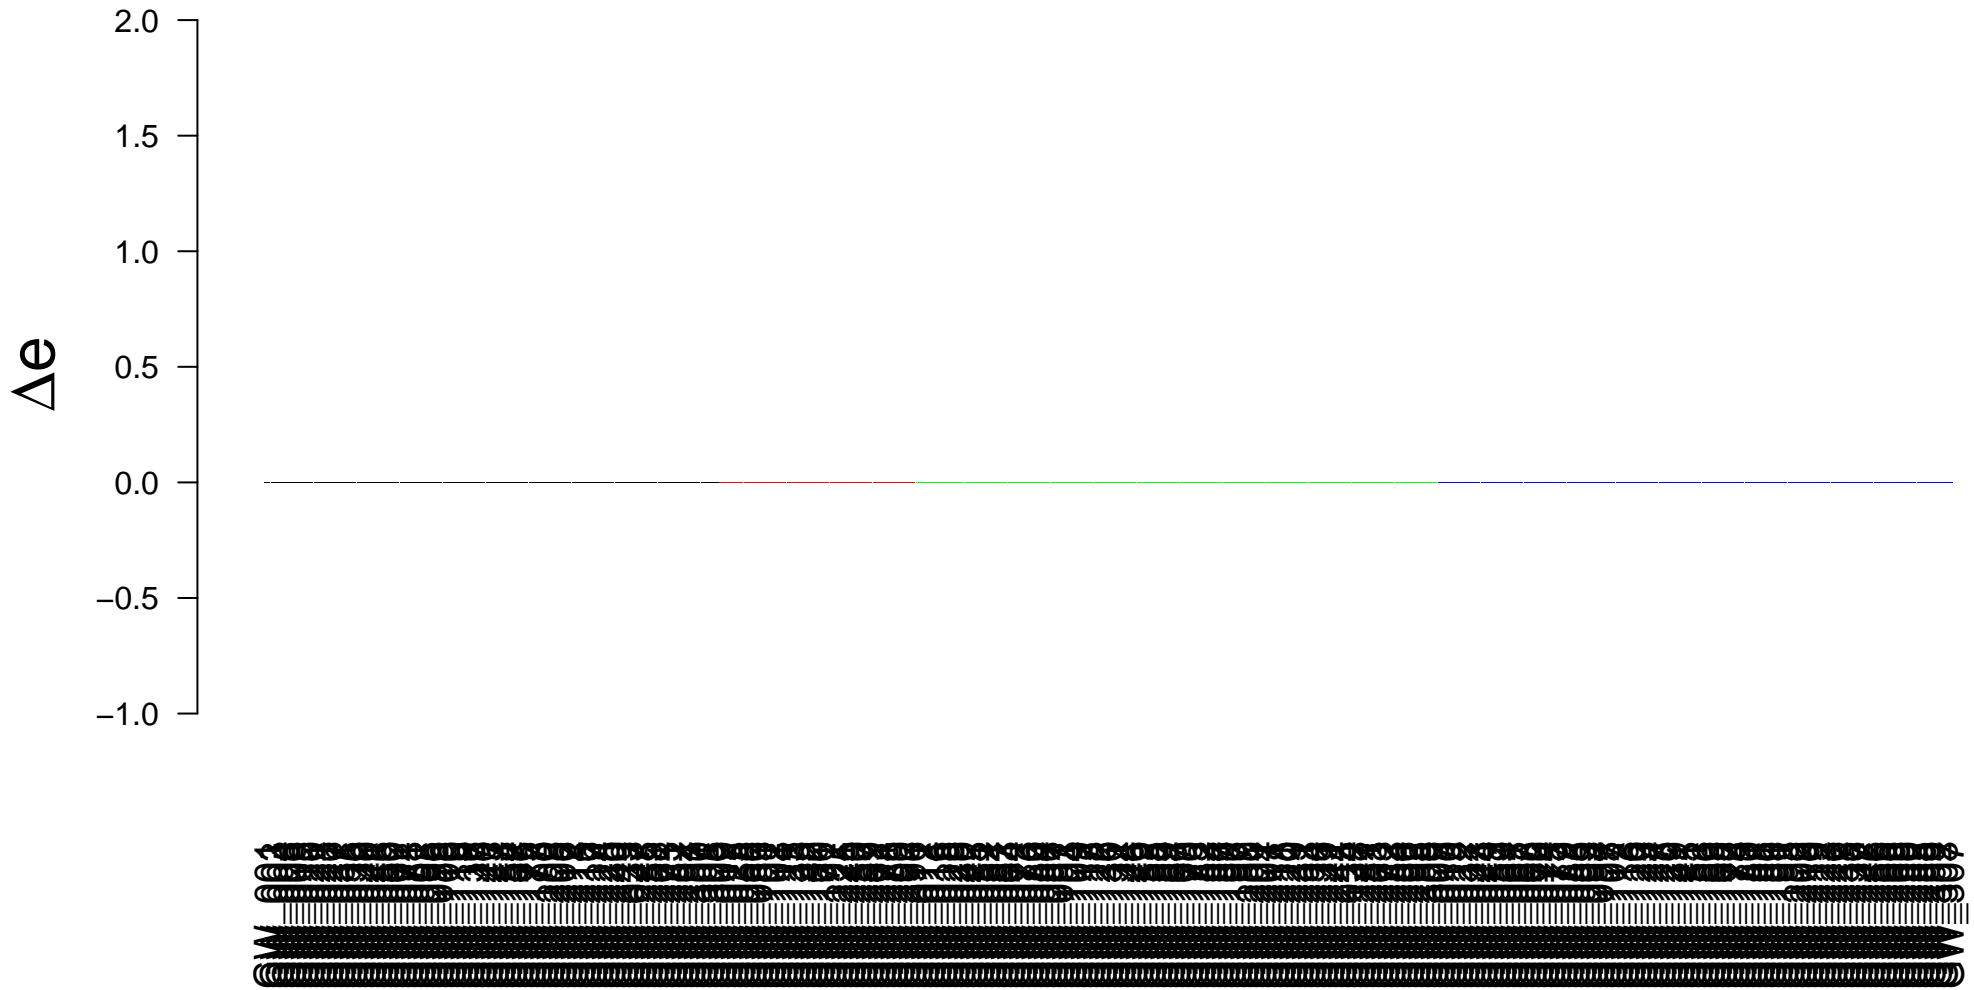

Expression of protein kinase activator activity in Spot F

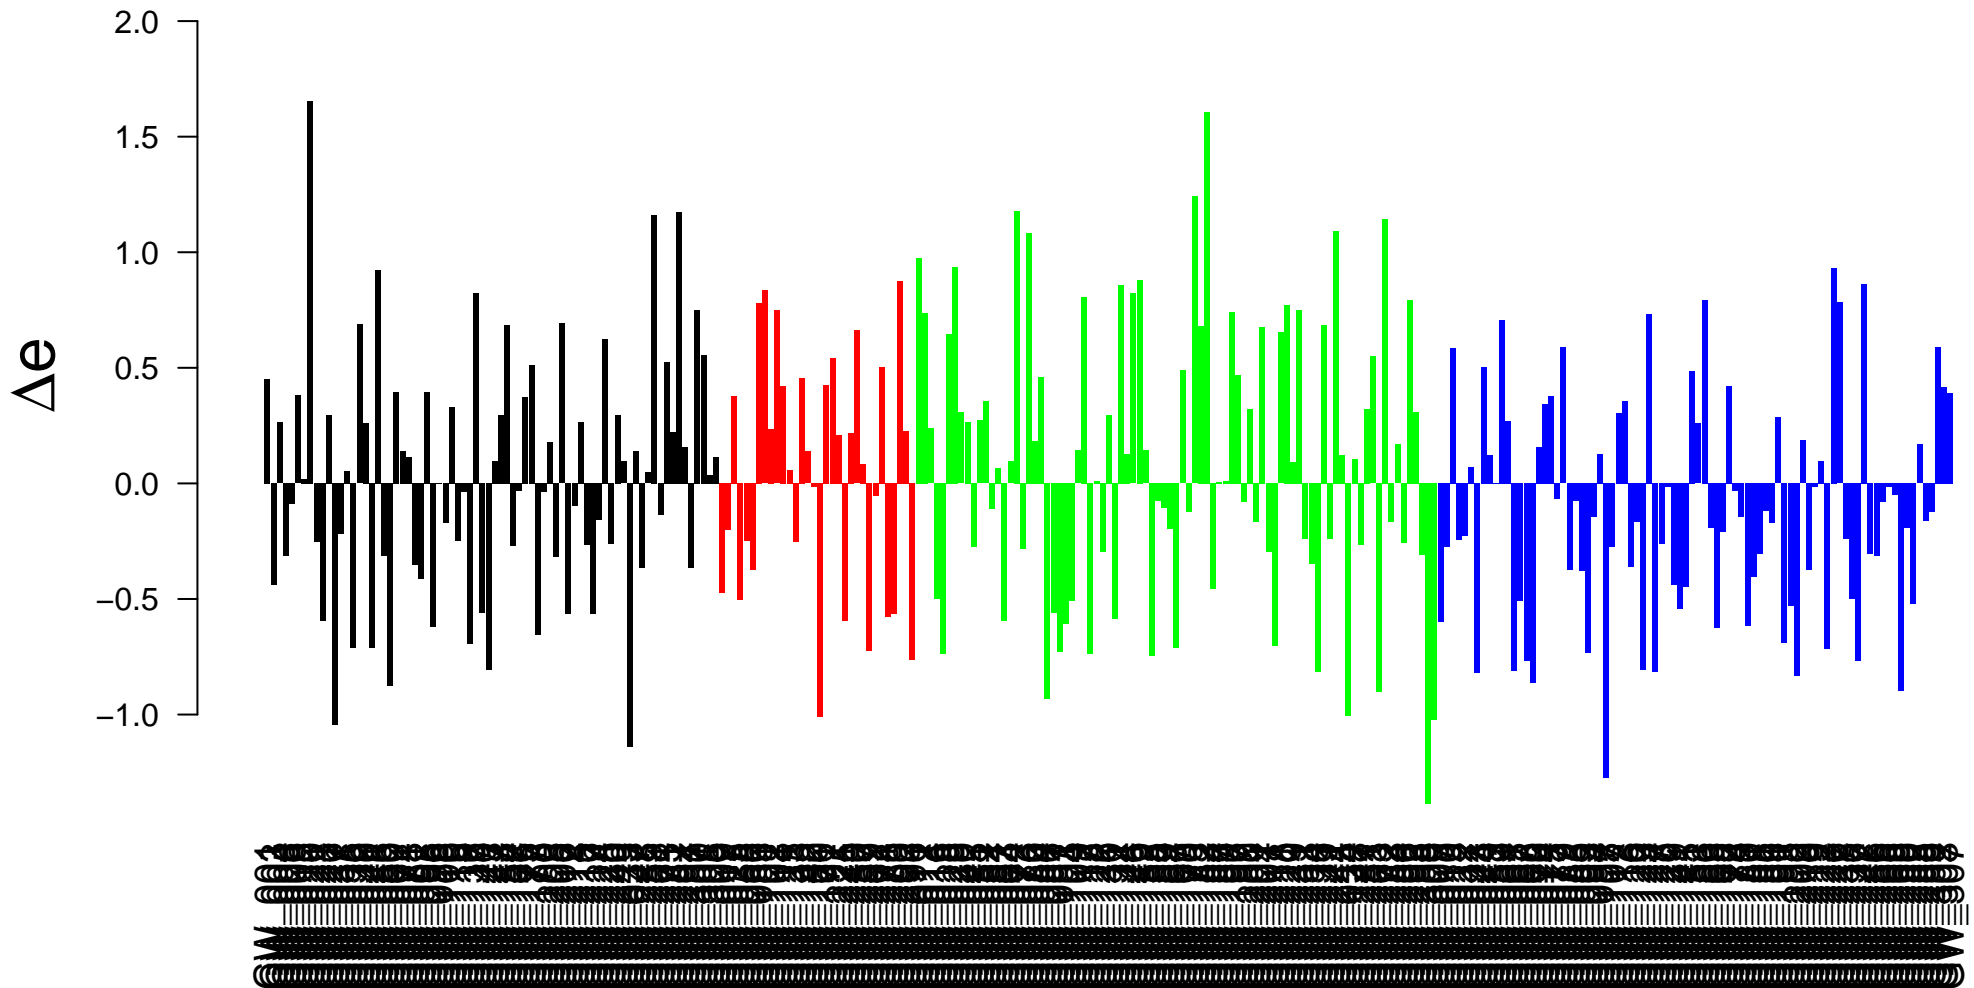

Expression of protein kinase activator activity in Spot G

Expression of protein kinase activator activity in Spot H

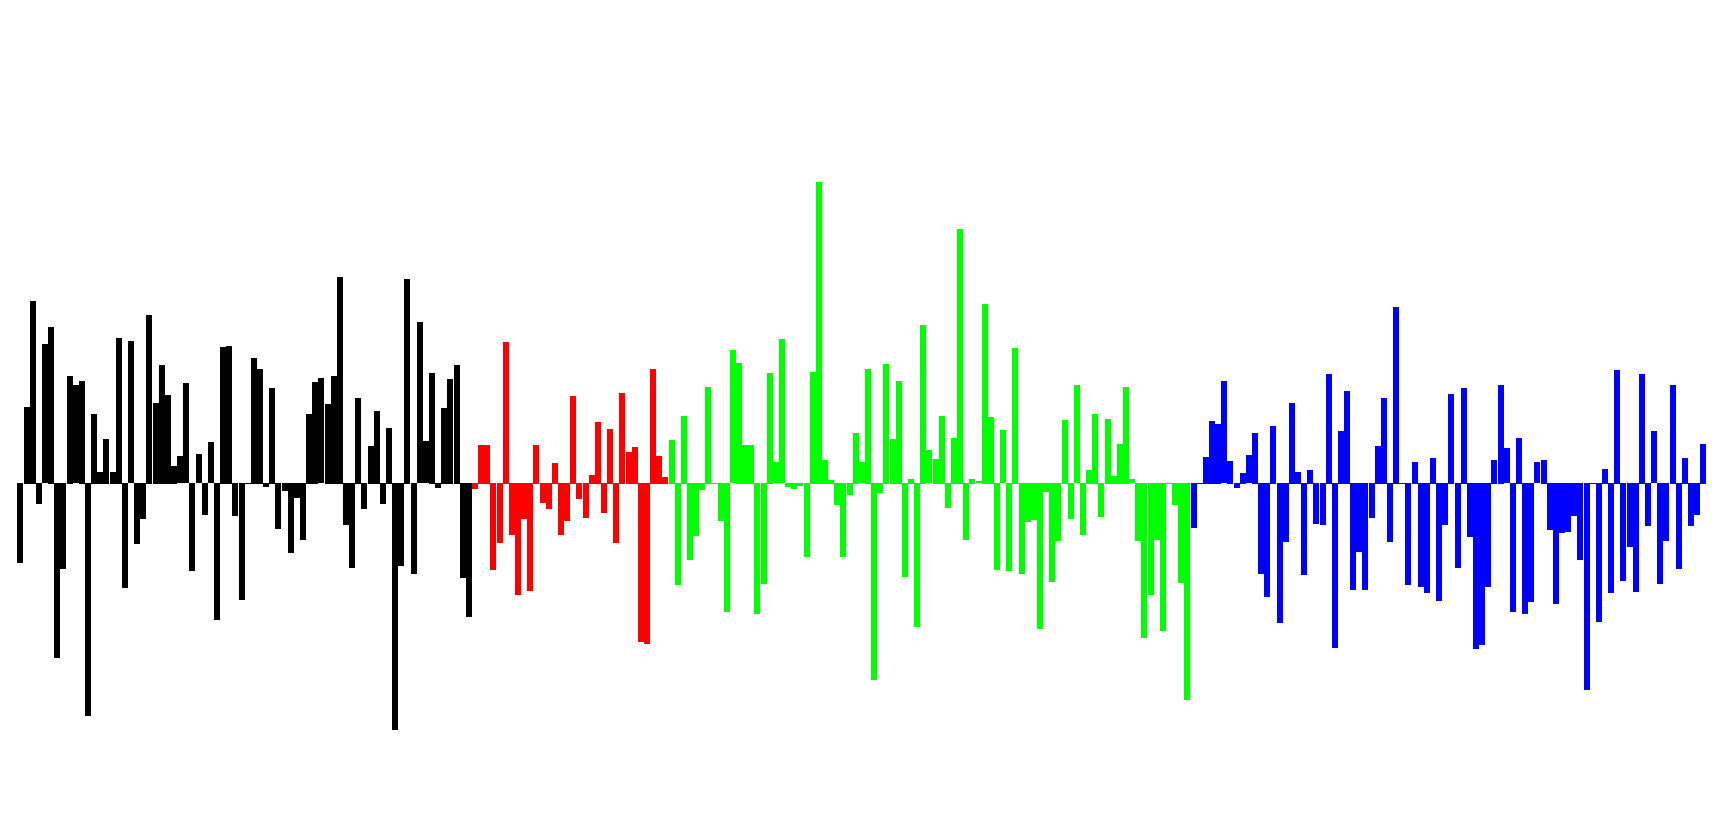

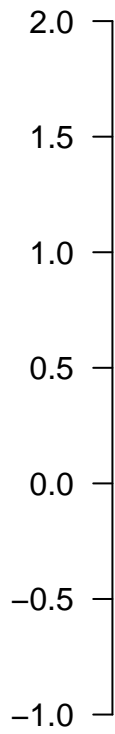

Expression of protein kinase activator activity in Spot I

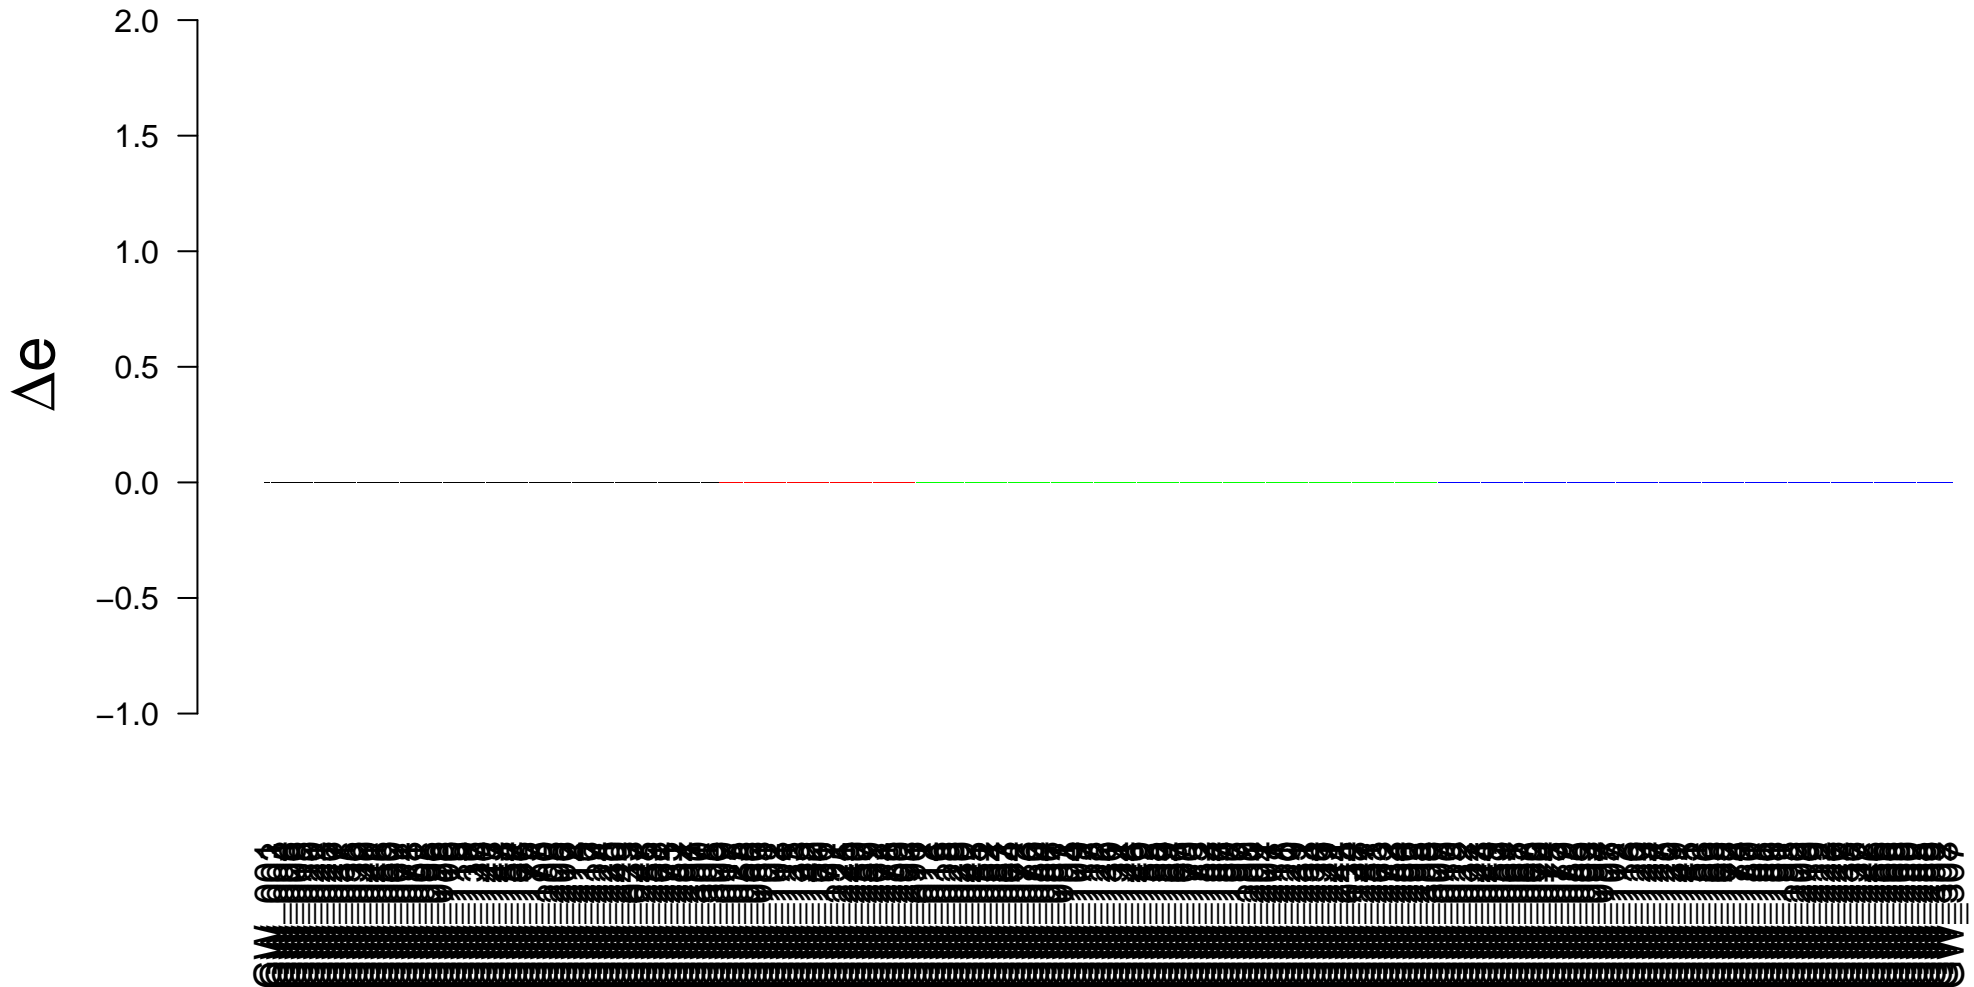

Expression of protein kinase activator activity in Spot J

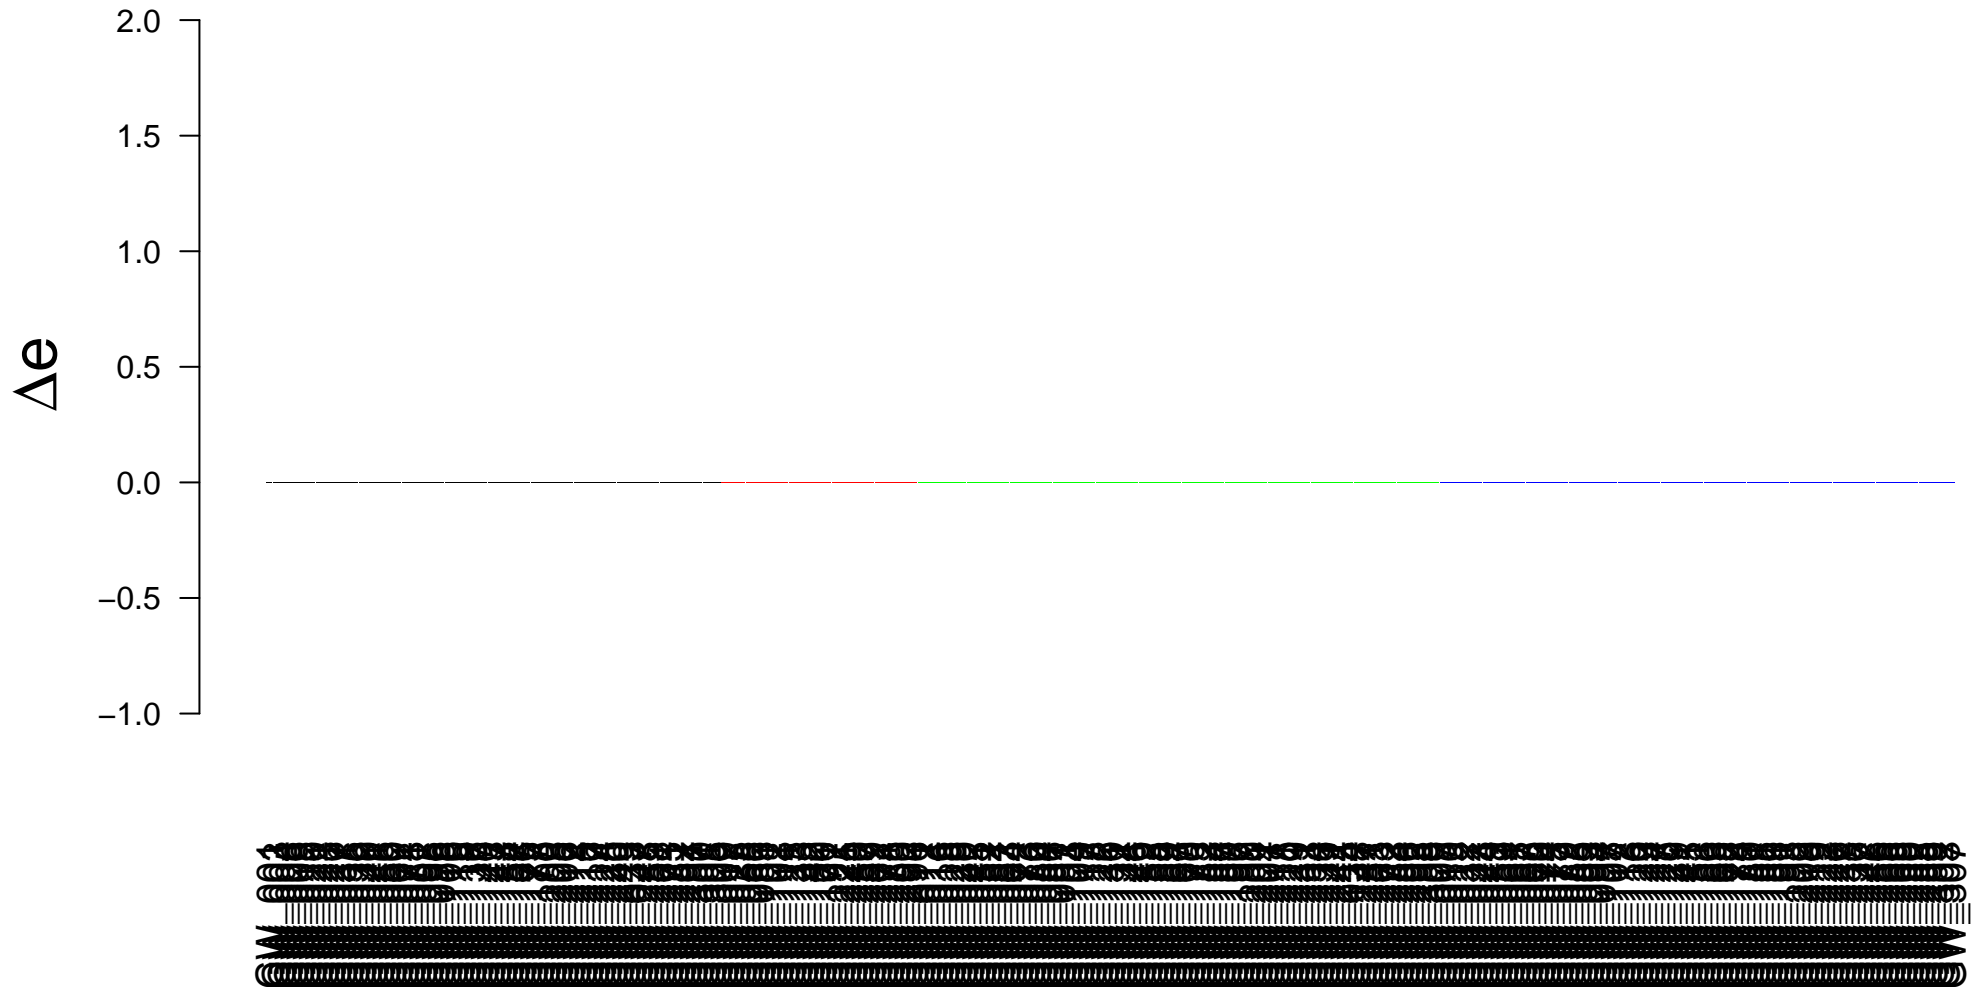

Δe

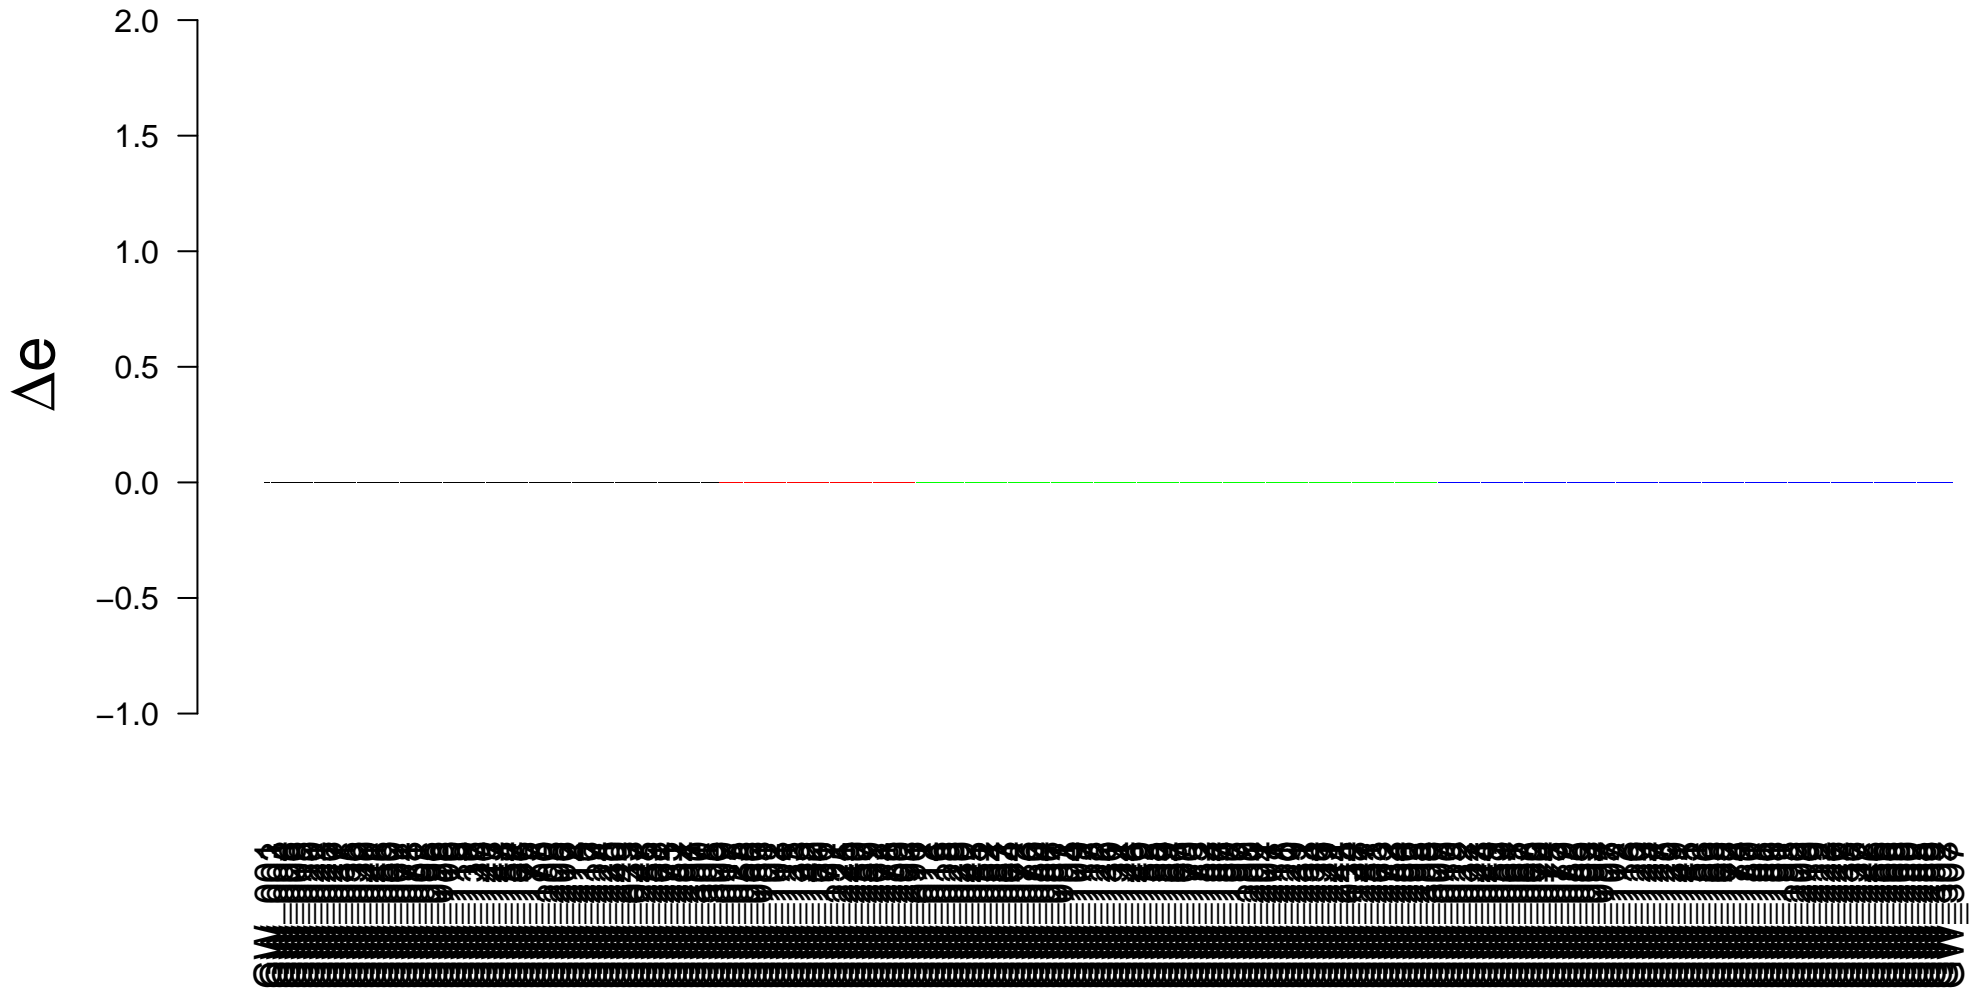

Expression of protein kinase activator activity in Spot K

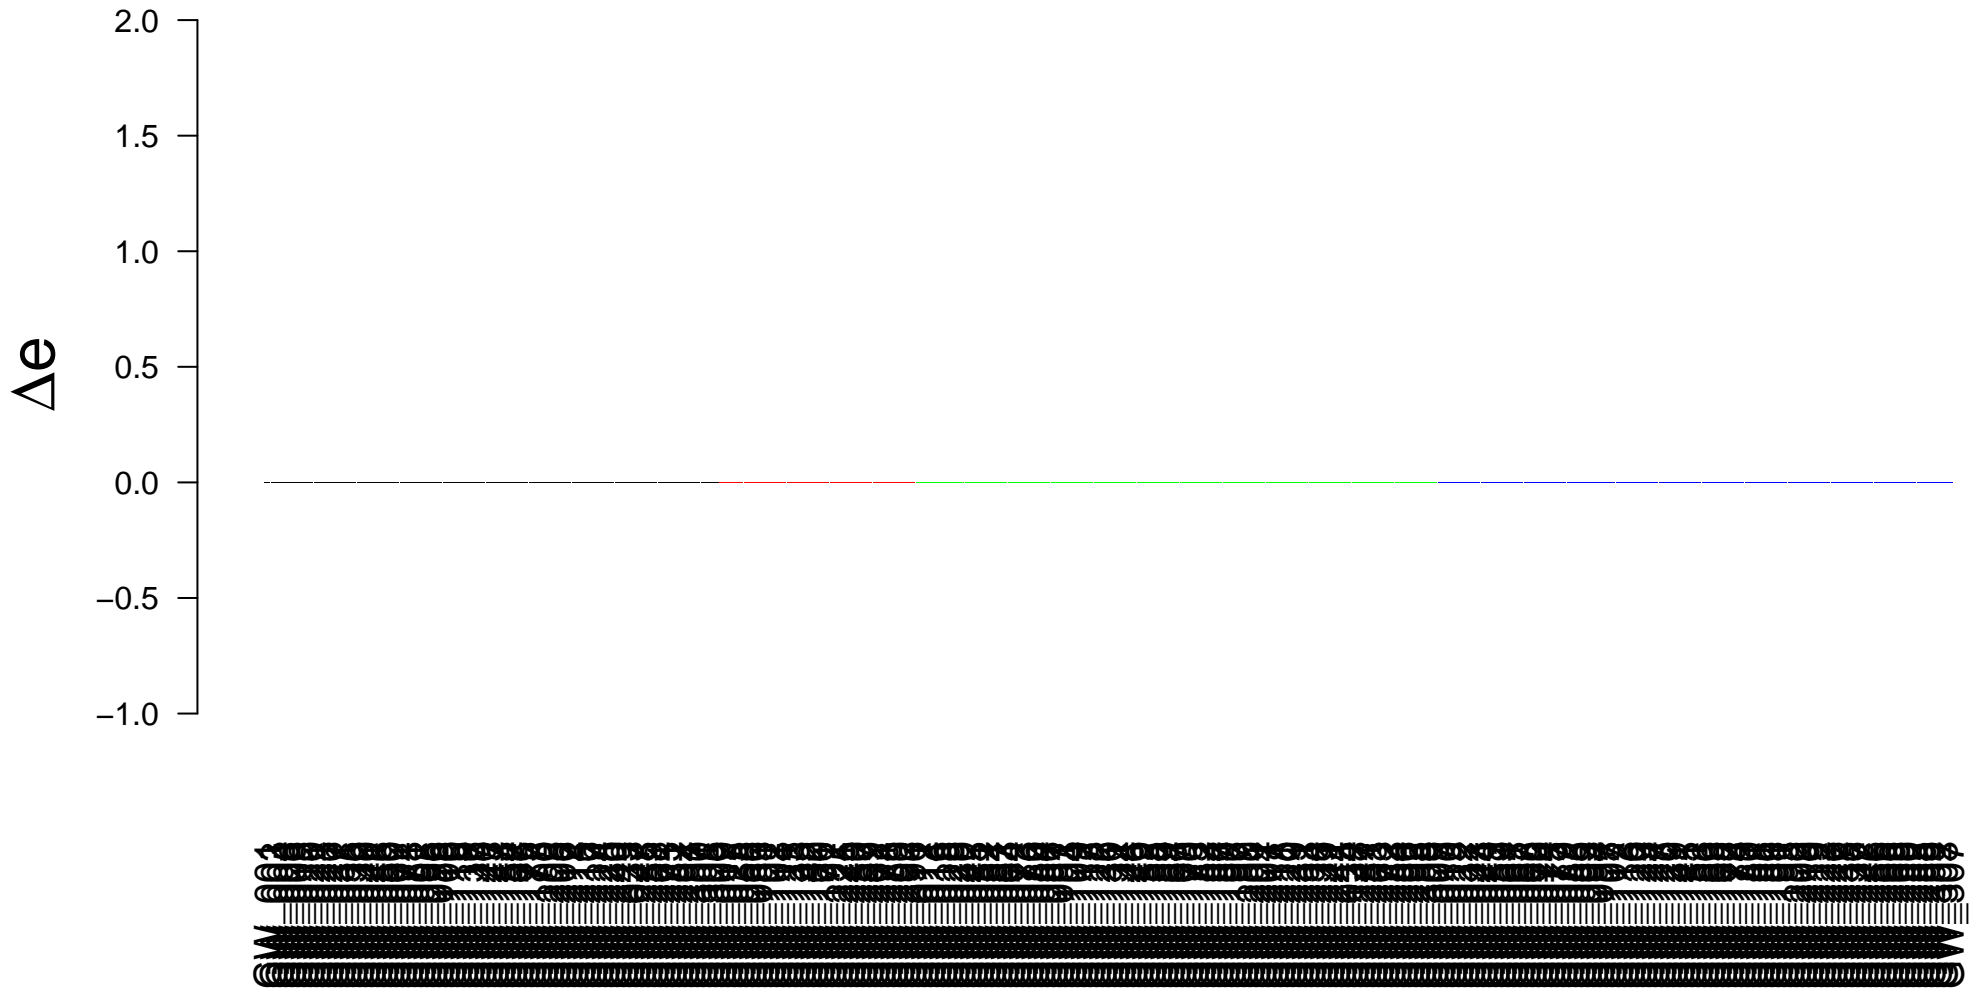

Expression of protein kinase activator activity in Spot L

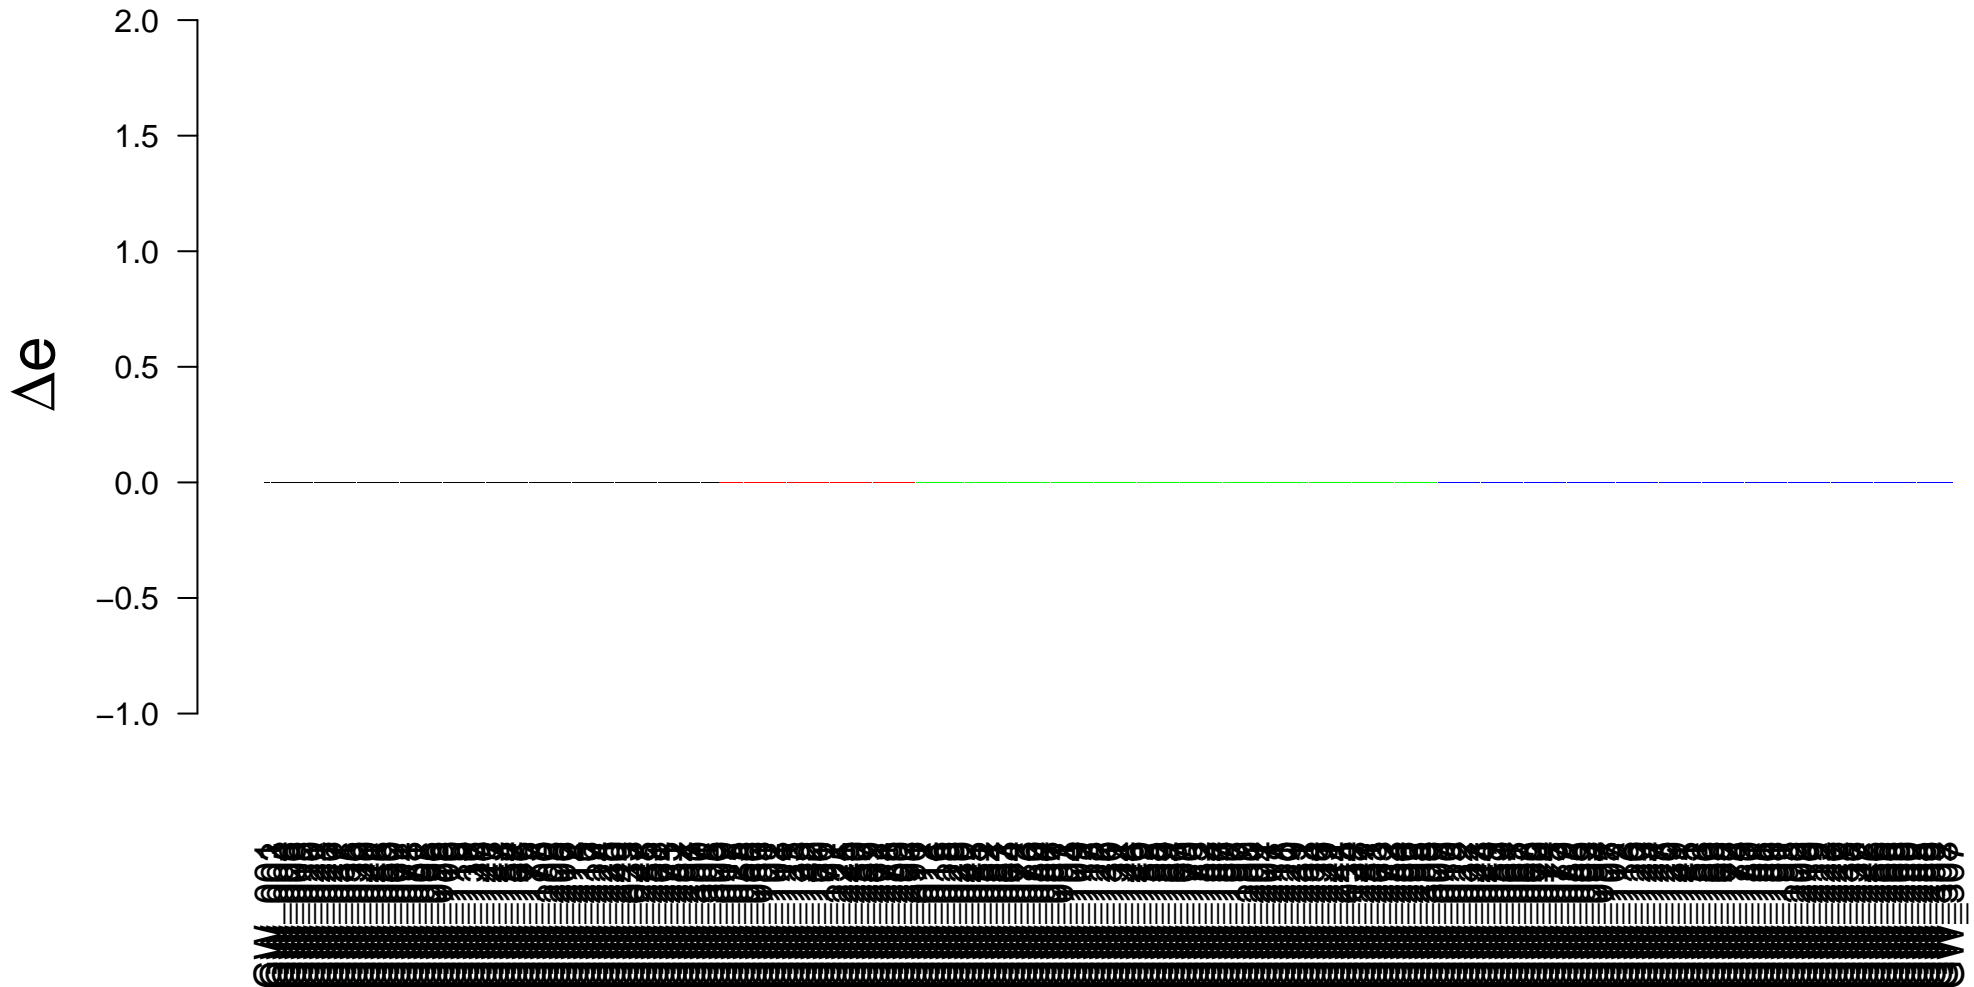

Expression of protein kinase activator activity in Spot M

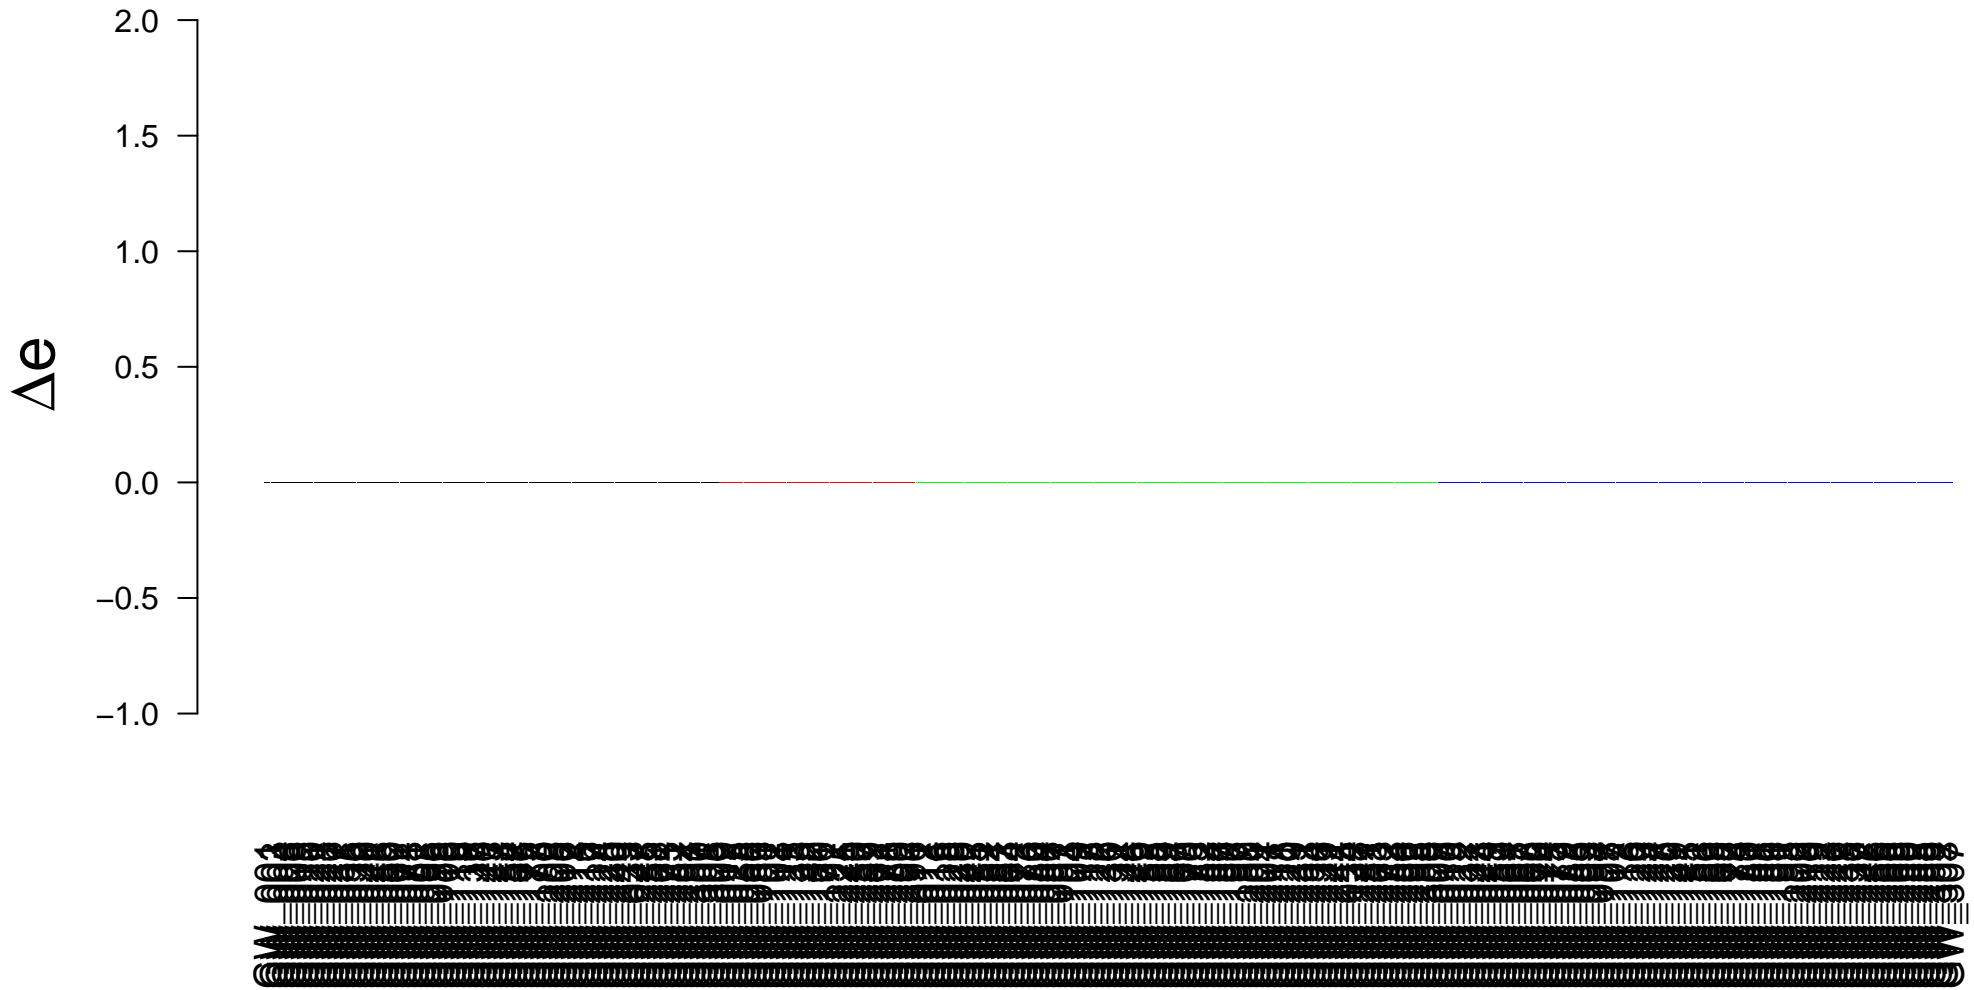

Expression of protein kinase activator activity in Spot N

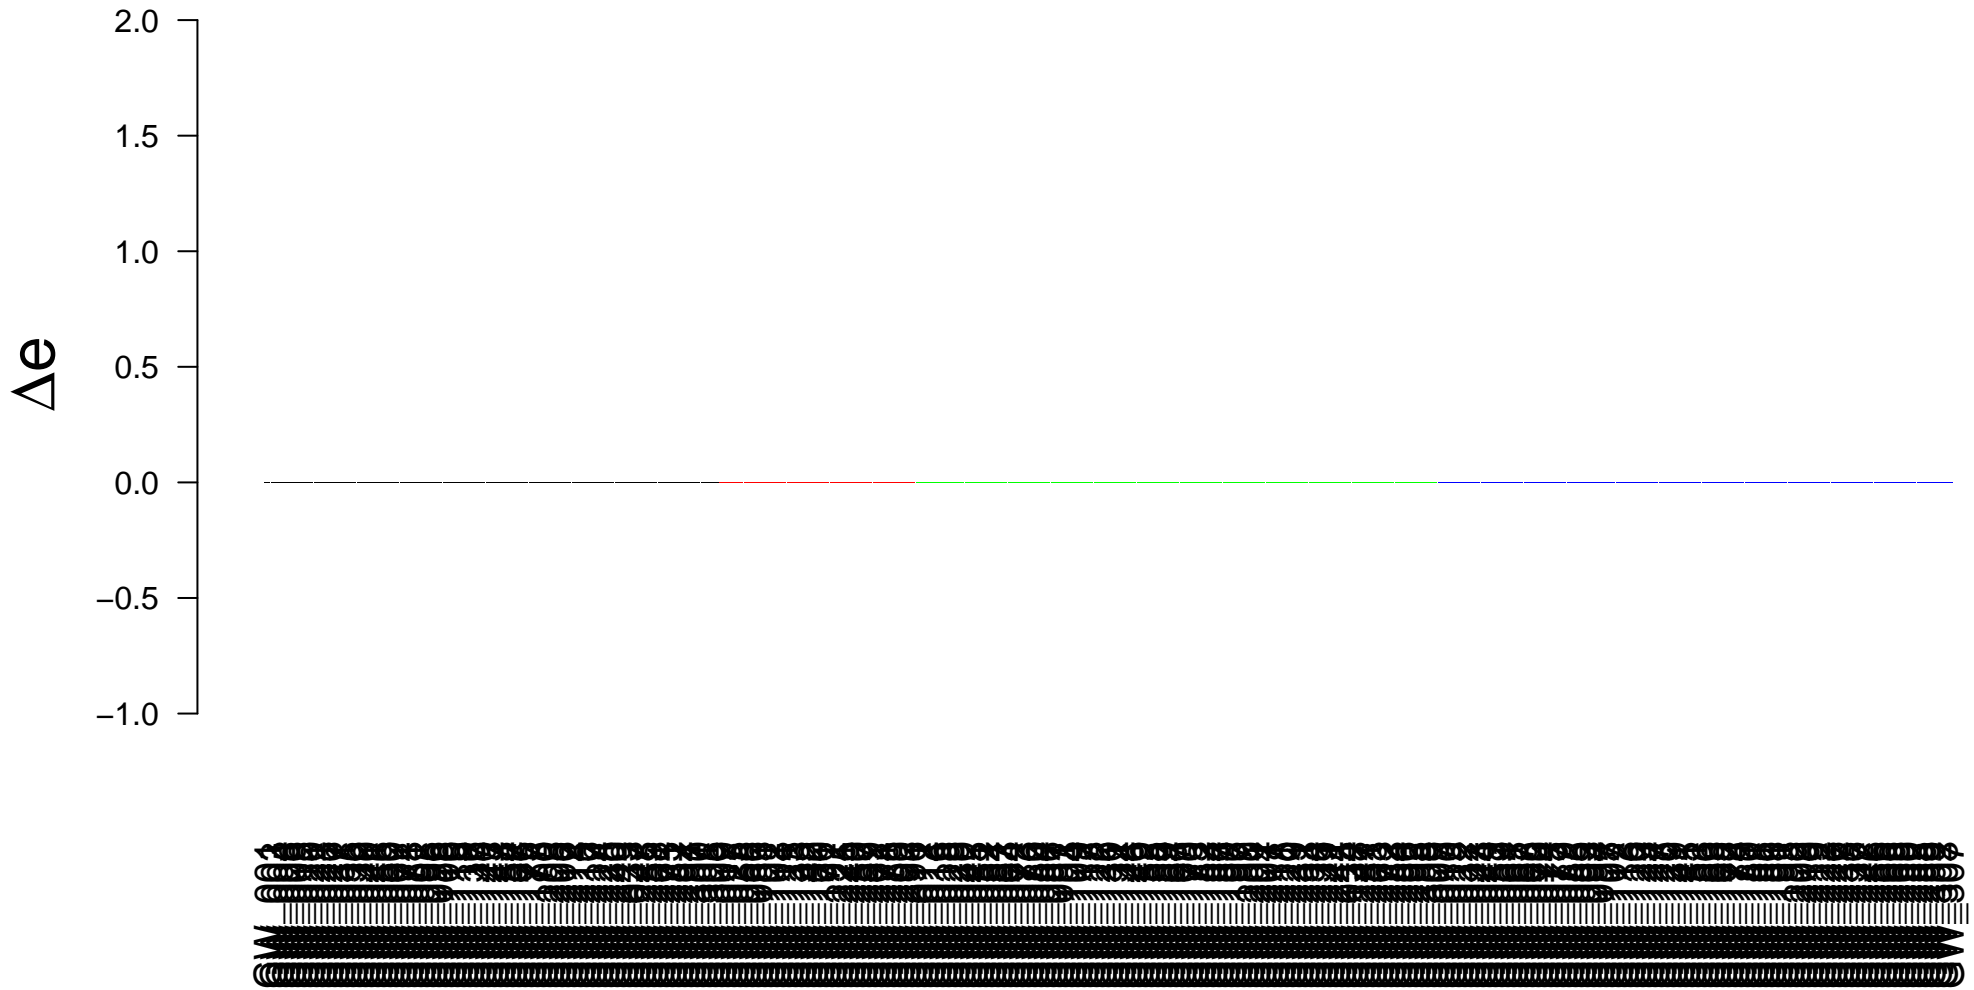

Expression of protein kinase activator activity in Spot O

Expression of protein kinase activator activity in Spot P

Expression of protein kinase activator activity in Spot Q

Expression of protein kinase activator activity in Spot R
