

### pseudouridine synthase activity

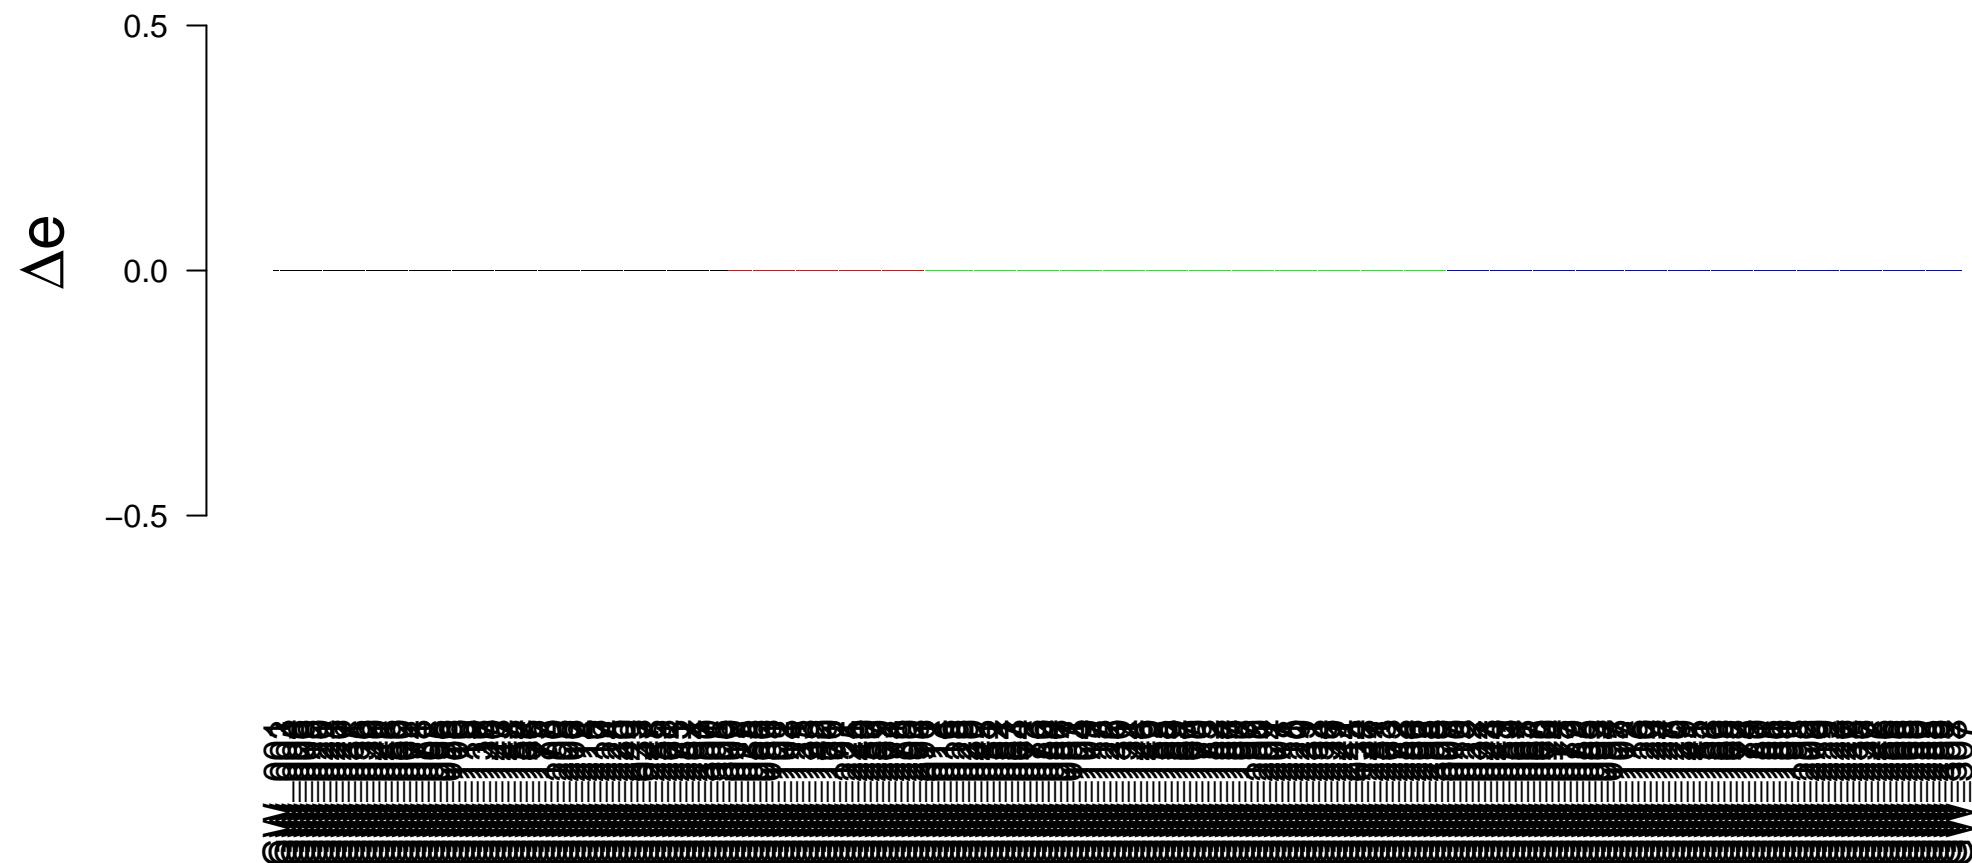

### pseudouridine synthase activity

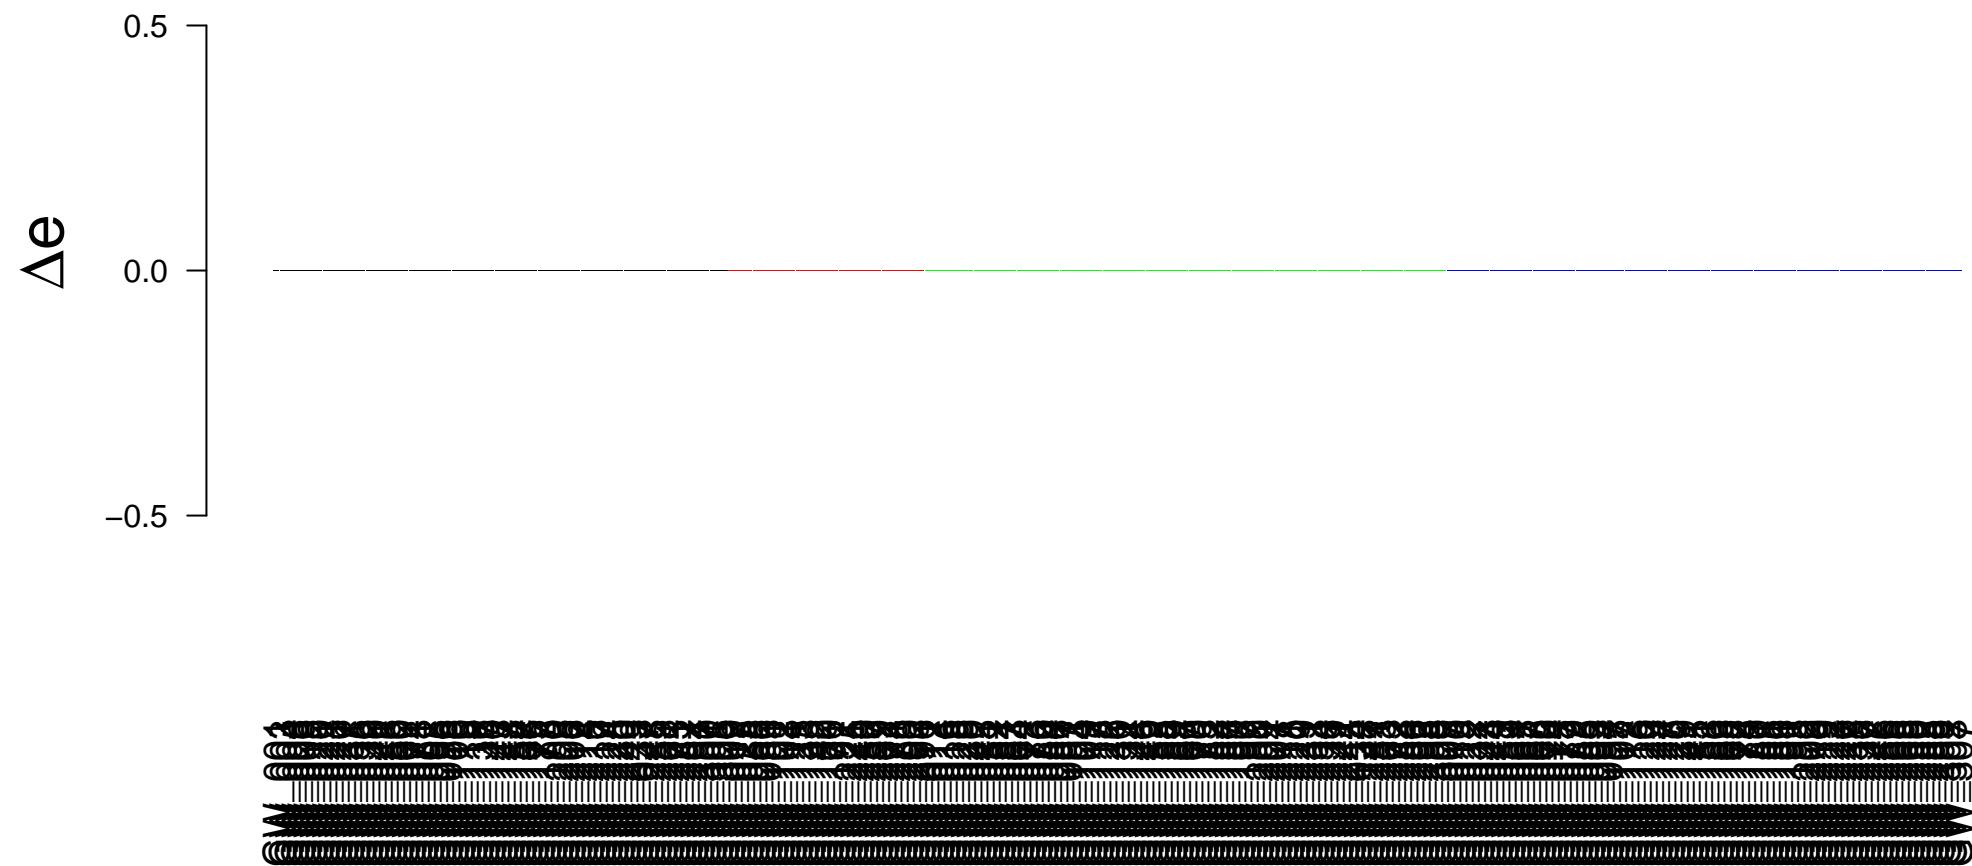

### Enrichment in spots: pseudouridine synthase activity

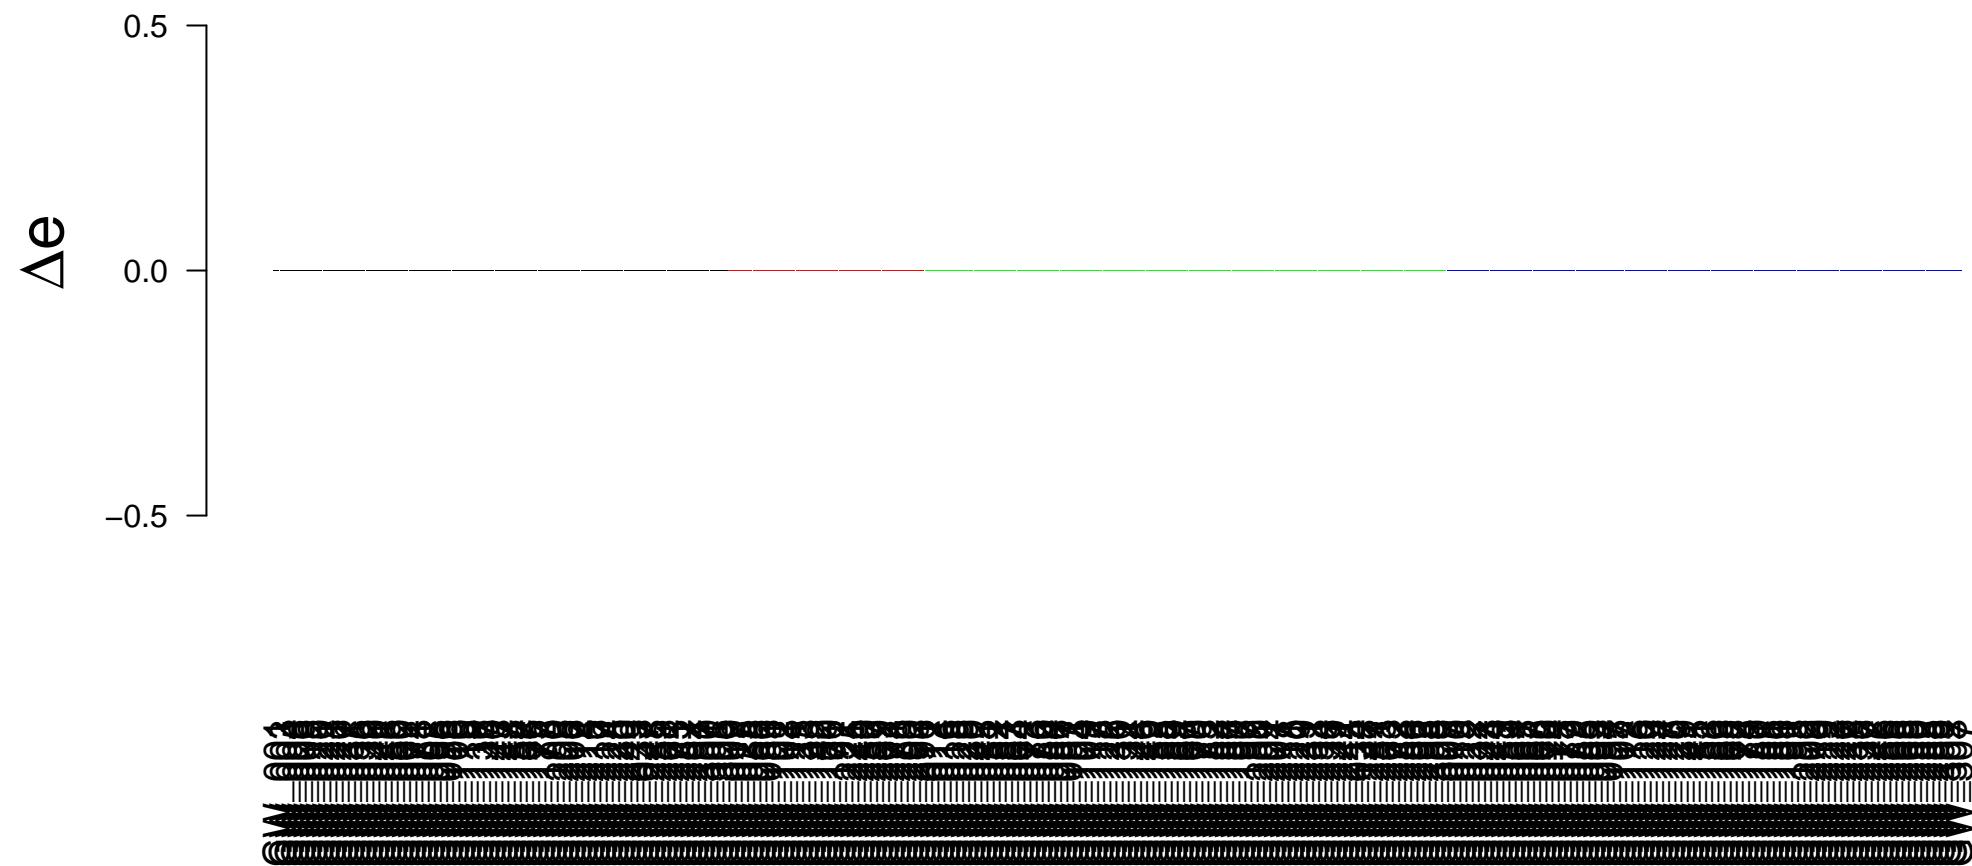

## Expression of pseudouridine synthase activity in Spot A

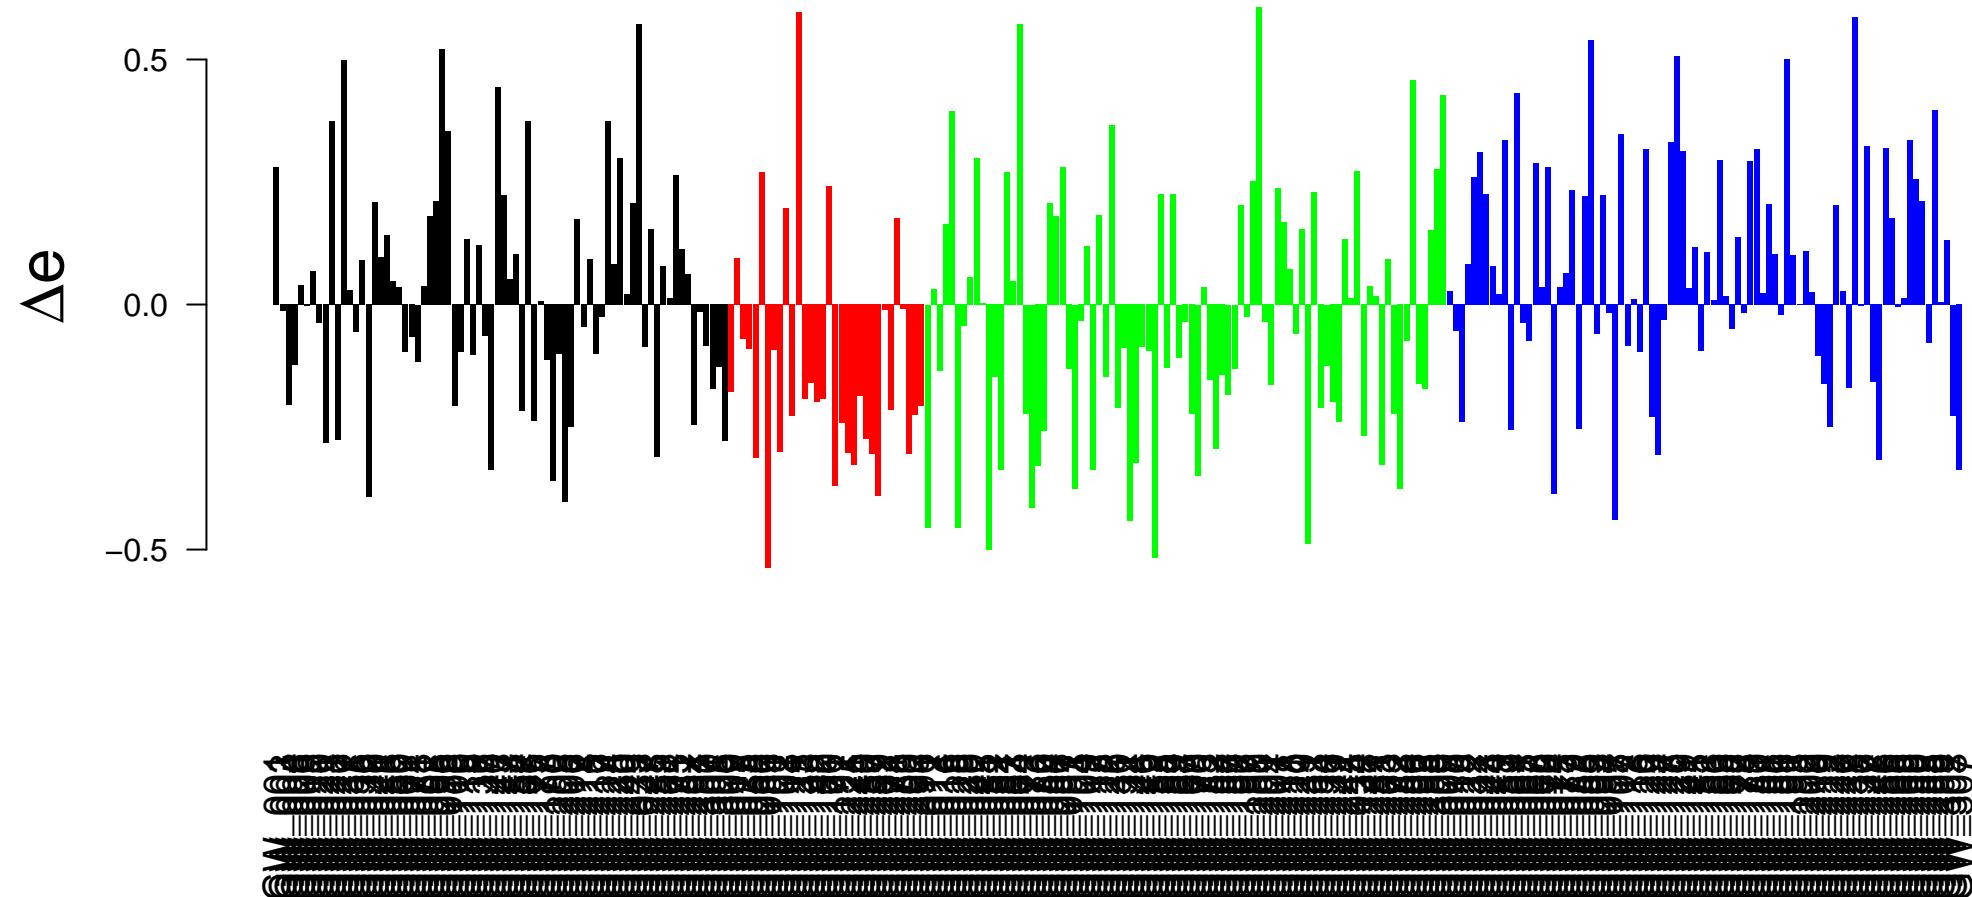

## Expression of pseudouridine synthase activity in Spot B

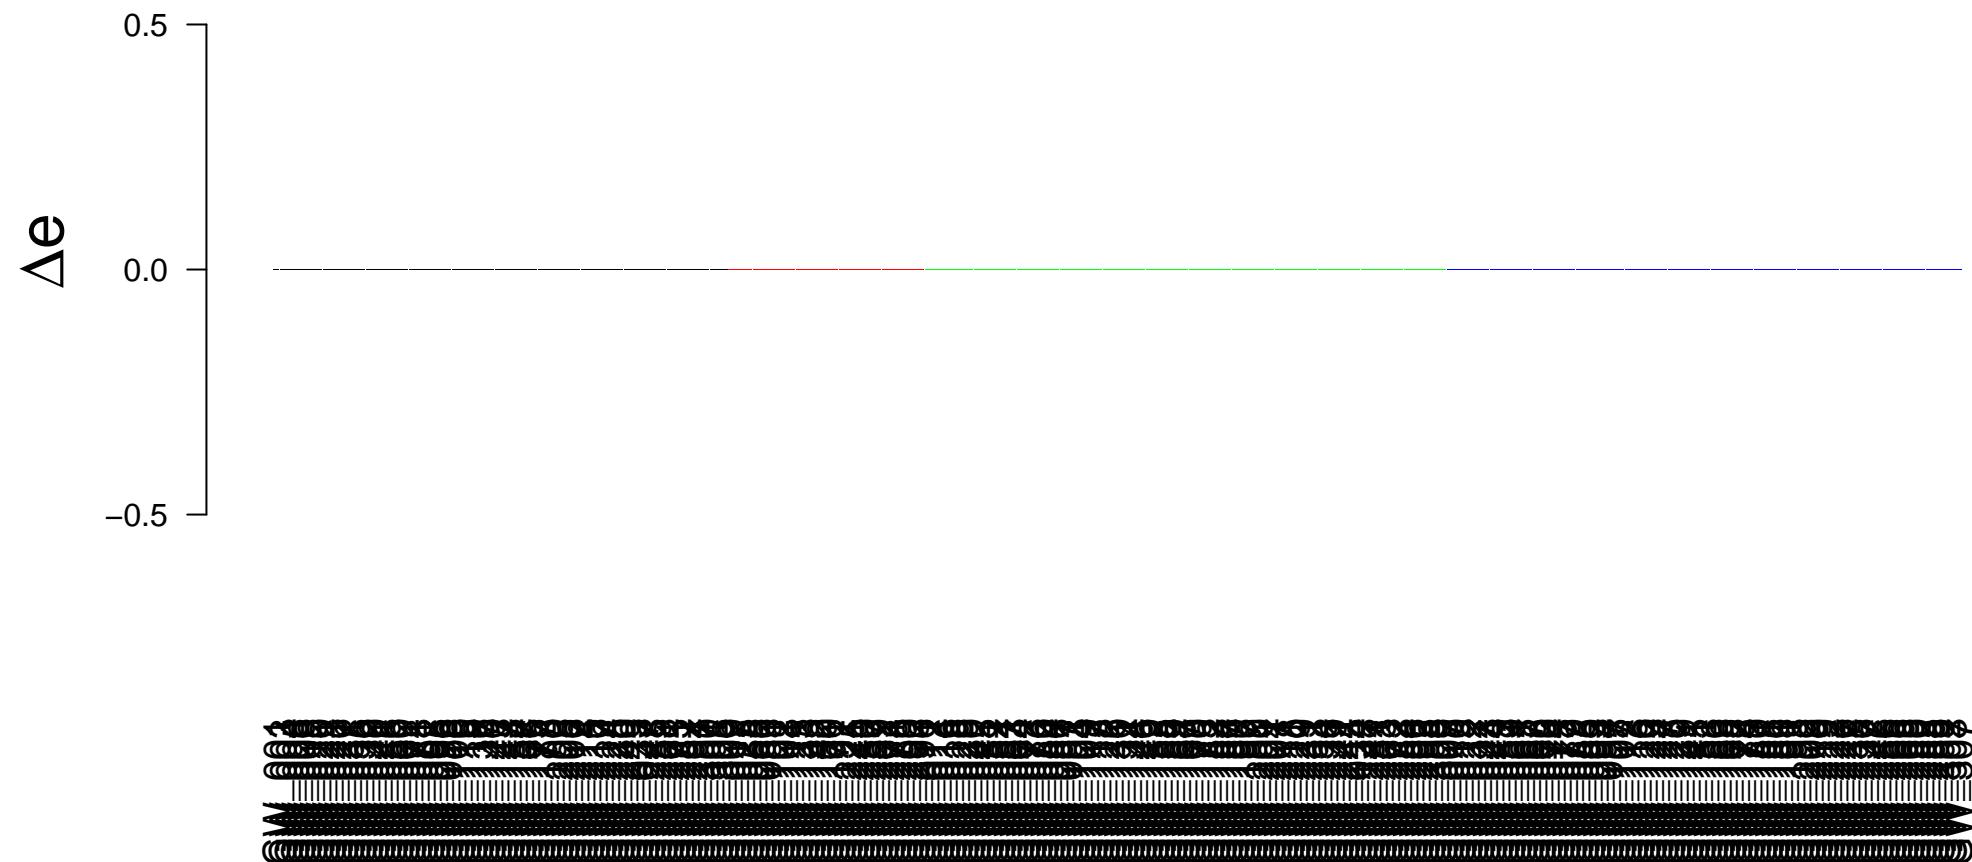

## Expression of pseudouridine synthase activity in Spot C

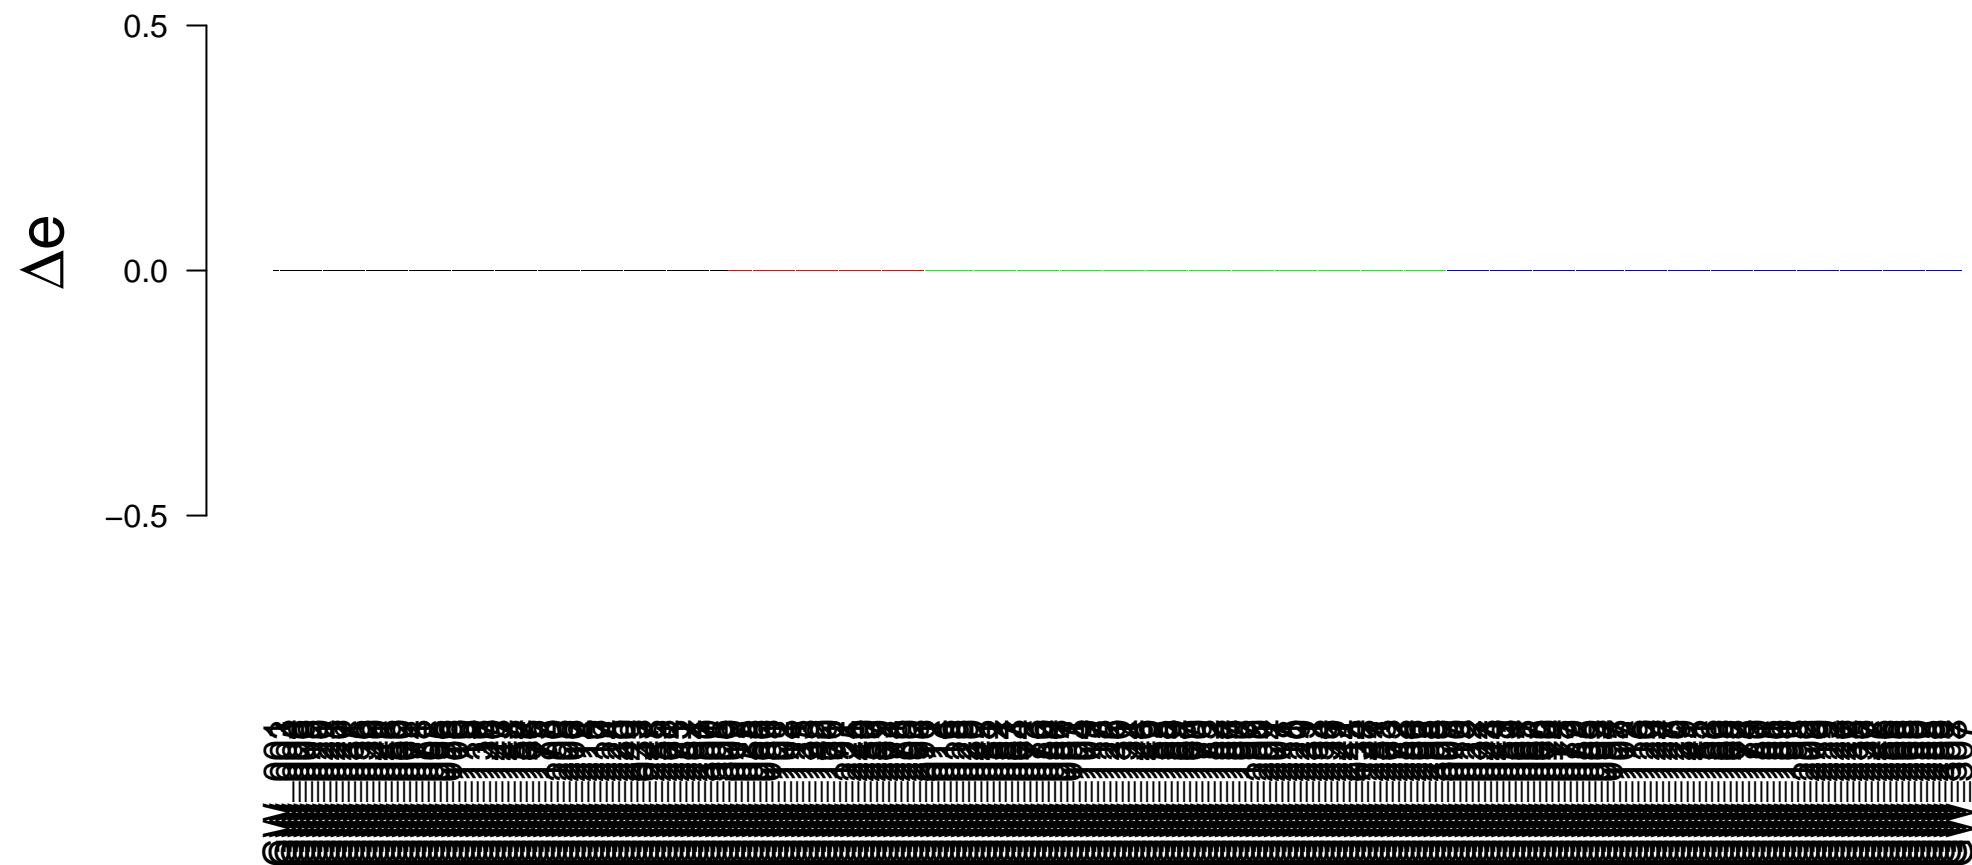

## Expression of pseudouridine synthase activity in Spot D

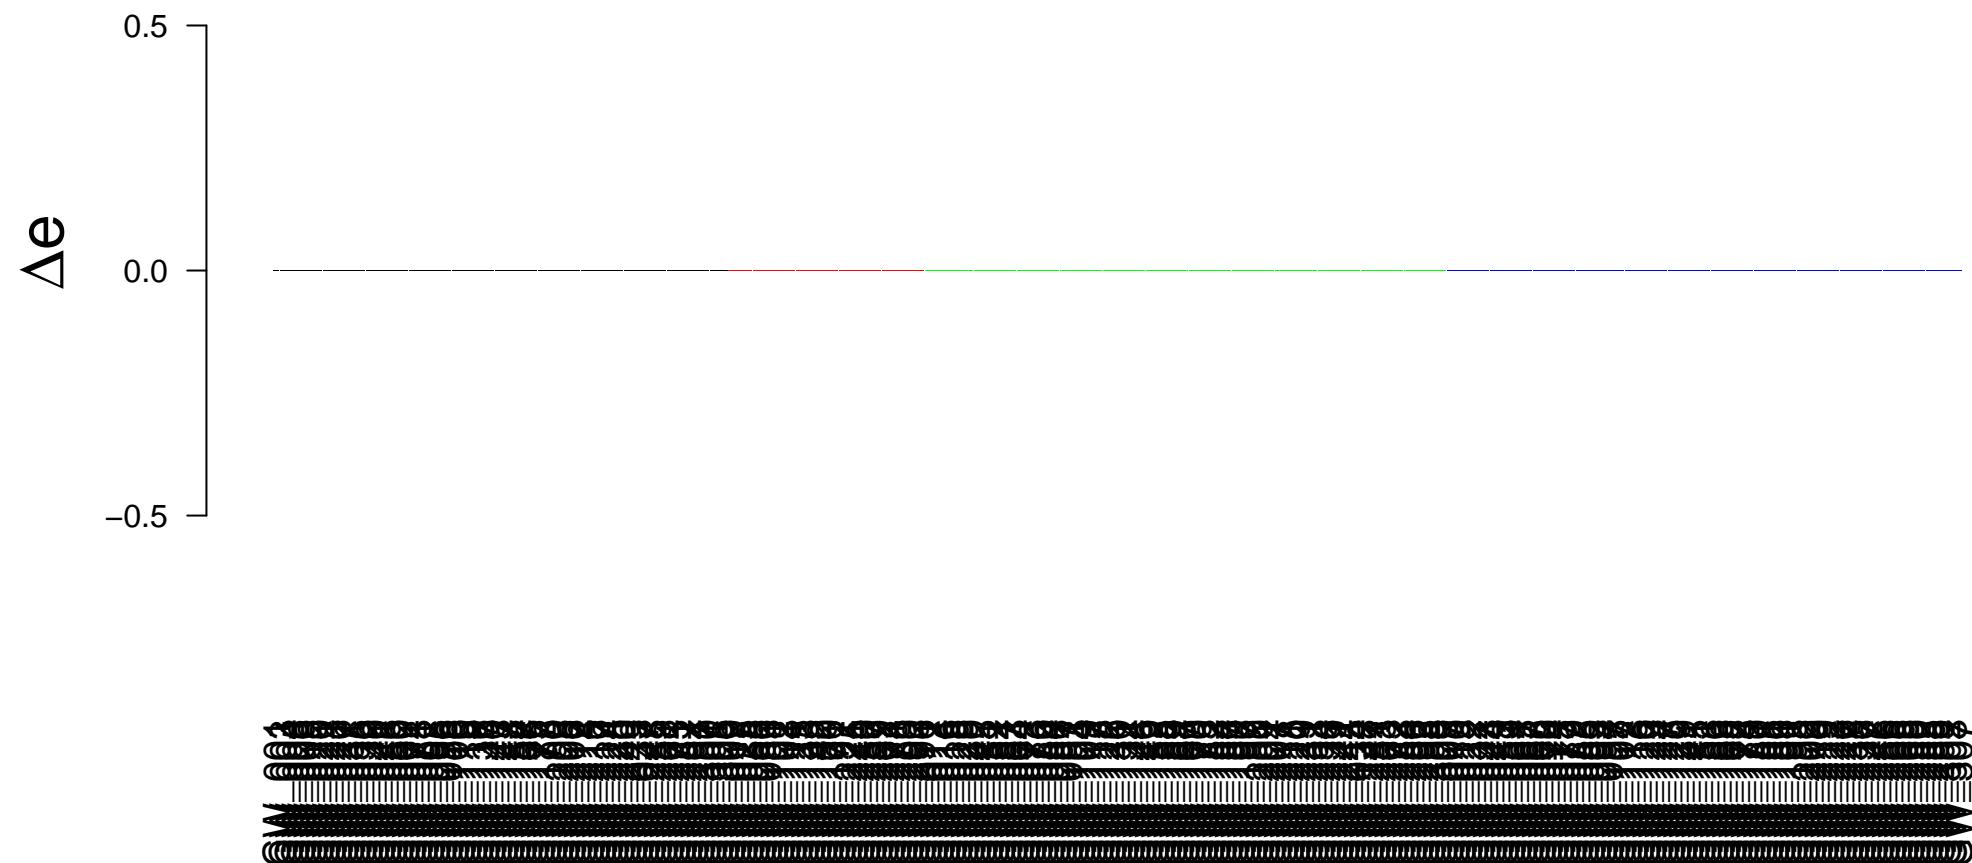

## Expression of pseudouridine synthase activity in Spot E

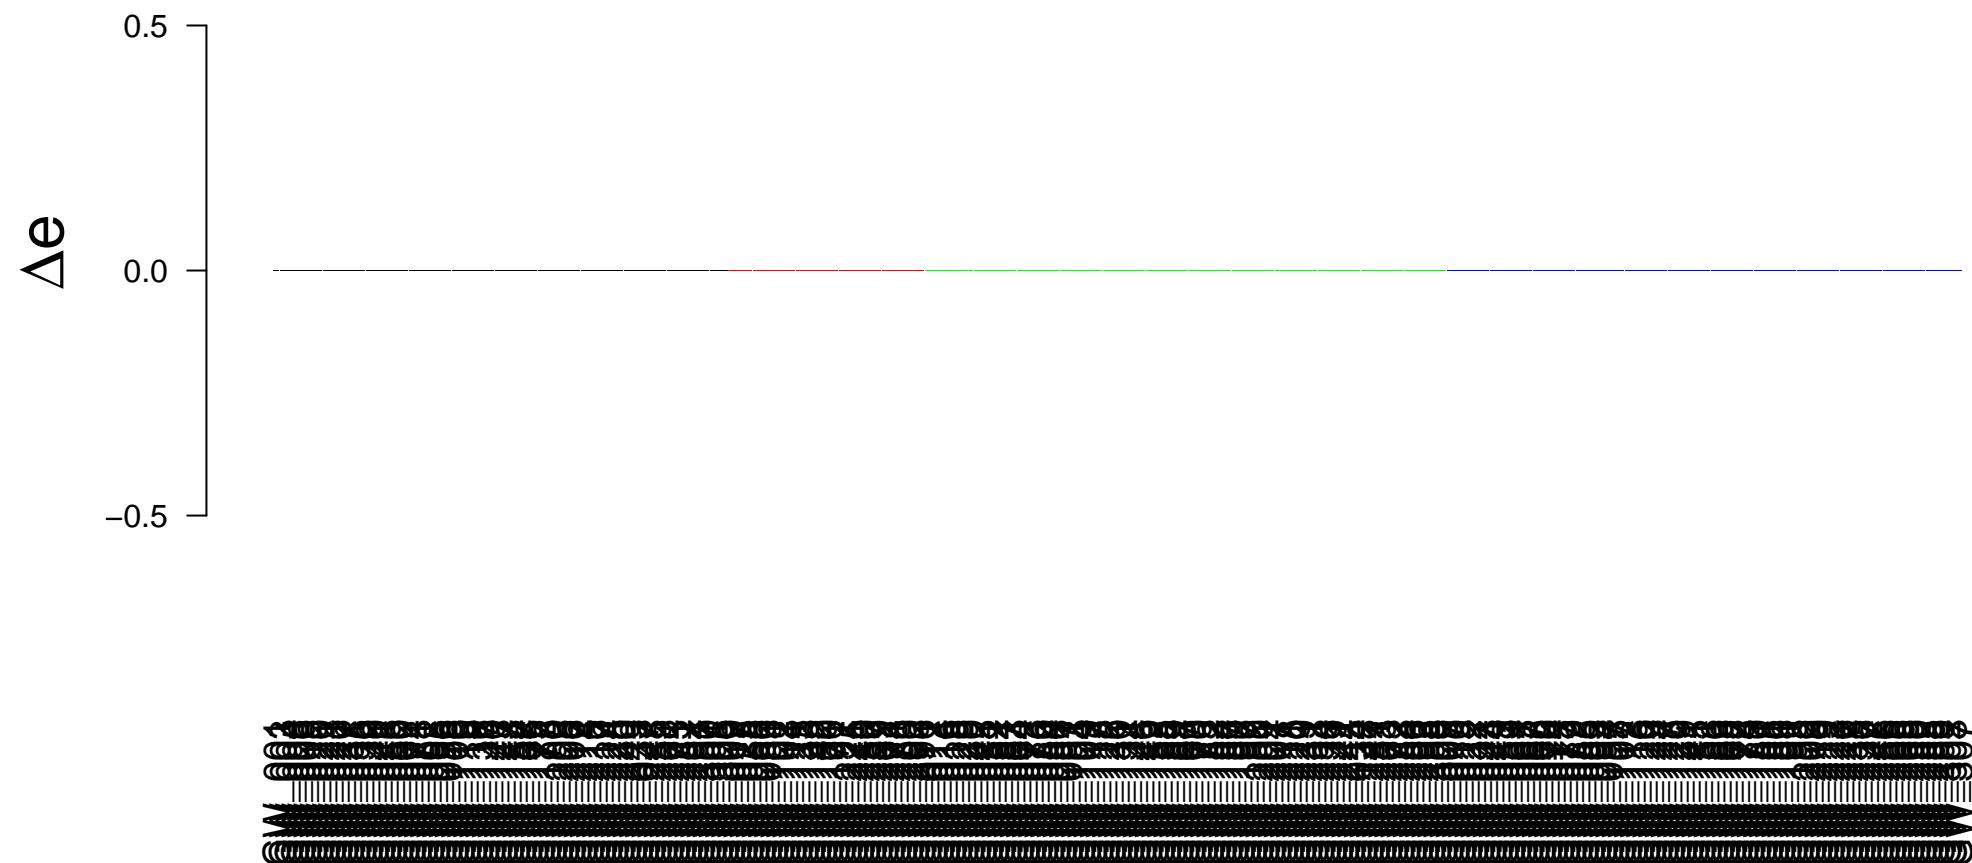

## Expression of pseudouridine synthase activity in Spot F

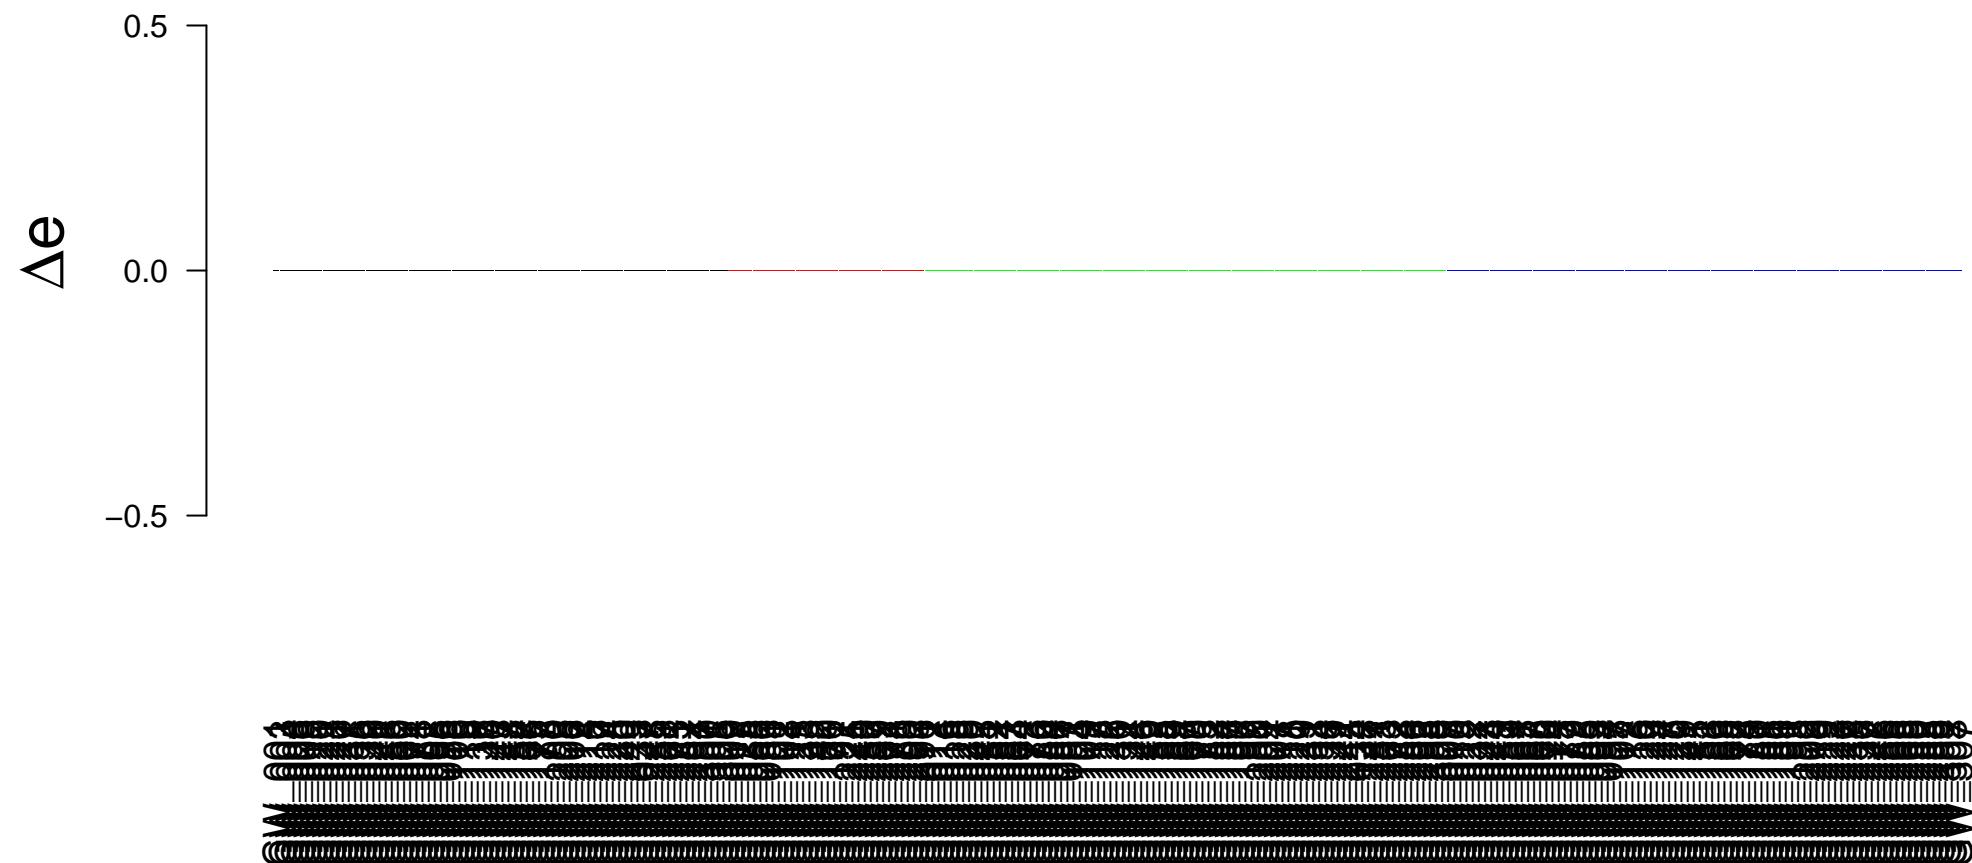

## Expression of pseudouridine synthase activity in Spot G

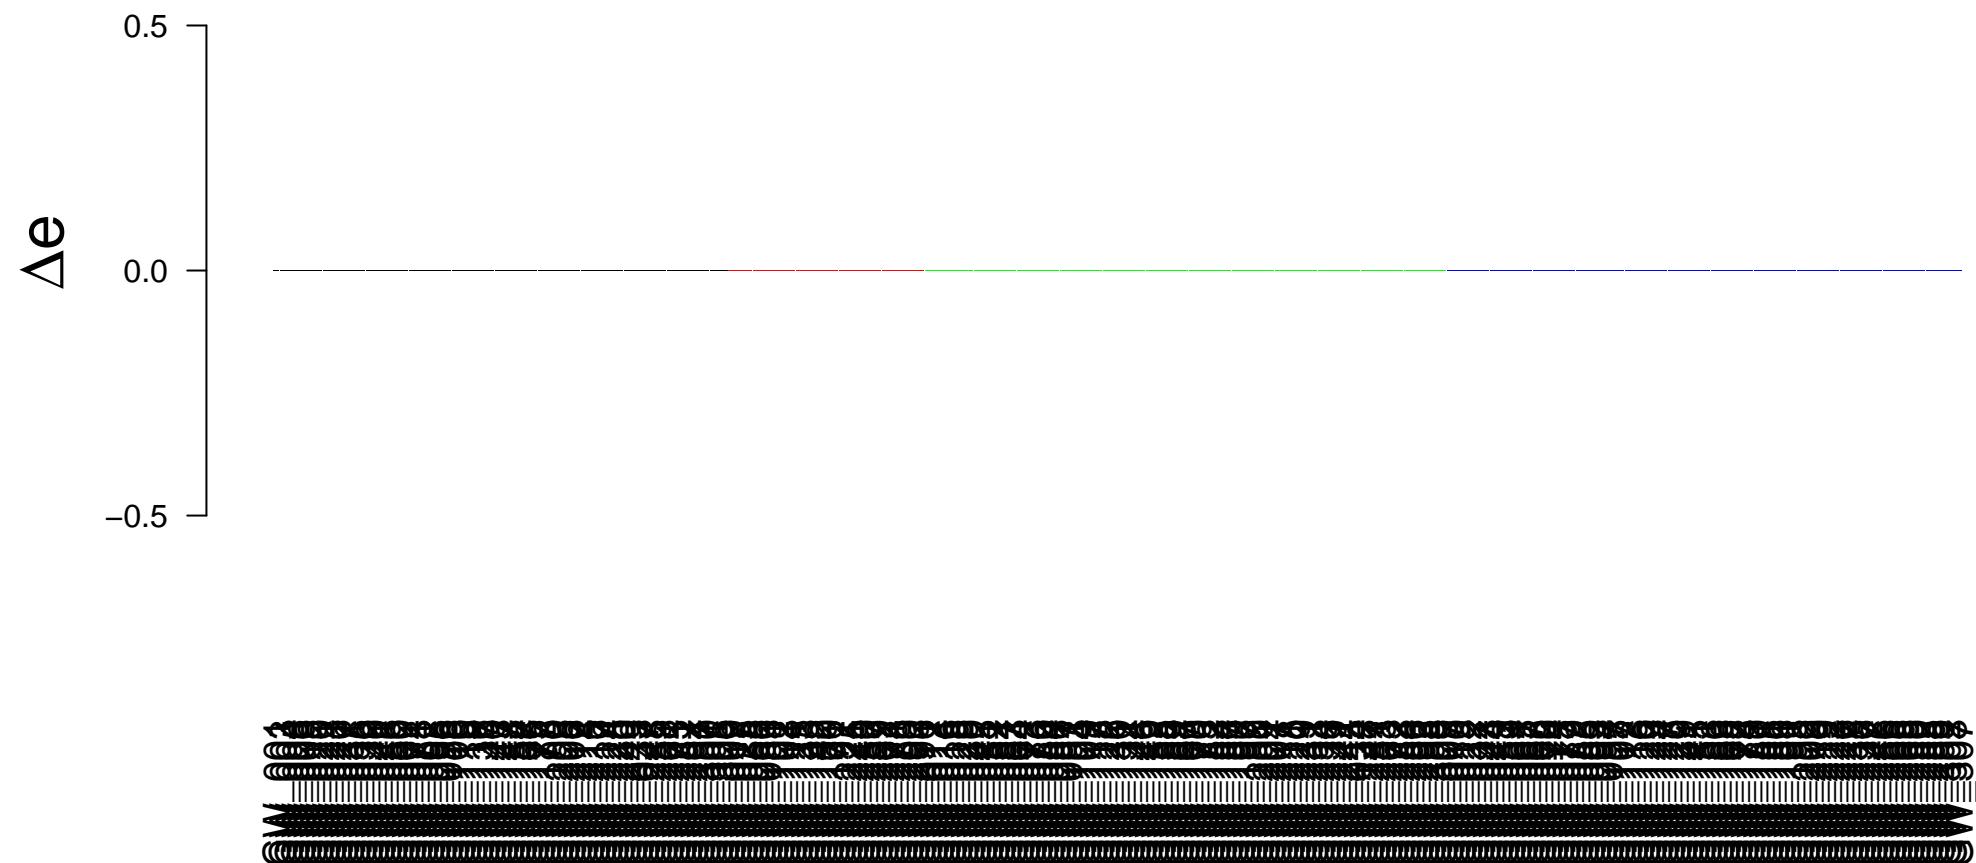

## Expression of pseudouridine synthase activity in Spot H

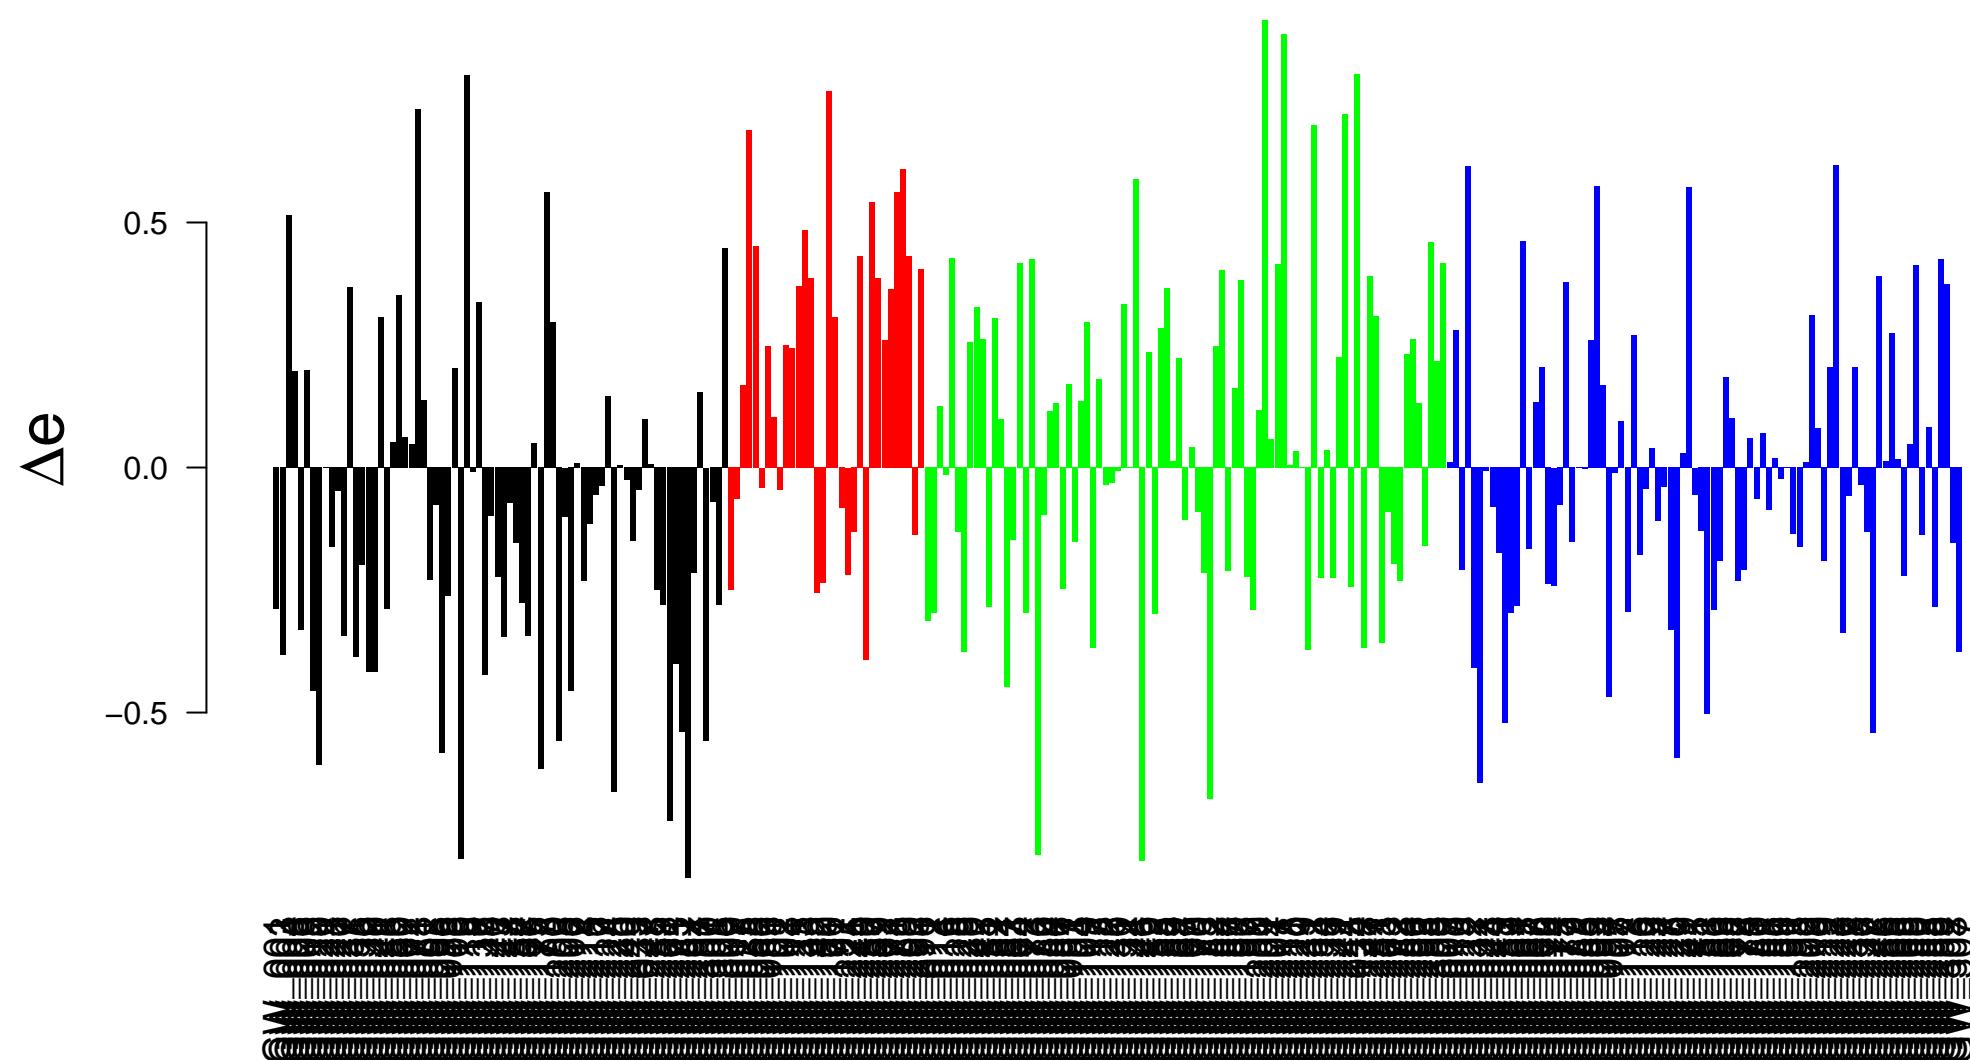

## Expression of pseudouridine synthase activity in Spot I

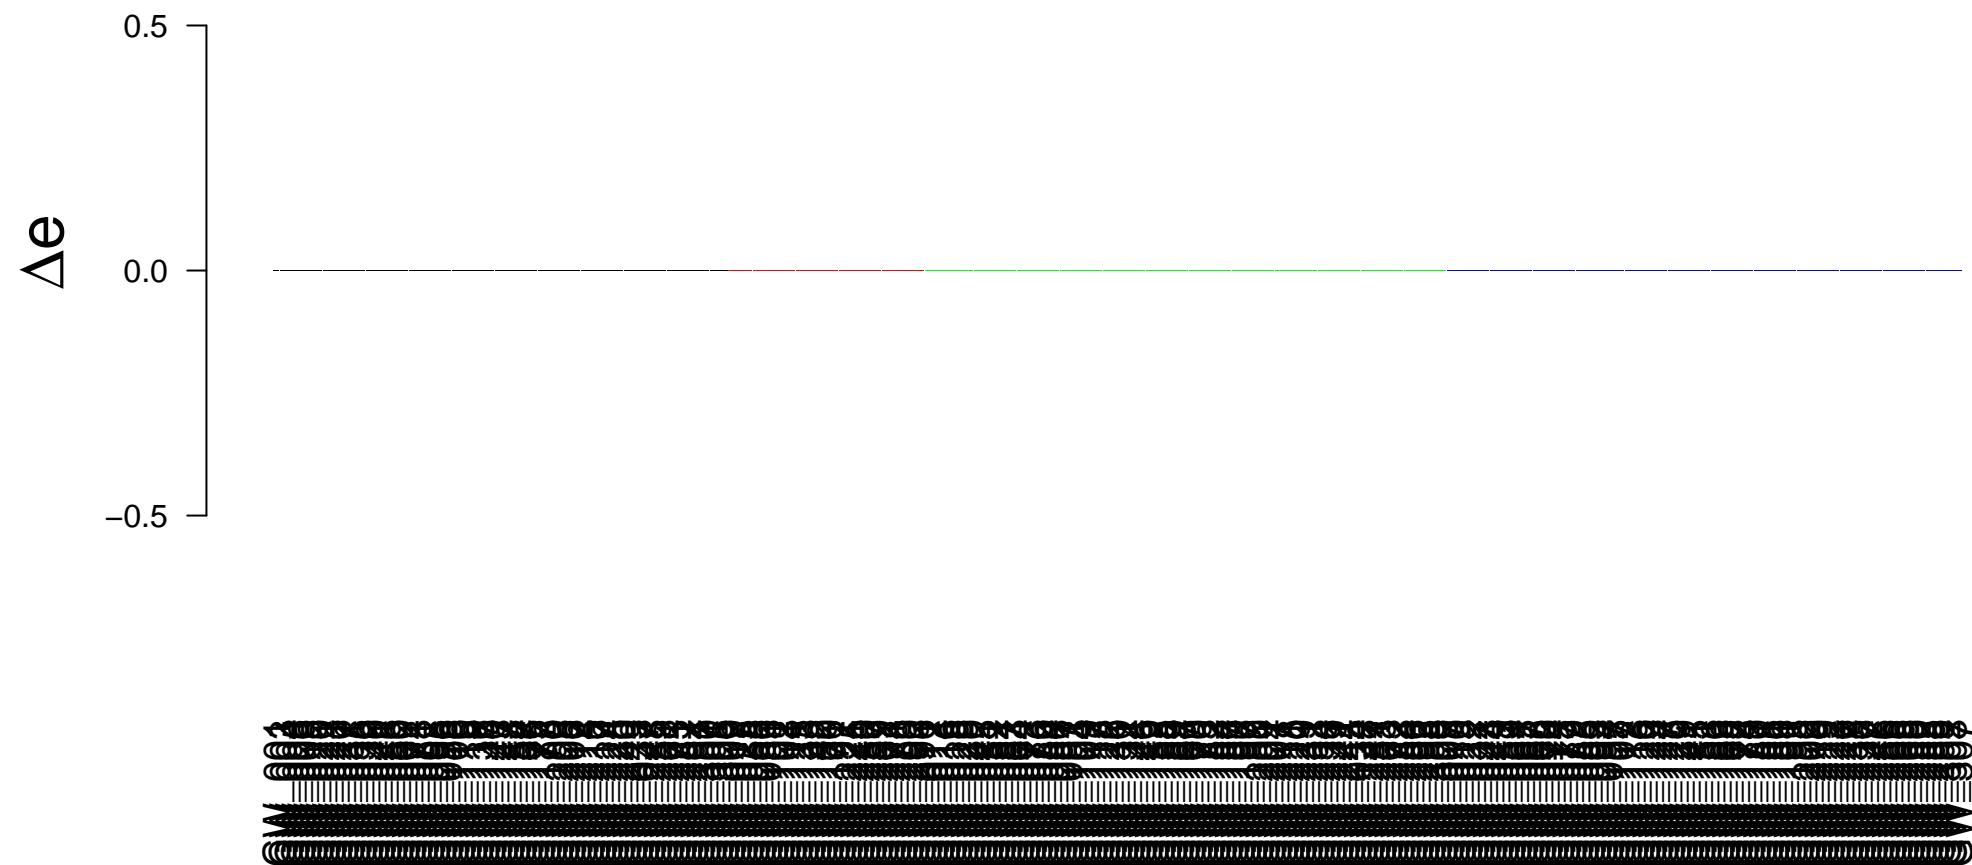

## Expression of pseudouridine synthase activity in Spot J

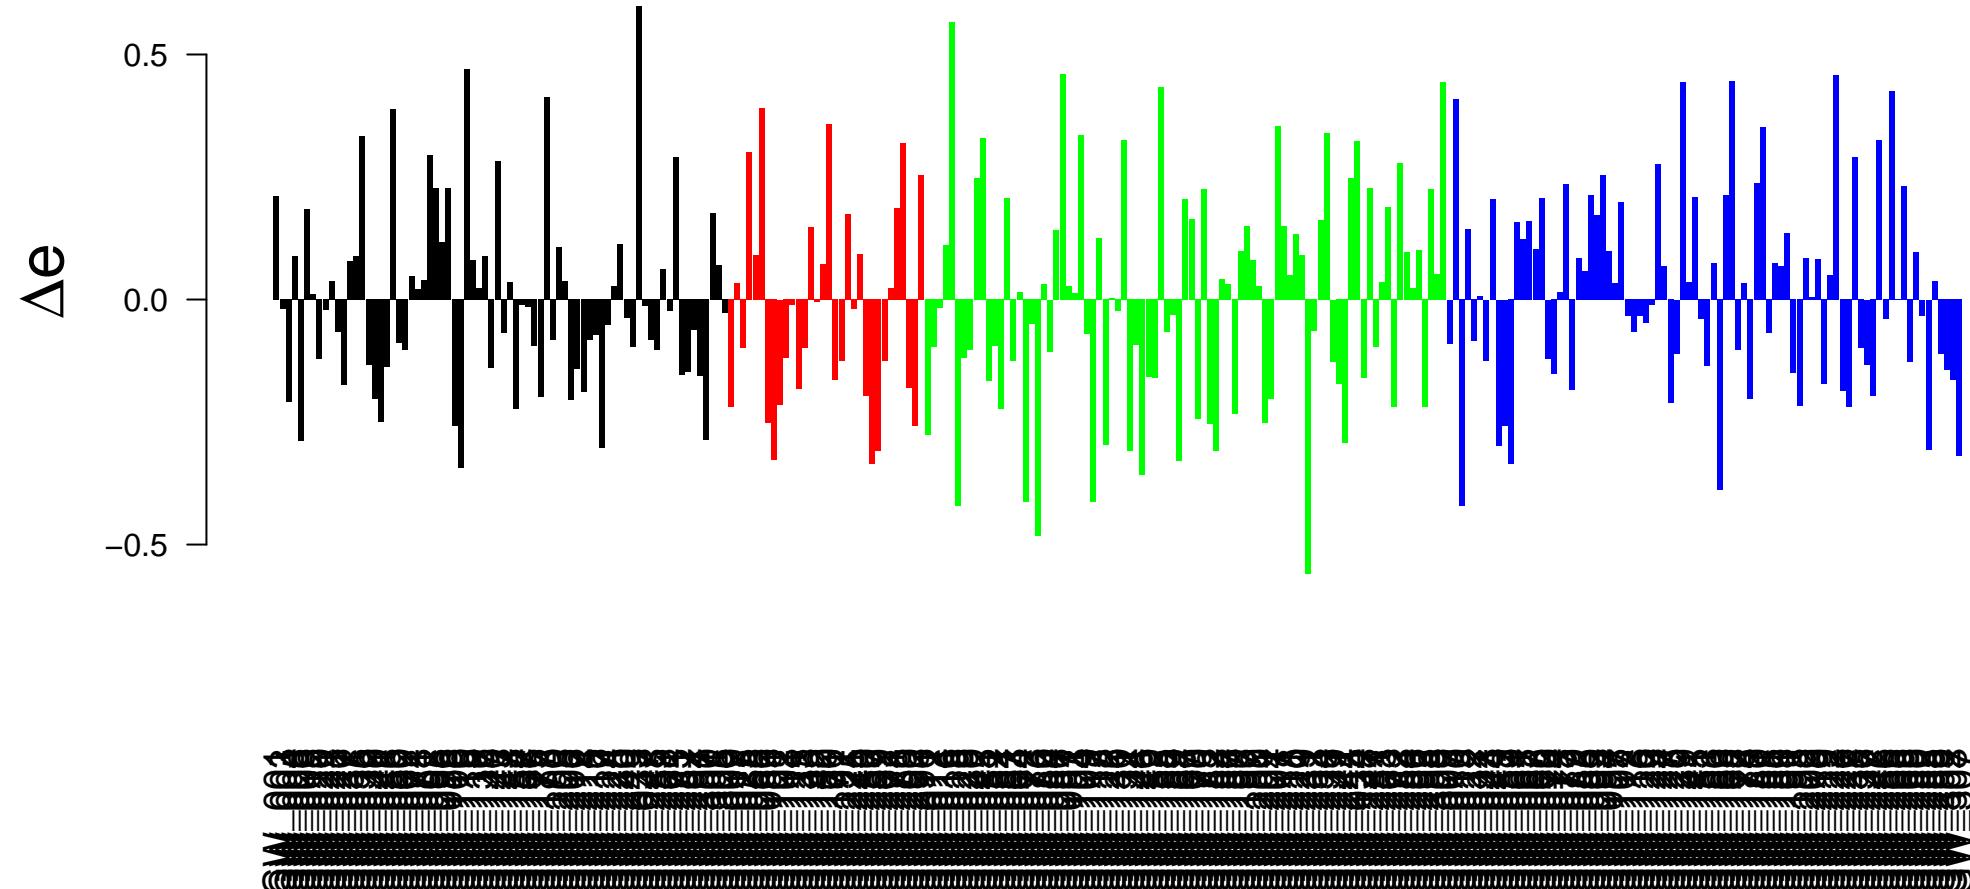

### Expression of pseudouridine synthase activity in Spot K

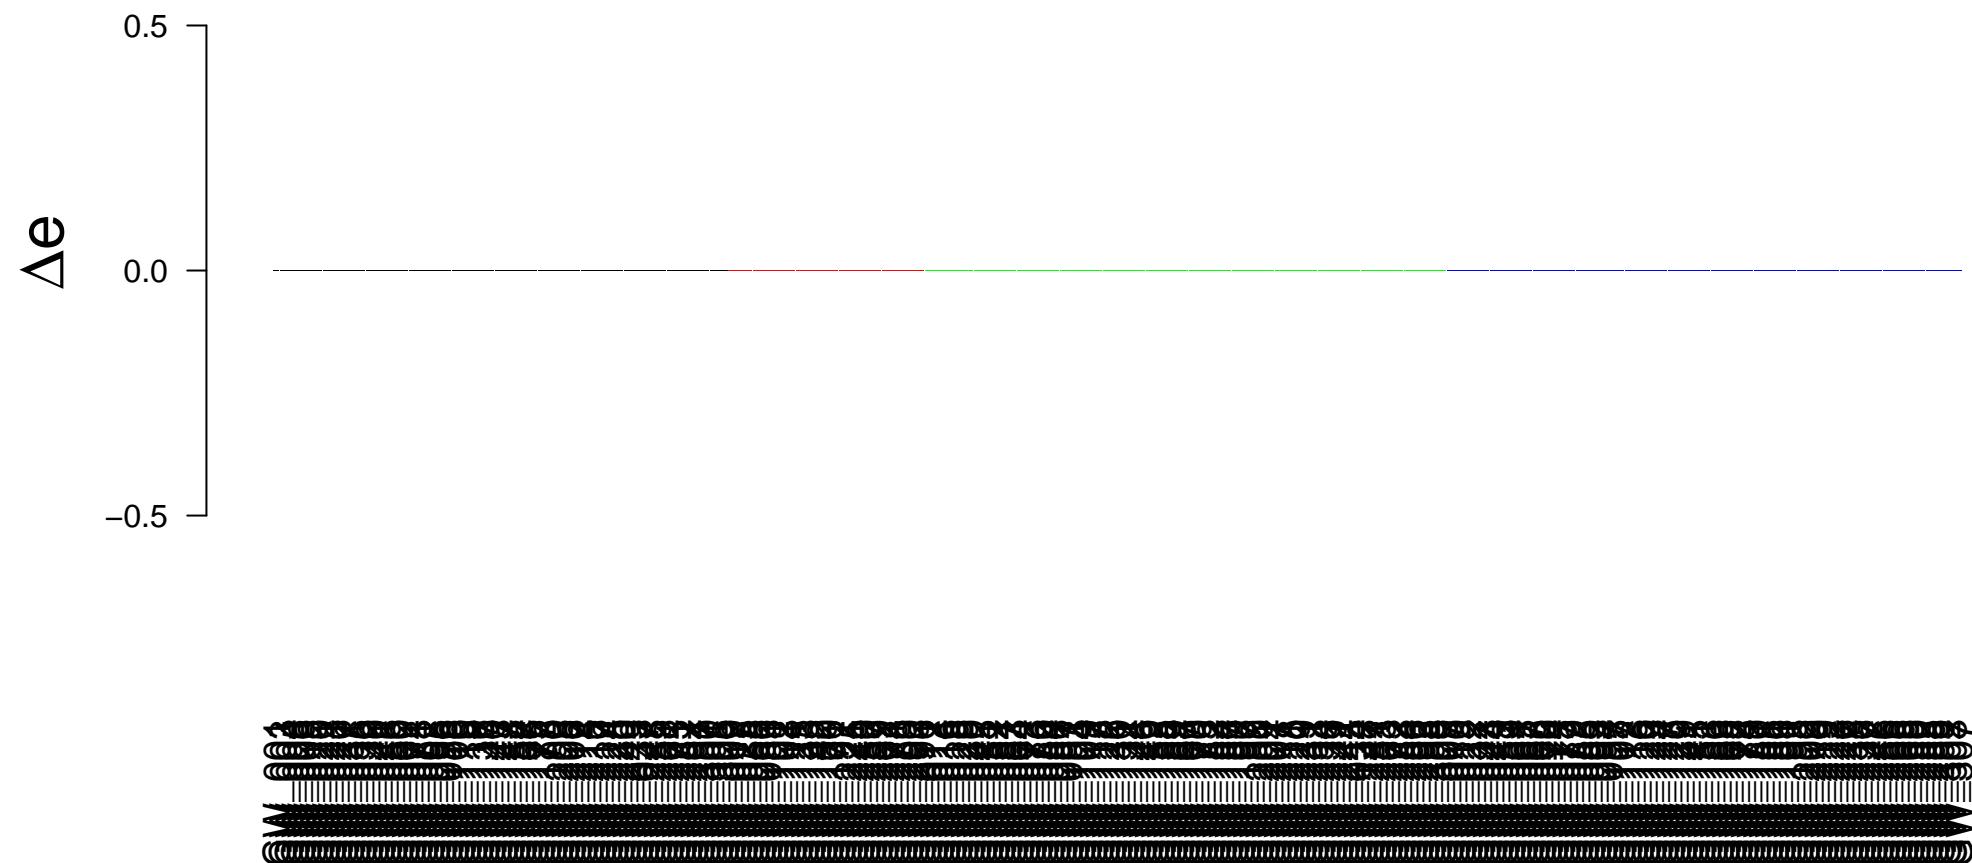

## Expression of pseudouridine synthase activity in Spot L

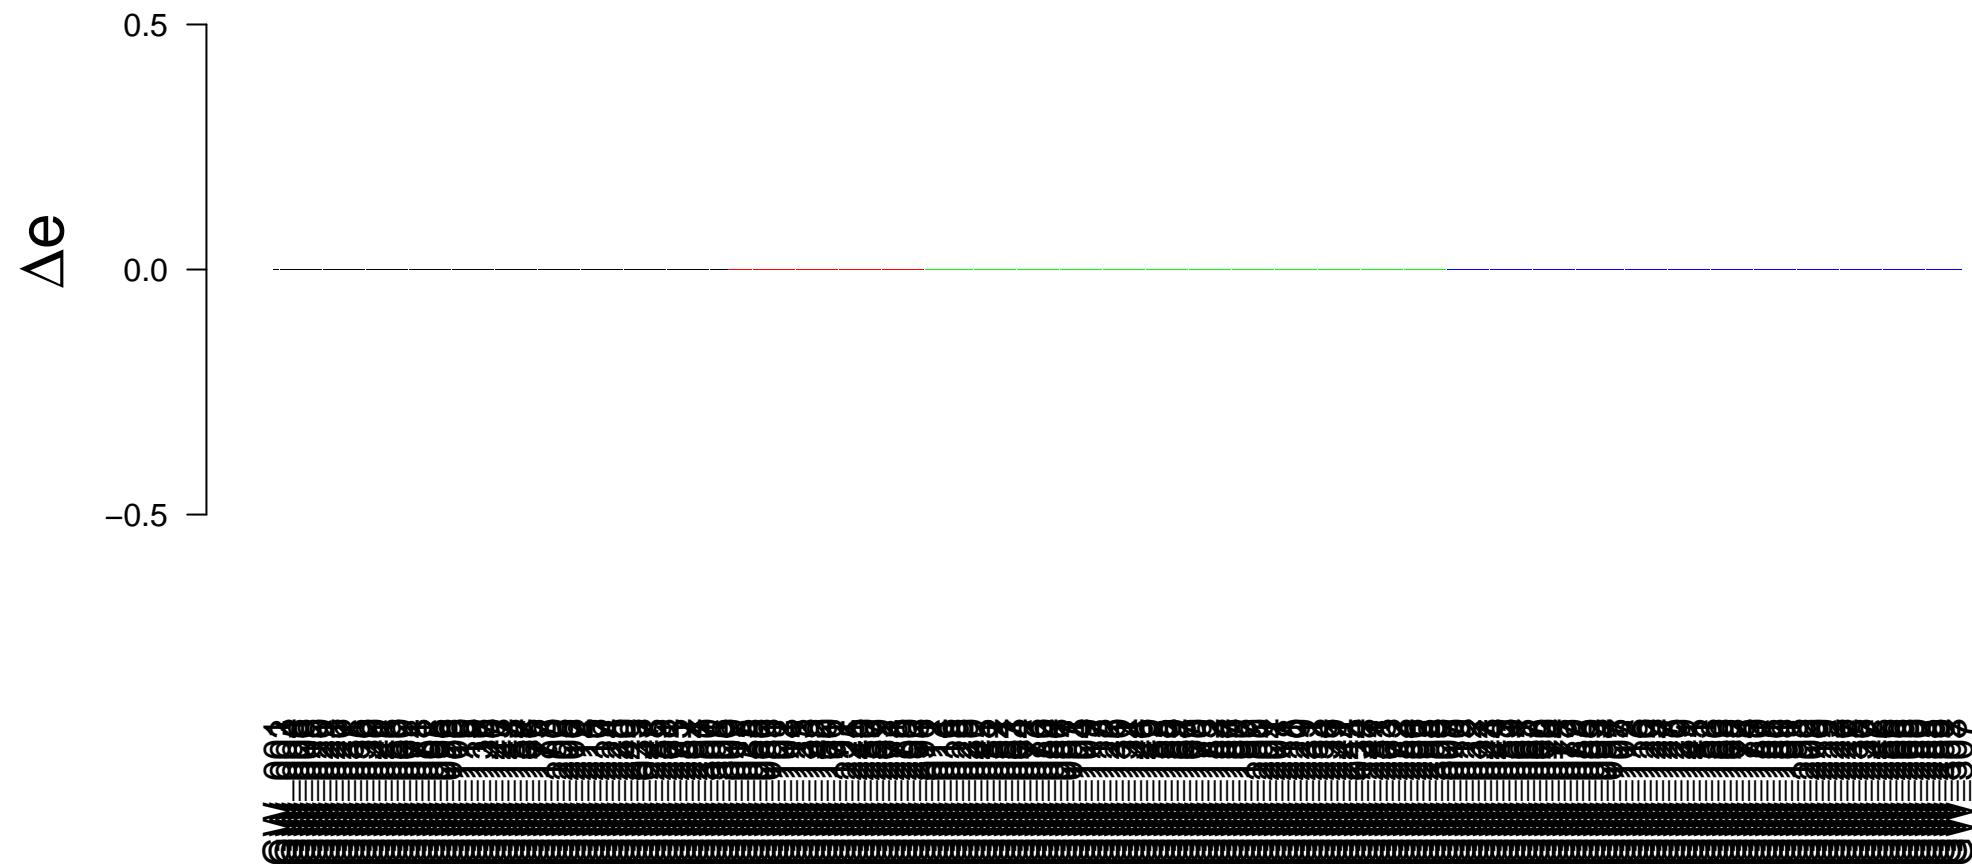

## Expression of pseudouridine synthase activity in Spot M

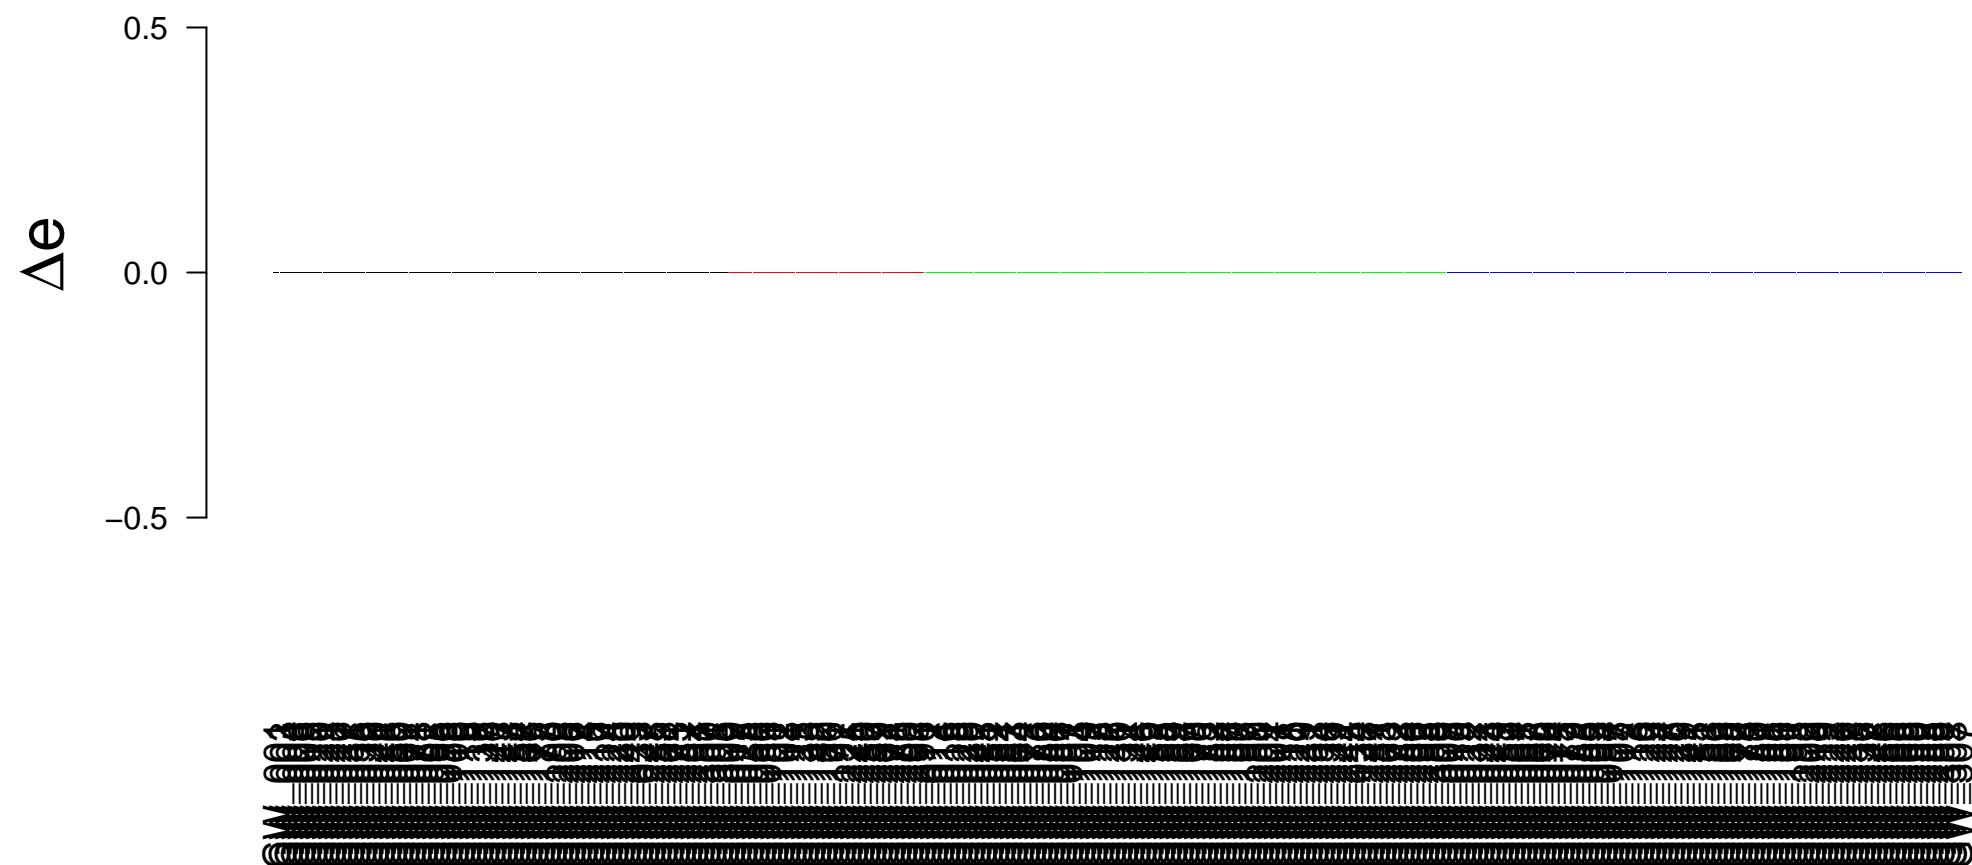

## Expression of pseudouridine synthase activity in Spot N

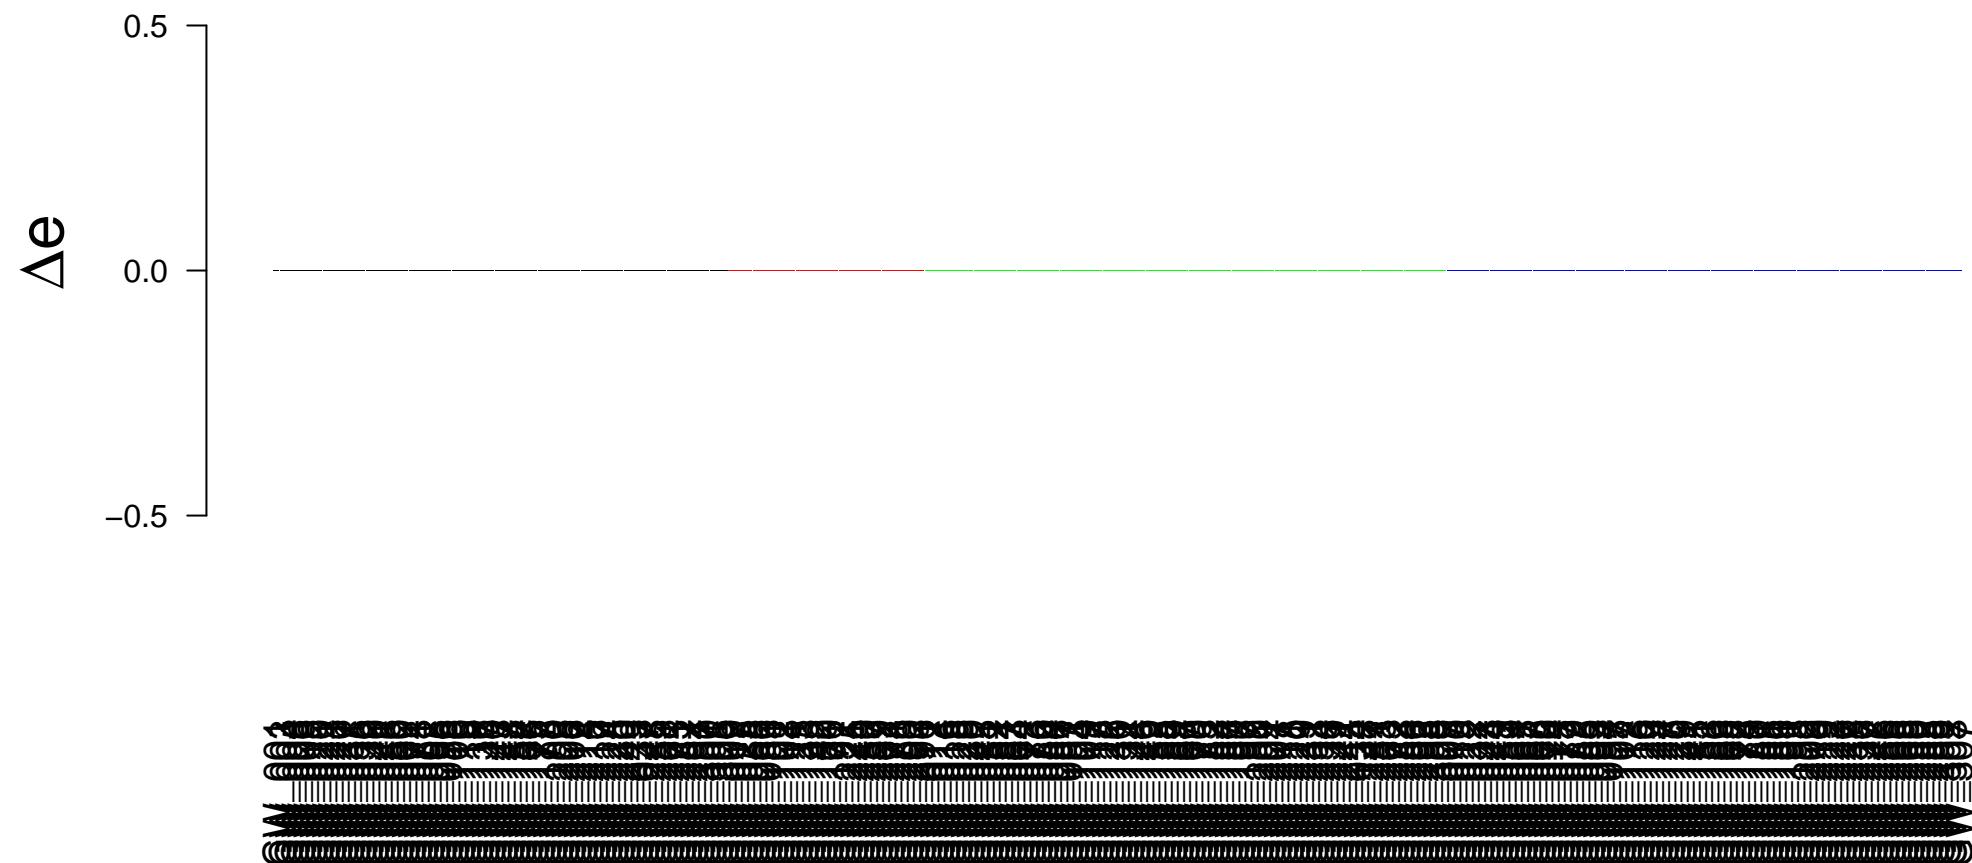

## Expression of pseudouridine synthase activity in Spot O

## Expression of pseudouridine synthase activity in Spot P

## Expression of pseudouridine synthase activity in Spot Q

## Expression of pseudouridine synthase activity in Spot R
