

receptor agonist activity

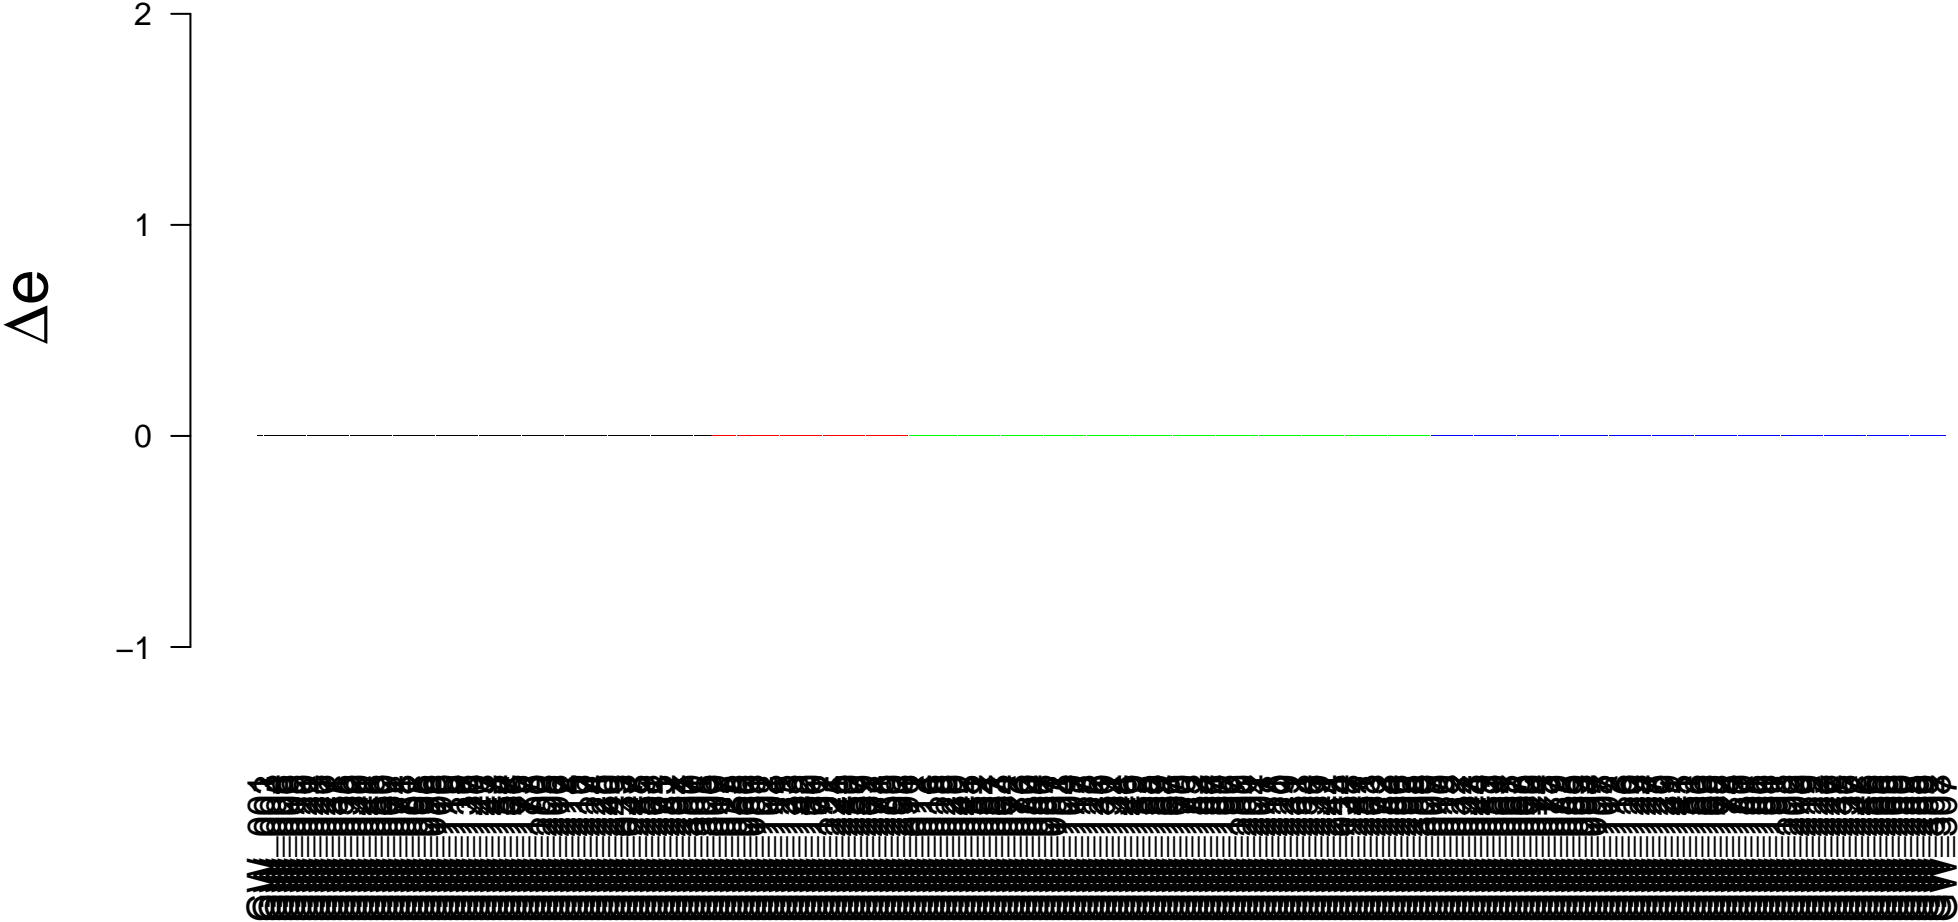

receptor agonist activity

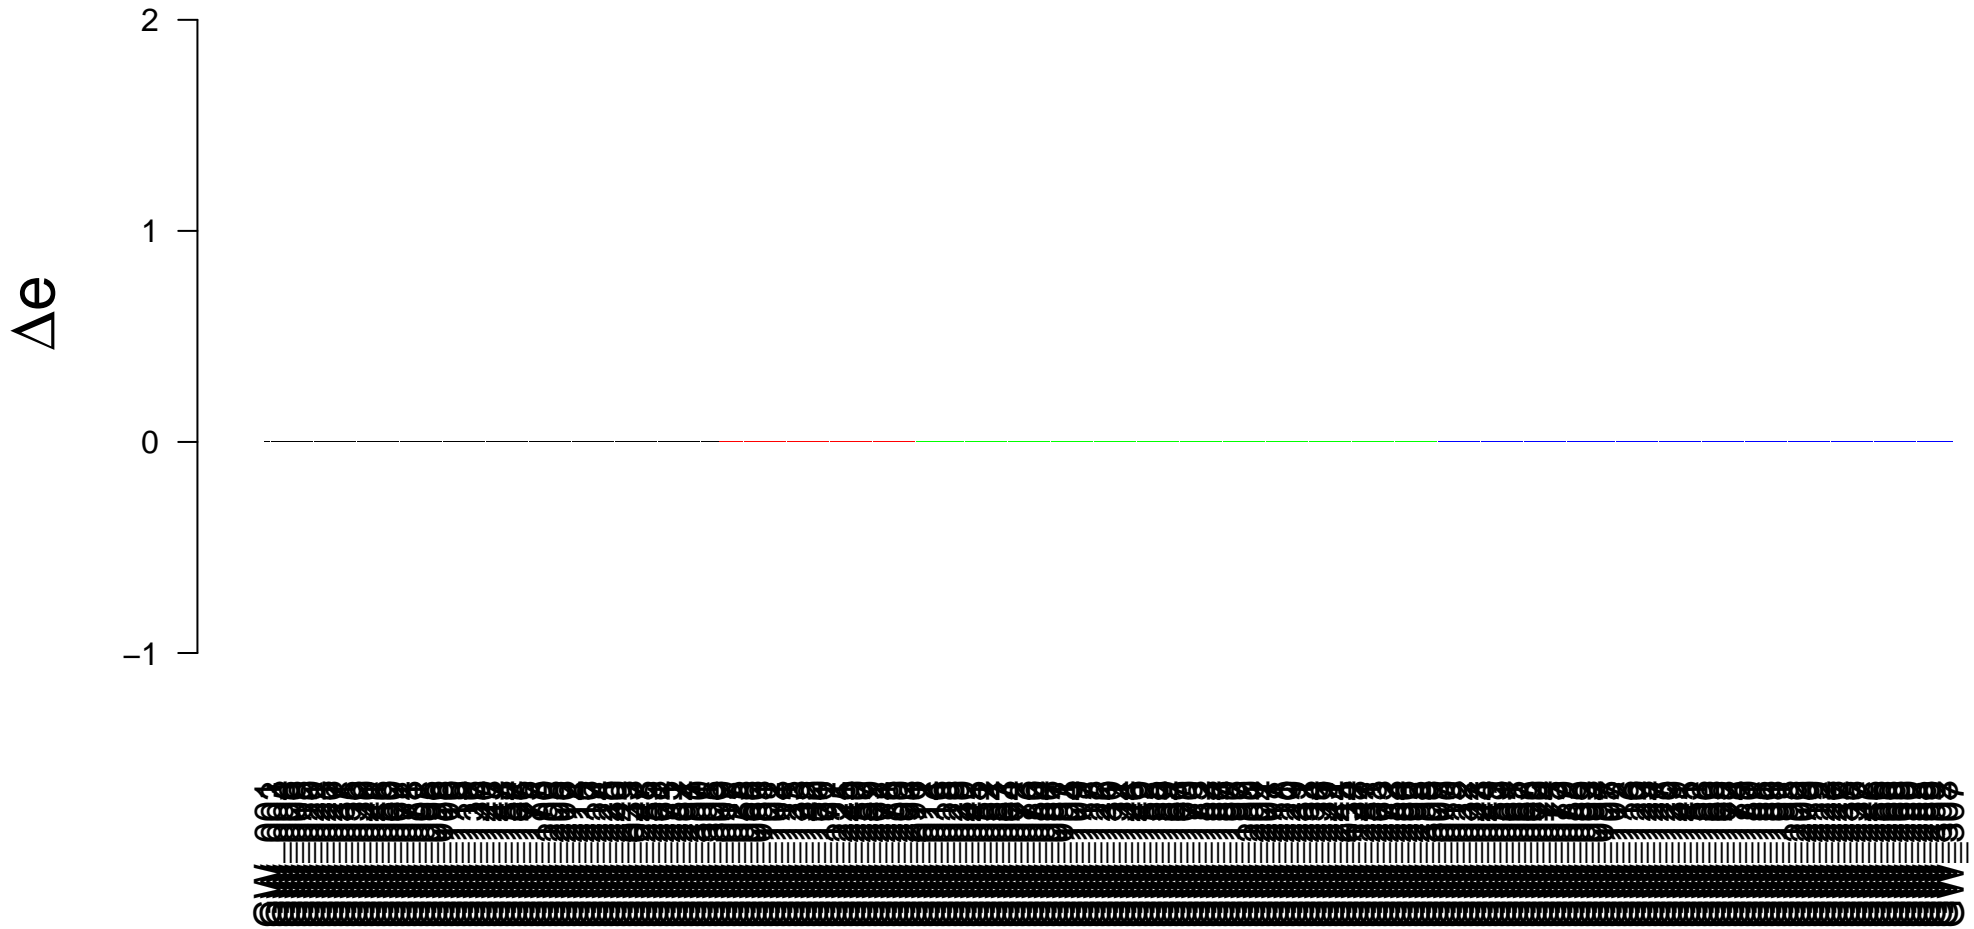

Enrichment in spots: receptor agonist activity

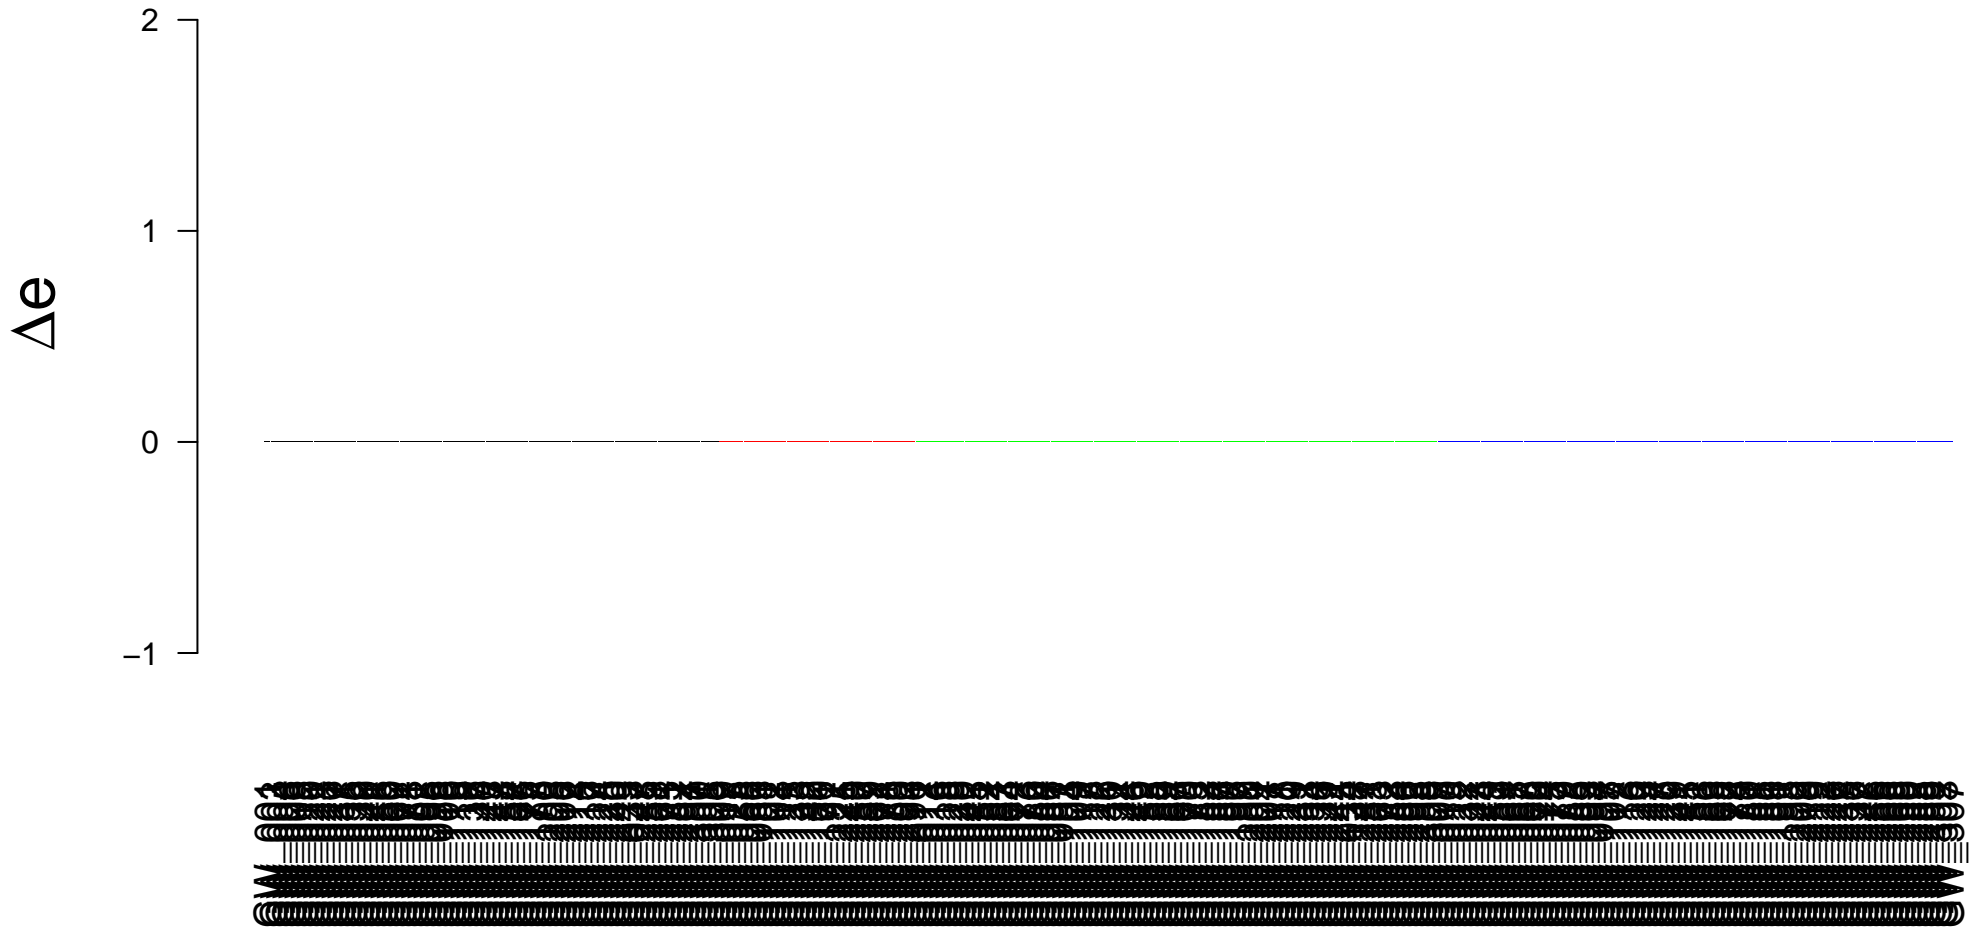

Expression of receptor agonist activity in Spot A

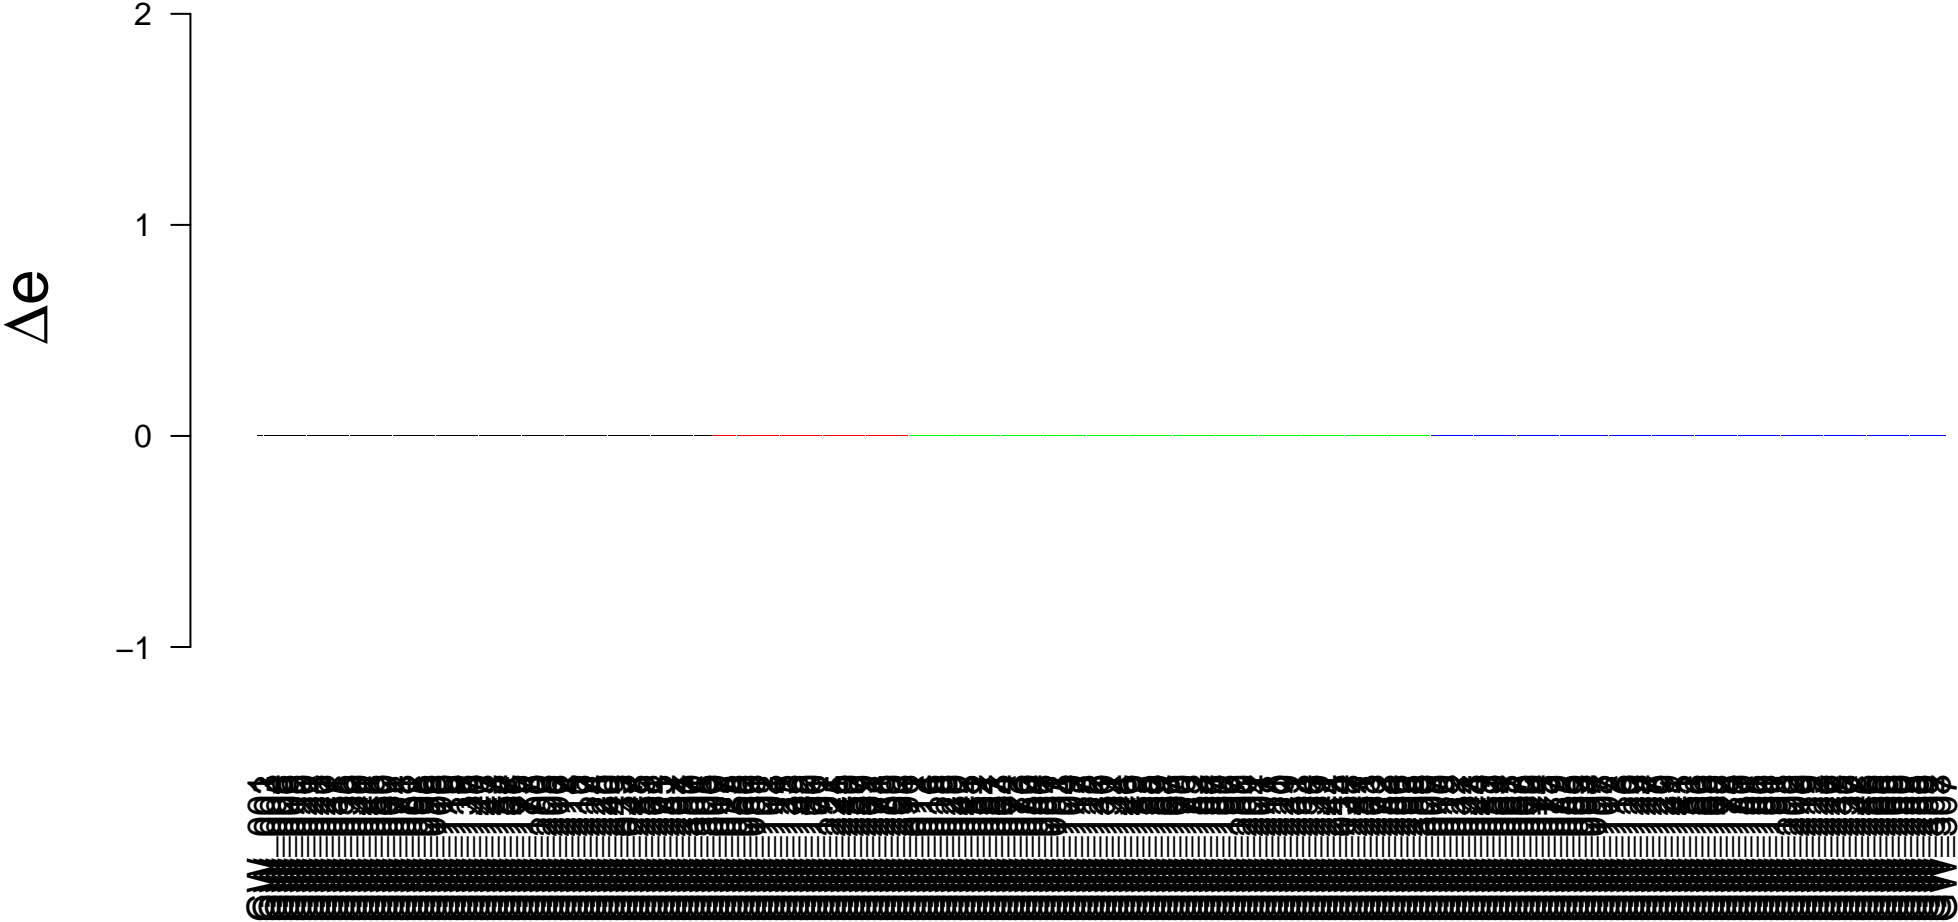

Expression of receptor agonist activity in Spot B

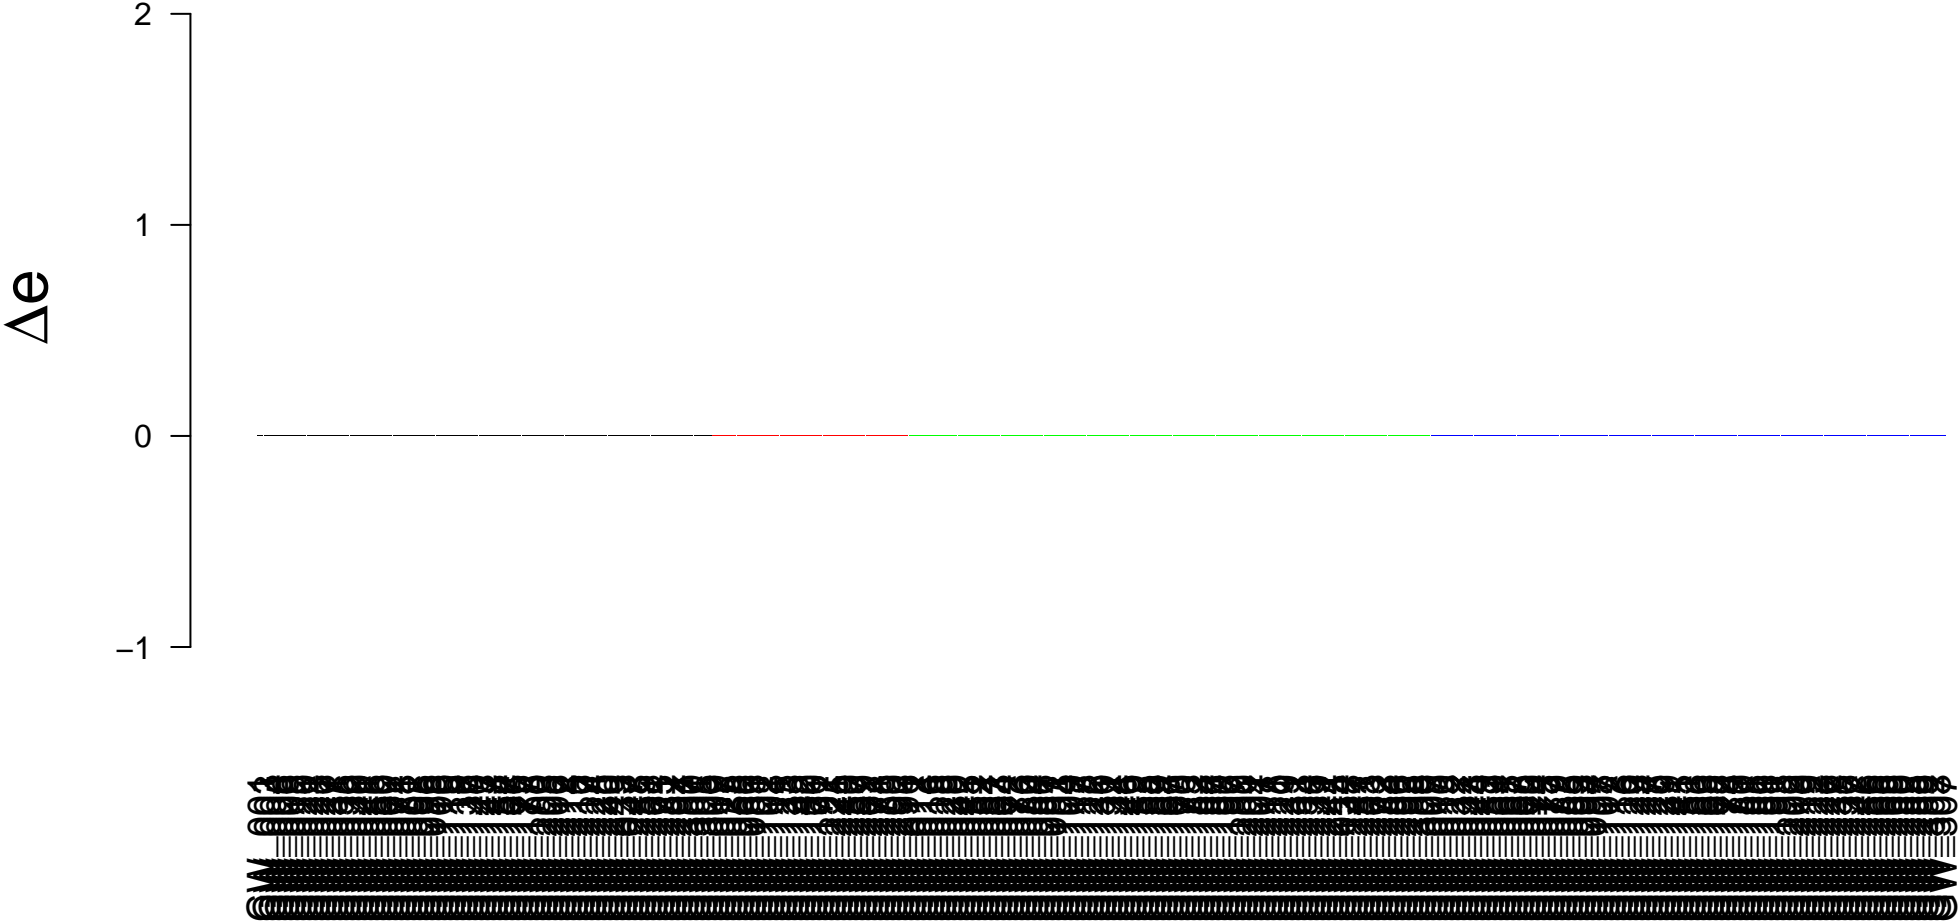

Expression of receptor agonist activity in Spot C

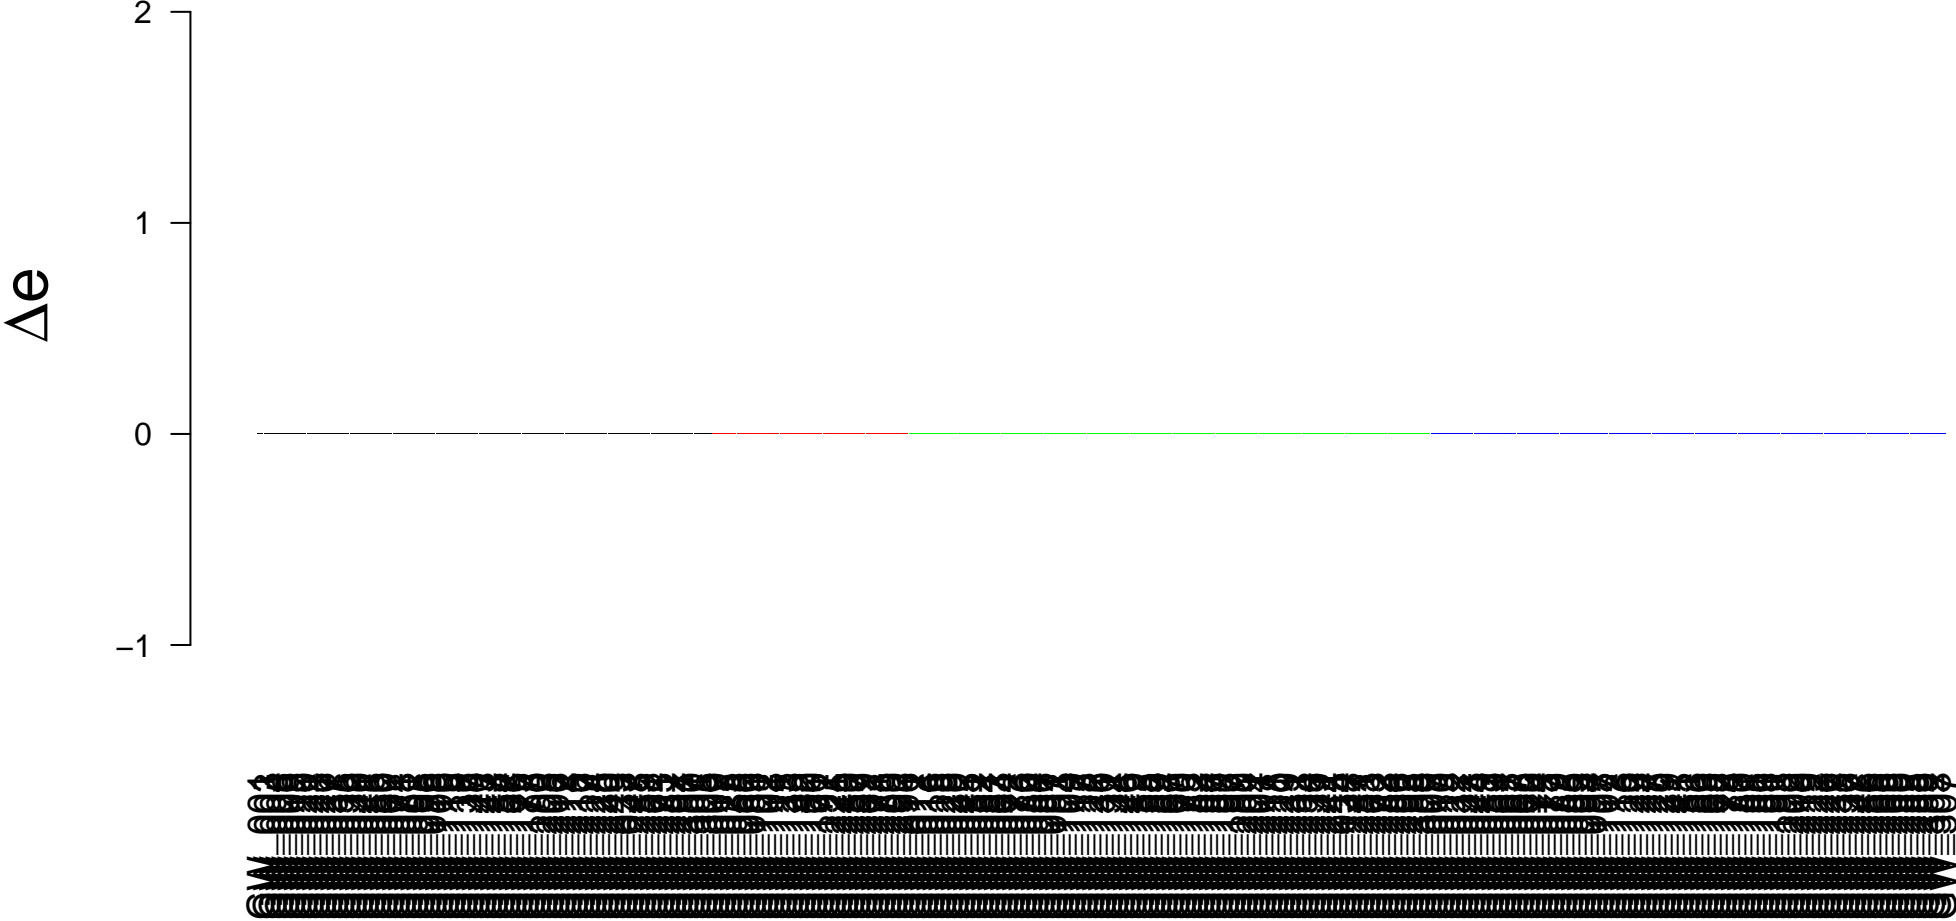

Expression of receptor agonist activity in Spot D

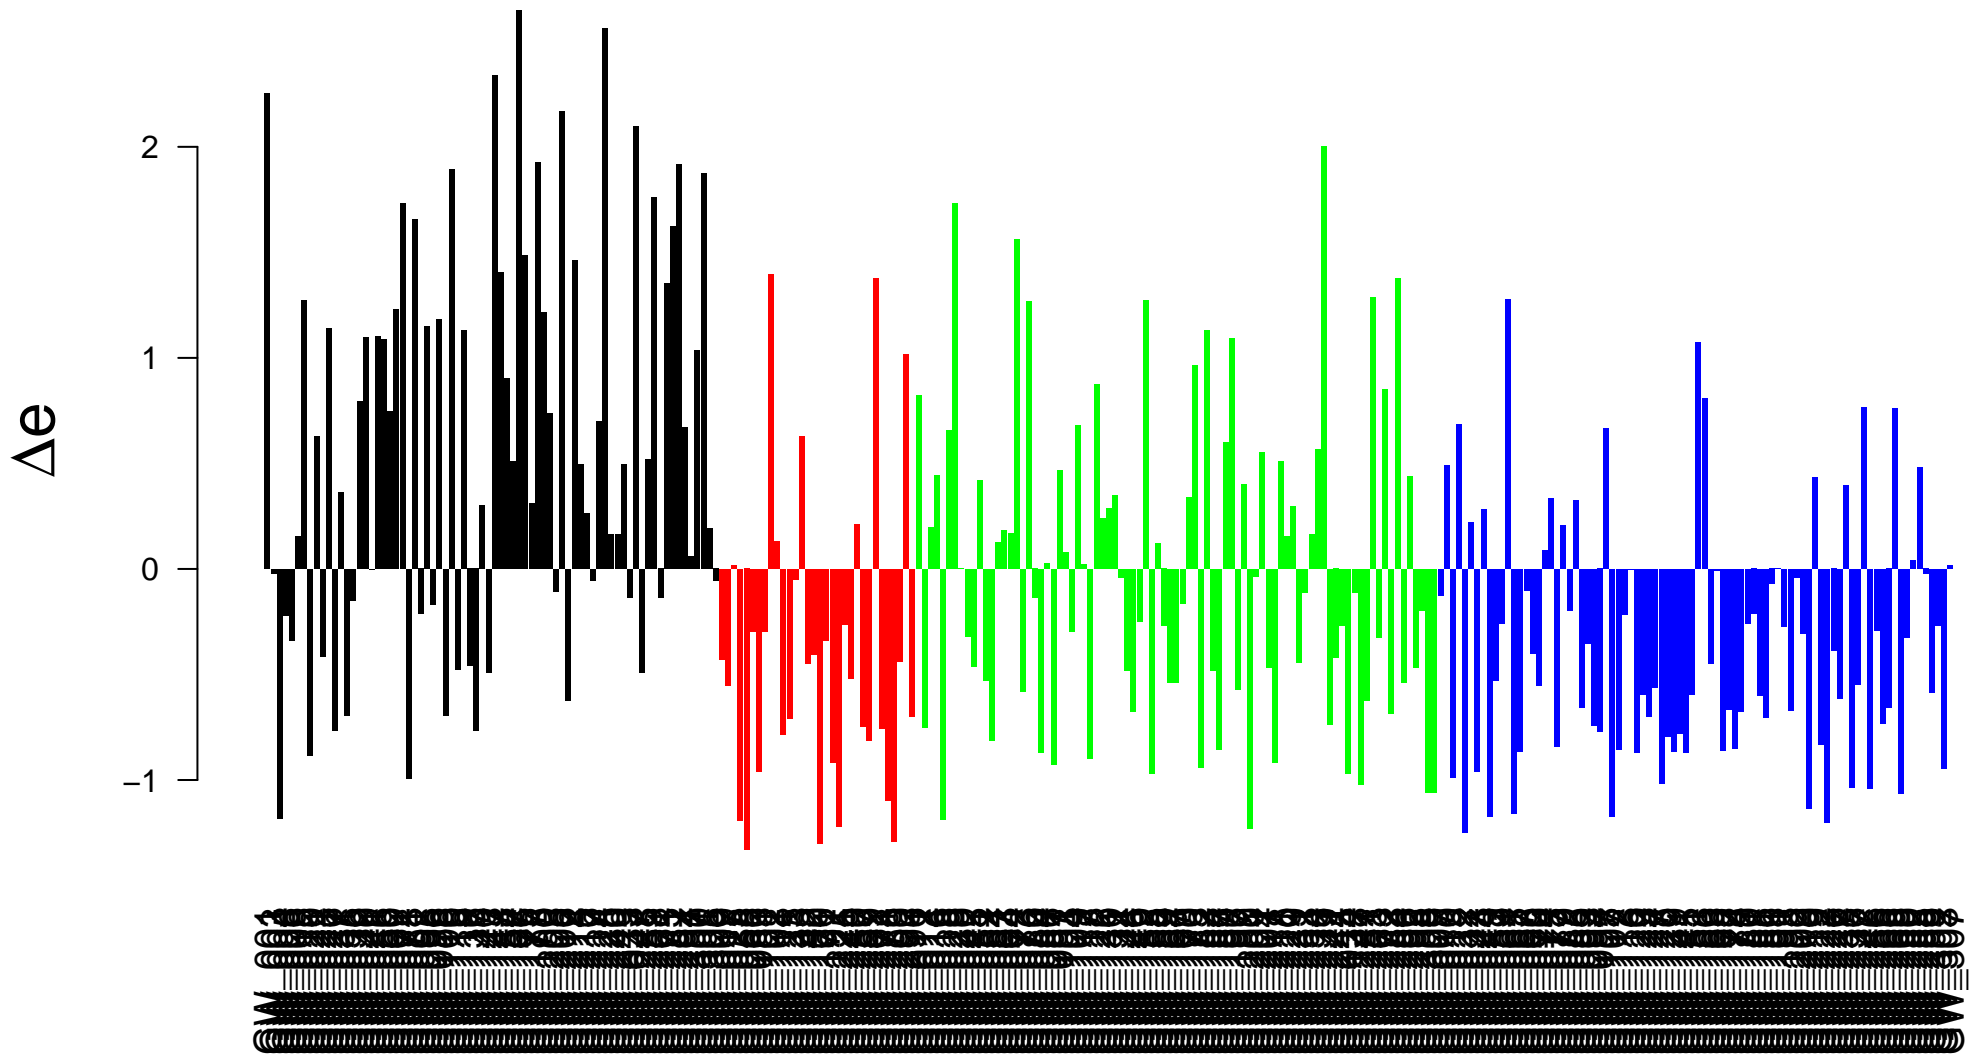

Expression of receptor agonist activity in Spot E

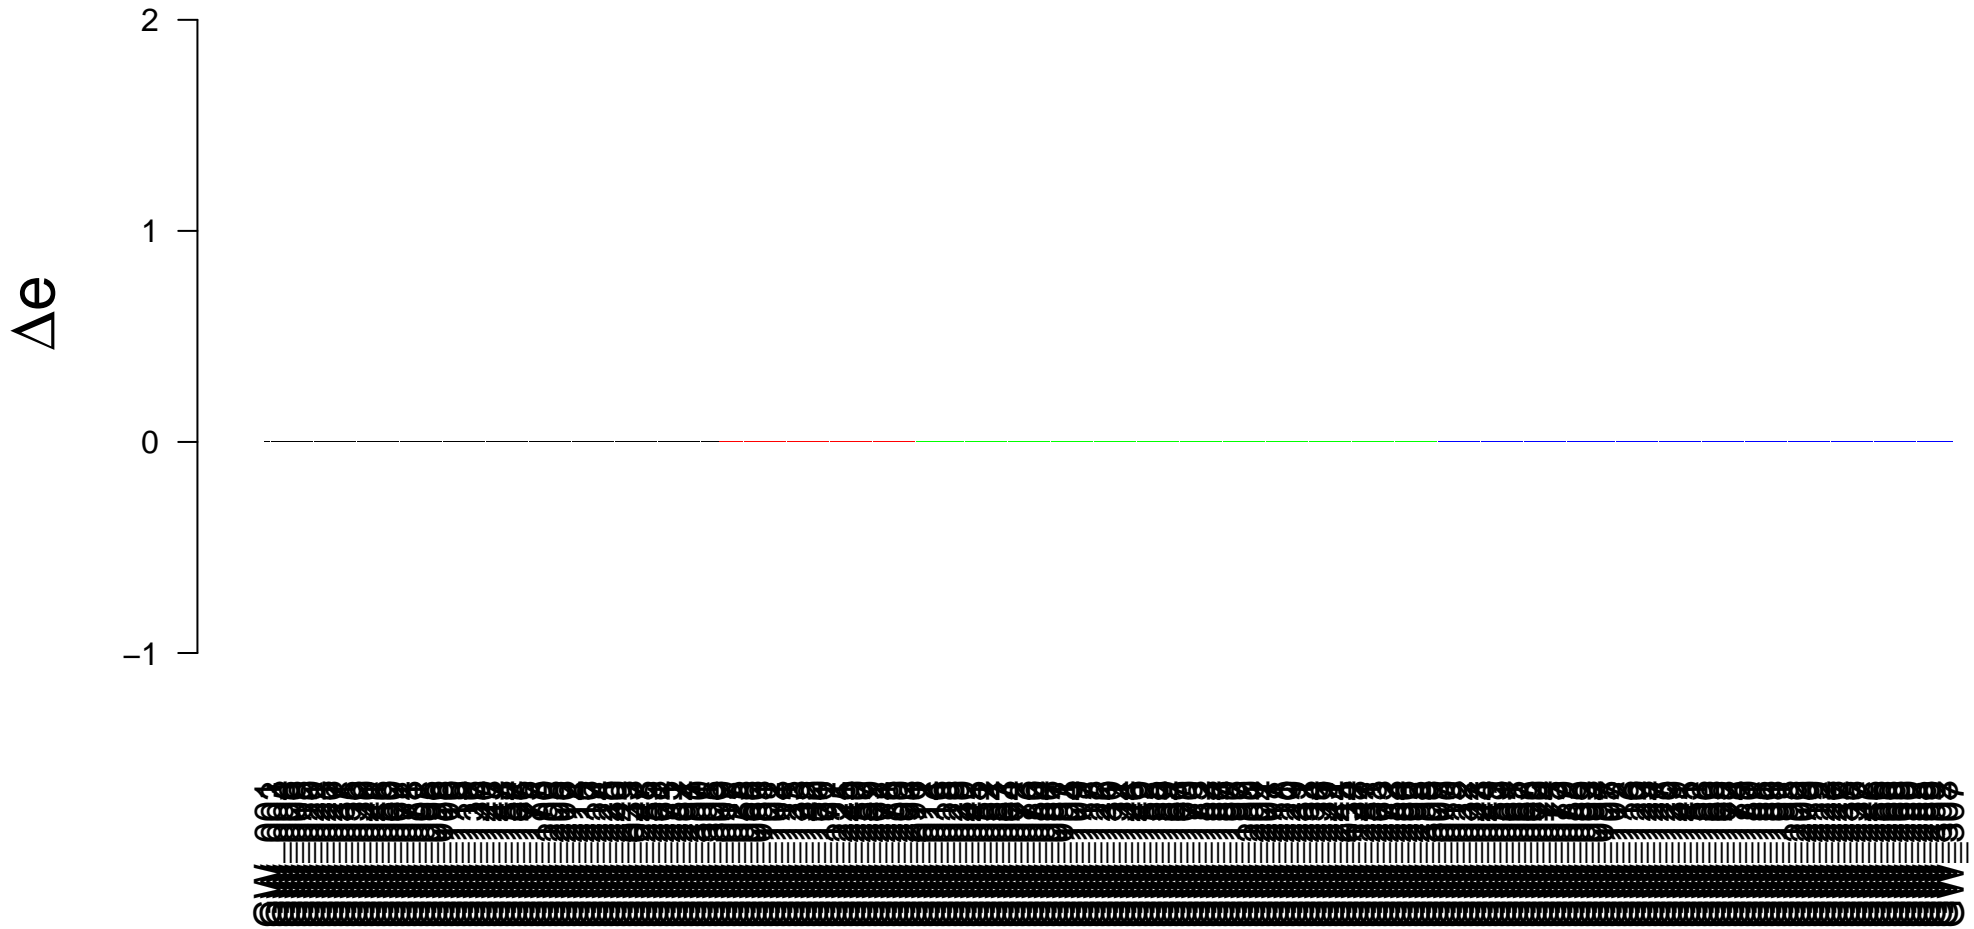

Expression of receptor agonist activity in Spot F

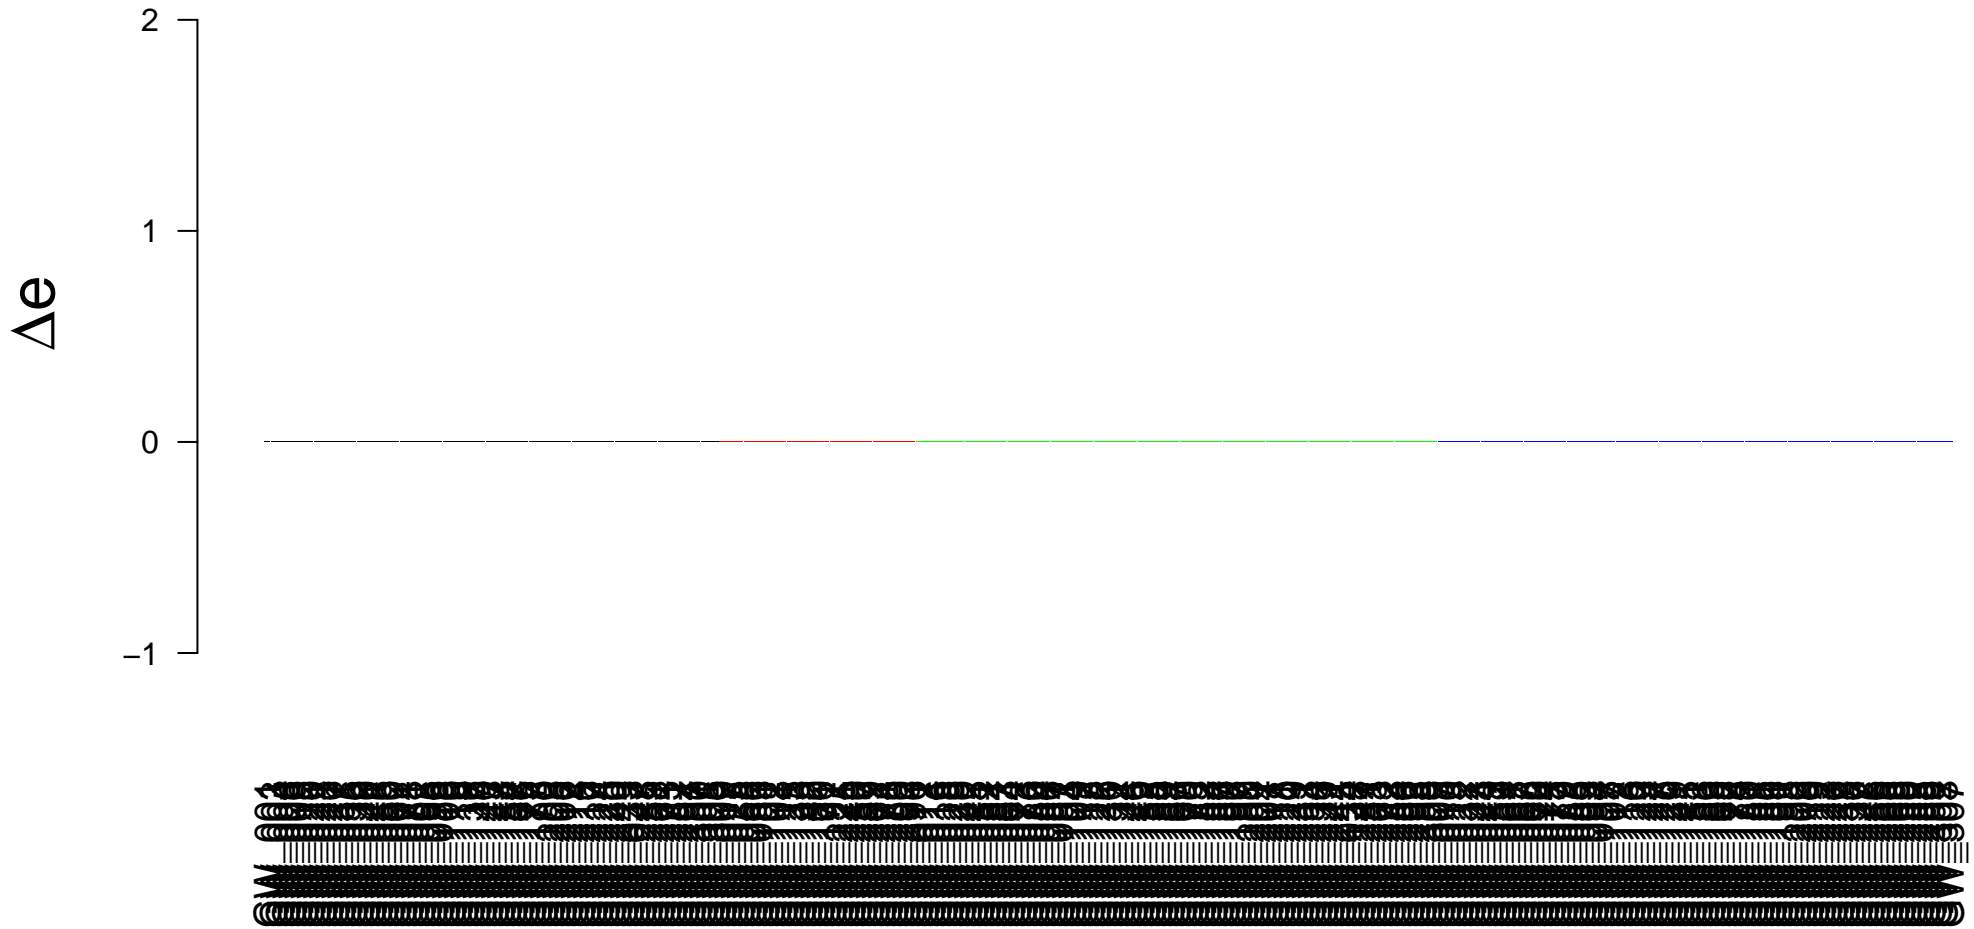

Expression of receptor agonist activity in Spot G

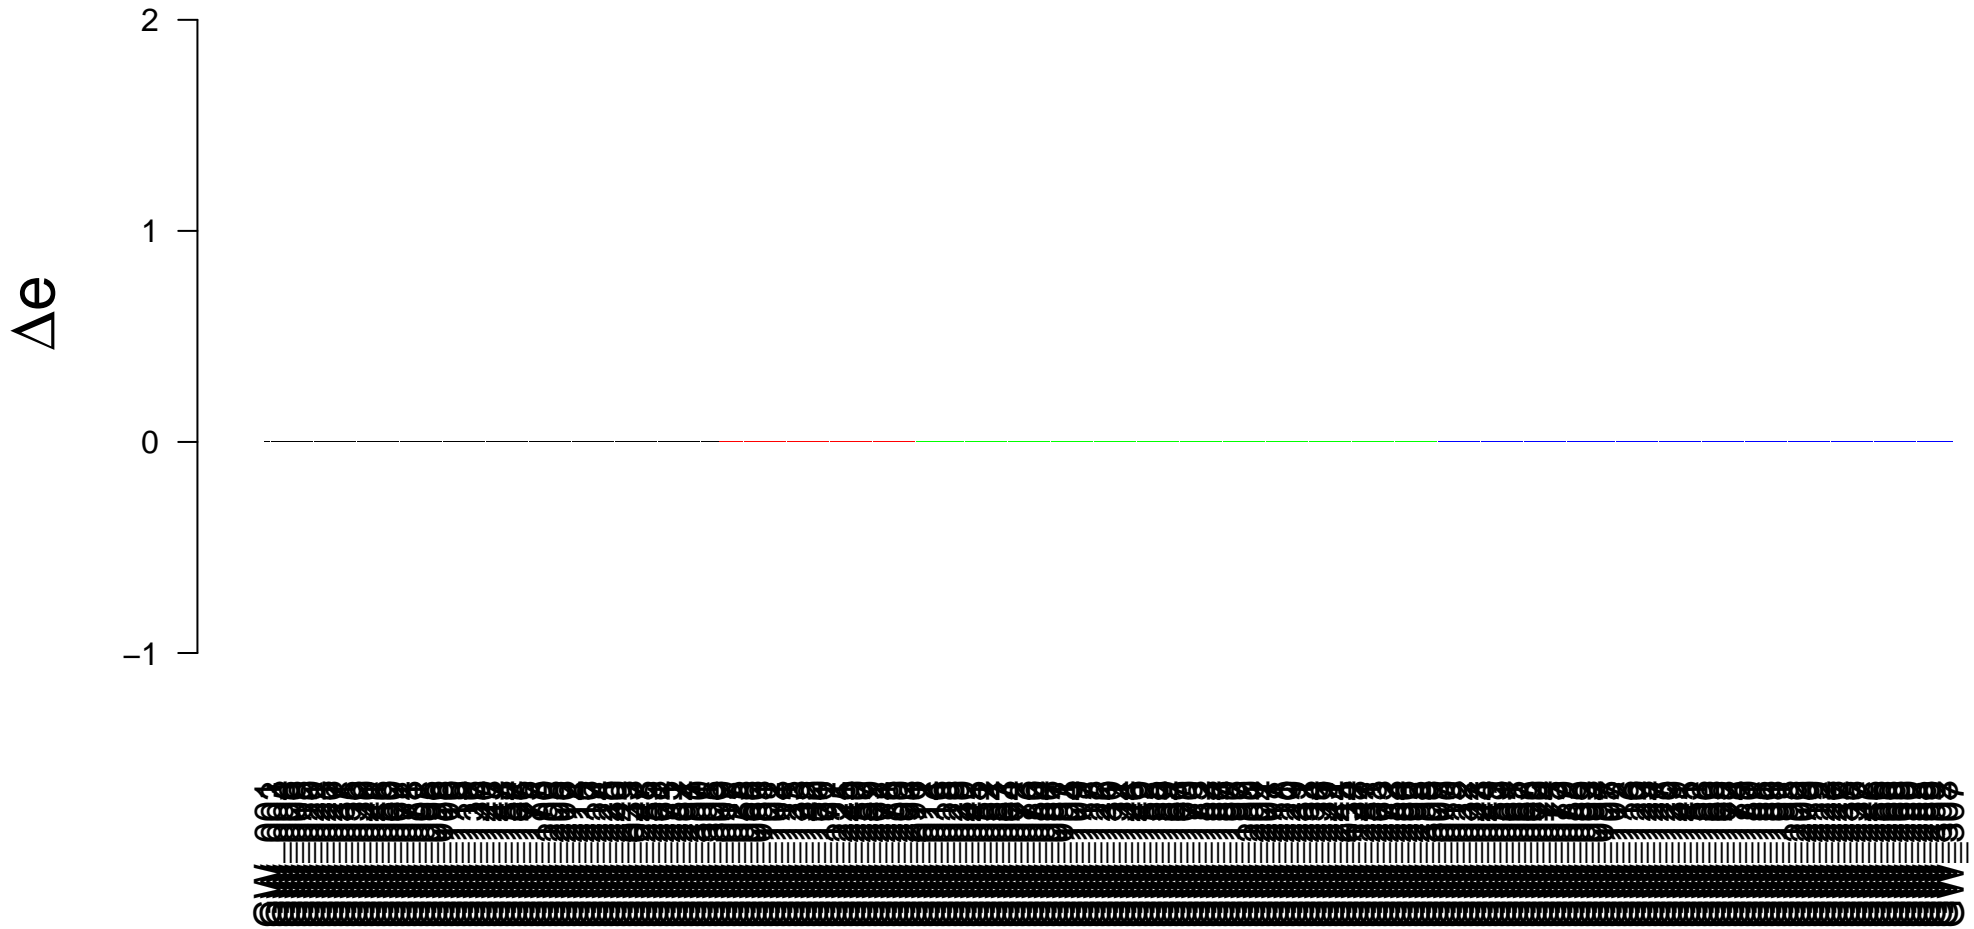

Expression of receptor agonist activity in Spot H

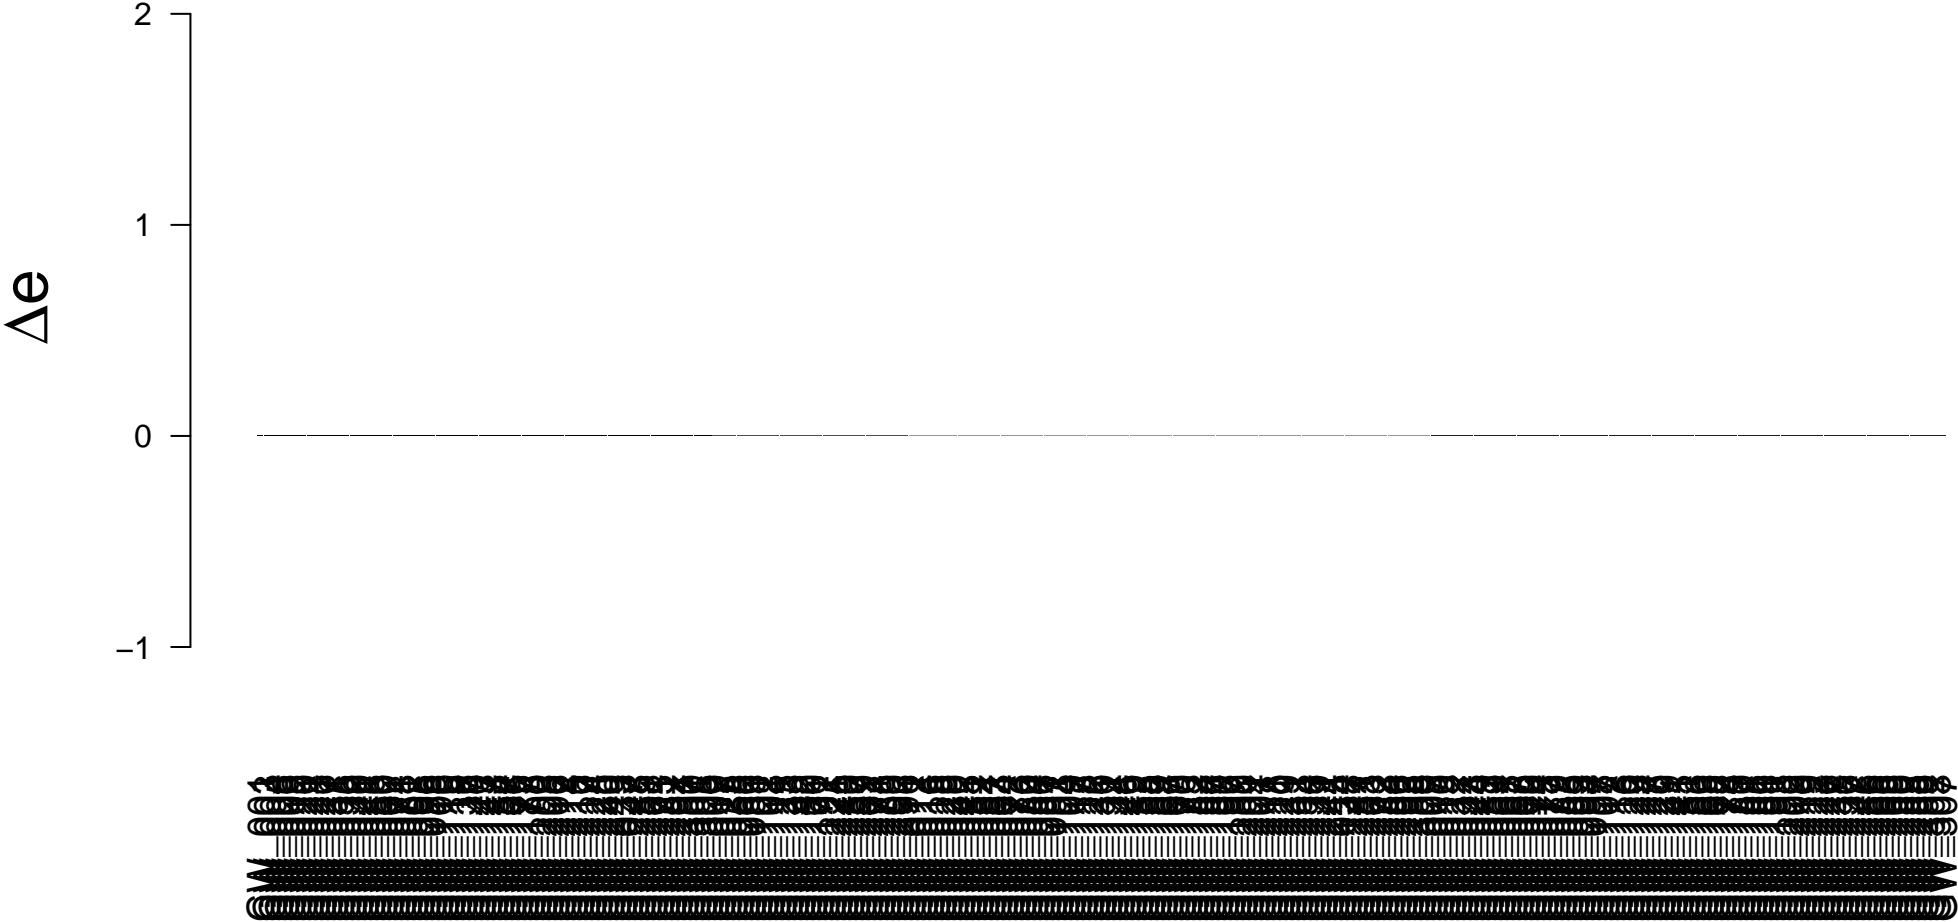

Expression of receptor agonist activity in Spot I

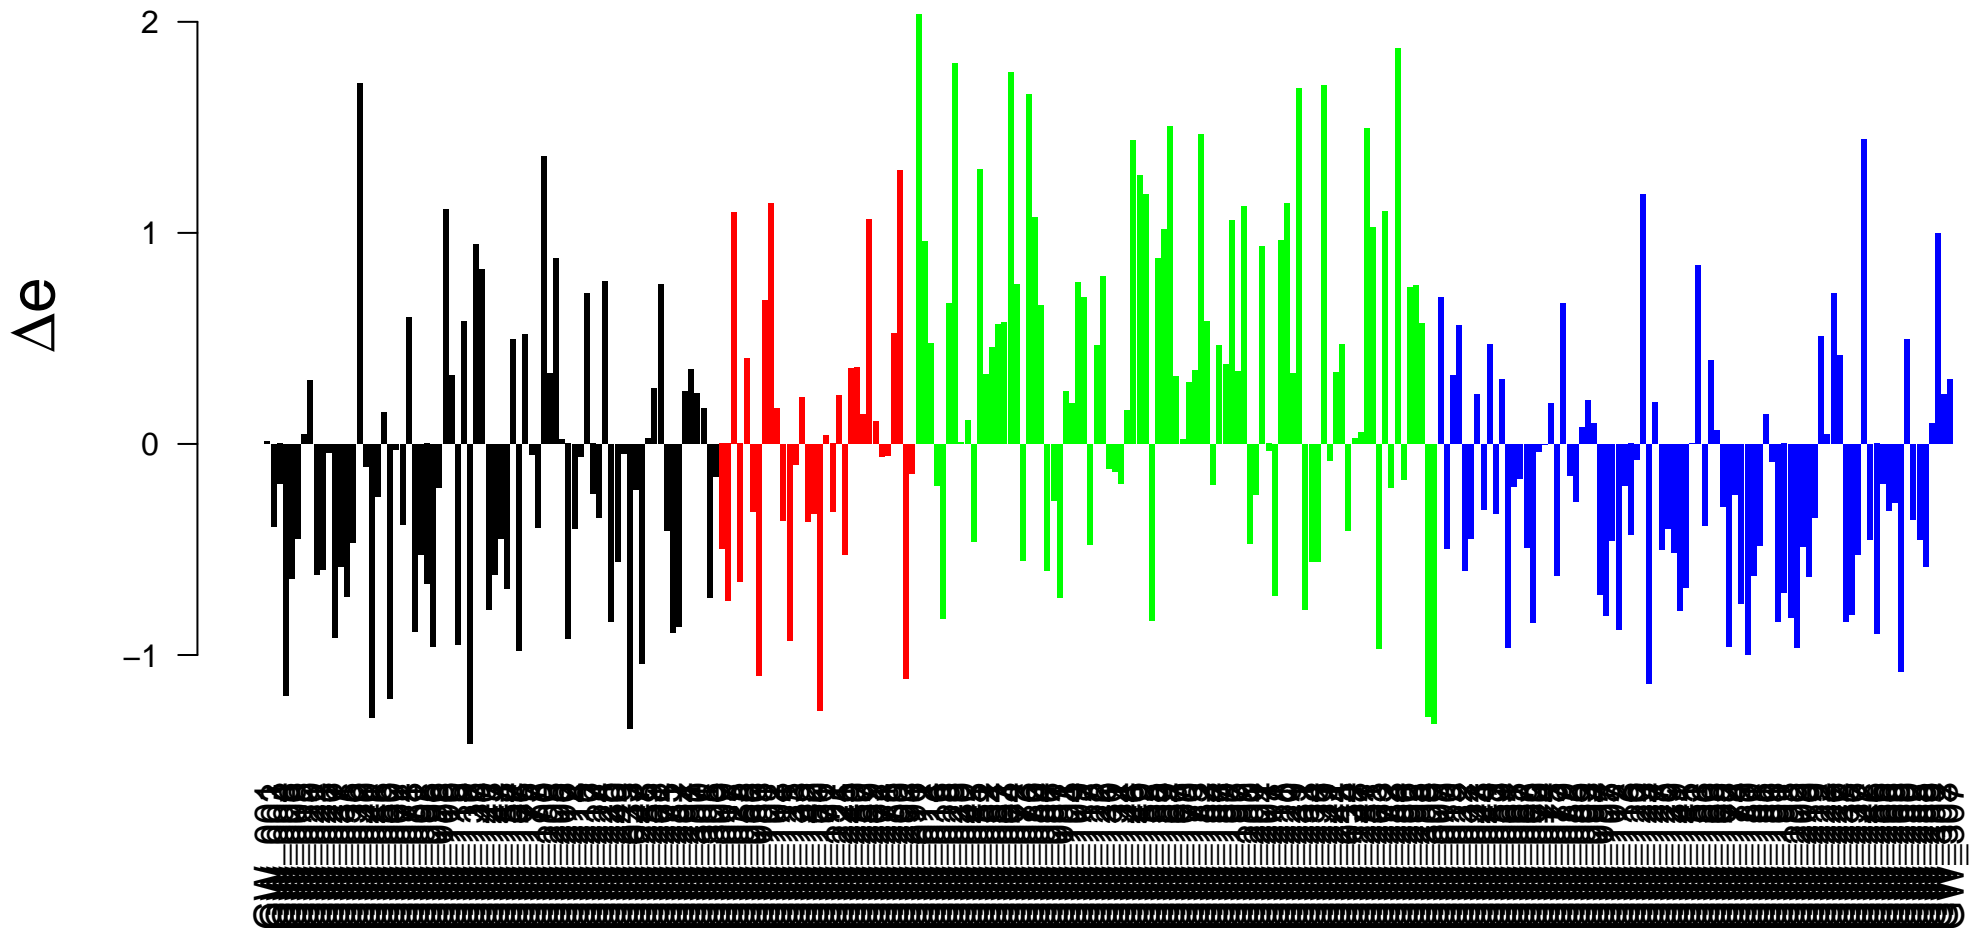

Expression of receptor agonist activity in Spot J

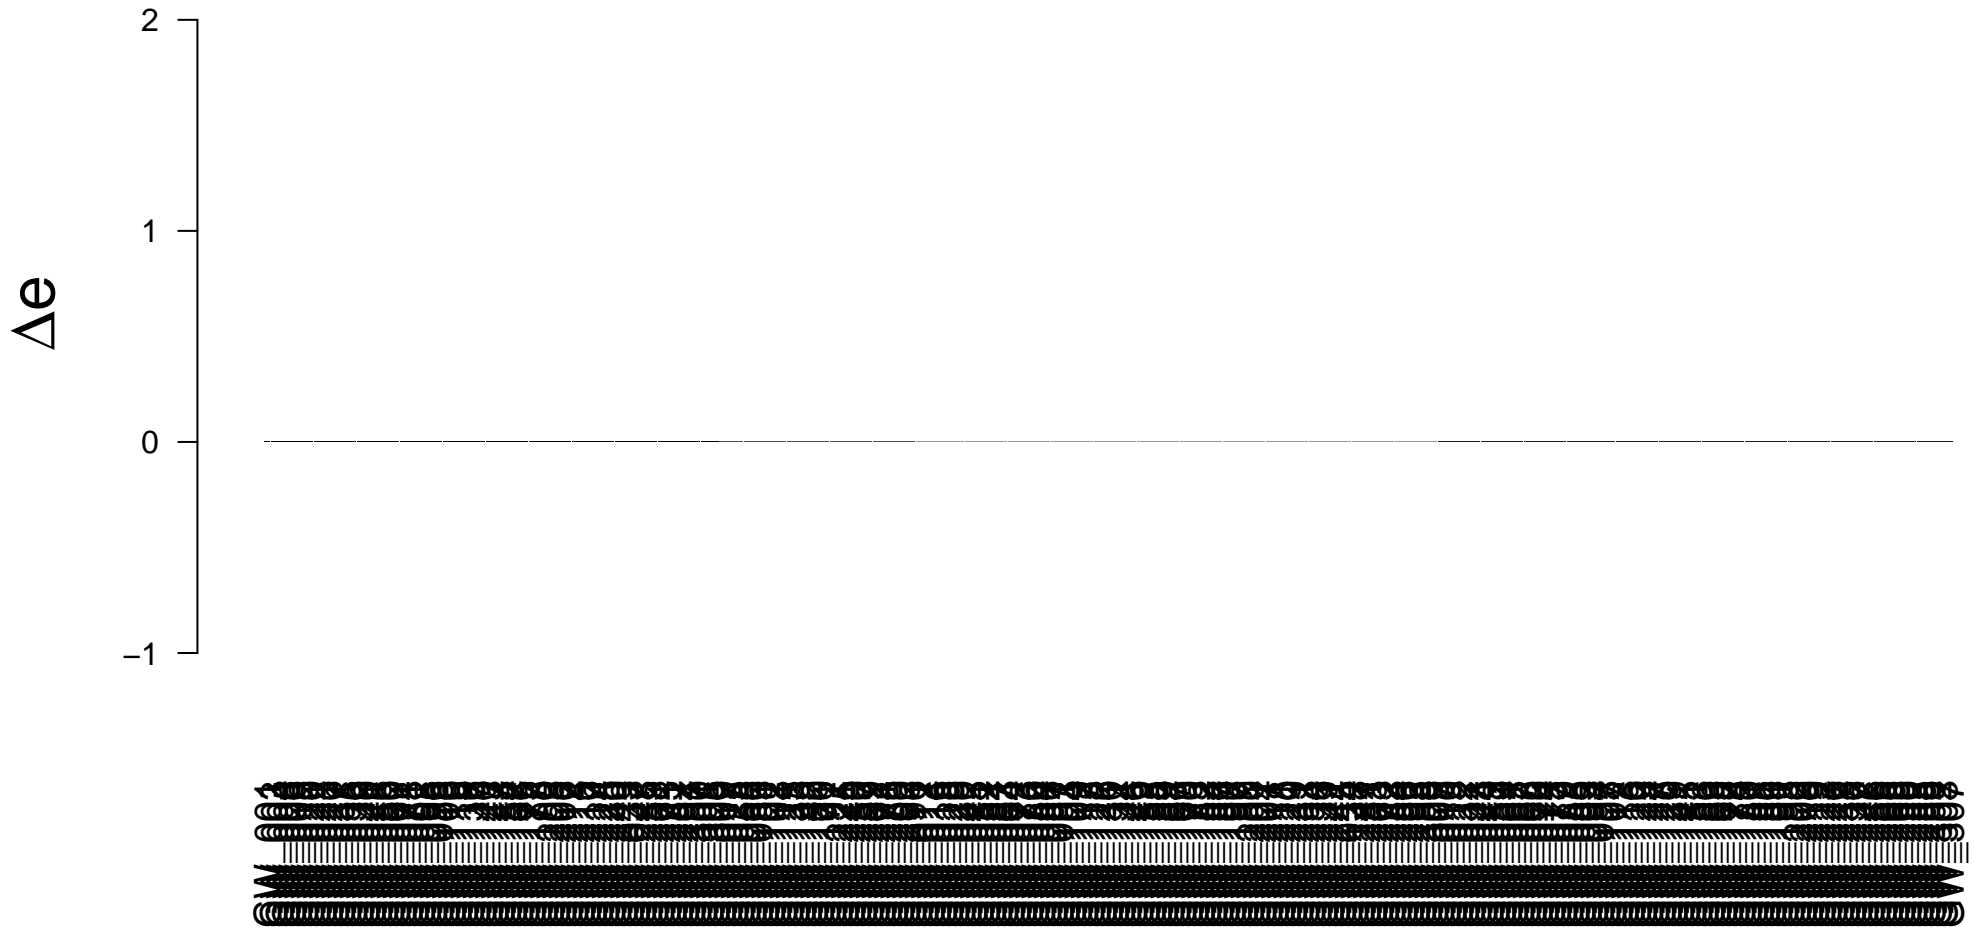

Expression of receptor agonist activity in Spot K

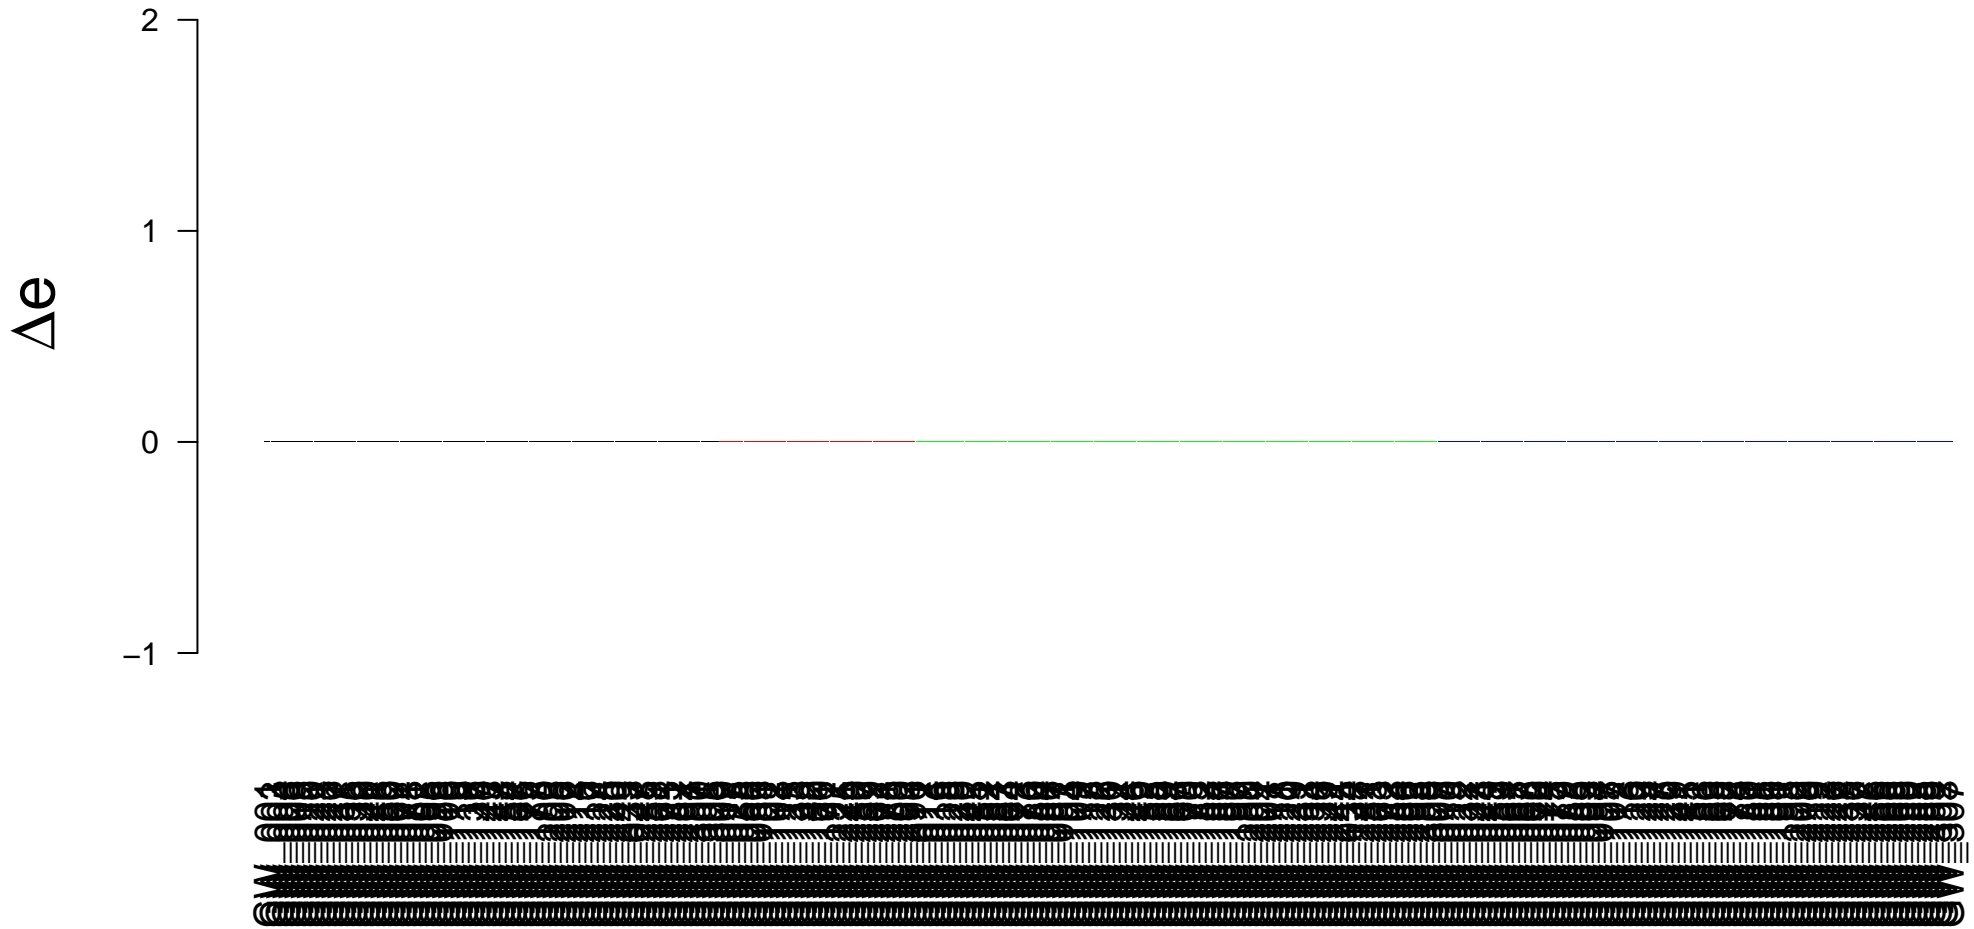

Expression of receptor agonist activity in Spot L

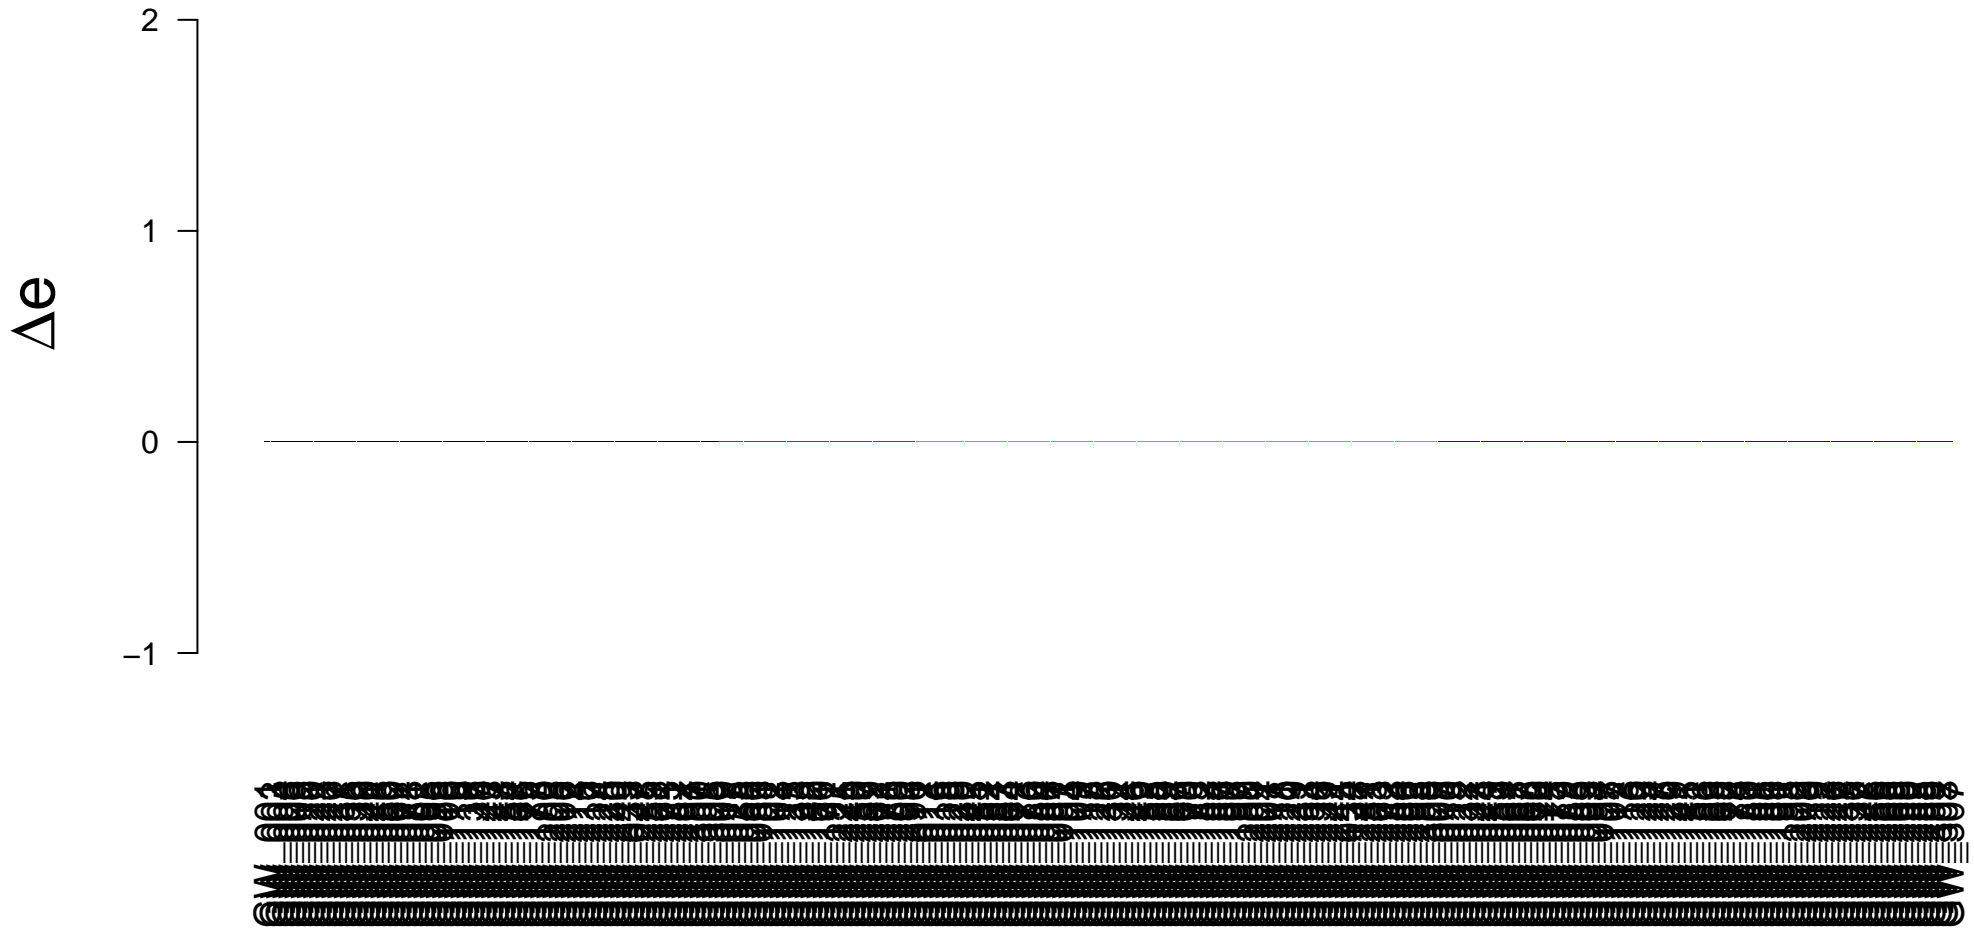

Expression of receptor agonist activity in Spot M

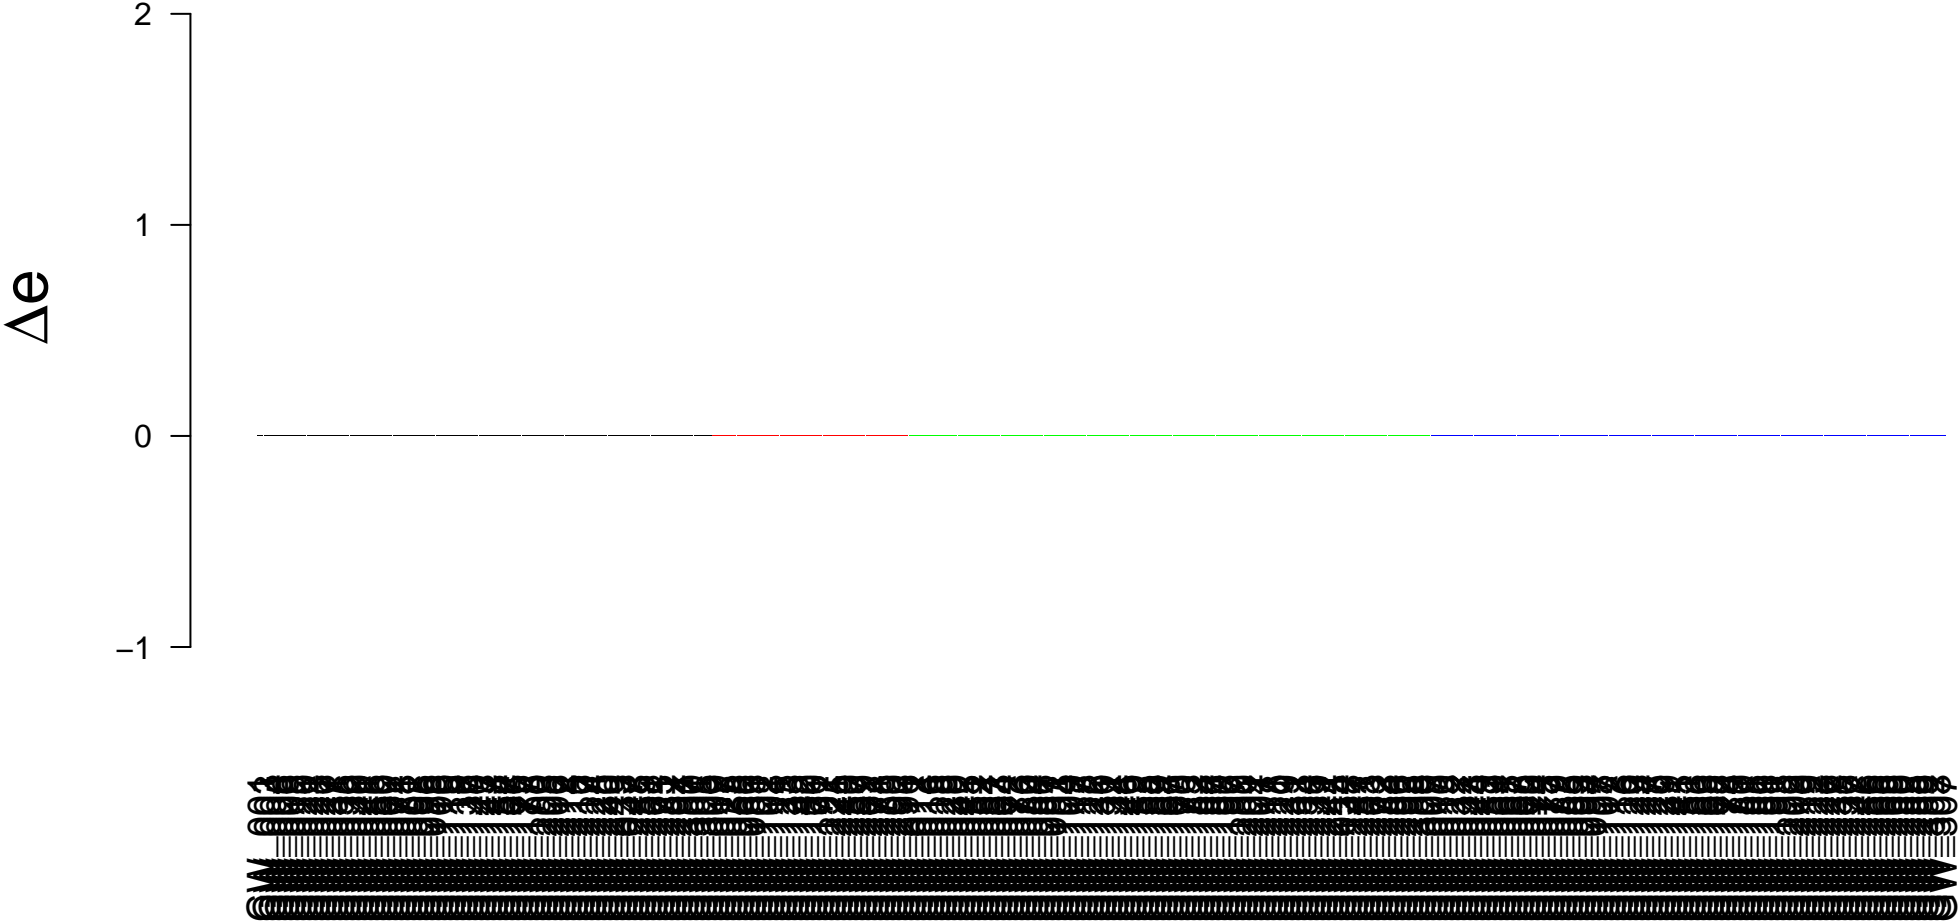

Expression of receptor agonist activity in Spot N

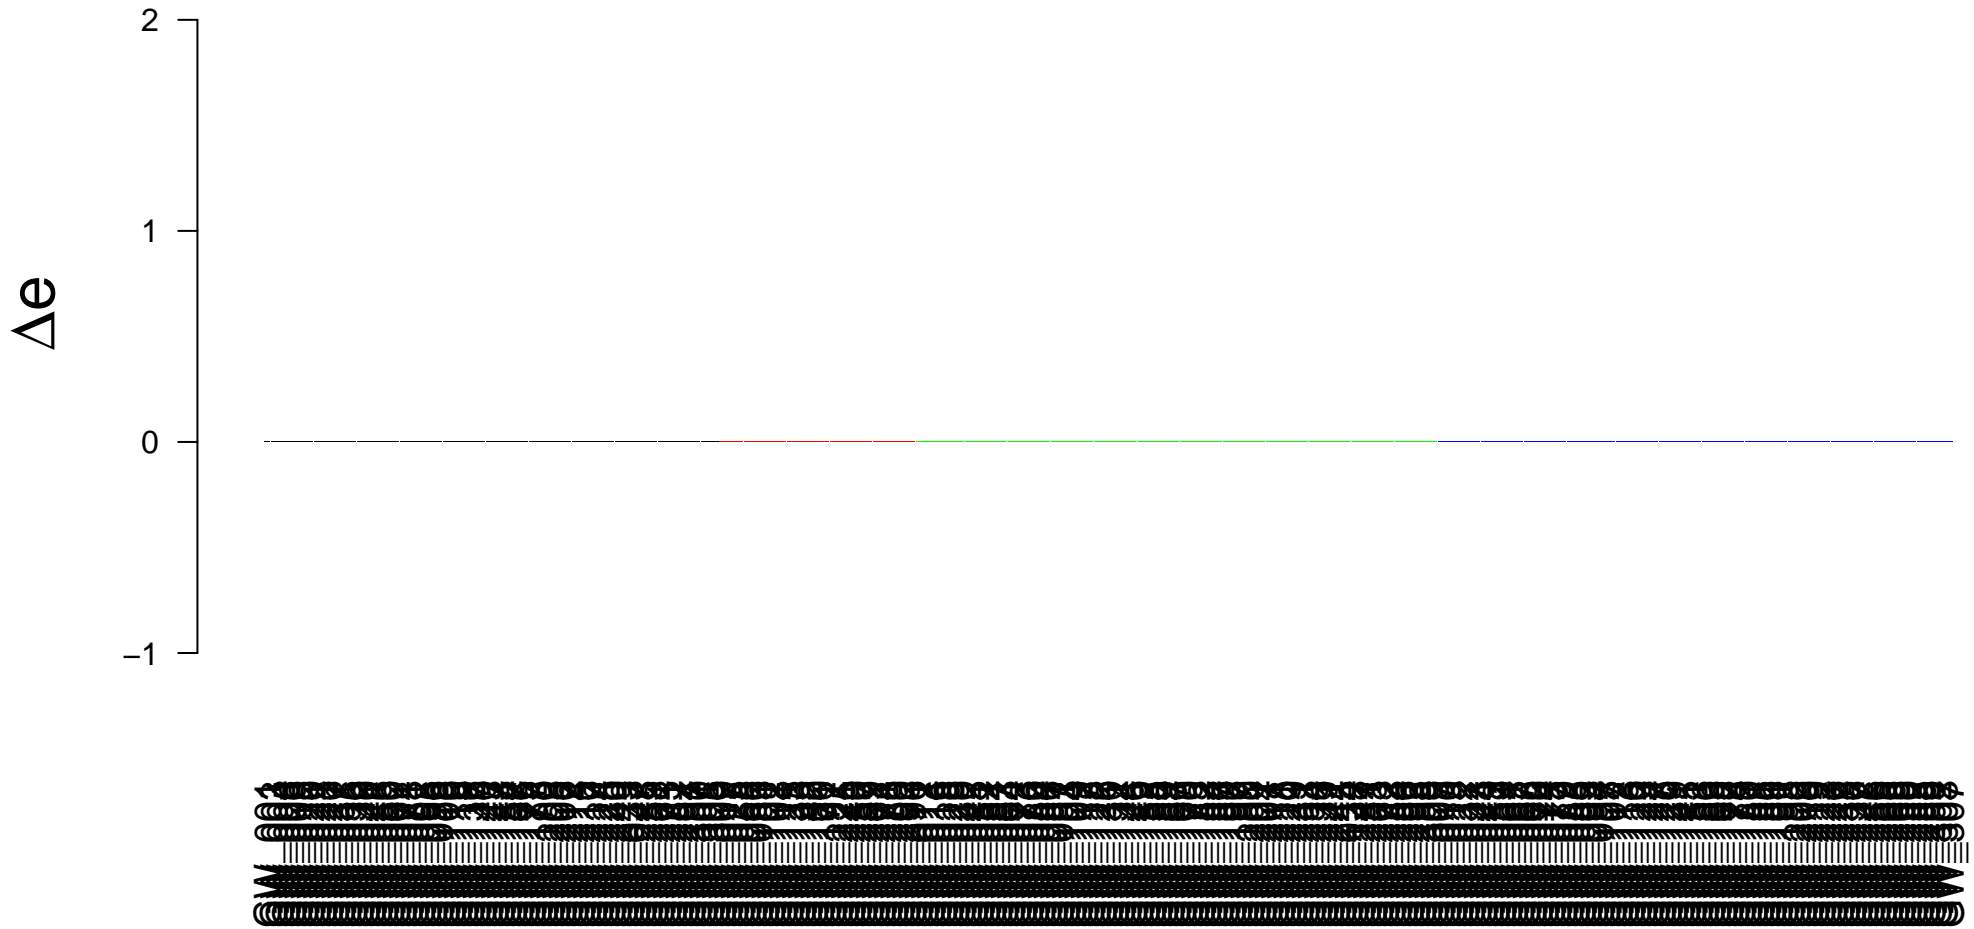

Expression of receptor agonist activity in Spot O

Expression of receptor agonist activity in Spot P

Expression of receptor agonist activity in Spot Q

Expression of receptor agonist activity in Spot R
