

receptor signaling protein activity

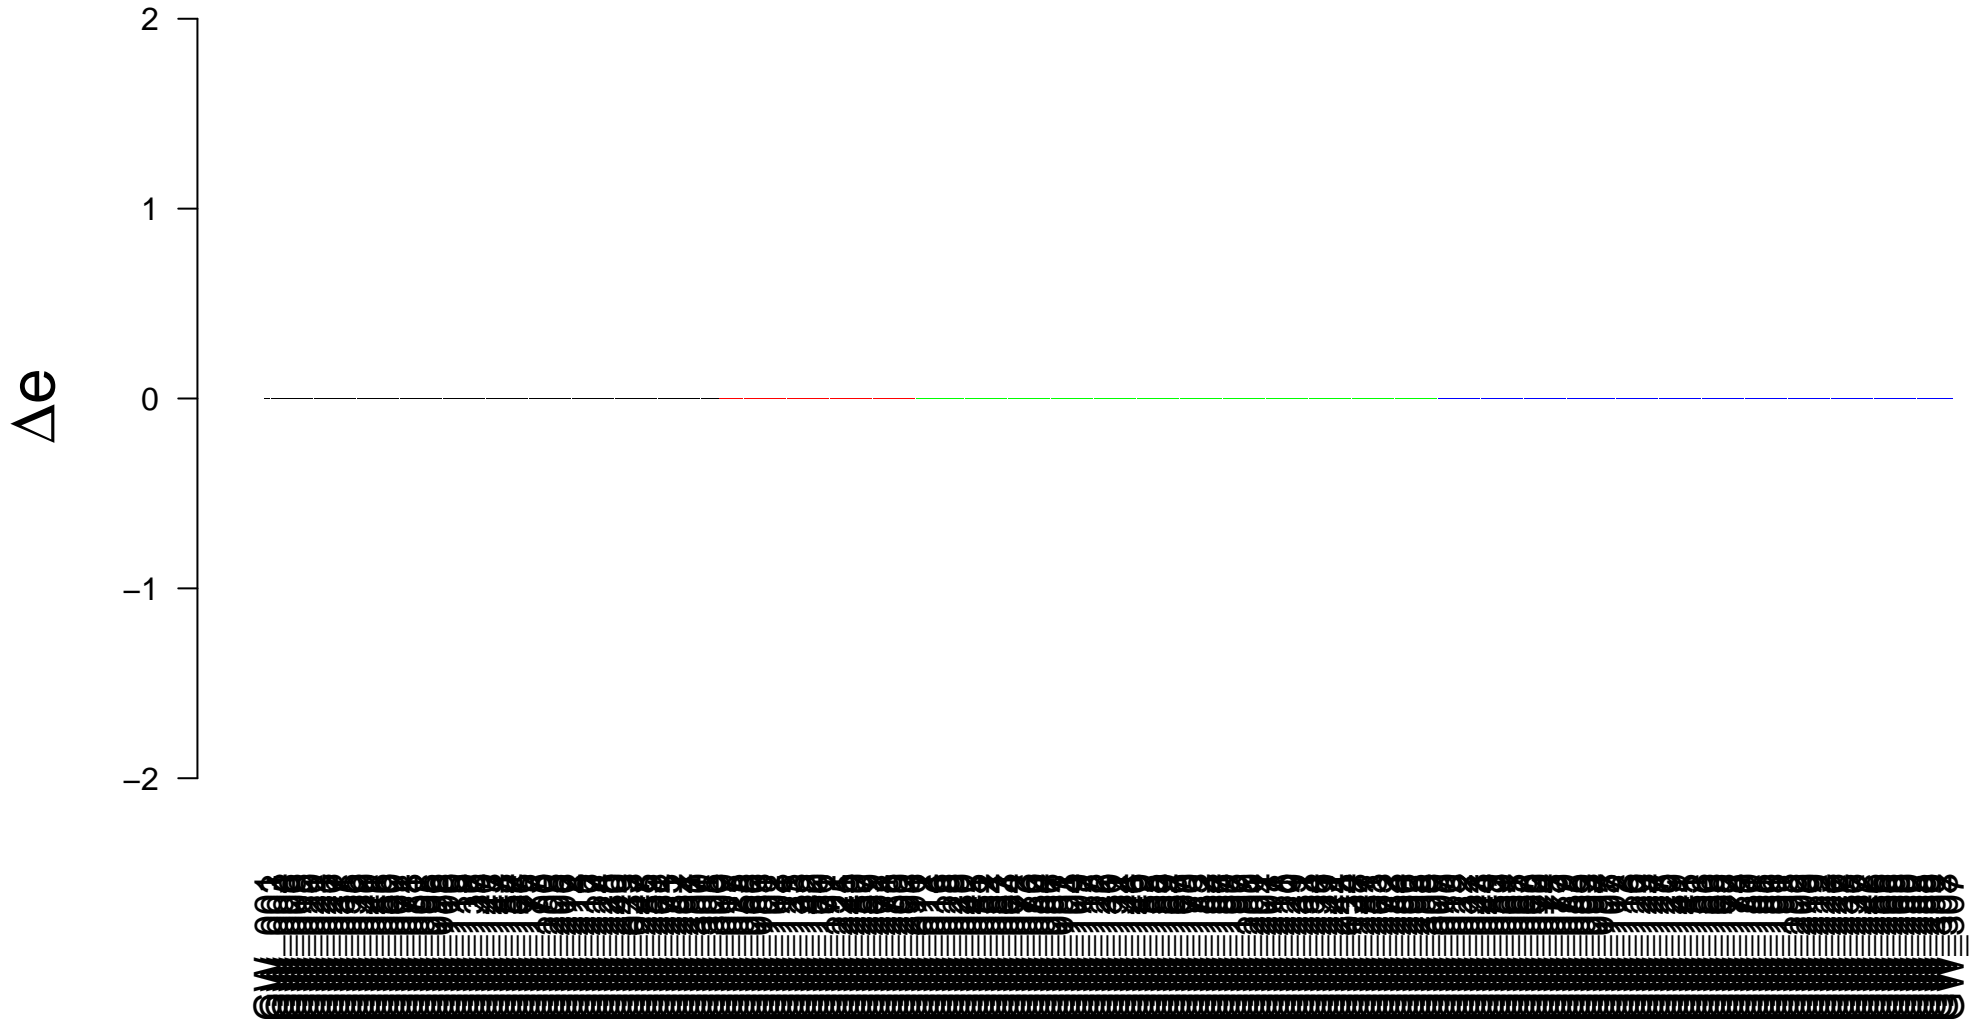

receptor signaling protein activity

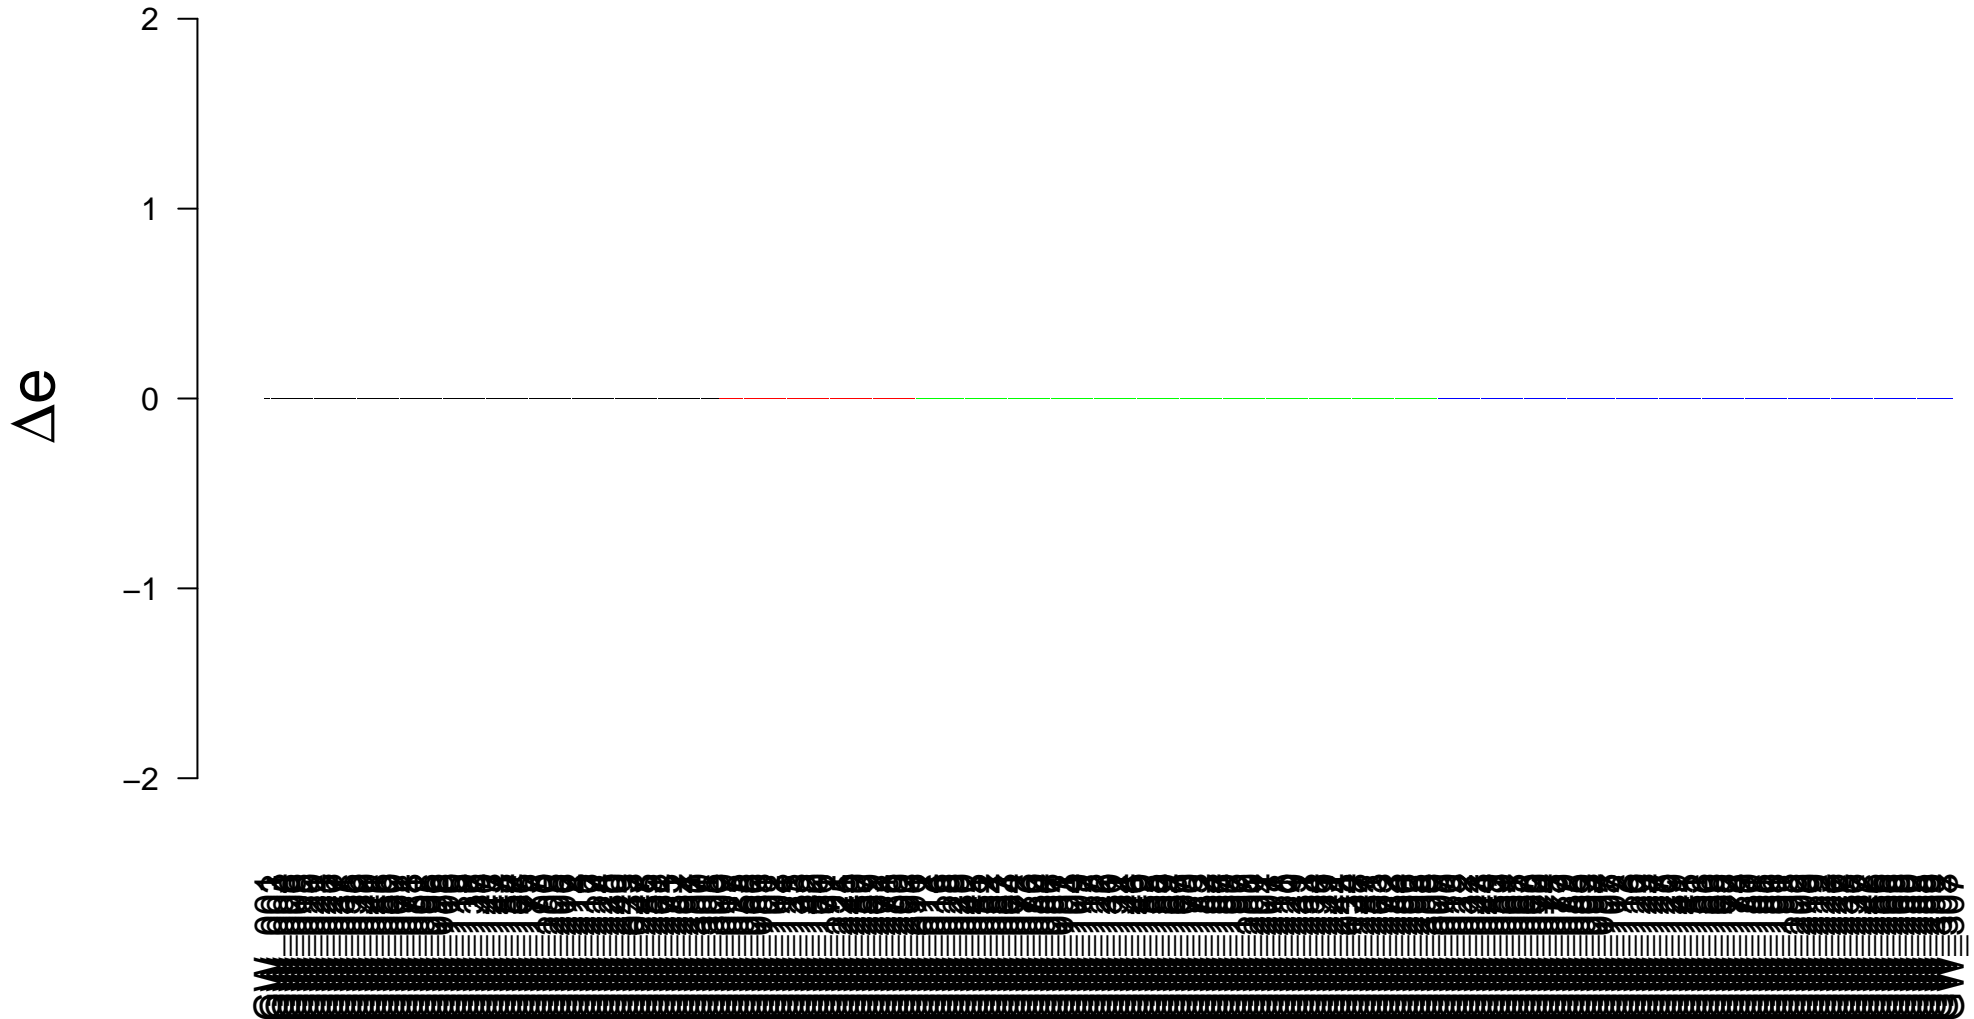

Enrichment in spots: receptor signaling protein activity

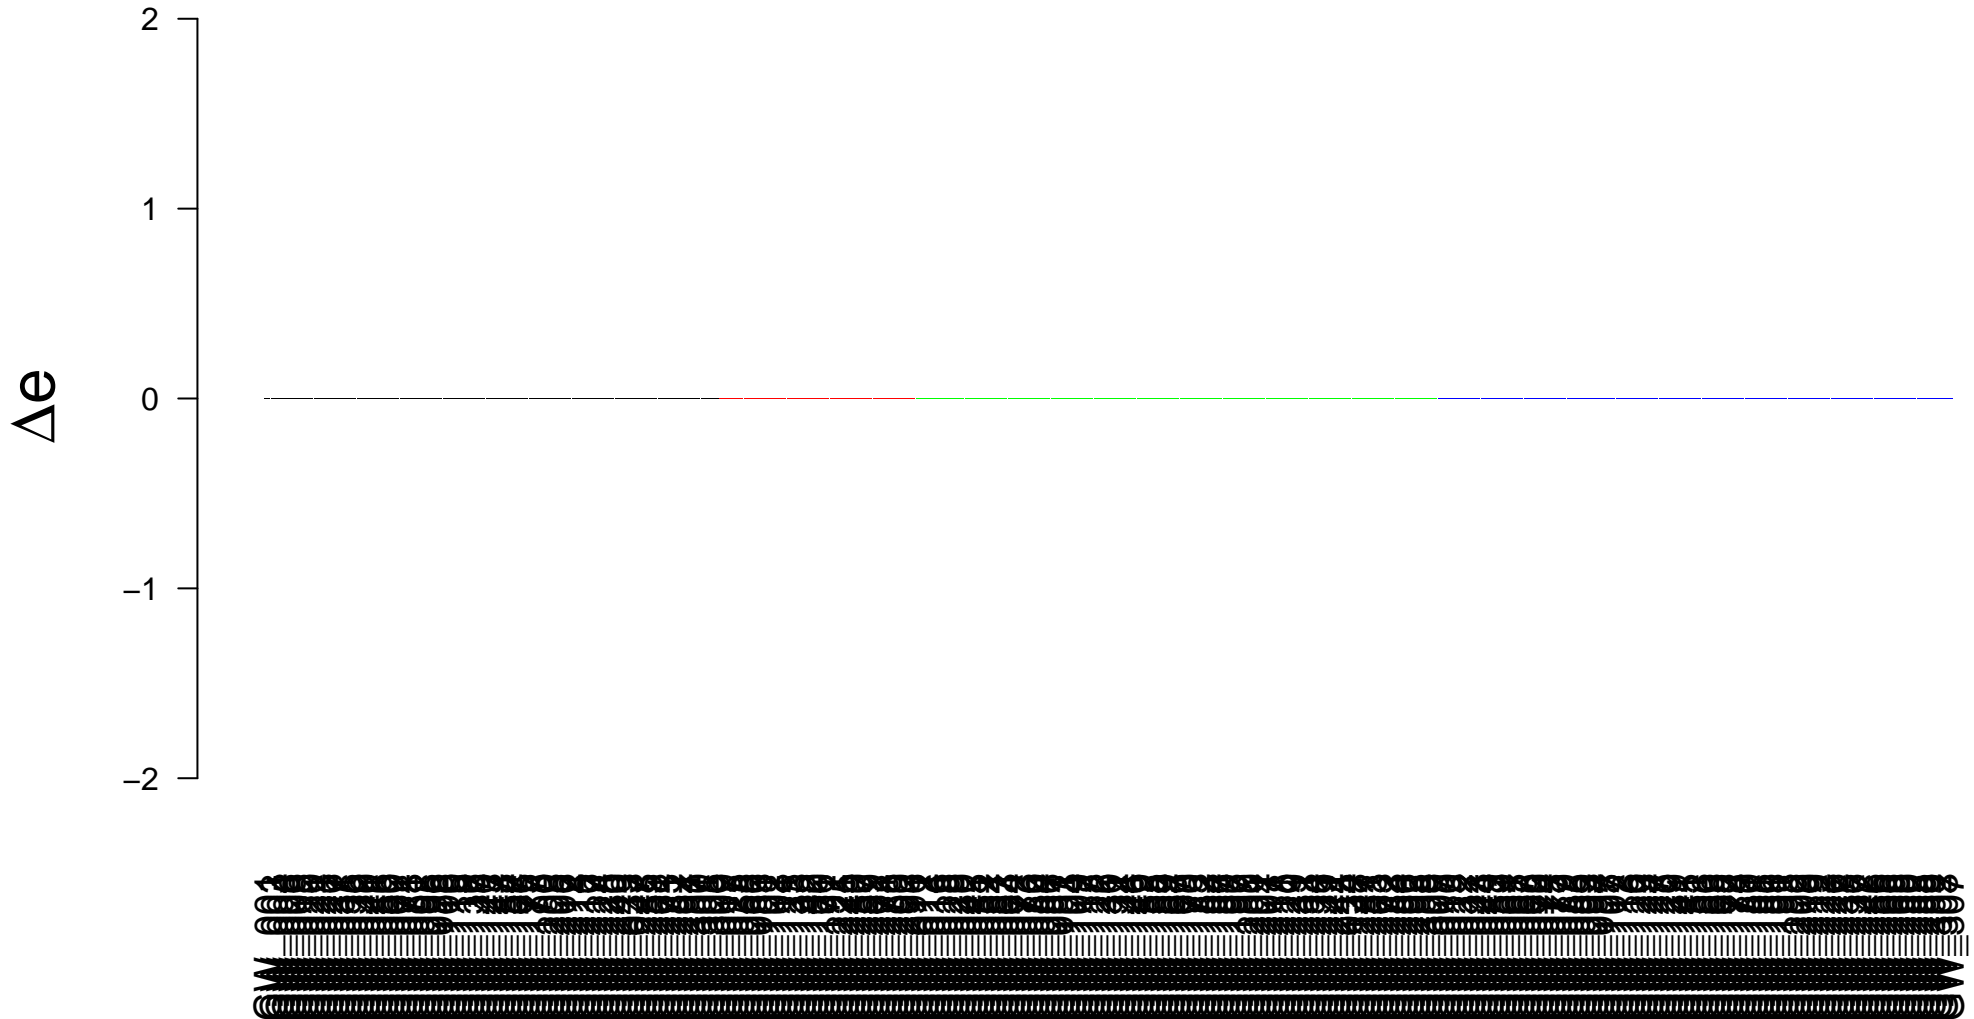

Expression of receptor signaling protein activity in Spot A

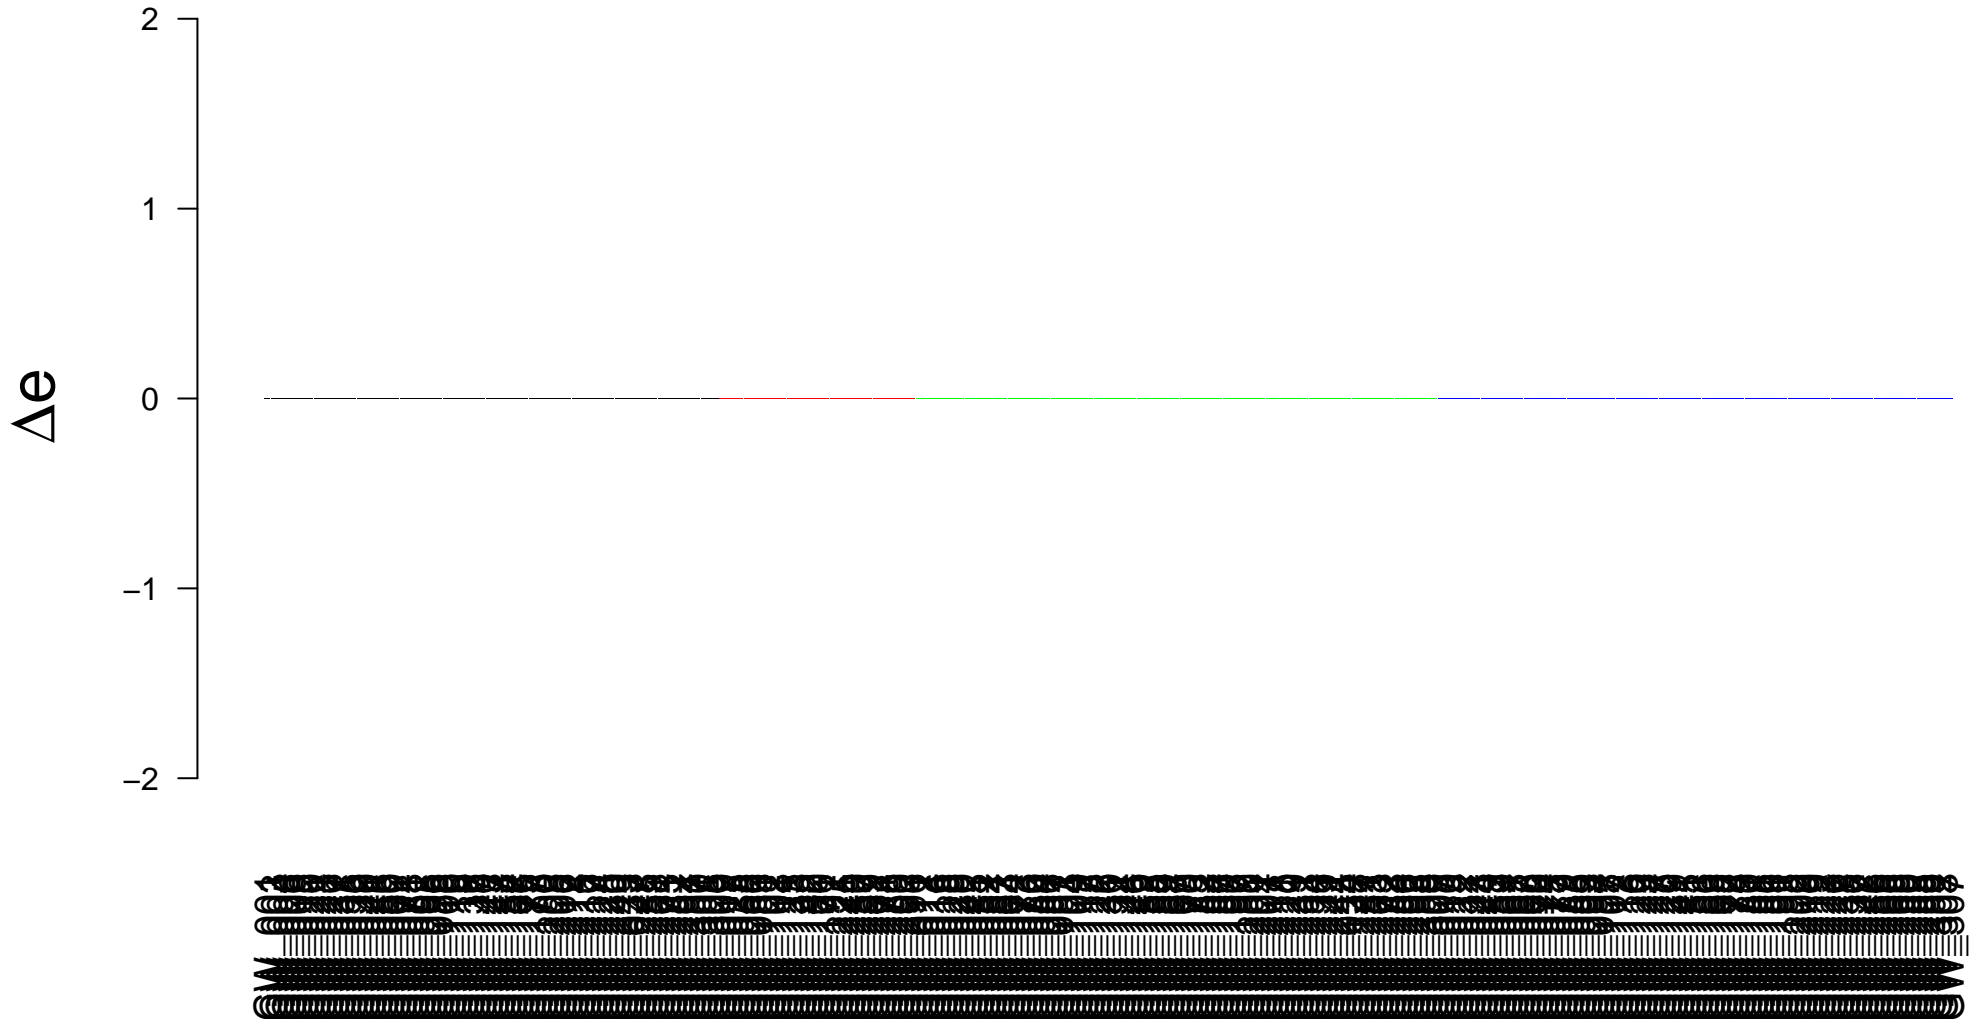

Expression of receptor signaling protein activity in Spot B

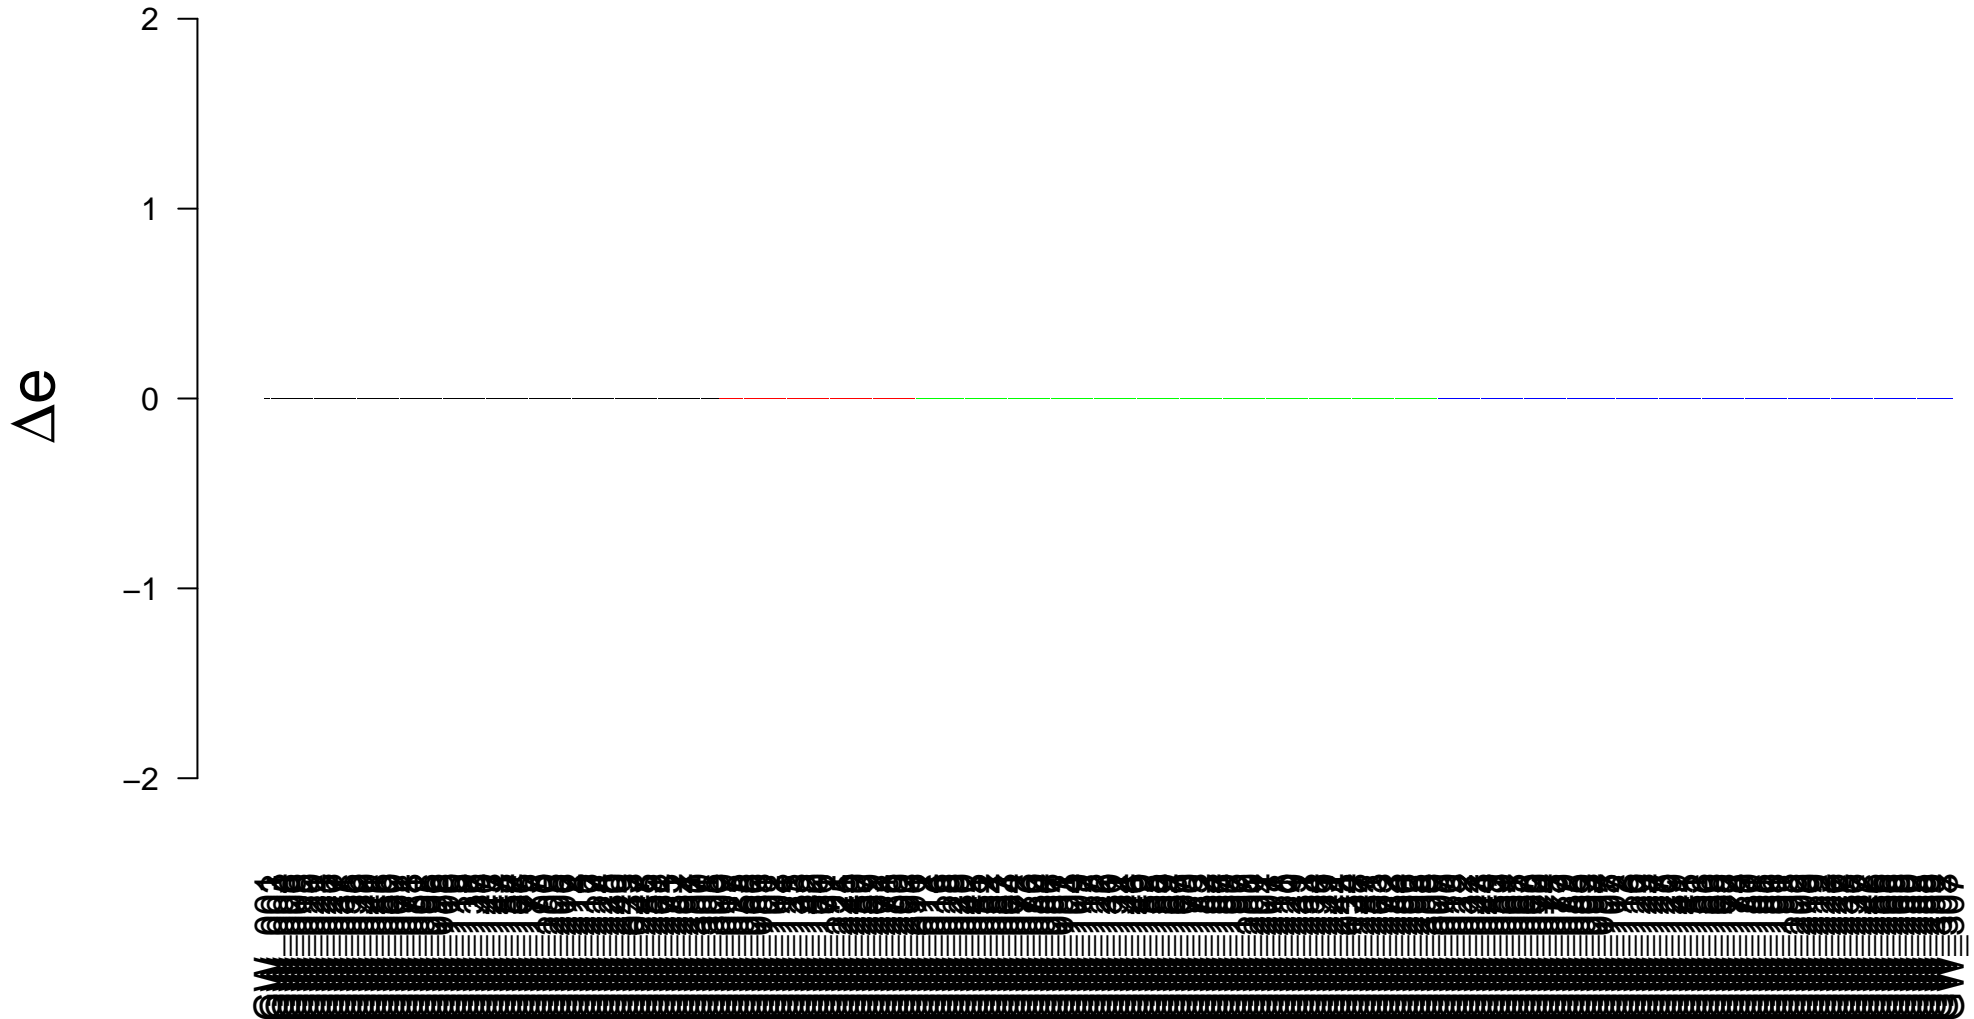

Expression of receptor signaling protein activity in Spot C

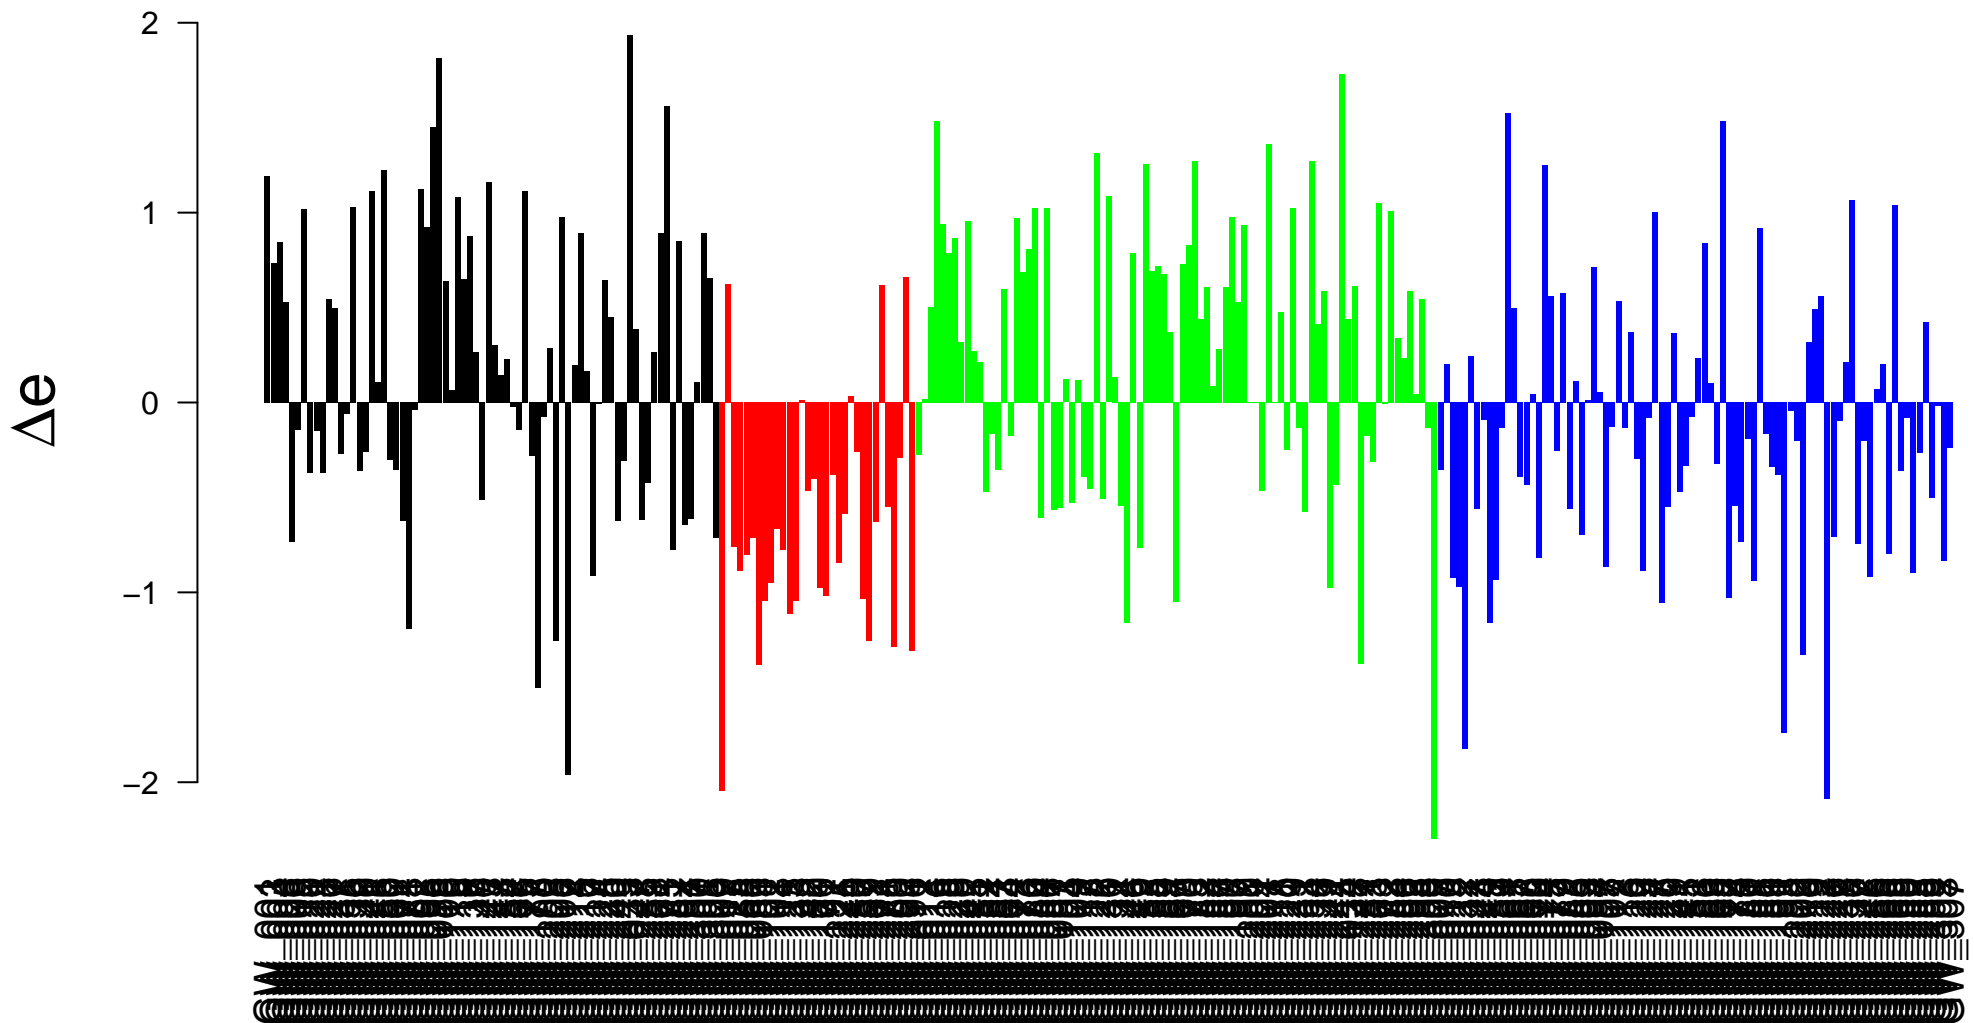

Expression of receptor signaling protein activity in Spot D

Expression of receptor signaling protein activity in Spot E

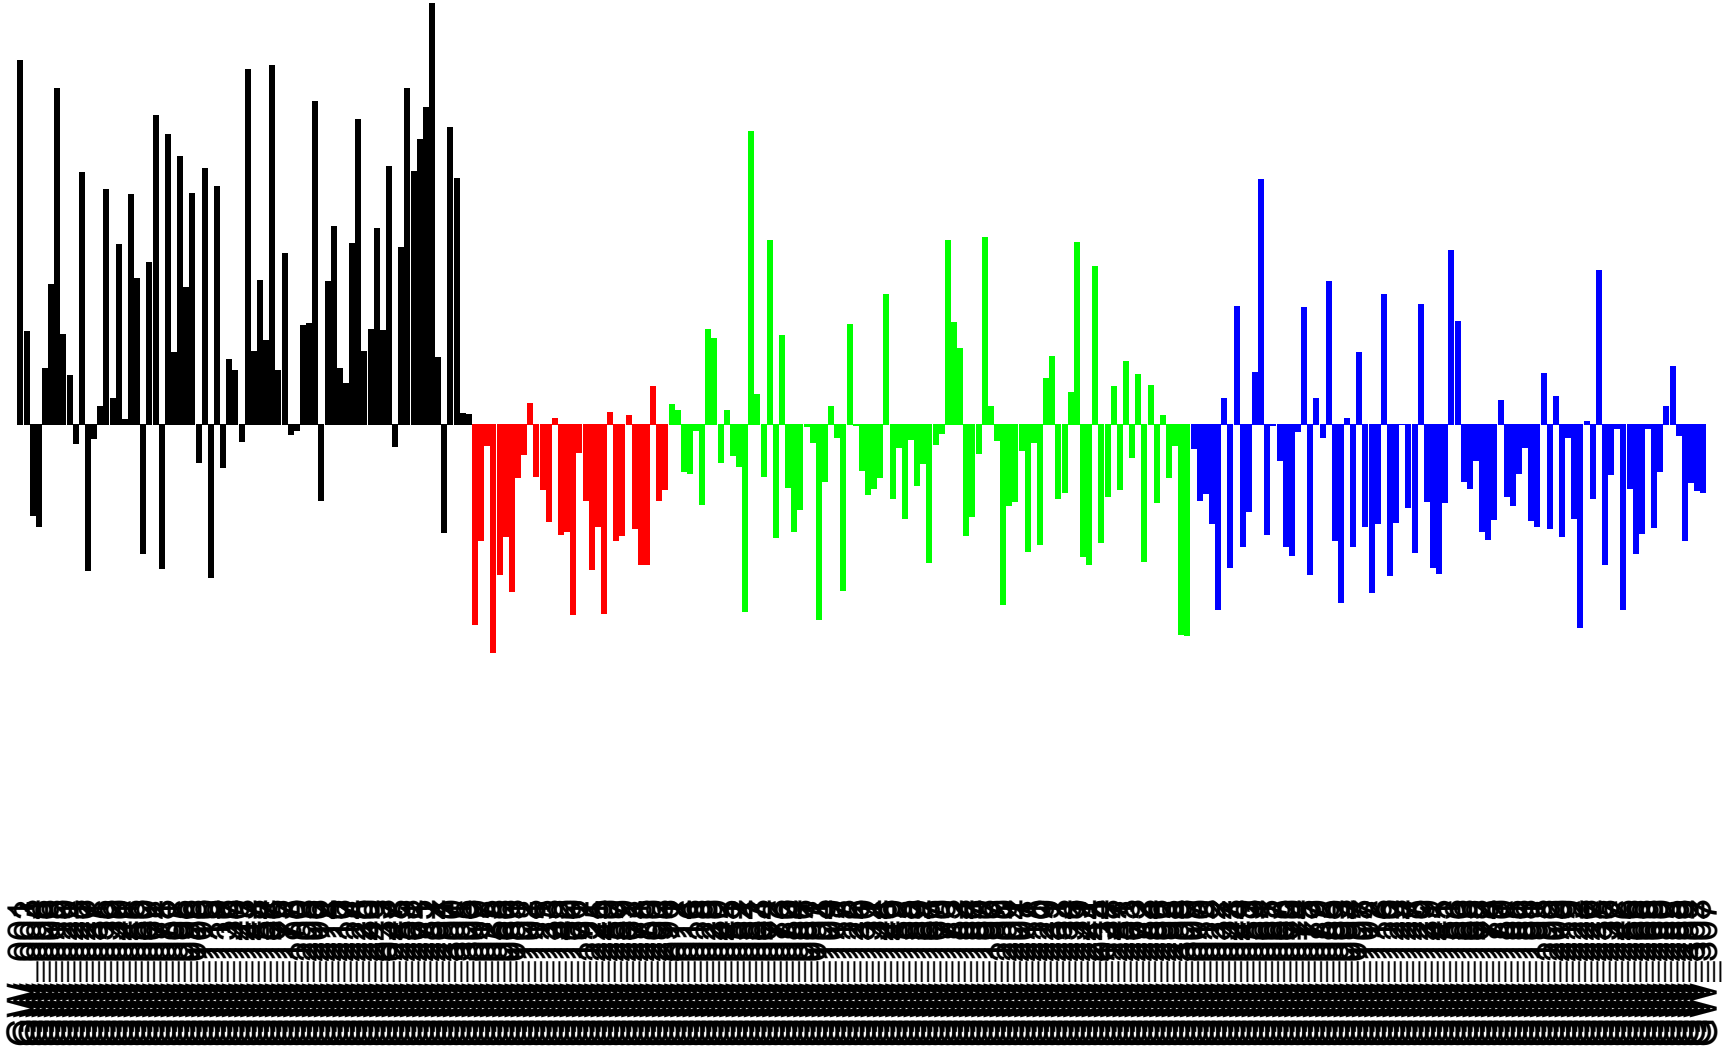

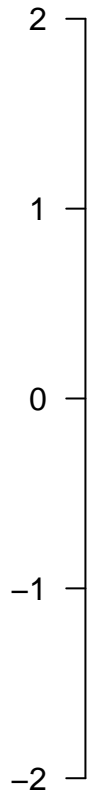

Expression of receptor signaling protein activity in Spot F

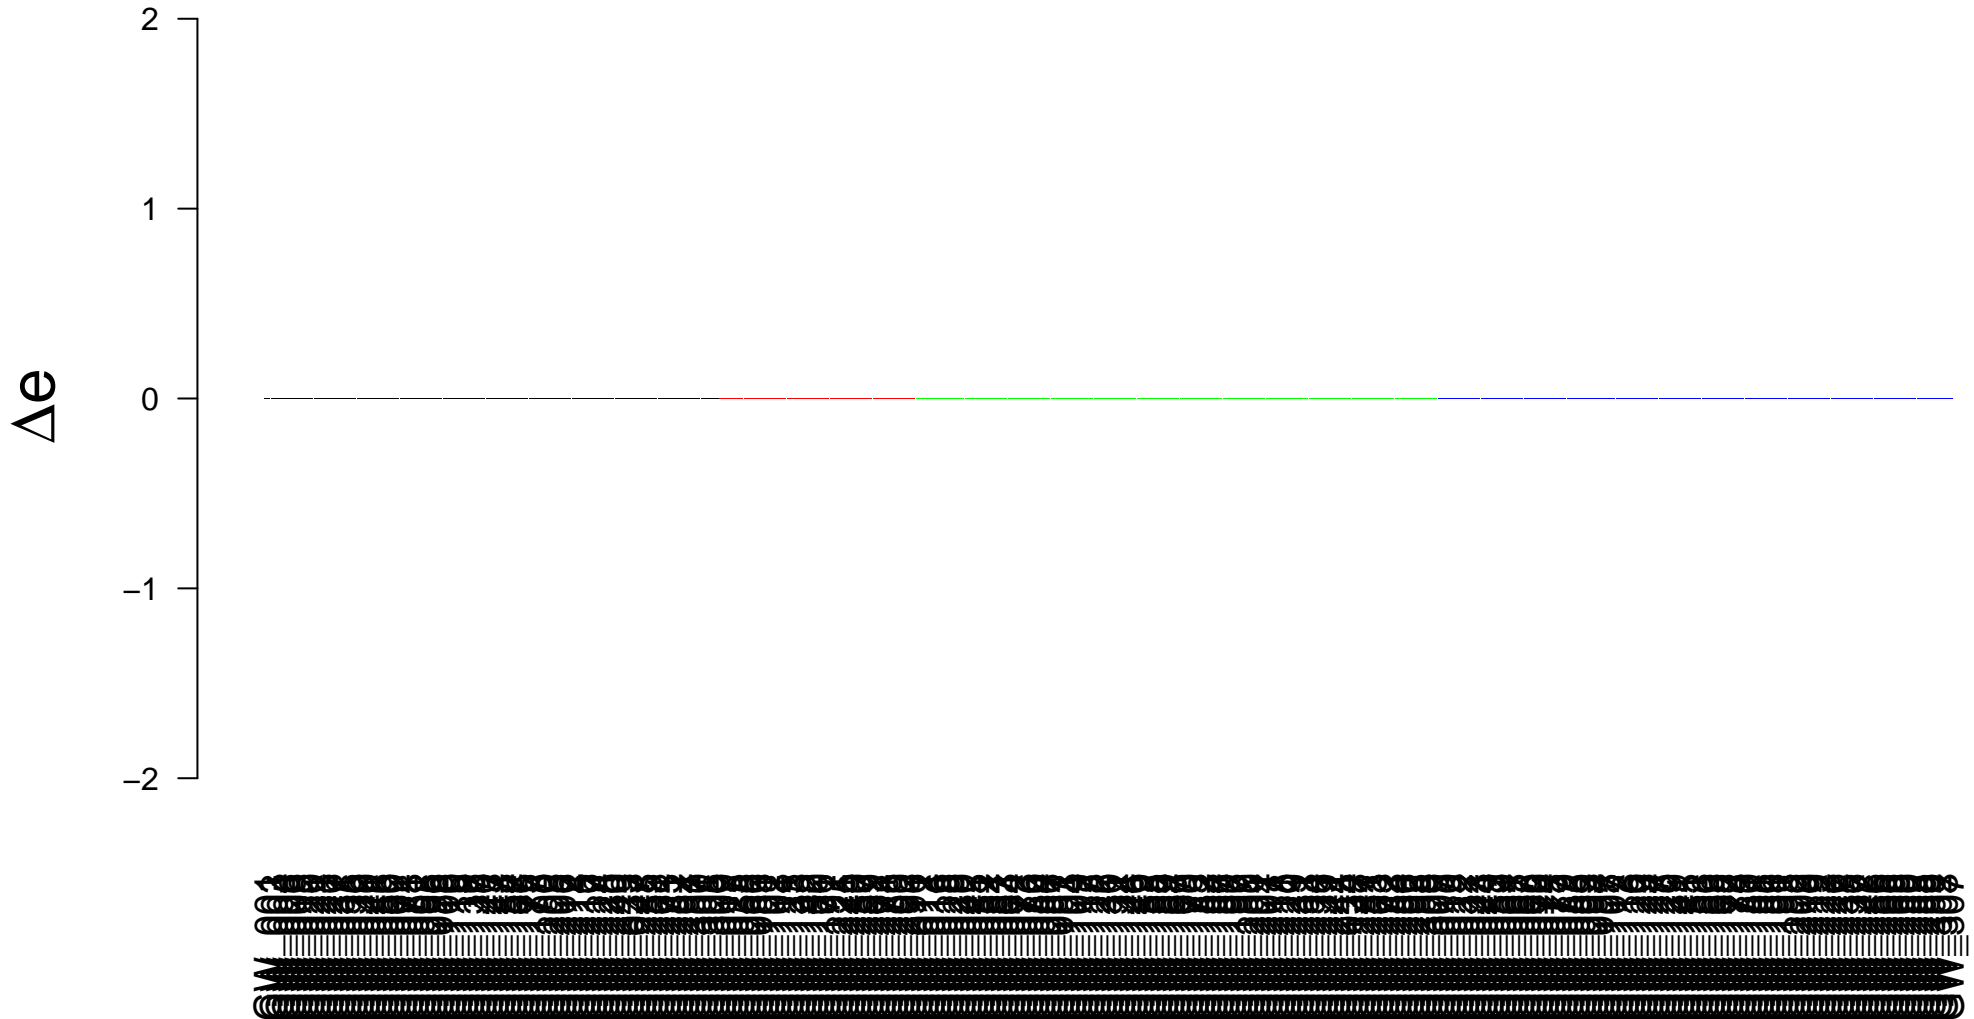

Expression of receptor signaling protein activity in Spot G

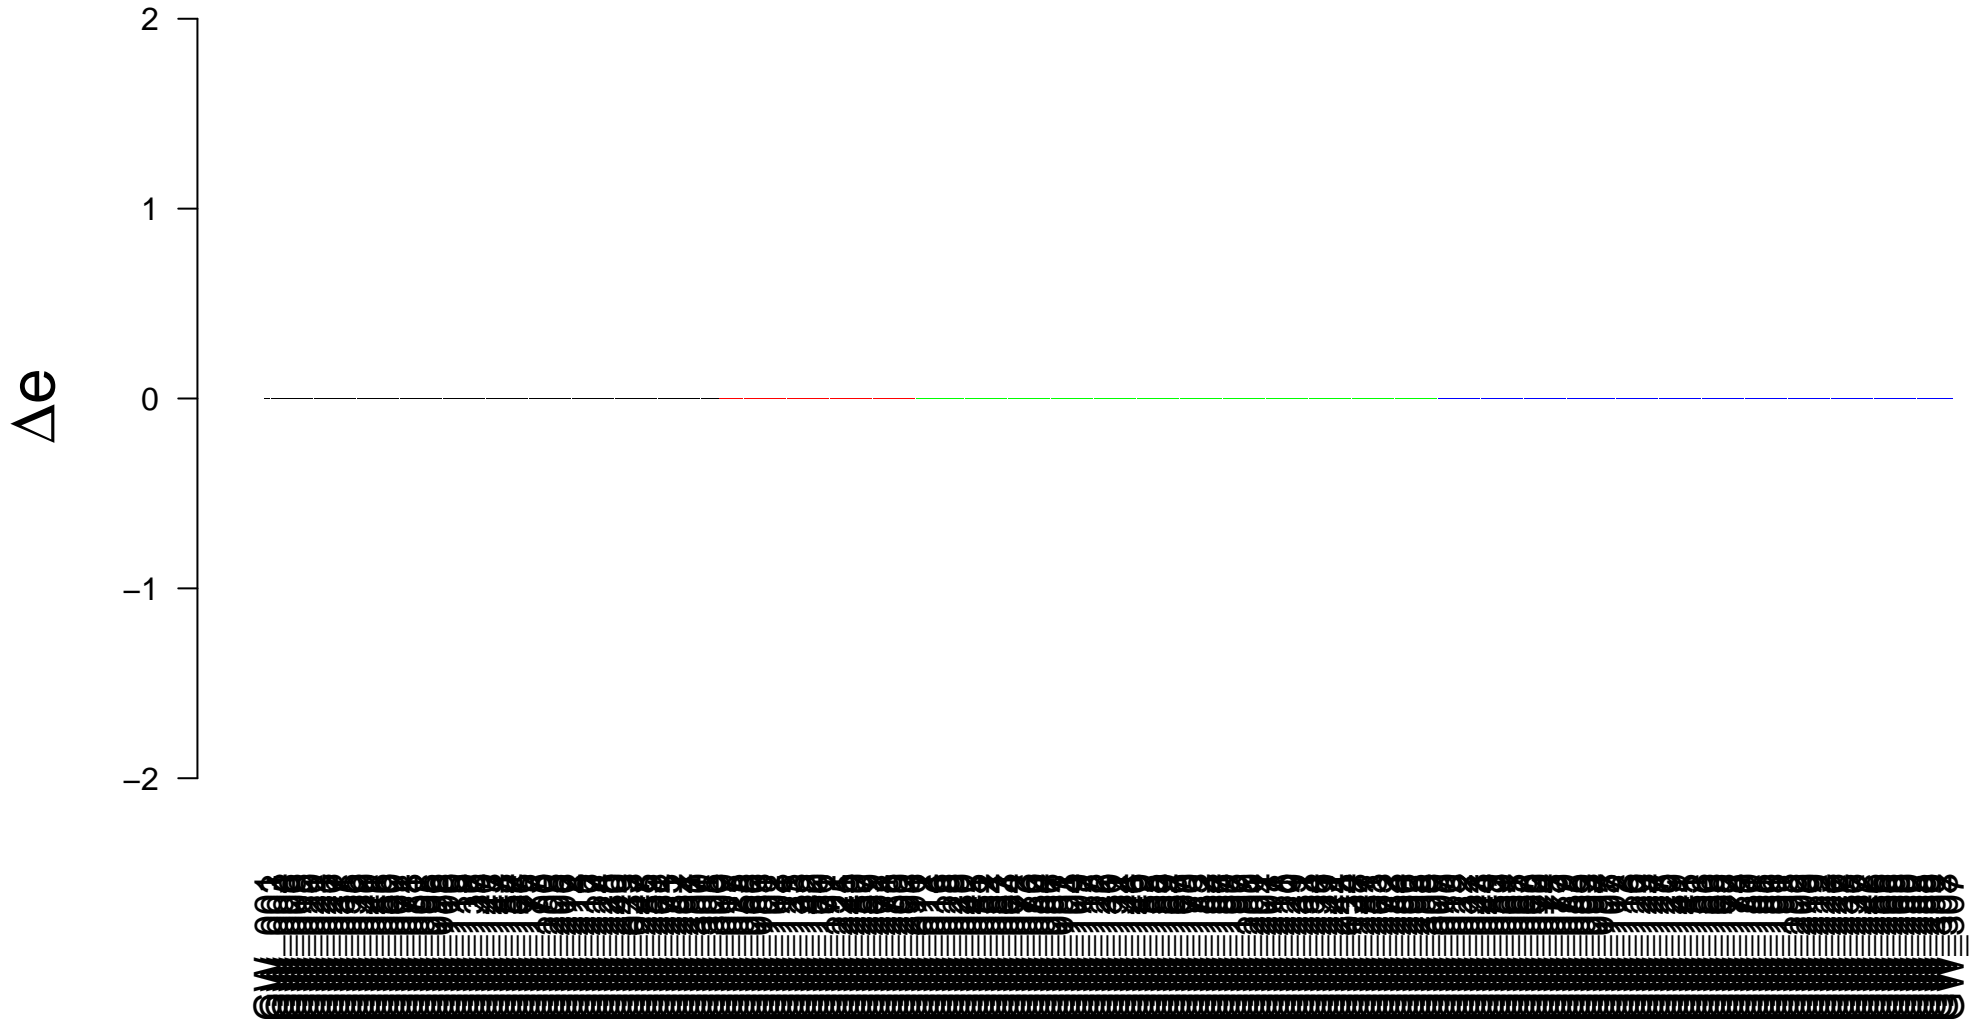

Δe

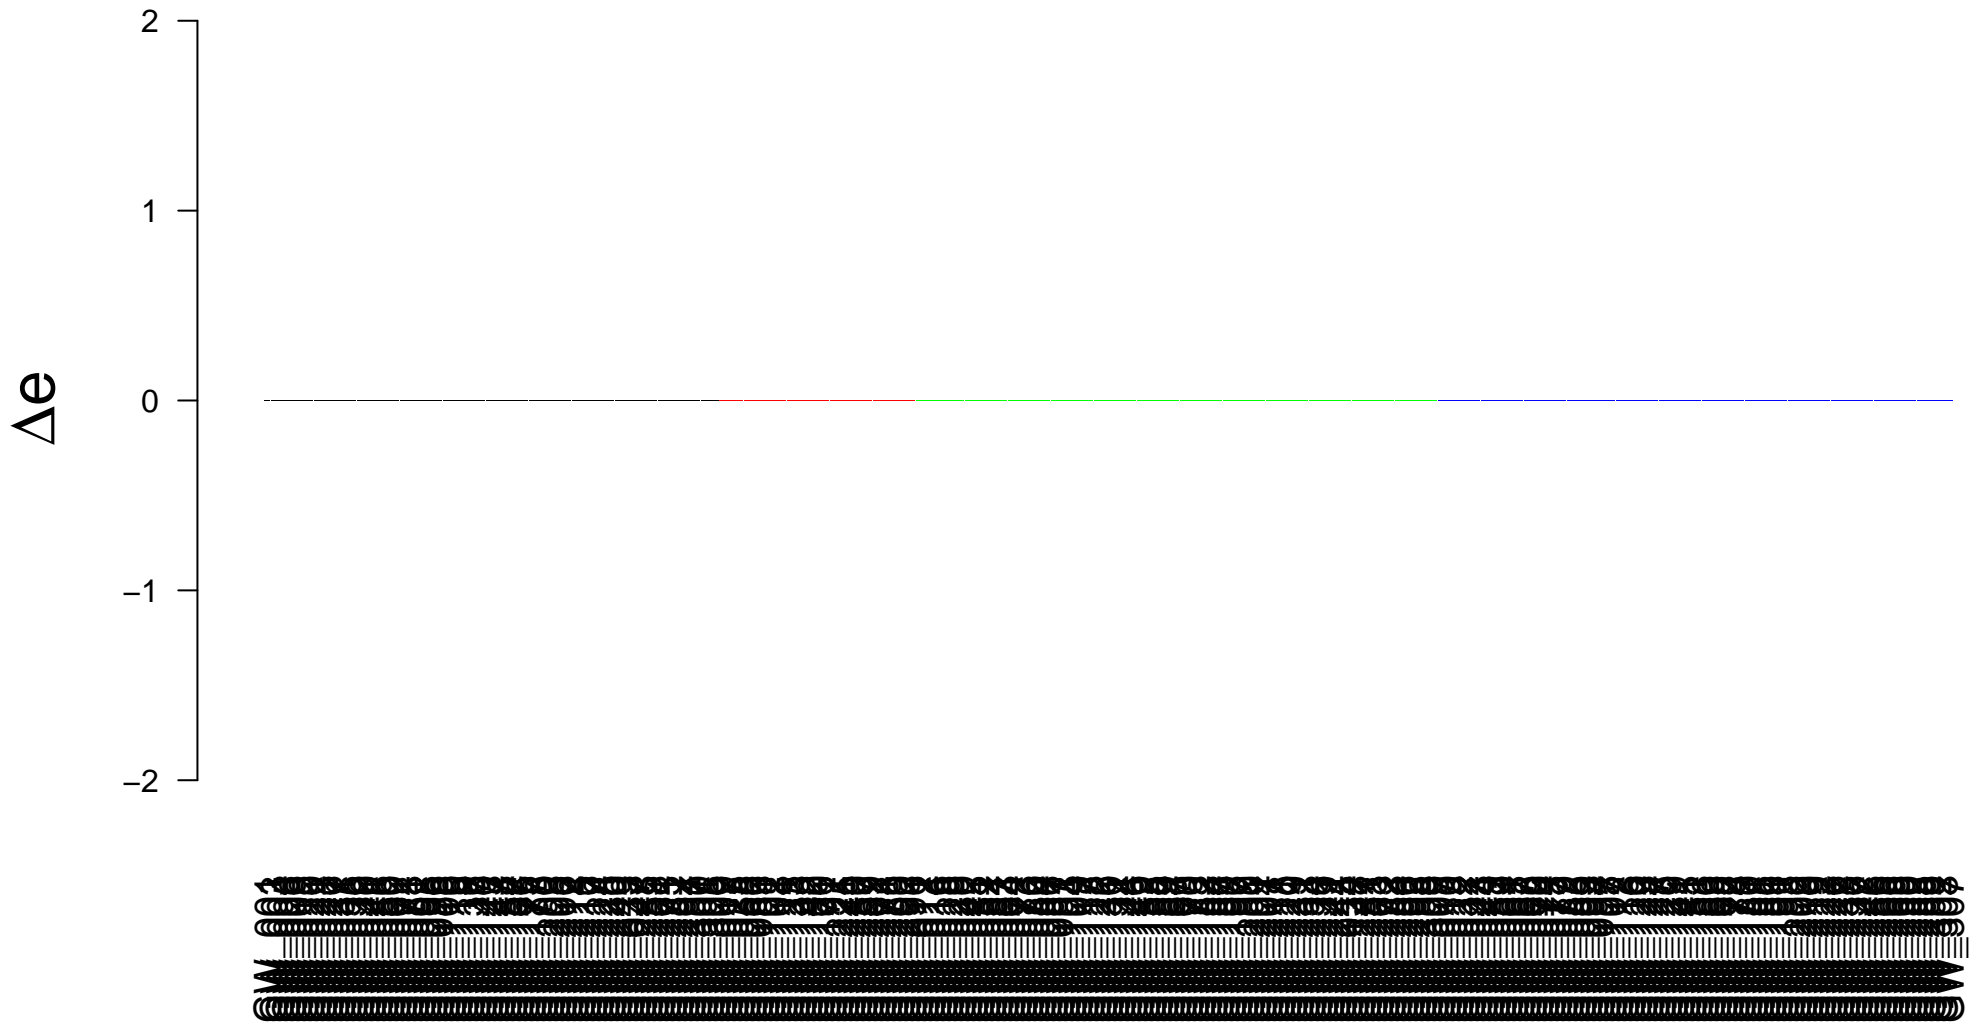

Expression of receptor signaling protein activity in Spot H

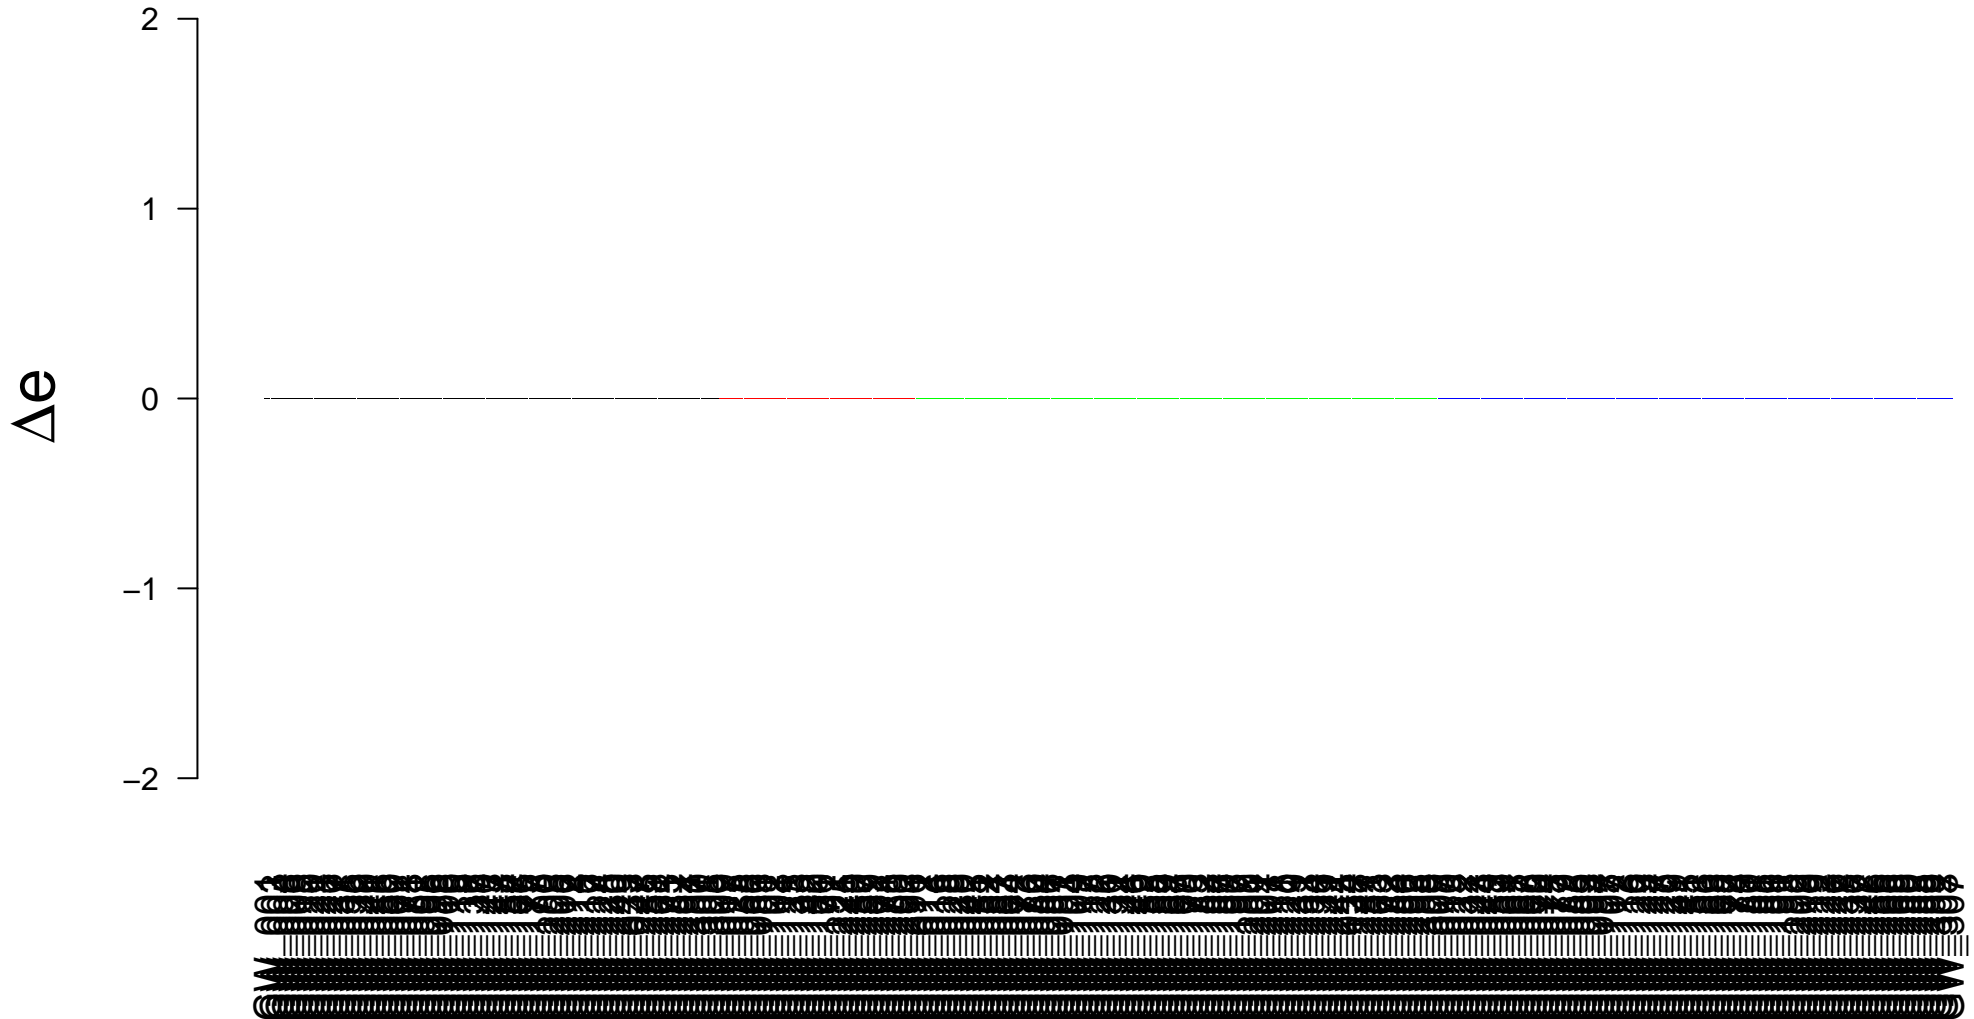

Expression of receptor signaling protein activity in Spot I

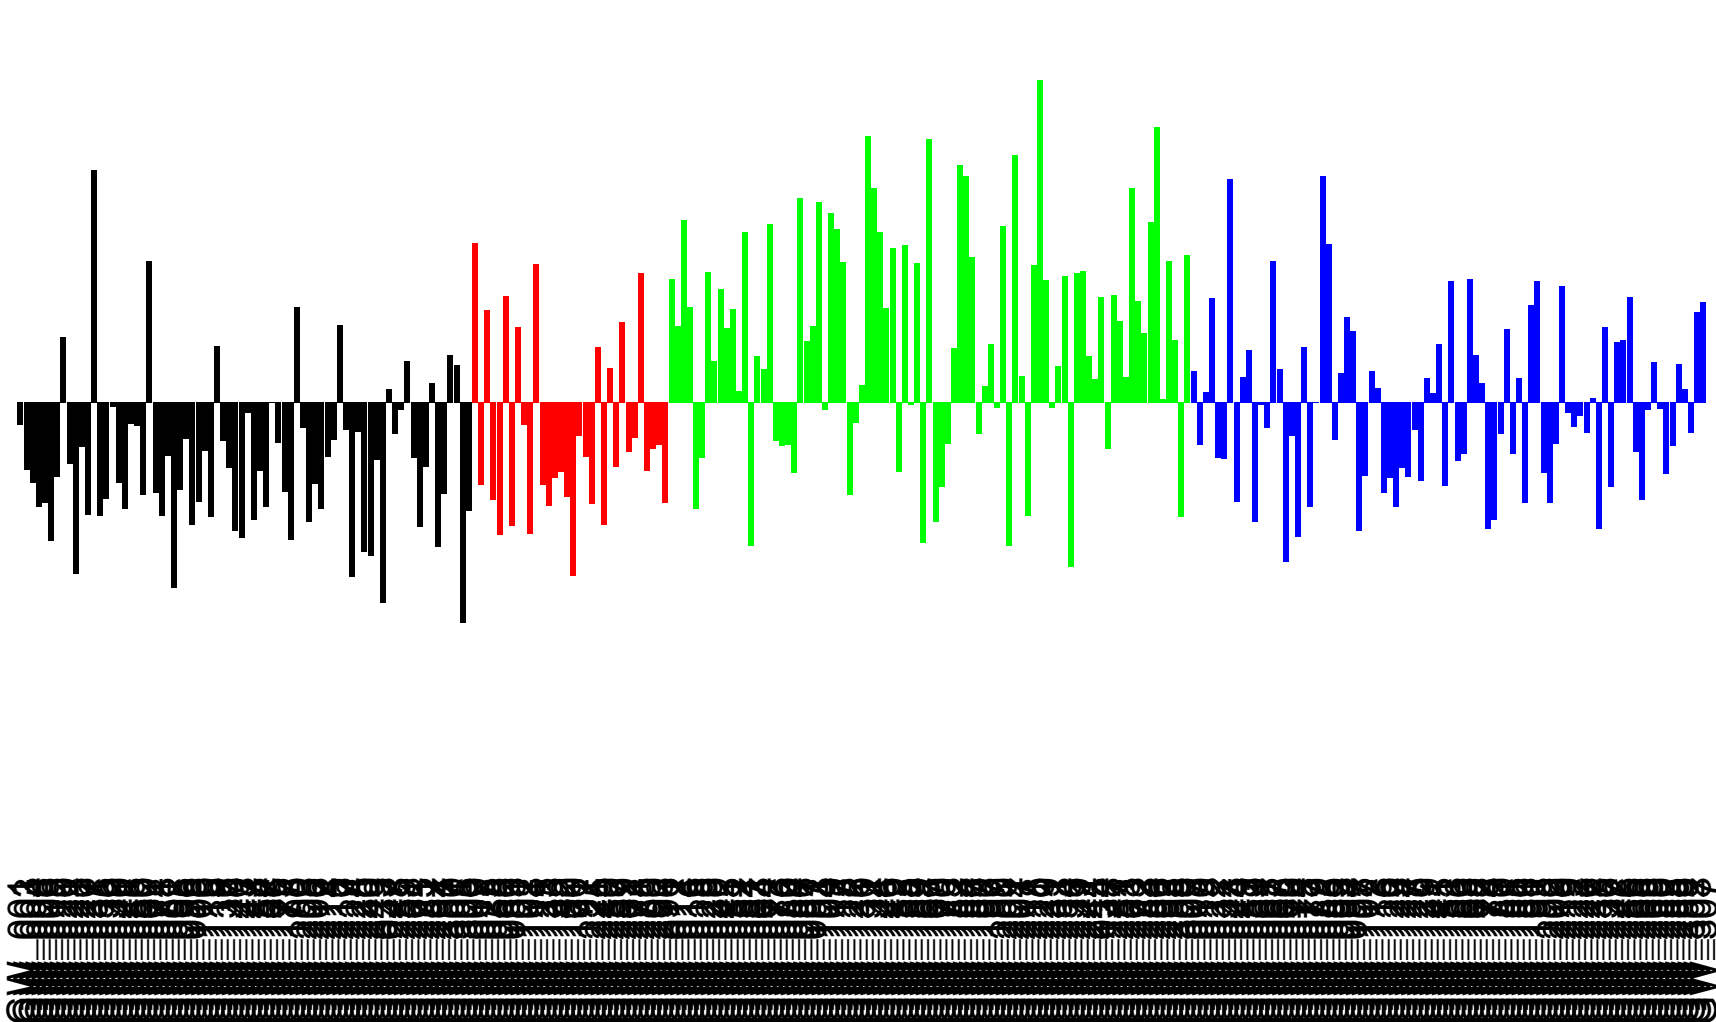

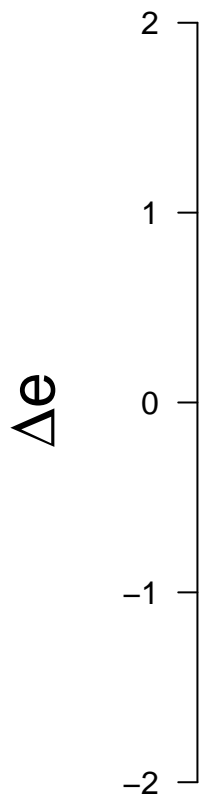

Expression of receptor signaling protein activity in Spot J

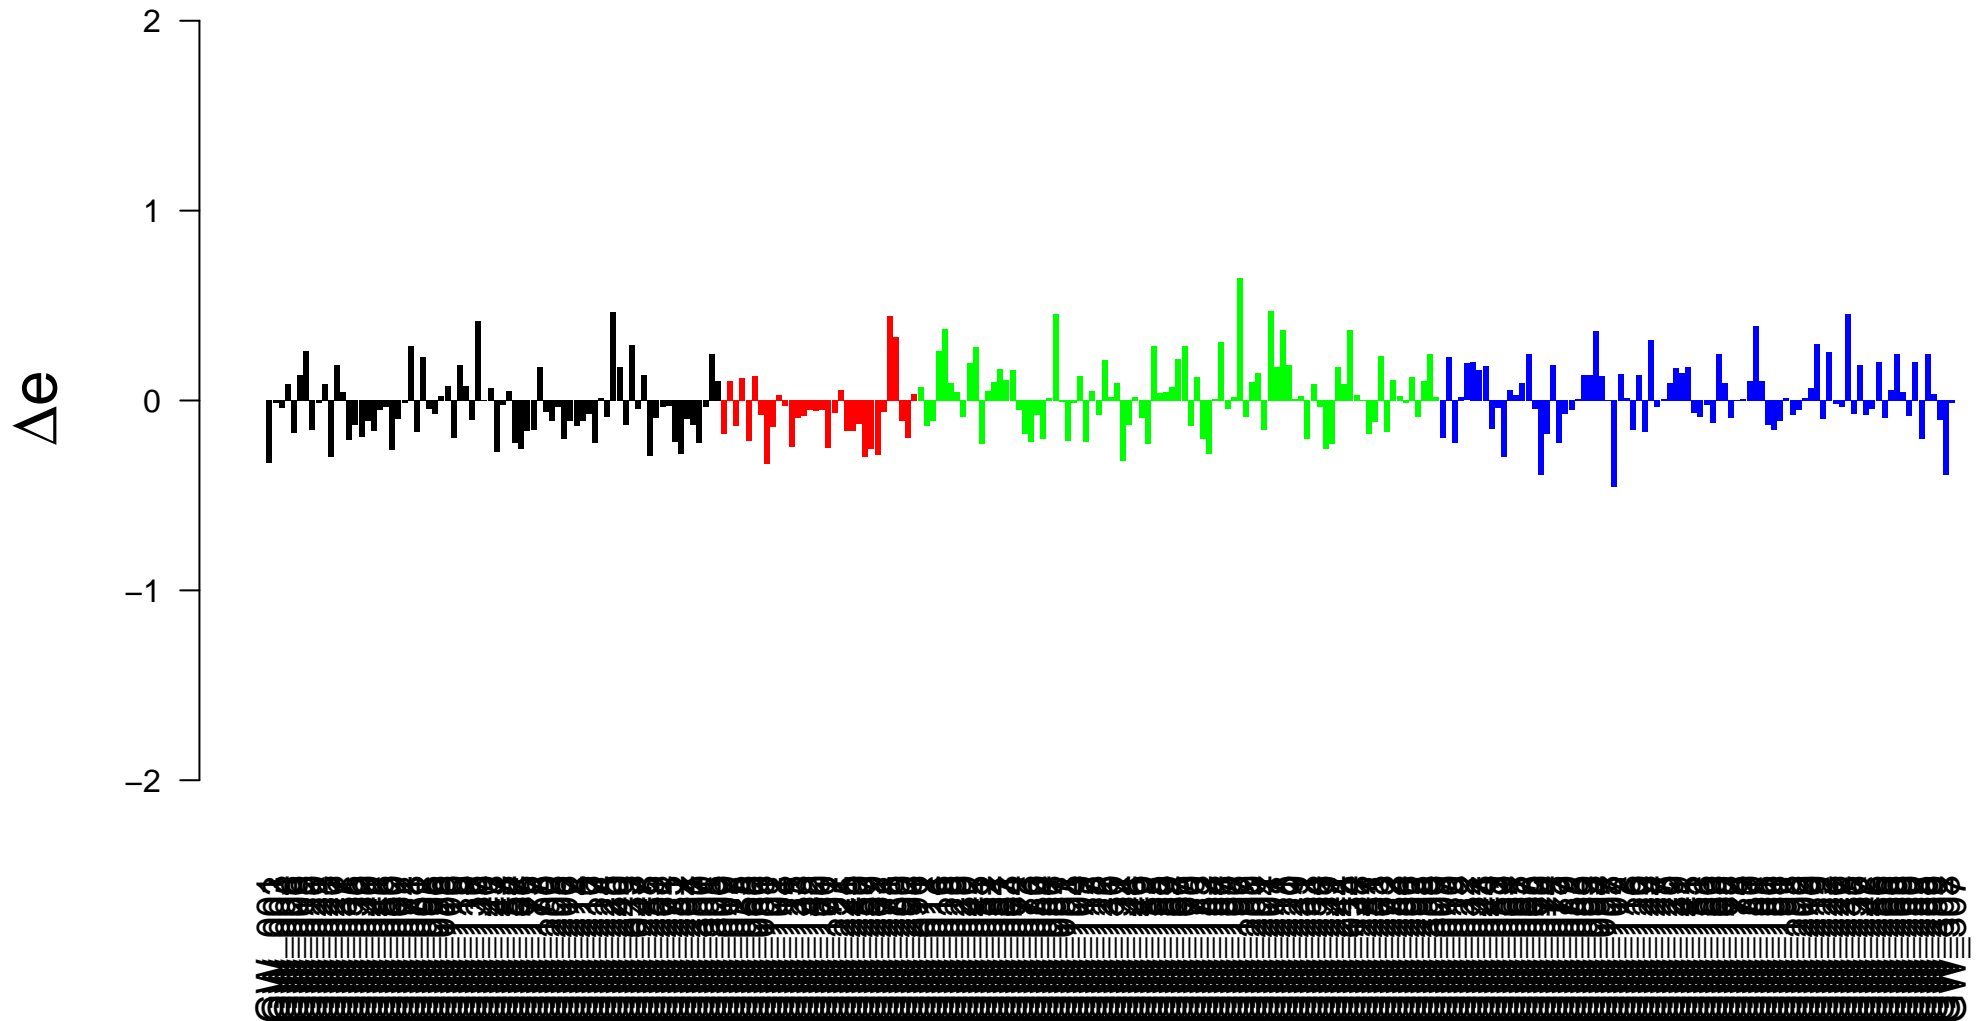

Expression of receptor signaling protein activity in Spot K

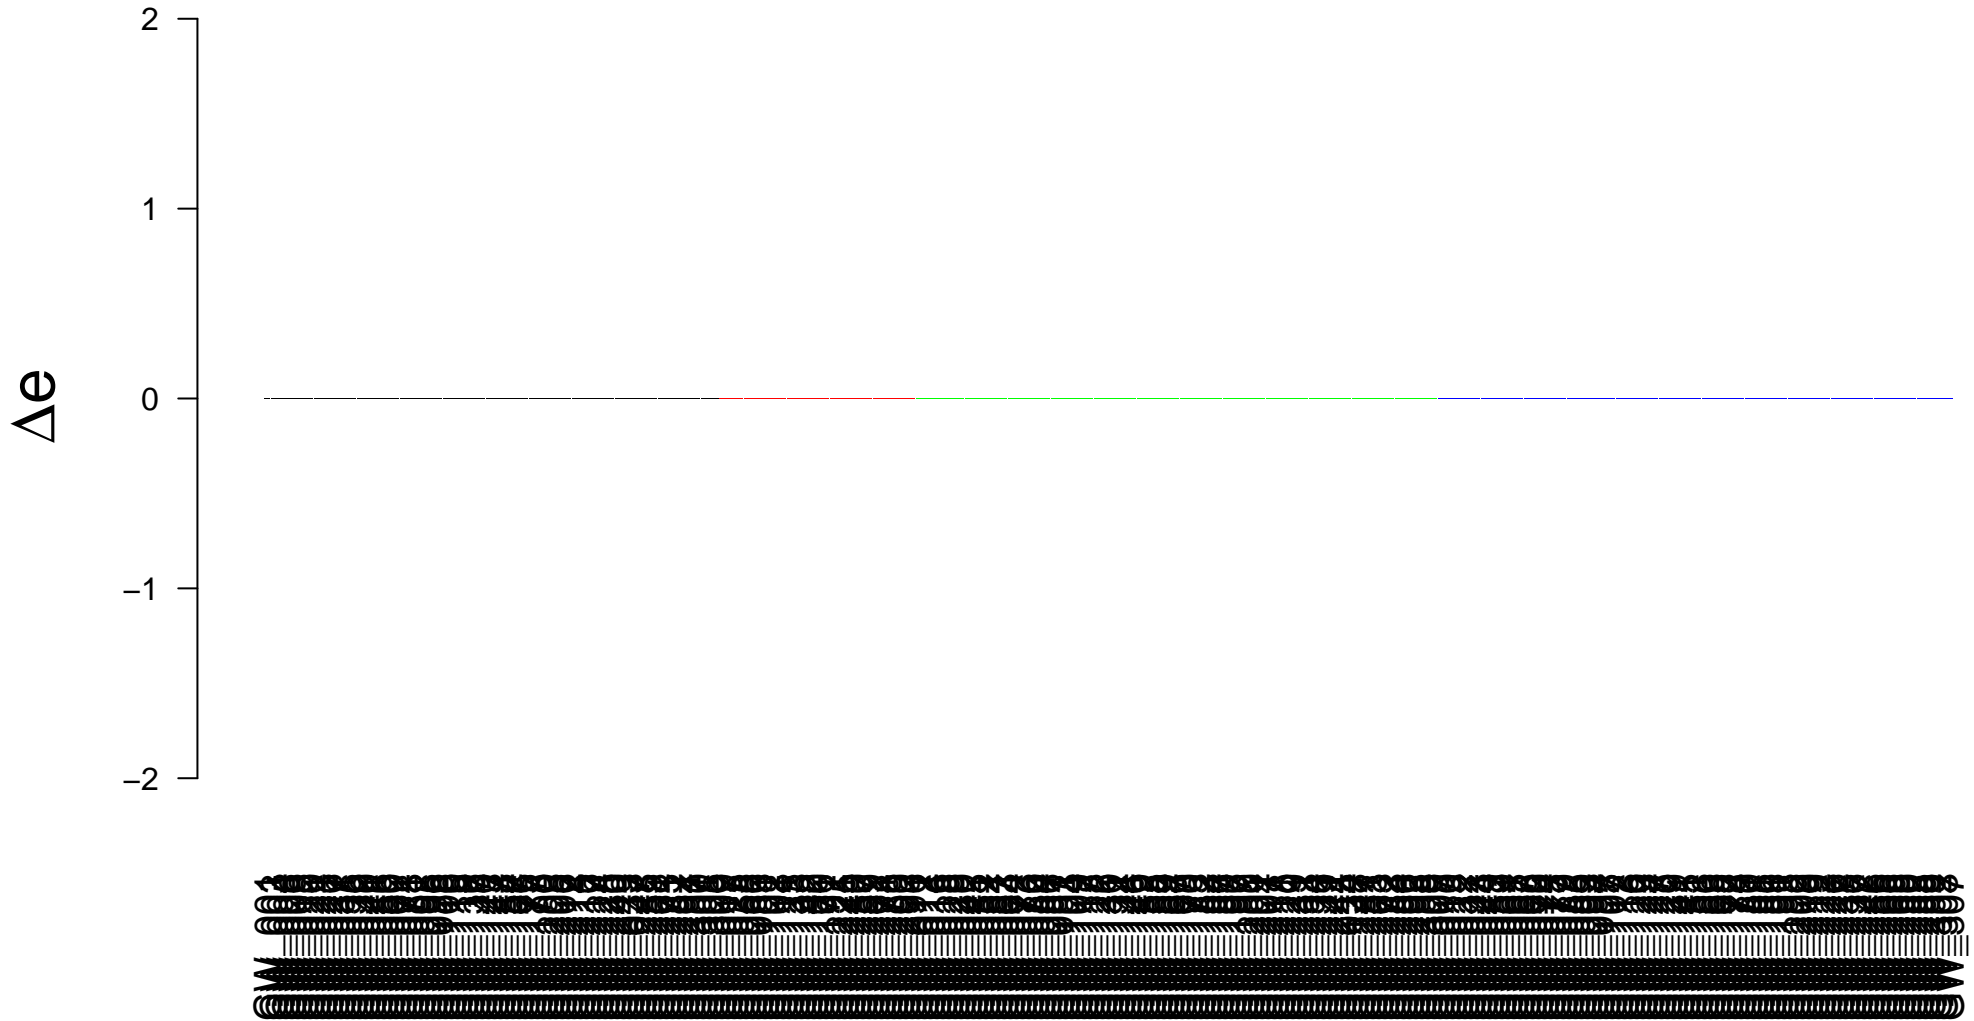

Expression of receptor signaling protein activity in Spot L

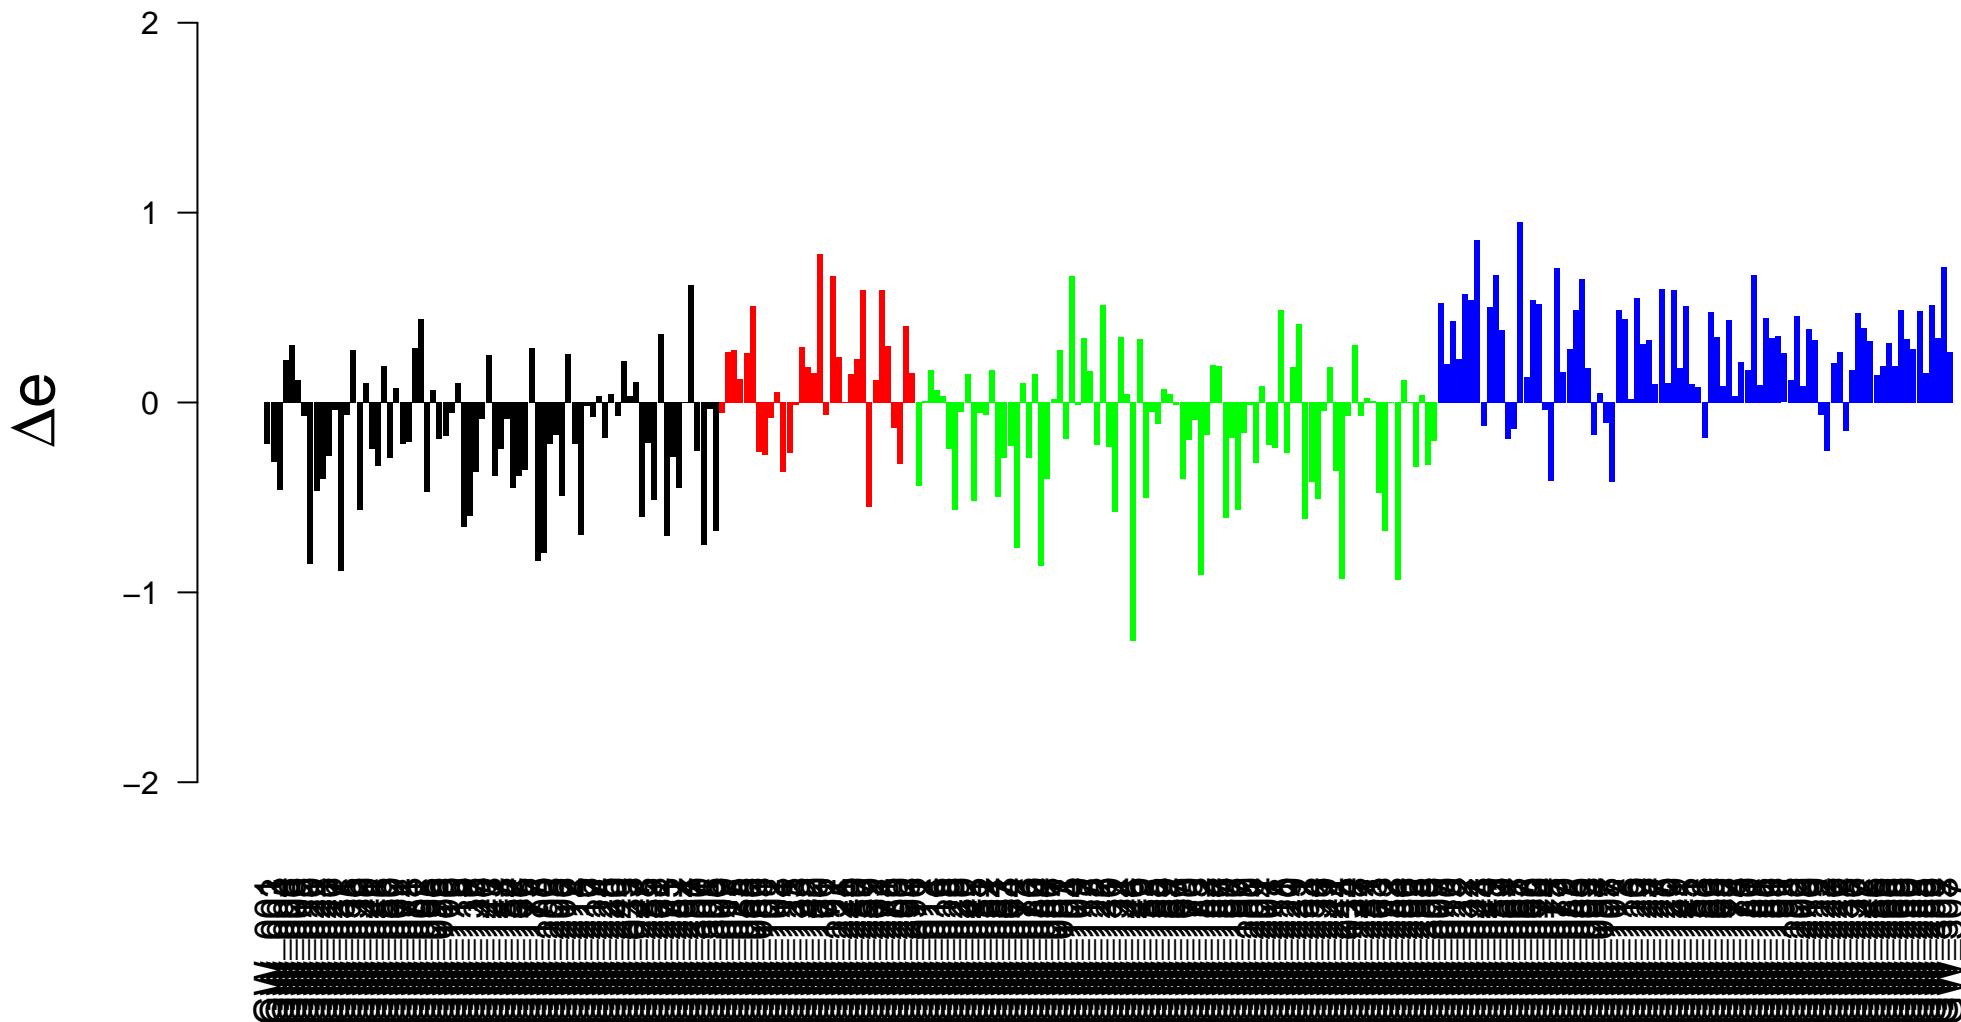

Expression of receptor signaling protein activity in Spot M

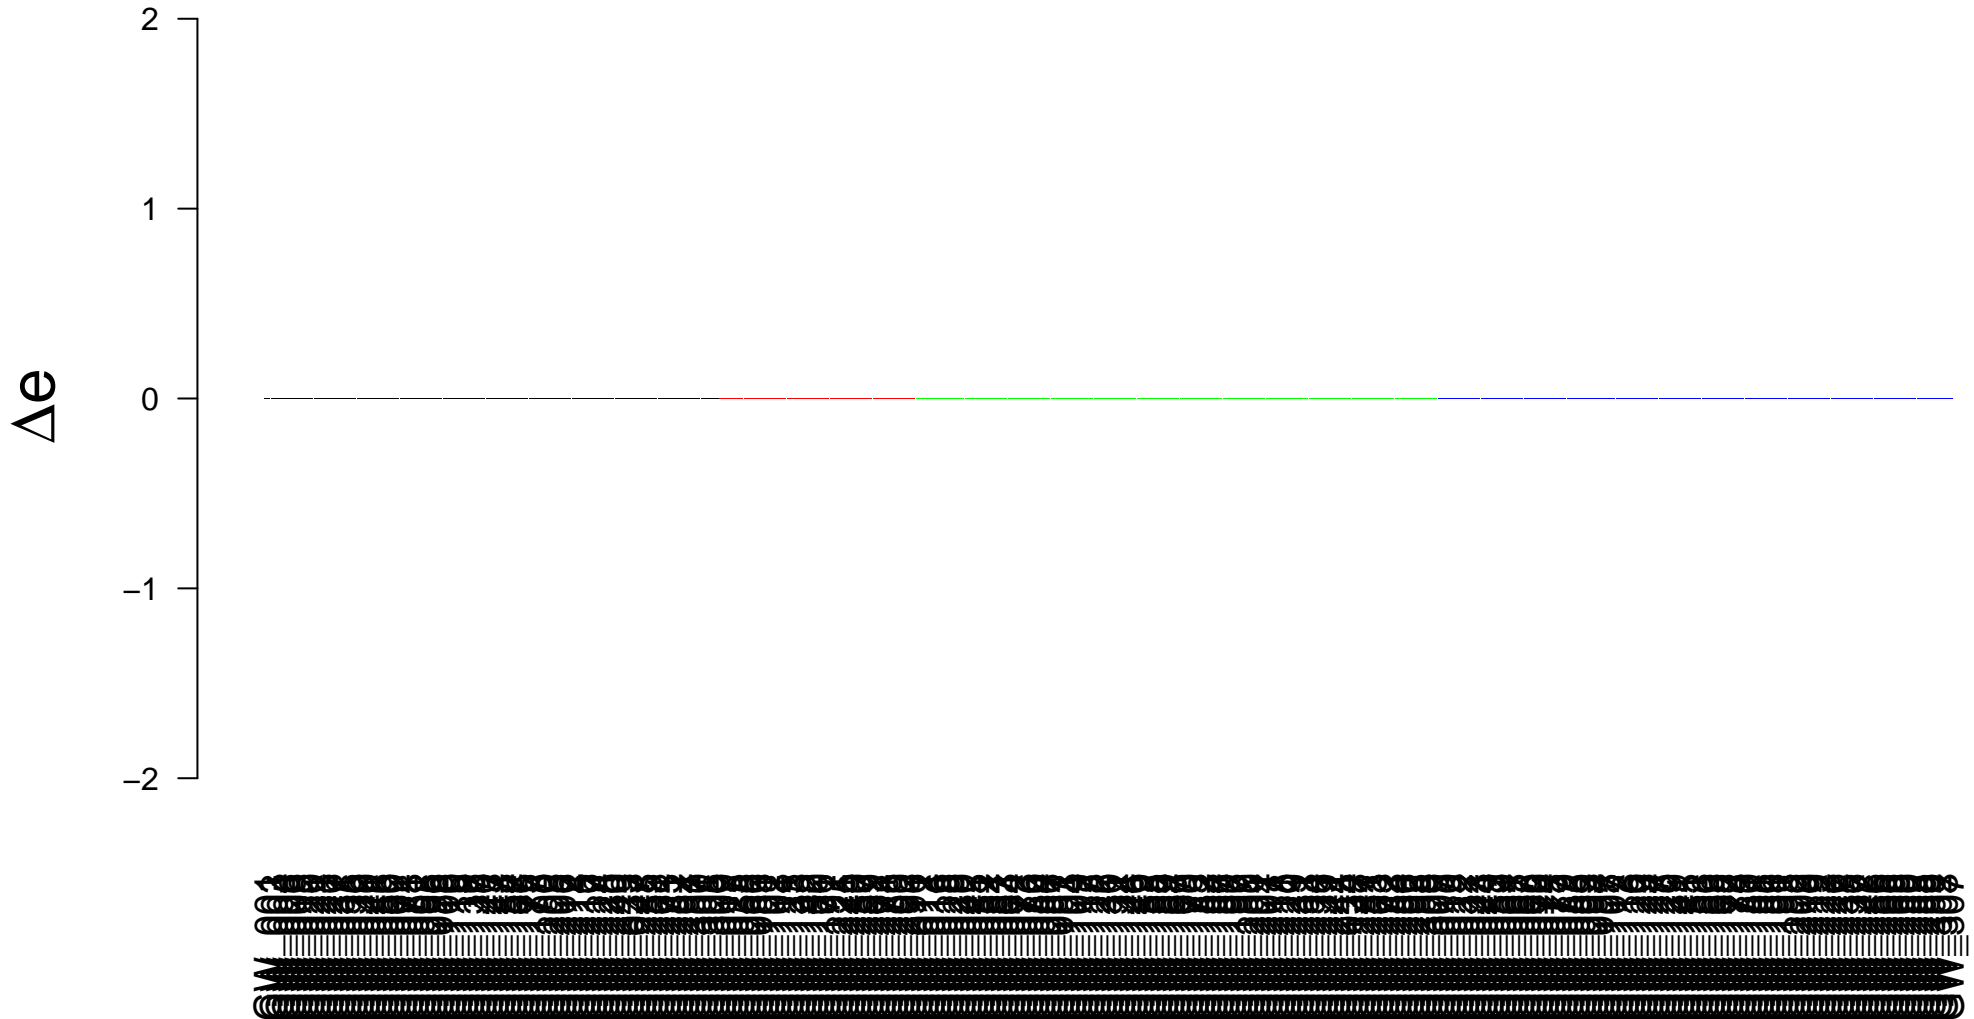

Expression of receptor signaling protein activity in Spot N

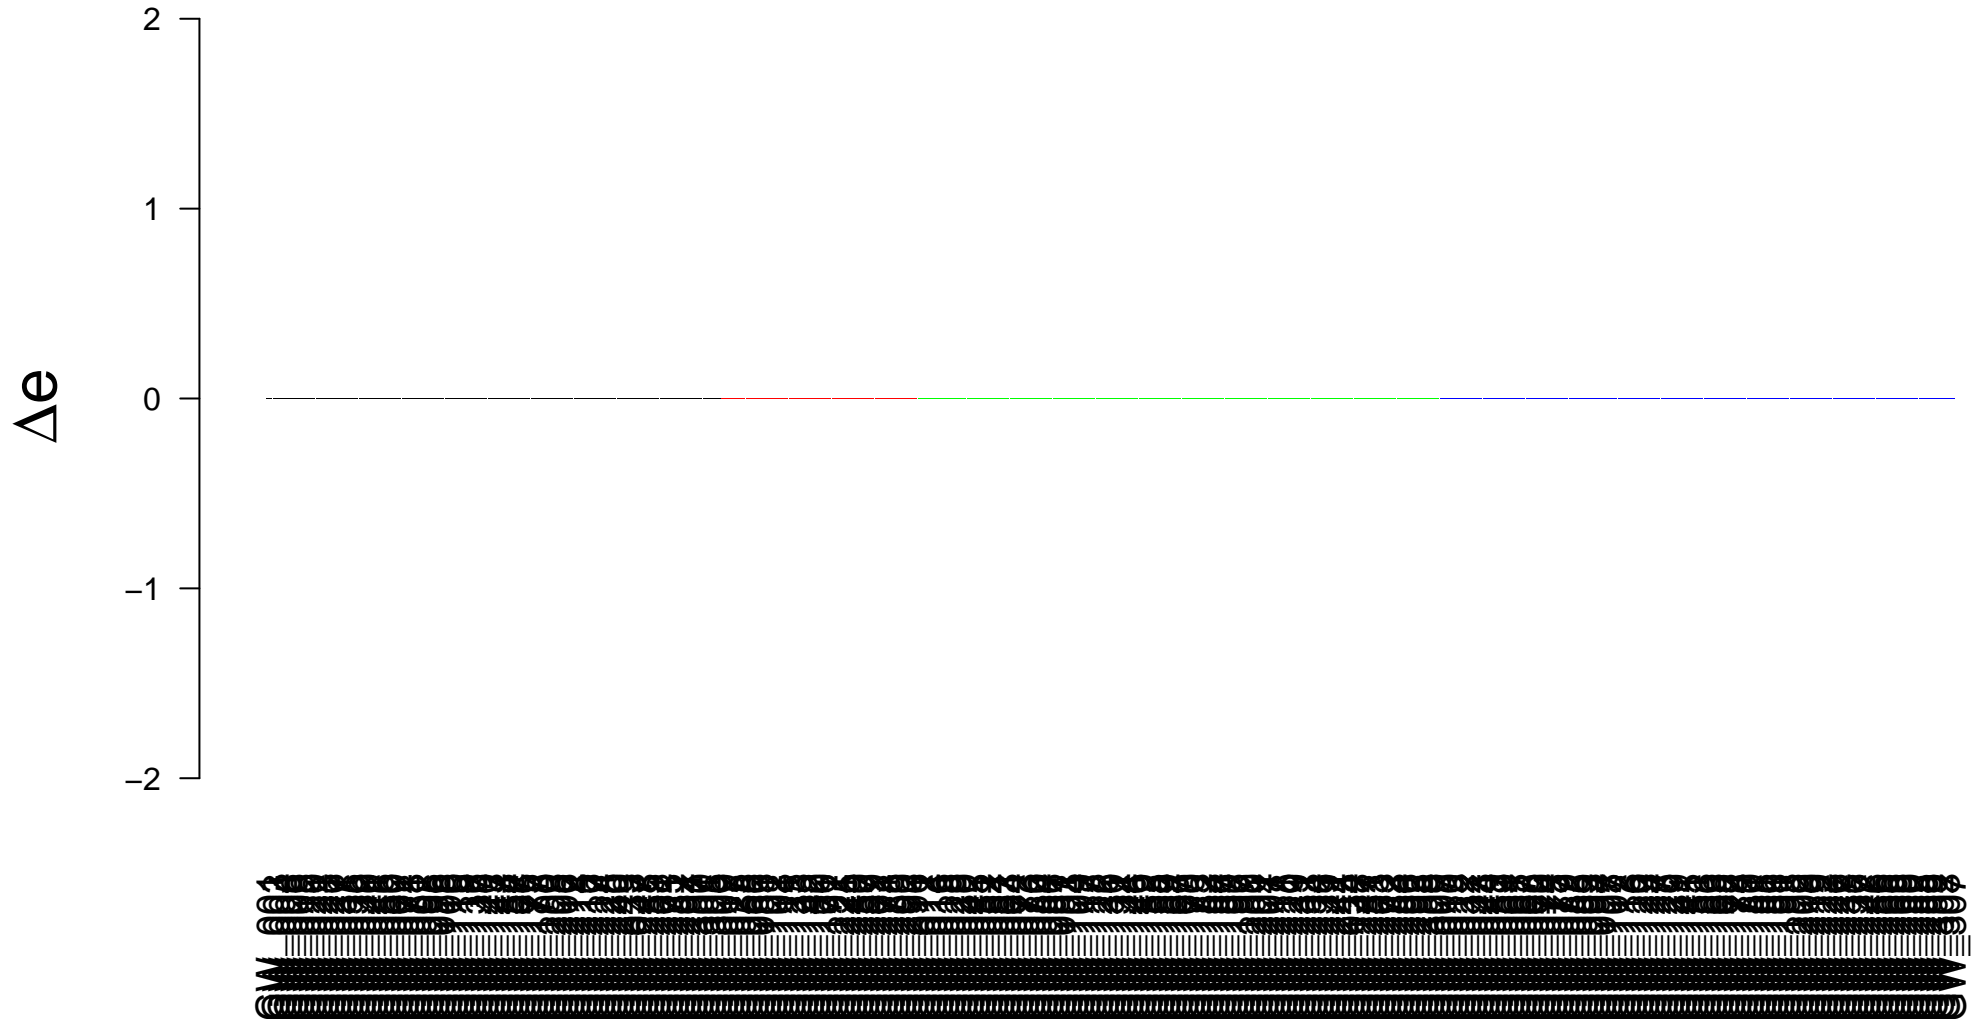

Expression of receptor signaling protein activity in Spot O

Expression of receptor signaling protein activity in Spot P

Expression of receptor signaling protein activity in Spot Q

Expression of receptor signaling protein activity in Spot R
