

regulation of DNA replication

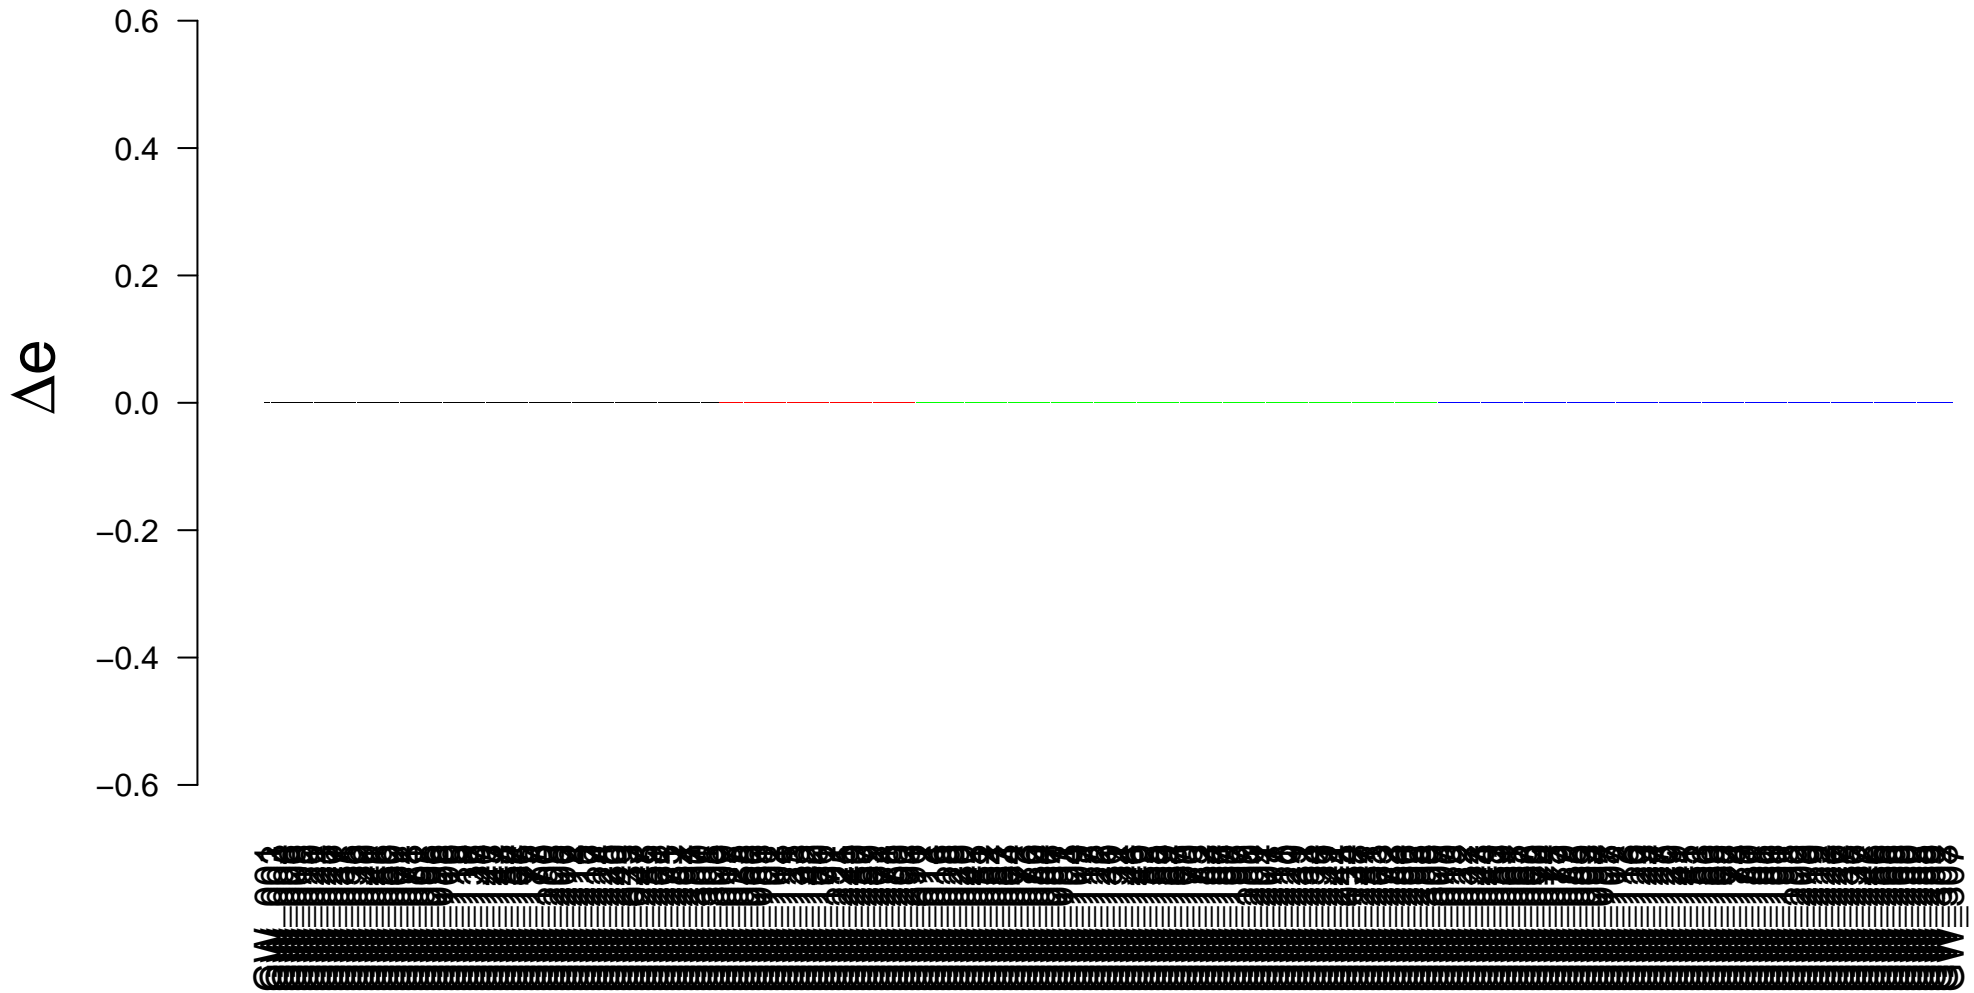

regulation of DNA replication

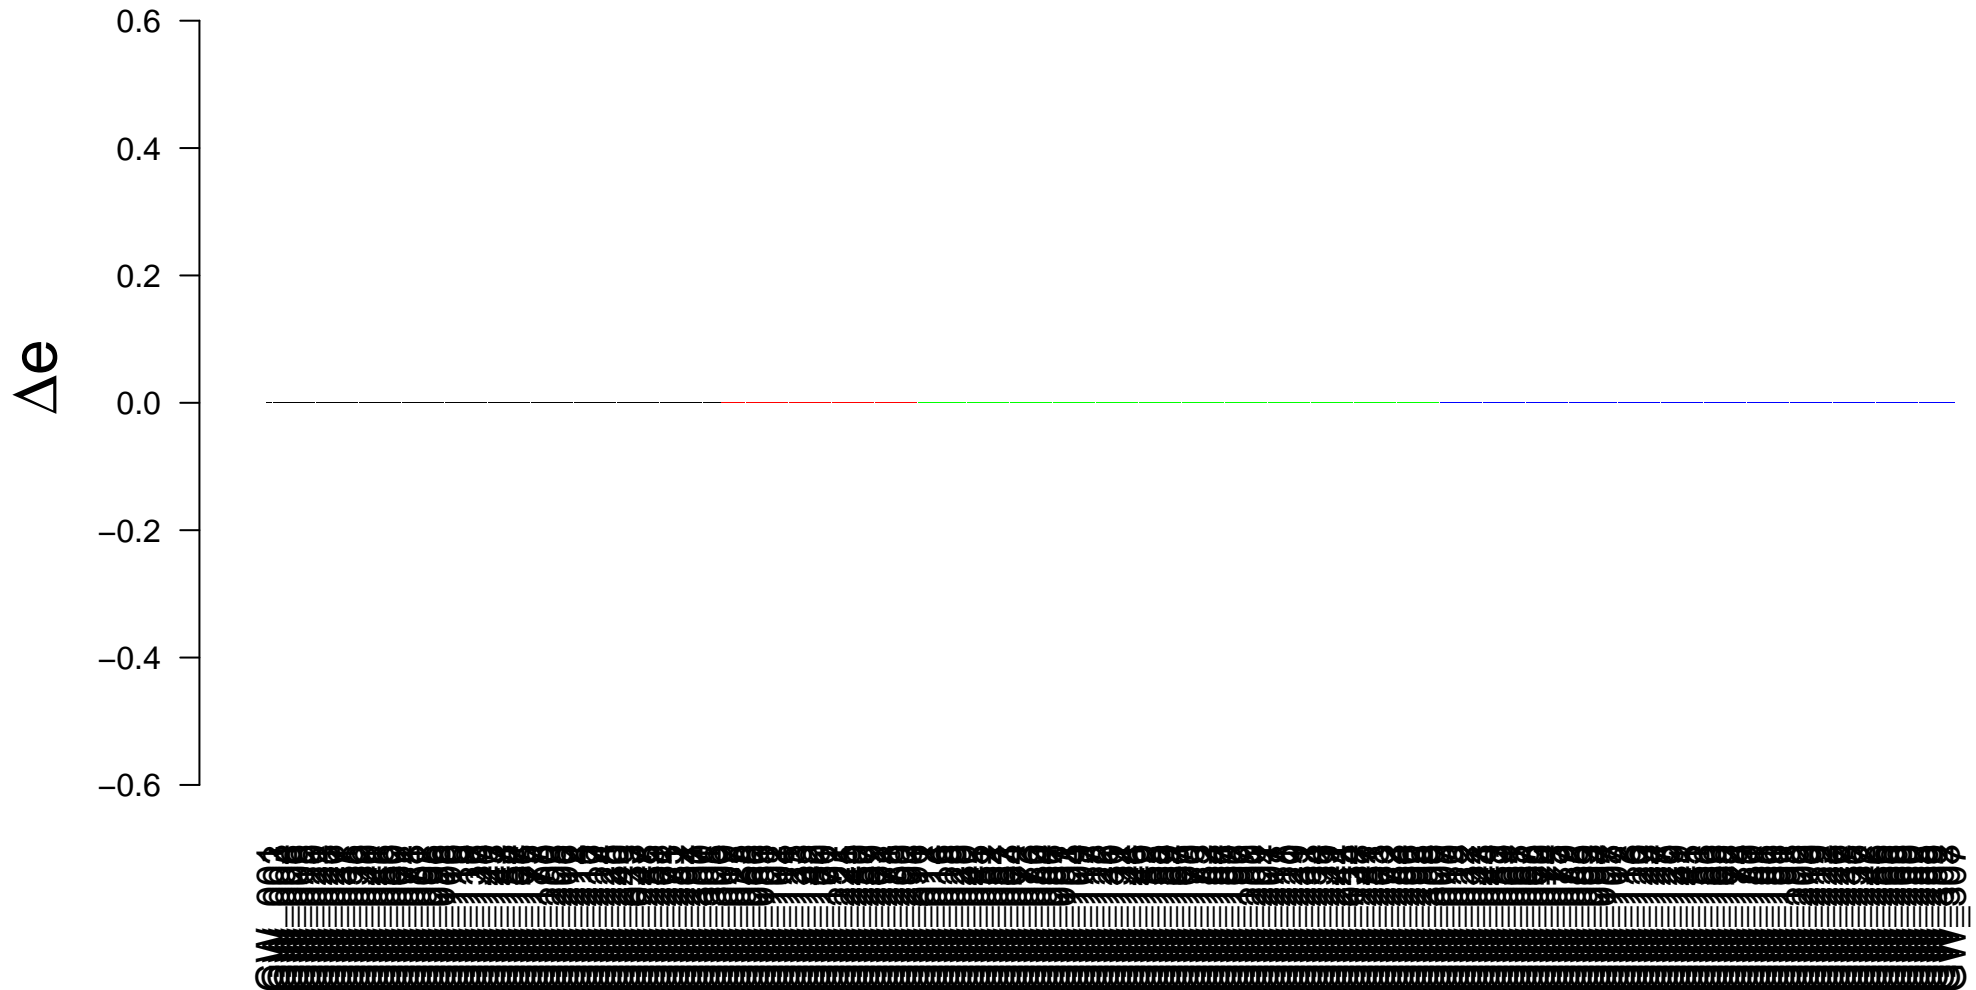

Enrichment in spots: regulation of DNA replication

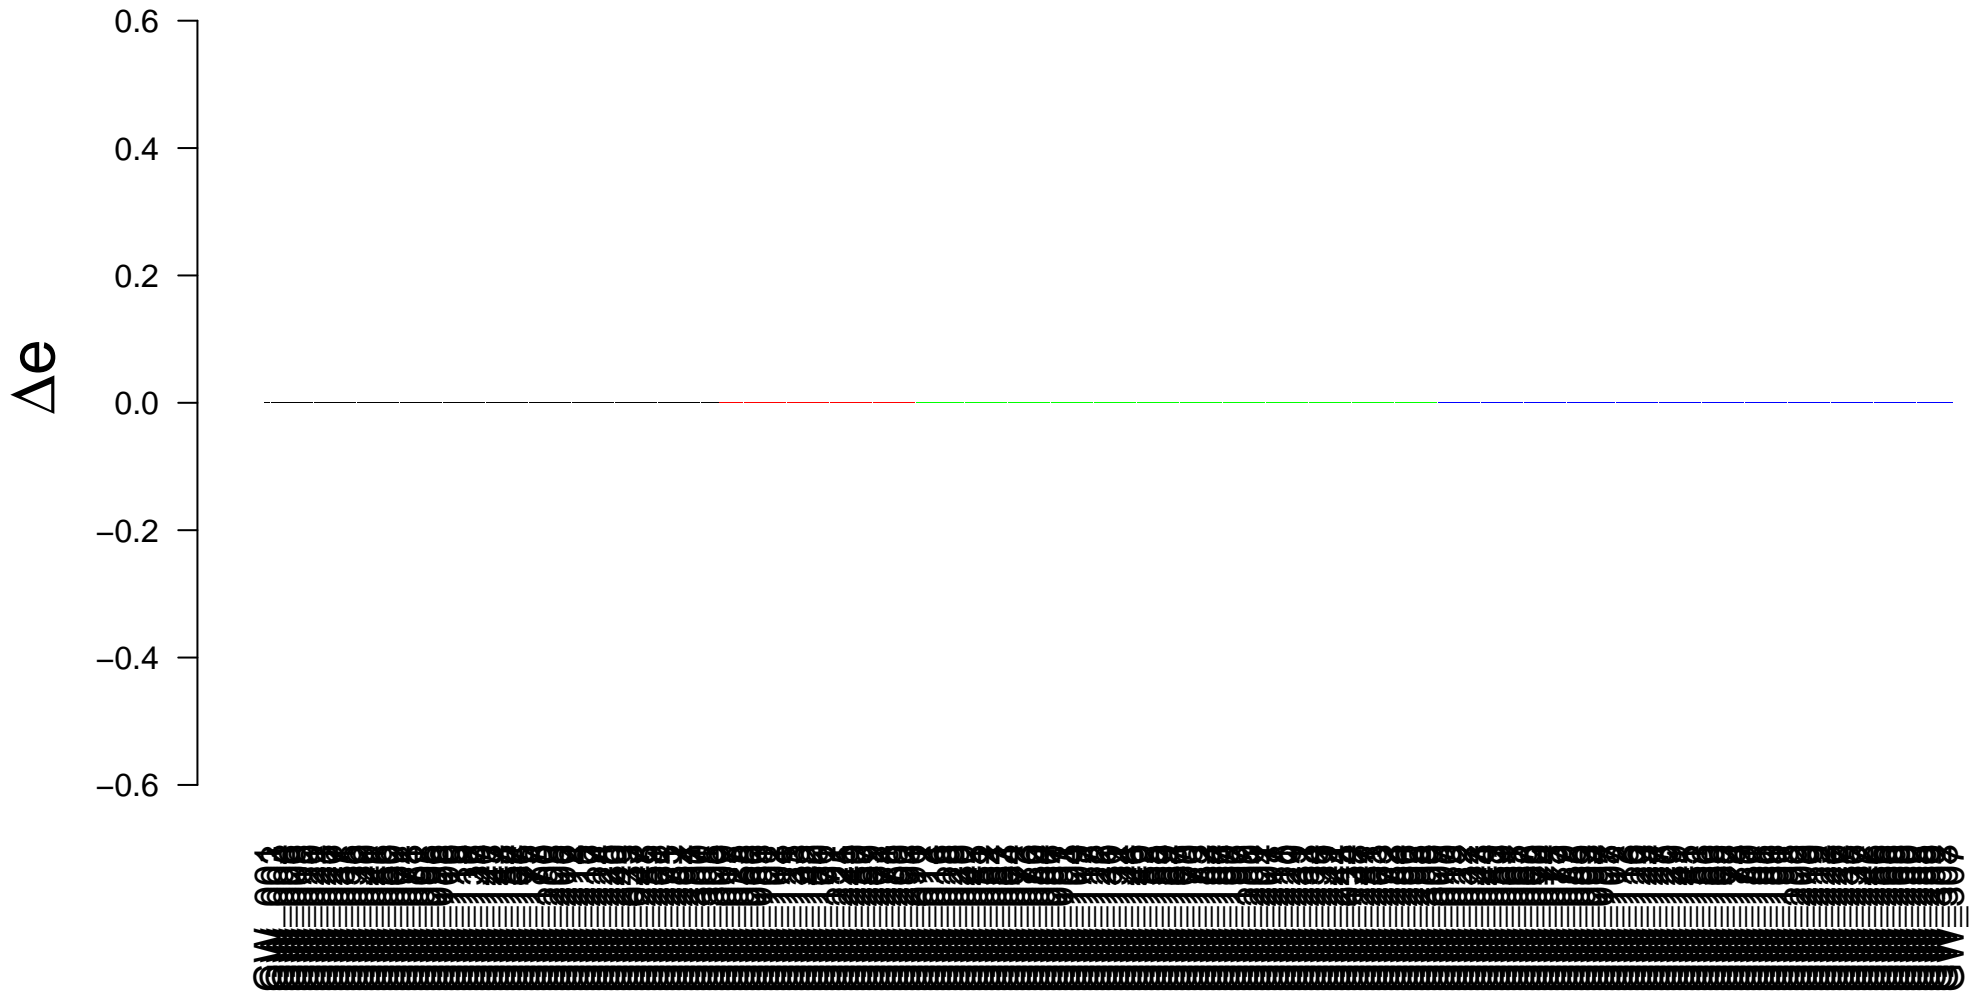

Expression of regulation of DNA replication in Spot A

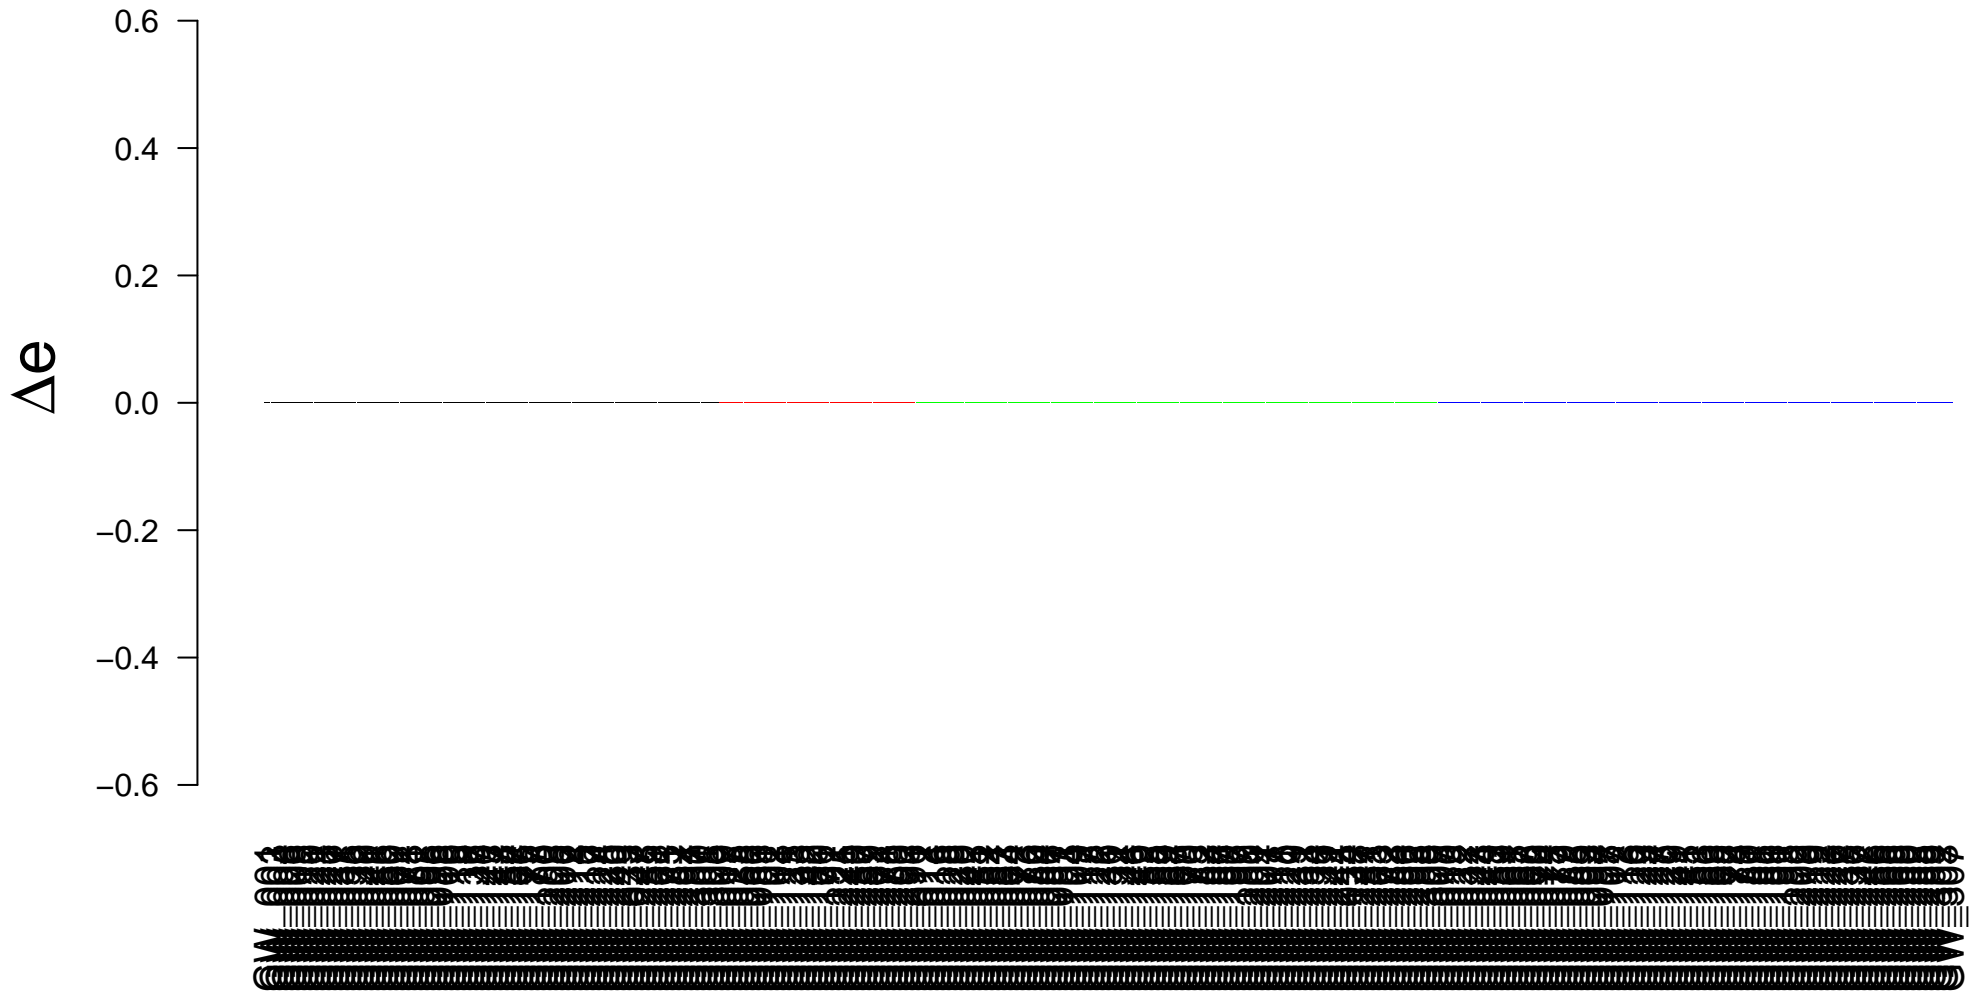

Expression of regulation of DNA replication in Spot B

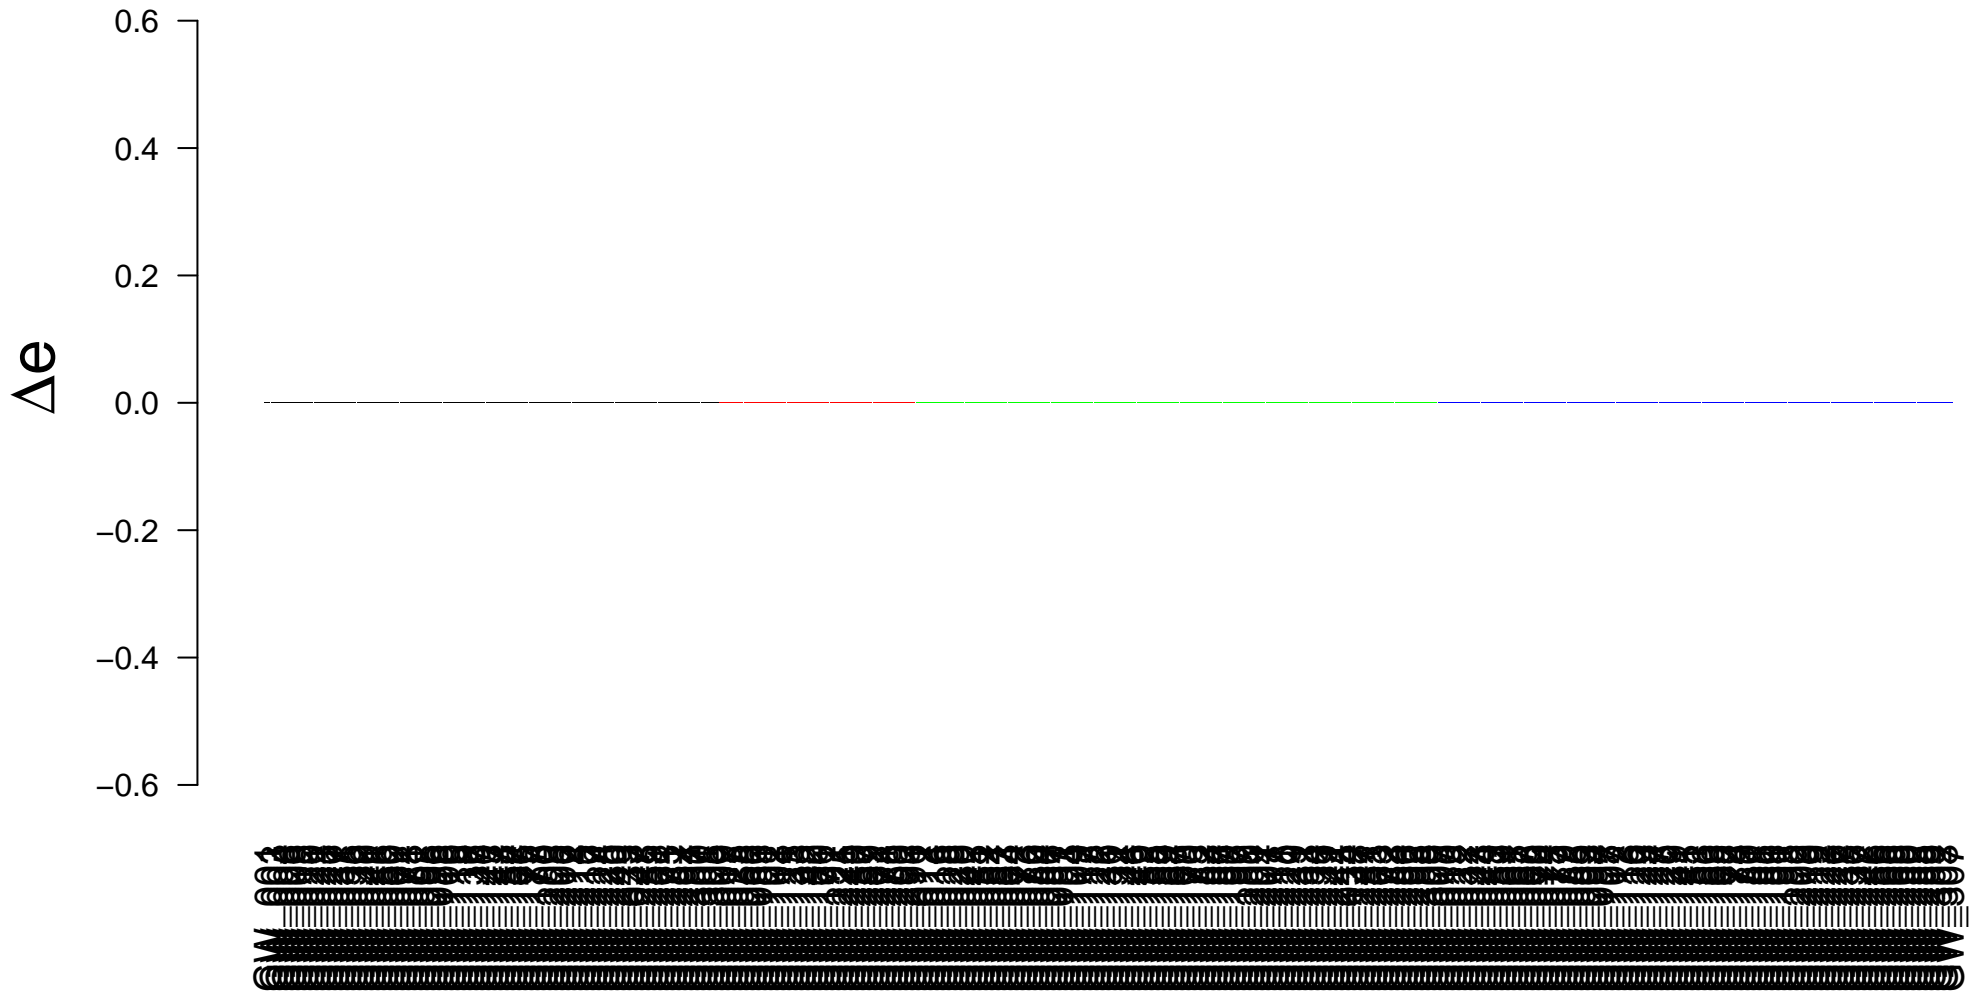

Expression of regulation of DNA replication in Spot C

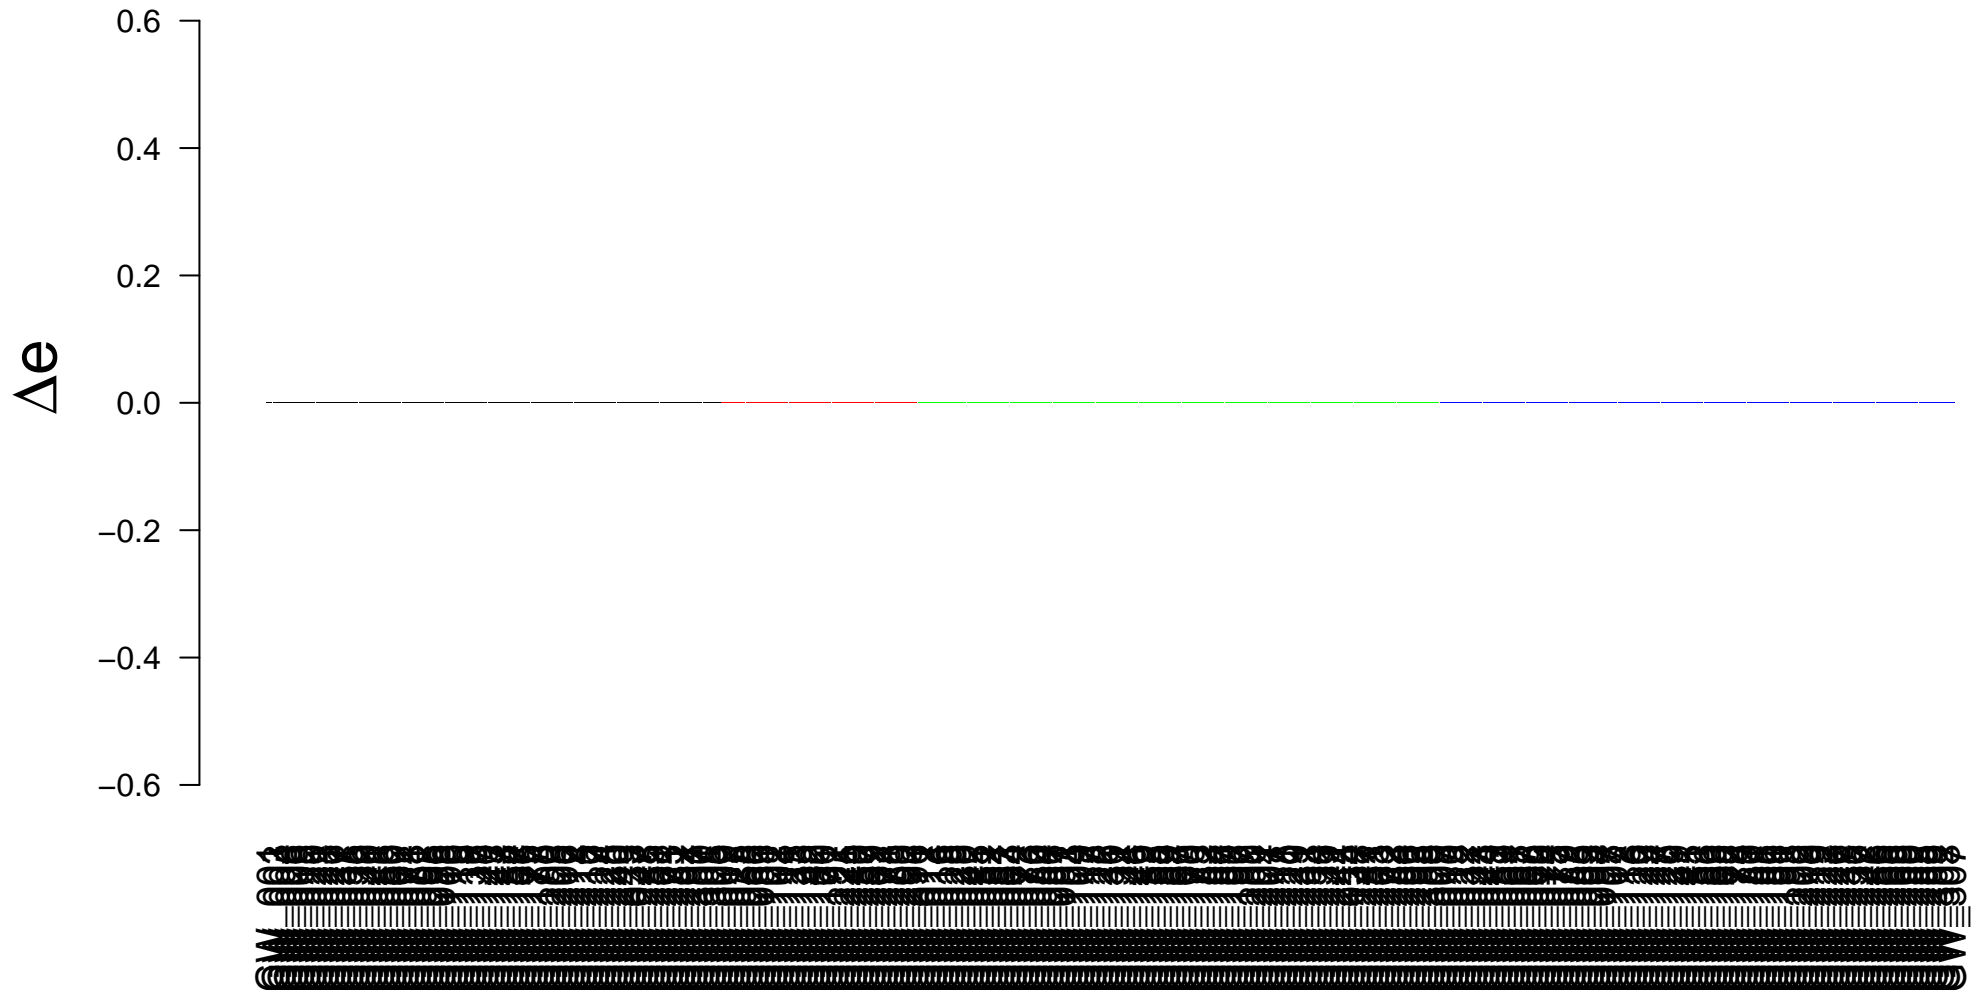

Expression of regulation of DNA replication in Spot D

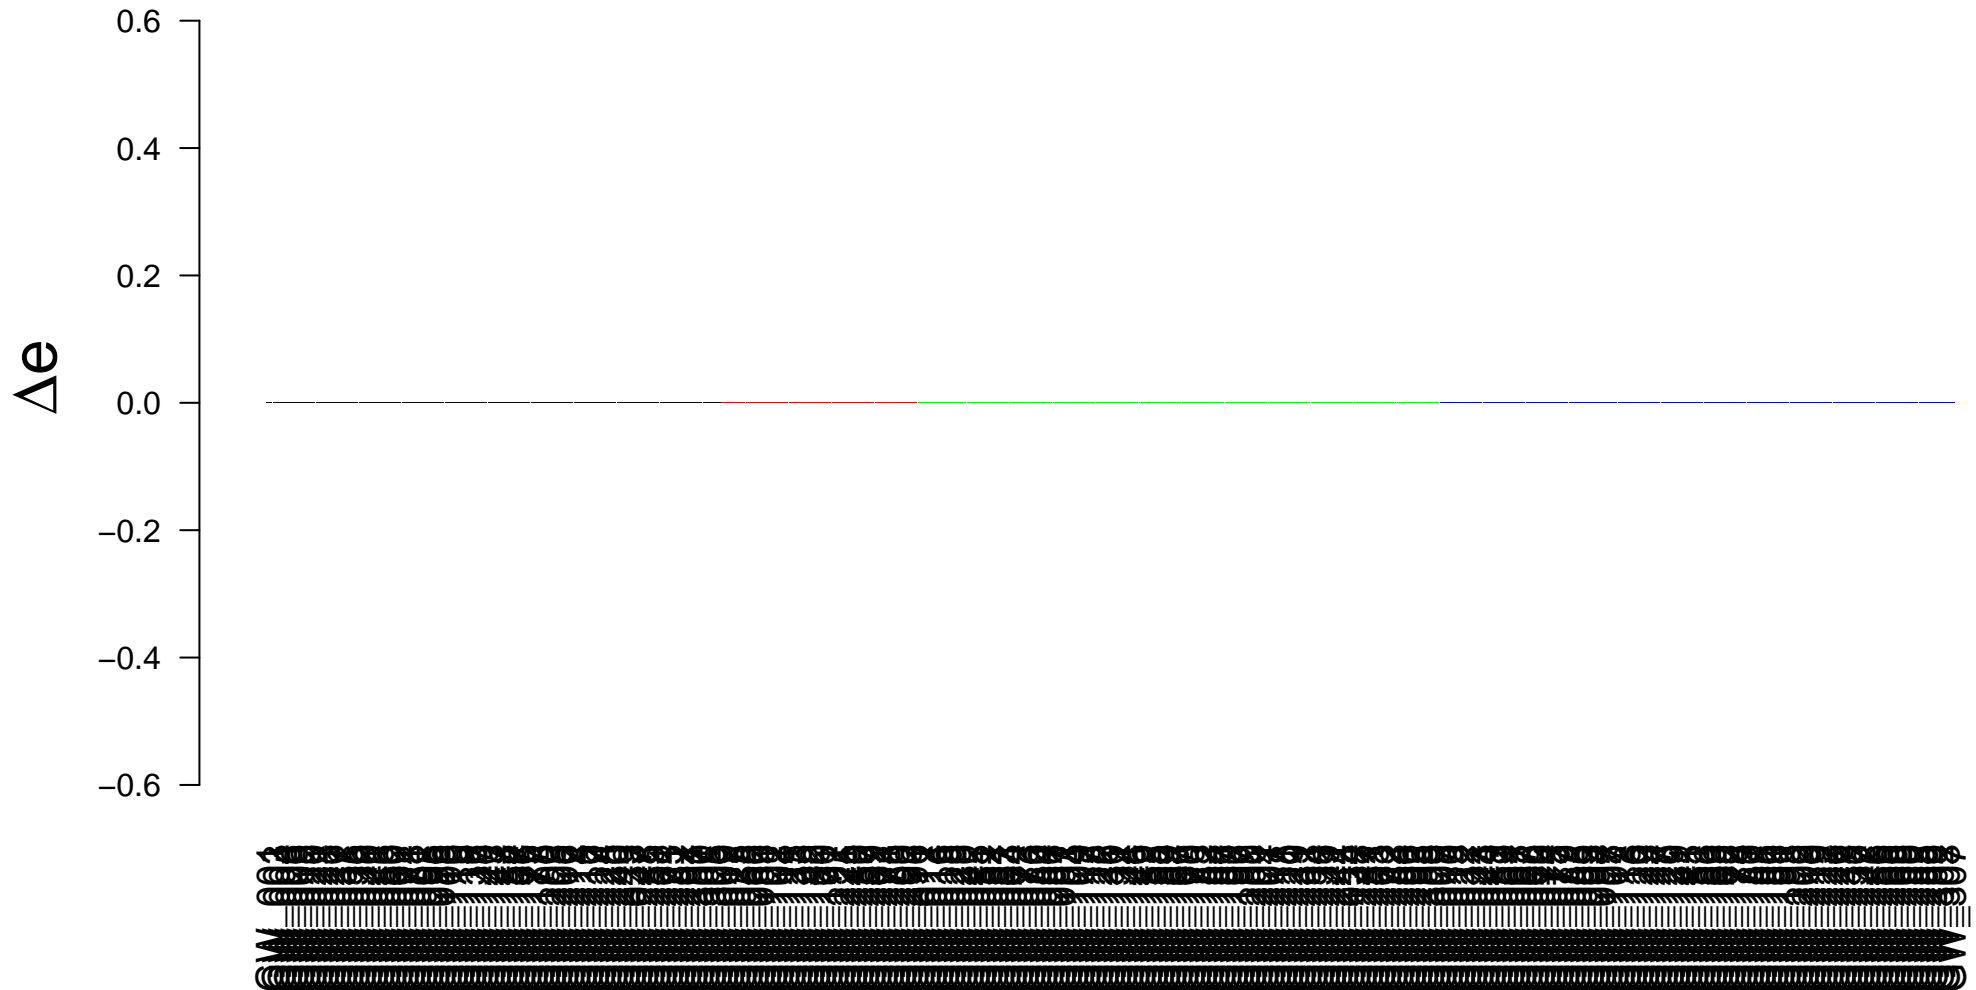

Expression of regulation of DNA replication in Spot E

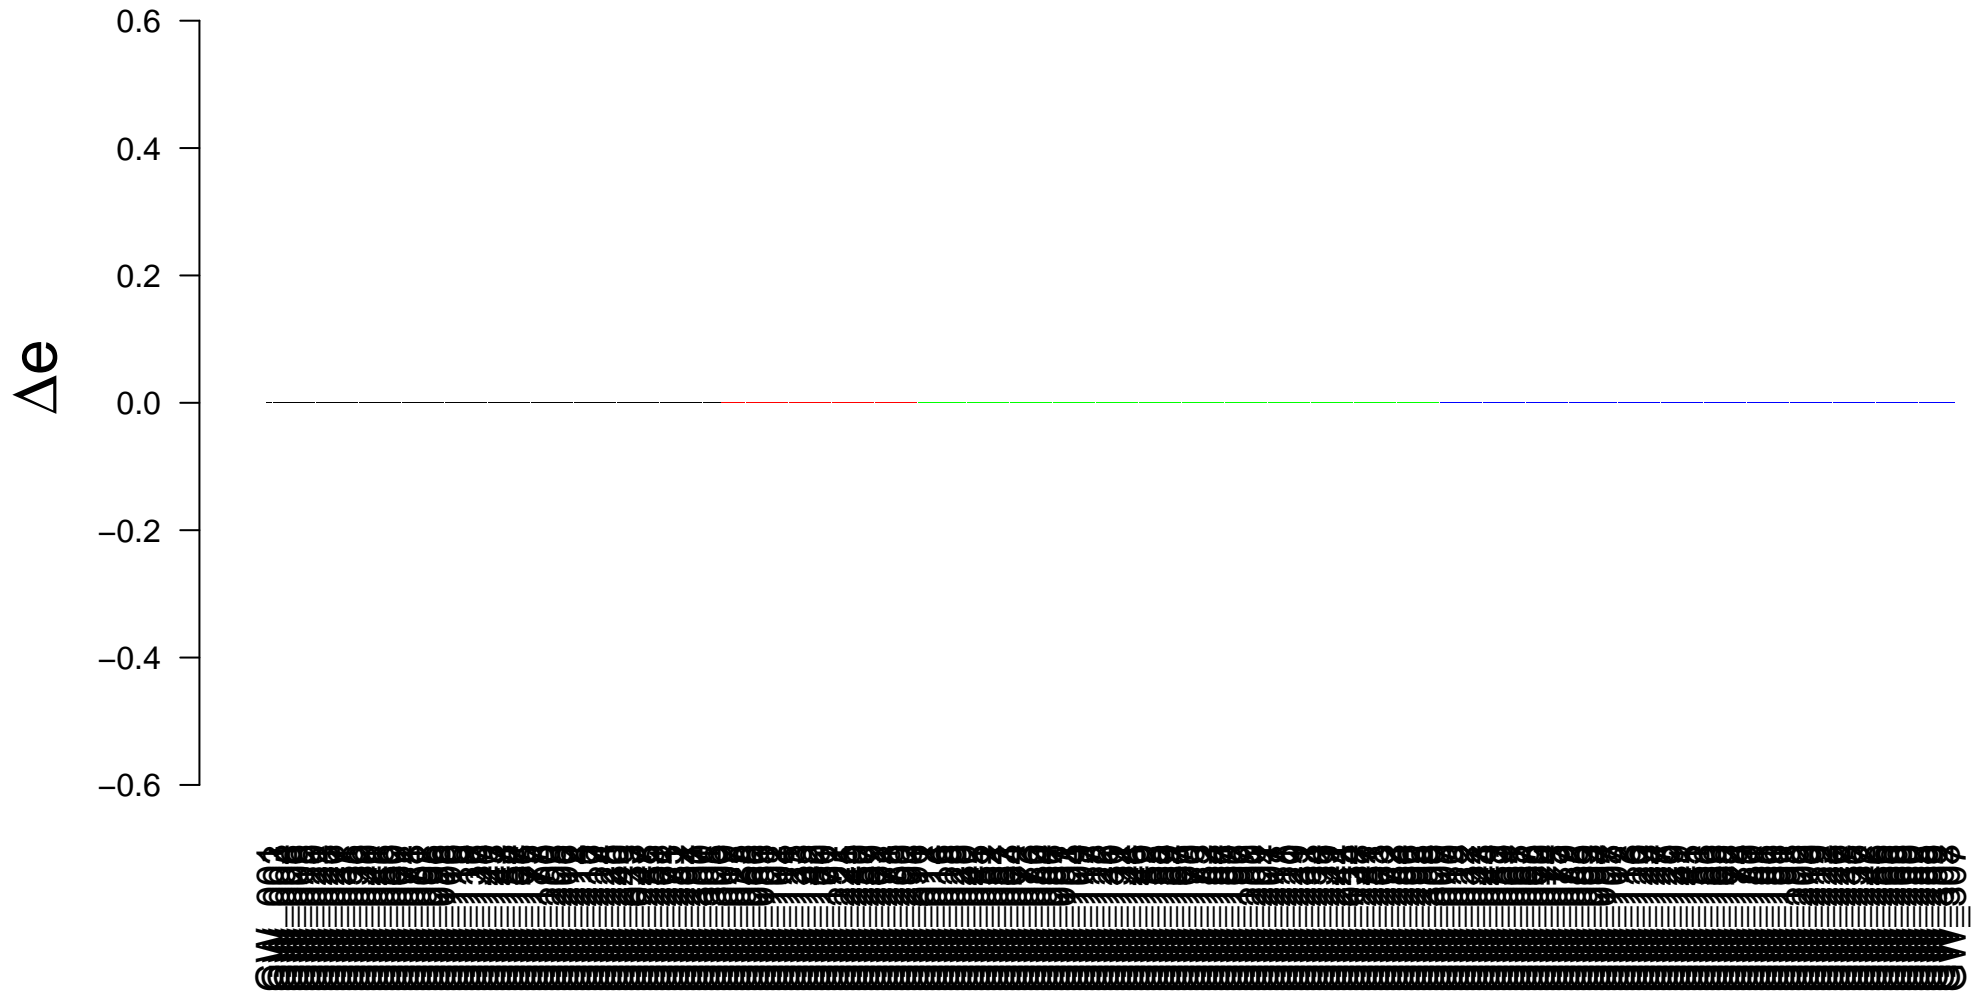

Expression of regulation of DNA replication in Spot F

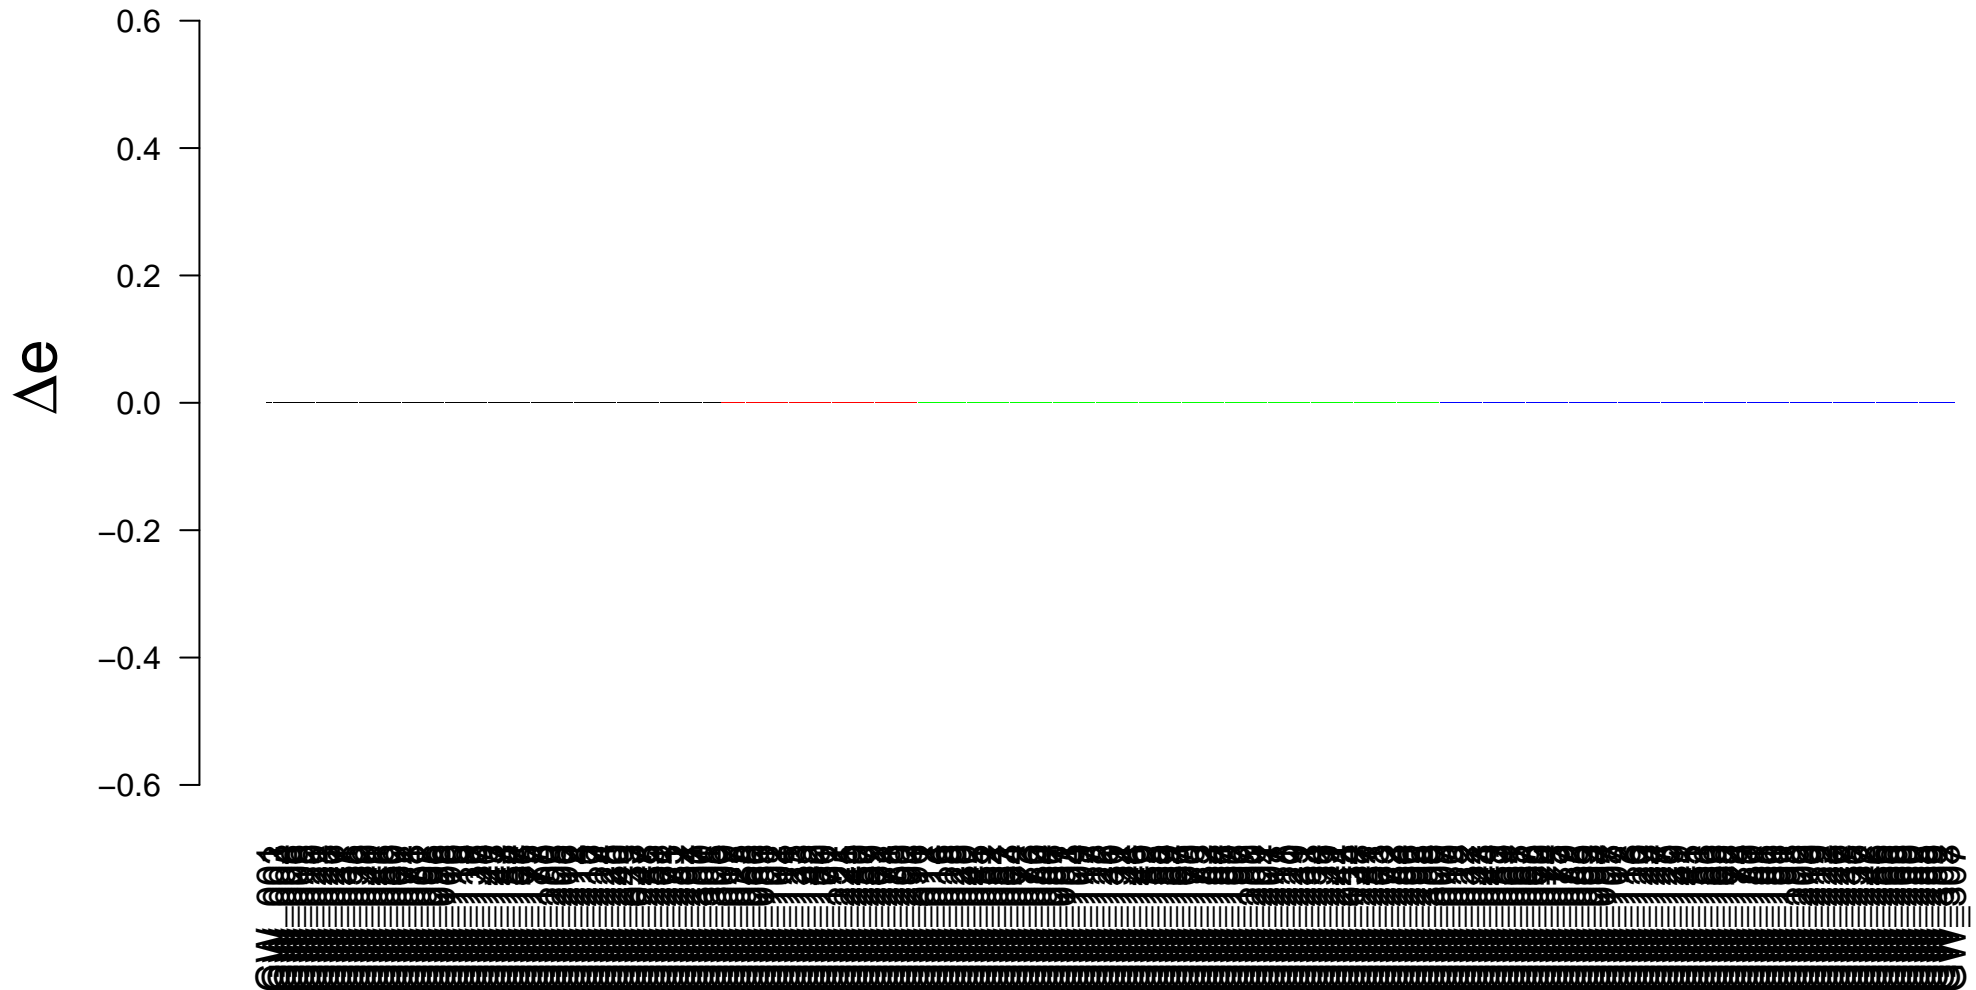

Expression of regulation of DNA replication in Spot G

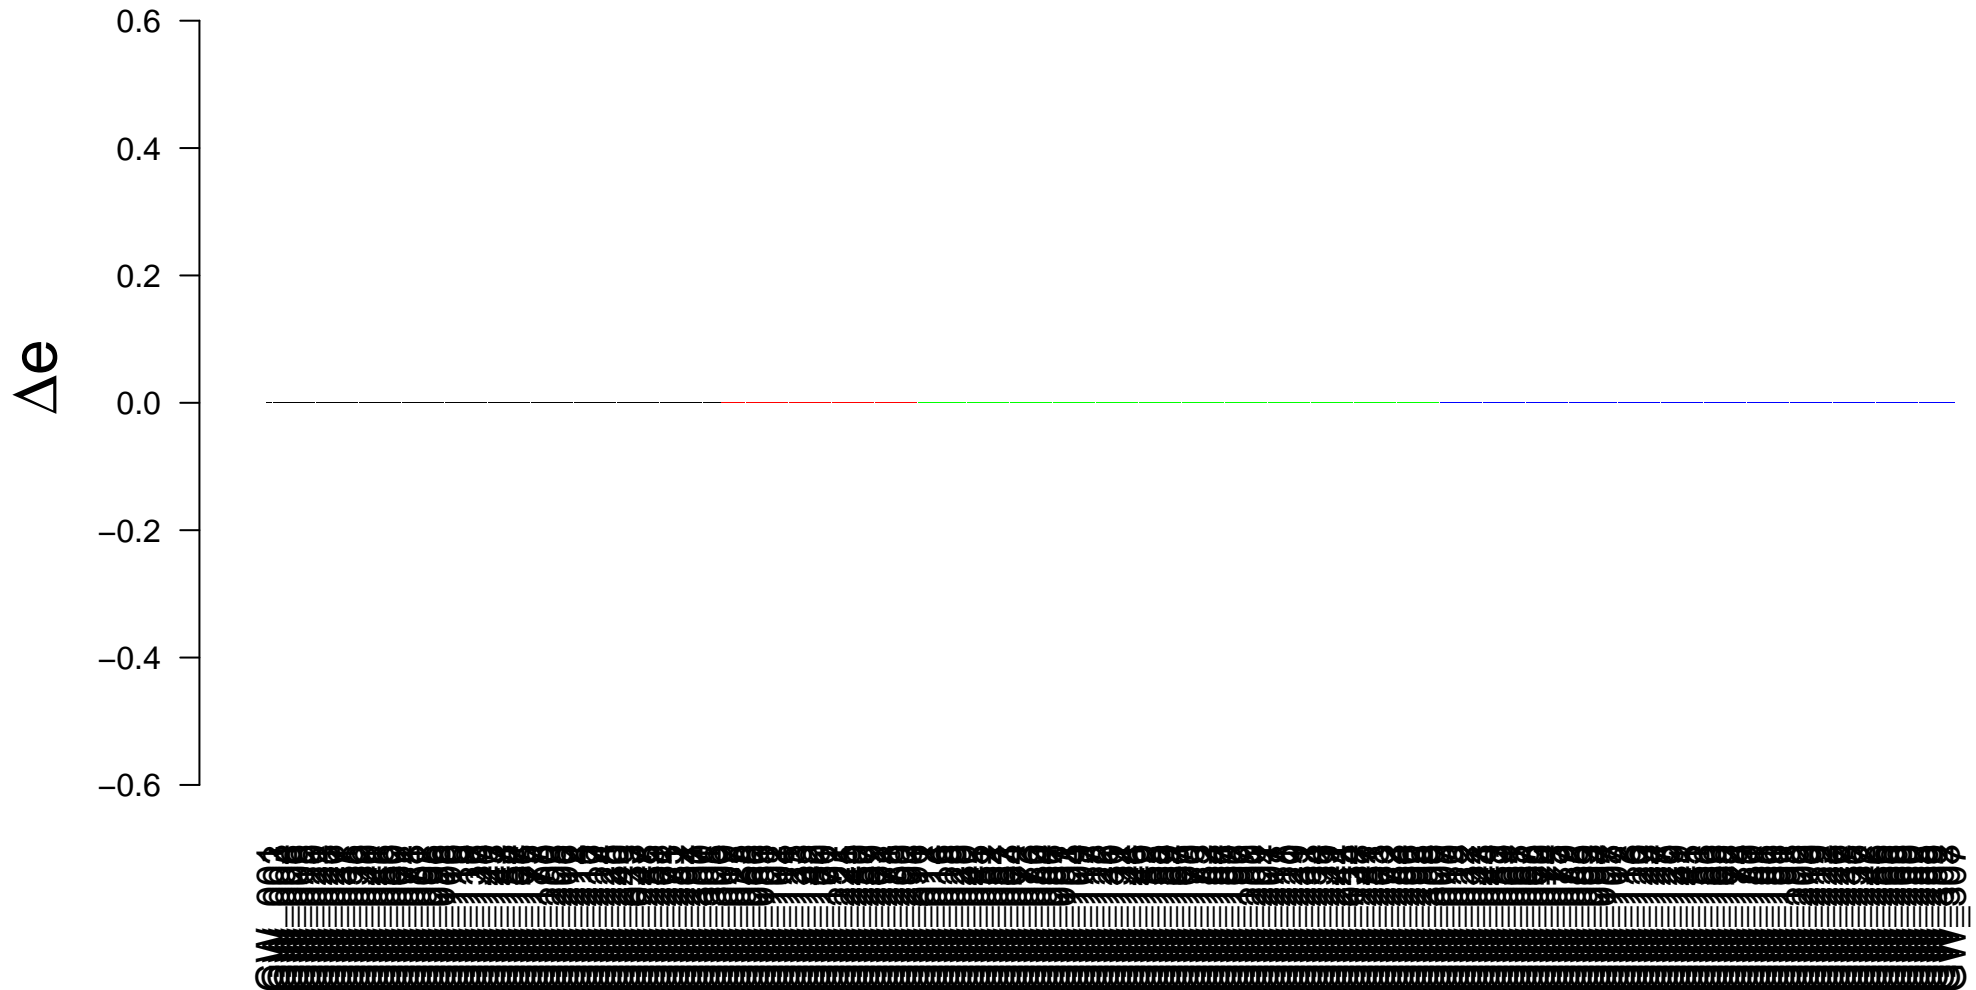

Expression of regulation of DNA replication in Spot H

Expression of regulation of DNA replication in Spot I

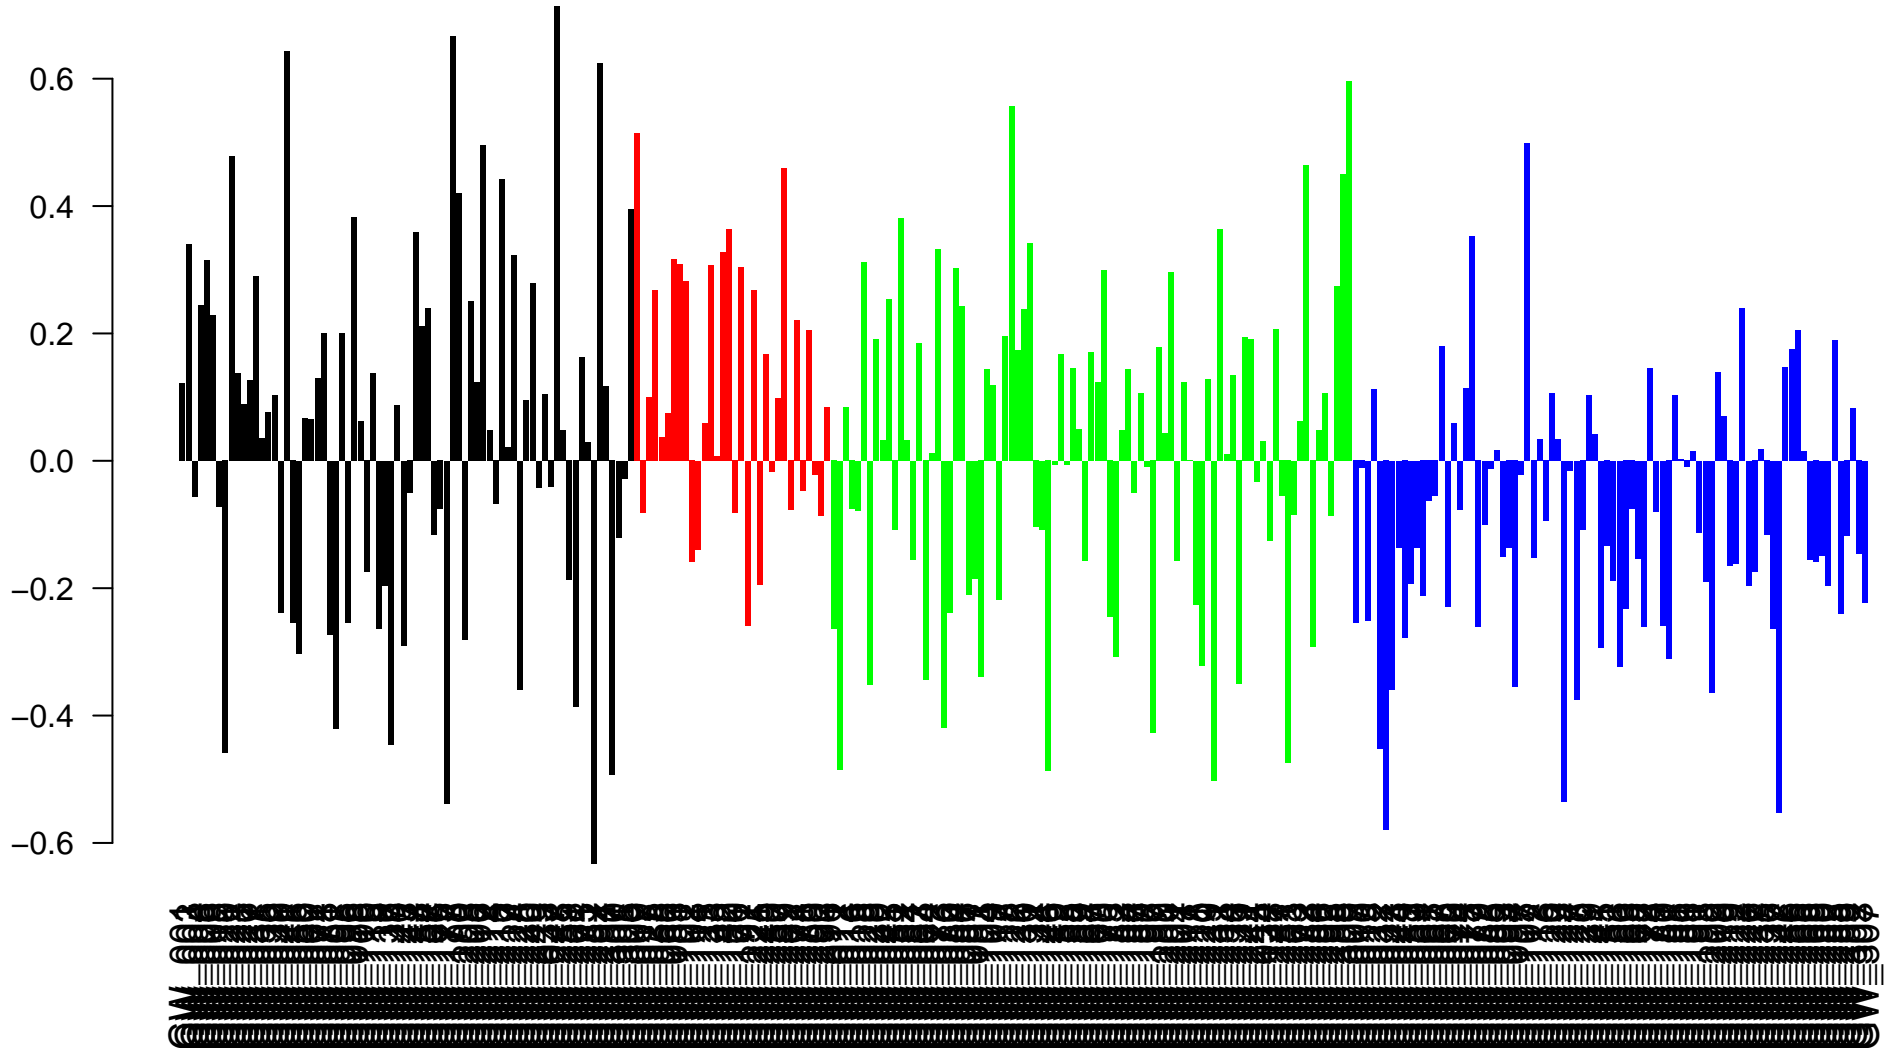

Expression of regulation of DNA replication in Spot J

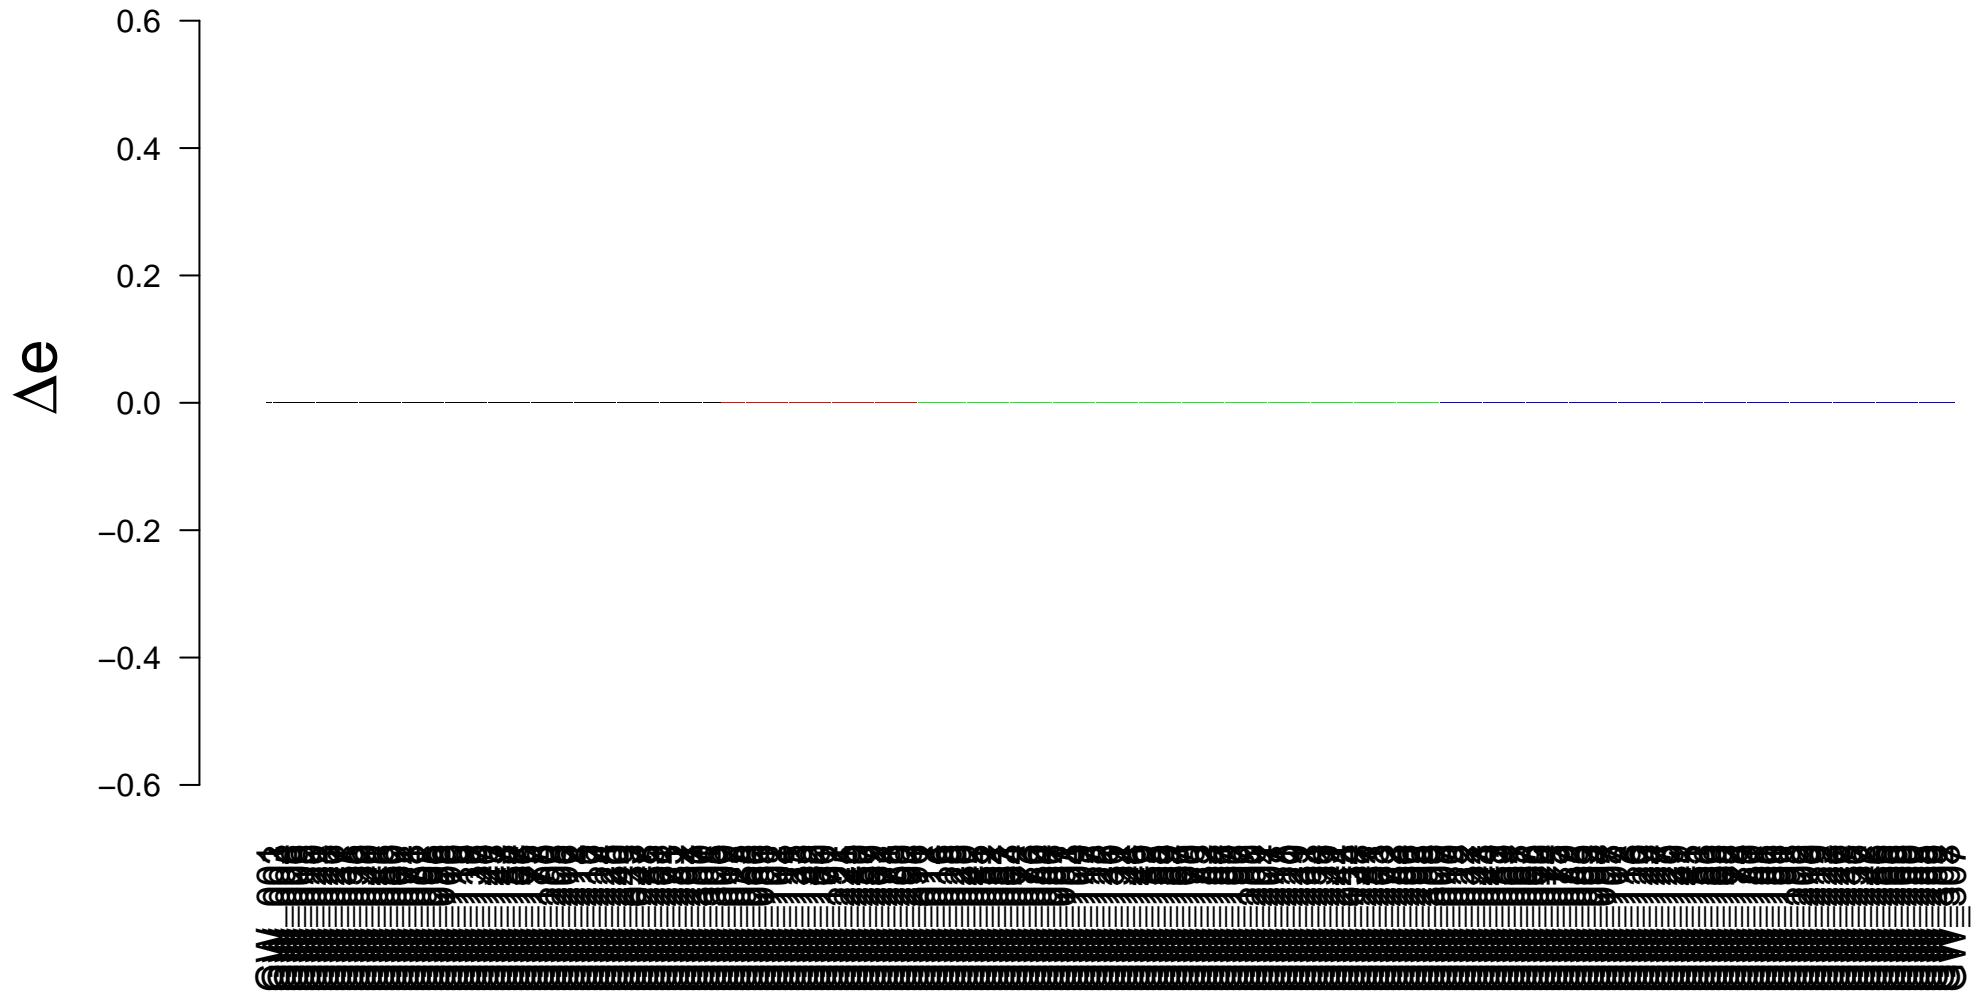

Expression of regulation of DNA replication in Spot K

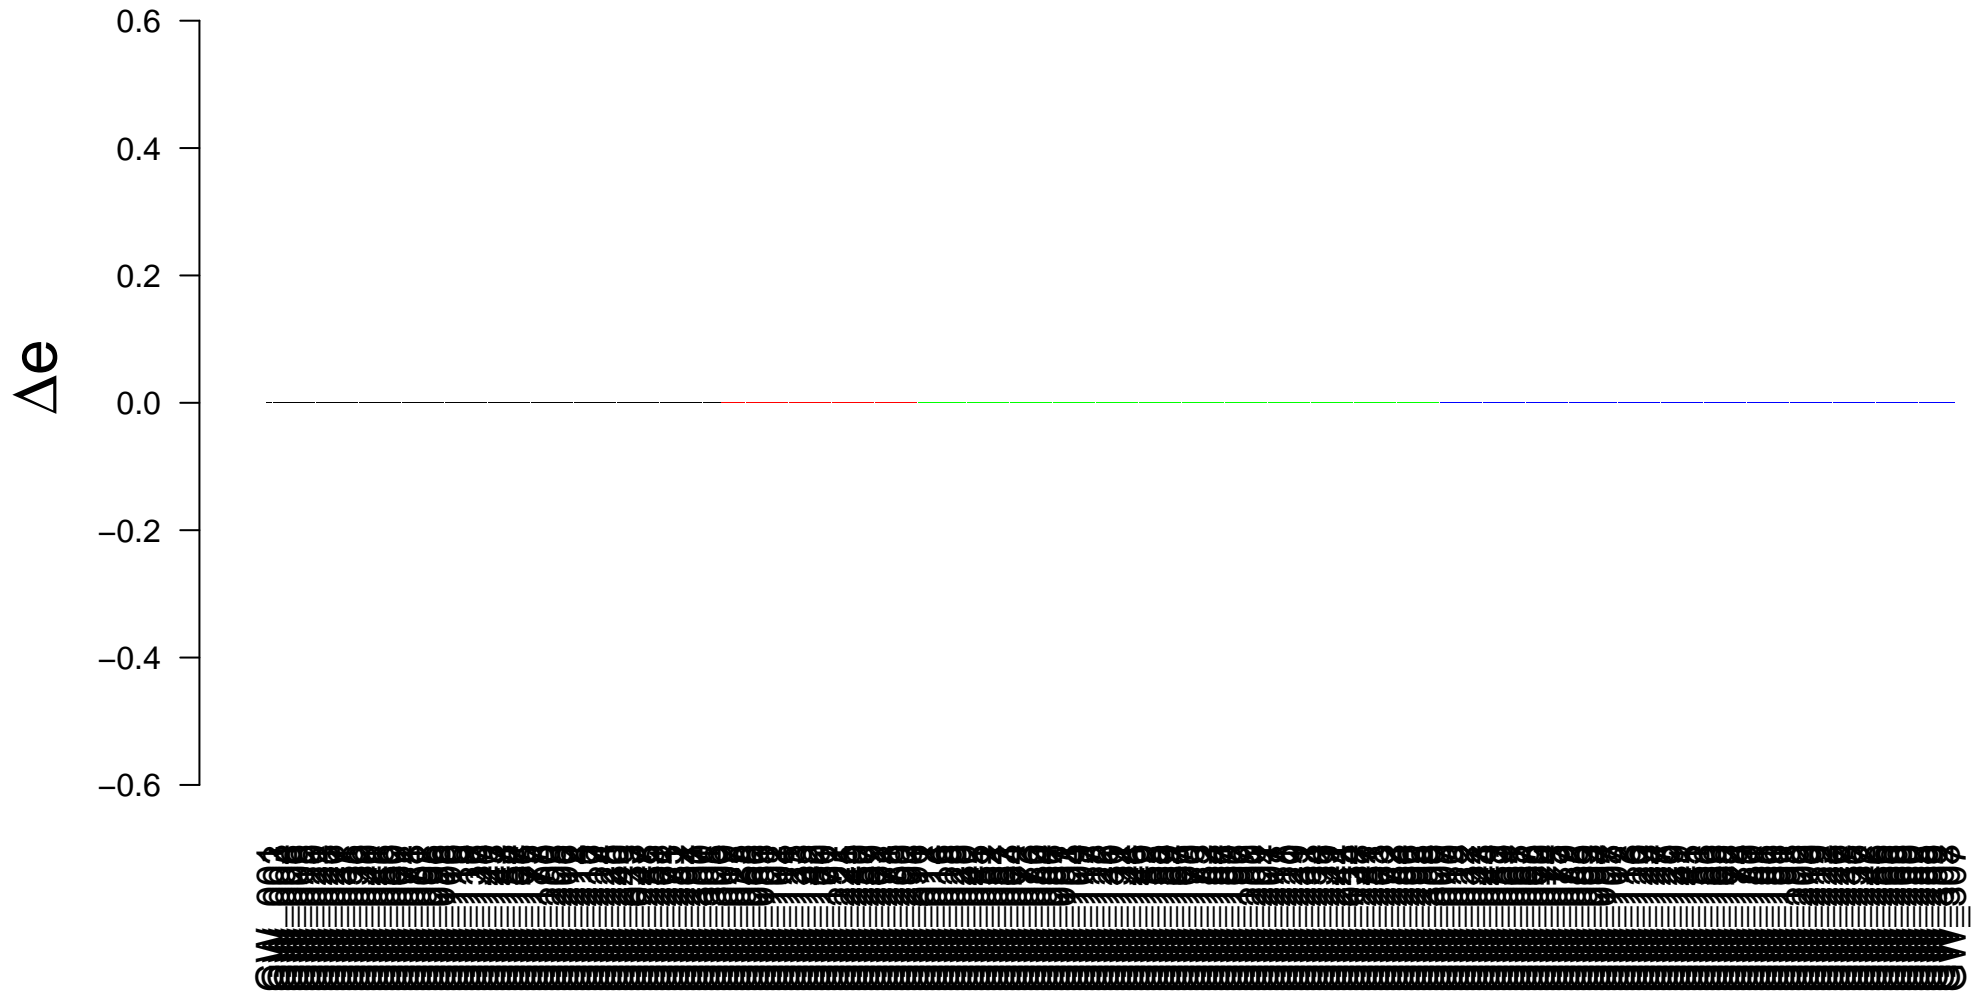

Δe

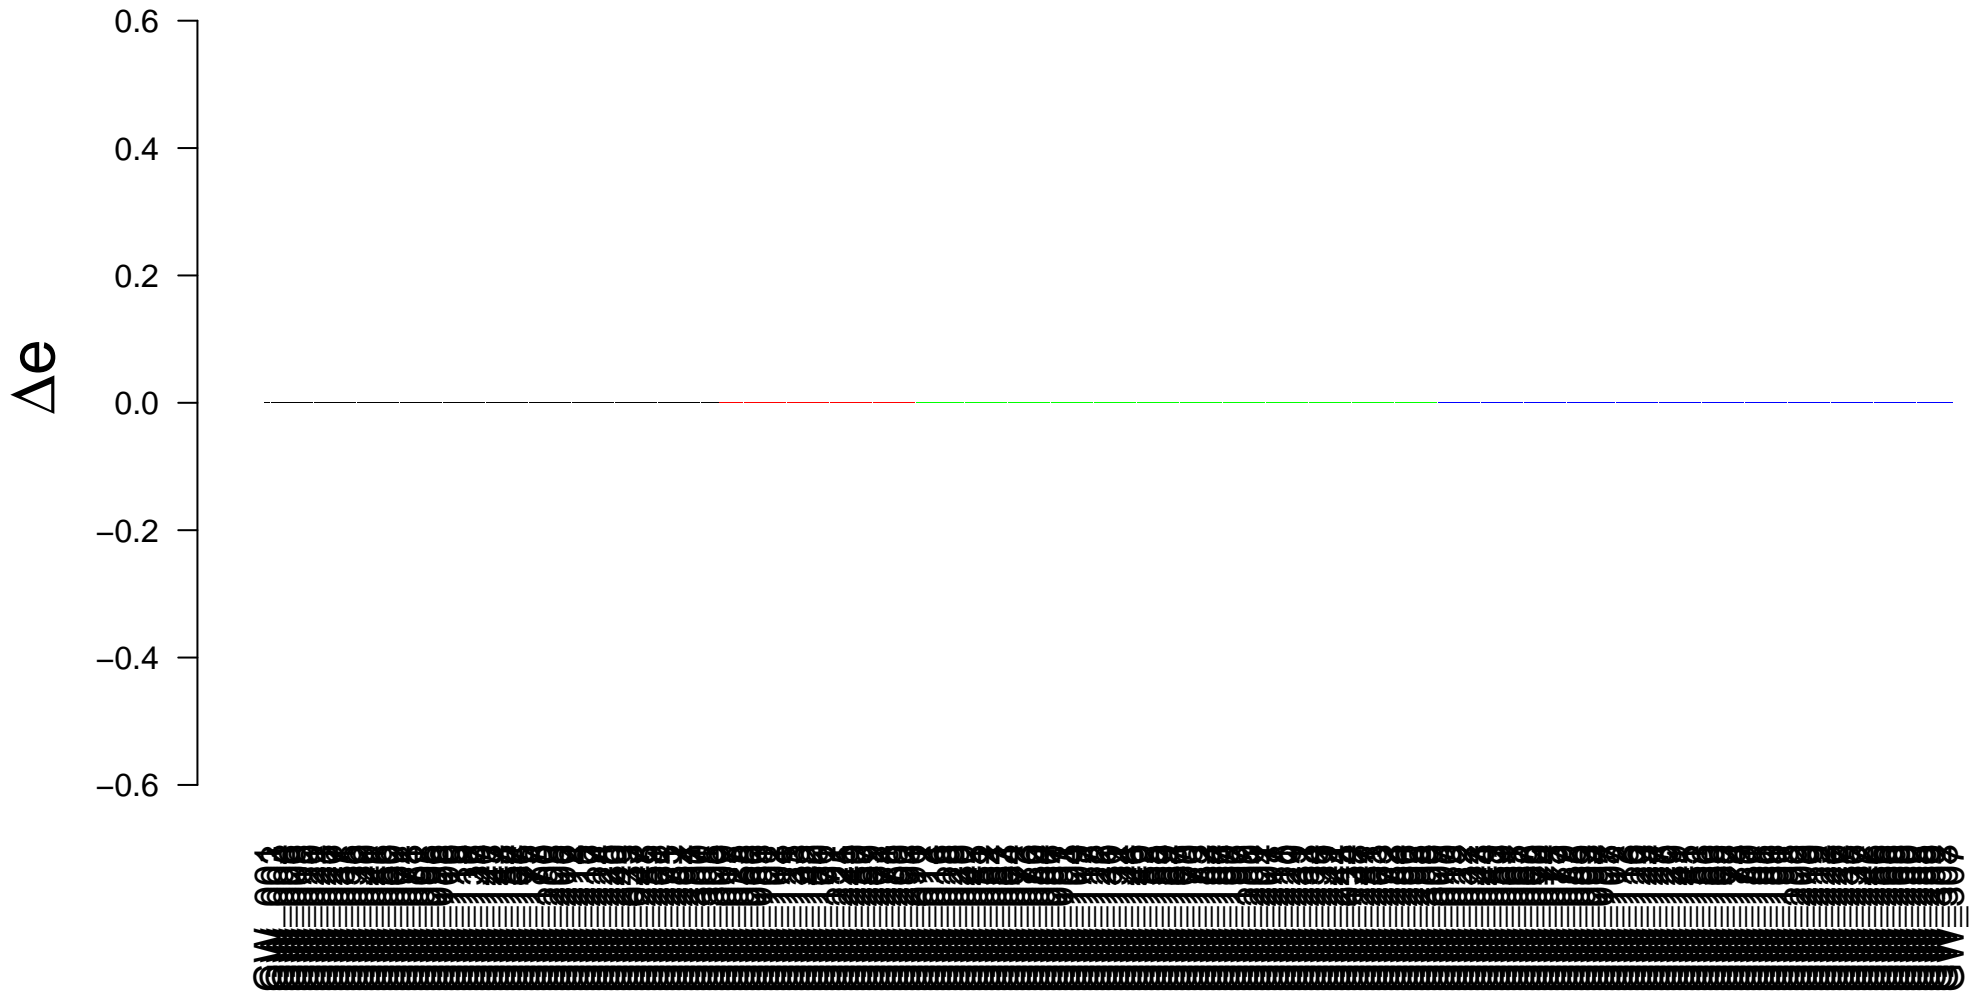

Expression of regulation of DNA replication in Spot L

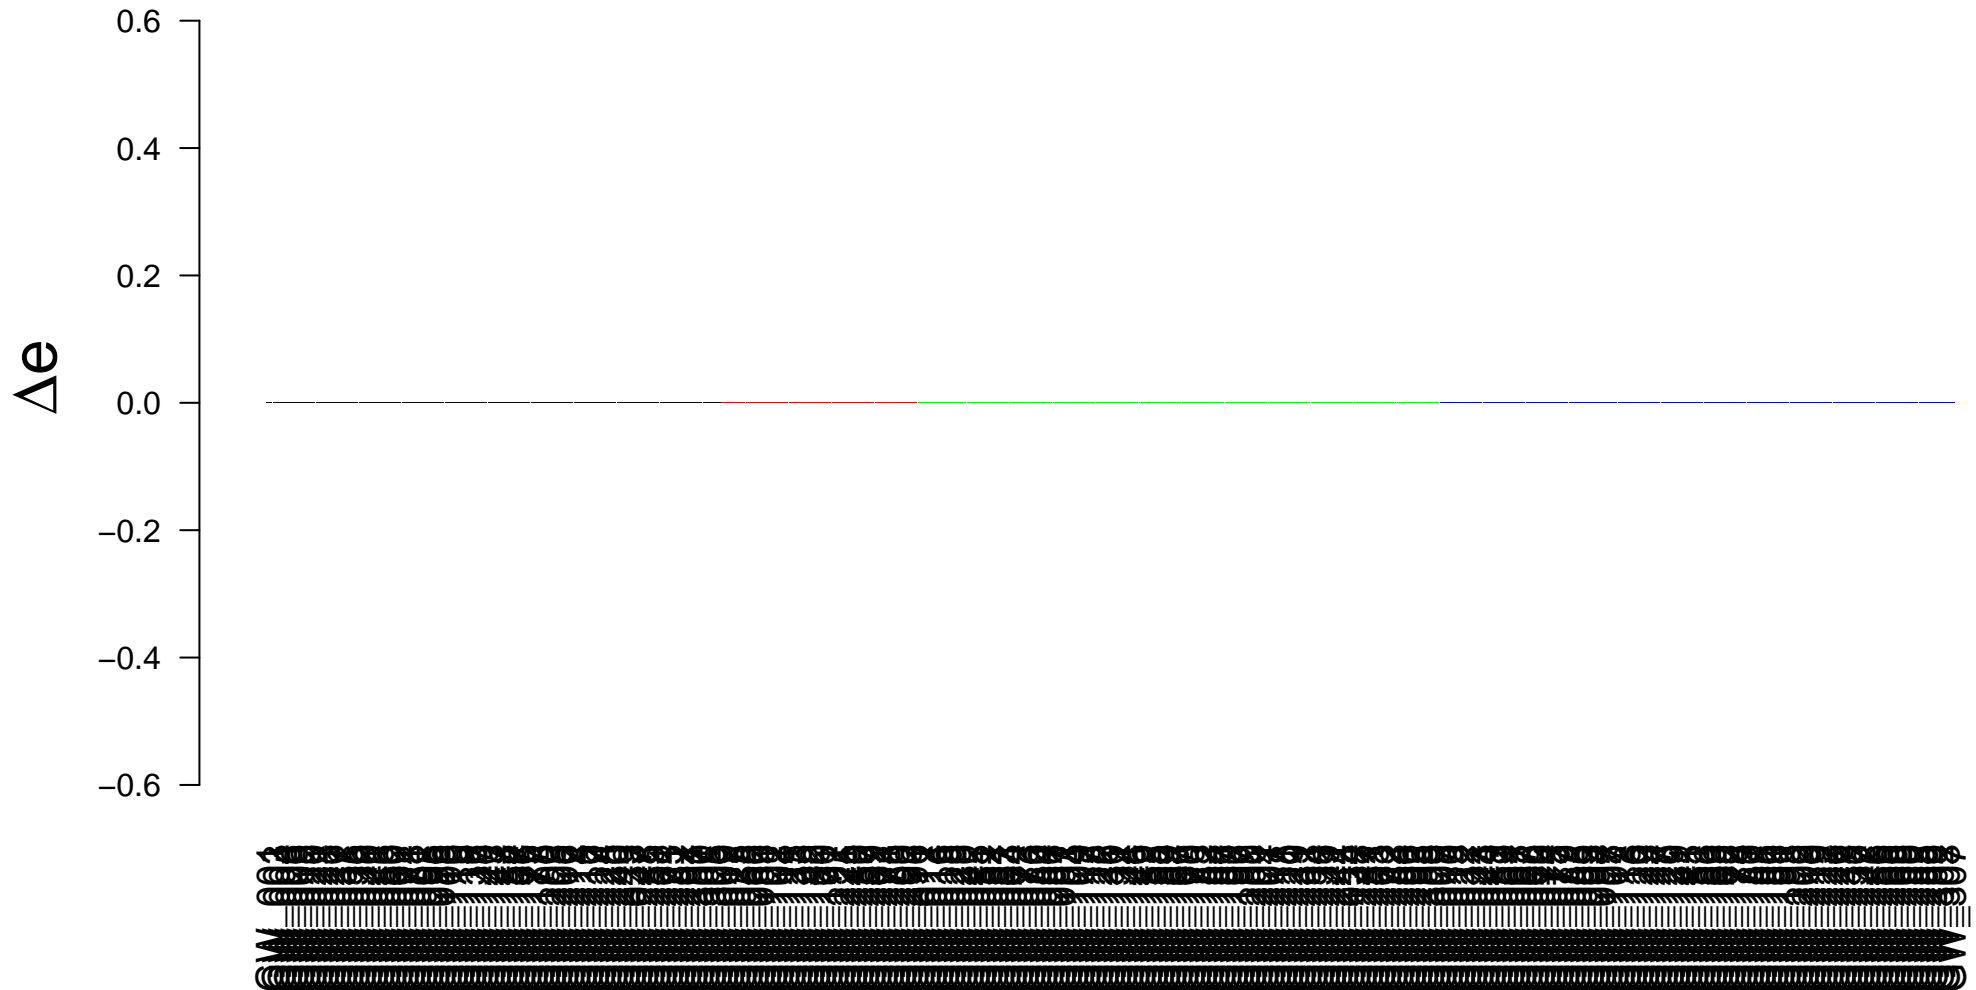

Expression of regulation of DNA replication in Spot M

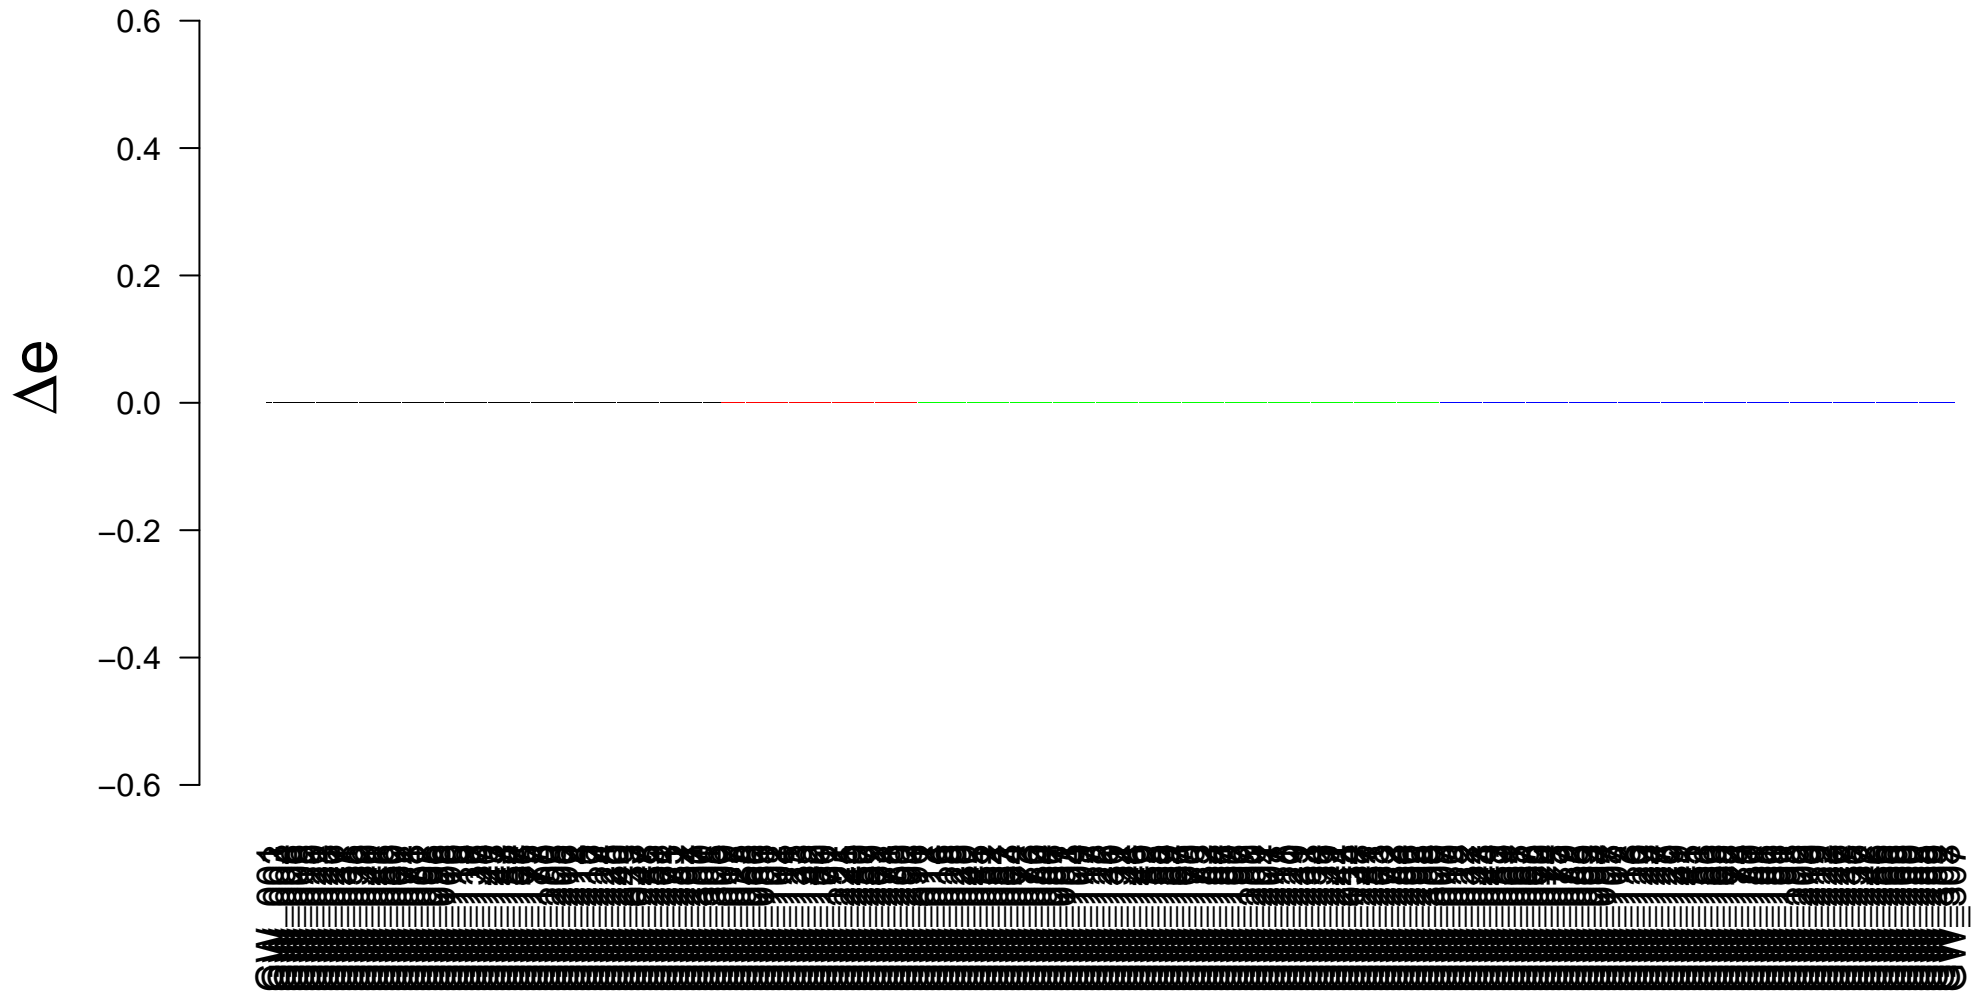

Expression of regulation of DNA replication in Spot N

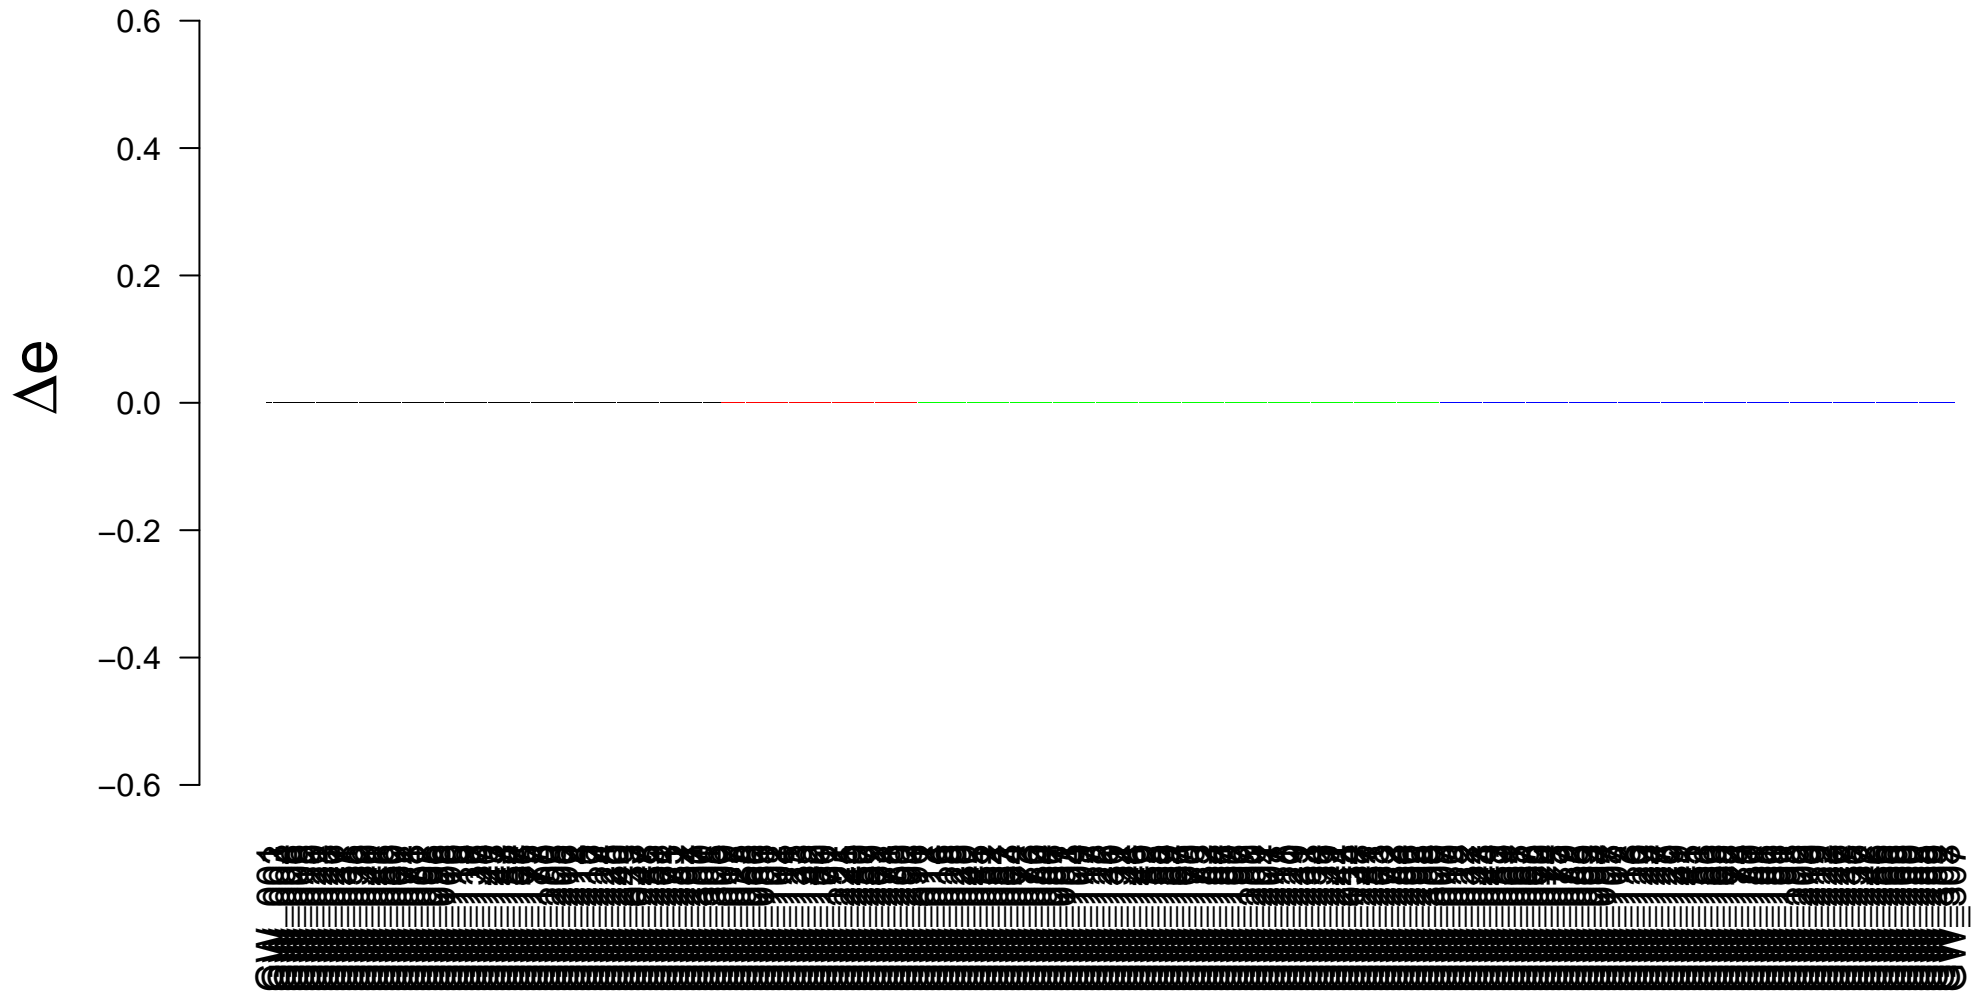

Expression of regulation of DNA replication in Spot O

Expression of regulation of DNA replication in Spot P

Expression of regulation of DNA replication in Spot Q

Expression of regulation of DNA replication in Spot R
