

regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion

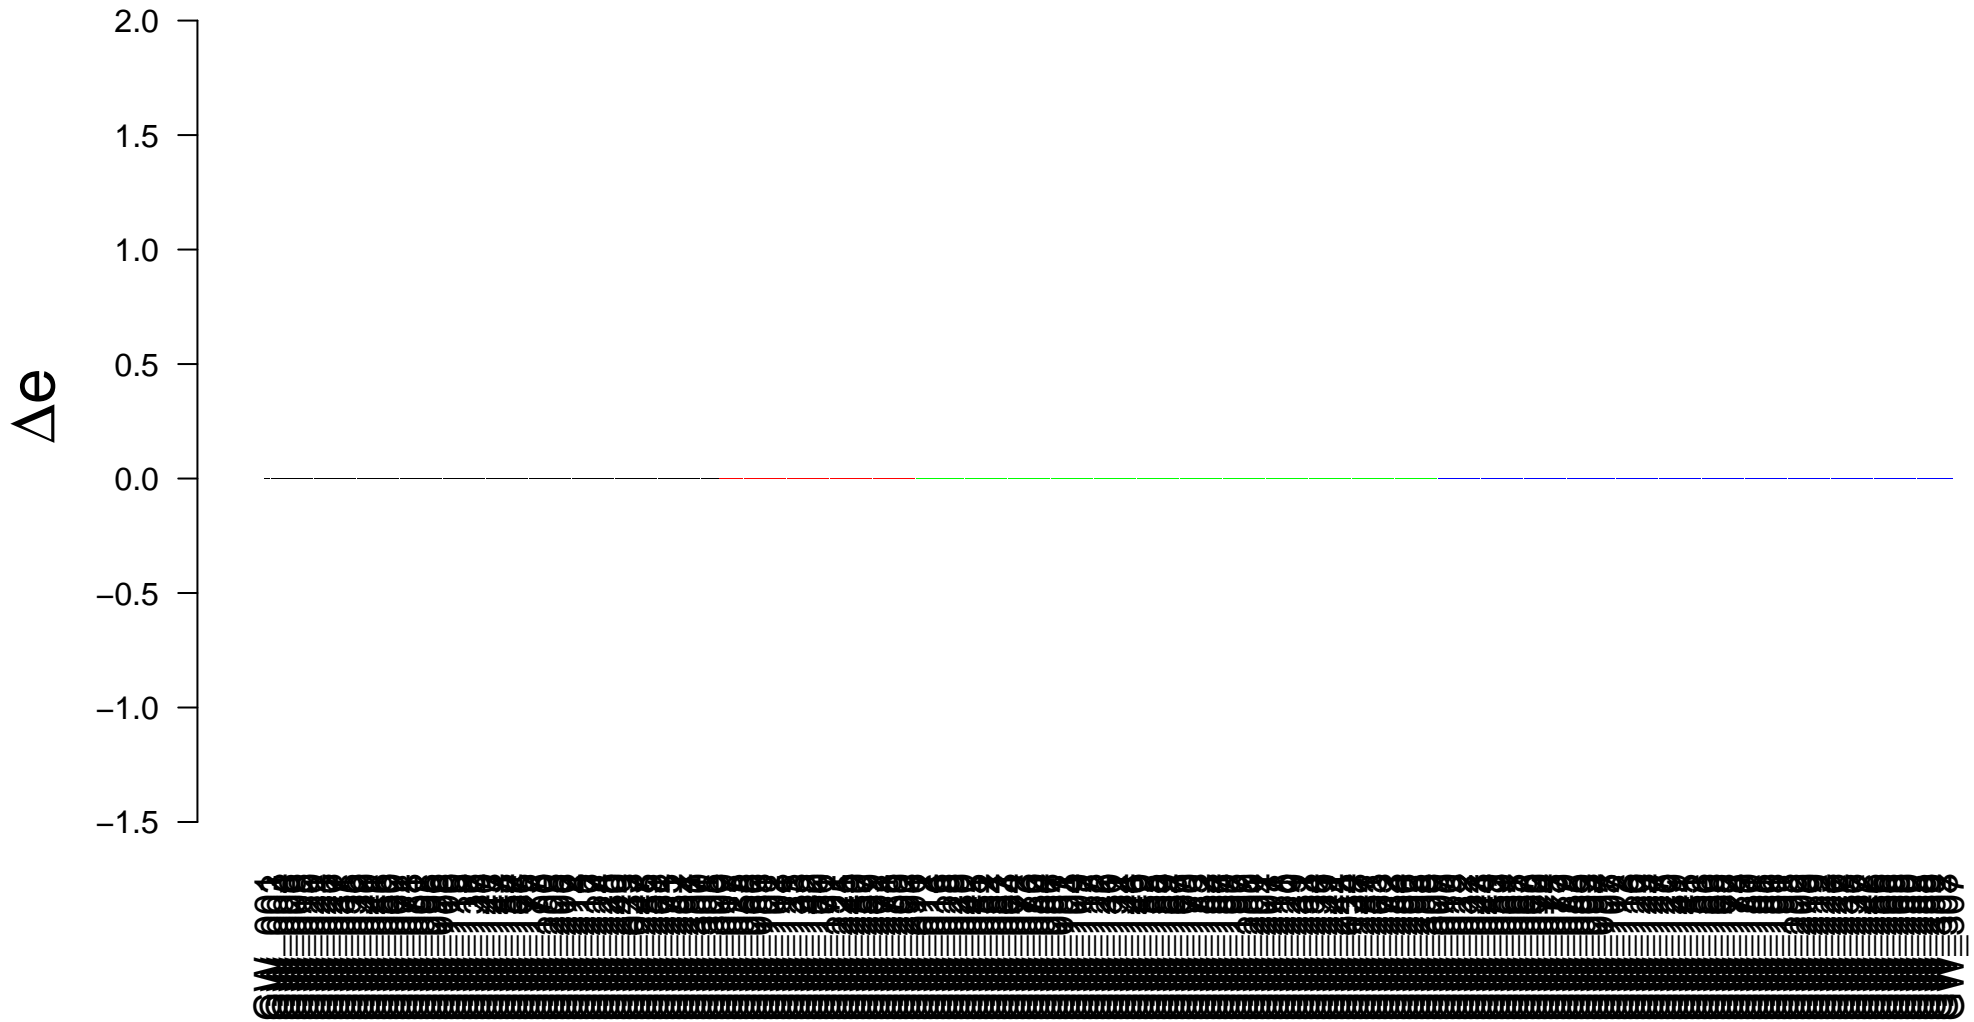

regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion

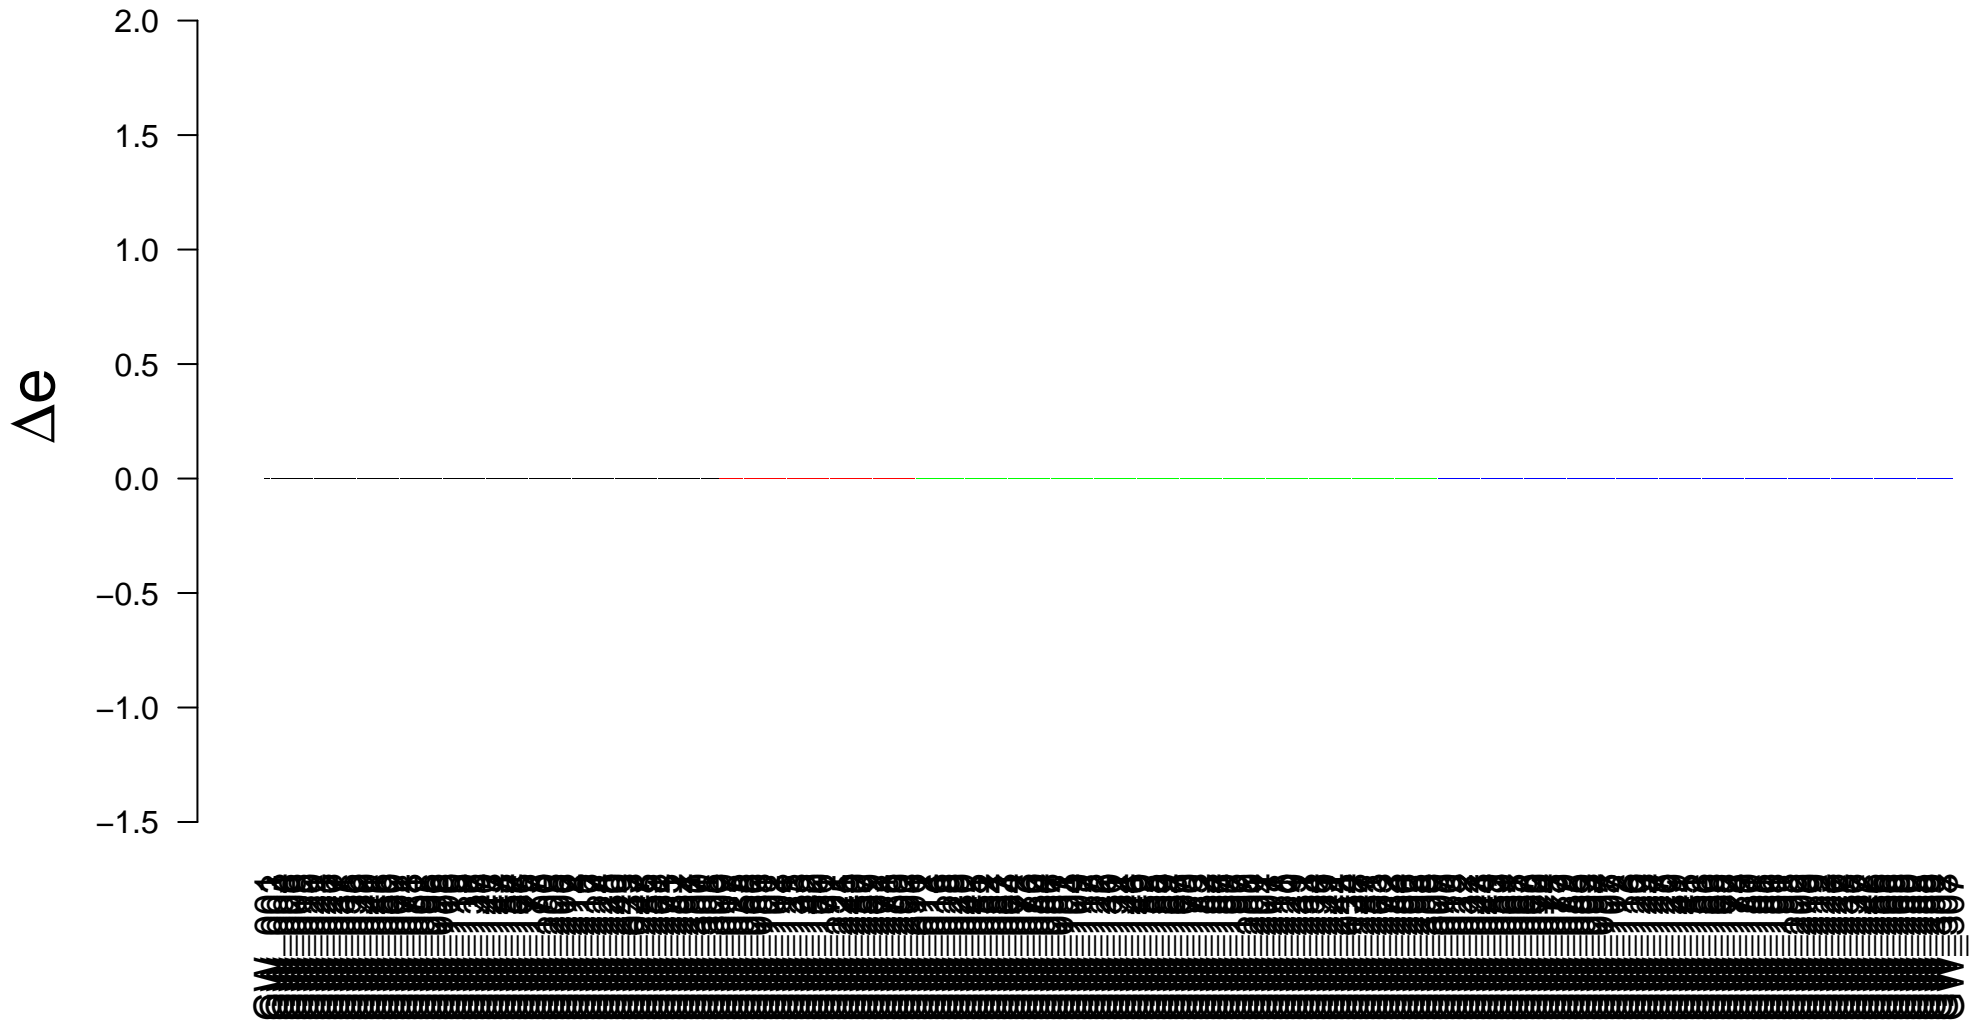

Enrichment in spots: regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion

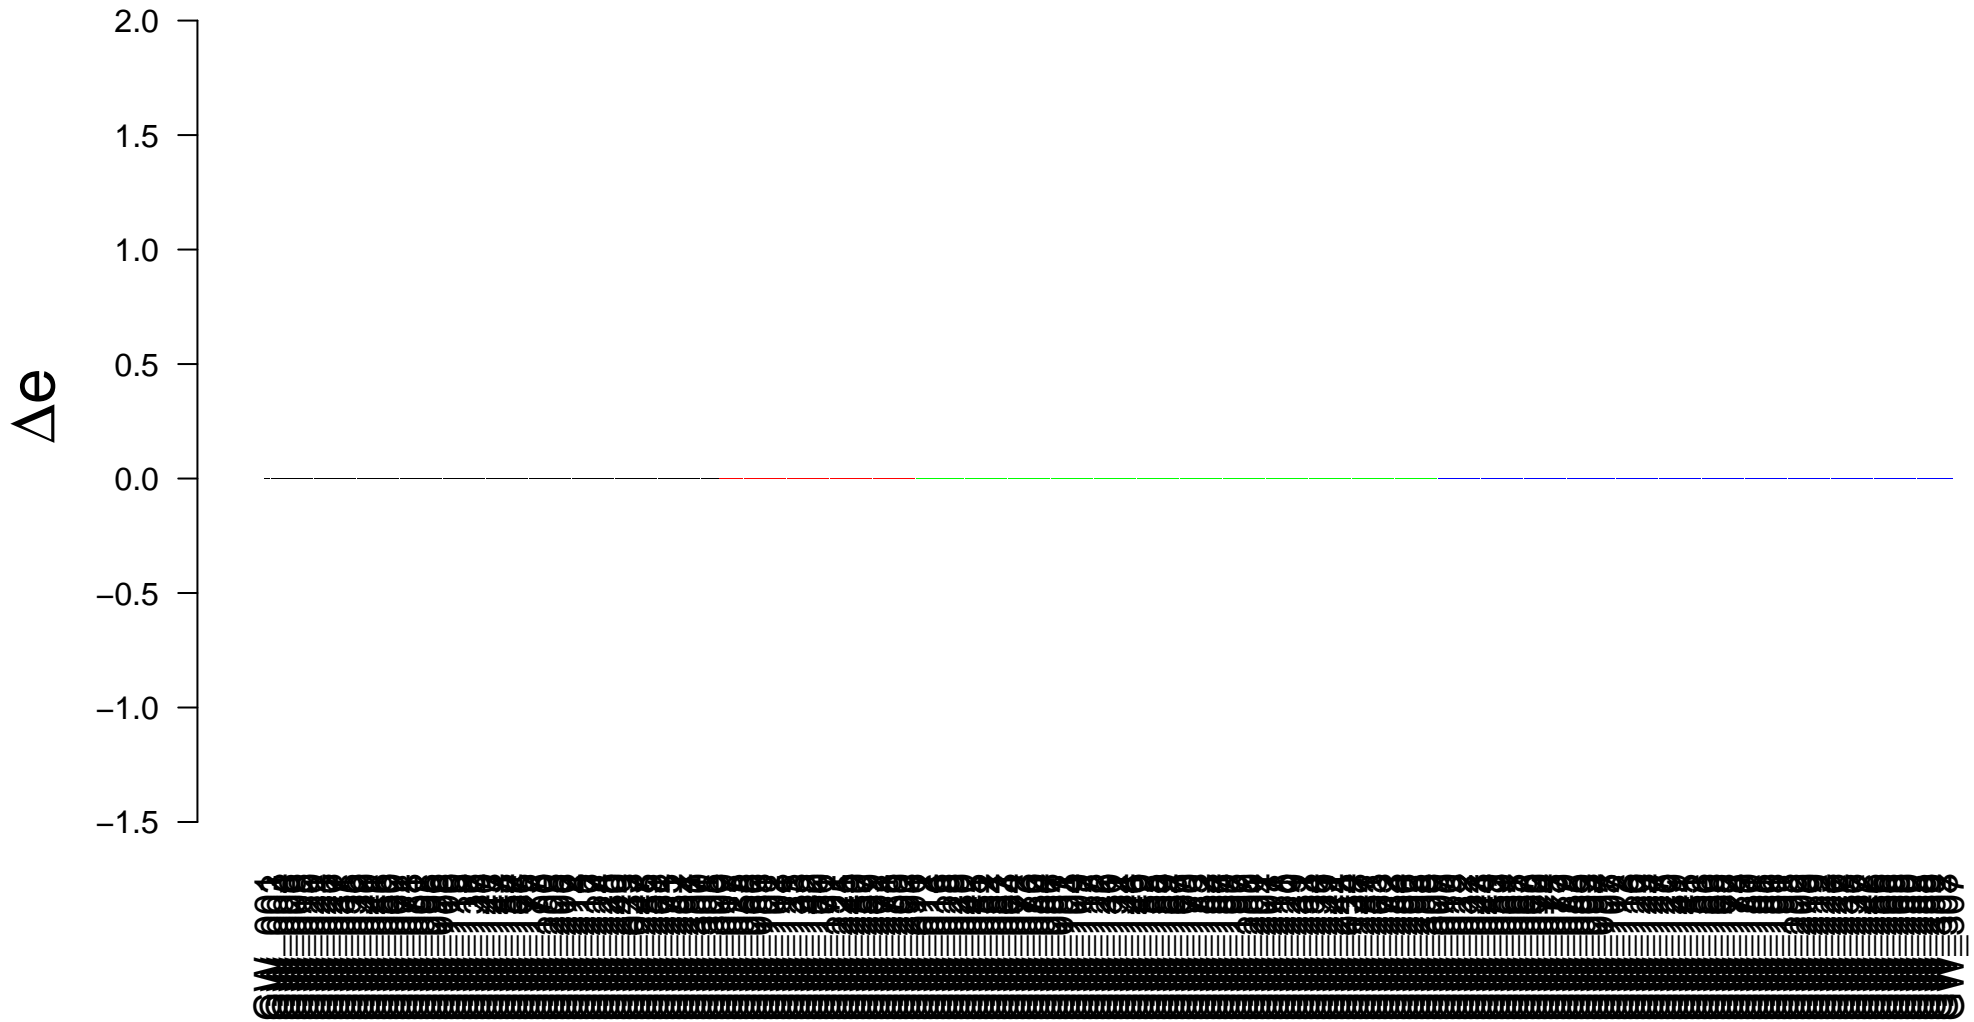

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot A

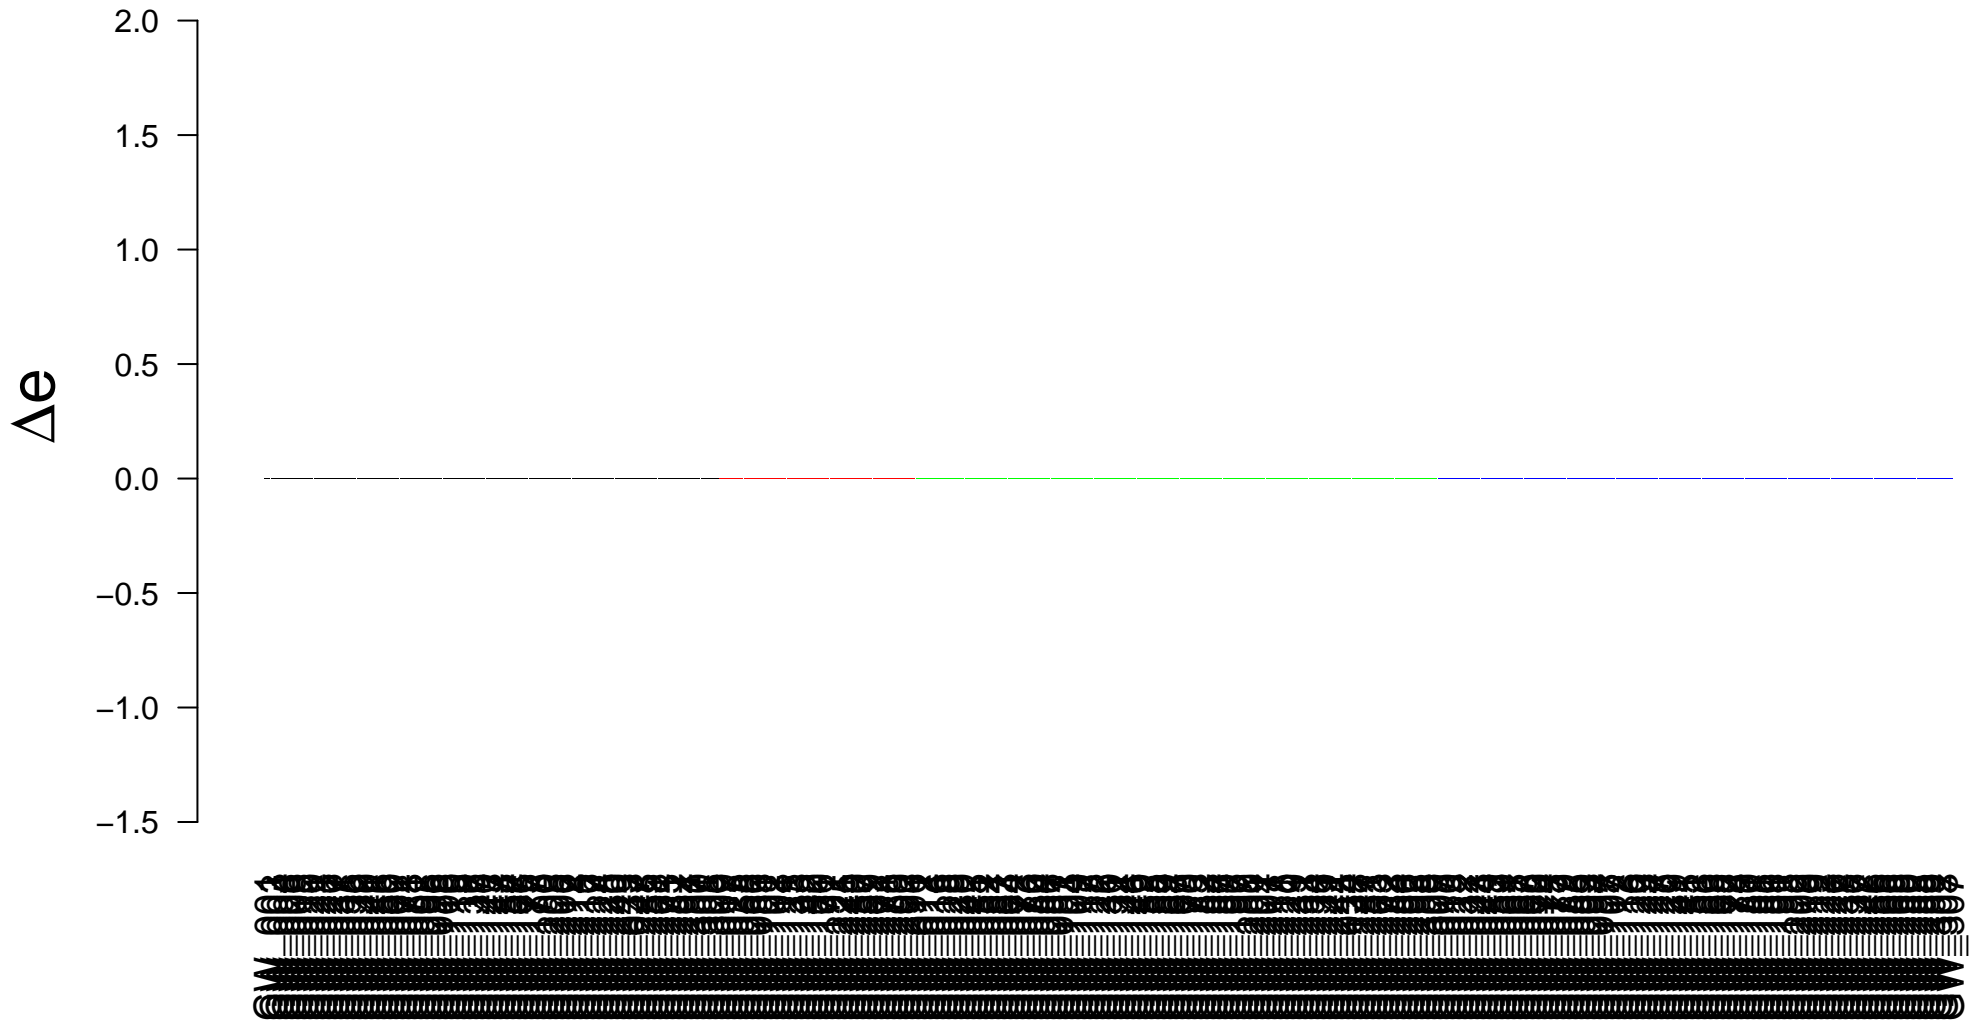

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot B

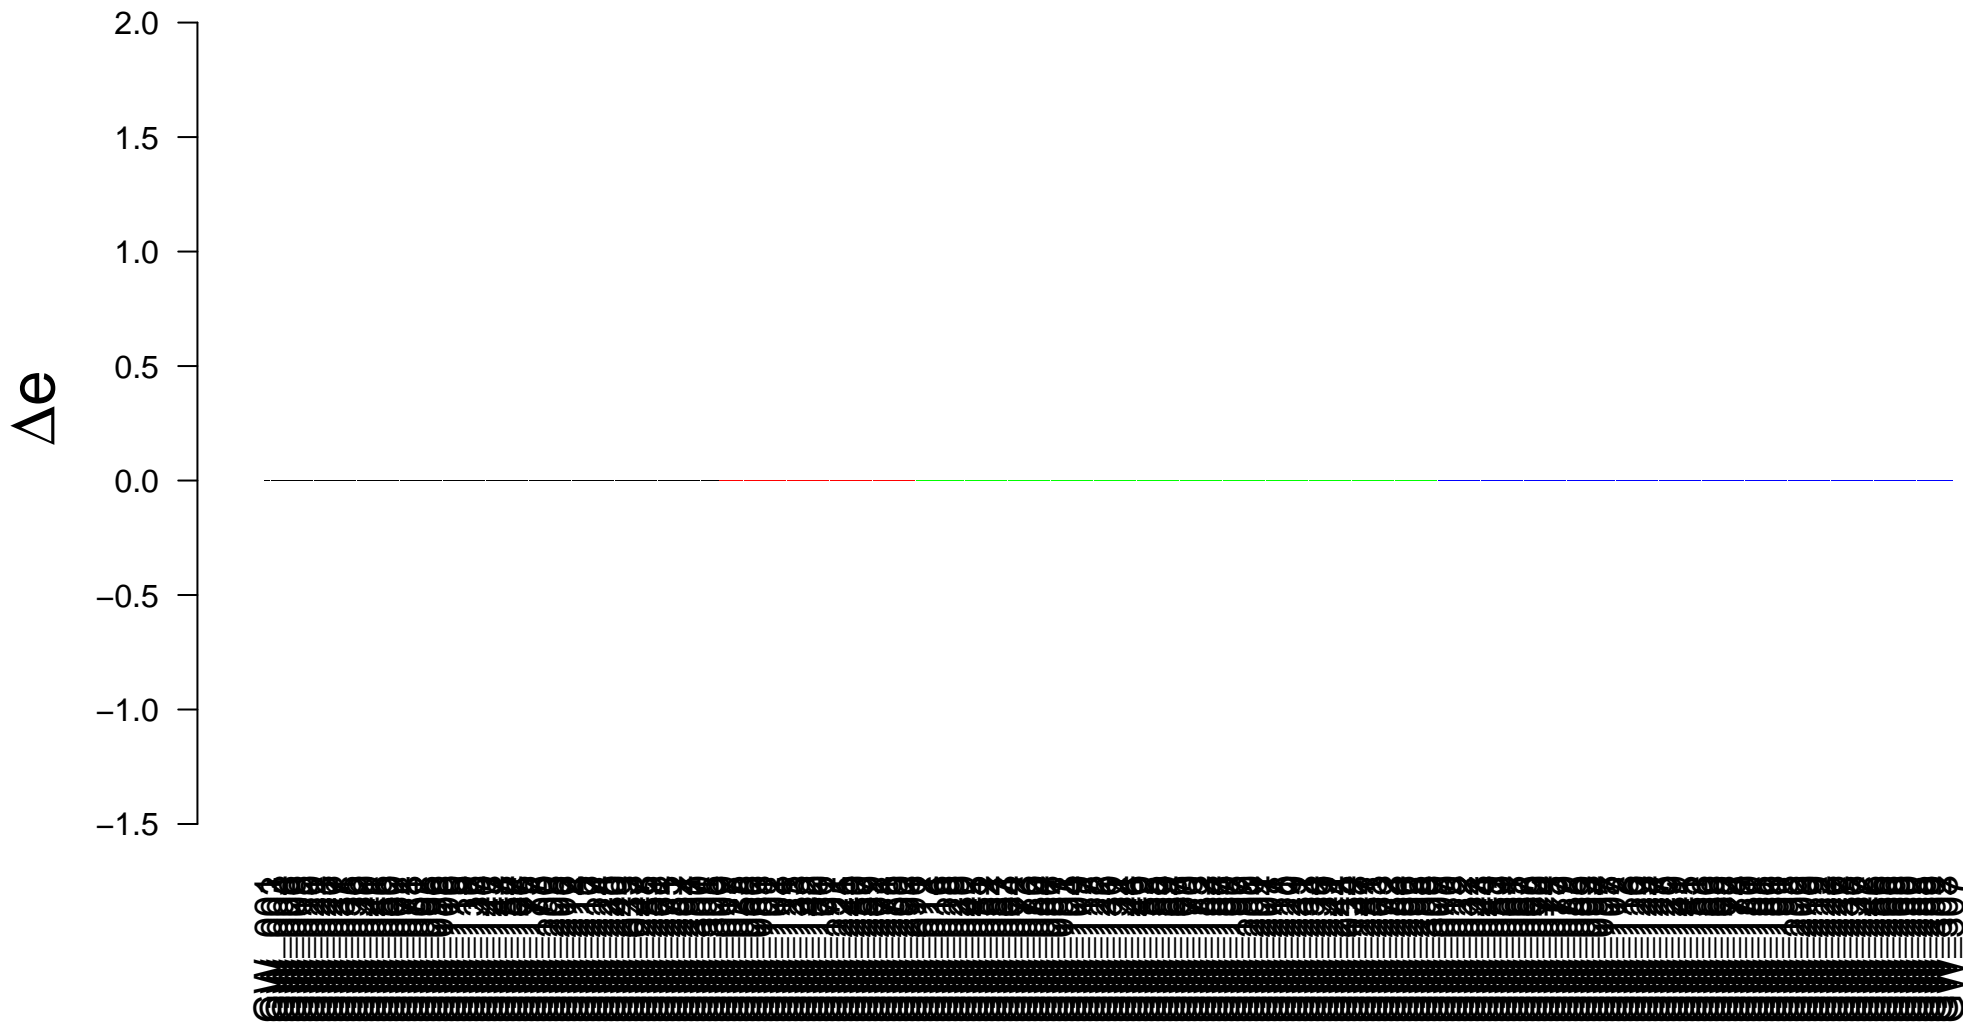

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot C

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot D

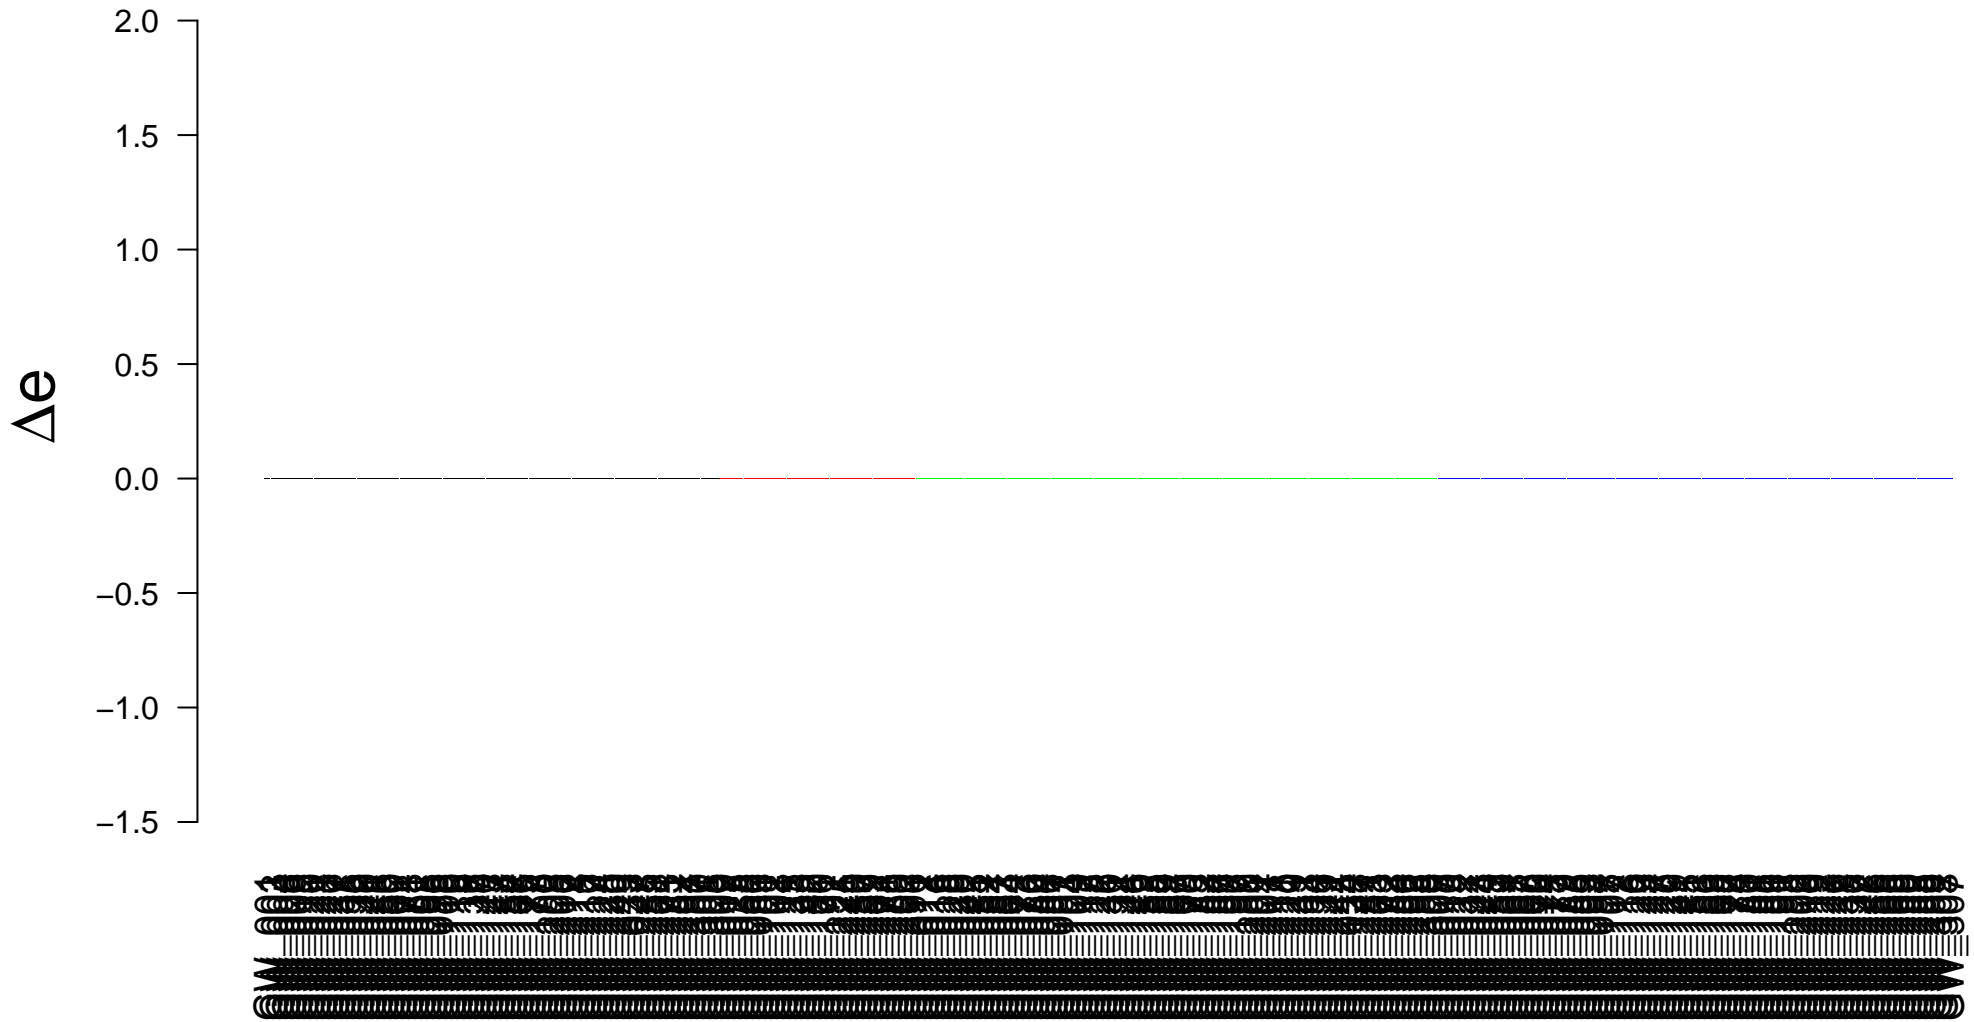

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot E

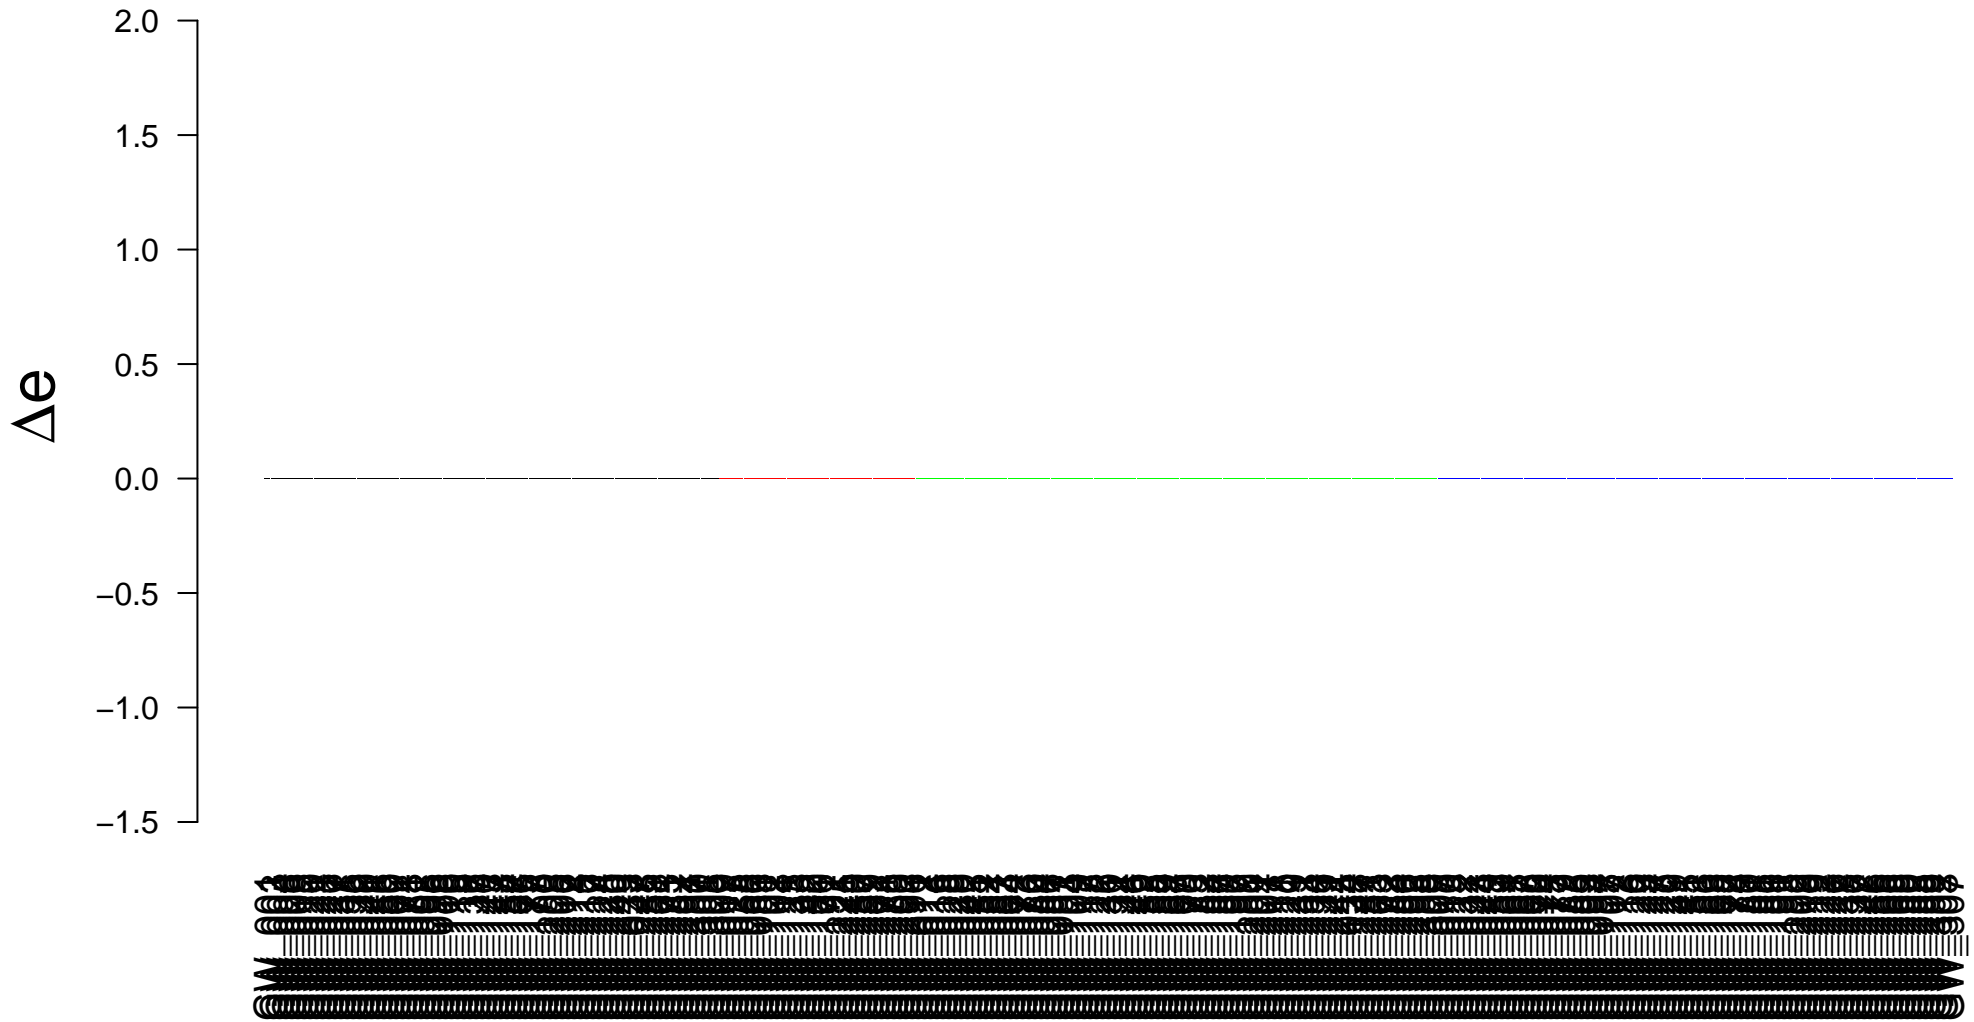

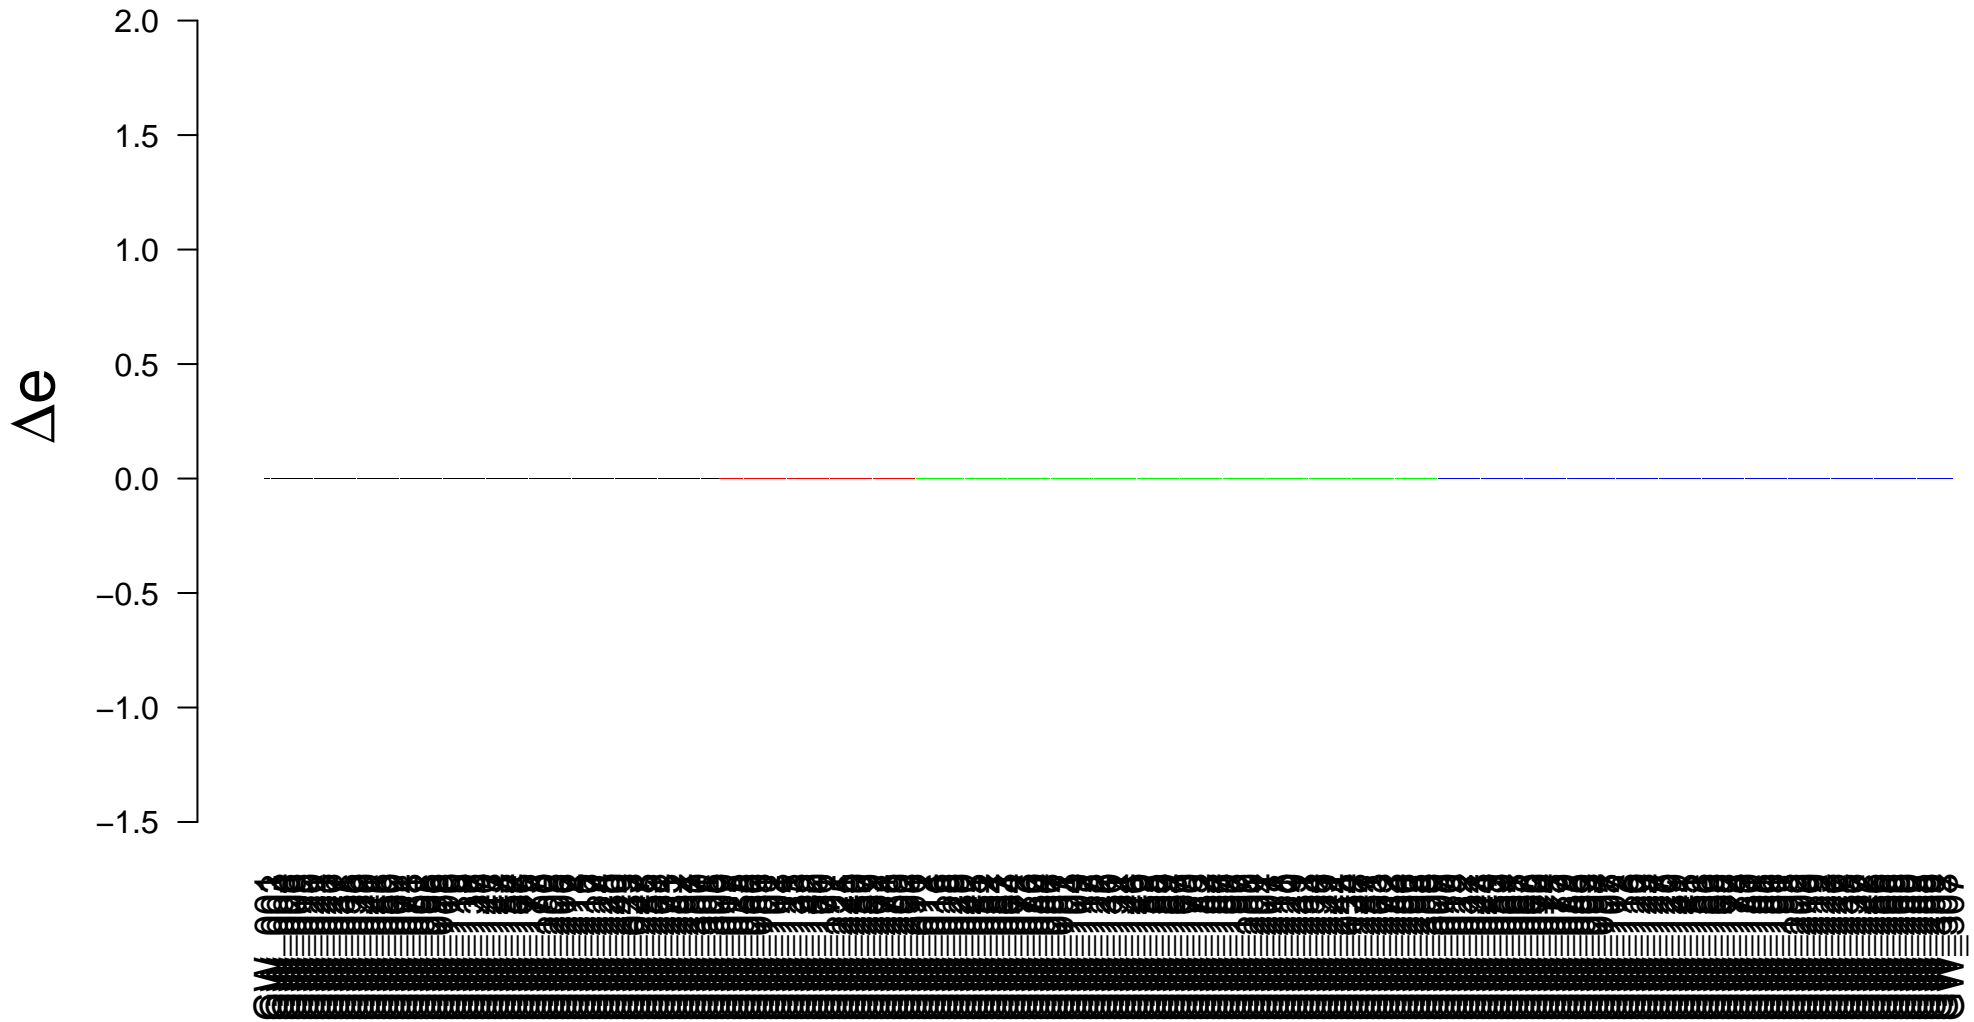

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot F

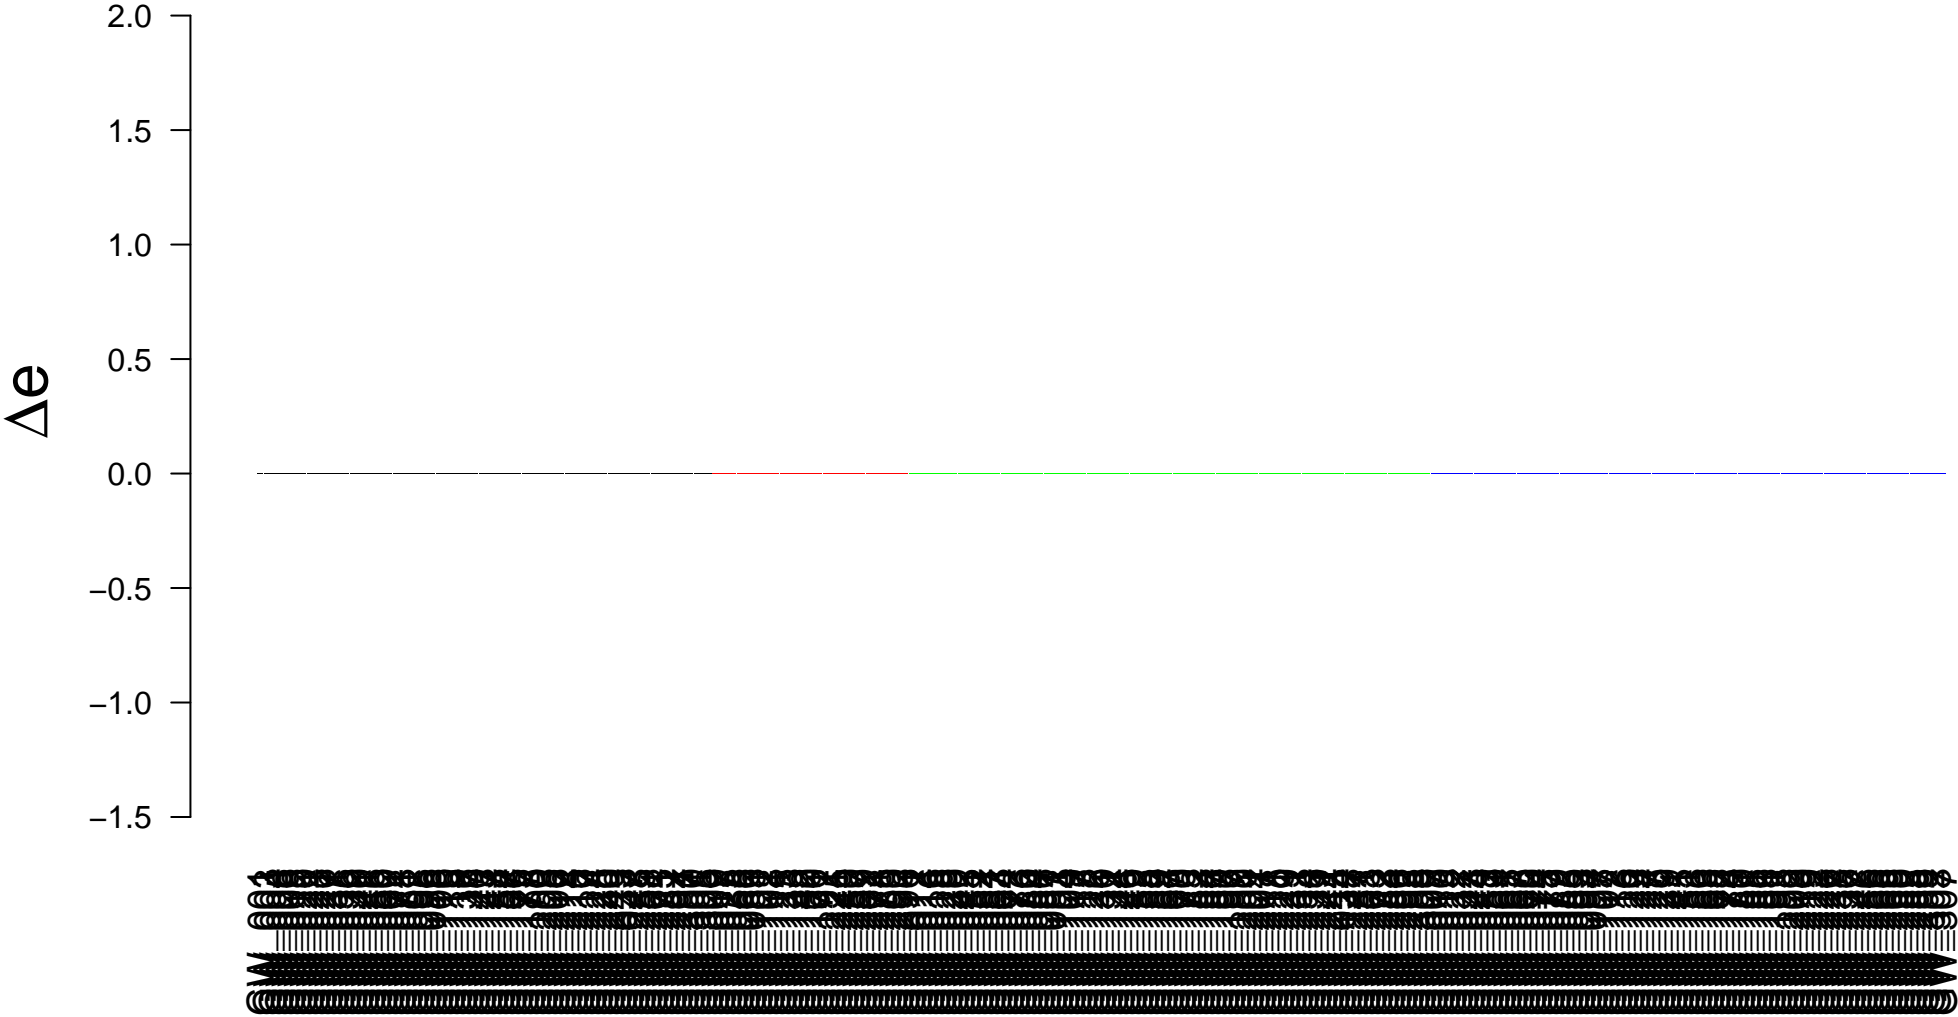

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot G

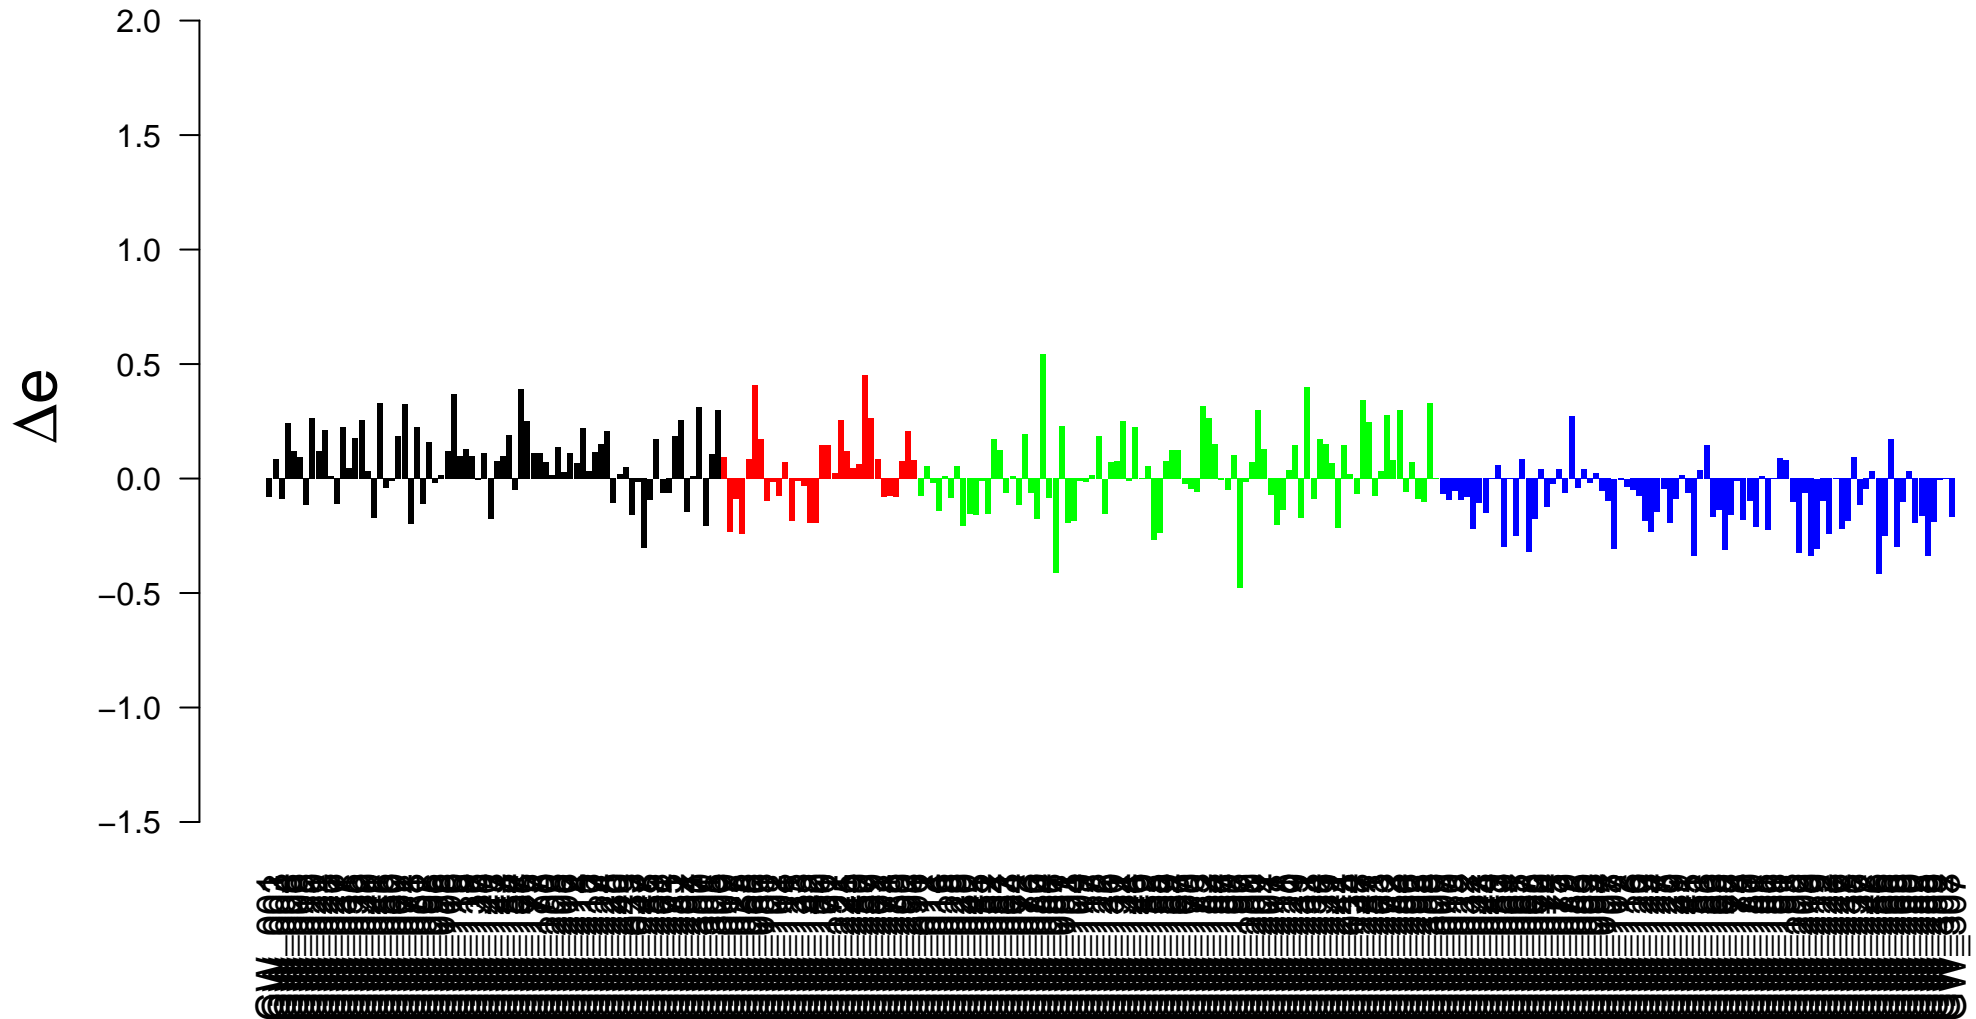

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot H

Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot I

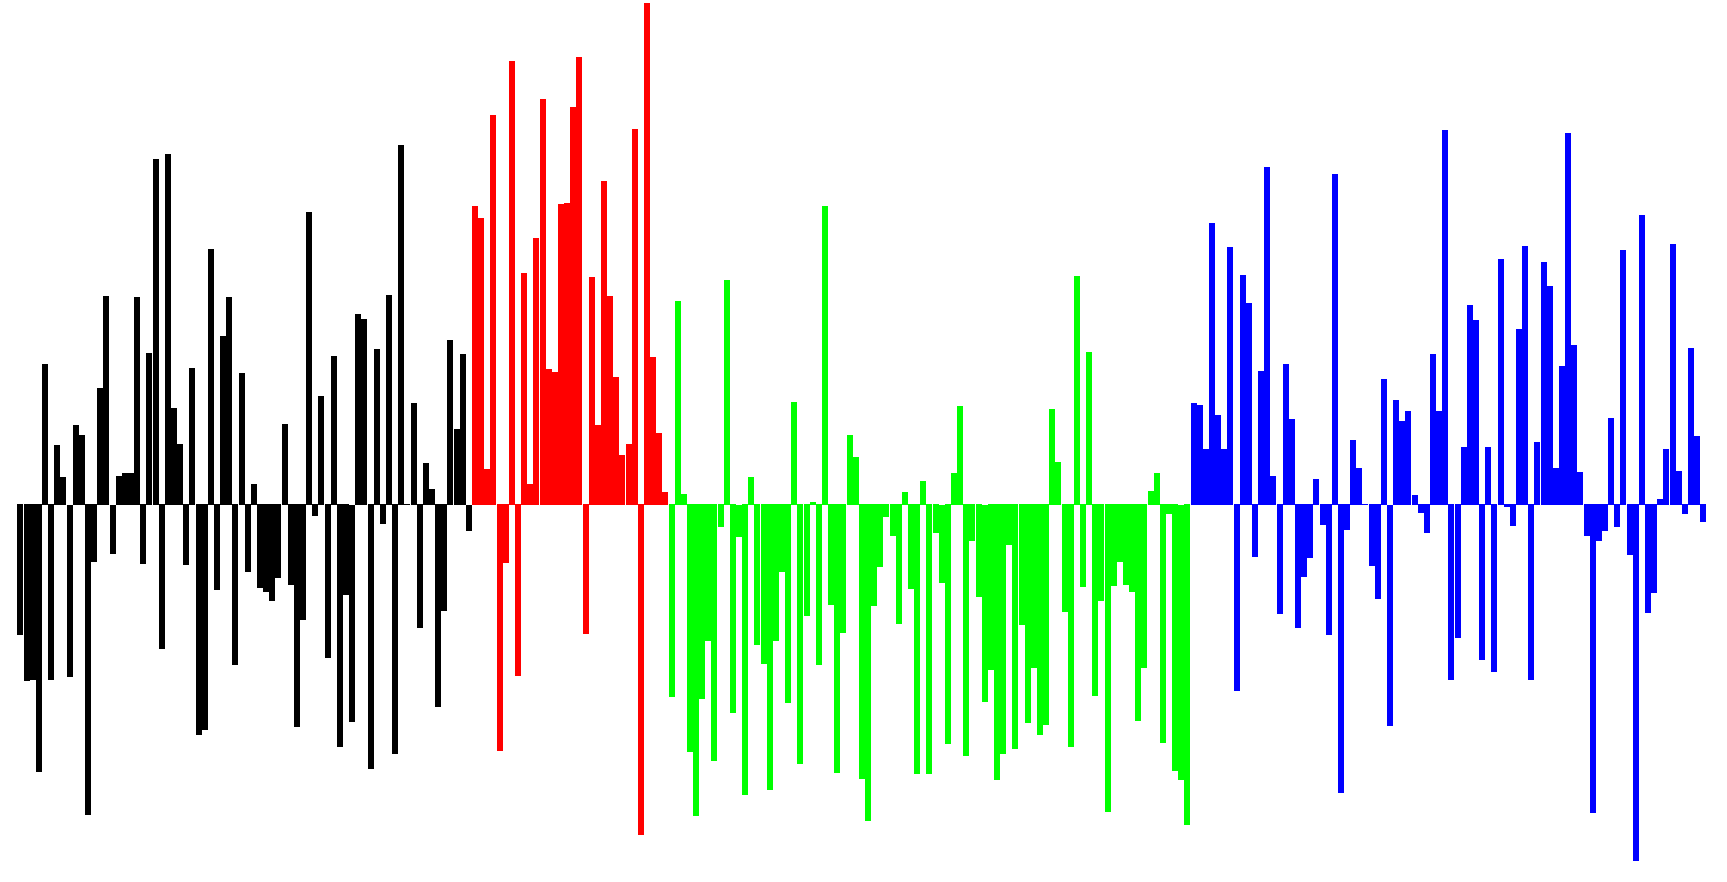

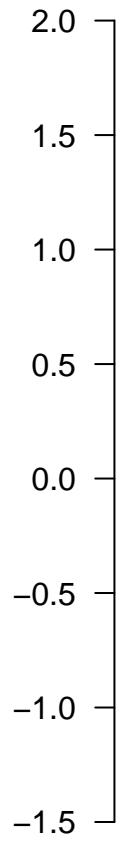

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot J

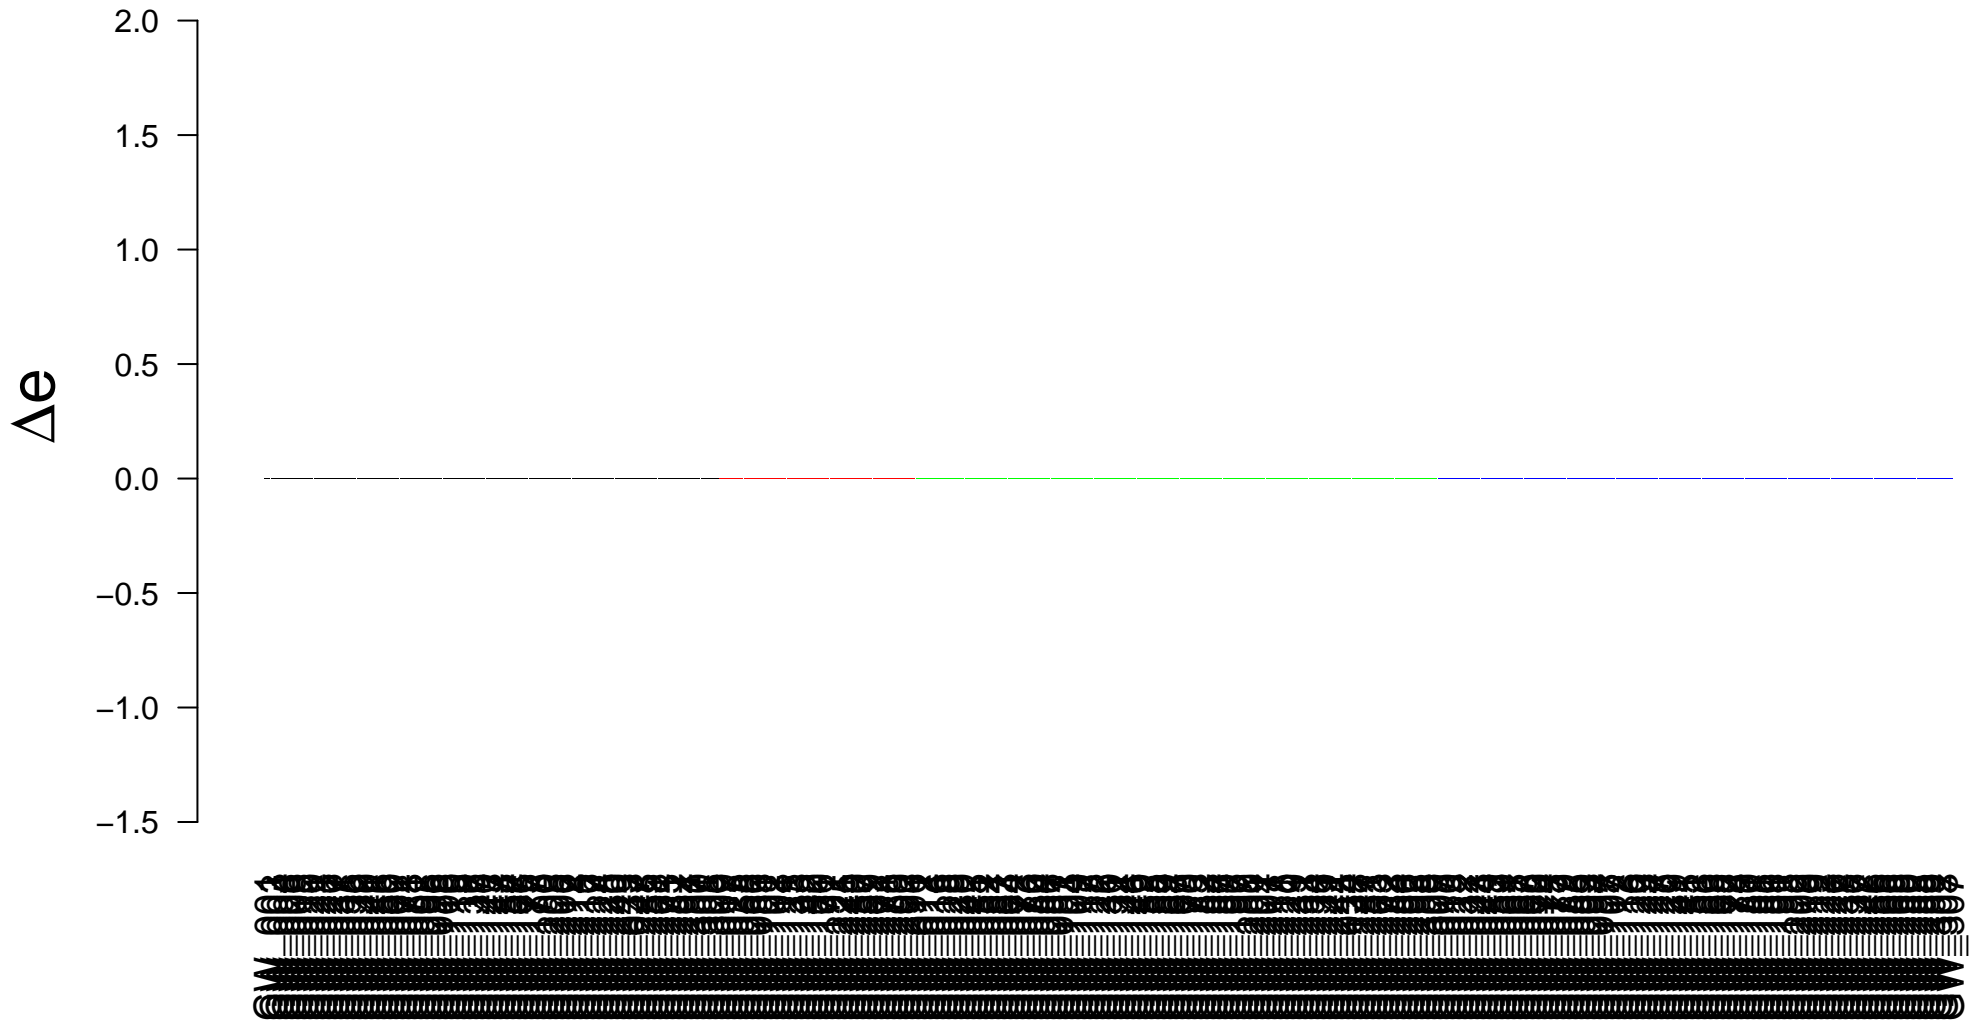

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot K

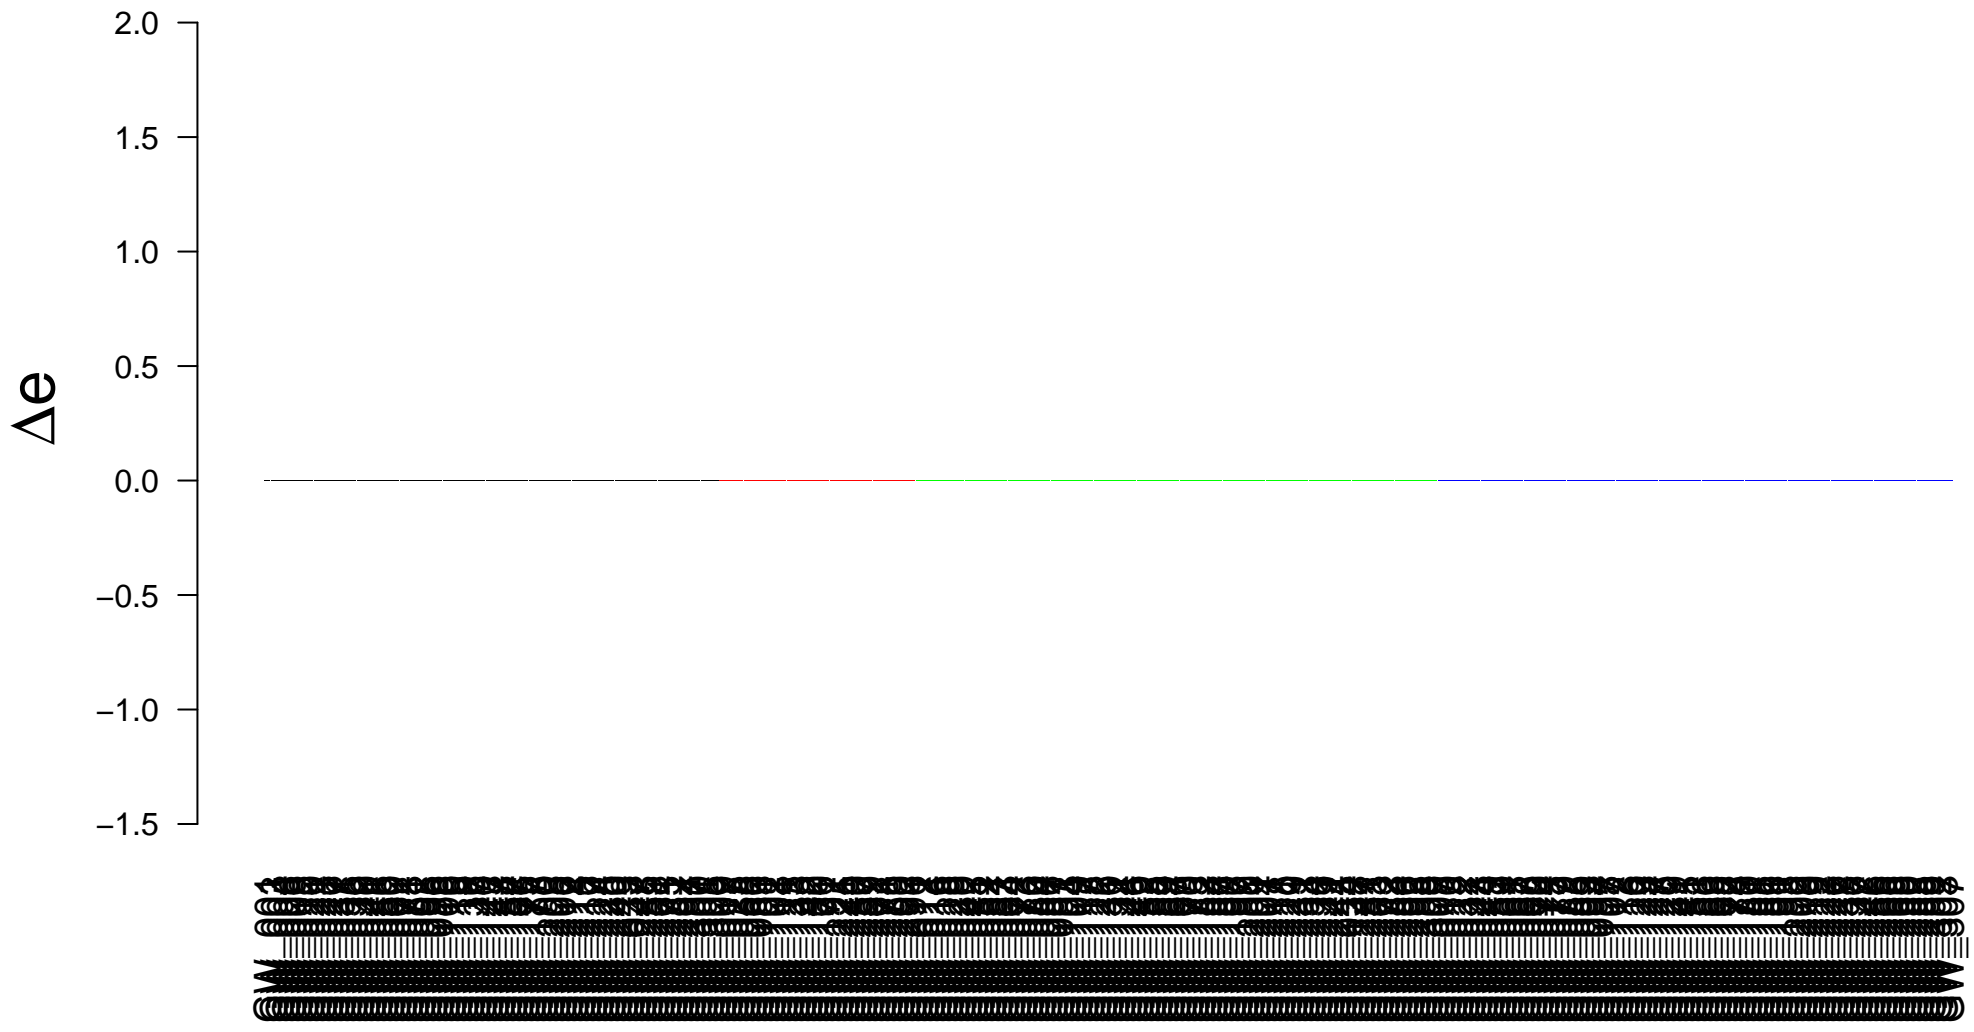

$\Delta e$

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot L

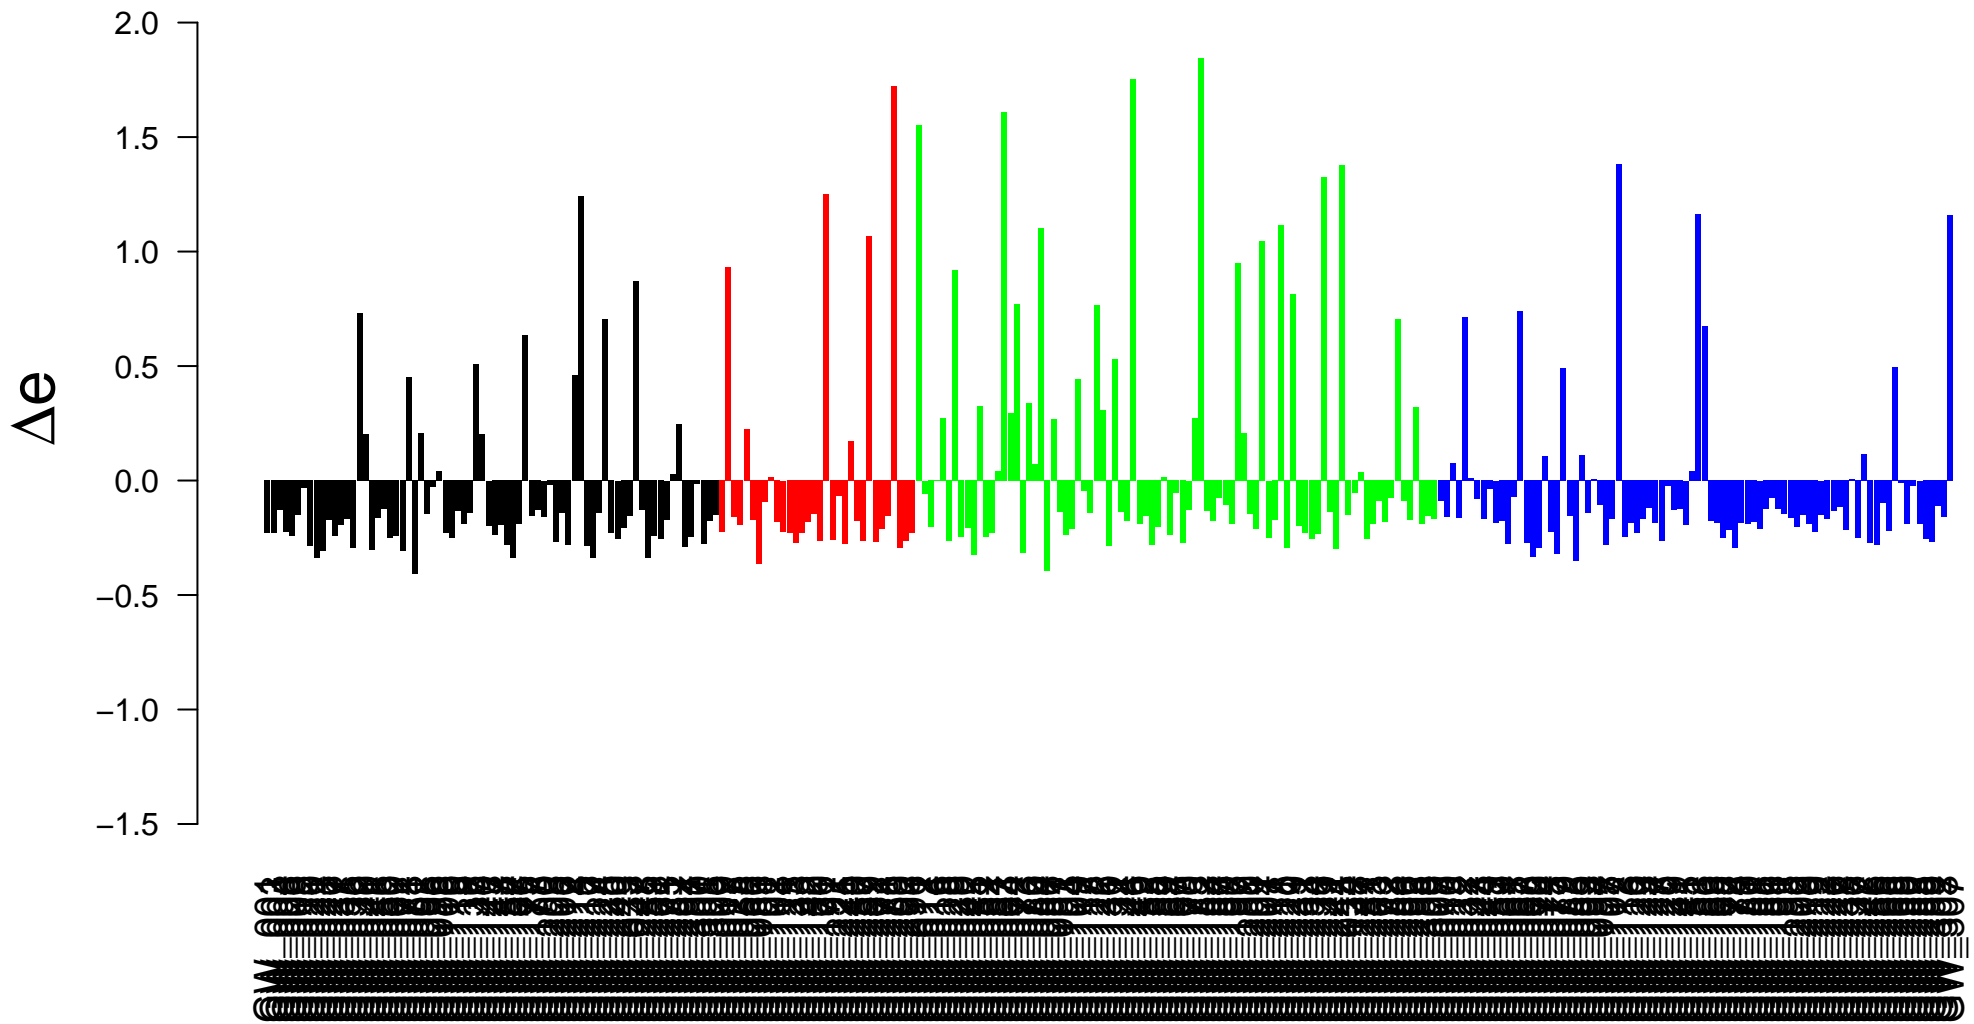

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot M

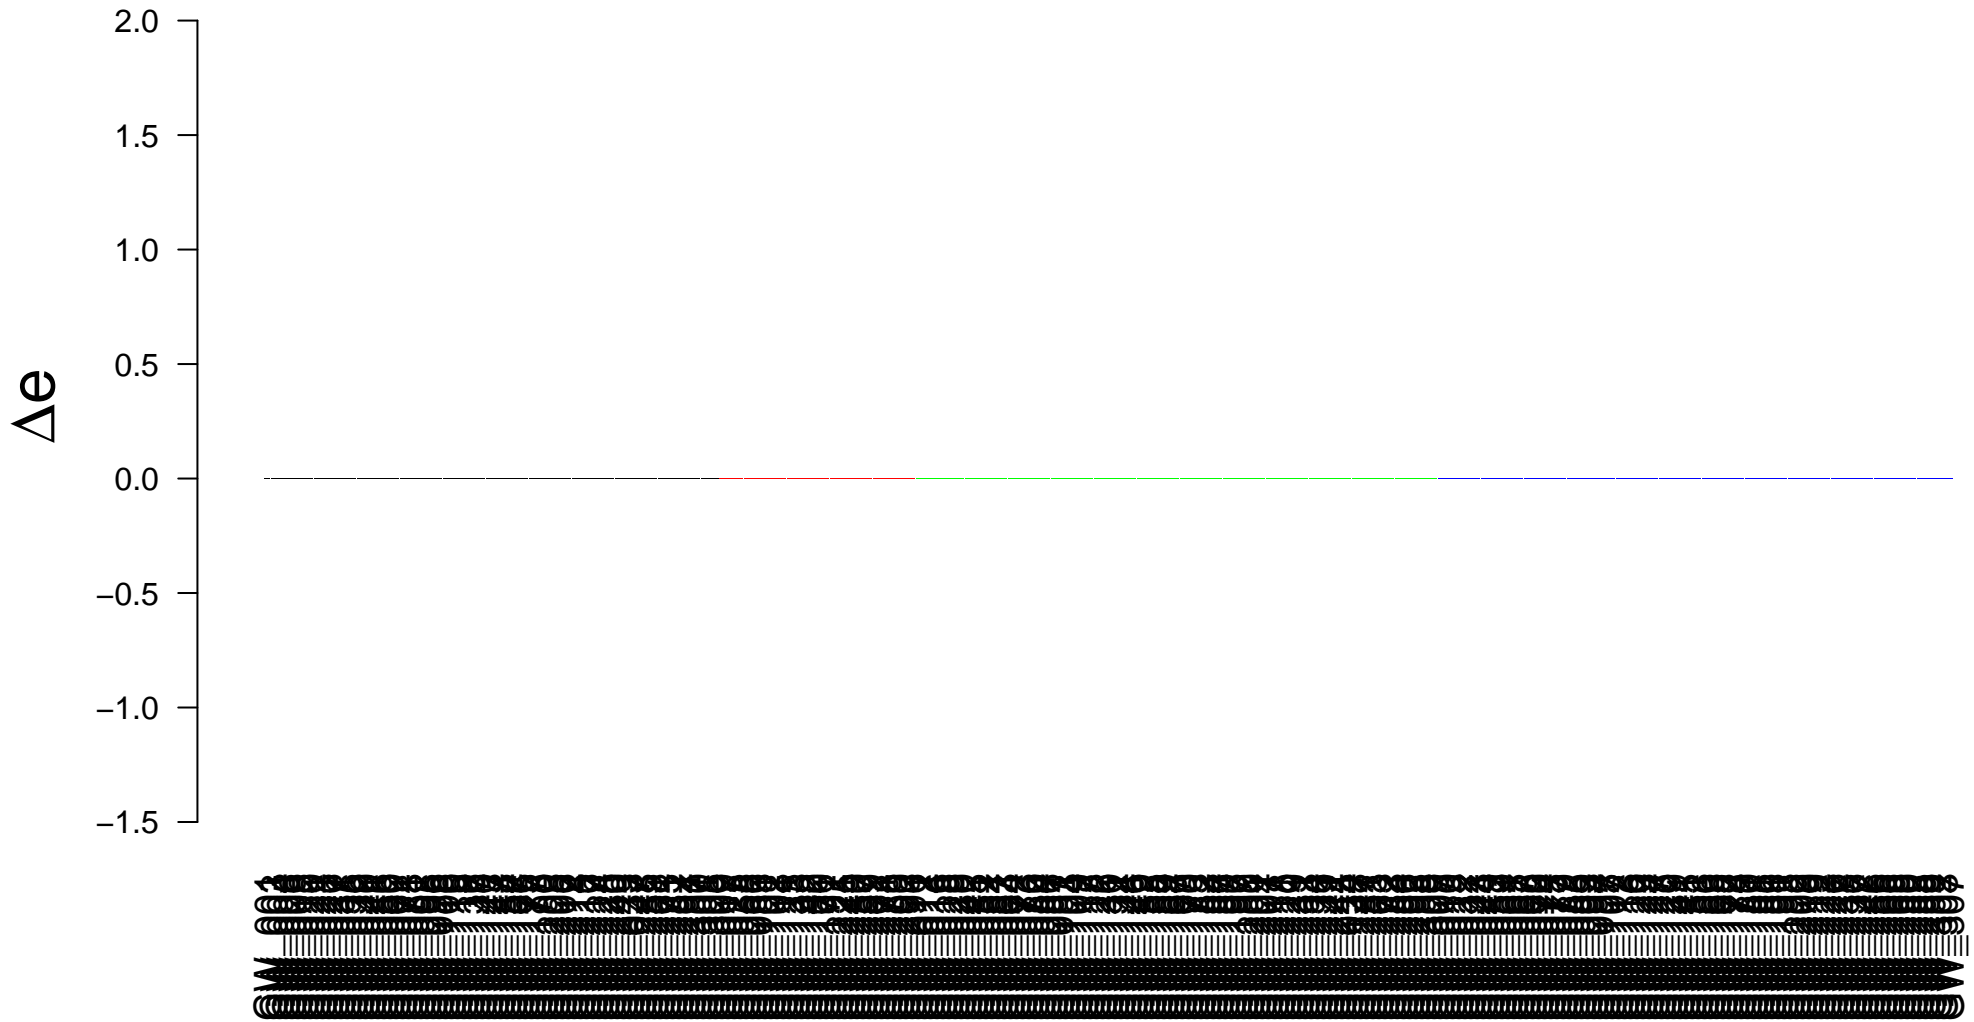

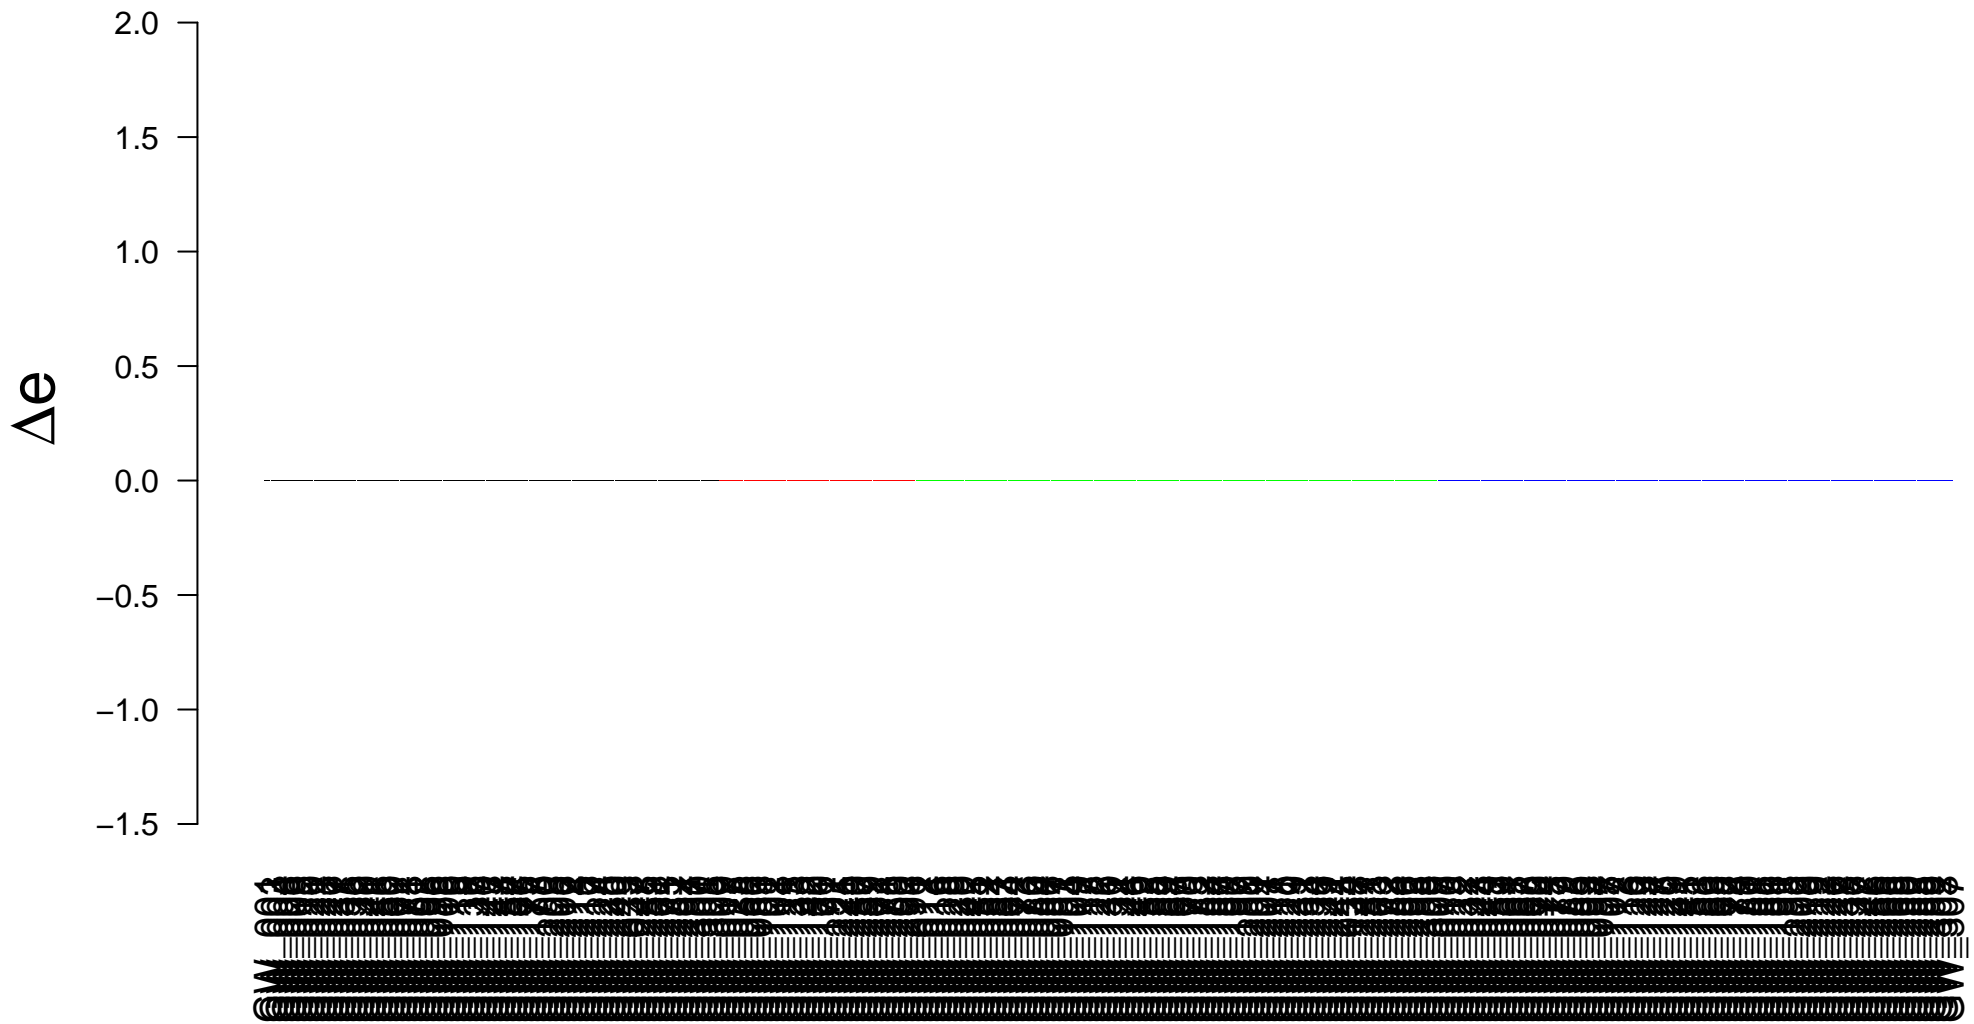

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot N

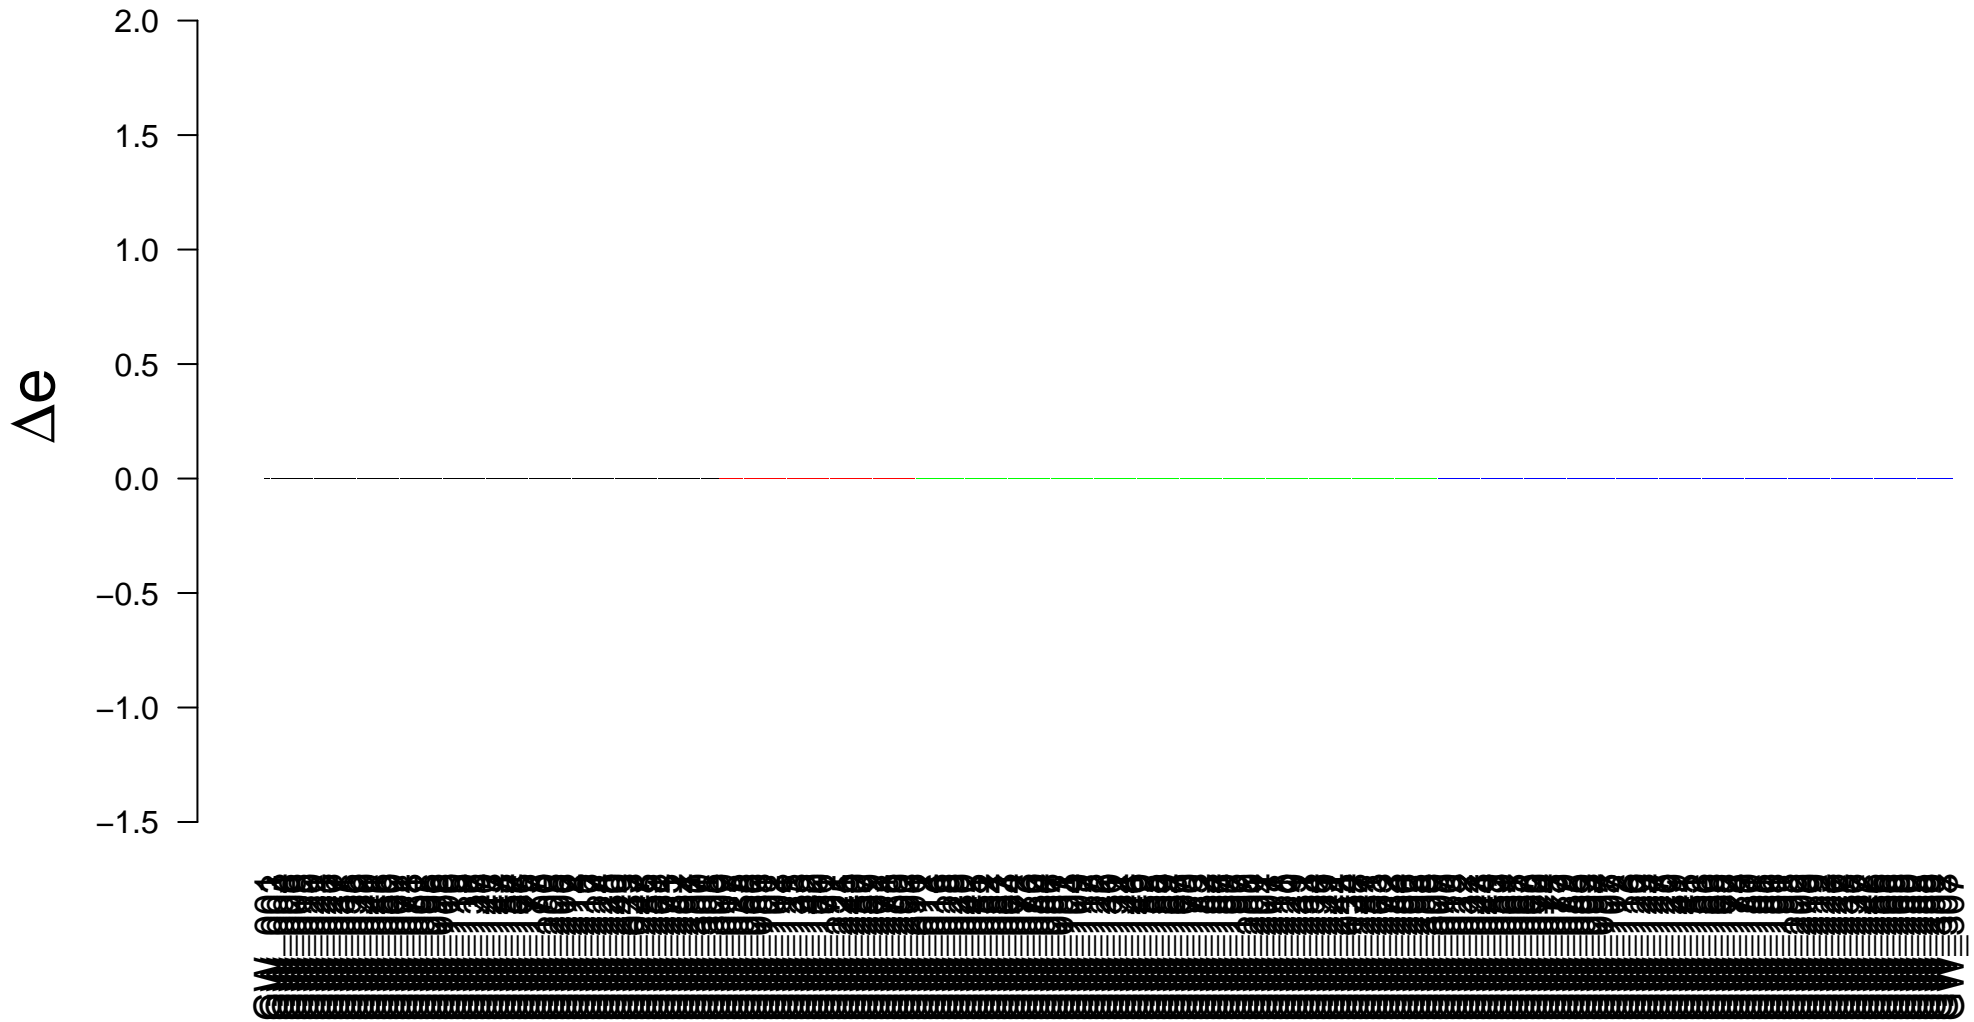

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot O

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot P

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot Q

# Expression of regulation of cardiac muscle contraction by regulation of the release of sequestered calcium ion in Spot R
