

regulation of establishment of cell polarity

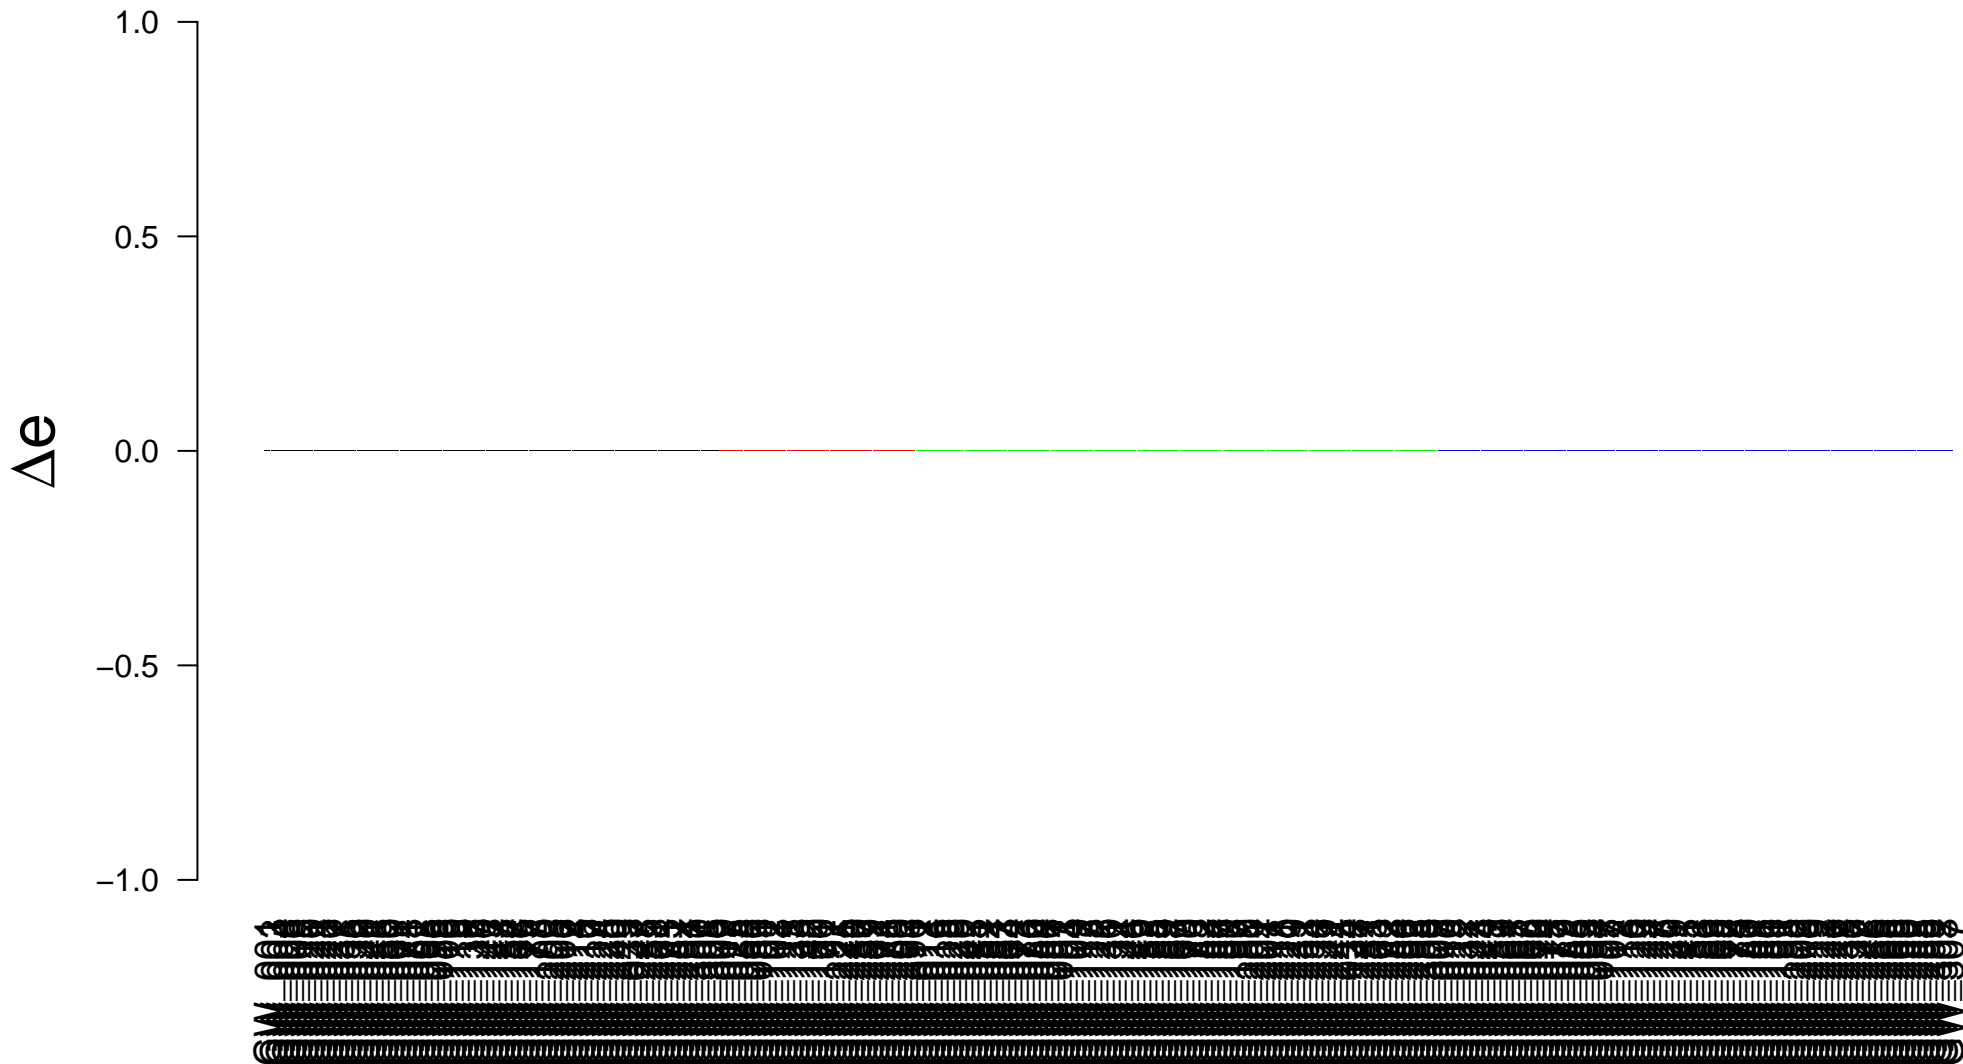

regulation of establishment of cell polarity

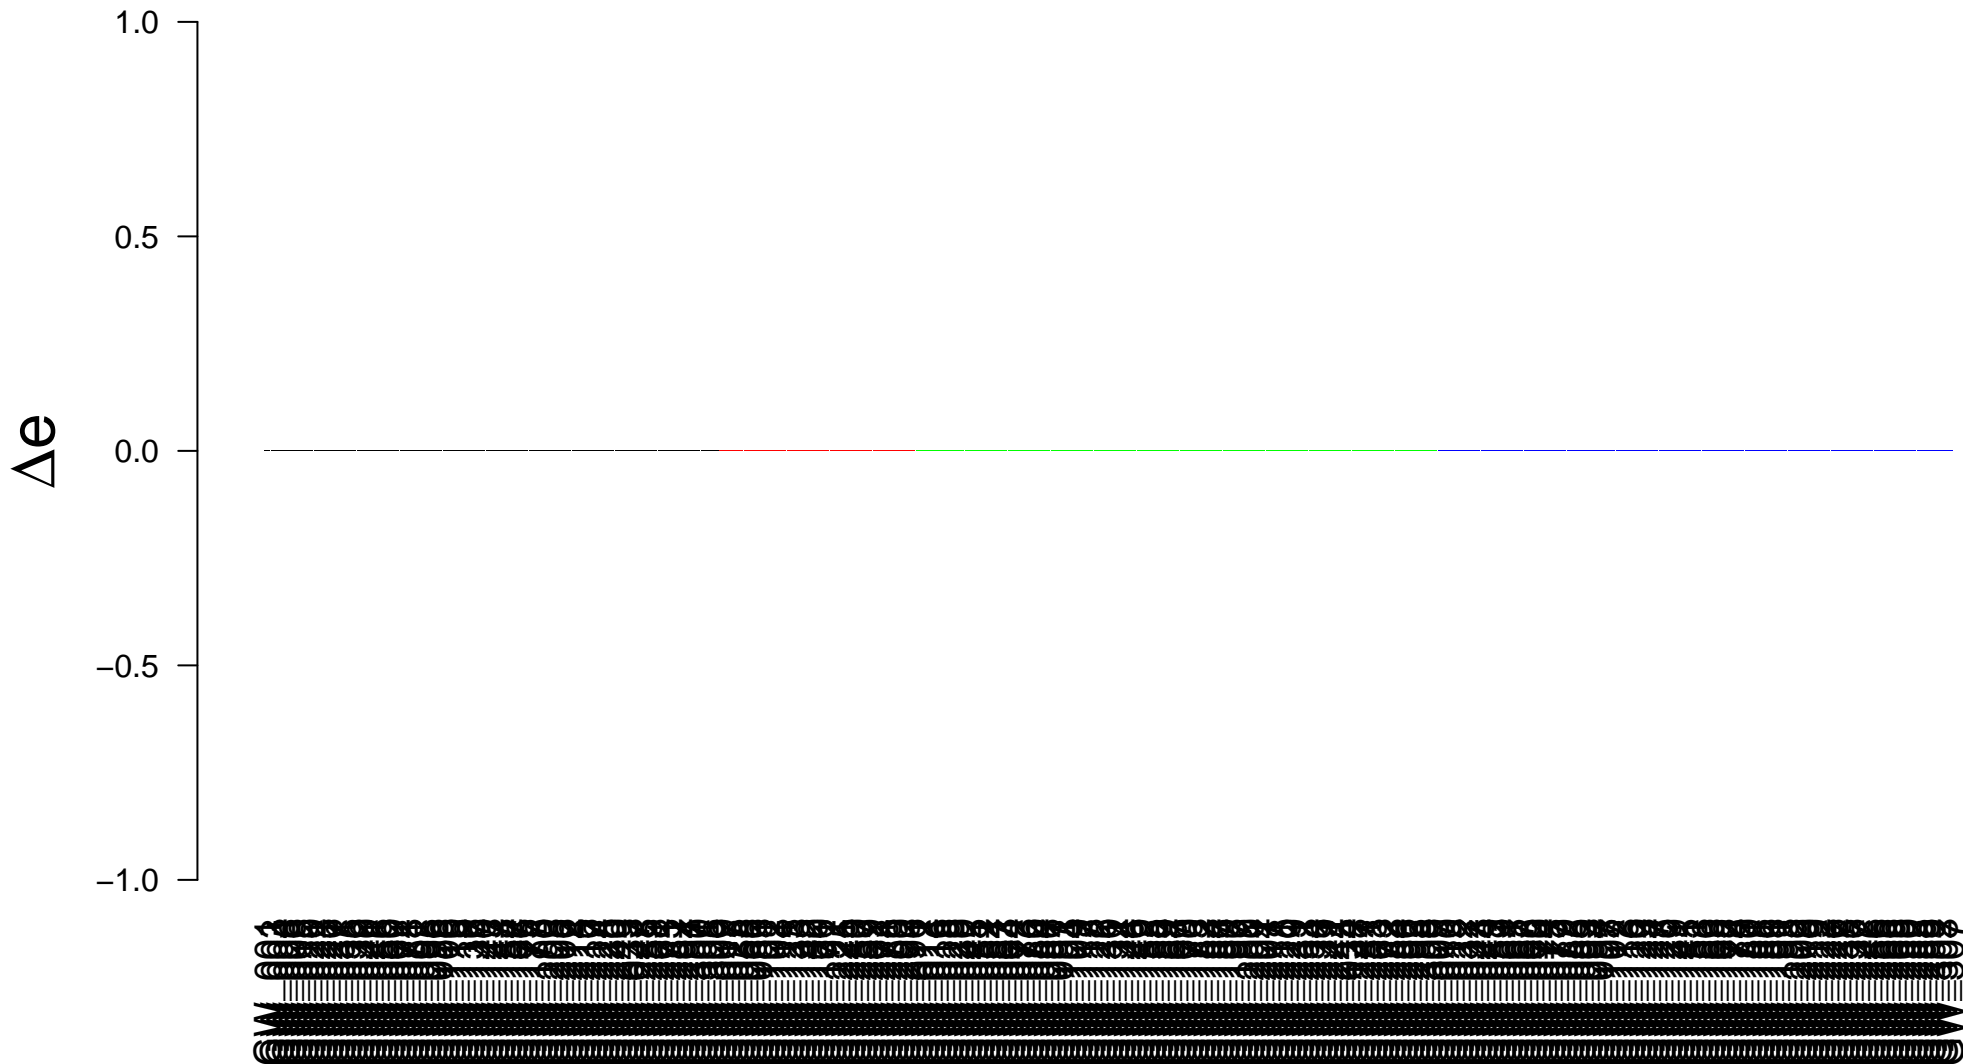

Enrichment in spots: regulation of establishment of cell polarity

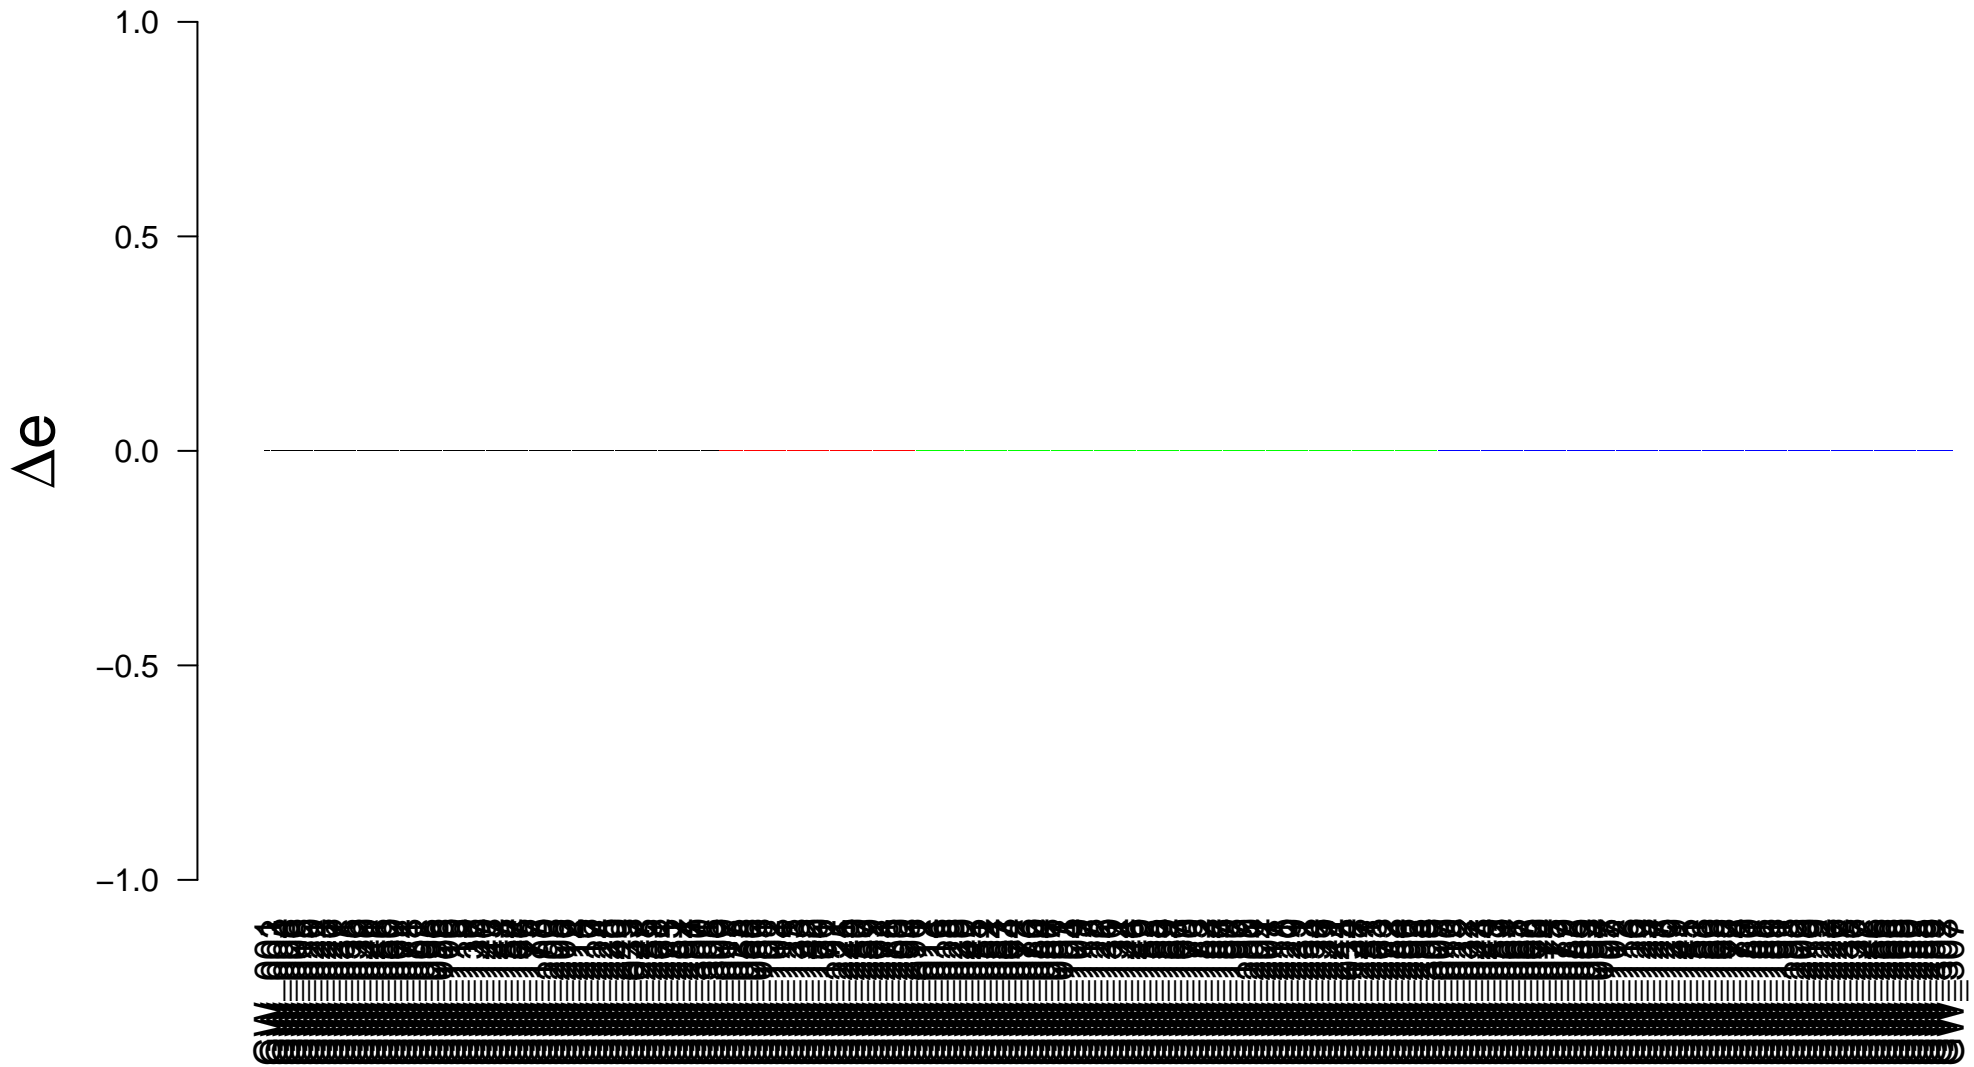

Expression of regulation of establishment of cell polarity in Spot A

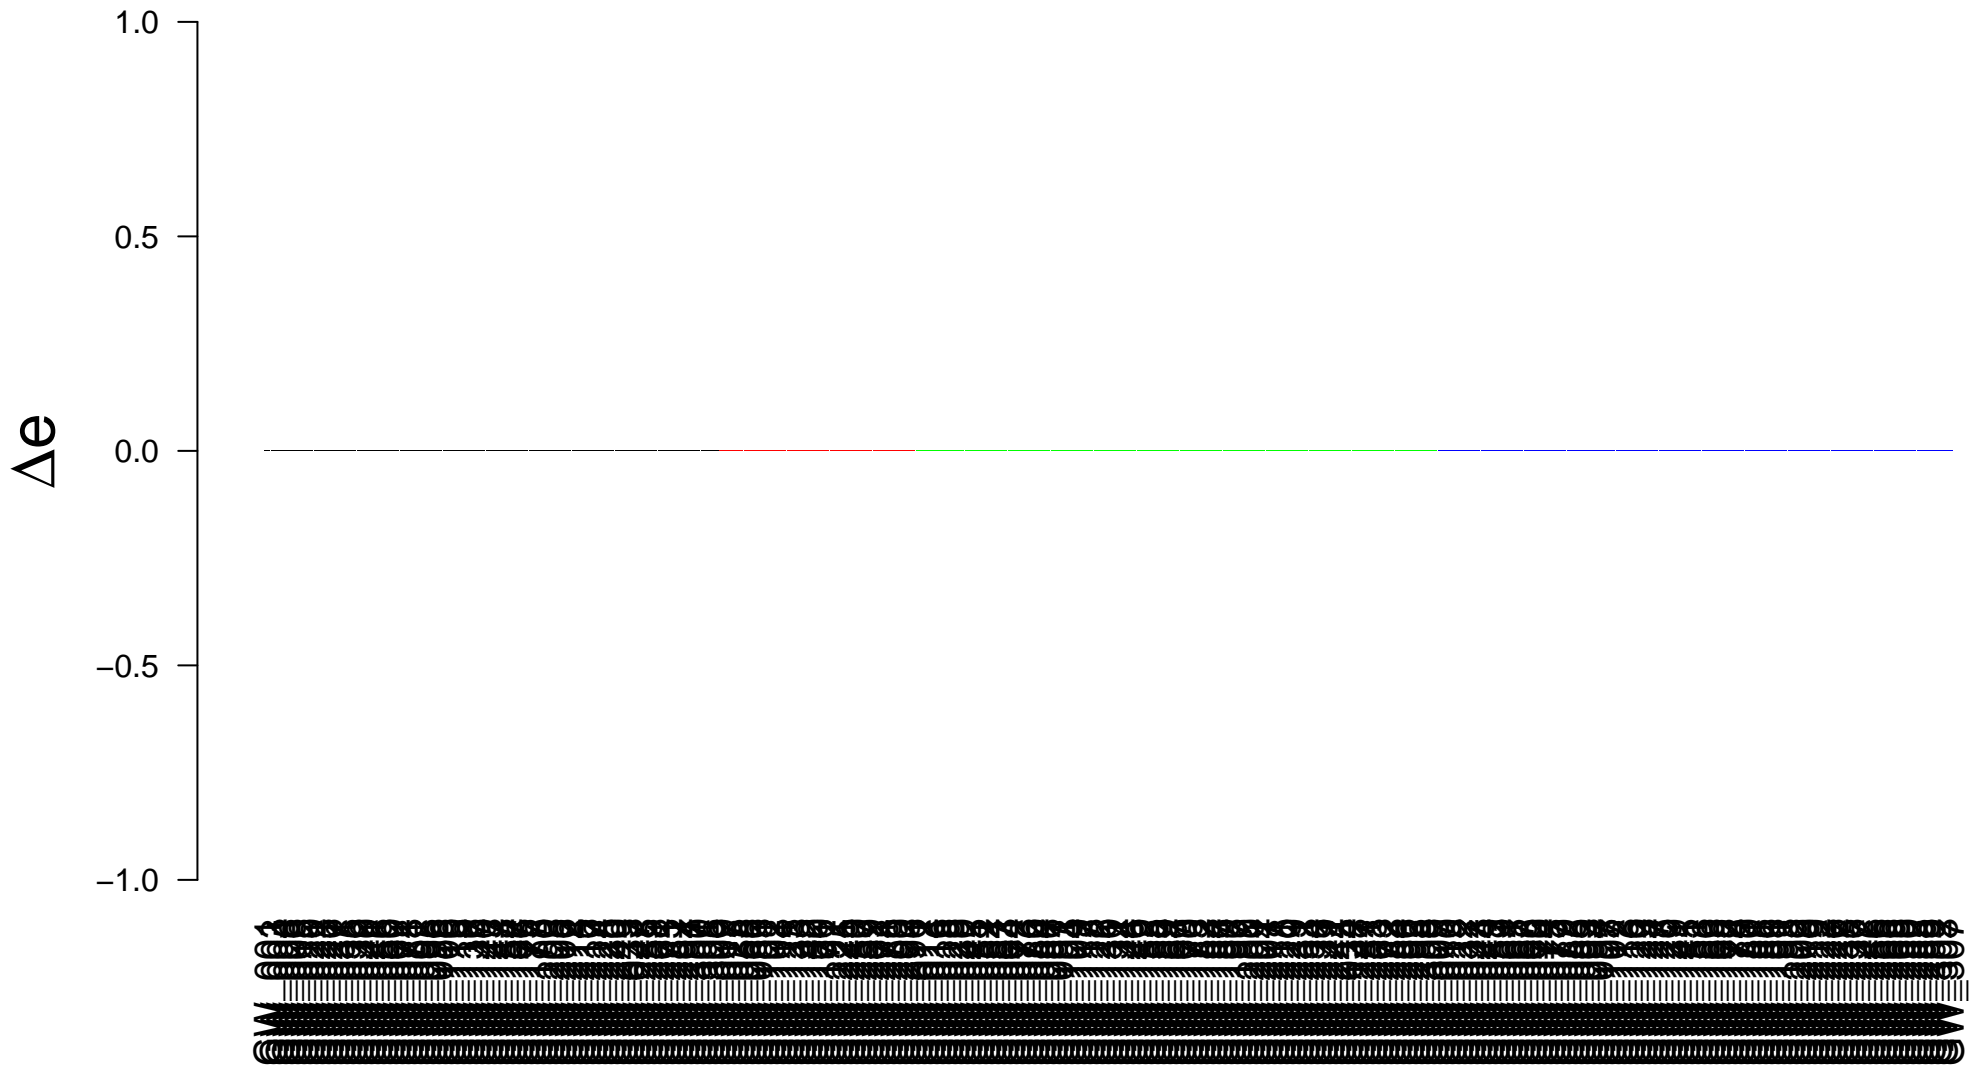

Expression of regulation of establishment of cell polarity in Spot B

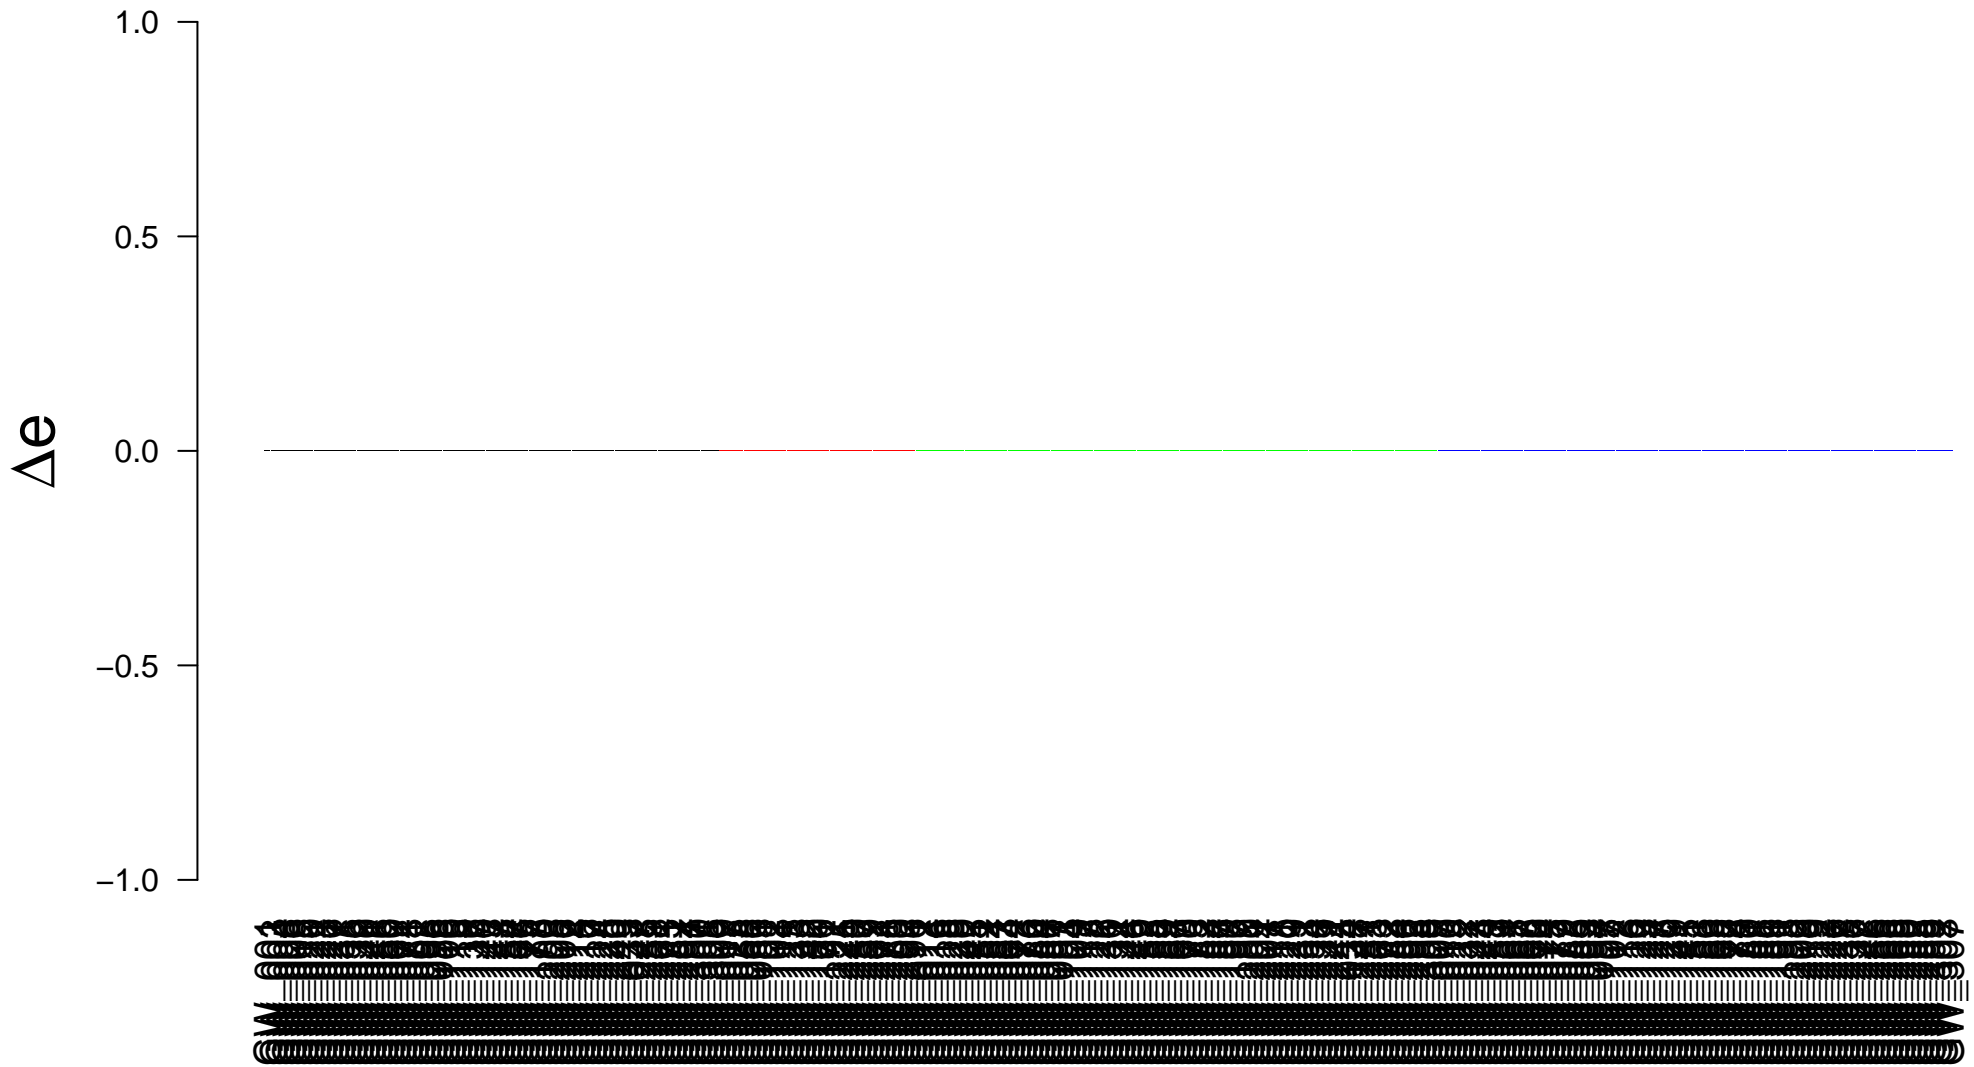

Expression of regulation of establishment of cell polarity in Spot C

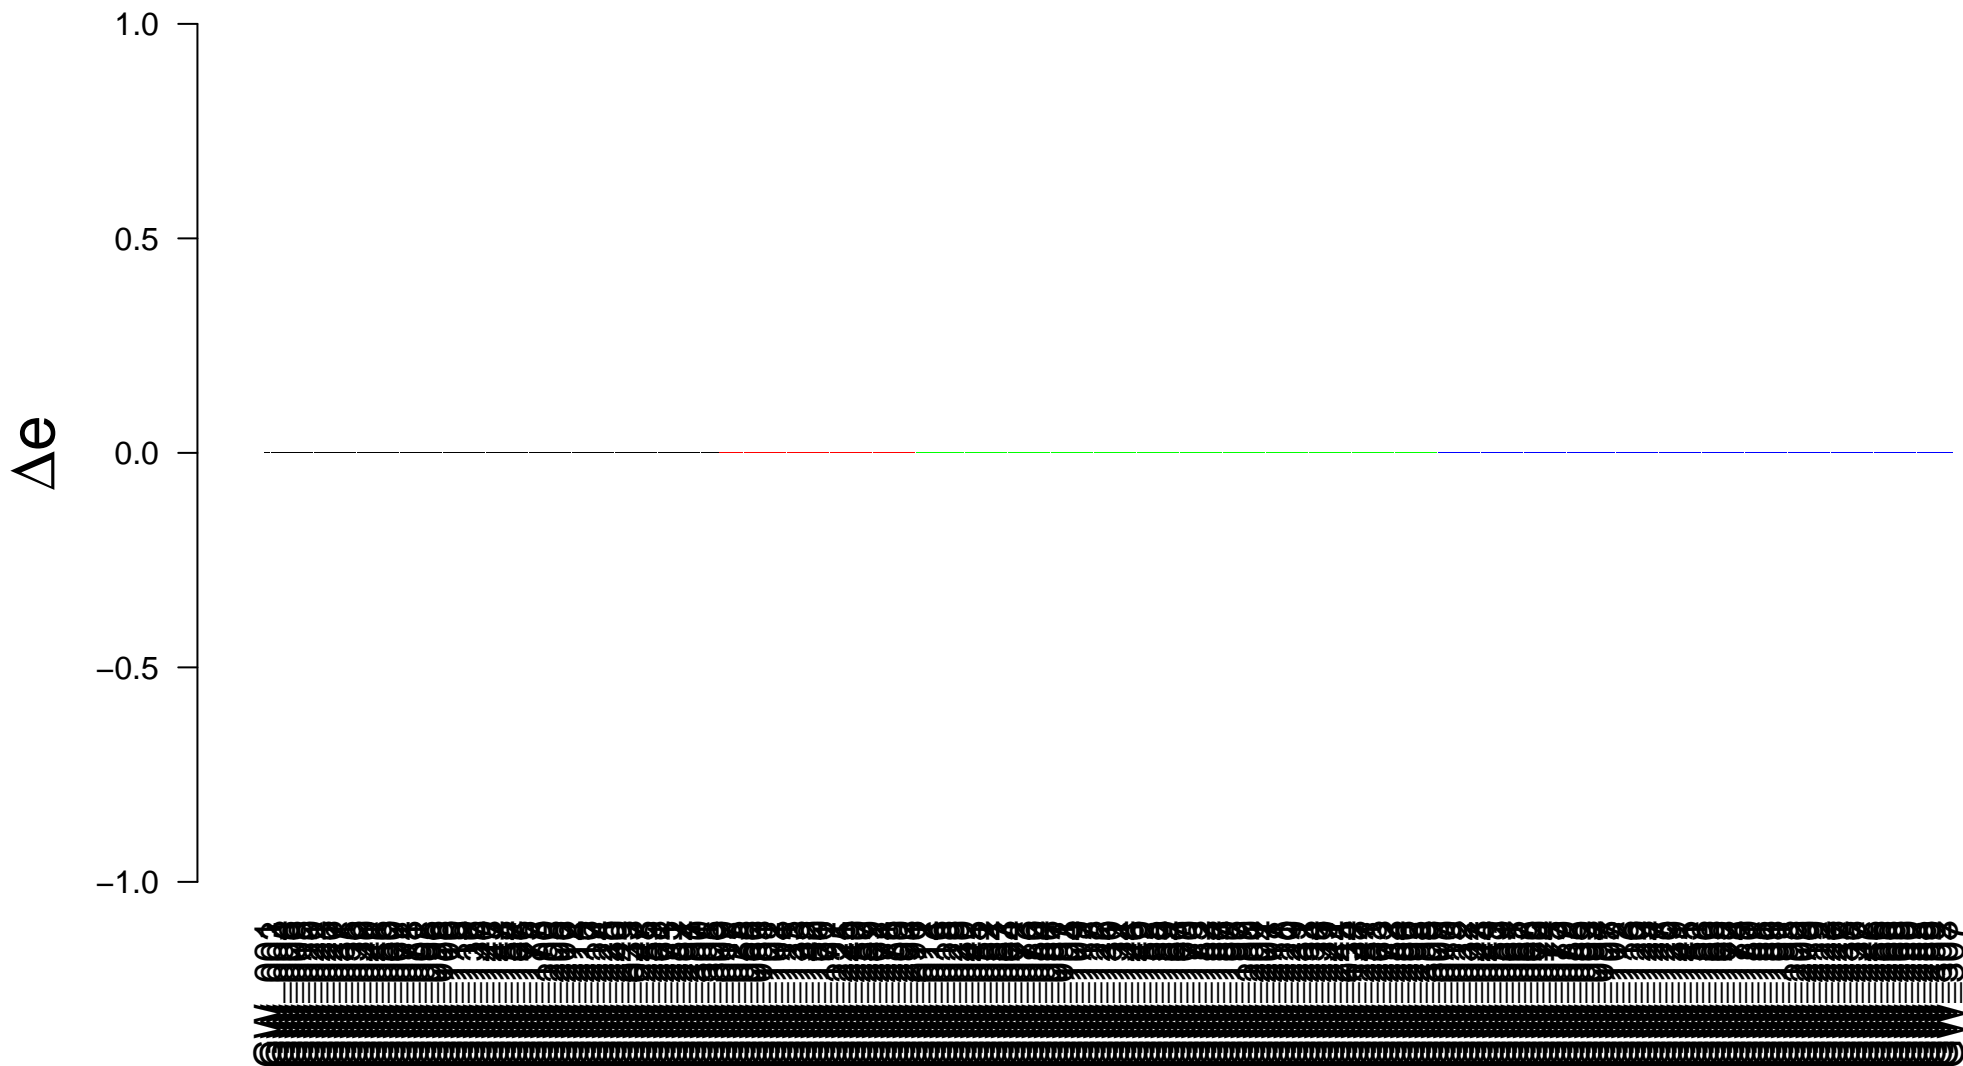

Expression of regulation of establishment of cell polarity in Spot D

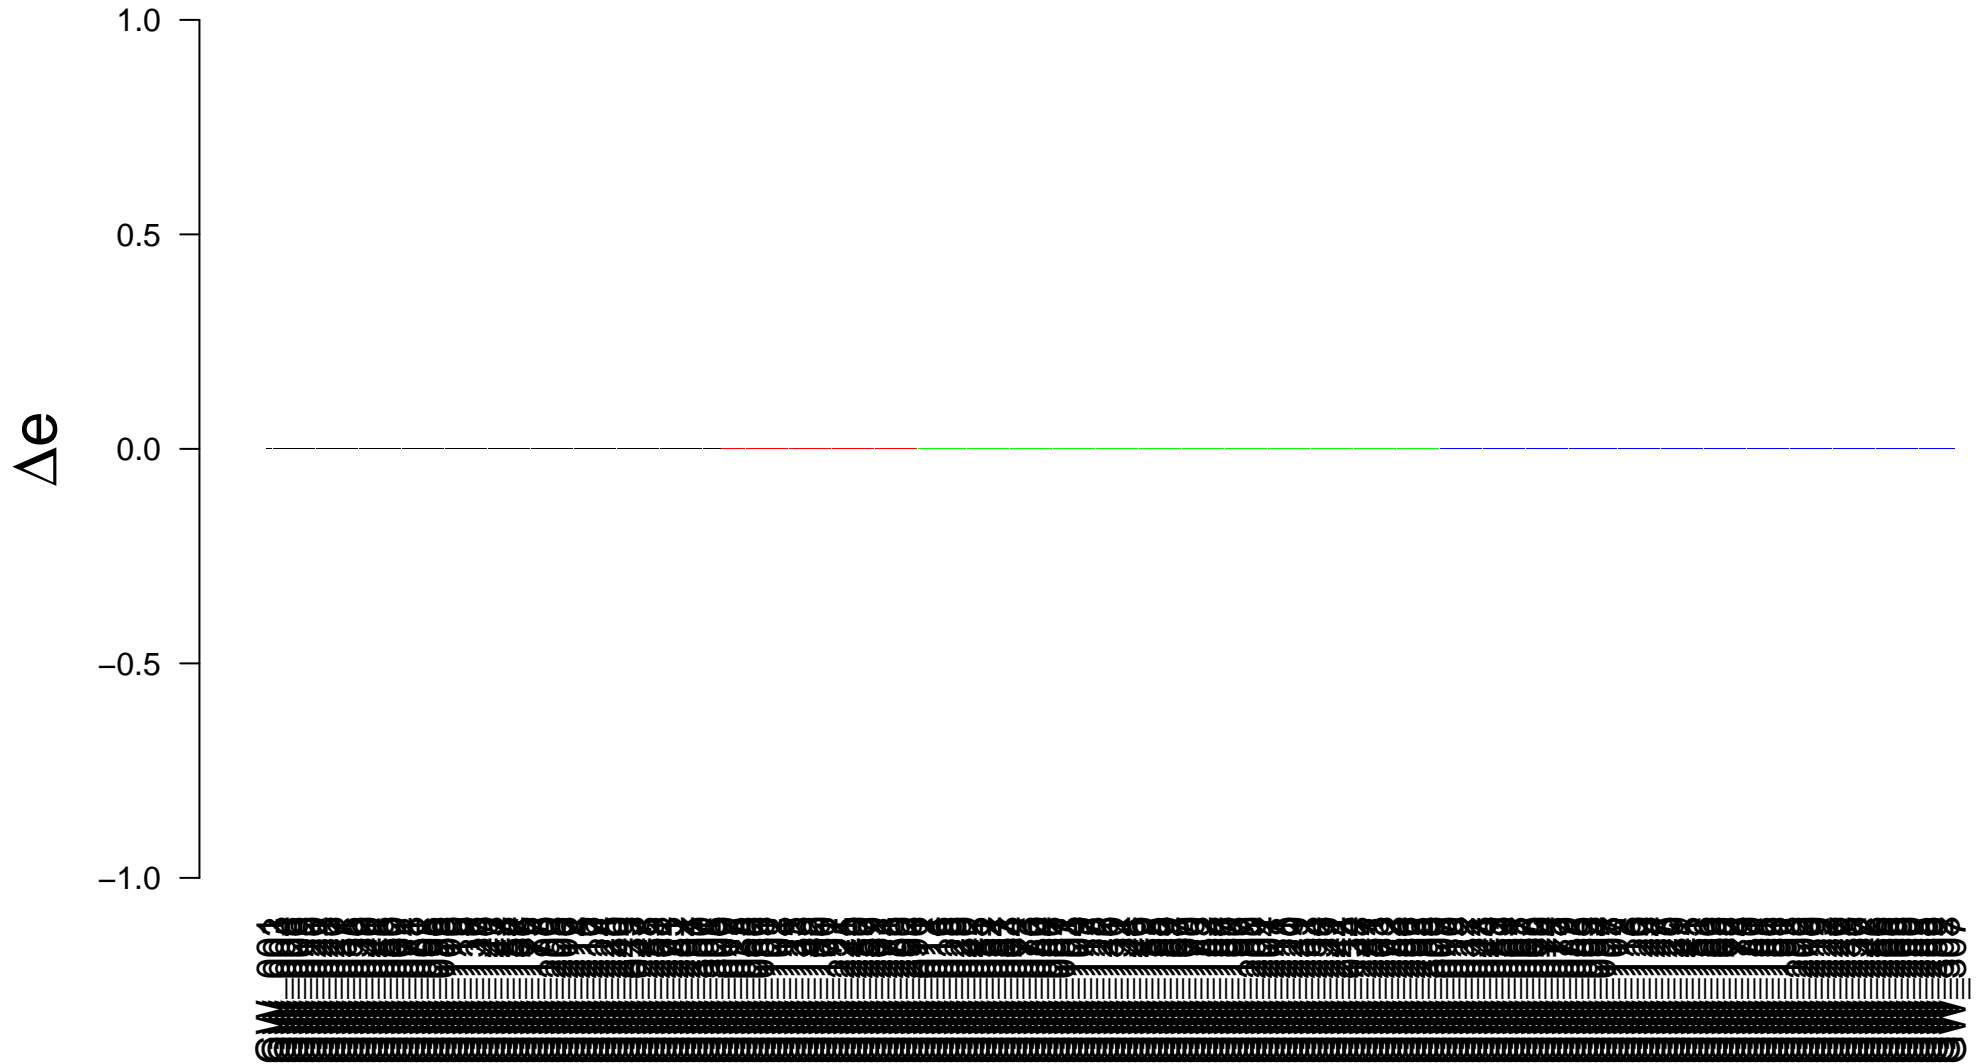

Expression of regulation of establishment of cell polarity in Spot E

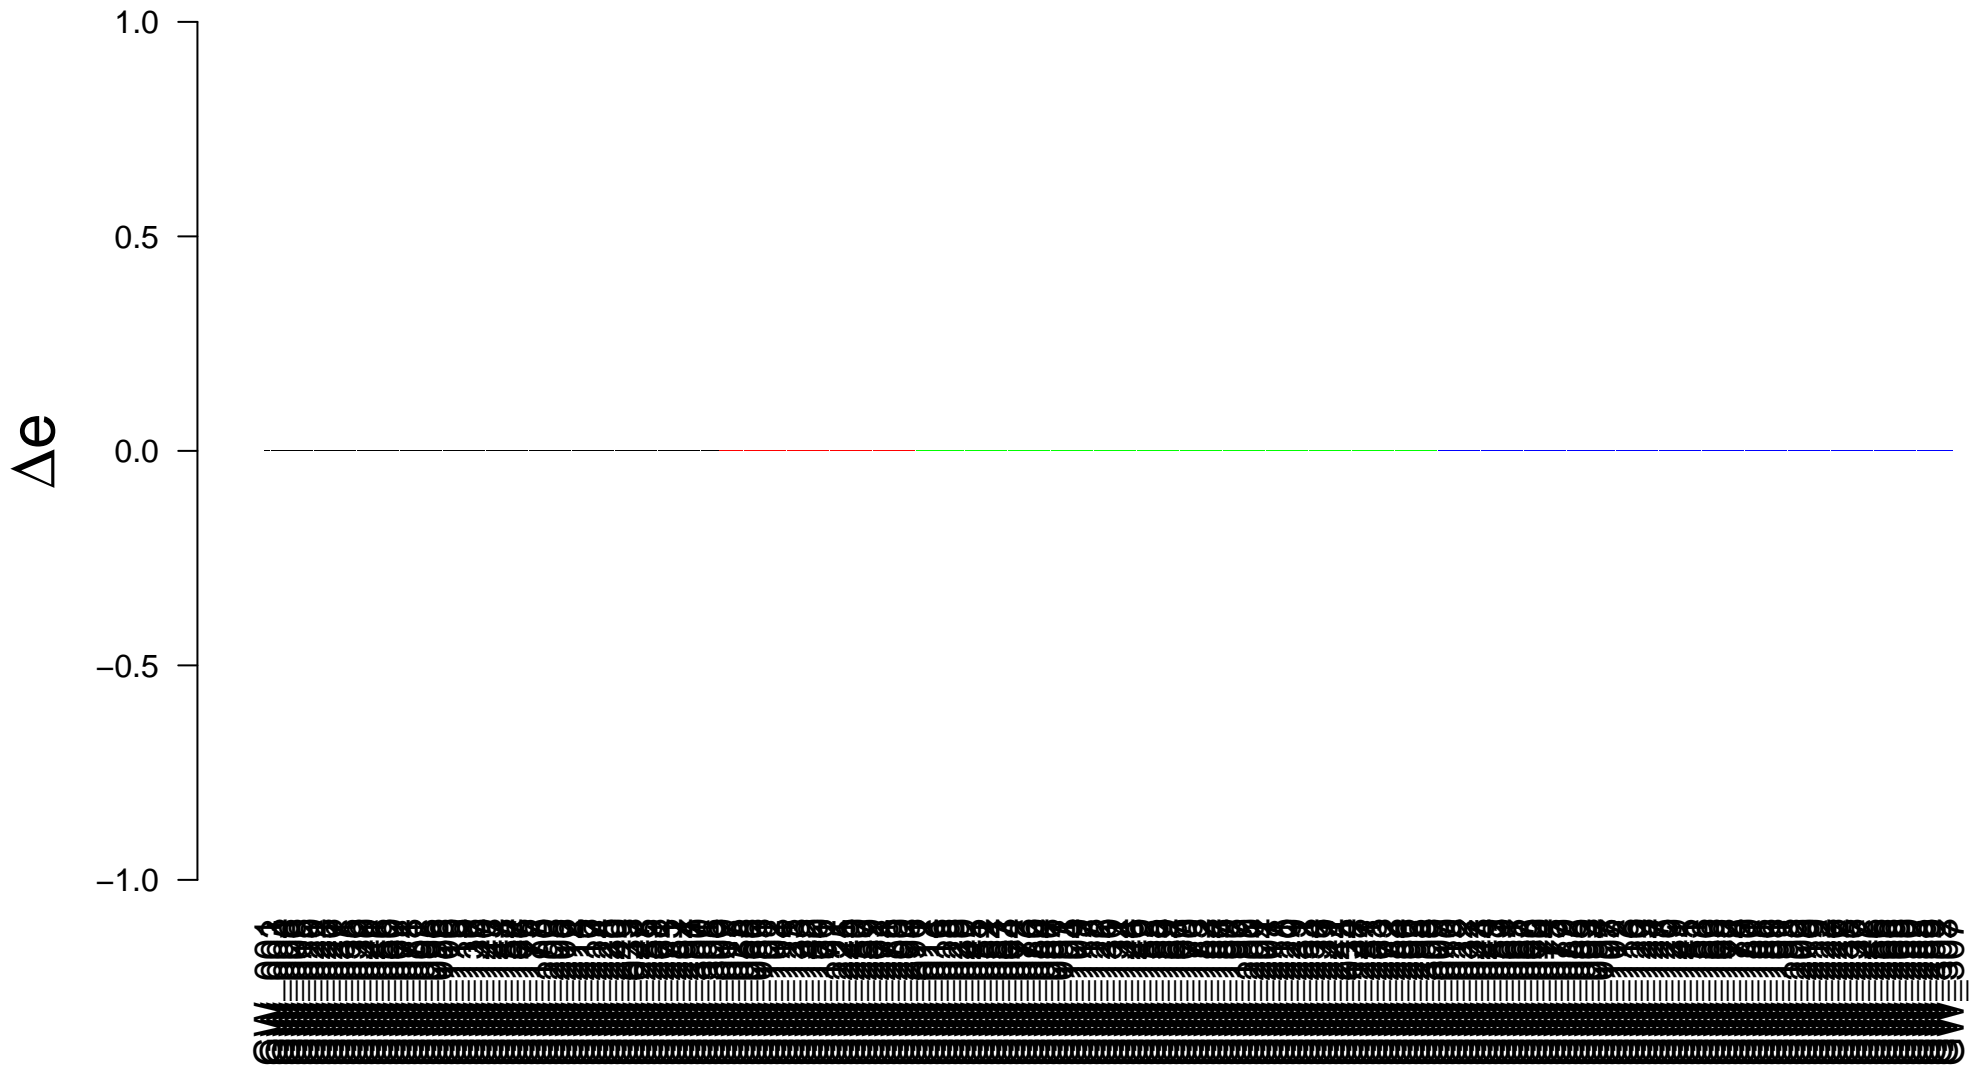

Expression of regulation of establishment of cell polarity in Spot F

Expression of regulation of establishment of cell polarity in Spot G

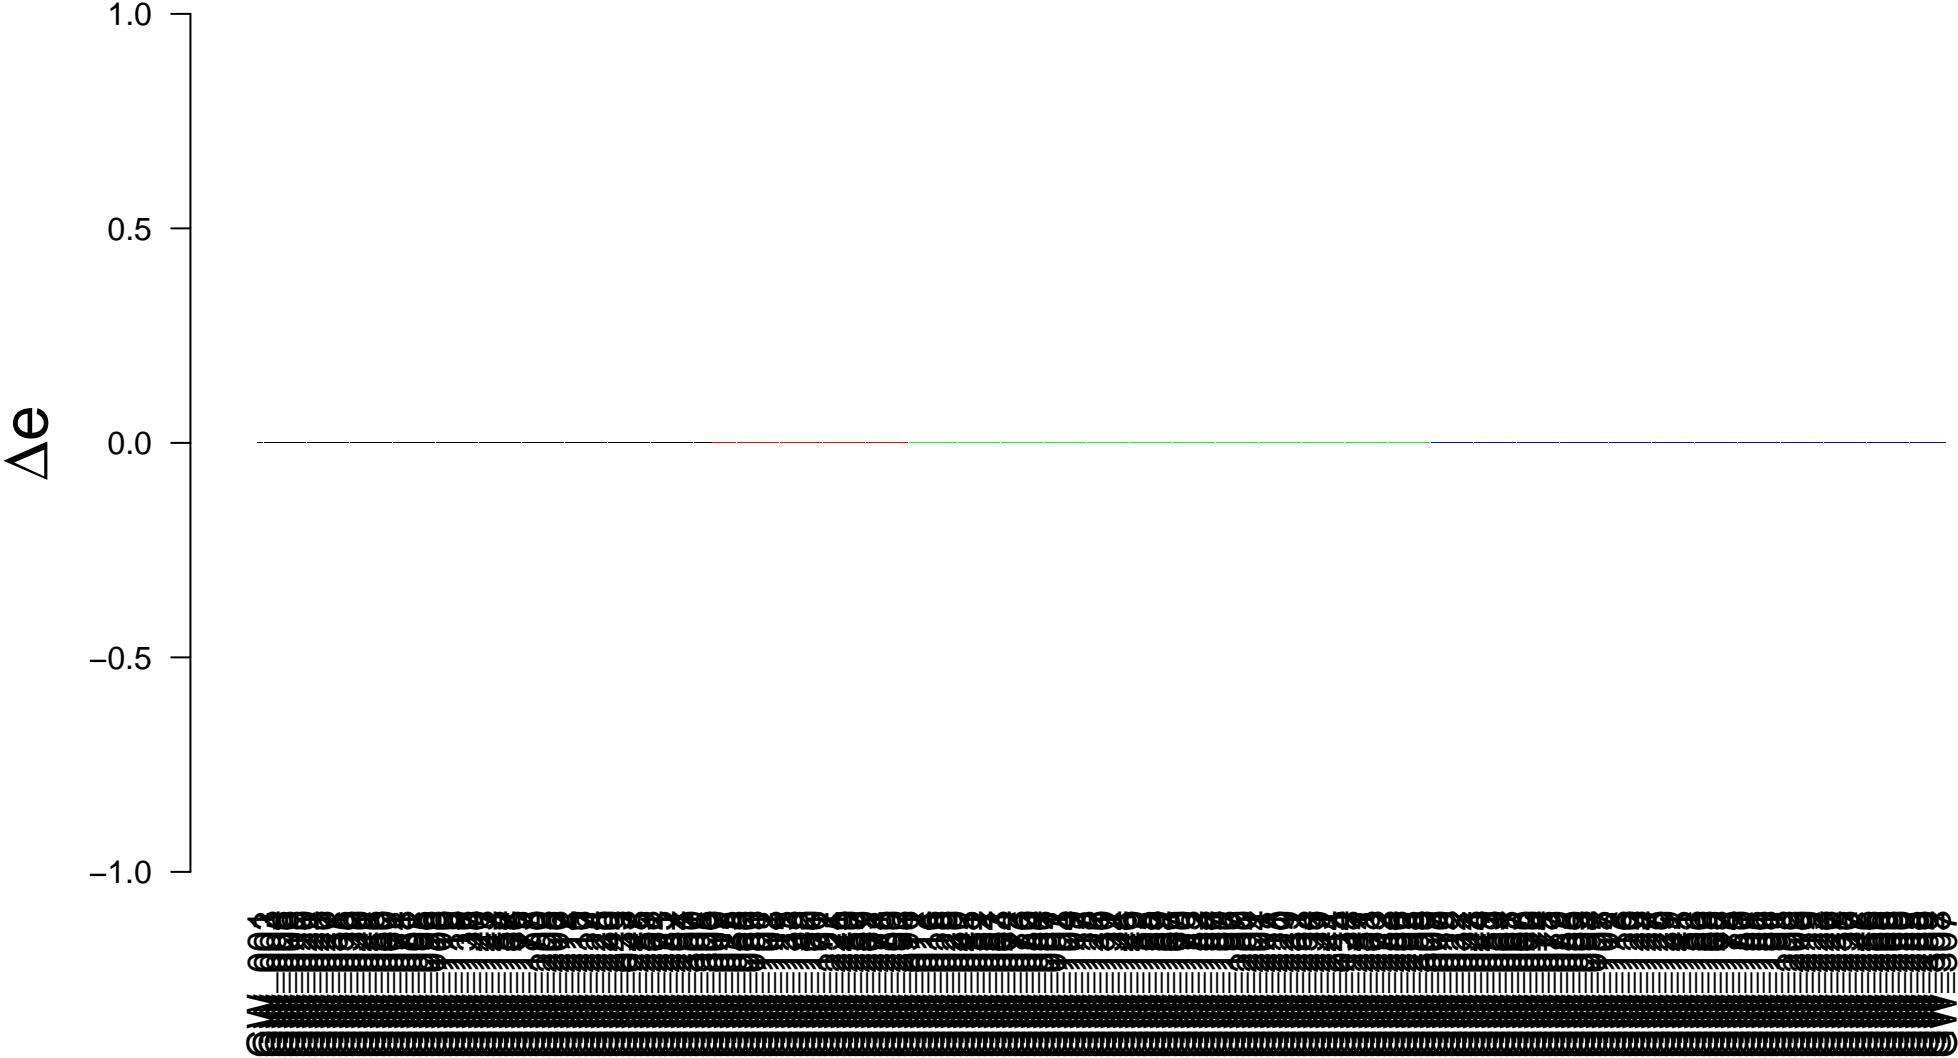

Expression of regulation of establishment of cell polarity in Spot H

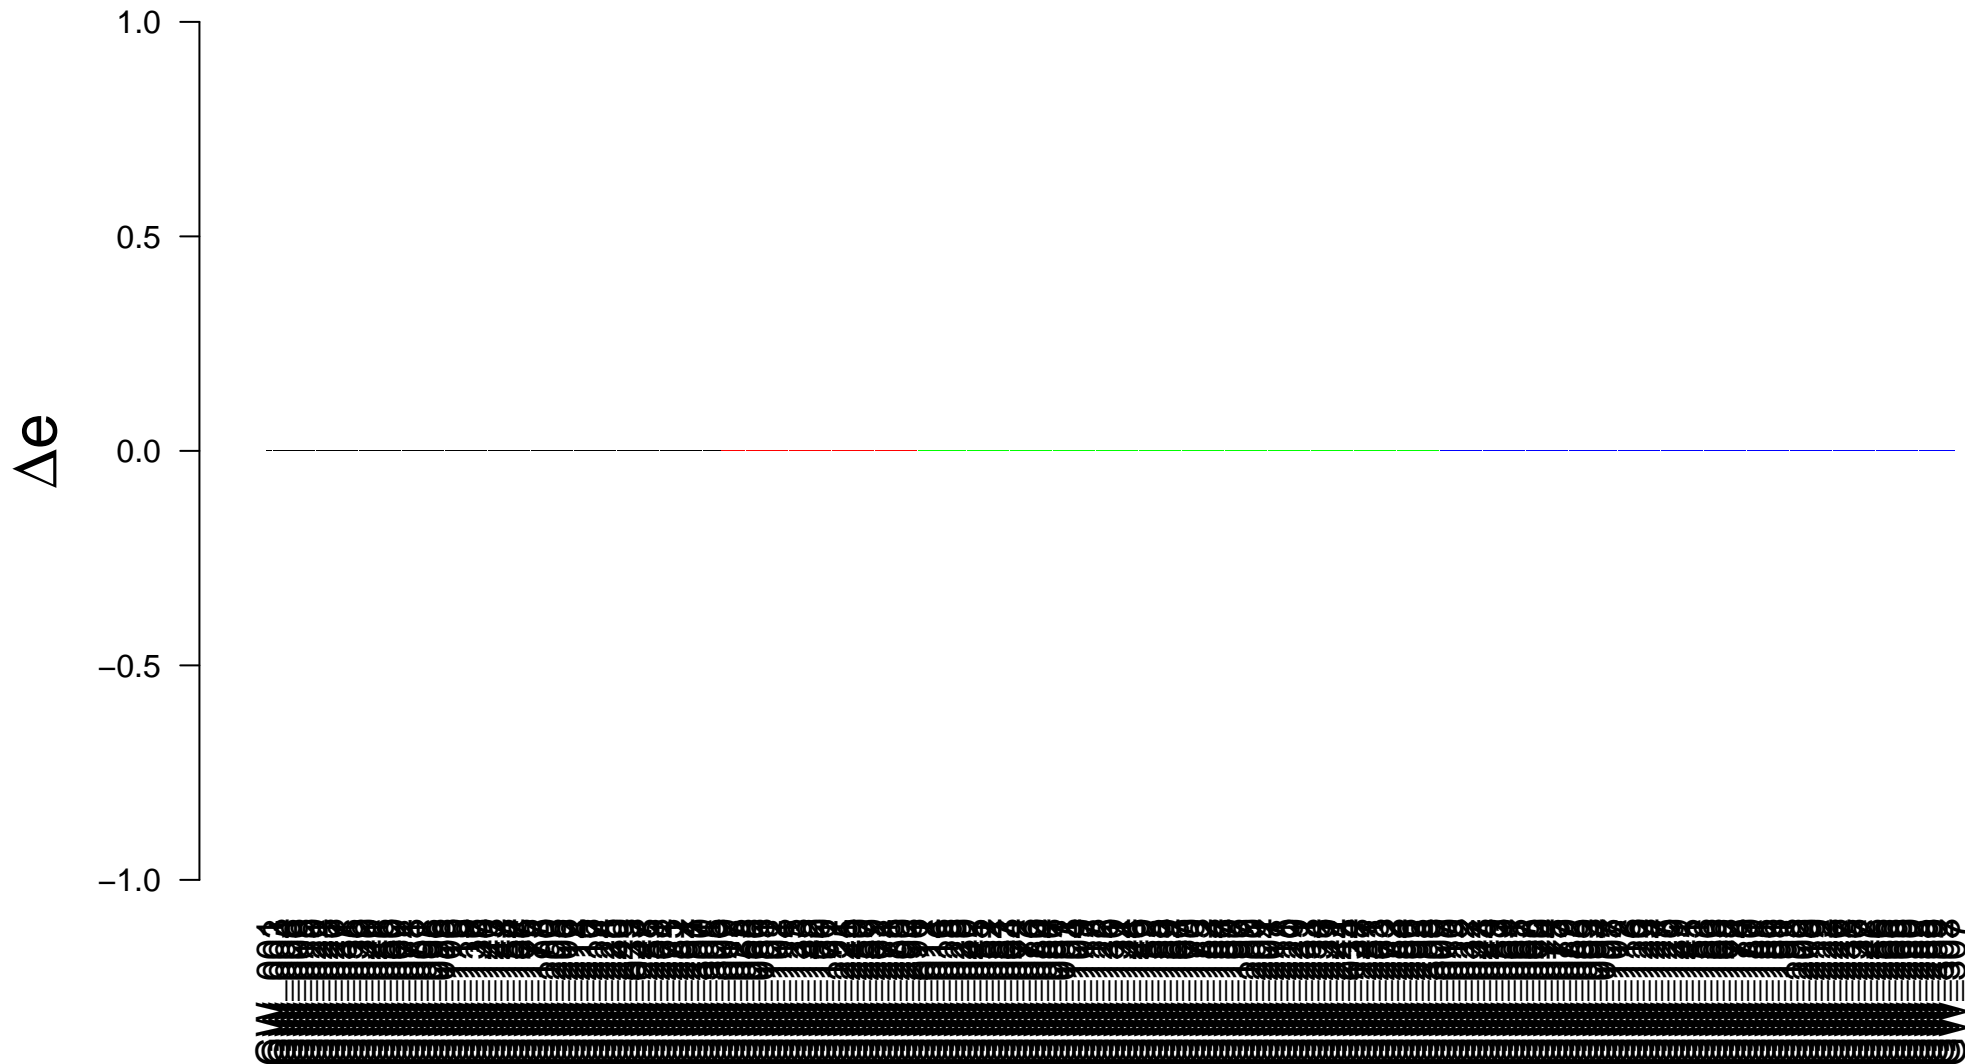

Expression of regulation of establishment of cell polarity in Spot I

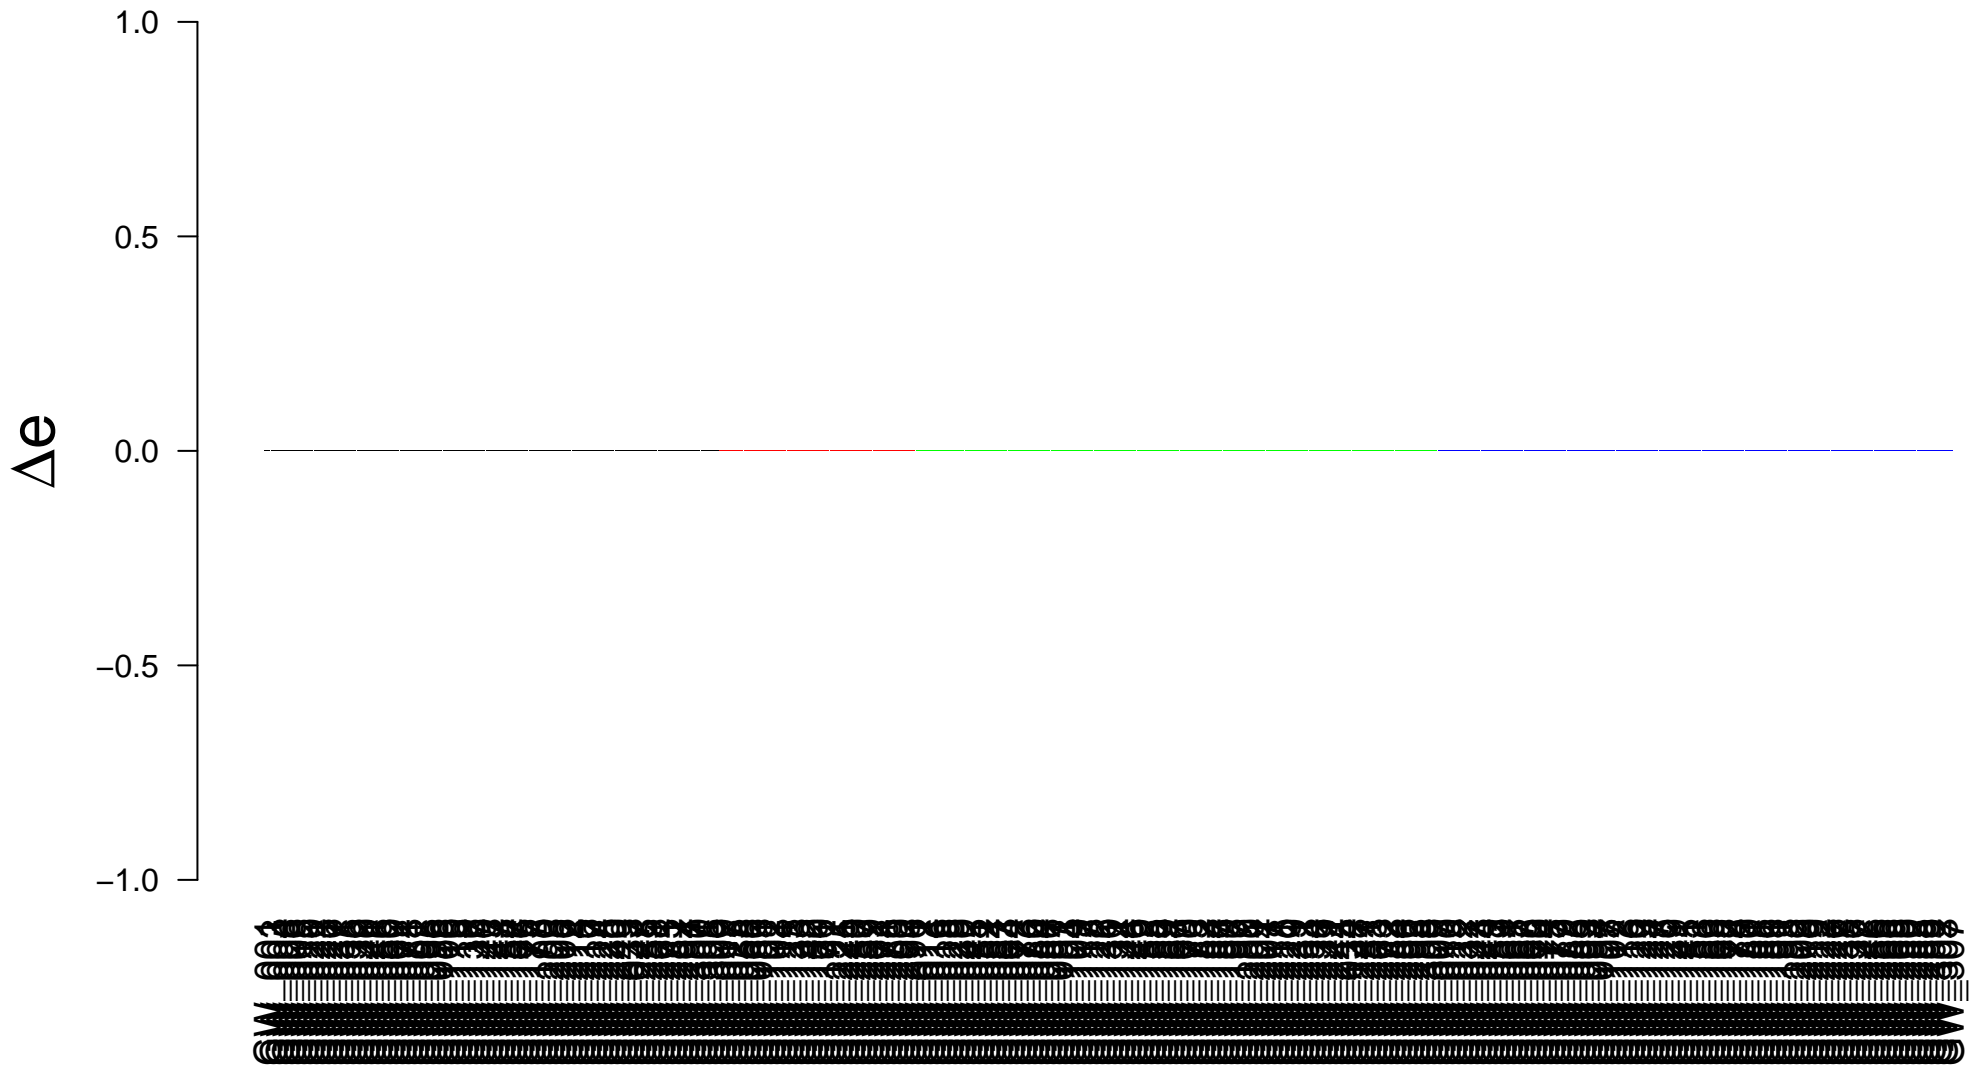

Expression of regulation of establishment of cell polarity in Spot J

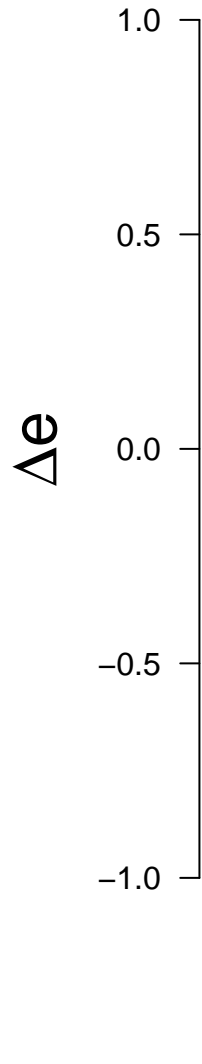

Expression of regulation of establishment of cell polarity in Spot K

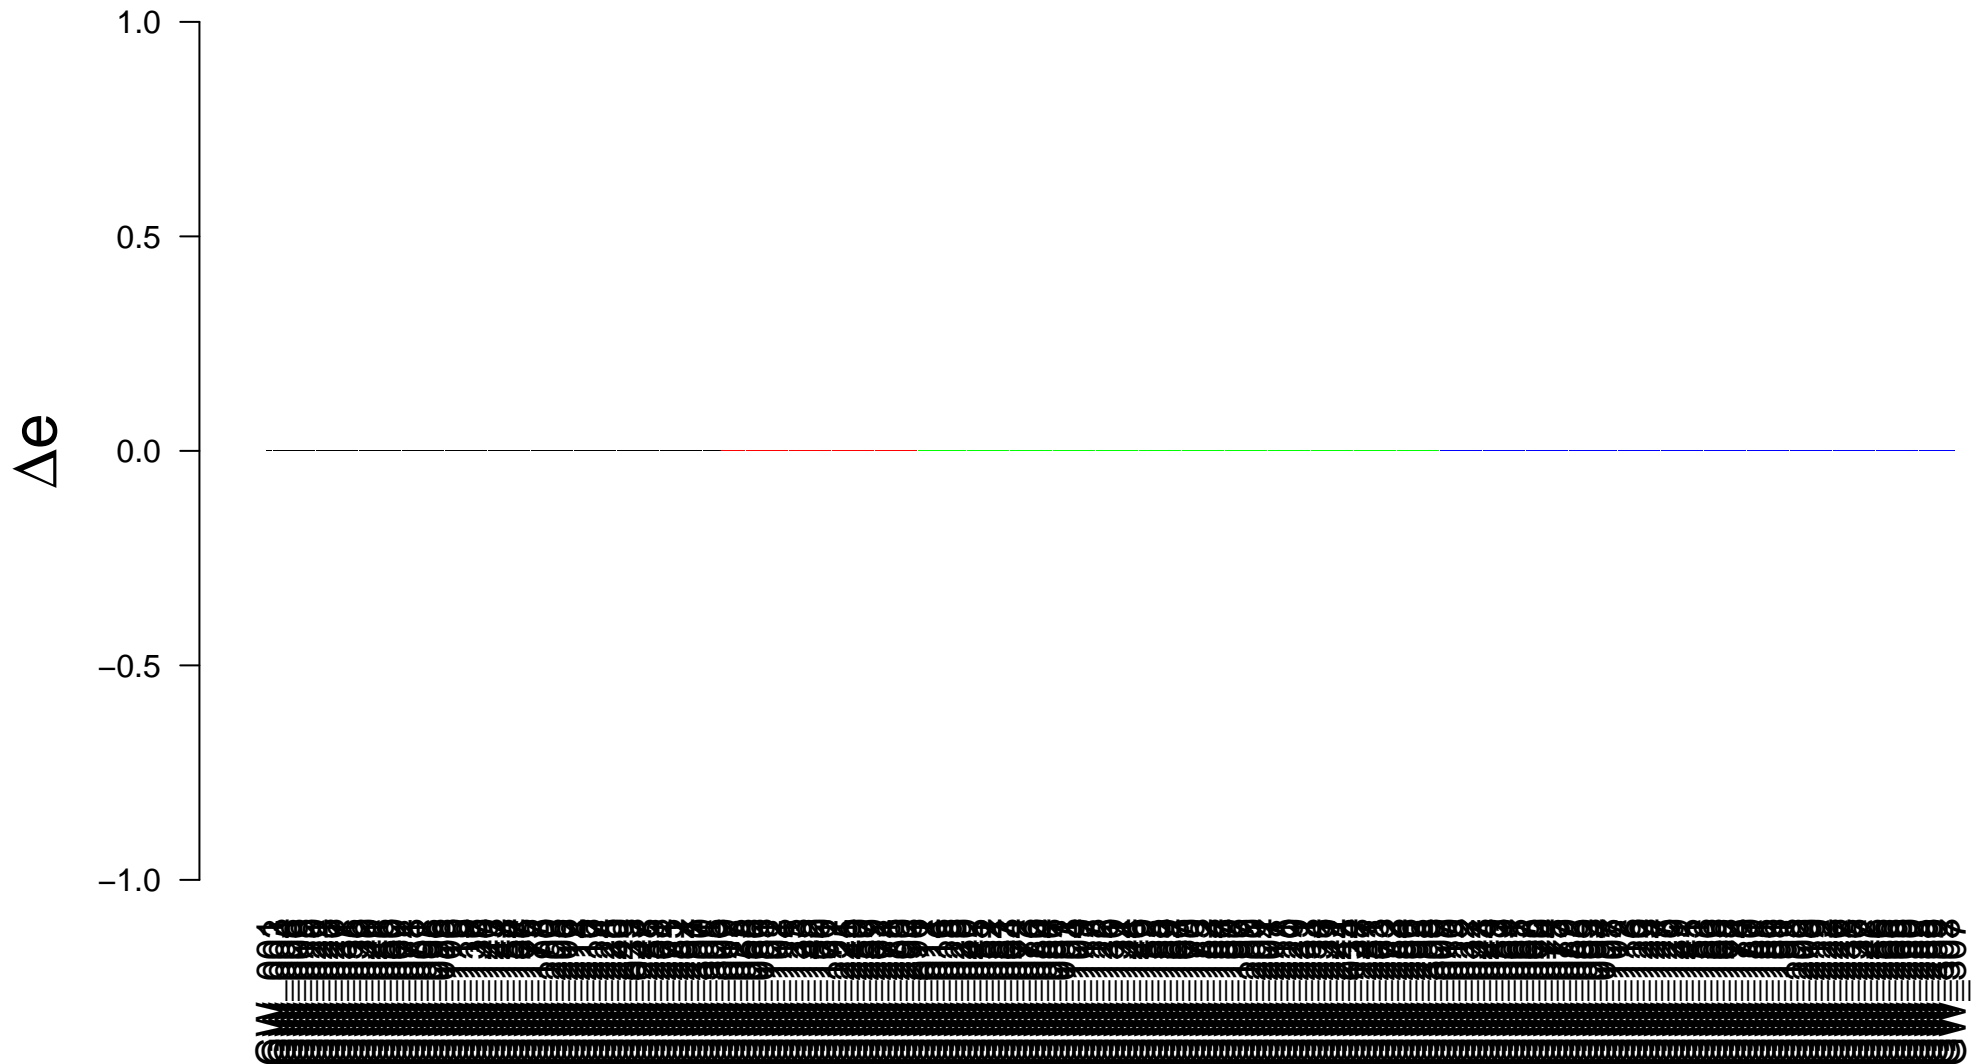

Expression of regulation of establishment of cell polarity in Spot L

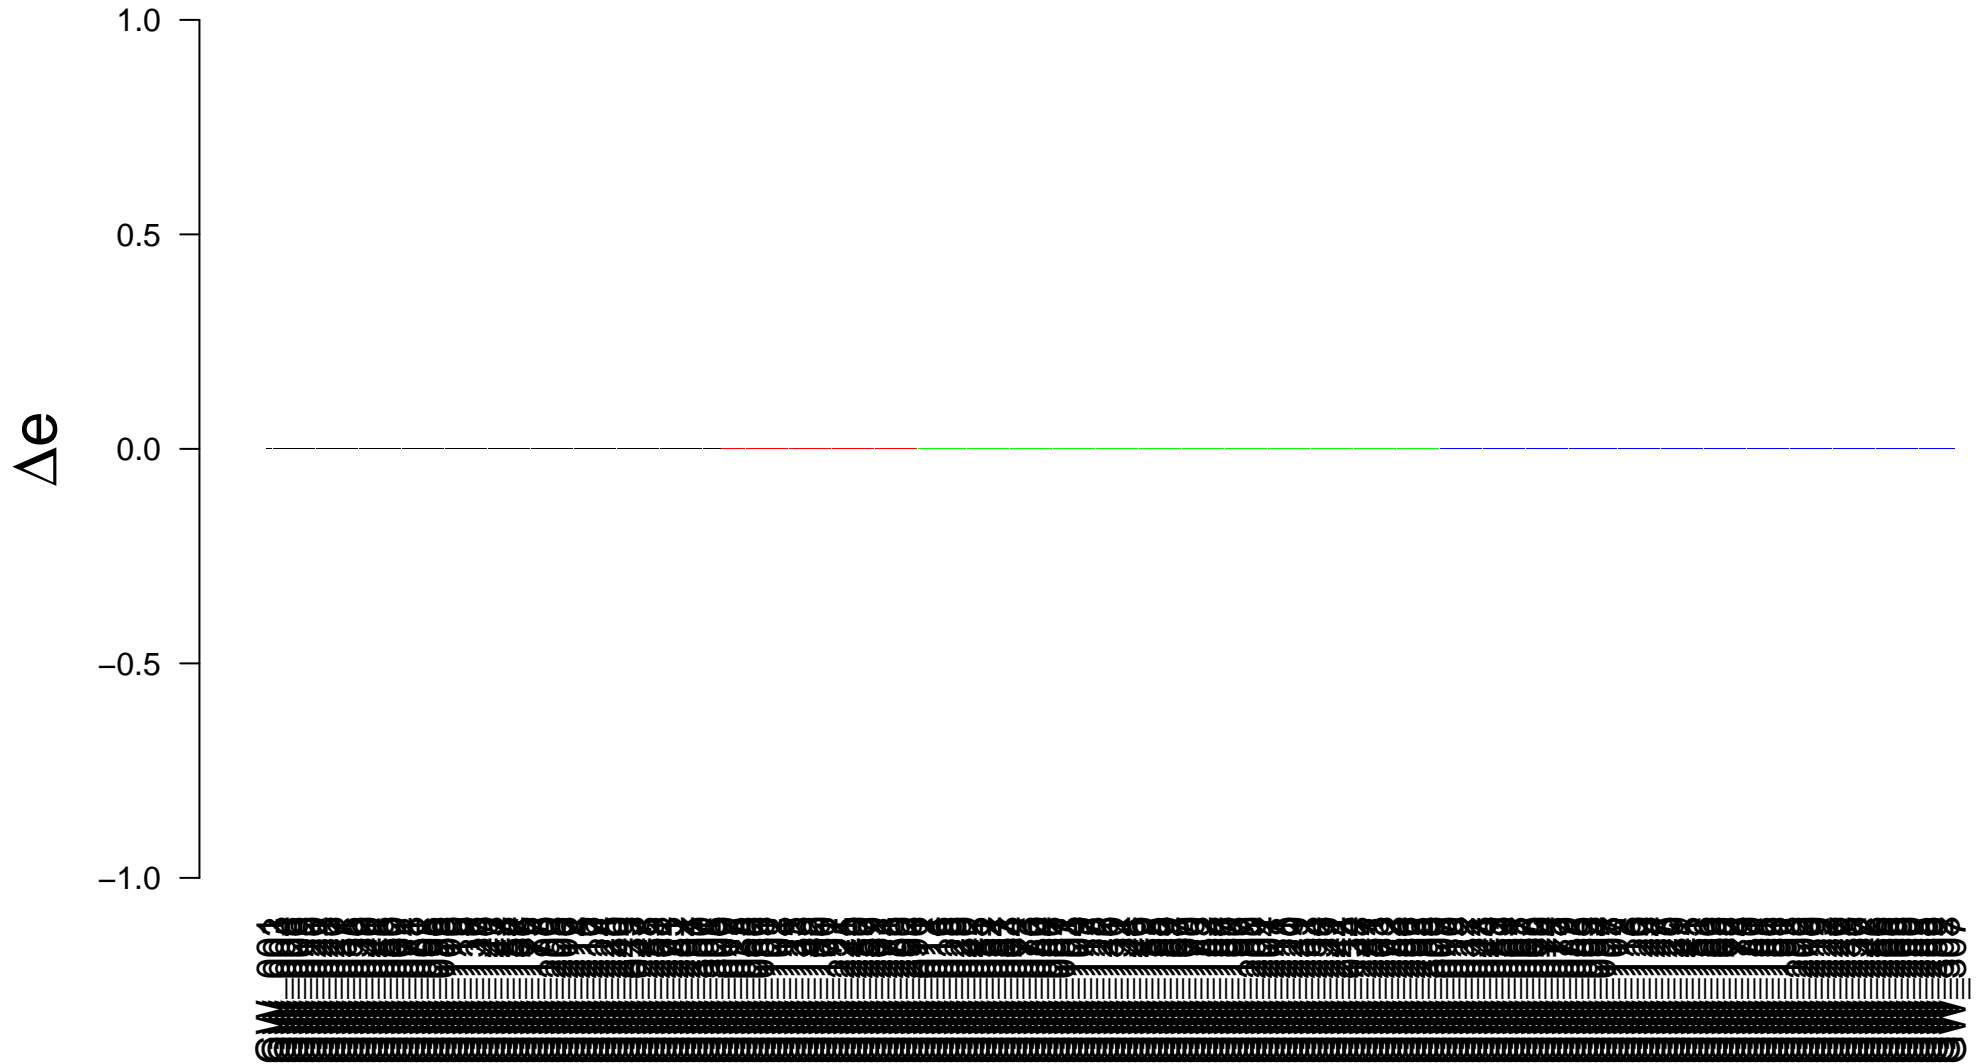

Expression of regulation of establishment of cell polarity in Spot M

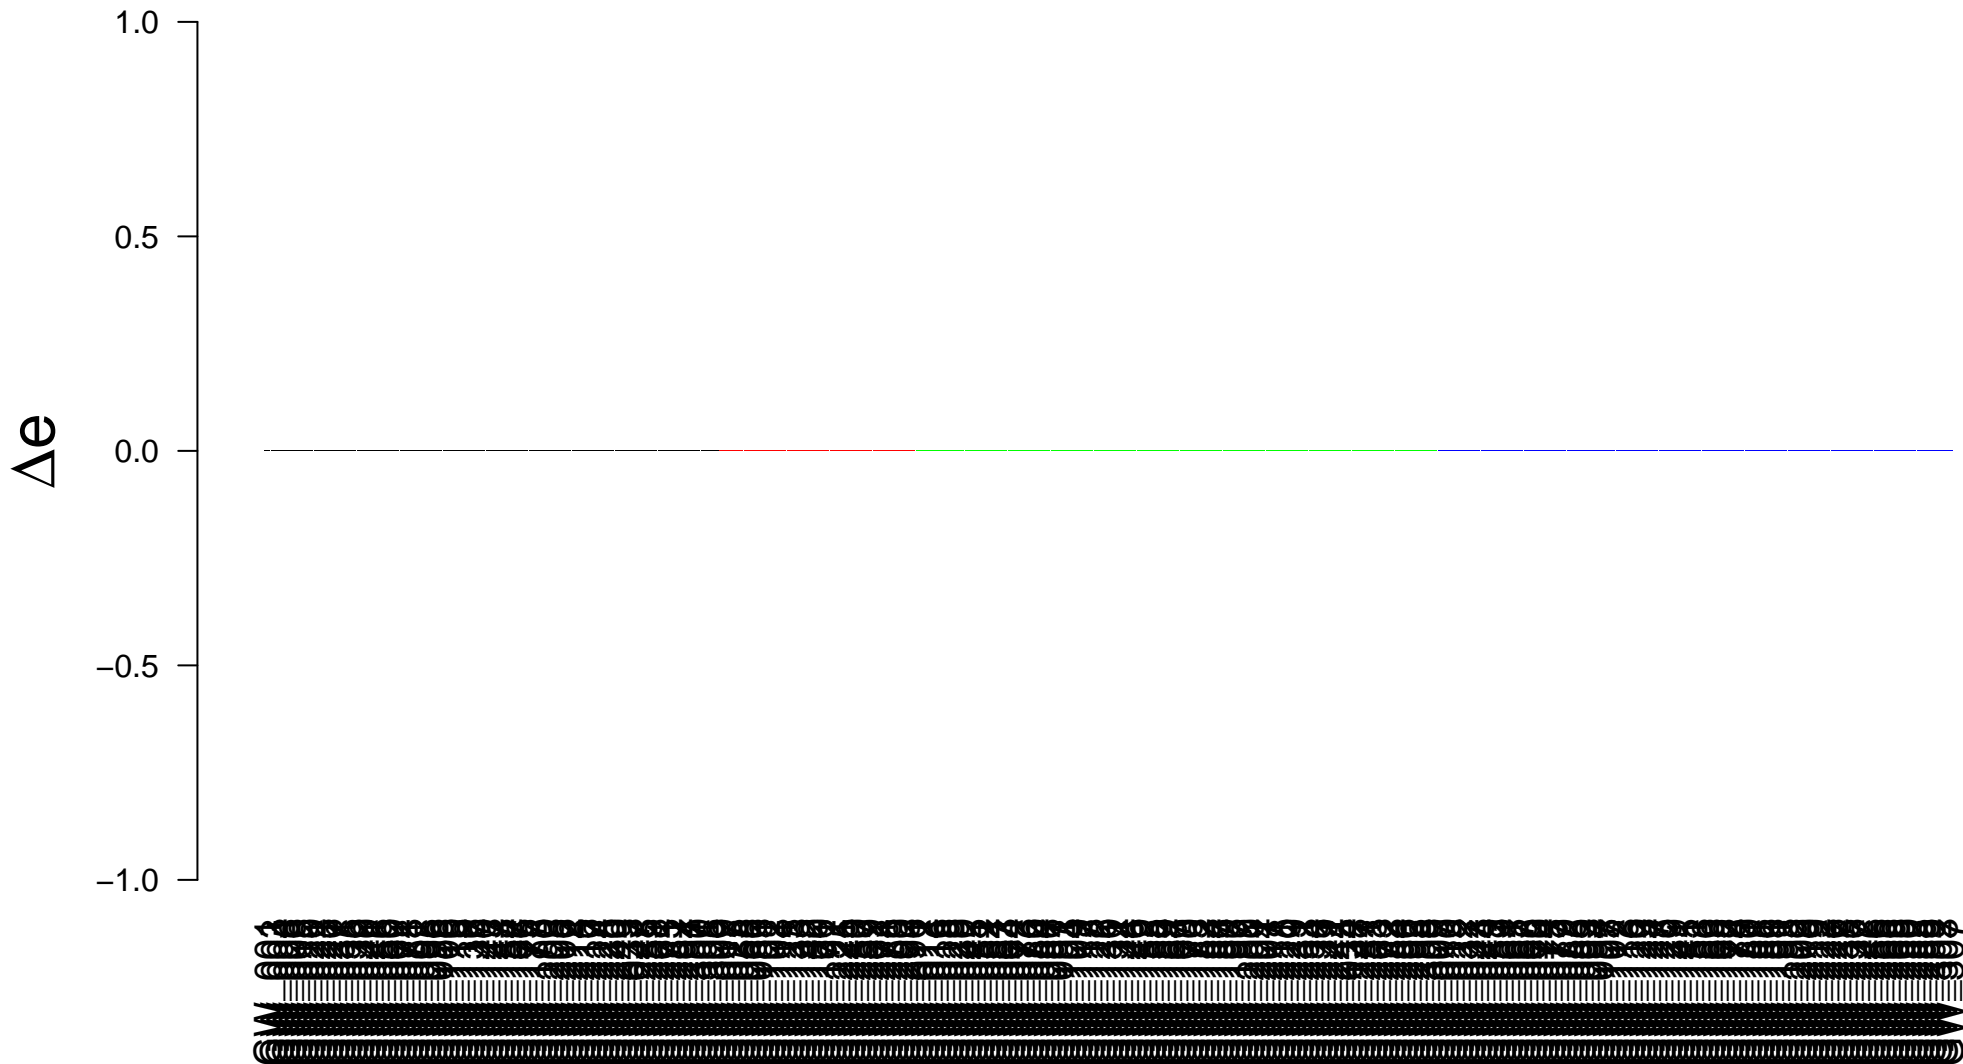

Expression of regulation of establishment of cell polarity in Spot N

Expression of regulation of establishment of cell polarity in Spot O

Expression of regulation of establishment of cell polarity in Spot P

Expression of regulation of establishment of cell polarity in Spot Q

Expression of regulation of establishment of cell polarity in Spot R
