

regulation of immune response

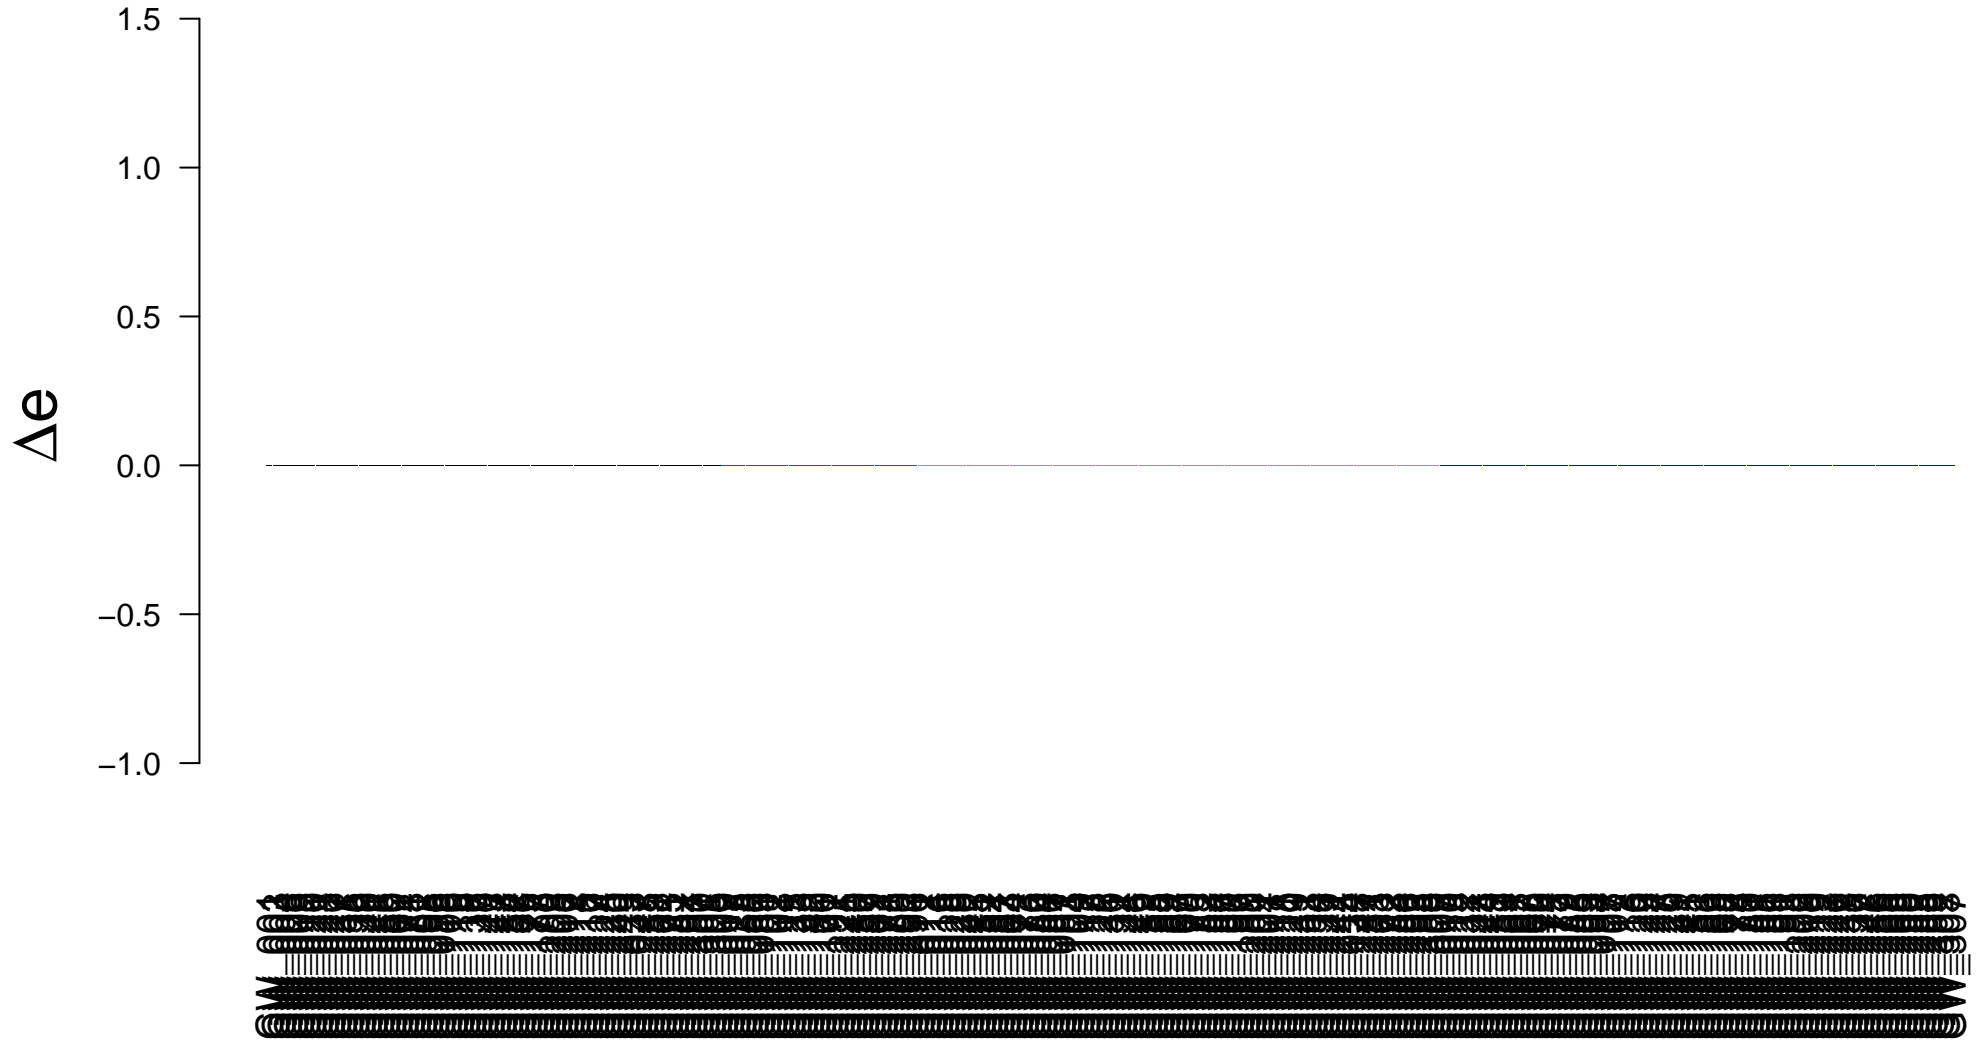

regulation of immune response

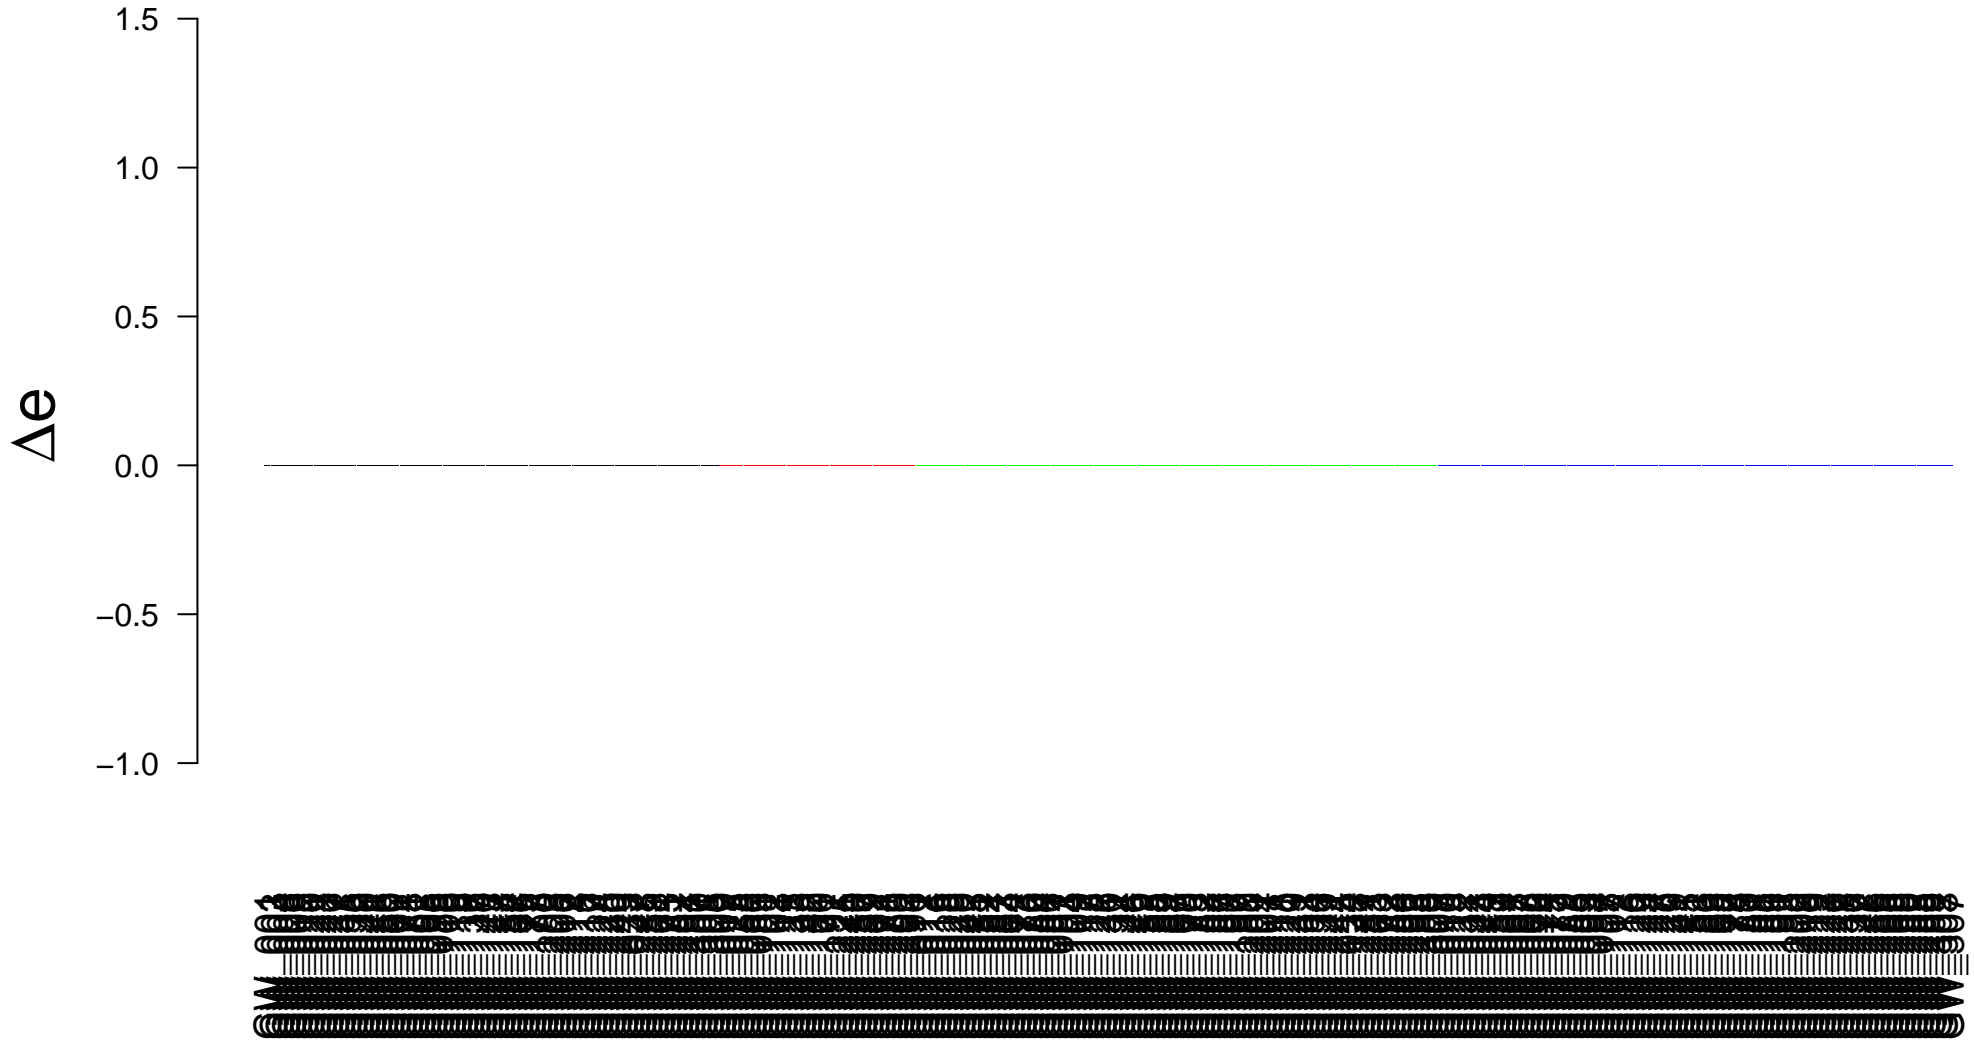

Enrichment in spots: regulation of immune response

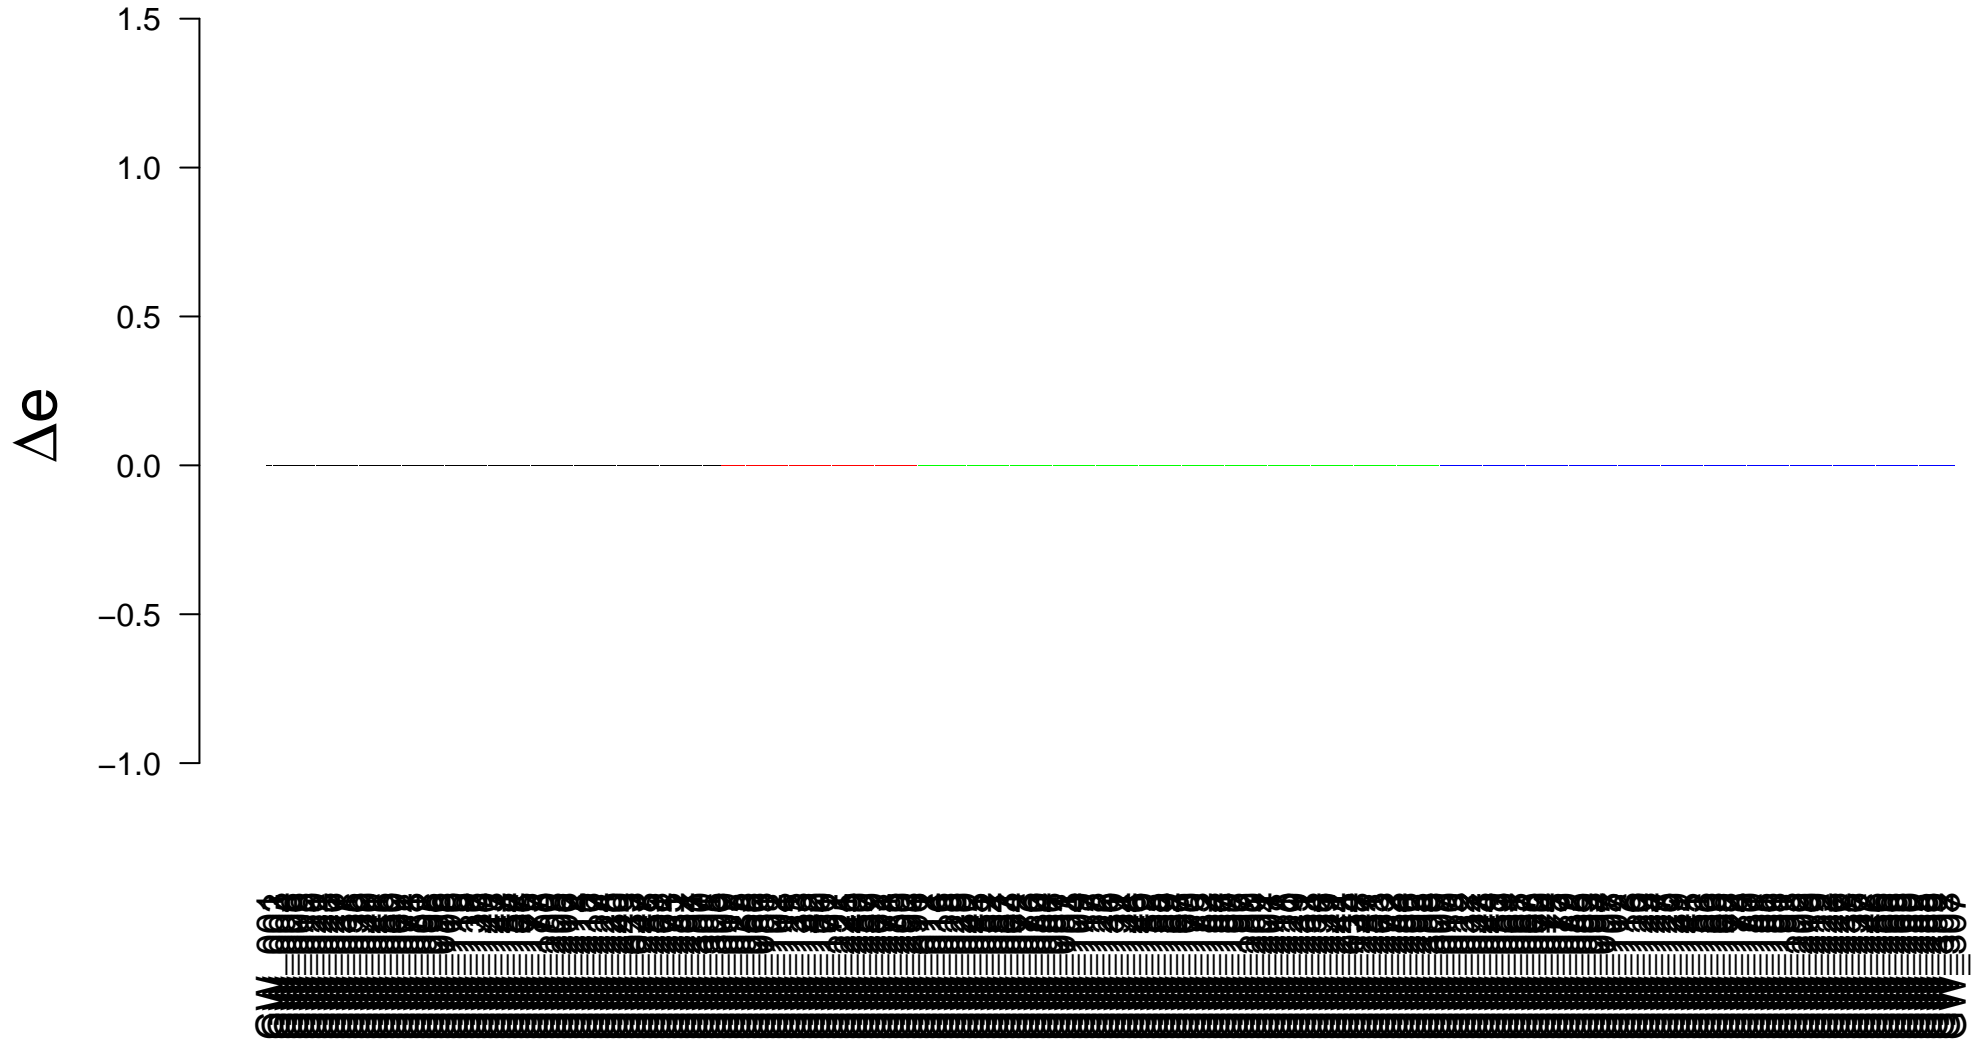

Expression of regulation of immune response in Spot A

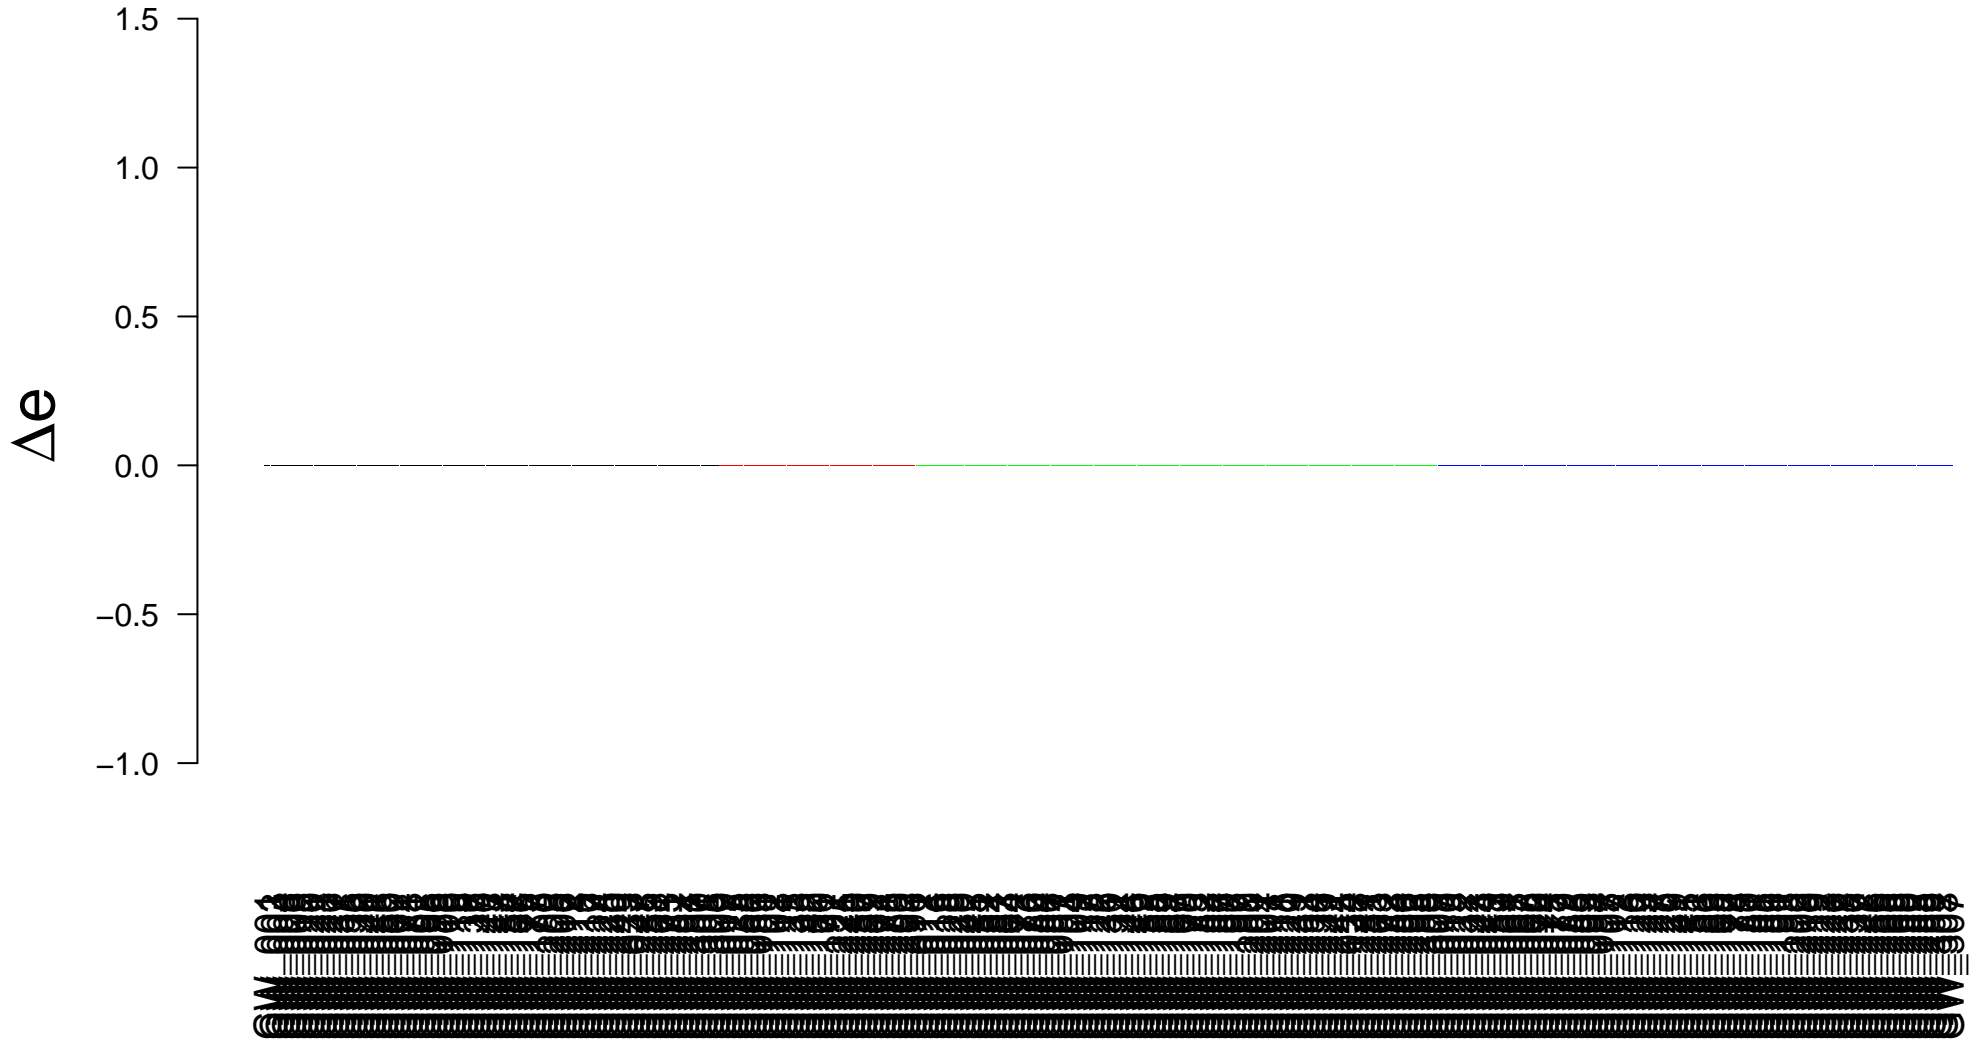

Expression of regulation of immune response in Spot B

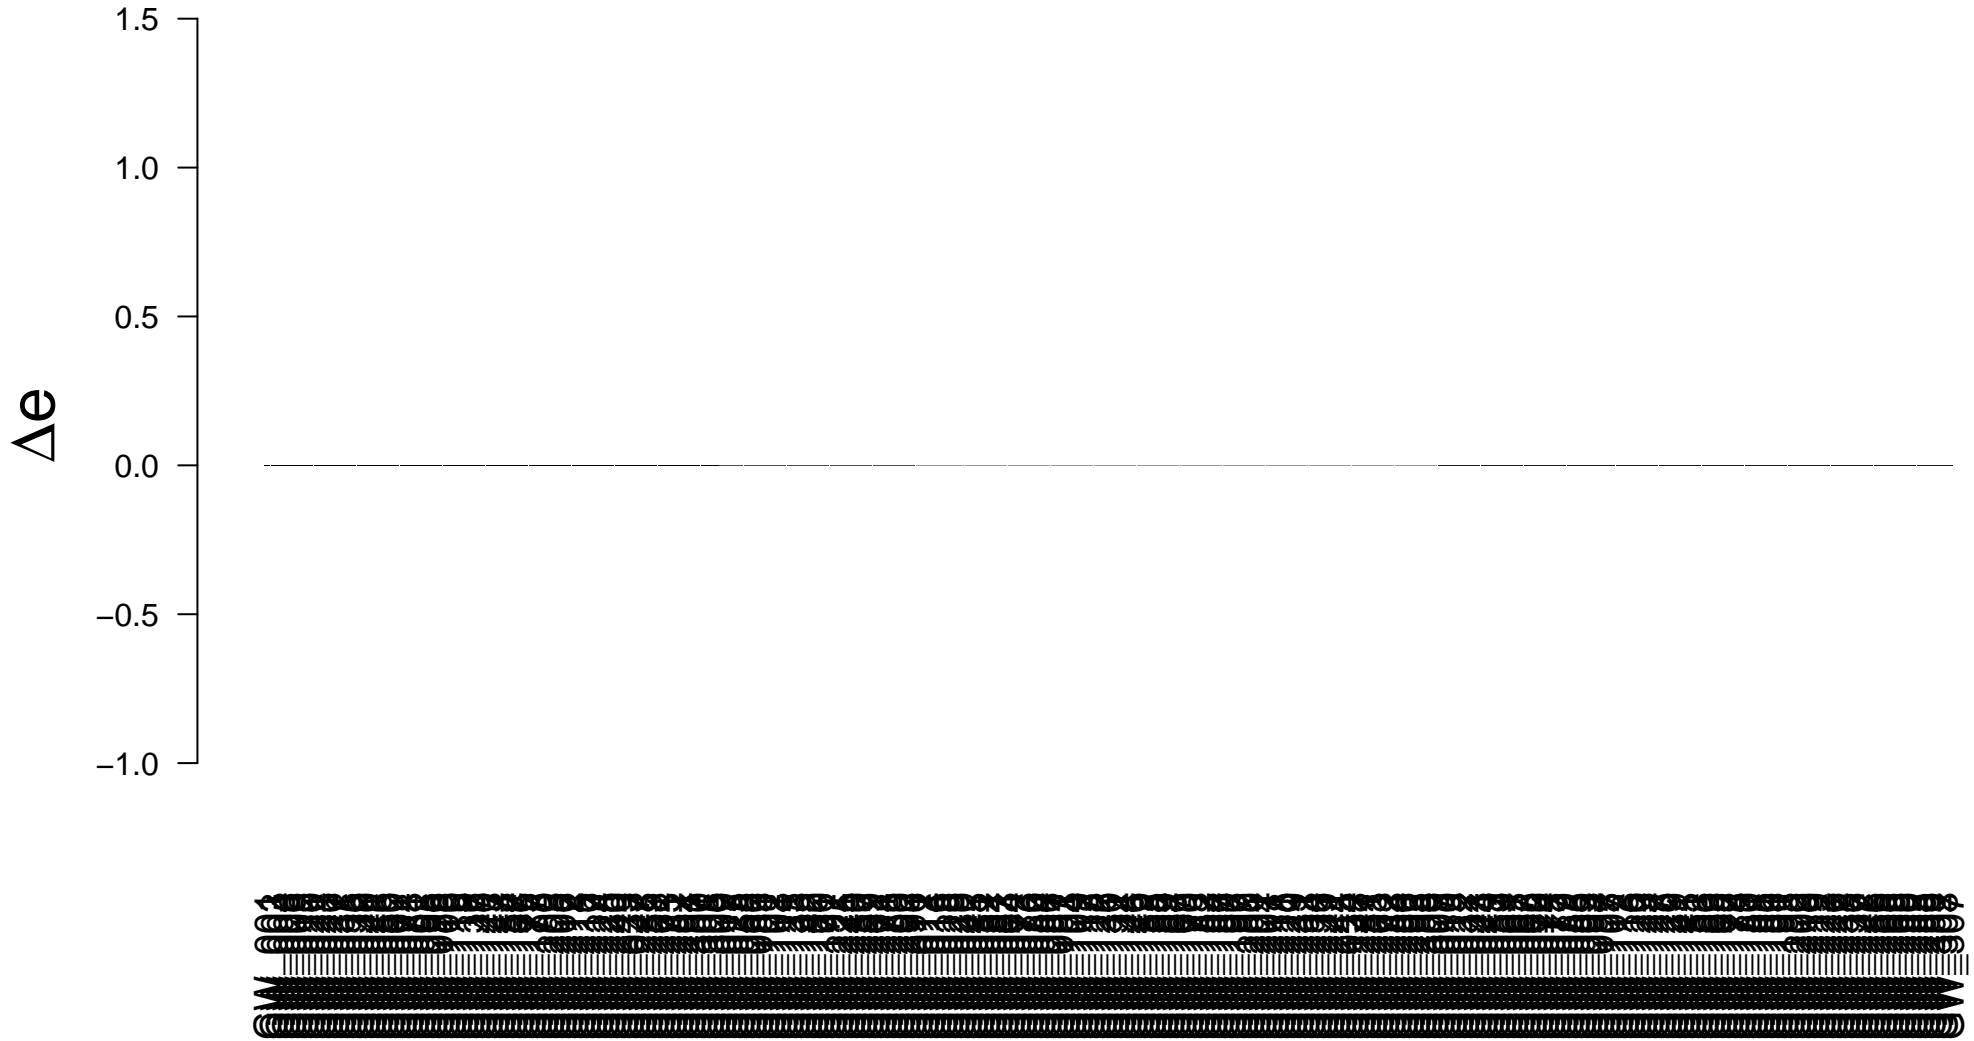

Expression of regulation of immune response in Spot C

Expression of regulation of immune response in Spot D

Expression of regulation of immune response in Spot E

Expression of regulation of immune response in Spot F

Δe

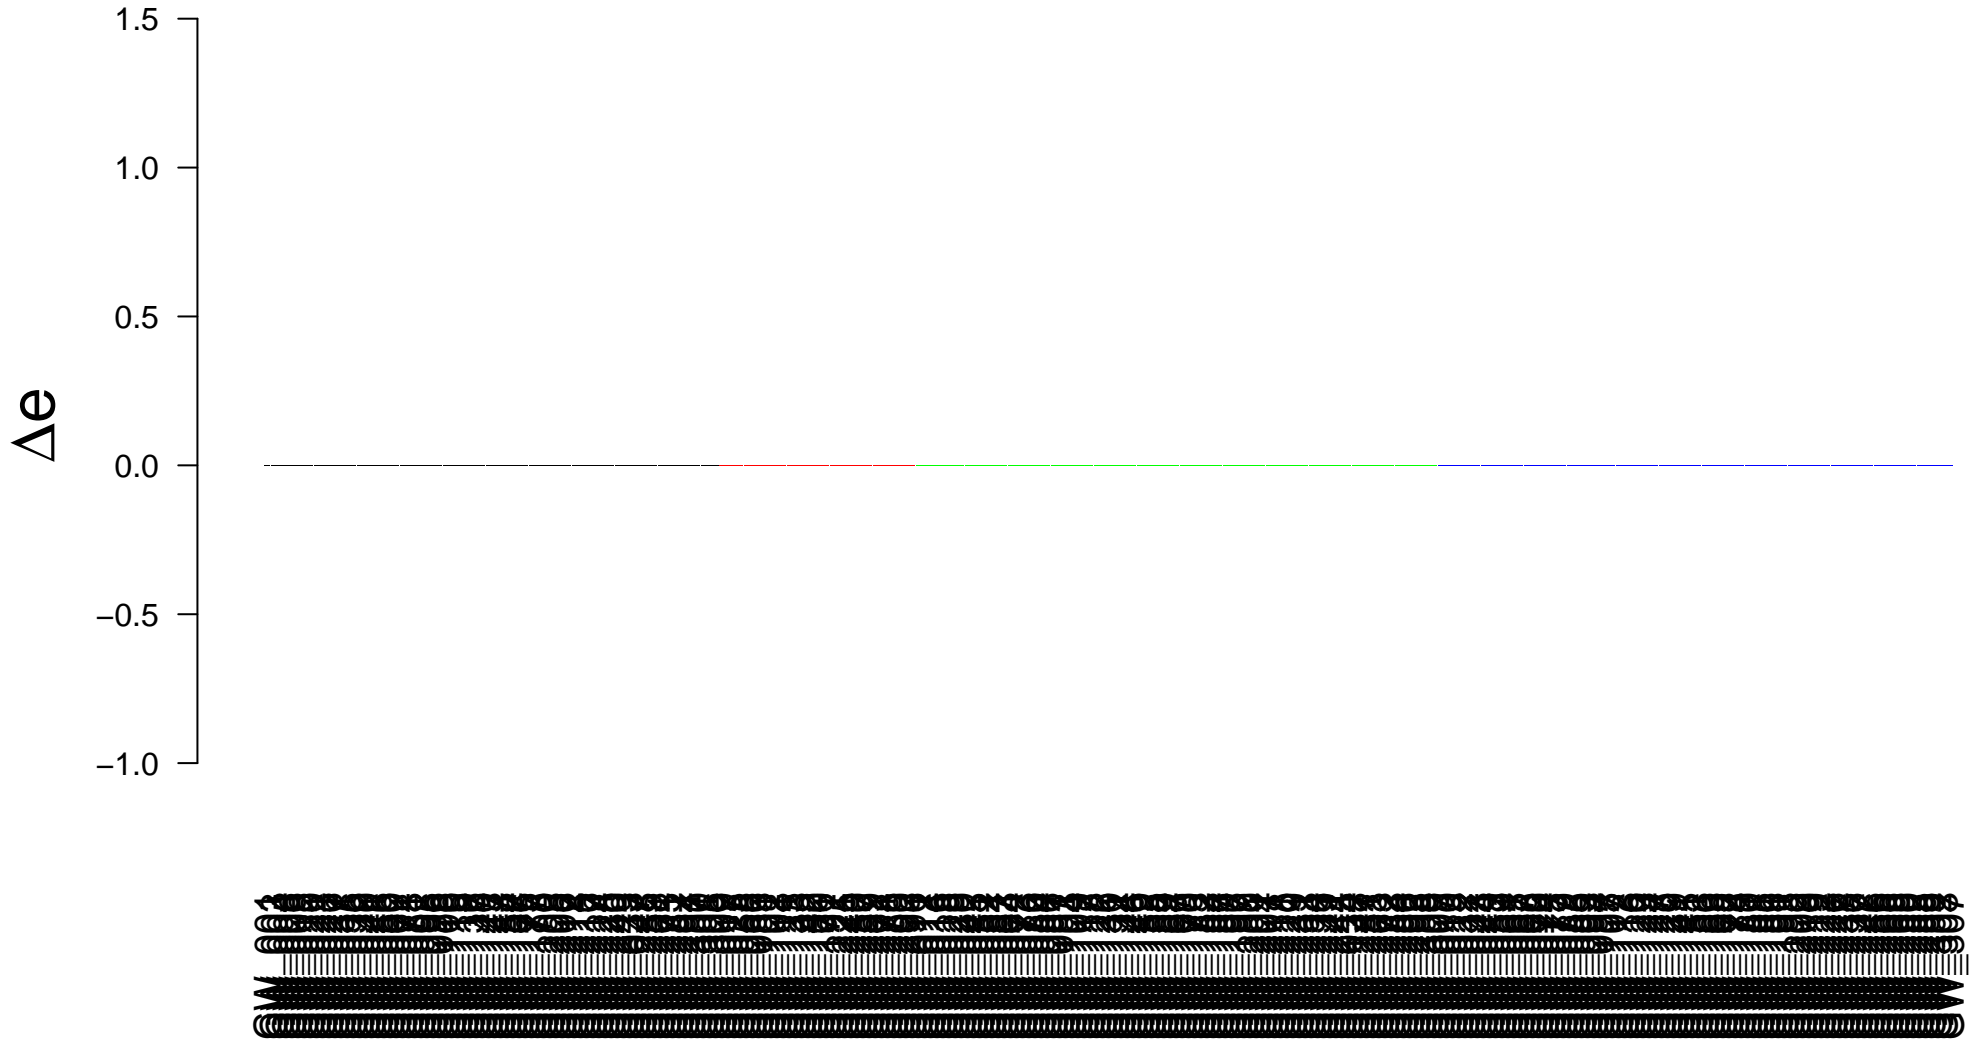

Expression of regulation of immune response in Spot G

Δe

Expression of regulation of immune response in Spot H

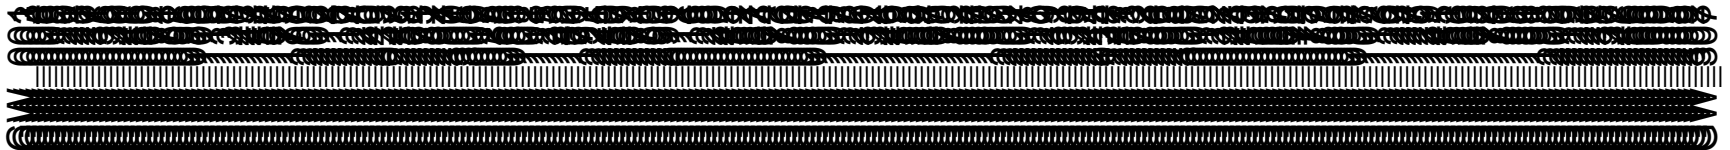

Expression of regulation of immune response in Spot I

Δe

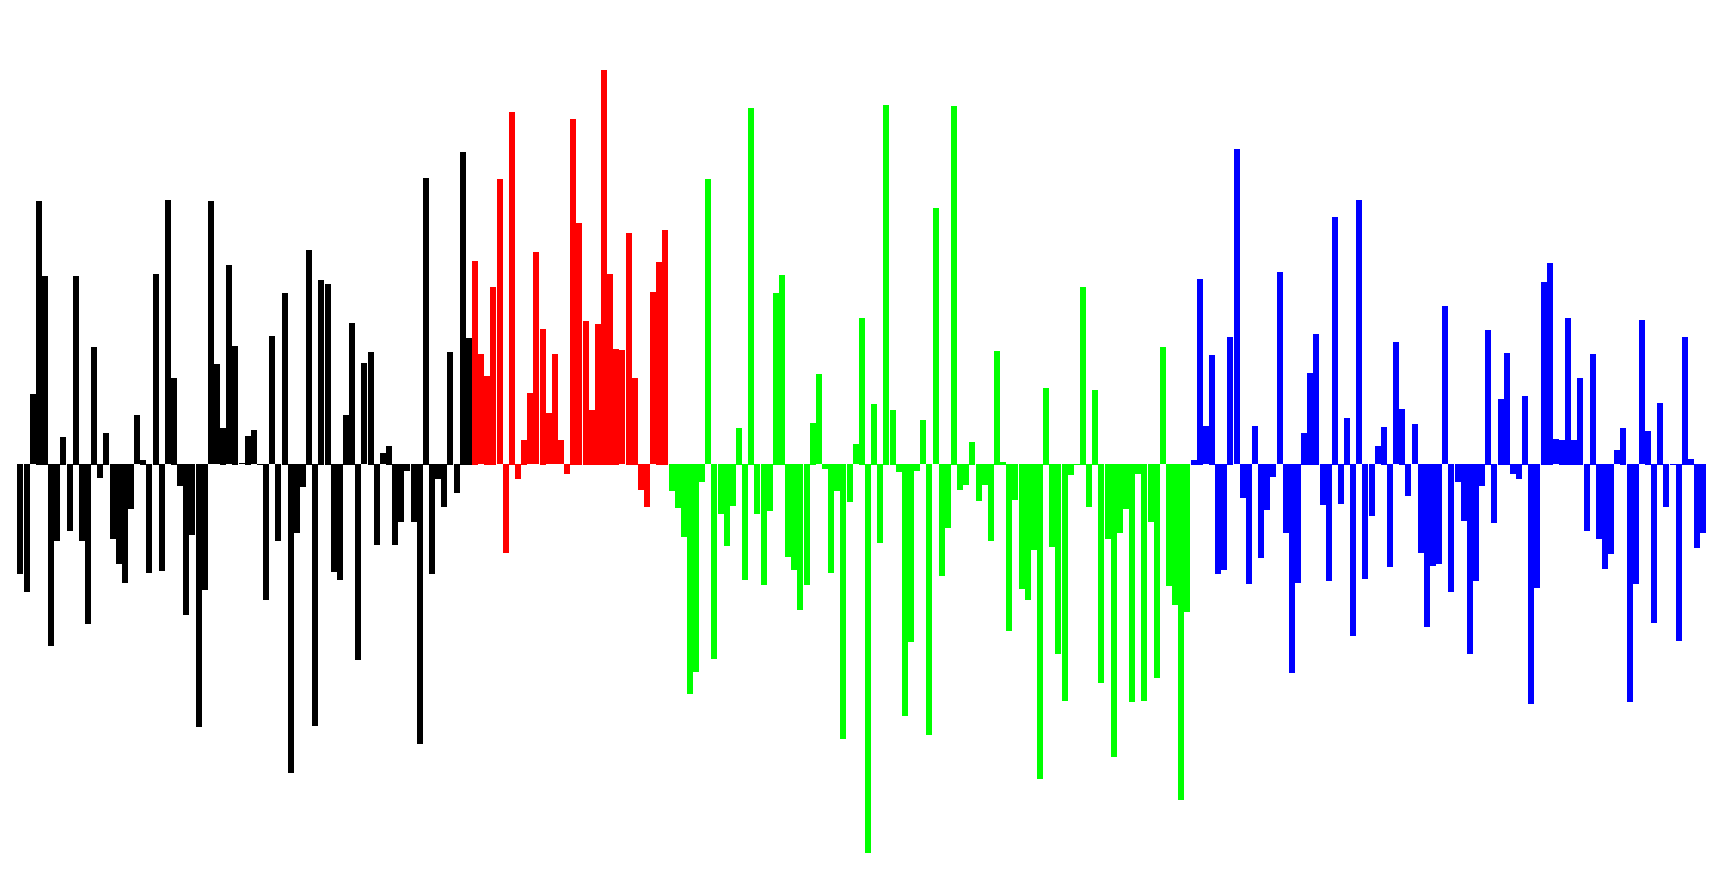

Expression of regulation of immune response in Spot J

Δe

Expression of regulation of immune response in Spot K

Δe

Expression of regulation of immune response in Spot L

Δe

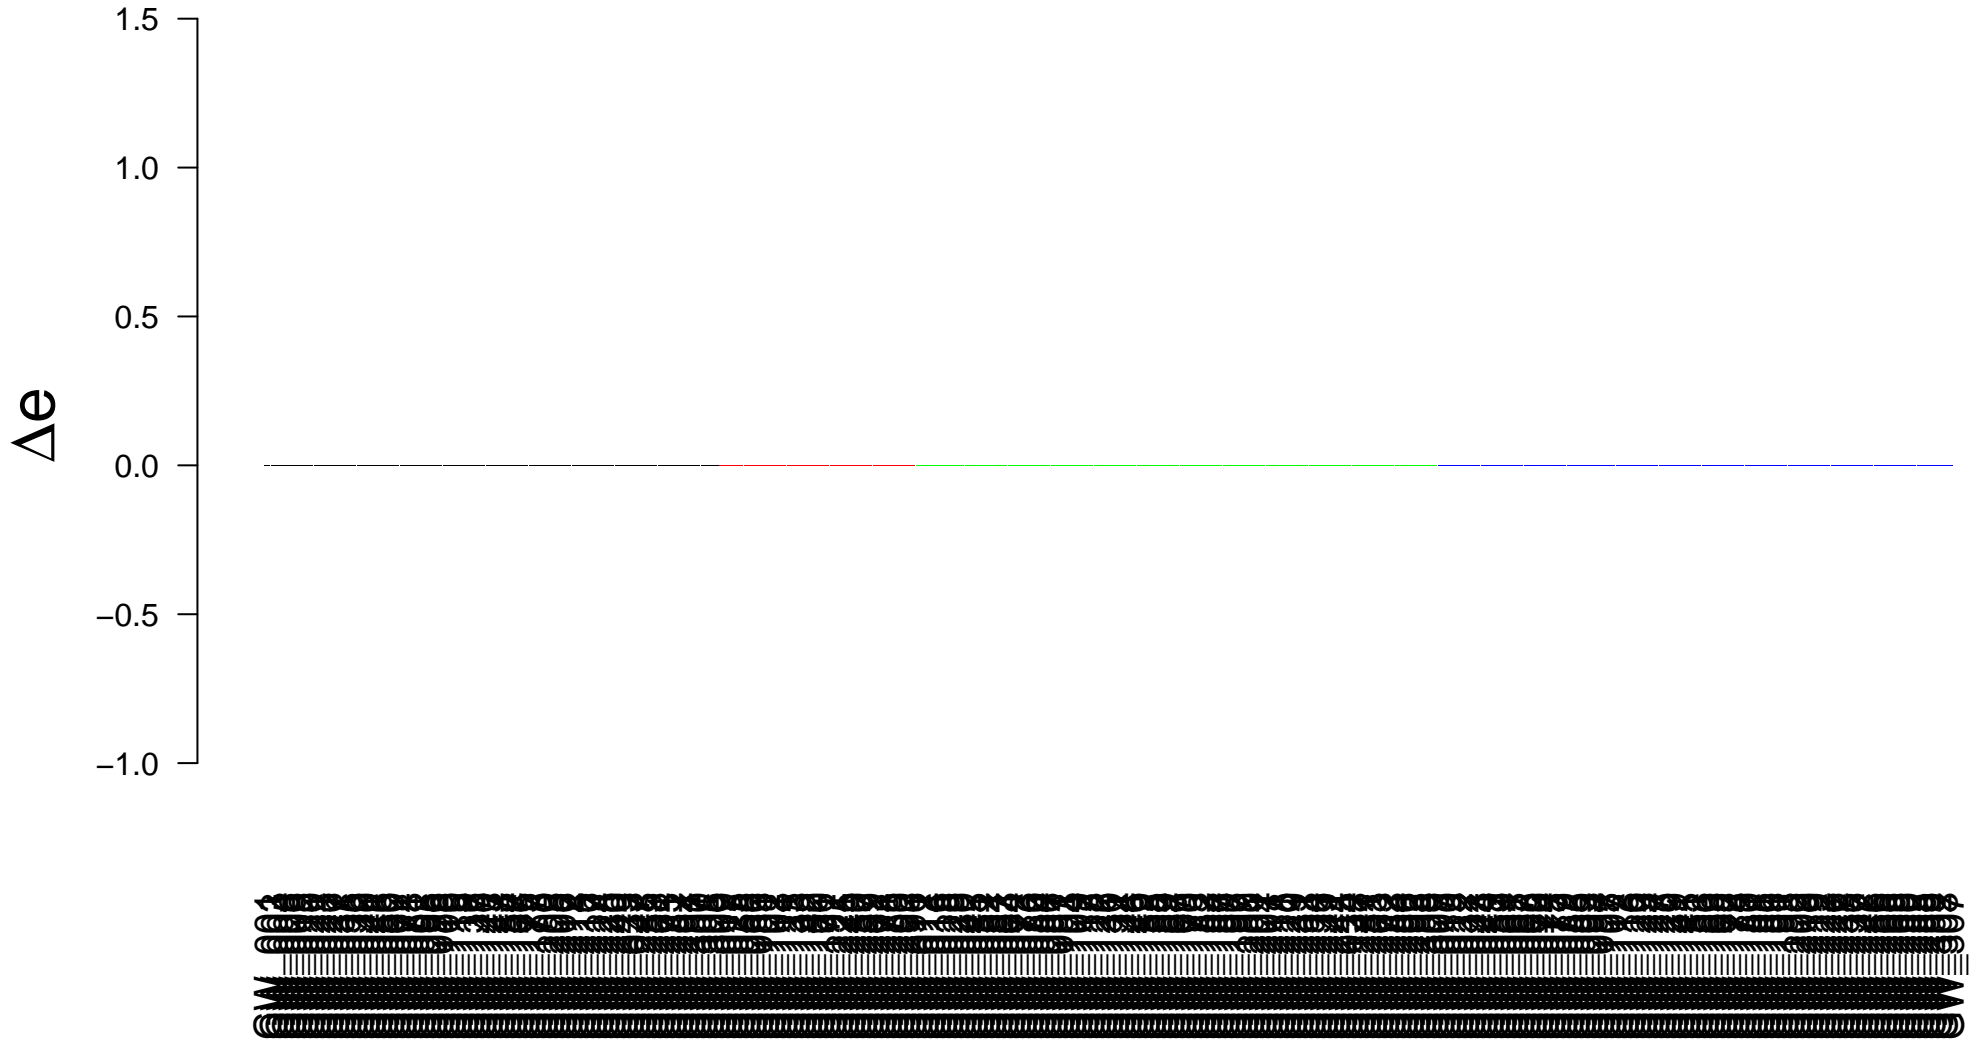

Expression of regulation of immune response in Spot M

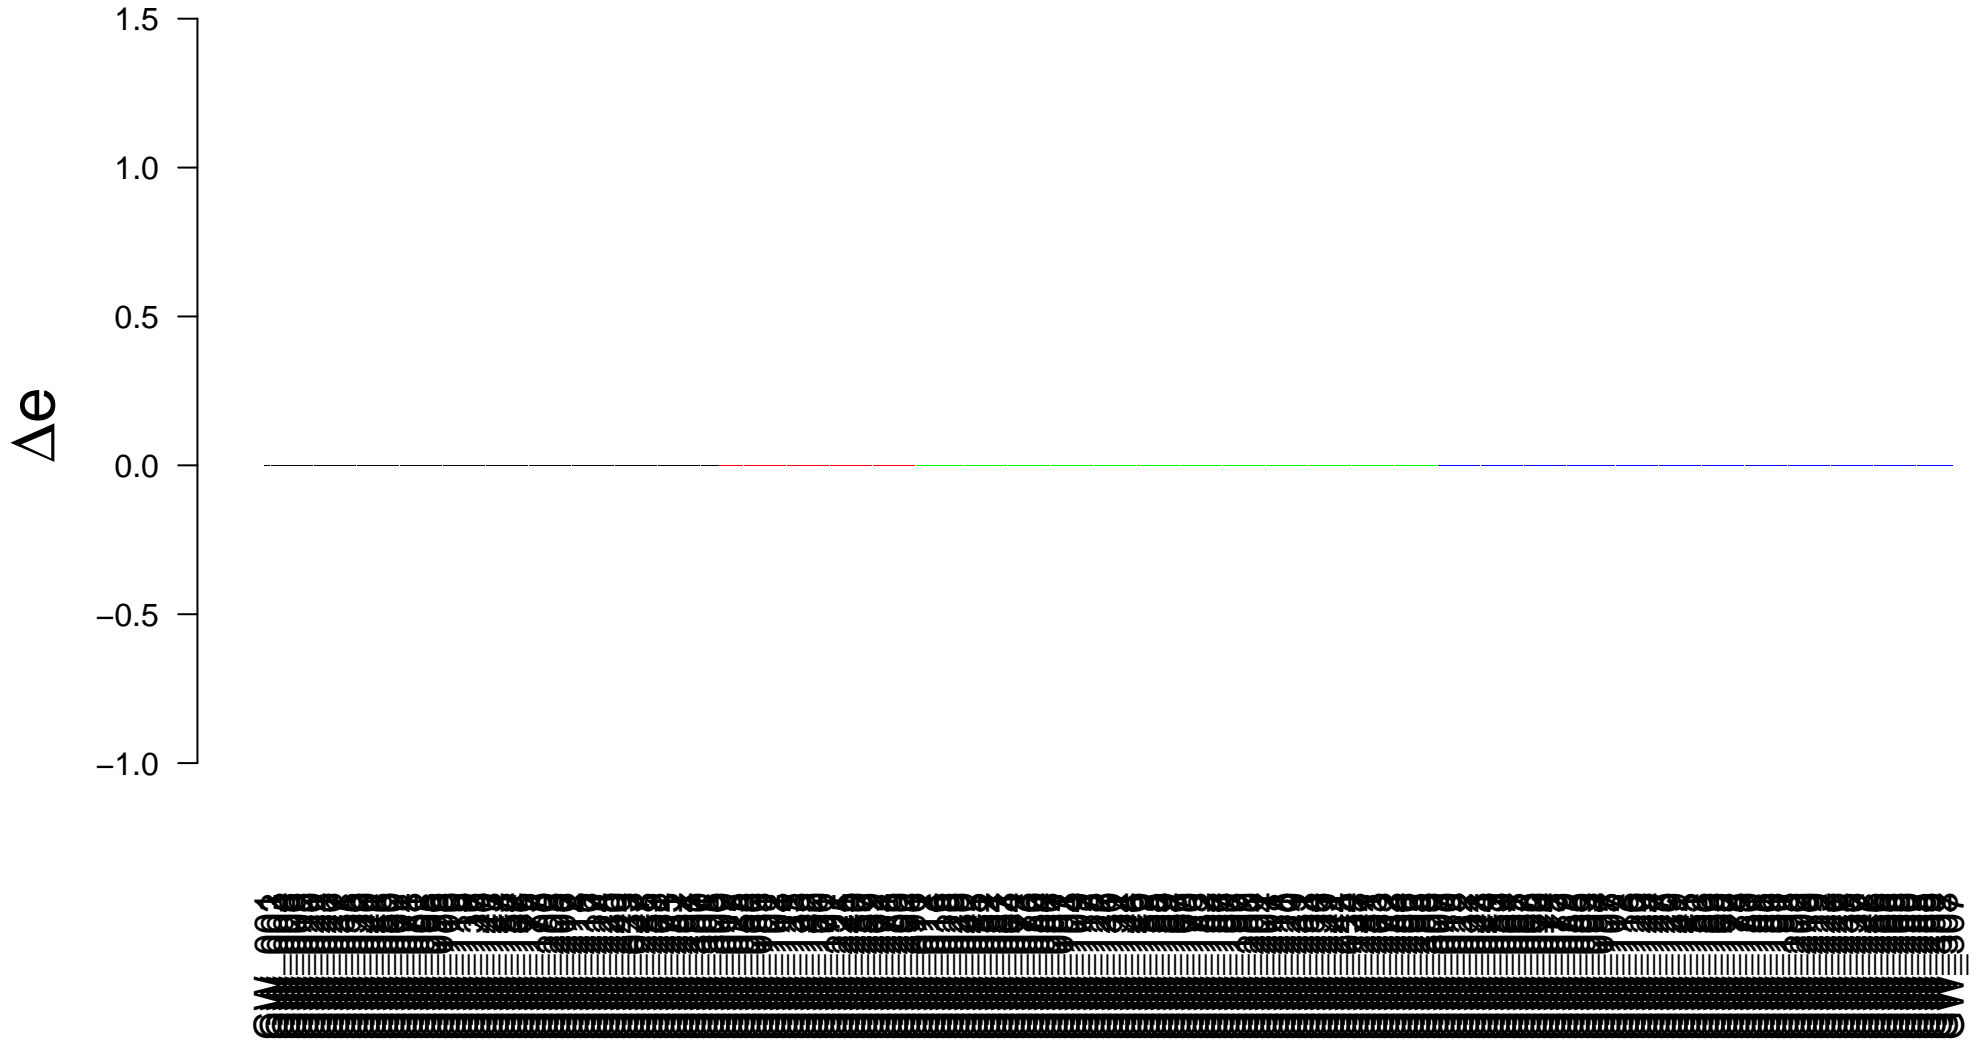

Δe

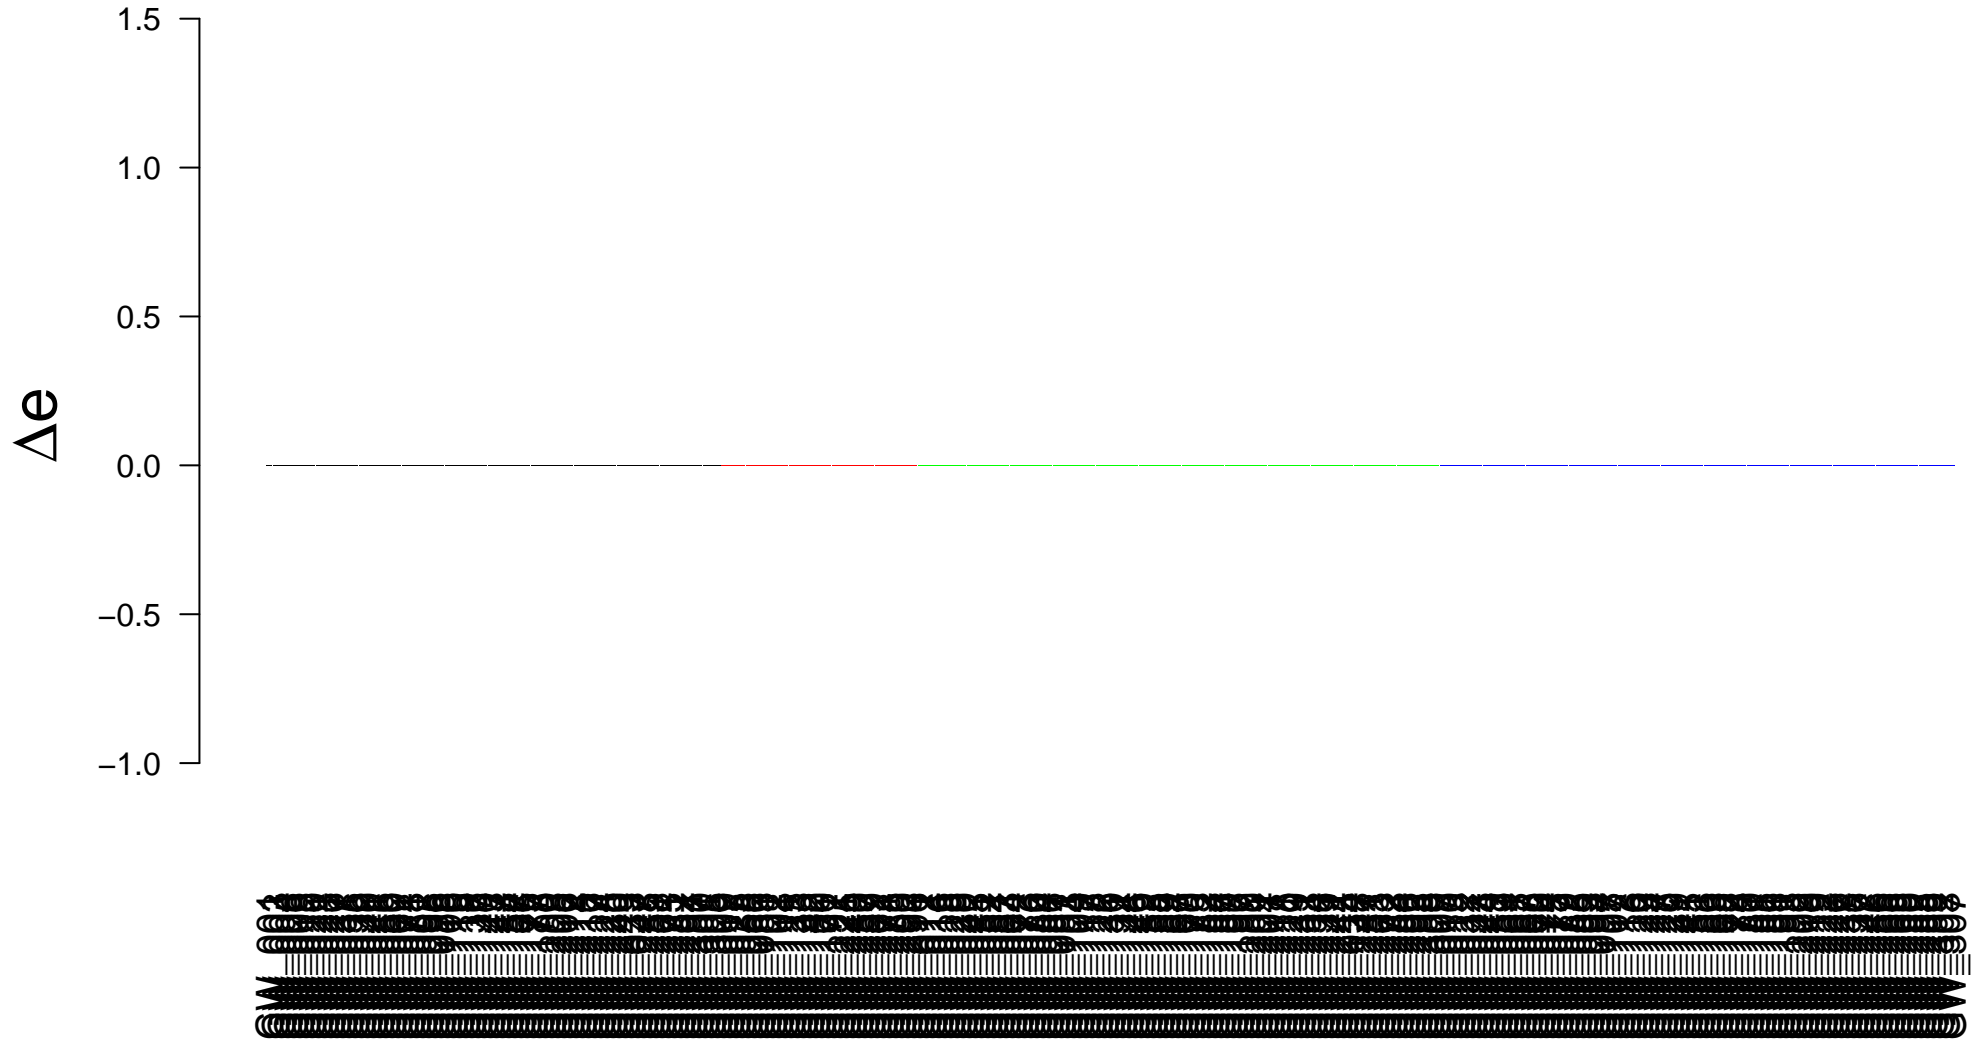

Expression of regulation of immune response in Spot N

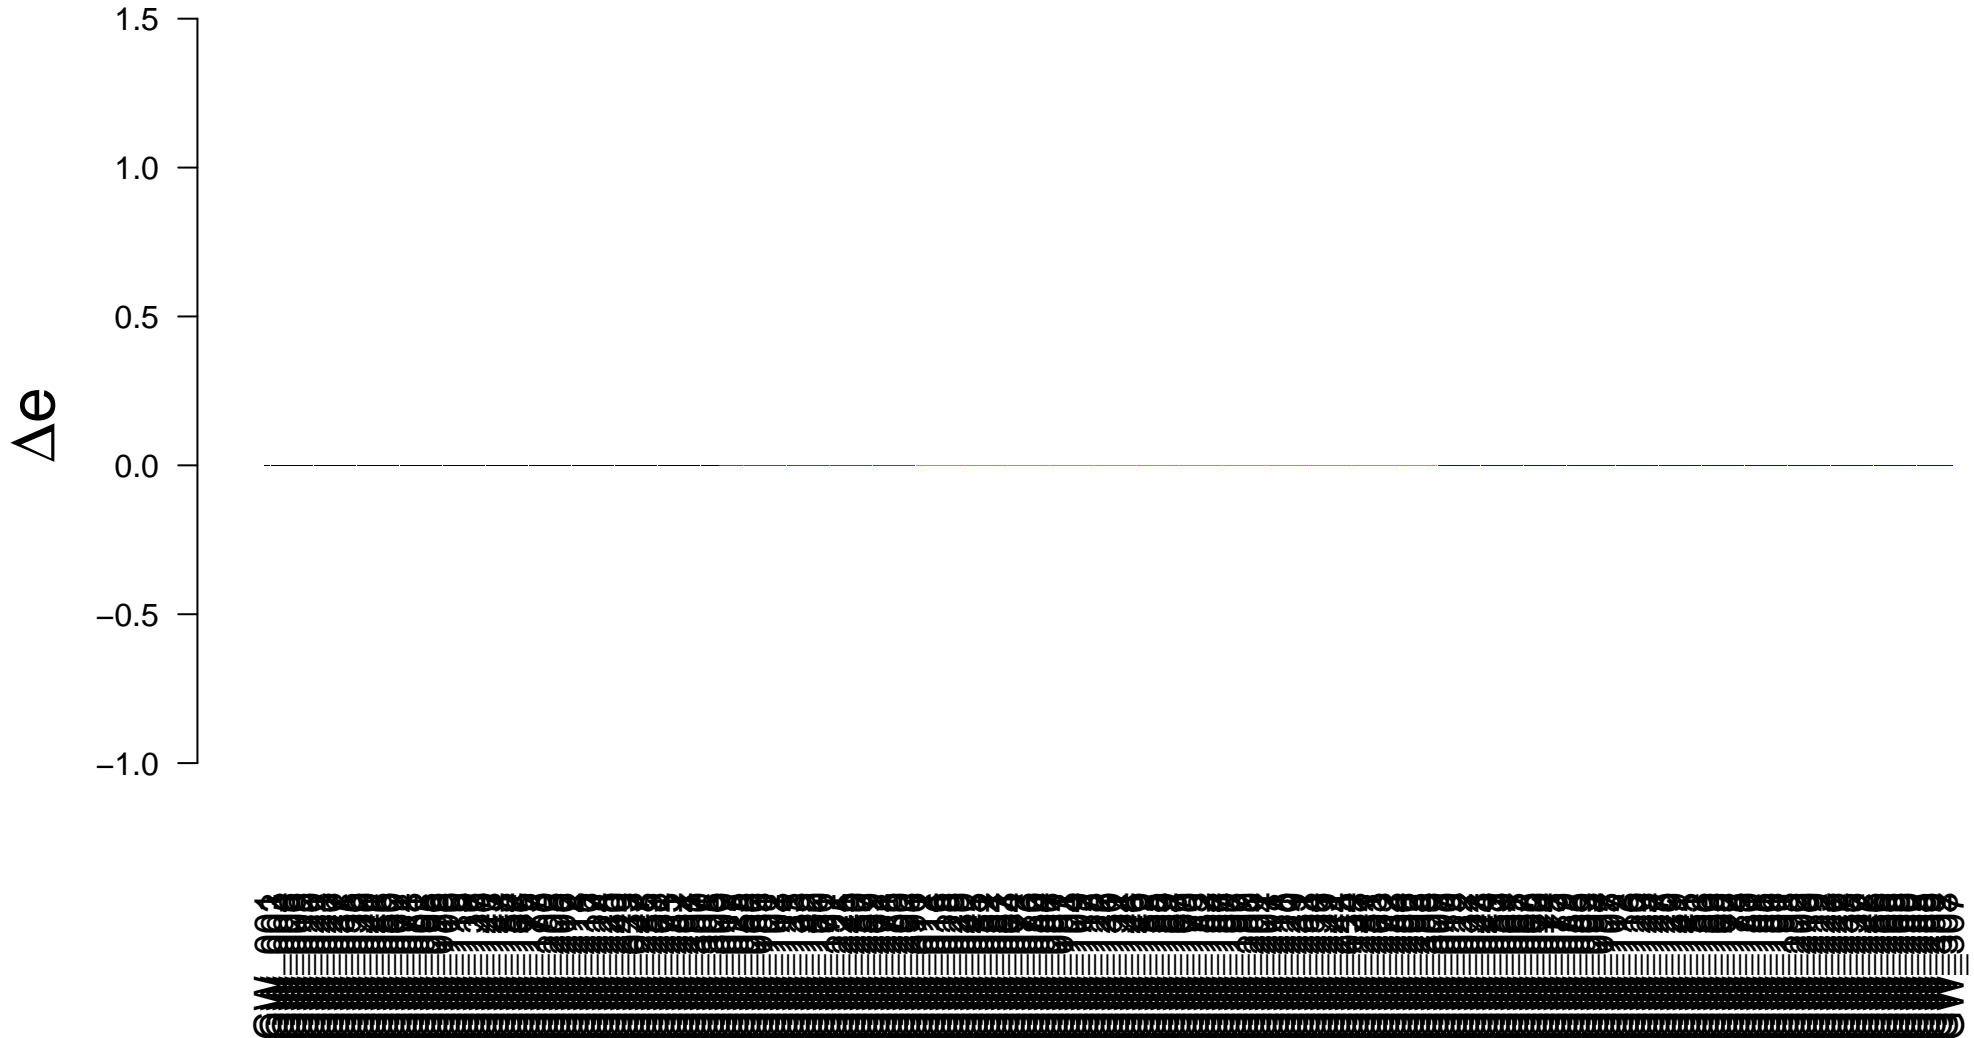

Expression of regulation of immune response in Spot O

Expression of regulation of immune response in Spot P

Expression of regulation of immune response in Spot Q

Expression of regulation of immune response in Spot R
