

regulation of inflammatory response

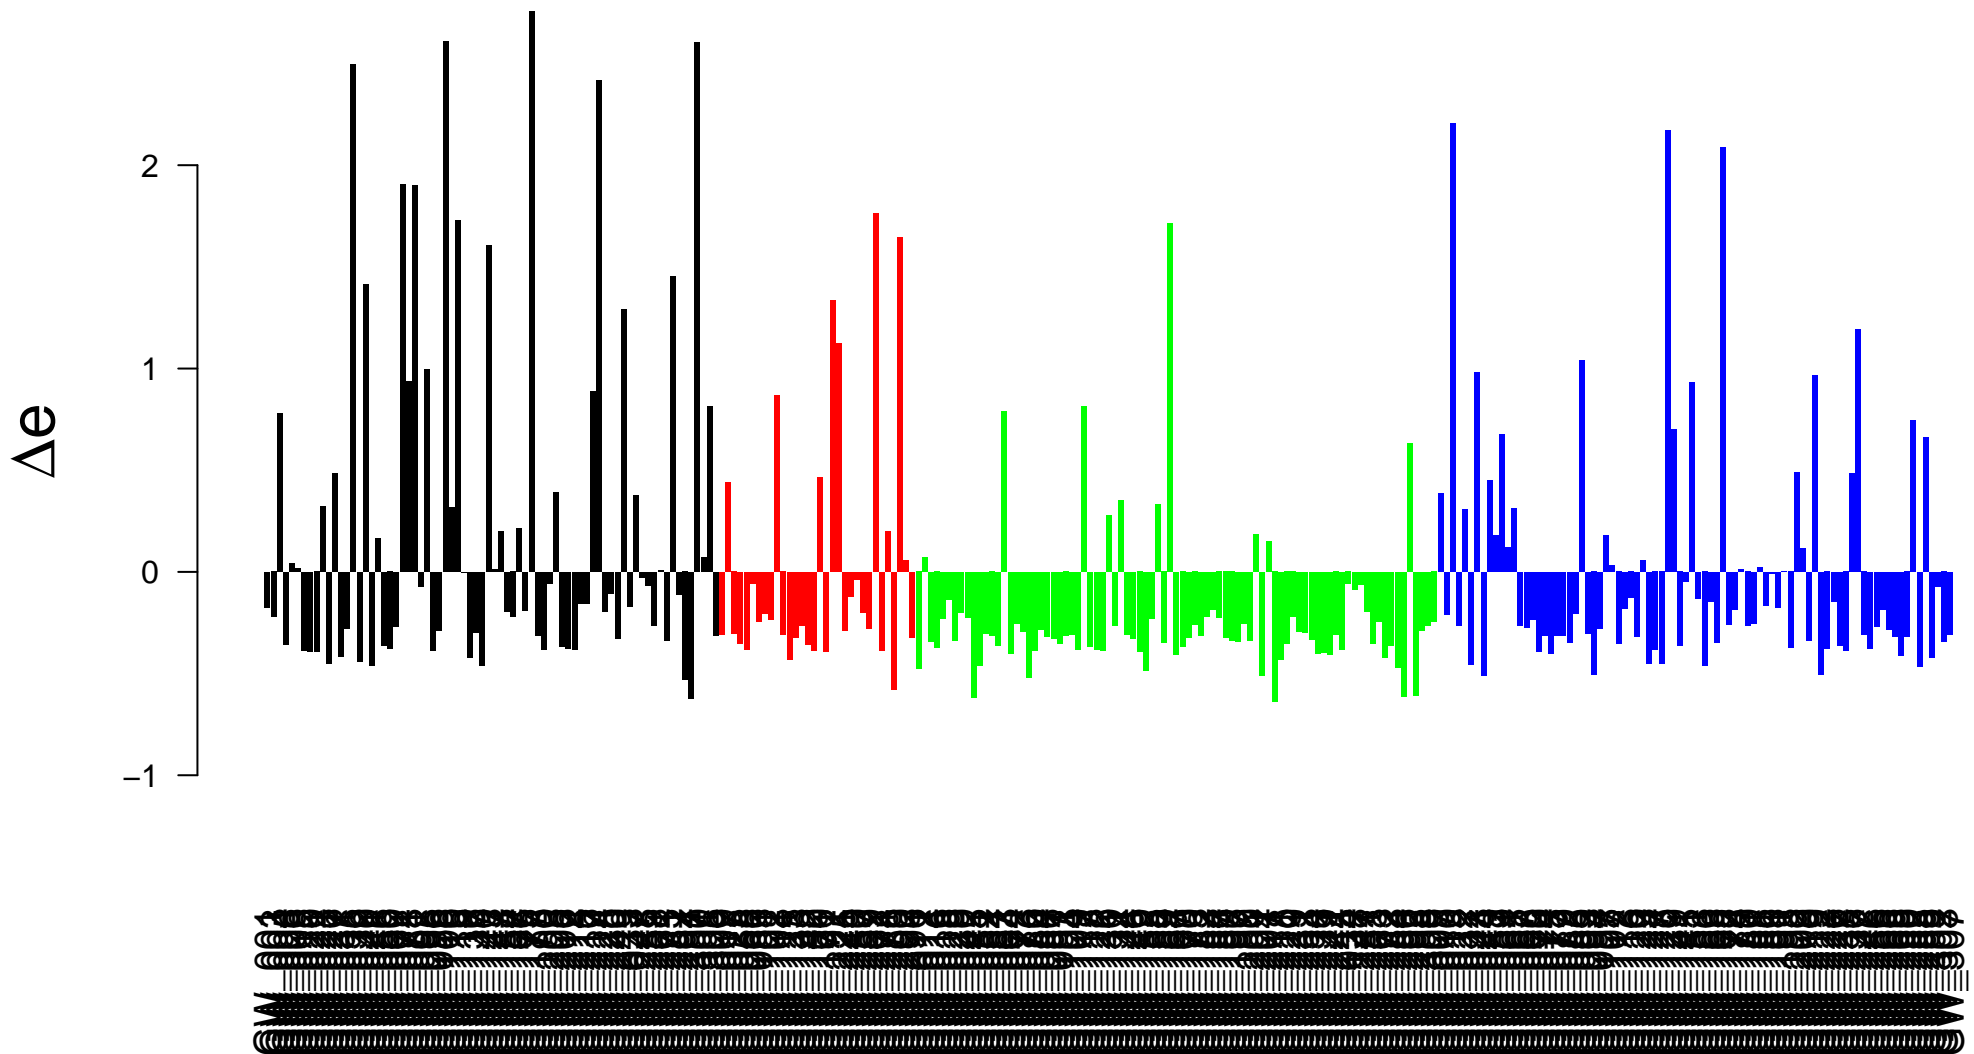

regulation of inflammatory response

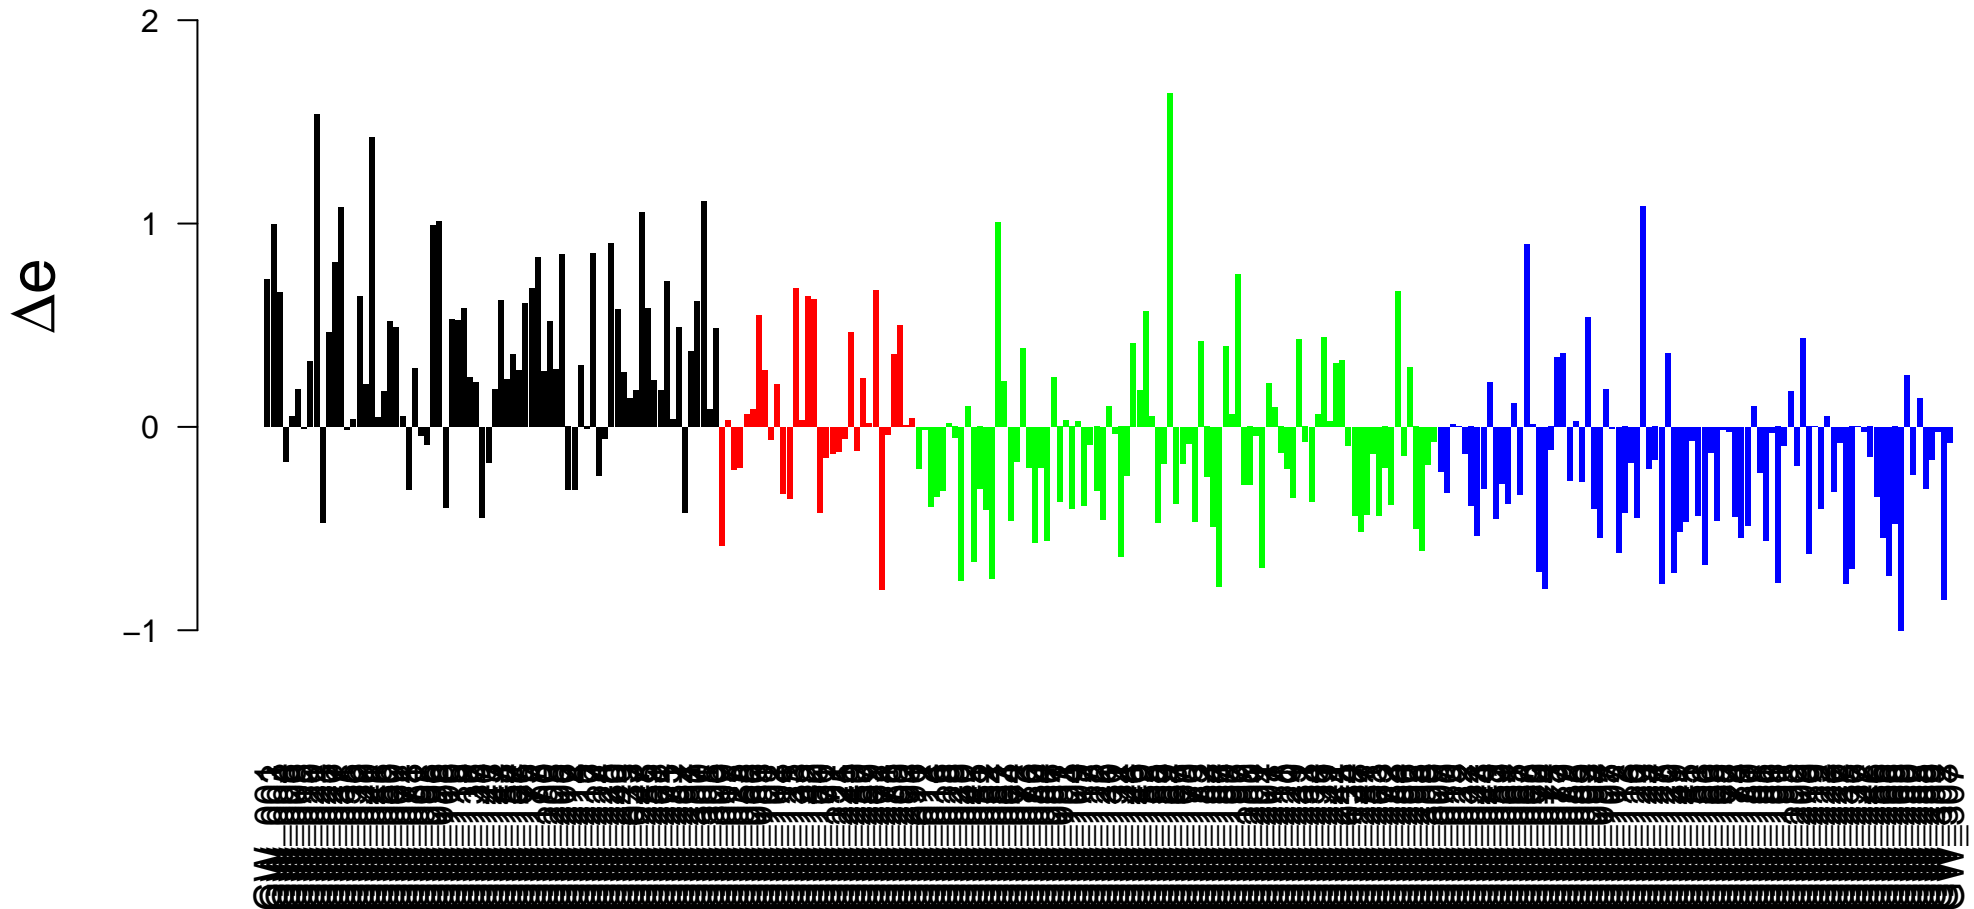

Enrichment in spots: regulation of inflammatory response

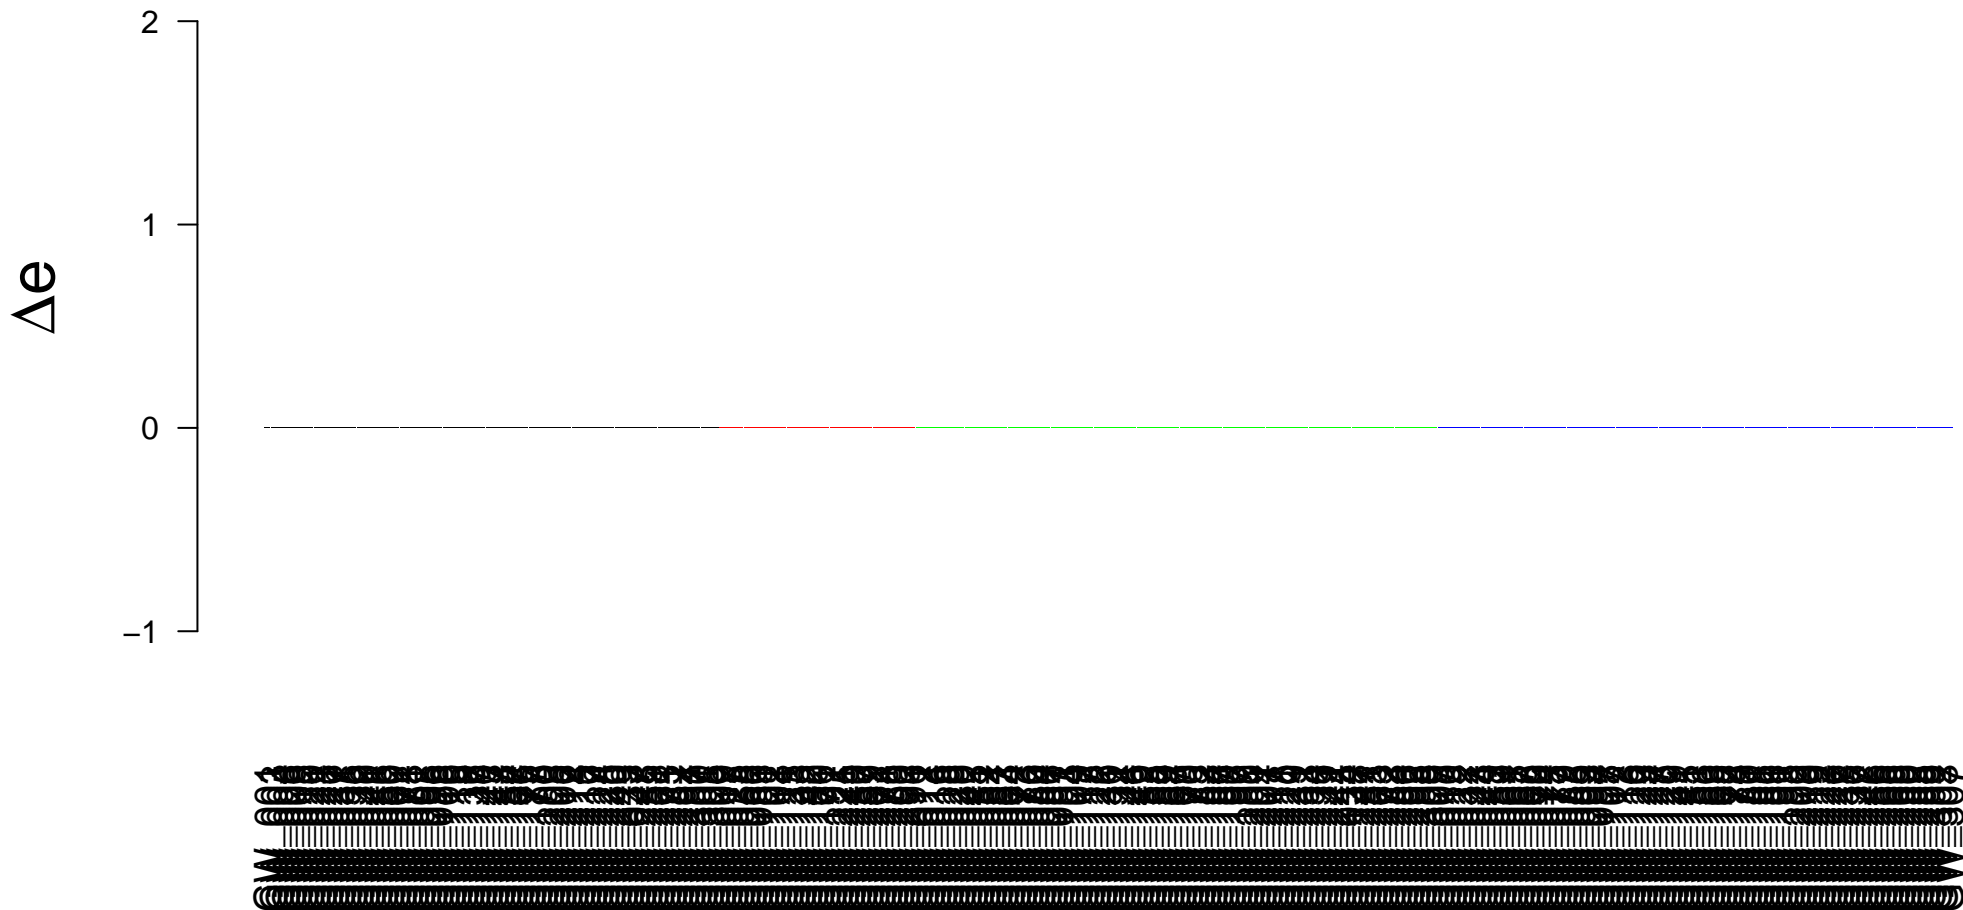

Expression of regulation of inflammatory response in Spot A

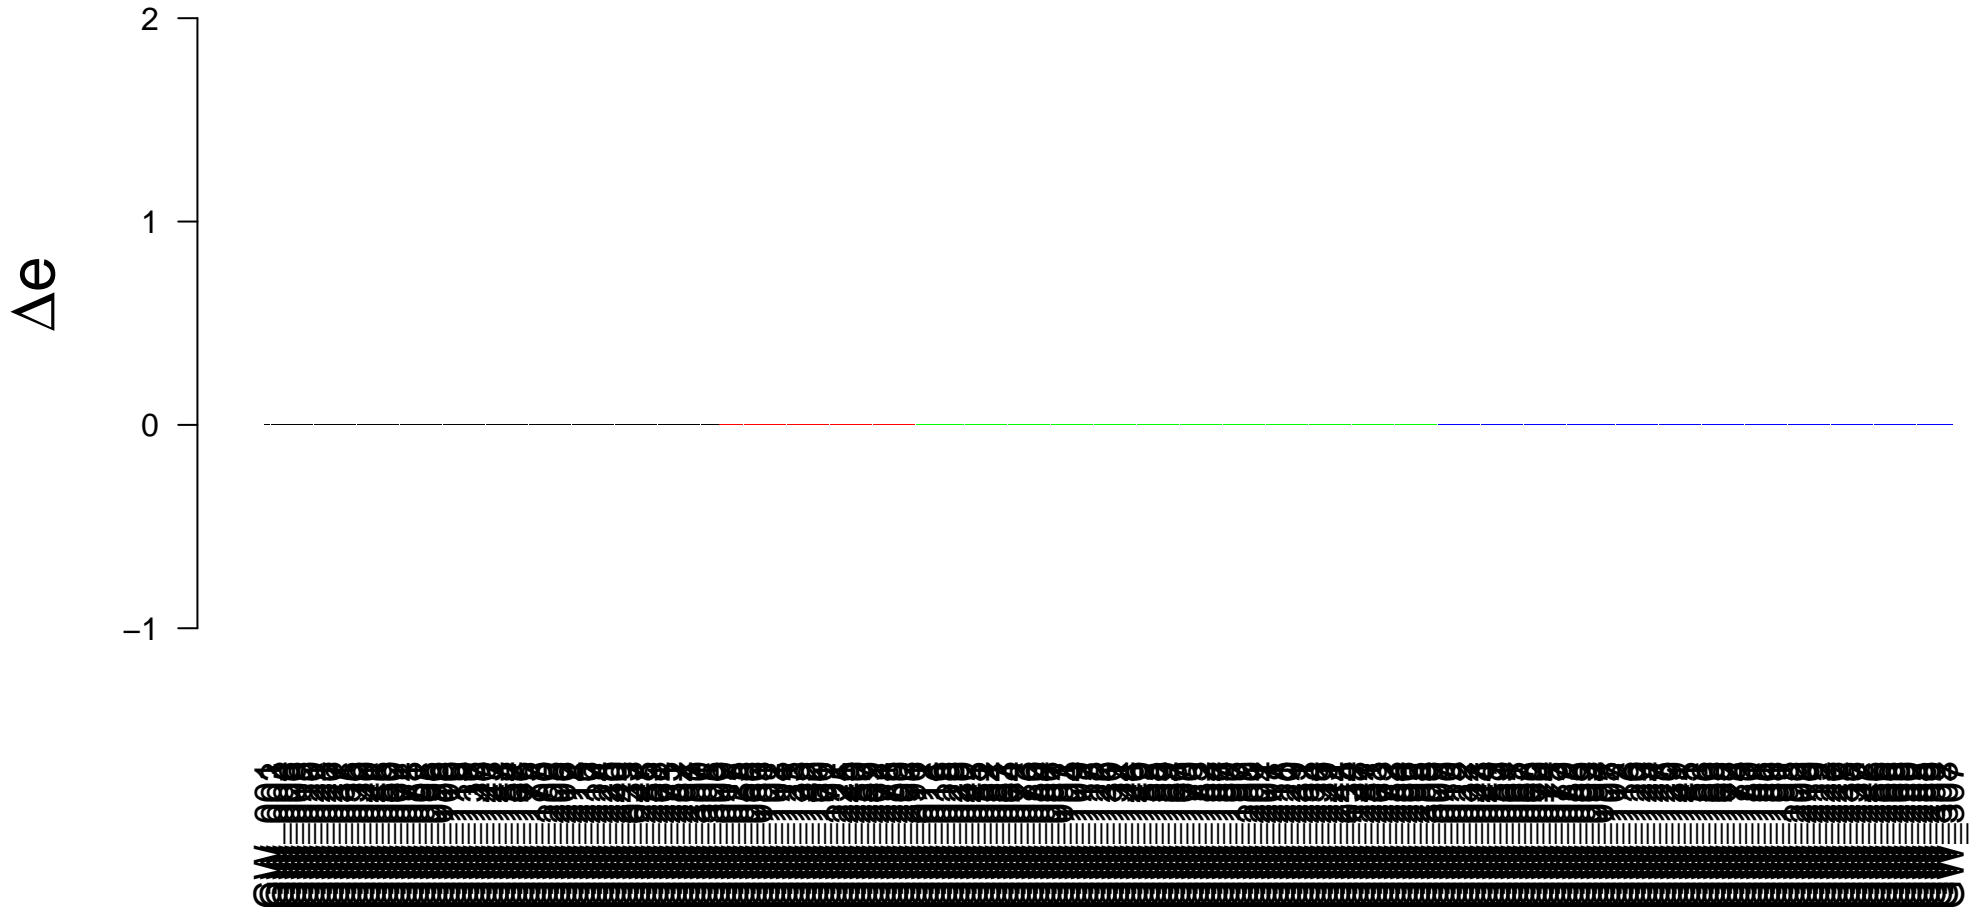

Expression of regulation of inflammatory response in Spot B

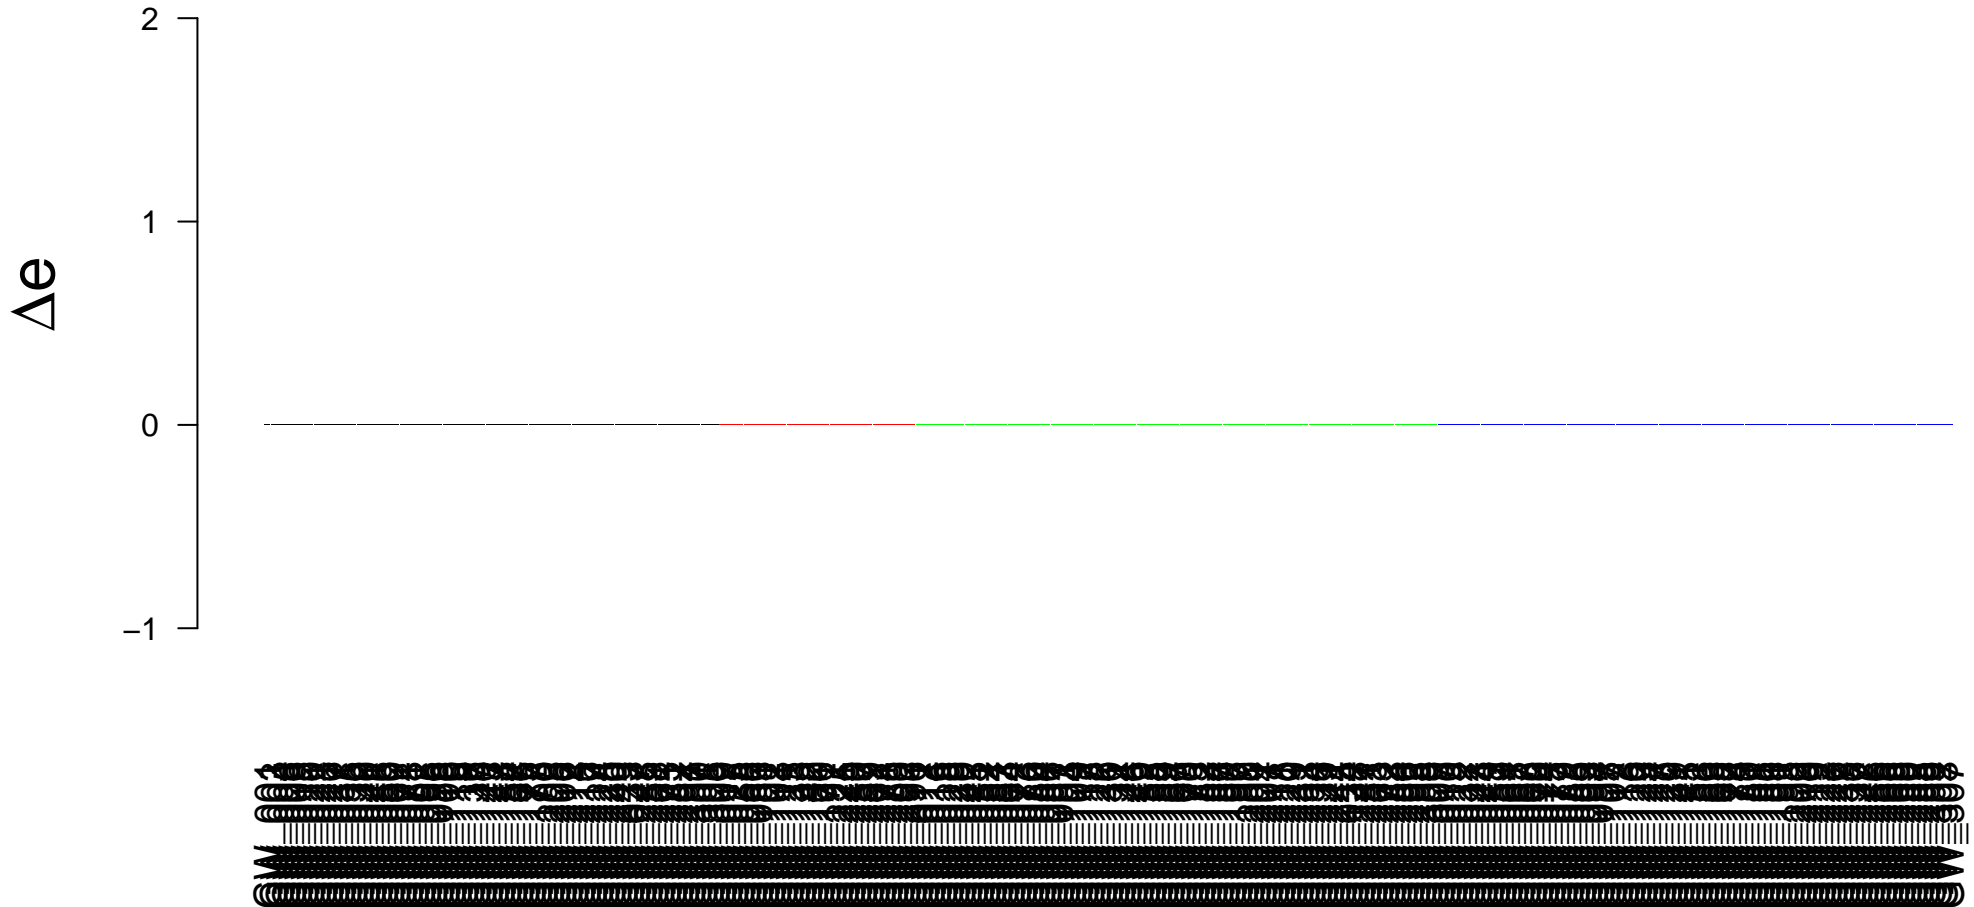

Expression of regulation of inflammatory response in Spot C

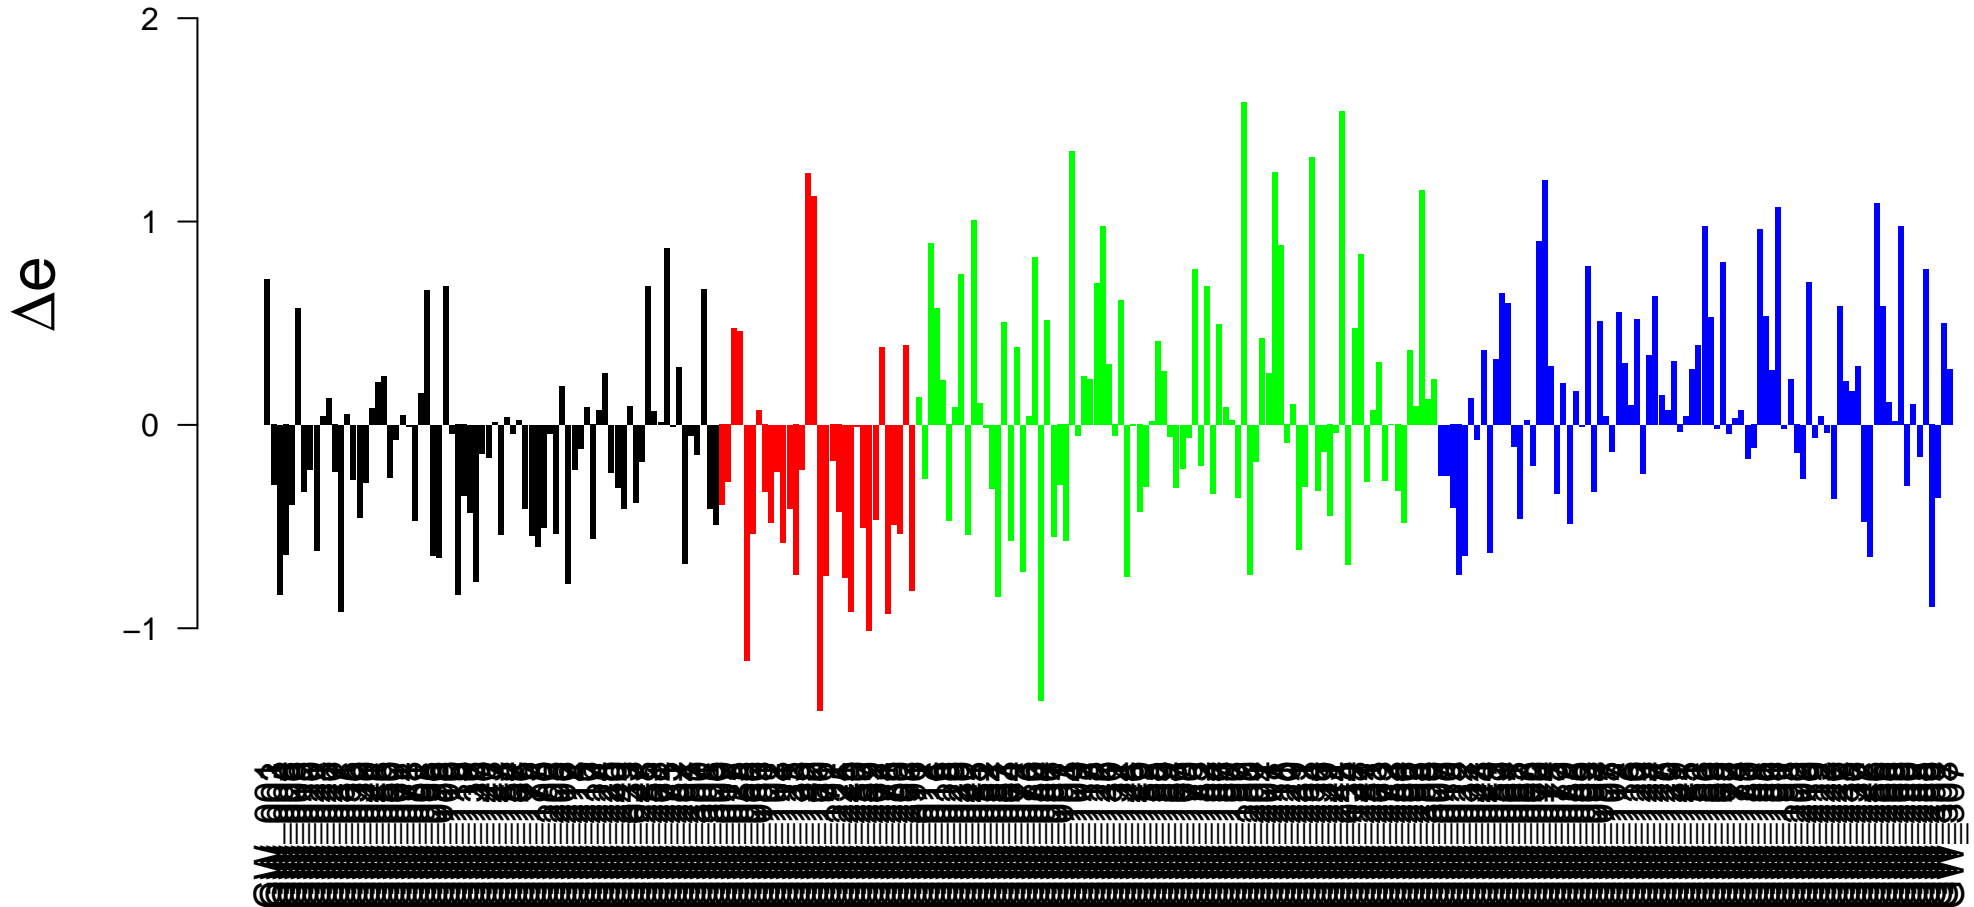

Expression of regulation of inflammatory response in Spot D

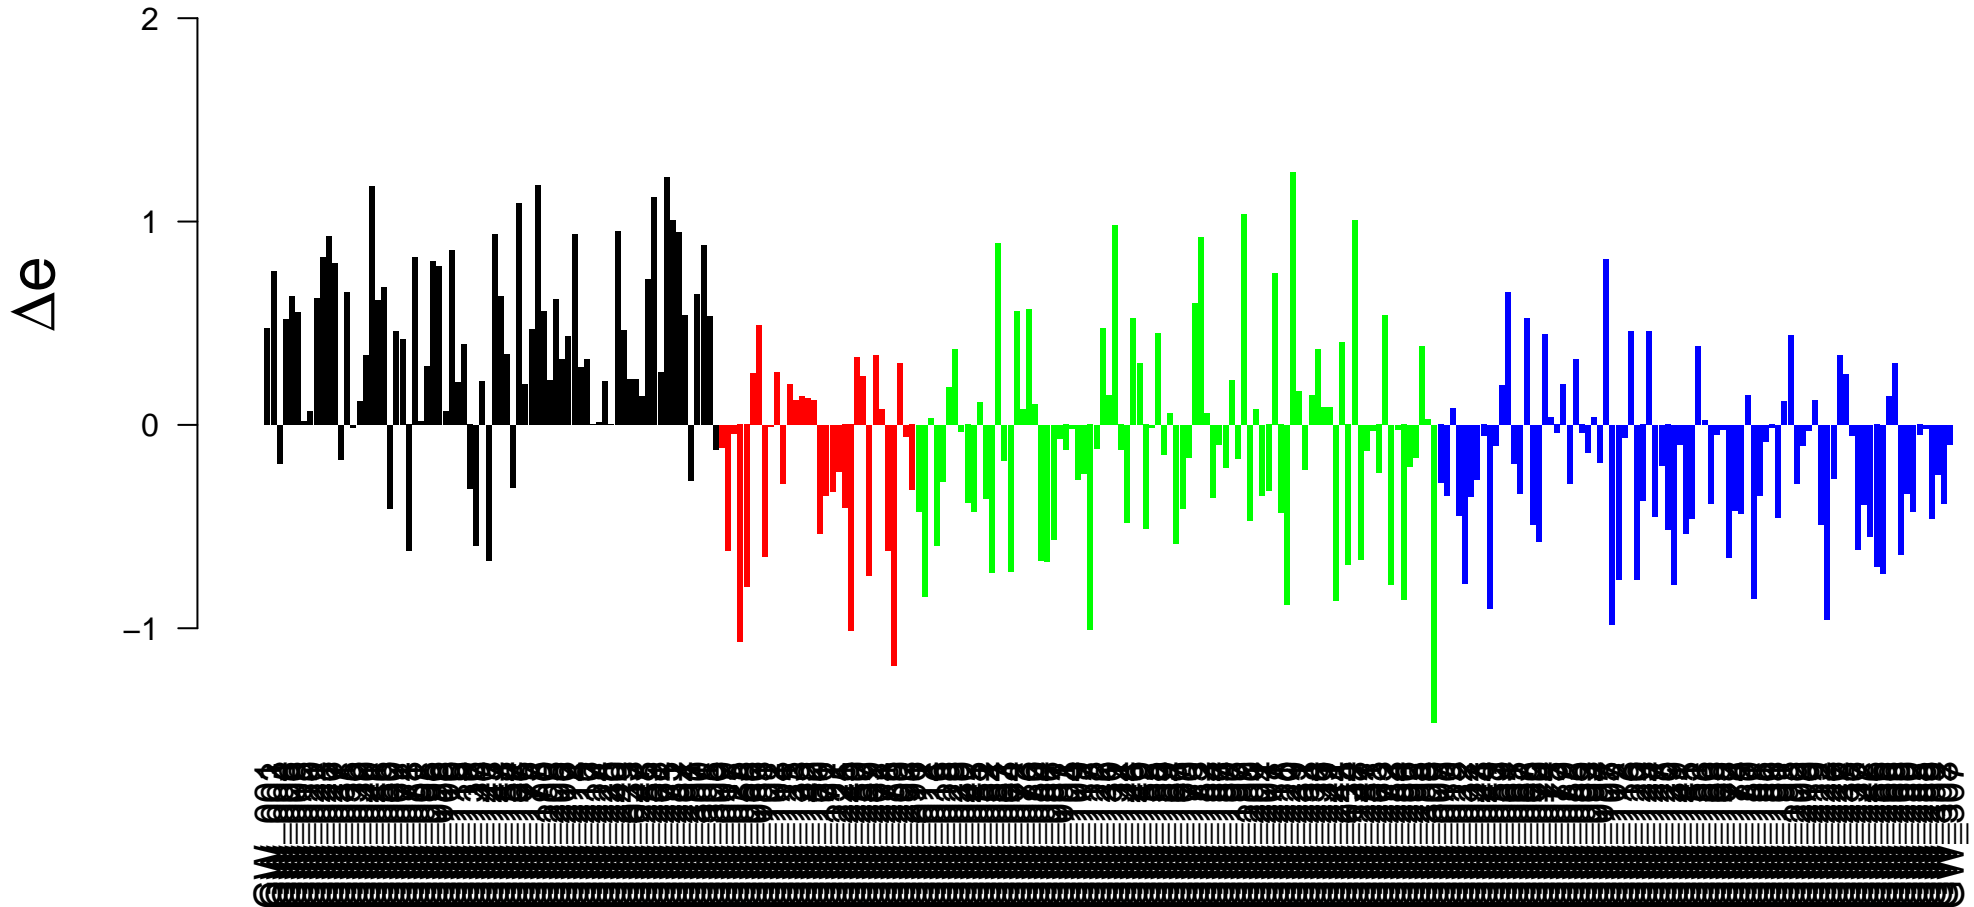

Expression of regulation of inflammatory response in Spot E

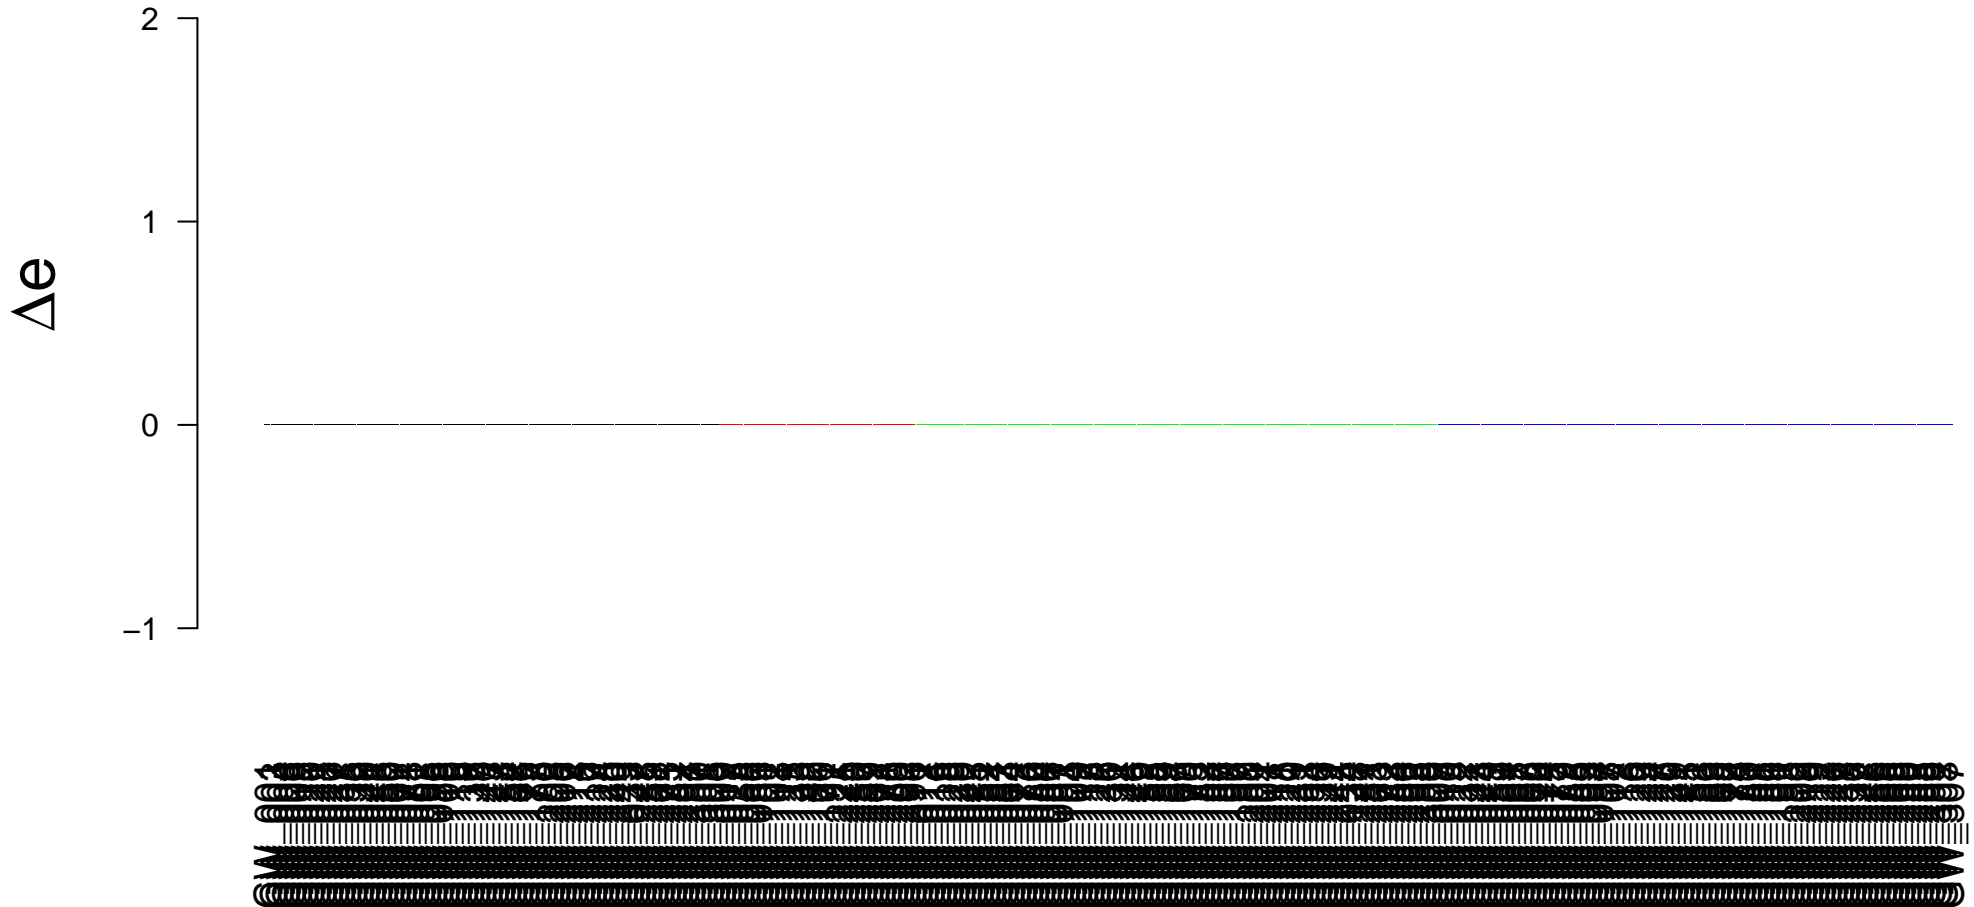

Expression of regulation of inflammatory response in Spot F

Expression of regulation of inflammatory response in Spot G

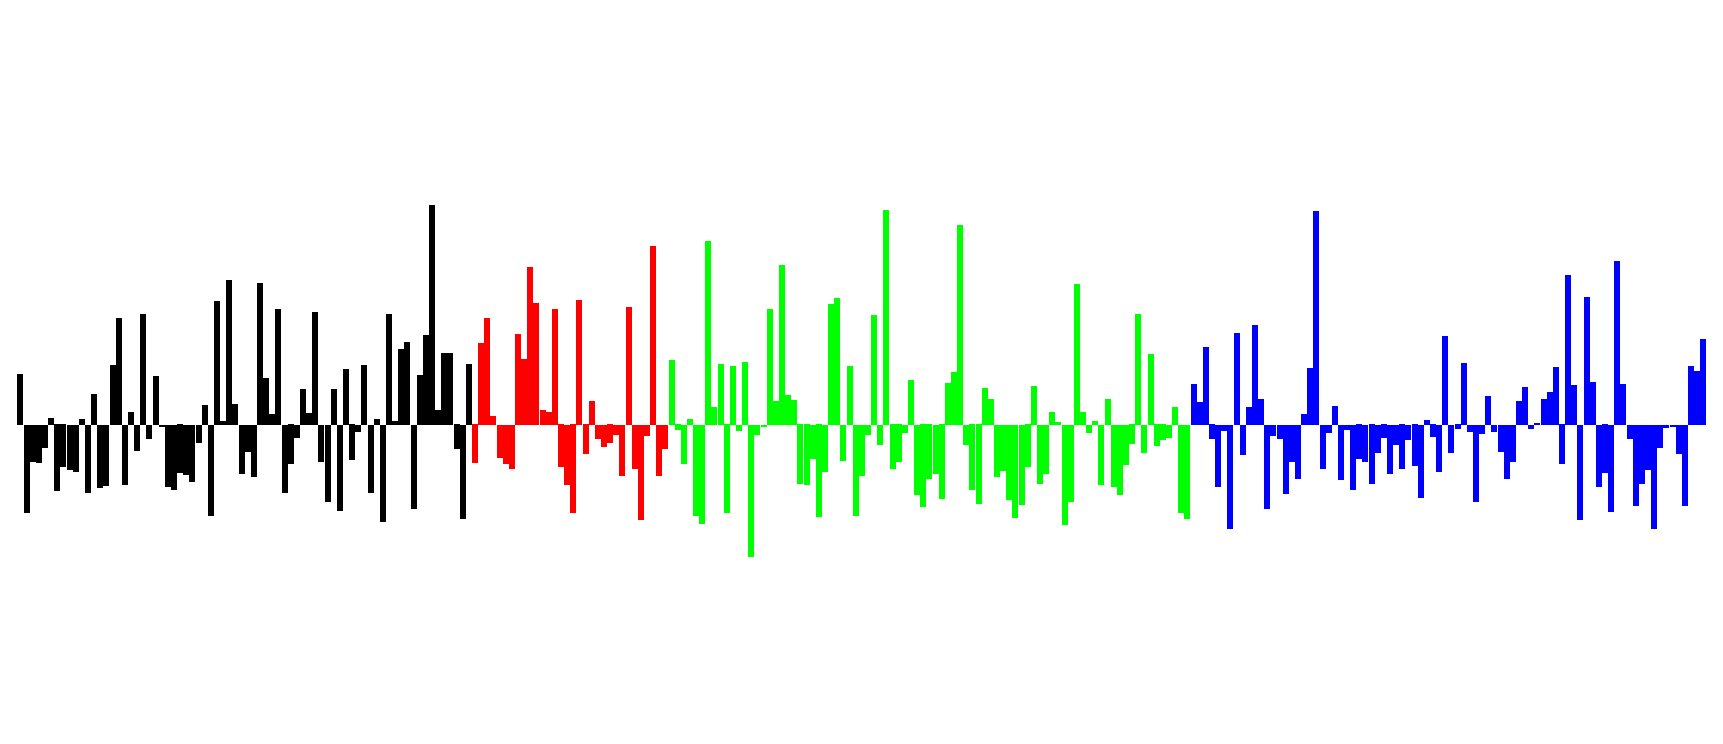

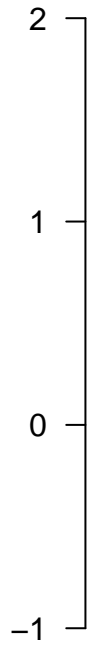

Expression of regulation of inflammatory response in Spot H

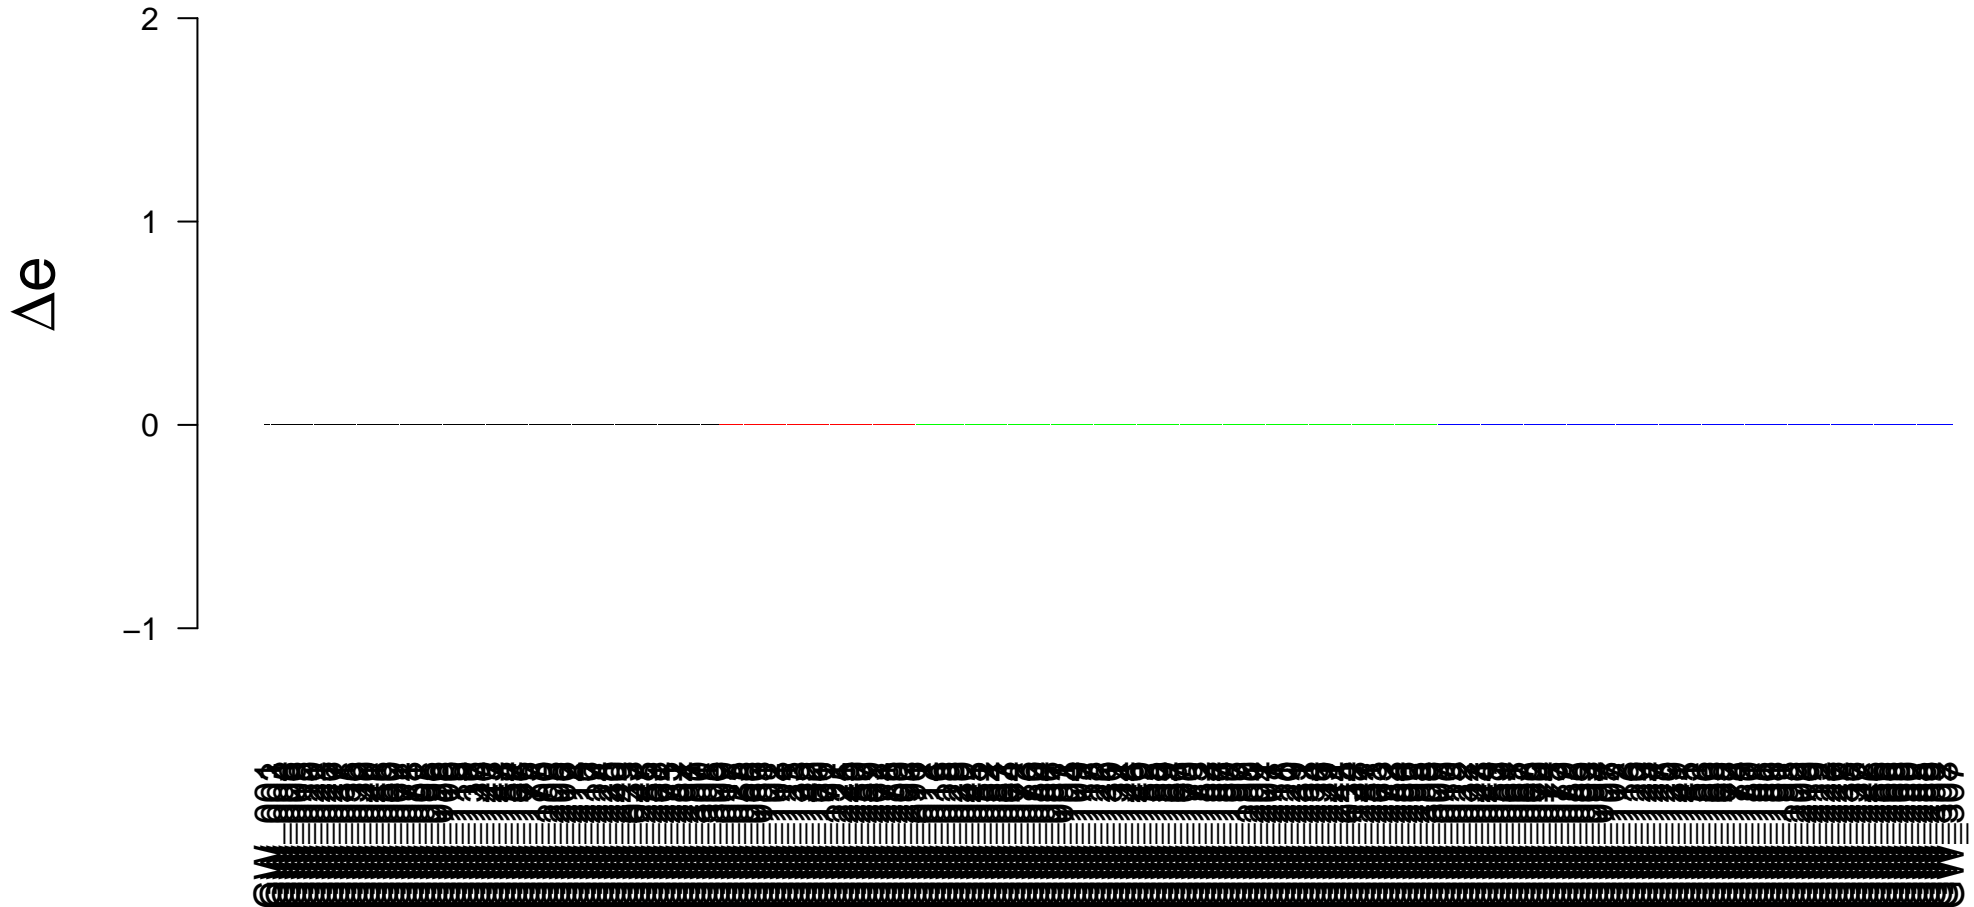

Expression of regulation of inflammatory response in Spot I

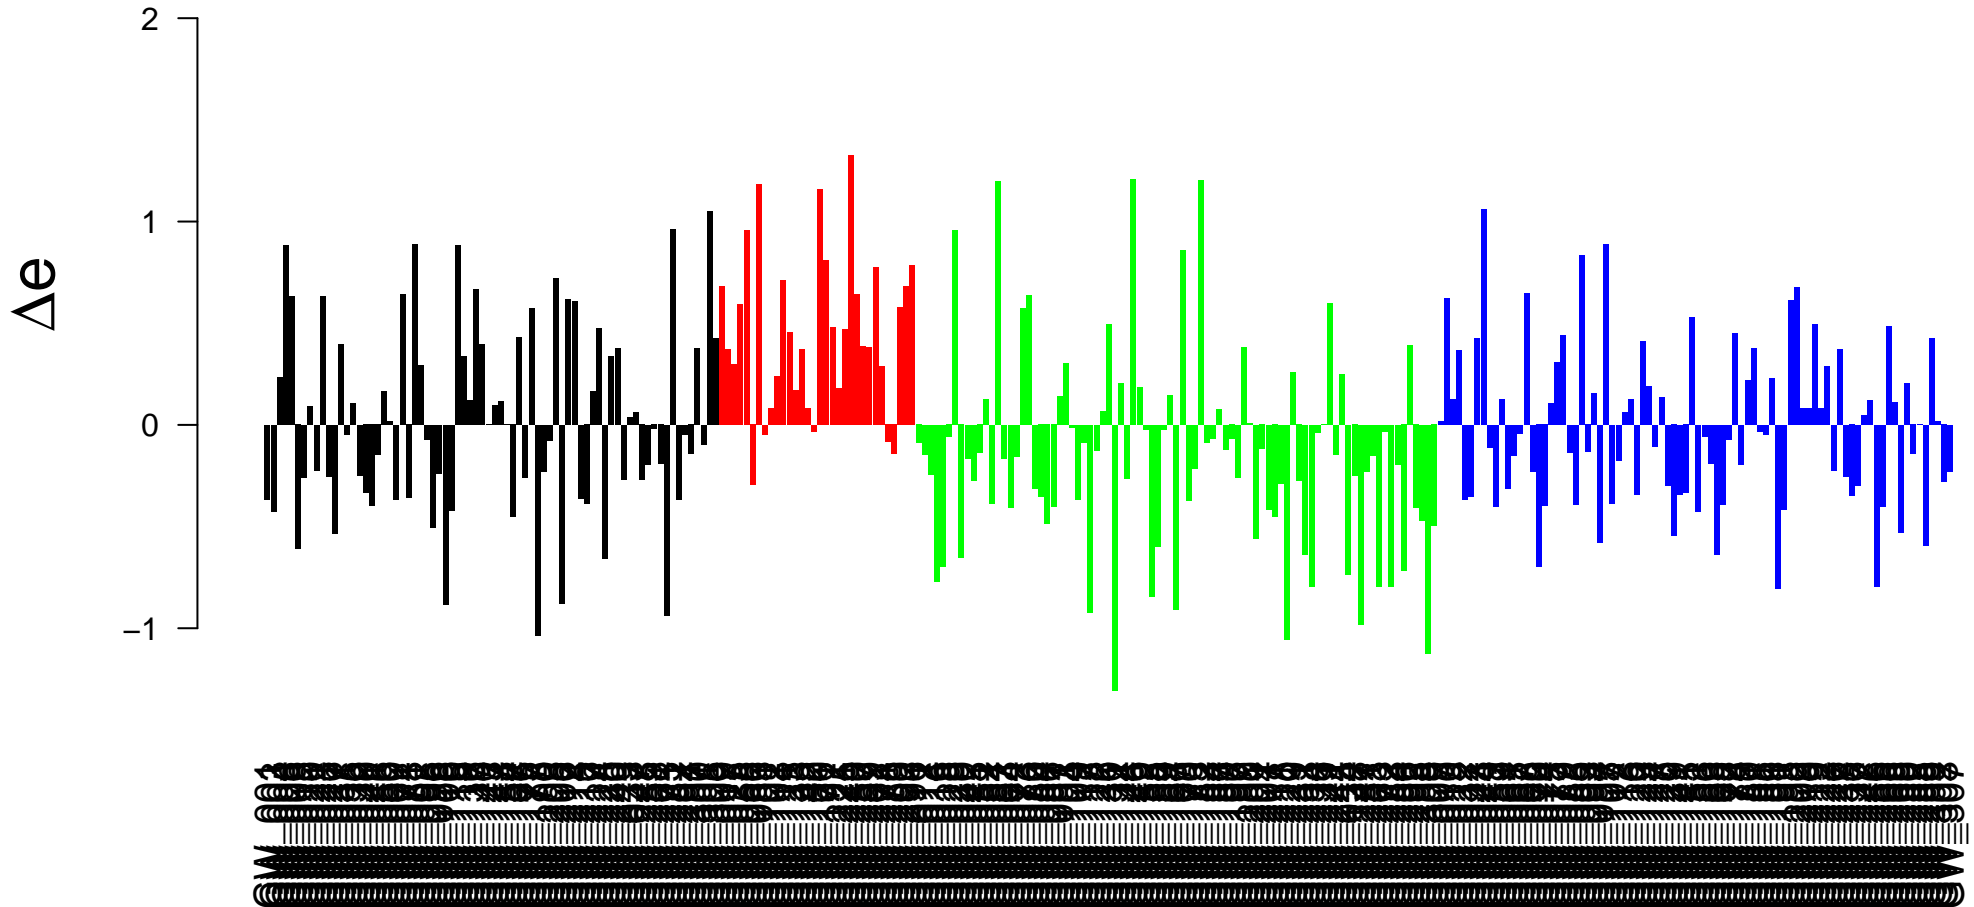

Δe

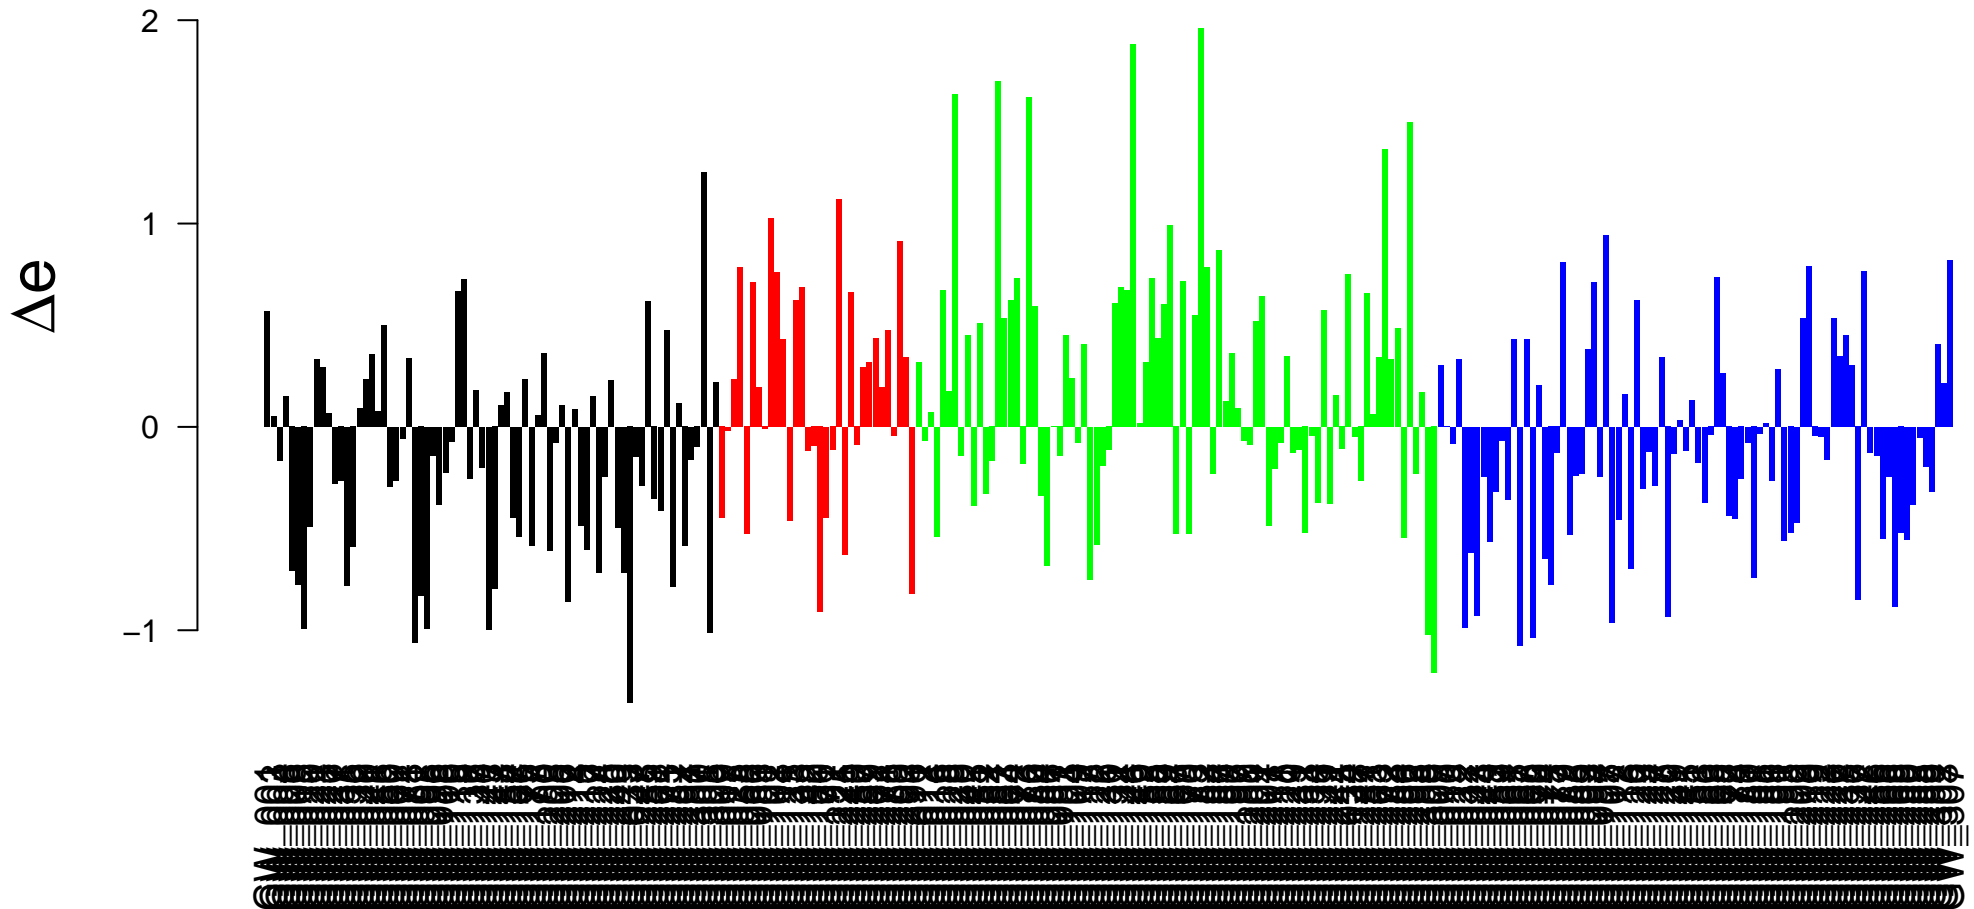

Expression of regulation of inflammatory response in Spot J

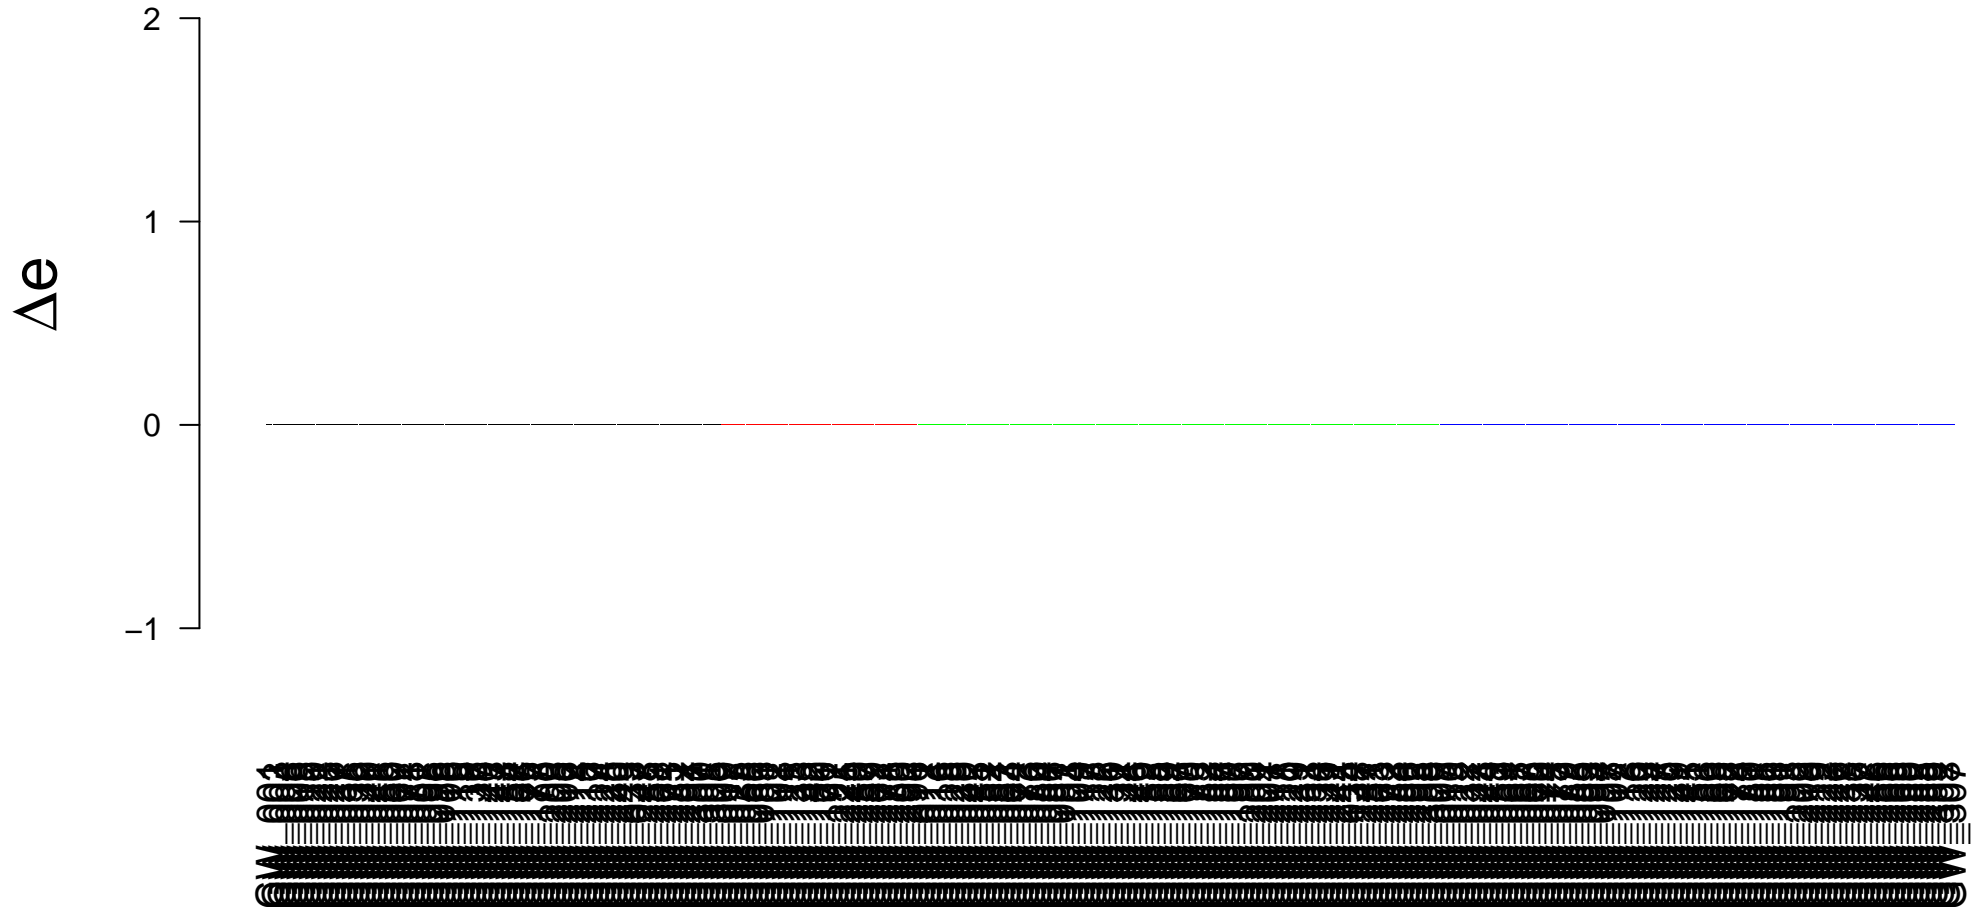

Expression of regulation of inflammatory response in Spot K

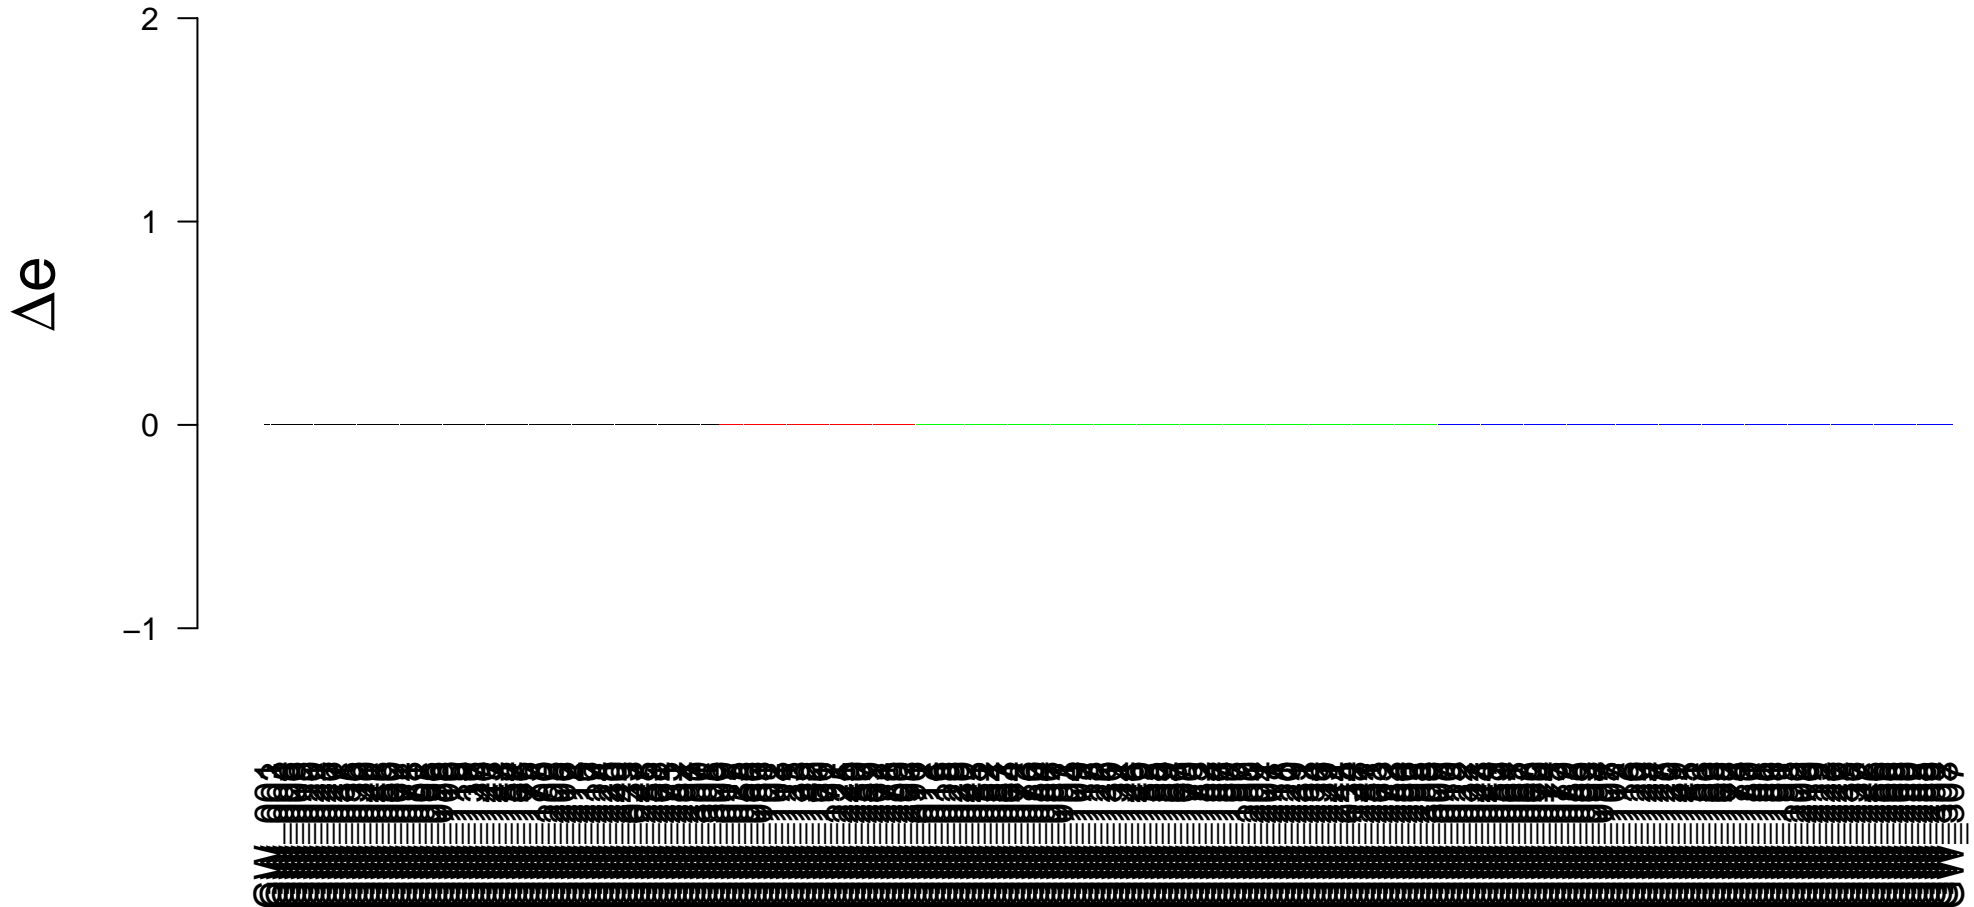

Expression of regulation of inflammatory response in Spot L

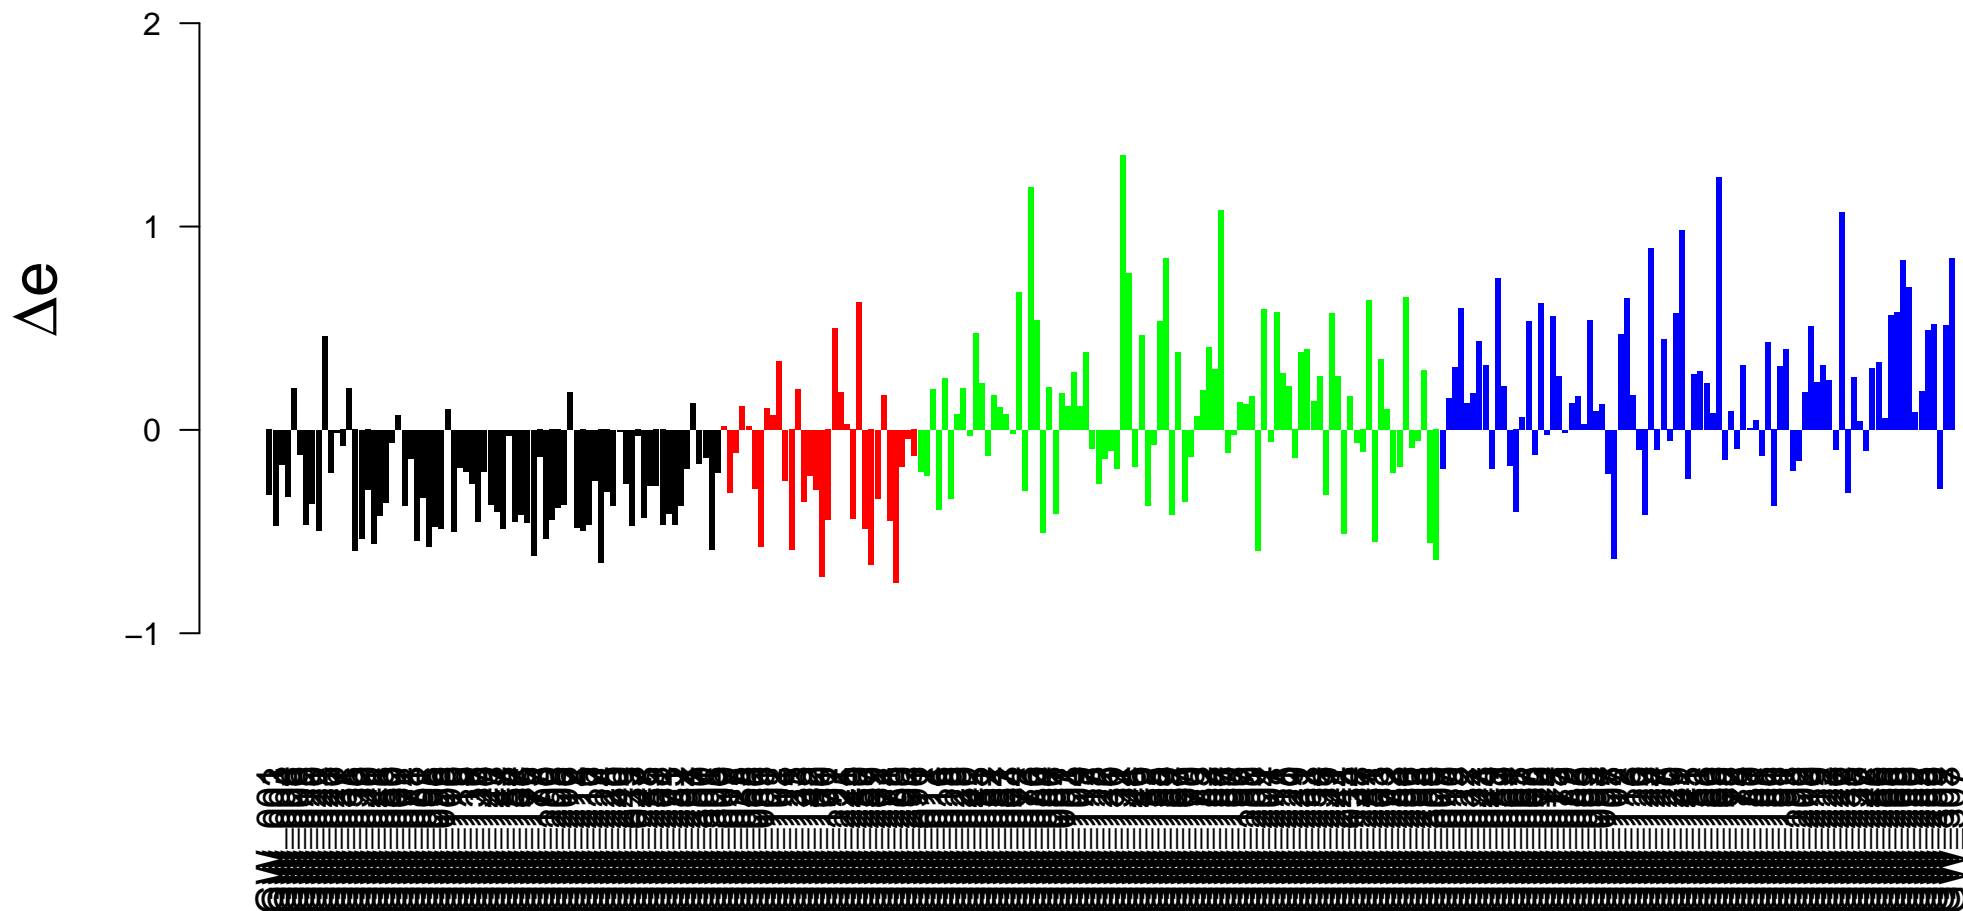

Expression of regulation of inflammatory response in Spot M

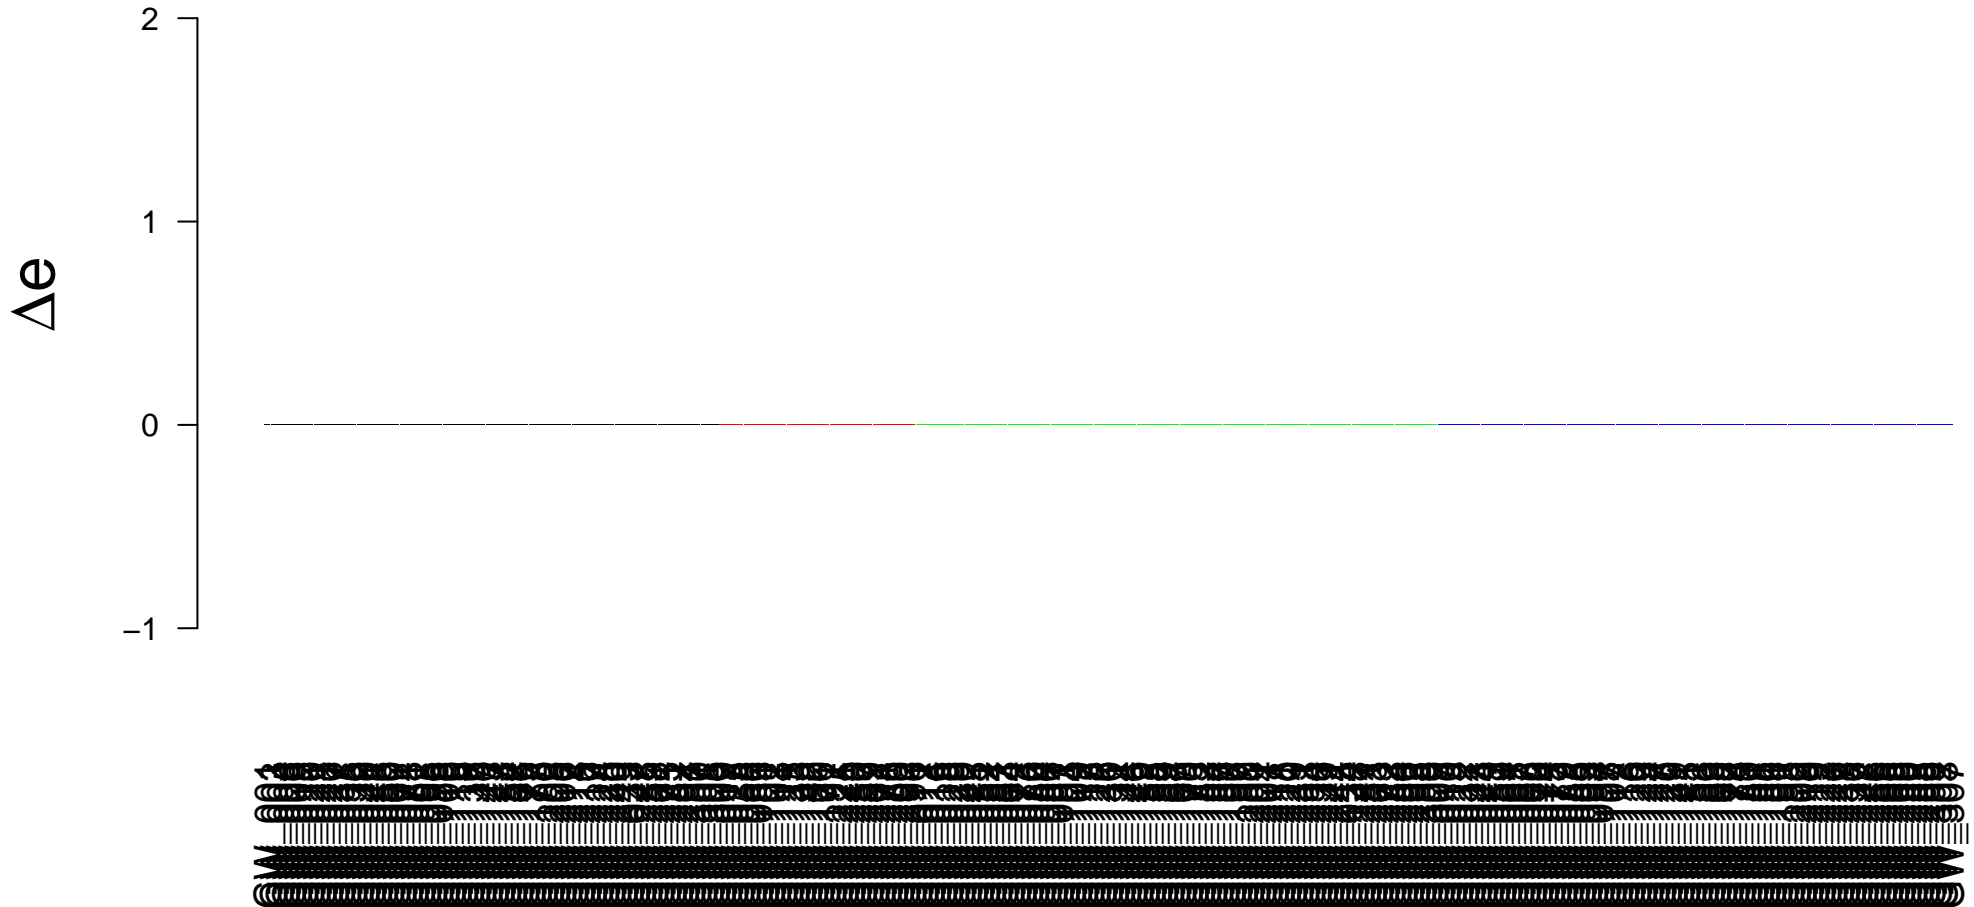

Expression of regulation of inflammatory response in Spot N

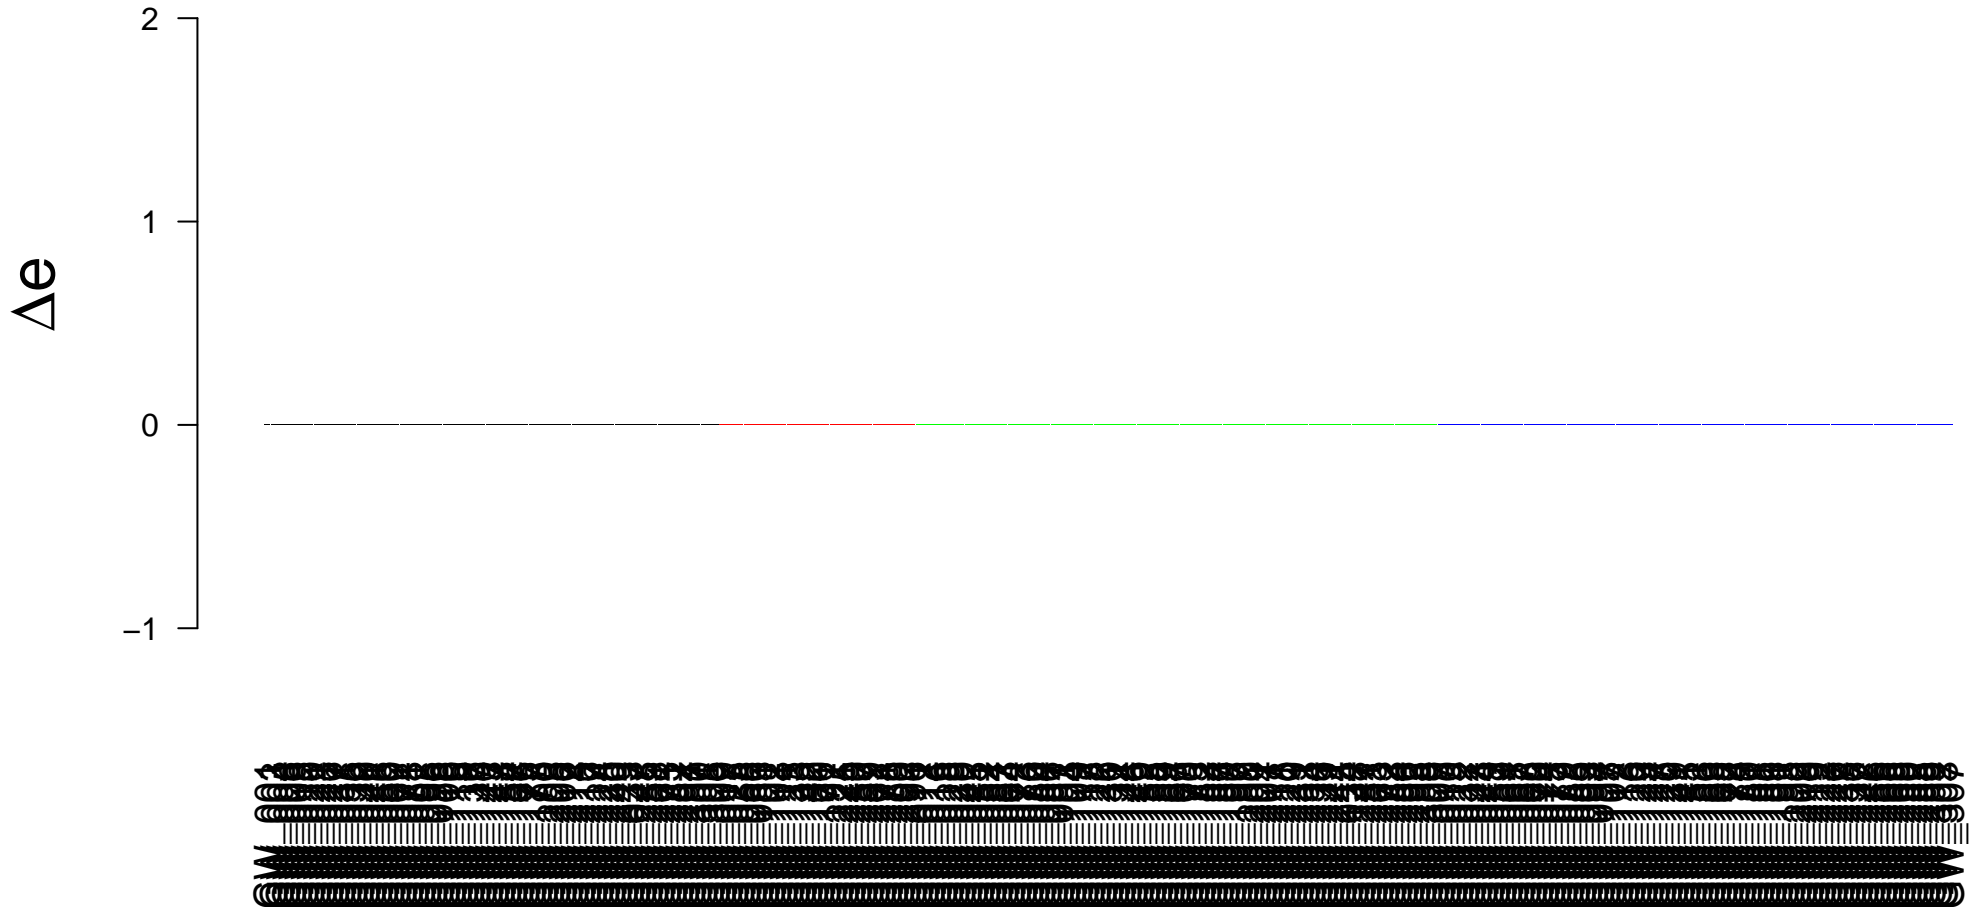

Expression of regulation of inflammatory response in Spot O

Expression of regulation of inflammatory response in Spot P

Expression of regulation of inflammatory response in Spot Q

Expression of regulation of inflammatory response in Spot R
