

regulation of insulin secretion

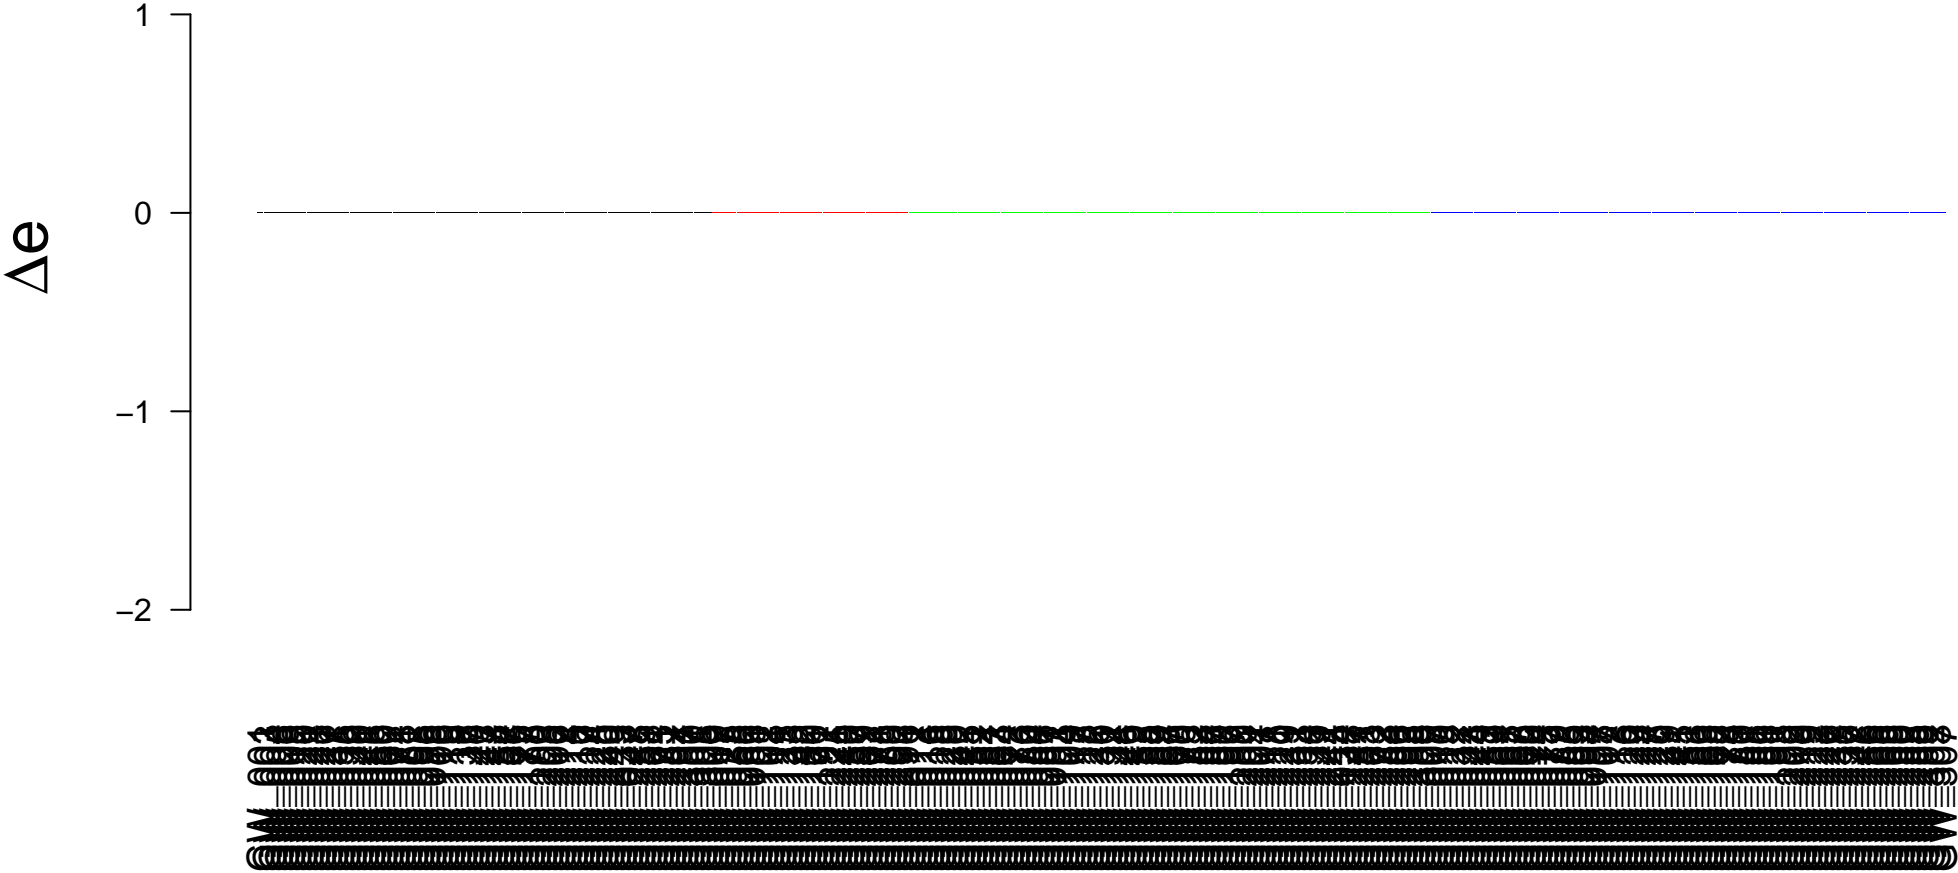

regulation of insulin secretion

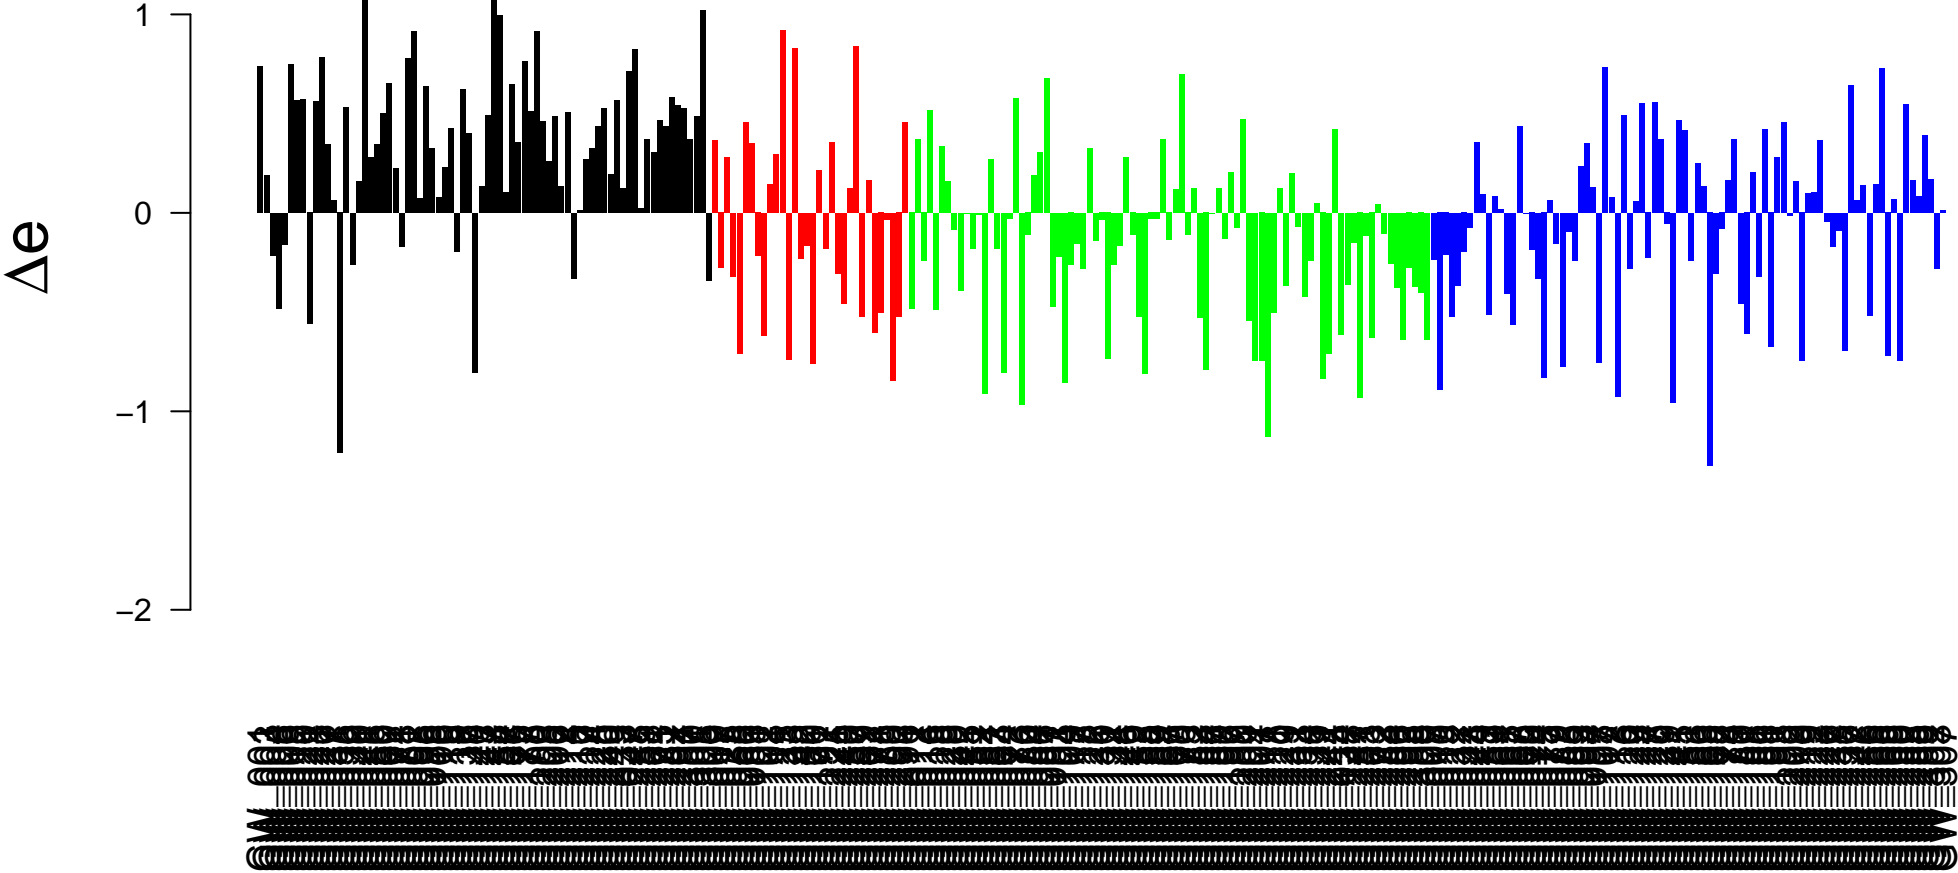

Enrichment in spots: regulation of insulin secretion

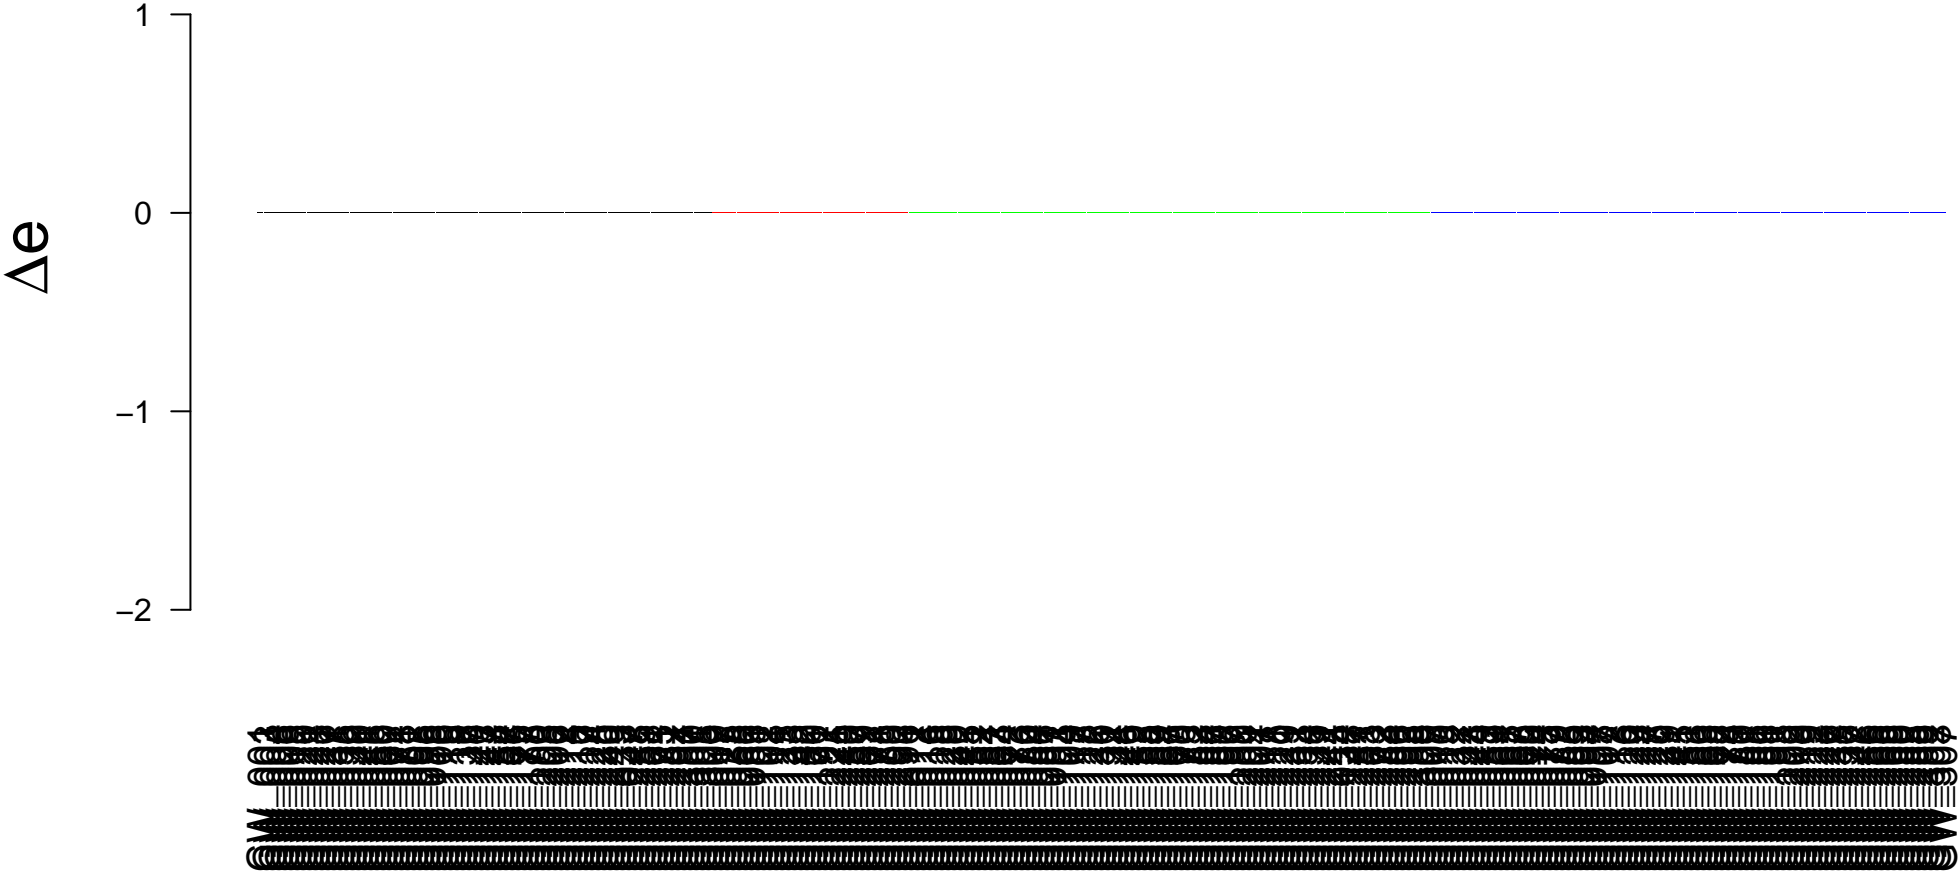

Expression of regulation of insulin secretion in Spot A

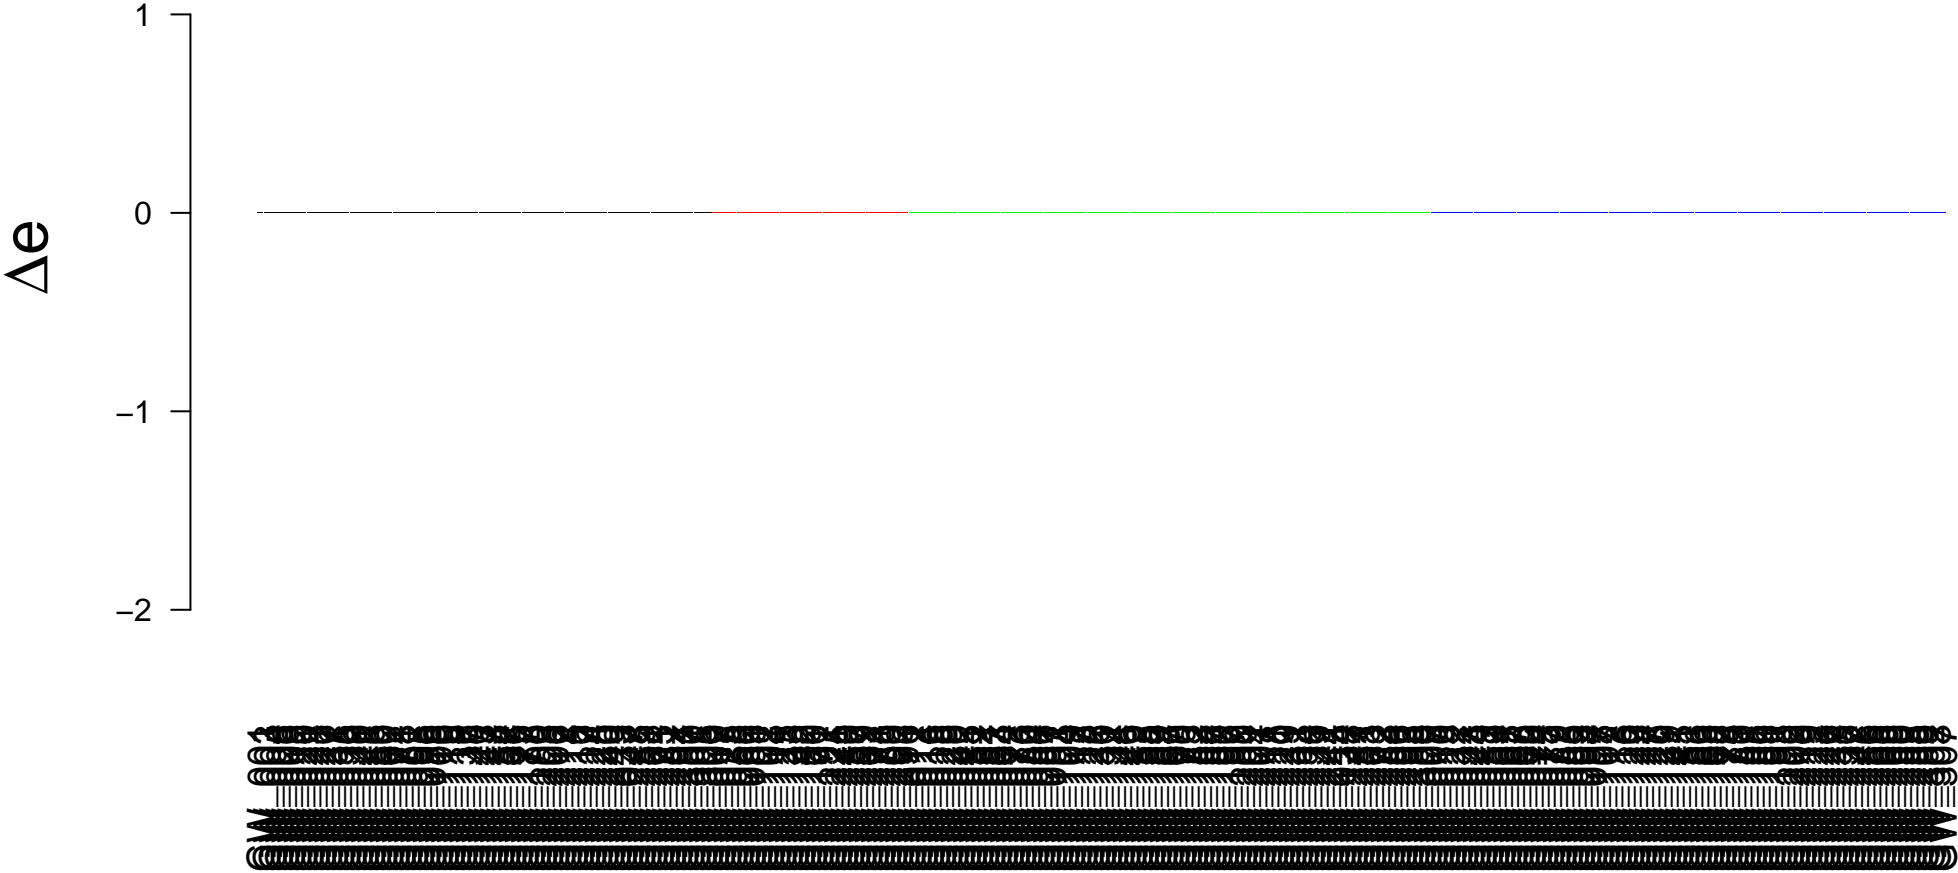

Expression of regulation of insulin secretion in Spot B

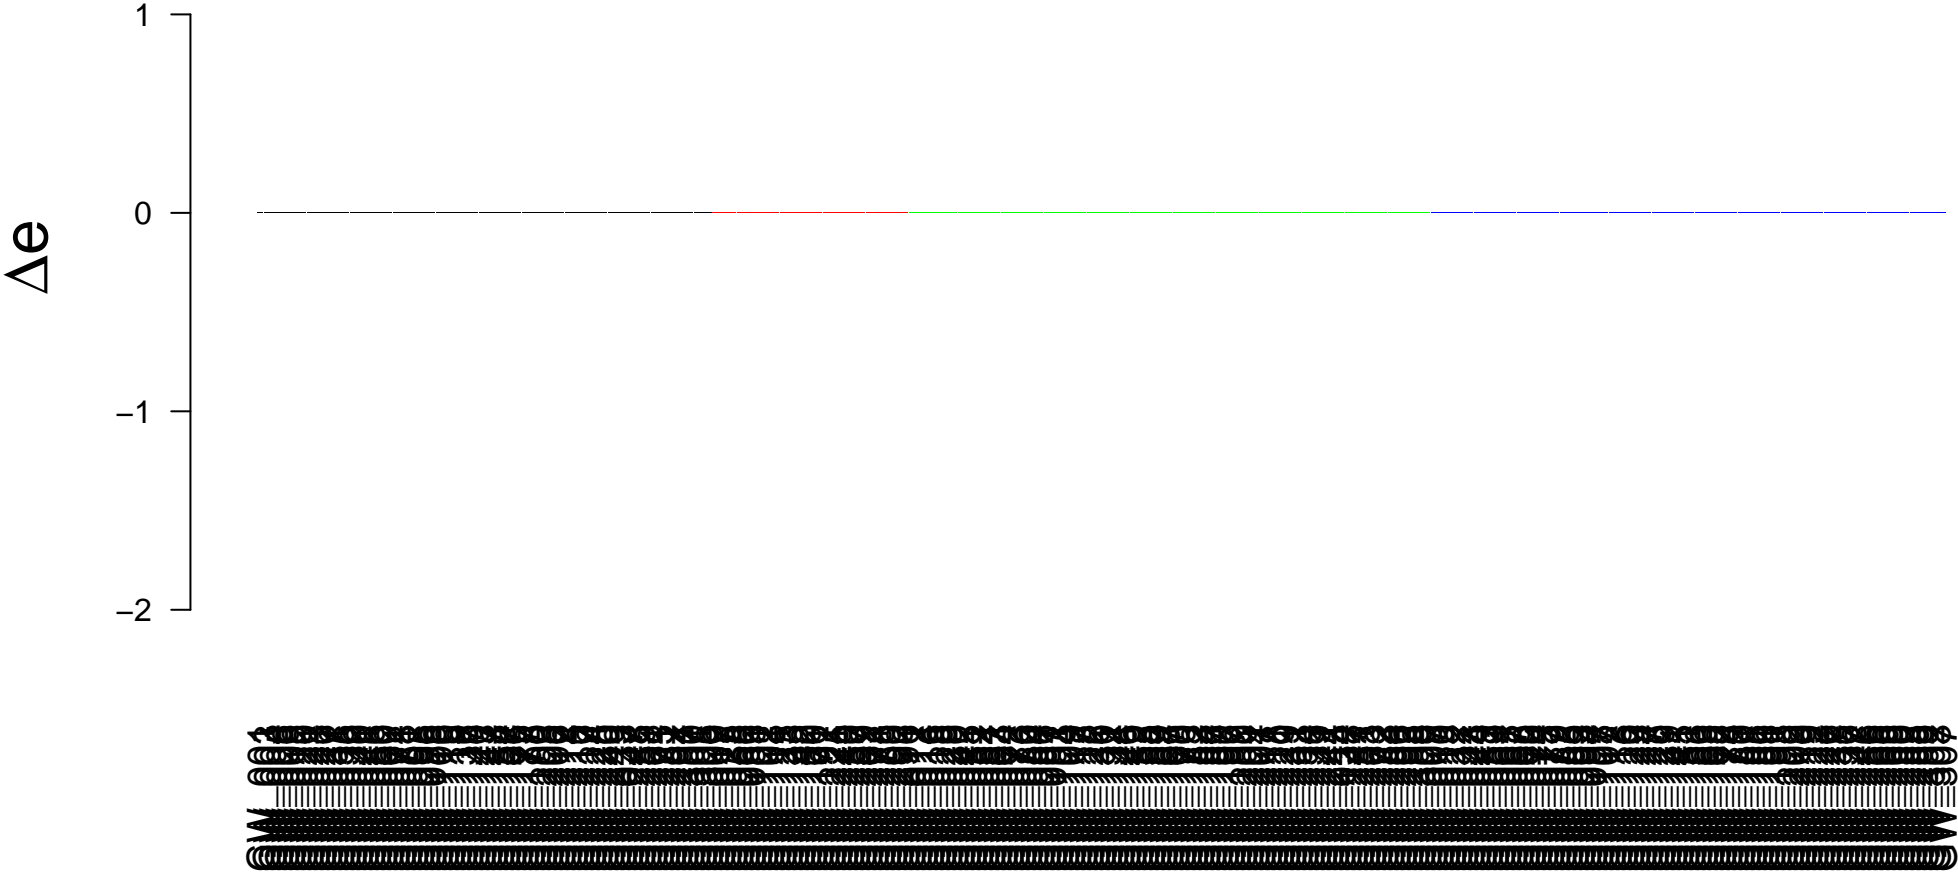

Expression of regulation of insulin secretion in Spot C

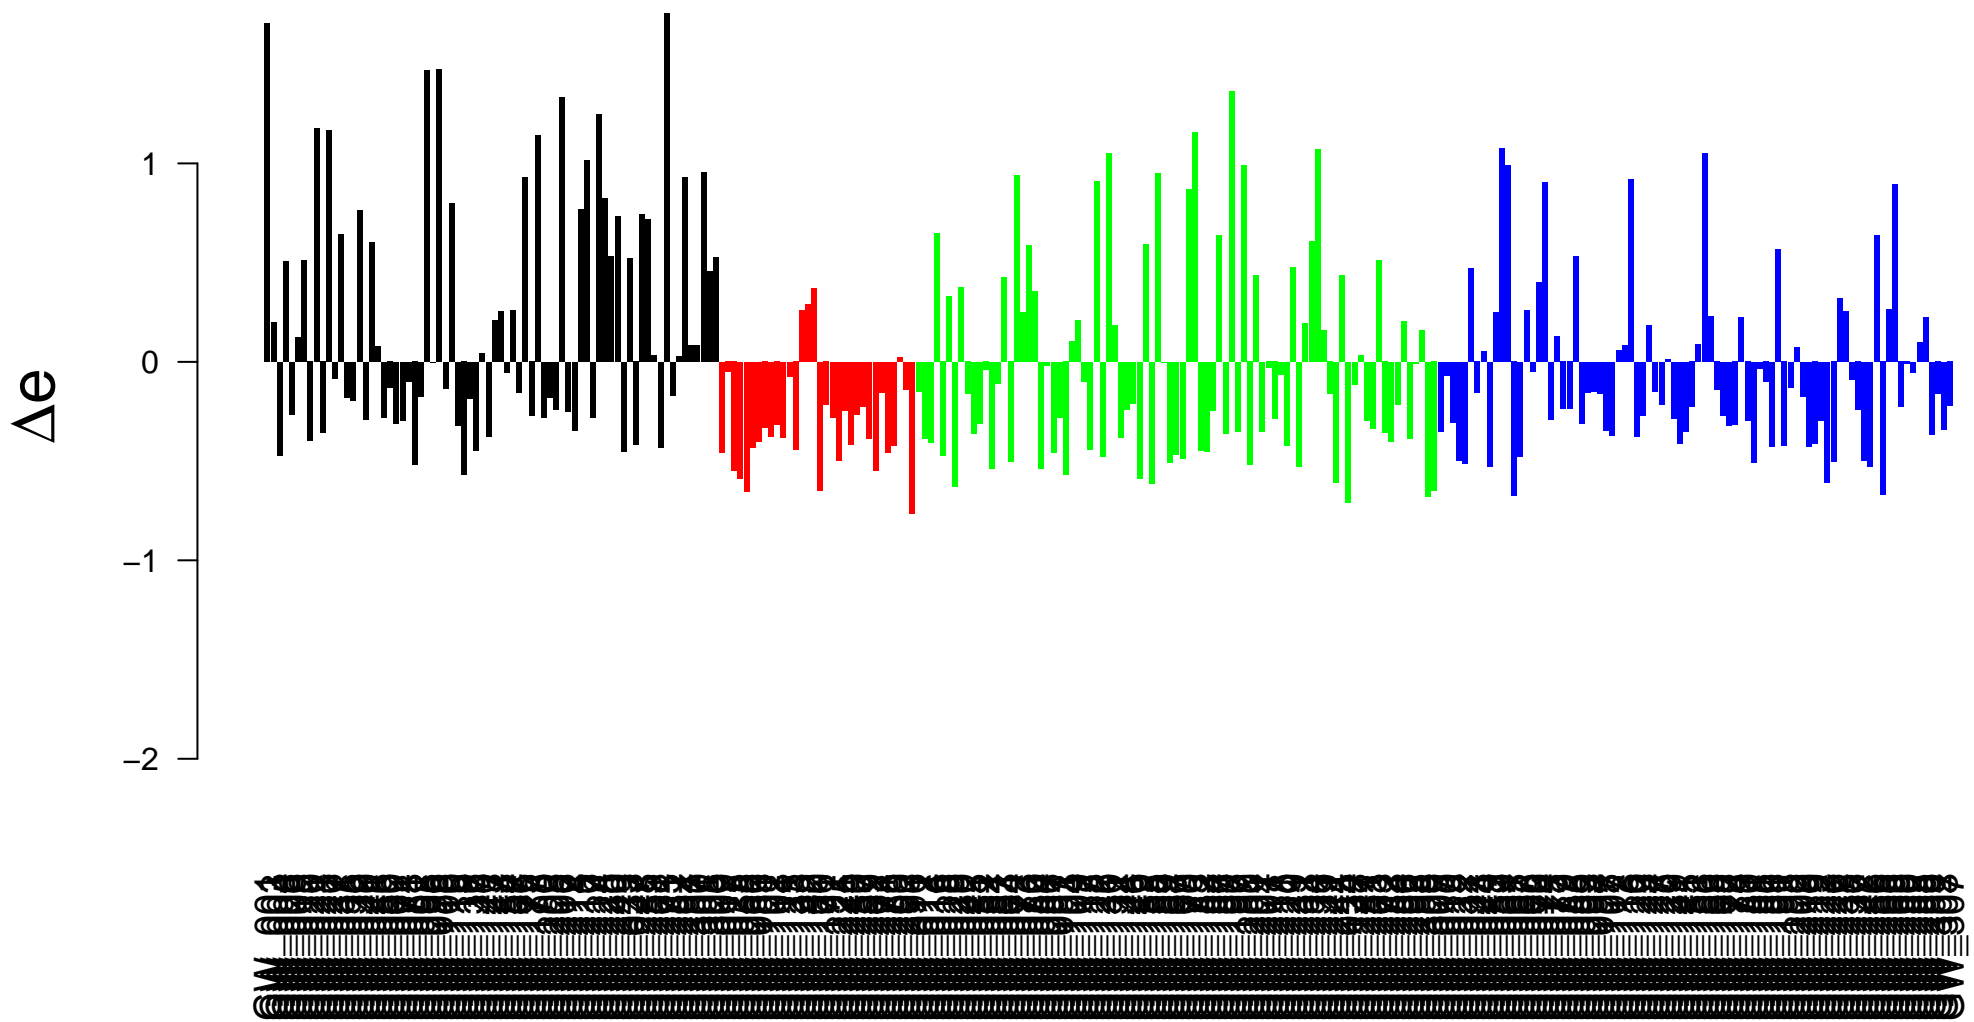

Expression of regulation of insulin secretion in Spot D

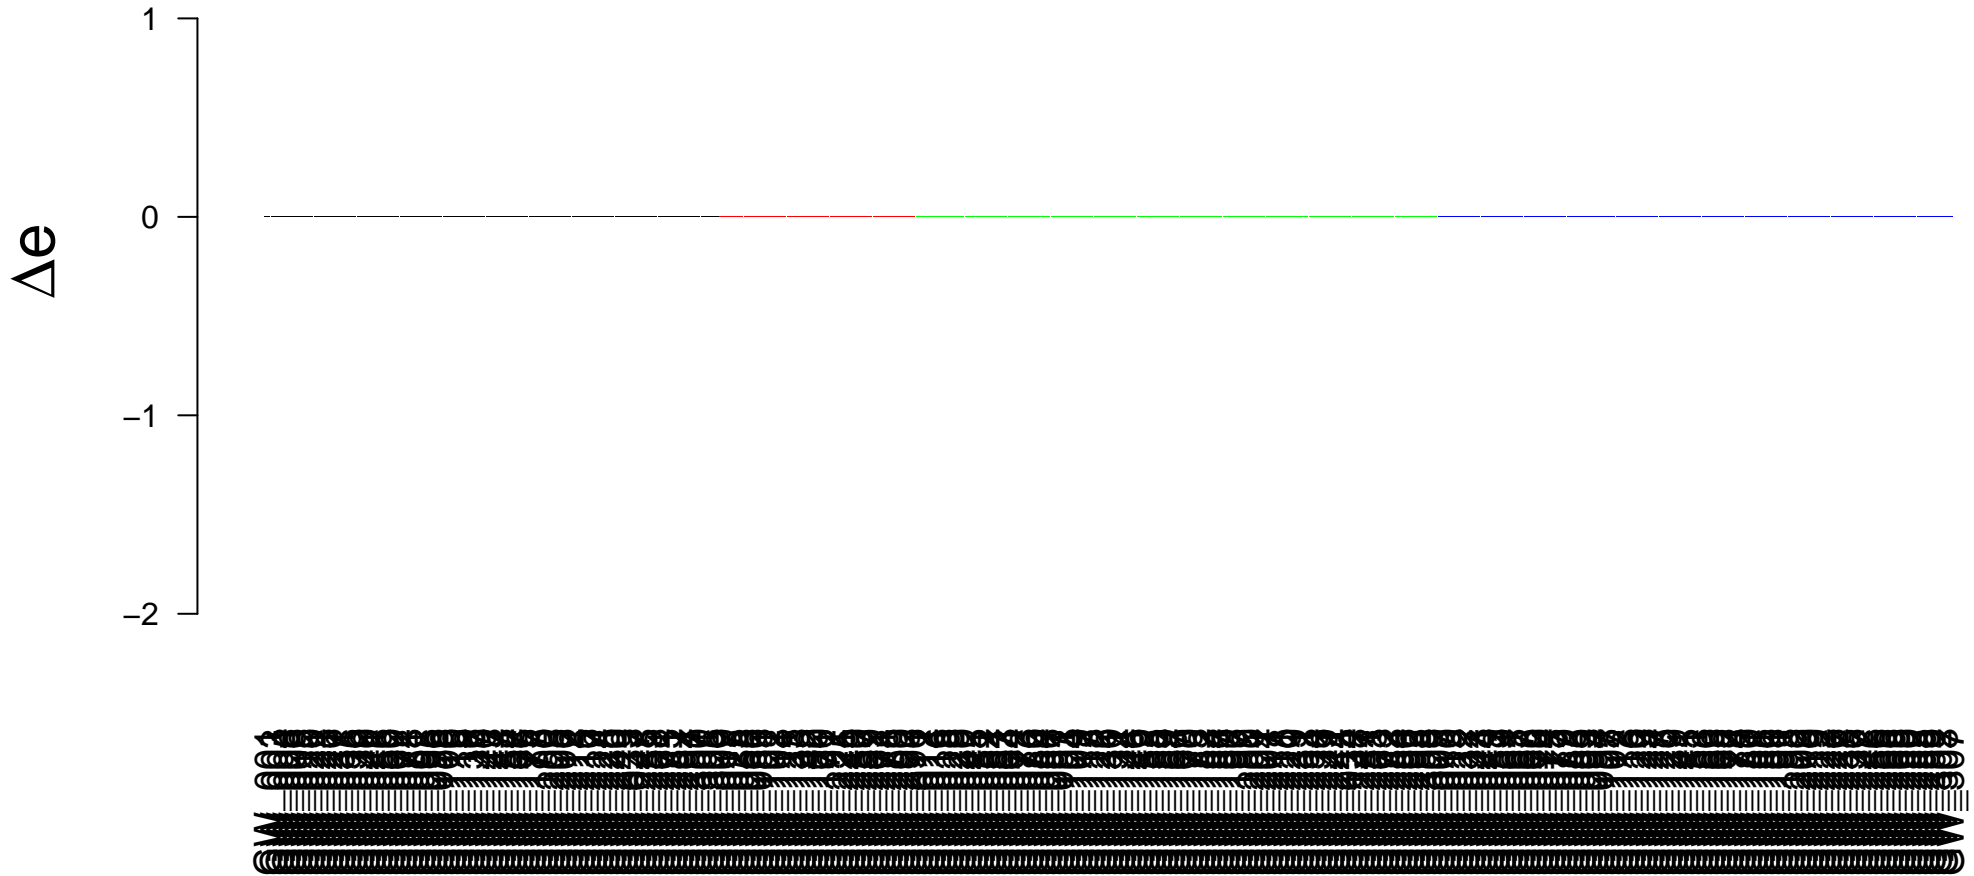

Expression of regulation of insulin secretion in Spot E

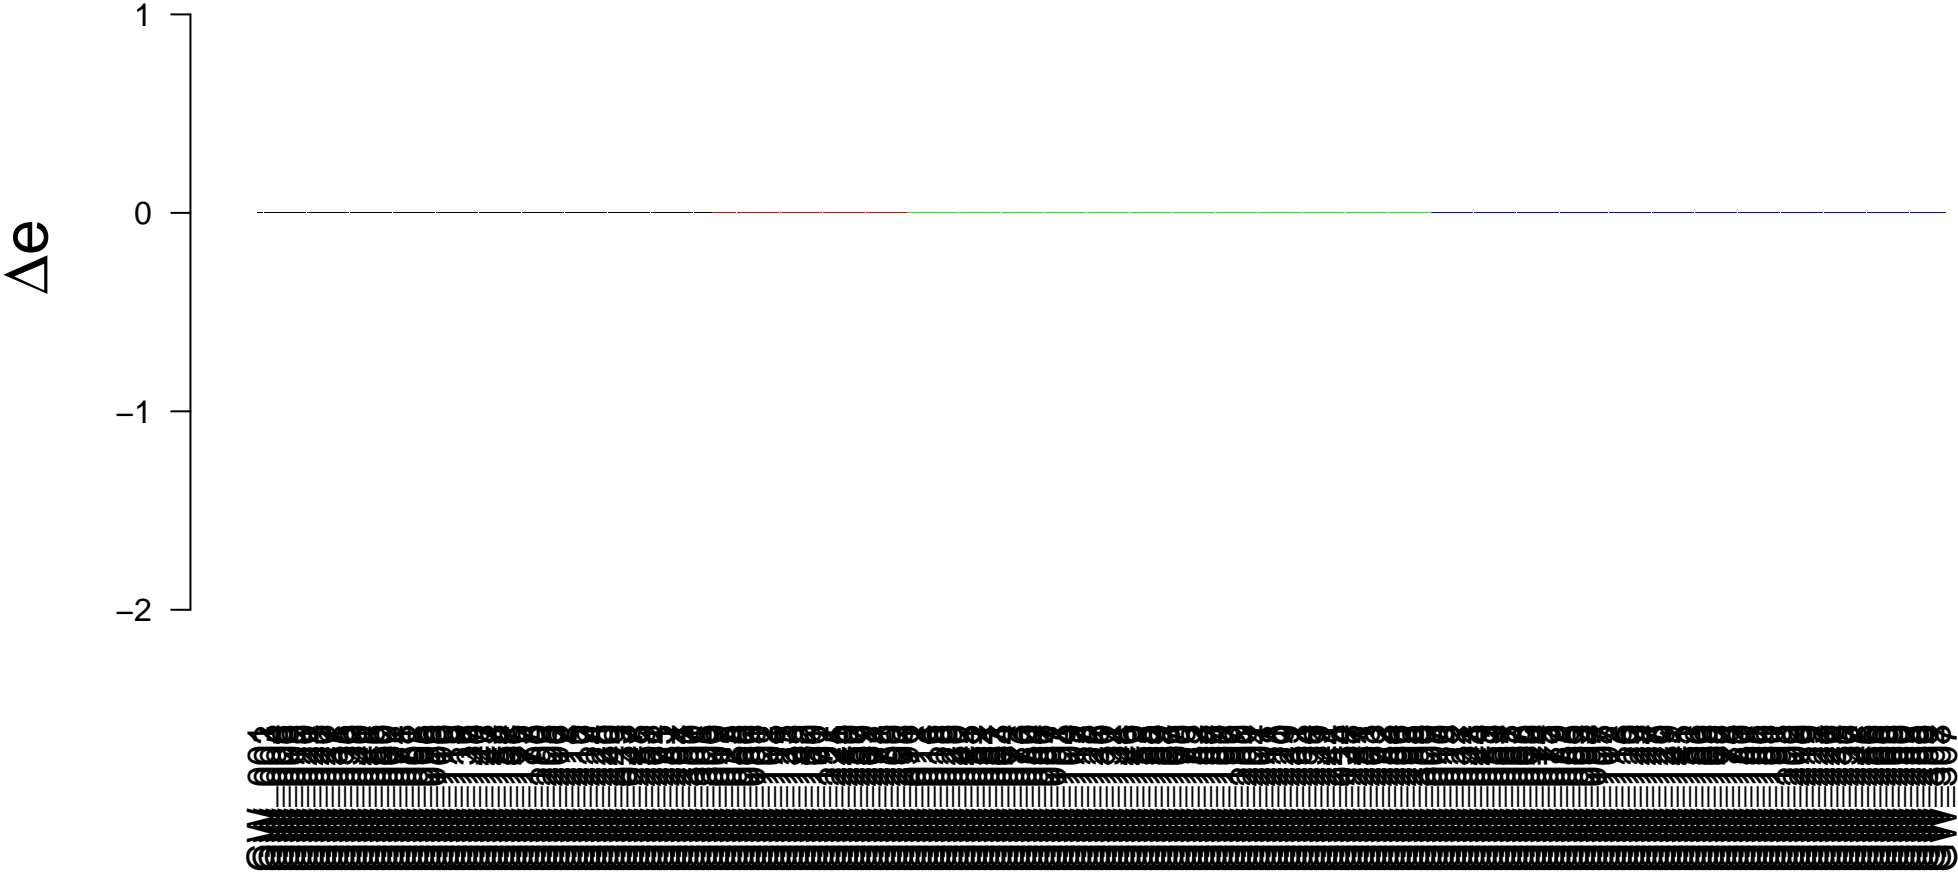

Expression of regulation of insulin secretion in Spot F

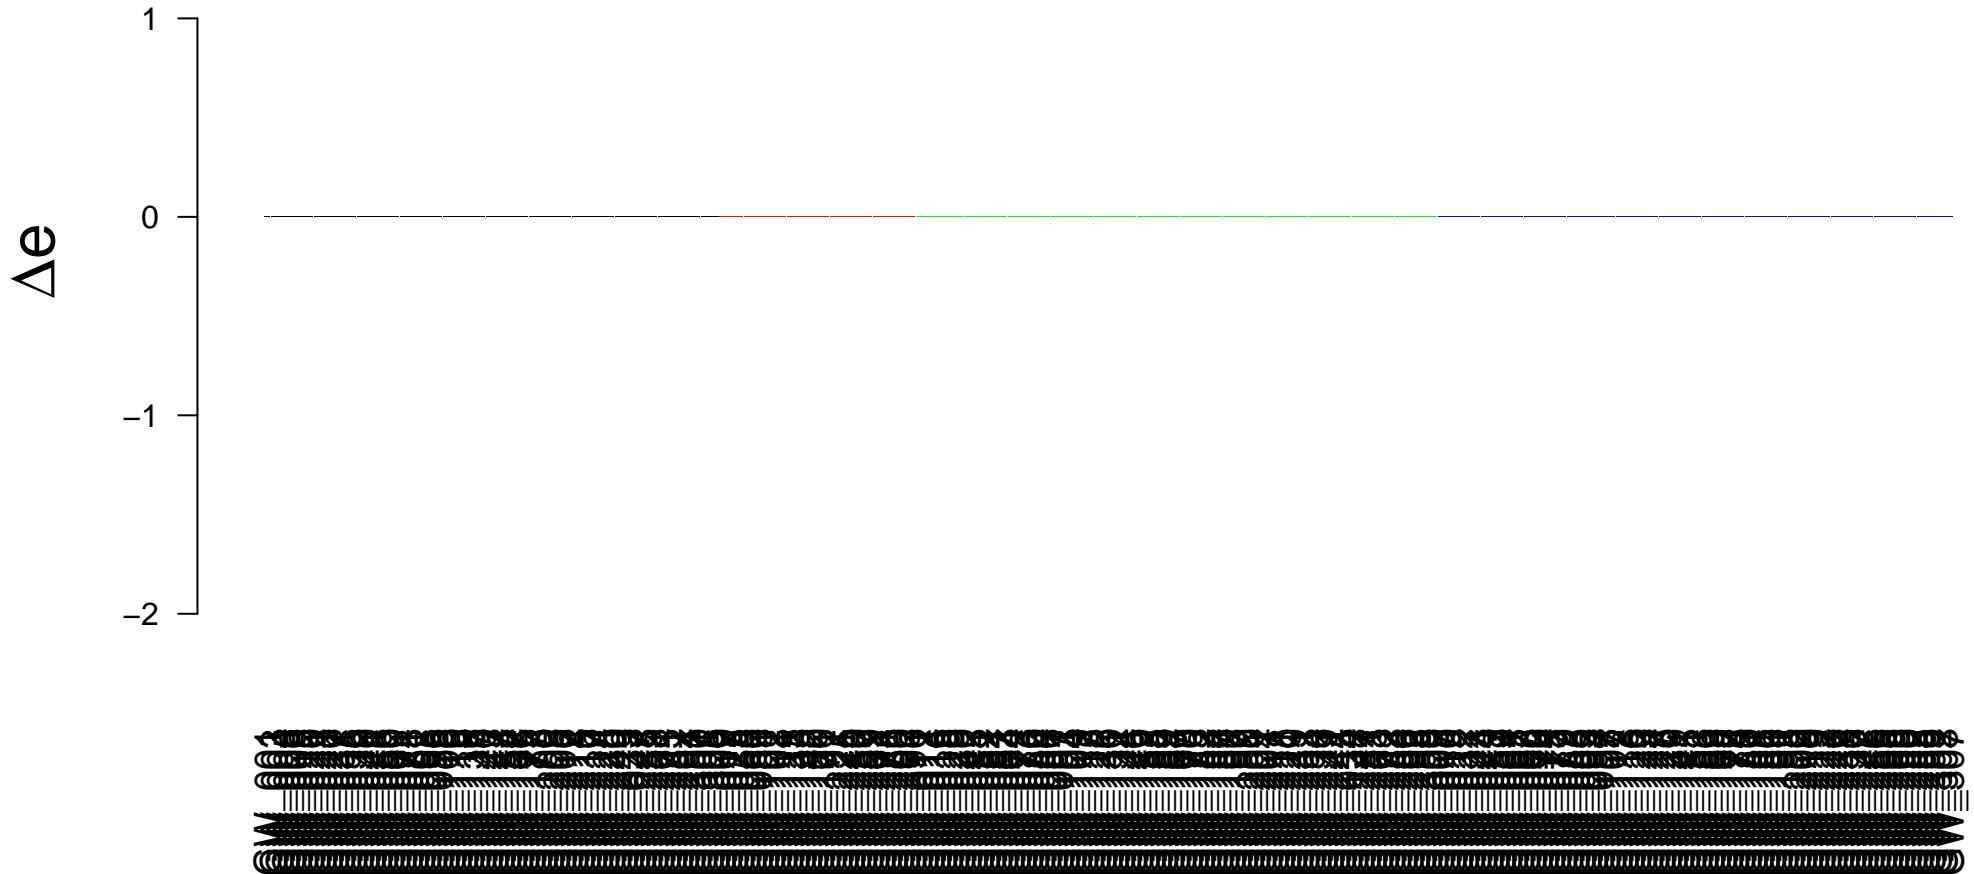

Expression of regulation of insulin secretion in Spot G

Expression of regulation of insulin secretion in Spot H

Expression of regulation of insulin secretion in Spot I

Expression of regulation of insulin secretion in Spot J
