

regulation of long-term neuronal synaptic plasticity

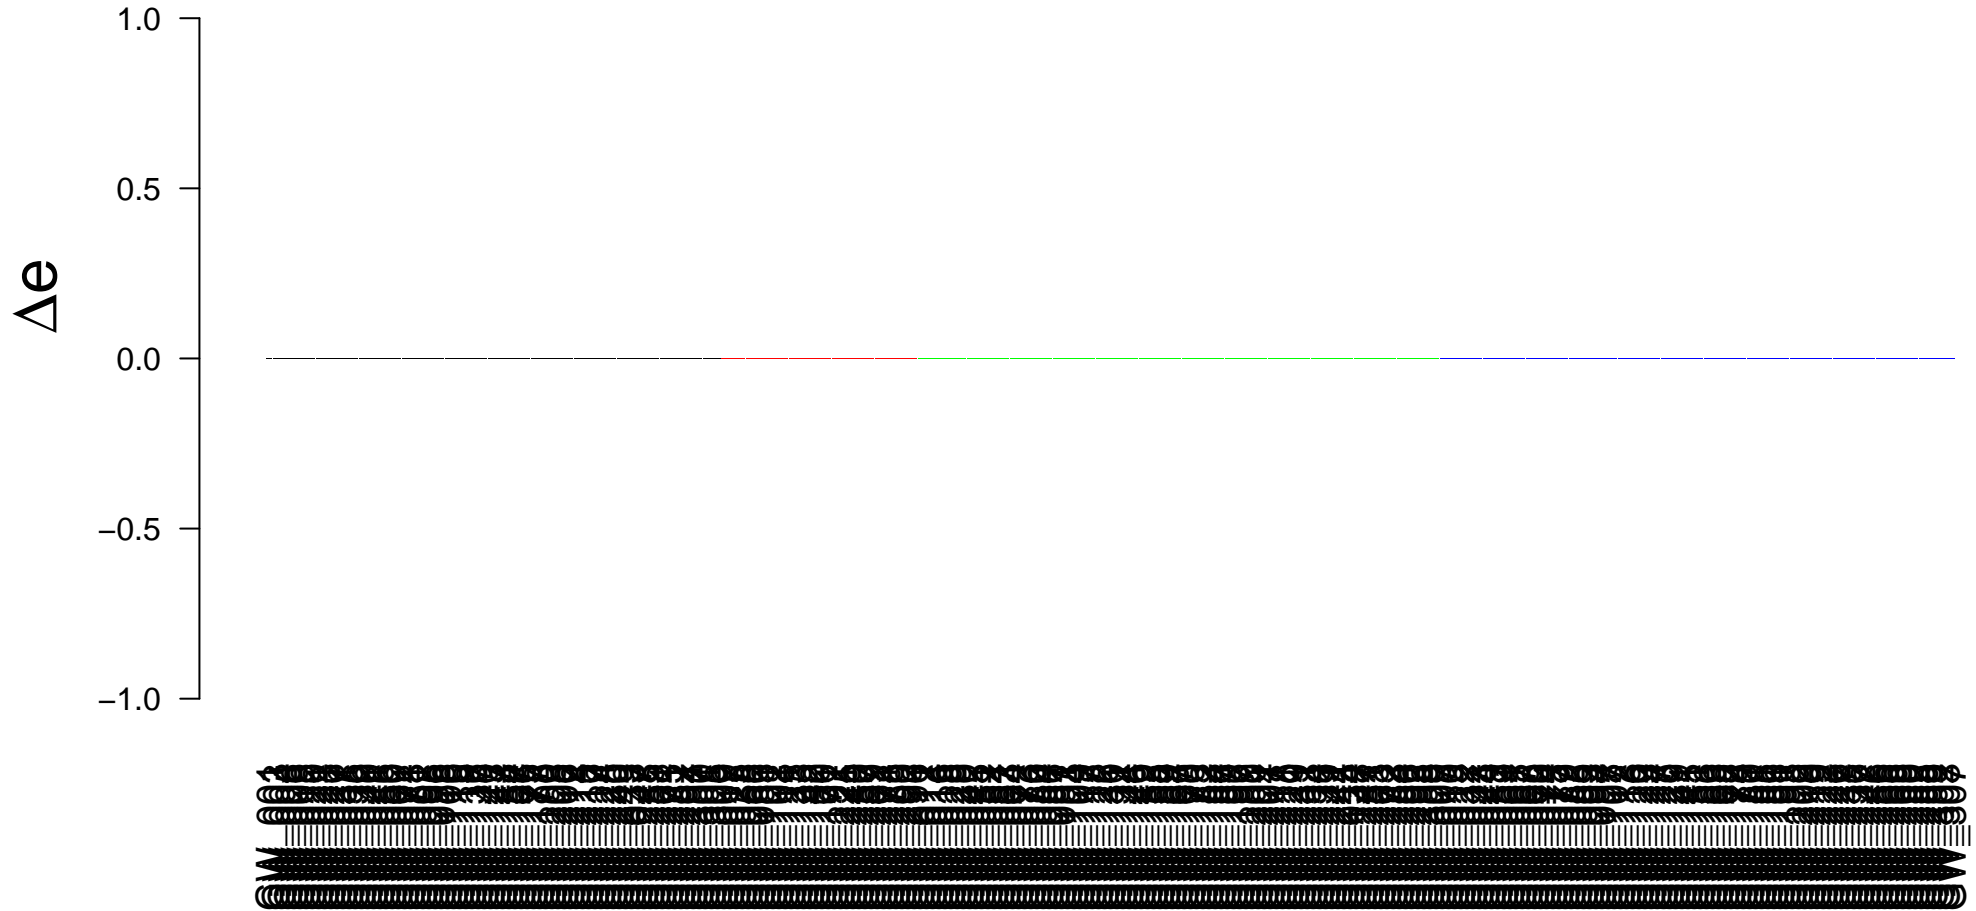

regulation of long-term neuronal synaptic plasticity

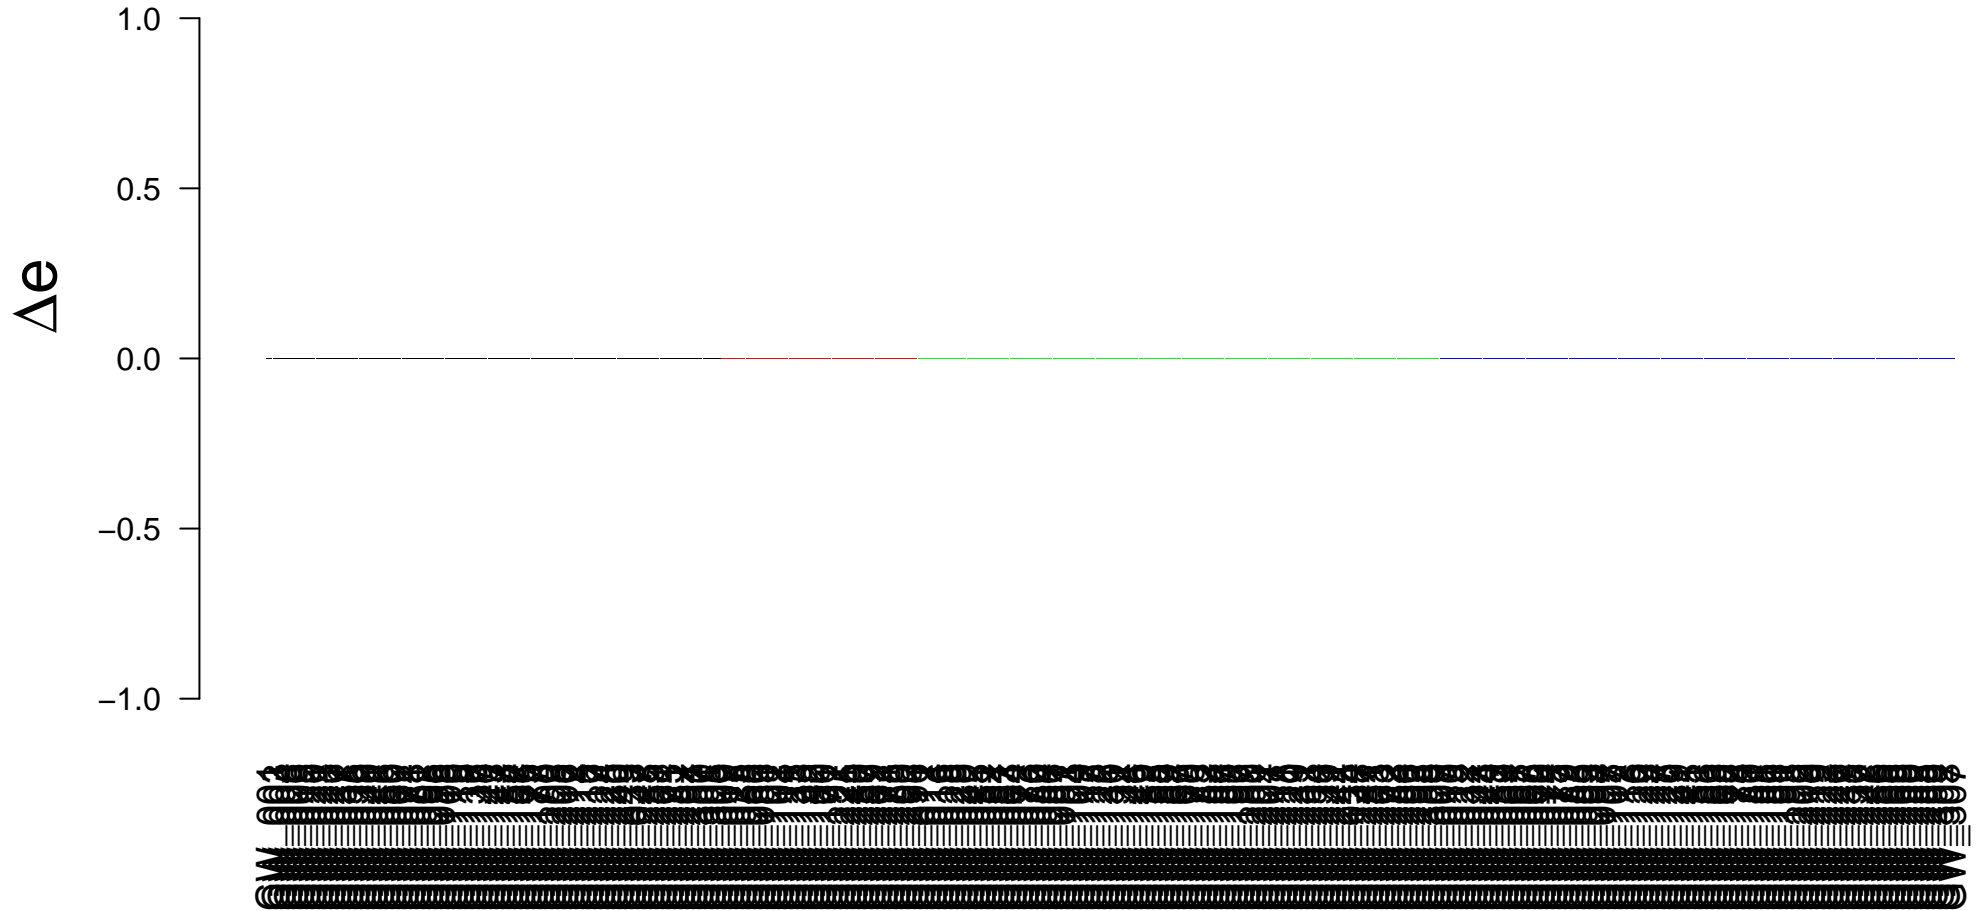

Enrichment in spots: regulation of long-term neuronal synaptic plasticity

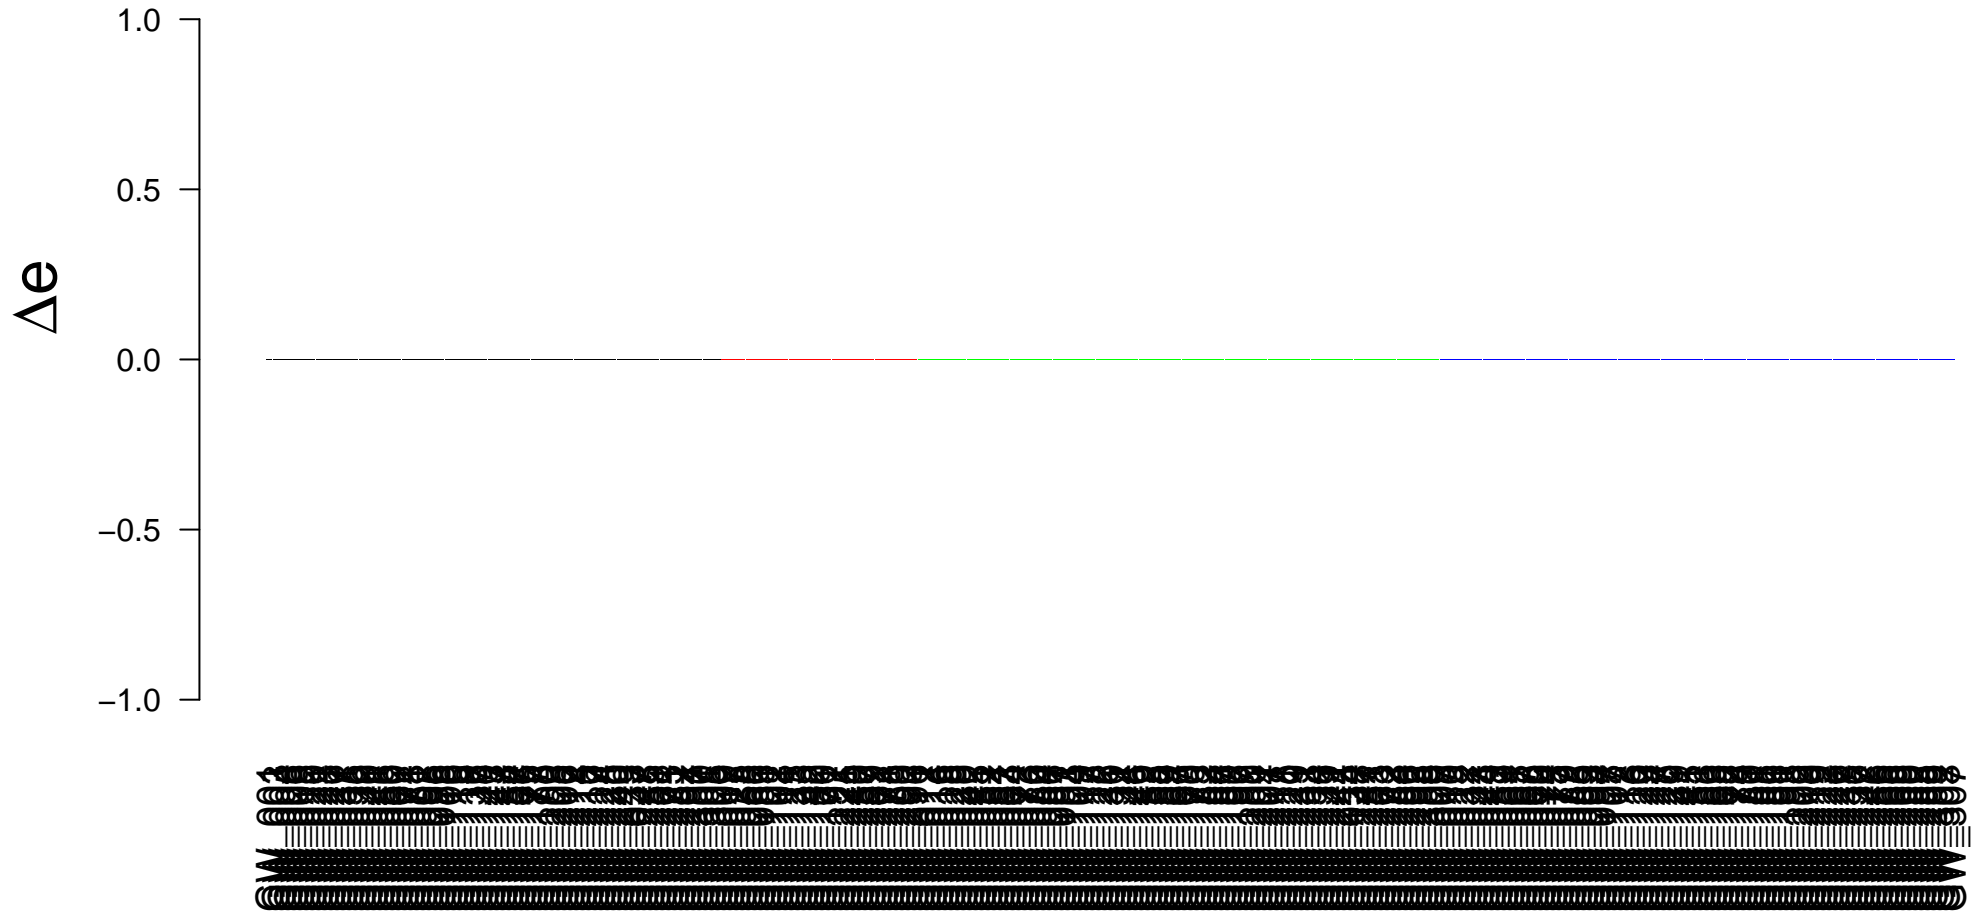

Expression of regulation of long-term neuronal synaptic plasticity in Spot A

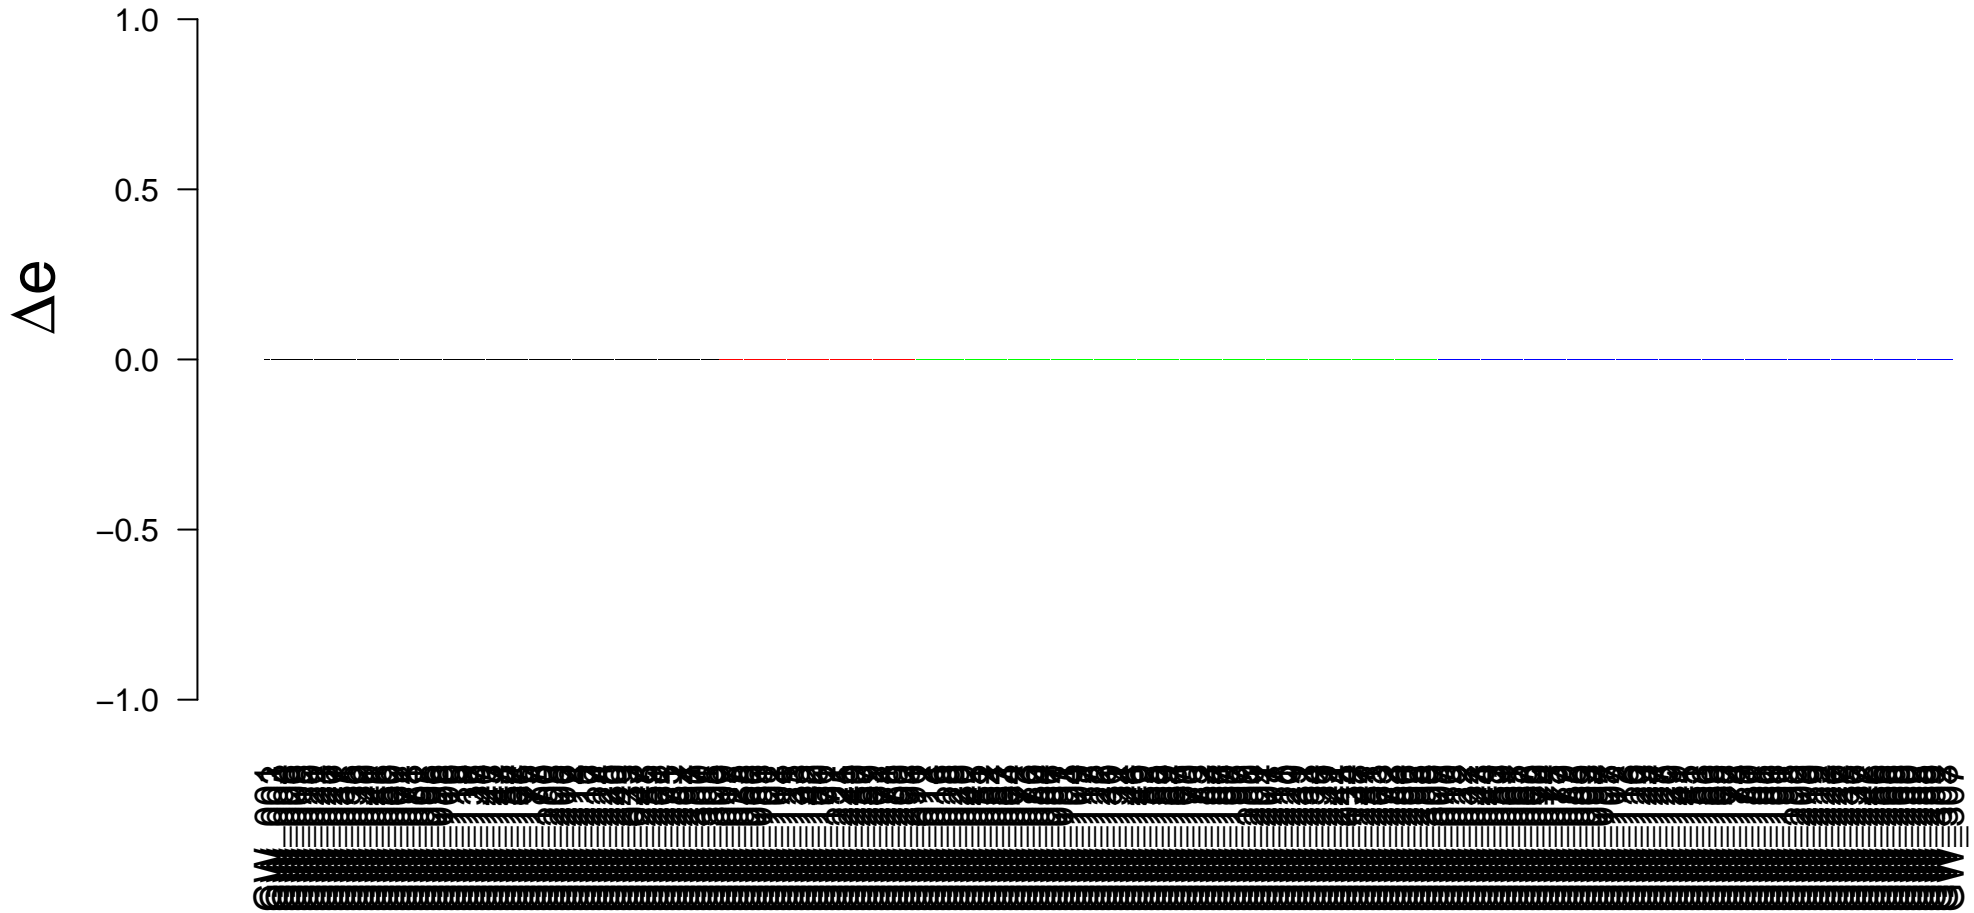

Expression of regulation of long-term neuronal synaptic plasticity in Spot B

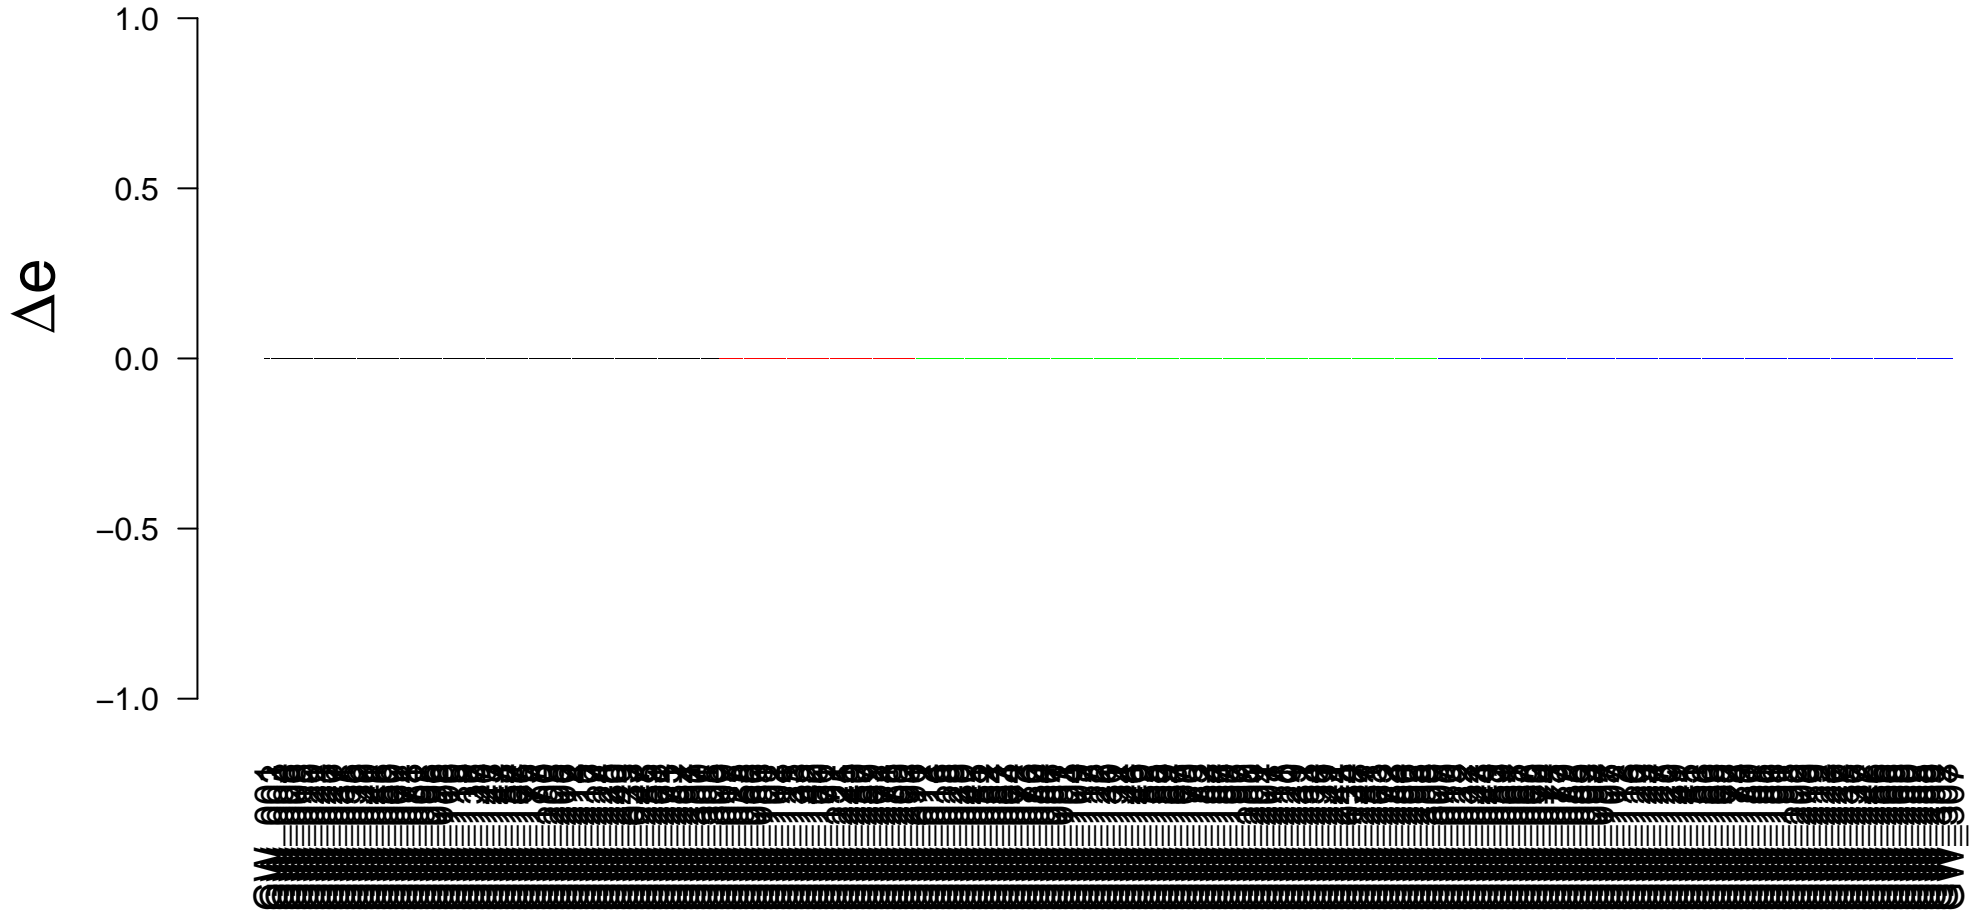

Expression of regulation of long-term neuronal synaptic plasticity in Spot C

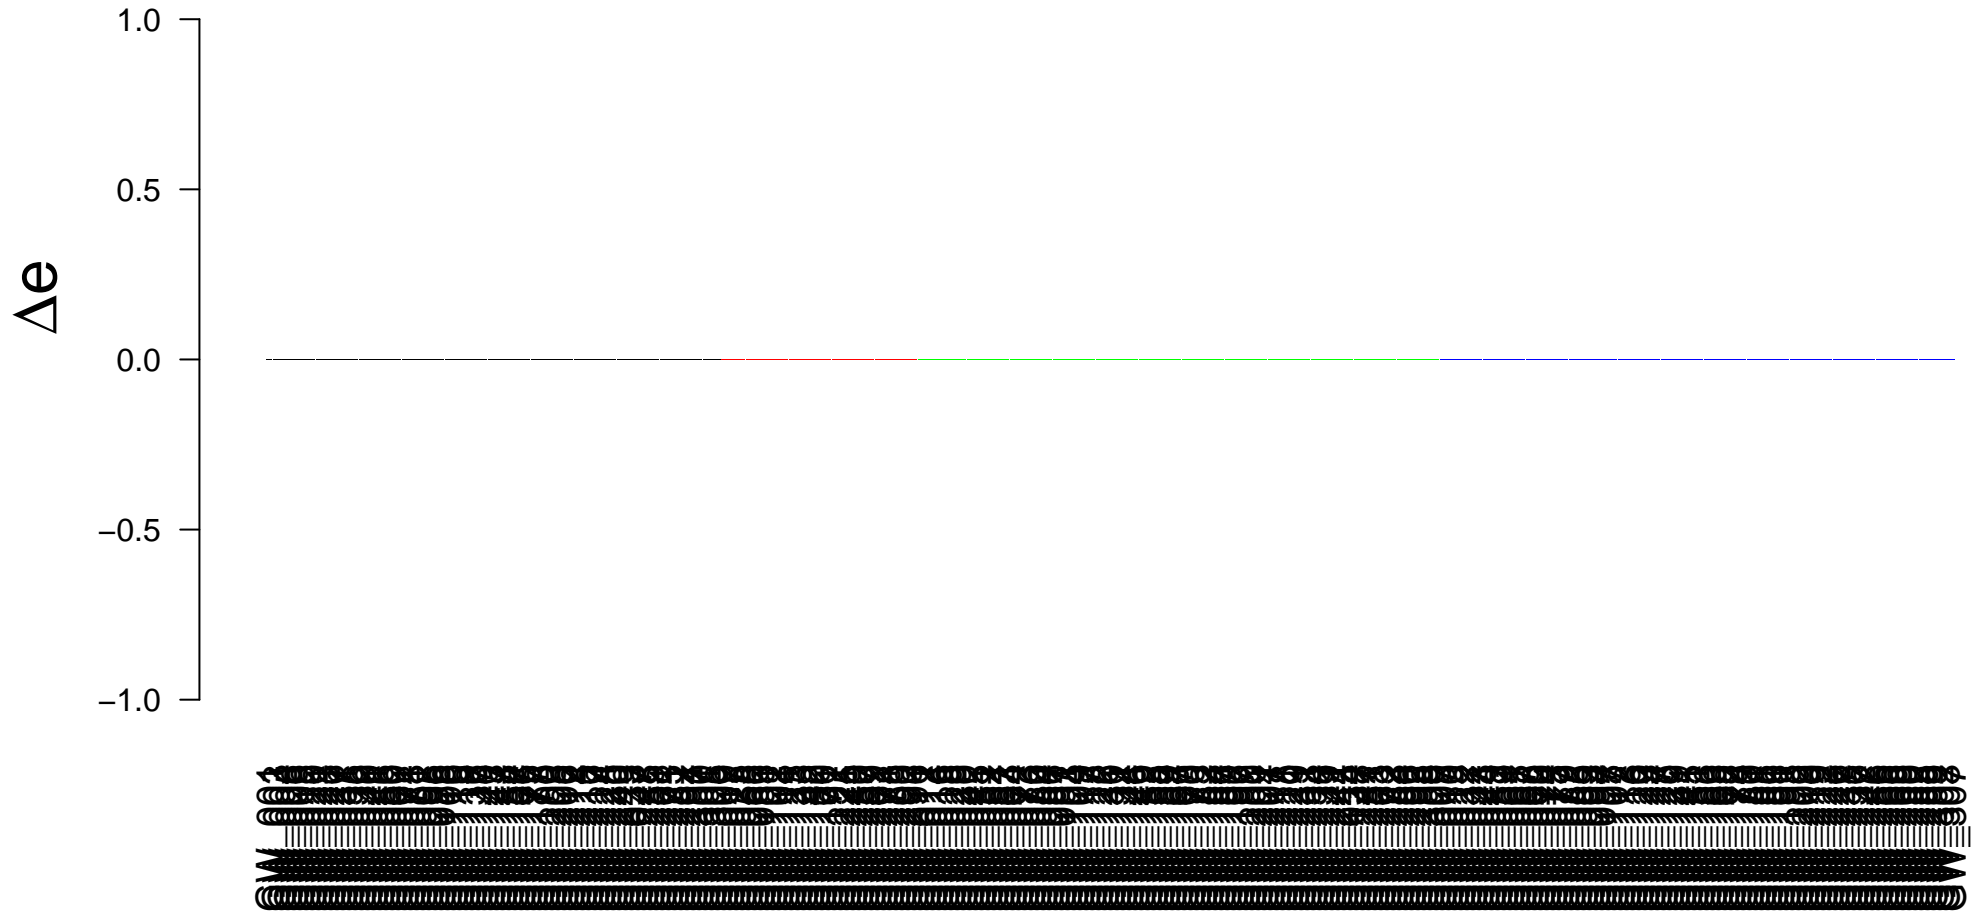

Expression of regulation of long-term neuronal synaptic plasticity in Spot D

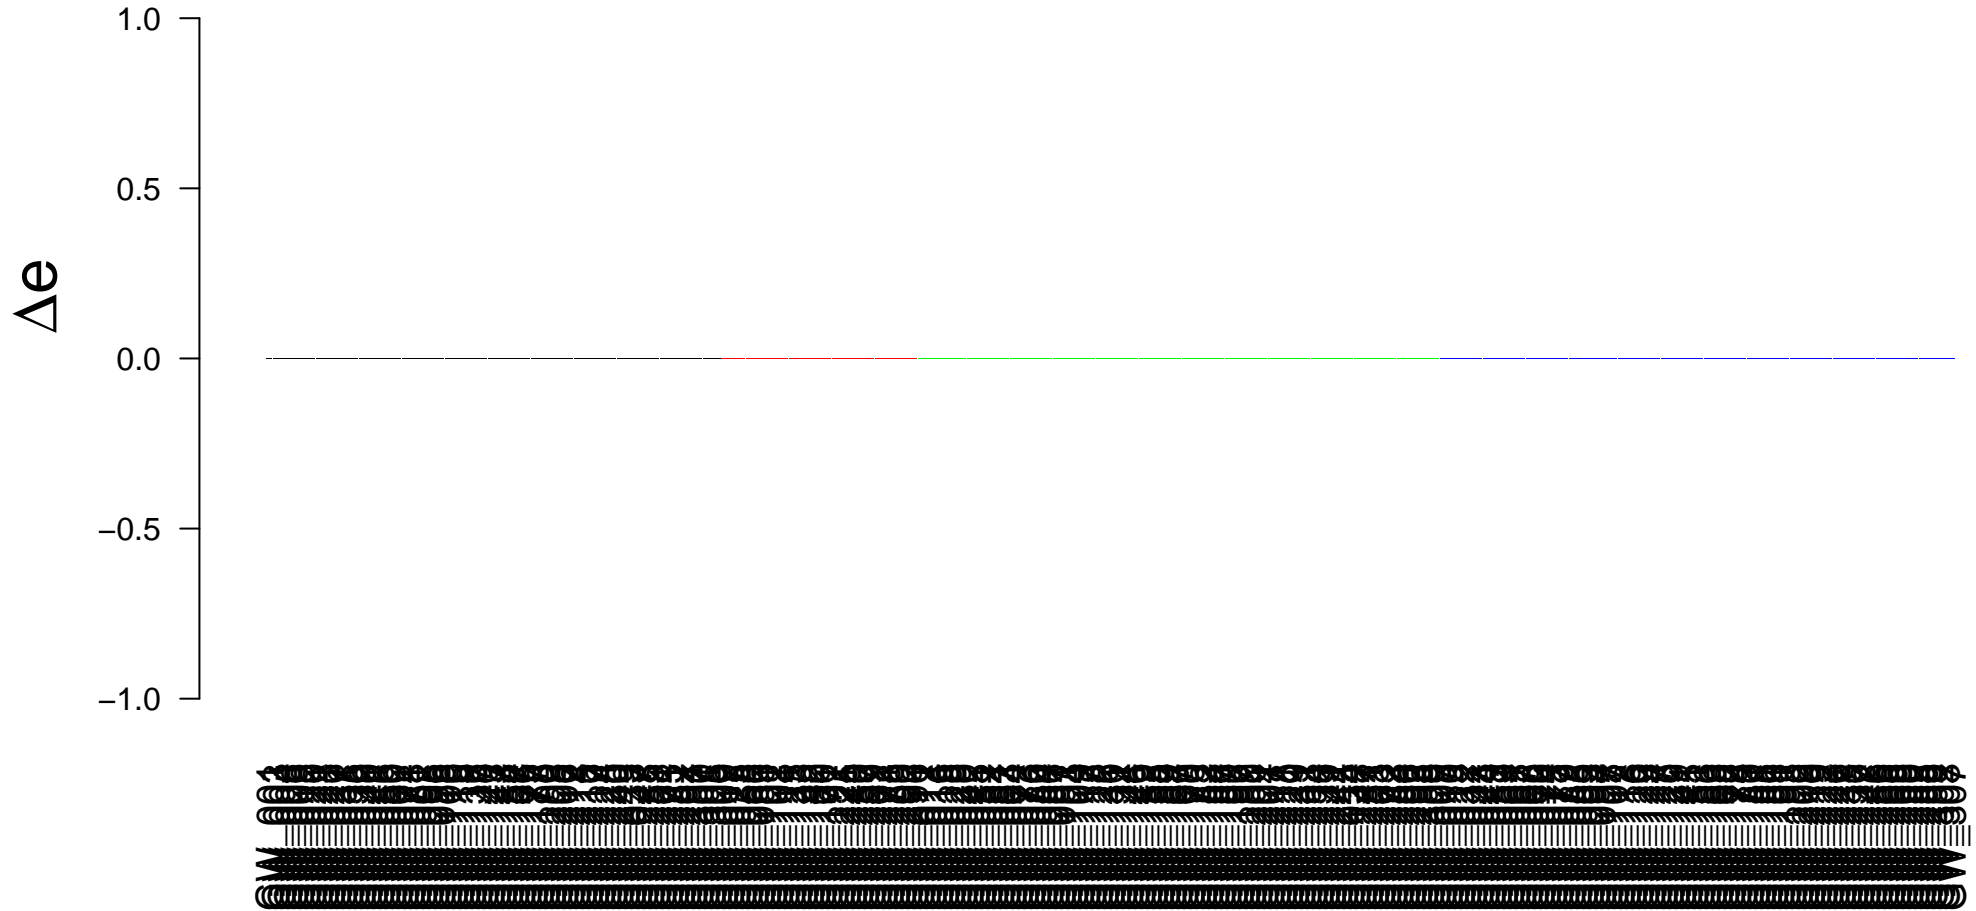

Expression of regulation of long-term neuronal synaptic plasticity in Spot E

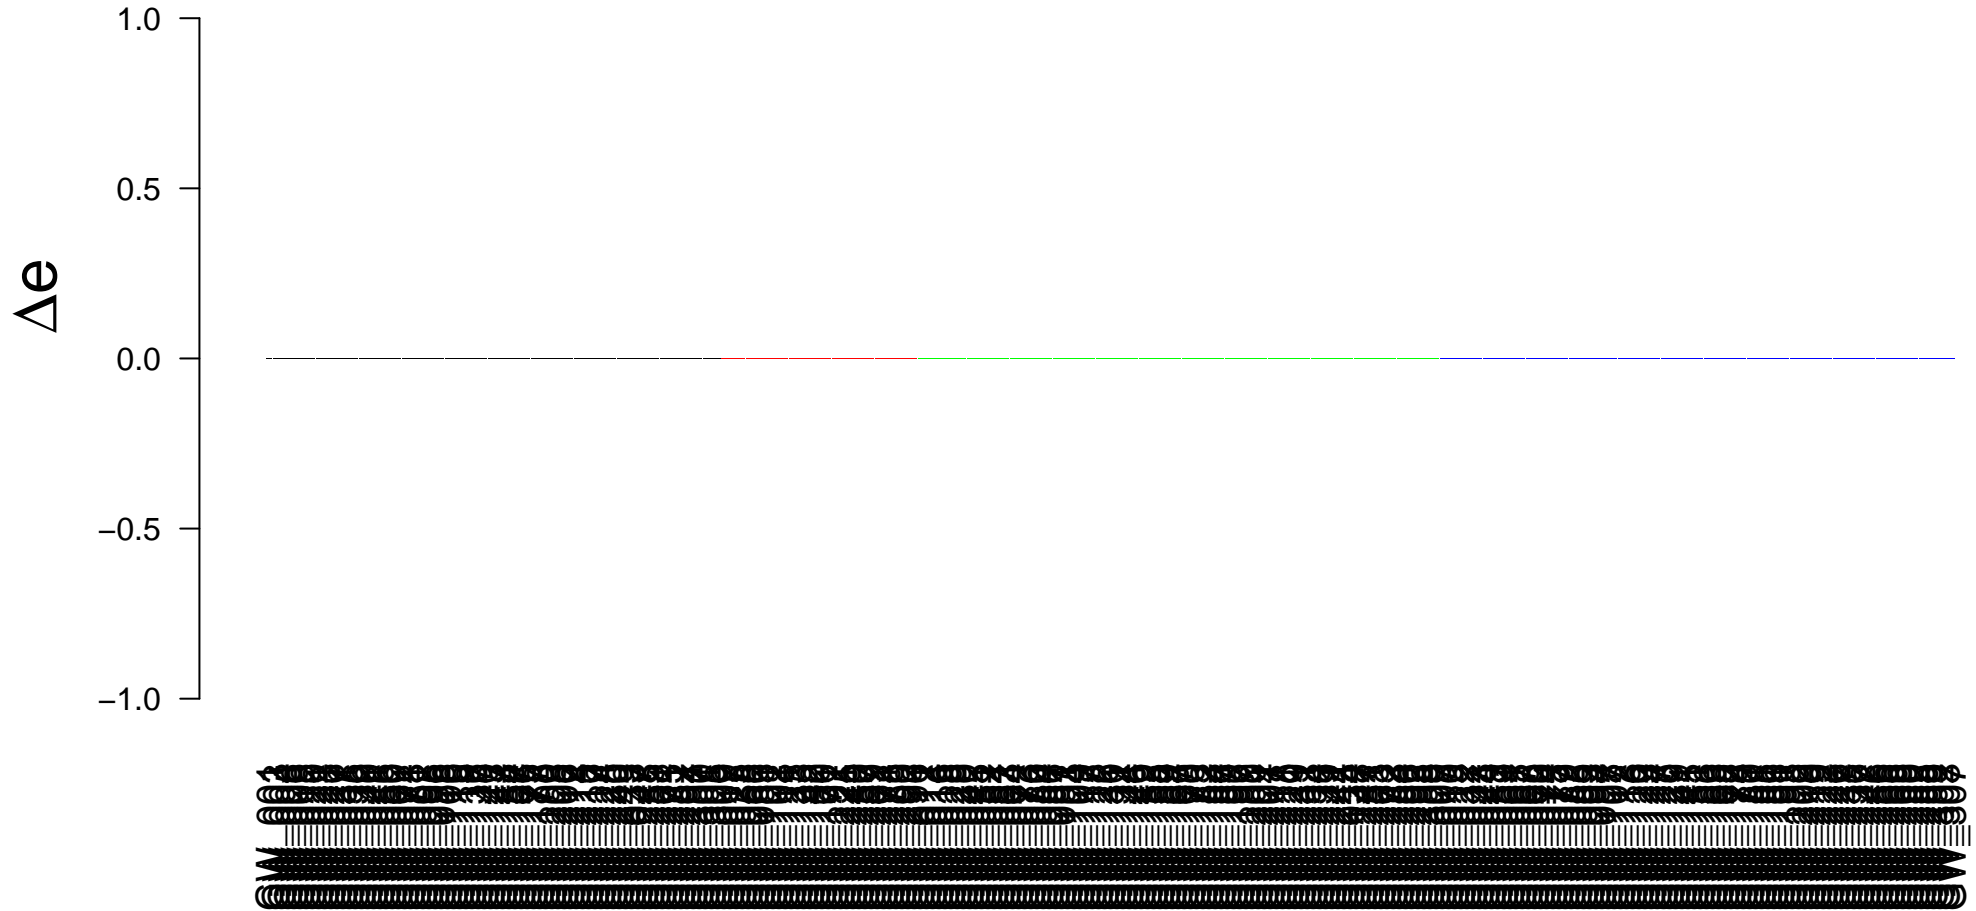

Expression of regulation of long-term neuronal synaptic plasticity in Spot F

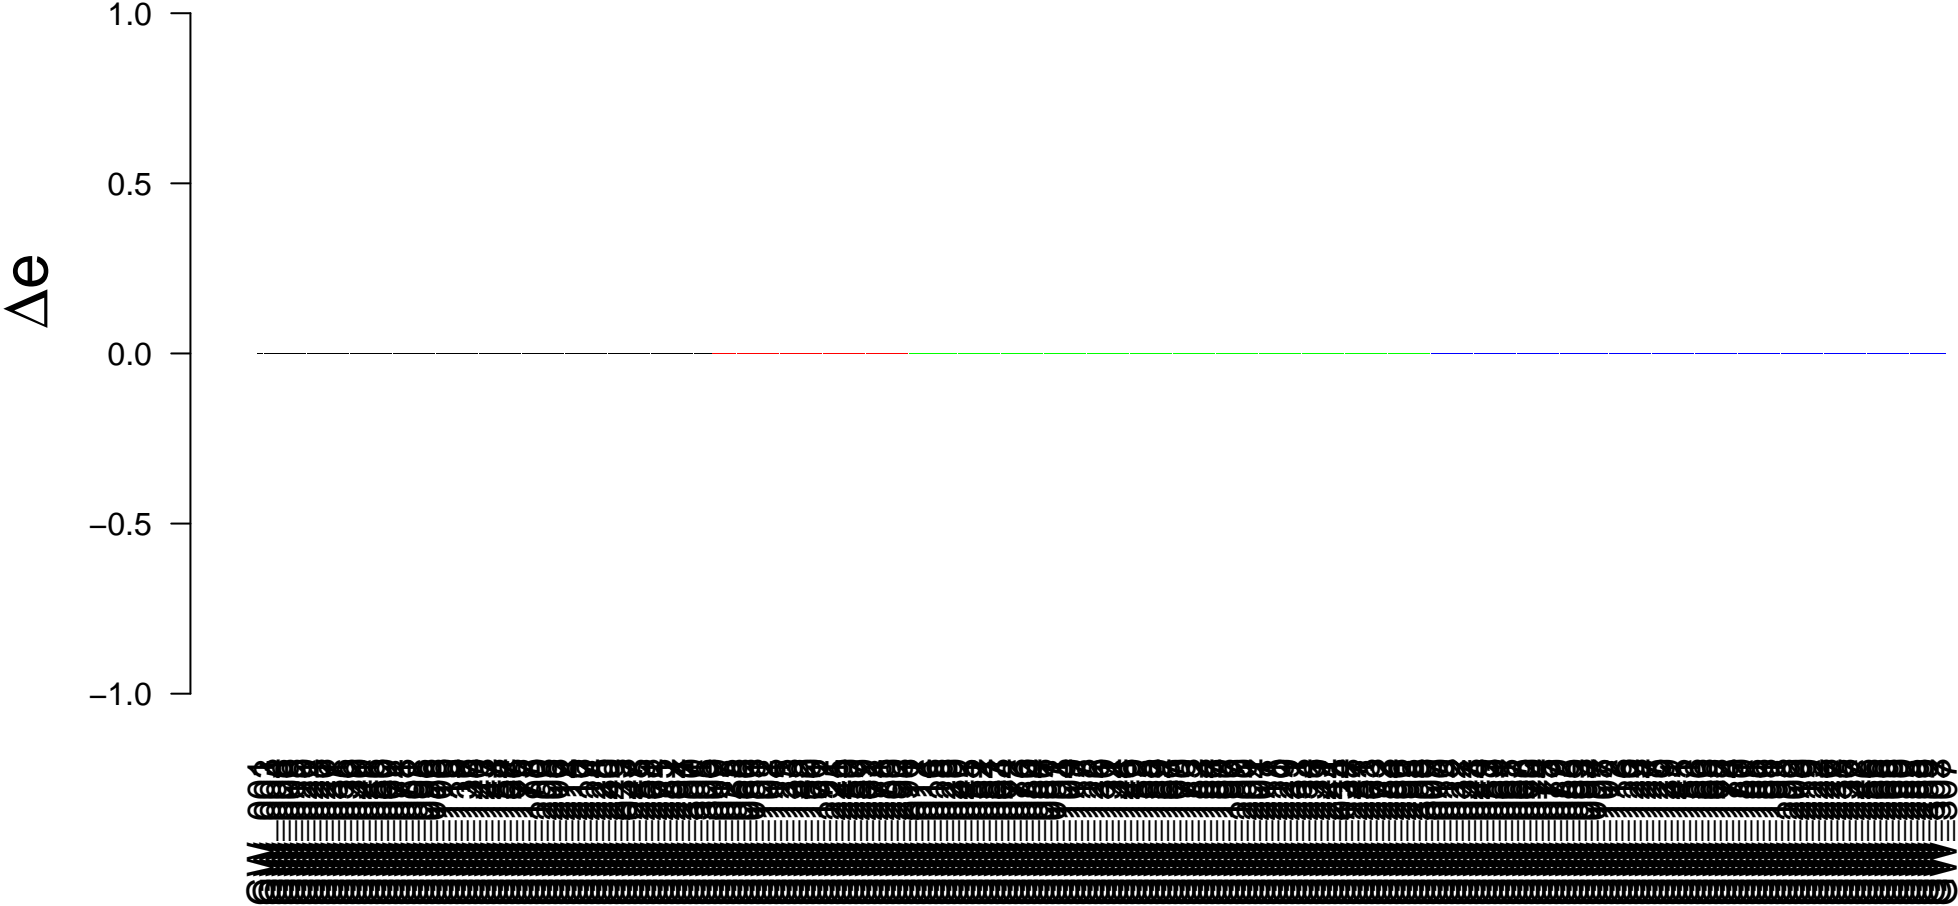

Expression of regulation of long-term neuronal synaptic plasticity in Spot G

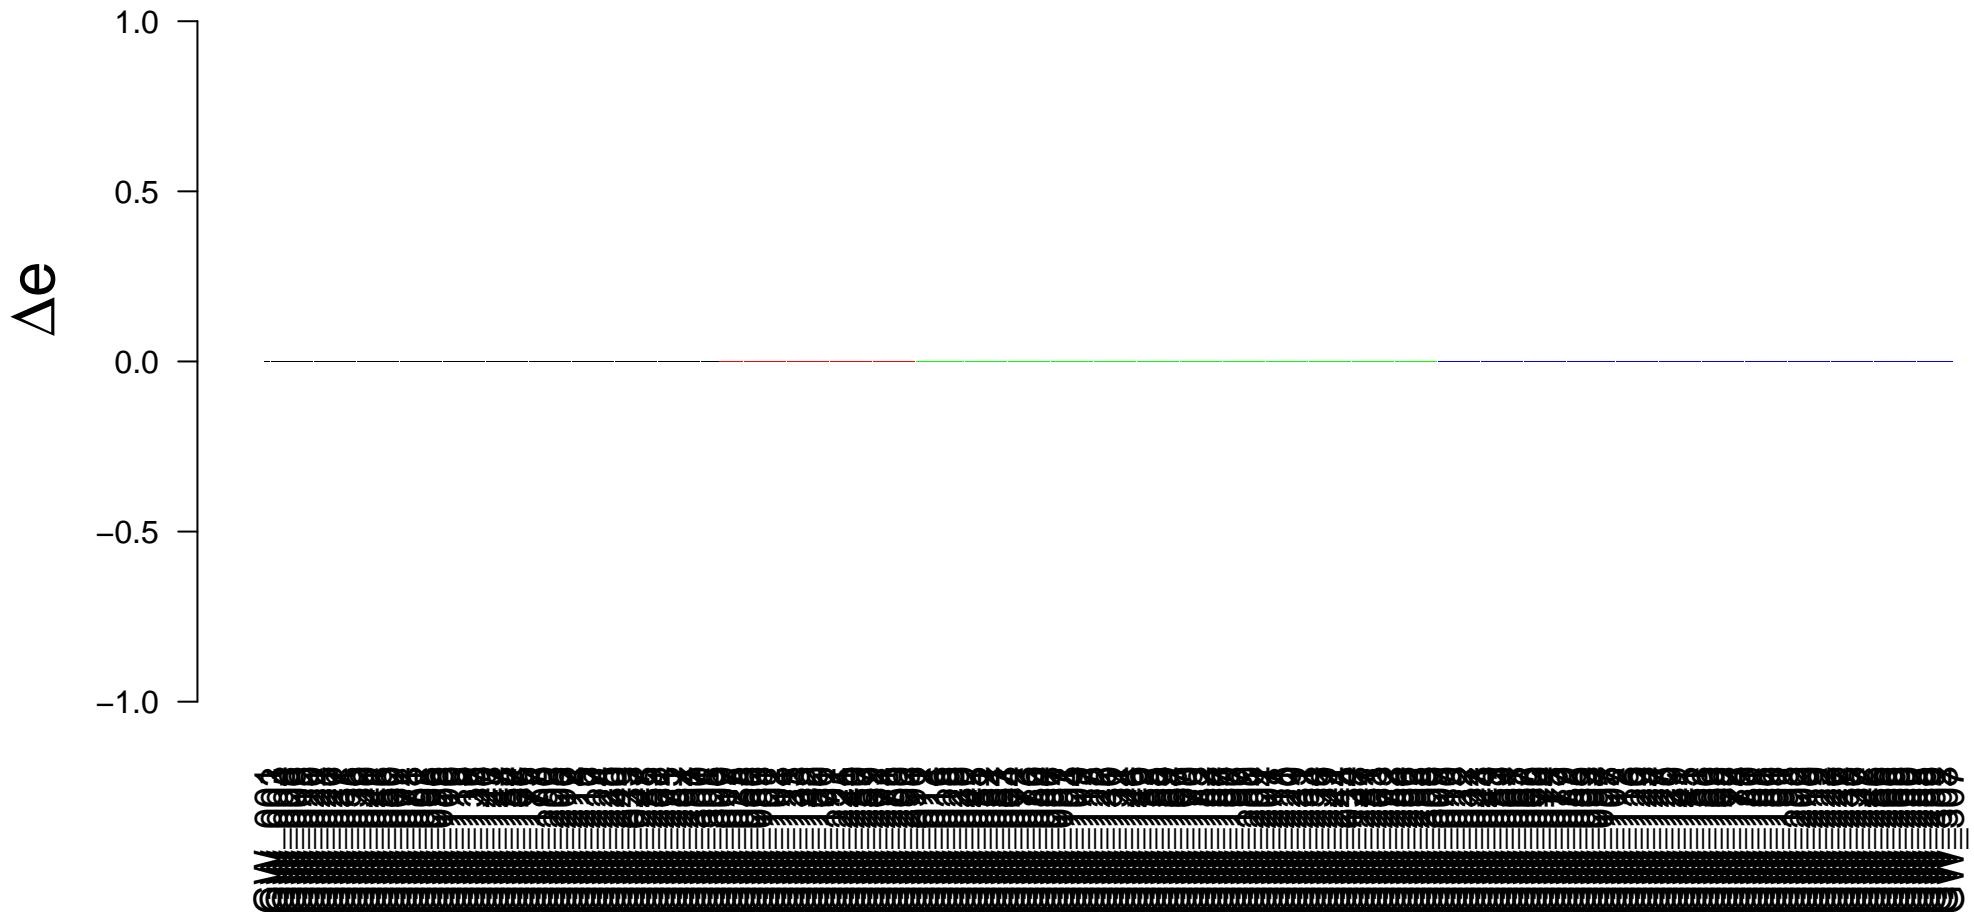

Expression of regulation of long-term neuronal synaptic plasticity in Spot H

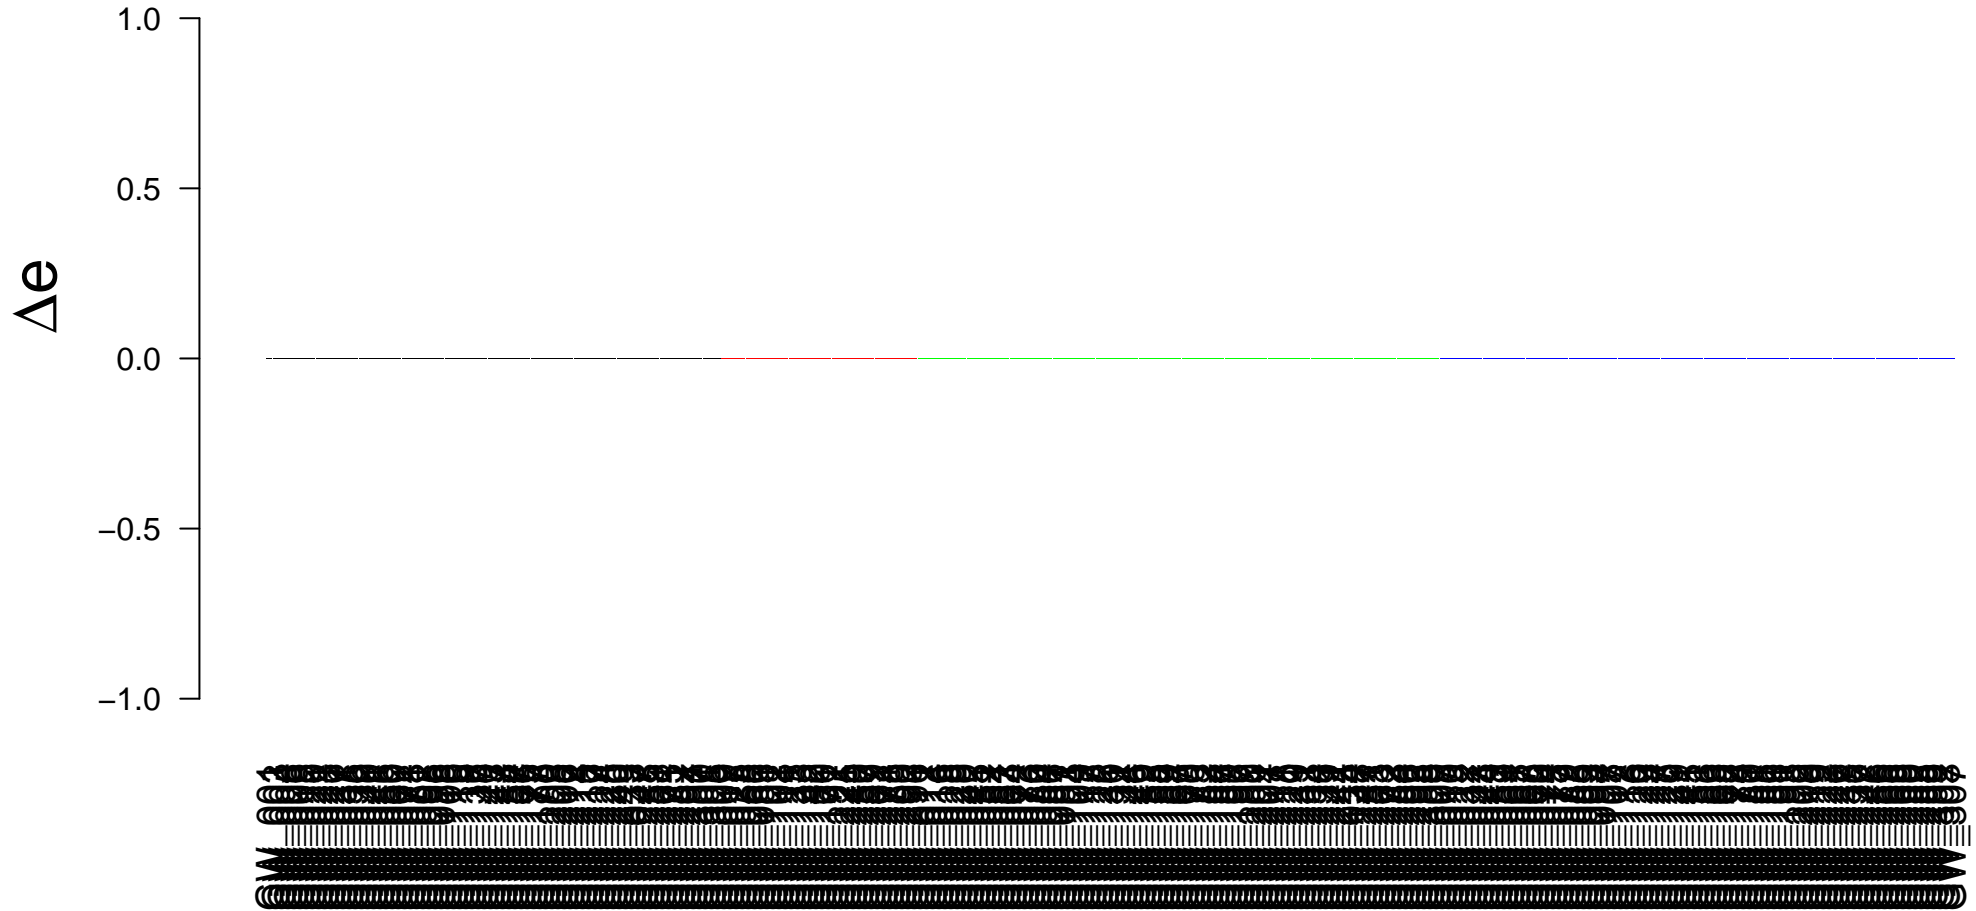

Expression of regulation of long-term neuronal synaptic plasticity in Spot I

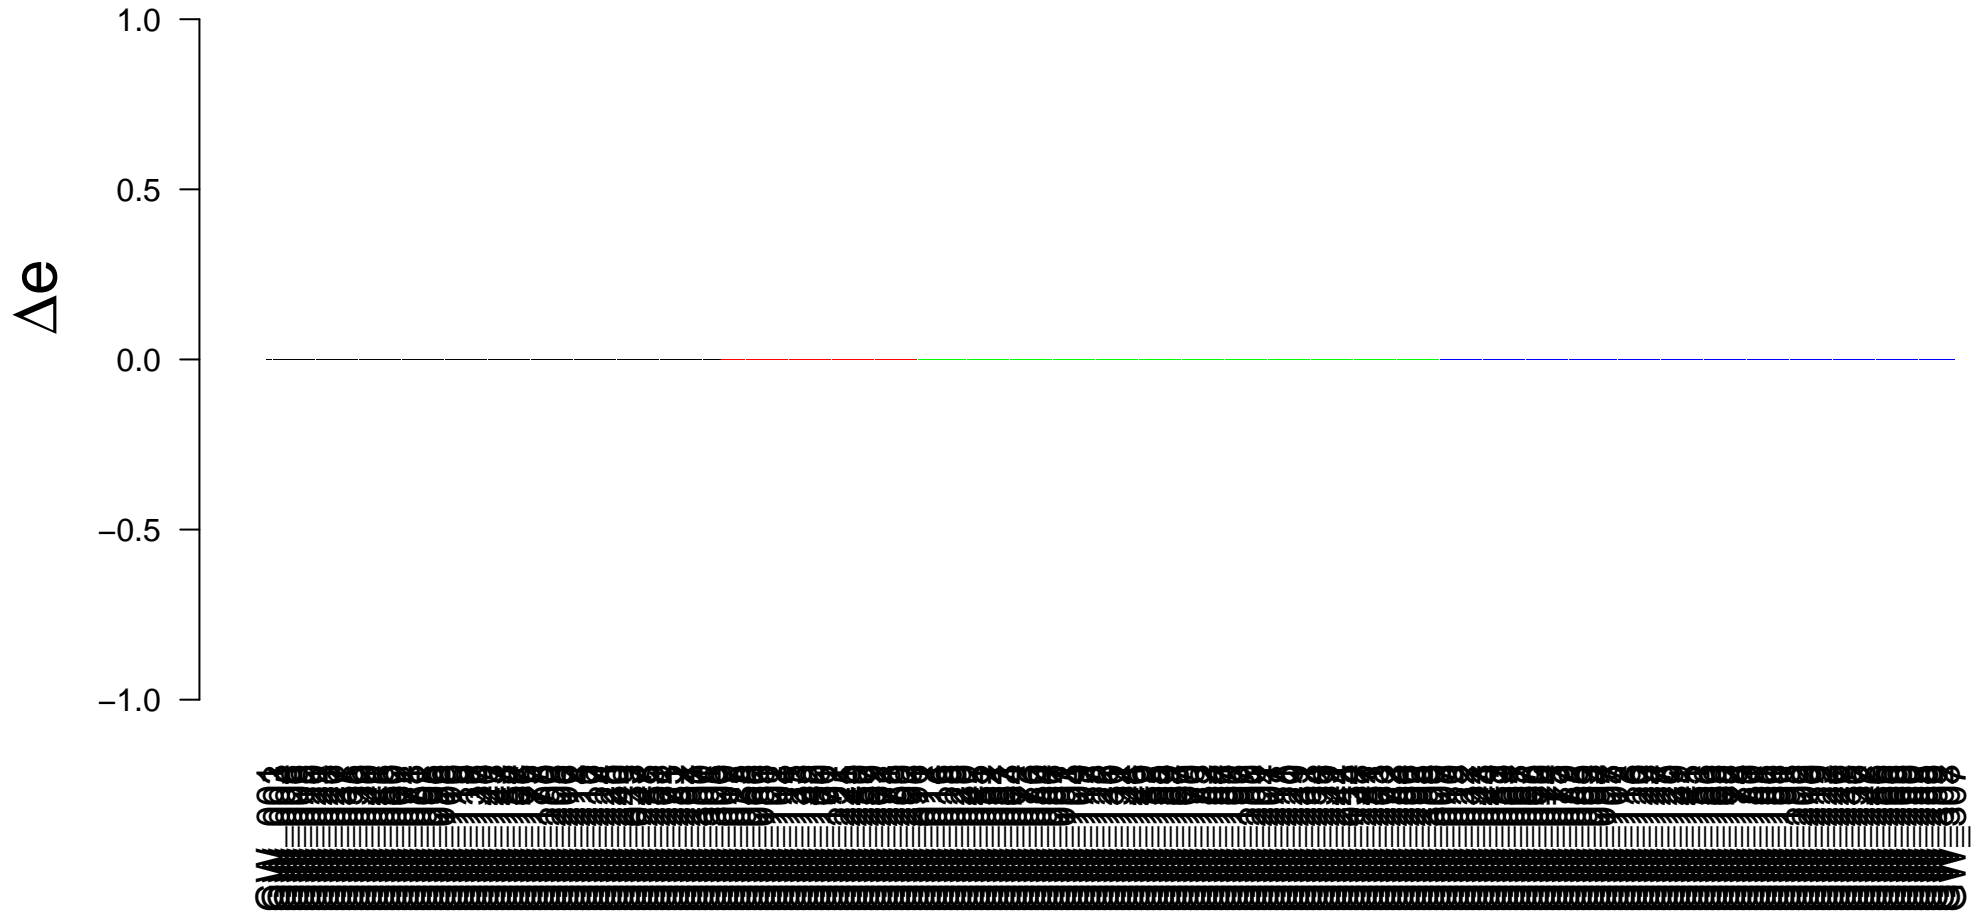

Expression of regulation of long-term neuronal synaptic plasticity in Spot J

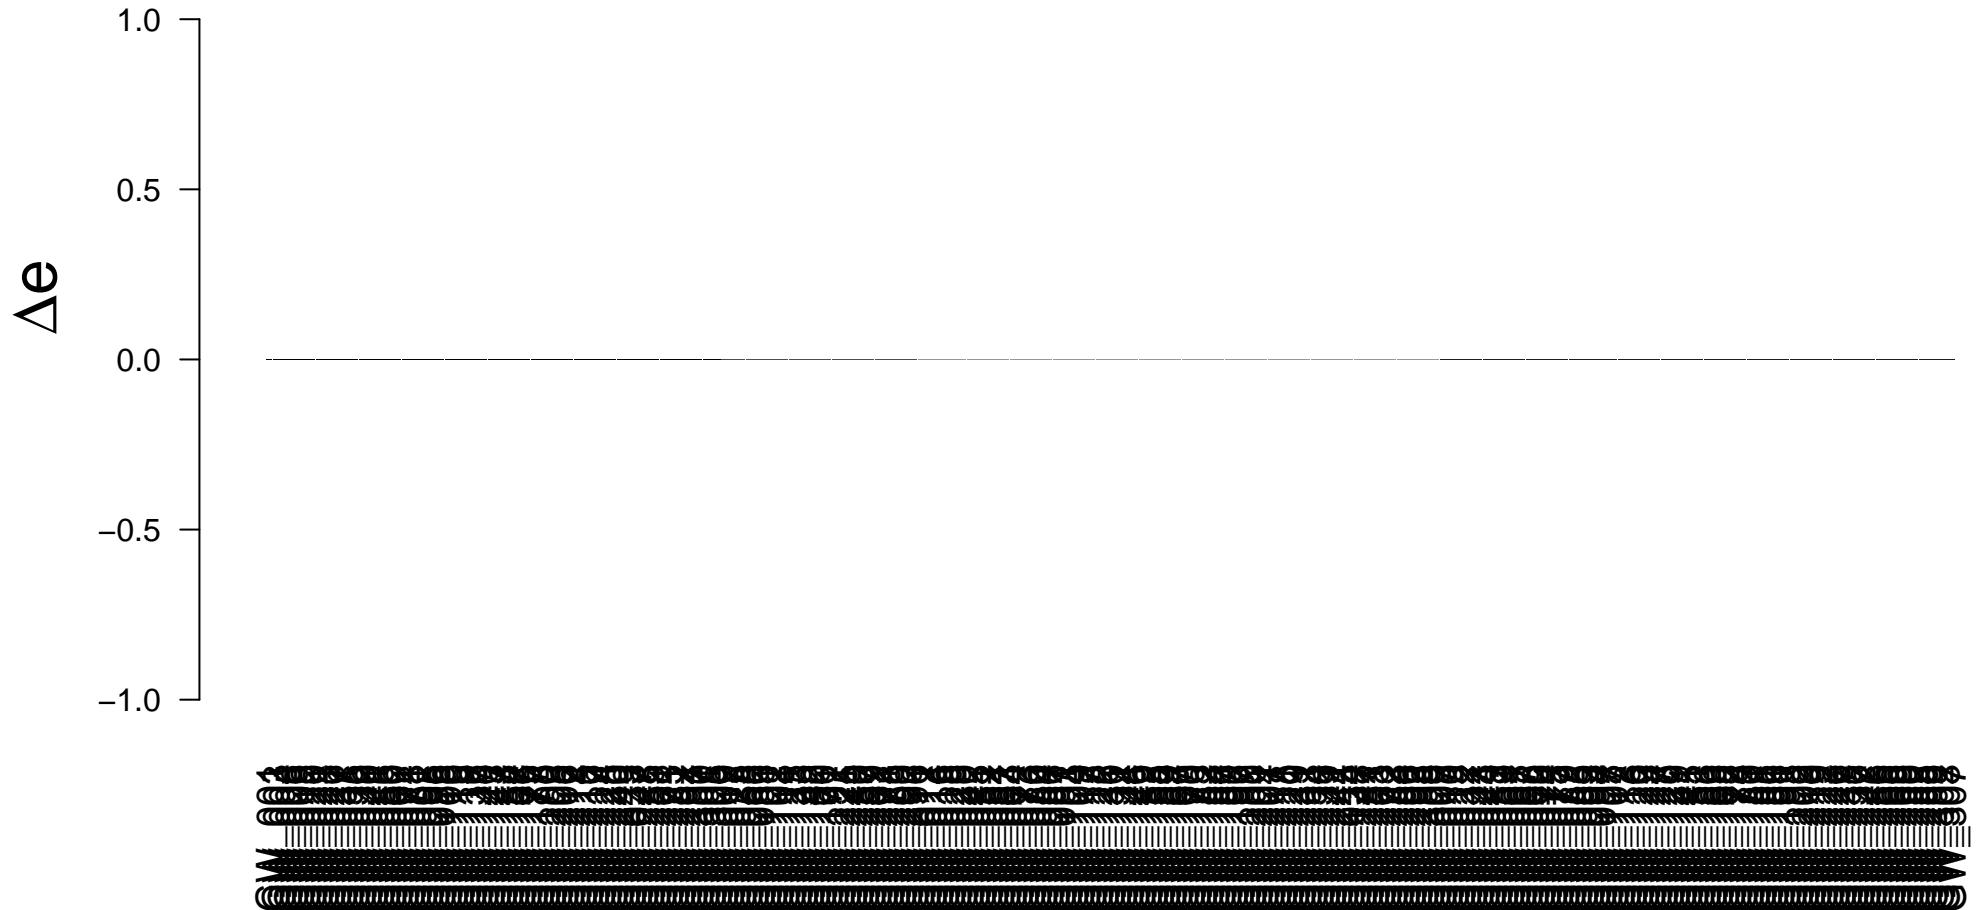

Expression of regulation of long-term neuronal synaptic plasticity in Spot K

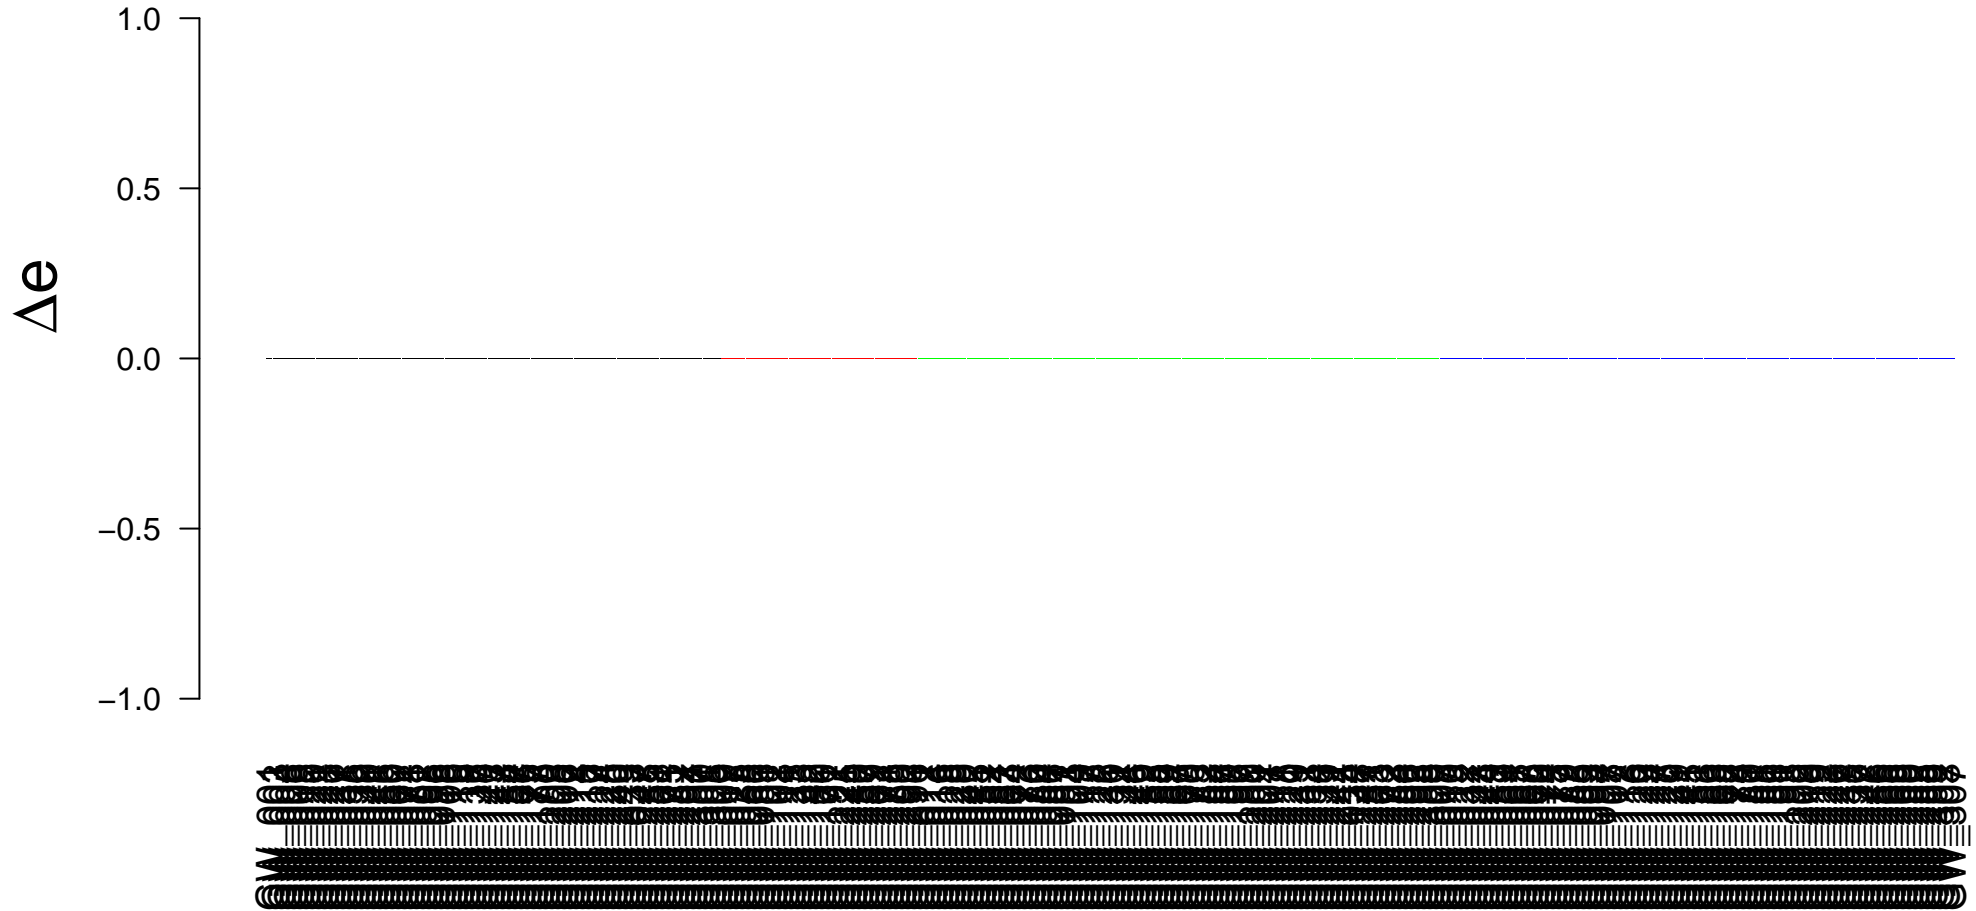

Expression of regulation of long-term neuronal synaptic plasticity in Spot L

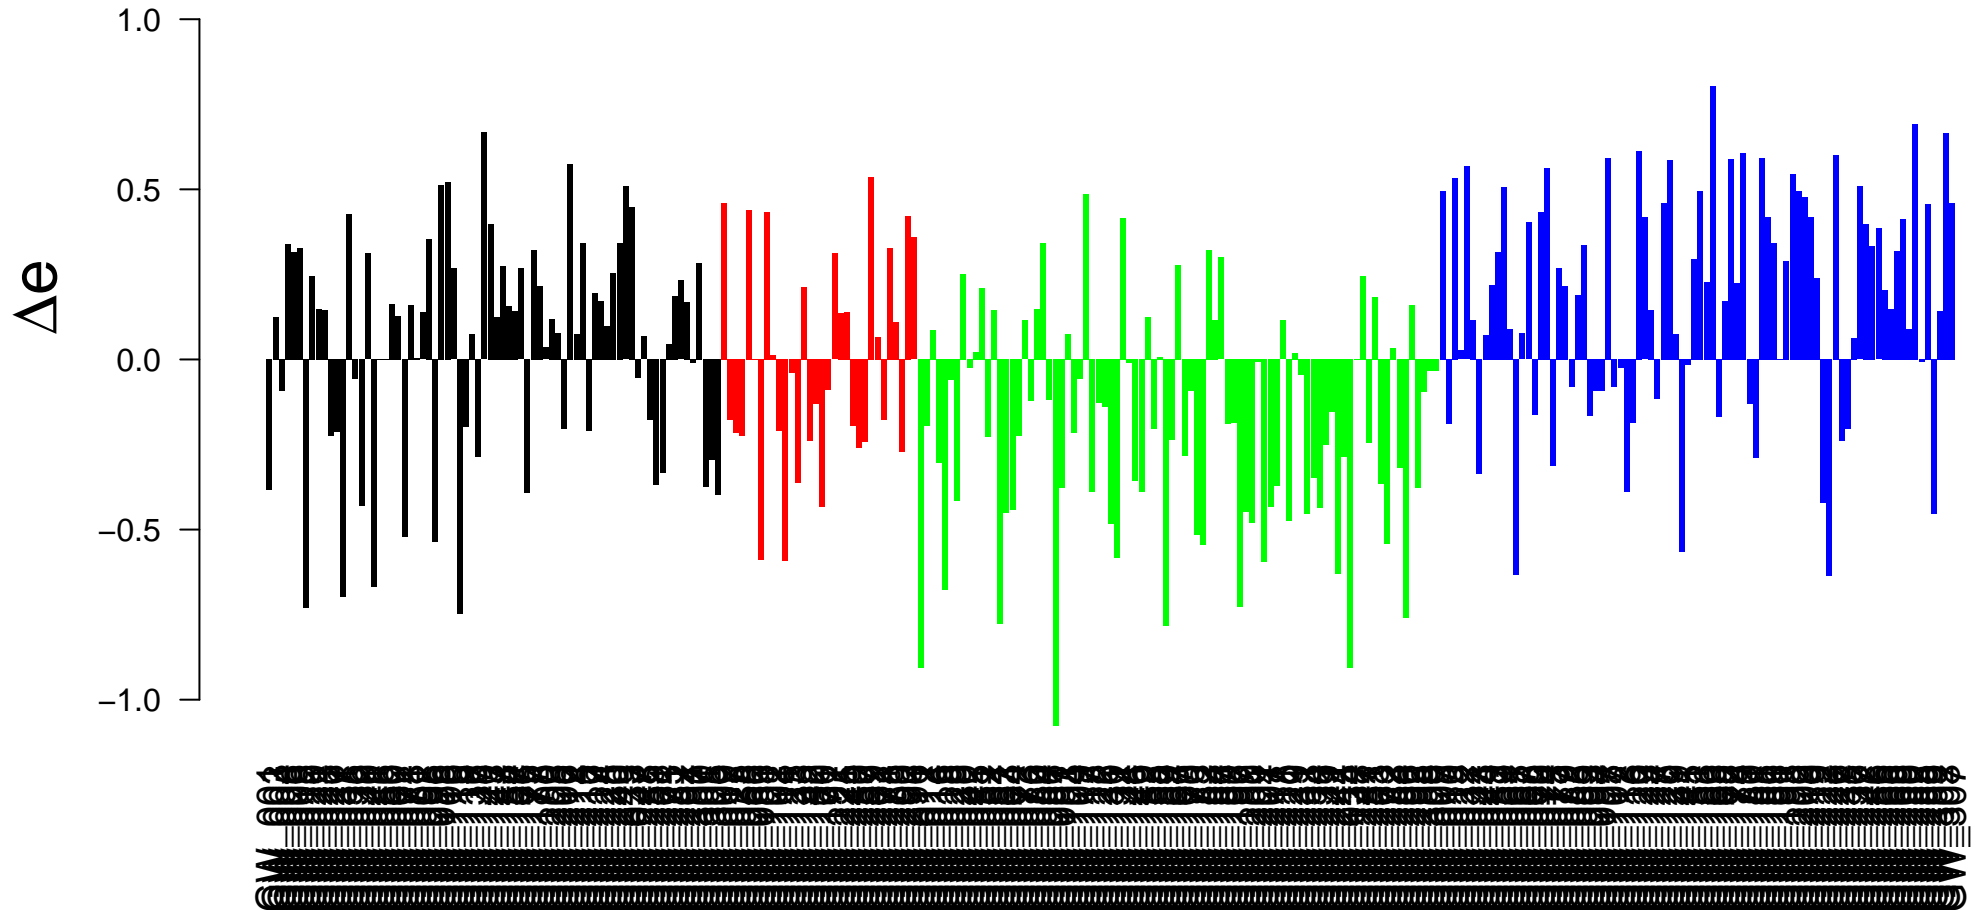

Expression of regulation of long-term neuronal synaptic plasticity in Spot M

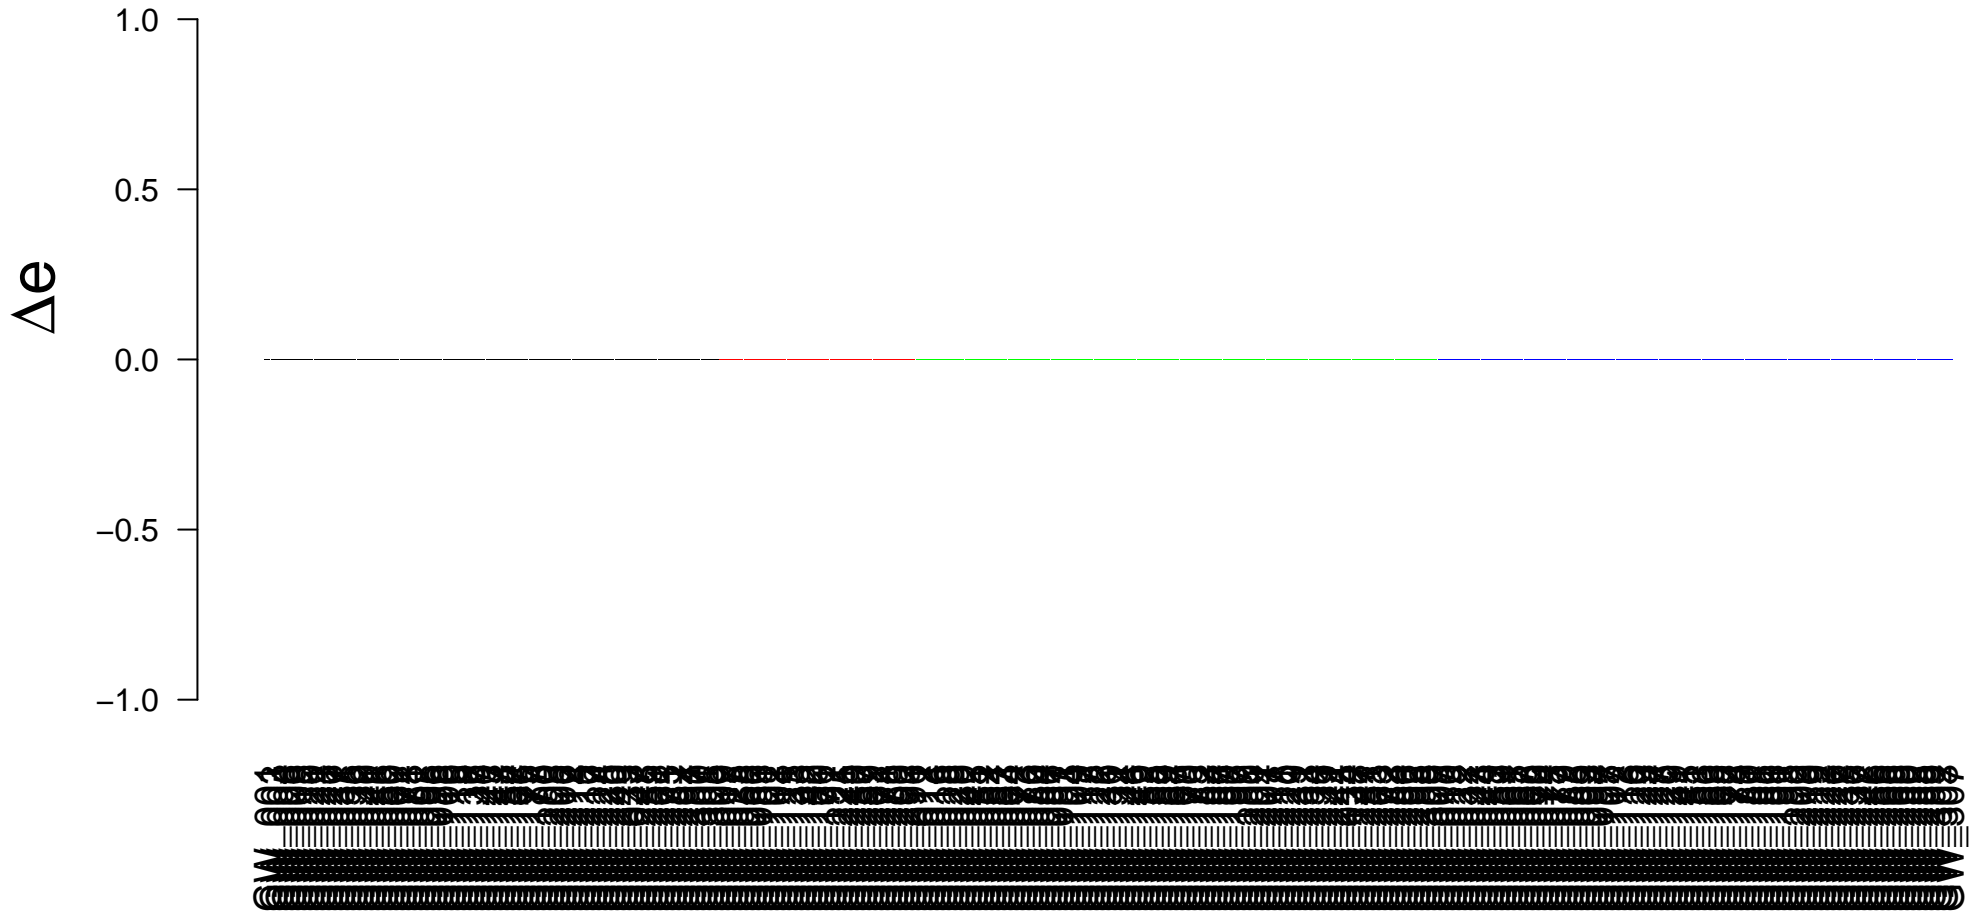

Expression of regulation of long-term neuronal synaptic plasticity in Spot N

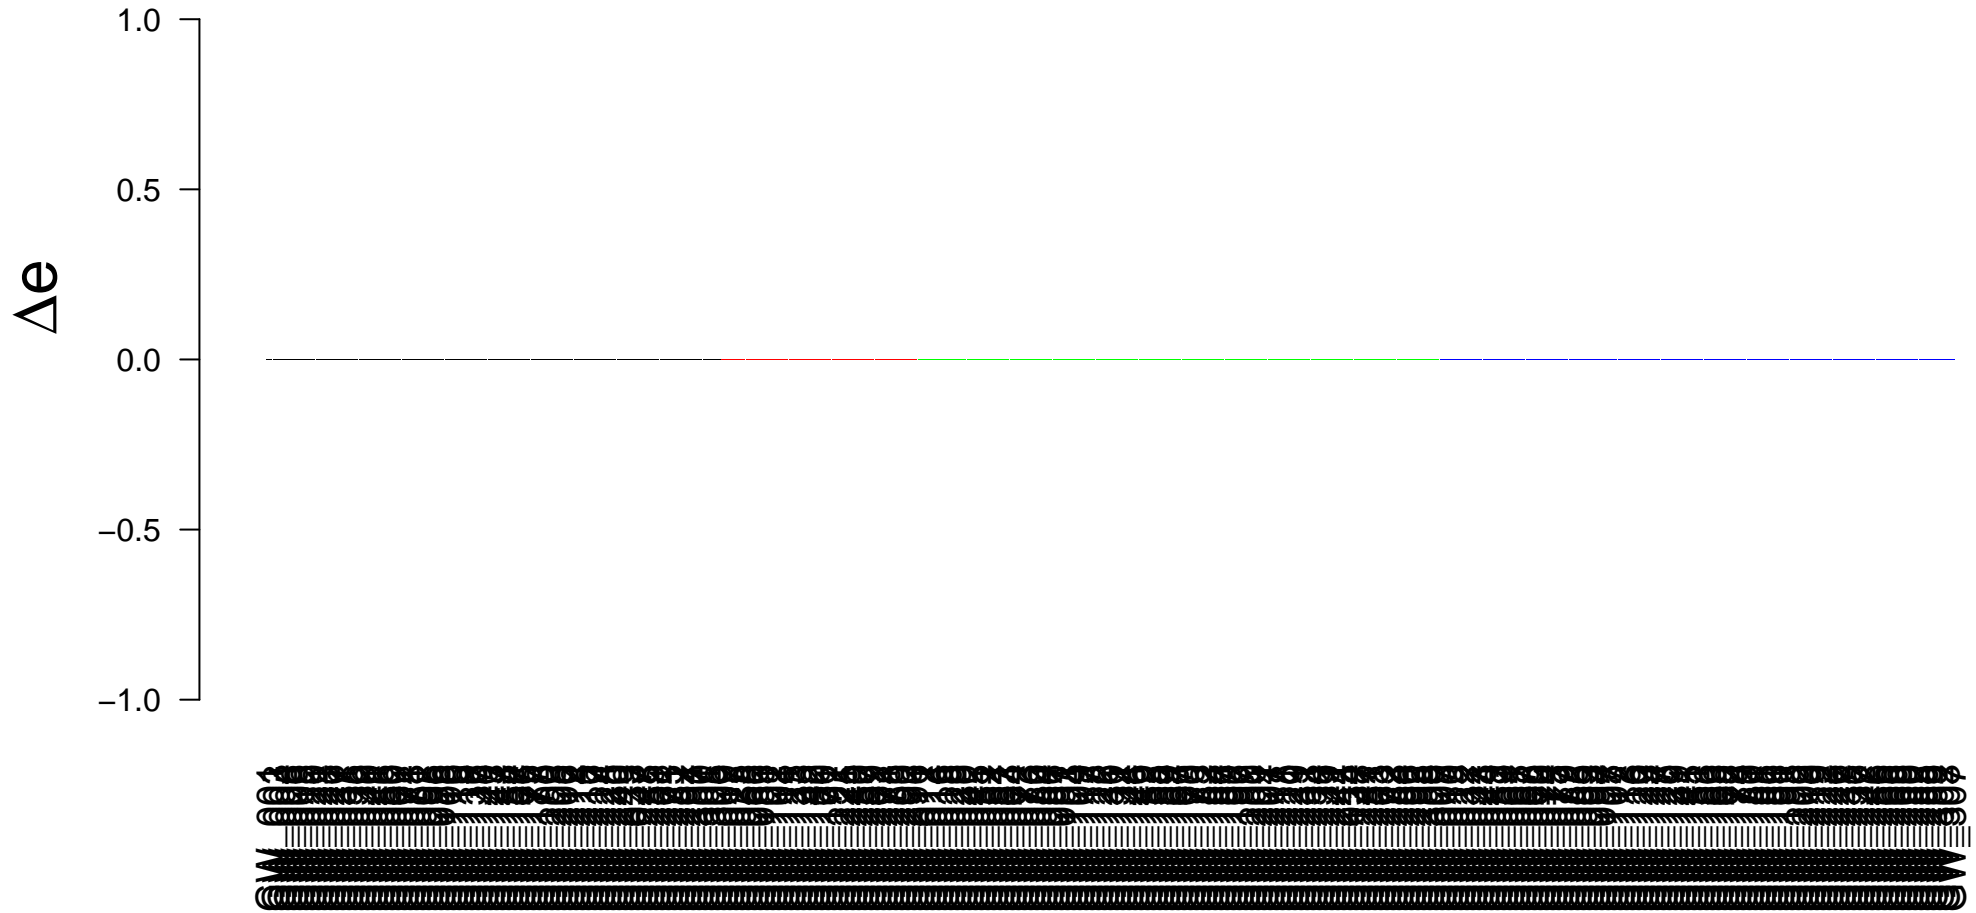

Expression of regulation of long-term neuronal synaptic plasticity in Spot O

Expression of regulation of long-term neuronal synaptic plasticity in Spot P

Expression of regulation of long-term neuronal synaptic plasticity in Spot Q

Expression of regulation of long-term neuronal synaptic plasticity in Spot R
