regulation of mRNA stability

Enrichment in spots: regulation of mRNA stability

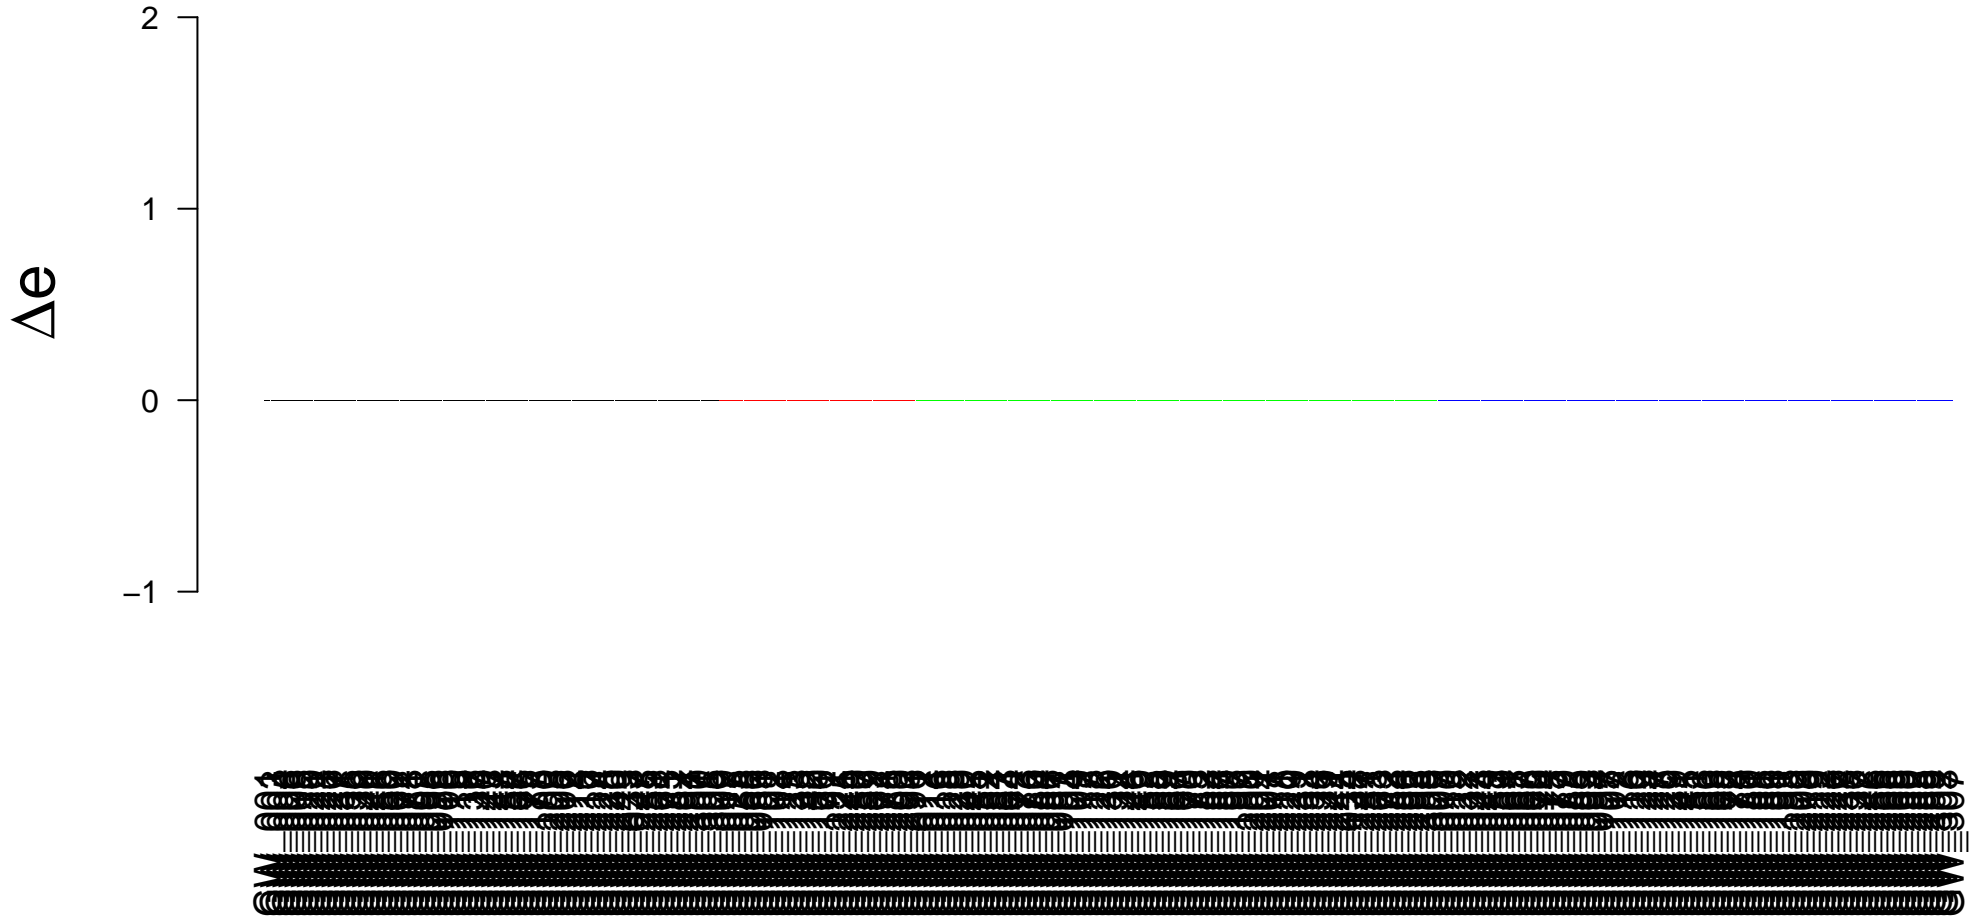

Expression of regulation of mRNA stability in Spot A

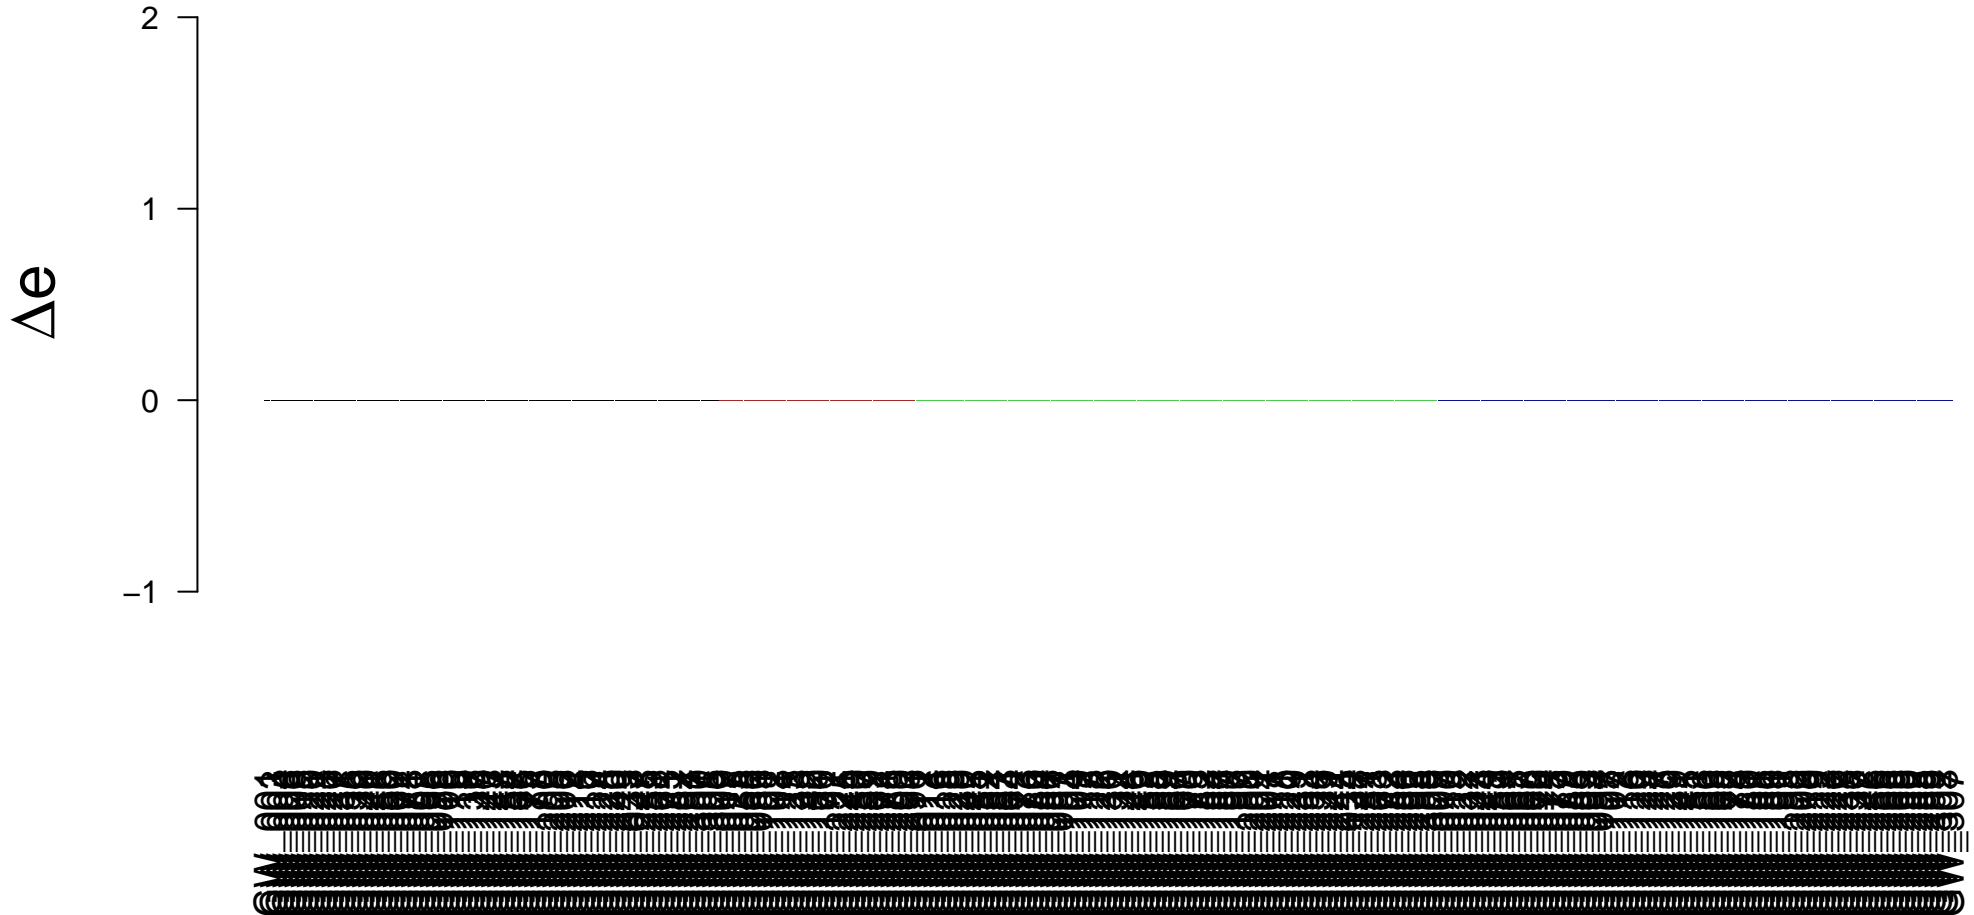

Expression of regulation of mRNA stability in Spot B

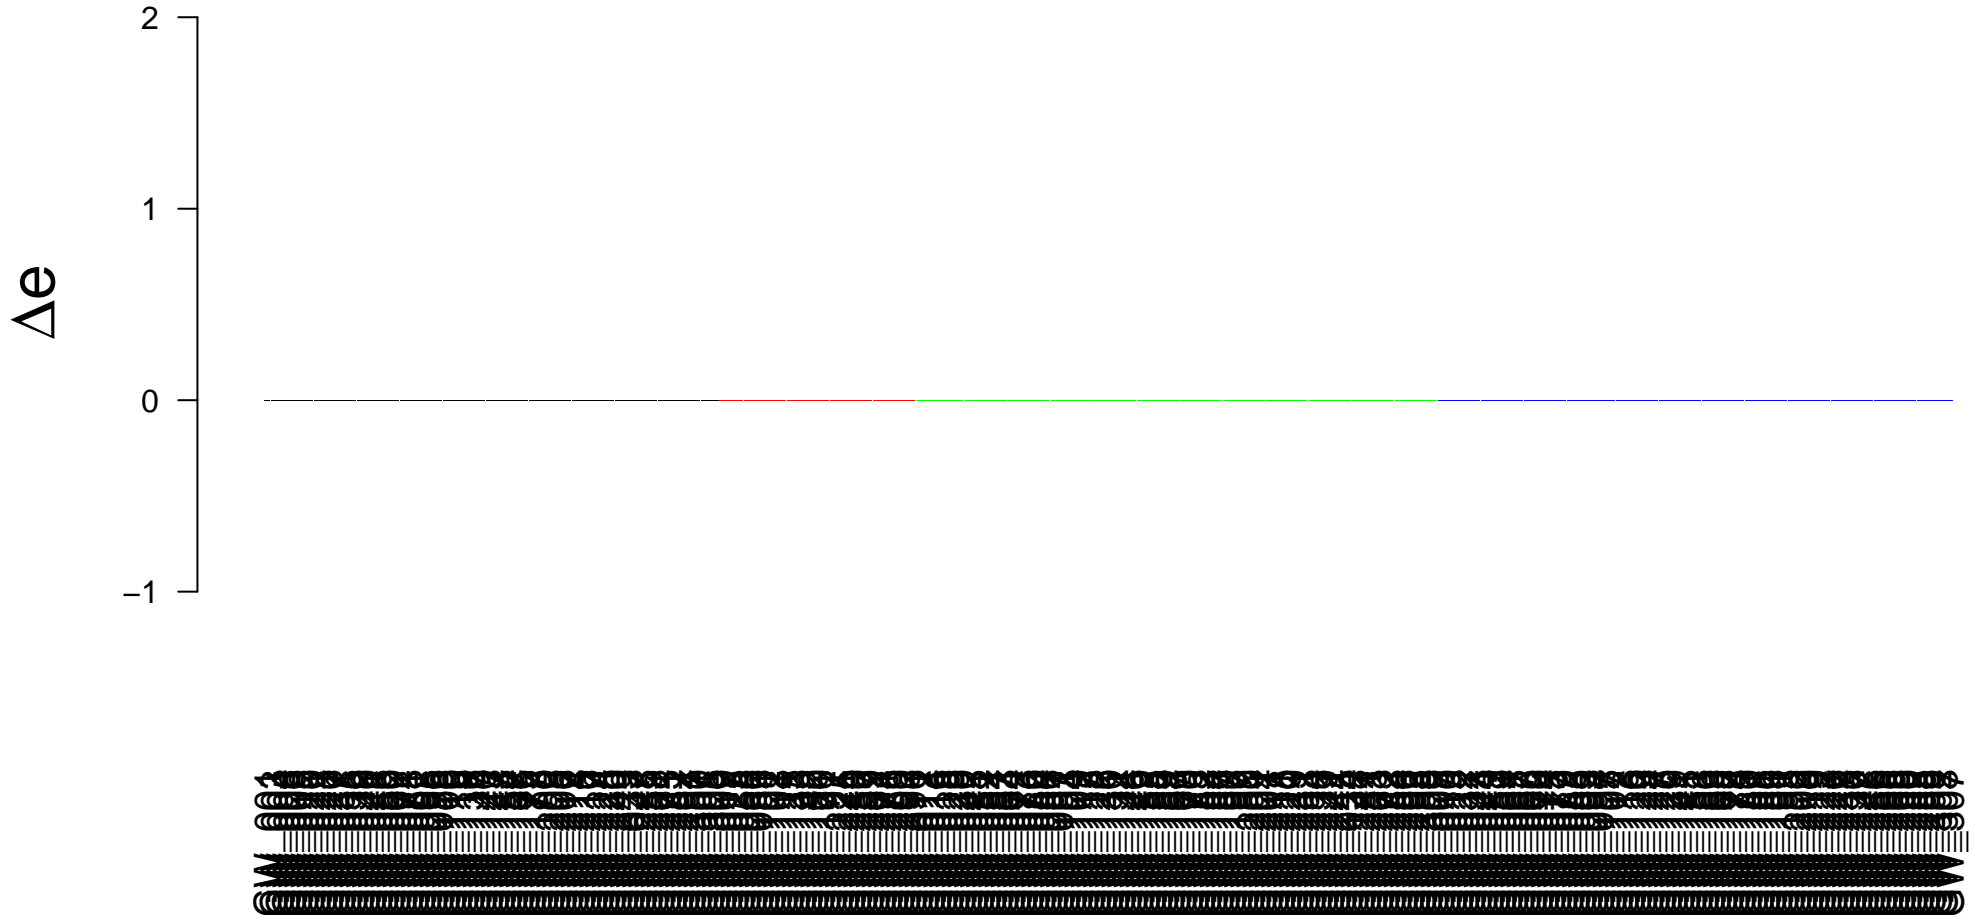

Expression of regulation of mRNA stability in Spot C

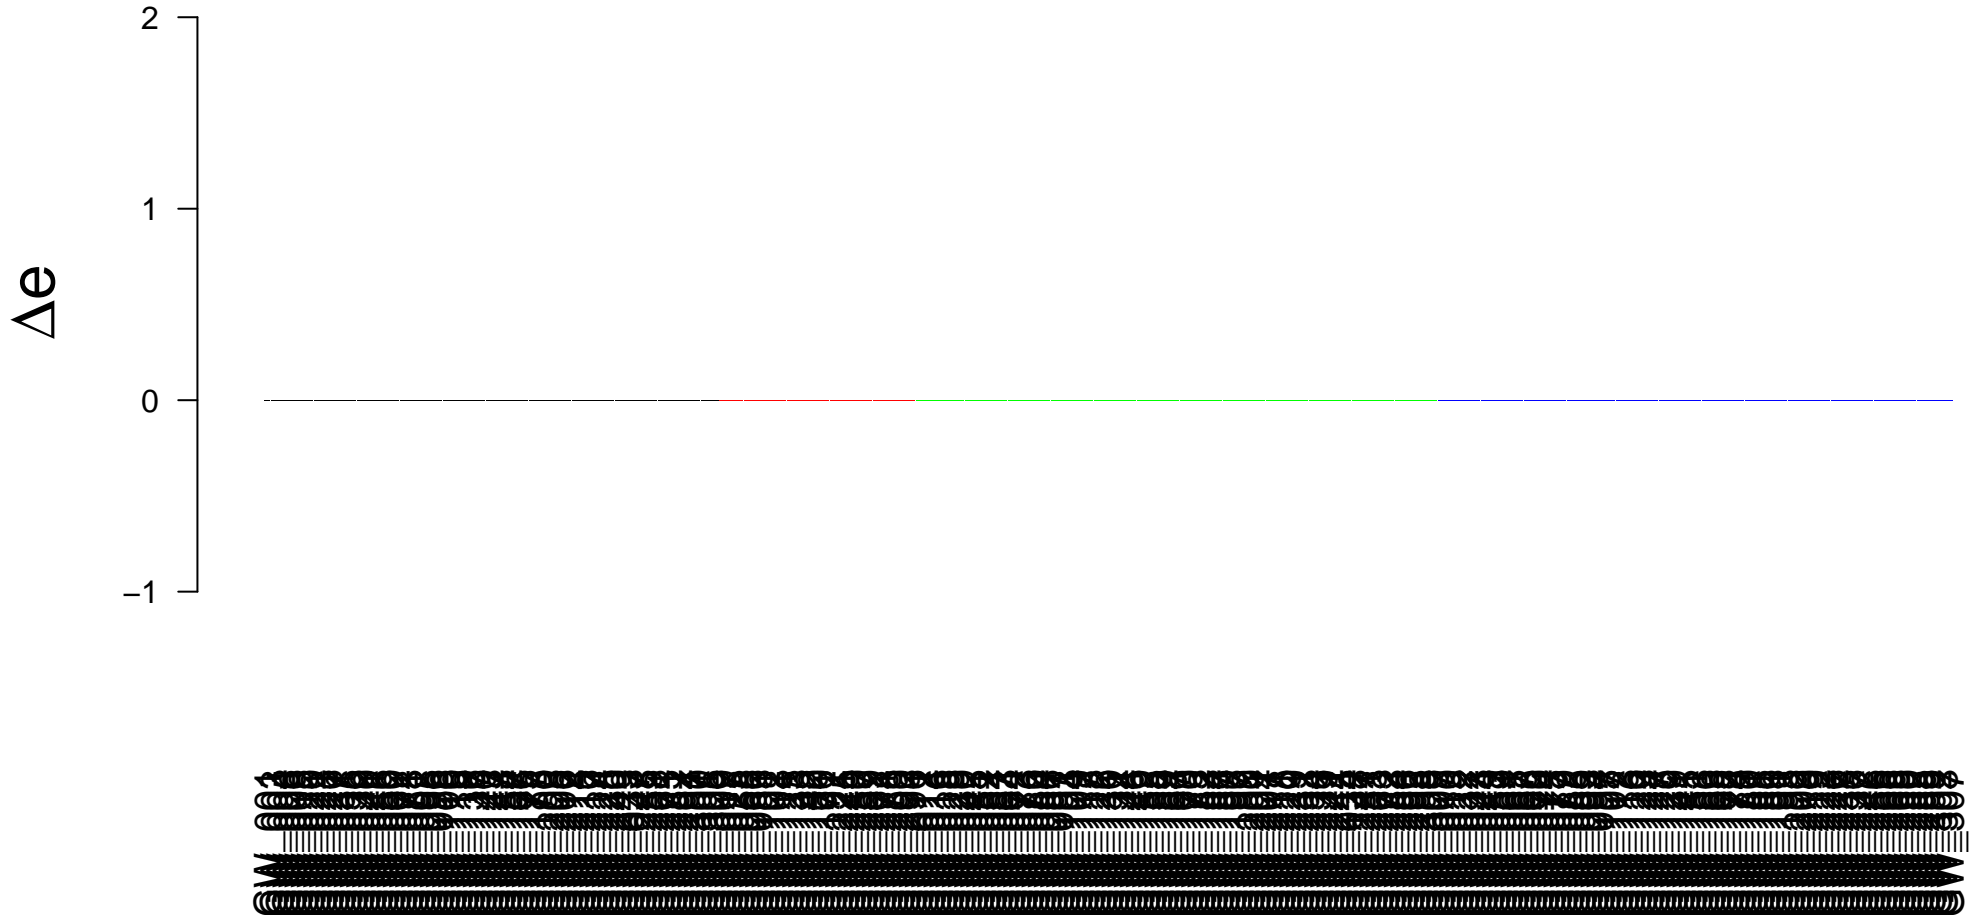

Expression of regulation of mRNA stability in Spot D

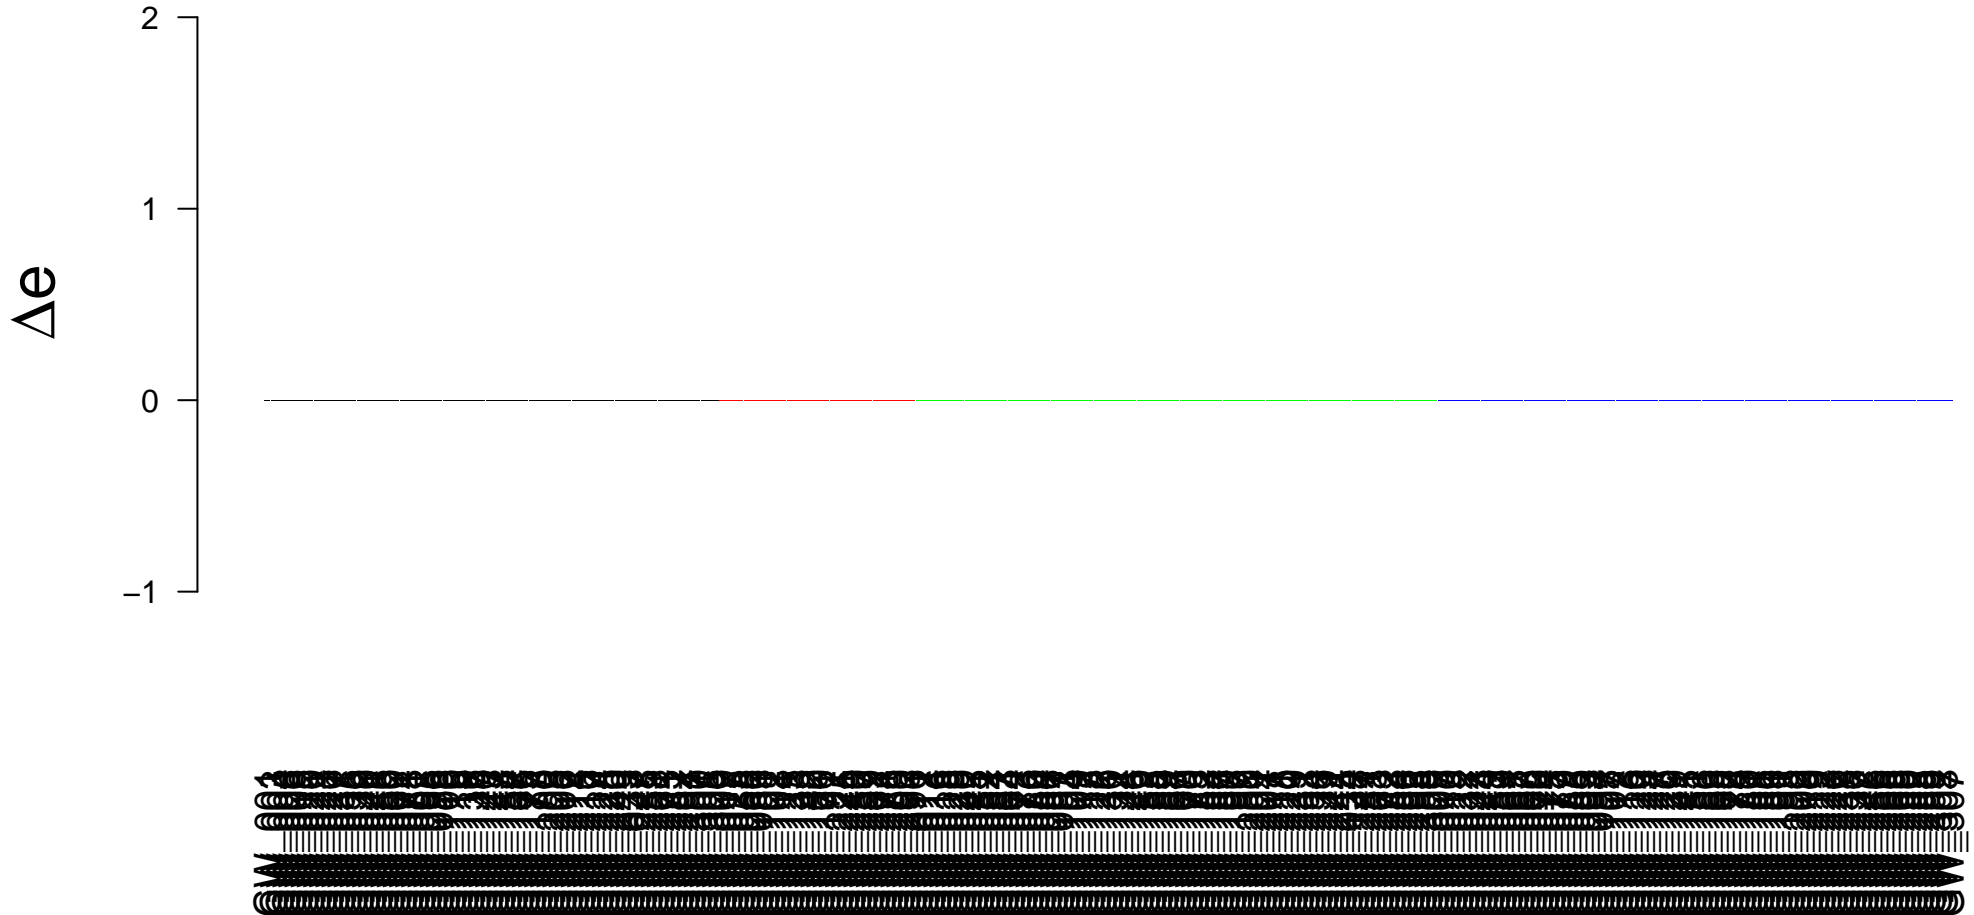

Expression of regulation of mRNA stability in Spot E

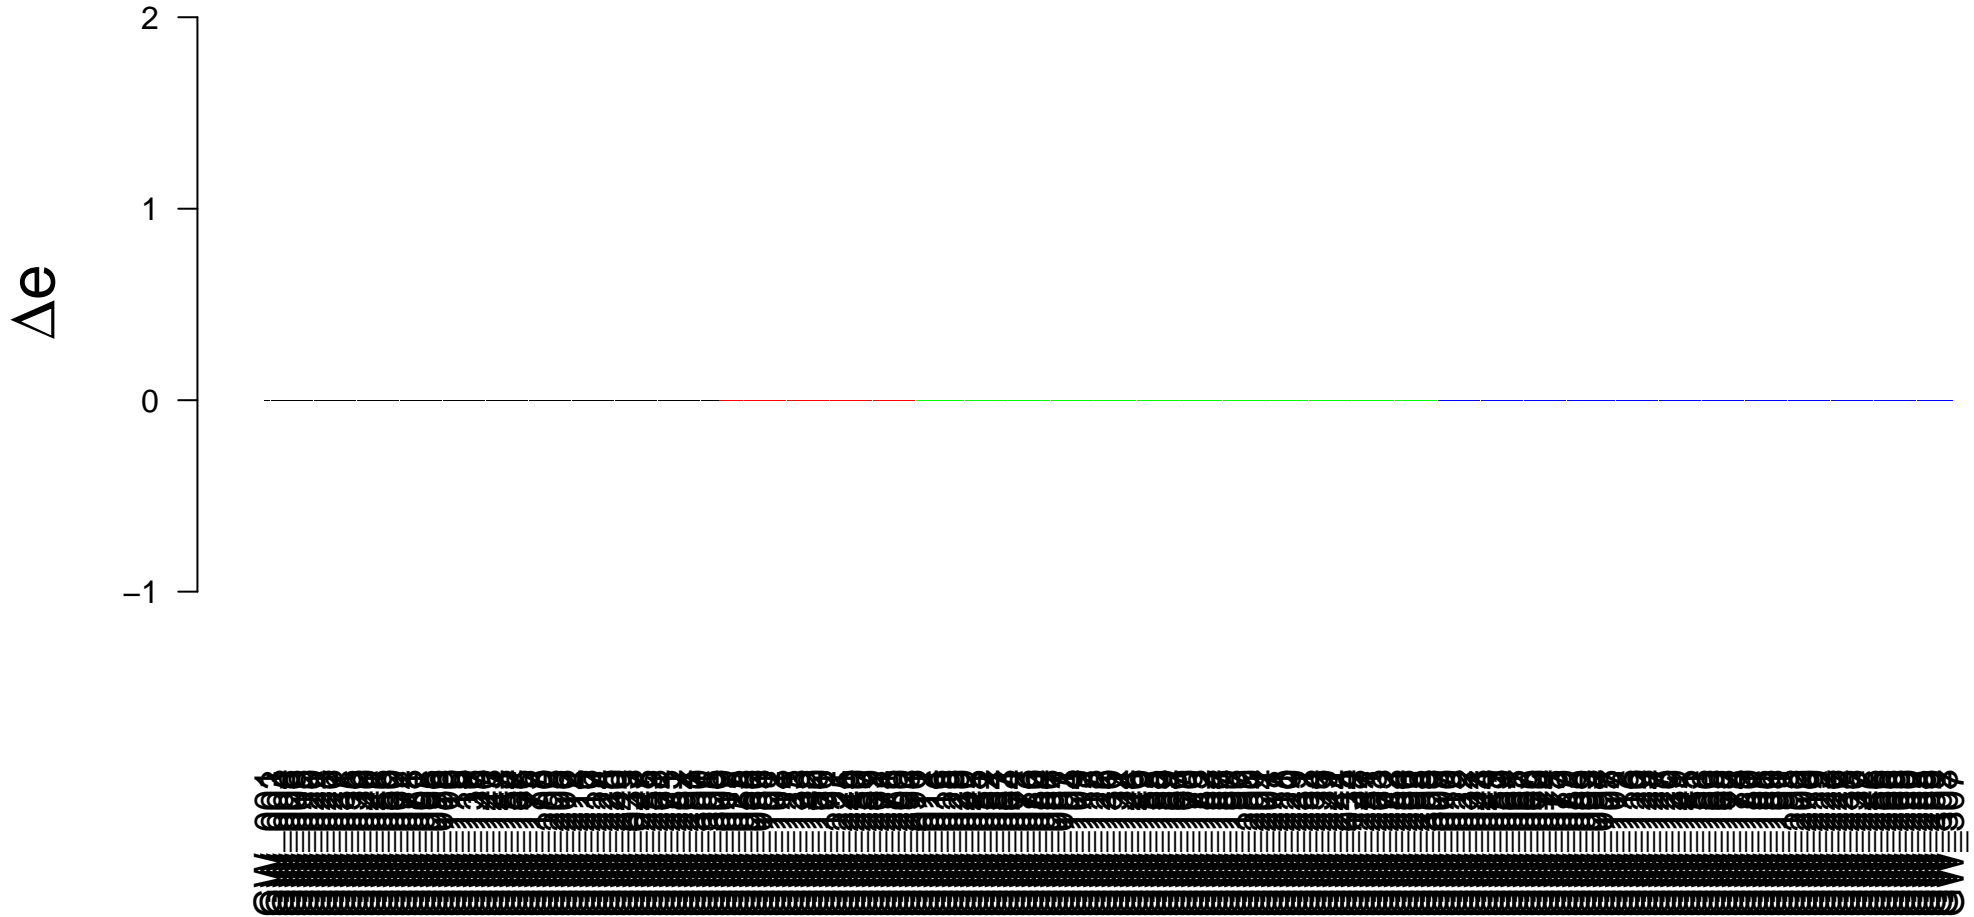

Expression of regulation of mRNA stability in Spot F

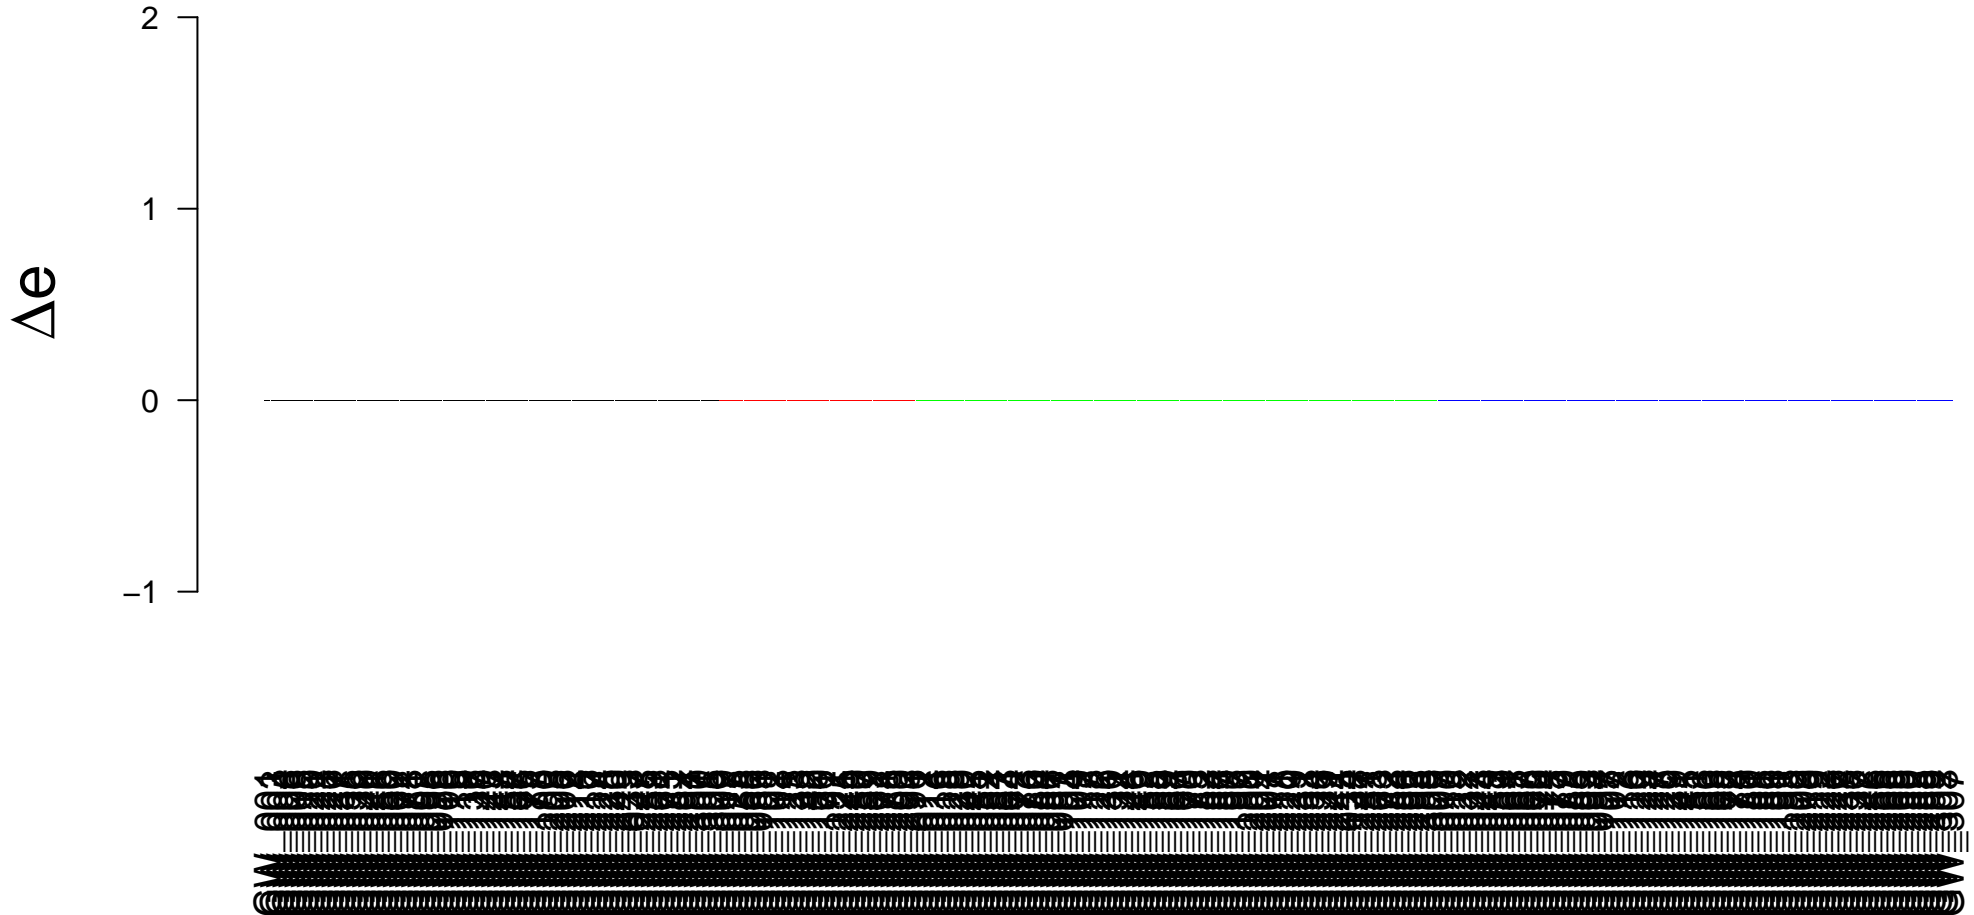

Expression of regulation of mRNA stability in Spot G

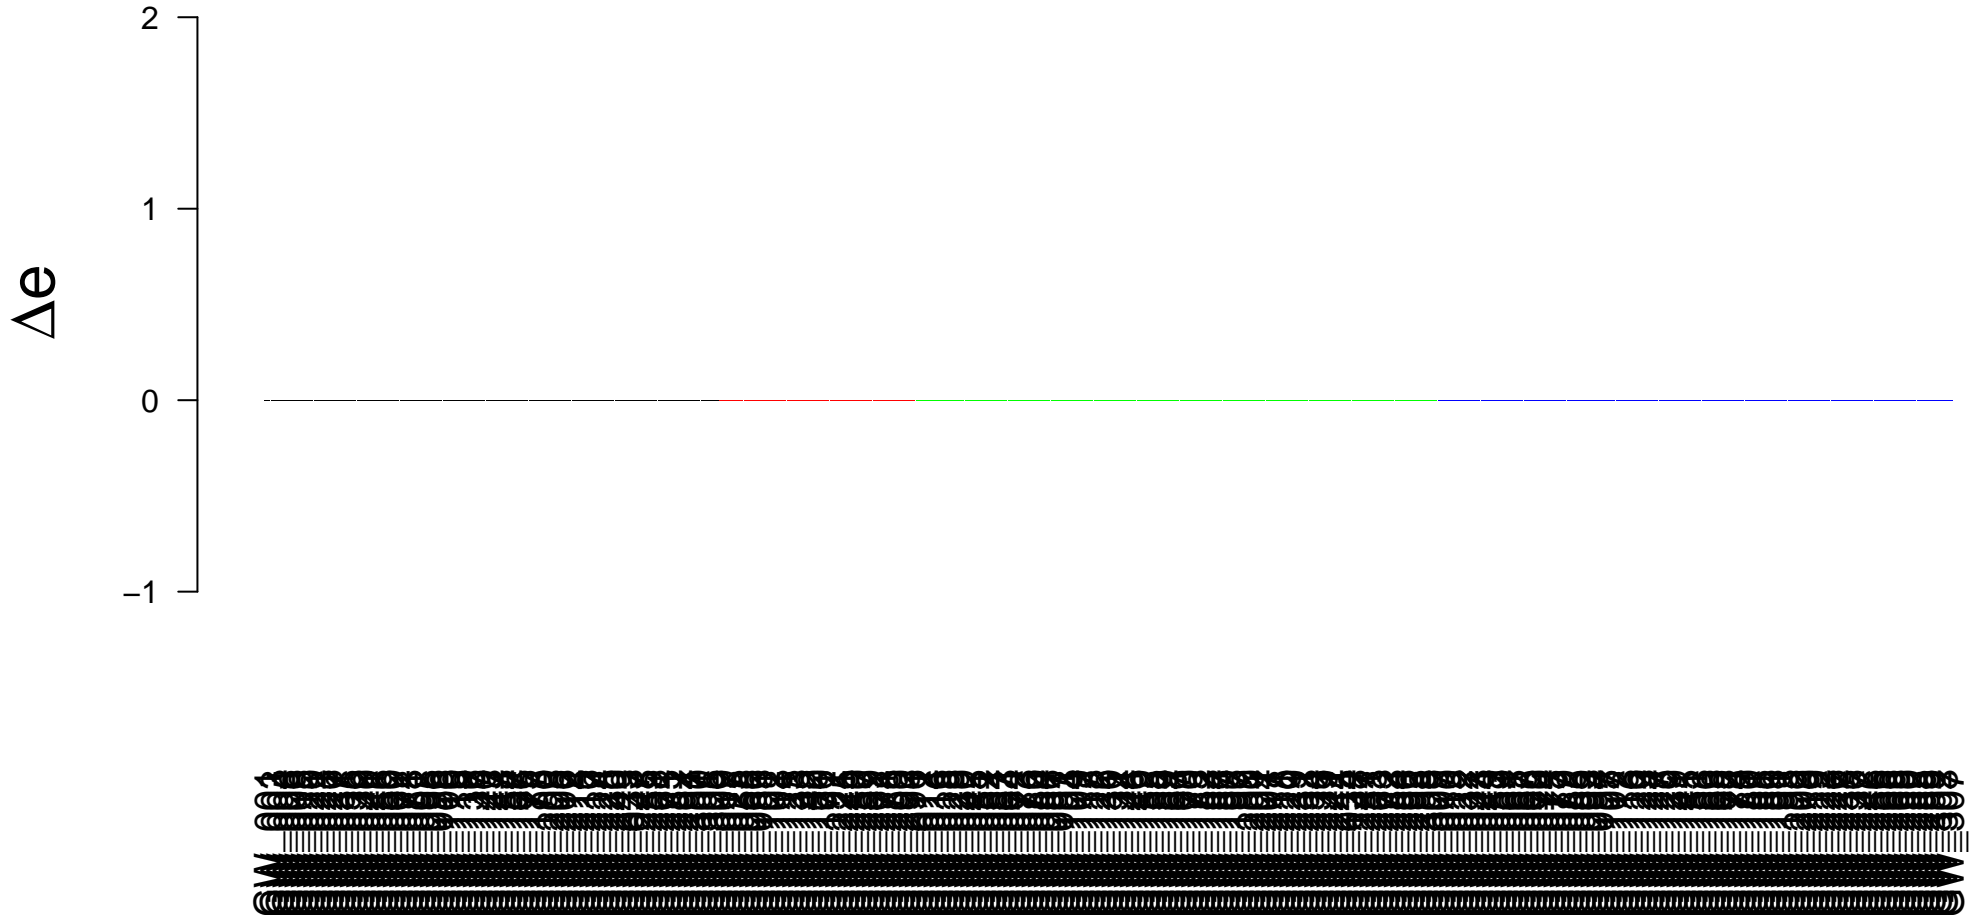

Expression of regulation of mRNA stability in Spot H

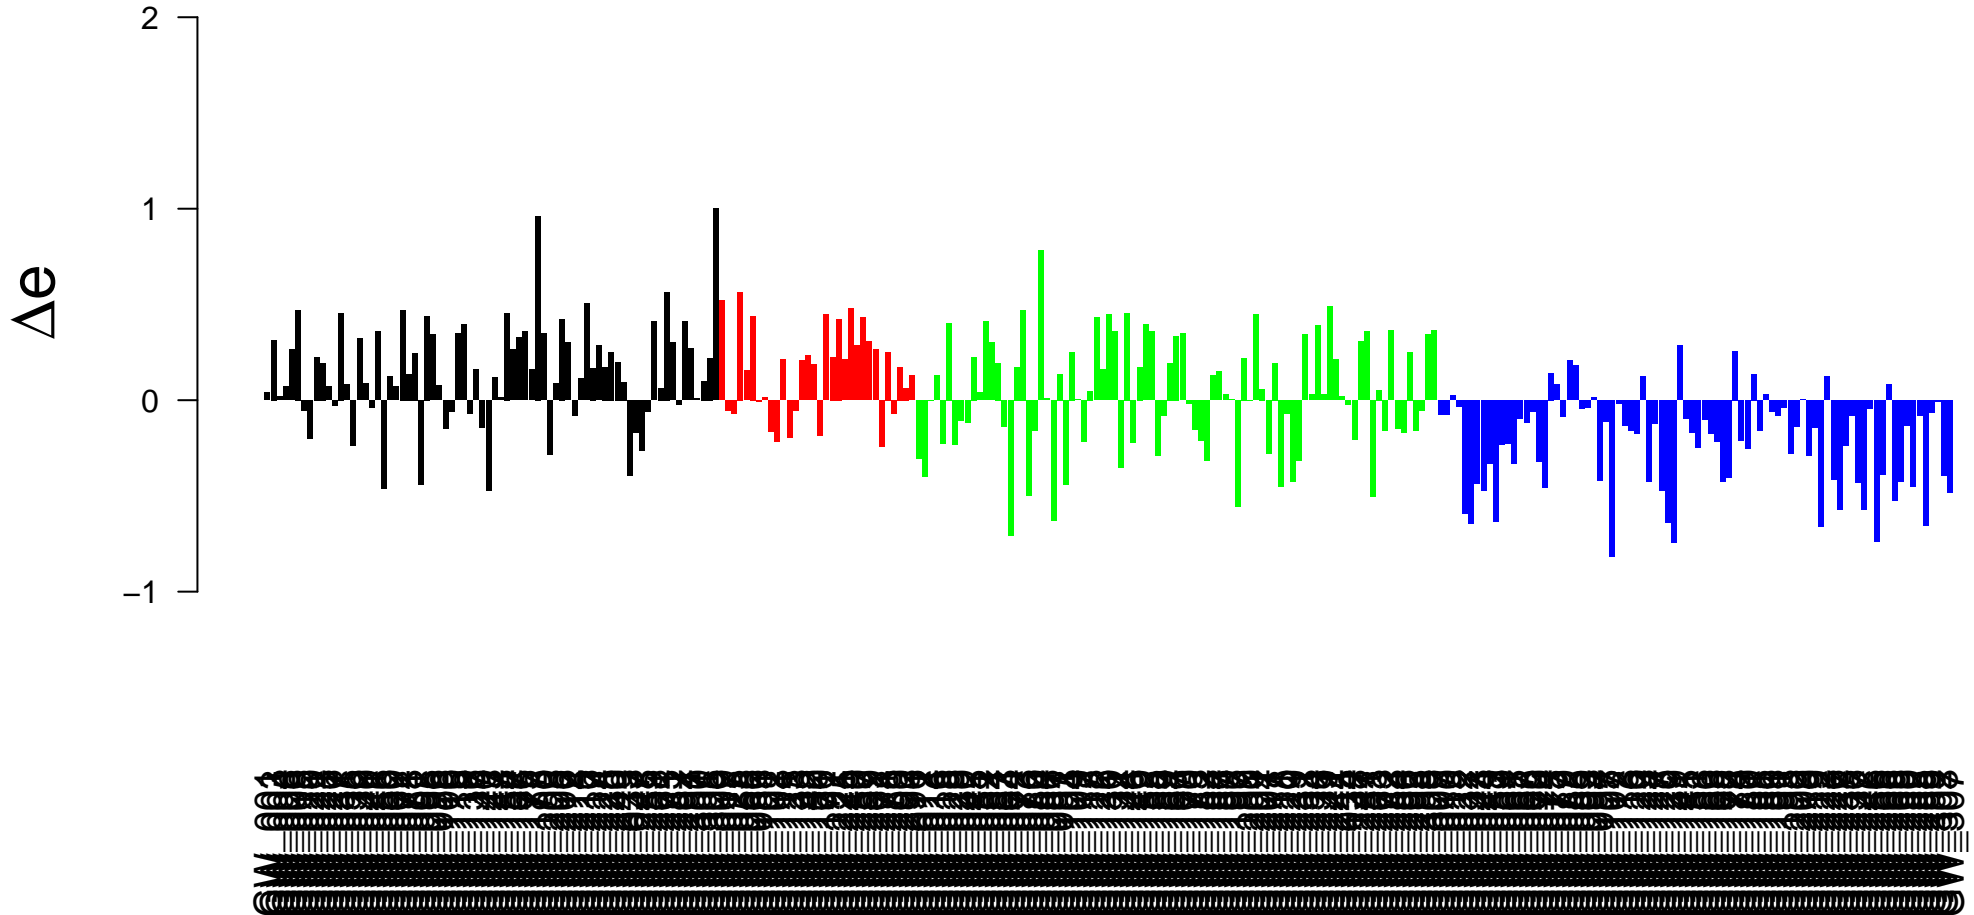

Expression of regulation of mRNA stability in Spot I

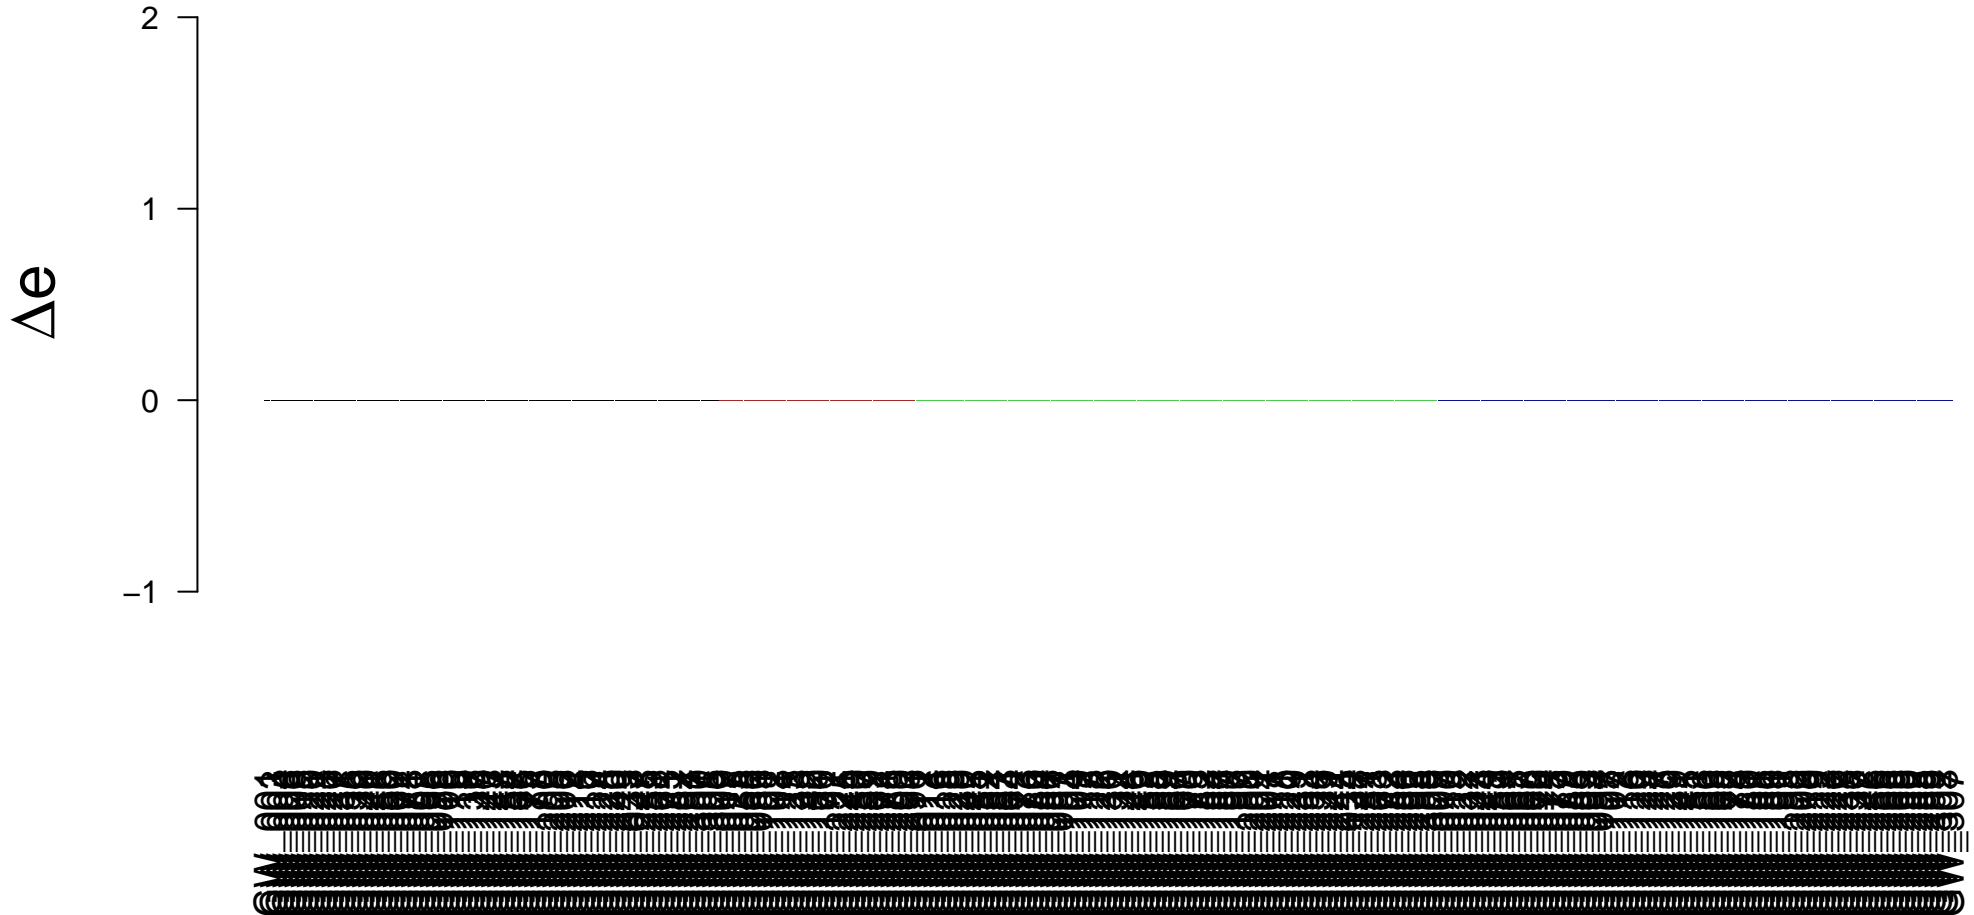

Expression of regulation of mRNA stability in Spot J

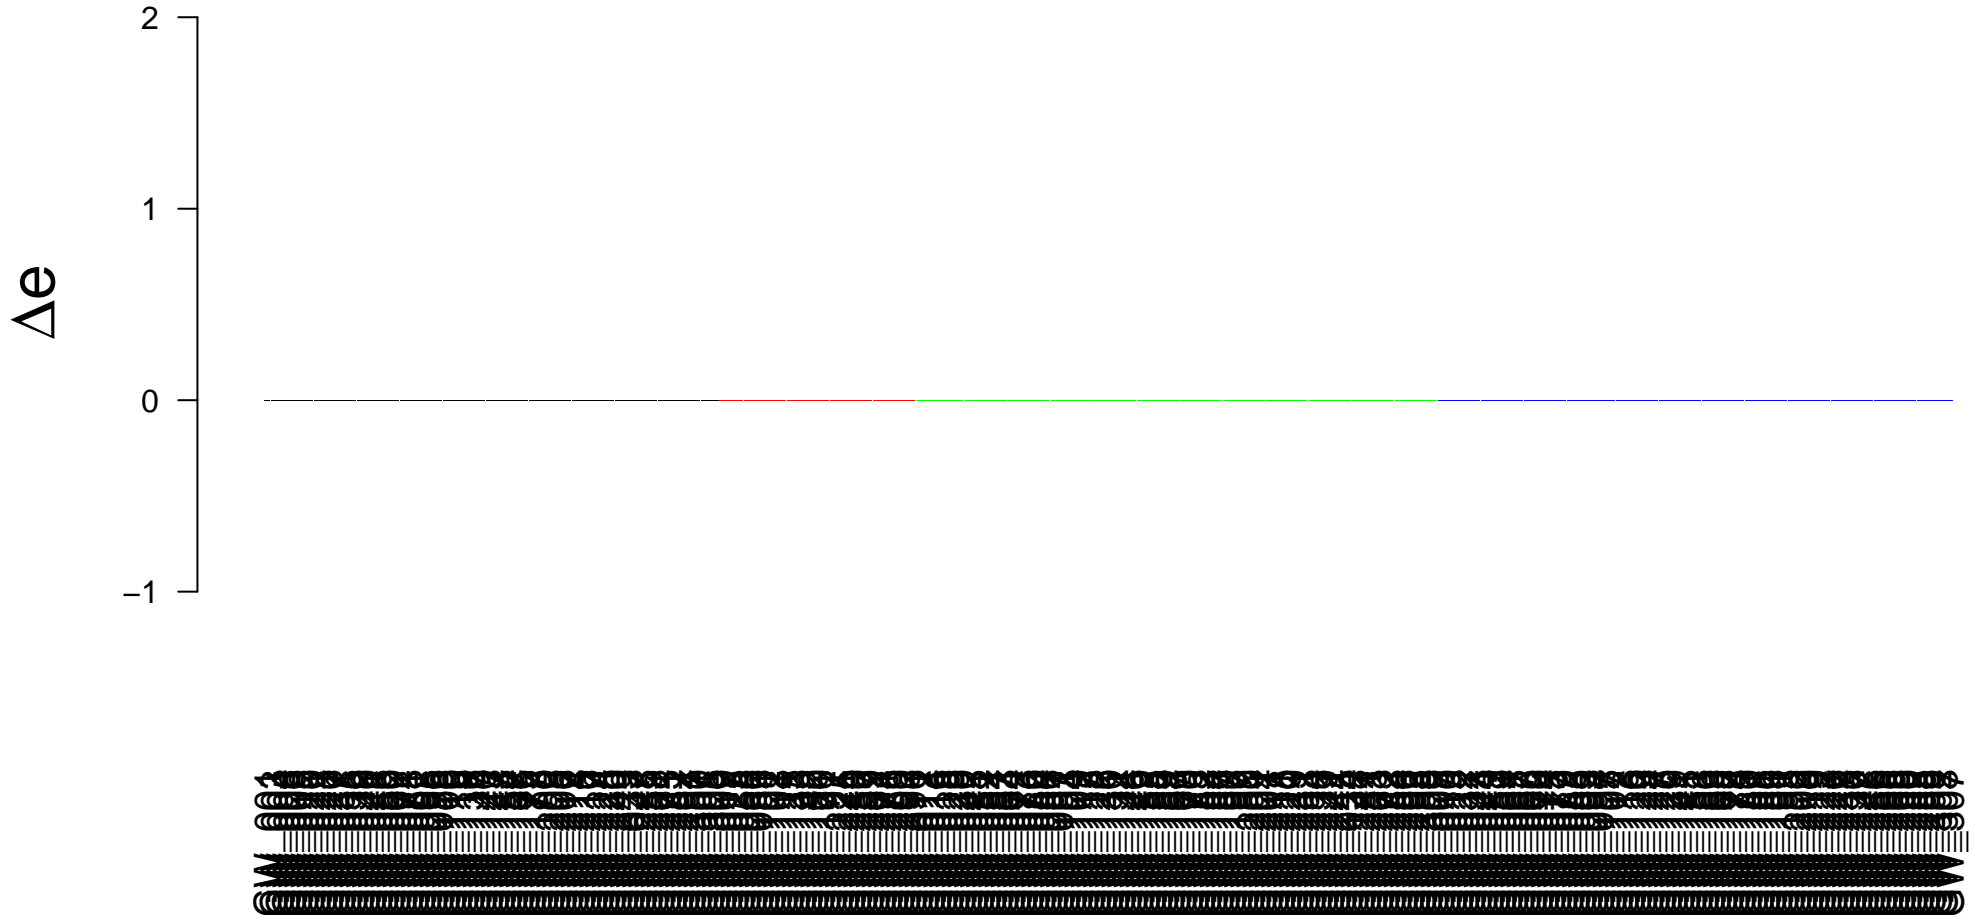

Expression of regulation of mRNA stability in Spot K

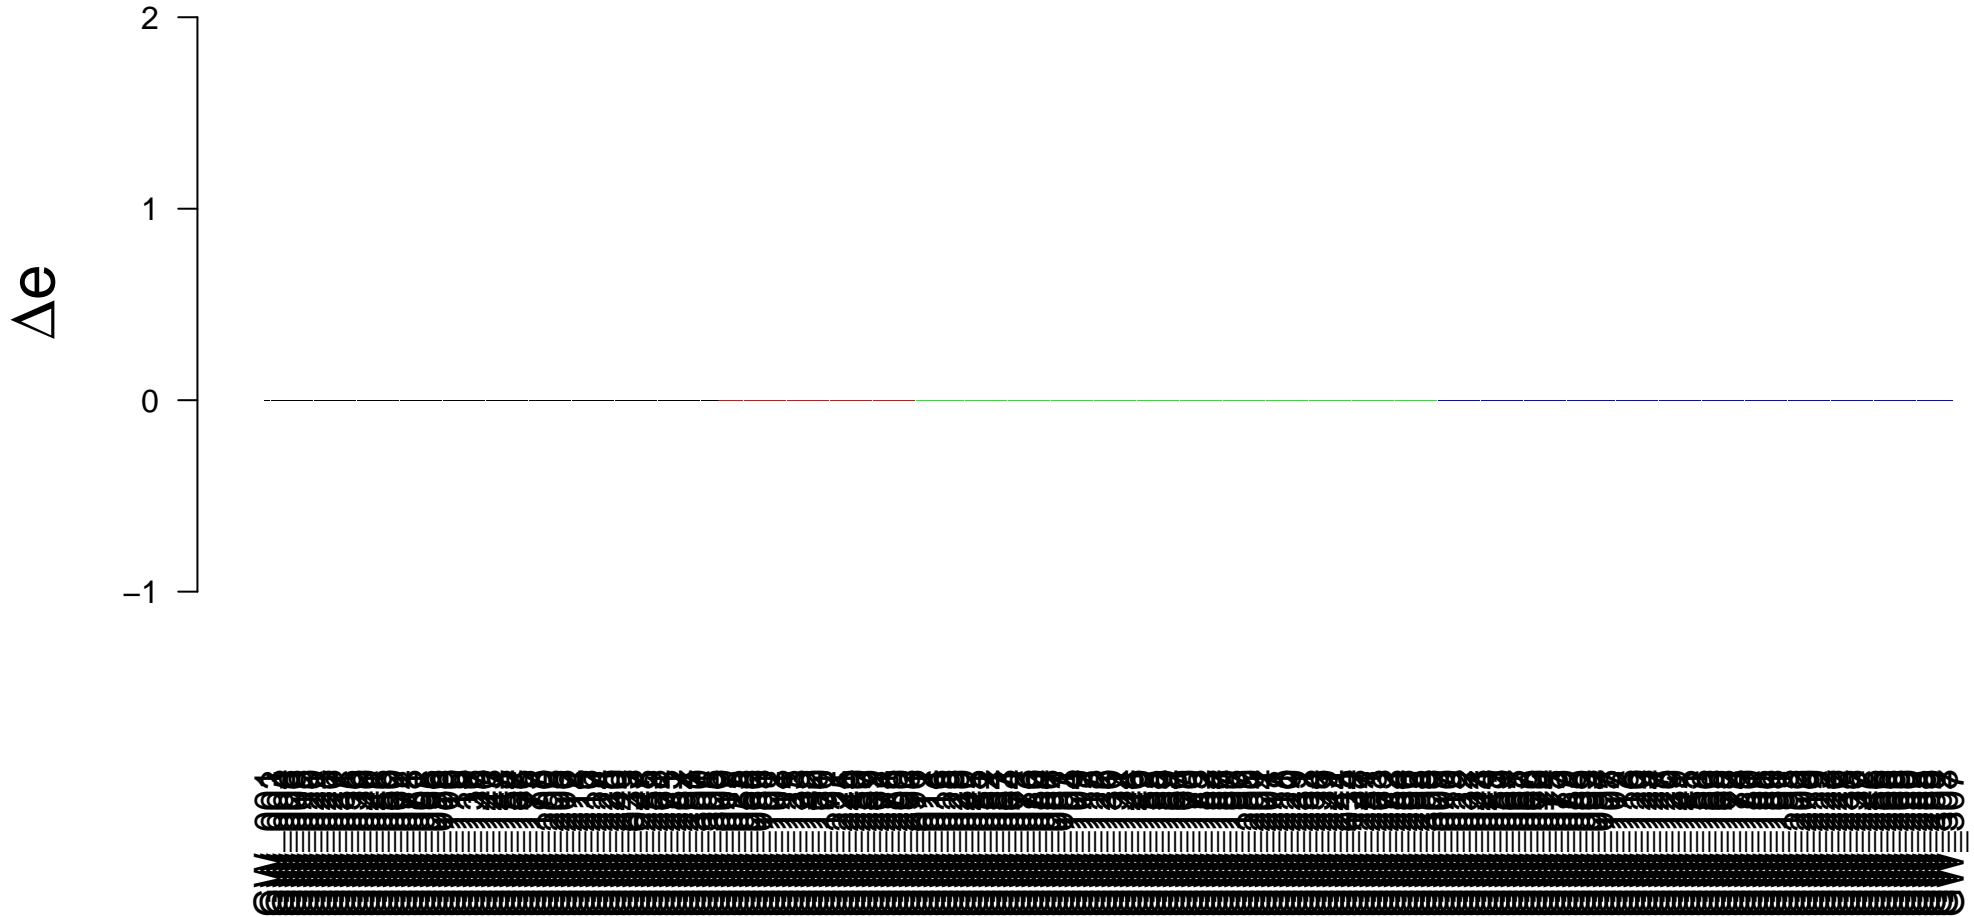

Expression of regulation of mRNA stability in Spot L

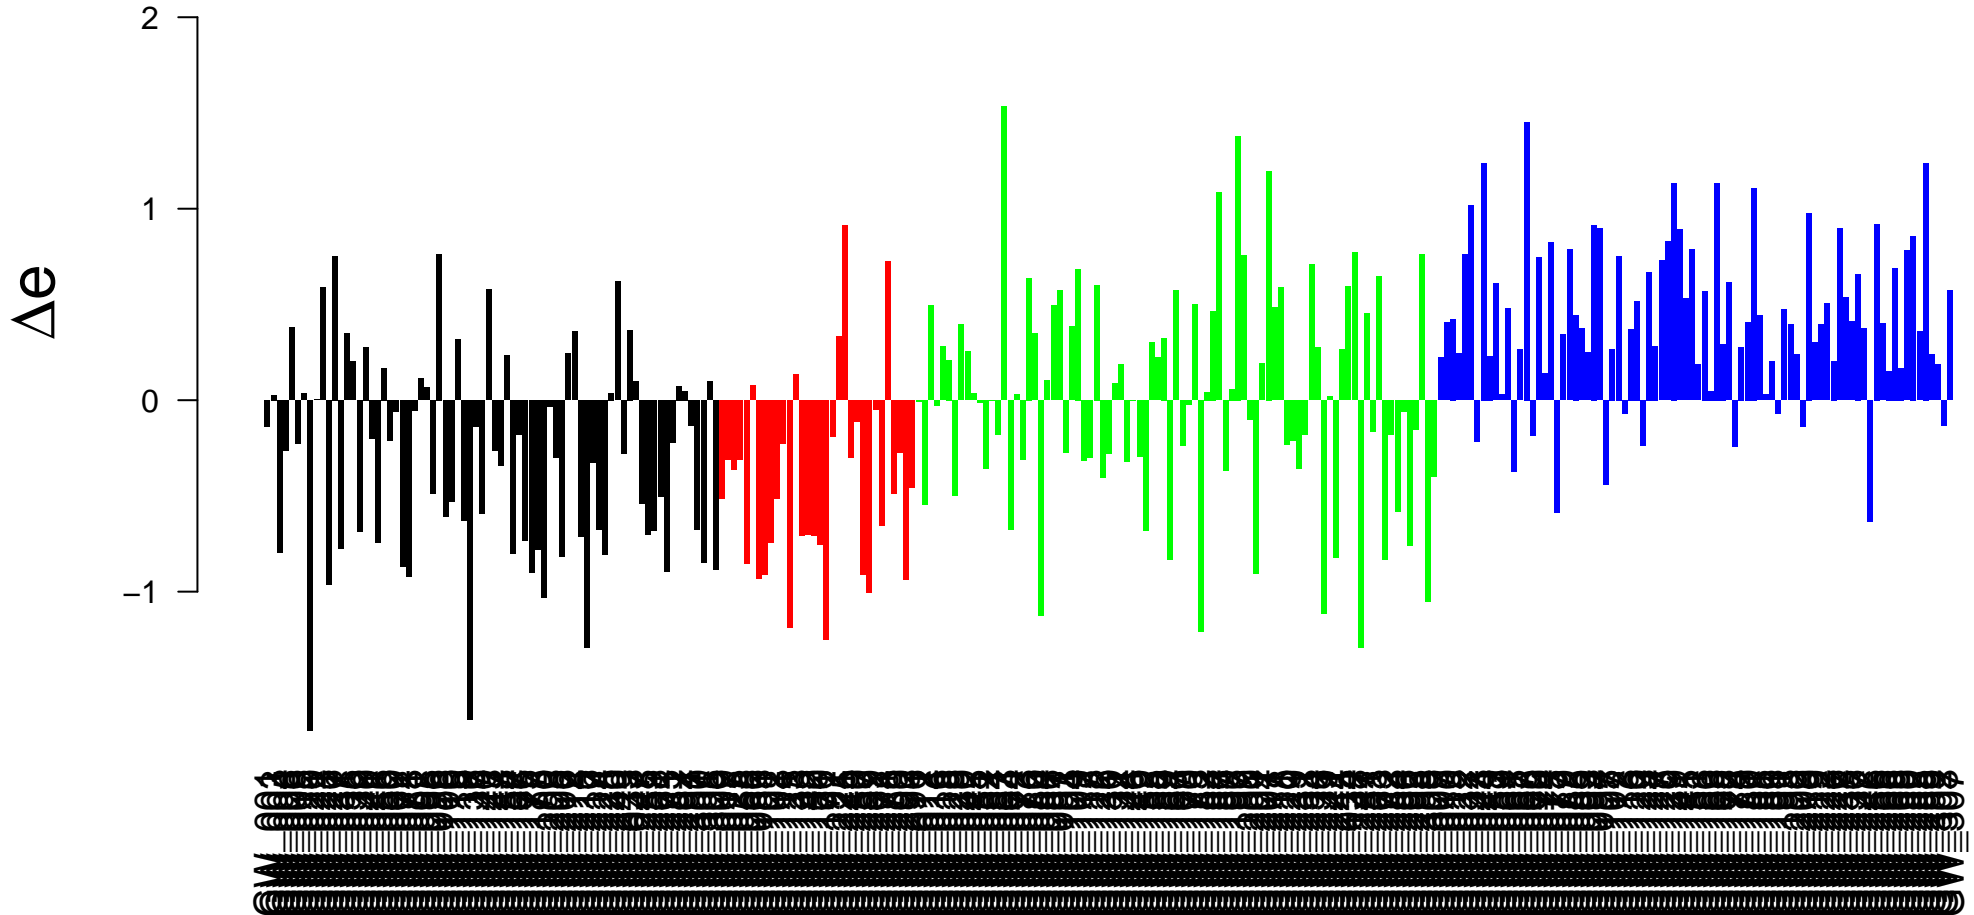

Expression of regulation of mRNA stability in Spot M

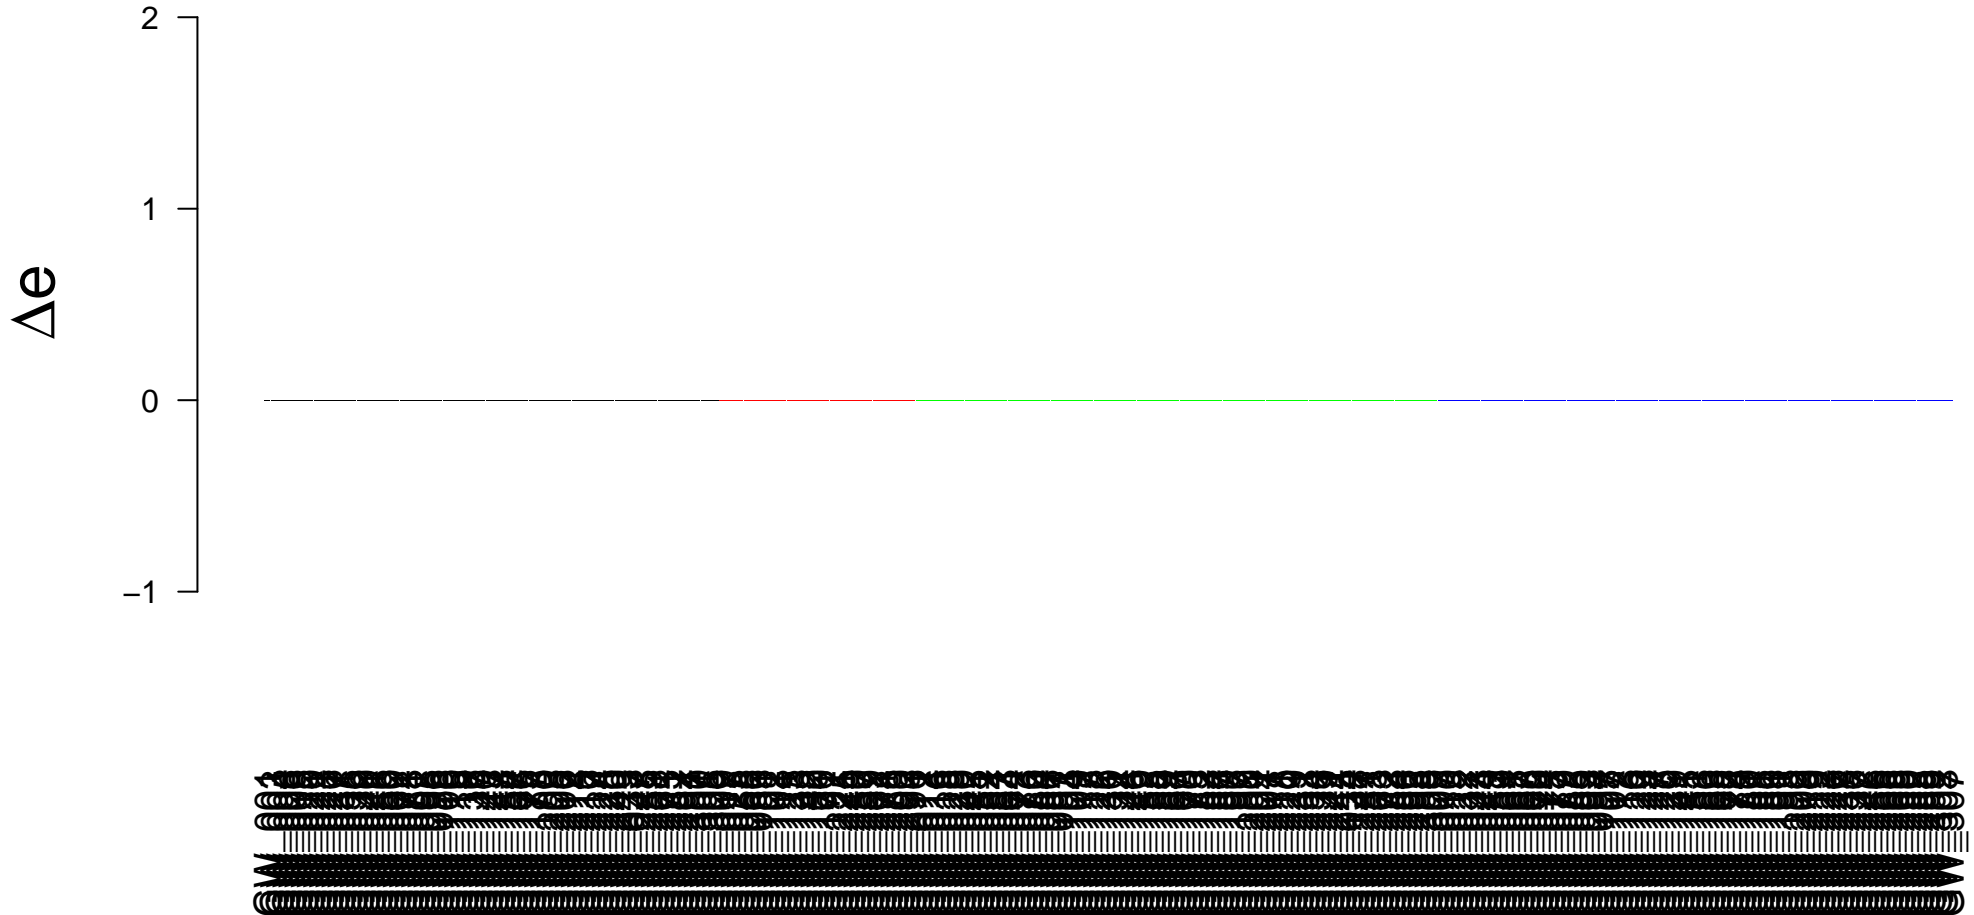

Expression of regulation of mRNA stability in Spot N

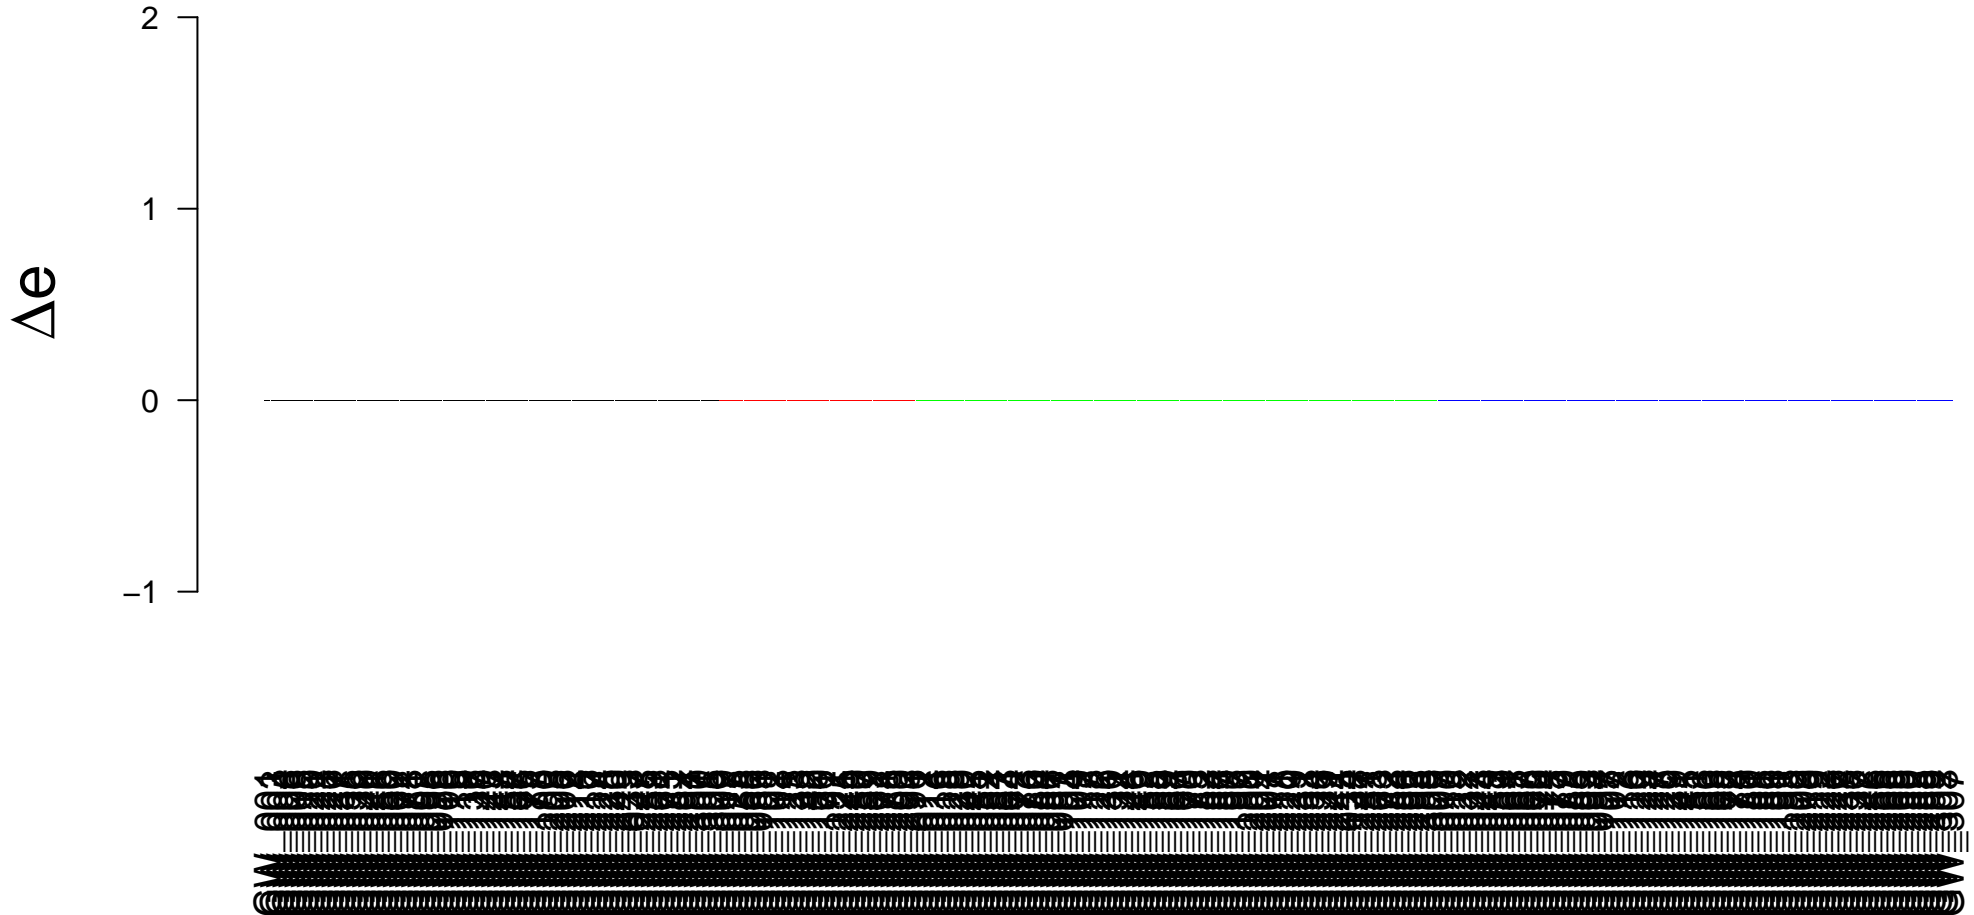

Expression of regulation of mRNA stability in Spot O

Expression of regulation of mRNA stability in Spot P

Expression of regulation of mRNA stability in Spot Q

Expression of regulation of mRNA stability in Spot R
