

regulation of membrane potential

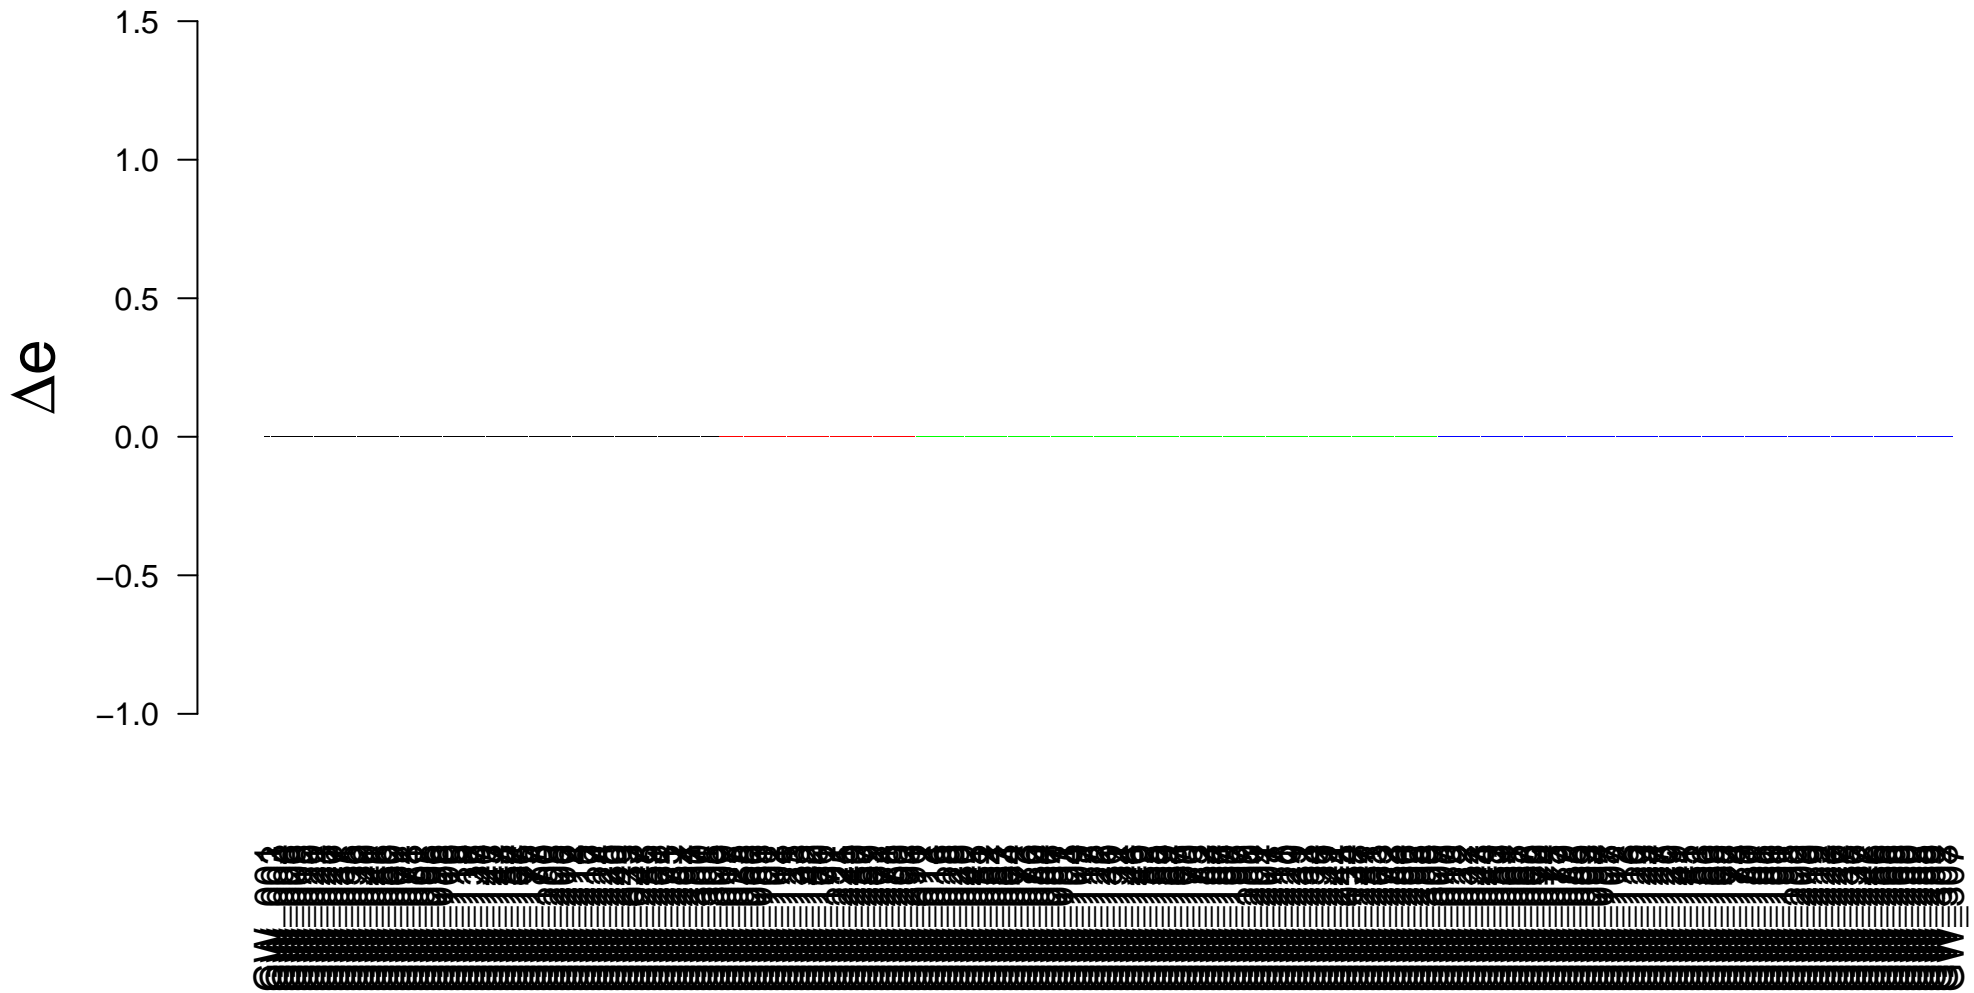

regulation of membrane potential

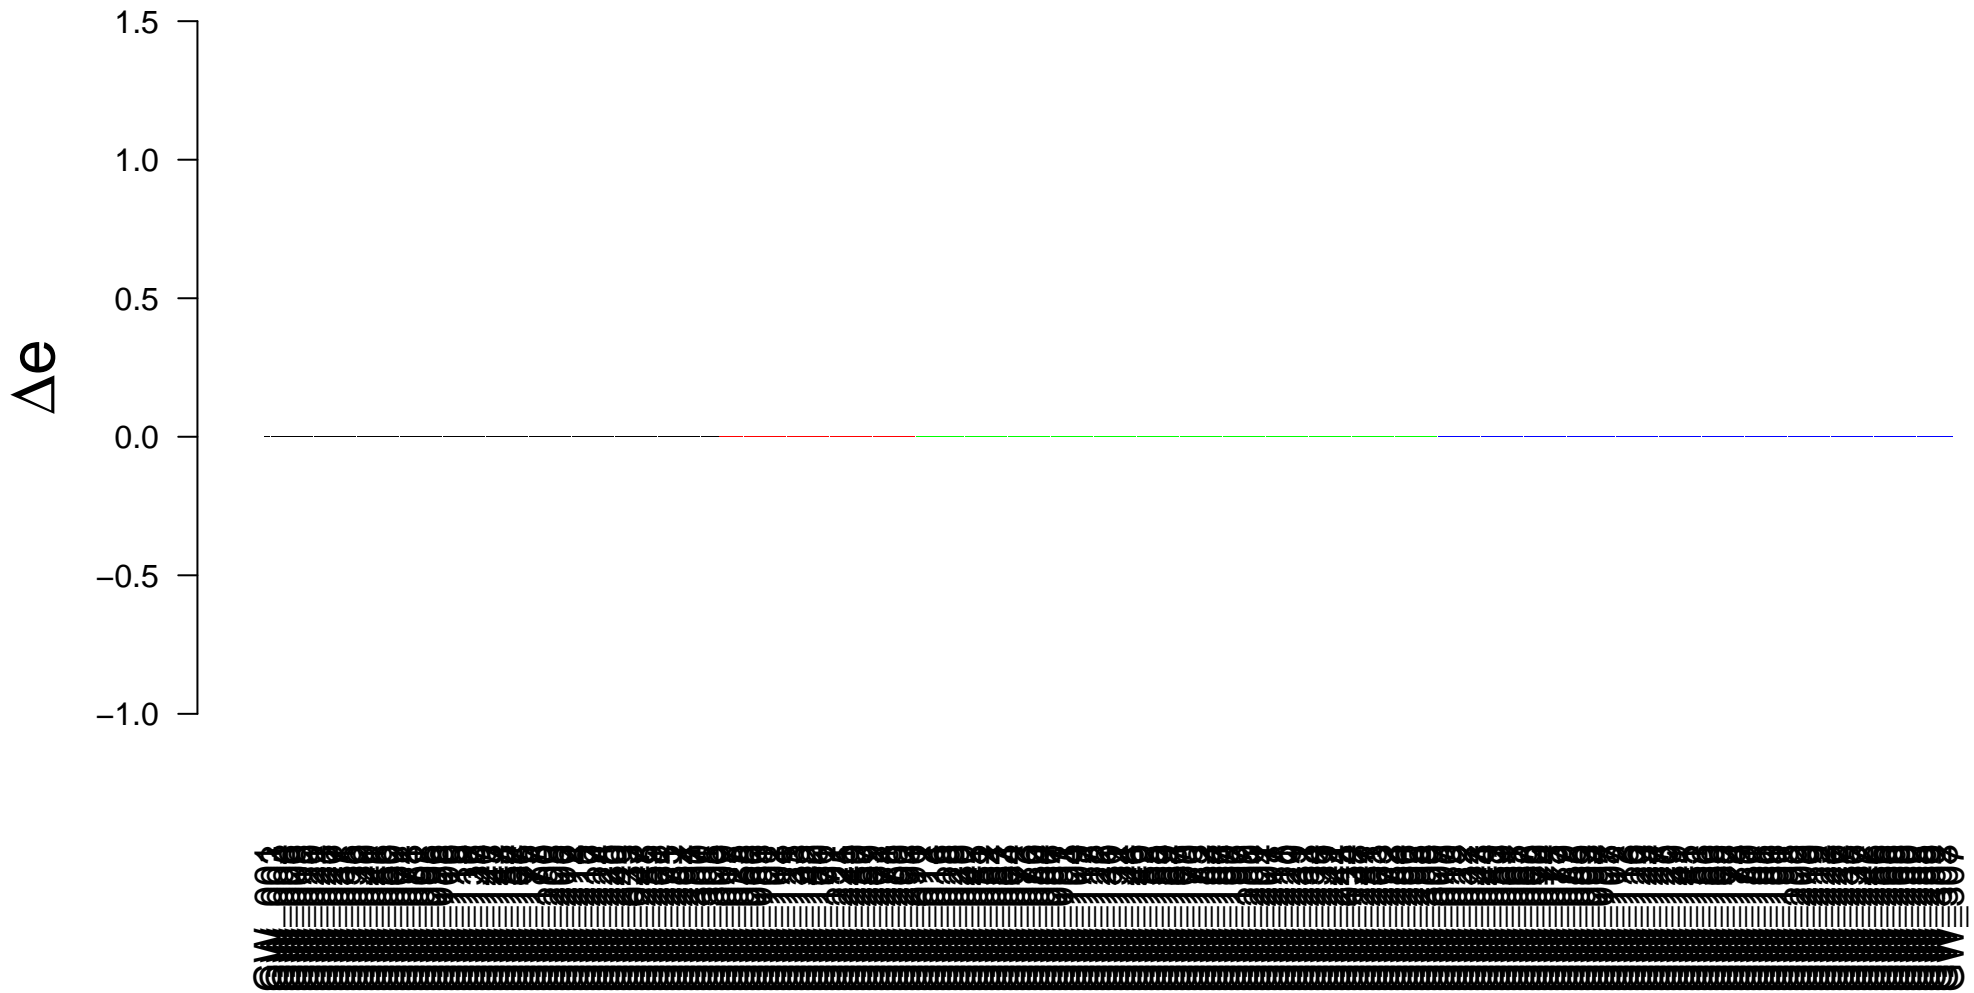

Enrichment in spots: regulation of membrane potential

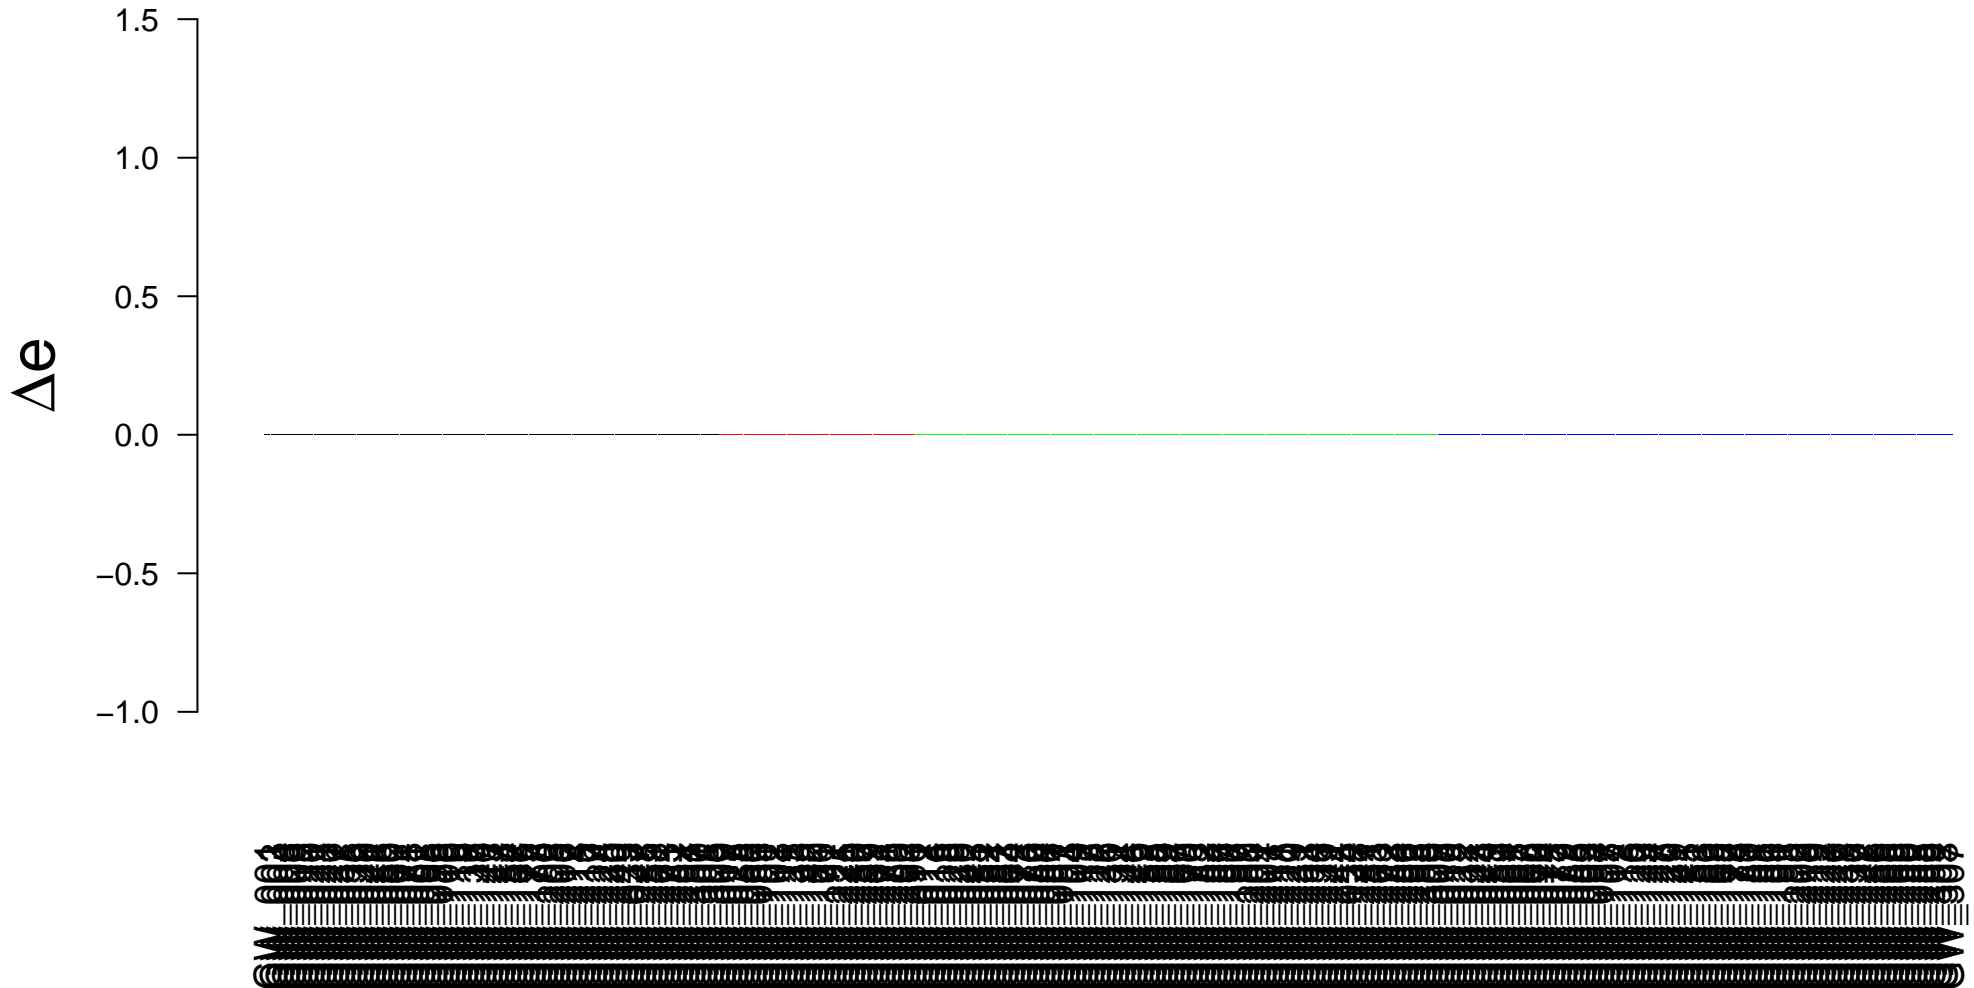

Expression of regulation of membrane potential in Spot A

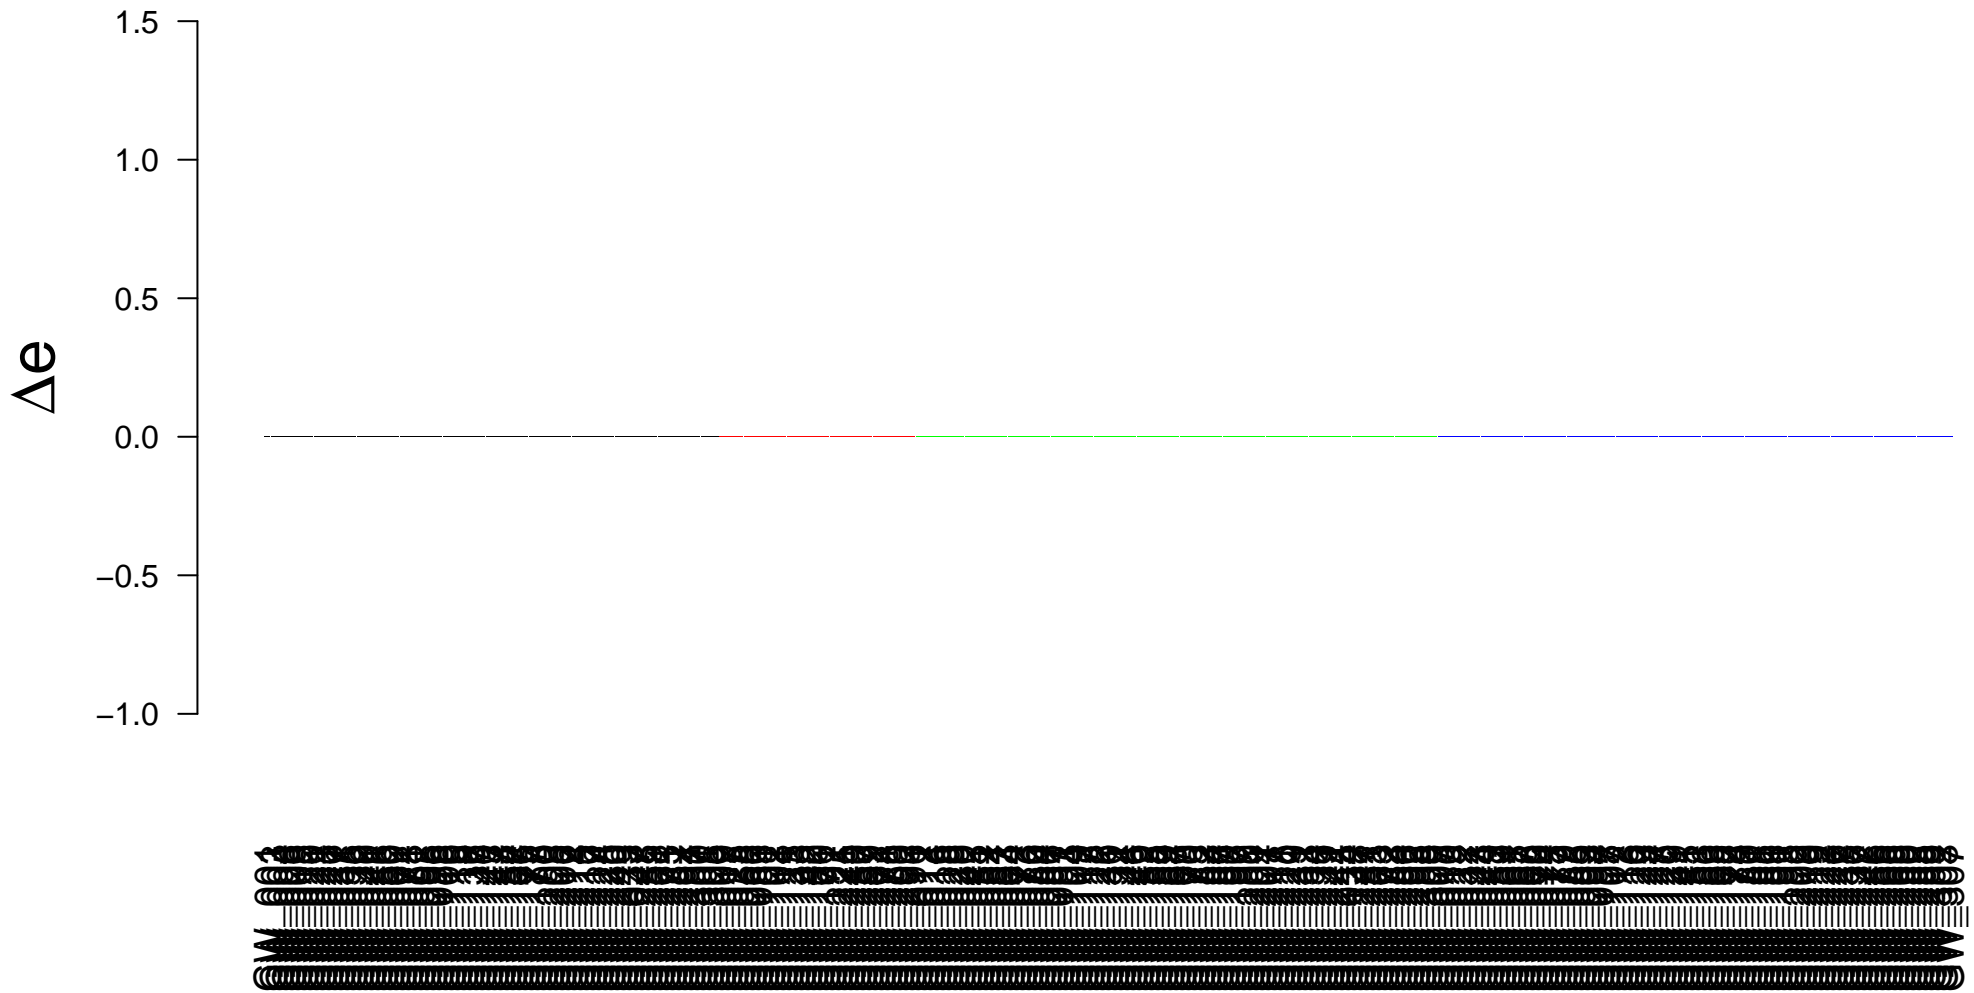

Expression of regulation of membrane potential in Spot B

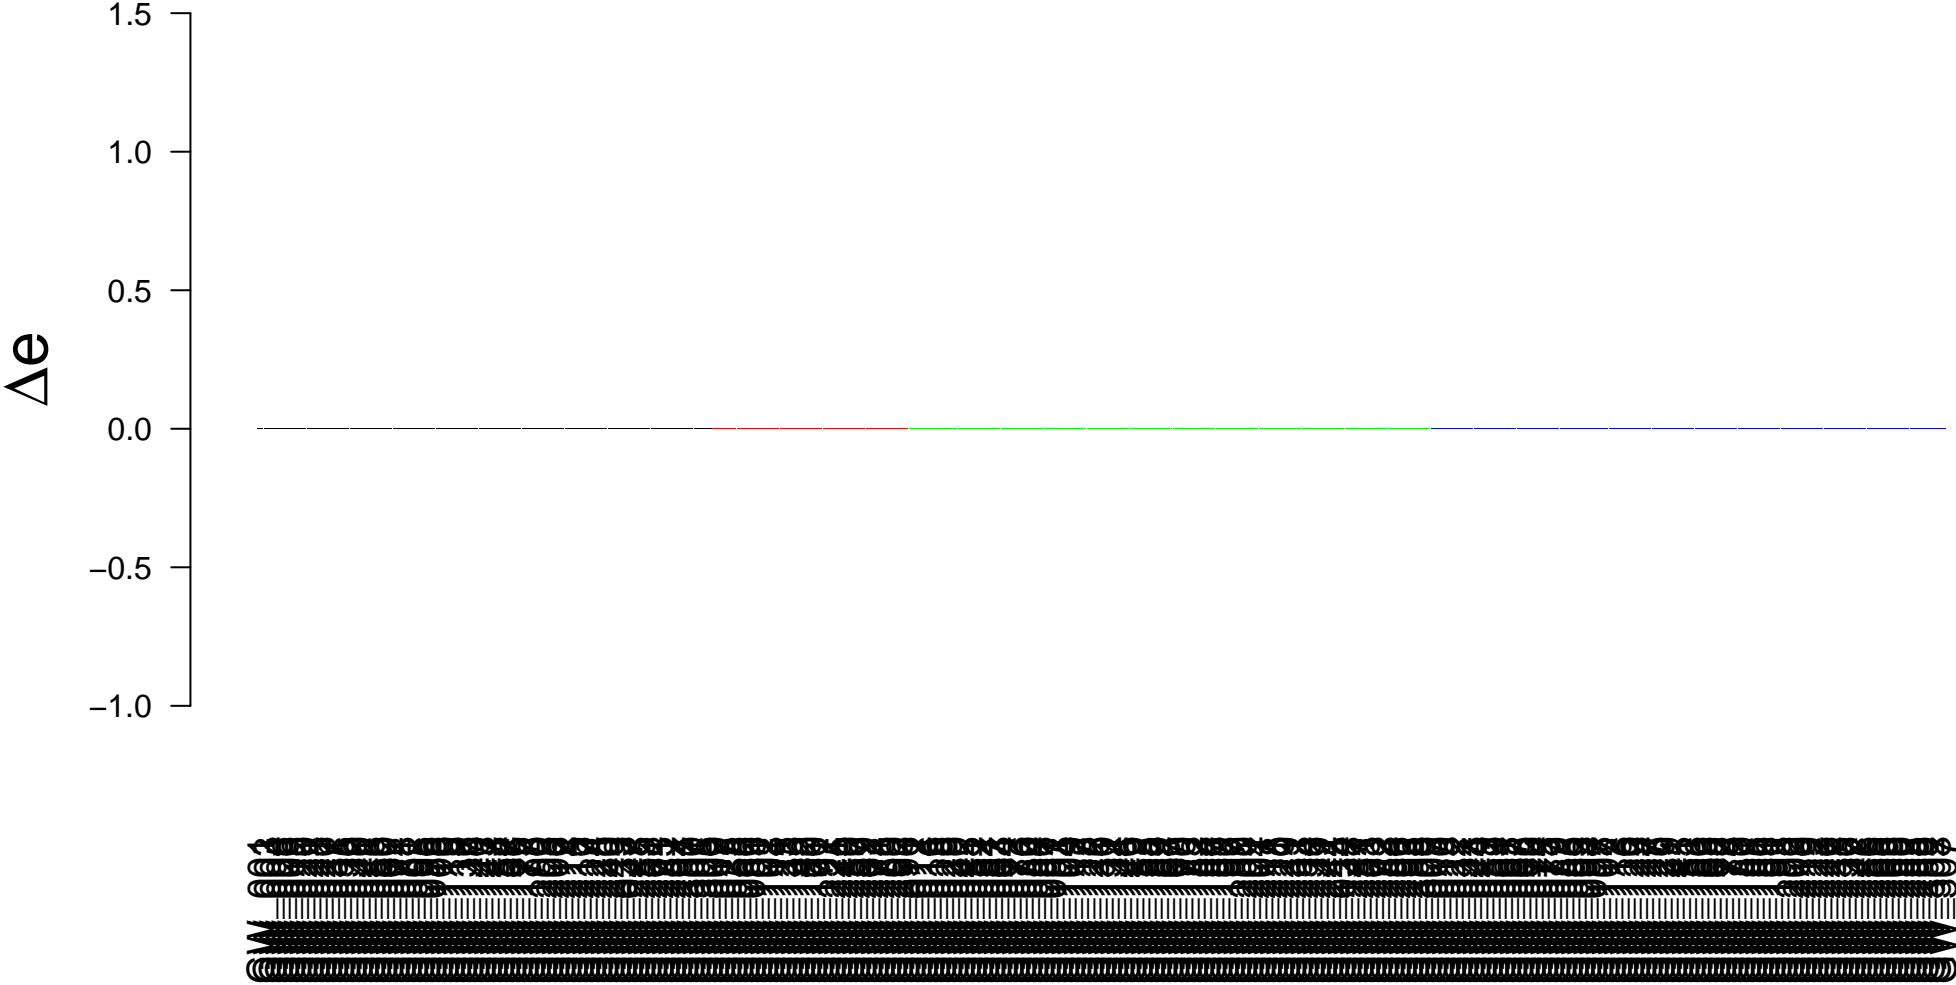

Expression of regulation of membrane potential in Spot C

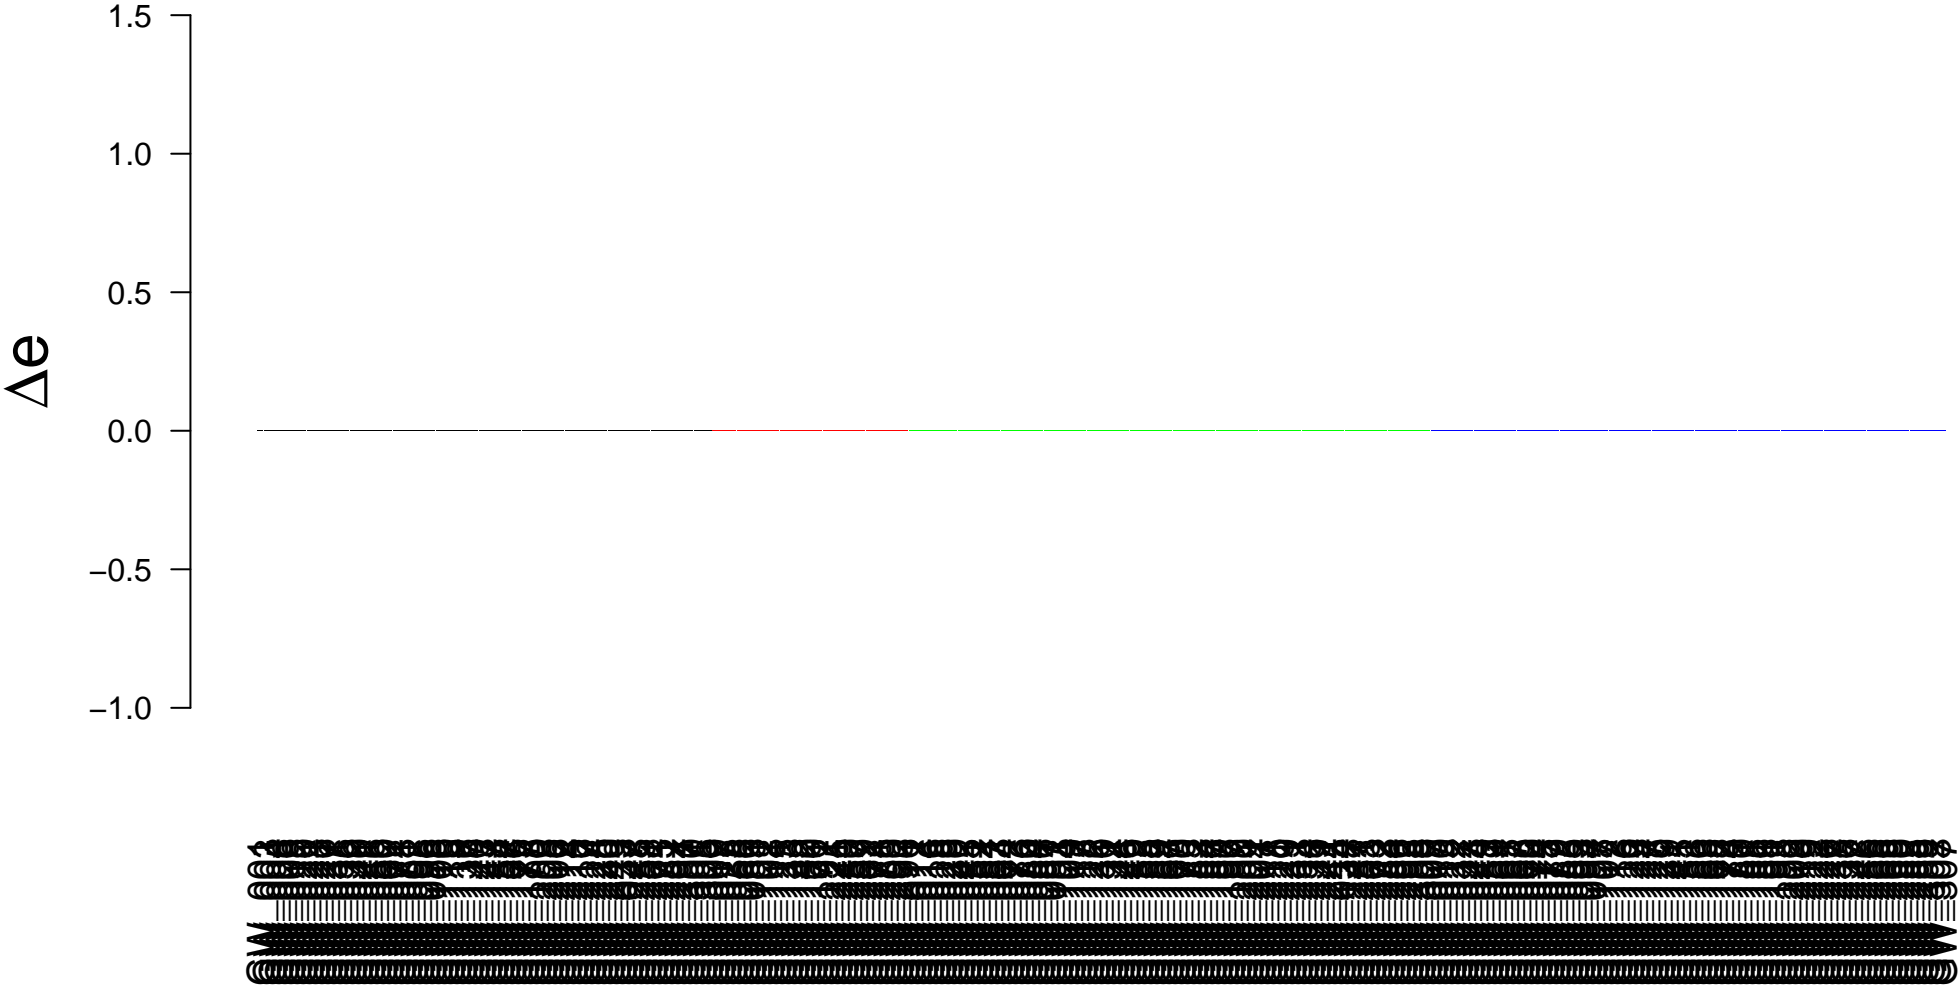

Expression of regulation of membrane potential in Spot D

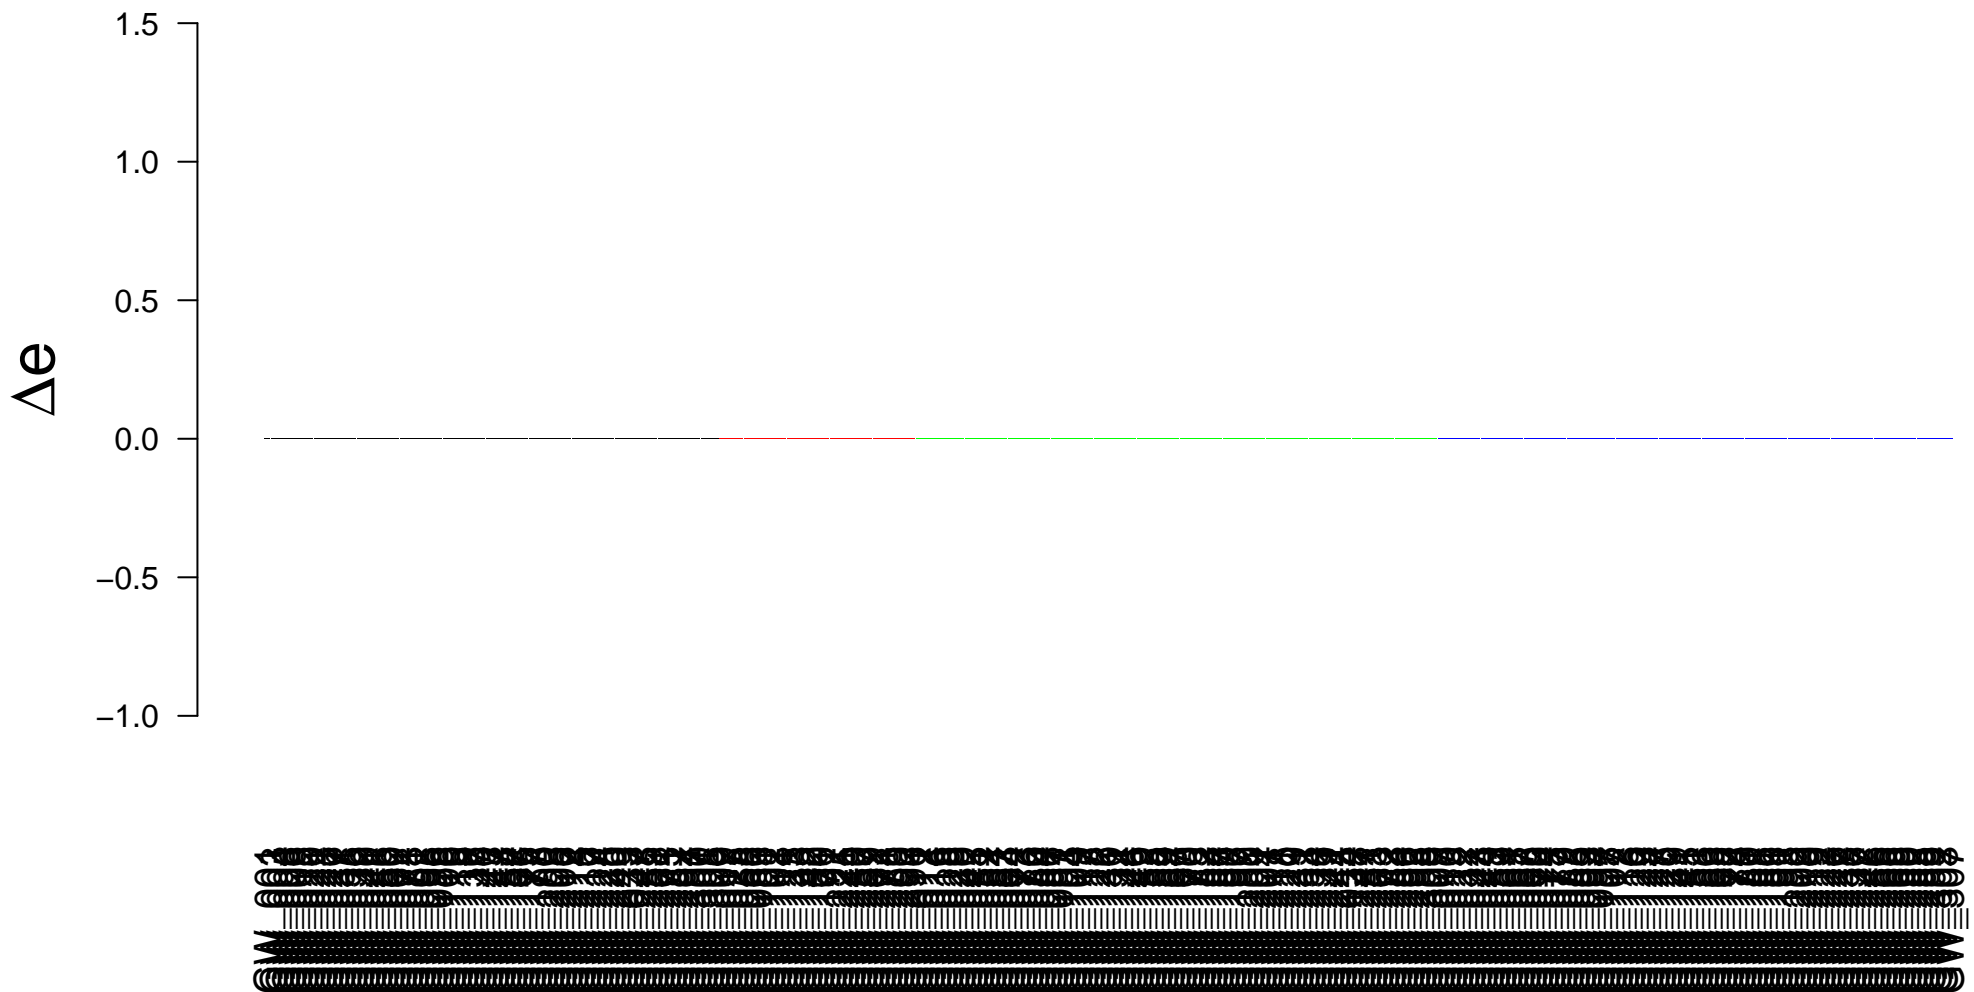

Expression of regulation of membrane potential in Spot E

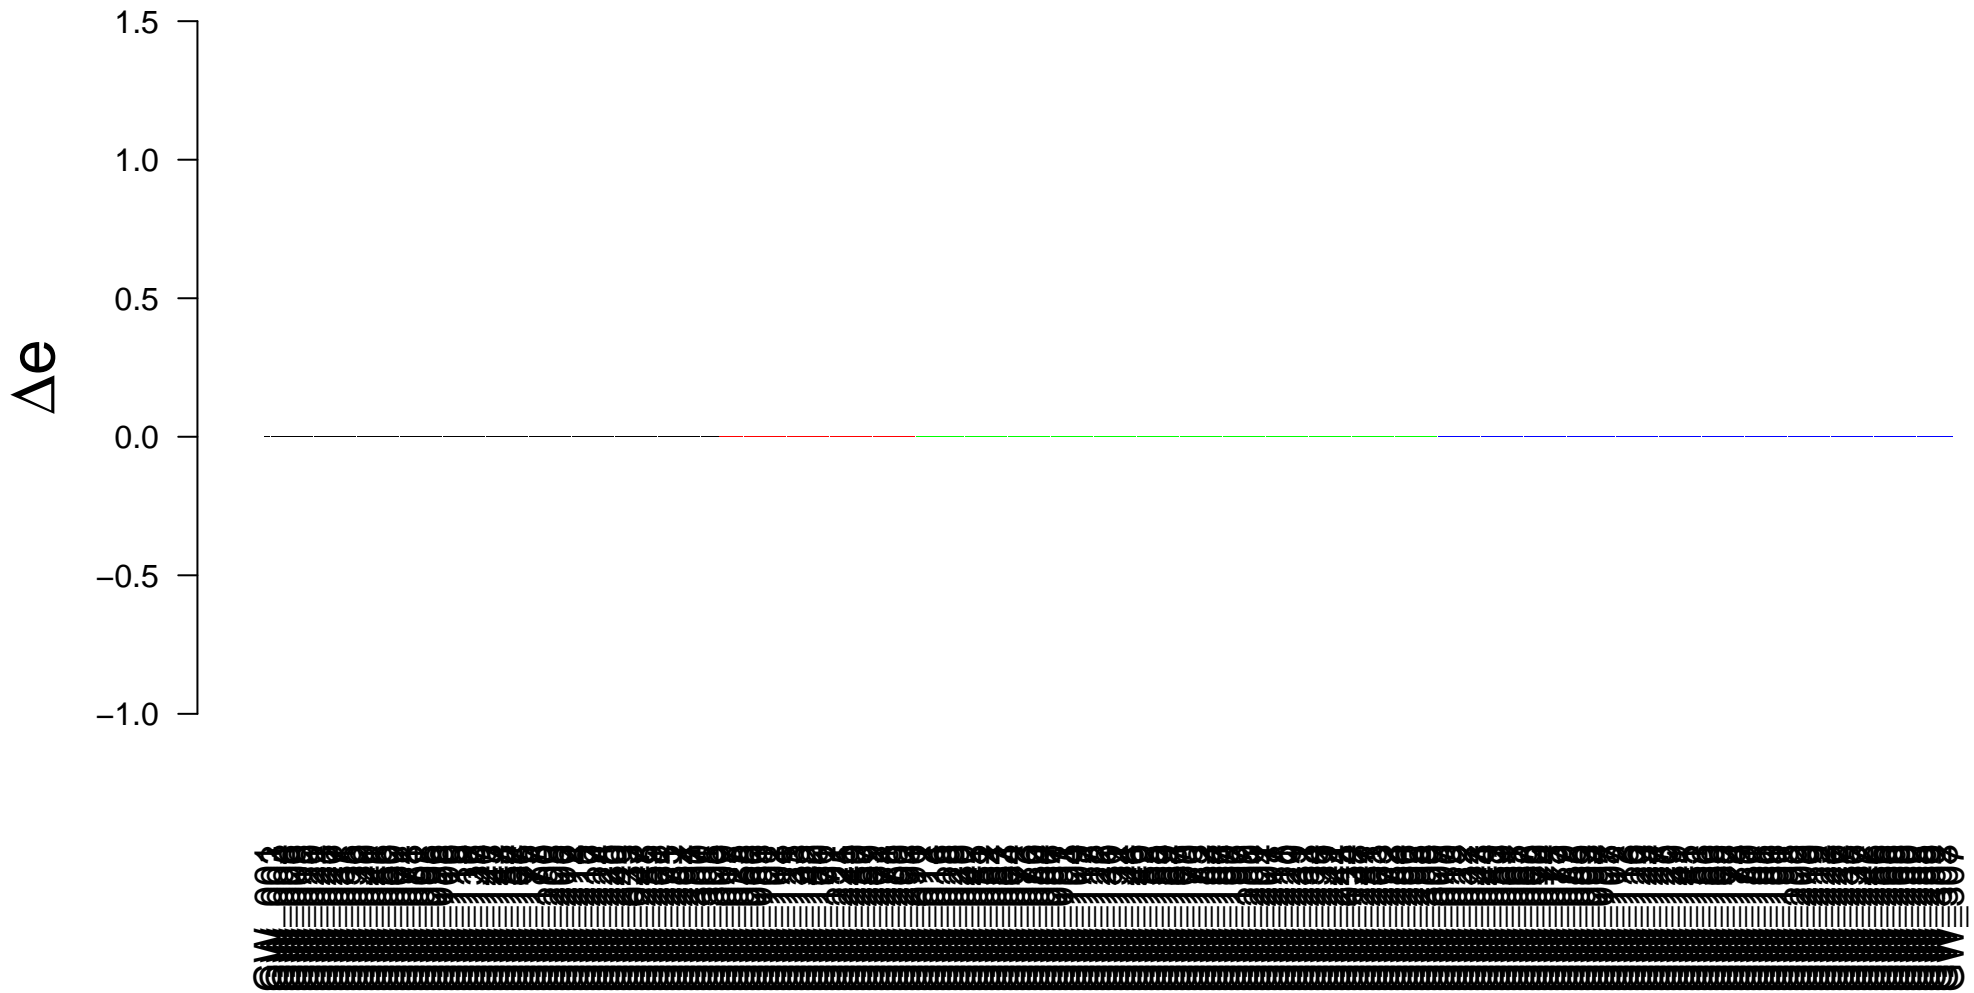

Expression of regulation of membrane potential in Spot F

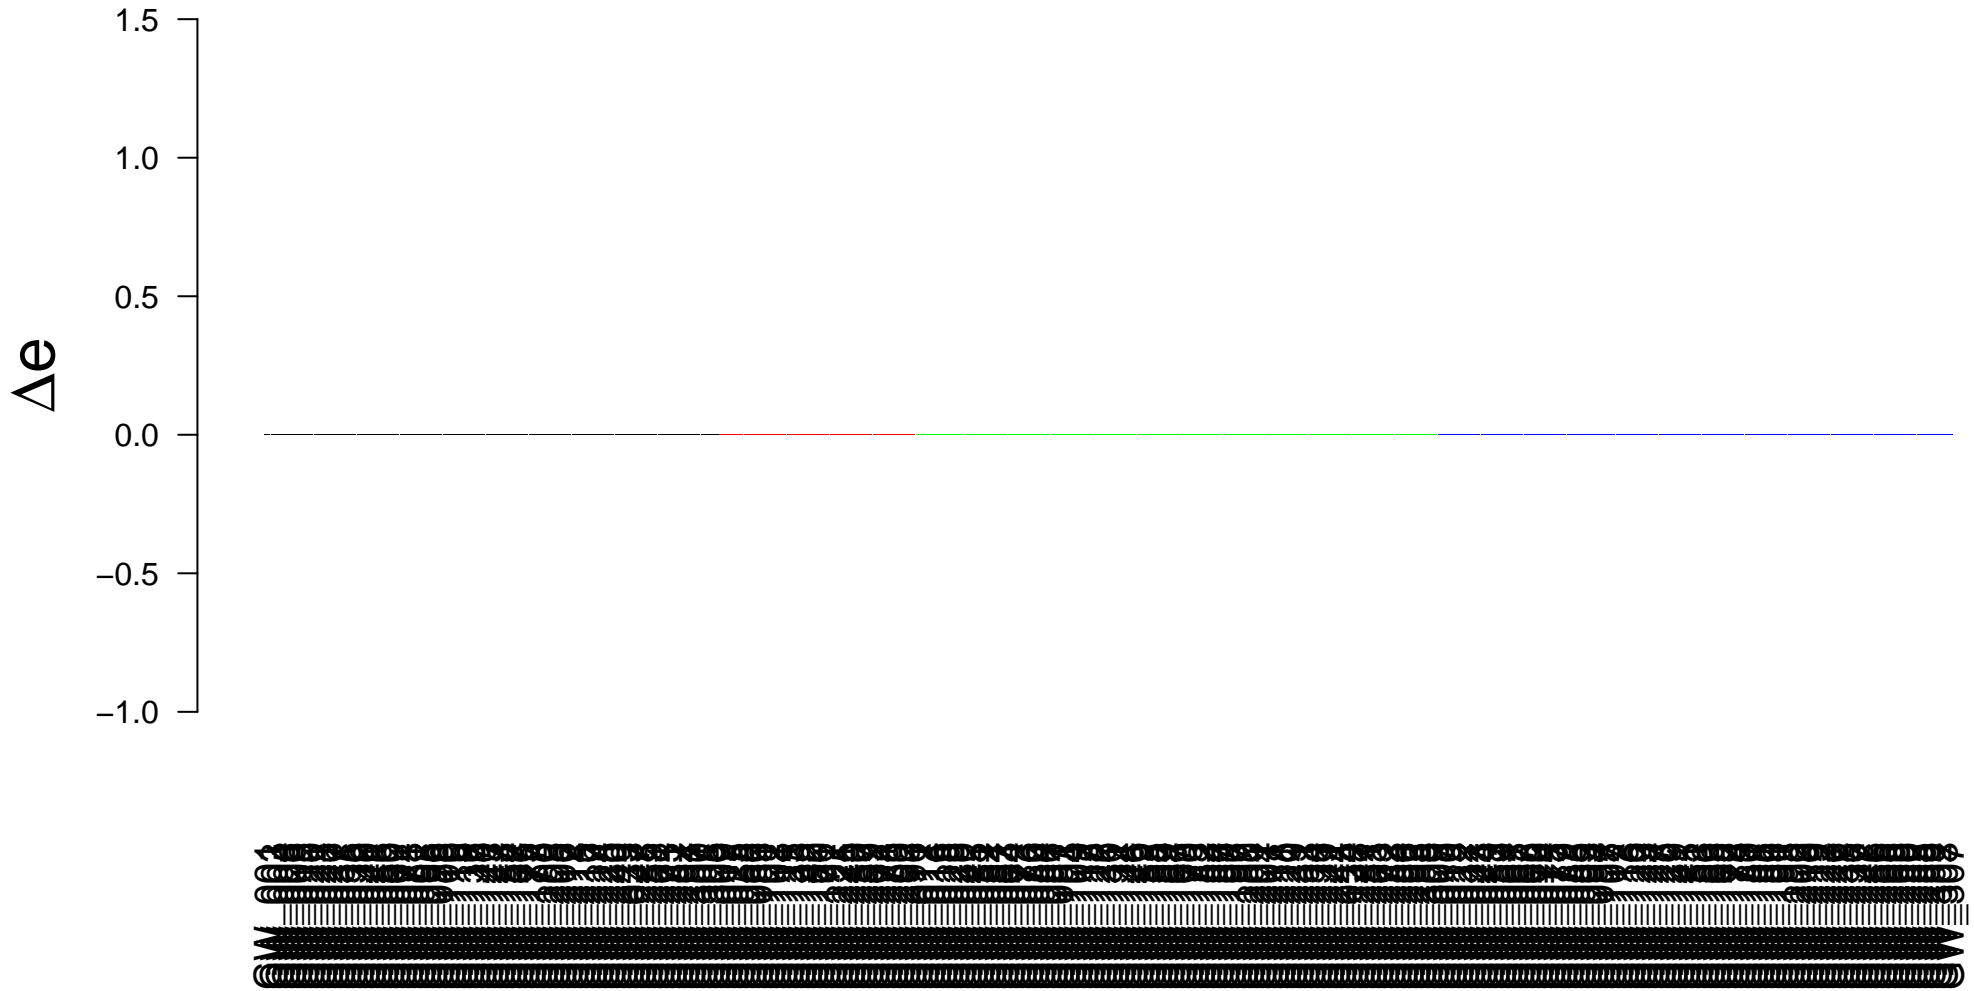

Expression of regulation of membrane potential in Spot G

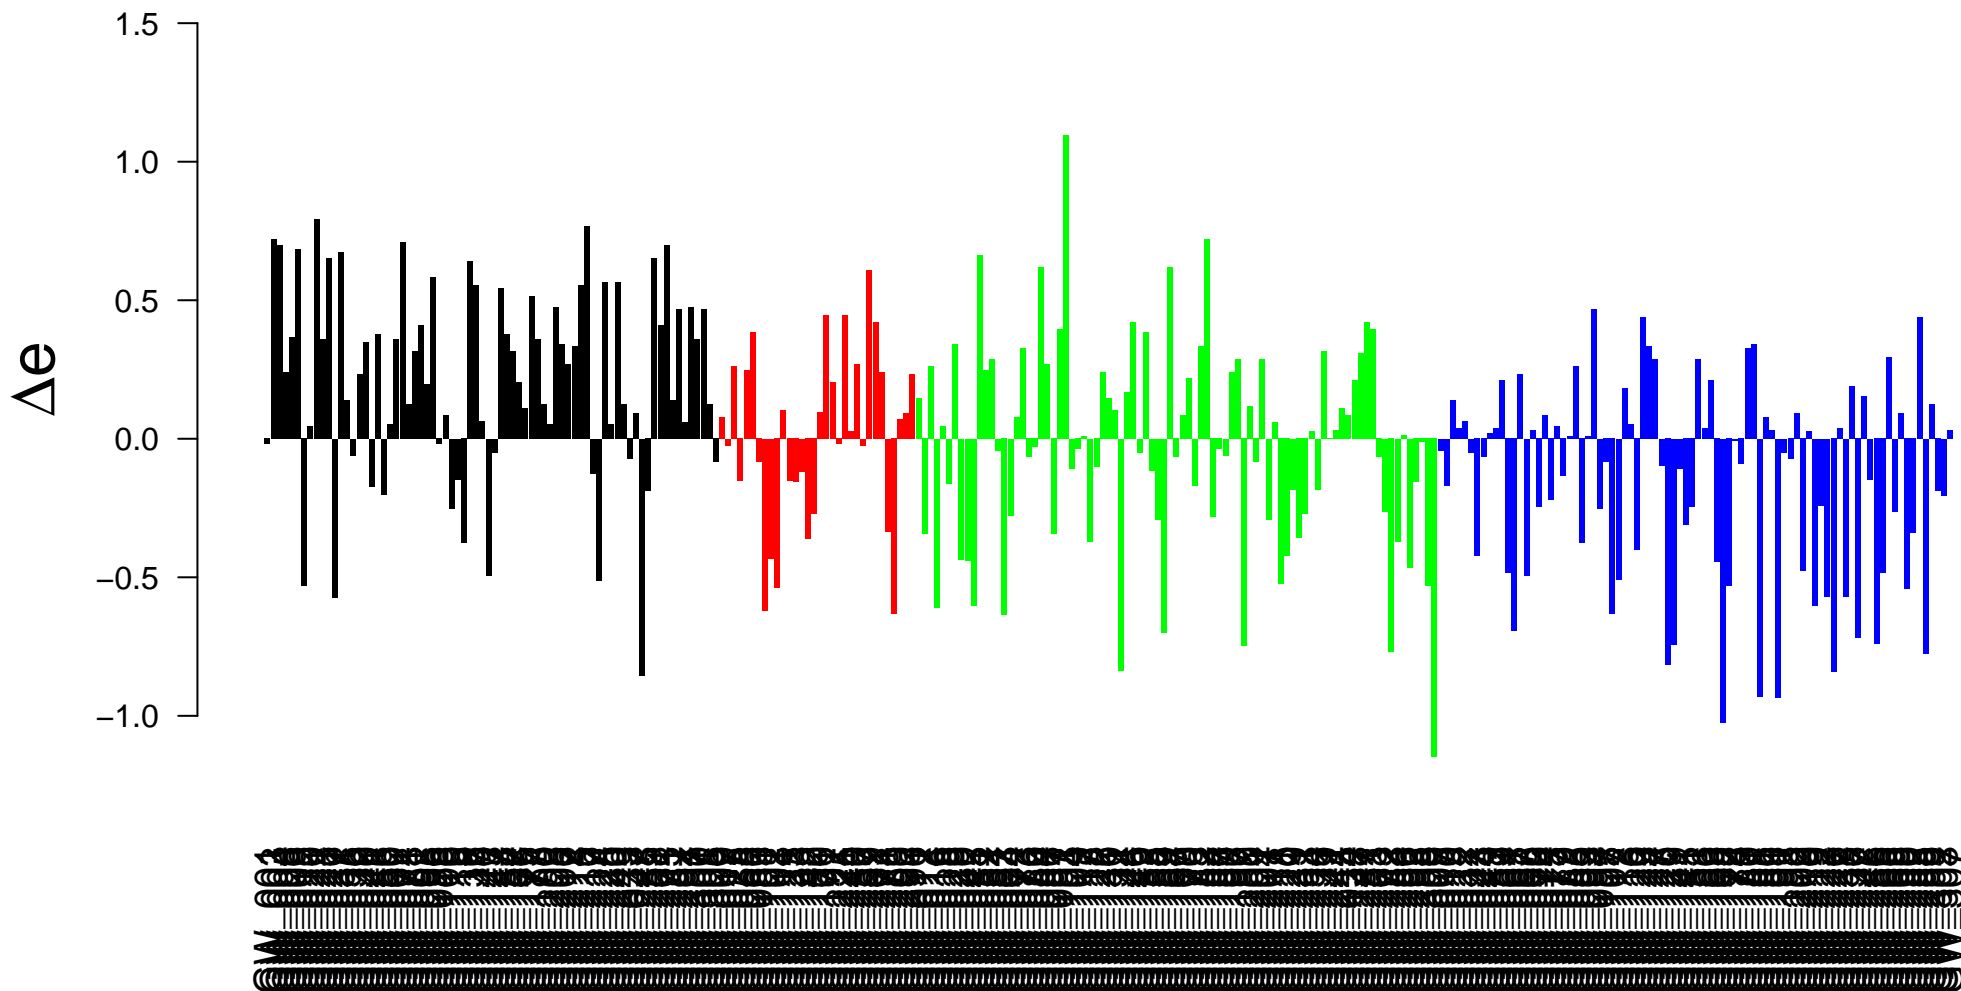

Expression of regulation of membrane potential in Spot H

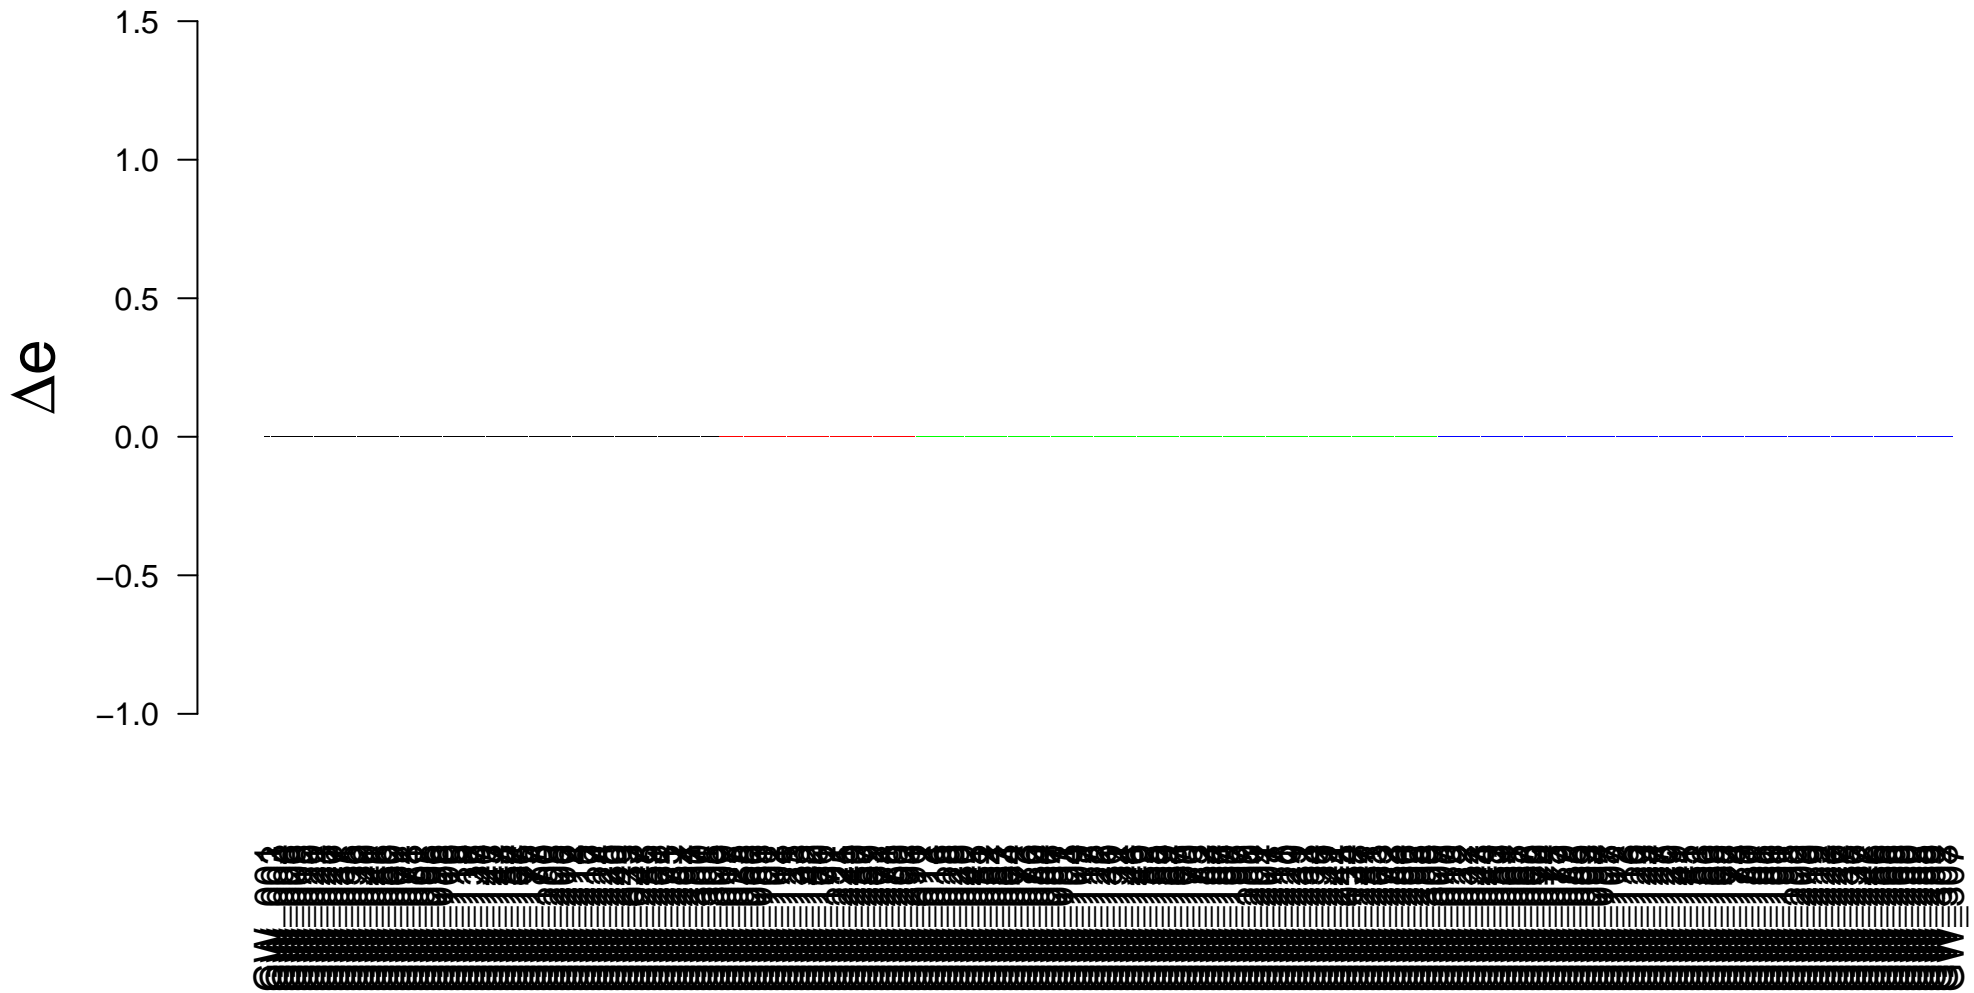

Expression of regulation of membrane potential in Spot I

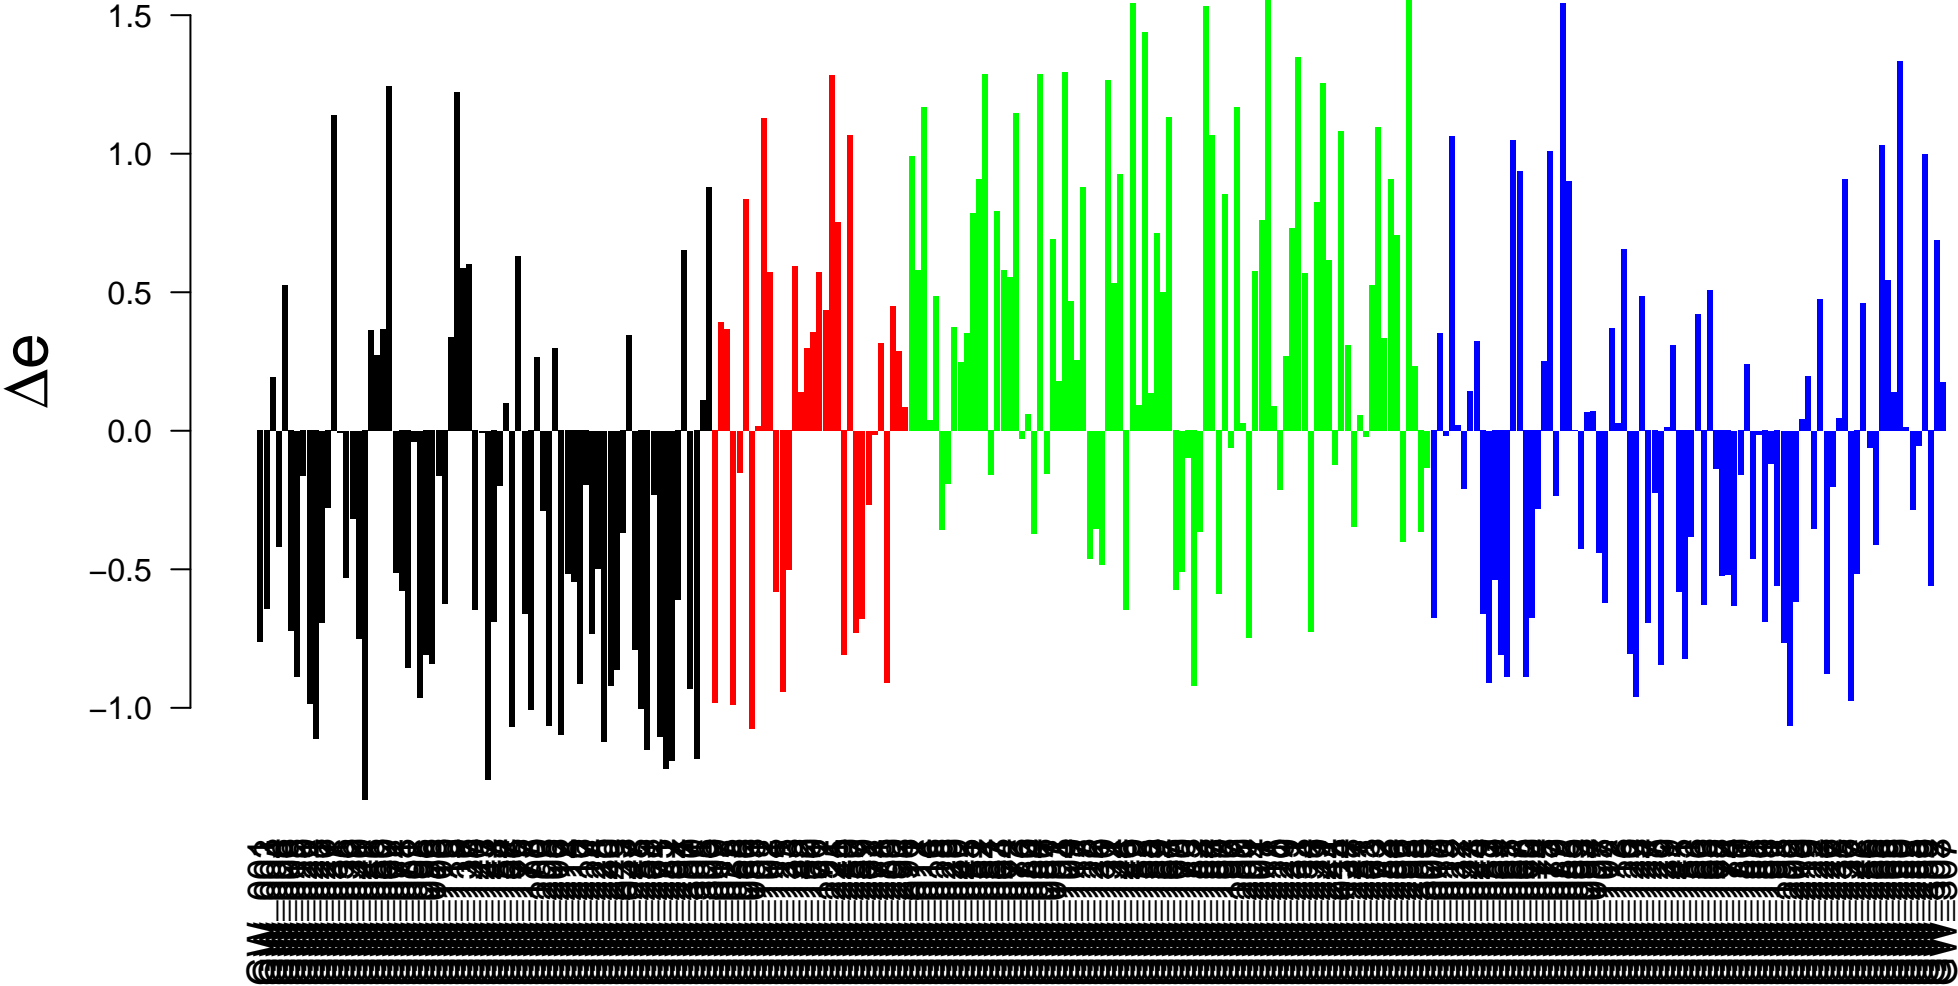

Expression of regulation of membrane potential in Spot J

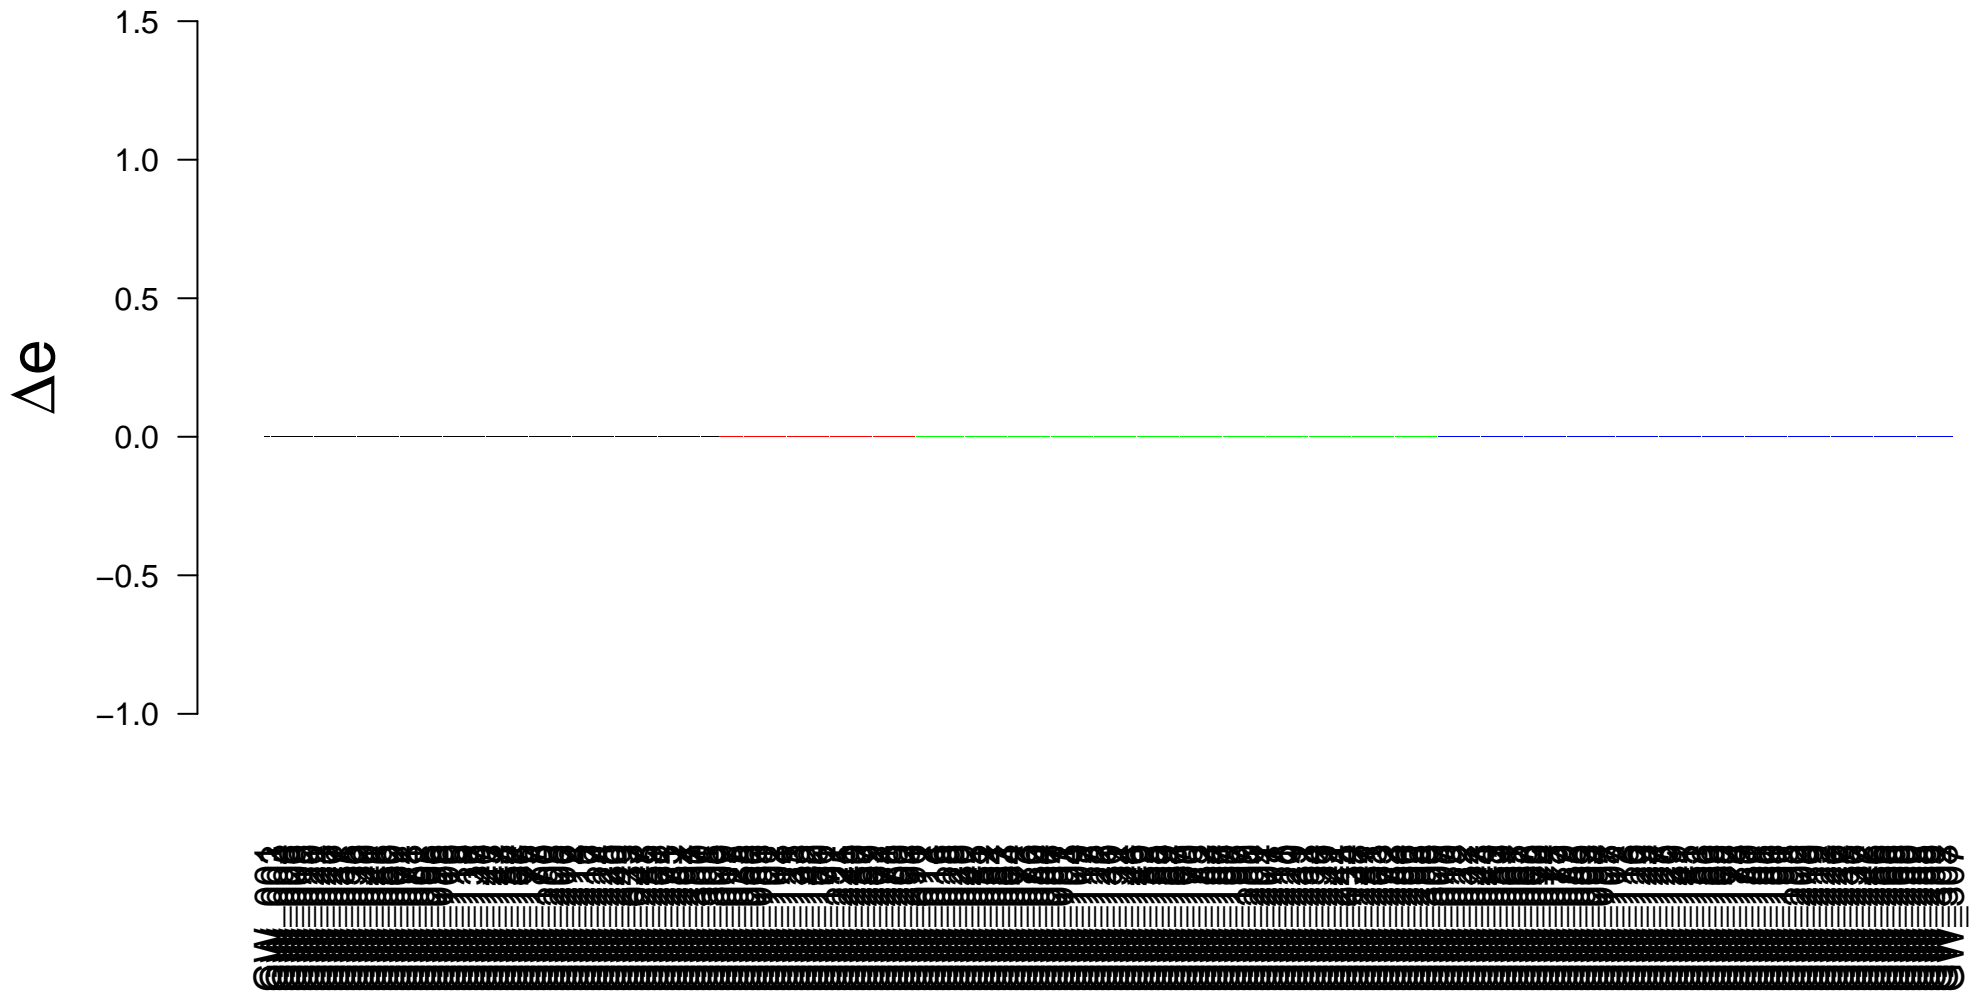

Expression of regulation of membrane potential in Spot K

Expression of regulation of membrane potential in Spot L

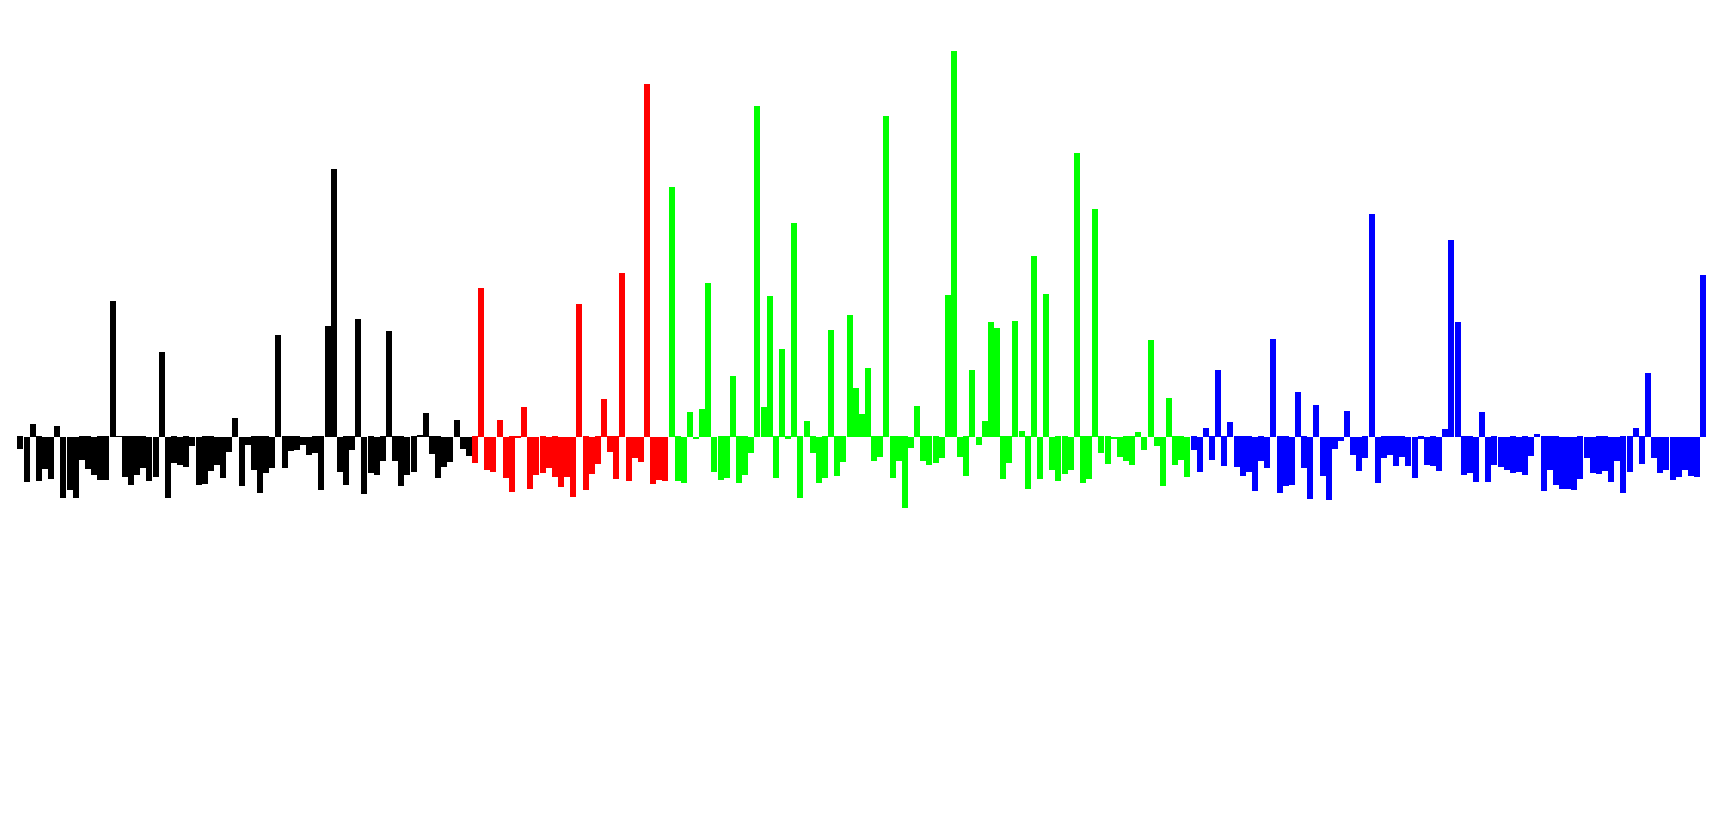

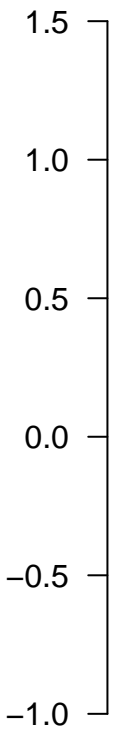

Expression of regulation of membrane potential in Spot M

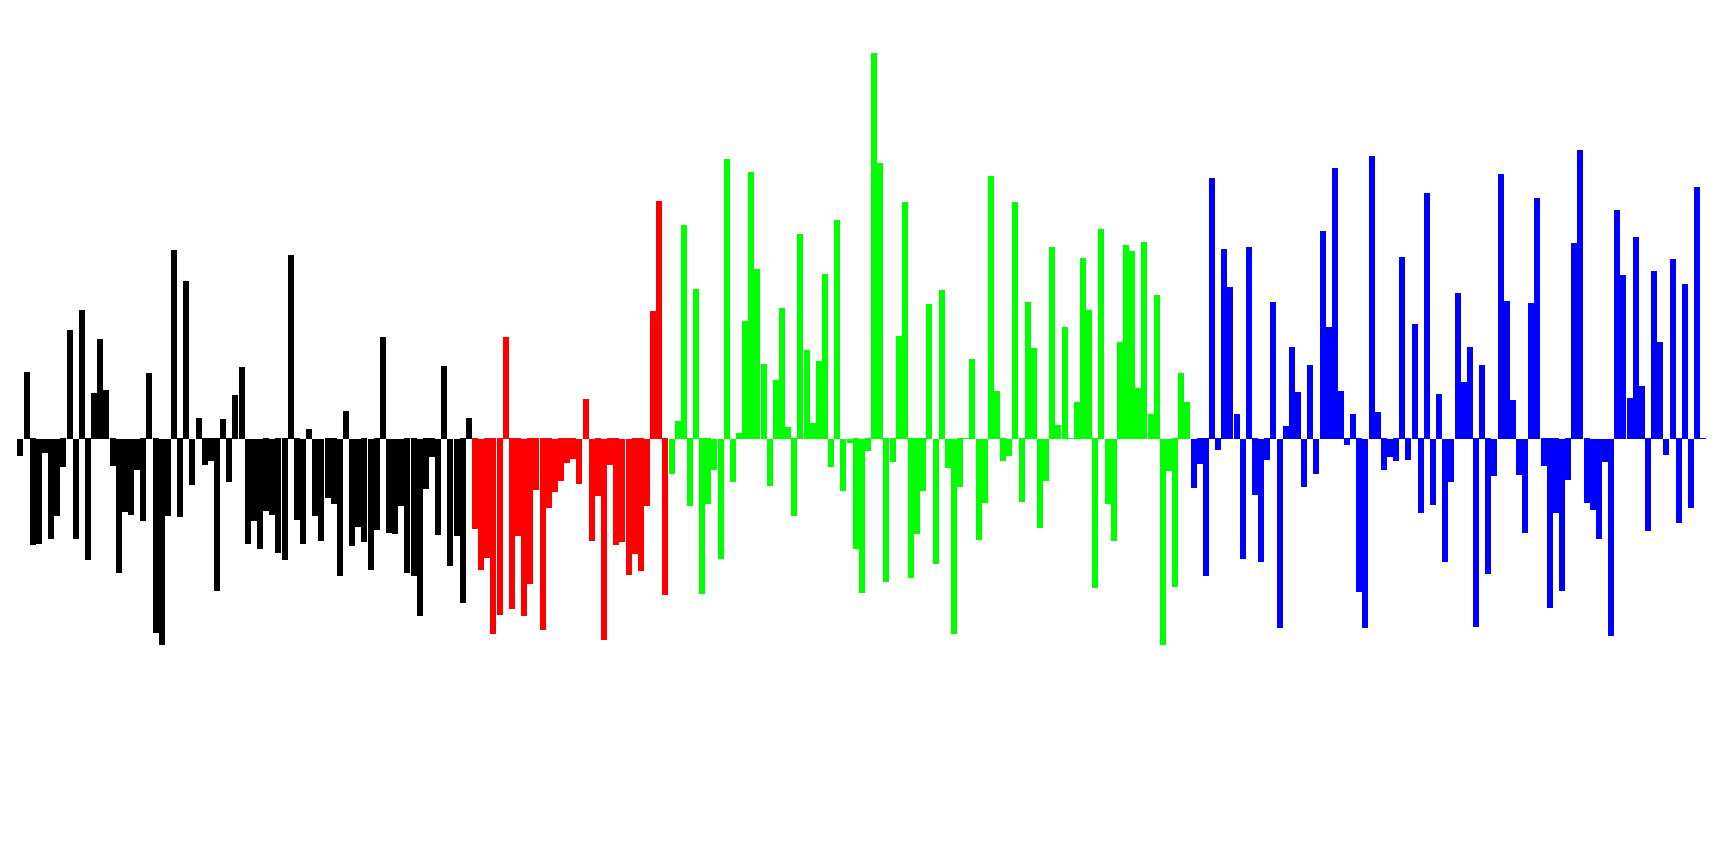

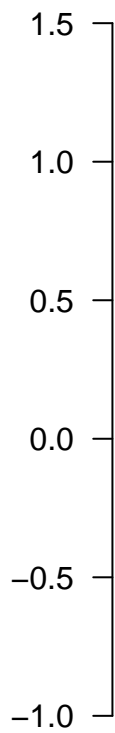

Expression of regulation of membrane potential in Spot N

Δe

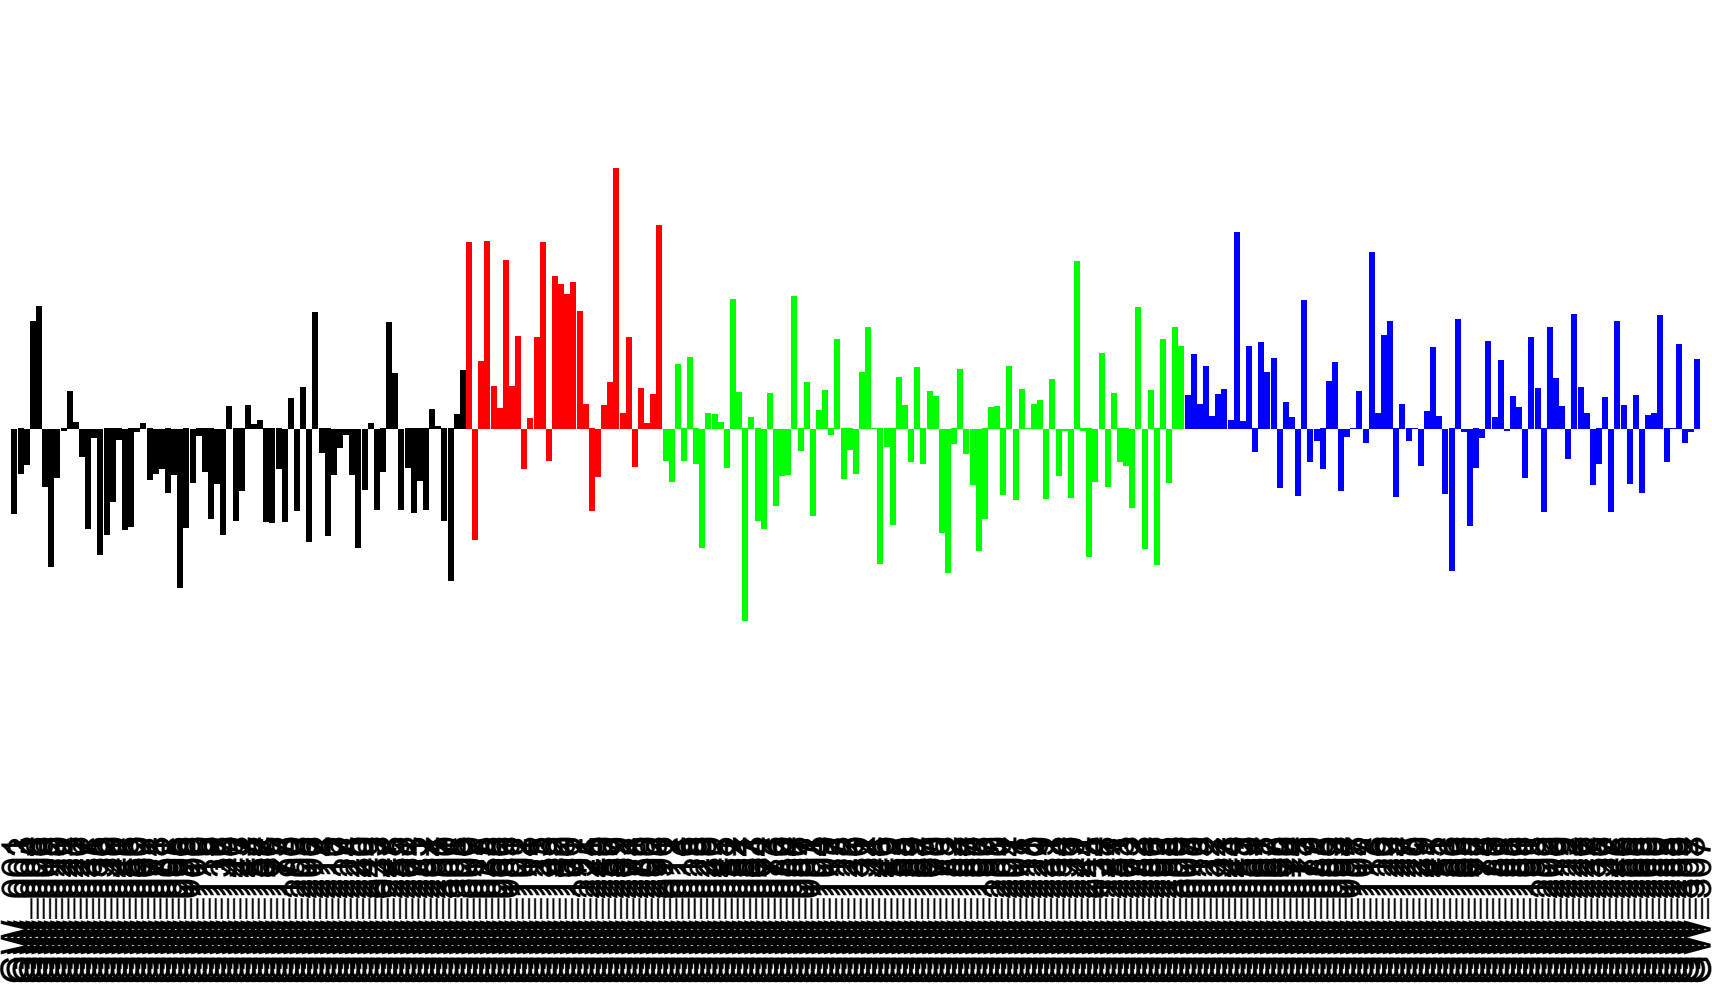

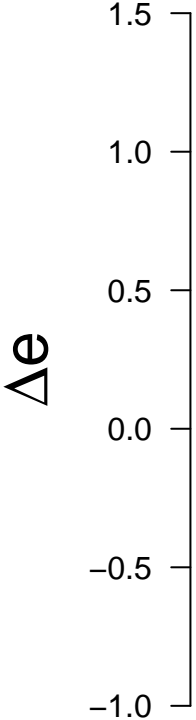

Expression of regulation of membrane potential in Spot O

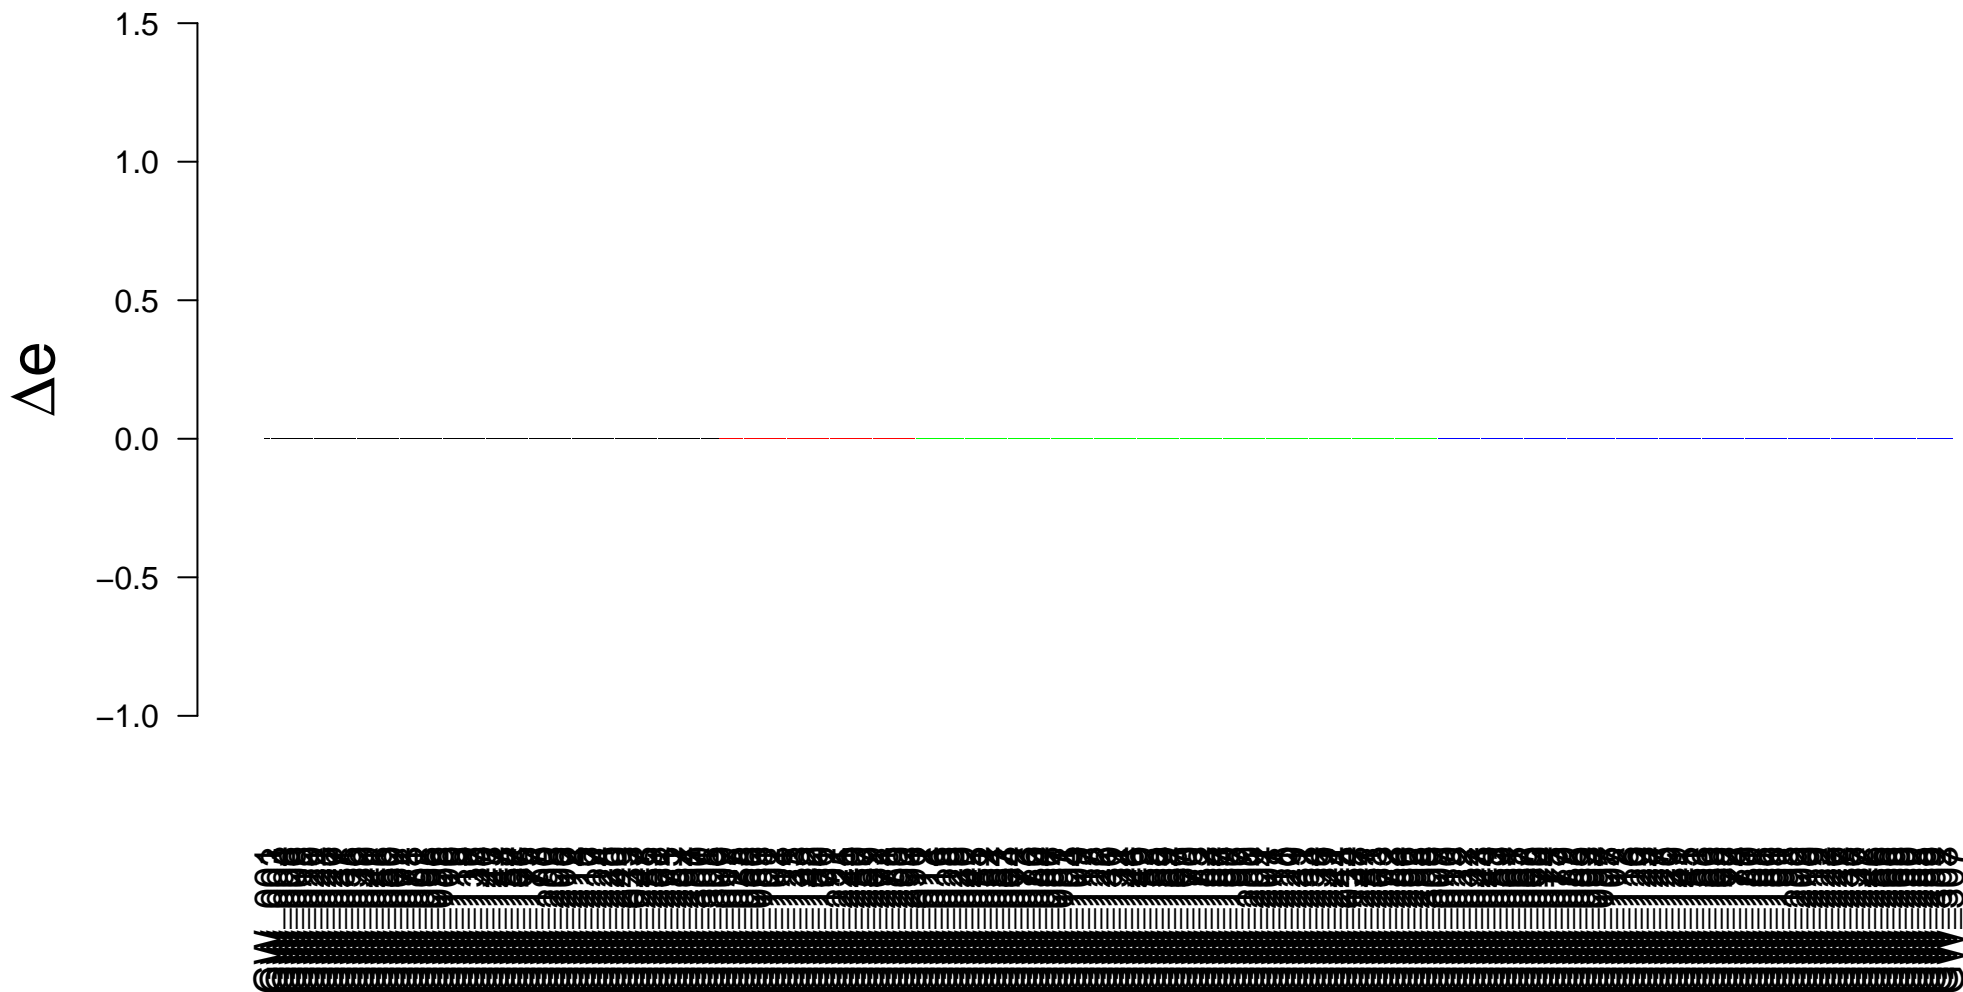

Δe

Expression of regulation of membrane potential in Spot P

Expression of regulation of membrane potential in Spot Q

Expression of regulation of membrane potential in Spot R

Δe
