

regulation of mitochondrial membrane permeability

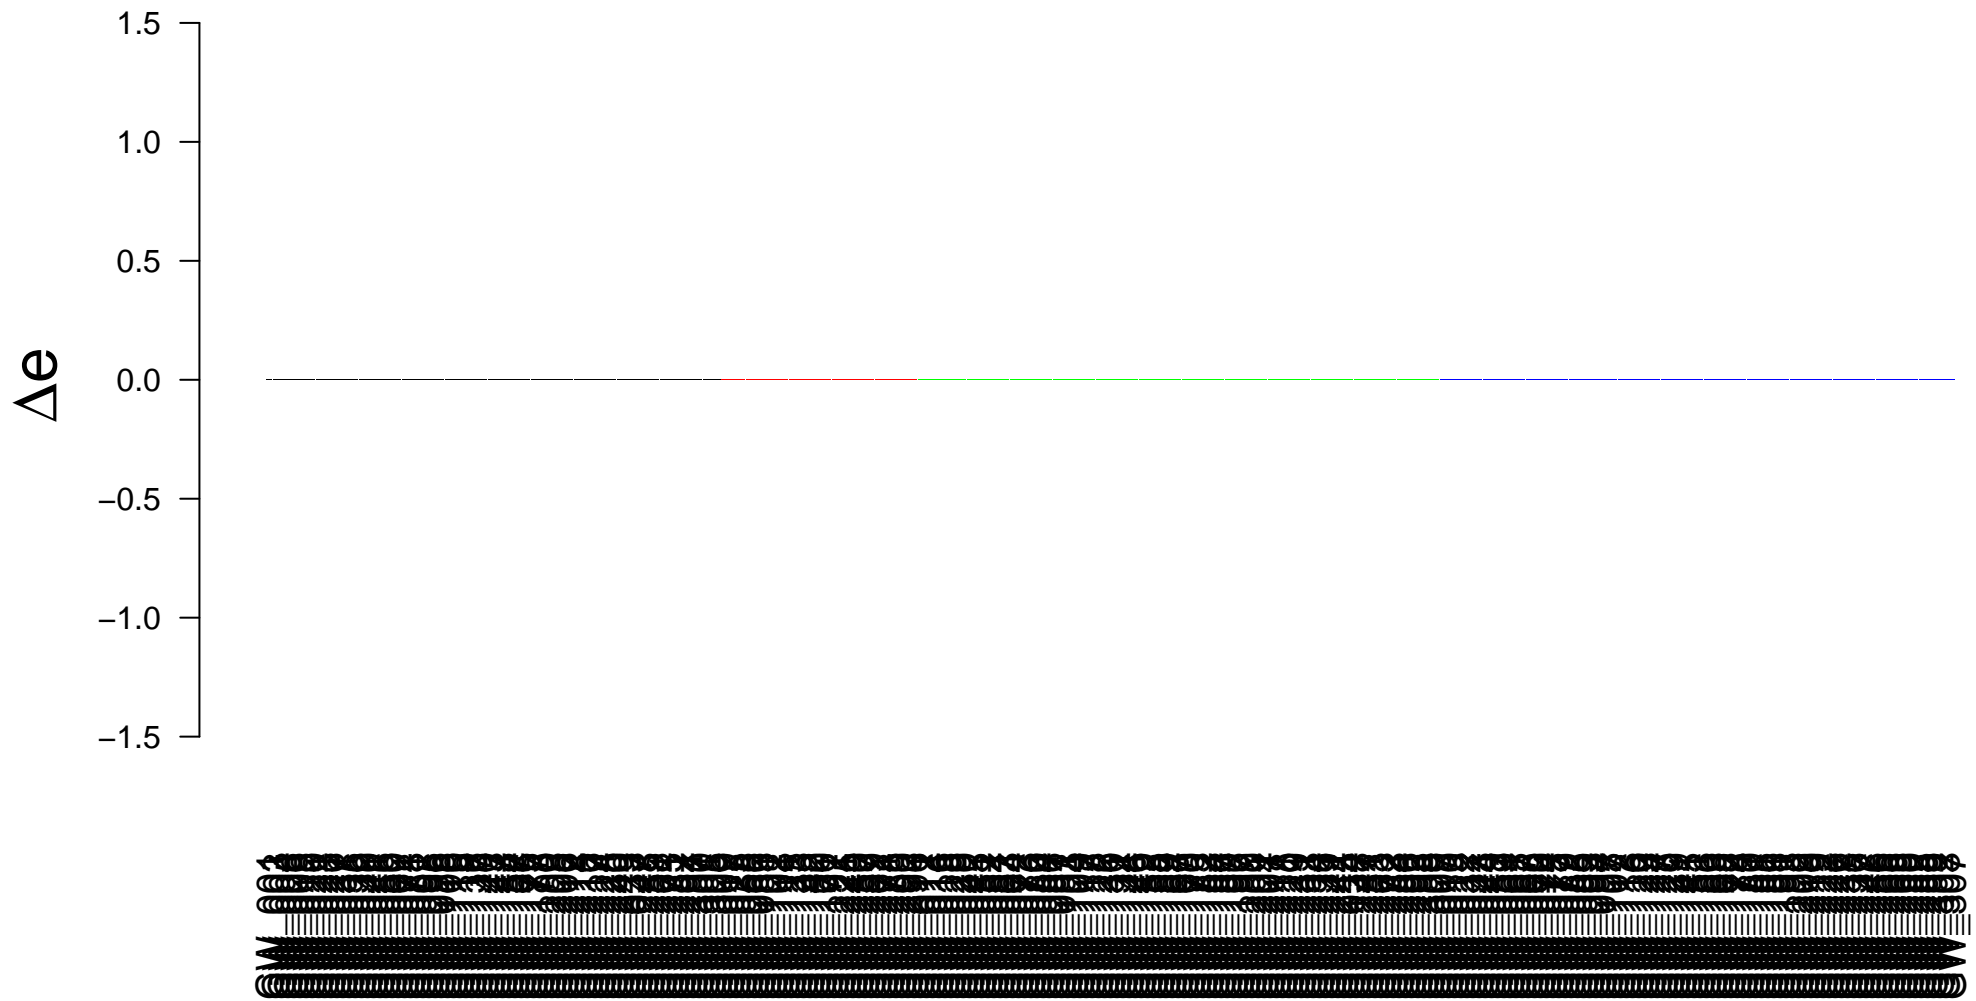

regulation of mitochondrial membrane permeability

Enrichment in spots: regulation of mitochondrial membrane permeability

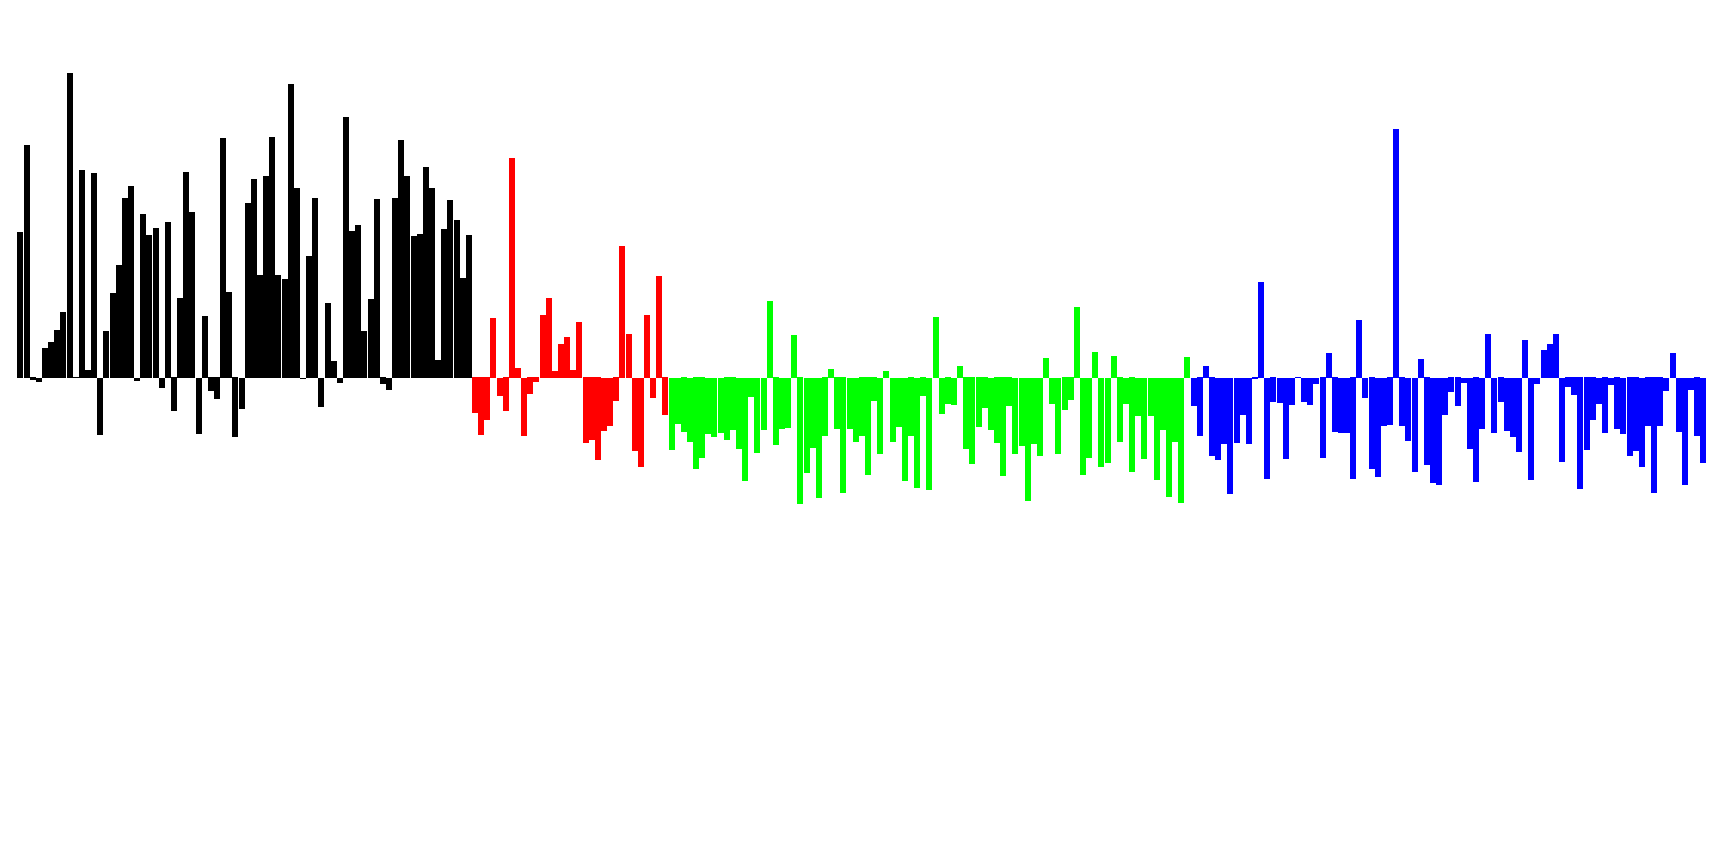

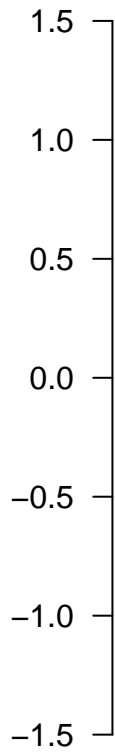

Expression of regulation of mitochondrial membrane permeability in Spot A

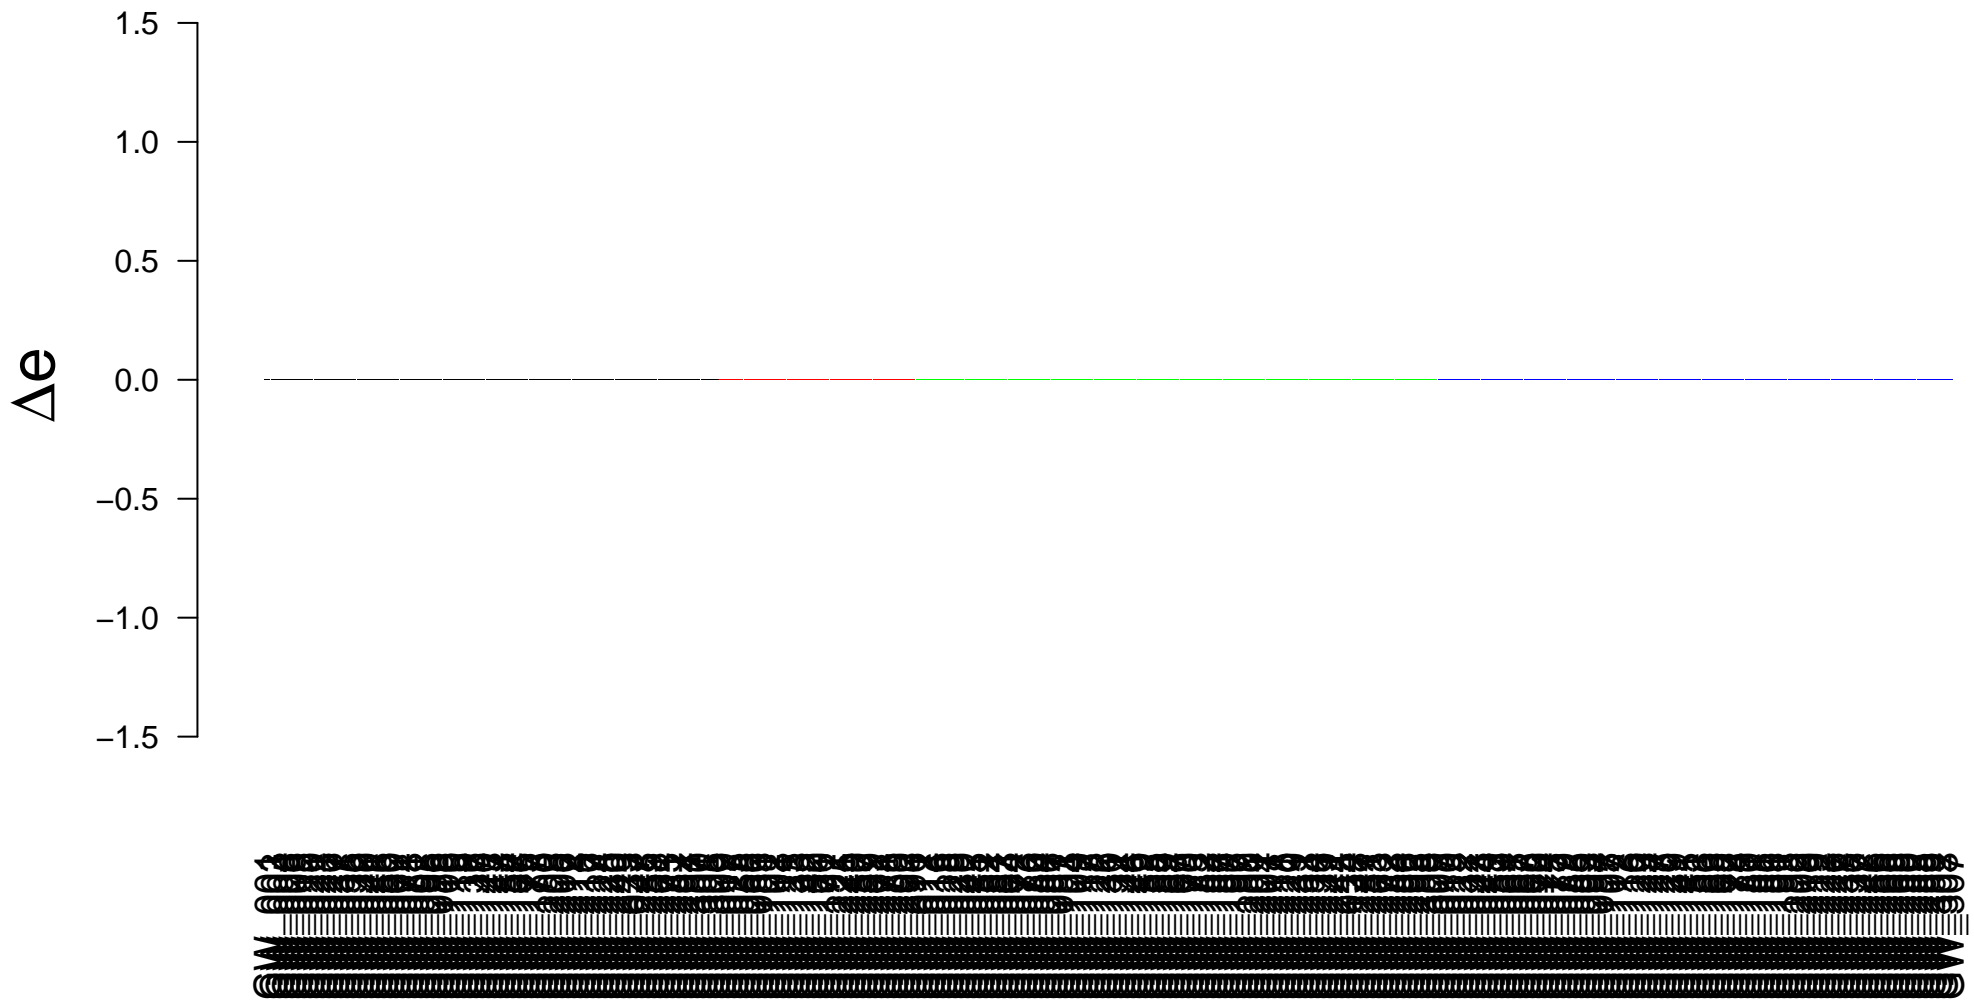

Expression of regulation of mitochondrial membrane permeability in Spot B

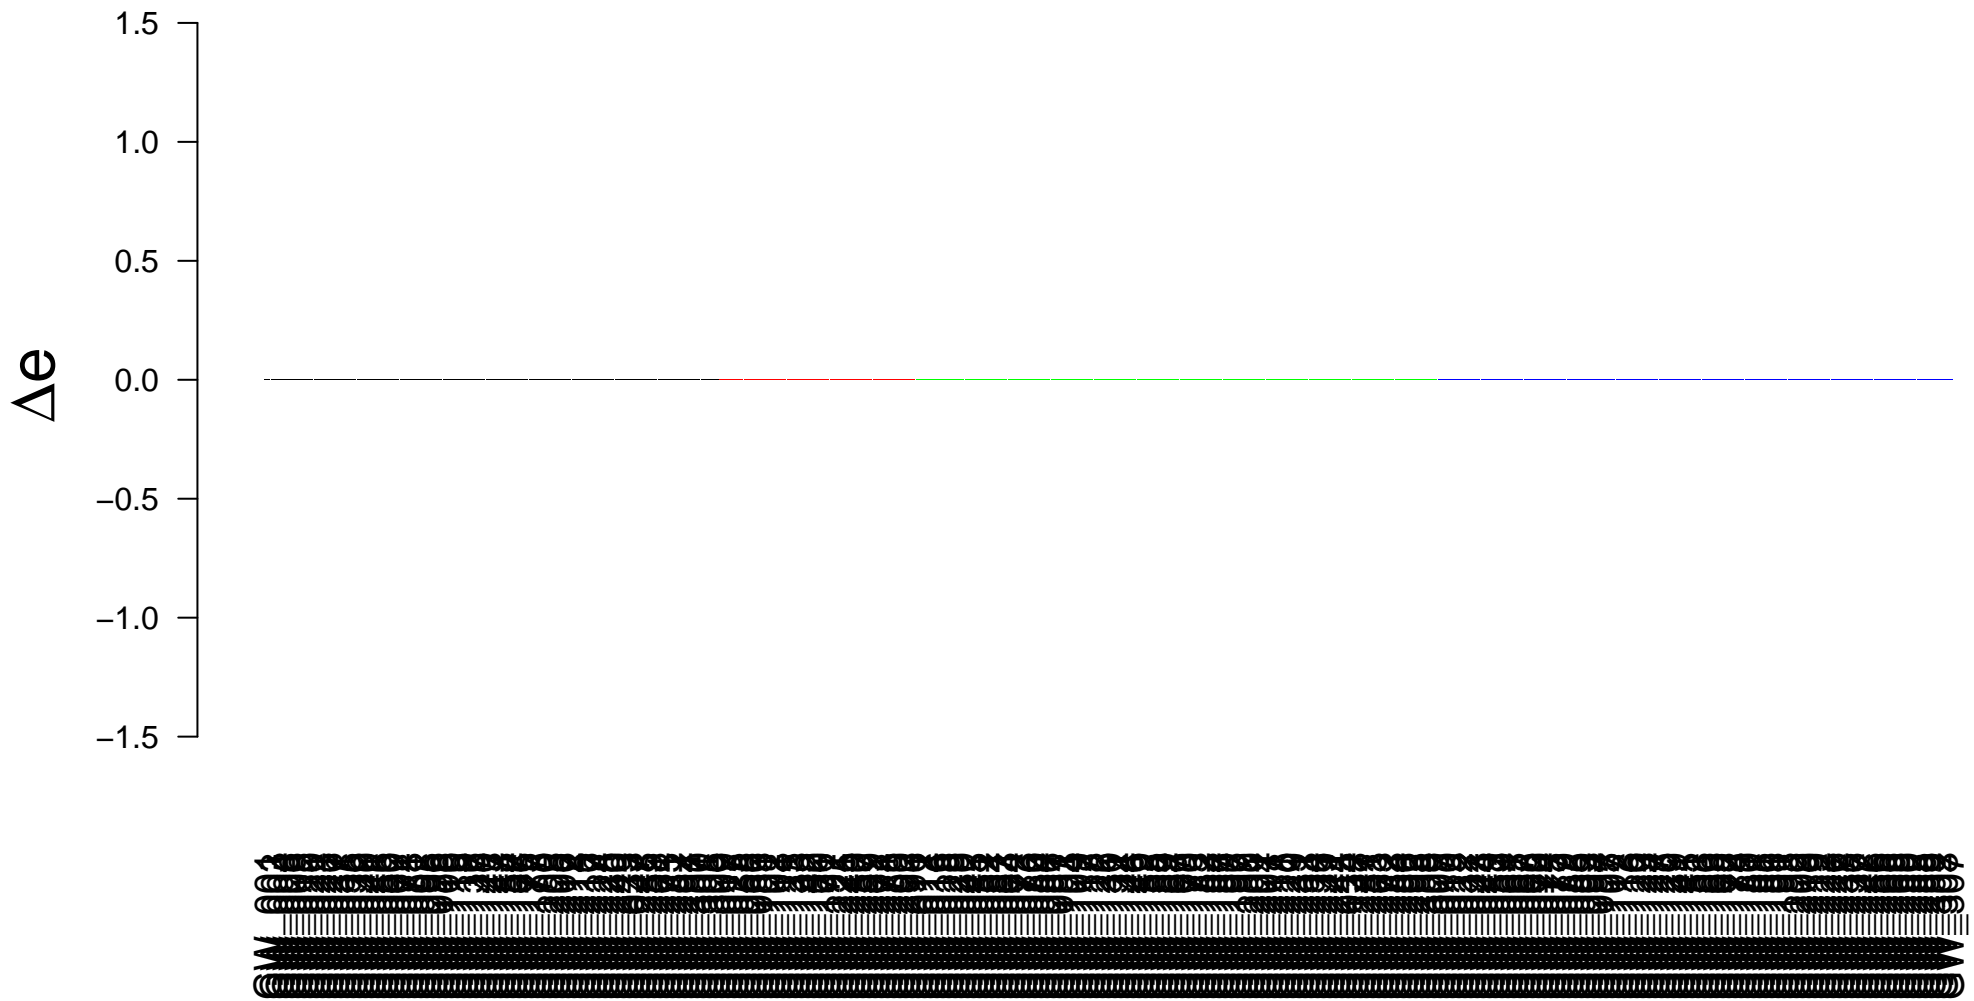

Δe

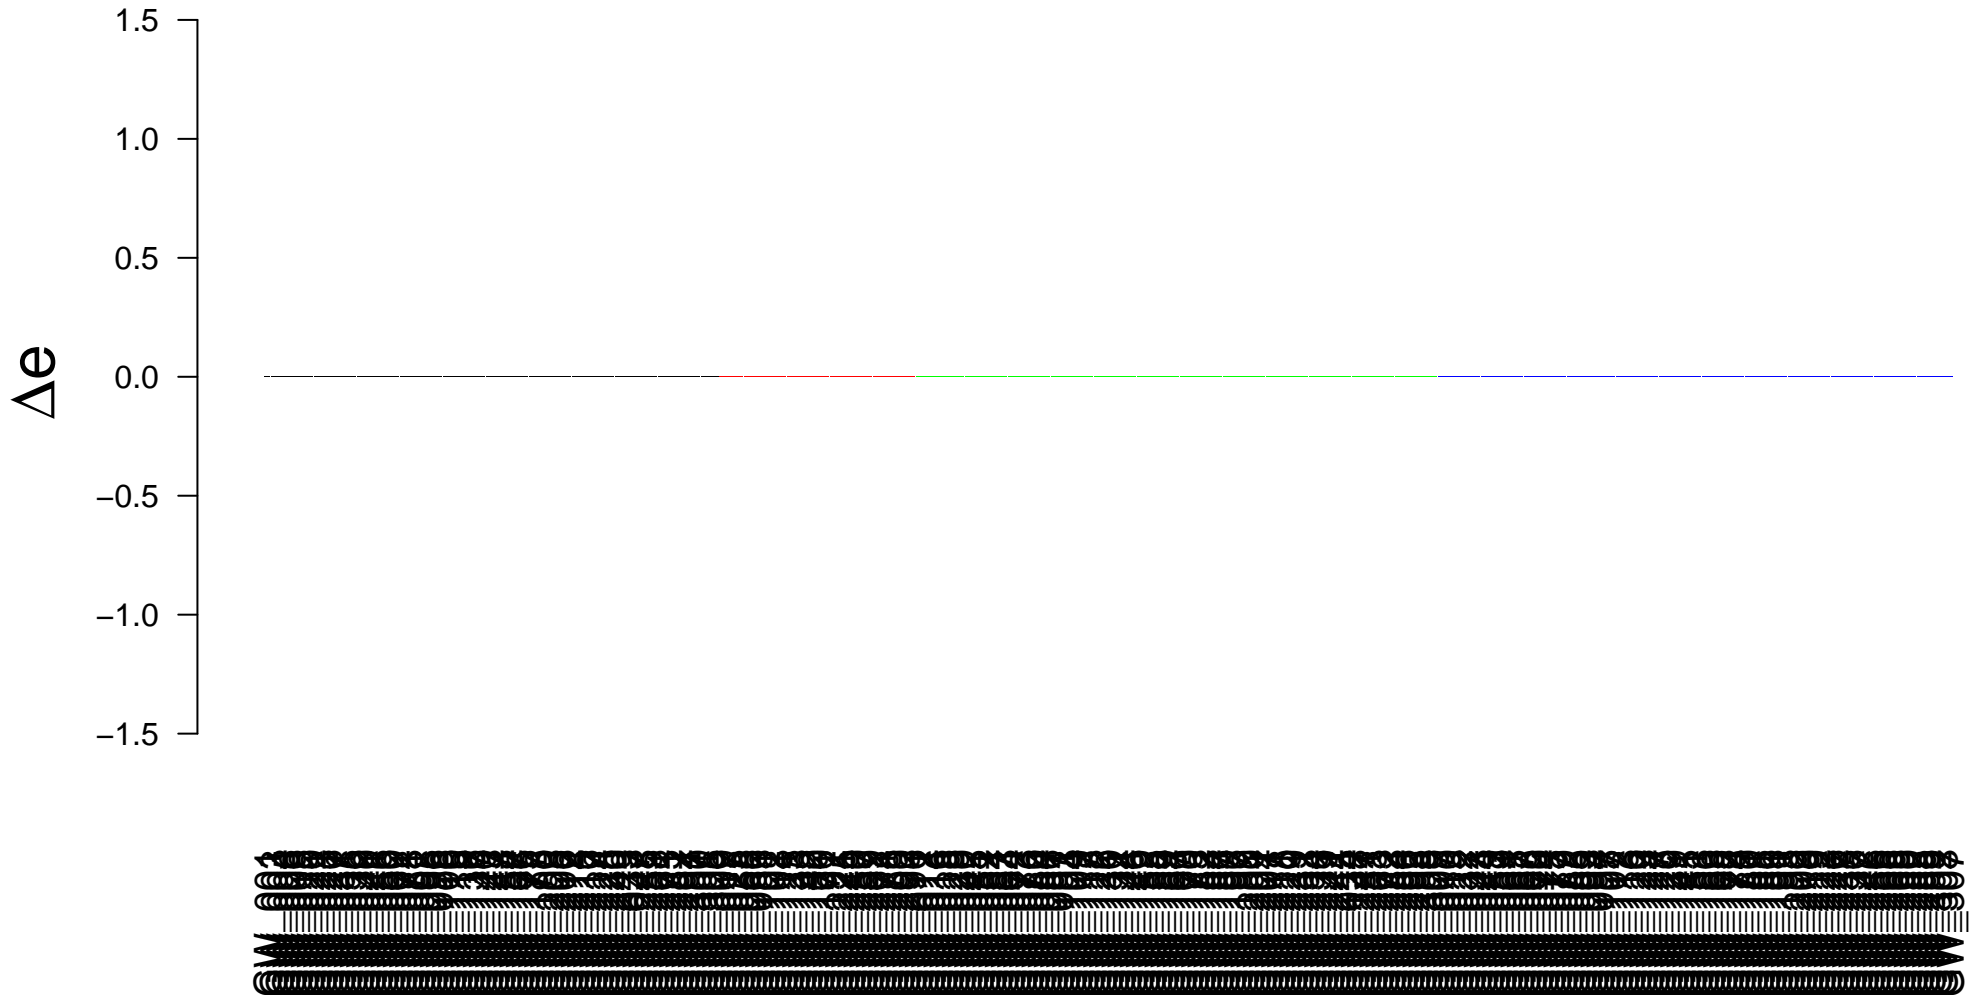

Expression of regulation of mitochondrial membrane permeability in Spot C

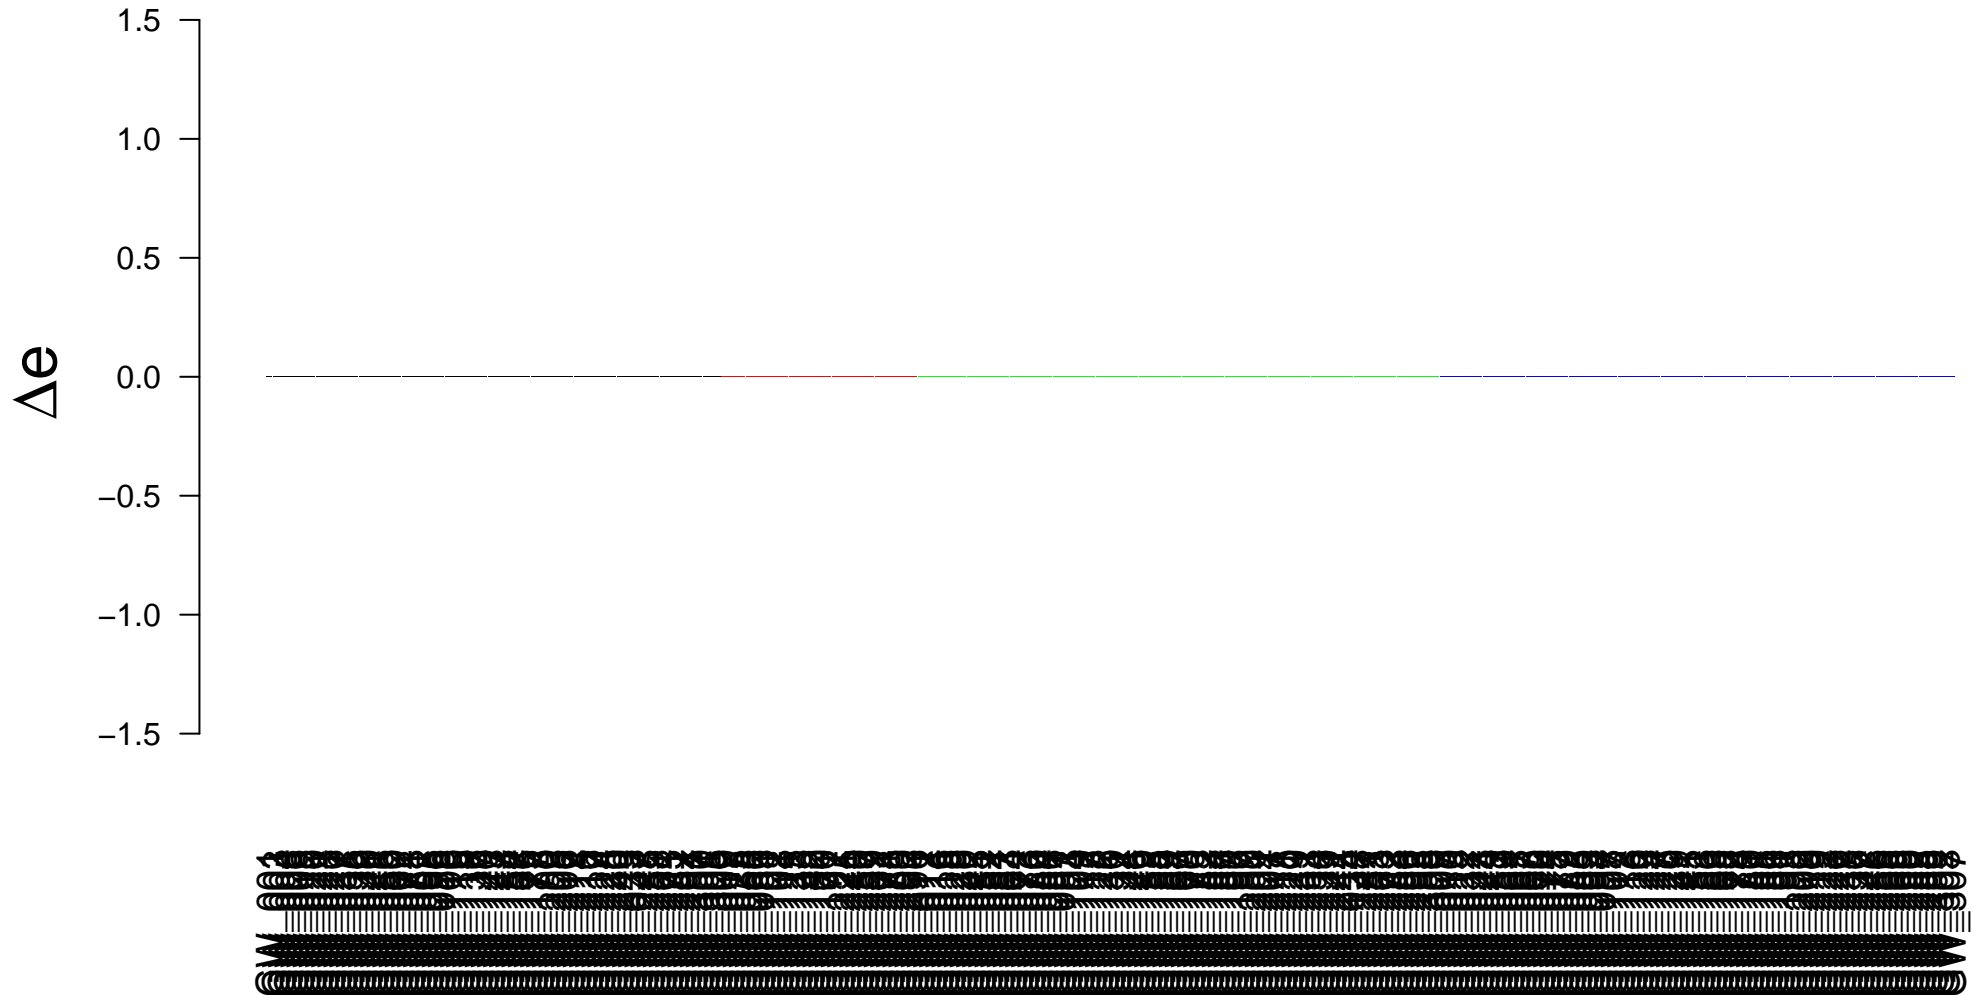

Expression of regulation of mitochondrial membrane permeability in Spot D

Expression of regulation of mitochondrial membrane permeability in Spot E

Expression of regulation of mitochondrial membrane permeability in Spot F

Expression of regulation of mitochondrial membrane permeability in Spot G

Expression of regulation of mitochondrial membrane permeability in Spot H

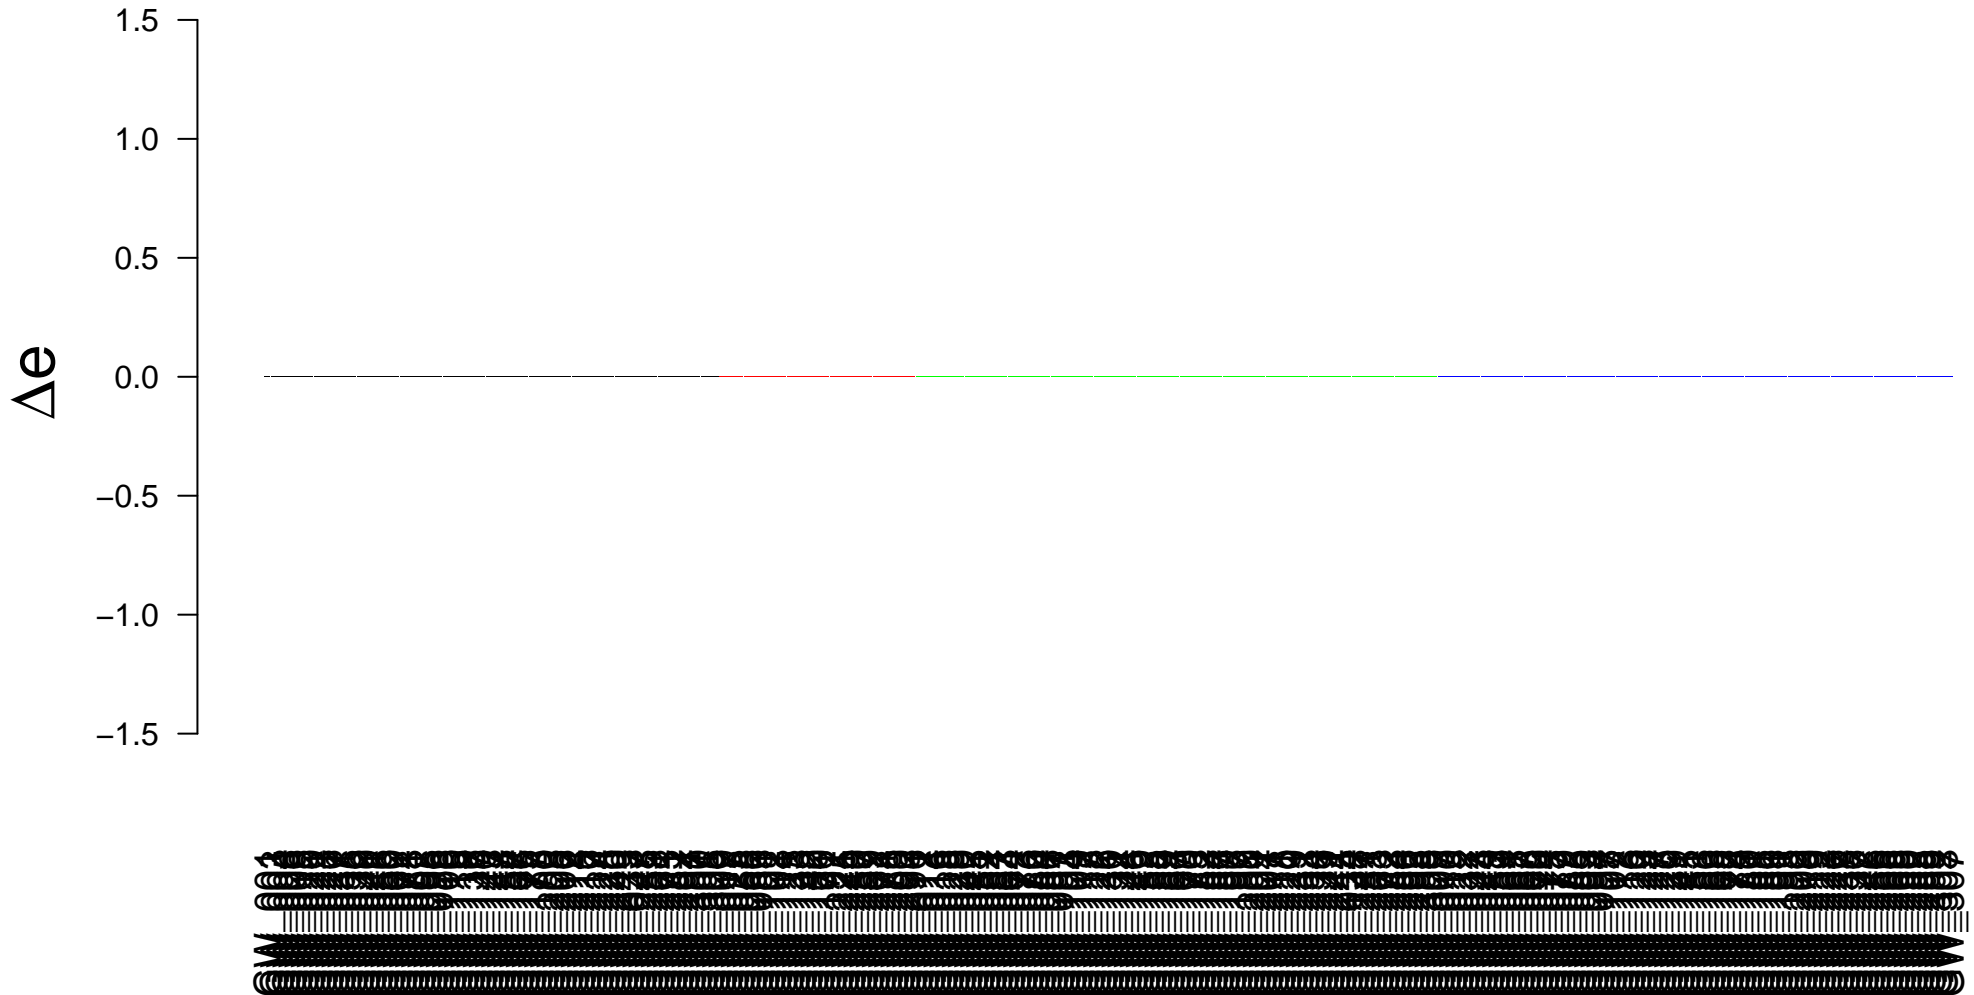

Expression of regulation of mitochondrial membrane permeability in Spot I

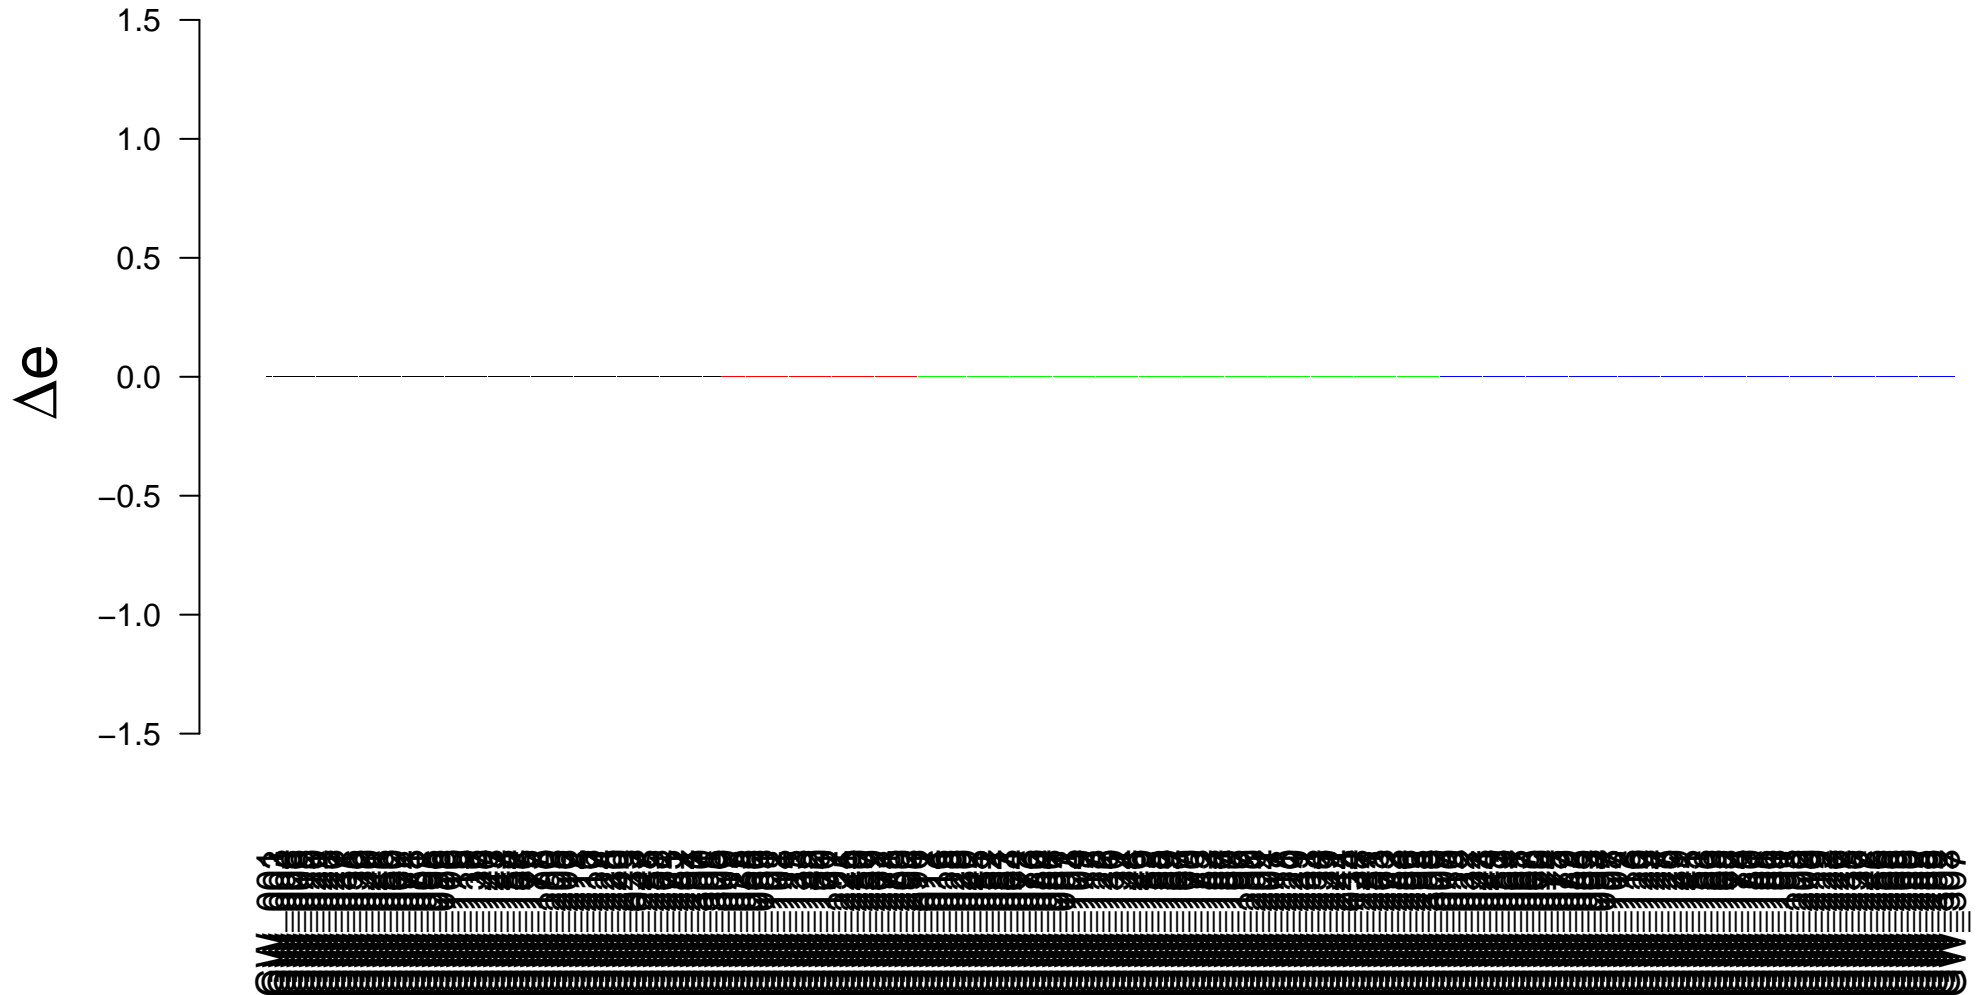

Expression of regulation of mitochondrial membrane permeability in Spot J

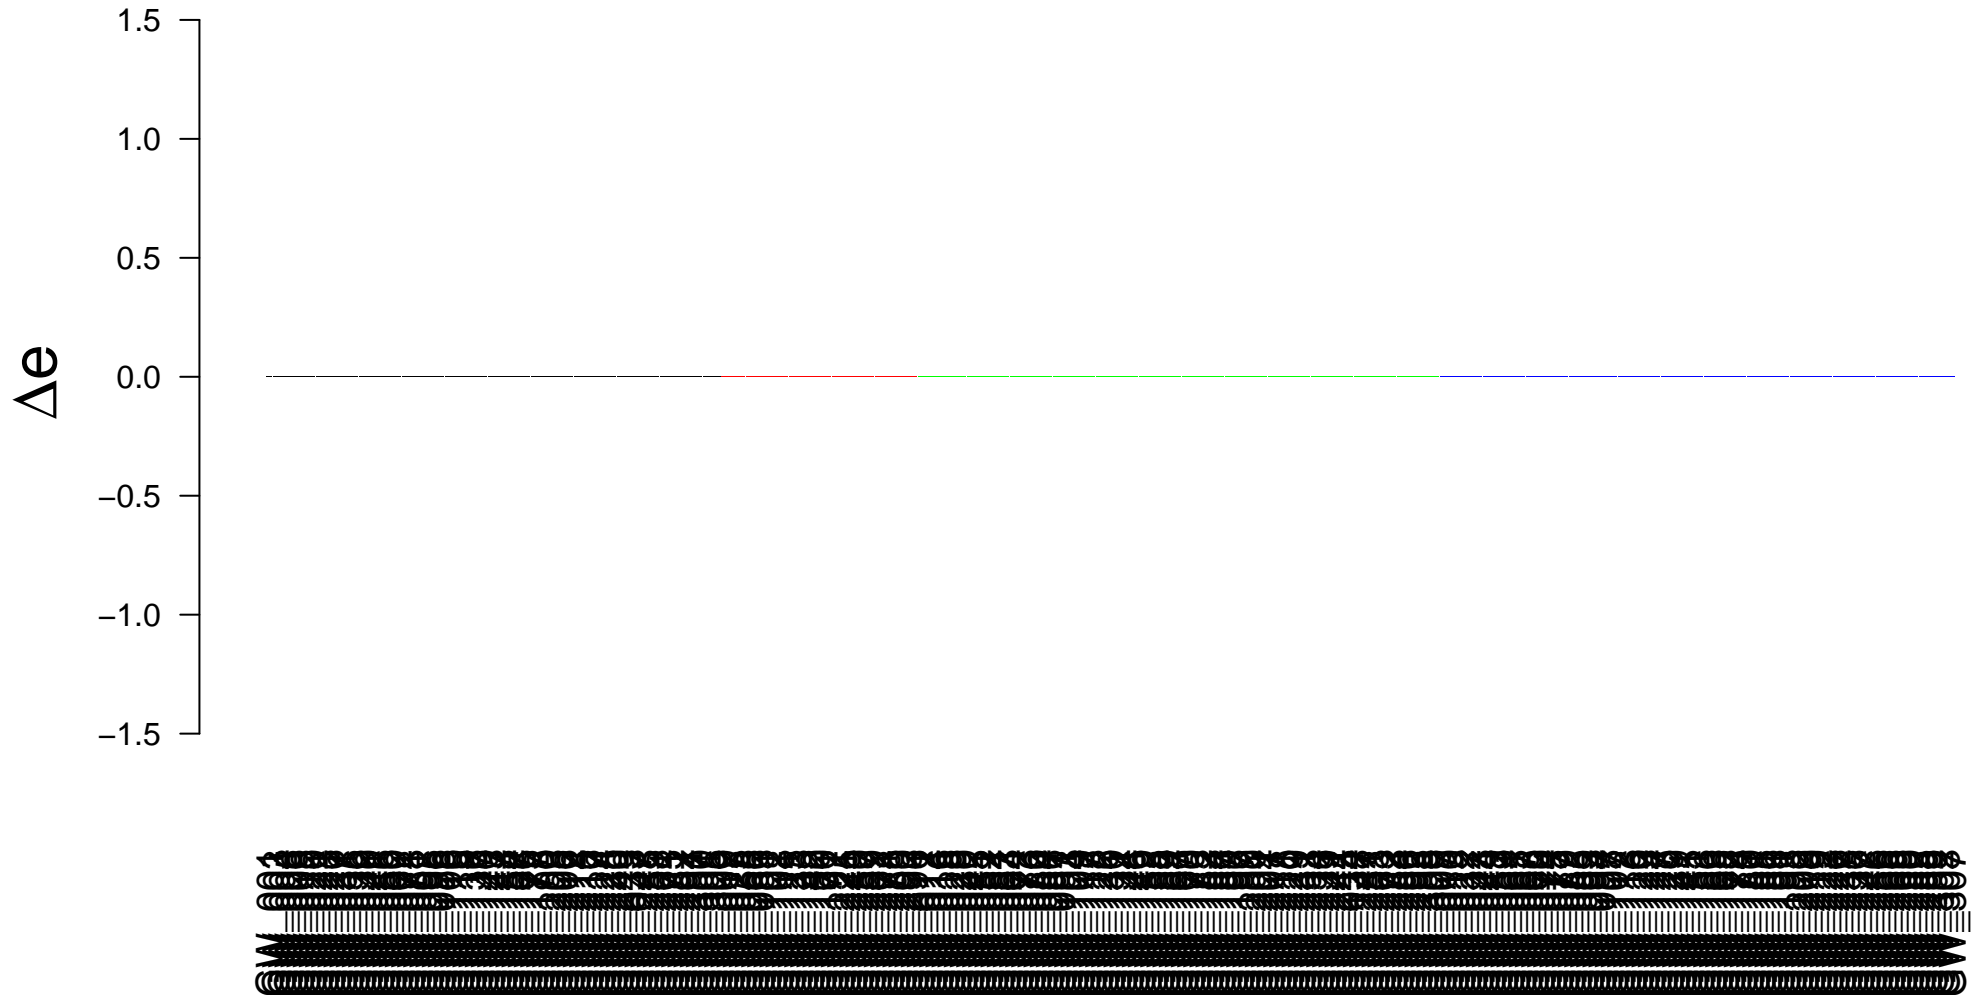

Expression of regulation of mitochondrial membrane permeability in Spot K

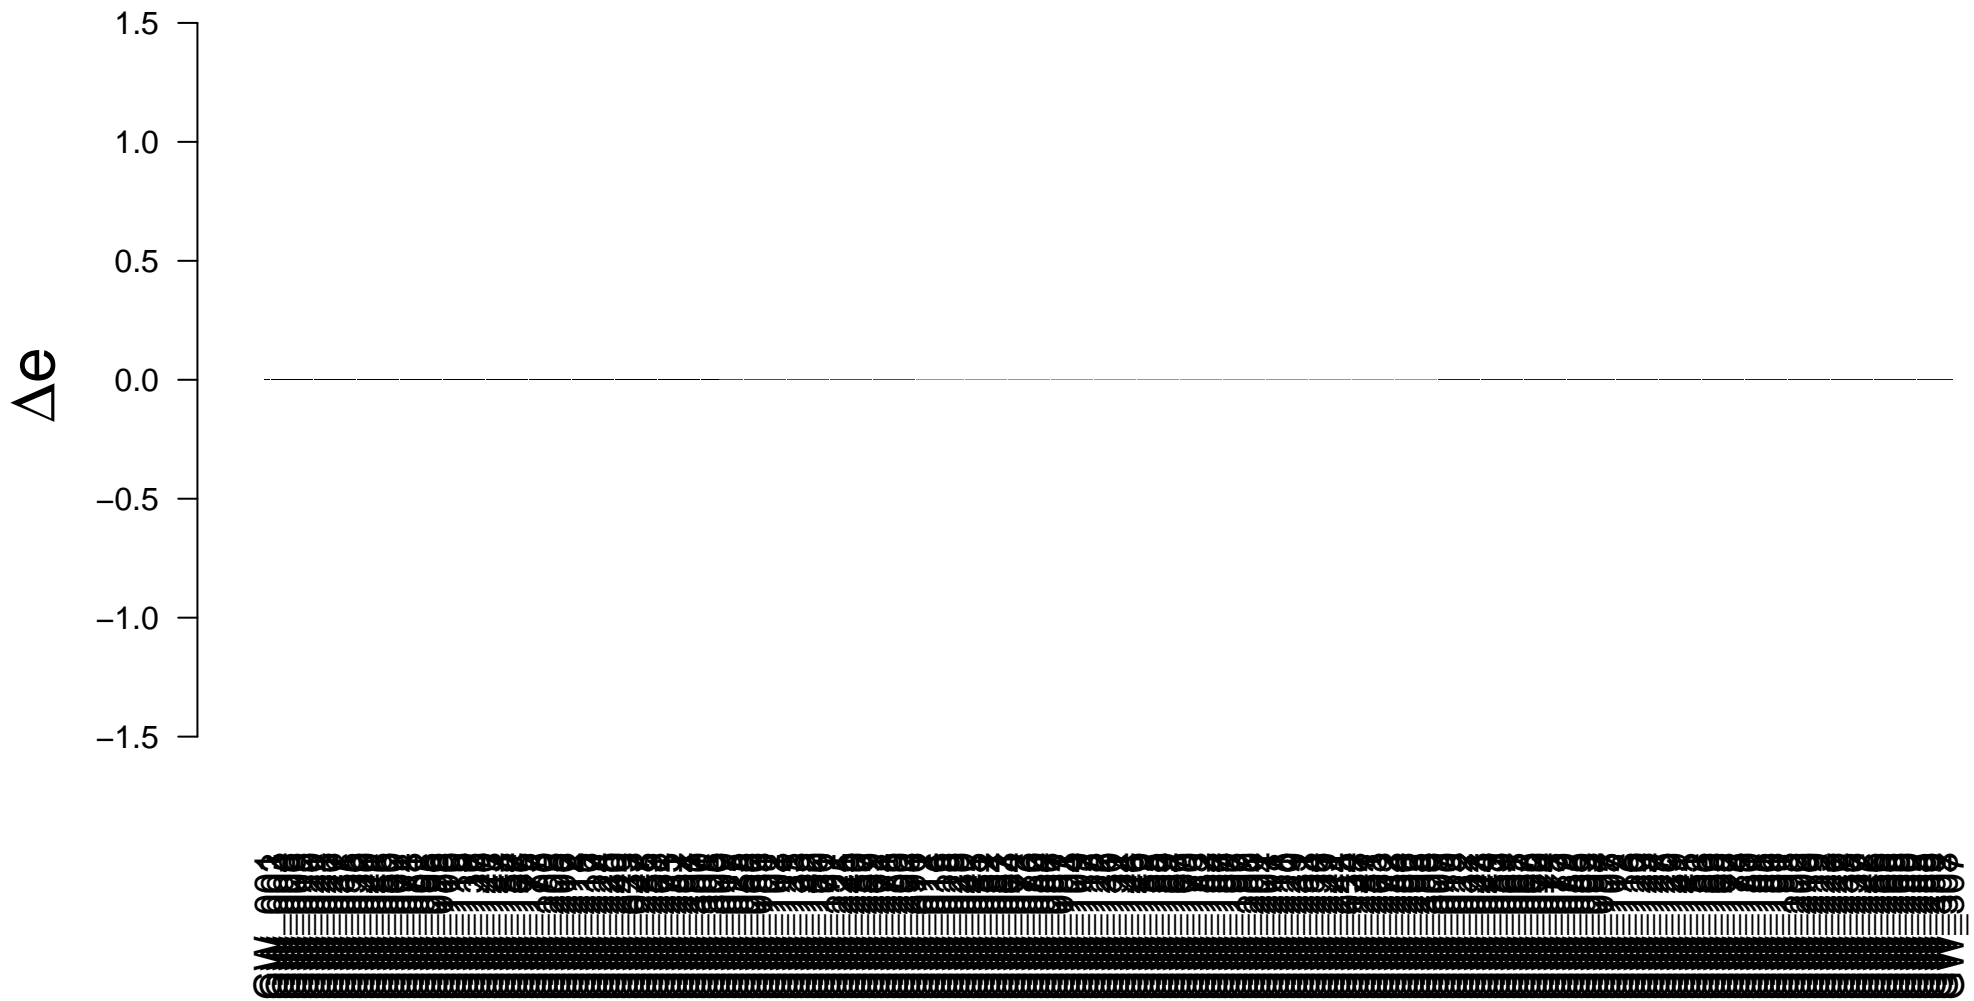

Expression of regulation of mitochondrial membrane permeability in Spot L

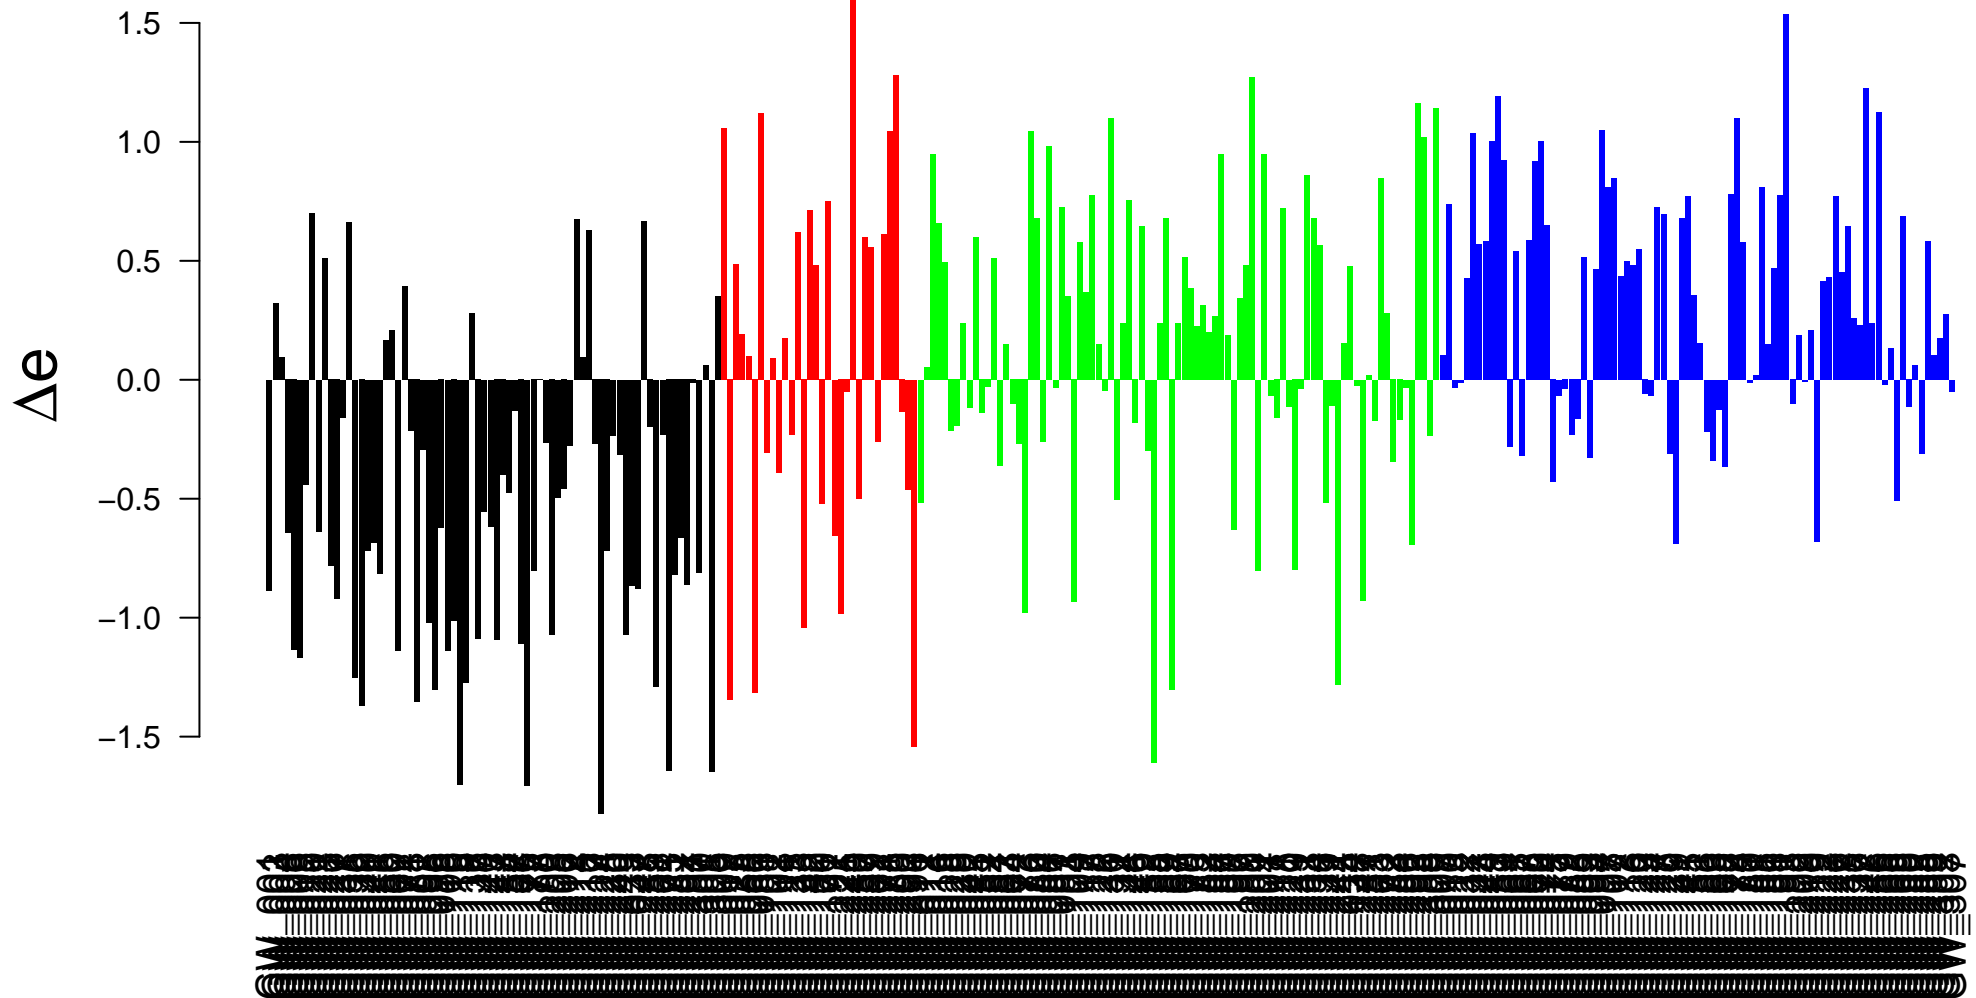

Expression of regulation of mitochondrial membrane permeability in Spot M

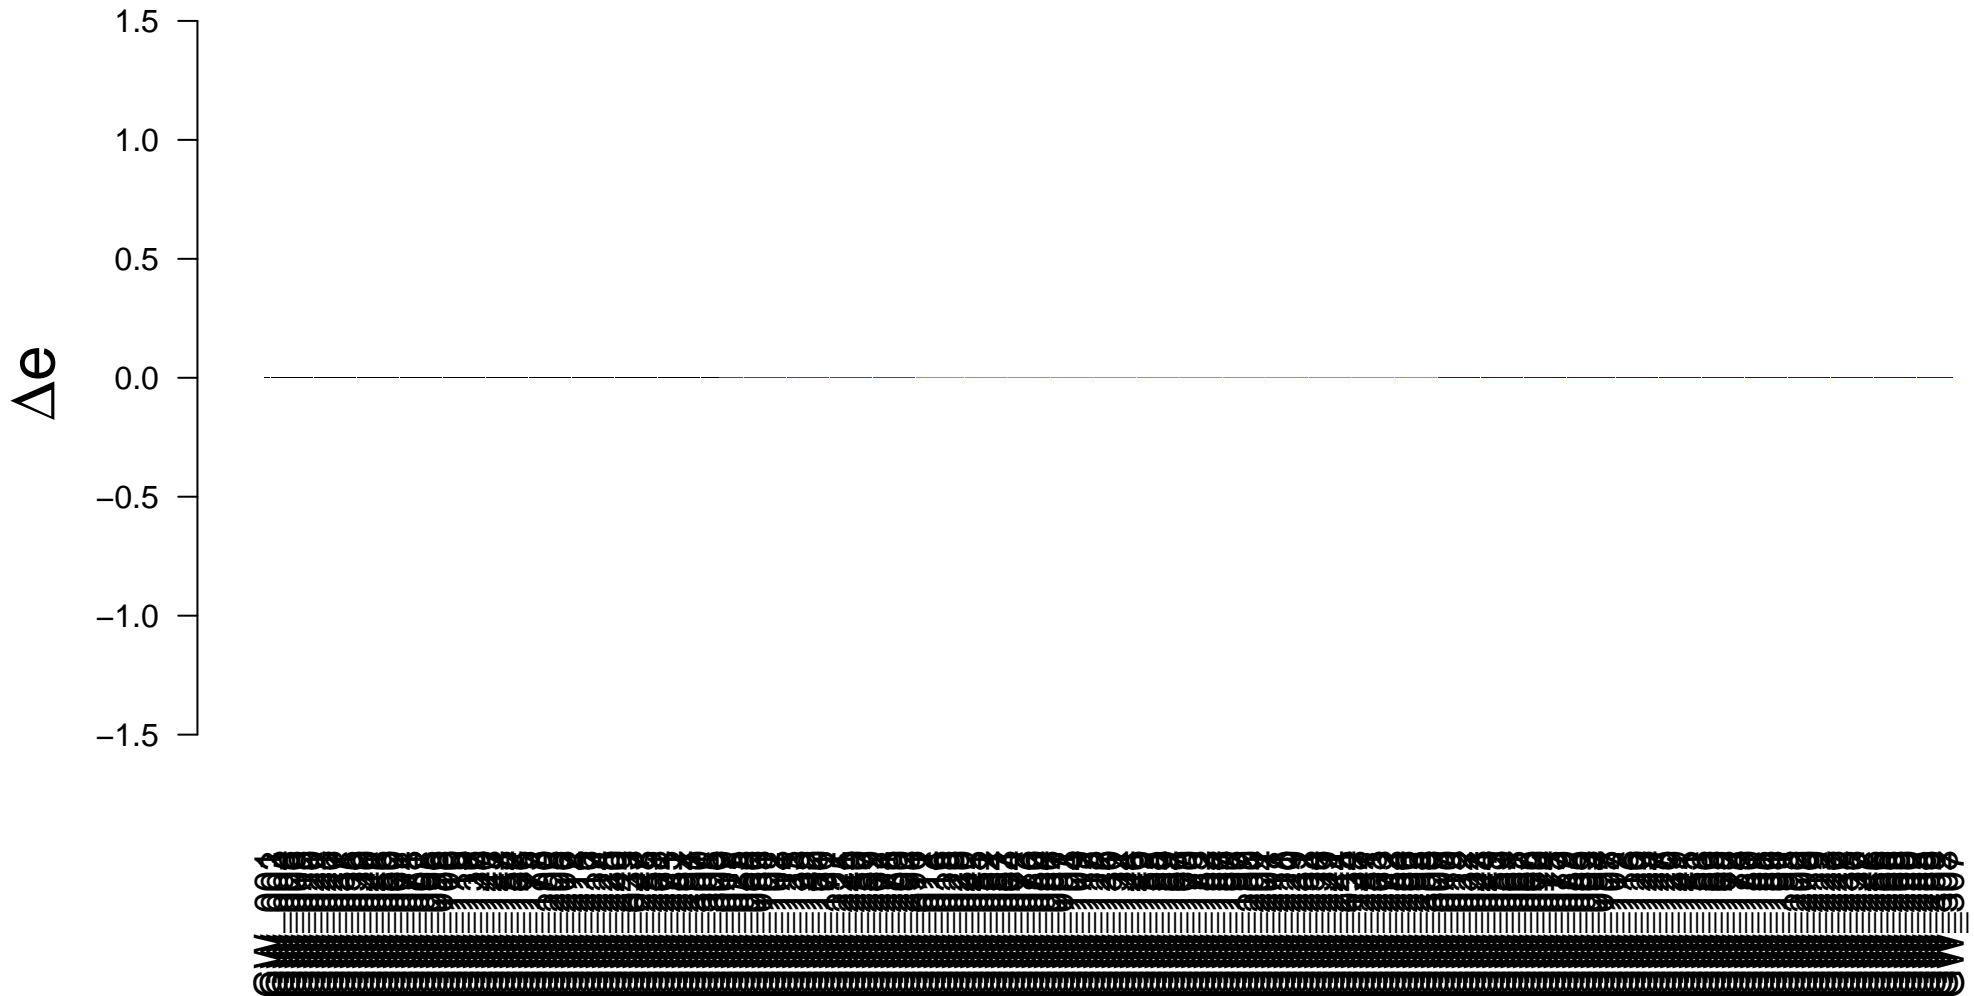

Expression of regulation of mitochondrial membrane permeability in Spot N

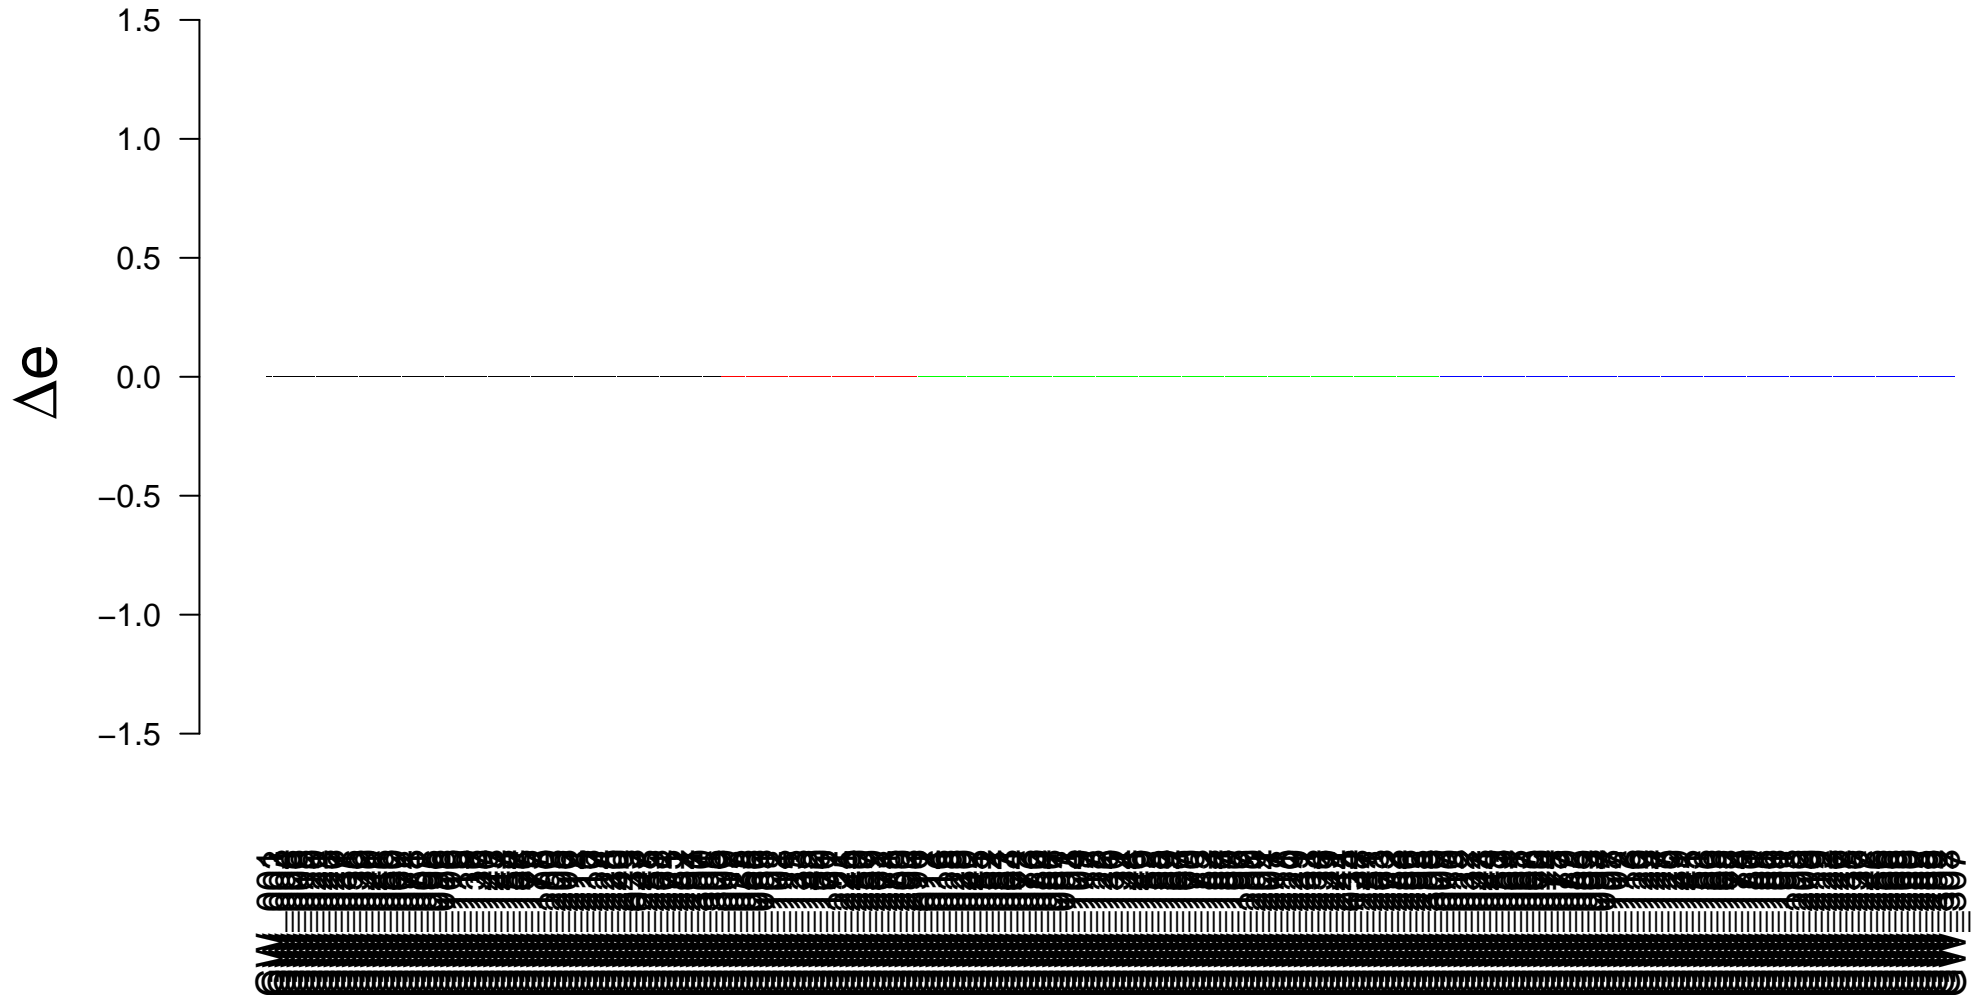

Expression of regulation of mitochondrial membrane permeability in Spot O

Expression of regulation of mitochondrial membrane permeability in Spot P

Expression of regulation of mitochondrial membrane permeability in Spot Q

Expression of regulation of mitochondrial membrane permeability in Spot R
