

# regulation of mitochondrial membrane potential

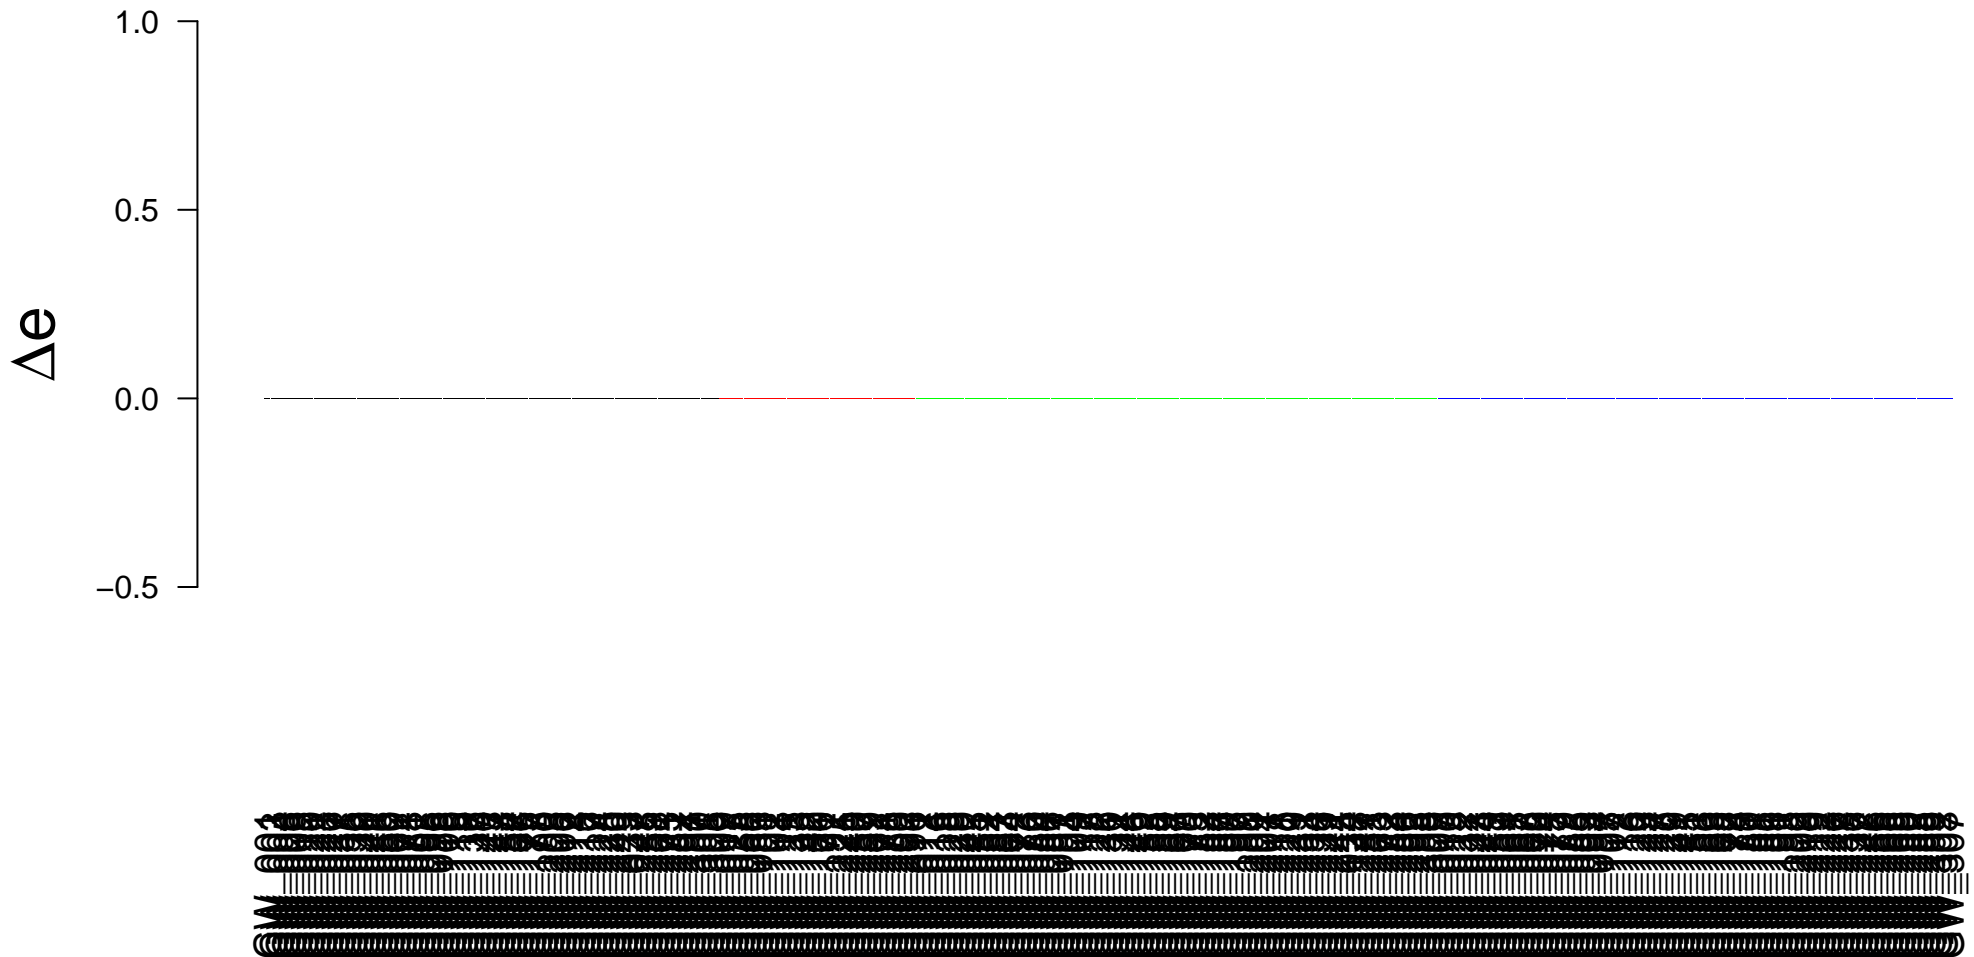

# regulation of mitochondrial membrane potential

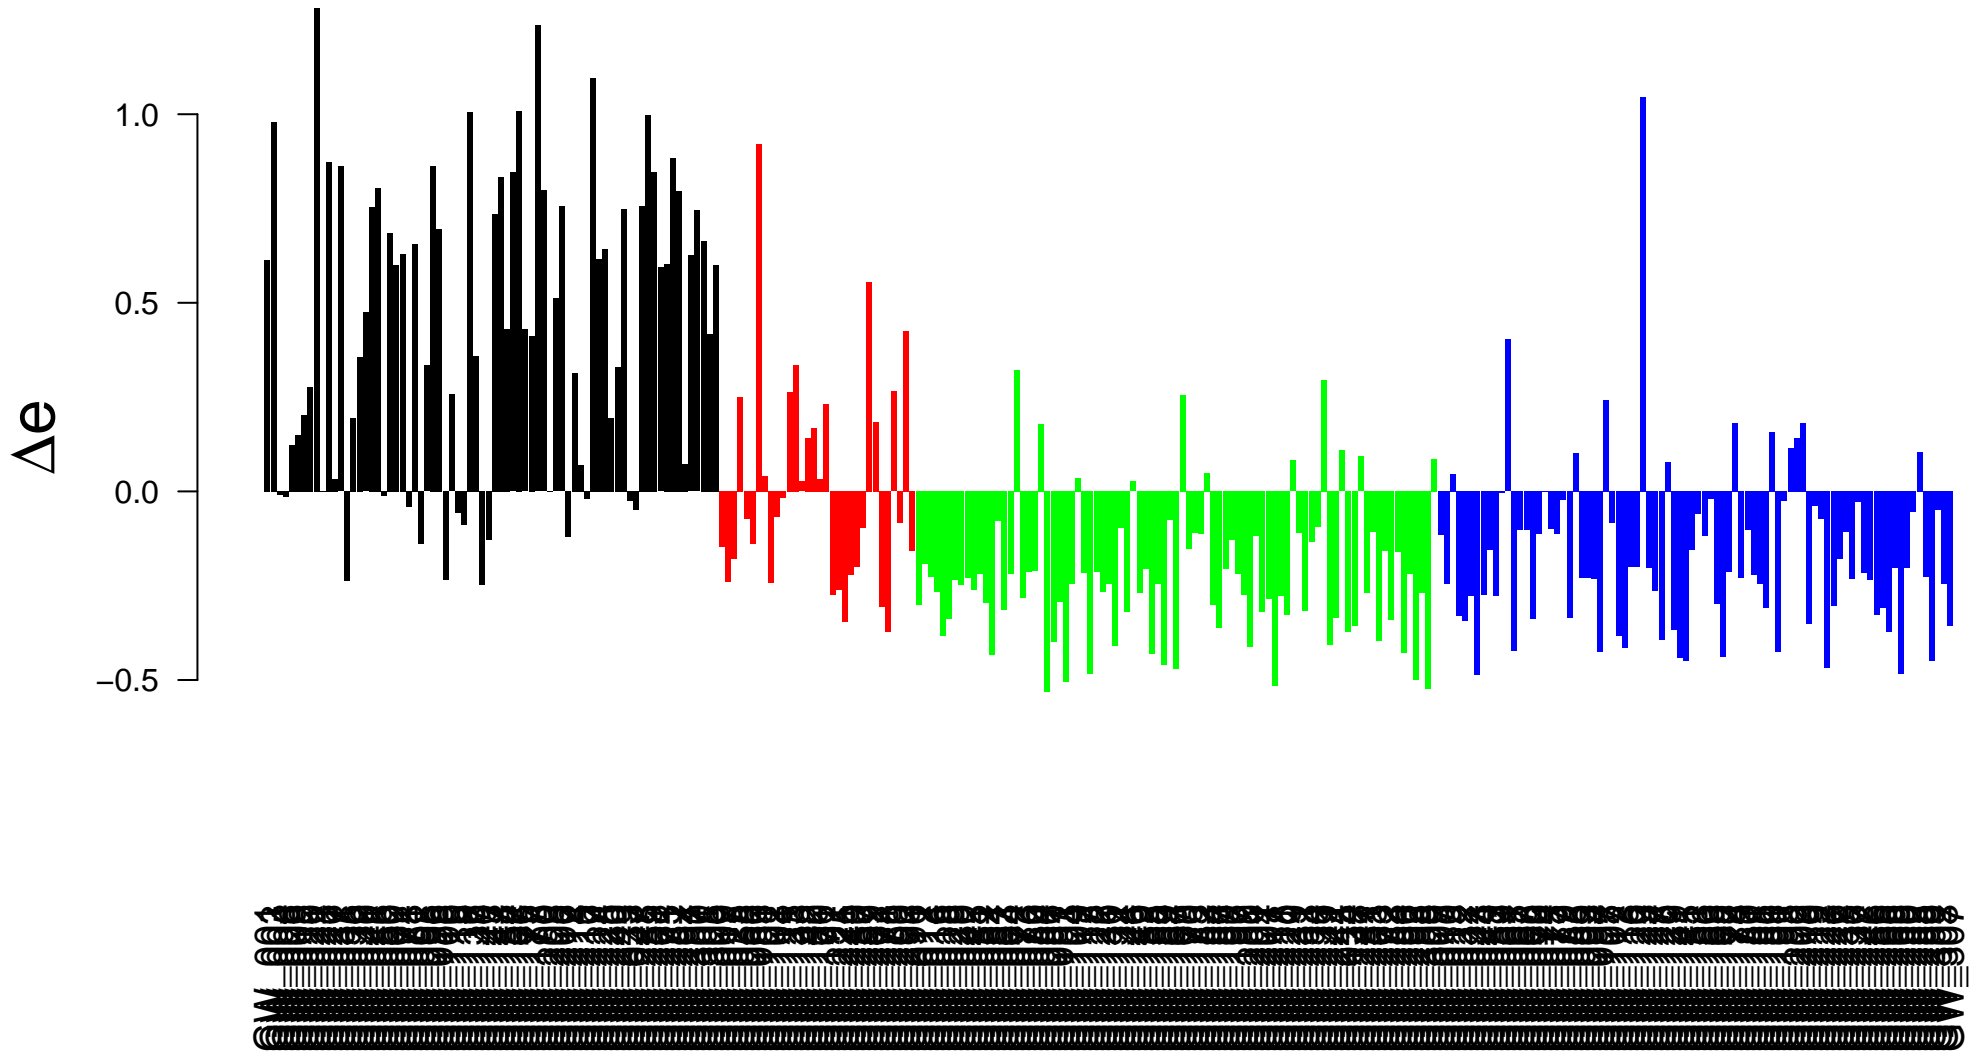

Enrichment in spots: regulation of mitochondrial membrane potential

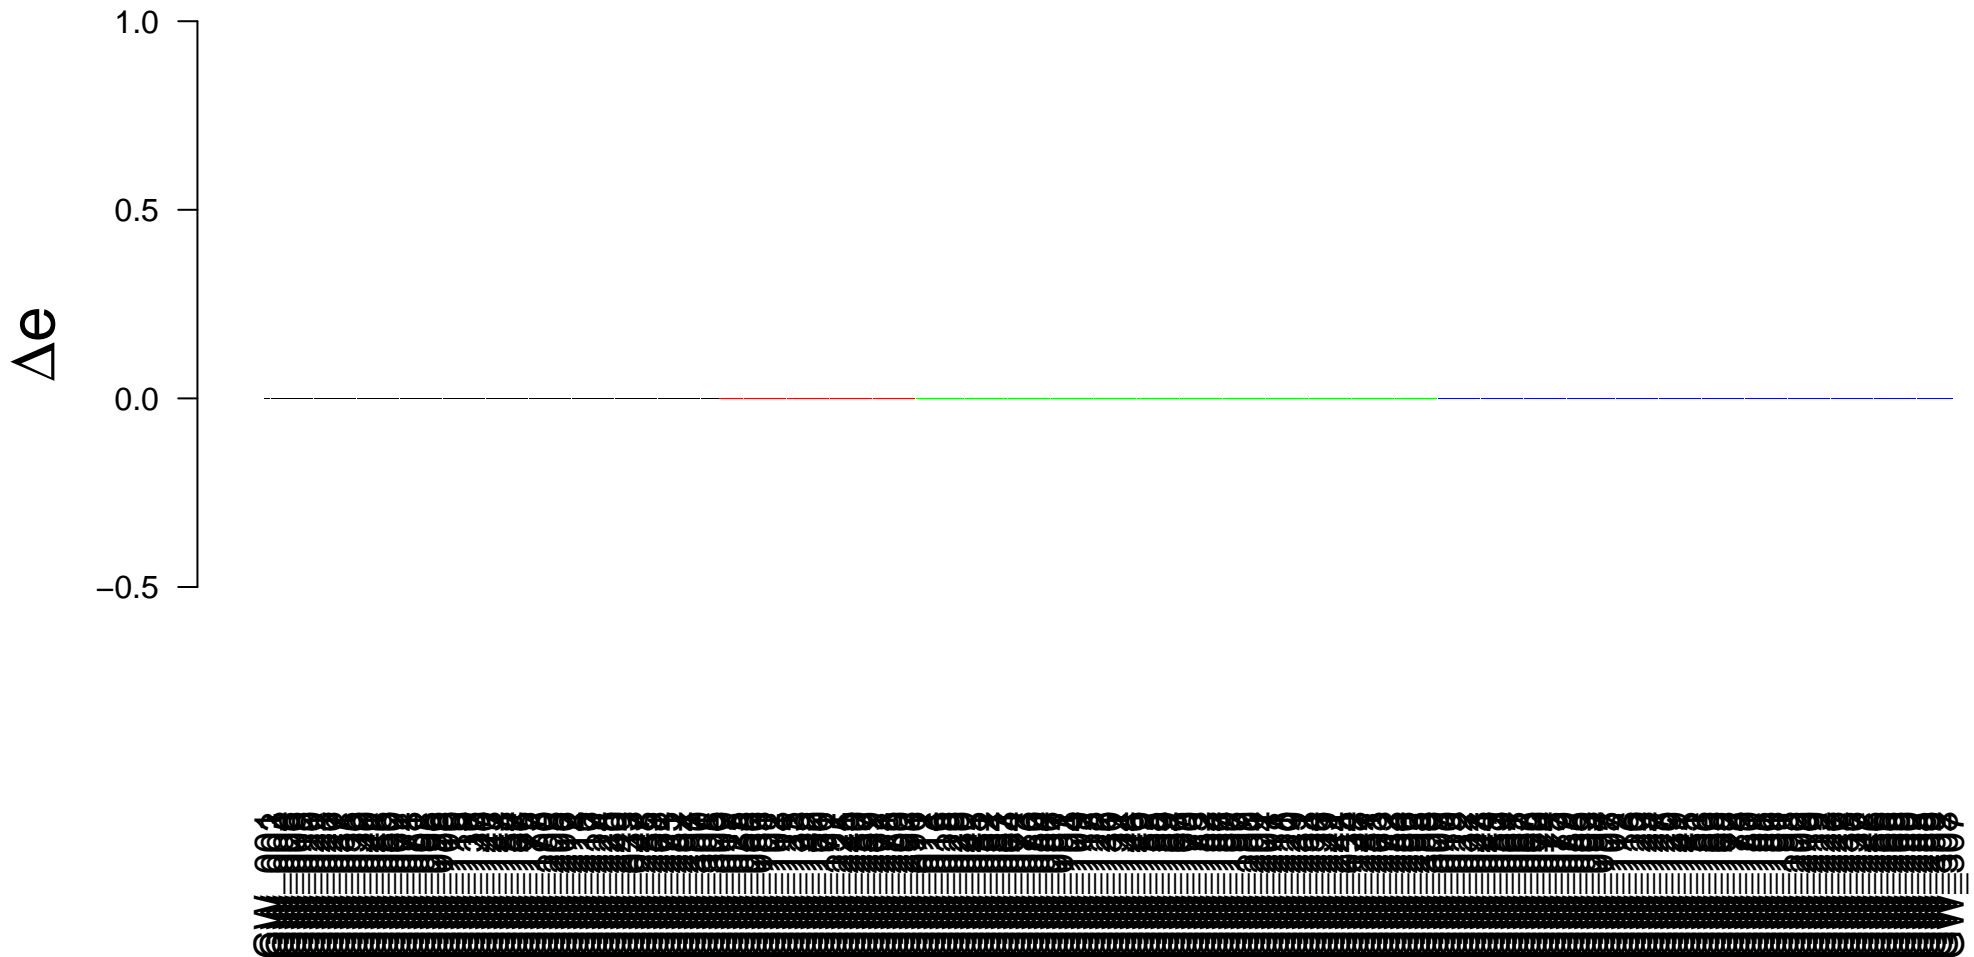

# Expression of regulation of mitochondrial membrane potential in Spot A

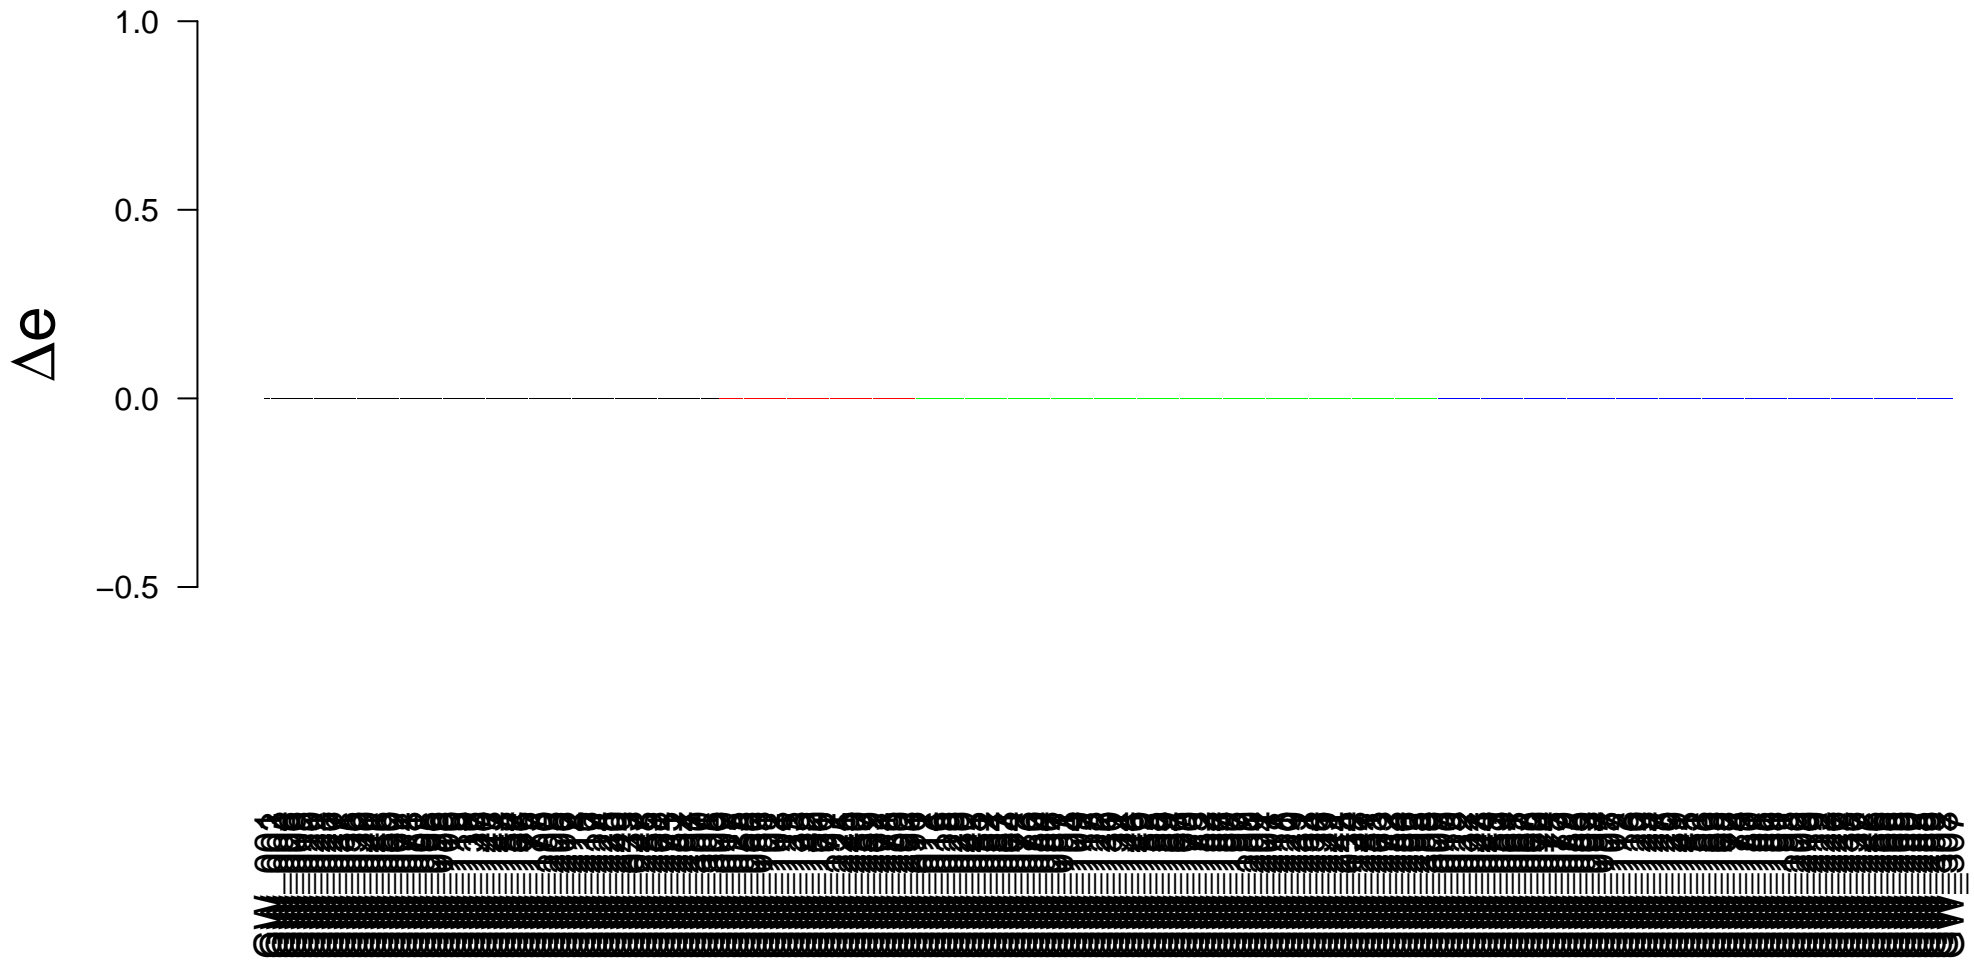

# Expression of regulation of mitochondrial membrane potential in Spot B

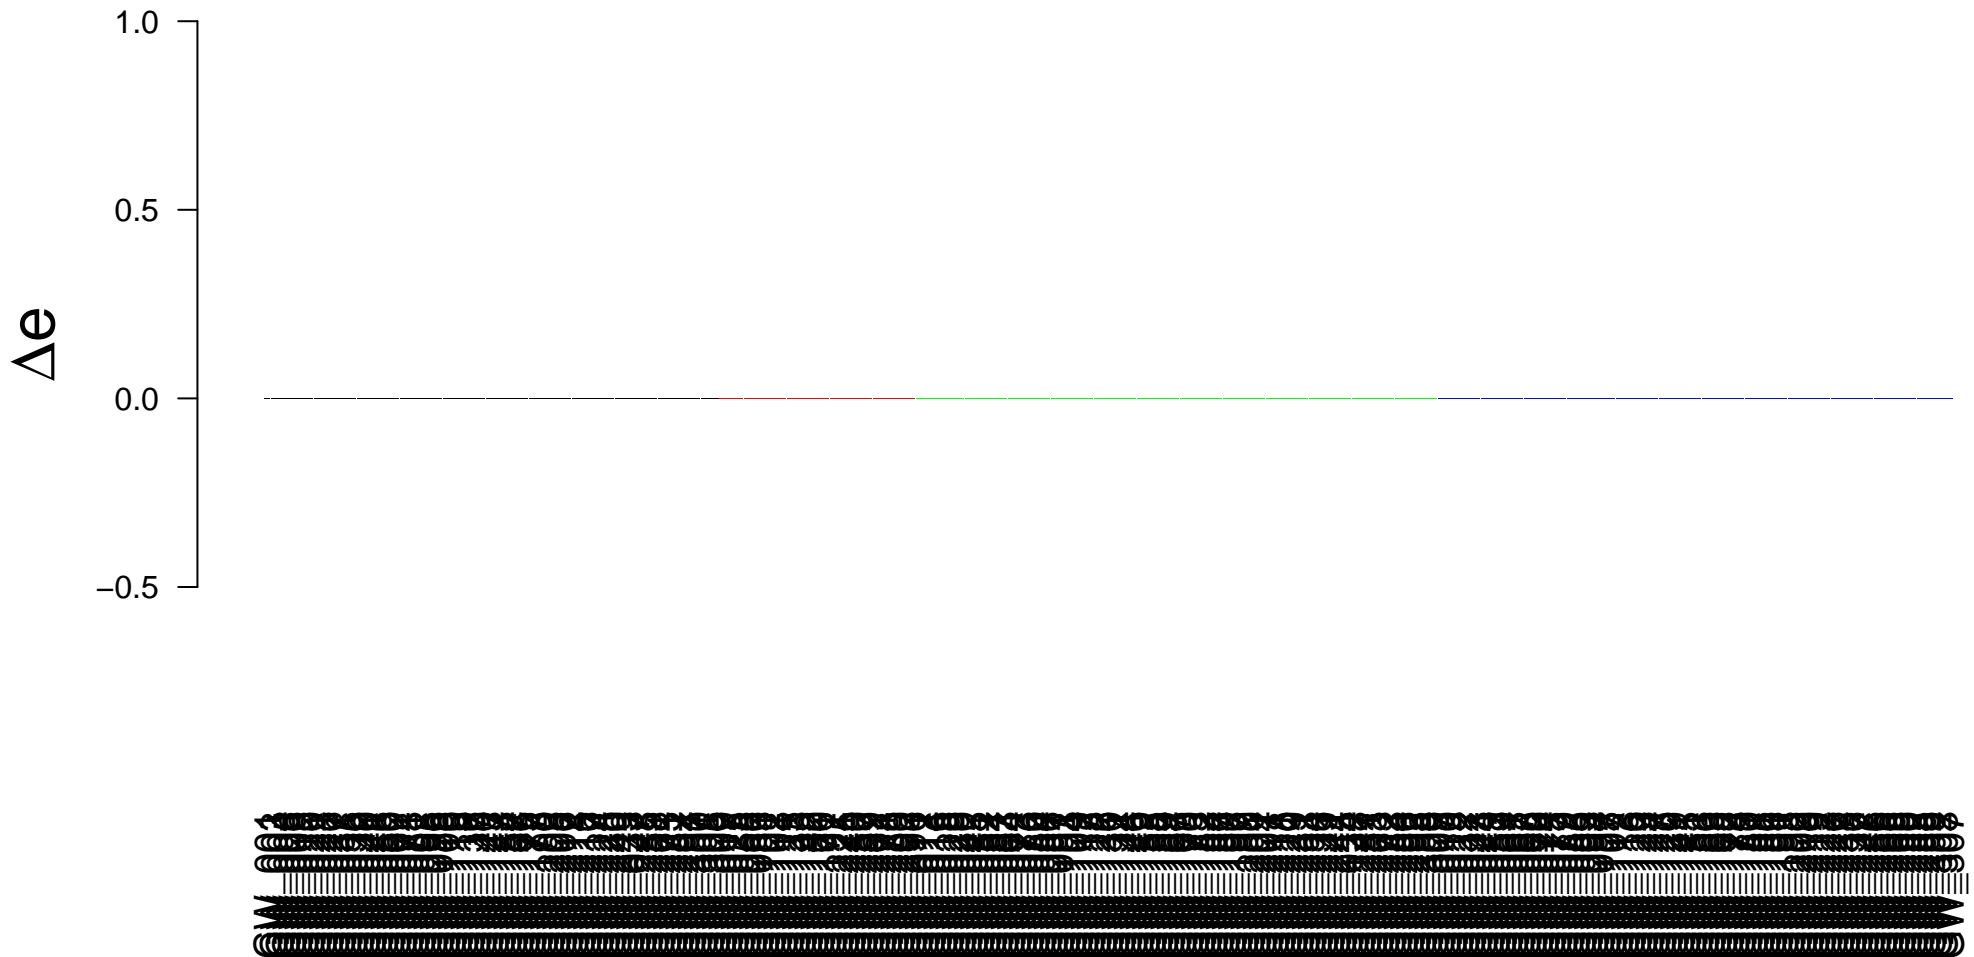

# Expression of regulation of mitochondrial membrane potential in Spot C

# Expression of regulation of mitochondrial membrane potential in Spot D

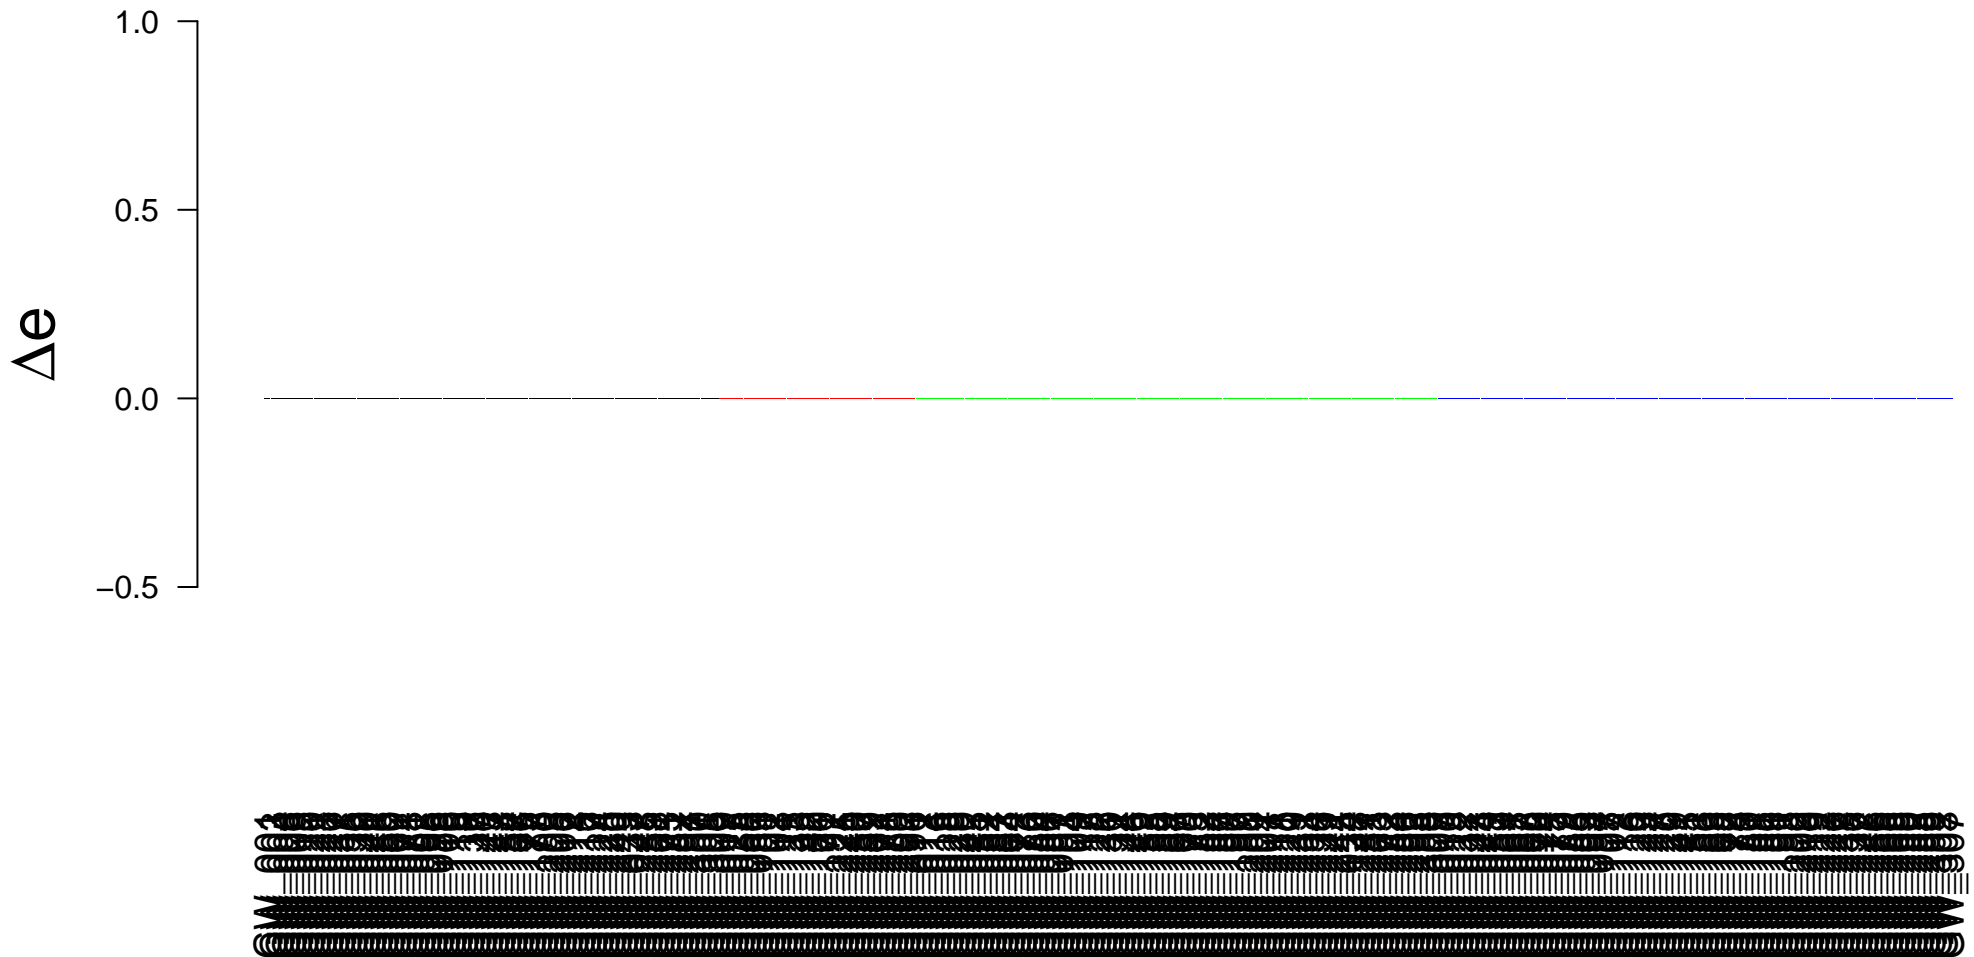

# Expression of regulation of mitochondrial membrane potential in Spot E

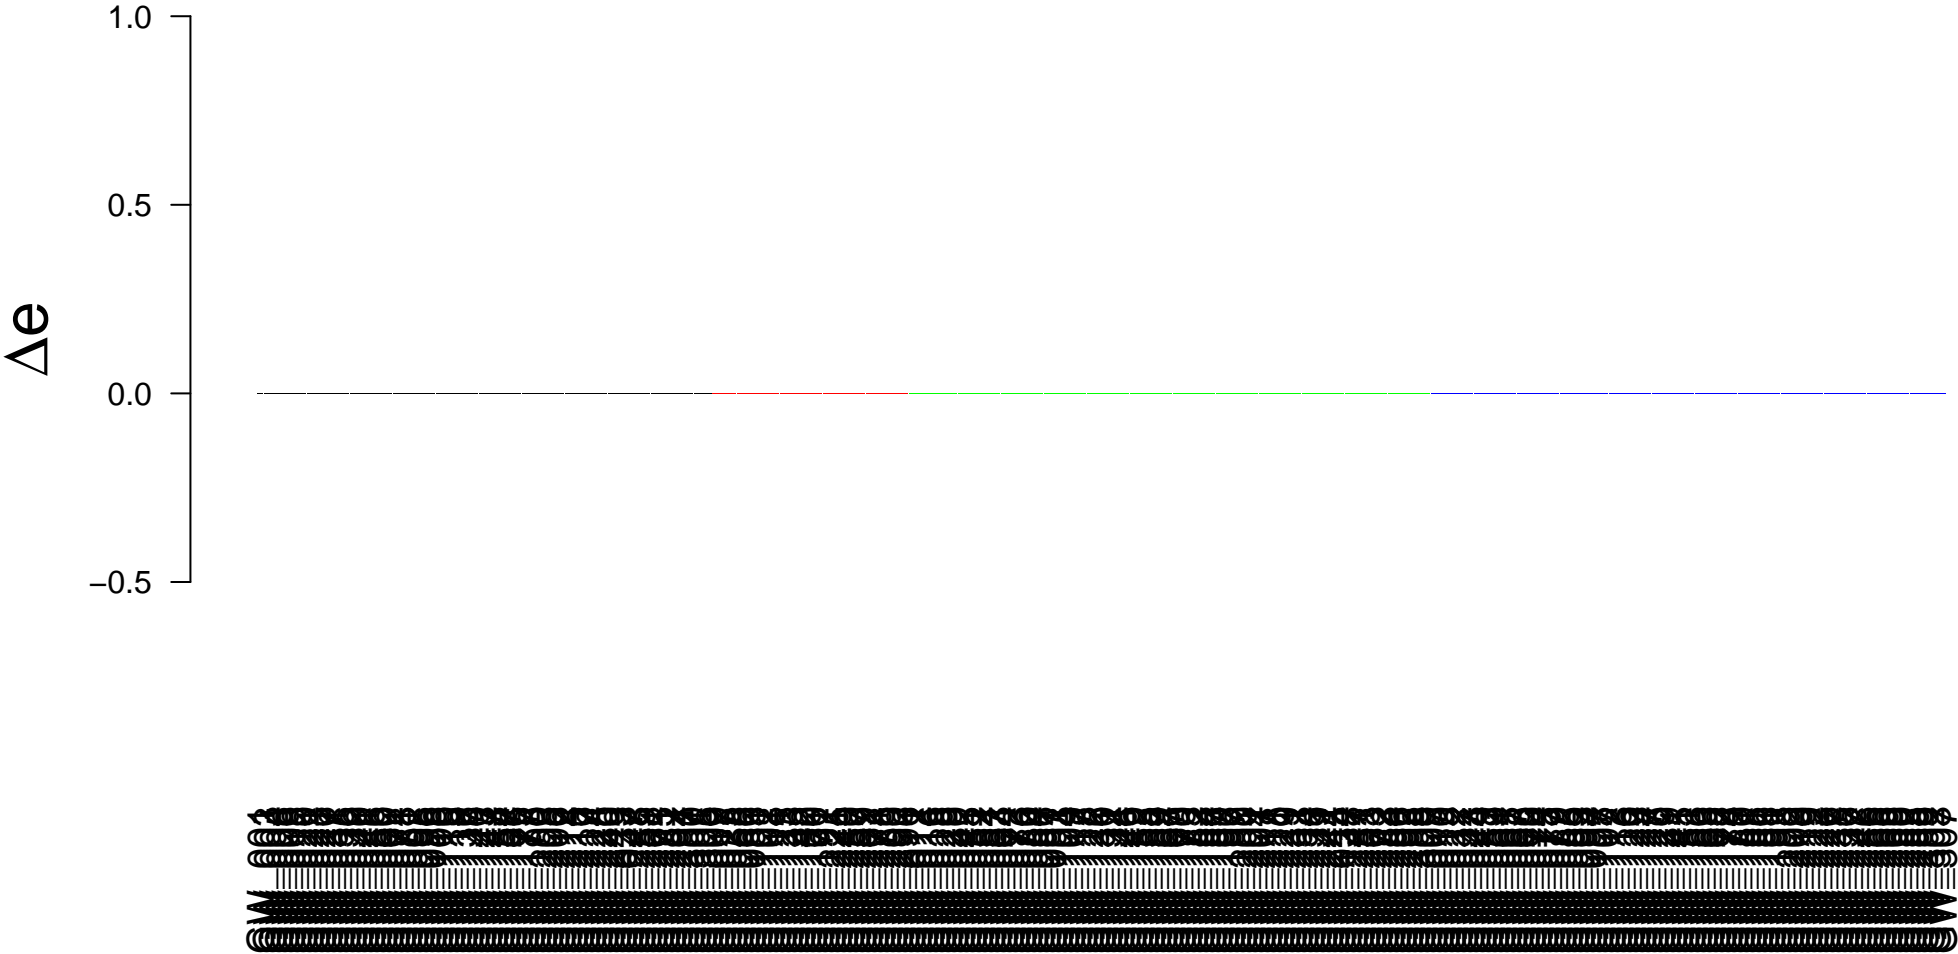

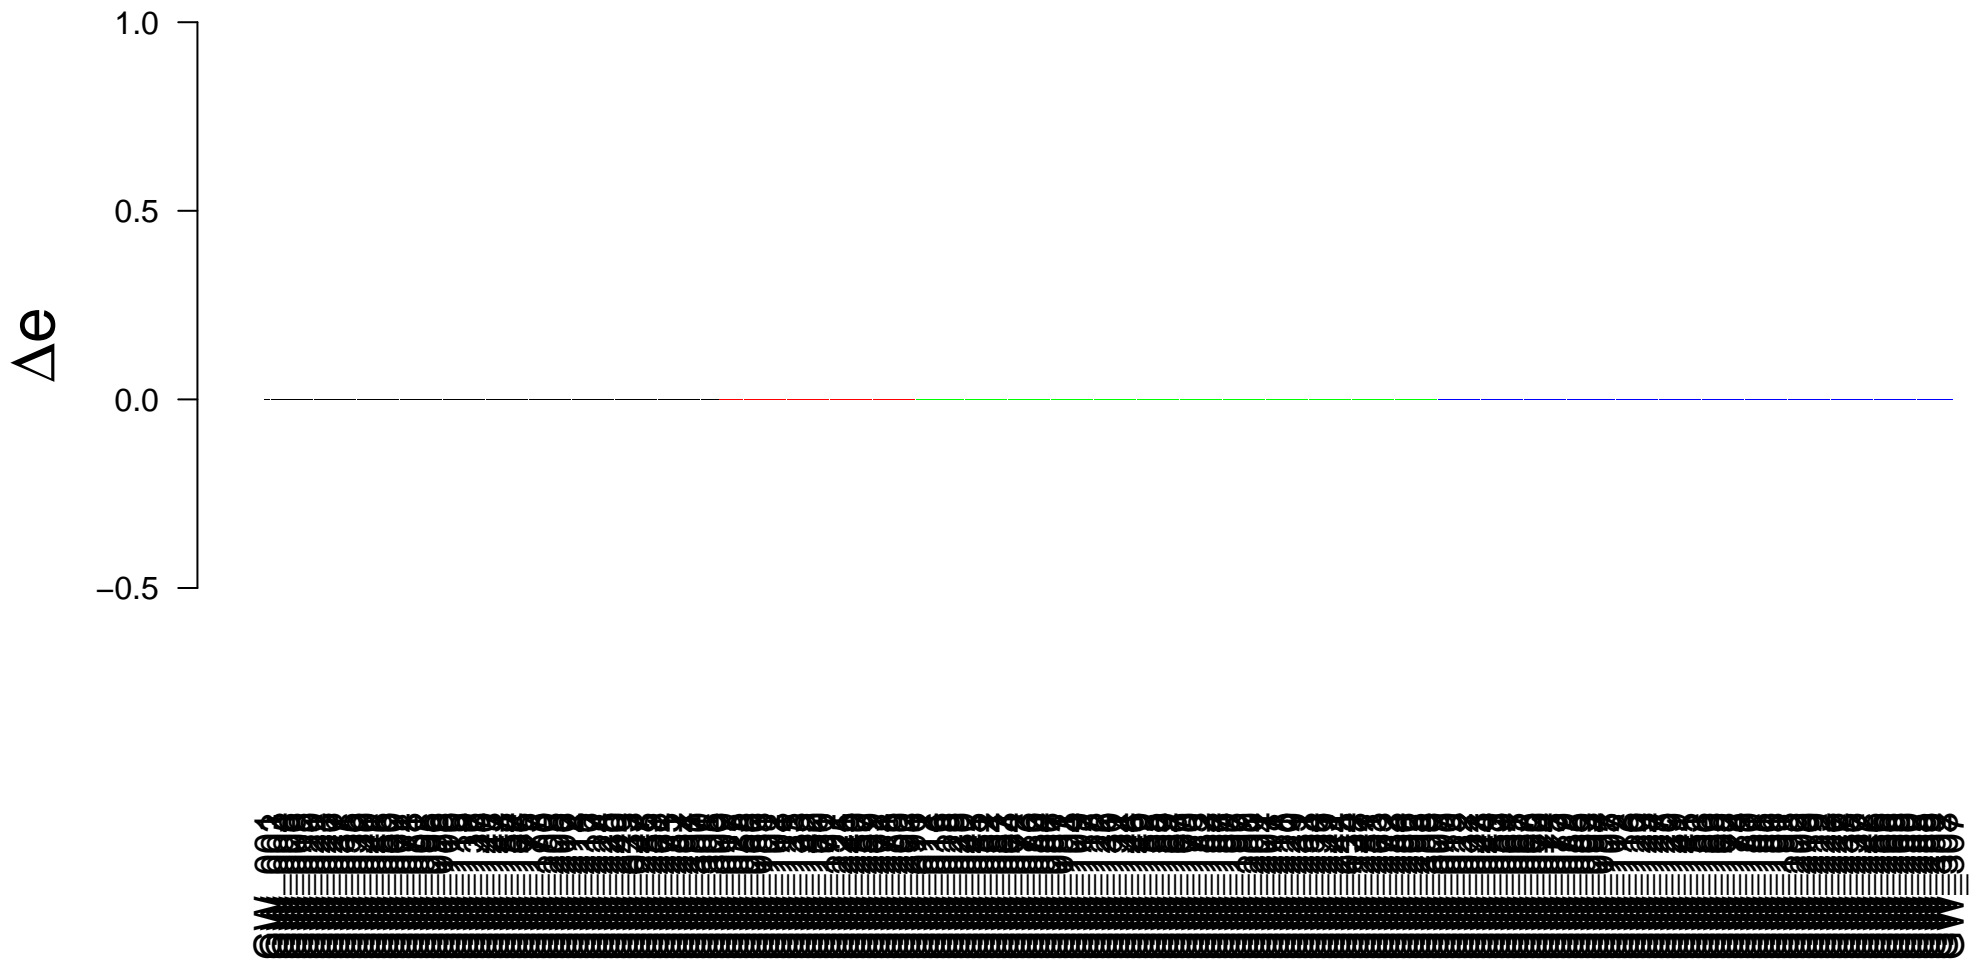

# Expression of regulation of mitochondrial membrane potential in Spot F

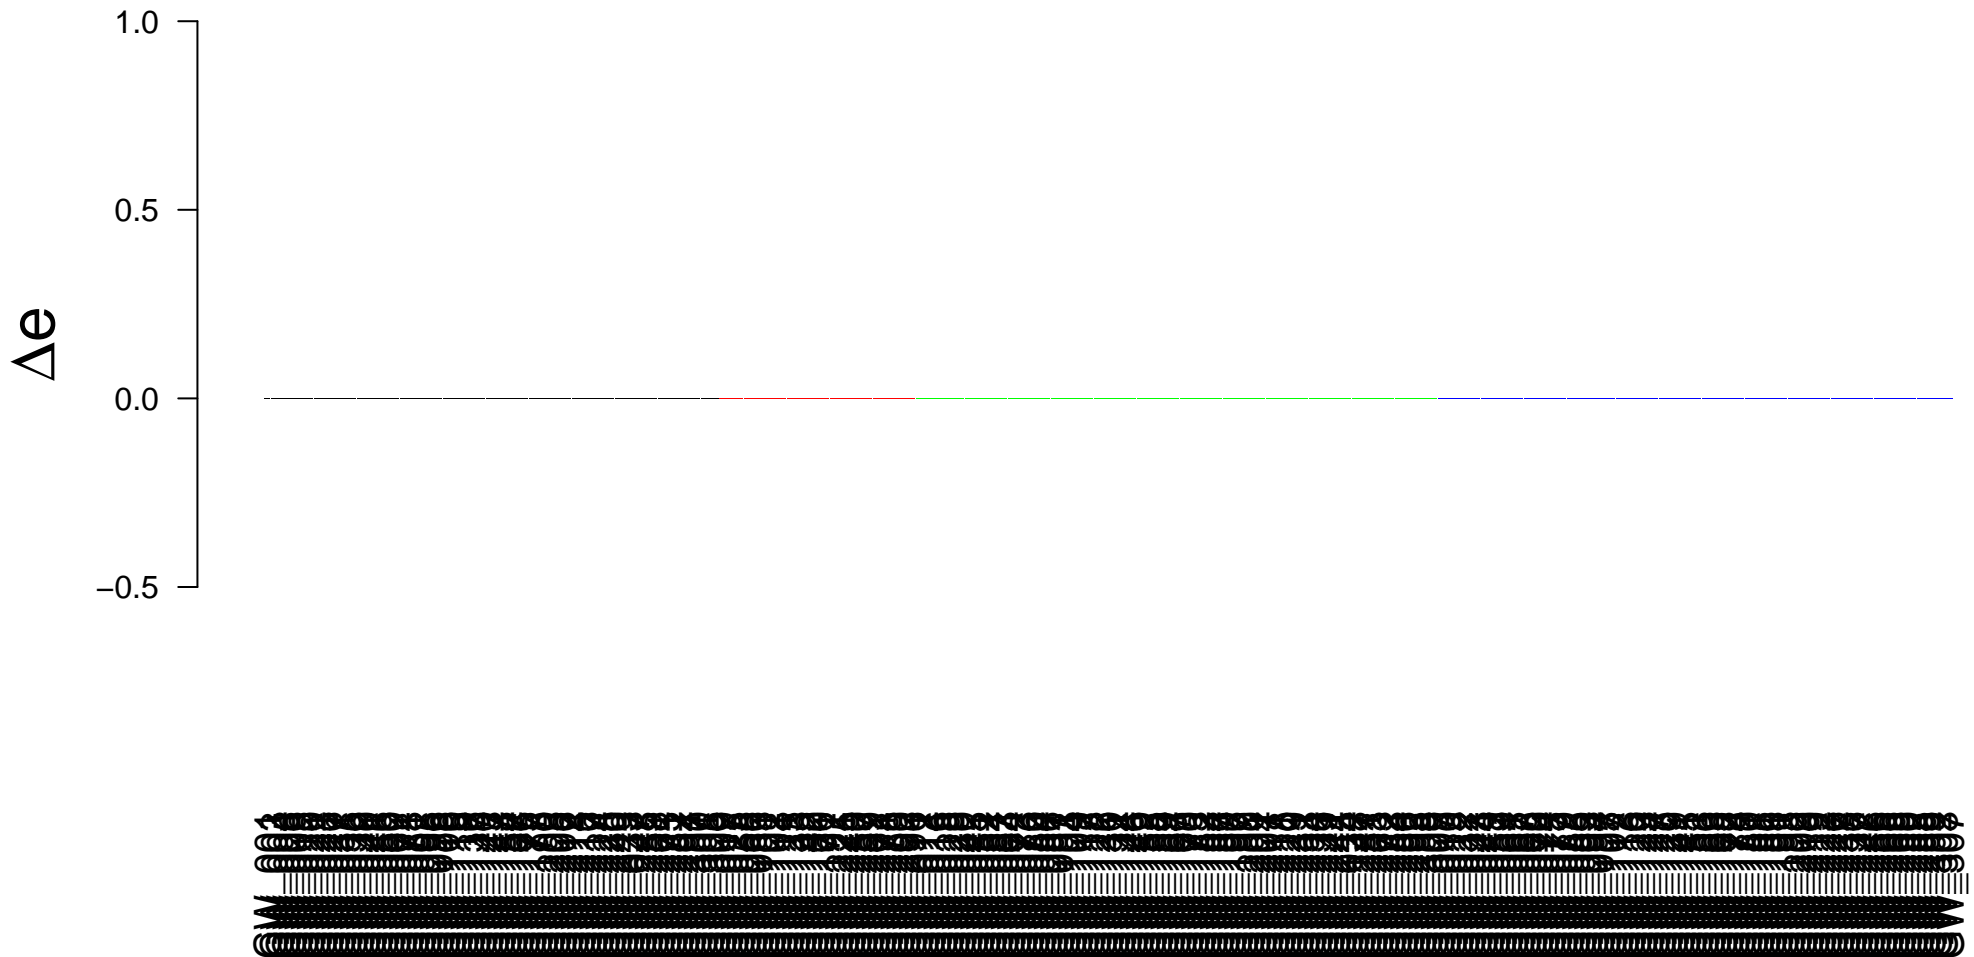

Expression of regulation of mitochondrial membrane potential in Spot G

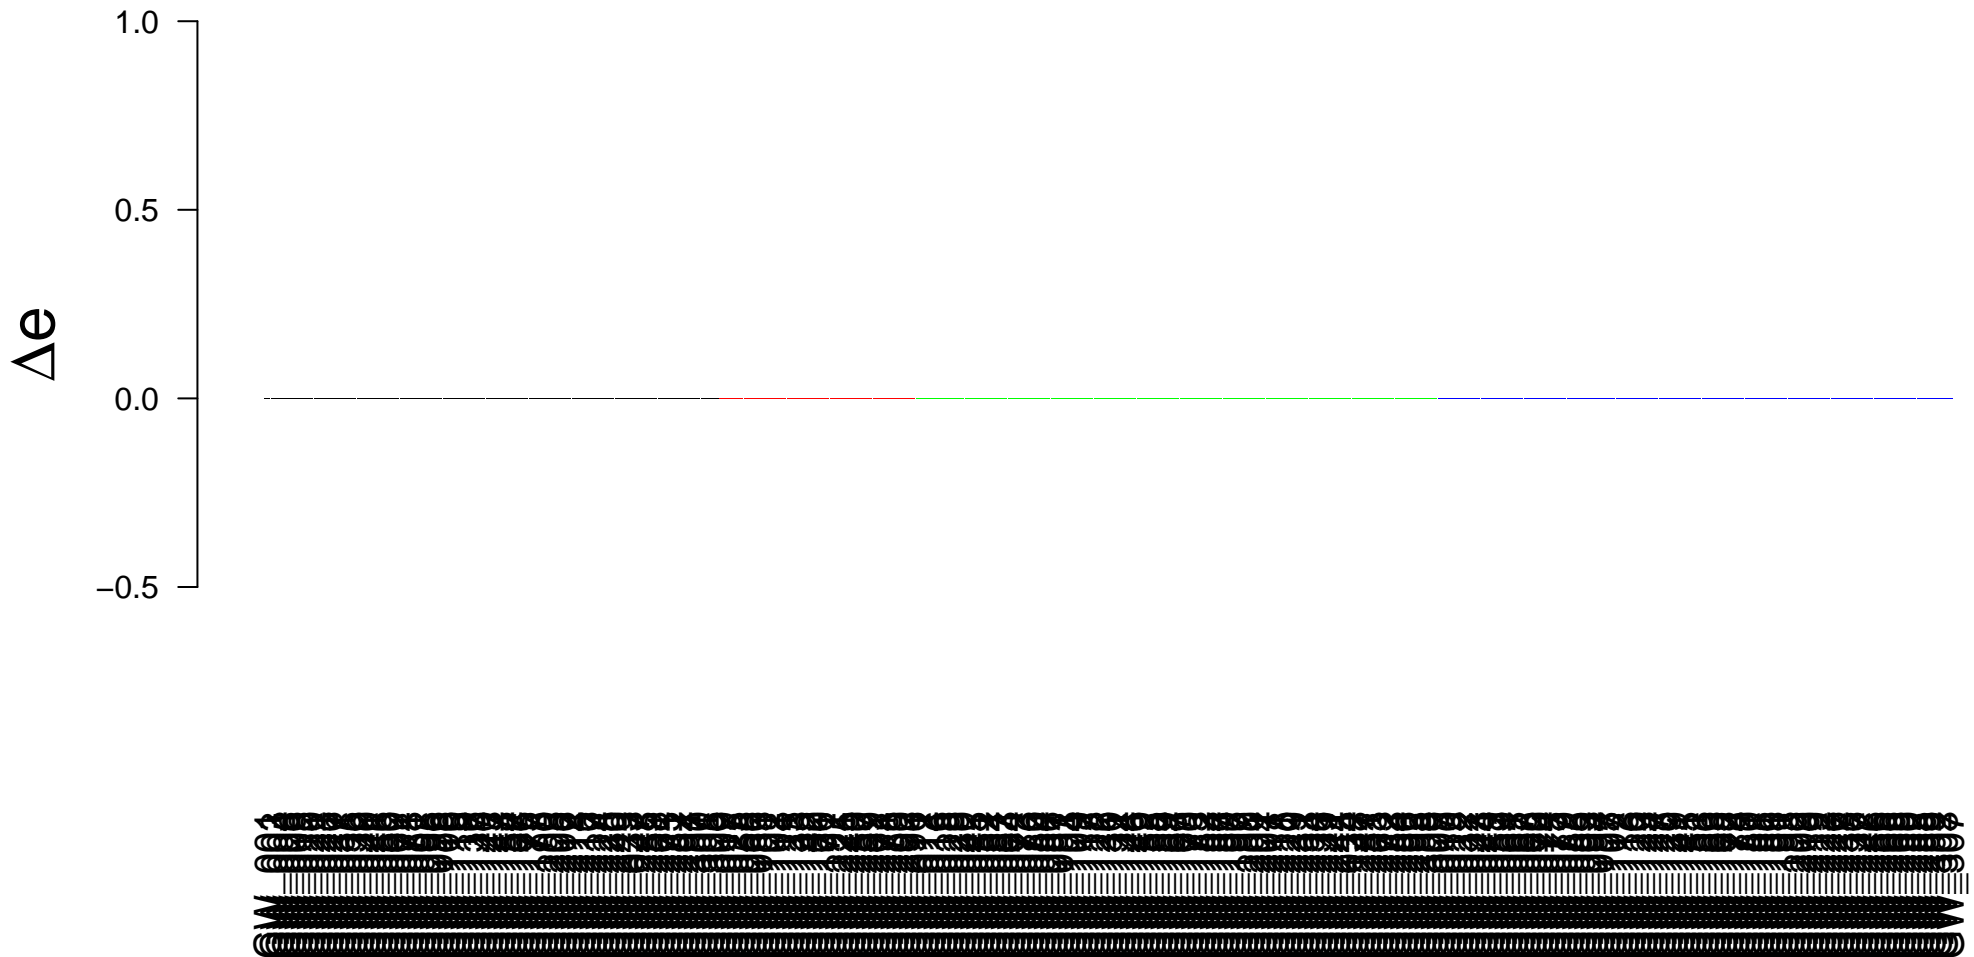

# Expression of regulation of mitochondrial membrane potential in Spot H

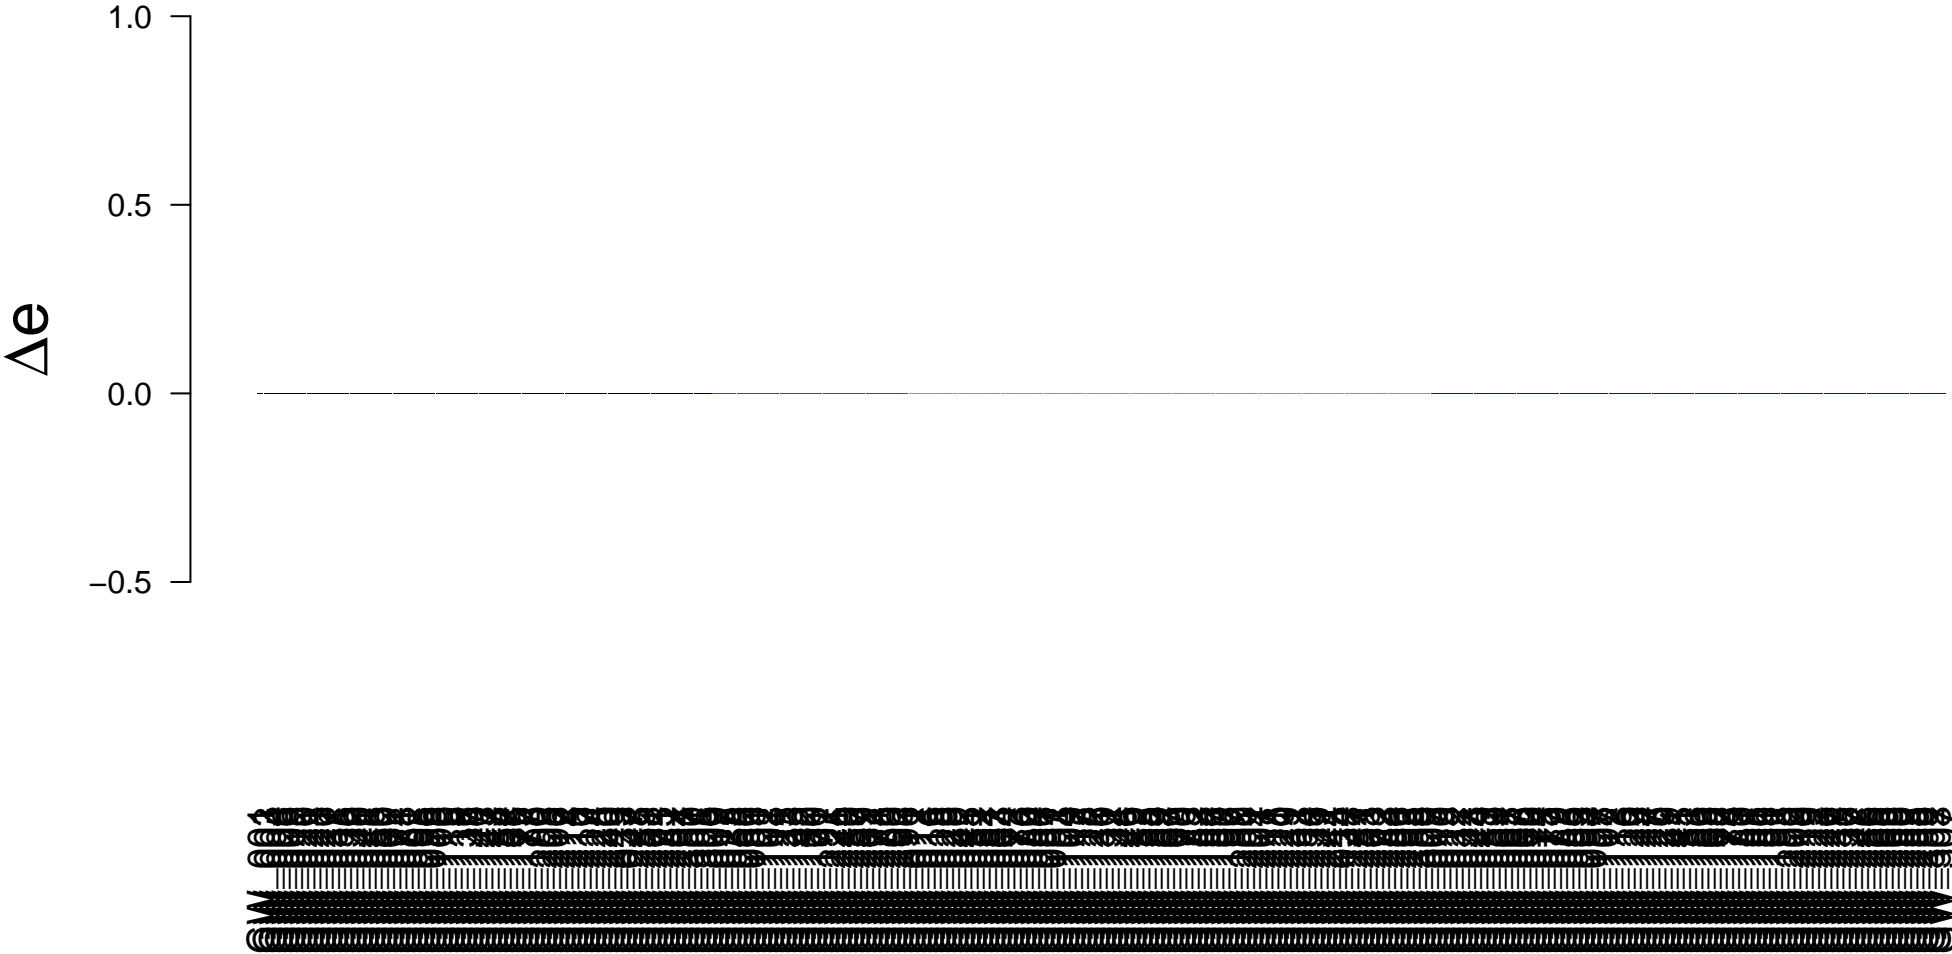

# Expression of regulation of mitochondrial membrane potential in Spot I

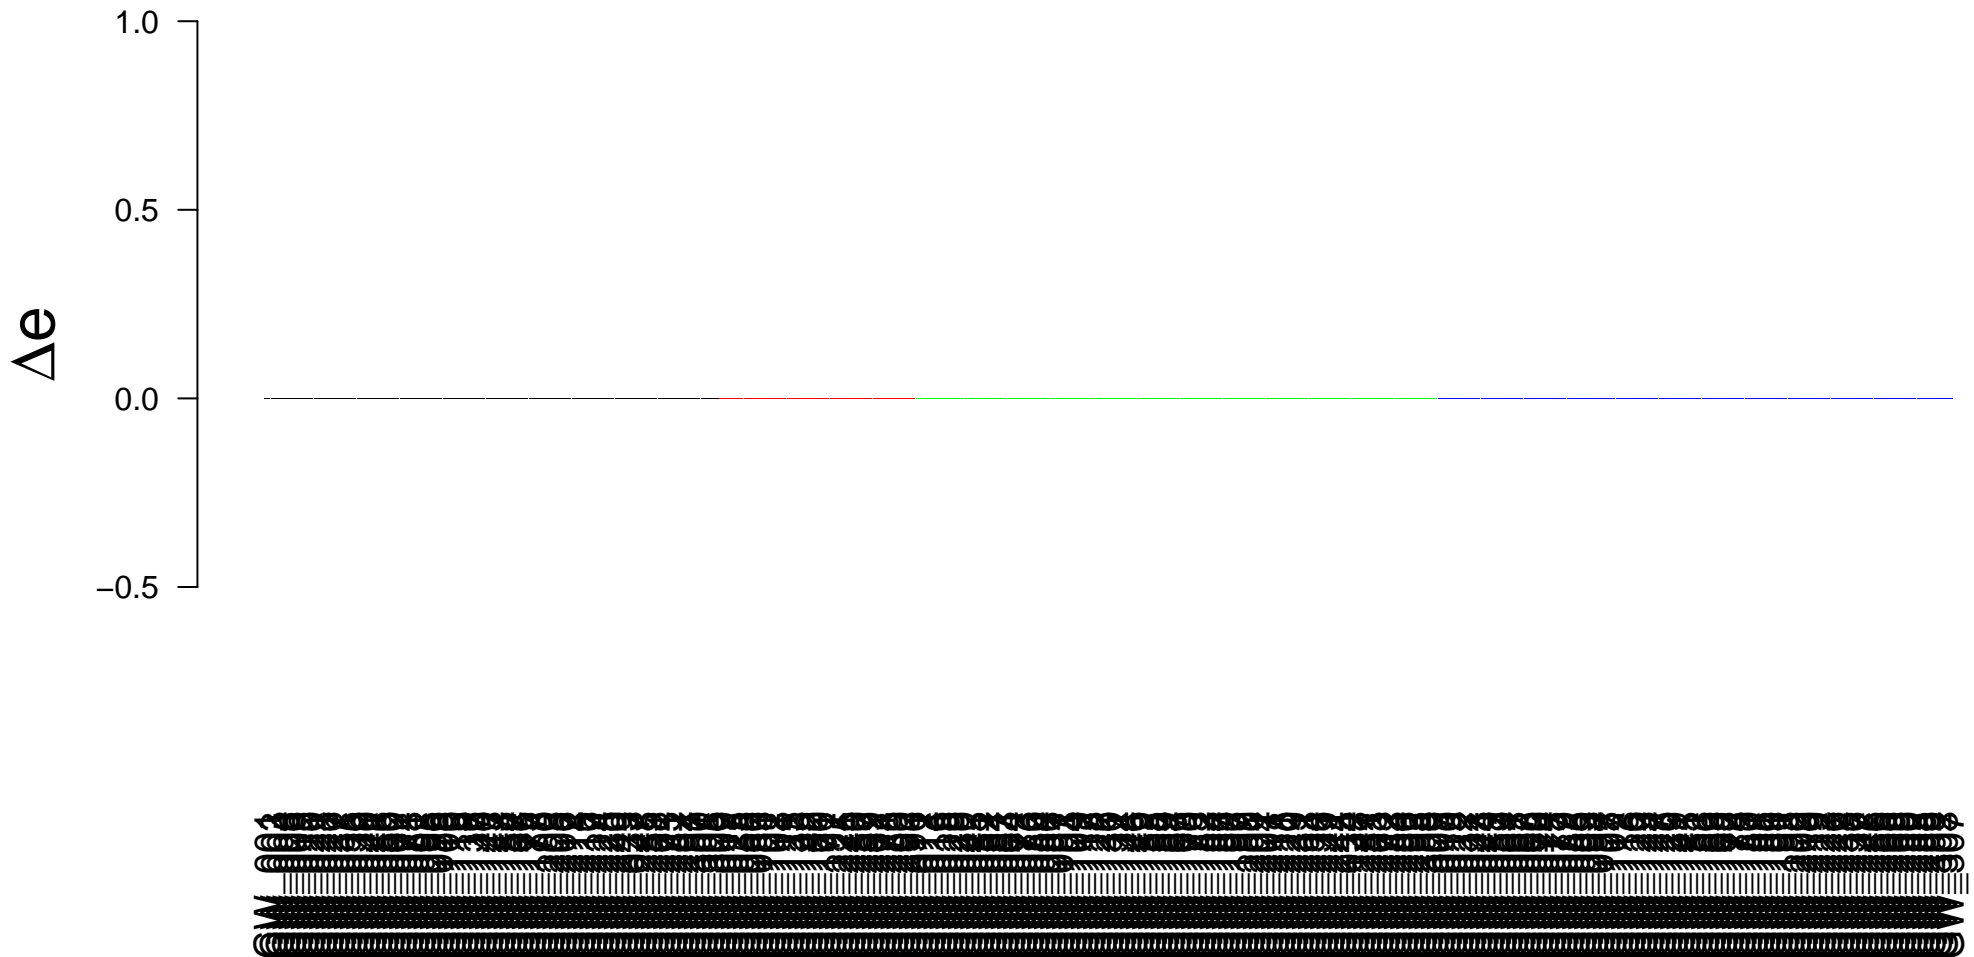

# Expression of regulation of mitochondrial membrane potential in Spot J

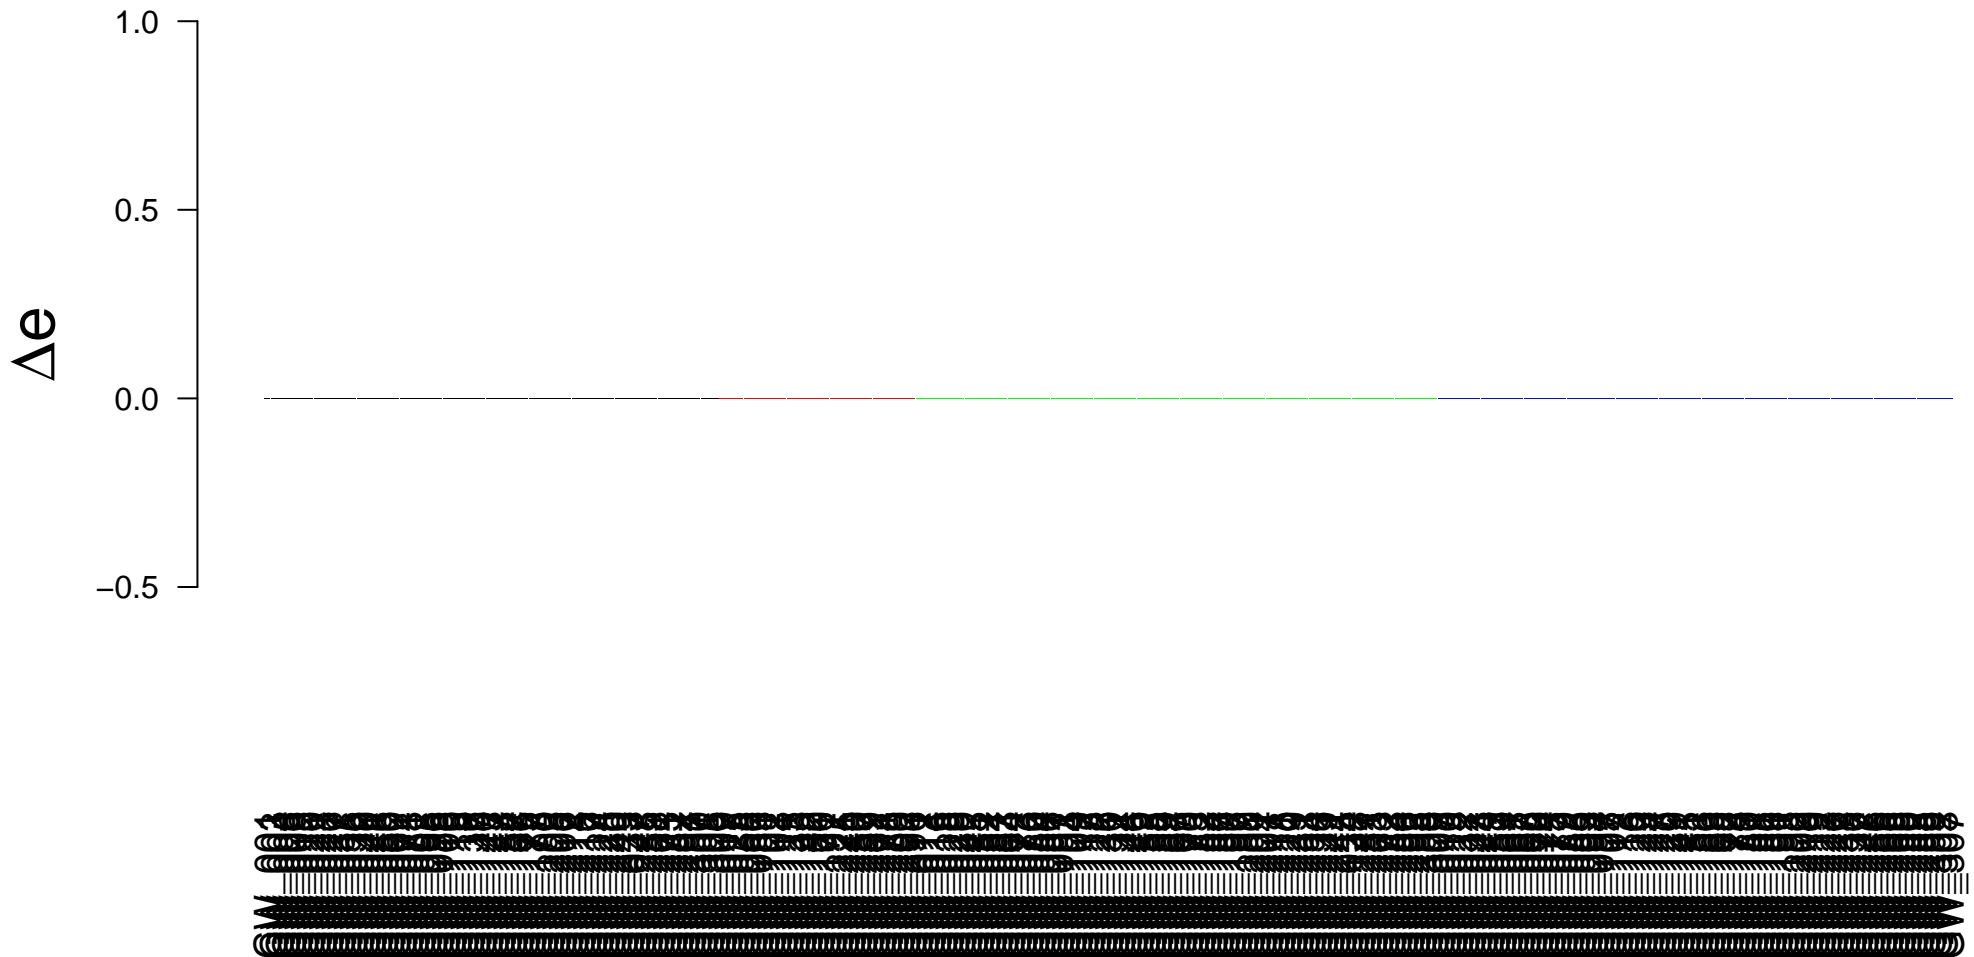

Expression of regulation of mitochondrial membrane potential in Spot K

# Expression of regulation of mitochondrial membrane potential in Spot L

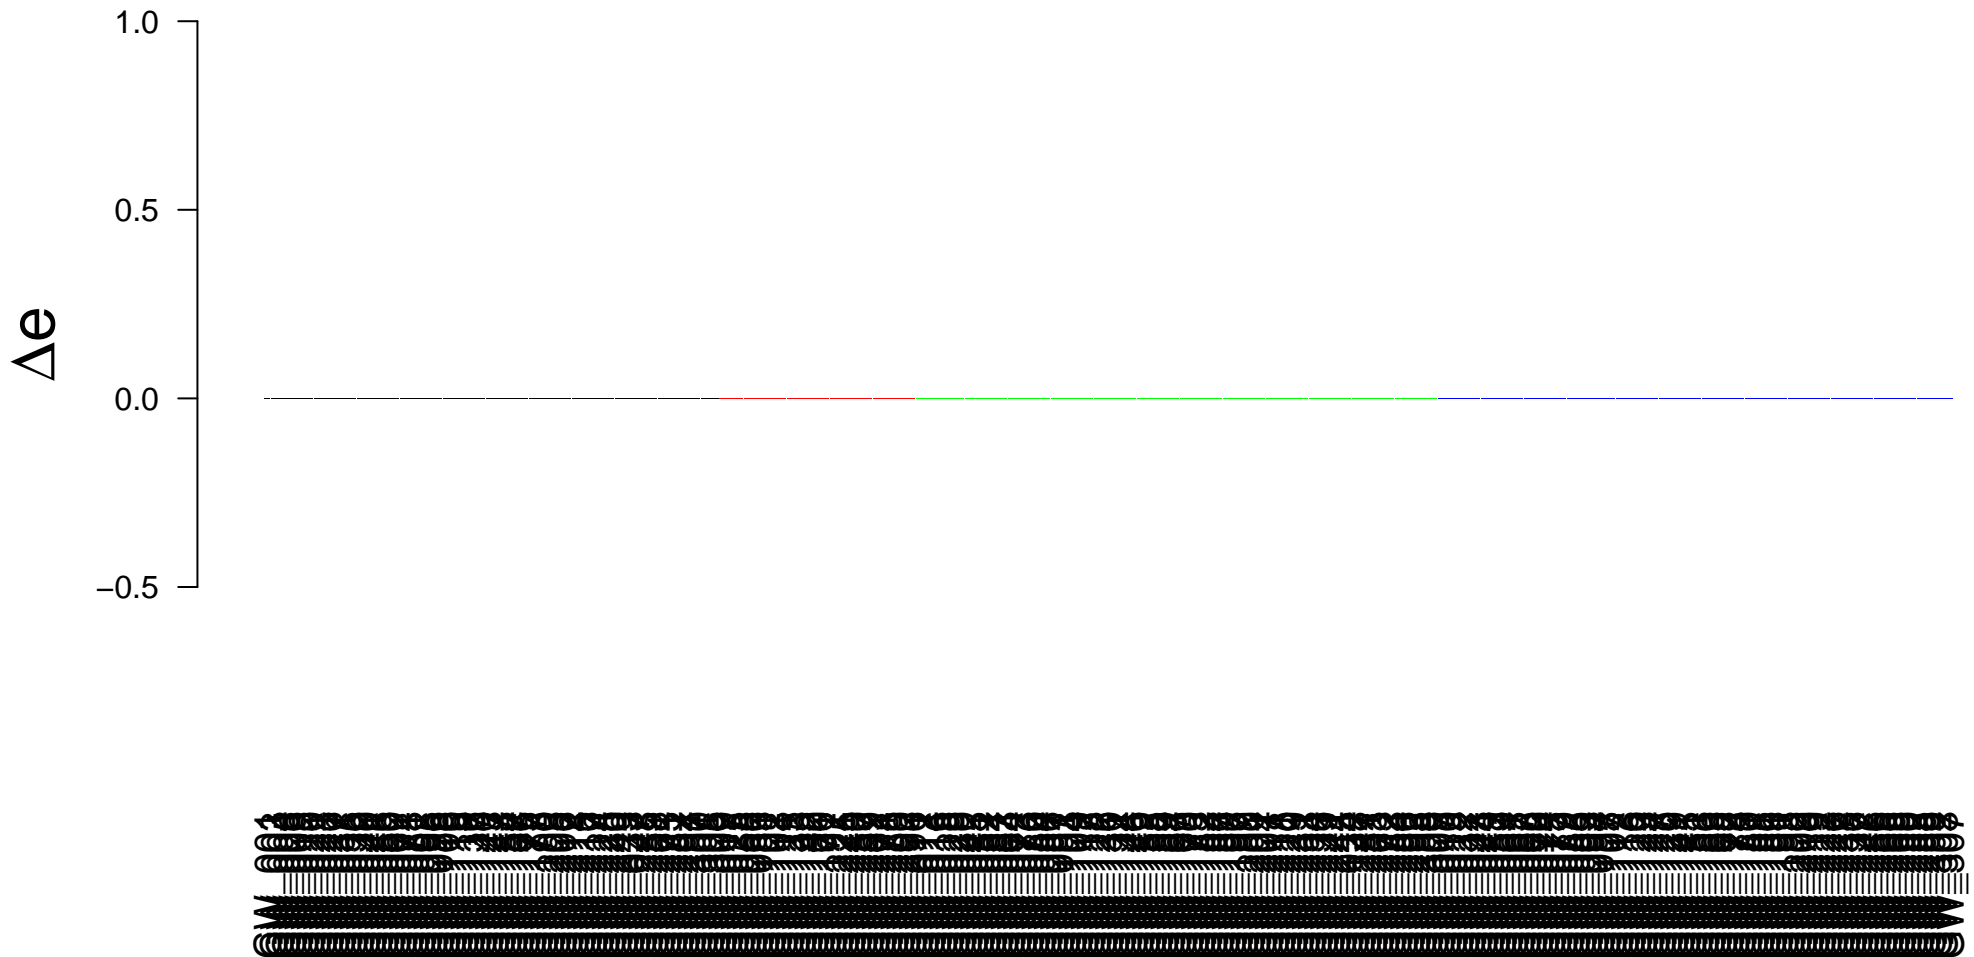

# Expression of regulation of mitochondrial membrane potential in Spot M

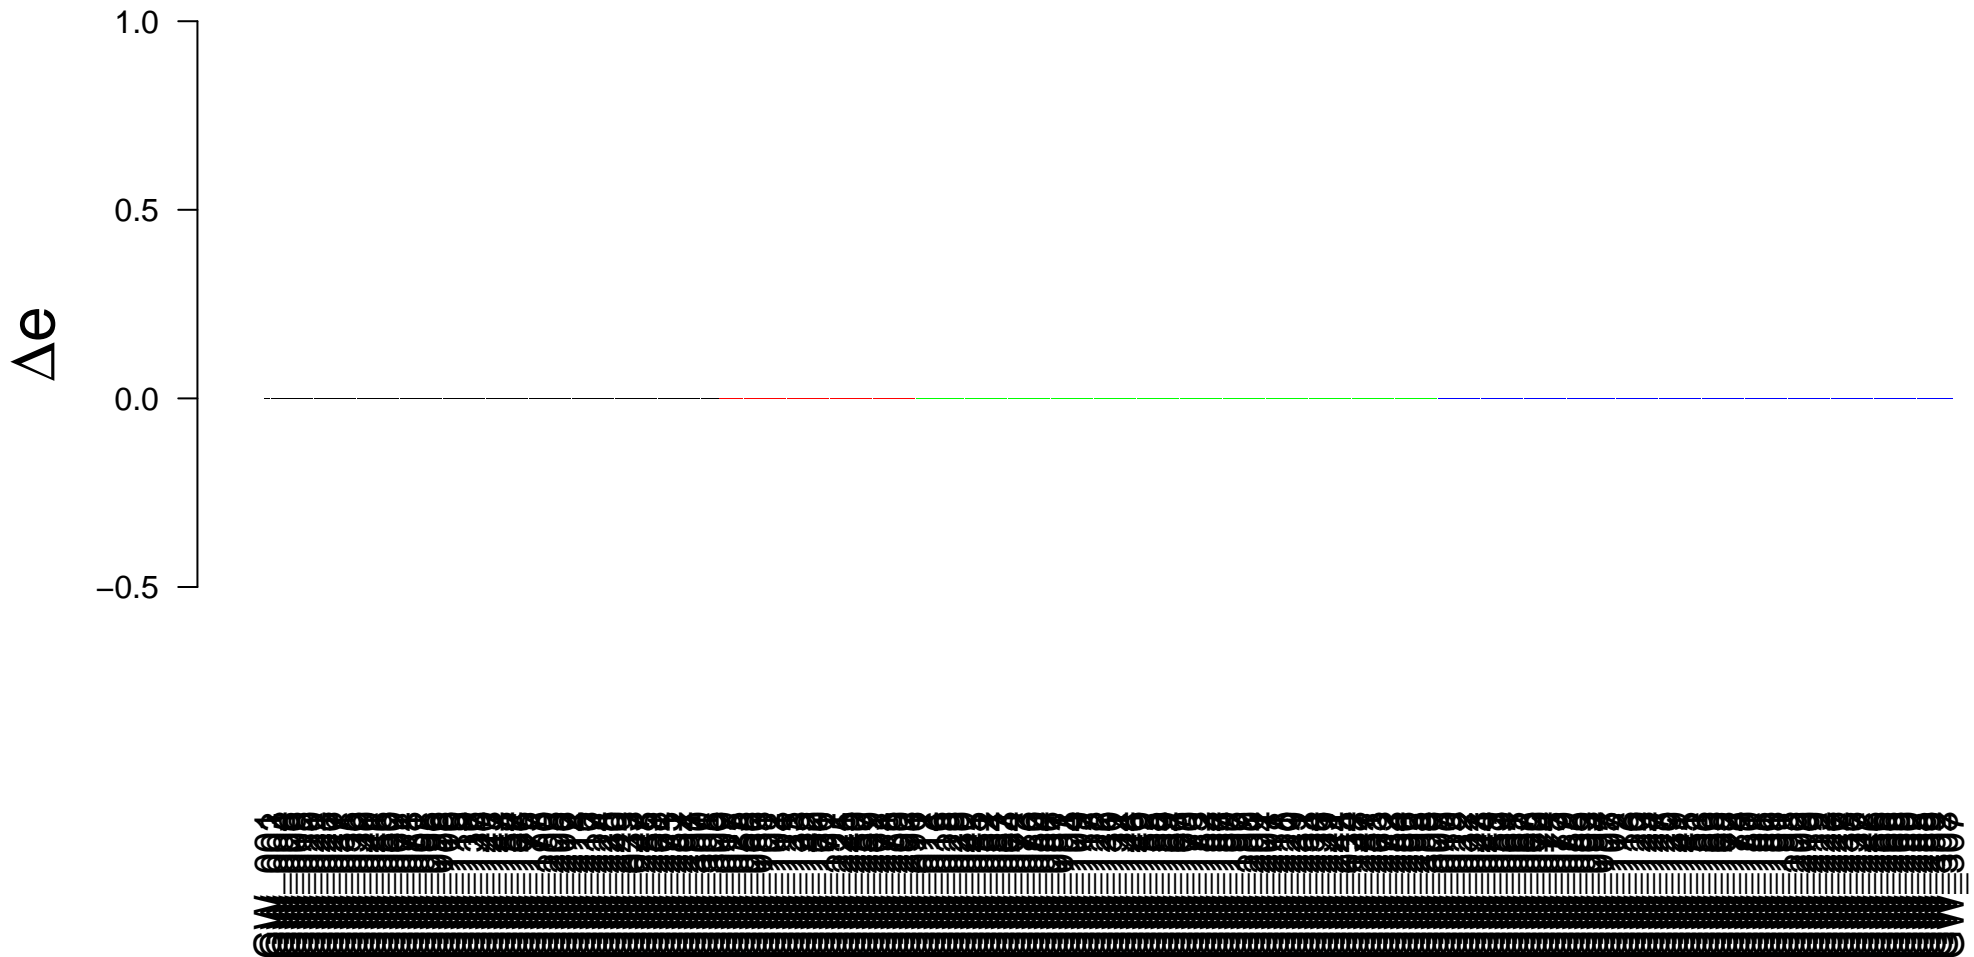

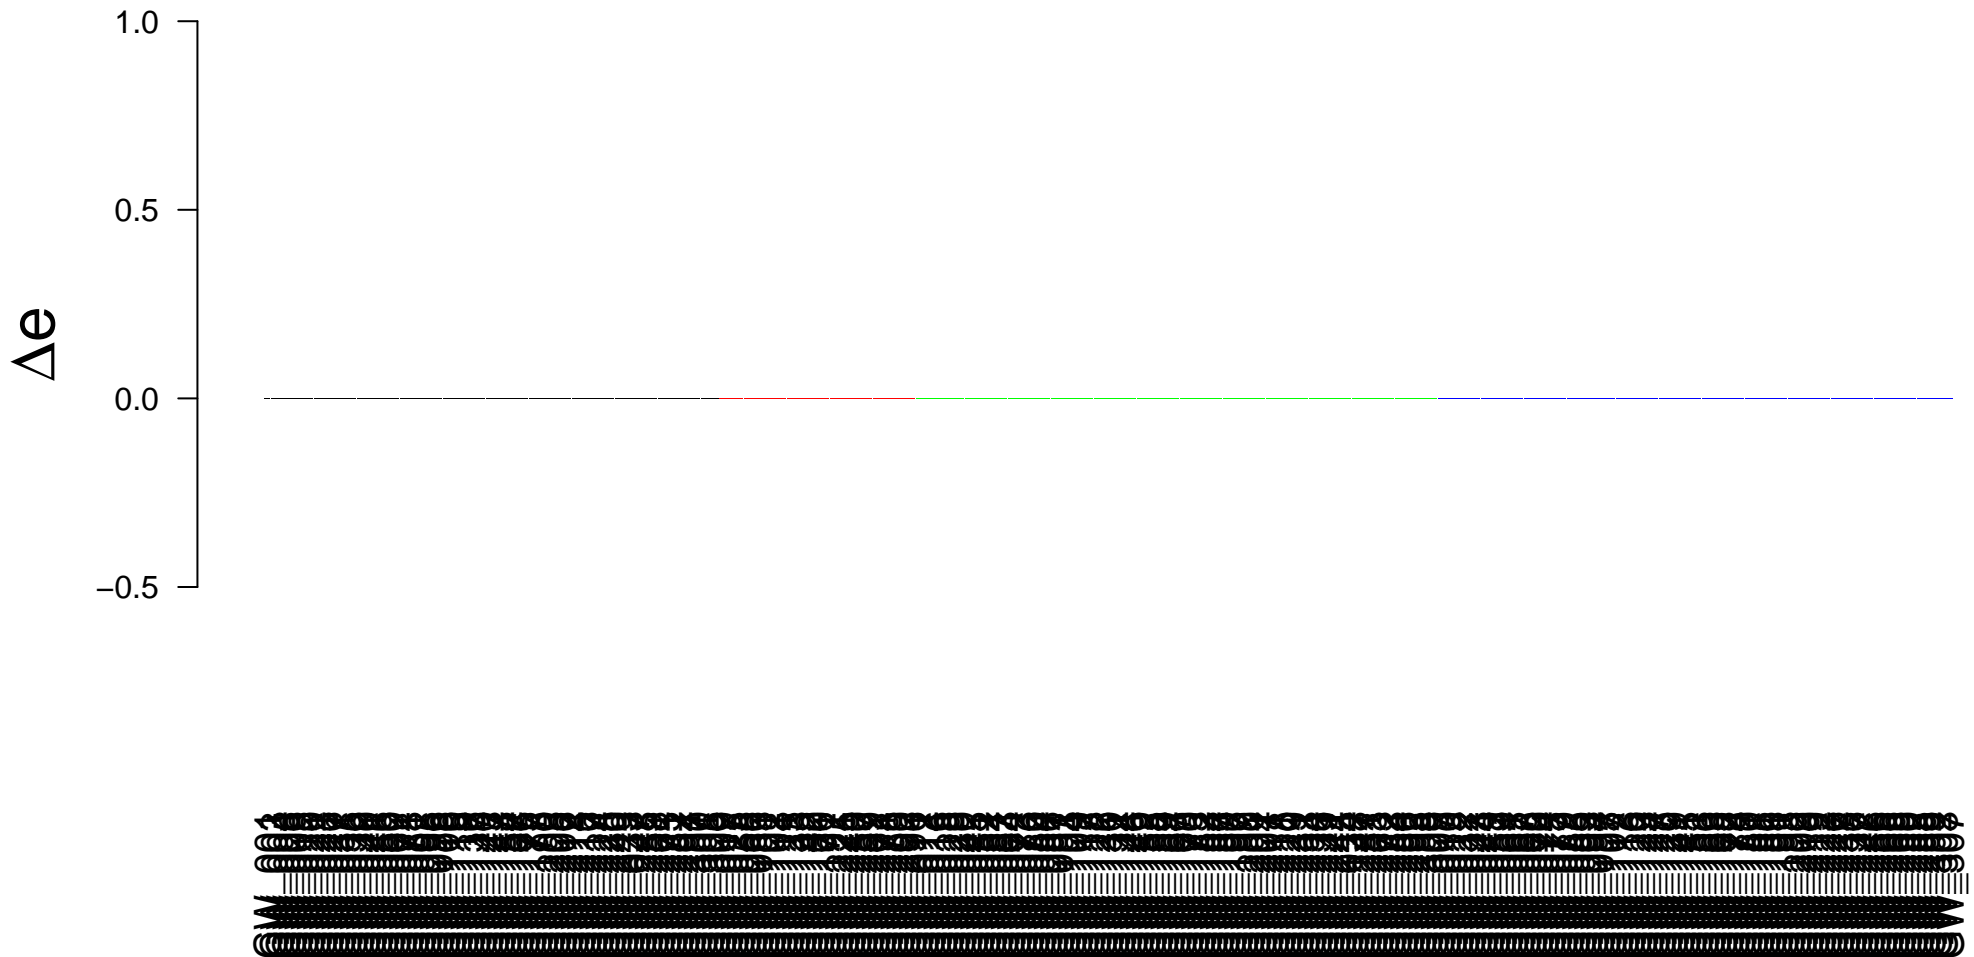

# Expression of regulation of mitochondrial membrane potential in Spot N

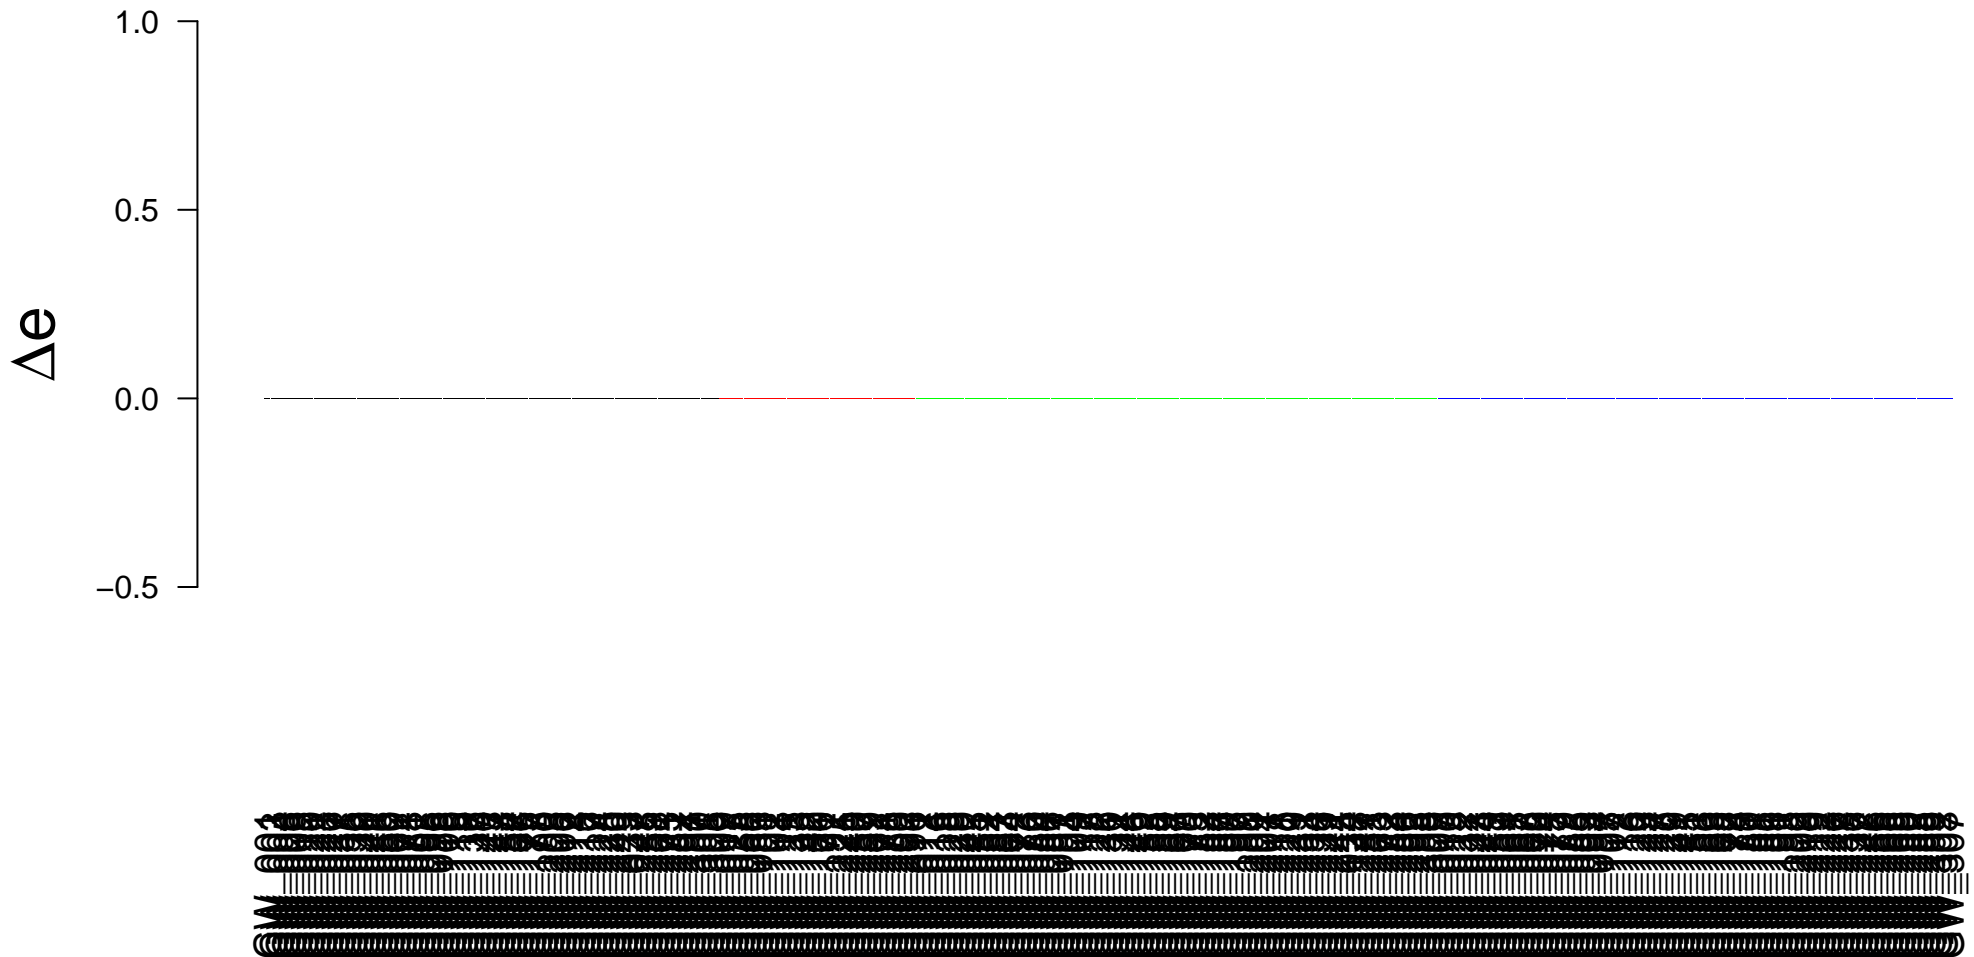

# Expression of regulation of mitochondrial membrane potential in Spot O

# Expression of regulation of mitochondrial membrane potential in Spot P

# Expression of regulation of mitochondrial membrane potential in Spot Q

# Expression of regulation of mitochondrial membrane potential in Spot R
