

regulation of myelination

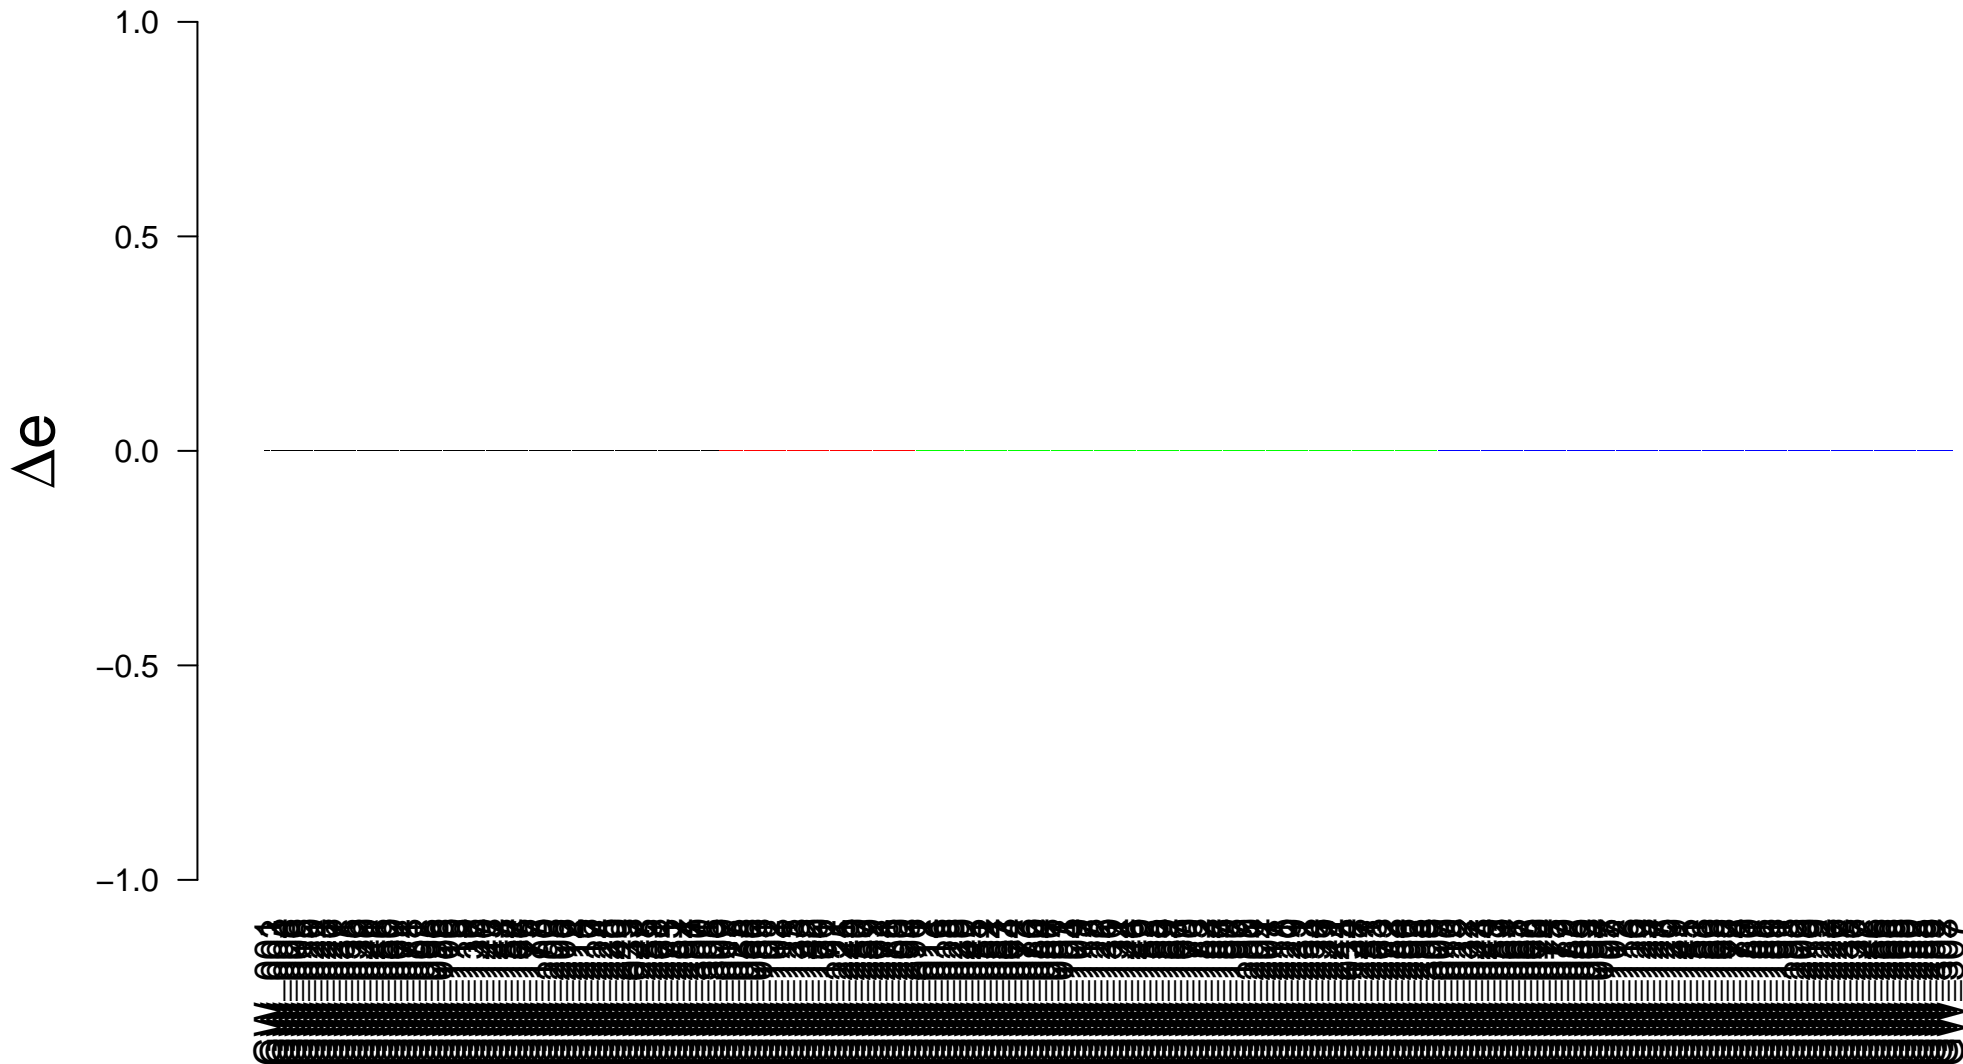

regulation of myelination

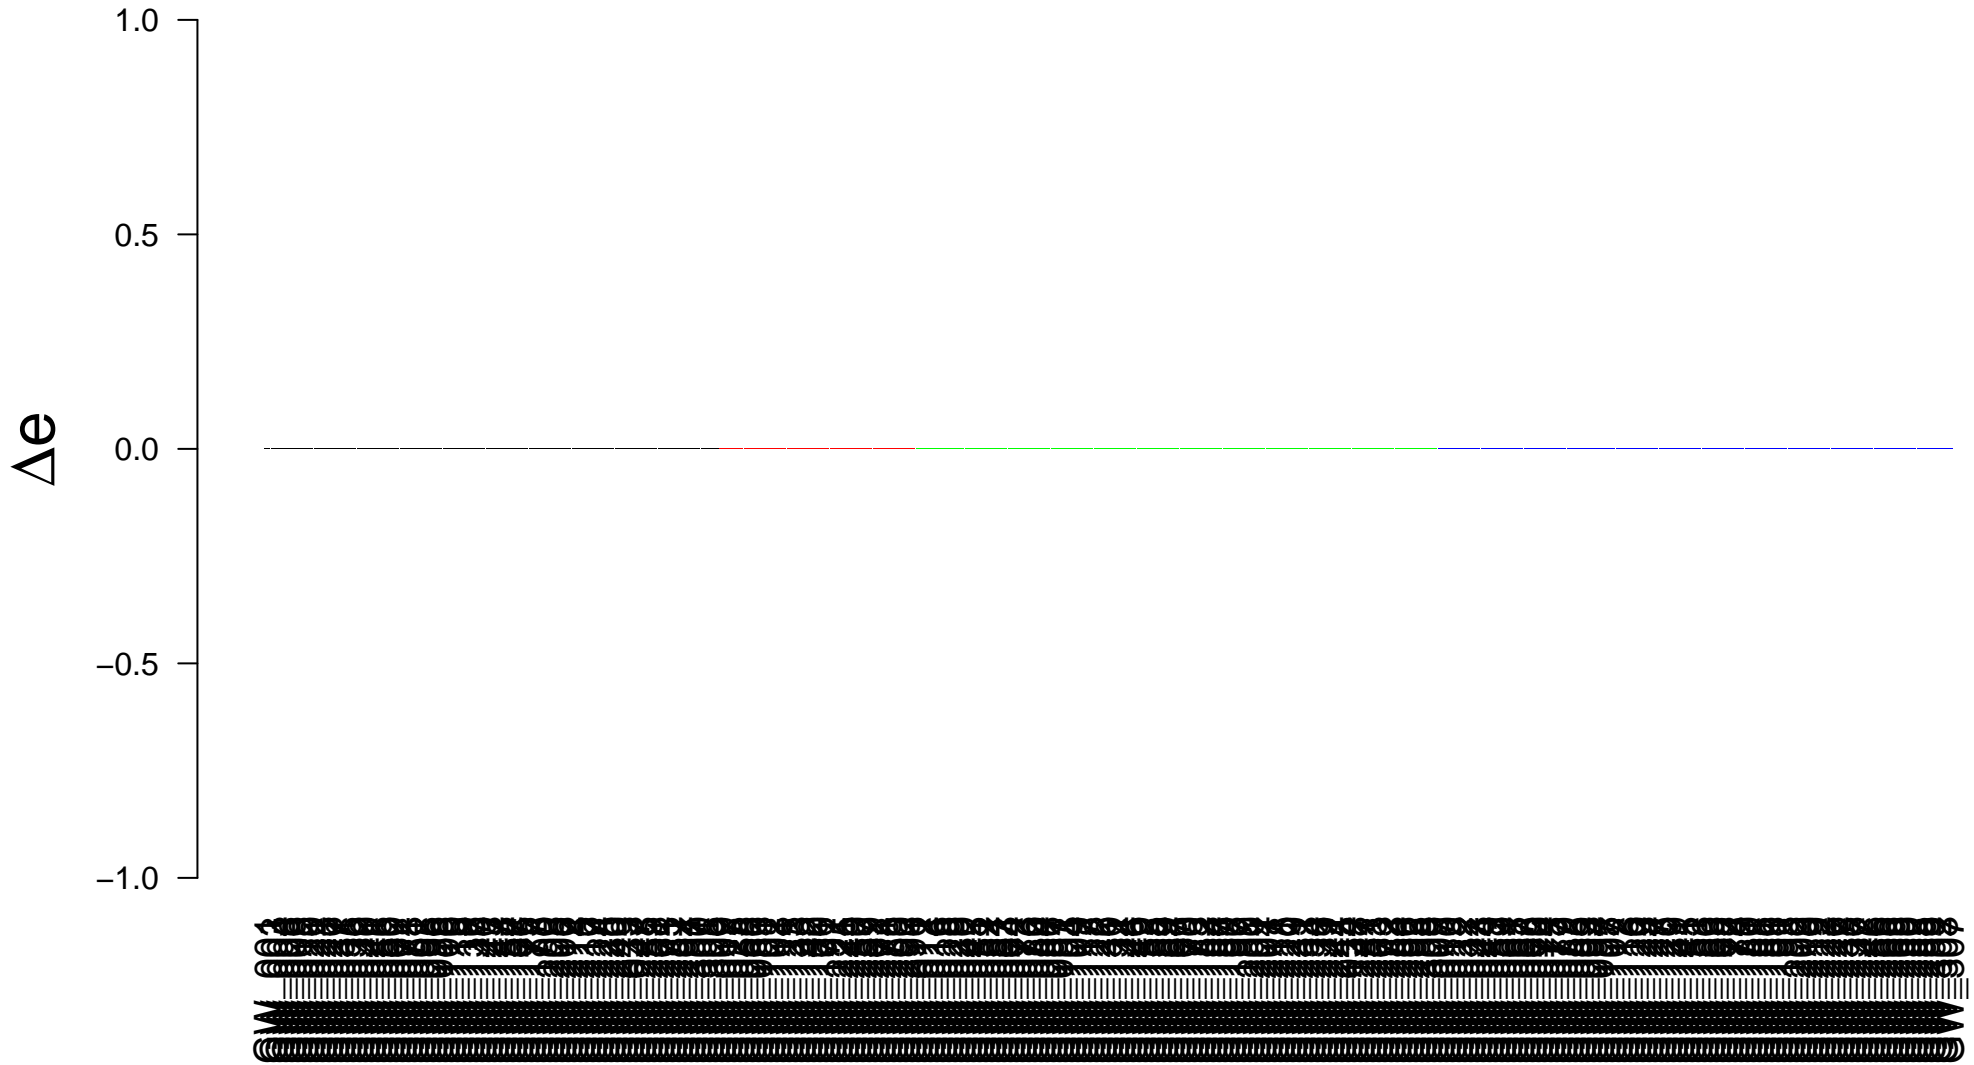

Enrichment in spots: regulation of myelination

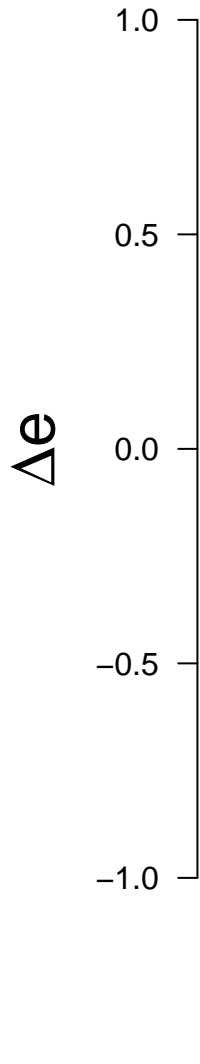

Expression of regulation of myelination in Spot A

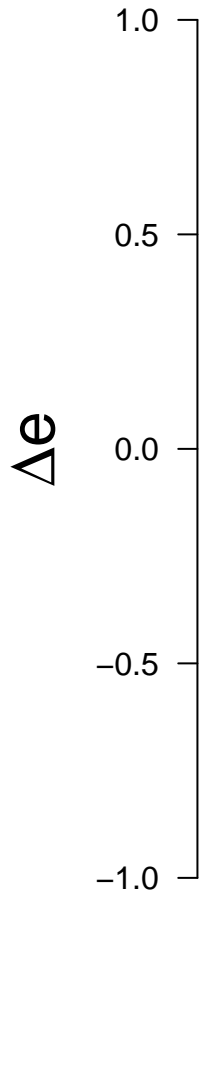

Expression of regulation of myelination in Spot B

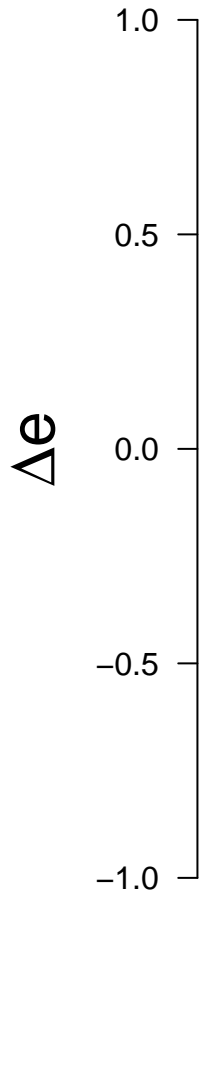

Expression of regulation of myelination in Spot C

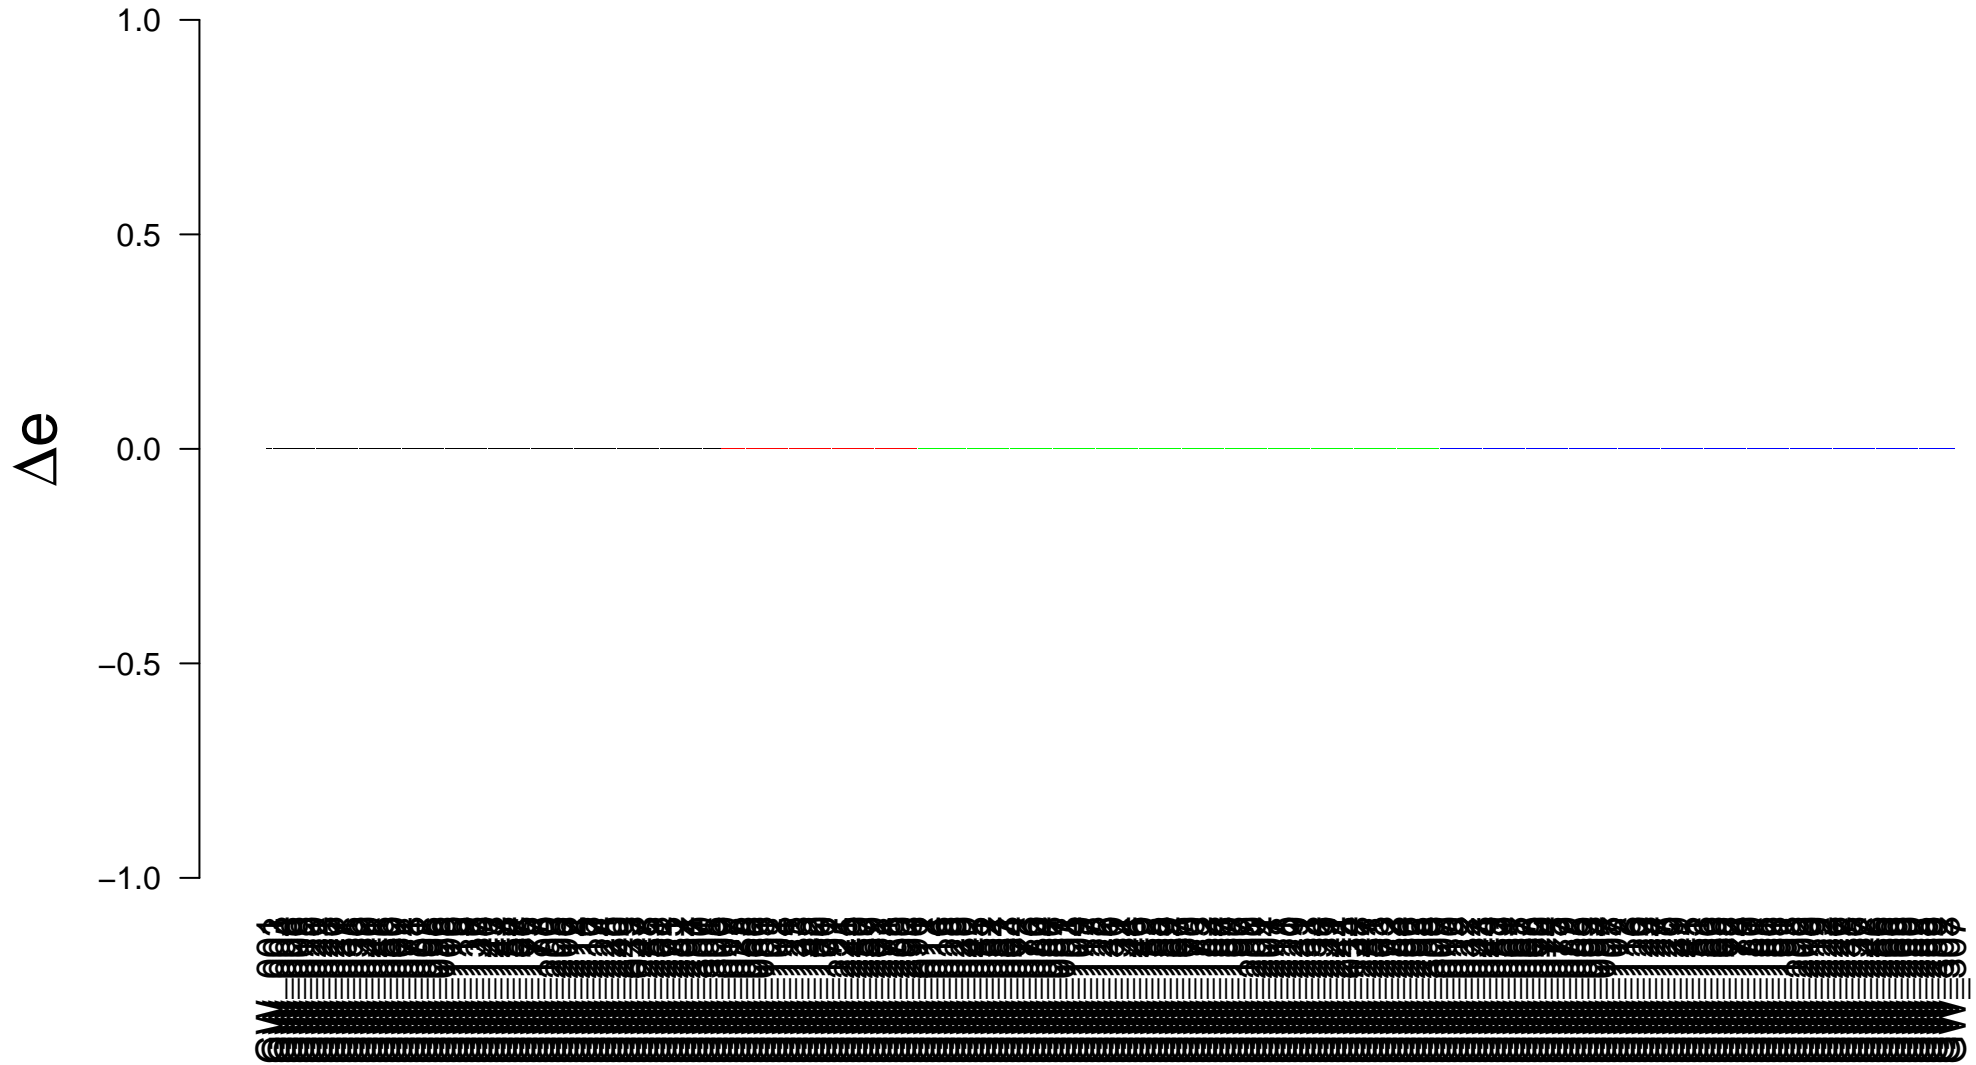

Expression of regulation of myelination in Spot D

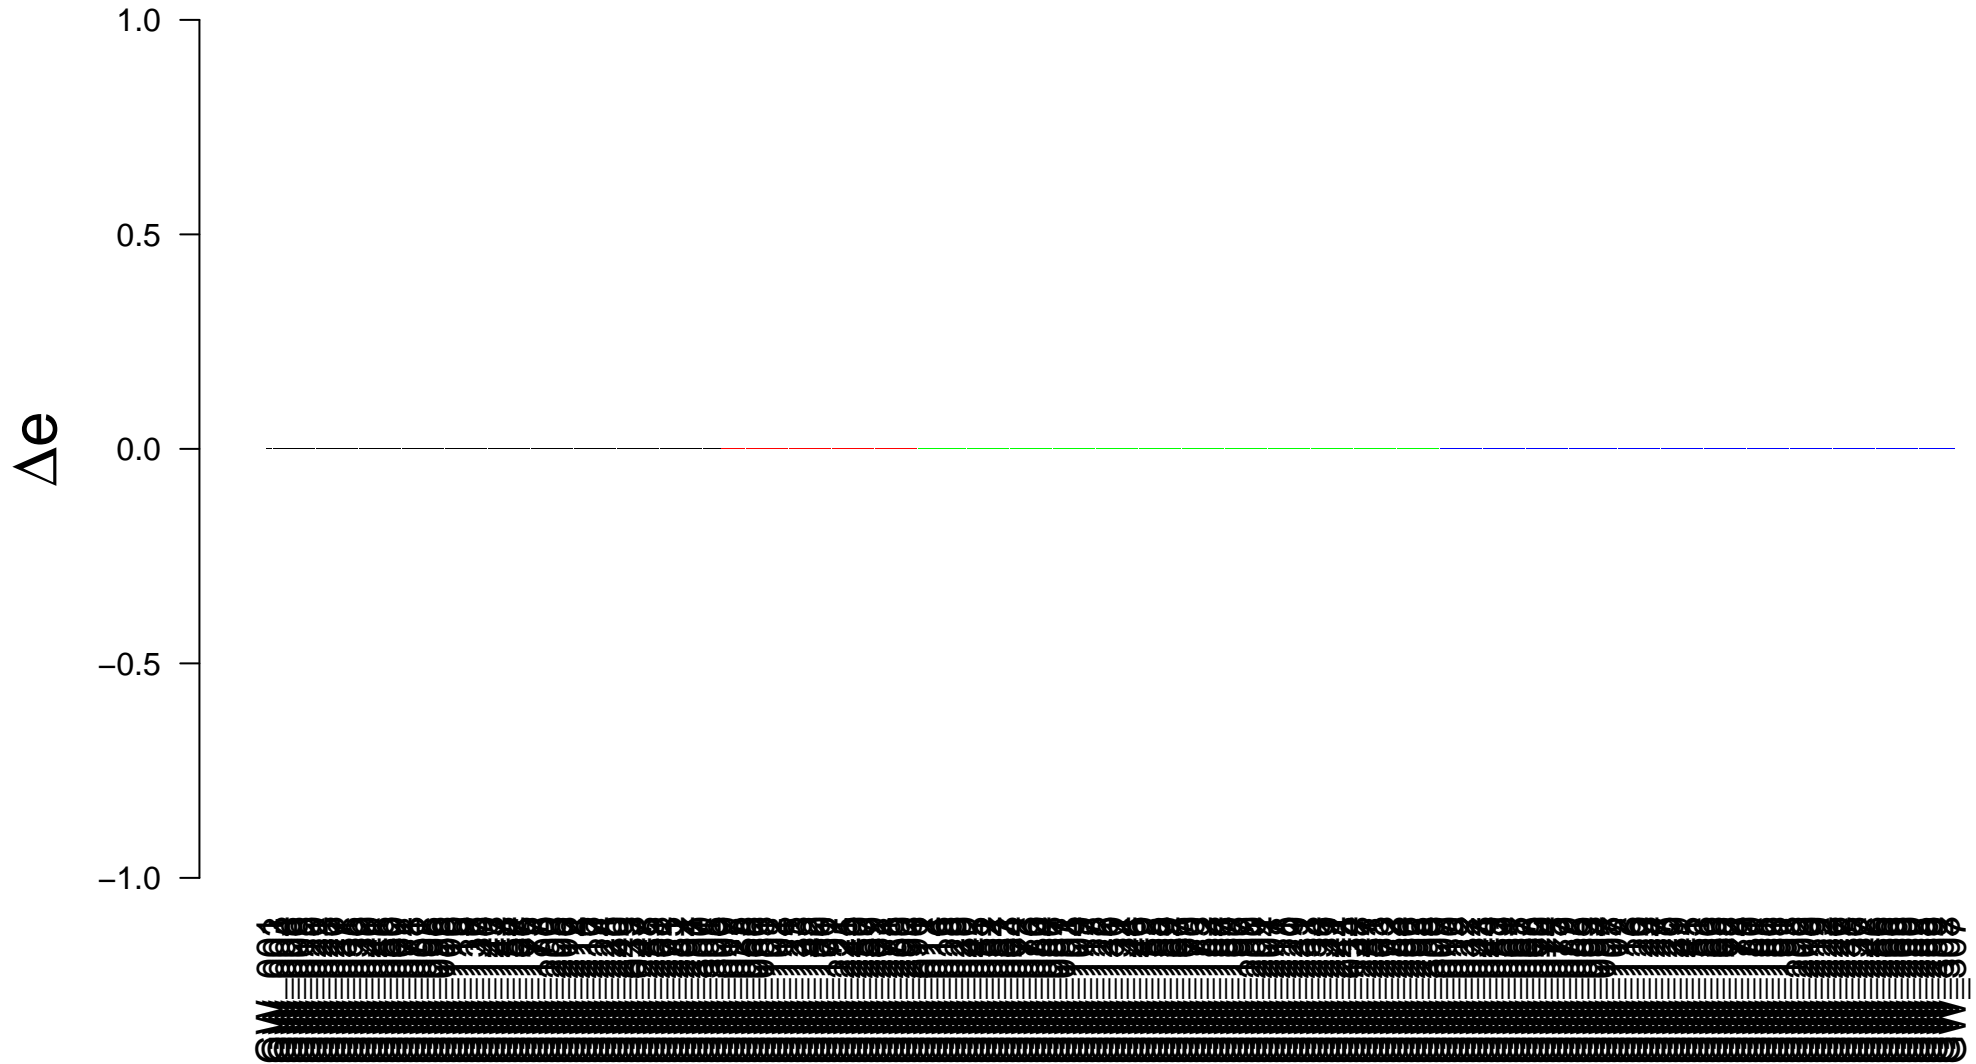

Expression of regulation of myelination in Spot E

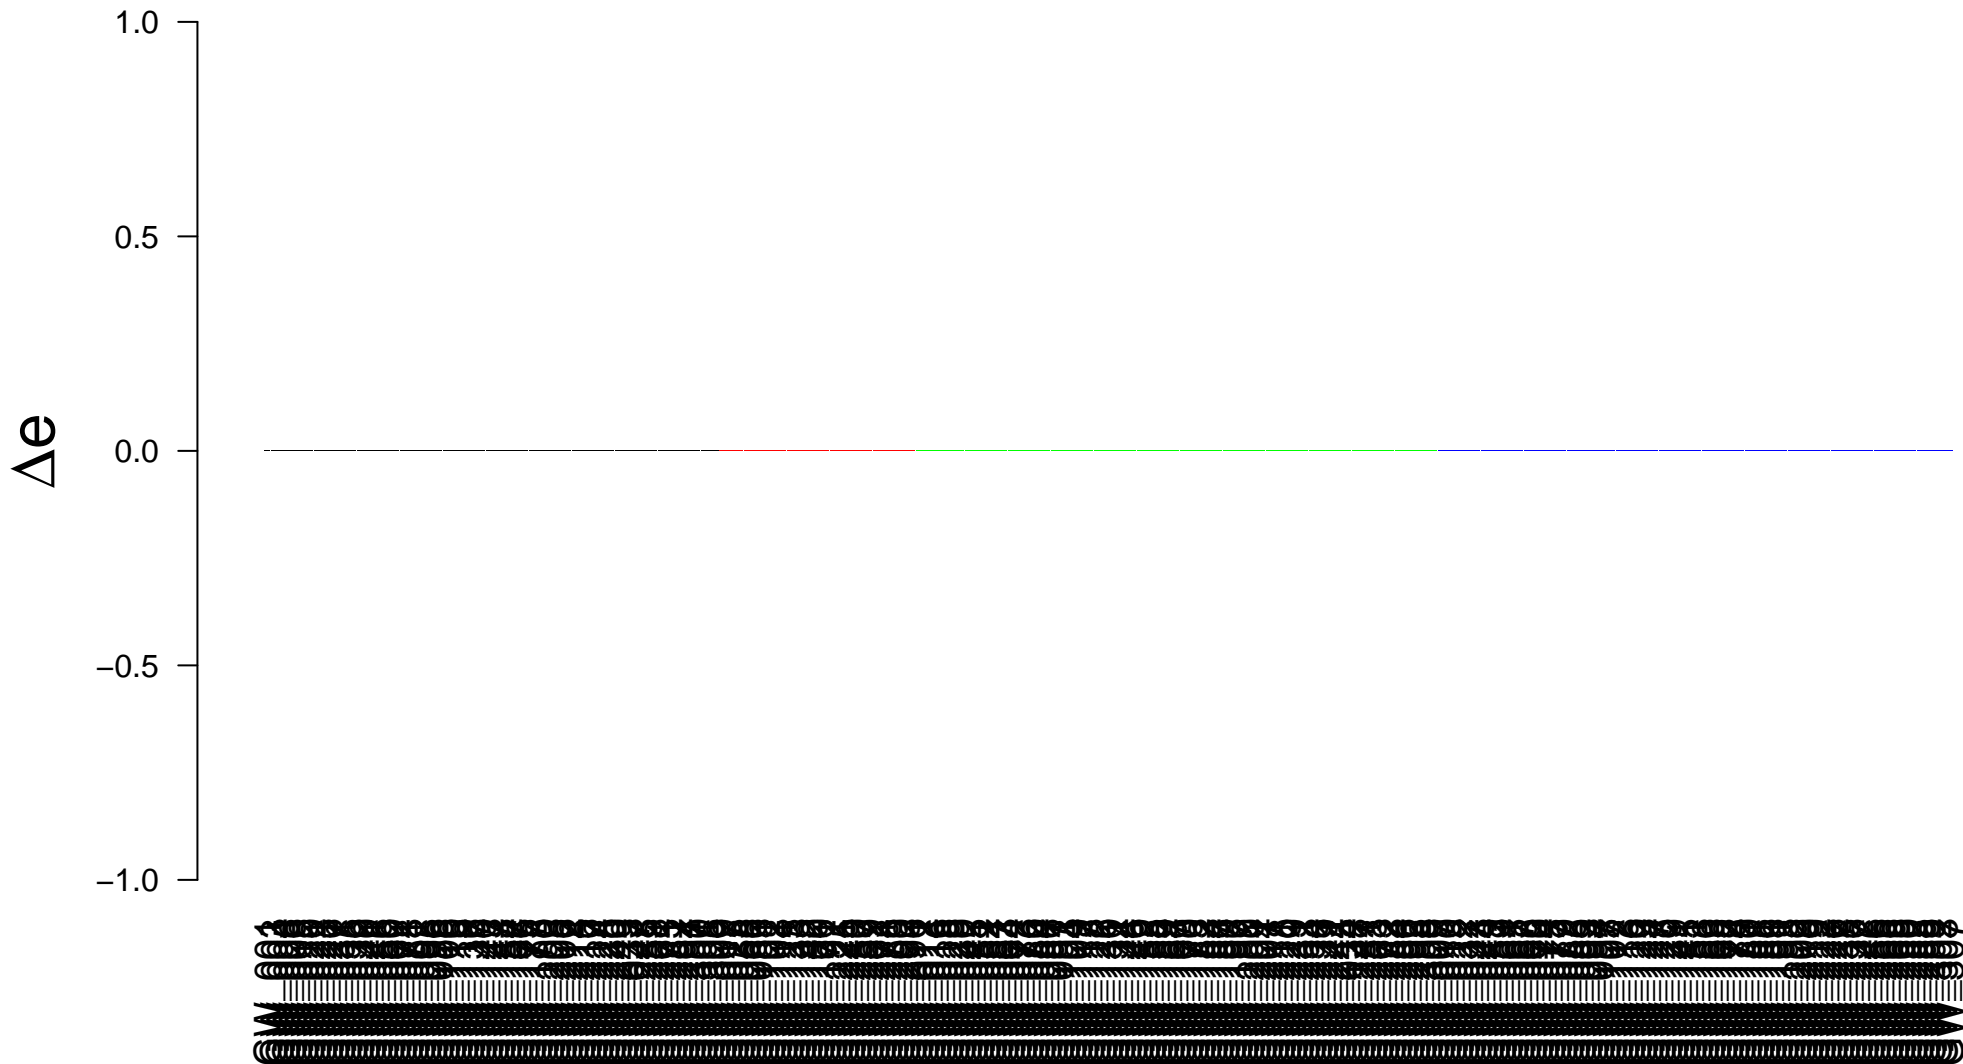

Expression of regulation of myelination in Spot F

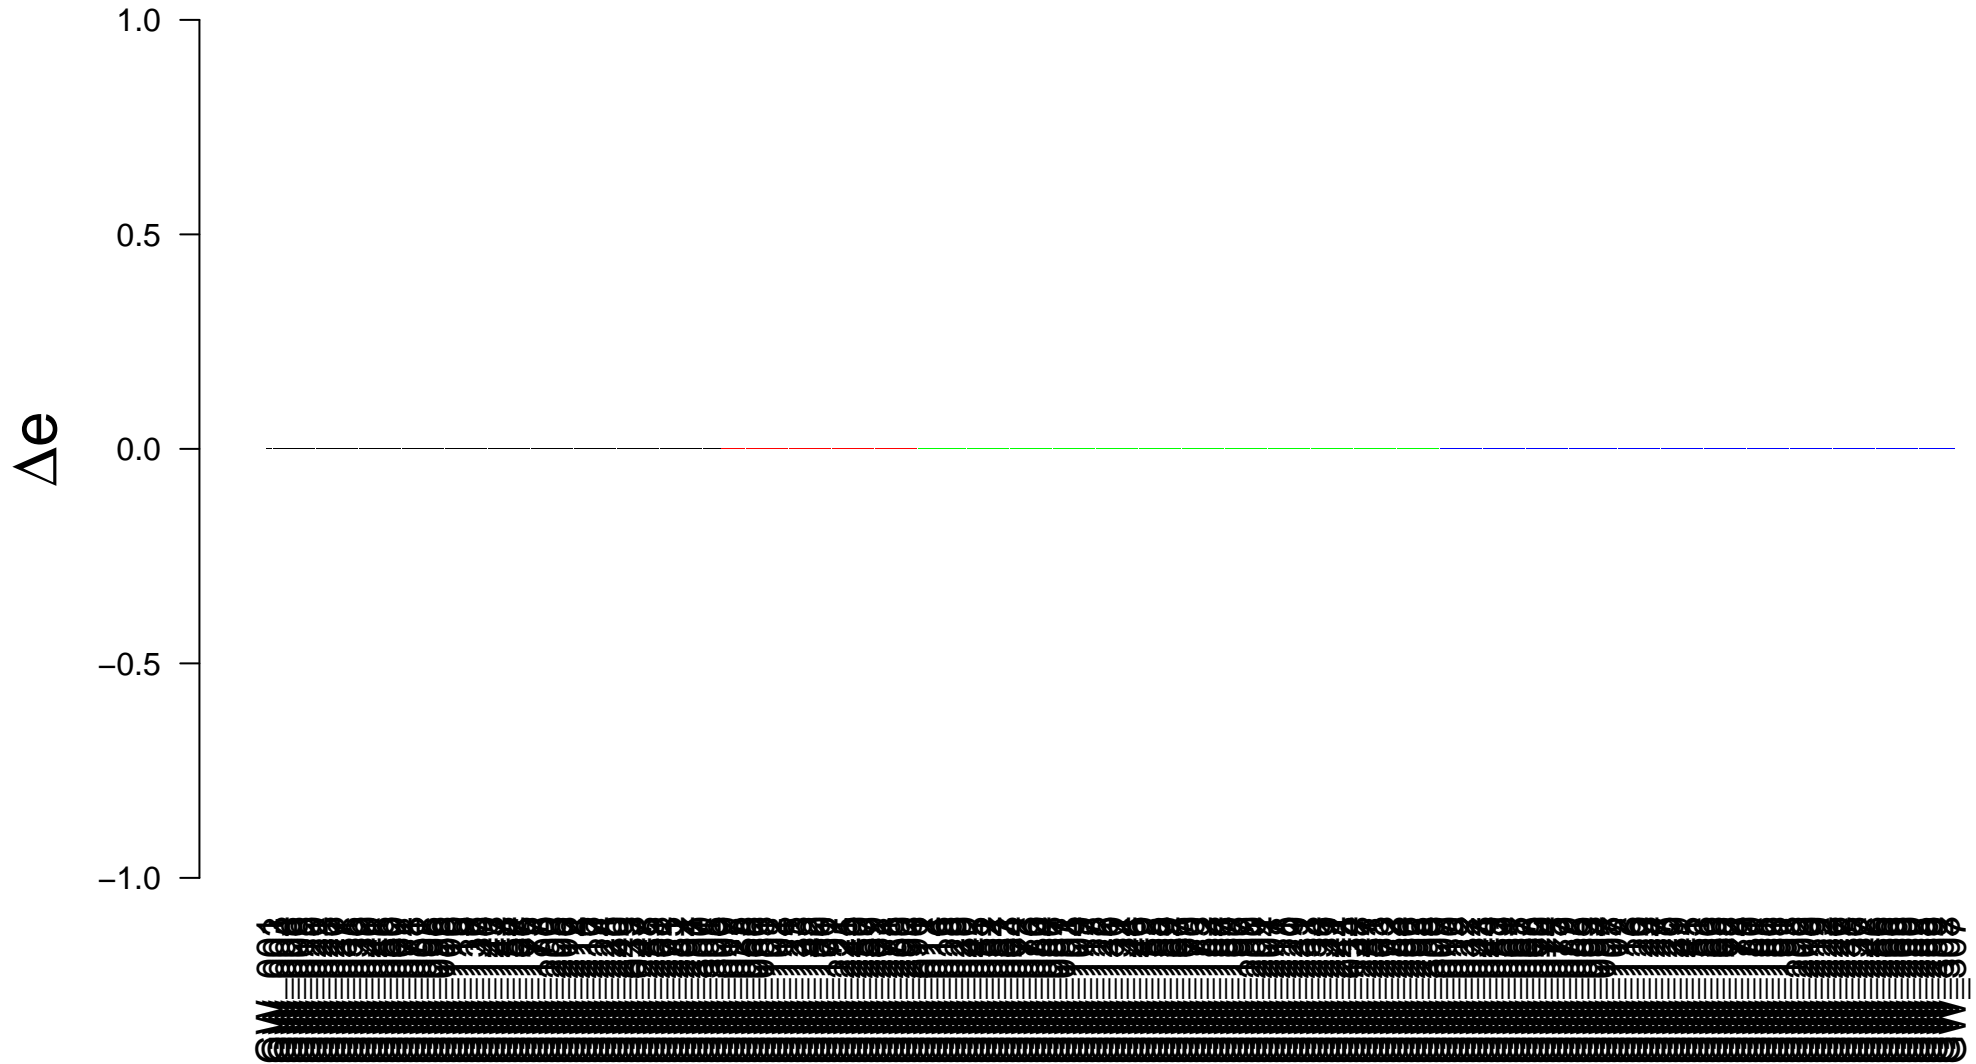

Expression of regulation of myelination in Spot G

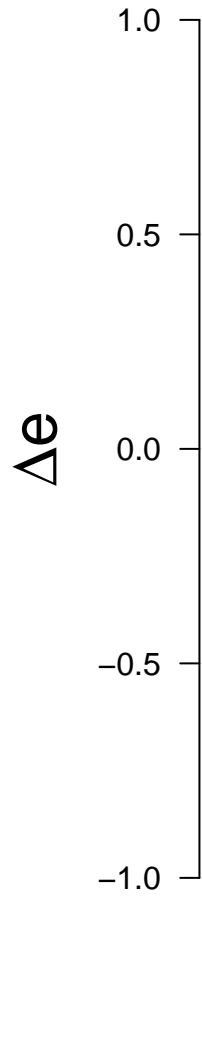

Expression of regulation of myelination in Spot H

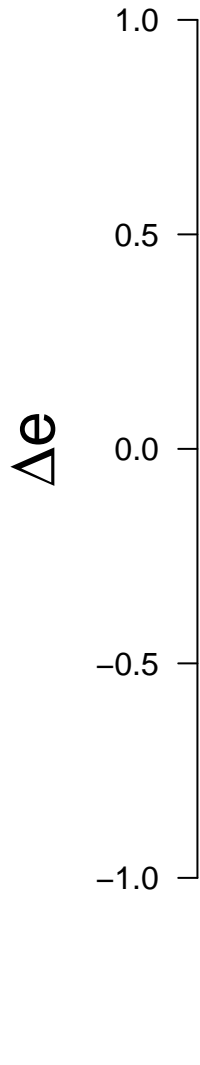

Expression of regulation of myelination in Spot I

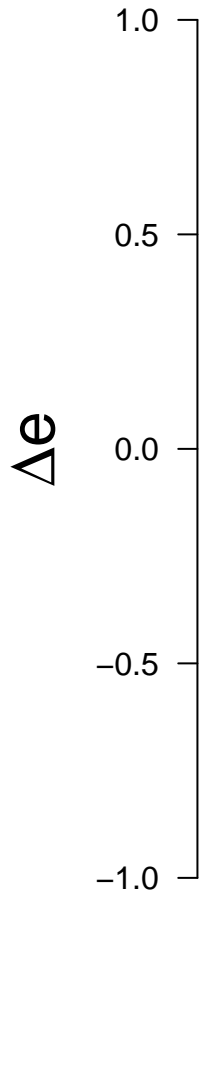

Expression of regulation of myelination in Spot J

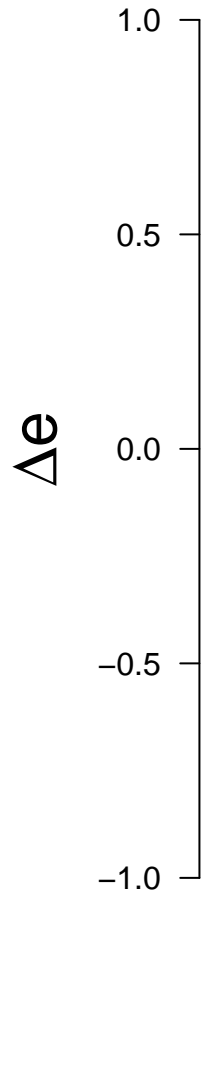

Expression of regulation of myelination in Spot K

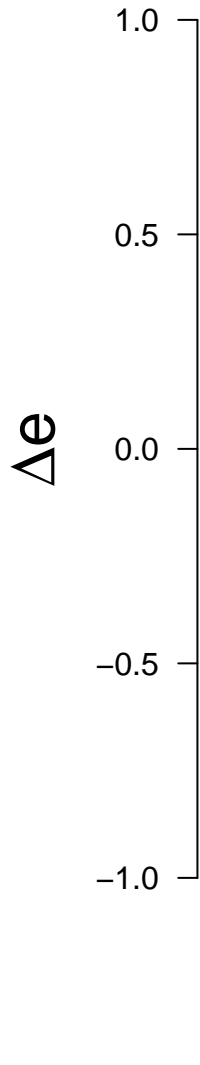

Expression of regulation of myelination in Spot L

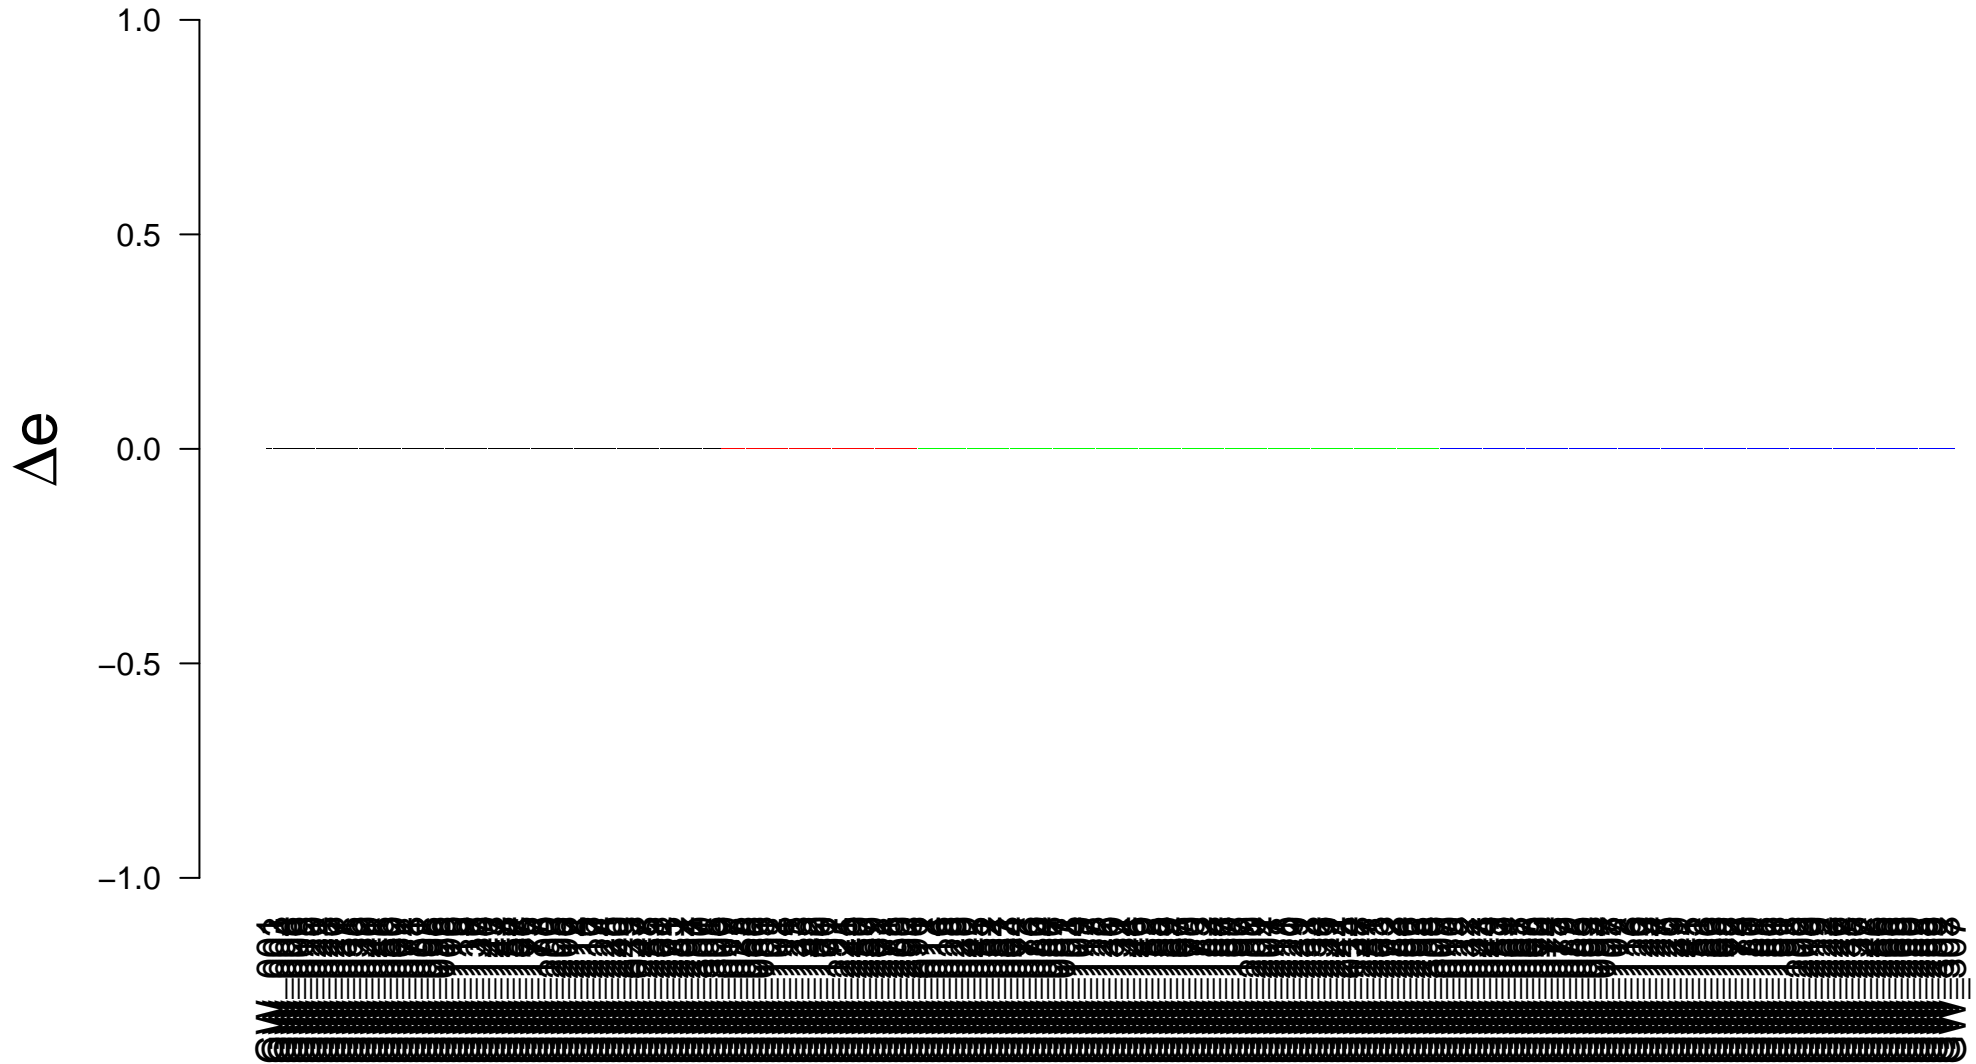

Expression of regulation of myelination in Spot M

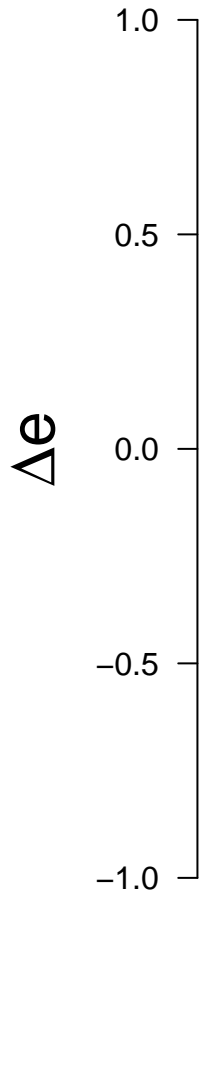

Expression of regulation of myelination in Spot N

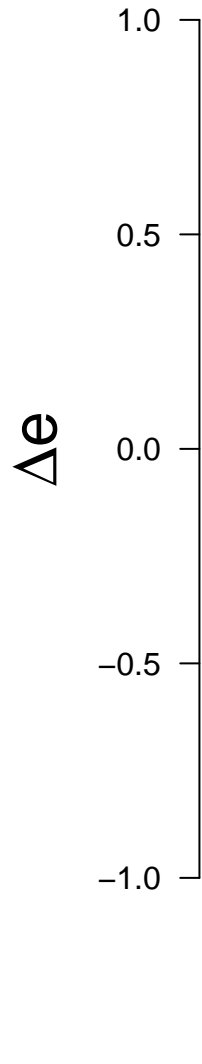

Expression of regulation of myelination in Spot O

Expression of regulation of myelination in Spot P

Expression of regulation of myelination in Spot Q

Expression of regulation of myelination in Spot R
