

regulation of receptor activity

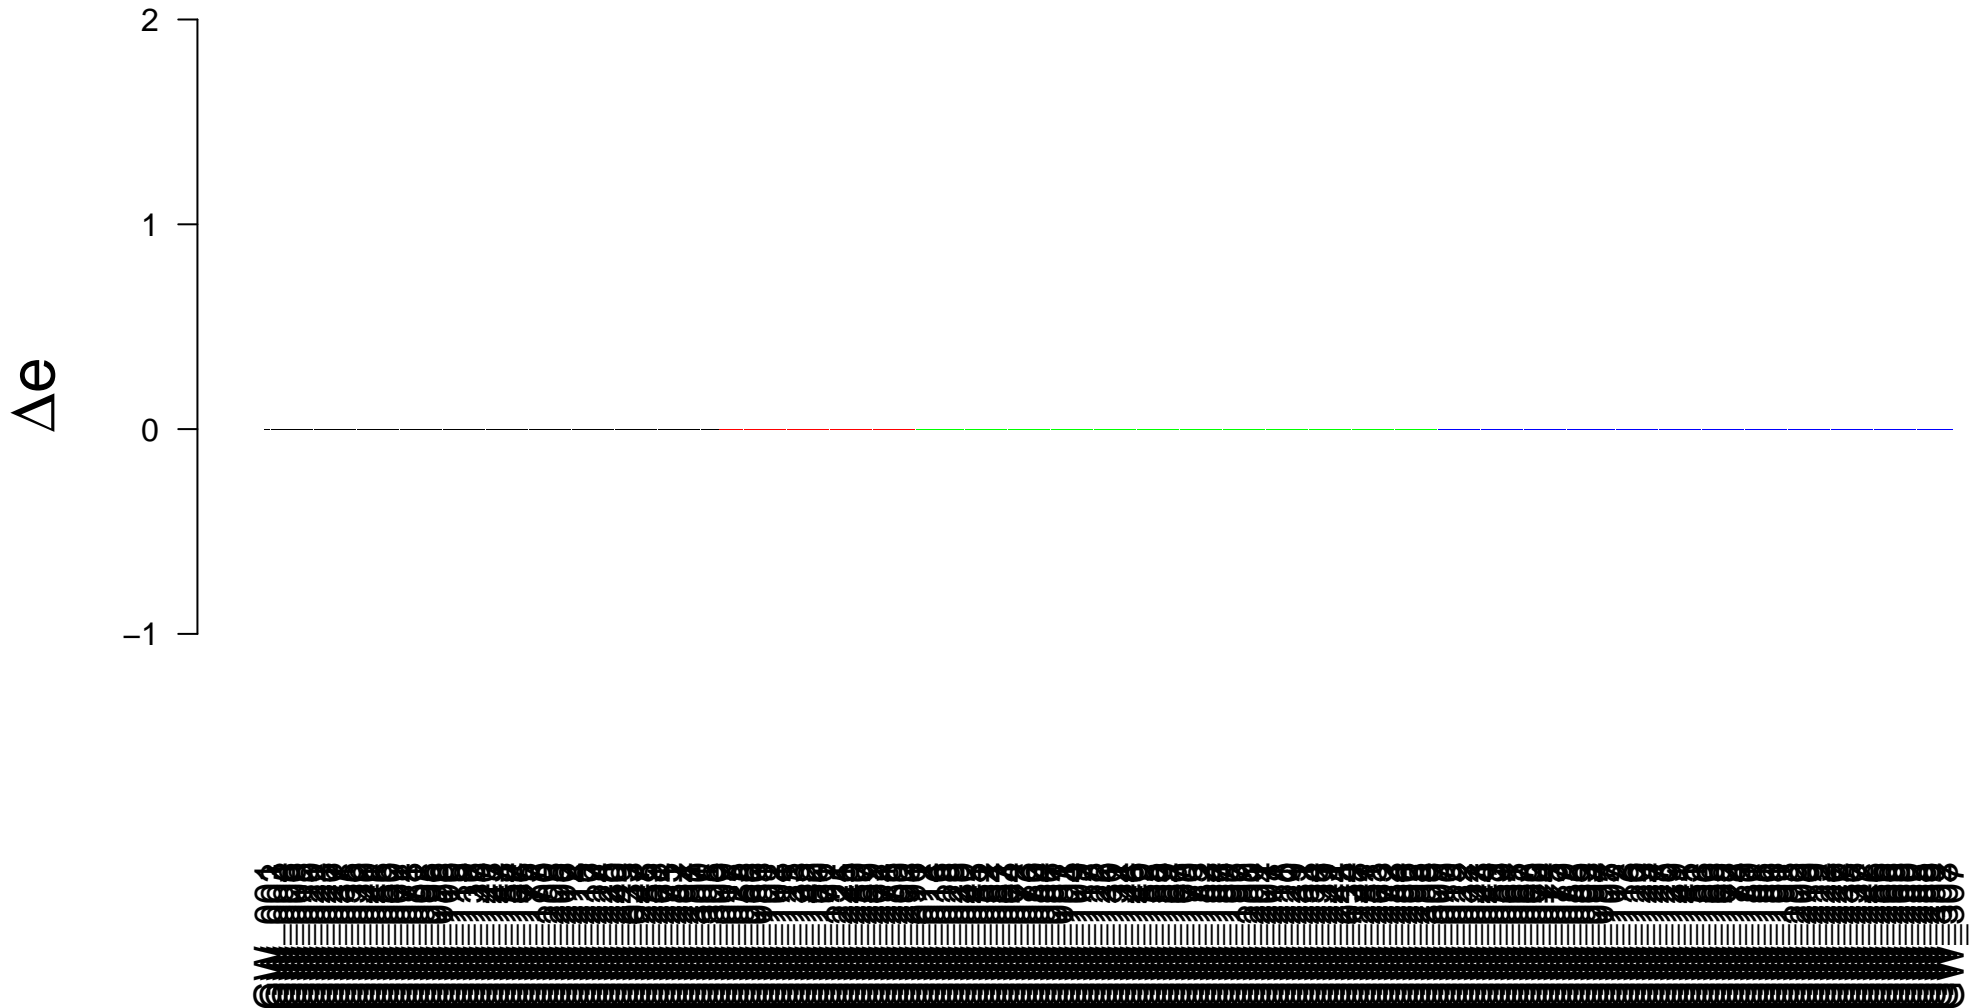

regulation of receptor activity

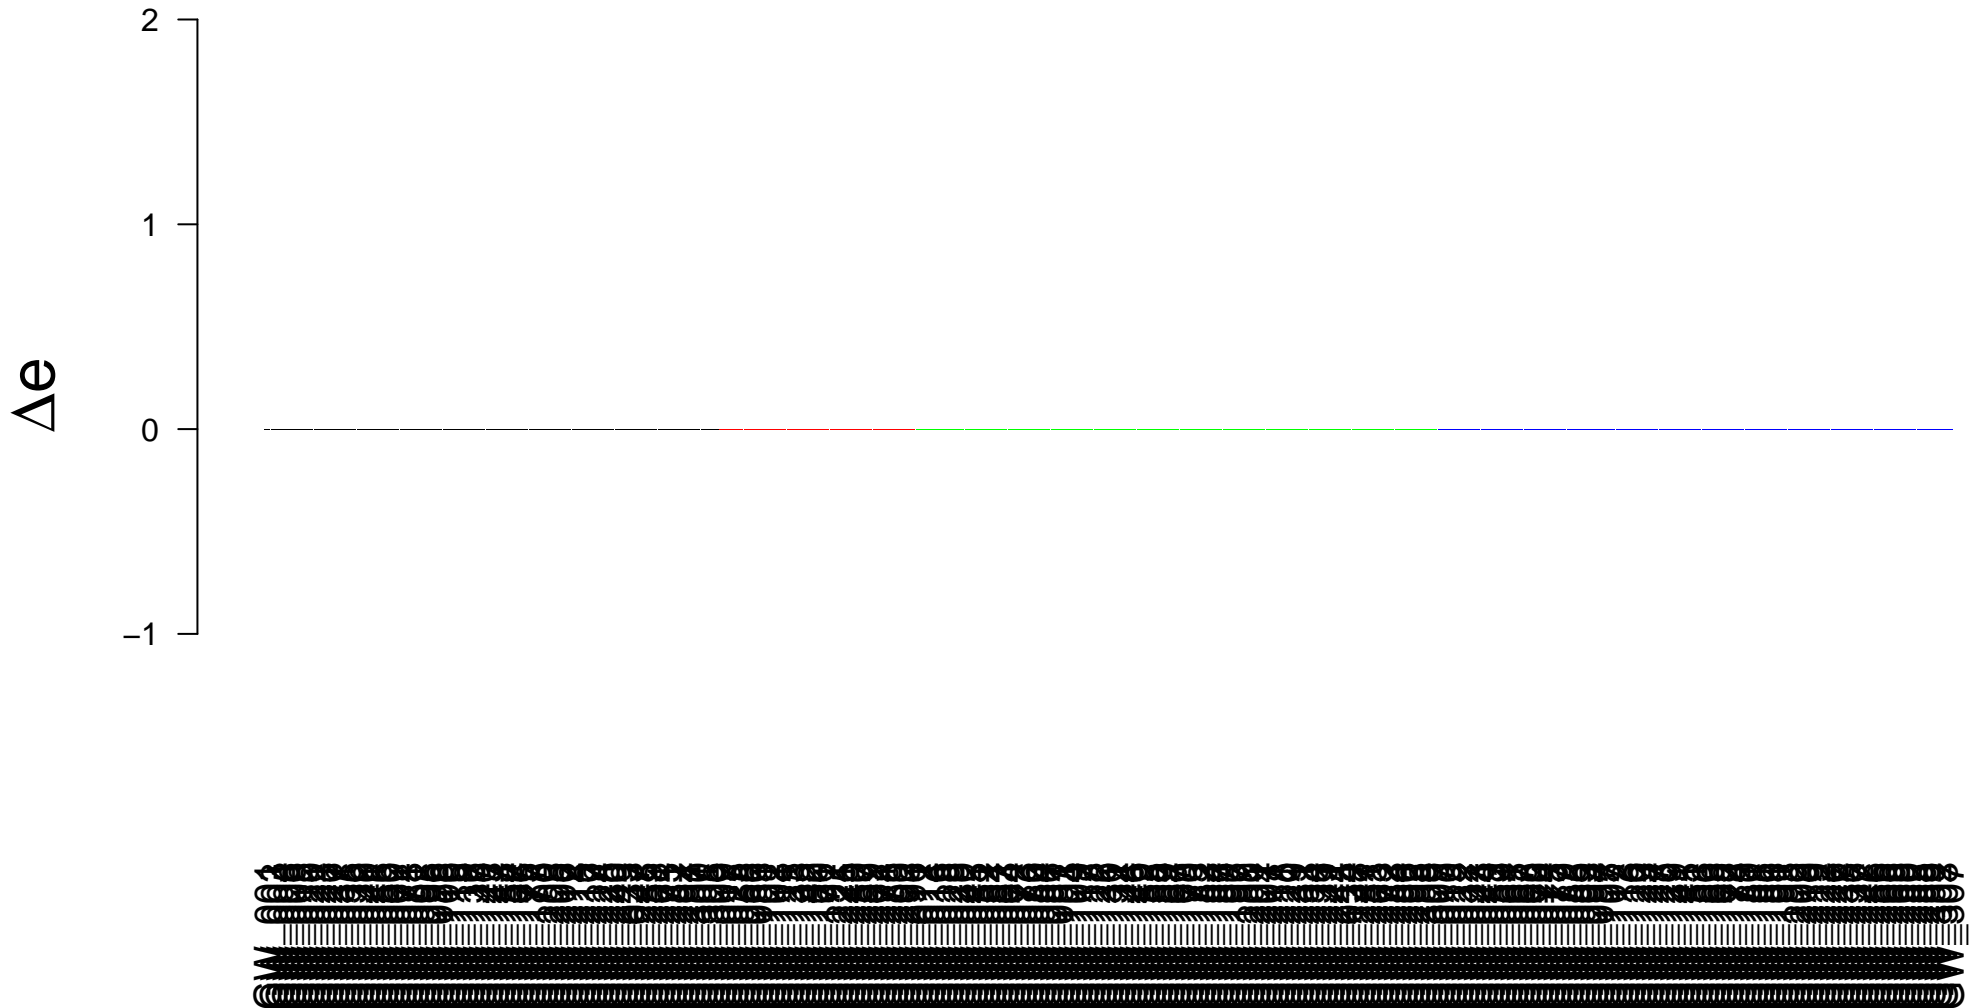

Enrichment in spots: regulation of receptor activity

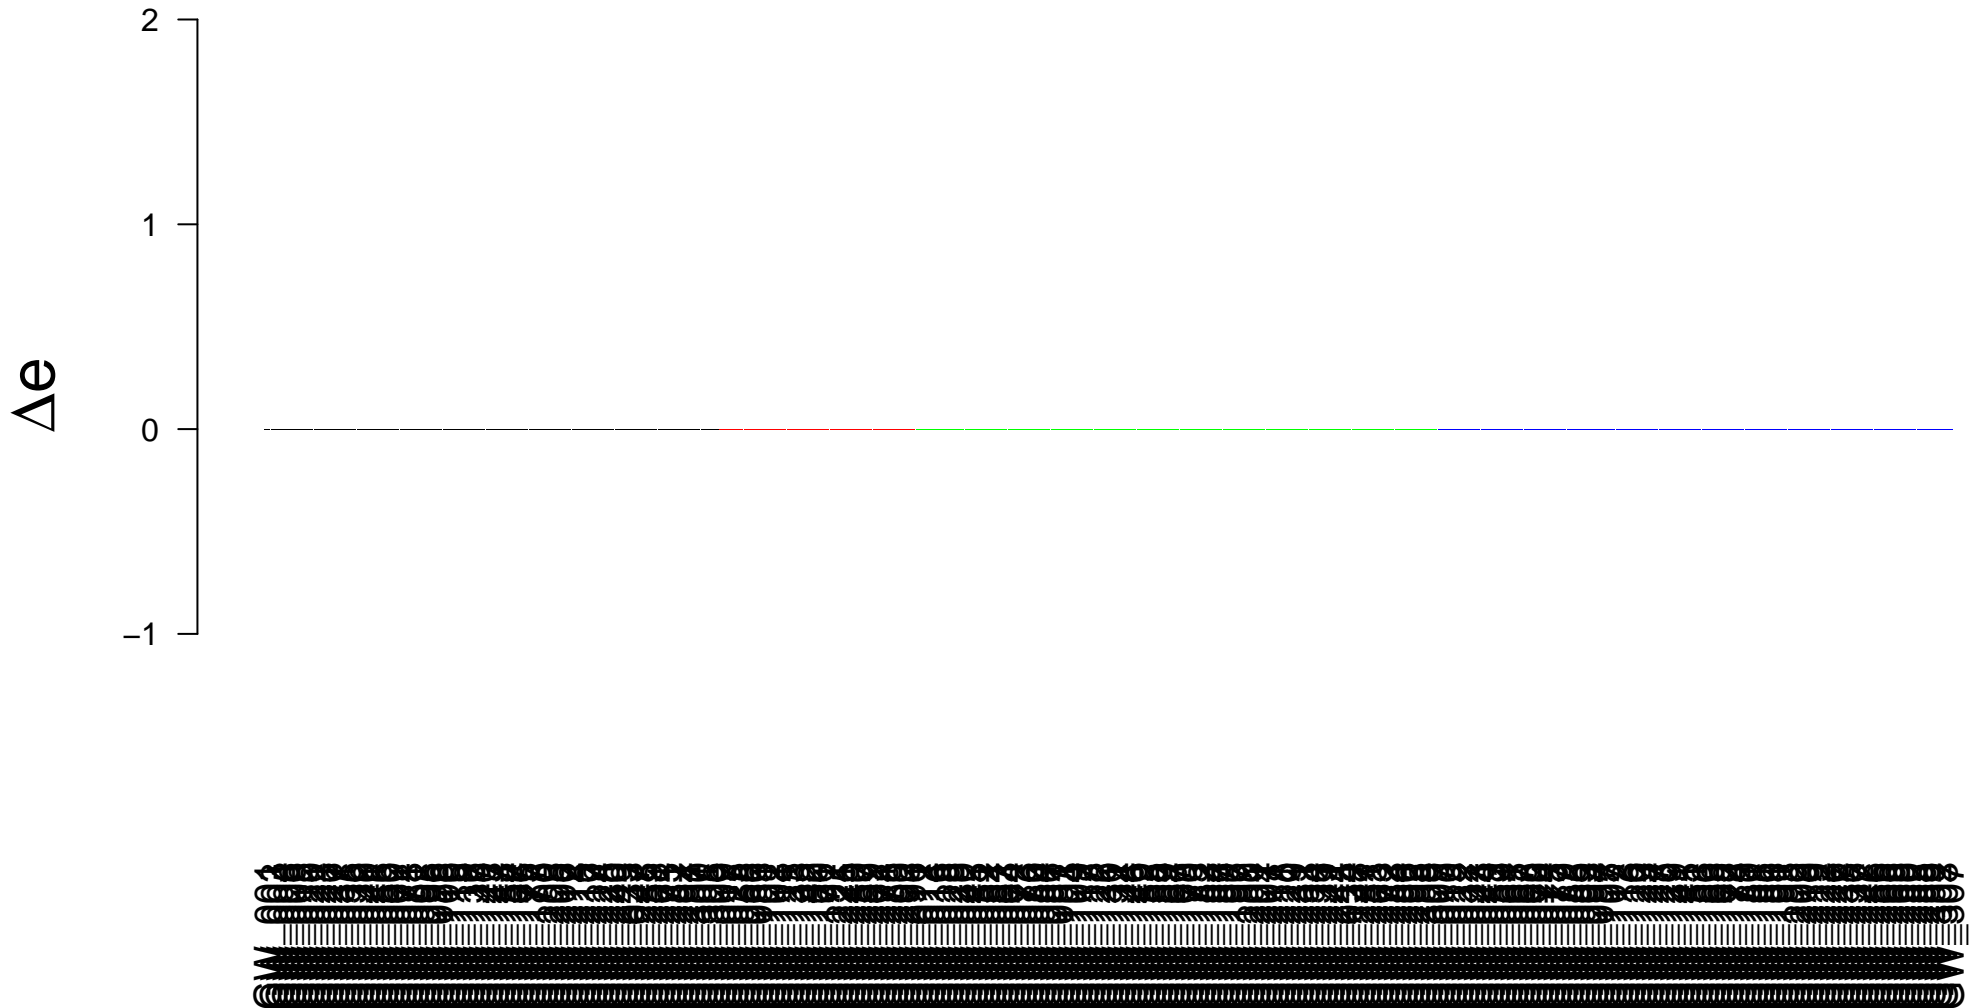

Expression of regulation of receptor activity in Spot A

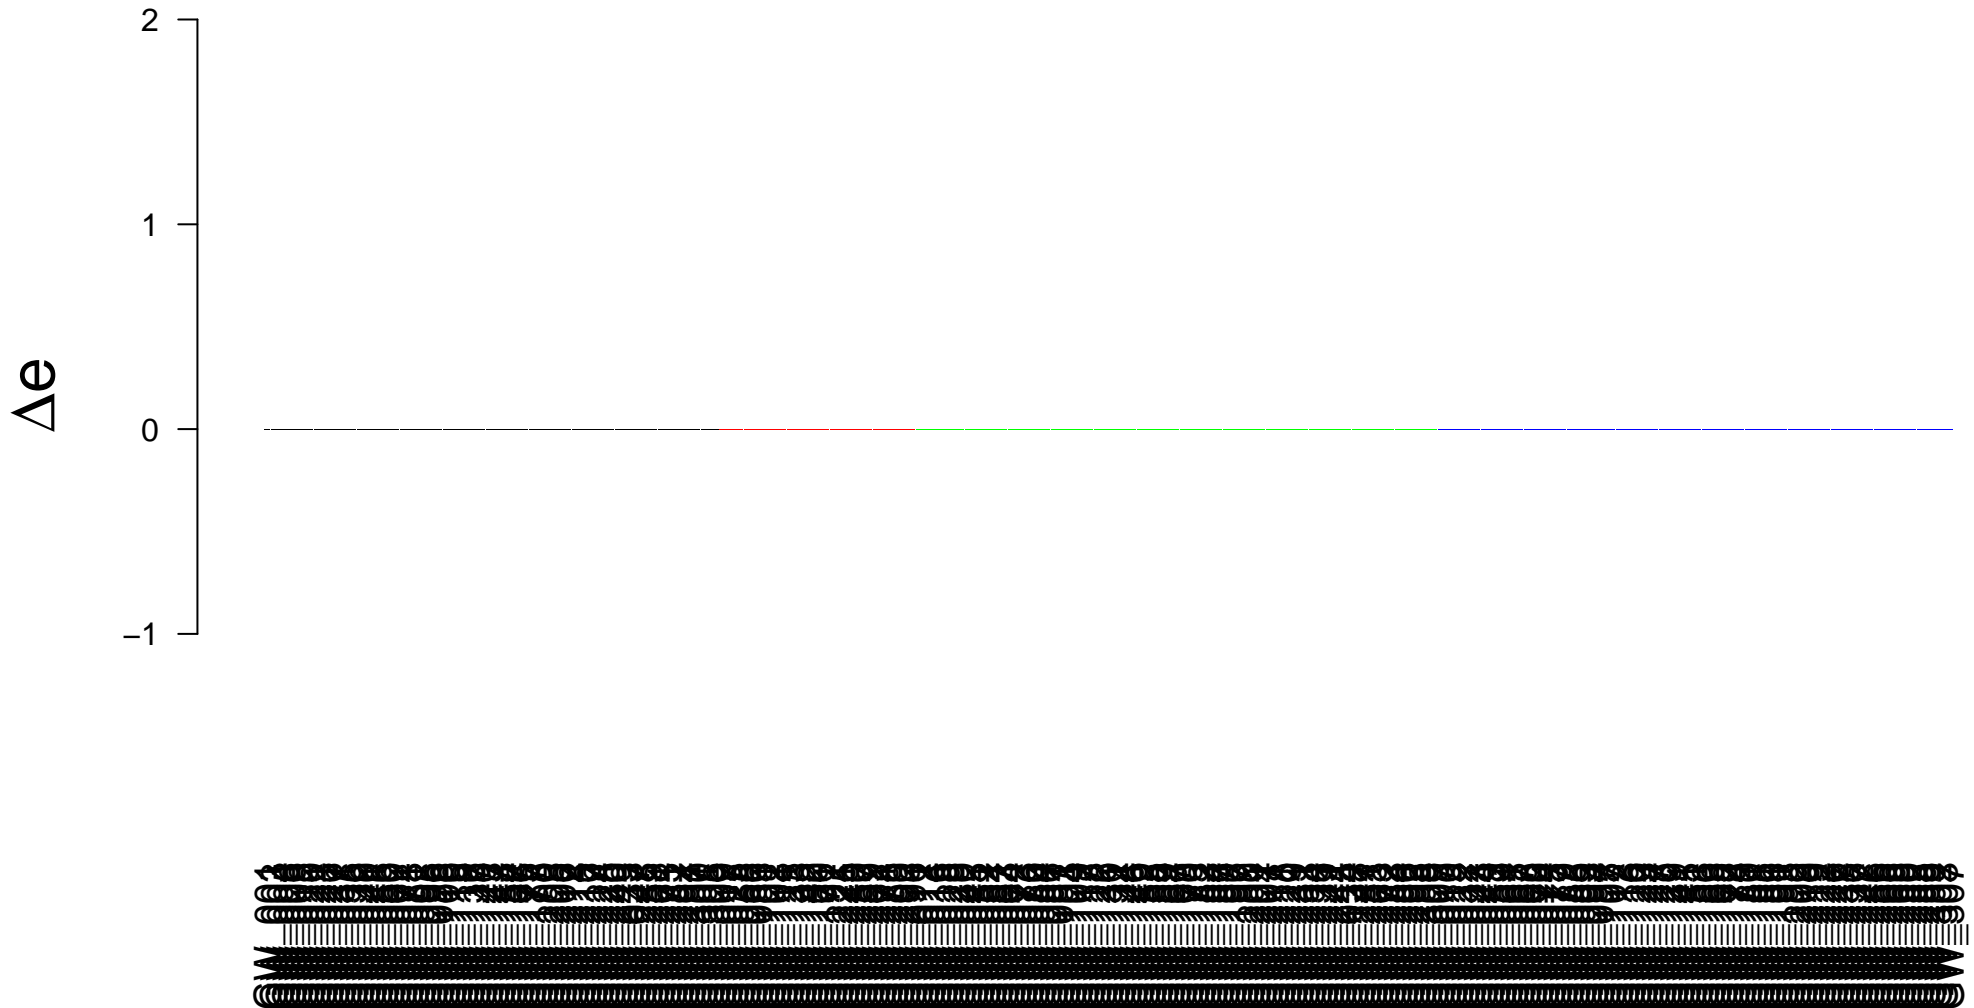

Expression of regulation of receptor activity in Spot B

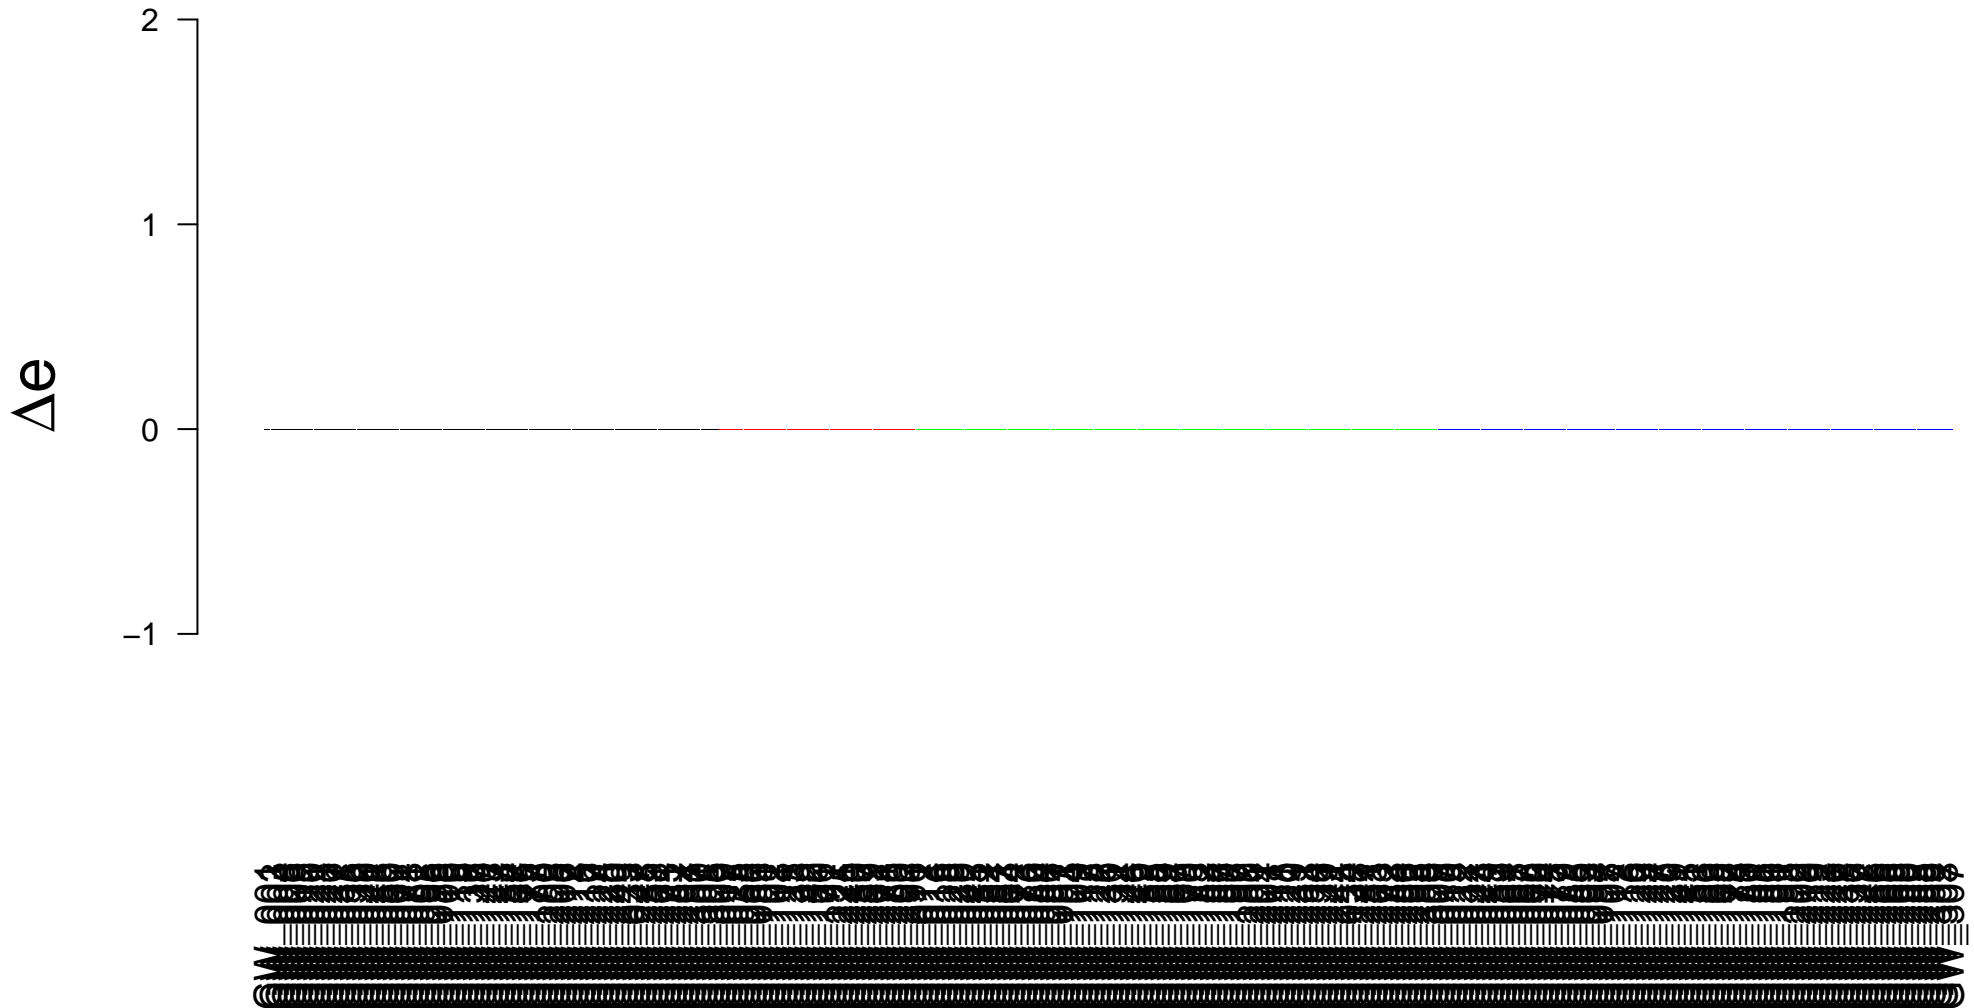

Expression of regulation of receptor activity in Spot C

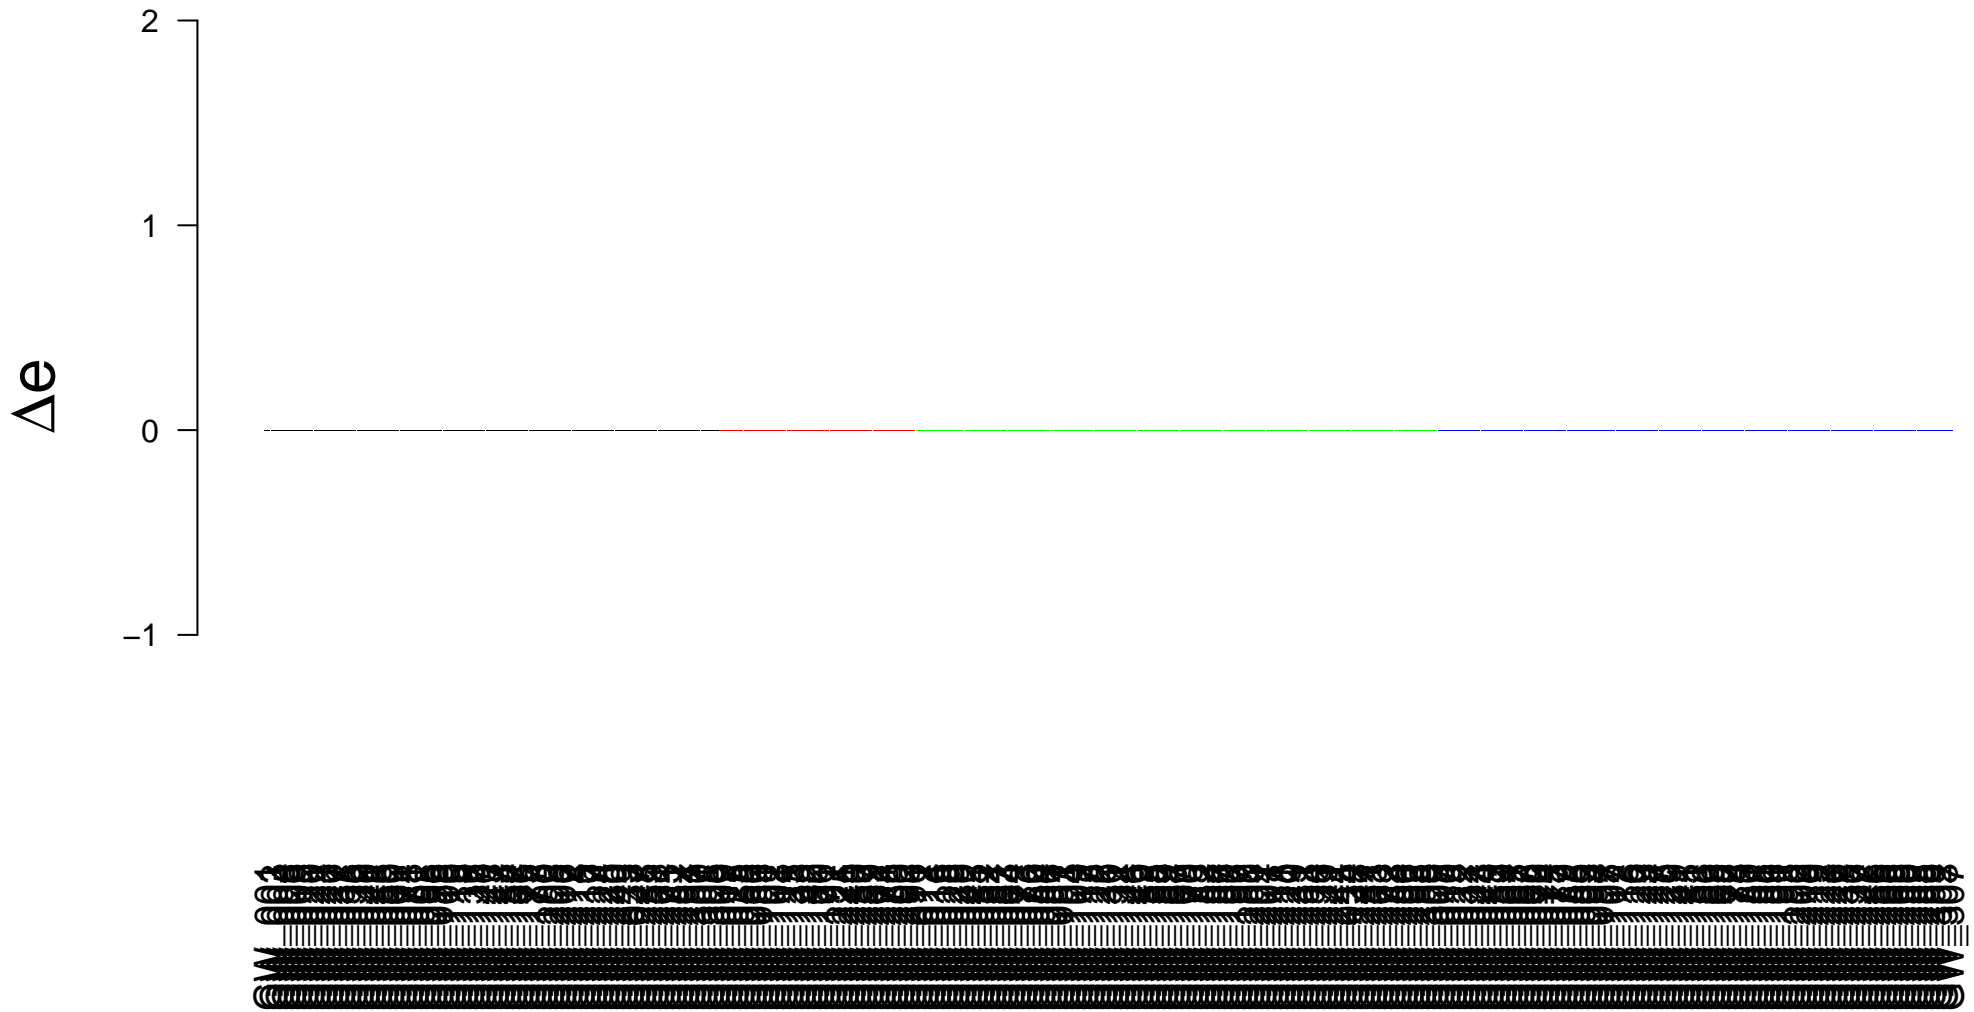

Expression of regulation of receptor activity in Spot D

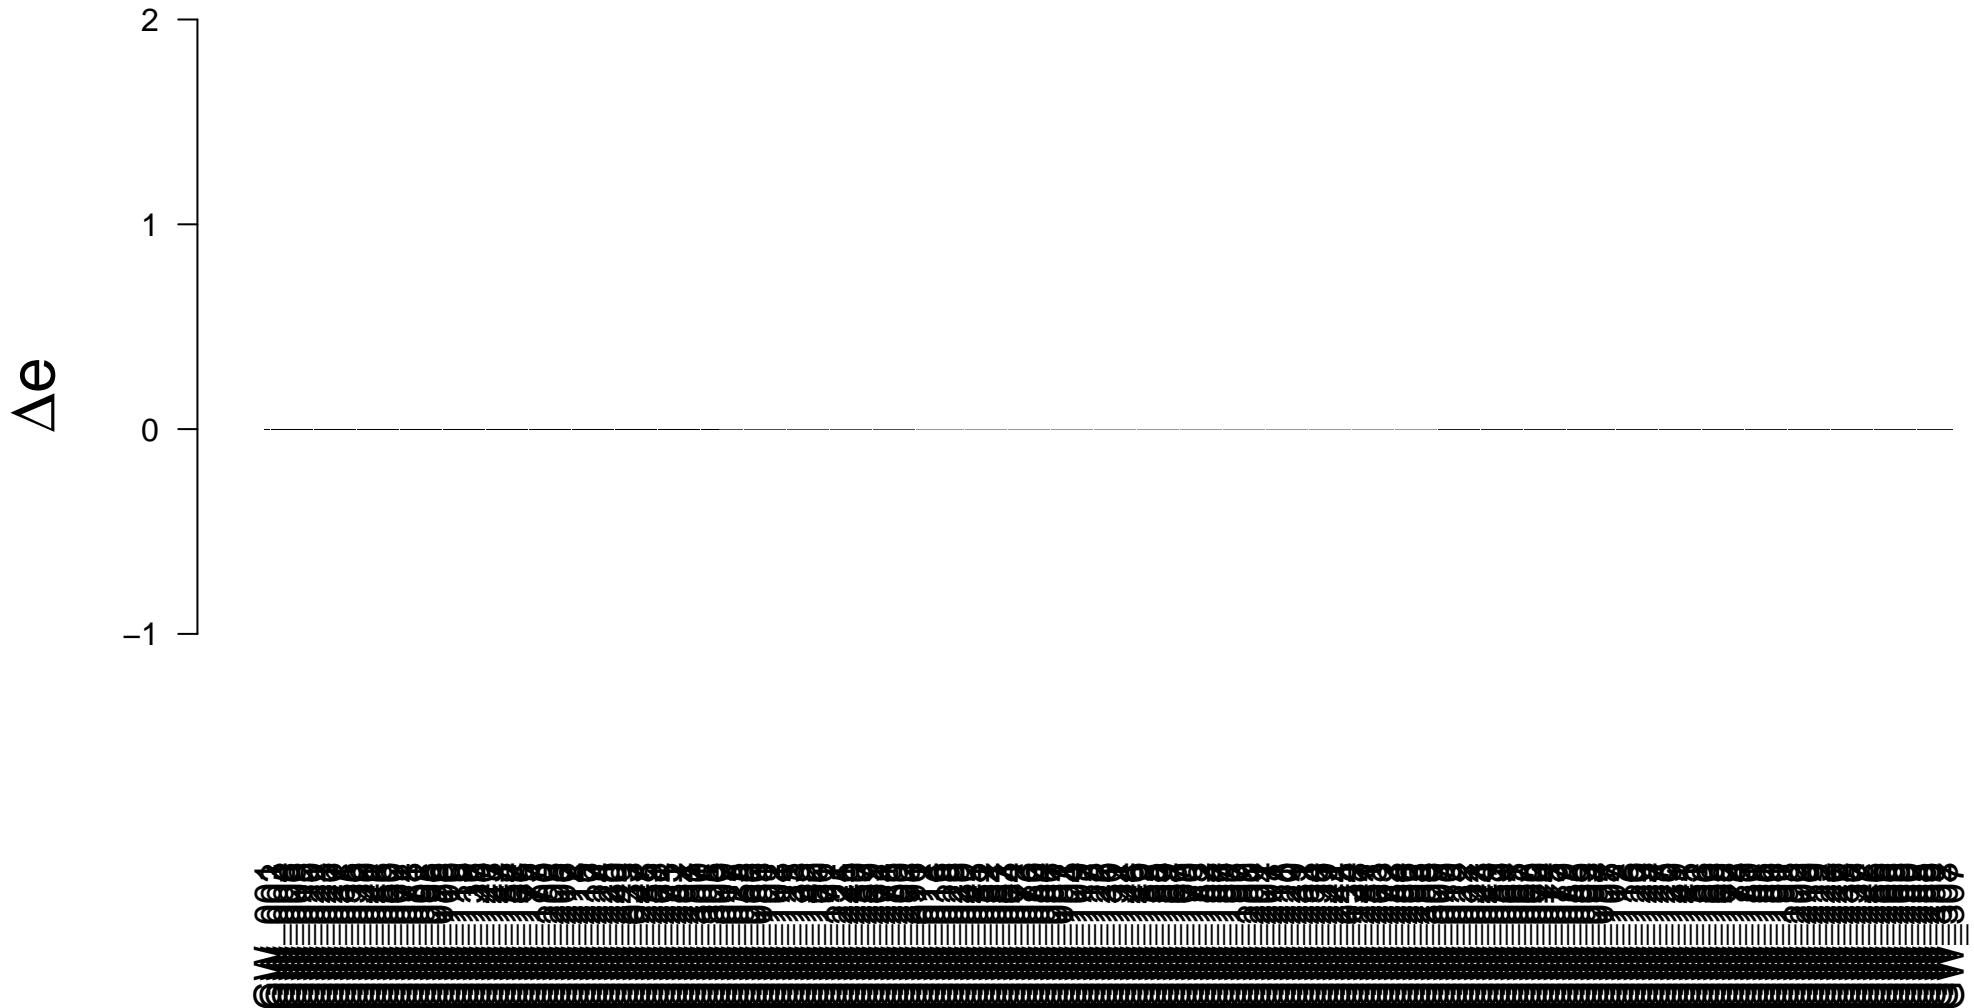

Expression of regulation of receptor activity in Spot E

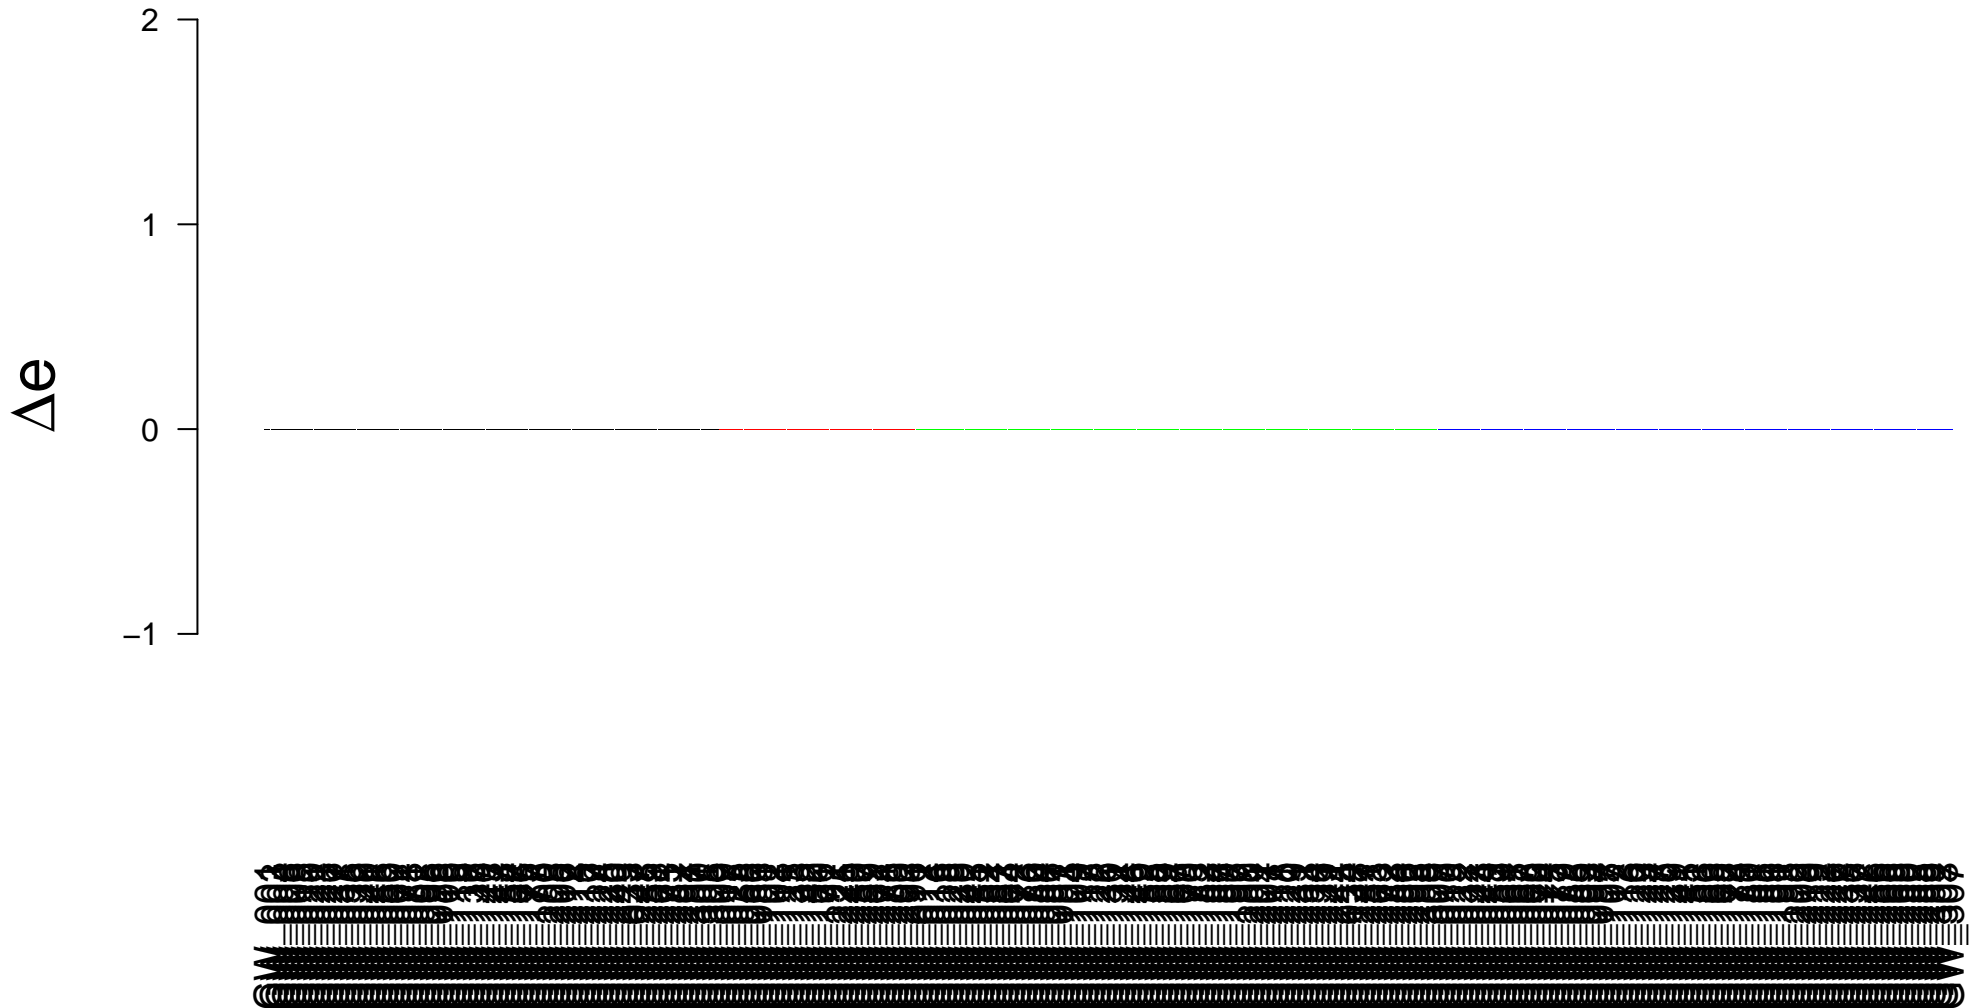

Expression of regulation of receptor activity in Spot F

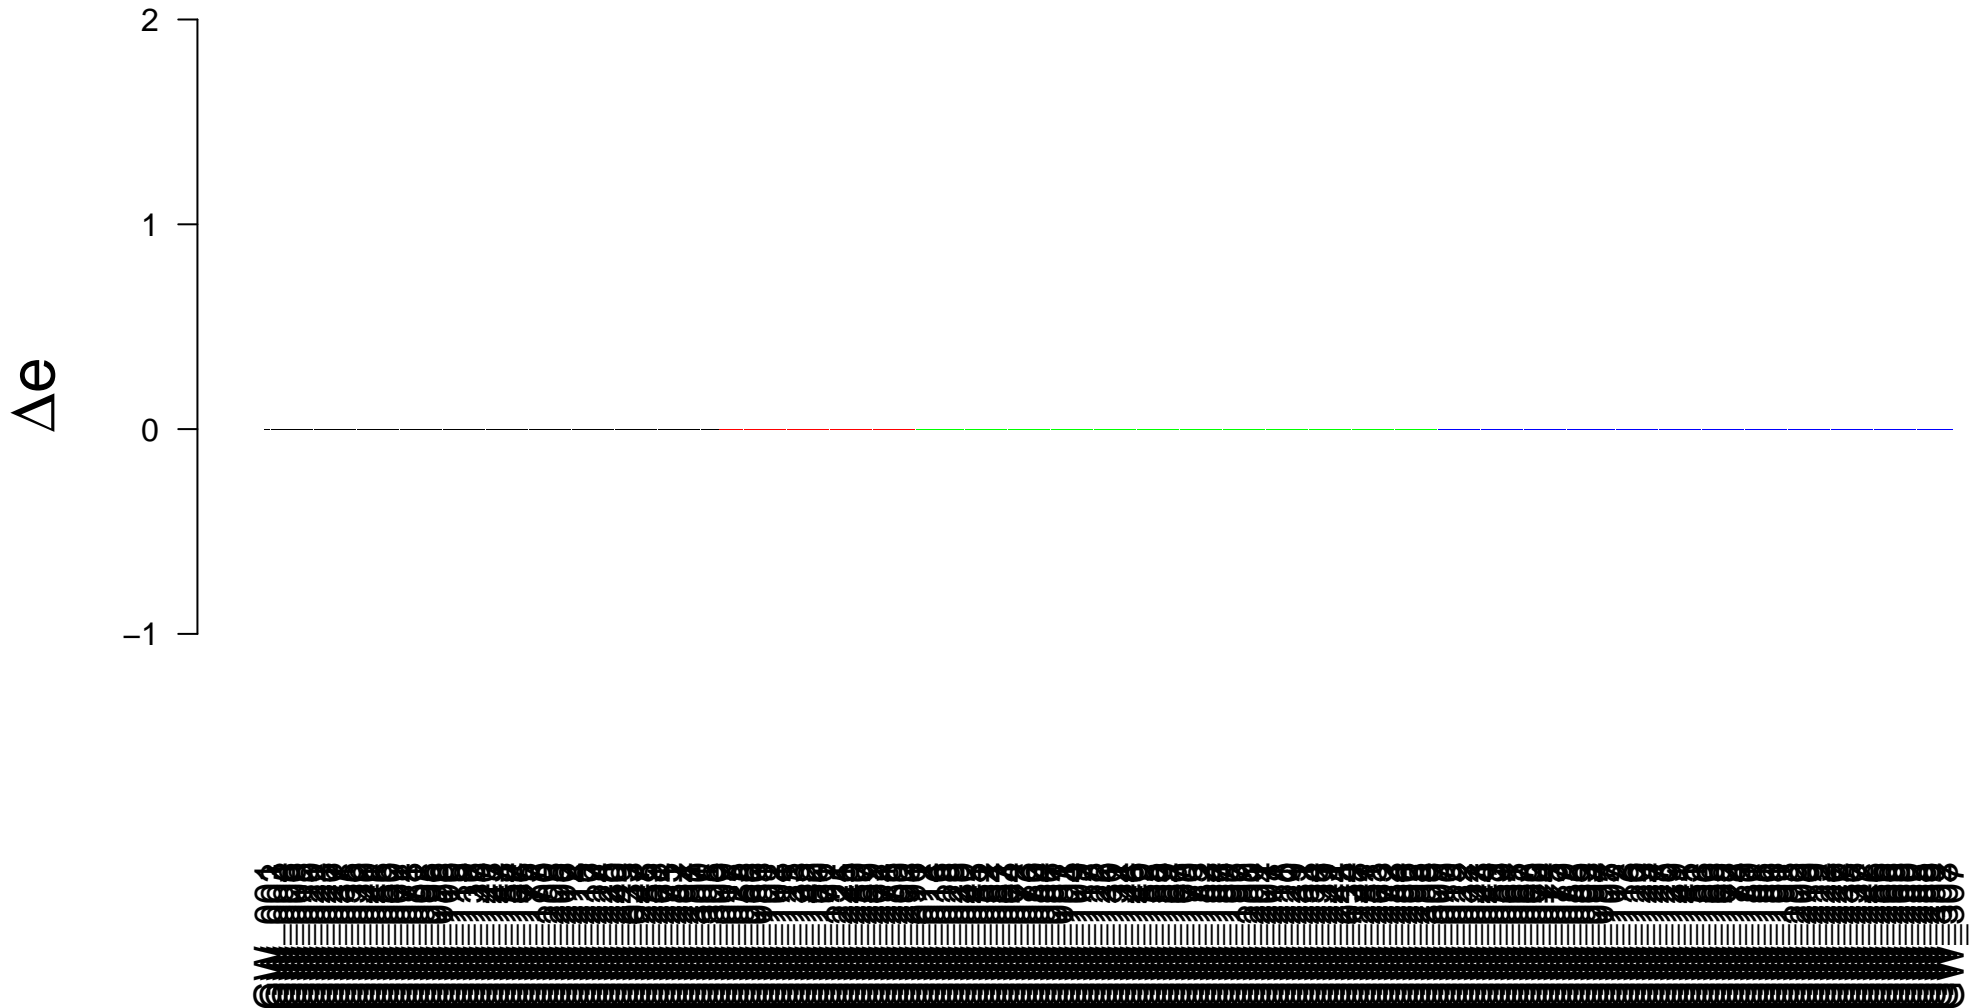

Expression of regulation of receptor activity in Spot G

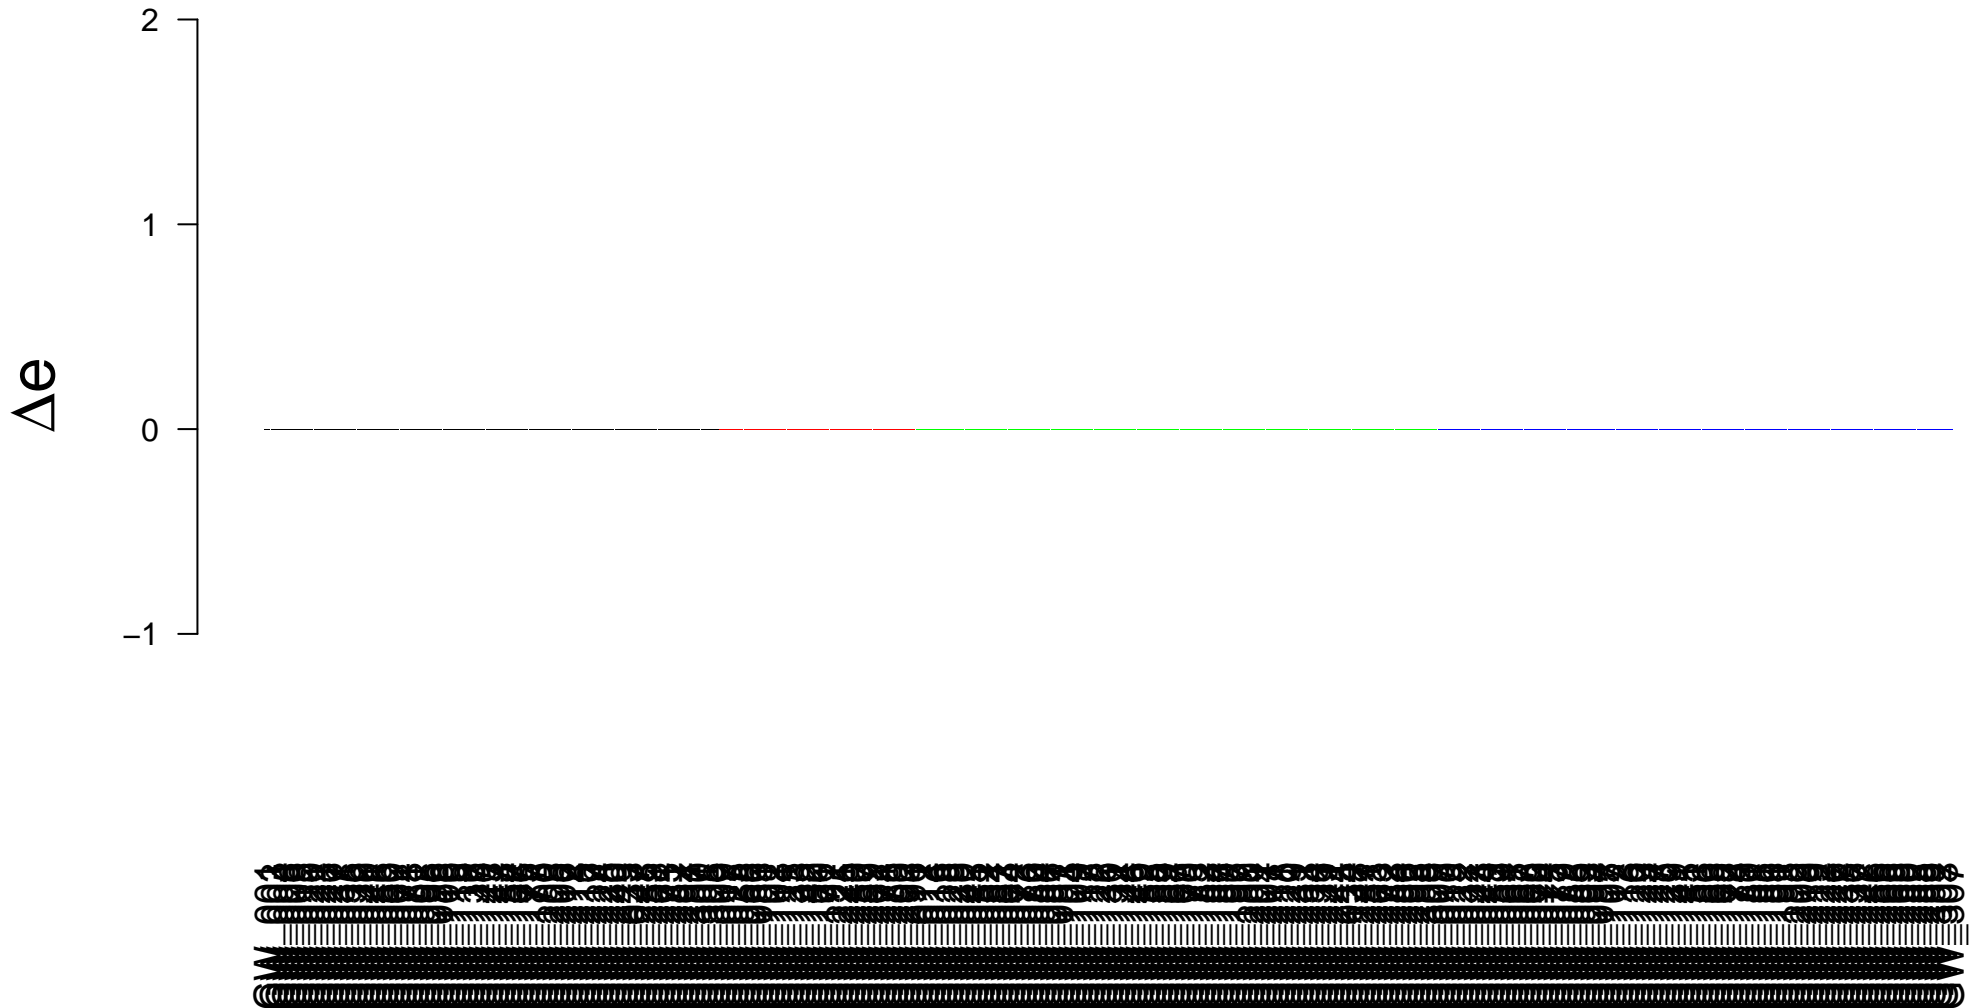

Expression of regulation of receptor activity in Spot H

Expression of regulation of receptor activity in Spot I

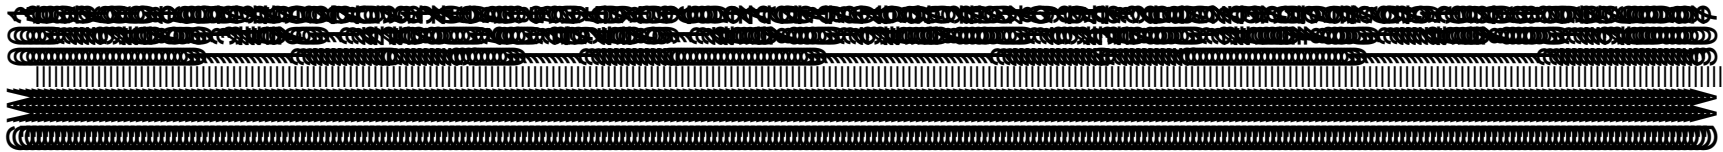

Expression of regulation of receptor activity in Spot J

Expression of regulation of receptor activity in Spot K
