

regulation of respiratory gaseous exchange by neurological system process

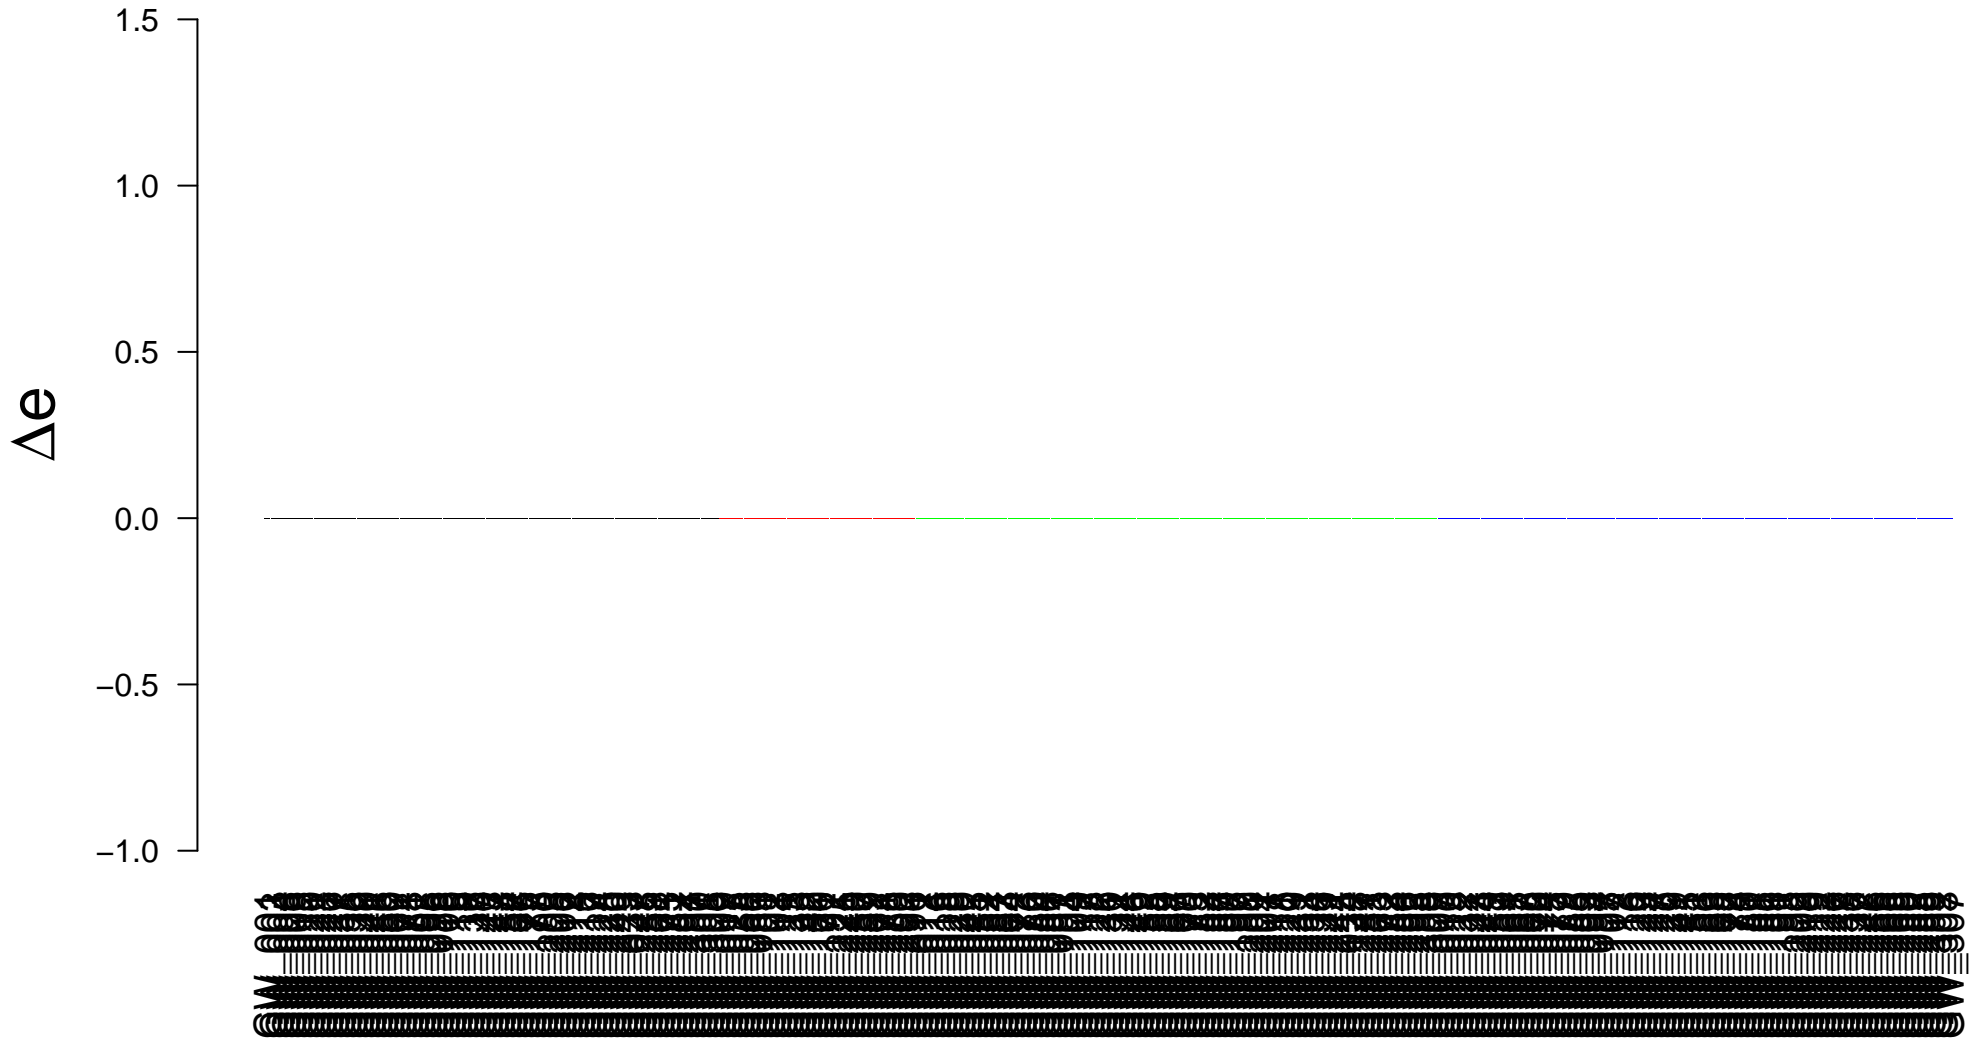

regulation of respiratory gaseous exchange by neurological system process

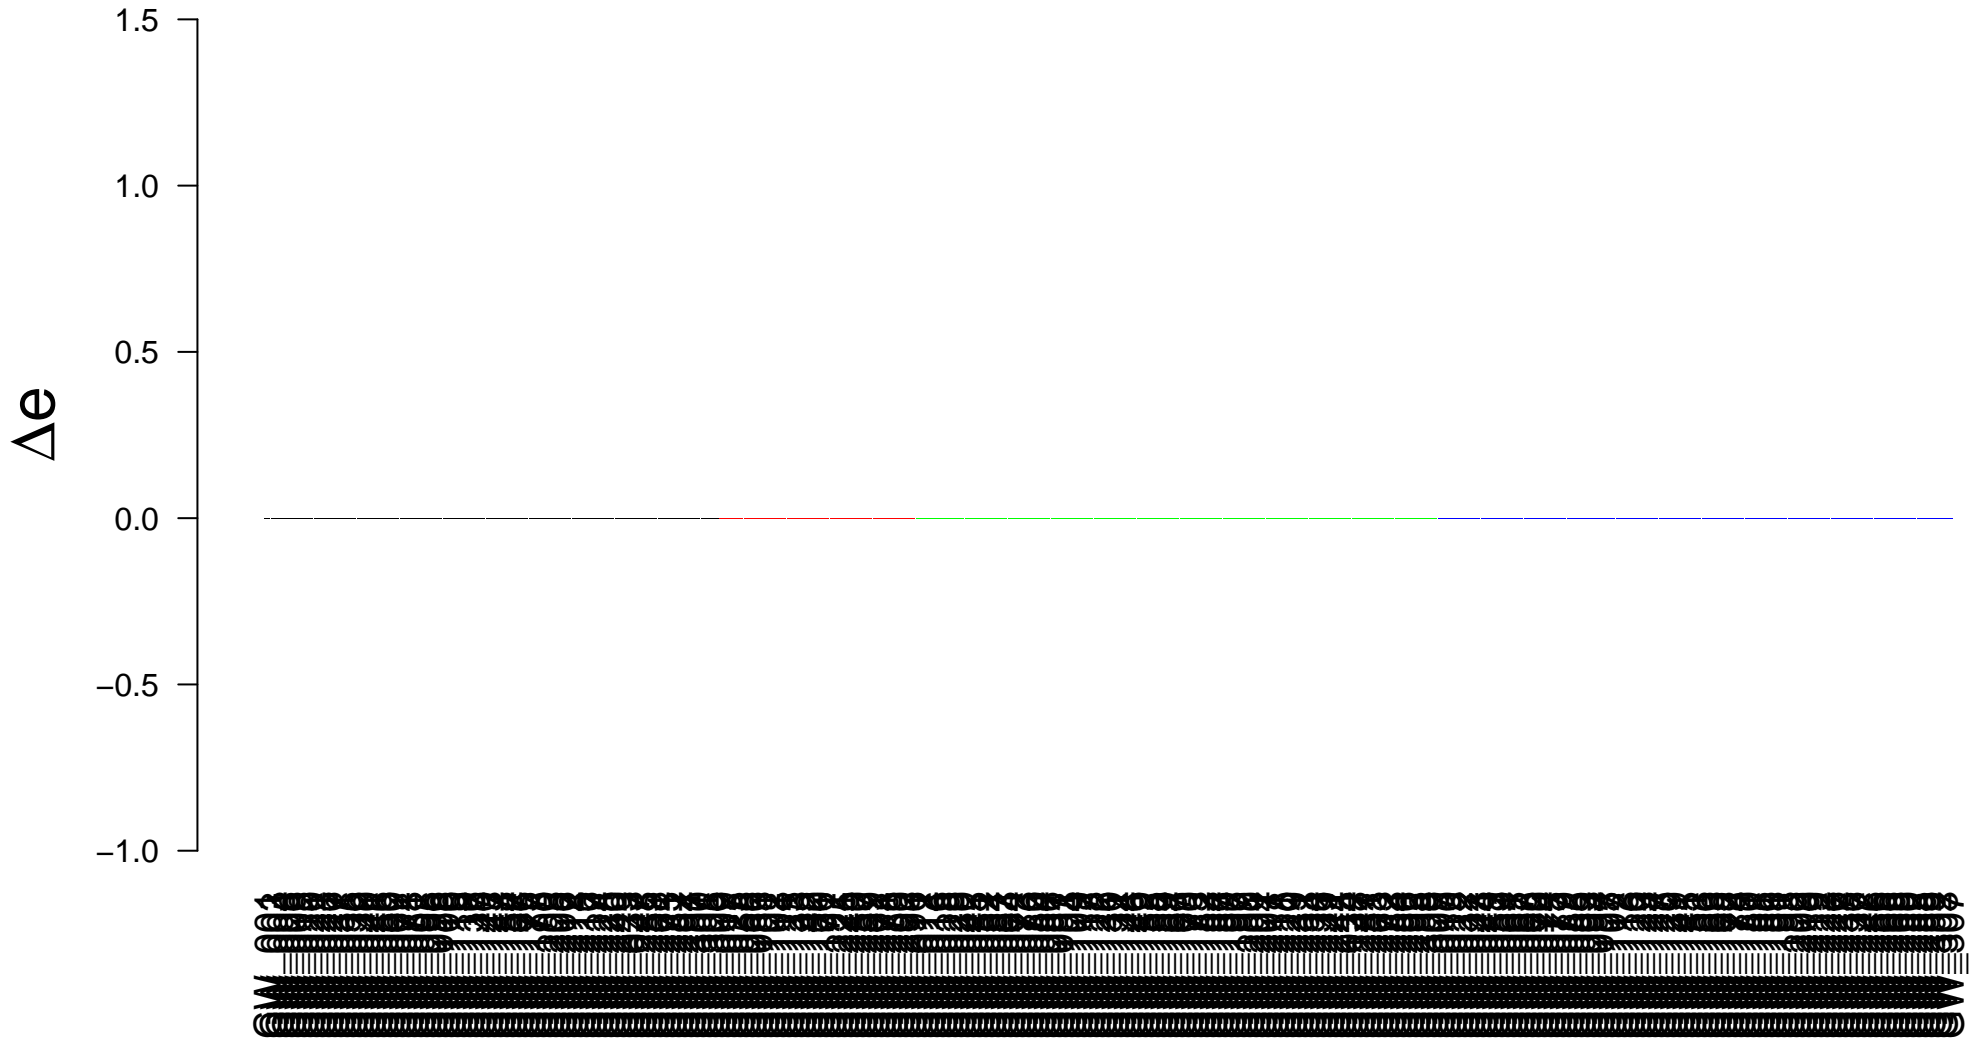

Enrichment in spots: regulation of respiratory gaseous exchange by neurological system process

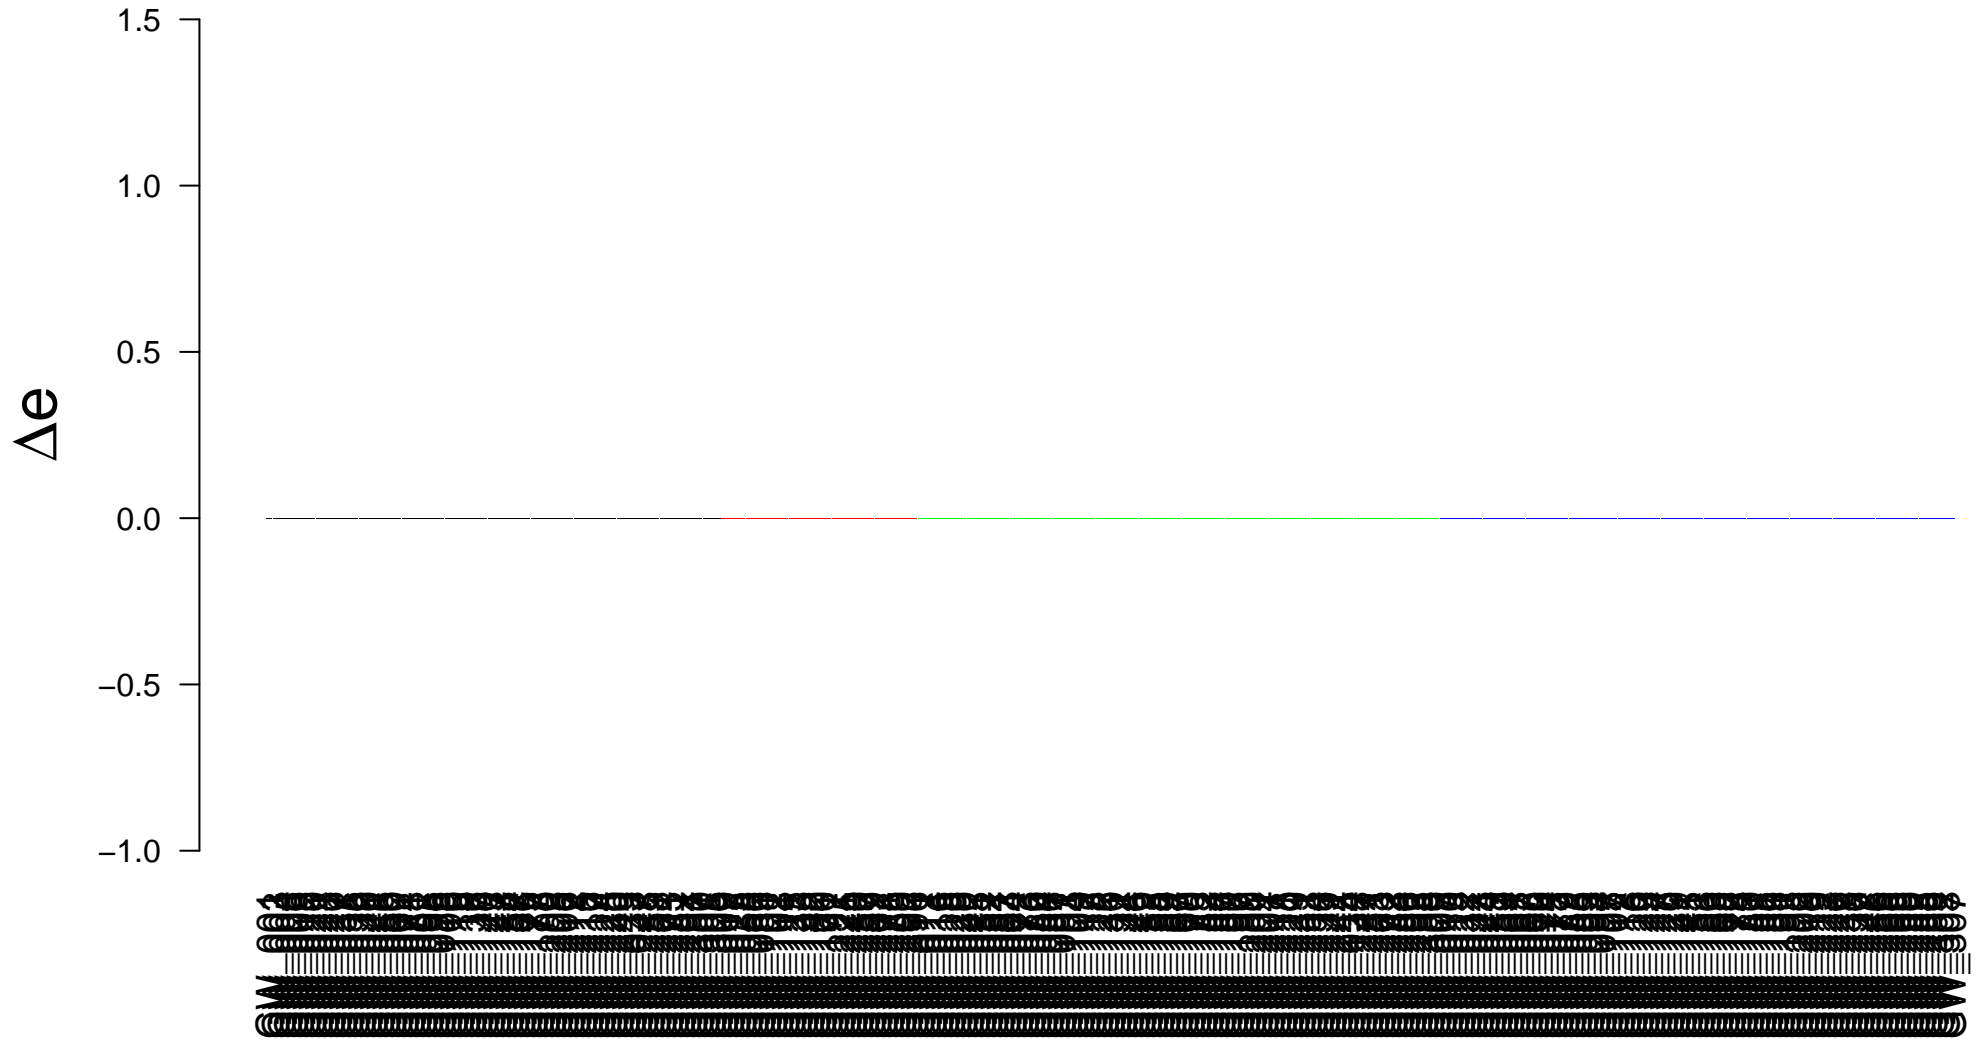

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot A

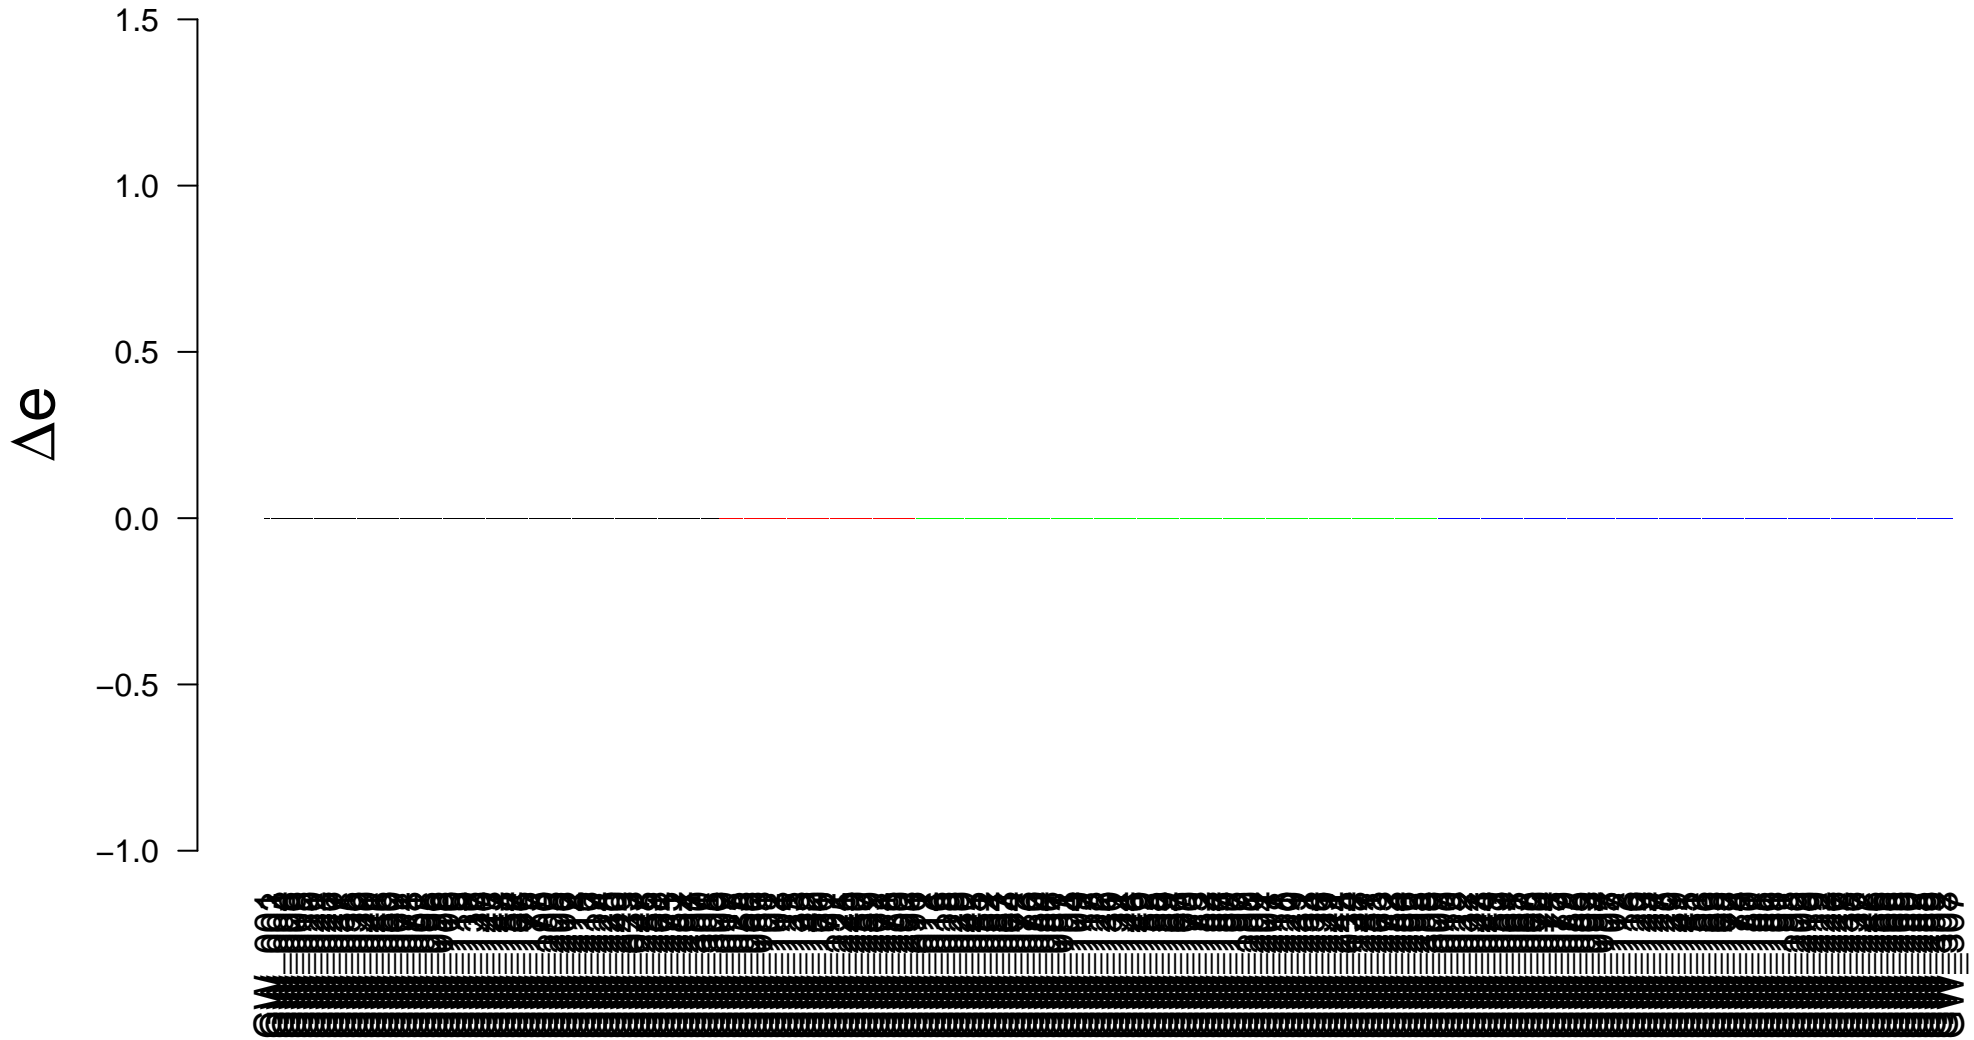

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot B

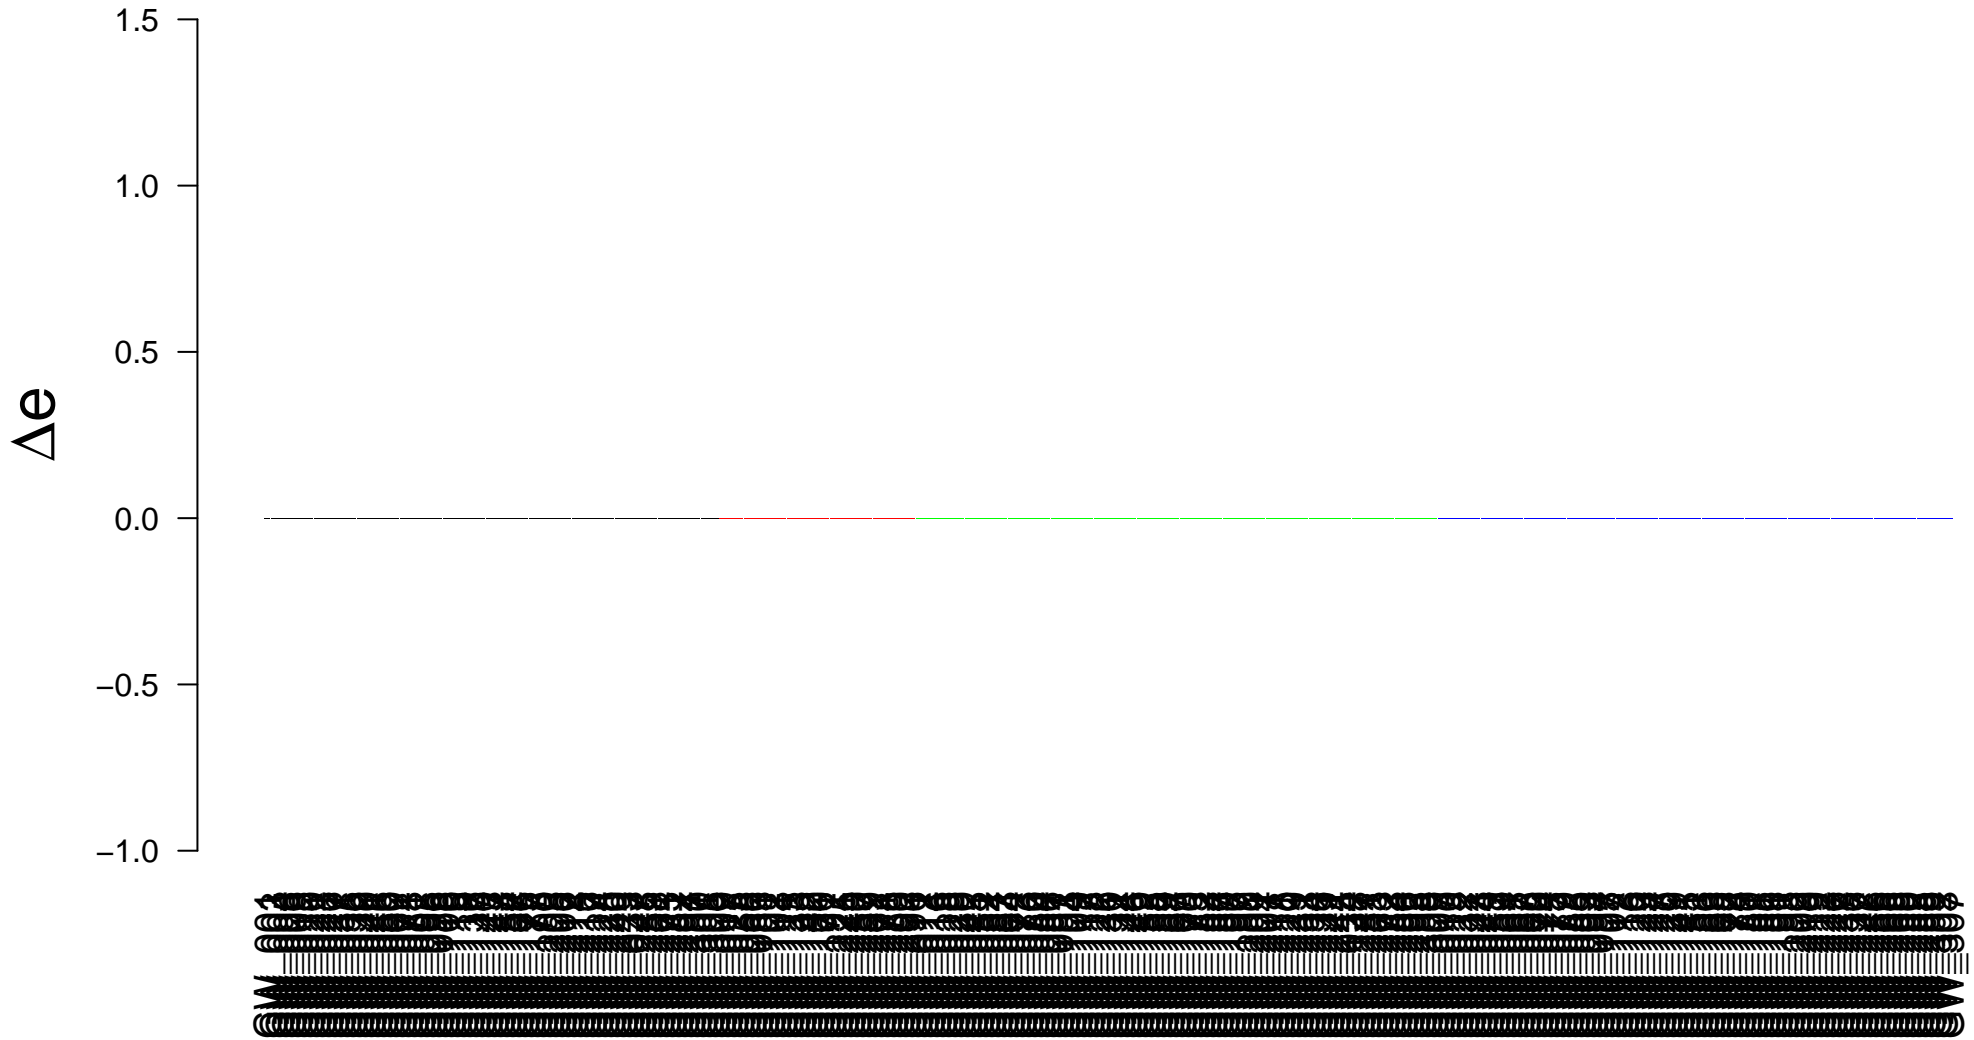

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot C

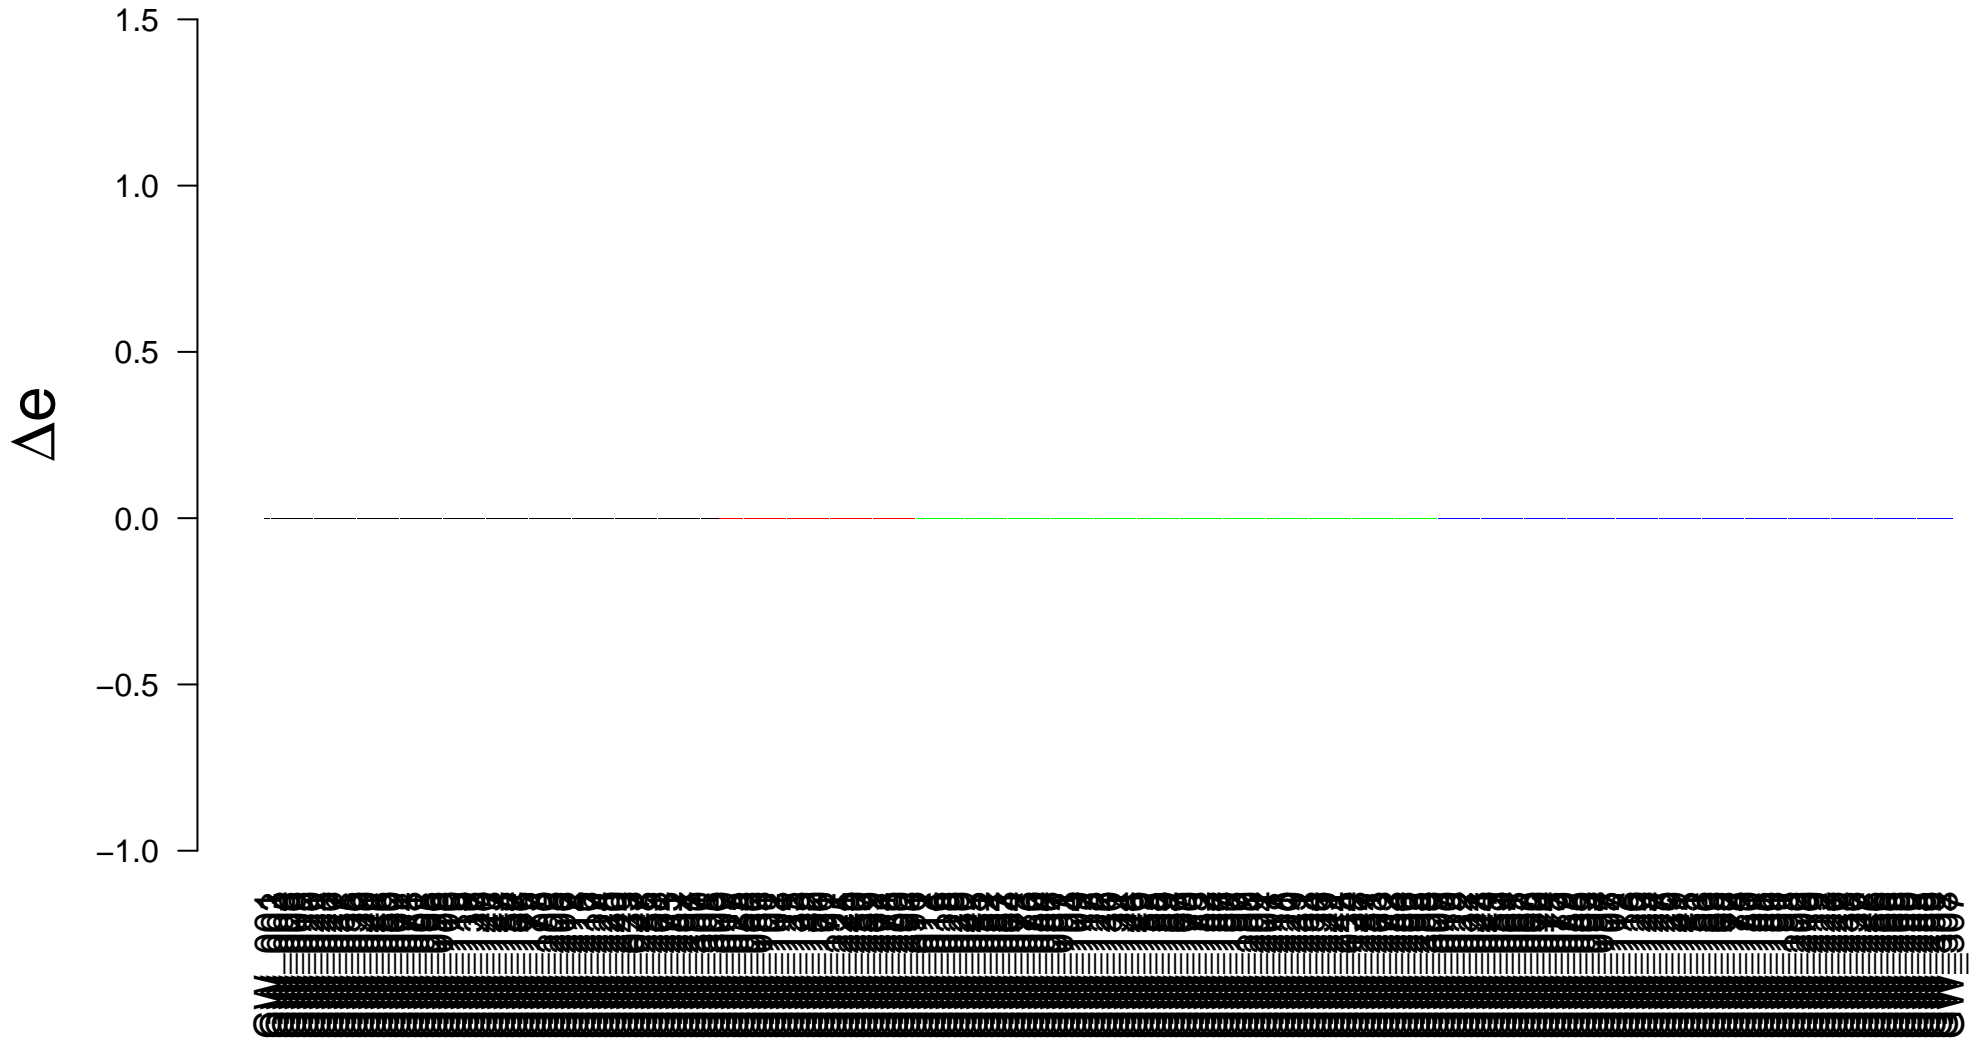

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot D

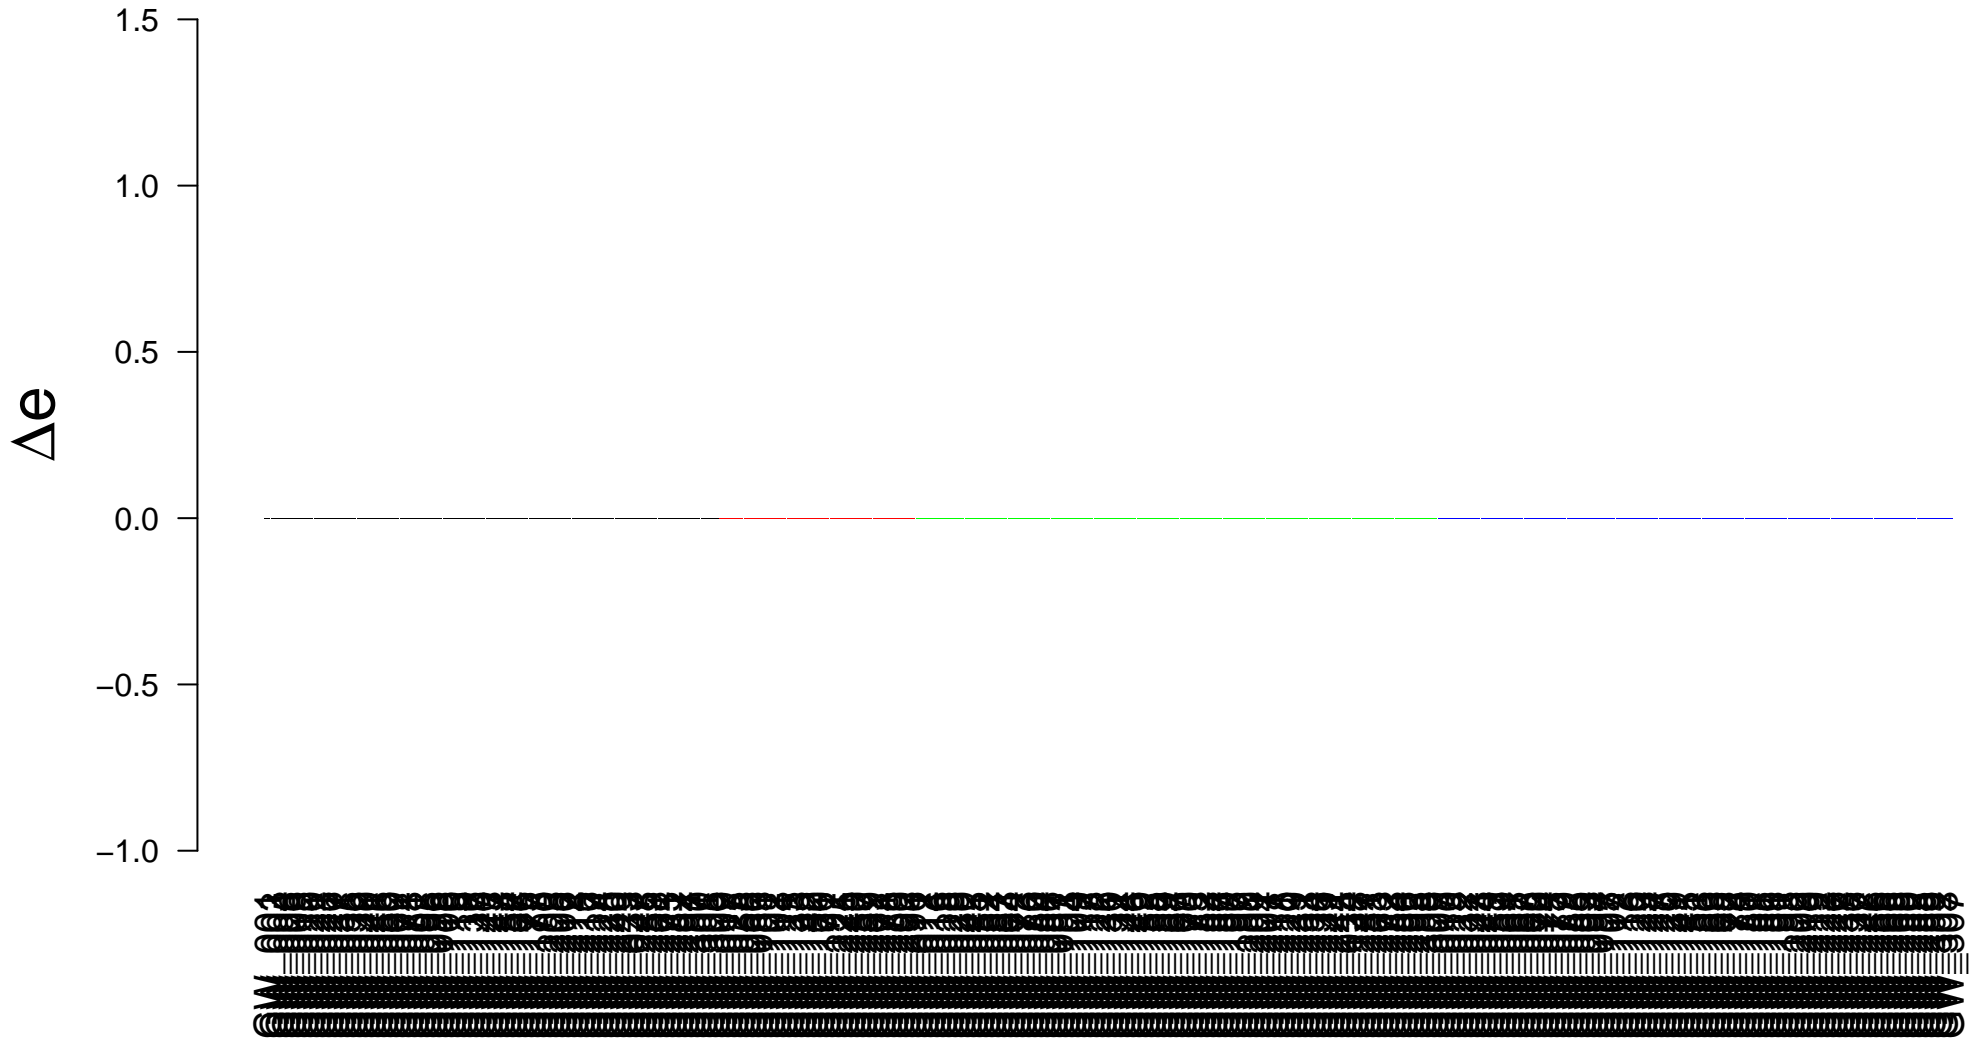

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot E

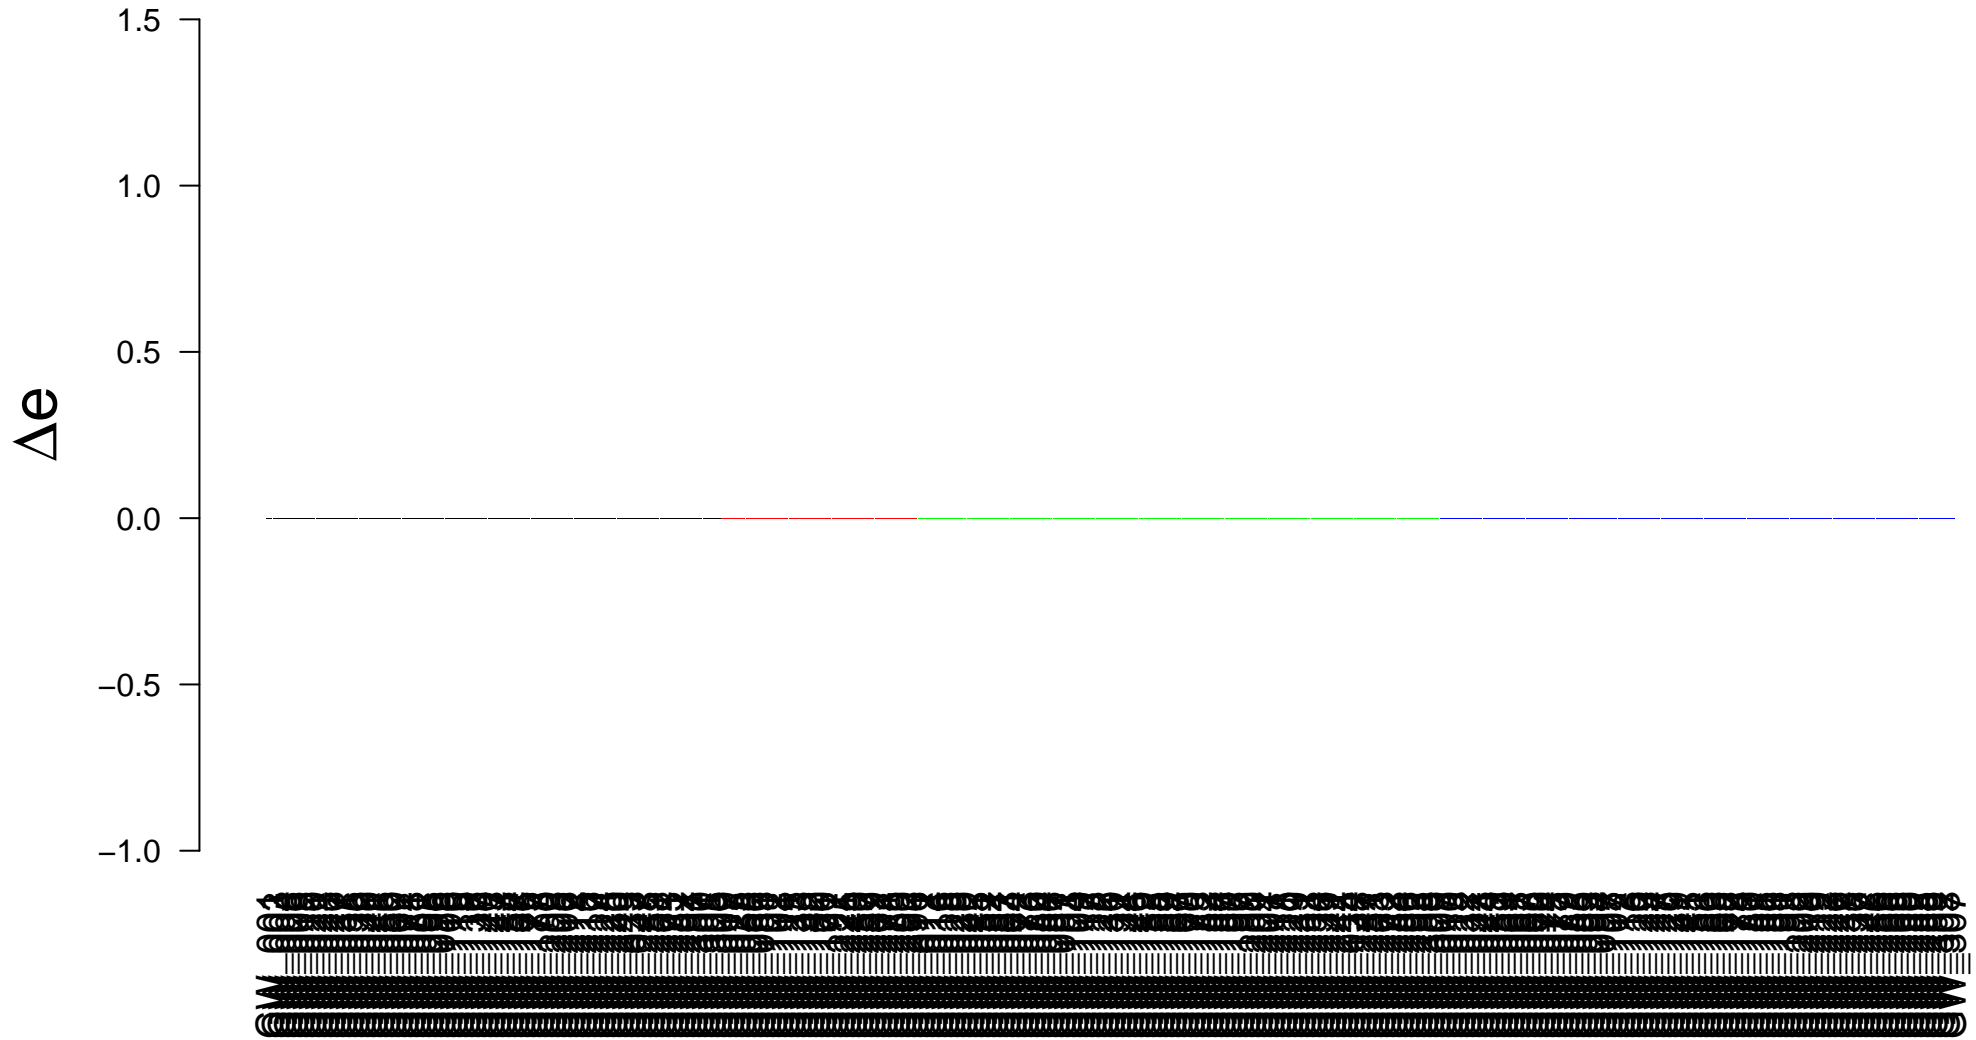

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot F

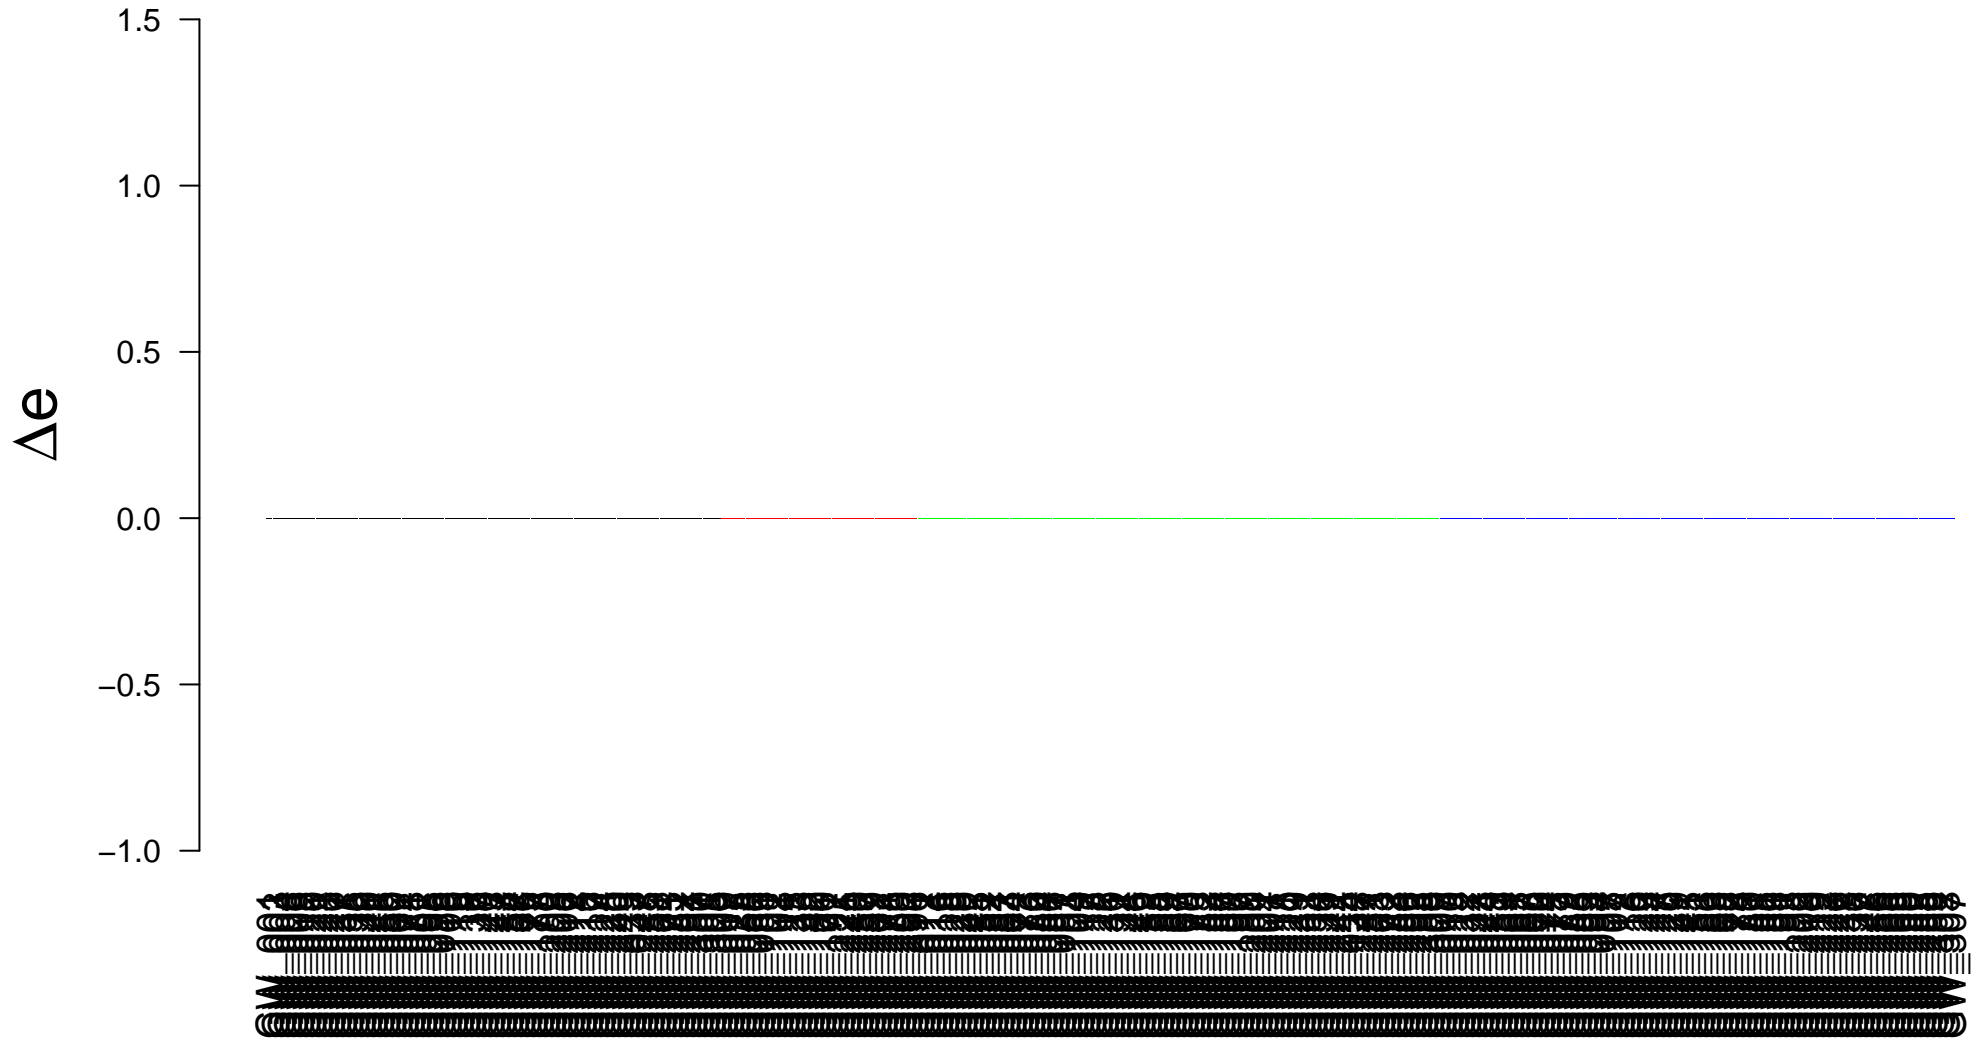

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot G

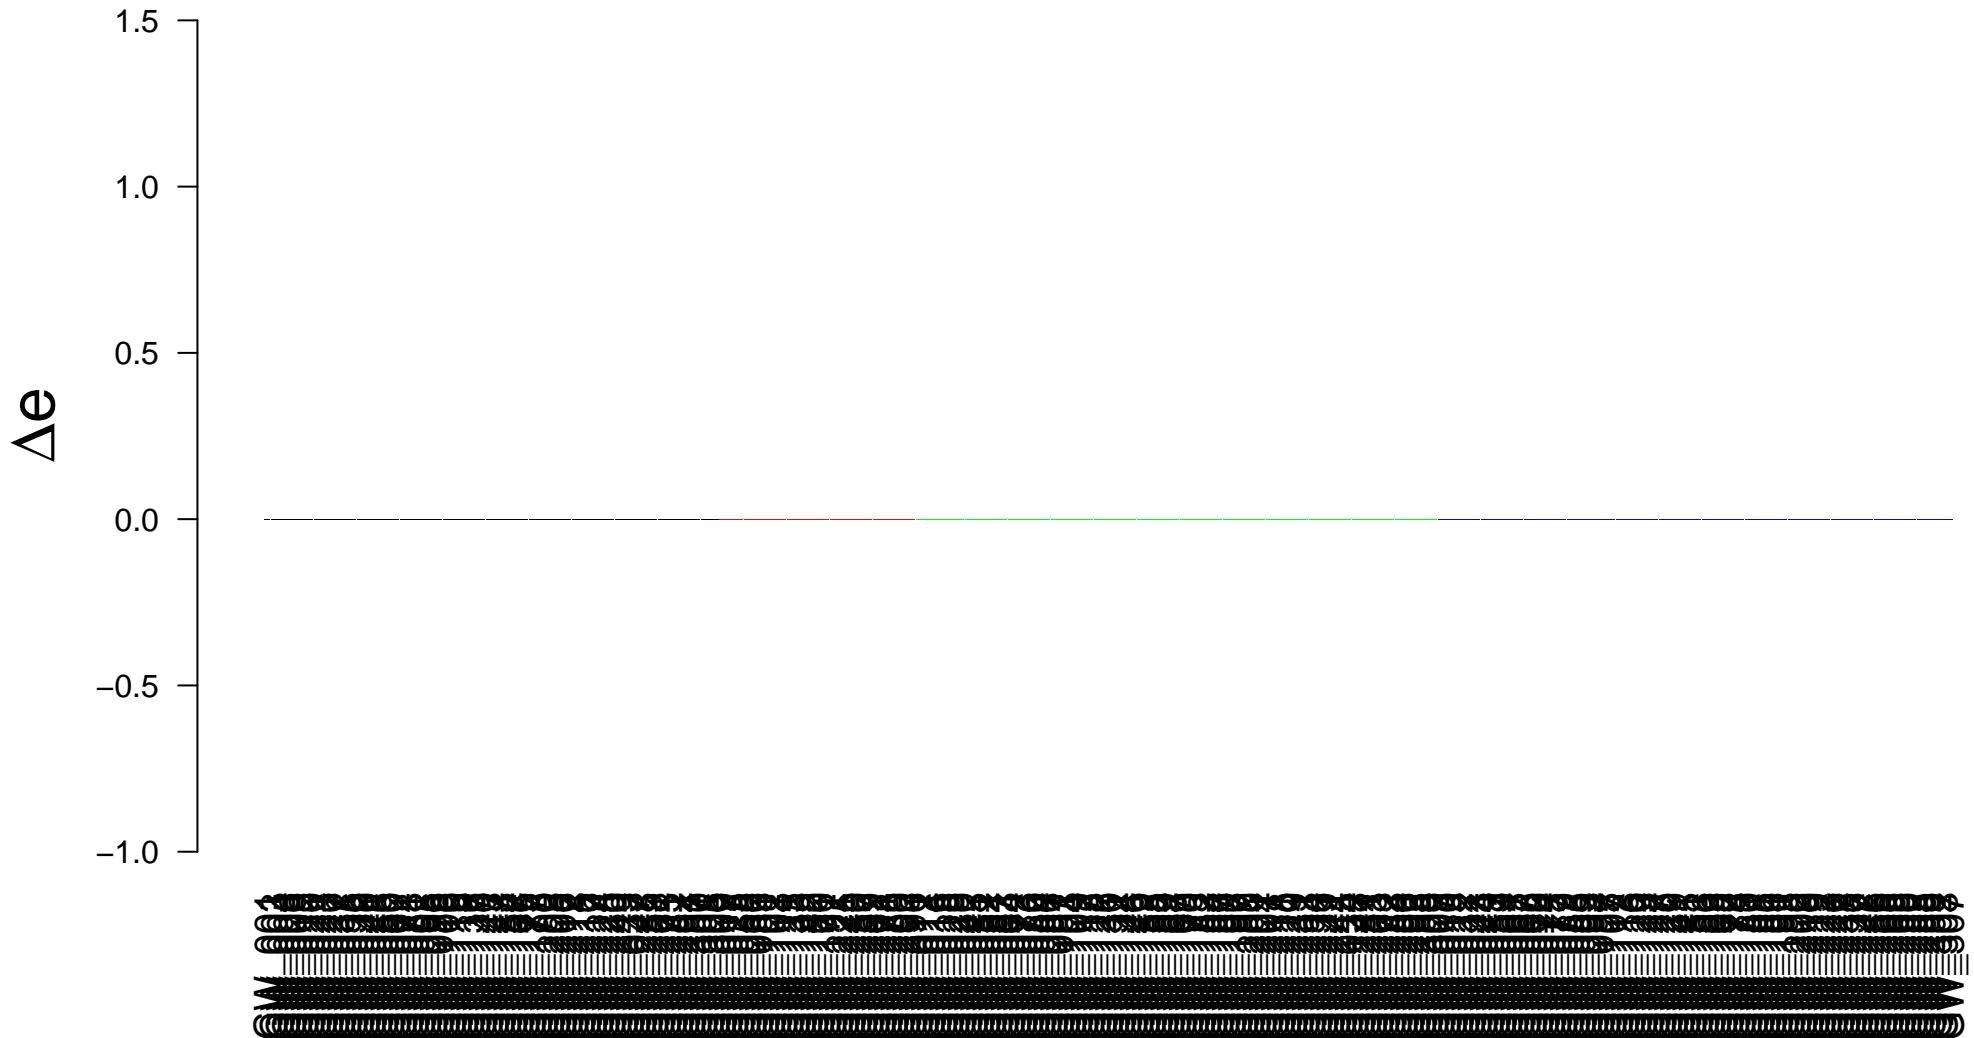

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot H

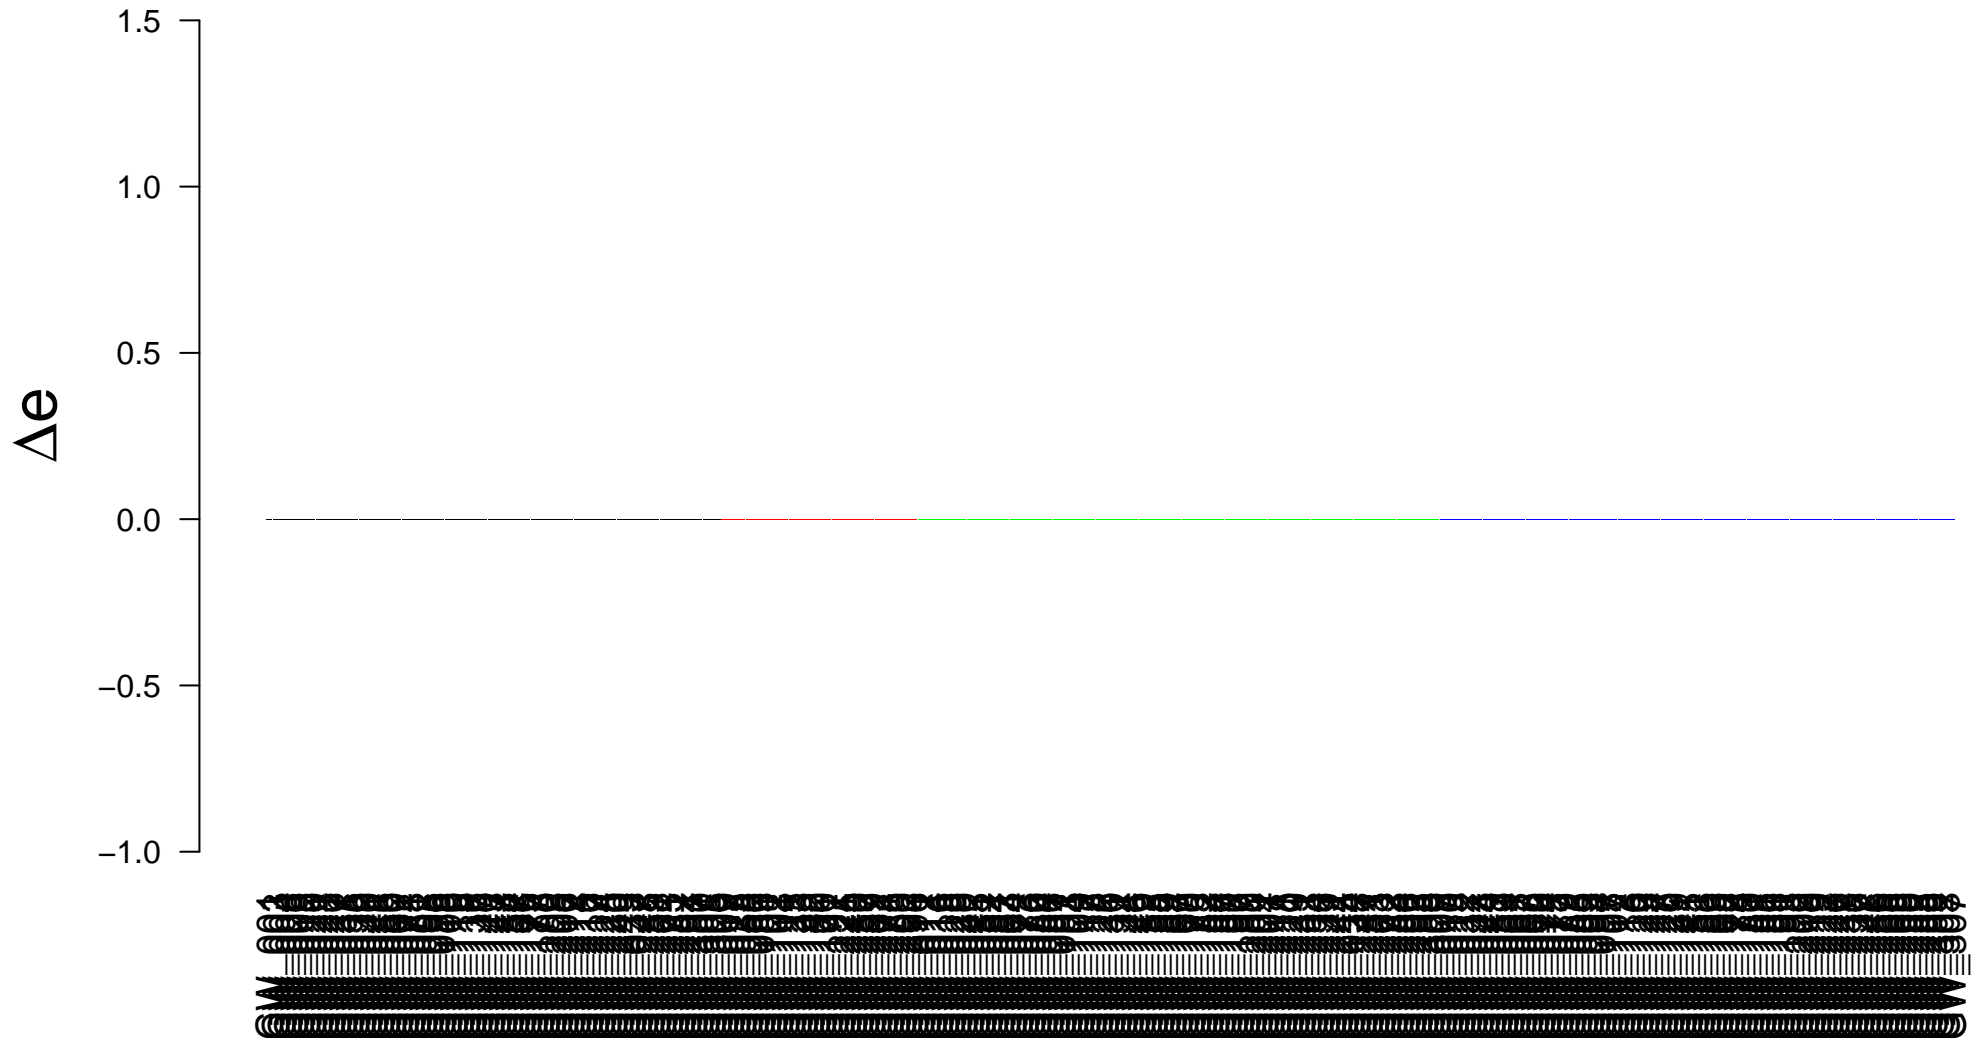

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot I

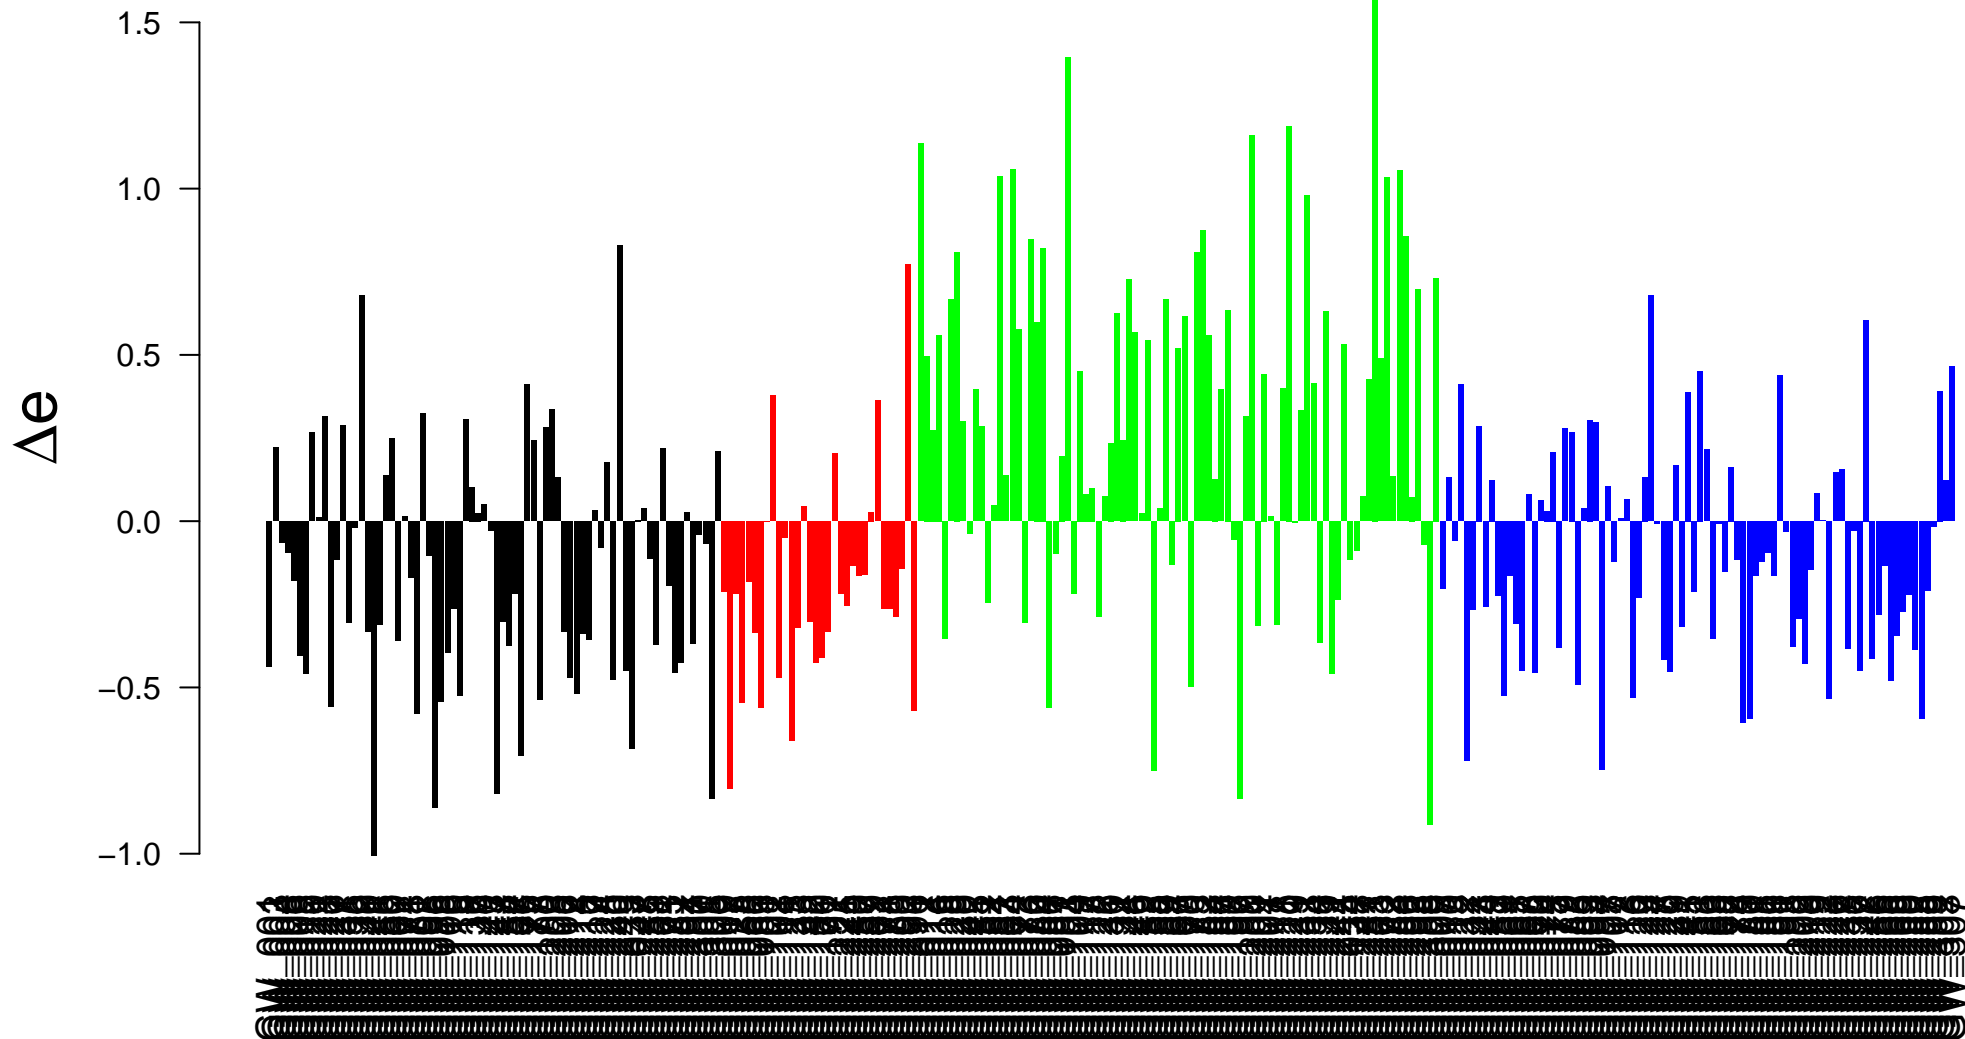

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot J

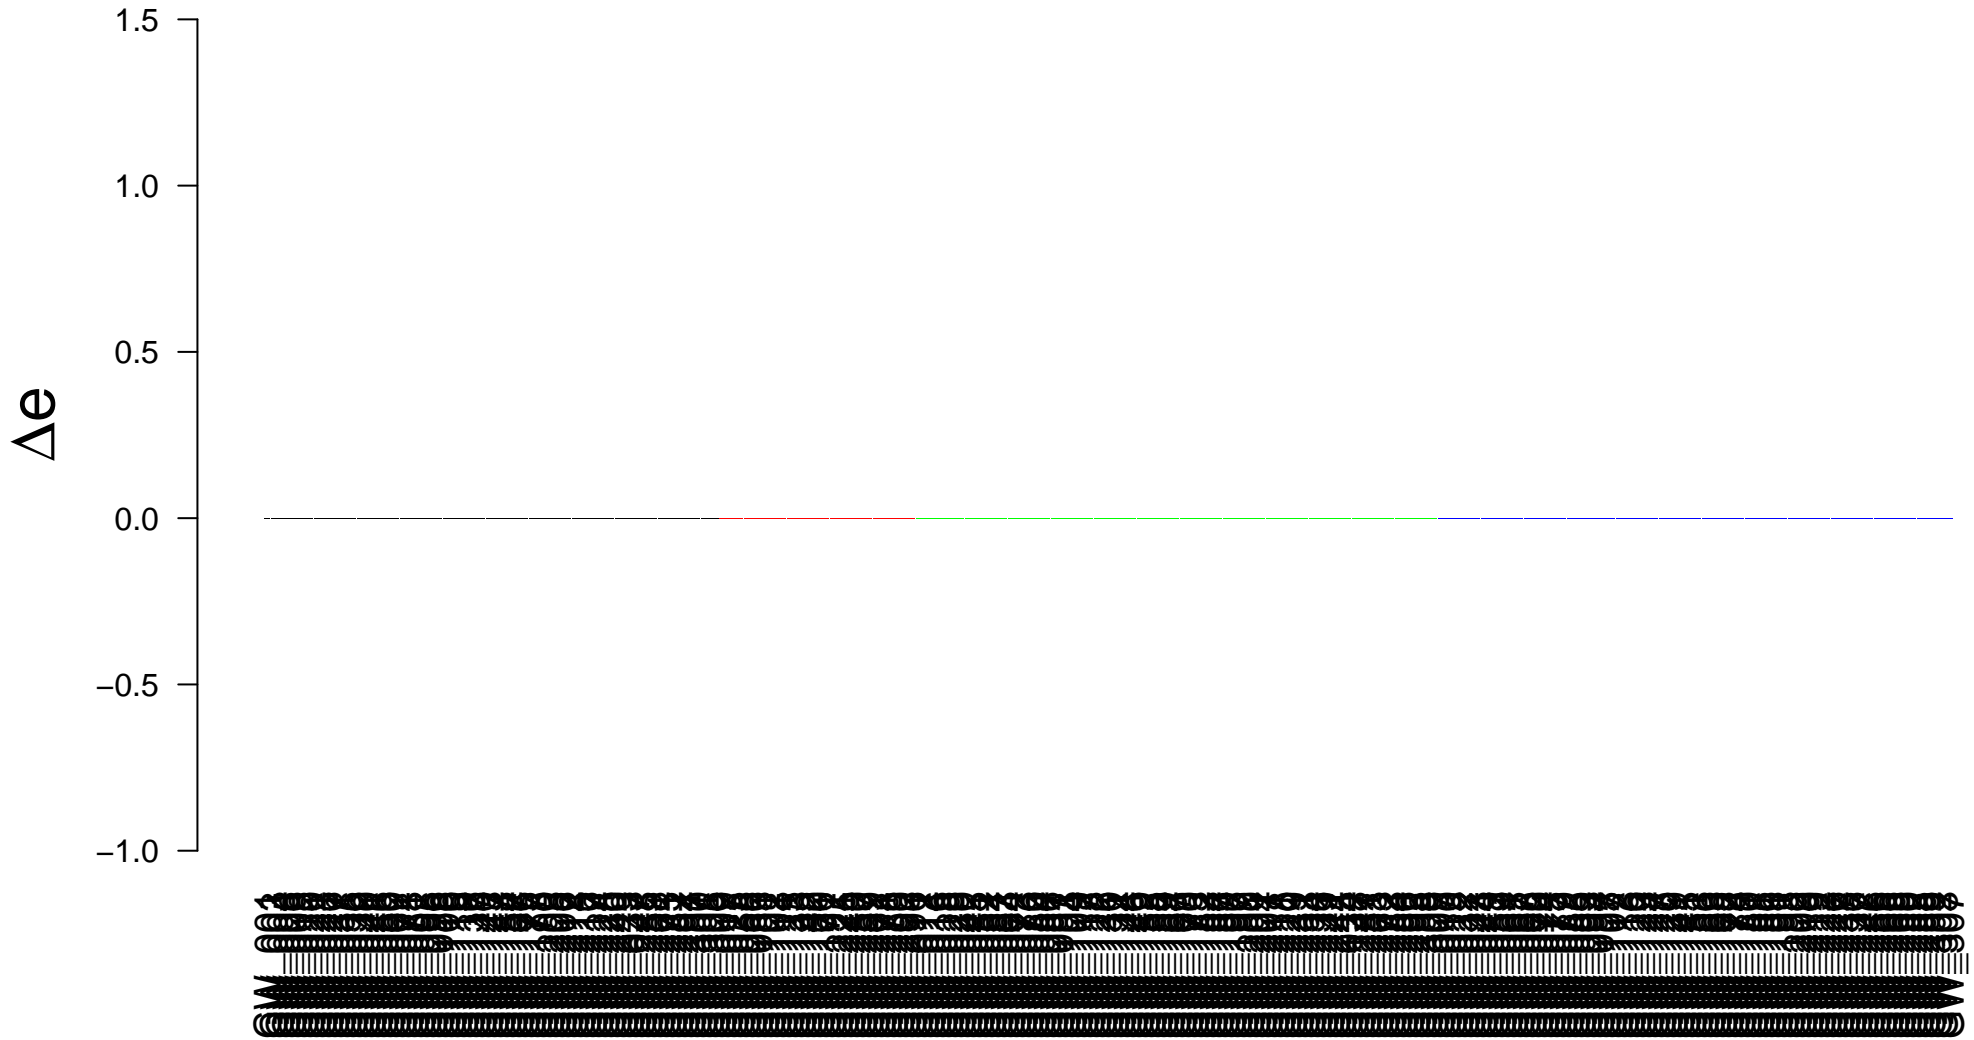

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot K

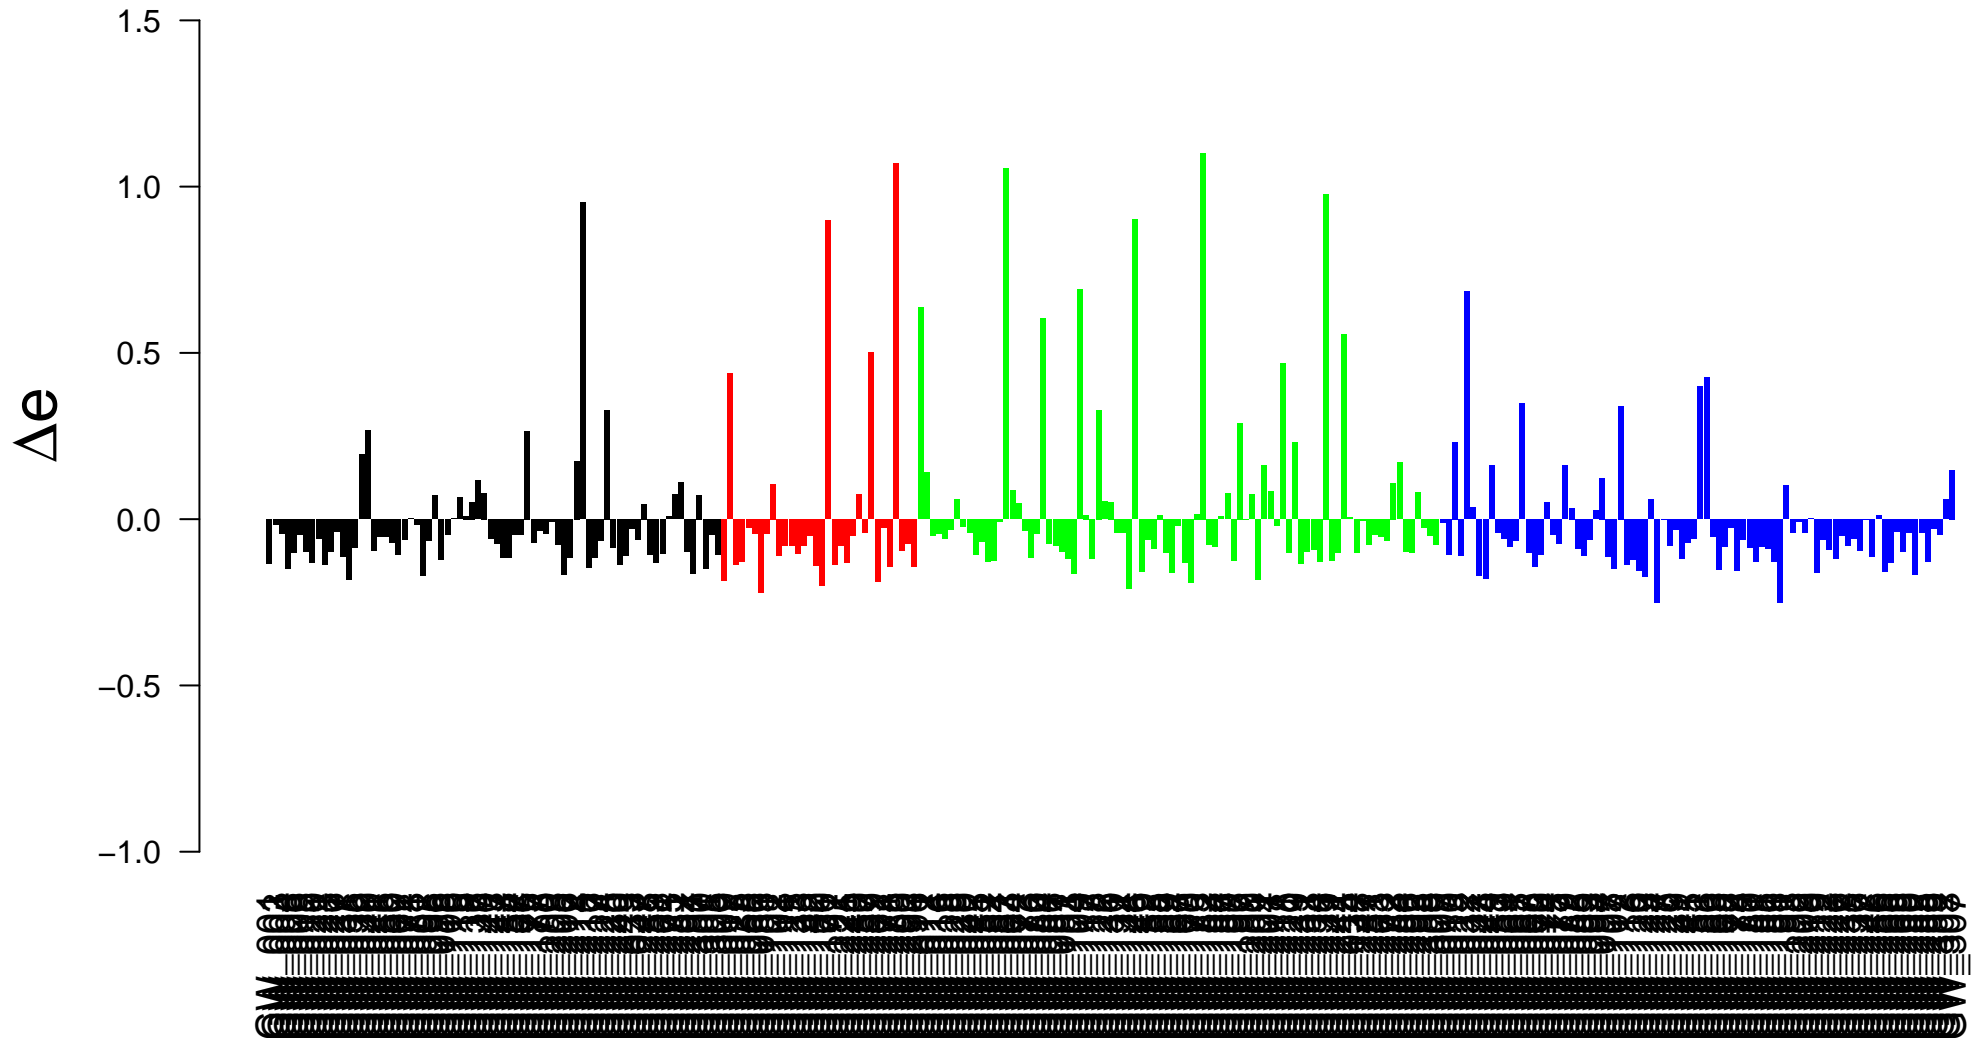

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot L

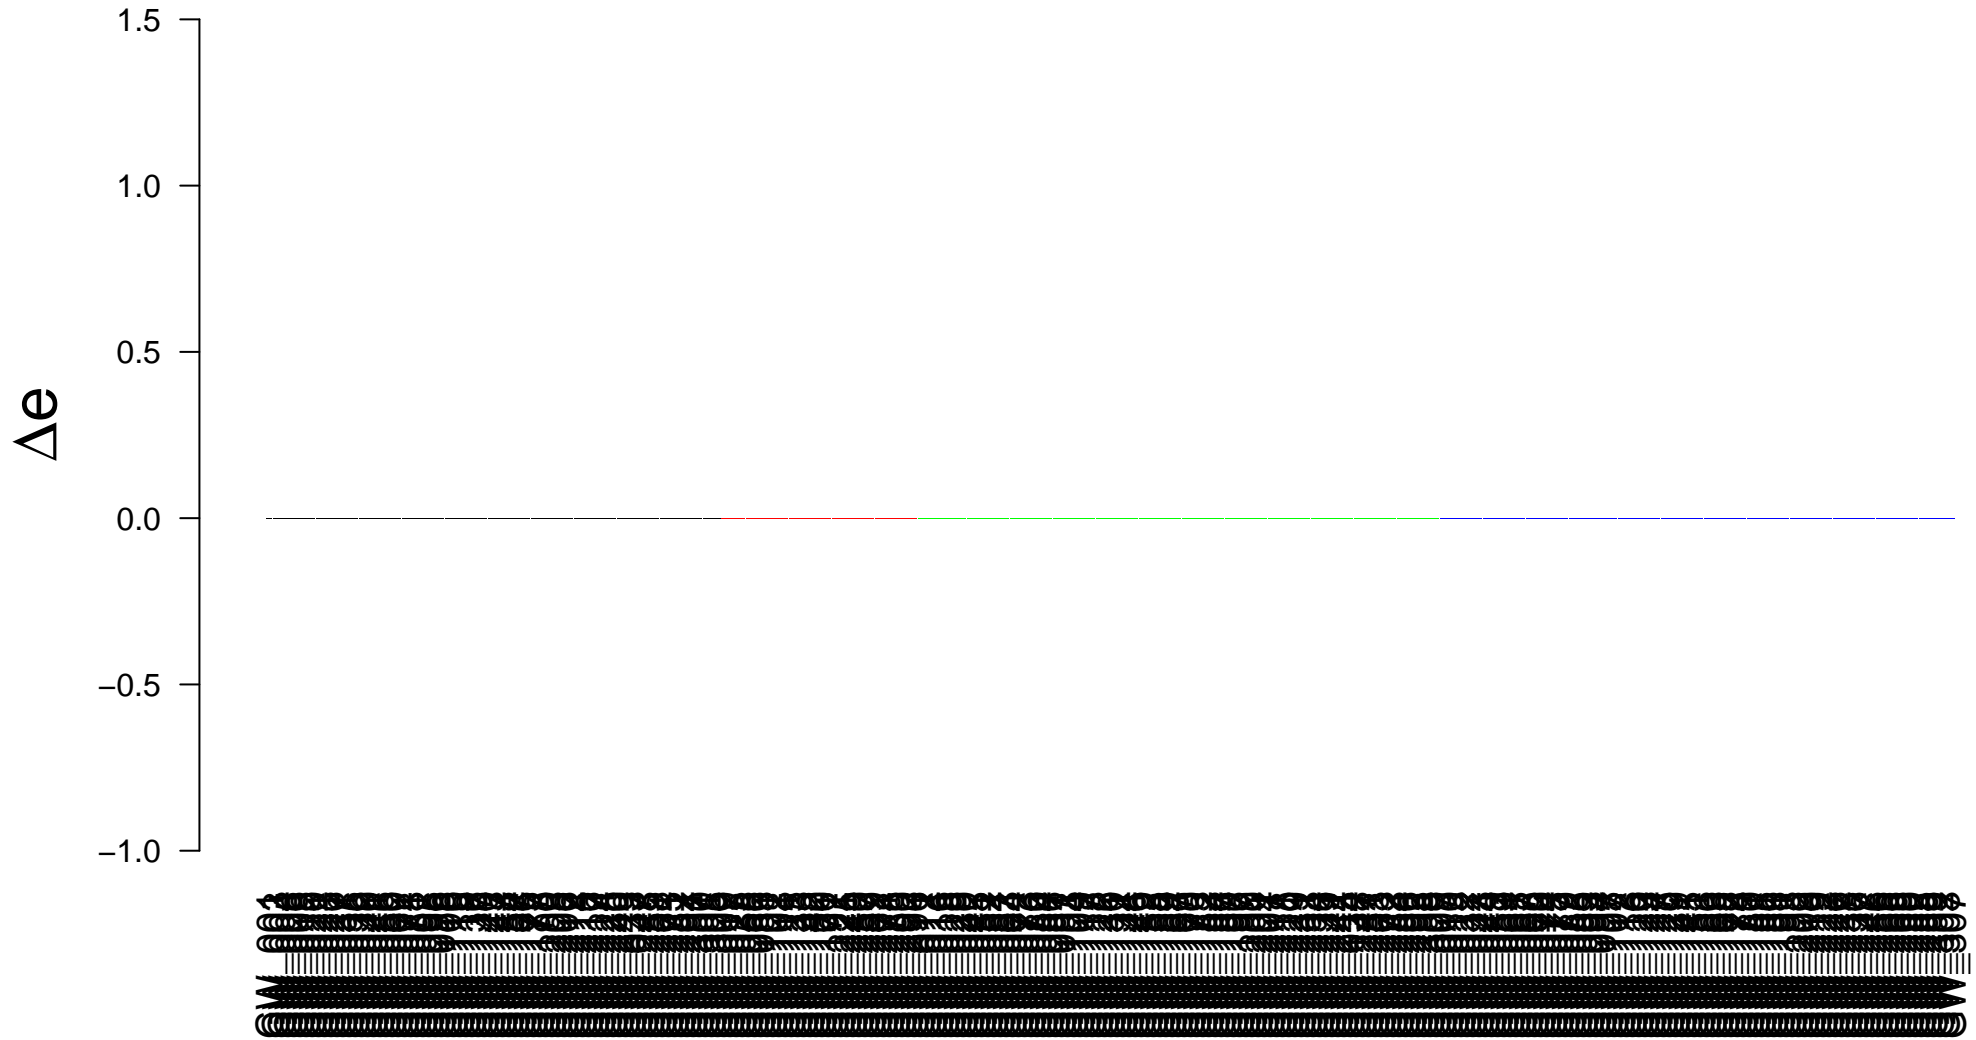

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot M

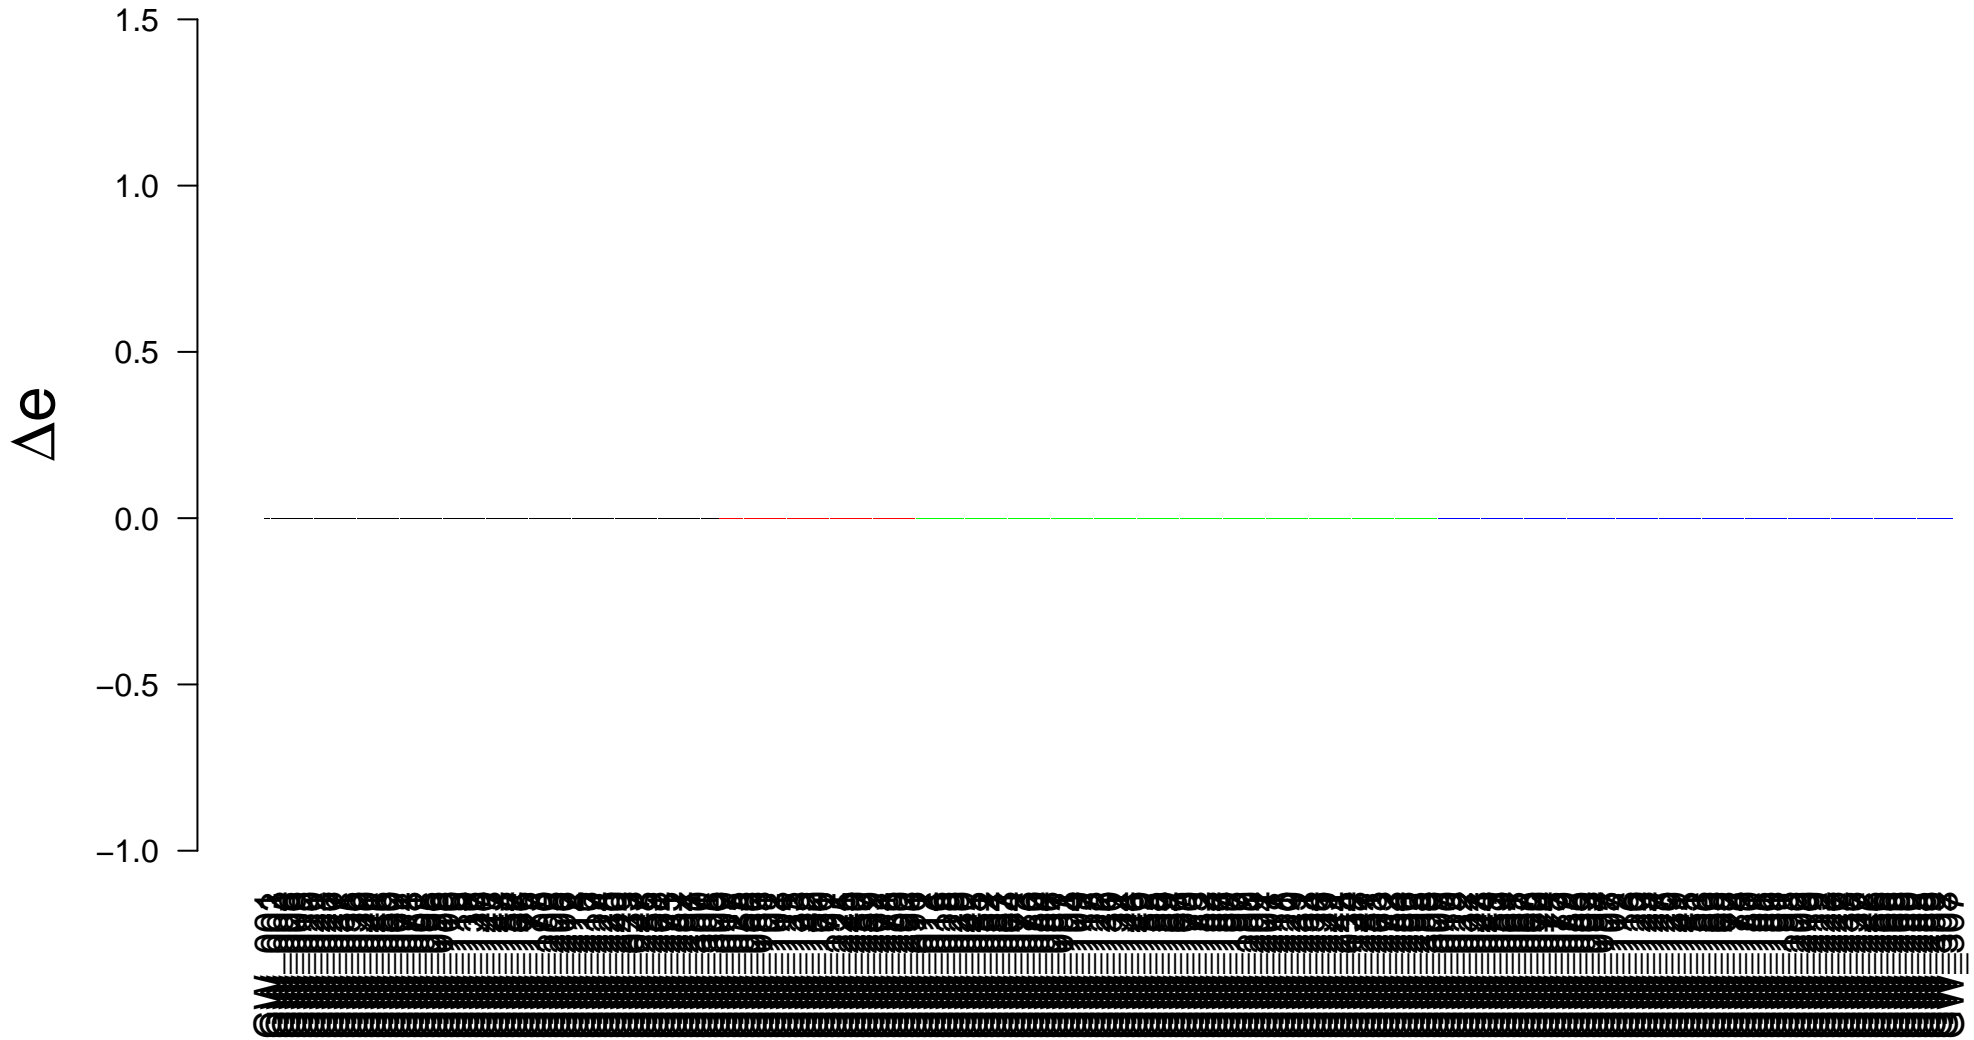

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot N

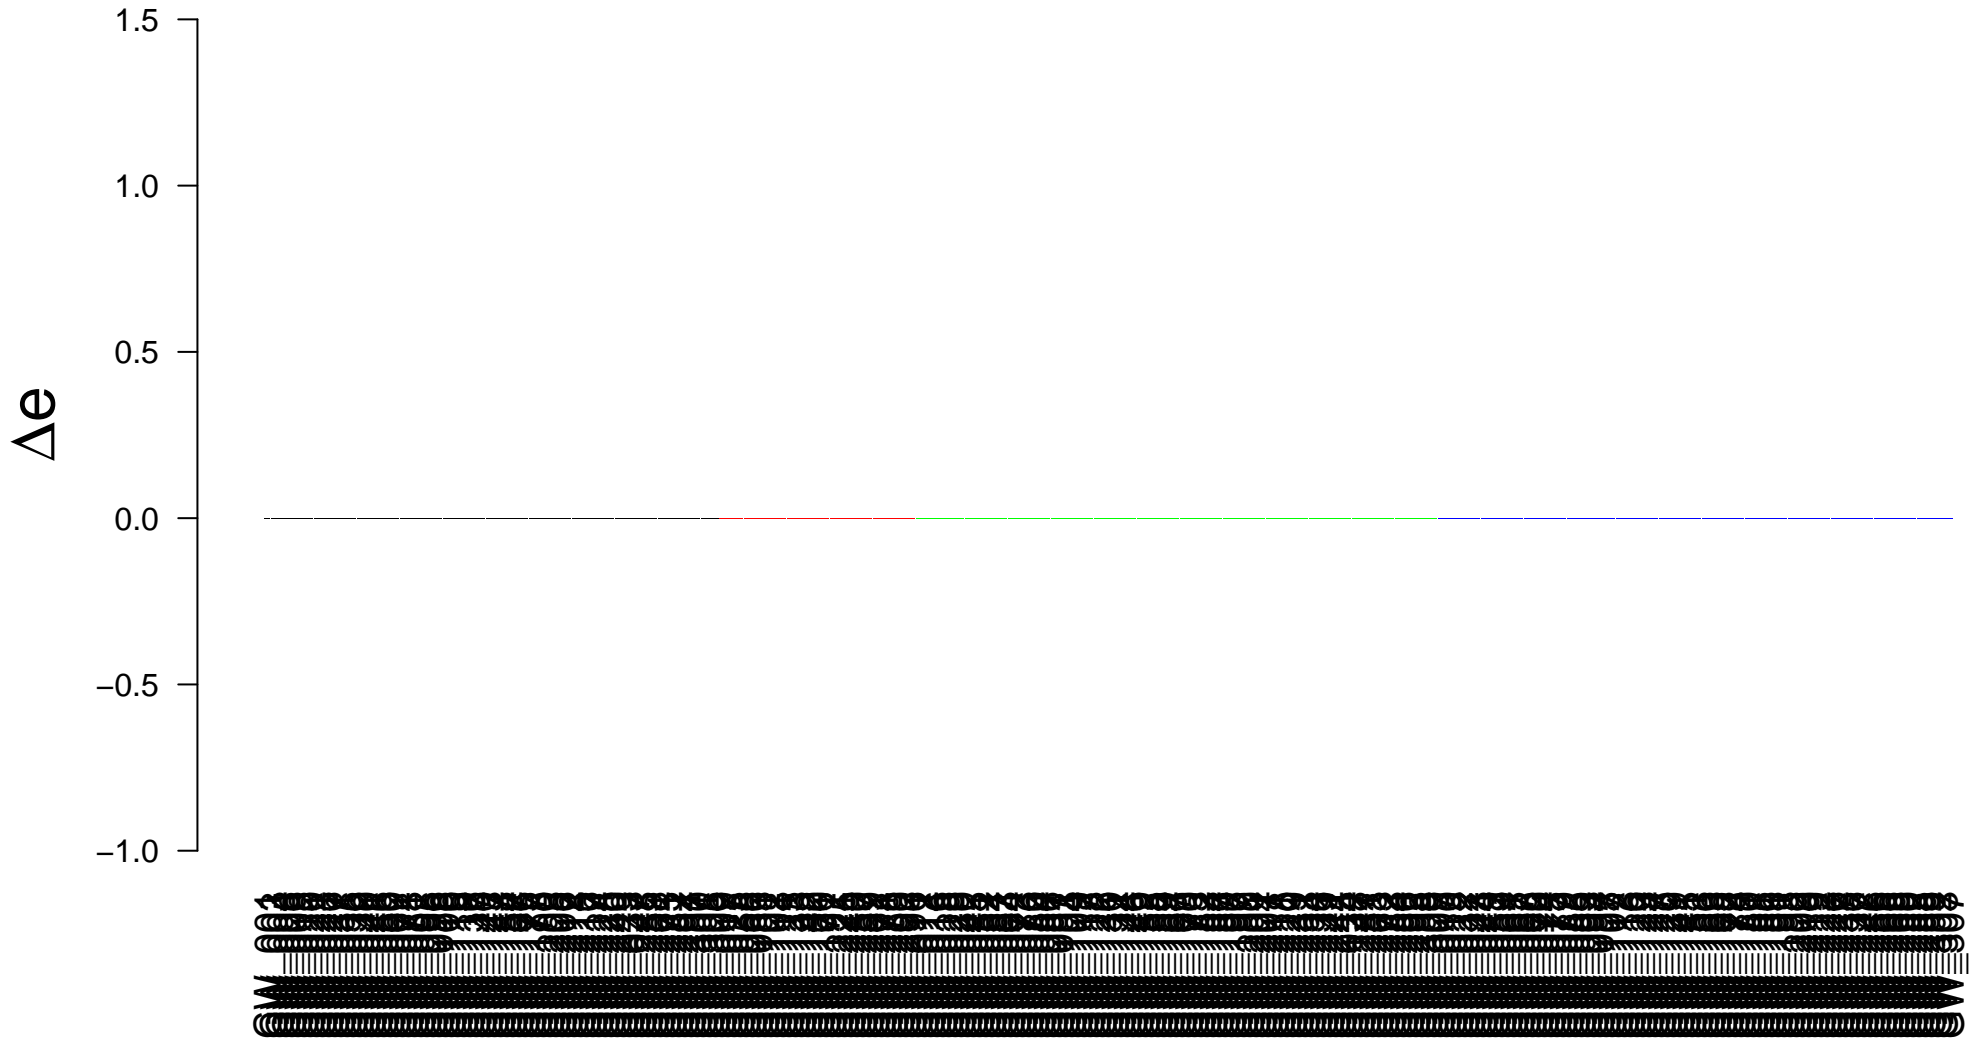

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot O

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot P

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot Q

Expression of regulation of respiratory gaseous exchange by neurological system process in Spot R
