Expression of regulation of transcription from RNA polymerase II promoter in Spot E

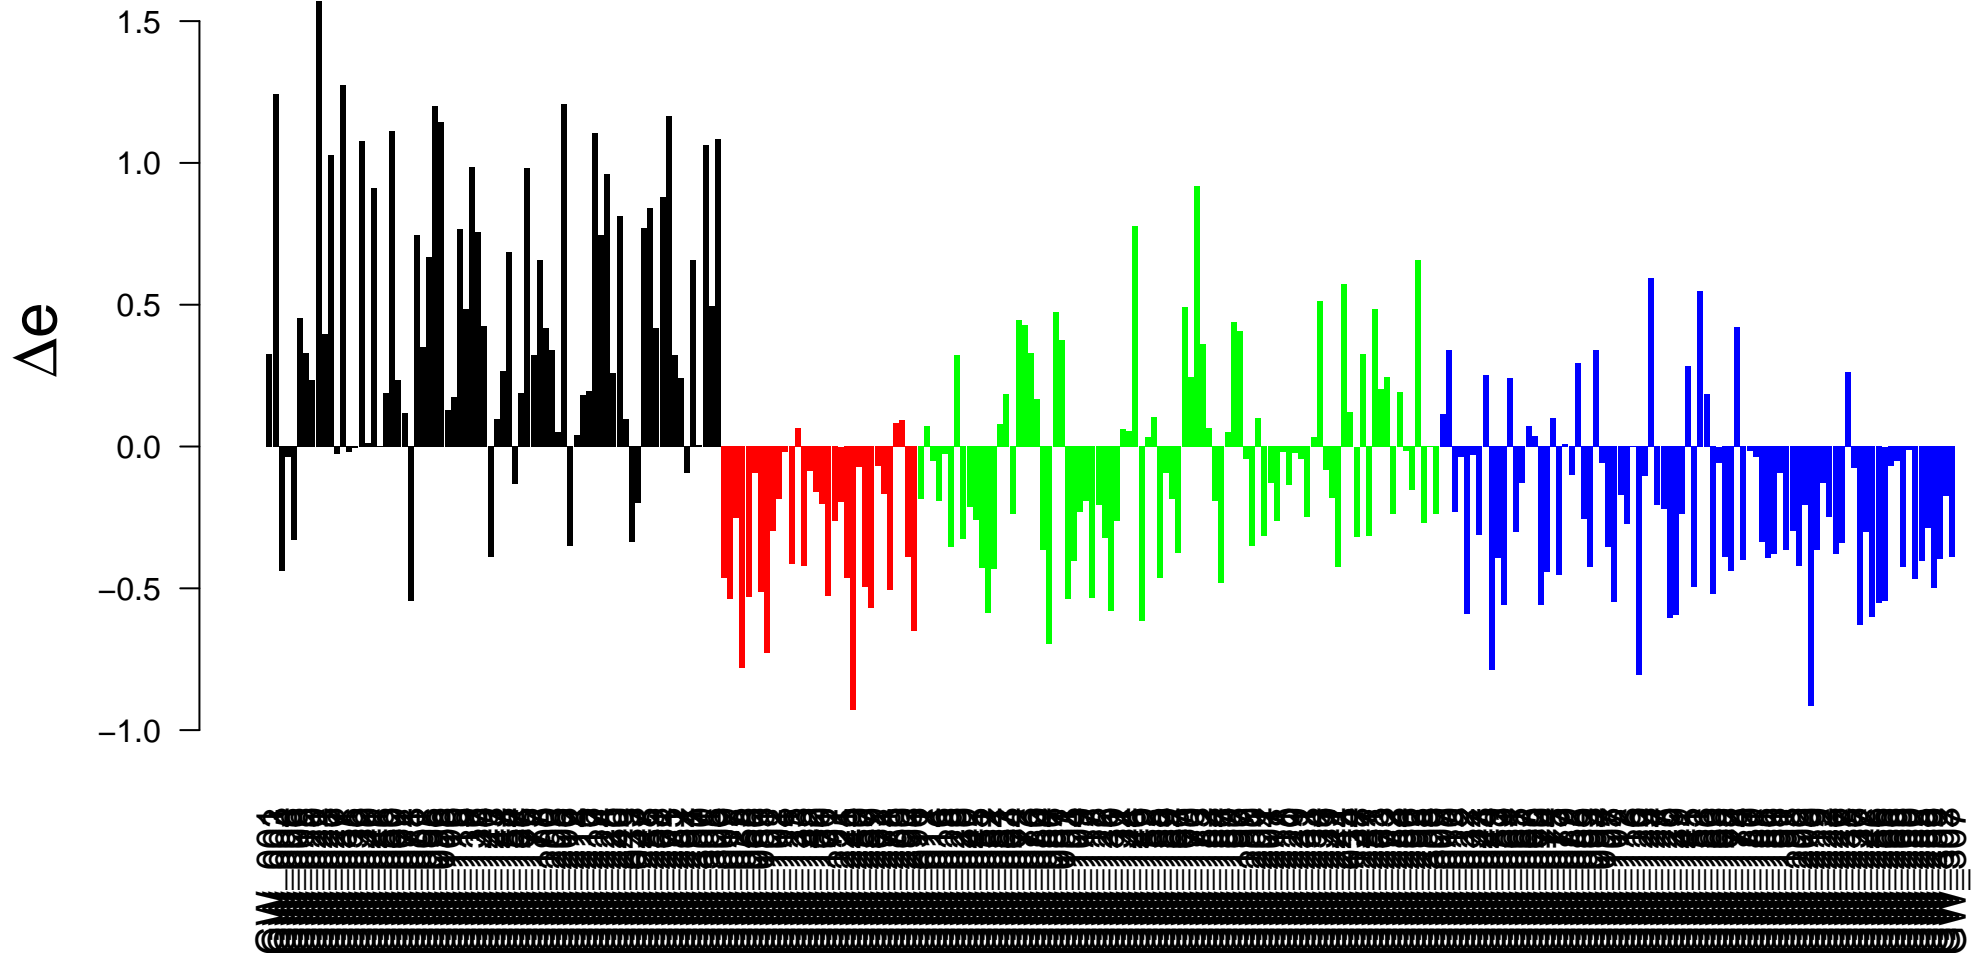

Expression of regulation of transcription from RNA polymerase II promoter in Spot F

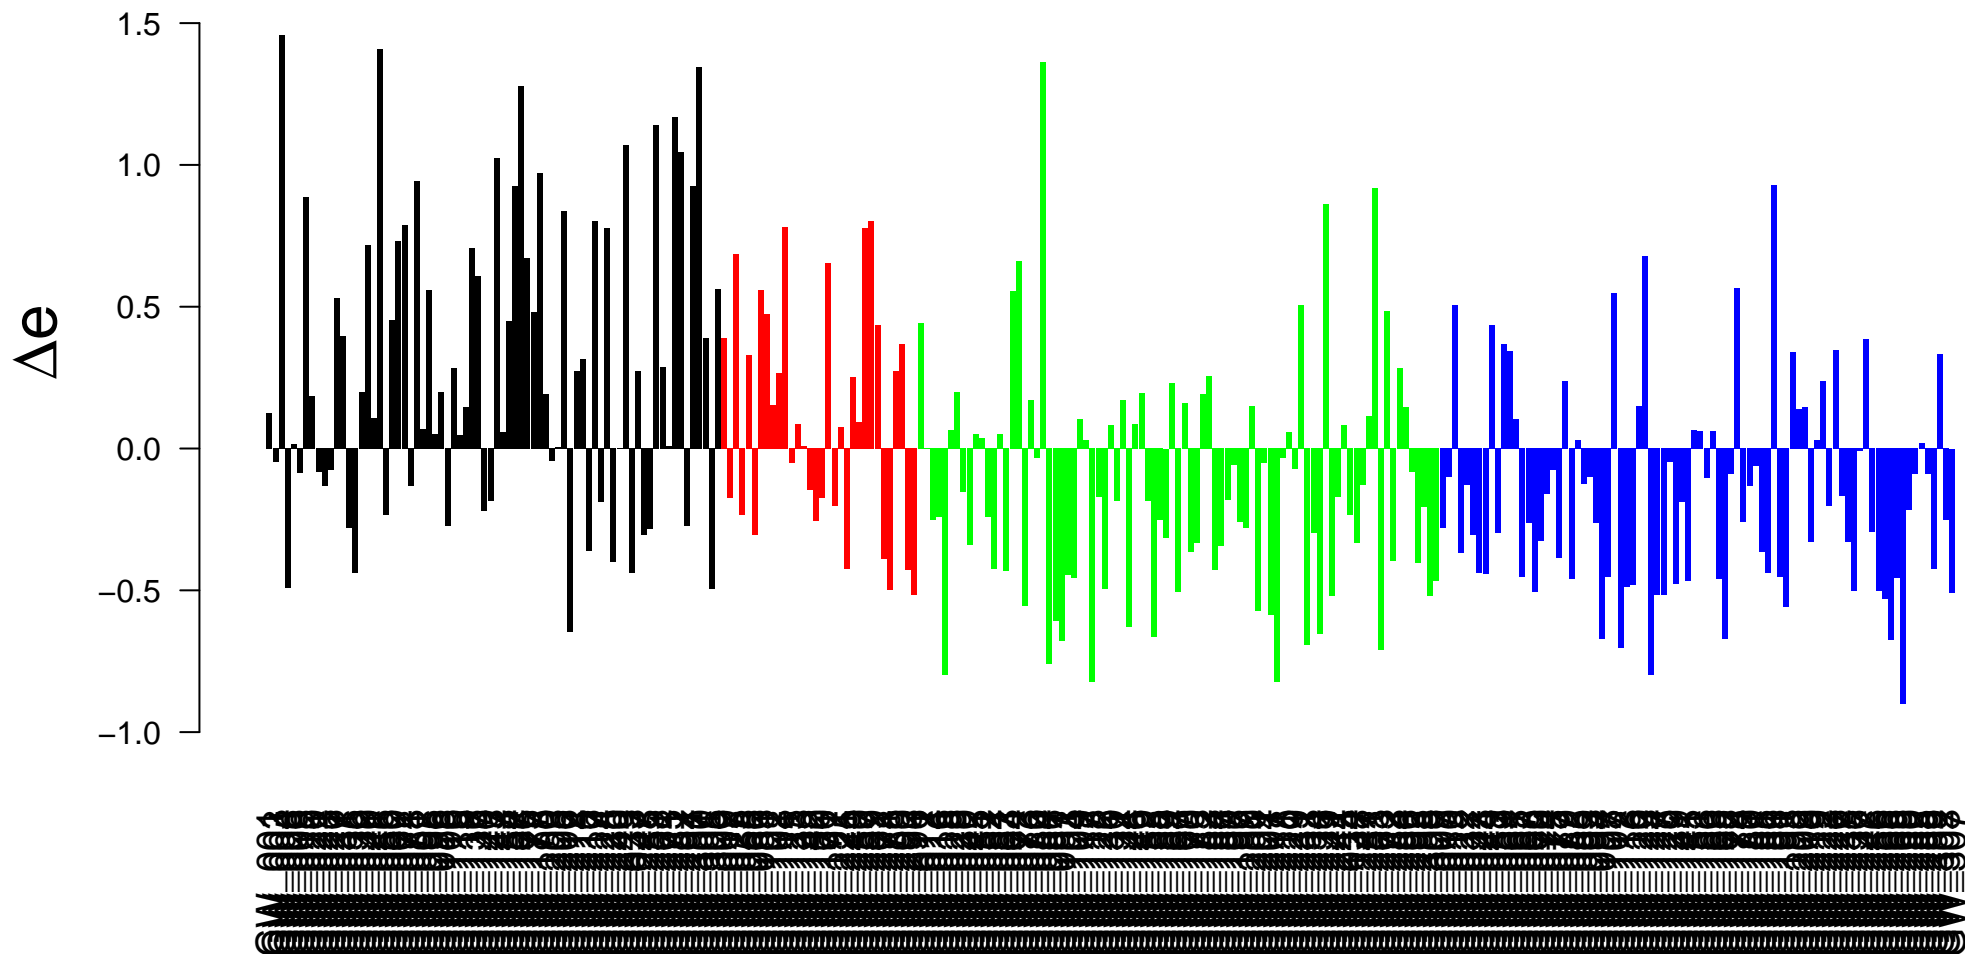

Expression of regulation of transcription from RNA polymerase II promoter in Spot G

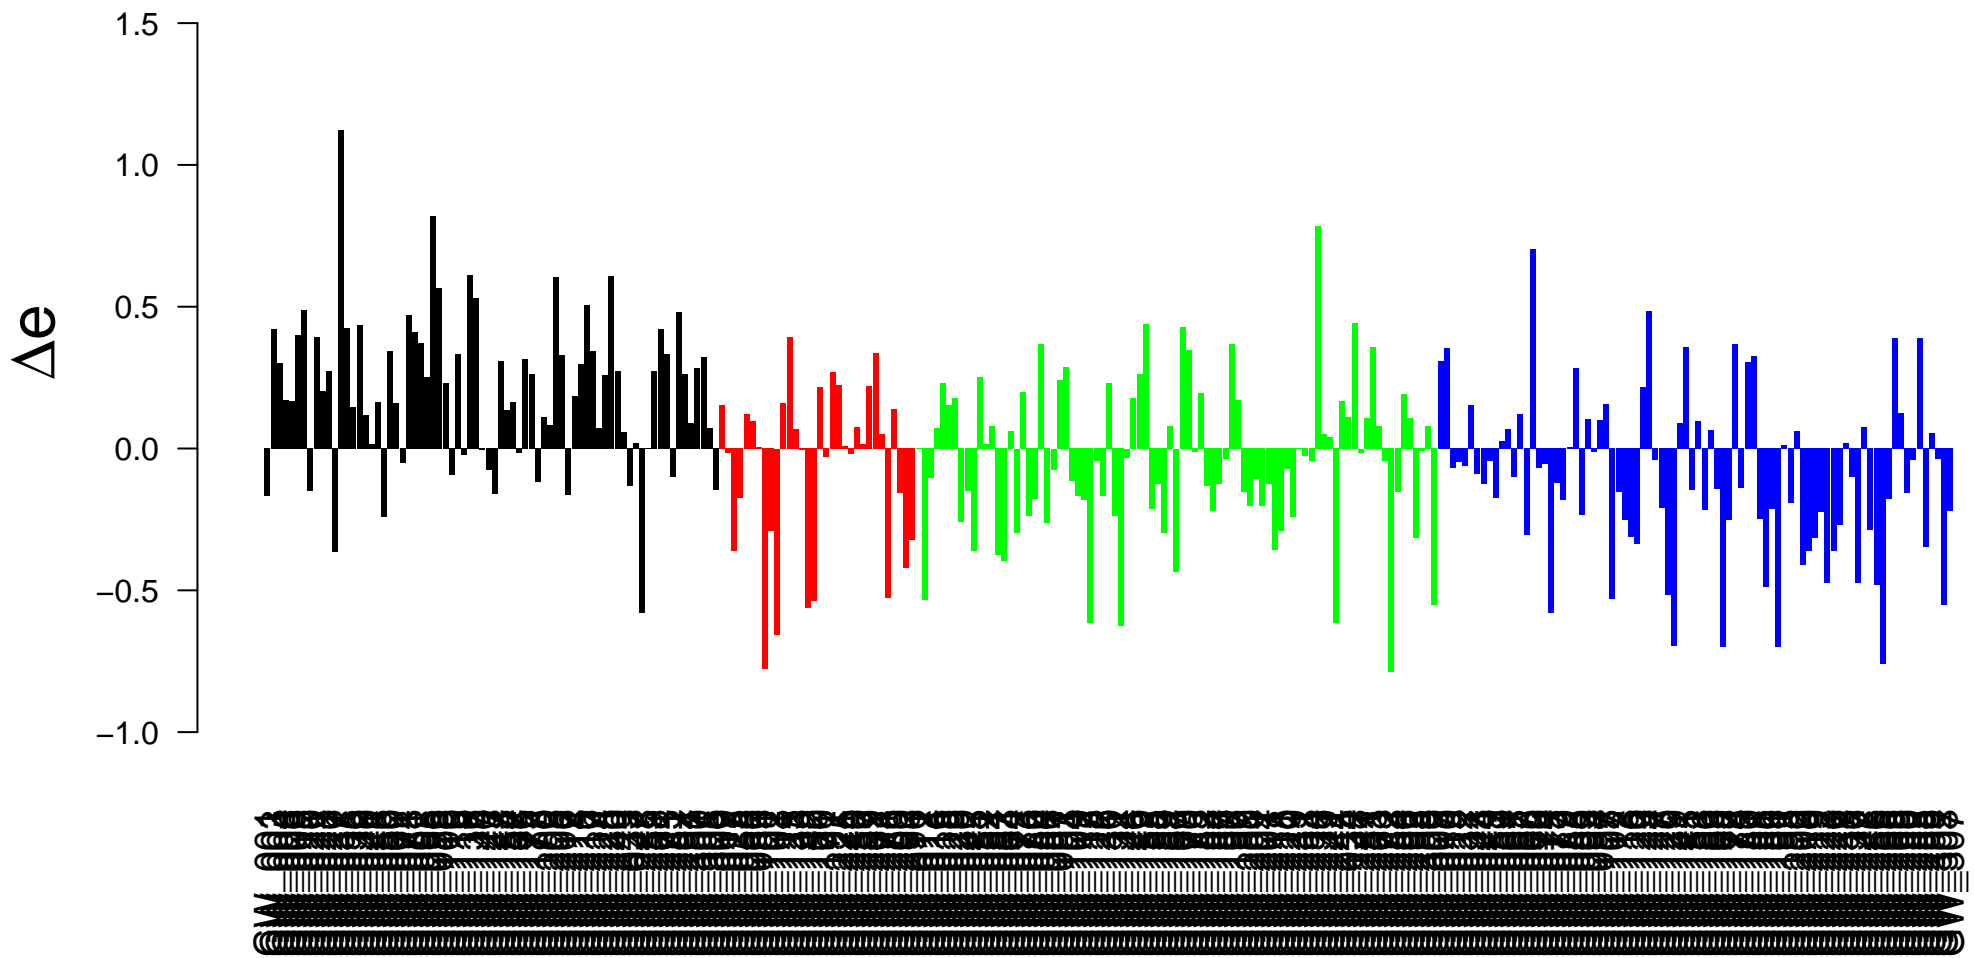

Expression of regulation of transcription from RNA polymerase II promoter in Spot H

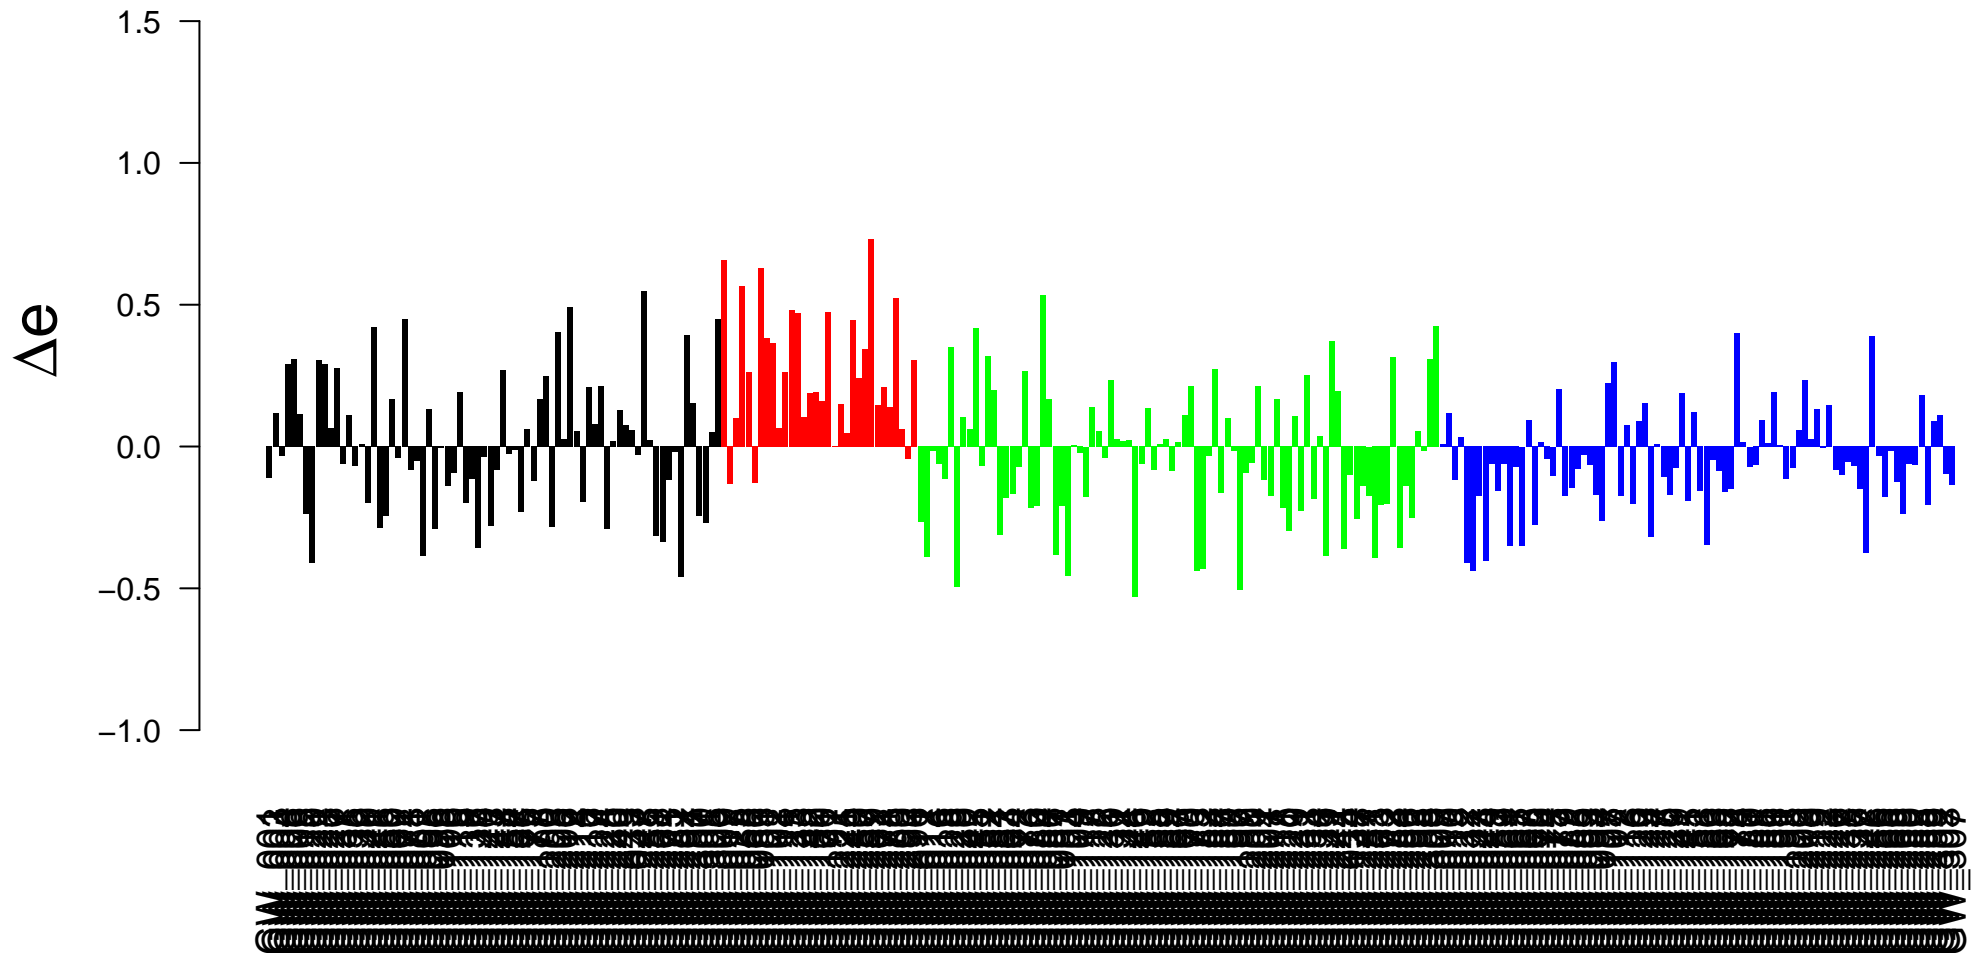

Expression of regulation of transcription from RNA polymerase II promoter in Spot I

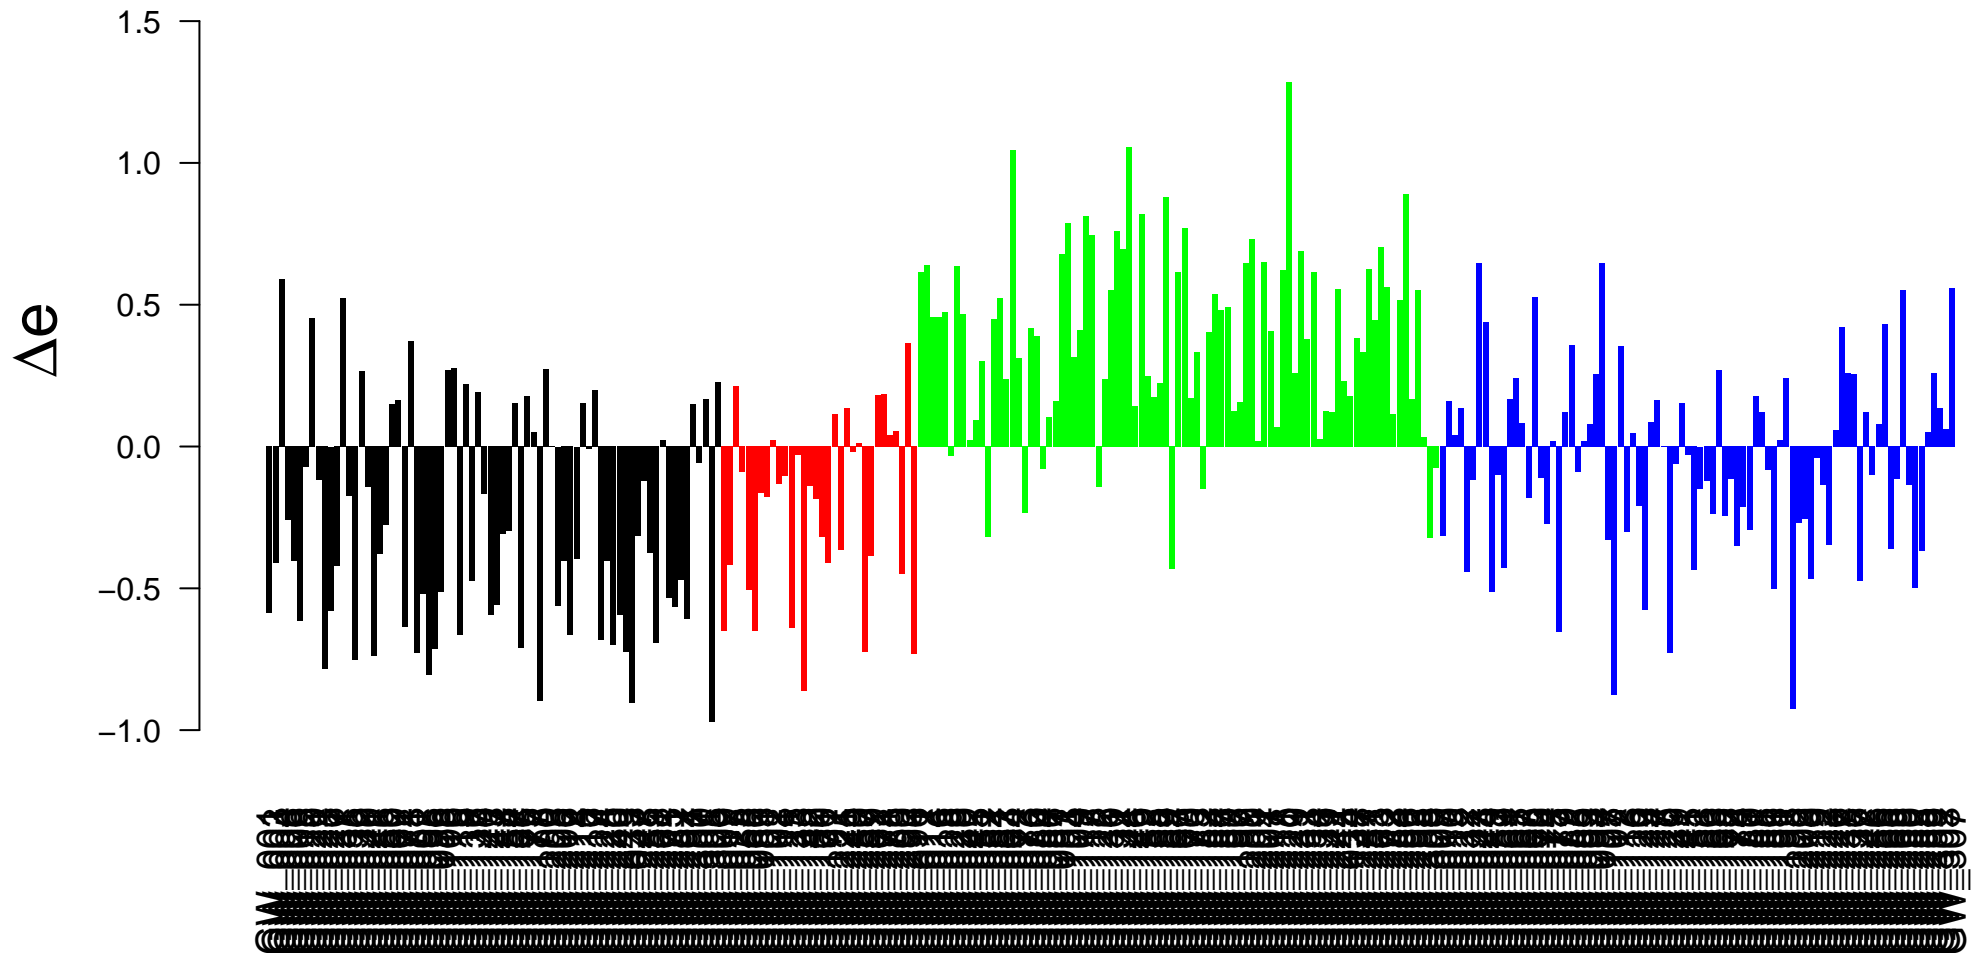

Expression of regulation of transcription from RNA polymerase II promoter in Spot J

Expression of regulation of transcription from RNA polymerase II promoter in Spot K

Expression of regulation of transcription from RNA polymerase II promoter in Spot L

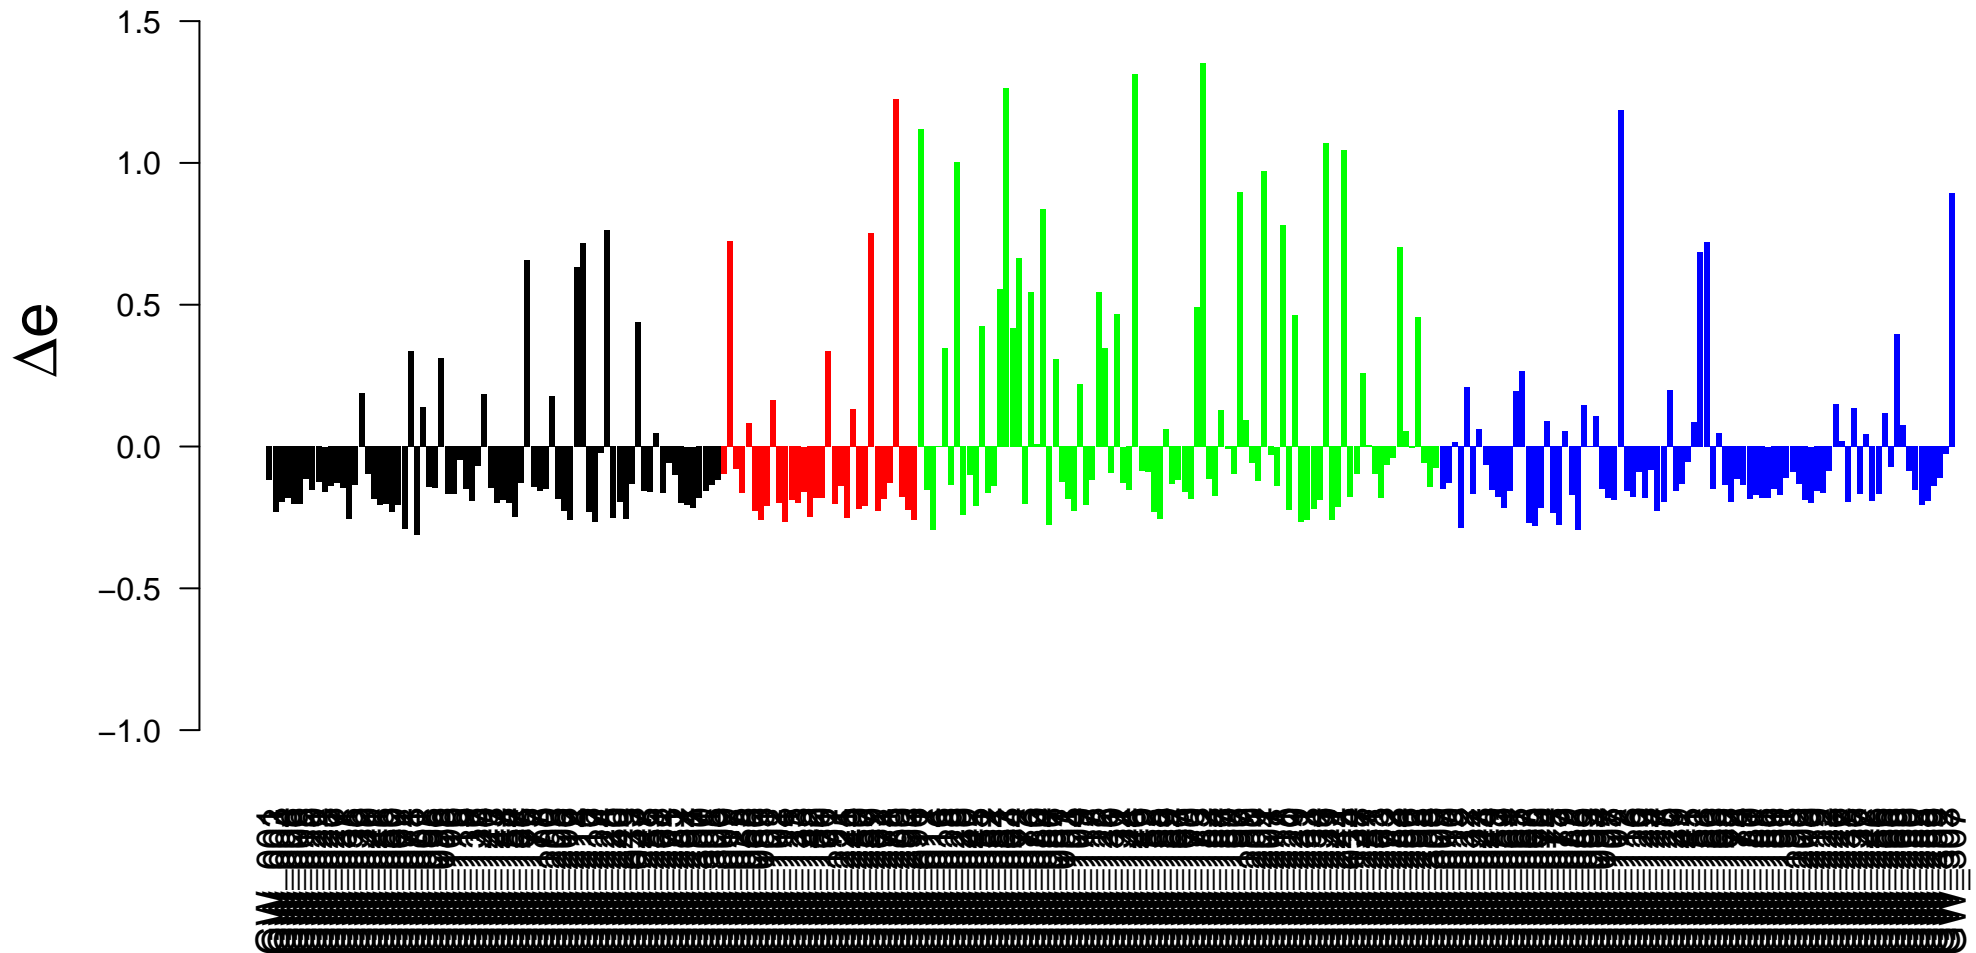

Expression of regulation of transcription from RNA polymerase II promoter in Spot M
