

regulation of ventricular cardiac muscle cell membrane repolarization

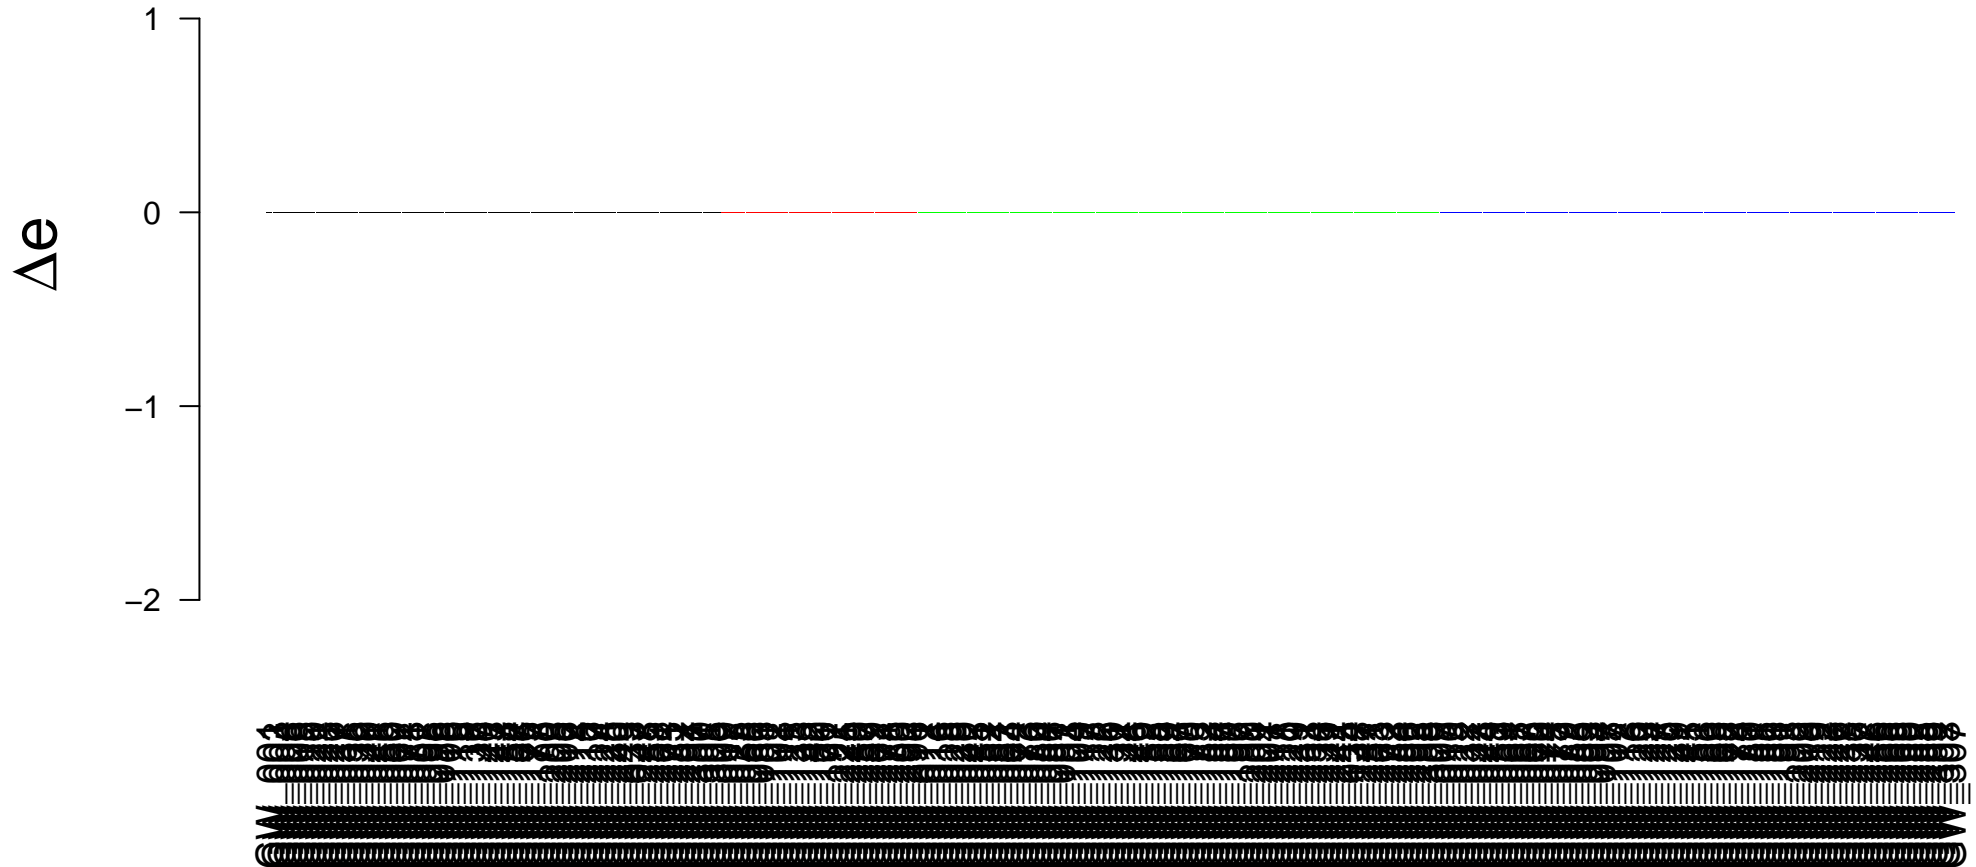

Enrichment in spots: regulation of ventricular cardiac muscle cell membrane repolarization

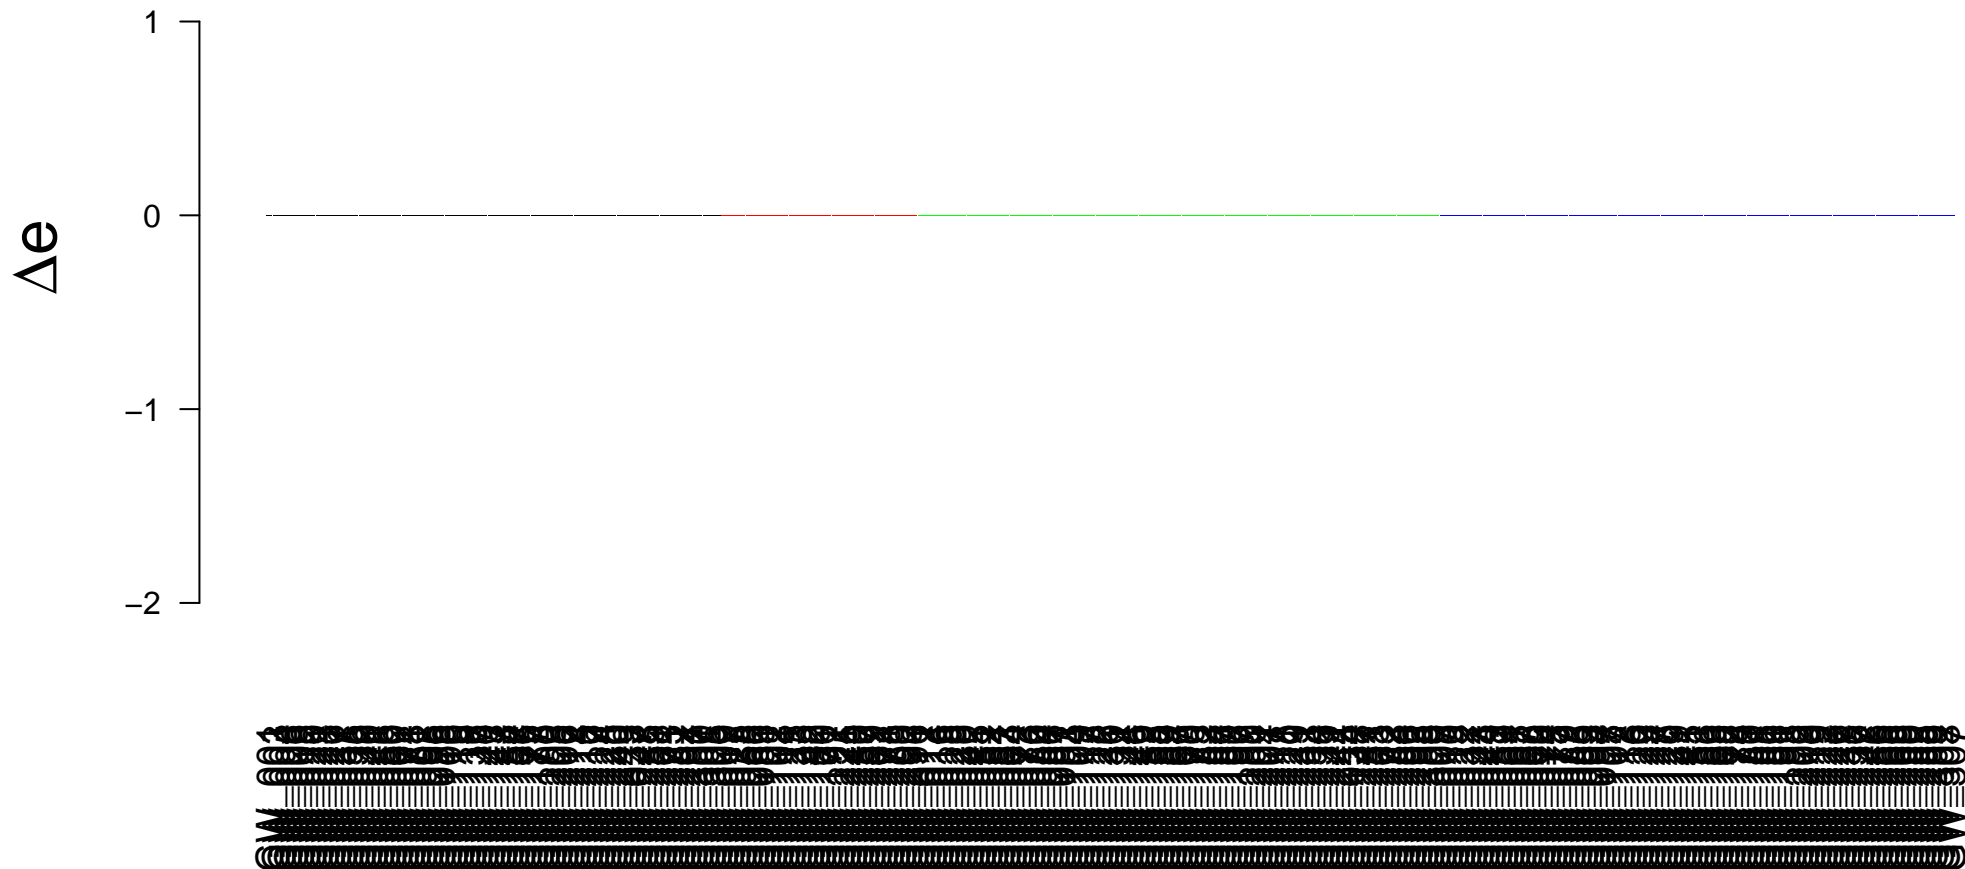

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot A

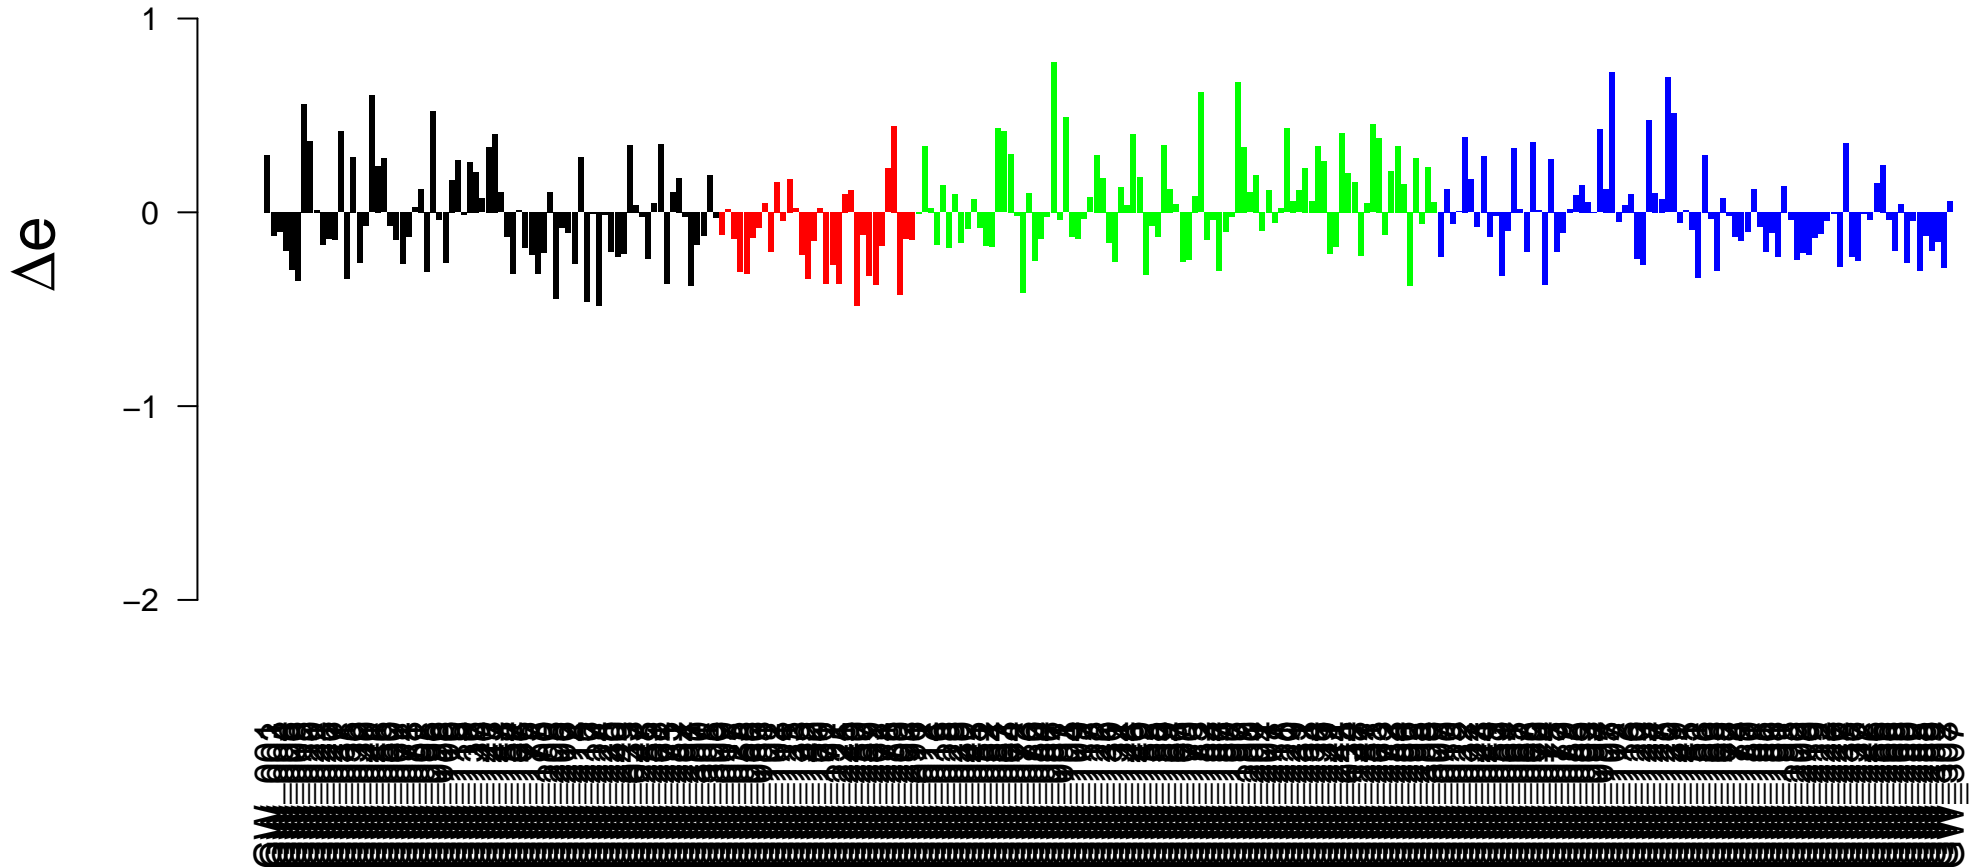

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot B

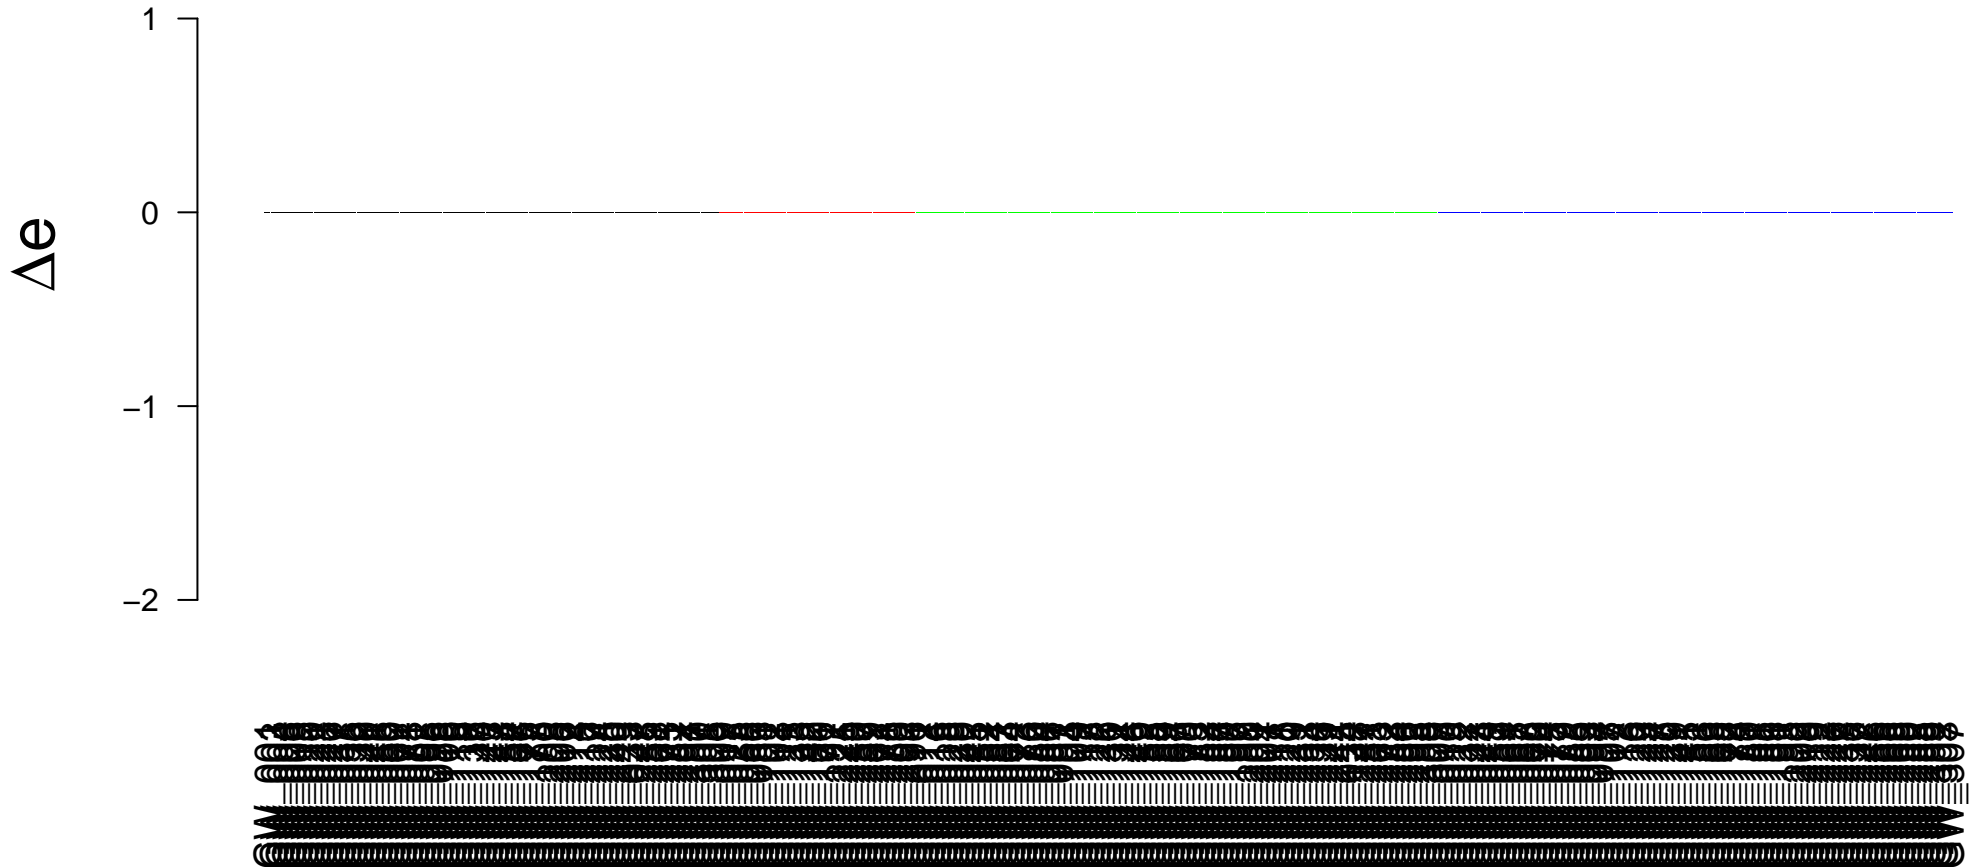

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot C

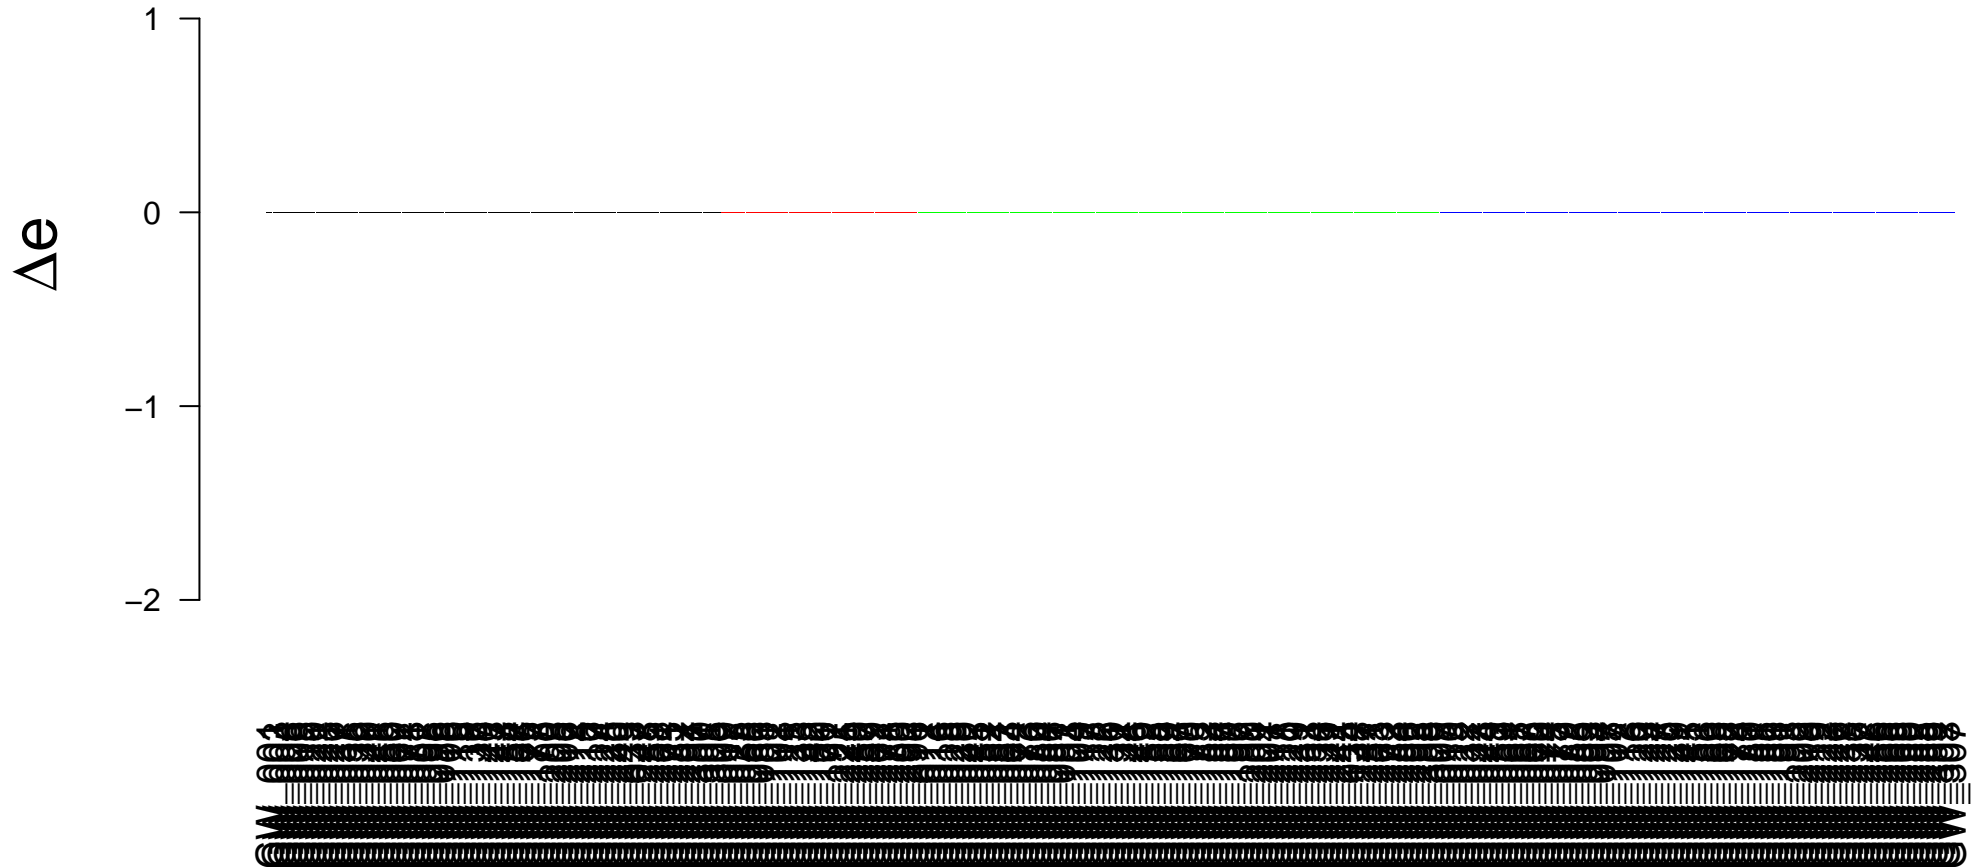

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot D

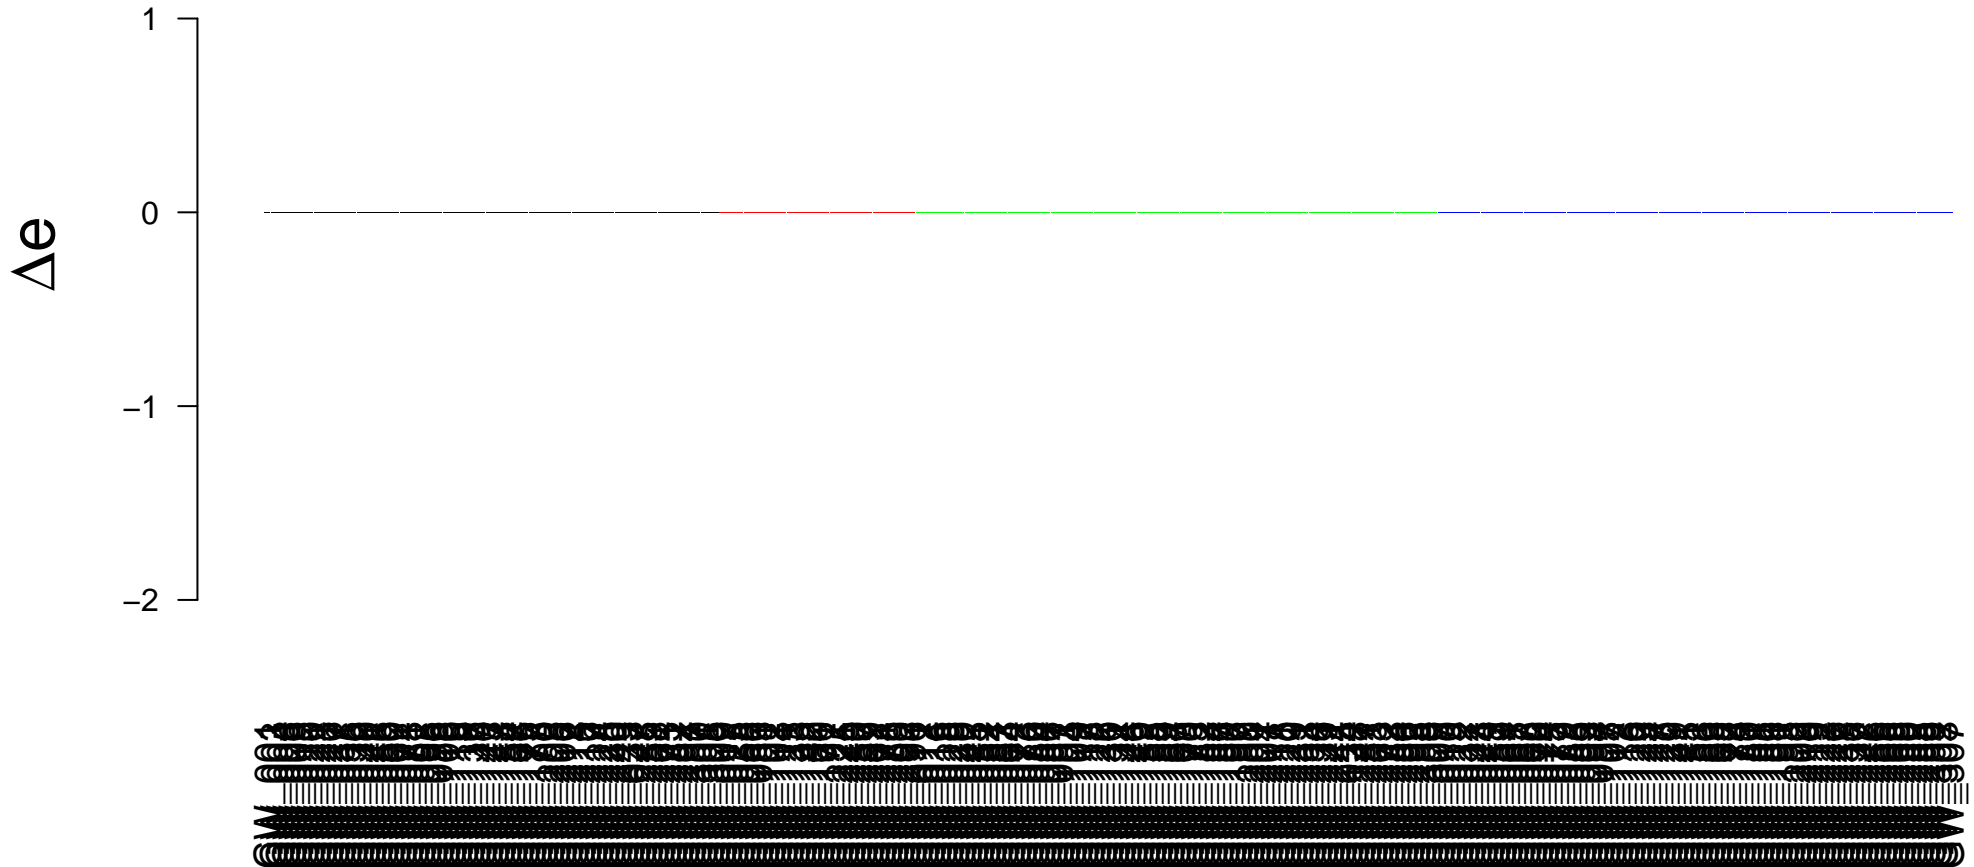

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot E

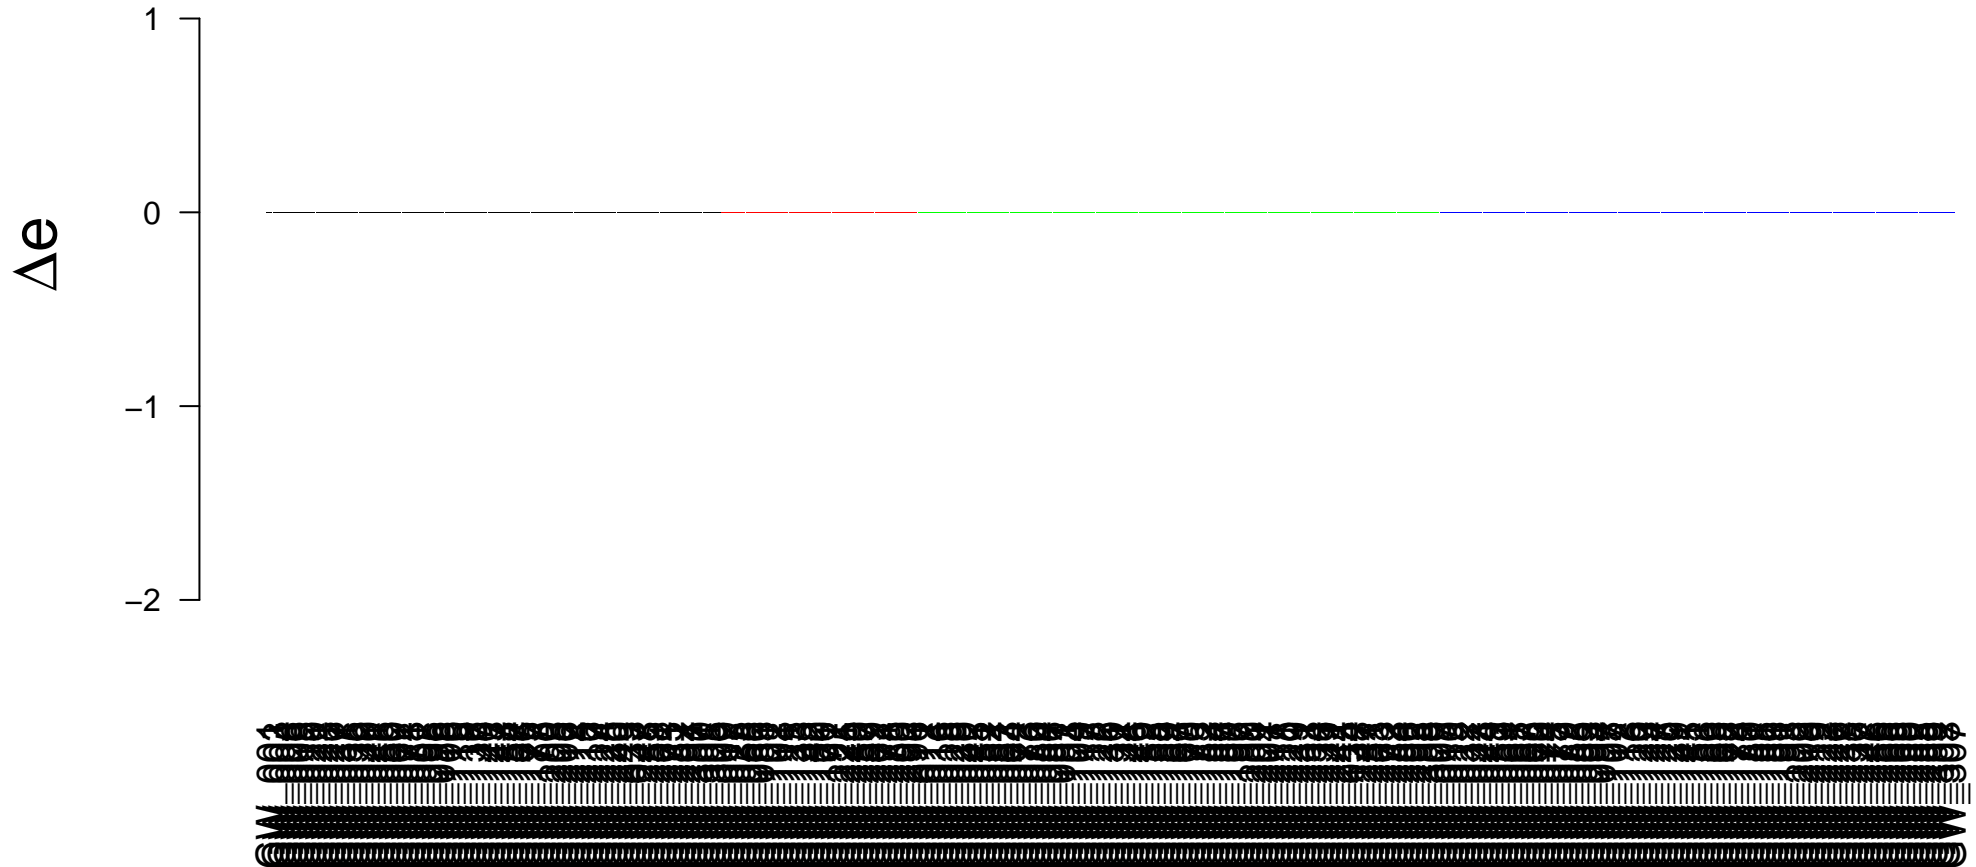

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot F

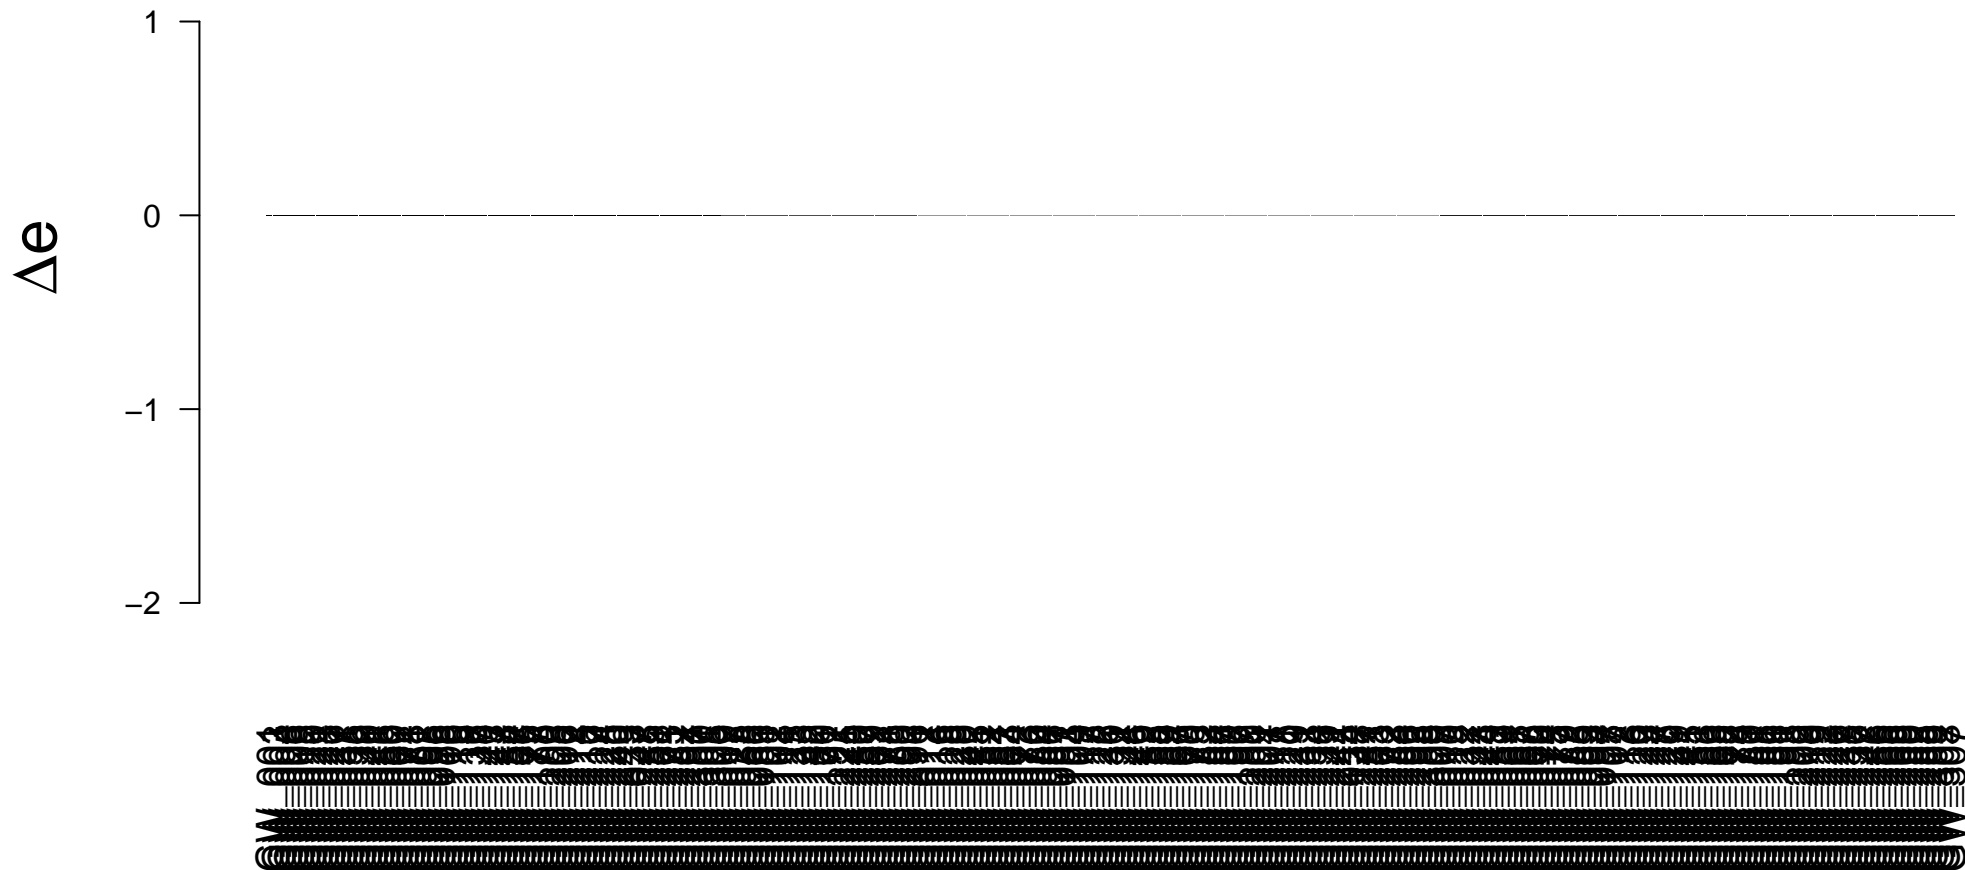

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot G

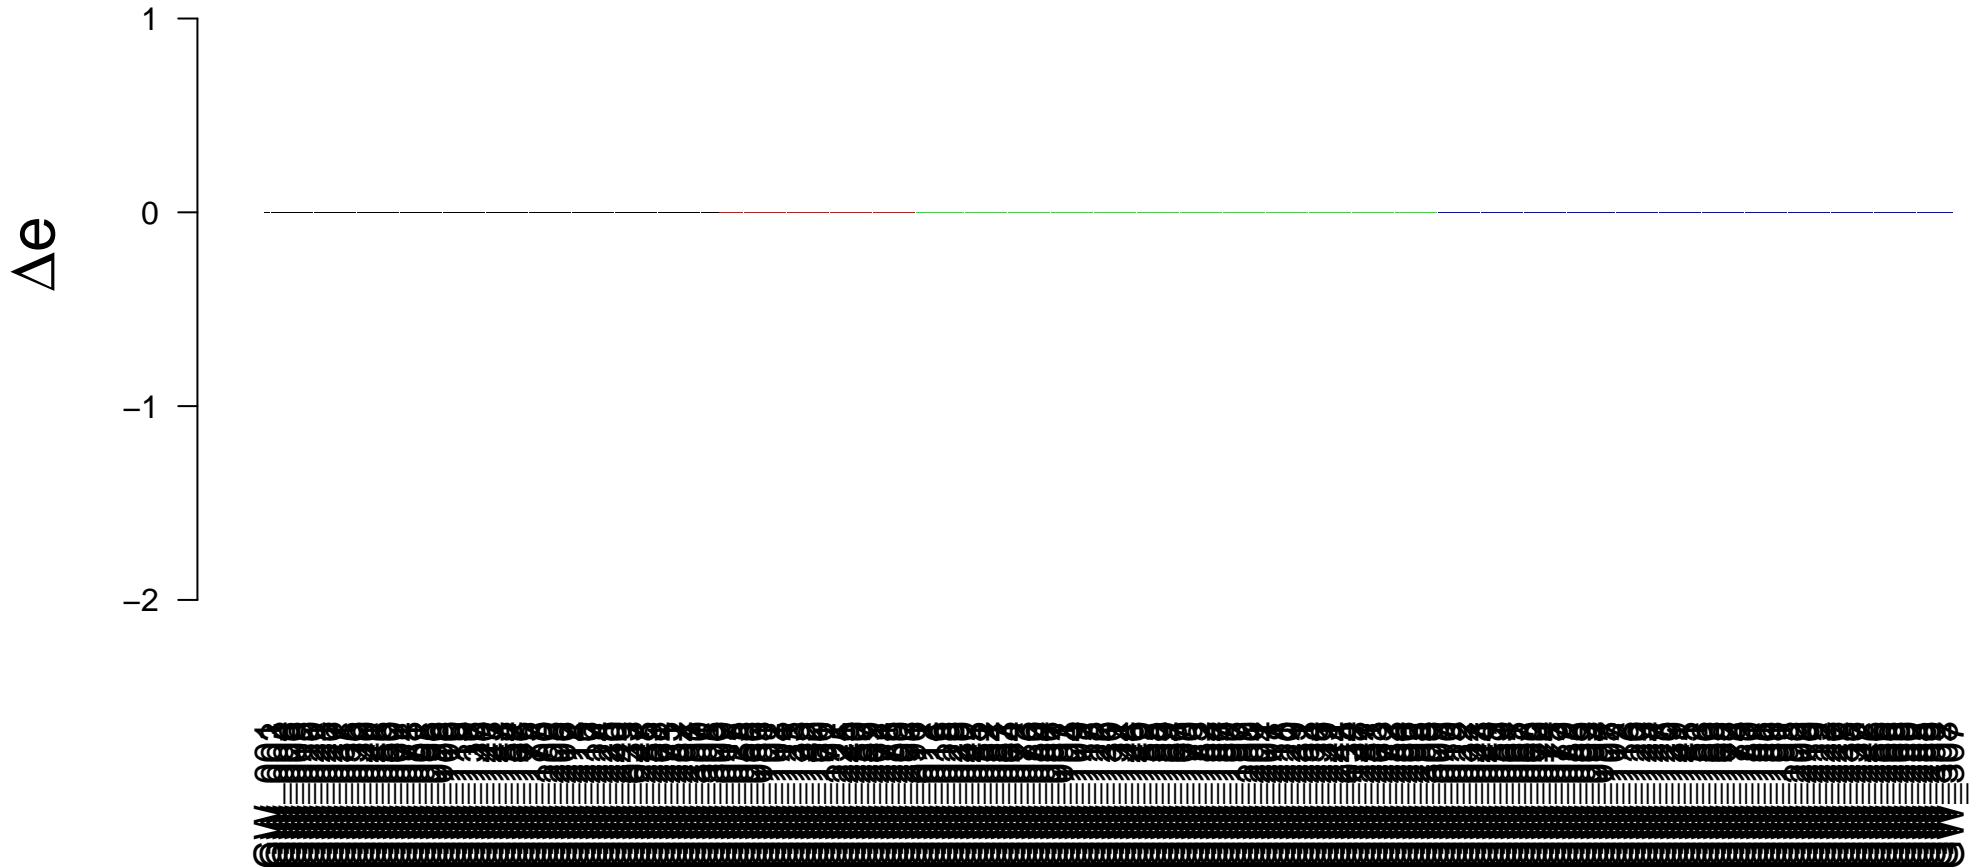

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot H

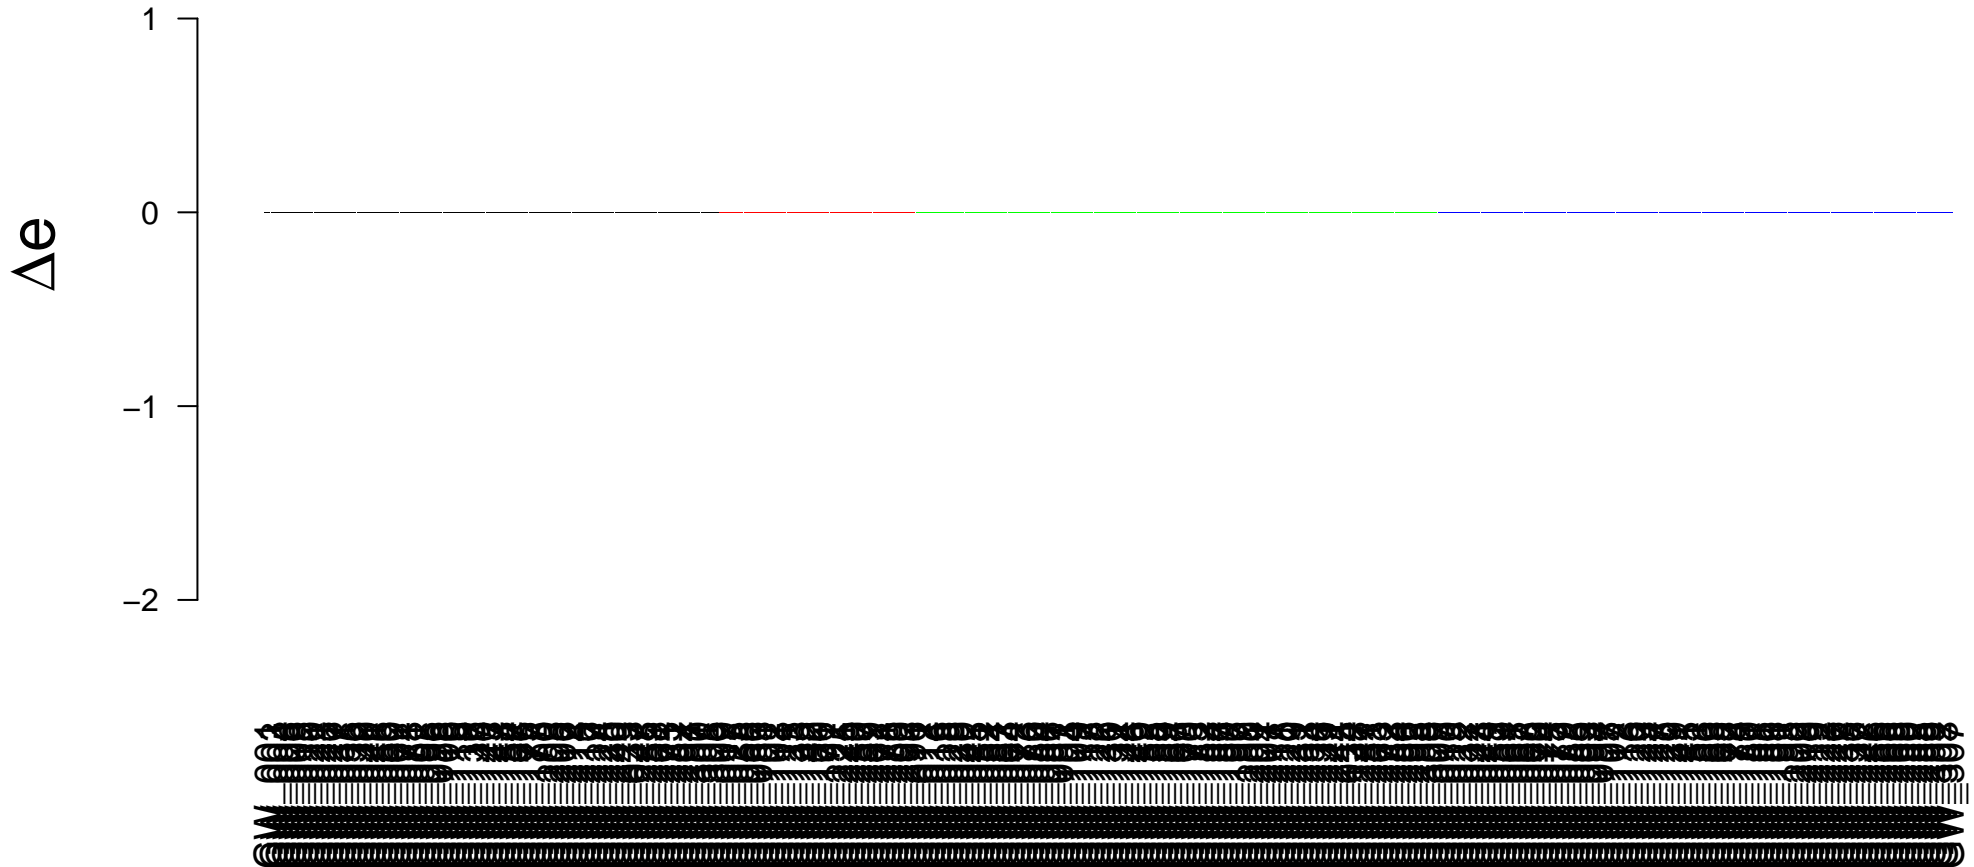

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot I

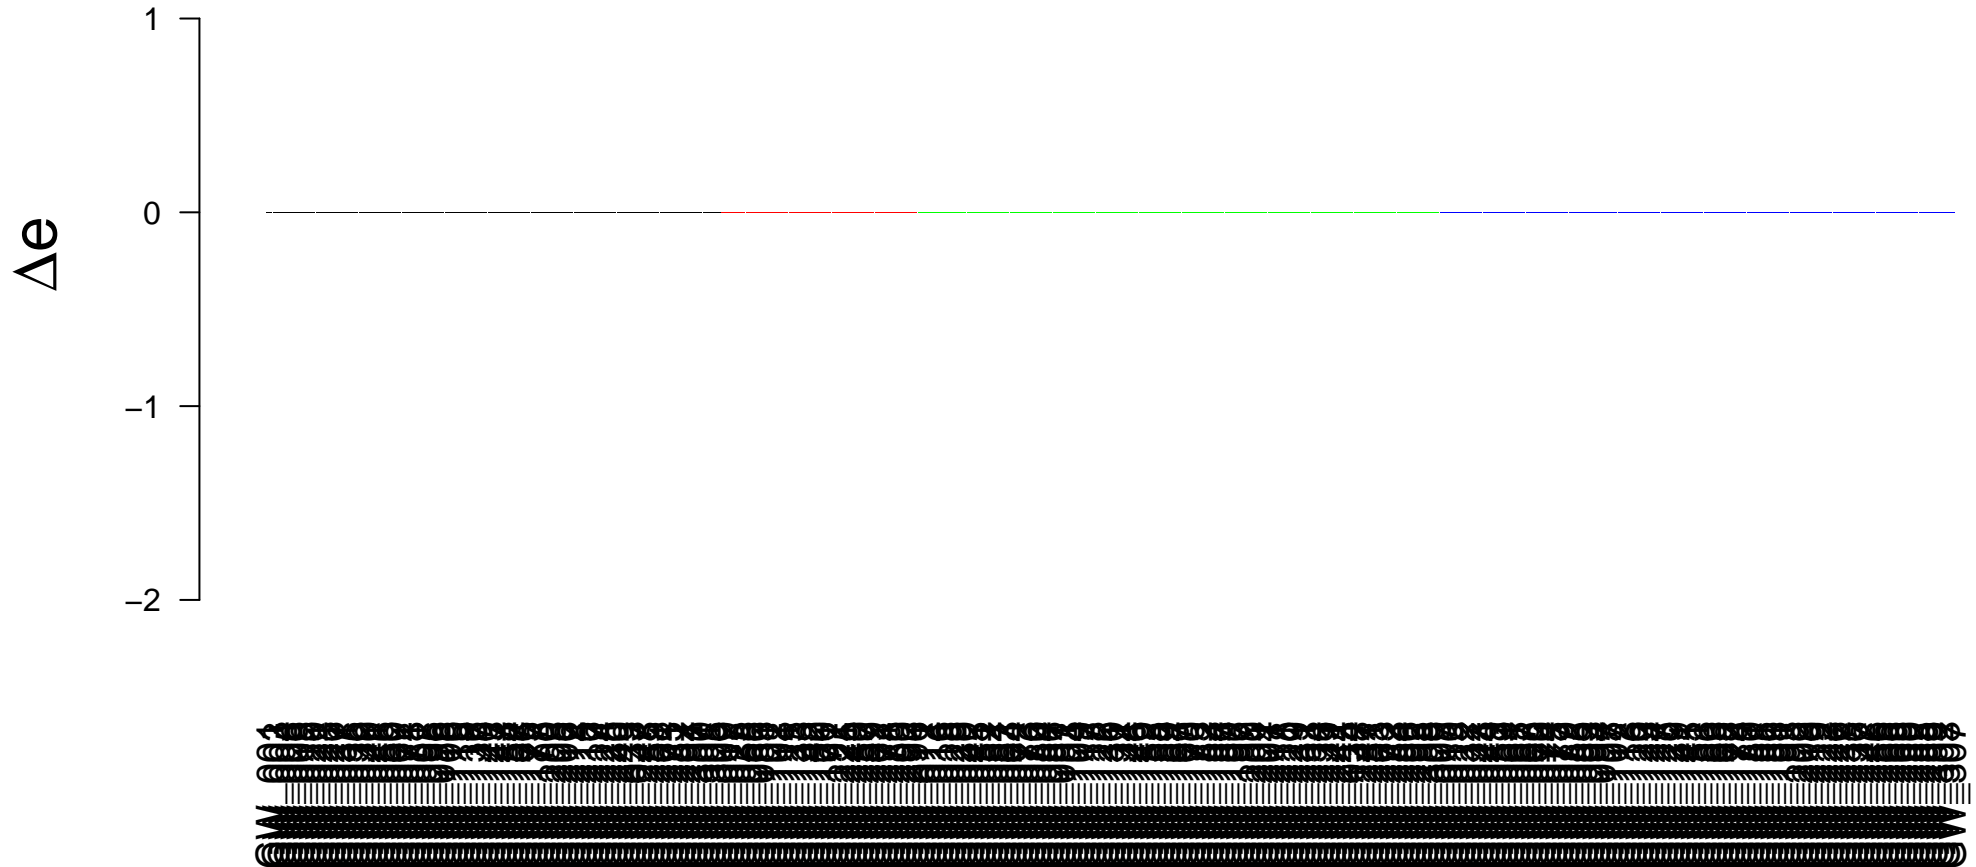

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot J

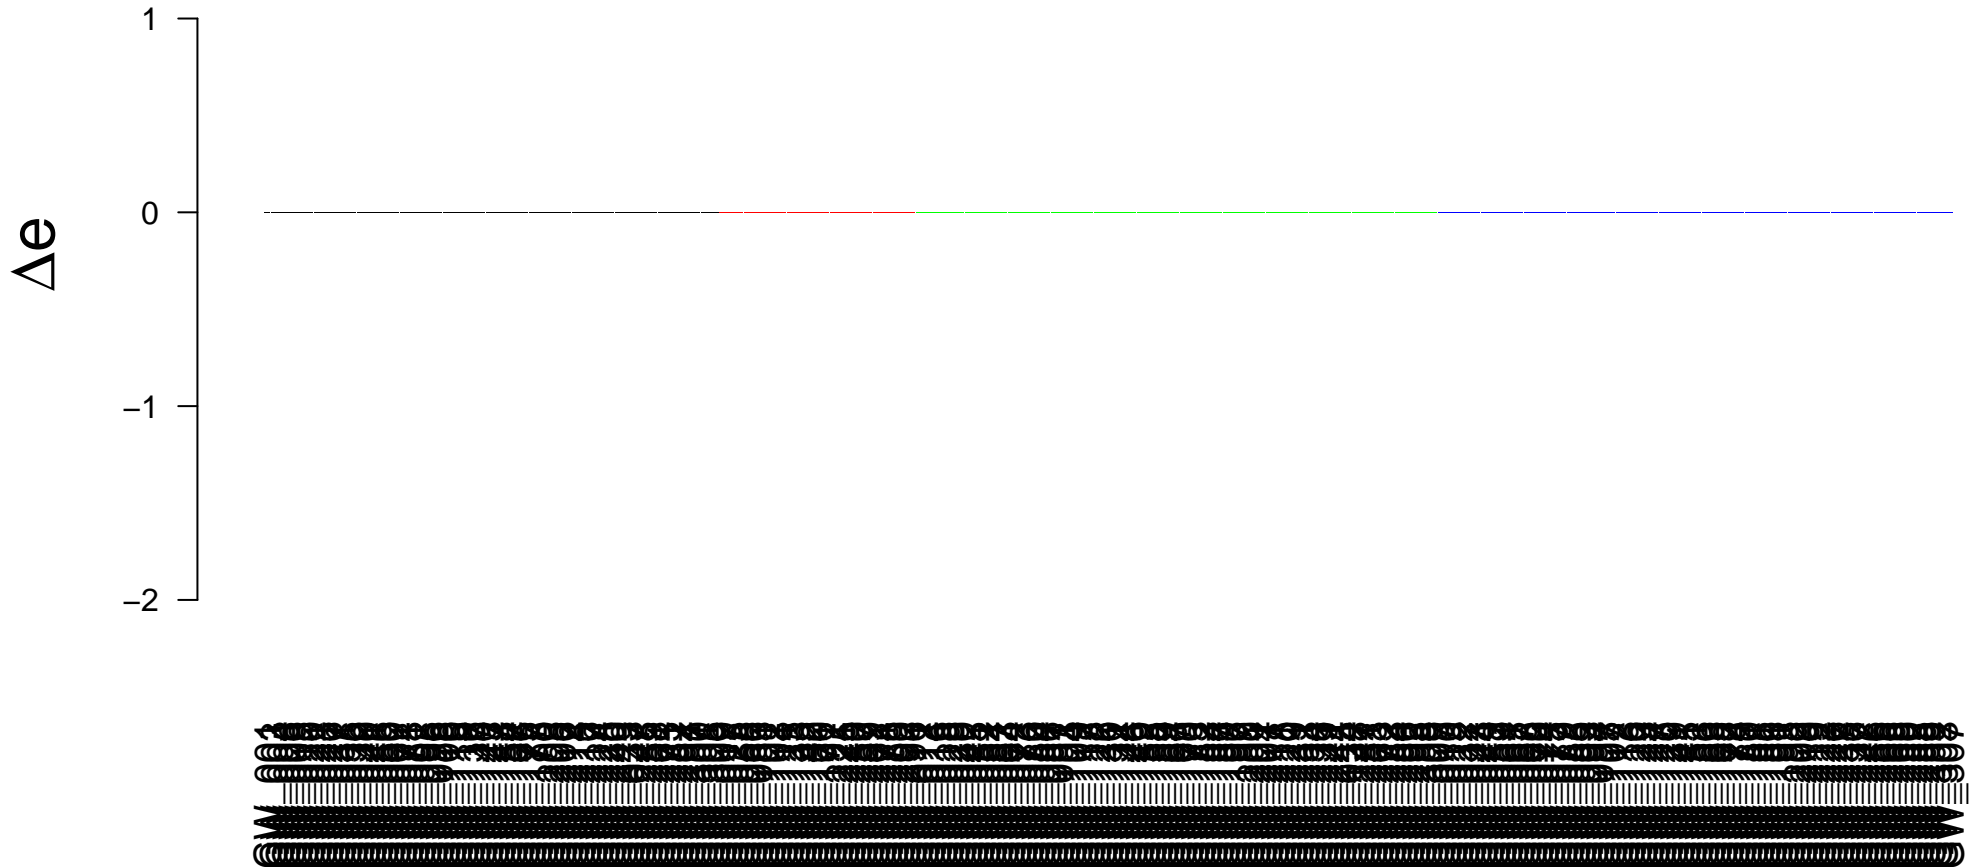

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot K

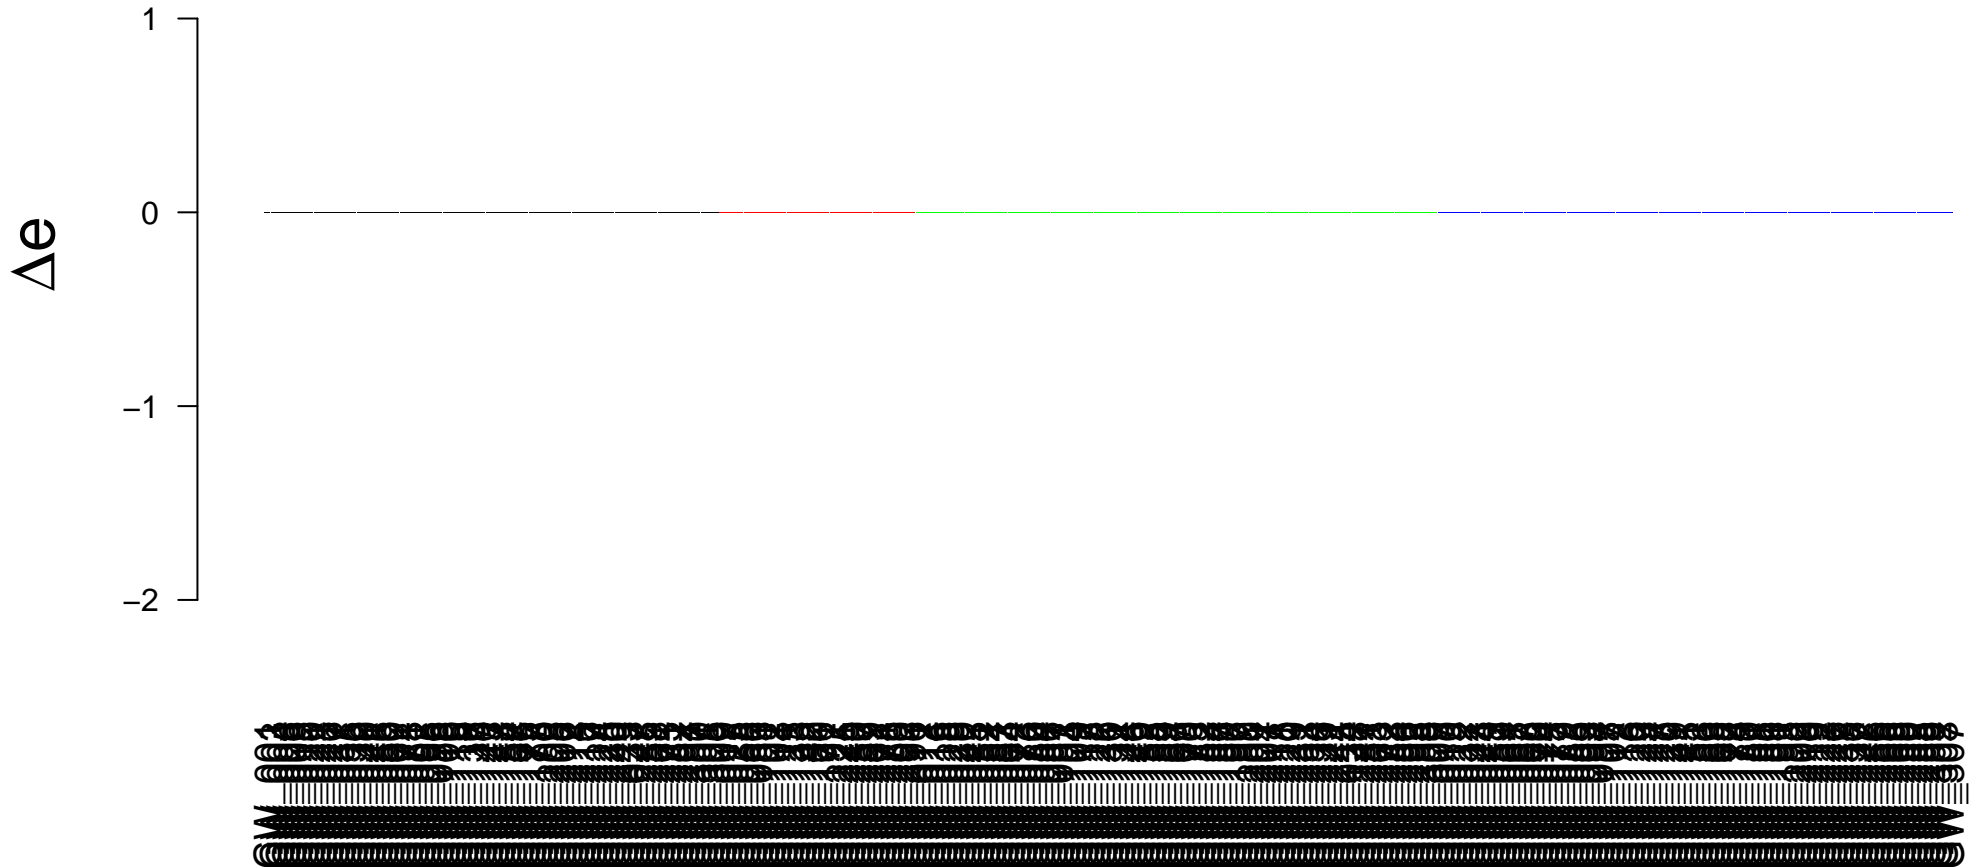

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot L

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot M

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot N

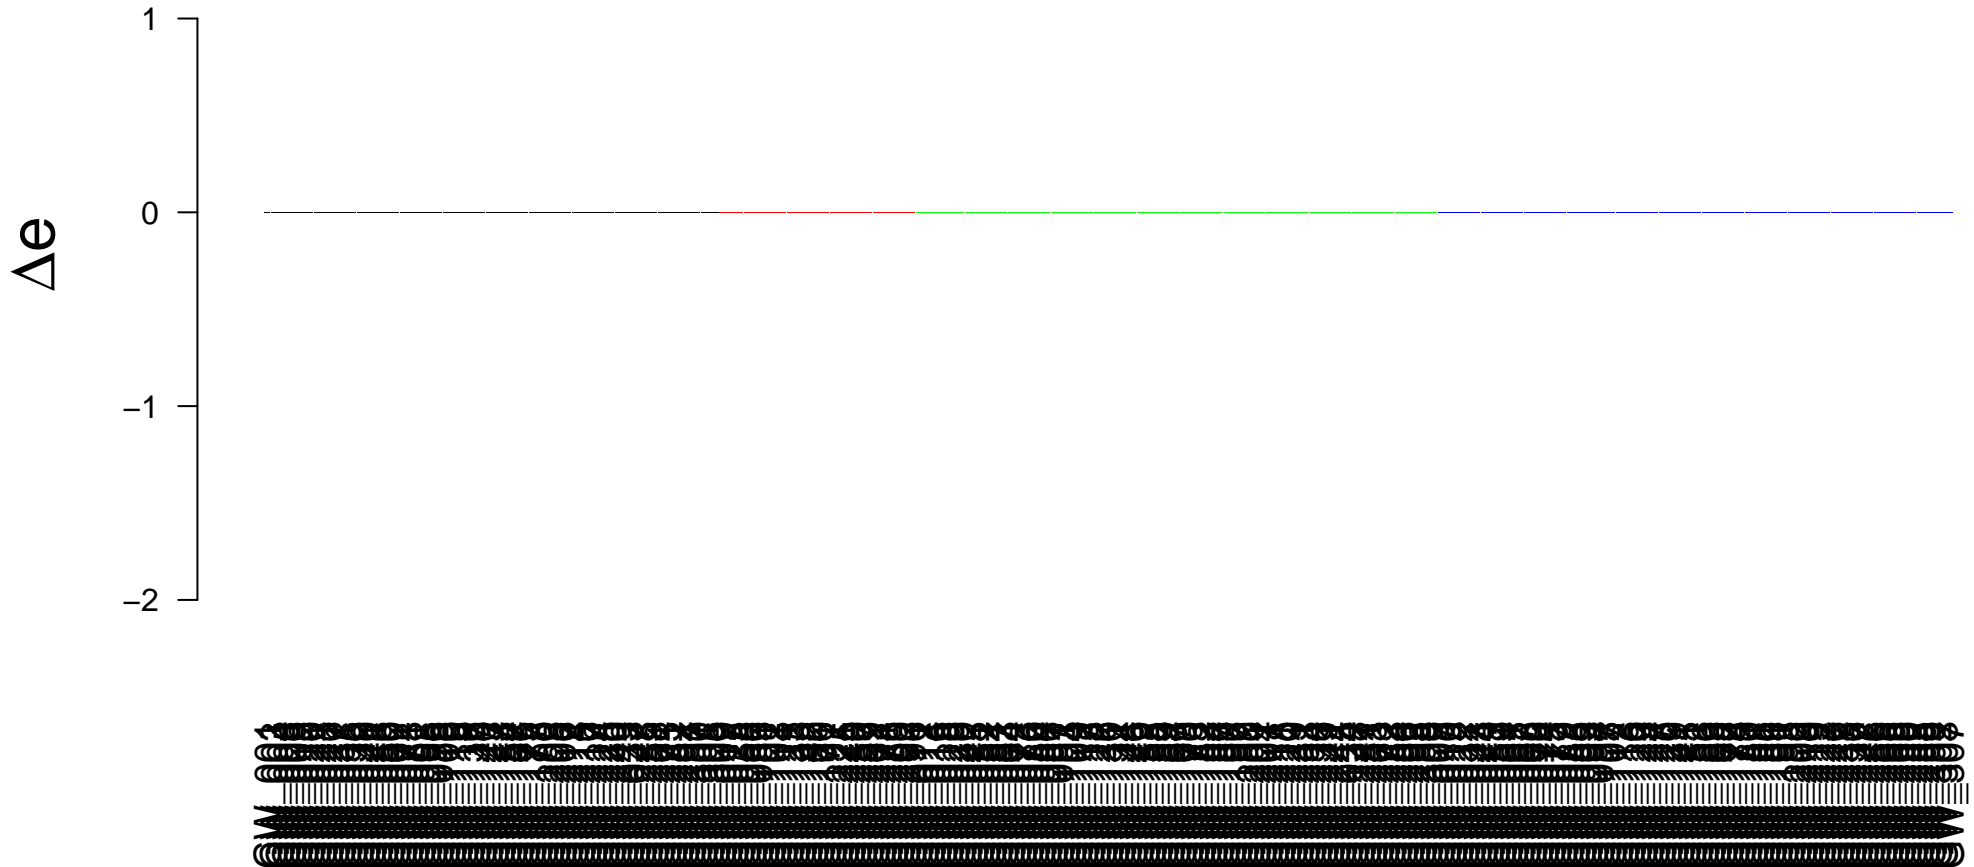

Expression of regulation of ventricular cardiac muscle cell membrane repolarization in Spot O
