

response to activity

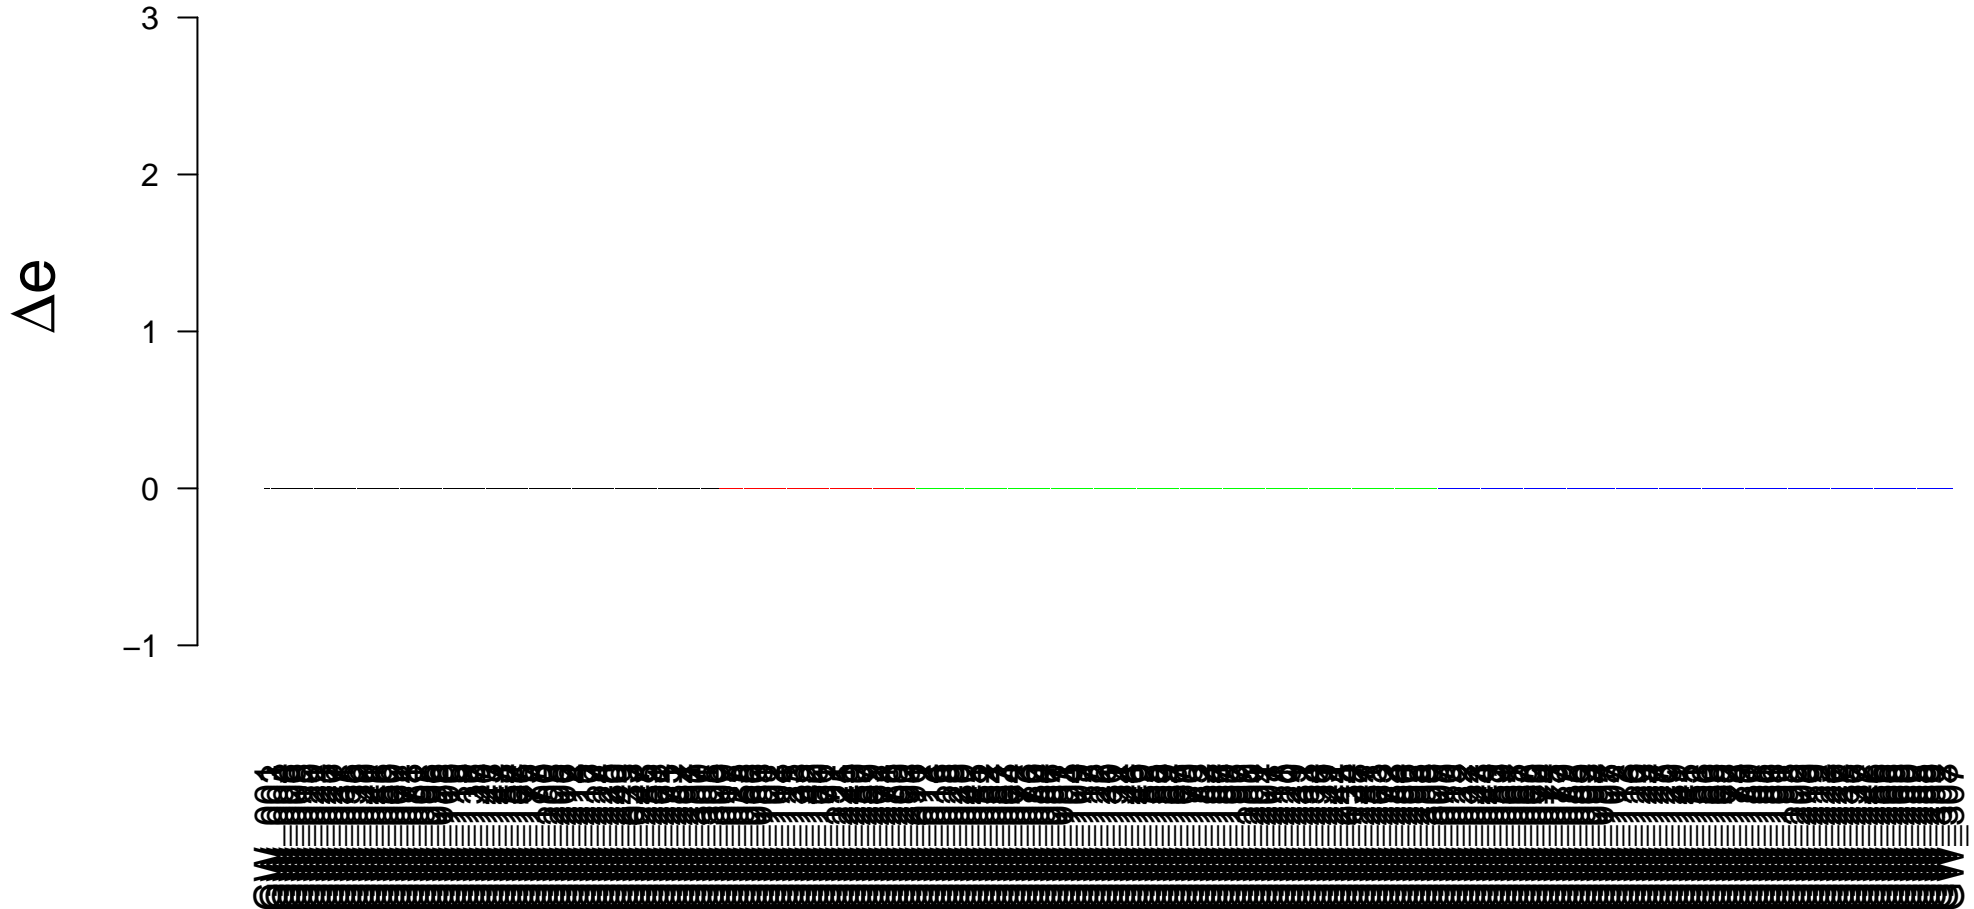

response to activity

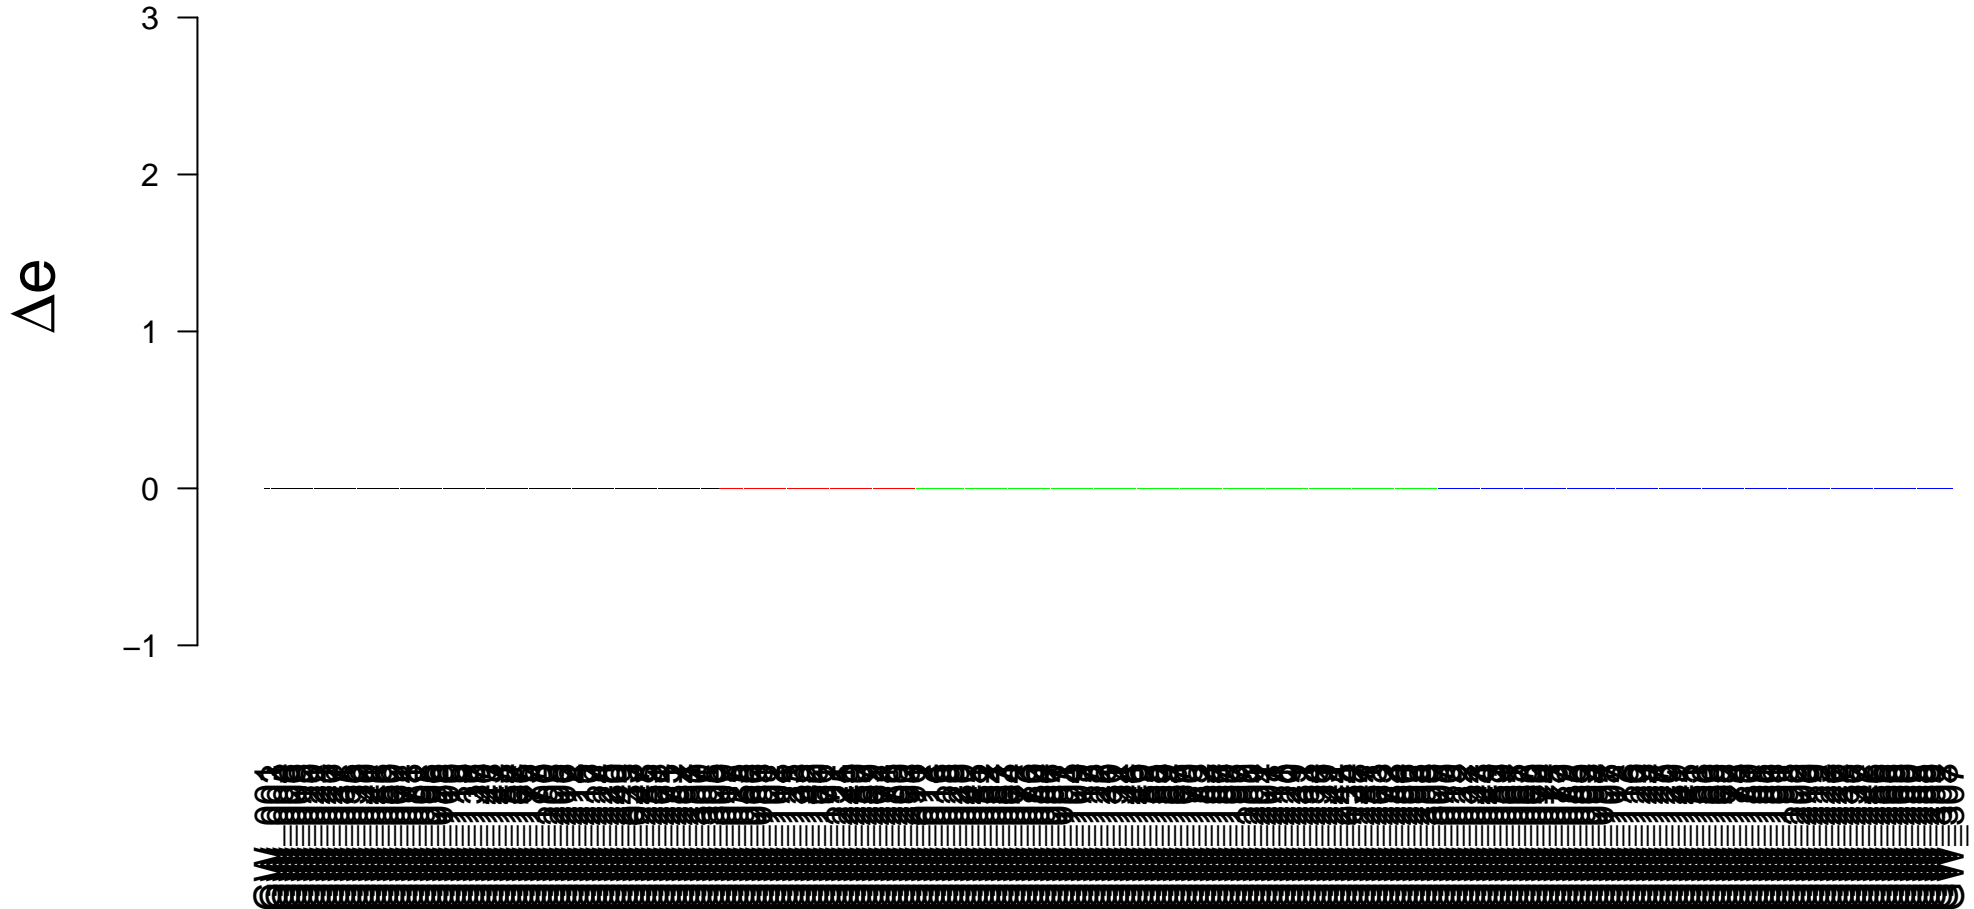

Enrichment in spots: response to activity

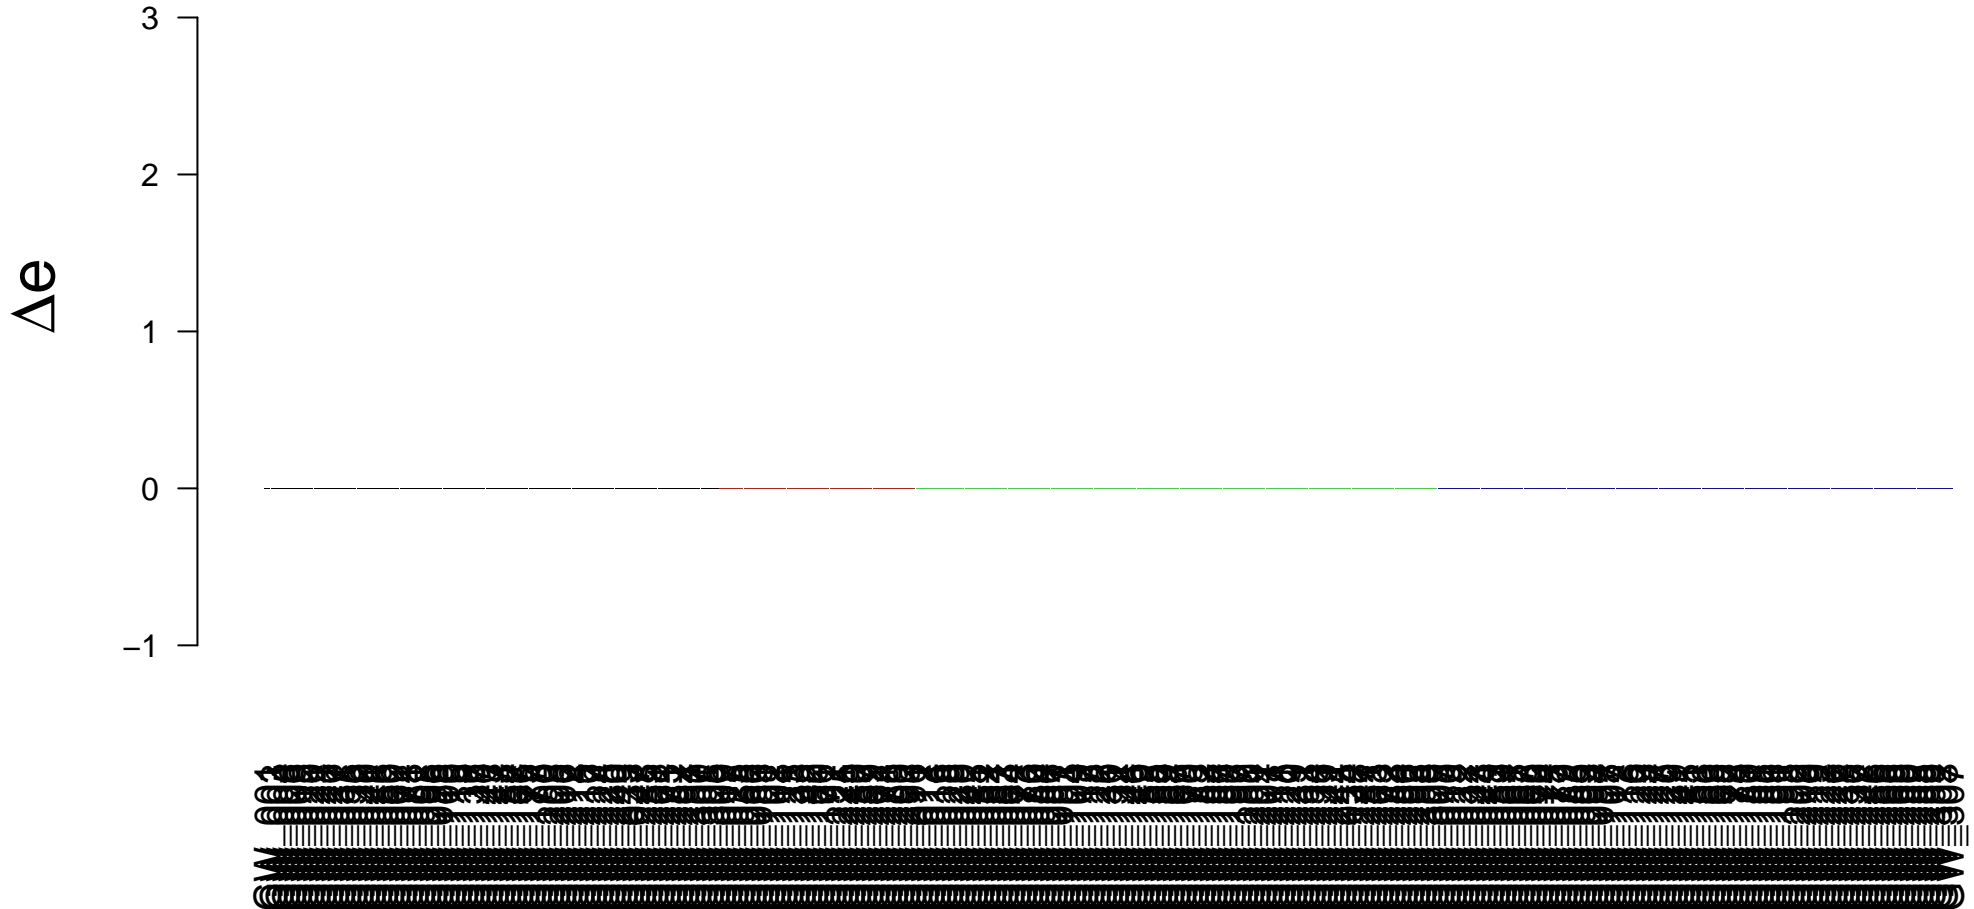

Expression of response to activity in Spot A

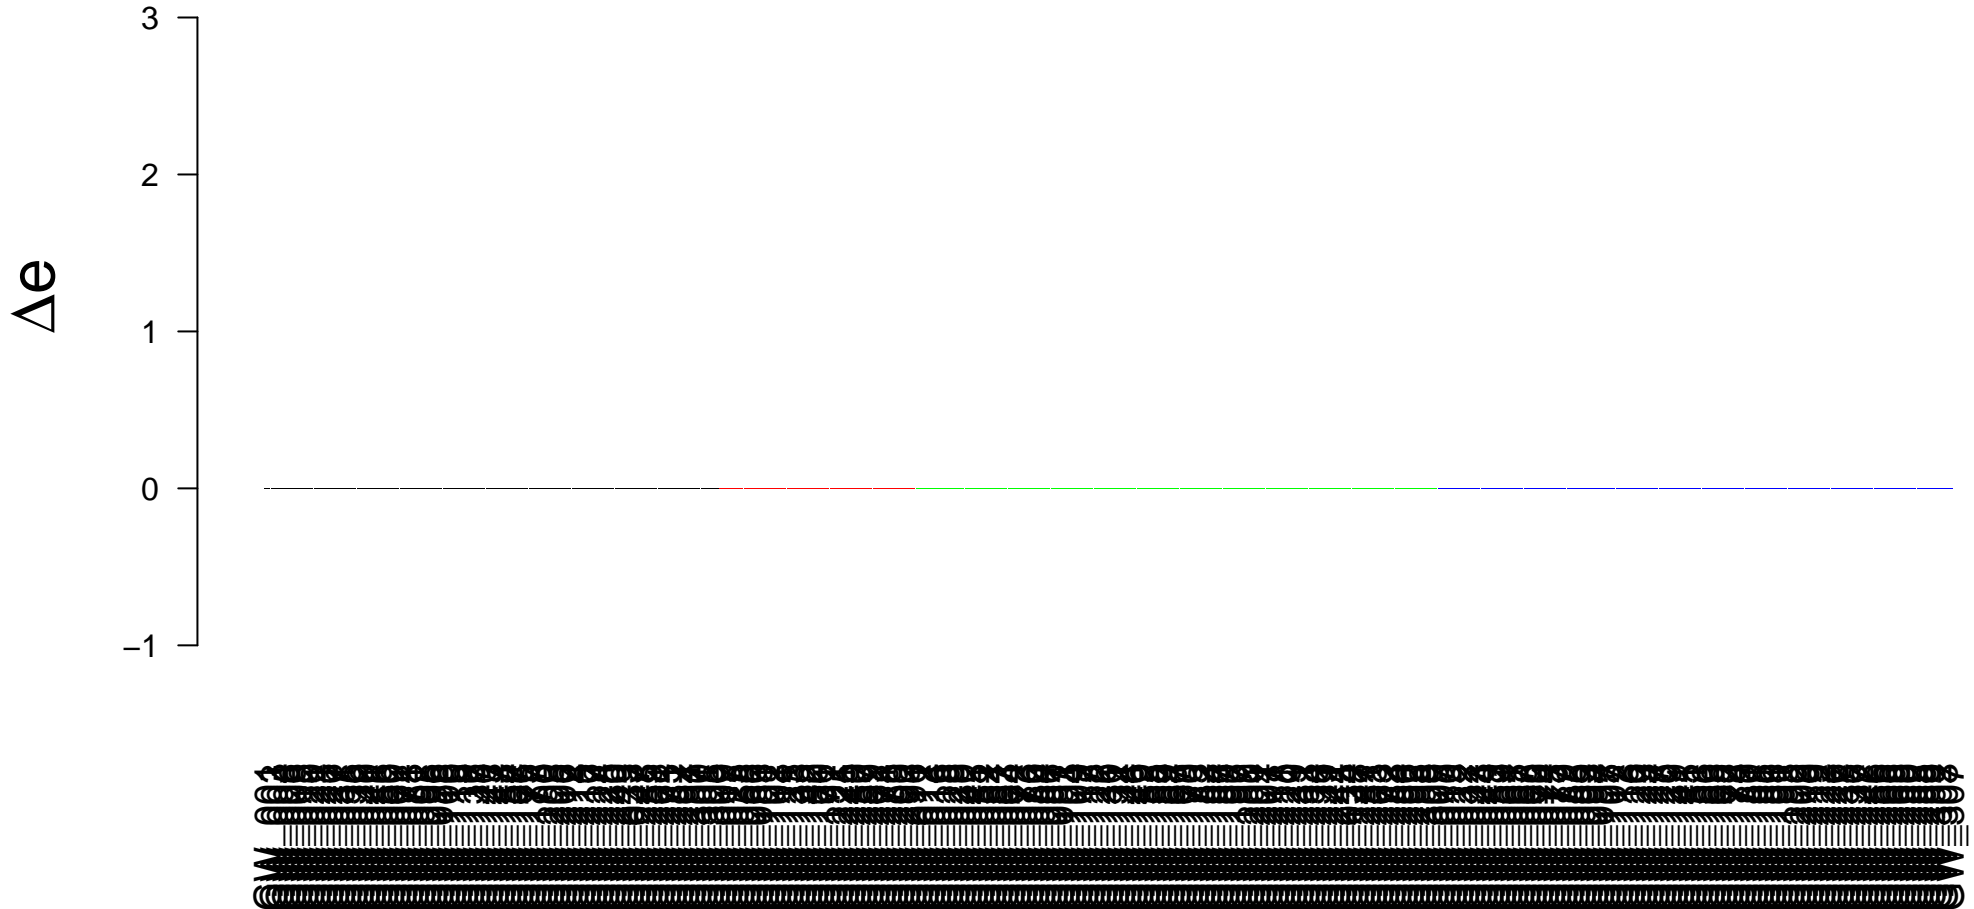

Expression of response to activity in Spot B

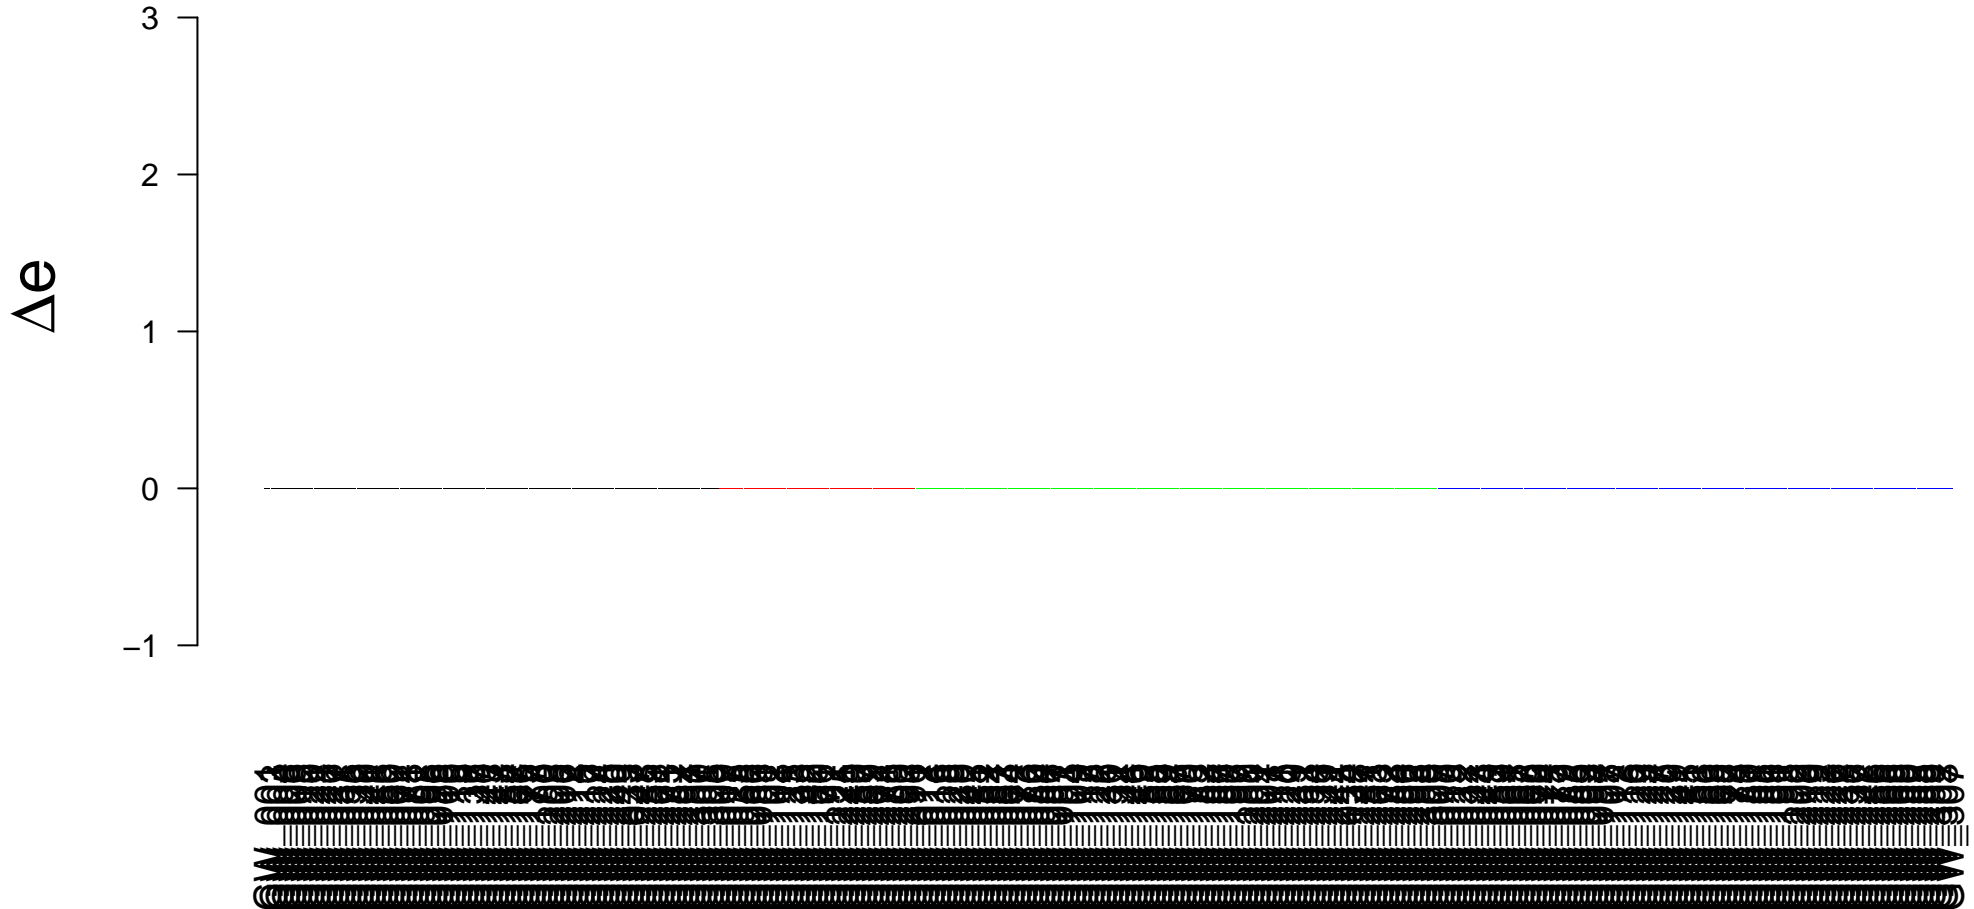

Expression of response to activity in Spot C

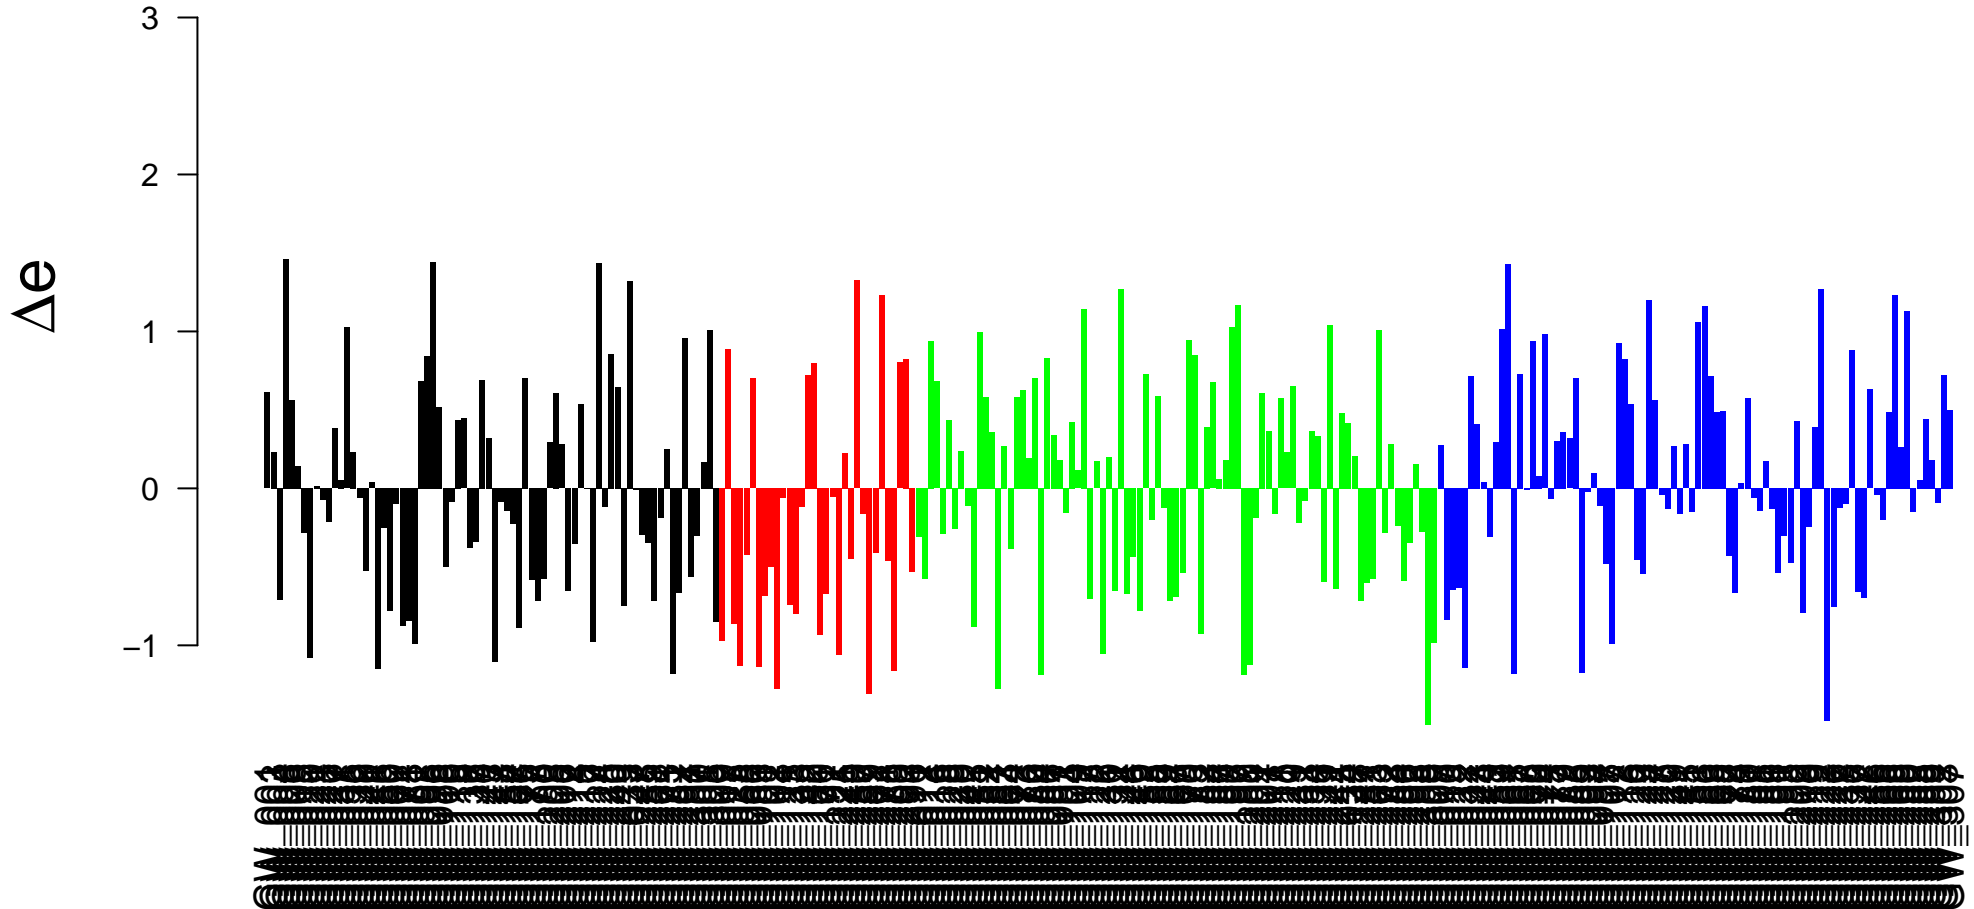

Expression of response to activity in Spot D

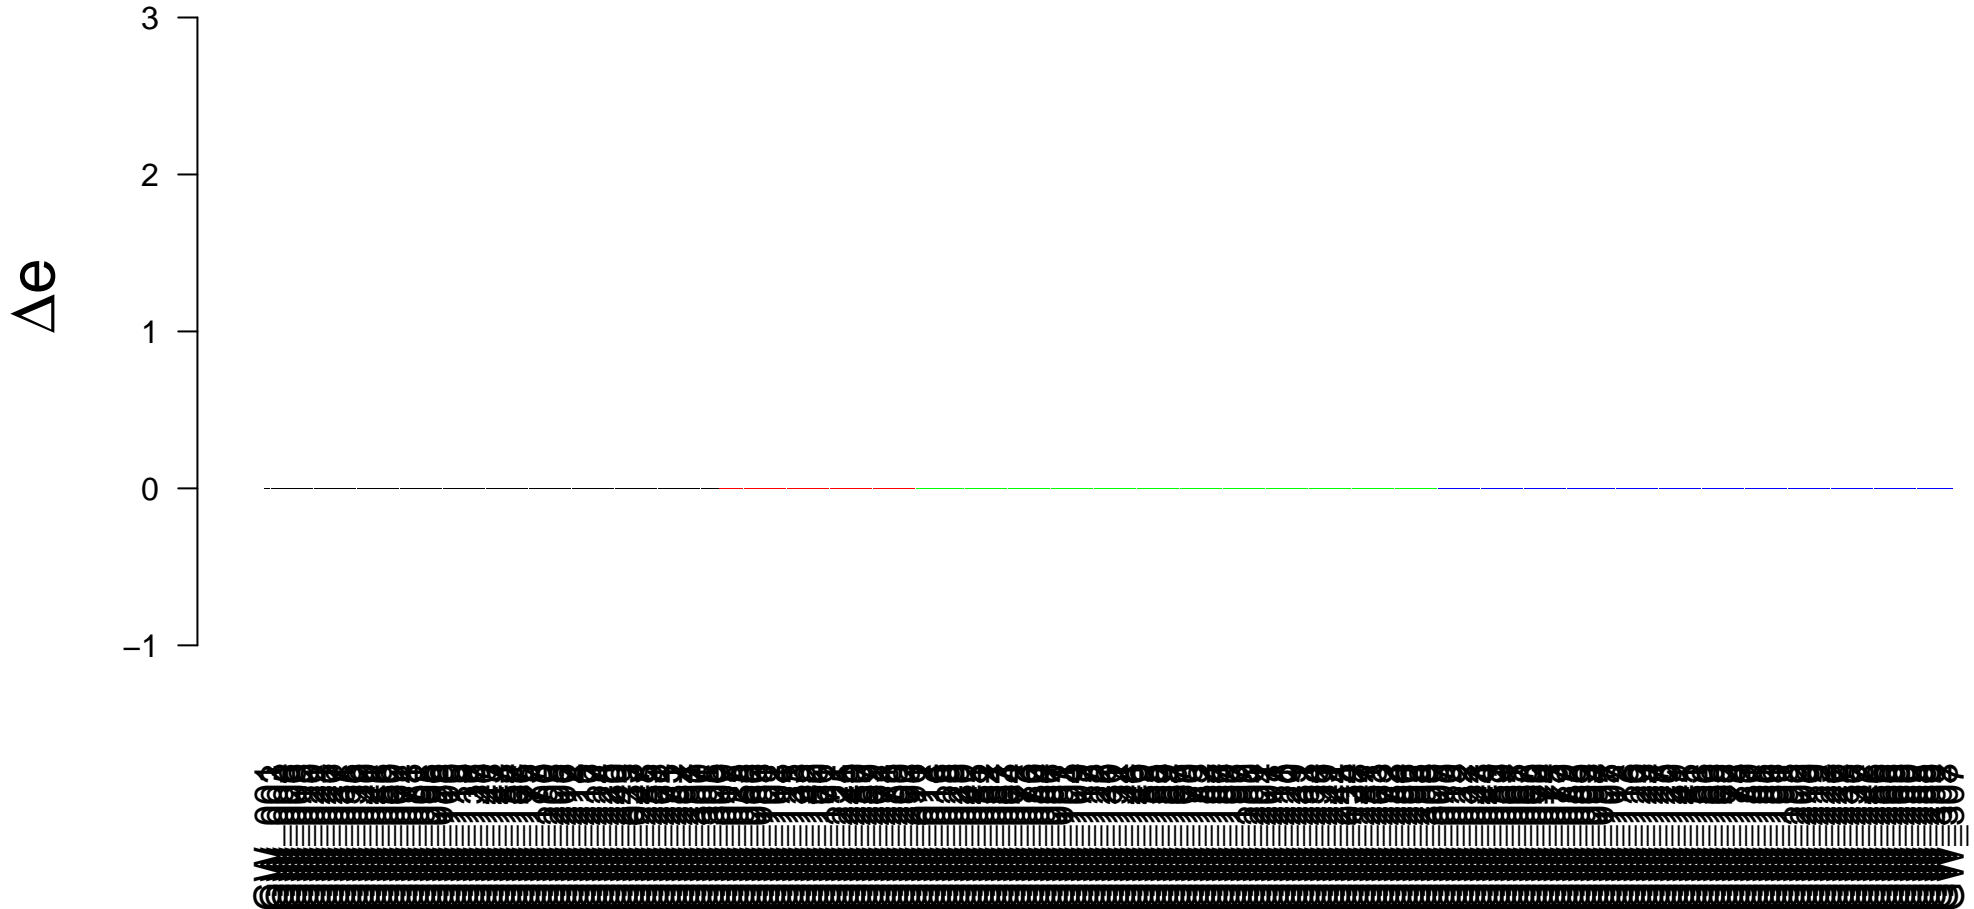

Expression of response to activity in Spot E

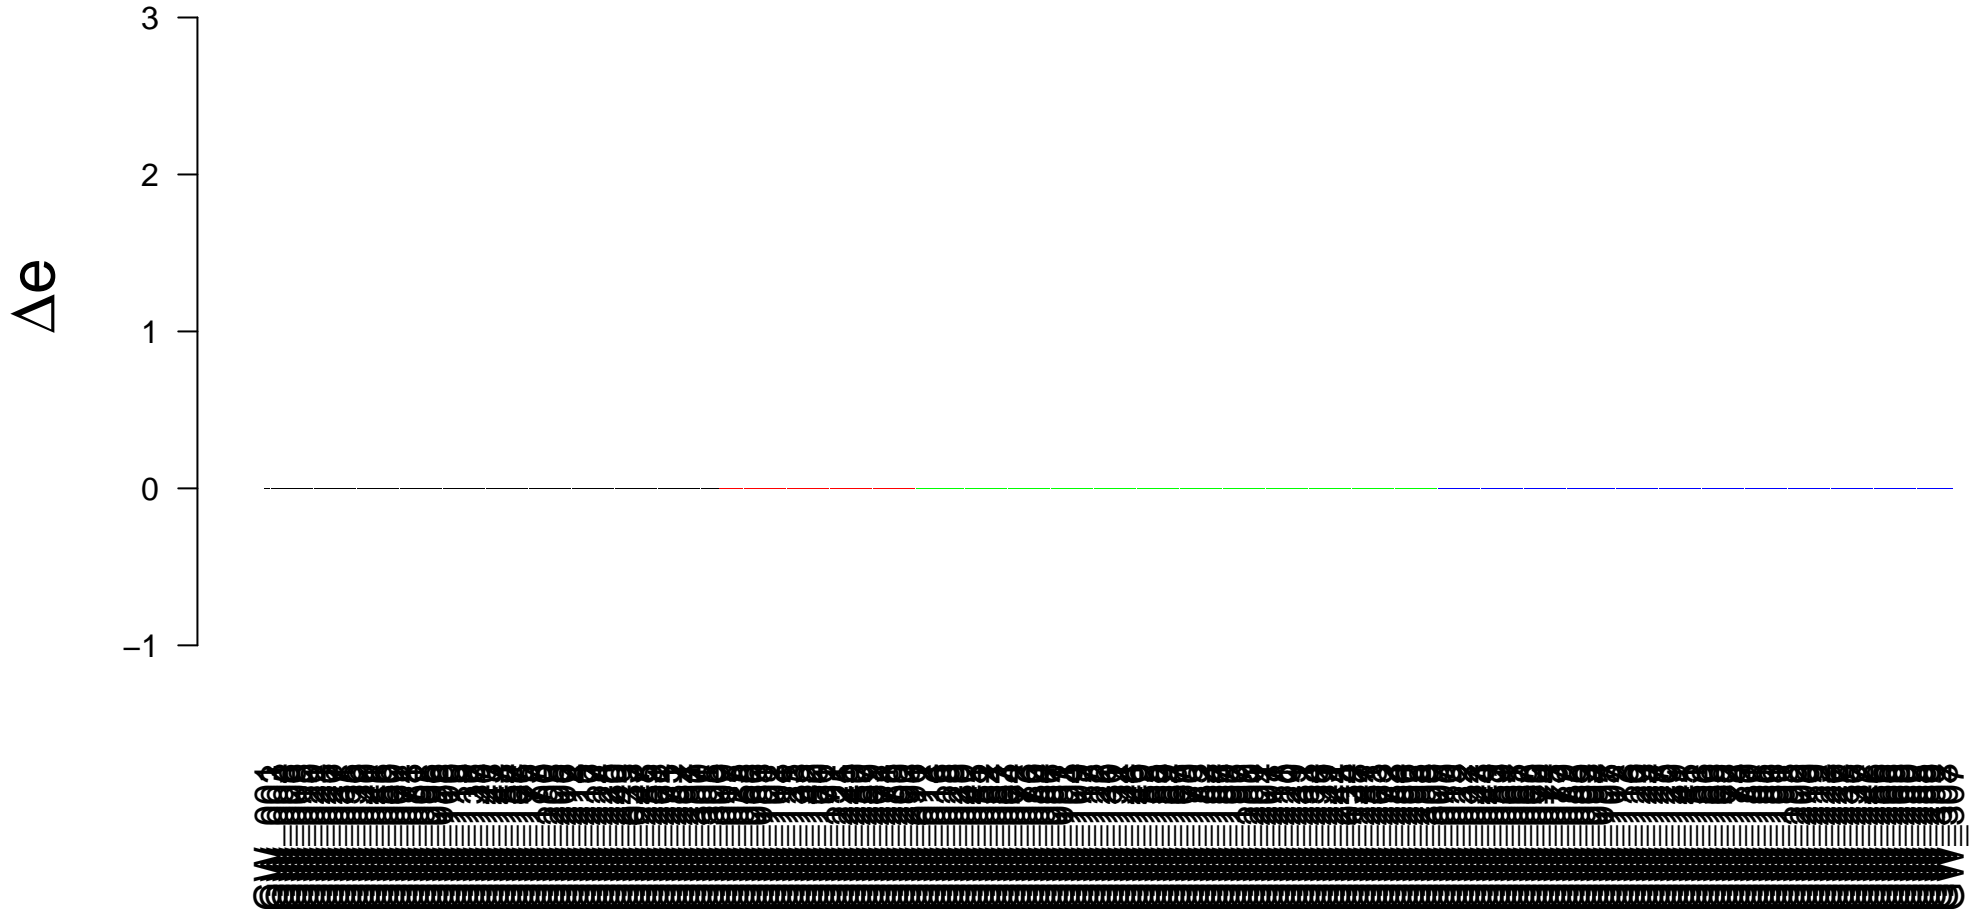

Expression of response to activity in Spot F

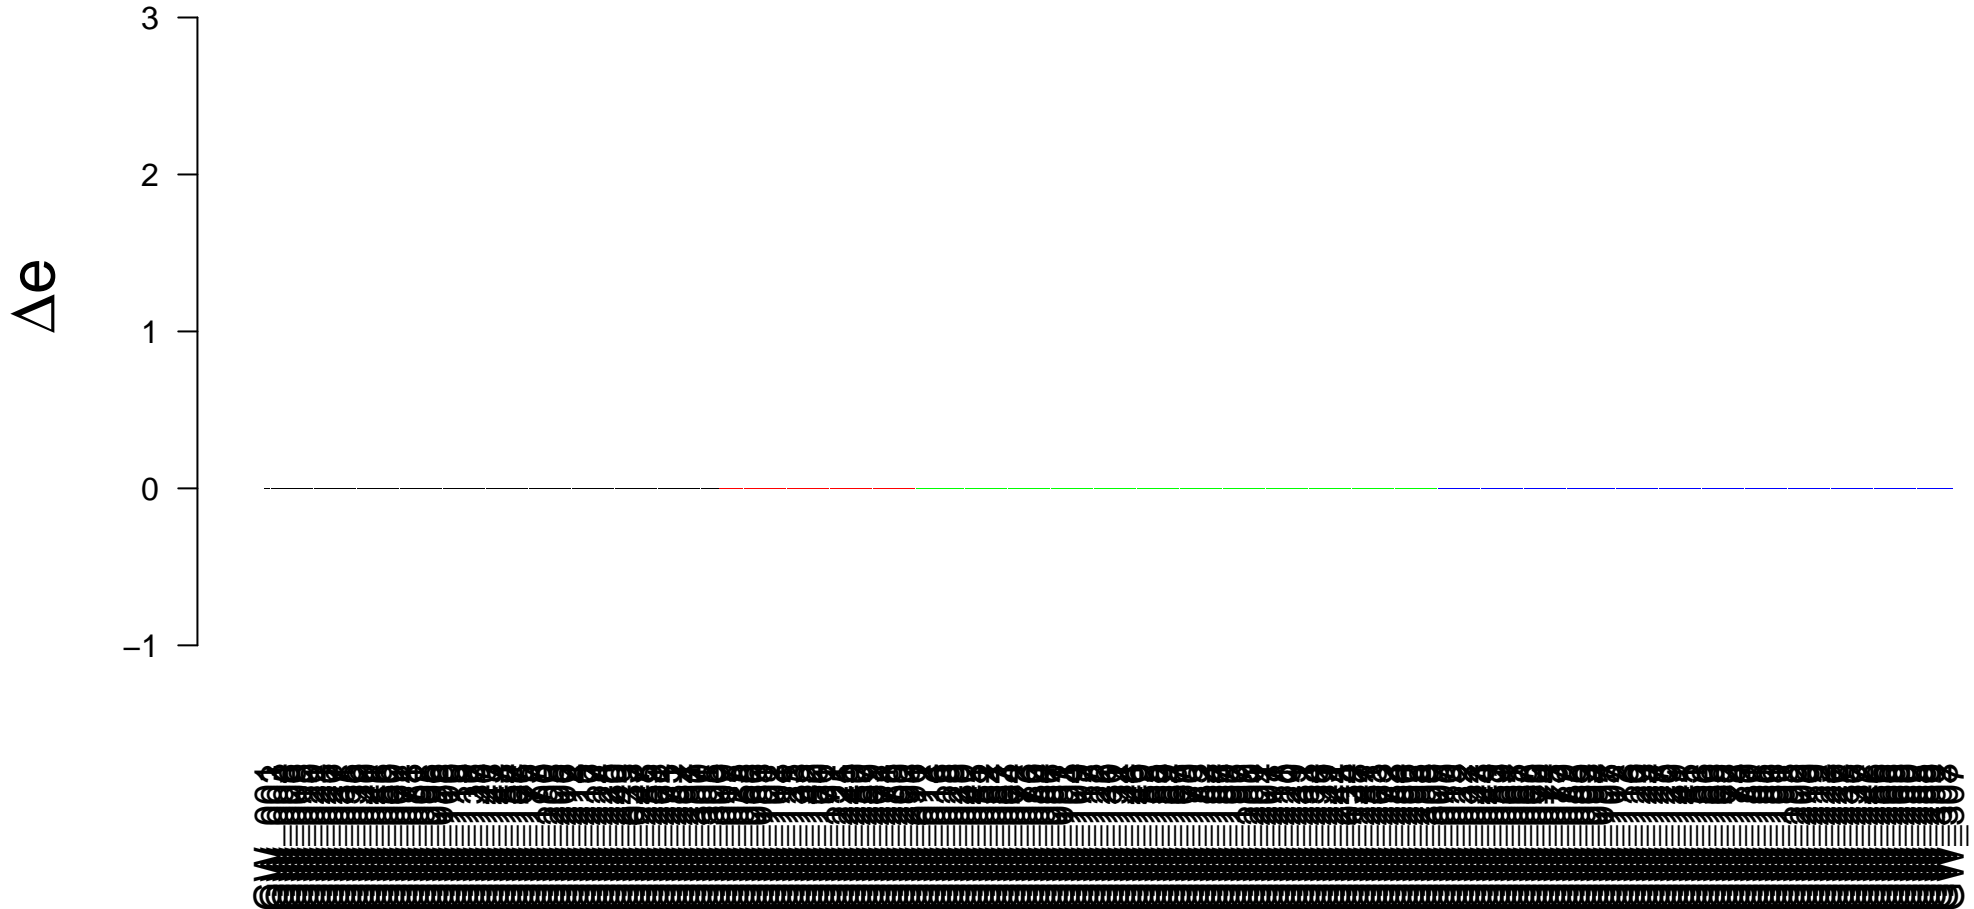

Expression of response to activity in Spot G

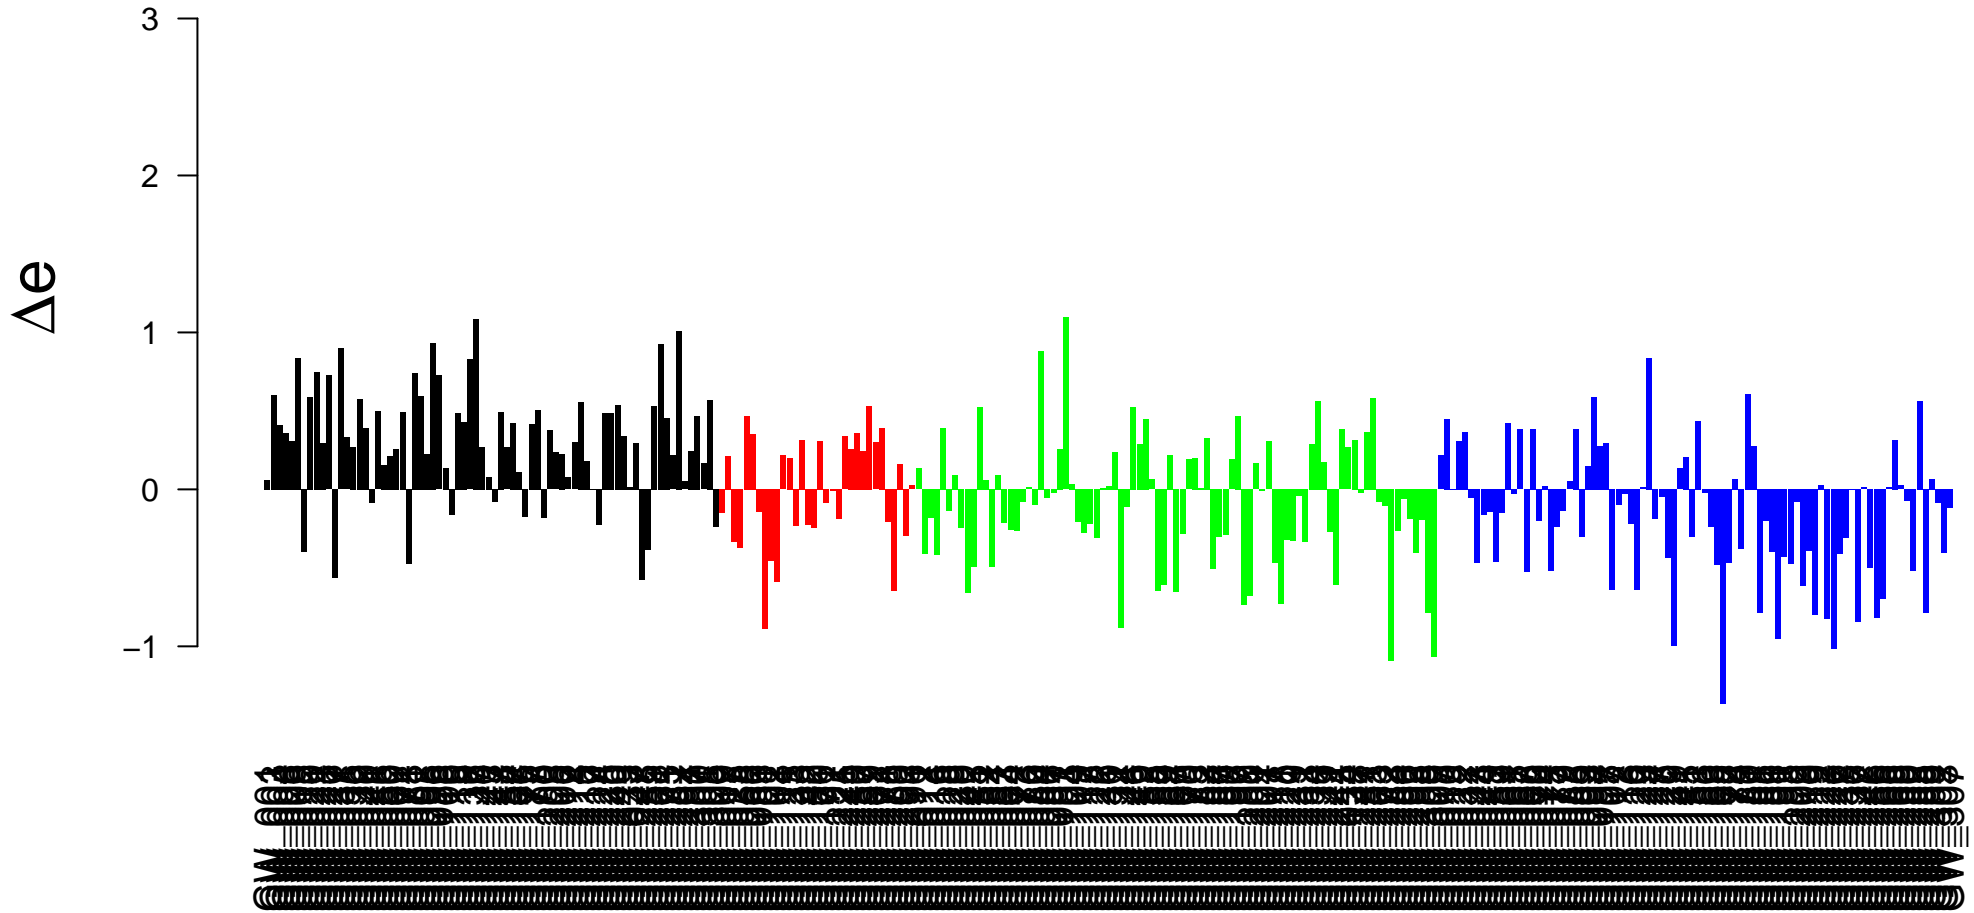

Expression of response to activity in Spot H

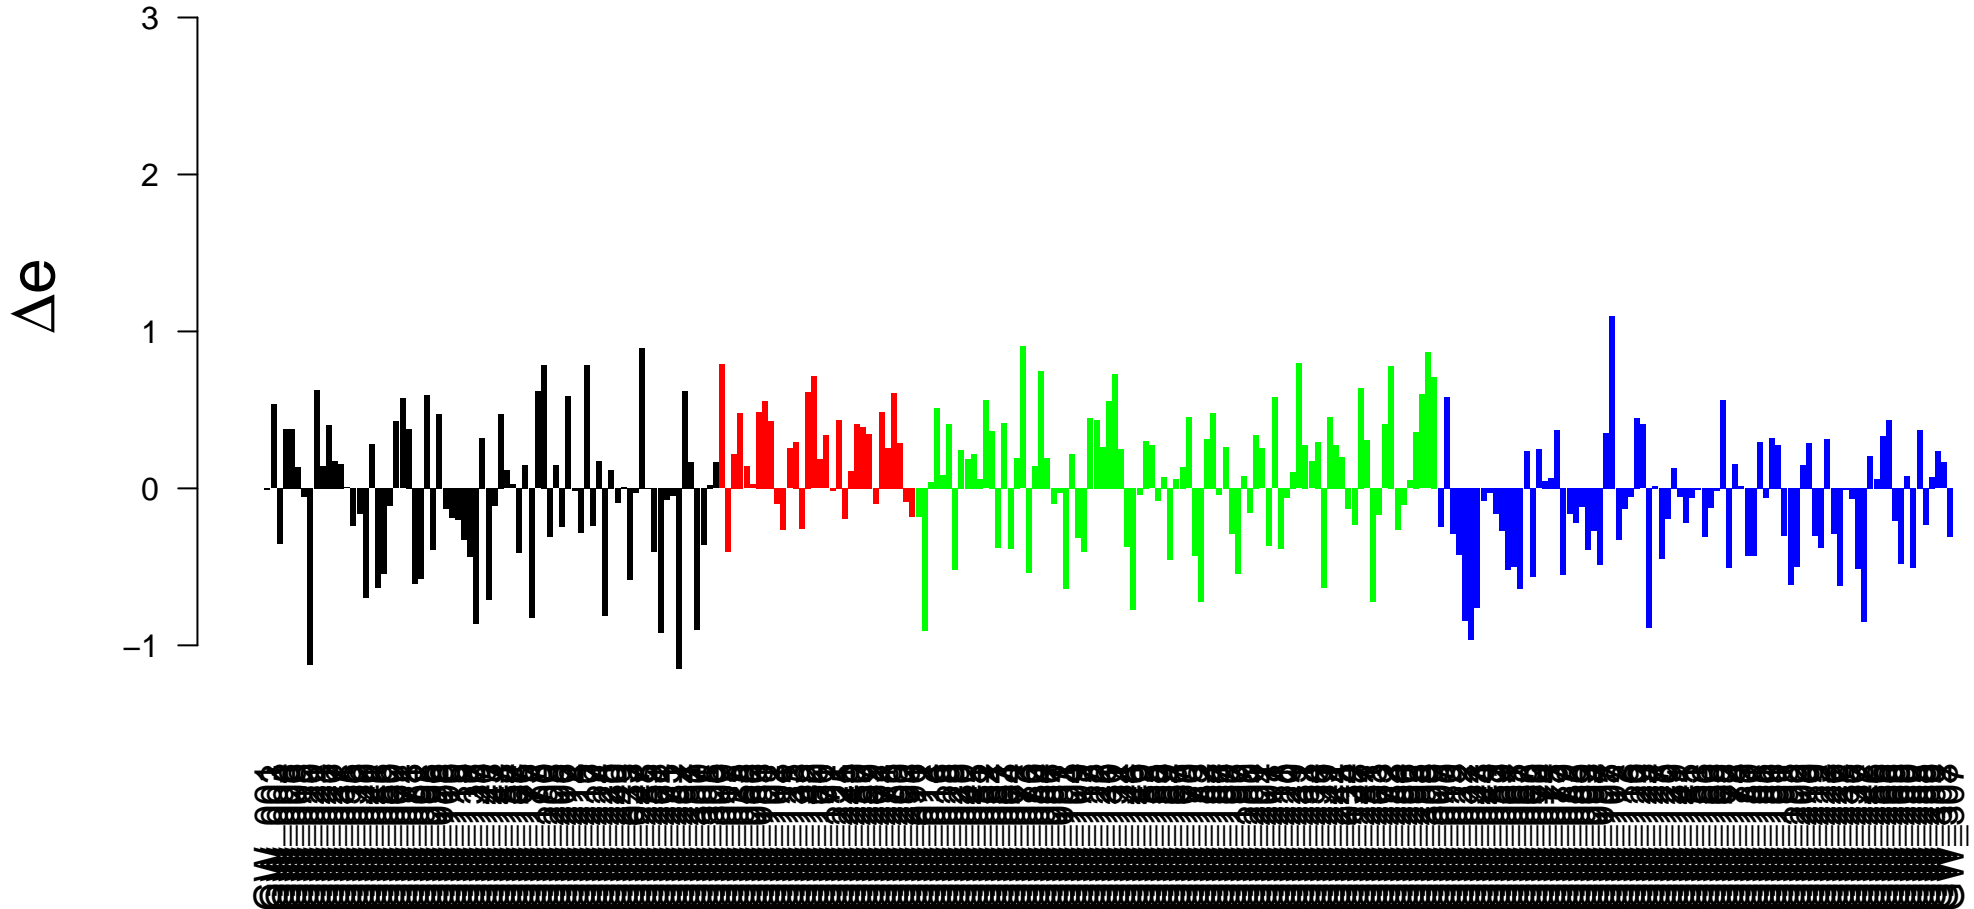

Expression of response to activity in Spot I

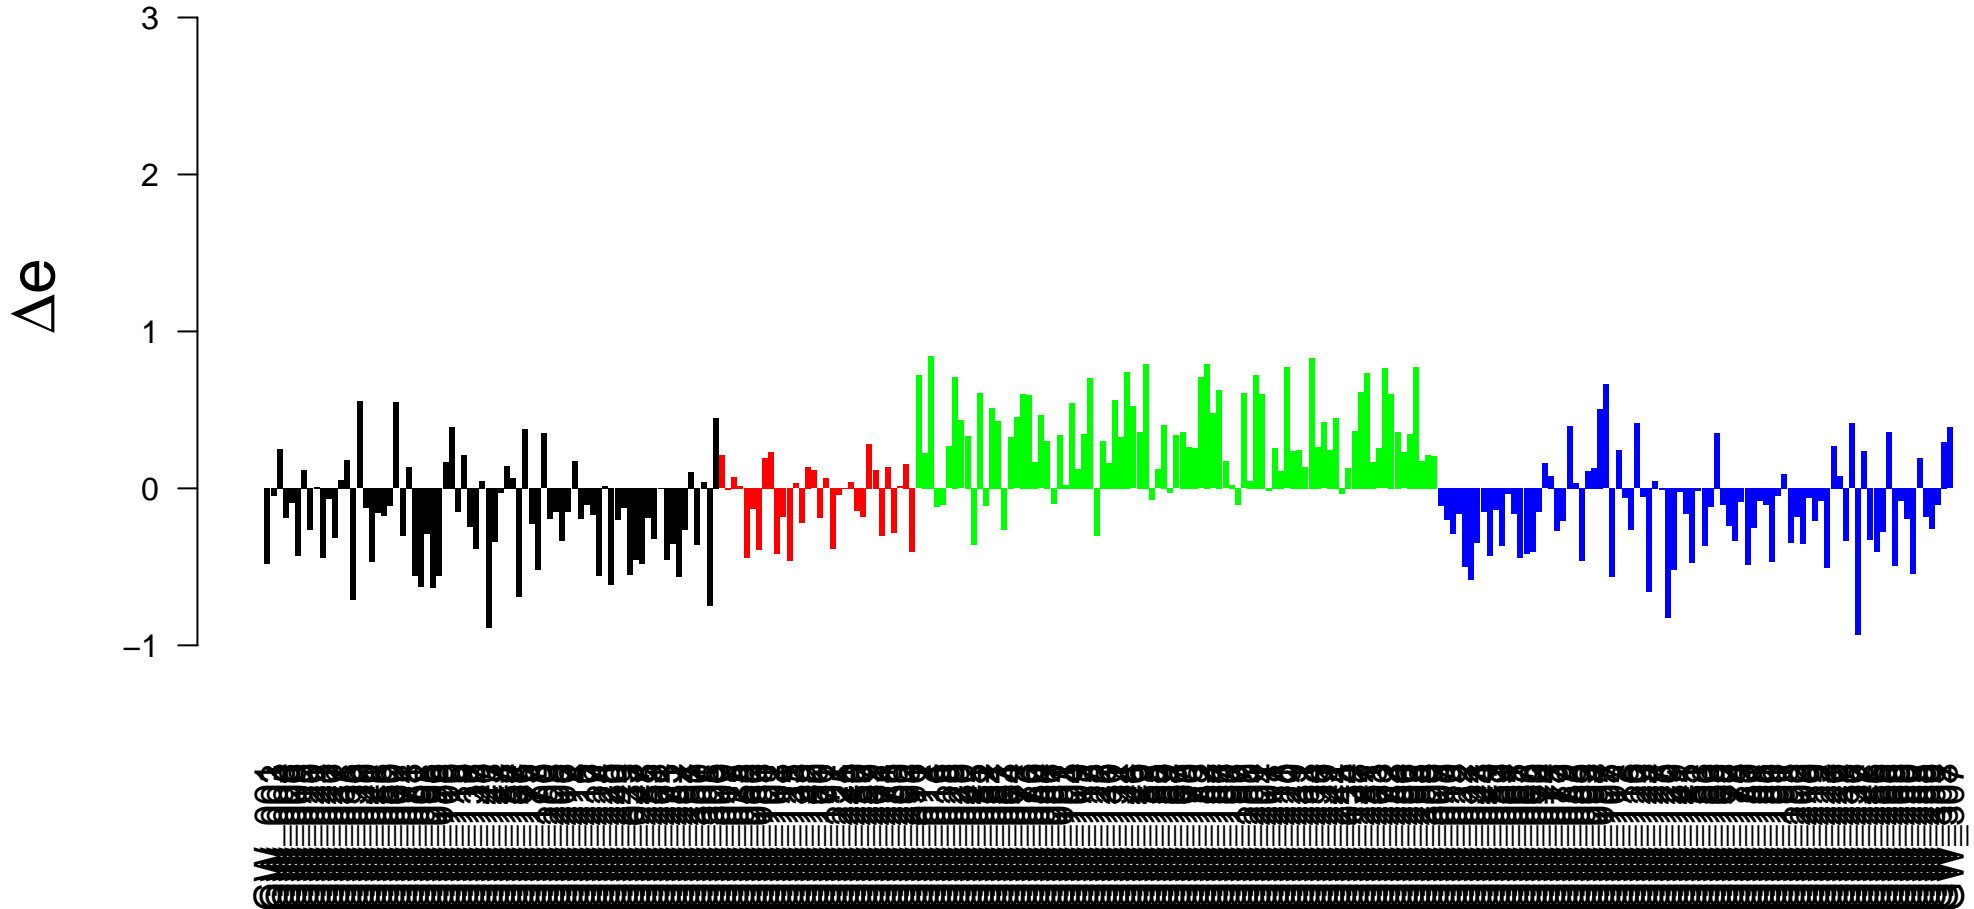

Expression of response to activity in Spot J

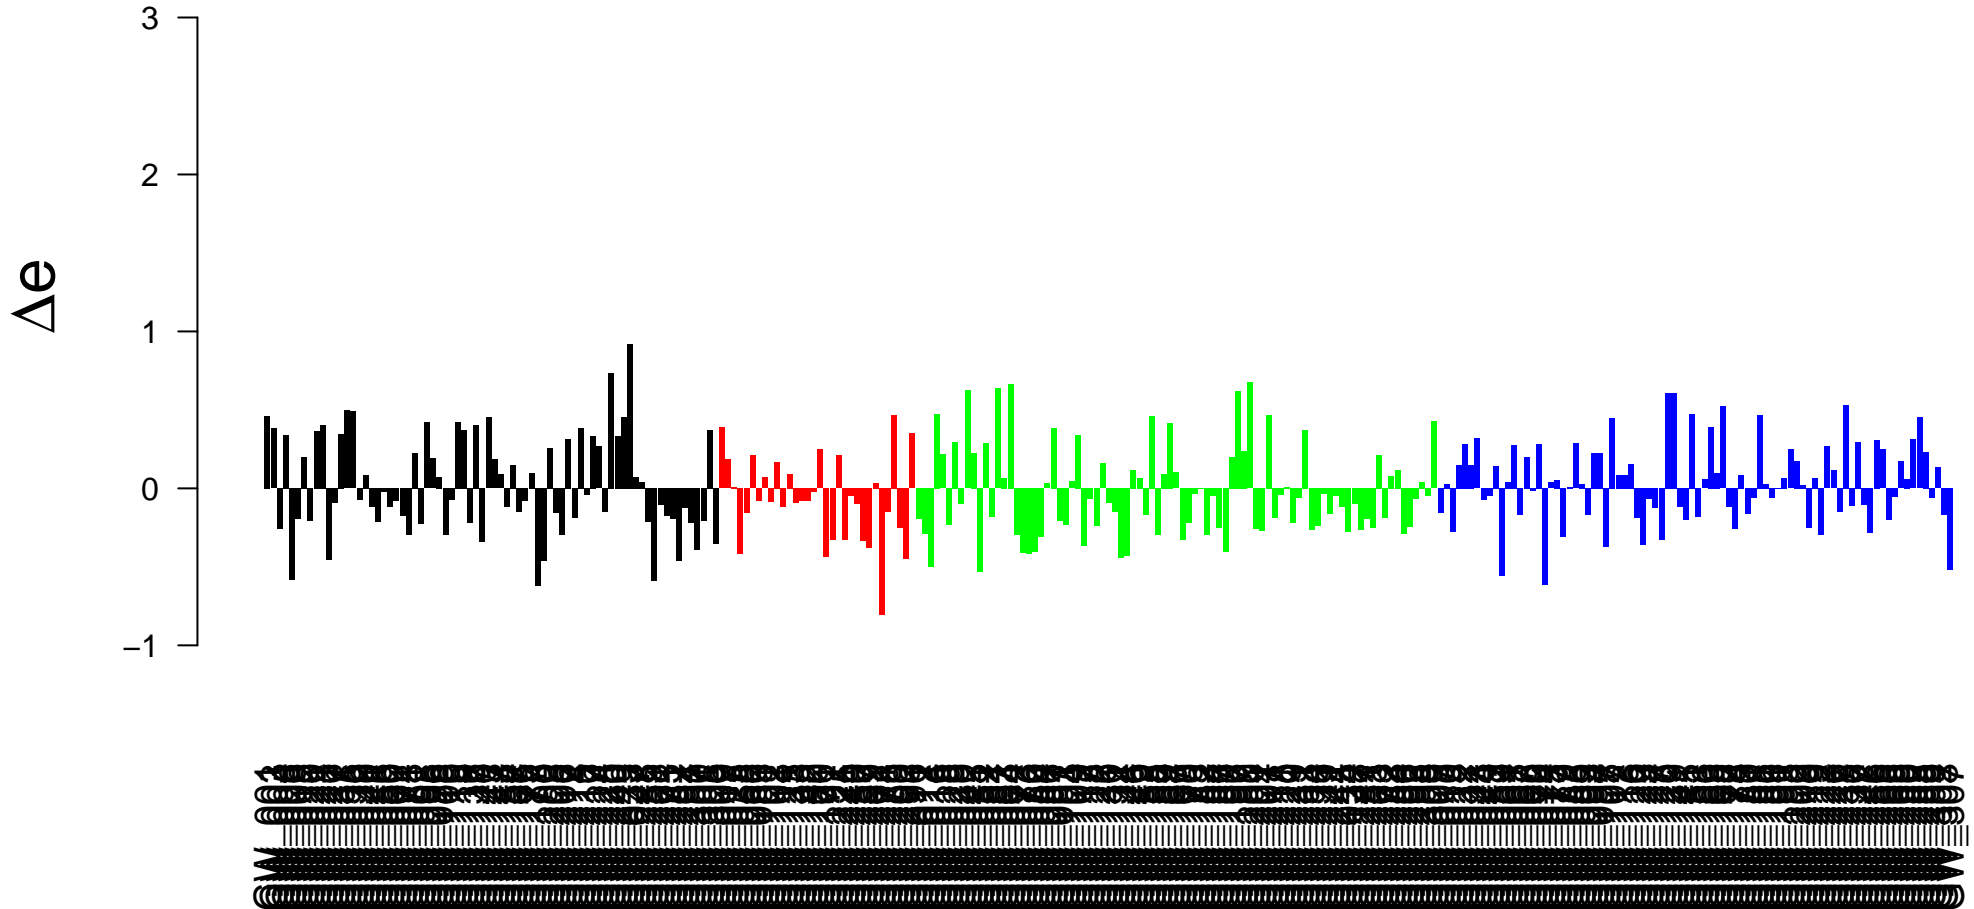

Expression of response to activity in Spot K

Expression of response to activity in Spot L

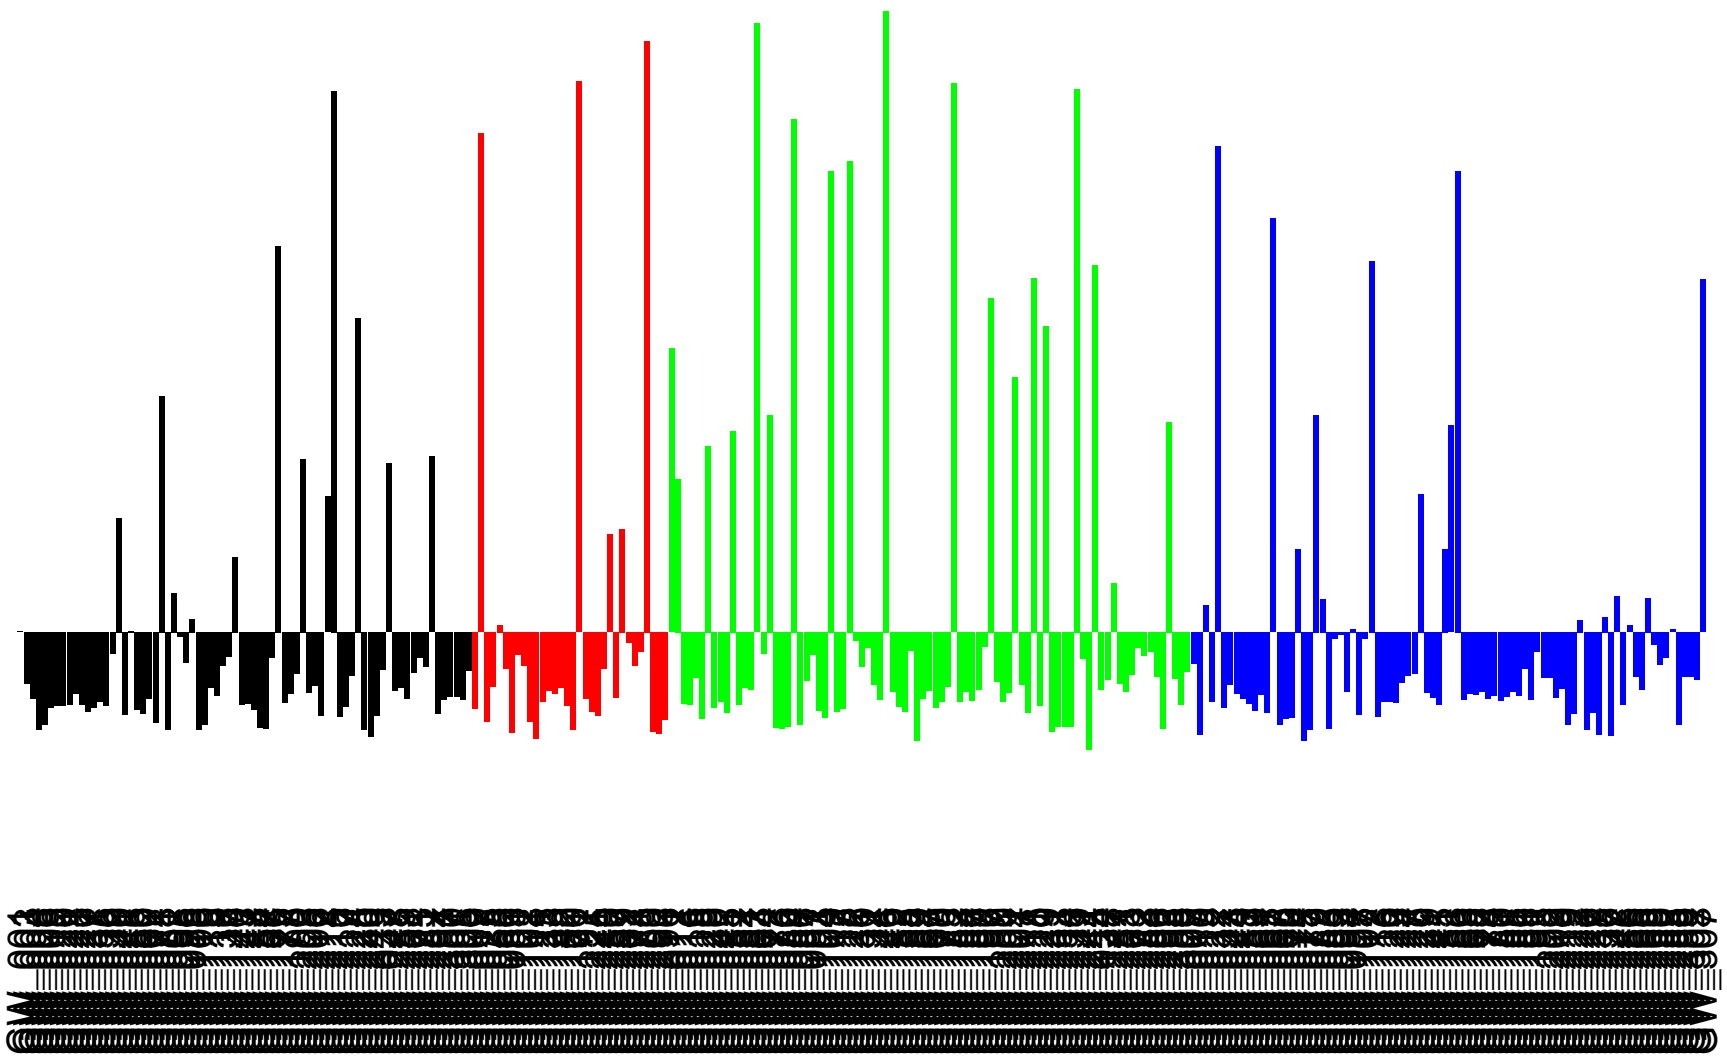

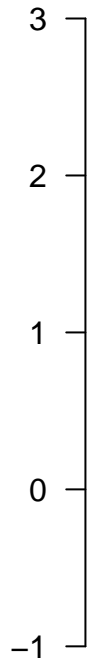

Expression of response to activity in Spot M

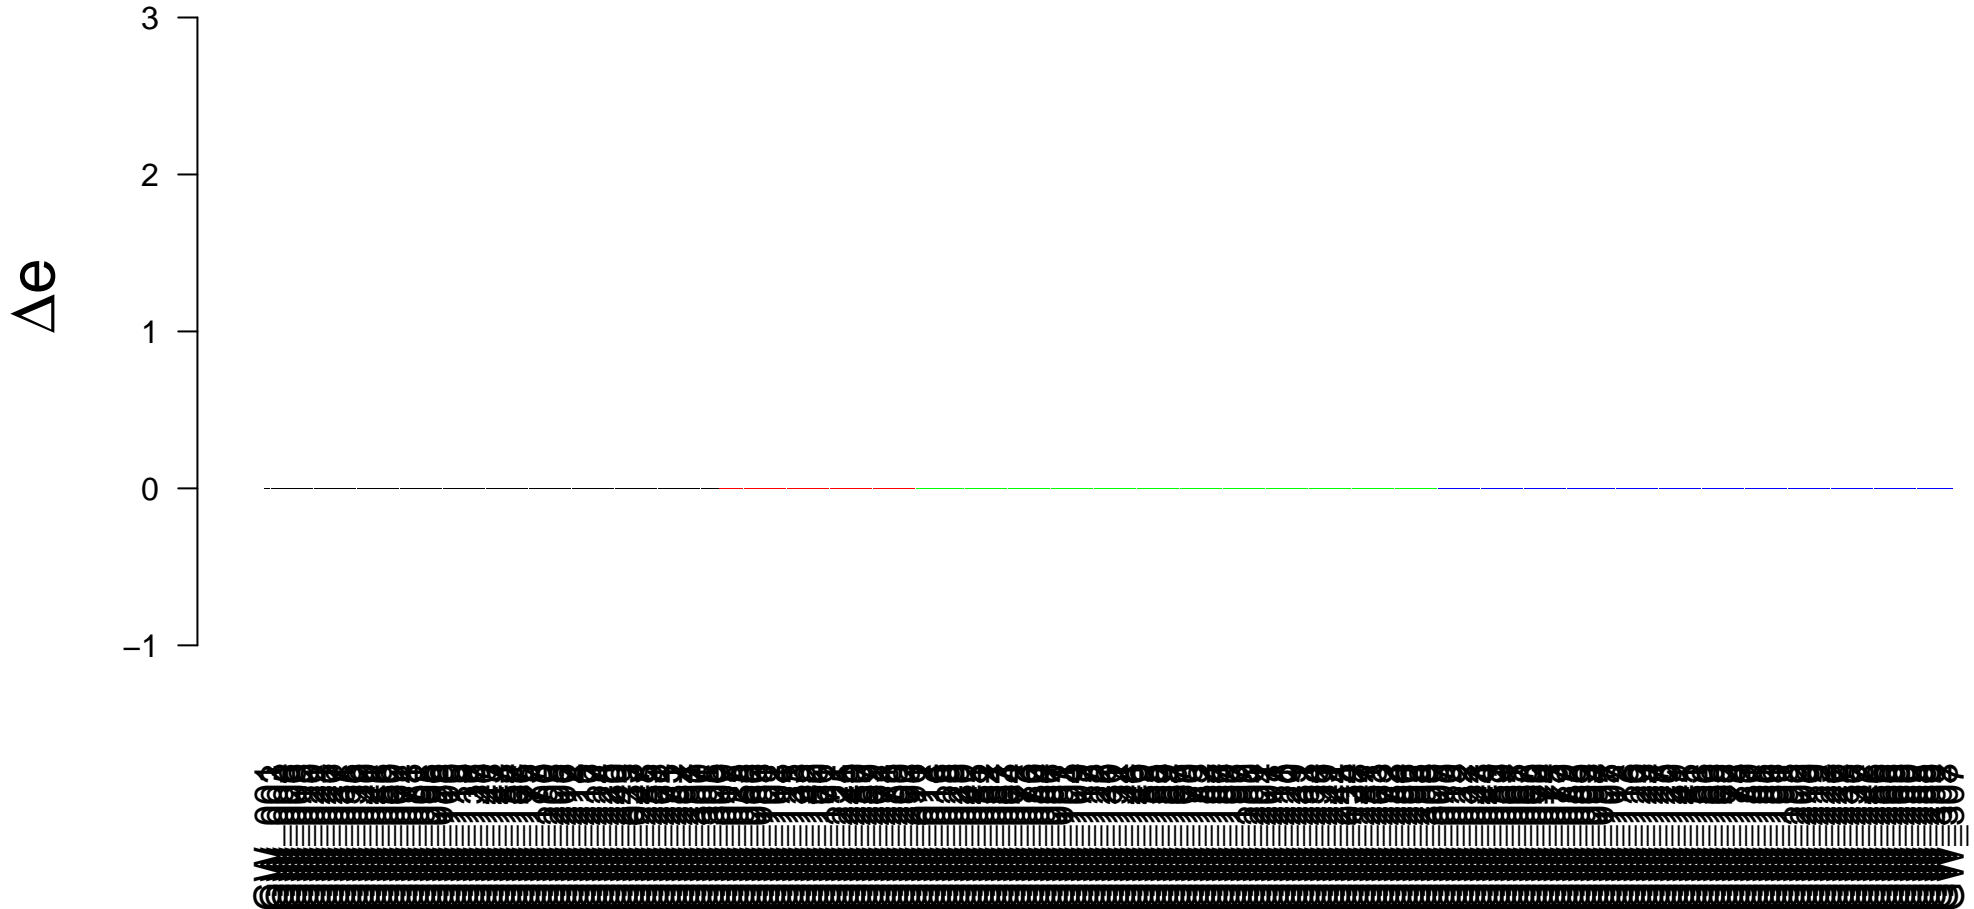

Expression of response to activity in Spot N

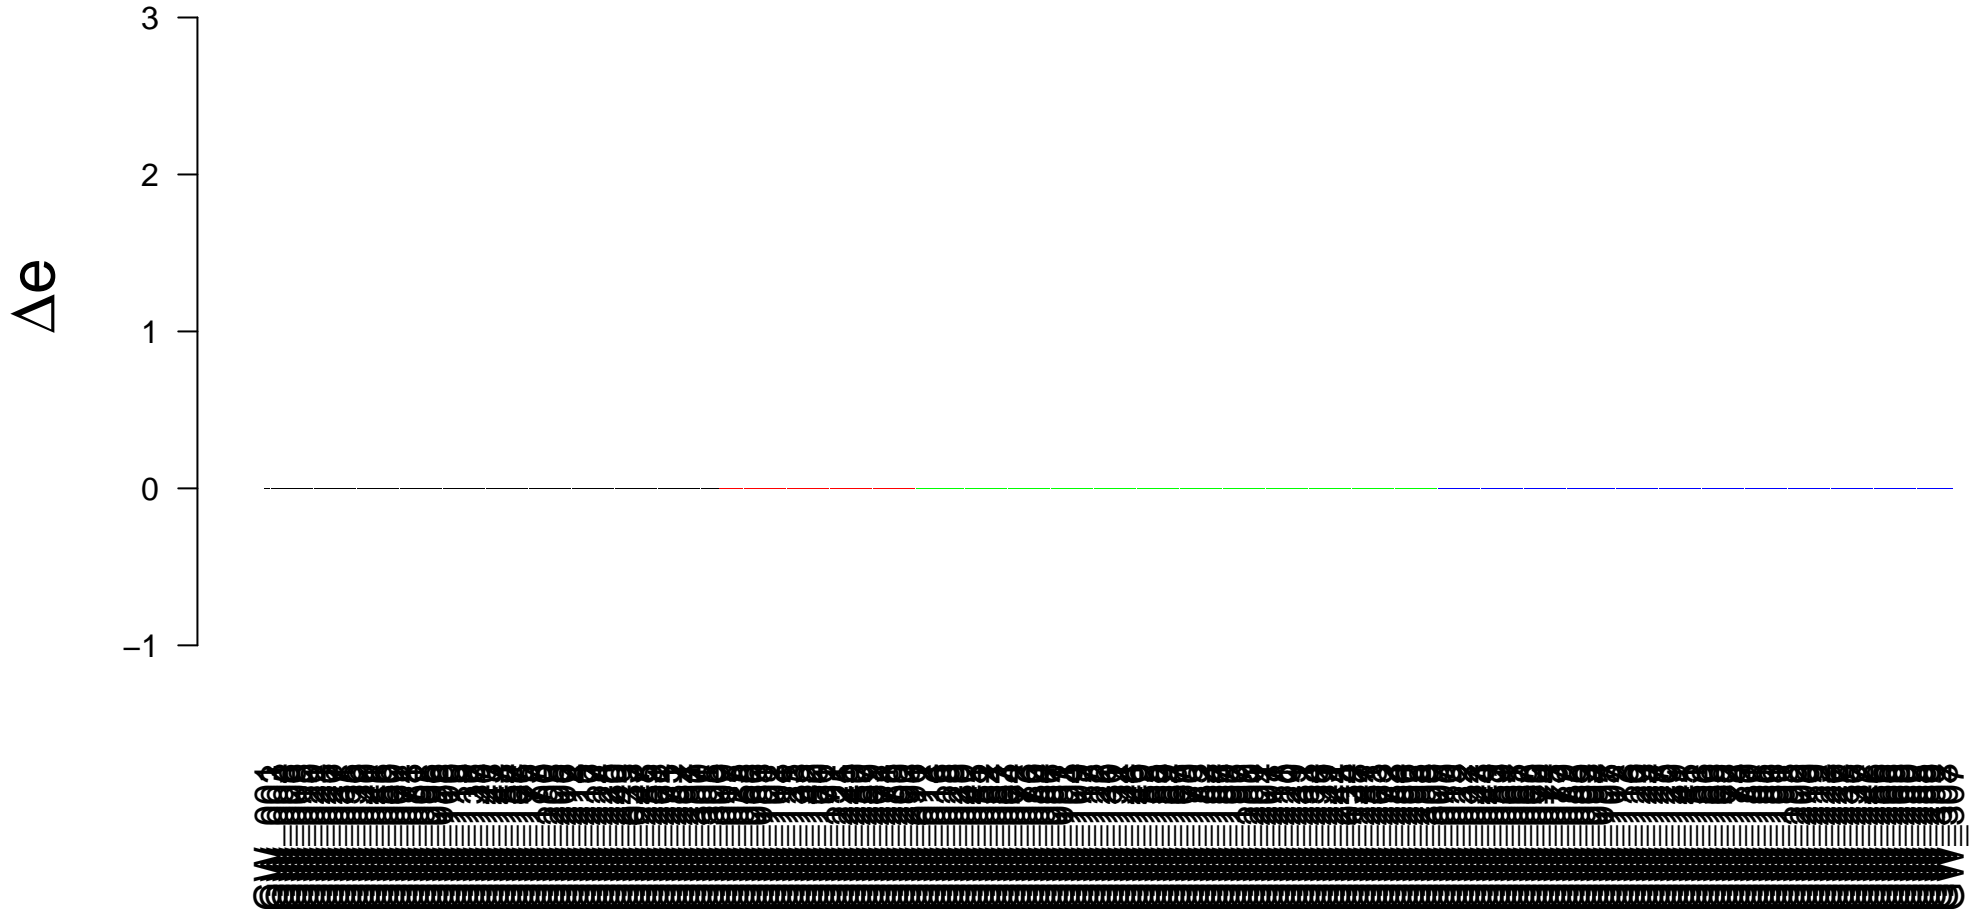

Δe

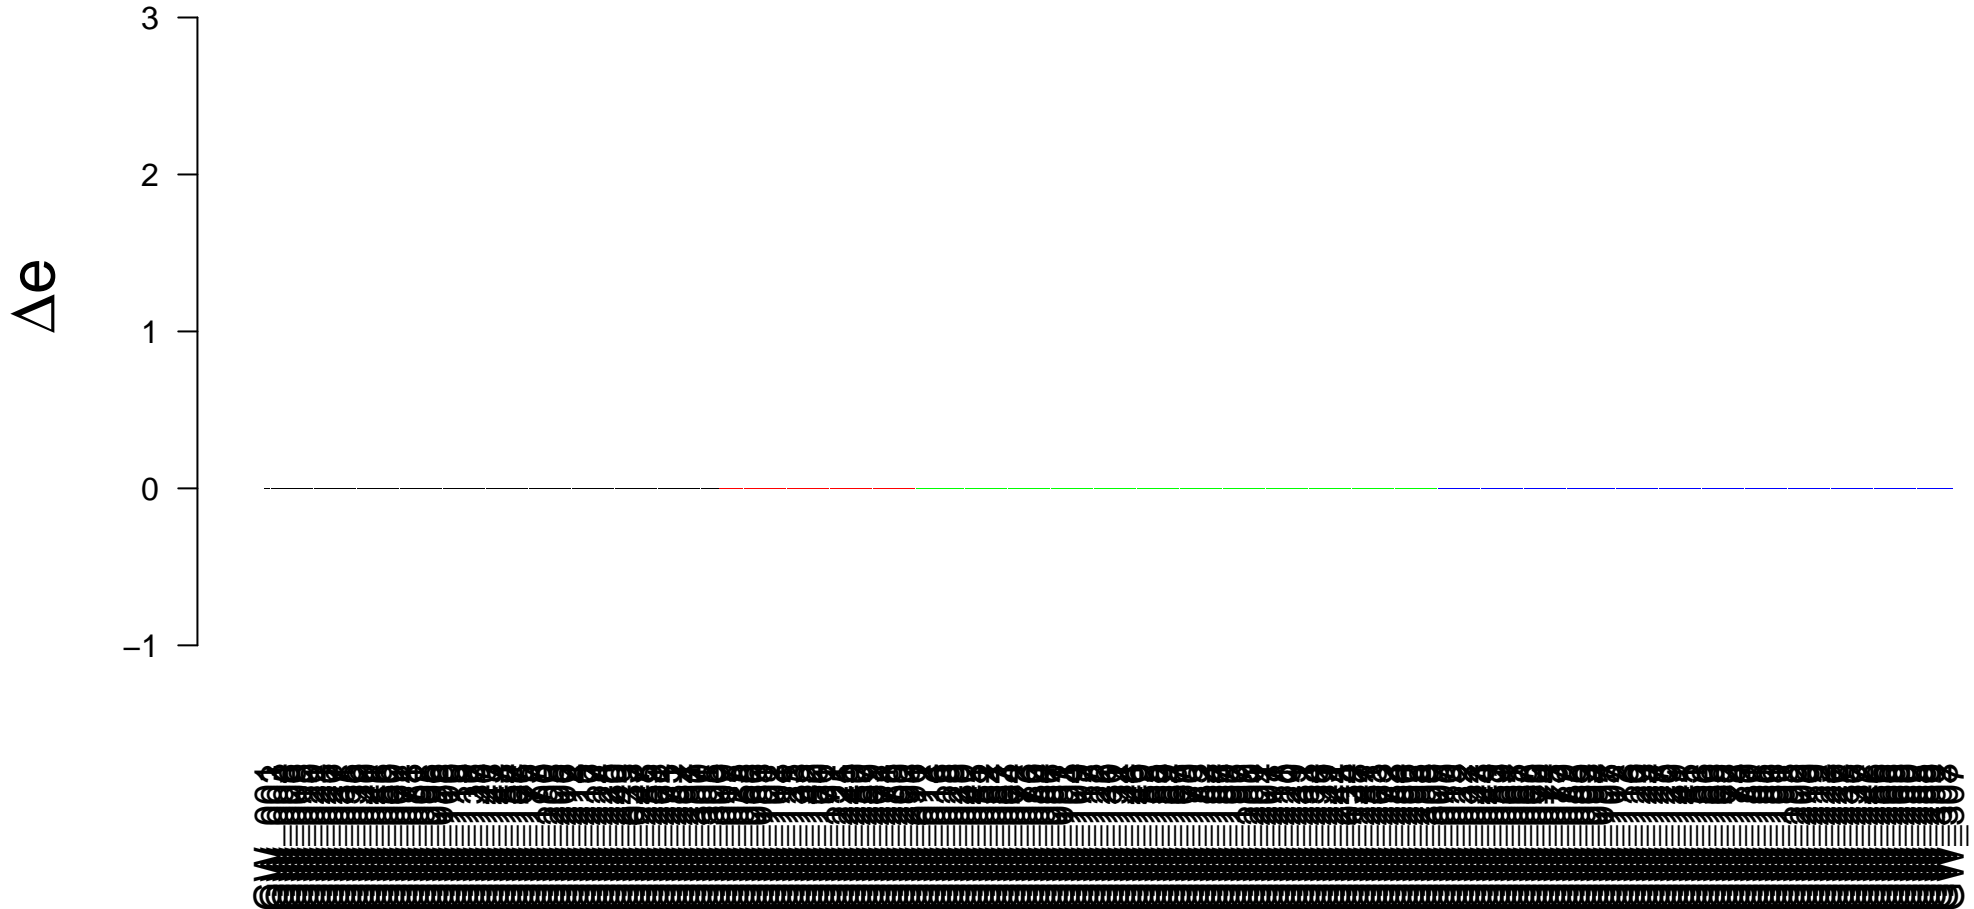

Expression of response to activity in Spot O

Expression of response to activity in Spot P

Expression of response to activity in Spot Q

Expression of response to activity in Spot R
