

response to bacterium

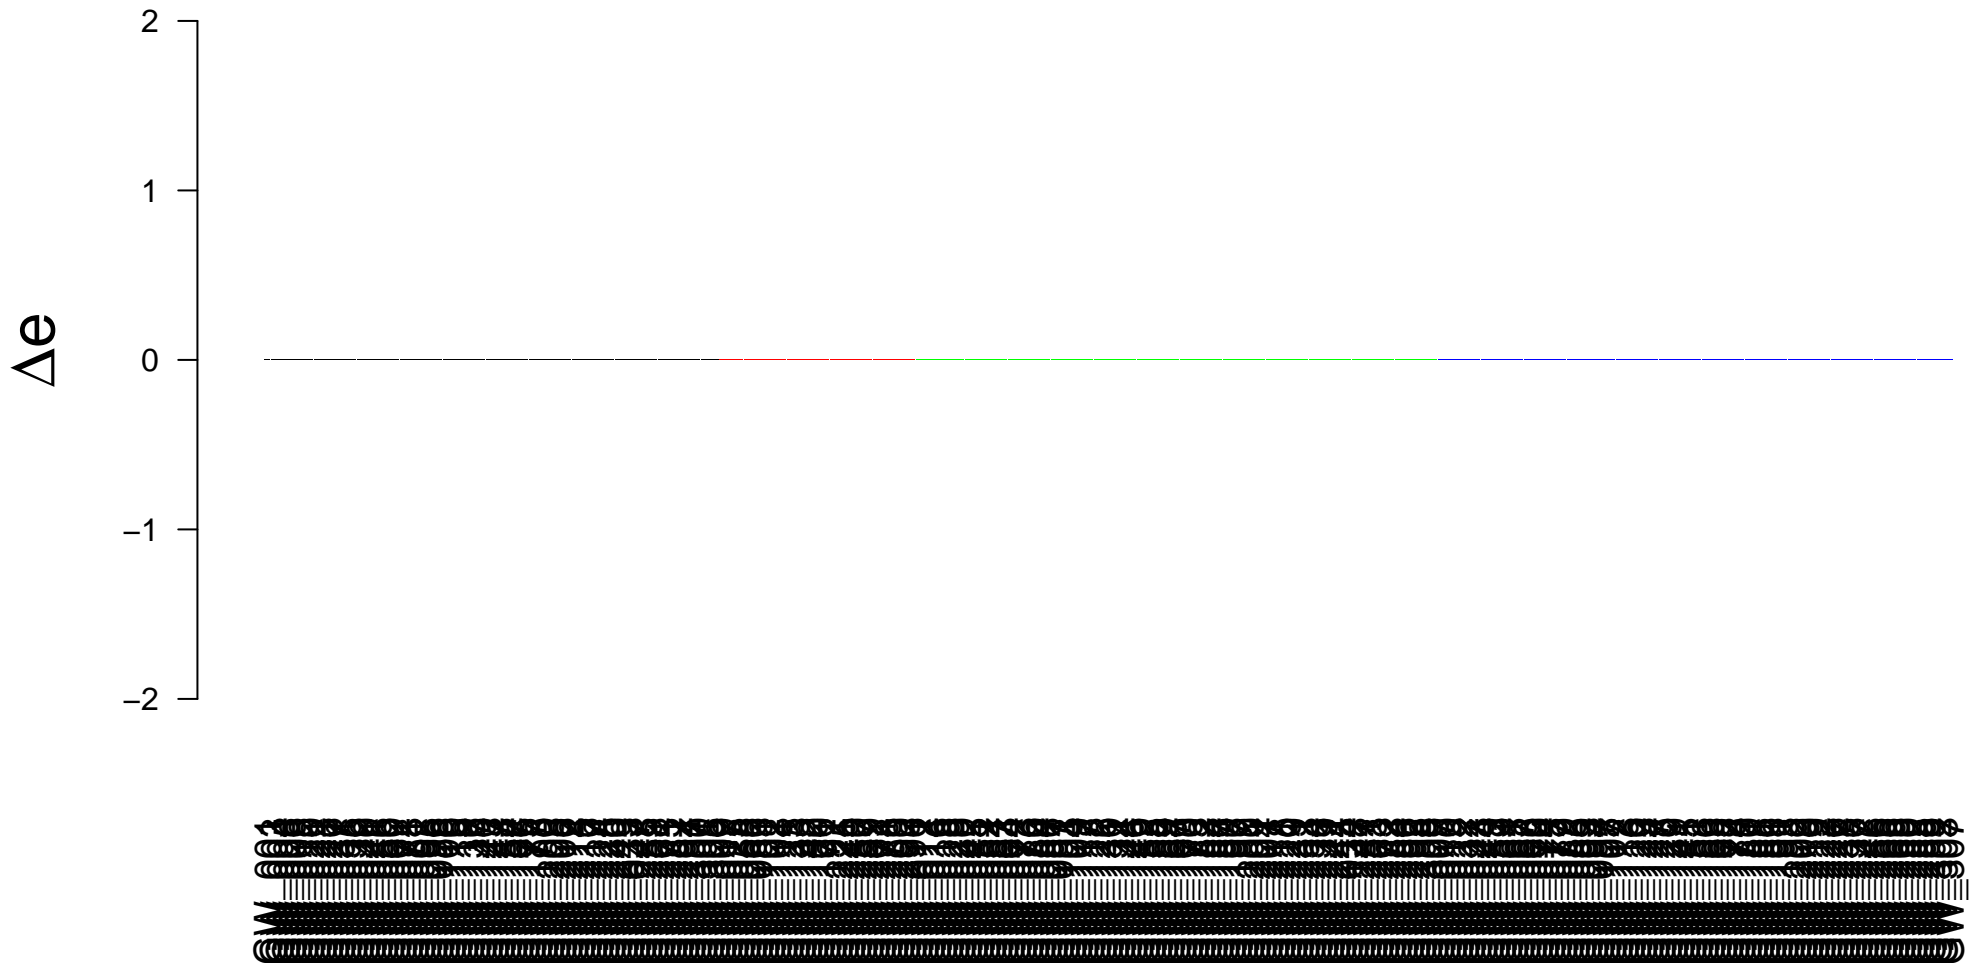

response to bacterium

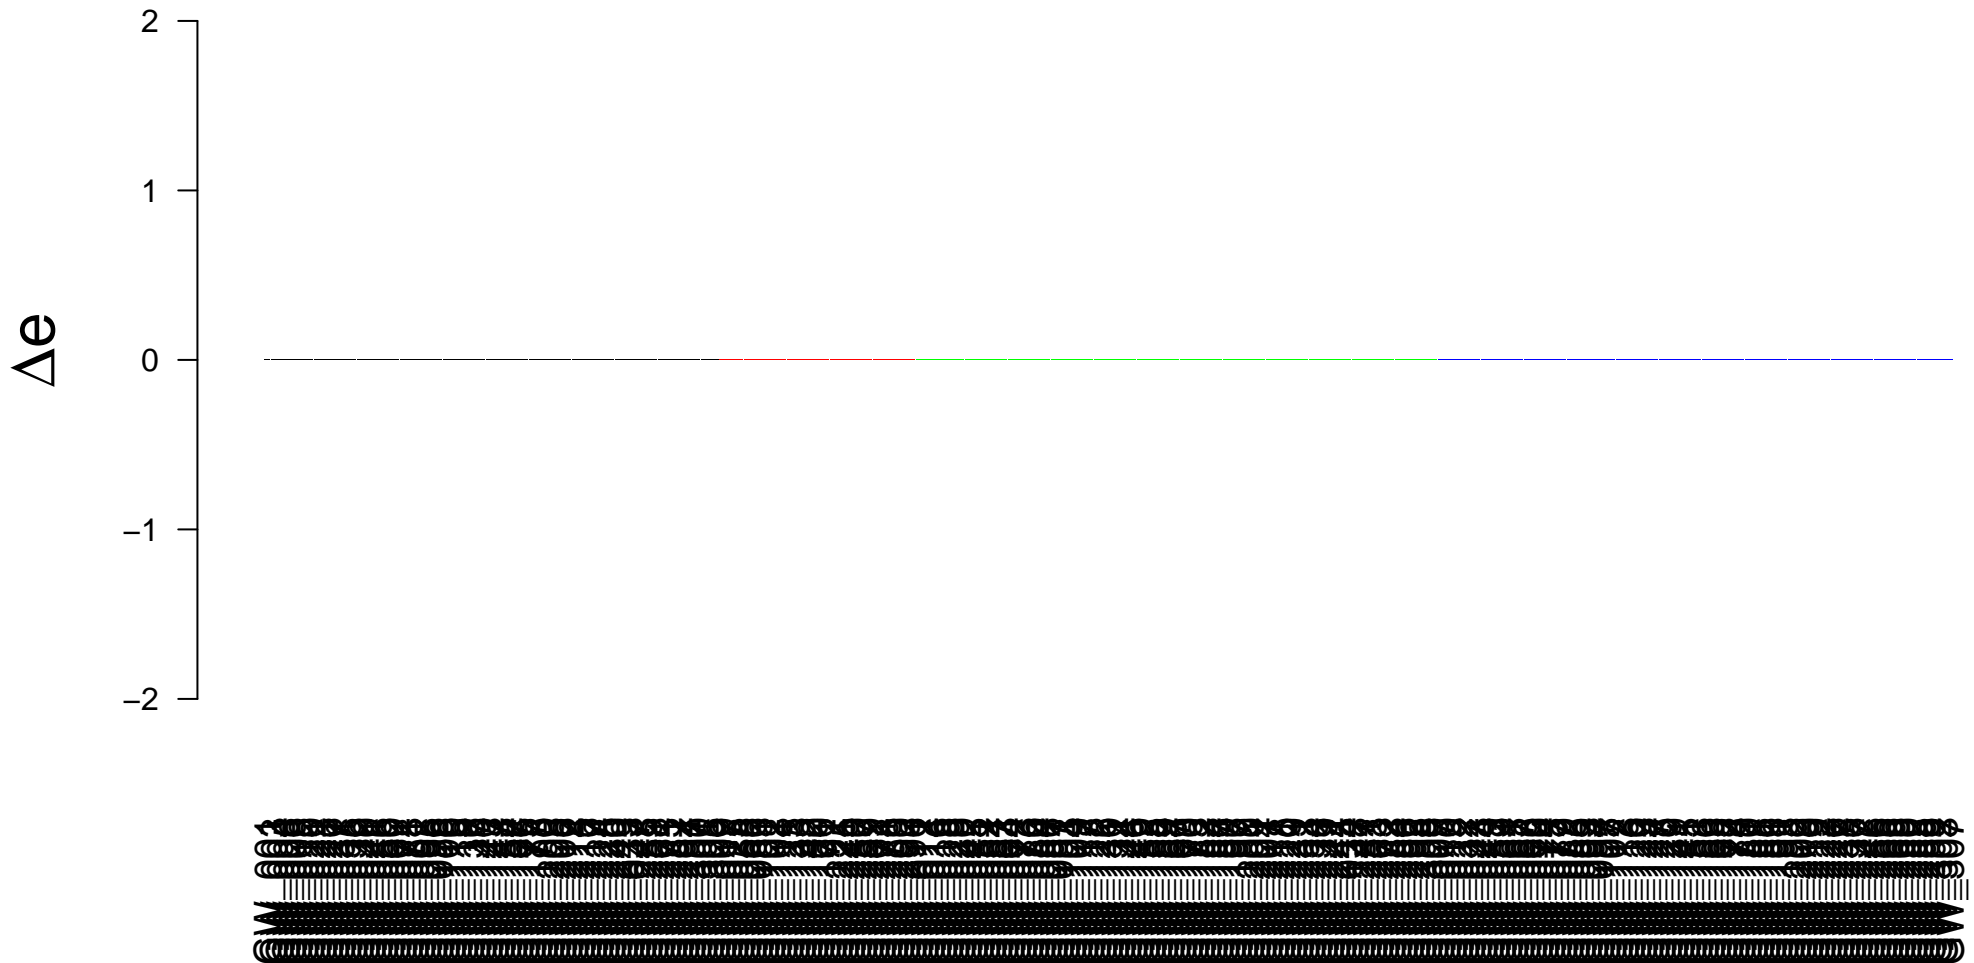

Enrichment in spots: response to bacterium

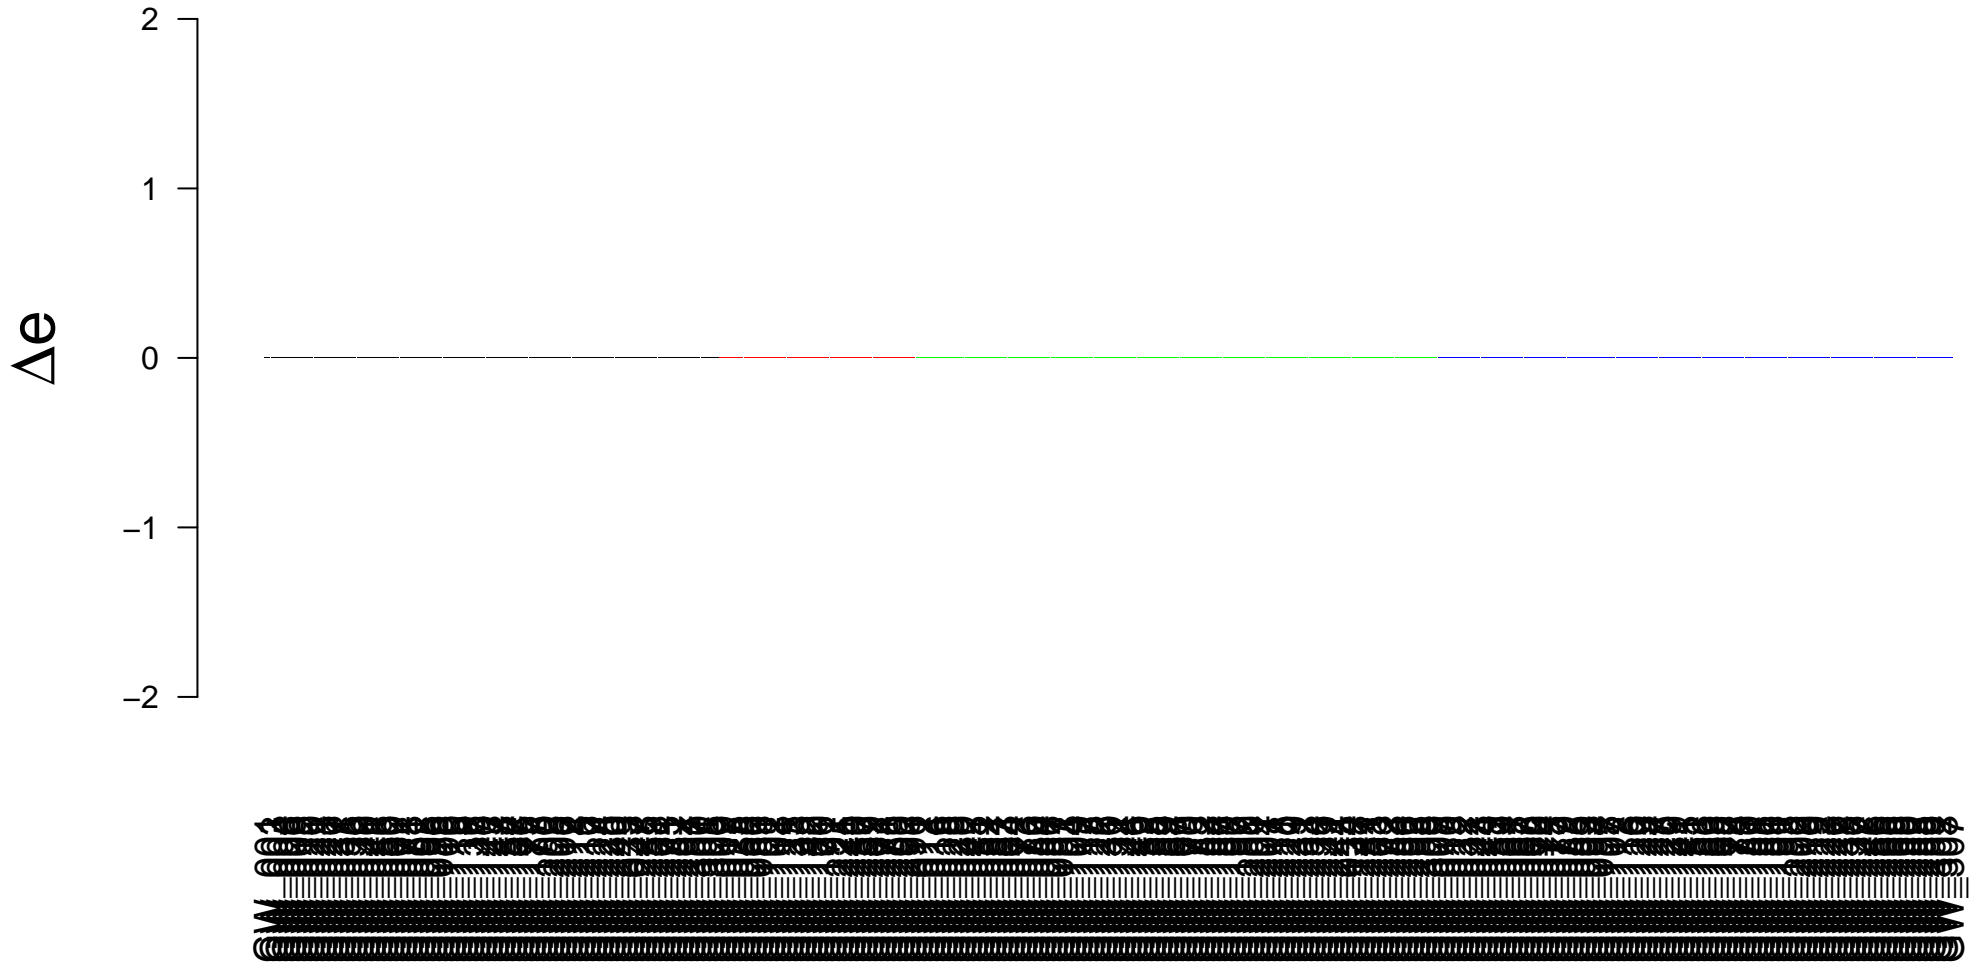

Expression of response to bacterium in Spot A

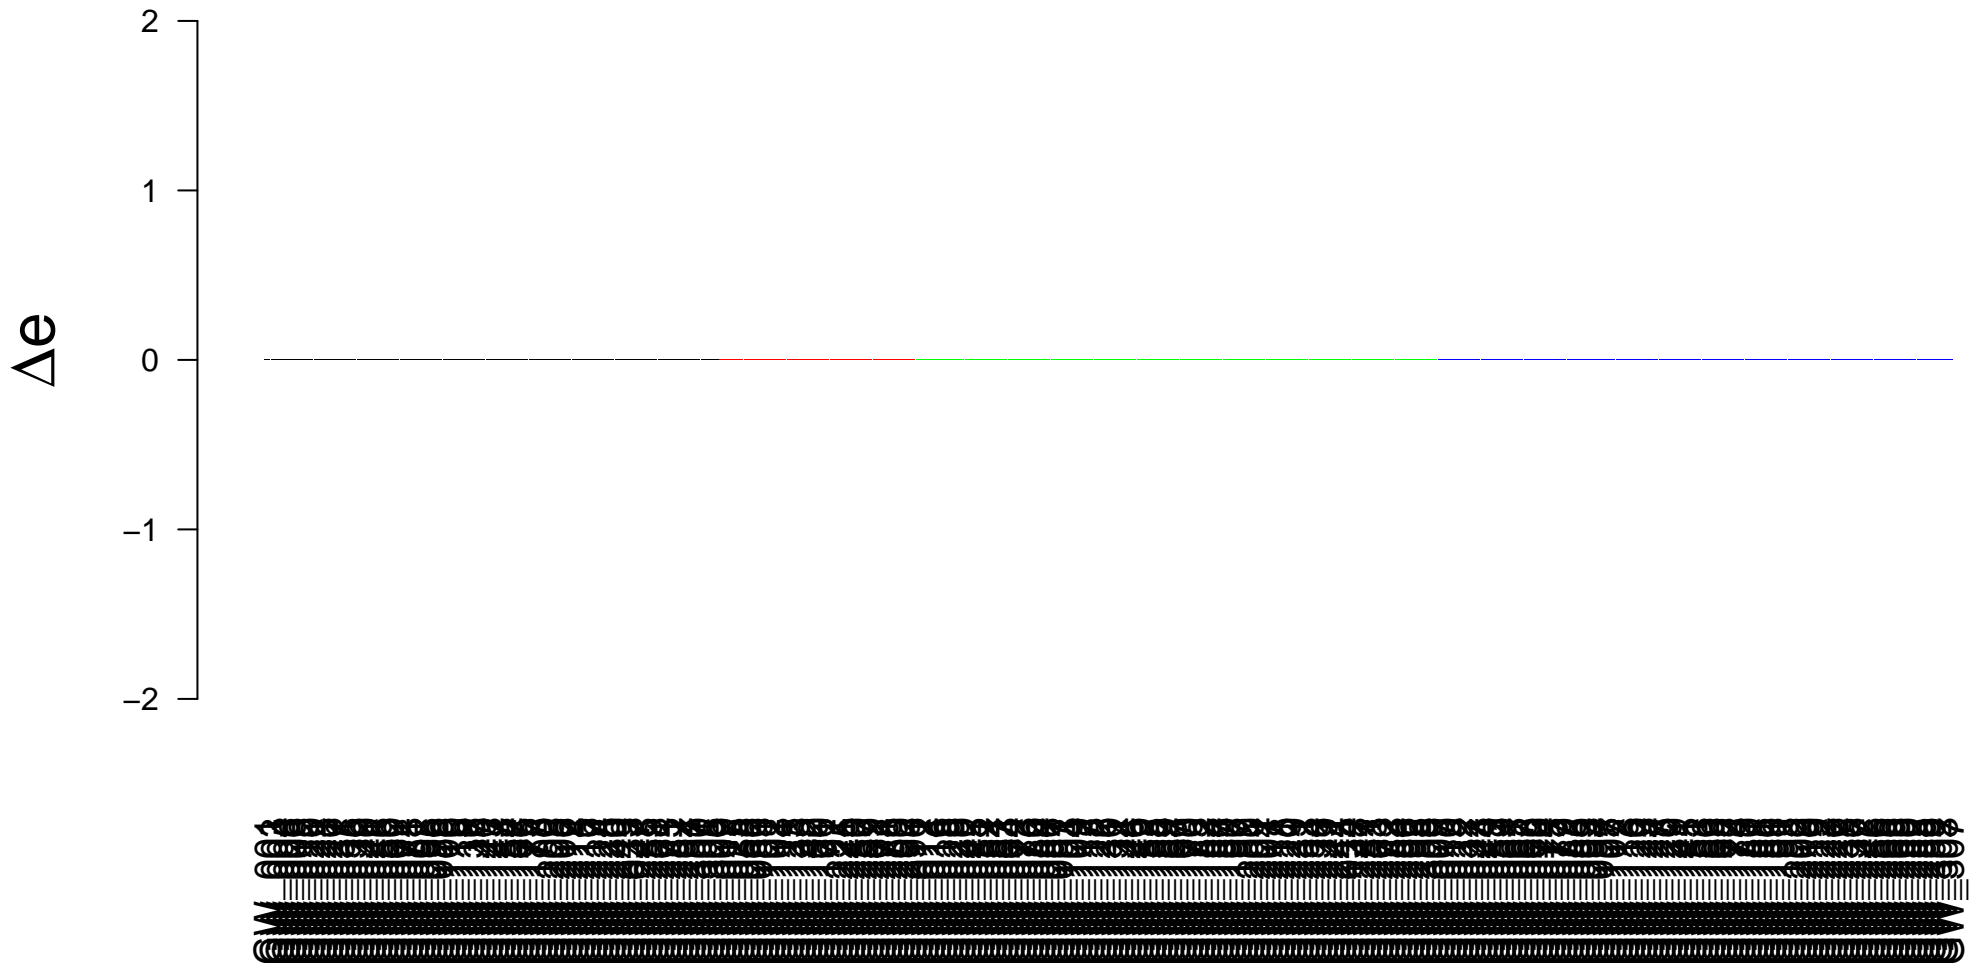

Expression of response to bacterium in Spot B

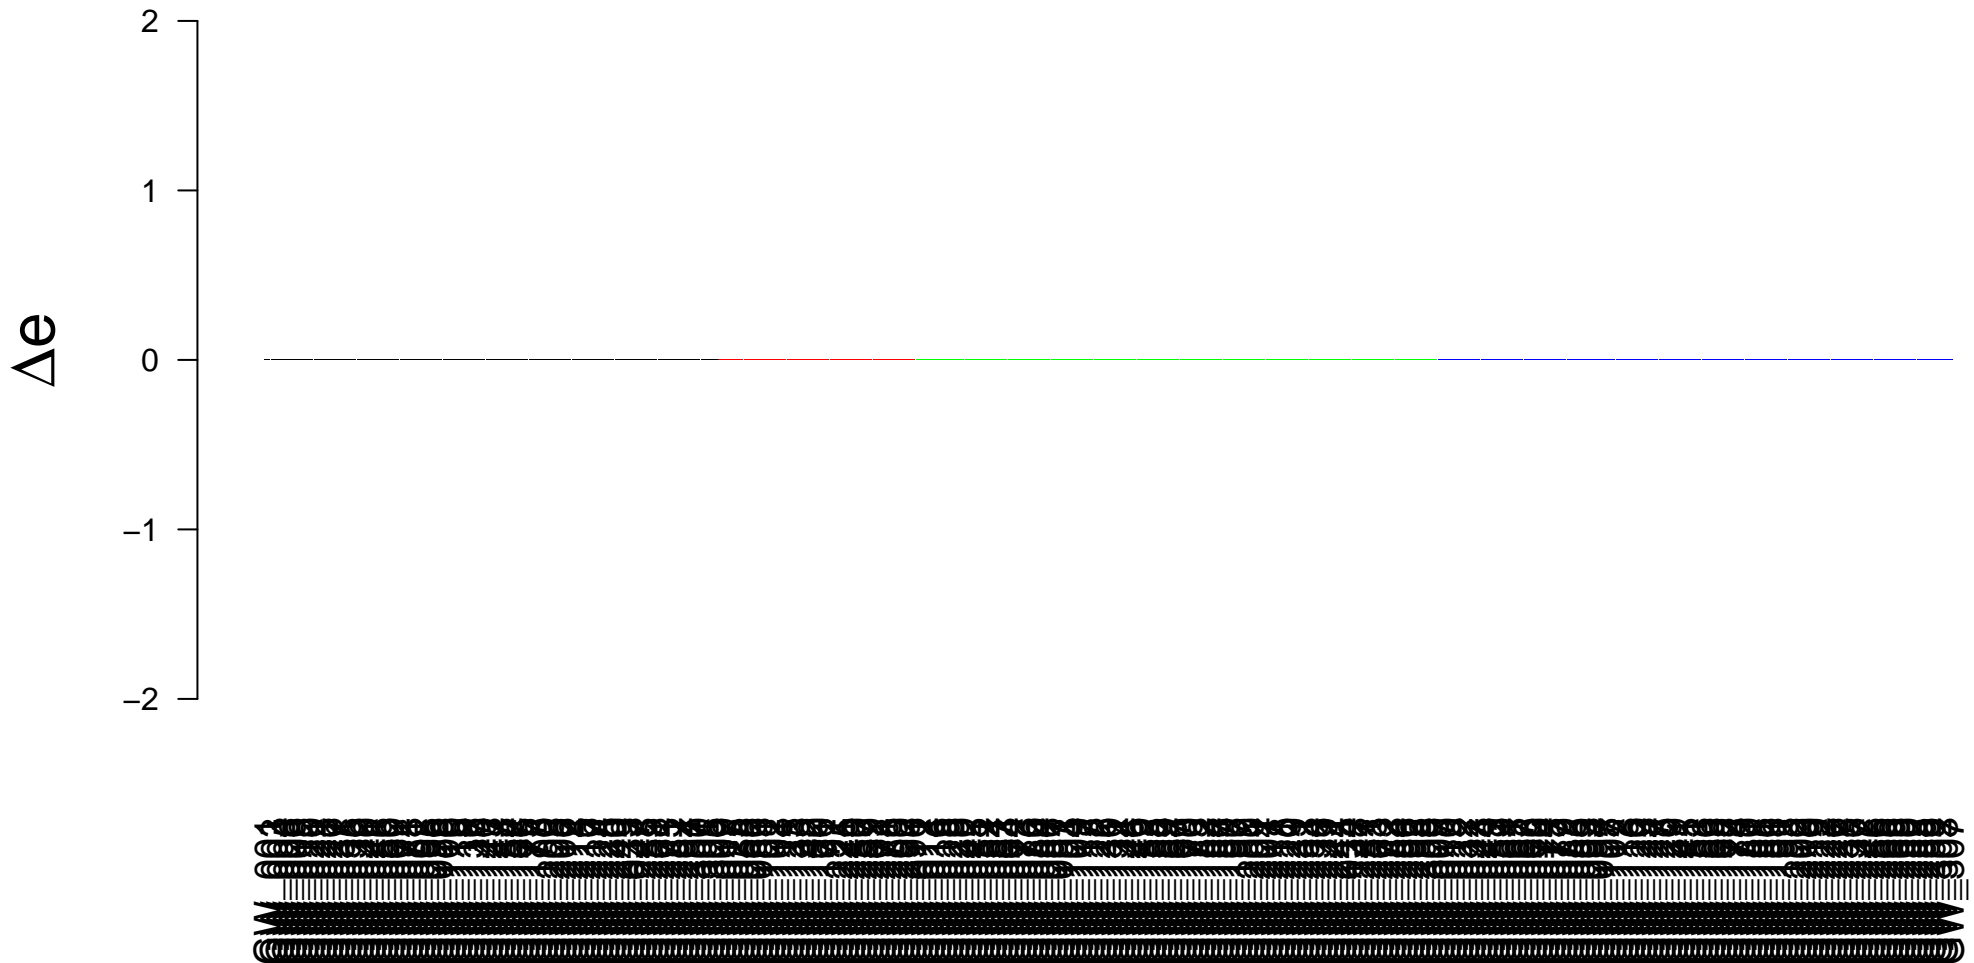

Expression of response to bacterium in Spot C

Expression of response to bacterium in Spot D

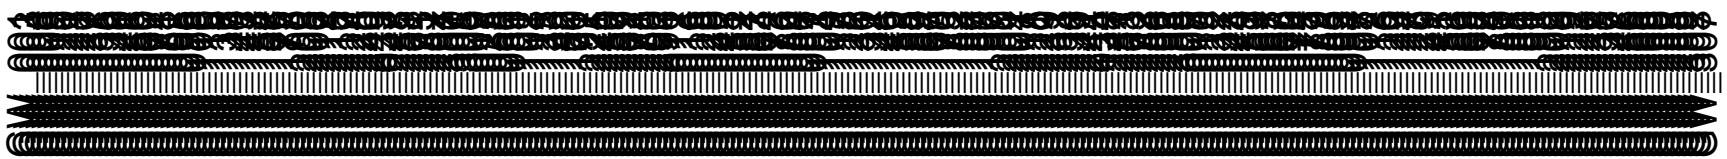

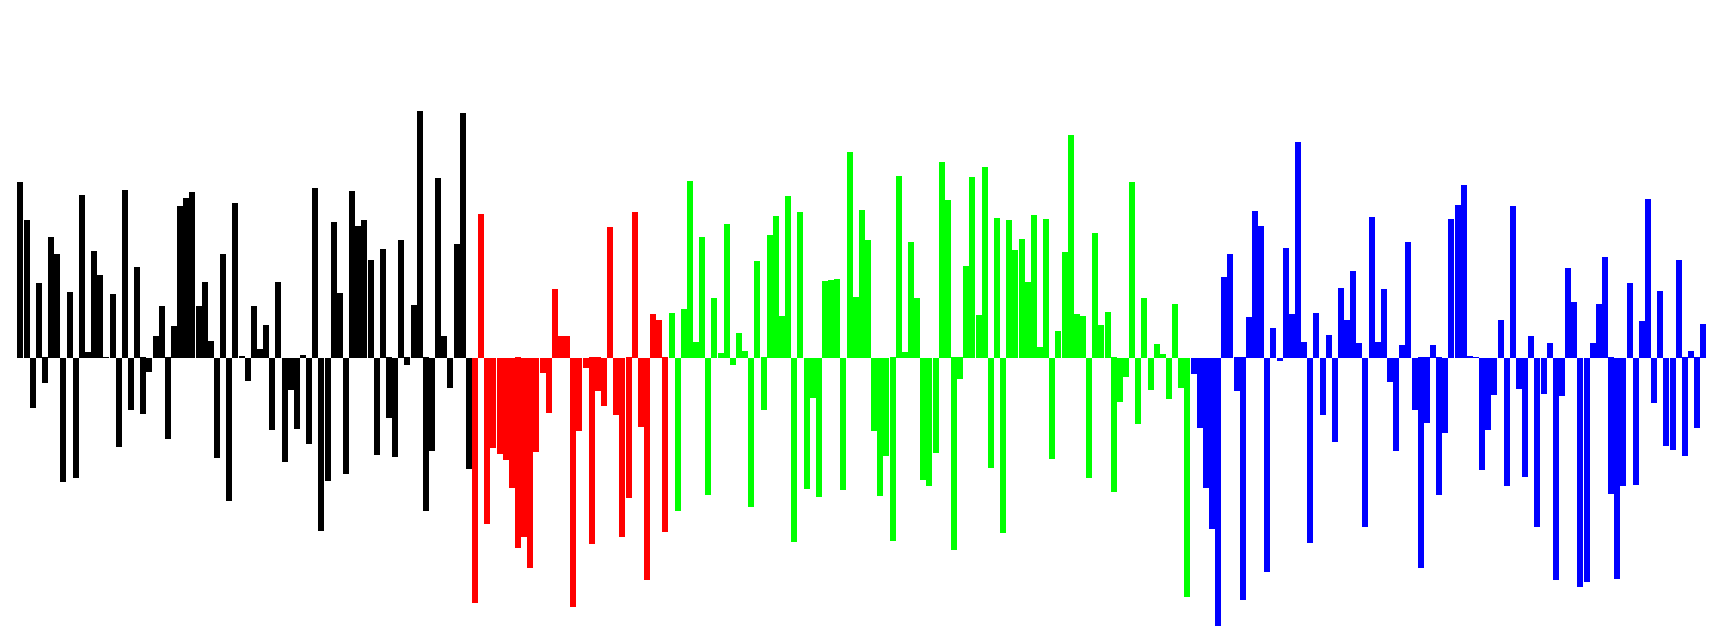

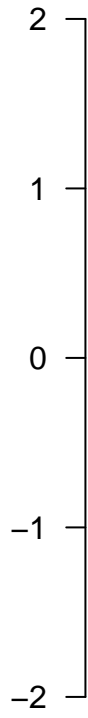

Expression of response to bacterium in Spot E

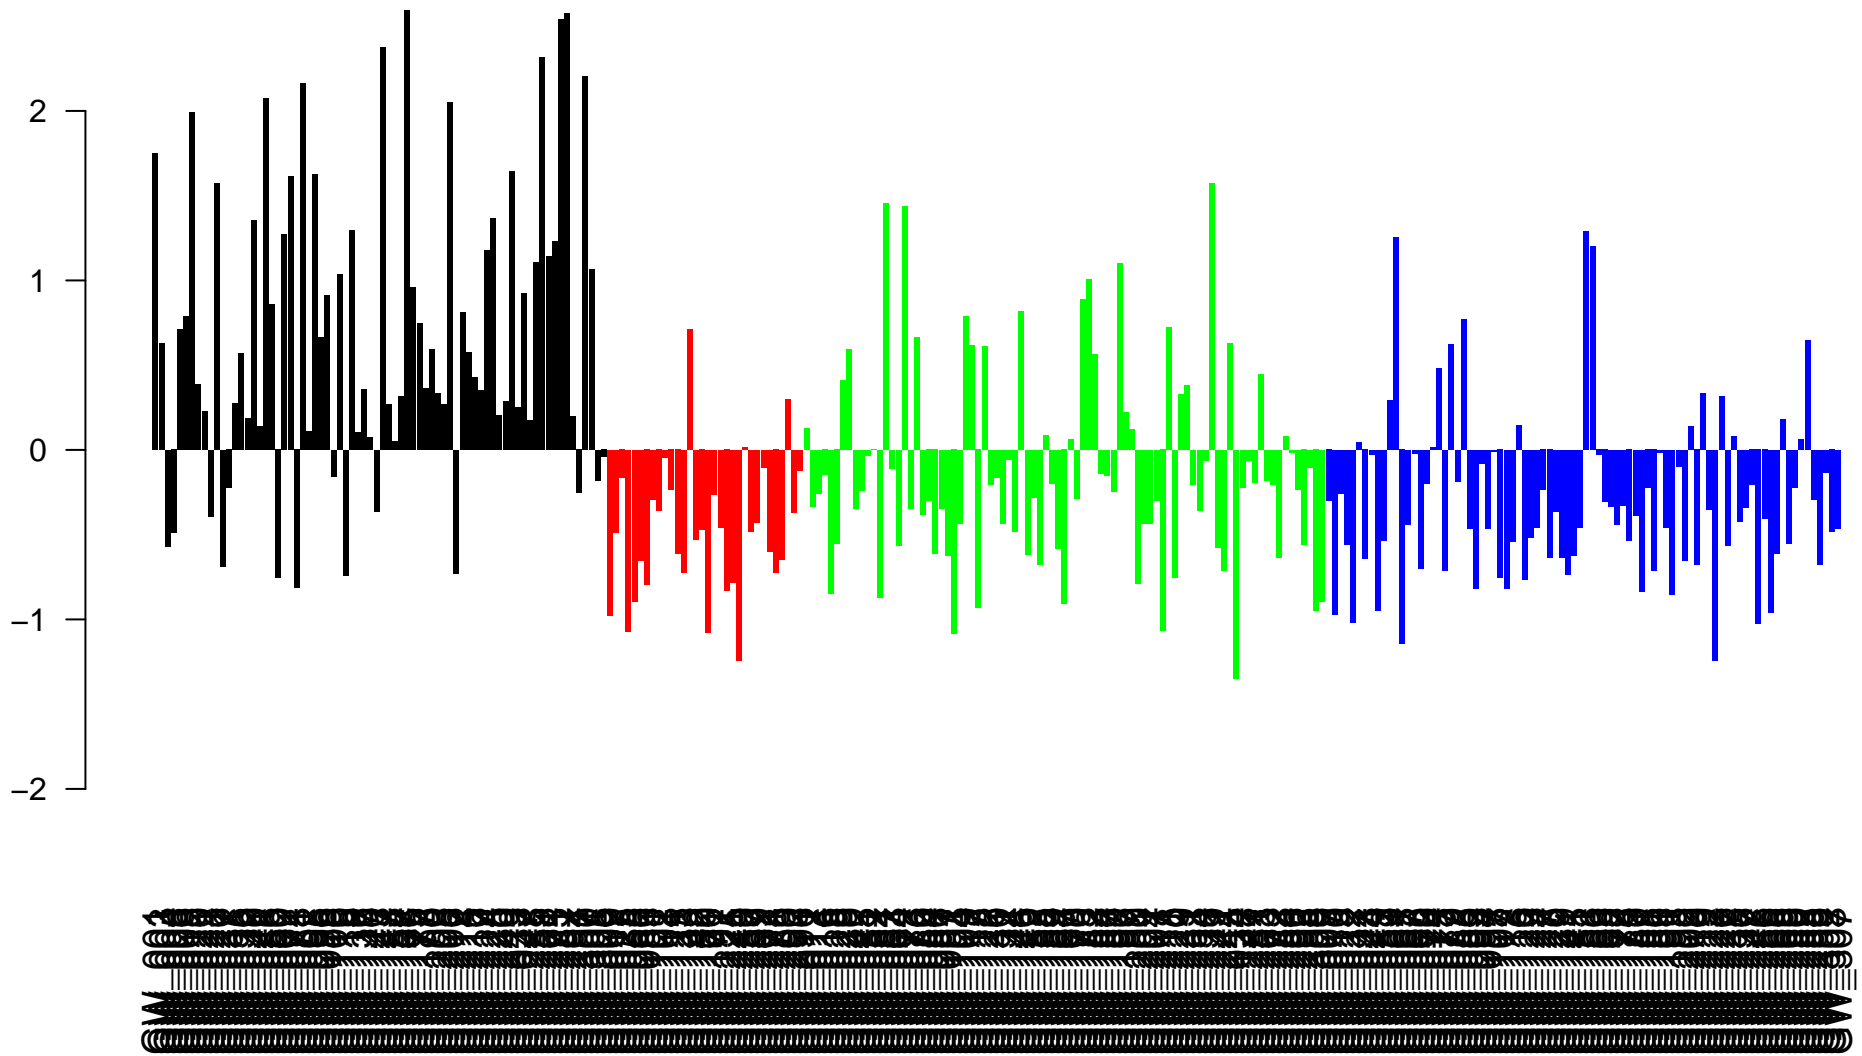

Expression of response to bacterium in Spot F

Δe

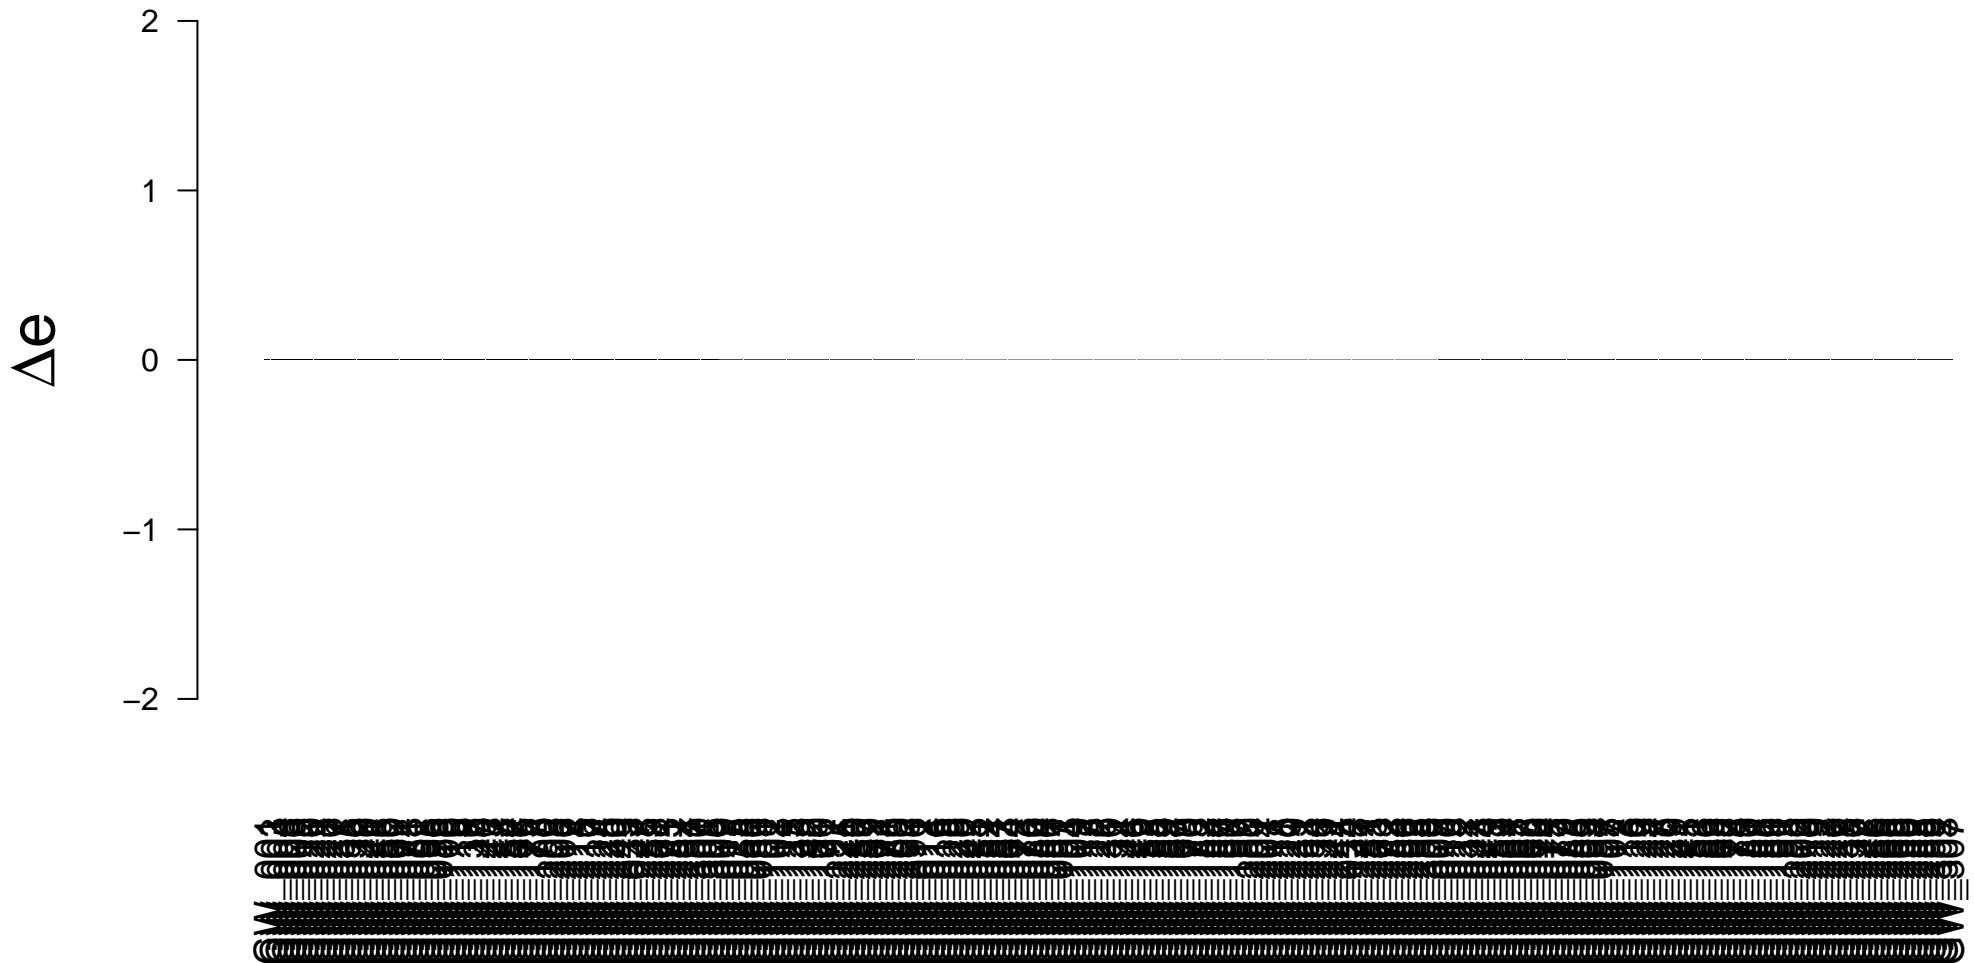

Expression of response to bacterium in Spot G

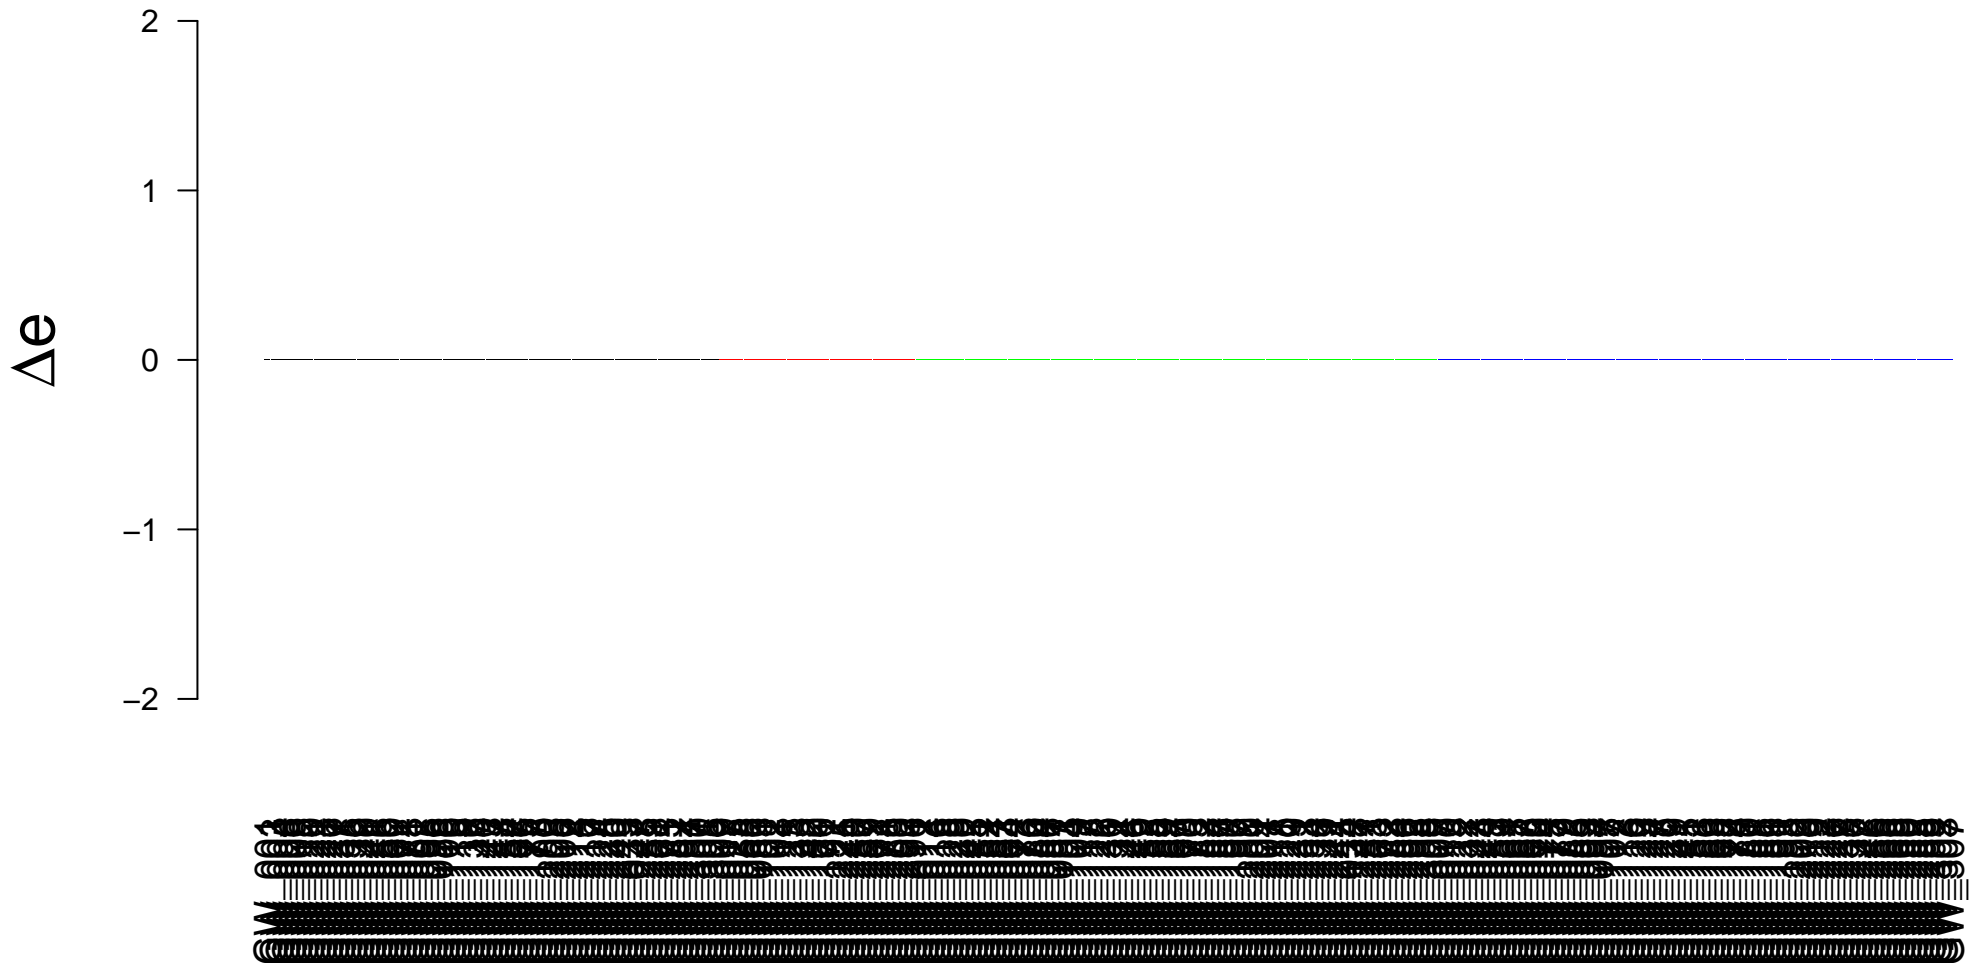

Δe

Expression of response to bacterium in Spot H

Expression of response to bacterium in Spot I

Expression of response to bacterium in Spot J

Δe

Expression of response to bacterium in Spot K

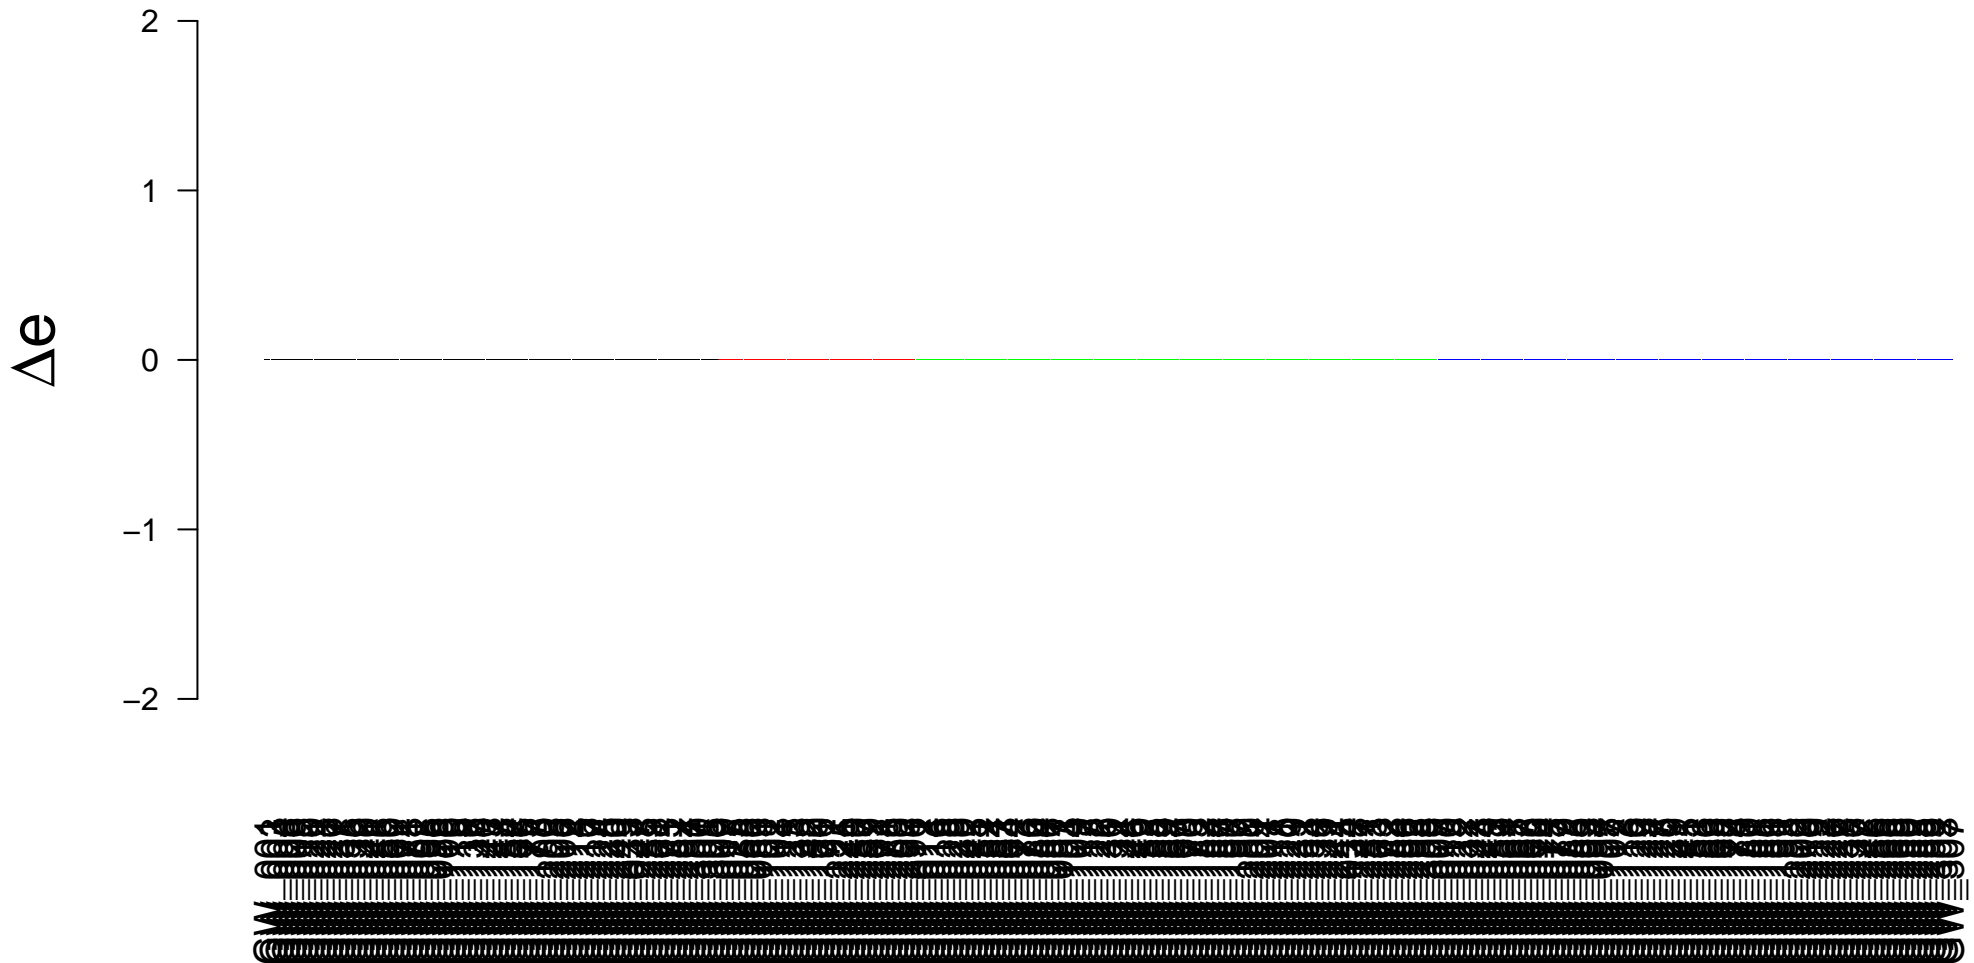

Expression of response to bacterium in Spot L

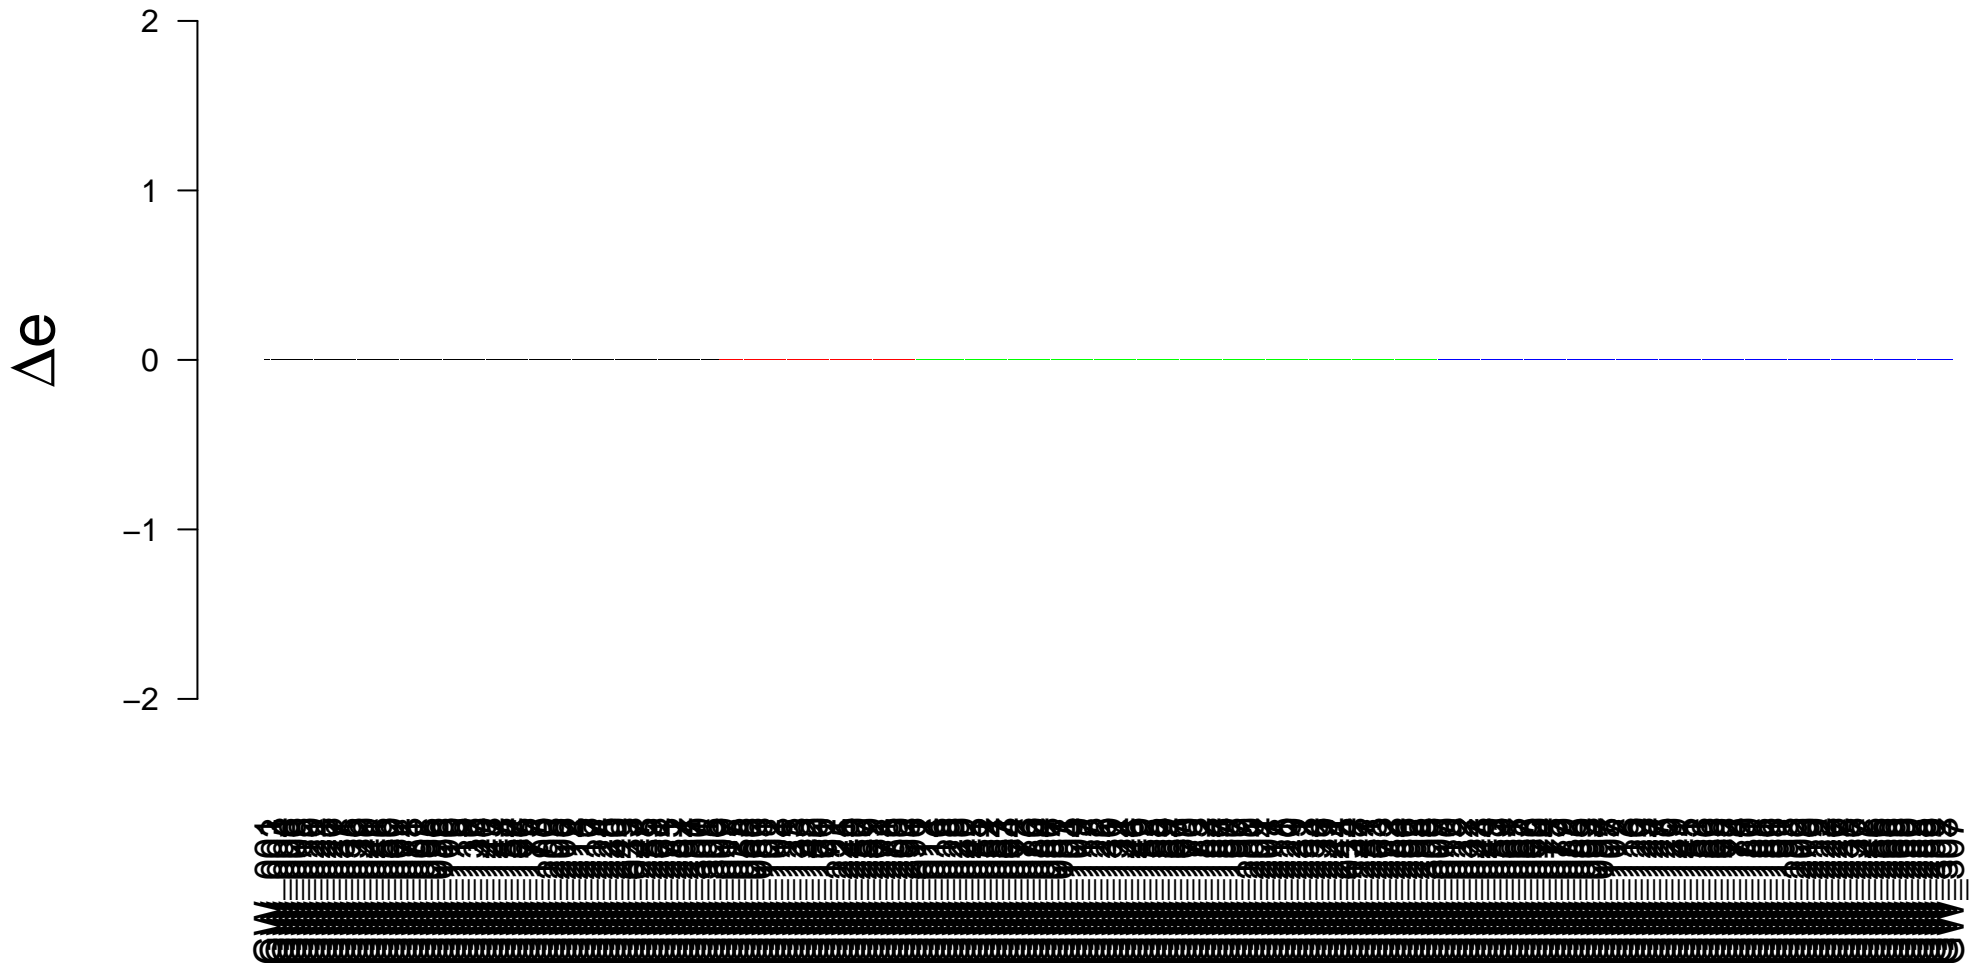

Δe

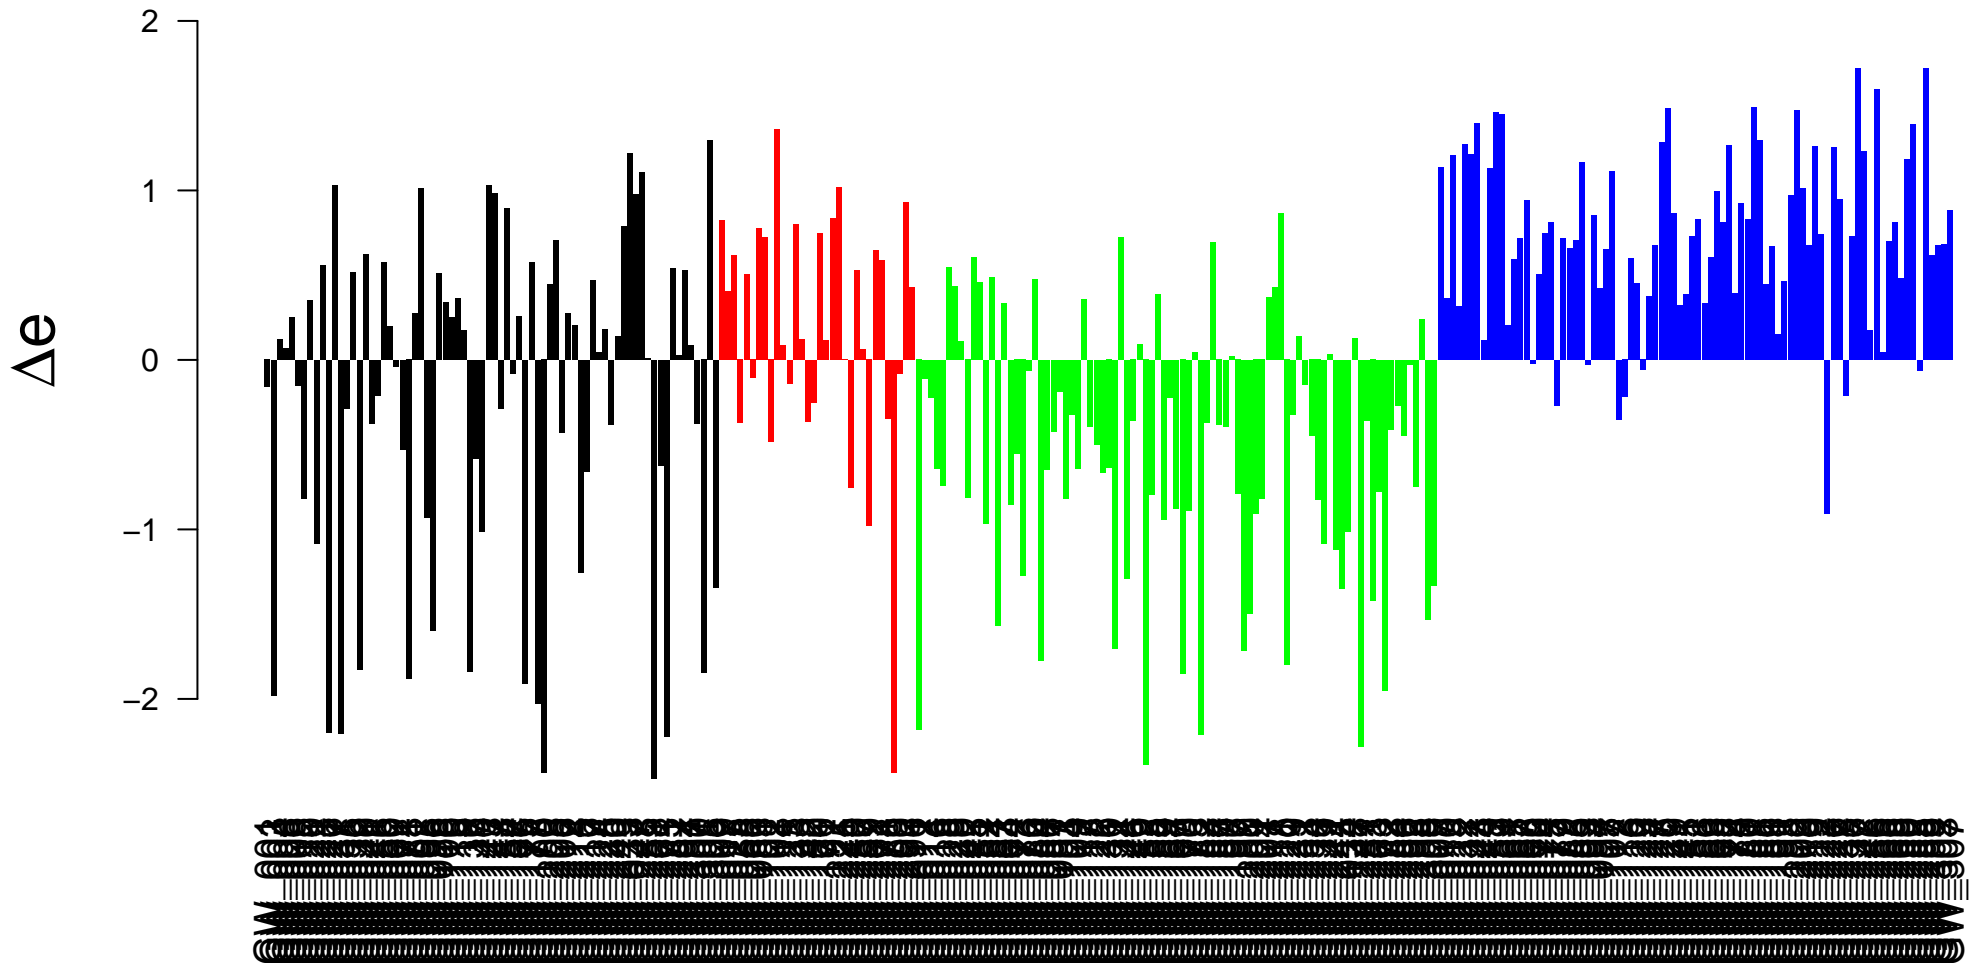

Expression of response to bacterium in Spot M

Expression of response to bacterium in Spot N

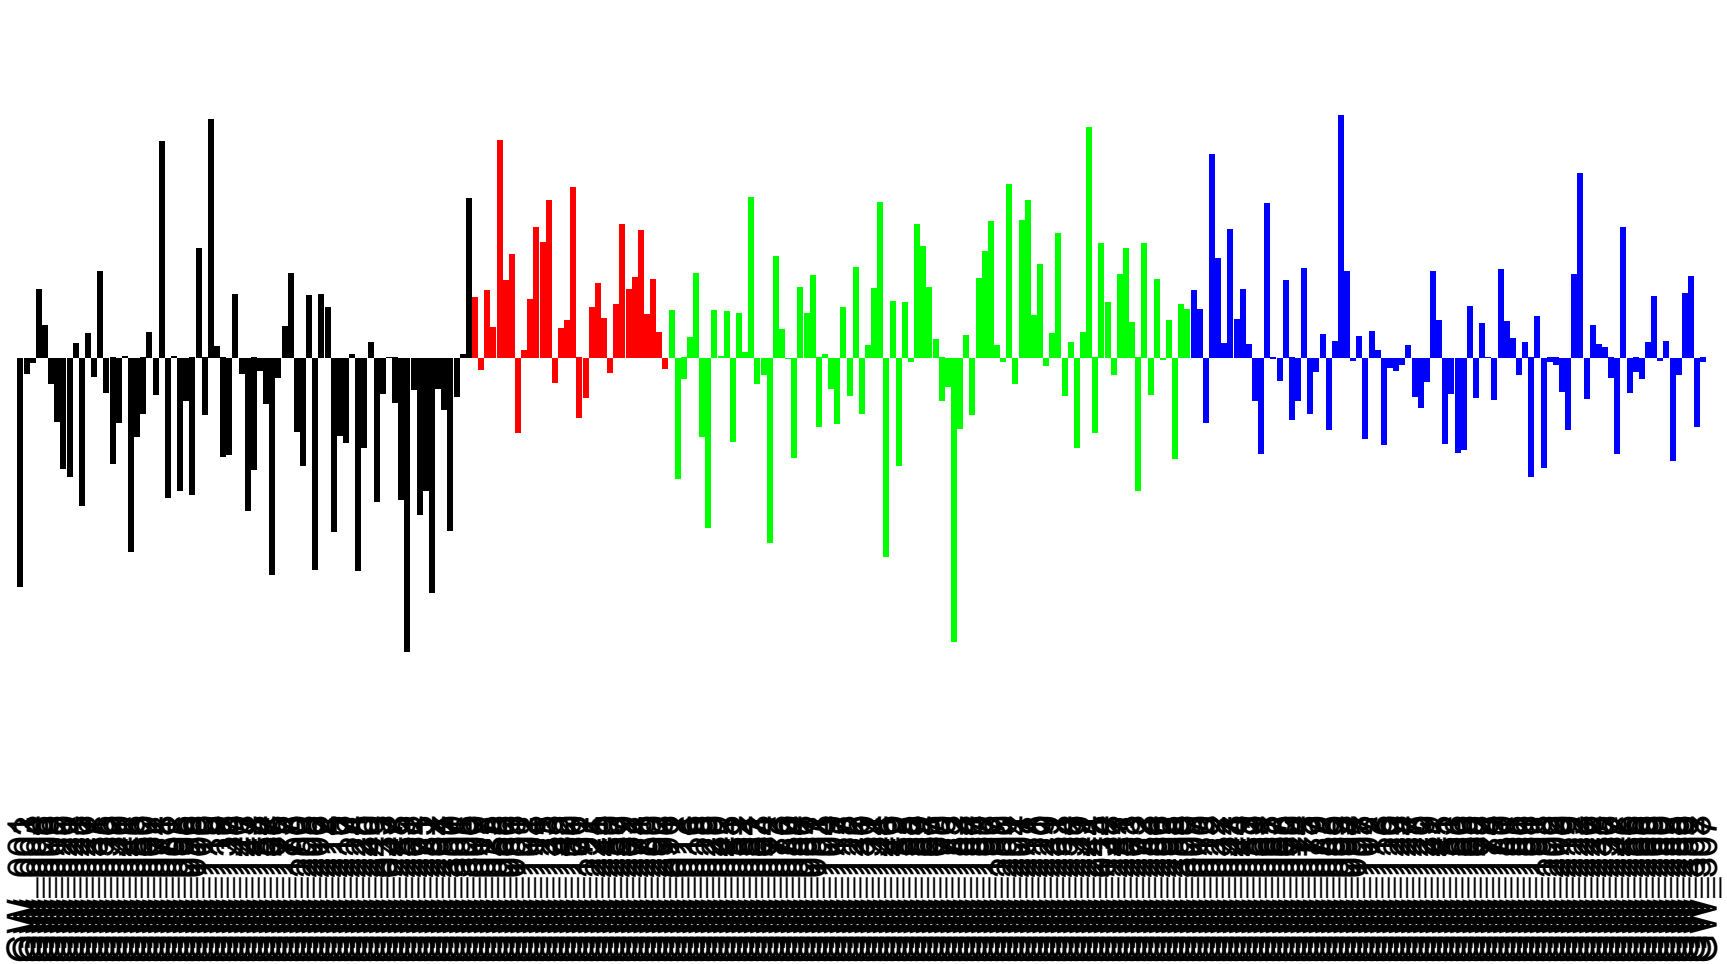

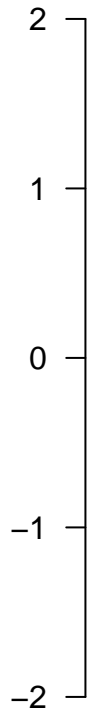

Expression of response to bacterium in Spot O

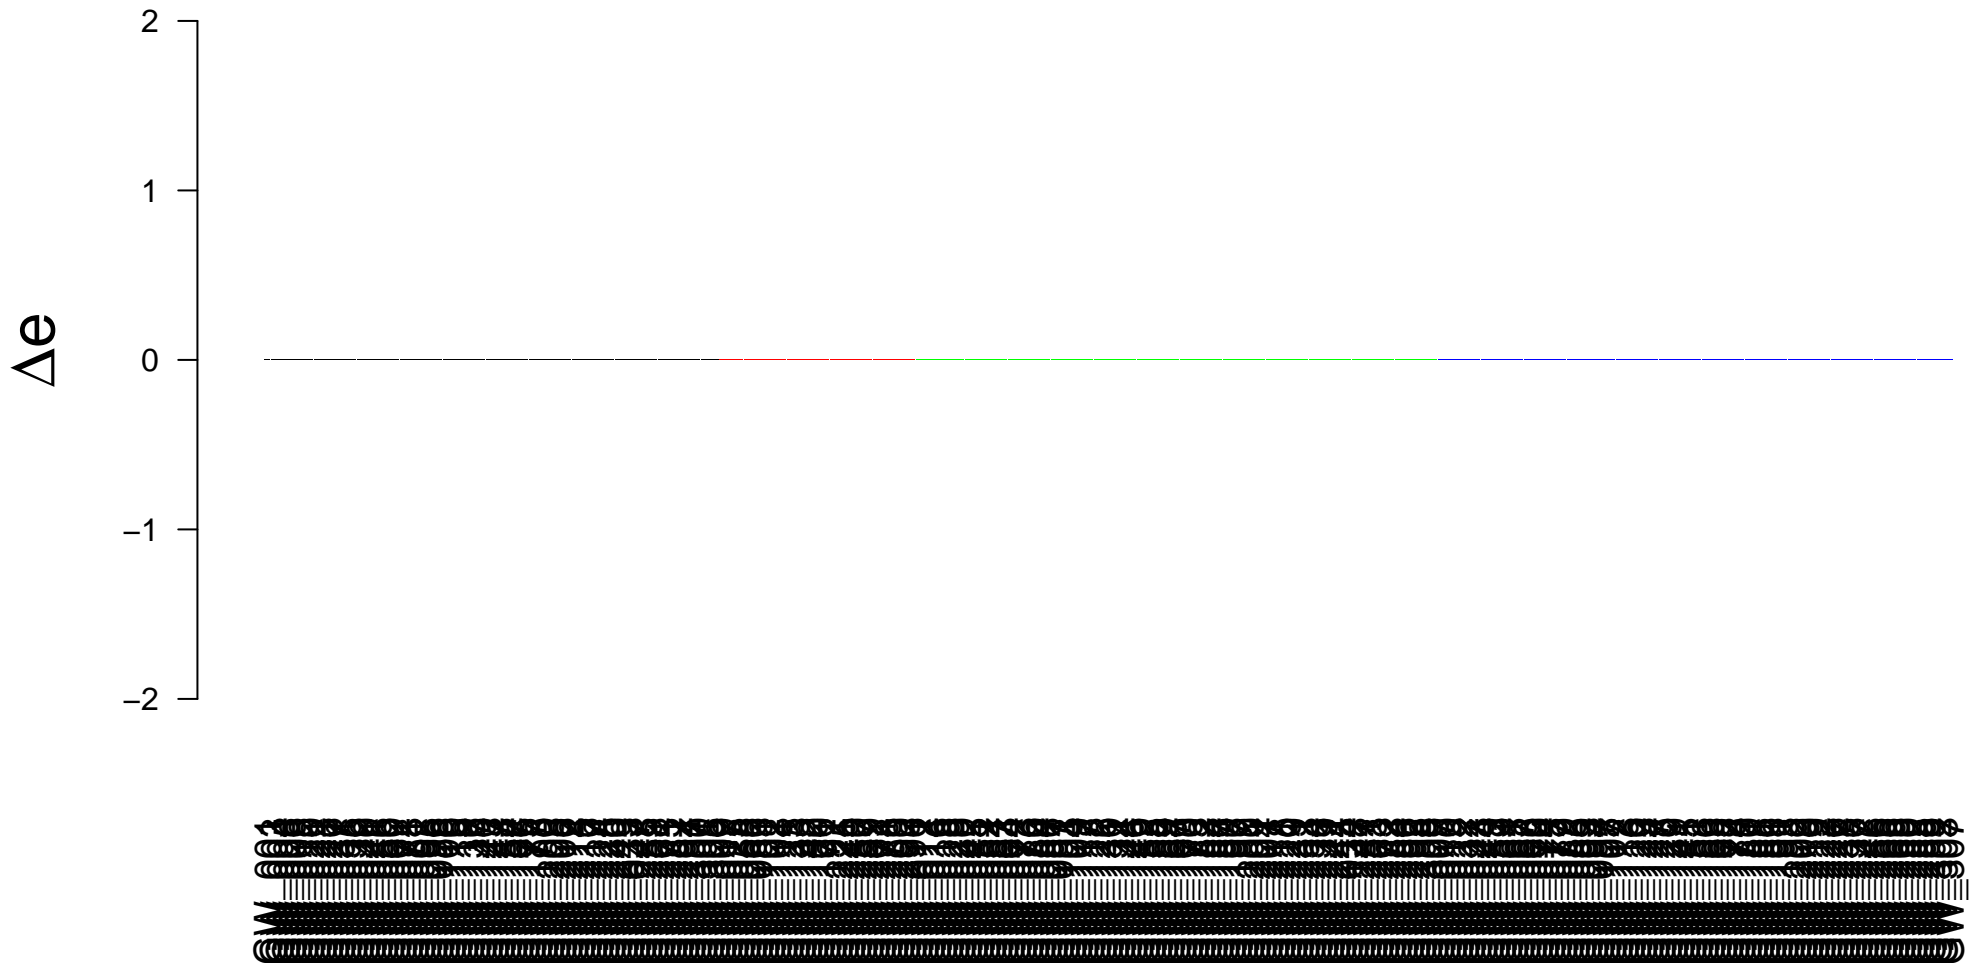

Expression of response to bacterium in Spot P

Δe

Expression of response to bacterium in Spot Q

Expression of response to bacterium in Spot R
