

response to ischemia

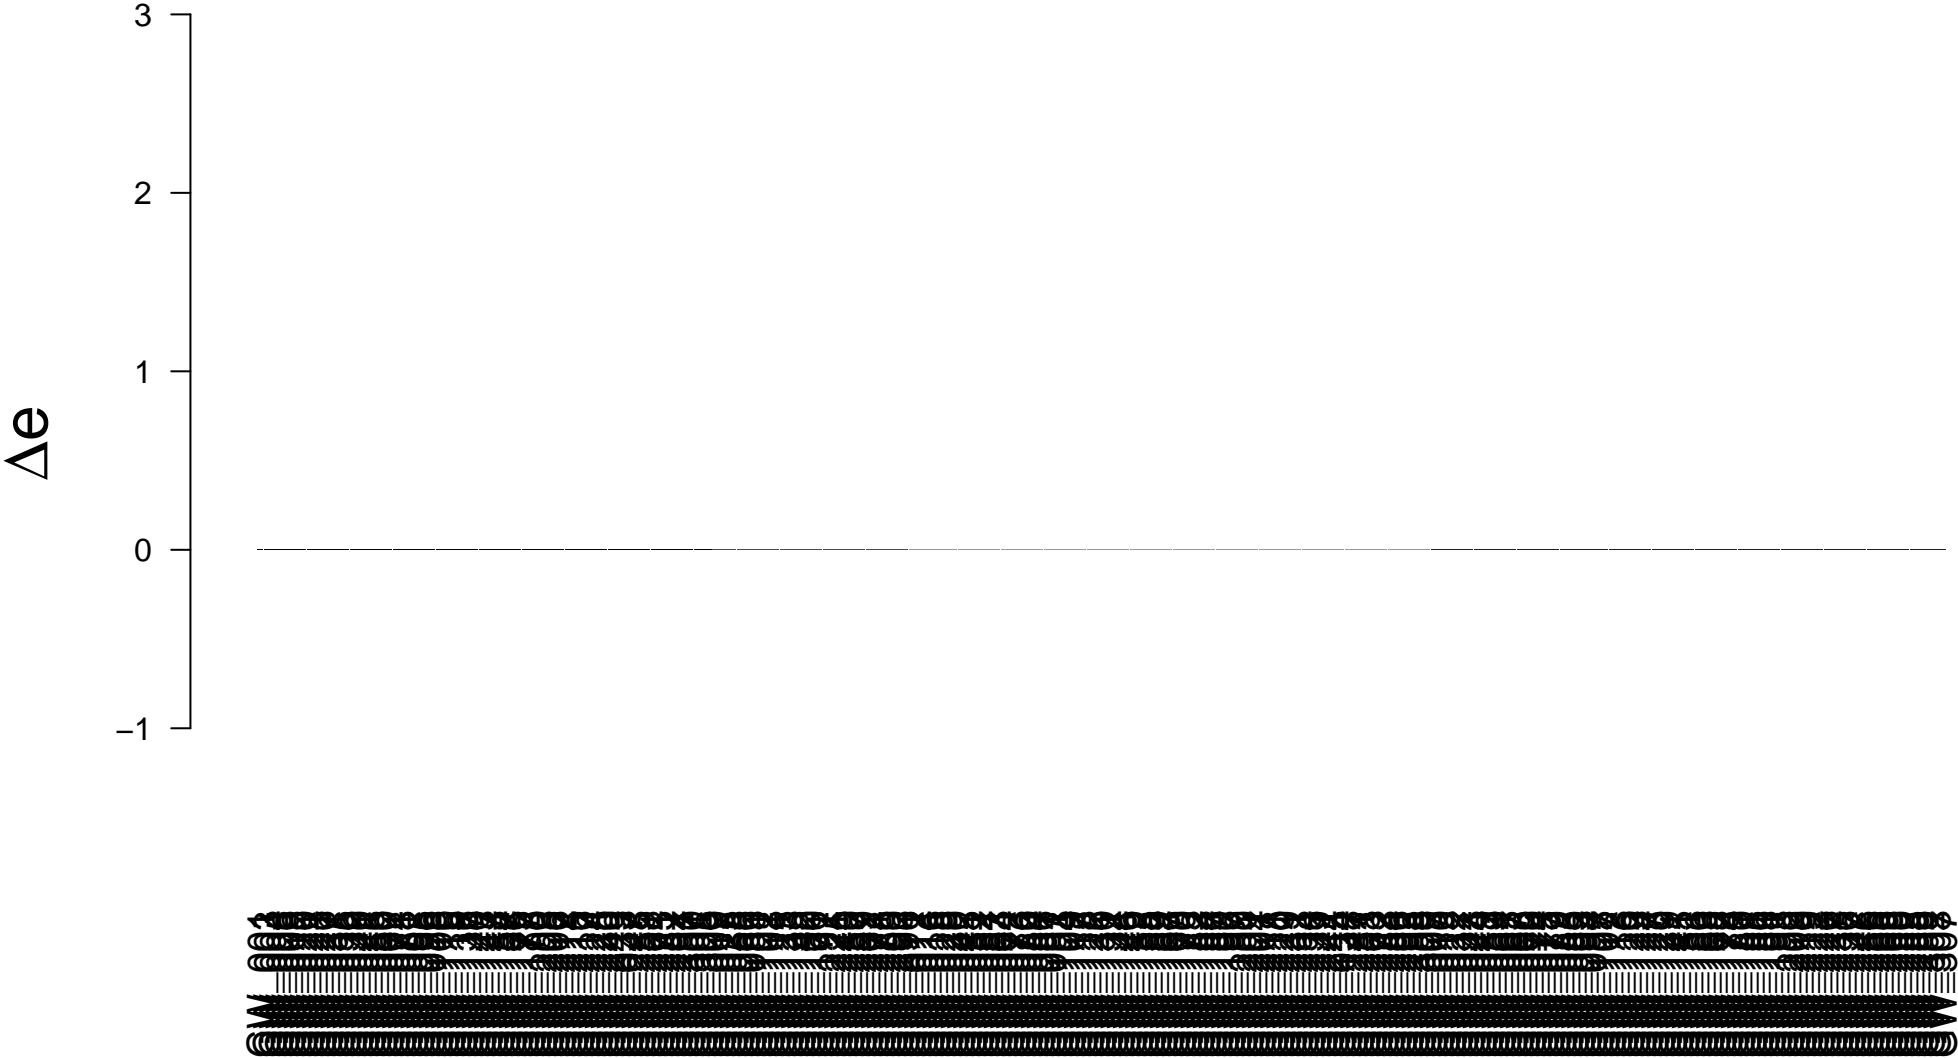

response to ischemia

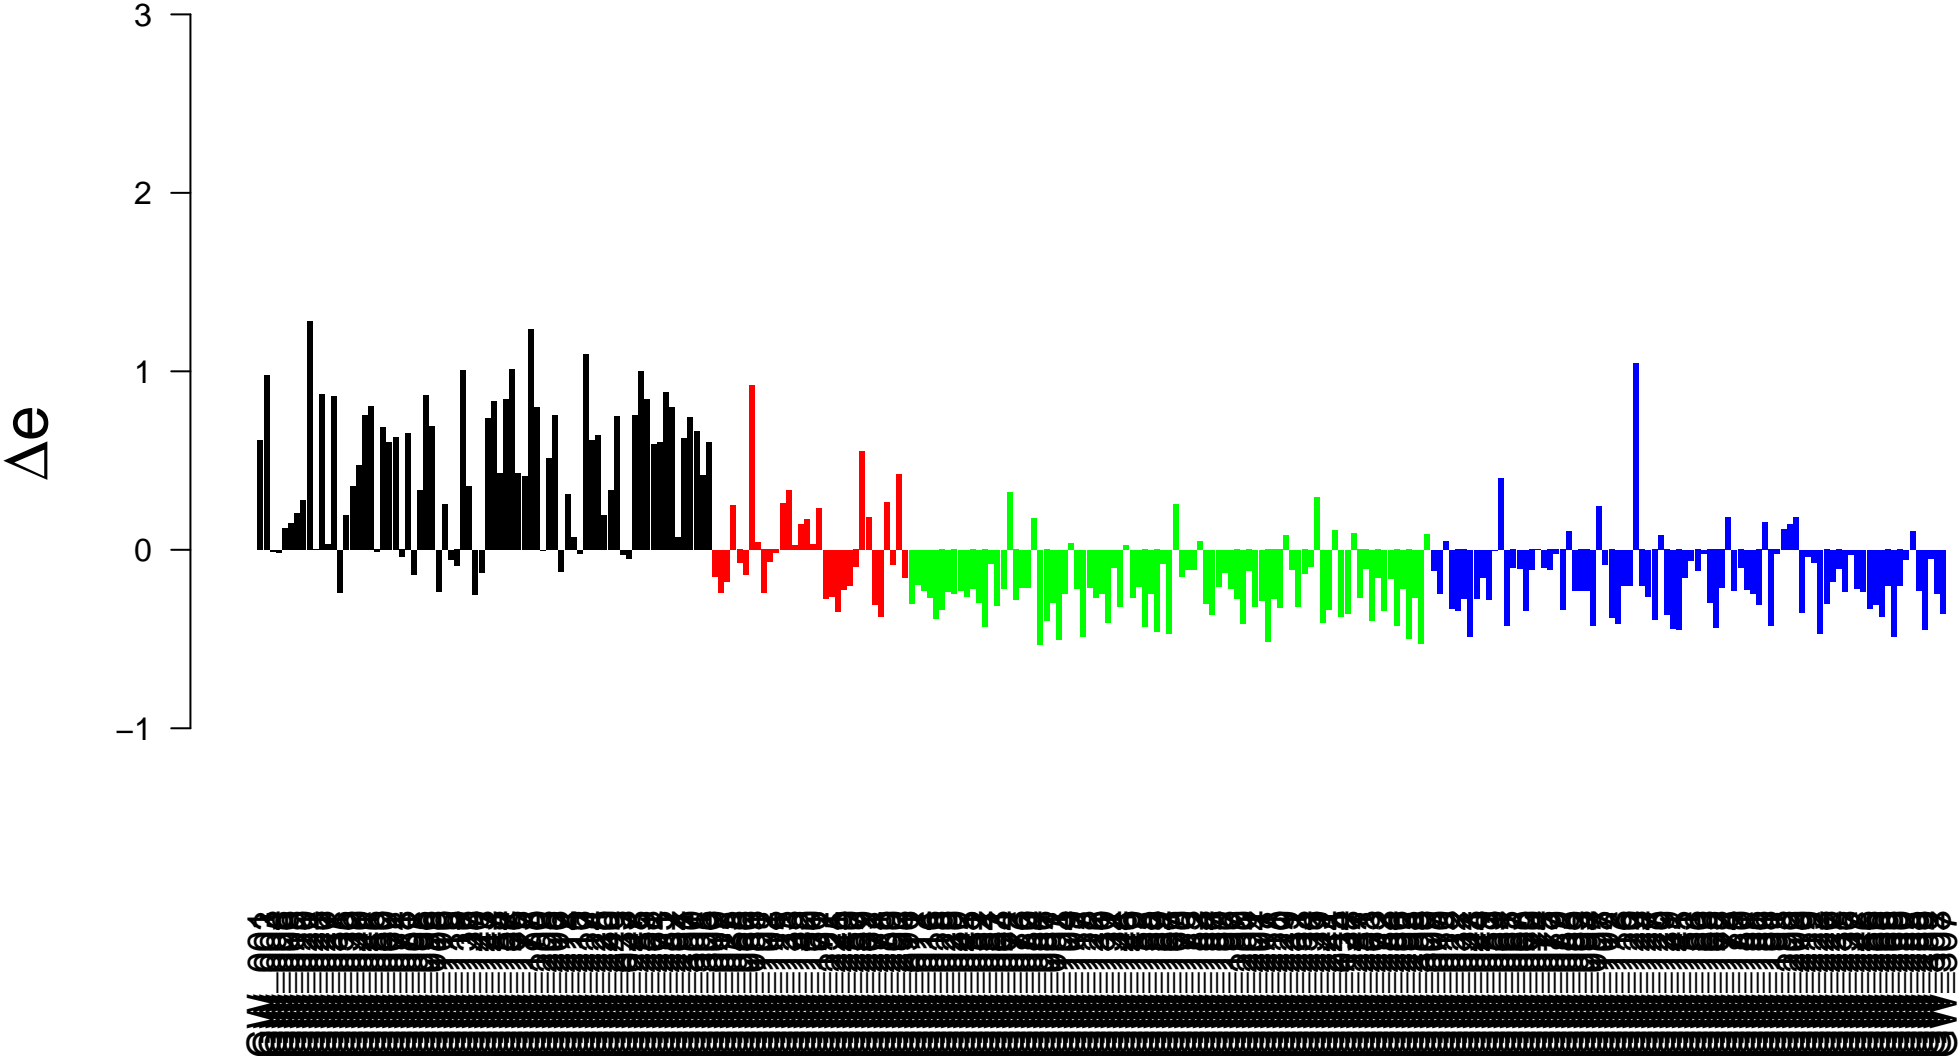

Enrichment in spots: response to ischemia

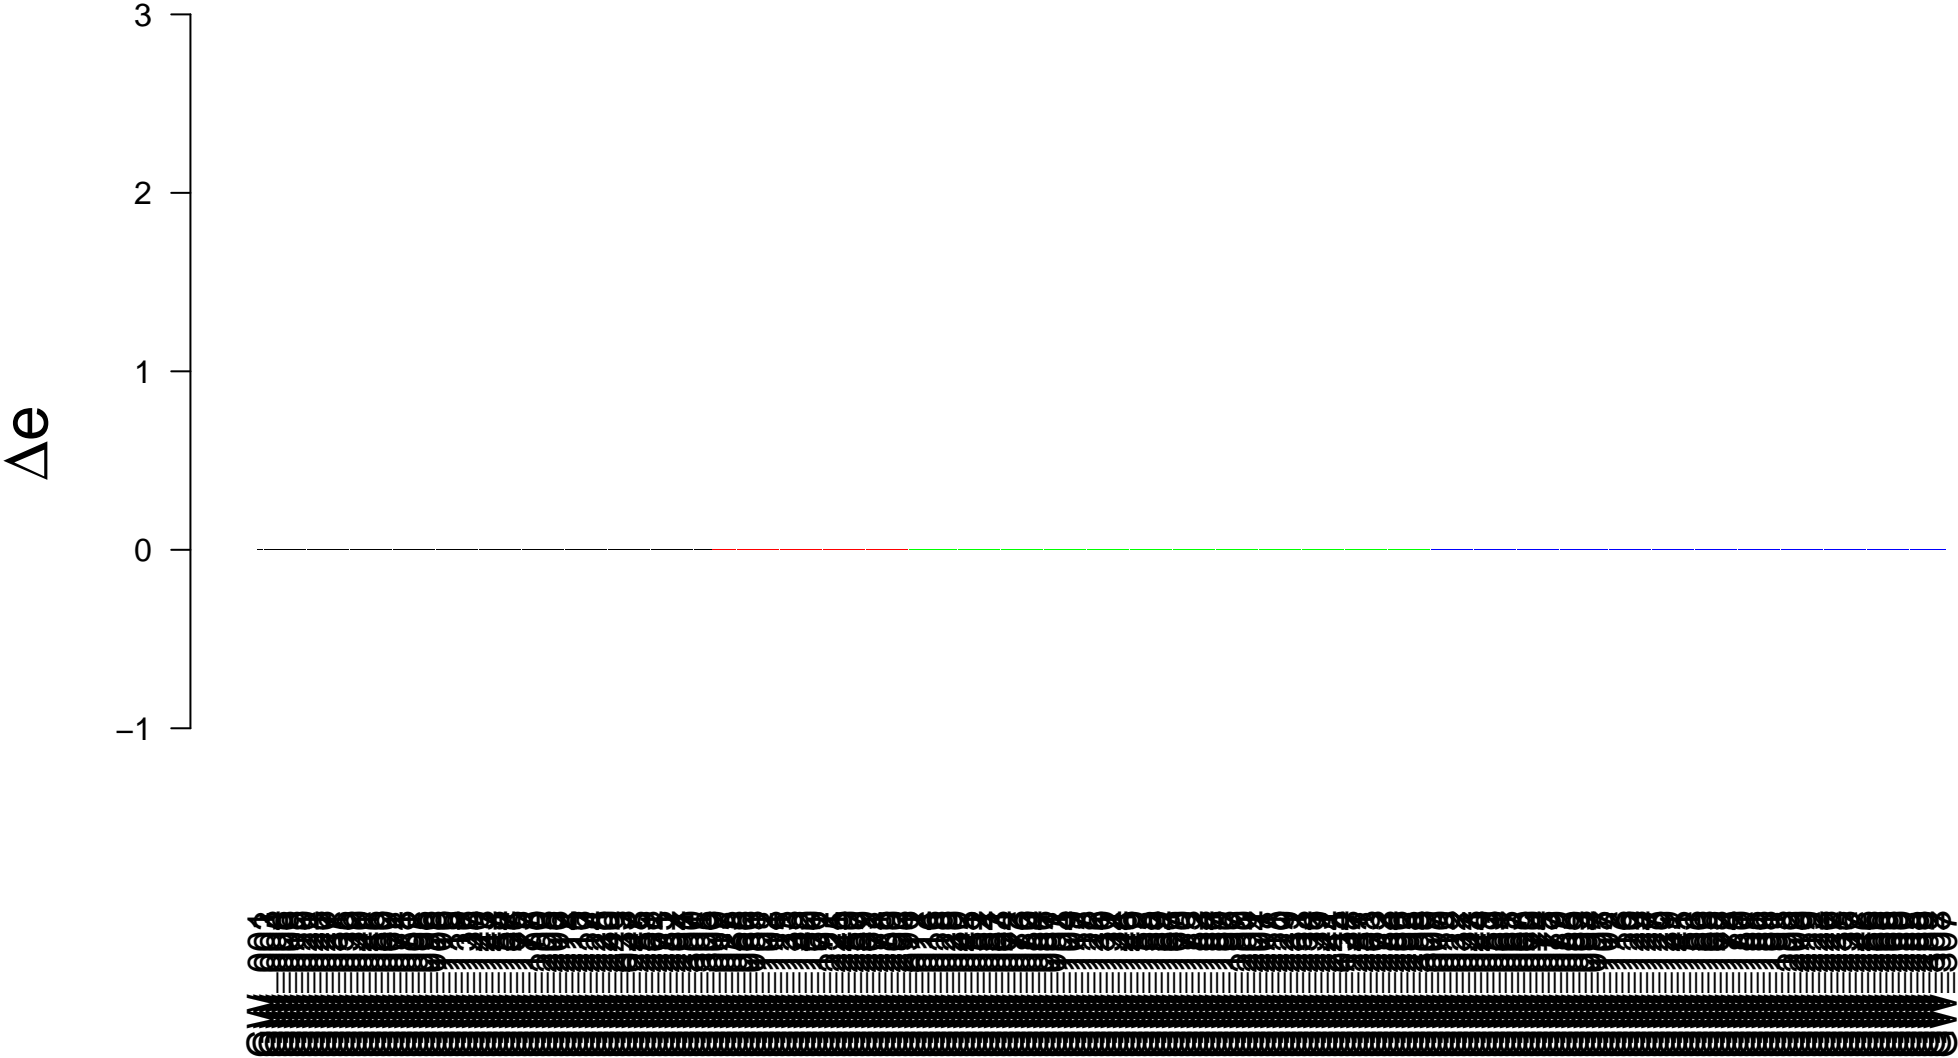

Expression of response to ischemia in Spot A

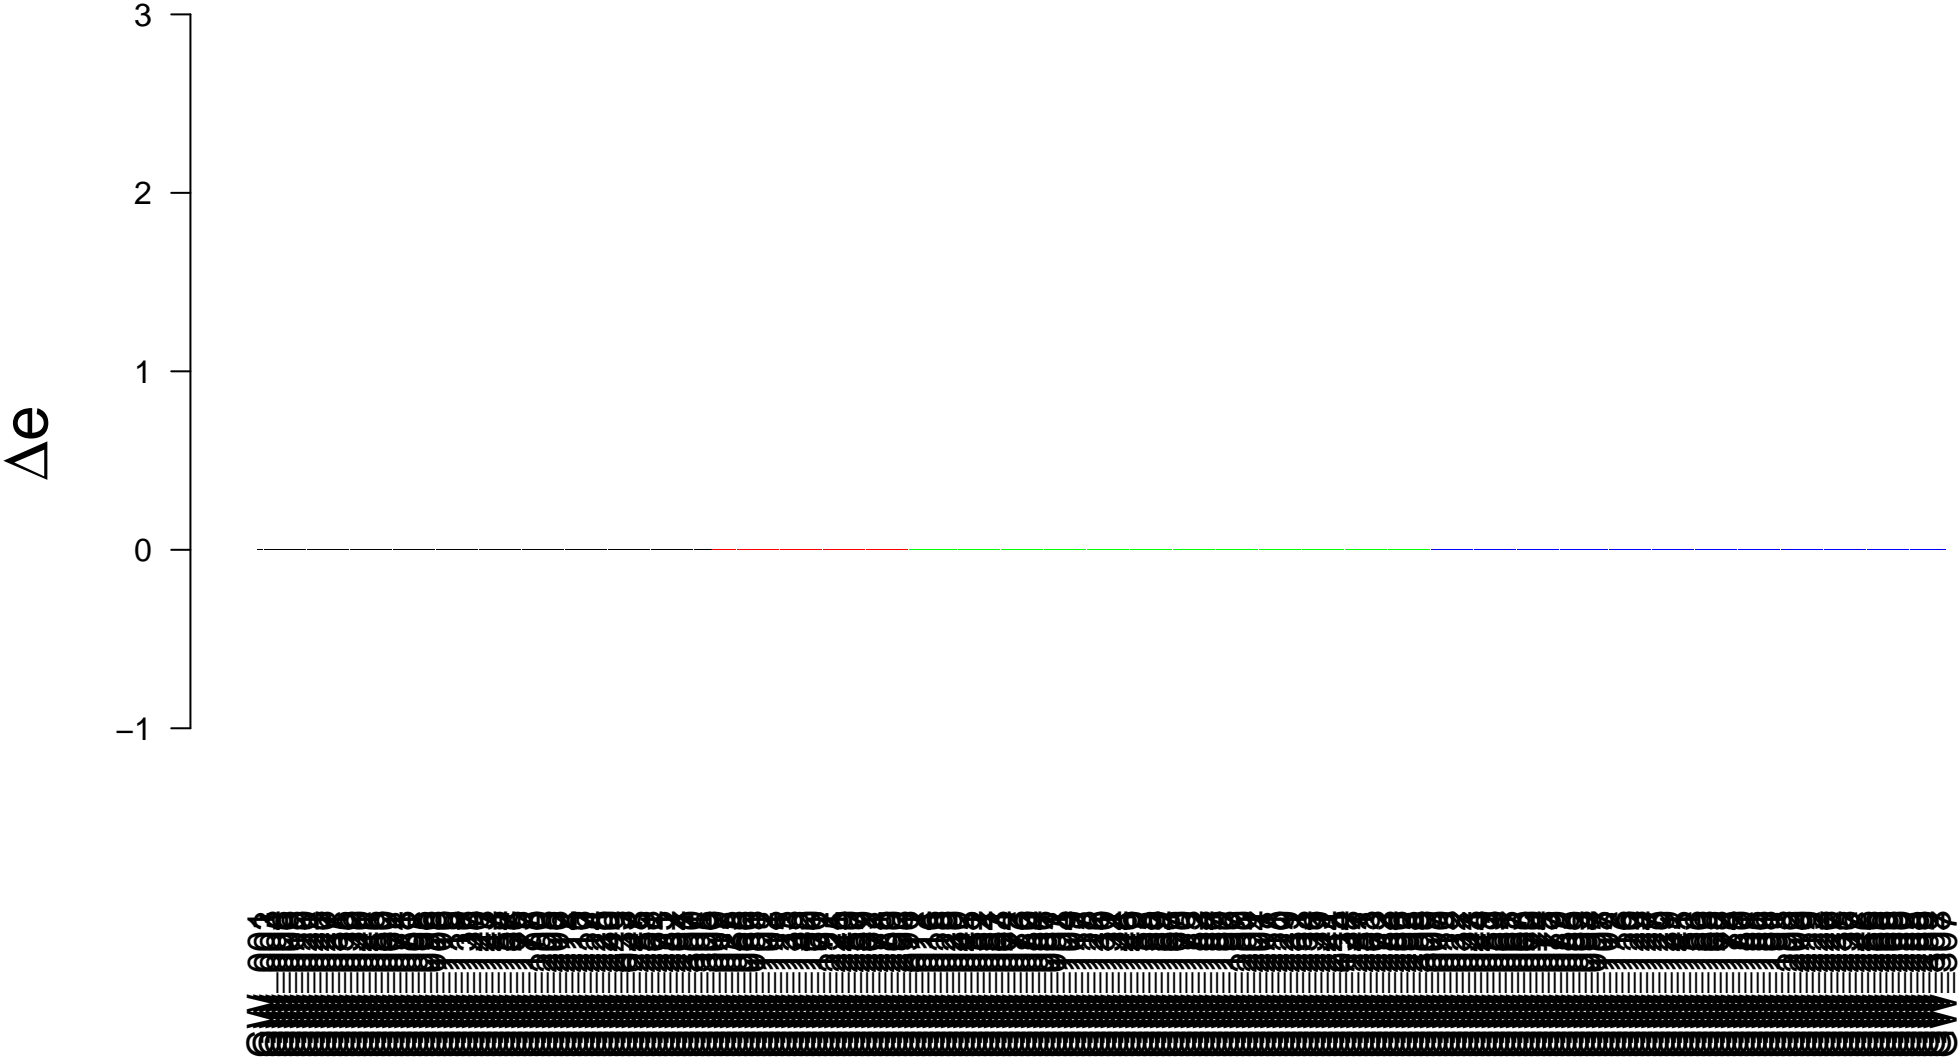

Expression of response to ischemia in Spot B

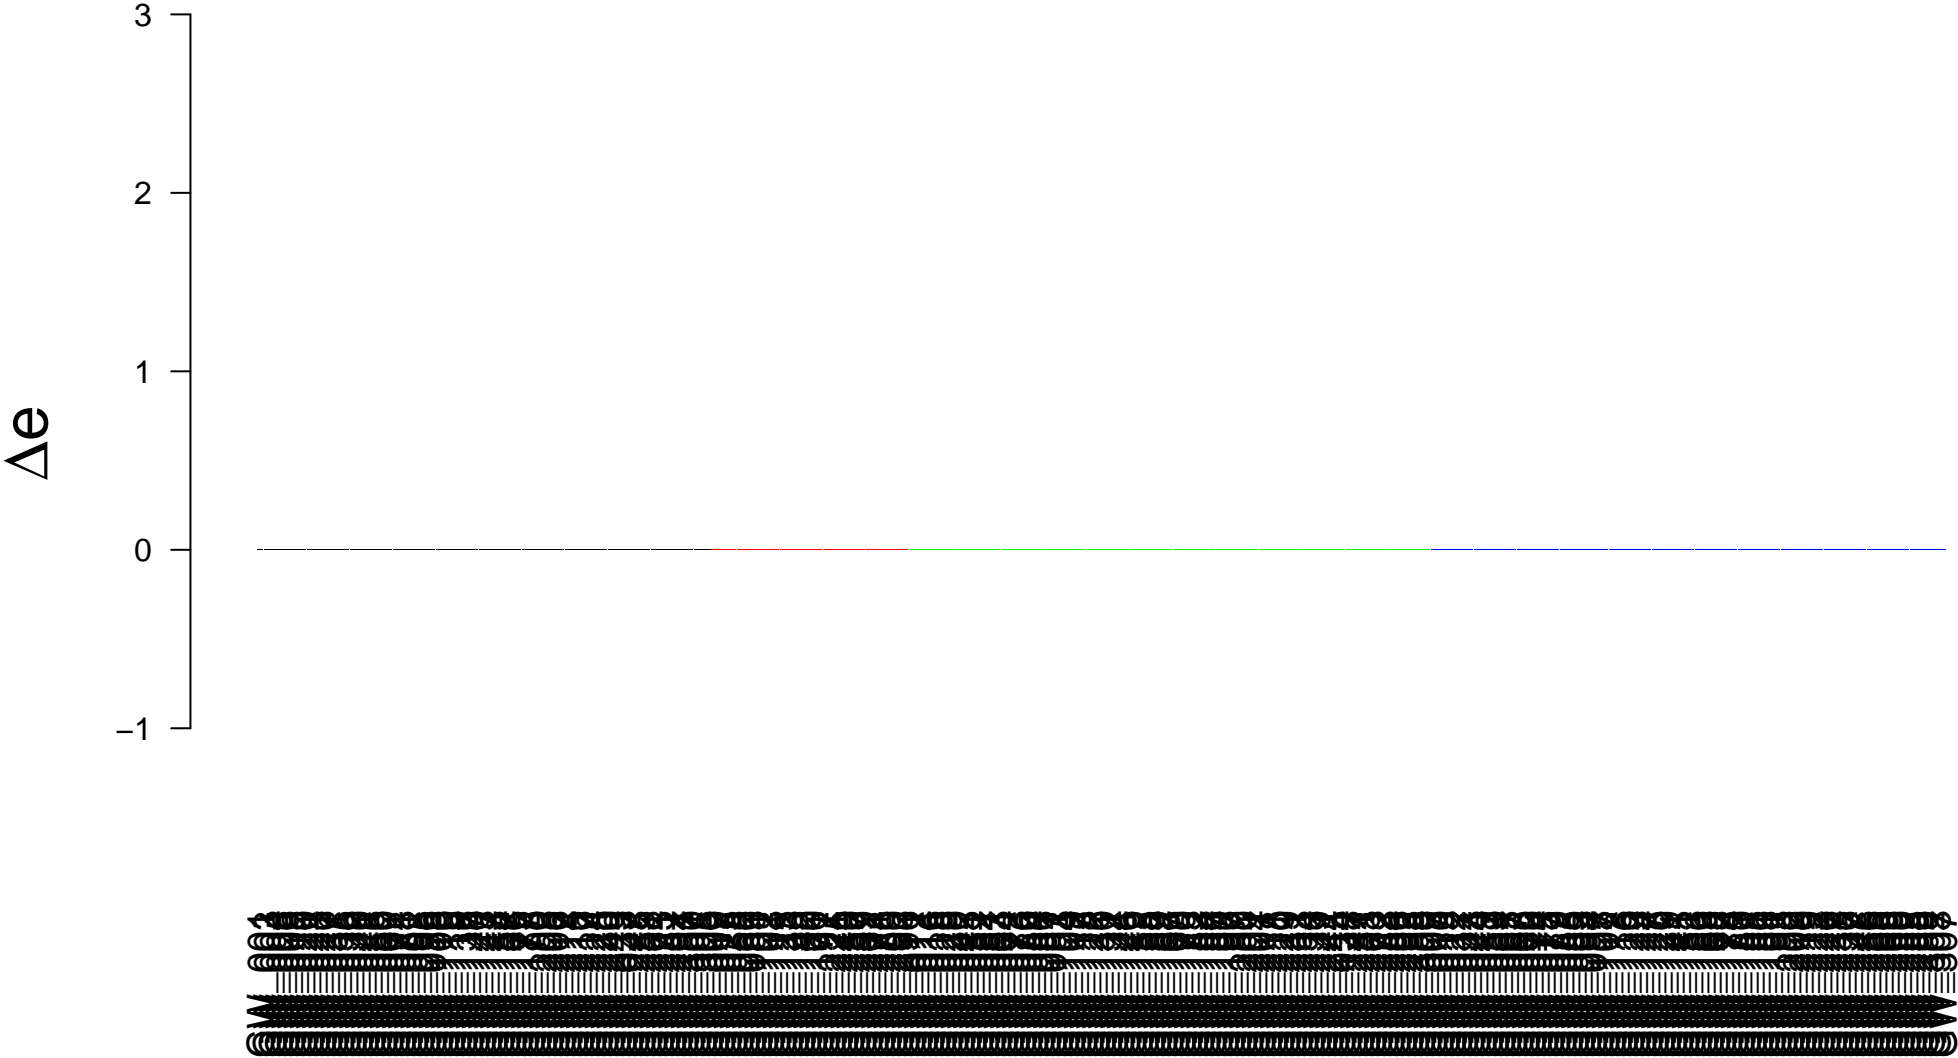

Expression of response to ischemia in Spot C

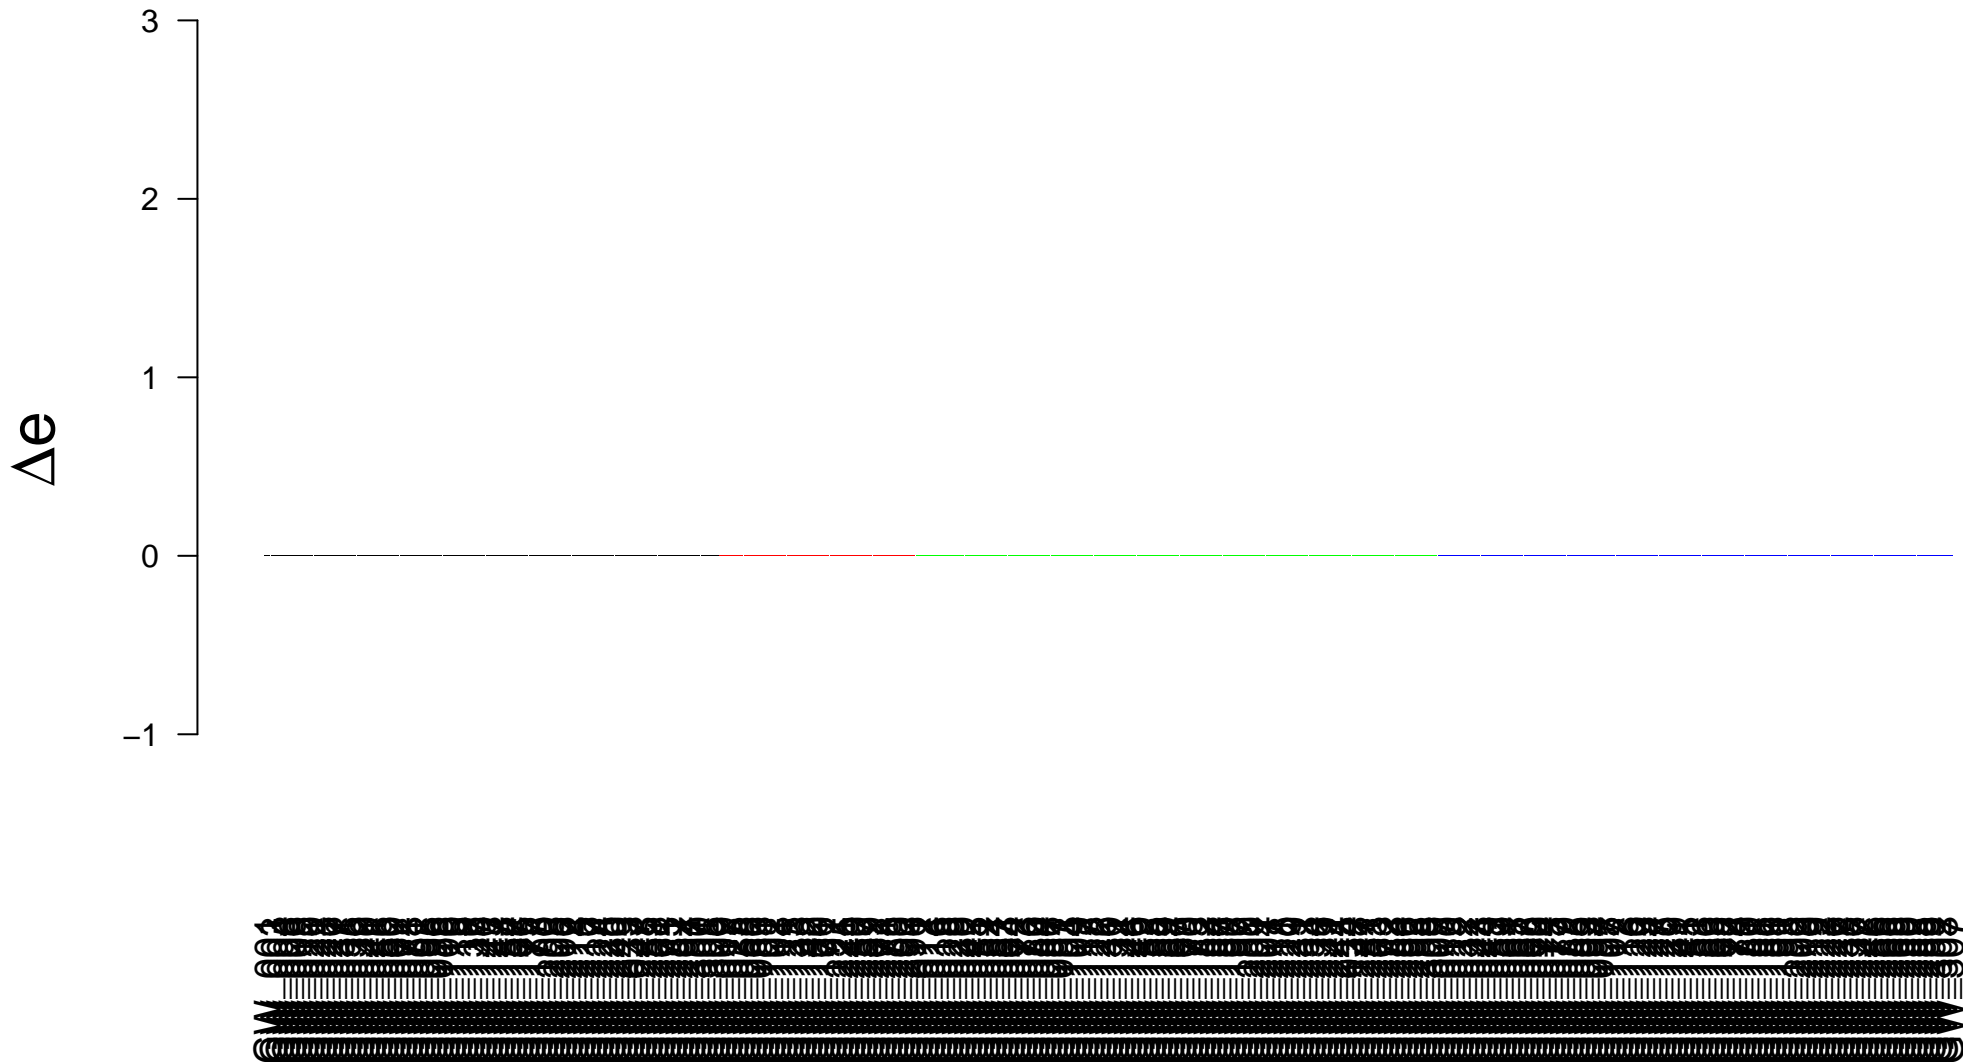

Expression of response to ischemia in Spot D

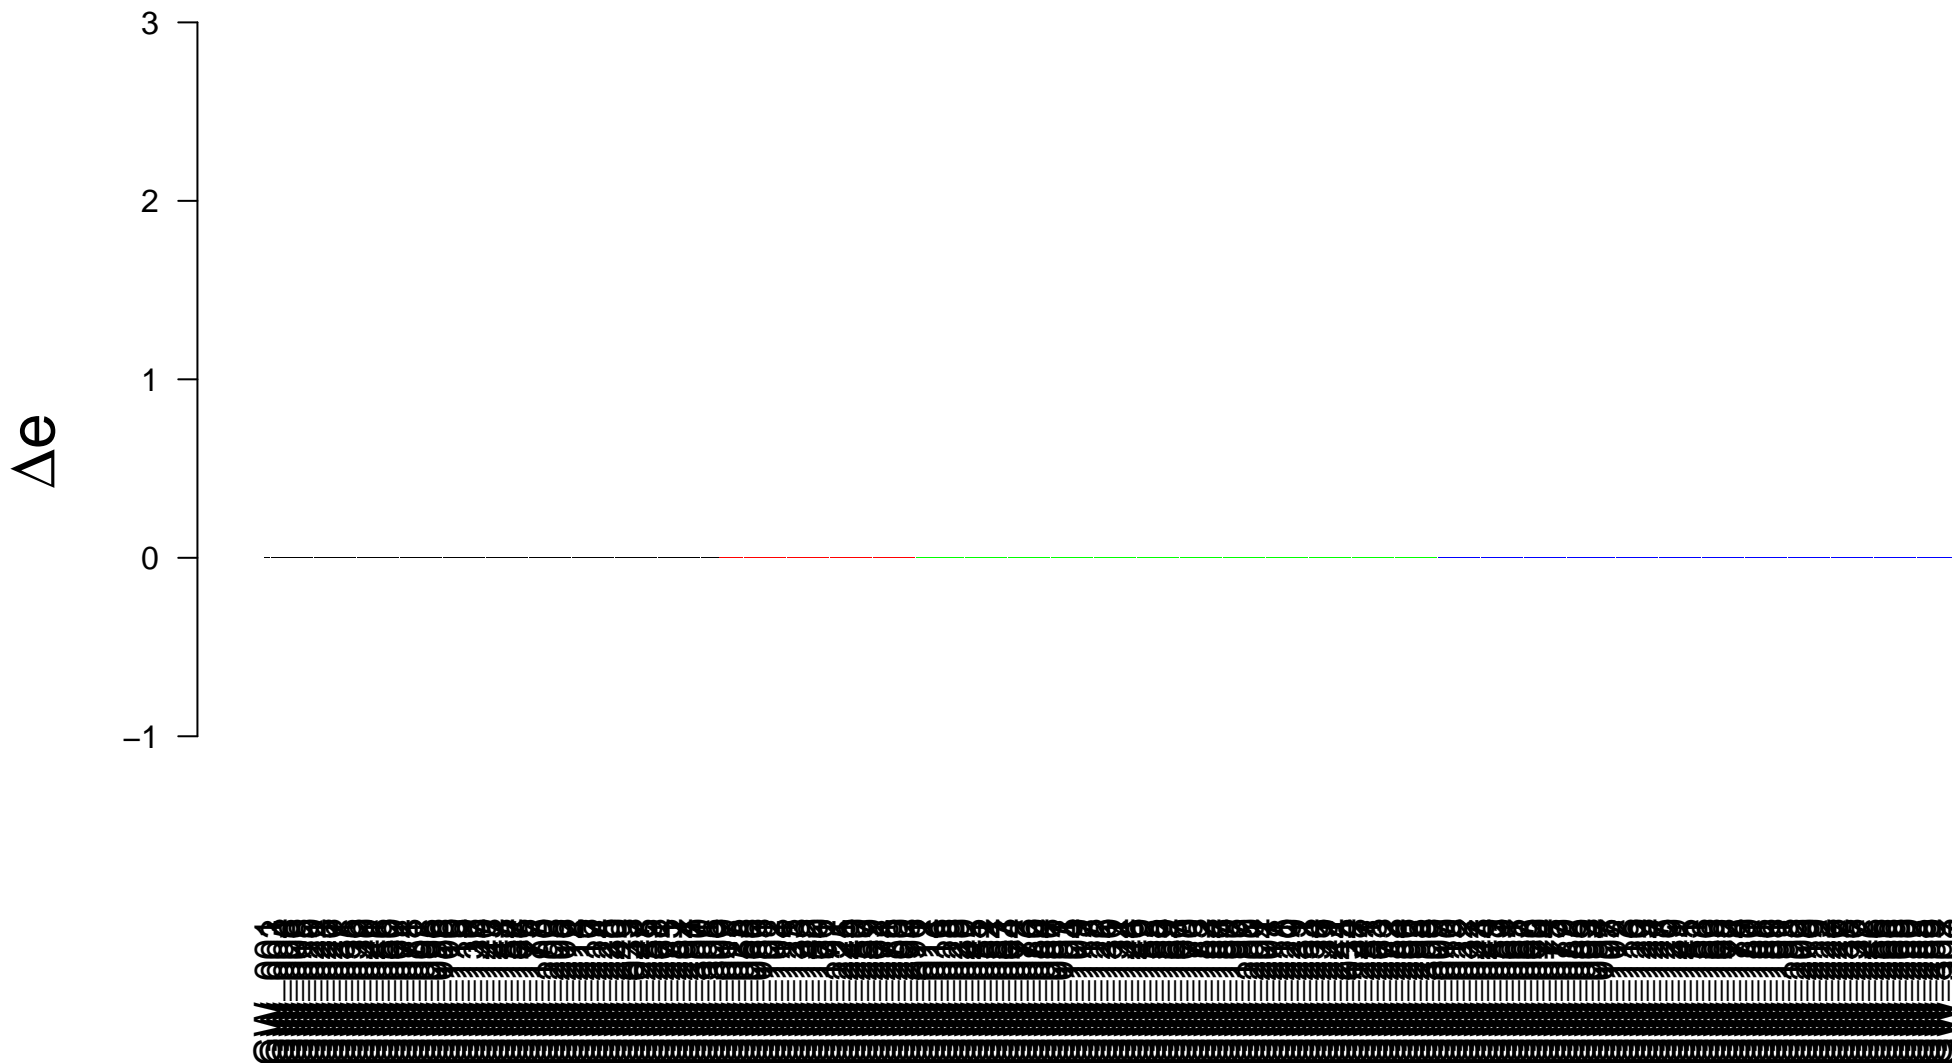

Expression of response to ischemia in Spot E

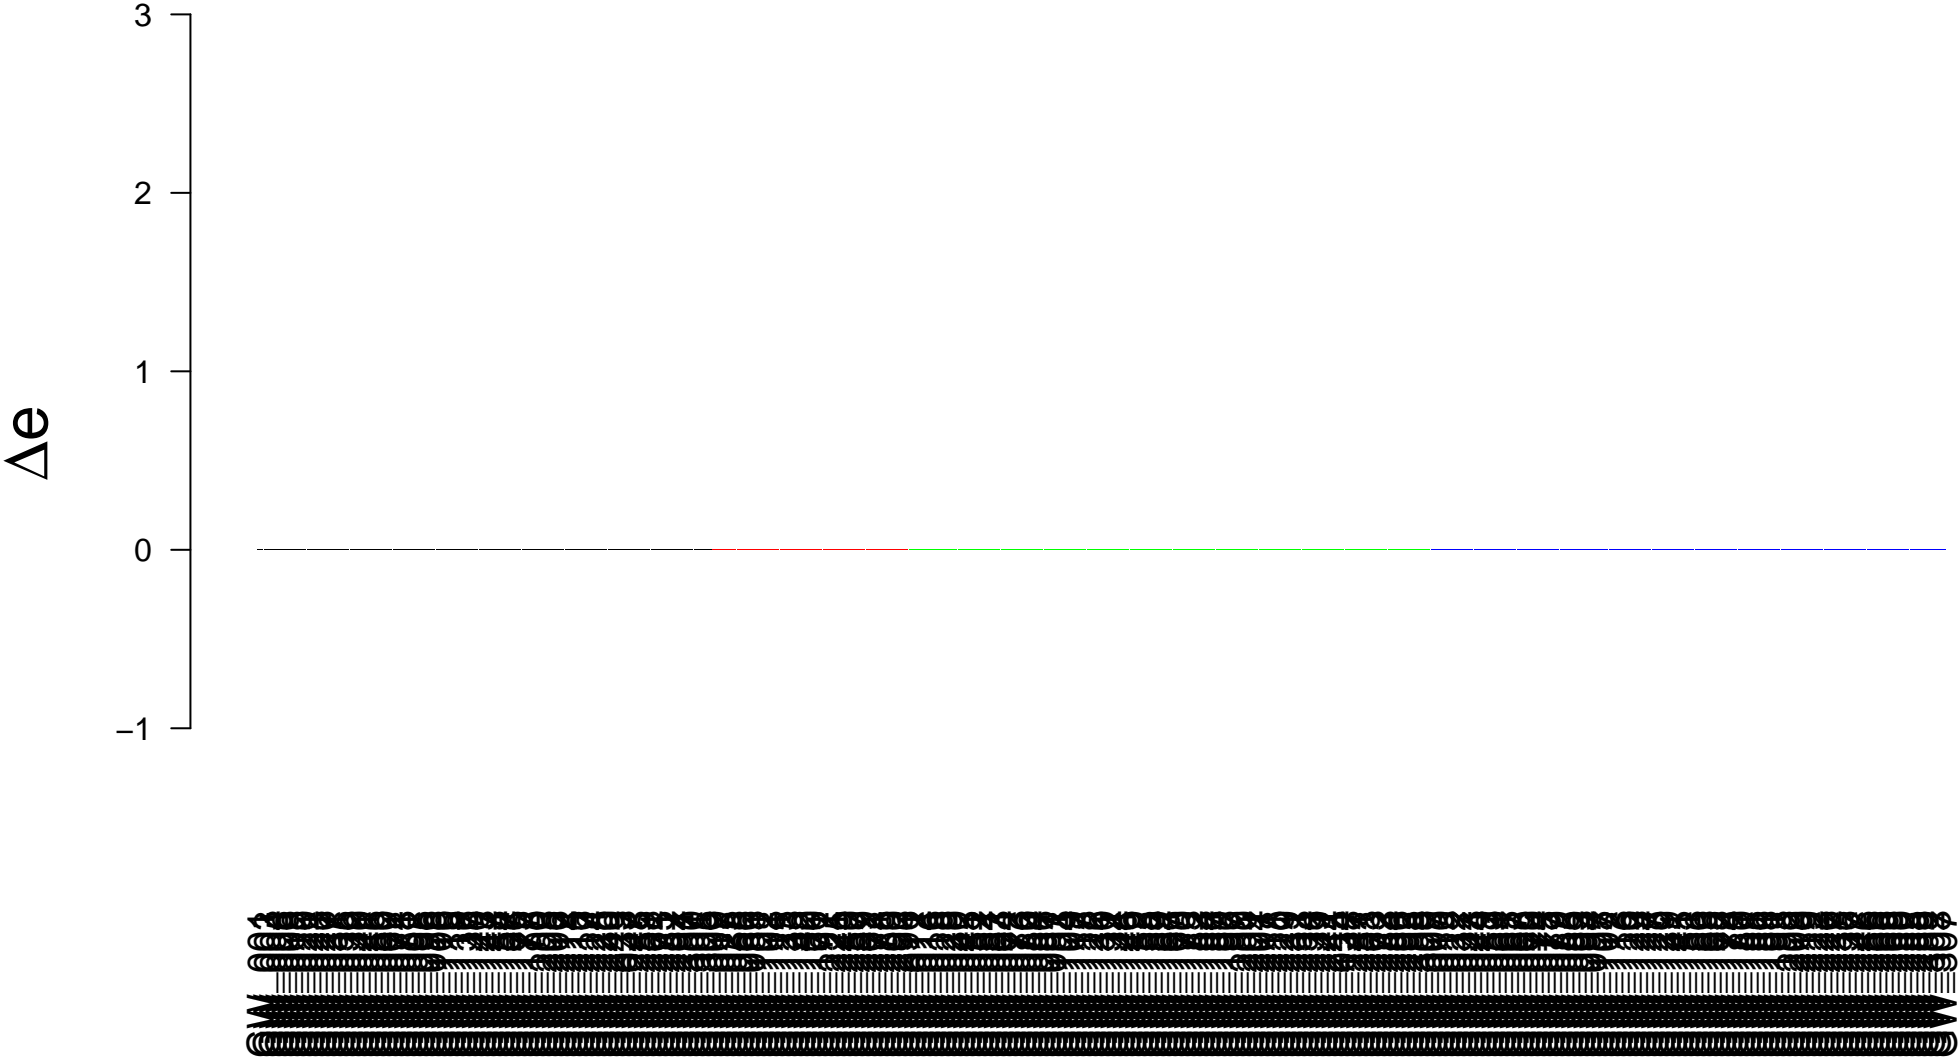

Expression of response to ischemia in Spot F

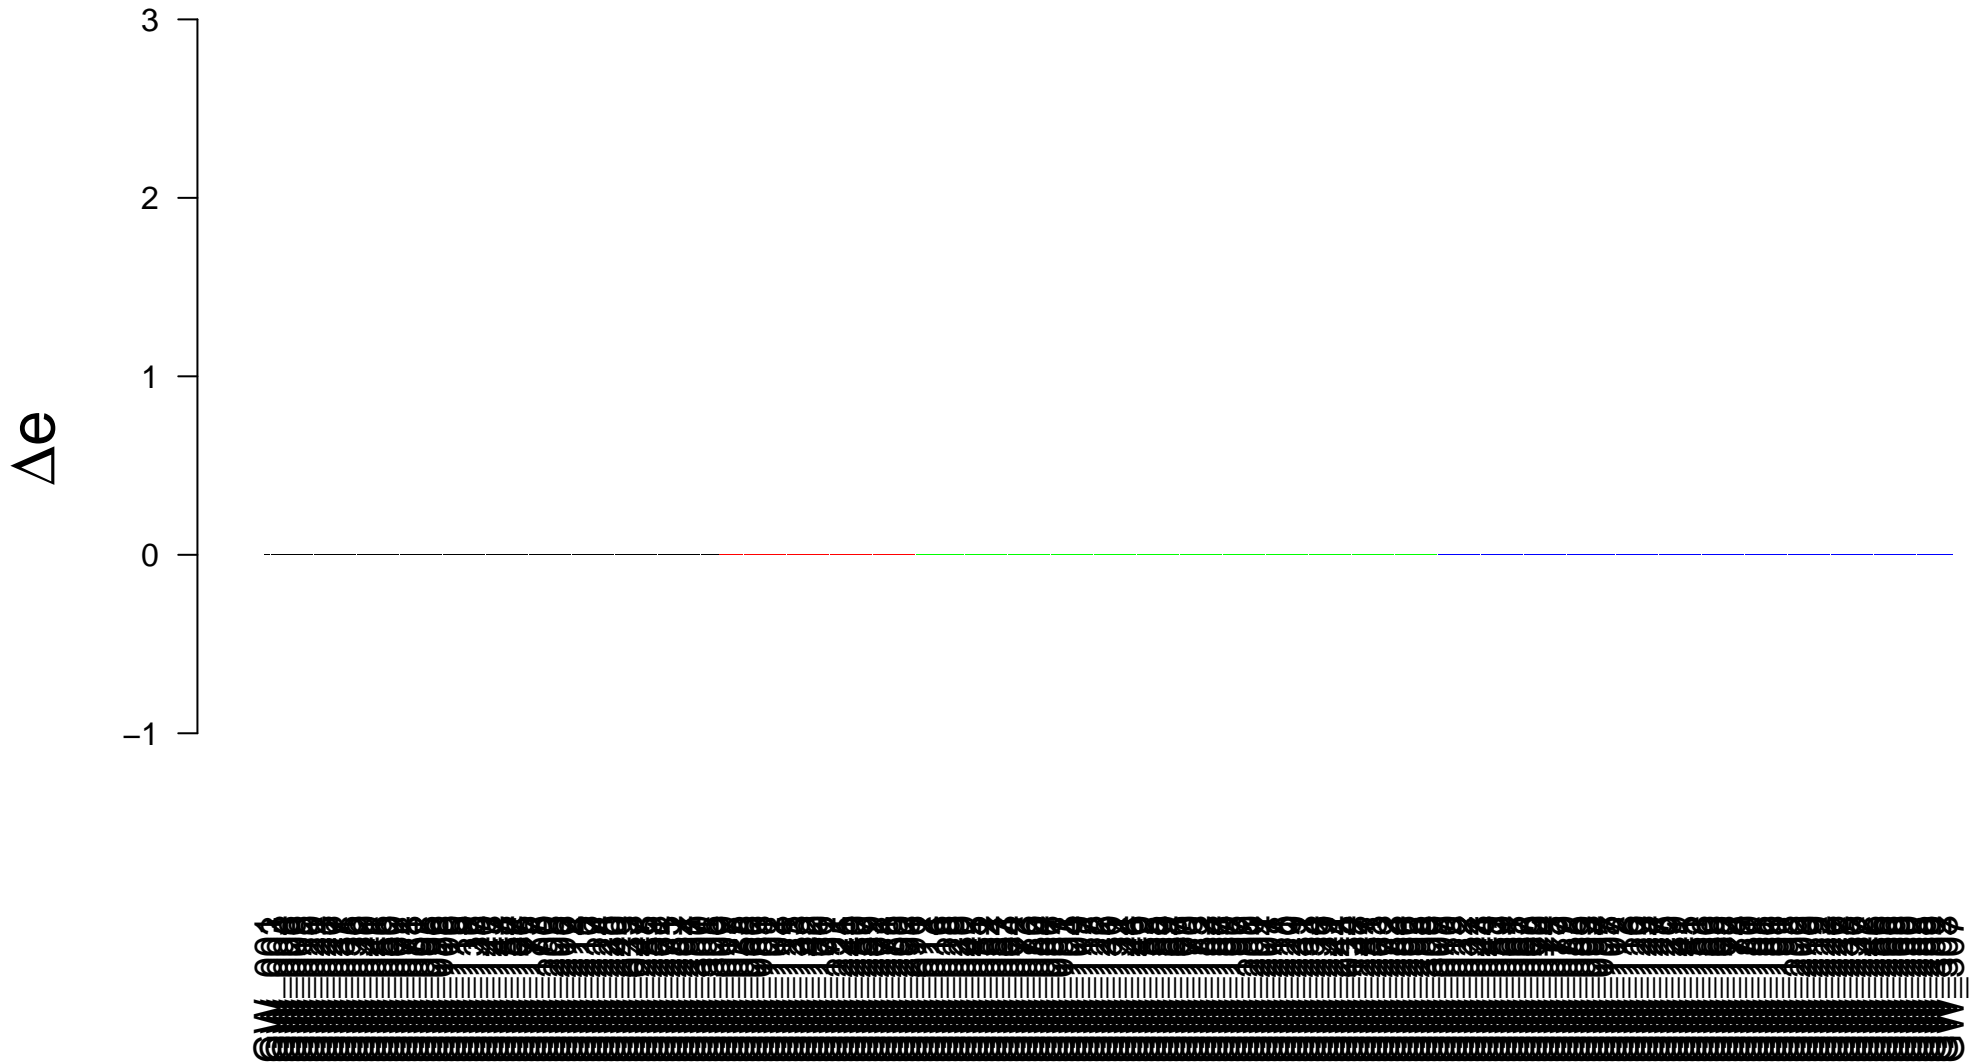

Expression of response to ischemia in Spot G

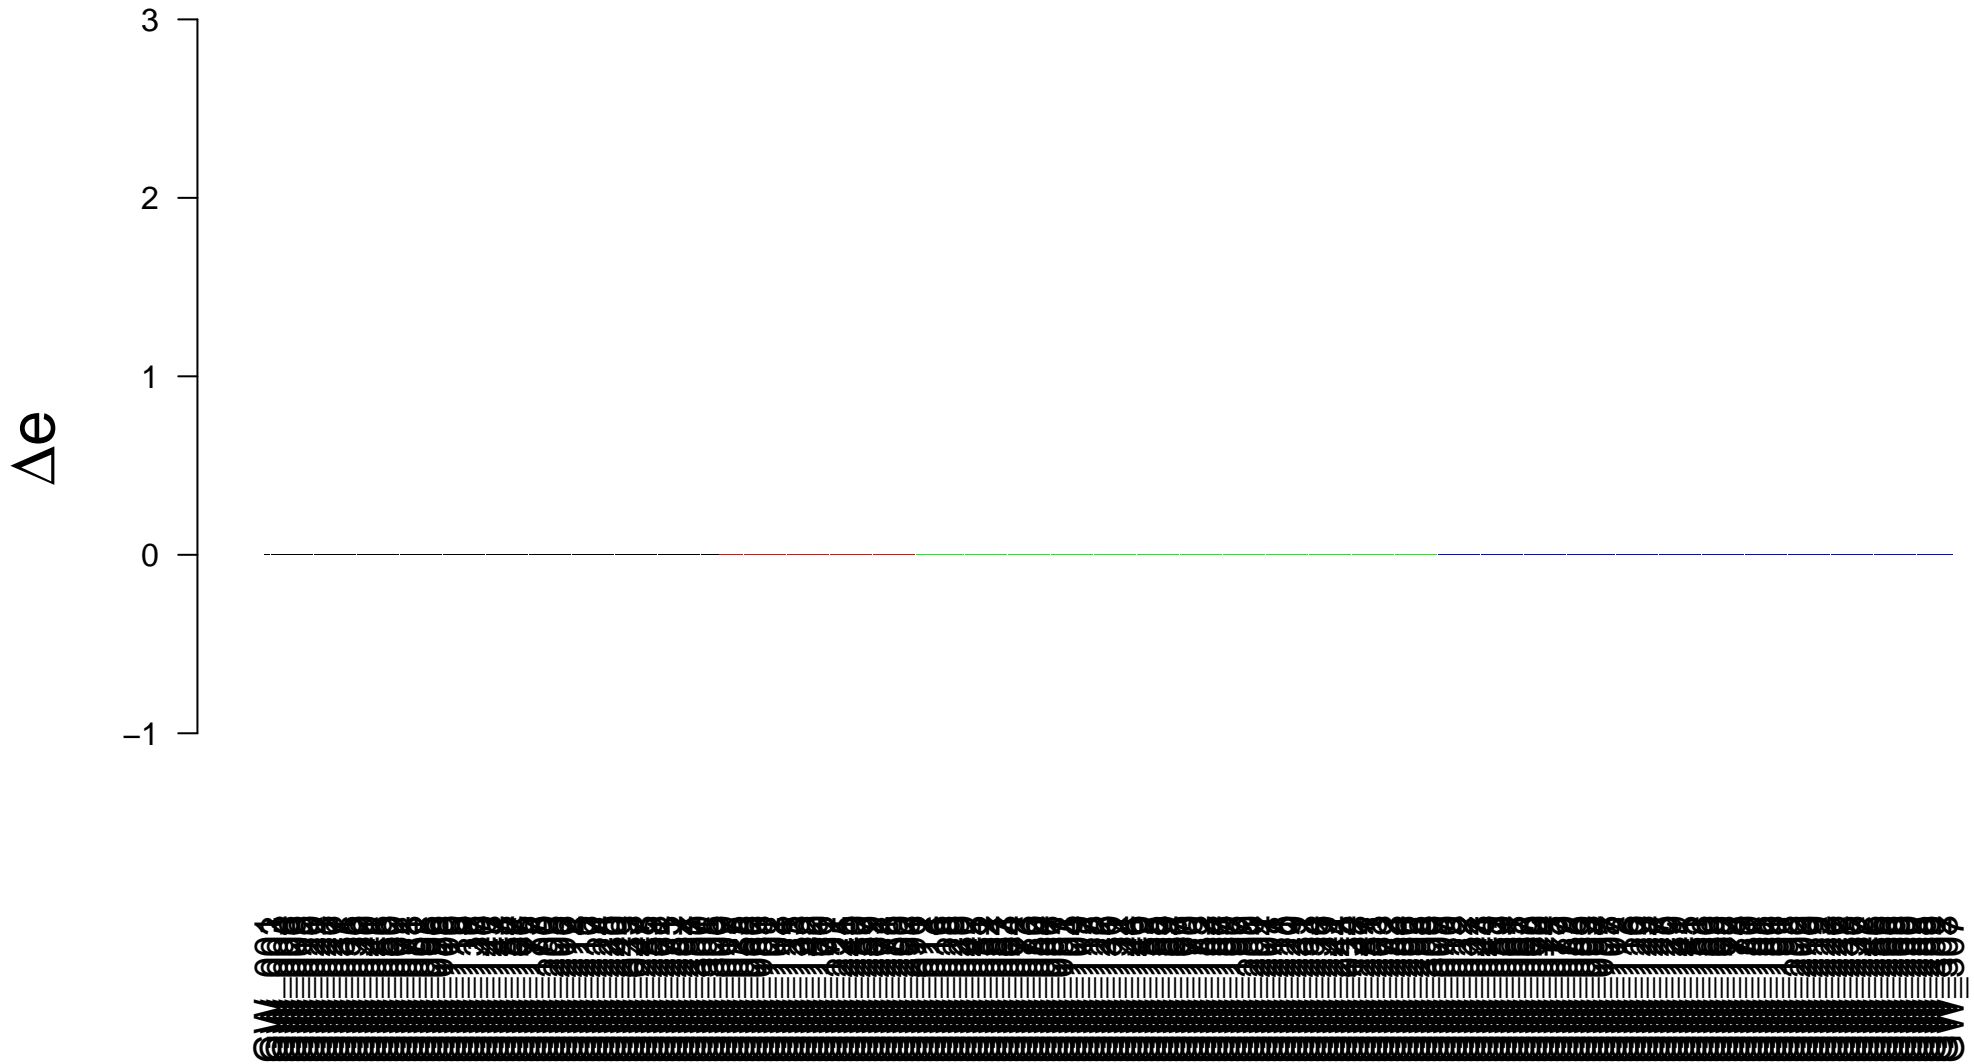

Expression of response to ischemia in Spot H

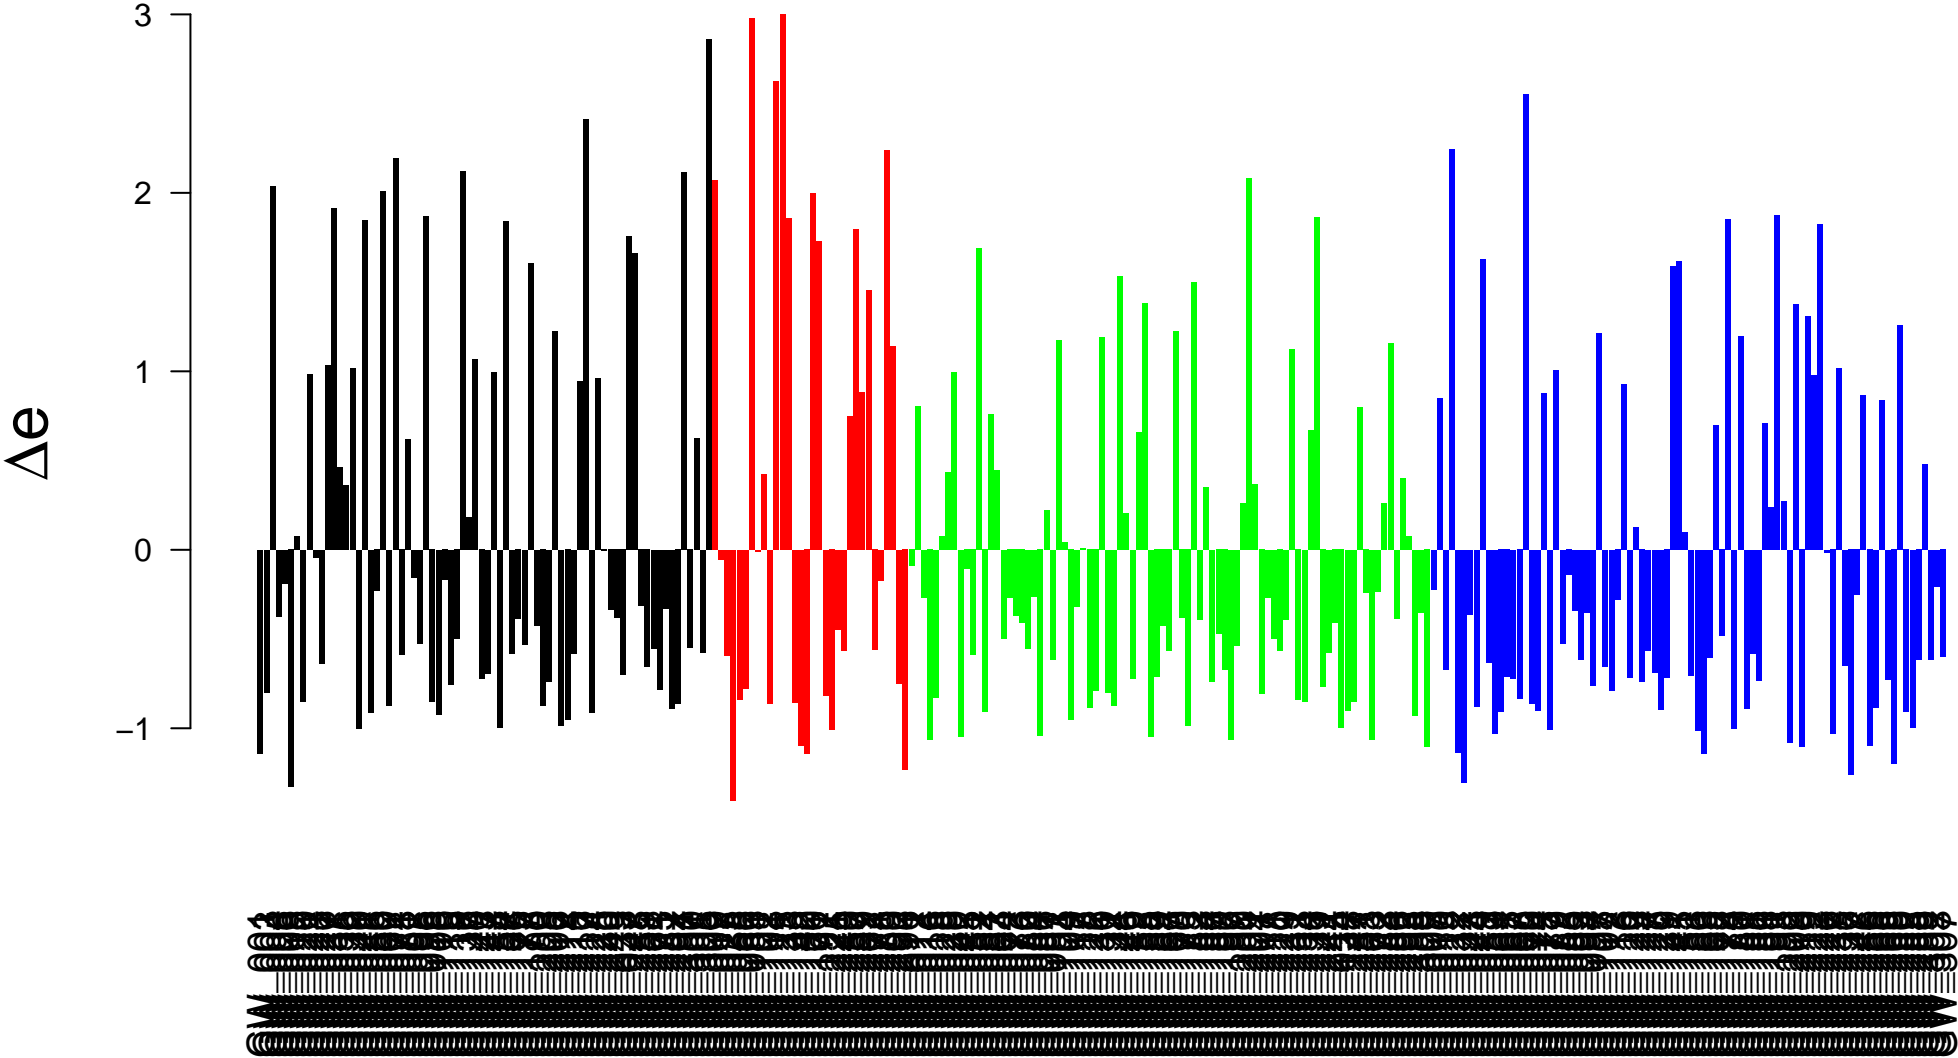

Expression of response to ischemia in Spot I

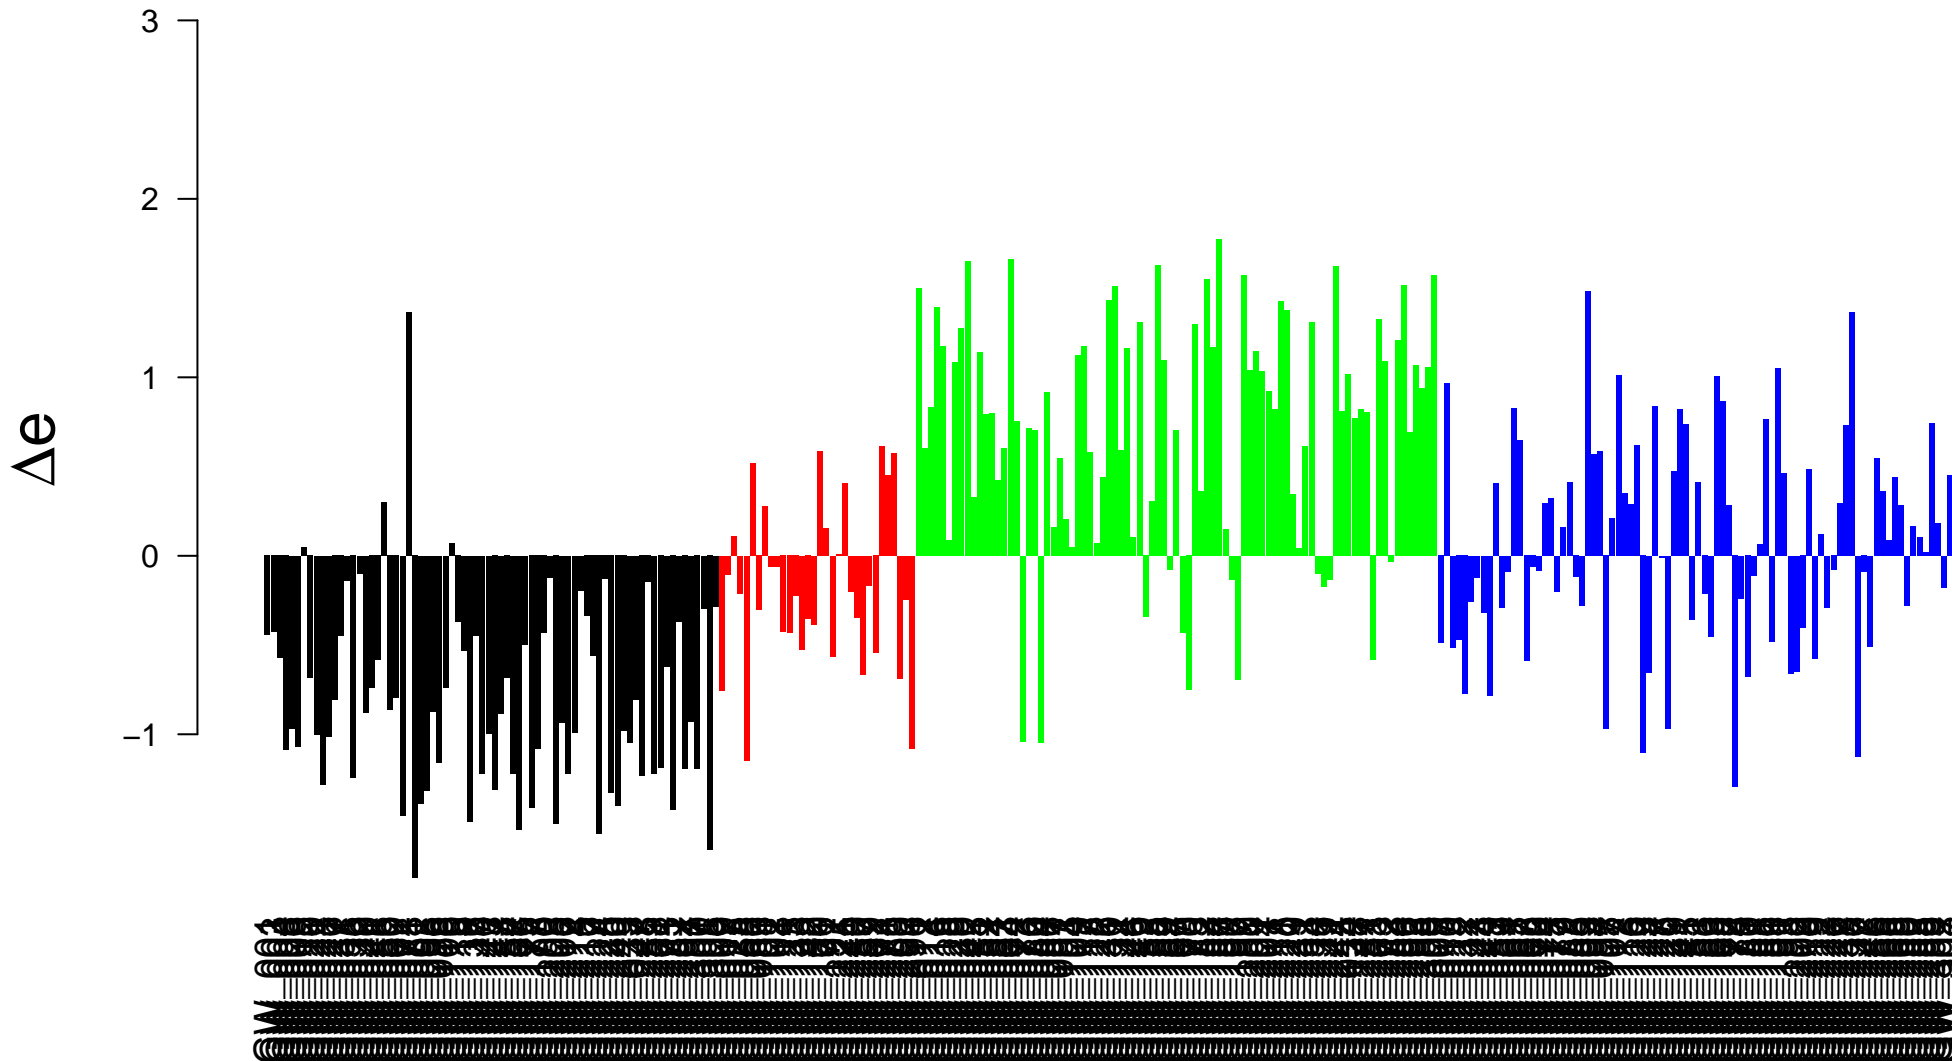

Expression of response to ischemia in Spot J

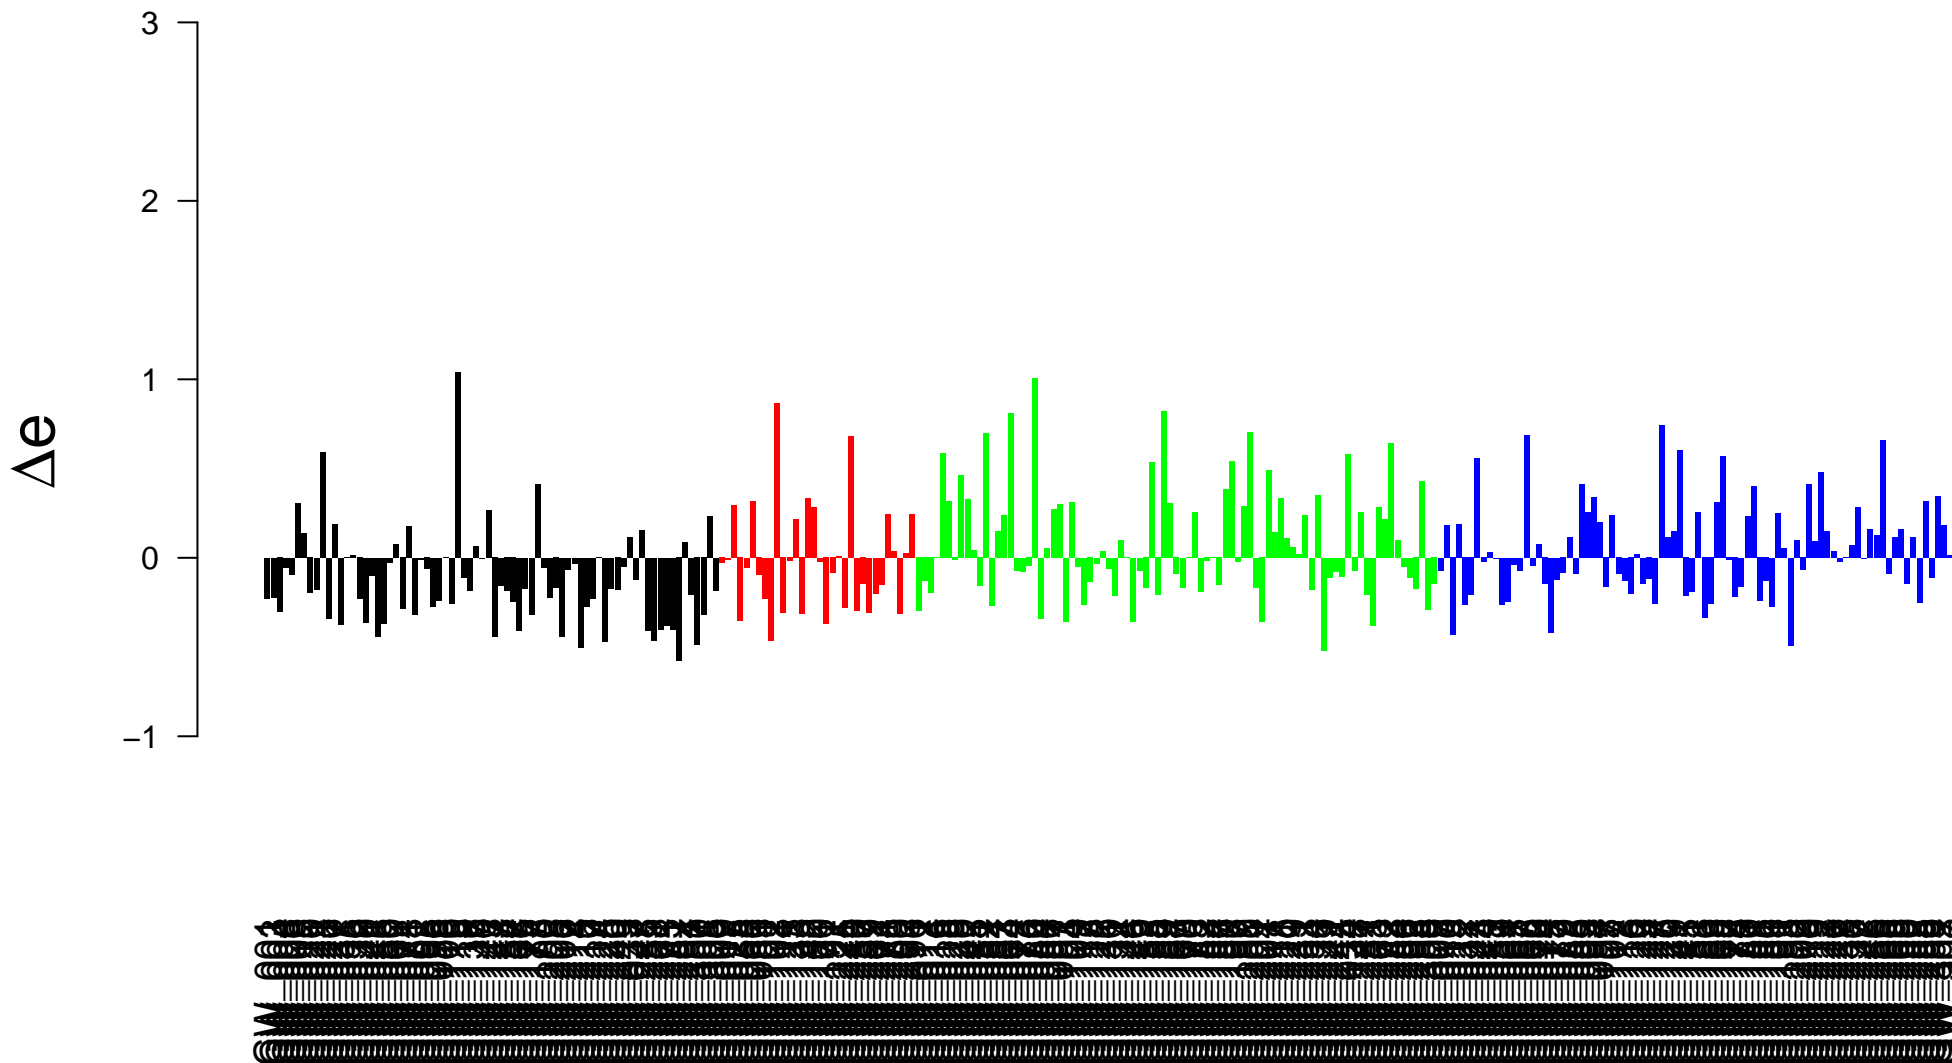

Expression of response to ischemia in Spot K

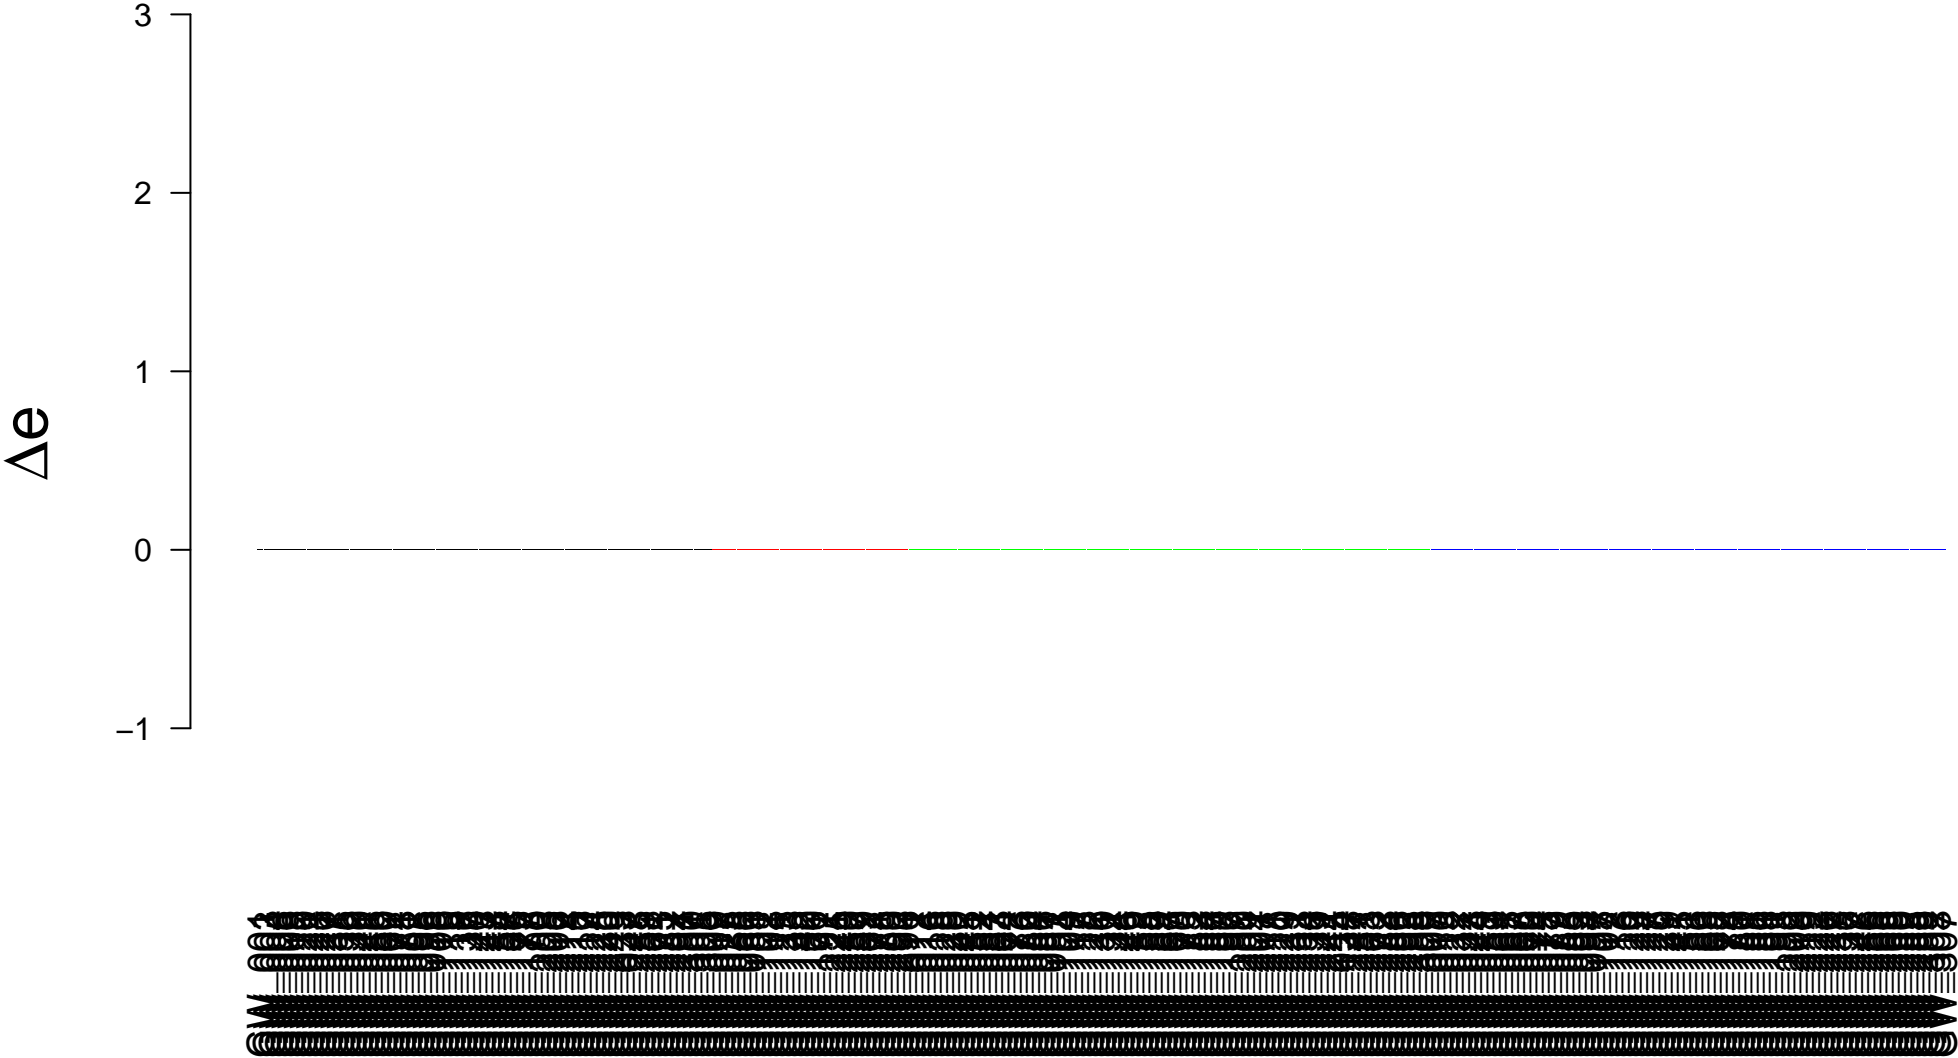

Expression of response to ischemia in Spot L

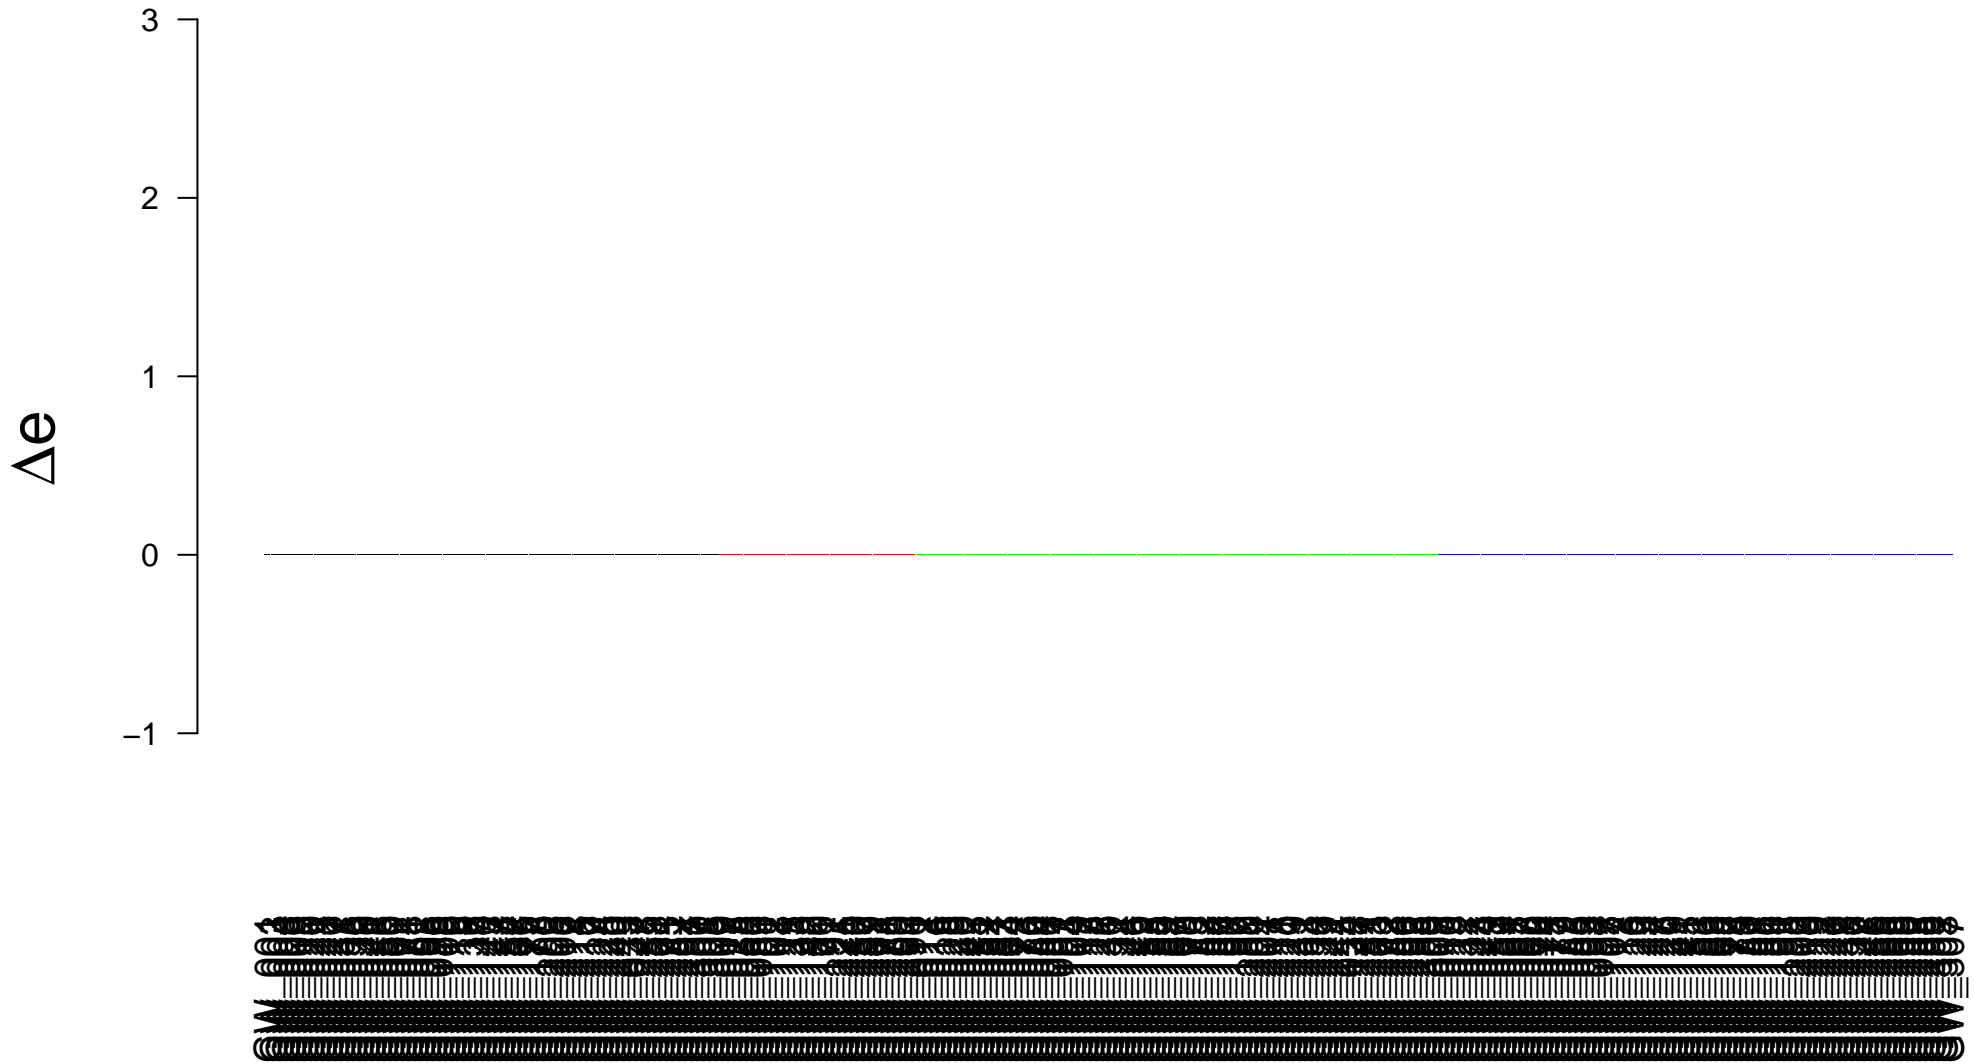

Expression of response to ischemia in Spot M

Expression of response to ischemia in Spot N

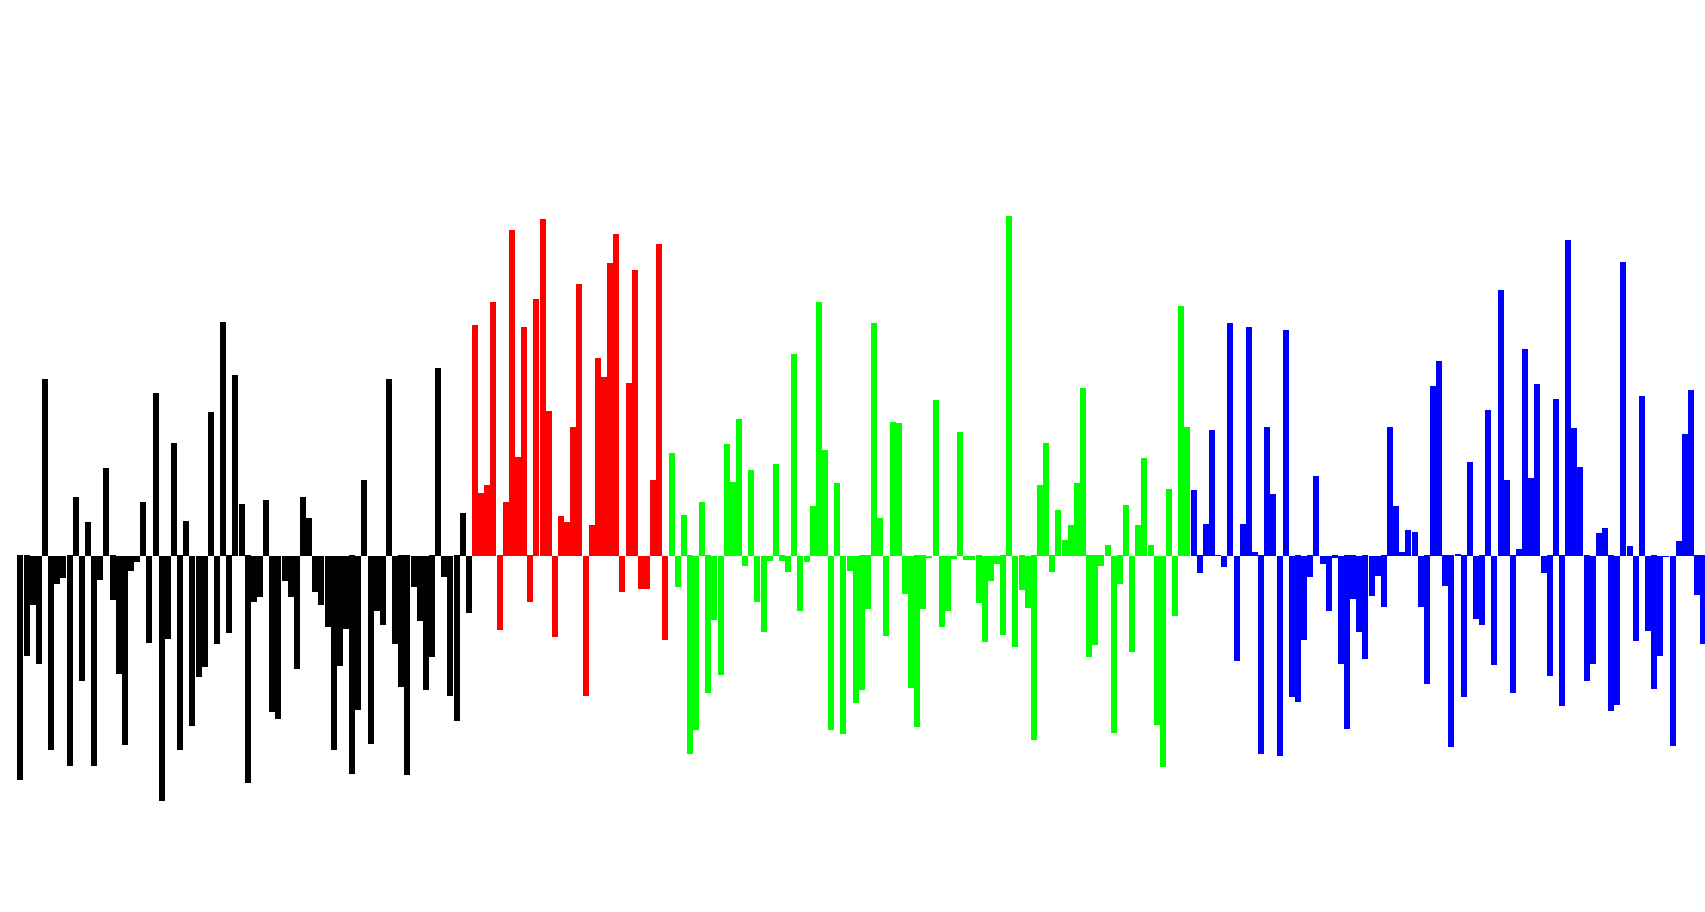

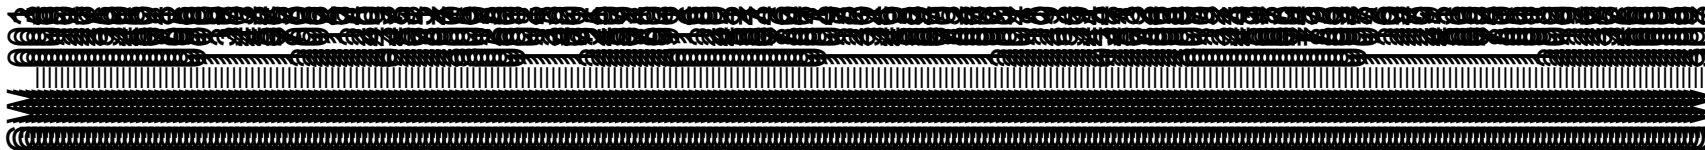

Expression of response to ischemia in Spot O

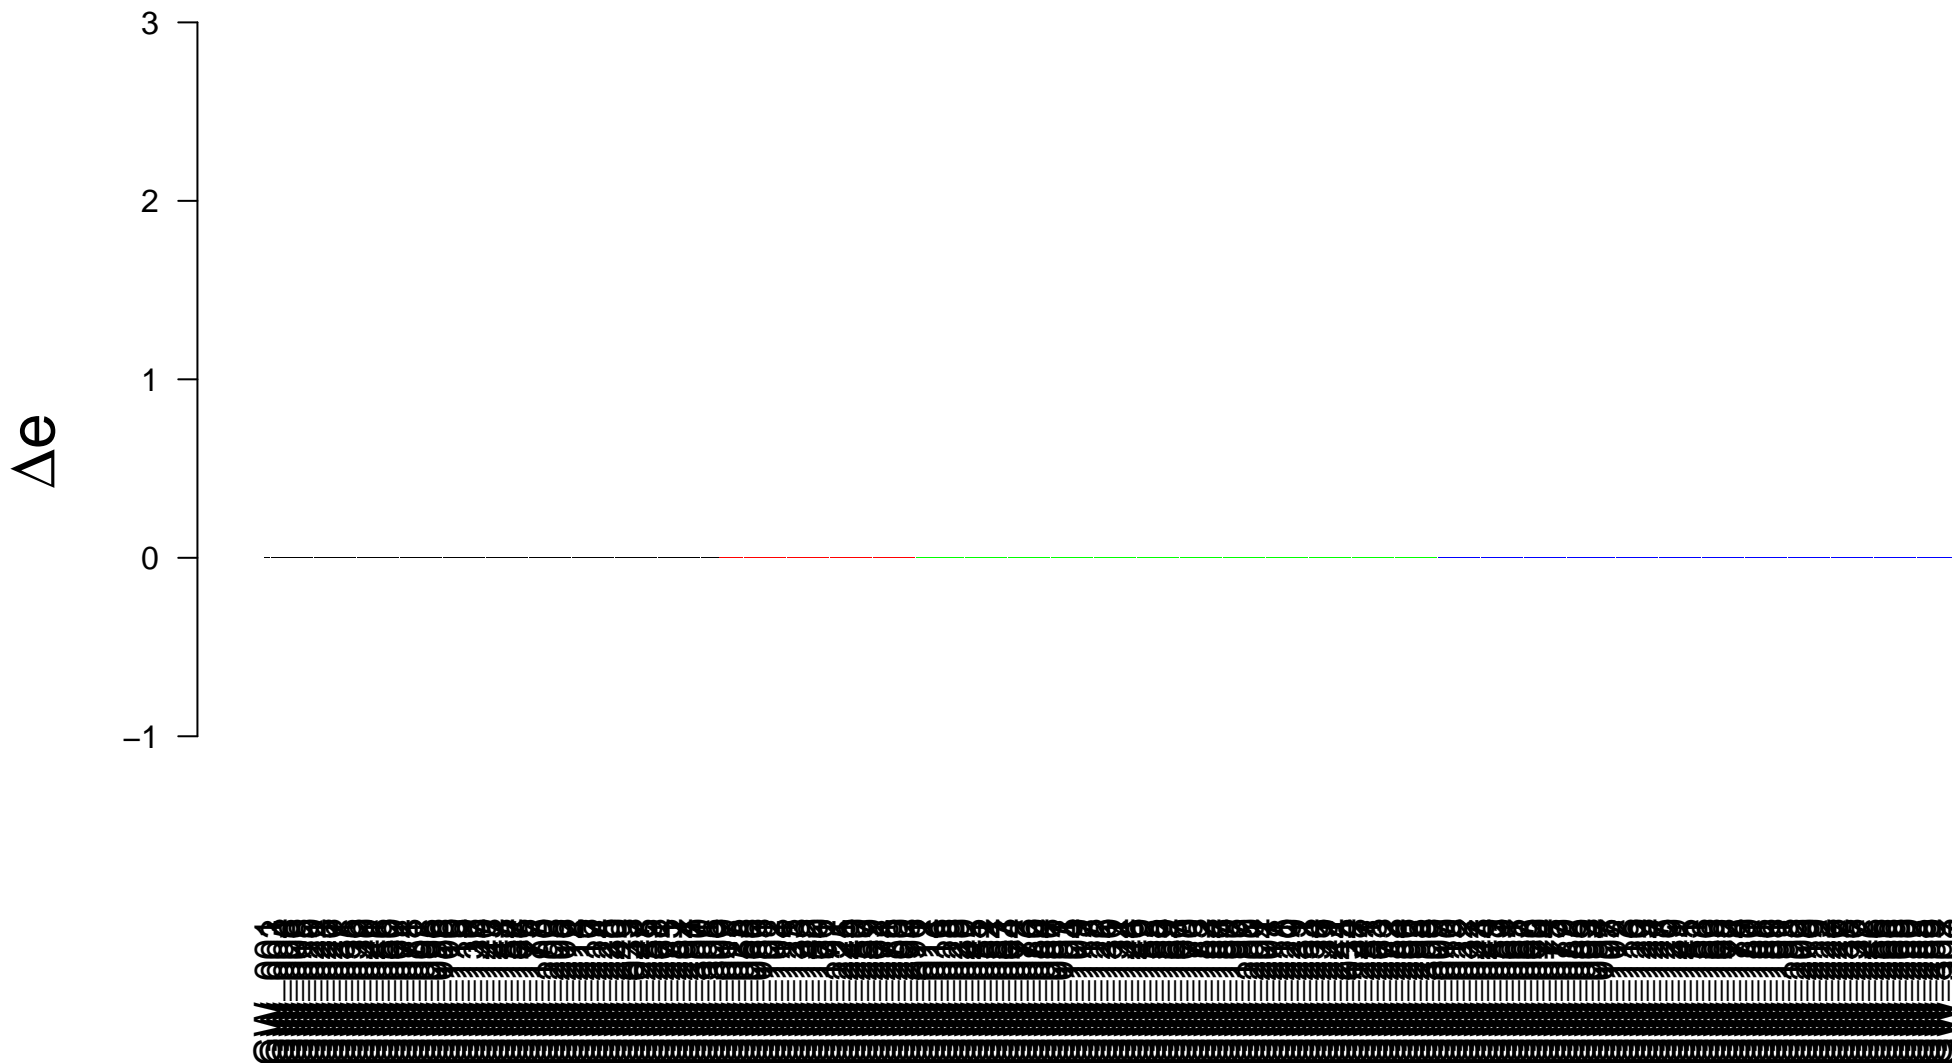

Expression of response to ischemia in Spot P
