

response to lipopolysaccharide

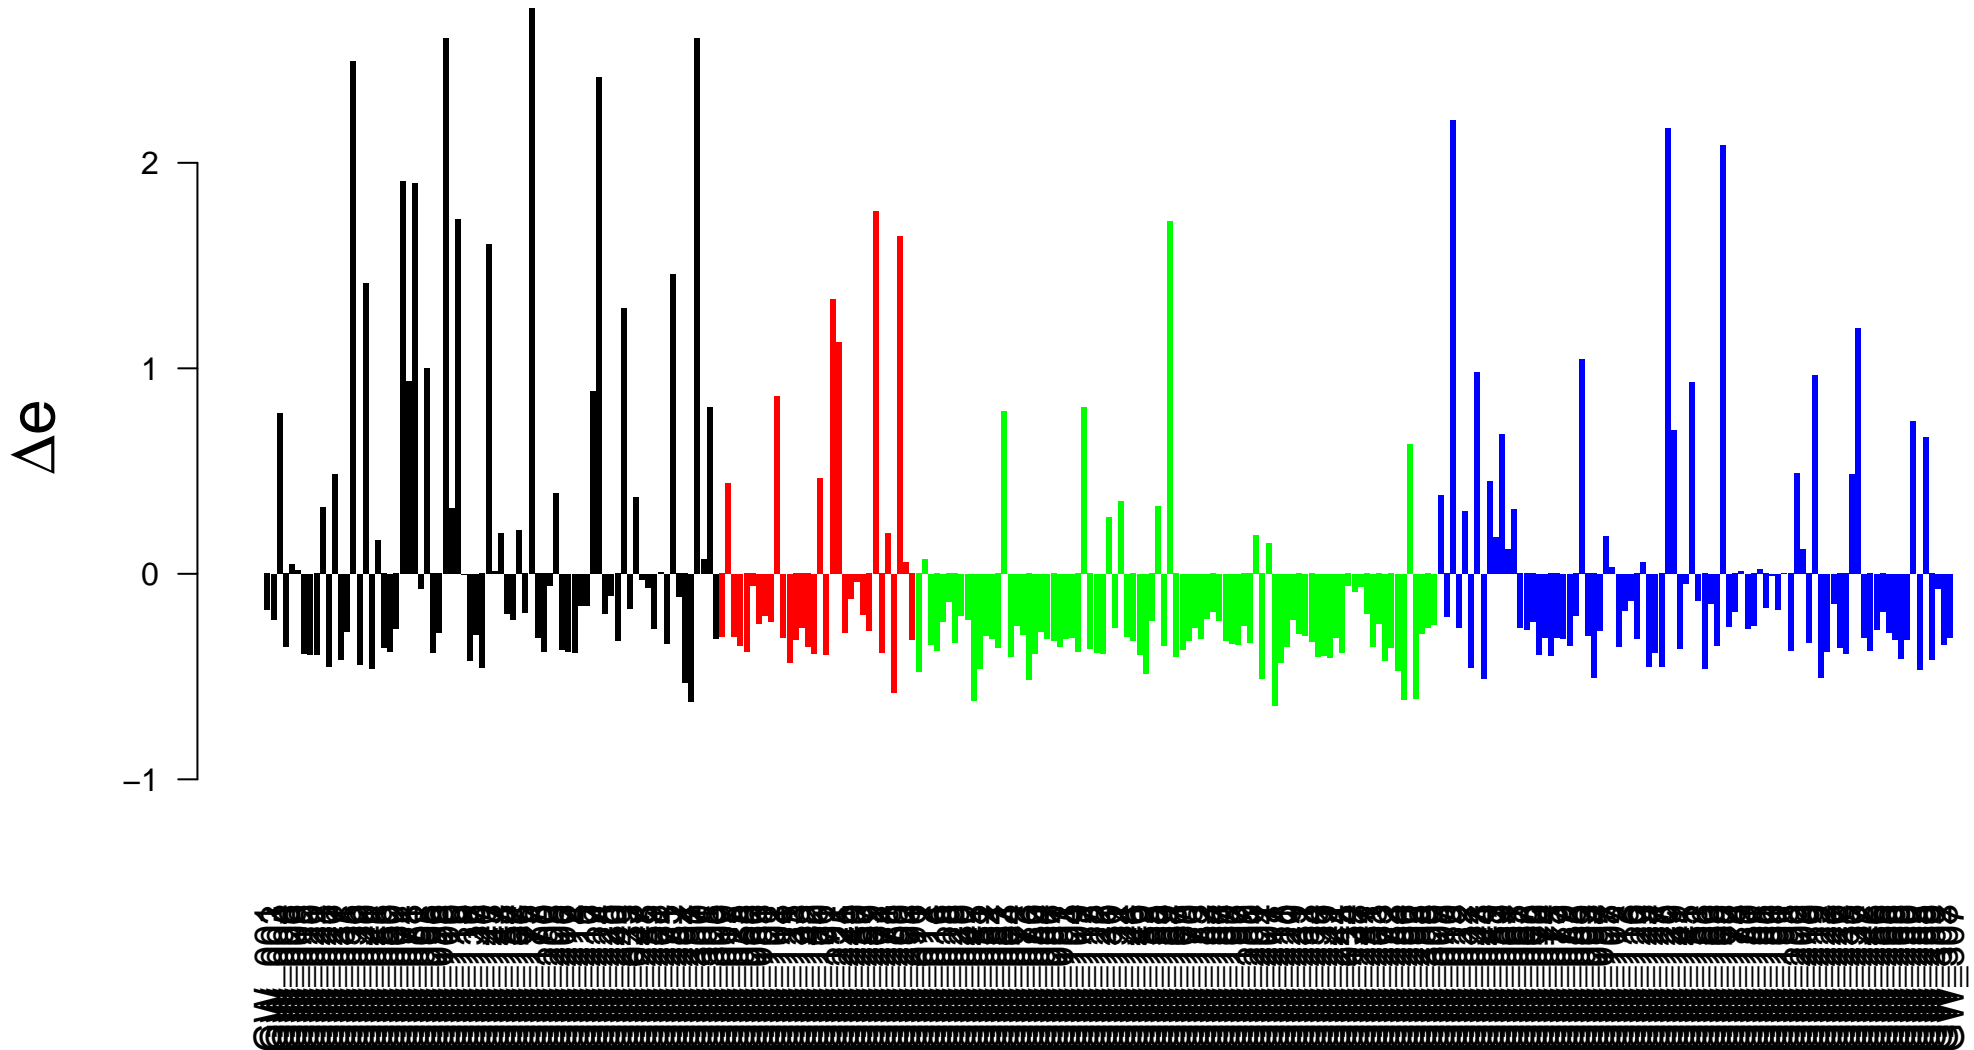

# response to lipopolysaccharide

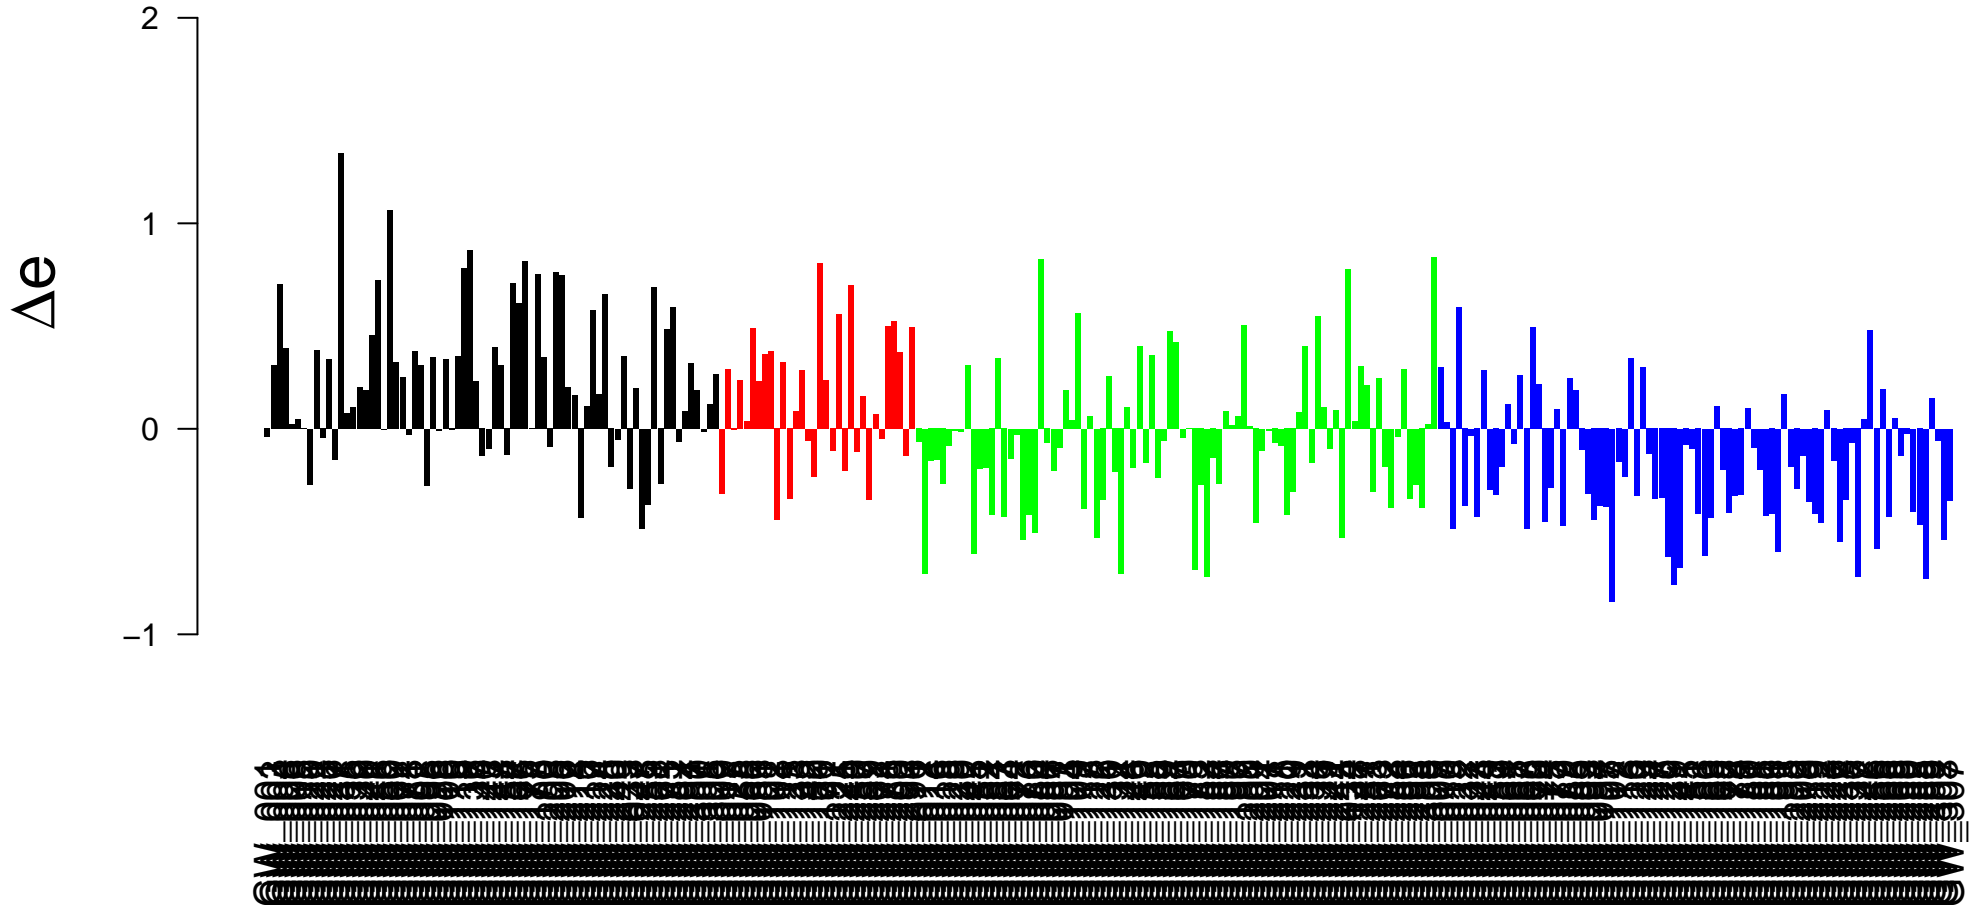

# Enrichment in spots: response to lipopolysaccharide

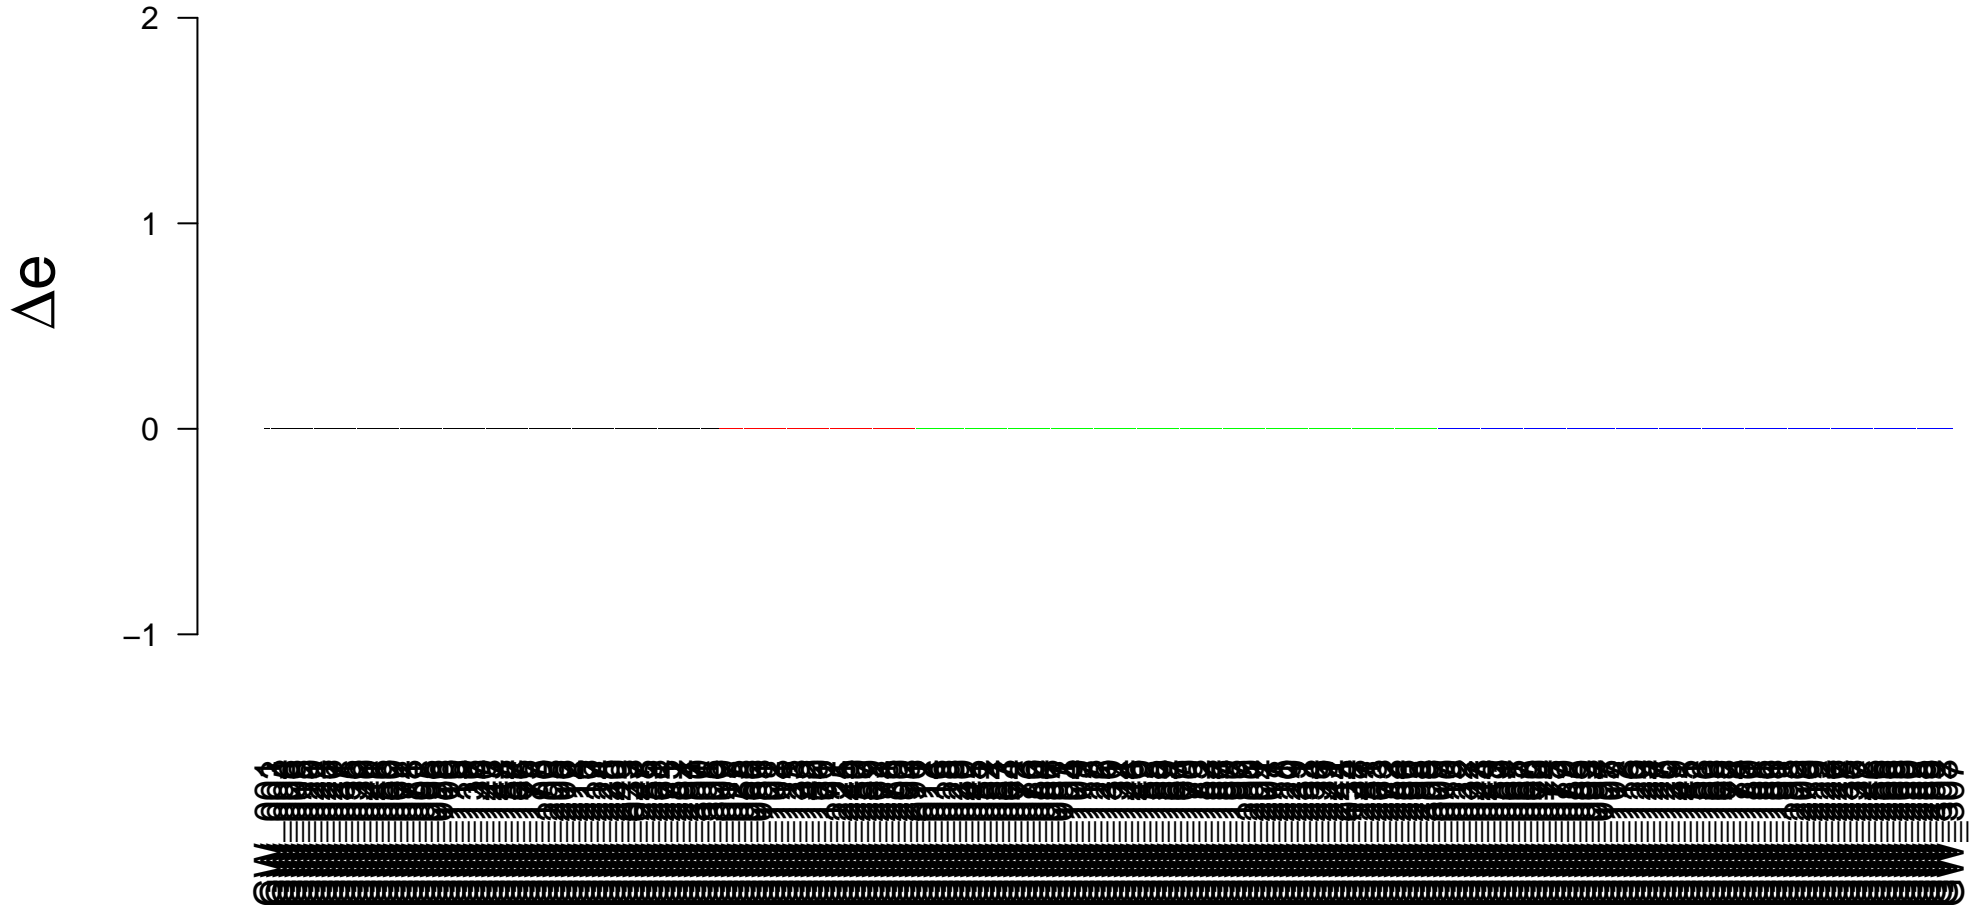

# Expression of response to lipopolysaccharide in Spot A

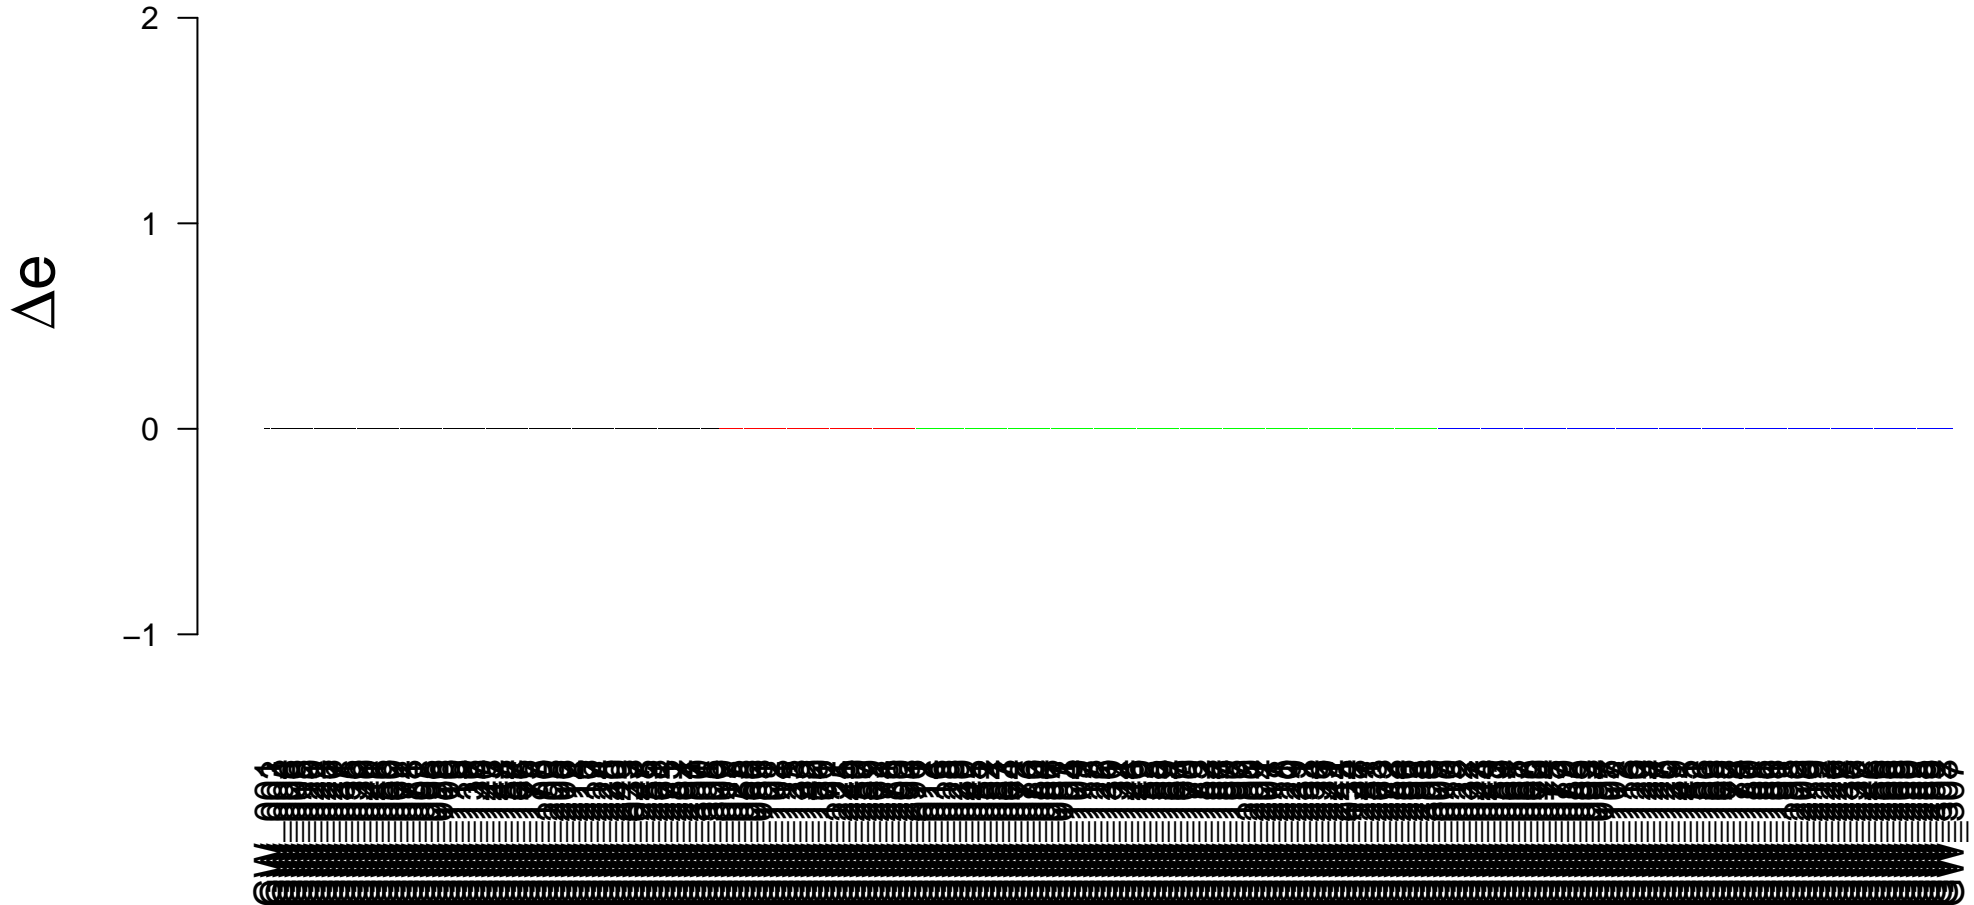

# Expression of response to lipopolysaccharide in Spot B

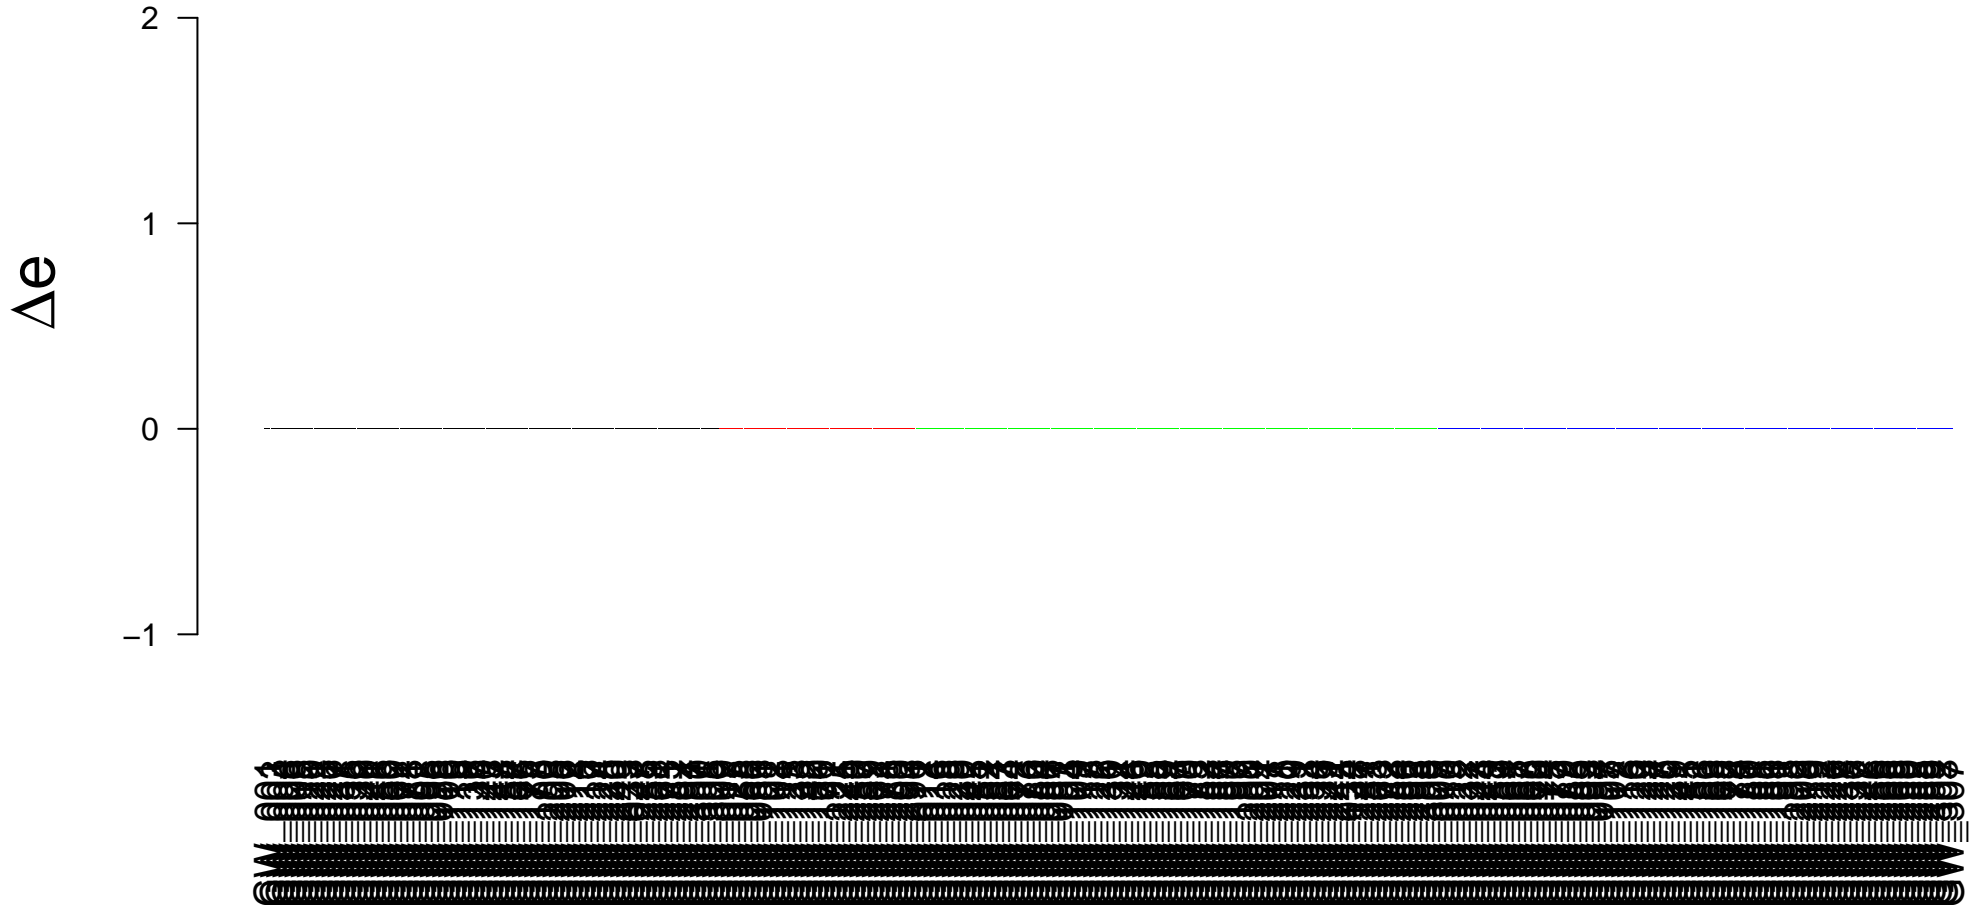

# Expression of response to lipopolysaccharide in Spot C

# Expression of response to lipopolysaccharide in Spot D

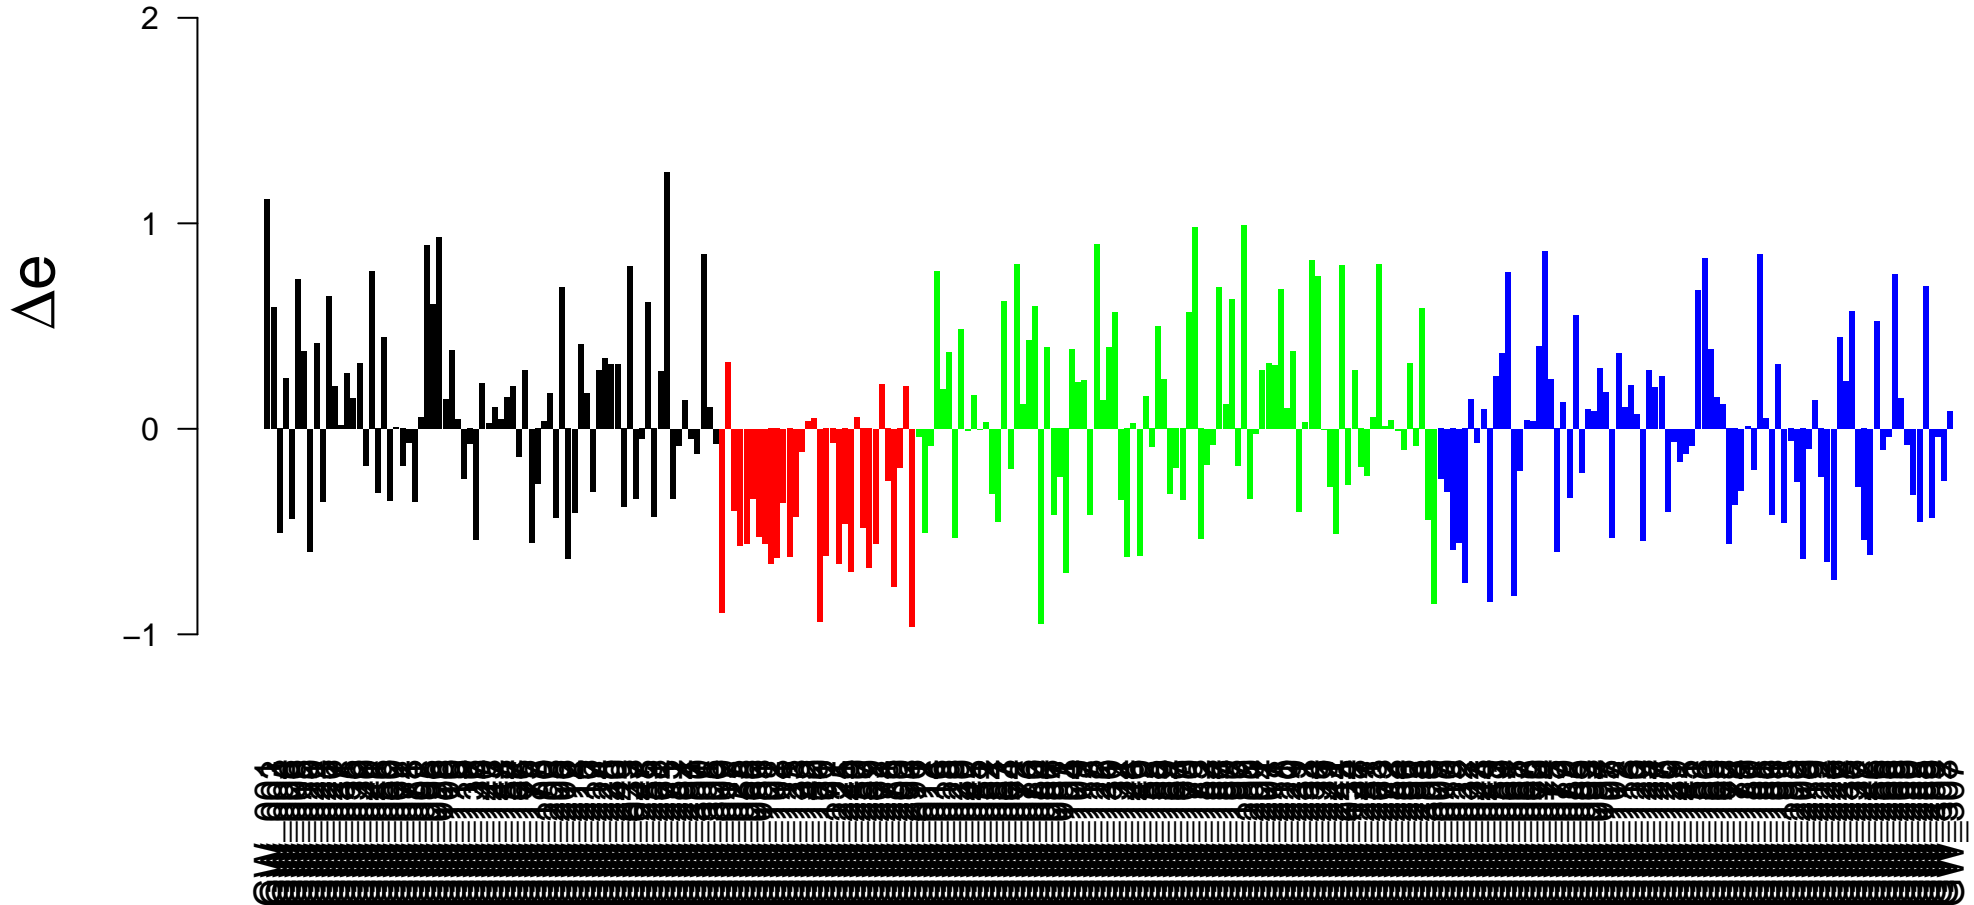

# Expression of response to lipopolysaccharide in Spot E

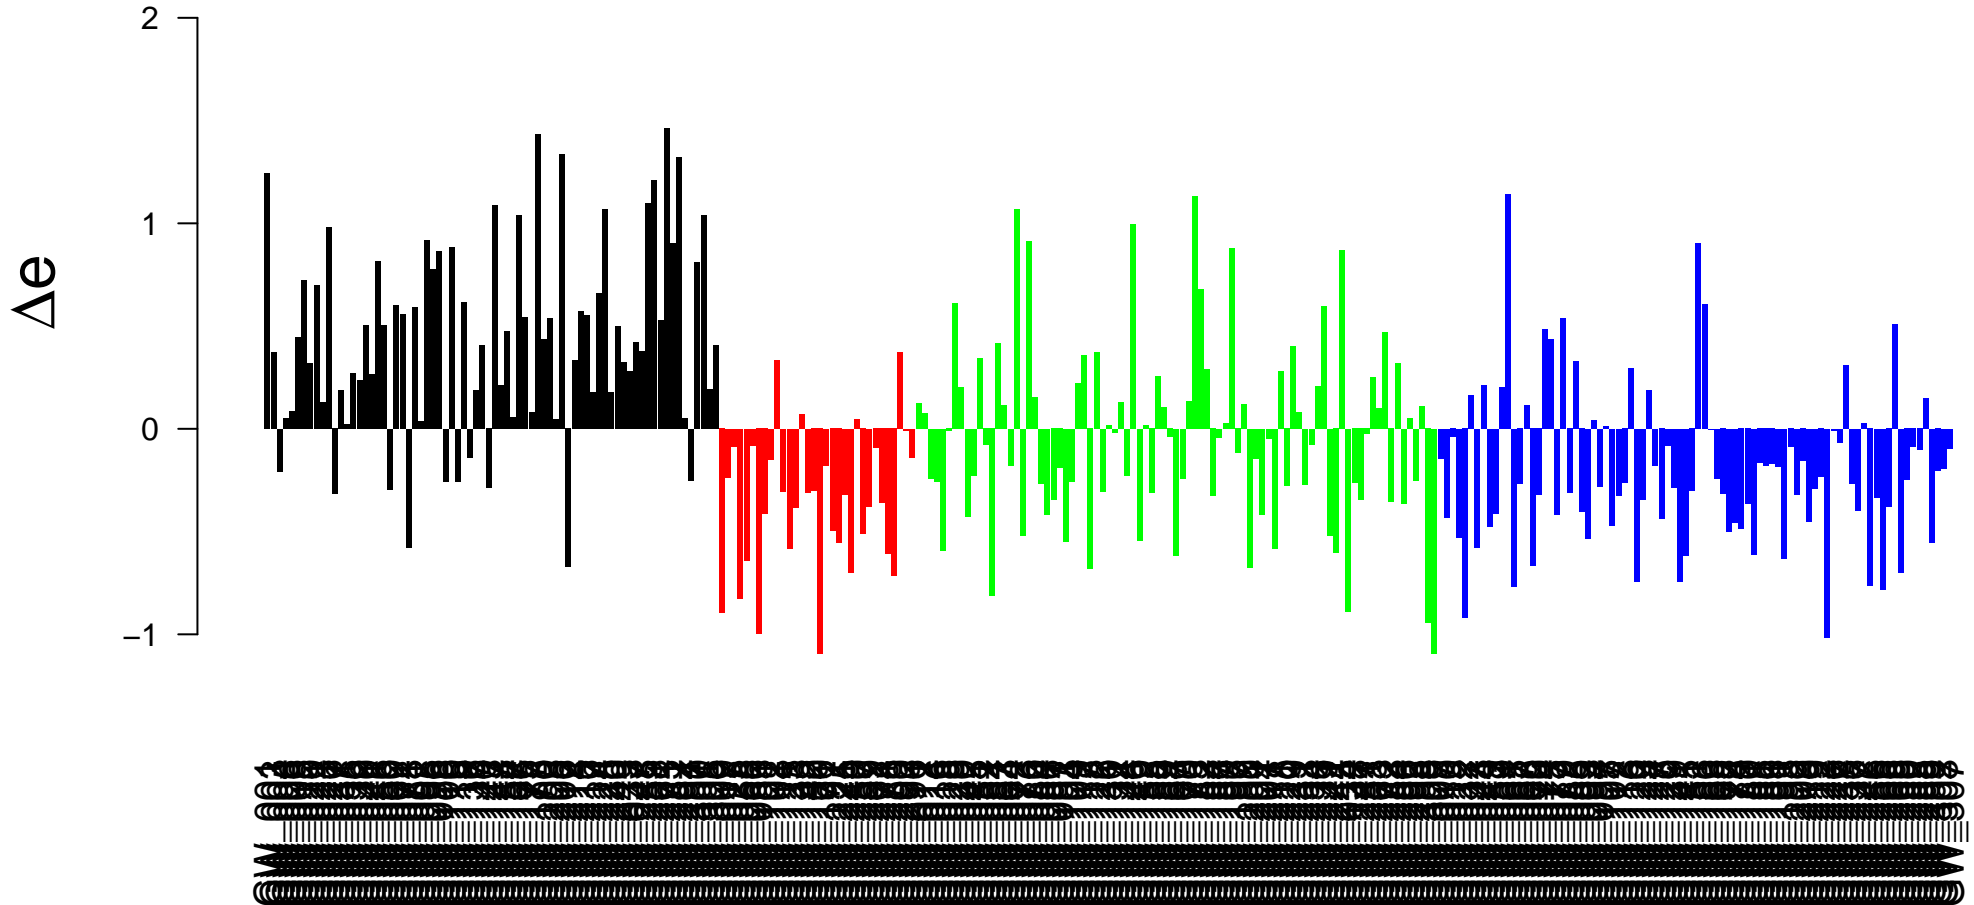

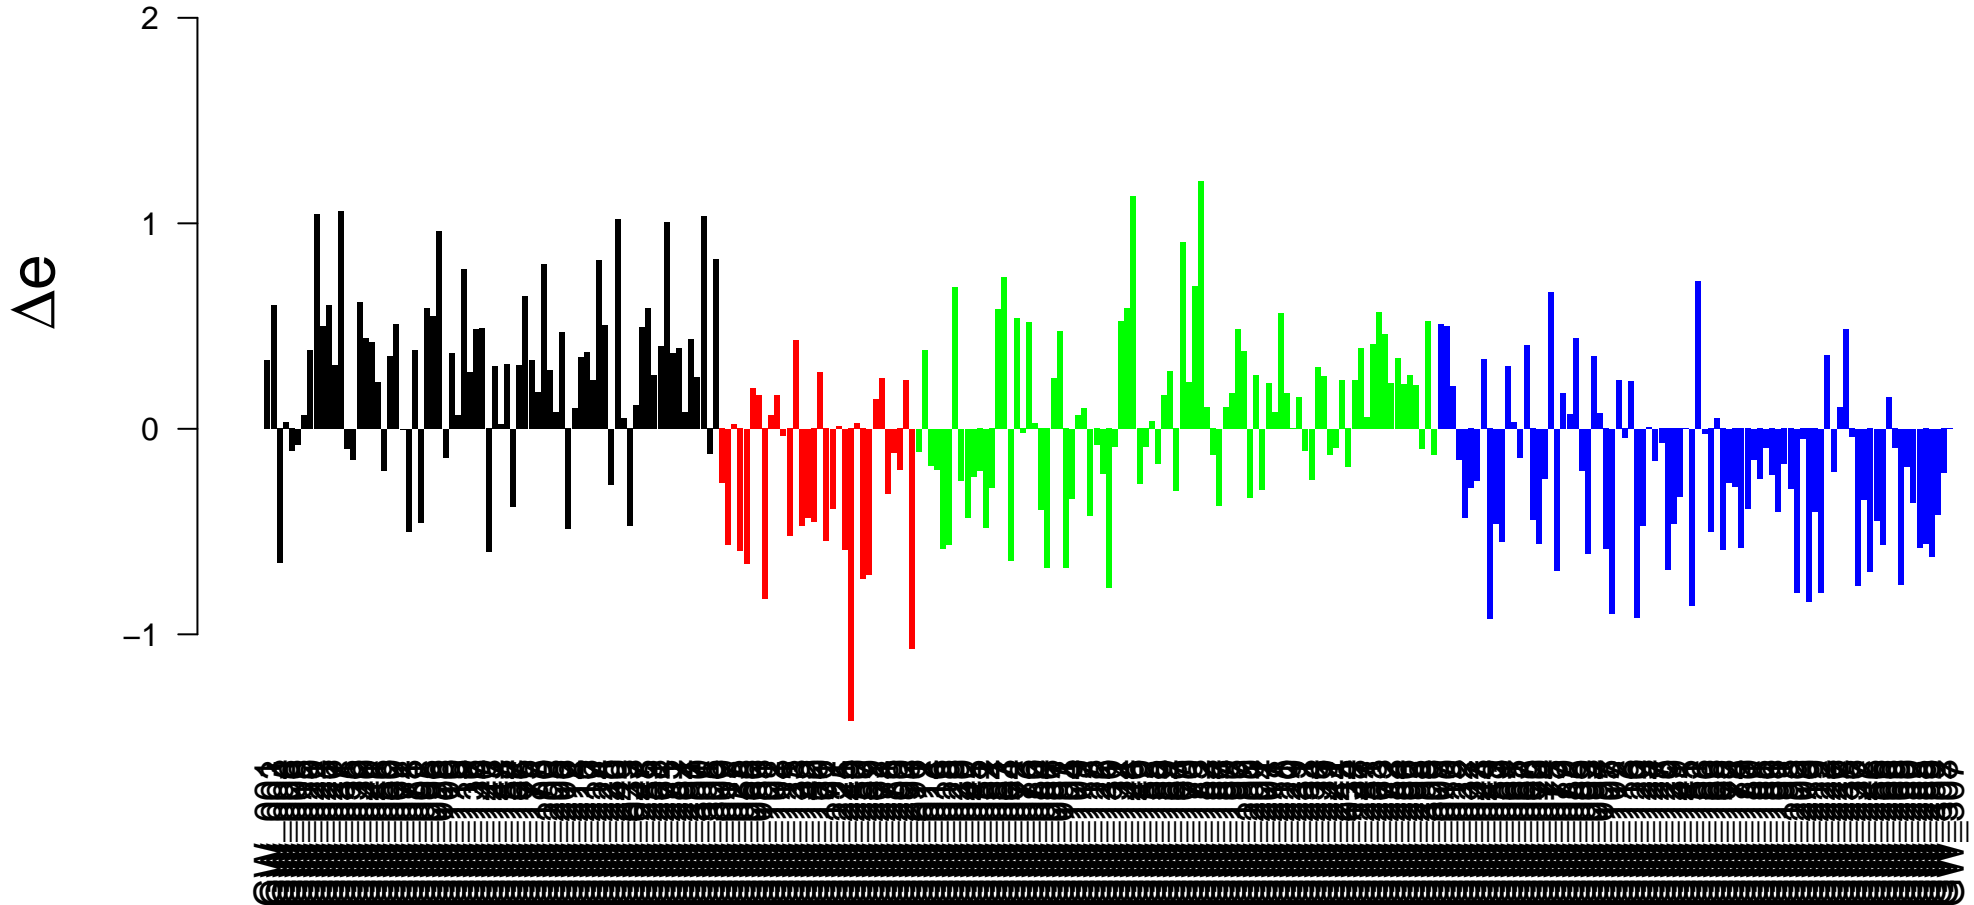

# Expression of response to lipopolysaccharide in Spot F

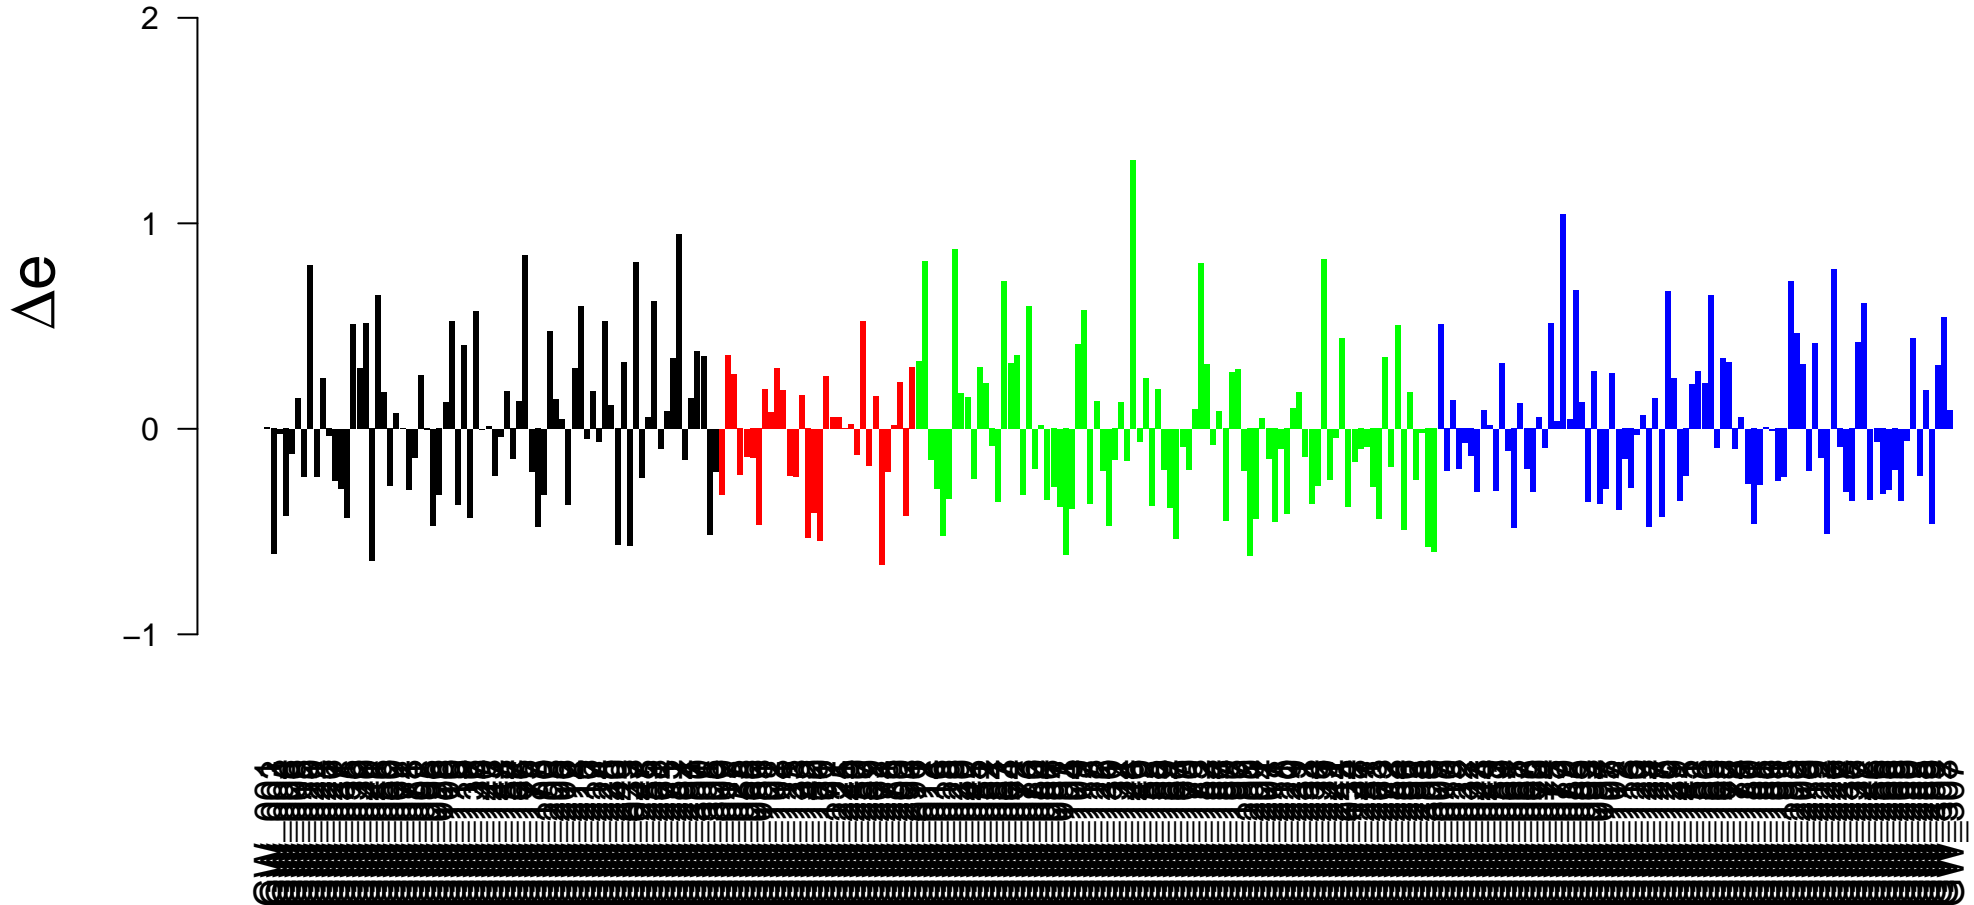

# Expression of response to lipopolysaccharide in Spot G

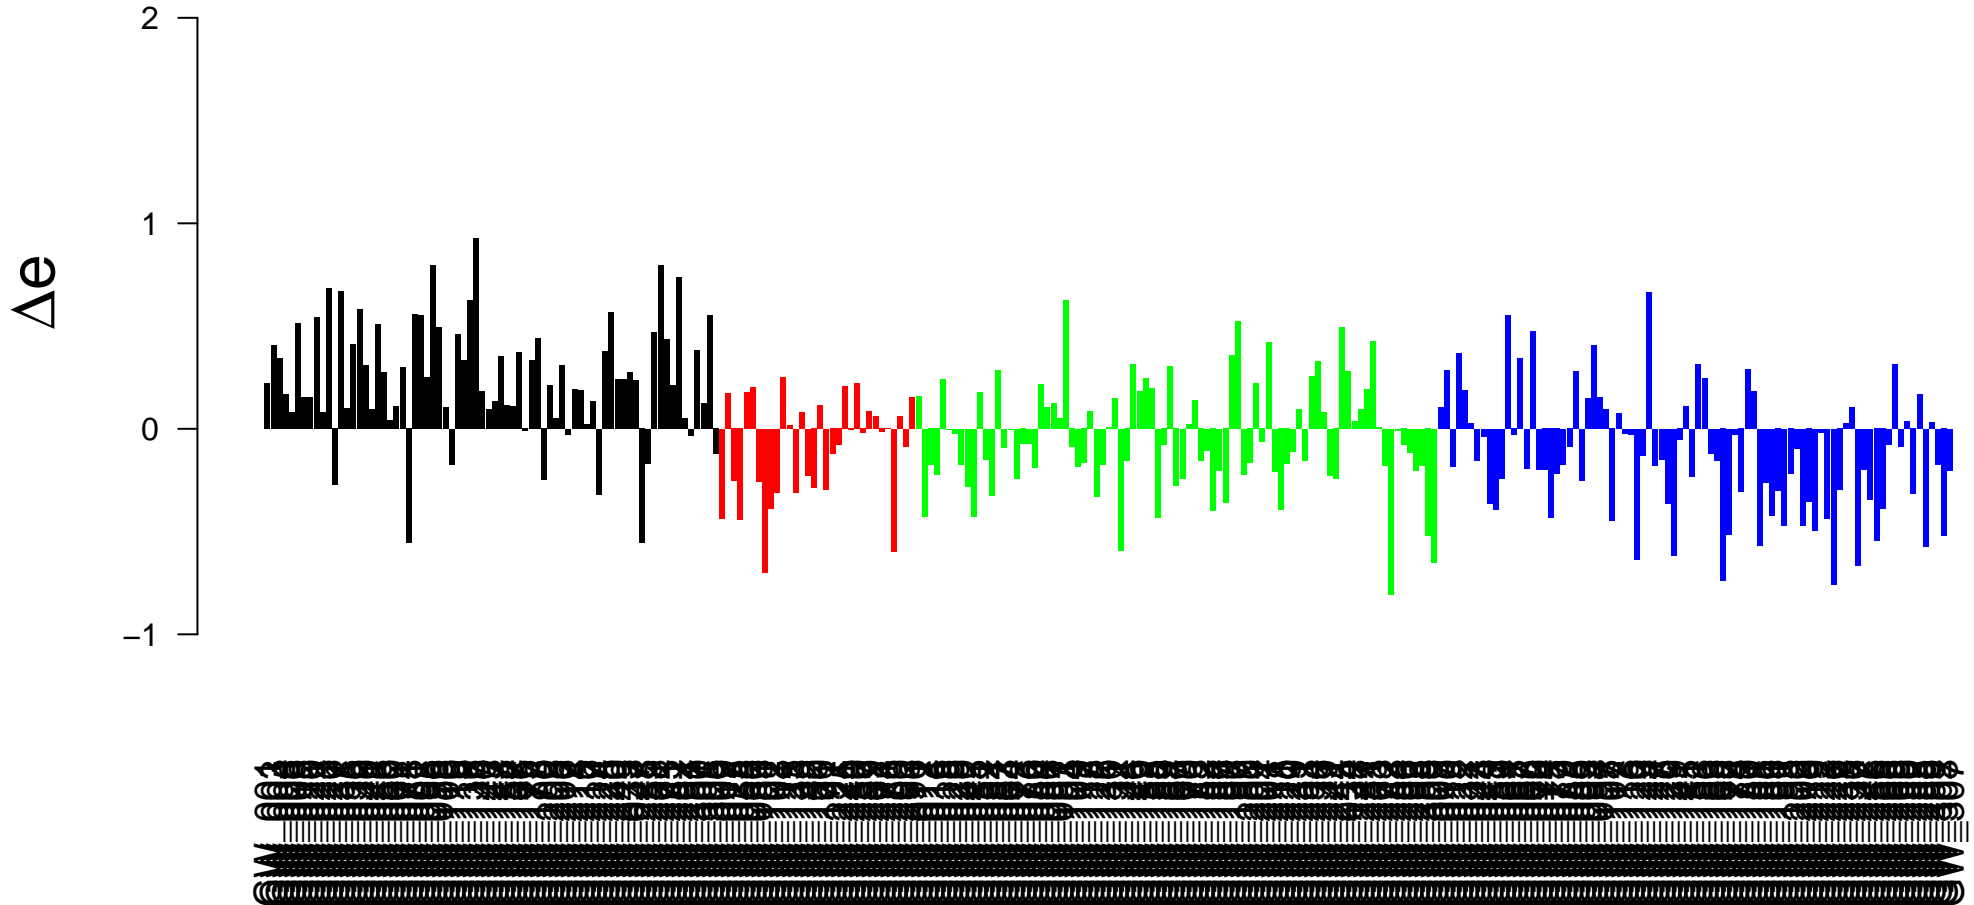

# Expression of response to lipopolysaccharide in Spot H

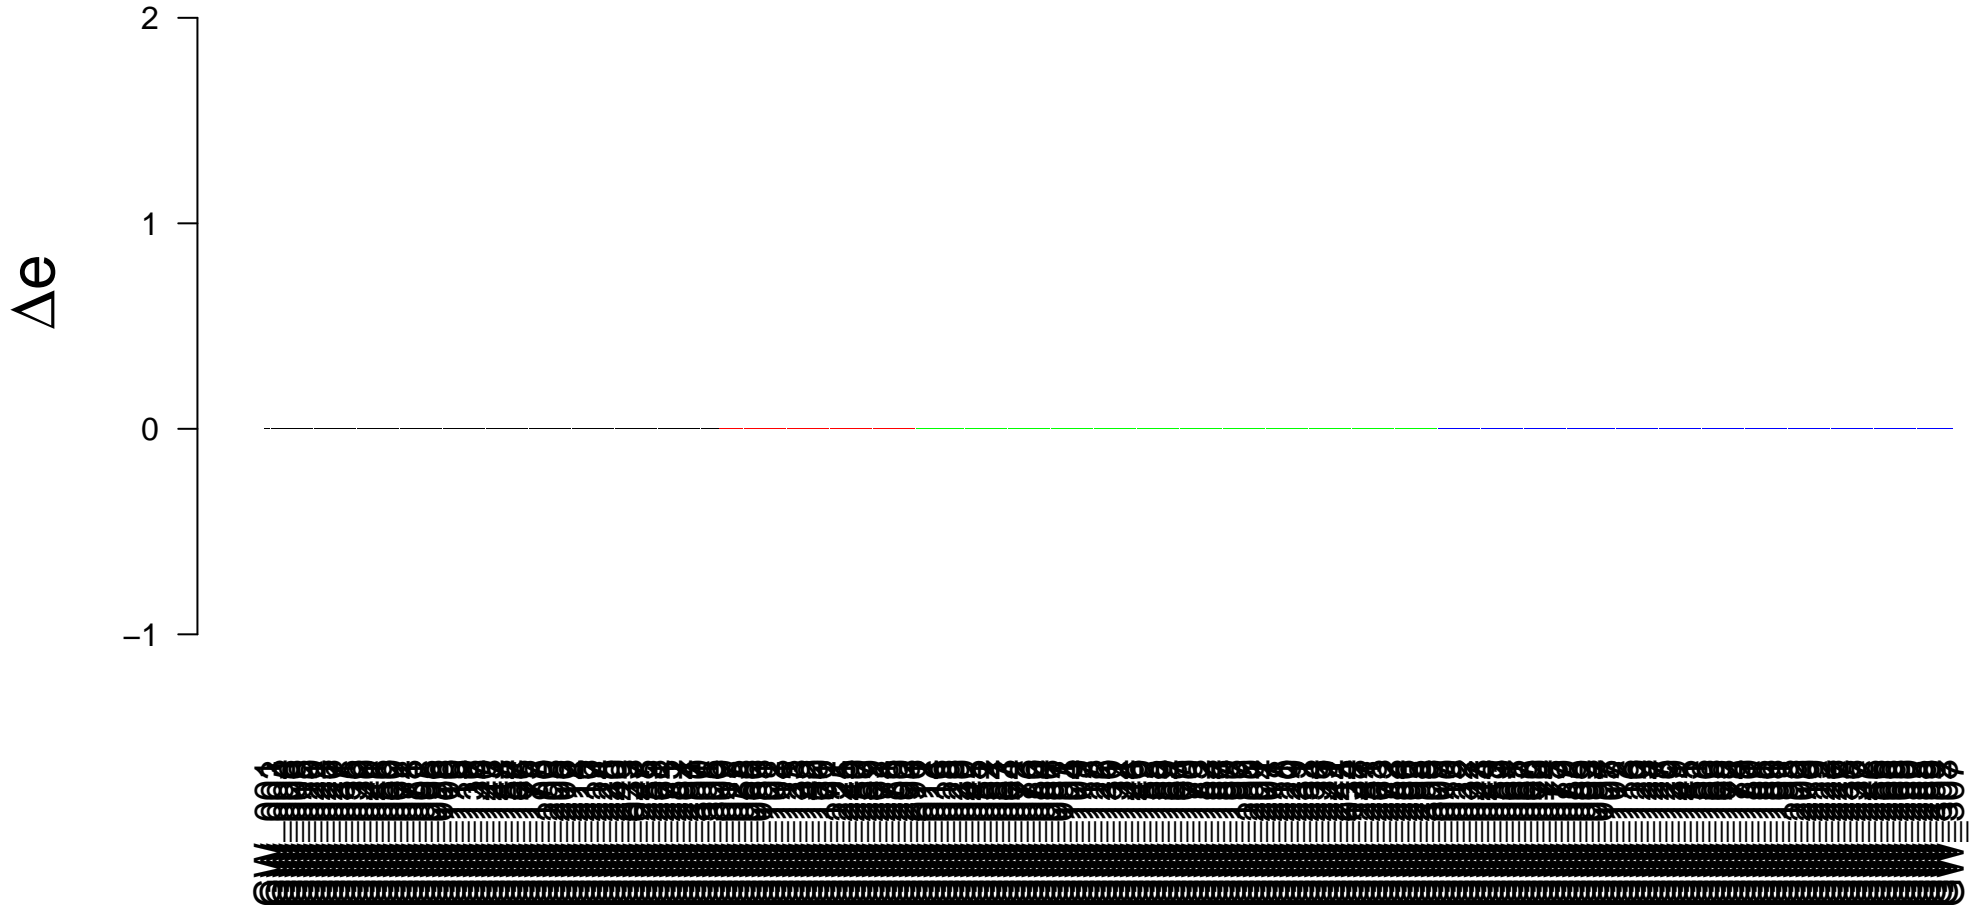

# Expression of response to lipopolysaccharide in Spot I

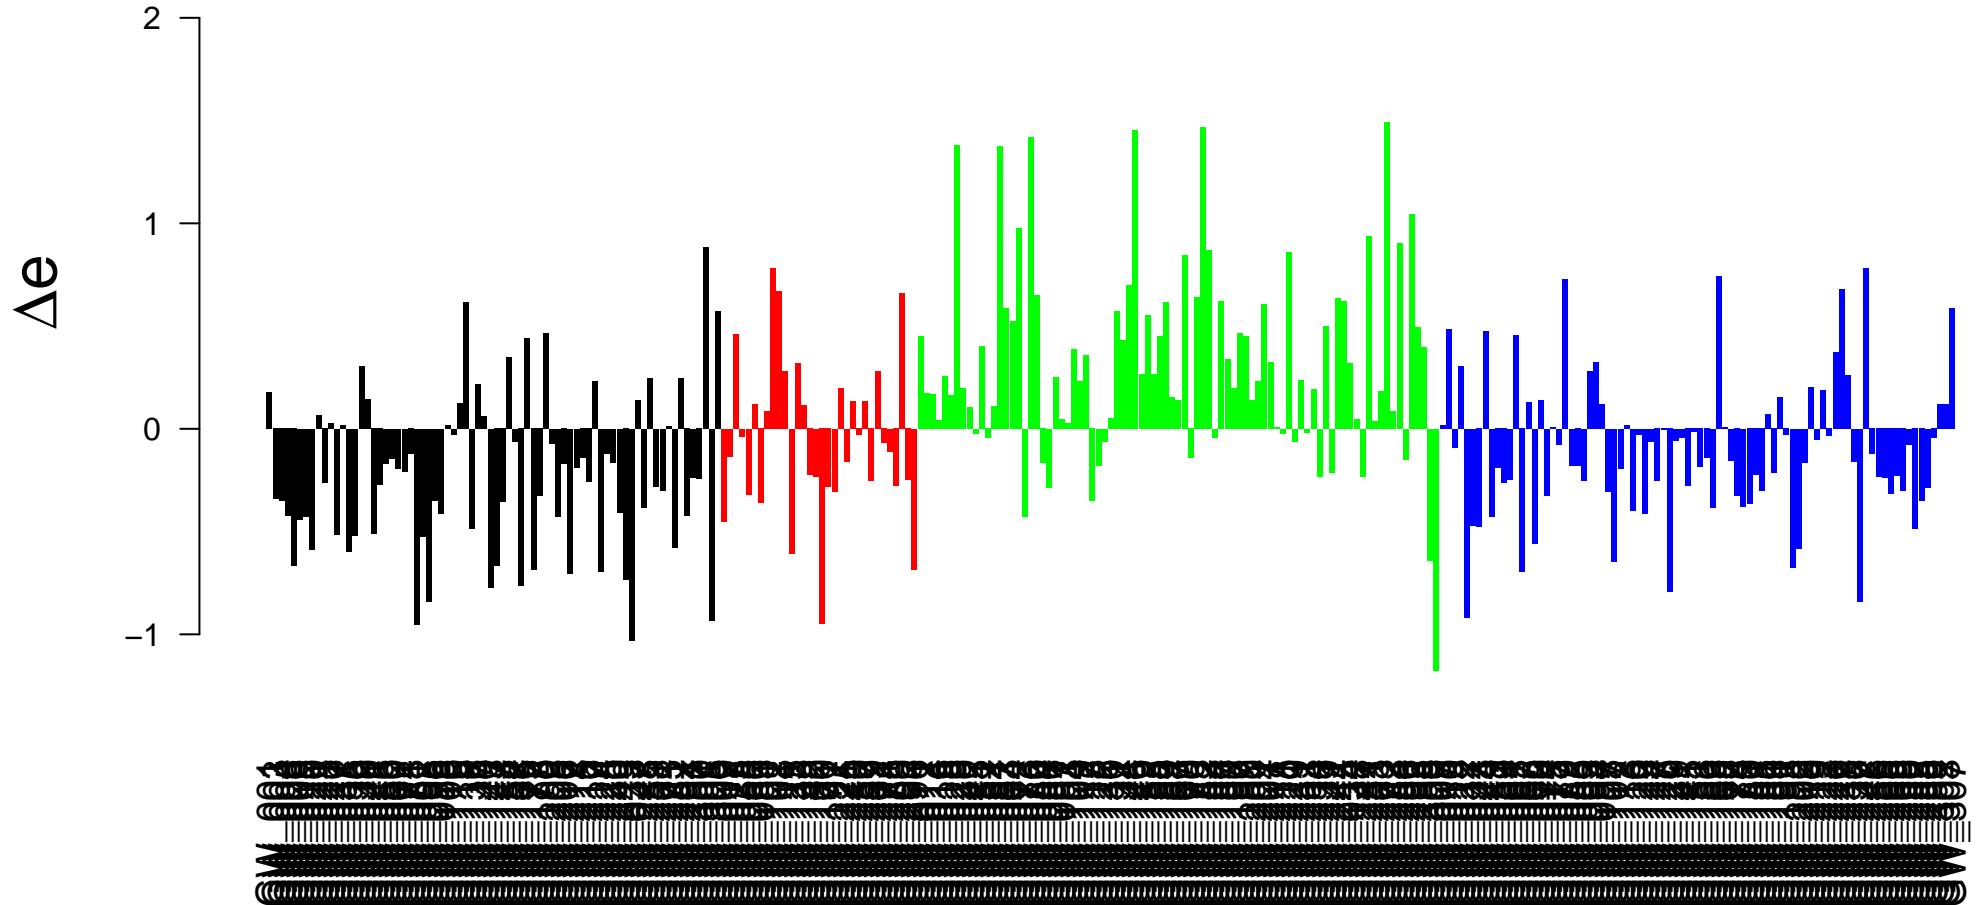

# Expression of response to lipopolysaccharide in Spot J

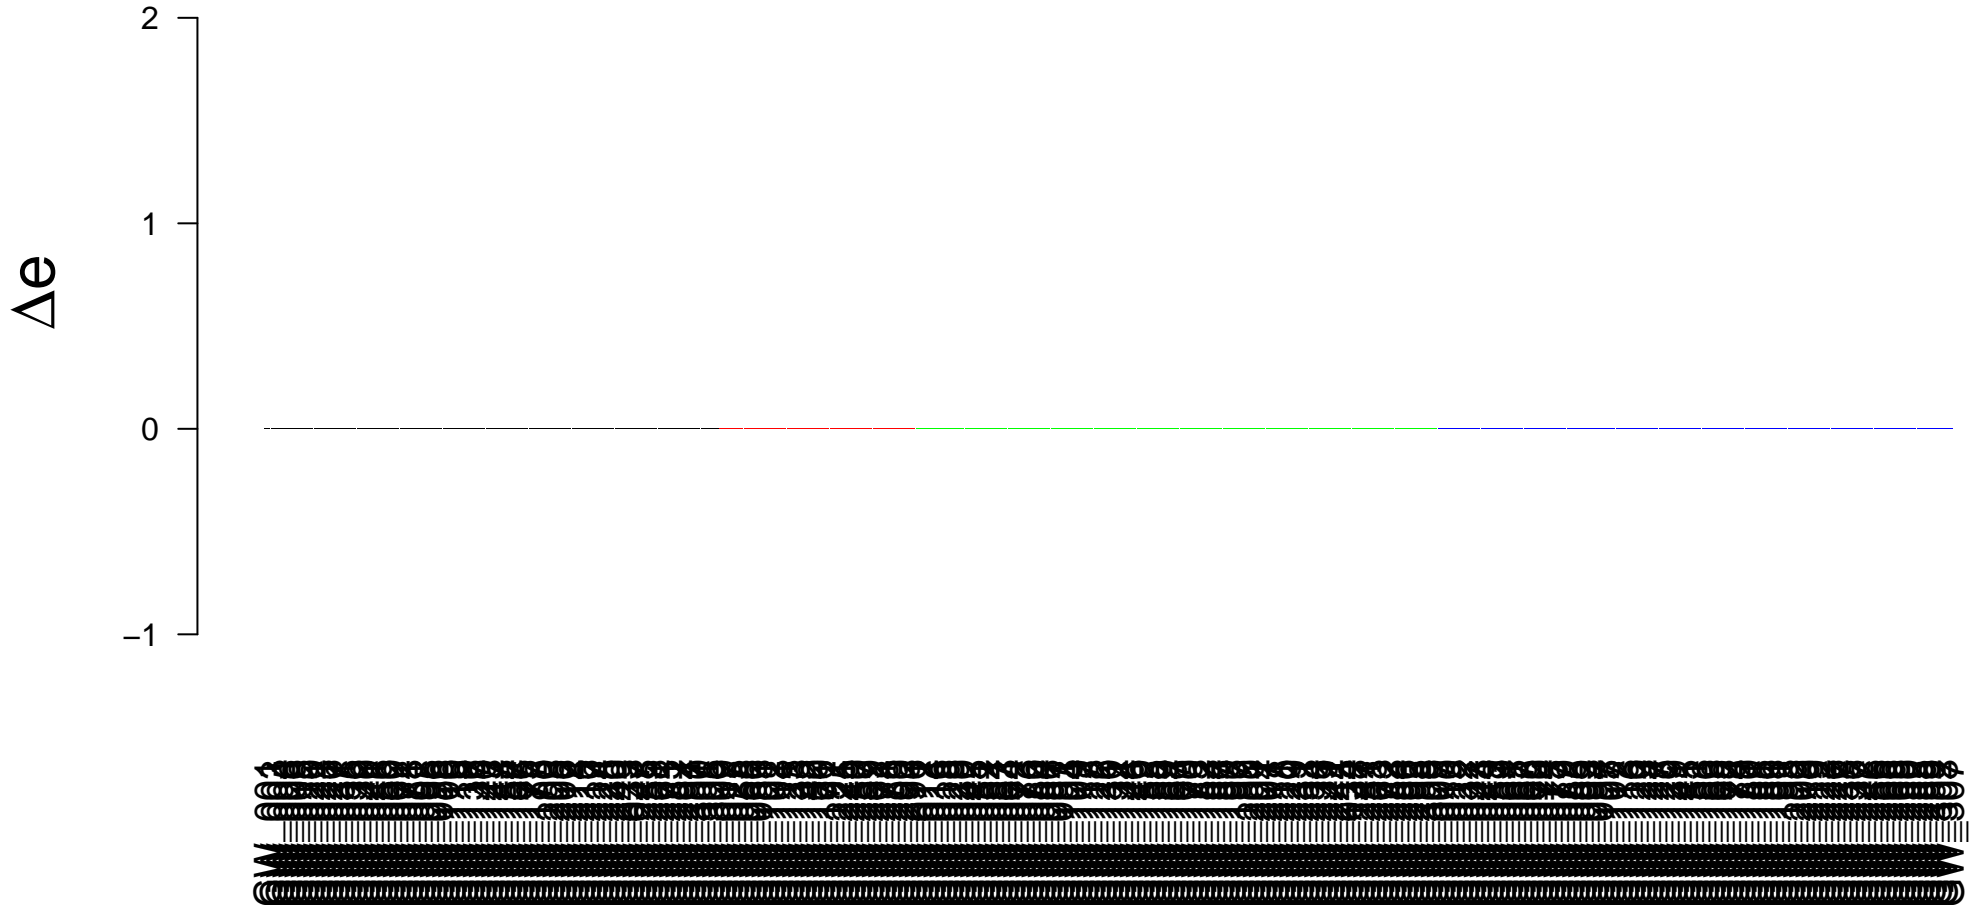

# Expression of response to lipopolysaccharide in Spot K

# Expression of response to lipopolysaccharide in Spot L

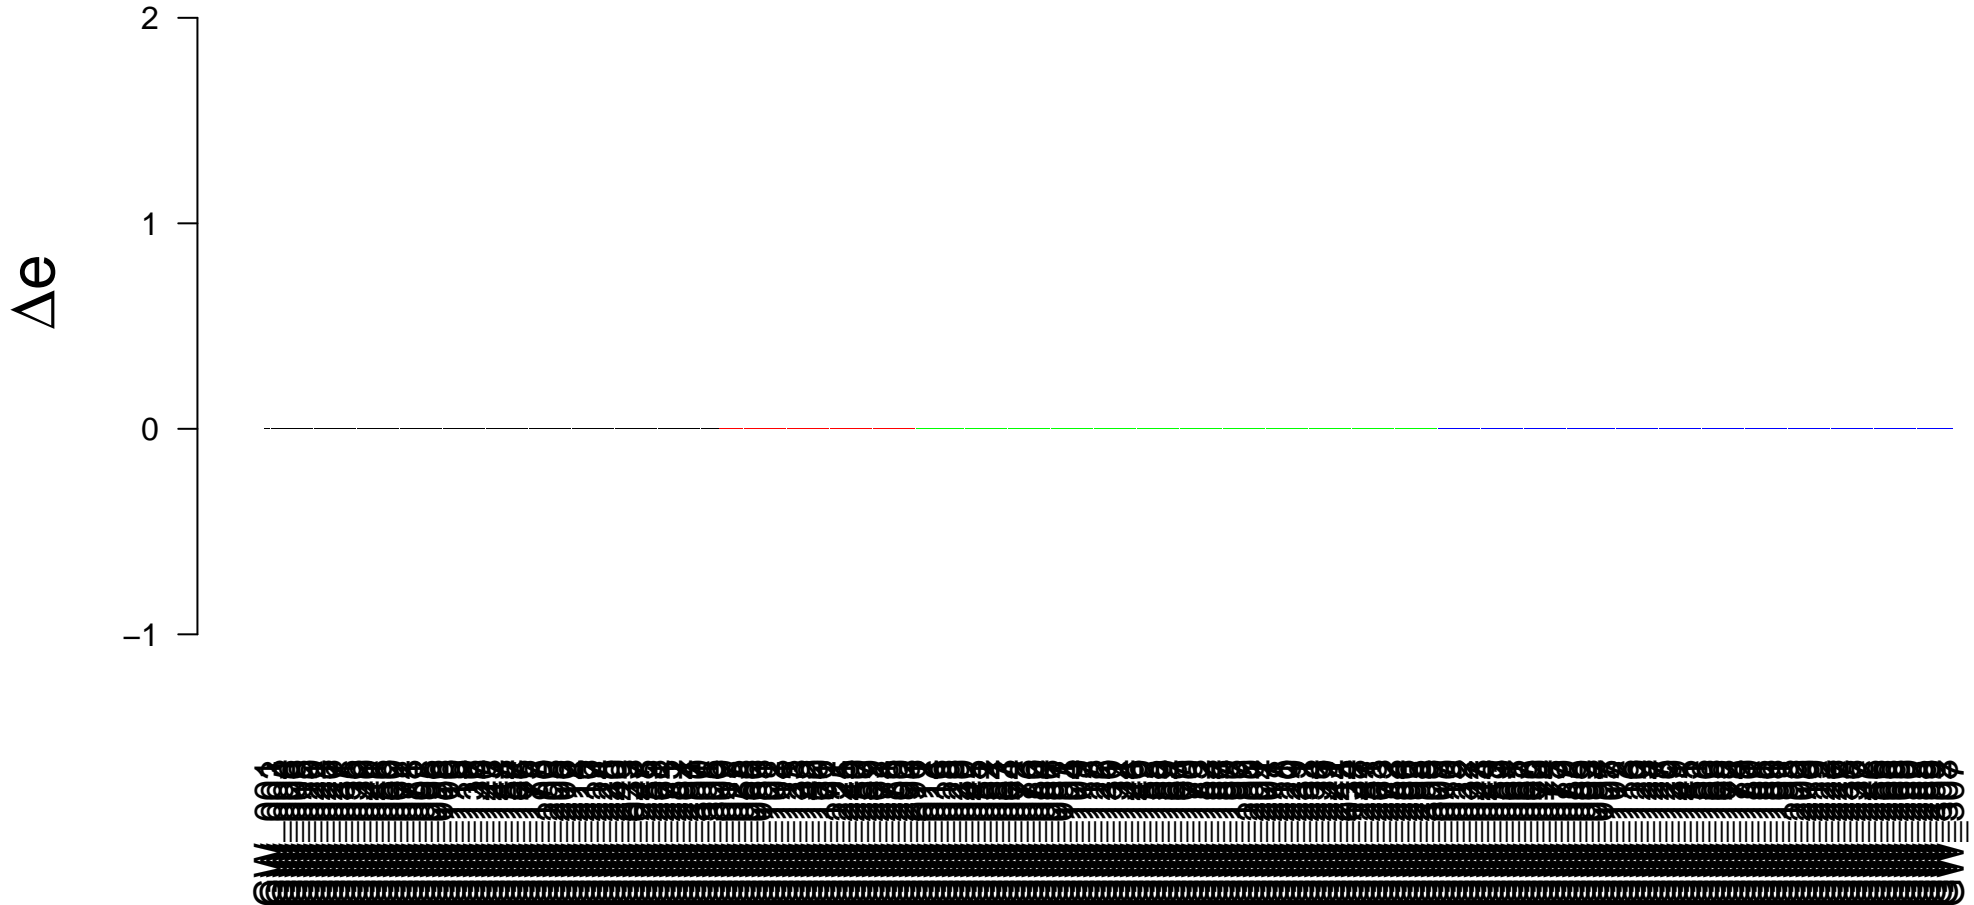

# Expression of response to lipopolysaccharide in Spot M

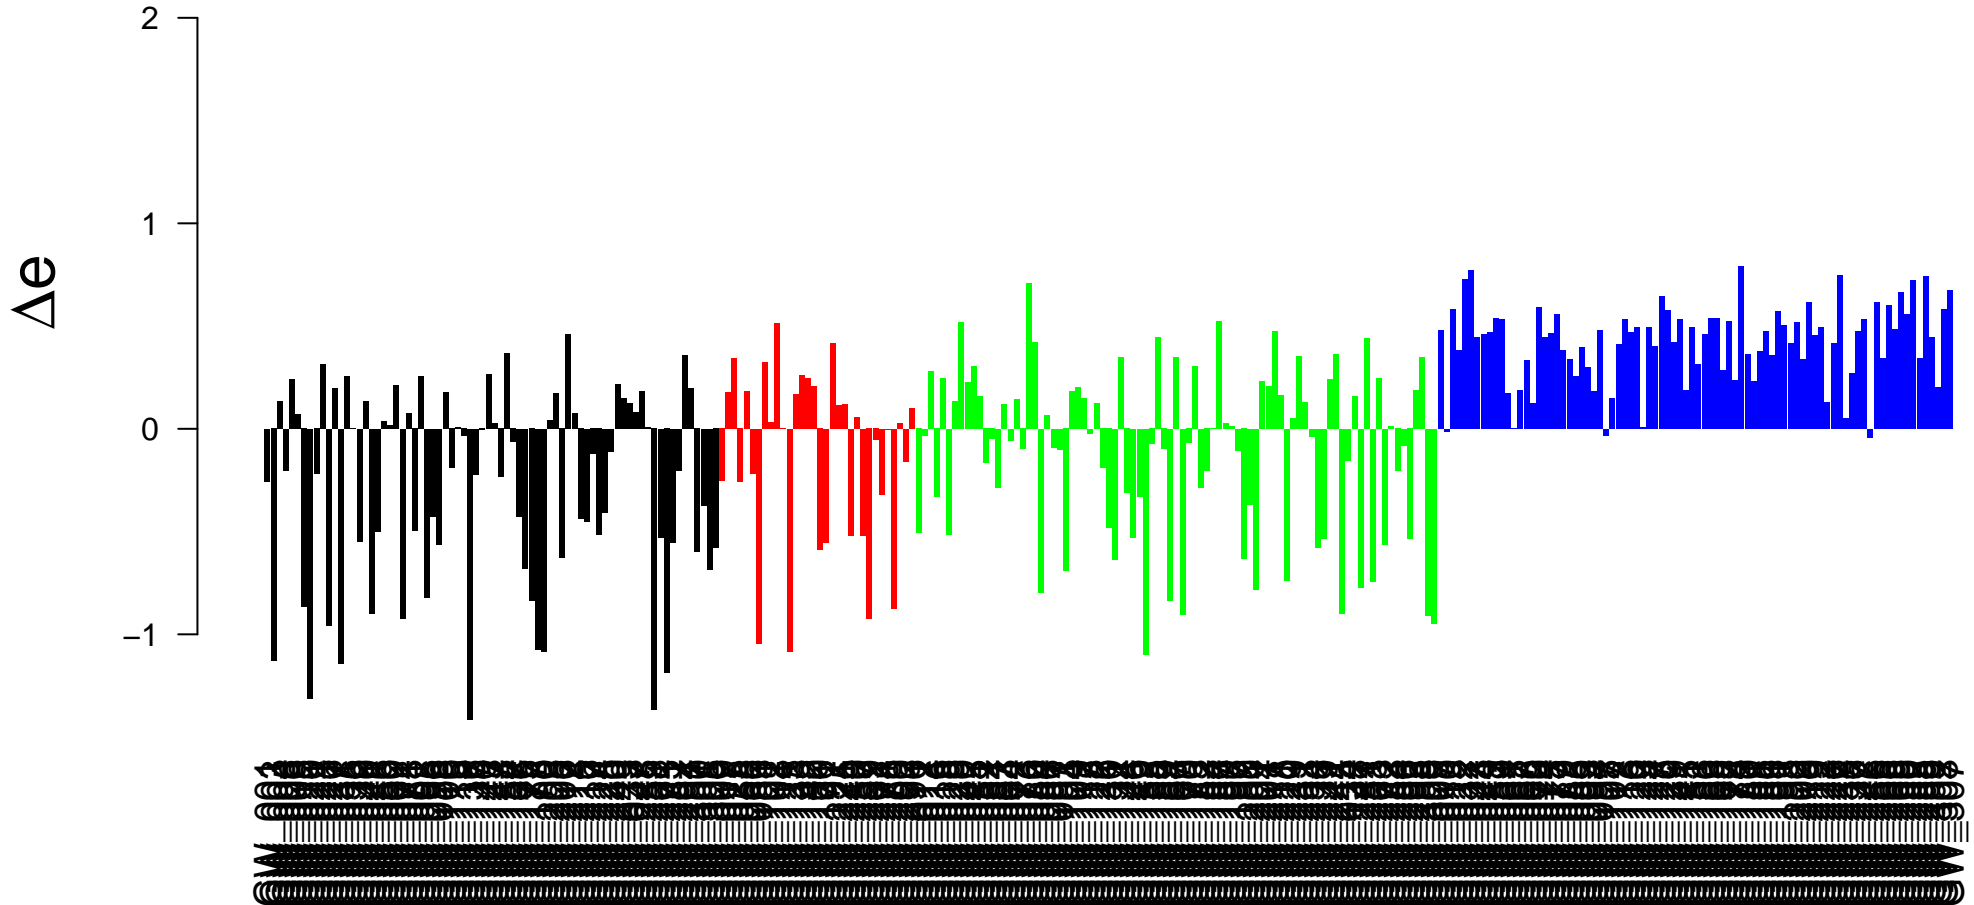

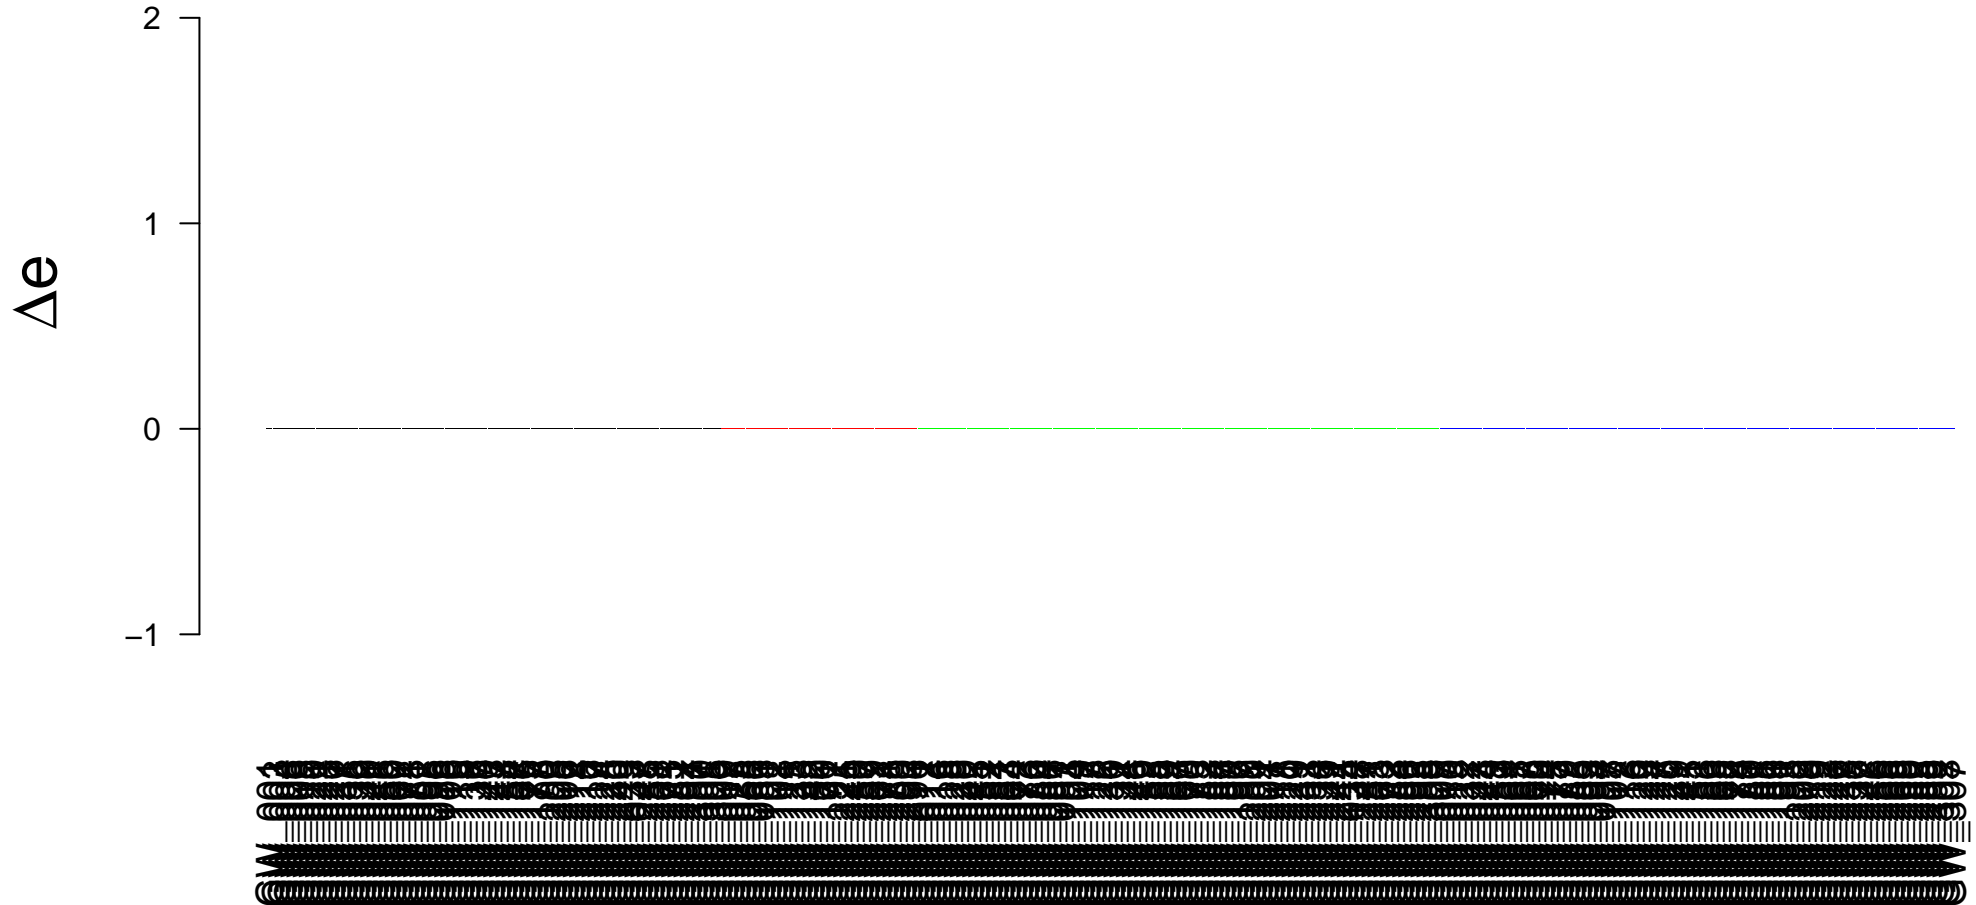

# Expression of response to lipopolysaccharide in Spot N

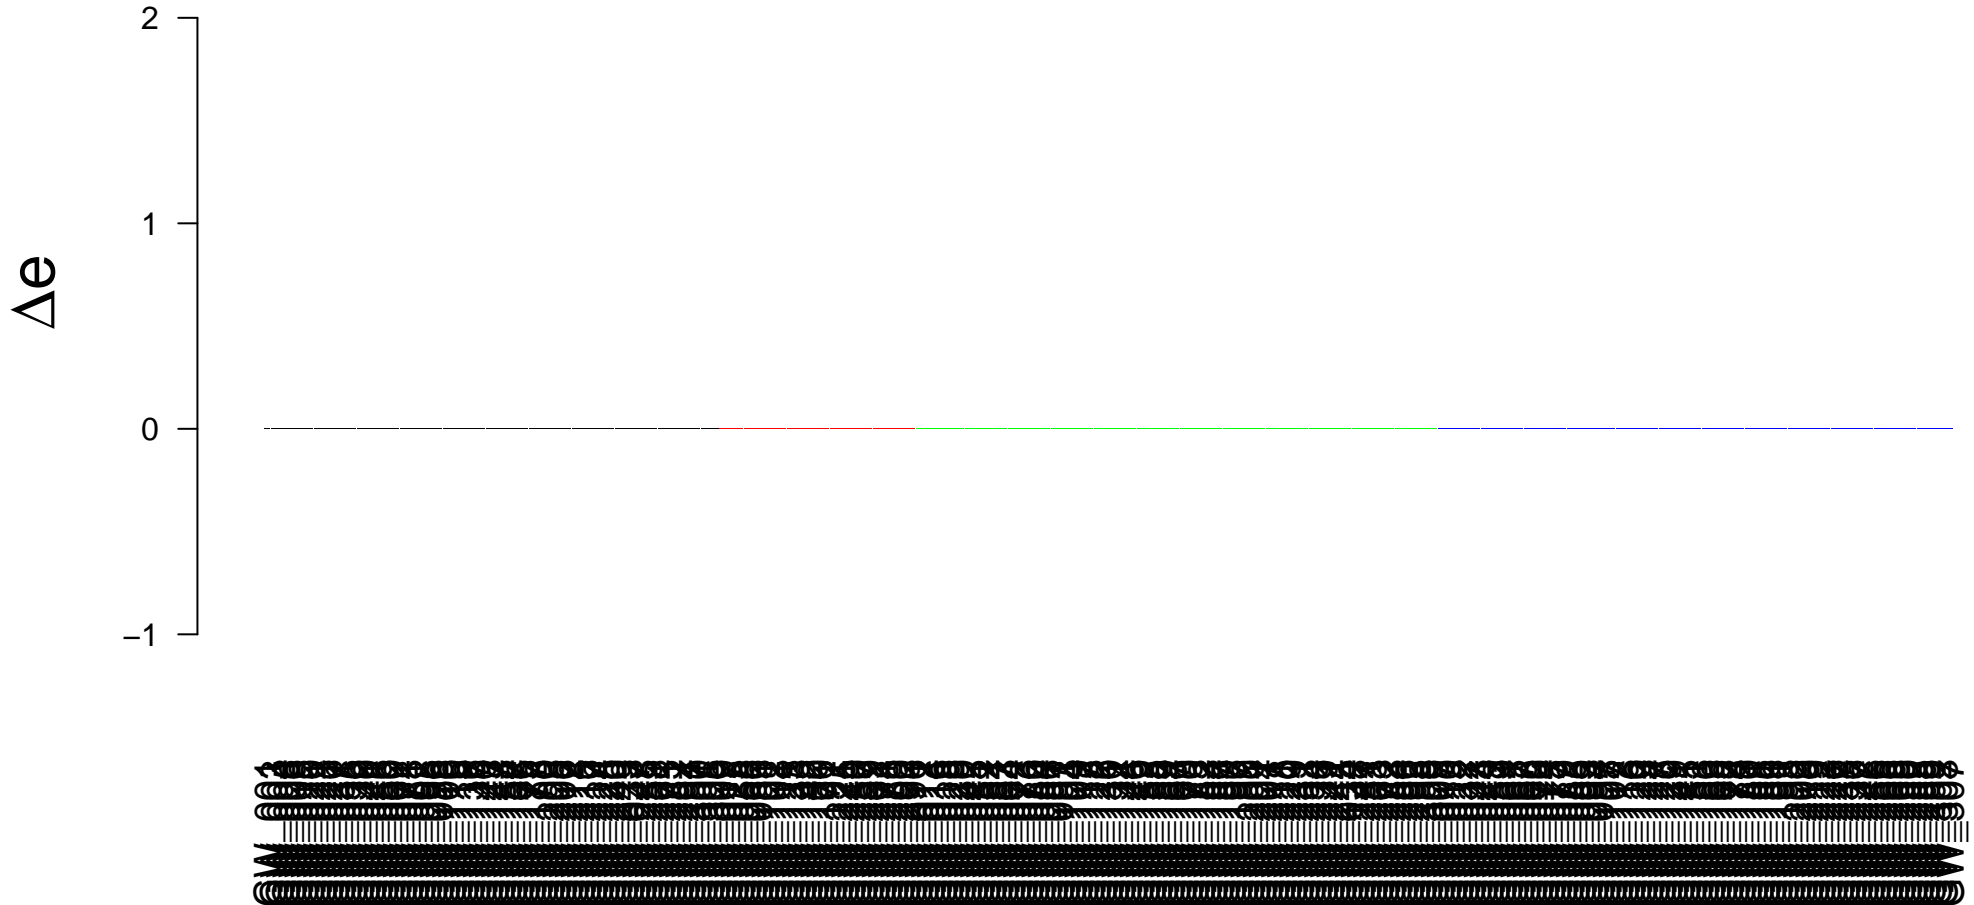

# Expression of response to lipopolysaccharide in Spot O

# Expression of response to lipopolysaccharide in Spot P

# Expression of response to lipopolysaccharide in Spot Q

# Expression of response to lipopolysaccharide in Spot R
